COLONEL S. L. BHATTIA, C.I.E., M.O., V.H.S., M.A., M.D. (Cantab), F.R.C.P. (Lond.), F.R.S. (E.), I.M.S.,
Surgeon-General with the Government of Madras

To

THE SECRETARY TO THE GOVERNMENT OF MADRAS,
EDUCATION AND PUBLIC HEALTH DEPARTMENT,
Madras.

Sir,

[Report—Civil Hospitals and Dispensaries of Modern Medicine—Annual Report 1946—Submitted.]

I have the honour to submit herewith the Annual Report on the working of the Civil Hospitals and Dispensaries in the Madras Presidency for the year 1946.

Major-General J. P. Huban, C.S.I., O.B.E., K.H.N., I.M.S., held charge of the department during the year under report.

2. *Indian Medical Service.*—A further batch of I.M.S. Officers, temporarily recalled to military duty during the period of war, reverted to civil appointment during the year.

3. *Madras Medical Service.*—As in the previous year, recruitment of candidates to the Madras Medical Service has been made on a temporary basis, pending the selection of candidates by the Public Service Commission for regular appointment.

The Government sanctioned the deputation of four officers of the Madras Medical Service for post-graduate study in the United Kingdom during the year in the following subjects:—

- (1) Pediatrics.
- (2) Ophthalmology.
- (3) Advanced studies in Pharmaceutics.
- (4) Advanced studies in Radiation Physics.

In addition, three officers of the Madras Medical Service were also deputed for overseas study in Orthopaedics, E.N.T. Diseases and Social Medicine under the Government of India Scheme, according to which a portion of the expenditure incurred on their deputation is met by the Government of India. In 1939, the private practice of all Medical Officers other than those who were entirely debarred from private practice, was restricted to consulting practice as defined in the Madras Medical Service Special Rules. But no compensation was granted to them for the loss in emoluments involved, consequent on the withdrawal of the concession of full private practice previously enjoyed by them. The question of granting them a compensatory allowance for restriction of private practice was considered by the Government and orders were issued during the year granting the following rates of compensatory allowance to the Medical Officers for restriction of private practice. The rates of compensatory allowance admissible to Medical Officers who are completely debarred from private practice were also enhanced.

Compensation allowance granted to Medical Officers who were entirely debarred from private practice.

	Old rate.	Revised rate now sanctioned.
Civil Surgeons (non-I.M.S.)	50	100
Civil Assistant Surgeons	30	80

Compensation allowance granted to Medical Officers whose private practice is restricted to consulting practice.

Civil Assistant Surgeons	Nil	50
--------------------------	-----	----

The post of Resident Medical Officer, Government General Hospital, Madras (in the grade of Civil Surgeons) which was reduced to the grade of Civil Assistant Surgeon during 1944, was restored to its original status with effect from 1st April 1946. A few other temporary additions to the cadres of Civil Surgeons, Civil Assistant Surgeons were also sanctioned during the year.

4. *Sub-Assistant Surgeons.*—Out of 43 Sub-Assistant Surgeons who proceeded on military duty, 42 have reverted to civil. Those who held the King's Commissions in the Army have been promoted as temporary Civil Assistant Surgeons in the Madras Medical Service, on return from military duty. There were 129 temporary Sub-Assistant Surgeons (Men) and 27 temporary Women Sub-Assistant Surgeons at the close of the year under report. Five additional posts of male Sub-Assistant Surgeons and nine additional posts of Women Sub-Assistant Surgeons were sanctioned during the year. Four posts of male Sub-Assistant Surgeons were converted into those of Women Sub-Assistant Surgeons. The cadre strength of male Sub-Assistant Surgeons was 410 and that of Women Sub-Assistant Surgeons 94, at the close of the year.

As the difficulty in getting candidates (both men and women) for appointment as temporary Sub-Assistant Surgeons in the department, continued to remain throughout the year, the concession of the grant of higher initial pay of Rs. 102-8-0 per mensem for licentiates and Rs. 180 per mensem for medical graduates was continued, while the consolidated pay of Rs. 240 per mensem sanctioned for temporary Sub-Assistant Surgeons posted to the island dispensaries also continued to remain in force till the close of the year.

5. *House Physicians and House Surgeons.*—Some of the Medical Officers who proceeded on military duty have not had sufficient opportunities for clinical duties before taking up such duty. In order to afford them facilities for clinical practice, the Government have sanctioned 23 additional posts of Paid House Physicians and House Surgeons for a period of one year in the following Government Hospitals as the existing paid appointments were not sufficient to provide for all of them and also for all the newly passed out candidates with house appointments:—

(1) Government General Hospital, Madras	6
(2) Government Stanley Hospital, Madras	4
(3) King George Hospital, Vizagapatam	10
(4) Government Hospital for Women and Children, Madras	3
	23

Owing to abnormal rise in the prices of foodstuffs, etc., the subsistence allowance of Rs. 35 per mensem paid to House Surgeons has been increased to Rs. 50 per mensem in addition to a special allowance of Rs. 18 per mensem. The existing rates of House Allowance for those who are not provided with free quarters (viz.) Rs. 15 per mensem in the City and Rs. 10 per mensem in Vizagapatam are also being continued.

The appointments of unpaid House Surgeons and House Physicians in the following hospitals have also been increased with a view to afford facilities for the training of newly passed Medical Graduates

- (1) Government General Hospital
- (2) Government Headquarter

batare.

(8) Government Victoria Caste and Gosha Hospital, Madras.

One post of Mid House Surgeon was also sanctioned for the Government Headquarters Hospital, Cocanada, temporarily for a period of two years.

6. *Honorary Medical Officers.*—During the year under report, one Honorary Medical Officer retired, one resigned, four new Honorary Medical Officers were appointed and three Honorary Medical Officers who were on military duty rejoined Honorary appointments on demobilization. Two retired Civil Surgeons who were appointed as Honorary Consultant Surgeons and Physicians died during the year and four retired Civil Surgeons were appointed as Honorary Consultants. Five Honorary Assistant Medical Officers resigned and 18 Honorary Assistant Medical Officers were appointed during the year. There were 31 Honorary Surgeons and Physicians and 165 Honorary Assistant Medical Officers working in the Government Hospitals in this Presidency during the year 1946.

The posts of Honorary Anaesthetists in the Government General Hospital, Madras, and in the King George Hospital, Vizagapatam, have been abolished and paid posts of Assistant Surgeons have been created in their places.

The Honorary Medical Officers and Honorary Assistant Medical Officers attached to the teaching hospitals who were doing teaching work in connexion with the beds in their charge and who were in sub-charge of the beds have been designated as Honorary Clinical Lecturers and Honorary Clinical Tutors.

Owing to the termination of the war, a large number of qualified medical men is now available and with a view to utilizing the services of experienced doctors available in the private medical profession, the scheme for the employment of Honorary Medical Officers is being re-organized and a committee has been appointed to revise and bring up to date the rules regulating the appointment and conditions of service of Honorary Medical Officers in Government Medical Institutions.

7. *Medical education.*—At the beginning of the year, there were three Medical Colleges maintained by Government two in the City of Madras and one at Vizagapatam. Two more new Medical Colleges have been started at Guntur and Madura. Students of the Madura Medical College, however, undergo their course of studies in the Stanley Medical College for the time being pending completion of buildings required for the establishment of the new Medical College at Madura, while the students of the Guntur Medical College were admitted in the Andhra Christian College, Guntur, for their pre-registration course of study. The Missionary Medical College for Women at Vellore continued to get a capitation grant from the Government. The arrangement by which medical licentiates are given facilities to qualify themselves for the M.B.B.S. degree continued to remain operative during the year under report. The levy of fees at half the prescribed rates in the case of women students has not in any way affected the number of women applicants for admission to the Medical Colleges. The percentage of passes in all Medical Colleges were satisfactory. The University of Madras has instituted a diploma course in tuberculosis and the first batch of students has already joined the course.

8. *Nursing staff.*—During the year under report, the Government sanctioned the employment of additional nursing staff to certain Government medical institutions in the Province. The posts of Matrons, II Grade, in the Government Stanley Hospital, Madras, and in the King George Hospital, Vizagapatam, were converted into posts of Matrons, I Grade, during the year under report. The Government sanctioned the scheme for the employment of 10 per cent of the sanctioned posts of Matrons (grades I to III), Sister Tutors, Ward Sisters, Staff Nurses and Pupil Nurses to be deputed for post-graduate training in the Kingdom for a period of one

year and one private candidate was also deputed to the same country to undergo general Nursing training for a period of four years.

The Government sanctioned the deputation of some members of the nursing staff to attend the conference of the Trained Nurses Association of India held at Ootacamund. The Department participated in the All-India Khadi and Swadesi Exhibition to exhibit the nursing work done in hospitals, with the approval of the Government.

9. *Leprosy.*—The Madras Provincial Branch of British Empire Leprosy Association has hitherto been in charge of the leprosy work in this Province. During the year under report, the Government constituted an *Ad Hoc* Committee, composed of certain officials and non-officials as its members (with the Hon'ble Minister for Public Health and Medicine as its Chairman) to examine and report on the present position and the further steps to be taken in the matter of leprosy treatment and prevention in this Presidency with reference to the Post-War Reconstruction Schemes and the Bhor Committee's recommendations. The Silver Jubilee Children's Leprosy Clinic at Saidapet which was maintained by the British Empire Leprosy Relief Association was taken over by Government during the year under report. The question of taking over the management of the Lady Willingdon Leprosy Sanatorium at Tirumani is now under the consideration of Government. A scheme has also been sanctioned by the Government for the free post-graduate training of Rural Medical Practitioners in Leprosy at the Lady Willingdon Leprosy Sanatorium, Chingleput.

10. *Venereal.*—During the year, 13,101 new cases were examined and treated in the Venereal Department of the Government General Hospital, Madras, of which 9,644 were males and the rest were women and children. Thirty-five seamen were given ambulatory treatment in the clinic. Five male doctors were trained in the department during the year under review.

11. *Buildings.*—The construction of new Hospital buildings at Calicut, Tuticorin and Trichinopoly, Nurses' quarters at Vizagapatam and Palamcottah and extensions to the Pathology Block in the Andhra Medical College are in progress. The construction of Anatomy, Physiology and Pharmacology Block in the Stanley Medical College has been taken on hand. The Central Preliminary Training School for pupil nurses in the Madras City and the Yellow Fever Vaccine Block in the King Institute, Guindy, have been completed. The following new schemes have been sanctioned by Government:—

- (1) Construction of the Headquarters Hospitals, Ootacamund, Ellore and Ramnad.
- (2) Construction of additional buildings in the Government Tuberculosis Sanatorium, Tambaram.

The Government have under consideration the question of revising the existing building programme relating to medical schemes. In view of the simultaneous development of medical relief in various branches, they have decided that the programme of medical buildings should be prepared under each of the following categories:—

- (1) Scheme relating to the expansion of medical education;
- (2) Schemes relating to the improvement of teaching institutions contemplated under Post-War Scheme No. 39;
- (3) Schemes for the provision of quarters for members of the nursing staff;
- (4) Schemes for the establishment of village dispensaries (primary centres);
- (5) Schemes for improvements to or reconstruction of Taluk Headquarters Hospitals;
- (6) Schemes for improvements to or reconstruction of District Headquarters Hospitals;
- (7) Schemes for the construction of Tuberculosis institutions;
- (8) Scheme for the construction of buildings for Leprosy treatment;

CIVIL HOSPITALS AND DISPENSARIES

(9) Schemes for the development of King Institute, Guindy;

(10) Other Building Schemes;

Under each category there will be four lists, namely—

- (i) Schemes under execution;
- (ii) Schemes for which plans and estimates have been prepared and sanctioned;
- (iii) Schemes for which plans and estimates are pending sanction; and
- (iv) other Schemes which have to be taken up.

A building programme has been prepared in accordance with the above decision and submitted to Government for orders.

12. *Subsidized Rural Medical Scheme.*—The total number of subsidized rural dispensaries working in this Province at the close of the year was 299. Two subsidized rural dispensaries were converted into regular dispensaries during the year under report. The Government have decided that subsidized rural dispensaries under the existing Rural Medical Relief Scheme should be taken to be altogether outside the planned programme of the Post-war Proposals and that local bodies be allowed to continue to open rural dispensaries under the existing scheme in areas where the need for the establishment of such dispensaries exists at present.

Post-war Scheme No. 99 relating to "Expansion of Medical Relief" contemplates provincialization of all the existing Local Fund and Municipal Medical Institutions in order to retain administration in the hands of the State. In view of this, the question of provincialization of Rural Dispensaries in the Province was examined in detail, but in view of the heavy financial commitment involved in the scheme, the proposal was left over for consideration at a later date.

13. *Provincialization of hospitals.*—The Local Fund Medical Institutions at Ambasamundram, Bapatla, Tekkali and Siruguppa and the municipal dispensary at Rajapalayam were taken over under the management of the Government from the local bodies concerned with effect from 1st May 1946.

14. *Blood Transfusion Service.*—The Government have decided to reorganize the Blood Transfusion Service in this Province on a peace-time basis in view of its importance in modern treatment. They have sanctioned a sum of Rs. 41,450 for the purchase of hospital necessities, equipment, etc., required in this connection. There are two Blood Banks functioning in the Madras City, one at the Government General Hospital, and the other at the Government Stanley Hospital, Madras, with wholtime Medical Officers, Nursing Staff, etc., to accept donations from the public. The blood collected is utilized for the treatment of patients in the various City State Hospitals. In addition to the above, there are Blood Banks at Vizagapatam, Madura, Trichinopoly, Coimbatore, Cochin, Calicut and Cocanada; and the Provincial Blood Transfusion Officer co-ordinates the working of the various Blood Banks in the Province. The Government have sanctioned a motor transport with a Refrigerator to the Mobile Blood Bank Team at the King Institute, Guindy. All the Blood Banks possess Refrigerators. The King Institute, Guindy, has, in addition to a Refrigerator, an Air-Conditioned Room where Plasma is processed and a cold storage where plasma is stored.

15. *Tuberculosis.*—The total number of patients treated for tuberculosis (tuberculosis of lung and other tubercular disease) in all the medical institutions of the Province was 85,854 during the year under report as against 86,407 in the Province. The deaths were 1,411 as compared to 1397 in the year 1945.

The total number of patients treated in the Government Tuberculosis Institute, Egmore, Madras, in the year 1946 was 12,517 as against 11,752 in the year 1945. The daily average attendance was 171.81 in the year under report as against 166.95 in the previous year. The total number of patients treated in the Tuberculosis Hospital, Madras, during the year 1946 was 431 as against 468 in the year 1945. The daily average attendance was 85.28 as against 72.91 in the year 1945.

Twelve students of the T.D.D. Course attended the Tuberculosis Institute, Egmore, Madras, for a course of clinical work in Tuberculosis during the year under review. Twenty-five students of the Health Visitors Diploma Course also attended the Institute during the year 1946.

16. *Hospitals and dispensaries.—Statement A—Classification of Institutions.*—The hospitals and dispensaries in this Province are divided into following categories.—
Class I.—State Public.
Class II.—State Special Institutions—Police, Forest and others.

Class III.—Local Fund and Municipal.

Class IV.—Private Aided Institutions.

Class V.—Private Non-Aided Institutions.

Class VI.—Railways.

Class VII.—Subsidized Rural Dispensaries.

At the commencement of the year 1946, there were 1,187 Medical Institutions in this Province and 1,189 at the end of the year. Of the number of medical institutions opened during the year, six were State Public, three State Special Others, five Local and Municipal Funds, one Private Aided, two Private Non-aided and fifteen Subsidized Rural Dispensaries. At the beginning of the year, the number of State Public and State Special institutions were 189 and 88, respectively; whereas at the end of the year under review, there were 192 and 33, respectively. The number of Local Fund and Municipal Medical Institutions at the close of the year was 465 as compared to 464 at the commencement of the year 1946.

Statement B—Distribution of medical personnel.—The number of I.M.S. and I.M.D. Officers in this Province during the year 1946 was 23. The number of Salaried Graduates (Civil Surgeons and Civil Assistant Surgeons) and Salaried Licentiates (Sub-Assistant Surgeons) during the year was 377 and 1,189, respectively. The number of European and Anglo-Indian Nurses, Indian Nurses, Midwives, Dhais and Compounders during the year was 244, 861, 1,055, 59 and 1,298, respectively.

Statement C—Number of in and out-door patients treated in the State Public, Local Fund, Private Aided and Subsidized Rural Dispensaries—Beds.—The total number of beds available in medical institutions of all classes for both sexes in the year 1946 was 15,640 as compared to 14,467 in 1945. The total number of beds for women alone was 7,341 as against 6,733 in 1945.

In-patients.—The number of indoor patients treated during the year was 454,240 as compared to 424,255 in the previous year.

Out-patients.—The total number of out-patients treated in all hospitals and dispensaries in the Province during the year under report was 17,240,422 (7,777,481 males, 4,935,424 females and 4,527,517 children) as compared to 17,521,334 (7,910,790 males, 4,862,918 females and 4,747,626 children) in 1945.

Deaths.—The number of deaths during the year under report was 18,663 as against 19,214 in 1945. The percentage of deaths to the total number of in-patients treated was 4.1 as against 4.53 in 1945.

Daily average.—The daily average number of in-patients treated during the year under report was 18,412.6 as compared to 17,883.78 in the previous year. The daily average out-door patients treated in all the Medical Institutions during the year 1946 was 122,909.5 as against 122,735.83 in 1945.

Statement D—Various kinds of diseases, etc., of the in-door and out-door patients treated in all classes of medical institutions.—Among the various diseases treated in all classes of hospitals and dispensaries, those that accounted for the largest number are shown below—

- 1 Diseases of the Respiratory System other than Pneumonia and Tuberculosis
- 2 Malaria
- 3 Diseases of the eye
- 4 Scabies
- 5 Pyrexia of uncertain origin and other diseases due to

ANNUAL REPORT ON WORKING OF THE CIVIL HOSPITALS AND DISPENSARIES

Malaria.—The total number of patients treated in 1946 was 1,800,811 with 438 deaths as compared to 1,525,006 with 479 death in 1945.

Dysentery.—The total number of patients treated in 1946 was 343,070 with 445 deaths as compared to 365,237 with 576 deaths during the previous year.

Enteric fever.—The number of patients treated in 1946 was 31,752 with 739 deaths as compared to 30,888 with 859 deaths.

Labour cases.—During the year under report 139,281 labour cases were conducted in all classes of medical institutions of which 118,978 were normal as compared with 118,895 and 101,058, respectively, in the year 1945.

Statement E—Surgical operations.—The total number of operations performed in the medical institutions during the year under report was 563,451 (542,904 principal and 20,547 secondary) as compared to 601,783 (580,448 principal and 21,335 secondary) in 1945. The total number of deaths in the year 1946 was 1,635 as against 1,748 in 1945. The percentage of deaths to the total operations performed in 1946 was 0.2 as compared to 0.3 in the year 1945.

Statement F—(i) Financial receipts.—The cash balance at the beginning of the year was Rs. 88,229 as compared to Rs. 77,865 in 1945. The total receipts during 1946 under the various heads such as contributions from Government and local bodies, fee recovered from patients, charitable collections and other miscellaneous recoveries amounted to Rs. 1,74,12,849-9-0 as against Rs. 1,47,95,969 in 1945.

(ii) Expenditure.—The total expenditure for the year 1946 under the various items such as salaries to the staff, medicines, diet charges, buildings, apparatus, etc., amounted to Rs. 1,73,10,552-9-0 as compared to Rs. 1,47,04,470 in 1945.

Statement G.—Amount of invested capital.—The amount of invsed capital at the beginning of the year 1946 was Rs. 8,87,054. The amount invested during the year was Rs. 15,485-8-0 while an amount of Rs. 420 was

withdrawn during the year. The closing balance at the end of the year was Rs. 9,02,119-8-0.

17. Medical Lending Libraries.—The District Medical Lending Libraries had 1,400 members at the beginning of the year 1946 and 1,324 at the close. The number of books available for circulation at the end of the year 1946 was 9,424 as compared to 9,849 in 1945. The balance at the beginning of the year was Rs. 30,908-14-8 and the total receipts during the year amounted to Rs. 8,149-15-5. The total expenditure was Rs. 5,851-9-7. There was a balance of Rupees 33,207-4-4.

18. Advisory Committees.—The Advisory Committees of the City State Hospitals, District Headquarters Hospitals and other Government medical institutions in the Province continue to do useful work during the year under review. The recommendations of the Committees were carried out as far as possible. The Government have ordered that all future vacancies in posts reserved for non-officials on the above committee should be filled by nominating Members of the Madras Legislative Assembly and Madras Legislative Council.

19. Inspection.—Inspection of medical institutions in each district was carried out regularly and satisfactorily by the respective District Medical Officers and the annual verification of service books of Establishment and stock registers was also carried out during the year under review. The number of medical institutions which were inspected by the Surgeon-General during 1946 is as follows:—

State Hospitals	..	..	4
District Headquarters Hospitals	..	20	
Other hospitals and dispensaries	..	60	
Rural dispensaries	..	..	6

20. General.—The administration of all the hospitals and dispensaries was in general carried out efficiently by the respective District Medical Officers, Civil Surgeons and Superintendents, and I would like to place on record my appreciation of the manner in which the administration of the hospitals and dispensaries was carried out during the year under report.

I have the honour to be,

Sir,

Your most obedient servant,

S. L. BHATIA,

Surgeon-General with the Government of Madras.

ANNUAL RETURNS OF THE CIVIL HOSPITALS AND DISPENSARIES

STATEMENT A.—Showing the number of Civil Hospitals and Dispensaries in the Madras Presidency during the year 1946.

Population of the Province—49,341,000 (census of 1941).

Class of civil hospital and dispensary.	Number open on December 31st previous year.		Number opened during the year.		Number closed during the year.		Number transferred to other department or class.		Number open on the last day of the year under report.

Government of Madras

EDUCATION AND PUBLIC HEALTH DEPARTMENT

(Public Health)

G.O. No. 4023, 10th December 1947

Report—Civil Hospitals and Dispensaries of Modern Medicine—Annual Report for 1946—Reviewed.

READ—the following paper:—

From the Surgeon-General, Ref. No. 54077-4, P.W., dated 19th August 1947.

Order—No. 4023, P.H., dated 10th December 1947.

Recorded.

2. *Medical relief.*—The number of medical institutions at the end of 1946 was 1,189 against 1,187 at the end of 1945. Four Local fund and one municipal medical institutions were taken over under Government management during the year. The number of in-patients treated rose from 424,255 to 454,200 while the number of deaths fell from 19,214 to 18,663. The percentage of deaths to the total number of in-patients treated was 4.1 against 4.53 in the previous year. The number of operations performed fell from 601,783 to 563,451.

The diseases which accounted for the largest number of patients treated were diseases of the respiratory system other than Pneumonia and Tuberculosis, Malaria, diseases of the eye and scabies.

3. *Rural medical relief.*—Fifteen dispensaries were opened during the year, ten were closed and two were converted into regular dispensaries leaving 299 dispensaries at the end of the year.

4. *Tuberculosis.*—There was a slight fall in the total number of patients treated from 88,407 to 85,454 but the number of deaths slightly rose from 1,197 to 1,411.

5. *Leprosy.*—An *Ad Hoc* Committee composed of officials and non-officials, with the Honourable Minister (Public Health) as Chairman was constituted to consider and report on the present position and the steps to be taken for the treatment and prevention of the disease with reference to the Post-War Reconstruction schemes and the Bhoré Committee's recommendations. The question of taking over the management of the Lady Willingdon Leprosy Sanatorium at Tirumani is under the consideration of Government. A scheme has been sanctioned for the free post-graduate training of rural medical practitioners in the sanatorium at Tirumani.

6. *Cancer.*—The question of making special arrangements for the treatment of Cancer cases is under the consideration of Government.

7. *Blind relief.*—The Government are considering the question of setting up a Provincial Council on Blindness for widening the facilities for the treatment, education, employment and general welfare of the blind.

8. *Blood Transfusion Service.*—In view of its importance in modern treatment, Blood Transfusion Service has been reorganized on a peace-time basis and the equipment, etc., required have been purchased. Blood-banks function at two places in the City, one at the General Hospital and the other at the Stanley Hospital with whole-time medical officers, nursing and other staff to accept donations from the public. In the mufassal blood-banks exist at Vizagapatam, Madura, Trichinopoly, Coimbatore, Cochin, Calicut and Cocanada.

9. *Medical services.*—The Government have sanctioned the deputation of four officers to the United Kingdom for advance studies in Paediatrics, Ophthalmology, Pharmacutics and Radiation Physics. In addition three more officers have been deputed under the Government of India Scheme for Overseas study in Orthopaedics, E.N.T. diseases and Social Medicine.

10. *Nursing staff.*—A scheme for the employment of a leave reserve of 10 per cent of the sanctioned cadre of matrons, sisters, tutors, ward-sisters, staff nurses and pupil nurses was sanctioned. A nurse was deputed to the United Kingdom for one year for training and a private candidate was sent to the same country to undergo general nursing training for a period of four years.

11. *Medical education.*—To meet the growing demand for medical officers, the Government have sanctioned the opening of Medical Colleges at Madura and Guntur. The University of Madras has instituted a diploma course in Tuberculosis and the first batch of students has joined the course.

12. *House Physicians and House Surgeons.*—The Government sanctioned 23 additional posts of paid house physicians and house surgeons to provide facilities for clinical practice to officers who proceeded on military duty.

13. *Honorary Medical Officers.*—The question of revising the system of appointment of honorary medical officers is under consideration.

14. *Buildings*.—The Central Preliminary Training School for pupil nurses in Madras and the Yellow fever vaccine block in the King Institute, Guindy, have been completed. The construction of hospital buildings at Calicut, Tuticorin and Trichopoly, nurses quarters at Vizagapatam and Palamcottah, extensions to the Pathology block in the Andhra Medical College and the Anatomy, Physiology and Pharmacology block in the Stanley Medical College were in progress. The construction of additional buildings for the Tuberculosis Sanatorium, Tambaram, has been sanctioned.

15. *General*.—The administration of the hospitals and dispensaries continued to be satisfactory.

(By order of His Excellency the Governor)
