PART I

ADMINISTRATION REPORT OF THE STATE BROADCASTING DEPARTMENT FOR THE PERIOD 1st APRIL TO 30th SEPTEMBER 1953.

I. *Introduction.*—(1) With the half-year ending 30th September 1953, the State broadcasting department completes 15½ years of its existence.

(2) The loudspeaker equipments installed and maintained by the department at the Rajaji Hall continued to function satisfactorily.

(3) Industrial research work on the design and construction of loudspeakers is continued during the period under review.

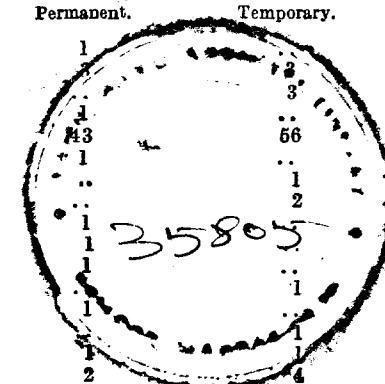

(4) *Legislative Assembly.*—The sound reinforcement equipment installed in the New Madras Legislative Assembly Buildings in the Government House Estate, Mount Road, at a cost of Rs. 1,11,400 during 1951-52 continued to function satisfactorily.

(5) The 13 propaganda vans of Prohibition department and the two district ward vans of Tanjore with all their equipments were continued to be maintained by this department during the period under review.

II. *Staff and establishment.*—(1) Sri V. V. L. Rao continued to be the Radio Engineer during the half-year ending 30th September 1953. He went on leave for a short period in June 1953, when Sri H. Joga Rao, Assistant Radio Engineer, acted as Radio Engineer.

(2) The entire regular staff of this department both permanent and temporary as stood on 30th September 1953 excluding the temporary staff for special duties, etc., is shown below:—

Name of the post.	Permanent.	Temporary.	Total.
Radio Engineer	1		1
Assistant Radio Engineers	1	2	3
Junior Van Supervisors		3	3
Personal Assistant to Radio Engineer.	1		1
Radio Supervisors	43	56	99
Store-keeper, I Grade	1		1
Do. II Grade		1	1
Do. III Grade		2	2
Foreman	1		1
Draughtsman	1		1
Mechanic	1		1
Battery mechanic		1	1
Superintendent	1		1
Accountant	1		1
Head clerks	1		1
Upper division clerks	2	4	6
Lower division clerks	10	14	24
Steno-typist	1		1
Typists	2	2	4
Attenders	3	6	9
Peons	12	7	19
Battery transport peons	33	75	108
Fitter mechanic		1	1
Research Assistant		1	1
Workshops Assistant		1	1
	117	179	296

2

ADMINISTRATION REPORT OF THE

In addition to the permanent and temporary staff of the department shown above, the following additional staff was sanctioned during the half-year under report:—

(i) One upper division clerk and one lower division clerk for a period six months from the date of employment in Radio Engineer's office to cope with the additional work in connection with the installation of sets under Audio Education Scheme.

(ii) Continuance of three Radio Supervisors and one attender up to the end 30th September 1953 for the maintenance of Sound reinforcement system in Legislative Assembly.

(iii) Continuance of the following staff for a period of ten months from July 1953 for attending to Special and Wire broadcasting installations:—

Assistant Radio Engineer	..	..	..	..	..	1
Radio Supervisor	..	..	..	..	..	1
Lower division clerk	..	..	..	..	..	1
Peons	..	..	..	..	..	2

(iv) One upper division clerk, one typist and one attender was sanctioned for work connected with separation of records relating to the formation of the Andhra State for a period of three months. (The staff was disbanded on 14 September 1953 on completion of the work.)

(v) Continuance of the following staff from 13th July 1953, forenoon to 31 August 1953, afternoon for the work connected with testing, and despatching of sets under 600 R Scheme:—

Radio Supervisor	..	..	..	..	..	1
Lower division clerk	..	..	..	..	..	1
Typist	..	..	..	..	..	1
Peon	..	..	..	..	..	1

(vi) For the maintenance of the sets installed, the Government sanctioned the formation of 15 additional service stations, and the employment of 15 Radio Supervisors and 34 Battery transport peons for a period of one year from date of appointment.

(vii) The Government in Memo. No. 49/53-2, Public (Andhra State) Department, dated 19th September 1953, issued orders regarding the provisional allotment of officers to the Andhra State and appointment to the posts mentioned against their names—vide Appendix VII to this report.

III. (a) The receipts and expenditure of the department from 1948-49 to the current half-year (i.e., for 5½ years) are given below:—

Year.	Expenditure.		Actuals.	Receipts.
	Budget estimate.	Revised estimate.		
	RS.	RS.	RS.	RS.
1948-49	3,65,900	6,64,300	6,93,231	1,81,377
1949-50	5,35,300	5,72,800	6,06,217	3,91,771
1950-51	6,16,000	7,11,800	7,50,280	6,27,015
1951-52	7,20,200	9,91,400	10,01,953	7,13,981
1952-53 (up to 30th September 1953).	5,36,900	5,60,750	5,22,300	8,87,700

It will be seen that there has been a very steady increase in the receipts.

(b) The new system of accounts ordered in G.O. No. 3316, P.W., dated 8 August 1951, was given effect to from 1st April 1953 and accordingly accounts are being submitted to the Accountant-General from 1st April 1953 onwards.

IV. Field work—(a) Staff.—No additional circle was formed during the period under report but 11 additional service stations were opened thus bringing the total number of service stations from 89 to 100. A list of service stations in the

to which they were attached as on 30th September 1953 is furnished in Appendix VI.

(b) Accommodation.—Some of the service stations were shifted to new stations for administrative reasons.

(c) Laboratory and workshops.—(i) In the laboratories of the circle offices major servicing of radio sets, amplifiers, repairs to petrol generators and battery chargers, rewinding of transformers of various types, loudspeaker cones, etc., were undertaken.

(ii) During the period under report tools and equipments worth Rs. 1,600 were purchased for the Radio Engineer's office and for Rs. 12,800 were purchased and supplied to the field staff.

(d) Maintenance charges.—During the period under report there has been no change in the rate of maintenance charges recoverable from panchayat boards, private bodies, etc. Revision of maintenance charges on a rational basis is still under consideration.

(e) Installation of radio sets.—(i) During the period under review, the following sets were installed:—

1 Rural sets (panchayat boards)	..	..	..	461
2 Municipalities	..	..	..	..
3 Private bodies and Government institutions	..	..	..	1
4 District board, municipal and Government schools	..	..	..	124
5 Public address and wire broadcasting system	..	..	..	10
Total	..	..	..	596

(ii) In G.O. Ms. No. 275, Education, dated 11th February 1952, sanction was accorded for the purchase and installation of 170 sets in local boards, Government and private schools under Audio Visual Education Scheme. Of these 170 sets, 100 sets were under the maintenance of this department.

(iii) As per G.O. Ms. No. 165, Education, dated 20th January 1953, 142 sets were supplied under Audio Visual Education Scheme, of which 82 were under departmental maintenance.

(iv) In Adult Education Scheme sanctioned in G.O. Ms. No. 382, Education, dated 26th February 1953, 120 sets were purchased by the Director of Public Instruction for supply to Adult literacy centres.

(f) Programme—Transmission and planning.—The planning of the rural programmes continues to be entirely in the hands of the All-India Radio Station Directors. However, the reaction of the rural listeners on the rural broadcasts and the reception data were continued to be sent by the State Broadcasting department in the shape of programme and technical reports.

(i) Tuning, arresting and working hours of sets—

There has been no change in the working hours of rural, battery operated and mains sets.

(ii) The three rural centres, viz., Kudligi, Ramasagar and Narayana-devarkeri in Kannada areas of Bellary district were continued to be tuned to Madras Shortwave station, at their request, as against the original arresting to Dharwar station.

(iii) As in the previous years the rural sets in the Nilgiris, Malabar and South Kanara districts were continued to be tuned to any of All-India Radio Stations, that are well received during the rural programme hours, owing to poor reception conditions in those areas.

(iv) The intention of arresting and tuning of sets to a particular station, is that the rural folk should be made to listen to the rural programme in the evenings specially broadcast for them on matters of particular interest to them.

S.B.D.—1A

(g) *The Governor's Public Address System.*—This department continued to maintain the Governor's Public Address equipment, for providing loudspeaker arrangements on public functions, presided over by the Governor of Madras and Chief Minister of the State, etc. The most important public functions presided over by High Personages during which public address systems were installed or inspected by this department during the period under review are as follows:—

- (1) 2nd April 1953 .. During the School Day celebrations of Sri M. C. T. Muthiah Chettiar High School when the Chief Minister opened the new buildings.
- (2) 16th April 1953 .. During the opening of the Child Art Exhibition in the Besant Theosophical High School, Adayar, by the Governor of Madras.
- (3) 1st May 1953 .. During the opening ceremony of a new building in Government Ophthalmic hospital, Madras, by the Governor of Madras.
- (4) 14th August 1953 .. During the Public meeting addressed by the Governor of Madras at St. Mary's Hall, Madras.
- (5) 23rd August 1953. During the Public meeting at Chingleput addressed by the Chief Minister.
- (6) 24th August 1953. During the tour of the Governor at Coonoor.
- (7) 31st August 1953 .. During the Public meeting addressed by the Chief Minister at Madurai.
- (8) 12th September 1953. During the meeting addressed by the Chief Minister at Ambur Hindu High School.
- (9) 21st and 22nd September 1953. During the Governor's tour in Srikakulam district.
- (10) 25th September 1953. During the tour of the Governor of Madras in North Arcot district.

V. *Sound reinforcement equipment in the New Legislative Assembly Hall, Madras.*—The sound reinforcement equipment installed in the New Legislative Assembly Hall during 1951-52 and maintained by this department continued to function well during the period under report.

VI. *Assembling of community receivers in Radio Engineer's laboratory and workshops.*—The scheme of assembling 600 sets sanctioned in G.O. No. 2031, P.W.D., dated 18th July 1952, was completed during the period under report and as many as 40 sets were also installed during the period. The performance of these community sets was found to be better than any commercial set for purposes of community listening and fulfilled the need that necessitated the design, development and production of these sets by this department.

VII. *Mobile publicity equipment.*—The 13 vans of the Prohibition department and the two Rural reconstruction vans of the Tanjore District Board were continued to be maintained by this department.

VIII. *Services rendered to other departments.*—(a) The services and technical advice of this department were sought by and rendered to sister departments of this State, such as the Prohibition (Amelioration), Education (Audio Visual Aids), Public Health, Women's Welfare, Co-operative, etc.

(b) *Assistance to radio industry, wireless trade and technical education.*—The department continued to conduct standard tests on radio equipments and accessories on receipt of prescribed fees.

IX. *Battery Section.*—During the half-year under report 494 batteries were recharged and 91 batteries were put on capacity test and 55 defective batteries were serviced.

X. *Research.*—(i) The three candidates under the scholarship scheme of the Industries department were continued during the period under report. Two of them, namely, Sri C. S. Subramanyam and Sri B. N. Kaiwar completed their work

on 30th September 1953 and 1st September 1953 respectively. The problems dealt with by them are shown below:—

- (1) Sri C. S. Subramanyam "Tracking problems in a superheat".
- (2) Sri B. N. Kaiwar "Design and construction of I.F. Transformers".

It may be said to the credit of the department that 6 pairs of the transformers designed in the department were incorporated in the departmental receivers. So far no break down of these transformers have been reported from the field. The cost of the departmentally assembled I.F. transformer (though more or less the same as that of a commercial one) can be reduced considerably if they are made in large quantities.

(ii) *Loudspeaker research scheme.*—The major work in the research section has been experimental manufacture of 200 Nos. 8" P.M. loudspeakers under the "200 Loudspeaker scheme" and the speakers made have been subjected to the laboratory tests. The speakers compare favourably with foreign ones of similar type except for a slight deficiency of response at certain high frequencies. Thirty numbers of departmental speakers have been sent to the field for endurance tests under actual operating conditions. The departmentally assembled speaker should prove economical in the long run and that too when these are made in quantities of 1,000 or more. The successful development of the manufacture of this major component in this country marks a definite stage in the technical advancement of the department.

XI. *Unpaid apprentices scheme.*—This department continued to give training in "servicing and maintenance of radio receivers" to those who pass out of Government and private institutions, under the unpaid apprentice scheme. Three candidates underwent training in Radio Engineer's office, Madras, and four in those of the Assistant Radio Engineers during the period under report.

XII. During the period under report the following Wire broadcasting systems were in progress:—

- | | |
|------------------|--------------------|
| (1) Nellore. | (5) Kakinada. |
| (2) Chidambaram. | (6) Visakhapatnam. |
| (3) Dindigul. | (7) Tenali. |
| (4) Guntur. | (8) Coonoor. |

Besides the above the following special installation works were undertaken in the centres noted below:—

- (1) T.T. Devasthanam. Rural reconstruction in new choultry.
- (2) Tambaram Panchayat Board. Additional loudspeakers.
- (3) Tanjore District Board. Supply of microphone and modification of amplifier.
- (4) Melapalayam Municipality. Rural reconstruction in Karungulam Library.
- (5) Pudukkottai Municipality. Supply of 12 additional loudspeakers.
- (6) Sholavandam District Board. Amplifier.
- (7) High power radio sets in Devakottai, Anakapalle, Salem and Tadpatri municipalities.

MADRAS,
31st July 1954.

M. N. PARTHASARATHY,
Radio Engineer.

13 K. S. Devapalana ..	Do.	Do.	..

I. *Introduction.*—(1) (a) With the period ending 31st March 1954, the State Broadcasting Department completes its sixteenth year of its existence. This year marks the important era of the partition of the State and formation of a new Broadcasting Department for Andhra State. The office of the Residuary State was shifted from the rented buildings to the Government Public Works Department Buildings at Chepauk in a separate block.

(b) The Stores that are to be allocated between the Andhra and the Residuary States have been frozen pending decision on the ratio to be adopted.

(2) The loudspeaker equipments installed and maintained by the department in the Rajaji Hall continued to function satisfactorily. The other electronic equipment in the State Guest House and Director of Information and Broadcasting Department were also maintained by this department.

(3) The manufacturing experiments on loudspeakers were handicapped for want of proper accommodation. However the work of development of column loudspeakers is undertaken.

(4) The sound reinforcement equipment installed in the New Madras Legislative Assembly continued to function satisfactorily. Owing to the reduction of members of Legislative Assembly consequent on the partition, some equipment became surplus. They were transferred to Legislative Council to replace some of the outmoded ones.

(5) A novel system of loudspeaker column was installed at the Island Ground in Madras and at Madurai when the Prime Minister addressed large public meetings.

(6) The seven Propaganda Vans of Prohibition Department and two District Board Vans of Tanjore with all their equipments were continued to be maintained by this department.

(7) During the period under report, the Prime Minister of India, the Governor of Madras and the Chief Minister of Madras addressed several public meetings in almost all the districts. The work and responsibility of installation and inspection of Public Address System during all these public meetings, throughout the State, was devolved on this department. The work entrusted to this department was carried out to the entire satisfaction of both the Public and the High Personages. The question of appointing a special staff and purchase of requisite equipment for the Radio Engineer and Circle offices is under active consideration of Government.

II. *Staff and establishment.*—(1) Sri M. N. Parthasarathy, permanent Assistant Radio Engineer, assumed charge as Radio Engineer for the residuary State on 1st October 1953 forenoon consequent on the formation of the Andhra State.

(2) The entire regular staff of this department both permanent and temporary as it stood on 31st March 1954 excluding temporary staff for special schemes, etc., is shown below :—

Name of post.	Permanent.	Temporary.	Total.
1 Radio Engineer ..	1	..	1
2 Assistant Radio Engineers ..	2	2	4
3 Junior Van Supervisor ..	..	2	2
4 Personal Assistant to Radio Engineer (Radio Supervisor) ..	..	..	1
5 Radio Supervisors ..	29	36	65
6 Foreman ..	..	..	1
7 Mechanic ..	..	..	1
8 Draftsman, III grade ..	..	1	1
9 Fitter Mechanic ..	..	1	1
10 Battery Mechanic ..	..	1	1
11 Workshop Assistant ..	..	..	1
12 Store-keeper, I grade ..	1	..	1

S.B.D.—4A

DBS, 43. 2117 N 53

Name of post.	Permanent.	Temporary.	Total
13 Storekeeper, II grade	..	1	1
14 Do. III grade	..	1	1
15 Research Assistant	1	..	1
16 Superintendent	..	1	1
17 Accountant	1	..	1
18 Head Clerk	1+1	3	5
19 Upper Division Clerks	7	9	16
20 Lower Division Clerks	1	..	1
21 Steno Typist	1+1	3	5
22 Typists	3+1	4	8
23 Attenders	10	5	15
24 Peons	15	53	68
25 Battery Transport Peons	..	..	..
	80	124	204

In addition to the permanent and temporary staff of the department shown above, the following additional staff was sanctioned during the period under report.

(a) In G.O.No. 4210, P.W.D., dated 2nd November 1953, sanction was accorded for the continuance of three Radio Supervisors and one attender.

(b) In G.O. No. 1111, P.W., dated 31st March 1954, two additional peons for Radio Engineer's Office were sanctioned.

III. The receipts and expenditure of the Department from 1948-49 to the current year (i.e., for six years) are given below :—

Year.	Expenditure.		Actuals.	Receipts.
	Budget Estimate. (2)	Revised Estimate. (3)		
(1)	RS.	RS.	RS.	RS.
1948-49	3,65,900	6,64,300	6,93,231	1,81,377
1949-50	5,35,300	5,72,800	6,06,217	3,91,771
1950-51	6,16,000	7,11,600	7,50,280	6,27,015
1951-52	7,28,200	9,94,400	10,01,953	7,13,981
1952-53	8,99,000	11,74,650	11,21,840	4,05,275
1953-54 First half	5,36,900	5,60,750	5,22,300	8,87,700
1953-54 Second half	2,21,500	2,92,800	2,49,500	2,37,000

The Field Assistant Radio Engineers continue (1) to countersign the travelling allowance bills of the non-gazetted staff working under them, (2) to countersign and pass contingent bills of their own offices and also of the subordinates working under them and (3) to appoint peons and Battery Transport Peons and grant them leave and transfer them from one place to the other within their circles and impose the penalties, as per the powers vested on them.

IV. Field work—(a) Staff.—No additional circle was formed during the period under report. The eight service stations of North Arcot and Chingleput district which were in the old III Circle of Composite State are under the direct control of the Radio Engineer. A list of the existing service stations and the circle to which they are attached as on 31st March 1954 is furnished in Appendix VI.

(b) Accommodation.—Some of the service stations were shifted to the new stations from the original places of occupation for administrative convenience as shown below :—

Serial number and name of the service station.	Original Headquarter.	New Head-quarter.	Date of shifting.
1 Tanjore III	Tanjore	Pattukkottai ..	6th November 1953.
2 Coimbatore, West ..	Coimbatore ..	Palghat	2nd November 1953.
3 Kumbakonam	Tanjore	Kumbakonam I ..	18th March 1954.
4 Mayavaram	Tanjore	Kumbakonam II ..	18th March 1954.
5 Kasargod	Mangalore ..	Kasargod	8th March 1954.

(c) Laboratory and workshops.—In the laboratories of the circle offices major servicing of radio sets amplifiers, repairs to petrol generators and battery chargers the various service stations, rewinding of transformers of various types, loudspeaker cones, etc., were undertaken.

(d) Maintenance charges.—During the period under report there has been change in the rate of maintenance charges recoverable from panchayat boards, private bodies, etc. Revision of maintenance charges on a rational basis is still under active consideration.

(e) (i) Installation of radio sets.—During the period under report, the following sets were installed :—

1 Rural sets (panchayat boards)	49
2 Municipalities	2
3 Private bodies and government institutions ..	..
4 District Board, Municipality and Government Schools ..	6
5 Public Address and Wire Broadcasting Systems. ..	..

Total .. 57

(ii) In G.O. Ms. No. 275, Education, dated 11th February 1952, sanction is accorded for the purchase and installation of 170 sets in Local Board, Government and Private Schools under Audio-Visual Education Scheme. Of these 170 sets, 15 sets are under the departmental maintenance in the residuary Madras State.

(iii) As per G.O. Ms. No. 165, Education, dated 20th January 1953, 142 sets were supplied under Audio-Visual Education Scheme ; of which 58 are under departmental maintenance in the Residuary Madras State.

(iv) According to G.O. Ms. No. 303, Education, dated 20th March 1954, a list of 79 schools has been sent by the Director of Public Instruction for supply of sets under Audio-Visual Education in the current year. Forty-four of these sets have been brought out by respective headmasters and were tested in the Laboratory prior to 31st March 1954.

(v) In Adult Education Scheme sanctioned in G.O. Ms. No. 382, Education, dated 26th February 1953, 120 sets were purchased by the Director of Public Instruction of Composite State for supply to adult literacy centres. The Director of Public Instruction, Madras, has since sent certain proposals to Government for disposal of these sets and Government orders are awaited.

(f) Programme—Transmission and Planning.—The planning of the rural programmes continues to be entirely in the hands of the All-India Radio Station Directors. However, the reaction of the rural listeners in the rural broadcasts and the reception data were continued to be sent by the State Broadcasting Department in the shape of Programme and Technical reports.

(i) Tuning, arresting and working hours of sets.—There has been no change in the working hours of rural, battery operated and mains sets.

(ii) As in the previous years the rural sets in the Nilgiris, Malabar and South Kanara districts were continued to be tuned to any of the All-India Radio stations, that are well received during the rural programme hours, owing to poor reception conditions in those areas.

(iii) The intention of arresting and tuning of sets to a particular station is, that the rural folk should be made to listen to the rural programmes in the evenings specially broadcast for them on matters of particular interest to them.

(iv) A need for greater broadcasting facilities with the rate of progress now being maintained is anticipated when more and more village would be covered in the near future. It is therefore desirable that better broadcast transmitter facilities are given so as to facilitate the growth of community listening in this state. It is encouraging to note that active steps are being taken in connection with the establishment of more powerful transmitters in some places.

(g) *The Governor's Public Address System.*—This department continued to maintain the Governor's Public Address equipment for providing loudspeaker arrangements on public functions, presided over by High Personages. The most important public functions presided over by High Personages during which Public Address systems were installed or inspected by this department during the period under report are as follows :—

(1) *2nd October 1953.*—During the public meeting at Island Grounds, Madras, by the Prime Minister of India.

(2) *3rd October 1953.*—During the public meeting at Madurai addressed by the Prime Minister of India.

(3) *4th October 1953.*—During the public meetings addressed by the Prime Minister at Palghat and Coimbatore.

(4) *14th October 1953.*—During the Chief Minister's visit to Government Coach Building factory, Chromepet.

(5) *17th October 1953.*—During the ceremony when the Governor of Madras laid the foundation stone for the Mahatma Gandhi memorial at Raj Bhavan, Guindy.

(6) *24th October 1953.*—During the public meetings addressed by the Chief Minister at Bhavani and Singampatti.

(7) *25th to 27th October 1953.*—During the tour of the Governor of Madras in Tanjore district.

(8) *31st October 1953.*—During the public meetings addressed by the Chief Minister at Tenkasi and Courtallam.

(9) *22nd and 23rd November 1953.*—During the Chief Minister's tour in South Kanara district.

(10) *2nd and 3rd December 1953.*—During the various functions attended by the Governor of Madras at Vellore and Tiruvannamalai.

(11) *10th and 11th December 1953.*—During the laying of foundation stone for Amaravathi dam and during the meetings addressed by the Chief Minister at Udumalpet and Palni.

(12) *3rd to 5th January 1954.*—During the tour of the Governor of Madras in South Malabar.

(13) *22nd January 1954.*—During the function attended by the Governor of Madras at Tiruvadi.

(14) *4th February 1954.*—During the public meeting addressed by the Prime Minister at Vadakancheri.

(15) *19th and 20th February 1954.*—During the Governor's tour in Madurai district.

(16) *5th to 11th February 1954.*—During the tour of the Governor of Madras in Malabar district.

(17) *18th to 23rd February 1954.*—During the tour of the Governor of Madras in Ramanathapuram district.

(18) *21st March 1954.*—During the opening of a maternity block by the Governor of Madras at Srivilliputhur.

Column loudspeakers.—A novel feature of the loudspeaker arrangements at the Island grounds and Madura meetings addressed by the Prime Minister of India is that one missed the loudspeaker horns that are usually tied to posts planted all over the grounds and connected by wires. The State Broadcasting Department which was in charge of the arrangements had developed an entirely new system of centralized "column loud speakers". In this system all the loudspeakers necessary to reproduce the large volume of sound are assembled as a column. The column itself is erected at a height of 15 to 20' above the ground and just about a 100' away from the dais, which gives a psychological effect that the sound is actually emanating from the dais and from a loudspeaker near the audience. Even the smallest whisper is heard. This is the first of its kind used east of Suez.

A smaller and improved type of this system was used when the Russian Artists gave a dance performance in Madras. The performance of the system was very satisfactory.

V. *Sound reinforcement adjustment in the New Assembly Hall and Legislative Council Hall in Fort St. George.*—The sound reinforcement equipments installed in the New Legislative Hall during 1951-52 and maintained by this department continued to function well. Owing to the partition of the State, the number of members became less and consequently some Loudspeakers and microphone became surplus in the outer 3 rows. Legislative Council Hall required modifications and improvement and so the surplus equipments were utilized to this end.

VI. *Assembling of sets in the departmental laboratory and workshops.*—After the partition of State there has been a large number of applications pending for installation of new sets. Hence the question of assembling a further batch of 600 community receivers was under the active consideration of the Government.

Miscellaneous.—As an experimental measure, 20 sets assembled by Resa & Co., Madras, on the same model as that of the departmentally assembled one were purchased and are being installed. The results of their working in the field are being watched.

VII. *Mobile Publicity equipment.*—The seven vans of the Prohibition department and the two R.R. Vans of the Tanjore District Board were continued to be maintained by this department.

VIII. *Services rendered to other departments.*—(a) The services and technical advice of this department were sought by and rendered to sister departments of this State, such as Prohibition (Amelioration), Education (Audio Visual Aids), Public Health, Women's Welfare Co-operation, etc. The intercommunication system was installed at the Secretariat by this department.

(b) *Assistance to radio industry, wireless trade and technical education.*—The department continued to conduct standard tests on radio equipments and accessories on receipt of prescribed fees.

IX. *Battery Section.*—During the period under report, 756 batteries were recharged, 181 were tested for capacity and 8 were serviced.

X. *Research.*—(i) Out of the three scholarships awarded to three candidates, only one continued during this period under report, viz., Sri M. S. Krishnaswamy, conducting research on the problem of "Loudspeaker manufacture and testing." The work of the scholar was completed on 2nd November 1953.

(ii) *Loudspeaker Research Scheme.*—The posts of Research Assistant and Workshop Assistant for the Research work on loudspeakers were continued during the latter half of 1953-54 with the renewed sanction of Government. Owing to the acute lack of accommodation in the departmental premises at Chepauk, the plant and equipment for the manufacture of loudspeakers could not be set up and so the manufacturing experiments were therefore suspended. However work on the development of column 'loudspeakers' is taken up, since it is one of the immediate problems relating to the department.

(iii) Other problems such as the development of a cheap R. C. Oscillators for use in the departmental service stations, the design of a quality high power amplifier are being taken up in the Research Section.

XI. *Unpaid Apprentice Scheme.*—(i) The unpaid apprentice scheme sanctioned in G.O. No. 3939, P.W., dated 25th October 1950, was kept under suspension as a revised scheme was proposed. The matter is still under consideration.

(ii) One Student of Madras Institute of Technology underwent practical training in Radio Engineer's laboratory for a short period.

(1) Coimbatore.	(4) Periyakulam.
(2) Pollachi.	(5) Pudukkottai.
(3) Dharapuram.	(6) Tiruchirappalli.

(1) Dindigul.	(4) Coonoor.
(2) Chidambaram.	(5) Mannargudi.
(3) Tellicherry.	

M. N. PARTHASARATHY,
Radio Engineer.

APPENDICES.

MISCELLANEOUS

PUBLIC WORKS DEPARTMENT

(General)

G.O. No. 4752, 21st December 1955

Broadcasting—State—Administration Report of State Broadcasting Department for 1953-54—Recorded.

READ—the following paper :—

Letter from the Chief Engineer, P.W.D. (General), dated 13th October 1954, No. 743-R/54-6.

Order—No. 4752, P.W. (General), dated 21st December 1955.

The Administration Report of the State Broadcasting Department prepared in two parts and annexed to these proceedings records the activities of the State Broadcasting Department for the two periods, from 1st April 1953 to 30th September 1953 and from 1st October 1953 to 31st March 1954.

2. Prior to the formation of the Andhra State, the State Broadcasting Department of the Composite State of Madras comprised six circles with 104 service stations. The total number of sets maintained by the State Broadcasting Department of the State was 2,975. After the separation of the Andhra State, the State Broadcasting Department of the Madras State comprised four circles with 54 service stations. The total number of sets maintained by the State Broadcasting Department of the Residuary State was 1,703.

3. The assembling and installation of the first batch of 600 sets under the scheme approved in July 1952 was completed. The Public Address Systems installed in the Rajaji Hall, the New Assembly Hall in Madras and other Wire Broadcasting Systems installed in various local bodies continued to be maintained satisfactorily.

4. There was no change in the rates of maintenance charges. The Panchayats, Municipalities and District Boards continued to enjoy concessional rates of maintenance charges as usual.

5. The State Broadcasting Department continued to render assistance to various other departments of the State Government and also continued to assist Radio and other allied industries by conducting standard tests. As usual, training facilities in "Servicing and Maintenance of Radio Receivers" were continued to be given to students passing out of Government and Private Institutions under the unpaid Apprentice Scheme during

ii

No. 4752, P.W. (GENERAL), 21ST DECEMBER 1955

1st April 1953 to 30th September 1953. This scheme was not continued during 1st October 1953 to 31st March 1954 as a revised scheme was being drawn up.
