The actual cost of collection of land revenue is, therefore, much less than the total expenditure shown above and the exact quantum cannot be assessed with any degree of accuracy. The detailed statement of expenditure under the various heads of account is given below :

One thousand eight hundred and sixty minor irrigation works have been proposed for repairs in fasli 1376.

43. *Ryots' Conference.*—Ryots' conferences were held in North Arcot, Tiruchirappalli and the Nilgiris districts. Officers of other departments were also present during the conference. The conference enabled the ryots to come into personal contact with the officers of the Revenue and other departments, who explained to them the several activities undertaken by the Government.

Collectors of other districts have not specifically reported whether the ryots' conference was held after jamabandi and, if so, with what result.

44. *Extent to which the inspection of the subordinate offices has been carried out.*—Subordinate offices in the districts viz., all divisional offices and offices of the Special Deputy Collectors (Land Acquisition), Special Deputy Collectors functioning as Revenue Courts and Authorized Officers (Land Reforms) were inspected by the Collectors and the District Revenue Officers in the respective areas of their jurisdiction. The general branches of the Divisional Offices (Revenue side) were inspected by the District Revenue Officers and the Panchayat Development branches were inspected by the Collector according to a programme drawn in advance. The annual inspections conducted by these officers have been generally thorough. Summaries of the notes of inspection by the Collectors and the District Revenue Officers were examined by the Board critically and suitable instructions issued wherever necessary.

During the fasli year under report, Members of the Board of Revenue inspected the offices of the Collectors of the following districts with reference to the instructions in G.O. Ms. No. 2086, Revenue, dated 17th September 1943 :—

- (1) Coimbatore,
- (2) Dharmapuri,
- (3) Tirunelveli,
- (4) Tiruchirappalli,
- (5) Chingleput, and
- (6) Madras.

The administration of the districts by the Collectors and by the District Revenue Officers continued to be generally satisfactory.

45. *Administration of charitable and religious inams.*—The administration of charitable and religious inams continued to be satisfactory. Action for the resumption of inams on the ground of alienation of inam lands was taken wherever necessary.

There was no case of resumption of religious and charitable inam lands in the fasli on the ground of inability to continue the service. There were also no cases of resumption as a result of closure of the institutions.

46. *New Well Subsidy Scheme.*—The scheme of advancing loans convertible partly into subsidy for sinking new wells revived during 1958-59 continued to be in force in 1965-66 in order to give a fillip to food production. The maximum amount of loan admissible under the scheme was Rs. 2,000 per well except in Thalavadi firka in Coimbatore district where it was Rs. 3,000 with effect from 1965-66. The ceiling for loan per well has been increased to Rs. 5,000 in all areas. The loan is payable in two equal instalments, the first instalment immediately after sanction of the loan and the second instalment after the full utilization of the first instalment. After due completion, 25 per cent of the cost of the well work subject to a maximum of Rs. 500 would be treated as subsidy in all the areas except in Thalavadi firka of Coimbatore district, where subsidy would be allowed up to 50 per cent of the cost of the work subject to a maximum of Rs. 1,500 per well. The sanction of subsidy was subject to the condition that food crops or any other irrigated crop should be raised in the ayacut of the well in not less than one acre for three years from the date of utilization of the well water for irrigation. Previously the condition was that only food crops should be raised and this was relaxed by the Government in July 1964 so as to allow the cultivation of any other irrigated crop as well.

The progress made during 1965-66 is as follows :—

<i>Scheme (year and instalment of loan disbursed).</i>	<i>Number of wells for which loan was advanced.</i>	<i>Amount advanced.</i>

47. *Rent roll.*—Statement No. 20 shows the number of pattas of various values held in the several districts of the State for fasli 1375 (1965-66) excluding Madras where land revenue consists mainly of quit-rent imposed on house-sites.

According to the statement for the fasli under review, the total number of pattas held was 61,03,716 as against 59,57,246 for the previous fasli.
