SIGNALS

for Ships or Vessels in the offing.

SIGNALS respecting Ships or Vessels in the Offing, whether men of War, or Merchantmen, are made from the top of the Fort Square of Fort St. George, on which there are three Signal Staffs. One, consisting of an upright Mast, representing the East point of the Compass with a Yard hung by the middle across, the Arms of which pointing to the North and South points of the Compass.

Three Classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts, and of one Mast.

An Ensign, or Square National Flag, represents a Ship of three Masts; a National Flag with two points or Swallows Tail, represents a Brig or Snow, &c. of two Masts; and a broad National Pendant terminating in one point, represents a Sloop or Cutter of one Mast.

If either of these Flags are hoisted to the top of the upright Staff, the Vessels seen are in the East Quarter of the Compass; if hoisted to the North or South arms of the cross yard, the Vessels seen are in the North or South Quarters of the Compass.

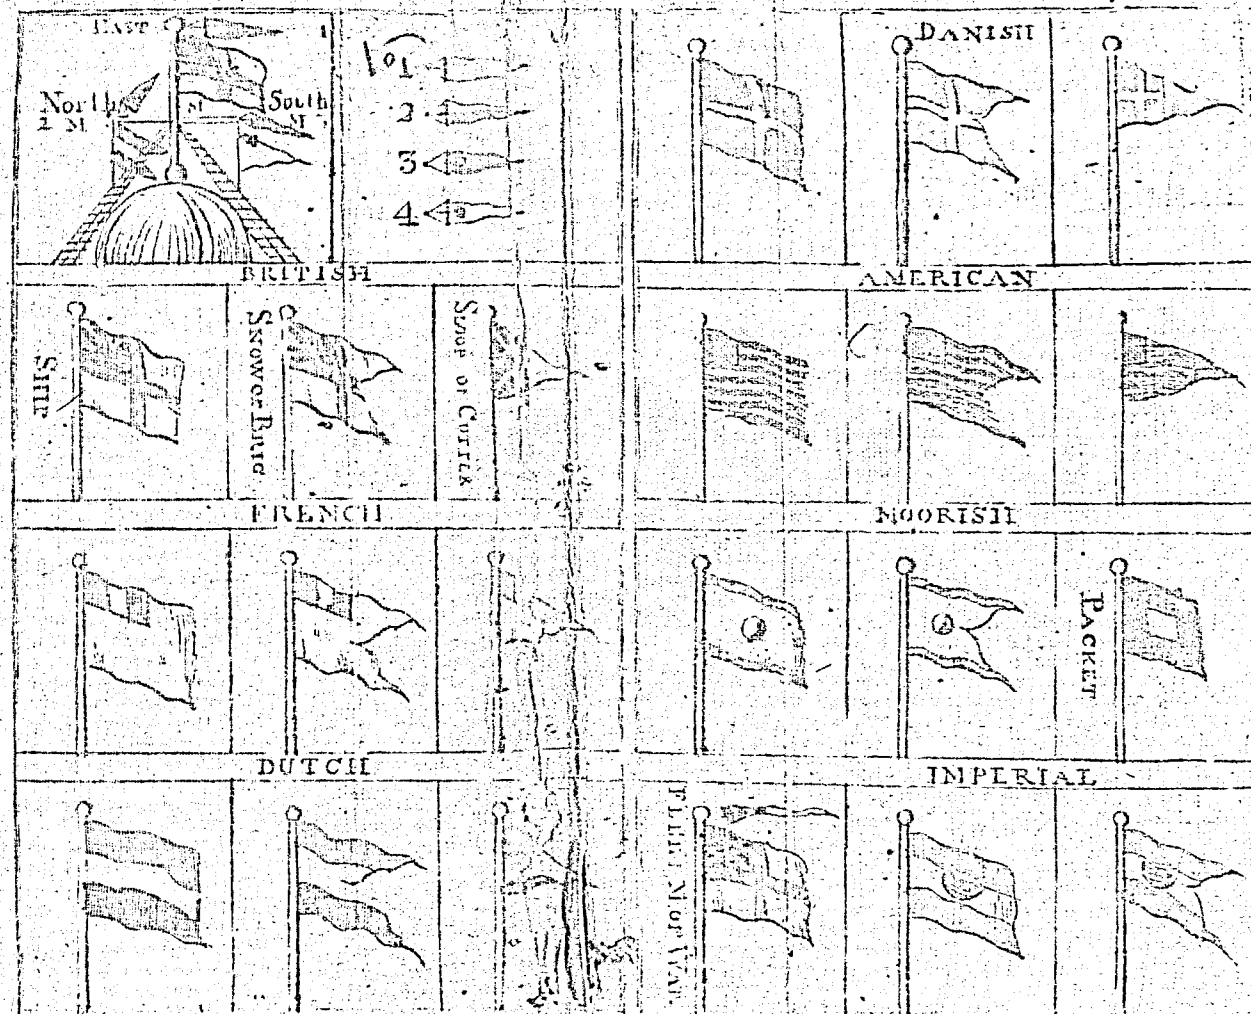

The number of Ships that appear in the Offing, are expressed by Pendants. A white Pendant signifies one Ship or Vessel; a red and white Pendant, two Vessels; a red Pendant, pierced with white, three Vessels; and a yellow Pendant pierced with blue, four Vessels; when the number of Vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow Pendant will be hoisted.

If the Vessels in sight are Men of War in the East Quarter, one of the numerical Pendants, will fly from the National Flag of the upright Staff; if in the North or South Quarters, the Pendants will fly at the extremity of the Yard Arm over the National Flag, hoisted on the stay of the North or South Arms of the Cross Yard.

If Merchantmen are seen in the North, South or East Quarters, the Numerical Pendant will fly under the National Flag. If the Ships are Indiamen, a blue Pendant will be displayed as usual under the Union Flag of the Fort.

If a Fleet is in sight, one Gun will be fired after the signal for the Fleet is made: and if there are two Fleets of different nations in the same point of the Compass, the signal of the first seen Fleet, will be lowered after the space of 15 minutes and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue Flag pierced with yellow, hoisted to the extremity of the Staff or Arm, expressive of the Quarter she is in.

The annexed Plate represents the Flag of all nations, that trade to Madras; in the upper corner of which is represented the Flag, Staff and yard, and the manner in which the Signals are made to express Ships or Vessels discovered in the North, South, and East Quarters of the compass.

The St. George's Flag hoisted on the upright Staff with a yellow Pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward; the Dutch Flag of two points or Swallow's Tail hoisted on the Stay of the Northern Staff, and a red and white Pendant over it, at the extremity of the Arm, represents two Dutch armed Brigs or Snows in the North Quarter, and a French broad Pendant hoisted to the Stay of the South Arm of the Cross Yard, with a red Pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the Compass.

If the Numerical Pendants, instead of flying at the extremity of the Staff, are hoisted under the National Flags, in the manner expressed by the letter M, they will describe the same class of Vessels to be Merchantmen.

N. B. The blue Pendant flying under the Union Flag of the Fort, with the St. George's Colours hoisted upon any one of the Signal Staffs, expresses an Indiaman. A Yellow Pendant flying under the Union Flag with either of the three white Flags hoisted under any of the signal Staffs, represents a Spanish Vessel; and if a red Pendant flies in the place of the yellow Pendant, it will express a Portuguese. A blue and yellow Pendant, flying over the National Flag represents a Fleet of Men of War; and under it, a Fleet of Merchantmen.
