The following distances and angles formed by the Madras
Church Steeple, the Flag Staff on St. Thomas's Mount and Pe-
rumbakum Hill (a small angular detached hill which lays
about 8 miles South of the Mount, and whose position was de-
termined by Major Lambton's Survey) will enable any observer
on board of a Ship riding in the Madras Roads to determine its
bark with great precision by taking their angular distance with
a common Sextant.

Government Advertisement.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the H. C.'s Observatory, in regard to Sea Time keepers delivered to his charge for the purpose of having their daily rate ascertained, notice is hereby given, under the authority of His Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the H. C.'s Sea Service, or by the Masters and Officers of British Merchant Vessels frequenting this port will be received every day (Sunday excepted) between the hours of Eleven and Two. That they will be regularly compared for as many days as may suit the occasion of the owners, and that they will be returned, on written applications between the same hours, accompanied by detailed accounts of their rates of going while deposited, free from all fees or charges of every description.

Published by order of the Right Honorable the Governor in Council.

G. G. KEBLE,

Sec. to Govt.

Fort St. George, 20th April 1807.

N. B. Gentlemen sending their Time keepers to the H. C. Observatory in order to have their rates ascertained are requested to notice the time of the day when by the preceding Advertisement they are desired to apply for sending or withdrawing their watches, as the public servants are allowed to withdraw from the office between the hours

of three and eight o'clock in the afternoon, and the owners may occasionally be disappointed when sending during that interval. It is also recommended to the owners never to send their Time keepers in a Palankeen, for long experience has shown that its motion disturbs the rate and frequently stops the watch altogether.

H. C. OBSERVATORY,
1st October 1809.

JOHN WARREN,
ACTING ASTRONOMER.

SIGNALS

for Ships or Vessels in the Offing.

SIGNALS. Maritime Signals or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort Spaniel of Fort St. George, on which there are three Signal Stacks. One consisting of an upright Mast, representing the East point of the compass with a Yard hung by the middle across the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts, and of one Mast.

An Ensign, or Square national flag, represents a ship of three masts, a national flag, with two points or swallow tail, represents a Brig or Schooner, and a broad national pendant terminating in two points, represents a Sloop or Cutter of one mast.

If either of these flags are hoisted to the top of the upright staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South point of the cross yard, the vessels seen are in the North or South Quarters of the compass.

The numbers of ships that appear in the offing, are expressed by pendants. A white pendant signifies one Ship or Vessel, a red and white pendant, two Vessels; a red pendant, pierced with white cross, three; and a yellow pendant pierced with blue, four Vessels; when the number of Vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the Vessel is a Men of War in the East Quarter, one of the national pendants, viz. from the national flag of the upright Staff; If in the North or South Quarters, the Pendants will fly at the extremity of the yard arm over the National flag, hoisted on the stay of the North or South Arms of the Cross Yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the National flag. If the Ships are Merchantmen, a blue pendant will be displayed as usual under the Union flag of the Fort.

If a fleet is in sight, one Gun will be fired after the signal for the Fleet is hoisted; and if there are two fleets of different classes in the same point of the compass, the signal of the first seen fleet will be lowered after the appearance of the second and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow, pointed to the extremity of the Staff or Arm, expressive of the quarter she is in.

The annexed plate represents the flag of all nations, that trade to Madras, in the upper corner of which is represented the flag and the pennant in the manner in which the Signalers had to express in that design discovered in the North, South, and East Quarters of the compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pennant, with blue overboard, announces the arrival of British Men of War, as to the East India Company's flag of two points or swallow tails hoisted on the staff of the foremast, and a staff and with a pendant pennant at the extremity of the arm, represents two Dutch armed flags or boats in the North Quarter, and a French broad pendant pointed to the stay of the South Arm of the cross yard, with a red pendant pennant, with a white flag overboard at the extremity of the Arm, represents French armed vessels in the South Quarter of the compass.

If the national pendants, hoisted off down at the extremity of the Staff, are hoisted under the National flag, in the manner explained by the letter M. they will describe the shade class of vessels to be Merchantsmen.

N. B.—If the blue pendant flies under the union flag of the Port, with the St. George's Colours hoisted upon any one of the Signal staffs, expresses an Indiaman; a yellow Pendant flying under the Union flag with either of the above white flags hoisted under any of the signal staffs, represents a Spanish Vessel; and if a red Pendant flies in the place of the yellow Pendant, it will express a Portuguese. A black and yellow Pendant flying over the National flag represents a fleet of men of war, and under it, a fleet of Merchantsmen.

Light House.

THE Light House on the Exchange in Port St. George was erected by the Exchange Committee, with the sanction of Government in December 1796, and is of essential service to ships coming into the Roads in the night.

The Light is 93 feet above the level of the Sea at high water; it can be seen from the decks of the Honorable Company's Ships about 17 miles and from their mast heads say 26 miles.

The South point of Pulicat shoal bears from the Light House, N. by E. half E. distance 12 miles; and to keep clear of the shoal, the light should always bear to the Westward S. S. W. 3 W.

PASSPORT REGULATIONS.

THE Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st.—That from and after the first of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Fort St. George.

2d.—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the name of the person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; To the Town Major of Fort St. George for Military persons belonging to that garrison; to the Adjutant General of the Army for all other Military persons leaving the Presidency; and to such Officers Commanding Military Stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to persons not Military.

3d.—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th.—That all Travellers, on arriving at a station, shall deliver

Passport Regulations.

their Passport to the proper Officer, who shall register its receipt in the same manner as on granting one, & if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th.—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their register of Passports granted and refused during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th.—That passports to Military Persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively, but in cases of urgency, a Military Officer, in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passport with the words "Pass to" noting the date, entering in his register the particulars of the Passport, in the same manner as if he had granted a new one, and entering the word "endorsed" in the column of remarks.

7th.—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th.—Public Officers having received a Passport authorizing them to travel post, the public works shall not be compelled to wait for the exchange of these Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All Public Officers authorized to grant or receive passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of farther enquiry. And all Public Officers authorized to issue Passports are also empowered, on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced, reporting the detention to the Secretary of Government by the post of the day or even to restrain until further orders the person of the

Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the harbors of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and surely these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any foreign Governor, can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d.—The routes of foreign Travellers for commercial purposes will be generally by the Sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel in and, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects who are not in His Majesty's or the Broomie Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will as soon as may be practicable after the receipt of these instructions transmit to the Secretary of Government, descriptive lists of all Europeans, not in His Majesty's or the Company's service residing within the limits of their respective authority, with their opinion regarding the expediency of licensing the further residence of each individual. The Secretary

Passport Regulations.

will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the service, who shall not possess such certificates on the "first day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date;—no Passport shall be granted to any European not in the Service, who resides or states himself to reside at any English port or station, nor to any British subject residing at a foreign settlement, who does not possess such certificate or license, but Mariners or Traders, whether British or Foreign not resident in India who may desire to pass from one port to another for commercial purposes, shall be furnished with Passports without hesitation.

N. B.—The Certificate should include a description of the person, and should grant conditional permission to reside at the town of " " subject to be sent to Europe at the shortest notice whenever the Government shall think fit.

Fort St. George, 21st April 1802.

NOTICE is hereby given, that from and after the first day of July next, no European person of whatever race, description, or country will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council has been pleased to make to the foregoing resolution, is in favor of Officers Commanding parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring in to the nearest garrison any European deserter or vagrant of any description.

Fort St. George, May 25, 1799.

Passport Regulations.

IN addition to the Government Advertisement published on the 23rd of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport—The Right Honorable the Governor in Council is hereby pleased to give notice that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the Presidency under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2d.—The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing Resolution, is in favor of Officers Commanding parties of His Majesty's or the Honorable Company's Troops.

3d.—For the more strict execution of this order, notice is hereby further given, that a reward of ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison any European Deserter, or Vagrant, of any description.

4th.—The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military Persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military Persons leaving the Presidency.

The Residents at Hyderabad—Poonah—Mysore—and Travancore—the several Collectors of Revenue, the Commercial Residents residing at Sea Ports, and Officers Commanding Military Stations.

Fort St. George, May 15, 1802.

THE Right Honorable the Governor in Council has been pleased to adopt the following modifications in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports at the Police Office in person, and that no Passports be issued to Foreigners except at the Police Office. Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

No Civil servant under the service of a Member of Council to return to India after five years absence, without the consent of three parts in four of the Court of Directors, and three parts in four of a General Court of Proprietors, nor any Military servant, under the rank of Commander in Chief, who shall have been absent five years, unless it shall be satisfactorily proved to the Directors and Board of Control, that such absence was occasioned by sickness, or some inevitable cause.

ABSTRACT of an Act passed in the Forty-seventh Year of his present Majesty, Sec. 2. Cap. 68, Sec. 7.

Whereas the East India Company have lately established a College in England, for the appropriate Education of young men designed for their Civil Service in India, and it will therefore be expedient that, under certain circumstances, the time spent by such young men in the said College, after they shall have attained the age of 17 years, should entitle them to the same privileges as they would have been entitled to if they had been resident such time in India; be it therefore enacted, that, from and immediately after the passing of this Act, all such time, not exceeding two years, as shall be bona fide spent in the said College, in the regular course of such education as aforesaid, by any persons after they shall respectively have attained the age of 17 years, provided they shall bona fide spend, either before or after 17 years of age, two years at least in the said College, in the regular course of such education, and shall afterwards go to India in the Civil Service of the said Company, shall be accounted as to the officers, places and appointments, which such persons are entitled to be appointed to, and to hold, as so much time actually spent in India.

Especial attention will be paid also to such parts of education as may serve to qualify them for public business, and for the higher departments of commercial life.

Though this School be designed as introductory to the College, it is not to be understood that the Company is pledged to make it the sole channel of an appointment to the College itself; but it is nevertheless proper to observe, that those who shall have passed through both institutions will enjoy the advantage of an uniform system of education begun in early youth, and continued to their departure for the duties of their public stations.

Notwithstanding that an intimate connection is intended to subsist between the College and the School, it is nevertheless to be understood, that, whilst the College is exclusively appropriated to persons designed for the civil service of the Company abroad, the School will be open to the public at large.

The Rev. M. H. Loscombe, A. M. of the University of Cambridge, is appointed Head Master of the School; to whom the annual sum of seventy guineas is to be paid for each pupil; which, without any additional charge, will include, besides the usual course of classical instruction, the French language, writing, arithmetic, mathematics, drawing, and dancing.

same due on this account should be settled between the parties; Published by order of the Board of Revenue with the authority of Government.

SECRETARY.

EXTRACTS from an Advertisement dated 13th December 1803.

“With a view of affording additional security to the proprietors of lands and houses in Madras and as a means of preventing clandestine transfers and mortgages of property, His Lordship in Council has been pleased to direct a register to be opened at the Cutchery of the Collector of Madras when all persons who purchase property or lend money on mortgages of property may register their purchase or mortgage deeds.

EXTRACT of a general letter from England in the Commercial Department, dated 7th Sept. 1803.

Para. 229. IN our letter of the 31st October 1799 we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouse and that we had been induced to appoint our own Servants to conduct this business in order that they might be accountable to us for the propriety of their conduct.—The in-

crease which has taken place in the Civil and Military establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe have determined us to make a separate department for the purpose of clearing Baggage, Wines, and Presents, and we have appointed Mr. William Marter and Mr. William Evans to be Warehouse-keepers of Baggage subject to our immediate inspection and control, and we have made such arrangements with His Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible despatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have marked this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our Servants returning to Europe that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans to clear and deliver them their Baggage, Wines, and Presents, as we have directed Messrs. Marter and Evans to transact every branch of business connected with this department which will render the Agency of all other persons unnecessary.

232. Passengers arriving from India are liable to inconveniences from being ignorant of the law which prohibits all goods being printed, painted or stained or dyed, and also Silk Goods from being worn or used in that Country, and such Goods, although made into apparel or otherwise necessary taken out of their Baggage and detained by the Officers of the Revenue. We direct therefore that notice be sent by made generally public, and further that neither any cloth which contains a coloured stripe, however small, nor considered to be prohibited and cannot be passed in England as part of their baggage.

— 233 —

EXTRACT of a general letter from England in the Public Department, dated 25th August 1801.

HAVING observed to the immense quantity of baggage brought on board by the Passengers arriving in the Company's Ships

100

and being desirous of promoting every regulation that appears to us likely to increase the importation of surplus Tonnage, we have investigated this as one cause, which has occasioned the reduction of that important benefit, both to the Company and owners, the space occupied by the Passengers baggage in one of the Ships lately arrived having amounted to the immense quantity of 63 Tons, conceiving therefore some regulation necessary to be adopted to correct as much as possible this growing evil and to prevent such immense quantities of baggage being imported, to the ultimate exclusion of the Company's cargo, we have come to the following resolutions, with copies of which you must furnish the Commanders of all Ships in the Company's Service for their information and guidance; and we direct that you adopt every other means which may appear necessary towards carrying the same into effect, viz.

That Gentlemen proceeding to England in the undermentioned stations be restricted from taking with them, a larger Tonnage of baggage and stores, than the following exclusive of their bedding, a table and a sofa or two chairs for their respective cabins, viz.

Gentlemen of Council.....	3	Tons.
General Officers.....	5	do.
Colonels in His Majesty's or Company's Service, ..	4	do.
Senior Merchants.....	4	do.
Lieutenant Colonels.....	3	do.
Junior Merchants.....	3	do.
Majors.....	2	do.
Factors.....	2	do.
Captains.....	2	do.

That Gentlemen proceeding to England in either of the above-mentioned stations who may be permitted to bring home their families with them, be restricted from taking more Tonnage than one half of the preceding allowance in addition, as the Ladies baggage.

That married Ladies proceeding to their Husbands in England, be restricted from taking more than 2-51 of the Tonnage prescribed for a Gentleman of the same rank as their Husbands.

That Writers, Lieutenants, Ensigns and other cabin Passengers be restricted from taking a larger quantity of baggage and stores than 1 Ton each, exclusive of their bedding, a table and sofa or two chairs.

That married Ladies proceeding to their Husbands in England

of either of these last mentioned descriptions be restricted from taking more than a similar quantity of baggage.

That such Gentlemen of either of these last mentioned descriptions who may be permitted to bring home their Wives with them be restricted from taking more than 1 Ton in addition as the Ladies baggage.

That single Ladies be restricted from taking more than the same quantity of baggage and cabin furniture.

That all excess of baggage beyond the abovementioned quantities, on whatever ship it may be brought home be invariably charged freight at the charter party rate per Ton, and that the said baggage be not delivered from the Company's Warehouse, till such freight shall have been paid into the Company's Treasury.

MADRAS INFIRMARY & NATIVE POOR ASYLUM.

Chief Secretary to Government, }
Town Major, } Perpetual Members,
Superintendent of Police, }

AND

Nine Members elected annually by Government.

Lieut. Colonel J. H. Symonds, Sept. of Police, Treasurer.
J. Dalton, Surgeon.
W. J. Chater, Superintendent and Secretary.

The object of this Institution, not less benevolent than it is comprehensive and important, is to afford relief to the Native Sick and Poor of all classes and descriptions. As an Infirmary, all Natives suffering under disease and such as may be so unfortunate as to meet with accidents are admitted, and have the benefit of medical and surgical assistance. To those not desirous of being received into the Institution, or whose situation may not admit of their residing in it, professional advice and medicines are administered as out-patients. As an Asylum for the Native Poor, the Institution affords accommodation and subsistence to such as from age and infirmity, and possessing no certain means of maintaining themselves, are unable to earn a livelihood, and who without such a provision would be constrained to supplicate charity for subsistence.

The peculiar advantages of this Institution are that, excluding none of the Native poor, incapable of labour who are destitute of availing themselves of its benefits, it affords relief to a few who are really objects of compassion, and it holds forth the incentives to tolerable depravity; thus establishing the inference that such mendicants as may hereafter importune the public for charity, pursue a vagrant life not their necessary but choice, and consequently that they are unworthy objects of private benevolence.
