The following distances and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas's Mount, and Perumbankum Hill (a small sugar loaf detached hill which lay about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey,) will enable any observer on board of a Ship riding in the Madras Roads to determine its birth with great precision by taking their angular distance with a common Sextant.

Government Advertisement.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished Superintendent of the H. C.'s Observatory, in regard to Time-keepers delivered to his charge for the purpose of their daily rate ascertained; notice is hereby given, the authority of His Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Masters and Officers of His Majesty's Navy, or of the Army, or by the Masters and Officers of British Merchant Vessels frequenting this port, will be received every Sunday (excepted) between the hours of Eleven and Two, they will be regularly compared for as many days as may be occasioned by the owners, and that they will be returned, at the same application between the same hours, accompanied with a full account of their rates of going while deposited, free of all fees or charges of every description.

Published by order of the Right Honorable the Governor in Council,

G. G. KEBLE,

SECRETARY TO GOVERNMENT.

Fort St. George, 20th April 1807.

In pursuance to the above Advertisement, notice is hereby given that no Time-keeper sent to the H. C.'s Observatory, for the purpose of having its rate ascertained, will be returned without an application from the owner; and unless it be transmitted within the hours specified by the said Advertisement.

In order to meet the public convenience and to insure the delivery of Watches, whose rate has been ascertained at the Observatory of the H. C.'s Observatory will on receipt of an application for the same, cause such Time-

keepers to be taken, (if it be the pleasure of the owner,) to Mr. Robert Gordon's house near the North Gate in Fort St. George, free from all charges, at the appointed time, and by a safe conveyance.

H. C.'s OBSERVATORY,
April 20, 1811.

JOHN WARREN,

ACTING ASTRONOMER.

N. B.—It is also recommended to the owners never to send their Time-keepers in a Palankeen, for long experience has shown that its motion disturbs the rate and frequently stops the watch altogether.

In case of the intermediate death of the party, however, no further premium is to be demanded. And the insured has the option of putting a stop to the insurance at the end of every year, by discontinuing the payment of premium.

6. If a person makes an insurance for one year only, he must furnish a fresh certificate and affidavit of health, before he can be permitted to renew his insurance. But that is not required, where the insurance has been made, in the first instance, for a longer period.

Every Officer returning on furlough, and wishing to retire from the service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must, at the expiration of his furlough, either return to India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of twenty-two years, without having a furlough. In that case he is allowed two years before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Promotion in consequence of Officers retiring in England, takes place from the time when the requests of such Officers to retire are laid before the Court.

COLLEGE SCHOOL.

Besides the College at Hertford, the Company patronize a School subordinate to it, and under the superintendence of the Principal, into which boys may be admitted at an early age, and in which they will be taught the elements of general learning, and such other accomplishments as are the usual objects of instruction in the larger seminaries of this country. Especial attention will be paid also to such parts of education as may serve to qualify them for public business, and for the higher departments of commercial life.

Though this School be designed as introductory to the College, it is not to be understood that the Company is pledged to make it the sole channel of an appointment to the College itself; but it is nevertheless proper to observe, that those who shall have passed through both institutions will enjoy the advantage of an uniform system of education, begun in early youth, and continued to their departure for the duties of their public stations.

Notwithstanding that an intimate connection is intended to subsist between the College and the School, it is nevertheless to be understood, that, whilst the College is exclusively appropriated to persons designed for the civil service of the Company abroad, the School will be open to the public at large.

The Rev. M. H. Luscombe, A. M. of the University of Cambridge, is appointed Head Master of the School; to whom the annual sum of seventy guineas is to be paid for each pupil; which, without any additional charge, will include, besides the usual course of classical instruction, the French language, writing, arithmetic, mathematics, drawing, and dancing.

*EXTRACT of a general letter from England in the
Commercial department, dated 7th Sept. 1808.*

229. IN our letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Marter and Mr. William Evans to be Warehouse-keepers of Baggage subject to our immediate inspection and control, and we have made such arrangements with His Majesty's Board of Customs for ascertaining and paying the duties on Baggage, as will ensure the greatest possible dispatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our Servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans to clear and deliver them their Baggage, Wines, and Presents, as we have directed Messrs. Marter and Evans to transact every branch of business connected with this department, which will render the Agency of all other persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this Country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue. We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe now

ever small, are considered to be prohibited and cannot be passed in England as part of their baggage.

*EXTRACT of a general letter from England in the
Public Department, dated 26th August 1801.*

HAVING adverted to the immense quantity of baggage brought home by the Passengers arrived in the Company's Ships and being desirous of promoting every regulation that appears to us likely to increase the importation of surplus Tonnage, we have investigated this as one cause, which has occasioned the reduction of that important benefit, both to the Company and Owners, the space occupied by the Passengers baggage in one of the ships lately arrived having amounted to the immense quantity of 63 Tons; conceiving therefore some regulation necessary to be adopted to correct as much as possible this growing evil and to prevent such immense quantities of baggage being imported, to the ultimate exclusion of the Company's cargo, we have come to the following resolutions, with copies of which you must furnish the Commanders of all Ships in the Company's Service for their information and guidance; and we direct that you adopt every other means which may appear necessary towards carrying the same into effect, viz.

That Gentlemen proceeding to England in the undermentioned stations be restricted from taking with them, a larger Tonnage of baggage and stores than the following, exclusive of their bedding, a table and a sofa or two chairs, for their respective cabins, viz.

Gentlemen of Council,	5	Tons,
General Officers,	5	do.
Colonels in His Majesty's or Company's Service,	4	do.
Senior Merchants	4	do.
Lieutenant Colonels	3	do.
Junior Merchants	3	do.
Majors	2½	do.
Factors	2½	do.
Captains	2	do.

That Gentlemen proceeding to England in either of the above-mentioned stations who may be permitted to bring home their families with them, be restricted from taking more Tonnage than one-half of the preceding allowance in addition, as the Ladies Luggage.

That married Ladies proceeding to their Husbands in England,

be restricted from taking more than 2-3 lbs of the Tonnage prescribed for a Gentleman of the same rank as their Husbands.

That Writers, Lieutenants, Ensigns, and other cabin Passengers be restricted from taking a larger quantity of baggage and stores than 1 Ton each, exclusive of their bedding, a table and sofa or two chairs.

That married Ladies proceeding to their Husbands in England of either of these last mentioned descriptions, be restricted from taking more than a similar quantity of baggage.

That such Gentlemen of either of these last mentioned descriptions who may be permitted to bring home their Wives with them, be restricted from taking more than 1 Ton in addition as the Ladies baggage.

That single Ladies be restricted from taking more than the same quantity of baggage and cabin furniture.

That all excess of baggage beyond the abovementioned quantities, on whatever Ship it may be brought home, be invariably charged freight at the charter party rate per Ton, and that the said baggage be not delivered from the Company's Warehouse, till such freight shall have been paid into the Company's Treasury.

Advertisement.

THE Right Honorable the Governor in Council having resolved that no ordnance, fire arms, ammunition or military stores of any description shall be purchased or sold by any individual residing under the protection of the Government of Fort St. George, (with the exception of regular Shopkeepers, who may import from England, small arms, battle powder, swords or dirks for sale to their Customers) does hereby order and direct, that all individuals having any ordnance, fire arms, ammunition or military stores, which may be intended for sale, (with the exception above stated,) shall deliver the same at the Arsenal of Fort St. George, where a receipt will be granted by the Officer of Government.

The individuals will be reimbursed by the Government in the full value of all articles so delivered, on their making application at the Office of the Military Board.

It is the desire of His Lordship in Council to obviate the inconvenience which this Regulation might produce to individuals who may require arms, ammunition, &c. for the protection of ships or other vessels that may be employed in Trade.—It is therefore hereby notified, that articles will be supplied from the

Arsenal when it may not be inconvenient, under the usual authority of Government and the Military Board.

JUDICIAL DEPARTMENT.
THE Honorable the Governor in Council is pleased to publish the following Extract from a Regulation under date the 11th November last, prohibiting individuals from dressing themselves in the Regiments of the Company's troops, for general information.

EXTRACT FROM REGULATION III, A. D. 1810.

Section IX. First. All persons whether European or Native, within the Company's provinces (excepting such privileged persons as the Government may specially exempt from the operation of the rule contained in this Section) are positively forbidden to dress any of their servants, either for the purpose of parade or of business, in the uniform of the Company's sepoy and lascars, or in a dress, so nearly approaching to that uniform, as to enable the persons wearing it to impose themselves on the country people for sepoy and lascars.

Second. All natives, excepting those actually in the Military Service of the Company, or belonging to persons specially exempted by Government from the operation of this rule, are forbidden to wear a dress similar to that mentioned in the foregoing clause.

Third. Officers of every description, employed in the service of the Company, who are allowed establishments of peons, in their official capacity or who may have occasion to employ persons of that description, in such capacity, are prohibited from clothing them with a military dress.

Fourth. With the view of giving full effect to the orders contained in the preceding clauses, the Military Commanding Officers of stations, and of detachments, in the interior parts of the country, and the several zillah Magistrates are hereby authorized and required, to deprive of a military dress any person who shall wear it contrary to these orders. The local Officers of police are also empowered and directed to apprehend all persons of the above description, and to send them to the Magistrate, who will deal with them in the manner above prescribed.

First. Military Officers, or other persons, to whom escorts may be allowed, when travelling through the country, are forbidden to send sepays or lascars into the villages, for the purpose of procuring any sort of provisions or of pressing bearers, coolies, or boatmen. Every local Officer of police, upon proper application, will, under Section VIII, of this regulation, grant such assistance as he may be able to afford; and all violent measures, therefore, will be considered equally illegal and unnecessary.

Second. No persons shall be allowed to distinguish his person, or other servants, with badges, except the Public Officers (civil or military) employed in the service of the Company, who are allowed establishments of peons in their official capacity, or who may have occasion to employ persons of that description, in the public service. The several zillah Magistrates are empowered and directed to apprehend any person (not being in the service of a Public Officer of the Government, authorized to entertain such servants) who shall wear a badge, in opposition to the prohibition contained in this clause, and to deprive him of the badge. The local Officers of police are also authorized and directed to apprehend persons of the above description, and to send them to the Magistrate, by whom the offender will be dealt with as aforesaid directed. Any European, not being a Public Officer of the Government, to whom such description of public servants is allowed, employing badged peons, or other description of servants wearing badges, contrary to this prohibition, will be liable to the severe displeasure of Government, on representation of the circumstances of the case by the Magistrate, who is directed to report all such instances for the information and orders of the Governor in Council.

EXTRACTS from an Advertisement dated 13th December 1803.

"With a view of affording additional security to the Proprietors of Lands and Houses in Madras and as a means of preventing clandestine transfers and mortgages of property, His Lordship in Council had been pleased to direct a register to be opened at the Cutcherry of the Collector of Madras, when all persons who purchase property or lend money on mortgages of property may register their purchase or mortgage deeds.

"And it is hereby further notified that the public register for entering transfers and mortgages of Lands and Houses in Madras, is now open at the said Cutcherry."

Pursuant to the former of these Advertisements the Government at quit rent and arrears if any outstanding, is to be paid by the Proprietors in actual possession of the Lands or Houses on which it is due; all persons, therefore, purchasing or taking mortgages of Lands or Houses should be careful to have their deeds regularly registered and all arrears of quit rent discharged by the former holders up to the day of the transfer, as otherwise they will be held answerable for the amount.

PUBLIC DEPARTMENT, DECEMBER 31, 1810.

THE following Regulations having been adopted by the Governor-General in Council, under the authority and direction of the Honorable the Governor in Council, they are now published for general information.

24. The Governor-General in Council has been pleased to authorize the Accountant General and the Sub-Treasurer, for the time being, to act under the responsibility of the Honorable Company, as Agents (for the purposes hereinafter mentioned) of the public creditors of this Government, whether residing in Europe or elsewhere.

25. The Officers above-mentioned are authorized to receive charge of, and to grant, receipts in duplicate, for any Obligation or Loan Acknowledgments of this Government, which the Proprietor may wish to deposit with them.—No Note is to be received in deposit, which shall not appear to be made out in the name of, or be regularly indorsed to, the person depositing it.—Persons desiring to deposit their Government Securities shall make their application to the Accountant General and Sub-

Treasurer in the form hereunto subjoined, No. 1; and the receipt of those Officers will be given in the form No. 2.

4th. The Officers above-mentioned will receive the Interest on any Government Paper which may be deposited with them.—And will, according to the instructions of the Proprietor, remit the amount, either to England in Bills to be drawn on the Honorable Court of Directors, if the same shall be payable in such bills by the terms of the Loan; or to the Presidencies of Fort St. George, or Bombay, by Drafts on the Public Treasuries of those Presidencies, or to any of the stations subordinate to this Presidency, by Drafts on the Collectors, or on the Residents at Delhi or Lucknow, according to the rates of exchange, at which Government may draw at the time—or they will pay the amount at the Residency to any person nominated by the Proprietor to receive such payment.—The instructions as to the manner in which the interest is to be paid, must be made out according to the forms hereunto subjoined, Nos. 3, 4, and 5, which are adapted to the several cases above specified.—The Proprietor will be at liberty to substitute one of these modes of receiving the Interest for the other, as often as he shall think fit; provided that the fresh instructions be delivered at the Treasury one month before the day on which the Interest falls due.—Persons having more Notes than one in deposit may give separate instructions regarding the Interest on each Note, but the whole of the interest on each Note must be received in the same manner and at the same time.

5th. When the Principal of any Government Paper so deposited shall become payable, the above mentioned Officers will, according to the instructions of the Proprietor, either pay the amount, with the Interest due upon it, to such person as shall be appointed to receive the payment; or they will reinvest it in any other Loan, to which it may be subscribable at the time, or in the purchase of other Obligations or Loan Acknowledgments of this Government in the market, at the current price of the day.

The instructions for these purposes must be made out according to the forms hereunto subjoined, Nos. 6, 7, and 8, which are adapted to the three several cases above specified. The Proprietor may at any time substitute one of these modes of disposing of the Principal for the other, provided that the fresh instructions be delivered at the Treasury one month before the day on which the Principal falls due.—Persons having more Notes than one in deposit may give separate instructions regarding each Note, but the whole amount of each Note must be disposed of in the same manner and at the same time.

6th. If any Loan be opened by the Government of Fort William, into which the Paper deposited may be receivable, the Officers abovementioned are authorized to subscribe the Paper so deposited to such Loans, upon receiving the instructions of the Proprietors for that purpose, although the Notes may not be in course of payment. Instructions for this purpose must be made out according to the form No. 9.

7th. The Officers abovementioned are authorized to receive remittances, in Government Bills only, from individuals desiring to purchase the Public Securities for deposit with them (provided such Bills shall be payable at the General Treasury, and shall amount to £2000 Ster. Rs.) and to forward the amount, according to the instructions of the Proprietor to the Government Securities Office by subscribing the amount to any Loan which may be open for the receipt of Cash, or by purchasing in the market at the current price of the day; instructions for this purpose shall be made out according to the forms hereunto subjoined Nos. 10 and 11.

8th. The Officers abovementioned are further authorized to invest the amount of Interest due on Paper deposited with them in the Government Securities, in either of the modes mentioned in the last Clause, upon receiving the Proprietor's instructions for that purpose; such instructions must be made out in the form hereunto subjoined, No. 12.

9th. The same Officers are further authorized, at any time, on receiving proper authority and instructions from the Proprietor for that purpose, to indorse any one or more Notes deposited with them, as attornies to the Owner, to such person as he shall direct, or to sell the same on the Owner's account at the current price of the day, and to pay over the proceeds in Cash at the Treasury to such person as the Proprietor may appoint to receive the same, provided that the whole amount of each Note sold, shall be payable in one sum, and to the same person. But they are prohibited from reinvesting the proceeds of Paper so sold, or from disposing of it in any other manner than by such payment at the Treasury, as above mentioned, to the order of the Proprietor. Any fees, which may have become due according to the rates hereinafter prescribed upon the Paper required to be indorsed, are to be paid before the indorsement is made, or in case of the sale of the Paper, the fees shall be deducted from the amount proceeds before it is paid over. The power of Attorney to Indorse, or to Sell, must be made out according to the form No. 13; the direction to Indorse according to the form No. 14; and the direction to Sell, and the order to Pay, according to the form No. 15.

118

10th. If Government should at any future period grant a remittance of the Principal of any Paper deposited under the terms of this Advertisement, the Officers abovementioned will render the Principal upon receiving instructions from the Proprietor to that effect, such instructions must be made out according to the form No. 16. The Proprietor may at any time withdraw the Government Securities deposited, or any part of them, from the charge of the abovementioned Officers, and such Securities will be delivered up to the Proprietor himself, or to any other person whom he may authorize to receive them upon payment of such fees as may have become due to the Accountant General and Sub Treasurer, according to the rates hereafter specified upon the Paper so required to be delivered up. The authority to receive deposited Paper, must be made out according to the form No. 17.

11th. In each of the cases on which the Officers abovementioned are authorized to invest money in the Public Securities, it is to be understood, that they will invest as near as possible, the whole amount, but that they are in no case and upon no account to exceed it.—Such fractional sum as may remain in their hands above the amount invested, will be payable on demand at the Treasury to the order of the Proprietor, such order is to be made out according to the form No. 18.

12th. The full postage must be paid on all Letters directed to the Officers abovementioned, and the full postage on all Letters from them will be charged to the persons to whom they are addressed. All letters addressed to them are to be superscribed in the following manner:

" TO THE ACCOUNTANT GENERAL
AND SUB TREASURER,

These forms will be printed and furnished in blank at the different Presidencies, and at the India House, to persons desirous of availing themselves of the agency of the Public Servants, and no other than the forms so furnished, will be received or acted upon by these Officers.

PASSPORT REGULATIONS.

THE Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Port St. George.

1st.—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Port St. George.

2d.—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the name of the person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides, To the Town Major of Port St. George for Military persons belonging to that garrison; to the Adjutant General of the Army for all other Military persons leaving the Presidency; and to such Officers Commanding Military stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in consultation with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to persons and Military.

3d.—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th.—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register its receipt in the same manner as on granting one, and if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, in the person by whom they appear to have been granted.

5th.—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct errors, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th.—That Passports to Military Persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively, but in cases of urgency, a Military Officer, in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Pass-

part with the words "Pass to" noting the date; entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th.—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th.—Public Officers having received a Passport authorizing them to travel *pass on the public service*, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of those Regulations which involve delay.

9th.—All Public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of better enquiry. And all Public Officers authorized to issue Passports are also empowered, on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced; (reporting the detention to the Secretary of Government by the post of the day) or even to detain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement all letters relating to Passports shall be surcharged "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations:

1st.—To guard against the intrigues of foreigners in the interior of the country, either among our own feudatories or subjects, or at the disposal of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any foreign Governor, can be considered

124

of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d.—The routes of foreign Travellers for commercial purposes will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will as soon as may be practicable after the receipt of these instructions transmit to the Secretary of Government, descriptive lists of all Europeans not in His Majesty's or the Company's service residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the service, who shall not possess such certificates on the "first day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date;—no Passport shall be granted to any European not in the Service, who *resides or states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license, but Mariners or Traders, whether British or Foreign *not resident in India*, who may desire to pass from one port to another for commercial purposes; shall be furnished with Passports without hesitation.

N. B.—The Certificate should include a description of the person, and should grant conditional permission to reside at the town of " " subject to be sent to Europe at the shortest notice whenever the Government shall think fit.

For St. George, 21st April 1802.

NOTICE is hereby given, that from and after the first day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European deserter or vagrant of any description.

Fort St. George, May 15, 1796.

IN addition to the Government Advertisement published on the 26th of May 1796, prohibiting Europeans of every description from passing thro' the Company's dominions subject to the Presidency, without a regular Passport—The Right Honorable the Governor in Council is hereby pleased to give notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2d.—The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding parties of His Majesty's or the Honorable Company's Troops.

3d.—For the more strict execution of this order, notice is hereby further given, that a reward of ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant, of any description.

4th.—The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons leaving the Presidency.

The Residents at Hyderabad—Poonah—Mysore—and Travancore—the several Collectors of Revenue, the Commercial Residents residing at Six Ports, and Officers Commanding Military Stations.

Fort St. George, May 15, 1802.

THE Right Honorable the Governor in Council has been pleased to adopt the following modifications in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports at the Police Office in person, and that no Passports be issued to Foreigners except at the Police Office. All Foreigners residing at any of the out-stations or elsewhere, under the authority of the Government of Fort St. George, or who may hereafter arrive, shall without delay report through the channel of the nearest Magistrate, Collector or other local authority, their place of residence, occupation, period of arrival and from whence they have last come, to the Police Office at Madras, and any person failing to comply with this notification, will, on discovery be placed under personal restraint.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations, and to see that the order is strictly enforced.

All Passports of whatever description, are in future to be translated into the Malabar, Gentoo and Hindoostany languages.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

Fort St. George, August 22, 1807.

Post Office Regulations.

GOVERNMENT ADVERTISEMENT.

THE Honorable the Governor in Council having been pleased to approve the following revised Regulations for the management of the Post Office Department under this Presidency, they are published for general information, and all persons are hereby required and commanded to pay strict attention to them.

Para. 1.—That all letters, of every description, not on the Public Service, shall be liable to postage, except those from, and bearing on the envelope the signature of the Governor, a Judge of the Supreme Court, a Member of Council, the Commander in Chief of the Army, or His Majesty's Naval Commander in Chief, or such as may be franked by the Chief Secretary to the Government.

2.—That all letters addressed to the Governor, Commander in Chief, a Judge of the Supreme Court, a Member of Council, or His Majesty's Naval Commander in Chief, shall bear the usual postage, except such as may be exclusively on the public service, and form an official return, when they must be included in the list hereafter directed to be delivered in monthly upon honor.

3.—That no postage shall be charged on letters exclusively on the service.

4.—All Letters from, or to, Non-Commissioned Officers or Privates in His Majesty's Navy, and Army, from, or to, European Non-Commissioned Officers and Privates, Native Commissioned and Non-Commissioned Officers and Privates, in the Honorable Company's Marine and Military Services, or from, or to Non-Commissioned Officers or Privates of the Europeans and Native Infantry, shall pass free of postage; but, in order to prevent any abuse of this indulgence, no letters from the above description of persons shall be exempted from postage, unless they bear on the envelope the official signature of their respective Commanding Officers.

With a view also to prevent, as much as possible, any abuse of the foregoing indulgence, it is directed that the number of

12k

letters so franked shall not exceed the proportion of one letter daily to every two hundred men in quarters, and one letter to every hundred men when marching or in the field, and further that letters so franked, shall be included in the register hereafter directed to be furnished monthly.

9.—That conformably to the principles of charging $1\frac{1}{2}$ Fanam for each single letter for every 100 miles, the following rates shall be adopted.

Letters not exceeding in weight 1 Ropce to be considered as single from 1 to $1\frac{1}{2}$ double.
 1½ to 2 treble.
 2 to $2\frac{1}{2}$ quadruple.
 2½ to 3 or 1 oz. to be considered as a Packet, and to bear five times the original postage; and for every additional ½ ounce treble the original postage of a single letter to the place to which such letter is addressed, shall be added, to the extent of twelve ounces, beyond which weight no letters can be sent by the regular Tappal.

10.—That postage shall be levied on all ship letters to or from all parts of the world, conformably to the following table of rates, with the exception of Europe letters from and to, the Governor, Judges of the Supreme Court, Members of Council, and Naval and Military Commanders in Chief, also those addressed officially to Officers of His Majesty's Army in India, though not superscribed "On Service" and those addressed to Soldiers though not superscribed "Soldiers' letters," it being understood that the declaration upon honor hereafter required of Public Officers will be demanded in regard to letters included in the first of these two last exceptions.

FOR LETTERS RECEIVED BY SEA.

Single letters as marked in the preceding table to pay 3 fanams, and beyond that, to increase at the rate of 1½ fanam for every half Ropce weight, till the weight shall exceed 12 Ropces, when they shall be considered Packets and shall be subject to the payment of one Pagoda.

FOR LETTERS SENT BY SEA.

The same rates of postage, as specified in the foregoing paragraph to be levied on all such letters, with the exception of those intended for Europe which the writers of them may wish to be forwarded, with the utmost expedition, to London after their arrival at some port in Great Britain or Ireland, on which letters double postage, at the above rates, is in future to be levied; but no letters will be so forwarded unless the words "Double Postage letters" shall be written on the envelope, or that the wish of the writer that they may be put into the double postage

postage shall be made known, in writing, to the Post Master of the station where they may be delivered in.

11.—That all ship letters for the out-stations shall be liable to the rates, decided in the first of the foregoing tables, in addition to the established inland postage, and on all ship letters for the out-stations upon which the ship postage has not been paid the words "Ship postage not paid" shall be marked on the envelope, and the ship postage thereon, as well as the inland postage thereon, shall be collected by the Post Master of the station at which the person resides to whom the letter is addressed.

That the ship postage on all letters intended to be sent by sea shall be collected from the parties, at the foregoing rates, by the Post Master of the Office into which the letter is first put, together with the inland postage which they may bear to the General Post Office.

12.—That as an encouragement to persons having ship letters to bring them to the Post Offices, a reward of one annam shall be paid for each letter to the person so bringing them.

13.—That all Newspapers, excepting the Government Gazette, shall pay postage; those within the weight of one ounce being considered as single letters, and paying accordingly, and all beyond that weight, paying, postage, according to their weight; the postage being collected at the stations to which the papers are addressed; the Newspapers, it is to be understood, are in all practicable cases, to be forwarded by the Bangy Tappal, vide Bangy regulations.

14.—That the Books published at the Asylum Press for the benefit of the Institution, and the Madras Monthly Journal shall, for the present, be forwarded by the Bangy Tappal at the rate of postage chargeable on a single letter only; the same being provided at all the stations to which they are directed.

15.—That parcels of News Papers, &c. arriving by sea shall, in future, be charged with postage at the following rates, those of 1 ounce weight as a single letter, of 2 ounce weight as double, of 3 as a triple, and so on progressively; if however there may be reason to believe that any parcel contains letters, the person to whom it is addressed will be required to open it, or allow of its being opened at the Post Office, in order that postage may be charged, at the usual rates, on all letters which may be found in it.

As it has been determined that no parcels received by sea shall, in future, be transmitted to any inland station, unless the person to whom it is addressed shall send a request to that effect to the Post Master General, notice will be given, as early as may be possible after the arrival of any ship, of the parcels re-

ceived by her, and on application in writing the parcels shall be forwarded to the persons so applying, when they will be held responsible for the postage of them, whatever may be its amount.

19.—That hereafter the hour for the dispatch of the Tappal shall be six in the evening, and the hours for the General Post Office being open to the public, as follows: viz.

From 10 A. M. to 1 P. M. both for the receipt and delivery of Letters, and from 3 to 5 P. M. for the receipt of Letters only.

20.—That no letters or parcels containing money, jewels or any articles of value shall be permitted to be sent by Tappal.

21.—That no detention whatever of the mails shall be allowed at any of the inland stations, and that when the Public Service shall require it an Express shall be dispatched, but at the risk of the person causing it to be dispatched for any improper abuse of this privilege.

In order to ascertain correctly that the preceding regulation has been acted upon to its full extent, a table will be prepared at the General Post Office, shewing the distance between, and probable time of arrival at each station, with which the returns, to be made by the person in charge at each station, will be compared, and the Collector in whose district any delay may appear to have occurred, will be held responsible for the same.

26.—That any Officer on duty, or leave of absence, at the Presidency, who may have occasion to correspond on the public service, shall carry his letters to the Adjutant General who upon being satisfied that the letter is exclusively upon the public service, will frank the same.

29.—That all Officers similarly situated at the subordinate, shall apply to the Commanding Officers of the stations where they may then be residing.

30.—That no Post Office packet shall in future be opened between one station and another for the accommodation of Travellers, as it understood to have been heretofore the practice; but should a competent authority, or circumstances of an urgent public nature at any time render it necessary for an Officer, in the execution of his duty to open a public Mail, it must be carefully opened and closed by the Officer himself, and an official letter must be addressed to the Post Master General explaining, under what orders or peculiar circumstances the measure was adopted.

31.—That no letter which has once been delivered into any Post Office under this Government shall, in future, be restored, except upon an official application in writing, in which the reason for making the application must be stated, a copy of which letter will be forwarded, if necessary, to the station to which the re-delivered letter was addressed, in order to assure the persons

of detecting any frauds that may be attempted. It is however to be understood, that the postage will in no case be returned.

32.—That with a view to prevent the suppression of private letters, and the misappropriation of the postage collected on them, all receipts granted in future at the Post Offices under this Presidency for letters delivered in, shall be on stamped paper, each receipt having the word single, double, treble, quadruple or packet engraved on it in the English, Tamool, Telinga and Persian characters, and specifying at the same time in writing, or by a second stamp, the station from which the letter is dispatched—the place to which it is addressed, the date of its delivery into the first Post Office, and the postage paid on it.

With this facility of discovery every individual, European or Native, whose letter does not reach its destination, will be enabled to obtain redress upon application to the Post Master General; but it is at the same time recommended to the public, as an additional check, that every person do insert in a book, to be kept for the purpose, the directions of all letters sent by Tappal, with the name of the station from which they are sent and the date of their delivery at the first Post Office, and likewise that the stamped receipts above mentioned may not be mislaid or thrown away, without which precautions the present regulation cannot, it is feared, have the desired effect.

The Governor in Council deems it proper to repeat that any deviation from the preceding regulations, will not fail to subject the offending party to the severest displeasure of Government.

Bangy Regulations.

GOVERNMENT ADVERTISEMENTS.

NOTICE is hereby given, that, for the purpose of reducing the weight of the mails dispatched by Tappal, and of affording convenience to the public at large, a Bangy dispatch, will, from the beginning of January next, be established on the routes that lead from Fort St. George to Fort William, to Seringapatam, and to Trichinopoly.

The bangy will be dispatched three times a week, and the days of dispatch from the Presidency, will be Tuesdays, Thursdays and Saturdays. The first bangy will consequently start on Tuesday the 28th of January 1810.

All newspapers and all public dispatches exceeding the weight of one ounce, will be reserved for the bangy: except in cases where the early receipt of any public dispatch may be deemed important, when it must be endorsed with the words "*by Tappal*,"—and in the case of extra newspapers, not exceeding the weight of a single letter, which will still be forwarded by Tappal.

When newspapers and public dispatches, exceeding the weight

of one ounce, may be addressed to or from stations beyond those to which the bangy is sent, they will be transmitted, as far as possible, by bangy, and forwarded by tappal only to, or from the head bangy station.

Parcels for the bangy must be delivered at the General Post Office, before the hour of 12 in the forenoon of the day on which the bangies are dispatched, and the bangies will be dispatched at 4 o'clock in the afternoon.

The bangies will be opened for the receipt of all parcels (with the exceptions hereafter mentioned), and the bangy postage of a parcel, not exceeding fifty rupees weight, will be three times the tappal postage of a single letter—that of a parcel, not exceeding one hundred rupees weight, will be six times the postage of a single letter;—and so, on in arithmetical progression;—but, no parcel, exceeding one thousand rupees weight, will be received for transmission, by bangy.

Newspapers will be charged only with the current rate of postage, and the Government Gazette, will, as at present, pass post-free.

All parcels, whose bulk exceeds the cube of six inches, will be charged with double postage, and those, whose bulk exceeds the cube of one foot, will be received for transmission by bangy.

Every precaution will be adopted for the security of parcels transmitted by bangy, and it is not apprehended that they will be exposed to any considerable degree of risk, but it is proper to notify, that the Post Office will not be held responsible for their safety.

PUBLIC DEPARTMENT.

THE Honourable the Governor in Council, having had under consideration the Post-Office arrangements of this Presidency, has been pleased to adopt the following supplementary rules, which are now published for general information, and are required to be duly observed by all Public Officers whom they may concern.

1.—The employment of expresses, having at times considerably retarded the transmission of the mails, is hereby forbidden, except in cases of urgent importance; and, in such cases, the Officer employing the express is to state in the body of his dis-

129

patch that he had deemed it incumbent upon him to do so, whereby the circumstances will stand upon record and be open to investigation.

2.—It is provided by the existing regulations that public dispatches exceeding a certain weight shall be reserved for the Bangy, unless endorsed with the words "by Tappal"; and it is hereby further required that they shall not be so endorsed, unless the early receipt of them be of real importance.

3.—With the view of diminishing the bulk and weight of public dispatches, it is hereby required that in future they be copied into the smallest space compatible with perfect legibility,—that they have $\frac{1}{2}$ inch instead of $\frac{1}{4}$ inch margin,—that all blank leaves be withdrawn,—that the enclosures whenever practicable be written consecutively,—and that the packets be made up in the most compact form which the nature of their contents will allow.

4.—The amount of full postage having been sometimes evaded, by enclosing a number of letters under one cover and transmitting them by bangy instead of tappal, no packet will in future be received by the bangy, unless it be open at the ends, like a Newspaper, and be found not to contain letters.

LIGHT HOUSE.

THE Light House on the Exchange in Fort St. George was erected by the Exchange Committee with the sanction of Government. In December 1796, and is of essential service to Ships coming into the harbour in the night.

The Light is 90 feet above the level of the Sea at high water; it can be seen from the docks of the Harbour Company's wharves about 17 miles, and from their usual heads near 23 miles.

The South part of Pondicherry bears from the Light House, N. by E. half E. distance 12 miles, and to keep clear of the shoal, the Light should always bear to the Westward St. S. W. & W.

fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow, hoisted to the extremity of the Staff or Arm, expressive of the quarter she is in.

The annexed Plate represents the flag of all nations, that trade to Madras; in the upper corner of which is represented the flag and yard, and the manner in which the Signals are made to express Sides or Vessels discovered in the North, South, and East Quarters of the Compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward; the Dutch flag of two points or swallows tail hoisted on the stay of the North-east Arm, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Sloops in the North Quarter, and a French broad pendant hoisted to the stay of the South Arm of the cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed cutters in the South Quarter of the compass.

If the numerical pendants instead of flying at the extremity of the Staff, are hoisted under the National flag, in the manner expressed by the letter M. they will describe the same class of vessels to be Merchantmen.

N. B. The blue pendant flying under the union flag of the Port, with the St. George's Colours hoisted upon any one of the Signal staffs, expresses an Indianman. A yellow Pendant flying under the Union flag with either of the three white flags hoisted under any of the signal staffs, represents a Spanish Vessel; and a red Pendant in the place of the yellow Pendant, it will express a Portuguese. A blue and yellow Pendant, flying over the National flag represents a Fleet of Men of War, and under it, a fleet of Merchantmen.
