Government Advertisement.

PUBLIC DEPARTMENTS.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the H. C.'s Observatory, in regard to Sea Time-keepers delivered to his charge for the purpose of having their daily rate ascertained; notice is hereby given, under the authority of His Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the H. C.'s Sea Service, or by the Masters and Officers of British Merchant Vessels frequenting this port, will be received every day (Sunday excepted) between the hours of eleven and two. That they will be regularly compared for as many days as may suit the occasion of the owners, and that they will be returned, on written applications between the same hours, accompanied by detailed accounts of their rates of going while deposited, free from all fees or charges of every description.

Published by order of the Right Honorable the Governor in Council.

G. G. FEELE,

Secy. to GOVERNMENT.

Fort St. George, 20th April 1807.

Pursuant to the above Advertisement, notice is hereby given that no Time-keeper sent to the H. C.'s Observatory, for the purpose of having its rate ascertained, will be returned without a written application from the person who sent it, such application to be transmitted within the hour mentioned in the Advertisement.

That a Receipt, specifying the Names of the Maker and Owner, and the No. of the Watch, will be given, for every Time-keeper deposited at the Observatory; this Receipt will

be signed by the Superintendent, and should be returned with the application for the Time-keeper.

MADRAS OBSERVATORY, (Signed) J. GOLDINGHAM.
November 20, 1805. SUPERINTENDENT.

N. B.—It is recommended not to send Time-keepers in a Packet-boat, it having been found by experience that the motion alters the rate, and retards the Time-keeper.

LIGHT HOUSE.

THE Light House on the Exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Government, in December 1796, and is of essential service to Ships coming into the roads in the night.

The Light is 90 feet above the level of the Sea at high water; it can be seen from the decks of the Honorable Company's Ships about 17 miles, and from their mast heads near 26 miles.

The South part of Pollcut shoal bears from the Light House, N. by E. half E. distance 32 miles; and to keep clear of the shoal, the light should always bear to the Westward S. S. W. $\frac{1}{2}$ W.

COLLEGE SCHOOL.

Besides the College at Hertford, the Company patronize a School subordinate to it, and under the superintendence of the Principal, into which boys may be admitted at an early age, and in which they will be taught the elements of general learning, and such other accomplishments as are the usual objects of instruction in the larger seminaries of this country. Especial attention will be paid also to such parts of education as may serve to qualify them for public business, and for the higher departments of commercial life.

Though this School be designed as introductory to the College, it is not to be understood that the Company is pledged to make it the sole channel of an appointment to the College itself; but it is nevertheless proper to observe, that those who shall have passed through both institutions will enjoy the advantage of an uniform system of education, begun in early youth, and continued to their departure for the duties of their public stations.

Notwithstanding that an intimate connection is intended to subsist between the College and the School, it is nevertheless to be understood, that, whilst the College is exclusively appropriated to persons designed for the civil service of the Company abroad, the School will be open to the public at large.

The Rev. M. H. Lacombe, A. M. of the University of Cambridge, is appointed Head Master of the School; to whom the annual sum of seventy guineas is to be paid for each pupil; which, without any additional charge, will include, besides the usual course of classical instruction, the French language, writing, arithmetic, mathematics, drawing, and dancing.

*Extract of a general letter from England in the
Commercial department, dated 7th Sept. 1808.*

Para. 229. [In our letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Morier and Mr. William Evans to be Warehouse-keepers of Baggage, subject to our immediate inspection and control, and we have made such arrangements with His Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible despatch in the delivery of the articles to the respective proprietors.]

230. We have also sanctioned a scale of fees and allowances to be received for the discharge of this duty and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have created this establishment for the sole purpose of the convenience of our servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Office of our several Presidencies, and that it be signified to all our Servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Morier and Evans to clear and deliver them their Baggage, Wines, and Presents, as we have directed Messrs. Morier and Evans to transact every branch of business connected with this department, which will render the Agency of all other persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this Country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue. We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe now

ever small, are considered to be prohibited and cannot be passed in England as part of their baggage.

—45—

*Extract of a general letter from England in the
Public Department, dated 25th August 1801.*

HAVING adverted to the immense quantity of baggage brought home by the Passengers arrived in the Company's Ships and being desirous of promoting every regulation that appears to us likely to increase the importation of surplus Fonnage, we have investigated this as one cause, which has occasioned the reduction of that important benefit, both to the Company and Owners, the space occupied by the Passengers baggage in one of the Ships lately arrived having amounted to the immense quantity of 63 Tons; conceiving therefore some regulation necessary to be adopted to correct as much as possible this growing evil and to prevent such immense quantities of baggage being imported, to the ultimate exclusion of the Company's cargo, we have come to the following resolutions, with copies of which you must furnish the Commanders of all Ships in the Company's Service for their information and guidance; and we desire that you adopt every other means which may appear necessary towards carrying the same into effect, viz.

That Gentlemen proceeding to England in the nomenclated stations be restricted from taking with them, a larger Tonnage of baggage and stores, than the following, exclusive of their bedding, a table and a sofa or two chairs, for their respective cabins, viz.

Gentlemen of Council,	5	Tons.
General Officers,	5	do.
Colonels in His Majesty's or Company's Service,	4	do.
Junior Merchants,	4	do.
Lieutenant Colonels,	3	do.
Junior Merchants,	3	do.
Majors,	2	do.
Factors,	2	do.
Captains,	2	do.

That Gentlemen proceeding to England in either of the above-named stations who may be permitted to bring more than families with them, be restricted from taking more Tonnage than one half of the preceding allowances in addition, as the Ladies baggage.

That married Ladies proceeding to their Husbands in England,

be restricted from taking more than 2-3ds of the Tonnage prescribed for a Gentleman of the same rank as their Husbands.

That Writers, Lieutenants, Ensigns, and other cabin Passengers be restricted from taking a larger quantity of baggage and stores than 1 Ton each, exclusive of their bedding, a table and sofa or two chairs.

That married Ladies proceeding to their Husbands in England of either of these last mentioned descriptions, be restricted from taking more than a similar quantity of baggage.

That such Gentlemen of either of these last mentioned descriptions who may be permitted to bring home their Wives with them, be restricted from taking more than 1 Ton in addition to the Ladies baggage.

That single Ladies be restricted from taking more than the same quantity of baggage and cabin furniture.

That all excess of baggage beyond the abovementioned quantities, on whatever ship it may be brought home, be invariably charged freight at the charter party rate per Ton, and that the said baggage be not delivered from the Company's Warehouse, till such freight shall have been paid into the Company's Treasury.

JUDICIAL DEPARTMENT.

THE Honorable the Governor in Council is pleased to publish the following Extract from a Regulation under date the 6th November last, prohibiting individuals from dressing their servants in the Regimentals of the Company's troops, for general information.

EXTRACT FROM REGULATION III, A. D. 1810.

Sec. IX. First. All persons, whether European or Native, within the Company's provinces (excepting such privileged persons as the Government may specially exempt from the operation of the rule contained in this Section) are positively forbidden to dress any of their servants, either for the purpose of parade or of business, in the uniform of the Company's sepoy and lascars, or in a dress, so nearly approaching to that uniform, as to enable the persons wearing it to impose themselves on the country people for sepoy and lascars.

Second. All natives, excepting those actually in the Military Service of the Company, or belonging to persons specially exempted by Government from the operation of this rule, are forbidden to wear a dress similar to that mentioned in the foregoing clause.

Third. Officers of every description, employed in the service of the Company, who are allowed establishments of peons, in their official capacity, or who may have occasion to employ persons of that description, in such capacity, are prohibited from clothing them with a military dress.

Fourth. With the view of giving full effect to the orders contained in the preceding clauses, the Military Commanding Officers of stations, and of detachments, in the interior parts of the country, and the several zillah Magistrates are hereby authorized and required, to deprive of a military dress any person who shall wear it contrary to these orders. The local Officers of police are also empowered and directed to apprehend all persons of the above description, and to send them to the Magistrates who will deal with them in the manner above prescribed.

Fourth. Military Officers, or other persons, to whom escorts may be allowed, when travelling through the country, are forbidden to send reposs or lascars into the villages, for the purpose of procuring any sort of provisions or of pressing bearers, coolies, or boatmen. Every local Officer of police, upon proper application, will, under Section VIII, of this regulation, grant such assistance as he may be able to afford; and all violent measures, therefore, will be considered equally illegal and unnecessary.

Fifth. No person shall be allowed to distinguish his peons, or other servants, with badges, except the Public Officers (civil or military) employed in the service of the Company, who are allowed establishments of peons in their official capacity, or who may have occasion to employ persons of that description, in the public service. The several zillah Magistrates are empowered and directed to apprehend any person (not being in the service of a Public Officer of the Government, authorized to entertain such servants) who shall wear a badge, in opposition to the prohibition contained in this clause, and to deprive him of the badge. The local Officers of police are also authorized and directed to apprehend persons of the above description, and to send them to the Magistrate, by whom the offender will be dealt with as above directed. Any European, not being a Public Officer of the Government, to whom such description of public servants is allowed, employing badged peons, or other description of servants wearing badges, contrary to this prohibition, will be liable to the severe displeasure of Government, on representation of the circumstances of the case by the Magistrate, who is directed to report all such instances for the information and orders of the Governor in Council.

3d.—The Officers aforementioned are authorized to receive charge of, and to grant, receipts in duplicate, for any Obligation or Loan Acknowledgments of this Government, which the Proprietor may wish to deposit with them.—No Note is to be received in deposit, which shall not appear to be made out in the name of, or be regularly indorsed to, the person depositing it.—Persons desiring to deposit their Government Securities shall make their application to the Accountant General and Sub-

4th.—The Officers aforementioned will receive the interest on any Government Paper which may be deposited with them.—And will, according to the instructions of the Proprietor, remit the amount, either to England in Bills to be drawn on the Honourable Court of Directors, if the same shall be payable in such bills by the terms of the Loan; or to the Presidencies of Fort St. George or Bombay, by Drafts on the Public Treasuries of those Presidencies, or to any of the Stations subordinate to this Presidency, by Drafts on the Collectors, or on the Residents at Dandi or Junagow, according to the rates of exchange at which Government may draw at the time;—or they will pay the amount at the Presidency to any person nominated by the Proprietor to receive such payment.—The instructions as to the manner in which the interest is to be paid, must be made out according to the forms hereto subjoined, Nos. 3, 4, and 5, which are adapted to the several cases above specified.—The Proprietor will be at liberty to substitute one of these modes of receiving the interest for the other, as often as he shall think fit; provided that the fresh instructions be delivered at the Treasury one month before the day on which the interest falls due.—Persons having more Notes than one in deposit may give separate instructions regarding the interest on each Note, but the whole of the interest on each Note must be received in the same manner and at the same time.

PASSPORT REGULATIONS.

THE Right Honorable the Governor in Council having a reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the professions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st.—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Fort St. George.

2d.—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the name of the person and No. and Date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, & to all Collectors for their respective Districts, with an exception of Sepoys where there is a Commercial Resident, who will always regulate the Passports of the Port where he resides; To the Town Major of Fort St. George for Military persons belonging to that garrison; to the Adjutant General of the Army for all other Military persons leaving the Presidency; & to such Offi-

cers Commanding Military stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to persons not Military.

3d.—That all persons authorized to grant Passports shall keep a register in a prescribed (or) Blank Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th.—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register its receipt in the same manner as on granting one, and if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th.—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th.—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively; but in cases of urgency, a Military Officer, in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passport with the words "Pass to _____" noting the date; entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th.—Any Traveller stating that he has lost his Passport shall inevitably be detained, until a duplicate shall have been obtained.

8th.—Public Officers having received a Passport authorizing them to travel post on the public service, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All Public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity

or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of further enquiry. And all Public Officers authorized to issue Passports are also empowered, on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced; (excepting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners in the interior of the country either among our own tributaries or subjects, or at the courts of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any foreign Governor, can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted Authority, according to local circumstances, the means of furnishing Travellers from such settlement with the requisite English Passports on proper occasions.

3d.—The routes of foreign Travellers for commercial purposes will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects who are not in His Majesty's or the Honourable Company's Service, though in like manner be restricted to the road nearest the shore.

Ed.—All Public Officers who may be authorized to grant Passports, will as soon as may be practicable after the receipt of these instructions transmit to the Secretary of Government, descriptive lists of all Europeans not in His Majesty's or the Company's service residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the service,

Notices hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring in to the nearest garrison, any European deserter or vagrant of any description.

Fort St. George, May 25, 1799.

IN addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions without

Police Office. All Foreigners residing at any of the out-stations or elsewhere, under the authority of the Government of Port St. George, or who may hereafter arrive, shall without delay report through the channel of the nearest Magistrate, Collector or other local authority, their place of residence, occupation, period of arrival and from whence they have last come, to the Police Office at Madras, and any person failing to comply with this notification, will, on discovery be placed under personal restraint.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations, and to see that the order is strictly enforced.

All Passports of whatever description, are in future to be translated into the Malabar, Gentoo and Hindoostany languages.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

Port St. George, August 22, 1867.

EXTRACTS FROM THE

Post Office Regulations.

GOVERNMENT ADVERTISEMENT.

THE Honorable the Governor in Council having been pleased to approve the following revised Regulations for the management of the Post Office Department under this Presidency, they are published for general information, and all persons are hereby required and commanded to pay strict attention to them.

Para. 1.—That all letters, of every description, not of the Public Service, shall be liable to postage, except those from, and bearing on the envelope the signature of the Governor, a Judge of the Supreme Court, a Member of Council, the Commander in Chief of the Army, or His Majesty's Naval Commander in Chief, or such as may be franked by the Chief Secretary to the Government.

2.—That all letters addressed to the Governor, Commander in Chief, a Judge of the Supreme Court, a Member of Council, or His Majesty's Naval Commander in Chief, shall bear the usual postage, except such as may be exclusively on the public service, and form an official record, when they must be included in the list hereafter directed to be delivered in monthly upon honor.

3.—That no postage shall be charged on letters exclusively on the service.

5.—All Letters from, or to, Non-Commissioned Officers or Privates in His Majesty's Navy, and Army, from, or to, European Non-Commissioned Officers and Privates, Native Commissioned and Non-Commissioned Officers and Privates, in the Honorable Company's Marine and Military Services, or from, or to Non-Commissioned Officers or Privates of the European and Native Invalids, shall pass free of postage; but, in order to prevent any abuse of this indulgence, no letters from the above description of persons shall be exempted from postage, unless they bear on the envelope the official signature of their respective Commanding Officers.

With a view also to prevent, as much as possible, any abuse of the foregoing indulgence, it is directed that the number of

letters so franked shall not exceed the proportion of one letter daily to every two hundred men in quarters, and one letter to every hundred men when marching or in the field, and further that letters so franked shall be included in the register hereafter directed to be furnished monthly.

9.—That conformably to the principles of charging $1\frac{1}{2}$ Fanam for each single letter for every 100 miles, the following rates shall be adopted.

Letters not exceeding in weight 1 Rupa, to be considered as single, from 1 to $1\frac{1}{2}$ double,
 $1\frac{1}{2}$ to 2 treble,
 2 to $2\frac{1}{2}$ quadruple,
 $2\frac{1}{2}$ to 3 or 1 oz. to be considered as a Packet, and to bear five times the original postage; and for every additional $\frac{1}{2}$ ounce treble the original postage of a single letter to the place to which such letter is addressed, shall be added, to the extent of twelve ounces, beyond which weight no letters can be sent by the regular Tappal.

10.—That postage shall be levied on all ship letters to or from all parts of the world, conformably to the following table of rates, with the exception of Europe letters from and to, the Governor, Judges of the Supreme Court, Members of Council, and Naval and Military Commanders in Chief, also those addressed officially to Officers of His Majesty's Army in India, though not superscribed "On Service" and those addressed to Soldiers though not superscribed "Soldier's Letters," it being understood that the declaration upon honor hereinafter required of Public Officers will be demanded in regard to letters included in the first of these two last exceptions.

FOR LETTERS RECEIVED BY SEA.

Single letters as marked in the preceding table to pay 3 fanams, and beyond that, to increase at the rate of 12 fanams for every half Rupa weight, till the weight shall exceed 12 Rupas, when they shall be considered Packets and shall be subject to the payment of one Pagoda.

FOR LETTERS SENT BY SEA.

The same rates of postage, as specified in the foregoing part, to be levied on all such letters, with the exception of those intended for Europe which the writers of them may wish to be forwarded, with the utmost expedition, to London after their arrival at some port in Great Britain or Ireland, on which letters double postage, at the above rates, is in future to be levied; but no letters will be so forwarded unless the words "Double Postage letters" shall be written on the envelope, or that the wish of the writer that they may be put into the double postage

packets shall be made known in writing, to the Post Master of the station where they may be delivered in.

11.—That all ship letters for the out-stations shall be liable to the rates specified in the first of the foregoing tables, in addition to the established inland postage, and on all ship letters for the out-stations upon which the Ship postage has not been paid the words "Ship postage not paid" shall be marked on the envelope, and the ship postage thereof, as well as the inland postage thereon, shall be collected by the Post Master of the station at which the person resides to whom the letter is addressed.

That the ship postage on all letters intended to be sent by sea shall be collected from the parties, at the foregoing rates, by the Post Master of the Office into which the letter is first put, together with the inland postage which they may bear to the General Post Office.

12.—That as an encouragement to persons having ship letters to bring them to the Post Office, a reward of one Fanam shall be paid for each letter to the person so bringing them.

13.—That all Newspapers, excepting the Government Gazette, shall pay postage; those within the weight of one ounce being considered as single letters, and paying accordingly, and all beyond that weight, paying, pro rata, according to their weight; the postage being collected at the stations to which the papers are addressed, the Newspapers, it is to be understood, are in all practicable cases, to be forwarded by the Bangy Tappal, vide Bangy regulations.

14.—That the Books published at the Asylum Press for the benefit of the Institution, and the Madras Monthly Journal shall, for the present, be forwarded by the Bangy Tappal at the rate of postage chargeable on a single letter only, the same being payable at all the stations to which they are directed.

15.—That parcels of News Papers, &c. arriving by sea shall, in future, be charged with postage at the following rates, those of 1 ounce weight as a single letter, of 2 ounce weight as a double, of 3 as a treble and so on progressively; if however there may be reason to believe that any parcel contains letters, the person to whom it is addressed will be required to open it, or allow of its being opened at the Post Office, in order that postage may be charged, at the usual rates, on all letters which may be found in it.

As it has been determined that no parcels received by sea shall, in future, be transmitted to any inland station, unless the person to whom it is addressed shall send a request to that effect to the Post Master General, notice will be given, as early as may be possible after the arrival of any ship, of the parcels re-

ceived by her, and on application in writing the parcels shall be forwarded to the persons so applying, when they will be held responsible for the postage of them, whatever may be its amount.

19.—That hereafter the hour for the despatch of the Tappal shall be six in the evening, and the hours for the General Post Office being open to the Public, as follows: viz.

From 10 A. M. to 1 P. M. both for the receipt and delivery of Letters, and from 3 to 5 P. M. for the receipt of Letters only.

20.—That no letters or parcels containing money, jewels or any articles of value shall be permitted to be sent by Tappal.

21.—That no detention whatever of the mails shall be allowed at any of the inland stations; and that when the Public Service shall require it, an Express shall be despatched, but at the risk of the person causing it to be despatched for any improper abuse of this privilege.

In order to ascertain correctly that the preceding regulation has been acted upon to its full extent, a table will be prepared at the General Post Office, shewing the distance between, and probable time of arrival at each station, with which the returns, to be made by the person in charge at each station will be compared, and the Collector in whose district any delay may appear to have occurred, will be held responsible for the same.

28.—That any Officer on duty, or leave of absence, at the Presidency, who may have occasion to correspond on the public service, shall carry his letter to the Adjutant General who, upon being satisfied that the letter is exclusively upon the public service, will frank the same.

29.—That all Officers similarly situated at the subordinate, shall apply to the Commanding Officers of the stations where they may then be residing.

30.—That no Post Office packet shall in future be opened between one station and another for the accommodation of Travellers, it is understood to have been heretofore the practice, but should a competent authority, or circumstances of an urgent public nature at any time render it necessary for an Officer, in the execution of his duty to open a Public Mail, it must be carefully opened and closed by the Officer himself, and an official letter must be addressed to the Post Master General explaining, under what orders or peculiar circumstances the measure was adopted.

31.—That no letter which has once been delivered into any Post Office under this Government shall, in future, be restored, except upon an official application in writing, in which the reason for making the application must be stated, a copy of which letter will be forwarded, if necessary, to the station to which the re-delivered letter was addressed, in order to afford the means

of detecting any frauds that may be attempted. It is however to be understood, that the postage will in no case be returned.

32.—That with a view to prevent the suppression of private letters, and the misappropriation of the postage collected on them, all receipts granted in future at the Post Office under this Presidency for letters delivered in, shall be on stamped paper, each receipt having the word single, double, treble, quadruple or packet engraved on it in the English, Tamil, Telugu and Persian characters, and specifying at the same time in writing, or by a second stamp, the station from which the letter is despatched, the place to which it is addressed, the date of its delivery into the first Post Office, and the postage paid on it.

With this facility of discovery every individual, European or Native, whose letter does not reach its destination, will be enabled to obtain redress upon application to the Post Master General: but it is at the same time recommended to the public, as an additional check, that every person do insert in a book, to be kept for the purpose, the directions of all letters sent by Tappal, with the name of the station from which they are sent and the date of their delivery at the first Post Office, and likewise that the stamped receipts abovementioned may not be mislaid or thrown away, without which precautions the present regulation cannot, it is feared, have the desired effect.

The Governor in Council deems it proper to repeat that any deviation from the preceding regulations, will not fail to subject the offending party to the severest displeasure of Government.

Bangy Regulations.

GOVERNMENT ADVERTISEMENT.

NOTICE is hereby given, that, for the purpose of reducing the expense to the public at large, a bangy despatch, will, from the beginning of January next, be established on the routes that lead from Fort St. George to Fort William, to Seringapatam, and to Trichinopoly.

The bangy will be despatched three times a week, and the days of despatch from the Presidency, will be Tuesdays, Thursdays and Saturdays. The first bangy will consequently start on Tuesday the 2d of January 1810.

All newspapers and all public despatches exceeding the weight of one ounce, will be reserved for the bangy; except in cases where the early receipt of any public despatch may be deemed important, when it must be endorsed with the words *"by tappel,"*—and in the case of extra newspapers, not exceeding the weight of a single letter, which will still be forwarded by tappel. When newspapers and public despatches, exceeding the weight

of one ounce, may be addressed to or from stations beyond those to which the bangy is sent, they will be transmitted, as far as possible, by bangy, and forwarded by tappel only to, or from the final bangy station.

Parcels for the bangy must be delivered at the General Post Office, before the hour of 12 in the forenoon of the day on which the bangies are despatched, and the bangies will be despatched at 4 o'clock in the afternoon.

The bangies will be opened for the receipt of all parcels (with the exceptions hereafter mentioned), and the bangy-postage of a parcel, not exceeding fifty rupees weight, will be three times the tappel postage of a single letter;—that of a parcel, not exceeding one hundred rupees weight, will be six times the postage of a single letter;—and so on in arithmetical progression;—but, no parcel, exceeding one thousand rupees weight, will be received for transmission, by bangy.

Newspapers will be charged only with the present rate of postage, and the Government Gazette, will, as at present, pass post free.

All parcels, whose bulk exceeds the cube of six inches, will be charged with double postage, and none, whose bulk exceeds the cube of one foot, will be received for transmission by bangy.

Every precaution will be adopted for the security of parcels transmitted by bangy, and it is not apprehended that they will be exposed to any considerable degree of risk, but it is proper to notify, that the Post Office will not be held responsible for their safety.

PUBLIC DEPARTMENT.

THE Honourable the Governor in Council, having had under consideration the Post Office arrangements of this Presidency, has been pleased to adopt the following supplementary rules, which are now published for general information, and are required to be duly observed by all Public Officers whom they may concern.

1.—The employment of expresses, having at times considerably retarded the transmission of the mails, is hereby forbidden, except in cases of urgent importance; and, in such cases, the Officer employing the express is to state in the body of his des-

patch that he had deemed it incumbent upon him to do so,—whereby the circumstance will stand upon record and be open to investigation.

2.—It is provided by the existing regulations that public despatches exceeding a certain weight shall be reserved for the Bangy, unless endorsed with the words *“by Toppal”*; and it is hereby further required that they shall not be so endorsed, unless the early receipt of them be of real importance.

3.—With the view of diminishing the bulk and weight of public despatches, it is hereby required that in future they be copied within the smallest space compatible with perfect legibility,—that they have $\frac{3}{4}$ inch instead of $\frac{1}{2}$ inch margin,—that all blank leaves be withdrawn,—that the enclosures whenever practicable, be written conservatively,—and that the packets be made up in the most compact form which the nature of their contents will allow.

4.—The payment of full postage having been sometimes evaded, by enclosing a number of letters under one cover and transmitting them by bangy instead of toppal, no packet will in future be received by the bangy, unless it be open at the ends, like a Newspaper, and be found not to contain letters.

SIGNALS.

for Ships or Vessels in the Offing.

SIGNALS respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fore Square of Fort St. George, on which there are three Signal Stacks. One consisting of an upright Mast, representing the East point of the compass with a yard flung by the middle across, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, or two Masts, and of one Mast.

An Ensign, or square national flag, represents a Ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad national pennant terminating in one point, represents a Sloop or Cutter, of one mast.

Whether of these flags are hoisted to the top of the upright staff, the vessel seen are in the East Quarter of the compass; if hoisted to the North or South arm of the cross yard, the vessel seen are in the North or South Quarters of the compass.

The number of Ships that appear in the offing, are expressed by pendants. A white pendant signifies one Ship or Vessel; a red and white pendant, two Vessels; a red pendant, pierced with white, three Vessels; and a yellow pendant placed with blue, four Vessels; when the number of Vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the Vessels in sight are Men of War in the East Quarter, one of the numerical pendants, will fly from the national flag of the upright Staff; if in the North or South Quarters, the pendants will fly at the extremity of the yard arm over the National flag, hoisted on the stay of the North or South Arm of the Cross Yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the National flag. If they are in the offing, a blue pendant will be displayed as usual, over the Union flag of the Fore.

The Fleet is in sight, and the white flag is fired after the signal for the Fleet is made, and if there are two Fleets of different Nations in the same point of the compass, the signal of the first seen Fleet, will be hoisted after the space of 15 minutes and a

fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow, hoisted to the extremity of the Staff or Arm, expressive of the quarter she is in.

The annexed Plate represents the Flag of all Nations, that trade in Madras; in the upper corner of which is represented the flag staff and yard, and the manner in which the signals are made to express Ships or Vessels discovered in the North, South, and East Quarters of the Compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward; the Dutch flag of two points or swallow tail hoisted on the stay of the Northern staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed ships or Snows in the North Quarter, and a French broad pendant hoisted to the stay of the South Arm of the cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the compass.

If the pennonetical pendants, instead of flying at the extremity of the Staff, are hoisted under the National flag, in the manner expressed by the letter M, they will describe the same class of vessels to be Merchantsmen.

N. B.—The blue pendant flying under the Union flag of the Fort, with the St. George's Colours hoisted upon any one of the signal staffs, expresses an Indianman. A yellow pendant flying under the Union flag with either of the three white flags hoisted under any of the signal staffs, represents a Spanish Vessel; and if a red pendant flies in the place of the yellow pendant, it will express a Portuguese. A blue and yellow pendant, flying over the National flag, represents a Fleet of Men of War, and under it, a Fleet of Merchantsmen.
