The following distances and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas' Mount, and Perumbankun Hill (a small sugar loaf detached hill which lays about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey,) will enable any observer on board of a Ship riding in the Madras Roads to determine its birth with great precision by taking their angular distance with a common Sextant.

GOVERNMENT ADVERTISEMENT.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the H. C.'s Observatory, in regard to Sea Time-keepers delivered to his charge for the purpose of having their daily rate ascertained; Notice is hereby given, under the authority of his Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the H. C.'s Sea Service, or by the Masters and Officers of British Merchant Vessels frequenting this port, will be received every day (Sunday excepted) between the hours of Eleven and Two. That they will be regularly compared for as many days as may suit the occasion of the Owners, and that they will be returned on written applications between the same hours, accompanied by detailed accounts of their rates of going while deposited; free from all fees or charges of every description.
Published by order of the Right Honorable the Governor in Council.

G. G. KEBLE,

Secy. to Government.

Fort St. George, 20th April 1807.

Pursuant to the above Advertisement, notice is hereby given that no Time-keeper, sent to the H. C.'s Observatory, for the purpose of having its rate ascertained, will be returned without a written application from the person who sent it; such application to be transmitted, within the hours mentioned in the Advertisement.

That a Receipt, specifying the Names of the Maker and Owner, and the No. of the Watch, will be given, for every Time-keeper deposited at the Observatory; this Receipt will

be signed by the Superintendent, and should be returned with the application for the Time-keeper.

MADRAS OBSERVATORY, } (Signed) J. GOLDINGHAM,
November 20, 1813. } SUPERINTENDENT.

N. B.---It is recommended not to send Time-keepers in a Palankeen, having been found by experience that the motion alters the rate, and sometimes stops the Time-keeper.

Under the degree of latitude, or nearest to it, of the place required, taken from the table of latitudes, and opposite the day of the month or nearest to it, on the left hand side of the table, the time of the Sun's rising will be found, and opposite to it on the right hand is the time of the Sun's setting. Any person who would set his clock or watch by the Sun's rising or setting, and this table, must take the instant when the Sun's lower limb is about his semi-diameter distance from the horizon, at this time the centre of the Sun will be very near the true points of rising and setting, or that shown by the table.

TABLE of the rising and setting of the Sun between the LATITUDES of 15 and 21 DEGREES NORTH.

COLLEGE SCHOOL.

Besides the College at Henford, the Company patronize a School subordinate to it, and under the superintendence of

the Principal, into which boys may be admitted at an early age, and in which they will be taught the elements of general learning, and such other accomplishments as are the usual objects of instruction in the larger seminaries of this country. Especial attention will be paid also to such parts of education as may serve to qualify them for public business, and for the higher departments of commercial life.

Though this School be designed as introductory to the College, it is not to be understood that the Company is pledged to make it the sole channel of an appointment to the College itself; but it is nevertheless proper to observe, that those who shall have passed through both institutions will enjoy the advantage of an uniform system of education, begun in early youth, and continued to their departure for the duties of their public stations.

Notwithstanding that an intimate connection is intended to subsist between the College and the School, it is nevertheless to be understood, that, whilst the College is exclusively appropriated to persons designed for the civil service of the Company abroad, the School will be open to the public at large.

The Rev. Dr. Lascombe, is the Head Master of the College School; to whom the annual sum of seventy guineas is to be paid for each pupil, above the age of ten years; and fifty guineas for each pupil under that age; which sums, without any additional charge, will include instructions in the Greek, Latin and modern languages, writing, arithmetic, mathematics, drawing, and dancing. A few pupils of a more advanced age are received into the School, at 100 guineas per annum, to whom some superior accommodations are granted.

FORT WILLIAM

Public Department, December 31, 1810.

The following Regulations having been adopted by the Governor General in Council, under the authority and sanction of the Honorable Court of Directors, they are now published for general information.

2d. The Governor General in Council has been pleased to authorize the Accountant General and the Sub-Treasurer, for the time being, to act under the responsibility of the Honorable Company's Agents (for the purposes heretofore mentioned) of the public creditors of this Government, whether residing in Europe or elsewhere.

3d. The Officers above-mentioned are authorized to receive charge of, and to grant, receipts in duplicate, for any Obligations or Loan Acknowledgments of this Government, which the Proprietor may wish to deposit with them. No Note is to be received in deposit, which shall not appear to be signed out in the name of, or be regularly indorsed to, the person depositing it.—Persons desiring to deposit their Government Securities shall make their application to the Accountant General and

Sub-Treasurer in the form herunto subjoined, No. 3, and the receipt of those Officers will be given in the form No. 4.

4th. The Officers above-mentioned will receive the interest on any Government Paper which may be deposited with them. And will, according to the instructions of the Proprietors, send the receipt, either to England, in Bills to be drawn on the Honorable Court of Directors, at the time and by the mode named in the bill by the terms of the Loan; or to the Proprietors of Fort St. George or Bombay, in Bills on the Public Treasuries of these Presidencies, for the use of the Proprietors subordinate to this Presidency, for drawing on the Collectors under the Regulation heretofore published, according to the rates of exchange at which Government Paper may be drawn on the Bank—or they will pay the interest at the Presidency to any person nominated by the Proprietors to receive such payment.—The instructions for the manner in which the Interest is to be paid, must be made out by the Officers in the form heretofore subjoined, Nos. 3, 4, 5, 6, 7, 8, 9, 10, and applied to the several cases above specified.—The Proprietors will be at liberty to substitute any of these modes of receiving the Interest for the other, as often as he shall think fit, provided that the fresh instructions be delivered at the Treasury and signed by the Officer in which the Interest falls due.—Persons having more than one in deposit may give separate instructions regarding the Interest on each Note, but the interest on the whole of each Note must be received in the same manner and at the same time.

5th. When the Principal of any Government Paper is received and paid, the above-mentioned Officers will, according to the instructions of the Proprietors, either pay the amount, or the Interest due upon it, in Bills to be drawn on any Bank to which it may be convenient at the time, or in the payment of some Obligation or other kind of Segments of this Government in the market at the nearest price at the time.

The instructions for these purposes must be made out according to the forms herunto subjoined, Nos. 1, 2, 3, 4, 5, 6, 7, 8, 9, which are annexed to this three several cases above specified. The Proprietors may at any time withdraw their Government Securities of any kind of the Principal of the same, and the fresh instructions be delivered at the Treasury and signed before the day on which the Principal falls due.—Persons having more than one in deposit may give separate instructions regarding each Note, but the whole must be received in the same manner and at the same time.

6th. If any Loan be opened by the Government of Fort William into which the Paper deposited may be receivable, the Officers above-mentioned are authorized to subscribe the Paper so deposited to such Loans, upon receiving the instructions of the Proprietors for that purpose; although the Notes may not be in course of payment. Instructions for this purpose must be made out according to the form No. 9.

7th. The Officers above-mentioned are authorized to receive remittances in Government Bills only, from Individuals desiring the purchase of the Public Securities for deposit with them (provided such Bills shall be payable at the General Treasury, and shall amount to 1,000 Rs. Rupee) and to invest the amount, according to the instructions of the Proprietors in the Government Securities, either by subscribing the amount to any Loan which may be opened for the receipt of Cash, or by purchase in the market at the current price of the day; instructions for this purpose shall be made out according to the forms hereunto subjoined, Nos. 10 and 11.

8th. The Officers above-mentioned are further authorized to invest the amount of interest due on Paper deposited with them in the Government Securities, in either of the modes mentioned in the last Clause, upon receiving the Proprietor's instructions for that purpose; such instructions must be made out in the form hereunto subjoined, No. 12.

9th. The same Officers are further authorized at any time, on receiving proper authority and instructions from the Proprietor for that purpose, to "endorse" any one or more Notes deposited with them, as Attorneys to the Owner, to such Person as he shall direct, or to sell the same on the Owner's account at the current price of the day, and to pay over the proceeds in Cash at the Treasury to such Person as the Proprietor may appoint to receive the same (provided that the whole amount of each Note sold, shall be payable to one and to one and the same Person). But they are prohibited from reinvesting the proceeds of Paper so sold, or from the using of it in any other manner than by such payment at the Treasury, as above-mentioned, to the order of the Proprietor. Any dues which may have become due according to the rates hereafter prescribed upon the Paper required to be indorsed are to be paid before the indorsement is made, or in case of the sale of the Paper, the same shall be deducted from the amount proceeds before it is paid over. The Power of Attorney to Indorse, or to Sell, must be made out according to the form No. 13; the direction to Indorse according to the form No. 14; and the direction to Sell, and the order to Pay, according to the form No. 15.

10th. If Government should at any future period grant a remittance of the Principal of any Paper deposited under the terms of this Advertisement, the Officers above-mentioned will remit the Principal upon receiving instructions from the Proprietors to that effect, such instructions must be made out according to the form No. 16. The Proprietor may at any time withdraw the Government Securities deposited, or any part of them, from the charge of the above-mentioned Officers, and such Securities will be delivered up to the Proprietor himself, or to any other person whom he may authorize to receive them, upon payment of such fees as may have become due to the Accountant General and Sub-Treasurer, according to the rates hereafter specified upon the Paper so required to be delivered up. The authority to receive Pundueed Paper, must be made out according to the form No. 17.

11th. Inasmuch of the cases on which the Officers above-mentioned are authorized to invest money in the Public Securities, it is to be understood that they will invest as nearly as possible the whole amount but that they are in no case (and upon no account) to place in such fractional sum as may remain in that nature above the amount invested, will be payable on demand at the Treasury to the order of the Proprietor, such order is to be made in accordance with the form No. 18.

12th. The full postage must be paid on all Letters directed to the Officers above-mentioned, and the full postage on all Letters from them will be charged to the persons to whom they are addressed. All Letters addressed to them are to be superscribed in the following manner:

To the Accountant General
and Sub-Treasurer,

Public order of the Right Honorable the Governor in Council.

PASSPORT REGULATIONS.

The Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized; has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st.—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Fort St. George.

2d.—That Passports of the prescribed form, capable of being recognized by *Stamps* as well as *Handwritten*, in *Blank Books* with a *Cheque Margin* for the insertion of the name of the person and No. and date of the *Passport* (for the purpose of detecting forgeries by comparison, when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of *Sea-ports* where there is a *Commercial Resident*, who will always regulate the Passports of the port where he resides; To the *Town Major* of Fort St. George for *Military persons* belonging to that garrison; to the *Adjutant General of the Army* for all other *Military persons*

leaving the Presidency; and to such *Officers Commanding Military stations* as shall be authorized to grant Passports. *Indian stations* shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the *Adjutant General of the Army*. The Secretary of Government will *transmit the receipts and issue at the Presidency of all Passports to persons not Military*.

3d.—That all persons authorized to grant Passports shall keep a register in a prescribed form (*Blank Books* of which will be transmitted) of all Passports received, and another of all Passports issued.

4th.—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall verify its receipt in the same manner as on granting one, and if the former produces further, shall issue a new Passport in exchange, noting on the first the date of its receipt, and at the end of each month, sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th.—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which all Public Officers authorized to grant or receive Passports, shall transmit to him monthly a copy of their register of Passports granted and received during the month, and shall be held responsible for the ascertaining of the exact number of *Blank Passports* with which they have respectively been furnished by the Secretary.

6th.—That Passports to *Military persons* shall be granted by *Military Officers* exclusively, and to all other persons by *Civil Officers* exclusively, but in cases of urgency, a *Military Officer*, in the absence of the *Civil authority*, and a *Civil Officer* in the absence of the *Military authority*, may pass a Traveller to the next Post or Station, by endorsing his Passport with the words "Pass to" and inserting the date, entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th.—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th.—Public Officers having received a Passport authorizing them to travel post on the public service, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All Public Officers authorized to grant or receive Passports shall report to the Secretary of Government any irregularity

or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of further enquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of misconduct or improper views, to refuse a fresh Passport, or the continuance of a journey already commenced; reporting the detention to the Secretary of Government by the post of the day or even to restrain until further orders the person or the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners either interior or exterior of their country either among our own feudatories or subjects, or at the "durbars" of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any foreign Government can be considered of validity to pass a Traveller singly and through the Company's possessions, but Public Officers stationed near a foreign settlement, will contact with the foreign Government, or other controlling Authority, according to local circumstances, in issuing or withholding Passports from such Settlement with the requisite English Passports on proper occasions.

3d.—The routes of foreign Travellers for commercial purposes will be generally by the sea route, and every proper facility should be afforded to that line of communication. But no foreigner shall on any pretence be furnished with a passport to travel inland, or even to depart from the road nearest the shore, without the special authority of Government.

4th.—English subjects who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will, as soon as may be practicable after the receipt of these instructions, transmit to the Secretary of Government, descriptive lists of all Europeans not in His Majesty's or the Company's service, residing within the limits of their respective authority; with their opinion regarding the expediency of issuing certificates for such as the Governor in Council may think proper to license, and all Europeans not in the service, who shall not possess such certificates on the "first day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date, no Passport shall be granted to any European, not in the service, who *travels or stays himself to reside at any English port or station, nor to any British subject residing at a foreign settlement, who does not possess such certificate of license*; but Mariners or Traders, whether British or foreign, *not resident in India*, who may desire to pass from one port to another for commercial purposes; shall be furnished with Passports without hesitation.

N. B.—The Certificate should include a description of the person, and should grant conditional permission to reside at the town of subject, to be sent to Europe at the shortest notice, whenever the Government shall think fit.

FOR St. George, 21st April 1802.

Notice is hereby given, that from and after the first day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with a passport for that purpose.

The only exception, which the Right Honourable the Governor General in Council, has been pleased to make to the foregoing regulation, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport from the Collector of the district in which they may reside, or in place where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

All European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given, that a reward of Ten Pagodas

will be paid to any person who shall take up and bring into the nearest garrison, any European deserter or vagrant of any description.

Fort St. George, May 25, 1799.

In addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport; The Right Honorable the Governor in Council is hereby pleased to give notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered, passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2d—The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing regulation, is in favor of Officers Commanding parties of His Majesty's or the Honorable Company's Troops.

3d—For the more strict execution of this order, notice is hereby further given, that a reward of ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

4th—The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons bearing the Presidency.

The Residents at Hyderabad, Tanjore, Mysore, and Travancore, the several Collectors of Revenue, the Commanders of the Armies at Sea Ports, and Officers Commanding Military Stations.

Fort St. George, May 18, 1807.

The Right Honorable the Governor in Council has been pleased to adopt the following regulations in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports at the Police Office (wherein) and that no Passports be issued to Foreigners, except at the Police Office. All Foreigners, residing at any of the out-stations or elsewhere, under the authority of the Government of Fort St. George, or who may hereafter arrive, shall within a day

report through the Channel of the nearest Magistrate, Collector, or other local authority, their place of residence, occupation, period of arrival and from whence they have last come, to the Police Office at Madras, and any person failing to comply with this notification, will, on discovery be placed under personal restraint.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations; and to see that the order is strictly enforced.

All Passports of whatever description, are in future to be translated into the Malabar, Gentoo and Hindoostanee language.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

Fort St. George, August 22, 1807.

EXTRACTS FROM THE POST OFFICE REGULATIONS.

GOVERNMENT ADVERTISEMENT.

The Honorable the Governor in Council having been pleased to approve the following revised Regulations for the management of the Post Office Department under this Presidency, they are published for general information, and all persons are hereby required and commanded to pay strict attention to them.

Para. 1.—That all letters, of every description, not on the Public Service, shall be liable to postage, except those from, and bearing on the envelope, the signature of the Governor, and Judge of the Supreme Court, a Member of Council, the Commander in Chief of the Army, or His Majesty's Naval Commander in Chief, or such as may be franked by the Chief Secretary to the Government.

2.—That all letters addressed to the Governor, Commander in Chief, a Judge of the Supreme Court, a Member of Council, or His Majesty's Naval Commander in Chief, shall bear the usual postage, except such as may be exclusively on the public service, and form an official record, when they must be included in the list hereafter directed to be delivered in weekly upon honor.

3.—That no postage shall be charged on letters exclusively on the service.

4.—All Letters from or to Non-Commissioned Officers or Privates in His Majesty's Navy, and Army, from, or to, European Non-Commissioned Officers and Privates, Native Commissioned and Non-Commissioned Officers and Privates, in the Honorable Company's Marine and Military Services, or from,

when it is addressed shall send a request to that effect to the Post Master General, notice will be given, as early as may be possible after the arrival of any ship, of the parcels received by her, and on application in writing the parcels shall be forwarded to the persons so applying, when they will be held responsible for the postage of them, whatever may be its amount.

19.—That hereafter the hour for the despatch of the Tappal shall be six in the evening, and the hours for the General Post Office being open to the Public, as follows: viz.

From 10 A. M. to 1 P. M. both for the receipt and delivery of Letters, and from 3 to 5 P. M. for the receipt of Letters only.

20.—That no letters or parcels containing money, jewels or any articles of value, shall be permitted to be sent by Tappal.

21.—That no detention whatever of the mails shall be allowed at any of the inland stations, and that when the Public Service shall require it, an Express shall be despatched, but at the risk of the person causing it to be despatched for any improper abuse of this privilege.

In order to ascertain correctly that the preceding regulation has been acted upon to its full extent, a table will be prepared at the General Post Office, showing the distance between, and probable time of arrival at each station, with which the returns, to be made by the person in charge at each station will be compared, and the Collector in whose district any delay may appear to have occurred, will be held responsible for the same.

22.—That any Officer on duty, or leave of absence, at the Presidency, who may have occasion to correspond on the public service, shall carry his letter to the Adjutant General who, upon being satisfied that the letter is exclusively upon the public service, will frank the same.

23.—That all Officers similarly situated at the subordinate, shall apply to the Commanding Officers of the stations where they may then be residing.

24.—That no Post Office packet shall in future be opened between one station and another for the accommodation of Travellers, as is understood to have been heretofore the practice; but should a competent authority, or circumstances of an urgent public nature, at any time render it necessary for an Officer, in the execution of his duty to open a Public Mail, it must be carefully opened and closed by the Officer himself, and an official letter must be addressed to the Post Master General explaining, under what orders or peculiar circumstances the measure was adopted.

25.—That no letter which has once been delivered into any Post Office under this Government shall, in future, be restored, except upon an official application in writing, in which the reason for making the application must be stated, a copy of which

letter will be forwarded, if necessary, to the station to which the re-delivered letter was addressed, in order to afford the means of detecting any frauds that may be attempted. It is, however, to be understood, that the postage will in no case be returned.

26.—That with a view to prevent the suppression of private letters, and the misappropriation of the postage collected on them, all receipts granted in future at the Post Offices under this Presidency for letters delivered in, shall be on stamped paper, each receipt having the word single, double, treble, quadruple or packet, engraved on it in the English, Tannool, Telinga and Persian characters, and specifying at the same time in writing, or by a second stamp, the station from which the letter is despatched, the place to which it is addressed, the date of its delivery into the first Post Office, and the postage paid on it.

With this facility of discovery, every individual, European or Native, whose letter does not reach its destination, will be enabled to obtain redress upon application to the Post Master General: but it is at the same time recommended to the public, as an additional check, that every person do insert in a book, to be kept for the purpose, the directions of all letters sent by Tappal, with the name of the station from which they are sent and the date of their delivery at the first Post Office, and likewise that the stamped receipts abovementioned may not be mislaid or thrown away; without which precautions the present regulation cannot, it is feared, have the desired effect.

The Governor in Council deems it proper to repeat, that any deviation from the preceding regulations, will not fail to subject the offending party, to the severest displeasure of Government.

4.—The payment of full postage, having been sometimes evaded, by enclosing a number of letters under one cover and transmitting them by bangy instead of tappal, no packet will in future be received by the bangy, unless it be open at the ends, like a Newspaper, and be found not to contain letters.

PROSPECTUS of the MADRAS MILITARY FUND.

This Fund, which has been instituted by the Honorable Company's Army at this Presidency, has for its objects;—

To provide for the Families of Officers left, by their death, destitute of an adequate maintenance; and to assist Officers unprovided with aid by the Regulations of the Service, or from their own resources, under such circumstances of urgent sickness as renders a voyage to England necessary for the preservation of their lives.

This Institution holds out advantages to Subscribers of so superior a kind, that all the Officers of the Madras Army, with very few exceptions, are become Members of it—it is also honored with the

patronage of the Honorable Court of Directors, by whom it is likewise liberally endowed.

It is not to be doubted, now, that the Fund has commenced operation, and the benefits derived from it are fully ascertained, that such Officers belonging to the Madras Establishment, as have not hitherto had an opportunity of becoming Subscribers to so benevolent a Fund, or were unacquainted with its existence, will readily avail themselves of this occasion for contributing, both by their Donations and Subscriptions, to the furtherance of so philanthropic an Institution, of which, though all who contribute to its maintenance, may not themselves experience its benefits, still in the uncertainties of life, it is not impossible, that some so contributing may, at some future period, by an unexpected change of circumstances, partake of its advantages; at all events, they will possess the gratification of affording their aid, to a source from whence comfort and support will be derived to the Families of many a valuable friend, and contemporary in the Field.

Officers in Europe desirous of subscribing, shall pay the donation of their respective ranks, together with the arrears of Subscription, from the date of the Establishment of the Fund, 1st April, 1808, if they were in the Service at that period; or otherwise, only from the date of their arrival in India; calculating at the rate of one day's English pay in a month.

Any unmarried Officer becoming a Subscriber, shall, upon his marriage, pay up the additional donation attaching to Subscribers who are married; that is, he shall pay ten days allowance of the rank he may then hold.

Any Officer proceeding to Europe on sick certificate, in conformity to the existing Regulations of the Government of Fort St. George, or such as may be hereafter framed (always provided with the declaration of two Surgeons, upon oath, shall certify a voyage to England to be in their judgment absolutely necessary for the recovery of his health, such Officer not being provided with passage money, by the Regulations of the Service, shall, on making oath that he does not possess the means of paying for his passage, be entitled to receive from the Military Fund the passage money regulated for his rank; and on a similar declaration, on oath, to the Agents in England, he shall be entitled, on his return to India, to receive the sum regulated for the outward passage.

Any Officer so proceeding to Europe on sick certificate, being provided with a passage, either at the public expense, or as above noted, who shall moreover make oath that he does not possess the means of purchasing the requisite clothing and equipment for the voyage, shall be entitled to receive from the Fund a further sum

not exceeding 200 Pagodas; but not to any further sum on account of equipment on his return to India.—No Officer, although a Subscriber, who may proceed to Europe on furlough, and fall sick during such absence, is entitled to any of the benefits of the Fund, which are exclusively confined to Officers quitting India on sick certificate.

Officers who may proceed to England on sick certificate, after having served four years in India, and who shall make oath, that they do not possess property which will produce an income, including their pay, equal, if a Subaltern to £140, or if a Captain Lieutenant to £160, shall be allowed such sum annually, as with their pay and other income will make up £160 to a Captain Lieutenant, or £140 to a Subaltern, during the period of furlough, as regulated by the Court of Directors.

Advances from the Fund cannot be granted to any Subscriber going home, while in the receipt of India allowances.

Officers becoming Subscribers, within the period of six months after their first arrival in India, are not charged with any arrears of subscription; but after the expiration of that period, they have to pay up their arrears from the date of their arrival and to furnish affidavits of health.

TABLE of RATES of PAYMENT by SUBSCRIBERS to the MADRAS MILITARY FUND, in India and in England; showing also, the amount of sums payable to Claimants on the said Fund, separately and for Children, with the deductions from the said amounts, respectively, to which the said Claimants are liable: as also, a Table showing what rate of Income excludes Persons from the benefits of the said Fund; with some other particulars, and allowances to Sick Officers.

Donations to be paid in the first instance by every Subscriber, towards forming a Capital.

To Children under six years of age, the income is made up to twenty Pounds Sterling per annum—but, if a Child have lost both its Parents, the sum is made up to thirty Pounds sterling per annum, and in the latter case the Trustees act as Guardians to the Orphan.

To Subscribers who find it necessary from ill health to go to Europe, and who procure the necessary certificate to obtain the sanction of Government for that purpose, such assistance is afforded as shall enable a Surgeon to expend the annual sum of three hundred Pounds sterling, and an Assistant Surgeon the annual sum of two hundred Pounds sterling; for a period not exceeding three years.—(Vide Deeds.)

To the Senior Subscribers retiring from the Service, if the funds admit—annuities are granted of four hundred Pounds per annum for life.

SIGNALS for SHIPS or VESSELS in the OFFING.

Signals respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Port Square of Port St. George, on which there are three Signal Sticks. One consisting of an upright Mast, representing the East point of the compass with a yard hung by the middle across, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts, and of one Mast.

An Ensign, or square national flag, represents a Ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Schooner, &c. of two masts; and a broad national pendant terminating in one point, represents a Sloop or Cutter, of one mast.

Whether of these flags are hoisted to the top of the upright staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yard, the vessels seen are in the North or South Quarters of the compass.

The number of Ships that appear in the offing, are expressed by pendants. A white pendant signifies one Ship or Vessel; a red and white pendant, two Vessels; a red pendant, pierced with white, three Vessels; and a yellow pendant, pierced with blue, four Vessels; when the number of Vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the Vessels in sight are Men of War in the East Quarter, one of the numerical pendants, will fly from the national flag of the upright Staff; if in the North or South Quarters, the pendants will fly at the extremity of the yard arm over the National flag, hoisted on the stay of the North or South Arms of the cross yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the National flag. If the ships are Indiamen, a blue pendant will be displayed as usual under the Union flag of the Port.

If a Fleet is in sight, one Gun will be fired after the signal for the Fleet is made, and if there are two Fleets of different Nations in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag, pierced with yellow,

BRITISH Ship Snow or Blue Ship of Colour			AMERICAN								
FRENCH			MOORISH PACIFIC								
DUTCH			IMPERIAL SHIP OF WAR								

hoisted to the extremity of the Staff or Arms, expressive of the quarter she is in.

The annexed Plate represents the Flag of all Nations, that trade to Madras; in the upper corner of which is represented the flag staff and yard, and the manner in which the Signals are made to express Ships or Vessels discovered in the North, South, and East Quarters of the Compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four gallies of British Men of War appear to the Eastward; the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern Staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Snobs in the North Quarter, and a French broad pendant hoisted to that stay of the South Arm of the cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the compass.

If the numerical pendants, instead of flying at the extremity of the Staff, are hoisted under the National flag, in the manner expressed by the letter M, they will describe the same class of vessels to be Merchantmen.

N.B.—The blue pendant flying under the Union flag of the Port, with the St. George's Colours hoisted upon any one of the Signal staffs, expresses an Indiaman. A yellow pendant flying under the Union flag with either of the three white flags hoisted under any of the signal staffs, represents a Spanish Vessel; and if a red pendant lies in the place of the yellow pendant, it will express a Portuguese. A blue and yellow pendant flying over the National flag, represents a Fleet of Men of War, and under it, a Fleet of Merchantmen.

LIGHT HOUSE.

The Light House on the Exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Government, in December 1783, and is of essential service to Ships coming into the roads in the night.

The Light is 20 feet above the level of the Sea at high water; it can be seen from the anchorage of the Honorable Company's Ships about 17 miles, and from their mast heads near 26 miles.

The South part of Puloat shoal bears from the Light House, N. by E. half E. distance 12 miles; and to keep clear of the shoal, the light should always bear to the Westward S. S. W. $\frac{1}{2}$ W.
