The following distances and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas's Mount, and Perumbaukum Hill (a small sugar loaf detached hill which lays about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey,) will enable any observer on board of a Ship riding in the Madras Roads to determine its birth with great precision by taking their angular distance with a common Sextant.

GOVERNMENT ADVERTISEMENT.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the H. C.'s Observatory, in regard to Sea Time-keepers delivered to his charge for the purpose of having their daily rate ascertained; Notice is hereby given, under the authority of his Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the H. C.'s Sea Service, or by the Masters and Officers of British Merchant Vessels frequenting this port, will be received every day (Sunday excepted) between the hours of Eleven and Two. That they will be regularly compared for as many days as may suit the occasion of the Owners, and that they will be returned on written applications, between the same hours, accompanied by detailed accounts of their rates of going while deposited, free from all fees or charges of every description.
Published by order of the Right Honorable the Governor in Council.

G. G. KEBLE,

SEC. TO GOVERNMENT.

FORT ST. GEORGE, 20th April 1807.

Pursuant to the above Advertisement, notice is hereby given that no Time-keeper, sent to the H. C.'s Observatory, for the purpose of having its rate ascertained, will be returned without a written application from the person who sent it; such application to be transmitted within the hours mentioned in the Advertisement.

That a Receipt, specifying the Names of the Maker and Owner, and the No. of the Watch, will be given, for every Time-keeper deposited at the Observatory; this Receipt will

be signed by the Superintendent, and should be returned with the application for the Time-keeper.

MADRAS OBSERVATORY, (Signed) J. GOLDINGHAM,
November 20, 1813. } SUPERINTENDENT.

N. B.—It is recommended not to send Time-keepers in a Palankeen, it having been found by experience that the motion alters the rate; and sometimes stops the Time-keeper.

REGULATIONS respecting Military Officers retiring from the Company's Service.

66. Copies of Regulations abroad, made under 37 Geo. III. c. 142, 39 and 40 Geo. III. c. 79, and 47 Geo. III. sess. 2. c. 68, to be laid annually with accounts before Parliament.

FORT ST. GEORGE,
16th September 1817.

G. STRACHEY,
CHIEF SECRETARY.

Extract of a General Letter from England in the Commercial Department, dated 7th September 1808.

Para. 229.—In our Letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Marter and Mr. William Evans to be Warehouse-keepers of Baggage, subject to our

immediate inspection and controul, and we have made such arrangements with His Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible despatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies; and that it be signified to all our Servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans, to clear and deliver them their Baggage, Wines, and Presents, as we have directed Messrs. Marter and Evans to transact every branch of business connected with this department, which will render the Agency of all other persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this Country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue; We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe however small, are considered to be prohibited and cannot be passed in England as part of their baggage.

Extract of a General Letter from England in the Public Department, dated 26th August 1801.

HAVING adverted to the immense quantity of baggage brought home by the Passengers arrived in the Company's Ships and being desirous of promoting every regulation that appears to us likely to increase the importation of surplus Tonnage, we have investigated this as one cause, which has occasioned the reduction of that important benefit, both to the Company and Owners, the space occupied by the Passengers baggage in one of the Ships lately arrived having amounted to the immense quantity of 63 Tons; conceiving therefore some regulation necessary to be adopted to correct as much as possible this growing evil and to prevent such immense quantities of baggage being imported, to the ultimate exclusion of the Company's cargo; we have come to the following

resolutions, with copies of which you must furnish the Commanders of all Ships in the Company's Service for their information and guidance; and we direct that you adopt every other means which may appear necessary towards carrying the same into effect, viz.

That Gentlemen proceeding to England in the undermentioned stations be restricted from taking with them, a larger Tonnage of baggage and stores, than the following, exclusive of their bedding, a table and a sofa or two chairs, for their respective cabins; viz.

Gentlemen of Council, ...	5	Tons.
General Officers, ...	5	do.
Colonels in His Majesty's or Company's Service, ..	4	do.
Senior Merchants	4	do.
Lieutenant Colonels	3	do.
Junior Merchants	3	do.
Majors	2½	do.
Factors	2½	do.
Captains	2	do.

That Gentlemen proceeding to England in either of the above-mentioned stations who may be permitted to bring home their families with them, be restricted from taking more Tonnage than one-half of the preceding allowances in addition, as the Ladies baggage.

That married Ladies proceeding to their Husbands in England, be restricted from taking more than 2-3ds of the Tonnage prescribed for a Gentleman of the same rank as their Husbands.

That Writers, Lieutenants, Ensigns, and other cabin Passengers be restricted from taking a larger quantity of baggage and stores than 1 Ton each, exclusive of their bedding, a table and sofa or two chairs.

That married Ladies proceeding to their Husbands in England of either of these last mentioned descriptions, be restricted from taking more than a similar quantity of baggage.

That such Gentlemen of either of these last mentioned descriptions who may be permitted to bring home their Wives with them, be restricted from taking more than 1 Ton in addition as the Ladies baggage.

That single Ladies be restricted from taking more than the same quantity of baggage and cabin furniture.

That all excess of baggage beyond the abovementioned quantities, on whatever ship it may be brought home, be invariably charged freight at the charter party rate per Ton, and that the said baggage be not delivered from the Company's Warehouse, till such freight shall have been paid into the Company's Treasury.

THE Right Honorable the Governor in Council having resolved that no ordnance, fire arms, ammunition or military stores of any description shall be purchased or sold by any Individual residing under the protection of the Government of Fort St. George (with the exception of regular Shopkeepers, who may import from England, small arms, battle powder, swords or dirks for sale to their Customers), does hereby order and direct, that all Individuals having any ordnance, fire arms, ammunition or military stores, which may be intended for sale, (with the exception above stated,) shall deliver the same at the Arsenal of Fort St. George, where a receipt will be granted by the Officer of Government.

The Individuals will be reimbursed by the Government in the full value of all articles so delivered, on their making application at the Office of the Military Board.

It is the desire of His Lordship in Council to obviate the inconvenience which this regulation might produce to Individuals who may require arms, ammunition, &c. for the protection of ships or other vessels that may be employed in Trade.—It is therefore hereby notified, that Articles will be supplied from the Arsenal when it may not be inconvenient, under the usual authority of Government and the Military Board.

JUDICIAL DEPARTMENT.

THE Honorable the Governor in Council is pleased to publish the following Extract from a Regulation under date the 6th November last, prohibiting individuals from dressing their servants in the Regiments of the Company's troops, for general information.

EXTRACT FROM REGULATION III. A. D. 1810.

SEC. IX. *First.* All persons, whether European or Native, within the Company's provinces (excepting such privileged persons as the Government may specially exempt from the operation of the rule contained in this Section) are positively forbidden to dress any of their servants, either for the purpose of parade or of business, in the uniform of the Company's sepoys and lascars, or in a dress, so nearly approaching to that uniform, as to enable the persons wearing it to impose themselves on the country people for sepoys and lascars.

Second. All Natives, excepting those actually in the Military Service of the Company, or belonging to persons specially exempted by Government from the operation of this rule, are forbidden to wear a dress similar to that mentioned in the foregoing clause.

Third. Officers of every description, employed in the Service of the Company, who are allowed establishments of peons, in their official capacity, or who may have occasion to employ persons of that description, in such capacity, are prohibited from clothing them with a military dress.

Fourth. With the view of giving full effect to the orders contained in the preceding clauses, the Military Commanding Officers of stations, and of detachments, in the interior parts of the country, and the several Zillah Magistrates are hereby authorized and required, to deprive of a military dress any person who shall wear it contrary to these orders. The local Officers of police are also empowered and directed to apprehend all persons of the above description, and to send them to the Magistrate, who will deal with them in the manner above prescribed.

Fifth. Military Officers, or other persons, to whom escorts may be allowed, when travelling through the country, are forbidden to send sepoys or lascars into the villages, for the purpose of procuring any sort of provisions or of pressing bearers, coolies, or boatmen. Every local Officer of police, upon proper application, will, under Section VIII, of this Regulation, grant such assistance as he may be able to afford; and all violent measures, therefore, will be considered equally illegal and unnecessary.

Sixth. No person shall be allowed to distinguish his peons, or other servants, with badges, except the Public Officers (civil or military) employed in the service of the Company, who are allowed establishments of peons in their official capacity, or who may have occasion to employ persons of that description, in the public service. The several Zillah Magistrates are empowered and directed to apprehend any person (not being in the service of a Public Officer of the Government, authorized to entertain such servants) who shall wear a badge, in opposition to the prohibition contained in this clause, and to deprive him of the badge. The local Officers of police are also authorized and directed to apprehend persons of the above description, and to send them to the Magistrate, by whom the offender will be dealt with as above directed. Any European, not being a Public Officer of the Government, to whom such description of public servants is allowed, employing badged peons, or other description of servants wearing badges, contrary to this prohibition, will be liable to the

severe displeasure of Government, on representation of the circumstances of the case by the Magistrate, who is directed to report all such instances for the information and orders of the Governor in Council.

FORT WILLIAM:

PUBLIC DEPARTMENT, DECEMBER 31, 1810.

THE following Regulations having been adopted by the Governor General in Council, under the authority and direction of the Honorable Court of Directors, they are now published for general information.

2d. The Governor General in Council has been pleased to authorize the Accountant General and the Sub-Treasurer, for the time being, to act under the responsibility of the Honorable Company, as agents (for the purposes hereinafter mentioned) of the public creditors of this Government, whether residing in Europe or elsewhere.

3d. The Officers abovementioned are authorized to receive charge of, and to grant, receipts in duplicate, for any Obligations or Loan Acknowledgments of this Government, which the Proprietor may wish to deposit with them.—No Note is to be received in deposit, which shall not appear to be made out in the name of, or be regularly indorsed to, the person depositing it.—Persons desiring to deposit their Government Securities shall make their application to the Accountant General and

Sub-Treasurer in the form hereunto subjoined, No. 1; and the receipt of those Officers will be given in the form No. 2.

4th. The Officers abovementioned will receive the Interest on any Government Paper which may be deposited with them.—And will, according to the instructions of the Proprietor, remit the amount, either to England in Bills to be drawn on the Honorable Court of Directors, if the same shall be payable in such bills by the terms of the Loan; or to the Presidencies of Fort St. George or Bombay, by Drafts on the Public Treasuries of those Presidencies, or to any of the stations subordinate to this Presidency, by Drafts on the Collectors or on the Residents at Delhi or Lucknow, according to the rates of exchange at which Government may draw at the time—or they will pay the amount at the Residency to any person nominated by the Proprietor to receive such payment.—The instructions as to the manner in which the Interest is to be paid, must be made out according to the forms hereunto subjoined, Nos. 3, 4 and 5, which are adapted to the several cases above specified.—The Proprietor will be at liberty to substitute one of these modes of receiving the Interest for the other, as often as he shall think fit; provided that the fresh instructions be delivered at the Treasury one month before the day on which the Interest falls due.—Persons having more Notes than one in deposit may give separate instructions regarding the Interest on each Note, but the whole of the Interest on each Note must be received in the same manner and at the same time.

5th. When the Principal of any Government Paper so deposited shall become payable, the abovementioned Officers will, according to the instructions of the Proprietor, either pay the amount, with the Interest due upon it, to such person as shall be appointed to receive the payment; or they will reinvest it in any other Loan, to which it may be subscribable at the time, or in the purchase of other Obligations or Loan Acknowledgments of this Government in the market, at the current price of the day.

The instructions for these purposes must be made out according to the forms hereunto subjoined, Nos. 6, 7 and 8, which are adapted to the three several cases above specified. The Proprietor may at any time substitute one of these modes of disposing of the Principal for the other, provided that the fresh instructions be delivered at the Treasury one month before the day on which the Principal falls due.—Persons having more Notes than one in deposit, may give separate instructions regarding each Note, but the whole amount of each Note must be disposed of in the same manner and at the same time.

6th. If any Loan be opened by the Government of Fort William, into which the Paper deposited may be receivable, the Officers abovementioned are authorized to subscribe the Paper so deposited to such Loans, upon receiving the instructions of the Proprietors for that purpose; although the Notes may not be in course of payment. Instructions for this purpose must be made out according to the form No. 9.

7th. The Officers abovementioned are authorized to receive remittances, in Government Bills only, from Individuals desiring to purchase the Public Securities for deposit with them (provided such Bills shall be payable at the General Treasury, and shall amount to 1,000 Sa. Rs.) and to invest the amount, according to the instructions of the Proprietor, in the Government Securities, either by subscribing the amount to any Loan which may be open for the receipt of Cash, or by purchase in the market at the current price of the day; instructions for this purpose shall be made out according to the forms hereunto subjoined, Nos. 10 and 11.

8th. The Officers abovementioned are further authorized to invest the amount of interest due on Paper deposited with them in the Government Securities, in either of the modes mentioned in the last clause, upon receiving the Proprietor's instructions for that purpose; such instructions must be made out in the form hereunto subjoined, No. 12.

9th. The same Officers are further authorized, at any time, on receiving proper authority and instructions from the Proprietor for that purpose, to indorse any one or more Notes deposited with them, as Attornies to the Owner, to such Person as he shall direct, or to sell the same on the Owner's account at the current price of the day, and to pay over the proceeds in Cash at the Treasury to such Person as the Proprietor may appoint to receive the same, provided that the whole amount of each Note sold, shall be payable in one sum, and to the same Person. But they are prohibited from reinvesting the proceeds of Paper so sold, or from disposing of it in any other manner than by such Payment at the Treasury, as abovementioned, to the order of the Proprietor. Any fees, which may have become due according to the rates hereinafter prescribed upon the Paper required to be indorsed, are to be paid before the indorsement is made; or in case of the sale of the Paper, the fees shall be deducted from the amount proceeds before it is paid over. The Power of Attorney to Indorse, or to Sell, must be made out according to the form No. 13; the direction to Indorse according to the form No. 14; and the direction to Sell, and the order to Pay, according to the form No. 15.

10th. If Government should at any future period grant a remittance of the Principal of any Paper deposited under the terms of this Advertisement, the Officers abovementioned will remit the Principal upon receiving instructions from the Proprietor to that effect, such instructions must be made out according to the form No. 16. The Proprietor may at any time withdraw the Government Securities deposited, or any part of them, from the charge of the abovementioned Officers, and such Securities will be delivered up to the Proprietor himself, or to any other person whom he may authorize to receive them, upon payment of such fees as may have become due to the Accountant General and Sub-Treasurer, according to the rates hereafter specified, upon the Paper so required to be delivered up. The authority to receive deposited Paper, must be made out according to the form No. 17.

12th. In each of the cases on which the Officers above mentioned are authorized to invest money in the Public Securities, it is to be understood, that they will invest as nearly as possible, the whole amount, but that they are in no case and upon no account, to exceed it.—Such fractional sums as may remain in their hands above the amount invested, will be payable on demand at the Treasury to the order of the Proprietor, such order is to be made out according to the form No. 18.

13th. The full postage must be paid on all Letters directed to the Officers abovementioned, and the full postage on all Letters from them will be charged to the persons to whom they are addressed. All Letters addressed to them are to be superscribed in the following manner :

“ TO THE ACCOUNTANT GENERAL
AND SUB TREASURER,

Fort William.”

14th. The responsibility of the Honorable Company is strictly confined to the cases above specified, and to such Transactions as shall be conducted according to the prescribed forms. These forms will be printed and furnished in blank at the different Presidencies, and at the India House, to persons desirous of availing themselves of the agency of the Public Servants, and no other than the forms so furnished, will be received or acted upon by those Officers.

15th. Commission shall be payable to the Accountant General and Sub-Treasurer on the several Transactions above specified, according to the subjoined rates.

INTEREST.

1. On the receipt and remittance, or investment of Interest

on Paper deposited, $\frac{1}{4}$ per Cent. on the whole transaction, but no Commission is to be chargeable on the remittance by Bills on the Court of Directors for Interest arising from the Notes of any Loan, prior to that published under this date.

16th. Such Fees or Commission as may have become due on any of the abovementioned transactions, from any person depositing Paper, will be deducted by the Accountant General and Sub-Treasurer, from the first Interest received by them, from any Paper in deposite belonging to such person, but if these Officers shall in any instance omit to deduct their Fees or Commission from the Interest coming first to their hands, they shall not be at liberty to make the deduction at any future period.

17th. Government reserves to itself the liberty of withdrawing the authority hereby granted to the Accountant General and Sub-Treasurer, upon giving two years notice of their intention so to do in the Calcutta Gazette, and at the expiration of such notice, those Officers will cease to act in the concern of Individuals; but any Government Paper which may have been deposited with them, will remain for safe custody at the Treasury until claimed by the Proprietor.

FORT WILLIAM,

Territorial Department; October 10, 1817.

1. The Public are hereby informed, that the Sub-Treasurers at Fort William, Fort St. George, and Bombay, the several Residents at Native Courts, and several Collectors of Land Revenue, under those Presidencies, have been authorized to receive, until further orders, any sums of Money, in even Hundreds, not being less than Sicca Rupees One Thousand, which may be tendered on Loan to the Honorable Company, at an Interest of Six per Cent. per Annum, as hereafter specified.

2. Subscriptions will be received to this Loan in Cash at par, at the Presidencies of Fort William, Fort St. George and Bombay.

3. The Sicca Rupee of Furruckabad, Lucknow and Benares, will be received as equal to the Calcutta Sicca Rupee.

4. Subscriptions will be received to this Loan in accepted Bills of Exchange, drawn upon the Governments of Fort William, Fort St. George, and Bombay, after deducting Interest at the rate

of Six per Cent. per Annum, for the period such Bills may have to run. Bills for arrears of Salary, whether the same shall have been advertised for payment or not, and generally all authorized Public Demands, will be received in Subscriptions to this Loan at par.

5. The several Paymasters of the Army, under the Presidencies of Fort William, Fort St. George and Bombay, are also authorized to transfer any demands, which may be payable by them respectively to this Loan, and to grant drafts at the Presidencies of Fort William and Fort St. George for the amount in the usual manner on the Accountant General, and at the Presidency of Bombay on the Military Paymaster General, which drafts shall be received by the several Officers abovementioned, in payment of Subscriptions, on being tendered to them for that purpose.

6. Acknowledgments will be granted as hereinafter specified for all Subscriptions to this Loan. But Acknowledgments will not be granted under the present Advertisement for any smaller sum than 1,000 Calcutta Sicca Rupees; nor will any such Acknowledgments be granted, otherwise than in sums of even Hundreds.

7. The Accounts of this Loan will be closed on the 30th of June, 1818.

8. The Public Officers authorized to receive Subscriptions to this Loan, at the Presidencies of Fort St. George and Bombay, will grant Acknowledgments for Subscriptions made at those Presidencies respectively, in Calcutta Sicca Rupees, at the undermentioned rates of Exchange.

Fort St. George.—Calcutta Sicca Rupees 335.172 per 100 Star Pagodas.

Bombay.—Calcutta Sicca Rupees 100 per 108 Bombay Rupees.

9. The Interest which may be due on the Acknowledgments on the 30th June, 1818, will be paid at either of the Presidencies in Cash, at the rates of Exchange abovementioned, or the amount will be added to the Principal, the Holder of the Acknowledgments receiving or paying, at his option the fractional part of 100 Rupees in Cash, so that in all cases, the Notes ultimately to be granted by the Public Officers, may be for sums in even Hundreds of Calcutta Sicca Rupees.

10. The Acknowledgments, after the Proprietors shall have received the Interest due to the 30th June next, are to be transmitted to the Deputy Accountant General at Fort William, to be exchanged for a Promissory Note or Notes (not being less than 1,000 Calcutta Sicca Rupees each,) in sums of even Hundreds of Calcutta Sicca Rupees, and to bear date the 30th day of June, 1818, which Notes will be registered under that date, and be Numbered in the order, in which the Acknowledgments may be presented at his office.

11. The Accountant General at Fort St. George and Bombay, will, on application from the Holders of Acknowledgments, transmit them to the Accountant General in Bengal, to be exchanged for Promissory Notes, free of every expense whatever. The Proprietor, however, must in every such case, either receive the Interest due on the Acknowledgments in cash, or subscribe it in the manner above mentioned, before the Acknowledgment is transmitted to Bengal, and must also express thereon the Number and Amount of the Promissory Notes, which he would wish to receive in exchange for it, and which will be issued accordingly, to the amount of the Acknowledgment, for any sums in even Hundreds, of not less than 1,000 Calcutta Sicca Rupees.

12. The Notes of this Loan shall not be paid off without a previous Notice of Sixty Days being given to the Public, by an Advertisement to be published in the Government Gazette; such Notice shall be considered as equivalent to a tender of payment, at the period appointed for the discharge of the Notes so advertised for payment, and all Interest thereon shall cease from the expiration of that period.

13. The Promissory Notes to be so granted, shall be numbered and placed upon the General Register of the Registered Debt of this Presidency, in manner aforesaid; and when the Notes of this Loan shall be in course of Payment, the Principal shall be discharged, either in Cash at the Presidency of Fort William, or by Bills of Exchange (at the option of the Proprietor,) to be drawn on the Honorable Court of Directors, at the exchange of Two Shillings and Six Pence per Sicca Rupee, payable Eighteen Months after date, with liberty to the Honorable Court to postpone the payment for the further term of One, Two or Three Years, from the date on which the Bills shall have become due; Interest being allowed from such date, at the rate of Five per Cent per Annum, and payable half yearly, to the period, at which the Bills may finally be discharged. It is at the same time expressly stated; that the Public Creditors shall not have it in their option to demand payment by Bills at any time, it being intended only to allow them this alternative, when the Loan shall actually be in course of payment by Public Notice to be given for that purpose.

14. The Notes shall be advertised for payment, according to the order of priority in date and number, in which they shall have been placed upon the General Register, with the special reservations hereinafter noticed; but all Notes advertised at the same time for payment, shall become payable on demand, without regard to priority, at the expiration of the Notice; Government shall also be at liberty to advertise other Notes for payment, without waiting for the expiration of pending Notices, and to discharge the Notes, so subsequently advertised, at the expiration of the Notice relating to

them, notwithstanding the Holders of Notes comprized in prior Advertisements, may have omitted by themselves, or their Attornies duly authorized to apply for payment.

15. It is clearly to be understood, that Purchases by the Commissioners of the Sinking Fund, and transfers of the Notes of the present Loan into any future Loan in the manner hitherto used, shall not be considered as infringements of the stipulation in the preceding clause, with respect to priority of payment.

16. For the accommodation of Proprietors of Notes residing at Fort St. George or Bombay, it is hereby provided that on application to the Accountant General at either of those Presidencies, they shall be entitled to have the Original Note issued by the Bengal Government, exchanged for another Note for the same sum in Calcutta Sicca Rupees, and of the same tenor in every respect, or to have different Notes consolidated into one or more larger Notes, or to have their Notes subdivided into smaller Notes, (not being for less than 1,000 Calcutta Sicca Rupees) on payment of the established Fees of Office.

17. The Interest on the Promissory Notes shall be payable half yearly, on the 31st of December and the 30th of June, from year to year, until the Principal shall be discharged, or until the Interest shall cease on the expiration of the Notice of payment, as expressed in the 12th clause; and it shall be optional with the Proprietor of the Notes, to receive payment of such Interest in Cash, either at Fort William, Fort St. George, or Bombay, or by Bills, to be drawn on the Honorable Court of Directors, at the Exchange of Two Shillings and Six Pence per Calcutta Sicca Rupee, payable Twelve Months after date,—provided always in the latter case, that the Interest, for which Bills may be so required, amount to the sum of Forty-five Pounds Sterling at the least, and no Bills will be granted for any smaller Amount.

18. PASSPORT REGULATIONS.

THE Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders for the regulation and controul of all Passports granted under the Presidency of Fort St. George.

1st—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the

general controul and direction of all Passports granted within the territories of Fort St. George.

2d—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the name of the person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; to the Town Major of Fort St. George for Military persons belonging to that Garrison; to the Adjutant General of the Army, for all other Military persons leaving the Presidency; and to such Officers Commanding Military stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to persons not Military.

3d—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register it's receipt in the same manner as on granting one, and if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of it's receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively, but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a

Traveller to the next Post or Station, by endorsing his Passport with the words "Pass to" noting the date; entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th.—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th.—Public Officers having received a Passport authorizing them to travel *post on the public service*, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All Public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of farther enquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced; (reporting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the durbars of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's

possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted Authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d.—The routes of foreign Travellers for commercial purposes, will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will, as soon as may be practicable after the receipt of these instructions, transmit to the Secretary of Government, descriptive lists of all Europeans not in His Majesty's or the Company's service, residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the service, who shall not possess such certificates on the "first day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date; no Passport shall be granted to any European not in the service, who *resides or states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license; but Mariners or Traders, whether British or Foreign, *not resident in India*, who may desire to pass from one port to another for commercial purposes; shall be furnished with Passports without hesitation.

N. B.—The certificates should include a description of the person, and should grant conditional permission to reside at the town of " " subject to be sent to Europe at the shortest notice, whenever the Government shall think fit.

PORT ST. GEORGE, 21st April 1802.

NOTICE is hereby given, that from and after the first day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council, has been pleased to make to the foregoing reso-

lution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

FORT ST. GEORGE, May 25, 1799.

In addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport; The Right Honorable the Governor in Council is hereby pleased to give notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2. The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favor of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

3. For the more strict execution of this order, notice is hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

4. The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons leaving the Presidency.

The Residents at Hyderabad, Poonah, Mysore and Travancore,

the several Collectors of Revenue, the Commercial Residents residing at Sea Ports, and Officers Commanding Military stations.

FORT ST. GEORGE, May 15, 1802.

THE Right Honorable the Governor in Council has been pleased to adopt the following modifications in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports at the Police Office in person, and that no Passports be issued to Foreigners, except at the Police Office. All Foreigners residing at any of the out-stations or elsewhere, under the authority of the Government of Fort St. George, or who may hereafter arrive, shall without delay report through the channel of the nearest Magistrate, Collector, or other local authority, their place of residence, occupation, period of arrival and from whence they have last come, to the Police Office at Madras, and any person failing to comply with this notification, will, on discovery be placed under personal restraint.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations, and to see that the order is strictly enforced.

All Passports of whatever description, are in future to be translated into the Malabar, Gentoo and Hindoostanee languages.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

FORT ST. GEORGE, August 22, 1807.

of the foregoing indulgence, it is directed that the number of letters

FOR MILITARY OFFICERS.

I do hereby certify upon my honor, that to the best of my knowledge and belief, the above is a correct list of all the public letters, exclusive of letters despatched under my signature during the month of , and that they were solely and entirely on the public service.

FOR OFFICERS COMMANDING CORPS, &c. IN HIS MAJESTY'S OR THE

HONORABLE COMPANY'S SERVICE.

I do hereby declare upon my honor, that to the best of my knowledge and belief, the following is a correct

list of letters franked by me during the last month, under the restrictions specified in the fifth article of the Post Office Regulations.

23.—That no abstract of Pay shall be discharged except it be accompanied by a list to the above effect, and if it be paid without attention to this point, that circumstance alone shall be considered as a sufficient cause of retrenchment.

24.—That the lists given in by the Officers in the civil department shall be forwarded to the Office of the Civil Auditor with the monthly accounts of the person paying the abstracts; and those in the military department to the Office of the Military Auditor-General.

25.—That the lists so forwarded shall remain in deposit in the Office to which they are sent, for the purpose of being compared, if required, with the lists which will be ordered to be forwarded direct to the Post Master General from the persons in charge of the subordinate Post Offices.

26.—That with a view of obviating the possibility of misconception with regard to the letters intended to be exempted from postage, it is to be unequivocally understood that, with the exception specified in the 1st, 5th and 10th articles of these Regulations, all letters and papers that are not exclusively on the business of the public service, and that have not been previously entered as an official record, shall be subject to postage; and should it come to the knowledge of the Governor in Council that any of the Officers, civil or military, now authorized to address letters on the service, have made an improper use of the trust so reposed in them, by forwarding letters on their own private concerns under a cover superscribed "On the Service," the Governor in Council will consider it a disqualification for office.

27.—That should the name of any Public Officer obliged from his situation to carry on a public correspondence, be omitted in the list now published, such Officer must address a letter to Government, stating the nature of his public correspondence, when if it be deemed of sufficient importance, his name will be added to the list, or some Public Officer, already included in the list, will be directed to superscribe his letters, On the Service.

28.—That any Officer on duty, or leave of absence, at the Presidency, who may have occasion to correspond on the public service, shall carry his letter to the Adjutant General who, upon being satisfied that the letter is exclusively upon the public service, will frank the same.

29.—That all Officers similarly situated at the subordinates, shall apply to the Commanding Officers of the stations where they may then be residing.

30.—That no Post Office Packet shall in future be opened between one station and another for the accommodation of

Travellers, as is understood to have been heretofore the practice; but should a competent authority, or circumstances of an urgent public nature, at any time render it necessary for an Officer, in the execution of his duty to open a public Mail, it must be carefully opened and closed by the Officer himself, and an official letter must be addressed to the Post Master General explaining, under what orders or peculiar circumstances the measure was adopted.

31.—That no letter which has once been delivered into any Post Office under this Government, shall, in future, be restored, except upon an official application in writing, in which the reason for making the application must be stated, a copy of which letter will be forwarded, if necessary, to the station to which the re-delivered letter was addressed, in order to afford the means of detecting any frauds that may be attempted. It is, however, to be understood, that the postage will in no case be returned.

32.—That with a view to prevent the suppression of private letters and the misappropriation of the postage collected on them, all receipts granted in future at the Post Offices under this Presidency for letters delivered in, shall be on stamped paper, each receipt having the word single, double, treble, quadruple or packet, engraved on it in the English, Tamul, Telugu and Persian characters, and specifying at the same time in writing, or by a second stamp, the station from which the letter is despatched, the place to which it is addressed, the date of its delivery into the first Post Office, and the postage paid on it.

With this facility of discovery, every individual, European or Native, whose letter does not reach its destination, will be enabled to obtain redress upon application to the Post Master General: but it is at the same time recommended to the public, as an additional check, that every person do insert in a book, to be kept for the purpose, the directions of all letters sent by Tappal, with the name of the station from which they are sent and the date of their delivery at the first Post Office, and likewise that the stamped receipts abovementioned may not be mislaid or thrown away; without which precautions the present regulation cannot, it is feared, have the desired effect.

The Governor in Council deems it proper to repeat, that any deviation from the preceding regulations, will not fail to subject the offending party, to the severest displeasure of Government.

BANGY REGULATIONS.

GOVERNMENT ADVERTISEMENT.

Notice is hereby given, that, for the purpose of reducing the weight of the mails despatched by tappal, and of affording convenience to the public at large, a Bangy despatch, will, from the beginning of January next, be established on the routes that lead from Fort St. George to Fort William, to Seringapatam, and to Trichinopoly.

The bangy will be despatched three times a week, and the days of despatch from the Presidency will be, Tuesdays, Thursdays and Saturdays. The first bangy will consequently start on Tuesday the 2d January 1810.

All newspapers and all public despatches exceeding the weight of one ounce, will be reserved for the bangy; except in cases where the early receipt of any public despatch may be deemed important, when it must be endorsed with the words, "by tappal," and in the case of extra newspapers, not exceeding the weight of a single letter, which will still be forwarded by tappal. When newspapers and public despatches, exceeding the weight of one ounce, may be addressed to or from stations beyond those to which the bangy is sent, they will be transmitted, as far as possible, by bangy, and forwarded by tappal only to, or from the final bangy station.

Parcels for the bangy must be delivered at the General Post Office, before the hour of 12 in the forenoon of the day on which the bangies are despatched, and the bangies will be despatched at 4 o'clock in the afternoon.

The bangies will be opened for the receipt of all parcels (with the exceptions hereafter mentioned), and the bangy-postage of a parcel, not exceeding fifty Rupees weight, will be three times the tappal postage of a single letter,—that of a parcel, not exceeding one hundred Rupees weight, will be six times the postage of a single letter;—and so on in arithmetical progression;—but no parcel, exceeding one thousand Rupees weight, will be received for transmission, by bangy.

Newspapers will be charged only with the present rate of postage, and the Government Gazette will, as at present, pass post free.

All parcels whose bulk exceeds the cube of six inches, will be charged with double postage, and none, whose bulk exceeds the cube of one foot, will be received for transmission by bangy.

Every precaution will be adopted for the security of parcels transmitted by bangy, and it is not apprehended that they will be exposed to any considerable degree of risk; but it is proper to notify, that the Post Office will not be held responsible for their safety.

PUBLIC DEPARTMENT.

THE Honorable the Governor in Council having had under consideration the Post Office arrangements of this Presidency, has been pleased to adopt the following supplementary rules, which are now published for general information, and are required to be duly observed by all Public Officers whom they concern.

1.—The employment of expresses, having at times considerably retarded the transmission of the mails, is hereby forbidden, except in cases of urgent importance; and, in such cases, the Officer employing the express is to state in the body of his despatch that he had deemed it incumbent upon him to do so,—whereby the circumstance will stand upon record and be open to investigation.

2.—It is provided by the existing regulations that public despatches exceeding a certain weight shall be reserved for the Bangy, unless endorsed with the words "by Tappal;" and it is hereby further required, that they shall not be so endorsed, unless the early receipt of them be of real importance.

3.—With the view of diminishing the bulk and weight of public despatches, it is hereby required that in future they be copied within the smallest space compatible with perfect legibility,—that they have $\frac{3}{4}$ th instead of $\frac{1}{2}$ th margin,—that all blank leaves be withdrawn,—that the enclosures whenever practica-

ble, be written consecutively,—and that the packets be made up in the most compact form which the nature of their contents will allow.

4.—The payment of full postage having been sometimes evaded, by enclosing a number of letters under one cover and transmitting them by bangy instead of tappal, no packet will in future be received by the bangy, unless it be open at the ends, like a Newspaper, and be found not to contain letters.

2. Persons addressing the Post Master General, respecting any delay in the delivery of their letters, are requested to transmit, at the same time, the envelopes of such letters, bearing the Post Office Stamp, which specifies the date on which the letters were issued for delivery.

3. No person can be permitted to take the Letters from the Peons, except in the regular course of delivery; and it is requested, that the Peons may experience as little detraction at the doors of houses, as possible.

4. Persons receiving letters, are required to pay the amount of postage marked on them; and, if they have occasion to complain of any surcharge, they must state their complaint officially to the Post Master General. Should his decision not prove satisfactory, they are at liberty to appeal to the Governor in Council.

POST MASTER GENERAL.

GENERAL POST OFFICE;

No. 13.

On the Exemptions granted to Seamen in the Navy; and Soldiers in the Army, in respect of the postage of their letters.

1. SEAMEN and Soldiers within any part of His Majesty's dominions, to and from which there are regular Mails, can send and receive single letters, on their own private concerns only, while such Seamen or Soldier shall be employed on His Majesty's Service, and not otherwise, for ONE PENNY, pursuant to the Act of 46. Geo. 3, Cap. 92.

2. On letters FROM
a Seaman,
or from a Serjeant,
Corporal,
Trumpeter,
Drummer,
Fifer,
and Private Soldier

The Penny must be paid at the time it is put into the Post Office.

The Name of the Writer, his class or description, and the Name of the Ship, or Regiment, Corps or Detachment, must be written by himself.

And the Officer actually having the Command, must sign his Name, and the Name of the Ship, or Regiment, Corps or Detachment, he commands.

The Penny must be paid at the time the letter is put into the Post Office.

It's direction must specify the class of the Person, and the Name of the Ship, or Regiment, Corps or Detachment, to which he belongs, that is to say—it must describe him, Seaman, Serjeant, Corporal, Trumpeter, Drummer, Fifer, or Private Soldier, as the case may be.

3. On letters to Seamen
or to Soldiers as
above.

N. B.—All the foregoing descriptions must be legibly written, the initials of the Names of any Ships or Regiments being insufficient.

4. The Postmaster General requires Postmasters to examine every letter, purporting to be a Seaman's, or Soldier's letter, and if it be not in all respects conformable to the above Regulations, to charge

it with full postage, recollecting that though the law has given the indulgence to Seamen and Soldiers throughout His Majesty's dominions, yet in such parts of those dominions with which there is no communication by Packet Boats, this privilege cannot be enjoyed.

Note.—His Majesty's Forces while serving in Spain, Portugal, France, Holland, and Sicily, and British Ships of War in the Harbours, and on the Coasts of those Countries, have the privilege extended to them, and single Letters of Seamen and Soldiers may accordingly pass for One Penny, under the usual restrictions.—They also pass for One Penny to Sicily, and to the King's Ships in the Mediterranean, being conveyed by the Packet Boats to Gibraltar and Malta, places within the King's dominions.

The following are forms to be used for each letter from a Seaman or Soldier, and also to a Seaman or Soldier, whether in the United Kingdom or in any of His Majesty's dominions abroad, without which it cannot pass for One Penny, nor then, unless the Penny be paid at the time of putting the said letter into the Post Office, in conformity to the preceding Articles.

SEAMEN.

From A. B. Seaman, H. M. S. Victory.

(here the direction of the letter to be inserted.)

C. D. Captain (or other Commanding Officer) H. M. S. Victory.

To A. B.

Seaman H. M. S. Victory.

(here the direction to be finished.)

5. Letters sent to or by Commissioned or Warrant Officers, Midshipmen or Masters' Mates in the Navy, or by Captain's Clerks, and Schoolmasters, are precluded the benefit of the Act, as are letters sent to or by Commissioned or Warrant Officers in the Army; and care must be taken that no Person in the Navy or Army, not entitled, shall obtain the benefit of this Act by having their letters addressed to themselves under the general description of Soldier, or Sailor.

6. If any Officer, having the command of the Ship, Vessel, Regiment, Corps, or Detachment, who is authorized to make his endorsement in the manner before specified on the letter of the Seamen or Soldiers under his command, shall wilfully and knowingly write his Name on any such letter, that is not from such Seaman or Soldier on his private concerns only, he will be liable for every offence to forfeit and pay the sum of FIVE POUNDS.

SOLDIERS.

From A. B. Sergeant, (&c.) 60th Regt. Foot.

(here the direction of the letter to be inserted.)

C. D. Colonel (or other Commanding Officer) 60th Regt. Foot.

To A. B.

Private 60th Regt. Foot (or Sergeant, Corporal, &c.)

(here the direction to be finished.)

7. If any Officer or other Person not having at the time the Command of the Ship, Regiment, Corps or Detachment, shall write his Name upon any such letter, in order that the same be sent at a lower rate of postage than by law established, he will be liable to forfeit and pay the sum of FIVE POUNDS.

8. If any person shall knowingly and designedly address a letter to any Seaman or Soldier, which shall be intended for another Person, and which shall be concerning the affairs of another Person, with intent to evade the payment of the rate of postage by law established, by paying the Penny, every such Person so offending will, for every offence, be liable to forfeit and pay the sum of FIVE POUNDS.

9. And if any person shall procure any Seaman or Soldier to obtain the signature of his Commanding Officer, to any letter to be sent by the post, which shall not be on the private concerns of such Seaman or Soldier; or if any Seaman or Soldier shall himself obtain the signature of his Commanding Officer upon any letter which shall not be from himself, on his own private concerns only, in order to avoid the payment of the rates of postage by law established, each and every person so offending will, for every offence, be liable to forfeit and pay the sum of FIVE POUNDS.

10. If any Soldier or Seaman or other person entitled to send single letters for the postage of One Penny, shall forge the hand-writing of his Commanding Officer upon any such letter in order to avoid the payment of the higher rate of postage, he will be guilty of a misdemeanor, and may be prosecuted by indictment. In any such cases, the Deputies are to apprehend the parties, and report the proceedings for the Postmaster General's decision as to prosecution.

11. It having been a loose and irregular practice to permit Money Orders taken out for the use of Soldiers and Sailors to be folded up and passed as their letters, for One Penny each, that practice is hereby strictly forbidden, as such Orders must be enclosed in letters which are then liable to double or treble Postage, or if folded in the shape of letters, and sent singly, to full single rates of postage. The person applying to a Postmaster for a Money Order, should be desired to write his Name and place of abode on the back of the Order, or the Postmaster may do it himself.

12. The Postmasters are required to give their attention to prevent any letters being sent for the Penny postage which relate at all to the public business of any branch of His Majesty's Military or Naval Service, the indulgence being strictly confined to the Soldier's or Sailor's own private concerns.

13. One moiety of the several penalties and forfeitures are for the use of His Majesty, and the other moiety to the Person who shall inform, which penalty may be recovered before any one or

more of the Justices of the Peace, for the County, City, or Place where the offence shall be committed: and, in default of payments; such offenders are to be committed to the House of Correction for any space not exceeding one month, or till the penalty shall be sooner paid. And Postmasters must use every means in their power to obtain convictions when any abuse is committed.

By command of His Majesty's Postmaster General.

FRANCIS FREELING, SECRETARY.

* * The Postmaster is desired to cancel No. 13, dated Sept. 1813, and to use this instead:—He will find the correction in Sect. 5, where certain persons are not now mentioned as precluded the benefit of the Act, and those persons, viz. Caulkers, Ropemakers, Armourers, Cooks, Masters at Arms, and Master Sijl-makers, may send and receive letters as common Seamen.

EXTRACT of a GENERAL LETTER from England in the Public Department, dated 15th December 1815.

Para. 2.—We have resolved in addition to the privileges therein contained, that all letters franked by the several parties* therein mentioned shall, on their arrival in India be forwarded to the persons to whom they may be addressed, free of any charge for inland postage; and also that all letters addressed by individuals in India to any of the parties mentioned in the Act of Parliament, shall likewise be free from all inland postage, in the same manner as letters franked by a Member of Parliament pass to and from any part of the United Kingdom free of postage.

We therefore direct that such instructions may be given to the Local Authorities in India as will most effectually meet our intentions, taking care to observe that the indulgence given by the 22d Clause of the Act above recited, so far as concerns the Directors, extends only to 12 months from the passing thereof †, and that after that period the privilege granted to us, with the exception of the Chairman, and Deputy Chairman, is confined to 5 oz. weight by each Ship in the Company's Service, and that all letters exceeding that allowance are to be subject as heretofore to the inland India postage.

PROSPECTUS of the MADRAS MILITARY FUND.

This Fund, which has been instituted by the Honorable Company's Army at this Presidency, has for its objects;—

To provide for the Families of Officers left, by their death, destitute of an adequate maintenance; and to assist Officers unprovided with aid by the Regulations of the Service, or from their own resources, under such circumstances of urgent sickness as renders a voyage to England necessary for the preservation of their lives.

This Institution holds out advantages to Subscribers of so superior a kind, that all Officers of the Madras Army, are invited to become Members of it.—It is honored with the patronage of the Honorable Court of Directors, by whom it is likewise liberally endowed.

It is not to be doubted, now, that the Fund has commenced operation, and the benefits derived from it are fully ascertained, that such Officers belonging to the Madras Establishment, as have not hitherto had an opportunity of becoming Subscribers to so benevolent a Fund, or were unacquainted with its existence, will readily avail themselves of this occasion for contributing, both by their Donations and Subscriptions, to the furtherance of so philanthropic an Institution, of which, tho' all who contribute to its maintenance, may not themselves experience its benefits, still in the uncertainties of life, it is not impossible, that some so contributing may, at some future period, by an unexpected change of circumstances, partake of its advantages: at all events, they will possess the gratification of affording their aid, to a source from whence comfort and support will be derived to the Families of many a valuable Friend, and cotemporary in the Field.

Officers becoming Subscribers, within the period of six months after their first arrival in India, are not charged with any arrears of subscription; but after the expiration of that period, they are to pay up their arrears from the date of their arrival with compound interest.—Officers who were in the Service at the establishment of the Fund, 1st April 1808, are to pay up all arrears from that period,

calculated agreeably to the Regulations, and are to furnish affidavits of health.

Any unmarried Officer becoming a Subscriber shall, upon his marriage, pay up the additional Donation attaching to Subscribers who are married; that is, he shall pay ten days' allowance of the rank he may then hold.

Any Officer proceeding to Europe on sick certificate, in conformity to the existing Regulations of the Government of Fort St. George, or such as may be hereafter framed (always provided with the declaration of two Surgeons; upon oath, shall certify a voyage to England to be in their judgment absolutely necessary for the recovery of his health) such Officer not being provided with passage money, by the Regulations of the Service shall, on making oath that he does not possess the means of paying for his passage, be entitled to receive from the Military Fund the passage money regulated for his rank; and on a similar declaration, on oath, to the Agents in England, he shall be entitled, on his return to India, to receive the sum regulated for the outward passage.

Any Officer so proceeding to Europe on sick certificate, being provided with a passage, either at the public expense, or as above recited, who shall moreover make oath that he does not possess the means of purchasing the requisite clothing and equipment for the voyage, shall be entitled to receive from the Fund a further sum not exceeding 200 Pagodas; but not to any further sum on account of equipment on his return to India. No Officer, although a Subscriber, who may proceed to Europe on furlough, and fall sick during such absence, is entitled to any of the benefits of the Fund, which are exclusively confined to Officers quitting India on sick certificate.

Officers who may proceed to England on sick certificate, after having served four years in India, and who shall make oath, that they do not possess property which will produce an income, including their pay, equal, if a Subaltern to £140, or if a Captain Lieutenant to £160, shall be allowed such sum annually, as with their pay and other income will make up £160 to a Captain Lieutenant, or £140 to a Subaltern, during the period of furlough, as regulated by the Court of Directors.

Officers who shall have subscribed to the Fund for a period of 8 years, are entitled to loans under the following circumstances, should the state of the Funds admit of it.

A Subscriber being desirous to send his Wife and Children to Europe shall be allowed a loan equal to the amount of 20 months' subsistence of the rank he then holds, provided he shall have previously deposited with the Directors an irrevocable order engaging to repay the amount so borrowed, with interest at 8 per cent. within

20 months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the Fund, a Personal Bond, in which he shall be joined by two Sureties to be approved by the Directors, and assignment on any property he may possess.

A Subscriber who may be desirous to remit money to his Wife or Children in Europe, shall be allowed to receive an Order on the Agents of the Fund in England for any amount which he may have previously paid into the Fund here, either by instalment or otherwise, provided always that any loss by exchange or otherwise shall be borne by such Subscriber.

A Subscriber proceeding to Europe on sick certificate with his Wife and Children shall be authorized to apply for the regulated passage money for such Wife and Children, to be advanced by the Military Fund as a loan; such loan, however, can only be advanced upon the Personal Bond of the Subscriber, including two Sureties to be approved by the Directors. The amount to be repaid within two years after the Subscriber's return to India; provided he may have attained the rank of Captain; otherwise within two years after he shall have attained that rank, and the Sureties to be bound to make good any balance or deficiency in the event of the Subscriber ceasing to be a Member of the Fund, by death or otherwise, before the Bond is discharged.

SIGNALS for SHIPS in the OFFING.

SIGNALS respecting the Offing, where Men of War, or other Vessels, are made from the top of the Fort Square of Port St George, on which there are three Signal Stacks. One consisting of an upright Mast, represents the East point of the compass with a yard, slung by the middle, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts, and of one Mast.

An ensign, or square national flag, represents a Ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad national pendant terminating in one point, represents a Sloop or Cutter, of one mast.

If either of these flags are hoisted to the top of the upright staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yard, the vessels seen are in the North or South Quarters of the compass.

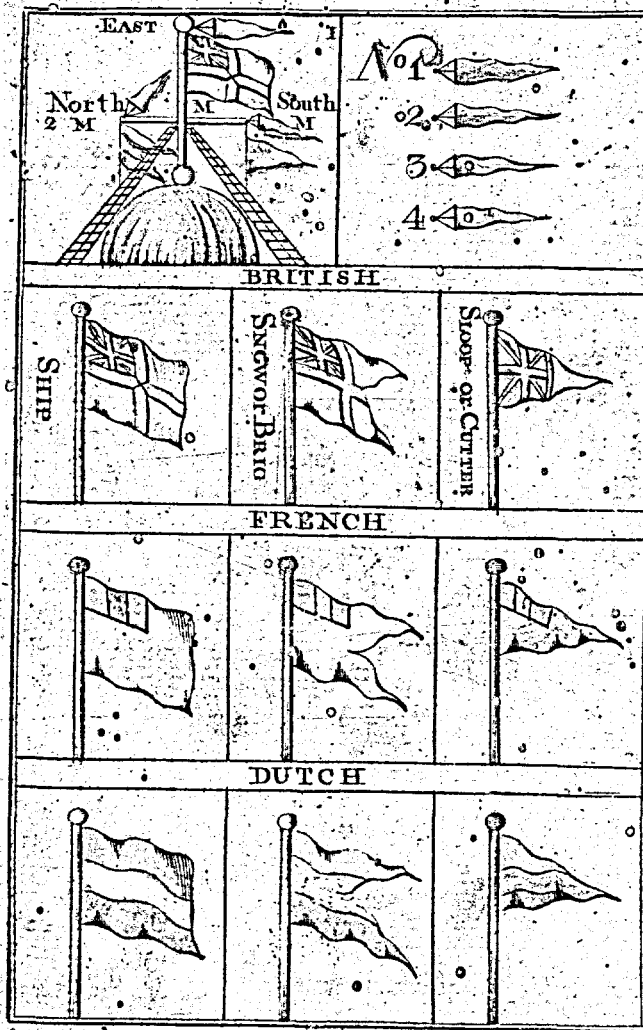

The number of Ships that appear in the offing, are expressed by numerical pendants. A white pendant signifies one Ship or Vessel; a red pendant, two Vessels; a red pendant, pierced with a white cross, three Vessels; and a yellow pendant pierced with a white cross, four Vessels; when the number of vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the Vessels in sight are Men of War in the East Quarter, one of the numerical pendants, will fly from the national flag of the upright staff; if in the North or South Quarters, the pendants will fly at the extremity of the yard arm over the national flags, hoisted on the stay of the North or South Arms of the cross yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the national flags. If the ships are Indiamen, a blue pendant will be displayed as usual under the Union flag of the Port.

If a Fleet is in sight, one Gun will be fired after the signal for the Fleet is made, and if there are two Fleets of different Nations in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow, hoisted to the extremity of the Staff or Arms, expressive of the

The annexed Plate represents the Flag of all Nations, that trade to Madras; in the upper corner of which is represented the flag staff and yard, and the manner in which the Signals are made to express Ships or Vessels discovered in the North, South, and East Quarters of the compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men-of-War appear to the Eastward; the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Snows in the North Quarter, and a French broad pendant hoisted to that stay of the South Arm of the cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the compass.

If the numerical pendants, instead of flying at the extremity of the staff, are hoisted under the National flag, in the manner expressed by the letter M, they will describe the same class of vessels to be Merchantmen.

N. B.—The blue pendant flying under the Union flag of the Fort, with the St. George's Colours hoisted upon any one of the Signal staffs, expresses an Indianman. A yellow pendant flying under the Union flag with either of the three white flags hoisted under any of the Signal staffs, represents a Spanish Vessel; and if a red pendant flies in the place of the yellow pendant, it will express a Portuguese. A Blue and yellow pendant, flying over the national flag, represent a Fleet of Men of War, and under it, a Fleet of Merchantmen.

LIGHT HOUSE.

The Light House on the Exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Government, in December 1796, and is of essential service to Ships coming into the roads in the night.

GENERAL PHENOMENA OF THE HEAVENLY BODIES, in the YEAR 1818.

JANUARY.

I. Of the Sun and Planets. On the 2d and 30th of this month the Moon passes the bright Star in the Zodiacal Constellation Libra. On the 3d, the Planets Jupiter and Venus will be seen in contact about an hour before sun-rise. On the 14th Mercury and Mars are stationary. 20th. The Sun enters Aqarius. *Mercury* is an Evening Star at the beginning of the year, and sets about one hour and a quarter after the Sun: On the 7th this Planet is at it's greatest elongation from the Sun, and on the 23d at the inferior conjunction; after which it passes to the westward and rises before the Sun. *Venus* is the Morning Star at the beginning of the year; and rises about an hour and a quarter before the Sun. *Jupiter* is nearly in the same position with Venus at the commencement of the year: while *Mars* passes the meridian about a quarter before 10 o'clock in the evening; and *Saturn* is seen above the western horizon till half past nine, when it sets. The Georgian Planet is very near Jupiter and Venus at the beginning of the year.

II. Of the Stars at 7 o'clock p. m. At the beginning of the year, the bright Star in the Constellation of Aries will be seen near the meridian, and not far to the northward of the zenith; on the meridian, and north of this Star, we find the great Triangle, further north the western part of Perseus, and the eastern extremity of Cassiopea; about 20 degrees to the south, and also on the meridian, is seen the middle of the Constellation of the Whale; and still further south, the western part of Eridanus, the bright Star Achernar in the latter being a very little to the westward. West of the meridian in the Northern Hemisphere, we find the Zodiacal Constellation of the Fishes: At no great distance from Aries and north of the Fishes, is the Constellation of Andromeda, more to the north Cassiopea, and still more north Cepheus, with the Dragon, in part sunk below the horizon: To the westward of the Fishes, is seen Pegasus, and more to the westward, at no great distance from the horizon, is the Dolphin; northerly of the Dolphin, and at the same distance from the horizon, is the Swan, while the Harp has almost wholly disappeared. Looking still to the westward of the meridian, but to the Southern Hemisphere, we find a part of the Constellation of the Whale, more to the westward that of Aqarius, while Capricornus just touches the horizon: more to the southward is the Southern Fish—Fomalhaut, the bright Star in which, is seen about 25 degrees above the horizon, the Constellation of the Crane, is still more south, and much nearer the horizon; while the Toncan is at an elevation of 7 or 8 degrees: The Constellation of the Phoenix, being above the Crane and Toncan, and between the bright Stars Achernar and Fomalhaut: East

of the meridian, passing over some mingr Constellations, we find that of Taurus: Aldebaran the brightest Star of which, is about two hours and a half from the meridian; this Star is known from it's red colour; the Pleiades, which are in this Constellation, are seen at no great distance to the west and a little to the north of this Star; not far to the southward of Aldebaran, and nearly half way between it and the horizon, is seen the Star Betelgeuse, the brightest in the Constellation Orion; east of this Star and at a small altitude is Procyon, in the Constellation of Canis Major; higher than Procyon, and to the southward, in the Constellation of Canis Major, is Sirius, the brightest Star in the Heavens; a little north of Sirius, and between that Star and Aldebaran, the beautiful Constellation of Orion will be seen: the middle Star of the Sword presents, the most curious appearance in the Heavens; while the Constellation is considered the most brilliant. North of Taurus and near the meridian is the Constellation Perseus, further east is that of Auriga, having a very luminous Star, called Capella, belonging to it. The Great Bear, has his head and one of his paws above the eastern horizon, while the small Stars in the Constellation of the Lynx appear between the Bear and Auriga. To the northward of the Star Procyon, and more elevated are the bright Stars Castor and Pollux in the Constellation of Gemini: the western part of the Crab just appearing: to the southward, are part of the Whale and the River Eridanus, with Canopus the bright Star in the Ship Argo a very little above the eastern horizon.

FEBRUARY.

I. The Moon passes the Planet Mars on the 15th. On the 19th the Sun enters Pisces. On the same day, *Mercury* is at it's greatest elongation east of the Sun. *Venus* before the end of the month, is very near the Sun to the eastward; and *Mars* in the middle of the month, passes the meridian, about 7 o'clock in the evening; *Jupiter* at half past 8 in the morning; *Saturn* arrives at the Sun on the 27th. And the Georgian Planet passes the meridian at half an hour past 3 in the morning.

II. Of the Stars at 7 o'clock p. m. The Stars on the meridian at 7 o'clock at the beginning of last month, are now about two hours from it to the westward: The Constellations of the Dolphin, the Swan, and the Dragon have wholly disappeared; while the bright Star Fomalhaut is close to the horizon: Aldebaran is now near the meridian; and to the eastward, we find above the horizon, the greater part of Ursæ Major, the whole of the Crab, part of the Lion, and of the Hydra: the whole of the Great Dog and a great part of the Ship: The Crab is to the eastward and southerly of Castor and Pollux; in the centre of this Constellation is a Nebula, by which it is known; Regulus, the principal Star in the Lion; and of a reddish hue, is east of this Nebula.

MARCH.

I. On the 3d of this month Saturn and Venus are seen in the same part of the Heavens, and very near; and on the 16th Saturn and Mercury. On the 21st the Sun enters Aries, when it is equal day and night in both Hemispheres;—the southern Polar regions, would now begin to be deprived of the light of the Sun, did not the refractive power of the atmosphere, keep his image above the horizon sometime longer. Mercury still approaches the Sun from the Eastward. Venus is at the superior conjunction with the Sun on the 12th and afterwards becomes the Evening Star. Mars is in quadrature on the 20th. Jupiter in the middle of the month rises at about 1 o'clock in the morning; Saturn shortly after five, and the Georgian Sidus at about half past eleven at night.

II. In the first part of this month at 7 o'clock, the Star Betelgeuse in Orion, will be seen just past the meridian; nearly the whole of this beautiful Constellation, with those of Taurus, Perseus, Auriga, and the Whale, are now west of the meridian; while the head of the Great Bear, the Twins, the Dog Star Sirius, and the bright Star in the Ship, approach it from the eastward; the whole of the Lion is now above the horizon; and Regulus the brightest, at an elevation of about 30 degrees.

APRIL.

I. On the 7th Mercury and Venus will be seen very near together. On the 20th the Sun enters Taurus; on the 21st is an Eclipse of the Moon, partly visible at Madras: Mercury reaches the Sun on the 3d, then proceeds to the eastward; and by the middle of the month, passes the meridian an hour after the Sun. Venus about half an hour sooner. Mars at a quarter past 5 p. m. while Jupiter rises at midnight; Saturn at half an hour past three in the morning; and the Georgian Planet at ten at night. On the 22d the Moon passes the brightest Star in Libra.

II. At 7 o'clock in the evening at the beginning of this month, the Constellation of Aries is just above the western horizon; Orion is seen half way between the horizon and the meridian; while Procyon the bright Star in the Little Dog, and the Twins will not long have passed the meridian; south of the former is Sirius at a greater distance from the meridian, and still more south, Canopus; while to the northward and westward of the Twins, is the bright Star Capella; the whole of the Great Bear is now above the horizon; his head being at the meridian, where also is the Crab: The western Stars in the Centaur, appear above the horizon; more to the north, and at about the same elevation is the bright Star in the Zodiacal Constellation of Virgo: near the North Pole, the Stars in the Tail of the Dragon are visible.

MAY.

I. On the 11th the Planets Mercury and Venus will be seen, one very near the other. The Sun enters Gemini on the 21st. On the 5th the Sun is eclipsed, invisible at Madras. Mercury is at the greatest distance from the Sun, in the beginning of the month; and at the inferior conjunction on the 23d. Venus before the end of the month is seen in the western horizon, an hour and a half after the Sun; towards the middle of the month, Mars passes the meridian, at half an hour past 4 p. m. Jupiter at half past three in the morning. Saturn some minutes before eight, and the Georgian Planet at 2 o'clock in the morning.

II. The Pointers, the western Stars, in the square of the Great Bear, with Regulus in the Lion, now approach the meridian, while the Crab and part of the Hydra to the south of the Crab, with nearly the whole of the Stars in the Ship Argo are to the westward of it; Perseus is seen in the horizon, Orion low, and the Star Aldebaran with the Pleiades, still lower: while to the eastward, the Constellation of Lyra has appeared, with the Northern Crown; also the brilliant Star Arcturus in the northern Constellation of Bootes, known by its reddish hue, and by being about 25 degrees above the eastern horizon: To the south nearly the whole of the Centaur has risen; the bright Stars in the Cross, close to the Centaur, are now also above the horizon.

JUNE.

I. On the 15th the Moon passes the bright Star in Libra. The Sun enters Cancer on the 21st, being the longest day in the Northern Hemisphere and the shortest in the Southern, its duration at Madras is 12h. 46½m. and the duration of the twilight about 1h. 23m. The Sun rising at 5h. 37m. and setting at 6h. 23m. The regions about the North Pole have already enjoyed the presence of the Sun three months, without his having set. That Luminary is now at his greatest altitude, and performs a circle round the horizon of the Pole at an elevation of 23½ degrees; he continues above the horizon, but gradually approaching it, three months longer, when he is lost sight of, and begins to illumine the southern Polar regions, which had been deprived of his light, during the six months he was to the northward of the Equator: but *The Great and Beneficent Creator of the Universe*, with His usual attention to the wants of those He has created, has so ordered the motion of the Moon, that when the Sun is absent from either of the Polar regions, that region has the benefit of this Luminary when at the Full; and it is only when her light is so faint, as to be of little use, that she is to be found in the hemisphere enlightened by the Sun. On the 17th of this month, Mercury is at the greatest distance from the Sun to the westward, when he is at the meridian at three or four minutes less than half past ten in

the morning. About the end of the month Venus is seen two hours longer than the Sun is. Mars passes the meridian at half an hour past three in the afternoon. Jupiter is in opposition to the Sun at the end of the month. Saturn is three signs from him on the 9th, on which day the Georgian is also in opposition; rising about sunset, and passing the meridian at midnight.

II. In the beginning of this month at 7 o'clock, the Stars Sirius, Capella, and Betelgeuse the brightest in Orion, will be seen near the western horizon: The Pointers, a part of the Constellation Virgo, and of the Centaur have passed the meridian: to the east at a great distance from the horizon, and in the Southern Hemisphere will be seen the Constellation of the Scorpion, Antares, the bright Star in the heart, being about 10 degrees high; this Star is red, and has a smaller Star at a short distance on each side. East of the Northern Crown, is the Constellation of Hercules, to the northward of which, and just in the horizon is the bright Star in the Harp. The Dragon to the north is now wholly above the horizon.

JULY.

I. The Sun enters Leo, on the 23d. On the 6th Mars approaches very near the bright Star in the Lion; and Venus is seen near the same Star on the 17th, on which day also, Mercury is at the superior conjunction with the Sun, and afterwards proceeds to the eastward. In the middle of the month Venus is above the horizon till a quarter past 8 o'clock p. m. Marshall an hour later: Jupiter now rises about 5 o'clock in the afternoon, Saturn at about 11 p. m. and the Georgian an hour earlier than Jupiter.

II. At 7 o'clock p. m. in the beginning of this month, the last Star in the Tail of the Great Bear will be on the meridian: the bright Star in Virgo with the fourth in the Centaur, will be rather to the west; while the Star Arcturus, appears to the east of the meridian: the Constellations of the Swan to the north, of the Eagle to the East, and of Sagittarius more to the south, will be in part above the eastern horizon; while Castor and Pollux, will now be seen sinking to the westward, followed by the Crab.

AUGUST.

I. The Sun enters the Constellation of Virgo on the 24th. Mercury is at his greatest elongation from the Sun on the 27th and sets at about 11.33 a. m. after that Luminary. Venus proceeds easterly, and before the close of the month sets two hours and a half later than the Sun. Mars is seen near the western horizon in the middle of the month, about two hours after the Sun. Jupiter is on the meridian at three quarters of an hour past 8 o'clock p. m. The Georgian Planet an hour earlier, while Saturn does not rise before half an hour past one in the morning.

the same hour. In the beginning of this month, the Northern Crown is farther north, the bright Star also cut by the meridian, and is the western part of the Scorpion, and of the Constellation of the Altar more to the south than the Scorpion: The Constellation of the Swan is completely above the eastern horizon, with part of the Great Bear, the Lion, and the Centaur, are sink below the horizon to the westward.

SEPTEMBER.

I. Venus and the bright Star Spica are seen very near together on the 1st. The Moon passes Mars on the 2d. Mercury on the 4th and the Star β Tauri on the 21st. On the 23d the Sun

enters Libra; when it is again equal day and night all over the world. At the regions about the North Pole the Sun has sunk below the horizon; his image, however, remains visible some time longer, owing to the refractive power of the atmosphere. Mercury proceeding towards the Sun, arrives at that Luminary on the 24th. Venus is still proceeding to the eastward and before the end of the month, sets about 3 hours after the Sun; while Mars sets two hours earlier. Jupiter and the Georgian Planet are seen on the meridian at sun-set, the former in the beginning and the latter at the end of the month; Saturn rises as the Sun sets on the 8th, and is therefore on the meridian at about midnight.

II. The Western Stars in Sagittarius are now on the meridian, at 7 o'clock in the beginning of the month, with the Head of the Dragon: the bright Star in Lyra approaches it, while that in Serpens has not long passed: the bright Star in Virgo is now seen far to the westward: nearly half the Great Bear, the whole of the Lion, and part of the Centaur, have sunk below the horizon, while the Constellations Pegasus, Andromeda, and Cassiopea to the northward, Fornalhaut the bright Star in the southern Fish, and the Crane to the southward, with the Zodiacal Constellation of Aquarius, are appearing to the eastward.

OCTOBER.

I. The Moon passes Venus on the 4th. On the 14th there is a Lunar Eclipse, but invisible at Madras: the Planet Venus is seen near the bright Star in the heart of the Scorpion on the 13th, and near the Moon on the 31st. On the 21st the Moon passes the Star Pollux. On the 24th the Sun enters Scorpio. On the 29th there is a Solar Eclipse, also invisible at Madras. Mercury continues receding from the Sun to the westward till the 10th, when he rises at 5 o'clock in the morning; and afterwards approaches the Sun. The Planet Venus is at the greatest elongation towards the end of

a month, and sets 3 hours after the Sun. Mars passes the meridian about 40 minutes after noon. Jupiter at 5 o'clock p.m. returns at half an hour past nine, and the Georgian Planet at four.

II. The bright Star in the Eagle is directly over head at 7 o'clock in the beginning of this month; the whole of the Dragon, and of the Harp to the northward; part of Sagittarius and of the Peacock to the southward, have passed the meridian: the bright Star in Virgo has sunk below the horizon, while Arcturus to the north, and Antares to the south are approaching it: just to the east of the meridian to the north, we find the Constellations of Cepheus, the Swan, and the Dolphin; with the Zodiacal Constellation Capricornus: the Crane again approaches the meridian: the Toncan, Phoenix, the Whale, and the Zodiacal Constellation of Aries, the northern Triangle, and Perseus are in the eastern horizon; while the westward Cassiopea and Andromeda, and the Star Fomalhaut are at a considerable altitude.

NOVEMBER.

I. The Sun enters Sagittarius on the 23d. On the 10th Mercury is at the superior conjunction with the Sun, and at the end of the month sets about 50 minutes after that Luminary: Venus is all the Evening Star, but is approaching the Sun. On the 19th Mars is in conjunction with the Sun; while Jupiter in the middle of the month passes the meridian about half an hour past 3 in the afternoon; The Georgian at 2, and Saturn some minutes before 8 p.m.

II. Antares in the Scorpion and the Northern Crown are now near the western horizon; Aquarius approaches the meridian, while Taurus is just again appearing above the eastern horizon; as the bright Stars Achernar to the southward and Capella to the northward.

DECEMBER.

I. Early on the 22d, the Sun enters Capricornus: it is then the shortest day in the Northern Hemisphere; and the longest in the southern; the same appearances are now observed in the regions about the South Pole, as in the regions near the North Pole on the 21st of June: The length of the day at Madras is 11 h. 14 m. and the duration of the twilight about 1 h. 20 m. On the 25th the Moon passes the Star in the heart of the Scorpion; Mercury is at his greatest elongation from the Sun to the westward on the 22d. Venus is at the inferior conjunction on the 26th, and afterwards becomes the Morning Star. About the middle of the month, Mars passes the meridian at an hour before the Sun: Jupiter at an hour and three quarters after that Luminary: Saturn near four hours later than Jupiter; while on the 13th the Georgian Planet will be in conjunction with the Sun.

II. At the usual hour (7 p.m.) in the beginning of this month, we find near the meridian the Zodiacal Constellation of Aquarius; further north part of Pegasus; the western part of Andromeda, and Cassiopea, and the eastern part of Cepheus: To the south we see the Whale and the Phoenix, approaching the meridian, while the Toncan is cut by it: we now observe the Bull at some distance above the horizon, and part of Orion; while Sagittarius and Hercules to the north, and the Peacock to the south are sinking below it: to the north to the westward of Cepheus we see part of the Dragon; to the southward, and westerly of Cepheus, is the Swan; the Dolphin is to the southward of the Swan; and the Eagle west of the Dolphin; while Fomalhaut in the Fish is seen to the southward; and still further south, the Crane: between the Dolphin and Fomalhaut, and to the westward of both, is the Zodiacal Constellation of Capricornus: to the eastward we find Aries and the Bull in the northern hemisphere, the Constellations of Andromeda, Cassiopea, Perseus, and Auriga; while the Great Bear, the Twins, the greater part of Orion, and the Great and Little Dog, are near, but below the horizon to the eastward.

That Inland Postage shall be levied on all Ship Letters from any part of the world, unless addressed officially, or on Majesty's Service, or franked by such authorities* as have been privileged under the late Act of Parliament, dated 11th July 1815, or by the Letter of the Court of Directors, dated 15th December 1815; and that all Ship Letters to and from the Non-Commissioned Officers and Privates in His Majesty's or the H. C.'s Service shall pass free of Inland Postage, if franked and superscribed in conformity to the Act 55, George 3d, Cap. 153.

That all Ship Letters not liable to King's Postage according to the Act of Parliament, shall be charged at the rate of 3 Fanams per single Letter, together with the established Inland Postage, to increase at the rate of one and a half Fanam for every half Rupee weight, till the weight shall exceed 12 Rupees, when they shall be considered "Packets" and shall be subject to the payment of 1 Pag.

11th. That as an encouragement to Persons having Ship Letters to bring them to the Post Office, a reward of one Fanam shall be paid for each Letter to the Person so bringing them.
