The following distances and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas's Mount, and Perumbaukun Hill (a small sugar loaf detached hill which lays about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey,) will enable any observer on board of a Ship riding in the Madras Roads to determine it's birth with great precision by taking their angular distance with a common Sextant.

GOVERNMENT ADVERTISEMENT.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the H. C. Observatory, in regard to the Time-keepers delivered to his charge for the purpose of having their daily rate ascertained, Notice is hereby given, under the authority of his Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the H. C. Sea Service, or by the Masters and Officers of British Merchant Vessels frequenting this Port, will be received every day (Sundays excepted) between the hours of Eleven and Two. That they will be regularly compared for as many days as may not be the order of the Governor, and that they will be returned on written application within the same hour, accompanied by a detailed account of the error of each while deposited, free from all fees or charges of every description.

Published by order of the Right Honorable the Governor in Council.

G. C. KEBLE.

Secy. to Government.

Forth St. Observatory, 27th Decr 1813.

Further to the above Advertisement, notice is hereby given, that the Time-keepers sent to the H. C. Observatory, for the purpose of having their daily rate ascertained, will be returned without a receipt, application for the same being made; and that such application is to be accompanied with the name mentioned in the above advertisement.

That when a Time-keeper is returned, the name of the Maker and the date of the Month and Year will be given. On every Time-keeper delivered to the Observatory, this Receipt will

be signed by the Superintendent, and should be retained with the application for the Time-keeper.

MADRAS OBSERVATORY, } (Signed) J. GOLDINGHAM,
November 20, 1813. } SUPERINTENDENT.

N. B.—It is recommended not to send Time-keepers in a Palankeen, it having been found by experience that the motion alters the rate, and sometimes stops the Time-keeper.

The Right Ascensions in the above Catalogue were deduced from the observations made with the New Transit Instrument erected at the Royal Observatory in the summer of the year 1816. They are still perhaps subject to a very small error, common to every Star, and which cannot be determined exactly till several equinoxes have been observed.

REGULATIONS RESPECTING THE AGE OF WRITERS AND CADETS.

EXTRACT of the Act of the Thirty-third of His Majesty GEORGE III., respecting WRITERS and CADETS.

AND be it further enacted, that no person shall be capable

of acting or being appointed, or sent to India in the capacity of Writer, or Cadet, whose age shall be under fifteen years, or shall exceed twenty-two years, nor until the person proposed or intended to be so appointed shall have delivered to the said Court of Directors a certificate of his age, under the hand of the Minister of the parish in which he was baptized, or Keeper of the registry of baptism of such parish; and if no such registry can be found, an affidavit of that circumstance shall be made by the party himself, with his information and belief that his age is not under fifteen years, and doth not exceed twenty-two years. Provided nevertheless, that the said restriction shall not extend to prevent the said Court of Directors from appointing any person to be a Cadet, who shall have been for the space of one year at least a Commissioned Officer in His Majesty's service, or in the Militia or Fencible men, when embodied, and have been called into actual service, or from the Company of Cadets in the Royal Regiment of Artillery, and whose age shall not exceed twenty-five years.

EXTRACT from the REGULATIONS as to the NOMINATION of STUDENTS at the EAST INDIA COLLEGE.

With a view to their future appointment as Writers in the Service of the United East India Company; and Preparatory Instructions to Persons who may be so nominated.

No Candidate for the College can be nominated thereto, until he has completed the sixteenth year of his age. And no person who has been in the Army or Navy, or has been expelled from any place of education, will be nominated to the College; but this Regulation so far as it regards the professions above mentioned, is not to affect any one who, previously to the 1st July 1815, may have quitted either of them, with a view to the East India service, and may have qualified himself by education for admission into the College.

The parents or guardian of every candidate for the college, with the exception of those above-mentioned, will be required to address the following letter to the nominating Director:—

“Sir:—I beg to assure you on my honour, that my ———, to whom you have been so good as to give a nomination to the college, has not been in the Army or the Navy, and that he never was expelled from any place of education.—

I have the honor to be, &c.”

The parents or guardian of every candidate, so excepted, will

* 7th December 1808. The Court of Directors resolved, that in future no Cadet be appointed for the Cavalry or Infantry, under the age of sixteen years.

be required to address the same letter to the nominating Director, expunging that part of it which relates to the Army and Navy.

By the Act of the 33d of Geo. III. no person can be appointed a Writer in the Company's service, whose age exceeds twenty-two years; and by the Act of the 53d of Geo. III. all students for the college must remain there four terms; consequently, no person whose age exceeds twenty can be nominated as a student. All these terms are probationary, but the first is to be considered as such in a particular sense; and if any student shall not in the judgment of the college council, give satisfaction in that term, he will not be permitted to return to the college.

Candidates for the college must produce the undermentioned documents, previously to their being nominated as students.

An extract from the parish register of their birth or baptism, properly signed by the minister, churchwarden, or elders; and, in addition thereto,

A certificate, agreeably to the following form, signed by the parent, guardian, or near relation.

"I do hereby certify, that the foregoing extract from the register of baptisms of the parish of ———, in the county of ———, contains the date of the birth of my son ———, who is the bearer of this, and presented for a nomination as a student at the East India College, by ——— Esq.; and I do further declare, that I received the said presentation for my son ——— gratuitously, and that no money or other valuable consideration has been or is to be paid, either directly or indirectly, for the same; and that I will not pay or cause to be paid, either by myself, by my son, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons, who have interested themselves in procuring the said presentation for my son from the Director abovementioned."

"Witness my hand, this ——— day of ———, in the year of our Lord ———."

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a Magistrate, to the following effect."

"I, C. D., presented as a student for the East India College, by ———, do make oath and swear, that I have caused search to be made for a parish register, whereby to ascertain my age, but am unable to produce the same, there being none to be found; and, further, I make oath and swear that from the information of my parents (and other relations) which information I verily believe to be true, that I was born in the parish of ———, in the county of ———, on ———, in the year ———, and that I

"am not at this time under the age of sixteen, or above twenty years."

"Sworn before me,
"this ———
"day of ———"

"Witness my hand, this — day
"of ———, in the year of our
"Lord ———"

"C. D."

The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The abovementioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the Candidates, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the Candidates respectively.

Candidates are to produce certificates from the person under whom they have received their education, stating the nature of that education, and the proficiency they have made therein; and also certifying as to their mental ability, disposition and character.

Candidates will be interrogated in an open Committee of College as to their character, connections, and qualifications, conformably to the General Court's Resolution of the 6th July 1809.

On a student's appointment to be a Writer, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3,000, as liquidated damages to the Company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for anything convertible into a pecuniary benefit.

Misconduct of students at college, will be attended with expulsion therefrom; and those who do not pass with credit the final examination will not be admitted into the civil service of the Company. No person expelled the college will be admitted into any line of the Company's service.

At a Court of Directors, held on Wednesday, the 9th August 1809.

RESOLVED. That any person who shall, in future, be nominated to a situation, either civil or military, in the service of this Company, and who shall have obtained such nomination in consequence of purchase, or agreement to purchase, or of any corrupt practice whatever, either direct or indirect, by himself or by any other person, with or without his privity, shall be rejected from the service of the Company, and ordered back to England if he shall have proceeded to India before a discovery of such corrupt

practice be made: and if such situation shall have been so corruptly procured by himself, or with his privity, he shall be rendered incapable of holding that, or any other situation whatever, in the said service. Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

Especial attention will be paid also to such parts of education as may serve to qualify them for public business, and for the higher departments of commercial life.

Though this school be designed as introductory to the College, it is not to be understood that the Company is pledged to make it the sole channel of an appointment to the College itself; but, it is nevertheless proper to observe, that those who shall have passed through both institutions, will enjoy the advantage of an uniform system of education, began in early youth, and continued to their departure for the duties of their publications.

Notwithstanding that an intimate connection is intended to subsist between the College and the School, it is nevertheless to be understood, that while the College is exclusively appropriated to persons designed for the civil service of the Company alone, the School will be open to the public at large.

The Rev. Dr. Luscombe, is the Head-Master of the College School; to whom the annual sum of seventy guineas is to be paid for each pupil, above the age of ten years; and fifty guineas for each pupil under that age; which sums, without any additional charge, will include instructions in the Greek, Latin and modern languages, writing, arithmetic, mathematics, drawing, and dancing. G. STRACHEY,
CHIEF SECRETARY.

EXTRACT of a GENERAL LETTER from ENGLAND in the COMMERICAL DEPARTMENT, dated 7th September 1808.

Para. 220—IN our Letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses; and that we had been induced to appoint our own Servants to conduct this business in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military Establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Mar-

ter and Mr. William Evans to be Warehouse-keepers of Baggage, subject to our immediate inspection and control, and we have made such arrangements with his Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible despatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our Servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans, to clear and deliver them their Baggage, Wines, and Presents, as we have directed Messrs. Marter and Evans, to transact every branch of business connected with this department, which will render the Agency of all other persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue; We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe however small, are considered to be prohibited and cannot be passed in England as part of their baggage.

THE Right Honorable the Governor in Council having resolved that no ordnance, fire arms, ammunition or military stores of any description shall be purchased or sold by any Individual residing under the protection of the Government of Fort St. George (with the exception of regular Shopkeepers, who may import from England, small arms, battle powder, swords or dirks for sale to their Customers,) does hereby order and direct, that all Individuals having any ordnance, fire arms, ammunition, or military stores, which may be intended for sale, (with the exception above

stated,) shall deliver the same at the Arsenal of Fort St. George, where a receipt will be granted by the Officer of Government.

The Individuals will be reimbursed by the Government in the full value of all articles so delivered, on their making application at the Office of the Military Board.

It is the desire of His Lordship in Council to obviate the inconvenience which this regulation might produce to Individuals who may require arms, ammunition, &c. for the protection of ships or other vessels that may be employed in Trade.—It is therefore hereby notified, that Articles will be supplied from the Arsenal when it may not be inconvenient, under the usual authority of Government and the Military Board.

JUDICIAL DEPARTMENT.

THE Honorable the Governor in Council is pleased to publish the following Extract from a Regulation under date the 6th November last, prohibiting individuals from dressing their servants in the Regimentals of the Company's Troops, for general information.

EXTRACT FROM REGULATION III. A. D. 1810.

SEC. IX. *First.* All persons, whether European or Native, within the Company's provinces (excepting such privileged persons as the Government may specially exempt from the operation of the rule contained in this Section) are positively forbidden to dress any of their servants, either for the purpose of parade or of business, in the uniform of the Company's sepoy and lascars; or in a dress, so nearly approaching to that uniform, as to enable the persons wearing it to impose themselves on the country people for sepoy and lascars.

Second. All Natives, excepting those actually in the Military Service of the Company, or belonging to persons specially exempted by Government from the operation of this rule, are forbidden to wear a dress similar to that mentioned in the foregoing clause.

Third. Officers of every description, employed in the Service of the Company, who are allowed establishments of peons, in their official capacity, or who may have occasion to employ persons of that description, in such capacity, are prohibited from clothing them with a military dress.

Fourth. With the view of giving full effect to the orders contained in the preceding clauses, the Military Commanding Officers of stations, and of detachments, in the interior parts of the country, and the several Zillah Magistrates are hereby authorized and required, to deprive of a military dress any person who shall wear it contrary to these orders. The local Officers of police are also empowered and directed to apprehend all persons of the above description, and to send them to the Magistrate, who will deal with them in the manner above prescribed.

Fifth. Military Officers, or other persons, to whom escorts may be allowed, when travelling through the country, are forbidden to send sepoy or lascars into the villages, for the purpose of procuring any sort of provisions or of pressing bearers, coolies, or boatmen. Every local Officer of police, upon proper application, will, under Section VIII of this Regulation, grant such assistance as he may be able to afford; and all violent measures, therefore, will be considered equally illegal and unnecessary.

Sixth. No person shall be allowed to distinguish his peons, on other servants, with badges, except the Public Officers (civil or military) employed in the service of the Company, who are allowed establishments of peons in their official capacity, or who may have occasion to employ persons of that description, in the public service. The several Zillah Magistrates are empowered and directed to apprehend any person (not being in the service of a Public Officer of the Government, authorized to entertain such servants) who shall wear a badge, in opposition to the prohibition contained in this clause, and to deprive him of the badge. The local Officers of police are also authorized and directed to apprehend persons of the above description, and to send them to the Magistrate, by whom the offender will be dealt with as above directed. Any European, not being a Public Officer of the Government, to whom such description of public servants is allowed, employing badged peons, or other description of servants wearing badges, contrary to this prohibition, will be liable to the severe displeasure of Government, on representation of the circumstances of the case by the Magistrate, who is directed to report all such instances for the information and orders of the Governor in Council.

4th. The Officers abovementioned will receive the Interest on any Government Paper which may be deposited with them.—And will, according to the instructions of the Proprietor, remit the amount, either to England in Bills to be drawn on the Honorable Court of Directors, if the same shall be payable in such Bills by the terms of the Loan; or to the Presidentcies of Fort St. George or Bombay by Drafts on the Public Treasuries of those Presidencies, or to any of the stations subordinate to this Presidency, by Drafts on the Collectors or on the Residents at Delhi or Lucknow, according to the rates of exchange at which Government may draw at the time—or they will pay the amount at the Residency to any person nominated by the Proprietor to receive such pay-

ment.—The instructions as to the manner in which the Interest is to be paid, must be made out according to the forms hereunto subjoined, Nos. 3, 4, and 5, which are adapted to the several cases above specified.—The Proprietor will be at liberty to substitute one of these modes of receiving the Interest for the other, as often as he shall think fit; provided that the fresh instructions be delivered at the Treasury one month before the day on which the Interest falls due.—Persons having more notes than one in deposit may give separate instructions regarding the Interest on each note, but the whole of the interest on each note must be received in the same manner and at the same time.

5th. When the Principal of any Government Paper so deposited shall become payable, the abovementioned Officers will, according to the instructions of the Proprietor, either pay the amount, with the Interest due upon it, to such person as shall be appointed to receive the payment; or they will re-invest it in any other Loan, to which it may be subscribable at the time, or in the purchase of other Obligations or Loan Acknowledgments of this Government in the market, at the current price of the day.—The instructions for these purposes must be made out according to the forms hereunto subjoined, Nos. 6, 7 and 8, which are adapted to the three several cases above specified. The Proprietor may at any time substitute one of these modes of disposing of the Principal for the other, provided that the fresh instructions be delivered at the Treasury one month before the day on which the Principal falls due.—Persons having more Notes than one in deposit, may give separate instructions regarding each Note, but the whole amount of each Note must be disposed of in the same manner and at the same time.

The Officers abovementioned are authorized to receive remittances, in Government Bills only, from Individuals desiring to purchase the Public Securities for deposit with them (provided such Bills shall be payable at the General Treasury, and shall amount to 1,000 Sa. made out according to the forms hereunto subjoined, Nos. 10 & 11.

8th. The Proprietor may at any time withdraw the Government Securities deposited, or any part of them, from the charge of the abovementioned Officers, and such Securities will be delivered up to the Proprietor himself, or to any other person whom he may authorize to receive them, upon payment of such fees as may have become due to the Accountant General and Sub-Treasurer, according to the rates hereafter specified, upon the Paper so required to be delivered up. The authority to receive deposited Paper, must be made out according to the Form No. 17.

PASSPORT REGULATIONS.

The Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders for the regulation and controul of all Passports granted under the Presidency of Fort St. George.

1st—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general controul and direction of all Passports granted within the territories of Fort St. George.

2d—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books, with a Cheque Margin for the insertion of the name of the person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all

Collectors for their respective districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; to the Town Major of Fort St. George for Military Persons belonging to that Garrison; to the Adjutant General of the Army, for all other Military Persons leaving the Presidency; and to such Officers Commanding Military stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to persons not Military.

3d—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th—That all Travellers, on arriving at a station, shall deliver their Passport, to the proper Officer, who shall register its receipt in the same manner as on granting one, and if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th—That Passports to Military Persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively, but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passport with the words "Pass to" noting the date; entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th—Public Officers having received a Passport authorizing

them to *travel post on the public service*, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of farther enquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced, (reporting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the durbars of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted Authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d.—The routes of foreign Travellers for commercial purposes, will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel

inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will, as soon as may be practicable after the receipt of these instructions, transmit to the Secretary of Government, descriptive lists of all Europeans not in His Majesty's or the Company's service, residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the service, who shall not possess such certificates on the "first day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date,—no Passport shall be granted to any European not in the service, who *resides or states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license; but Mariners or Traders, whether British or Foreign, *not resident in India*, who may desire to pass from one port to another for commercial purposes, shall be furnished with Passports without hesitation.

N. B.—The certificates should include a description of the person, and should grant conditional permission to reside at the town of " " subject to be sent to Europe at the shortest notice, whenever the Government shall think fit.

Fort St. George, 21st April 1802.

Notice is hereby given, that from and after the first day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council, has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby farther given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

FORT ST. GEORGE, May 25, 1799.

In addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport; The Right Honorable the Governor in Council is hereby pleased to give notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2. The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

3. For the more strict execution of this order, notice is hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

4. The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons leaving the Presidency.

The Residents at Hyderabad, Poonah, Mysore and Travancore, the several Collectors of Revenue, the Commercial Residents residing at Sea Ports, and Officers Commanding Military Stations.

FORT ST. GEORGE, May 15, 1802.

The Right Honorable the Governor in Council has been pleased to adopt the following modifications in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports at the Police Office in person, and that no Passports be issued to Foreigners, except at the

Police Office. All Foreigners residing at any of the out-stations or elsewhere, under the authority of the Government of Fort St. George, or who may hereafter arrive, shall without delay report through the channel of the nearest Magistrate, Collector, or other local authority, their place of residence, occupation, period of arrival and from whence they have last come, to the Police Office at Madras, and any person failing to comply with this notification, will, on discovery be placed under personal restraint.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations, and to see that the order is strictly enforced.

All Passports of whatever description, are in future to be translated into the Malabar, Gentoo and Hindoostanee languages.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

FORT ST. GEORGE, August 22, 1807.

BANGY REGULATIONS.

GOVERNMENT ADVERTISEMENT.

NOTICE is hereby given, that, for the purpose of reducing the weight of the mails despatched by tappal, and of affording convenience to the public at large, a Bangy despatch, will, from the beginning of January next, be established on the routes that lead from Fort St. George to Fort William, to Seringapatam, and to Trichinopoly.

The bangy will be despatched three times a week, and the days of despatch from the Presidency will be, Tuesdays, Thursdays and Saturdays. The first bangy will consequently start on Tuesday the 2d January 1810.

All newspapers and all public despatches exceeding the weight of one ounce, will be reserved for the bangy; except in cases where the early receipt of any public despatch may be deemed important, when it must be endorsed with the words, "by tappal," and in the case of extra newspapers, not exceeding the weight of a single letter, which will still be forwarded by tappal. When newspapers and public despatches, exceeding the weight of one ounce, may be addressed to or from stations beyond those to which the bangy is sent, they will be transmitted, as far as possible, by bangy, and forwarded by tappal only to, or from the final bangy station.

Parcels for the bangy must be delivered at the General Post Office, before the hour of 12 in the forenoon of the day on which the bangies are despatched, and the bangies will be despatched at 4 o'clock in the afternoon.

The bangies will be opened for the receipt of all parcels (with the exceptions hereafter mentioned), and the bangy-postage of a parcel, not exceeding fifty Rupees weight, will be three times the tappal postage of a single letter,—that of a parcel, not exceeding one hundred Rupees weight, will be six times the postage of a single letter:—and so on in arithmetical progression;—but no parcel, exceeding one thousand Rupees weight, will be received for transmission, by bangy.

Newspapers will be charged only with the present rate of postage, and the Government Gazette will, as at present, pass post free.

All parcels whose bulk exceeds the cube of six inches, will be charged with double postage, and none, whose bulk exceeds the cube of one foot, will be received for transmission by bangy.

Every precaution will be adopted for the security of parcels transmitted by bangy, and it is not apprehended that they will be exposed to any considerable degree of risk; but it is proper to notify, that the Post Office will not be held responsible for their safety.

All Letters from, or to, Non-commissioned Officers or Privates in His Majesty's Navy and Army; from, or to, European Non-commissioned Officers and Privates in the Honorable Company's Marine and Military Services; or from, or to, Non-commissioned Officers or Privates of the European and Native Invalids, shall pass free of Postage; but, in order to prevent any abuse of this indulgence, no Letters from the above description of Persons shall be exempted from Postage, unless they bear on the envelope the official signature of their respective Commanding Officers.
 With a view also to prevent, as much as possible, any abuse of the foregoing indulgence, it is directed that the number of Letters so franked shall not exceed the proportion of one Letter daily to every two hundred Men in quarters, and one Letter to every hundred Men when marching or in the field; and further, that Letters so franked, shall be included in the register hereafter directed to be furnished monthly.
Note.—Public Lascars and Dooley Bearers are to be considered as entitled to the same privilege.
 6th. That all Letters marked "On the Service" not attested as before described, shall be liable to Postage.
 7th. That when a Public Officer under Government shall have occasion to correspond with Individuals, not on the Public Service but on the more immediate business of those Individuals, as in cases of transmitting Bills of Exchange, Promissory Notes, Receipts, or any description of Government Securities, &c. &c. the Public Officer forwarding the Letters shall in such cases superscribe on the envelope with his official signature the words "bearing Postage," when Letters having such superscription shall be received at the General and other Post Offices, and the Post Master of the Station to which the Letter is directed, shall collect the amount from the Party to whom it may be addressed and delivered; and vice versa when such Letters are

addressed by an individual to a Public Officer of Government, the Postage shall be received from the Person delivering the Letter at the Post Office.

8th. That all Letters from subordinate Officers to their respective Boards, shall be addressed to the Board and not to the Secretary, who shall, however, frank all Letters from the Board, in the form before directed, and all Letters to the other Public Officers shall be addressed to the head of the Office and not to any subordinate Officer in it.

9th. That conformably to the principle of charging $1\frac{1}{2}$ Fanam for each single Letter for every 100 miles, the following rates shall be adopted.

Letters not exceeding in weight 1 Rupee, to be considered as single,

from 1 to $1\frac{1}{2}$ double,

$1\frac{1}{2}$ to 2 treble,

2 to $2\frac{1}{2}$ quadruple,

$2\frac{1}{2}$ to 3 or 1 oz. to be consi-

dered as a Packet, and to bear five times the original Postage, and for every additional $\frac{1}{2}$ ounce treble the original Postage of a single Letter to the place to which such Letter is addressed, shall be added, to the extent of twelve ounces, beyond which weight no Letters can be sent by the regular Tappal.

Note.—For $1\frac{1}{2}$ Fanam for each single Letter for 100 miles, read 2 Annas, and so on.

* President of the Board of Commissioners for the affairs of India, and Secretary to do.

Chairman and Deputy Chairman; Directors by the Company's Ships only to the extent of 5 oz.

Secretary of State and Secretary to the Treasury.

• 10th. That Inland Postage shall be levied on all Ship Letters from or to any part of the world, unless addressed officially, or, on His Majesty's Service, or franked by such Authorities as have been privileged under the late Act of Parliament, dated 11th July 1815, or by the Letter of the Court of Directors, dated 15th December 1815; vide margin,—and that all Ship Letters to and from the Non-Commissioned Officers and Privates in His Majesty's or the Honorable Company's Service shall pass free of Inland Postage, if franked and super-scribed in conformity to the Act 55, George 3d, Cap. 153.

That all Ship Letters not liable to the King's Postage according to the Act of Parliament, shall be charged at the rate of 3 Fanams per single Letter, together with the established Inland Postage.

Note.—For 3 Fanams, read 4 Annas, and add the following—to increase at the rate of 2 Annas for every half Rupee weight till the weight shall exceed 12 Rupees, when they shall be

considered Packets and shall be subject to the payment of 3 Rupees.

11th. That as an encouragement to Persons having Ship Letters to bring them to the Post Office, a reward of one Fanam shall be paid for each Letter to the person so bringing them.

That all Newspapers excepting the Government Gazette, shall pay postage, those within the weight of one ounce being considered single Letters and paying accordingly, and all beyond that weight paying prorato according to their weight, the Postage being collected at the Stations to which the Papers are addressed,—the Newspapers, it is to be understood, are in all practicable cases, to be forwarded by the Bangy Tappal, vide Bangy Regulations.

Note.—For 1 Fanam read 1 Anna, 3 Pice.

Newspapers not to be transmitted by Tappal for single Postage, unless when sent by the Editors.—The Postage on Newspapers transmitted by Individuals by Bangy or Tappal to be paid before their dispatch.—2d December 1817.

12th. That the Books published at the Asylum Press for the benefit of the Institution shall, for the present be forwarded by the Bangy Tappal, at the rate of Postage chargeable on a single Letter only, the same being payable at all the Stations to which they are directed.

13th. That Parcels of Newspapers, &c. arriving by Sea, shall in future be charged with Inland Postage, at the following rates, those of 1 ounce weight as a single Letter, of 2 ounces as a double, of 3 as a treble, and so on progressively. If, however, there may be reason to believe that any Parcel contains Letters, the Person to whom it is addressed will be required to open it, or allow of its being opened at the Post Office, in order that Postage may be charged, at the usual rates, on all Letters which may be found in it.

As it has been determined that no Parcel received by Sea, shall in future, be transmitted to any Inland Station, unless the Person to whom it is addressed shall send a request to that effect to the Post Master General, notice will be given as early as possible, after the arrival of any Ship, of the Parcels received by her, and on application in writing, that Parcels shall be forwarded to the Persons so applying, when they will be held responsible for the Postage of them, whatever may be its amount.

14th. That the Master Attendant shall give early intimation to the General Post Office, of the intended departure of all Vessels for any of the Eastern British Possessions, the Cape of Good Hope or elsewhere, with which there is no inland communication, and shall deliver to the Commanders of such Vessels

on their departure, any Letter Packets that may be sent to his Office, from the General Post Office, and obtain a Receipt for the same, which receipt shall be lodged in the Post Office.

15th. That hereafter the hour for the despatch of the Tappal shall be, six in the evening; and the hours for the General Post Office being open to the Public, is as follows, viz.

From 10 A. M. to 1 P. M. both for the receipt and delivery of Letters, and from 3 to 5 P. M. for the receipt of Letters only.

16th. That no Letter or Parcel containing Money, Jewels, or any articles of value, shall be permitted to be sent by Tappal.

17th. That no detention whatever of the Mail shall be allowed at any of the Inland Stations, and that when the Public Service shall require it an Express shall be despatched, but at the risk of the Person causing it to be despatched for any improper abuse of this privilege.

In order to ascertain correctly that the preceding Regulation has been acted upon to its full extent, a Table will be prepared at the General Post Office, shewing the distance between and probable time of arrival at each Station, with which the returns to be made by the Person in charge at each Station, will be compared, and the Collector in whose District any delay may appear to have occurred, will be held responsible for the same.

18th. That all Public Officers, Civil and Military, entitled to frank, shall send to the Offices of the Paymaster, or other Public Officer from whom they receive their Pay, Lists of the Public Letters despatched by them during the month preceding, with one of the following Attestations upon honor at the foot of the same.

FOR CIVIL OFFICERS.

I do hereby certify upon my honor, that to the best of my knowledge and belief, the above is a correct List of all the Public Letters despatched under my Signature during the month of _____, and that they were solely and entirely on the Public Service.

FOR MILITARY OFFICERS.

I do hereby certify upon my honor, that to the best of my knowledge and belief, the above is a correct list of all the Public Letters, exclusive of * Letters despatched * Soldiers, Sailors & Sepoys, as the case may be, under my Signature during the month of _____, and that they were solely and entirely on the Public Service.

FOR OFFICERS COMMANDING CORPS, &c. IN HIS MAJESTY'S OR THE HONORABLE COMPANY'S SERVICE.

I do hereby declare upon my honor, that to the best of my knowledge and belief, the following is a correct list of Letters franked by me during the last month, under the restric-

tions specified in the fifth article of the Post Office Regulations.

19th. That no Abstract of Pay shall be discharged, except it be accompanied by a list to the above effect, and if it be paid without attention to this point, that circumstance alone shall be considered as a sufficient cause of retrenchment.

20th. That the lists be given in by the Officers in the Civil Department shall be forwarded to the Office of the Civil Auditor with the monthly accounts of the Persons paying the Abstracts, and those in the Military Department to the Office of the Military Auditor General.

Note.—Lists of Letters in the Military Department to be forwarded to the Post Master General.—G. O. 19th June 1817.

21st.—That the lists so forwarded shall remain in deposite in the Office to which they are sent, for the purpose of being compared, if required, with the lists which will be ordered to be forwarded direct to the Post Master General from the persons in charge of the subordinate Post Offices.

22d. That with a view of obviating the possibility of misconception with regard to the Letters intended to be exempted from Postage, it is to be unequivocally understood that, with the exception specified in the 1st, 5th and 10th Articles of these Regulations, all Letters and Papers that are not exclusively on the business of the Public Service, and that have not previously entered as an Official Record, shall be subject to Postage; and should it come to the knowledge of the Governor in Council that any of the Officers, Civil or Military, now authorized to address Letters on the Service, have made an improper use of the trust so reposed in them, by forwarding Letters on their own private concerns under a cover superscribed, "On the Service," the Governor in Council will consider it a disqualification for office.

23d. That should the name of any Public Officer obliged from his situation to carry on a public correspondence, be omitted in the list now published, such Officer must address a Letter to Government, stating the nature of his public correspondence, when if it be deemed of sufficient importance, his name will be added to the list, or some Public Officer, already included in the list, will be directed to superscribe his Letters, On the Service.

24th. That any Officer on duty, or leave of absence, at the Presidency, who may have occasion to correspond on the Public Service, shall carry his Letter to the Adjutant General who, upon being satisfied that the Letter is exclusively upon the Public Service, will frank the same.

25th. That all Officers similarly situated at the subordinates, shall apply to the Commanding Officers of the Stations where they may be then residing.

26th. That no Post Office Packet shall in future be opened between one Station and another for the accommodation of Travellers, as is understood to have been heretofore the practice, but should a competent authority, or circumstances of an urgent public nature, at any time render it necessary for an Officer, in the execution of his duty to open a Public Mail, it must be carefully opened and closed by the Officer himself, and an official Letter must be addressed to the Post Master General explaining, under what orders or peculiar circumstances the measure was adopted.

27th. That no Letter which has once been delivered into any Post Office under this Government shall, in future be restored, except upon an official application in writing, in which the reason for making the application must be stated, a copy of which Letter will be forwarded, if necessary, to the Station to which the re-delivered Letter was addressed, in order to afford the means of detecting any frauds that may be attempted. It is, however, to be understood, that the Postage will in no case be returned.

28th. That with a view to prevent the suppression of Private Letters and the misappropriation of the Postage collected on them, all Receipts granted in future at the Post Office under this Presidency for Letters delivered in, shall be on stamped paper, each Receipt having the word single, double, treble, quadruple, or packet, engraved on it in the English, Tamil, Telugu and Persian characters, and specifying at the same time in writing, or by a second stamp, the Station from which the Letter is despatched, the place to which it is addressed, the date of its delivery into the first Post Office, and the Postage paid on it.—With this facility of discovery, every Individual, European or Native, whose Letter does not reach its destination, will be enabled to obtain redress upon application to the Post Master General, but it is at the same time recommended to the Public, as an additional check, that every person do insert in a book, to be kept for the purpose, the directions of all Letters to be sent by Tappal, with the name of the Station from which they are sent and the date of their delivery at the Post Office; and likewise that the stamped Receipts above-mentioned may not be mislaid or thrown away, without which precautions the present Regulation cannot, it is feared, have the desired effect.

Under the Orders
of Govt. dated
21st Nov. 1815.

29th. No Person not belonging to the Department, can be admitted into the interior of the Post Office, or to be allowed of themselves to examine the records—all complaints or applications for information, must be made to the Post Master General in writing.

30th. Persons addressing the Post Master General respecting any delay in the delivery of their Letters, are requested to transmit, at the same time, the envelopes of such Letters bearing the Post Office Stamp, which specifies the date on which the Letters were issued for delivery.

31st. No persons can be permitted to take Letters from the Peons, except in the regular course of delivery, and it is requested that the Peons may experience as little detention at the doors of houses as possible.

32d. Persons receiving Letters, are required to pay the amount of Postage marked on them, and if they have occasion to complain of any surcharge, they must state their complaint officially to the Post Master General; should his decision not prove satisfactory, they are at liberty to appeal to the Governor in Council.

33d. All Letters refused by the Party to whom they are addressed, and all Ship Letters transmitted from subordinate Stations to the General Post Office on which the Ship Postage has not been paid, shall be returned to the Office from whence they were despatched, and the Writer, or the Person who brought them to the Office, shall be required to pay Postage both to and from the place of address—if the Writer cannot be discovered, the Letters shall be entered in a list which shall be exposed by the Post Master in the most public part of his Cutcherry, and a copy of which shall be transmitted from time to time to the Post Master General, who shall advertise the Letters in the Government Gazette, with notice that they will be delivered to the Writers on payment of the Postage due on them.

34th. Should the Writer of a returned Letter refuse to pay the Postage due on it, the Post Master is authorized to detain all future Letters to such Person's address, until the demand in question shall be liquidated—the same rule is applicable to all other cases of refusal to pay Postage.

35th. Any Person opening a Letter or Envelope, shall be bound to pay the Postage of the same, whatever may be the contents.

PUBLIC DEPARTMENT.
THE Honorable the Governor in Council having had under consideration the Post Office arrangements of this Presidency, has been pleased to adopt the following supplementary rules, which are now published for general information, and are required to be duly observed by all Public Officers whom they concern.

1.—The employment of expresses, having at times considerably retarded the transmission of the mails, is hereby forbidden, except in cases of urgent importance; and, in such cases, the Officer employing the express is to state in the body of his despatch that he had deemed it incumbent upon him to do so,—whereby the circumstance will stand upon record and be open to investigation.

2.—It is provided by the existing regulations, that public despatches exceeding a certain weight shall be reserved for the Bangy, unless endorsed with the words “by Tappal;” and it is hereby further required, that they shall not be so endorsed unless the early receipt of them be of real importance.

3.—With the view of diminishing the bulk and weight of public despatches, it is hereby required that in future they be copied within the smallest space compatible with perfect legibility,—that they have $\frac{1}{4}$ th instead of $\frac{1}{2}$ th margin,—that a

blank leaves, be withdrawn,—that the enclosures whenever practicable, be written consecutively,—and that the packets be made up in the most compact form which the nature of their contents will allow.

4.—The payment of full postage having been sometimes evaded, by enclosing a number of letters under one cover and transmitting them by bangy instead of tappal, no packet will in future be received by the bangy, unless it be open at the ends, like a newspaper, and be found not to contain letters.

Published by order of the Honorable the Governor in Council.

We therefore direct that such instructions may be given to the Local Authorities in India as will most effectually meet our intentions, taking care to observe that the indulgence given by the 22d Clause of the Act above recited, so far as concerns the Directors, extends only to 12 months from the passing thereof, and that after that period the privilege granted to us, with the exception of the Chairman, and Deputy Chairman, is confined to 5 oz. weight by each Ship in the Company's Service, and that all letters exceeding that allowance are to be subject as heretofore to the inland India postage.

The following directions for Vessels approaching the Roadstead of Calingapatam, extracted from the Survey of the local Marine Officer, are published for general information.

In the S. W. Monsoon, the Flag Staff to bear W. b. N. $\frac{1}{2}$ N. in 7, or 8 fathoms, and in the N. E. Monsoon, the Flag Staff to bear West in 8 fathoms, to give room for clearing a reef of Rocks, on which the sea breaks at low water, a little to the Southward of the Roads,—which may be known by several Rocks on the beach and in the Surf.

Vessels coming along Shore from the Southward should not come under 10 fathoms, till the Flag Staff bears N. W. b. W. when they may haul in for less water—Anchoring to the Southward of the above Bearings, Ships will have rocky ground.

From the Northward of the Rocks on the Beach, and in the Surf, the reef runs out about $\frac{1}{4}$ of a mile, in an E. N. E. direction.

PROSPECTUS of the MADRAS MILITARY FUND.

This Fund, which has been instituted by the Honorable Company's Army at this Presidency, has for its objects;—

To provide for the Families of Officers left, by their death, destitute of an adequate maintenance; and to assist Officers unprovided with aid by the Regulations of the Service, or from their own resources, under such circumstances of urgent sickness as renders a voyage to England necessary for the preservation of their lives.

This Institution holds out advantages to Subscribers of a superior kind, that all Officers of the Madras Army, are invited to become Members of it. It is honored with the Patronage of the Honorable Court of Directors, by whom it is likewise liberally endowed.

It is not to be doubted, now, that the Fund has commenced operations, and the benefits derived from it are fully ascertained, that such Officers belonging to the Madras Establish-

ment, as have not hitherto had an opportunity of becoming Subscribers to so benevolent a Fund, or were unacquainted with its existence, will readily avail themselves of this occasion for contributing, both by their Donations and Subscriptions, to the furtherance of so philanthropic an Institution, of which, tho' all who contribute to its maintenance, may not themselves experience its benefits, still in the uncertainties of life, it is not impossible, that some so contributing may, at some future period, by an unexpected change of circumstances, partake of its advantages: at all events they will possess the gratification of affording their aid, to a source from whence comfort and support will be derived to the families of many a valuable friend, and cotemporary, in the Field.

Officers becoming Subscribers, within the period of six months after their first arrival in India, are not charged with any arrears of subscription; but after the expiration of that period, they are to pay up their arrears from the date of their arrival with compound interest:—Officers who were in the service at the establishment of the Fund, 1st April 1808, are to pay up all arrears from that period, calculated agreeably to the Regulations, and are to furnish affidavits of health.

Any unmarried Officer becoming a Subscriber shall, upon his marriage, pay up the additional Donation attaching to Subscribers who are married; that is, he shall pay 30 days Garrison pay and allowances of the rank he may then hold.

Any Subscriber proceeding to Europe on sick certificate, in conformity to the existing Regulations of the Government of Fort St. George, or such as may be hereafter framed, such Officer not being provided with passage money by the Regulations of the Service shall, on making oath that he does not possess the means of paying for his passage, be entitled to receive from the Military Fund the passage money regulated for his rank; and on a similar declaration, on oath, to the Agents in England, he shall be entitled, on his return to India, to receive the sum regulated for the outward passage.

Any Subscriber so proceeding to Europe on sick certificate, being provided with a passage, either at the public expense, or as above recited, who shall moreover make oath that he does not possess the means of purchasing the requisite clothing and equipment for the voyage, shall be entitled to receive from the Fund a further sum not exceeding 200 Pagodas; but not to any further sum on account of equipment on his return to India.

No Officer, although a Subscriber, who may proceed to Europe on furlough, and fall sick during such absence, is entitled to any of the benefits of the Fund, which are exclusively confined to Officers quitting India on sick certificate.

Subaltern Officers who may proceed to England on Sick Certificate, and who shall make oath that they do not possess property which will produce an Income, including their pay equal to £140 per Annum shall be allowed such sum annually as with their Pay and other resources will make up that amount during the period of Furlough as regulated by the Court of Directors.

No Subscriber eligible to receive passage money or equipment allowance more than once in eight years, but in cases of urgent sickness which may occur within that period will be entitled to receive an advance equal thereto as a loan.

Officers who shall have subscribed to the Fund for a period of 8 years, are entitled to loans under the following circumstances, should the state of the Funds admit of it.

A Subscriber being desirous to send his Wife and Children to Europe or in the case of a Wife and Child returning from Europe shall be allowed a loan equal to the amount of 20 months subsistence of the rank he then holds, provided he shall have previously deposited with the Directors an irrevocable order engaging to repay the amount so borrowed, with interest as 8 per cent, within 22 months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the Fund, a Personal Bond, in which he shall be joined by two Securities to be approved by the Directors, and assignment on any property he may possess.

A Subscriber who may be desirous to remit money to his Wife or Children in Europe, shall be allowed to receive an Order on the Agents of the Fund in England for any amount which he may have previously paid into the Fund here, either by Instalment or otherwise, provided always that any loss by exchange or otherwise shall be borne by such Subscriber.

A Subscriber proceeding to Europe on sick certificate with his Wife and Children shall be authorised to apply for the regulated passage money for such Wife and Children, to be advanced by the Military Fund as a loan; such loan, however, can only be advanced upon the Personal Bond of the Subscriber, including two Sureties to be approved by the Directors.—The amount to be repaid within two years after the Subscriber's return to India, provided he may have attained the rank of Captain, otherwise within two years after he shall have attained that rank, and the Sureties to be bound to make good any balance or deficiency in the event of the Subscriber ceasing to be a Member of the Fund, by death or otherwise, before the Bond is discharged.

TABLE of RATES of PAYMENT by SUBSCRIBERS to the MADRAS MILITARY FUND, in India and in England; shewing also, the amount of sums payable to Claimants on the said Fund, separately and for Children, with the deductions from the said amounts, respectively, to which the said Claimants are liable: as also, a Table shewing what rate of Income excludes Persons from the benefits of the said Fund, with some other particulars, and allowances to Sick Officers.

BOARD DAYS,—Monday and Thursday.

MEDICAL FUND, established in 1807.

Mr. John Goldie, } Trustees. { Mr. J. Burton,
 James Annesley, } { P. Scott, M. D.
 William Scot, }
 Thomas Sergeant, Secretary.
 Agents in Europe: Messrs. Fletcher, Alexander and Co.

The objects of the Fund are—
 To afford subsistence to the Widows and legitimate Children of Medical Officers, (Subscribers to the Fund) dying in circumstances of indigence and distress.

To assist Medical Officers, (Subscribers) who are obliged to go to Europe in consequence of ill health.

And to afford to the Senior Officers of the Medical Establishment (Subscribers) retiring from the Service, annuities for life, under certain limitations, and depending on the state of the Funds.

To the Widows of all Members whether Surgeons or Assistant Surgeons—having subscribed prior to the 5th of January, 1815, who are in the circumstances entitling them to assistance—The Fund grants such sums as will make their income three hundred Pounds sterling annually.

To the Widows of all Surgeons—the same as above.

To the Widows of Assistant Surgeons who became Members subsequent to the 5th of January 1815, (unless the deceased shall have been fifteen years an Assistant Surgeon) the Fund affords such assistance as will make their income two hundred Pounds sterling per annum.

To the legitimate children of deceased Subscribers, under circumstances entitling them to assistance from the Fund—It is granted at the following rates.

To Children under six years of age, the income is made up to twenty Pounds Sterling per annum—but, if a Child have lost both it's Parents, the sum is made up to thirty Pounds sterling per annum, and in the latter case the Trustees act as Guardians to the Orphan.

From the age of six to twelve years the sum is made up to forty Pounds per annum, and from twelve years of age till marriage, or until the age of twenty-one years, to females, to seventy Pounds sterling per annum—and till the age of sixteen years to males.

Widows, Pensioners on the Fund, marrying a second time and thereby forfeiting their pensions, are on becoming Widows a second time entitled to assistance on furnishing the required Affidavits.

The Wife of any Subscriber marrying or any Person subscribing after the 30th of June 1815 who is not altogether an immediate descendant of European Parents (four removes from an Asiatic or African being considered as European blood) is on becoming a Widow together with the Children of such Marriage wholly excluded from the benefits of the Fund, further than the return of such sum of Money as her deceased husband may have paid to the Fund, but without Interest.

In the event of any Subscriber disposing by Will of his Property so as to bring his Widow as a Pensioner on the Fund, the claim of the Widow is declared to be vitiated.

False Statements of Property made by Widows, Children or Guardians of Children, wholly exclude those on whose behalf they are made from the future benefits of the Fund.

To Subscribers who find it necessary from ill health to go to Europe, and who procure the necessary Certificate to obtain the sanction of Government for that purpose, such assistance is afforded as shall enable a Surgeon to expend the annual sum of three hundred Pounds Sterling, and an Assistant Surgeon the annual sum of two hundred Pounds Sterling, for a period not exceeding three years.

Each Subscriber on proceeding to Europe on Sick Certificate, who has not paid to the Fund a sum equal to the amount of the allowance for three years on Sick Certificate, is required to sign a Bond in duplicate to repay to the Trustees of the Fund (in the event of quitting the Service or retiring from the Fund by non-payment or in any other way) whatever Sums of Money may be received by them from the Fund over and above the Amount of Subscriptions paid.

To the Senior Subscribers retiring, after their full period of Service, as the Funds admit, annuities are granted of four hundred Pounds per Annum for life, on their making up the amount of their Subscriptions to the minimum of Ten thousand five hundred Rupees.

Each Subscriber on admission is to pay (by twelve monthly Instalments) a Donation equal to one Month's Pay and allowances of his Rank.

Printed Copies of the Fund Deed are to be purchased at the Office of the Madras Gazette, and information respecting the Fund is to be obtained of the Secretary.

SIGNALS FOR SHIPS OR VESSELS IN THE OFFING.

SIGNALS respecting Ships or vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort Square of Fort St. George, on which there are three Signal Staffs. One consisting of an upright Mast, representing the East point of the compass with a yard slung by the middle across, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts, and of one Mast.

An ensign, or square national flag, represents a Ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad national pendant terminating in one point, represents a Sloop or Cutter, of one mast.

If either of these flags are hoisted to top of the upright staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yards, the vessels seen are in the North or South Quarters of the compass.

The number of Ships that appear in the offing, are expressed by pendants. A white pendant signifies one Ship or Vessel; a red and white pendant, two Vessels; a red pendant, pierced with white, three Vessels; and a yellow pendant pierced with blue, four Vessels; when the number of vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the Vessels in sight are Men of War in the East Quarter, one of the numerical pendants will fly from the national flag of the upright staff; if in the North or South Quarters, the pendants will fly at the extremity of the yard arm over the national flags, hoisted on the stay of the North or South Arms of the cross yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the national flags. If the Ships are Indiamen, a blue pendant will be displayed as usual under the Union flag of the Fort.

If a fleet is in sight, one Gun will be fired after the Signal for the Fleet is made, and if there are two Fleets of different Nations in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow, hoisted to the extremity of the Staff or Arms, expressive of the quarter she is in.

The annexed Plate represents the Flag of all Nations, that

trade to Madras; in the upper corner of which is represented the flag staff and yard, and the manner in which the Signals are made to express Ships or Vessels discovered in the North, South, and East Quarters of the compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward; the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Snows in the North Quarter, and a French broad pendant hoisted to that stay of the South Arm of the cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the compass.

If the numerical pendants, instead of flying at the extremity of the staff, are hoisted under the National flag, in the manner expressed by the letter M they will describe the same class of vessels to be Merchantmen.

N. B.—The blue pendant flying under the Union flag of the Fort, with the St. George's Colours hoisted upon any one of the Signal staffs, expresses an Indiaman. A yellow pendant flying under the Union flag with either of the three white flags hoisted under any of the Signal staffs, represents a Spanish Vessel; and if a red pendant flies in the place of the yellow pendant, it will express a Portuguese. A blue and yellow pendant, flying over the national flag, represent a Fleet of Men of War, and under it, a Fleet of Merchantmen.

LIGHT HOUSE.

The Light House on the Exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Government, in December 1796, and is of essential service to Ships coming into the roads in the night.

The Light is 90 feet above the level of the Sea at high water; it can be seen from the decks of the Honorable Company's Ships about 17 miles, and from their mast heads near 26 miles.

The South part of Pulicat shoal bears from the Light House, N. by E. half E, distance 12 miles; and to keep clear of the shoal, the light should always bear to the Westward S. S. W. $\frac{1}{4}$ W.

I. Of the *Sun* and *Planets*. On the 9th the Moon passes the Planet *Jupiter*. On the 20th the *Sun* enters the Constellation *Aquarius*, and the Moon passes the Star *Regulus* in the Heart of the *Lion*. On the 25th the Moon passes the Star *Spica Virginis*, and on the 29th *Antares* in the Heart of the *Scorpion*. The planet *Mercury* at the beginning of the month rises about an hour and a half before the *Sun*. *Venus* an hour before *Mercury*. *Mars* is in conjunction with the *Sun* on the 12th. *Jupiter* passes the meridian in the early part of the month at about 4 o'clock P. M. *Saturn* an hour later; and the Georgian Planet at 11 o'clock A. M.

II. Of the *Stars* at 8 o'clock P. M. The Heavens at the beginning of this year, like the beginning of the last, present a magnificent appearance; many of the brightest of the Constellations being now above the horizon—Near the meridian, we see the Zodiacal Constellations of *Aries*, and the *Bull*, the former to the westward and the latter to the eastward of it. Under the meridian to the North is *Perseus*, the bright Star *Algenib* which is about passing. To the South the Eastern part of the *Whale*, and the middle of *Eridanus* is cut by the meridian. The bright (red) Star *Aldebaran* in the *Bull* is about one hour and a half East of the meridian; the *Pleiades* are between *Aldebaran* and the meridian; further to the Eastward are seen the Zodiacal Stars *Castor* and *Pollux*, and the whole of the *Crab*; the Head of the *Lion* is just beginning to appear. To the North is seen the Constellation of *Auriga*, having the bright Star *Capella* at the western part of it; nearer the horizon to the eastward is the *Lynx*, and the Western half of the *Great Bear*. South and East of *Taurus* is the magnificent Constellation of *Orion*. *Sirius* the bright Star in the *Great Dog*, and the brightest in the Heavens, follows close, and also *Procyon* in the little *Dog*—a part of the *Ship*, with its brightest Star *Canopus*, is also above the eastern horizon. On the West we see next to *Aries*, the Zodiacal Constellations of *Pisces*, *Aquarius* and *Capricornus*, the latter cut by the Western horizon.

North of Aries, are the Constellations of the Fly, the Great and Little Triangles, Andromeda, Cassiopea, Cepheus, and a small part of the Dragon. West and Northerly of Pisces, is the Constellation of Pegasus, while the Swan is cut by the western horizon, and the Eagle has just disappeared below it. To the South of Aries, we find part of the Constellation of the Whale—further South the Phoenix, and still more South, the bright Star Achernar in Eridanus,—South and Westerly of which is the Toucan: to the westward of the Whale is seen the bright Star Fomalhaut in the Southern Fish—and South of Fomalhaut, and near the Western horizon, is the Constellation of the

FEBRUARY.

I. Of the Sun and Planets. On the 2d the Moon passes Mercury. The same day, the Planets Mars and Mercury approach near together. On the 5th the Moon passes Jupiter. On the 11th *Beta* Tauri; on the 17th *Regulus*: on the 19th the Sun enters Pisces. On the 21st the Moon passes *Spica*; and on the 25th *Antares*. Mercury is in conjunction with the Sun on the 10th, and afterwards becomes an evening Star. Venus is still a Morning Star; and at the beginning of the month rises nearly two hours before the Sun. Mars is still very near that luminary. Jupiter passes the Meridian two hours after the Sun. Saturn an hour later, and the Georgian at 9 o'clock in the morning.

II. The Constellation of Orion is now cut by the meridian. *Rigel*, one of its brightest Stars is just passing; *Bellatrix* another of the bright Stars of this Constellation, is about ten minutes East of the meridian. To the Northward *Capella* has passed the meridian but a short time: and *Beta* in Taurus, is close to it on the East. The Stars which were on the meridian at 8 o'clock last month are now two hours distant from it to the Westward. The Constellations of Aquarius, with the Swan and Dragon on the North, the Southern Fish, Crane, and Toucan on the South have wholly disappeared—while the Constellations of the Lion, the Great Bear, and the Ship are now almost wholly above the horizon to the eastward.

MARCH.

I. Of the Sun and Planets. On the 2d the Moon passes Venus, and on the 3d Mars. On the 4th the Sun is eclipsed.

On the 5th the Moon passes Mercury.—On the 11th the Star *Beta* of Taurus. On the 16th *Regulus*: and on the 20th *Spica*. On the 21st the Sun enters Aries, when it is equal day and night in all parts of the earth. The Southern Polar regions would now begin to be deprived of the light of the Sun, did not the refractive power of the atmosphere keep his image above the horizon some time longer. On the 23d the Planets Mars and Mercury are very near together. On the 24th the Moon passes *Antares*. Mercury is at the greatest distance East of the Sun on the 7th, and in conjunction with that luminary on the 25th. Venus is still a Morning Star and rises about an hour and a quarter before the Sun. Mars rises half an hour after Venus. Jupiter is in conjunction with the Sun on the 27th, while Saturn at the beginning of the month rises two hours after, and the Georgian six hours before, that luminary.

On the 21st the Moon passes *Antares*: and on the 26th the Planets Mars and Jupiter approach together within about a quarter of a degree. At the beginning of the month Mercury rises an hour before the Sun and on the 22d is at the greatest distance West of that luminary. Venus rises about the same time with Mercury. Mars a little

earlier—Jupiter at about the same time as Venus—while Saturn is in conjunction with the Sun on the 6th, and the Georgian Planet passes the meridian at about 5 o'clock in the morning.

II. At eight o'clock in the evening at the beginning of this month, the Western part of the Great Bear, the Eastern part of the Crab, the Head of the Hydra, the Compass and the Eastern part of the Ship, are on the meridian. Aries, part of Cassiopeia, and nearly the whole of the Whale, are gone below the Western horizon: Taurus and Perseus approach it. The Lion, the bright Stars Capella, Sirius, and Canopus are about mid-way; while Pollux and Procyon are between the meridian and the bright stars just named.—The Lion approaches the meridian to the Eastward; the whole of the Virgin (with its bright Star Spica) and Bootes (with its bright reddish Star Arcturus) the greater part of the Centaur; and the whole of the Cross, are now above the horizon.

MAY.

I. Of the Sun and Planets. On the 4th the Moon passes Beta in Taurus; on the 9th Regulus; on the 14th Spica; and on the 18th Antares: On the 23d the Sun enters Gemini. Mercury at the beginning of the month is a Morning Star and rises about an hour and a half before the Sun; at the end of the month this Planet is in conjunction with the Sun. Venus also approaches the Sun and passes to the Eastward of that luminary on the 23d. Mars rises at about half an hour after four o'clock in the morning, Jupiter rather earlier, Saturn nearly at the same time with Mars; and the Georgian Planet at about 9 o'clock at night.

II. The Zodiacal Constellation of the Lion is now cut by the meridian: Regulus the bright Star in the Heart of which, is about one hour to the westward: the Western Stars in the Square of the Great Bear, called the Pointers from their pointing to the Pole Star, are now close to the meridian, which also cuts the Hydra. The whole of Cassiopeia of Perseus almost the

whole of Taurus, a small part of Orion, of the Crane, and the Ship, are now below the horizon to the westward. The Virgin approaches. The meridian, the Northern Crown, the Serpent and the Zodiacal Constellation Libra, are far above the horizon to the Eastward; while the Head of the Dragon, a part of Hercules, and Antares the bright (red) Star in the Scorpion, are cut by it.

JUNE.

I. Of the Sun and Planets. On the 1st the Planets Mercury and Venus approach within 51m of each other: on the 5th the Moon passes Regulus; on the 10th Spica; and on the 14th Antares. On the 19th Jupiter and Saturn approach within 70m. of each other. On the 21st the Sun enters Cancer; being the longest day in the Northern Hemisphere and the shortest in the Southern, its duration at Madras is 12h. 46½m. and the duration of the twilight about 1h. 23m. The Sun rising at 5h. 37m. and setting at 6h. 23m. The regions about the North Pole have already enjoyed the presence of the Sun three months, without his having set. That Luminary is now at his greatest altitude, and performs a circle round the horizon of the Pole, at an elevation of 23½ degrees; he continues above the Horizon, but gradually approaching it, three months longer, when he is lost sight of, and begins to illumine the Southern Polar regions, which had been deprived of his light, during these six months he was to the Northward of the Equator: but the Great and Beneficent CREATOR of the Universe, with his usual attention to the wants of those he has created, has so ordered the motion of the Moon, that when the Sun is absent from either of the Polar regions, that region has the benefit of this Luminary when at the full; and it is only when her light is so faint as to be of little use, that she is to be found in the Hemisphere illuminated by the Sun. On the 28th the Moon passes Beta in Taurus. Mercury recedes from the Sun to the Eastward and at the end of the Month passes the meridian 1 h. 50 m. after that luminary. Venus also recedes and is an Evening Star, rising about half an hour after the Sun. Mars rises nearly two hours before the Sun. Jupiter an hour and a half before Mars. Saturn about the same time as Jupiter; while the Georgian is in opposition to the Sun, and passes the meridian at midnight.

II. At the beginning of this month at 8 o'clock, the Zodiacal Constellation of Virgo is cut by the meridian, as are the Stars

of Charles' Heart, and Alioth in the Tail of the Great Bear on the north; and the Hydra Centaur and Cross to the South. To the north the whole of the Dragon, Hercules, and Serpentarius, are now above the eastern horizon; as is the Zodiacal Constellation of the Scorpion. The bright Stars Arcturus and Spica approach the meridian, while Vega in the Harp and Antares in the Heart of the Scorpion are seen nearer the horizon to the Eastward. Aldebaran, Sirius, Orion, and the greater part of the Ship have disappeared. Pollux, Castor and Procyon are approaching the Western horizon—while the Great Bear and Lion, are seen midway.

JULY.

I. Of the Sun and Planets. On the 3d the Moon passes Regulus; on the 8th Spica; and on the 11th Antares. On the 23d the Sun enters the Constellation of the Lion. On the 26th the Moon passes Beta in Taurus, and on the 31st Regulus again. On the 4th Mercury is at the greatest distance east of the Sun and sets 1h. 50m. after that Luminary. Venus sets about an hour after the Sun. Mars rises at about 3 o'clock in the morning. Jupiter and Saturn about midnight; and the Georgian between 4 and 5 o'clock in the afternoon.

II. At 8 o'clock in the evening at the beginning of this month, the Zodiacal Constellation of Libra is in the meridian, Zubenesch, the brightest Star in it having just passed. On the north, the eastern part of Bootes, and the western part of the Dragon are cut by the meridian—on the south the last (or eastern) Stars of the Hydra and of the Centaur are passing. Antares in Scorpio, the Serpent and Northern Crown, with the Southern Triangle, and Altar to the South, approach the meridian. More easterly, and in the northern hemisphere, are seen Serpentarius, Hercules and the Harp—the Star Vega in the latter possessing great brightness. East of the Harp is the Swan, and south of the Swan the Eagle, more south is the Zodiacal Constellation of Sagittarius all nearly at the same distance from the horizon. To the westward the Crab has almost wholly disappeared; the Great Bear, the Lion and the Centaur approach the horizon, while some way above the Lion are seen the bright Stars Arcturus in Bootes and Spica of Virgo.

AUGUST.

I. Of the Sun and Planets. On the 8th the Moon passes

Antares. On the 10th Saturn is stationary. On the 11th Mercury; and on the 19th Jupiter. On the 23d the Sun enters the Zodiacal Constellation of Virgo. II. The eastern part of the Scorpion is now cut by the meridian, the bright (red) Star Antares in the heart, having passed about half an hour—the meridian also cuts the Dragon, Hercules, Serpentarius, and the Altar. Cepheus to the north, and more South, Pegasus, the Dolphin, Capricornus, and far south the greater part of the Peacock, are visible. To the west part of the Great Bear, almost all the Lion, the western part of the Hydra and Centaur are now below the horizon.

SEPTEMBER.

I. Of the Sun and Planets. On the 1st the Planet Mercury is seen near the Star Regulus in the Heart of the Lion. On the 4th the Moon passes Antares; on the 18th Beta in Taurus; and on the 23d Regulus. On the 23d the Sun enters Libra when it is again equal day and night over the earth. At the regions about the North Pole the Sun has gone below the horizon; his image, however, remains visible some time longer, owing to the refractive power of the atmosphere. On the 28th the Moon passes Spica—Mercury approaches the Sun, and on the 14th passes that luminary, and proceeds to the eastward. Venus is an Evening Star, and at the end of the month sets more than two hours after the Sun. Mars rises at about two o'clock in the morning. Jupiter at 9 at night. Saturn nearly at the same time; while the Georgian passes the meridian at about Sun set.

Almost the whole of the Great Bear, the Cross, and nearly all the Centaur having disappeared below it—while Cassiopeia, Andromeda, and the Star Fomalhaut in the Southern Fish, have again made their appearance to the eastward—the western part of the Whale is also just above the eastern horizon; and some way above the Whale is seen the Zodiacal Constellation of Aquarius.
