The following distances and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas's Mount, and Perumbaukum Hill (a small sugar loaf detached hill which lays about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey,) will enable any observer on board of a Ship riding in the Madras Roads to determine it's birth with great precision by taking their angular distance with a common Sextant.

MADRAS OBSERVATORY:

John Goldingham, F. R. S. Superintendent.

GOVERNMENT ADVERTISEMENT.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the H. C.'s Observatory, in regard to Sea Time-keepers delivered to his charge for the purpose of having their daily rate ascertained; Notice is hereby given, under the authority of his Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the H. C.'s Sea Service, or, by the Masters and Officers of British Merchant Vessels frequenting this Port, will be received every day (Sunday excepted) between the hours of Eleven and Two. That they will be regularly compared for as many days as may suit the occasion of the Owners, and that they will be returned on written applications between the same hours, accompanied by detailed accounts of their rates of going while deposited, free from all fees or charges of every description.

Published by order of the Right Honorable the Governor in Council.

G. G. KEBLE,

SEC. TO GOVERNMENT.

FORT St. GEORGE, 20th April 1807.

Pursuant to the above Advertisement, notice is hereby given, that no Time-keeper sent to the H. C.'s Observatory, for the purpose of having its rate ascertained, will be returned without a written application from the person who sent it; such application to be transmitted within the hours mentioned in the Advertisement.

That a Receipt, specifying the Names of the Maker and Owner, and the No. of the Watch, will be given, for every Time-keeper deposited at the Observatory; this Receipt will

be signed by the Superintendent, and should be returned with the application for the Time-keeper.

MADRAS OBSERVATORY, (Signed) J. GOLDINGHAM,
November 20, 1813. SUPERINTENDENT.

N. B.—It is recommended not to send Time-keepers in a Palankeen, it having been found by experience that the motion alters the rate, and sometimes stops the Time-keeper.

Sun's Greatest Amplitude.		23	43	23	47	23	51	23	55	24	1	24	7	24	14								From the E. or W.	

Under the degree of latitude, or nearest to it, of the place required, taken from the table of Latitudes, and opposite the day of the month, or nearest to it, on the left hand side of the table, the time of the Sun's rising will be found, and opposite to it on the right hand is the time of the Sun's setting.

Directions for setting a Clock or Watch to Mean Solar Time by this Table; the Time by the same Clock or Watch of the Sun's rising or setting having been observed.

The Table shows the apparent Time when the Sun's centre is cut by the horizon either at rising or setting—convert this into Mean Time, by taking out the Equation of Time from the Table in the Almanac, and as the Table directs adding it to, or subtracting it from, the Time of rising or setting of this Table.

The refractive power of the Atmosphere elevates the Sun so much, that the centre of that Luminary is actually cut by the horizon, when the lower limb appears to the eye to be half his diameter above it.—Therefore the Time by the Clock or Watch must be noted when the Sun's lower limb is thus far above the horizon—and you get the Clock or Watch Time of his rising or setting, according as the observation may be taken at Sun rise or Sun set—the difference between this Time, and the Mean Time of rising or setting found before, will shew what the Clock or Watch is fast or slow for Mean Time—and it is to this time that all good Clocks and Watches are regulated and set.

ABSTRACT of an Act, passed in the thirty-third Year of H: M: LATE MAJESTY, Cap. 52, Sec. 70, precluding the RETURN to their DUTY of the CIVIL and MILITARY SERVANTS, after an absence of Five Years.

And be it further enacted, that no person who shall have held any civil or military station whatever, in India, in the service of the said United Company, being under the rank or degree of a Member of Council, or Commander-in-Chief of the Forces, and who, having departed from India by leave of the Governor General in Council, or Governor in Council, shall not return to India, within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in India, either in the European or Native Corps of troops, or in the civil line of the Company's Service; unless, in the case of any Civil Servant of the Company, it shall be proved, to the satisfaction of the Court of Directors, that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India, by a vote or resolution passed by way of ballot, by three parts in four of the Proprietors assembled in General Court, specially convened for that purpose, whereof, eight days previous notice of the time and purpose of such Meeting shall be given in the London Gazette, or unless, in the case of any military officer, it shall be proved, to the satisfaction of the said Court of Directors, and the Board of Commissioners for the affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident.

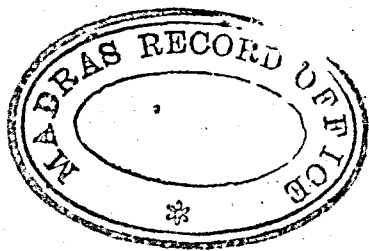

REGULATIONS respecting MILITARY OFFICERS retiring from the COMPANY'S SERVICE.

EVERY Officer after twenty-five years service in India, three years for one furlough being included, is allowed to retire with the pay of the rank to which he has attained; but such pay is to be the same only as that allowed to Officers of Infantry.

A Member of the Medical Board, who has been in that station not less than two years, and not less than twenty years, in India, including three years for one furlough, is permitted to retire from the service, and allowed £500 per annum.

A Surgeon of a General Hospital, or Superintending Surgeon who has been in that station not less than two years, and whose period of service has been not less than twenty years, including three years for one furlough, as above, is permitted to retire from the service, and allowed £300 per annum for life.

All other Surgeons and Assistant Surgeons attached to the military, are permitted to retire from the service on the pay of their rank, after having served in India not less than twenty years, including three for one furlough.

A Chaplain after eighteen years service, (ten of which at a military station,) including three years for one furlough, is allowed to retire with the pay of Major.

A Chaplain having served ten years in India, whose constitution will not admit of his continuing in the service, may retire on the half-pay of Major; after seven years on the half-pay of Captain.

A Commissary, or Deputy Commissary of Ordnance, not being a Commissioned Officer, is allowed to retire on full pay, if he has served twenty-seven years in India, of which twelve must have been in the ordnance department; twenty-five years, fourteen of which in that department; or twenty-two years, seventeen years of which in the ordnance department.

A Conductor of Stores is allowed to retire on £60 per annum after twenty-five years actual service in India.

Every Lieutenant Colonel, Major, Captain, or Captain Lieutenant is allowed to retire with the half-pay of the rank to which he has attained, in case his health shall not permit him to serve in India.

A Lieutenant having served thirteen, or an Ensign nine years in India, including three years for a furlough, may retire on the half-pay of his rank, in case his health shall not permit him to serve in India.

A Subaltern Officer, or Military Assistant Surgeon, having served six years in India, is permitted to retire on the half-pay of Ensign, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

Every Officer returning on furlough, and wishing to retire from the service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must at the expiration of his furlough, either return to India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of twenty-two years, without having a furlough; in that case he is allowed two years before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Officers retiring from the service after two years furlough will be considered to have retired at the expiration of two years from the date of their landing in England, unless they shall have previously obtained an extension of their furlough, and Officers who shall retire after having obtained an extension of furlough will be considered to have retired from the date of the expiration of such additional furlough, or from the time when the

quests of such Officers to retire or resign, are laid before the Court, whichever shall happen first.

FURLOUGH.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness) to their rotation to be absent on furlough, and the same rule is applicable to Assistant Military Surgeons. The furlough to be granted by the Commander in Chief at each Presidency, with the approbation of the respective Governments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A Chaplain after seven years residence in India, is allowed to come home on furlough and receive the pay of Major. Should he come home from sickness, prior to this period of service, he is allowed the pay of Captain only.

A Conductor of Stores is allowed furlough pay, only in case of coming home from sickness.

Officers coming to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the Ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the Officer to his Presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years furlough, unless they shall have obtained an extension of leave from the court, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be provided to the Court, that a further residence in Europe is indispensably necessary.

All Officers finding it necessary to solicit a further leave of absence, on account of sickness, must transmit with their letter of application for such leave, a certificate signed by at least two Gentlemen, eminent in the Medical Profession, describing the nature of the applicant's complaint, and stating it to be their opinion that the circumstances of the case render a compliance with his request absolutely necessary. Also previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or, by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty, on account of sickness, are to furnish a certificate of two eminent physicians, with the attestations

on of a Magistrate, that the persons who signed the certificate are Physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

No Officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years absence under the act of the 33d Geo. III. cap. 52, sect. 70.

Every Officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; officers therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong, within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than two years and a half from the period of his quitting India, excepting Colonels of Regiments, and those of the rank of Lieutenant Colonel regimentally, when promoted to that of Major General; the latter are then allowed to draw their regimental pay beyond the above period.

At a Court of Directors, held on Friday, the 1st March 1811.

A Report from the Committee of Correspondence, dated this day, being read, calling the Court's attention to the evident misapprehension of the meaning of the 70th Section of the Act of the 33d of His present Majesty, cap. 52, as to the time of absence after which Civil and Military Officers may return to the Company's service in India.

Resolved,—that Military Officers wishing to avail themselves of the provision above referred to, must arrive in India within five years from their departure from thence, or otherwise they will not be entitled to any pay, rank, or military authority, unless they shall have a permission by the Court of Directors to return to India, having previously proved to the satisfaction of the Court, and to the Board of Commissioners for the affairs of India, that their absence was occasioned by sickness or infirmity, or some inevitable accident.

EXTRACT from the REGULATIONS as to the NOMINATION of STUDENTS at the EAST INDIA COLLEGE,

With a view to their future appointment as Writers in the Service of the United East India Company; and Preparatory Instructions to Persons who may be so nominated.

No Candidate for the College can be nominated thereto, until he has completed the sixteenth year of his age. And no person who has been dismissed from the Army or Navy, or expelled from any place of education, will be nominated to the College.

The parents or guardian of every candidate for the college, will be required to address the following letter to the nominating Director:—

"Sir:—I beg to assure you on my honour, that my —, to whom you have been so good as to give a nomination to the college, has not been dismissed from the Army or the Navy, and that he never has been expelled from any place of education. —"

I have the honor to be, &c."

By the Act of the 33d of Geo. III. no person can be appointed a Writer in the Company's service, whose age exceeds twenty-two years; and by the Act of the 53d of Geo. III. all students for the college must remain there four terms;—consequently, no person whose age exceeds twenty, can be nominated as a student. All these terms are probationary, but the first is to be considered as such in a particular sense; and if any student shall not, in the judgment of the college council, give satisfaction in that term, he will not be permitted to return to the college.

Candidates for the college must produce the undermentioned documents, previously to their being nominated as students.

An extract from the parish register of their birth or baptism, properly signed by the minister, churchwarden, or elders; and, in addition thereto,

A certificate, agreeably to the following form, signed by the parent, guardian, or near relation.

"I do hereby certify, that the foregoing extract from the register of baptisms of the parish of —, in the county of —,

of —, contains the date of the birth of my son —, who is the bearer of this, and presented for a nomination as a student at the East India College, by — Esq.; and I do further declare, that I received the said presentation for my son — gratuitously, and that no money or other valuable consideration has been or is to be paid, either directly or indirectly, for the same; and that I will not pay or cause to be paid, either by myself, by my son, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons who have interested themselves in procuring the said presentation for my son from the Director above-mentioned."

"Witness my hand, this — day of —, in the year of our Lord, —."

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a Magistrate, to the following effect, viz.

"I, C. D., presented as a student for the East India College, by —, do make oath and swear, that I have caused search to be made for a parish register, whereby to ascertain my age, but am unable to produce the same, there being none to be found; and, further, I make oath and swear, that from the information of my parents (and other relations), which information I verily believe to be true, that I was born in the parish of —, in the county of —, on —, in the year —, and that I am not at this time under the age of sixteen, or above twenty years.

Sworn before me,

"this —"

"day of —"

"Witness my hand, this—day"

"of —, in the year of our"

"Lord—."

"C. D."

The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The abovementioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the Candidates, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the Candidates respectively.

Candidates are to produce certificates from the person under whom they have received their education, stating the nature of that education, and the proficiency they have made therein; and also certifying as to their mental ability, disposition and character.

Candidates will be interrogated in an open Committee of College, as to their character, connections, and qualifications, conformably to the General Court's Resolution of the 6th July, 1809.

On a student's appointment to be a Writer, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3,000, as liquidated damages to the Company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

Misconduct of students at college, will be attended with expulsion therefrom; and those who do not pass with credit the final examination will not be admitted into the civil service of the Company. No person expelled the college will be admitted into any line of the Company's service.

At a Court of Directors, held on Wednesday, the 9th August 1809.

RESOLVED, That any person who shall, in future, be nominated to a situation, either civil or military, in the service of the Company, and who shall have obtained such nomination in consequence of purchase, or agreement to purchase, or of any corrupt practice whatever, either direct or indirect, by himself or by any other person, with or without his privity, shall be rejected from the service of the Company, and ordered back to England; he shall have proceeded to India before a discovery of such corrupt practice be made: and if such situation shall have been corruptly procured by himself, or with his privity, he shall be rendered incapable of holding that, or any other situation whatever, in the said service. Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein, any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

EXTRACT of a GENERAL LETTER from ENGLAND in the COMMERCIAL DEPARTMENT, dated 7th September 1808.

Para. 229.—IN our Letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military Establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Marter and Mr. William Evans to be Warehouse-keepers of Baggage, subject to our immediate inspection and control, and we have made such arrangements with his Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible despatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty, and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to

all our Servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans, to clear and deliver them their Baggage, Wines, and Presents, as we have directed Messrs. Marter and Evans, to transact every branch of business connected with this department, which will render the Agency of all other persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue; We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe however small, are considered to be prohibited and cannot be passed in England as part of their baggage.

The Individuals will be reimbursed by the Government, the full value of all articles so delivered, on their making application at the Office of the Military Board.

It is the desire of his Lordship in Council to obviate inconvenience which this regulation might produce to Individuals who may require arms, ammunition, &c. for the protection of ships or other vessels that may be employed in Trade.—It is therefore hereby notified, that Articles will be supplied from the Arsenal when it may not be inconvenient, under the authority of Government and the Military Board.

4th. The Officers abovementioned will receive the Interest on any Government Paper which may be deposited with them.—And will, according to the instructions of the Proprietor, remit the amount, either to England in Bills to be drawn on the Honorable Court of Directors, if the same shall be payable in such Bills by the terms of the Loan; or to the Presidencies of Fort St. George or Bombay by Drafts on the Public Treasuries of those Presidencies, or to any of the Stations subordinate to this Presidency, by Drafts on the Collectors or on the Residents at Delhi or Lucknow, according to the rates of exchange at which Government may draw at the time—or they will pay the amount at the Residency to any person nominated by the Proprietor to receive such pay-

ment.—The instructions as to the manner, in which the Interest is to be paid, must be made out according to the forms hereunto subjoined, Nos. 3, 4 and 5, which are adapted to the several cases above specified.—The Proprietor will be at liberty to substitute one of these modes of receiving the Interest for the other, as often as he shall think fit; provided that the fresh instructions be delivered at the Treasury one month before the day on which the Interest falls due.—Persons having more Notes than one in deposit may give separate instructions regarding the Interest on each Note, but the whole of the Interest on each Note must be received in the same manner and at the same time.

5th. When the Principal of any Government Paper so deposited shall become payable, the abovementioned Officers will, according to the instructions of the Proprietor, either pay the amount, with the Interest due upon it, to such person as shall be appointed to receive the payment; or they will reinvest it in any other Loan, to which it may be subscribable at the time, or in the purchase of other Obligations or Loan Acknowledgments of this Government in the market, at the current price of the day.—The instructions for these purposes must be made out according to the forms hereunto subjoined, Nos. 6, 7 & 8, which are adapted to the three several cases above specified. The Proprietor may at any time substitute one of these modes of disposing of the Principal for the other, provided that the fresh instructions be delivered at the Treasury one month before the day on which the Principal falls due.—Persons having more Notes than one in deposit, may give separate instructions regarding each Note, but the whole amount of each Note must be disposed of in the same manner and at the same time.

Instructions for this purpose must be made out according to the form No. 9.

7th. The Officers abovementioned are authorized to receive remittances, in Government Bills only, from Individuals desiring to purchase the Public Securities for deposit with them (provided such Bills shall be payable at the General Treasury and shall amount to 1,000 Sa. Rs.) and to invest the amount according to the instructions of the Proprietor, in the Government Securities, either by subscribing the amount to any Loan which may be open for the receipt of Cash, or by purchase in the market at the current price of the day; instructions for this purpose shall

made out according to the forms hereunto subjoined, Nos. 10 & 11.

8th. The same Officers are further authorized, at any time, on receiving proper authority and instructions from the Proprietor for that purpose, to indorse any one or more Notes deposited with them, as Attornies to the Owner, to such Person as he shall direct, or to sell the same on the Owner's account at the current price of the day, and to pay over the proceeds in Cash at the Treasury to such person as the Proprietor may appoint to receive the same, provided that the whole amount of each Note sold, shall be payable in one sum, and to the same person. But they are prohibited from re-investing the proceeds of Paper so sold, or from disposing of it in any other manner than by such payment at the Treasury, as abovementioned, to the order of the Proprietor. Any fees, which may have become due according to the rates hereinafter prescribed upon the Paper required to be indorsed, are to be paid before the indorsement is made; or in case of the sale of the Paper, the fees shall be deducted from the amount proceeds before it is paid over. The Proprietor may at any time withdraw the Government Securities deposited, or any part of them, from the charge of the abovementioned Officers, and such securities will be delivered up to the Proprietor himself, or to any other person whom he may authorize to receive them, upon payment of such fees as may have become due to the Accountant General and Sub-Treasurer, according to the rates hereafter specified, upon the Paper so required to be delivered up. If, however, there may be reason to believe that any Parcel contains Letters, the Person to whom it is addressed, will be required to open it, or allow of its being opened at the Post Office, in order that Postage may be charged, at the usual rates, on all Letters which may be found in it.

As it has been determined that no Parcel received by Sea, shall in future, be transmitted to any Inland Station, unless the Person to whom it is addressed shall send a request to that effect to the Post Master General, notice will be given as early as possible, after the arrival of any Ship, of the Parcels received by her, and on application in writing, that Parcels shall be forwarded to the Persons so applying, when they will be held

responsible for the Postage of them, whatever may be it's amount.

That all Public Officers, Civil and Military, entitled to frank, shall send to the Offices of the Paymaster, or other Public Officer from whom they receive their Pay, List of the Public Letters despatched by them during the month preceding, with one of the following Attestations upon honor at the foot of the same.

FOR CIVIL OFFICERS.

I do hereby certify upon my honor, that to the best of my knowledge and belief, the above is a correct List of all the Public Letters despatched under my signature during the month of _____, and that they were solely and entirely on the Public Service.

FOR MILITARY OFFICERS.

I do hereby certify upon my honor, that to the best of my knowledge and belief, the above is a correct list of all the Public Letters, exclusive of * Letters despatched under my signature during the month of _____.

* Soldiers, Sailors & Sepoys, as the case may be.

, and that they were solely and entirely on the Public Service.

FOR OFFICERS COMMANDING CORPS, &c. IN HIS MAJESTY'S OR THE HONORABLE COMPANY'S SERVICE.

I do hereby declare upon my honour, that to the best of my knowledge and belief, the following is a correct list of Letters franked by me during the last month, under the restrictions specified in the fifth article of the Post Office Regulations.

19th. That no Abstract of Pay shall be discharged, except it be accompanied by a list to the above effect, and if it be paid without attention to this point, that circumstance alone shall be considered as a sufficient cause of retrenchment.

20th. That the lists be given in by the Officers in the Civil Department shall be forwarded to the Office of the Civil Auditor with the monthly accounts of the Persons paying the Abstracts, and those in the Military Department to the Office of the Military Auditor General.

Note.—Lists of Letters in the Military Department to be forwarded to the Post Master General.—G. O. 19th June 1817.

21st.—That the Lists so forwarded shall remain in deposit in the Office to which they are sent, for the purpose of being compared, if required, with the lists which will be ordered to be forwarded direct to the Post Master General from the persons in charge of the subordinate Post Offices.

22d. That with a view of obviating the possibility of misconception with regard to the Letters intended to be exempted from Postage, it is to be unequivocally understood that, with the exception specified in the 1st, 5th and 10th Articles of these Regulations, all Letters and Papers that are not exclusively on the business of the Public Service, and that have not been previously entered as an official Record, shall be subject to Postage; and should it come to the knowledge of the Governor in Council that any of the Officers, Civil or Military, now authorized to address Letters on the Service, have made an improper use of the trust so reposed in them, by forwarding Letters on their own private concerns under a cover superscribed, "On the Service," the Governor in Council will consider it a disqualification for office.

23d. That should the name of any Public Officer obliged from his situation to carry on a public correspondence, be omitted in the list now published, such Officer must address a Letter to Government, stating the nature of his public correspondence, when if it be deemed of sufficient importance, his name will be added to the list, or some Public Officer, already included in the list, will be directed to superscribe his Letters, On the Service.

24th. That any Officer on duty; or leave of absence, at the Presidency, who may have occasion to correspond on the Public Service, shall carry his Letter to the Adjutant General who, upon being satisfied that the Letter is exclusively upon the Public Service, will frank the same.

25th. That all Officers similarly situated at the subordinates, shall apply to the Commanding Officers of the Stations where they may be then residing.

26th. That no Post Office Packet shall in future be opened between one Station and another for the accommodation of Travellers, as is understood to have been heretofore the practice, but should a competent authority, or circumstances of an urgent public nature, at any time render it necessary for an Officer, in the execution of his duty to open a Public Mail, it must be carefully opened and closed by the Officer himself, and an official Letter must be addressed to the Post Master General explaining, under what orders or peculiar circumstances the measure was adopted.

27th. That no letter which has once been delivered into any Post Office under this Government shall, in future be restored, except upon an official application in writing, in which the reason for making the application must be stated, a copy of which Letter will be forwarded, if necessary, to the Station to which the re-delivered Letter was addressed, in order to afford the means of detecting any frauds that may be attempted. It is, however, to be understood, that the Postage will in no case be returned.

28th. That with a view to prevent the suppression of Private Letters and the misappropriation of the Postage collected on them, all Receipts granted in future at the Post Office under this Presidency for Letters delivered in, shall be on stamped paper, each Receipt having the word single, double, treble, quadruple, or packet, engraved on it in the English, Tamil, Telugu and Persian characters, and specifying at the same time in writing, or by a second stamp, the Station from which the Letter is despatched, the place to which it is addressed, the date of its delivery into the first Post Office, and the Postage paid on it.—With this facility of discovery, every Individual, European or Native, whose Letter does not reach its destination, will be enabled to obtain redress upon application to the Post Master General, but it is at the same time recommended to the Public, as an additional check, that every person who insert in a book, to be kept for the purpose, the directions of all Letters to be sent by Tappal, with the name of the Station from which they are sent and the date of their delivery at the Post Office, and likewise that the stamped Receipts above

mentioned may not be mislaid or thrown away, without which precautions the present Regulation cannot, it is feared, have the desired effect.

Under the orders of Govt. dated 21st Nov. 1815. 29th. No person not belonging to the Department, can be admitted into the interior of the Post Office, or to be allowed of themselves to examine the records—all complaints or applications for information, must be made to the Post Master General in writing.

30th. Persons addressing the Post Master General respecting any delay in the delivery of their Letters, are requested to transmit, at the same time, the envelopes of such Letters bearing the Post Office Stamp, which specifies the date on which the Letters were issued for delivery.

31st. No persons can be permitted to take letters from the Peons, except in the regular course of delivery, and it is requested that the Peons may experience as little detention at the doors of houses as possible.

32d. Persons receiving Letters, are required to pay the amount of Postage marked on them, and if they have occasion to complain of any surcharge, they must state their complaint officially to the Post Master General; should his decision not prove satisfactory, they are at liberty to appeal to the Governor in Council.

33d. All Letters refused by the Party to whom they are addressed, and all Ship Letters transmitted from subordinate Stations to the General Post Office on which the Ship Postage has not been paid, shall be returned to the Office from whence they were despatched, and the Writer, or the Person who brought them to the Office, shall be required to pay Postage both to and from the place of address—if the Writer cannot be discovered, the Letters shall be entered in a list which shall be exposed by the Post Master in the most public part of his Cutcherry, and a Copy of which shall be transmitted from time to time to the Post Master General, who shall advertise the Letters in the Government Gazette, with notice that they will be delivered to the Writers on payment of the postage due on them.

34th. Should the Writer of a returned Letter refuse to pay the Postage due on it, the Post Master is authorized to detain all future Letters to such Person's address, until the demand in question shall be liquidated—the same rule is applicable to all other cases of refusal to pay Postage.

35th. Any Person opening a Letter or Envelope, shall be bound to pay the Postage of the same, whatever may be the contents.

PUBLIC DEPARTMENT.

THE Honorable the Governor in Council having had under consideration the Post Office arrangements of this Presidency, has been pleased to adopt the following supplementary rules, which are now published for general information, and are required to be duly observed by all Public Officers whom they concern.

1.—The employment of expresses, having at times considerably retarded the transmission of the mails, is hereby forbidden, except in cases of urgent importance; and, in such cases, the Officer employing the express is to state in the body of his despatch that he had deemed it incumbent upon him to do so, whereby the circumstance will stand upon record and be open to investigation.

2.—It is provided by the existing regulations that public despatches exceeding a certain weight shall be reserved for the Bangy, unless endorsed with the words “*by Tappal*,” and it is hereby further required, that they shall not be so endorsed, unless the early receipt of them be of real importance.

3.—With the view of diminishing the bulk and weight of public despatches, it is hereby required that in future they be copied within the smallest space compatible with perfect legibility,—that they have $\frac{1}{8}$ instead of $\frac{1}{4}$ th margin,—that all

blank leaves be withdrawn,—that the enclosures whenever practicable, be written consecutively,—and that the packets be made up in the most compact form which the nature of their contents will allow.

4.—The payment of full postage having been sometimes evaded, by enclosing a number of letters under one cover and transmitting them by bangy instead of tappal, no packet will in future be received by the bangy, unless it be open at the ends, like a newspaper, and be found not to contain letters.

MARINE DEPARTMENT.

THE following Extract of a Letter from Lieut. John Strover Criddle, 2d Assistant to the Marine Surveyor General, addressed to the Secretary to the Marine Board, at Fort William, under date the 4th of September last, is published for general information.

“With respect to the Armegon shoal, there is no Flag Staff at that place, nor can Armegon Hill be discerned from the Southern end of the shoal, and it frequently happens, that the Pulicat Hills are obscured for many days—Soundings then become the only guide, I therefore recommend, that no Ship proceeding down the Coast should come under 12 fathoms, she will then be from 2 to 3 miles off the shoal, consequently “out of danger.”

MADRAS,
MARINE BOARD OFFICE,

By order of the Marine Board.
J. GWATKIN,
SECRETARY.

THE following directions for Vessels approaching the Roadstead of Calingapatam, extracted from the Survey of the local Marine Officer, are published for general information.

In the S. W. Monsoon, the Flag Staff to bear W. b. N. $\frac{1}{2}$ N. in 7 or 8 fathoms, and in the N. E. Monsoon, the Flag Staff to bear West in 8 fathoms, to give room for clearing a reef of rocks, on which the sea breaks at low water, a little to the Southward of the Roads,—which may be known by several Rocks on the beach and in the Surf.

Vessels coming along shore from the Southward should not come under 10 fathoms, till the Flag Staff bears N. W. b. W.; when they may haul in for less water—Anchoring to the Southward of the above Bearings, ships will have rocky ground.

From the Northward of the Rocks on the Beach, and in the Surf, the Reef runs out about $\frac{1}{2}$ of a mile, in an E. N. E. direction.

VIII. Rescinded by Section XIII, Regulation II A. D. 1816.

A. D. 1813. REGULATION I.

A Regulation for determining the import and excise duties on all spirituous liquors manufactured to the eastward of the Cape of Good Hope, which may be imported by sea or land into Madras; and for more effectually preventing the clandestine sale of such liquors.—Passed by the Governor in Council of Fort St. George on the 27th July 1813.

I. Whereas it having become necessary to provide for the better security of the revenue arising from the sale of spirituous liquors within the town of Madras and to assist the operations of police by preventing more effectually the clandestine sale of spirituous liquors manufactured to the eastward of the Cape of Good Hope which may be imported into Madras, the Governor in Council has enacted the following rules for determining the import and excise duties to be levied on such liquors, and for

regulating the mode under which they shall be supplied to the retail dealers.

II. First. All spirituous liquors manufactured to the eastward of the Cape of Good Hope shall on importation by sea into Madras, in addition to the general duty of 8 per cent be charged with a particular import duty not exceeding 150 Pagodas per leagner; the actual rate at which this duty shall be collected (provided always that it in no case exceed the amount here mentioned) shall be determined from time to time by the Governor in Council.

Second. When the importers of spirituous liquors may require it, the payment of the particular import duty shall be suspended for a period not exceeding six months from the date of importation, provided the importers lodge sufficient security for the payment of the duty at the expiration of that period; and, in cases wherein the importers may be unable to lodge such security, the liquor shall remain in deposit during the prescribed period of six months, when it shall be sold and, after deducting the amount of the duty and the charges attending the custody of the liquor, the proceeds paid to the owners.

Third. The owners of liquor kept in deposit under the preceding clause, shall be answerable for all charges incurred for godown hire, cooperage or on any other account, whether it be ultimately sold or not—also for any wastage that may take place; but they will be allowed access to their property at all reasonable times, and be permitted to take such measures for its security as they may think proper.

III. The collector of sea customs shall keep a register shewing the date of importation, the proof and quality, also the names of the importers and of the purchasers, of all liquor imported by sea into Madras, and shall levy the duties provided for in Clause first, Section II, of this Regulation.

IV. All liquors intended for the use of His Majesty's Navy, or purchased for, or belonging to, the Honorable Company, shall be allowed to pass free of the particular duty provided for by this Regulation on the certificate of the proper officer or the affidavit of the contractors for spirituous liquors that such liquors are intended for the use of the Navy, or of the Honorable Company's Troops and shall not be applied to any other purpose.

V. First. A drawback of the particular import duty, that is to say, of the whole import duty, with the exception of the general import duty of 8 per cent shall be allowed on the re-exportation of all liquors manufactured to the eastward of the Cape of Good Hope by sea or land; provided the liquor so re-exported shall be found on comparison with the register to

be kept as prescribed by Section III, to correspond in proof and quality with the entry made at the date of its importation.

Second. In the case of the re-exportation of spirituous liquors by land, as well as in the case of their re-exportation by sea, the drawback shall be paid by the collector of sea customs; in the former case the claim to the drawback must be supported by a certificate from the land custom house, signed by the proper officer.

VI. No spirituous liquors shall be removed from the sea custom house to any warehouse, shop, or private dwelling, or from one warehouse, shop or private dwelling to another, without the permit of the collector of Madras, which permit must accompany all liquors removed; but persons having paid the general import duty of 8 per cent and the further duty provided for in this Regulation, shall be entitled to dispose of it, by wholesale, provided the quantity so sold shall in no case be less than five leaguers.

VII. First. The licensed retail dealers shall be supplied exclusively by the collector of Madras with the quantity of liquor which they may require, at such price as may be from time to time determined.

Second. In addition to the price, or cost of the liquor, an excise duty not exceeding 1 pagoda per gallon shall be paid by the licensed retail dealers and collected by the collector of Madras, (in the manner now in practice) on all spirituous liquors imported from the eastward of the Cape of Good Hope and sold for consumption in Madras,—the actual rate at which this tax shall be collected (provided always that it in no case exceed the rate abovementioned) shall be determined from time to time by the Governor in Council.

VIII. First. All persons importing, or selling, or purchasing, or removing, or attempting to import, or sell, or purchase, or remove, liquor contrary to the provisions of this Regulation, as well as all persons who shall attempt to re-export any liquor which, on comparison with the register to be kept as prescribed by Section III of this Regulation, shall be found to be inferior in proof and quality to what it was at the time of importation, shall be liable to the payment of twice the amount of the highest rate of excise duty imposed by Clause second of the preceding Section, and all liquor so imported, sold, purchased or removed or re-exported, or attempted to be so imported, sold, purchased, removed or re-exported, together with the cattle and carriages employed in removing it, shall be liable to seizure and confiscation.

Second. The amount to be paid under the preceding Clause by persons detected in the illicit importation, sale, purchase,

removal, or re-exportation of spirituous liquors, together with the proceeds of the property confiscated, shall, after deducting an amount equal to the excise duty payable on the liquor, be divided among the officers of revenue, the informers, and persons making the seizure, in such proportions as may be determined by the board of revenue.

IX. All spirituous liquors, whether of foreign or home manufacture, imported by land into Madras shall be liable to the payment at the land custom house of the general duty of eight per cent, and to the farther duties herein provided for, as well as to all the rules and regulations to which spirituous liquors imported by sea are herein declared to be subject.

X. At whatever rate the Governor in Council shall under Clause second, Section VII of this Regulation, direct the excise duty to be collected on spirituous liquors manufactured to the eastward of the Cape of Good Hope, a duty of the same rate shall be collected on arrack manufactured at Madras usually known by the name of country or puttah arrack.—The Governor in Council, however, reserves to himself the power of prohibiting altogether the distillation of country or puttah arrack at such time and within such distance of the town and dependencies of Madras as to him may appear expedient.

XI. This Regulation shall take effect from the 1st of January 1814.

A. D. 1819. REGULATION VI.

A Regulation for rescinding Sections II and III of Regulation IV of 1812, and Regulation I of 1817, and for giving due publicity to a certain Regulation enacted by the Honorable the Court of Directors of the United Company of Merchants of England trading to the East Indies, relative to the trade of foreign nations with the British possessions in India.—Passed by The Governor in Council of Fort St. George, on the 15th May 1819.

Government of Fort St. George which may be inconsistent with the said Regulation should be rescinded: and with the view that the provisions of the said Regulation may be duly observed by the courts of justice, and public officers of Government, and may be generally known and understood, it is expedient that the same should be printed and bound up with the Code of Regulations enacted by the Governor in Council of Fort St. George and be likewise translated into the languages of the country—The Right Honorable the Governor in Council has therefore passed the following rules to be in force from the date of their promulgation.

II. Sections II and III, Regulation IV of 1812, and Regulation I of 1817, are hereby rescinded.

III. The Regulation framed by the Honorable the Court of Directors of the United Company of Merchants of England trading to the East Indies, passed by them on the 31st day of December 1817 and entitled a Regulation for carrying on the trade between the British possessions in India and the countries and states at amity with His Majesty, shall be printed and bound up with this Regulation and shall be translated into the languages of the country as prescribed in Regulation I of 1802 concerning Regulations passed by the Governor in Council of Fort St. George.

IV. Nothing in this Regulation shall be construed to affect the provisions contained in the existing Regulations for defining the duties to which the trade of foreign nations is, and shall be subject at the ports and settlements of the British nation in the East Indies.

“ Regulation for carrying on the trade between the British possessions in India and the countries and states in amity with His Majesty, passed by the Court of Directors of the United Company of Merchants of England trading to the East Indies this 31st day of December 1817.

“ Whereas by an Act passed in the 37th year of the Reign of His present Majesty entitled an Act for regulating the trade to be carried on with the British possessions in India by the ships of nations in amity with His Majesty,” it was “ enacted that from and after the passing of that Act, and during the continuance of the exclusive trade of the United Company of Merchants of England trading to the East Indies and during the term for which the possessions of the British territories in India is secured to the said United Company, it should be lawful for the ships and vessels of countries and states in amity with His Majesty to import into and export from the British possessions in India such goods and commodities as they should be permitted to import into, and ex-

“ port from the said possessions by the Directors of the said Company who were thereby directed to frame such Regulations for carrying on the trade to and from the said possessions and the countries and states in amity with His Majesty, as should seem to them most conducive to the interest and prosperity of the said British possessions in India, and of the British empire, and that no ship or vessel belonging to any of the subjects of states or countries in amity with His Majesty should be liable to seizure, confiscation or forfeiture, or other penalty for exporting from, or importing into the said British possessions in India any goods or commodities the importation or exportation of which should respectively be permitted by the said Regulation, any thing in a certain Act of the twelfth year of the Reign of King Charles the second, therein recited to the contrary notwithstanding; provided always that it should not be lawful for the Directors of the said United Company to frame any Regulations for the conduct of the trade, which should be inconsistent with any treaty or treaties which should have been, or might be entered into by His Majesty, his heirs and successors, and any country or state at amity with His Majesty, or which might be inconsistent with any Act or Acts of Parliament which had been passed for the Regulation of the trade and commerce of the said British territories in India, and whereas by another Act passed in the 53d year of the Reign of His present Majesty, entitled “ An Act for continuing in the East India Company for a further term, the possession of the British territories in India, together with certain exclusive privileges for establishing further Regulations for the government of the said territories, and the better administration of justice within the same; and for regulating the trade to and from the places within the limits of the said Company’s charter” all the enactments, provisions, matters, and things contained in any Act or Acts whatsoever which were limited, or might be construed to be limited to continue for and during the term granted to the said Company by a certain Act of the Parliament of Great Britain of the 33d year of His present Majesty therein recited, so far as the same or any of them were in force and not repealed by, or repugnant to, the said Act of the 53d year of His said present Majesty, should continue and be in force during the further term thereby granted to the said Company, subject to such alterations therein as might be made by any of the enactments, provisions, matters, and things in that Act contained.

“ The Court of Directors of the United Company of Merchants of England trading to the East Indies, in virtue of

 “ whatever, to export from the said British territories with-
 “ out the special permission of the British government
 “ any military stores or naval stores, saltpetre, or grain.
 “ The said ships may also be cleared out for any port or place
 “ in the East Indies, but if cleared out for Europe shall be
 “ cleared out direct for the country in Europe to which such
 “ ships respectively belong.

 “ so, that the said ships proceed from their own ports direct to
 “ the said principal British settlements without touching at any
 “ port or place whatever in the voyage out, except from neces-

 “ aforesaid shall not carry any of the articles exported by them
 “ from the said British territories to any port or place, except
 “ to some port or place in their own countries respectively
 “ where the same shall be unladen. The said ships should
 “ not be cleared out to carry on the coasting or country trade

“ in India, but vessels going with their original cargoes, or
 “ part thereof from one principal British port of discharge to
 “ another principal British port, are not to be considered as
 “ carrying on the coasting trade.

Third. “ The said vessels shall not be allowed to proceed,
 “ either with or without return cargo, from the said British
 “ territories to the settlements or factories of any foreign Eu-
 “ ropean nation in India, or to the territory of any Asiatic po-
 “ tentate or power, except from the like necessity, as is before
 “ described, of which the proof shall rest with them, nor shall
 “ the said vessels be allowed to enter the river in that part of
 “ the British territory situated in Bengal for any other purpose
 “ than that of proceeding to the port of Calcutta for trade,
 “ refreshment or repairs.

Fourth. “ In clearing out for their respective countries, the
 “ clearance shall be a direct one to the country to which the
 “ vessel belongs, and to no other whatever.

III. “ The trade between the British possessions in India,
 “ and the United States of America shall be regulated by the

 “ of the said United States may freely carry on trade between
 “ the said principal settlements and the said United States,
 “ in all articles of which the importation and ex-

 “ shall not be entirely prohibited: provided only, that it
 “ shall not be lawful for them, in any time of war between the
 “ British government and any state or power whatever, to
 “ export from the said territories, without the special permis-
 “ sion of the British government, any military stores or naval
 “ stores, or rice. The citizens of the United States shall pay
 “ for their vessels, when admitted, no higher or other duty or
 “ charge than shall be payable on the vessels of the most fa-
 “ voured European nations; and they shall pay no higher or
 “ other duties or charges on the importation or exportation of
 “ the cargoes of the said vessels, than shall be payable on the

" same articles when imported or exported in the vessels of the most favoured European nations

" But it is expressly agreed that the Vessels of the United States shall not carry any articles from the said principal settlements to any port or place except to some port or place in the United States of America, where the same shall be unladen.

" It is also understood that the permission granted by this article is not to extend to allow the vessels of the United States to carry on any part of the coasting trade of the said British territories; but the vessels of the United States having in the first instance, proceeded to one of the said principal settlements of the British dominions in the East Indies, and then going with their original cargoes, or any part thereof from one of the said principal settlements to another, shall not be considered as carrying on the coasting trade. The vessels of the United States may also touch for refreshments, but not for commerce, in the course of their voyage to or from the British territories in India, or to or from the dominions of the Emperor of China, at the Cape of Good Hope, the Island of St. Helena, or such other places as may be in the possession of Great Britain in the African or Indian Seas; it being well understood that, in all that regards this article, the citizens of the United States shall be subject, in all respects, to the laws and regulations of the British government, from time to time established."

Agents in Europe : Messrs. Fletcher, Alexander and Co.

An Institution entitled the " Madras Medical Fund" was formed in the year 1807, by the Medical Officers of this Establishment; the principal objects embraced by it, are

To afford a subsistence to the widows, and legitimate children of subscribers to the Fund, who may die in circumstances of indigence, and distress;

To assist subscribers who are obliged to return to Europe in consequence of ill health;

And to afford to the senior subscribers on their retiring from the Service, annuities for life, under certain limitations, and depending on the state of the Funds.

The Medical Fund grants to the widows of subscribers who may die in circumstances of indigence and distress, and who are in other respects entitled to aid from the Fund, such sums as will make up their respective annual incomes to the undermentioned sums, viz.

1st. Widows of subscribers of the rank of Surgeon;

2d. Widows of subscribers of the rank of Assistant Surgeon who had subscribed prior to the 5th January 1815;

3d. Widows of subscribers, of the rank of Assistant Surgeon, of 15 years standing, are respectively entitled to such sums as shall make up their incomes to three hundred pounds per annum.

And 4th, To the Widows of Assistant Surgeons who became members subsequent to the 5th of January 1815, and who have not been fifteen years in that rank, the Fund affords such assistance as will make their income, two hundred pounds per annum.

To the legitimate Children of deceased subscribers, under circumstances entitling them to assistance from the Fund, it is granted at the following rates.

To Children under six years of age, the income is made up to 10 pounds per annum, but if a child have lost both its parents, the sum is made up to 30 pounds per annum; and in the latter case the Trustees act as guardians to the orphan, if necessary.

From the age of six, to twelve years, the sum is made up to forty pounds per annum—and from 12 to 16 years of age for males, and from 12 to 21 years of age for females, or till their marriage, to seventy pounds per annum.

To subscribers who find it necessary from ill health to return to Europe, and who procure the sanction of Government for that purpose, such assistance is afforded as shall make up the income of a Surgeon to the annual sum of three hundred pounds; and if an Assistant Surgeon, to the annual sum of two hundred pounds, both for a period not exceeding three years.

To the senior subscribers retiring from the Service, if the Funds admit, annuities are granted of 400 pounds, for life.

Widows, pensioners on the Fund, marrying, thereby forfeit their pensions; but on again becoming Widows, they are entitled to assistance, on furnishing the required affidavits.

Medical Officers, who are in other respects eligible, and who wish to enter the Fund, are received as subscribers from the date of their admission on the Establishment; they are required to pay by easy instalments, a donation on entrance equal to one month's pay and allowances, as obtains in the Military Fund; and their subscriptions of 14 rupees a month commence from the date of their admission—If any gentleman neglects to apply to be admitted into the Fund, within 6 months from the date of his admission on the Establishment, he is thereby excluded; and after that term, he can only be received; by the votes of the subscribers at large; he will then have to pay, the whole amount of his subscription and donation, accumulated by compound interest, from the date of his admission on the Establishment; his name will be placed at the bottom of the list of those, who had subscribed at the time of his application being submitted to a Quarterly Meeting; and the expenses incurred by submitting his application to the subscribers at large shall be defrayed by the applicant.

*Printed copies of the Fund Deed are to be purchased at the Office of the Madras Gazette; and information respecting the Fund is to be obtained at the Secretary's Office, (at the Medical Board Office) between the hours of eleven and three daily—

ORIENTAL LIFE INSURANCE COMPANY,

CALCUTTA; 29th January 1822.

Adverting to the inconvenience felt by a large class of those persons in this Country, for whose benefit Life Insurances are effected, from the uncertain amount of Dividend, and commonly protracted term of payments, inseparable from the nature of the existing Institutions for that purpose, it has been resolved to establish a *Joint Stock Company*, that may grant Policies for fixed sums on approved Lives, and which in cases of Lapse may pay the sum assured within a short period.

The persons who have associated themselves for the above purpose, are chiefly the Members of the Agency and Mercantile Houses of Calcutta, and of the principal establishments of the Sister Presidencies, who thus offer to those who may be desirous of effecting Life Insurances, the security of the greater part of the Commercial body of India, under the designation of the ORIENTAL LIFE INSURANCE COMPANY.

THE FOLLOWING ARE THE GENERAL TERMS ON WHICH INSURANCES ARE EFFECTED BY THE COMPANY.

The Agents of the Company are authorized to receive applications for Insurances on Lives, for any age, from 16 to 60, and from any amount from One Thousand to One Lac of Rupees in even sums of hundred Rupees, the sum insured to be payable within three months after proof of lapse.

Applications for Insurance must be accompanied by a Certificate of Health, signed by a medical gentleman in the service of his Majesty or of the Honorable Company; together with an Affidavit before a person duly authorized to administer the same, by the person on whose life the policy is to be taken, all of which should agree in essentials with the following forms:

Persons at present holding Policies in the New Union Society, may have them renewed in the Oriental Life Insurance Company on the 1st July next, at the rate of Rupees 1800 per share, on payment of the half yearly premium required by the Company without a fresh certificate of health.

The subjoined table exhibits the ordinary rates of annual premium according to the age of the party, when the first Insurance is made, for twelve months; but the Directors have the power of modifying these rates in particular instances;—reducing them in cases where the residence and profession of a person on whose Life a Policy is taken, are considered peculiarly favorable and increasing them under opposite circumstances. The Directors have also the power of granting Policies for shorter or longer periods than 12 months on specific terms applicable to the circumstances of each case.

Insurances may be made on risks to commence at future periods; and in the case of absentees will be computed from the date of Certificate and Affidavit unless otherwise required.

Insurers may assign their Policies.

Risks may be at any time reduced, but no return of premium will in any case be allowed.

Proof of lapse must be offered within two years after its actual occurrence, or from the discontinuance of the Insurance, in whatever part of the world the lapse may have taken place.

Any mis-statement in the Certificate or Affidavit of Health makes the Policy void; as does Suicide in cases where a person effects an Insurance on his own life, but not so in the case of Creditors affecting an Insurance on the lives of their Debtors.

It is proposed that the Oriental Life Insurance Company though at present constituted for only seven years, shall be prolonged from time to time; or that at the date of its expiration, a new Company shall be formed on the same principles, which will renew the risks of the old Company, on terms to be mutually agreed upon.

SIGNALS FOR SHIPS OR VESSELS IN THE OFFING

SIGNALS respecting Ships or vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort Square of Fort St. George, on which there are three Signal Stacks. One consisting of an upright Mast, representing the East point of the compass with a yard hung by the middle across, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals: Vessels of three Masts, of two Masts, and of one Mast.

An ensign, or square national flag, represents a Ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad national pendant terminating in one point, represents a Sloop or Cutter of one mast.

If either of these flags are hoisted to top of the upright Staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yards, the vessels seen are in the North or South Quarters of the compass.

The number of Ships that appear in the offing, are expressed by pendants. A white pendant signifies one Ship or Vessel; a red and white pendant, two Vessels; a red pendant, pierced with white, three Vessels; and a yellow pendant pierced with blue, four Vessels; when the number of vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

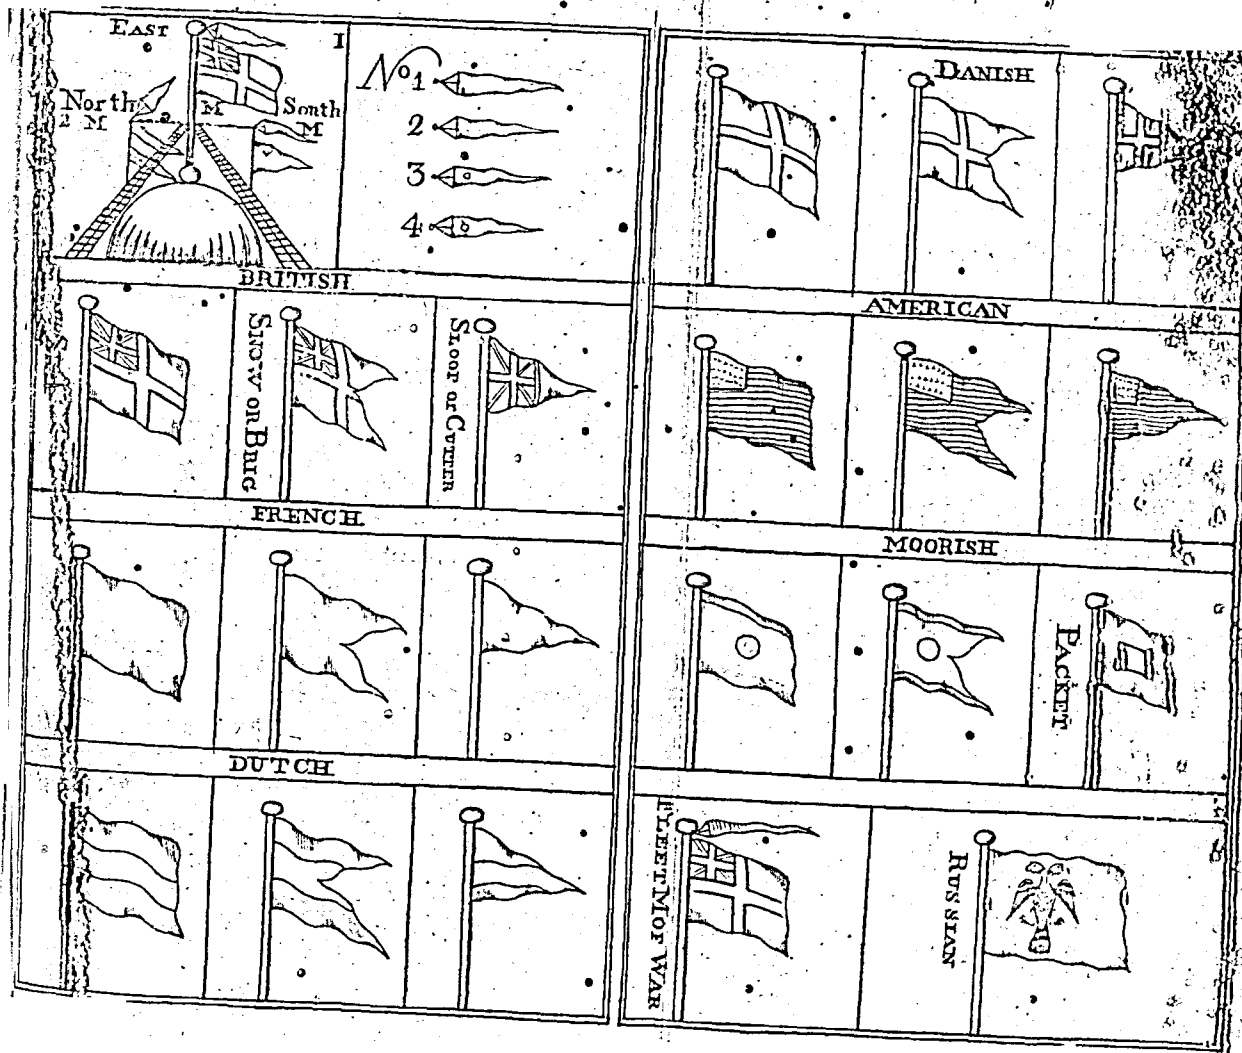

If the Vessels in sight are men of War in the East Quarter, the numerical pendants will fly from the national flag of the upright staff; if in the North or South Quarters, the pendants will fly at the extremity of the yard arm over the national flags, hoisted on the stay of the North or South Arms of the cross yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the national flag. If the Ships are Indiamen, a blue pendant will be displayed as usual under the Union flag of the Fort.

If a fleet is in sight, one Gun will be fired after the Signal for the Fleet is made, and if there are two Fleets of different Nations in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow, hoisted to the extremity of the Staff or Arms, expressive of the quarter she is in.

The annexed Plate represents the Flag of all Nations that

trade to Madras : in the upper corner of which is represented the flag staff and yard, and the manner in which the Signals are made to express Ships or Vessels discovered in the North, South, and East Quarters of the compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward : the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Snobs in the North Quarter; and a French broad pendant hoisted to that stay of the South Arm of the cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm; represents three French armed Cutters in the South Quarter of the compass.

If the numerical pendants; instead of flying at the extremity of the staff, are hoisted under the National flag, in the manner expressed by the letter M they will describe the same class of vessels to be Merchantmen.

N. B.—The blue pendant flying under the Union flag of the Fort, with the St. George's Colours hoisted upon any one of the Signal staffs, expresses an Indiaman. A yellow pendant flying under the Union flag with either of the three white flags hoisted under any of the Signal staffs, represents a Spanish Vessel; and if a red pendant flies in the place of the yellow pendant, it will express a Portuguese. A blue and a yellow pendant, flying over the national flag, represents a fleet of Men of War, and under it; a fleet of Merchantmen.

LIGHT HOUSE.

The Light House on the Exchange in Fort St. George was erected by the exchange Committee, with the sanction of Government, in December 1796, and is of essential service to Ships coming into the roads in the night.

The Light is 90 feet above the level of the Sea at high water; it can be seen from the decks of the Honorable Company's Ships about 17 miles, and from their mast heads near 26 miles.

The South part of Pulicat shoal bears from the Light House, N. by E. half E. distance 12 miles; and to keep clear of the shoal, the light should always bear to the Westward S. S. W. $\frac{1}{4}$ W.

JANUARY.

I. Of the Sun and Planets. On the 4th of this month, the Planet Saturn is stationary. On the 8th the Moon passes Antares the bright Star in the Scorpion; on the same day the Planets Mercury and Venus approach within a short distance one of the other. On the 12th the Sun is eclipsed invisible at Madras. On the 13th the Moon passes the Planets Venus, Mercury and Mars. On the 21st the Sun enters Aquarius and the Planet Jupiter is stationary. On the 22d the Planet Mercury is seen within a short distance of Mars. On the 26th the Moon is eclipsed visible at Madras—Mercury at the beginning of the month rises with the Sun, and is at the superior conjunction. On the 2d Venus rises at about the same time as Mercury—Mars more than an hour later. Jupiter is on the meridian at about 9 o'clock. Saturn at 7, being in quadrature on the 24th; and the Georgian Planet rises, at about 6 o'clock in the morning.

II. Of the Stars at 8 o'clock P. M. At the beginning of the year, the bright Star in Aries is seen about 15° degrees to the westward of the meridian; while the Pleiades are as much to the eastward. Aldebaran in the Constellation of the Bull is about 10 degrees further east.—North of the Pleiades, we find the Constellation of the Fly, just passed the meridian; further north the head of Medusa, and the Constellation Perseus, cut by it; while on the north of the latter the Camelopard is just approaching it. On the south, we find a part of the Whale, and of Eridanus, under the meridian; and south of Aldebaran is the Constellation Orion, the middle Star of the Sword shewing one of the most curious appearances in the heavens: still further east, and northerly of the Pleiades, is the Zodiaccal Constellation Gemini; to the southward of the latter and about 15 degrees to the westward is the Star Procyon, in the Constellation of the Little Dog; between Procyon and Orion, and to the southward of both is Sirius in the Constellation of the Great.

Dog, the brightest Star in the Heavens. The Crab is just above the horizon, and the head of the Lion approaching it. To the northward we find the bright Star Capella more than two hours east of the meridian. The Constellation Auriga joining Capella to the east: still further east, and a little north, is the Lynx; north of which the western half of the Great Bear is seen above the horizon. On the south of Sirius we find the Constellation of the Dove, still further south, part of Argo Navis is seen above the horizon, the bright Star Canopus having risen about two hours and a half. West of the meridian and west of Aries, we find the Constellation of the Fishes; Capricornus is sinking below the horizon while Aquarius is seen at no great distance to the eastward of the latter. North of Aries, are the great and little Triangles, the Constellations of Andromeda, and Cassiopeia. Still further north, are Cepheus and the Dragon, the latter almost sunk below the horizon: south of the Dragon, part of the Swan is still visible. On the south of Aries we find the greater part of the Whale west of the meridian; nearer the meridian is the bright Star Fomalhaut in the southern Fish, south and west of which, is the Crane, in part sunk below the horizon. East of Fomalhaut is the Constellation of the Phoenix; close to the eastern part of which, is the bright Star Achernar in the river Eridanus; and south and west of the latter, is the Toucan.

FEBRUARY.

I. *Of the Sun and Planets.* On the 4th of this month, the Planets Mars and Venus are seen about half a degree distant one from the other. On the 5th the Moon passes Antares; on the 9th the Planet Mercury is stationary. On the 11th the Sun is eclipsed invisible at Madras; on the 12th the Moon passes Mercury: and on the 19th the Sun enters the Constellation of Pisces. The Planet Mercury is at the greatest elongation on the 4th, and sets one hour and ten minutes after the Sun, the same Planet is at the inferior conjunction with the Sun; on the 19th Venus is an Evening Star and sets three quarters of an hour after the Sun, and Mars about the same time. Jupiter is in quadrature, on the 17th being on the meridian at 6 o'clock p. m. Saturn is on the meridian an hour earlier, and the Georgian at 2 o'clock in the morning.

The Constellations of the Dragon, of the Swan, of Aquarius, the Crane, and the Toucan have wholly disappeared. The Pleiades are about an hour and a half and Aldebaran about half an hour to the westward of the meridian. Capella on the North, and Rigel in Orion on the South of the Zodiac, are now in the meridian; the greater part of the Constellation of the Lion, the Great Bear, and of the Southern Constellations the Hydra and Ship Argo, have now appeared to the Eastward: part of Cepheus, of Pegasus, and of the Phoenix have gone below the horizon, while Cassiopeia, Andromeda, the Whale and Achernar are approaching it.

On the 7th the Moon passes the Georgian Planet, on the 10th Mercury, on the 21st the Sun enters the Constellation Aries, when it is equal day and night all over the Earth.—The Southern Polar Regions, would now begin to be deprived of the light of the Sun, did not the refractive power of the Atmosphere still keep the image of that Luminary above the horizon some time longer. On the 31st the Moon again passes Antares in the Scorpion. Mercury is at the greatest elongation west of the Sun on the 16th and rises about one hour and forty minutes before that Luminary. Venus is an Evening Star and sets more than an hour after the Sun. Mars is in conjunction on the 25th. Jupiter, passes the meridian at 5 p. m. Saturn at 3 p. m. and the Georgian at 8 o'clock a. m.

Aries, a part of Cassiopeia, and almost the whole of the Whale have disappeared to the westward—Taurus and Perseus approach the horizon to the westward—The Lion, the Star Sirius, Capella and Canopus are about midway—while Procyon and Pollux are between the meridian and the Stars just named. The Lion is now approaching the meridian to the eastward. The Zodiacal Constellation of the Virgin (its bright Star Spicæ) and Bootes (in which is the bright reddish Star Arcturus) nearly by the whole of the Centaur, and of the Cross, are now clear of the horizon to the eastward.

MAY.

On the 25th the Moon passes Antares, and on the 28th the Georgian Planet. Mercury is at the greatest elongation from the Sun on the 28th and sets one hour and forty minutes after that luminary. Venus continues an Evening Star

II. The western Stars in the square of the Great Bear called the Pointers, from their pointing to the Pole Star, are now in the meridian, which also cuts the Lion and Hydra; Regulus in the heart of the former, being nearly an hour to the westward—this Star is known by its reddish hue. The whole of Cassiopeia, the greater part of Perseus, of Taurus, the western part of Orion, of the Dove and the Ship, have now sunk below the horizon. Capella, Rigel, Sirius, and Canopus, are at no great distance from it: the greater part of the Dragon, the Northern Crown, part of Hercules, of the Serpent, the Zodiacal Constellation Libra and part of Scorpio, with the whole of the Centaur, are now above the eastern horizon.

JUNE.

I. Of the Sun and Planets. On the 11th the Planet Mercury is stationary: on the 21st the Moon passes Antares. On the 21st the Sun enters Cancer; being the longest day in the Northern Hemisphere and the shortest in the Southern, its duration at Madras is 12h. 46½m. and the duration of the twilight about 1h. 23m. The sun rising at 5h. 37m. and setting at 6h. 23m. The regions about the North Pole have already enjoyed the presence of the Sun three months, without his having set. That Luminary is now at his greatest altitude, and performs a circle round the horizon of the Pole, at an elevation of 23½ degrees; he continues above the horizon, but gradually approaching it, three months longer, when he is lost sight of, and begins to illumine the Southern Polar regions, which had been deprived of his light, during the six months he was to the Northward of the Equator: but the Great and Beneficent Creator of the Universe, with his usual attention to the wants of those he has created, has so ordered the motion of the Moon, that when the Sun is absent from either of the Polar regions, that region has the benefit of this luminary when at the full; and it is only when her light is so faint as to be of

little use, that she is to be found in the Hemisphere illuminated by the Sun. Mercury is at the inferior conjunction on the 24th rising and setting with the Sun. Venus before the close of the month sets three hours after the Sun. Mars in the early part of the month is on the meridian at 14 A. M. Jupiter is in conjunction with the Sun. On the 10th Saturn passes the meridian a short interval before Mars; and the Georgian at 2 o'clock in the morning.

II. At 8 o'clock in the beginning of this month the first Star in the tail of the Great Bear, Charles's Heart, and the Eastern Star of the Cross to the south are in the meridian; and the whole of the Lion, part of the Virgin, of the Hydra and of the Centaur, having passed it; Sirius and Orion are now below the western horizon, while the Twins and Procyon are near it. The whole of Scorpio, a small part of Sagittarius, and the Constellations Hercules, Serpentarius, and the Dragon, with the greater part of Lyra, are now above the horizon, to the eastward. The bright Stars Arcturus and Spicæ are approaching the meridian; while the Star Vega in the Harp, Ras, Algetha in Hercules, and Antares in the Heart of the Scorpion, are not far above the eastern horizon; the latter Star is known by its red colour, having a smaller Star near it on each side.

JULY.

I. *Of the Sun and Planets.* On the 5th Mercury is stationary. On the 6th Venus and the bright Star Regulus in the Lion are seen near together; on the 8th the Sun is eclipsed, invisible at Madras. On the 17th the Planets Jupiter and Mars are seen near together. On the 18th the Moon passes the Star Antares; and on the 22d the Georgian. On the 8th the Moon is eclipsed invisible at Madras, and on the 23d the Sun enters the Constellation of the Lion. Mercury now the Morning Star is at the greatest elongation west of the Sun on the 16th and rises at about half an hour past four in the morning. Venus still an Evening Star, sets more than three hours after the Sun. Mars rises at about 4 o'clock in the morning; Jupiter nearly at the same time: Saturn two hours before Jupiter; and the Georgian is in opposition to the Sun on the 22d being then on the meridian at midnight.

The Northern Crown, the Serpent, the Star Antares in the Scorpion, with the southern Triangle and Altar, approach the meridian. More to the eastward, and on the northern hemisphere are seen, the Constellations Serpentarius, Hercules and the Harp—the Star Vega in the latter being of great brightness—The Swan is east of the Harp—and the Eagle south of the Swan—more south is the Zodiacal Constellation of Sagittarius, all being nearly at the same distance above the horizon. To the west, almost all the Crab has disappeared, the Great Bear, the Lion and the Centaur approach the horizon, while at some distance above the Lion are seen the bright Stars Arcturus of Bootes and Spicæ of Virgo.

APPENDIX.

PASSPORT REGULATIONS.

The Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Fort St. George.

2d—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the name of the person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all Persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; to the Town Major of Fort St. George for Military persons belonging to that Garrison; to the Adjutant General of the Army, for all other Military persons leaving the Presidency; and to such Officers Commanding Military stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to persons not Military.

3d—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register it's receipt in the same manner as on granting one, and if the bearer proceeds farther, shall issue a new Passport in exchange, noting

on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th.—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted; to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th.—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively, but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passport with the words "Pass to" noting the date; entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th.—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th.—Public Officers having received a Passport authorizing them to travel *post on the public service*, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All Public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of farther enquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced; (reporting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for

general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations:

1st.—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the Durbars of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted Authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d.—The routes of foreign Travellers for commercial purposes, will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will, as soon as may be practicable after the receipt of these instructions, transmit to the Secretary of Government, descriptive lists of all Europeans not in His Majesty's or the Company's service, residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the service, who shall not possess such certificates on the "first day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date, no Passport shall be granted to any European not in the service, who *resides or states himself to reside* at any English post or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license; but Masters or Traders, whether

APPENDIX

British or Foreign, not resident in India, who may desire to pass from one port to another for commercial purposes, shall be furnished with Passports without hesitation.

N. B.—The certificates should include a description of the person, and should grant conditional permission to reside at the town of “ ” subject to be sent to Europe at the shortest notice, whenever the Government shall think fit.

FORT ST. GEORGE, 21st April 1802.

NOTICE is hereby given, that from and after the first day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception which the Right Honorable the Governor General in Council, has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

FORT ST. GEORGE, May 25, 1799.

In addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport; The Right Honorable the Governor in Council is hereby pleased to give notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport; will be taken up and confined until the pleasure of Government shall be known.

APPENDIX

2. The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

3. For the more strict execution of this order, notice is hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

4. The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons leaving the Presidency.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations, and to see that the order is strictly enforced.

All Passports of whatever description, are in future to be translated into the Malabar, Gentoo and Hindoostanee languages.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

APPENDIX
PROSPECTUS of the MADRAS MILITARY FUND.

This Fund, which has been instituted by the Honorable Company's Army at this Presidency, has for its objects;

To provide for the Families of Officers left, by their death, destitute of an adequate maintenance; and to assist Officers unprovided with aid by the Regulations of the Service, or from their own resources, under such circumstances of urgent sickness as renders a voyage to England necessary for the preservation of their lives.

This Institution holds out advantages to Subscribers of an superior kind, that all Officers of the Madras Army, are invited to become Members of it. It is honored with the Patronage of the Honorable Court of Directors, by whom it is likewise liberally endowed:

It is not to be doubted, now, that the Fund has commenced operations, and the benefits derived from it are fully ascertained, that such Officers belonging to the Madras Establishment, as have not hitherto had an opportunity of becoming Subscribers to so benevolent a Fund, or were unacquainted with its existence, will readily avail themselves of this occasion for contributing, both by their Donations and Subscriptions, to the furtherance of so philanthropic an Institution, of which, though all who contribute to its maintenance, may not themselves experience its benefits, still in the uncertainties of life, it is not impossible, that some so contributing may, at some future period, by an unexpected change of circumstances, partake of its advantages: at all events they will possess the gratification of affording their aid, to a source from whence comfort and support will be derived to the families of many a valuable friend, and cotemporary in the Field.

Officers becoming Subscribers, within the period of six months after their first arrival in India, are not charged with any arrears of subscription; but after the expiration of that period, they are to pay up their arrears from the date of their arrival with compound interest:—Officers who were in the service at the establishment of the Fund, 1st April 1808, are to pay up all arrears from that period, calculated agreeably to the Regulations, and are to furnish affidavits of health.

Any unmarried Officer becoming a Subscriber, shall, upon his marriage, pay up the additional Donation attaching to Subscribers who are married; that is, he shall pay 30 days Garrison pay and allowances of the rank he may then hold.

Any Subscriber proceeding to Europe, on sick certificate, in conformity to the existing Regulations of the Government of Fort St. George, or such as may be hereafter framed, such Of-

ficer not being provided with passage money by the Regulations of the Service shall, on making oath that he does not possess the means of paying for his passage, be entitled to receive from the Military Fund the passage money regulated for his rank; and on a similar declaration, on oath, to the Agents in England, he shall be entitled, on his return to India, to receive the sum regulated for the outward passage.

Any Subscriber so proceeding to Europe on sick certificate, being provided with a passage, either at the public expense, or as above recited, who shall moreover make oath that he does not possess the means of purchasing the requisite clothing and equipment for the voyage, shall be entitled to receive from the Fund a further sum not exceeding 200 Pagodas; but not to any further sum on account of equipment on his return to India.—No Officer, although a Subscriber, who may proceed to Europe on furlough, and fall sick during such absence, is entitled to any of the benefits of the Fund, which are exclusively confined to Officers quitting India on sick certificate.

Subaltern Officers who may proceed to England on Sick Certificate, and who shall make oath that they do not possess property which will produce an Income, including their pay equal to £140 per annum shall be allowed such sum annually as with their Pay, and other resources will make up that amount during the period of furlough as regulated by the Court of Directors.

No Subscriber eligible to receive passage money or equipment allowance more than once in eight years, but in cases of urgent sickness which may occur within that period will be entitled to receive an advance equal thereto as a loan.

Officers who shall have subscribed to the Fund for a period of 8 years, are entitled to loans under the following circumstances, should the state of the Funds admit of it.

A Subscriber being desirous to send his Wife and Children to Europe or in the case of a Wife and Child returning from Europe shall be allowed a loan equal to the amount of 20 months subsistence of the rank he then holds, provided he shall have previously deposited with the Directors an irrevocable order engaging to repay the amount so borrowed, with interest at 8 per cent. within 22 months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the Fund, a Personal Bond, in which he shall be joined by two Securities to be approved by the Directors, and assignment on any property he may possess.

N. B.—The above form will answer for Widows applying to become annuitants.

The following additions and alterations in the foregoing Regulations have been adopted and have effect from the 15th October 1822.

5th.—Officers retired on half pay, or on Lord Clive's Fund, are to pay full subscription notwithstanding, according to their rank; and are also required to pay up their arrears without interest towards their respective maximum, within one year after the adoption of this Regulation may be made known in England; or failing so to do, and preferring to continue the payment of half subscription only, their families at their death will be entitled only to half the benefits derivable from the Fund.

6th.—All enquiry into the property left by deceased subscribers, and all limitation of the sums payable by the Fund with reference to the amount of such property is abolished; and in all cases the annuities established by the Regulations of the Fund, as payable to each of the widows and children, will be paid in full.
