The following distances and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas's Mount, and Perumbankum Hill (a small sugar loaf detached hill which lays about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey,) will enable any observer on board of a Ship riding in the Madras Roads to determine its birth with great precision by taking their angular distance with a common Sextant:

GOVERNMENT ADVERTISEMENT.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the H. C.'s Observatory, in regard to Sea Time-keepers delivered to his charge for the purpose of having their daily rate ascertained; Notice is hereby given, under the authority of His Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the H. C.'s Sea Service, or by the Masters and Officers of British Merchant Vessels frequenting this Port, will be received every day (Sunday excepted) between the hours of Eleven and Two. That they will be regularly compared for as many days as may suit the occasion of the Owners, and that they will be returned on written applications between the same hours, accompanied by detailed accounts of their rates of going while deposited, free from all fees or charges of every description.

Published by order of the Right Honorable the Governor in Council.

G. G. KEBLE,

SEC. TO GOVERNMENT.

FORT ST. GEORGE, 20th April 1837.

Pursuant to the above Advertisement, notice is hereby given, that no Time-keeper sent to the H. C.'s Observatory, for the purpose of having its rate ascertained, will be returned without a written application from the person who sent it; such application to be transmitted within the hours mentioned in the Advertisement.

That a Receipt, specifying the Names of the Maker and Owner, and the No. of the Watch, will be given, for every Time-keeper deposited at the Observatory; this Receipt will

5.
be signed by the Superintendent, and should be returned with the application for the Time-keeper.

MADRAS OBSERVATORY, } (Signed) J. GOLDINGHAM,
November 20, 1813. } *Superintendent.*

N. B.—It is recommended not to send Time-keepers in a Palankeen, it having been found by experience that the motion alters the rate, and sometimes stops the Time-keeper.

The Right Ascensions of the above Catalogue are deduced from Five Years' Observations with the new Transit Instrument. The Polar Distances are deduced from the observations only of the years 1819, 1820, and admit of improvement by future observation. The Stars North of the Equator are however probably true to the nearest second, independently of the Error of Refraction.

Under the degree of latitude, or nearest to it, of the place required, taken from the table of Latitudes, and opposite the day of the month, or nearest to it, on the left hand side of the table, the time of the Sun's rising will be found, and opposite to it on the right hand is the time of the Sun's setting.

Directions for setting a Clock or a Watch to Mean Solar Time by this Table; the Time by the same Clock or Watch of the Sun's rising or setting having been observed.

The Table shows the apparent Time when the Sun's centre is cut by the horizon either at rising or setting—convert this into Mean Time, by taking out the Equation of Time from the Table in the Almanac, and as the Table directs adding it to, or subtracting it from, the Time of rising or setting of this Table.

The refractive power of the Atmosphere elevates the Sun so much, that the centre of that Luminary is actually cut by the horizon, when the lower limb appears to the eye to be half his diameter above it.—Therefore the Time by the Clock or Watch must be noted when the Sun's lower limb is thus far above the horizon—and you get the Clock or Watch Time of his rising or setting, according as the observation may be taken at Sun rise or Sun set—the difference between this time, and the Mean Time of rising or setting found before, will shew what the Clock or Watch is fast or slow for Mean Time—and it is to this time that all good Clocks and Watches are regulated and set.

ABSTRACT of an ACT passed in the thirty-third Year of HIS
 LATE MAJESTY, Cap. 52, Sec. 70. precluding the RETURN
 to their DUTY of the CIVIL and MILITARY SERVANTS, after
 an absence of Five Years.

And be it further enacted, that no person who shall have
 held any Civil or Military station whatever, in India, in the
 service of the said United Company, being under the rank or
 degree of a Member of Council, or Commander-in-Chief of the
 Forces, and who, having departed from India by leave of the
 Governor General in Council, or Governor in Council, shall not
 return to India, within the space of five years next after such
 departure, shall be entitled to any rank or restoration of office,
 or be capable of again serving in India, either in the European
 or Native Corps of Troops, or in the Civil line of the Company's
 Service; unless, in the case of any Civil Servant of the Com-
 pany, it shall be proved, to the satisfaction of the Court of Di-
 rectors, that such absence was occasioned by sickness or infir-
 mity, or unless such person be permitted to return with his rank
 to India, by a vote or resolution passed by way of ballot, by
 three parts in four of the Proprietors assembled in General
 Court, specially convened for that purpose, whereof, eight days
 previous notice of the time and purpose of such Meeting shall
 be given in the London Gazette, or unless, in the case of any
 Military Officer, it shall be proved, to the satisfaction of the
 said Court of Directors, and the Board of Commissioners for
 the affairs of India, that such absence was occasioned by sick-
 ness or infirmity, or some inevitable accident.

EXTRACT from the REGULATIONS respecting MILITARY OFFI-
 CERS retiring from the COMPANY'S SERVICE.

EVERY Officer after twenty-five years service in India, three
 years for one furlough being included, is allowed to retire with
 the pay of the rank to which he has attained; but such pay is
 to be the same only as that allowed to Officers of Infantry.

A Member of the Medical Board, who has been in that sta-
 tion not less than two years, and not less than twenty years, in
 India, including three years for one furlough, is permitted to re-
 tire from the service, and allowed £500 per annum.

A Surgeon of a General Hospital, or Superintending Sur-
 geon who has been in that station not less than two years, and
 whose period of service has been not less than twenty years,
 including three years for one furlough, as above, is permitted
 to retire from the service, and allowed £300 per annum.

All other Surgeons and Assistant Surgeons attached to the
 Army, are permitted to retire from the service on the pay of

their rank, after having served in India not less than twenty years, including three years for one furlough.

A Chaplain after eighteen years service in India, (ten of which at a military station,) including three years for one furlough, is allowed to retire with the pay of Major.

A Chaplain having served ten years in India, whose constitution will not admit of his continuing in the service, may retire on the half-pay of Major; after seven years on the half-pay of Captain.

A Commissary, or Deputy Commissary of Ordnance, not being a Commissioned Officer, is allowed to retire on full pay, if he has served twenty-seven years in India, of which twelve must have been in the ordnance department; twenty-five years, fourteen of which in that department; or twenty-two years, seventeen years of which in the ordnance department.

A Conductor of Stores is allowed to retire on £60 per annum after twenty-five years actual service in India.

Every Lieutenant Colonel, Major, or Captain, is allowed to retire with the *half-pay* of the rank to which he has attained, in case his health shall not permit him to serve in India, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

A Lieutenant having served thirteen, or an Ensign nine years in India, including three years for a furlough, may retire on the *half-pay* of his rank, in case his health shall not permit him to serve in India:

A Subaltern Officer, or Military Assistant Surgeon, having served six years in India, is permitted to retire on the *half-pay* of *Ensign*, if his constitution should be so impaired as to prevent the possibility of his continuing in India,

Every Officer returning on furlough, and wishing to retire from the service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must at the expiration of his furlough, either return to India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of *twenty-two years*, without having a furlough; in that case he is allowed *two years* before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Officers retiring from the service after two years furlough, will be considered to have retired at the expiration of two years from the date of their landing in England, unless they shall have previously obtained an extension of their furlough, and Officers

who shall retire after having obtained an extension of furlough, shall be considered to have retired from the date of the expiration of such additional furlough, or from the time when the requests of such Officers to retire or resign, are laid before the Court, whichever shall happen first.

FURLOUGH.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness and as hereafter specified), to their rotation to be absent on furlough, and the same rule is applicable to Assistant Military Surgeons: the furlough to be granted by the Commander in Chief at each residency, with the approbation of the respective Governments. Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A chaplain after seven years residence in India, is allowed to come home on furlough and receive the pay of Major. Should he come home from sickness, prior to this period of service, he is allowed the pay of Captain only.

A Conductor of Stores is allowed furlough pay, only in case coming home from sickness.

Officers coming to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the Ship in which they came, and their address, forwarding at the same time the certificates they received in India. The period of furlough is three years, reckoning from its date to the day of the return of the Officer to his Presidency.

Officers are required to join the establishment to which they long at the expiration of the three years furlough, unless they all have obtained an extension of leave from the Court, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be proved to the Court, that a further residence in Europe is indispensably necessary.

All Officers finding it necessary to solicit a further leave of absence, on account of sickness (if in London or its Environs), are required to wait upon Dr. Chambers, the Company's Examining Physician, who will make a report to the Committee of Correspondence upon such Officer's case; (if in the country) they must transmit with their letter of application for such leave, a certificate, signed by at least two Gentlemen, eminent in the Medical Profession, describing the nature of the applicant's complaint, and stating it to be their opinion, upon honor, that the circumstances of the case render a compliance with his re-

quest absolutely necessary. Also previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or, by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty, on account of sickness, are to furnish a certificate of two eminent physicians, with the attestation of a Magistrate, that the persons who signed the certificate are Physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

No Officer who has failed to obtain an extension of furlough will be considered eligible to return to the service after five years absence under the Act of the 33d Geo. III. cap 25. sect. 70.

Every Officer upon leaving India, will receive a printed copy of the General Order on this subject, published agreeably to the court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them. Officers therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong, within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than the years and a half from the period of his quitting India, excepting Colonels of Regiments, and those of the rank of Lieutenant Colonel regimentally, when promoted to that of Major General; the latter are then allowed to draw the pay of their present rank beyond the above period.

OFFICERS returning to INDIA.—Regulations as to the Charge of Recruits.

At a Court of Directors, held on the 22d December 1830—Resolved, that whenever a detachment of Company's recruits to the extent of thirty-men, shall be embarked on any one ship, they be placed in charge of the senior Company's officer, not exceeding the rank of a field officer, who shall have obtained permission to return to his duty on the ship, within at least seven days of the period fixed for her leaving Gravesend; and that the officer proceed with the men from the depot:—And that as a remuneration for this service, he be granted the pay of the money of his rank:—And that the commander of the ship be authorized to draw on the Company's paymaster for the

REGULATIONS for the admission of PENSIONERS on LORD CLIVE'S FUND.

A Lieut. Colonel, £3,000. A Major, £2,500. A Captain, £2,000. A Lieutenant, £1,000. An Ensign, £750. TRACT from the REGULATIONS as to the NOMINATION of STUDENTS at the EAST INDIA COLLEGE,

in view to their future appointment as Writers in the Service of the United India Company; and Preparatory Instructions to Persons who may be nominated.

No Candidate for the College can be nominated thereto, unless he has completed the sixteenth year of his age. And no person who has been dismissed from the Army or Navy, or excluded from any place of education, will be nominated to the College.

The parents or guardian of every candidate for the college, are required to address the following letter to the nominating Director:—

"Sir:—I beg to assure you on my honour, that my ———, to whom you have been so good as to give a nomination to the college, has not been dismissed from the Army or the Navy, and that he never has been expelled from any place of education.

I have the honor to be, &c."

By the Act of the 33d of Geo. III. no person can be appointed a Writer in the Company's service, whose age exceeds twenty-two years; and by the Act of the 53d of Geo. III. all students for the college must remain there four terms;—consequently, no person whose age exceeds twenty can be nominated as a student. All these terms are probationary, but the first is to be considered as such in a particular sense; and if any student shall not, in the judgment of the college council, give satisfaction in that term, he will not be permitted to return to the college.

Candidates for the college must produce the undermentioned documents, previously to their being nominated as students.

An extract from the parish register of their birth or baptism, properly signed by the minister, churchwarden, or elders; and in addition thereto,

A certificate, agreeably to the following form, signed by the parent, guardian, or near relation.

"I do hereby certify, that the foregoing extract from the register of baptisms of the parish of ———, in the county of ———, contains the date of the birth of my son ———, who is the bearer of this, and presented for a nomination as student at the East India College, by ——— Esq; and I do further declare, that I received the said presentation for my son ——— gratuitously, and that no money or other valuable consideration has been or is to be paid, either directly or indirectly for the same; and that I will not pay or cause to be paid either by myself, by my son, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons who have interested themselves in procuring the said presentation for my son from the Director above-mentioned."

"Witness my hand, this ——— day of ———, in the year of our Lord ———."

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a Magistrate, to the following effect, viz.

"I, ——— presented as a student for the East India College, by ———, do make oath and swear, that I have caused search to be made for a parish register, whereby to ascertain my age, but am unable to produce the same, there being no such to be found; and, further, I make oath and swear, that I

"the information of my parents (and other relations), which information I verily believe to be true, that I was born in the parish of ———, in the county of ———, on ———, in the year ———, and that I am not at this time under the age of sixteen, or above twenty years."

"Sworn before me, } "Witness my hand, this—day
"this ——— } "of ———, in the year of our
"day of ——— } "Lord—,"

"The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The abovementioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the Candidate, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the Candidates respectively.

Candidates are to produce certificates from the person under whom they have received their education, stating the nature of that education, and the proficiency they have made therein; and also certifying as to their mental ability, conduct, disposition and character.

Candidates will be interrogated in an open Committee of College, as to their character, connections, and qualifications, conformably to the General Court's Resolution of the 6th July, 1809. On a student's appointment to be a Writer, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3,000 liquidated damages to the Company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

Misconduct of students at college, will be attended with exclusion therefrom; and those who do not pass with credit the examination will not be admitted into the civil service of the Company. A Student expelled the college will not be admitted into any of the Company's civil establishments abroad, nor into the Company's military Seminary.

COURT OF DIRECTORS, held on Wednesday the 9th August 1809.

RESOLVED, That any person who shall, in future, be nominated to a situation, either civil or military, in the service of the Company, and who shall have obtained such nomination in con-

sequence of purchase, or agreement to purchase, or of any corrupt pretence whatever, either direct or indirect, by himself or by any other person, with or without his privacy, shall be rejected from the service of the Company, and ordered back to England if he shall have proceeded to India before a discovery of such corrupt practice be made; and if such situation shall have been so corruptly procured by himself, or with his privacy, he shall be rendered incapable of holding that, or any other situation whatever, in the said service. Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein, any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

EAST INDIA COLLEGE:

EXTRACT of the late Act (53d Geo. 3d, Cap. 155, Sec. 46.)

GOVERNMENT ADVERTISEMENT.

THE Right Honorable the Governor in Council having reason to apprehend that the existing law against the receipt of Presents from Native Princes and other Natives of Rank is not sufficiently understood, is pleased to publish for general information the following Extract from an Act of Parliament passed in the 33d Year of the Reign of his present Majesty. It is further explained that the Provisions of the Statute are not only applicable to all persons, Civil and Military, in the Service of His Majesty or of the Honorable Company, but also to the different members of their families residing in India.

LXII. And be it further enacted, That the demanding or receiving any sum of money, or other valuable thing, as a gift or present, or under colour thereof, whether it be for the use of the party receiving the same, or for, or pretended to be for the use of the said Company, or of any other person whatsoever, by any British subject, holding or exercising any office or employment under His Majesty, or the said United Company, in the East Indies, shall be deemed and taken to be extortion and a misdemeanor at law, and shall be proceeded against and punished as such, under and by virtue of this Act, and the offender shall also forfeit to the King's Majesty, his Heirs and Successors, the whole gift or present so received, or the full value thereof.

CHIEF SECRETARY.

EXTRACT of a GENERAL LETTER from ENGLAND in the COMMERCIAL DEPARTMENT, dated 7th September 1808.

Para. 229.—In our Letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military Establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Marter and Mr. William Evans to be Warehouse-keepers of Baggage, subject to our immediate inspection and control, and we have made such arrangements with his Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible despatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty, and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our Servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans, to clear and deliver them their Baggage, Wines, and

Presents, as we have directed Messrs. Marter and Evans, to transact every branch of business connected with this department, which will render the Agency of all other persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue; We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe however small, are considered to be prohibited and cannot be passed in England as part of their baggage.

ADVERTISEMENT.

The Right Honorable the Governor in Council having resolved that no ordnance, fire arms, ammunition or military stores of any description shall be purchased or sold by any individual residing under the protection of the Government of Fort St. George (with the exception of regular Shopkeepers, who may import from England, small arms, battle powder, swords or dirks for sale to their customers,) does hereby order and direct, that all Individuals having any ordnance, fire arms, ammunition, or military stores, which may be intended for sale, with the exception above stated, shall deliver the same at the Arsenal of Fort St. George, where a receipt will be granted by the Officer of Government.

The Individuals will be reimbursed by the Government in the full value of all articles so delivered, on their making application at the Office of the Military Board.

It is the desire of his Lordship in Council to obviate the incongruence which this regulation might produce to Individuals who may require arms, ammunition, &c. for the protection of ships or other vessels that may be employed in Trade.—It is therefore hereby notified, that Articles will be supplied from the Arsenal when it may not be inconvenient, under the usual authority of Government and the Military Board.

EXTRACTS from an ADVERTISEMENT dated 13th December 1803.

“ With a view of affording additional security to the Proprietors of Lands and Houses in Madras, and as a means of preventing clandestine transfers and mortgages of property; His Lordship in Council has been pleased to direct a register to be opened at the Cutcherry of the Collector of Madras, where all persons who purchase property or lend money on mortgages of property may register their purchase or mortgage deeds.

“ And it is hereby further notified, that the public register for entering transfers and mortgages of Lands and Houses in Madras, is now open at the said Cutcherry.”

Pursuant to the former of these Advertisements, the Government quit rent and arrears if any outstanding, is to be paid by the Proprietors in actual possession of the Lands or Houses on which it is due; all persons, therefore, purchasing or taking mortgages of Lands or Houses should be careful to have their deeds regularly registered, and all arrears of quit rent discharged by the former holders up to the day of the transfer, as otherwise they will be held answerable for the amount.

MARINE DEPARTMENT.

The following Extract of a Letter from Lieut. John Strover Criddle, 2d Assistant to the Marine Surveyor General, addressed to the Secretary to the Marine Board, at Fort William, under date the 4th of September last, is published for general information.

"With respect to the Armegon shoal, there is no Flag Staff at that place, nor can Armegon Hill be discerned from the Southern end of the shoal, and it frequently happens, that the Pulicat Hills are obscured for many days—Soundings then become the only guide, I therefore recommend, that no Ship proceeding down the Coast should come under 12 fathoms, she will then be from 2 to 3 miles off the shoal, consequently out of danger."

J. GWATKIN,
SECRETARY.

The following directions for Vessels approaching the Roadstead of Calingapatam, extracted from the Survey of the local Marine Officer, are published for general information.

In the S. W. Monsoon, the Flag Staff to bear W. b. N. $\frac{1}{2}$ N. in 7 or 8 fathoms, and in the N. E. Monsoon, the Flag Staff to bear West in 8 fathoms, to give room for clearing a reef of rocks, on which the sea breaks at low water, a little to the Southward of the Roads, which may be known by several Rocks on the beach and in the Surf.

Vessels coming along shore from the Southward should not come under 10 fathoms, till the Flag staff bears N. W. b. W.; when they may haul in for less water—Anchoring to the Southward of the above Bearings, ships will have rocky ground.

From the Northward of the Rocks on the Beach, and in the Surf, the Reef runs out about $\frac{1}{4}$ of a mile in an E. N. E., direction.

PASSPORT REGULATIONS.

THE Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Fort St. George.

2d—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the Name of the person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; to the Town Major of Fort St. George for Military persons belonging to that Garrison; to the Adjutant General of the Army, for all other Military persons leaving the Presidency; and to such Officers Commanding Military stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to persons not Military.

3d—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank-Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th—That all Travellers, on arriving at a station, shall deliver their Passports to the proper Officer, who shall register its receipt in the same manner as on granting one, and if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their register of Passports granted and received during the month; and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively, but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passports with the words "Pass to _____" noting the date; entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th—Public Officers having received a Passport authorizing them to travel post on the public service, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th—All Public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of further enquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced; (reporting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the durbars of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration ; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted Authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d.—The routes of foreign Travellers for commercial purposes, will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will, as soon as may be practicable after the receipt of these instructions, transmit to the Secretary of Government, descriptive lists of all Europeans not in His Majesty's or the Company's service, residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the service who shall not possess such certificates on the "first day of August 1803," shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date,—no Passport shall be

anted to any European not in the service, who *resides or states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license; but Mariners or Traders, whether British or Foreign, *not resident in India*, who may desire to pass from one port to another for commercial purposes, shall be furnished with Passports without hesitation.

N. B.—The certificates should include a description of the person, and should grant conditional permission to reside at the town of " " subject to be sent to Europe at the shortest notice, whenever the Government shall think fit.

FORT ST. GEORGE, 21st April 1802.

Notice is hereby given, that from and after the first day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council, has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate of Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

FORT ST. GEORGE, May 25, 1799.

In addition to the Government Advertisement published on the 5th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport; The Right Honorable the Governor in Council is hereby pleased to give notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered

passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2. The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's, or the Honorable Company's Troops.

3. For the more strict execution of this order, notice is hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

4. The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons leaving the Presidency.

The Residents at Hyderabad, Poonah, Mysore and Travancore, the several Collectors of Revenue, the Commercial Residents residing at Sea Ports, and Officers Commanding Military Stations.

FORT ST. GEORGE, May 15, 1802.

The Right Honorable the Governor in Council has been pleased to adopt the following modifications in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports at the Police Office in person, and that no Passports be issued to Foreigners, except at the Police Office. All Foreigners residing at any of the out-stations or elsewhere, under the authority of the Government of Fort St. George, or who may hereafter arrive, shall without delay report through the channel of the nearest Magistrate, Collector, or other local authority, their place of residence, occupation, period of arrival and from whence they have last come, to the Police Office at Madras, and any person failing to comply with this notification, will, on discovery be placed under personal restraint.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations, and to see that the order is strictly enforced.

All Passports of whatever description, are in future to be translated into the Malabar, Gentoo and Hindoostanee languages.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

FORT ST. GEORGE, August 22, 1807.

Revenue, between the informer and the Officers making the seizure; or if there be no informer, the whole shall be paid to the latter.

Second. Whenever goods liable to confiscation shall be released on payment of double or treble duty, levied as the case may be adjudged to deserve, the person on whose information they may have been seized, and the Officers seizing them, shall be entitled, as compensation to a division of the surplus duty in the same proportion as if confiscation of the whole had taken place.

Section XXII. A. D. 1813. REGULATION I.

A Regulation for determining the import and excise duties on all spirituous liquors manufactured to the eastward of the Cape of Good Hope, which may be imported by sea or land into Madras; and for more effectually preventing the clandestine sale of such liquors.—Passed by the Governor in Council of Fort St. George on the 27th July 1813.

I. Whereas it having become necessary to provide for the better security of the revenue arising from the sale of spirituous liquors within the town of Madras and to assist the operations of police by preventing more effectually the clandestine sale of spirituous liquors manufactured to the eastward of the Cape of Good Hope which may be imported into Madras, the Governor in Council has enacted the following rules for determining the import and excise duties to be levied on such liquors, and for regulating the mode under which they shall be supplied to the retail dealers.

II. *First.* All spirituous liquors manufactured to the eastward of the Cape of Good Hope shall on importation by sea into Madras, in addition to the general duty of 8 per cent be charged with a particular import duty not exceeding 150 Pagodas per leaguer; the actual rate at which this duty shall be collected (provided always that it in no case exceed the amount here mentioned) shall be determined from time to time by the Governor in Council.

Second. When the importers of spirituous liquors may require it, the payment of the particular import duty shall be suspended for a period not exceeding six months from the date of importation, provided the importers lodge sufficient security for the payment of the duty at the expiration of that period; and, in cases wherein the importers may be unable to lodge such security, the liquor shall remain in deposit during the prescribed period of six months, when it shall be sold and, after deducting the amount of the duty and the charges attending the custody of the liquor, the proceeds paid to the owners.

Third. The owners of liquor kept in deposit under the preceding clause, shall be answerable for all charges incurred for godown hire, cooperage or any other account, whether it be ultimately sold or not—also for any wastage that may take

place; but they will be allowed access to their property at all reasonable times, and be permitted to take such measures for its security as they may think proper.

III. The collector of sea customs shall keep a register shewing the date of importation, the proof and quality, also the names of the importers and of the purchasers, of all liquor imported by sea into Madras, and shall levy the duties provided for in Clause first, Section II, of this Regulation.

IV. All liquors intended for the use of His Majesty's Navy, or purchased for, or belonging to, the Honorable Company, shall be allowed to pass free of the particular duty provided for by this Regulation on the certificate of the proper officer or the affidavit of the contractors for spirituous liquors that such liquors are intended for the use of the Navy, or of the Honorable Company's Troops, and shall not be applied to any other purpose.

V. *First.* A drawback of the particular import duty, that is to say, of the whole import duty, with the exception of the general import duty of 8 per cent. shall be allowed on the re-exportation of all liquors manufactured to the eastward of the Cape of Good Hope by sea or land; provided the liquor so re-exported shall be found on comparison with the register to be kept as prescribed by Section III, to correspond in proof and quality with the entry made at the date of its importation.

Second. In the case of the re-exportation of spirituous liquors by land, as well as in the case of their re-exportation by sea, the drawback shall be paid by the collector of sea customs; in the former case the claim to the drawback must be supported by a certificate from the land custom house, signed by the proper officer.

VI. No spirituous liquors shall be removed from the sea custom house to any warehouse, shop, or private dwelling, or from one warehouse, shop or private dwelling to another, without the permit of the collector of Madras, which permit must accompany all liquors removed; but persons having paid the general import duty of 8 per cent and the further duty provided for in this Regulation, shall be entitled to dispose of it, by wholesale provided the quantity so sold shall in no case be less than five leaguers.

VII. *First.* The licensed retail dealers shall be supplied exclusively by the collector of Madras with the quantity of liquor which they may require, at such price as may be from time to time determined.

Second. In addition to the price, or cost of the liquor, excise duty not exceeding 1 pagoda per gallon shall be paid by the licensed retail dealers and collected by the collector

Madras, (in the manner now in practice) on all spirituous liquors imported from the eastward of the Cape of Good Hope and sold for consumption in Madras,—the actual rate at which this tax shall be collected (provided always that it in no case exceed the rate abovementioned) shall be determined from time to time by the Governor in Council.

VIII. *First.* All persons importing, or selling, or purchasing, or removing, or attempting to import, or sell, or purchase, or remove, liquor contrary to the provisions of this Regulation, as well as all persons who shall attempt to re-export any liquor which, on comparison with the register to be kept as prescribed by Section III of this Regulation, shall be found to be inferior in proof and quality to what it was at the time of importation, shall be liable to the payment of twice the amount of the highest rate of excise duty imposed by Clause second of the preceding Section, and all liquor so imported, sold, purchased or removed or re-exported, or attempted to be so imported, sold, purchased, removed or re-exported, together with the cattle and carriages employed in removing it, shall be liable to seizure and confiscation.

Second. The amount to be paid under the preceding Clause by persons detected in the illicit importation, sale, purchase, removal or re-exportation of spirituous liquors, together with the proceeds of the property confiscated, shall, after deducting an amount equal to the excise duty payable on the liquor, be divided among the officers of revenue, the informers, and persons making the seizure, in such proportions as may be determined by the board of revenue.

IX. All spirituous liquors, whether of foreign or home manufacture, imported into land by Madras shall be liable to the payment at the land custom house of the general duty of eight per cent. and to the farther duties herein provided for, as well as to all the rules and regulations to which spirituous liquors imported by sea are herein declared to be subject.

X. At whatever rate the Governor in Council shall under Clause second, Section VII. of this Regulation, direct the excise duty to be collected on spirituous liquors manufactured to the Eastward of the Cape of Good Hope, a duty of the same rate shall be collected on arrack manufactured at Madras usually known by the name of country or puttah arrack.—The Governor in Council, however, reserves to himself the power of prohibiting altogether the distillation of country or puttah arrack at such time and within such distance of the town and dependencies of Madras as to him may appear expedient.

XI. This Regulation shall take effect from the 1st of January 1814.

A. D. 1816. REGULATION II.

III. Foreign Salt shall on importation by Sea, into any Port or Place within the limits of the said Territories be subject to a duty at the rate of 100 Pagodas per Garca.

IV. The aforesaid duty shall be paid and levied under the same rules and provisions, as are applicable generally to the payment and collection of the duties denominated Government Customs on Goods and Merchandise imported by Sea; subject however to the provision contained in the following Section; and any Salt imported or landed in breach of the said rules and provisions, shall be forfeited; and the proceeds thereof disposed of under the general rules prescribed in Clause first, Section XX, Regulation I of 1812, for the division of the amount sales of all confiscated goods; and such salt shall and may be seized as forfeited, by the Collector, or any of the Officers of the Custom House or Customs; or by any of the Officers of Government, to be by them conveyed and deposited in one of the said United Company's Warehouses, or other secure Place.

V. It is hereby declared competent to the Collectors of Sea Customs to permit the Importers, Proprietors or Consignees of Salt imported as aforesaid, if they be so disposed, instead of paying the duty due and payable thereon, in the manner prescribed generally for the payment of the duties denominated Government Customs on Goods and Merchandise imported by Sea, to deliver it on shore at the Custom House or such other secure Place as the said Collectors may appoint, and to secure and lodge it therein without payment of duty in the first instance; provided however that Salt so lodged, shall not be removed until the duty imposed by this Regulation, shall be duly paid.

VI. The Importers, Proprietors or Consignees of Salt which shall have been lodged or secured as aforesaid, shall within 12 calendar months, to be computed from the date of the production of the Manifest at the Custom House, clear and take from and out of such Custom Houses or Places, all such Salt, and shall pay the full duty imposed by this Regulation; and in case any such Importers, Proprietors, or Consignees, shall fail, or neglect so to do, it shall be lawful for the Board of Revenue or such Officer as may be duly empowered by them in this behalf, to cause all such Salt to be publicly sold or exposed to sale; and after such sale, the produce thereof, shall first be applied to the payment of the duty imposed by this Regulation,

and the overplus, if any, shall be paid to the Proprietor or other Persons authorized to receive the same; provided that no such Salt shall be sold, unless a price can be obtained for the same equal at least to the full amount of the duty aforesaid: but if such price cannot be obtained, then all such Salt shall be effectually destroyed by, and in the presence of such Officer as the Board of Revenue shall appoint.

A. D. 1818. REGULATION III.

A Regulation for imposing a duty on foreign Opium imported by Sea into any Port or Place within the limits of the Territories subject to the Presidency of Fort St. George; and on Opium exported by Sea from any Port or Place within the said limits.—Passed by the Governor in Council of Fort St. George on the 4th March 1818.

Whereas it has been deemed expedient to impose a duty on foreign Opium imported by Sea into any Port or Place within the Territories subject to the Presidency of Fort St. George, and on all Opium exported by Sea from any Port or Place within the said limits; The Governor in Council, with the sanction of the Court of Directors of the United Company of Merchants of England trading to the East Indies; and with the approbation of the Board of Commissioners for the affairs of India, has enacted the following rules, to be in force throughout the aforesaid Territories, from the period of their promulgation.

II. So much of Clause Second, Section V, Regulation II, 1812, as defines the duties leviable on Opium imported by Sea into Madras is hereby rescinded.

III. All Opium made out of the limits of the Territories subject to the Presidency of Fort St. George, with the exception specified in the following Section, shall on importation by Sea into any Port or Place within the limits of the said Territories, be subject to a duty at the rate of 40 Rupees per viss.

IV. *First.* Opium imported into any Port subject to the Presidency of Fort St. George, with the exception of the Port of Madras, and accompanied by a Certificate, specifying that it has been purchased at the Company's sales in Calcutta, shall be subject only to the rate of duty prescribed by the Regulations in force, to be levied on Goods and Merchandize imported by Sea.

Second. Opium imported by Sea into Madras accompanied by the before-mentioned Certificate, shall be liable to the duty specified for Opium in Clause second, Section IX, Regulation III, 1812; and subject to the Provisions of Clause third of that Section: Provided however that all such Opium, if intended for re-exportation, shall be liable only to the general rate of

duty levied on Goods and Merchandize imported by Sea; and such Opium shall be lodged at the Custom House under charge of the Collector until it be reshipped, and shall be entitled, on such re-exportation, to a drawback of two-thirds of the said last-mentioned duty.

VI. The aforesaid duties shall be paid and levied under the same rules and provisions as are applicable generally to the payment and collection of the duties denominated Government Customs, on Goods and Merchandize imported or exported by Sea; subject however to the provision contained in the following Section: and any Opium exported, imported or landed in breach of the said rules and provisions shall be forfeited, and the proceeds thereof disposed of under the general rules prescribed in Clause first, Section XX, Regulation I of 1812, for the division of the amount sales of all confiscated Goods; and such Opium shall and may be seized as forfeited by the Collector or any of the Officers of the Custom House or Customs, or by any of the Officers of Government, to be by them conveyed and deposited in one of the said United Company's Warehouses, or other secure place.

It is hereby declared competent to the Collectors of Sea Customs to permit the Importers, Proprietors or Consignees of Opium, imported from Europe if they be so disposed, instead of paying the duty due and payable thereon in the manner prescribed generally for the payment of the duties denominated Government Customs on Articles imported by Sea, to deliver it on shore at the Custom House or such other secure Place as the said Collectors may appoint, and to secure and lodge it therein without payment of duty in the first instance; provided however that Opium so lodged, shall not be removed until the duty imposed by this Regulation shall be duly paid.

VIII. The Importers, Proprietors or Consignees of Opium, which shall have been imported from Europe, lodged or secured as aforesaid, shall within 12 calendar months, to be computed from the date of the production of the Manifest at the Custom House, clear and take from and out of such Warehouses or Places, all such Opium and shall pay the full duty imposed by this Regulation; and in case any such Importers, Proprietors or Consignees shall fail, or neglect so to do, it shall be lawful for the Board of Revenue or such Officer as may be duly empowered by them in this behalf, to cause all such Opium to be publicly sold or exposed to sale; and after such sale, the pro-

due thereof shall first be applied to the payment of the duty imposed by this Regulation, and the overplus, if any, shall be paid to the Proprietors or other Persons authorized to receive the same, provided that no such Opium shall be sold unless a price can be obtained for the same equal at least to the full amount of the duty aforesaid, but if such price cannot be obtained, then all such Opium shall be effectually destroyed by, and in presence of such Officer as the Board of Revenue shall appoint.

The Governor in Council at the same time announces that effect will not be given to the provisions contained in Section IV of the foregoing Regulation, but that all Opium exported at Madras or any other Port or Place subject to the Presidency of Fort St. George, which may be accompanied by a Certificate specifying the same to have been purchased at the Company's sales in Calcutta shall be exempted from import and export duty.

A. D. 1819 REGULATION VI.

A Regulation for rescinding Sections II and III of Regulation IV of 1812, and Regulation I of 1817, and for giving due publicity to a certain Regulation enacted by the Honorable the Court of Directors of the East India Company of Merchants of England trading to the East Indies, relative to the trade of foreign nations with the British possessions in India.—Passed by The Governor in Council of Fort St. George, on the 15th May 1819.

Whereas the Honorable the Court of Directors of the United Company of Merchants of England trading to the East Indies have, in virtue of the powers granted to them by an Act passed in the 37th year of the Reign of His present Majesty, framed a Regulation for carrying on the trade to and from the British possessions in India and the countries and states in amity with His Majesty, it is necessary that all previous enactments of the Government of Fort St. George which may be inconsistent with the said Regulation should be rescinded: and with the view that the provisions of the said Regulation may be duly observed at the courts of justice, and public officers of Government, and may be generally known and understood, it is expedient that the same should be printed and bound up with the Code of Regulations enacted by the Governor in Council of Fort St. George and belikewise translated into the languages of the country.—The Right Honorable the Governor in Council has therefore passed the following rules to be in force from the date of their promulgation.

I. Sections II and III, Regulation IV of 1812, and Regulation I of 1817, are hereby rescinded.

II. The Regulation framed by the Honorable the Court of Directors of the United Company of Merchants of England trading to the East Indies, passed by them on the 31st day of December 1817 and entitled a Regulation for carrying on the trade between the British possessions in India and the countries and states in amity with His Majesty, shall be printed and bound up with this Regulation and shall be translated into the languages of the country as prescribed in Regulation I of 1802 concerning Regulations passed by the Governor in Council of Fort St. George.

IV. Nothing in this Regulation shall be construed to effect the provisions contained in the existing Regulations defining the duties to which the trade of foreign nations is, and shall be

subject at the ports and settlements of the British nation in the East Indies.

“ Regulation for carrying on the trade between the British possessions in India and the countries and states in amity with His Majesty, passed by the Court of Directors of the United Company of Merchants of England trading to the East Indies this 31st day of December 1817.

“ Whereas by an Act passed in the 37th year of the Reign of His present Majesty entitled an Act for regulating the trade to be carried on with the British possessions in India by the ships of nations in amity with His Majesty,” it was “ enacted that from and after the passing of that Act, and during the continuance of the exclusive trade of the United Company of Merchants of England trading to the East Indies and during the term for which the possessions of the British territories in India is secured to the said United Company, it should be lawful for the ships and vessels of countries and states in amity with His Majesty to import into and export from the British possessions in India such goods and commodities as they should be permitted to import into, and export from the said possessions by the Directors of the said Company who were thereby directed to frame such Regulations for carrying on the trade to and from the said possessions and the countries and states in amity with His Majesty, as should seem to them most conducive to the interest and prosperity of the said British possessions in India, and of the British empire, and that no ship or vessel belonging to any of the subjects of states or countries in amity with His Majesty, should be liable to seizure, confiscation or forfeiture, or other penalty for exporting from, or importing into the said British possessions in India any goods or commodities the importation or exportation of which should respectively be permitted by the said Regulation, any thing in a certain Act of the twelfth year of the Reign of King Charles the second, therein recited to the contrary notwithstanding; provided always that it should not be lawful for the Directors of the said United Company to frame any Regulations for the conduct of the trade; which should be inconsistent with any treaty or treaties which should have been, or might be entered into by His Majesty, his heirs and successors, and any country or state at amity with His Majesty, or which might be inconsistent with any Act or Acts of Parliament which had been passed for the Regulation of the trade and commerce of the said British territories in India, and whereas by another Act passed in the 53d year of the Reign of His present Majesty, entitled “ An Act for continuing in the East India Company

“ for a further term, the possession of the British territories in India, together with certain exclusive privileges for establishing further Regulations for the Government of the said territories, and the better administration of justice within the same: and for regulating the trade to and from the places within the limits of the said Company’s charter” all the enactments, provisions, matters, and things contained in any Act or Acts whatsoever which were limited, or might be construed to be limited to continue for and during the term granted to the said Company by a certain Act of the Parliament of Great Britain of the 33d year of His present Majesty therein recited, so far as the same or any of them were in force and not repealed by, or repugnant to, the said Act of the 53d year of His said present Majesty, should continue and be in force during the further term thereby granted to the said Company, subject to such alterations therein as might be made by any of the enactments, provisions, matters, and things in that Act contained.

“ The Court of Directors of the United Company of Merchants of England trading to the East Indies, in virtue of the powers granted to them by the aforesaid Acts, have framed the following Regulation for carrying on the trade to and from the British possessions in India and the countries and states in amity with His Majesty.

Art. “ Foreign European ships belonging to any nation having a settlement of its own in the East Indies and being in amity with His Majesty, may freely enter the British seaports and harbours in that country, whether they come directly from their own country, or from any of the ports and places in the East Indies. They shall be hospitably received, and shall have liberty of trade there in imports and exports conformably to the Regulations established in such places, provided that it shall not be lawful for the said ships, in time of war, between the British government and any state or power whatever, to export from the said British territories without the special permission of the British government any military stores or naval stores, saltpetre, or grain. The said ships may also be cleared out for any port or place in the East Indies, but if cleared out for Europe shall be cleared out direct for the country in Europe to which such ships respectively belong.

II. First “ Foreign European ships belonging to countries having no establishment in the East Indies, may, (when those countries and states respectively are in amity with His Majesty) freely enter the ports of the principal British settlements in the East Indies, viz. Calcutta, Madras, Bombay

“ and Prince of Wales Island only. They shall be hospitably received there and have free liberty to trade in imports and exports conformably to the Regulations of the place, provided, that it shall not be lawful for the said ships, in time of war between the British Government and any state or power whatever, to export from the said British territories, without the special permission of the British Government, any military stores or naval stores, saltpetre or grain, and provided also, that the said ships proceed from their own ports direct to the said principal British settlements without touching at any port or place whatever in the voyage out, except from necessity and merely to procure refreshments or repairs in case of distress or accidents in the course of such voyage, the burden of the proof of which necessity to rest on the parties.

“ *Second.* “ The vessels of the said European powers last aforesaid shall not carry any of the articles exported by them from the said British territories to any port or place, except to some port or place in their own countries respectively where the same shall be unladen. The said ships should not be cleared out to carry on the coasting or country trade in India, but vessels going with their original cargoes, or part thereof from one principal British port of discharge to another principal British port, are not to be considered as carrying on the coasting trade.

“ *Third.* “ The said vessels shall not be allowed to proceed, either with or without return cargo, from the said British territories to the settlements or factories of any foreign European nation in India, or to the territory of any Asiatic potentate or power, except from the like necessity, as is before described, of which the proof shall rest with them; nor shall the said vessels be allowed to enter the river in that part of the British territory situated in Bengal for any other purpose than that of proceeding to the port of Calcutta for trade, refreshment or repairs.

“ *Fourth.* “ In clearing out for their respective countries, the clearance shall be a direct one to the country to which the vessel belongs, and to no other whatever.

“ *III.* “ The trade between the British possessions in India and the United States of America shall be regulated by the convention of commerce between Great Britain and the United States of America signed at London the 3d July 1815.

APPENDIX.

Article III. of a convention of commerce between Great

Britain and the United States of America, signed at London, 3d July 1815.

“ His Britannic Majesty agrees that the vessels of the United States of America shall be admitted and hospitably received at the principal settlements of the British dominions in the East Indies, viz. Calcutta, Madras, Bombay, and Prince of Wales' Island; and that the citizens of the said United States may freely carry on trade between the said principal settlements and the said United States, in all articles of which the importation and exportation respectively, to and from the said territories, shall not be entirely prohibited: provided only, that it shall not be lawful for them, in any time of war between the British government and any state or power whatever, to export from the said territories, without the special permission of the British government, any military stores or naval stores, or rice. The citizens of the United States shall pay for their vessels, when admitted, no higher or other duty or charge than shall be payable on the vessels of the most favoured European nations; and they shall pay no higher or other duties or charges on the importation or exportation of the cargoes of the said vessels, than shall be payable on the same articles when imported or exported in the vessels of the most favoured European nations.

“ But it is expressly agreed that the Vessels of the United States shall not carry any articles from the said principal settlements to any port or place except to some port or place in the United States of America, where the same shall be unladen.

“ It is also understood that the permission granted by this article is not to extend to allow the vessels of the United States to carry on any part of the coasting trade of the said British territories; but the vessels of the United States having in the first instance, proceeded to one of the said principal settlements of the British dominions in the East Indies, and then going with their original cargoes, or any part thereof from one of the said principal settlements to another, shall not be considered as carrying on the coasting trade. The vessels of the United States may also touch for refreshments, but not for commerce, in the course of their voyage to or from the British territories in India, or to or from the dominions of the Emperor of China, at the Cape of Good Hope, the Island of St. Helena, or such other places as may be in the possession of Great Britain in the African or Indian Seas; it being well understood that, in all that regards this article, the citizens of the United States shall be subject, in

"all respects, to the laws and regulations of the British government, from time to time established."

XII RULES.—MAY 1, 1821.

The Right Honorable the Governor in Council having been pleased to resolve, that the Export duties charged upon Foreign Vessels shall be hereafter regulated by the rates levied in Bengal, and also that a Drawback shall in certain cases be allowed on Cotton Piece Goods exported upon British or Asiatic Vessels, the following rules are laid down for the conduct of the Officers of Customs.

I.—Goods exported from Madras in Foreign European or American bottoms, shall be chargeable only with the aggregate rates of duty specified in the annexed Table.

II.—On this principle, if the Goods shall already have paid a duty exceeding the Tabular rate, the difference is to be allowed as Drawback.—If the duty already paid upon the Goods shall

not amount to the Tabular rate, the difference shall be levied as Export duty, provided always, that such Export duty upon Cotton Piece Goods and Sugar shall never exceed 5 per cent. and upon other Articles 8 per cent.

III.—Goods exported from the subordinate Ports on Foreign European or American Vessels, shall be charged only with the rates mentioned in the Table according to the Tariff of the Port, but the Certificates of Inland or of Sea Import duties shall be received in part payment.

IV.—Piece Goods manufactured entirely of Cotton, exported on British Vessels, or on Vessels belonging to the Native Inhabitants of the British Territories, or to subjects of the Native Powers of Asia, from Madras or from the subordinate Ports, shall in like manner be subject only to a duty of $2\frac{1}{2}$ per cent. and shall be allowed such a Drawback as may reduce the duty already received to that rate.

V.—No Drawback shall be allowed upon any Goods unless applied for at the time of Exportation, and unless they are exported to places not subordinate to this Presidency.

VI.—Returned Cotton Piece Goods shall in all cases pay full import duties "de novo."

VII.—For the purpose of making the before mentioned adjustments at the Port of Madras, it is absolutely necessary that the duties paid upon Importation by Land should be properly certified, the Collector of Madras shall therefore, within a reasonable time after application shall be made to him, and upon his being satisfied of the identity of the Goods, grant printed Certificates in the following Form for all Articles which may have passed his Office.

MEDICAL FUND.

 James Annesley, } and
 William Scot, } Joseph Cox.
 William Scot, Secretary.

Agents in Europe : Messrs. Fletcher, Alexander and Co.
 An Institution entitled the "Madras Medical Fund" was formed in the year 1807, by the Medical Officers of this Establishment; the principal objects embraced by it, are
 To afford a subsistence to the widows, and legitimate children of subscribers to the Fund, who may die in circumstances of indigence, and distress;

To assist subscribers who are obliged to return to Europe in consequence of ill-health;
 And to afford to the senior subscribers on their retiring from the Service, annuities for life, under certain limitations, and depending on the state of the Funds.

The Medical Fund grants to the widows of subscribers who may die in circumstances of indigence and distress, and who are in other respects entitled to aid from the Fund, such sums as will make up their respective annual incomes to the undermentioned sums, viz.

1st. Widows of subscribers of the rank of Surgeon;
 2d. Widows of subscribers of the rank of Assistant Surgeon, who had subscribed prior to the 5thth January 1815;

3d. Widows of subscribers, of the rank of Assistant Surgeon, of 15 years standing, are respectively entitled to such sums as shall make up their incomes to three hundred pounds per annum.

And 4th, To the Widows of Assistant Surgeons who became Members subsequent to the 5th of January 1815, and who have not been 15 years in that rank, the Fund affords such assistance as will make their income, two hundred pounds per annum.

To the legitimate Children of deceased subscribers, under circumstances entitling them to assistance from the Fund, it is granted at the following rates.

To Children under six years of age, the income is made up to 10 pounds per annum, but if a child have lost both its parents, the sum is made up to 30 pounds per annum; and in the latter case the Trustees act as guardians to the orphan, if necessary.

From the age of six, to twelve years, the sum is made up to forty pounds per annum—and from 12 to 16 years of age for males, and from 12 to 21 years of age for females, or till their marriage, to seventy pounds per annum.

To subscribers who find it necessary from ill health to return to Europe, and who procure the sanction of Government for that purpose, such assistance is afforded as shall make up the income of a Surgeon to the annual sum of three hundred pounds; and if an Assistant Surgeon, to the annual sum of two hundred pounds both for a period not exceeding three years.

To the senior subscribers retiring from the Service, if the Funds admit, annuities are granted of 400 pounds, for life.

Widows, pensioners on the Fund, marrying, thereby forfeit their pensions; but on again becoming Widows, they are entitled to assistance, on furnishing the required affidavits.

Medical Officers, who are in other respects eligible, and wish to enter the Fund, are received as subscribers from the date of their admission on the establishment; they are required to pay by easy instalments, a donation on entrance, equal to one month's pay and allowances, as obtains in the Military Fund and their subscriptions of 14 rupees a month commence from the date of their admission—If any gentleman neglects to apply to be admitted into the Fund, within 6 months from the date of his admission on the Establishment, he is thereby excluded and after that term, he can only be received, by the votes of the subscribers at large; he will then have to pay the whole amount of his subscription and donation, accumulated by compound interest, from the date of his admission on the establishment; his name will be placed at the bottom of the list of those, who have subscribed at the time of his application being submitted to the Quarterly Meeting; and the expenses incurred by submitting his application to the subscribers at large shall be defrayed by the applicant.

Printed copies of the Fund Deed are to be purchased at the Office of the Madras Gazette; and information respecting the Fund is to be obtained at the Secretary's Office, (at the Medical Board Office) between the hours of eleven and three daily.

To the Secretary to the Medical Fund.

Sir,

I have the honour to request that you will state to the Trustees of the Madras Medical Fund, that I am desirous of becoming a Subscriber to the said Fund, being the date of my admission on the Establishment of Fort St. George.

Fort St. George, 1822. I have the honor to be,

Sir,

Your obedient humble Servant,

Assistant Surgeon on the Madras Establishment, do hereby declare an Oath that my age at the time of admission on the Establishment did not exceed thirty two years; and that to the best of my knowledge, I am free from any disease which endangers my life, or renders me ineligible to become a Member of the Medical Fund.

Sworn to this day of before me,

We hereby declare on Oath that we are of opinion that Mr. Asst. Surgeon is free from any disease which endangers his life, or renders him ineligible to be a Member of the Medical Fund.

SIGNALS FOR SHIPS OR VESSELS IN THE OFFING.

SIGNALS respecting Ships or vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort Square of Fort St. George, on which there are three Signal Staffs. One consisting of an upright Mast, representing the East point of the compass with a yard slung by the middle across, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts and of one Mast.

An ensign, or square national flag, represents a Ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad national pendant, terminating in one point, represents a Sloop or Cutter, of one mast.

If either of these flags are hoisted to top of the upright Staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yards, the vessels seen are in the North or South Quarters of the compass.

The number of Ships that appear in the offing, are expressed by pendants. A white pendant signifies one Ship or Vessel; red and white pendant, two vessels; a red pendant, pierced with white, three vessels; and a yellow pendant pierced with blue, four Vessels; when the number of vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the Vessels in sight are men of War in the East Quarter, one of the numerical pendants will fly from the national flag of the upright staff; if in the North or South Quarters, the pendants will fly at the extremity of the yard arm over the national flag, hoisted on the stay of the North or South arms of the cross yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the national flag. If the Ships are Indiamen, a blue pendant will be displayed as usual under the Union flag of the Fort.

If a fleet is in sight, one Gun will be fired after the Signal for the Fleet is made, and if there are two Fleets of different nations in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a gun.

A Packet is announced with a blue flag pierced with yellow, hoisted to the extremity of the Staff or Arms, expressive of the Quarter she is in.

The annexed Plate represents the Flag of all Nations, that

trade to Madras : in the upper corner of which is represented the flag staff and yard, and the manner in which the signals are made to express ships or vessels discovered in the North, South, and East Quarters of the compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward : the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Snobs in the North Quarter, and a French broad pendant hoisted to that stay of the South Arm of the cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the compass.

If the numerical pendants, instead of flying at the extremity of the staff, are hoisted under the national flag, in the manner expressed by the letter M they will describe the same class of vessels to be Merchantmen.

N. B.—The blue pendant flying under the Union flag of the Fort, with the St. George's Colours hoisted upon any one of the signal staffs, expresses an Indiaman. A yellow pendant flying under the Union flag with either of the three white flags hoisted under any of the signal staffs, represents a Spanish vessel ; and if a red pendant flies in the place of the yellow pendant, it will express a Portuguese. A blue and a yellow pendant flying over the national flag, represents a fleet of Men of War, and under it a fleet of Merchantmen.

LIGHT HOUSE.

The Light House on the exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Government, in December 1796, and is of essential service to Ships coming into the roads in the night.

The Light is 90 feet above the level of the Sea at high water, it can be seen from the decks of the Honorable Company's Ships about 17 miles, and from their mast heads near 26 miles.

The South part of Pulicat shoal bears from the Light House N. by E. half E. distance 12 miles ; and to keep clear of the shoal the light should always bear to the Westward S. S. W.

GENERAL PHENOMENA OF THE HEAVENLY BO-

DIES, in the YEAR 1824.

JANUARY.

I. Of the Sun and Planets. On the 2d of this month, the Moon passes the Planet Mercury; on the 7th Venus passes the star Beta in the Scorpion; on the 10th the Moon passes Beta of Pisces, and on the 15th the Planet Jupiter. On the 16th the Moon is eclipsed invisible at Madras. On the 18th Saturn is stationary; on the 21st the Sun enters the Constellation Aquarius; 24th, Mercury is stationary; on the 26th the Moon passes Antares the bright Star in the Scorpion; on the 29th the Georgian Planet; and on the 31st the Planet Mercury. On the 19th Mercury is at the greatest elongation east of the Sun, and passes the meridian about 17 minutes after one o'clock in the afternoon. Venus is a Morning Star, and rises about three hours after midnight. Mars is on the meridian at 5 o'clock in the morning; Jupiter towards the beginning of the month at 11, and Saturn at 8; on the 3d the Georgian Planet passes the Sun.

II. Of the Stars at 8 o'clock P. M. The Firmament at the beginning of the year presents a magnificent appearance, many of the brightest Constellations being now above the horizon---Near the meridian we see the Zodiacal Constellations of Aries and the Bull, the former to the westward, and the latter to the eastward? Under the meridian to the north is the Constellation of Perseus, to the South the Eastern part of the Whale, and the middle of the River Eridanus. Aldebaran the bright (red) Star in the Bull is about an hour and a half to the Eastward of the meridian---the Pleiades are a little to the westward of Aldebaran; further east are the Zodiacal Stars Castor and Pollux and the whole of Cancer---the head of the Lion is just beginning to appear above the Eastern horizon. To the North is the Constellation of Auriga,

with its bright Star Capella : to the eastward is the Lynx and the Western half of the Great Bear : South and East of Taurus is the magnificent Constellation of Orion. Sirius in Canis Major, the brightest Star in the Heavens, follows close ; and also Procyon in Canis minor : a part of the Ship Argo, with its bright Star Canopus, is also above the horizon to the eastward. On the west of the meridian, besides Aries, we see the Zodiacal Constellations of Pisces, Aquarius and Capricornus, the latter in the horizon : North of Aries are seen the Constellations of the Fly, the Great and Little Triangles, Andromeda, Cassiopeia, Cepheus, and a part of the Dragon. West and to the Northward of Pisces, is the Constellation of Pegasus—west of which and cut by the horizon is the Swan, while the Eagle has just disappeared to the westward. To the South of Aries we find a part of the Whale—more South the Phoenix, and still more, the bright Star Achernar in Eridanus,—South and westerly of the latter is the Toucan : westward of the Whale is seen the bright Star Fomalhaut in the Southern Fish, and South of that Star, and near the horizon to the westward, is the Constellation of the Crane.

FEBRUARY.

I. Of the Sun and Planets. On the 11th of this month the Moon passes the Planet Jupiter ; there having been several occultations of small Stars before this date, and on different days till the 15th, when the Planets Mercury and Mars are stationary. On the 19th the Sun enters the Constellation Pisces ; on the 22d the Moon passes Antares ; on the 25th the Georgian Planet ; on the 26th Venus ; and on the 27th Mercury. On the 26th also the Planet Jupiter is stationary. The Planet Mercury is at the inferior conjunction, on the 3d. Venus is the Morning Star, and rises about three hours before the Sun. Mars is the meridian before four o'clock in the morning ; Jupiter nine at night ; on the 7th Saturn is in quadrature with the Sun and passes the meridian before 6 p. m., the Georgian Planet passing at about 10 o'clock in the forenoon.

II. Part of Orion is now under the meridian. Rigel on its brightest Stars is just passing—on the North, Capella

passed the meridian but a short time ; beta in Taurus is a very little East of it ; the Stars which were on the meridian at 8 o'clock last month are now two hours distant from it to the Westward. The Constellations of the Dragon and Swan to the North—with Aquarius, the Southern Fish, the Crane and Toucan on the South, have all disappeared below the horizon to the westward—while to the eastward, we find the Constellations of the Lion, the Great Bear, and the Ship almost wholly above the horizon.

MARCH.

I. Of the Sun and Planets. On the 9th of this month the Moon passes Jupiter, and before this to the 20th several small stars are occulted by her. On that day the Sun enters Aries, when it is equal day and night all over the Earth.—The Southern Polar Regions would now begin to be deprived of the light of the Sun, did not the refractive power of the atmosphere still keep the image of that Luminary above the horizon some time longer. On the 23d the Moon passes the Georgian Planet, having occulted several small Stars since the 20th, and will pass others before the close of the month. Mercury is a Morning Star at the beginning of the month, and rises at about 20 minutes after four o'clock. Venus is also a Morning Star, and rises about three quarters of an hour before Mercury. Mars is in opposition to the Sun on the 25th, passing the meridian about midnight. Jupiter is in quadrature on the 22d, and passes at about 6 p. m. Saturn is on the meridian in the early part of the month at 4 o'clock ; and the Georgian Planet at 5.

On the 30th the Moon passes Mercury; this Planet is at the superior conjunction on the 12th. Venus is still a Morning Star rising after 4 o'clock. Mars passes the meridian at 11 p. m. Jupiter about 5, and Saturn at 2. The Georgian being in quadrature on the 5th and passing the meridian at 6 o'clock in the morning:

Aries, a part of Cassiopeia, and almost the whole of the Whale have disappeared to the Westward—Taurus and Perseus approach the Western horizon—The Lion, the Stars Sirius, Capella and Canopus are about midway—while Procyon and Pollux are between the meridian and the Stars just named.—The Lion is now approaching the meridian to the Eastward. The Zodiacal Constellation of the Virgin (its bright Star Spica) and Bootes (in which is the bright reddish Star Arcturus) nearly the whole of the Centaur, and of the Cross, are now clearing the horizon to the Eastward;

MAY:

I. *Of the Sun and Planets.* On the 3d the Moon passes the Planet Jupiter: on the 5th Mars is stationary: on the 17th the Moon passes the Georgian Planet. On the 21st the Moon enters the Constellation Gemini; on the 22d Mercury is stationary; and on the 31st the Moon again passes Jupiter. Mercury is at the greatest elongation East of the Sun on the 10th, and passes the meridian at 11h. 28m. p. m. Venus a Morning Star rises at about one hour and a half before the Sun. Regulus its brightest Star, having passed about an hour: the western Stars in the square of the Great Bear, called the Pointers from their pointing to the Pole Star, are now near the meridian, which ascends the Hydra. Cassiopeia, Perseus, nearly the whole of Taurus, part of Orion, of the Crane and the Ship Argo, have disappeared below the horizon to the westward. The Virgins near the meridian—the Serpent, the Northern Crown, and the Zodiacal Constellation Libra are far above the horizon to the eastward—and the head of the Dragon, part of Hercules, and Antares, the bright (red) Star in the Scorpion are cut by it.

JUNE:

I. *Of the Sun and Planets.* On the 5th Venus passes Saturn; on the 13th the Moon passes the Georgian; on the 15th Mercury is stationary—the Sun enters Cancer on the 21st, being the longest day in the Northern Hemisphere and the shortest in the Southern, its duration at Madras is 12h. 46½m. and the duration of the twilight about 1h. 23m. The Sun rising at 5h. 37m. and setting at 6h. 23m. The regions about the North Pole have already enjoyed the presence of the Sun three months, without his having set. That Luminary is now at his greatest altitude, and performs a circle round the horizon of the Pole, at an elevation of 23½ degrees; he continues above the horizon, but gradually approaching it, three months longer, when he is lost sight of, and begins to illumine the Southern Polar Regions, which had been deprived of his light, during the six months he was to the northward of the Equator; but the Great and Beneficent CREATOR of the Universe, with His usual attention to the wants of those He has created, has so ordered the motion of the Moon, that when the Sun is absent from either of the Polar regions, that region has the benefit of this luminary when at the full; and it is only, when her light is so faint as to be of little use, that she is to be found in the Hemisphere illuminated by the Sun. On the 26th the Moon passes Venus. On the 27th the Sun is eclipsed invisible at Madras; and on the 28th the Moon passes Jupiter. Mercury is at the inferior conjunction on the 3d and becomes a Morning

ing Star. Venus is also still a Morning Star, but approaching the Sun. Mars now passes the meridian at 7 p. m. Jupiter at 2 p. m. Saturn at about 11 A. m. and the Georgian at 3 o'clock in the morning.

At the beginning of this month at 3 o'clock in the evening, we find the Zodiacal Constellation of the Virgin cut by the meridian, with the Stars of Charles's Heart, and Alioth in the tail of Ursa Major on the north; and the Hydra, Centaur, and Cross on the South. The Zodiacal Constellation of the Scorpion is above the horizon to the eastward; as are the Dragon, Hercules and Serpentarius to the north. The Stars Arcturus and Spica now approach the meridian; while Antares in the Heart of the Scorpion and Vega in the Harp are nearer the horizon to the Eastward. The brilliant Constellation of Orion the greater part of the Ship, and the Stars Aldebaran and Sirius, have disappeared. JULY.

I. *Of the Sun and Planets.* On the 10th the Moon passes the Georgian; on the 11th the Moon eclipsed invisible at Madras: on the 19th Venus passes Jupiter; and on the 22d Mercury passes the same planet. On the 21st the Sun enters Leo. On the 24th the Planets Mercury and Venus are seen near together; and on the 26th the Moon passes Jupiter. Mercury is at the superior conjunction with the Sun on the 26th. Venus on the 29th. Mars is in quadrature on the 24, and passes the meridian before 6 p. m. Jupiter is in conjunction on the 15th. II. In the beginning of this month at eight o'clock in the evening, the Zodiacal Constellation of Libra is on the meridian, the brightest Star Zubenesh, having not long passed. On the north, the western part of the Dragon and the eastern part of Bootes are cut by the meridian; on the south the eastern Stars of the Hydra and of the Centaur are passing. The Northern Crown, the Serpent, the Star Antares in the Scorpion, with the Southern Triangles and Altar, approach the meridian. More to the Eastward, and in the northern hemisphere are seen, the Constellations Serpentarius, Hercules and the Harp—the Star Vega the latter being of great brightness—The Swan is east of the Harp—and the Eagle south of the Swan—more south is the Zodiacal Constellation of Sagittarius, all being nearly at the same distance above the horizon. To the west, almost all the Crab has disappeared; the Great Bear, the Lion and the Centaur approach the horizon; while at some distance above the Lion are seen the bright Stars Arcturus of Bootes and Spica of Virgo.

AUGUST.

I. *Of the Sun and Planets.* On the 7th the Moon passes the Georgian Planet: on the same day Mercury passes Regulus the bright Star in the Lion; Venus passes the same Star on the 15th. The brilliant Constellation of Orion is again above the horizon---the Stars Sirius, Castor, Procyon and Pollux, are about rising---the head of the Great Bear is just above the horizon. The Zodiacal Constellation of Capricornus, with the Harp, the Swan and the Eagle, now approach the horizon to the westward, while half of Sagittarius has disappeared below it. To the westward of the meridian are now seen Cepheus and Pegasus; the Star Fomalhaut and the Constellation of the Crane.

PROSPECTUS of the MADRAS MILITARY FUND.

This Fund, which has been instituted by the Honorable Company's Army at this Presidency, has for its objects;

To provide for the Families of Officers left, by their death, destitute of an adequate maintenance; and to assist Officers unprovided with aid by the Regulations of the Service, or from their own resources, under such circumstances of urgent sickness as renders a voyage to England necessary for the preservation of their lives.

This Institution holds out advantages to Subscribers of so superior a kind, that all Officers of the Madras Army, are invited to become Members of it. It is honored with the Patronage of the Honorable Court of Directors, by whom it is likewise liberally endowed.

It is not to be doubted, now, that the Fund has commenced operations, and the benefits derived from it are fully ascertained, that such Officers belonging to the Madras Establishment, as have not hitherto had an opportunity of becoming Subscribers to so benevolent a Fund, or were unacquainted with its existence, will readily avail themselves of this occasion for contributing, both by their Donations and Subscriptions, to the furtherance of so philanthropic an Institution, of which, though all who contribute to its maintenance, may not themselves experience its benefits, still in the uncertainties of life, it is not impossible, that some so contributing may, at some future period, by an unexpected change of circumstances, partake of its advantages: at all events they will possess the gratification of affording their aid, to a source from whence comfort and support will be derived to the families of many a valuable friend, and cotemporary in the Field.

Officers becoming Subscribers, within the period of six months after their first arrival in India, are not charged with any arrears of subscription; but after the expiration of that period, they are to pay up their arrears from the date of their arrival with compound interest:—Officers who were in the service at the establishment of the Fund, 1st April 1808, are to pay up all arrears from that period, calculated agreeably to the Regulations, and are to furnish affidavits of health.

Any unmarried Officer becoming a Subscriber shall, upon his marriage, pay up the additional Donation attaching to Subscribers who are married; that is, he shall pay 30 days Garrison pay and allowances of the rank he may then hold.

Any Subscriber proceeding to Europe on sick certificate, in conformity to the existing Regulations of the Government of Fort St. George, or such as may be hereafter framed, such Of-

ficer not being provided with passage money by the Regulations of the Service shall, on making oath that he does not possess the means of paying for his passage, be entitled to receive from the Military Fund the passage money regulated for his rank; and on a similar declaration, on oath, to the Agents in England, he shall be entitled, on his return to India, to receive the sum regulated for the outward passage.

Any Subscriber so proceeding to Europe on sick certificate, being provided with a passage, either at the public expense, or as above recited, who shall moreover make oath that he does not possess the means of purchasing the requisite clothing and equipment for the voyage, shall be entitled to receive from the Fund a further sum not exceeding 200 Pagodas; but not to any further sum on account of equipment on his return to India. No Officer, although a Subscriber, who may proceed to Europe on furlough, and fall sick during such absence, is entitled to any of the benefits of the Fund, which are exclusively confined to Officers quitting India on sick certificate.

Subaltern Officers who may proceed to England on Sick Certificate, and who shall make oath that they do not possess property which will produce an Income, including their pay equal to £140 per annum shall be allowed such sum annually as with their Pay, and other resources will make up that amount during the period of furlough as regulated by the Court of Directors.

No Subscriber eligible to receive passage money or equipment allowance more than once in eight years, but in cases of urgent sickness which may occur within that period will be entitled to receive an advance equal thereto as a loan.

Officers who shall have subscribed to the Fund for a period of 8 years, are entitled to loans under the following circumstances; should the state of the Funds admit of it.

A Subscriber being desirous to send his Wife and Children to Europe or in the case of a Wife and Child returning from Europe shall be allowed a loan equal to the amount of 24 months subsistence of the rank he then holds, provided he shall have previously deposited with the Directors an irrevocable order engaging to repay the amount so borrowed, with interest at 8 per cent. within 22 months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the Fund, a Personal Bond, in which he shall be joined by two Securities to be approved by the Directors, and assignment on any property he may possess.

A Subscriber who may be desirous to remit money to his Wife or Children in Europe, shall be allowed to receive an Order on the Agents of the Fund in England for any amount which

he may have previously paid into the Fund here, either by Instalment or otherwise, provided always that any loss by exchange or otherwise shall be borne by such subscriber.

A Subscriber proceeding to Europe on sick certificate with his Wife and Children shall be authorised to apply for the regulated passage money for such Wife and children, to be advanced by the Military Fund as a loan; such loan, however, can only be advanced upon the Personal Bond of the Subscriber, including two Securities to be approved by the Directors. The amount to be repaid within two years after the Subscriber's return to India, provided he may have attained the rank of Captain; otherwise within two years after he shall have attained that rank, and the Securities to be bound to make good any balance or deficiency in the event of the Subscriber ceasing to be a Member of the Fund, by death or otherwise, before the bond is discharged.

8th.—Passage money to widows is discontinued, except in cases where it may be certified to be absolutely necessary for the widow to proceed to Europe for the recovery of her health, but the amount at present allowed for passage money, may be advanced to such widows as may declare upon oath that they have not the means of defraying their passage, such advance to be repaid with interest at 5 per cent, by instalments, at the rate fixed in Table C. annexed to the 3d proposition.

9th.—Passage money for children is reduced, from £100 to £60 for each child, and when more than one child go home together the allowance will be still further reduced in the following ratio, viz by £3, £9, £18, £30, £45 as there may be 2, 3, 4, 5, or 6 children going together respectively, and in the same ratio for any greater number.

10th.—The former rates of annuities to children are re-established for those whose mothers are living, and the ages fixed for the three classes modified according to the following Table.—The existing rates are continued to children bereft of both parents, and to children who from absolute or legal necessity may be separated from their mothers.

12th.—Article 6th, Section the 4th, of the existing regulations which limits the grant of personal benefit to sick officers to once in eight years is rescinded.

13th.—The allowance granted for equipment to officers returning to England on sick certificate is reduced to 400 Rupees for each officer, 200 Rupees to his wife, and 100 Rupees more for each child accompanying him.

14th.—Income allowance to sick subaltern officers at home is increased to such officers as are married, or to widowers having offspring, as follows £20 per annum in addition to each officer for his wife and £10 per annum to each of his children, the latter allowance however to be reduced, and regulated in the case of a plurality of children in the manner prescribed in the 11th of the present propositions for annuities to children, provided however that such additional allowance for the whole family never exceed his own income allowance, and that a Captain in like manner being at home on sick certificate with a family receive a similar allowance for his family provided he take the oath prescribed to subalterns and that such allowance never exceed the income allowance of a Lieutenant.—This and the 13th proposition immediately preceding having reference only to legitimate children.

16th.—When the state of the Funds shall be such as to oblige the Directors to have recourse to the 3d Art. 5th Section of the existing Regulations, the widows on the new scale of annuities namely those of the three senior classes, and the children whose mothers are living, are not to be subjected to deductions until the corresponding annuities on the present existing scale shall by such deduction have been reduced respectively to the standard of the new scale, from which period, all annuitants and claimants are to be included in any and every deduction that may be made, under the provisions of the 3d Art. 5th Section of the existing Regulations.

17th.—With the view of securing the Fund against decay and ultimate failure, the original intention in regard to Donations is henceforward to be put in force and strictly adhered to; namely that the Donations paid by officers, be, for the "purpose of forming a capital," and that the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits, be alone available to defray the expenses of the Fund, and that the books and accounts of the Fund be kept to that effect.

18th.—The Secretary shall lay before the Directors at the regular monthly Meeting in November each year an estimated state of the Fund, for the current year, and having taken the same into consideration, the Directors will declare what deduction if any may be required on annuities and claims for the ensuing year.
