Under the Arches of each side, A, have set to 10 of the given rising God, taken from the table of Latitudes, and opposite the top of the arching, as directed in the table, are placed the hours of the Sun's rising and setting, answering to the given Latitude on the right hand in the time of the South setting.

Directions for using a Clock or a Watch by Sun-dials. First by the Table of Time of the equal Clock or Watch of the Sun's rising or setting every day in the year.

The Table shews the apparent Time when the Sun's centre is on the Horizon of the Latitude of Boston, by common Mean Time, by which Clocks and Watches are usually regulated. Note the Table is for 4 months, and as the Time differs nothing to speak of in two days, the Time of rising or setting of the Sun, for the intermediate days, may be found sufficiently near by the eye.

The reason of the Sun's rising and setting at the same time, on the same day of the month in different years, is because every fourth year the Sun appears to the eye to be half an hour's space too slow. Therefore the Time by the Clock or Watch is noted down for the 1st year, but in the 2d year the Sun is observed to rise by the Clock or Watch half an hour sooner, &c. and in the 3d year an hour sooner, &c. and in the 4th year an hour later, &c. as the Table shews. And as there is a difference between the days of the Month and the Moon's returning to setting point before, will shew when the Clock or Watch is to give the Moon's rising and setting to the same time of each day. Thus by and by Tables are constructed and set.

SIGNALS for SHIPS or VESSELS in the OFFING.

Signals respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Post Signals of Fort St. George, on which there are three Signal Staffs. One consisting of an upright Mast, representing the East point of the compass, with a yard hung by the middle across, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals; Vessels of three Masts, of two Masts and of one Mast.

An ensign, or square national flag, represents a Ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad national pendant, terminating in one point, represents a Sloop or Cutter, of one mast.

If either of these flags are hoisted to top of the upright Staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yards, the vessels seen are in the North or South Quarters of the compass.

The number of Ships that appear in the offing, are expressed by pendants. A white pendant signifies one Sail of Vessel; a red and white pendant, two vessels; a red pendant, pierced with white, three vessels; and a yellow pendant pierced with blue, four vessels; when the number of vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the Vessels in sight are men of War in the East Quarter, one of the numerical pendants will fly from the national flag staff, the upright staff; if in the North or South Quarters, the pendants will fly at the extremity of the yard crossing the national flags hoisted on the key of the North or South arms of the cross yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the national flag staff. If the Vessels are Indians, a blue pendant will be displayed as usual under the Union flag of the Fort.

If a fleet is in sight, one Gun will be fired after the Vessel or the Fleet is made, and if there are two Fleets of different Nations in the same point of the compass, the signal of the first seen from Fort will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Peake is announced with a blue flag pierced with yellow, hoisted on the extremity of the East or Arm, opposite of the Quarter the Ships.

The annexed Plate represents the Flag of all Nations, that trade to Madras; in the upper corner of which is represented the Jack staff and yard, and the manner in which the Signals are made to express ships or vessels discovered to the North, South and East Quarters of the compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, denotes the last sale of British Men of War appear in the Eastward; the Dutch flag of two points or swallow's tail hoisted on the key of the Northern staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Flutes in the North Quarter; with a French broad pendant hoisted on that key of the South Arm of the cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the compass.

If the numerical pendants, instead of flying at the extremity of the yard, are hoisted under the national flag, in the manner expressed by the letter M, they will describe the same sizes of vessels to be Merchantmen.

N. B.—The blue pendant flying under the Union flag of the Fort, with the St. George's Colours hoisted upon any one of the three signal staffs, expresses an Indiaman. A yellow pendant flying under the Union flag with either of the three white pendants hoisted under any of the Signal staffs, expresses a Spanish vessel; and if a red pendant flies in the place of the yellow pendant, it will express a Portuguese. A blue and a yellow pendant flying over the national flag, represents a fleet of Men of War, and under it a fleet of Merchantmen.

LIGHT HOUSE.

The Light House on the exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Government, in December 1796, and is of essential service to Ships coming into the Roads in the night.

The Light is 90 feet above the level of the Sea at high water; it can be seen from the decks of the Honorable Company's Ships about 17 miles, and from their mast heads near 20 miles.

The South part of Pallaut Sand bears from the Light House, N. 45° E. half E. distance 12 miles; and to keep clear of the Sand the Ship should always bear to the Westward S. S. W. ½ W.

A POLYMETRICAL TABLE,

ABSTRACT *of an* ACT *passed in the thirty third Year of* HIS LATE MAJESTY, *Cap.* 52, *Sec.* 70, *precluding the* RETURN *to their* DUTY *of the* CIVIL *and* MILITARY SERVANTS, *after an absence of Five Years.*

And be it further enacted, that no person who shall have held any Civil or Military station whatever, in India, in the service of the said United Company, being under the rank or degree of a Member of Council, or Commander-in-Chief of the Forces, and who, having departed from India by leave of the Governor General in Council, or Governor in Council, shall not return to India, within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in India, either in the European or Native Corps of Troops, or in the Civil line of the Company's Service; unless, in the case of any Civil Servant of the Company, it shall be proved, to the satisfaction of the Court of Directors, that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India, by a vote or resolution passed by way of ballot, by three parts in four of the Proprietors assembled in General Court, specially convened for that purpose, whereof, eight days previous notice of the time and purport of such Meeting shall be given in the London Gazette, or unless, in the case of any Military Officer, it shall be proved, to the satisfaction of the said Court of Directors, and the Board of Commissioners for the affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident.

EXTRACTS *from the* REGULATIONS *respecting* MILITARY OFFICERS *retiring from the* COMPANY'S SERVICE.

EVERY Officer after twenty-five years service in India, three years for one furlough being included, is allowed to retire with the pay of the rank to which he has attained; but such pay is to be the same only as that allowed to Officers of Infantry.

A Member of the Medical Board, who has been in that station not less than two years, and not less than twenty years in India, including three years for one furlough, is permitted to retire from the service, and allowed £500 per annum.

A Surgeon of a General Hospital, or Superintending Surgeon, who has been in that station not less than two years, and whose period of service has been not less than twenty years, including three years for one furlough, as above, is permitted to retire from the service, and allowed £300 per annum.

All other Surgeons and Assistant Surgeons attached to the military, are permitted to retire from the service on the pay of

their rank, after having served in India not less than twenty years, including three years for one furlough.

A Chaplain after eighteen years service in India, (ten of which at a military station,) including three years for one furlough, is allowed to retire with the pay of Major.

A Chaplain having served ten years in India, whose constitution will not admit of his continuing in the service, may retire on the half-pay of Major; after seven years on the half-pay of Captain.

A Commissary, or Deputy Commissary of Ordnance, not being a Commissioned Officer, is allowed to retire on full pay, if he has served twenty-seven years in India, of which twelve must have been in the ordnance department; twenty-five years, fourteen of which in that department; or twenty-two years, seventeen years of which in the ordnance department.

A Conductor of Stores is allowed to retire on £60 per annum after twenty-five years actual service in India.

Every Lieutenant Colonel, Major, or Captain, is allowed to retire with the *half pay* of the rank to which he has attained, in case his health shall not permit him to serve in India, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

A Lieutenant having served thirteen, or an Ensign nine years in India, including three years for a furlough, may retire on the *half-pay* of his rank, in case his health shall not permit him to serve in India.

A Subaltern Officer, or Military Assistant Surgeon, having served six years in India, is permitted to retire on the *half pay of Ensign*, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

Every Officer returning on furlough, and wishing to retire from the service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must at the expiration of his furlough, either return to India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of *two years*, without having a furlough; in that case he is allowed two years before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Officers retiring from the service, will be considered to have retired from the date of their application, for leave to retire; or from the expiration of two years from the date of their landing in England, whichever shall happen first.

97

FURLOUGH.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness and as hereafter specified) to their rotation to be absent on furlough, and the same rule is applicable to Assistant Military Surgeons. The furlough to be granted by the Commander in Chief at each Presidency, with the approbation of the respective Governments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A chaplain after seven years residence in India, is allowed to come home on furlough and receive the pay of Major. Should he come home from sickness, prior to this period of service, he is allowed the pay of Captain only.

A Conductor of Stores is allowed furlough pay, only in case of coming home from sickness.

Officers coming to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the Ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the Officer to his Presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years furlough, unless they shall have obtained an extension of leave from the court, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be proved to the Court, that a further residence in Europe is indispensibly necessary.

All Officers finding it necessary to solicit a further leave of absence, on account of sickness, (if in London or its environs), are required to wait upon Dr. Chambers, the Company's Examining Physician, who will make a report to the Committee of Correspondence upon such Officer's case; (if in the country) they must transmit with their letter of application for such leave, a certificate, signed by at least two Gentlemen, eminent in the Medical Profession, describing the nature of the applicant's complaint, and stating it to be their opinion, upon honor, that the circumstances of the case render a compliance with his request absolutely necessary. Also previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or, by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty, on account of sickness, are to fur-

nish a certificate of two eminent physicians, with the attestation of a Magistrate, that the persons who signed the certificate are Physicians.

Officers having obtained an extension of furlough to a given period, must at the expiration apply for permission, either to return to their duty or to reside a further time in England.

No Officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years absence under the Act of the 33 Geo III. cap 52 sect. 70.

Every Officer upon leaving India, will receive a printed copy of the General Order on this subject, published agreeably to the court's instructions, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; officers therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong, within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than two years and a half from the period of his quitting India excepting Colonels of Regiments, and those of the rank of Lieutenant-Colonel regimentally, when promoted to that of Major General; the latter are then allowed to draw the pay of their brevet rank beyond the above period.

Officers returning to India.—*Regulations as to the Charge of Recruits.*

At a Court of Directors, held on the 29th December 1820:—Resolved, that whenever a detachment of Company's recruits, to the extent of thirty men, shall be embarked on any one ship, they be placed in charge of the senior Company's officer, not exceeding the rank of a field officer, who shall have obtained permission to return to his duty on the ship, within at least seven days of the period fixed for her leaving Gravesend:—that the officer proceed with the men from the depot:—That, as a remuneration for this service, he be granted the passage-money of his rank:—And that the commander of the ship be authorized to draw on the Company's paymaster for the same.

No candidate for the College can be nominated thereto, until he has completed the sixteenth year of his age. And no person who has been dismissed from the Army or Navy, or expelled from any place of education, will be nominated to the College.

The parents or guardian of every candidate for the college, will be required to address the following letter to the nominating Director:—

"Sir:—I beg to assure you, on my honour, that my ——, to whom you have been so good as to give a nomination to the college, has not been dismissed from the Army or the Navy; and that he never has been expelled from any place of education.

I have the honor to be, &c."

By the Act of the 33d of Geo. III. no person can be appointed a Writer to the Company's service, whose age exceeds twenty-two years; and by the Act of the 53d of Geo. III all students for the College must remain there four terms;—consequently, no person whose age exceeds twenty can be nominated as a student. All these terms are probationary, but the first is to be considered as such in a particular sense; and if any student shall not, in the judgment of the college council, give satisfaction in that term, he will not be permitted to return to the college.

Candidates for the college must produce the undermentioned documents, previously to their being nominated as students.

An extract from the parish register of their birth or baptism, properly signed by the minister, churchwarden, or elders; and, in addition thereto,

A certificate, agreeably to the following form, signed by the parent, guardian, or near relation.

"I do hereby certify, that the foregoing extract from the register of baptisms of the parish of ——, in the county of ——, contains the date of the birth of my son ——, who is the bearer of this, and presented for a nomination as a student at the East India College, by —— Esq.; and I do further declare, that I received the said presentation for my son —— gratuitously, and that no money or other valuable consideration has been or is to be paid, either directly or indirectly, for the same; and that I will not pay, or cause to be paid, either by myself, by my son, or by the hands of any other person, any pecuniary or valuable consideration whatsoever, to any person or persons who have interested themselves in procuring the said presentation for my son from the Director above-mentioned."

"Witness my hand, this —— day of ——, in the year of our "Lord ——."

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a Magistrate, to the following effect, viz.

"I —— presented as a student for the East India College, "by ——, do make oath and swear, that I have caused "search to be made for a parish register, whereby to ascertain "my age, but am unable to produce the same, there being now "to be found; and further, I make oath and swear, that from

"the information of my parents (and other relations), which "information I verily believe to be true, that I was born in "the parish of ——, in the county of ——, on ——, in the "year ——, and that I am not at this time under the age of "sixteen, or above twenty years.

"Sworn before me } "Witness my hand, this—day
"this ——— } "of——, in the year of our
"day of ——— } "Lord——"

The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The above mentioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the Candidate, and they are to sign a declaration thereon, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the Candidates respectively.

Candidates are to produce certificates from the person under whom they have received their education, stating the nature of that education, and the proficiency they have made therein; and also certifying as to their mental ability, conduct, disposition and character.

Candidates will be interrogated in an open Committee of College, as to their character, connections, and qualifications, conformably to the General Court's Resolution of 5th July 1809.

On a student's appointment to be a writer, a legal instrument is to be entered into by some one person (to be approved by the Court of Directors) binding himself to pay the sum of £3,000, as liquidated damages to the Company, for breach of a covenant to be entered into that the student's nomination hath not been in any way bought, or sold, or exchanged for any thing convertible into a pecuniary benefit.

Misconduct of students at college, will be attended with expulsion therefrom; and those who do not pass with credit the final examination will not be admitted into the civil service of the company. A student expelled the college will not be admitted into any of the Company's civil establishments abroad, or into the Company's military Seminary.

At a Court *of* Directors, *held on Wednesday the 9th August* 1809.

Resolved, that any person who shall, in future, be nominated to a nomination, either civil or military, in the service of the Company, and who shall have obtained such nomination in con-

sequance of purchase, or agreement to purchase, or of any corrupt pretence whatever, either direct or indirect, by himself or by any other person, with or without his privacy, shall be rejected from the service of the Company, and ordered back to England, if he shall have proceeded to India before a discovery of such corrupt practice be made: and if such situation shall have been so corruptly procured by himself, or with his privity, he shall be rendered incapable of holding that, or any other situation whatever, in the said service. Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

Extract of the late Act (53d Geo. 3d, Cap. 155, Sec. 46.)

"And be it further enacted, that it shall not be lawful for the "said Court of Directors to nominate, appoint, or send to the "Presidencies of Fort William, Fort St. George, or Bombay, "any person in the capacity of a Writer, unless such person "shall have been duly entered at such College, and have resided "there four terms according to the Rules and Regulations thereof; and shall also produce to the said Court of Directors, a "certificate under the hand of the principal of the said College, testifying that he has, for the space of four terms, been "a member of, and duly conformed himself to the Rules and "Regulations of the said College."

The Right Honorable the Governor in Council having reason to apprehend that the existing law against the receipt of Presents from Native Princes and other Natives of Rank is not sufficiently understood, is pleased to publish for general information the following Extract from an Act of Parliament passed in the 33d Year of the Reign of his present Majesty. FORT ST GEORGE, 15th September 1817 } G. STRACHEY, CHIEF SECRETARY.

EXTRACT of a GENERAL LETTER from ENGLAND in the COMMERCIAL DEPARTMENT, dated 7th September 1808

Para. 229.—In our Letter of the 31st October 1788, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business, in order that they might be accountable to us for the propriety of their conduct. The increase which has taken place in the Civil and Military Establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Marter and Mr. William Evans to be Warehouse-keepers of Baggage, subject to our immediate inspection and control, and we have made such arrangements with His Majesty's Board of Customs for ascertaining and paying the duties on Baggage, &c. as will ensure the greatest possible despatch in the delivery of the articles to the respective proprietors.

230. We have also appointed a table of fees and allowances to be received for the discharge of this duty, and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our Servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans, to clear and deliver them their Baggage, Wines, and Presents, as we have directed Messrs. Marter and Evans, to transact every branch of business connected with this department, which will render the Agency of all other persons unnecessary.

232 Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Callicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this country, and such goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue: We direct therefore, that coffee berries be made generally public, and further that Napkins, &c. which contain a coloured stripe however small, are considered to be prohibited and cannot be passed in England as part of their Baggage.

ADVERTISEMENT.

The Right Honorable the Governor in Council having resolved that no ordnance, fire arms, ammunition or military stores of any description shall be purchased or sold by any Individual residing under the protection of the Government of Fort St. George (with the exception of regular Shopkeepers, who may import from England, small arms, battle powder, swords or dirks for sale to their customers,) does hereby order and direct, that all Individuals having any ordnance, fire arms, ammunition, or military stores, which may be intended for sale, with the exception above stated, shall deliver the same at the Arsenal of Fort St. George, where a receipt will be granted by the Officer of Government.

The Individuals will be reimbursed by the Government the full value of all articles so delivered, on their making application at the Office of the Military Board.

It is the desire of His Lordship in Council to obviate the inconvenience which the regulation might produce to Individuals who may require arms, ammunition, &c. for the protection of ships or other vessels that may be employed in Trade.—It is therefore hereby notified, that articles will be supplied from the Arsenal when it may not be inconvenient, under the usual authority of Government and the Military Board.

from 1 to 2 double,
2 to 3 treble,

and so on in arithmetical progression as far as 26 Rupees, beyond which weight no packet will be received for transmission by Dawk, unless in the cases specified in Sections 10 and 11.

4.—Postage shall be charged on all letters except those exclusively on the Public Service bearing the superscription "On the Service," and bearing the name and designation of an Officer authorized to frank official correspondence written on their envelopes, or such as may have endorsed upon them the signature of a person possessing the privilege of franking private letters.

5.—Government Gazettes to be transmitted post free when forwarded directly from the Press.

6.—The postage shall be paid in advance for all letters and Newspapers to be conveyed beyond the limits of the territories subordinate to this Presidency; but it may be paid on delivery or receipt at the option of the Writer or Editor, (with the exception stated in Section 7.) for all other letters and Newspapers "Post Paid" or "Post not Paid" being written on their envelopes. Should any person refuse to receive a letter addressed to him, it shall be liable to be opened for the examination of the signature in order that it may be returned to the Writer or Individual by whom it may have been sent to the Post Office, and that the direct and return postage may be recovered. The postage of refused Newspapers shall, in like manner, be recoverable from their Editors or other persons by whom they may have been forwarded.

7.—The postage shall be paid in advance for all letters, which Individuals may address on their private affairs to the Public Officers of Government; and this rule shall be understood to include postage of letters transmitting Bills of Exchange, Promissory Notes, Receipts or Government Securities, &c. &c. to the Accountant General, the Treasurer to the Government Bank, or other Public Officer; but the practice thus enjoyed shall be reversed when Public Officers correspond on such subjects with Individuals.

8.—Newspapers received by sea, or from the Editors at Madras for

transmission to any Station to which there is no Banghy, if not exceeding the weight of 3 Rupees, shall be forwarded by Dawk at the postage of a single letter; but Newspapers exceeding the weight of 1 Rupee shall in all practicable cases be forwarded by Banghy.

9.—Packets of Law Papers, Accounts, Certificates of Houses, and Vouchers shall be transmitted at the postage of a single letter, if not heavier than 3 Rupees; at that of a double letter, if not heavier than 6 Rupees; and so on as far as 15 Rupees, beyond which weight they shall be forwarded by Banghy at the rates of postage. Such packets shall be endorsed Law Papers, Accounts, &c. as the case may require.

10.—It shall be at the discretion of the Post Master General, and of the Officers in charge of the Subordinate Post Offices to forward by Dawk to Stations to which there may be no Banghy, parcels not containing letters and not exceeding 30 Rupees in weight at the Banghy rates of postage.

11.—Books printed at the Government Press for the benefit of the Male Asylum shall be forwarded by Dawk, or if practicable by Banghy, at the postage of a single letter, payable at the Stations to which they are directed.

12.—Ship postage shall not be charged on letters for transmission by sea; but letters received by sea shall besides the inland postage be charged 4 Annas, if not exceeding the weight of 1 Rupee; 8 Annas, if not exceeding that of 1½ Rupee; and so on increasing 4 Annas for every half Rupee in weight, but if weighing more than 12 Rupees they shall be considered a packet and charged 3½ Rupees.

13.—The Post Master General shall be authorized to Pay to Masters of Vessels or other Individuals bringing ship letters to the Post Office, or delivering them to persons deputed by him to receive them, a premium of 4 Annas for each letter.

14.—The opening of Mails between Stations is inhibited, except on urgent public occasions, when they must be opened and closed in the presence of the Public Officer deeming such measure necessary, and who shall immediately address an official letter to the Post Master General, and likewise to the Officer in charge of the nearest local Post Office to which the Mails are to be conveyed, stating his motives for so doing.

15.—Expresses are not to be employed except on the most urgent public occasions, when the despatches to be transmitted must bear on the face of them the words, "By Express."

16.—No public despatch exceeding the weight of 3 Rupees shall be forwarded by Dawk on a Banghy route, unless it be endorsed "By Dawk."

17.—Letters not arriving by sea, and parcels not exceeding the weight of 100 Rupees, for persons residing at Madras, will be received at the General Post Office, and delivered at the rate of 1 Anna for each letter and 3 Annas for each parcel.

BANGHY DEPARTMENT.

1.—Banghies are established on the routes from Madras to Calcolie, to Cuddalore, and to Trichinopoly. The two first are despatched on Tuesdays, Thursdays and Saturdays: the last, which proceeds via Poodicherry, Portonovo, and Tanjore, is despatched every day of the week except Sunday.

2.—Parcels or bundles of Newspapers from England or other places, not exceeding the weight of 700 Rupees or the Cube of 1 foot, may be transmitted by Banghy; but those exceeding the cube of six inches shall be charged double postage. The subjoined table shows the rates at which parcels will be forwarded by Banghy.

3.—The payment of letter postage having been evaded by transmitting a number of letters under one cover by Banghy, it is required that parcels be left open at the ends or they will be liable to be examined if suspected to contain letters.

4.—Every precaution is adopted for the security of letters and parcels transmitted by Dawk and Banghy; but it is proper to notify that the Post Office will not be held responsible for their safety.

MARINE DEPARTMENT.

The following Extract of a Letter from Lieut. John Streeter Criddle, 2d Assistant to the Marine Surveyor General, addressed to the Secretary to the Marine Board, at Fort William, under date the 6th of September last, is published for general information.

"With respect to the Armegon Shoal, there is no Flag Staff at that place, "nor can Armegon Hill be discerned from the Southern end of the shoal, "and it frequently happens, that the Pulicat Bills are obscured for many "days—Soundings then become the only guide. I therefore recommend, "that no Ship proceeding down the Coast should come under 12 fathoms, "she will then be from 2 to 3 miles off the shoal, consequently out of "danger."

Madras,
Marine Board Office,
11th November 1816.

By order of the Marine Board.
J. GWATKIN,
Secretary.

The following directions for Vessels approaching the Roadstead of Cuddalore, extracted from the Survey of the local Marine Officer, are published for general information.

In the S. W. Monsoon, the Flag Staff to bear W. b. N. ½ N. in 7 or 8 fathoms, and in the N. E. Monsoon, the Flag Staff to bear West in 8 fathoms, to give room for clearing a reef of rocks, on which the sea breaks at low water, a little to the Southward of the Roads,—which may be known by several Rocks on the beach and in the Surf.

Vessels coming along shore from the Southward should not come under 10 fathoms, till the Flag staff bears N. W. b. W.; when they may haul in for less water—Anchoring to the Southward of the above bearings, ships will have rocky ground.

From the Northward of the Rocks on the Beach, and in the Surf, the reef runs out about ½ of a mile in an E. N. E. direction.

PASSPORT REGULATIONS.

The Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Fort St. George.

2d—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the Name of the person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Pass-

parts of the port where he resides; to the Town Major of Fort St. George, for Military persons belonging to that Garrison; to the Adjutant General of the Army, for all other Military persons leaving the Presidency.

2d—To such Officers Commanding Military stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the records and issue at the Presidency of all Passports to persons not Military.

3d—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank Books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register its receipt in the same manner as on granting one, and if the bearer proceeds further, shall issue a new Passport in exchange, noting on the old one the date of its receipt; and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively, but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passports with the words "Pass to noting the date; entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th—Public Officers having received a Passport authorizing them to *transit post on the public service*, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th—All Public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of further enquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced; (reporting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th—For the convenience of official arrangement all letters relating to Passports shall be superscribed "Passport Service."

Memorandum.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them:

104

The following are supposed to embrace all the material considerations.

1st—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the darbars of independent Native Powers, constitute the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d—No Passport of any foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d—The routes of foreign Travellers for commercial purposes, will be generally by the sea side, and every proper facility should be afforded on that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th—English subjects who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th—All Public Officers who may be authorized to grant Passports, will, as soon as may be practicable after the receipt of these instructions, transmit to the Secretary of Government, descriptive lists of all Europeans not in His Majesty's or the Honorable Company's service, residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the further residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the service, who shall not possess such certificates on the "first day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th—From and after the above date,—no Passport shall be granted to any European not in the service, who *resides or states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license; but Mariners or Traders, whether British or Foreign, *not resident in India*, who may desire to pass from one port to another for commercial purposes, shall be furnished with Passports without hesitation.

N. B.—The certificates should include a description of the person, and should grant conditional permission to reside at the town of "," subject to be sent to Europe at the shortest notice, whenever the Government shall think fit.

Fort St. George, 21st April 1802.

Notice is hereby given, that from and after the first day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council, has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to

the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter or Vagrant of any description.

Fort St. George, May 25, 1799.

In addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport; The Right Honorable the Governor in Council is hereby pleased to give notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2. The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favor of Officers Commanding Parties of His Majesty's, or the Honorable Company's Troops.

3. For the more strict execution of this order, notice is hereby further given, that a reward of Ten Pagodas will be paid to any person, who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

4. The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons leaving the Presidency.

The Residents at Hyderabad, Poonah, Mysore and Travancore, the several Collectors of Revenue, the Commercial Residents residing at Sea Ports, and Officers Commanding Military Stations.

Fort St. George, May 15, 1802.

The Right Honorable the Governor in Council has been pleased to adopt the following modifications in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports at the Police Office in person, and that no Passports be issued to Foreigners, except at the Police Office. All Foreigners residing at any of the out-stations or elsewhere under the authority of the Government of Fort St. George, or who may hereafter arrive, shall without delay report (through the channel of the nearest Magistrate, Collector, or other local authority, their place of residence, occupation, period of arrival and from whence they have last come, to the Police Office at Madras, and any person failing to comply with this notification, will, on discovery be placed under personal restraint.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations, and to see that the order is strictly enforced.

All Passports of whatever description, are in future to be translated into the Malabar, Gentoo and Hindoostanee languages.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

Fort St. George, August 22, 1807.

A. D. 1813. REGULATION I.

A Regulation for determining the import and excise duties on all spirituous liquors manufactured to the eastward of the Cape of Good Hope, which may be imported by sea or land into Madras; and for more effectually preventing the clandestine sale of such liquors.—Passed by the Governor in Council of Fort St. George on the 27th July 1813.

I. Whereas it having become necessary to provide for the better security of the revenue arising from the sale of spirituous liquors within the town of Madras and to assist the operations of police by preventing more effectually the clandestine sale of spirituous liquors manufactured to the eastward of the Cape of Good Hope which may be imported into Madras, the Governor in Council has enacted the following rules for determining the import and excise duties to be levied on such liquors, and for regulating the mode under which they shall be supplied to the retail dealers.

II. *First.* All spirituous liquors manufactured to the eastward of the Cape of Good Hope shall on importation by sea into Madras, in addition to the general duty of 8 per cent be charged with a particular import duty not exceeding 150 Pagodas per leaguer; the actual rate at which this duty shall be collected (provided always that it in no case exceed the amount here mentioned) shall be determined from time to time by the Governor in Council.

Second. When the importers of spirituous liquors may require it, the payment of the particular import duty shall be suspended for a period not exceeding six months from the date of importation, provided the importers lodge sufficient security for the payment of the duty at the expiration of that period; and, in cases wherein the importers may be unable to lodge such security, the liquor shall remain in deposit during the prescribed period of six months, when it shall be sold and, after reducing the amount of the duty and the charges attending the custody of the liquor, the proceeds paid to the owners.

Third. The owners of liquor kept in deposit under the preceding clause, shall be answerable for all charges incurred for godown hire, cooperage or any other account, whether it be ultimately sold or not—also for any wastage that may take place; but they will be allowed access to their property at all reasonable times, and be permitted to take such measures for its security as they may think proper.

III. The collector of sea customs shall keep a register shewing the date of importation, the proof and quality, also the names of the importers and of the purchasers, of all liquor imported by sea into Madras, and shall levy the duties provided for in Clause first, Section II, of this Regulation.

IV. All liquors intended for the use of His Majesty's Navy, or purchased for, or belonging to, the Honorable Company, shall be allowed to pass free of the particular duty provided for by this Regulation on the certificate of the proper officer or the affidavit of the contractors for spirituous liquors that such liquors are intended for the use of the Navy, or of the Honorable Company's Troops, and shall not be applied to any other purpose.

V. *First.* A drawback of the particular import duty, that is to say, of the whole import duty, with the exception of the general import duty of 8 per cent shall be allowed on the re exportation of all liquors manufactured to the eastward of the Cape of Good Hope by sea or land; provided the liquor so re-exported shall be found on comparison with the register to be kept as prescribed by Section III, to correspond in proof and quality with the entry made at the date of its importation.

Second. In the case of the re-exportation of spirituous liquors by land, as well as in the case of their re-exportation by sea, the drawback shall be paid by the collector of sea customs; in the former case the claim to the drawback must be supported by a certificate from the land custom house, signed by the proper officer.

VI. No spirituous liquors shall be removed from the sea custom house to any warehouse, shop, or private dwelling, or from one warehouse, shop or private dwelling to another, without the permit of the collector of Madras, which permit must accompany all liquors removed; but persons having paid the general import duty of 8 per cent and the further duty

provided for in this Regulation, shall be entitled to dispose of it, by wholesale, provided the quantity so sold shall in no case be less than five leaguers.

VII. *First.* The Licensed retail dealers shall be supplied exclusively by the collector of Madras with the quantity of liquor which they may require, at such price as may be from time to time determined.

Second. In addition to the price, or cost of the liquor, an excise duty not exceeding 1 pagoda per gallon shall be paid by the licensed retail dealers and collected by the collector of Madras, (in the manner now in practice) on all spirituous liquors imported from the eastward of the Cape of Good Hope and sold for consumption in Madras,—the actual rate at which this tax shall be collected (provided always that it in no case exceed the rate above mentioned) shall be determined from time to time by the Governor in Council.

VIII. *First.* All persons importing, or selling, or purchasing, or removing, or attempting to import, or sell, or purchase, or remove, liquor contrary to the provisions of this Regulation, as well as all persons who shall attempt to re-export any liquor which, on computation with the register to be kept as prescribed by Section III of this Regulation, shall be found to be inferior in proof and quality to what it was at the time of importation, shall be liable to the payment of twice the amount of the highest rate of excise duty imposed by Clause second of the preceding Section, and all liquor so imported, sold, purchased or removed or re-exported, or attempted to be so imported, sold, purchased, removed or re-exported, together with the casks and carriages employed in removing it, shall be liable to seizure and confiscation.

Second. The amount to be paid under the preceding Clause by persons detected in the illicit importation, sale, purchase, removal or re-exportation of spirituous liquors, together with the proceeds of the property confiscated, shall, after deducting an amount equal to the excise duty payable on the liquor, be divided among the officers of revenue, the informers, and persons making the seizure, in such proportions as may be determined by the board of revenue.

IX. All spirituous liquors, whether of foreign or home manufacture, imported by land into Madras shall be liable to the payment of the land custom above of the general duty of eight per cent and to the further duties herein provided for, as well as to the rules and regulations to which spirituous liquors imported by sea are herein declared to be subject.

X. At whatever rate the Governor in Council shall settle Clause second, Section VII. of this Regulation, direct the excise duty to be collected on spirituous liquors manufactured eastward of the Cape of Good Hope, a duty of the same rate shall be collected on arrack manufactured at Madras usually known by the name of country or *pariah* arrack. The Governor in Council, however, reserves to himself the power of prohibiting altogether the distillation of country or *pariah* arrack at such time and within such distance of the town and dependencies of Madras as to him may appear expedient.

gement and protection of British Indian trade to impose a like duty on goods exported or imported by sea to or from any foreign European settlement, adjoining the territories subject to the Presidency of Fort St. George, The Governor in Council, with the sanction of the Court of Directors of the United Company of Merchants of England trading to the East Indies, and with the approbation of the Board of Commissioners for the affairs of India, has enacted the following rules to be in force from the date of their promulgation.

A. D. 1819. REGULATION VI.

Whereas the Honorable the Court of Directors of the United Company of Merchants of England trading to the East Indies have, in virtue of the powers granted to them by an Act passed in the 37th year of the Reign of His present Majesty, framed a Regulation for carrying on the trade to and from the British possessions in India and the countries and states in amity with His Majesty. It is necessary that all previous enactments of the Government of Fort St. George which may be inconsistent with the said Regulation should be rescinded: and with the view that the provisions of the said Regulation may be duly observed by the courts of justice, and public officers of Government, and may be generally known and understood, it is expedient that the same should be printed and bound up with the Code of Regulations enacted by the Governor in Council of Fort St. George and be likewise translated into the languages of the country.—The Right Honorable the Governor in Council has therefore passed the following rules to be in force from the date of their promulgation.

II. Sections II and III, Regulation IV of 1312, and Regulation I of 1817, are hereby rescinded.

III. The Regulation framed by the Honorable the Court of Directors of the United Company of Merchants of England trading to the East Indies passed by them on the 31st day of December 1817 and entitled a Regulation for carrying on the trade between the British possessions in India and the countries and states at amity with His Majesty, shall be printed and bound up with this Regulation and shall be translated into the languages of the country as prescribed in Regulation I of 1803 concerning Regulations passed by the Governor in Council of Fort St. George.

IV. Nothing in this Regulation shall be construed to affect the provisions contained in the existing Regulations for defining the duties to which the trade of foreign nations is, and shall be subject at the ports and settlements of the British nation in the East Indies.

"Regulation for carrying on the trade between the British possessions in "India and the countries and states in amity with His Majesty, passed "by the Court of Directors of the United Company of Merchants of "England trading to the East Indies this 31st day of December 1817.

"Whereas by an Act passed in the 37th year of the Reign of His pre"sent Majesty entitled an Act for regulating the trade to be carried on "with the British possessions in India by the ships of nations in amity "with His Majesty," it was "enacted that from and after the passing of "that Act, and during the continuance of the exclusive trade of the Unit-

" ed Company of Merchants of England trading to the East Indies and
" during the term for which the possessions of the British territories in
" India is secured to the said United Company, it should be lawful for the
" ships and vessels of countries and states in amity with His Majesty to
" import into and export from the British possessions in India such goods
" and commodities as they should be permitted to import into, and export
" from the said possessions by the Directors of the said Company who
" were thereby directed to frame such Regulations for carrying on the
" trade to and from the said possessions and the countries and states in
" amity with His Majesty, as should seem to them most conducive to the
" interest and prosperity of the said British possessions in India, and of
" the British empire, and that no ship or vessel belonging to any of the
" subjects of states or countries in amity with His Majesty, should be lia-
" ble to seizure, confiscation or forfeiture, or other penalty for exporting
" from, or importing into the said British possessions in India any goods or
" commodities the importation or exportation of which should respectively
" be permitted by the said Regulations, any thing in a certain Act of the
" twelfth year of the Reign of King Charles the second, therein recited to
" the contrary notwithstanding; provided always that it should not be
" lawful for the Directors of the said United Company to frame any Re-
" gulations for the conduct of the trade, which should be inconsistent with
" any treaty or treaties which should have been, or might be entered into
" by His Majesty, his heirs and successors, and any country or state in
" amity with His Majesty, or which might be inconsistent with any Act or
" Acts of Parliament which had been passed for the Regulation of the
" trade and commerce of the said British territories in India, and
" whereas by another Act passed in the 53d year of the Reign of His pre-
" sent Majesty, entitled "An Act for continuing to the East India Compa-
" ny for a further term, the possession of the British territories in India, to-
" gether with certain exclusive privileges for establishing further Regu-
" lations for the Government of the said territories, and the better adminis-
" tration of justice within the same; and for regulating the trade to and
" from the places within the limits of the said Company's charter;" all
" the enactments, provisions, matters, and things contained in any Act or
" Acts whatsoever which were limited, or might be construed to be limi-
" ted to continue for and during the term granted to the said Company by
" a certain Act of the Parliament of Great Britain of the 33d year of His
" present Majesty therein recited, so far as the same or any of them were
" in force and not repealed by, or repugnant to, the said Act of the 53d
" year of His said present Majesty, should continue and be in force during
" the further term thereby granted to the said Company, subject to such
" alterations therein as might be made by any of the enactments, provisi-
" ons, matters, and things in that Act contained.

" The Court of Directors of the United Company of Merchants of En-
" gland trading to the East Indies, in virtue of the powers granted to them
" by the aforesaid Acts, have framed the following Regulation for car-
" rying on the trade to and from the British possessions in India and the
" countries and states in amity with His Majesty.

" I. Foreign European ships belonging to any nation having a settle-
" ment of its own in the East Indies and being in amity with His Majes-
" ty, may freely enter the British ascertained harbours in that country,
" whether they come directly from their own country, or from any of the
" ports and places in the East Indies. They shall be hospitably received,
" and shall have liberty of trade there in imports and exports conformab-
" ly to the Regulations established in such places, provided that it shall
" not be lawful for the said ships, in time of war, between the British go-
" vernment and any state or power whatever, to export from the said Bri-
" tish territories without the special permission of the British government
" any military stores or naval stores, saltpetre, or grain. The said ships
" may also be cleared out for any port or place in the East Indies, but if
" cleared out for Europe shall be cleared out direct for the country in
" Europe to which such ships respectively belong.

" II. Foreign European ships belonging to countries having no
" establishments in the East Indies, may, (when those countries and states

" respectively are in amity with His Majesty) freely enter the ports of
" the principal British settlements in the East Indies, viz. Calcutta, Mad-
" ras, Bombay and Prince of Wales Island only. They shall be hospita-
" bly received, there and have free liberty to trade in imports and exports
" conformably to the Regulations of the place, provided, that it shall not
" be lawful for the said ships in time of war between the British Govern-
" ment and any state or power whatever, to export from the said British
" territories, without the special permission of the British Government,
" any military stores or naval stores, saltpetre or grain, and provided al-
" so, that the said ships proceed from their own ports direct to the said
" principal British settlements without touching at any port or place what-
" ever in the voyage out, except from necessity and merely to procure
" refreshments or repairs in case of distress or accidents in the course of
" such voyage, the burthen of the proof of which necessity to rest on the
" parties.

Second. " The vessels of the said European powers last aforesaid shall
" not carry any of the articles exported by them from the said British ter-
" ritories to any port or place, except to some port or place in their own
" countries respectively where the same shall be unladen. The said ships
" should not be cleared out to carry on the coasting of country trade in
" India, but vessels going with their original cargoes, or part thereof from
" one principal British port of discharge to another principal British port,
" are not to be considered as carrying on the coasting trade.

Third. " The said vessels shall not be allowed to proceed, either with
" or without return cargo, from the said British territories to the settle-
" ments or factories of any foreign European nation in India, or to the
" territory of any Asiatic potentate or power, except from the like neces-
" sity, as is before described, of which the proof shall rest with them,
" nor shall the said vessels be allowed to enter the river in that part of the
" British territory situated in Bengal for any other purpose than that of
" proceeding to the port of Calcutta for trade, refreshment or repairs.

Fourth. " In clearing out for their respective countries, the clearance
" shall be a direct one to the country to which the vessel belongs, and to
" no other whatever.

III. " The trade between the British possessions in India, and the
" United States of America shall be regulated by the convention of com-
" merce between Great Britain and the United States of America signed
" at London the 3d July 1815.

APPENDIX.

Article III. of a convention of commerce between Great Britain and the United States of America, signed at London, 3d July 1815.

" His Britannic Majesty agrees that the vessels of the United States of
" America shall be admitted and hospitably received at the principal set-
" tlements of the British dominions in the East Indies, viz. Calcutta, Mad-
" ras, Bombay, and Prince of Wales' Island; and that the citizens of the
" said United States may freely carry on trade between the said principal
" settlements and the said United States, in all articles of which the impor-
" tation and exportation respectively, to and from the said territories, shall
" not be entirely prohibited; provided only, that it shall not be lawful for
" them, in any time of war between the British government and any state
" or power whatever, to export from the said territories, without the spe-
" cial permission of the British government, any military stores or naval
" stores, or rice. The citizens of the United States shall pay for their
" vessels, when admitted, no higher or other duty or charge than shall be
" payable on the vessels of the most favoured European nations; and
" they shall pay no higher or other duties or charges on the importation or
" exportation of the cargoes of the said vessels, than shall be payable on
" the same articles when imported or exported in the vessels of the most
" favoured European nations.

" But it is expressly agreed that the Vessels of the United States shall
" not carry any articles from the said principal settlements to any port or
" place except to some port or place in the United States of America,
" where the same shall be unladen.

"It is also understood that the permission granted by this article is not "to extend to allow the vessels of the United States to carry on any part "of the coasting trade of the said British territories; but the vessels of the "United States having in the first instance proceeded to one of the said "principal settlements of the British dominions in the East Indies, and then "going with their original cargoes, or any part thereof from one of the said "principal settlements to another, shall not be considered as carrying on "the coasting trade. The vessels of the United States may also touch for "refreshments, but not for commerce, in the course of their voyage to or "from the British territories in India, or to or from the dominions of the "Emperor of China, at the Cape of Good Hope, the Island of St. Helena, "or such other places as may be in the possession of Great Britain in the "Atlantic or Indian Seas; it being well understood that, in all that regards "this article, the citizens of the United States shall be subject, in all re- "spects, to the laws and regulations of the British government, from time to "time established."

XII RULES.—MAY 1, 1830.

The Right Honorable the Governor in Council having been pleased to resolve, that the Export duties charged upon Foreign Vessels, shall be hereafter regulated by the rates levied in Bengal, and also that a Drawback shall in certain cases be allowed on Cotton Piece Goods exported upon

British or Asiatic Vessels, the following rules are laid down for the conduct of the Officers of Customs.

I.—Goods exported from Madras in Foreign European or American bottoms, shall be chargeable only with the aggregate rates of duty specified in the annexed Table.

II.—On this principle, if the goods shall already have paid a duty exceeding the Tabular rate, the difference is to be allowed a Drawback.—If the duty already paid upon the Goods shall not amount to the Tabular rate, the difference shall be levied as Export duty; provided always, that such Export duty upon Cotton Piece Goods and Sugar shall never exceed 5 per cent. and upon other Articles 8 per cent.

III.—Goods exported from the subordinate Ports on Foreign European or American Vessels, shall be charged only with the rates mentioned in the Table according to the Tariff of the Port, but the Certificates of Inland or of Sea Import duties shall be received in part payment.

IV.—Piece Goods manufactured entirely of Cotton, exported on British Vessels, or on Vessels belonging to the Native Inhabitants of the British Territories, or to subjects of the Native Powers of Asia, from Madras or from the subordinate Ports, shall in like manner be subject only to a duty of 3½ per cent. and shall be allowed such a Drawback as may reduce the duty already received to that rate.

V.—No Drawback shall be allowed upon any Goods unless applied for at the time of Exportation, and unless they are exported to places not subordinate to this Presidency.

VI.—Returned Cotton Piece Goods shall in all cases pay full import duties "de novo."

VII.—For the purpose of making the before mentioned adjustments at the Port of Madras, it is absolutely necessary that the duties paid upon Importation by Land should be properly certified, the Collector of Madras shall therefore whilst a reasonable time after application shall be made to him, and upon his being satisfied of the identity of the Goods, grant printed Certificates in the following Form for all Articles which may have passed his Office.

No. Date.

IX.—No drawback shall be allowed, except on Goods so entered in the export manifest.

X.—The drawback hereby allowed shall be payable after the departure of the Vessel, either to the Shipper of the Goods, or to such person as he may authorize in writing to receive the amount.—The certificates for the amount of drawback shall be issued in conformity with the rules laid down for granting drawbacks under Regulation VI, A. D. 1816.

XI.—All documents requisite to certify the amount of duty already paid, or to substantiate the claim for drawback shall be presented to the local Officers of Revenue together with the export application, and no such document shall on any account be received after the Goods are actually shipped.

1. On the first of January, at the beginning of the year, the bright Star in the Constellation of Virgo will be very near the meridian, and not far to the westward of the zenith, as in the meridian, and north of this Star, we find the great Pleiades; for the most part the western part of Perseus, and the eastern extremity of Cassiopeia; very near to Algenib in the Pegasus, and also on the meridian, is seen the middle of the Constellation of the Whales; and still further south, the western part of Eridanus, the bright Star Achernar in the same being a very little to the westward. West of the meridian in the Eastern Hemisphere, we find the Equinoctial Constellation of the Pleiades, a little greater distance from Aries and North of the Pleiades, in the Constellation of Andromeda, nearer to the same Constellation, and still more north of Cassiopeia, and the Bear, in part much below the horizon. To the westward of the Pleiades is seen Taurus, and more to the westward, at a great distance from the former, is the Constellation Auriga; the Dolphin, and at the same distance from the same Constellation of Bootes, with the Harp and adjoining Constellation. Looking still to the westward of the meridian, and to the Eastern Hemisphere, we find a part of the Constellation of the Whale, and more to the Westward that of Aquarius, while Capricornus just appears above the horizon; more to the westward in the Southern Pole, Fomalhaut, the bright Star in the Constellation of the Southern Fish, appears above the horizon, and the Star in the Arrow, with all those constellations which appear in the Southern Hemisphere, are still more concealed much nearer the horizon, while the Centaur is at an elevation of 15 or 20 degrees. The Constellation of the Bootes, being above the Virgo and Perseus, and between the Bright Star Arcturus and Pleiades, and Star in the meridian, passing the pole, Constellation Cassiopeia, the Bear, part of Perseus, Andromeda and Pegasus, and the Star Algenib, the Bear, with the Star Algenib

in the Heavens; while the Constellation is considered the most brilliant.
