The following distances* and angles formed by the Madras Church Steeple, the Flag Staff on St. Thomas's Mount, and Perumbaukum Hill (a small sugar loaf detached hill which lays about 8 miles South of the Mount, and whose position was determined by Major Lambton's Survey,) will enable any observer on board of a Ship riding in the Madras Roads to determine its birth with great precision by taking their angular distance with a common Sextant.

GOVERNMENT ADVERTISEMENT.

PUBLIC DEPARTMENT.

THE Right Honorable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been furnished to the Superintendent of the H. C.'s Observatory, in regard to Sea Time-keepers delivered to his charge for the purpose of having their daily rate ascertained; Notice is hereby given, under the authority of His Lordship in Council, that all Chronometers which may be sent to the Observatory by any of the Captains and Officers of His Majesty's Navy, or of the H. C.'s Sea Service, or by the Masters and Officers of British Merchant Vessels frequenting this Port, will be received every day (Sunday excepted) between the hours of Eleven and Two. That they will be regularly compared for as many days as may suit the occasion of the Owners, and that they will be returned, on written applications between the same hours, accompanied by detailed accounts of their rates of going while deposited, free from all fees or charges of every description.

Published by order of the Right Honorable the Governor in Council.

G. G. KEMLE,

Secy. to Government.

Fort St. George, 20th April 1857.

Pursuant to the above Advertisement, Notice is hereby given, that no Time-keeper sent to the H. C.'s Observatory, will be returned without a written application from the owner, or person who or shall send it; this application, if more convenient, may be added to the official receipt, which must always accompany the application.

No application either for a Time-keeper to be received at the Observatory, or for its being returned, can be attended to, unless made between the hours specified in the Public Advertisement.

H. C.'s Observatory,
15th June 1855.

J. GOLDINGHAM,
Astronomer.

It is recommended, that Time-keepers sent brought with a Polarizer, the action having been found to produce superior effects; a Chronometer is also recommended; and the best mode perhaps, is to let twenty seconds perform the service of halving the Time-keeper, from the direct rays of the Sun, with the folds of a cloth.

At the close of every vacation, the cadet must apply at the Cadet Office at the East India House for an order for his re-admission, and all claims then due to the Company must be paid up. This order will express that he is only to be re-admitted upon his returning, with the same number of books and instruments which he took home with him, and that his name is put into proper repair.

Cadets nominated for either of the above corps must be 16 years of age, and under 22, unless they have held a commission in His Majesty's service for one year, or in the militia or fencibles for the same period; they are then eligible, if not more than 25 years of age; and they must produce similar certificates and vouchers to those presented for cadets entering the seminary.

That in the event of his appearing, at any future time, that a further sum shall be received on board, or for any other, such Cadet will be placed at the bottom of the list of rank of the season in which he was appointed; and

The following regulations have been resolved on by the Court, in reference to the examination by Dr. Chambers:

That every person nominated an Assistant Surgeon be required to pass an examination in the practice of physic, in which examination will be included anatomy and physiology, as necessary for understanding the causes and treatment of internal diseases, as well as the art of prescribing and compounding medicines.

The Assistant Surgeon will likewise be required to attend one course of Dr. Gilbert's Lectures in Hindoostan, for admission to which he will have to pay not more than Three Guineas; and previous to his passing the Committee he will be required to produce Dr. Gilbert's certificate of his having so attended. GOVERNMENT ADVERTISEMENT.

The Right Honorable the Governor in Council having reason to apprehend that the existing law against the receipt of Presents from Native Princes and other Natives of Hind is not sufficiently understood, is pleased to publish for general information the following Extract from an Act of Parliament passed in the 33d Year of the Reign of His present Majesty. It is further explained that the Provisions of the Statute are not only applicable to all persons, Civil and Military, in the Service of His Majesty or of the Honorable Company, but also to the different members of their families residing in India.

LXII. And be it further enacted, That who demanding or receiving any sum of money, or other valuable thing, as a gift or present, or under colour thereof, whether it be for the use of the party receiving the same, or for, or pretended to be for the use of the said Company, or of any other person whatsoever, by any British subject, holding or exercising any office or employment under His Majesty, or the said United Company, in the East Indies, shall be deemed and taken to be extortion and a misdemeanor at law, and shall be proceeded against and pun-

nished as such, under and by virtue of this Act, and the offender shall also forfeit to the King's Majesty, his Heirs and Successors, the whole gift or present so received, or the full value thereof.

LXIII. Provided always, and be it further enacted, that the Court of Jurisdiction before whom any such offence shall be tried shall have full power and authority to direct the said present of gift, or any part thereof, to be restored to the party who gave the same, or to order the whole, or any part thereof, or of any fine which the Court shall set on the offender to be paid, or given to the Prosecutor, or Informer, as such Court in its discretion shall think fit.

LXIV. Provided always, and be it enacted, that nothing herein contained shall extend, or be construed to extend, to prohibit or prevent any Person exercising the profession of Counsellor at Law, Physician, or Surgeon, or any Chaplain, from accepting, taking, or receiving fees, gratuities, or rewards (bona fide) in the way of his profession only.

FORT ST. GEORGE, } G. STRACHEY,
16th September 1817. } CHIEF SECRETARY.

EXTRACT of a GENERAL LETTER from ENGLAND to the COMMERCIAL DEPARTMENT, dated 7th September 1808.

Para. 255.—In our Letter of the 1st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own servants to conduct this business, in order that they might be accountable to us for the propriety of their conduct. The increase which has taken place in the Civil and Military Establishments about several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Marter and Mr. William Evans to be Warehouse-keepers of Baggage, subject to permanent inspection and control, and we have made such arrangements with His Majesty's Board of Customs for a certifying and paying the duties on Baggage, &c. as will ensure the greatest possible dispatch in the delivery of the articles to the respective proprietors.

256. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty, and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the sanctioned payments, upon pain of our severest displeasure.

257. As we have erected this establishment for the sole purpose of the convenience of our servants and others who may return to Europe, we direct that our agents in this respect be made public, and be constantly affixed up in the Export Office of our several Presidencies, and that it be signified to all our Servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers Messrs. Marter and Evans, to clear and de-

river their Baggage, Wines, and Presents, as we have directed Messrs. Marter and Evans, to receive every branch of business connected with this department, which will render the Agency of all other persons unnecessary.

258. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Officers being printed, coloured or dyed, and also silk Goods from being worn or used in this country; and such goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue. We direct therefore, that notice thereof be made generally public, and further that Napkin, &c. which contain a coloured stripe however small, are considered to be prohibited and cannot be passed in England as part of their baggage.

SIGNALS

FOR SHIPS OR VESSELS IN THE OFFING.

Signals respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort square of Fort St. George, in which there are three Signal Stacks. One consisting of an upright mast, representing the East point of the compass, with a yard hung by the middle across, the Arms of which, pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals: Vessels of three Masts, of two Masts and of one Mast.

An ensign, or square national flag, represents a Ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Schooner, &c. of two masts; and a broad national pendant, terminating in one point, represents a Sloop or Cutter, of one mast.

If either of these flags are hoisted to the top of the upright Staff, the vessels seen are in the East Quarter of the compass; if hoisted to the Northern or Southern arms of the cross yards, the vessels seen are in the North or South Quarters of the compass.

The number of Ships that appear in the offing, are expressed by pendants. A white pendant signifies one Ship or Vessel; a red and white pendant, two vessels; a red pendant, pierced with white, three vessels; and a yellow pendant pierced with blue, four vessels; when the number of vessels exceeds four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the Vessels in sight are Men of War in the East Quarter, one of the numerical pendants will fly from the national flag of the upright staff; if in the Northern or Southern Quarters, the pendants will fly at the extremity of the yard arm over the national flag, hoisted on the stay of the North or Southern arms of the cross yard.

If Merchantmen are seen in the North, South, or East Quarters, the numerical pendant will fly under the national flag. If the ships are Indianmen, a blue pendant will be displayed as usual, under the Union flag of the Fort.

If a Fleet is in sight, one Gun will be fired after the Signal for the Fleet is made, and if there are two Fleets of different Nations in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag, pierced with yellow, hoisted at the extremity of the Staff or Arms, expressive of the quarter she is in.

The ensign, Plate represents the Flag of all Nations, that under a Masthead, in the upper corner of which is represented the flag staff and yard, and the manner in which the signals are made to express ships or vessels discovered in the North, South, and East Quarters of the compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue, over it, announces that four sail of British Men of War appear to the Eastward; the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern Staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Brigs or Sloops in the North Quarter, and a French broad pendant hoisted to the stay of the South Arm of the Cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the compass.

If the numerical pendants, instead of flying at the extremity of the staff, are hoisted under the national flag, in the manner expressed by the letter M, they will describe the same class of vessels to be Merchantmen. N. B.—The blue pendant flying under the Union flag of the Fort, with the St. George's Colours hoisted upon any one of the signal staffs, expresses an Indianman. A yellow pendant flying under the Union flag will

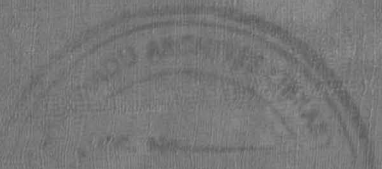

either of the three white flags hoisted under any of the signal staffs, represents a Spanish vessel; and if a red pendant flies in the place of the yellow pendant, it will express a Portuguese. A blue and a yellow pendant, flying over the national flag, represent a Fleet of Men of War, and under it a Fleet of Merchantsmen.

LIGHT HOUSE.

The Light House on the Exchange in Port St. George was erected by the Exchange Committee, with the sanction of Government, in December 1793, and is of essential service to Ships coming into the Roads in the night.

The Light is 80 feet above the level of the Sea at high water. It can be seen from the deck of the Honourable Company's Ships about 12 miles, and from their mast heads near 15 miles.

The South point of Calicut Shoal bears from the Light House, N. by E. half E. distance 12 miles; and to keep clear of the shoal, the Light should always bear to the Westward S. 3. W. $\frac{1}{2}$ W.

11th. To cost allowance to sick soldiers officers at home is increased to each officer as married, or to widows having dependent children, £20 per annum in addition to each officer for his wife and £10 per annum to each of his children, the latter allowance however is to be reduced and regulated in the case of a plurality of children in the manner prescribed in the 11th of the present regulations for annuities to children, provided however that such additional allowance for *domestic family* never exceed £10000 income allowance and that a Captain in the income being at times on sick certificate with a family receive a similar allowance for his family provided he take the oath prescribed in and altered without such allowance being received the income allowance of a Lieutenant. This and the 11th regulation have been placed having in view only to legitimate children.

12th. None of these Regulations are to affect the present annuities; regulations upon which the existing regulations will continue in force, except in the matter of the next article.

13th. When the sum of the Funds shall be such as to enable the Directors to have recourse to the 2d Act, the Directors of the existing Regulations, the widows as the *widow's annuities*, namely those of the *widow's annuities*, and the children when mothers are living, and not to be subject to reductions until the corresponding annuities in the present existing Regulations. Each deduction has been reduced respectively to the standard of the new scale, from which period, all annuities and *annuities* are to be taken in any and every deduction that may be made, under the provisions of the 2d Act, of the existing Regulations.

14th. With the view of securing the Fund against decay and imminent failure, the original intention in regard to Donations is considered to be to be in force and strictly enforced in a manner that the Directors have the honor, by the *Donors* of the *Donations*, and that the *Donations* of officers, the *Donations* of officers, the *Donations* of officers, and of other persons, should be able to defray the expenses of the Fund, and that the books and accounts of the Fund be kept in that effect.

15th. The Secretary shall lay before the Directors at the regular monthly Meeting in November each year an estimated state of the Fund, at the current year, and having taken the same into consideration, the Directors will declare what deduction if any may be required on annuities and claims for the ensuing year.

16th. Certificates according to a prescribed form will be issued for the amount of every deduction made on the above principle, numbered, dated, and registered progressively, and when it may be deemed advisable to put them in order of payment, the same will be discharged to the parties holding them, or the order, according to priority of date, and upon their granting a full and sufficient acquittance for the same on the back of the certificate, but no interest whatever will be paid on these certificates at any time.
