From the world's first and best, those which are the Dominical or Sunday Letters for each Year; then against the Months in the other Table find the same Letters, and where they stand the day of the Week for every Year in the Month. In Leap Year for January and February the day of the Week is one day before the day of the Week for the other months of the Year.

To find the Dominical Leap Year, divide the year by 4, if there is no remainder it is a Leap Year; and if the remainder is 1, 2 or 3 it is not a Leap Year.

GOVERNMENT ADVERTISEMENT.

PUBLIC DEPARTMENT.

THE Right Honourable the Governor in Council having been informed that an erroneous opinion has been entertained of the nature of the orders which have been forwarded to the Superintendent of the Honorable Company's Observatory, in regard to the Time-keepers delivered to his charge for the purpose of having their rate ascertained; Notice is hereby given, under the authority of His Lordship in Council, that all Communications which may be sent to the Observatory by any of the Captain and Officers of the Majesty's Navy, or of the Honorable Company's Sea Service, or by the Master and Officers of British Merchant Vessels frequenting the Port will be received with any Chronometer supplied, between the hours of Eleven and Two. That they will be regularly compared for as many days as may be required at the Observatory and that they will be returned, accompanied by a Certificate, between the said hours, accompanied by a written statement of their rates of going while deposited. That those who have in charge of every description.

Published by order of the Right Honourable the Governor in Council.

G. G. K. Esq.

Secy to Government.

Printed by Gough, 25th April, 1857.

Pursuant to the above Advertisement Notice is hereby given, that the Time-keeper sent to the Honorable Company's Observatory, will be returned without written application from the Owner, or person who originally sent it; this application, if more convenient, may be added to the official receipt, which must always accompany the application.

No application either for a Time-keeper to be received at the Observatory, or for its being returned, can be attended to, unless made between the hours specified in the Public Advertisement.

H. C. & Observators.
15th June, 1857.

J. G. Esq.
Secretary.

"It is recommended, that Time-keepers be not brought out in a Patent case, the motion having been found to produce injurious effects; a Cartage is also objectionable; and the best mode perhaps, is to let twenty persons perform the service; sheltering the Time-keepers from the direct rays of the Sun, with the folds of a cloth.

LAND MEASURE.

Land is usually measured with Gunter's Chain of 100 Links, or with a Rod of 10 feet, and reduced to Cawnies, Grounds and Square feet, agreeably to the following table.

60 feet long and 40 broad, make one Ground or Maunie, containing 2,400 square feet.

24 Grounds, or Maunies, make one Cawnie equal to 57,600 square feet.

The Indian Cawnie is in proportion to the English Acre as 1 to 1,3223, or as 121 is to 160.

To reduce Indian Cawnies to English Acres, multiply the given number of Cawnies by 160, and divide the product by 121, the quotient will give the number of Acres, and the remainder be the fractional part of an Acre—Or multiply the Cawnies by 1,3223, and the product (cutting off 4 places to the right hand) will be the same, and the figure so cut off are the decimal part of an Acre.

The Cord in Cochin Measure is 18 inches, but the English yard of 36 inches is generally used.

Abstract of an Act passed in the Thirty-third Year of His Majesty, Cap. 52, Sec. 70, precluding the return to their duty of the CIVIL and MILITARY SERVANTS, after an absence of Five years.

And be it further enacted, that no person who shall have held any Civil or Military Station whatever, in India, in the service of the said United Company, being under the rank or degree of a Member of Council or Commander in Chief of the Forces, and who, having departed from India by leave of the Governor General in Council, or Governor in Council, shall not return to India within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in India, either in the European or Native Corps of Troops, or in the Civil line of the Company's Service; unless, in the case of any Civil Servant of the Company, it shall be proved, to the satisfaction of the Court of Directors, that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India, by a vote or resolution passed by way of ballot, by three parts in four of the Proprietors assembled in General Court, specially convened for that purpose, whereof, eight days previous notice of the time and purpose of such Meeting shall be given in the London Gazette, or unless, in the case of any Military Officer, it shall be proved, to the satisfaction of the said Court of Directors, and the Board of Commissioners for the affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident.

Regulations for the
GRANT OF ABSENTEE ALLOWANCE
 TO CIVIL SERVANTS WHEN IN EUROPE.

That after an actual residence in India in the civil service of ten years or upwards, a covenanted civil servant of the Company, upon either the establishments of Bengal, Madras, or Bombay, shall be entitled, whether on account of ill health or from any other cause, and without reference to his private fortune, to come on leave for three years; and to receive for that period from the Company's cash an allowance of £200 per annum, provided that in no case shall a greater number of servants come home under this regulation, annually, than seventeen from Bengal, nine from Madras, and six from Bombay; nor shall a larger number of servants who may have come home under this regulation be absent in the whole at one time than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay; and that the preference shall be given first to servants producing medical certificates upon oath, that a visit to Europe is indispensably necessary for the restoration of health, and then to servants in their order of seniority, according to the rank assigned to them by the Court of Directors on the graduation list of the service.

EXTRACT of a GENERAL LETTER from ENGLAND in the COMMERCIAL DEPARTMENT, dated 7th September, 1808.

Para. 229.—In our Letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business, in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military Establishments of our several Presidencies and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines, and Presents, and we have appointed Mr. William Marter, and Mr. William Evans, to be Warehouse-keepers, of Baggage, subject to our immediate inspection, and control, and we have made such arrangements with His Majesty's Board of Customs for ascertaining and paying the duties of Baggage, &c. as will ensure the greatest possible dispatch in the delivery of the articles to the respective proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty, and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowance upon payment of our several discharges.

231. As we have created this establishment for the sole purpose of the convenience of our servants and others who may return to Europe, we direct that our regulations in this respect be made public, and be strictly observed by the Export Officers of our several Presidencies, and that they be applied to all persons returning to Europe, that it may be known that they apply to our said Warehouse-keepers Messrs. Marter and Evans, to demand delivery of their Baggage, Wines, and presents as we have directed Messrs.

Marter and Evans, to transact every branch of business connected with this department, which will render the Agency of all other Persons unnecessary.

232. Passengers arriving from India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this country, and such Goods although made into apparel are of necessity taken out of their Baggage and detained by the Officers of the Revenue. We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe however small, are considered to be prohibited and cannot be passed in England as part of their baggage.

GOVERNMENT ADVERTISEMENT.

The Right Honorable the Governor in Council having reasons to apprehend that the existing Law against the receipt of Presents from Native Princes and other Natives of Rank is not sufficiently understood, is pleased to publish for general information the following Extract from an Act of Parliament passed in the 25th Year of the Reign of His present Majesty. It is further explained that the Provisions of the Statute are not only applicable to all persons, Civil and Military, in the Service of His Majesty or of the Honourable Company, but also to the different members of their families residing in India.

LXII. And be it further enacted, That the demanding or receiving any sum of money, or other valuable thing, as a gift, present, or under colour thereof, whether it be for the use of the party receiving the same, or for, or pretended to be for the use of the said Company, or of any other person whatsoever, by any British subject, holding or exercising any office or employment under His Majesty, or the said United Company, in the East Indies shall be deemed and taken to be extortion and a misdemeanor at Law, and shall be proceeded against and punished as such, under and by virtue of this Act, and the offender shall also forfeit to the King's Majesty, his Heirs and successors, the whole gift or present so received, or the full value thereof.

LXIII. Provided always, and be it further enacted, that the Court of Jurisdiction before whom any such offence shall be tried shall have full power and authority to direct the said present or gift, or any part thereof, to be restored to the party who gave the same, or to order the whole, or any part thereof, or of any fine which the Court shall set on the offender to be paid, or given to the Prosecutor, or Informer, as such Court in its discretion shall think fit.

LXIV. Provided always, and be it enacted, that nothing herein contained shall extend, or be construed to extend, to prohibit or prevent any Person expressing the profession of Counselor at Law, Physician, or Surgeon, or any Chaplain, from accepting, taking, or

receiving fees, gratuities, or rewards (bonâ fide) in the way of his profession only.

The following Regulations having been adopted by the Governor General in Council, under the authority and direction of the Honorable Court of Directors, they are now published for general information.

33. The Governor General in Council has been pleased to authorize the Accountant General and the Sub-Treasurer for the time being, as assigned the responsibility of the Honorable Company, as agents for the purposes hereinafter mentioned, of the public creditors of this Government, whether residing in Europe or elsewhere.

34. The Officers abovementioned are authorized to receive charges on, and to grant receipts in duplicate, for any Obligations or Loan Acknowledgements of this Government, which the Proprietor may wish to deposit with them. No Note is to be received in deposit, which shall not appear to be made out in the name of, or be regularly endorsed to, the person depositing it. Persons desiring to deposit their Government Securities shall make their application to the Accountant General and Sub-Treasurer in the form hereunto subjoined, No. 1; and the receipt of these Officers will be given in the Form No. 2.

35. The Officers abovementioned will receive the Interest on any Government Paper which may be deposited with them. And will, according to the instructions of the Proprietor, remit the same, either to England in Bills to be drawn on the Honorable Court of Directors, if the same shall be payable in such Bills by the terms of the Loan; or to the Presidents of Fort St. George or Bombay by Drafts on the Public Treasuries of those Presidencies, or to any of the Stations subordinate to this Presidency, by Drafts on the Collectors or on the Residents at Delhi or Lucknow, according to the rates of exchange at which Government may draw at the time;—or they will pay the amount at the Residency to any person nominated by the Proprietor to receive such payment. The instructions as to the manner in which the interest is to be paid must be made out according to the forms hereunto subjoined, Nos. 3, 4 and 5, which are adapted to the several cases above specified.

The Proprietor will be at liberty to substitute one of these modes of receiving the Interest for the other, as often as he shall think fit; provided that the fresh instructions be delivered at the Treasury one month before the day on which the Interest falls due. Persons having more Notes than one in deposit may give separate instructions regarding the Interest on each Note, but the whole of the Interest on each Note must be received in the same manner and at the same time.

36. When the Principal of any Government Paper so deposited shall become payable, the abovementioned Officers will, according to the instructions of the Proprietor, either pay the amount, with the Interest due upon it, to such person as shall be appointed to receive the payment; or they will reinvest it in any other Loan, to which it may be subscribable at the time, or in the purchase of other Obligations or Loan Acknowledgements of this Government in the market, at the current price of the day. The instructions for these purposes must be made out according to the forms hereunto subjoined, Nos. 6, 7 and 8, which are adapted to the three several cases above specified. The Proprietor may at any time substitute one of these modes of disposing of the Principal for the other, provided that the fresh instructions be delivered at the Treasury one month before the day on which the Principal falls due. Persons having more Notes than one in deposit, may give separate instructions regarding each Note, but the whole amount of each Note must be disposed of in the same manner and at the same time.

37. If any Loan be entered by the Government of Fort William, into which the Paper deposited may be receivable, the Officers abovementioned are authorized to subscribe the Paper so deposited to such Loans, upon receiving the instructions of the Proprietors for that purpose; although the Notes may not be in course of payment. Instructions for this purpose must be made out according to the form No. 9.

38. The Officers abovementioned are authorized to receive remittances, in Government Bills, only, from individuals desiring to purchase the public Securities for deposit with them (provided such Bills shall be payable at the General Treasury, and shall amount to 1,000 Sa. 39. The Officers abovementioned are further authorized to invest the amount of interest due on Paper deposited with them in the Government Securities, in either of the modes mentioned in the last clause, upon receiving the Proprietor's instructions for that purpose; such instructions must be made out in the form hereunto subjoined, No. 12.

40. The same Officers are further authorized, at any time, on receiving proper authority and instructions from the Proprietor for that purpose, to endorse any one or more notes deposited with them, as Attornies to the Owner, to such person as he shall direct, or to sell the same on the Owner's account at the current price of

The Proprietor may at any time withdraw the Government Securities deposited, or any part of them, from the charge of the abovementioned Officers, and such securities will be delivered up to the Proprietor himself, or to any other person whom he may authorize to receive them, upon payment of such fees as may have become due to the Accountant General and Sub-Treasurer, according to the rates hereafter specified, upon the Paper so required to be delivered up. The authority to receive deposited Paper, must be made out according to the Form No. 17.

11th. In each of the cases in which the Officers abovementioned are authorized to invest money in the Public Securities, it is to be understood, that they will invest as nearly as possible, the whole amount, but that they are in no case and upon no account, to exceed it. Such fractional sums as may remain in their hands above the amount invested, will be payable on demand at the Treasury to the order of the Proprietor, such order is to be made out according to the Form No. 18.

J. A. DALZELL, F. M. C.

GENERAL POST OFFICE, Madras, 2d June, 1824.

Notice is hereby given, that, on the payment of an inland postage, letters are received at this Office for transmission by sea from the other Presidencies, or from any distant Ports to which there are the means of conveying them from Madras.

J. A. DALZELL, F. M. C.

GENERAL POST OFFICE, Madras, 5th July, 1824.

Persons despatching letters from Out-stations for transmission by sea from this Presidency, will, on application, at the Post Office into which these letters are put, obtain, after the lapse of a sufficient period procuring them, stamped acknowledgments for receipt of their letters at the General Post Office.

Stamped chits bearing the names of the places to which letters are directed with the size and amount of postage, will be furnished on delivery into the different Post Offices of letters, whether for transmission by sea or otherwise; or if addresses are copied into books, or transcribed on separate pieces of paper, and sent with letters, they will receive the impression of the proper stamps, and have the size and postage noted upon them.

GENERAL POST OFFICE, Madras, 31st August, 1824.

Notice is hereby given, that the Honorable the Governor in Council has been pleased to resolve, that henceforth the practice of sending letters by the Dawk runners outside of the Mads, shall not be

GENERAL POST OFFICE, Madras, 27th June, 1825.

With reference to the fourth rule of the Post Office Regulations, under the head of Banghy Department, whereby it is declared, that the Post Office will not be responsible for the safety of letters or parcels or transmitted by Dawk or Banghy; it is hereby further notified, under the authority of the Honorable the Governor in Council, that, while due care will be taken to prevent losses, letters or parcels known to contain pearls, precious stones, money in coin, or bullion, will not be received for transmission through any of the Post Establishments.

GENERAL POST OFFICE, Madras, 31st October, 1825.

Notice is hereby given, that under the authority of the Honorable the Governor in Council, Letters addressed to the Accountant General at this Presidency, containing Public Acknowledgments for Subscriptions to the Loan of the Supreme Government, opened under date the 15th of August 1825, which the Holders wish to exchange for Promissory Notes of that Government, will be allowed to pass free of postage, provided the words "Loan Acknowledgment (or Acknowledgments)" are superscribed upon them.

J. A. DALZELL, F. M. C.

GENERAL POST OFFICE, Madras, 4th July, 1827.

Notice is hereby given, that whereas many Letters for Persons at Out-Stations are received at this Office from England, addressed to the care of Mercantile Houses, or Individuals at the Presidency, and whereas the delivery of such Letters to the Parties to whose care they are directed, is, generally speaking, calculated to occasion much needless trouble, as well as to delay the receipt of the Letters by the Persons for whom they are ultimately designed; the rule which it is intended to follow respecting such Letters in future, is, that they should be sent direct to the Persons to whom they are addressed as Principals, except where there are special instructions for their delivery to the Parties to whose care they are superscribed.

(Signed) J. A. DALZELL, F. M. C.

GENERAL POST OFFICE, Madras, 10th July, 1827.

The Post Master General is induced to recommend to the Public, as a measure not only advisable for security, but highly proper in other respects, that when remittances in Bank Notes are made through the Post Department, the Notes should be sent in halves, (each half having the number, date, and value of the Note, with the signature of the Treasurer or Cashier of the Bank upon it) and acknowledgments obtained for the parts first transmitted, before the others are forwarded.

MADRAS;
GENERAL POST OFFICE,
12th November, 1825.

N. WESS,
Post Master General.

Passport Regulations.

THE RIGHT HONORABLE THE GOVERNOR IN COUNCIL having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to secure the free progress of those who are duly authorized, has been pleased to establish the following orders for the regulation and control of all Passports granted under the Presidency of Port St. George.

1st.—That from and after the 1st of January, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Port St. George.

2d.—That Passports of the prescribed form, capable of being recognized by Native as well as European, to be sewed Books with a Cheque Margin for the insertion of the name of the Person and No. and date of the Passport for the purpose of preventing forgery; such composition when referred shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea-ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; to the Town Major of Port St. George for Military Persons belonging to that Garrison; to the Adjutant General of the Army for all other Military Persons leaving the Presidency; and to such Officers Commanding Military Stations as shall be authorized to grant Passports. These stations shall be determined by the first instance, and from that time when any changes of station may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to Persons not Military.

3d.—That all persons authorized to grant Passports shall keep a register in a prescribed form (blank books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th.—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register its receipt in the same manner as in granting one, and if the bearer proceeds further, shall issue a new Passport in exchange, noting on the old one the date of its receipt and, at the close of each month ending by the Post all Passports received, to the person by whom they appear to have been granted.

5th.—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their Register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of blank Passports with which they have respectively been furnished (by the Secretary).

6th.—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively; but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passports with the words "Pass to"

noting the date; entering in his register the particular of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th.—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th.—Public Officers having received a Passport authorizing them to travel post on the public service, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All Public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or any deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers which may appear proper and necessary to be communicated for the purposes of further enquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced; (reporting the detection to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement, all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners to the interior of the country either among our own feudatories or subjects, or at the borders of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d.—The routes of Foreign Travellers for commercial purposes, will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a Passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects, who are not in his Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will, as soon as may be practicable after the receipt of the instructions, transmit to the Secretary of Government, descriptive lists of all Europeans not in his Majesty's or the Honorable Company's Service, residing within the limits of their respective authority: with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the Service who shall not possess such certificates on the 1st day of August 1802, shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date, no Passport shall be granted to any European not in the service, who *claims or states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license: but Mariners or Traders, whether British or Foreign, *not resident in India*, who may desire to pass from one port to another for commercial purposes, shall be furnished with Passports without hesitation.

N. B.—The certificates should include a description of the person, and should grant conditional permission to reside at the town of " " subject to be sent to Europe at the shortest notice, whenever the Government shall think fit.

Fort St. George, 21st April, 1802.

Notice is hereby given, that from and after the 1st day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council, has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned,

that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

Fort St. George, May 25, 1799.

In addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport: The Right Honorable the Governor in Council is hereby pleased to give notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing thro' the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

1. The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

2. For the most strict execution of this order, notice is hereby further given, that a reward of ten Pagodas will be paid to any person, who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

3. The following are the Officers by whom Passports will be issued on application.

By the Public Secretaries to the Government, to persons not Military.

The Town Major, to Military persons belonging to the garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons leaving the Presidency.

The Residents at Hyderabad, Poonah, Mysore and Travancore, the several Collectors of Revenue, the Commercial Residents residing at Sea Ports, and Officers Commanding Military Stations.

Fort St. George, May 15, 1802.

The Right Honorable the Governor in Council has been pleased to adopt the following modifications in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports to the Police Office in person, and that no Passport be issued to Foreigners, except at the Police Office. All Foreigners residing at any of the out-stations, or elsewhere, under the authority of the Government of Fort St. George, or who may hereafter arrive, shall without delay report through the channel of

The following directions for Vessels approaching the Roadstead of Calingapatam, extracted from the Survey of the local Marine Officer, are published for general information.

Monsoon, the Flag Staff to bear West in 8 fathoms, to give room for clearing a reef of rocks, on which the sea breaks at low water, a little to the Southward of the Roads; which may be known by several Rocks on the Beach and in the Surf.

Vessels coming along shore from the Southward should not come under 10 fathoms, till the Flag Staff bears N. W. b. W.; when they may haul in for less water—Anchoring to the Southward of the above beatings, ships will have rocky ground.

From the Northward of the Rocks on the Beach and in the Surf, the reef runs out about $\frac{1}{2}$ of a mile, in an E. N. E. direction.

Civil Fund.—The Quarterly General Meetings of the Civil Fund are held within the first fourteen days of the Months of January, April, July, and October.

Each party to the Deed has a vote at Quarterly or other General Meetings; those who are residing at Madras, or who may be at Madras on the day appointed for any General Meeting are not allowed to vote by proxy, unless it be certified by a Medical Gentleman that they are unable to attend in person. Those who are residing at Subordinate Stations are allowed to vote by proxy provided such proxy be registered with the Secretary of the Fund before the meeting takes place. The forms of the proxies, general and special, are as follow, and they must be free from all remarks, and if differing in any particulars from the forms prescribed are declared by the Deed to be null and void.

A GENERAL PROXY.

I, A. B. do hereby authorize and appoint C. D. to vote for me upon the question (or questions) to be determined at the Quarterly Meeting of the Subscribers to the Civil Fund, appointed to be held on the _____; and I hereby bind myself to abide by the vote to be given in my behalf, the same as if I myself had been present, and voted at such Meeting.

(Signed) A. B.

A SPECIAL PROXY.

I, A. B. do hereby appoint C. D. to give my vote (here enter for or against, as the case may be.) the proposition to be decided upon at the Quarterly Meeting of the Subscribers to the Civil Fund appointed to be held on the _____.

(Signed) A. B.

Special proxies may at the option of the parties be addressed to and delivered in by the Secretary; but that officer is prohibited from acting under general Proxies in his official capacity.

Signals FOR SHIPS OR VESSELS IN THE OFFING.

SIGNALS respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the top of the Fort Square of Fort St. George, on which there are three Signal Stacks. One consisting of an upright Mast, representing the East point of the compass, with a yard hung by the middle across, the Arms of which pointing to the North and South points of the compass.

Three classes of Vessels are expressed by these Signals: Vessels of three Masts, of two Masts, and of one Mast.

An ensign, or square national flag, represents a Ship of three masts; a national flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad national pendant, terminating in one point, represents a Sloop or Cutter, of one mast.

If either of these flags are hoisted to the top of the upright Staff, the vessels seen are in the East Quarter of the compass; if hoisted to the North or South arms of the cross yards, the vessels seen are in the North or South Quarters of the compass.

The number of Ships that appear in the Offing, are expressed by pendants. A white pendant signifies one Ship or Vessel; a red and white pendant, two vessels; a red pendant pierced with white, three vessels; and a yellow pendant pierced with blue, four vessels; when the number of vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow pendant will be hoisted.

If the vessels in sight are Men of War in the East Quarter, one of the numerical pendants will fly from the national flag of the upright staff; if in the North or South Quarters, the pendants will fly at the extremity of the yard arm over the national flag, hoisted on the stay of the North or South arms of the cross yard.

If Merchantmen are seen in the North, South, or East Quarter, the numerical pendant will fly under the national flag. If the ships are Indiamen, a blue pendant will be displayed as usual under the Union flag of the Fort.

If a Fleet is in sight, one Gun will be fired after the Signal for the Fleet is made, and if there are two Fleets of different Nations, in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Packet is announced with a blue flag pierced with yellow hoisted to the extremity of the Staff or Arms, expressive of the quarter where it is in.

The annexed Plate represents the Flag of all Nations that trade to Madras: in the upper corner of which is represented the flag staff and yard, and the manner in which the signals are made to express ships or vessels discovered in the North, South, and East Quarters of the compass.

The St. George's flag hoisted on the upright staff with a yellow pendant pierced with blue over it, announces that four sail of British Men of War appear to the Eastward: the Dutch flag of two points or swallow's tail hoisted on the stay of the Northern Staff, and a red and white pendant over it at the extremity of the Arm, represents two Dutch armed Heigs or Snows in the North Quarter, and a French broad pendant hoisted to that stay of the South Arm of the Cross yard, with a red pendant pierced with white flying over it at the extremity of the Arm, represents three French armed Cutters in the South Quarter of the compass.

If the numerical pendants, instead of flying at the extremity of the staff, are hoisted under the national flag, in the manner expressed by the letter M, they will describe the same class of vessels to be Merchantsmen.

N. B.—The blue pendant flying under the Union flag of the Port, with the St. George's Colours hoisted upon any one of the signal staffs, expresses an Indiaman. A yellow pendant flying under the Union flag with either of the three white flags hoisted under any of the signal staffs, represents a Spanish vessel; and if a red pendant flies in the place of the yellow pendant, it will express a Portuguese. A blue and a yellow pendant, flying over the national flag, represent a fleet of Men of War, and under it a fleet of Merchantsmen.

The maximum and minimum laid down in table A Section 1 is fixed for the maximum and minimum of aggregate contribution for all classes of subscribers, so that each subscriber, on the one hand, having paid a certain amount added up with interest in either of the classes (of the maximum) shall be exempted from further contribution while he may continue in that class; and on the other hand, that before the benefits issue in full from the fund, either to subscribers or to families, a certain amount calculated without interest also (for the maximum) shall be derived to the fund from the subscriber, or in the case of his death, from the amount payable to his family. In the latter instance, the rates of deductions for paying up the arrears of maximum due are to be regulated by the Table D.

4. But although a period of eighteen months is also granted as an indulgence for the payment of the maximum by a person who may not have applied to subscribe to the fund within six months after his admission on the establishment, it is to be clearly understood, that any arrears of that maximum at the period of the death of such subscriber, or at the date of the sick certificate, on which he may have obtained leave to proceed to Europe, shall be deemed a forfeiture of all claims upon the fund, either for himself or family.

5. Nevertheless, on the death of any subscriber, whose family may be excluded from the benefits of the fund by the preceding paragraph, such family will be entitled to receive from the fund the full amount of subscription, with interest accumulated half-yearly, that may have been paid by the subscriber on whose behalf they claim, provided the subscription shall not have been previously forfeited under 5th article of this section.

6. Officers on their promotion or marriage will be required to pay up the difference between the amount of donation already paid by them, and the amount specified in the second and fourth columns of Table B., as the aggregate of each class and condition.

7. Donation is in no case to be returned.

8. All subscribers marrying after their admission into the fund, and who may be desirous that their widows or children shall possess claims to the benefits of the fund, are required to inform the secretary of their marriage, and of the payment of the additional donation; and unless this information be given, and payment of the additional donation made within six months after such marriage, the subscriber shall be required to pay double the amount, with interest added half-yearly.

9. Any arrears not sanctioned by the 3d and 4th articles of this section, equal in amount to six months' subscription, shall subject the subscriber owing it to the payment of double the amount of the arrears (unless it shall be made in arrears to the satisfaction of the Directors, that such arrears arose from an unavoidable accident), and in failure of the payment of the forfeitures specified in this and

the preceding article within twelve months after it shall be demanded, to the exclusion of himself and family from the benefit of the fund.

10. Subscribers who may be in the actual receipt of any periodical aid from the fund, shall not, during such periods be exempted from the payment of monthly subscriptions.

11. Subscribers who may be prevented from drawing pay as a temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall during such period be exempted from the payment of monthly subscription without forfeiture of their rights; but upon the removal of such incapacity, and upon the receipt of pay, they shall be required to pay up all arrears due to the fund, or one-thirtieth part if unmarried, and one-twentieth if married, of any arrears of regimental garrison pay and allowances which they may be entitled to receive.

12. It is optional with married subscribers to pay a donation of ten guineas or not, within one year after the birth of each daughter, the advantage resulting from such payment being, that the annuity which on the death of the subscriber becomes payable to such daughter, shall be continued to her until her marriage or death, in the latter case, shall be continued to her until she attains the age at which annuities to the daughter will cease on her attaining the age at which annuities to sons are discontinued. A posthumous daughter, or a daughter whose father may die before she be one year old, will be entitled to the advantages of this regulation, but the prescribed donation for her will be deducted from her annuity at the rate specified in Table D.

13. Officers entitled on half pay, or on Lord Clive's Fund, shall pay full subscription notwithstanding, according to their rank and conditions; and they are accordingly required to pay up their arrears, without interest, towards their respective maximums, within one year after the adoption of the regulation may be made known in England: or failing so to do, and preferring to continue the payment of half subscription only, their families at their death will be entitled only to half the benefits derivable from the fund.

Article III.—Persons entitled to the Benefits of the Fund.

1. The persons entitled to the benefits of the fund are—1st. All who were in the fund, for such benefits as are personal, under the regulations prescribed by the regulations. 2d. All widows and legitimate children of those who were subscribers, and were married on or before the 1st April 1801, and the children of such previous marriages are entitled, without distinction, to the full benefits of the fund, either as orphans, or in infancy as widows.

2. With regard to marriages contracted subsequent to the 1st April 1801, it shall be an indispensable qualification that both the parents of any and every claimant shall have been European, or of pure and European blood, though born in other quarters of the world: those removed from an Asiatic or African being considered as European blood.

3. Legitimate children of those who were married subscribers on the 1st April 1801, provided they be the offspring of such marriages, and are the legitimate descendants of those children, shall be entitled to the full benefits of the fund, either as orphans or hereafter

as widows, notwithstanding the restriction contained in the preceding article.

4. Marriages subsequent to the 1st April 1801, with persons of mixed blood (who may not be included in the third Article), exclude the widow and children from the benefits of the fund; but subscribers contracting such marriage will continue to enjoy all the personal advantages of the fund, and will besides have the option of paying the additional donation on marriage; which payment, and the continuance of subscription, will entitle the widow and children of such subscriber to receive from the fund the amount of net subscription paid by him with compound interest accumulated half-yearly, after deducting therefrom, with similar interest, the amount of any advances which he may have previously received from the fund on account of sickness or other cause.

Section IV.—Benefits derivable from the Fund.

1. The benefits derivable from the fund are two-fold. 1st. Such as are granted by the regulations to subscribers while living. 2d. Such as are granted to the widows and legitimate children of deceased subscribers.

2. The benefits granted to subscribers while alive are considered personal, and subject to the decision of the directors for the time being; who will be guided in their decision on each claim by the regulations of the fund, except when they have reason to entertain doubts with respect to any such claim. It will, in such cases, be their duty to call for further information from the claimant; and if this information should not be satisfactory to the directors, they are authorized to withhold the payment of the claim until the pleasure of the army at large be known, to whom the case will be immediately referred.

3. Subscribers who may have applied to the Secretary for permission to subscribe within six months after their admission on the establishment, will be entitled at any time to the benefits of the fund.

4. A subscriber who may proceed to Europe on sick certificate, in conformity to the regulations of the army, and who may not be allowed passage money by Government, shall be entitled to the passage-money regulated for his rank, provided his application shall be accompanied by a declaration on oath, that he does not possess the means of paying for his passage, and also shall be entitled on his return to lodge to receive from the secretary in England the sum regulated for the outward passage, on the production of a similar affidavit.

5. A subscriber so proceeding to England on sick certificate shall be entitled for his equipment to a further sum not exceeding Rs. 400, if unmarried; or if married, in addition to the above sum, he will be allowed Rs. 200 for his wife, and Rs. 100 for each child, his application being accompanied by an affidavit of his not possessing funds for the purpose; but no allowance will, in any case, be made for equipment to a subscriber returning to India.

6. Subscribers, being subscribers proceeding to England on sick certificate, will be required to declare that they do not possess property which will produce an annual income, including their pay, equal

to £110, shall be allowed such sum annually as, with their pay and other income, will make up £140, during the period of receiving English pay on furlough, as regulated by the Court of Directors.

7. Income allowance to sick subaltern officers at home will be increased to such officers who are married, or to widowers having offspring, as follows: £20 for his wife, and £10 per annum to each of his children. The latter allowance, however, to be added to the case of a plurality of children, in the manner prescribed by the 19th article of this section; provided, however, that such additional allowance for the whole family never exceed his own income allowance. A captain, in like manner, being at home on sick certificate with a family will be entitled to a similar allowance for his family provided he take the oath prescribed for subalterns; but such allowance is never to exceed that of a lieutenant.

8. Subscribers proceeding to England on sick certificate conformably to the regulations from any place not under the Presidency of Fort St. George, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local regulations, and shall make immediate communication of the circumstances to the directors of the fund.

9. The second class of benefits (namely, those granted to widows and children of deceased subscribers) are absolute, not dependant on the decision of the directors, but controlled solely by the regulations of the institution.

10. The widows and legitimate children of deceased subscribers, admitted subsequent to the 15th October 1802, shall be entitled to receive the annuities specified in the annexed Table F., without reference to the amount of property such subscribers may have died possessed of, provided they shall have paid up, previous to their decease, the minimum of their rank; but in cases where the minimum may not have been paid up, the annuities of the widows and children will be subject to a deduction, in the proportion specified in Table D., until such minimum may have been made good, when the annuity will be paid in full.

14. In cases where children may be bereft of both their parents, the guardians of such children will be entitled to receive their annuities, on production of the powers investing them with authority to act as guardians.

15. The Pension payable to the widows of subscribers is in effect to be subject to a deduction equal to the amount of Lord Clive's

For instance, if a Boy in India, while his mother is living, and he pays his annuity at the age of 16, he will receive £165. 15s. 2d. only; but if his mother die when he is 18, he will then have to receive the difference between £73 8s. and £109. 13s. 3d. or £36. 15s. in addition to the sum before paid to him.

pension; accordingly an amount, equal to the pension payable by Lord Clive's Fund, shall in all cases be deducted from the income which might otherwise be claimed from the Military Fund by the widow of a deceased subscriber.

14. If a widow pensioner on the fund marries, her pension is to cease during her coverture; but in the event of her becoming again a widow, she shall be re-admitted to all the benefits she may have enjoyed from the fund during her first widowhood, in like manner as if she had not re-married. If her second husband shall also have been a subscriber to the fund, the widow will receive, however, only one annuity, taking that which may be greatest, that is to say, according to the rank of the first or second husband, whichever may have been the highest; but the widow of a colonel, lieutenant-colonel, or major, marrying subsequent to the date of these regulations, and reverting again to the fund upon the decease of her husband, shall be entitled only to the annuity specified in Table E.

15. The applications of widows admitted subsequent to these regulations having effect, and who were not married on the 1st April 1805, are to be accompanied by an affidavit.

16. Widows who may be admitted to the benefits of the fund subsequent to the date of these regulations, shall not be entitled to passage-money, except in cases where it may be certified by two medical officers to be absolutely necessary for the recovery of their health, when they will be allowed the passage money established for the rank of their deceased husbands for one passage only. Widows who may declare upon oath that they have not the means of defraying their passage, will receive as an advance the amount allowed for the passage regulated for the rank of their deceased husbands; such advance to be repaid, with interest at 5 per cent., by instalments, at the rate fixed in Table D.

17. The passage money for children admitted subsequent to the date of these regulations is fixed as follows, viz. £ 60, for its 225 for each child; but when two or more children go home together the allowance is to be reduced in the following ratio, viz. £ 3, £ 2, £ 1, £ 30, £ 45, as there may be 2, 3, 4, 5, or 6 children going together respectively, and in the same ratio for any greater number.

18. The half-yearly application of a widow for her annuity, admitted subsequent to the 13th Oct. 1812, is to be accompanied by an affidavit.

19. A widow having more than one child, shall have deducted from the aggregate of her children's annuity 1-20th part of one child's annuity (taken on the average of all their annuities) for the second child, 2-20th for the third child, 3-20th for the fourth, and so on for any number she may have above one, so that, for instance, supposing a subscribing major to leave a widow and six children (two in each class) she will have to receive from the fund the sum self..... £180 41 3

ceed the amount of the widow's own annuity receivable from the Fund.

Section V.—Eventual Benefits of the Fund.

1. Independent of the benefits which have been recited, the fund is considered as holding out the prospect of eventual benefits under the following circumstances.

2. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, as the permission of the Hon. Court of Directors has been obtained, to afford the aid of the fund in the following cases, viz. to subscribers compelled by ill health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage-money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

3. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following cases:—1st. To officers who may have served twenty-two years in India, and may be obliged by ill health to retire from the service, without having obtained the rank of major, the regulated passage-money of their rank, and such assistance from the fund as shall render their whole income, from whatever source, equal to the full pay of major;—2d. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay, in limited circumstances, with a sum equal to the regulated passage-money of their rank; provided always, that the resignation of such officers shall actually have been accepted previously to his embarkation.

Section VI.—Loans.

Subscribers who shall have subscribed to the fund for a period not less than eight years, shall be entitled to loans under the following circumstances:

1. A subscriber, being desirous to send his wife and children, or either of them, to Europe, shall be allowed, should the stated funds admit it, a loan equal to the amount of 20 months' subsistence of the rank he then holds, provided he shall have previously deposited with the directors an irrevocable order, engaging to repay the amount so borrowed, with interest at 8 per cent., within twenty-two months immediately succeeding the date of the advance: he shall also be required to deposit for the ultimate security of the fund, a personal bond, in which he shall be joined by two securities, to be approved by the directors, and assignment on any property he may possess.

2. In like manner, a similar loan will be allowed to a subscriber in the same conditions, whenever he may be desirous that his wife and children, or either of them, should return to him.

3. A subscriber who may be desirous to remit money to his wife or children in Europe, shall be allowed to receive an order on the secretary of the fund in England for any amount which he may have previously paid into the fund here, either by instalment or otherwise: provided always, that any loss by exchange or otherwise shall be borne by such subscriber.

4. A subscriber proceeding to England on sick certificate with his wife and children, shall be authorized to apply for the regulated passage-money for such wife and children, to be advanced by the Military Fund as a loan. Such loan, however, can only be advanced upon the personal bond of the subscriber, including two securities to be approved by the directors. The amount to be repaid with interest at 8 per cent. within two years after the subscriber's return to India, provided he may have attained the rank of Captain, otherwise within two years after he shall have attained that rank, and the securities to be bound to make good any balance or deficiency, in the event of the subscriber's ceasing to be a member of the fund before the bond is discharged.

Section VII.—General Regulations (extracts.)

9. When any new regulation shall appear to the directors to be advisable, such regulation shall be circulated to corps for consideration.

10. If any subscriber or claimant on the fund shall be desirous to appeal from the decision of the directors to that of the subscribers at large, upon any subject which may not be specifically defined by the regulations, such appeal, provided it be approved by three directors, shall be referred and decided upon in the manner prescribed in the preceding article, and the decision shall be final in all cases whatever, any further agitation of the question, by process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claim on the fund.

11. When a reference shall be made to the subscribers at large, respecting either a proposed regulation or an appeal, the result of such reference shall be communicated to corps for the information of subscribers.

12. In order to prevent litigation respecting the disposition of this institution, it shall be required that every application for the benefit of the fund shall be accompanied by an obligation of the party applying to conform and submit to the decision of the directors, and of a majority of the army, in cases which admit a reference to the general suffrage.

13. Generally, all payments due from the fund are to be made half-yearly, on the 30th June and on the 31st December; but in cases when pensioners or claimants on the fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

14. Any arrears which may be due to the fund by a subscriber, or by an annuitant who may have received an over-payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the fund to the person owing such arrears.

15. All income derived from the Madras Military Fund is declared to be unalienable, and the fact of attempting the alienation of such income, in any manner or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

16. Dismission from the service shall be in all cases considered a forfeiture of all claims on the fund, and of all subscriptions already paid; but temporary suspension from rank or pay is not to be considered a forfeiture of such claims, provided the subscription be continued during such suspension; or if the subscription be discontinued, provided the arrears so arising, and interest on the amount, shall be paid up within a period equal to that of the suspension, and immediately succeeding it.

17. If a subscriber who may be dismissed from the service by a court martial or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the fund, on payment of the arrears that may have accumulated, with interest thereon, in the same manner as if he had suffered only temporary suspension.

18. All property belonging to the Military Fund at any period, shall be invariably vested in the Honorable Company's securities.

19. When interest may be chargeable according to these regulations, on sums either receivable or payable by the Military Fund in account with subscribers to that fund, or their families or representatives, that interest shall be always calculated according to the highest rate, which may be allowed on the Honorable Company's securities at this Presidency, at the time when such sum may be received or paid.

20. The existence of a military fund must be known to all persons entering the Madras service; and, in the course of six months, they must necessarily have various opportunities of hearing the terms of the regulations. It will nevertheless be the duty of the secretary to communicate to each cadet, officer, chaplain, or exalted surgeon, entering the service, the advantage of a speedy declaration of his intention to subscribe, and the penalty of the delaying it for more than six months. This communication is to be made immediately on the promulgation of the order admitting to the service any individual of the class above mentioned, and is to be repeated at the expiration of three months; but the advantage or non-receipt of such communication will not be admitted in bar of any existing regulation.

21. The management of the affairs of the fund in England shall be conducted, as a general, by a secretary to be nominated by the directors of the fund, and such secretary shall be required to furnish quarterly in proportion to the extent of cash he may have in hand at any time. It shall be part of the duty of the secretary to furnish every cadet, assistant-surgeon, and chaplain, on his appointment to the Presidency, with a printed copy of the regulations of the fund, and every information requisite relative to the contents and objects of the institution.

22. With the utmost accuracy the fund against decay and ultimate failure, the original intention in regard to donation shall be transferred put in force and strictly adhered to, namely, that the donations paid by officers be "for the purpose of forming a corpus," and that the subscriptions of officers, the Company's donations, the interest on the capital, and all other profits, be alone available to defray the expenses of the fund, and the books and accounts of the fund shall be kept to that effect.

23. Should the subscriptions of officers, the Company's dona-

tion, the interest on the capital, and all other profits available to defray the expenses of the fund, fall short of the demands upon it, so that the total amount of the former will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionate deduction, according to Table B., from the annuities of the widows of the late senior cadets from the annuities to all children, and from the payments to other classes above the rank of subalterns, until the state of the fund shall admit of the means of complete payment; when, if a surplus income exists, the arrears shall be made good from the amount of surplus, but not otherwise.

24. The secretary shall lay before the directors, at the regular monthly meeting in November each year, an estimated state of the fund for the ensuing year; and the directors having taken the same into consideration, shall decide what deduction, if any, may be required on annuities and claims for the ensuing year, on the principles of the preceding article.

25. Certificates according to a prescribed form, shall be issued for the amount of every deduction to be made on the above principle, be numbered, dated, and registered progressively; and when it may be deemed advisable to put them in train of payment, the same shall be discharged in the order holding them or their order, according to priority of date, and upon their granting a full and sufficient acquittance for the same on the back of the certificate; but no interest whatever will be paid on these certificates at any time.

26. None of these regulations shall affect the annuities admitted on the fund prior to the 10th October 1825, regarding whom the previous regulations shall continue in force, except in such cases as are herein specially and otherwise provided.

Extract of a General Letter from the Honorable the Court of Directors to the Military Department, dated 10th April, 1825.

Para. 2. Having had under our consideration the reports from time to time made to us of the state and proceedings of the Funds established at your Presidency by our Servants in the Military, Medical and Ecclesiastical Departments, we have adopted the following Resolutions.

That all persons designated in future as Cadets and Chaplains of the East of India Company, be required as a condition to their appointment to subscribe to the Military Fund of that Establishment.

• So long as there shall be on the fund widows belonging to the three senior classes, and children whose mothers are living; and which widows and children shall have been admitted to vote prior only to the 10th October 1825, the widows and children admitted since that period on the modified annuities shall not be subject to the deduction specified in the preceding articles, until the contribution of the former annuities shall by such deduction have been reduced respectively to the standard of the new annuities; from which period they shall all be included in the provisions of the article to which this now refers.

That all persons nominated in future as Assistant Surgeons, for the Establishment of Fort St. George, be required as a condition to their appointment to subscribe to the Medical Fund of that Presidency.

3. With regard to persons already in the Service we desire that you will signify to Non-subscribers to the Funds established for their respective Classes, our wish that they may subscribe and our determination to refuse compliance with any application for relief on behalf of the Widows or Families of such Servants, Military, Medical and Ecclesiastical as shall refuse to contribute to the Fund.

4. It is our wish to be furnished annually with a list of the Subscribers to each of the Military and Medical Funds.

or

THE FIRST MADRAS LAUDABLE SOCIETY.

ARTICLE 1.—The object of this Association is to provide a Fund for the Insurance of Lives. This Fund is to be partitioned into shares, and an individual may subscribe for a certain number of shares either on his own Life, or on the Life of any other Individual. In the former case the general Estate of the deceased, or such person or persons as he or she may by will or assignment have appointed, shall benefit in the event of a lapse; in the latter, the person who may have subscribed on the Life of the deceased, shall benefit to the extent of the shares subscribed for, unless, in either case, such shares be especially declared at the time of subscription to be for the benefit of any other person or persons, or be subsequently made over according to the terms hereafter prescribed, for the benefit of any other person or persons, in which case such person or persons shall be entitled to benefit in the event of a lapse, and so other.

ARTICLE 2.—In the case of a person subscribing on the Life of another, the party subscribing, and not the party on whose Life the Subscription is made, shall be considered a Member of the Society, and have a voice in the management of its concerns. Article 27.—Within one month and fifteen days after the 31st December 1831 the accounts of the first Laudable Society shall be made up, and the balance of Funds actually on hand, after deducting the payment of 10 per cent. to the new Society, shall be divided by the number of shares held on lives transferred upon to this Society which may have lapsed between its commencement and its close as may be ascertained previous to the 11th day of February 1832, and the parties entitled to benefit, by such lapse, shall each receive his or their proportions of the said Funds, according to the numbers of Shares respectively held by them on the several lapsed Lives—the holders of half or quarter shares dividing according to those fractional proportions.

Article 28.—With respect to any lapse of lives in this Society, which may not be ascertained on or prior to the 11th February 1832, such lapses shall be at the risk of the next ensuing Laudable Society, and the Dividends to which the parties claiming to benefit by such lapses may be entitled shall be paid out of the Funds, and agreeably to the Regulations of the said ensuing Society on the said lapses being ascertained. But it is hereby expressly provided, with respect to any lapses which may have occurred at any place to the Eastward of the Cape of Good Hope, that notice of such lapses accompanied by satisfactory proof of the same must be given to the Secretaries of the Second Laudable Society within one year from the expiration of the first Society on the 31st December 1831, or within two years if the lapses have occurred in Europe or elsewhere beyond the Cape of Good Hope; and that in the event of the party or parties interested neglecting to prefer his or their claim, on account of any such lapse within the period here prescribed, he or they shall entirely forfeit all right and title to any benefit whatever, by reason of such lapse from the Funds of the second or any succeeding Society.

Article 29.—Any misstatement in the Affidavit of Health and in the policy void, as does, suicide in cases when a person effects an insurance on his own life, but not so in the case of Creditors effecting an insurance on the lives of their Debtors.
