Under the word Years find the Year, above which is the Dominical or Sunday Letter for that Year; then against the Months in the other Table find the same Letter, over which are placed the days of the Month for every Sunday in the Month. In Leap Year, for January and February, use the Letter above the blank space for the Year; for all the rest of the Months, use the Letter belonging to the respective Year.

To find out, when it is Leap Year, divide the Year by 4; if there is no remainder, it is Leap Year; and if any remainder, it is 1, 2 or 3 years after Leap Year.

Land Measure.

Land is usually measured with Gunter's Chain of 100 Links, or with a Rod of 10 feet, and reduced to Cawnies, Grounds and Square feet, agreeable to the following table.

60 feet long and 40 broad, make one Ground or Maunie, containing 2,400 square feet.

The Indian Cawnie is in proportion to the English Acre as 1 to 1.3223, or as 121 is to 160.

To reduce Indian Cawnies to English Acres, multiply the given number of Cawnies by 160, and divide the product by 121, the quotient will give the number of Acres, and the remainder be the fractional part of an Acre, —or multiply the Cawnies by 1.3223, and the product (cutting off 4 places to the right hand) will be the same, and the figures so cut off are the decimal part of an Acre.

The Covid in cloth measure is 18 Inches, but the English yard of 36 Inches is generally used.

That servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing regulations.

That in all cases, as well in those of servants coming in the first instance to the Cape, as well as of those coming direct from India, the said allowance be considered as commencing from the date of leaving India, and terminating at the expiration of three years from that date, or at the time of arrival in India, whichever may first happen.

That the same be paid half-yearly in Europe; that, on no account or plea whatsoever the allowances in question be extended beyond the period of three years; and

That any servant being in the receipt of absentee allowance from a civil fund, shall not be entitled to receive, during the same period of absence, the allowances prescribed by these regulations beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited.

Every Officer returning on Furlough, and wishing to retire from the Service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must, at the expiration of his furlough, either return to India, or be held to have relinquished the service, and not be entitled to retire on pay, unless he has continued to serve in India, from his first arrival, for the space of twenty-two years, without having a furlough; in that case he is allowed two years before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

A Conductor of Stores is allowed furlough pay, only in case of coming home from sickness.

Officers coming to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the Ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the Officer to his Presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years' furlough, unless they shall have obtained an extension of leave from the Court, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be proved to the Court, that a further residence in Europe is indispensably necessary.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

No Officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years absence under the Act of 33 Geo. III. cap. 52, sect. 70.

Every Officer upon leaving India, will receive a printed copy of the General Order on this subject, published agreeably to the Court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; Officers therefore, who shall come home on furlough and who shall not in due time apply, so as to effect their return to the presidency to which they belong, within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than two years and n

half from the period of his quitting India, excepting Colonels of Regiments, and those of the rank of Lieutenant Colonel regimentally, when promoted to that of Major General; the latter are then allowed to draw the pay of their Brevet Rank beyond the above period.

EXTRACT of a GENERAL LETTER from ENGLAND in the COMMERCIAL DEPARTMENT, dated 11th September 1808.

Para. 229.—In our Letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business, in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military Establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Marter, and Mr. William Evans, to be Warehouse-keepers, of Baggage, subject to our immediate inspection, and control, and we have made such arrangements with his Majesty's Board of Customs for ascertaining and paying the duties of Baggage, &c. as will ensue the greatest possible dispatch in the delivery of the articles to the respective Proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty, and for reimbursing the expenses attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers, Messrs. Marter and Evans, to clear and deliver them their Baggage, Wines, and Presents, as we have directed Messrs. Marter and Evans, to transact every branch of business connected with this department, which will render the Agency of all other Persons unnecessary.

232. Passengers arriving in India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk Goods from being worn or used in this country, and such goods although made into apparel are of necessity taken out of their Baggage and detained by the Officer of Revenue; We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe however small, are considered to be prohibited, and cannot be passed in England as part of their baggage.

GOVERNMENT ADVERTISEMENT.

The Right Honorable the Governor in Council having reasons to apprehend that the existing Law against the receipt of presents from Native Princes and other Natives of Rank is not sufficiently understood, is pleased to publish for general information the following Extract from an Act of Parliament passed in the 33d year of the Reign of His present Majesty. It is further explained that the provisions of the Statute are not only applicable to all persons, Civil and Military, in the service of His Majesty or of the Honorable Company, but also to the different members of their families residing in India.

LXII. And be it further enacted, That the demanding or receiving any sum of Money, or other valuable thing, as a gift or present, or under colour thereof, whether it be for the use of the party receiving the same; or for, or pretended to be for the use of the said Company, or of any other person whatsoever by any British subject, holding or exercising any office or employment under His Majesty, or the said United Company, in the East Indies, shall be deemed and taken to be extortion and a misdemeanour at law, and shall be proceeded against and punished as such, under and by virtue of this Act, and the offender shall also forfeit to the King's Majesty, his Heirs and successors, the whole gift or present so received, or the full value thereof.

LXIII. Provided always, and be it further enacted, that the Court of Jurisdiction before whom any such offence shall be tried shall have full power and authority to direct the said present or gift, or any part thereof, to be restored to the party who gave the same or to order the whole, or any part thereof, or of any fine which the Court shall set on the offender to be paid, or given to the Prosecutor, or Informer, as such Court in its discretion shall think fit.

LXIV. Provided always, and be it enacted, that nothing herein contained shall extend, or be construed to extend, to prohibit or prevent any Person exercising the profession of Counsellor at Law, Physician or Surgeon, or any Chaplain, from accepting, taking, or receiving fees, gratuities, or rewards (bona fide) in the way of his profession only.

The postage of refused Newspapers shall, in like manner, be recoverable from their Editors or other persons by whom they may have been forwarded.

Such packets shall be endorsed Law Papers, Accounts, &c. as the case may require.

BANGHY DEPARTMENT.

Note.

A Banghy is also established between Madras and Neilgherries, which will be despatched from hence on the same days as those to Calcutta and Cannanore.

1.—Banghies are established on the routes from Madras to Calcutta, to Cannanore, and to Trichinopoly. The two first are despatched on Tuesdays, Thursdays, and Saturdays; the last, which proceeds via Pondicherry, Portonovo, and Tanjore, is despatched every day of the week except Sunday.

Note.

The weight of private parcels has been restricted to 280 Rupees, and the size, to the cube of 9 inches.

2.—Parcels or Bundles of Newspapers from England or other places, not exceeding the weight of 700 Rupees or the cube of 1 foot, may be transmitted by Banghy; but those exceeding the cube of six inches shall be charged double postage. The subjoined table shows the rates at which parcels will be forwarded by Banghy.

3.—The payment of letter postage having been evaded by transmitting a number of letters under one cover by Banghy, it is required that parcels be left open at the ends, or they will be liable to be examined if suspected to contain letters.

4.—Every precaution is adopted for the security of letters and parcels transmitted by Dawk and Banghy; but it is proper to notify, that the Post Office will not be held responsible for their safety.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, Madras, 31st August, 1824.

Notice is hereby given, that the Honorable the Governor in Council
has been pleased to resolve, that henceforth the practice of sending let-
ters by the Dawk runners outside of the Mails, shall not be permitted,
except with respect to letters on the public service to or from troops on a
march, and that no detention of the runners shall be considered to be
justifiable under any circumstances.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, Madras, 27th June, 1826.

With reference to the fourth rule of the Post Office Regulations, un-
der the head of Banghy Department, whereby it is declared, that the Post
Office will not be responsible for the safety of letters or parcels trans-
mitted by Dawk or Banghy; it is hereby further notified, under the au-
thority of the Honorable the Governor in Council, that, while due care
will be taken to prevent losses, letters or parcels known to contain pearls,
precious stones, money in coin, or bullion, will not be received for trans-
mission through any of the Post Establishments.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, Madras, 31st October 1826.

Notice is hereby given, that, under the authority of the Honorable the
Governor in Council, Letters addressed to the Accountant General at
his Presidency, containing Public Acknowledgments for Subscriptions
to the Loan of the Supreme Government, opened under date the 18th of
August 1825, which the Holders wish to exchange for Promissory Notes
of that Government, will be allowed to pass free of postage, provided
the words " Loan Acknowledgment (or Acknowledgments)" are super-
scribed upon them.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, Madras, 4th July 1827.

Notice is hereby given, that whereas many Letters for persons at Out-
Stations are received at this Office from England, addressed to the care
of Mercantile Houses or Individuals at the Presidency, and whereas the
delivery of such Letters to the parties to whose care they are directed, is,

generally speaking, calculated to occasion much needless trouble, as well as to delay the receipt of the Letters by the persons for whom they are ultimately designed; the rule which it is intended to follow respecting such Letters in future, is, that they should be sent direct to the Persons to whom they are addressed as Principals, except where there are special instructions for their delivery to the Parties to whose care they are superscribed.

(Signed) J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, Madras, 19th July 1837.

The Post Master General is induced to recommend to the Public, as a measure not only advisable for security, but highly proper in other respects, that when remittances in Bank Notes, are made through the Post Department, the Notes should be sent in halves, (each half having the number, date, and value of the Note, with the signature of the Treasurer or Cashier of the Bank upon it,) and acknowledgments obtained for the parts first transmitted, before the others are forwarded.

(Signed) J. A. DALZELL, P. M. G.

Passport Regulations.

THE Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders, for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st.—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Fort St. George.

2d.—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with a Cheque Margin for the insertion of the name of the Person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; to the Town Major of Fort St. George for Military persons belonging to that Garrison; to the Adjutant General of the Army, for all other Military persons leaving the Presidency; and to such Officers Commanding Military Stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to Persons not Military.

3d.—That all persons authorized to grant Passports shall keep a Register in a prescribed Form (blank books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th.—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register its receipt in the same manner as on granting one, and if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th.—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly, a copy of their Register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th.—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively; but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passports with the new words "Pass to" noting the date; entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th.—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th.—Public Officers having received a Passport authorizing them to travel post on the public service, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers which may appear proper and necessary to be communicated for the purposes of farther enquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced: (reporting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement, all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the durbar of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlements of Europeans in India by indirect means.

2d.—No Passport of any Foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a foreign settlement, will concert with the foreign Governor, or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on proper occasions.

3d.—The routes of Foreign Travellers for commercial purposes, will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects, who are not in his Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will, as soon as may be practicable after the receipt of these instructions, transmit to the Secretary of Government, descriptive lists of all Europeans not in his Majesty's or the Honorable Company's Service, residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the farther residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license; and all Europeans not in the Ser-

vice, who shall not possess such certificates on the "1st day of August 1802," shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date—no Passport shall be granted to any European not in the service, who resides or states himself to reside at any English port or station, nor to any British subject residing at a foreign settlement, who does not possess such certificate of license: but Mariners or Traders, whether British or Foreign, not resident in India, who may desire to pass from one port to another for commercial purposes, shall be furnished with Passports without hesitation.

N. B.—The certificates should include a description of the person; and should grant conditional permission to reside at the town of " " subject to be sent to Europe at the shortest notice, whenever the Government shall think fit.

Fort St. George, 21st April, 1802.

Notice is hereby given, that from and after the 1st day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council, has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in places where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificate or Passport shall be produced to the next Collector or Commanding Officer, who are authorized to cancel it, if necessary, and to issue a fresh Passport.

And European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given, that a reward of Ten Pagodas will be paid to any person who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

Fort St. George, May 25, 1799.

In addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport; The Right Honorable the Governor in Council is hereby pleased to give Notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing through the territories under this Presidency, beyond fifteen miles from Fort St. George, without being furnished with a regular passport, will be taken up and confined until the pleasure of Government shall be known.

2. The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's, or the Honorable Company's Troops.

3. For the more strict execution of this order, Notice is hereby further given, that a reward of ten Pagodas will be paid to any person, who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

4. The following are the Officers by whom Passports will be issued on application.

By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military persons belonging to the Garrison of Fort St. George.

The Adjutant General of the Army, to all other Military persons leaving the Presidency.

The Residents at Hyderabad, Poonah, Mysore and Travancore, the several Collectors of Revenue, the Commercial Residents residing at Sea Ports, and Officers Commanding Military Stations.

FORT ST. GEORGE, May 15, 1802.

The Right Honorable the Governor in Council has been pleased to adopt the following modifications in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports to the Police Office in person, and that no Passports be issued to Foreigners, except at the Police Office. All Foreigners residing at any of the out-stations, or elsewhere, under the authority of the Government of Fort St. George, or who may hereafter arrive, shall without delay report through the channel of the nearest Magistrate, Collector, or other local authority, their place of residence, occupation, period of arrival and from whence they have last come, to the Police Office at Madras, and any person failing to comply with this notification, will, on discovery, be placed under personal restraint.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations, and to see that the order is strictly enforced.

All passports of whatever description, are in future to be translated into the Malabar, Gentoo and Hindoostanee Languages.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

MARINE DEPARTMENT.

The following Extract of a Letter from Lieutenant John Strover Criddle, 2d Assistant to the Marine Surveyor General, addressed to the Secretary to the Marine Board at Fort William, under date the 4th of September last, is published for general information.

"With respect to the Armagon Shoal, there is no Flag Staff at that place, nor can Armagon Hill be discerned from the Southern end of the Shoal, and it frequently happens, that the Pulicat Hills are obscured for many days—Soundings then become the only guide. I therefore recommend, that no Ship proceeding down the Coast should come under 12 fathoms, she will then be from 2 to 3 miles off the Shoal, consequently out of danger."

MARINE BOARD OFFICE, } J. GWATKIN,
12th November 1816. } Secretary.

The following directions for Vessels approaching the Roadstead of Calicut extracted from the Survey of the local Marine Officer, are published for general information.

In the S. W. Monsoon, the Flag Staff to bear W. by N. $\frac{1}{2}$ N. in 7 or 8 fathoms, and in the N. E. Monsoon, the Flag Staff to bear West in 8 fathoms, to give room for clearing a reef of rocks, on which the sea breaks at low water, a little to the Southward of the Roads: which may be known by several Rocks on the Beach and in the Surf.

Vessels coming along shore from the Southward should not come under 10 fathoms, till the Flag Staff bears N. W. by W.: when they may haul in for less water—Anchoring to the Southward of the above bearings, Ships will have rocky ground.

From the Northward of the Rocks, on the Beach and in the surf, the reefs runs out about $\frac{1}{2}$ of a mile, in an E. N. E. direction.

ARTICLE 24.—At the expiration of the Society on the 31st Dec. 1831; it is proposed, that a new Society, but subject to such further alterations as experience may suggest, shall be immediately instituted, into which Society all Members then holding shares on unexpired Lives in the First Madras Laudable Society shall bear liberty to transfer those Shares without any renewed Certificate of health, in consideration of a sum of Money to be paid to such new Society out of the Funds of the First Madras Laudable Society. To entitle Members of the First Laudable Society to transfer the Shares held by them into the ensuing or Second Laudable Society, no regular form of application shall be necessary; but a Certificate of Admission into the new Society shall be immediately issued to them on the simple payment of the usual first year's Subscription in advance, subject however to the established penalty of two per cent in the event of the payment being delayed beyond the term of one month from the commencement of the new Society, and to the entire forfeiture of the privilege of Transfer (excepting on a new application to the Directors, accompanied by the regular Certificate of Health, &c.) if not made good within the second month from that period. The rates of Subscription for Members transferring their Shares from the First to the Second Laudable Society shall be according to the respective Ages of the Parties on whose Lives the Shares are held, on the 1st January 1832.

ARTICLE 25.—It is proposed to render the Institution of the Laudable Society permanent by establishing a New Society in succession to each Society as it expires and arranging the transfer of the shares agreeable to the above principle.

ARTICLE 26.—Upon the transfer to the Second Laudable Society of any Share or Shares in the First Laudable Society which may stand as signed by endorsement or otherwise for the benefit of any other person or persons than the person or persons originally interested therein, or upon any subsequent transfer of any share or shares so assigned from the second or any succeeding Society to the Society next ensuing, such share or shares shall continue in all respects subject to the lien of the assignee and shall be declared to stand for the benefit of such assignee in the Certificate of Admission to be issued from the new Society.

ARTICLE 27.—Within one month and fifteen days after the 31st December 1831 the accounts of the first Laudable Society shall be made up, and the balance of Fund actually on hand, after deducting the payment of 10 per cent. to the new Society, shall be divided by the number of shares held on lives subscribed upon in this Society which may have lapsed between its commencement and its close as may be ascertained previous to the 15th day of February 1832—and the parties entitled to benefit, by such lapses, shall each receive his or their proportions of the said Funds, according to the numbers of Shares respectively held by them on the several lapses of lives—the holders of half or quarter shares, dividing according to those fractional proportions.

ARTICLE 28.—With respect to any lapses of lives in this Society, which may not be ascertained on or prior to the 15th February 1832, such lapses shall be at the risk of the next ensuing Laudable Society, and the dividends to which the parties claiming to benefit by such lapses may be entitled shall be paid out of the Funds, and agreeably to the Regulations of the said ensuing Society on the said lapses being ascertained. But it is hereby expressly provided, with respect to any lapses which may have occurred at any place to the Eastward of the Cape of Good Hope,

that notice of such lapses accompanied by satisfactory proof of the same must be given to the Secretaries of the Second Laudable Society within one year from the expiration of the First Society on the 31st December 1831, or within two years if the lapse have occurred in Europe or elsewhere beyond the Cape of Good Hope; and that in the event of the party or parties interested neglecting to prefer his or their claim on account of any such lapse within the period here prescribed, he or they shall entirely forfeit all right and title to any benefit whatever, by reason of such lapse from the Funds of the Second or any succeeding Society.

ARTICLE 29.—Any mis-statement in the Affidavit of Health makes the policy void, as does suicide in cases when a person effects an insurance on his own life, but not so in the case of Creditors effecting an insurance on the lives of their Debtors.

Madras Tontine.

In consequence of the wish expressed by a great many persons at Madras, it is proposed to establish a Tontine to be denominated the MADRAS TONTINE.

In framing its Rules and Regulations, advantage has been taken of the experience derived from the management of the Calcutta and Bombay Tontines and those of the latter have in particular been taken as a guide

after such alterations as appeared necessary to render them better adapted to this Presidency.

By the Regulations of the Madras Tontine it will be observed that the Funds as they accumulate are not to be employed in any other manner than by investment in the Securities of Government, thus rendering the ultimate dividend among the Survivors, if not perhaps so large, at all events less precarious, than if the capital were employed in Loans or Mortgages, &c.

Regulations of the Madras Tontine for the benefit of Survivors to be established on the 1st January 1829, and to continue for the period of five years.

1st.—That the number of Shares in this Society be unlimited, and each Subscriber be allowed to hold any Number of Shares, half Shares or Quarter Shares on the Life or Lives of such person or persons as he may think proper, and that all application for admission be made to the Secretary in writing according to the annexed form.

2d.—That the amount of a whole Share be fixed at Two Thousand Madras Rupees to be collected by twenty quarterly instalments of One Hundred Rupees each.

3d.—That the 1st day of January, 1st of April, 1st of July, and 1st of October in each year be considered as the days on which the quarterly instalments are to be paid.

4th.—That all Subscribers on or before the 31st January 1829, shall pay for the first Quarterly Subscription, for every whole Share One hundred Rupees, for every half Share fifty Rupees, and for every quarter Share twenty five Rupees, and that the same rate of Subscription be continued on the first of every quarter during the continuance of the Tontine.

5th.—That all Subscribers after the 31st January 1829, shall pay up their Subscriptions in arrear, with Interest at the rate of nine per Cent. per annum from the 1st of that Month, and also such further premium as the Directors may judge proper, with reference to any lapse of life or lives that may have previously taken place, and the consequent increased value of the Shares.

6th.—That no new Subscribers can be admitted into the First Madras Tontine after the 31st December 1829, and all lives entered on the Books up to that date, who shall survive on the 31st December 1833, will be entitled to a dividend of the capital subscribed, with the Interest and profit accumulated thereon.

7th.—That on the lapse of any life, upon which a Share has been held, the Subscriber loses (as far as applies to such lapsed share) all claim to or interest in the capital and profits of the Tontine, which are understood to belong exclusively to survivors.

8th.—That any Subscriber who neglects to pay his instalment within one month after the time it becomes due, shall forfeit for each Share the sum of Fifty Rupees for the benefit of the Tontine, if it remains two months in arrears, a fine of one hundred Rupees shall be imposed, and if it is not paid within the quarter, such Subscriber shall be considered as no longer having any Interest in the Tontine.

9th.—That all Subscribers who may prefer paying the whole, or any number of Quarterly Subscriptions in advance shall be at liberty to do so, and be allowed a discount on all such advanced Subscriptions, at the rate of six per Cent. per annum simple interest.

10th.—That all Subscriptions shall be paid to the Secretary, who will give a receipt for the same countersigned by one of the Directors.

11th.—That the Committee of Directors be composed of the following Gentlemen, viz. JOHN ARBUTHNOT, Esq. JOHN WILLIAM DARR, Esq. JOHN LING, Esq. EDWARD GORDON, Esq. and JAMES WEBSTER, Esq. who will superintend and controul the general management of the Funds and business of the Tontine, and on a vacancy occurring by death or otherwise, the same shall be filled up by the majority of the Subscribers at a meeting to be called for the purpose, on such vacancy taking place. Votes to be taken either *viva voce* or in writing.

12th.—That JAMES SCOTT, Esq. be appointed Secretary to this Society under the controul and direction of the Committee, and that he be allowed two per Cent. Commission on the gross receipts, and two per Cent on the final distribution of the Funds, in lieu of all expenses excepting law charges, and that he be also allowed a fee of four Rupees for each Certificate of Admission to be paid by the party subscribing.

13th.—That the Books and Accounts of the Society shall be open at all times for the inspection of Subscribers, and the Secretary shall, as soon as possible after the 1st day of each quarter make up the accounts of the Fund with all Interest accrued, and submit the same for the inspection and approval of the Directors.

14th.—That so often as the Funds of the Society shall amount to Two Thousand Rupees, the same shall be invested in such public securities.

15th.—That a Certificate of Admission shall be granted to each Subscriber, signed by three of the Directors and the Secretary.

16th.—That a General Meeting of the Subscribers shall be held annually at the Office of the Secretary on the 2d Monday of January, during the continuance of the Society for the purpose of examining the accounts and the state of the Funds.

17th.—That as soon as may be practicable after the 31st December 1833, the final accounts of the Society shall be made up, and a dividend paid to all such Subscribers, or their Executors, Administrators, or Assigns as may have paid up their full Subscriptions with all interest due on them, and can furnish satisfactory proofs of their existence on the 31st December 1833, at midnight, of the person or persons in whose lives they may have subscribed shares. And that a notice be sent to all absent subscribers or their representatives calling on them to produce proofs of the existence of the parties on whose lives their shares are subscribed.

18th.—That eighteen months be allowed from the 31st December 1833 for such Subscribers or their Executors, Administrators or Assigns as may have been unable to adduce sufficient proof at the time of the payment of the first dividend, and in default thereof they will forfeit all claim on the Funds of the Society, as on the 30th June 1835 a final distribution will be made.

19th.—That persons becoming Subscribers to the Society, bind themselves and their representatives to the several Articles contained in the foregoing Regulations.

SIGNALS

For Ships or Vessels in the Offing.

Signals respecting Ships or Vessels in the Offing, whether Men of War or Merchantmen are made from the Garrison Flag Staff, a Yard slung across the Top-mast, the points of which represent the quarter from which the Vessels are coming in.

Three Classes of Vessels are expressed by the Signals; Vessels of three Masts, of two Masts, and of one Mast.

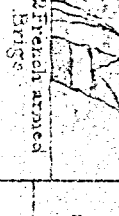

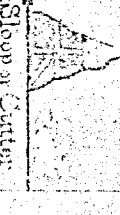

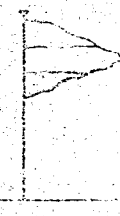

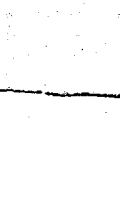

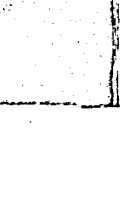

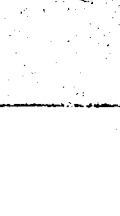

An Ensign, or square National Flag, represents a Ship of three Masts; a National Flag, with two points or Swallow's tail, represents a Brig or Snow, &c., of two Masts; and a broad National Pendant, terminating in one point, represents a Sloop or Cutter of one Mast.

If either of these Flags are hoisted to the yard above described, the Vessels seen are on the North or South quarters of the compass.

The number of Ships that appear in the Offing, are expressed by Pendants—a white Pendant signifies one Ship or Vessel; a red and white Pendant, two Vessels; a red Pendant, pierced with white, three Vessels; and a yellow Pendant pierced with blue, four Vessels; when the number of Vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow Pendant will be hoisted.

If the Vessels in sight are Men of War, in the North or South quarters, one of the numerical Pendants will fly over the National Flags on either side of the Yard Arms.

If Merchantmen are seen in the North or South quarters, one of the numerical Pendants will fly under the National Flag on either side of the Yard Arms.

 1 British Men of War			 2 Dutch Men of War			 3 Russian Men of War		
 4 French armed Brig			 5 American armed Brig			 6 British Men of War		
 Ship			 Snow Brig			 Sloop or Cutter		
 BRITISH			 AMERICAN			 RUSSIAN		
 FRENCH			 DUTCH			 MOORISH		
 DANISH			 BRITISH			 AMERICAN		

the Ships are Indianmen, a blue Pendant will be displayed as usual under the Union Flag of the Fort.

If a fleet is in sight, one Gun will be fired after the signal for the Fleet is made, and if there are two Fleets of different Nations, in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 Minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Steamer or a Packet is announced with a blue flag pierced with yellow hoisted to the yard arms, expressive of the quarter she is in.

The annexed Plate represents the Flags of all Nations, that trade to Madras; and the manner in which the Signals are made, to express Ships or Vessels discovered in the Offing.

The St. George's Flag hoisted on either points of the Yard Arm with a white Pendant over it, announces a British Man of War—The French or Tri-coloured Flag of two points or Swallow tail hoisted with a red and white Pendant over it represents two French armed Brigs or Snaws, &c.; a broad American Pendant hoisted with a red pendant pierced with white flying over it, represents three American armed Cutters; and a Dutch flag hoisted with a yellow pendant, pierced with blue over it, represents four Dutch Men of War.

The St. George's colour is varied according to the colour of the Admiral of the Squadron—on the station for the time being.

If the numerical Pendants instead of flying over the National Colours are hoisted under them they will describe the same class of Vessels to be Merchantmen.

The blue Pendant hoisted under the Union with a white Pendant under an English Ensign hoisted on either yard arm, indicates an Indianman.

N. B.—As the Marriott's Code of Signals is so widely in circulation, and as the community at large are anxious of knowing the names of Vessels coming in, the Captains and Commanders of Vessels are requested to answer without delay every signal made to them from the Flag Staff of the Garrison.

LIGHT HOUSE.

The Light House on the exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Government, in December 1796, and is of essential service to Ships, coming into the Roads in the night.

The light is 90 feet above the level of the Sea at high water, and can be seen from the decks of the Honorable Company's Ships, about 17 Miles, and from their Mastheads near 26 miles.

The South part of Palicat Shoal bears from the Light House N. by W. half E. distance 12 miles; and to keep clear of the Shoal, the light should always bear to the Westward S. S. W. $\frac{1}{2}$ W.

3. The donation may be paid at once or by monthly instalments, agreeably to Table B., at the option of the subscriber. If the subscriber, however, be promoted during the payment of these instalments, he must pay all instalments subsequent to the date of that promotion, at the rate of the donation of the higher rank.

4. But although a period of eighteen months is also granted as an indulgence for the payment of the *maximum* by a person who may not have applied to subscribe to the fund within six months after his admission on the establishment, it is to be clearly understood, that any arrears of that maximum at the period of the death of such subscriber, or at the date of the sick certificate, on which he may have obtained leave to proceed to Europe, shall be deemed a forfeiture of all claims upon the fund, either for himself or family.

5. Nevertheless, on the death of any subscriber, whose family may be excluded from the benefit of the fund by the preceding paragraph, such family will be entitled to receive from the fund the full amount of subscription, with interest accumulated half yearly, that may have been paid by the subscriber on whose behalf they claim, provided the subscription shall not have been previously forfeited under 9th article of this section.

6. Officers on their promotion or marriage will be required to pay up the difference between the amount of donation already paid by them, and the amount specified in the second and fourth columns of Table B., as the aggregate of each class and condition.

7. Donation is in no case to be returned.

8. All subscribers marrying after their admission into the fund, and who may be desirous that their widows or children shall possess claims to the benefits of the fund, are required to inform the secretary of their marriage, and of the payment of the additional donation; and unless this information be given, and payment of the additional donation made within six months after such marriage, the subscriber shall be required to pay double the amount, with interest added half yearly.*

9. Any arrear, not sanctioned by the 3d and 4th articles of this section, equal in amount to six months subscription, shall subject the subscriber owing it to the payment of double the amount of the arrear (unless it shall be made to appear, to the satisfaction of the Directors, that such arrear arose from an unavoidable accident), and in failure of the payment of the forfeitures specified in this and the preceding article within twelve months after it shall be demanded, to the exclusion of himself and family from the benefits of the fund.

10. Subscribers who may be in the actual receipt of any periodical aid from the fund, shall not, during such period, be exempted from the payment of monthly subscriptions.

11. Subscribers who may be prevented from drawing pay by a temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall during such period be exempted from the payment of monthly subscription without forfeiture of their rights; but upon the removal of such incapacity, and upon the receipt of pay, they shall be required to pay up all arrears due to the fund, or one-thirtieth part if unmarried, and one-twentieth if married, of any arrears of regimental garrison pay and allowances which they may so receive.

12. It is optional with married subscribers to pay a donation of 292 rupes or not, within one year after the birth of each daughter; the advantage resulting from such payment being, that the annuity which on the death of the subscriber becomes payable to such daughter, shall be continued to her until her marriage or death, in the manner prescribed; and in the event of its not being paid, the annuity to the daughter will cease on her attaining the age at which annuities to sons are discontinued.

* This article is applicable to the marriage of widowers as well as to that of bachelors.

tinued. A posthumous daughter, or a daughter whose father may die before she be one year old, will be entitled to the advantages of this regulation, but the prescribed donation for her will be deducted from her annuity at the rate specified in Table D.

18. Officers retiring on half-pay, or on Lord Clive's Fund, shall pay full subscription notwithstanding, according to their rank and condition; and they are accordingly required to pay up their arrears, without interest, towards their respective maximum, within one year after the adoption of the regulation may be made known in England; or failing so to do, and preferring to continue the payment of half subscription only, their families at their death will be entitled only to half the benefits derivable from the fund.

Section III.—Persons entitled to the Benefits of the Fund.

1. The persons entitled to the benefits of the fund are:—1st. All subscribers to the fund, for such benefits as are personal, under the restrictions prescribed by the regulations. 2d. All widows and legitimate children of those who were subscribers, and were married on the 1st April 1808, and the children of such previous marriages are entitled, without distinction, to the full benefits of the fund, either in quality of orphans, or in future as widows.

2. With regard to marriages contracted subsequent to the 1st April 1808, it shall be an indispensable qualification that both the parents of any and every claimant shall have been European, or of unmixed European blood, though born in other quarters of the world; four removes from an Asiatic or African being considered as European blood.

3. Legitimate children of those who were married subscribers on the 1st April 1808 (provided they be the offspring of such marriages), as also the legitimate descendants of those children, shall be entitled to the full benefits of the fund, either as orphans or hereafter as widows, notwithstanding the restriction contained in the preceding article.

4. Marriages, subsequent to the 1st April 1808, with persons of mixed blood (who may not be included in the third Article), exclude the widow and the children from the benefits of the fund; but subscribers contracting such marriage will continue to enjoy all the personal advantages of the fund, and will besides have the option of paying the additional donation on marriage; which payment, and the continuance of such subscription, will entitle the widow and children of such subscriber to receive from the fund the amount of net subscription paid by him with compound interest, accumulated half-yearly, after deducting therefrom, with similar interest, the amount of any advances which he may have previously received from the fund on account of sickness or other cause.

Section IV.—Benefits derivable from the Fund.

1. The benefits derivable from the fund are twofold. 1st. Such as are granted by the regulations to subscribers while living. 2d. Such as are granted to the widows and legitimate children of deceased subscribers.

2. The benefits granted to subscribers while alive are considered personal, and subject to the decision of the directors for the time being: who will be guided in their decision on each claim by the regulations of the fund, except when they have reason to entertain doubts with respect to any such claim. It will, in such cases, be their duty to call for further information from the claimant; and if this information should not be satisfactory to the directors, they are authorized to withhold the payment of the claim until the pleasure of the army be at large known, to whom the case will be immediately referred.

3. Subscribers who may have applied to the Secretary for permission to subscribe within six months after their admission on the establishment, will be entitled at any time to the benefits of the fund.

4. A subscriber who may proceed to Europe on sick certificate, in conformity to the regulations of the army, and who may not be allowed passage money by Government, shall be entitled to the passage money regulated for his rank, provided his application shall be accompanied by a declaration on oath, that he does not possess the means of paying for his passage; and also shall be entitled on his return to India to receive from the secretary in England the sum regulated for the outward passage, on the production of a similar affidavit.

5. A subscriber so proceeding to England on sick certificate shall be entitled for his equipment to a further sum not exceeding Rs. 400, if unmarried; or if married, in addition to the above sum, he will be allowed Rs. 200 for his wife, and Rs. 100 for each child, his application being accompanied by an affidavit of his not possessing funds for the purpose; but no allowance will, in any case, be made for equipment to a subscriber returning to India.

6. Subscribers, being subalterns proceeding to England on sick certificate, who shall make oath that they do not possess property which will produce an annual income, including their pay, equal to £140, shall be allowed such sum annually, as with their pay and other income, will make up £140, during the period of receiving English pay on furlough, as regulated by the Court of Directors.

7. Income allowance to sick subaltern officers at home will be increased to such officers as are married, or to widowers having offspring, as follows: £20 for his wife, and £10 per annum to each of his children. The latter allowance, however, to be reduced in the case of plurality of children, in the manner prescribed by the 19th article in this section: provided, however, that such additional allowance for the whole family never exceed his own income allowance. A Captain, in like manner, being at home on sick certificate with a family will be entitled to a similar allowance for his family provided he take the oath prescribed for subalterns; but such allowance is never to exceed that of a lieutenant.

8. Subscribers proceeding to England on sick certificate conformably to the regulations, from any place not under the Presidency of Fort St. George, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local regulations, and shall make immediate communication of the circumstances to the directors of the fund.

9. The second class of benefits (namely those granted to widows and children of deceased subscribers) are absolute, not dependant on the decision of the directors, but controlled solely by the regulations of the institution.

10. The widows and legitimate children of deceased subscribers, admitted subsequent to the 15th October 1822, shall be entitled to receive the annuities specified in the annexed table E., without reference to the amount of property such subscribers may have died possessed of, provided they shall have paid up, previous to their decease, the minimum of their rank; but in cases where the minimum may not have been paid up, the annuities of the widows and children will be subject to a deduction, in the proportion specified in Table D., until such minimum may have been made good, and the annuities will be paid in full.

N. B. Girls for whom the donation may have been paid will be entitled to a continuance of their pension until marriage or death, according to their condition in regard to parents.

11. The pension to boys may be anticipated by the parents or guardians at any time after such boys shall have attained their fifteenth year, at their then present value, as shown in the following Table F., the parents or guardians granting a sufficient acquittance for the same; and such payment of anticipated pension will preclude any subsequent demand for pension, except when the pension may have been anticipated during the life time of the mother, and that she dies afterwards before the boy has completed his 21st year, in which case he shall be entitled to the difference of the sums opposite his age at the time of his mother's death for the £40 or the £60 annuities, in India or in England respectively, as the case may be.*

* For instance, if a Boy in India, while his mother is living, anticipates his annuity at the age of 16, he will receive £165 18s. 2d, only; but if his mother die when he is 19, he will then have to receive the difference between £73 2s. and £109 13s. or £36 11s. in addition to the sum before paid to him.

N. B. The present value is invariably to be paid, under the circumstances of the case, as the boy may be in Europe or in India respectively; and if the boy die at intermediate periods between the calculated half years, the due proportion shall be allowed for the broken period.

12. In cases where children may be bereft of both their parents, the guardians of such children will be entitled to receive their annuities, on production of the powers investing them with authority to act as guardians.

13. The Pension payable to the widows of subscribers is in all cases to be subject to a deduction equal to the amount of Lord Clive's Pension; accordingly an amount, equal to the pension payable by Lord Clive's Fund, shall in all cases be deducted from the income which might otherwise be claimed from the Military Fund by the widow of a deceased subscriber.

14. If a widow pensioner on the fund marries, her pension is to cease, during her coverture; but in the event of her becoming again a widow, she shall be re-admitted to all the benefits she may have enjoyed from the Fund during her first widowhood, in like manner as if she had not re-married. If her second husband shall also have been a subscriber to the fund, she will receive, however, only one annuity, taking that which may be greatest, that is to say, according to the rank of the first or second husband, whichever may have been the highest; but the widow of a colonel, lieutenant colonel, or major, marrying subsequently to the date of these regulations, and reverting again to the fund upon the decease of her husband, shall be entitled only to the annuity specified in Table E.

15. The applications of widows admitted subsequent to these regulations having effect, and who were not married on the 1st of April 1809, are to be accompanied by an affidavit.

16. Widows who may be admitted to the benefits of the fund subsequent to the dates of these regulations, shall not be entitled to passage money, except in cases where it may be certified by two medical officers to be absolutely necessary for the recovery of their health, when they will be allowed the passage money established for the rank of their deceased husbands for one passage only. Widows who may declare upon oath that they have not the means of defraying their passage, will receive as an advance the amount allowed for the passage regulated for the rank of their deceased husbands; such advance to be repaid, with interest at 5 per cent., by instalments, at the rate fixed in Table D.

17. The passage money for children admitted subsequent to the date of these regulations is fixed as follows, viz. £60, (or Rs. 525) for each child; but when two or more children go home together the allowance is to be reduced in the following ratio, viz. £3 £9, £18, £30, £45, as there may be 2, 3, 4, 5, or 6 children going together respectively, and in the same ratio for any greater number.

18. The half yearly application of a widow for her annuity, admitted subsequent to the 15th October 1822, is to be accompanied by an affidavit.

19. A widow having more than one child, shall have deducted from the aggregate of her children's annuity 1 20th part of one child's annuity (taken on the average of all their annuities) for the second child; 2 20ths for the third child; 3 20ths for the fourth, and so on for any number she may have above one, so that, for instance, supposing a subscribing major to leave a widow and six children (two in each class) she will have to receive from the fund for herself.....£180 11 3

But the aggregate of the children's annuities is in no case to exceed the amount of the widow's own annuity receivable from the Fund.

Section V.—Eventual Benefits of the Fund.

1. Independent of the benefits which have been recited, the fund is considered as holding out the prospect of eventual benefits under the following circumstances.

2. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, as the permission of the Hon. Court of Directors has been obtained, to afford the aid of the fund in the following case, viz. to subscribers compelled by ill health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage money of their rank and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

3. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following cases:—1st. To officers who may have served twenty-two years in India, and may be obliged by ill health to retire from the service, without having obtained the rank of major, the regulated passage money of their rank, and such assistance from the fund as will render their whole income, from whatever source,

equal to the pay of major.—2d. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage money of their rank; provided always, that the resignation of such officer shall actually have been accepted previously to his embarkation.

Section VI.—Loans.

1. Subscribers who shall have subscribed to the fund for a period not less than eight years, shall be entitled to Loans under the following circumstances:

1. A subscriber being desirous to send his wife and children, or either of them, to Europe, shall be allowed, should the state of the funds admit it, a loan equal to the amount of 20 months' subsistence of the family he then holds, provided he shall have previously deposited with the directors an irrevocable order, engaging to repay the amount so borrowed, with interest at 3 per cent., within twenty-two months immediately succeeding the date of the advance. He shall also be required to deposit for the ultimate security of the fund, a personal bond, in which shall be joined by two securities, to be approved by the directors, and his engagement on any property he may possess.

2. In like manner, a similar loan will be allowed to a subscriber in India under the same conditions, whenever he may be desirous that his wife and children, or either of them, should return to him.

3. A subscriber who may be desirous to remit money to his wife or children in Europe, shall be allowed to receive an order on the secretary of the fund in England for any amount which he may have previously paid into the fund here, either by instalment or otherwise; provided always, that any loss by exchange or otherwise shall be borne by such subscriber.

4. A subscriber proceeding to England on sick certificate with his wife and children, shall be authorized to apply for the regulated passage money for such wife and children, to be advanced by the Military Fund as a loan. Such loan, however, can only be advanced upon the personal bond of the subscriber, including two sureties to be approved by the directors. The amount to be repaid with interest at 3 per cent. within two years after the subscriber's return to India, provided he may have attained the rank of Captain, otherwise within two years after he shall have attained that rank, and the sureties to be bound to make good any balance or deficiency, in the event of the subscriber's ceasing to be a member of the fund before the bond is discharged.

Section VII.—General Regulations (extracts.)

9. When any new regulation shall appear to the directors to be advisable, such regulation shall be circulated to corps for consideration.

10. If any subscriber or claimant on the fund shall be desirous to appeal from the decision of the directors to that of the subscribers at large, upon any subject which may not be specifically defined by the regulations, such appeal, provided it be approved by three directors, shall be referred and decided upon in the manner prescribed in the preceding article, and the decision shall be final in all cases whatever, any further agitation of the question, by process of law or otherwise, being deemed in itself to be an absolute forfeiture of all claim on the fund.

11. When a reference shall be made to the subscribers at large, respecting either a proposed regulation or an appeal, the result of such reference shall be communicated to corps for the information of subscribers.

12. In order to prevent litigation respecting the disposition of this institution, it shall be required that every application for the benefit of the fund shall be accompanied by an obligation of the party applying to con-

form and submit to the decision of the directors, and of a majority of the army, in cases which admit a reference to the general suffrage.

13. Generally, all payments due from the fund are to be made half-yearly, on the 30th June and on the 31st December; but in cases when pensioners or claimants on the fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

14. Any arrear which may be made to the fund by a subscriber, or by an annuitant who may have received an over-payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the fund to the person owing such arrear.

15. All income derived from the Madras Military Fund is declared to be unalienable; and the fact of attempting the alienation of such income, in any manner or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the fund.

16. Dismission from the service shall be in all cases considered a forfeiture of all claims on the fund, and of all subscriptions already paid; but temporary suspension from rank or pay is not to be considered a forfeiture of such claims, provided the subscription be continued during such suspension; or if the subscriptions be discontinued, provided the arrears so arising, and interest on the amount, shall be paid up within a period equal to that of the suspension, and immediately succeeding it.

17. If a subscriber who may be dismissed from the service by a court-martial or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the fund, on payment of the arrears that may have accumulated, with interest thereon, in the same manner as if he had suffered only temporary suspension.

18. All property belonging to the Military Fund at any period, shall be invariably vested in the Honorable Company's securities.

19. When interest may be chargeable according to these regulations, on sums either receivable or payable by the Military Fund in account with subscribers to that fund, or their families or representatives, that interest shall be always calculated according to the highest rate, which may be allowed on the Honorable Company's securities at this Presidency, at the time when such sum may be received or paid.

20. The existence of a Military Fund must be known to all persons entering the Madras service; and, in the course of six months, they must necessarily have various opportunities of learning the tenor of the regulations. It will nevertheless be the duty of the secretary to communicate to each cadet, officer, chaplain, or assistant surgeon, entering the service, the advantage of a speedy declaration of his intention to subscribe, and the penalty of his delaying it for more than six months. This communication is to be made immediately on the promulgation of the order admitting to the service any individual of the class above mentioned, and is to be repeated at the expiration of three months; but the mis-carriage or non-receipt of such communication will not be admitted in bar of any existing regulation.

21. The management of the affairs of the fund in England shall be conducted, as at present, by a secretary to be nominated by the directors of the fund, and such secretary shall be required to furnish security in proportion to the extent of cash he may have in hand at one time. It shall be part of the duty of the secretary to furnish every cadet, assistant surgeon, and chaplain, on his appointment to the Presidency, with a printed copy of the regulations of the fund, and every information requisite relative to the existence and objects of the institution.

22. With the view of securing the fund against decay and ultimate failure, the original intention in regard to donation shall be henceforward put in force and strictly adhered to, namely, that the donations paid by officers be "for the purpose of forming a capital" and that the subscription of officers, the Company's donation, the interest on the capital, and all other profits, be alone available to defray the expenses of

the fund, and the books and accounts of the fund shall be kept to that effect.

23. Should the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits available to defray the expenses of the Fund, fall short of the demands upon it, so that the total amount of the former will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionable deduction, according to Table D. from the annuities of the widows to the four senior classes, from the annuities to all children, and from the payments to other claimants above the rank of subaltern, until the state of the fund shall afford the means of complete payments; then, if a surplus income exists, the arrears shall be made good for the amount of surplus, but not otherwise.*

24. The Secretary shall lay before the Directors, at the regular month-meeting in November each year, an estimated state of the fund for the current year; and the directors having taken the same into consideration, shall declare what deduction, if any, may be required on annuities and claims for the ensuing year, on the principles of the preceding article.

25. Certificates according to a prescribed form, shall be issued for the amount of every deduction to be made on the above principles, be numbered, dated, and registered progressively; and when it may be deemed advisable to put them in train of payment, the same shall be discharged to the parties holding them or their order, according to priority of date, and upon their granting a full and sufficient acquittance for the same on the back of the certificate; but no interest whatever will be paid on those certificates at any time.

26. None of these regulations shall affect the Annuitants admitted on the Fund prior to the 15th October 1822, regarding whom the previous regulations shall continue in force, except in such cases as are hereinafter specially and otherwise provided.

* So long as there shall be on the Fund widows belonging to the three senior classes, and children whose mothers are living, and which widows and children shall have been admitted thereto previously to the 15th October 1822, the widows and children admitted since that period on the modified annuities shall not be subject to the deductions specified in the preceding articles, until the corresponding annuities of the former annuitants shall by such deduction have been reduced respectively to the standard of the new scale; from which period they shall all be included in the provisions of the Article to which this note refers.

G. O. BY GOVERNMENT.

Adverting to the Extract of a Letter from the Honorable Court of Directors in the Military Department, dated the 30th of April 1823, and published in General Orders under date the 9th of September following.
