During this month the wind blows uniformly and steadily from the N. E. with occasionally an inclination towards the East about the middle of the day in the shape of Sea Breeze. In the mornings for the most part heavy dew is deposited and occasionally fog, which reaches only to 2 or 3 feet above the surface of the ground; the weather is mostly very serene, presenting about 20 days of uninterrupted clearness and 5 of haze or mist, the remaining days being clouded with perhaps a single shower of rain; lightning is almost unknown in this month.

The hottest time of the day is at 1h. 20m. P. M.; the coldest at 5h. 20m. A. M.

The N. E. Monsoon continues with occasional exceptions till the middle of the month, after which calms and S. E. winds as frequently prevail: In the early part of the forenoon it is usually calm until the sea breeze sets in, which commences about 11 A. M. and blows till 10 or 11 P. M. During the whole of this month the weather is without exception, always beautifully clear and placid and is generally considered to be the most healthy period of the year, there are no more than 1 day of haze and 1 of clouds. Rain or lightning do not occur once in 7 years.

The hottest time of the day is at 0*h*. 40*m*. P. M.; the coldest at 5*h*. 0*m*. A. M.

Throughout this month the South or *along shore* wind with very unequal force prevails; it is accompanied with a profuse dampness and saltriness, which renders its effects highly prejudicial to health and comfort; on this account the sea breeze, which sets in at Noon and blows till 10 P. M. is less courted than at other Seasons; the sky is however beautifully clear for about 27 days, the remaining 4 being cloudy; dew less frequently occurs, and is less in quantity than last month; rain and lightning are little known.

The hottest time of the day is at *0h. 20m.* P. M.; the coldest at *5h. 0m.* A. M.

The remarks of last month relative to the wind are equally applicable to this: the S. wind varying from S. E. to S.W. still continues, at times blowing very fresh but occasionally calms, which are exceedingly oppressive. The weather is clear for about 21 days, with 4 days of flying clouds or haze, and 2 of clouds, on one of which rain falls; lightning occurs for two days. Dew is very little in quantity, and of unfrequent occurrence.

The hottest time of the day is about noon; the coldest at 4h. 50m. A. M.

The South wind which is mentioned as peculiar to the two last months continues till the middle of this month relieved some times by a land wind from the W. or S. W.; in this interval gales of wind of extreme violence have occasionally been experienced commencing their career generally at the N. W., and veering to every point of the compass; about the 10th the regular land or hot winds set in, which are moderated in their effect towards the end of the month by occasional showers. The Sea breeze sets in about noon and blows till 9 or 10 P. M. There are about 19 days of clear weather, 8 of flying clouds and haze, and 4 cloudy days, on 2 or 3 of which there is rain; the dew is almost imperceptible and lightning with thunder occurs about four times.

The hottest time of the day is at 11*h*. 20*m*. A. M.; the coldest at 4*h*. 20*m*. A. M.

The regular westerly winds which terminate about the middle of this month are succeeded by winds of a light and variable nature; mostly from the West and South; calms, haze, and rain occur in about the same proportions as last month, leaving about 8 days of clear weather; lightning unattended by thunder is very frequent but thus accompanied it occurs only once or twice. The Sea breeze assumes much the same character as that experienced last month commencing at 2 or 3 P. M. and continuing till 8 or 10 P. M. Dew is sometimes discovered but more frequently fails.

The hottest time of the day is at 2h. P. M.; the coldest at 5h. A. M.

Throughout the month light and variable winds with occasional calms continue, and with the exception that the weather is not quite so much clouded, the remarks of last month apply with equal propriety to this. Lightning occurs almost every evening, but accompanied by thunder 3 times only. The Sea breeze sets in about 2 or 3 P. M. and blows till 8 or 10 A. M. but occasionally fails for 2 or 3 days together; dew is common but small in quantity.

The hottest time of the day is at 2*h.* P. M.; the coldest at 4*h.* 20*m.* A. M.

The clouds now begin to assume a more dense appearance than heretofore, calms, lightning, and rain, are very frequent till the 19th when the N.E. Monsoon or rainy season sets in; from this time till the end of the month, the atmosphere assumes a very disturbed appearance; extremely heavy rain with storms of wind, thunder and lightning invariably occur, and gales of wind of a similar nature to those which occur in the earlier part of the year" are sometimes experienced; on those occasions a depression of the Barometer of 4 or 5 Inch is observed. The Sea breeze or rather a slight modification of the N. E. wind is perceived towards the middle of the day.

The hottest time of the day is at 1 P. M.; the coldest 4h. 30m. A. M.

The N. E. Monsoon continues with unabated force and the state of the weather generally is much the same as that experienced towards the end of last month save that an increased dampness of the air and the less frequent occurrence of lightning render a distinction necessary. The number of clear and cloudy days in this, as well as last month is liable to great uncertainty.

The remarks relative to Sea breeze of last month apply equally to this.

The hottest time of the day is at 0h. 20m. P.M.; the coldest 6h. 20m. A. M.

The heavy rains and violent gusts of wind are much moderated at the beginning of the month, and arrive at their close about the 15th; from this time the sky assumes an appearance of tranquillity and clearness which forms a strong contrast with the disturbed state of the preceding month; the N. E. wind however continues throughout the month without intermission; there are about 10 clear days, 11 cloudy, and 7 days of flying clouds and haze; of these there are 6 days on which rain falls. The mornings exhibit a copious deposition of dew and sometimes a ground fog which does not reach more than 2 or three feet above the surface. The Sea breeze sets in at 10 A. M. and blows till 4 P.M.

The hottest time of the day is at 0h. 50m. P. M. and the coldest at 5h. 20m. A. M.

LAND-MEASURE.

Land is usually measured with Gunter's Chain of 100 Links, or with a rod of 10 feet, and reduced to Cawnies, Grounds and Square feet, agreeably to the following table.

60 Feet long and 40 feet broad, make one Ground or Maund, containing 2,400 square feet.

24 Grounds, or Maunies, make one Cawnie equal to 57,600 square feet.

The Indian Cawnie is in proportion to the English Acre as 1 to 1.3223 or nearly 21 is to 100.

To reduce Indian Cawnies to English Acres, multiply the given number of Cawnies by 100, and divide the product by 121; the quotient will give the number of Acres, and the remainder be the fractional part of an Acre;—or multiply the Cawnies by 1.3223, and the product (cutting off 4 places to the right hand) will be the same, and the figures cut off are the decimal part of an Acre.

The Covid in cloth measure is 18 Inches, but the English yard of 36 Inches is generally used.

Abstract of Act 33, Geo. III. Cap. 52, Sec. 70, precluding the return to their duty of CIVIL AND MILITARY SERVANTS, *after an absence of Five Years.*

And be it further enacted, that no person who shall have held any Civil or Military Station whatever, in India, in the Service of the said United Company, being under the rank or degree of a Member of Council or Commander in Chief of the Forces, and who, having departed from India by leave of the Governor General in Council, or Governor in Council, shall not return to India within the space of five years next after such departure, shall be entitled to any rank or restoration of office, or be capable of again serving in India, either in the European or Native Corps of Troops, or in the Civil line of the Company's Service; unless, in the case of any Civil Servant of the Company, it shall be proved, to the satisfaction of the Court of Directors, that such absence was occasioned by sickness or infirmity, or unless such person be permitted to return with his rank to India, by a vote or resolution passed by way of ballot, by three parts in four of the Proprietors assembled in General Court, specially convened for that purpose, whereof eight days previous notice of the time and purpose of such Meeting shall be given in the London Gazette, or unless, in the case of any Military Officer, it shall be proved, to the satisfaction of the said Court of Directors, and the Board of Commissioners for the affairs of India, that such absence was occasioned by sickness or necessity, or some inevitable accident.

Regulations for the

GRANT OF ABSENTEE ALLOWANCE,

TO CIVIL SERVANTS WHEN IN EUROPE.

That after an actual residence in India in the Civil Service of ten years or upwards, a covenanted civil servant of the Company, upon either of the establishments of Bengal, Madras, or Bombay, shall be entitled, whether on account of ill health or from any other cause, and without reference to his private fortune, to come once to Europe, on leave for three years, and to receive for that period from the Company's cash an allowance of £500 per annum; provided that in no case shall a greater number of servants come home under this regulation, annually, than seventeen from Bengal, nine from Madras, and six from Bombay; nor shall a larger number of servants who may have come home under this regulation be absent in the whole at one time than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay; and that the preference shall be given first to servants producing medical certificates upon oath, that a visit to Europe is indispensably necessary for the restoration of health; and then to servants in their order of seniority, according to the rank assigned to them by the Court of Directors on the gradation list of the service.

That in cases of civil servants compelled by illness certified upon oath, to come to Europe previous to their completion of an actual residence in the civil service of ten years, such covenanted servants, shall each be presented with a sum of 2,000 sicca rupees as passage money, and shall be entitled, for a period not exceeding three years, to an allowance from the Company's cash of £250, per annum; but that servants having received this indulgence, shall not, in the event of their again coming to Europe, after having completed a residence of ten years or upwards, be entitled to any allowance under the first regulation, except their return be again occasioned by illness, to be in like manner certified upon oath, and then only to the difference between what they have before drawn in the shape of absentee allowance, exclusive of passage money, and that of £500 per annum, for three years.

That servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe, without previously returning to India, shall be considered as entitled to the benefit of the foregoing regulations.

That in all cases, as well in those of servants coming in the first instance to the Cape, as well as of those coming direct from India, the said allowances be considered as commencing from the date of leaving India, and terminating at the expiration of three years from that date, or at the time of arrival in India, whichever may first happen.

That the same be paid half yearly in Europe; that, on no account or plea whatsoever, the allowances in question be extended beyond the period of three years; and

That any servant being in the receipt of absentee allowances from a civil fund, shall not be entitled to receive, during the same period of absence, the allowances prescribed by these regulations beyond such increase as may bring the total of his annual receipts from both sources to the sum hereby limited.

Extracts from the

REGULATIONS RESPECTING MILITARY AND OTHER OFFICERS

RETIRING FROM THE COMPANY'S SERVICE.

Every Officer after twenty-five years service in India, three years for one furlough being included, is allowed to retire with the pay of the rank to which he has attained; within twelve months of his arrival in Europe, but such pay is to be the same only as that allowed to Officers of Infantry.

In the event of any of the Prince of Wales' Island Medical Servants being compelled by ill health (duly certified) to retire previous to their having served twenty years, they are granted, in the case of the Superintending Surgeon and Senior Assistant Surgeon, a retiring allowance of five shillings a day, and in all other cases, a retiring allowance of two shillings and six pence a day. If intermediately between the completion of six and ten years, they are granted a retiring allowance of two shillings a day.

A Conductor of Stores is allowed to retire on £60 per annum, after twenty-five years actual service in India.

Every Lieutenant Colonel, Major, or Captain, is allowed to retire with the *half pay* of the rank to which he has attained, in case his health shall not permit him to serve in India.

A Lieutenant having served thirteen, or an Ensign nine years in India, including three years for a furlough, may retire on the *half pay* of his rank, in case his health shall not permit him to serve in India.

A Subaltern Officer, or Military Assistant Surgeon, having served six years in India, is permitted to retire on the *half pay of Ensign*, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

Every Officer returning on furlough, and wishing to retire from the Service, must make a declaration to that effect, within twelve months after his arrival in England; and in case of his neglecting so to do, he must, at the expiration of his furlough, either, return to India, or be held to have relinquished the service, and not be entitled to retire on pay; unless he has continued to serve in India, from his first arrival, for the space of *twenty-two years*, without having a furlough; in that case, he is allowed *two* years before he shall be called upon to signify his intention of retiring, but he can only be allowed the pay of the rank he held at the expiration of twelve months from his arrival in Europe.

Officers retiring from the service, will be considered to have retired from the date of their application, for leave to retire; or from the expiration of two years from the date of their landing in England, whichever shall happen first.

FURLOUGH.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness, and as hereafter specified) to their rotation to be absent on furlough; and the same rule is applicable to Assistant Military Surgeons and Veterinary Surgeons. The furlough to be granted by the Commander in Chief at each Presidency, with the approbation of the respective Governments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A Chaplain after seven years' residence in India, is allowed to come home on furlough and receive the pay of Major. Should he come home from sickness, prior to this period of service, he is allowed the pay of Captain only.

A Conductor of Stores is allowed furlough pay, only in case of coming home from sickness.

Officers coming to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the Ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the Officer to his Presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years furlough, unless they shall have obtained an extension of leave from the Court, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases, in which it shall be proved to the Court, that a further residence in Europe is indispensably necessary.

All Officers finding it necessary to solicit a further leave of absence, on account of sickness, must, if resident in London or its vicinity, appear before the Company's examining Physician, Dr. W. F. Chambers, of Upper Brook-street, Grosvenor-square, who will report to the Court of Directors his opinion on the state of such officer's health. And if resident in the country in any part of the United Kingdom, they must transmit with their letter of application for such leave, a certificate according to the following form, signed by at least two Gentlemen, eminent in the Medical profession, viz:—

I hereby certify, that I have carefully examined (state the nature of the case, as well as the name of the party,) and I declare, upon my honour, that according to the best of my judgment and belief, ——— is at present unfit for Military Duty, and that it is absolutely necessary, for the recovery of his health, that he should remain at least ——— longer in this country.

Also, previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty, on account of sickness, are to furnish a certificate of two eminent physicians, *in the above form*, with the attestation of a Magistrate, that the persons who signed the certificate are Physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

No Officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years absence under the Act of 33 Geo. III. cap. 52, sect. 70.

Every Officer upon leaving India, will receive a printed copy of the General Order on this subject, published agreeably to the Court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; Officers therefore, who shall come home on furlough, and who shall not in due time apply, so as to effect their return to the Presidency to which they belong, within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than two years and a half from the period of his quitting India until he returns, excepting Colonels of Regiments, and those of the rank of Lieutenant Colonel regimentally, when promoted to that of Major General; the latter are then allowed to draw the pay of their Brevet Rank beyond the above period.

No Candidate for the College can be nominated thereto, until he has completed the sixteenth year of his age. And no person who has been dismissed from the Army or Navy, or expelled from any place of education, will be nominated to the College.

The parents or Guardian of every Candidate for the College, will be required to address the following letter to the nominating Director:—

"Sir:—I beg to assure you, on my honour, that my ——, to whom you have been so good as to give a nomination to the College, has not been dismissed from the Army or the Navy, and that he never has been expelled from any place of education.

I have the honor to be, &c."

Candidates for the College must produce the undermentioned documents, previously to their being nominated as Students.

An extract from the parish register of their birth or baptism, properly signed by the minister, church warden, or elders; and, in addition thereto,

A certificate, agreeable to the following form, signed by the parent, guardian, or near relation.

"I do hereby certify, that the foregoing extract from the register of baptisms of the "parish of ——, in the county of ——, contains the date of the birth of my "——, who is the bearer of this, and presented for a nomination as a student at the "East India College, by —— Esq.; and I do further declare, that I received the said "presentation for my —— gratuitously, and that no money or other valuable consi- "deration has been or is to be paid, either directly or indirectly, for the same; and that "I will not pay, or cause to be paid, either by myself, by my ——, or by the hands of "any other person; any pecuniary or valuable consideration whatsoever, to any person "or persons who have interested themselves in procuring the said presentation of my "——, from the director abovementioned."

"Witness my hand, this —— day of ——, in the year of our Lord ——."

In the event of no parish register existing or to be found, an affidavit of such circumstance is to be made before a Magistrate, to the following effect, viz.

"I, ——, presented as a student for the East India College, by ——, do make oath "and swear, that I have caused search to be made for a parish register, whereby to "ascertain my age, but am unable to produce the same, there being none to be found; "and, further, I make oath and swear, that from the information of my parents, (and "other relations), which information I verily believe to be true, that I was born in the "parish of ——, in the county of ——, on ——, in the year ——, and that I "am not at this time under the age of sixteen, or above twenty years."

"Sworn before me, this —— day of ——" "Witness my hand, this —— day of ——, in the year of our Lord ——."

The parent, guardian, or near relation, must then add his certificate as to the truth of the affidavit, which must be similar to that ordered to be annexed to the extract from the parish register.

The abovementioned certificate (and affidavit, in cases where an affidavit shall be required) are to be annexed to the petition to be written by the candidate, and they are to sign a declaration, that they have read these printed instructions. The same declaration is to be signed by the parent, guardian, or near relation of the candidates respectively.

Candidates are to produce certificates, from the person under whom they have received their education, stating the nature of that education, and the proficiency they have made therein; and also certifying as to their mental ability, conduct, disposition, and character.

Candidates will be interrogated in an open Committee of College, as to their character, connections, and qualifications, conformably to the General Court's Resolution of the 6th July, 1809. The nature of this interrogation may be known on application to the Clerk to the Committee of College.

A student publicly expelled the College will not be admitted into the Company's Civil or Military Service in India, or into the Company's Military Seminary.

No person can be appointed a Writer in the Company's Service whose age is less than eighteen or more than twenty-two years, nor until he shall have resided one term, at least, in the College, and shall have obtained a certificate signed by the principal in behalf of the College Council, of his having conformed himself to the Statutes and Regulations of the College.

The rank of students leaving the College is determined by the certificate of the College Council, which is granted with reference to the industry, proficiency, and general good behaviour of the students.

Such rank to take effect only in the event of the students proceeding to India, within six months after they are so ranked.

At a Court of Directors held on Wednesday, the 9th August 1809:

Provided always, that if a fair disclosure of any corrupt transaction or practice, of the nature before described, wherein any Director has been concerned, shall be voluntarily made by the party or parties engaged in the same with such Director, the appointment thereby procured shall be confirmed by the Court.

EXTRACT *of a* GENERAL LETTER *from* ENGLAND *in the* COMMERCIAL DEPARTMENT, *dated 7th September* 1808.

Para. 229.—In our Letter of the 31st October 1799, we informed you that we had appointed Messrs. Hyde and Marter, Clerks in our Accountant's Office, to act as Agents, in the clearance of Baggage, Wines and Presents from the Company's Warehouses, and that we had been induced to appoint our own Servants to conduct this business, in order that they might be accountable to us for the propriety of their conduct.—The increase which has taken place in the Civil and Military Establishments of our several Presidencies, and the consequently augmented number of persons returning to Europe, have determined us to make a separate department for the purpose of clearing Baggage, Wines and Presents, and we have appointed Mr. William Marter, and Mr. William Evans, to be Warehouse-keepers of Baggage, subject to our immediate inspection, and control, and we have made such arrangements with his Majesty's Board of Customs for ascertaining and paying the duties of Baggage, &c. as will ensue the greatest possible dispatch in the delivery of the articles to the respective Proprietors.

230. We have also sanctioned a table of fees and allowances to be received for the discharge of this duty, and for reimbursing the expences attending it, and we have prohibited the Baggage Warehouse-keepers from receiving any other than the authorized allowances, upon pain of our severest displeasure.

231. As we have erected this establishment for the sole purpose of the convenience of our Servants and others who may return to Europe, we direct that our intentions in this respect be made public, and be constantly affixed up in the Export Offices of our several Presidencies, and that it be signified to all our servants returning to Europe, that it is our desire that they apply to our said Warehouse-keepers, Messrs. Marter and Evans, to clear and deliver them their Baggage, Wines and Presents, as we have directed Messrs. Marter and Evans, to transact every branch of business connected with this department, which will render the Agency of all other persons unnecessary.

232. Passengers arriving in India are liable to inconvenience from being ignorant of the law which prohibits Calicoes being printed, painted or stained or dyed, and also silk goods from being worn or used in this country, and such goods although made into

apparel are of necessity taken out of their Baggage and detained by the Officers of Revenue: We direct therefore, that notice hereof be made generally public, and further that Napkins, &c. which contain a coloured stripe however small, are considered to be prohibited, and cannot be passed in England as part of their baggage.

GOVERNMENT ADVERTISEMENT.

The Right Honorable the Governor in Council having reason to apprehend that the existing Law against the receipt of presents from Native Princes and other Natives of Rank is not sufficiently understood, is pleased to publish for general information the following Extract from an Act of Parliament passed in the 33d year of the Reign of His present Majesty. It is further explained that the provisions of the Statute are not only applicable to all persons, Civil and Military, in the Service of His Majesty or of the Honorable Company, but also to the different members of their families residing in India.

LXII. And be it further enacted, That the demanding or receiving any sum of Money, or other valuable thing, as a gift or present, or under colour thereof, whether it be for the use of the party receiving the same, or for, or pretended to be for the use of the said company, or of any other person whatsoever, by any British subject, holding or exercising any Office or employment under his Majesty, or the said United Company, in the East Indies, shall be deemed and taken to be extortion and a misdemeanor at law, and shall be proceeded against and punished as such, under and by virtue of this Act, and the offender shall also forfeit to the King's Majesty, his Heirs and Successors, the whole gift or present so received, or the full value thereof.

LXIII. Provided always, and be it further enacted, that the Court of Jurisdiction before whom any such offence shall be tried shall have full power and authority to direct the said present or gift, or any part thereof, to be restored to the party who gave the same or to order the whole, or any part thereof, or of any fine which the Court shall set on the offender to be paid, or given to the Prosecutor, or Informer, as such court in its discretion shall think fit.

LXIV. Provided always and be it enacted, that nothing herein contained shall extend, or be construed to extend, to prohibit or prevent any Person exercising the profession of Counsellor at Law, Physician or Surgeon, or any Chaplain, from accepting, taking, or receiving fees, gratuities, or rewards (bona fide) in the way of his profession only.

GENERAL POST OFFICE, MADRAS, *4th September* 1823.

NOTICE.

To obviate the delay which will sometimes unavoidably happen in the delivery of letters when due information regarding their disposal, is not lodged at the General Post Office, the Post Master General requests Officers of the Naval, Military and Civil Services, and other persons arriving at the Presidency, or departing from it, to notify to him, in writing, the places to which they wish letters for them to be sent.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, MADRAS, *2d June* 1824.

Notice is hereby given, that, on the payment of inland postage, letters are received at this Office for transmission by Sea from the other Presidencies, or from any distant Ports to which there are the means of conveying them from Madras.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, MADRAS, *5th July* 1824.

Persons despatching letters from out stations for transmission by sea from this Presidency, will, on application at the Post Offices into which their letters are put, obtain, after the lapse of a sufficient period for procuring them, stamped acknowledgments for the receipt of their letters at the General Post Office.

Stamped chits bearing the names of the places to which letters are directed with the size and amount of postage, will be furnished on delivery into the different Post Offices of letters, whether for transmission by sea or otherwise; or if addresses are copied into books, on transfer bed or separate pieces of paper, and sent with letters, they will receive the impressions of the proper stamps, and have the size and postage noted upon them.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, MADRAS, 31st *August* 1824.

Notice is hereby given, that the Honorable the Governor in Council has been pleased to resolve, that henceforth the practice of *sending letters* by the Dawk runners *outside* of the Mail, shall not be permitted, except with respect to letters on the public service to or from troops on a march, and that no detention of the runner shall be considered to be justifiable under any circumstances.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, MADRAS, 27th *June* 1826.

With reference to the fourth rule of the Post Office Regulations, under the head of Banghy Department, whereby it is declared, that the Post Office will not be responsible for the safety of letters or parcels transmitted by Dawk or Banghy; it is hereby further notified, under the authority of the Honorable the Governor in Council, that, while due care will be taken to prevent losses, letters or parcels known to contain pearls, precious stones, money in coin, or bullion, will not be received for transmission through any of the Post Establishments.

J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, MADRAS, 31st *October* 1826.

Notice is hereby given, that, under the authority of the Honorable the Governor in Council, Letters addressed to the Accountant General at this Presidency, containing Public Acknowledgments for Subscriptions to the Loan of the Supreme Government, opened under date the 18th of August 1825, which the Holders wish to exchange for Promissory Notes of that Government, will be allowed to pass free of postage, provided the words "Loan Acknowledgment (or Acknowledgments)" are superscribed upon them.

GENERAL POST OFFICE, MADRAS, 4th *July* 1827.

Notice is hereby given, that wherens many Letters for persons at Out-Stations are received at this Office from England, addressed to the care of Mercantile Houses or Individuals at the Presidency, and whereas the delivery of such Letters to the parties to whose care they are directed, is, generally speaking, calculated to occasion much needless trouble, as well as to delay the receipt of the Letters by the persons for whom they are ultimately designed; the rule which it is intended to follow respecting such Letters in future is, that they should be sent direct to the Persons to whom they are addressed as principals, except where they are special instructions for their delivery to the parties to whose care they are superscribed.

(Signed) J. A. DALZELL, P. M. G.

GENERAL POST OFFICE, MADRAS, 19th *July* 1827.

The Post Master General is induced to recommend to the Public, as a measure not only advisable for security, but highly proper in other respects, that when remittances in Bank Notes, are made through the Post Department, the Notes should be sent in halves (each half having the number, date, and value of the Note, with the signature of the Treasurer or Cashier of the Bank upon it,) and acknowledgments obtained for the part first transmitted, before the others are forwarded.

(Signed) J. A. DALZELL, P. M. G.

PASSPORT REGULATIONS.

THE Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to provide the free progress of those who are duly authorized, has been pleased to establish the following orders, for the regulation and control of all Passports granted under the Presidency of Fort St. George:

1st.—That from and after the 1st of June next, the Secretary of Government in the Public Department shall be charged with the general control and direction of all Passports granted within the territories of Fort St. George.

2d.—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books, with a Cheque Margin for the insertion of the Age of the Person and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz.: To the Resident in Mysore, and to all Collectors for their respective Districts, with the exception of Sea Ports where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; to the Town Major of Fort St. George for Military persons belonging to that Garrison; to the Adjutant General of the Army, for all other Military persons leaving the Presidency; and to such Officers Commanding Military Stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to Persons not Military.

3d.—That all Persons authorized to grant Passports shall keep a Register in a prescribed Form (blank books of which will be likewise transmitted) of all Passports received, and another of all Passports issued.

4th.—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register its receipt in the same manner as on granting one, and if the bearer proceeds further, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month, sending by the Post all Passports received, to the person by whom they appear to have been granted.

5th.—That the Secretary of Government in the Public Department shall keep a General Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly, a copy of their Register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th.—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively; but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing his Passports with the new words "Pass to ," noting the date; entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th.—Any Traveller stating that he has lost his Passport shall towards by be detained, until a duplicate shall have been obtained.

8th.—Public Officers having received a Passport authorizing them to travel post on the public service, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of further enquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced: reporting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement, all letters relating to Passports will be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the durbars of independent Native Powers, constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlements of Europeans in India by indirect means.

2d.—No Passport of any Foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's possessions, but Public Officers stationed near a Foreign settlement, will concert with the Foreign Governor, or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with adequate English Passports on proper occasions.

3d.—The rains of Foreign Travellers for commercial purposes, will be generally by the sea; declared every proper facility should be afforded to that line of communication. But no foreigner must on any pretence be furnished with a passport to travel inland, or even to depart from the road nearest the shore, without the special authority of Government.

4th.—British subjects, who are not in his Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will, as soon as may be practicable after the receipt of these instructions, transmit to the Secretary of Government descriptive lists of all Europeans not in his Majesty's or the Honorable Company's Service, residing within the limits of their respective authority; with their opinion regarding the expediency of licensing the further residence of each individual. The Secretary will return certificates for such as the Governor in Council may think proper to license, and all Europeans not in the Service, who shall not possess such certificates on the "1st day of August 1803" shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date—no Passport shall be granted to any European not in the service, *who resides or states himself to reside* at any English port or station, nor to any British subject *residing* at a foreign settlement, who does not possess such certificate of license; but Mariners or Traders, whether British or Foreign, *not resident in India*, who may desire to pass from one port to another for commercial purposes, shall be furnished with Passports without hesitation.

N. B.—The certificates should include a description of the person, and should grant conditional permission to reside at the town of " ," subject to be sent to Europe at the shortest notice, whenever the Government shall think fit.

FORT ST. GEORGE, 21*st April* 1802.

NOTICE is hereby given, that from and after the 1st day of July next, no European person of whatever rank, description or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council, has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

"With respect to the Armegon Shoal, there is no Flag Staff at that place, nor can "Armegon Hill be discerned from the Southern end of the Shoal, and it frequently hap- "pens, that the Pulicat Hills are obscured for many days—Soundings then become the "only guide. I therefore recommend, that no Ship proceeding down the coast should "come under 12 fathoms, she will then be from 2 to 3 miles off the Shoal, consequent- "ly out of danger."

Monsoon, the Flag Staff to bear West in 8 fathoms, to give room for clearing a reef of rocks, on which the sea breaks at low water, a little to the Southward of the Roads; which may be known by several Rocks on the Beach and in the Surf.

Vessels coming along shore from the Southward should not come under 10 fathoms till the Flag Staff bears N. W. by W.; when they may haul in for less water—Anchoring to the Southward of the above bearings, Ships will have rocky ground.

From the Northward of the Rocks on the beach, and in the surf, the reef runs out about ¼ of a mile, in an E. N. E. direction.

REGULATIONS
OF
The Second Madras Laudable Society.

ARTICLE 1.—The object of this Association is to provide a Fund for the Insurance of Lives. This Fund is to be portioned into shares; and an individual may subscribe for a certain number of shares, either on his or her own Life, or on the Life of any other individual. In the former case the general Estate of the deceased, or such person or persons as he or she may by will or assignment have appointed, shall benefit to the extent of the shares subscribed for; and in the latter, the person who may have subscribed on the Life of the deceased, shall benefit to the extent of the shares subscribed for; unless, in either case, such shares be especially assigned at the time of subscription to be for the benefit of any other person or persons, or be subsequently made over according to the form hereafter prescribed, for the benefit of any other person or persons in which case such person or persons shall be intitled to benefit in the event of a lapse, and no other.

ARTICLE 2.—In the case of a person subscribing on the life of another, the party subscribing, and not the party on whose life the Subscription is made, shall be considered a Member of the Society, and have a voice in the management of its concerns. Co-partners or other bodies or companies may hold one or more shares jointly or any given Life, either for their own benefit or for that of others; but in such case, the parties writing in the Subscription shall not be entitled each to a separate voice in the concerns of the Society, but must vote collectively, or by the deputation of one of their number, on all matters thereto relating.

ARTICLE 3.—The great principle of this Society is the equal division of its accumulated funds among the parties entitled to benefit by lapse of Lives subscribed on according to the number of their respective shares, those parties may respectively hold.

ARTICLE 4.—The Second Laudable Society shall commence on the 1st January 1833, and shall close on the 31st December 1841, at Midnight.

ARTICLE 5.—Not more than Five Shares can be subscribed for on any one Life, whether those shares be held by one or more individuals.

ARTICLE 6.—Persons shall be at liberty to subscribe for half or quarter shares either on their own lives or on the lives of others, and in case of lapse, the Estate of the deceased or the parties for whose advantage the subscription is declared to be, or who shall have become entitled to such advantages by Will or Assignment, shall benefit by the Funds, in like proportional proportion.

ARTICLE 7.—The following are the rates of Subscription to be paid half yearly in Each share, Half share, and Quarter share according to the Ages of the parties whose Lives are subscribed on, at the time of admission into the Society, viz.

N. B. The *present value* is invariably to be paid, under the circumstances of the case, as the boy may be in Europe or in India respectively; and if the boy die at intermediate periods between the calculated half years, the due proportion shall be allowed for the broken period.

12. In cases where children may be bereft of both their parents, the guardians of such children will be entitled to receive their annuities, on production of the powers investing them with authority to act as guardians.

13. The Pension payable to the widows of subscribers is in *all cases* to be subject to a deduction equal to the amount of Lord Clive's Pensions; accordingly an amount, equal to the pension payable by Lord Clive's Fund, shall in *all cases* be deducted from the income which might otherwise be claimed from the Military Fund by the widow of a deceased subscriber.

14. If a widow pensioner on the fund marries, her pension is to cease during her coverture; but in the event of her becoming again a widow, she shall be re-admitted to all the benefits she may have enjoyed from the Fund during her first widowhood, in like manner as if she had not re-married. If her second husband shall also have been a subscriber to the fund, the widow will receive, however, only one annuity, taking that which may be greater, that is to say, according to the rank of the first or second husband, whichever may have been the highest; but the widow of a colonel lieutenant colonel, or major, marrying subsequently to the date of these regulations, and reverting again to the fund upon the decease of her husband, shall be entitled only to the annuity specified in Table I.

15. The applications of widows admitted subsequent to these regulations having effect, and who were not married on the 1st of April 1808, are to be accompanied by an affidavit.

16. Widows who may be admitted to the benefit of the fund subsequent to the date of these regulations, shall not be entitled to passage money, except in cases where it may be certified by two medical officers to be absolutely necessary for the recovery of their health, when they will be allowed the passage money established for the rank of their

* For instance, if a Boy in India, while his mother is living, anticipates his annuity at the age of 16, he will receive £165. 18s. 2d. only; but if his mother die when he is 19, he will then have to receive the difference between £73 9s. and £106 13s. or £36 4s. in addition to the sum before paid to him.

deceased husbands for one passage only. Widows who may declare upon oath that they have not the means of defraying their passage, will receive such allowance for the amount allowed for the passage regulated for the rank of their deceased husbands, as may be necessary to be repaid, with interest at 5 per cent. by instalments, at the rate fixed in Table No. II.

17. The passage money for children admitted subsequent to the date of these regulations is fixed as follows, *viz.* £10. for Rs. 500 for each child; but when two or more children go home together the allowance is to be reduced in the following ratio, *viz.* £8, £6, £15. £13, £11, as there may be 2, 3, 4, 5, or 6 children going together respectively, and in the same ratio for any greater number.

18. The half-yearly application of a widow for her annuity, admitted subsequent to the 15th October 1828, is to be accompanied by an affidavit.

19. A widow having more than one child, shall have deducted from the aggregate of her children's annuity 1-60th part of one child's annuity, (taken on the average of all their annuities) for the second child; 2-60ths for the third child; 3-60ths for the fourth, and so on for any number she may have above one; so that, for instance, supposing a subscribing major to leave a widow and six children (two in each class) she will have to receive from the fund for herself.....£189 11 3

For her six children.....£189 6 0

Less 15-20ths of £ 30 or.....22 10 0

——— 157 10 0

Total, besides Lord Clive's bounty.....£345 1 3

But the aggregate of the children's annuities is in no case to exceed the amount of the widow's own annuity receivable from the Fund.

Section V.—Eventual Benefits of the Fund.

1. Independent of the benefits which have been recited, the fund is considered as holding out the prospect of eventual benefits on the following circumstances:

2. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then and not otherwise, be competent for the directors of the institution, as the provision of the Hon. Court of Directors has been obtained, to afford the aid of the fund in the following case, *viz.* to subscribers compelled by ill health to abandon the country after ten years' service, and before they are entitled to retire on full pay, the regulated passage money of their rank and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

3. If at any future period it shall be found that the funds of the institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the directors of the institution, provided the permission of the Hon. Court of Directors be obtained, to afford the aid of the fund in the following case, *viz.* To officers who may have served twenty-two years in India, and may be obliged by ill health to retire from the service, without having obtained the rank of major, the regulated passage money of their rank and such assistance from the fund as will render their whole income from whatever source, equal to the pay of major.—3d. In the event of a still further surplus, it shall be competent for the directors of the Military Fund, at their discretion, to assist officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage money of their rank; provided always, that the resignation of such officer shall actually have been accepted previously to his embarkation.

Section VI.—Later.

Subscribers who shall have subscribed to the fund for a period not less than eight years, shall be entitled to loans under the following circumstances:

1. A subscriber being desirous to send his wife and children, or either of them, to Europe, shall be allowed, should the state of the funds admit it, a loan equal to the amount of 20 months' allowance of the rank he then holds, provided he shall have previously deposited with the directors an irrevocable order, causing to repay the amount so borrowed, with interest at 5 per cent. within twenty-two months from the day succeeding the date of the advance. He shall also be required to deposit for the benefit of the subscribers to the fund a general bond, in which he shall be joined by two securities to be approved by the directors, and assignation may thereby be made of his pay.

2. In like manner a similar loan will be allowed to a subscriber in India under the same conditions, whenever he may be desirous that his wife and children, or either of them, should return to him.

3. A subscriber may remit money to his wife or children in Europe, and be supplied with bills on the secretary of the fund in England for

21. The management of the affairs of the fund in England shall be conducted, as at present, by a committee to be nominated by the directors of the fund, and such secretary shall be required to furnish security in proportion to the extent of cash he may have in hand at one time. It shall be part of the duty of the secretary to furnish every cadet, assistant surgeon, and chaplain, on his appointment to this Presidency, with a printed copy of the regulations of the fund, and every information requisite relative to the existence and objects of the institution.

22. With the view of securing this fund against decay and ultimate failure, the original intention in regard to donation shall be henceforward put in force and strictly adhered to, namely, that the donation paid by officers be "*for the purpose of forming a capital*," and that the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits, be alone available to defray the expenses of the fund, and the books and accounts of the fund shall be kept to that effect.

23. Should the subscriptions of officers, the Company's donation, the interest on the capital, and all other profits as available (after the expenses of the Fund), fall short of the demands upon it, so that the total amount of the former will not defray the amount of the annuities and other claims, then it shall be in the power of the directors to make a proportionable deduction, according to Table D, from the annuities of the widows of the three senior classes, from the annuities to all children, and from the payments to other annuitants above the rank of subaltern; until the state of the fund shall afford the means of complete payment; when, if a surplus interest exists, the arrears shall be made good by the payment of surplus, but not otherwise."

24. The Secretary shall lay before the Directors, at the regular monthly meeting in November of each year, an estimated state of the Fund for the current year; and the directors being taken thereupon into consideration, shall declare what deduction, if any, may be required on annuities and claims for the ensuing year on the principles of the preceding article.

25. Certificates according to a prescribed form shall be issued for the amount of every deduction to be made on the above principle, be numbered, dated, and registered progressively; and when it may be deemed advisable to you there in train of payment, the same shall be discharged to the parties holding them or their order, according to priority of date, and upon their granting a full and sufficient acquittance for the same on the back of the certificate; but no interest whatever will be paid on those certificates at any time.

26. None of these regulations shall affect the Annuitant admitted on the Fund prior to the 15th October 1822, regarding whom the previous regulations shall continue in force, except such cases as are herein specially and otherwise provided."

Extract of a General Letter from the Honorable the Court of Directors in the Military Department, dated 30th April 1823.

Para. 2. "Having had under our consideration the reports from time to time made to us of the state and proceedings of the funds established at your Presidency by our Servants in the military, medical and ecclesiastic departments, we have adopted the following Resolutions.

That all persons nominated in future as Cadets and Chaplains for the Establishment of Fort St. George, be required as a condition to their appointment to subscribe to the Military Fund of that Establishment.

That all persons nominated in future as Assistant Surgeons, for the Establishment of Fort St. George, be required as a condition to their appointment to subscribe to the Medical Fund of that Presidency.

With regard to persons already in the service we desire that you will signify to the Subscribers to the Funds established for their respective Classes, our wish that they may either elect another nomination rather than comply with any application for relief on behalf of the widows and families of such Servant, Military, Medical, or Ecclesiastical, as shall refuse to contribute to the Fund.

That we wish to be furnished annually with a List of the subscribers to each of the Military and Medical Funds."
