In the mornings for the most part heavy dew is deposited, and occasionally fog, which reaches only to two or three feet above the surface of the ground; the weather is mostly very serene, presenting about twenty days of uninterrupted clearness and free of haze or mist, the remaining days being clouded, with perhaps a single shower of rain; lightning is almost unknown in this month.

The hottest time of the day is at 1h. 20m. p. m.; the coldest at 4h. 20m. p. m.

The N. E. Monsoon continues with occasional exceptions till the middle of the month, after which calms and S. E. winds as frequently prevail: in the early part of the forenoon it is usually calm until the sea breeze sets in, which commences about 11 A. M. and blows till 10 or 11 P. M. During the whole of this month the weather is without exception, always beautifully clear and placid, and is generally considered to be the most healthy period of the year; there are no more than one day of haze, and one of clouds. Rain or lightning does not occur once in seven years.

The hottest time of the day is at 0h. 40m. P. M.; the coldest at 5h. 0m. A. M.

Throughout this month the South or *along-shore* wind with very unequal force prevails; it is accompanied with a profuse dampness and sultriness, which renders its effects highly prejudicial to health and comfort; on this account the sea breeze which sets in at Noon and blows till 10 P.M. is less courted than at other Seasons; the sky is however beautifully clear for about twenty-seven days, the remaining four being cloudy; dew less frequently occurs, and is less in quantity than last month; rain and lightning are little known.

The hottest time of the day is at 4h. 20m. P.M.; the coldest at 5h. 0m. A.M.

The remarks of last month relative to the wind are equally applicable to this: the S. wind varying from S. E. to S. W. still continues, at times blowing very fresh but occasionally calms, which are exceedingly oppressive. The weather is clear for about twenty-four days, with four days of flying clouds or haze, and two of clouds, on one of which rain falls; lightning occurs for two days. Dew is very little in quantity, and of unfrequent occurrence.

The hottest time of the day is about noon; the coldest at 4h. 50m. A. M.

The South wind which is mentioned as peculiar to the two last months, continues till the middle of this month, relieved sometimes by a land wind from the W. or S. W.; in this interval gales of wind of extreme violence have occasionally been experienced, commencing their career generally at the N. W. and veering to every point of the compass; about the 16th, the regular land or hot winds set in, which are moderated in their effect towards the end of the month by occasional showers. The sea breeze sets in about noon and blows till 9 or 10 p. m. There are about nineteen days of clear weather, eight of flying clouds and haze, and four cloudy days, on two or three of which there is rain; the dew is almost imperceptible, and lightning with thunder occur about four times.

The hottest time of the day is at 11h. 20m. A. M.; the coldest at 4h. 20m. A. M.

* In this statement the rain which fell during 6 p. m. gales of wind has been omitted; on the 2d May 1811 during the gale which then blew there fell 5.5 inches; on 8th, 9th, and 10th May 1820, 16.54 inches; and on the 7th, 8th, and 9th May 1827, 23.30 inches.

The land wind has arrived at its maximum of effect about the beginning of this month, being afterwards much moderated by clouds and rain. The sea breeze which is extremely uncertain sets in about 1 p. m. and blows about 9 or 10 p. m., but sometimes altogether fails; the weather is clear for about eight days, there being eleven days of flying clouds and haze, and the same number of cloudy days, of these there are six days in which rain occurs and three or four of lightning and thunder. Dew is almost imperceptible.

The hottest time of the day is at 2 p. m.; the coldest at 4h. 20m. A. M.

The regular westerly winds which terminate about the middle of this month are succeeded by winds of a light and variable nature, mostly from the West and South; calms, haze, and rain occur in about the same proportions as last month, leaving about eight days of clear weather; lightning unattended by thunder is very frequent, but thus accompanied, it occurs only once or twice. The sea breeze assumes much the same character as that experienced last month, commencing at 2 or 3 p. m. and continuing till 8 or 10 p. m. Dew is sometimes discovered but more frequently falls.

Throughout the month light and variable winds with occasional calms continue, and with the exception that the weather is not quite so much clouded, the remarks of last month apply with equal propriety to this. Lightning occurs almost every evening, but accompanied by thunder three times only. The sea breeze sets in about 2 or 3 p. m. and blows till 8 or 10 a. m. but occasionally fails for two or three days together; dew is common but small in quantity.

The hottest time of the day is at 2 $\frac{1}{2}$ p. m.; the coldest at 4h. 20m. A. M.

Halley's Comet is visible on the 1st towards the East in the morning before Sun rise, but rapidly advancing towards the Sun, will be lost sight of from the 8th to the 10th, after which it will make its appearance in the evening towards the West: in the course of the month it passes through the Constellations *Bootes*, *Corona Borealis*, *Serpens*, and *Ophiuchus*; its nearest approach to the Earth is on the 7th, when it is distant about 21 millions of miles.

The clouds now begin to assume a more dense appearance than heretofore, calms, lightning and rain, are very frequent till the 19th, when the N. E. Monsoon or rainy season sets in; from this time till the end of the month, the atmosphere assumes a very disturbed appearance; extremely heavy rain with storms of wind, thunder and lightning invariably occur, and gales of wind of a similar nature to those which occur in the earlier part of the year* are sometimes experienced; on those occasions a depression of the Barometer of 4 or, 5-tenths of an Inch is observed. The sea breeze or rather a slight modification of the N. E. wind is perceived towards the middle of the day. The hottest time of the day is at 1 P. M.; the coldest at 4 A. M.

The N. E. Moonsoon continues with unabated force, and the state of the weather generally is much the same as that experienced towards the end of last month, save that an increased dampness of the air and the less frequent occurrence of lightning render a distinction necessary. The number of clear and cloudy days in this, as well as last month, is liable to great uncertainty.

The remarks relative to sea breeze of last month apply equally to this.

The hottest time of the day is at Oh. 20m. r. m.; the coldest at 5h. 40m. A. M.

The heavy rains and violent gusts of wind are much moderated at the beginning of the month, and arrive at their close about the 15th; from this time the sky assumes an appearance of tranquillity and clearness which forms a strong contrast with the disturbed state of the preceding month; the N. E. wind however continues throughout the month without interruption; there are about thirteen clear days, eleven cloudy, and seven days of flying clouds and haze; of these there are six days on which rain falls. The mornings exhibit a copious deposition of dew and sometimes a ground fog which does not reach more than two or three feet above the surface. The sea breeze sets in at 10 A. M. and blows till 4 P. M.

The hottest time of the day is at 0h. 50m. P. M.; the coldest at 2h. 50m. A. M.

To reduce Indian Cawnies to English Acres, multiply the given number of Cawnies by 160, and divide the product by 121, the quotient will give the number of Acres, and the remainder be the fractional part of an Acre,—or multiply the Cawnies by 1,3223, and the product, (cutting off 4 places to the right hand) will be the same, and the figures so cut off are the decimal part of an Acre.

Regulations for the
GRANT OF ABSENTEE ALLOWANCE,
TO CIVIL SERVANTS WHEN IN EUROPE.

Fort St. George, November 6, 1832.

The Right Honorable the Governor in Council is pleased to authorize the publication of the following rules and orders relative to the grant of Absentee Allowances to Civil Servants of this Presidency.

Extract from a Letter from the Honorable the Court of Directors, dated 31st December 1824.

19. "That after an actual residence in India in the Civil Service of ten years or upwards a Covenanted Civil Servant of the Company, upon either of the Establishments of Bengal, Madras or Bombay, shall be entitled, whether on account of ill health or from any other cause, and without reference to his private fortune, to come once to Europe on leave for three years, and to receive for that period from the Company's Cash an allowance of £500 per annum, provided that in no case shall a greater number of servants come home under this Regulation annually than seventeen from Bengal, nine from Madras, and six from Bombay; nor shall a larger number of Servants who may have come Home under this Regulation be absent in the whole at one time than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay; and that the preference shall be given first to Servants producing Medical Certificates upon oath that a visit to Europe is indispensably necessary for the restoration of health, and then to Servants in their order of seniority according to the rank assigned to them by the Court of Directors in the Graduation List of the Service.

20. "That in cases of Civil Servants compelled by illness, certified upon oath, to come to Europe previous to their completion of an actual residence in the Civil Service of ten years, such Covenanted Servants shall each be presented with the sum of 2,000 Rupees as Passage Money and shall be entitled for a period not exceeding three years to an Allowance from the Company's Cash £250 per annum; but that Servants having received this indulgence shall not in the event of their again coming

to Europe after having completed a residence of ten years or upwards, be entitled to any Allowance under the first Regulation except their return began occasioned by illness to be in like manner certified upon oath, and then only to the difference between what they have before drawn, in the shape of Absentee Allowance exclusive of Passage Money and that of £500 per annum for three years.

21. "That Servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing Regulations.

22. "That in all cases, as well in those of Servants coming in the first instance to the Cape, as well as those coming direct from India, the said Allowances be considered as commencing from the date of leaving India and terminating at the expiration of three years from that date or at the time of arrival in India whichever may first happen.

23. "That the same be paid half yearly in Europe.

24. "That on no account or plea whatsoever the allowances in question be extended beyond the period of three years; and

25. "That any Servant being in the receipt of Absentee Allowances from a Civil Fund shall not be entitled to receive during the same period of absence the Allowances prescribed by these Regulations beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited."

Orders of Government, dated 8th July 1825 and 26th August 1828.

In pursuance of the Honorable Court's instructions, the Governor in Council is prepared to grant the benefit of these Regulations to such Civil Servants as may produce the prescribed Medical Certificate as the cases may arise; every Civil Servant so applying, must obtain a Certificate in duplicate from the Trustees of the Civil Fund notifying either that he will receive no allowance from the Fund during his absence from Europe, or, if he is to receive any, the nature and extent of such relief; one copy of which Certificate must be submitted with his application to Government; the other, upon his arrival in London, must be produced before the Auditor of East India Accounts.

Civil Servants desirous to avail themselves of these Regulations and not producing the prescribed Medical Certificate, are hereby required to make known their desire to Government on or before the 1st December of each year, when the indulgence will be granted in order of rank to such extent as the foregoing Regulations and circumstances shall permit.

Every Civil Servant proceeding to Europe under these Regulations, whether on sick certificate or otherwise, before receiving his Passage order must have applied for and received from the Secretary to Government in the Public Department a Certificate specifying the grant of the permission and who has granted upon sick certificate or on account of private affairs; also specifying as early as possible the date of embarkation for Europe; which Certificate, upon his arrival in London, must be produced before the Auditor of India Accounts.

Order of Government, dated 4th November 1825.

The Governor in Council has been pleased to resolve, that in lieu of the medical certificate upon oath prescribed in Paragraphs 19 and 20 of the Regulations of the Honorable Court of Directors for the grant of Absentee Allowance calculated to the Civil Service under date the 26th July last, one of the following forms of medical certificate shall hereafter be adopted, according to the nature of the case; the same to be always signed by the medical officer who has last regularly attended the invalid, and countersigned by the Superintending Surgeon of the District or other superior Medical authority.

FORMS No. 1.

I do hereby certify that A. B. is in a bad state of health, and that I think it highly advisable for him to return to Europe.

(Signed) C. D.
Surgeon or Assistant Surgeon.

(Signed) E. F.
Superintending Surgeon.

No. 2.

I do hereby certify that A. B. is in a very bad state of health, and that I think an immediate return to Europe is necessary for his recovery.

Signed and Countersigned as above.

No. 3.

I do hereby certify that A. B. is in an extremely bad state of health, and that I think an immediate return to Europe is absolutely necessary for his recovery.

Signed and Countersigned as above.

Extract from a Letter from the Honorable Court of Directors in the Public Department, dated 25th April 1826.

3. In your Dispatch in this Department dated the 6th of September 1825, Paragraphs 6 and 7, you have brought to our notice two questions raised in respect of the Regulations framed by us for granting Absentee Allowance to Civil Servants when in Europe.

4. The first of these questions is

"Whether it is competent for a Civil Servant who may have completed a residence of ten years to proceed to England and there await his turn to the indulgence of the Honorable Court, having previously notified to Government his desire to avail himself of the liberality of the Honorable Court upon the first occasion on which it should be open to him."

5. This question we answer in the negative. In framing the Regulations, it was but object, that whilst each Civil Servant, might be enabled once in the course of his service to have the benefit of the Absentee Allowance, the number annually returning to England with that view should be limited, an object which would be defeated if Civil Servants were allowed to come home and wait their turn in England.

6. The other questions is "Whether the ten years actual residence in India is to be considered to embrace the period passed at Hertford College," to which we reply that such is not the intention. We mean the regulation to be construed in the sense which it expresses, "actual residence in India."

Extract from a General Letter from the Honorable the Court of Directors in the Public Department, dated the 25th July 1827.

Para. 3. "Previously to the enactment 53d G-o-3, Cap. 153, it was our practice to forward to you Lists of the relative rank of Writers appointed from time to time to your Establishment. Under the authority of that enactment Regulations were framed for the government of our College of Haileybury, one of which provided that the relative rank of Writers should be fixed by the College Council, and specified in the College Certificate, subject however to loss of such rank in the event of the Writers failing to proceed to India within a specified time. Lists of the rank of Writers under this Regulation are now periodically forwarded to you.

4. The offers of the Absentee Allowance are to be made in the order in which Civil Servants have been, or may be, classed under the Rules to which we have adverted, to such of the Servants as shall have actually resided in India in the Civil Service of your Establishment during a period of not less than ten years, commencing from the date of arrival at Madras.

6. On reference to our Letter dated the 26th of April 1826, Para. 5, you will perceive that it is not competent for a Civil Servant, having completed a residence of ten years, to come to England and there wait his turn for the Absentee Allowance. That Allowance is to be granted in each case by the local Government under the Regulations which we have prescribed, and no Civil Servant will be permitted to draw Absentee Allowance in England who shall not, previously to his quitting India, have been admitted to that benefit by the Government of the Presidency to which he may belong.

7. So soon as the aggregate number of Civil Servants absent, and who shall have come Home upon the Absentee Allowance of £500 per annum, shall amount to twenty-seven, the same indulgence is only to be granted to Servants included in that number may either return or quit the service; so that the total number of Absentees having left Madras upon the allowance of £500 per annum is never to exceed the limit of twenty-seven fixed by our orders dated the 30th December 1824.

Extract from a Letter from the Honorable Court of Directors in the Public Department, dated 5th December 1827.

Letter from dated 16th October 1826.

PARA. 2 & 6. Submit

question, whether the regulation which precludes a Civil Servant from simultaneously receiving Absentee Allowance from the Company

and from the Civil Fund is to be constituted as a bar to the receipt of any sum from the Civil Fund in aid of the expense of Passage to Europe.

2. The receipt of Absentee Allowance from the Company must bar the receipt of any Allowance in any shape from the Civil Fund.

4. We shall not object to the advance to a Servant coming Home under the Absentee Regulations and not entitled to Passage Money, of six Months allowance in cases in which you may be satisfied that that indulgence is required to enable the party to provide a passage.

Letter from dated 30th March 1827.

Paras. 71 and 72, Court requested to reconsider their decision upon the question of permitting a Civil Servant to come to Europe in anticipation of being admitted to the Absentee Regulations.

7. We adhere to the determination communicated to you in our despatch dated the 26th April 1826, Para. 5. No servant will hereafter receive the Absentee Allowance who shall not have been admitted by the local Government to the benefit of the Regulations previously to leaving India, excepting only such servants as may have been compelled by ill health to quit India on a voyage to some place within the limits of the Company's Charter or to the Cape of Good Hope and as may have been subsequently compelled by the same cause to come to Europe. In such cases where the Servant has resided more than ten years in India the benefit will of course be withheld whenever the number of Absentees limited by the Regulations is complete.

Order of Government dated 18th November 1828.

The Right Honorable the Governor in Council has been pleased to resolve that all persons who may be permitted to proceed to Europe, with the benefit of the Absentee Allowance, shall vacate their situations and avail themselves of the indulgence within three months from the date on which it may be granted.

Extract from a letter from the Honorable Court of Directors in the Public Department, dated 6th May 1829.

Civil Servants who decline to subscribe to the new Annuity Fund are not admissible to the benefit of the Absentee Regulations.

CHIEF SECRETARY'S OFFICE: FORT ST. GEORGE, January 3, 1832.

In order to prevent embarrassment at the time of sailing, Gentlemen of the Civil Service quitting India are requested to observe that applications for permission to be received on board must be accompanied by a Certificate from the Office of the Accountant General that there are no demands against the applicant on the Books of this Presidency. Commanders of Vessels removing persons from India without permission are liable to heavy penalty.

FORT ST. GEORGE, February 22, 1834.

The Right Honorable the Governor in Council is pleased to direct that the annexed Order of the Supreme Government, dated 28th January 1834, with requisite alterations in reference to the different denominations of Officers at this Presidency, be declared applicable to Covenanted Servants of this Government in the Judicial and Revenue Departments.

The Right Honorable the Governor in Council is pleased to determine, that no Officer, whatever his standing in relation to a vacant situation, will be appointed to succeed to it, unless he be considered by Government properly qualified to do justice to the trust about to be confided to him; and that, in the event of any deficiency in the requisite qualifications, he, as well as all others in the same predicament, will be passed over in favor of any junior on the gradation list competent to discharge the functions of the office with real efficiency.

With a view to afford to Government the necessary information in regard to the official character and merits of every Officer employed, the Governor in Council is pleased to direct, that every Officer, Court or Board to whom Covenanted Officers are placed in subordination, shall publicly report half yearly, on the 1st January and the 1st July, upon their official qualifications and conduct. The reports of the Civil and Criminal Judges and Magistrates upon the Officers subordinate to them respectively, shall be forwarded to the Provincial Courts, and by them with their own comments thereon, and a corresponding statement with respect to all the Civil and Criminal Judges, Assistant Judges and Joint Criminal Judges, and Magistrates under their jurisdiction, to the Sadr and Foudarry Adawlut. The reports of the Collectors upon their subordinates shall be forwarded to the Board of Revenue. The Sadr Foudarry Adawlut and the Board of Revenue respectively, shall review the whole of these returns, and submit them to Government with a declaration of their own opinions in confirmation of, or dissent from those expressed by the Provincial Courts, Civil and Criminal Judges, Magistrates, and Collectors respectively. The Sadr and Foudarry Adawlut shall likewise report upon the qualifications and conduct of the Judges of the Provincial Courts of Appeal and Circuit for the information of Government.

These reports should present, in regard to each individual, a statement of his general qualifications for the public service, with distinct reference to his temper, discretion, patience, habits of application, to public business and attendance at office, his knowledge of the native languages, and pre-eminently, his disposition and behavior towards the people, high and low, with whom he is brought into official contact.

The controlling Officers will of course be held responsible for the effects of the misconduct of the Covenanted Subordinate Officers which they may fail to report; and it must be remembered by the controlling Officers, that if it shall sometimes be their ungrateful duty to allege incapacity or misconduct on the part of an inferior, they thereby perform a most acceptable service to the people, over whom such an incompetent or unworthy functionary is placed; and that they will also enjoy the opportunity of recording the meritorious qualities of those who are really worthy of such commendation, and of thus supplying the Government with data for the just and beneficial allotment of official rewards.

Extract from a Letter from the Honorable the Court of Directors.

Public Dept. Jan'y. 15, 1834.

Para. 1. In reference to our despatch in this Department dated the 5th of October 1831 (No. 43) and to your Letter in reply dated the 3d of August 1832 (No. 36), we think it right to explain that in requiring the Expectants from the Annuities from the Fund of 1800 who were in England at the time that the arrangements for extending the Fund were made at your Presidency in 1814; to make certain payments to entitle them to annuities upon the Fund of 1814, we never contemplated requiring from them a reimbursement of the allowances granted to them at home under the Regulations of 1800 and which they cannot be called up to repay, not having ever returned to India.

2. You will inform the Trustees accordingly that the only payments which we require of such Expectants are the sum of 2,000 Pagodas for the support of the Annuity Branch, and such arrears, if any as may be due under the provisions of the Funds of 1800.

FORT ST. GEORGE, October 21, 1834.

The following Resolution of Government is published for general information.

The deputation allowance to be granted in future to Covenanted Servants out of permanent employ while officiating in situations the salary of which is more than one thousand five hundred Rupees but not exceeding two thousand eight hundred Rupees per mensem, shall be 700 Rupees per mensem in addition to the subsistence allowance of their grade.

EXTRACT FROM AN ADVERTISEMENT, dated 18th December 1803.

"With a view of affording additional security to the Proprietors of Lands and Houses in Madras, and as a means of preventing clandestine transfers and mortgages of property; His Lordship in Council has been pleased to direct a register to be opened at the Chetchnery of the Collector of Madras, where all persons who purchase property or lend money on mortgages of property may register their purchase or mortgage deeds.

"And it is hereby further notified, that the public register for entering transfers and mortgages of Lands and Houses in Madras, is now opened at the said Chetchnery."

Pursuant to the former of these Advertisements, the Government quit rent and arrears if any out-standing, is to be paid by the Proprietors in actual possession of the Lands or Houses on which it is due; all persons, therefore, purchasing or taking mortgages of Lands or Houses should be careful to have their deeds regularly registered, and all arrears of quit rent discharged by the former holder up to the day of the transfer, as otherwise they will be held answerable for the amount.

CHAPLAINS.

FORT ST. GEORGE, November 2, 1832.

The Right Honorable the Governor in Council is pleased to direct that the following revised rules for the guidance of Chaplains in their official duties, be published for general information.

1. Every Chaplain shall report his arrival to the Secretary to Government in the General Department, as well as to the chief Ecclesiastical Authority at the Presidency.

2. The Archdeacon, having received his name and academical degree, his letters of orders, his nomination or appointment, and such other testimonials as he may have, will then appoint a day for the Chaplain to attend to make the usual subscriptions and take the necessary oaths previous to his being licensed.

3. Every Chaplain must report his arrival at his station to the Civil Auditor, and to the Archdeacon, and also to the chief Civil or Military Authority of the station, as the case may be.

The Bishop's (or Commissary's) license is to be read by the Chaplain (together with a declaration of conformity to the Liturgy of the Church of England) immediately after the 2d lesson in the morning service, on the 1st Sunday after his arrival at his station, a certificate of which, signed by two or more of the persons present, is to be forwarded to the Registrar of the Archdeaconry.

4. Every Chaplain shall read divine service every Sunday morning to the Europeans Civil and Military, residing in the Garrison to which he is appointed, when the whole of the morning prayer is to be read, and a sermon to be preached. The evening service, with a sermon, shall also be read whenever suitable provision can be made for that purpose.

5. The Chaplain is to apply to the Commanding Officer, or the chief Civilian in authority, to allot any convenient room which can be spared, for the purpose of divine worship, should no regular Church be established at the station or garrison, to which a Chaplain is appointed; and if no such building or room can be spared, he is to apply to the Commanding Officer requesting that a range of tents may be pitched for this express purpose every Sunday morning.

6. Should the Clergyman receive any hindrance in the discharge of his duty; should the Europeans not attend divine service, or should he be opened on the sabbath day, the Clergyman is to make the same known (according as the case may be of a civil or a military nature), to the Commanding Officer, or senior Civil Servant in writing; and request his interference to prevent such irregularity in future; and, in the event of such complaint not being duly noticed by the Commanding Officer or senior Civil Servant, he is to forward a copy of his complaint to the Archdeacon, to be laid before the Right Honorable the Governor in Council.

7. If from indisposition or other causes, divine service should not be performed by the Clergyman at the appointed times, a letter is to be addressed to the Archdeacon accounting for the omission.

8. The practice of baptizing in private houses is to be avoided by the Chaplain as much as possible, and the Clergyman is to attend at the place appointed for divine service on some fixed day and hour in each week, for the purpose of baptizing Soldiers' children; however, this is not to be considered as authorizing the Clergyman to decline attending at any time or place to administer private baptism to such infants as may be in a weak, or precarious state of health.

9. Clergymen having obtained the Right Honorable the Governor's permission to marry those in the higher ranks of life, and that of the chief Civil or Military Officer on the spot, to marry those in the inferior orders, are to direct the attendance of the parties at the Church or place allotted for divine service in *canonical hours*; and at such time and place, the marriage ceremony is to be performed, except in cases of emergency and in all such cases, the cause for deviating from this regulation is to be noted on the back of the marriage certificate forwarded to the Archdeacon.

10. In all cases in which a License is not obtained, the publication of banns must be considered as indispensably necessary. The prohibition of a Clergyman of the Church of England from marrying without either Banns or License does not depend upon the marriage act, but upon the 62d canon of the Church.

11. The permission to marry granted by Commanding Officer to Privates under their command, as connected with the military discipline, shall be required as heretofore in such cases, previous to the publication of banns; but such permission cannot be admitted as superseding the necessity of publishing banns, or as justifying the Chaplain in performing the marriage ceremony without such publication, in any case where a License from the Right Honorable the Governor is not obtained.

12. The publication of such banns must be regularly entered in a register for that purpose, in the following form: The Banns of marriage between A. and B. were published for the 1st (2d or 3d) time in this Chapel (or at this station) on Sunday the day of in the year of our Lord

13. Funerals are to be appointed either at 1 past 5 in the morning of the day or at 4 in the afternoon, except during the hot weather, when they shall be at 1 before six in the morning and the same hour in the evening; and the Clergyman is to attend at the latter time if he receives notice of a funeral before 3 o'clock P. M., but if the notice at-

rives after that hour the interment is to take place on the morning following: cases however may occur, which may require a deviation from this general rule.

14. Attention is to be paid by Clergymen to those seasons set apart for the fasts, festivals and other solemnities appointed by the Church, and they are particularly to use their influence in preventing public amusements in the holy week (commonly called Passion Week.)

15. It is a bounden duty of every Clergyman to make frequent visits to the sick Europeans in the hospital, to pray for those who wish for such consolation in their last moments, and (where it may seem proper) to administer the sacrament of the Lord's Supper.

16. All entries in the Registers of Baptisms, Marriages and Funerals are to be made by the officiating Minister in his own hand, and on the day when the office is performed.

17. All marriage certificates of Europeans, being Soldiers or persons employed in the Military Department, under the rank of Commissioned Officer, shall specify distinctly the birth of the female, whether European, Indo-Briton, Native, &c.

18. Attested copies of the Registers of Baptisms, Marriages and Funerals must be transmitted regularly every half year, to the Registrar of the Archdeaconry, viz. up to the 31st May and the 30th November in each year.

19. The Chaplain of every station where any of His Majesty's Regiments are stationed, must forward to the Registrar of the Archdeaconry for transmission to the Chaplain General's Office, half yearly and for any broken period that may occur previous to his leaving the station on which he is employed, a copy duly signed by himself and by the Officer in command of the station, of the Regimental Registers of Marriages and Baptisms now kept in conformity with the general regulations on this subject.

20. The size of Monuments hereafter to be erected in the burial ground of any out-station, shall be limited to seven feet in length by three and a half in breadth.

21. All communications from the Clergy are to be addressed to Government through the Archdeacon in order that he may make such remarks thereon as he may think proper.

22. A Chaplain, when directed to visit the out-stations of his district periodically, is permitted to draw a travelling allowance at the rate of 100 Rupees per annum, to be calculated at the rate of one day's allowance for every ten miles, allowing him a half on the 7th day; provided however, that the allowance drawn on this account shall in no case exceed 200 rupees per annum. The documents required in support of the travelling expensers of Chaplains will be—1st, the order or authority of the Venerable the Archdeacon for proceeding on their periodical visitations; and 2dly, their own declaration on honour that the journey so authorized has been performed.

23. A Chaplain attached to a Military station on applying for leave of absence must state that the Officer Commanding concurs in the measure, but the application must in every case be made thro' the Archdeacon to the Government.

24. No Clergyman, appointed to officiate as a Chaplain in any particular station, shall on leave of absence, from that station or otherwise, indirectly take upon himself the professional duties belonging to a Clergyman of a different station, while such Chaplain resides on the spot or is near enough to be communicated with (as occasion may require), and is capable of performing such duties, unless his consent be previously obtained.

25. Any Chaplain who may be absent from his station without leave, shall be considered to have forfeited the whole of his allowance for the period of his unauthorized absence, unless the penalty be expressly remitted by Government; and any Chaplain exceeding his leave, shall be held by the Civil Auditor to be absent without permission for the time of such excess.

26. Any Chaplain leaving his station, whether with or without the orders of Government, shall be bound to report the circumstance to the Civil Auditor.

27. Any Chaplain who may be removed from his station to another, shall in like manner report to the Civil Auditor, the dates of his departure from the one and of his arrival at the other, and the Civil Auditor is restricted from passing the Bill of any Chaplain appointed to a new station for the allowances belonging to such station (without the special orders of Government) until he shall have received a report of his arrival at the place of his appointment.

28. Leave of absence, when solicited for the purpose of visiting any place on the continent of India, shall not be granted for a longer period than six months, but will be extended at the discretion of Government, on due and sufficient cause being shown.

29. Any Chaplain desiring to visit the Presidency with the intention of making a voyage to sea, for the benefit of his health, or otherwise, shall be required distinctly to specify, in his application the period of leave necessary for the first purpose, at the expiration of which renewed leave shall be given, for periods not exceeding one month, until he finally avails himself of the further permission to quit the Presidency, on which occasion the vessel on which he embarks must be duly reported.

30. Any Chaplain arriving at the Presidency, whether from the interior of the country or from abroad, shall report his arrival to the Secretary to Government, in the General Department, as well as to the Chief Ecclesiastical Authority at the Presidency.

31. Any Chaplain returning to the Presidency after having made a sea-voyage, for the recovery of his health, or otherwise, shall unless (the contrary is specially sanctioned by Government) be required to rejoin his station within the time that may be prescribed for travelling to the station to which he stands appointed.

33. One day will be allowed for every ten miles of distance as recorded in the Office of the Quarter Master General, a week being given over and above this allowance for preparation for the Journey. If under special circumstances a longer period shall be found necessary, an application may be made to Government for an increased allowance of time or leave of absence for the excess.

34. Chaplains absent from their station with the leave of Government, whether on account of sickness, or of their private affairs, for a period not exceeding one month in the year, shall not be subject to any deduction from their allowances.

35. Chaplains absent from their station on account of private affairs for a continuous period exceeding one month in the year, shall forfeit 1-2d of their allowances during the whole time of their absence.

36. Chaplains absent from their stations on certificate of ill health for a continuous period exceeding one month in the year, if within the limits of the Presidency, shall forfeit 1-6th of their allowances during the whole time of their absence; Chaplains proceeding to Sea, or beyond the limits of the Presidency on certificate of ill health for a continuous period exceeding one month in the year, shall forfeit 1-8th of their allowances for one year and 1-6th for the next six months of their absence.

If however, the offence should be committed out of the jurisdiction of the ordinary court, and in places where the rest of the community are subject to Military law, in such a case, and in such a case alone, they are subject also to Military law, for all offences of temporary cognizance.

41. On leaving the Archdeaconry, it is the duty of every Chaplain to apply to the Archdeacon for testimonials under the Episcopal Seal. If testimonials are also obtained from two Clergymen in the Archdeaconry, they should be countersigned by the Archdeaconry.

Fort St. George, 14th March 1834.

The Governor in Council is pleased to declare the following General Order by the Supreme Government, applicable to this Presidency.

GENERAL ORDER BY THE HONORABLE THE VICE PRESIDENT IN COUNCIL.

Fort William, 27th February 1834.

No. 86 of 1834.—The Honorable the Vice President in Council is pleased to direct, that the following Rules, enacted in the Ecclesiastical Department, under date the 17th Instant, be published in General Orders for the information and guidance of Commanding Officers at Stations, where there is a Resident or Visiting Chaplain appointed.

1. Commanding Officers, in concurrence with the Chaplain, will fix the time for performing Divine Service on Sundays.

2. When a Chaplain purposes to quit his principal Station for the occasion of visiting any of his appointed smaller Stations, or when he intends to apply for temporary leave of absence, he must give timely notice to the chief Military and Civil Resident Authorities, in order that if there be any cogent reasons against the absence of the Chaplain, they may be submitted to the Governor General in Council.

3. The Chaplain at a Military Station is to visit regularly, at least twice in each week, the European Hospital or Hospitals. He is carefully to superintend and inspect the European Regimental and other Schools, visiting them for this purpose not less than once a week, and to represent any matter concerning their management to the Commanding Officer which may require his notice. Provided, however, that in the performance of the above duties he shall not interfere with the religious permission of those who do not profess the tenets of the Church of England. He is to report to the Commanding Officer on the 1st of January and the 1st of July in each year, and often if necessary, the state of the European Regimental Schools, the qualifications and conduct of the Master, and the proficiency of the scholars.

4. The Chaplain is to enter carefully all the Marriages, Baptisms, and Burials of Soldiers and their Children in the Regimental Register Book of the respective European Corps, as well as in the usual Register kept by the Station Chaplain.

(Signed) J. STRAUGH, Deputy Sec. to Govt. M. D.

Fort St. George, 18th March 1834.

The following General Orders by the Supreme Government, are published for the information of the Army.

No. 67 of 1834.

GENERAL ORDER BY THE HONORABLE THE VICE PRESIDENT IN COUNCIL.

Fort William, 27th February 1834.

The Honorable the Vice President in Council is pleased to direct, that the following Extract (Paras. 11 to 14) from a Letter from the Honorable the Court of Directors in the Military Department, No. 92, dated the 6th October 1833, be published in General Orders:

Letter dated 22d January 1833, (No. 13.)

1 to 9. State that, from the nature of the Orders received from time to time, some doubt exists as to the scale of Pensions which the Court are disposed to recognize as claimable from Lord Clive's Fund by Chaplains retiring from ill health before the full period of the Service, and by the Widows of Chaplains, and request to be furnished with fresh and explicit instructions on the subject.

Para. 11. Chaplains who have not served 7 years in India are admissible to the benefit of Lord Clive's Fund in the rank of Captain. After completing a Service of 7 years, their retiring allowances are provided for, independently of Lord Clive's Fund, by the Regulations conveyed to you in our Ecclesiastical Letter of 24d November 1833.

12. As by the Regulations announced in that Letter, Chaplains may retire on the full pay of Lieutenant Colonel after 18 years Service, (including 3 years for a furlough) we have considered the Widows of those who die in the Service after completing that period to be eligible to the benefit of Lord Clive's Fund, in the rank of Lieutenant Colonel.

13. The Widows of Chaplains who have completed 7 years actual Service in India, are admissible in the rank of Major; and those of Chaplains of less Service, in the rank of Captain, being the ranks the pay of which is receivable by these classes of Chaplains respectively when on furlough.

14. You will communicate a copy of these Paragraphs to the Governments of Madras and Bombay.

(Signed) J. STRAUGH, Deputy Sec. to Govt. M. D.

and so on in arithmetical progression as far as 35 Rupees, beyond which weight no Packet will be received for transmission by Dawk, unless in the cases specified in Section 30 and 31.

4. Stamped obits bearing the names of the places to which Letters are directed, with the weight and amount of postage, will be furnished on delivery into the different Post Offices, of Letters, whether for transmission by Sea or otherwise; or if addressees are copied into books or transcribed on separate pieces of paper and sent with Letters, they will receive the impressions of the proper stamps and have the weight and postage noted on them.

5. Letters for places beyond the range of the post of this Presidency must be paid for either in full or to the boundary station (which in the direction of Calcutta is Preahy; or Bombay, Haryhur, or Hyderabad, Kurnool) except to Jaulnah, Nagpore, Kemptes, &c. for which, as also Ceylon and places subordinate thereto, the payment of full postage must be made in advance.

6. Letters transmitted from this Establishment to that of Bombay via Hyderabad, are to be paid for one dispatch to Hyderabad or to their destination, as the senders may choose.

7. When Letters are received from Calcutta, "Post Paid to the boundary Line," such postage only shall be levied at Madras, as added to the sum already paid, shall complete the amount to the rate established in the Table for the entire distance: the same Rule applies to Letters received from Hyderabad and Bombay.

8. For the prevention of mistakes and the promotion of regularity, each Letter for transmission beyond the range of the Post Office Establishment whence it is despatched, shall have, besides the amount of postage levied in advance, the name of the place to which payment is made, and the date of its receipt at the Post Office, marked on it.

9. Postage is to be paid in advance for all letters which individuals may address on their private affairs to the Public Officers of Government and this Rule is to be understood to include Letters transmitting Bills of Exchange, Promissory Notes; Receipts or Government Securities, &c. &c. to the Accountant General, the Treasurer, or Government Bank, or other Public Officers; but the practice thus enjoined shall be reversed when Public Officers correspond on such subjects with individuals, in which occasions they subscribe on the envelopes, with their official signatures, the words "Hearing Postage."

10. Letters or Parcels known to contain Bank Notes, Pearls, Precious Stones, Money in Coin, or Bullion, Ornaments of Gold, Watches, or any other articles of intrinsic worth, shall not be received at the Post Office Establishments of this Presidency for transmission either by Dawk or Banghy; and although every precaution will be adopted for the security of all Letters or Parcels transmitted by Dawk or Banghy, the Post Office will not be held responsible for their safety.

11. Letters having the appearance of being opened and reclosed, shall not be admitted into any Post Office, unless the writer or sender thereof shall attest with his full signature that it was sent in the same state.

12. No Letter or Parcel which has been once delivered into any Post Office under this Government, shall in future be restored, except upon an official application by the writer thereof, accompanied by the receipt granted for such Letter or Parcel, in order that the same may be cancelled. The postage which may have been paid on such Letter or Parcel will not be returned, nor will the Letter or Parcel be readmit-

ted at the Post Office, except as a fresh delivery, liable to postage at the same rates as if it had not been previously received and returned.

13. Subsidiary Post Offices are established at Royapettah and Vepery for transmission of Letters and Parcels through the General Post Office at Madras on payment of half an Anna over and above the regulated postage, and will be open daily from 11 A. M. to 4 P. M.

14. The General Post Office is open daily for the receipt of Letters at the usual rates of postage from 11 A. M. till 6 P. M., after which hour till 6½ o'clock P. M. all Letters will be charged with a fine of one Rupee over and above the regulated Postage. In order, however, to prevent persons, being charged with such fine, in cases where they may not be desirous to forward their Letters unless they reach the Office before the doors are closed, no Letters will be received, unless accompanied by a note or memorandum stating that it is the wish of the sender that it may be forwarded by the day's Dawk. Persons who are desirous of availing themselves of this Rule, will desire their servants, to wait at the door until it is opened at 6½ o'clock P. M. when they will be admitted. The time for the receipt of News Papers, for despatch per Banghy, is limited from 11 A. M. to 2 P. M. which after hour no News Paper will be received.

15. There are two general deliveries of Letters daily, for which purpose the persons quit the Post Office at 8 A. M. and 4 P. M. precisely.

16. The daily delivery of Letters at Out-Stations will be regulated by local authorities at such hours as may be most convenient, with reference to the arrival of several Mails. But in order to prevent delay to the General Dawk no Letter shall be received at any Out Post Office (except in cases of public emergency to be notified to the Post Master General) after 5 P. M., at which hour the Packets shall be severally closed and made up for transmission on the ensuing Mail.

17. Mails arriving at the General Post Office after 4 P. M. are not opened until the following morning, as from that hour the registering and otherwise preparing the Letters put into the Post Office for the night's despatch commences.

18. Persons receiving Letters are required to pay the postage marked upon them, whatever may be the amount, at the time of delivery; after which, any official complaint of overcharge that may be preferred to the Post Master General will be duly enquired into, — in which case, as also in that of complaints for delay in the delivery of Letters, the parties to whom they are addressed are required to furnish for the Post Master General's inspection the back of envelopes of such Letters bearing the Post Office stamp.

19. Persons complaining of improper conduct on the part of any of the Post Office Peons should note the number marked on the badge of the Peon against whom they complain.

20. Peons are inhibited from delivering Letters out of the usual course and without immediate payment of postage. They are to receive the exact amount of postage and are not bound to give change, both because they may not be provided with a sufficiency of small coins, and because the distribution of the Letters would be retarded by their doing so: it is particularly requested that the Peons may experience the least possible detention at the doors of houses when they deliver Letters.

21. Any person opening a Letter shall be bound to pay the postage of the same whatever may be the contents.

22. The Receivers of Letters at the General and subordinate Post Offices cannot be required to give change for a Rupee, save when the postage shall exceed that sum. In all cases where the postage on a Letter, or Letters, may be less than one Rupee, it must be paid in Annas.

23. Should any person refuse to receive a Letter addressed to him, or if the parties to whom Letters or Parcels are addressed cannot be discovered, the Letters or Parcels shall be liable to be opened for the examination of the signature, in order that they may be restored to the writers or individuals by whom they have been sent to the Post Office, and that the direct and return postage may be recovered. In cases where the parties may have died, the Letters shall, whenever practicable, be delivered over to the Executors or Administrators of their Estates on payment of the regulated postage.

24. In every case of refusal to pay postage, the authorities in charge of the Post Offices are empowered to detain all future Letters to the address of the parties so refusing, until the liquidation of the previous demands. This Rule applies equally to postage on return Letters.

25. With the view of diminishing the bulk and weight of public despatches it is hereby required, that in future they be copied within the smallest space compatible with perfect legibility, that all blank leaves be withdrawn, that the enclosures whenever practicable be written consecutively and that the Packets be made up in the most compact form which the nature of their contents will allow.

26. Heads of Offices, Civil and Military, will pay special attention to have their despatches prepared for transmission by Dawk agreeably to Rule 25, as likewise to ensure their being sent to the Post Office, not later than 6 o'clock P. M.

27. Expresses are not to be employed except on the most urgent public occasions, when the despatches to be transmitted must bear on the face of them, the words "By Express."

22. Public Officers are expected to employ Expresses as sparingly as possible, for independently of their tendency to derange the expeditious conveyance of the ordinary Mails, as no separate establishment of runners is allowed for this duty, their employment is attended with additional expense to Government. If it shall at any time be found upon enquiry that the exigency of the public service did not require the employment of an Express, the party at whose instance the Express may have been employed, shall be liable to the payment of two Annas for each mile for the whole distance it shall have travelled.

29. The Port St. Gazette, the Calcutta Gazette, the Bombay Government Gazette, the Ceylon Government Gazette, as also the Proceedings of the Medical and Physical Society at Calcutta, shall be transmitted post free when issued directly from the Press.

30. Packets of Law Papers, Accounts, Certificates of Honors, and Registers, attested with the full signature of the sender thereof, shall be transmitted at the postage of a single Letter, if not heavier than 3 Rupees, at that of a double Letter, if not heavier than 6 Rupees, and so on at rates 15 Rupees, beyond which weight they shall be forwarded by Banghy at its rates of postage. Such Packets shall be endorsed Law Papers, Accounts, &c. as the case may require, and if Packets, said to contain Law Papers, Accounts, &c. all be found to contain a Letter or Letters, they will be subjected to a general search, and in the event of its being found to contain a Letter or Letters, the Officer in charge of the Post Office may have reason to suspect that closed envelopes, or any other documents, specified in this Rule, contain Letters, he is empowered to call upon the party to whom they are addressed, to attend either in person or by proxy, to open them in his presence; when, in the event of Letters being found within the cover, he will detain the Packets and their contents until the penalty thereon is paid.

31. It shall be at the discretion of the Post Master General and of the Officers in charge of the subordinate Post Offices to forward by Dawk, to Stations to which there may be no Banghy, Parcels not containing Letters and not exceeding 80 Rupees in weight, at the Banghy rates of Postage.

32. Books printed at the Madras Male Asylum Press for the benefit of the Male Asylum shall be forwarded by Dawk, or if practicable by Banghy, at the postage of a single letter, payable at the Stations to which they are directed.

33. The opening of Mails between Stations is inhibited, except on urgent public occasions, when they must be opened and closed in the presence of the Public Officer, and who shall immediately address an Official letter to the Post Master General and likewise to the Officer in charge of the nearest local Post Office to which the Mails are to be conveyed, stating his motives for so doing.

34. Whenever any Public Officer, Civil or Military (except the Officers of the Commissariat when they are required to forward Accounts) may have occasion to despatch more than one official communication to the same Office by one day's post, the whole shall be forwarded under one envelope, a narrow binder being placed round each of the Letters enclosed and each being separately numbered. When the Packet amounts to 80 Rupees weight, a separate Parcel must be made up, and each super-added "by Tappall," as otherwise no public despatch exceeding the weight of 3 Rupees will be forwarded by Dawk on a Banghy route.

35. Letters for persons residing at Madras will be received at the General Post Office, and will be delivered at the rate of one Anna for a Letter not exceeding 10 Rupees in weight, and Parcels at the rate of two Annas, when not exceeding 100 Rupees in weight, beyond which weight they will not be received.

36. A Register for the purpose of entering the particulars of Packets containing Company's Paper for transmission by Dawk, is kept at the General Post Office. These, if sent between the hours of 11 A.M. and 2 P.M. will be duly registered daily, Sundays excepted.

37. To obviate the delay which will sometimes unavoidably happen in the delivery of Letters when due information regarding their disposal is not lodged at the General Post Office, Officers of the Civil, Navy and Military Service and other persons arriving at the Presidency, or departing from it, or changing their residence from one Station to another, are requested to notify to the Post Master General in writing, the places to which they wish Letters for them to be sent.

38. It shall be the duty of Commanding and Staff Officers of Stations, to see, that due pains are taken to find out all Military persons to whom Letters are addressed, and to satisfy themselves that the Letters are carefully delivered.

39. Officers Commanding Regiments and Detachments shall send daily to the Post Office where they are respectively stationed, a Drummer and a Sepoy writer, or other fit persons to enquire for Letters directed to the Native Officers or Men of their Regiments or Detachments, and to give a receipt for any Letters which may be obtained by them, and such Commanding Officers shall further adopt the best measures in their power for the safe and early delivery of all Letters whatever, that may be given in charge to the persons, whom they depute to receive them; the practice here enjoined shall be followed to the requisite extent by Officers Commanding Stations, whose special attention is moreover required in aid of the speedy and careful delivery of Letters, from Regiments or Detachments on land or foreign service, to the families of Native Officers or Men belonging to them.

40. Persons not belonging to the Department cannot be admitted into the receiving room of the General Post Office, nor be permitted to examine the records of the Office,

with or without the special permission of the Post Master General, to whom complaints and applications must be made in writing.

BANGHY DEPARTMENT.

1. Banghies are established on the routes from Madras to Calcutta, to Cannanore and to Trichinopoly. The two first are despatched on Tuesdays, Thursdays and Saturdays; the last, which proceeds via Pondicherry, Portonovo and Tanjore, is despatched every day of the week, except Sundays.

2. The payment of Letter postage having been evaded by transmitting a number of Letters under one cover by Banghy, the Packet will be liable to be examined if suspected to contain Letters.

3. If there be reason to believe that any parcel contains Letters, the person to whom it is addressed will be required to open it, or allow of its being opened at the Post Office, and in the event of its being found to contain Letters, three times the amount of the regulated postage shall be levied upon each Letter the Parcel may contain.

4. Parcels or Bundles of News Papers, not exceeding the weight of 280 Rupees, or the cube of 9 inches, may be transmitted by Banghy, but those exceeding the cube of 6 inches shall be charged double postage. The subjoined Table shows the rates at which Parcels will be forwarded by Banghy.

SIGNALS

For Ships or Vessels in the Offing.

Signals respecting Ships or Vessels in the Offing, whether Men of War or Merchantmen are made from the Garrison Flag Staff, a Yard along across the Top-mast, the points of which represent the quarter from which the Vessels are coming in.

Three Orders of Vessels are expressed by the Signals: Vessels of three Masts, of two Masts, and of one Mast.

An English, or square National Flag, represents a Ship of three masts; a National Flag with a square of a different color, represents a Brig or Schooner, &c. of two Masts; and a broad National Pendant, terminating in one point, represents a Schooner or Cutter of one Mast.

If the Ship or Vessel is hoisted to the yard above described, the Vessels seen are on the North or South quarters of the compass.

The number of Ships that appear in the Offing, are expressed by Pendants—a white pendant, one Ship or Vessel; a red and white Pendant, two Vessels; a red and white Pendant, three Vessels; and a yellow Pendant pierced with blue, four Vessels. When the number of Vessels exceeds four, they are to be considered as a Fleet, and which means a long blue and yellow Pendant will be hoisted.

If the Vessels sight are Men of War, in the North or South-quarters, one of the numerical Pendants will be over the National Flag on either side of the Yard Arms.

If Merchantmen are seen in the North or South-quarters, one of the numerical Pendants will be under the National Flag on either side of the Yard Arms.

If the Ship or Vessel is a Gun, a blue Pendant will be displayed as usual under the Union Flag of the Port.

If a Fleet is in sight, one Gun will be fired after the signal for the Fleet is made, and if there are two Fleets of different Nations, in the same point of the compass, the signal of the first Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Steamer and Packet is announced with a blue flag pierced with yellow hoisted to the yard arm, expressive of the quarter she is in.

The same red flag represents the Flag of all Nations that trade to Madras; and the number of Ships or Vessels discovered in the Offing.

The St. George's Flag hoisted on either point of the Yard Arm with a white Pendant over it, announces a British Man of War. The French or Tricoloured flag of two points hoisted with a red and white Pendant over it represents a French armed Brig or Schooner, &c. a broad American Pendant hoisted with a red pendant over it, with white flying over it, represents three American armed Cutters; and a Dutch flag hoisted with a yellow pendant, pierced with blue over it, represents four Dutch Men of War.

The St. George's Colours is varied according to the colour of the Admiral of the Squadron on duty for the time being.

If the numerical pendant hoisted of being over the national Colours are hoisted under them they will only be the same class of Vessels to be Merchantmen.

The blue Pendant hoisted under the Union with a white Pendant over it, announces English Vessels hoisted on either side and indicates an Indian.

N. B.—As the Mariner's Code of Signals is so widely in circulation, and as the necessity of large vessels knowing the name of Vessels coming in, the Captains and Commanders of Vessels are required to answer without delay every signal made to them from the Flag Staff of the Garrison.

LIGHT HOUSE.

The Light House on the Exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Government, in December 1796, and is of essential service to Ships coming to the Roads in the night.

The Light is 60 feet above the level of the Sea at high water, and can be seen from the docks of the Honorable Company's Ships, about 17 miles, and from their Mouths about 20 miles.

The South part of Pollut Shoal bears from the Light House N. by E. half E. distance 12 miles; and to keep clear of the Shoal, the Light should always bear to the westward S. S. W. 4 W.

POLICE REGULATIONS.

REGARDING PASSPORTS.

The Right Honorable the Governor in Council having reason to be satisfied of the total insufficiency of the present practice of granting Passports, either to prevent the passage of unauthorized travellers, to trace the route and the proceedings of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following system, for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st.—That from and after the 1st of June next, the Secretary to Government in the Public Department shall be charged with the general control and direction of all Passports granted within the Territory of Fort St. George.

2d.—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in seven Books to Cheque Margins for the insertion of the name of the person and No. and date of the Passport for the purpose of preventing forgery by comparison when returned, shall be issued by the Secretary to Government to all persons who shall be authorized to grant them, viz: To the Resident Agent, and to all Collectors for their respective Districts with an exception of Sea Ports, where there is a Commercial Resident, who will always regulate the Passports of the port where he resides; to the Town Major of Fort St. George for Military persons belonging to that Garrison; to the Adjutant General of the Army, for all other Military persons leaving the Presidency; and to each Officer Commanding Military Stations who shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any change of Stations may occur, by the Secretary to Government in communication with the Adjutant General of the Army. The Secretary to Government will himself regulate the receipts and issue in the Presidency of all Passports to Persons not Military.

3d.—That all persons authorized to grant Passports shall keep a Register in a prescribed Form (blank books of which will be likewise transmitted) of all Passports granted, and another of all Passports used.

4th.—That all Travellers, on arriving at a station, shall deliver their Passport to the proper Officer, who shall register its receipt in the blank margin upon grantation and if the bearer proceeds further, shall obtain a new Passport in sequence, noting on the old one the date of its receipt, and at the end of each month sending by Post all Passports received to the Person by whom they appear to have been granted.

5th.—That the Secretary to Government in the Public Department shall keep a General Register of all Passports granted, to enable him to correct what, as Public Officers, authorized to grant or receive Passports, shall transmit to him monthly a copy of their Register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of blank Passports with which they have respectively been furnished by the Secretary.

6th.—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively; but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post Station, by endorsing the Passports with the words "Pass to" noting the date, entering in his register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th.—Any Traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th.—Public Officers, having received a Passport authorizing them to travel post on the Public Service, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All Public Officers authorized to grant or receive Passports, shall report to the Secretary to Government any irregularity or deviation from the established rules which may come under their observation, together with such remarks respecting the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of further inquiry. And all Public Officers authorized to issue Passports are also empowered to withhold information of uncertain conduct or improper views, to refuse a fresh Passport for the continuation of a journey already commenced; reporting the details to the Secretary to Government by the post of the day or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement, all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are proposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the disposal of independent Native Powers

constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any Foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's possessions, but public Officers stationed near a foreign settlement, will concert with the Foreign Governor or other constitutional authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on the proper occasions.

3d.—The routes of Foreign Travellers for commercial purposes, will be generally by the sea side, and every proper facility should be afforded to that mode of communication. But no Foreigner must on any pretence be furnished with a passport to travel inland, or even to visit from the road nearest the shore, without the special authority of Government.

4th.—English subjects, who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

5th.—All Public Officers who may be authorized to grant Passports, will, as soon as may be practicable after the receipt of these instructions transmit to the Secretary to Government, descriptive lists of all Europeans not in His Majesty's or the Honorable Company's Service, residing within the limits of their respective authority, with their opinion regarding the expediency of licensing the further residence of such individuals. The Secretary will return certificates for such to the Governor in Council may think proper to issue, and all Europeans not in the Service, who shall not possess such certificates on the 1st day of August 1802 shall be sent to the Presidency for the purpose of being embarked for England.

6th.—From and after the above date—no Passport shall be granted to any European not in the Service, who resides or states himself to reside at any English port or station, or to any British subject residing at a foreign settlement, who does not possess such certificate of license; but Mariners or Traders, whether British or Foreign not resident in India, who may desire to pass from one part to another for commercial purposes, shall be furnished with Passports without hesitation.

N. B.—The certificates should include a description of the person, and should grant conditional permission to reside, at the town of " " subject to be sent to the shape at the shortest notice, whenever the Government shall think fit.

Fort St. George, 21st April 1802.

Notice is hereby given, that from and after the 1st day of July next, no European person of whatever rank, description, or country, will be permitted to travel through the Company's dominions subject to this Presidency, unless he shall be regularly furnished with Passports for that purpose.

The only exception, which the Right Honorable the Governor General in Council, has been pleased to make to the foregoing prohibition, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

All persons about to travel are accordingly required to take out a Passport, from the Collector of the district in which they may reside, or in place where there may be no Collector, from the Commanding Officer of the nearest garrison, which Certificates or Passports shall be produced by the next Collector or Commanding Officer, who are authorized to cancel it if necessary, and to issue a fresh Passport.

All European persons of all descriptions are hereby warned, that whoever shall be found travelling without a Passport will be taken up and confined until a report of his case can be made to the Presidency.

Notice is hereby further given, that a reward of ten Pagodas will be paid to any person which shall take up and bring into the nearest garrison, any European Deserter, or Vagrant of any description.

Fort St. George, May 25, 1799.

In addition to the Government Advertisement published on the 25th of May 1799, prohibiting Europeans of every description from passing thro' the Company's dominions subject to this Presidency, without a regular Passport; The Right Honorable the Governor in Council is hereby pleased to give Notice, that from and after the 1st day of June next ensuing, any European of whatever rank, description or country, who shall be discovered passing through the territories under the Presidency, beyond the limits from Fort St. George, without being furnished with a regular Passport, will be taken up and confined until the pleasure of Government shall be known.

2. The only exception which the Right Honorable the Governor in Council has been pleased to make to the foregoing resolution, is in favour of Officers Commanding Parties of His Majesty's or the Honorable Company's Troops.

3. For the more strict execution of the order, Notice is hereby further given, that a reward of Ten Pagodas will be paid to any person, who shall take up and bring into the nearest garrison, any European Deserter, or Vagrant, of any description.

4. The following are the Officers by whom passports will be issued on application. By the Public Secretary to the Government, to persons not Military.

The Town Major, to Military persons belonging to the Garrison of Fort St. George.

The Adjutant General of the Army to all other Military persons leaving the Presidency.

The Residents at Hyderabad, Poonah, Mysore, and Travancore, the several Collectors of Revenue, the Commercial Residents residing at Sea Ports and Officers Commanding Military Stations.

Fort St. George, May 15, 1809.

The Right Honorable the Governor in Council has been pleased to adopt the following modification in the Regulations which have been established with regard to the issue of Passports.

It is directed that in future all Foreigners who arrive at Madras, do deliver their Passports to the Police Office in person, and that no Passports be issued to Foreigners except at the Police Office. All Foreigners residing at any of the out-stations, or elsewhere, under the authority of the Government of Fort St. George, or who may hereafter arrive, shall without delay report through the channel of the nearest Magistrate, Collector, or other local authority, their place of residence, occupation, period of arrival, and from whence they have last come to the Police Office at Madras, and any person failing to comply with this notification, will, on discovery, be placed under personal restraint.

It will be the particular duty of Magistrates, Collectors, and other local authorities where Foreigners may reside, to explain to such persons this part of the regulations, and to see that the order is strictly enforced.

All Passports of whatever description, are in future to be translated, into the Malabar, Gentoo and Hindoostanee Languages.

Such parts of the existing Passport Regulations, as are not affected by the above rules, are to remain in full force.

Fort St. George, August 22, 1807.

But in the event of there being no register of birth or baptism, the cadet will be furnished with the form of an affidavit to be taken by the cadet previously to his being appointed.
2. No candidate can be admitted under the age of fourteen years, or above the age of eighteen years.

4. Every candidate must produce a certificate of good conduct from the master under whom he has last studied.
5. Every candidate must deliver the name and address of the person residing in London, or its vicinity, who engages to receive him if he shall be dismissed from the seminary, or removed from sickness or any other cause.
6. It is an indispensable qualification that the candidate write a good legible hand, as he will be required to write down a sentence from dictation by the head master, and if he should be found deficient in this respect, or in his orthography, his reception into the institution will be suspended for such length of time as the head master shall report to be necessary.
7. No candidate will be admitted as a cadet who cannot read and construe Caesar's Commentaries.
8. No Cadet will be admitted who is not expert in vulgar and decimal fractions.
9. When a cadet is admitted, the lieutenant governor or resident Superintendent shall immediately send the head master's certificate to the clerk to the seminary committee.

PROBATIONARY CLASS.—1. Every cadet will be required to pay the sum of £63, also the sum of £22, as a subscription to the public library into the Company's Treasury previous to his being admitted into the seminary, or reimburse the Company the expense of his probation, including clothing stationery, books, drawing, and mathematical instruments, pocket-money, at the rate of two shillings and six-pence per week, medical attendance and washing.

These articles to be marked with the Cadet's name at full length.

4. That in future every Cadet upon his admission be considered a probationary pupil only for the first six months, at the end of which period the public examiner will be required to report to the seminary committee the probability of his being able to pass for the artillery at the first public examination after his two years' residence is expired; but should this appear improbable, either from want of talent or diligence, the Cadet is then returned to his friends, and the sum paid into the Company's Treasury upon his admission, £63 be detained in liquidation of his expenses; but if the Cadet is reported fit and able to prosecute his studies, then the said sum to be considered as covering his expenses at the seminary for the first year.

At the close of every vacation, the Cadet must apply at the Cadet Office, for an order for his readmission, and all sums then due to the Company must be paid up. Fort St. George, October 23, 1834.

The following Advertisements of the Government of Fort William, are republished for general information.

FORT WILLIAM, FINANCIAL DEPARTMENT, 13th October 1834.

4. Notice is hereby given, that the Sub Treasurers of Fort William, Fort St. George, and Bombay, are severally authorized to receive from and after the 15th of this month any of the Six per Cent. Promissory notes of this Government bearing date the 30th June 1822, that may be tendered for transfer into a new Loan to be opened under the conditions hereinafter stated, and to grant in exchange thereof Certificates or acknowledgments, entitling to Proprietors or their representatives to receive Promissory Notes of the Supreme Government in the form and manner specified below.

2. A Bonus or Premium of 5 per Cent. will be granted on all transfers made under this Advertisement; that is to say, for every Note surrendered for transfer, a new Note will be issued for a principal sum exceeding the principal sum of the Note surrendered in the proportion of 105 for every 100 Sicca Rupees; and the Note so issued in Exchange, will bear interest at the rate of 5 per Cent. per annum from the 31st December next ensuing, which will be its date. The interest will be paid half yearly, on the 30th of June and 31st of December of each year, in the manner herein under provided.

3. Transfers into this Loan will be received until the 15th of February next, and not after that date; and the Proprietors of Notes that may be surrendered for transfer shall receive interest thereon up to the 31st December next, at the rate of 6 per Cent. in the same manner as if the Notes had not been surrendered, and with a like privilege to Proprietors resident in Europe to receive the said interest in Cash or by Bills at one year's date, and at the exchange of 2s. 1d. for the Sicca Rupee. From and after the said 31st December next interest will be paid as may be stipulated in the new Notes to be given in Exchange, and all demand on account of the Notes surrendered shall cease.

4. The Notes of the 6 per Cent. Loan of 30th June 1822, that were advertised for payment on the 9th May last, viz. No. 1 to No. 857, will be received for transfer in like manner with those now or hereafter advertised, and whether tendered before or

after the 31st December next, the calculation and adjustment of Interest shall be the same; that is to say, at the rate of six per Cent. on the principal sum of the Note to the 31st December next, and from that date at Five per Cent. on the principal sum of the new Note given in exchange, as will be stipulated therein.

5. Promissory Notes of the new Five per Cent Transfer Loan opened by this Advertisement, will be registered and numbered in the order of the applications made for Promissory Notes in exchange for the Sub-Treasurer's Certificates; that is to say, in the order in which the Notice thereof may be received in the Office of the Accountant General at Calcutta. The accounts of this Loan will be closed on the 15th February next; and whenever it shall be paid off as provided below, if the whole Loan be not at once advertised for payment, but only part thereof, the numbers selected for first payment shall be those last on the register.

6. For the convenience of Proprietors of Notes of the 5 per Cent Transfer Loan who may be resident in Europe, the Honorable the Court of Directors have made arrangements, whereof they have given public notice in England, to provide that Notes of this Loan shall, at the option of such Proprietors, be registered in the Auditor's Office at the East India House in London, so as to allow of their being sold in England without previous reference and the employment of Agents to effect the transfer in India; when Notes may be so registered at the India House, the interest payable thereon will be issued in England only at the periods when the Bills for the same would become due, supposing the interest payable in India by the terms of the Notes to have been taken in Bills.

7. It is hereby declared and stipulated, that no part of the Transfer 5 per Cent. Loan opened by this Advertisement, shall be paid off before the 22d April 1854; and whenever it shall be redeemed, a previous notice of fifteen months shall be given by public Advertisement, the period of which shall expire on some date subsequent to that above stated, and not prior thereto. When payment shall be made of the whole or of any part of the Notes of this Loan, it shall be at the option of Proprietors to receive the principal sums due on their notes respectively, either in Cash at the General Treasury of Calcutta, or in Bills to be drawn in India on the Honorable the Court of Directors of the East India Company, payable at 12 months date, and at an exchange of 2s 1d for the Sica Rupee, the Court of Directors having the option, when the bills shall fall due, of postponing payment thereof for one, two or three years, paying interest at the rate of five per Cent. per annum for the period of such postponement. The notice of payment duly advertised as above and published in the Government Gazette of Calcutta, shall be considered as equivalent to a tender of Payment on the date advertised for discharge, and all interest will cease from that date.

8. The interest of the Promissory Notes of the 5 per Cent. Transfer Loan will be paid in Cash to Proprietors resident in India. But Proprietors resident in Europe may take the interest at their option in Cash, or in Bills of one year's date to be drawn on the Honorable Court of Directors at the exchange of 2s 1d. (Two Shillings and One Penny) for the Sica Rupee.

9. Proprietors residing within the Presidencies of Port St. George and Bombay, shall be entitled to receive interest at the exchange of One Hundred and Six and a half Madras or Bombay Rupees, for One Hundred Calcutta Sica Rupees, from the General Treasuries of those Presidencies respectively; but before the interest of any Note shall become payable at either of those Presidencies Notice shall be given to the Accountant General of the Bengal Presidency, and the Notes shall be brought or transmitted to that Officer, that the order for such payment may be inscribed on the face of the Note, after which the interest shall be payable only at the Treasury mentioned in the order; but if it be desired to change the Treasury of Payment, application may be made to the Accountant General of the Presidency where it may be payable, and this order may by him be cancelled.

10. The Accountant General of Bengal may, on the application of Proprietors, and for their convenience, make the interest on Notes of this Loan payable at any other Treasuries or issue under this Presidency by a similar order; but proprietors shall not be entitled to claim this accommodation, if the Accountant General should think proper to refuse it.

11. Notes of this Loan may be consolidated and divided in the usual manner; but if consolidated, they shall be so on the highest number.

12. The Certificates to be granted by the Sub-Treasurers of Bengal, Madras, and Bombay, upon surrender of Notes of the 5 per Cent. Loan of the 30th June 1852, for transfer into the 5 per Cent. Transfer Loan, shall be in the following form:

THIRD MADRAS LAUDABLE SOCIETY.

The Laudable Society is an Association for the purpose of providing a Fund for the Insurance of Lives, with this difference from ordinary Life Insurance Offices, that the Funds of the Society accumulate for the benefit of the insured, and not of the Insurers—it does not profess to insure any specific sum to the representatives of the Deceased, but merely their proportion of such sum as the accumulation of the subscription shall eventually yield.

Regulations of the Third Madras Laudable Society.

ARTICLE I.—The object of this Association is to provide a Fund for the Insurance of Lives. This Fund is to be partitioned into shares; and an individual may subscribe for a certain number of shares, either on his or her own Life, or on the Life of any other Individual. In the former case the general Estate of the deceased, or such person or persons as he or she may by will or assignment have appointed, shall benefit in the event of a lapse; in the latter, the person who may have subscribed on the life of the deceased, shall benefit to the extent of the shares subscribed for, unless, in either case, such shares be especially declared at the time of subscription to be for the benefit of any other person or persons, or be subsequently made over according to the form hereafter prescribed for the benefit of any other person or persons, in which case such person or persons shall be entitled to benefit in the event of a lapse, and no other.

ARTICLE 2.—In the case of a person subscribing on the life of another, the party subscribing, and not the party on whose life the subscription is made, shall be considered a member of the Society, and have a vote in the management of its concerns. Co-partners or other bodies of individual may hold one or more shares jointly on any given Life, either for their own benefit or for that of others, but in such case, the parties writing in the Subscriptions shall not be entitled each to a separate vote in the concerns of the Society, but must vote collectively, or by the deputation of one of their number, on all matters thereto relating.

ARTICLE 3.—The great principle of this Society is, the equal division of its accumulated funds among the parties entitled to benefit by lapse of Lives subscribed on, according to the number of shares which those parties pay respectively held.

ARTICLE 4.—The Third Laudable Society shall commence on the 1st January 1835, and shall close on the 31st December 1835, at Midnight.

ARTICLE 5.—Not more than Three Shares can be subscribed for, on any one Life, whether those shares be held by one or more individuals.

ARTICLE 6.—Persons shall be at liberty to subscribe for half quarter or eighth of shares either on their own lives or on the lives of others, and in case of lapse, the Estate of the deceased, or the parties for whose advantages the subscription is declared to be, or who may have become entitled to such advantages by Will or Assignment, shall benefit by the Funds in a like fractional proportion.

ARTICLE 7.—The following are the rates of Subscription to be paid half yearly on each share; half share, quarter share, and eighth of share, according to the Age of the parties whose Lives are subscribed on, at the time of admission into the Society, viz.

From the Age of	For a Whole Share.	For a Half Share.	For a Quarter Share.	For an Eighth Share.	Age.	For a Whole Share.	For a Half Share.	For a Quarter Share.	For an Eighth Share.

ARTICLE 8.—All persons entering the Society, between the 1st January and the 30th June, in the year 1835, shall pay on admission their full Subscription in advance for that year, or for the remaining part thereof, computing the same from the date of their becoming Members, until the 1st January 1836, and paying for any number of days less than a month, one whole month's subscription. The subsequent half yearly subscription shall be payable on the 1st of January and 1st of July in each year, commencing with the 1st of January, 1836.

ARTICLE 9.—All persons who may be admitted into the Society subsequent to the

ARTICLE 10.—Five persons residing in Madras, shall be nominated Directors of the Third Madras Laudable Society, whose business it will be to superintend and control the management of the Funds, to examine the accounts, to decide on all applications for admission, and generally to transact the current business of the Society. The concurrent opinion of three of the five Directors shall be decisive, on all matters relating to the concerns of the Society, not at variance with those fundamental Regulations which can be altered only by a majority of the Members residing in Madras. No question, however, shall be proposed to the members at large without the concurrence of a majority of the Directors. In case of the death or removal from Madras, of any of the Directors, another or others shall be chosen, by a majority of the Members of the Society then residing in Madras, or by a majority of such Members residing at Madras as may attend at a General Meeting to be convened for that purpose.

ARTICLE 11.—A Meeting of the Directors shall be convened half yearly, when a Statement of the accounts of the Society shall be laid before them by the Secretaries, and no account, which shall once have been submitted to, and passed by the Directors at such meeting, shall afterwards be called in question, unless for some Special and manifest Error to the amount of Five hundred Rupees or upwards.

Affidavit accordingly. In no case however is the party subscribing to have any claim
on the Funds of the Society, in the event of the life lapsing between the date of the
Certificate, and the date on which the Applicant may be admitted a Member, unless where
the Directors may at the instance of such Applicant, have originally permitted the sub-

shall at all times be in their discretion to do, on the arrears of subscription being paid
up. In the event however of a person dying between the dates of his Certificate and
Affidavit of Health and his admission, and the insurance of his life was not effected
from the date of the Certificate and Affidavit, the amount of premium paid for such
insurance shall be refunded.

or parties concerned to benefit by the Society, until the life subscribed on shall have
been approved by the Directors, the amount of the first Subscription and premium of
Admission paid and a Certificate of Admission granted under the Signature of the
Secretaries and any three of the Directors, agreeable to the form annexed to these
Regulations.—And if any Applicant shall omit to pay the amount of Subscription and

become due, shall be considered to have absolutely and entirely forfeited his share of
share.

for the whole unexpired period between the time of such payment, and the close of the
Society, or for any part thereof; and, in the event of lapse of the life subscribed on,
such Member or his representatives shall be entitled to receive back any part of the
subscription money so paid up, which would not have been due at the time of the
lapse taking place, forgoing, however, to the Society all interest which may have in-
termedially accrued thereon.

Article 21.—No subsequent increase of Shares on any Life shall be allowed, except
on a fresh application to be again approved of by the Directors, and accompanied by
a Certificate and Affidavit as above. The Subscriptions on the additional shares to be

Article 22.—A Member desiring to transfer his interest in any Share or Shares
which may be held in the Society, shall be at liberty to do so by an endorsement to be

the transfer duly registered by them in a General Book of Registry to be kept in the
Office of the Society.

the interest only shall be made payable to the Secretaries and Treasurers.

Article 24.—The persons or persons entitled to benefit by the lapse of a life in the
Society, shall, on making application to the Secretaries in writing, accompanied by such
proofs of the validity as may be satisfactory to a majority of the Directors, immediately

on each Half share, four Hundred Rupees on each Quarter share, or two Hundred and
Fifty Rupees on each Eighth of a share, which he or they may have held, or be entitled
to, on the lapse of life; provided, that in the opinion of the Directors, the state of the
Funds of the Society was not such as to require a large payment being made. Should the Direc-
tors think, however, that the Funds will not allow of an immediate payment to this
amount, then such sum only shall be advanced as they may deem proper; and the
balance of the prescribed advance shall be paid so soon as the Directors shall be of
opinion that the Funds will amply admit of it.

Article 25.—At the expiration of the Society on the 31st December 1837, it is pro-
posed, that a New Society, but subject to such further alterations as experience may
suggest, shall be immediately instituted, into which Society all Members then holding
shares on unexpired Lives in the Second Madras Laudable Society shall be at liberty
to transfer those shares without any renewed certificate of health, in consideration of
a sum of money to be paid to such new Society out of the Funds of the Third Madras
Laudable Society. To entitle Members of the Third Laudable Society to transfer the
shares held by them into the ensuing or Fourth Laudable Society, no regular form of
Application shall be necessary; but a Certificate of Admission into the new Society
shall be immediately issued to them on the simple payment of the usual first year's
Subscription in advance, subject however to the established penalty of two per cent, in
the event of the payment being delayed beyond the term of one month from the
commencement of the new Society, and to the entire forfeiture of the privilege of
transfer (excepting on a new application to the Directors, accompanied by the regular
certificate of health, &c.) if not made good within the second month from that
period. The rates of Subscription for Members transferring their shares from the
Third to the Fourth Laudable Society shall be according to the respective Ages of the
parties on whose Lives the shares are held, on the 1st of January, 1838.

Article 26.—It is proposed to render the Institution of the Laudable Society per-
manent by establishing a New Society in succession to each Society as it expires, and
arranging the transfer of the shares agreeable to the above principle.

Article 27.—Upon the transfer to the Fourth Laudable Society of any share or
shares in the Third Laudable Society which may stand assigned by endorsement or
otherwise for the benefit of any other person or persons than the person or persons origi-
nally interested therein, or upon any subsequent transfer of any share or shares so
assigned from the third or any succeeding Society to the Society next ensuing, such
share or shares shall continue in all respects subject to the law of the assignee and shall
be declared to stand for the benefit of such assignee in the Certificate of Admission to
be issued from the new Society.

Article 28.—Within one month and fifteen days after the 31st December, 1837, the
accounts of the Second Laudable Society shall be made up, and the balance of Funds
actually on hand, after deducting the payment of 10 per cent, to the new Society, shall
be divided by the number of shares held on lives subscribed upon in this Society which
may have lapsed between its commencement and its close as may be ascertained pre-
viously to the 15th day of February 1838—and the parties entitled to benefit, by such
lapses, shall each receive his or their proportions of the said Funds according to the
numbers of Shares respectively held by them on the several lapsed Lives—the holders
of half, quarter or eighth of shares, dividing accordingly to those fractional proportions.

Article 29.—With respect to any lapses of Lives in this Society which may not be
ascertained on or prior to the 15th February 1838, such lapses shall be at the risk of the
next ensuing Laudable Society, and the Dividends, to which the parties claiming to
benefit by such lapses may be entitled, shall be paid out of the Funds, and agreeably to
the Regulations of the said ensuing Society, on the said lapses being ascertained. But it
is hereby expressly provided, with respect to any lapses which may have occurred at any
place to the Eastward of the Cape of Good Hope, that notice of such lapses accompanied
by satisfactory proof of the same must be given to the Secretaries to the Third Laudable
Society within one year from the expiration of the Second Society, on the 31st Decem-
ber, 1837, or within two years, if the lapses have occurred in Europe or elsewhere be-
yond the Cape of Good Hope; and that in the event of the party or parties interested
neglecting to prefer his or their claim on account of any such lapses within the period
here described, he or they shall entirely forfeit all right and title to any benefit what-
ever, by reason of such lapses from the Funds of the Fourth or any succeeding Society.

ARTICLE 30.—Any misstatement in the Affidavit of Health makes the policy void, as does suicide in cases when a person effects an insurance on his own life, but not so in the case of Creditors effecting an insurance on the lives of their Debtors.

The Honorable the Vice President in Council is pleased to direct, that the following Parns. (3 to 5) of a Military Letter from the Honorable the Court of Directors, No. 97, dated the 6th November 1833, the provisions of which are applicable to the Three Presidencies, be published in General Orders.

Extract of Letter from the Honorable the Court of Directors.

PUBLIC DEPARTMENT, June 17, 1834.

Para. 1. Several instances have recently occurred in which we have been subjected to very heavy charges for the postage of Letters and Memorials addressed to the Chairman and Deputy Chairman and Individual Members of the Court by our servants in India and others.

2. Having constituted our local Governments the only legitimate medium of communication between our servants abroad and the Home Authorities and considering it indispensable to adhere to this wholesome Regulation, which, whilst it secures our Officers against any prejudicial delay in the transmission of their Memorials, enables our Governments at the same time to furnish us with full information together with their remarks and opinion on each case, we decide it to be notified to the Service at large that any departure from the Rule will meet without disapprobation, and that in every instance which may occur after this notice, we shall call upon the respective parties for reimbursement of the expenses to which we shall have been thus unnecessarily and uselessly subjected.
