Throughout this month the South or alongshore wind with very unequal force prevails; it is accompanied with a profuse dampness and sultriness, which renders its effects highly prejudicial to health and comfort; on this account the sea breeze which sets in at noon and blows till 10 P. M. is less courted than at other seasons; the sky is however beautifully clear for about twenty-seven days, the remaining four being cloudy; dew less frequently occurs, and is less in quantity than last month; rain and lightning are little known.

The hottest time of the day is at 0h. 30m. P. M.; the coldest at 5h. 0m. A. M.

The remarks of last month relative to the wind are equally applicable to this ; the S. wind varying from S. E. to S. W. still continues, at times blowing very fresh, but occasionally calms ensue, which are exceedingly oppressive. The weather is clear for about twenty-four days, with four days of flying clouds or haze, and two of clouds, on one of which rain falls ; lightning occurs for two days. Due is very little in quantity and of unfrequent occurrence.

The hottest time of the day is about noon ; the coldest at 4h. 50m. A. M.

The South wind which is mentioned as peculiar to the two last months, continues till the middle of this month, relieved sometimes by a land wind from the W. or S. W.; in this interval gales of wind of extreme violence have occasionally been experienced, commencing their career generally at the N. W. and veering to every point of the compass; about the 16th, the regular land or hot winds set in, which are moderated in their effect towards the end of the month by occasional showers. The sea breeze sets in about noon and blows till 9 or 10 P. M. There are about nineteen days of clear weather, eight of flying clouds and haze, and four cloudy days, on two or three of which there is rain; the dew is almost imperceptible, and lightning with thunder occur about four times.

The hottest time of the day is at 1H. 20M. A. M.; the coldest at 4H. 20M. A. M.

* In this statement the rain which fell during three gales of wind has been omitted; on the 2d May 1811 during the gale which then blew there fell 5.5 Inches; on the 8th, 9th and 10th May 1820, 16.54 Inches; and on the 7th, 8th, and 9th May 1827, 23.30 Inches.

Throughout the month light and variable winds with occasional calms continue, and with the exception that the weather is not quite so much clouded, the remarks of last month apply with equal propriety to this. Lightning occurs almost every evening, but accompanied by thunder three times only. The sea breeze sets in about 2 or 3 P. M. and blows till 8 or 10 A. M. but occasionally fails for two or three days together; dew is common but small in quantity.

The hottest time of the day is at 2*h*. P. M.; the coldest at 4*h*. 20*m*. A. M.

The clouds now begin to assume a more dense appearance than heretofore calms lightning and rain, are very frequent till the 9th, when the N. E. Monsoon or rainy season sets in ; from this time till the end of the month, the atmosphere assumes a very disturbed appearance ; extremely heavy rain with storms of wind, thunder and lightning invariably occur, and gales of wind of a similar nature to those which occur in the earlier part of the year are sometimes experienced ; on these occasions a depression of the Barometer of, 4 or, 5 tenths of an Inch is observed. The sea breeze or rather a slight modification of the N. E. wind is perceived towards the middle of the day.

The hottest time of the day is at 1 P. M. ; the coldest at 4*h*. 50*m*. A. M.

The N. E. Monsoon continues with unabated force, and the state of the weather generally is much the same as that experienced towards the end of last month, save that an increased dampness of the air and the less frequent occurrence of lightning render a distinction necessary. The number of clear and cloudy days in this, as well as last month, is liable to great uncertainty.

The remarks relative to the sea breeze of last month apply equally to this.

The hottest time of the day is at 0*h*. 23*m*. P. M.; the coldest at 5*h*. 40*m*. A. M.

The heavy rains and violent gusts of wind are much moderated at the beginning of the month, and arrive at their close about the 15th; from this time the sky assumes an appearance of tranquillity and clearness which forms a strong contrast with the disturbed state of the preceding month; the N. E. wind however continues throughout the month without interruption; there are about thirteen clear days, eleven cloudy, and seven days of flying clouds and haze; of these there are six days on which rain falls. The mornings exhibit a copious deposition of dew and sometimes a ground fog which does not reach more than two or three feet above the surface. The sea breeze sets in at 10 A. M. and blows till 4 P. M.

The hottest time of the day is at 0H. 50M. P. M.; the coldest at 2H. 50M. A. M.

Under the degree of Latitude of the given place and opposite to the day of the month, on the *left hand side*, will be found the time of the Sun's *rising*, and on the *right hand side* the time of *setting*. In consequence of Refraction which causes the heavenly bodies when in the horizon to appear elevated about 31 Min. above their true places, the *observed* time of the sun *rising* will happen about two minutes *earlier*, and the time of *setting* the same quantity *later* than that which is here given.

EXTRACT from an ADVERTISEMENT, dated 13*th December* 1803.

"With a view of affording additional security to the Proprietors of Lands and Houses in Madras, and as a means of preventing clandestine transfers and mortgages of property; His Lordship in Council has been pleased to direct a register to be opened at the Cutcherry of the Collector of Madras, where all persons who purchase property or lend money on mortgages of property may Register their purchase or mortgage deeds.

REGULATIONS FOR THE *GRANT OF ABSENTEE ALLOWANCE,*

TO CIVIL SERVANTS WHEN IN EUROPE.

FORT ST. GEORGE, *November* 6, 1832.

The Right Honorable the Governor in Council is pleased to authorize the publication of the following rules and orders relative to the grant of Absentee Allowances to Civil Servants of this Presidency.

Extract from a Letter from the Honorable the Court of Directors, dated 31st December 1824.

19. "That after an actual residence in India in the Civil Service of ten years or upwards a Covenanted Civil Servant of the Company, upon either of the Establishments of Bengal, Madras or Bombay, shall be entitled, whether on account of ill health or from any other cause, and without reference to his private fortune, to come once to Europe on leave for three years, and to receive for that period from the Company's Cash an allowance of £500 per annum, provided that in no case shall a greater number of Servants come Home under this Regulation annually than seventeen from Bengal, nine from Madras, and six from Bombay, nor shall a larger number of Servants who may have come Home under this Regulation be absent in the whole at one time than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay, and that the preference shall be given first to Servants, producing Medical Certificates upon oath that a visit to Europe is indispensably necessary for the restoration of health, and then to Servants in their order of Seniority according to the rank assigned to them by the Court of Directors in the Gradation List of the Service."

20. "That in cases of Civil Servants compelled by illness, certified upon oath, to come to Europe previous to their completion of an actual residence in the Civil Service of ten years, such Covenanted Servants shall each be presented with the sum of 2,000 Sicca Rupees as Passage-Money and shall be entitled for a period not exceeding three years to an Allowance from the Company's Cash £250 per annum; but that Servants having received this indulgence shall not in the event of their again coming to Europe after having completed a residence of ten years or upwards be entitled to any Allowance under the first Regulation except their return be again occasioned by illness to be in like manner certified upon oath, and then only to the difference between what they have before drawn, in the shape of Absentee Allowance exclusive of Passage Money and that of £500 per annum for three years.

21. "That Servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing Regulations.

22. "That in all cases, as well in those of Servants coming in the first instance to the Cape, as well as those coming direct from India, the said Allowances be considered as commencing from the date of leaving India and terminating at the expiration of three years from that date or at the time of arrival in India whichever may first happen.

23. "That the same be paid half yearly in Europe.

24. "That on no account or plea whatsoever the allowances in question be extended beyond the period of three years; and

25. "That any Servant being in the receipt of Absentee Allowances, from a Civil Fund shall not be entitled to receive during the same period of absence the Allowances prescribed by these Regulations beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited."

Orders of Government, dated 8th July 1825 and 26th August 1828.

In pursuance of the Honorable Court's instructions, the Governor in Council is prepared to grant the benefit of these Regulations to such Civil Servants as may produce the prescribed Medical Certificate as the cases may arise; every Civil Servant so applying, must obtain a Certificate in duplicate from the Trustees of the Civil Fund notifying either that he will receive no allowance from the Fund during his absence from Europe, or, if he is to receive any, the nature and extent of such relief; one copy of which Certificate must be submitted with his application to Government; the other, upon his arrival in London, must be produced before the Auditor of East India Accounts.

Civil Servants desirous to avail themselves of these Regulations and not producing the prescribed Medical Certificate, are hereby required to make known their desire to Government on or before the 1st December of each year, when the indulgence will be granted in order of rank to such extent as the foregoing Regulations and circumstances shall permit.

Every Civil Servant proceeding to Europe under these Regulations whether on sick certificate or otherwise, before receiving his Passage order must have applied for and received from the Secretary to Government in the Public Department a Certificate specifying the grant of the permission and whether granted upon sick certificate or on account of private affairs; also specifying as nearly as possible the date of embarkation for Europe, which Certificate, upon his arrival in London, must be produced before the Auditor of India Accounts.

Order of Government, dated 4th November 1825.

The Governor in Council has been pleased to resolve, that in lieu of the medical certificate upon oath prescribed in Paragraphs 19 and 20 of the Regulations of the Honorable Court of Directors for the grant of Absentee Allowance circulated to the Civil Service under date the 8th July last, one of the following forms of medical certificate shall hereafter be adopted, according to the nature of the case; the same to be always signed by the medical officer who has last regularly attended the Invalid, and countersigned by the Superintending Surgeon of the District or other superior Medical authority:

FORMS No. 1.

I do hereby certify that A. B. is in a bad state of health; and that I think it highly advisable for him to return to Europe.

Station and Date.

(Signed) C. D.
Surgeon or Assistant Surgeon.

(Signed) E. F.
Superintending Surgeon.

No. 2.

I do hereby certify that A. B. is in a very bad state of health; and that I think an immediate return to Europe is necessary for his recovery.

Signed and Countersigned as above.

No. 3.

I do hereby certify that A. B. is in an extremely bad state of health, and that I think an immediate return to Europe is absolutely necessary for his recovery.

Signed and Countersigned as above.

Extract from a Letter from the Honorable Court of Directors in the Public Department, dated 26th April 1826.

3. In your Despatch in this Department dated the 6th of September 1825, Paras. 6 and 7, you have brought to our notice two questions raised in respect of the Regulations framed by us for granting Absentee Allowance to Civil Servants when in Europe.

4. The first of these questions is

"Whether it is competent for a Civil Servant who may have completed "a residence of ten years to proceed to England and there await his turn to "the indulgence of the Honorable Court; having previously notified to Go"vernment his desire to avail himself of the liberality of the Honorable "Court upon the first occasion on which it should be open to him.

5. This question we answer in the negative. In framing the Regulations, it was our object, that whilst each Civil Servant might be enabled once in the course of his service to have the benefit of the Absentee Allowance, the number annually returning to England with that view should be limited, an object which would be defeated if Civil Servants were allowed to come home and wait their turn in England.

6. The other question is "Whether the ten years actual residence in "India is to be considered to embrace the period passed at Hertford Col"lege," to which we reply that such is not the intention. We mean the regulation to be construed in the sense which it expresses, "actual residence in India."

Extract from a General Letter from the Honorable the Court of Directors in the Public Department, dated the 25th July 1827.

Para. 3. "Previous to the enactment, 53d Geo. 3, Cap. 155, it was our practice to forward to you Lists of the relative rank of Writers appointed from time to time to your establishment. Under the authority of that enactment Regulations were framed for the government of our College of Haileybury one of which provided that the relative rank of Writers should be fixed by the College Council, and specified in the College Certificate, subject however to loss of such rank in the event of the Writers failing to proceed to India within a specified time. Lists of the ranks of Writers under this Regulation are now periodically forwarded to you.

4. The offers of the Absentee Allowance are to be made in the order in which Civil Servants have been, or may be, classed under the Rules to which we have adverted, to such of the Servants as shall have actually resided in India in the Civil Service of your Establishment during a period of not less than ten years, commencing from the date of arrival at Madras.

6. On reference to our Letter dated the 26th of April 1826, Para. 5, you will perceive that it is not competent for a Civil Servant, having completed a residence of ten years, to come to England and there wait his turn for the Absentee Allowance. That Allowance is to be granted in each case by the local Government under the Regulations which we have prescribed, and no Civil Servant will be permitted to draw Absentee Allowance in England who shall not, previously to his quitting India, have been admitted to that benefit by the Government of the Presidency to which he may belong.

7. So soon as the aggregate number of Civil Servants absent, and who shall have come Home upon the Absentee Allowance of £500 per annum, shall amount to twenty-seven, the same indulgence is only to be granted as Servants included in that number may either return or quit the Service; so that the total number of Absentees having left Madras upon the allowances of £500 per annum is never to exceed the limit of twenty-seven fixed by our orders dated the 30th December 1824.

Extract from a Letter from the Honorable Court of Directors in the Public Department, dated 5th December 1827.

Letter from —— dated 16th October 1826.

Paras. 2 & 6. Submit question, whether the Regulation which precludes a Civil Servant from simultaneously receiving Absentee Allowance from the Company and from the Civil Fund is to be constituted as barring the receipt of any sum from the Civil Fund in aid of the expense of Passage to Europe.

2. The receipt of Absentee Allowance from the Company must bar the receipt of any Allowance in any shape from the Civil Fund.

Letter from —— dated 30th March 1827.

Paras. 71 and 72, Court requested to reconsider their decision upon the question of permitting a Civil Servant to come to Europe in anticipation of being admitted to the Absentee Regulations.

4. We shall not object to the advance to a Servant coming Home under the Absentee Regulations and not entitled to Passage Money, of six Months allowance in cases in which you may be satisfied that that indulgence is required to enable the party to provide a passage.

7. We adhere to the determination communicated to you in our despatch dated the 26th April 1826, Para. 5. No servant will hereafter receive the Absentee Allowance who shall not have been admitted by the local Government to the benefit of the Regulations previously to leaving India, excepting only such Servants as may have been compelled by ill health to quit India on a voyage to some place within the limits of the Company's Charter or to the Cape of Good Hope and as may have been subsequently compelled by the same cause to come to Europe. In such cases where the Servant has resided more than ten years in India the benefit will of course be withheld whenever the number of Absentees limited by the Regulations is complete.

Order of Government, dated 18th November 1828.

The Right Honorable the Governor in Council has been pleased to resolve that all persons who may be permitted to proceed to Europe, with the benefit of the Absentee Allowance, shall vacate their situations and avail themselves of the indulgence within three months from the date on which it may be granted.

Extract from a letter from the Honorable Court of Directors in the Public Department, dated 6th May 1829.

Civil Servants who decline to subscribe to the new Annuity Fund are not admissable to the benefit of the Absentee Regulations.

Chief Secretary's Office:—Fort St. George, *January* 3, 1832.

In order to prevent embarrassment at the time of sailing, Gentlemen of the Civil Service quitting India are requested to observe that applications for permission to be received on board must be accompanied by a Certificate from the Office of the Accountant General that there are no demands against the applicant on the Books of this Presidency. Commanders of Vessels removing persons from India without permission are liable to heavy penalty.

THE MERIT FOSTERING MINUTE.

Fort St. George, *February* 22, 1834.

The Right Honorable the Governor in Council is pleased to direct that the annexed Order of the Supreme Government, dated 28th January 1834, with requisite alterations in reference to the different denominations of Officers at this Presidency, be declared applicable to Covenanted Servants of this Government in the Judicial and Revenue Departments.

The Right Honorable the Governor in Council is pleased to determine that no Officer, whatever his standing in relation to a vacant situation, will be appointed to succeed to it, unless he be considered by Government properly qualified to do justice to the trust about to be confided to him; and that, in the event of any deficiency in the requisite qualifications, he, as well as all others in the same predicament will be passed over in favor of any junior on the gradation list competent to discharge the functions of the office with real efficiency.

With a view to afford to Government the necessary information in regard to the official character and merits of every Officer employed, the Governor in Council is pleased to direct, that every Officer, Court or Board to whom Covenanted Officers are placed in subordination, shall publicly report half yearly, on the 1st January and the 1st July, upon their official qualifications and conduct. The reports of the Civil and Criminal Judges and Magistrates upon the Officers subordinate to them respectively, shall be forwarded to the Provincial Courts, and by them with their own comments thereon, and a corresponding statement with respect to all the Civil and Criminal Judges, Assistant Judges and Joint Criminal Judges, and Magistrates under their Jurisdiction, to the Sudr and Foujdary Adawlut. The reports of the Collectors upon their subordinates shall be forwarded to the Board of Revenue. The Sudr and Foujdary Adawlut and the Board of Revenue respectively, shall review the whole of these returns, and submit them to Government with a declaration of their own opinions in confirmation of, or dissent from those expressed by the Provincial Courts, Civil and Criminal Judges, Magistrates, and Collectors respectively. The Sudr and Foujdary Adawlut shall likewise report upon the qualifications and conduct of the Judges of the Provincial Courts of Appeal and Circuit for the information of Government.

These reports should present, in regard to each individual, a statement of his general qualifications for the public service, with distinct reference to his temper, discretion, patience, habits of application to public business, and attendance at office, his knowledge of the native languages, and pre-eminently his disposition and behaviour towards the people, high and low, with whom he is brought into official contact.

The controlling Officers will of course be held responsible for the effects of the misconduct of the Covenanted Subordinate Officers which they may fail to report; and it must be remembered by the controlling Officers, that if it shall sometimes be their ungrateful duty to allege incapacity or misconduct on the part of an inferior, they thereby perform a most acceptable service to the people, over whom such an incompetent or unworthy functionary is placed; and that they will also enjoy the opportunity of recording the meritorious qualities of those who are really worthy of such commendation, and of thus supplying the Government with data for the just and beneficial allotment of official rewards.

FORT ST. GEORGE, *October* 8, 1836.

The Right Honorable the Governor in Council is pleased to resolve, that the following Rules for granting Furloughs be adopted at this Presidency.

First. A furlough granted to a Civil Servant, whether under a sick certificate, or otherwise, in conformity with the Rules of the Honorable Court's dispatch dated 31st December 1824, and communicated to the Service on the 8th July 1825, shall be considered to have lapsed on the occurrence of any of the following events.

1st. On the death of the party in the course of three years from the date of his leaving the Presidency.

2d. On his retirement from the Service by acceptance of an annuity granted under the rules of the Madras Annuity Fund.

3d. On return to India before the expiration of three years.

4th. On the expiration of three years from the date when the ship sailed in which the party proceeded to Europe.

Second. Civil Servants will be entitled to proceed to Europe on furlough on sick certificate at any time of the year, provided there shall not be at the period of their applying for the certificate, 27 individuals in the enjoyment of the furlough.

Third. On the 1st December next ensuing, and on every subsequent 1st December, the number of furloughs to be tendered to Civil Servants of 10 years standing, and not claiming the indulgence on the ground of ill health, shall be calculated as follows:

Complement of 27 furloughs as on the 1st December 1835.

Complement		27
Already taken		18
Total available on the 1st December 1835		9
Deduct taken within the year up to this day:		
On sick certificate	2	
Without certificate	3	
Total taken in the year		5
Remain available for 1st December 1836		4
Add lapses since last 1st December:		
Retired on Pension	1	
Absent more than 3 years	2	
Deaths	1	
Returned to India	3	
		7
Total available to meet present applications		11

Fourth. If the applications received by Government before the 1st December of any year should not equal in number the available furloughs, calculated as above, the same may lie over to be taken by Servants, either on sick certificate or otherwise, at any time of the year following, until the number shall be complete—when it may be so, further certificates on account of lapsing furloughs shall not be granted, except on the applications being accompanied by sick certificates, the lapses in the course of the year being reserved to meet the demand of the Service according to the principle laid down by the Honorable Court of Directors, that is, with the due preference to cases of sickness, and to seniority.

Published by order of the Right Honorable the Governor in Council.

A. I. CHERRY,
Acting Secretary to Government.

CHAPLAINS.

FORT ST. GEORGE, *November* 2, 1832.

The Right Honorable the Governor in Council is pleased to direct that the following revised rules for the guidance of Chaplains in their official duties, be published for general information.

1. Every Chaplain shall report his arrival to the Secretary to Government in the General Department, as well as to the Chief Ecclesiastical Authority at the Presidency.

2. The Archdeacon, having received his name and academical degree, his letters of orders, his nomination or appointment, and such other testimonials as he may have, will then appoint a day for the Chaplain to attend to make

the usual subscriptions and take the necessary oaths previous to his being licensed.

3. Every Chaplain must report his arrival at his station to the Civil Auditor, and to the Archdeacon, and also to the chief Civil or Military Authority of the station, as the case may be.

4. The Bishop's (or Commissary's) license is to be read by the Chaplain (together with a declaration of conformity to the Liturgy of the Church of England) immediately after the 2d lesson in the morning service, on the 1st Sunday after his arrival at his station, a certificate of which, signed by two or more of the persons present, is to be forwarded to the Registrar of the Archdeaconry.

5. Every Chaplain shall read divine service every Sunday morning to the Europeans Civil and Military, residing in the Garrison to which he is appointed, when the whole of the morning prayer is to be read, and a sermon to be preached. The evening service, with a sermon, shall also be read whenever suitable provision can be made for that purpose.

6. The Chaplain is to apply to the Commanding Officer, or the chief Civilian in authority, to allot any convenient room which can be spared, for the purpose of divine worship, should no regular Church be established at the Station or Garrison, to which a Chaplain is appointed; and if no such building or room can be spared, he is to apply to the Commanding Officer requesting that a range of Tents may be pitched for this express purpose every Sunday morning.

7. Should the Clergyman receive any hindrance in the discharge of his duty; should the Europeans not attend divine service, or shops be opened on the Sabbath day, the Clergyman is to make the same known, (according as the case may be of a civil or a military nature,) to the Commanding Officer or Senior Civil Servant in writing; and request his interference to prevent such irregularity in future; and, in the event of such complaint not being duly noticed by the Commanding Officer or Senior Civil Servant, he is to forward a copy of his complaint to the Archdeacon, to be laid before the Right Honorable the Governor in Council.

8. If from indisposition or other causes, divine service should not be performed by the Clergyman at the appointed times, a letter is to be addressed to the Archdeacon accounting for the omission.

9. The practice of baptizing in private houses is to be avoided by the Chaplain as much as possible, and the Clergyman is to attend at the place appointed for divine service on some fixed day and hour in each week, for the purpose of baptizing Soldiers' children; however, this is not to be considered as authorizing the Clergyman to decline attending *at any time or place* to administer private baptism to such Infants as may be in a weak, or precarious state of health.

10. Clergymen having obtained the Right Honorable the Governor's permission to marry those in the higher ranks of life, and that of the chief Civil or Military Officer on the spot, to marry those in the inferior orders, are to direct the attendance of the parties at the Church or place allotted for divine service in *canonical hours*; and at such time and place, the marriage ceremony is to be performed, except in cases of emergency and in all such cases, the cause for deviating from this Regulation is to be noted on the back of the marriage certificate forwarded to the Archdeacon.

11. In all cases in which a License is not obtained, the publication of banns must be considered as indispensably necessary. The prohibition of a clergyman of the Church of England from marrying without either Banns or License does not depend upon the marriage act, but upon the 62d canon of the Church.

12. The permission to marry granted by Commanding Officers to Privates under their command, as connected with the military discipline, shall

be required as heretofore in such cases, previous to the publication of banns; but such permission cannot be admitted as superceding the necessity of publishing banns, or as justifying the Chaplain in performing the marriage ceremony without such publication, in any case where a License from the Right Honorable the Governor is not obtained.

13. The publication of such banns must be regularly entered in a register for that purpose, in the following form: The Banns of marriage between A. and B. were published for the 1st (2d or 3d) time in this Chapel (or at this Station) on Sunday the day of in the year of Our Lord

14. Funerals are to be appointed either at ½ past 6 in the morning or 5½ o'clock in the afternoon, except during the hot weather, when they shall be at ½ before six in the morning and the same hour in the evening; and the Clergyman is to attend at the latter time if he receives notice of a funeral *before* 3 o'clock P. M., but if the notice arrives after that hour the interment is to take place on the *morning following*: cases however may occur, which may require a deviation from this general rule.

15. Attention is to be paid by Clergymen to those seasons set apart for the fasts, festivals and other solemnities appointed by the Church, and they are particularly to use their influence in preventing public amusements in the holy week (commonly called Passion Week.)

16. It is a bounden duty of every Clergyman to make frequent visits to the sick Europeans in the hospital, to pray by those who wish for such consolation in their last moments, and (where it may seem proper) to administer the sacrament of the Lord's Supper.

17. All entries in the Registers of Baptisms, Marriages and Funerals are to be made by the officiating Minister in his own hand, and on the day when the office is performed.

18. All marriage certificates of Europeans, being Soldiers, or persons employed in the Military Department, under the rank of Commissioned Officer, shall specify distinctly the birth of the female, whether European, Indo-Briton, Natives, &c.

19. Attested copies of the Registers of Baptisms, Marriages and Funerals, must be transmitted regularly every half year, to the Registrar of the Archdeaconry, viz. up to the 31st May and the 30th November in each year.

20. The Chaplain of every station where any of His Majesty's Regiments, are stationed, must forward to the Registrar of the Archdeaconry for transmission to the Chaplain General's Office, half yearly and for any broken period that may occur previous to his leaving the station on which he is employed, a copy duly signed by himself and by the Officer in command of the station, of the Regimental Registers of Marriages and Baptisms now kept in conformity with the general regulations on this subject.

21. The size of Monuments hereafter to be erected in the burial ground of any out-station, shall be limited to seven feet in length by three and a half in breadth.

22. All communications from the Clergy are to be addressed to Government through the Archdeacon in order that he may make such remarks thereon as he may think proper.

23. A Chaplain, when directed to visit the out-stations of his district periodically, is permitted to draw a travelling allowance at the rate of 200 Rupees per mensem, to be calculated at the rate of one day's allowance for every ten miles, allowing for a halt on the 7th day; provided however, that the allowance drawn on this account shall in no case exceed 200 rupees per mensem. The documents required in support of the travelling expences of Chaplains will be—1st, the order or authority of the Venerable the Arch-

deacon for proceeding on their periodical visitations : and 2dly, their own declaration on honour that the journey so authorized has been performed.

24. A Chaplain attached to a Military station on applying for leave of absence must state that the Officer Commanding concurs in the measure, but the application must in every case be made thro' the Archdeacon to the Government.

25. No Clergyman appointed to officiate as a Chaplain to any particular station, shall on leave of absence, from that station or otherwise, indirectly take upon himself the professional duties belonging to a clergyman of a different station, while such Chaplain resides on the spot or is near enough to be communicated with (as occasion may require), and is capable of performing such duties, unless his consent be previously obtained.

26. Any Chaplain who may be absent from his station without leave, shall be considered to have forfeited the whole of his allowance for the period of his unauthorized absence, unless the penalty be expressly remitted by Government ; and any Chaplain exceeding his leave, shall be held by the Civil Auditor to be absent without permission for the time of such excess.

27. Any Chaplain leaving his station, whether with or without the orders of Government, shall be bound to report the circumstance to the Civil Auditor.

28. Any Chaplain who may be removed from his station to another, shall in like manner report to the Civil Auditor, the dates of his departure from the one and of his arrival at the other, and the Civil Auditor is restricted from passing the Bill of any Chaplain appointed to a new station for the allowances belonging to such station (without the special orders of Government) until he shall have received a report of his arrival at the place of his appointment.

29. Leave of absence, when solicited for the purpose of visiting any place on the continent of India, shall not be granted for a longer period than six months, but will be extended at the discretion of Government, on due and sufficient cause being shewn.

30. Any Chaplain desiring to visit the Presidency with the intention of making a voyage to sea, for the benefit of his health, or otherwise, shall be required distinctly to specify, in his application the period of leave necessary for the first purpose, at the expiration of which renewed leave shall be given, for periods not exceeding one month, until he finally avails himself of the further permission to quit the Presidency, on which occasion the vessel on which he embarks must be duly reported.

31. Any Chaplain arriving at the Presidency, whether from the interior of the country or from abroad, shall report his arrival to the Secretary to Government, in the General Department, as well as the Chief Ecclesiastical authority at the Presidency.

32. Any Chaplain returning to the Presidency after having made a sea-voyage, for the recovery of his health, or otherwise, shall unless (the contrary is specially sanctioned by Government) be required to rejoin his station within the time that may be prescribed for travelling to the station to which he stands appointed.

33. One day will be allowed for every ten miles of distance as recorded in the Office of the Quarter Master General, a week being given over and above this allowance for preparation for the journey. If under special circumstances a longer period shall be found necessary, and application may be made to Government for an increased allowance of time or leave of absence for the excess.

34. Chaplains absent from their station with the leave of Government, whether on account of sickness, or of their private affairs, for a period not exceeding one month in the year, shall not be subject to any deduction, from their allowances.

35. Chaplains absent from their station on account of private affairs for a continuous period exceeding one month in the year, shall forfeit 1-3d of their allowance during the whole time of their absence.

36. Chaplains absent from their stations on certificate of ill health for a continuous period exceeding one month in the year, if within the limits of the Presidency, shall forfeit 1-6th of their allowances during the whole time of their absence ; Chaplains proceeding to Sea, or beyond the limits of the Presidency on certificates of ill health for a continuous period exceeding one month in the year, shall forfeit 1-8th of their allowances for one year and 1-6th for the next six months of their absence.

37. Chaplains absent from their station, whether on account of sickness or private affairs, for a period exceeding 18 months, shall forfeit their appointment, and thereafter receive only an allowance of 244 Rupees per mensem, until they obtain a new appointment.

38. A Chaplain officiating for an absentee will receive the allowances stopped from the absentee, when the stoppage does not exceed 200 rupees per mensem ; but in all cases when the deductions exceed that sum, the surplus will be credited to the account of civil charges.

39. All applications for change of station must be made direct to the Right Honorable the Governor, or his Private Secretary.

40. The Chaplains are amenable to the Ecclesiastical tribunals for such offences only as would render the Clergy of the Established Church amenable to the Ecclesiastical tribunals in England, and for all other offences they are liable to be tried as all other Europeans in India are, by the ordinary tribunals of the country. If however, the offence should be committed out of the jurisdiction of the ordinary court, and in places where the rest of the community are subject to Military law, in such a case, and in such a case alone, they are subject also to Military law, for all offences of temporal cognizance.

41. On leaving the Archdeaconry, it is the duty of every Chaplain to apply to the Archdeacon for testimonials under the Episcopal Seal. If testimonials are also obtained from two Clergymen in the Archdeaconry, they should be countersigned by the Archdeaconry.

19. Government bearers are established on the great Western and Southern Roads from Madras—on the former, as far as Naickenarry, where they join those established by His Highness the Rajah of Mysore—on the latter as far as Sheeally, on route to Trichinopoly. Government bearers are also established from Trichinopoly to Ootacamund.—The several stations on the respective roads are enumerated in the margin.

20. Two* sets are established at each station, each set consisting of 12 bearers, one massaulje, and one cowry cooly. These sets must not, on any account whatever, be taken off the main road.

21. Applications for these bearers, at the Presidency, are to be preferred to the Superintendent of Police. At Out stations such applications are to be preferred to the Collector, or Assistant Collector, or nearest Police Officer. It is desirable that whenever practicable, at least two days notice should be given.

22. The charge for government bearers is eight annas per mile. This sum includes all charges, except a gratuity of half a rupee per set, which it is expected will not be withheld, except in cases of misconduct on the part of the bearers, to be noted on the certificate.

23. Applications for government bearers must be accompanied by payment in advance for the entire distance, at eight annas per mile, otherwise they will not be attended to.

24. Travellers, whether proceeding from the Presidency, or from Out-stations, are provided with an order for the bearers, bearing the official signature of the authority to whom application has been made. To this order is attached a blank certificate, vide Form A, in which they are requested particularly to enter the date of departure and arrival, and also to note any cause of dissatisfaction they may meet with on their journey, and the places where they may meet with obstructions or irregularities on the part of the bearers, or subordinate public servants. On the termination of the dawk, this form is to be delivered, if at the Presidency, to the Superintendent of Police; if at an Out-station, to the Collector of the district, by whom it will be countersigned and forwarded for registration in the Presidency Office, accompanied by any observations he may have to offer.

25. When a dawk has been ordered circumstances may render it expedient for the traveller to postpone his journey or to abandon it altogether, he will, in the event of the bearers having been refused on his account to another applicant, be liable to the whole charge of eight annas per mile, in like manner as though he had employed them. But in the event of no other application having been preferred for these bearers, he will not be liable to any forfeit.

26. The government bearers are available for the service of Europeans or Natives, without reference to rank or caste, and shall be supplied solely with reference to priority of application, (of which a register shall be duly kept at the Police Office at the Presidency and at the Collector's Cutcherry at Out-stations,) save and except when a Public Officer may be directed to

* Save at Caroor, where one set is only stationed.

proceed dawk at the public expence; in such cases Government reserves to itself a right to the service of the bearers in preference to private individuals.

27. It must be understood that, although every pains will be taken by the government servants to prevent disappointment to travellers, yet Government will not be responsible in the event of such occurrences. Every traveller therefore, travels at his risk, and Government cannot be considered liable to make good any losses whatever, a traveller may suffer, either from delay or accident.

28. When irregularities and consequent inconvenience occur to travellers, the Superintendent of Police at Madras, on being applied to, will immediately investigate the complaint brought to his notice.

29. In cases of surcharge alone, or charges which to the parties complaining might appear unjust, because arising out of some positive neglect or error on the part of the person who lays the dawk, it would be the duty of the Superintendent of Police at Madras to investigate the matter, with a view to afford pecuniary redress.

30. Any decision pronounced by the Superintendent of Police at Madras in all references relative to dawk bearers, to be considered final.

31. All persons requiring a dawk, where no Government bearers are available, may apply, if at the Presidency to the Superintendent of Police—if at Out-stations, to the nearest Collector or his Assistant. This application should be made agreeable to Form B., affording full information as to time and place. It will then be the duty of such Superintendent, Collector, or Assistant Collector, to communicate with the necessary authorities along the line of route. When the dawk is ready, the authority will notify the same to the traveller, and will furnish him with a certificate, agreeably to Form C., bearing his signature, and containing a list of stages where the bearers are posted within his own district, and the sums, not of course including any accidental demurrage, to be paid to each set. On arriving at other districts in succession, he will receive at the first stage in like manner fresh certificates from their respective Collectors.

32. At the conclusion of the dawk the traveller will countersign each of those certificates, in attestation of having paid the sums set opposite the several stages, and then return the same to their respective Collectors for record in the Office. It is expected that any irregularities or misconduct on the part of the bearers will be notified in the column of remarks, in order that due enquiry may be instituted and correction administered.

33. All demurrage will be charged as explained in paragraph 13.

34. All letters on the subject of posting bearers shall be superscribed "bearers service," in order that no delay may occur in their being opened by the proper authority.

35. It is to be understood that nothing in the foregoing rules is to interfere with travellers applying to private individuals to post their bearers, should they prefer doing so.

PASSPORT REGULATIONS.

THE Right Honorable the Governor in Council having reason to be satisfied of the total inefficiency of the present practice of regulating Passports, either to prevent the passage of unauthorized travellers, to trace the route and the pretensions of those of doubtful character, or to ensure the free progress of those who are duly authorized, has been pleased to establish the following orders, for the regulation and control of all Passports granted under the Presidency of Fort St. George.

1st—That from and after the 1st of June next, the Secretary to Government in the Public Department shall be charged with the general control and direction of all Passports granted within the Territories of Fort St. George.

2d.—That Passports of the prescribed form, capable of being recognized by Natives as well as Europeans, in sewed Books with Cheque-Margin, for the insertion of the name of the persons and No. and date of the Passport (for the purpose of preventing forgeries by comparison when returned) shall be issued by the Secretary of Government to all persons who shall be authorized to grant them, viz. To the Resident in Mysore, and to all Collectors for their respective Districts, with an exception of Sea Ports, where there is a Commercial Resident, who will always regulate the Passports of the Port where he resides; to the Town Major of Fort St. George for Military persons belonging to that Garrison; to the Adjutant General of the Army, for all other Military persons leaving the Presidency; and to such Officers Commanding Military Stations as shall be authorized to grant Passports. These stations shall be determined in the first instance, and from time to time when any changes of Stations may occur, by the Secretary of Government in communication with the Adjutant General of the Army. The Secretary of Government will himself regulate the receipts and issue at the Presidency of all Passports to Persons not Military.

3d.—That all persons authorized to grant Passports shall keep a Register in a prescribed Form (blank books of which will be likewise transmitted) of all Passports received and another of all Passports issued.

4th.—That all Travellers, on arriving at a Station, shall deliver their Passport to the proper Officer, who shall register its receipt in the same manner as on granting one, and if the bearer proceeds farther, shall issue a new Passport in exchange, noting on the old one the date of its receipt, and at the end of each month sending by the Post all Passports received to the Person by whom they appear to have been granted.

5th.—That the Secretary of Government in the Public Department shall keep a general Register of all Travellers and Passports granted, to enable him to correct which, all Public Officers, authorized to grant or receive Passports, shall transmit to him monthly, a copy of their Register of Passports granted and received during the month, and shall be held responsible for the application of the exact number of Blank Passports with which they have respectively been furnished by the Secretary.

6th.—That Passports to Military persons shall be granted by Military Officers exclusively, and to all other persons by Civil Officers exclusively; but in cases of urgency, a Military Officer in the absence of the Civil authority, and a Civil Officer in the absence of the Military authority, may pass a Traveller to the next Post or Station, by endorsing the Passports with the words "Pass to ," noting the date; entering in his Register the particulars of the Passport, in the same manner as if he had granted a new one; and entering the word "endorsed" in the column of remarks.

7th.—Any traveller stating that he has lost his Passport shall invariably be detained, until a duplicate shall have been obtained.

8th.—Public Officers having received a Passport authorizing them to *travel post on the Public Service*, shall not be compelled to wait for the exchange of their Passports, nor be subjected to any part of these Regulations which involve delay.

9th.—All Public Officers authorized to grant or receive Passports, shall report to the Secretary of Government any irregularity or deviation from the established rules which may come under their observation, together with all remarks regarding the conduct and apparent views of Travellers, which may appear proper and necessary to be communicated for the purposes of farther inquiry. And all Public Officers authorized to issue Passports are also empowered on sufficient information of incorrect conduct or improper views, to refuse a fresh Passport for the continuance of a journey already commenced; (reporting the detention to the Secretary of Government by the post of the day) or even to restrain until further orders the person of the Traveller, if such a measure shall in their judgment appear to be necessary.

10th.—For the convenience of official arrangement, all letters relating to Passports shall be superscribed "Passport Service."

MEMORANDUM.

Exclusively of the Regulations which shall be published for general information, it may be proper that all persons authorized to grant Passports, should be furnished with instructions for their guidance in granting or refusing them.

The following are supposed to embrace all the material considerations.

1st.—To guard against the intrigues of foreigners in the interior of the country either among our own feudatories or subjects, or at the durbars of independent Native Powers constitutes the main object of these regulations. To prevent foreigners from acquiring local information, though an important, is but a secondary consideration; and lastly, these regulations are intended to restrict the settlement of Europeans in India by indirect means.

2d.—No Passport of any Foreign Governor can be considered of validity to pass a Traveller a single mile through the Company's possessions, but public Officers stationed near a foreign settlement, will concert with the Foreign Governor or other constituted authority, according to local circumstances, the means of furnishing Travellers from such Settlement with the requisite English Passports on the proper occasions.

3d.—The routes of Foreign Travellers for commercial purposes, will be generally by the sea side, and every proper facility should be afforded to that line of communication. But no Foreigner must on any pretence be furnished with a passport to travel inland, or even to deviate from the road nearest the shore, without the special authority of Government.

4th.—English subjects, who are not in His Majesty's or the Honorable Company's Service, should in like manner be restricted to the road nearest the shore.

No. 1 to No. 887, will be received for transfer in like manner with those now or hereafter advertised, and whether tendered before or after the 31st December next, the calculation and adjustment of Interest shall be the same; that is to say, at the rate of six per Cent. on the principal sum of the Note to the 31st December next, and from that date at Five per Cent. on the principal sum of the new Note given in exchange, as will be stipulated therein.

5. Promissory Notes of the new Five per Cent. Transfer Loan opened by this Advertisement, will be registered and numbered in the order of the applications made for Promissory Notes in exchange for the Sub-Treasurer's Certificates; that is to say, in the order in which the Notice thereof may be received in the Office of the Accountant General at Calcutta. The accounts of this Loan will be closed on the 15th February next; and whenever it shall be paid off as provided below, if the whole Loan be not at once advertised for payment, but only part thereof, the numbers selected for first payment shall be those last on the register.

6. For the convenience of Proprietors of Notes of the 5 per Cent. Transfer Loan who may be resident in Europe, the Honorable the Court of Directors have made arrangements, whereof they have given public notice in England, to provide that Notes of this Loan shall, at the option of such Proprietors, be registered in the Auditor's Office at the East India House in London, so as to allow of their being sold in England without previous reference and the employments of Agents to effect the transfer in India. When Notes may be so registered at the India House, the Interest payable thereon will be issued in England only at the periods when the Bills for the same would become due, supposing the Interest payable in India by the terms of the Notes to have been taken in Bills.

7. It is hereby declared and stipulated, that no part of the Transfer 5 per Cent. Loan opened by this Advertisement, shall be paid off before the 22d April 1854: and whenever it shall be redeemed, a previous notice of fifteen months shall be given by public Advertisement, the period of which shall expire on some date subsequent to that above stated, and not prior thereto. When payment shall be made of the whole or of any part of the Notes of this Loan; it shall be at the option of Proprietors to receive the principal sums due on their notes respectively, either in Cash at the General Treasury of Calcutta, or in Bills to be drawn in India on the Honorable the Court of Directors of the East India Company, payable at 12 months date, and at an exchange of 2s. 1d. for the Sicca Rupee, the Court of Directors having the option, when the Bills shall fall due, of postponing payment thereof for one, two, or three years, paying interest at the rate of five per Cent. per annum for the period of such postponement. The notice of payment duly advertised as above and published in the Government Gazette of Calcutta, shall be considered as equivalent to a tender of Payment on the date advertised for discharge, and all interest will cease from that date.

8. The Interest of the Promissory Notes of the 5 per Cent Transfer Loan will be paid in Cash to Proprietors resident in India. But Proprietors resident in Europe may take the Interest at their option in Cash, or in Bills of one year's date to be drawn on the Honorable Court of Directors at the exchange of 2s. 1d. (Two Shillings and One Penny) for the Sicca Rupee.

9. Proprietors residing within the Presidencies of Fort St. George and Bombay, shall be entitled to receive Interest at the exchange of One Hundred and Six and a half Madras or Bombay Rupees, for One Hundred Calcutta Sicca Rupees, from the General Treasuries of those Presidencies respectively; but before the Interest of any Note shall become payable at either of those Presidencies, Notice shall be given to the Accountant General of the Bengal Presidency, and the Notes shall be brought or transmitted to that Officer, that the order for such payment may be inscribed on the face of the Note, after which the Interest shall be payable only at the Treasury mentioned in the order; but if it be desired to change the Treasury of Payment, application may be made to the Accountant General of the Presidency where it may be payable, and the order may by him be cancelled.

10. The Accountant General of Bengal may, on the application of Proprietors, and for their convenience, make the Interest on Notes of this Loan payable at any other Treasuries or issue under this Presidency by a similar order; but proprietors shall not be entitled to claim this accommodation, if the Accountant General should think proper to refuse it.

11. Notes of this Loan may be consolidated and divided in the usual manner; but if consolidated, they shall be so on the highest number.

12. The Certificates to be granted by the Sub Treasurers of Bengal, Madras, and Bombay, upon surrender of Notes of the 6 per Cent. Loan of the 30th June 1822, for transfer into the 5 per Cent. Transfer Loan, shall be in the following form:

Fort William, *Financial Department, the 17th June* 1835.

Notice is hereby given, that the Honorable the Court of Directors having, in an Advertisement dated East India House, the 17th of September 1834, notified to Proprietors of Bengal Six per Cent. 4. Proprietors of Stock Receipts will be entitled to the option, of transferring from the Books of Bengal to those

of either Madras, Bombay or London. Having availed themselves of that option, the property cannot again be registered in Bengal, or at either of the other places, unless upon transfer effected, at the place at which they may have chosen to register it.

5. 6. It is hereby declared and stipulated, that no part of the Transfer Five per Cent. Loan opened by this Advertisement, shall be paid off before the 22d April, 1854, and whenever it shall be redeemed, a previous Notice of fifteen months shall be given by public Advertisement, which notice may be issued at any time after the 21st of January 1853. Payment shall then be made at the option of the Creditors, either in Cash in India, or by Bills upon the Court at twelve months' date, and at 2*s.* 1*d.* the Sicca Rupee; with power to the Court to postpone payment of those bills for one, two, or three years, upon allowing Interest at Five per Cent. per annum for the period of the postponement. The Notice of payment duly advertised as above, and published in the *Government Gazette* of Calcutta, shall be considered as equivalent to a tender of payment on the date advertised for discharge, and all interest will cease from that day.

7. Proprietors who shall transfer to the Books of Madras and Bombay, will be entitled to receive interest at the exchange of One Hundred and Six and a Half Madras or Bombay Rupees, for One Hundred Calcutta Sicca Rupees, from the General Treasuries of those Presidencies respectively.

8. The Accountant General of the Supreme Government may, on the application of Proprietors of Stock registered in the Books of Bengal, and for their convenience, make the Interest of such Stock payable at any other Treasuries of Issue under the Bengal or Agra Presidencies; but Proprietors shall not be entitled to claim this accommodation if the Accountant General should think proper to refuse it.

9. Stock of the Five per Cent. Transfer Loan opened by this Advertisement, may be consolidated and divided at the pleasure of the Proprietors in the Books in which it is registered.

10. Proprietors of Six per Cent. Remittable Paper who may transfer into the Five per Cent. Loan now advertised, shall not be subjected on this operation to the Fees prescribed in the Regulations for the Government Agency.

11. Proprietors of the Five per Cent. Promissory Notes or their Agents, and it is hereby Notified, that during the same period fresh Transfers will be allowed to the Book Debt by Holders of Six per Cent. Remittable Paper.

12. Forms of Stock Receipts will be published in a future notice.

Published by order of the Honorable the Governor General of India in Council.

SIGNALS

For Ships or Vessels in the Offing.

Signals respecting Ships or Vessels in the Offing, whether Men of War or Merchantmen, are made from the Garrison Flag Staff, a yard slung across the top-mast, the points of which represent the quarter from which the Vessels are coming in.

Three classes of Vessels are expressed by the Signals; Vessels of three Masts, of two Masts, and of one Mast.

An Ensign, or square National Flag, represents a Ship of three masts; a National Flag, with two points or Swallow's tail, represents a Brig or Snow, &c. of two Masts; and a broad National Pendant, terminating in one point, represents a Sloop or Cutter of one Mast.

If either of these Flags is hoisted to the yard above described, the Vessels seen are on the North or South quarters of the compass.

The number of Ships that appear in the Offing, are expressed by Pendants—a white Pendant signifies one Ship or Vessel; a red and white Pendant, two Vessels; a red Pendant, pierced with white, three Vessels; and a yellow Pendant pierced with blue, four Vessels; when the number of Vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow Pendant will be hoisted.

If the Vessels in sight are Men of War in the North or South quarters, one of the numerical Pendants will fly over the National flag on either side of the yard Arms.

If Merchantmen are seen in the North or South quarters, one of the numerical Pendants will fly under the National Flag on either side of the yard Arms

If the Ships are Indiamen, a blue Pendant will be displayed as usual under the Union flag of the Fort.

If a Fleet is in sight, one Gun will be fired after the signal of the Fleet is made, and if there are two Fleets of different Nations, in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Steamer or a Packet is announced with a blue flag pierced with yellow hoisted to the yard arms, expressive of the quarter she is in.

The annexed Plate represents the Flags of all Nations that trade to Madras; and the manner in which the Signals are made, to express Ships or Vessels discovered in the Offing.

The St. George's Flag hoisted on either points of the Yard Arm with a white Pendant over it, announces a British Man of War—The French or Tri-coloured Flag of two points or Swallow tail hoisted with a red and white Pendant over it represents two French armed Brigs or Snows, &c.; a broad American Pendant hoisted with a red pendant pierced with white flying over it, represents three American armed Cutters and a Dutch flag hoisted with a yellow pendant, pierced with a blue over it, represents four Dutch Men of War.

The St. George's Colours are varied according to the colour of the Admiral of the Squadron on the Station for the time being.

If the numerical pendant instead of flying over the national Colours is hoisted under them they will describe the same class of Vessels to be Merchantmen.

The blue Pendant hoisted under the Union with a white Pendant under an English Ensign hoisted on either yard arm, indicates an Indiaman.

N. B.—As the Marryat's Code of Signals is so widely in circulation, and as the community at large are anxious of knowing the names of Vessels coming in, the Captains and Commanders of Vessels are required, to answer without delay every signal made to them from the Flag Staff of the Garrison.

LIGHT HOUSE.

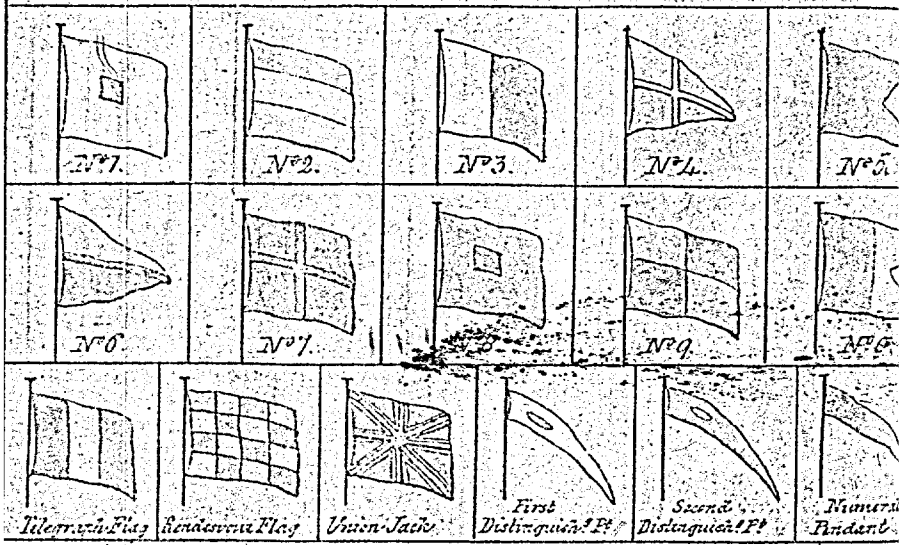
The Light House on the Exchange in Fort St. George was erected by the Exchange Committee, with the Sanction of Government, in December 1796 and is of essential service to Ships, coming to the Roads in the night.

The Light is 90 feet above the level of the Sea at high water, and can be seen from the decks of the Honorable Company's Ships, about 17 miles, and from their Mastheads near 26 miles.

The South part of Pulicat Shoal bears from the Light House N. by E. half E. distance 12 miles; and to keep clear the Shoal, of the Light should always bear to the Westward S. S. W. ¾ W.

Marryatt's Code of Signals,

Flags and Pendants for Merchant Vessels.



First Distinguishing Pendant, hoisted singly, is affirmative.
Second Distinguishing Pendant, hoisted singly, is negative.
Numeral Pendants, hoisted singly, is answering Pendant.

Extract from Part 4th of Marryatt's Code

The usual Questions asked upon Ships coming into the Roads.

N°854, is hoisted, to ask the name of any Vessel coming into the Roads, and the Number of such Ship when made out, is immediately repeated at the Garrison Flag Staff for Public information. N°406, is hoisted to ask from where the Ship comes, if not known; and N°625, when she sailed.

TABLES OF MONEY, WEIGHTS AND MEASURES.

Accounts were kept in MADRAS in Star Pagodas, Fanams and Cash, viz.

80 Cash to 1 Fanam.
42, 44 or 45 Fanams, 1 Star Pagoda.

Government, the Banks, and all the Houses of Agency kept their Accounts at 42 Fanams the Star Pagoda. The Shops and Bazars at 44 or 45.

The Star Pagoda exchanged in the Bazar for about 45 Fanams, but it fluctuated according to circumstances.

The coins in circulation were the Star Pagoda, the Arcot Rupee 3½=1 Star Pagoda; it exchanged in the Bazar for 12 Fanams 60 Cash; the double and single Fanam, and the Doodie, 8 of which=1 Fanam.

There was also a copper coin sent out from Europe of 20, 10, 5 and 1 Cash value, the latter being worth 8-75ths or about the 9th part of a farthing.

This Currency was altered in January 1818 by a Proclamation, which constituted the Silver Rupee the standard coin. To this the public accounts were all converted at an exchange of 350 Rupees per 100 Pagodas: and the new Silver coinage was made to consist of RUPEES, HALF, AND QUARTER RUPEES, DOUBLE and SINGLE ANNAS: the RUPEE containing 165 grains of pure Silver and 15 grains of alloy, and weighing 180 grains, and the other Coins bearing the due proportion to the same.

12 pice, = 1 anna,
16 annas, = 1 rupee,
3½ Rupees exchange in account for 1 Pagoda.

The Act of the Legislative Council of India (passed in 1835) assimilating the currency over the Country, changes the design, but leaves the new coinage of a precisely similar value to that of Madras according to the above Regulation. The following is the Proclamation on the subject.

PROCLAMATION.

The Honorable the Governor General in Council has resolved, that the Device of the New Rupee, Double Rupee, Half Rupee, and Quarter Rupee, to be issued from the Mints of India, from and after the 1st September, 1835, in conformity with Act XVII of the same year, shall be as follows:

On the Obverse, the Head of His Majesty William the Fourth with the words.

WILLIAM IIII. KING.

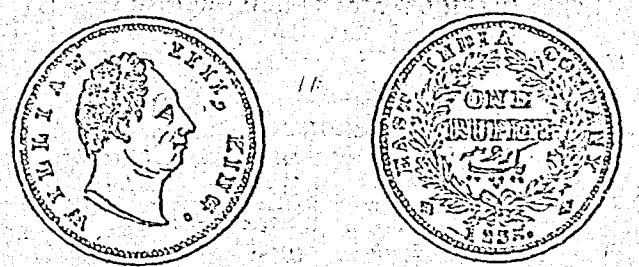
On the Reverse, the denomination of the Coin in English and Persian in the centre, encircled by a laurel wreath; and around the margin the words,

EAST INDIA COMPANY. 1835.

The new coin shall be milled on the edge, with a serrated or upright milling.

For the information of the public, an engraving of the Device adopted for the Rupee, is hereunto annexed.

Obverse. Reverse.



The RUPEE shall measure in diameter once inch and two-tenths of an inch, or *one-tenth of a foot*. The diameter of the Double Rupee shall be one inch

Money, Weights and Measures.

and a half; that of the Half Rupee, or *Eight Anna Piece*, shall be ninety-five hundredths of an inch; and that of the Quarter Rupee, or *Four Anna Piece* shall be three quarters of an inch. These measures being severally the relative proportions to the Rupee provided in the Act aforesaid.

The Weight, Standard fineness and value of the New (or Company's) Rupee as defined in the Act, are here repeated for general information.

Weight, 180 grains Troy, or *one tola*.

Standard quality, eleven-twelfths Silver, one twelfth Alloy.

Value, equal to the Madras, Bombay, Furukhabad, and Sonat Rupee: and to fifteen sixteenths of the Calcutta Sicca Rupee.

The weights of the other Silver Coins, viz. the Double, Half, and Quarter Rupees to bear a due proportion thereto.

WEIGHTS.

10 pag. weight	*make*	1 pollam,

400 marcals,	"	1 garce, wt. 9256¼lbs.

A parah of chinnam is 5 marcals.—Milk, Oil, Ghee, &c. are sold by the grain measure containing 8 ollucks, 20 ollucks are equal to 1 English gallon.

LAND MEASURE.

Land is usually measured with Gunter's Chain of 100 Links, or with a rod of 10 feet, and reduced to Cawnies, Grounds and Square feet agreeably to the following Table.

60 Feet long and 40 feet broad, make one ground, or Maunie, containing 2,400 square feet.

24 Grounds or Maunies; make one Cawnie equal to 57,600 Square feet.

The Indian Cawnie is in proportion to the English Acre as 1 to 1.3223, or as 121 is to 160.

To reduce Indian Cawnies to English Acres, multiply the given number of Cawnies by 160, and divide the product by 121, the quotient will give the number of Acres, and the remainder be the fractional part of an Acre,—or multiply the Cawnies by 1,3223, and the product, (cutting off 4 places to the right hand) will be the same, and the figures so cut off are the decimal part of an Acre.

The Covid in Cloth Measure is 18 Inches, but the English yard of 36 Inches is generally used.

POST OFFICE REGULATIONS.

FORT ST. GEORGE, *February* 22. 1834.

The Right Honorable the Governor in Council is pleased to direct the publication of the following revised Code of Post Office Regulations, and to notify that such parts of it as are not already in operation will have effect from the 1st April 1834.

POST OFFICE REGULATIONS: DAWK DEPARTMENT.

1. The Mails leave Madras every evening in the following directions; namely, Northerly, Southerly, Westerly, North-westerly, South-westerly, and South-easterly.

2. The following are the rates of postage for a single Letter not exceeding one Rupee weight.

	Annas.		Annas.
Not exceeding Miles 15—	1	Not exceeding Miles. 400—	9
30—	2	500—	10
60—	3	600—	11
100—	4	700—	12
150—	5	800—	13
200—	6	900—	14
250—	7	1000—	15
300—	8	Upwards of 1000—	16

3. Letters not exceeding one Rupee in weight, are considered single,
from 1 to 2 double,
2 to 3 treble,
and so on in arithmetical progression as far as 36 Rupees, beyond which weight no Packet will be received for transmission by Dawk, unless in the cases specified in Section 30 and 31.

4. Stamped chits bearing the names of the places to which Letters are directed, with the weight and amount of postage, will be furnished on delivery into the different Post Offices, of Letters, whether for transmission by Sea or otherwise; or if addresses are copied into books or transcribed on separate pieces of paper and sent with Letters, they will receive the impressions of the proper stamps and have the weight and postage noted on them.

5. Letters for places, beyond the range of the post of this Presidency must be paid for either in full or to the boundary station (which in the direction of Calcutta is Preaghy; or Bombay, Hurryhur, or Hyderabad, Kurnool) except to Jaulnah, Nagpore, Kamptee, &c. for which, as also Ceylon and places subordinate thereto, the payment of full postage must be made in advance.

6. Letters transmitted from this Establishment to that of Bombay viâ Hyderabad, are to be paid for one dispatch to Hyderabad or to their destination, as the senders may choose.

7. When Letters are received from Calcutta "Post Paid to the boundary Line," such postage only shall be levied at Madras, as added to the sum already paid, shall complete the amount to the rate established in the Table for the entire distance: the same Rule applies to Letters received from Hyderabad and Bombay.

8. For the prevention of mistakes and the promotion of regularity, each Letter for transmission beyond the range of the Post Office Establishment whence it is despatched, shall have, besides the amount of postage levied in advance, the name of the place to which payment is made, and the date of its receipt at the Post Office, marked on it.

9. Postage is to be paid in advance for all letters which individuals may address on their private affairs to the Public Officers of Government, and this

rule is to be understood to include Letters transmitting Bills of Exchange, Promissory Notes, Receipts of Government Securities, &c. &c. to the Accountant General, the Treasurer to the Government Bank, or other Public Officer: but the practice thus enjoined shall be reversed when Public Officers correspond on such subjects with individuals, on which occasions they superscribe on the envelopes, with their official signatures, the words "Bearing Postage."

10. Letters or Parcels known to contain Bank Notes, Pearls, Precious Stones, Money in Coin, or Bullion, Ornaments of Gold, Watches, or any other articles of intrinsic worth, shall not be received at the Post Office Establishments of this Presidency for transmission either by Dawk or Banghy; and although every precaution will be adopted for the security of all Letters or Parcels transmitted by Dawk or Banghy, the Post Office will not be held responsible for their safety.

11. Letters having the appearance of being opened and reclosed, shall not be admitted into any Post Office, unless the writer or sender thereof shall attest with his full signature that it was sent in the same state.

12. No Letter or Parcel, which has been once delivered into any Post Office under this Government, shall in future be restored, except upon an official application by the writer thereof, accompanied by the receipt granted for such Letter or Parcel, in order that the same may be cancelled. The postage which may have been paid on such Letter or Parcel will not be returned, nor will the Letter or Parcel be readmitted at the Post Office, except as a fresh delivery, liable to postage at the same rates as if it had not been previously received and returned.

13. The General Post Office is open daily for the receipt of Letters at the usual rates of postage from 11 A. M. till 6 P. M. after which hour till 6½ o'clock P. M. all Letters will be charged with a fine of one Rupee over and above, the regulated Postage. In order, however, to prevent persons, being charged with such fine, in cases where they may not be desirous to forward their Letters unless they reach the Office before the doors are closed, no Letters will be received, unless accompanied by a note or memorandum stating that it is the wish of the sender that it may be forwarded by the day's Dawk. Persons who are desirous of availing themselves of this Rule, will desire their servants to wait at the door until it is opened at 6½ o'clock P. M. when they will be admitted. The time for the receipt of Newspapers, to despatch per Banghy, is limited from 11 A. M. to 3 P. M. after which hour no Newspaper will be received.

14. There are two general deliveries of Letters daily, for which purpose the peons quit the Post Office at 8 A. M. and 4 P. M. precisely.

15. The daily delivery of Letters at Out-Stations will be regulated by local authorities at such hours as may be most convenient, with reference to the arrival of several Mails. But in order to prevent delay to the General Dawk no Letter shall be received at any Out Post Office (except in cases of public emergency to be notified to the Post Master General) after 5 P. M., at which hour the Packets shall be severally closed and made up for transmission by the ensuing Mail.

16. Mails arriving at the General Post Office after 4 P. M. are not opened until the following morning, as from that hour the registering, and otherwise preparing the Letters put into the Post Office for the nights despatch commences.

17. Persons receiving Letters are required to pay the postage marked upon them, whatever may be the amount, at the time of delivery; after which, any official complaint of overcharge that may be preferred to the Post Master General will be duly enquired into,—in which case, as also in that of complaints for delay in the delivery of Letters, the parties to whom they are addressed are required to furnish for the Post Master General's inspection the back or envelopes of such Letters bearing the Post Office stamp.

18. Persons complaining of improper conduct on the part of any of the Post Office Peons should note the number marked on the badge of the Peon against whom they complain.

19. Peons are inhibited from delivering Letters out of the usual course and without immediate payment of postage. They are to receive the exact amount of postage and are not bound to give change, both because they may not be provided with a sufficiency of small coins, and because the distribution of the Letters would be retarded by their doing so; it is particularly requested that the Peons may experience the least possible detention at the doors of houses when they deliver Letters.

20. Any person opening a Letter shall be bound to pay the postage of the same whatever may be the contents.

21. The Receivers of letters at the General and subordinate Post Offices cannot be required to give change for a Rupee, save when the postage shall exceed that sum. In all cases where the postage on a Letter, or Letters, may be less than one Rupee, it must be paid in Annas.

22. Should any person refuse to receive a Letter addressed to him, or if the parties to whom Letters or Parcels are addressed cannot be discovered, the Letters or Parcels shall be liable to be opened for the examination of the signature, in order that they may be restored to the writers or individuals by whom they have been sent to the Post Office, and that the direct and return postage may be recovered. In cases where the parties may have died, the Letters shall, whenever practicable, be delivered over to the Executors or Administrators of their Estates on payment of the regulated postage.

23. In every case of refusal to pay postage, the authorities in charge of the Post Offices are empowered to detain all future Letters to the address of the parties so refusing, until the liquidation of the previous demands. This Rule applies equally to postage on return Letters.

24. With the view of diminishing the bulk and weight of public despatches it is hereby required, that in future they be copied within the smallest space compatible with perfect legibility, that all blank leaves be withdrawn, that the enclosures whenever practicable be written consecutively and that the Packets be made up in the most compact form which the nature of their contents will allow.

25. Heads of Offices, Civil and Military, will pay special attention to have their despatches prepared for transmission by Dawk agreeably to Rule 23, as likewise to ensure their being sent to the Post Office, not later than 6 o'clock P. M.

26. Expresses are not to be employed except on the most urgent public occasions, when the despatches to be transmitted must bear on the face of them, the words "By Express."

27. Public Officers are expected to employ Expresses as sparingly as possible, for independently of their tendency to derange the expeditious conveyance of the ordinary Mails, as no separate establishment of runners is allowed for this duty, their employment is attended with additional expense to Government. If it shall at any time be found upon enquiry that the exigency of the public service did not require the employment of an Express, the party at whose instance the Express may have been employed, shall be liable to the payment of two Annas for each mile of the whole distance it shall have travelled.

28. The Fort St. George Gazette, the Calcutta Gazette, the Bombay Government Gazette, the Ceylon Government Gazette, as also the Proceedings of the Medical and Physical Society at Calcutta, shall be transmitted post free when issued directly from the Press.

29. Packets of Law Papers, Accounts, Certificates of Houses, and Registers attested as such with the full signature of the sender thereof, shall be

transmitted at the postage of a single Letter, if not heavier than 3 Rupees; and that of a double Letter, if not heavier than 6 Rupees, and so on as far as 15 Rupees, beyond which weight they shall be forwarded by Banghy, at it's rates of postage. Such Packets shall be endorsed Law Papers, Accounts, &c. as the case may require, and, if Packets, said to contain Law Papers, Accounts, &c. shall be found to contain a Letter or Letters, they will be subjected to a penalty of treble letter postage on each single Letter so enclosed. In any case, where an Officer in charge of the Post Office may have reason to suspect that closed envelopes, attested as containing only documents specified in this Rule, contain Letters, he is empowered to call upon the party to whom they are addressed, to attend either in person or by proxy to open them in his presence; when in the event of Letters being found within the cover, he will detain the Packets and their contents until the penalty thus incurred be paid.

30. It shall be at the discretion of the Post Master General and of the Officers in charge of the subordinate Post Offices to forward by Dawk, to Stations to which there may be no Banghy, Parcels not containing Letters and not exceeding 80 Rupees in weight, at the Banghy rates of Postage.

31. Books printed at the Madras Male Asylum Press for the benefit of the Male Asylum shall be forwarded by Dawk, or if practicable by Banghy, at the postage of a single letter, payable at the Stations to which they are directed.

32. The opening of Mails between Stations is inhibited, except on urgent public occasions, when they must be opened and closed in the presence of the public Officer deeming such measure necessary, and who shall immediately address an Official Letter to the Post Master General and likewise to the Officer in charge of the nearest local Post Office to which the Mails are to be conveyed, stating his motives for so doing.

33. Whenever any public Officer, Civil or Military (except the Officers of the Commissariat when they are required to forward Accounts) may have occasion to despatch more than one official communication to the same Office, by one day's post, the whole shall be forwarded under one envelope, a narrow binder being placed round each of the Letters enclosed and each being separately numbered. When the Packet amounts to 21 Rupees weight, a separate Parcel must be made up, and each superscribed "by Tappal," as otherwise no public despatch exceeding the weight of 3 Rupees will be forwarded by Dawk on a Banghy route.

34. Letters for persons residing at Madras will be received at the General Post Office, and will be delivered at the rate of one Anna for a letter not exceeding 10 Rupees in weight, and Parcels at the rate of two Annas, when not exceeding 100 Rupees in weight, beyond which weight they will not be received.

35. A Register for the purpose of entering the particulars of Packets containing Company's paper for transmission by Dawk, is kept at the General Post Office. These, if sent between the hours of 11 A. M. and 2, P. M. will be daily registered, Sundays excepted.

36. To obviate the delay which will sometimes unavoidably happen in the delivery of letters when due information regarding their disposal is not lodged at the General Post Office, Officers of the Civil, Navy and Military Service and other persons arriving at the Presidency, or departing from it, or changing their residence from one Station to another, are requested to notify to the Post Master General in writing, the places to which they wish Letters for them to be sent.

37. It shall be the duty of Commanding and Staff Officers of Stations, to see, that due pains are taken to find out all Military persons to whom Letters are addressed, and to satisfy themselves that the Letters are carefully delivered.

38. Officers Commanding Regiments and Detachments shall send daily to the Post Offices where they are respectively stationed, a Drummer and a

Sepoy writer, or other fit persons to enquire for Letters directed to the Native Officers or Men of their Regiments or Detachments, and to give a receipt for any Letters which may be obtained by them, and such Commanding Officers shall further adopt the best measures in their power for the safe and early delivery of all Letters whatever, that may be given in charge to the persons, whom they depute to receive them; the practice here enjoined shall be followed to the requisite extent by Officers Commanding Stations, whose special attention is moreover required in aid of the speedy and careful delivery of letters, from Regiments or Detachments on field or foreign service, to the families of Native Officers or Men belonging to them.

39. Persons not belonging to the Department cannot be admitted into the receiving room of the General Post Office, nor be permitted to examine the records of the Office, without the special permission of the Post Master General, to whom complaints and applications must be made in writing.

BANGHY DEPARTMENT.

1. Banghies are established on the routes from Madras to Calcutta, to Cannanore and to Trichinopoly. The two first are despatched on Tuesdays, Thursdays and Saturdays; the last, which proceeds via Pondicherry, Portonovo and Tanjore, is despatched every day of the week, except Sundays.

2. The payment of Letter postage having been evaded by transmitting a number of Letters under one cover by Banghy, the Packet will be liable to be examined if suspected to contain Letters.

3. If there be reason to believe that any parcel contains Letters, the person to whom it is addressed will be required to open it, or allow of its being opened at the Post Office, and in the event of its being found to contain Letters, three times the amount of the regulated postage shall be levied upon each Letter the Parcel may contain.

4. Parcels or Bundles of News papers, not exceeding the weight of 260 Rupees or the cube of 9 inches, may be transmitted by Banghy, but those exceeding the cube of 6 inches shall be charged double postage. The subjoined Table shews the rates at which Parcels will be forwarded by Banghy.

5. Parcels for transmission by Banghy will be received at the General Post Office every day in the week between the hours of 11 A. M. and 2 P. M. except on the days on which the Banghies are despatched, when they must be delivered in before 12 o'clock.

6. Although every possible care will be taken in the Post Office Department to secure the safe conveyance of Parcels, still as in the case of Letters, they are transmitted at the entire risk of the senders, who will have no claim on the Department for compensation, in the event of injury or loss occasioned either by accident or fraud.

7. Persons sending parcels for transmission by Banghy are required to cover them with strong wax cloth, and to stamp them with a seal in several places over the seams of the wax cloth, by which precaution the detection of robbery will be facilitated to the Officers of the Post Department.

RULES RESPECTING SHIP LETTERS, NEWS PAPERS, PARCELS, &c.

1. Letters imported will be subject to the following rates of Ship Postage besides the inland Postage.

Up to 1 Rupee weight - - - -	0	Rupee	4	Annas.
From 1 to 2 Rupees - - - -	0	„	8	„
„ 2 to 3 „ - - - - -	0	„	12	„
„ 3 to 4 „ - - - - -	1	„	0	„

and so on, adding 4 Annas for every additional Rupee weight as far as 15 Rupees, beyond which weight they shall be considered a Packet and charged at the rate of 4 Rupees.

2. Persons despatching Letters from Out Stations for transmission by Sea from this Presidency, will, on application at the Post Office, into which their letters are put, obtain, after lapse of a sufficient period for procuring them, stamped acknowledgments for the receipt of their Letters at the General Post Office.

3. Law Papers, Accounts, Vouchers, Price Currents, &c. not exceeding a Rupee weight will be subject to half the regulated postage leviable on Ship letters imported, with reference to their weight, up to 15 Rupees weight. Law Papers, &c. must bear the same attestation as specified in Rule 39, under the head of Dawk Department, under the full signature of the senders and are liable to be opened in the presence of the Post Master General or other Officers in charge of the Post Offices, if suspected of containing Letters, unless the senders should prefer paying the full amount of double letter postage, agreeably to the weight of the Parcel, being the penalty to which they would be liable, should the envelope contain a Letter or other document than those which come within the specifications which entitle them to the privilege.

4. Postage at the rate of two Annas each will be charged on all Parcels received by sea, on delivery thereof by the distributing Peons, but not otherwise.

5. In consequence of the frequent return of Letters from the General Post Office London, addressed to individuals residing in places out of the British Dominions (North America, &c. &c.) owing to the want of the requisite payment of postage in advance in Great Britain, it is hereby recommended as the only feasible measure to secure their transmission from England to their intended destination, that such Letters be sent under cover to the Agents or friends of the writers thereof in England, with instructions that the requisite postage due on them may be paid thereon. This Rule is applicable to Soldiers' and Seamen's Letters as well as private ones.

6. Letters from Out Stations, when delivered at the subordinate Post Offices for transmission to Madras and eventual shipment, must have the "inland" postage, to which they are liable paid in advance, and the Letters must be respectively superscribed "Ship Letters." In all cases where Letters coming under this head, are received at the General Post Office, upon which it would appear that the proper postage has not been paid, they will, (instead of being returned to the station whence received and subjecting

the party to the return postage) be forwarded to their destination, but the difference of postage due on them will be afterwards demanded from the writer thereof, and if the same be refused, the party so refused will subject himself to the penalty prescribed in Rule 23 under the head of Dawk Department.

7. All Letters coming to the General Post Office marked for transmission to England or other place by particular Ships, will be sent by those Ships, if practicable, and will not be dispatched by other Ships so long as there may be a prospect of the sailing of the Ships by which they are required to be sent.

8. Persons at Out-Stations are recommended not to mark Letters by particular Ships, unless they have special reasons for doing so, because when the Ship named does not afford the first eligible opportunity of transmission, the marking, if no particular end is to be answered by it, may cause needless delay in the despatch of the Letters.

9. With the view of informing persons at Out Stations of the Vessels by which their Letters for transmission by Sea have been forwarded, a notice from the General Post Office will, as heretofore, immediately after the sailing of a Vessel for England be sent for insertion in the Fort St. George Gazette, specifying the periods between which Letters received there, have been forwarded by that Vessel, which on comparison with the stamped receipt described in Rule 2 of this head will convey the necessary information.

10. The Post Master General is authorized to pay to Masters of vessels or other individuals bringing Ship Letters to the Post Office, or delivering them to persons deputed by him to receive them, a premium of one Anna for each Letter, excepting Soldiers' and Seamen's Letters, whereon no ship postage is leviable.

11. Although Packets may not be open for the reception of Letters, to be transmitted by particular Ships from this Presidency, Letters will be received both at the General Post Office and at the Provincial Post Offices for despatch, to any place whatsoever beyond Sea, as opportunities may offer, upon the payment of the regulated inland postage to the place of shipment.

12. Whereas many Letters for persons at Out Stations are received at the General Post Office from England addressed to the care of mercantile houses or individuals at the Presidency, and whereas the delivery of such Letters to the parties to whose care they are directed often occasions much needless trouble, as well as delay in the receipt of the Letters by the persons for whom they are ultimately designed, such Letters will in future be sent direct to the persons to whom they are addressed as principals, except where there are special instructions for their delivery to the parties to whose care they are superscribed.

13. Letters designed for Madras and Stations subordinate thereto, landed at the other Presidencies, or in the territories subject to this Presidency will, if forwarded by Dawk, be liable to the regulated Ship postage in addition to the inland postage.

14. Letters for places to which the means of conveyance by land, are provided will be received at the Post Office for transmission by Sea, if so endorsed, on payment of the regulated full land postage.

15. As Ship letters for transmission to Ceylon, Bengal and Bombay frequently arrive under cover to Residents at Madras, such letters being superscribed "Ship letters" and bearing postage as such, will be received at the General Post Office, for transmission to their destination in like manner as if they had been received direct from the Ship.

Regulations respecting Franking and Franked Letters.

I. Postage shall be charged on all Letters except those exclusively on the public service, bearing the superscription "on the Service," and having the name and designation of an Officer authorized to frank official correspondence, written on their envelopes; or such as may have endorsed upon them the signature of a person possessing the privilege of franking Private Letters, as specified in the list No. I appended to these Regulations.

II. It is to be understood, that exemption from postage granted to Public Officers under Government is limited to correspondence bona fide on the public service and relating solely and exclusively to the business of their respective Offices or Departments, and that no such Officer, nor any other person shall send, or cause, or permit to be sent, under a cover bearing the frank of such Officer, any Letter, Paper, writing, or other enclosure other than what shall relate to the public business of their respective Departments and the Right Honorable the Governor in Council is pleased to declare, that

any deviation from a strict observance of this Rule will not fail to subject persons, who shall either practice or connive at such abuses, to the most severe displeasure of Government. In order to give the fullest effect to the foregoing Regulations—*First.* All Public Authorities are enjoined either themselves to open or to cause to be opened in their presence all Public Letters to their address, and to transmit to the Post Office of their Station every Private Letter which may come in a public cover.

Secondly. The Post Master General is directed to levy an amount equal to ten times the regulated postage on all Letters thus received prior to delivery.

Thirdly. Every Public Officer is enjoined to warn his Subordinates that any one who is detected in attempting to evade the payment of postage dues by the introduction of Private Letters into the Public Correspondence will be dismissed from his employment.

Fourthly. Any Officer whether Civil or Military, who attaches his signature to a Private Letter, (i. e. a Letter not bonâ fide on the Public Service) in the shape of a frank, is to be reported to Government for such orders as may be deemed proper; and all Letters so franked if discovered not to be entitled to pass free, shall be charged with postage equal to ten times the amount which would have been leviable had the Letter been sent as a Post Paid letter in the first Instance.

The above postage to be levied from the sender under the usual Rules for levying postage.

III. Officers franking Letters from or to Commissioned and Non-Commissioned Native Officers and Sepoys or other Natives borne on the Returns of the Army, including Guides and Public Dooly Bearers, shall cause them to be directed in English in addition to whatever address they may bear in a Native language.

IV. Officers franking Letters of the European Native Soldiers, shall in addition to the Obligation they are under to observe, that the provisions of the Post Office Regulations respecting such Letters are duly attended to, and that the privilege according to the Native Troops is not misused, depute a person to collect all Letters that may be brought daily to be franked by them and the persons so deputed shall, previous to his taking them to the Officer to be franked, satisfy himself that the Letters are actually to and from the parties whose names are superscribed on them, and that the same contain no enclosures, bills of remittances excepted.

V. Should it however be found upon examination at the Post Office, that a franked Letter of the above description has been written by a person different from him whose name is superscribed on it, both he and the person who examined it shall be called to account, and be subject to displeasure, independently of the penalty that such Letter will be chargeable with double the postage leviable on a single Letter, reference being had to it's weight.

VI. With a view to prevent as much as possible any abuse of the indulgence granted to Commissioned and Non-Commissioned Officers and Sepoys to have their letters passed free on postage on being franked by Commanding Officers it is directed that the number of Letters so franked shall not exceed the proportion of one Letter daily to every hundred men.

VII. No Letters to or from these descriptions of persons shall be passed "Post Free," unless they are conformable in every respect to the prescribed Rules.

VIII. It is hereby notified that all Letters franked on the Public Service respecting which there shall appear to be ground of suspicion, will be liable to be opened previous to delivery, by the Post Master General, or the Officers in charge of the subordinate Post Offices, and in the presence of the parties to whom the Letter or Parcel may be addressed, or in the presence of their authorized Agents.

Art. 10th. In the event of a married Subscriber dying before he has reported his marriage, his widow and children will have no claim upon the Fund, but if he shall have duly reported his marriage and not paid up the

* Thus in the event of a married Captain having received aid from the Fund, the amount of such aid or part thereof, so as not to exceed the sum of 3,500 Rupees, being the amount of his minimum, shall be debited against the amount of his contributions, the clear balance only, if any, being taken to constitute the minimum, to be derived by the Fund ere his family become entitled to receive the annuity in full. Should there be a balance against the Subscriber, however, it will not be charged against the annuity, for which a fresh minimum only will fall to be recovered by the regulated deductions. For example—Supposing a Captain to have received aid to the amount of 4,000 rupees, and his payments to the Fund to amount to 3,700 he will be debited as far as the amount of his minimum, 3,500, which will be considered as balancing that account, and the 200 rupees remaining will be credited to the new minimum required for the annuity.

† Subscribers are particularly requested to observe that they are required to report the date of their marriage to the Secretary, who otherwise has no authority to enter them on the List of married Subscribers.

whole of his additional donation at the period of his death within twenty-four months, the widow and orphans shall be liable to deduction from their annuities by instalments.

Art. 11th. Any arrear not sanctioned by the 6th Article of this Section, equal in amount to six months subscription, shall subject the Subscriber (owing it) to the payment of double the amount of the arrear (unless it shall *be made to appear* to the satisfaction of the Directors that such arrear arose from unavoidable accident), and in failure of the payment of the forefeitures specified in this, and the preceding Article (9th) within twelve months after it shall be demanded, to the exclusion of himself and family from the benefits of the Fund (if admitted prior to the 30th April 1823, or if subsequent, to the exclusion of his family alone.)

Art. 12th. Subscribers who may be in the actual receipt of any periodical aid from the Fund, shall *not* during such period be exempted from the payment of monthly subscription.

Art. 13th. Subscribers who may be prevented drawing pay by a temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall during such period be exempted from the payment of monthly subscription without forfeiture of their rights, but on the *removal of such incapacity*, and upon the receipt of pay, they shall be required to pay up all arrears due to the Fund within six months.

Art. 14th. Married Subscribers having daughters and desirous that their annuities should be continued to them until marriage or death, are required within ten days from the date of birth of each daughter, to notify the same to the Secretary, stating whether or not it is their intention to pay an additional donation of rupees 282.—In the former case, the amount will become due to the Fund from the tenth day after birth, and must be paid within one year from the date thereof, failing in which the annuity will cease on the daughter's attaining the age of twenty-one. Subscribers in reporting payment of the donation are to state the christian name and date of birth of the daughter for whom paid.—A posthumus daughter, or a daughter whose father may die before payment of the donation as above, will be entitled to the advantage of this regulation, but the prescribed donation for her will be deducted from her annuity at the rate specified in Table D, and in the case of a daughter born in Europe or elsewhere, while the father is in India, the report must be made as soon as the event comes to his knowledge, the cause of the delay being explained at the time.

Art. 15th. The like option is extended to Subscribers admitted under the provisions of Article 2d, Section 1st, having daughters born anterior to their admission for whom the above sum of rupees 282 is to be paid with compound interest at 8 per cent, calculated from their date of birth, within one year from the date of such Subscribers' admission.

Art. 16. To obviate the inconvenience which might be occasioned by the neglect of article 14th, Subscribers may, if they prefer it, notify to the Secretary their wish to avail themselves of the rule for all daughters who may be born to them. In this case the daughters will be entitled to benefit, the donation for each becoming due and payable as before explained.

Art. 17th. Officers retired on half pay, or on Lord Clive's Fund shall pay full subscription notwithstanding, according to their rank and condition; and they are accordingly required to continue the same towards their respective maximum, or failing so to do, and preferring the payment of half subscription, only, their families at their death, will be entitled only to half the benefit derivable from the Fund.

Art. 10th. The personal benefits above enumerated are issuable in one instance only, and if required a second time, they will be granted only on loan under the regulations established in the 6th Section, that is to say, a Subscriber having once proceeded to Europe on the Fund, has no further claim to gratuitous aid.

Art. 31st. All payments on account of the Fund in England will be made in the same manner as pay is issued to Officers upon furlough, upon certificates to be granted by the Secretary.

Art. 32d. The agents' drafts will invariably be drawn in favour of the parties who are entitled to receive the pensions, &c. or their order.

Art. 33d. With the view of, securing the Fund against decay and ultimate failure, the original intention in regard to donation, shall be strictly adhered to, namely, that the donations paid by Officers be "for the purpose of forming a capital," and that the subscriptions of Officers, the Company's donation, the interest on the capital, and all other profits, be alone available to defray the expenses of the Fund; and the books and accounts of the Fund shall be kept to that effect.

Art 34th. Should the subscriptions of Officers, the Company's Donation, the interest on the capital, and all other profits available to defray the expenses of the Fund, fall short of the demands upon it, so that the total amount of the former will not defray the amount of the annuities and other claims, then it shall be in the power of the Directors to make a proportionate deduction according to Table D, from the annuities of all widows and children, until the state of the Fund shall afford the means of complete payment.

Art. 35th. The Secretary shall lay before the Directors at the regular monthly meeting in November each year, an estimated state of the Fund for the current year; and the Directors having taken the same into consideration, shall declare what deduction, if any, may be required on annuities for the ensuing year, on the principle of the preceding Article.

KING'S MILITARY FUND.

Regulations of a General Military Fund for the benefit of Widows and Children of Deceased Officers in His Majesty's Service in India, established in 1820 *and revised in* 1827.

Under the protection and countenance of, the Most Noble the Marquis of Hastings, Commander-in-Chief in India, the above named fund was established in the year 1820, for the purpose of sending home, in comfort and respectability, the families of deceased officers in His Majesty's Regiments, serving

in India, who may have been left destitute; and of preventing the painful and degrading practice of appealing to the public for subscriptions on such occasions; and also of providing relief in such cases as may require it, until they can be conveniently sent home.

It having since been found advisable to make some alterations in the rules and regulations then established, the following revised regulations, passed with the general consent of the officers of the army, have been approved of by His Excellency the Right Honorable Viscount Combermere, Commander in Chief in India, who has been pleased to become patron to the Institution.

1st. That the Committee of general management formed at Calcutta shall consist of the following persons for the time being subscribers; viz.

The Major General Commanding the Presidency Division.

The Adjutant General of His Majesty's Forces in India.

The Quarter Master General of His Majesty's Forces in India.

The Commandant of Fort William.

The Assistant Adjutant General of His Majesty's Forces in India.

The Military Secretary to the Commander-in-Chief.

The Major of Brigade of His Majesty's Forces.

The Paymaster of His Majesty's Troops; and,

The Paymaster of His Majesty's Regiment quartered in Fort William.

2d. That a sub-committee for inquiring into all circumstances connected with this fund, and acting under the general committee, shall be formed at Madras and Bombay composed as follows;—such officers being Subscribers:

The Senior Officers of His Majesty's Army at the Presidency.

All Officers of the General Staff.

The two Senior Officers of His Majesty's Regiment stationed at the Presidency.

The two Senior Subalterns of ditto.

And that the Major of Brigade of King's Troops may be good enough to act as Honorary Secretary.

3d. That every officer shall pay monthly, according to his rank, as specified in the Margin.*

4th. That the Paymasters of Corps shall be authorised and required to make those deductions monthly, and shall regularly remit the same to the Agents of the King's Military Fund, Messrs. Fergusson and Co. Calcutta.

5th. All married Officers shall subscribe to the Fund within three months after joining their Regiments or stations, and Bachelors within three months after their Marriage; any Officer neglecting so to do, shall at no future time be admitted as a

Subscriber, unless by the sanction of the General Committee, always paying up arrears from the date of his joining or marriage, as the case may be; or, if in India at the time, from the date of the revision of these Regulations, 1st August 1827.

6th. That in order to obviate the difficulties which would arise from the occasional remote situations of His Majesty's Corps, serving under the several Presidencies, the Most Noble the Governor General in Council, was pleased to order and direct when the fund was established, that bills may be granted to the Pay-Master of His Majesty's Regiments by the Governments of Madras and Bombay, on the Government of Bengal, at the Exchange of 108 Calcutta Sicca Rupees for every 116 Madras Rupees, and 325 Calcutta Sicca Rupees for every 350 Bombay Rupees, payable at sight to the General Agents in Calcutta, thereby avoiding Commission, double agency, and risks of exchange.

7th. That all grants of assistance from this Fund shall be regulated and assigned by committees of subscribers, as herein declared.

8th. That in order to ascertain the circumstances of any widow or family, who may have become destitute by the death of any regimental officer, such widow shall memorialize or represent, the case of herself and family, through the commanding officer of the corps, the casualty occurred, in order to its being brought to the consideration of a committee, and the commanding officer shall, as far as his knowledge will enable him, state his opinion of any case so received.

GENERAL COMMITTEE.

PRESIDENT.

A Field Officer, (if practicable,)

1 *Captain, Surgeon, or Paymaster.*
2 *Lieutenants, or* 1 *Lieutenant and*
1 *Quarter Master, or* 1 *Assistant Surgeon.*

9th. That whenever there may be mixed corps of His Majesty's service, or more than one stationed together at the same time, every application for relief from this Fund shall be heard and decided on by a general committee, composed, as equally as possible, of officers from such corps present, being subscribers to the Fund.

10th. As it may often happen, that officers die while the corps they belong to is stationed by itself, or remotely detached, it shall be in the power of every commanding officer of a regiment so situated, to assemble a committee of any five officers (being subscribers,) to hear and decide upon the case of any widows and children so become destitute, and seeking relief from this Fund. It shall also be competent for the Commander-in-chief at either Presidency to assemble a special committee, to report on the case of any lady who may become a widow, whilst the regiment to which her husband belonged, shall be at another distant station or on service beyond Sea.

11th. That such general, special, or regimental committees, as the case shall be, having duly examined into the circumstances of the party seeking relief, shall report their opinion on, and recommend the amount to be granted, whether for passage money or maintenance, strictly in conformity with the regulations annexed. The opinion and recommendation of such committees shall be forwarded to the agents of the general committee, if in Bengal, or to the honorary secretary of the sub-committee, or such person as may be appointed by the Commander-in-chief; if at the Presidency of Madras or Bombay, by the officer commanding the corps in which the casualty may have occurred.

12th. The Sub-committee at Madras and Bombay will, on satisfying themselves with the accuracy of the statements laid before them, draw upon the agents at Calcutta for the amount of the sum which may be awarded; but in the final adjustment of the accounts of such sub-committee, the general committee will consider themselves bound to object to any sum, however trifling, which may be granted in excess of the rules laid down.

13th. The sub-committee will, on drawing for any sum on the general agents transmit the report of the station committee, as well as their own opinion and explanations of the award as a voucher, and they will afterwards, as soon as possible, transmit the proper receipts and certificates, showing that the money has been appropriated in the manner and for the purposes for which it was awarded.

14th. The object of this Fund being clearly confined to sending Home, distressed families of deceased officers, with a view of preventing those painful appeals for assistance to the public, at once so humiliating to respectable individuals and the King's service in India, it is earnestly hoped that all ranks of staff and regimental officers will support it.

15th. But to prevent doubts and misconceptions, which might possibly arise hereafter, it is distinctly declared, that no widow who is not in distressed circumstances, or no lady continuing to reside in this country after the death of her husband, can expect any provision or pension for herself or children from the fund, further than is stated in the 8th clause of the schedule of awards. It is also declared, that no widow is entitled to passage money or allowance for travelling, unless she shall actually proceed to sea or on her journey in the manner for which any allowance may have been drawn; and should she have received such allowance, she will be required to refund: and further that no widow under any circumstances, shall be entitled to any assistance from this Fund, unless the application shall be made in the usual Form within six months after the demise of her husband.

16th. Orphan children are eligible for the benefits of this fund, but awards for them must be specially made by a general or sub-committee, and sanctioned by the Commander in Chief of the Presidency, who is requested to appoint some eligible person to take care of them, and provide a passage, &c. &c.

17th. That the general agents in Calcutta shall furnish an annual account of the receipts and disbursements of this Fund, agreeably to forms annexed, to the Adjutant General of His Majesty's Forces; and that that officer be applied to, to circulate the same amongst the subscribers, and the several officers of government at the three Presidencies.

18th. That commanding officers of His Majesty's regiments be requested to pay particular attention in causing the regular quarterly remittances to be made to the general agents, who are requested, from time to time, to apprize commanding officers whenever any corps may fail in making such remittances.

19th. That no general rule or regulation of this fund shall be altered except recommended by the general committee, and approved by a majority of the subscribers.

20th. In taking the opinion of the regiments and staff officers of His Majesty's forces in India a very general wish has been expressed, that *all* widows should have their passage to England, &c. &c. defrayed. The funds will not now admit of it, but should the positive standing balance of the fund, ever amount to forty thousand Rupees (40,000) the committee will again put the question for the sense of the subscribers, with a provision that such charge should again cease on the balance failing to thirty thousand Rupees (30,000); and as in that event all married officers will have a claim on the Fund. Their subscriptions should then be augmented. As an officer ceases to be a subscriber on leaving India, all claims on the Fund must, in like manner, cease from the same period; but an officer going to sea for benefit of his health, being entitled to his Company's allowances will be considered as a subscriber, during his absence.

Public Department, Jan. 15, 1834.

Para. 1. In reference to our dispatch in this Department, dated the 5th of October 1831 (No. 43) and to your Letter in reply dated the 3d of August 1832 (No. 30), we think it right to explain that in requiring the Expectants of Annuities from the Fund of 1800 we were in England at the time that the arrangements for extending the Fund were made at your Presidency in 1814; to make certain payments to entitle them to annuities upon the Fund of 1814, we never contemplated requiring from them a reimbursement of the allowances granted to them at home under the Regulations of 1800 and which they cannot be called upon to repay, not having ever returned to India.

2. You will inform the Trustees accordingly that the only payments which we require of such Expectants are the sum of 2,000 Pagodas for the support of the Annuity Branch, and such arrears, if any as may, be due under the provisions of the Fund of 1800.

THIRD MADRAS LAUDABLE SOCIETY.

The Laudable Society is an association for the purpose of providing a fund for the Insurance of Lives, with this difference from ordinary Life Insurance Offices that the Funds of the Society accumulate for the benefit of the Insured; and not of the Insurers. It does not profess to insure any specific sum to the representatives of the deceased, but merely their proportion of such sum as the accumulation of the subscription shall eventually yield.

Regulations of the Third Madras Laudable Society.

ARTICLE 1.—The object of the Association is to provide a Fund for the Insurance of Lives. This Fund is to be portioned into shares; and an individual may subscribe for a certain number of shares, either on his or her own Life, or on the Life of any other individual. In the former case the general Estate of the deceased, or such person or persons as he or she may by will or assignment have appointed, shall benefit in the event of a lapse; in the latter, the person who may have subscribed on the life of the deceased, shall benefit to the extent of the shares subscribed for, unless, in either case, such shares be especially declared at the time of subscription to be for the benefit of any other person or persons, or to be subsequently made over according to the form hereafter prescribed for the benefit of any other person or persons, in which case such person or persons shall be entitled to benefit in the event of a lapse, and no other.

ARTICLE 2.—In the case of a person subscribing on the life of another, the party subscribing, and not the party on whose life the subscription is made, shall be considered a member of the Society and have a voice in the management of its concerns. Co-partners or other bodies of individuals may hold one or more shares jointly on any given Life, either for their own benefit or for that of others, but in such case, the parties writing in the Subscriptions shall not be entitled each to a separate voice in the concerns of the Society, but must vote collectively, or by the deputation of one of their number, on all matters thereto relating.

ARTICLE 3.—The great principle of this Society is, the equal division of its accumulated funds among the parties entitled to benefit by lapse of Lives subscribed on according to the number of shares which those parties may respectively hold.

ARTICLE 4.—The Third Laudable Society shall commence on the 1st January 1835, and shall close on the 31st December 1837, at Midnight.

ARTICLE 5.—Not more than three Shares can be subscribed for, on any one Life, whether those shares be held by one or more individuals.

ARTICLE 6.—Persons shall be at liberty to subscribe for half quarter or eighth of shares either on their own lives or on the lives of others, and in case of lapse, the Estate of the deceased, or the parties for whose advantages the subscription is declared to be, or who may have become entitled to such advantage by Will or Assignment, shall benefit by the Funds in a like fractional proportion.

ARTICLE 7.—The following are the rates of Subscription to be paid half yearly on each share, half share, quarter share, and eighth of share, according to the Age of the parties whose Lives are subscribed on, at the time of admission into the Society, viz.

The concurrent opinion of three of the five Directors shall be decisive, on all matters, relating to the concerns of the Society, not at variance with these fundamental Regulations which can be altered only by a majority of the Members residing in Madras.—No question, however, shall be proposed to the members at large without the concurrence of a majority of the Directors. In case of the death or removal from Madras, of any of the Directors, another or others shall be chosen, by a majority of the Members of the Society then residing in Madras, or by a majority of such Members residing at Madras as may attend at a General Meeting to be convened for that purpose.

ARTICLE 21.—No subsequent increase of Shares on any Life shall be allowed, except on a fresh application to be again approved of by the Directors, and accompanied by a Certificate and Affidavit as above. The subscriptions on the additional shares to be according to the Age of the party at the time of making the new application.

ARTICLE 23.—As often as a sum exceeding Rupees one Thousand shall be collected it shall be laid out in the purchase of Government Paper. All Public Securities purchased for the Society shall be specially endorsed to three or more of the Directors, and the interest only shall be made payable to the Secretaries and Treasurers.

ARTICLE 24.—The person or persons entitled to benefit by the lapse of a life in the Society, shall, on making application to the Secretaries in writing, accompanied by such proofs of the casualty as may be satisfactory to a majority of the Directors, immediately receive the sum of two Thousand Madras Rupees on each share, one Thousand Rupees on each Half share, five Hundred Rupees on each Quarter share, or two Hundred and Fifty Rupees on each Eighth of a share, which he or they may have held, or be entitled to on the lapsed life; provided, that in the opinion of the Directors, the state of the Funds of the Society will admit of so large a payment being made. Should the Directors think, however, that the Funds will not allow of an immediate payment to this amount, then such sum only shall be advanced as they may deem proper, and the balance of the prescribed advance shall be paid so soon as the Directors shall be of opinion that the Funds will safely admit of it.

ARTICLE 25.—*At the expiration of the Society on the 31st December 1837*, it is proposed, that a New Society, but subject to such further alterations as experience may suggest, shall be immediately instituted, into which Society all Members then holding shares on unexpired Lives in the Second Madras Laudable Society shall be at liberty to transfer those shares without any renewed *certificate of health*, in consideration of a sum of money to be paid to such new Society out of the Funds of the Third Madras Laudable Society. To entitle Members of the Third Laudable Society to transfer the shares held by them into the ensuing or Fourth Laudable Society, no regular form of Application shall be necessary; but a Certificate of Admission into the new Society shall be immediately issued to them on the simple payment of the usual first year's Subscription in advance, subject however to the established penalty of two per cent. in the event of the payment being delayed beyond the term of one month from the commencement of the new Society, and to the entire forfeiture of the privilege of Transfer (excepting on a new application to the Directors, accompanied by the regular certificate of health, &c.) if not made good within the second month from that period. The rates of subscription for Members transferring their shares from the Third to the Fourth Laudable Society shall be according to the respective Ages of the parties, on whose Lives the Shares are held, on the 1st of January 1839.

ARTICLE 26.—*It is proposed to render the Institution of the Laudable* Society permanent by establishing a New Society in succession to each Society as it expires, and arranging the transfer of the shares agreeable to the above principle.

ARTICLE 27.—Upon the transfer to the Fourth Laudable Society of any share or shares in the Third Laudable Society which may stand assigned by endorsement or otherwise for the benefit of any other person or persons than the person or persons originally interested therein, or upon any subsequent transfer of any share or shares so assigned from the third or any succeeding Society to the Society next ensuing, such share or shares shall continue in all respects subject to the lien of the assignee and shall be declared to stand for the benefit of such assignee in the Certificate of Admission to be issued from the new Society.

ARTICLE 28.—Within one month and fifteen days after the 31st December, 1837, the accounts of the Second Laudable Society shall be made up, and the balance of Funds actually on hand, after deducting the payment of ten per cent. to the new Society, shall be divided by the number of shares held on lives subscribed upon in this Society which may have lapsed between its commencement and its close as may be ascertained previous to the 15th day of February 1838—and the parties entitled to benefit, by such lapses, shall each receive his or their portions of the said Funds, according to the number of Shares respectively held by them on the several lapsed Lives—the holders of half quarter or eighth of shares, dividing according to those fractional proportions.

ARTICLE 29.—With respect to any lapses of Lives in this Society which may not be ascertained on or prior to the 15th February 1838 such lap-

ses shall be at the risk of the next ensuing Laudable Society, and the Dividends, to which the parties claiming to benefit by such lapses may be entitled, shall be paid out of the Funds, and agreeably to the Regulations of the said ensuing Society, on the said lapses being ascertained. But it is hereby expressly provided, with respect to any lapses which may have occurred at any place to the Eastward of the Cape of Good Hope, that notice of such lapses accompanied by satisfactory proof of the same must be given to the Secretaries to the Third Laudable Society within one year from the expiration of the Second Society, on the 31st December, 1837, or within two years, if the lapses have occurred in Europe or elsewhere beyond the Cape of Good Hope; and that in the event of the party or parties interested neglecting to prefer his or their claim on account of any such lapses within the period here described, he or they shall entirely forfeit all right and title to any benefit whatever, by reason of such lapse from the Funds of the fourth or any succeeding Society.

ARTICLE 30.—Any mistatement in the Affidavit of Health makes the policy void, as does suicide in cases when a person effects an insurance on his own life, but not so in the case of Creditors effecting an insurance on the lives of their Debtors.

9th.—Any member desiring to transfer his interest in any Share or Shares which he may hold in the Society, shall be at liberty to do so by an indorsement to be written on the original Certificate, which indorsement, however, shall not be valid until the Certificate bearing the same shall have been produced to the Secretary, and the transfer duly registered by him on a General Book of Registry to be kept in the office of the Society.

10th.—As often as a sum exceeding Sa. Rs. 5,000 shall be collected in the hands of the Treasurers, it shall be laid out in the purchase of Government Paper, Bank Stock, or in Loans secured by a deposit of Government Paper, to be granted under the control and authority of the Directors; it being clearly understood, that in all cases of loan, the saleable value of the deposit shall be more than sufficient to cover the sum lent. All public securities purchased for the society, shall be specially indorsed to three or more of the Directors, and the interest only shall be made payable to the order of the Secretary.

11th.—The person or persons entitled to benefit by the lapse of a life in this Society, shall on making application to the Secretary in writing, accompanied by such proof of the casualty as may be satisfactory to a majority of the Directors, immediately receive the sum of Four thousand Sicca rupees on each whole Share, Two thousand rupees on each half Share, or One thousand rupees on each quarter Share, which he or they may have held or be entitled to on the lapsed life.

12th.—Within one month and fifteen days after the 31st December 1839, the accounts of the New Laudable Society shall be made up, and the existing

Funds divided by the number of Shares held on lives subscribed on in this Society, which may have lapsed between it's commencement and it's close, or may be ascertained previous to the 15th of February 1840, provided, however, that the dividend receivable by the parties entitled to benefit by such lapses, shall not when added to the advance already paid them, make a total exceeding the proportion of Sicca Rupees 6,000 for each whole Share, Sicca Rupees, 3,000 for each Half Share, or Sicca Rupees, 1,500 for each quarter Share; unless it shall appear to the Directors, after the lapse of one years's experience of the Society, and be confirmed at the half yearly Meeting of the Shareholders to be held in January 1836, that the sum may be extended with perfect safety, to Sa. Rs. 7,000 on each lapsed Share; besides leaving a surplus for survivors, in which case the final payments shall be extended to Sa. Rs. 3,000 for each whole Share, Sa. Rs. 1,500 for each half share, and Sa. Rs. 750 for each quarter share.

13th.—After completing the above sum of Sa. Rs. 6,000 or Sa. Rs. 7,000, shall be hereafter decided on, any surplus which may exist, shall be set apart, and made over, or paid rateably to the holders of Policies or parties beneficially interested in Policies on the lives of survivors on 31st December 1839, at midnight, according to each party's interests therein, and on application to the Secretary.

14th.—The Directors to be at liberty, on the application of the party or parties entitled to benefit of the lapse of lives in this Society, to discount, if they shall see fit at any time, the ultimate dividend on Shares: and in cases where fractional Shares are held, in the same ratio, at such rate of interest per annum as they may think fit for the general interests of the Society to charge.

15th.—A Meeting of the Members of the New Laudable Society shall be called half yearly by public advertisement, and with at least a week's previous notice, as soon after the 1st of January, and 1st of July of each year as practicable, and not later than the 26th of January or 26th of July respectively, when a statement of the funds of the Society, Books, Accounts, Securities, &c. shall be laid before them by the Secretary and Directors.

16th.—At such half yearly, and all other Meetings of the Society, every shareholder, wherever resident, shall be entitled to give his voice on any point or question before the Meeting, voting accordingly; and votes to be taken personally or by proxy, or other written authority, signed by the party beneficially interested in the Society as a Policy or Shareholder.

17th.—In conducting these stated meetings, or any other meetings connected with the business of the Society, or in the settlement of any question relative to the concerns of the Society which may be proposed for the decision of the members at large, a member holding ten or more shares on any one life, shall be entitled to three votes, one holding from five to nine shares to two votes, and one holding any number of shares less than five, to one vote only. Members holding shares on different lives shall be entitled to the number of votes proportioned to the number of shares which they hold on each life, but any member holding only a fraction of a share, shall not be entitled to vote.

18th.—A majority of votes at any meeting at which two-thirds of the Society shall be represented, shall be conclusive upon all subjects, even to the removal of any of the Directors, Secretary, or Treasurers. In ordinary matters, and in conducting the general business of the Society at such meetings, save where special provisions are set forth in these Regulations, the voice of the majority present shall be conclusive and binding on all.

19th.—Any three of the Directors, or any ten Members having individually an interest to the extent of one share or more each in the Society, to be at liberty to convene a Meeting by public advertisement with seven days' notice; but no Resolution passed at such extraordinary Meeting shall be

conclusive, unless the purport of it has been specified in the advertisement convening such meeting.

20th.—The business of the Directors shall be to superintend, direct and control the management of the Funds, to examine the Secretary's Accounts, to decide on all applications for admission, and generally to control the current business of the Society, but not at variance with the fundamental Regulations, which can be altered only by a majority of the Members at a General Meeting convened for that specific purpose, and no person shall be considered qualified for the Direction, who does not hold at least one share in the Society, unless a majority of the whole of the Shareholders shall specially vote for his election, notwithstanding his holding less than one share.

INDIAN BRANCH

OF THE

Universal Life Assurance Society, &c. &c.

Directors.—James Pattle, Esq. Chairman; Colonel William Dunlop; George Dougal, Esq.; Francis Macnaghten, Esq.; James Ranald Martin, Esq.; Chas. Robert Prinsep, Esq.; Robert Saunders, Esq.; William Hunter Smoult, Esq.; Captain James Steel.

Treasurer.—Bank of Bengal.

Agents and Secretaries.—Messrs. Bagshaw and Co.

The Directors of this Society have caused investigation to be made with great care into the existing Institutions for Life Assurance, &c. &c., and they trust they have been fortunate in selecting from each what as a whole will place their Establishment on the most secure, judicious, and satisfactory footing both to the Proprietors and the Assured.

The plan of this Society is to transact all it's business on such terms as to leave, in all human probability, a small but certain excess of profit on the general result of it's transactions. A small portion of that profit is set apart as a compensation to the Proprietors, who have advanced the capital necessary for defraying the unavoidable expense of the Institution, and who have pledged the subscribed Amount of their capital in order to afford that responsibility, which relieves the assured from any contingency of loss to which they might be liable without the intervention of such a guarantee.

Persons assured with this Society for the *whole term of Life*, will be entitled *to three-fourths of the profits*, after they shall have made five complete annual Payments: in every subsequent year a similar division will take place, the profits being estimated from the average of the five preceding years; thus one year's average profits will be annually divided.

The Directors of the India Branch of the Society are empowered, after a lapse of any number of years, to treat for the purchase of Policies, or to

advance if required on any Policy, by way of loan, two thirds of it's estimated value, and also to appropriate the profits at the option of the assured to the augmentation of the amount of Policies, in diminution of the annual premiums, or in permitting them to accumulate, till all further payment of premiums becomes unnecessary.

When application is made for assuring a life subject to more than ordinary hazard, an augmented premium will be charged proportioned to the increased risk, which will be regulated by the strictest attention to justice between the Society and the Assured, according to the circumstances of the case.

Every proposal for Assurance will be immediately attended to, and the Assurance completed generally within a few days after the application is made.

Premiums are *ordinarily payable half yearly in advance*; but Policy holders are at liberty to make arrangements with the Society to pay their Premiums *in one amount*, in annual or quarterly payments, or during a given number of years; viz. 5, 10, 15, or 20 annual payments. Many persons may wish to avail themselves of a present season of prosperity and adopt the latter course, and although their contributions will thus cease with the expiration of the term they may fix upon, their share of the profits will continue to be added to their Policies annually during the remainder of life.

Where the application for Assurance makes no mention of the date from which the Assurance is desired to take effect, the Policy will be issued on the date of the approval of the risk by the Directors; no Assurance to be binding on the Society until the first Premium shall have been actually paid to the Agents.

The parent institution being in London, with a similar establishment in Calcutta for granting Policies, Premiums, as well as Claims, are payable in either country at the entire option of the Policy holder. The establishment of Sub-Agencies at Madras and Bombay, under the management of the Calcutta Branch, affords similar facilities to persons residing at either of the Sister Presidencies. Assurers, on arrival in England in approved health, may be permitted, during their abode there, to pay Premiums according to the reduced scale for Great Britain.

The accounts of this Society, after being investigated by Auditors, chosen as well by the Assured as by the Proprietors, will be laid before a General Meeting to be convened for that purpose: in like manner the accounts of the Parent Society will be regularly transmitted to India for the same purpose—the India Branch enjoying reciprocal advantages with the Parent Society.

All Policies becoming claims on the Society will be discharged within 3 months after the Assurer's death has been furnished to the Directors either in London or Calcutta.

This Society makes a natural distinction between persons exposed to the hazards of Military and Maritime occupations, and those whose occupations are of a Civil nature; but Members of the Military Service holding offices purely Civil are admissable to Assurance, or continuance of Assurance at Civil rates of premium, such admission being in all cases determinable by the Directors, on the circumstance of the case itself, and it is limited exclusively to the period of services purely civil.

The Military Scale for the period of WHOLE LIFE having been found by the Directors to have been calculated on too high a ratio, are now under reference to the Directors in England, and the proposed reduction when assented to, will have retrospective operation.

All applications for Assurance must be accompanied by a Medical Fee of Eight Rupees.

The Tables, Blank Forms, and other particulars requisite to enable persons to effect Assurances, may be had on application to the Agents.

By order of the Directors.

N. B—The Premiums of Assurance on the Lives of *Commercial Men, and others in the Civil, Military, or Naval Employ, will be regulated* according to the situations and circumstances of the parties by one or the other of the above Tables, at the discretion of the Directors of the Society.

☞ Premiums are *ordinarily payable half yearly in advance.*

Instructions to Persons desirous of effecting an Assurance on their Lives in the Universal Assurance Society.

1.—The person on whose Life the Assurance is to be effected must wait on his usual Medical Attendant with the accompanying letters, and transmit the same to the Directors of the Society agreeably to the instructions given.

2.—In case of the absence of the usual medical attendant, and the Certifying Surgeon cannot of his own knowledge answer the queries put to him as to the general habits of the person applying for Assurance, such other Certificate or Certificates may be furnished as may be presumed calculated to satisfy the Directors.

3.—The Report of the Surgeon will be considered as strictly confidential. The Official Medical Adviser of the Society will alone be consulted when the advisableness of any risk admits of doubt.

4.—An Affidavit, of which the form is annexed must be taken before a MAGISTRATE, or where *there is no Magistrate, before the* PRINCIPAL CIVIL or MILITARY OFFICER OF THE STATION, *or a solemn declaration according to the same form must be made before either of the* DIRECTORS OR THE AGENTS OF THE SOCIETY IN CALCUTTA, MADRAS, or BOMBAY, as soon as possible after the party has appeared before the Surgeon for examination.

5.—Applicants being conscious of any of the diseases enumerated in the Declaration and Affidavit, may note the same, that the Directors may consider whether an additional Premium will cover the additional risk.

6.—Should the Directors agree to take a risk more or less objectionable a rate of premium higher than ordinary will be stipulated for accordingly, to which the applicant may of course assent or not, as he may judge expedient. But whether a risk be altogether declined, or a rate of premium higher than the ordinary be proposed, the officers of the Society are prohibited from offering any explanations on the subject.

7.—These instructions, with the declaration of the Medical Reporter, and the affidavit or declaration hereunto annexed, must, when duly attested, be forwarded along with the report, without any unnecessary delay, to the Directors of the Society.

HALL, BAINBRIDGE AND CO. *Agents.*

N. B.—Persons residing in or near Madras are also required to appear before the Medical Officer of the Society, Dr. T. M. LANE.

CONDITIONS.

1.—The Payment of Premiums must be made within twenty-eight days after the day they shall become due, or the Policy will be void; but, upon proof being given, to the satisfaction of the Managing Committee or Directors, that the party whose Life has been assured continues in good health, the policy may be revived at any period within three months, on payment of a fine of one half per cent, on the sum assured, or at any any period within six months, on the payment of such fine as the Directors may think reasonable.

2.—Assurances shall be void if the parties whose lives have been assured shall without having obtained the previous written consent of the Managing Committee or Directors for the time being, go to any of the excepted places enumerated below, or enter into, or engage in any Military, Maritime or other hazardous service or employment whatever, other than their declared regular professional duties or services: but no additional premium will be demanded from any assurer proceeding on public duty in obedience to the orders of his superiors to any of the excepted places.

3.—If the assured shall die by duelling, by their own hands, or by the hands of justice, this Policy shall become void so far as respects such persons; but, in such cases, the Managing Committee or Directors are empowered to allow to the representatives of the person so dying, any part of the sum assured as they shall thing fit; the Assurance, however, shall remain in force so far as any other person or persons shall have acquired a bona-fide

interest therein, by assignment, or by legal or equitable lien; the extent of such interest to be proved to the satisfaction of the Directors.

4.—Where the application for Assurance makes no mention of the date from which the Assurance is desired to take effect, the Policy will be issued the date of approval of the risk by the Directors. No Assurance to be binding on the Society until, and unless, the first Premium shall have been actually paid to the Agents.

5.—In case of lapse of Life within the first six months of the time covered by the Policy, the Premium for the following six months if not already paid will be deducted from the sum assured, it being agreed that Premium for the whole of the first year shall in all cases be paid.

6.—Claimants must make proof of the decease of the person on whose life the policy is effected, and give such other information respecting the same, (particularly as to the disease or other occasion of death,) as the Directors may reasonably require.

7.—No receipts are to be taken for any Premium of Assurance or Deposit, but such as are printed and issued from the Office, and signed by the Agents of the Society,

8.—The places excepted, and above referred to, are declared to be Arracan, the Soonderbuns of Bengal, Assam, and all places subject to periodical visitations of the Plague. Upon the lives of persons insured, resorting to any of the above excepted places, additional Premium will be demandable at the discretion of the Managing Committee or Directors,

And be it further enacted, that no person who shall have held any Civil or Military Station whatever, in India, in the Service of the said United Company, being under the rank or degree of a Member of Council, or Commander in Chief of the Forces, and who, having departed from India by leave of the Governor General in Council, or Governor in Council, shall not return to India within the space of five years next after such departure, shall not be entitled to any rank or restoration of office, or be capable of again serving in India, either in the European or Native Corps of Troops, or in the Civil line of the Company's Service; unless in the case of any Civil Servant of the Company, it shall be proved, to the satisfaction of the Court of Directors, that such absence was occasioned by sickness, or infirmity, or unless such person be permitted to return with his rank to India, by a vote or resolution passed by way of ballot, by three parts in four of the Proprietors assembled in General Court, specially convened for that purpose, whereof eight days previous notice of the time or purpose of such Meeting shall be given in the London Gazette, or unless, in the case of any Military Officer, it shall be proved to the satisfaction of the said Court of Directors, and the Board of Commissioners for the affairs of India, that such absence was occasioned by sickness or infirmity, or some inevitable accident.

OFFICERS RETIRING FROM SERVICE.

Regulations respecting Military and other Officers retiring from the Company's Service.

Officers who have served less than three years in India, and have lost their health there, are entitled to an allowance from Lord Clive's Fund, if the Court of Directors shall adjudge them to be proper objects of that Bounty, to the extent of

If a 2d. Lieutenant, Cornet, or Ensign, two shillings a-day, or £36 10s. a year; if a Lieutenant, two shillings and sixpence a-day, or £45 12s. 6d. a year; provided they are not possessed of, or entitled to, real or personal property, to the extent of, if an Ensign £750, if a Lieutenant, £1,000.

A Lieutenant having served thirteen, or a 2d Lieutenant, Cornet, or Ensign, nine years in India, (including three years for a furlough), may retire on the half-pay of his rank, in case his health shall not permit him to serve in India.

Regimental Captains, Majors, and Lieutenant-Colonels, who have not served sufficiently long in India to entitle them to retire on full pay, and whose ill-state of health renders it impossible for them to continue to serve in India, are allowed to retire from the Service on the half-pay of their respective ranks, viz.

After twenty-three years Service in India, including three years for a furlough, on the full pay of Captain, viz. £191 12s. 6d. per annum; after twenty-eight years Service in India, including three years for a furlough, on the full pay of Major, £292 per annum; after thirty-three years' Service in India, including three years for a furlough, on the full pay of Lieut.-Colonel, £365 per annum; after thirty-eight years' Service in India, including three years for a furlough, on the full pay of Colonel, £456 5s per annum.

If they have served five years, or are obliged after three years' Service in that Station to retire from ill-health, they are allowed £700 per annum.

Superintending Surgeons, who have been in that Station not less than two years, and whose period of Service has been not less than twenty years, including three years for one furlough, are permitted to retire from the Service, and allowed £300 per annum, or in the event of ill-health, they may retire on that pension after any period of Service as Superintending Surgeon. If they have served five years, or are obliged after three years Service in that Station to retire from ill-health, they are allowed £365 per annum.

All other Surgeons, and Assistant Surgeons attached to the Military, are permitted to retire from the Service on the pay of their rank, after having served in India not less than twenty years, including three years for one furlough.

When Officers on furlough retire upon the pay or half-pay of their rank, they are only entitled to claim the benefit of the rank held by them at the expiration of one year from the date of their landing in the United Kingdom.

A Veterinary Surgeon is allowed to retire on seven shillings a day after twenty years Service; including three years for one furlough; five shillings and six pence a-day after thirteen years Service, including three years for one furlough; and three shillings a-day after six years Service, in the two last cases provided his health shall not permit him to continue to serve in India.

A Chaplain after eighteen years Service in India, including three years for one furlough, is allowed to retire on the pay of Lieutenant Colonel; after ten years (if compelled by ill-health to quit the Service), on the half-pay of Lieutenant-Colonel; after seven years, on the half-pay of Major.

A Commissary or Deputy Commissary of Ordnance, not being a Commissioned Officer, is allowed to retire on full pay if he has served twenty-seven years in India, of which twelve must have been in the Ordnance Department; twenty-five years, fourteen of which in that Department; or twenty-two years, seventeen years of which in the Ordnance Department.

A Conductor of Stores is allowed to retire on £60 per annum after twenty-five years actual Service in India.

Officers retiring from the Service, will be considered to have retired from the date of their application for leave to retire: or from the expiration of two years and a-half from their quitting India, whichever shall happen first.

FURLOUGH.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness, and as hereafter specified) to their rotation to be absent on furlough, and the same rule is applicable to Assistant Military Surgeons, and Veterinary Surgeons. The furlough to be granted by the Commander in Chief at each Presidency, with the approbation of the respective Governments.

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A Chaplain after seven years residence in India, is allowed to come home on furlough and receive the pay of Major. Should he come home from sickness, prior to this period of service, he is allowed the pay of Captain only.

A Conductor of Stores is allowed furlough pay only in case of coming home from sickness.

Officers coming to England on furlough are required immediately to report their arrival by letter to the Secretary, stating the name of the Ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the Officer to his Presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years furlough, unless they shall have obtained an extension of leave from the Court, six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned; or in cases in which it shall be proved to the Court that a further residence in Europe is indispensably necessary.

All Officers finding it necessary to solicit a further leave of absence, on account of sickness, must, if resident in London or its vicinity, appear before the Company's examining Physician, Dr. J. R. Hume, No. 9 Curzon street,

who will report to the Court of Directors his opinion on the state of such officers' health. And if resident in the country, in any part of the United Kingdom, they must transmit with their letter of application for such leave, a certificate according to the following form, signed by at least two Gentlemen, eminent in the Medical profession, viz.

I hereby certify, that I have carefully examined (state the nature of the case, as well as the name of the party,) and I declare, upon my honour that according to the best of my judgment and belief, ———— is at present unfit for Military Duty, and that it is absolutely necessary, for the recovery of his health, that he should remain at least————longer in this country.

Also, previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or by such other evidence as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty on account of sickness, are to furnish a certificate of two eminent physicians in *the above form*, with the attestation of a Magistrate, that the persons who signed the certificate are Physicians.

Officers having obtained an extension of furlough to a given period, must at its expiration apply for permission, either to return to their duty or to reside a further time in England.

No Officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years absence under the Act. of 33 Geo. III. cap. 53, sect. 70.

Every Officer upon leaving India, will receive a printed copy of the General Order on this subject, published agreeably to the Court's instructions, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them; Officers therefore, who shall come home on furlough, and who shall not in due time apply, so as to effect their return to the Presidency, to which they belong, within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than two years and a half from the period of his quitting India until he returns, excepting Colonels of Regiments, and those of the rank of Lieutenant Colonel regimentally, when promoted to that of Major General; the latter are then allowed to draw the pay of their Brevet Rank beyond the above period.

DIMHUTTY BUNGALOWS' REGULATIONS.

Fort St. George, *February* 14, 1834.

Certain Bungalows at Dimhutty on the Neilgherries having been appropriated by the Right Honorable Stephen Rumbold Lushington to the use of all classes of persons to whatsoever Presidencies belonging, who may be compelled to resort to the Hills for the recovery of their health: The following Rules on the subject are published for general information.

1. These Bungalows, six in number, are placed under the care of the Officer Commanding on the Neilgherry Hills, and of the Principal Collector of the District, as Trustees; and it is expected that all Rules which may be established by them for the preservation and order of the Buildings will be implicitly observed and conformed to.

2. With a view to preserve the buildings from decay, and to provide funds necessary to keep them in good repair, the moderate sum of (7) seven Rupees per mensem, and no more, will be charged to each occupant of the Bungalows at Dimhutty. The accommodation to be derived from these buildings will be available to all persons on their first arrival on the Hills, and the payment of this rate of rent will be received only for the period of three months—during which time it is presumed that occupants will be able to provide themselves with suitable accommodation on the Hills.

3. In order to secure in succession and for a reasonable period to the classes of persons concerned, the benefit of the accommodation of these Bungalows, no persons will be permitted to occupy the buildings beyond the period of three months without the permission of the Officer Commanding on the Neilgherry Hills, to whom all applications to take advantage of the benevolent intentions of Mr. Lushington must be invariably addressed.

4. Any person occupying a Bungalow at Dimhutty beyond the period of three months will be required to pay half the amount of house rent allowed to him by Government according to his rank. The proceeds of the rents will be disbursed in providing against the inconvenience experienced from the want of fire places, cook rooms, out houses, and stabling, and in making other provision for the improvement and preservation of the Premises—the payment of rent to be paid monthly to the Paymaster or other person nominated by the Trustees, according to circumstances.

5. The person who may have been the occupant for the longest period shall be the first to vacate the Bungalows after the period of three months, on application being made for admittance by another party.

6. Defacing the walls by writing or drawing, or in any other way, is strictly prohibited, and occupants will be held responsible that their servants do not in any manner damage the buildings, which are to be given over in the same order as when entered.

7. The maltreatment of any persons attached to the Bungalows is expressly prohibited. Occupants may bring any misconduct on their part to the notice of the Officer Commanding on the Neilgherry Hills or to the Principal Collector of Coimbatore.

8. The Garden, (a valuable one,) it is proposed to place at the disposal of some competent European Pensioner, or other person willing to undertake it's cultivation for the profit to be derived from the sale of it's produce to the occupants of the Bungalows, or others generally, at Kotagherry.

FEES UPON COMMISSIONS.

FORT WILLIAM; *24th April* 1834, *No.* 96.

The Honorable the Vice President in Council is pleased to direct, that the following Paras, (3 to 5) of a Military Letter from the Honorable the Court of Directors, No. 97, dated the 6th November 1833, the provisions of which are applicable to the Three Presidencies, be published in General Orders:

Para. 3. "We direct that Fees upon Commissions granted by His Majesty to the Company's Officers, shall be hereafter collected by, and credited to Government, in the same manner as the Fees on Company's Commissions are now collected and credited, and that the Salary to be hereafter granted to the Military Secretary of the Commander in Chief, be Two

Thousand Two Hundred and Fifty Rupees, (Rupees 2,250) per month, in lieu of Fees and all other Emoluments.

4. We observe a great discrepancy in the rates of Fees levied from Officers of the same rank at our several Presidencies, and that those rates in most instances materially exceed the rates paid by Officers of corresponding rank in His Majesty's Service.

5. We therefore direct, that the Fees on Commissions to be hereafter paid by the Company's Officers shall at all the Presidencies, be the same as those charged to His Majesty's Officers of corresponding rank; and that one moiety of those Fees be charged for the Company's, and the other moiety for the King's Commissions."

MILITARY ESTATES.

Fort St. George, 15th February 1833.

The special attention of Commanding and other Officers is required to the provisions of the VI Geo. IV Cap. LXI, regarding the Estates of European Officers or Soldiers of the Company's Service, and to the following explanatory regulations on the subject.

1. Upon the death of any European Officer or Soldier, whether Intestate or otherwise, his Effects then in Camp or Garrison are to be secured under the authority of the Commanding Officer of the Regiment or Station to which the deceased belonged, as directed in Section XVI of the Articles of War; the Committee invariably assembling within four and twenty hours from the time of the Casualty.

2. Should there not be Officers present with the Regiment of the description specified in Art. I, Section XVI of the Articles of War, then the Committee may be composed of such as may be available, the Seniors being selected.

3. The Committee are to take a correct Inventory of the whole of the Effects and Account of the Credits of the deceased, mentioning especially and in all cases whether any and what amount of Cash was found in the deceased's possession, and whether any and what amount of Pay and Allowances was due to the deceased, as also an account of his Regimental Debts, and the same are to be entered in a Book to be kept for that purpose to be entitled "Registers of Estates," which Book shall form a Regimental Record, and a copy of such Inventory and Account shall be forthwith forwarded to the Secretary to Government in the Military Department, such copy to be attested "a true copy from the entry of the Register."

4. It will be the duty of the Committee in preparing such account of Credits and Debts, carefully to investigate the latter and to record their opinions as to the correctness of each claim.

5. Claims coming decidedly within the description of Regimental Debts, to wit, Regimental Mess Accounts, charges or expences relating to the Illness or Funeral of deceased Officers and Soldiers, charges for House Rent, Servants' Wages and House Expences for periods not exceeding one month and the portion of the month in which the Casualty may occur, may be discharged by the Commanding Officer without previous reference to the Secretary to Government in the Military Department.

6. All other claims preferred at Regimental Head Quarters, such as accounts with Station Shopkeepers, loans, &c. must be left for adjustment by the person who may eventually administer to the Estate.

7. It will be the duty of the Commanding Officer to draw without delay whatever arrears of Pay and Allowances may be due to the deceased.

8. In cases of an Intestacy it is ordered that within one fortnight after the taking of the Inventory a sale of the Effects shall take place by Public Auction to the highest bidder, due notice thereof having been given, and within one fortnight after such sale, the Account Sale shall be entered in the "Register of Estates" and a copy of such Account Sale shall be forthwith forwarded to the Secretary to Government in the Military Department, such copy to be attested as directed in para 3.

9. The Officer Commanding will be accountable for the recovery of the amount of all purchases, and for the correctness of all payments from the proceeds of Estates. It being his province to nominate the Auctioneer, and when he may see fit to prohibit the delivery of Goods until their value has been received; credit may be given to Military persons but not beyond the second issue of pay after the sale.

10. It is ordered that within one fortnight after such second issue of Pay the Officer Commanding shall cause to be entered in the said Register an Account in the form annexed, debiting himself with all the Credits of the Estate and crediting himself with all payments of Regimental Debts, and shewing that the balance has been lodged in the Pay Office and a Transfer Receipt obtained, and a copy of the same, attested as in para. 3, together with all vouchers for all payments, and the Sub-Treasurer's Receipt for the balance is to be forwarded to the Secretary to the Government in the Military Department as soon as the Sub-Treasurer's Receipt for the balance shall have been received.

11. The Auctioneer shall in no case receive a greater per centage or remuneration than five per cent, which shall be paid by the Commanding Officer on the day on which the accounts of the Estate are finally closed, if his accounts are correct and the amount of purchases recovered, but not otherwise.

12. If there be any House or article of great value which may seem to the Officer Commanding to justify the postponement of the sale or the extension of credit, beyond the time by this order limited, he may, if he sees fit, postpone the sale, or on his own responsibility, make a special agreement for the payment of the price of such House or Article of great value, such postponement of the sale and such special agreement being immediately brought to the notice of the Secretary to the Government in the Military Department, together with the special circumstances which have seemed to such officer Commanding to justify a departure from the course prescribed in the 8th para of this order.

13. When any Military Person indebted to an Estate shall, before the full payment of the account of his purchases, apply for leave of absence on sick certificate or otherwise, it will be the duty of the Officer in charge of the Estate from which such purchases have been made to recover the payment of the debt prior to the departure of the individual from his Station, or to report the default to the Accountant General and to the Secretary to Government in the Military Department.

14. In the case of a Will, and no Executor named being at the time of the death within the Presidency of Madras, the Officer Commanding shall, together with the copy to the Inventory and account of Credits and Debts mentioned in para 2, forward to the Secretary to Government in the Military Department a copy of the Will. In all other respects the Officer Commanding will proceed as in the case of an Intestacy.

15. In the case of a Will, in which an Executor is named, who at the time of the death of the deceased is within the Presidency of Madras, the Officer Commanding shall, together with the copy of the Inventory and account of Credits and Debts, mentioned in para 3, forward to the Secretary to Government in the Military Department, a copy of the Will.

16. It will in this case be the duty of the Officer Commanding not to direct the sale of any article except live stock, or such as are of a perishable nature, until he shall receive instructions, in writing, from the Executor.

17. The Officer Commanding shall forward to such Executor a copy of the Will, also a copy of the Inventory, and Account of Credits and Debts mentioned in para. 3, noticing at the foot of such copy of the Inventory the live stock and perishable articles which have been sold, and the prices which were given for the same respectively.

18. The Officer Commanding must, in the first place, take care, that all Regimental Debts, &c. are paid, and in the next place, he will attend, as to the disposal of the property of the deceased, as nearly as he can, to the wishes of the Executor expressed in writing.

19. When an Officer, whether Intestate or otherwise, dies at a Station to which he does not properly belong, it will be the duty of the Officer Com-

manding to take all necessary steps, in conformity with the preceding instructions; and the Commanding Officer of the Corps or Station to which the Individual was attached, will likewise, on receiving intimation of the Officer's decease, take similar measures with regard to the property which may there be forthcoming.

20. An Officer Commanding, quitting, or being relieved from the charge of a Regiment shall render to the Officer succeeding to such charge the account of every Estate, whether of an Intestate or otherwise, the accounts and balances of which shall not have been then already rendered to the Secretary to Government in the Military Department, or Executor, as the case may be; and such succeeding Officer will be responsible for the correctness of the account, unless, at the time of receiving charge of the Regiment, he objects to the account and brings such objection to the notice of the Secretary to Government in the Military Department.

21. In case of any Officer Commanding dying, or being by sickness incapacitated from rendering any account, the next Senior Officer shall direct the assembly of a Committee consisting of three of the Senior Officers of the Station or Regiment, for the purpose of taking an account of all Estates, whether of Intestates or otherwise, the accounts and balances of which shall not have been then already rendered to the Military Secretary or Executor, as the case may be; and the Committee so assembled shall render the accounts taken to the Officer succeeding to the Command, in case of such death or sickness,

22. Officers Commanding will be held responsible for the strict fulfillment of the several provisions of this Order, and any loss which may arise by a deviation therefrom, will be recovered from their Pay and allowances under the authority of Government.

23. They will likewise on making over an Estate to the Secretary to Government in the Military Department, to the Executor, or to the Registrar of the Supreme Court, as the case may be, submit a Notification of their having done so for publication in the Fort St. George Gazette.
