GARDENER'S CALENDAR.

January.

MADRAS.

Mean Temperature 76.6—*Average fall of rain* 1.29.

The Season is too far advanced to sow the generality of Vegetables with success at present—but Turnips, Carrots, *Love Apples*, Tomtoes, Lettuce, Endive, Radish, Mustard and Cress, Spinach and Indian Spinage may be sown during all this Month—also successive crops of Cabbage and *Knol Khols* every fortnight. Turnips succeed best when sown in rows—they should be thinned to a distance of six inches from each other. Carrots rarely succeed well when planted at this season—they should be sown broad, but not transplanted, except when required for seed. *Love Apples*, when two or three inches high, should be planted out in beds in five inches square holes, afterwards transplanted in rows ten feet from each other, with a three square feet between the plants in the rows—they should be staked and tied up to two upon. Pumpkins, Bottle Gourds should be sown in rich light soil and trained up the sheds or trees, and pits dug for the young branches to run out upon. Lettuce and Endive should be planted in beds, and transplanted as soon as they have got their second leaf—they may be sown in beds and planted out in the proper distance—few days before they should be blanched. Radish and Mustard and Cress may be successively sown at ten days—for a supply throughout the year. Spinach to be sown in beds and thinned out to six inches apart from each other—they may be transplanted to rows, but they rarely grow out fast after. Indian Spinage should be planted in rows with twelve inches between the plants, and trained up to a trellis work to the rows. This Vegetable continues to flower and yield fresh leaves throughout the year, and requires no care. It is an excellent substitute for Winter Greens. Cabbage and *Knol Khols* should be planted in beds, and transplanted into beds about three or four inches apart in three weeks or a month. They can be transplanted a second time, especially the latter. When transplanted for the last time they should be put in well manured beds at two feet from each other. Horse manure and ground bones are strongly recommended for all the Cabbage tribe. With a little care Cabbage and *Knol Khols* may be procured at any month in the year.

In this month the following Vegetables and Fruits are procurable in the Madras Market in small quantities and at high prices:—Carrots, Turnips, Cabbage, *Knol Khols*, Beet Root, Salad, Sugar Salad, Onions, Radish and Cress, Green Chillies, Ripe Chillies, Country Beans, French Beans, Yellow Beans, Lima Beans, White Beans, Cow Beans, Europe Beans, and Peas—the latter are scarce, and seldom good.

Pineapples, Mandin and Canara Oranges, Choke Oranges, Country Oranges, Pomegranate, Guavas, Apples, Limes, Jack Fruit, Figs, Red Plantain, Yellow Plantain, Tavasseer Fruit, Bullachi, and cross ripe Mangoes.

Also the following Native Vegetables, Grains, Roots, and Flowers:—Calicut Pumpkin, Gourd Pumpkin, Ivetot Pumpkin, Water Pumpkin, Rangy Water Pumpkin, Musket Water Pumpkin, Long Water Pumpkin, Horse Water Pumpkin (which is a superior kind and seldom used for Curry) Gourd Pumpkin, Ruby Pumpkin, White Pumpkin, Green Pumpkin, Cherry Gourd Pumpkin, Ruby Pumpkin, White Pumpkin, Green Pumpkin, the Cashaw is used for Medicine and not for Curry) Musk Melon, White Bringal, Green Bringal, Brown Bringal, Red Bringal, Long Bringal, Spanish Bringal, Green Bringal, Small Bringal, Tomatoes, Ash Pumpkin, Cucumber, Gourd, Snake Gourd, Ridge Gourd, Sponge Gourd, Bitter Gourd, Cow Parkah, Mutton Parkah, Ivory Parkah, Musk, Green, and Mutton Amarahs, Cotton Amarahs, Green Cotton, Red Cotton, Bengal Gram, Gondal Cotton (of another kind) Negro or Cotton Plant, Cotton, Bengal Cotton, Europe Tobacco, Country Tobacco, Jowaree, Ragy, Cumboo, Ragy, Chokra Ragy, Kummeh Ragy, Cotton Seed, Ragy, White and Red Variety Ragy, White, Red, Green, and Variety Ragy,

Kelangoo, (or Sweet Potatoe,) Alvally Kelan-goo, (Yams.) Seree Vally Kelangoo, Radish, Potatoe.

Yellow, Red and White Samindae or Christmas flowers, Mary Gold, Bengal Rose, Silk Rose, China Rose, Nundiah Vattum, Oratory Puttay, and Cunray Flowers.

BANGALORE.

Mean of the Thermometer 70—quantity of rain measured—none.

In this month most of the culinary vegetables are in great perfection; Grapes, Apples, Pine Apples and also a few Strawberries and Peaches are in season. Such Apple trees as have finished bearing may be now pruned, although it would be better to delay it till the ensuing month. Sow seeds of such vegetables as Peas, Radish, Spinach, &c. that do not require more than three months to come to perfection. This is a good month for altering or making a garden, laying walks, &c. Open the roots of Vine trees.

February.

MADRAS.

Mean Temperature 77.7—Average fall of Rain 0.04.

The remarks on last Month apply generally to this; but there is less chance of success in rearing vegetables, as they seldom acquire much strength before the hot winds set in. Turnips and Carrots rarely succeed; but Radish, Mustard and Cress, Lettuce and Endive, Spinach, and the Cabbage Tribe should all be planted in this month and throughout the year.

All the Fruits, Vegetables and Flowers mentioned as procurable in the Market in January may be had in greater perfection and cheaper during this month.

In the beginning of the month Peas are plentiful; and with care the following may be obtained of good quality—Jerusalem Artichokes, Asparagus, Duffin Beans, French Beans, Scarlet Runners, Beet Root, Broccoli, Cabbage, Carrots, Cauliflowers, Celery in great perfection, Lettuce, Lettuce, Knol Khole, Onions, Parsnips, Spinach, Turnips, and Yams. Also the following Fruits—Custard Apple, Bhrill Gooseberry, Guavas, Lemons, Mangoes, Mulberries, Pompelmoes, Raspberries, Sapadella, Tamarins, and occasionally Apples.

BANGALORE.

Mean Temperature 74—No rain.

In this month Pine Apples, Peaches, Grapes and Strawberries may be had in great abundance and perfection—a few Apples remain. Dubba seeds should be sown towards the end of the month, in situations protected from the burning winds of the two ensuing months; the old roots should also be planted in large pots of sand covered with some fermenting vegetable matter to induce them to send out shoots. Very few vegetables can be sown with advantage this month. Graft Peaches and Apples, and Prune Apple trees.

March.

MADRAS.

Mean Temperature 80.8—Average fall of rain 0.70.

Few fine vegetables come to any perfection that are sown in this month—but it is desirable to sow successive crops of Cabbage and Knol Khole which may be planted in beds which are partly from the sun protected, and transplanted into rows as required. With care Salad may be grown in this month, and generally throughout the year.

In the Market Brinjal, Carrots and Turnips may be procured in considerable quantities and pretty good. Turnips are generally very stringy towards the end of March. Country Radish and all kinds of Country Greens may be had in large quantities; but no Fruits can be obtained in the Market, except the Red and White Plantain, which are always in season.

BANGALORE.

Mean Temperature 80—quantity of rain measured 2¼ inches.

During this month the roots of apple trees should be opened by those who approve of that system, and very strong manure should be applied. Strawberries, Grapes and Peaches are in season.—The ground should be dug about Jackfruit, Grapevine and Peach trees.—The ground should require two spading; the roots of Vines. The Oakum round last month will require renewing; and the shoots should be separated from the old roots. Plant to observe roots. Beet root and Celery in perfection. As the winds and hot sun of this month are very injurious to vegetation, as few seeds as possible should be sown.

April.

MADRAS.

Mean Temperature 83.7—Average fall of rain 0.40.

The remarks on March apply equally to this; but as the hot season advances the chance of success in growing most kinds of vegetables diminish. Melons and Cucumbers should be sown during this month. Sow Melons in Mounds and Cucumbers should be sown during this month. Sow Melons in clusters of seed, giving the plant plenty of room to run; when they have made four leaves stop them by pinching off the end; they will then produce two lateral shoots, which stop in a similar manner; and so continue to train each new formed shoot, stopping it at the second or third joint, to form fruit shoots. When the plant begins to shoot fruit, stop the bearing branches two joints beyond the fruit; cover the ground with leaves or straw to keep the roots cool, and to prevent the fruit from breaking or rotting.

In this month Yellow and Red Plantains, Pine Apples, Grapes, Pomplemoose, Chess and Canada Oranges are to be procured in the Market—Carrots, Turnips, Beans and Cabbages are plentiful in the country, and their prices are considerably lower. Pumpkins, Radish, White Cabbage, Peas &c. Pearkergah and Cucumbers are to be had plentifully.

BANGALORE.

Mean Temperature 80—quantity of rain measured 4½ inches.

Sow Seeds and plants to come to perfection in July and August. They will be refreshed by the early rains and will shoot vigorously and meet the rainy rain in November during June. Sow most kinds of vegetable seeds. Dubba Mango will be in flower, if required, should have manure round the roots of the trees, lightly stirring the soil. Plant Sweet Potatoes. Sow wheat. Plant Cotton. The Sooty bugs should be dry this month, as the moisture will very effectually destroy the seeds.

May.

MADRAS.

Mean Temperature 84.8—Average fall of rain 0.77.

Melons, Cucumbers, Love Apples and Nepaul Spinach may be sown during this month; also successive crops of the cabbage tribe and Mustard and Cress. Mangoes, Oranges, Pine Apples, Pomplemoose, Red and Yellow Plantains, and Grapes, are supplied abundantly. Besides Grapes, Peaches, Figs, Pomegranates, or Mooniapillay, and in Flowers all sorts of Mallay Flowers are to be had plentifully in the Market.

BANGALORE.

Mean Temperature 84—quantity of rain measured 3 inches.

Repeat the sowings of last month, as they may be deferred till this month. Transplant the seeds of vegetables sown last month and prepare for seeds for the next month. Sowing of Knol Khole, cabbage, cauliflower, watering the soil richly. The Dubba should now be turned out of the pots into the open ground in a sandy well-manured soil. Sow some Cotton seed.

June.

MADRAS.

Mean Temperature 88.—*Average fall of rain* 1·46.

If the season is at all favourable this is a very desirable time to sow the first crop of *Celery*, *Beet root*, and *Asparagus* in boxes, for transplanting towards the latter end of August or beginning of September.

If the weather should continue very hot during September, without showers, the plant should be kept in the boxes until the end of September or beginning of October. As it is desirable to get strong *Celery* plants before the monsoon, fresh seed should be sown every fortnight from the middle of June until the end of October. *Beet* also should be sown in successive crops and transplanted once or twice. This vegetable is not likely to be injured by the heavy rains of the monsoon. *Asparagus* seed should be sown in boxes towards the latter end of the month, and transplanted in November, in rows two feet apart, and the plants one foot from each other. The soil should be mixed with a large portion of rotten horse manure—it is scarcely possible to make the ground too rich for Asparagus. Fresh Asparagus seed should be sown whenever procurable, and especially between the end of June and the beginning of December.

In this month Mangoes, Oranges, Pine Apple, Pumplenose, Plantains, Pomegranate, Cucumber, Melons, Green Melons, and Limes, are abundantly supplied at low prices in the Market. Carrots, Turnips, Cabbage, and other European Vegetables, are scarce and dear—but Parellaw, Podalongah, Greens, and Brinjals, are procurable in small quantities.

The following Fruits and Vegetables are also to be had in this month—Custard Apple, Sapadeila, Lemon, Mangostan, Parsnip, Salad, and Vegetable Marrow.

BANGALORE.

Mean Temperature 76—*quantity of rain measured* 4 *inches.*

The directions for this month are very similar to many respects to those given for May and April, in order to have the flowers and vegetables later in the season. Mangoes are in great perfection. Stake the Dahlias put into the ground last month. The Natives plough their grounds and sow the earliest. The white grub of the cricket is often very numerous this month, and commits dreadful havoc. This is the best month for sowing seeds from England, &c. provided they arrive in the two or three preceding months, but in general it is advisable to sow them as soon as they are unpacked. The fields for hay should be scratched by the native plough and manured. Cuttings and suckers of Chrysanthemums if taken off and planted in small pots will flower in September.

July.

MADRAS.

Mean Temperature 85·7.—*Average fall of rain* 2·12.

In this month it is desirable to sow Celery, Beet, Knol Khole, Cabbage, Cauliflower, Brocoli, Asparagus, Endive, Lettuce, Carrots, and Turnips.

Celery.—Sow in boxes in this and the two following months—remove to beds when about three inches high, and into trenches as required, after being a month in the beds. The trenches should be 2½ feet deep, filled up with a foot of light soil and stable manure; and afterwards gradually, as the plant grows, with light soil till within about six inches of the top. Water for the first two months with the hand, after which they may be occasionally flooded.

Another way.—Having sown and transplanted as above, remove into trenches four feet apart, and about as broad and deep, nearly filled with horse manure and rich earth. As the plant grows, bank up with fine mould and light soil. By this method the root of the plant and not the stem is watered when flooded.

Knol Khol, Cabbage, Cauliflower, and Brocoli.—Sow in boxes during this and the following months. Remove in beds about two inches high, and transplant the Cabbage and Knol Khole twice, and Cauliflower and Brocoli at least three times, observing the growth of a couple of raw leaves between each planting.

Asparagus.—Sow in beds in July and remove the plants in November into raised beds of one or two rows each, when the leaves become red, cut the plants two inches above the ground and top dress, and they will be ready to cut in ten days. By dressing the beds in succession Asparagus may be produced for the table all the year—suitable manure is Sea weed and the plant should invariably be watered by the hand, and never flooded except in the hot wind season. Plants if taken care of will produce for 8 or 10 years. They should here very be transplanted (roots cleared of the earth and exposed for some days) and the grounds dressed every second year.

Lettuce and Endive.—Sow in boxes or pots (to be shaded with wood till the plants appear, otherwise the small bird will destroy them) plant out when required, and in as a few days before you cut for use. Blanch Endive by tying the leaves in the heart.

Carrots.—Sow in a dry but deep sandy soil.

Turnips.—Sow in a rich soil well manured.

In the Markets of Europe vegetables are scarce and dear—this month. Bengal Greens, Vatelaw and other Native vegetables are supplied in good quantities. Mangoes, and Pine Apples are getting out of season. Plantains, Cucumbers, and Melons are plentiful.

BANGALORE.

Mean Temperature 78—*quantity of rain measured* 4 *inches.*

Mangoes still continue till towards the end of the month—young plants should now be grafted and the trees pruned as soon they have done bearing, as this is the only time when it can be done with impunity. Cuttings of all trees and shrubs should be put in this month as well as part of August, as also seeds as they have vegetated, however should be put down very thin in the ground. The natives generally sow the ragy and chenna, and prepare the ground for rice, and plant sugarcane. Flowers and vegetable seeds may still be sown, and in regular seasons the Cabbage tribe at the end and second sowings should be going on. The first crop of hay is cut this month.

August.

MADRAS.

Mean Temperature 84·6.—*Average fall of rain* 4·78.

In this month all the vegetables sown in July should be planted out more especially Celery and Beet, which should be all transplanted a second time before the Monsoon. These two vegetables are very apt to suffer by excessive rain more than most others. Asparagus should be sown in beds during this month, three inches between each seed, so as to allow the roots of the plant to November without disturbing the roots. To prevent Ants (by eating the seeds and plants) put six inches apart, and when they become well rooted, transplant into deep rich soil, setting them ten feet apart. If hays, mosses may be planted as more shade are intended by female.

To prevent Artichokes running to leaf and producing small heads, when the plants are from ten to fifteen inches high cut down all shoots to the ground

and cover them over with light dry all manure; when they have advanced a few inches repeat the operation. If the young plants are tied up for a few days before being cut off, they will become blanched and may be eaten as Salad.

French Beans and *Scarlet Runners* may be sown during this month and until February; they should be planted in rows two feet apart North and South; they should be well supported with sticks or with an arched bamboo trellis which is very ornamental.

Europe vegetables continue scarce and dear; Brinjals, Greens and other Native vegetables are to be had. Mangoes, Pine Apples and Oranges are very scarce. Plantains continue in abundance.

BANGALORE.

Mean Temperature 71—*quantity of rain measured* 5½ *inches.*

Oranges, Lequats and Alligator pears in season. Insects are extremely numerous and destructive. The ground will now be hoed and manured and prepared for garden. Plant cuttings of such greens as will soon run to seed, for a fine vegetable and flower seeds. [illegible] Transplant cabbage, etc. Propagate Carnations and Pinks by layers. Begin watering beds of early flowering annuals. Dahlias in profusion.

September.

MADRAS.

Mean Temperature 80·7—*Average fall of rain* 3·30.

Continue to sow all the vegetables mentioned for August. Tyrnebeet, Cabbage, Cauliflower, Brocoli, Beet, Celery, Radishes, and Lettuce. Two or three crops of Peas may be sown during this month, if the weather be favourable, but not with much prospect of success. The seed Peas that answer best in Madras are those grown at Bangalore.

Peas—should be planted in well raised beds in double rows about two feet apart; they should be watered by hand for the first fortnight and afterwards flooded. Peas require no manure, but should be planted in good soil.

Europe vegetables, and all kinds of Fruits, except Plantains, continue scarce. The following Native vegetables and Flowers are abundantly supplied in the Market:—

Brinjals, Bendakayes, Gotta Avarekaye, Greens, Keeray Thandoo, Sorre Thandoo, Cholum Keeray or Green, Yendikai Keeray, Sabbie Keeray, Cottamulee Keeray, and all sorts of Pumkins—In flowers, Mogy Rose, Cunnery Rose, Silk Rose, China Rose, Nandook Wurum, Nerre Flowers, and Jessamine Mallegay Flowers, are extensively supplied; Mallegay Flowers, Cedar Jessalungum Flower, Nela Sampangee Flower, Sabre Mallegay Flower, Mackanda Bassum Flower, are in small quantities. The Fruits, Pomplemoes, Oranges, Apple Fruit, Limes, are in small quantities, except Plantains.

BANGALORE.

Mean Temperature 73—*quantity of rain measured* 4½ *inches.*

Alligator pears and lequats still continue. Apple mangoes, Pomegranates and Alligator Pears abound. Young Potatoes appear. The Sapotas will not ripen well in hot days. Plant Kale, either to be cleared at an early date, pots well drained. The Cabbage and Cauliflower are more interested by a small dark caterpillar which may be destroyed by sprinkling the plants with powdered lime. Transplant Radishes, Beet, Carrots, Turnips, Lettuce, Sweet Violets, Hepaticas, &c. Flowering annuals will now require much water. The Peach trees will now be in flower, the operation is to be performed as directed in 15 days and then carefully covered by means of a syringe that prevents the loss of the fruit without preventing any subsequent operation. Nursery of any sort this month.

October.

MADRAS.

Mean Temperature 82·6—*Average fall of rain* 11·12.

The remarks on last month apply equally to this. Continue to sow all kinds of Vegetables as before; Cucumber from the former beds will now be ripe and should be carefully collected for pickling; take care to sow Tyrnebeet, more particularly Celery, Beet, Cabbage, Red Knole, Cauliflower and Brocoli. Care should be taken to fortify transplanting all the Cabbage tribe to provide against the fall of rain by making trenches to carry off the water. A row of Peas should be sown every week or ten days from the beginning of this month until the 15th of December; Peas sown after that time seldom pod.

Onions and Leeks should be sown during this month in light rich earth, carefully covering the seed; when Leeks are a few inches high plant them in drills, eighteen inches apart, and nine inches plant from plant; earth up the plants as they increase in size to their stems, in order to blanch them. Leeks are much improved by blanching.

Plant Pumpkins in rich loose soil, every third pit round two feet deep, and on the pits to continue four apart, until only the plants are to be raised, equal labour being saved by this method.

But few fresh Vegetables or Flowers are to be obtained in the Market this month.

BANGALORE.

Mean Temperature 74—*quantity of rain measured* 4 *inches.*

Apples and vegetables in great plenitude. The same rule for Strawberries should be observed. Onions and seeds to flower early in December should be dug and well manured. Cabbage seed begins to fall in this month; as soon as the leaves begin to wither, they should be cut with the seed pod adhering to them and kept in dry place, as soon as they have been sufficiently dried they should be pulled to pieces and sifted and all the time for planting arrives. The double Tuberose should be properly treated.

November.

MADRAS.

Mean Temperature 82·8—*Average fall of rain* 7·13.

This is the month for sowing [illegible] Vegetable generally as for the former months, with the exception of Peas, which are very uncertain [illegible] Peas. The principal crops of Peas should be sown during the first week, and continued every week during the month, after French Beans, Scarlet Runners, Broad Beans, and Windsor Beans. The seed Peas recommended in Madras are Dun Peas, Knee Peas, Gadilay, Jowaree, and Cumbum Peas. Knee Peas are brought from Arcot, and procured from large Native Seedsmen. Transplant Celery, Cabbage, Cauliflower, Brocoli, Lettuce, Radishes, Beet, Carrots, Turnips, Parsley, Parsnips, Onions, Leeks, Sweet Violets, Hepaticas, &c. Flowering annuals will now require much water. The Peach trees will now be in flower, the operation is to be performed as directed in 15 days and then carefully covered by means of a syringe that prevents the loss of the fruit without preventing any subsequent operation. Nursery of any sort this month.

It has lately been recommended to plant potatoes *whole* instead of cutting them as formerly; it is also said that the produce is much increased by taking off the flowers as they form.

In this Month Pumpkin, Brinjal, Water Pumpkin, Haregreaw, Vendakaw, Pudalangaw, and Pavelkaw are scarce, and no fruit except Plantains.

BANGALORE.

Mean Temperature 72—*quantity of rain measured* 2½ *inches.*

Apples still in season. This is the last month in which the generality of vegetables can be sown with advantage. Sow the Casuarina and other tree seeds. This is a good month to lay in stock of manure and prepare composts for the next year. The larger kinds of perennial water flowers should be taken up and reduced in size and replanted.

December

MADRAS.

Mean Temperature 76,4—*Average fall of rain* 4.41.

In the beginning of the month sow French Beans, Scarlet Runners, Broad and Windsor Beans. Peas sown in this month rarely pod, although they grow luxuriantly. Plant out Celery from boxes to beds and remove from beds to trenches. Sow Cabbages and Knol Khols; and transplant as above. Vegetable Marrow may be sown in the early part of the month in light rich soil. Earth up the stems of the plants as they increase in growth, and peg the leading branches down at a joint and they will strike root.

European vegetables are scarce during the early part of the month; but all sorts of Ourelkais, Pumpkin, Water Pumpkin, Brinjals, Pudalangaw, Sweet Potatoe or Valley Kelangoo, Sooty Kelangoo, Yams, Alvaddy, Kellangoo and Yams, Vetty, Kelangoo, are plentifully supplied in the Markets. Fruits are scarce, except Plantains, Guavas, and Oranges. The Cannadee Flower and Rose are to be had in great abundance.

BANGALORE.

Mean Temperature 69—½ *inch of rain measured.*

Apples still so. Young trees should be grafted and cuttings put down to graft seedlings on. All vegetables in season. A good month for sowing Melon and Cucumber seed as well as Peas, Radish, and Spinach; but very few other vegetable seeds. Most of the exotic plants will have ceased flowering; the beds should therefore be dug up and manured with a soil composed of ⅓ vegetable and ⅔ well decayed animal manure. Turn out and examine the Dahlia roots. Prune the Roses.

GENERAL REMARKS.

MADRAS.

Winter and dress Figs, Mulberries and Custard Apples. Dress Vines in September and remove the rooters and dress again with stable manure, red earth and sand in January.

Plantains, Pine Apples, and Figs may be watered in the mornings; but every thing else in the evening only. The seed Peas first sowed here for Madras are those from Bangalore—the common white Pea of Bengal. The best Carrot, Turnip and Onion seed is from Hyderabad. Knol Khols, Cabbage, Beet and Celery from the Cape. Other seeds from Bangalore, and the Neilgherries.

BANGALORE.

The Meteorological observations of these years 1836-7 are very late and one very rainy month—this may therefore be taken as a very fair average when taken together.

During this month the wind blows uniformly and steadily from the N. E. with occasionally an inclination towards the East about the middle of the day in the shape of sea breeze. In the mornings for the most part heavy dew is deposited and occasionally fog, which reaches only to two or three feet above the surface of the ground; the weather is mostly very serene; presenting about twenty days of uninterrupted clearness and five of haze or mist, the remaining days being clouded with perhaps a single shower of rain; lightning is almost unknown in this month.

The hottest time of the day is at 1h. 0m. P. M.; the coldest at 4h. 30m. A. M.

Throughout this month the South or Monsoon wind with very unsettled weather prevails; it is accompanied with a profuse degree of rain and lightning, which, from its effects highly prejudicial to health and comfort, is on this account the sickliest season of the year. The wind veers to all points and blows till 10 P. M. is less constant than at other seasons; the sky is however beautifully clear for about twenty seven days, the remaining four being cloudy; a deep tint frequently occurs, and is less in quantity than last month; rain and lightning are little known.

The hottest time of the day is at 3h. 25m. P. M.; the coldest at 5h. 0m. A. M.

The South wind which is so necessary to produce the two last months rains (from the middle of the month, blowing sometimes from the W. or S. W.) is the forerunner of the N. E. monsoon, and generally brings with it a considerable fall of rain. The sea breeze sets in about noon and blows till 8 or 10 P. M. There are about nineteen days of clear weather, eight or nine days of hazy weather, and four cloudy days, on two or three of which there is rain. The rain is almost imperceptible, and lightning with thunder occur about four times.

The hottest time of the day is at 1 or 2 P. M. The coldest at 4 or 5 A. M.

* In this statement the rain which fell during three days of a violent hurricane is omitted: on the 2d May 1811 during the gale which then blew there fell 4.65 inches; on the 8th, 9th and 10th May 1820, 10.34 inches; and on the 7th, 8th and 9th May 1827, 25.30 inches.

With this month the rains of the S. W. Monsoon begin, generally in heavy but partial showers; the weather may be reckoned among the most cloudy of the year, there being only six clear days—the remaining days consist of thunder clouds and wolves of flying clouds and those there are eight days on which rain falls, and about three of thunder and lightning. The sea breeze is very uncertain as to the time it commences or ceases, and not unfrequently fails for several days together.

The hottest time of the day is at 2h. 20m. P. M.; the coldest at 4h. 5m. A. M.

The 30. N. Monsoon continues with unabated force, and the state of the weather generally is much the same as that experienced towards the end of last month, save that an increased dampness of the air and the less frequent occurrence of lightning render a distinction unnecessary. The number of clear and thinly covered days will as last month, be large in great excess.

The remarks relative to the variation of last month apply equally to this. The hottest time of the day is at 2. 30m. P. M. the coldest at 5h. 30m. A.

The heavy rains and violent gusts of wind are much moderated at the beginning of the month, and cease at their close about the 15th; from that time we have scenes of pleasant weather (too pleasant perhaps which forms a strong contrast with the disturbed state of the preceding month), the N. E. wind however continues throughout the month without interruption; there are about fourteen clear days, eleven cloudy, and seven days of Drizzle clouds and Rain; of these there are six days in which rain falls. The morning exhibits copious deposition of dew and sometimes a ground fog which does not rise above two or three feet above the ground. The sea breeze sets in at 10 A. M. and blows till 4 P. M.

The hottest time of the day is Dec. 30th, at 2 P. M., the coldest 2 H. 30 M. A. M.

CIVIL AND MILITARY REGULATIONS.

CHIEF SECRETARY'S OFFICE, FORT ST. GEORGE, *January* 3, 1832.

In order to prevent embarrassment at the time of sailing, Gentlemen of the Civil Service quitting India are requested to observe that applications for permission to be received on board must be accompanied by a Certificate from the Officer of the Accountant General that there are no demands against the applicant on the Books of this Presidency. Commanders of Vessels removing persons from India without permission are liable to heavy penalty.

GRANT OF ABSENTEE ALLOWANCE,

TO CIVIL SERVANTS WHEN IN EUROPE.

FORT ST. GEORGE, *November* 6, 1832.

The Right Honorable the Governor in Council is pleased to authorize the publication of the following rules and orders relative to the grant of Absentee Allowances to Civil Servants of this Presidency.

Extract from a Letter from the Honorable the Court of Directors, dated 31st December 1828.

19. "That after an actual residence in India in the Civil Service of ten years or upwards a Covenanted Civil Servant of the Company, upon either of the Establishments of Bengal, Madras or Bombay, shall be entitled, whether on account of ill health or from any other cause, and without reference to his private fortune, to come once to Europe or Port for three years, and to receive for that period from the Company's Cash an allowance of £500 per annum, provided that in no case shall a greater number of Servants come Home under this Regulation annually than seventeen from Bengal, nine from Madras, seven from Bombay, nor shall a larger number of Servants who may have come Home under this Regulation be absent in the whole at one time than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay, and that the preference shall be given first to Servants, producing Medical Certificates upon oath that a visit to Europe is indispensably necessary for the restoration of health, and then to Servants in their order of Seniority according to the rank assigned to them by the Court of Directors in the Gradation List of the Service.

20. "That in cases of Civil Servants compelled by illness, certified upon oath, to come to Europe previous to their completing an actual residence in the Civil Service of ten years, such Covenanted Servants shall each be presented with the sum of 2,000 Sicca Rupees as Passage Money and shall be entitled for a period not exceeding three years to an Allowance from the Company's Cash £250 per annum; but that Servants having received this indulgence shall not in the event of their again coming to Europe after having completed a residence of ten years or upward, be entitled to any Allowance under the first Regulation except their return to again occasioned by illness to be in the manner certified upon oath, and then only to the difference between what they have before drawn, in the shape of Absentee Allowance exclusive of Passage Money and that of £500 per annum for three years.

21. "That Servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing Regulations.

22. "That in all cases, as well in those of Servants coming in the first instance to the Cape, as well as those coming direct from India, the said Allowances be considered as commencing from the date of leaving India and terminating at the expiration of three years from that date or at the time of arrival in India whichever may first happen.

23. "That the same be paid half yearly in Europe.

24. "That on no account or pretence whatsoever the allowances in question be extended beyond the period of three years; and

93. "That any Servant being in the receipt of Absentee Allowances from a Civil Fund shall not be entitled to receive during the same period of absence the Allowances prescribed by these Regulations beyond such amount as may bring the sum of his annual receipts from both sources to the sum hereby limited."

Orders of Government, dated 8th July 1825 and 26th August 1828.

In pursuance of the Honorable Court's instructions, the Governor in Council is prepared to grant the benefit of these Regulations to such Civil Servants as may produce the prescribed Medical Certificate as the cases may arise; every Civil Servant so applying, must obtain a Certificate in duplicate from the Trustees of the Civil Fund notifying either that he will receive no allowance from the Fund during his absence from Europe, or, if he is to receive any, the nature and extent of such relief; one copy of which Certificate must be submitted with his application to Government; the other upon his arrival in London, must be produced before the Auditor of East India Accounts.

Civil Servants desirous to avail themselves of these Regulations and not producing the prescribed Medical Certificate, are hereby required to make known their desire to Government on or before the 1st December of each year, when the indulgence will be granted in order of rank to such extent as the foregoing Regulations and circumstances shall permit.

Every Civil Servant proceeding to Europe under these Regulations whether on sick certificate or otherwise, before receiving his Passage order must have applied for and received from the Secretary to Government in the Public Department a Certificate specifying the grant of the permission and whether granted upon sick certificate or on account of private affairs; also specifying as nearly as possible the date of embarkation for Europe, which Certificate upon his arrival in London, must be produced before the Auditor of India Accounts.

Order of Government, dated 4th November 1825.

The Governor in Council has been pleased to resolve, that in lieu of the medical certificate upon oath prescribed in Paragraphs 19 and 20 of the Regulations of the Honorable Court of Directors for the grant of Absentee Allowance circulated to the Civil Service under date the 8th July last, one of the following forms of medical certificate shall hereafter be adopted, according to the nature of the case; the same to be always signed by the medical officer who has last regularly attended the Invalid, and countersigned by the Superintending Surgeon of the District or other superior Medical authority.

FORM No. 1.

I do hereby certify that A. B. is in a bad state of health, and that I think it highly advisable for him to return to Europe.

No. 3.

I do hereby certify that A. B. is in an extremely bad state of health, and that I think an immediate return to Europe is absolutely necessary for his recovery.

Signed and Countersigned as above.

Extract from a Letter from the Honorable Court of Directors in the Public Department, dated 26th April 1826.

3. In your Despatch in this Department dated the 8th of September 1825, Paras. 6 and 7, you have brought to our notice two questions raised in

respect of the Regulations framed by us for granting Absentee Allowance to Civil Servants when in Europe.

4. The first of these questions is

"Whether it is competent for a Civil Servant who may have completed "a residence of ten years to proceed to England and there await his turn to "the indulgence of the Honorable Court, having previously notified to Go- "vernment his desire to avail himself of the liberality of the Honorable "Court upon the first occasion on which it should be open to him.

5. This question we answer in the negative. In framing the Regulations, it was our object, that while each Civil Servant might be enabled once in the course of his service to have the benefit of the Absentee Allowance, the number annually returning to England with that view should be limited, an object which would be defeated if Civil Servants were allowed to come home and wait their turn in England.

6. The other question is "Whether the ten years actual residence in "India is to be considered to embrace the period passed at Hertford Col- "lege," to which we reply that such is not the intention. We accept the regulation to be construed in the sense which it expresses, "actual residence in India."

Extract from a General Letter from the Honorable the Court of Directors in the Public Department, dated the 24th July 1827.

Para. 5. "Previous to the enactment, 53d Geo. 3, Cap. 155, it was our practice to forward to you Lists of the relative rank of Writers appointed from time to time to your establishment. Under the authority of that enactment Regulations were framed for the government of our College of Hailey- bury two of which provided that the relative rank of Writers should be fixed by the College Council, and specified in the College Certificate, subject how- ever to loss of such rank in the event of the Writers failing to proceed to India within a specified time. Lists of the ranks of Writers under this Re- gulation are now periodically forwarded to you.

4. The effect of the Absentee Allowance is to be made in the order in which Civil Servants have been, or may be, classed under the Rules to which we have referred, to such of the Servants as shall have actually resided in India in the Civil Service of your Establishment during a period of not less than ten years, commencing from the date of arrival at Madras.

6. On reference to our Letter dated the 26th of April 1826, Para. 5, you will perceive that it is not competent for a Civil Servant, having completed a residence of ten years, to come to England and there wait his turn for the Absentee Allowance. That Allowance is to be granted in each case by the local Government under the Regulations which we have prescribed, and no Civil Servant will be permitted to draw Absentee Allowance in England who shall not, previously to his quitting India, have been admitted to that benefit by the Government of the Presidency to which he may belong.

7. So soon as the aggregate number of Civil Servants absent, and who shall have come home upon the Absentee Allowance of £500 per annum, shall amount to twenty-seven, the same indulgence is only to be granted to Servants included in that number who either return or quit the Service; so that the total number of Absentees having left Madras upon the allowances of £500 per annum is never to exceed the limit of twenty-seven fixed by our orders dated the 20th December 1824.

Extracts from a Letter from the Honorable Court of Directors in the Public Department, dated 4th December 1827.

from simultaneously receiving Absentee Allowance from the Company and from the Civil Fund is to be constructed as barring the receipt of any sum from the Civil Fund in aid of the expense of Passage to Europe.

Letter from —— dated 30th March 1827.

Paras. 71 and 72, Court requested to reconsider their decision upon the question of permitting a Civil Servant to come to Europe in anticipation of being admitted to the Absentee Regulations.

4. We shall not object to the advance to a Servant coming Home under the Absentee Regulations not entitled to Passage Money, of six Months allowance in cases in which you may be satisfied that that indulgence is required to enable the party to provide a passage.

1. We adhere to the determination communicated to you in our despatch dated the 26th April 1826, Para. 5. No servant will hereafter receive the Absentee Allowance who shall not have been admitted by the local Government to the benefit of the Regulations previously to leaving India, excepting only such Servants as may have been compelled by ill health to quit India on a voyage to some place within the limits of the Company's Charter or to the Cape of Good Hope and as may have been subsequently compelled by the same cause to come to Europe. In such cases where the Servant has resided more than ten years in India the benefit will of course be withheld whenever the number of Absentees limited by the Regulations is complete.

Order of Government, dated 16th November 1829.

The Right Honorable the Governor in Council has been pleased to resolve that all persons who may be permitted to proceed to Europe, with the benefit of the Absentee Allowance, shall vacate their situations and avail themselves of the indulgence within three months from the date on which it may be granted.

Extract from a letter from the Honorable Court of Directors in the Public Department, dated 6th May 1829.

Civil Servants who decline to subscribe to the New Annuity Fund are not admissable to the benefit of the Absentee Regulations.

MILITARY ESTATES.

Fort St. George, 13th February 1830.

The special attention of Commanding and other Officers is required to the provisions of the VI. Geo. IV. Cap. LXI, regarding the Estates of European Officers or Soldiers of the Company's Service, and to the following explanatory regulations on the subject.

1. Upon the death of any European Officer or Soldier, whether Intestate or otherwise, his Effects then in Camp or Garrison are to be secured under the authority of the Commanding Officer of the Regiment or Station to which the deceased belonged, as directed in Section XVI of the Articles of War; the Committee invariably assembling within four and twenty hours from the time of the Casualty.

2. Should there not be Officers present with the Regiment of the description specified in Art. I, Section XVI of the Articles of War, then the Committee may be composed of such as may be available, the seniors being selected.

3. The Committee are to take a correct Inventory of the whole of the Effects and Account of the Credits of the deceased, mentioning especially and in all cases whether any and what amount of Cash was found in the deceased's possession, and whether any and what amount of Pay and Allowances was due to the deceased, as also an account of his Regimental Debts, and the same are to be entered in a Book to be kept for that purpose to be entitled "Registers of Estates," which Book shall form a Regimental Record, and a copy of such Inventory and Account shall be forthwith forwarded to the Secretary to Government in the Military Department, such copy to be attested "a true copy from the entry of the Register."

4. It will be the duty of the Committee in preparing such account of Credits and Debts, carefully to investigate the latter and to record their opinions as to the correctness of each claim.

5. Claims coming decidedly within the description of Regimental Debts, to wit, Regimental Mess Accounts, charges or expences relating to the Illness or Funeral of deceased Officers and Soldiers, charges for House Rent, Servants' Wages and House Expences for periods not exceeding one month and the portion of the month in which the Casualty may occur, may be discharged by the Commanding Officer without previous reference to the Secretary to Government in the Military Department.

6. All other claims preferred at Regimental Head Quarters, such as accounts with Station Shopkeepers, loans, &c. must be left for adjustment by the person who may eventually administer to the Estate.

7. It will be the duty of the Commanding Officer to draw without delay whatever arrears of pay and allowances may be due to the deceased.

8. In cases of an Intestacy it is ordered that within one fortnight after the taking of the Inventory a sale of the Effects shall take place by public Auction to the highest bidder, due notice thereof having been given, and within one fortnight after such sale the account sale shall be entered in the "Register of Estates" and a copy of such account sale shall be forthwith forwarded to the Secretary to Government in the Military Department, such copy to be attested as directed in para. 3.

9. The Officer Commanding will be accountable for the recovery of the amount of all purchases, and for the correctness of all payments from the proceeds of the sales. It being his province to nominate the auctioneer, and when he may see fit to prohibit the delivery of goods until their value has been received; credit may be given to military persons, but not beyond the ground scale of pay after the sale.

10. It is ordered that within one fortnight after each second issue of Pay the Officer Commanding shall cause to be entered in the said Register an Account in the form annexed, debiting himself with all the Credits of the Estate and crediting himself with all payments of Regimental Debts, and shewing that the balance has been lodged in the Pay Office and a Transfer Receipt obtained, and a copy of the said Account so kept up to date together with all vouchers for all payments, and the Sub-Treasurer's Receipt for the balance is to be forwarded to the Secretary to the Government in the Military Department as soon as the Sub-Treasurer's Receipt for the balance shall have been received.

11. The Auctioneer shall in no case receive a greater per centage or remuneration than five per cent. which shall be paid by the Commanding Officer on the day on which the account of the Estate are finally closed, if his Accounts are correct and the amount of purchases recovered, but not otherwise.

12. If there be any House or article of great value which may seem to the Officer Commanding to justify the postponement of the sale or the extension of credit, beyond the time by this order limited, he may, if he sees fit, postpone the sale, or on his own responsibility, make a special agreement for the payment of the price of such House or Article of great value, such postponement of the sale, and such special agreement being immediately brought to the notice of the Secretary to the Government in the Military Department, together with the special circumstances which have seemed to such officer Commanding to justify a departure from the course prescribed in the 8th para. of this order.

70

13. By order of the Right Honorable the Governor in Council.

ROBERT CLERK,
Secretary to Government.

THE MERIT FOSTERING MINUTE.

FORT ST. GEORGE, *February* 22, 1831.

The Right Honorable the Governor in Council is pleased to direct that the annexed Order of the Supreme Government, dated 28th January 1831, with [illegible] alterations in reference to the different denominations of Officers [illegible] applicable to Covenanted Servants of this Government in the Judicial and Revenue Departments.

The Right Honorable the Governor in Council is pleased to determine that no Officer, whatever his standing in relation to a vacant situation, shall be appointed to succeed to it, unless he be considered by Government properly qualified to do justice to the trust about to be confided to him; and that, in the event of any deficiency in the requisite qualifications, he, as well as all others in the same predicament, will be passed over in favor of any junior on the gradation list competent to discharge the functions of the office with real efficiency.

With a view to afford to Government the necessary information in regard to the official character and merits of every Officer employed, the Governor in Council is pleased to direct, that every Officer, Court or Board to whom Covenanted Officers are placed in subordination, shall publicly report half yearly, on the 1st January and the 1st July, upon their official qualifications and conduct. The reports of the Civil and Criminal Judges and Magistrates upon the Officers subordinate to them respectively, shall be forwarded to the Provincial Courts, and by them with their own comments thereon, and a corresponding statement with respect to all the Civil and Criminal Judges, Assistant Judges and Joint Criminal Judges, and Magistrates under their

Jurisdiction, to the Sudr and Foujdary Adawlut. The reports of the Collectors upon their subordinates shall be forwarded to the Board of Revenue. The Sudr and Foujdary Adawlut and the Board of Revenue respectively, shall review the whole of these returns, and submit them to Government with a declaration of their own opinions in confirmation of, or dissent from those expressed by the Provincial Courts, Civil and Criminal Judges, Magistrates, and Collectors respectively. The Sudr and Foujdary Adawlut shall likewise report upon the qualifications and conduct of the Judges of the Provincial Courts of Appeal and Circuit for the information of Government.

These reports should present in regard to each individual, a statement of his general qualifications for the public service, with distinct reference to his manner, discretion, patience, habits of application to public business, and attendance at office, his knowledge of the native languages, and pre-eminently his disposition and behaviour towards the people, high and low, with whom he is brought into official contact.

The controlling Officers will of course be held responsible for the effects of the misconduct of the Covenanted Subordinate Officers which they may fail to report: and it must be remembered by the controlling Officers, that if it shall sometimes be their ungrateful duty to allege incapacity or misconduct on the part of an inferior, they thereby perform a most acceptable service to the people, over whom such an incompetent or unworthy functionary is placed; and that they will also enjoy the opportunity of recording the meritorious qualities of those who are really worthy of such consideration, and of thus supplying the Government with data for the just and beneficial allotment of official rewards.

FEES UPON COMMISSIONS.

Fort William, 24th April 1834.—No. 96.

The Honorable the Vice President in Council is pleased to direct, that the following Paras. (3 to 5) of a Military Letter from the Honorable the Court of Directors, No. 97, dated the 6th November 1833, the provisions of which are applicable to the Three Presidencies, be published in General Orders:

Para. 3. "We direct that Fees upon Commissions granted by His Majesty to the Company's Officers, shall be hereafter collected by, and credited to Government, in the same manner as the Fees on Company's Commissions are now collected and credited, and that the Salary to be hereafter granted to the Military Secretary to the Commander in Chief, be Two Thousand Two Hundred and Fifty Rupees, (Rupees 2,250) per month, in lieu of Fees and all other Emoluments.

4. We observe a great discrepancy in the rates of Fees levied from Officers of the same rank at our several Presidencies, and that those rates in most instances materially exceed the rates paid by Officers of corresponding rank in His Majesty's Service.

5. We therefore direct, that the Fees on Commissions to be hereafter paid by the Company's Officers shall at all the Presidencies, be the same as those charged to His Majesty's Officers of corresponding rank; and that one moiety of those Fees be charged for the Company's, and the other moiety for the King's Commissions."

FURLOUGH.

Officers (of whatever rank) must be ten years in India before they can be granted (except in case of certified sickness, and as hereafter specified) to their application for leave of absence on furlough, and the same rule is applicable to Assistant Surgeons and Veterinary Surgeons. A Conductor of Stores is allowed furlough pay only in case of coming home from sickness.

Officers coming to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the officer to his Presidency.

Officers are required to join the establishment to which they belong at the expiration of the three years' furlough, unless they shall have obtained an extension of leave from the court, six months before the expiration of that period. Two furloughs will be extended, except in cases of sickness, certified in the manner hereafter mentioned, or in cases, in which it shall be proved to the court that a further residence in Europe is indispensably necessary.

All officers finding it necessary to solicit a further leave of absence on account of sickness, must, if resident in London or its vicinity, appear before the Company's Examining Physician, Dr. J. R. Unge, 9, Curzon-street, who will report to the Court of Directors his opinion on the state of such officers health. And if resident in the country, in any part of the United

Kingdom, they must transmit with their letter of application for such leave, a certificate according to the following form, signed by at least two Gentlemen eminent in the Medical profession, viz.

Also previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or in such other manner as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty on account of sickness, are to furnish a certificate of two eminent physicians in *the above form*, with the attestation of a Magistrate, that the persons who signed the certificate are physicians.

Officers having obtained an extension of furlough to a given period, must, at its expiration apply for permission, either to return to their duty or to receive a further time in England.

No Officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years' absence under the Act of 53 Geo. III. cap 52, sect. 70.

Every Officer upon leaving India, will receive a printed copy of the General Orders on this subject, published agreeably to the Court's instruction, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them. Officers therefore who shall come home on furlough, and who shall not in due time apply, so as to effect their return to the Presidency, to which they belong, within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than two years and a half from the period of his quitting India, excepting Colonels of Regiments, and those of the rank of Lieutenant Colonel regimentally, when promoted to that of Major General; the latter are then allowed to draw the pay of their Brevet Rank beyond the above period.

PENSIONS FROM LORD CLIVE'S FUND.

FORT ST. GEORGE, 18*th March* 1834.

The following General Orders by the Supreme Government, are published for the information of the Army.

No. 67 of 1834.

"GENERAL ORDERS BY THE HONORABLE THE VICE PRESIDENT IN COUNCIL.

FORT WILLIAM, 27*th February* 1834.

The Honorable the Vice President in Council is pleased to direct, that the following Extract (Paras. 11 to 14) from a Letter from the Honorable the Court of Directors in the Military Department, No. 92, dated the 5th October, 1833, be published in General Orders:

Letter dated 22d January, 1834.
(No. 13.)

1 to 9.—State that, from the nature of the Orders received from time to time, some doubt exists as to the scale of Pensions which the Court are disposed to recognize as claimable from Lord Clive's Fund by Chaplains retiring from ill health before the full period of the Service, and by the Widows of Chaplains, and request to be furnished with fresh and explicit instructions on the subject.

Para. 11. Chaplains who have not served 7 years in India, are admissible to the benefit of Lord Clive's Fund in the rank of Captain. After completing a Service of 7 years, their retiring allowances are provided for, independently of Lord Clive's Fund, by the Regulations conveyed to you in our Ecclesiastical Letter of 22d November 1826.

12. As by the Regulations announced in that Letter, Chaplains may retire on the full pay of Lieutenant Colonel after 18 years Service, (including 3 years for a furlough) we have considered the Widows of those who die in the Service after completing that period to be eligible to the benefits of Lord Clive's Fund, in the rank of Lieutenant Colonel.

13. The Widows of Chaplains who have completed 7 years actual service in India, are admissible in the rank of Major; and those of Chaplains of less Service, in the rank of Captain, being the ranks the pay of which is receivable by those classes of Chaplains respectively when on furlough.

14. You will communicate a copy of these Paragraphs to the Governments of Madras and Bombay.

(Signed) J. STUART,
Dep. Sec. to Govt. M. D.

INCREASE OF CHAPLAINS.

Extracts from Letters from the Honorable the Court of Directors.

Ecclesiastical Department, August 31, 1836.

Para. 1. Our attention has been drawn by the Government of India, on the suggestion of the Lord Bishop of Calcutta, to the necessity of increasing the number of Chaplains, for the purpose of extending the benefit of religious offices, more widely than the present Establishment will admit.

2. While we were fully sensible of the importance of the desired object, and very anxious to promote its success, we felt that we should not be justified in making such an addition to the amount of Ecclesiastical charges, as would result from the appointment of an increased number of Chaplains upon the existing scale of remuneration. We determine therefore to make such new arrangements, with regard to the Chaplains on the Bengal Establishment as should enable us to add to their number, and thus provide more adequately for the spiritual benefit of the European residents, without any serious increase of expense. We have resolved to extend the principle of these arrangements to your Presidency, with the view of accomplishing the same beneficial purpose.

3. We intend that the number of Chaplains under your Government shall be increased from 23 to 29. The salaries are to be apportioned as follows: The two Chaplains at the Presidency will receive the same amount as at present; nine will receive Cos Rupees 700 per mensem, and the remaining 18, Company's Rupees 500 per mensem. These salaries will constitute their entire emoluments from the Company. The Payments heretofore made under the name of Palanquin money will cease and we shall on no account sanction any extra allowances, whatever may be the grounds, upon which they may be claimed.

4. The Chaplains receiving the lower amount of 500 Rupees per mensem, will be termed Assistant Chaplains, and in future all appointments will be made to this class. The Assistant Chaplains will succeed to the higher rank, and the higher rate of salary, according to seniority, as vacancies occur in the superior class, after it shall have been reduced by casualties to the prescribed number of nine.

5. As vacancies arise they will be supplied in the following manner; on the occurrence of the first vacancy two Assistant Chaplains will be appointed—on the second only one, and on all succeeding vacancies, the same principle will be acted upon, viz. that of an alternate appointment of two and one until the establishment attains the full extent of 29 to which we have restricted it, after which each vacancy will give rise only to a single appointment.

6. The principle which we have adopted throughout these arrangements requires that the furlough and retiring allowances should be modified so as to meet the intended changes. These allowances will in future be on the following scale.

Furlough Allowances.

After 7 years residence ....£191 12 6 per annum...(full pay of Captain)
If compelled by sickness to retire to Europe before completing 7 years residence ....£127 15 per annum...(half pay of Captain)

Retiring Allowances.

After 18 years service (including 3 years furlough) ....£292 per annum...(full pay of Major)
After 10 years actual service (if compelled by ill health to quit the service) ....£183 7 6 per annum...(half pay of Major)
After 7 years actual service do. do. do. ....£127 15 per annum...(half pay of Captain)

The present Chaplains will be entitled to the existing scales of allowances, as well for services as on furlough and retirement; those regulations being wholly prospective and only affecting an appointment made after the date of this dispatch.

7. The location of the Chaplains under the new arrangements will be best regulated by reference to the opinion of the Lord Bishop.

CHURCH ENDOWMENT AND BUILDING SOCIETY.

ORGANIZED DECEMBER 12, 1837.

The object of this society is to meet the increasing spiritual wants of the Christian population in the Archdeaconry of Madras, European, East Indian, and Native. It is well known that there are many stations not sufficiently large to allow us to indulge the hope that the Government will appoint Chaplains there; at which, however, there are both Europeans and East Indians anxious to enjoy the ordinances of the Church of which they are at present deprived.

It is further evident that, as the Native Christians increase in number, either the missionary must merge his peculiar character as a missionary in that of the pastor of a settled flock, or he must himself advance from time to time into the less cultivated parts and leave the cultivated ground to others, not missionaries but parish clergymen.

We have at present no adequate means in operation to meet these actually existing and increasing wants. No English Clergymen or Candidates for ordination have yet been found willing to come out to India, except those who have a sufficient assurance that they will find permanent employment and support, i. e. those connected with the Government and with Missionary Societies. On the other hand, in the providence of God and believing his love to his Church, we are encouraged to hope for a supply of educated Clergy to minister among the people. The progress that is making in attempts to open more free and frequent communications with England, the consequent probable increased emigration of Europeans, and the greater familiarity with Indian affairs will, we may hope, remove many of the hindrances now standing in the way of Clergymen or those designed for the sacred office looking for employment in India; whilst more vigorous efforts are now making than ever yet have been to raise up young men born in this country, and qualify them for the ministry.

It is to meet these wants and obviate these difficulties that we humbly look to God to give reality to these hopes that the Church Endowment and Building Society has been formed.

19. Government bearers are established on the great Western and Southern Roads from Madras—on the former, as far as Naickenarry, where they join those established by His Highness the Rajah of Mysore—on the Later as far as Sheeally, on route to Trichinopoly. Government bearers are also established from Trichinopoly to Ootacamund.—The several stations on the respective roads are enumerated in the margin.

20. Two* sets are established at each station, each set consisting of 12 bearers, one massalchee, and one cowry cooly. These sets must not, on any account whatever, be taken off the main road.

21. Applications for these bearers, at the Presidency, are to be preferred to the Superintendent of Police. At Out stations such applications are to be preferred to the Collector, or Assistant Collector, or nearest Police Officer. It is desirable that whenever practicable, at least two days notice should be given.

22. The charge for Government bearers is eight annas per mile. This sum includes all charges, except a gratuity of half a rupee per set, which it is expected will not be withheld, except in cases of misconduct on the part of the bearers, to be noted in the certificate.

23. Applications for Government bearers must be accompanied by payment in advance for the entire distance, at eight annas per mile, otherwise they will not be attended to.

24. Travellers, whether proceeding from the Presidency, or from Out-stations, are provided with an order for the bearers, bearing the official signature of the authority to whom application has been made. To this order is attached a blank certificate, vide Form A, in which they are requested particularly to enter the date of departure and arrival, and also to note any cause of dissatisfaction they may meet with on their journey, and the places where they may meet with obstructions or irregularities on the part of the bearers, or subordinate public servants. On the termination of the dawk, this form is to be delivered, if at the Presidency, to the Superintendent of Police; if at an Out-station, to the Collector of the district, by whom it will be countersigned and forwarded for registration in the Presidency Office, accompanied by any observations he may have to offer.

25. When a dawk has been ordered circumstances may render it expedient for the traveller to postpone his journey or to abandon it altogether, he will, in the event of the bearers having been relieved on his account to another applicant, be liable to the whole charge of eight annas per mile, in like manner as though he had employed them. But in the event of no other application having been preferred for these bearers, he will not be liable to any forfeit.

26. The Government bearers are available for the service of Europeans or Natives, without reference to rank or caste, and shall be supplied solely with reference to priority of application, (of which a register shall be duly kept at the Police Office at the Presidency and at the Collector's Cutcherry at Out-stations,) save and except when a Public Officer may be directed to proceed dawk at the

public expence; in such cases Government reserves to itself a right to the service of the bearers in preference to private individuals.

27. It must be understood that, although every pains will be taken by the Government servants to prevent disappointment to travellers, yet Government will not be responsible in the event of such occurrences. Every traveller therefore, travels at his risk, and Government cannot be considered liable to make good any losses whatever a traveller may suffer, either from delay or accident.

28. When irregularities and consequent inconvenience occur to travellers, the Superintendent of Police at Madras, on being applied to, will immediately investigate the complaint brought to his notice.

29. In cases of surcharge alone, or charges which to the parties complaining might appear unjust, because arising out of some positive neglect or error on the part of the person who lays the dawk, it would be the duty of the Superintendent of Police at Madras to investigate the matter, with a view to afford pecuniary redress.

30. Any decision pronounced by the Superintendent of Police at Madras in all references relative to dawk bearers, to be considered final.

31. All persons requiring a dawk, where no Government bearers are available, may apply if at the Presidency to the Superintendent of Police—if at Out-stations, to the nearest Collector or his Assistant. This application should be made agreeably to Form B, affording full information as to time and place. It will then be the duty of such Superintendent, Collector, or Assistant Collector, to communicate with the necessary authorities along the line of route. When the dawk is ready, the authority will notify the same to the traveller, and will furnish him with a certificate, agreeably to Form C., bearing his signature, and containing a list of stages where the bearers are posted and within his own district, and the sums, out of course including any accidental conveyance, to be paid to each set. On arriving at other districts in succession, he will receive at the first stage in like manner fresh certificates from their respective Collectors.

32. At the conclusion of the dawk the traveller will countersign such of those certificates, in attestation of having paid the sums set opposite the several stages, and then return the same to their respective Collectors for record in the Office. It is expected that any irregularities or misconduct on the part of the bearers will be notified in the column of remarks, in order that due enquiry may be instituted and correction administered.

33. All demurrage will be charged as explained in paragraph 13.

34. All letters on the subject of posting bearers shall be superscribed "bearers service," in order that no delay may occur in their being opened by the proper authority.

35. It is to be understood that nothing in the foregoing rules is to interfere with travellers applying to private individuals to post their bearers, should they prefer doing so.

DIMBUTTY BUNGALOWS.

FORT ST. GEORGE, *February* 14, 1834.

Certain Bungalows at Dimbutty on the Neilgherries having been appropriated by the Right Honorable Stephen Rumbold Lushington to the use of all classes of persons to whatsoever Presidencies belonging, who may be compelled to resort to the Hills for the recovery of their health: The following Rules on the subject are published for general information.

1. These Bungalows, six in number are placed under the care of the Officer Commanding the Neilgherry Hills, and of the Principal Collector of the District, as Trustees; and it is expected that all Rules which may be established by them for the preservation and order of the Buildings will be implicitly observed and conformed to.

2. With a view to preserve the buildings from decay, and to provide funds necessary to keep them in good repair, the moderate sum of (7) seven Rupees per mensem, and no more, will be charged to each occupant of the Bungalows at Dimbutty. The accommodation to be derived from these buildings will be available to all persons on their first arrival on the Hills, and the payment of this rate of rent will be required only for the period of three months—during which time it is presumed that occupants will be able to provide themselves with suitable accommodation on the Hills.

3. In order to secure in succession and for a reasonable period to the classes of persons concerned, the benefit of the accommodation of these Bungalows, no persons will be permitted to occupy the buildings beyond the period of three months without the permission of the Officer Commanding on the Neilgherry Hills to whom all applications to take advantage of the benevolent intentions of Mr. Lushington must be invariably addressed.

4. Any person occupying a Bungalow at Dimbutty beyond the period of three months will be required to pay half the amount of house rent allowed to him by Government according to his rank. The proceeds of the rents will be disbursed in providing against the inconvenience experienced from the want of fire places, cook rooms, out houses, and stabling, and in making other provision for the improvement and preservation of the Premises—the payment of rent to be paid monthly to the Paymaster or other person nominated by the Trustees, according to circumstances.

5. The person who may have been the occupant for the longest period shall be the first to vacate the Bungalows after the period of three months, on application being made for admittance by another party.

6. Defacing the walls by writing or drawing, or in any other way, is strictly prohibited, and occupants will be held responsible that their servants do not in any manner damage the buildings, which are to be given over in the same order as when entered.

7. The maltreatment of any persons attached to the Bungalows is expressly prohibited. Occupants may bring any misconduct on their part to the notice of the Officer Commanding on the Neilgherry Hills or to the Principal Collector of Coimbatore.

8. The Garden, (a valuable one,) is proposed to place at the disposal of some competent European Pensioner, or other person willing to undertake its cultivation for the profit to be derived from the sale of its produce to the occupants of the Bungalows, or others generally, at Kotagherry.

SETTLERS IN THE COLONIES.

FORT WILLIAM, *5th October* 1836.

No. 195 of 1836.—The following paras. of a Military Letter, No. 6, from the Honorable the Court of Directors, dated 1st June 1836, addressed to the Governor General of India in Council, together with a copy of the papers from the Colonial Office, specifying the advantages which are given to Naval and Military Officers, settling in the Colonies of New South Wales, Van Diemen's Land and the new Settlement of Western Australia, are published in General Orders.

"Para. 1. We have been apprized that His Majesty's Government are willing to extend to the Retired Officers of our Army the advantages which are enjoyed by His Majesty's Officers on their settlement in the Colonies of Western Australia, New South Wales and Van Diemen's Land.

2. "We have gladly availed ourselves of this offered advantage, and we desire that you will take the necessary measures for making it known to those Officers of the Army on your Establishment, who may from time to time retire from the Army under the Regulations of the Service.

3. "A Copy of the papers from the Colonial Office, specifying the advantages which are given to Naval and Military Officers, is herewith forwarded."

"*Information for the use of the Military and Naval Officers proposing to settle in the British Colonies.*

COLONIAL OFFICE, *15th August* 1834.

1. Annexed is a statement of the Regulations according to which, with such modifications as local circumstances may render necessary, lands belonging to the Crown are disposed of in the several British Colonies in North America, as well as a Statement of the Regulations in force in the Australian Colonies.

2. Under these Regulations, Military and Naval Officers cannot receive free grants of land; but in buying land they are allowed a remission of the purchase money according to the undermentioned scale:

Field Officers of	25 years' service and upwards	in the whole	.....	£ 300
	Ditto 20	ditto	ditto	..... " 250
	Ditto 15	ditto	ditto	..... " 200
Captains of	20	ditto	ditto	..... " 200
	Ditto 15	ditto	ditto	..... " 150
Subalterns of	20	ditto	ditto	..... " 150
	Ditto 7	ditto	ditto	..... " 100

Regimental Staff Officers and Medical Officers of the Army and Navy will be deemed to come within the benefit of this rule.

3. Officers of the Army and Navy, who propose to proceed to the Colonies in order to take advantage of this indulgence should provide themselves with certificates from the office of the General Commanding in Chief, or of the Lords Commissioners of the Admiralty, shewing that their emigration has been sanctioned, and stating exactly their rank and length of service. No document from the Office of the Secretary of State is necessary.

4. Officers on half pay residing in the colony where they propose to settle, may be admitted to the privileges of Military and Naval settlers, without referring to this country for testimonials, provided they can satisfy the Governor that there is no objection to their being allowed the indulgence, and that their return of their rank and length of service is accurate, and provided, if they belong to the Navy, that they produce their letter of leave of absence from the Admiralty.

5. Military Chaplains Commissariat Officers and Officers of any of the Civil Departments connected with the Army cannot be allowed any privileges on the subject of Land: Pursers, Chaplains, Midshipmen, Warrant Officers of every description, and Officers of any of the Civil Departments connected with the Navy, must also be considered as not qualified for these privileges. Although Members of these classes may have been admitted formerly and under a different state of circumstances, they must now be excluded.

6. Gentlemen, who have ceased to belong to His Majesty's Service cannot be allowed the advantages to which they were entitled while in the Army or Navy. It is not, however, proposed to effect by this rule Officers who desire to quit the Service for the express purpose of settling in the Colonies, it is only required that when they resign their Commissions, they should apply for a Certificate from the General Commanding in Chief or from the Lords Commissioners of the Admiralty that they do so, with the view of emigrating, and such Certificate if produced to the Governor of any Colony within one year from its date, but not otherwise, will be sufficient warrant for allowing the bearer the same advantages as Officers still in His Majesty's service.

Officers who have sold out within the last twelve months preceding the date of this memorandum will be allowed the usual privileges, notwithstanding their want of the Certificate required by these Regulations, if they present themselves to the Governor of the Colony within a year from the present date. And all Officers who have already been recommended by the General Commanding in Chief will be entitled to these privileges without regard to any restriction which might otherwise be offered by the Regulations now established.

7. Officers cannot be allowed advantages in the acquisition of land in any Colony unless it be their intention to fix their residence in that Colony. In order to ensure the observance of this rule, it has been determined that the titles to lands obtained by Officers who take advantage of the peculiar regulations existing in their favour shall be withholden for a period sufficient to prove that they have not repaired to the Colony for the mere purpose gaining possession of a portion of land and then departing. Two years is the period for which it has been decided that the titles shall be kept back: this delay will be sufficient for the Colonial Authorities to learn, and will not constitute any serious inconvenience to the bona fide Settler.

8. By the annexed Regulations for the disposal of Crown Lands, it will be observed that the general sales will take place periodically. But in order to prevent inconvenience to Officers who may arrive in the intervals between sales and be desirous at once to obtain an allotment, the Governors of the Colonies are authorized to allow Officers to acquire at any time on payment of the upset price, lands which have previously been offered for sale at some general sale and not been bought.

Officers will thus be relieved from delay at the time of establishing themselves in the Colony. They will also be enabled by this arrangement, which will permit them to obtain their land at a fixed price, to choose such a quantity as shall be exactly equivalent to the amount of the remission to which they are entitled, instead of being liable to be called upon to pay a balance, which must be the case if they bid for land at a sale by auction.

Terms upon which the Crown Lands will be disposed of in New South Wales, Van Diemen's Land and the New Settlement of Western Australia.

It has been determined by His Majesty's Government that no Land shall in future be disposed of in New South Wales or Van Diemen's Land otherwise than by public sale, and it has therefore been deemed expedient to prepare for the information of Settlers the following summary of the rules which it has been thought fit to lay down for regulating the sales of Land in those Colonies.

1.—A division of the whole territory into counties, hundreds and parishes is in progress. When that division shall be completed, each parish will comprize an area of about twenty-five square miles.

2.—All the lands in the Colony, not hitherto granted, and not appropriated for public purposes, will be put up to sale. The price will of course depend upon the quality of the land and its local situation, but no land will be sold below the rate of 5s. per acre.

3.—All persons proposing to purchase lands not advertised for sale, must transmit a written application to the Governor, in a certain prescribed form, which will be delivered at the Surveyor General's Office to all persons applying, on payment of the requisite fee of 2s. 6d.

4.—Those persons who are desirous of purchasing will be allowed to select within certain defined limits such portions of land as they may wish to acquire in that manner. These portions of land will be advertized for sale for three calendar months, and will then be sold to the highest bidder, provided that such bidding shall at least amount to the price fixed by article 2.

5.—A deposit of £10 per cent. upon the whole value of the purchase must be paid down at the time of sale, and the remainder must be paid within one calendar month from the day of sale, previous to which the purchaser will not be put in possession of the land, and in case of payment not being made within the prescribed period, the sale will be considered void and the deposit forfeited.

6.—On payment of the money, a grant will be made in fee-simple, to the purchaser at the nominal quit-rent of a pepper corn. Previous to the delivery of such grant, a fee of forty shillings will be payable to the Colonial Secretary for preparing the grant, and another fee of five shillings to the Registrar of the Supreme Court for enrolling it.

7.—The land will generally be put up to sale in lots of one square mile, or 640 acres; but smaller lots than 640 acres may, under particular circumstances, be purchased on making application to the Governor, in writing, with full explanations of the reasons for which the parties wish to purchase a smaller quantity.

8.—The Crown reserves to itself the right of making and constructing such roads and bridges as may be necessary for public purposes in all lands purchased as above, and also to such indigenous timber, stone, and other materials, the produce of the land, as may be required for making and keeping the said roads and bridges in repair, and for any other public works. The Crown further reserves to itself all mines of precious metals."

With reference to the foregoing Regulations, the Right Honorable the Governor General of India in Council is pleased to notify for general information, that Officers who, on retiring from the Military Service of the East India Company, may wish to avail themselves of the advantages now extended to them by their gracious Sovereign, will on signifying their intention to

proceed as Settlers to any of His Majesty's Australian Colonies, be furnished by the Military Secretary to Government at the Presidency to which they belong, with a Certificate of the following form and tenor:

2. A Bonus or Premium of 5 per Cent. will be granted on all transfers made under this Advertisement, that is to say, for every Note surrendered for transfer, a new Note will be issued for a principal sum exceeding the principal sum of the Note surrendered in the proportion of 105 for every 100 Sicca Rupees; and the Note so issued in Exchange, will bear interest at the rate of 5 per Cent per annum from the 31st December next ensuing, which will be its date. The Interest will be paid half yearly, on the 30th of June and 31st of December of each year, in the manner herein under provided.

3. Transfers into this Loan will be received until the 15th of February next, and not after that date; and the Proprietors of Notes that may be surrendered for transfer, shall receive interest thereon up to the 31st December next, at the rate of 6 per cent. in the same manner as if the Notes had not been surrendered, and with a like privilege to Proprietors resident in Europe to receive the said interest in cash or by Bills at one year's date, and at the exchange of 2s. 1d. for the Sicca Rupee. The notice of payment duly advertised as above and published in the Government Gazette of Calcutta, shall be considered as equivalent to a Tender of Payment on the date advertised for discharge, and all interest will cease from that date.

8. The Interest of the Promissory Notes of the 5 per Cent. Transfer Loan will be paid in Cash to Proprietors resident in India. But Proprietors resident in Europe may take the Interest at their option in Cash or in Bills of one year's date to be drawn on the Honorable Court of Directors at the exchange of 2s. 1d. (Two Shillings and One Penny) for the Sicca Rupee.

9. Proprietors residing within the Presidencies of Fort St. George and Bombay, shall be entitled to receive Interest at the exchange of One Hundred and Six and a half Madras or Bombay Rupees for One Hundred Calcutta Sicca Rupees, from the General Treasuries of those Presidencies respectively; but before the Interest of any Note shall become payable at either of those Presidencies, Notice shall be given to the Accountant General of the Bengal Presidency, and the Note shall be brought or transmitted to that Officer, that the order for such payment may be inscribed on the face of the Note, after which the Interest shall be payable only at the Treasury mentioned in the order; but if it be desired to change the Treasury of Payment, application may be made to the Accountant General of the Presidency where it may be payable, and the order may by him be cancelled.

10. The Accountant General of Bengal may, on the application of Proprietors, and for their convenience, make the Interest on Notes of this Loan payable at any other Treasuries or issue under this Presidency by a similar order; but proprietors shall not be entitled to claim this accommodation, if the Accountant General should think proper to refuse it.

11. Notes of this Loan may be consolidated and divided in the usual manner; but if consolidated, they shall be so on the highest number.

12. The Certificates to be granted by the Sub Treasurers of Bengal, Madras, and Bombay, upon surrender of Notes of the 6 per Cent. Loan of the 30th June 1822, for transfer into the 5 per Cent. Transfer Loan, shall be in the following form:

Fort William, *Financial Department*, the 17th June 1835.

Notice is hereby given, that the Honorable the Court of Directors having, in an Advertisement dated East India House, the 17th of September, 1834, notified to Proprietors of Bengal six per cent. Remittable paper, resident in Europe, who had made known, or might make known, before the 31st of December following, at the Auditor's office in the India House, their wish to transfer their notes of that loan into the new five per cent. transfer loan, under the conditions specified in the Courts Advertisement of the 14th May, 1834, that the property in the new loan would be held in the form of stock instead of promissory notes; that stock receipts would be granted in Bengal to the respective proprietors or their Agents, in exchange for the promissory Notes transferred; and that the new stock would be transferable at the place of registry, in books to be kept for that purpose in London and in India; —in pursuance of that notification and the orders of the Honorable Court, the Sub-Treasurer at Fort William is authorized to receive any of the Six per cent. promissory notes of this Government, bearing date the 30th June 1822, that may be tendered for transfer into the new five per cent loan, in fulfilment of the intention of the proprietors signified at the India House under the advertisement of the 17th of September last, and to grant stock receipts to the respective proprietors, or their Agents, in exchange for the promissory notes transferred.

2. A Bonus or premium of 5 per cent. will be granted on all transfers made under this advertisement; that is to say, for every note surrendered for transfer, a stock receipt will be granted for a principal sum exceeding the principal sum of the note surrendered, in the proportion of 105 for every 100 sicca Rupees; and the stock receipt will bear interest at the rate of 5 per cent. per annum, payable, if the proprietors are resident in India, in cash at the place of Registry, and if resident in Europe, at their option, either in cash in India or by bills on the Court at twelve months' date at 2s. 1d. the Sicca Rupee.

3. The Transfers under this advertisement will take effect only at the period when the notes to be transferred shall fall to be discharged, according to the Notices published from the Financial Department under the dates respectively of the 9th May and 13th October 1834.

4. The property of the New Loan here advertised is to be transferable entries in books to be kept in Bengal at Madras, at Bombay, and in London, and not by endorsement of stock Receipts, on the face of which it is to be declared that they are not transferable. Proprietors of stock Receipts will be entitled to the option of transferring from the books of Bengal to those

of either Madras, Bombay or London. Having availed themselves of that option, the property cannot again be registered in Bengal, or at either of the other places, unless upon transfer effected, at the place at which they may have chosen to register it.

5. After transfer has been made to London, the interest payable on the Stock so transferred will be issued in England at the same periods as when the Bills would have become due, had the remittance of Interest been previously received by Bills under the option allowed in the Second Article of the present Notice.

6. It is hereby declared and stipulated, that no part of the Transfer Five per Cent Loan opened by this Advertisement shall be paid off before the 30th April, 1854, and whenever it shall be redeemed, a previous Notice of fifteen months shall be given by public Advertisement, which notice may be issued at any time after the 21st of January 1853. Payment shall then be made at the option of the Creditors, either in Cash in India, or by Bills upon the Court at twelve months' date, and at 2s. 1d. the Sicca Rupee; with power to the Court to postpone payment of those bills for one, two, or three years upon allowing Interest at Five per Cent. per annum for the period of the postponement. The Notice of payment duly advertised as above, and published in the *Government Gazette* of Calcutta, shall be considered as equivalent to a tender of payment on the date advertised for discharge, and all interest will cease from that day.

7. Proprietors who shall transfer to the Books of Madras and Bombay, will be entitled to receive interest at the exchange of One Hundred and Six and a Half Madras or Bombay Rupees, for One Hundred Calcutta Sicca Rupees, from the General Treasuries of those Presidencies respectively.

8. The Accountant General of the Supreme Government may, on the application of Proprietors of Stock registered in the Books of Bengal, and for their convenience, make the Interest of such Stock payable at any other Treasuries of Issue under the Bengal or Agra Presidencies; but Proprietors shall not be entitled to claim this accommodation if the Accountant General should think proper to refuse it.

9. Stock of the Five per Cent. Transfer Loan opened by this Advertisement, may be consolidated and divided at the pleasure of the Proprietors in the Books in which it is registered.

10. Proprietors of Six per Cent. Remittable Paper who may transfer into the Five per Cent. Loan now advertised, shall not be subjected on this occasion to the Fees prescribed in the Regulations for the Government Agency.

11. Proprietors of the Five per Cent. Transfer Notes issued under the Advertisement of this Department, bearing date the 13th of October last, or their authorized Agents, will be permitted to transfer their property into the Book Debt Loan. For this purpose a period of Four Months will be allowed to the Holders of Five per Cent. Promissory Notes or their Agents, and it is hereby Notified, that during the same period fresh Transfers will be allowed to the Book Debt by Holders of Six per Cent. Remittable Paper.

12. Forms of Stock Receipts will be published in a future notice.

TABLES OF MONEY, WEIGHTS AND MEASURES.

Accounts were kept in Madras in Star Pagodas, Fanams and Cash, viz.

80 Cash to 1 Fanam.
42, 44 or 45 Fanams, 1 Star Pagoda.

Government, the Banks, and all the Houses of Agency kept their Accounts at 42 Fanams the Star Pagoda. The Shops and Bazars at 44 or 45.

The Star Pagoda exchanged in the Bazar for about 45 Fanams, but it fluctuated according to circumstances.

The coins in circulation were the Star Pagoda, the Arcot Rupee 3½=1 Star Pagoda; 1 exchanged in the Bazar for 12 Fanams 60 Cash; the double and single Fanam, and the Doodie, 8 of which=1 Fanam.

There was also a copper coin sent out from Europe of 20, 10, 5 and 1 Cash value, the latter being worth 8 10ths or about the 9th part of a farthing.

This Currency was altered in January 1818 by a Proclamation, which constituted the Silver Rupee the standard coin. To this the public accounts were all converted at an exchange of 350 Rupees per 100 Pagodas: and the new Silver coinage was made to consist of Rupees, Half, and Quarter Rupees, Double and Sixth Rupees; the Rupee containing 165 grains of pure Silver and 15 grains of Alloy, and weighing 180 grains, and the other Coins bearing the due proportion to the same.

12 pice, = 1 anna,
16 annas, = 1 rupee.
8½ Rupees exchange in account for 1 Pagoda.

The Act of the Legislative Council of India (passed in 1835) assimilating the currency over the Country, changes the design, but leaves the new coinage of a precisely similar value to that of Madras according to the above Regulation. The following is the Proclamation on the subject.

PROCLAMATION.

The Honorable the Governor General in Council has resolved, that the device of the New Rupee, Double Rupee, Half Rupee, and Quarter Rupee, to be issued from the Mints of India, from and after the 1st September 1835, in conformity with Act XVII of the same year, shall be as follows:

On the Obverse, the Head of His Majesty William the Fourth with the words,

WILLIAM IIII. KING.

On the Reverse, the denomination of the Coin in English and Persian in the centre, encircled by a laurel wreath; and around the margin the words,

EAST INDIA COMPANY, 1835.

The new coin shall be milled on the edge, with a serrated or upright milling.

The Rupee shall measure in diameter one inch and two-tenths of an inch, or *one-tenth of a foot*. The diameter of the Double Rupee shall be one inch and a half; that of the Half Rupee, or *Eight Anna Piece*, shall be nineteen hundredths of an inch; and that of the Quarter Rupee, or *Four anna Piece* shall be three quarters of an inch. These measures being severally the relative proportions to the Rupee provided in the Act aforesaid.

The Weight, Standard fineness and value of the New (or Company's) Rupee as defined in the Act, are here repeated for general information.

Weight, 180 grains Troy, or *one tola*.

Standard quality, eleven-twelfths Silver, one twelfth Alloy.

Value, equal to the Madras, Bombay, Furrukhabad, and Sonat Rupee; and to fifteen sixteenths of the Calcutta Sicca Rupee.

The weights of the other Silver Coins, viz. the Double, Half, and Quarter Rupees to bear a due proportion thereto.

24 Grounds or Maunies; make one Cawnie equal to 57,600 Square feet.

The Indian Cawnie is in proportion to the English Acre as 1 to 1.8223, or as 121 is to 160.

To reduce Indian Cawnies to English Acres, multiply the given number of Cawnies by 160, and divide the product by 121, the quotient will give the number of Acres, and the remainder be the fractional part of an Acre.—or multiply the Cawnies by 1.8223, and the product, (cutting off 4 places to the right hand) will be the same, and the figures so cut off are the decimal part of an Acre.

SIGNALS

FOR SHIPS OR VESSELS IN THE OFFING.

Signals respecting Ships or Vessels in the Offing, whether Men of War or Merchantmen, are made from the Garrison Flag Staff, a yard hung across the top-mast, the points of which represent the quarter from which the Vessels are coming in.

Three classes of Vessels are expressed by the Signals; Vessels of three Masts, of two Masts, and of one Mast.

An Ensign or square National Flag, represents a Ship of three masts; a National Flag, with two points or Swallow's tail, represents a Brig or Snow, &c. of two Masts; and a broad National Pendant, terminating in one point, represents a Sloop or Cutter of one Mast.

If either of these Flags is hoisted to the yard there described, the Vessels seen are on the North or South quarters of the compass.

The number of Ships that appear in the Offing, are expressed by Pendants—a white Pendant signifies one Ship or Vessel; a red and white Pendant, two Vessels; a red Pendant, pierced with white, three Vessels; and a yellow Pendant pierced with blue, four Vessels; when the number of Vessels exceed four, they are to be considered as a Fleet; on which occasion a long blue and yellow Pendant will be hoisted.

If the Vessels in sight are Men of War in the North or South quarters, one of the numerical Pendants will fly over the National flag on either side of the yard Arms.

If Merchantmen are seen in the North or South quarters, one of the numerical Pendants will fly under the National Flag on either side of the yard Arms.

If the Ships are Indiamen, a Blue Pendant will be displayed as usual under the Union flag of the Fort.

If a Fleet is in sight, one Gun will be fired after the signal of the Fleet is made, and if there are two Fleets of different Nations, in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a Gun.

A Steamer or a Packet is announced with a blue flag pierced with yellow hoisted to the yard arms, expressive of the quarter she is in.

The annexed Plate represents the Flags of all Nations that trade to Madras, and the manner in which the Signals are made, to express Ships or Vessels discovered in the Offing.

The St. George's Flag hoisted on either points of the Yard Arm with a white Pendant over it announces a British Man of War. The French or Tri-coloured Flag of two points or Swallow tail hoisted with a red and white Pendant over it represents two French armed Brigs or Snows, &c.; a broad American Pendant hoisted with a red pendant pierced with white flying over it, represents three American armed Cutters, and a Dutch flag hoisted with a yellow pendant, pierced with a blue over it, represents four Dutch Men of War.

The St. George's Colours are varied according to the colour of the Admiral of the Squadron on the Station for the time being.

If the numerical pendants instead of flying over the national Colours is hoisted under them they will describe the same class of Vessels to be Merchantmen.

The blue Pendant hoisted under the Union with a white Pendant under an English Ensign hoisted on either yard arm, indicates an Indiaman.

N. B.—As the Marryat's Code of Signals is so widely in circulation, and as the community at large are anxious of knowing the names of Vessels coming in, the Captains and Commanders of Vessels are required, to answer without delay every signal made to them from the Flag Staff of the Garrison.

LIGHT HOUSE.

The Light House on the Exchange in Fort St. George was erected by the Exchange Committee, with the sanction of Government, in December 1796, and is of essential service to Ships coming in the Roads at night.

The Light is 90 feet above the Level of the Sea at high water, and can be seen from the decks of the Honorable Company's ships about 17 miles, and from their Mastheads near 20 miles.

The South part of Pulicat Shoal bears from the Light House N. 35° 30' E. distance 12 miles; and to keep clear the shoal, the Light should always bear to the Westward S. S. W. ½ W.

OVERLAND COMMUNICATION.

Instructions and Regulations for Passengers proceeding in the Honorable Company's armed Steamers, to and from the Red Sea.

1. Passage can be engaged on application at the office of the Superintendent of the Indian Navy, when the vessel is in Bombay, or to the Commander when at the Ports in the Red Sea; when persons so applying will be furnished with a copy of these Regulations, to which their attention will be particularly called, and an acknowledgment of their intentions to comply therewith will be required, previous to their being entered on the list of Passengers, and it is to be clearly understood, that any applicant for a Passage may be rejected without a cause being assigned; the commander however reporting such application and his reasons for rejection to the Superintendent. The choice of sleeping births, must (except on an order from Government) be according to the priority of engagement for a passage, but the individual taking a passage, must make his choice in person or by his agent at the time of his engagement.

2. The rates of passage money are as follow;

A Cabin Passage	Rupees 800
A Deck ditto	,, 600
Children in arms	,,
Ditto for two years old and upwards, if they do not sit at the Cuddy table, a moiety of the Passage money.	
European Servants	,, 70
Native Servants	,, 40

A passage from Mocha to Suez,——one half the fixed rate.
A passage from Judda to Suez,——one third.
,, ,, Judda to Bombay—two thirds.
,, ,, Mocha to Bombay—One half.
For a shorter trip, in proportion to the distance.

3. The short passages in the Red Sea are to be paid for on the person being received on board. It will be necessary for Individuals not belonging to the Honorable Company's Service, to make the requisite arrangements with the Commanders, for the payment of the Passage money either upon embarkation or at Bombay on their arrival.

4. Independent of the Table, they will have the attendance of a servant.

5. The vessel being commanded and officered by commissioned officers of the Indian Navy, and navigated under Martial Law, it is expected that all Passengers will conduct themselves with the same circumspection, as passengers on board His Majesty's, or the Honble Company's vessels of war, at the same time, every indulgence and consideration will be given to their comfort and accommodation so long as it does not infringe on discipline.

6. Passengers having occasion to complain of the neglect of servants, or of improper conduct on the part of any individual on board, will make the same known to the Commander, who will adopt such measures as he may deem necessary on the occasion. All complaints to the Commander by Passengers must be made either upon the Quarter Deck, or by writing to the Commander who will assert the general control he has over all on board.

7. The baggage of each Passenger must not exceed more than three boxes of the following dimensions:—

	Feet	Inches.
Length	2	6
Breadth	1	8
Depth	1	6

with two, three dozen cases, and as there will not be stowage on board the vessel for small tents, those articles will be supplied by Government at Suez and Cairo at the rate of a small Berhobe for two persons.

8. Passengers wishing to invite any of the officers or midshipmen to the Table, may do so, first obtaining the Commander's consent, when a book will be kept for the purpose of noting such occurrences, when the sum of Rupees 6 will be charged to the Passengers giving such invitation, who will give the amount, or an order for the same, to the Purser.

9. All Passengers who are not unwell, are expected to take their meals at the public table. The Breakfast hour will be half past eight, Dinner at three, and Tea at sunset, with a sandwich at nine P.M.

10. Passengers will be allowed 24 hours after the arrival of the vessel to make their arrangements, but should they remain any time after that on board, it must be at their own expense, paying at the rate of eight Rupees per diem, and the same on embarkation, should they wish to live on board before the day appointed for sailing, the commander may receive them upon their paying the same sum.

N. B. All calculations are in Bombay Rupees.

12. Every Passenger will pledge his word (in the letter stating his intention of complying with the regulations) that he will carry no letters under cover with him on board the Steamer, without having paid the usual postage at the Post Office, for letters via the Red Sea.

13. When an application is made for a passage in Bombay, the applicant must produce a certificate from the Sub-Treasurer that one-third of the passage money has been paid into the Treasury, before his name can be entered as a passenger at the Indian Navy office.

14. In the event of an individual not proceeding in the Steamer after his name is entered as a Passenger, he shall forfeit the third of the passage money paid into the Treasury, under the preceding article.

15. Ten days previous to the period on which the Steamer is advertised to depart, each Passenger is to pay the remaining two-thirds of his passage money into the Treasury, in default of which his passage will be considered to be forfeited, together with the amount paid into the Treasury under the thirteenth article.

16. No transfer of accommodation in the Steamer by an individual who has taken his passage to one who has not taken his passage, will be permitted.

17. Any Officer from another Presidency, or from an out-station, making an application for information, should have his name put down according to the date of that application and a reasonable time be given for receiving his conclusion.

18. Each cabin of the "*Hugh Lindsay*" (excepting the Captain's) is to accommodate two Passengers.

19. The Deck Passengers who only pay Rupees six hundred (600) have no right, it is to be understood, to sleep in the Cuddy.

20. The person who first engages a passage, will be entitled to an entire cabin, and so on for the whole of the cabins allotted for passengers; but should there be more passengers offer than the allotted number to the Cuddy, it will then be necessary for them to share their Cabins with another, retaining their choice of whom they will take in, the last passenger getting a Cabin being the first to divide his cabin, in gradation upwards.

21. Deck Passengers are only to be taken after the Cabins and Cuddy Births are filled.

Instructions for the Commanders of the Hon'ble armed Steamers related to the conveyance of Passengers, their accommodations, Table &c. &c.

1.—The Commanders are to attend carefully to the comfort, and accommodation of Passengers; whilst they do this, they will take care to preserve their Character as Commissioned Officers in the Hon'ble Company's Service.

2.—All complaints from Passengers either against Officers, Seamen or Servants, are only to be received on the Quarter-Deck, or by letter. If necessary the Commander may have them investigated in private, every attention is to be immediately given to them, and every means taken to give satisfaction.

3.—The Commander will preside at the Head of the Table, and it is expected that by his example he will prevent any excess of conviviality which must be prejudicial to the good order so necessary to be preserved aboard the Steam Packets.

4.—The Commander is not to receive any present whatever under any circumstances, without the permission of Government applied for through the Superintendent, and will caution Officers of the service under his command not to receive a present from any Passenger on pain of disobedience with this order, will subject them to a Court Martial, and any Officer found engaged in any species of Trade whatever or Merchandize will also subject themselves to a trial for disobedience of orders. This will not prevent the Commander himself taking or granting permission to the Officers taking aboard any small quantity of Coffee or other useful produce, provided it is for their own use, the application for permission to take on board such produce must be made in writing to the Commander and an account kept of every article received on board either for himself or for others by his permission.

5.—The Commander (if there is no agent appointed by Government) will engage Passengers in the Red Sea agreeable to the 1st Article of the Regulations and Instructions, and he will not reject any applicant without reasonable grounds for so doing, however he will be very careful in ascertaining, that those who apply for passages and not belonging to the Company's Service, have the means of paying for their passage on their arrival at the Presidency; all those taking short passages in the Red Sea will get the passage money before they are received on board.

6.—The Commander will be particular in directing the Officers of the watch not to speak to the Passengers, but give their sole attention to their duty upon which the safety of all vessels (but particularly a Steamer) so much depends.

7.—All orders and regulations for the better government of H. C. Vessels of War that do not interfere with these instructions will be duly attended to and the Commander will be held responsible for any breach thereof.

8.—The Commander is to preside and manage the Mess Table, &c. &c. &c. every thing for the Passengers according to precedents which will be drawn up by a Committee and with which he is furnished by the direction of Government.

9.—The Commander will receive Fifteen Hundred and Forty Rupees for each Passenger for whom he provides a Table when the number on the voyage to or from Suez does not exceed twelve exclusive of children, and when above that number, four hundred Rupees for each, without regard to such as are taken on board at any of the intermediate Ports between Bombay and Suez, viz.

If provided with a passage from Mocha to Suez one half the fixed rate if from Judda one-third and on the return voyage if taken at Judda one half if at Mocha one half, and for children under 12 in proportion to the Cabins.

When Officers proceed on board the Steamer on duty and entertained at Table the Commander will be entitled to receive from Government a Per diem allowance agreeably to the scale laid down by the Government Order of the 18th December 1841, for the subordinate vessels of the Indian Navy.

10.—The Cabin Furniture, Plate, Table Linen, &c. &c. &c. considered necessary to fully accommodate at least twelve Passengers, the several articles thereof are to be kept up by the Commander and considered as a trust fund in good order to his successors or to Government when required, the same being to be subject to no demands whatever on account of wear, beyond the stipulated rates of Rupees four hundred and fifty, or four hundred according to the number of Passengers and the trifling expenses to be incurred by the issue of ship's provisions to the additional Servants required to be entertained for each voyage.

11.—Deck Passengers are only to be taken after the Cabins and Cuddy Births are filled.

Art. 15th. If any subscriber or claimant on the Fund, shall be desirous, to appeal from the decision of the Directors, to that of the Subscribers at large upon any subject which may not be specifically defined by the regulations, such appeal, provided it be approved by three Directors, shall be referred and decided upon in the manner prescribed in the preceding article, and the decision shall be final in all cases whatever; any further agitation of the question, by process of law or otherwise, being deemed to itself to be an absolute forfeiture of all claim on the Fund.

Art. 16th. When a reference shall be made to the Subscribers at large, respecting either a proposed regulation, or an appeal, the result of such reference shall be communicated to corps for the information of Subscribers.

Art. 17th. In order to prevent litigation respecting the disposition of this institution, it shall be required that every application for the benefits of the Fund shall be accompanied by an obligation of the party applying to conform and submit to the decision of the Directors, and of a majority of the Army, in cases which admit a reference to the general suffrage.

Art. 18th. Generally all payments due from the Fund, are to be made half-yearly on the 30th June, and on the 31st December; but in cases where pensioners, or claimants on the Fund are about to embark for Europe, all arrears are to be paid up to the latest date practicable.

Art. 19th. Any arrear which may be due to the Fund by a Subscriber, or by an Annuitant, who may have received an over payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the Fund to the person owing such arrear.

Art. 20th. All income derived from the Madras Military Fund, is declared to be unalienable; and the fact of attempting the alienation of such income, in any manner, or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the Fund.

Art. 21st. Dismission from the service shall be in all cases considered a forfeiture of all claims on the Fund, and of all subscriptions already paid, but temporary suspension from rank and pay, is not to be considered a forfeiture of such claims, provided the subscription be continued during such suspension, or if the subscription be discontinued provided the arrears so arising and interest on the amount, shall be paid up within a period, equal to that of the suspension, and immediately succeeding it.

Art. 22d. If a Subscriber who may be dismissed from the service, by a Court Martial, or otherwise, shall afterwards be restored to the service, he shall be readmissable to the Fund, on payment of the arrears that may have accumulated, with interest thereon, in the same manner as if he had suffered only temporary suspension.

Art. 23d. All property belonging to the Military Fund, at any period, shall be invariably vested in the Honorable Company's Securities.

Art. 24th. When interest may be chargeable according to these regulations on sums either receivable or payable by the Military Fund, in account with Subscribers to that Fund, or their families or representatives, that in-

terest shall be always calculated according to the highest rate which may be allowed on the Honorable Company's Securities at this Presidency, at the time when such sum may be received or paid.

Art. 20th. The Honorable Court of Directors having made it obligatory on Cadets and Chaplains to become members of the Military Fund, it will be the duty of the Secretary to communicate to each Cadet and Chaplain entering the service that his name has been enrolled in the list of Subscribers, in conformity with the condition of his appointment; at the same time requiring the parties to state whether they are married or not; when the Secretary will inform them of the amount of donation they will be required to pay, such communication to be made on the presenting of an order admitting any Cadet or Chaplain into the service.

Art. 21th. The management of the Affairs of the Fund in England will be conducted by a Committee of 24 Officers, Subscribers resident in that country, of whom three to form a quorum.

Art. 27th. The Committee will have Agents to conduct their proceedings with a salary of £225 per annum, including Office Establishment and all contingencies.

Art. 28th. The agents to be nominated by the Directors in India, and liable to removal by order of a majority.

Art. 29th. It shall be a part of the duty of the Agents to furnish every Cadet and Chaplain on his application, with a printed copy of the Regulations of the Fund, and every information requisite relative to the existence and objects of the Institution.

Art. 30th. When vacancies occur in the number of the Committee they are empowered to elect officers (subscribers to the Fund) to fill them.

Art. 31st. All payments on account of the Fund in England will be made in the same manner as pay is issued to Officers upon Furlough, upon certificates to be granted by the Secretary.

Art. 32d. The agents' drafts will invariably be drawn in favour of the parties who are entitled to receive the pensions, &c. or their order.

Art. 33d. With the view of securing the Fund against decay and disastrous failure, the original intention in regard to donation shall be strictly adhered to, namely, that the donations paid by officers be "for the purpose of forming a capital," and that the subscriptions of Officers, the Company's donation, the interest on the capital, and all other profits, be alone available to defray the expenses of the Fund, and the books and accounts of the Fund shall be kept to that effect.

Art. 34th. Should the subscriptions of officers, the Company's Donation, the interest on the capital, and all other profits available to defray the expenses of the Fund, fall short of the demands upon it, so that the total amount of the former will not defray the amount of the annuities and other claims, then it shall be in the power of the Directors to make a proportionate reduction according to Table D, from the annuities of all widows and children, until the state of the Fund shall afford the means of complete payment.

Art. 35th. The Secretary shall lay before the Directors at the regular monthly meeting in November each year, an estimated state of the Fund for the current year; and the Directors having taken the same into consideration, shall declare what deduction, if any, may be required on annuities for the ensuing year, on the principle of the preceding Article.

QUEEN'S MILITARY FUND.

Regulations of a General Military Fund, for the benefit of Widows and Children of Deceased Officers in Her Majesty's Service in India, established in 1820, and revised in 1837.

Under the protection and countenance of the most Noble the Marquis of Hastings, Commander in Chief in India, the above named Fund was established in the year 1820, for the purpose of sending home, in comfort and respectability, the families of deceased officers in Her Majesty's Regiments serving in India, who may have been left destitute; and of preventing the painful and degrading practice of appealing to the public for subscriptions on such occasions; and also of providing relief in such cases as may occur, until they can be conveniently sent home.

It having since been found advisable to make some alterations in the rules and regulations then established, the following revised regulations, passed with the general consent of the officers of the army, have been approved of by His Excellency the Right Honorable Viscount Combermere, Commander-in-Chief in India, who has been pleased to become patron to the Institution.

1st. That the Committee of general management formed at Calcutta shall consist of the following persons for the time being, subscribers to the Fund:

The two Senior Officers of Her Majesty's Regiments stationed at the Presidency.

5th. That all grants of assistance from this fund shall be regulated and assigned by Committees of subscribers, as hereinafter declared.

6th. That in order to ascertain the circumstances of any widow or family who may have become destitute by the death of any regimental officer, and the claims they may have to the consideration of the fund, it shall be the duty of the commanding officer of the corps the deceased officer belonged to, to cause inquiry to be made into the circumstances of the case, and to report the same for the information of the committee, and the commanding officer shall, as far as his knowledge shall enable him, state his opinion of the case as required.

GENERAL COMMITTEE.

7th. That whenever there may be present at [illegible] Field Officer, or Captain, Surgeon, or Paymaster, or more than one stationed together, [illegible] Lieutenants, or 1 Ensign of the same corps, every application for relief from this fund shall be laid before a committee composed as equally as possible of Officers from such corps present, and one Field Officer, 2 Captains, 2 Lieutenants, or 1 Ensign, and 1 Quarter Master or Adjutant, being subscribers to the fund.

8th. That the Paymasters of corps shall be authorized and required to make these deductions monthly, and shall regularly remit the same to the Agency of the Queen's Military Fund, Messrs. Ferguson and Co., Calcutta.

9th. All married Officers subscribe to the Fund within two months after joining their Regimental Stations, and Lieutenants within two months after their marriage; any Officers neglecting so to do, shall at any future time be admitted as a subscriber, unless by the sanction of the General Committee, always saving all arrears from the date of his joining or marriage, as the case may be, up to the period of the time, from the date of the revision of these Regulations in August, 1837.

10th. That in order to obviate the difficulties which would arise from the occasional remote situation of Her Majesty's Corps, serving under the several Presidencies, the Most Noble the Governor General in Council, was pleased to order and direct when the fund was established, that bills may be granted to the Paymaster of Her Majesty's Regiments by the Governments of Madras and Bombay, on the Government of Bengal, at the exchange for Calcutta Sicca Rupees, for every 350 Madras Rupees, and 333 Calcutta Sicca Rupees, for every 350 Bombay Rupees, payable at sight to the General Agency in Calcutta, thereby avoiding Commission, double agency and risk of exchange.

11th. That such general, special, or regimental committees as the case shall be, having duly examined into the circumstances of the claims for relief, shall report their opinion on, and recommend the amounts to be granted, whether for passage money or maintenance, should be in conformity with the regulations annexed. The opinion and recommendation of such committees shall be forwarded to the agents of the general committee of Bengal, or to the honorary Secretary of the sub-committee, or to such person as may be appointed by the Commander-in-Chief, if at the presidency of Madras or Bombay, by the officer commanding the Corps in which the applicant may have occurred.

12th. The sub-committee at Madras and Bombay will, on satisfying themselves with the accuracy of the statements laid before them, draw upon the agents at Calcutta, for the amount of the sum which may be awarded; but in the final adjustment of the accounts of such sub-committee, the general committee will consider themselves bound to object to any sum, however trifling, which may be granted in excess of the established scale.

13th. The sub-committee will, on drawing for any sum on the general agents, transmit the report of the station committee, as well as their explanations and explanations of the award as vouchers, and they will also return, as soon as possible, transmit the proper receipts and certificates, showing that the money has been appropriated in the manner and for the purposes for which it was awarded.

14th. The object of this Fund being clearly confined to sending home distressed families of deceased officers, with a view of preventing them from becoming applicants for assistance to the public, it cannot be understood to be open to the officials and the Queen's service in India, this authority hereby declares that all ranks of staff and regimental officers will subscribe to it.

15th. But to prevent doubts and misconceptions, which might possibly arise hereafter, it is distinctly declared, that no widow can, in any supposed circumstances, or no lady continuing to reside in this country after the death of her husband can expect any provision or pension for herself or children from the fund, further than is stated in the 5th clause of the schedule of rates. It is also declared, that no widow is entitled to passage money or allowance for travelling, unless she shall actually proceed to sea on her journey in the manner for which any allowance may have been desired, and should she have received such allowance, she will be required to refund; and further that no widow, under any circumstances, shall be entitled to any assistance from this Fund, unless the application shall be made in the usual form within six months after the decease of her husband.

16th. Orphan children are eligible for the benefits of this fund, but grants for them must be specially made by a general or sub-committee, and sanctioned by the Commander-in-Chief of the Presidency, who is requested to appoint some eligible person to take care of them, and provide a passage for &c. &c.

17th. That the general agents in Calcutta shall furnish an annual account of the receipts and disbursements of this Fund, previously to being submitted to the Adjutant General of Her Majesty's Forces; but that they be also required, to circulate the same amongst the subscribers and the several officers of government at the three Presidencies.

18th. That commanding officers of Her Majesty's regiments be requested to pay particular attention in causing the regular quarterly remittances to be made to the general agents, who are requested, from time to time, to apprise commanding officers whenever any corps may fail in making such remittances.

19th. That no general rule or regulation of this fund shall be altered, except recommended by the general committee, and approved by a majority of the subscribers.

20th. In calling the opinion of the regiment and Staff officers of Her Majesty's forces in India a very general wish has been expressed that officers' widows should have their passage to England, &c. &c. secured to them. This Board will not now admit of it, but should the question hereafter be

Fund amount to forty thousand Rupees (40,000), the committee will apply the question for the sense of the subscribers, with a provision for such charge should again cause the balance falling to thirty thousand Rupees (30,000) ; and in that event all married officers will have a claim on the Fund, their subscriptions should then be augmented. An officer ceasing to be a subscriber on leaving India, all claims on the Fund must, in the manner, cease from the same period ; but no officer going to sea for the benefit of his health, being entitled to his company's allowances, will be counted as a subscriber during his absence.

THIRD MADRAS LAUDABLE SOCIETY.

The Laudable Society is an association for the purpose of providing a fund for the Insurance of Lives, with this difference from ordinary Life Insurance Offices, that the Funds of the Society accumulate for the benefit of the Insured; and not of the Insurers. It does not profess to insure any specific sum to the representatives of the deceased, but merely their proportion of such sum as the accumulation of the subscription shall eventually yield.

Regulations of the Third Madras Laudable Society.

Article 1.—The object of the Association is to provide a Fund for the Insurance of Lives. This Fund is to be portioned into shares; and an individual may subscribe for a certain number of shares, either on his or her own Life, or on the Life of any other individual. In the former case the general Estate of the deceased, or such person or persons as he or she may by will or assignment have appointed, shall benefit in the event of a lapse; in the latter, the person who may have subscribed on the life of the deceased shall benefit to the extent of the shares subscribed for, unless, in either case, such shares be especially declared at the time of subscription to be for the benefit of any other person or persons, or be subsequently made over according to the form hereafter prescribed for the benefit of any other person or persons, in which case such person or persons shall be entitled to benefit in the event of a lapse, and no other.

Article 2.—In the case of a person subscribing on the life of another, the party subscribing, and not the party on whose life the subscription is made, shall be considered a member of the Society and have a voice in the management of its concerns. Co-partners or other bodies of individuals may hold one or more shares jointly on any given life, either for their own benefit or for that of others, but in such case, the parties uniting in the subscriptions shall not be entitled each to a separate voice in the concerns of the Society, but must vote collectively, or by the deputation of one of their number, on all matters therein relating.

Article 3.—The great principle of this Society is, the equal division of its accumulated funds among the parties entitled to benefit by lapse of Life subscribed on according to the number of shares which those parties may respectively hold.

Article 4.—The Third Laudable Society shall commence on the 1st January 1835, and shall close on the 31st December 1837, at Midnight.

Article 5.—Not more than three Shares can be subscribed for, on any one Life, whether these shares be held by one or more individuals.

Article 6.—Persons shall be at liberty to subscribe for half, quarter, or eighth of shares either on their own lives or on the lives of others, and in case of lapse, the Estate of the deceased, or the parties for whose advantage the subscription is declared to be, or who may have become entitled to such advantage by Will or Assignment, shall benefit by the Funds in a like fractional proportion.

Article 7.—The following are the rates of Subscription to be paid half yearly on each share, half share, quarter share, and eighth of share, according

ing to the Age of the parties whose Lives are subscribed on, at the time of admission into the Society, viz.

Article 26.—It is proposed to render the Institution of the Laudable Society permanent by establishing a New Society in succession to each Society as it expires, and arranging the transfer of the shares agreeable to the above principle.

Article 27.—Upon the transfer to the Fourth Laudable Society of any share or shares in the Third Laudable Society which may stand assigned by endorsement or otherwise for the benefit of any other person or persons than the person or persons originally interested therein, or upon any subsequent transfer of any share or shares so assigned from the Third or any succeeding Society to the Society next ensuing, such share or shares shall continue in all respects subject to the lien of the assignee and shall be declared to stand for the benefit of such assignee in the certificate of Admission to be issued for the new Society.

Article 28.—Within one [illegible] and fifteen days after the 31st December, 1837, the accounts of the Second Laudable Society shall be made up, and the balance of Funds actually on hand, after reserving the payment of [illegible] per cent. to the new Society, shall be divided by the number of shares held on lives subscribed upon in the Society which may have lapsed between its commencement and its close as may be ascertained previous to the 15th day of February 1838,—and the parties entitled to benefit by such lapses, shall each receive his or their portions of the said Funds, according to the number of shares respectively held by them on the several lapsed Lives—the holders of half, quarter or eighth of shares, dividing according to those fractional proportions.

Article 29.—With respect to any lapses of Lives in this Society which may not be ascertained prior to the 15th February 1838, such lapses as shall be at the risk of the next ensuing Laudable Society, and the Dividends, to which the parties claiming to benefit by such lapses may be entitled, shall be paid out of the Funds, and agreeably to the Regulations of the said ensuing Society, as the said lapses being ascertained. It is hereby expressly provided with respect to such lapses which may have occurred at any place to the Eastward of the Cape of Good Hope, that notice of such lapses accompanied by satisfactory proof of the same must be given to the Secretaries to the Third Laudable Society within one year from the expiration of the Second Society on the 31st December 1837, or within two years, if the lapses have occurred in Europe or elsewhere beyond the Cape of Good Hope; and that in the event of the party or parties interested neglecting to prefer his or their claim on account of any such lapses within the period here described, he or they shall thereby forfeit all right and claim to any benefit whatever, by reason of such lapse from the Funds of the fourth or any succeeding Society.

Article 30.—Any misstatement in the Affidavit of health makes the policy void, as the case may be when a person effects an insurance on his own life, but not so in case of Creditors effecting an Insurance on the lives of their Debtors.

Premiums are ordinarily payable half yearly in advance; but Policy holders are at liberty to make arrangements with the Society to pay their Premiums in one amount, in annual or quarterly payments, or during a given number of years; viz. 3, 10, 15, or 20 annual payments. Many persons may wish to avail themselves of a present season of prosperity and adopt the latter course, and although their contributions will then cease with the expiration of the term they may fix upon, their share of the profits will continue to be added to their Policies annually during the remainder of life.

An assurer on a policy for whole life having paid premiums in India for a period of not less than five years, shall on returning to England, be entitled to continue his policy on the payment of the English rates of the Society corresponding with the age at which he originally assured.

An assurer on a whole life policy on which premiums have been paid in India for a period less than five years, shall be entitled on his return to England to continue the same at English rates in like manner on payment of the Indian rate of premium for one year after arrival in England.

In either case no reference will be had to the state of health of the party but the conditions of the assurance will be those of the Home Policies.

When application is made for assuring a life subject to more than ordinary hazard, an augmented Premium will be required proportioned to the increased risk, which will be regulated by the strictest attention to justice between the Society and the Assured, according to the circumstances of the case.

The parent Institution being in London with a similar establishment in Calcutta for granting Policies, Premiums, as well as Claims, are payable in either country at the entire option of the Policy holder. The establishment of Sub-Agencies at Madras and Bombay, under the management of the Calcutta Branch, affords similar facilities to persons residing at either of the Sister Presidencies.

Where the application for Assurance makes no mention of the date from which the Assurance is desired to take effect, the Policy will be dated on the date of the approval of the risk by the Directors; no assurance to be binding on the Society until the first premium shall have been actually paid to the Agents.

Every proposal for Assurance will be immediately attended to, and the Assurance completed generally within a few days after the application is made.

The accounts of the Society, after being investigated by auditors, chosen annually by the Assured as by the Proprietors, will be laid before a General Meeting to be convened for that purpose; in like manner the accounts of the Parent Society will be regularly transmitted to India for the same purpose, enabling the Branch enjoying reciprocal advantages with the Parent Society.

All Claims becoming Claims on the Society will be discharged within 3 months after proof of the Assured's death has been furnished to the Directors, resident in Calcutta or Madras.

The Directors of the India Branch of the Society are empowered, after a lapse of any number of years, to treat for the purchase of Policies or to advance if required on any Policy by way of loan two thirds of its estimated value, and also to appropriate the profits at the option of the assured in the augmentation of the amount of Policies in diminution of the Annual Premium, or in permitting them to accumulate till all further payment of Premiums becomes unnecessary.

All applications for assurance must be accompanied by Medical Fee of Rupees 8 each.

The Tables, Table Rates, and other particulars requisite to enable persons to effect assurances, may be had on application to the Agents.

By order of the Directors.
