With reference to the following pages of Astronomical matter, it is proper to state, that they are mostly due to the Nautical Almanac, from which, by interpolation, the several values have been adapted to the meridian of the Madras Observatory.

The numbers in the columns "Sun Rise" and "Sun Set," refer to *Apparent* Time, and the "Right Ascension" and "Declination" of the Sun, and the "Equation of Time," are for the moment of *Apparent Noon*. The signs + or — in the latter column are those proper to be applied to the *Apparent*, to obtain the *Mean Solar Time*; thus, on the 1st of February in the present year the

	App. Time.		Eq. Time.		Mean Time.		
	H.	M.	M.	S.	H.	M.	S.
Sun Rises at..	6	16	+13	52	or	6	29 52
— Culminates at..	0	0	+13	52	or	0	13 52

From the *latest* observations, the Observatory appears to be situated in

	H. M. S.			
Longitude	5	20	57	= 80 14 15 East of Greenwich.
Latitude	13	4	8.5	North.

The meteorological results and remarks have been derived from forty years uninterrupted observations at the Madras Observatory, and, as far as an average of observations of this nature can agree with its constituent values, so nearly may the several results here given, be relied upon to represent the expectations of the year.

The places of the fixed stars have been deduced from the Catalogue of 11015 stars given in Vol. VI. of the Madras Results.

During this month the wind blows uniformly and steadily from N. E. with occasionally an inclination towards the East about the middle of the day in the shape of sea breeze. In the mornings for the most part heavy dew is deposited, and occasionally fog is experienced, which reaches only to two or three feet above the surface of the ground. The weather is mostly very serene, presenting about twenty days of uninterrupted clearness and free of haze or mist, the remaining days being cloudy, with perhaps a single shower of rain. Lightfog is almost unknown in this month.

Throughout this month the South or *alongshore* wind with very unequal force prevails: it is accompanied with a profuse dampness and sultriness, which renders its effects highly prejudicial to health and comfort. On this account the sea breeze which sets in at noon, and blows till sun set, is less courted than at other seasons: the sky is however beautifully clear for about twenty-seven days, the remaining four being cloudy. Dew less frequently occurs, and is less in quantity than last month. Rain and lightning are little known.

The hottest time of the day is at 04. 20m. p. m.; the coldest at 5h. 0m. a. m.

The South wind which is mentioned as peculiar to the two last months, continues till the middle of this month, relieved sometimes by a land wind from the W. or S. W.: in this interval gales of wind of extreme violence have occasionally been experienced, commencing their career generally at the N. W. and veering to every point of the compass. About the 16th the regular land or hot winds set in, which are moderated in their effect towards the end of the month by occasional showers. The sea breeze sets in about noon and blows till 9 or 10 p. m. There are about nineteen days of clear weather, eight of flying clouds and haze, and four cloudy days, on two or three of which there is rain. The dew is almost imperceptible, and lightning with thunder occurs about four times.

The hottest time of the day is at 11h. 20m. a. m.; the coldest at 4h. 20m. a. m.

* In this statement the rain which fell during four gales of wind has been omitted. On the 1st May 1841, during the gale which then blew, there fell 5.4 inches; on the 10th, 11th, and 12th May 1826, 17.56 inches; on the 7th, 8th, and 9th May 1827, 21.26 inches, and on 26th May 1841, 3.9 inches.

The regular westerly winds which terminate about the middle of this month are succeeded by winds of a light and variable nature, mostly from the West and South. Calms, haze, and rain occur in about the same proportions as last month, leaving about eight days of clear weather. Lightning unattended by thunder is very frequent, but thus accompanied it occurs only once or twice. The sea breeze assumes much the same character as that experienced last month, commencing at 2 or 3 p. m., and continuing till 8 or 10 p. m. Dew is sometimes discovered, but more frequently fails.

The hottest time of the day is at 24. p. m.: the coldest at 34. a. m.

Throughout the month light and variable winds with occasional calms continue, and, with the exception that the weather is not quite so much clouded, the remarks of last month apply with equal propriety to this. Lightning occurs almost every evening, but accompanied by thunder three times only. The sea breeze sets in about 2 or 3 p. m. and blows till 7 or 8 p. m., but occasionally fails for several days together. Dew is common, but small in quantity.

The hottest time of the day is at 2 p. m.; the coldest at 4 a. m.

The clouds now begin to assume a more dense appearance than heretofore. Calm lightning and rain are very frequent till the 19th, when the N. E. Monsoon, or rainy season, sets in. From this time till the end of the month the atmosphere assumes a very disturbed appearance; extremely heavy rain, with storms of wind thunder and lightning invariably occur, and gales of wind of a similar nature to those which occur in the earlier part of the year* are sometimes experienced. On these occasions a depression of the barometer of 4 or 5 tenths of an inch is observed.† The sea breeze, or rather a slight modification of the N. E. wind, is perceived towards the middle of the day.

The hottest time of the day is at 1 P. M.; the coldest at 4½. 50m. A. M.

* See remark for month of May.

† On 20th October 1836, during the hurricane which then raged, the barometer fell to 28.25 inches.

The N. E. Monsoon continues with unabated force, and the state of the weather generally is much the same as that experienced towards the end of last month, save that an increased dampness of the air and the less frequent occurrence of lightning renders a distinction necessary. The number of clear and sunny days in this, as well as in last month, is liable to great uncertainty.

The remarks relative to the sea breeze of last month apply equally to this.

The hottest time of the day is at 06. 20m. P. M.; the coldest at 04. 40m. A. M.

The heavy rains and violent gusts of wind are much moderated at the beginning of the month, and arrive at their close about the 15th. From this time the sky assumes an appearance of tranquillity and clearness which forms a strong contrast with the disturbed state of the preceding month; the N. E. wind, however, continues throughout the month without interruption. There are about thirteen clear days, eleven cloudy, and seven of flying clouds and haze: of these there are six days on which rain falls. The morning exhibits a copious deposition of dew, and sometimes a ground fog which does not reach more than two or three feet above the surface. The sea breeze sets in at 10 A. M., and blows till 4 P. M.

The hottest time of the day is 04. 50m. P. M.; the coldest 24. 20m. A. M.

Under the degree of Latitude of the given place and opposite to the day of the month, on the left hand side, will be found the time of the sun's centre rising, and on the right hand side the time of setting. In consequence of refraction, which causes the heavenly bodies when in the horizon to appear elevated above their true places, the observed time of the sun rising will happen about two minutes earlier, and the time of setting the same quantity later than that which is here given.

* THE NEW BISHOP OF ELY.—Dr. Taiton highly distinguished himself in his academic career. He was originally a member of Queen's College, at which he kept some time before he was elected to St. Catherine's Hall. In 1815 he was senior wrangler and equal with Frederick Christian, seventh prize-winner. In the years 1816 and 1817, he was elected moderator in logic, junior moderator. In 1818 he was appointed by the University of Cambridge, as Lecturer in philosophy of mathematics, and in 1821 he was elected senior prebendary of Ely, as the resignation of Bishop Kaye. He graduated B.A. 1818, D.D. 1821, and B.D. by royal mandate, November 22, 1827. In 1828, Dr. Taiton succeeded Bishop Venables as Dean of Peterborough, and about the same time (we believe) was appointed to a prebend stall in Lincoln Cathedral. Upon the death of Dean Jackson, in 1832, Dr. Taiton was appointed his successor in the Deanery of Lincoln Cathedral, to which dignity he succeeded the office of Dean of the Order of the Bath.—Cambridge Advertiser.

PART II
—
EUROPEAN
AND
COLONIAL
DEPARTMENT.

* In the *London Gazette* of Tuesday last, the appointment of William Fergusson, Esq. Staff Surgeon of the West India, as Principal Medical Officer on the Western Coast of Africa, as Governor of Sierra Leone, is notified.

Mrs. Fergusson was born in the interior of Africa, and received his education at Edinburgh. His happy union of general talent and aptitude for public business, with his cultivation of health and recreation in an African climate, have recommended him to an office, whose duties, we doubt nothing, he will discharge with ability and dispatch.

We consider the appointment in every way judicious. A doubtless not the less welcome as it affords a strong incentive that more possibilities of origin or more will not deny to a zealous and deserving officer the due attention and patronage of his government.

Most sincerely do we congratulate Mr. Fergusson on his well-earned honor.—*London U.S. Gazette*, May 19.

CIVIL SERVICE REGULATIONS.

Absentee Allowances,

TO CIVIL SERVANTS WHEN IN EUROPE.

*Extracts from a letter from the Honorable the Court of Directors,
dated 31st December 1824.*

19. "That after an actual residence in India in the Civil Service of ten years or upwards, a Covenanted Civil Servant of the Company, upon either of the Establishments of Bengal, Madras, or Bombay, shall be entitled, whether on account of ill health, or from any other cause, and without reference to his private fortune, to come once to Europe on leave for three years, and to receive for that period from the Company's Cash an allowance of £500 per annum, provided that in no case shall a greater number of Servants come home under this Regulation annually than seventeen from Bengal, nine from Madras, and six from Bombay; nor shall a larger number of Servants, who may have come home under this Regulation, be absent in the whole, at one time, than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay; and that the preference shall be given first to Servants producing Medical Certificates upon oath, that a visit to Europe is indispensably necessary for the restoration of health, and then two Servants in their order of seniority according to the rank assigned to them by the Court of Directors in the Gradation list of the Service.

20. "That in cases of Civil Servants compelled by illness, certified upon oath, to come to Europe previous to their completion of an actual residence in the Civil Service of ten years, such Covenanted Servants shall each be presented with the sum of 2,000 Sicca Rupees as Passage Money, and shall be entitled for a period not exceeding three years to an Allowance from the Company's Cash of £250 per annum; but that Servants having received this indulgence shall not in the event of their again coming to Europe, after having completed a residence of ten years or upwards, be entitled to any Allowance under the first Regulation, except their return be again occasioned by illness, to be in like manner certified upon oath, and then only to the difference between what they have before drawn, in the shape of Absentee Allowances, exclusive of Passage money, and that of £500 per annum for three years.

21. "That Servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing Regulations.

22. "That in all cases, as well in those of Servants coming in the first instance to the Cape, as of those coming direct from India, the said Allowances be considered as commencing from the date of leaving India, and terminating at the expiration of three years from that date, or at the time of arrival in India, whichever may first happen.

23. "That the same be paid quarterly in Europe.

24. "That on no account or plea whatsoever the allowances in question be extended beyond the period of three years; and

25. "That any Servant being in the receipt of Absentee Allowance from a Civil Fund, shall not be entitled to receive during the same period of absence, the Allowances prescribed by these Regulations, beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited."

Orders of Government, dated 8th July 1825 and 26th August 1828.

In pursuance of the Honorable Court's instructions, the Governor in Council is prepared to grant the benefit of these Regulations to such Civil Servants as may produce the prescribed Medical Certificate as the cases may arise. Every Civil Servant so applying, must obtain a Certificate in duplicate from the Trust-

tees to the Civil Fund, notifying either that he will receive no allowance from the Fund during his absence in Europe, or, if he is to receive any, the nature and extent of such relief; one copy of which Certificate must be submitted with his application to Government; the other, upon his arrival in London, must be produced before the Auditor of East India Accounts.

Civil Servants desirous to avail themselves of these Regulations, and not producing the prescribed medical certificate, are hereby required to make known their desire to Government on or before the 1st December of each year, when the indulgence will be granted in order of rank to such extent as the foregoing Regulations and circumstances shall permit.

Every Civil Servant proceeding to Europe under these Regulations, whether on sick certificate or otherwise, before receiving his passage order must have applied for and received from the Secretary to Government in the Public Department a certificate specifying the grant of the permission, and whether granted upon sick certificate, or on account of private affairs; also specifying as nearly as possible the date of embarkation for Europe, which Certificate, upon his arrival in London, must be produced before the Auditor of India Accounts.

Order of Government, dated 4th November 1825.

The Governor in Council has been pleased to resolve, that in lieu of the medical certificate upon oath prescribed in Paragraphs 19 and 20 of the Regulations of the Honorable Court of Directors for the grant of Absentee Allowance, circulated to the Civil Service, under date the 8th July last, one of the following forms of medical certificate shall hereafter be adopted, according to the nature of the case: the same to be always signed by the medical officer who has last regularly attended the Invalid, and countersigned by the Superintending Surgeon of the District, or other superior medical authority.

Extracts from a letter from the Honorable the Court of Directors in the Public Department, dated 26th April 1826.

2. In your Despatch in this Department dated 6th of September 1825, Para. 6 and 7, you have brought to our notice two questions raised in respect of the Regulations framed by us for granting Absentee Allowance to Civil Servants when in Europe.

4. The first of these questions is,—

“Whether it is competent for a Civil Servant who may have completed a residence of ten years to proceed to England, and there await his turn to the indulgence of the Honorable Court, having previously notified to Government his desire to avail himself of the liberality of the Honorable Court upon the first occasion on which it should be open to him.

5. This question we answer in the negative. In framing the Regulations, it was our object, that whilst each Civil Servant might be enabled once in the course of his service to have the benefit of the Absentee Allowance, the number annually returning to England with that view should be limited, an object which would be defeated if Civil Servants were allowed to come home, and wait their turn in England.

6. The other question is, “Whether the ten years actual residence in India is to be considered to embrace the period passed at Hertford College,” to which we reply that such is not the intention. We mean the regulation to be construed in the sense which it expresses, “actual residence in India.”

Extracts from a General Letter from the Honorable the Court of Directors in the Public Department, dated the 25th July 1827.

Para. 3. “Previous to the enactment 53d Geo. 3. Cap. 155, it was our practice to forward to you lists of the relative rank of Writers appointed from time to time to your Establishment. Under the authority of that enactment regulations were framed for the government of our College of Haileybury, one of which provided that the relative rank of Writers should be fixed by the College Council, and specified in the College certificate, subject however to loss of such rank in the event of the Writers failing to proceed to India within a specified time. Lists of the rank of Writers under this regulation are now periodically forwarded to you.

4. The offers of the Absentee Allowance are to be made in the order in which Civil Servants have been, or may be classed under the Rules to which we have adverted, to such of the Servants as shall have actually resided in India in the Civil Service of your Establishment during a period of not less than ten years, commencing from the date of arrival at Madras.

6. On reference to our letter dated 26th of April 1826, Para. 5, you will perceive that it is not competent for a Civil Servant, having completed a residence of ten years, to come to England, and there wait his turn for the Absentee Allowance. That Allowance is to be granted in each case by the local government under the Regulations which we have prescribed, and no Civil Servant will be permitted to draw Absentee Allowance in England who shall not, previously to his quitting India, have been admitted to that benefit by the Government of the Presidency to which he may belong.

7. So soon as the aggregate number of Civil Servants absent, and who shall have come home upon the Absentee Allowance of £500 per annum, shall amount to twenty-seven, the same indulgence is only to be granted as Servants included in that number may either return, or quit the Service; so that the total number of absentees having left Madras upon the allowance of £500 per annum is never to exceed the limit of twenty-seven, fixed by our orders dated the 30th December 1824.

Extracts from a letter from the Honorable the Court of Directors in the Public Department, dated 5th December 1827.

Letter from ——— dated 10th October 1826.

Paras. 2 and 6, submit question, whether the regulation which precludes a Civil Servant from simultaneously receiving Absentee Allowance from the Company and from the Civil Fund is to be construed as barring the receipt of any sum from the Civil Fund in aid of the expense of Passage to Europe.

2. The receipt of Absentee Allowance from the Company must bar the receipt of any allowance in any shape from the Civil Fund.

4. We shall not object to the advance to a Servant coming home under the Absentee Regulations, and not entitled to passage money, of six months allowance in cases in which you may be satisfied that that indulgence is required to enable the party to provide a passage.

Letter from ——— dated 30th March 1827.

Paras. 71 & 72.—Court requested to re-consider their decision upon the question of permitting a Civil Servant to come to Europe in anticipation of being admitted to the Absentee Regulations.

5. We adhere to the determination communicated to you in our despatch dated the 26th April 1826; Para. 5. No servant will hereafter receive the Absentee Allowance who shall not have been admitted by the local Government to the benefit of the Regulations previously to leaving India, excepting only such servants as may have been compelled by ill health, to quit India on a voyage to some place within the limits of the Company's Charter, or to the Cape of Good Hope, and as may have been subsequently compelled by the same cause to come to Europe. In such cases, where the Servant has resided more than ten years in India, the benefit will of course be withheld whenever the number of Absentees limited by the Regulations is complete.

Order of Government, dated 18th November 1823.

The Right Honorable the Governor in Council has been pleased to resolve, that all persons who may be permitted to proceed to Europe, with the benefit of the Absentee Allowance, shall vacate their situations, and avail themselves of the indulgence, within three months from the date on which it may be granted.

Extract from a letter from the Honorable the Court of Directors in the Public Department, dated 6th May 1826.

Civil Servants who decline to subscribe to the New Annuity Fund are not admissible to the benefit of the Absentee Regulations.

Civil Servants proceeding to England under the Absentee Regulations, or on Special Leave of Absence.

Extracts from a letter from the Honorable the Court of Directors.

Para. 1. We have to acquaint you that we have adopted the following Regulations, with respect to the grant or extension of leave to Members of the Indian Civil Establishments repairing to this Country under the Absentee Regulations, or on special leave of absence, viz.

That Civil Servants coming to England under the Absentee Regulations, or on special leave, shall immediately on their arrival report themselves with their address by letter to our Secretary, forwarding at the same time the certificates which they received in India.

That in all cases of leave, Civil Servants be required to join the Establishment to which they belong at the expiration of the term for which leave may have been granted, unless they shall have obtained an extension of it from six months before the expiration of the said leave.

That extensions of leave will not in future be granted by us except in cases of sickness certified to our satisfaction, or in cases in which it shall be proved that a further residence in Europe is indispensably necessary.

That when under any such circumstances a Civil Servant shall have obtained an extension of leave to a given period, he must at the expiration thereof ap-

ply for and obtain our permission, either to return to his duty, or to reside a further time in Europe, failing in which he shall be liable to be struck off the List of Civil Servants.

That the Act of the 33d Geo. 3d, Cap. 52, Sec. 70, as it respects Civil Servants applies only to cases of sickness, or infirmity, and that no Civil Servant be hereafter considered eligible to return to the service after 3 years' absence, under that enactment, who has failed to obtain agreeably to the foregoing Regulations, an extension of leave under the circumstances referred to in the Act.

2. We desire that the foregoing Regulations be published for general information, and that each Civil Servant returning to this Country under the Absentee Regulations, or on special leave, be furnished with a copy for his guidance.

(A true copy.)

Fort St. George, October 8, 1836.

First. A furlough granted to a Civil Servant, whether under a Sick Certificate, or otherwise, in conformity with the Rules of the Honorable Court's despatch, dated 31st December 1823, and communicated to the Service on the 8th July 1825, shall be considered to have lapsed on the occurrence of any of the following events:—

1st. On the death of the party in the course of three years from the date of his leaving the Presidency.

2d. On his retirement from the service by the acceptance of an annuity granted under the rules of the Madras Annuity Fund.

3d. On return to India before the expiration of three years.

Second. Civil Servants will be entitled to proceed to Europe on furlough on sick certificate, at any time of the year, provided there shall not be at the period of their applying for the certificate, 27 individuals in the enjoyment of the furlough.

Third. On the 1st December next ensuing, and on every subsequent 1st December, the number of furloughs to be tendered to Civil Servants of 10 years standing, and not claiming the indulgence on the ground of ill health, shall be calculated as follows:—

Complement of 27 furloughs as on the 1st December 1835.

Defect taken within the year up to this day:

Add lapses since last 1st December:

Fourth. If the applications received by Government before the 1st December of any year should not equal in number the available furloughs, calculated as above, the same may be over to be taken by Servants either on sick certificate or otherwise, at any time of the year following, until the number shall be complete; when it may be so, further certificates on account of lapsing furloughs shall not be granted, except on the applications being accompanied by sick certificate, the lapse in the course of the year being reserved to meet the demands of the Service, according to the principle laid down by the Honorable Court of Directors, that is, with due preference to cases of sickness, and to seniority.

Fort St. George, December 27, 1835.

Civil Servants admitted to the benefit of the Furlough Regulations are reminded that, in order to obtain the prescribed Furlough Certificate from the Secretary to Government in the Public Department, they must previously submit to that authority a Certificate from the Trustees of the Civil Fund, that they will receive no allowance from that Fund during their absence; and also a Certificate from the Accountant General, (who will require a Certificate from the Civil Auditor) of their being no public demands against them.

Fort St. George, August 29, 1837.

The Governor in Council has resolved, with a view of assimilating the Rules of this Presidency with those of Bengal, and of enabling Civil Servants who may be desirous to return to England, by way of Suez to make the passage of the Red Sea at the most favorable season of the year, to alter the period fixed for the grant of the Furlough allowance to Civil Servants of ten years standing, not claiming the indulgence on the ground of ill health, from the 1st December to the 1st November of every year.

Leave of absence—Rules for the Grant of, and for Regulating Deductions from Salaries, and Deputation Allowances.

Fort St. George, February 21, 1840.

The following Rules for the grant of leave of absence, and for regulating deductions from Salaries and Deputation Allowances, are re-published for general information.

Fort William; Financial Department, the 29th January 1840.

The following Rules for the grant of leave of absence, and for regulating deductions from Salaries and Deputation Allowances, having been approved and passed by the Hon'ble Court of Directors, are published for general information, and will take effect in all the Presidencies, Settlements and Stations under the Government of India from the date of the arrival of the Gazette containing them, in respect to all leaves of absence granted after that date. The notes show the interpretation put by the Council of India upon the rules in their application to cases not specifically mentioned.

Rules for application for leave of absence, and for fixing the local limits within which it may be granted.

Sec. I. No leave of absence from any office or station can be granted, but by the Government of the Presidency under which the employment is held, and the application of the party requiring such leave, saving in such cases as may hereafter be specially excepted, must be made publicly through the regular channel in the Department to which the applicant may belong.*

Note.—This rule must be considered as superseding the rule under which Commissioners of the Land Revenue and other Officers have heretofore been allowed to grant leave of absence in Bengal.

Sec. II. The official allowances of the holder of a Civil Office, quitting his Station without leave will entirely cease from the date of his quitting until his return, or in the event of his subsequently obtaining leave, to the date of such leave being granted to him.

Sec. III. No leave of absence shall have any retrospective effect; except in cases of severe illness, to be attested by Medical Certificate, conforming in every respect to the directions contained in Section V.

Sec. IV. Upon application duly made, the Government of each Presidency may grant leave of absence to any place or places in the Continent of India, whether within the Territories subject to the Government of the East India Company, or not, to any Civil or Military Servant holding a Civil appointment, subject to all the conditions prescribed in the rules that may be applicable to his case. Upon similar application the Government of each Presidency may also grant leave to such persons, subject to the like conditions, to proceed to the Island of St. Helena, the Colony of the Cape of Good Hope, or to any place situate between the 36th Degree of North Latitude, and the 50th Degree of South Latitude, such place being likewise between the 30th and 180th Degrees of Longitude, East of Green-

* Applications for leave of absence under these Regulations are to be sent to the Office of Audit previous to their final submission to Government, and to contain a specification of the particular section of the Absence Rules under which the indulgence of leave is solicited.

The collective or individual authorities, thro' whom these applications must pass, are to adopt this course in all cases which they may be disposed to recommend; and it will be for the Office of Audit, in forwarding them to Government, to state in such instances whether the provisions of the Rules have been complied to, and what, if any, objection exists to a compliance with the applications. See Resolution of the Madras Government of the 26th November 1839.—CORRECTION.

* This applies to all unauthorized absence, whether antecedent to the grant of leave, or subsequent to its termination. See Order of the Government of India dated 15th January 1840, and published in the Fort St. George Gazette of the 14th of April of the same year.—CORRECTION.

Sec. XII. (Revised—See Amended Rules, page 131.)

CHAPTER IV.

"Rules for leave preparatory to embarkation and for joining Stations."

Sec. XIII. (Revised—See Amended Rules, page 131.)

Note.—This rule is only applicable to Civil Servants, Military Officers appointed to Civil Office will draw Salary only from the date of joining as heretofore, the rule in force in respect to Staff Situations being applicable to them.

Sec. XIV. There shall be allowed to Officers appointed to any new Office the periods of one month, two months, or three months, for joining, accordingly as the distance may not exceed 300 or 600 miles, or be in excess of the yet mentioned distances. Officers not joining their station within the said periods respectively, shall forfeit their Salary for the time delayed in excess of the above periods, and if such excess shall exceed one month, the Office shall be vacated, unless otherwise specially ordered by Government.

Sec. XV. Upon the first appointment of any Civil Servant who shall be reported qualified for the Public Service by the Examiners appointed by the Government, to any Civil situation, there shall be allowed for travelling expenses to the Station an allowance at the rate of 3 Annas per mile by the direct Post road according to the Polyometrical Tables of the Post Office, the Bill for which allowance will be passed by the Civil Auditor after the Officer shall have joined the Station: if required in advance an order of the Government shall be necessary.

Sec. XVI. The Salary of Office will be payable from the date only of the Officer joining, but in the case of Junior Civil Servants, the Salary of Assistant will be payable from the date of their being reported qualified for the Public Service, unless forfeited under the preceding rule through delay in joining the Station to which they may be appointed.*

* The following Extracts from a Resolution passed by the Governor General of India in Council on the 10th of June 1841 (published in the Fort St. George Gazette for 1841, page 325) relate to the particular attention of Officers appointed to new situations, but who by the express order of Government may be prevented from entering immediately on the duties thereof.—Governor.

1. The Governor General in Council remarks that the Rules framed by (No. XVI) of the Regulations of the 29th January 1839, require in case of a change of Office, when an Officer is appointed to a higher situation, that he shall not draw the higher salary until he joins.

2. His Lordship in Council considers it expedient strictly to maintain this Rule as one of general practice, and that no exception ought to be allowed otherwise than under special circumstances and exceptions of the public service.

3. His Lordship in Council is further of opinion, that as a general rule Officers ought not to be appointed to situations for the Station of which they are not immediately available.

4. When an Officer, for the convenience of the public service, has been detached by an order of the Government to a situation of inferior position until he has been promoted, in such case the Governor under the Royal Presidency is to pay to him the higher salary of his new appointment, during the period of his being so detained. This exception to the Rule XVI corresponds with the exception provided for in Rule XX under the Chapter for Deputation Allowances, in which it is declared that no Civil Servant temporarily officiating for another shall draw an amount larger than the entire emoluments of the office in which he is officiating, but that the prohibition does not apply in the case of an Officer who may be deputed for special reasons to act in an office of inferior emolument to his own.

5. In order to remove any doubt of practice at all the Presidencies the application of Rules XIV, XVI, and XVII, has been explained that Rule XIV, refers to the appointment of Civil Servants previously not holding any permanent situation, such as Servants for the first time appointed to a fixed situation after their return from furlough.

6. These Servants are entitled under Rule XIV, to the allowances of their new office from the day of appointment, provided they do not come under forfeiture by exceeding the time prescribed for joining their Station.

7. And Rules XVI and XVII are to be construed as applying to cases where there is a change of office with increase of salary: a special course being prescribed with regard to Junior Civil Servants: they under Rule XVI are authorized to draw the salary of Assistant from the date of their being reported qualified for the public service, unless forfeited through delay in joining the Station to which they have been appointed.*

Note. This Rule also is only applicable to Civil Servants, Military Servants drawing, as in the case of Staff Situations, no Civil Salary from the time of leaving one office till the date of joining the other.

Sec. XVII. In case of a change of Office, when an Officer is appointed to a higher situation, he shall not draw the higher salary until he joins. For the period occupied in traveling, the Rule No. XIV, regulating the time and distance for joining Stations shall be applicable, and the Officer will, for the periods allowed in that rule, respectively draw out of the salary of the office he is about to join a sum equal to that of his previous situation.

CHAPTER V.

"Rules for Deputation Allowances."

Sec. XVIII. (Revised—See Amended Rules, page 131.)

Sec. XIX. (Revised—See Amended Rules, page 131.)

Sec. XX. No Civil Servant temporarily officiating for another shall draw an amount larger than the entire emoluments of the office in which he is officiating, and if the amount of the Deputation Allowance according to the prescribed scale, added to the permanent emoluments of the Officiating Servant, would exceed the emoluments of the office in which he is temporarily acting, the excess shall not be drawn.* But this provision shall not apply to the case of any Officer deputed for special reasons to act in an office of inferior emolument to his own, in cases where an Officer holding two appointments, on being deputed to officiate for another shall be relieved only from one, he shall receive no Deputation Allowance, unless the emoluments of the office in which he is deputed to act exceed the united emoluments of his permanent appointments, and in that case the Deputation Allowance shall be limited to the difference.

Sec. XXI. (Revised—See Amended Rules, page 132.)

Sec. XXII. (Revised—See Amended Rules, page 132.)

CHAPTER VI.

"Rules for Chaplains and Assistant Chaplains."

Sec. XXIII. Chaplains and Assistant Chaplains may under medical certificates obtain leave of absence, subject to all the deductions, conditions and limitations prescribed in the case of Civil Servants; but no Chaplain or Assistant Chaplain can be permitted to draw any allowance when his period of absence shall have exceeded two years.

Sec. XXIV. (Revised—See Amended Rules, page 132.)

Sec. XXV. (Revised—See Amended Rules, page 132.)

Sec. XXVI. (Revised—See Amended Rules, page 132.)

Sec. XXVII. On joining a Station in the interior after arrival in India, a Chaplain or Assistant Chaplain will be allowed the same rate of travelling charges, and be subjected to the same rules in respect to joining his Station, as a Civil Servant. On any subsequent transfer from one Station to another, the same allowance will be made if the transfer take place, not at the desire of the Chaplain removed, but by order of Government.

* When an Officer has been temporarily holding a Civil or Military Staff appointment in consequence of the absence of the fixed incumbent on Sick leave within the limits prescribed in these rules, and the latter proceeds to Europe, or otherwise vacates the appointment during absence, the fixed incumbent is not entitled to any higher allowances by reason of such vacancy; and in the event of his being permanently appointed to the office in which he has been officiating, he shall receive the full salary of that office only from the date of his permanent appointment. See Order of the Indian Government published in the Fort St. George Gazette for 1842, page 662.—CONTINUED.

Leave of Absence, &c.—AMENDED RULES.

PORT ST. GEORGE, May 31, 1843.

In re-publishing the following Rules, the Most Noble the Governor in Council directs that effect may be given to them in respect to all Deputation Allowances, and leave of absence granted within the limits of this Presidency, subsequent to the 30th May 1843.

PORT WILLIAM: Financial Department, 17th May 1843.

The Honourable the President in Council, with the concurrence of the Right Honourable the Governor General, has revised the Rules published on 29th January 1840, for the grant of leave of absence, and for regulating deductions from Salaries and Deputation Allowances. The following Rules will have effect from this date for regulating Deputation Allowances, and the terms on which leave of absence will be given to places situated within the limits of the respective Presidencies to which the Applicants are attached.

Sec. VI. (Amended.) Civil Servants absent from their Stations under Medical Certificate, within the limits of their respective Presidencies, shall be entitled to the Salaries of their Offices for the period of two years, subject to a deduction of 4d for the whole term of such absence, save and except that for the first year, if the Salary be not more than 500 Rupees per mensem, no deduction shall be made, and if it be only so much more than 500 Rupees that the prescribed deduction of 4d would reduce the allowance below that sum, only the excess beyond Rupees 500 shall be deducted, but for the second year the full deduction shall be in force. An absent Servant, whether Civil or Military, shall in no case retain any Civil Office or employment, nor be permitted to draw any portion of official Salary for a longer period than two years, but a Civil Servant who may, on account of sickness only certified, obtain an extension of leave beyond two years shall, if his period of actual residence be less than 12 years, be allowed to draw the second rate of subsistence allowance, and if the period of such actual residence be 12 years, the highest rate of subsistence allowance, but if he continues absent in disobedience of an order to return, or without sufficient cause shown, that allowance also shall be forfeited. The period of absence shall be computed from the date of his quitting his Station to the date of his return thereto.

Sec. XI. (Amended.) The Government of each Presidency may grant to Civil or Military Servants holding Civil appointments leave of absence for one month in each year, without deduction from the Salaries and Emoluments drawn by such Servants. Such leave however will only be granted when the Government is satisfied that an incurrence or expense will arise from the departure of the Officer seeking it. No second leave can be granted under this rule until the completion of eleven months from the expiration of the last leave.*

* In cases sanctioned with any intimation to the Public Service, leave will be granted for not more than three months to each Servant on the date of the promulgation of these Rules were limited to the intimation under the Provisions of Section XI. of the Rules of January 1840. See Notification of the Madras Government, dated September 27, 1841—Circular.

Sec. XII. (Amended.) The Government of each Presidency may, on sufficient cause being shown, grant to a Civil or Military Officer holding a Civil Office special leave of absence on private affairs. Provided however that if any Officer to whom such leave shall be granted shall be absent from his Station for any period exceeding that to which under the last rule he may be entitled without deduction, the Absentee, if a Civil Servant, shall for the period in excess draw no more than one-half of his Salary and Allowances, and, if a Military Officer, only so much of the Salary and Allowances of any Civil Office to which he may stand appointed, as added to the Military Pay and Allowances which he may be entitled to draw, shall equal one-half of his entire Military and Civil emoluments. After an absence of three months (exclusive of any period which may be granted under Sec. XI.) any Office held by the Absentee shall become vacant.

Sec. XIII. is rescinded.

Sec. XVIII. (Amended.) The sum of Company's Rupees 52,200 per annum having been fixed, under the orders of the Court of Directors, as the Maximum Salary of Civil Office for the Officers of Government under the situation of Member of Council, Civil and Military Servants holding Office in the

Note.—This rule will equally apply in case of a Political Resident taking leave of one month for which in other cases he would suffer no deduction. The excess above the maximum monthly salary will in that case be enjoyed by the person in charge.

Note.—Military persons acting for other Military persons holding Civil Office, will, as in the case of Staff, draw half the difference between the incumbent's Military Allowances and the consolidated Civil Salary as at present, that is, will draw the amount retrenched from the Absentee, but when acting for a Civil Servant they will draw at the rates and under the same rules as Civil Servants.

Political Department, who may draw larger Allowances than this annual sum as a consolidated personal and sumptuary allowance, in consideration of the necessary expenses of their position, will in all cases of absence be treated in respect to deductions as drawing only the Allowance thus limited, and the excess above the monthly salary yielded by that annual sum shall remain as a local addition to the usual Deputation Allowance, to be drawn by the Officer performing the duties to meet the necessary expenses of his position.

Section XIX. (Amended.) Deputation Allowances shall be granted to Civil Servants temporarily performing the duties of an Office according to the following rates, and subject to the limitations and conditions hereinafter laid down.

To Civil Servants not holding any substantive Appointment.

At the rate of 25 per cent. on the monthly Salary of the appointment officiated in, such Deputation Allowance being in addition to the Subsistence Allowance of their respective ranks.

To Civil Servants holding an Office of inferior emolument when Officiating for a Superior.

At the rate of 10 per cent. upon the monthly Salary of the appointment officiated in, in all cases in which the Salary of such appointment shall not exceed Company's Rupees 2,000 per mensem, and in respect to all appointments of which the Salary shall be more than Company's Rupees 2,000 per mensem, at the rate of 10 per cent. upon Company's Rupees 2,000, and of 5 per cent. on the amount in which the monthly Salary may exceed Company's Rupees 2,000; provided however that no lower rate of Deputation Allowance shall be given than

The Deputation Allowance shall in all cases be in addition to the Salary of the substantive appointment held by the Officer on deputation.

A Civil Servant acting for another shall have no claim to Commission or Fees, where any such allowances of emolument exist. These shall be regarded as forming part of the income of the Officer to be retained, subject to the prescribed deductions.

Sec. XXI. (Amended.) No Subordinate Officer acting for his Principal, or for any other person holding a superior appointment in the same Office or Establishment, at the same Station, shall be entitled to any Deputation Allowance until after the expiration of one month, and then the Allowance is not to be drawn in arrears. But a Servant previously out of employment, or who may be deputed to act from a different Station, shall be entitled to Deputation Allowance from the date at which he may enter upon the discharge of the duties to which he has been temporarily appointed.

Sec. XXII. (Amended.) Civil Servants, if deputed to act at a distance from the stations where they are employed, or Military Officers holding Civil Office who may be so deputed, or who may be retained by Government on special duty, shall be permitted to draw travelling allowances at the rate sanctioned in the case of a first appointment.

Sec. XXIV. (Amended.) The Government of each Presidency may grant to Chaplains and Assistant Chaplains special leave of absence on private affairs, but if such absence shall exceed the period to which the Absentees may be entitled under the following Rule, they shall for the period in excess be subjected to the deduction of one-half of their Allowances, and after an absence of four months all Allowances shall be discontinued.

Sec. XXV. (Amended.) Leave of absence for one month in each year, under the principle mentioned in Sec. XI., may be granted to Chaplains or Assistant Chaplains by the Bishop of the Diocese, or when the Diocese may be vacant (but not otherwise) by the Archdeacon or other Ecclesiastical functionary performing the duties of an Archdeacon or Canonary; and such leave being consistent with the rule, will be recognized by the Civil Auditor after it has been published in the Government Gazette of the Presidency with the authority of Government. Information of every leave so granted by the Bishop, or other Ecclesiastical Officer above mentioned, shall be immediately transmitted to the proper Secretary to Government, for the purpose of notification in the Gazette.

Sec. XXVI. is rescinded.

Sec. XXVIII. (Amended.) The Mint Master, the Assay Master, and Deputy or Assistant Assay Master of any Mint in India may obtain leave of absence under sick certificate, or on private affairs, subject to the conditions in the Rules forming Chapters I to V. The Absentee, if in the enjoyment of any Military pay or allowance, shall, during his absence, be subject to the deductions prescribed in the case of Military Officers holding Civil employment. If not a Military Officer, the Absentee shall be subject to the same deductions as a Civil Servant under similar circumstances, but no Officer of the Mint or Assay Department can be permitted to draw any portion of Salary for a longer period than two years, if absent under sick certificate, nor for a longer period than four months if absent on private affairs.

The Rules published on the 29th January 1840, not affected by the above alterations, remain in force.

Mess Regulations.

FORT ST. GEORGE, 21st February 1845.

No. 39 of 1845.—The Most Noble the Governor in Council is pleased, under the sanction of the Honorable the Court of Directors, to establish the following Regulations for

OFFICERS' MESSES.

1. The Court of Directors have repeatedly expressed their desire that Regimental Messes should be established in the various Corps of the Indian Army, and that Officers of all ranks should become permanent Members of them, attend-

ing regularly, or occasionally, according to their domestic conditions, and in furtherance of this important object, an allowance is granted by Government in aid of their attendant expenses.

Regimental Colonel
Lieutenant Colonel Commandant
Lieutenant Colonel
Surgeon
Assistant Surgeon

Not serving with his Regiment.

2. It is therefore ordered that an Officers' Mess shall be maintained in every Corps, and that every Officer, with the exceptions noted in the margin, shall become a Member.

3. Rates of donation and subscription may be fixed regimentally—but they are not to exceed the following, which is established as the maximum scale.

Donation, 1 Month's Pay proper.

Subscription, 1½ per Cent Monthly on Pay and Garrison Allowances.

4. Every Officer is required to pay donation according to his rank—on promotion he will pay up the difference between the amount of donation already paid, and that of his new rank—up to the rank of Lieutenant Colonel or Surgeon inclusive.

5. All Officers, those in Europe excepted, are required to pay the monthly subscriptions fixed for their respective ranks.

6. Lieutenant Colonels and Surgeons having paid their donation in those ranks to the Corps in which promoted, are not required to pay any further donation on removal to any other Regiment, but with whatever Regiment they may afterwards be serving, they will pay the regulated monthly subscriptions.

7. Lieutenant Colonels promoted to Lieutenant Colonel Commandant or Colonel, and continuing to serve regimentally, are required to pay difference of donation and subscription as above.

8. Veterinary Surgeons having once paid a donation to the Mess of any Regiment are not to be required to pay donation to the Mess of any other Corps to which they may be removed.

9. Officers absent in Europe, on the Staff, or on permanently detached duties, (not regimental) though paying donation and subscription as above, are to be entered as Honorary Members from the date on which they may quit the Corps.

10. Officers appointed to do duty with Regiments are to be Honorary Members of the Mess, paying the monthly subscriptions, but they are not liable to pay donation, and consequently are to have no votes.

11. Honorary Members are in no manner liable for any debts or engagements contracted by the Mess.

12. Donations are to be appropriated exclusively to the permanent expenses of the Mess, that is to say, for Mess Property, as Plate, Glass, Camp Equipage—and the payment of the Mess Writer, Tent Lascars, and carriage of Mess property—but not to the current expenses of the Mess Table, Mess Wines, or Table Servants.

13. Mess Plate or other articles once purchased, become Regimental property, on which no individual claim will be allowed.

14. The Commanding Officer is held responsible for the general supervision of the Mess. It is his duty especially to observe that no expenses are incurred which would involve the Officers in difficulty, or the Mess in debt,—and he is required strictly to enforce the regular monthly settlement of all Officers' accounts.

15. No public parties are allowed to be given in the name of the Regiment unless with the concurrence of the Commanding Officer, who is held responsible on such occasions for the prevention of all undue expense.

16. The interior management of the Mess is to be conducted by a Committee to be composed of three Members,—one of whom shall be Secretary, permanently or otherwise, as may be regimentally arranged—one of the remaining Members to go out by rotation at periods of not less than six months—under

which arrangement the whole of the Members will in course of time become acquainted with the business of the Mess Committee.

17. The Commanding Officer is empowered whenever he may see good and sufficient cause for such interposition of his authority, to withhold his sanction from any proposed regulation or proceeding.

18. Such other regulations as may be necessary are to be established regimentally by the Officers of Corps under the sanction of Officers Commanding.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR IN COUNCIL.

Fort St. George, 28th May 1841.

No. 33 of 1841.—The Right Honorable the Governor in Council is pleased to promulgate, for general information and guidance, the subjoined Sections of the Act 1st and 4th Victoria, Chapter XXXV II, and Extracts from the Articles of War, providing for the care, application and distribution of the Effects and Credits of deceased Officers and Soldiers in the Service of the East India Company.

[See MADRAS ALMANAC for 1844 page 243.]

In pursuance of the provisions of the above cited Sections of the Mutiny Act and Articles of War for the better government of Officers and soldiers in the service of the East India Company, the Governor in

Council is pleased to lay down the following rules of procedure to be observed on the demise of Officers and Soldiers. The General Orders mentioned in the margin are hereby cancelled.

1. Immediately upon the demise of an Officer present with his Regiment, the Major of the Regiment, or the Officer who may be second in Command at the time with the Regiment, having secured the Effects or Equipage of the deceased, a Committee of Adjustment shall be assembled without delay.

2. Should there not be Officers present with the Regiment of the description specified in Art. 110, Section V of the Articles of War, then the Committee may be composed of such as may be available, the Seniors being selected.

3. The Committee are to take a correct Inventory of the whole of the Effects and Accounts of the Credits of the deceased, mentioning especially in all cases whether any and what amount of Cash was found in the deceased's possession, and whether any and what amount of Pay and Allowances was due to the deceased, also an account of his Regimental Debts, and the same are to be entered in a Book to be kept for that purpose, to be entitled "Register of Estates;" which Book shall form a Regimental Record, and a copy of such Inventory and account shall be forthwith forwarded to the Secretary to Government in the Military Department, such copy to be attested "a true copy from the entry in the Register."

4. It will be the duty of the Committee in preparing such account of Credits and Debts, carefully to investigate the latter, and to record their opinion as to the correctness of each claim.

5. In all cases where a Will is not found, or when a Will is found and the Estate is not solvent, or when no Executor is appointed, or when the Executor named in the Will is at too great a distance to be communicated with within one month, it will be the duty of the Committee to cause the live stock and other property of the Estate to be sold by public auction without delay; but in the event of the Executor being on the spot, or within the distance above indicated, the Estate appearing to be solvent, the Committee will communicate with him, and reserve or dispose of the live stock and other property of the Estate as he may desire; the proceeds of sale and the property reserved being subject, however, to the orders of the Military Secretary to Government, without whose authority no Effects, or proceeds or surplus of Effects, are to be made over to the Executor.

6. Whenever the parties named as Executors to the Estates of deceased Officers shall be beyond the limits of this Presidency, or shall decline to act as Executors, the Original Wills, together with the copy of the Inventory and account of Credits and Debts mentioned in para. 3, shall be transmitted to the Office of the Secretary to Government in the Military Department, and duly certified copies of Wills retained with the Regimental Records.

7. The Committee will in all cases draw the arrears of Pay, &c. which may be due to the deceased, and accounts of Estates are not to be closed until such Pay, &c. shall have been received. To relieve the Committee however from the charge and responsibility of keeping proceeds of Estates in their hands, pending the close of accounts remittances on account are to be made by Sub Treasurer's receipts to the Military Secretary to Government.

8. To avoid delay in adjusting the arrears of Pay due to Officers deceased, it will be the duty of the Military Auditor General, immediately on receiving notice from the Military Secretary to Government, or other certain information of the demise of an Officer, to cause all Bills in his Office connected with the deceased in any way to be examined and checked, in order to their early settlement.

9. The Committee will record and sign their proceedings, entering with all other necessary particulars the date, places, and object of their assembly, as well as the names of the convening Officer and of the President and Members.

10. All Proceedings and Papers connected with Estates transmitted to the Military Secretary to Government, and all references for instructions made to him, are to be forwarded through the convening Officer, who is considered responsible for the regularity of the procedure of the Committee. All correspondence with the Registrar of the Supreme Court relative to his taking out Administration to Estates, is restricted to the Military Department; and Committees of Adjustment will not communicate their proceedings direct to the Registrar, but only through the Military Secretary to Government.

11. In the case of the demise of an Officer possessed of Instruments Field Books or Maps, or other articles, the property of Government, it will be the duty of the Committee of Adjustment to report especially upon such public property to the convening Officer; who will be held responsible that the same be not sold with the private effects of the deceased, and that proper measures be taken for its safe custody. A copy of such special report will be inserted in the proceedings of the Committee.

12. With reference to Section XLIX of the Mutiny Act, it is hereby notified that all sums due to the Military Fund, or the Medical Fund, are of the nature of Regimental Debts; * but claims or demands of the undermentioned descriptions

* Money drawn on account of Regimental Books or Papers, being such as Officers are required by the orders of the Service to be supplied with for official use, is to be admitted as a Regimental debt, the Committee of Adjustment certifying on the bill, that the articles charged for are bona fide of the description specified. See G. O. G. 131 of 1843.—Continued.

are not Regimental debts, and therefore will not be settled by Committees of Adjustment.

Bills of Tradesmen of every Class without exception.

Private Accounts of Agents, Merchants, Shopkeepers, Money-lenders, and Dealers.

Claims for Money borrowed, for the purpose of building or purchasing Quarters, to distinguish it from money due for the hire of Quarters, or for their purchase from the former proprietor, which is a Regimental Debt.

Mess Bills for any period in arrears beyond the month in which an Officer dies, and the immediately preceding month.

Bills for Liquors supplied from the Mess Stores to unmarried Officers, separate from their charges at Mess.

Bills on account of Subscription to Regimental Bands, Book Clubs, and similar private institutions.

13. When an Officer separated from his Regiment by employment on the General staff, or by having obtained leave of absence, or by any other circumstance, or an Officer of the Invalid Establishment, shall die at any station, it will be the duty of the Officer Commanding at such station to order a Committee of Adjustment to assemble without delay, consisting of a President, being either an Officer not under the rank of Major or the next Senior Officer available at the station, and of two members, who shall in all practicable cases be Officers of eight years standing in the service; and such Committee shall proceed in every particular in the mode laid down in the foregoing Rules for the guidance of Regimental Committees of Adjustment. An Officer dying on route between two stations, his effects to be conveyed to the nearest Military station, when the Officer Commanding will proceed as above directed. In the case, however, of an Officer temporarily detached from his Regiment dying at a station other than that to which he properly belongs, it will likewise be the duty of the Officer Commanding the Regiment, on receiving intimation of his decease, to convene a Regimental Committee, in the usual manner; and in such a case, the Regimental Committee, and not that assembled where the individual died, will draw the arrears of pay; and the proceedings of the latter Committee will be forwarded to the Officer Commanding the Regiment to which the deceased belonged, in order to their communication to the Regimental Committee of Adjustment, and to their transmission simultaneously with the proceedings of the Regimental Committee to the Military Secretary to Government.

14. Officers Commanding at stations where detached Officers die, will consider all the foregoing rules relating to the duties and responsibilities of Regimental Commanding Officers, to be equally applicable to themselves.*

15. On the decease of Warrant Officers, and of Non-Commissioned Officers and Soldiers in detached employ, Committees of Adjustment composed of three Commissioned Officers will be assembled by order of the Officer Commanding at the station, and will proceed in the mode herein before prescribed.†

* The Rules laid down in this and the preceding para. are to be observed in respect to all the effects of Officers in Camp and Quarters, although at different stations from that at which the casualty may occur. Officers, Civil and Military, or any other persons in whose custody such property in Camp and Quarters may be, are to deliver it over to the Officer Commanding at the Camp or Station, whose duty it is, as being informed that such property is being so delivered, to sign a receipt therefor, to be sent with a list drawn up in the prescribed form. See G. O. C. 11, 207 of 1891.—Continued.

† In cases of Warrant Officers and Non-Commissioned Officers and Soldiers dying away from the Head Quarters of their Regiment or Battalion, the documents contained with their Effects should be forwarded by the Officers who assembled the Committees on their effects at the time of death to the Officer Commanding the Regiment or Battalion, for transmission to the Military Secretary to Government.

In Detachments of European Corps the Senior Officer is to direct the assembling of Committees on the effects of men belonging to, and dying with, such Detachments, forwarding the documents as above directed.

In cases of men dying at Stations to which they do not belong, the Officer Commanding such station is to direct the assembling of Committees on their effects, and forward the documents as directed in the last para. of this note. See G. O. C. 11 of 1891.—Continued.

16. It is the duty of the Town Major to convene Committees of Adjustment on the effects of Officers dying at the Presidency; such Committees to consist of any three Officers who may be available, the President being not under the rank of Major, and the Members of at least eight years standing in the service. The proceedings of such Committees will be forwarded direct to the Military Secretary to Government, to whom application is to be made when necessary for instructions.

17. In cases of an intestacy, it is ordered that within one fortnight after the taking of the Inventory, a sale of the effects shall take place by public auction to the highest bidder, due notice thereof having been given, and within one fortnight after such sale, the Account Sale, shall, with the names of the bona fide purchasers of the different articles, be entered in the "Register of Estates," and a copy of such Account Sale shall be forthwith forwarded to the Secretary to Government in the Military Department, such copy to be attested as directed in para. 3.

18. The Officer Commanding will be accountable for the recovery of the amount of all purchases, and for the correctness of all payments from the proceeds of Estates, it being his province to nominate the Auctioneer, and when he may see fit to prohibit the delivery of goods until their value has been received. Credit may be given to Military persons, but not beyond the second issue of Pay after the sale.

19. It is ordered that within one fortnight after such second issue of Pay, the Officer Commanding shall cause to be entered in the said Register an account in the form annexed, debiting himself with all the credits of the Estate, and crediting himself with all payments of Regimental debts, and showing that the balance has been lodged in the Pay Office and a transfer receipt obtained, and a copy of the same, attested as in para. 3, together with all vouchers for all payments and the Sub-Treasurer's receipt for the balance, is to be forwarded to the Secretary to the Government in the Military Department, as soon as the Sub-Treasurer's receipt for the balance shall have been received.

20. The Auctioneer shall in no case receive a greater per centage or remuneration than 5 per cent., which shall be paid by the Commanding Officer on the day on which the accounts of the Estate are finally closed, if his accounts are correct and the amount of purchases recovered, but not otherwise.

21. If there be any house or article of great value which may seem to the Officer Commanding to justify the postponement of the sale, or the extension of credit beyond the time by this Order limited, he may, if he sees fit, postpone the sale, or, on his own responsibility, make a special agreement for the payment of the price of such house or article of great value, such postponement of the sale and such special agreement being immediately brought to the notice of the Secretary to the Government in the Military Department, together with the special circumstances which have seemed to such Officer Commanding to justify a departure from the course prescribed in the 17th para. of this Order.

22. When any Military person indebted to an Estate shall, before the full payment of the account of his purchases, apply for leave of absence on sick certificate or otherwise, it will be the duty of the Officer in charge of the Estate from which such purchases have been made to recover the payment of the debt prior to the departure of the individual from his station, or to report the default to the Accountant General and to the Secretary to Government in the Military Department.

23. An Officer Commanding, quitting or being relieved from the charge of a Regiment, shall render to the Officer succeeding to such charge, the account of every Estate, whether of an Intestate or otherwise, the accounts and balance of which shall not have been then already rendered to the Secretary to Government in the Military Department, or Executor, as the case may be; and such succeeding Officer will be responsible for the correctness of the account, unless, at the time of receiving charge of the Regiment, he objects to the account, and brings such objection to the notice of the Secretary to Government in the Military Department.

24. In case of any Officer Commanding dying, or being by sickness in-

capacitated from rendering any account, the next Senior Officer shall direct the assembly of a Committee consisting of three of the Senior Officers of the Station or Regiment, for the purpose of taking an account of all Estates, whether of Intestates or otherwise, the accounts and balances of which shall not have been then already rendered to the Military Secretary, or Executor, as the case may be; and the Committee so assembled shall render the accounts taken to the Officer succeeding to the Command, in case of such death or sickness.

25. Officers Commanding will be held responsible for the strict fulfilment of the several provisions of this Order, and any loss which may arise by a deviation therefrom will be recovered from their pay and allowances, under the authority of Government.

26. They will likewise on making over an Estate to the Secretary to Government in the Military Department, to the Executive, or to the Registrar of the Supreme Court, as the case may be, submit a notification of their having done so for publication in the Fort St. George Gazette. No charge for Advertisements inserted in other papers will be hereafter admitted against the Estate of any deceased Officer or Soldier.

27. Such parts of the foregoing Rules as are applicable to the cases of Soldiers dying in the Service, and are in conformity with the Mutiny Act and Articles of War relating thereto, are hereby extended to such cases.

Fort St. George, 26th November 1843.

No. 194 of 1843.—The following General Order, by the Right Honorable the Governor General of India in Council, is republished for the information of the Army.

GENERAL ORDER BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 3d November 1843.

No. 239 of 1843.—The following Paragraphs of a Military Letter from the Honorable the Court of Directors to the Governor General of India in Council, No. 10, of the 27th July 1843, and annexment relative to the collection and distribution of the Effects of Officers and Soldiers in Her Majesty's Service, or in the Service of the East India Company, dying in the East Indies, are published for the information of the Army; and the Governor General in Council is pleased to direct, that the opinions therein communicated, of the Law Officers of the Crown and the Company, upon the Statute of the 6th Geo. 4th Cap. 61, and also upon the Act in 2d and 4th Viet Cap. 37, Sec. 52, be at once given effect to, and acted upon at all the Possessions.

"Para 1. We have lately received through the Board of Commissioners for Indian Affairs, a representation from Her Majesty's Secretary at War, complaining of the obstruction which still exists in India, to the collection by Regimental Officers, of the Effects which may be left by Soldiers dying in that Country.

2. In our Military Letter to Madras, dated 30th July 1842, No. 44, (copy of which was forwarded to your Presidency,) we observed that "by the Act of the 6th Geo. 4th, Cap. 61, Sect. 1, it is rendered lawful for all Officers or persons who may be employed or required by or under the Authority of any Articles of War in force, to take care of or collect the Effects of Officers and Soldiers dying on Service out of the United Kingdom, without taking out any Letters of Administration, in like manner as if such Officers had been appointed Executors or had taken out Administration, and by the Article of War founded upon it, viz. Sec. 129, the Officers who are required to collect the Effects of Soldiers deceased are authorized to collect all those Effects without any limitation being specified as to the place where they may be deposited, and are required after payment of Regimental Debts and Quarters to pay the balance, if any, to the Regimental Pay Master, such balance to be by him paid to the heir or legal representative, if present at Head Quarters, or if not, to be remitted to the Regimental Agent, for payment to the legal representatives under the direction of the Secretary at War.

With this explanation, no difficulty can occur hereafter in the payment by any of our Officers, to the party authorized by the Act and Articles of War as above specified to collect the same, of any sum or sums, or securities, which may be in their hands, or under their control, belonging to the Estates of Soldiers deceased; the responsibility of requiring Probate or Administration to the Estate, to be taken out by the persons to whom the surplus is to be paid, resting altogether, as it appears to us, with the party authorized by the Act and Articles of War to collect the property."

3. Notwithstanding these directions, objections have been made at all the Presidencies to paying over certain portions of the Estates of Soldiers to the Regimental Officers entitled to collect them, founded in some instances upon legal opinions obtained in India of the inadequacy of the above Act to authorize such payment. In consequence of recent representations on this subject, received from Madras and Bombay, we have lately obtained the opinion of H. M.'s Advocate, of the Attorney and Solicitor General, and of the Company's Standing Counsel, upon the interpretation to be put upon the above Statute of the 6th Geo. 4, Cap. 61, and also upon the Act of 3d and 4th Victoria Cap. 37, Sec. 52. The opinion of those learned persons determines that Officers entitled to collect Soldiers' Effects, are authorized by those Acts to take possession of all the personal property of every description of deceased Soldiers, without reference to its amount or value, or to its being invested in Notes or other Securities, or to its being in Camp, or Quarters, or elsewhere.

J. C. MELVILL, Esq.,

DRAPER'S HALL, 23d May 1843.

SIR,

In obedience to the directions of the Hon'ble the Chairman and Deputy Chairman, which I received through you on the 22d ultimo, transmitting a copy of Mr. Baring's letter of the preceding day, which forwarded the copy of a letter from H. M.'s Secretary at War, dated the 11th ultimo, with its enclosures from the Marquis of Tweeddale relative to the difficulties which are still alleged to exist in the collection of the Effects of H. M.'s Officers and Soldiers dying in India, I lost no time in laying the necessary case before Her Majesty's Advocate, the Attorney and Solicitor General, and the Company's Standing Counsel for their opinion, as well upon the points directly raised in the papers transmitted from the War Office, as upon those of the same class which appeared to arise out of the various communications received last month from Madras and Bombay, in reference to the construction to be put on the Mutiny Acts and Articles of War as to the Administration of the Effects of Officers' and Soldiers both in Her Majesty's and the Company's Service dying in India.

The questions which thus arose appeared to be the following, viz.

1st. Whether the Officers respectively appointed under the 122nd and 129th Articles of War for Her Majesty's Forces, and under 110th and 111th Articles of War for the East India Company's Forces, to collect the effects of the Officers and Soldiers therein respectively described, are respectively entitled to demand and (without taking out Letters of Administration) to receive and take possession of all the personal property of every description of such deceased Officer or Soldier without reference to its amount or value, or to its being in Camp or Quarters or elsewhere; and whether in this latter respect there is any difference between the case of a deceased Officer and that of a deceased Soldier.

2d. Whether in the event of part of such property of a deceased Officer or Soldier consisting of a Promissory Note or other transferable Security of the East India Company, or of one of their Governments, expressed to be payable to the deceased, being at the time of his death in the hands of the Government Agents for his use, such Government Agents can lawfully and safely deliver over, and are bound upon demand to deliver over, such Promissory Note to the Officer so appointed under the Articles of War, and whether the amount of such Note or other Security makes any difference in the case.

3d. Whether such Officers can by indorsement or otherwise, as effectually transfer to give a discharge for the amount secured by such Note, as if he had been appointed Executor or had duly obtained Letters of Administration of the Effects of the Payee or last Indorsee of the Note; and whether in the event of the East India Company paying the amount of the Note to such Officer when so indorsed, they are in any way responsible for the due appropriation or distribution by the latter of the amount which they shall have so paid.

4th. Whether the Officers, so collecting the Effects of a deceased Officer or Soldier under the respective Articles of War referred to, or whether the Military Secretary, or any other Officer at either of the Presidencies in the East Indies, is authorized under any circumstances to require the Registrar of the Supreme Court of such Presidency, to take out Letters of Administration there, in respect of the surplus which may remain in the hands of the collecting Officer, and whether such Registrar is in any case lawfully entitled to take out Letters of Administration in respect of such surplus.

In reply to these questions, the Law Officers of the Crown and the Company have given the following opinion.

1st. We think there is a difference between the case of a deceased Commissioned Officer and the case of a deceased Non-Commissioned Officer or Private Soldier.

With respect to a deceased Commissioned Officer, there appears to be no substantial question, since the Articles of War applicable to the case of Commissioned Officers, only authorize the collection of Effects in Camp or Quarters.

With respect to the case of a Non-Commissioned Officer or Private Soldier, we are of opinion that both in the case of Her Majesty's Forces and in the case of the East India Company's Forces, the Officers appointed to collect the Effects of the deceased Soldier are entitled to demand, and, without taking out Letters of Administration, to receive and take possession of all the personal property of every description of such deceased Officer or Soldier without reference to its amount or value, or to its being in Camp or Quarters or elsewhere. We consider that the Officers, who by the 122nd Article of War for Her Majesty's Forces, and by the 111th Article of War for the Company's Forces, are directed to act in the matter, come within the first Section of the Statute 6th Geo. 4th C. 61, and are clearly enabled by that Statute to ask, demand and receive any of the deceased's "Effects," an expression which we think reaches and includes any of his personal Estate.

2d. Our opinion on the first question supervenes this question as respects the case of an Officer.

In the case of a Soldier not being a Commissioned Officer, we are of opinion that the Government Agents may lawfully and safely deliver over, and are bound

upon demand to deliver over, a Promissory Note of the kind described to the Officer appointed under the Articles of War, and that the amount of the Note, or other Security, makes no difference in the case. This answer however should be qualified by noticing that, if there were a legal personal representative demanding the Note, we think the Government Agents would be warranted in delivering the Promissory Note to such legal personal representative in preference to the Officer.

3d. We are of opinion that the Officer may, by indorsement or otherwise, as effectually give a discharge for the amount secured by the Note, as if he had been appointed Executor, or had duly obtained Letters of Administration of the Effects of the Payee or last Indorsee of the Note. We are also of opinion that the East India Company paying the amount of the Note to the Officer, when indorsed, are not responsible for the due application by the latter of the amount which they shall have so paid.

We do not understand that under this third question any opinion is required from us, as to the right to indorse the Note for the purpose of negotiation generally, as distinguished from an indorsement for the purpose of obtaining payment of it. It would not however appear to us that there would be any difference between the two cases.

4th. Upon this point, (viz. the interference of the Registrar,) there appears to be a difference between the case of an Officer or Soldier in the Service of Her Majesty, and Officer or Soldier in the Company's Service.

With respect to the case of an Officer or Soldier in the Service of Her Majesty, we are of opinion that the Officer acting in respect of the deceased's Effects may require the Registrar to take out Letters of Administration in respect of the Surplus in question, and that upon such requisition, and not otherwise, the Registrar is lawfully entitled to take out such Letters of Administration. This is the effect of the Act 6th, Geo. 4th, C. 16, Sec. 1.

With regard to the case of an Officer or Soldier in the Company's Service, we are of opinion that under the Statute 3d and 4th Vict. C. 21, Sec. 32, the Registrar cannot in any case be required, and is not in any case entitled, to take out Letters of Administration, in respect of the Surplus in question. He may however, if required and authorized so to do, but not otherwise, take out Administration and interpose in respect of the Estate before it is collected.

Fort St. George, 9th May 1825.

No. 85 of 1845.—1. In order to obviate as far as possible risk of loss to the State, as well as to facilitate and expedite the adjustment of the Accounts of Officers of the Madras Army, who may resign, retire, or be relieved, from the Service, while serving in the Territories, Provinces, Straits Settlements, China, Aden, or elsewhere without the limits of this Presidency and beyond Sea, the Most Noble the Governor in Council is pleased to direct that whenever an Officer so situated applies for permission to resign or retire from the Service, or is placed in arrest preparatory to trial by Court Martial, his Pay and Allowances of every description shall be thenceforth drawn on separate Abstracts, and his Pay Accounts kept entirely separate from those of the Regiment or Detachment to which he may belong.

2. Consequently an Officer, situated as above described, proposing to retire from, or resign, the Service, will not be permitted to sign the Pay Abstracts, &c. of his Troop or Company; but he is not, on that account, to be deprived of Troop or Company Command Allowance to which he may under Regulation have claim, to which he will continue entitled in the same way as if detached in the manner adverted to in Part 4, head "Troops and Companies," page 177, Section 9th, of the Code of Pay and Audit Regulations.

3. The Officers Commanding at the Stations in question are directed to send to Madras for immediate Audit, at the same time that the application for permission to resign or retire is forwarded, all Abstracts containing previous charges of the Officers about to retire or resign; thus insuring, in the usual course of Audit, only common charges for his own Pay and Allowances, in which there ought to be no mistake.

Furlough Regulations.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness, and as hereafter specified,) to their rotation to be absent on furlough, and the same rule is applicable to Assistant Sur-

* Officers proposing to retire from the Service are authorized to apply through the prescribed channel of the Pay Department for anticipated copies of their accounts, and the Departments concerned are required to comply therewith, and to grant Certificates of "No demands" as soon as the applicants have settled all balances existing against them, or given proper security for the same. See G. O. G. 101 of 1818.—General.

geons, and Veterinary Surgeons. The furlough to be granted by the Commander in Chief at each Presidency, with the approbation of the respective Governments.*

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A Chaplain (appointed previously to the 1st September 1836,) after seven years' residence in India, is allowed to go home on furlough and receive the pay of Major, £292 per annum. Should he go home from sickness prior to this period of service, he is allowed the pay of Captain only, viz. £191 12s. 6d. per annum.

If appointed subsequently to that date, after seven years' residence in India, the pay of Captain, viz. £191 12s. per annum; and if compelled by ill health to go home prior to this period of service, the half pay of Captain, or £127 15s. per annum.

A Conductor of Stores is allowed furlough pay only in case of going home from sickness.

Officers going to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the Officer to his presidency.

Officers are required to join the Establishment to which they belong at the expiration of the three years' furlough, unless they shall have obtained an extension of leave from the Court six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned, or in cases in which it shall be proved to the Court that a further residence in Europe is indispensably necessary.

All Officers finding it necessary to solicit a further leave of absence on account of sickness, must, if resident in London or its vicinity, appear before the Company's Examining Physician, Dr. J. R. Howe, 9, Curzon Street, who will report to the Court of Directors his opinion on the state of such Officers' health, and if resident in the country, in any part of the United Kingdom, they must transmit, with their letter of application for such leave, a certificate according to the following form, signed by at least two gentlemen eminent in the medical profession, viz.

I hereby certify, that I have carefully examined, (state the nature of the case as well as the name of the party,) and I declare, upon my honour, that according to the best of my judgment and belief, ———— is at present unfit for military duty, and that it is absolutely necessary for the recovery of his health, that he should remain at least ———— longer in this country.

Also previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or other evidence, as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty on account of sickness, are to furnish a certificate of two eminent physicians in the above form, with the attestation of a magistrate, that the persons who signed the certificate are physicians.

Officers having obtained an extension of furlough to a given period must at

* A second furlough on private affairs may be granted to Officers when the public service will permit the indulgence, but the rule which prohibits an Officer receiving pay when absent in Europe on such affairs for a longer period than three years is to be fully maintained. The following is a copy of the regulation as published in the Bengal code, and is applicable to all the Presidencies: "No Officer who has drawn three years' furlough pay is allowed pay during his future furlough, except in cases of certified sickness; but if he has not received pay for the full term, he may during a second furlough on private affairs, be allowed the same for such space of time as will complete the three years." See Genl's letter to the Madras Government of the 1st January 1841.—Continued.

its expiration apply for permission, either to return to their duty, or to reside a further time in England.

In every case in which an Officer has had his furlough extended beyond the prescribed period, on the ground of his health not being sufficiently restored, and shall apply for permission to return to his duty, he shall produce a certificate from the Examining Physician that his health is completely re-established, and that there is every probability of his being able to perform the active duties of his profession in India.

No Officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years' absence, under the Act of 33 Geo. III. Cap. 52, Sec. 70.

Every Officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the Court's instructions, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them. Officers, therefore, who shall go home on furlough, and who shall not in due time apply, so as to effect their return to the Presidency to which they belong within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than two years and a half from the period of his quitting India until he returns, excepting Colonels of Regiments, and those of the rank of Lieutenant Colonel regimentsally, when promoted to that of Major General: the latter are then allowed to draw the pay of their Brevet rank beyond the above period.

Fort William, 29th September 1841.

No. 226 of 1841.—The Right Hon'ble the Governor General of India in Council is pleased to publish for general information, the following paragraph of a letter from the Hon'ble the Court of Directors to the Governor in Council at Bombay, No. 42, dated 4th August 1841, on the subject of the extension of Furloughs to New South Wales, or any other of Her Majesty's Colonies, the Rule therein laid down being applicable to all the Presidencies.

"Para. 2. In future cases when Officers may be granted a Furlough on sick certificate, or on private affairs, to New South Wales, or any other Colony, we desire that they may be separately informed, that any applications which they may have occasion to prefer for extended leave, are to be addressed to us in sufficient time to allow of their receiving our reply by the period when they should embark on their return, so as to ensure their arrival within the original term of Furlough; that if the application is preferred on account of health, it should be supported by Certificates from the Medical Staff Officers, or other undoubted medical testimony on the spot, shewing that the applicants are then incapable from ill health to return to the performance of military duty in India, and specifying the term for which they consider additional leave absolutely necessary for the recovery of the applicant's health; and that if the application is preferred on the ground of urgent private affairs, it will be required, that the nature of those

affairs should be specified, and that the necessity for his continued absence should be certified by his professional adviser on the spot."

FORT ST. GEORGE, 15th July 1842.

No. 125 of 1842.—The following General Order by the Honorable the President in Council, is published for the information of the Army.

"GENERAL ORDERS BY THE HONORABLE THE PRESIDENT IN COUNCIL.

FORT WILLIAM, July 1st, 1842.

No. 169 of 1842.—In obedience to the Orders of the Honorable the Court of Directors, in their Military Letter to the Government of India, No. 6, under date the 4th May 1842, the following Regulations are to have effect in the Medical Department of the three Presidencies from the 16th instant.

The situation of Superintending Surgeon to be considered a Staff Appointment, to which only those fitted for it by a zealous and able discharge of their professional duties shall be deemed eligible, and the appointment to future vacancies will be made without reference to the order of succession, whenever it may be the opinion of Government, that such departure from Seniority is required for the maintenance of the public interests.

The present system by which all Pensions in the Medical Service superior to those of Surgeon (Captain's full pay after 17 years' service in India) are dependent on promotion to the Staff Appointment of Superintending Surgeon, is abolished, and in its stead the principle of granting those Pensions according to length of service established, upon the following scale, viz.

After 20 years Service, 3 years Furlough included, as at present.	£101 a year.
" 23 " 3 " "	£300 "
" 25 " 3 " "	£365 "
" 27 " 3 " "	£500 "
" 28 " 3 " "	£700 "

The present Regulations by which Superintending Surgeons are entitled as such to Retiring Pensions of £300 and £365 a year, and Members of the Medical Board to Pensions of £500 and £700 a year, according to period of Service in those ranks respectively, will cease to be the rule of the Service for Medical Officers after the date of the introduction of the new arrangement; but individuals then in the Service, and who may be appointed to the offices of Superintending Surgeon and Member of the Board within ten years from that date, will be allowed the option of retiring upon Pensions upon the old scale of length of service in those Ranks, instead of the new scale of length of service in India.

The designation of 1st, 2d and 3d Members of the Medical Board is abolished, and the following Titles are substituted:

Physician General	1st Member.
Surgeon General	2d Member.
Inspector General of Hospitals	3d Member.

* Medical Officers who have served 21 years in India (three years furlough included) are now entitled to retire on a pension of £300 a year. See G. O. of the Government of India, No. 125 of 1842, published in the Fort St. George Gazette for that year, page 365.—*Continued.*

† The following are the Regulations referred to.—*Continued.*

"Superintending Surgeons, who have been in that station not less than two years, and whose period of service has been not less than twenty years, including three years for one furlough, are permitted to retire from the service, and allowed £300 per annum; or in the event of ill-health, they may retire on that pension after any period of service as Superintending Surgeon. If they have served five years, or are obliged after three years' service in that station to retire from ill-health, they are allowed £365 per annum.

Members of the Medical Board, who have been in that station not less than two years, and not less than twenty years in India including three years for one furlough, are permitted to retire from the service, and allowed £500 per annum, or in the event of ill-health, they may retire on that pension after any period of service as Member of the Medical Board. If they have served five years, or are obliged after three years' service in that station to retire from ill-health, they are allowed £700 per annum."

The Members of the Board will accordingly be commissioned with these Titles, when appointed to the respective positions abovementioned, and when retiring from the Service will be placed on the Retired List with the Title then held by them.

The Regulation which fixes the rank of Brigadier General as the relative Army Rank of Members of the Medical Board, will equally apply to those Members under the new Titles now established.

All Surgeons of 30 years' Service to be designated "Senior Surgeons," and their relative Rank with Officers of the Army to be that of Major. This arrangement, like all others having reference only to the rank and designation of Medical Officers, confers no claim whatever to superior allowances, and will make no change whatever in the nature of their employment.

FORT ST. GEORGE, 25th July 1843.

No. 118 of 1843.—Under instructions from the Honorable the Court of Directors, received through the Government of India, the Most Noble the Governor in Council is pleased to publish the following regulations on certain points connected with the Medical rules published in G. O. G. No. 125, dated 15th July 1842.

1st. The Physician General, Surgeon General and Inspector General of Hospitals will, collectively, continue to perform the duties of the Medical Board as heretofore: their period of service, reckoning from the date of promotion to Inspector General of Hospitals, will be five years, after which they will be required, as was the case with a Member of the Medical Board, to retire; and, as vacancies occur, the Inspector General will be promoted to the rank of Surgeon General, and the Surgeon General to that of Physician General.

2d. No alteration has been made in the regulation which prescribes that vacancies in the Medical Board shall be filled up by selection from the Superintending Surgeons, of such as shall be most distinguished for professional science and the zealous discharge of their duties, due regard being had to seniority in the Service when the qualifications of the individuals appear to be adequate to the correct performance of the duties of the office."

3d. A Superintending Surgeon, in virtue of his Staff appointment, is to take rank over all Garrison and Regimental Surgeons within his Division who may be senior to him in the list of Surgeons; but in such cases, if Medical Officers desire it, they will be transferred to a Division the Superintending Surgeon of which is their senior in the Service.

4th. The situation of Superintending Surgeon being considered a Staff appointment, the Government will be at liberty, should the interests of the public service require it, to retransfer him to the rank of Regimental Surgeon, or rather to remove him from his Staff appointment.

5th. The regulation published in G. O. G. No. 226, dated 9th June 1835, which provides that no Medical Officer shall be considered eligible to the situation of Superintending Surgeon, who shall not have served for two years in the military branch of his profession, at some period subsequently to his promotion to the rank of Surgeon, continues still in force.

6th. A Medical Officer holding the appointment of Superintending Surgeon before his embarkation to Europe, will, on his return to India, be entitled to resume his appointment as a Superintending Surgeon.

Promotion of Individuals in the Subordinate Grades of the Medical Department.

Fort St. George, 16th July 1839.

No. 111 of 1839.—The Right Honorable the Governor in Council is pleased

ed to establish the following regulations, for the promotion of individuals in the subordinate grades of the Medical Department.

1. No Medical Apprentice shall be promoted to the rank of Assistant Apothecary, until reported qualified by the Superintendent of the Medical School; and any individual who shall fail to qualify himself, by the expiration of the prescribed course of instruction, will be removed from the Service.

2. No Assistant Apothecary shall be promoted to the rank of 2d Apothecary, nor any 2d Apothecary to the rank of Apothecary, until he shall have passed his examination for the superior grade before a Board of Medical Officers at the Presidency.

3. The Board will be composed of a Member of the Medical Board as President, with the Superintendent of the Medical School, or his Assistant, and the Senior Surgeon holding a fixed Medical appointment at the Presidency, as Members.

4. The examination will embrace the following points,—pharmacy, and materia medica, reading and writing prescriptions, minor operations of surgery, general principles and practice of vaccination, with such a knowledge of the nature and treatment of diseases in general, as is considered sufficient to qualify the individuals for such charges as may usually devolve upon them.

5. In the extent to which the examination is to be carried in the several particulars above specified, the Board will be guided in each case by the opportunities which the individual may have enjoyed of acquiring professional knowledge, as having had the advantage of previous instruction in the Medical School, or otherwise; but under no circumstances is any individual to be passed for the superior grade, unless found perfectly qualified for the duties which he will actually be required to perform.

6. Each individual passed by the Board will receive a certificate of qualification for the next superior grade.

7. The examination will take place half yearly, in the months of January and July, and for the convenience of individuals who may desire to obtain certificates of qualification in anticipation of their promotion, Assistant Apothecaries from No. 1 to No. 10, and 2d Apothecaries from No. 1 to No. 5 inclusive, will be allowed to present themselves before the Board for the purpose, which will obviate the necessity of their proceeding to the Presidency on their subsequent promotion.

8. Second Apothecaries and Assistant Apothecaries succeeding to promotion when at distant Stations, not having already passed, will be appointed to act in the superior grade, until an opportunity may offer for their undergoing the prescribed examination at the Presidency.

9. The assembly of the Board of Examiners, and all subsidiary details, will be under the direction of the Commander in Chief.

S. W. STEEL, *Lt. Col., Secy. to Govt.*

Fort St. George, 15th October 1841.

No. 131 of 1841.—In order to give just consideration to the claims of Medical Subordinates who may, by the exigencies of the Service, be continued for a protracted period under the provisions of Para. 8, G. O. G. 16th July 1839, No. 111, and become unfit for further service, before an opportunity offers of their undergoing the required examination, the Right Honorable the Governor in Council is pleased to direct that they shall, in the first instance, be transferred to the Pension Establishment in the rank which they have permanently attained; but that any Medical subordinate so situated shall be entitled to the Pension of the rank in which he was acting, from the date of his transfer to the Pension Establishment, provided that he shall, immediately, or within the shortest practicable period, pass the examination required for a Medical Subordinate of that grade.

In addition to the above a monthly Subscription of 1 Rupee, or 2 Shillings 3 Pence, to be paid for each unmarried daughter, and for each son under 23 years of age, without distinction of the rank of the Subscriber.

Note: Subscribers are consequently required to report to the Secretary, dates of birth and decrease of all children.

Art. 2d. Subscribers promoted while temporarily absent in Europe on furlough, or sick certificate, are exempted during the period of their absence from payment of the difference of donation laid down in Table A, but are to pay up the arrears due by them, on coming into the receipt of Indian allowances, by the regulated instalments.

Art. 3d. On a Subscriber in either of the classes paying up by personal donation and subscription added together without interest, the maximum fixed in Table C, he shall be exempted from further contribution while he may continue in that class, with the exception of donation for daughters, and subscription for children, which will continue as otherwise provided in these Rules.

Art. 4th. Previous to the benefits issuing in full from the Fund, either to Subscribers or to Families, a certain amount calculated without interest (or the minimum fixed in Table C) shall be derived to the Fund from the Subscriber, or in case of his death, from the amount payable to his family. In calculating this minimum for any annuity, all payments made by the Subscriber, during his life, from the Fund, as far as the amount of his minimum, shall be debited against his payments in it, as above, in order that the annuity may not be issuable in full until the regulated minimum on its account shall have been *bona fide* realized by the Fund.

* This is the event of a married Captain having received aid from the Fund, the amount of which, as per Table A, is not to exceed the sum of 4,000 rupees, being the amount of his minimum; shall be debited against the amount of his contributions, the clear balance only, if any, being taken in immediate payment to be derived by the Fund, and his family being enabled to receive the annuity in full. Should there be a balance against the Subscriber, however, it will not be charged against the annuity, for which a fresh minimum will be full to be considered by the regulated deduction. For example: Suppose a Captain to have received aid to the amount of 4,000 rupees, and his payments to the Fund to amount to 2,000, he will be debited as far as the amount of his minimum, 4,000, which will be considered as balancing that amount, and the 2,000 rupees remaining will be credited to his full minimum required for the annuity.

for all Children	do.	one-fourth	do.	do.

Art. 6th. The donation may be paid at once, or by monthly instalments, agreeably to Table A, at the option of the Subscriber; if the Subscriber, however, be promoted during the payment of these instalments, he must pay all instalments subsequent to the date of that promotion, at the rate of the donation of the higher rank.

Art. 7th. Officers on their promotion will be required to pay up the amount of donation fixed in Table A on entering each class agreeably to their condition.

Art. 8th. Donation is in no case to be returned.

Art. 9th. All Subscribers, as well widowers as bachelors, marrying after their admission into the Fund, and who may be desirous that their widows or children shall possess claims to the benefits of the Fund, are required to inform the Secretary in India, or the Agents of the Fund in England, within one month of the date of their marriage of that event, and the donation shall in all cases commence with the first pay drawn by the Subscriber after marriage. A neglect of this Rule will subject the Subscriber to the Rule laid down in Article 11th of this Section, and if the whole amount of Donation is not liquidated within 24 months from the date of marriage, the subscriber shall be required to pay double the amount with interest added half-yearly.

Art. 11th. Any arrears not sanctioned by the 6th Article of this Section, equal in amount to six months subscription, shall subject the Subscriber (owing it) to the payment of double the amount of the arrears (unless it shall be made to appear to the satisfaction of the Directors that such arrears arose from unavoidable accident,) and in failure of the payment of the forfeitures specified in this, and the preceding Article (9th,) within twelve months after it shall be demanded, to the exclusion of himself and family from the benefits of the Fund (if admitted prior to the 30th April 1823, or if subsequent, to the exclusion of his family alone.)

Art. 12th. Subscribers who may be in the actual receipt of any periodical aid from the Fund, shall not during such period be exempted from the payment of monthly subscription.

Art. 13th. Subscribers who may be prevented drawing pay by a temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall during such period be exempted from the payment of monthly subscription without forfeiture of their rights; but on the removal of such incapacity, and upon the receipt of pay, they shall be required to pay up all arrears due to the Fund, within six months.

Art. 14th. Married Subscribers having daughters, and desirous that their annuities should be continued to them until marriage or death, are required within ten days from the date of birth of each daughter, to notify the same to the Secretary, stating whether or not it is their intention to pay an additional donation of rupees 252. In the former case the amount will become due to the Fund from the tenth day after birth, and must be paid within one year from the date thereof: failing in which, the annuity will cease as the daughter's attaining the age of twenty-one. Subscribers in reporting payment of the donation, are to state the Christian name and date of birth of the daughter for whom paid. A posthumous daughter, or a daughter whose father may die before payment of the donation as above, will be entitled to the advantage of this regulation, but the prescribed donation for her will be deducted from her annuity at the rate specified in Table D, and in the case of a daughter born in Europe or elsewhere while the father is in India, the report must be made as soon as the event comes to his knowledge, the cause of the delay being explained at the time.*

Art. 15th. The like option is extended to Subscribers admitted under the provisions of Article 2d, Section 1st, having daughters born anterior to their admission, for whom the above sum of rupees 252 is to be paid with compound interest at 6 per cent., calculated from their date of birth, within one year from the date of such Subscriber's admission.

Art. 16th. To obviate the inconvenience which might be occasioned by the neglect of Article 14th, Subscribers may, if they prefer it, notify to the Secretary

sign; commencing from the date of arrival in England, continuing so long as they shall be in the receipt of pay there, and ceasing from the date of embarkation to return to India. The declaration to be renewed half-yearly.

Art. 8th. Income allowance to sick Subaltern Officers at home, will be increased to such Officers as are married, or to widowers having offspring, as follows: £20 for his wife, and £10 per annum to each of his children; the latter allowance, however, to be reduced in the case of a plurality of children, in the manner prescribed by the 19th Article of this Section, provided, however, that such additional allowance for the whole family never exceed the sum of £48 15 0. A Captain, Artillery, Engineers, or Infantry, in like manner, being at home on sick certificate with a family, will be entitled to a similar allowance for his family, provided he make the declaration upon honor prescribed for Subalterns. Captains of Cavalry are not entitled to Income allowance.

Art. 9th. Subscribers proceeding to England on sick certificate conformably to the Regulations, from any place not under the Presidency of Fort St. George, shall be entitled to the personal benefits which have been above enumerated, provided they shall have complied with the local Regulations, and shall make immediate communication of the circumstances to the Directors of the Fund.

Art. 10th. The personal benefits above enumerated are issuable in one instance only; but if a Subscriber cannot take up the whole of the benefit on the first, he may do so on a future occasion of returning sick to Europe; but only to the extent that he would have been entitled to in the first instance; and if the personal benefits are required a second time, they will be granted only on Loan, under the regulations established in the 5th Section, that is to say, a Subscriber having once proceeded to Europe on the Fund has no further claims to gratuitous aid.

Art. 11th. The second class of benefits (namely those granted to widows and children of deceased Subscribers,) are absolute, not dependent on the decision of the Directors, but controlled solely by the Regulations of the Institution.

Art. 12th. The widows and legitimate children of deceased Subscribers shall be entitled to receive the annuities specified in the annexed Table E., provided they shall have paid up previous to their decease the minimum required by Section 2d; but in cases where the minimum may not have been paid up, the annuities of the widows and children will be subject to a deduction, in the proportion specified in Table D., until such minimum may have been made good, when the annuities will be paid in full.

This Regulation applies only to those girls born subsequent to the 15th October, 1822; all those born prior to that period are entitled to the same privilege without payment of donation.

Provided that nothing contained herein, or in any other part of these Rules of the Institution, shall be considered to entitle to the benefits of it, any widow who may have been legally divorced or separated from her husband for adultery, or who at the period of her husband's demise may have quitted his protection, and be living in a state of *notorious adultery*, though not divorced or separated from him by law, or who subsequently to her husband's decease may be living in a notorious state of incontinence.

Art. 13th. The pension to boys may be anticipated by the parents or guardians, at any time after such boys shall have attained their fifteenth year, at their then present value as shown in Table F; the parents or guardians granting a sufficient acquittance for the same; and such payment of anticipated pension shall preclude any subsequent demand for pension, except when the pension may have been anticipated during the life-time of the mother, and that she dies afterwards before the boy has completed his 21st year; in which case he shall be entitled to the difference of the sums opposite his age at the time of his mother's death, for the £40 or the £60 annuities, in India or England respectively, as the case may be.*

* For instance, if a boy in India, whose mother is living, anticipate his annuity at the age of 16, he will receive £145 13 4 only; but if his mother die when he is 18, he will then have to receive the difference between £72 2 0 and £102 13 4, or £30 11 2, in addition to the sum before paid to him.

Art. 15th. If a widow pensioner on the Fund marries, her pension is to cease during her coverture, but in the event of her becoming again a widow, she shall be re-admitted to all the benefits she may have enjoyed from the Fund during her first widowhood, in like manner as if she had not re-married. If her second husband shall also have been a Subscriber to the Fund, the widow will receive, however, only one annuity, taking that which may be greatest, that is to say, according to the rank of the first or second husband, whichever may have been the highest.

Art. 16th. Every widow benefitting by the Military Fund, and not provided with a passage to Europe at the expense of Government, shall be entitled (for one passage only,) to the allowance stated below,* on her making a solemn declaration upon honor, that she does not possess the means of defraying the expense of her passage, provided she proceeds to Europe within 5 years from the date of her husband's decease.

Art. 1st. Independent of the benefits which have been recited, the Fund is considered as holding out the prospect of eventual benefits under the following circumstances.

Art. 2d. If at any future period it shall be found that the funds of the Institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the Directors of the Institution, as the permission of the Honorable the Court of Directors has been obtained, to afford the aid of the Fund in the following case, viz. to Subscribers compelled by ill health to abandon the country after 10 years' service, and before they are entitled to retire on full pay, the regulated passage money of their rank, and an annuity which shall render their total income, from whatever source derived, equal to the full pay of their rank.

Art. 3d. If at any future period it shall be found, that the funds of the Institution afford a considerable surplus, after providing for the actual and probable applications for relief under the preceding articles, it shall then, and not otherwise, be competent for the Directors of the Institution, provided the permission of the Honorable the Court of Directors be obtained, to afford the aid of the Fund in the following cases:—

1st. To Officers who may have served twenty-two years in India, and may be obliged by ill health to retire from the service, without having obtained the rank of Major, the regulated passage money of their rank, and such assistance from the Fund, as will render their whole income, from whatever source derived, equal to the pay of Major.

2d. In the event of a still further surplus, it shall be competent for the Directors of the Military Fund, at their discretion, to assist Officers retiring from the service on full pay in limited circumstances, with a sum equal to the regulated passage money of their rank: provided always that the resignation of such Officer shall actually have been accepted previously to his embarkation.

SECTION V.

Art. 1st. Subscribers who shall have subscribed to the Fund for a period not less than eight years, shall be entitled to loans under the following circumstances.

Art. 2d. A Subscriber proceeding to England on sick certificate, with his wife and children, shall be authorized to apply for the regulated passage money for such wife and children, to be advanced by the Military Fund as a loan; such loan however can only be advanced upon the personal bond of the Subscriber, including two securities, to be approved by the Directors; the amount to be repaid with interest at 8 per cent., within two years after the Subscriber's return to India, provided he may have attained the rank of Captain, otherwise within two years after he shall have attained that rank, and the securities to be bound to make good any balance or deficiency, in the event of the Subscriber's ceasing to be a member of the Fund before the bond is discharged.

SECTION VI.

Art. 1st. The management and appropriation of the receipts, and the admission of persons to the benefits of the Fund, and in fact, all matters whatever relating to the Fund, shall be vested to thirteen Directors, as at present, the senior being President. When vacancies shall occur in the Direction, the Adjutant General of the Army, on receiving notice of the same, will, with permission of His Excellency the Commander in Chief, circulate to corps, a list of Officers, Chaplains, and Medical Officers, Subscribers to the Fund, who, from residing at the Presidency, are eligible to be Directors. Officers in command of corps will then communicate to the Secretary of the Fund, the name of the person selected to fill the vacancy, transmitting the vote of each individual Subscriber present with the corps. Officers permanently absent on staff employ, &c., as well as Chaplains and Medical Officers, to send their votes to the Secretary direct, and the Officer elected by the majority of Subscribers, will be informed that he has been chosen as a Director of the Military Fund.

Art. 4th. The period for collecting votes, either for a new Director, or any other subject of reference, is limited to three months from the date of circulating such reference; and no alteration or amendment proposed in the existing Regulations shall be adopted, unless a majority of two-thirds of the votes received appear in favor of it.

Art. 5th. The Directors shall, as at present, have a Secretary to conduct their proceedings, who shall also be the Accountant of the Fund.

Art. 6th. The Secretary must be an Officer of the Army and a Subscriber, to be nominated by the Directors, and liable to removal by the same authority.

Art. 7th. A monthly allowance of Rupees 200 is fixed as the Secretary's salary, and Rupees 300 as the amount of his Office Establishment.

Art. 8th. The Directors of the Fund will hold regular monthly meetings, but a meeting of the Directors consisting of a smaller number than five, shall be competent in the transaction of business. Special Meetings will be held whenever required by any urgent or particular business, and it will rest with any Director, or with the Secretary, to represent the occurrence of such necessity to the President, who will convene a special meeting within ten days from the date of his receiving the application; but no special meeting shall be called, with the view of reconsidering resolutions which may have been already adopted by a former meeting of Directors, unless at the requisition of a number of Directors greater than that which attended such meeting.

Art. 9th. The Secretary will invariably lay before the Directors, either at the regular or special meetings, all letters that may have been received by him since the last meeting:—minutes of the proceedings of all meetings will be recorded and authenticated by the signatures of the Directors present. The Secretary will also submit to the Directors who attend, drafts of all the letters which, in these meetings, he may have been desired to write: letters demanding an immediate answer, when such may be of an ordinary nature, may be replied to by the Secretary, without waiting for a meeting of the Directors; but every letter proposed to be despatched by the Secretary, must previously receive the special sanction of three Directors, signified by their initials to the drafts, which will be sent to them for consideration.

Art. 10th. The Secretary will keep the following books:

An annual Ledger, exhibiting the account of Donations and Subscriptions, as rendered by Paymasters.

Art. 19th. Any arrear which may be due to the Fund by a Subscriber, or by an Annuitant who may have received an over payment, loan, or advance, shall in all cases be deducted from the first payments to be made from the Fund to the person owing such arrear.

Art. 20th. All income derived from the Madras Military Fund is declared to be unalienable; and the fact of attempting the alienation of such income, in any manner, or under any pretence, shall be deemed in itself a forfeiture of all future benefits from the Fund.

Art. 21st. Dismissal from the service shall be in all cases considered a forfeiture of all claims on the Fund, and of all subscriptions already paid; but temporary suspension from rank and pay is not to be considered a forfeiture of such claims, provided the subscription be continued during such suspension, or, if the subscription be discontinued, provided the arrears so arising and interest on the amount, shall be paid up within a period equal to that of the suspension, and immediately succeeding it.

Art. 22d. If a Subscriber who may be dismissed from the Service by a Court Martial, or otherwise, shall afterwards be restored to the service, he shall be re-admissible to the Fund, on payment of the arrears that may have accumulated, with interest thereon, in the same manner as if he had suffered only temporary suspension.

Art. 24th. When interest may be chargeable, according to these regulations, on sums either receivable or payable by the Military Fund, in account with subscribers to that Fund, or their families or representatives, that interest shall be always calculated at the rate of 3 per cent. per annum.

Art. 25th. The Honorable Court of Directors having made it obligatory on Cadets and Chaplains to become Members of the Military Fund, it will be the duty of the Secretary to communicate to each Cadet and Chaplain entering the Service, that his name has been enrolled in the list of Subscribers, in conformity with the condition of his appointment; at the same time requiring the parties to state, whether they are married or not, when the Secretary will inform them of the amount of annuities they will be required to pay: such communication to be made on the presentation of the order admitting any Cadet or Chaplain into the service.

Art. 26th. The management of the affairs of the Fund in England will be conducted by a Committee of 24 Officers, Subscribers resident in that country, of whom three to form a quorum.

Art. 27th. The Committee will have Agents to conduct their proceedings, with a salary of £225 per annum, including Office Establishment and all contingencies.

Art. 28th. The Agents to be nominated by the Directors in India, and liable to removal by order of a majority.

Art. 30th. When vacant vacancies in the number of the Committee at home they are empowered to elect Officers (Subscribers to the Fund) to fill them.

Art. 32d. The Agents' drafts will invariably be drawn in favor of the parties who are entitled to receive the pensions, &c., or their order.

Art. 33d. With the view of securing the Fund against decay and ultimate failure, the original intention in regard to donation shall be strictly adhered to, namely, that the donations paid by Officers be "for the purpose of forming a capital," and that the subscriptions of Officers, the Company's donation, the interest on the capital, and all other profits, be alone available to defray the expenses of the Fund, and the books and accounts of the Fund shall be kept to that effect.

Art. 34th. Should the subscriptions of Officers, the Company's donation, the interest on the capital, and all other profits available to defray the expenses of the Fund, fall short of the demands upon it, so that the total amount of the former will not defray the amount of the annuities and other claims, then it shall be in the power of the Directors to make a proportionate deduction, according to Table D, from the annuities of all widows and children, until the state of the Fund shall afford the means of complete payment.

Art. 35th. The Secretary shall lay before the Directors at the regular monthly meeting in November each year, an estimated state of the Fund for the current year; and the Directors having taken the same into consideration, shall declare what deduction, if any, may be required on annuities for the ensuing year, on the principle of the preceding Article.

MEDICAL SCHOOL.

Near the General Hospital.

GEORGE HARDING, Esq. Superintendent.

JAMES SHAW, Esq. Assistant Superintendent.

This Institution, which is attached to the Presidency General Hospital, was established by the Right Honorable Sir Frederick Adam, K. C. B., by a General Order of Government, dated 13th February 1835, for the instruction in "Medicine and Surgery" of East Indians, and Natives, entering the Medical branch of the Service.

The course of education consists of Materia Medica and Pharmaceutical Chemistry, Anatomy and Physiology, Surgery, and Practice of Medicine.

A building has been appropriated solely to the objects of the Institution, and the foundation of that now occupied by the School was laid in December 1836.

A Museum has been formed, which, in addition to morbid specimens, possesses numerous anatomical preparations for illustrating that branch of the course of instruction.

The Institution is supplied with a selection of works on the several branches of study, for the purpose of forming a Library of reference, and of providing the pupils with such books as may be required for private study.

Admission to the School is not confined to Students belonging to the subordinate grades of the public medical department, the institution having also been thrown open to the community at large, under regulations as annexed.

The pupils belonging to the public service consist of two classes, namely, Europeans or East Indians, and Natives; the former being in the grade of

"*Medical Apprentice*" and the latter of "*Native Medical Pupil*." They are promoted to the grades of "*Assistant Apothecary*," and "*Second Druggist*," as they are required for the public service, after examination, and strictly according to merit.

Regulations.

MEDICAL BOARD OFFICE, 25th August 1838.

The following Regulations, for the admission of Private Students, or persons not in the Public Service, to the benefits of the course of instruction given at the Medical School, having been approved of by the Right Honourable the Governor in Council, are published for general information.

1. Applicants for admission not to be under 15, nor above 20 years of age.
 2. To possess a sufficient knowledge of the English language, and of the other branches of an ordinary education, to qualify them for the study, an elementary knowledge of Latin being desirable, but not indispensable.
 3. Their qualifications to be ascertained by examination by the Medical Board, after which, if found eligible, their admission will be sanctioned.
 4. On being enrolled as Students, they are to be subject, exactly in the same manner as those of the public service, to all the present rules for the internal conduct of the Institution, and to such others as necessity may suggest, for the class of Pupils to which they belong, for the purpose of securing attention, regular attendance, &c.
 5. Private Students to have access, in common with the others, to works of reference belonging to the school, but to provide their own stationery, and books required for private study: all other benefits to be gratuitous.
 6. Objectionable conduct to be brought to the notice of the Medical Board, and to subject the Student to expulsion, or such other penalty as may be considered necessary for the preservation of the discipline of the Institution.
- N. B. As Students cannot be admitted to a class after a course of instruction has commenced, it is necessary that all applicants should be prepared to enter on their duties with the next Public Class formed subsequently to their admission, of which due intimation will, from time to time, be published in the *Port St. George Gazette*.

By Order,

Parties desirous of being married should apply direct to some Surrogate residing near them; but from places where there is no Surrogate, application should be made to the Registrar, who will procure a commission, under the episcopal seal, authorizing some person to administer the usual oaths and grant the necessary license. None but a Clergyman of the Church of England can marry by virtue of an episcopal license. Parties who cannot on account of distance obtain the services of a Clergyman to marry them, must state the fact, and apply to the Town Mayor, Fort St. George, who will obtain the permission of the Right Honourable the Governor for their marriage, under which the Senior Judicial Officer of any nation is authorized by Government to marry them.*

In the case of a minor in R. M. or the Honourable Company's service, the written consent of the Governor must be obtained previous to the publication of banns, or the grant of a license.

Further information respecting marriages can be obtained on application to the Registrar of the Diocese and Archdiocese of Madras.

* According to a Commission of the Privy Council, bearing date the 14th of June 1792, it is the duty of persons obtaining a licence from either of the Bishops Commissioning a British Army serving abroad.

Rules for Chaplains and Assistant Chaplains.

FORT ST. GEORGE; June 2, 1840.

The following Rules for the guidance of Chaplains and Assistant Chaplains, revised under instructions from the Honorable Court of Directors, are published for general information, in modification of the Order of Government dated 30th July 1839.

1. Every Chaplain and Assistant Chaplain, on his arrival at the Presidency from England or elsewhere, shall report the same to the Secretary to Government in the General Department, as well as to the Chief Ecclesiastical authority in the Diocese.

2. Every Chaplain and Assistant Chaplain must report his arrival at his Station to the Chief Ecclesiastical authority in the Diocese, to the Civil Auditor, and to the Chief Civil or Military authority of the Station.*

3. Funerals are to be appointed at sun-rise and sun-set, and the Clergyman is to attend at the latter time if he receives notice of a funeral before 3 o'clock P. M., but if the notice arrives after that hour, the interment is to take place on the morning following: cases however may occur which may require a deviation from the general rule.

4. Commanding Officers, in concurrence with the Chaplain, will fix the time for officiating at divine service on Sunday with the Soldiery.

5. Attested copies of the Registers of Baptisms, Marriages and Funerals, must be transmitted regularly every 3 months to the Registrar of the Archdeaconry, viz. on the [31st March, 30th June, 30th September, and 31st December.]†

6. All Marriage Certificates of Europeans, being Soldiers, or persons employed in the Military Department, under the rank of Commissioned Officer, shall specify distinctly the birth of the female, whether European, Indo British, Native, &c.

7. The Chaplain is to enter carefully all the Marriages, Baptisms, and Burials of Soldiers and their Children in the Regimental Register Book of the respective European Corps, as well as in the usual Register kept by the Station Chaplain.

8. The Chaplain of every Station, where any of Her Majesty's Regiments are stationed, must forward to the Registrar of the Archdeaconry, for transmission to the Chaplain General's Office, half yearly, and for any broken period that may occur previous to his leaving the Station in which he is employed, a copy, duly signed by himself and by the Officer in Command of the Station, of the Regimental Registers of Marriages and Baptisms now kept in conformity with the general regulations on this subject.

9. The Chaplain at a Military Station is to visit regularly, at least twice in each week, the European Hospital or Hospitals. He is carefully to superintend and inspect the European Regimental and other schools, visiting them for this purpose not less than once a week, and to represent any matter concerning their management to the Commanding Officer, which may require his notice. Provided, however, that in the performance of the above duties he shall not interfere with the religious persuasion of those who do not profess the tenets of the Church of England. He is to report to the Commanding Officer on the 1st of January and the 1st of July in each year, and oftener if necessary, the state of the European Regimental Schools, the qualifications and conduct of the Master, and the proficiency of the scholars.

* This rule is made applicable to a Chaplain's departure to, or return from, out-stations of his district.

† Dates altered (under authority) subsequently to the promulgation of these Rules—COUNCIL.

10. All communications from the Clergy are to be addressed to Government through the Lord Bishop, in order that he may make such remarks thereon as his Lordship may think proper: when the Diocese shall be vacant, communications are to be addressed through the Archdeacon, or other Chief Ecclesiastical authority. All applications for change of station must be made direct to the Right Honorable the Governor, or his Private Secretary, and to the Lord Bishop or Chief Ecclesiastical authority in the Diocese.

11. A Chaplain directed to visit the Out-Stations of his District periodically, is permitted to draw a travelling allowance at the rate of 200 Rupees per mensem, calculated at the rate of one day's allowance for every 10 miles, allowing for a halt on the 7th day: provided however that the allowance drawn on this account shall in no case exceed 200 Rupees per mensem. The documents required in support of the travelling expenses of Chaplains will be—1st, the order or authority of the Lord Bishop for proceeding on such journey; and 2dly, their own declaration on honor that the journey so authorized has been performed.*

12. Any Chaplain leaving his Station, whether with or without the orders of Government, shall be bound to report the circumstance to the Civil Auditor.

13. Any Chaplain who may be removed from one station to another, shall in like manner report to the Civil Auditor the dates of his departure from the one and of his arrival at the other, and the Civil Auditor is restricted from passing the bill of any Chaplain appointed to a new station, for the allowance belonging to such Station (without the special orders of Government), until he shall have received a report of his arrival at the place of his appointment.

14. Any Chaplain returning to the Presidency after a sea voyage, for the recovery of his health, or otherwise, shall (unless the contrary is specially sanctioned by Government) be required to rejoin his station within the time that may be prescribed for travelling to the Station to which he stands appointed.

15. When a Chaplain proposes to quit his principal Station, for the occasion of visiting† any of his appointed smaller Stations, or when he intends to apply for temporary leave of absence, he must give timely notice to the Chief Civil and Military resident authorities (and state in his application for leave that such has been done), in order that if there be any cogent reasons against the absence of the Chaplain, they may be submitted to the Governor in Council.

In reference to the foregoing revised Rules for the guidance of Chaplains and Assistant Chaplains, the Right Honorable the Governor in Council directs, the re-enactment of the following Rules for regulating the absence and travelling allowances of Chaplains and Assistant Chaplains, which forms Chapter VI. of the General Rules for the grant of leave of absence, and for regulating deductions from salaries and deputation allowances, promulgated on the 21st Feb. 1840.

"RULES FOR CHAPLAINS AND ASSISTANT CHAPLAINS."

(See pages 179 and 182—COMPILER.)

Published by order of the Right Honorable the Governor in Council.

ROBERT CLERE, Secretary to Govt.

FORT ST. GEORGE; 20th September 1842.

No. 172 of 1842.—The Right Honorable the Governor in Council has been pleased, in the Ecclesiastical Department, under date the 13th instant, to direct that the following Rule for the guidance of Chaplains be re-established under this Presidency.

* Rule modified: see Extracts from Court's Despatch of the 12th April 1845, page 266, and plan for visiting out-stations page 247. The allowance is now 8 annas for each mile of distance travelled over, and the Lord Bishop's order is not necessary.—COUNCIL.

† Recent orders require that the Chaplain shall also report his return from these visits to the chief resident authority at his station.—COUNCIL.

"The practice of baptizing in private houses is to be avoided by the Chaplain as much as possible, and the Clergyman is to attend at the place appointed for divine service on some fixed day and hour in each week, for the purpose of baptizing Soldiers' children; however, this is not to be considered as authorizing the Clergyman to decline attending at any time or place to administer private baptism to such infants as may be in a weak, or precarious state of health."

S. W. SEXTON, Lt. Col. Secy. to Govt.

Chaplain's Visits to Out-Stations.

Extracts from Court's Despatch, 12th April 1842.

"In Section 27 of the Regulations respecting leave of absence and deputation and travelling allowances which we have recently approved, you will find a rule on the subject of travelling allowances on joining a Station, and when any change takes place except at the desire of the Chaplain or Assistant Chaplain."

3. But to avoid inconvenience and guard against the possibility of misunderstanding, we think it desirable that for every circle of stations the Lord Bishop should be requested to frame a plan determining the periods at which each place shall be visited by the Chaplain or Assistant Chaplain officiating in such circle, which plan being approved by Government shall continue in force till varied by the same authority. As minute local information will be necessary to the successful formation of such plan, we can only offer a few suggestions on the subject. The frequency of ecclesiastical visits should be governed in a great degree by the extent of the Christian population of the place to be visited. A place may contain not more than 2 or 4 members of the English Church, and though it might not be right to exclude these few persons from the benefit of Christian ordinances, it is obvious that in the present state of our Ecclesiastical Establishment such a place could not be visited frequently without injury to others of greater importance. An annual visit might in some cases be all that could reasonably be afforded; while to others, visits twice, three or four times a year might be expedient; and to others again, which might be more populous, it might be desirable that visits should be made once in six weeks, or once a month.

4. When a circle of Stations may from the deficiency of our Establishment, or any other cause, be left without a resident Clergyman, we are of opinion that the Chaplain or Assistant Chaplain of a neighbouring district should, as desired by the Lord Bishop, be appointed to visit the station thus deprived of clerical services. In such cases the most convenient course will be for the Lord Bishop to bring the subject to the notice of Government, and submit a plan of visitation. Such plan being approved, the Chaplain or Assistant Chaplain who can most conveniently discharge the required duty should be specially appointed thereto, and thereupon be entitled to draw travelling allowance in conformity with the provisions of the plan, and in accordance with our Financial Despatch of the 30th October 1839.

5. We should lament that the practice of visiting stations at which no Clergyman is permanently resident should be discontinued, and it would be unjust to subject the Clergy to the expense attendant on such visits. Under these impressions we deem it proper to sanction the payment of such reasonable charges, not exceeding those authorized in our Despatch of the 30th October 1839, before referred to; and we are encouraged in this view by the fact that although Chaplains and Assistant Chaplains when absent from their duty are subjected to the same deductions as Civil Servants, no charge is incurred in providing for the duty of the absence. The deductions may thus be regarded as a fund, meeting to a certain extent the extra charges incurred by occasional or provisional visits of the Clergy to Stations at which they do not reside.

J. F. THOMAS, *Secretary to Government.*

Rank, Furlough, and Retiring Allowances of Chaplains,

APPOINTED PRIOR TO AUGUST 31, 1836.

Extract from an Ecclesiastical General Letter to the Supreme Government, dated the 22d November 1826.

Para. 2d. We have lately directed our attention to the Regulations under which Chaplains are permitted to retire from the service, and from an anxious desire to promote the respectability and comfort of that class of our Servants, we

* During the vacancy of the Chaplaincy of Russell-Kondah, this important Station with its Out-Stations are visited from Vizagapatam—in which case the Southern Out-Stations of Vizagapatam are visited from Masulipatam. In visiting Berhamtpoor, &c. the Chaplain of Vizagapatam to be absent for two Sundays.

have resolved that the retiring pay of Chaplains after a service of eighteen years, including three years Furlough, be augmented from £292 per annum, the pay of Major, to £365 per annum, the pay of Lieutenant Colonel, and that in cases of bad health certified in conformity with existing regulations, Chaplains shall be allowed to retire after ten years actual service upon £260, 15, 0, the half pay of Lieutenant Colonel, instead of £173, 7, 6, the half pay of Major; and upon the production of similar certificates after seven years actual service upon £173, 7, 6, the half pay of Major, instead of £127, 15, 0, the half pay of Captain.

3d. We have further to acquaint you that we have determined to abolish the designation of Junior Chaplains; and we desire that the Chaplains be hereafter distinguished only by the title applicable to the Stations at which they are placed—such as Chaplains at the Presidency and District Chaplains.

Rank, Furlough, and Retiring Allowances of Chaplains,

APPOINTED SUBSEQUENTLY TO AUGUST 31, 1836.

Extracts from a Letter from the Honorable the Court of Directors,

ECCLESIASTICAL DEPARTMENT; August 31, 1836.

Para. 1. Our attention has been drawn by the Government of India, on the suggestion of the Lord Bishop of Calcutta, to the necessity of increasing the number of Chaplains, for the purpose of extending the benefit of religious offices more widely than the present Establishment will admit.

2. While we were fully sensible of the importance of the desired object, and very anxious to promote its success, we felt that we should not be justified in making such an addition to the amount of Ecclesiastical charges, as would result from the appointment of an increased number of Chaplains upon the existing scale of remuneration. We determine therefore to make such new arrangements with regard to the Chaplains on the Bengal Establishment, as should enable us to add to their number, and thus provide more adequately for the spiritual benefit of the European residents, without any serious increase of expense. We have resolved to extend the principle of those arrangements to your Presidency, with the view of accomplishing the same beneficial purpose.

3. We intend that the number of Chaplains under your Government shall be increased from 23 to 29. The salaries are to be apportioned as follows:—the two Chaplains at the Presidency will receive the same amount as at present; nine will receive Company's Rupees 700 per mensem, and the remaining 18 Company's Rs. 500 per mensem. These salaries will constitute their entire emoluments from the Company. The payments heretofore made under the name of palanquin money will cease, and we shall on no account sanction any extra allowances, whatever may be the grounds upon which they may be claimed.

4. The Chaplains receiving the lower amount of 500 Rupees per mensem will be termed Assistant Chaplains, and to future all appointments will be made to this Class. The Assistant Chaplains will succeed to the higher rank, and the higher rate of salary according to seniority, as vacancies occur in the superior class, after it shall have been reduced by casualties to the prescribed number of nine.

5. As vacancies arise they will be supplied in the following manner: on the occurrence of the first vacancy two Assistant Chaplains will be appointed, on the second only one, and on all succeeding vacancies, the same principle will be acted upon, viz. that of an alternate appointment of two and one until the establishment attains the full extent of 22, to which we have restricted it, after which each vacancy will give rise only to a single appointment.

6. The principle which we have adopted throughout these arrangements requires that the furlough and retiring allowances should be modified so as to

meet the intended changes. These allowances will in future be on the following scale:

Furlough Allowances.

After 7 years' residence £191 12 6 per annum . . . (full pay of Captain.)

If compelled by sickness to retire

to Europe before completing

7 years' residence £127 15 0 per annum . . . (half pay of Captain.)

Retiring Allowances.

After 18 years' service (including

3 years' furlough) £292 0 0 per annum . . . (full pay of Major.)

After 10 years' actual service (if

compelled by ill health to

quit the service) £173 7 6 per annum . . . (half pay of Major.)

After 7 years' actual service (do.

do.) £127 15 0 per annum . . . (half pay of Captain.)

The present Chaplains* will be entitled to the existing scale of allowances, as well for services as to furlough and retirement; these regulations being wholly prospective, and only affecting an appointment made after the date of this despatch.

7. The location of the Chaplains under the new arrangements, will be best regulated by reference to the opinion of the Lord Bishop.

Pensions from Lord Clive's Fund.

Extracts from a Letter from the Honorable the Court of Directors, dated 9th October, 1833.

Letter dated 22d January 1833; (No. 13.)

1 to 9.—State that, from the nature of the Orders received from time to time, some doubt exists as to the scale of Pensions which the Court are disposed to recognize as claimable from Lord Clive's Fund, by Chaplains retiring from ill health before the full period of the Service, and by the widows of Chaplains, and request to be furnished with fresh and explicit instructions on the subject.

Para. 11. Chaplains who have not served 7 years in India are admissible to the benefit of Lord Clive's Fund in the rank of Captain. After completing a service of 7 years, their retiring allowances are provided for independently of Lord Clive's Fund, by the Regulations conveyed to you in our Ecclesiastical Letter of the 22d November, 1826.

12. As by the Regulations announced in that Letter, Chaplains may retire on the full pay of Lieutenant Colonel after 18 years' Service, (including 3 years for a furlough) we have considered the Widows of those who die in the service after completing that period to be eligible to the benefits of Lord Clive's Fund in the rank of Lieutenant Colonel.

13. The Widows of Chaplains who have completed 7 years' actual service in India are admissible in the rank of Major; and those of Chaplains of less service in the rank of Captain, being the ranks the pay of which is receivable by those classes of Chaplains respectively when on furlough.

14. You will communicate a copy of these Paragraphs to the Governments of Madras and Bombay.

* By a recent order of the Honorable Court the nine full Chaplains are each of them to receive not less than Rs. 700 per mensem.

*Extracts from a Letter from the Honorable the Court of Directors,
dated 14th March 1835.*

Para. 25. "We have to acquaint you that the claims of the Chaplains appointed under the new arrangement, and of their widows, to the benefits of Lord Clive's Fund, will be adjusted upon the principles laid down in our letter to the Government of Bengal, dated 9th October 1833 (No. 23) paras. 11 and 12."

26. Chaplains who have not served seven years in India will therefore be entitled, if admitted to the benefits of Lord Clive's Fund, to a pension of 163 17 6 per annum, and their widows to one moiety of that sum.

27th. The widows of Chaplains who have completed seven years actual service in India, if admitted to the benefits of Lord Clive's Fund, are entitled to pensions as the widows of Captains.

28. The widows of Chaplains who have completed fifteen years' actual service in India, if admitted to the benefits of Lord Clive's Fund, are entitled to pensions as the widows of Majors.

29. We are of opinion that Chaplains appointed under the new arrangement should rank as Subscribers to the Military Fund—as Captains until they have served fifteen years in India, and subsequently as Majors.

Chaplains—to what tribunals amenable.

Extracts from Court's Letter to the Supreme Government of the 23d May 1827.

Para. 22 of Ecclesiastical Letter from Bengal of the 31st December 1824.

In reference to a question submitted by the Government of Bombay relative to the extent to which Military Chaplains are to be held responsible to the Military Authorities, and correspondence with the Lord Bishop as to the liability of the Company's Chaplains to Martial Law, Court's Orders on the subject are requested.

It is submitted to the general superintendence of the Bishop, and rendered subject to the Ecclesiastical Jurisdiction for all offences of Ecclesiastical cognizance, but it was never intended to except the position of our Servants from the Jurisdiction of the temporal Courts in the event of their being charged with any offences of a Civil nature, or any crimes against the peace and well being of society.

4. We wish it therefore to be distinctly understood, that the Chaplains on our Establishment are amenable to the Ecclesiastical Tribunals for such offences only as would render the Clergy of the Established Church amenable to the Ecclesiastical Tribunals in England, and to all other offences they are liable to be tried as all other Europeans in India are,—by the Ordinary Tribunals of the Country.

5. If however the offence should be committed out of the Jurisdiction of the Ordinary Court, and in places where the rest of the community are subject to Military Law, in such a case, and in such a manner, as to show a right that the Chaplain should be tried by Military Law, for all offences of temporal cognizance.

Para. 2. From the best consideration we have been able to apply to the several documents to which we have been referred in this paragraph, we are induced to think that considerable misapprehension has existed on the subject to which they relate.

3. When our Ecclesiastical Establishment was placed on the footing on which it now stands, it became a necessary part of the arrangement that the Indian Clergy should be sub-

Right of appeal to the Metropolitan.

Extract from letters patent of the Right Reverend the Lord Bishop of Calcutta as Metropolitan of India.

"And we do further ordain and declare, that if any person against whom a judgment or decree shall be pronounced by the said Bishop of Madras or his successors, or his or their Commissary or Commissaries, shall conceive himself to be aggrieved by such sentence, it shall be lawful for such person to appeal to the said Bishop of Calcutta or his successors; provided such appeal be entered within fifteen days after such sentence shall have been pronounced.—And we do give and grant, to the said Bishop of Calcutta and his successors, full power and authority finally to decide and determine the said appeals in as ample a manner as any of the Archbishops of England can or may hear and determine appeals from the Courts of the Bishops within his province."

Deprivation, Suspension &c., of Archdeacons or Chaplains.

Extract from letters patent, 13th June, 5th Wm. IV.

We further will, and do by these presents declare and ordain, that in case the said Thomas Robinson, or any future Archdeacon to be appointed as aforesaid, or any Chaplain duly appointed by the said East India Company, shall be for any cause whatever deprived of the said office, or suspended therefrom, or inhibited from preaching the word of God, or exercising his holy office within the limits of the said presidency of Madras, or shall be subjected to any ecclesiastical punishment or censure whatsoever by the said Bishop of Madras, or by his successors, or by his or their Commissary or Commissaries, a copy of the sentence given, suspension, or other ecclesiastical punishment or censure, shall without delay be certified and transmitted by the said bishop, or his successors, or his or their commissary or commissaries, to the Governor at Fort St. George. And we further ordain that the Supreme Court of Judicature at Madras shall have such and the like jurisdiction and power of interfering by writ of prohibition or mandamus, subject to the same laws, restrictions and rules of practice as is or has been exercised by our Court of King's Bench at Westminster, in regard to proceedings in the Ecclesiastical Courts in England.

Rules for the appointment of Lay Trustees.

Fort St. George; August 24, 1844.

The Most Noble the Governor in Council resolves to establish the following Rules for the appointment of Lay Trustees to the several Chaplaincies, in substitution of those of the 1st of March 1833.

First.—Two Lay Trustees shall be appointed to each Chaplaincy.

Second.—At Civil Stations, or Joint Civil and Military Stations, the Senior Civil Servant of the Station shall be a Trustee, provided he is a communicant of the Church of England, and has no objection to hold the office.

At Military Stations.—The Officer Commanding the Cantonment, or Garrison, under the same proviso.

Should either of these Officers not be desirous of holding the office, it will be his duty to report the same to Government, and to name for the appointment the Officer next in seniority, Civil or Military, qualified for the Office, who may be willing to undertake the duty.

Third.—The Chaplain, in communication with, and with the concurrence of the Lord Bishop, will nominate, for the approval of Government, a Gentleman in the Service of Her Majesty or the Honorable Company to act as a Co Trustee.

Parish.—The Lay Trustees shall, in conjunction with the Chaplain, form a Committee of Management for all Church matters, and shall meet for business once in each month, or oftener if necessary. All papers, or references on subjects before the Committee, must be signed by both the Lay Trustees, unless the special resolution be required.

Trust.—The Chaplain or Officiating Clergyman present shall, as a mark of respect due to the presence of the Minister, preside at all meetings of the Committee of Management, and sign all proceedings and orders as required, and the two Lay Members, in the order of their relative official rank.

Duties of the Lay Trustees.

1. It shall be the duty of the Lay Trustees to present to the Bishop, or his Archdeacon, at their Visitation, or immediately by letter, and at any time on the requisition of the Lord Bishop or his Commissary, any list of clergy or records on the part of the Chaplain, or in connection with the Chaplaincy, which may have occurred within the District.

2. To aid and assist the Chaplain in the performance of his duties.

Duties of the Standing Committee of Management.

The Committee of Management shall take charge of the School and Charity Funds connected with the Chaplaincy; see that the Church Yard and Burial Ground are kept in becoming order; take charge of the Plate, and the care of the goods, repairs and ornaments of the Church, or other building appropriated to the performance of Divine Service, and present to Government, through the Ecclesiastical Board, any deficiency in these particulars which they may think it necessary or desirable to supply.

The Chaplain, as President, will report to Government any vacancy in the office of Lay Trustees.

Abstract of laws regarding Marriages in India.

By statutes 58 Geo. iii. c. 24, and 4 Geo. iv. c. 91, it was enacted that marriages solemnized by a Clergyman of the Church of England in a house of any British subject, at any station; or within British lines by any person officiating under orders of the Officer Commanding a British Army serving abroad, shall be considered as valid in law, as if solemnized with due form of law within Her Majesty's dominions.

Marriages in India before 31st December 1818, by any Minister of the Church of Scotland shall be as valid, as if solemnized by a Clergyman of the Church of England; and after that period also, marriages by a Company's Presbyterian Chaplain shall be equally valid, if one of the parties to be married sign a declaration in duplicate of communion with the Church of Scotland.

The Presbyterian Chaplain and witnesses, as well as parties married, are to certify marriage by endorsement on the declaration in duplicate; one copy to be delivered to the parties, the other to be transmitted to Government.

Extract from Opinion of Counsel, dated 26th November 1840, given for the guidance of the Court of Directors.

"We are of opinion, that marriages solemnized in the British possessions in India, by persons not in holy orders, and not within the provisions of 58 Geo. iii. c. 24, and 4 Geo. iv. c. 91, are not valid marriages, for many of the most important civil purposes."

Regulations for the Erection of Monuments.

No monument can be erected within any church of the Church of England in the diocese of Madras without the sanction of an episcopal faculty, which sanction being obtained, the monument is to be put up under the directions of the Church Committee of the Station.—*Met. Council*, 11th Oct. 1841.

2. A written permission must be obtained from the Chaplain of the district, before a monument can be admitted into any burial ground. The Lord Bishop holds the clergy responsible for the propriety of inscriptions on gravestones which are admitted into burial places under their control.

* The purposes for which such marriages would be ineffectual, or of doubtful validity, are specified in a case given in 1819 by many most excellent lawyers in consultation; and the current doctrine seems to be that such marriages are not in themselves valid for any purpose in marriage in the Ecclesiastical Courts.

† To be applied for through the Registrar of the Archdeaconry.

Size of Monuments at Out-Stations.

Fort St. George, May 8, 1832.

Great inconvenience having arisen at many Stations from the general practice which prevails among all classes of erecting Tombs of unreasonable dimensions over the remains of Relatives and Friends, the Right Honourable the Governor in Council has been pleased to resolve, that the size of Monuments hereafter to be erected in the burial ground of any Out-station, shall be limited to seven feet by three and a half.

Circulars.

"REVEREND AND DEAR SIR,

As the existence of the Notification of the Supreme Government, a copy of which is herewith supplied, is not generally known, and European soldiers on quitting the country frequently leave behind their wives and children in great distress; I have to request that, on the occasion of a European private or non-commissioned officer purposing to marry an East-Indian or native Christian woman, you will be so good as to distinctly inform the parties, that the family may claim to accompany him should he return to Europe, and that he would not be justified in leaving them behind.

I remain, Reverend and dear Sir,

Your faithful Servant,

Madras, 27th May 1832.

DANIEL MADRAS

1.—Episcopal license, on which marriages have been solemnized without previous publication of banns, are to be transmitted to the Registrar of the Archdeaconry with the usual half-yearly returns.

2.—On marrying a European soldier to a woman born in India it is the duty of the Clergyman solemnizing the marriage, to explain to the parties distinctly, that a European soldier's wife and children, of whatever class, have an undoubted right to accompany him, either on his return to Europe, or on his proceeding to reside at another presidency or settlement. The designation of the woman thus married, whether European, Indo-briton, or native, must be carefully entered in the register at the time the marriage is solemnized.

3.—A Clergyman performing any occasional duty, whether marriage, baptism or funeral, out of his own district, if at a place where no Chaplain is resident, shall transmit a certificate thereof by post to the Registrar of the Archdeaconry on the same day on which the service is performed.

4.—Particular regard must be paid to the rules for despatch of business forwarded by the Archbishop with his letter of May 6th, 1834, and to the regulations for the employment of church servants as detailed in letters from the Archdeacon's office under date 15th February 1833 and 19th February 1834.

5.—Letters on the subject of pay and allowances should be addressed to the Civil Auditor; but copies of them, and of the replies which may be received to them, should be sent to the Archdeacon for information.

H. HARPER,
Archdeacon.

Official Returns of the Clergy.

Ecclesiastical Department.

With a view to ensure regularity and completeness in the Official Returns of the Reverend the Clergy, it is directed by the Archbishop, under instructions from the Honorable the Court of Directors, and with the approbation of Government, that in future the following regulations be observed, viz.

1. That when any Chaplain or Minister applies for permission to return to Europe, or for any permanent leave of absence from his Station, he shall forward with his application a declaration that he has duly made his Official Returns to the Registrar, or is prepared to do so, up to the day on which his departure from his Station is to take place.

2. That the same rule is to apply to Clergymen removing from one Station to another; and that every Chaplain so removing shall before quitting his Station, not only forward his Returns up to the day of his departure, but transmit also a declaration to the Authorities that he has done so.

3. That, in case of the death of a Chaplain at his Station, a copy of the entries in the Registers from the date of his last Quarterly Returns to the period of his demise, shall be made by the local public authority in whose official possession the original public Registers may happen for the time to be lodged or come, and be immediately forwarded by such local Officer to the Registrar; the same being, however, first duly examined and authenticated by the Chief lay public authority of the Station; this being considered the best mode at present of providing for the completeness of the General Quarterly Returns which are transmitted to England by the orders of the Honorable the Court of Directors.

By direction of the Venerable the Archbishop of Madras, Commissary to the Lord Bishop, dated the second day of October, 1843.

FREDK. OMER, Registrar of the
Archdeaconry of Madras.

Rules for the Registry of Baptisms, Marriages and Funerals.

1st. Entries in a Church Register can be made by a clergyman only, and of such duties only as have been performed by himself. The entry must be made on the same day on which the service recorded is performed.

2d. Should there be no Register book at the place where the duty is performed, or no chaplain resident to make the prescribed quarterly returns, the clergyman officiating must transmit to the Registrar of the Archdeaconry by post, a certificate of the baptism, marriage, or funeral as soon as the service is over.

3d. Where the Services of a clergyman cannot be obtained, baptisms, marriages and funerals are to be performed by the senior Judicial officer or Commanding Officer at any station, in conformity with the orders that have been issued by Government; and in case of great emergency, a child may be baptized by the parent or guardian, or by some friend acting for the parent or guardian; but it is to be clearly understood that, when any other than a clergyman administers the ordinance, the office for private baptism is alone to be used; and that a certificate by the person officiating at the baptism is to be despatched the same day to the Registrar of the Archdeaconry, to be filed among his records.

4th. The official acknowledgments received in return from the Registrar should be pasted in a book, which will then serve the purpose of a local Register.

P R O S P E C T U S .

The recent important Order of the Governor General of India, which provides that educated persons alone shall be henceforward eligible to employment in the Public Service, and places all individuals, whether educated at Government or at Private Schools upon the same footing, having been extended in principle to this Presidency; it has appeared to several Friends of Education to be due to their fellow Christians, Native, East Indian and European, to afford to them at this time, the means of obtaining a superior sound Christian Education.

This has been considered the more necessary, as the Government Institution for Education, whilst open to all other classes, is practically closed against the conscientious Christian, by its fundamental rule expressly withholding from him the Bible and all religious instruction whatever; although it is obvious that to the Christian community, this must be the foundation of all solid and permanent improvement which shall qualify for high and responsible office.

There is consequently no Institution at this Presidency which now offers to the Christian the opportunity of obtaining that measure of liberal Education which shall enable him to compete with his Hindoo and Mahomedan fellow subjects, and take his share in the administration of the Country.

It can scarcely be needful to remark, that if the Native Christian and East Indian population is shut out from the advantages of a superior Education, while such is afforded to all other classes, they must hold a low and degraded position. But this is a position which it never can be for the well being of the British Government that this large and increasing class, allied in faith, in interests, and in

many respects to habits, with British Christians, should hold. And it is one which would seem to be opposed alike to sound policy, and to that fair consideration which is due to the Native Christian, as the subject of the British Crown, and of a Christian Government.

With these views, and with the strong conviction that the Theme of Education in India and England will readily unite in promoting the object, and that the authorities, when assisted by the large amount of private effort, of the urgency of the demand for an enlightened Christian Education, will extend their most liberal support to this, in common with other Institutions; it is proposed to attempt the establishment of a Protestant Christian Institution for Education upon the following basis.

First. That it is the object of the Institution to provide a superior and sound Christian Education, approaching as nearly as circumstances will admit, to a Collegiate Education.

By sound Christian Education is to be understood, religious instruction on all points (within reference to Ecclesiastical Government) common to the XXXIX Articles of the Church of England, and to the Confessions of Faith of the Church of Scotland and of the whole body of the Reformed Protestant Churches of Europe.

Second. That the Institution is designed primarily for Protestant Christians—Natives, East Indian, and European born in India—but open, with such limitations alone as shall be necessary to secure the primary object, to all other classes.

Third. That the Institution shall be under the charge of a Principal, who may be a member of any Protestant Church, and shall be a Graduate of one of the Universities of the United Kingdom.

Fourth. That in order to secure for students of the less wealthy classes the means of continuing under instruction for a sufficient period, Scholarships shall be immediately founded.

Fifth. That the Funds shall be vested in a body of Nine Trustees, (being by the constitution of the Church of England,) either in Government Securities, or, if approved of by the Trustees, in Land.

Sixth. The Trustees shall have the appointment of Principals and Masters, and the general direction and management of the Institution, with power to fill up vacancies in their number.

A sum of Rupees 50,000 has been placed for this purpose in the disposal of the Trustees, with the proviso, that an additional sum of Rupees 50,000 be raised before the Institution is commenced.

Subscriptions will be thankfully received by Messrs. Arisidhoy, and Co., Treasurers, and by the Honorary Secretary, Captain J. B. Hall, Engineer.

The main object of the Institution is to afford to students of all classes the advantages of a sound education, in the higher branches of literature, science, and philosophy, and in the doctrines and duties of the Christian religion as taught by the Church of England.

The course of education is fixed by the Council, in consultation with the Lord Bishop; and will be conducted by a Principal and other Professors, appointed by the Gospel Society's Committee in England; and by such Lecturers and Tutors as the usual subjects of a college course of instruction may, from time to time, be appointed by the Council with the concurrence of the Lord Bishop.

The Institution is open to all students who bind themselves to conform to the rules and regulations prepared by the Council, and promulgated with the concurrence of the Visitor.

Students are admitted by the Council, after passing an examination before it in such books and subjects as, having been selected by the Principal and Professors, and approved of by the Council, are sanctioned by the Visitor.

Each Student pays to the general fund of the Institution an entrance fee of ten rupees. The cost of education is four rupees per month (paid in advance) and half the cost price of the books and stationery supplied to each pupil during the preceding month.

Each contributor to the general fund of ten rupees annually, or of one or more sums in the amount of the whole of ten rupees or upwards, is entitled to nominate a student, who, on being approved of by the Council and admitted by the Council as a "Free Student," will be free of all charges connected with his education.

The Visitor has a defined number of free presentations to his college, and may fill up all others.

A donor to the amount of 1,000 rupees or upwards is entitled to have always one "Free Student" in his college, and may fill up all others.

From these "Free Students," and others nominated by the Lord Bishop and Council, an election will be made from time to time (as the general fund is found able to bear the expense) of "Scholars on the Foundation," who will be educated, clothed, lodged, boarded, and wholly supported by the Institution.

A donor of 5,000 rupees or upwards is entitled to have always one incumbent of a "Scholarship on the foundation," called after the Founder's name.

Any Student may be admitted to board at the scholar's table, on payment of such sum* monthly in advance as may be appointed by the Council.

All Students, not being "Monkton's Scholars," are to be struck off the boards of the Institution after the completion of a three years' course of studies.

But Candidates for employment as Catechists, whether previously in the Institution or not, will be admitted, on the recommendation of the Lord Bishop, as "Seminaryists" or "Senior Scholars" on the foundation, to a two years' course of more strictly theological studies, under the President and Vice Presidents, on producing to the Council satisfactory testimonials of character and abilities, from a clergyman of the Church of England under whom they have served as "Probationary Catechists" one year at least.

All property real or personal belonging to the Institution is vested with the Lord Bishop and Archbishop of Madras, in trust for the sole benefit of the Institution; the income to be appropriated, except in cases of endowment, as the Council may from time to time direct.

In addition to the foundation Scholarships called "Heber's" and "the Society's," which are appropriated to Seminaryists, there are attached to the Madras Diocesan Institution twenty-two "Monkton's Scholarships," varying in monthly allowance from rupees seven to twelve. These are appropriated by a Chancery decree to Christian natives, born in wedlock, and aged seventeen years or upwards; and are tenable under certain restrictions for five years.

4. Honorary Members shall be persons eminent for their knowledge of, or for the encouragement they have given to, agriculture or horticulture.
5. Extraordinary Members shall be chosen from the Ordinary Members of the Society, or others, as an honorary institution, for important services rendered to the Society, or in agricultural science among us, and shall be entitled to all the advantages without further payment of subscription.

7. Gentlemen of every nation shall be eligible as Ordinary Members of the Society.

8. Candidates for admission as Ordinary Members shall be proposed by two members, and their names communicated to the Secretary, by whom they will be laid before the next monthly meeting of the General Committee, when a majority of votes will determine their election.

9. Ordinary Members are to pay an admission fee of 10 Rupees, and 7 rupees subscription quarterly, in advance, so long as they continue to reside in India; but may at any time compound for their donation and subscriptions by one payment of 300 Rupees.

10. Ordinary Members during temporary absence from India will continue to have their names borne on the list as absent Members, (unless they express a wish to the contrary) provided they have paid up, on demand, all arrears due to the Society.

11. Any Resident Member allowing four quarterly bills to run into a fifth unpaid, the same having been duly demanded, shall cease to be a Member of the Society, and his name shall be struck off the list. To guard against error or misapprehension, it shall be the duty of the Secretary to bring this Article to the notice of the Member so in arrears, previous to his name being removed from the list of the Society. An Ex-member thus situated shall not be eligible for re-election except upon payment of all arrears, in addition to the usual terms of admission, nor will he be eligible for re-admission at any future period, unless he has reserved to himself the privilege, by the payment of all debts due by him to the Society, within two years from the date of his name being removed from the list.

12. If a Member desire his name to be withdrawn without paying up his arrears, he shall be disqualified for re-election at any future period.

13. It shall be the duty of the Secretary to bring these Articles to the notice of parties proposing an Ex-member for re-election.

14. The management of the affairs of the Society shall be vested in the President, Vice Presidents, and General Committee of Management.

15. On the 2d Wednesday of December in each year a Special General Meeting of the Society will be held, for the election of Office-bearers, and the General Committee for the ensuing year.

16. The Office-bearers shall consist of

- 4 Vice Presidents,
- 1 Secretary.

17. The Secretary shall ex-officio be a Member of all Committees.

18. The General Committee shall consist of 12 Members, exclusive of the Office-bearers, who are Members ex-officio; 5, including the Secretary, the quorum for the transaction of business.

19. The General Committee shall have the power, in the event of lapses, of completing their numbers by the election of any Member of the Society to be a Member of the Committee.

20. It shall be the duty of the General Committee to conduct the business of the Society, direct the appropriation of its funds, and superintend the management of its gardens, subject to the confirmation of the Society.

21. The General Committee shall meet on the first Wednesday of every month for the transaction of business, on which occasions it will be the duty of the Secretary to attend.

22. Special Meetings of the Committee may at any time be convened, on

At a Meeting of the Annual Meeting, in 1870, it was determined that all future Meetings of the Society should be held at the Horticultural Gardens, near St. George's Cathedral, Mount Road, at half past 3 P. M.

23. General Meetings of the Society shall be held on the second Tuesday of the months of January, April, July, and October, to consider and confirm the proceedings of the General Committee; to receive reports on the state of the Society generally, on its finances, and on the state of the Garden; to determine the names of candidates in prize competitions and award prizes; and, finally, to decide on all other business that may come before it. Seven Members, including the Secretary, shall form a quorum for the transaction of business. Printed notices, to the Presidency Members, to be issued on the occasion of all General Meetings of the Society.

24. Special Meetings may at any time be convened by a resolution of the General Committee.

25. It will be the duty of the Secretary to receive all communications addressed to the Society, and lay them before the Committee, that such as are deemed of sufficient importance may be selected for publication in the proceedings.

26. The proceedings shall be published, after they have been approved by the Quarterly General Meeting of the Society, and distributed to members free of all charges, save that of postage.

27. Authors whose papers are published in the transactions shall be entitled to 50 copies of their contributions; should any more be required they must be paid for at the price cost.

28. The Garden shall be under the management of the General Committee, but more immediately under the direction of the Secretary, through which it will be the duty of Members of the Committee, or of the Society, to convey all orders to the Superintendent of the Garden; but it shall be competent to the Committee to delegate this duty to one of their own Members in case of need arising.

29. The objects of the Garden are, first, to subject to the test of careful experiment all proposals having for their purpose the improvement of agriculture and horticulture; 2nd, the introduction and propagation of new and useful plants of all kinds, but more especially those possessed of commercial value, which are likely, in the event of successful introduction, to extend and improve the commercial resources of the country; and 3rd, the formation of an orchard of the most valuable fruit trees of all countries that can be made to flourish in this climate.

30. All produce of the garden of a perishable nature—fruits, vegetables, &c. shall be sent for the benefit of the institution; to Members first, and then to the community wishing to have their supplies from that source.

31. Ornamental and fruit trees, and shrubs, shall, so often as the stock in the garden will permit, be supplied to Members gratis, with the exception of graft fruit trees, which will be charged for at a moderate price. Non-Subscribers will be permitted to receive stock of all kinds from the garden, on payment, when there is a necessity, and the Committee may direct the publication of lists of such supplies from time to time in the newspapers.

32. The Secretary shall annually, in January, prepare for transmission to England and the Cape, lists of seeds of whatever sorts may be required, both for the garden and for Members. Of the seed so procured a portion will be distributed in equal shares to all Members desiring them, gratis; the remainder, after supplying the garden, shall be sold for its benefit, first to subscribers wishing a larger supply than their share might entitle them to, and secondly, any that may remain, to non-subscribers desirous of supplying themselves from the Society's stock.

33. Members receiving growing plants or seed from the Society must defray all expenses of package and conveyance.

34. Any motion having for its object the alteration of existing laws, or the enactment of new ones, shall first be submitted to the General Committee, by whom it will be referred to the next General Meeting, where, if two-thirds of the Members present vote in its favour, it will be held carried. The purport of such

motion to be stated in the printed circulars calling the Meeting at which it is to be considered.

REGULATIONS FOR PALANKEEN BEARERS.

FORT ST. GEORGE, June 7, 1842.

The following Rules for the employment of Palankeen Bearers, in substitution of those hitherto in force, are published for general information.

Regulations for Palankeen Bearers employed at Madras and its vicinity.

Para 1. Palankeen Bearers of all descriptions (3 in a set) to be paid, exclusive of the Palankeen, at the rate of 3½ Annas each per day, or Rupees 6 for a month, allowing the Head Bearer seven.

2. The daily hire of Palankeen Bearers is 3½ Annas each. If employed for four hours, or a shorter period, they are entitled to half hire, but if above four hours, then they are entitled to full hire; their employment in any other manner must be by agreement between them and the party requiring their services.

3. A set of Bearers required to go beyond the precincts of Madras or St. Thomas's Mount, Palaveram, Poomanallur, Red Hills, and Banpet, or any place not exceeding 12 miles, if supplied by the Public Authorities shall consist of 30, but if required for a greater distance of 12.

4. Bearers hired to go beyond the precincts of Madras, to be paid according to the distance, calculating the rate of hire at 3½ Annas each for every 12 English miles.

5. If a person, going beyond the precincts of Madras, remains at a place, he must for the first day pay each bearer 1 Anna batta. If he remains more than one day he must pay each Bearer 3½ Annas per day.

6. Palankeens duly numbered are stationed at the places specified in Table A, and all persons hiring a Palankeen and Bearers, will be enabled to ascertain the particular Palankeen and Bearers he may employ, and in the event of any loss of property or misbehaviour on the part of the Bearers, the number of the Palankeen should be immediately reported, with the nature of complaint, to the Post Master General or his Deputy, or to either of the Police Officers.

Regulations for Tested Bearers.

7. Travellers within the frontier will be furnished with Dawk Bearers on application to the Post Master General, or his Deputy, at the Presidency, between the hours of 10 a. m. and 5 p. m. or at all hours on emergency, and at out stations, to the Collector or Assistant Collector, Post Master, or other authority, duly notified in the *Fort St. George Gazette*,* stating the places at which they will halt, and the number of hours they will remain at each place. The Officer addressed will receive the deposit for the entire distance, post the Bearers through the different authorities, and inform the applicant on what day the bearers will be in readiness. In some places 10 days notice will be requisite. Officers, laying the Dawk will furnish the Traveller with a list of places where the Bearers are posted in his district, and the same rule will be observed by each authority on his entering his range.

8. The application for a Dawk should be accompanied by a sum, as a de-

* See Notification of the Acting Post Master General, dated 24th June 1841, given in page 343—CONTINUED.

* Travellers should be careful to furnish these particulars, as no charges that may be incurred consequent upon their neglecting to do so will be repaid. See Post Master General's Notification published in the *Fort St. George Gazette* of the 4th November 1842—CONTINUED.

posit, equal to 12 Annas per mile for each Palankeen, for the whole distance the Dawk is to be laid, otherwise it will not be attended to; and the public authorities are prohibited from issuing instructions to post Bearers until the deposit has been made. The balance, after defraying the expenses incurred for Bearers, oil, &c. will be returned to the applicant by the Post Master General. When the Traveller proceeds by Dawk beyond the frontier, he will be required to pay, as a deposit to cover expenses, 50 Rupees for every hundred miles, in addition to the sum of 12 Annas per mile.

9. At the conclusion of the Dawk, the Traveller is requested to countersign each of the lists of stages furnished to him, and return the same, post not paid, to the authorities respectively who issued them, from the nearest Post Office, for official record, noting upon them any cause of complaint, which will be attended to. If the document is to be returned to or at Madras, it should be sent to the Post Master General.

10. If Bearers are detained on the road they are to receive 1 Anna each for the first day, and 3½ Annas for each succeeding day, from the party for whom they are posted, whether they are used or not, and after remaining 3 full days they will be discharged, and without further instructions return to their homes, unless notice is given for their further retention, and the party ordering them will be charged with batta for the same, and in addition to half hire for going out and returning both inclusive. Bearers carrying an empty Palankeen shall be entitled to half hire for the distance they convey the same, in excess of any remuneration to which they may be entitled under these rules.

11. All applications on the subject of posting bearers (except when made on service by one Public Officer to another) shall be post paid and superscribed "Bearer Service," in order that no delay may occur in their being opened by the proper authority. If this rule is infringed, it will be charged to the account of the party.

12. A set of Dawk Bearers comprises fourteen men; viz. twelve Palankeen Bearers, one Masaljee and a Cowry cooly, for which the charge shall be at the rate of 3 Annas per set, except in the Provinces, for every mile they carry a loaded Palankeen, exclusive of the charge for torch and oil, and this charge shall be the same, whether a Cowry cooly be employed or not. As Cowry coolies are not to be procured in some places, 2 coolies will be employed, and a charge made for the second at the rate 4 P. 28½ cents per mile. Torches and oil should be provided with the Bearers and charged in account. It is expected if the Bearers behave themselves well, some small gratuity will be awarded them by the Traveller.

13. The rate of hire to be paid to the Bearers in the Provinces will be fixed by the local authorities, 3 Annas per mile being added for each set to such rate and carried to the credit of the Bearers' Fund. When Bearers are brought from a distance, the Traveller will only be required to pay the regular hire and charges of batta.

14. Sets of Bearers posted from Madras or out stations, shall receive full hire for the distance they carry the loaded Palankeen, and half hire for proceeding to their post for such part of the road over which they do not return loaded. If the Bearers return backwards and forwards, for the convenience of different Travellers, they shall receive half hire one way and full hire the other, for each time they traverse the road, at all places where from local usage and custom this payment has hitherto obtained.

15. When Bearers are sent to a distance exceeding 40 miles, to bring a Traveller back by stages, they are to receive ½ hire for going out and full hire for returning.

* To obviate the difficulty and delay experienced in reimbursing the balance of deposits made by Travellers on account of their dawks, they should at the time of making a deposit, whether at the Presidency or in the interior, state in writing where, and to whom, any surplus is to be paid. In all practicable cases it is desirable that the balance should be paid to the Agents of Travellers at Madras. See Post Master General's Notice published in the *Fort St. George Gazette* of the 3d January 1842—CONTINUED.

16. In case a set of Bearers which has been posted for any Traveller, and has received hire to such post, may be subsequently required for any other Traveller, such person shall pay the set the established rate for every mile they carry him; and if the set be detained, he will be liable to the charge for detention specified in para. 10.

17. When a set of Bearers is posted, or a Dawk laid, for a Traveller, either by the Post Master General, or the authorities in the interior, no other Traveller shall employ them, without the authority or knowledge of the Officer who posted the set, or laid the Dawk; but should any individual so act in violation of the orders of Government, he will be liable, in addition to the regulated hire of the Bearers used, to all and every extra charge incurred by the Traveller for whom the set was originally posted, or Dawk laid.

18. In order to provide Bearers for the convenience of Travellers at Stations where there are few roads, and to prevent their being put to the expense of payment of batta for procuring them from distant Stations, 8 Annas per mile will be charged for each set of Bearers.* Five Annas, or such other sum as may be fixed, will be paid to the Bearers, and 3 Annas carried to the credit of a Fund, from the proceeds of which one set or more of Bearers will be posted at monthly pay in different stages. If more sets are required than those permanently fixed on the road, the Traveller will be charged only five Annas per mile for each additional set which may be brought from a distance, together with such batta as they may be entitled to under Rules 10, 13 and 14. It is proposed that only one set of Dawk Bearers be permanently stationed on each road for the present.

19. In order to facilitate the keeping of accounts, all fractional portions of a mile will be struck out. If the fractional part exceed the half, the Bearers will enjoy the benefit of a full mile; if less than the half, they will not be entitled to any hire for the same.

20. All charges of hire shall be made agreeably to the Table of distances and routes in the Madras Road Book.

21. The load for a Cowry cooly shall not exceed 50 lbs. weight, divided as nearly as possible into two equal portions of 25 lbs. each.

22. It is to be understood, that although Government has directed its Public Servants to lay Dawk Bearers for the convenience of the public, and will cause due pains to be taken to ensure regularity and a punctual attendance to all requisitions, yet that neither Government, nor any of its Officers, are to be held responsible to the Traveller, for any unavoidable disappointment he may meet with on his journey, or for the expenses consequent thereon.

23. In cases of surcharge, or a charge being made which to the parties complaining appears irregular, it will be the duty of the Post Master General at Madras to investigate the matter with a view to afford redress. The decision by the Post Master General at the Presidency, in all references relative to Dawk Bearers, is to be considered final, except in instances when the Bearers are posted by him, or his Deputy, in which case the party considering himself aggrieved will be permitted to appeal to Government.

24. It is to be understood that nothing in the foregoing Rules is intended to interfere with Travellers applying to private individuals to post their Bearers, should they prefer making their own arrangements without the intervention of the Public Authorities, but that no Public Officer will attend to a requisition until the required deposit indicated in para. 2 is made.

Note.—The rate of hire fixed will be reduced, if after trial such be found practicable.

* The charge for a set of bearers employed in Wynand was fixed on the 1st January 1843 at 10 annas per mile. See Post Master General's Notification published in the Fort St. George Gazette for 1843, page 1, Government.

A. F. BRUCE,

Post Master General.

Fort St. George, General Post Office, 10th May 1844.

With reference to the Notification from this Department dated 15th March 1843, it is hereby notified for general information, that, owing to the infrequent employment of the Bearers stationed at Sadras and Rungapillay's Choultry, and in the District of Coimbatore, and the consequent gradual diminution of the Bearer Fund, it was deemed expedient to discharge from the 1st instant the set located at Sadras, Rungapillay's Choultry, and 2 sets from Avenashy; for the present applications therefore to lay a Dawk on the road from Madras to Cuddalore, should be made to the undermentioned Authorities, who will lay the Dawk between the places mentioned opposite.

To the Post Master General, Madras—From Madras to Rungapillay's Choultry.
To the Post Master at South Arcot—At and from Rungapillay's Choultry to Cuddalore.

When a Traveller proceeds from Cuddalore to Madras, the latter authority will lay the Dawk from Cuddalore to Alamparva, and the former from Alamparva to Madras.

A. F. BRUCE,

Post Master General.

Countermanded Dawks.

FORT ST. GEORGE, General Post Office, 30th April 1844.

Under the sanction of the Most Noble the Governor in Council it is hereby notified for general information, that the following Rule will be brought into operation from the 1st proximo.

When a dawk has been ordered, and circumstances may render it expedient for the Traveller to postpone his journey, or to abandon it altogether, he will, in the event of the salaried Bearers having been refused on his account to another applicant, be liable to the whole charge of 8 Annas per mile, in like manner as though he had employed them. But in the event of no other application having been preferred for these Bearers, he will not be liable to any forfeit.

A. F. BRUCE,
Post Master General.

PORT SAINT GEORGE ;
GENERAL POST OFFICE ;
18th October 1845.

MARS MORPHETT,
Deputy Post Master.

BUNGALOW RULES.

TRAVELLERS' BUNGALOWS IN THE PROVINCES.

PORT ST. GEORGE, September 30, 1836.

The following revised Rules, for the preservation of Travellers' Bungalows in the Provinces, are published for general information.

1st. Bungalows are placed under the charge of Collectors,—it is expected that all rules which may be established by them for the preservation and cleanliness of the buildings, shall be implicitly observed and conformed to by travellers.

2d. No person is to remain in any bungalow more than 2 days, unless compelled to do so by sickness, and then he is not to exceed ten days, unless he cannot be resisted without danger.

3d. The first comer is entitled to the choice of rooms; but no individual is permitted to appropriate to himself more than one room when the others are in demand.

4th. European Soldiers and Sepoys are prohibited from occupying the bungalows, and will use the shade erected for their accommodation in the vicinity of the bungalow.

5th. The practice of defacing the walls by drawing or writing is strictly prohibited, and travellers are held responsible that their servants do not in any manner dirty or damage the buildings and furniture.

6th. No horses or other cattle are on any account to be picketed within the walls or hedge surrounding the bungalow.

7th. The person in charge at each bungalow is instructed to assist travellers' servants in procuring supplies, &c. for ready money.

8th. A book is kept at each bungalow, in which each traveller is requested to write his name, with remarks, if necessary, on the conduct of the person in charge. The maltreatment of the Local Sepoys or Peons attached to the public bungalows is expressly prohibited.

9th. The person in charge is ordered, on pain of dismissal, to report, for eventual representation to Government, deviations from these rules, either on the part of travellers, or their domestics and followers, and the master is held responsible for any mismanagement of them.

DIMBUTTY BUNGALOWS.

PORT ST. GEORGE, February 14, 1836.

Certain Bungalows at Dimbatty on the Neilgherries having been appropriated by the Right Honorable Stephen Rushdell Lushington to the use of all classes of persons, to whatsoever Presidencies belonging, who may be compelled to resort to the Hills for the recovery of their health, the following Rules on the subject are published for general information.

1. These bungalows, six in number, are placed under the care of the Officer commanding on the Neilgherry Hills, and of the Principal Collector of the District, as Trustees; and it is expected that all Rules which may be established by them for the preservation and order of the buildings will be implicitly observed and conformed to.

2. With a view to preserve the buildings from decay, and to provide funds necessary to keep them in good repair, the moderate sum of (7) seven Rupees per annum, and no more, will be charged to each occupant of the bungalows at Dimbatty. The accommodation to be derived from these buildings will be avail-

able to all persons on their first arrival on the Hills, and the payment of this rate of rent will be received only for the period of three months, during which time it is presumed that occupants will be able to provide themselves with suitable accommodation on the Hills.

3. In order to secure in succession and for a reasonable period, to the classes of persons concerned, the benefit of the accommodation of these bungalows, no persons will be permitted to occupy the buildings beyond the period of three months, without the permission of the Officer Commanding on the Nellore Hills, to whom all applications to take advantage of the benevolent intentions of Mr. Lushington must be invariably addressed.

4. Any person occupying a bungalow at Dimbuthy beyond the period of three months, will be required to pay half the amount of house rent allowed to him by Government, according to his rank. The proceeds of the rent will be disbursed in providing against the inconvenience experienced from the want of fireplaces, cook rooms, out houses, and stabling, and in making other provision for the improvement and preservation of the premises: the payment of rent to be paid monthly to the Paymaster, or other person nominated by the Trustees, according to circumstances.

5. The person who may have been the occupant for the longest period shall be the first to vacate the bungalows after the period of three months, on application being made for admittance by another party.

6. Defacing the walls by writing or drawing, or in any other way, is strictly prohibited, and occupants will be held responsible that their servants do not in any manner damage the buildings, which are to be given over in the same order as when entered.

7. The maltreatment of any persons attached to the bungalows, is expressly prohibited. Occupants may bring any misconduct on their part to the notice of the Officer Commanding on the Nellore Hills, or to the Principal Collector of Coimbatore.

8. The Garden, (a valuable one,) is proposed to place at the disposal of some competent European Pensioner, or other person willing to undertake its cultivation for the profit to be derived from the sale of its produce to the occupants of the bungalows, or others generally, at Kotagerry.

Published by order of the Right Honorable the Governor in Council.

An Act to provide for the appointment of Nazirs in the Moonsiff Courts.

(Inapplicable to Madras.)

ACT No. XV. of 1845.—*Passed on the 16th August.*

An Act for declaring and enacting the privileges of Native Officers and Soldiers of the Armies of the three Presidencies in respect of Judicial and Revenue proceedings.

I. Whereas doubts have arisen whether the Regulation XV. of 1816 of the Bengal Code is still in force, or how much, if any, of its provisions is still in force:

It is therefore hereby declared and enacted, that the said Regulation and every provision thereof are still in force.

II. And whereas by section of Regulation VIII. of 1817 of the Madras Code, the Law for the Madras Army is the same as the Law hereinbefore de-

clared and enacted for the Bengal Army, and whereas it is expedient and just that the Law should be the same for the Bombay Army also:

It is therefore hereby enacted, that the said Regulation of the Bengal Code is extended to the Army of Bombay, except in so far as any of its provisions may be in their own nature inapplicable to that Army.

III. And whereas it is just and reasonable to extend the privileges conferred upon Native Officers and Soldiers by the Regulations aforesaid in respect of exemption from Stamps in legal proceedings:

It is hereby enacted, that all the Courts of the East India Company shall receive Pleas in original Suits, not being Suits originating in Loans or in pecuniary transactions of a Commercial nature, upon unstamped paper when the plaintiff is a Native Officer or Soldier in the Military Establishment of the Presidency of Fort William, Fort St. George, or Bombay.

IV. Provided that the value of any Stamp from which a Plaintiff may be exempted by the last preceding Section shall be charged in the Decree on behalf of Government to the Party cast, or to the Parties respectively in such proportions as may be deemed equitable.

V. And it is hereby enacted, that if any Native Officer or Soldier shall institute a Suit under this Act in which he is not bona fide interested, or not interested to the extent alleged in the Plea, for the purpose of enabling some other person to avail himself fraudulently of the advantages conferred by this Act, such Native Officer or Soldier shall be liable to a fine not exceeding five times the value of the stamped paper which the party interested would have required for the institution of the Suit otherwise than under this Act, such fine to be levied in the manner prescribed for the execution of decrees.

VI. And whereas by Section IV. of Act IV. of 1840 it is enacted, that if any party shall complain to a Magistrate or other Officer exercising the powers of a Magistrate, that he has been without authority of Law forcibly dispossessed of any Land, Premises, Water, Fisheries, Crops or other produce of Land within the jurisdiction of such Magistrate or other Officer as aforesaid, whether the same were possessed by such party as Proprietor, dependant Talookdar, Farmer, Vazier-Farmer, Ryot, or otherwise, the Magistrate or other Officer as aforesaid shall require the parties complained against, and any other parties concerned to appear and make defence in person or by Agent within a reasonable time; and if after the examination of the necessary witnesses and documents the complaint appears to him to be substantiated, he shall record a proceeding ordering the party complaining to be put again into possession of the subject of dispute, and maintained in possession until the right to possession be determined by a competent Court; provided that no such order shall be passed unless the party complaining of having been so dispossessed prefer his claim within one month from the time of such dispossession:

And whereas it is just that when the party complaining is a Native Officer or Soldier, a longer period than one month from the time of dispossession should be allowed for preferring his claim:

It is therefore hereby enacted, that so much of the above recited Section of Act IV. of 1840, as provides that no such order as is therein mentioned shall be passed, unless the party complaining of having been dispossessed in the manner therein mentioned prefer his claim within one month from the time of such dispossession, is repealed so far as regards complaints preferred by Native Officers or Soldiers.

VII. And it is hereby enacted, that no such order as is mentioned in the above recited Section of Act IV. of 1840 shall be passed, when the party complaining of having been dispossessed is a Native Officer or Soldier, unless such party prefer his claim within such period as may be considered by the Magistrate reasonable with reference to the distance of the party and the difficulty of communication.

ACT No. XVI. of 1845.—*Passed on the 16th August.*

An Act for regulating the re-admission of Appeals after dismissal under Act XXIX. of 1841.

Whereas the Provisions of Act XXIX. of 1841 are inconveniently severe as regards Appeals, and it is expedient to mitigate the strictness thereof:—

I. It is therefore hereby enacted, that whenever an Appeal in any of the Courts of the East India Company in the Presidencies of Bengal or Madras, shall after the passing of this Act have been dismissed under the Provisions of the said Act XXIX. of 1841, it shall be competent to the Court which shall have dismissed such Appeal to re-admit the same if the Appellant shall make application for that purpose, on the Stamp prescribed for miscellaneous Petitions, within three months after the Appeal shall have been dismissed if dismissed by the Sudder Court, and within one month after the Appeal shall have been dismissed if dismissed by any other Court, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakeel, or by unavoidable accident.

II. And it is hereby enacted, that it shall be competent to any of the said Courts to re-admit any Appeal which may have been dismissed before the passing of this Act, under the provisions of Act XXIX. of 1841, if the Appellant shall make application for that purpose on the Stamp prescribed for miscellaneous Petitions within three months after the passing of this Act, and shall satisfy the Court that the dismissal was occasioned by the default of his Vakeel, or by unavoidable accident.

III. Provided always, and it is hereby enacted, that no Appeal which has been re-admitted under this Act, and again dismissed under the Provisions of Act XXIX. of 1841, shall be again re-admitted.

ACT No. XVII. of 1845.—*Passed on the 16th August.*

An Act for the better enforcement of the attendance of Witnesses in the Courts of the Munsiffs, within the Presidency of Fort William in Bengal.

(*Inapplicable to Madras.*)

ACT No. XVIII. of 1845.—*Passed on the 23d August.*

An Act for the punishment of offences committed by Convicts sentenced to imprisonment for life.

Whereas it is expedient that offences committed by Convicts sentenced to imprisonment for life, should be punished with greater severity than such offences are punished with in other cases:—

I. It is hereby enacted, that within the Territories subject to the Government of the East India Company, except within the local limits of the jurisdiction of the Supreme Courts, and except within the Settlements in the Straits of Malacca, any Convict sentenced to imprisonment for life, or to transportation for life, who does any act with the intention of thereby causing, or with the knowledge, that he or she is likely thereby to cause the death of any person, shall, upon conviction thereof, before the Sessions Court, subject to confirmation by the Sudder Court, be punished with death, or with transportation for life, or with corporal punishment not exceeding 39 stripes, whether such Convict does or does not by such act cause the death of any person.

II. And it is hereby enacted, that any such Convict as aforesaid who commits any offence whatever, other than the offences mentioned in the preceding Section, or who is guilty of violent or disorderly conduct after having been punished by the order of the Superintendent of the Jail in which he or she is confined, shall, upon conviction thereof, before the Sessions Court, subject, if the Sentence be transportation for life, to confirmation by the Sudder Court, be punished with transportation for life, or with corporal punishment not exceeding 39 stripes.

ACT No. XXI. of 1845.—*Passed on the 13th September.*

An Act respecting the appointment and powers of Agents for the suppression of Meriah Sacrifices in the Hill Tracts of Orissa.

I. It is hereby enacted, that it shall be lawful for the Governor General in Council, by an Order in Council, to remove from the jurisdiction and superintendence of the Commissioner and Superintendent of Tributary Mehals in Cuttack, any of the Tributary Estates specified in Section 2, Regulation II. of 1816 of the Bengal Code, and to place any such Estates under the jurisdiction and superintendence of such Officer (to be called the Agent for the Suppression of Meriah Sacrifices) and his subordinates, as shall from time to time be appointed by the Government of Bengal in that behalf.

II. Rules.

Financial Department, Fort St. George, April 4, 1834.

The Right Honorable the Governor in Council directs that the following Rules of a Savings' Bank, established in Madras under the guarantee and responsibility of Government, be published for general information.

1st. The Bank to be denominated "the Government Savings' Bank."

2d. All classes, British and Native, may invest their savings in the Government Savings' Bank.

3d. The return of the exact sum deposited, together with the interest due thereon at the undermentioned rate, is secured to the Depositor under guarantee of the Government.

4th. The general direction and control of the Bank shall be vested in a Committee of Management, to be nominated by the Governor in Council. The

Committee shall meet at such stated periods as may be necessary for the due and efficient control of the proceedings of the Bank.

5th. The Government Agents are charged with the immediate superintendence and execution of all details connected with the Bank. They will be also ex-officio Members of the Committee of Management. The Sub-Treasurer, as one of the Government Agents, will be ex-officio Secretary to the Bank.

6th. A Register of Deposits will be kept, and generally such other accounts as may be determined on and approved of by the Managing Committee.

7th. Any sum not less than one Rupee will be received in deposit.

8th. Whenever any sum deposited by one individual shall amount to 500 Company's Rupees, the same will be transferred from the Bank deposit to the General Treasury, and subscribed on account of the Depositor to the four per cent Bengal Government Loan of the 1st February 1843, until further notice, unless an intimation of its withdrawal, or the withdrawal of a portion of it, be given by the Depositor within one month after it has reached that amount; and all Government Securities shall be handed over to the Government Agency at the expiration of 3 months (subject to all the Rules which obtain in that Department) unless counter instructions be immediately received from the Proprietors.

9th. Interest at 4 per cent. per annum will be allowed on deposits until further notice.

10th. The interest will be calculated on a deposit from the 1st day of the month succeeding that in which it shall be received, and up to the last day of the month preceding that in which it shall be withdrawn. No interest will be allowed for broken periods of a month, nor calculated on fractional parts of a Rupee.

11th. The Government reserves to itself the power of lowering or raising the rate of interest, such alteration not to affect deposits above 500 Company's Rupees previously invested in Public Securities, and due notice to be given in the Fort St. George Gazette of the intention of Government six months before the alteration shall take effect.

12th. All deposits will be regularly entered in a book at the time they are made, and the Depositor of the deposit made at the Presidency will be furnished with a small book having a duplicate of the entry. This book is to be brought to the Bank whenever any sum is deposited or withdrawn. The account thus kept will be closed on the 30th April of every year, and the balance of interest due at that period will be paid to the Depositor, or carried to account, thenceforward to accumulate at compound yearly interest, until it shall amount to 500 Company's Rupees, when the same will be transferred from the account of the Bank, and subscribed on account of the Depositor to the Bengal Government four per cent Loan, as per Rule VIII, unless notice of withdrawal be given within one month as above, or unless the rate of interest be altered as provided for in Rule XI.

13th. No person or persons to deposit money for the benefit of any other person or persons, except Parents on behalf of, and on account of their Children being minors. If such deposits are made in the Children's names, they cannot be withdrawn without an authority from the Children;—no trust will be allowed to appear as new deposit. Provided however, that this Rule shall not be construed to prohibit individuals resident out of Madras, or females, who according to the manners and customs of the country do not usually make their appearance in public, from making their deposits in their own names, by the hands of other persons as Agents on their behalf.

14th. No sum deposited to be transferable, excepting on the personal application of the depositor, supported by written sanction. When peculiar circumstances render a deviation from this Rule necessary, the case shall be submitted to the Committee of Management for their sanction.

15th. No person will be allowed to deposit any money without making known his or her name, together with his or her profession, business, occupation,

calling, and residence. A duplicate of this description will be entered in each Depositor's book, to be produced whenever any sum is afterwards deposited or withdrawn.

16th. Depositors will be at liberty at any time to withdraw any sums or portions of sums deposited by them, receiving interest calculated up to the end of the month preceding that in which the withdrawal is made.

17th. As a general rule, deposits, with the interest due thereon, will be repaid to the Depositors personally in all practicable cases. In the cases of individuals unable to attend in person, the Secretary will exercise his discretion in regard to repayments of deposits to responsible persons duly authorized by such absentees to receive the same.

18th. Military Officers and Soldiers, European and Native, will be allowed to invest their savings in the Government Savings' Bank, through the Paymasters of Corps or Divisions; and Officers and Servants of the Civil Establishments, European and Native, through the Residents, Collectors, and other Officers in charge of Public Treasuries, or who are competent to sign Pay Abstracts of Civil Establishments; and Residents, Collectors, Paymasters, and other Officers in charge of Public Treasuries, are hereby authorized to receive Subscription to the Bank, or to deduct monthly from their Abstracts such sums as the parties within their circle of payment may be desirous of depositing, not being less than one rupee, nor more than 500 Company's rupees.

19th. The deposits referred to in the preceding rule are to be brought to the credit of Subscribers on the last day of the month in which the payment or deduction is made; and Rules XVI and XVII respecting the withdrawal of deposits by parties subscribing through Residents, Collectors, Paymasters, and other Officers in charge of Public Treasuries, will be carried into effect under instructions which will be furnished to them by the Accountant General.

20th. In case of the death of a Depositor, the sum at his credit will be paid to his or her Executors or Assigns; or in case of no will, according to the law on this head, or the Regulations of the Service if the deceased be Military.

21st. In case of any difference between the Secretary of the Bank and any Depositor, it shall be referred for the decision of the Committee of Management.

22d. A general statement of the Funds of the Bank shall be annually made out to the 30th April after the 1st May. The same to be submitted for the information of Government, and published in the Fort St. George Gazette.

23d. The Bank to be open on Tuesdays and Fridays, and all balances above 500 Rupees to be paid over at the close of each day's proceedings by the Secretary into the General Treasury, where an account with the Bank will be opened and kept.

Extracts from the Regulations.

Art. 1.—The object of this Association is to provide a Fund for the Assurance of Lives to which an individual may subscribe to a certain extent, either on his or her own life, or on the life of any other person. In the former case, the General Estate of the deceased shall benefit in the event of a lapse; in the latter, the person who may have subscribed on the life of the deceased shall benefit to the extent of the amount subscribed for, unless in either case such amount be especially declared at the time of subscription to be for the benefit of any other person or persons, or be subsequently made over according to the form hereafter prescribed for the benefit of any other person or persons, in which case such person or persons shall be entitled to benefit in the event of a lapse, and no other.

Art. 2.—In the case of a person subscribing on the life of another, the party subscribing, and not the party on whose life the subscription is made, shall be considered a Member of the Society, and have a voice in the management of its concerns. Copartners or other bodies of individuals may hold assurance jointly on any given life, but in such case the parties uniting in the subscriptions shall not be entitled each to a separate voice in the concerns of the Society, but must vote collectively, or by deputation of one of their number on all matters thereto relating.

Art. 3.—No smaller sum than Five hundred, nor larger than Eighteen thousand Company's Rupees, can be subscribed for on one Life, except in the case of those parties whose interest in the late Fifth Madras Laudable Society having been transferred by them to this Society at the valuation of Six thousand and four hundred Company's Rupees per share, in accordance with the Resolutions passed at a General Meeting of the said late Fifth Madras Laudable Society held on the 30th November 1841, shall exceed the above mentioned limit of Eighteen thousand Company's Rupees.

Art. 4.—The following are the rates of Subscription to be paid for Assurance in this Society according to the age of the parties upon whose lives the Assurance is effected; but the Premium for Military Lives, upon all Policies obtained in this Society by transfer from the late Fifth Madras Laudable Society, shall be charged at the rate for Civil Lives.

Art. 5. All persons admitted to hold Assurance in the Society shall pay a Premium, calculated according to the above Table of rates, in advance to the 20th June or 31st December next ensuing. According as the Policy may be issued in the first or second half of the year, and thereafter for six months in advance, but in case of a lapse occurring before the full current year's Pre-

mium shall have been paid, the Premium for the remaining portion of the year will be deducted from the Sum Assured, it being agreed that Premium for the whole of every year shall in all cases be paid. The Premium so paid shall be carried to the credit of a Fund denominated the Premium Fund.

Art. 6.—In the election of Directors, as well as in all other questions relative to the concerns of the Society which may be proposed for the decision of the Members at large, a Member holding assurance to the extent of Six thousand Rupees shall be entitled to one vote, if to the extent of Rupees Twelve thousand to two votes, and if to the extent of Rupees Eighteen thousand to three votes.

Art. 7.—Messrs. Arbuthnot and Co. shall officiate as Secretaries and Treasurers to the Society, and shall charge a commission of two and a half per cent on all receipts of subscriptions, to be paid out of the Funds of the Society, and they shall charge a Fee of one Rupee on each certificate of admission, and one Rupee for the registry of each assignment of shares, in lieu of all charges, advertisements, printing, and law expenses excepted.

Art. 8.—All applications to be admitted to hold Assurance in the Society from persons at or belonging to the Presidency of Fort St. George, shall be made by letter to the Secretaries, and shall be accompanied by a Certificate of Health, signed by a medical gentleman in the Queen's or Company's Service, or of otherwise ascertained professional acquirements, and by an affidavit sworn to and signed by the individual on whose life the Assurance is applied for, such letter, certificate, and affidavit to be of the prescribed forms, printed copies of which may be had on application to the Secretaries.

Art. 9.—All applications for admission, accompanied by the prescribed forms of Certificate and Affidavit, which may be transmitted to the Secretaries, shall be submitted by them to the Directors for their decision, and the Directors shall in all instances be at full liberty to reject any such applications without assigning any reason on the applicant for so doing.

Art. 10.—In all cases it shall rest with the Directors to judge, whether with reference to the circumstances of situation and distance, the interval which may have elapsed between the date of Certificate and Affidavit of Health, and the time of their presentment, be reasonable or otherwise, and to admit or reject such Certificate and Affidavit accordingly. In no case, however, is the party submitting to have any claim on the funds of the Society in the event of the life lapsing between the date of the Certificate, and the date on which the applicant may be admitted a Member, unless where the Directors may, at the instance of such applicant, have originally permitted the subscription to take effect from the date of the Certificate and Affidavit of Health, which it shall at all times be in their discretion to do, on the arrears of Subscription being paid up. In the event however of a person dying between the dates of the Certificate and Affidavit of Health, and his admission, and the Assurance of his life was not effected from the date of the Certificate and Affidavit, the amount of Premium paid for such Assurance shall be refunded.

Art. 11.—No subscription on any life shall be considered as entitling the party or parties concerned to benefit by the Society, until the life subscribed on shall have been approved by the Directors, the amount of the first subscription, and Premium of admission paid, and a Certificate of admission granted under the signature of the Secretaries and any three of the Directors, agreeably to the prescribed form, and if any applicant shall omit to pay the amount of Subscription and Premium of admission within two months after the life subscribed on shall have been approved by the Directors, such applicant shall forfeit his claim to be admitted, except on a fresh application, accompanied by a new Certificate and Affidavit of Health.

Art. 12.—All subscriptions, except the first (which is to be paid on admission) shall be paid within one month of the time at which they become due. If not paid within that time, a penalty of two per cent on the amount of the instalment shall be added, and any Member who shall not have paid his subscription, together with the said penalty, within two months of the day on which such sub-

scription shall have become due, shall be considered to have absolutely and entirely forfeited his assurance.

Art. 16.—No subsequent increase of Assurance on any life shall be allowed, except on a fresh application to be again approved of by the Directors, and accompanied by a Certificate and Affidavit as above. The Subscription on the additional Assurance to be according to the age of the party at the time of making the new application.

Art. 17.—A Member desiring to transfer his interest in any Assurance which he may hold to the Society, shall be at liberty to do so by an endorsement to be written on the original Certificate, which endorsement however shall not be valid until the Certificate bearing the same shall have been produced to the Secretaries, and the transfer duly registered by them in a General Book of Registry to be kept in the Office of the Society.

Art. 18.—A statement of the Society's accounts shall be prepared on the 30th June and 31st December in each year, for the purpose of ascertaining the then state of the Funds; when, after a reservation for the Premium Fund to the extent of 1 per cent on the amount of outstanding risks, any surplus which may remain shall be held to be the individual property of the surviving Policy holders, in the ratio of the amount of Premium respectively paid, and the said surplus shall either be paid to them, or applied in reduction of Premium, subject to retention to individual credit to the extent of 10 per cent on each individual's risk, which shall be carried to a Fund denominated the *Guarantee Fund*, and should the surplus of any individual at the close of the term not amount to 10 per cent on his individual risk, his future surplus shall be added thereto until it does so.

Art. 20.—The person or persons entitled to benefit by the lapse of a life in the Society shall, on making application to the Secretaries in writing, accompanied by such proof of the casualty as shall be satisfactory to the Directors, immediately receive the amount assured, together with the amount at credit of the lapsed life in the Guarantee Fund, the whole however subject to arrears of subscription, or to any other sum due to the Society.

Art. 21.—All lapses shall be paid out of the Premium Fund until exhausted, in which event, but not otherwise, the Guarantee Fund shall be available to make good all payments for which the Society is responsible; and in the event of the Guarantee Fund being thus treasured upon, the amount withdrawn shall be made good at the commencement of the succeeding half year out of the current premium, so that every surviving Subscriber at the time of the repayment to the Guarantee Fund shall have his full amount made up to him as it stood at the time the Fund was drawn upon; and in case of lapse after the Guarantee Fund shall have been so treasured upon, and before the payment of the next half-year's Premium, the full amount to the credit of the lapsed shall be paid, notwithstanding the temporary reduction in the total amount of the Guarantee Fund.

Art. 22.—In the event of a party being desirous to withdraw from the Society, the amount to his credit in the Guarantee Fund shall be paid to him, subject to a fine of 25 per cent to be carried to the Premium Fund, and a proportionate payment shall be made in the event of a party reducing the amount of his Assurance, provided that in such case no payment shall be made unless the amount at his credit shall equal 10 per cent on his reduced risk.

Art. 23.—Any mis-statement in the Affidavit of Health makes the policy void, as does suicide in cases when a person effects an Assurance on his own life, but not so in the case of creditors effecting an Assurance on the lives of their debtors.

AGENTS.

Messrs. Barnbridge and Co.

The plan of this Society is to transact all its business on such terms as to leave, in all human probability, a small, but certain, excess of profit on the general result of its transactions. A small portion of that profit is set apart as a compensation to the Proprietors, who have advanced the Capital necessary for defraying the unavoidable expense of the Institution, and who have pledged the subscribed amount of their Capital, in order to afford that responsibility which relieves the Assured from any contingency of loss, to which they might be liable without the intervention of such a guarantee.

The profits are declared in each year, on the second Wednesday in May, on which date all persons assured in the Society for the whole term of life, whose Policies have been in existence five complete years, are entitled to participate.

"The practice of an annual division," as observed by Mr. Babbage, "distributes the profits with more regularity and justice than any other," and it is especially advantageous to persons of advanced years, who cannot hope to participate in many quinquennial, septennial, or decennial divisions.

One-fifth of the ascertained profits of the five preceding years is divided between the Policy-holders, and Share-holders,—three-fourths to the former, and one-fourth to the latter. The remaining four-fifths are set apart to enter into the average of the succeeding years, and thus to provide against unforeseen contingencies.

The first division of profits was declared on the 13th May 1840 in London, and on the 15th August in India, amounting to a reduction of 60 per cent on the annual premium of all Policies entitled to participation.—A similar reduction of premium on all Policies entitled to participate, has been made for the two following years, arising from the division of profits for 1841 and 1842.

The following table will show the operation of the reduction made by the Society.

Age when Policy was issued.	Date of Policy.	Sum Assured.	Original Premium.	Reduction.	Annual Premium payable in 1842.
20	May 1834.	Co.'s Rs. 10,000	Rs. 420	Rs. 232	Rs. 168
30	"	" 10,000	" 480	" 288	" 192
40	"	" 10,000	" 590	" 354	" 236

60	"	" 10,000	" 1,030	" 601	" 412

This system of reduction in the Premiums affords immediate benefit to the Assured, or enables them to secure a considerable bonus by effecting a new Policy.

The Tables, Blank Forms, and other particulars requisite to enable persons to effect Assurances, may be had on application to the Agents.

The object of this Fund is to afford relief to the Widows and Orphans of persons not in the civil service of Government, and others, who have no similar institution to look to for making a provision for their families. It consists of two branches, namely, a Widows' branch and a Children's branch. The benefits of the former are secured by the payment of a donation (equal to two years' subscription, or entrance money,) and a monthly subscription, for which the widow will enjoy a pension equal to six times the rate of subscription. In the Children's branch, a monthly subscription on account of each child, will secure a pension equal to four times the amount of that subscription, until a specified age. The capital of the fund amounts to about one hundred and sixty thousand (1,60,000) Rupees. It has about 250 Subscribers in its connexion, and its present liabilities do not exceed 8,300 Rupees per annum whilst its income is nearly 30,000 Rupees per annum. The following are its principal rules, affording all needful information respecting its constitution and plan of operation, namely,

1. That the Fund shall be re-opened to the Public on the 1st August 1841, from which date Christians, not exceeding the age of 55 years, shall be eligible for admission as Subscribers.

2. That all applications for admission into the Fund, shall be accompanied by a medical certificate of health of the form laid down in the Appendix.

3. That Subscribers to this branch shall pay a donation as entrance money equal to twenty-four months' subscription of their class in four years, and a monthly subscription at the rate allotted to that class.

4. That Subscribers to this branch shall be divided into six classes, and pay a monthly subscription at the following rates.

First Class	10	Rupers per month.
Second do	7	do. do.
Third do	5	do. do.
Fourth do	3	do. do.
Fifth do	2	do. do.
Sixth do	1	do. do.

5. That Widows shall not receive any pension from the Fund, unless it has actually received on their account as follows:

First Class	600	Rupers.
Second do	420	do.
Third do	300	do.
Fourth do	200	do.
Fifth do	150	do.
Sixth do	100	do.

and in the event of the death of Subscribers before completing the above sums according to their respective classes, all payments made by them shall be forfeited to the Fund.

6. That Widows shall not receive their full amount of pension unless the Fund has received similar account as follows:

First Class	2,000	Rupers.
Second do	1,400	do.
Third do	1,000	do.
Fourth do	600	do.
Fifth do	400	do.
Sixth do	200	do.

and in the event of Subscribers dying previously to their paying the full amount of the above sums, according to the classes to which they may belong, their Widows shall notwithstanding be admitted to the benefits of the Fund, but a deduction from the Widows' quarterly pension of one-third of the amount shall be made, until the full sum of the class is completed.

7. That for each child, on admission, at the option of the Subscribers, shall be paid to the Fund either of the following sums, namely, 4, 8, or 12 Annas, or from 1 to 10 Rupers per month.

8. That for the above payment, every child shall be entitled to a pension equal to four times the rate of subscription received on his or her account.

9. That the above pension shall be continued to the boys till they are 10 years of age, and to the girls until they are 12 years of age. This pension is cease in the event of their near age within the above specified ages.

10. That an donation will be required for admission into this branch, and that in consequence, the children of those Subscribers only who have completed the payment of the amount fixed by Rule 3, shall be entitled to the benefits of this branch, or payment of the subscription required by Rule 7.

11. That six months' subscription on account of each child shall be paid into the Fund, before the full benefits of this branch is enjoyed. In the event of lapse before payment of the above subscription is completed, the difference shall be deducted from the Children's pension.

Fort William, Financial Department, 13th October 1834.

1. Notice is hereby given, that the Sub-Treasurers of Fort William, Fort St. George, and Bombay, are severally authorized to receive from and after the 13th of this month, any of the Six per Cent. Promissory Notes of this Government bearing date the 30th June 1822, that may be tendered for transfer into a new Loan to be opened under the conditions hereinafter stated, and to grant in exchange thereof Certificates or acknowledgments, entitling the Proprietors, or their Representatives, to receive Promissory Notes of the Supreme Government in the form and manner specified below.

2. A Bonus or Premium of 5 per Cent. will be granted on all transfers made under this advertisement; that is to say, for every Note surrendered for transfer, a new Note will be issued for a principal sum exceeding the principal sum of the Note surrendered, in the proportion of 105 for every 100 Sicca Rupers; and the Note so issued in exchange will bear interest at the rate of 5 per cent. per annum from the 31st December next ensuing, which will be its date. The interest will be paid half-yearly, on the 30th of June and 31st of December of each year, in the manner hereinafter provided.

3. Transfers into this Loan will be received until the 13th of February next, and not after that date; and the Proprietors of Notes that may be surrendered for transfer shall receive interest thereon up to 31st December next, at the rate of 6 per Cent. in the same manner as if the Notes had not been surrendered, and with a like privilege to Proprietors resident in Europe to receive the said interest in cash, or by bills at one year's date, and at the exchange of 2s. 1d. for the Sicca Rupee. From and after the said 31st December next, interest will be paid as may be stipulated in the new Notes to be given in exchange, and all demand on account of the Note surrendered shall cease.

4. The Notes of the 5 per Cent. Loan of the 30th June 1822 that were advertised for payment on the 9th May last, viz. No. 1 to 287, will be received for transfer in the manner with above now or hereafter advertised, and whether tendered before or after the 31st December next, the calculation and adjustment of interest shall be the same; that is to say, at the rate of 6 per Cent. on the principal sum of the Note to the 31st December next, and from that date at Five per Cent. on the principal sum of the new Note given in exchange, as will be stipulated therein.

5. Promissory Notes of the new Five per Cent. Transfer Loan opened by this Advertisement, will be registered and numbered in the order of the applications made for Promissory Notes in exchange for the Sub-Treasurer's Certificates; that is to say, in the order in which the Notes thereof may be received in the Office of the Accountant General at Calcutta. The accounts of this Loan will be closed on the 15th February next; and whenever it shall be paid off as provided below, of the whole Loan be not at once advertised for payment, but only part thereof, the numbers selected for first payment shall be those last on the register.

6. For the convenience of Proprietors of Notes of the 5 per Cent. Transfer Loan who may be resident in Europe, the Honorable the Court of Directors have made arrangements, whereby they have given public notice in England, to provide that Notes of this Loan shall, at the option of such Proprietors, be registered in the London Office at the East India House in London, so as to allow of their being sold in England without previous reference, and the employment of Agents to effect the transfer to India. When Notes may be so registered at

the India House the interest payable thereon will be issued in England only at the periods when the Bills for the same would become due, supposing the interest payable in India by the terms of the Notes to have been taken in Bills.

7. It is hereby declared and stipulated, that no part of the Transfer 5 per Cent. Loan opened by this Advertisement, shall be paid off before the 22d April 1854; and whenever it shall be redeemed, a previous notice of fifteen months shall be given by public Advertisement, the period of which shall expire on some date subsequent to that above stated, and not prior thereto. When payment shall be made of the whole or of any part of the Notes of this Loan, it shall be at the option of Proprietors to receive the principal sum due on their Notes respectively, either in cash at the General Treasury at Calcutta, or in Bills to be drawn in India on the Honourable the Court of Directors of the East India Company, payable at 12 months date, and at an exchange of 2s. 1d. for the Sicca Rupee, the Court of Directors having the option when the Bills shall fall due, of postponing payment thereof for one, two or three years, paying interest at the rate of 5 per cent. per annum for the period of such postponement. The notice of payment duly advertised as above, and published in the Government Gazette of Calcutta, shall be considered as equivalent to a tender of payment on the date advertised for discharge, and all interest will cease from that date.

8. The interest of the Promissory Notes of the 5 per cent. Transfer Loan will be paid in cash to Proprietors resident in India; but Proprietors resident in Europe may take the interest at their option in Cash, or in Bills of one year's date to be drawn on the Honourable Court of Directors, at the exchange of 2s. 1d. (Two Shillings one Penny,) for the Sicca Rupee.

9. Proprietors residing within the Presidencies of Fort St. George and Bombay, shall be entitled to receive interest at the exchange of one hundred and six and a half Madras and Bombay Rupees for one hundred Calcutta Sicca Rupees, from the General Treasuries of those Presidencies respectively; but before the interest of any Note shall become payable at either of those Presidencies, notice shall be given to the Accountant General of the Bengal Presidency, and the Notes shall be brought or transmitted to that Officer, that the order for such payment may be inserted on the face of the Note, after which the interest shall be payable only at the Treasury mentioned in the order; but if it be desired to change the Treasury of payment, application may be made to the Accountant General of the Presidency where it may be payable, and the order may by him be cancelled.

10. The Accountant General of Bengal may, on the application of Proprietors, and for their convenience, make the interest on Notes of this Loan payable at any other Treasury, or more under this Presidency by a similar order; but Proprietors shall not be entitled to claim this accommodation if the Accountant General should think proper to refuse it.

11. Notes of this Loan may be consolidated and divided in the usual manner; but if consolidated, they shall be so on the highest number.

Secretary to Government.

By an Order of the Financial Department of 17th June 1835, an option is given to holders of 5 per Cent. Paper, and of 5 per Cent. Transfer Notes, to transfer on the same conditions as the above into a Bank Loan: the following is the Order.

Fort William: Financial Department, 17th June 1835.

Notice is hereby given, that the Honourable the Court of Directors having, in an Advertisement, dated East India House, the 17th of September 1834, notified to Proprietors of Bengal six per cent. Remittable Paper, resident in Europe, who had made known, or might make known, before the 1st of December following, at the Auditor's office, in the India House, their wish to transfer their Notes of that Loan into the New five per cent. Transfer Loan, under the conditions specified in the Court's Advertisement of the 14th May 1834, that the pro-

erty in the new Loan would be held in the form of Stock, instead of Promissory Notes; that Stock Receipts would be granted in Bengal to the respective Proprietors, or their Agents, in exchange for the Promissory Notes transferred; and that the new stock would be transferable at the place of registry, in books to be kept for that purpose in London and in India;—in pursuance of that notification and the orders of the Honorable Court, the Sub-Treasurer at Fort William is authorized to receive any of the six per cent. Promissory Notes of this Government, bearing date the 30th June 1834, that may be tendered for transfer into the New five per cent. Loan, in fulfillment of the intention of the Proprietors signified at the India House, under the advertisement of the 17th of September last, and to grant Stock Receipts to the respective Proprietors, or their Agents, in exchange for the Promissory Notes transferred.

2. A Bonus or premium of 5 per cent. will be granted on all transfers made under this Advertisement; that is to say, for every Note surrendered for transfer, a Stock Receipt will be granted for a principal sum exceeding the principal sum of the Note surrendered, in the proportion of 105 for every 100 Sicca Rupees; and the Stock Receipt will bear interest at the rate of five per cent per annum, payable, if the Proprietors are resident in India, in cash at the place of registry, and if resident in Europe, at their option, either in Cash in India, or by Bills on the Court at 12 months' date, at 2s. 1d. the Sicca Rupee.

3. The transfers under this Advertisement will take effect only at the period when the Notes to be transferred shall fail to be discharged, according to the Notices published from the Financial Department under the date respectively of the 9th May and 13th October 1834.

4. The property of the New Loan here advertised is to be transferable only in books to be kept in Bengal, at Madras, at Bombay, and in London, and not by endorsement of Stock Receipts, on the face of which it is to be declared that they are not transferable. Proprietors of Stock Receipts will be entitled to the option of transferring from the books of Bengal to those of either Madras, Bombay, or London. Having availed themselves of that option, the property cannot again be registered in Bengal, or at either of the other places, unless upon transfer effected at the place at which they may have chosen to register it.

5. After transfer has been made to London, the interest payable on the Stock so transferred will be added in England, at the same periods as when the bills would have become due, had the maintenance of interest been previously received by bills under the option allowed in the second article of the present Notice.

6. It is hereby declared and stipulated, that no part of the Transfer Five per Cent. Loan opened by this Advertisement shall be paid off before the 2d of April 1834, and whenever it shall be redeemed, a previous Notice of fifteen months shall be given by public Advertisement, which notice may be issued at any time after the 21st January 1835. Payment shall then be made at the option of the Creditors, either in Cash in India, or by Bills upon the Court at twelve months' date, and at 2s. 1d. the Sicca Rupee; with power to the Court to postpone payment of these bills for not more than three years, upon allowing interest at Five per Cent. per annum for the period of postponement. The Notice of payment duly advertised, as above, and published in the Government Gazette of Calcutta, shall be considered as equivalent to a tender of payment on the day advertised for discharge, and all interest will cease from that day.

7. Proprietors, who shall transfer to the Books of Madras and Bombay, will be entitled to receive interest at the exchange of One Hundred and Six and a half Madras or Bombay Rupees, for One Hundred and Sixty Sicca Rupees, from the General Treasuries of those Presidencies respectively.

8. The Accountant General of the Supreme Government may, on the application of Proprietors of Stock registered in the Books of Bengal, and for their convenience, make the interest of such Stock payable at any other Treasuries of issue under the Bengal or Agra Presidencies; but Proprietors shall not be entitled to claim that accommodation if the Accountant General should think proper to refuse it.

9. Stock of the Five per Cent. Transfer Loan opened by this Advertisement, may be consolidated and divided at the pleasure of the Proprietors in the Books in which it is registered.

10. Proprietors of Six per Cent. Remittable Paper who may transfer into the Five per Cent. Loan now advertised, shall not be subjected on this operation to the fees prescribed in the Regulations for the Government Agency.

11. Proprietors of the Five per Cent. Transfer Notes issued under the Advertisement of this Department, bearing date 12th of October last, or their authorized Agents, will be permitted to transfer their property into the Book Debt Loan. For this purpose a period of four months will be allowed to the holders of Five per Cent. Promissory Notes, or their Agents, and it is hereby notified, that during the same period fresh Transfers will be allowed to the Book Debt by holders of Six per Cent. Remittable Paper.

12. Forms of Stock Receipts will be published in a future notice.

Published by order of the Honorable the Governor General of India in Council.

In respect to Six per Cent. Notes, it will be optional with the Proprietors to confirm the transfer, or to receive payment according to the notices published from this Department, bearing date respectively the 1st of May and the 13th of October 1834, provided, however, that no notice disallowing a transfer will be accepted as valid after fifteen months from this date. COMMERCIAL TABLES.

Tables of Money, Weights and Measures.

MONEY.

Accounts were formerly kept in Madras in Star Pagodas, Fanams, and Cash, viz.
60 Cash to 1 Fanam;

42, 44 or 45 Fanams, 1 Star Pagoda.

Government, the Banks, and all the Houses of Agency kept their accounts at 42 Fanams the Star Pagoda: the Shops and Bazaars at 44 or 45.

The Star Pagoda exchanged in the Bazar for about 45 Fanams, but it fluctuated according to circumstances.

The coins in circulation were the Star Pagoda, the Arcot Rupee—3½=1 Star Pagoda;—(it exchanged in the Bazar for 12 Fanams 60 Cash;) the double and single Fanam, and the Doodie, 8 of which=1 Fanam.

There was also a copper coin sent out from Europe of 20, 10, 5, and 1 Cash value, the latter being worth 8,75ths, or about the 9th part, of a farthing.

This Currency was altered in January 1818, by a Proclamation which constituted the Silver Rupee the standard coin. To this the public accounts were all converted at an exchange of 350 Rupees per 100 Pagodas; and the new Silver coinage was made to consist of Rupees, Half and Quarter Rupees, Double and Single Annas, the Rupee containing 165 grains of pure silver and 15 grains of alloy, and weighing 180 grains, and the other Coins bearing the due proportion to the same.

13 pice, or pies = 1 anna,

16 annas = 1 rupee,

3½ rupees exchange in account for 1 pagoda.

A lac of Rupees is 100,000: a crore of Rupees 100 lacs, or 10 millions.

The Act of the Legislative Council of India (passed in 1835) assimilating the currency over the Country, changes the design, but leaves the new coinage of a precisely similar value to that of Madras according to the above Regulation. The following is the Proclamation on the subject:

PROCLAMATION.

The Honorable the Governor General in Council has resolved, that the design of the New Rupee, Double Rupee, Half Rupee and Quarter Rupee, to be issued from the Mints of India, from and after the 1st September 1835, in conformity with Act XVII of the same year, shall be as follows:

On the Obverse, the head of his Majesty William the Fourth with the words,

William I I I I, King.

On the Reverse the denomination of the Coin in English and Persian in the centre, encircled by a laurel wreath, and around the margin the words,

East India Company, 1835.

The new coin shall be milled on the edge, with a serrated or upright milling.

The Rupees shall measure in diameter one inch and two-tenths of an inch, or one tenth of a foot. The diameter of the Double Rupee shall be one inch and a half; that of the Half Rupee, or *Eight Anna Piece*, shall be ninety-five hundredths of an inch; and that of the Quarter Rupee, or *Four Anna Piece*, shall be three quarters of an inch; these measures being severally the relative proportions to the Rupee provided in the Act aforesaid.

The weight, standard fineness, and value of the new (or Company's) Rupee, as defined in the Act, are here repeated for general information.

Weight, 180 grains Troy, or one tola.

Standard Quality, eleven-twelfths Silver, one twelfth Alloy.

Value, equal to the Madras, Bombay, Furukhabad, and Sonat Rupee; and to fifteen-sixteenths of the Calcutta Sica Rupee.

The weights of the other Silver Coins, viz. the Double, Half, and Quarter Rupees to bear a due proportion thereto.

The following Proclamation of the Government of India, respecting a new gold coinage, was issued on the 13th January 1841.

PROCLAMATION.

The Governor General in Council is pleased to notify, that the Gold Coins henceforth to be issued from the Government Mints at the different Presidencies in India, in conformity with Act No. XVII. of 1835, shall bear the following Device:

On the Obverse—The Head of Her Majesty Queen Victoria, with the words
Victoria Queen, 1841.

On the Reverse—A Lion and a Palm Tree in the centre, with the designation of the Coin in English and Persian below, and around the margin the words

East India Company.

The coin will be milled on the edge like the Rupee.

The weight and standard will be according to the Act as follows:

Weight of the Gold Mohur or Fifteen Rupee Piece—180 Grains troy.

Standard of ditto $\frac{1}{4}$ or 165 Grains pure Gold, $\frac{1}{12}$ or 15 Grains alloy.

The other Gold Coins, viz. the Five Rupee, Ten Rupee and Thirty Rupee, or double Gold Mohur Pieces, will be of the same standard as the Gold Mohur or 15 Rupee Piece, and of proportionate weight.

Officers in charge of Public Treasuries are hereby authorized freely to receive these Gold Coins, at the rates, and further orders, respectively denoted by the denomination of the Pieces, until they shall have passed the limits of lightness allowed for wear laid down in the annexed table, when they will only be receivable as Bullion, and be subject to a deduction of one per cent. for weightage:

THE PRICE FOR

	30 Rs.	15 Rs.	10 Rs.	5 Rs.
Standard Weight.....	360 gr.	180 gr.	120 gr.	60 gr.
Limit for Wearage.....	350 "	175 "	115 "	55 "
Minimum Weight.....	357	178½	119	59½

The Gold coin received in Public Treasuries will be disposed of as may be ordered by the Accountant General, or the Accountant of the Presidency.

WEIGHTS.

10 pag. weight	makes	1 pollam,
40 pollams,	"	1 vis,
8 vis,	"	1 maund, wt. 25lb. avoird.
20 maunds	"	1 candy, 500lb. avoird.

MEASURES.

Grain or Dry Measure.

8 olocks,	makes	1 measure, or puddy,
8 measures,	"	1 marcal,
400 marcals,	"	1 garce, wt. 9256½lbs.

Each parah is to be 2 feet square and 6½ inches deep.

A parah of chunam is 5 marcals.—Milk, Oil, Ghee, &c. are sold by the grain measure, containing 8 olocks: 20 olocks are equal to 1 English gallon.

Land Measure.

Land is usually measured with Gunter's chain of 100 Links, or with a rod of 10 feet, and reduced to Cawnies, Grounds and Square feet, agreeably to the following table:

• 60 feet long and 40 feet broad, make 1 ground or minnie, containing 2,400 square feet.

24 Grounds, or Mannies, make one Cawnie, equal to 57,600 square feet.

The Indian Cawnie is in proportion to the English Acre as 1 to 1,3223, or as 121 is to 160.

To reduce Indian Cawnies to English Acres, multiply the given number of Cawnies by 160, and divide the product by 121; the quotient will give the number of Acres, and the remainder be the fractional part of an acre. Or multiply the Cawnies by 1,3223, and the product, (cutting off 4 places to the right hand) will be the same, and the figures so cut off are the decimal part of an Acre.

Cloth Measure.

The Cord in Cloth Measure is 18 Inches, but the English yard of 36 Inches is generally used.

BOAT AND CATTAMARAN REGULATIONS, &c.

Rules and Regulations subsidiary to Act No. IV. of 1842, "for the better management of Boats and Cattamarans in the Madras Roads, and for the amendment of certain Harbour Regulations," and to the Rule, Ordinance and Regulation commonly called the Marine Police.

[The above mentioned Act is given in the MADRAS ALMANAC for 1843, page 390.—COMPILER.]

1. It is hereby notified that beneath the Master Attendant's Office on the Beach, is an Office where Boats and Cattamarans can be procured, and where Registers of all Licensed Boats and Cattamarans, and their respective Owners, and Crews, are kept, and are open to public inspection, and in which copies of the Act No. IV. of 1842, for the better management of the Boats and Cattamarans, and for the amendment of certain Harbour Regulations, are suspended.

2. If a Boat or Cattamaran is required for any extraordinary service to a Ship or Vessel, either at anchor or under way beyond the limits of the Port, then the amount of hire which may be demanded may be referred to the Master Attendant or his Deputy for adjustment.—N. B.—For the purposes of the foregoing Rule, a Ship at anchor in, or beyond 10 fathoms, and a Ship at any distance under sail beyond that depth of soundings in any line of bearing from the Master Attendant's Flag staff, shall be considered as without the limits of this Port.

3. In cases of great emergency, by night or by day, the Owners of Boats and Cattamarans kept for the purpose of being let out on hire, shall aid and assist the Master Attendant and his Deputy by every means in their power, and shall induce the Boat-men and Cattamaran men to perform the service required, and when great personal risk shall have been incurred, or arduous services performed, and those on whose account such duties are undertaken refuse to reimburse the Crew for the same, the Master Attendant will bring the merits of the case to the notice of Government.

4. The Boat and Cattamaran men are not to be employed on board any Ship or Vessel in these Roads; any wilful breach of this Regulation will be considered desertion and neglect of duty, and will render the persons offending liable to the punishments provided for such desertion and neglect by Section 15 of Act No. IV. of 1842.

5. All Owners of Boats and Cattamarans, and all other persons, either belonging to any Ship or Vessel in the Madras Roads, or to the Boats and Cattamarans to be let on hire, are cautioned against the transhipment of any goods, or passengers or ballast without first obtaining a permit from the Collector of Sea Customs or his Deputy, any person or persons found guilty of any such transhipment being liable to the penalties provided in Section 23 of the Marine Police Regulations.

6. All Owners of Boats and Cattamarans must make known to their respective Crews the full intent and purport of the several port signals, which, as occasion may require, will be displayed in the Master Attendant's Flag staff, especially the recall signal for all Boats and Cattamarans, which is a white pendant with a red ball; and when this signal is hoisted, all Boats and Cattamarans must immediately repair to the shore.

7. The Crews of Boats and Cattamarans kept for the purpose of being let on hire shall not be changed or transferred from one Boat or Cattamaran to another, without the sanction of the Master Attendant.

8. The Accommodation Boats shall be kept in the the same good order as themselves, and are always to be provided each with an awning, and with seats and cushions, and in case they shall not, in the judgment of the Master Attendant, be kept in proper order, the Owners shall be deprived of their Licences until the vessel shall be put in proper order for the reception of Passengers.

9. All Owners of Boats and Cattamarans are to make known to their respective Crews, that the Officer or Person in charge of the Police or Revenue Boat, is authorized and empowered by Section XIX. of Act No. IV. of 1842, to stop, search, and detain any Boat and Cattamaran plying to and from the Ships and

Vessels in the Roads, and that all Boat-men and Cattamaran-men who may impede or obstruct any Police Officers in the execution of his or their duty, will render themselves amenable to the penalties provided for in Section XIX. of the above-recited Act.

10. Should any difference or dispute arise between the Owner or Owners of Boats and Cattamarans let on hire, and any person or persons hiring the same, as to the amount of hire for services performed, the party or parties may refer the case for adjustment to the Master Attendant or his Deputy, in which case each party shall sign a paper agreeing to abide by the decision of the said Master Attendant or his Deputy, and such paper shall be retained in the Office of the said Master Attendant.

SIGNALS FOR SHIPS OR VESSELS IN THE OFFING.

Signals respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the Garrison Flag Staff, a yard slung across the topmast, the points of which represent the quarter from which the Vessels are coming in.

Three classes of Vessels are expressed by the Signals;—Vessels of three masts, two masts, and one mast.

An Ensign, or square National Flag, represents a Ship of three masts; a National Flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad National Pendant terminating in one point, represents a Sloop or Cutter of one mast.

If either of these Flags is hoisted to the yard above described, the Vessels seen are on the North or South quarters of the compass.

The number of Ships that appear in the Offing, are expressed by pendants, —a white pendant, signifies one Ship or Vessel; a red and white pendant, two Vessels; a red pendant, pierced with white, three Vessels; and a yellow pendant pierced with blue, four Vessels. When the number of Vessels exceeds four they are to be considered as a Fleet: on which occasion a long blue and yellow pendant will be hoisted.

If the Vessels in sight are Men of War in the North or South quarters, one of the numerical pendants will fly over the National flag on either side of the yard arms.

If Merchantmen are seen in the North or South quarters, one of the numerical pendants will fly under the national flag on either side of the yard arms.

If a Fleet is in sight, one gun will be fired after the signal of the Fleet is made, and if there are two Fleets of different nations in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a gun.

A Steamer or a Packet is announced with a blue flag pierced with yellow hoisted to the yard arms, expressive of the quarter she is in.

The annexed Plate represents the Flags of all nations that trade to Madras, and the manner in which the Signals are made, to express ships or Vessels discovered in the offing.

The St. George's Flag hoisted on either points of the yard arm, with a white pendant over it, announces a British Man of War. The French or Tri-coloured Flag of two points or swallow tail hoisted with a red and white pendant over it represents two French armed Brigs or Snows, &c.; a broad American pendant hoisted with a red pendant pierced with white flying over it, represents three American armed Cutters; and a Dutch flag hoisted with a yellow pendant pierced with a blue over it, represents four Dutch Men of War.

The St. George's Colours are varied according to the colour of the Admiral of the Squadron, or the Station for the time being.

If the numerical pendant, instead of flying over the national Colours, is hoisted under them, they will describe the main class of Vessels to be merchantmen.

For OVERLAND MAIL SIGNALS, see page 474.

MARINE BOARD NOTICE RESPECTING THE LIGHT HOUSE.

Marine Board Office: Madras, 9th October 1843.

Notice is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the new Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort Saint George, will be discontinued. The New Light to be exhibited, will be elevated 135 feet above the mean level of the Sea, and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flasher Description" and the duration of the Flashes to that of the Ellipse or Dark periods is in the ratio of 2 to 3; but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals which are themselves variable according to the position of the spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 6" to 48", and that of the Ellipse from 9" to 72", the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Palliat Shoal the New Light House bears S. 23° W., and is distant 12 miles; but no Ship or Vessel when hailing in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 23° W. or S. S. W. ½ W., unless for position in well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by approaching the dangerous vicinity of the Palliat Shoal, in bad weather or when others may obscure the Light, and are therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead

(in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W. or from S. W. b. W. to W. ½ N.

The New Light House at Madras is in Latitude 13° 5' 10" North, and in Longitude 80° 20' East of Greenwich.

Published by order of the Marine Board at Fort St. George.

J. R. Boyson, Acting Secretary.

LIGHT HOUSE, PONDICHERRY.

The Pondicherry Light House is situated on the edge of the sea in 11° 55' 57" N. Latitude and 79° 52' 33" East Longitude from Greenwich; it is a light of the third magnitude. The illumination is composed of six reflector-lamps placed on a horizontal circle facing the sea. It was lighted for the first time on the 1st July 1836.

The height above the level of the sea is 700 feet. The tower is 21 metres in height. The metre is equal to three English feet and 28-100th.

Being on the deck or poop of a Ship of 300 or 400 tons, with a clear state of the atmosphere, the light is seen at the distance of 10 miles.

Vessels which anchor during the night at Pondicherry during the N. E. monsoon, should cast anchor in 10 or 11 fathoms, keeping the light from W. ½ N. W. W. N. W. (The French fathom is 5 feet 3 inches English measure.)

During the S. W. monsoon, vessels should anchor in 6 to 8 fathoms (French) keeping the light from W. to W. ½ N. W.

These two indications for the anchorage are the most suitable for each season. The Light House tax is charged on all trading vessels which anchor in the roads. They pay at the rate of one anna each ton.

A. HOSTELIS, Port Captain.

FLAG STAFF LIGHT AT MASULIPATAM.

Marine Board Office, Madras, 17th May 1841.

With reference to the Advertisement which appeared in the Fort St. George Gazette of the 30th October 1840, Notice is hereby given that since the 1st day of December last, a Light has been exhibited, and that it will in future be continued, on the Flag Staff at Masulipatam, at an elevation of about 95 feet above the level of the Sea.

The bearings of the Light are as follows:

Point Devi bearing West in 7 Fathoms, the Light bears N. W. b. N.

Point Nurispare bearing West in 7 Fathoms, the Light bears W. ½ S. Sy.

In standing into the Roads from Point Devi, it is advisable to shape a course ½ or 1 point Northerly, to avoid the Flat which extends some distance off the W. Shore from Point Devi to the Roadstead.

The Light is clearly visible 15 miles from the Deck of a 700 Ton ship and 20 or more from the Top Mast Head.

By order of the Marine Board.

JOHN ROBERT BOYSON, Acting Secretary.

**FLAG STAFF LIGHT AT CANNANORE.
FLAG STAFF LIGHT AT MANGALORE.**

Madras, Marine Board Office, October 29, 1842.

Notice is hereby given that a Light is now, and will in future be exhibited, on the Flag Staff at Mangalore, at an elevation of about 200 feet above the level of the Sea.

The height of the Mast to the top is 99 feet,—and to the yard arm 50½ feet.

By order of the Marine Board.

J. R. Boyson, Acting Secretary.

FLAG STAFF LIGHT AT COCHIN.

Madras, Marine Board Office, 5th February 1844.

Notice is hereby given that a Light is exhibited from the Flag Staff at Cochin, from Sunset to Sunrise. The height of the Light when exhibited from the Mast head is 114 feet above the level of the Sea, but when the Top Mast is struck (during the South West Monsoon) the Light is then 62 feet above the level of the Sea. Vessels coming to an anchor at night should bring the Light to bear E. by N. Good anchorage is found in from 5 to 4½ fathoms water, but during the South West Monsoon Vessels should not anchor in less than 6 fathoms, as there is then a heavy Sea running in on the Coast.

By order of the Marine Board.

J. R. Boyson, Acting Secretary.

FLAG STAFF LIGHT AT CANNANORE.

Madras, Marine Board Office, 1st January 1845.

Notice is hereby given that a Light is exhibited from the Flag Staff at Cannanore from Sunset till Sunrise. The height of the Light when exhibited from the Mast head is 100 feet above the level of the Sea—but when the Top mast is struck (during the South West Monsoon) the Light is then 65 feet above the level of the Sea. When exhibited from the Mast head the Light may be seen at a distance of from 12 to 15 miles, but when the Top mast is struck it is only visible at a distance of from 8 to 12 miles. Vessels running for the anchorage at night between the 15th of May and the end of September ought not to come under six fathoms with the Light bearing North East by North to North East by East. This will place them in a very good berth about 2½ miles off Shore. From the end of September to the 15th of May Vessels may safely anchor in five fathoms water, with the above bearings,—but it is not advisable for Vessels of 600 tons burden and upwards to come under that depth. Care should be taken not to mistake any of the Lights in the Cantonment of Cannanore for that shown at the Flag Staff.

By order of the Marine Board.

J. R. Boyson, Acting Secretary.

Correspondence with Members of the Honorable Court.*Extract from a Letter from the Honorable the Court of Directors;**Public Department, November 8, 1837.*

Para. 1. Instances having occurred of Letters, addressed by parties in India to the individual members of our Court, being transmitted to this country by the Mediterranean Mails, under the impression that such letters are exempt from the duty of postage, it is necessary that we should apprise you, that the privilege of receiving letters so addressed free of postage, does not attach to letters sent from the East Indies by packet, via Mediterranean; and we direct that you forthwith take the necessary measures for giving public notice thereof throughout your Presidency.

2. You will, however, clearly understand, that the privilege of franking enjoyed by individual Directors, and other public functionaries, so far as respects the Indian duties of postage, continues in full force.

GENERAL POST OFFICE, FORT ST. GEORGE, 9th March 1839.

It is further notified, that the practice of forwarding letters under cover to individual Members of the Honorable Court should be discontinued, as under the authority of the Lords Commissioners of Her Majesty's Treasury, the Chairman, Deputy Chairman, Secretary and Assistant Secretary only to the East India Company, have the personal privilege of receiving letters free of postage from the East Indies by packet via Mediterranean, but the privilege does not extend to any other Director or Officer of the Company.

ROBERT CLERK, Secretary to Government.**Public Letters.****FORT ST. GEORGE; GENERAL POST OFFICE, 1st June 1840.**

Notice is hereby given, that arrangements have been made to despatch the Mails positively at 8 o'clock P. M. daily, from this date, as enjoined in Section XXV of the Rules for the management of the Post Office Department, passed by the Governor General of India in Council on the 30th August 1837, but the receipt of several Letters from some of the Public Departments at the Presidency, at a very late hour in the evening, being calculated to impede or frustrate the design, the Post Master General requests, that all Public Letters may be delivered daily into the General Post Office before 6 P. M., and begs to intimate, that Letters put into the General Post Office after that hour, unless in a case of great emergency, the same being communicated by an Official Memorandum from the Head of the Department to the Post Master General, will be detained until the Office for transmission by the following day's Mail.

Letters &c. for the United Kingdom, except Soldiers' and Sailors' Letters, and those specifically marked, to be forwarded through France.

FORT ST. GEORGE; GENERAL POST OFFICE, 4th June 1840.

Para. 1. Under instructions from the Honorable the Court of Directors, communicated through Government, it is hereby notified, for general information, that all Letters and Newspapers for the United Kingdom, except Soldiers' and Sailors' Letters, and except those specifically marked "via Falmouth," will be forwarded through France. Soldiers' and Sailors' Letters, certified by their Commanding Officers, will be forwarded by way of Falmouth, whether so directed or not, as if sent through France they become liable to a heavy rate of postage; and Letters and Newspapers specially marked "via Falmouth," will be forwarded as indicated by such mark.

2. Letters for the United Kingdom weighing less than a quarter of an ounce, and passing through France, are charged single postage, which amounts to 1s. 8d. or 1 r. 5 ss. 4 p. By the Falmouth route, Letters of half an ounce in weight are subject to single postage only, which has been reduced to one shilling, or 3 annas. Newspapers if sent via Falmouth are free of postage, but if transmitted by the way of Marseilles, they are charged 3d.

* Read Southampton, that being now the port of arrival and departure of the direct Overland Mails.—Continued.

3. Newspapers or Gazettes sent by the Public Officers to the Authorities in England should be left open at the ends, in order that they may not be charged as Letters.

4. All printed publications which may be sent to the Authorities in England should be transmitted as enclosures to the Letters from Government.

THE OVERLAND MAILS.

FORT ST. GEORGE; GENERAL POST OFFICE, 16th June 1845.

POST OFFICE NOTIFICATION.

P. AND O. STEAMERS.

The bi-monthly Overland communication having now been established between this Country and Europe, and the arrangements for the conveyance of the Mails direct between Madras and Suet finally completed and brought into operation:— Notice, accordingly, is hereby given, that the rates of postage charged on letters carried by the Government Steamers from and to Bombay, will likewise be levied in future on letters conveyed by the Peninsular and Oriental Company's Vessels from and to Madras, both by way of Southampton and via Marseilles.

The rules relative to the former having also been made applicable in every respect to the latter, are submitted for the information and guidance of the Public in general. The scale of British Steam postage is as follows, viz.

On every letter not exceeding $\frac{1}{2}$ an ounce weight, 8 Annas or one Shilling.
On do. above $\frac{1}{2}$ oz. and not exceeding 1 ounce, 1 Rupee or two do.
On do. above 1 oz. and not exceeding 2 ounces, 2 Rupees or four do.
On do. above 2 oz. and not exceeding 3 ounces, 3 Rupees or six do.
and so on, increasing one Rupee or two Shillings for every additional ounce weight or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Honourable Company's currency are recommended as the best substitutes.

In lieu of $\frac{1}{2}$ an ounce, one Rupee and one Copper Pie;

In lieu of 1 ounce, two Copper Half Anna Pieces (or double Pice) and one Pie.

3. Every person confiding his English correspondence to the weight of the two former coins, will be certain of being within the weight prescribed for a single Steamer letter, and every letter not exceeding the aggregate weight of the three latter coins, will in like manner, be within the weight allowed for a double Steamer letter.

4. Steam postage on letters for Foreign and Continental Europe, or any place to which Great Britain does not, necessarily form a channel of communication, is Paid here, forwarded via Marseilles, and those addressed to Marseilles, Rome, Naples, Genoa, Gibraltar, Oporto, or any island city of Portugal, Spain, superscribed via Malta, or to any country bordering the Mediterranean west of Malta, as well as letters for Egypt, Syria, Turkey, Greece, Jerusalem, Constantinople, Athens, Smyrna, or any country having communication with Alexandria east of Malta subject to Red Sea (Steam) postage, must, as hitherto, be prepaid in this country.

5. Letters directed to Spain, Oporto, Portugal, Russia, Germany, Holland, &c. if superscribed via "Marseilles" must be paid for with the Red Sea postage in advance in this country; but if endorsed via "Southampton" they may be forwarded bearing.

6. Steam postage on letters for the United States or British Colonies in America or the West Indies (unless addressed to Agents in Great Britain) cannot be prepaid in this country, whether sent by way of Marseilles or via "Southampton."

7. The same rule applies equally to letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched thro' "Marseilles."

8. Letters for any Foreign country directed to an Agent in England will be received and disposed of as if addressed to the United Kingdom.

9. Letters for places in the United Kingdom, superscribed to the care of Mr. Waghorn or other parties in Egypt, must be paid here, with the regulated Red Sea postage.

10. Letters to and from Aden, Galle, Colombo and Calcutta forwarded by the bi-monthly Steamers are only liable to the prescribed Ship postage, and not Steam postage.

11. No Steam postage is chargeable in India on Newspapers and Pamphlets received from and despatched to England, and the same may be forwarded from India either via "Marseilles" or "Southampton" as the senders choose; but Inland postage to and from Bombay or Stations in the interior must be paid.

12. No postage whatever will be levied on letters prepaid in England, as also on Newspapers received by the bi-monthly Steamers for delivery at Madras, but those transmitted to the Out-Stations will be liable to the regulated Inland (Indian) postage.

13. The optional pre-payment of Steamer postage applies only to letters sent by the "Southampton" route to places within the United Kingdom, and vice versa.

14. The term Paid (or Prepaid which is synonymous) being the distinctive mark (indicative of the wishes of senders) and the only guide for the Post Office Receivers, all letters for the United Kingdom via "Southampton" which may be so marked will accordingly be charged with Steamer postage, and such as are not so superscribed will be sent "Bearing."

15. The Inland (Indian) postage, which is quite distinct from and always levied in addition to Steam postage, must be paid in advance by the sender at the Posting Office, on letters forwarded from Out-Stations to Madras or Bombay, or from either one Presidency to the other, for transmission by the Steamers and vice versa, that is, by the addressee at the Receiving Office. The word Paid, therefore, should not be put on any Letter except on those on which senders, having the option, intend to pre-pay Steam postage also.

16. No letter exceeding 12 tolas (a fraction under 3 ounces) in weight can be transmitted per Letter Mail, but if forwarded by Government Bagghy Post, or otherwise sent to Bombay or Madras, it may be despatched by the Steamer from either Presidency.

17. Packets or Packages for transmission to any place beyond Aden by the Steam Vessel are not receivable at the Post Offices, but they must be forwarded under cover to their Agents at Madras or Bombay, by whom they will be forwarded upon payment of the authorized freight.

18. It is particularly requested that Letters and Papers from the Mofussil, intended for dispatch by the Overland Mail from Madras, may be accordingly superscribed, for the guidance of the person who originally receives such letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded should always be clearly

England,
Scotland,
Ireland,
America,
West Indies,
France,
Spain,
Oporto,
Portugal,

Malta,
Rome,
Naples,
Genoa,
Gibraltar,
Rusia,
Germany,
Holland, &c.

specified also. Any Letter not marked "Per Steamer" or "Overland" will be sent by a sailing Vessel. In order to avoid mistakes the name of the country which a letter is destined to (for example as per margin) should be the last word in the superscription. Letters posted in Madras for despatch via Bombay should be accordingly directed.

19. Although 1 ounce is the single weight for regulating Steamer postage charge, the quarter tola continues to be the single weight for inland postage to Bombay, which latter (from Madras to that Presidency) amounts to five Annas.

20. An extra charge of 8 Annas for every half tola weight is made on letters sent by the Overland Express from Madras to Bombay, and no letter above one tola weight can be forwarded by such conveyance. Thus for instance a Prepaid Steam Letter of one tola weight posted in Madras for transmission via Bombay would be charged with postage amounting to Rupees 2 2 As. 0 P. viz.

Ordinary Inland postage.....	0 10 0
Express do. do.	1 0 0
Steam do. do.	0 3 0
Total Rupees.....	2 2 0

21. It is requested that no firm or individual will send letters exceeding two tolas weight in the aggregate, and that each letter be superscribed "Overland Express" when intended for such conveyance.

22. The tola weight above mentioned is equal to 180 Grains Troy, being the standard weight of the Company's Rupee.

23. Postage is levied according to the prescribed weight without reference to the quality or quantity of the paper.

24. It is strongly recommended that in closing Overland Letters, wafers may be used, in all practicable cases, instead of sealing wax.

25. On the day of closing the Mail for Suez for transmission by the P. and O. Company's Steamers, letters will cease to be received at the Receiving Houses at Vepery, Rhyapetah, Mount Road and Black Town two hours before the time indicated in the Fort Flag Staff for closing the Mails at the General Post Office; and the public are recommended, if possible, and to prevent disappointment, to post their letters at the General Post Office on that day.

26. Much inconvenience having been experienced by the great number of applicants who present themselves within the latest hour fixed, it is particularly requested that the letters be put in early, as otherwise it is probable that many persons will be disappointed.

The foregoing explanation is given in detail for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may hereafter take place will be duly notified.

The following Signals will be hoisted at the Mast head of the Fort Flag Staff upon the arrival of the Overland Express and Mails from Bombay, and the Peninsula and Oriental Company's Steamers from Calcutta and Suez, viz.

On the arrival of the Overland Express from Bombay, Flag, No. 7, will be hoisted merely to announce its arrival; but letters &c. that may be received by it will be forwarded immediately by the Letter Carriers for delivery and they will on no account be detained for distribution at the General Post Office, except to persons who may be waiting at the Office for its arrival.

On the arrival of the Overland Mails from Bombay, and as soon as the letters &c. are stamped, sorted, and ready for distribution, the Rendezvous Flag, chequered blue and white, will be hoisted, and letters &c. will be delivered at the General Post Office to such as bring a written order with sufficient money to defray the postage that may be due on them until the Flag is hauled down.

On the Outward Mail Steamer from Calcutta being sighted one Gun will be fired, and on the Inward Mail Steamer from Suez being sighted two Guns will be fired in quick succession from the Ramparts, and the usual Signals made, and in the letters &c. brought by the Steamer from Suez being ready for distribution at the General Post Office, the Rendezvous Flag will be hoisted at the Mast head.

In the event of the Steamers, Overland Expresses and Mails arriving during the night, the above Signals will be made at day-light.

In case the Overland Mails from Bombay should arrive in the early part of the night, measures will be adopted to forward the letters &c. by the Letter Carriers for delivery early in the following morning, in which case, there will be no distribution of the letters &c. at the General Post Office on the morning, but to parties waiting at the Office, letters will be delivered during the night, or as soon as they are ready.

A. F. BRUCE, Post Master General.

J. WILDER,

COACH AND HARNESS MAKER,

MOUNT ROAD, OPPOSITE THE GOVERNMENT DISPENSARY.

RESPECTFULLY takes the liberty of informing the Gentlemen of the Presidency and the Public in general, that he continues to build and repair Conveyances of *every description*, in the first style, and upon the most moderate terms that perfection of workmanship and material will admit.

He has now in progress, Britzchas, Prince Alberts', and Cab Phaetons, (both with single and double seats) Palanquin Carriages, Cab and Bengal new muster Buggies, Lancewood Shafts, Whalebone lined or without,—some of the Conveyances upon *Drabdy's* newly patented *improved axles*—and Palanquins, any of which can be at the shortest notice fitted up and finished according to any instructions he may receive.

J. W. particularly invites the attention of GENTLEMEN IN THE MOPLAH to the recent improvement he has introduced in the building of "THE NIBBS" now made with double seats, the most capacious of which can be drawn with the greatest readiness by a single horse (or pair); combining comfort, ease, economy, and safety over the roughest roads of the interior.

In addition to the above, J. WILDER'S Saddlery and Harness Manufactory is complete.
