The N. E. Monsoon continues with occasional exceptions till the middle of the month, after which calms and S. E. winds as frequently prevail. In the forenoon it is usually calm until about 11 A. M. when a gentle sea breeze sets in, which blows till sun-set. During the whole of this month the weather is without exception always beautifully clear and placid, and is generally considered to be the most healthy period of the year; there are no more than one day of haze, and one of clouds. Rain or lightning does not occur once in seven years.

Throughout this month the South or *alongshore* wind with very unequal force prevails: it is accompanied with a profuse dampness and sultriness, which renders its effects highly prejudicial to health and comfort. On this account the sea breeze which sets in at noon, and blows till sun-set, is less courted than at other seasons: the sky is however beautifully clear for about twenty seven days, the remaining *four* being cloudy. Dew less frequently occurs, and is less in quantity than last month. Rain and lightning are little known.

The hottest time of the day is at 0*h*. 20*m*. P. M; the coldest at 5*h*. 0*m*. A. M.

The South wind which is mentioned as peculiar to the two last months, continues till the middle of this month, relieved sometimes by a land wind from the W. or S. W.: in this interval gales of wind of extreme violence have occasionally been experienced, commencing their career generally at the N. W. and veering to every point of the compass. About the 16th the regular land or hot winds set in, which are moderated in their effect towards the end of the month by occasional showers. The sea breeze sets in about noon and blows till 9 or 10 P. M. There are about nineteen days of clear weather, eight of flying clouds and haze, and four cloudy days, on two or three of which there is rain. The dew is almost imperceptible, and lightning with thunder occurs about four times.

The hottest time of the day is at 11*h*. 20*m*. A. M.; the coldest at 4*h*. 20*m*. P. M.

* In this statement the rain which fell during four gales of wind has been omitted. On the 2d May 1811, during the gale which then blew, there fell 5,5 inches; on the 8th, 9th, and 10th May 1820, 17,56 inches; on the 7th, 8th, and 9th May 1827, 23,30 inches, and on 16th May 1841, 3,0 inches.

With this month the rains of the S. W. Monsoon begin—generally in heavy but partial showers. The weather may be reckoned among the most cloudy of the year, there being only six clear days: the remaining days consist of thirteen cloudy, and twelve of flying clouds and haze;—of these there are eight days on which rain falls, and about three of thunder and lightning. The sea breeze is very uncertain as to the time it commences or ceases, and not unfrequently fails for several days together.

The hottest time of the day is at 2*h*. 20*m*. P. M.; the coldest at 4*h*. 0*m*. A. M.

The regular westerly winds which terminate about the middle of this month are succeeded by winds of a light and variable nature, mostly from the West and South. Calms, haze, and rain occur in about the same proportions as last month, leaving about eight days of clear weather. Lightning unattended by thunder is very frequent, but thus accompanied it occurs only once or twice. The sea breeze assumes much the same character as that experienced last month, commencing at 2 or 3 P. M., and continuing till 8 or 10 P. M. Dew is sometimes discovered, but more frequently fails.

The hottest time of the day is at 2*h*. P. M.; the coldest at 3*h*. A. M.

Throughout the month light and variable winds with occasional calms continue, and, with the exception that the weather is not quite so much clouded, the remarks of last month apply with equal propriety to this. Lightning occurs almost every evening, but accompanied by thunder three times only. The sea breeze sets in about 2 or 3 P. M. and blows till 7 or 8 P. M., but occasionally fails for several days together. Dew is common, but small in quantity.

The hottest time of the day is at 2*h*. P. M.; the coldest at 4*h*. 20*m*. A. M.

The clouds now begin to assume a more dense appearance than heretofore.* Calms, lightning and rain are very frequent till the 19th, when the N. E. Monsoon, or rainy season, sets in. From this time till the end of the month the atmosphere assumes a very disturbed appearance; extremely heavy rain with storms of wind, thunder and lightning, invariably occur, and gales of wind of a similar nature to those which occur in the earlier part of the year, are sometimes experienced. On these occasions a depression of the barometer of 4 or 5 tenths of an inch is observed.† The sea breeze, or rather a slight modification of the N. E. wind, is perceived towards the middle of the day.

The hottest time of the day is at 1 P. M.; the coldest at 4*h*. 50*m*. A. M.

* See remark for month of May.

† On 30th October 1830, during the hurricane which then raged, the barometer fell to 28,285 inches.

The N. E. Monsoon continues with unabated force, and the state of the weather generally is much the same as that experienced towards the end of last month, save that an increased dampness of the air and the less frequent occurrence of lightning renders a distinction necessary. The number of clear and cloudy days in this, as well as in last month, is liable to great uncertainty.

The remarks relative to the sea breeze of last month apply equally to this.

The hottest time of the day is at 0*h*. 20*m*. P. M.; the coldest at 6*h*. 40*m*. A. M.

The heavy rains and violent gusts of wind are much moderated at the beginning of the month, and arrive at their close about the 15th. From this time the sky assumes an appearance of tranquillity and clearness which forms a strong contrast with the disturbed state of the preceding month; the N. E. wind, however, continues throughout the month without interruption. There are about thirteen clear days, eleven cloudy, and seven of flying clouds and haze: of these there are six days on which rain falls. The morning exhibits a copious deposition of dew, and sometimes a ground fog which does not reach more than two or three feet above the surface. The sea breeze sets in at 10 A. M., and blows till 4 P. M.

The hottest time of the day is at 0*h*. 50*m*. P. M.; the coldest at 2*h*. 20*m*. A. M.

Under the degree of Latitude of the given place and opposite to the day of the month, on the *left hand side*, will be found the time of the Sun's centre rising, and on the *right hand side* the time of setting. In consequence of refraction, which causes the heavenly bodies when in the horizon to appear elevated about 31m. above their true places, the *observed* time of the sun *rising* will happen about two minutes *earlier*, and the time of *setting* the same quantity *later* than that which is here given.

CIVIL SERVICE REGULATIONS.

Absentee Allowances,

TO CIVIL SERVANTS WHEN IN EUROPE.

Extracts from a letter from the Honorable the Court of Directors, dated 31st December 1824.

19. "That after an actual residence in India in the Civil Service of ten years or upwards, a Covenanted Civil Servant of the Company, upon either of the Establishments of Bengal, Madras, or Bombay, shall be entitled, whether on account of ill health, or from any other cause, and without reference to his private fortune, to come once to Europe on leave for three years, and to receive for that period from the Company's Cash an allowance of £500 per annum, provided that in no case shall a greater number of Servants come home under this Regulation annually than seventeen from Bengal, nine from Madras, and six from Bombay; nor shall a larger number of Servants, who may have come home under this Regulation, be absent in the whole, at one time, than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay; and that the preference shall be given first to Servants producing Medical Certificates upon oath, that a visit to Europe is indispensably necessary for the restoration of health, and then to Servants in their order of seniority according to the rank assigned to them by the Court of Directors in the Gradation list of the Service.

20. "That in cases of Civil Servants compelled by illness, certified upon oath, to come to Europe previous to their completion of an actual residence in the Civil Service of ten years, such Covenanted Serrants shall each be presented with the sum of 2,000 Sicca Rupees as Passage Money, and shall be entitled for a period not exceeding three years to an Allowance from the Company's Cash of £250 per annum; but that Servants having received this indulgence shall not in the event of their again coming to Europe, after having completed a residence of ten years or upwards, be entitled to any Allowance under the first Regulation, except their return be again occasioned by illness, to be in like manner certified upon oath, and then only to the difference between what they have before drawn, in the shape of Absentee Allowance, exclusive of Passage money, and that of £500 per annum for three years.

21. "That Servants coming in the first instance to the Cape, of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing Regulations.

22. "That in all cases, as well in those of Servants coming in the first instance to the Cape, as of those coming direct from India, the said Allowances be considered as commencing from the date of leaving India, and terminating at the expiration of three years from that date, or at the time of arrival in India, whichever may first happen.

23. "That the same be paid quarterly in Europe.

24. "That on no account or plea whatsoever the allowances in question be extended beyond the period of three years; and

25. "That any Servant being in the receipt of Absentee Allowance from a Civil Fund, shall not be entitled to receive during the same period of absence, the Allowances prescribed by these Regulations, beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited."

Orders of Government, dated 8th July 1825 and 26th August 1828.

In pursuance of the Honorable Court's instructions, the Governor in Council is prepared to grant the benefit of these Regulations to such Civil Servants as may produce the prescribed Medical Certificate as the cases may arise. Every Civil Servant so applying, must obtain a Certificate in duplicate from the Trus-

tees to the Civil Fund, notifying either that he will receive no allowance from the Fund during his absence in Europe, or, if he is to receive any, the nature and extent of such relief; one copy of which Certificate must be submitted with his application to Government; the other, upon his arrival in London, must be produced before the Auditor of East India Accounts.

Civil Servants desirous to avail themselves of these Regulations, and not producing the prescribed medical certificate, are hereby required to make known their desire to Government on or before the 1st December of each year, when the indulgence will be granted in order of rank to such extent as the foregoing Regulations and circumstances shall permit.

Every Civil Servant proceeding to Europe under these Regulations, whether on sick certificate or otherwise, before receiving his passage order must have applied for and received from the Secretary to Government in the Public Department a certificate specifying the grant of the permission, and whether granted upon sick certificate, or on account of private affairs; also specifying as nearly as possible the date of embarkation for Europe, which Certificate, upon his arrival in London, must be produced before the Auditor of India Accounts.

Order of Government, dated 4th November 1825.

The Governor in Council has been pleased to resolve, that in lieu of the medical certificate upon oath prescribed in Paragraphs 19 and 20 of the Regulations of the Honorable Court of Directors for the grant of Absentee Allowance, circulated to the Civil Service, under date the 8th July last, one of the following forms of medical certificate shall hereafter be adopted, according to the nature of the case: the same to be always signed by the medical officer who has last regularly attended the Invalid, and countersigned by the Superintending Surgeon of the District, or other superior medical authority.

FORMS—No. 1.

I do hereby certify that A. B. is in a bad state of health, and that I think it highly advisable for him to return to Europe.

(Signed) C. D.
Station and Date. *Surgeon or Assistant Surgeon.*

(Signed) E. F.
Superintending Surgeon.

No. 2.

I do hereby certify that A. B. is in a very bad state of health, and that I think an immediate return to Europe is necessary for his recovery.

Signed and Countersigned as above.

No. 3.

I do hereby certify that A. B. is in an extremely bad state of health, and that I think an immediate return to Europe is absolutely necessary for his recovery.

Signed and Countersigned as above.

Extracts from a letter from the Honorable the Court of Directors in the Public Department, dated 26th April 1826.

3. In your Despatch in this Department dated 6th of September 1825, Para. 6 and 7, you have brought to our notice two questions raised in respect of the Regulations framed by us for granting Absentee Allowance to Civil Servants when in Europe.

4. The first of these questions is,—

"Whether it is competent for a Civil Servant who may have completed a "residence of ten years to proceed to England, and there await his turn to the "indulgence of the Honorable Court, having previously notified to Government "his desire to avail himself of the liberality of the Honorable Court upon the "first occasion on which it should be open to him.

5. This question we answer in the negative. In framing the Regulations, it was our object, that whilst each Civil Servant might be enabled once in the course of his service to have the benefit of the Absentee Allowance, the number annually returning to England with that view should be limited, an object which would be defeated if Civil Servants were allowed to come home, and wait their turn in England.

6. The other question is, "Whether the ten years actual residence in India is to be considered to embrace the period passed at Hertford College," to which we reply that such is not the intention. We mean the regulation to be construed in the sense which it expresses, "actual residence in India."

Extracts from a General Letter from the Honorable the Court of Directors in the Public Department, dated the 25th July 1827.

Para. 3. "Previous to the enactment 53d Geo. 3. Cap. 155, it was our practice to forward to you Lists of the relative rank of Writers appointed from time to time to your Establishment. Under the authority of that enactment regulations were framed for the government of our College of Haileybury, one of which provided that the relative rank of Writers should be fixed by the College Council, and specified in the College certificate, subject however to loss of such rank in the event of the Writers' failing to proceed to India within a specified time. Lists of the rank of Writers under this regulation are now periodically forwarded to you.

4. The offers of the Absentee Allowance are to be made in the order in which Civil Servants have been, or may be classed under the Rules to which we have adverted, to such of the Servants as shall have actually resided in India in the Civil Service of your Establishment during a period of not less than ten years, commencing from the date of arrival at Madras.

6. On reference to our letter dated 26th of April 1826, Para. 5, you will perceive that it is not competent for a Civil Servant, having completed a residence of ten years, to come to England, and there wait his turn for the Absentee Allowance. That Allowance is to be granted in each case by the local government under the Regulations which we have prescribed, and no Civil Servant will be permitted to draw Absentee Allowance in England who shall not, previously to his quitting India, have been admitted to that benefit by the Government of the Presidency to which he may belong.

7. So soon as the aggregate number of Civil Servants absent, and who shall have come home upon the Absentee Allowance of £500 per annum, shall amount to twenty-seven, the same indulgence is only to be granted as Servants included in that number may either return, or quit the Service; so that the total number of absentees having left Madras upon the allowance of £500 per annum is never to exceed the limit of twenty-seven, fixed by our orders dated the 30th December 1824.

Extracts from a letter from the Honorable the Court of Directors in the Public Department, dated 5th December 1827.

Letter from ——— dated 16th October 1826.

Paras. 2 and 6, submit question, whether the regulation which precludes a Civil Servant from simultaneously receiving Absentee Allowance from the Company and from the Civil Fund is to be construed as barring the receipt of any sum from the Civil Fund in aid of the expense of Passage to Europe.

2. The receipt of Absentee Allowance from the Company must bar the receipt of any allowance in any shape from the Civil Fund.

4. We shall not object to the advance to a Servant coming home under the Absentee Regulations, and not entitled to passage money, of six months' allowance in cases in which you may be satisfied that that indulgence is required to enable the party to provide a passage.

Letter from ——— dated 30th March 1827.

Paras. 71 & 72.—Court requested to re-consider their decision upon the question of permitting a Civil Servant to come to Europe in anticipation of being admitted to the Absentee Regulations.

5. We adhere to the determination communicated to you in our despatch dated the 26th April 1826, Para. 5. No servant will hereafter receive the Absentee Allowance who shall not have been admitted by the local Government to the benefit of the Regulations previously to leaving India, excepting only such servants as may have been compelled by ill health, to quit India on a voyage to some place within the limits of the Company's Charter, or to the Cape of Good Hope, and as may have been subsequently compelled by the same cause to come to Europe. In such cases, where the servant has resided more than ten years in India, the benefit will of course be withheld whenever the number of Absentees limited by the Regulations is complete.

Order of Government, dated 18th November 1828.

The Right Honorable the Governor in Council has been pleased to resolve, that all persons who may be permitted to proceed to Europe, with the benefit of the Absentee Allowance, shall vacate their situations, and avail themselves of the indulgence, within three months from the date on which it may be granted.

Extract from a letter from the Honorable the Court of Directors in the Public Department, dated 6th May 1829.

Civil Servants who decline to subscribe to the New Annuity Fund are not admissible to the benefit of the Absentee Regulations.

Civil Servants proceeding to England under the Absentee Regulations, or on Special Leave of Absence.

Extracts from a letter from the Honorable the Court of Directors.

Para. 1. We have to acquaint you that we have adopted the following Regulations, with respect to the grant of extension of leave to Members of the Indian Civil Establishments repairing to this Country under the Absentee Regulations, or on special leave of absence, viz.

That Civil Servants coming to England under the Absentee Regulations, or on special leave, shall immediately on their arrival report themselves with their address by letter to our Secretary, forwarding at the same time the certificates which they received in India.

That in all cases of leave, Civil Servants be required to join the Establishment to which they belong at the expiration of the term for which leave may have been granted, unless they shall have obtained an extension of it from us six months before the expiration of the said leave.

That extensions of leave will not in future be granted by us except in cases of sickness certified to our satisfaction, or in cases in which it shall be proved that a further residence in Europe is indispensably necessary.

That when under any such circumstances a Civil Servant shall have obtained an extension of leave to a given period, he must at the expiration thereof apply for and obtain our permission, either to return to his duty, or to reside a further time in Europe, failing in which he shall be liable to be struck off the List of Civil Servants.

That the Act of the 33d Geo. 3d, Cap. 52, Sec. 70, as it respects Civil Servants applies only to cases of sickness, or infirmity, and that no Civil Servant be hereafter considered eligible to return to the service after 5 years' absence, under that enactment, who has failed to obtain agreeably to the foregoing Regulations, an extension of leave under the circumstances referred to in the Act.

2. We desire that the foregoing Regulations be published for general information, and that each Civil Servant returning to this Country under the Absentee Regulations, or on special leave, be furnished with a copy for his guidance.

(A true copy.)

East India House, London, the 4th Septr. 1840.

Civil Servants Quitting India.

Chief Secretary's Office, Fort St. George, January 3, 1832.

In order to prevent embarrassment at the time of sailing, Gentlemen of the Civil Service quitting India are requested to observe, that applications for permission to be received on board must be accompanied by a Certificate from the Office of the Accountant General, that there are no demands against the applicants on the Books of this Presidency. Commanders of Vessels removing persons from India without permission are liable to heavy penalty.

Furlough Regulations.

FORT ST. GEORGE, *October* 8, 1836.

First. A furlough granted to a Civil Servant, whether under a Sick Certificate, or otherwise, in conformity with the Rules of the Honorable Court's despatch, dated 31st December 1824, and communicated to the Service on the 8th July 1825, shall be considered to have lapsed on the occurrence of any of the following events :—

1st. On the death of the party in the course of three years from the date of his leaving the Presidency.

2d. On his retirement from the service by the acceptance of an annuity granted under the rules of the Madras Annuity Fund.

3d. On return to India before the expiration of three years.

4th. On the expiration of three years from the date when the ship sailed in which the party proceeded to Europe.

Second. Civil Servants will be entitled to proceed to Europe on furlough on sick certificate, at any time of the year, provided there shall not be at the period of their applying for the certificate, 27 individuals in the enjoyment of the furlough.

Third. On the 1st December next ensuing, and on every subsequent 1st December, the number of furloughs to be tendered to Civil Servants of 10 years standing, and not claiming the indulgence on the ground of ill health, shall be calculated as follows:—

Complement of 27 furloughs as on the 1st December 1835.	
Complement	27
Already taken	18
Total available on the 1st December 1835	9
Deduct taken within the year up to this day:	
On sick certificate	2
Without certificate	3
Total taken in the year	5
Remain available for 1st December 1836	4
Add lapses since last 1st December:	
Retired on Pension	1
Absent more than 3 years	2
Deaths	1
Returned to India	3
	7
Total available to meet present applications	11

Fourth. If the applications received by Government before the 1st December of any year should not equal in number the available furloughs, calculated as above, the same may lie over to be taken by Servants, either on sick certificate or otherwise, at any time of the year following, until the number shall be complete: when it may be so, further certificates on account of lapsing furloughs shall not be granted, except on the applications being accompanied by sick certificates, the lapses in the course of the year being reserved to meet the demands of the Service, according to the principle laid down by the Honorable Court of Directors, that is, with due preference to cases of sickness, and to seniority.

FORT ST. GEORGE, *December* 27, 1836.

Civil Servants admitted to the benefit of the Furlough Regulations are reminded that, in order to obtain the prescribed Furlough Certificate from the Secretary to Government in the Public Department, they must previously submit to that authority a Certificate from the Trustees of the Civil Fund, that they will receive no allowance from that Fund during their absence; and also a Certificate from the Accountant General, (who will require a Certificate from the Civil Auditor) of their being no public demands against them.

FORT ST. GEORGE, *August* 29, 1837.

The Governor in Council has resolved, with a view of assimilating the Rules of this Presidency with those of Bengal, and of enabling Civil Servants who may be desirous to return to England by way of Suez to make the passage of the Red Sea at the most favourable season of the year, to alter the period fixed for the grant of the Furlough allowance to Civil Servants of ten years standing, not claiming the indulgence on the ground of ill health, from the 1st December to the 1st November of every year.

Leave of absence—Rules for the Grant of, and for Regulating Deductions from Salaries, and Deputation Allowances.

FORT ST. GEORGE, *February* 21, 1840.

The following Rules for the grant of leave of absence, and for regulating deductions from Salaries and Deputation Allowances, are re-published for general information.

FORT WILLIAM; FINANCIAL DEPARTMENT, *the 29th January* 1840.

The following Rules for the grant of leave of absence, and for regulating deductions from Salaries and Deputation Allowances, having been approved and passed by the Honorable Court of Directors, are published for general information, and will take effect in all the Presidencies, Settlements and Stations under the Government of India from the date of the arrival of the *Gazette* containing them, in respect to all leaves of absence granted after that date. The notes show the interpretation put by the Council of India upon the rules in their application to cases not specifically mentioned.

Rules for application for leave of absence, and for fixing the local limits within which it may be granted.

Sec. I. No leave of absence from any office or station can be granted, but by the Government of the Presidency under which the employment is held, and the application of the party requiring such leave, saving in such cases as may hereafter be specially excepted, must be made publicly through the regular channel in the Department to which the applicant may belong.*

Note.—This rule must be considered as superceding the rule under which Commissioners of the Land Revenue and other Officers have heretofore been allowed to grant leave of absence in Bengal.

Sec. II. The official allowances of the holder of a Civil Office quitting his Station without leave will entirely cease from the date of his quitting until his return, or in the event of his subsequently obtaining leave, to the date of such leave being granted to him.

Sec. III. No leave of absence shall have any retrospective effect† except in cases of severe illness, to be attested by Medical Certificate, conforming in every respect to the directions contained in Section V.

Sec. IV. Upon application duly made, the Government of each Presidency may grant leave of absence to any place or places in the Continent of India, whether within the Territories subject to the Government of the East India Company, or not, to any Civil or Military Servant holding a Civil appointment, subject to all the conditions prescribed in the rules that may be applicable to his case. Upon similar application the Government of each Presidency may also grant leave to such persons, subject to the like conditions, to proceed to the Island of St. Helena, the Colony of the Cape of Good Hope, or to any place situate between the 36th Degree of North Latitude, and the 50th Degree of South Latitude, such place being likewise between the 30th and 180th Degrees of Longitude, East of Green-

---

* Applications for leave of absence under these Regulations are to be sent to the Office of Audit previous to their final submission to Government, and to contain a specification of the particular Section of the Absentee Rules under which the indulgence of leave is solicited.

The collective or individual authorities, thro' whom these applications must pass, are to adopt this course in all cases which they may be disposed to recommend; and it will be for the Office of Audit, in forwarding them to Government, to state in each instance whether the provisions of the Rules have been conformed to, and what, if any, objection exists to a compliance with the applications. See Resolution of the Madras Government of the 30th of November 1840.—COMPILER.

† This applies to all unauthorized absence, whether antecedent to the grant of leave, or subsequent to its termination. See Order of the Government of India dated 11th January 1813, and published in the Fort St. George Gazette of the 14th of April of the same year.—COMPILER.

wich, excepting however any islands in the Mediterranean or Levant, and excepting all places within the said geographical limits which may form part of Europe. Provided also, that if at any time the Government of India shall deem it expedient to exclude any place or places within the limits above described from the operation of these rules, such exclusion shall be officially communicated to the subordinate Governments, and all leaves subsequently granted shall be regulated accordingly. A Servant passing the limits herein prescribed will incur the immediate forfeiture of his office or employment, and of all official allowances whatever from the date of his quitting India.

Chapter II.

Rules for Sick leave.

Sec. V. When an application for leave of absence is made on the ground of ill health, it must be accompanied by a Certificate from the Medical Officer by whom the applicant has been attended, distinctly stating from personal observation the nature of the disease, the symptoms by which it is manifested, the period during which it has existed, as far as the knowledge of the Medical Officer extends, and the necessity for temporary removal to some other place, either within the Territories subject to the Government of the East India Company, or beyond them, but within the limits laid down in Section IV., as the case may be, and such Certificate must be submitted to the consideration of the Medical Board, and if satisfactory shall be countersigned by one of its Members.* An application for an extension of leave must, if the applicant be in India, be accompanied by a Certificate from the Medical Officer by whom the applicant is attended, showing sufficient reason for the extension solicited, and such Certificate, like the former, must be examined and countersigned by a Member of the Medical Board. If the applicant shall have proceeded beyond the Territories under the Government of the East India Company, he must furnish a Certificate to the required effect from a Surgeon or Physician at the place of his temporary residence by whom he has been attended, such attendance and the period of it to be stated, and the Certificate to be countersigned by the principal Medical authority of the Colony or Country. When any of the required particulars are neglected leave will be refused.†

Sec. VI. *(Revised—See Amended Rules, page 178.)*

* In cases of extreme urgency, which, owing to the distance of the residence of the Medical Board, preclude the previous reference to that authority, the certificate of the Medical attendant required from applicants for leave of absence on account of ill health, is to be submitted by them for the consideration and counter-signature of the Superintending Surgeon of the Division, which officer in these cases will be responsible for the prescribed regularity of the certificate, instead of the Medical Board. See Resolution of the Government of India, of the 24th of June 1840, published in the Fort St. George Gazette for 1840, page 493.—Compiler.

† The following Resolution of the Governor of Madras in Council, calling the attention of Medical Officers in the Provinces to this Section, is extracted from the Fort St. George Gazette for 1841, page 209.—Compiler.

"Para. 1. The Right Honorable the Governor in Council having noticed with dissatisfaction the very lax and imperfect manner in which Certificates, in support of applications for sick leave, have on several occasions been prepared by Medical Officers in the Provinces, which has in consequence led in some instances to the refusal of the leave applied for; His Lordship in Council resolves to call the attention of those Officers to Section V. of the Absentee Rules, published on the 21st February 1840, at page 142 of the Official Gazette; and to require them to conform strictly to the orders therein conveyed; and it is directed that Certificates of the accompanying Form, in duplicate, be in future furnished in every instance where leave is recommended, whether it be to Europe, or within the limits laid down in Section IV. of the aforesaid regulations.

2. In order to obviate the delay and inconvenience, which in particular cases may attend the return to the Provinces of a Medical Certificate forwarded to the Presidency for the counter-signature of a Member of the Medical Board, the Right Honorable the Governor in Council is pleased to notify, that persons soliciting leave of absence, under Section V. of the Regulations already quoted in Para. 1 (or in emergent cases, the Medical Officer in attendance,) may forward the Certificates to the Medical Board direct, for the purpose of being transmitted with the counter-signature of one of it's Members, or their opinion, to the Sudr Adalut when the applicant may be in the Judicial Department; to the Board of Revenue, when in the Revenue Department; to the Civil Auditor in all other cases; for submission to Government, with the application, to be made in conformity with the Notice published in the Fort St. George Gazette of the 4th December last, page 839.* In ordinary cases however, Certificates are to be sent through Superintending Surgeons to the Medical Board, by whom they will be returned for the purpose of being transmitted through the regular channel, in the Department to which the applicant for leave may belong.

* See first note at the foot of page 173.

Sec. VII. Civil Servants absent on leave on account of sickness, duly certified, if they proceed to England without returning to their Presidency, may, as heretofore, apply to be admitted to Furlough by the Hon'ble the Court of Directors, and the Furlough will in such cases take effect from the date of leaving their Presidency, consequently the allowances of office that may have been drawn by themselves, or by their Agents after their departure, must in that case be readjusted, and the difference refunded.

Sec. VIII. No second leave will be granted to any Civil or Military Servant holding a Civil Appointment who has been absent under the above rules for two years, until three years at the least shall have passed after the date of such Servant's return, but if such a Servant is compelled by sickness again to absent himself from his station within three years, after having been absent under the above rule for less than two years, he will be allowed to complete that period, subject to the limitations and conditions heretofore prescribed, drawing the proportion of Salary allowed for the remaining time as if the leave had been continuous.

Note.—This rule applies to all descriptions of leave on account of health excepting those granted under Sec. XII.

Thus a second leave within the Presidency, no less than a second leave to sea, will be computed as forming part of the period of two years, if taken before three years have elapsed since returned from the first leave, and the deductions will be made upon computation of the accumulated period of absence under all such leaves taken, without the intervention of three years of consecutive service.

Sec. IX. Military Officers employed in the Civil Department, and drawing a Civil allowance, may obtain leave under Medical Certificate on precisely the same conditions as Civil Servants except as to allowances. Such Officers, in common with those holding Staff Situations in the Military Department, will draw the Military Pay and Allowances of their rank while absent on leave under Medical Certificate, in the form and manner prescribed in General Orders in the Military Department, and likewise one half of the difference between such Allowances and the Civil Pay of the Offices to which they stand appointed.

Sec. X. Civil or Military Servants holding Civil appointments who may desire to avail themselves of the benefit of the Act. I. Vic., Cap. 47, and to draw their allowances while absent on account of sickness under the above rules, will be required to give security in such amount and form as may be fixed by the Government for the refund of any excess that may be drawn, either by the Agents

3. Judicial and Revenue Officers, forwarding applications for leave of absence on sick certificate to the Sudr Adalut, or Board of Revenue, will notify to those authorities the transmission of their Medical Certificates to the Medical Board, for the purpose of being forwarded as above directed. Officers in other branches of the Civil Service will in like manner make the same notification to the Civil Auditor.

4. The Civil Auditor will not hereafter submit to Government applications for sick leave, unless they are accompanied by Certificates of the form now prescribed.

Rules for leave preparatory to embarkation and for joining Stations.

Sec XIII. *(Rescinded---See Amended Rules, page 179.)*

Note.---This rule is only applicable to Civil Servants, Military Officers appointed to Civil Office will draw Salary only from the date of joining as heretofore, the rule in force in respect to Staff Situations being applicable to them.

Sec. XIV. There shall be allowed to Officers appointed to any new Office the periods of one month, two months, or three months, for joining, accordingly as the distance may not exceed 300 or 600 miles, or be in excess of the last mentioned distance. Officers not joining their station within the said periods respectively, shall forfeit their Salary for the time delayed in excess of the above periods, and if such excess shall exceed one month, the Office shall be vacated, unless otherwise specially ordered by Government.

Sec. XV. Upon the first appointment of any Civil Servant who shall be reported qualified for the Public Service by the Examiners appointed by the Government, to any Civil situation, there shall be allowed for travelling expenses to the Station an allowance at the rate of 8 Annas per mile by the direct Post road according to the Polymetrical Tables of the Post Office, the Bill for which allowance will be passed by the Civil Auditor after the Officer shall have joined the Station: if required in advance an order of the Government shall be necessary.

Sec. XVI. The Salary of Office will be payable from the date only of the Officer joining, but in the case of Junior Civil Servants, the Salary of Assistant will be payable from the date of their being reported qualified for the Public Service, unless forfeited under the preceding rule through delay in joining the Station to which they may be appointed.*

* The following Extracts from a Resolution passed by the Governor General of India in Council on the 16th of June 1841 published in the Fort St. George Gazette for 1841, page 635,) claim the particular attention of Officers appointed to new situations, but who by the express order of Government may be prevented from entering immediately on the duties thereof—Compiler.

"1. The Governor General in Council remarks that the Rule referred to, (No. XVI. of the Regulations of the 29th January 1840,) requires in case of a change of Office, when an Officer is appointed to a higher situation, that he shall not draw the higher salary until he joins.

2. His Lordship in Council considers it expedient strictly to maintain this Rule as one of general practice, and that no exception ought to be allowed otherwise than under special circumstances and exigencies of the public service.

3. His Lordship in Council is further of opinion, that as a general rule Officers ought not to be appointed to situations for the duties of which they are not immediately available.

4. When an Officer, for the convenience of the public service, has been detained by an order of the Government in a situation of inferior emolument after he has been promoted, in such case the practice under the Bengal Presidency is to pass to him the higher salary of his new appointment, during the period of his being so detained. This exception to the Rule XVI. corresponds with the exception provided for in Rule XX. under the Chapter for Deputation Allowances, in which it is declared that no Civil Servant temporarily officiating for another shall draw an amount larger than the entire emoluments of the office in which he is officiating, but that the prohibition does not apply to the case of an Officer who may be deputed for special reasons to act in an office of inferior emolument to his own.

5. In order to ensure uniformity of practice at all the Presidencies in the application of Rules XIV. XVI. and XVII., it is hereby explained that Rule XIV. refers to the appointment of Civil Servants previously not holding any permanent situation, such as Servants for the first time appointed to a fixed situation after their return from furlough.

6. These Servants are entitled under Rule XIV. to the allowances of their new office from the day of appointment, provided they do not come under forfeiture by exceeding the time prescribed for joining their Station.

7. And Rules XVI. and XVII. are to be construed as applying to cases where there is a change of office with increase of salary: a special course being prescribed with regard to Junior Civil Servants: they under Rule XVI. are authorized to draw the salary of Assistant from the date of their being reported qualified for the public service, unless forfeited through delay in joining the Station to which they have been appointed."

Note. This Rule also is only applicable to Civil Servants, Military Servants drawing, as in the case of Staff Situations, no Civil Salary from the time of leaving one office till the date of joining the other.

Sec. XVII. In case of a change of Office, when an Officer is appointed to a higher situation, he shall not draw the higher salary until he joins. For the period occupied in travelling, the Rule No. XIV. regulating the time and distance for joining Stations shall be applicable, and the Officer will, for the periods allowed in that rule, respectively draw out of the salary of the office he is about to join a sum equal to that of his previous situation.

No Civil Servant temporarily officiating for another shall draw an amount larger than the entire emoluments of the office in which he is officiating, and if the amount of the Deputation Allowance according to the prescribed scale, added to the permanent emoluments of the Officiating Servant, would exceed the emoluments of the office in which he is temporarily acting, the excess shall not be drawn.* But this provision shall not apply to the case of any Officer deputed for special reasons to act in an office of inferior emolument to his own. In cases where an Officer holding two appointments, on being deputed to officiate for another shall be relieved only from one, he shall receive no Deputation Allowance, unless the emoluments of the office in which he is deputed to act exceed the united emoluments of his permanent appointments, and in that case the Deputation Allowance shall be limited to the difference.

Leave of Absence, &c.—AMENDED RULES.

FORT ST. GEORGE, *May* 31, 1843.

In re-publishing the following Rules, the Most Noble the Governor in Council directs that effect may be given to them in respect to all Deputation Allowances, and leave of absence granted within the limits of this Presidency, subsequent to the 30th May 1843.

FORT WILLIAM: *Financial Department, 17th May* 1843.

The Honorable the President in Council, with the concurrence of the Right Honorable the Governor General, has revised the Rules published on 29th January 1840, for the grant of leave of absence, and for regulating deductions from Salaries and Deputation Allowances. The following Rules will have effect from this date for regulating Deputation Allowances, and the terms on which leave of absence will be given to places situated within the limits of the respective Presidencies to which the Applicants are attached.

Sec. VI. (Amended.) Civil Servants absent from their Stations under Medical Certificate, within the limits of their respective Presidencies, shall be entitled to the Salaries of their Offices for the period of two years, subject to a deduction of ½d for the whole term of such absence, save and except that for the first year, if the Salary be not more than 500 Rupees per mensem, no deduction shall be made, and if it be only so much more than 500 Rupees that the prescribed deduction of ½d would reduce the allowance below that sum, only the excess beyond Rupees 500 shall be deducted, but for the second year the full deduction shall be in force. An absent Servant, whether Civil or Military, shall in no case retain any Civil Office or employment, nor be permitted to draw any portion of official Salary for a longer period than two years, but a Civil Servant who may, on account of sickness duly certified, obtain an extension of leave beyond two years shall, if his period of actual residence be less than 12 years, be allowed to draw the second rate of subsistence allowance, and if the period of such actual residence be 12 years, the highest rate of subsistence allowance, but if he continue absent in disobedience of an order to return, or without sufficient cause shewn, that allowance also shall be forfeited. The period of absence shall be computed from the date of his quitting his Station to the date of his return thereto.

Sec. XI. (Amended.) The Government of each Presidency may grant to Civil or Military Servants holding Civil appointments leave of absence for one month in each year, without deduction from the Salaries and Emoluments drawn by such Servants. Such leave however will only be granted when the Government is satisfied that no inconvenience or expense will arise from the departure

of the Officer seeking it. No second leave can be granted under this rule until the completion of eleven months from the expiration of the last leave.*

Sec. XII. (Amended.) The Government of each Presidency may, on sufficient cause being shewn, grant to a Civil or Military Officer holding a Civil Office special leave of absence on private affairs. Provided however that if any Officer to whom such leave shall be granted shall be absent from his Station for any period exceeding that to which under the last rule he may be entitled without deduction, the Absentee, if a Civil Servant, shall for the period in excess draw no more than one-half of his Salary and Allowances, and, if a Military Officer, only so much of the Salary and Allowances of any Civil Office to which he may stand appointed, as added to the Military Pay and Allowances which he may be entitled to draw, shall equal one-half of his entire Military and Civil emoluments. After an absence of three months (exclusive of any period which may be granted under Sec. XI.) any Office held by the Absentee shall become vacant.

Sec. XIII. is rescinded.

Sec. XVIII. (Amended.) The sum of Company's Rupees 52,200 per annum having been fixed, under the orders of the Court of Directors, as the Maximum Salary of Civil Office for the Officers of Government under the situation of Member of Council, Civil and Military Servants holding Office in the Political Department, who may draw larger Allowances than this annual sum as a consolidated personal and sumptuary allowance, in consideration of the necessary expenses of their position, will in all cases of absence be treated in respect to deductions as drawing only the Allowance thus limited, and the excess above the monthly salary yielded by that annual sum shall remain as a local addition to the usual Deputation Allowance, to be drawn by the Officer performing the duties to meet the necessary expenses of his position.

Note.—This rule will equally apply in case of a Political Resident taking a leave of one month for which in other cases he would suffer no deduction. The excess above the maximum monthly salary will in that case be enjoyed by the person in charge.

Note.—Military persons acting for other Military persons holding Civil Office, will, as in the case of Staff, draw half the difference between the incumbent's Military Allowances and the consolidated Civil Salary as at present, that is, will draw the amount retrenched from the Absentee, but when acting for a Civil Servant they will draw at the rates and under the same rules as Civil Servants.

Section XIX. (Amended.) Deputation Allowances shall be granted to Civil Servants temporarily performing the duties of an Office according to the following rates, and subject to the limitations and conditions hereinafter laid down.

To Civil Servants not holding any substantive Appointment.

At the rate of 25 per cent. on the monthly Salary of the appointment officiated in, such Deputation Allowance being in addition to the Subsistence Allowance of their respective ranks.

---

* In cases unattended with any inconvenience to the Public Service, leave will be granted for *two* or *three* months to such Servants as at the date of the promulgation of these Rules were entitled to the indulgence under the Provisions of Section XI. of the Rules of January 1810. See Notification of the Madras Government, dated September 27, 1844.—COMPILER.

To Civil Servants holding an Office of inferior emolument when Officiating for a Superior.

At the rate of 10 per cent. upon the monthly Salary of the appointment officiated in, in all cases in which the Salary of such appointment shall not exceed Company's Rupees 2,000 per mensem, and in respect to all appointments of which the Salary shall be more than Company's Rupees 2,000 per mensem, at the rate of 10 per cent. upon Company's Rupees 2,000, and of 5 per cent. on the amount in which the monthly Salary may exceed Company's Rupees 2,000: provided however that no lower rate of Deputation Allowance shall be given than 100 Rupees per mensem.

The Deputation Allowance shall in all cases be in addition to the Salary of the substantive appointment held by the Officer on deputation.

A Civil Servant acting for another shall have no claim to Commission or Fees, where any such sources of emolument exist. These shall be regarded as forming part of the income of the Officer to be relieved, subject to the prescribed deductions.

Sec. XXI. (Amended.) No Subordinate Officer acting for his Principal, or for any other person holding a superior appointment in the same Office or Establishment, at the same Station, shall be entitled to any Deputation Allowance until after the expiration of one month, and then the Allowance is not to be drawn in arrear. But a Servant previously out of employment, or who may be deputed to act from a different Station, shall be entitled to Deputation Allowance from the date at which he may enter upon the discharge of the duties to which he has been temporarily appointed.

Sec. XXII. (Amended.) Civil Servants, if deputed to act at a distance from the stations where they are employed, or Military Officers holding Civil Office who may be so deputed, or who may be ordered by Government on special duty, shall be permitted to draw travelling allowances at the rate sanctioned in the case of a first appointment.

Sec. XXIV. (Amended.) Leave of Absence &c. Rules.—UNCOVENANTED SERVICE.

Fort St. George, *August* 28, 1846.

The following Notification of the Government of India, is republished for general information.

(No. 15.)

Fort William: *Financial Department, the 24th July*, 1846.

Notification.—The following Rules for regulating Leave of Absence and Acting Allowances to Public Officers in India, not in the Covenanted Service of the East India Company, have been passed by the Hon'ble the President in Council with the concurrence of the Right Hon'ble the Governor General, and are published for general information:

I. Heads of Offices and Departments may grant to their Subordinates Leave of Absence without deduction from Salary, during the vacations authorized by Government in each Department, and it shall not be necessary to report the same to any higher authority.

II. In addition to the above, the Local Government will, at the recommendation of the Head of a Department and on sufficient cause being shown, grant special leave of absence on private affairs, for not more than six months, to any place within the limits of the East India Company's Charter, one-half of the Absentee's Salary being deducted for such period of absence.

III. The Local Government will also grant Leave of Absence on Medical Certificate, for any period, not exceeding one year, to any place within the limits of the East India Company's Charter, one-half of the Absentee's Salary being deducted for such period of absence.

IV. In cases of extreme urgency the Heads of Offices are authorized to grant Leave of Absence on Medical Certificate, to the extent of a month, subject to the deduction specified in the preceding Rule, reporting the same to Government for sanction.

V. If the period of leave granted under Rule III. be less than one year, the Government will extend the same, whether continuously or otherwise, to the full period allowed by the Rule, on the production of a Medical Certificate shewing the necessity for such an extension.

VI. But after the enjoyment of a full year's leave on Medical Certificate, whether continuously or by instalments, no further leave will be granted under Rule III. until after the lapse of three years from the expiry of previous leave under that Rule.

VII. Absence without leave will render the Absentee liable to loss of appointment, and will be attended with entire forfeiture of Salary for the whole period of such absence.

VIII. No person appointed to a situation under the Government shall draw the Salary of his appointment for any period prior to the date of his joining it.

IX. An Officer holding a situation appointed to one of equal or higher value, will, until he joins, draw so much of the Salary of his new Office as may be equal to the Salary of his former situation, provided he does not exceed the time allowed for joining under the following Rule: should he do so, no Salary will be passed to him for such period in excess.

X. The time ordinarily allowed for joining an appointment is to be calculated at the rate of 15 miles a day, (Sundays excepted,) together with a week to prepare for the journey, but on occasions of emergency it will be optional with the Government to prescribe the period within which any journey is to be performed.

XI. A person Officiating temporarily in any situation on the occurrence of a vacancy, or during the absence of the real incumbent, will if he hold no other appointment, draw one-half the Salary of such situation, and if he hold any other situation of less value, he will receive half the fixed Salary of his own appointment, together with half the fixed Salary of that in which he officiates, but no additional expense is to be incurred by the absence of any Officer on leave.

XII. These Rules are to be held applicable to all Officers in the Uncovenanted Service of the Government, who may be in the receipt of Salaries of 100 Rs. a month or upwards. To all others their spirit is to be applied so far as circumstances will permit. To Officers receiving their appointments direct from the Government, leave of absence will be granted by the Government only, and in respect to other Officers whose appointment and removal rest with their immediate Superiors or with the Heads of Departments, it will be optional with the Local Governments to delegate to such Heads of Offices and Departments, power to act upon the Rules without special reference to higher authority.

XIII. But it is to be clearly understood, that no leave of absence on private affairs shall be claimable by any party whatever under these Rules as a matter of right, but that such leave shall be granted only at the pleasure of the Government or its authorized Officers, when the concession of the indulgence in no way interferes with the interests of the Public Service.

The Judges of the Courts, or Justices of the Peace, before whom such Oaths or Declarations may, under this

authority, be subscribed and recorded, will notify the same by letter to the Secretary to Government on the same day.

Public Officers, in reporting to the Civil Auditor their assumption of Office, are to certify that they have conformed to all the requisitions of the Law and orders of Government in respect of Oaths or Declarations of Office, and the Civil Auditor is hereby required to bring to the notice of Government any omission in this respect.

No. 38 of 1845.—The Most Noble the Governor in Council is pleased, under the sanction of the Honorable the Court of Directors, to establish the following Regulations for

OFFICERS' MESSES.

1. The Court of Directors have repeatedly expressed their desire that Regimental Messes should be established in the various Corps of the Indian Army, and that Officers of all ranks should become permanent Members of them, attending regularly, or occasionally, according to their domestic conditions, and in furtherance of this important object, an allowance is granted by Government in aid of their attendant expenses.

Regimental Colonel Lieutenant Colonel Commandant Lieutenant Colonel Surgeon Assistant Surgeon	Not serving with his Regiment.

2. It is therefore *ordered* that an Officers' Mess shall be maintained in every Corps, and that every Officer, with the exceptions noted in the margin, shall become a Member.

3. Rates of donation and subscription may be fixed regimentally—but they are not to exceed the following, which is established as the maximum scale.

Donation, 1 Month's *Pay proper*.

Subscription, 1½ per Cent Monthly on *Pay and Garrison Allowances*.

4. Every Officer is required to pay donation according to his rank—on promotion he will pay up the difference between the amount of donation already paid, and that of his new rank—up to the rank of Lieutenant Colonel or Surgeon inclusive.

5. All Officers, those in Europe excepted, are required to pay the monthly subscriptions fixed for their respective ranks.

6. Lieutenant Colonels and Surgeons having paid their donation in those ranks to the Corps in which promoted, are not required to pay any further donation on removal to any other Regiment, but with whatever Regiment they may afterwards be serving, they will pay the regulated monthly subscriptions.

7. Lieutenant Colonels promoted to Lieutenant Colonel Commandant or Colonel, and continuing to serve regimentally, are required to pay difference of donation and subscription as above.

8. Veterinary Surgeons having once paid a donation to the Mess of any Regiment are not to be required to pay donation to the Mess of any other Corps to which they may be removed.

9. Officers absent in Europe, on the Staff, or on permanently detached duties, (not regimental) though paying donation and subscription as above, are to be entered as Honorary Members from the date on which they may quit the Corps.

10. Officers appointed to do duty with Regiments are to be Honorary Members of the Mess, paying the monthly subscriptions, but they are not liable to pay donation, and consequently are to have no votes.

11. Honorary Members are in no manner liable for any debts or engagements contracted by the Mess.

12. Donations are to be appropriated exclusively to the permanent expenses of the Mess, that is to say, for *Mess Property*, as Plate, Glass, Camp Equipage—and the payment of the Mess Writer, Tent Lascars, and carriage of Mess property—but not to the current expenses of the Mess Table, Mess Wines, or Table Servants.

13. Mess Plate or other articles once purchased, become *Regimental property*, on which no individual claim will be allowed.

14. The Commanding Officer is held responsible for the general supervision of the Mess. It is his duty especially to observe that no expenses are incurred which would involve the Officers in difficulty, or the Mess in debt,—and he is required strictly to enforce the regular monthly settlement of all Officers' accounts.

15. No public parties are allowed to be given *in the name of the Regiment* unless with the concurrence of the Commanding Officer, who is held responsible on such occasions for the prevention of all undue expense.

16. The interior management of the Mess is to be conducted by a Committee to be composed of three Members,—one of whom shall be Secretary, permanently or otherwise, as may be regimentally arranged—one of the remaining Members to go out by rotation at periods of not less than six months—under

which arrangement the whole of the Members will in course of time become acquainted with the business of the Mess Committee.

17. The Commanding Officer is empowered whenever he may see good and sufficient cause for such interposition of his authority, to withhold his sanction from any proposed regulation or proceeding.

18. Such other regulations as may be necessary are to be established regimentally by the Officers of Corps under the sanction of Officers Commanding.

G. of the 21st February 1845, No. 38, upon the subject of "Officers' Messes," The Commander in Chief directs that Officers, *posted* to Regiments and who may be doing duty with another Corps, shall while present with it pay the Monthly Subscription to the Mess of the Regiment with which they may be doing duty, and shall not be required to pay Subscription, for the same period, to the Mess of their *own* Regiment. Donations in all cases to be paid to the Mess of the Officer's *own* Regiment, and never to that of the Corps with which he may be doing duty.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR IN COUNCIL.

FORT ST. GEORGE, *28th May* 1841.

No. 93 of 1841.---The Right Honorable the Governor in Council is pleased to promulgate, for general information and guidance, the subjoined Sections of the Act 3d and 4th Victoria, Chapter XXXVII, and Extracts from the Articles of War, providing for the care, application and distribution of the Effects and Credits of deceased Officers and Soldiers in the Service of the East India Company.

[See MADRAS ALMANAC for 1844 page 243.]

In pursuance of the provisions of the above cited Sections of the Mutiny Act and Articles of War for the better government of Officers and Soldiers in the service of the East India Company, the Governor in Council is pleased to lay down the following rules of procedure to be observed on the decease of Officers and Soldiers. The General Orders mentioned in the margin are hereby cancelled.

No. 51, 15th February 1833.
No. 83, 22d March.
No. 264, 7th July 1835.

1. Immediately upon the decease of an Officer present with his Regiment, the Major of the Regiment, or the Officer who may be second in Command at the time with the Regiment, having secured the Effects or Equipage of the deceased, a Committee of Adjustment shall be assembled without delay.

2. Should there not be Officers present with the Regiment of the description specified in Art. 110, Section V of the Articles of War, then the Committee may be composed of such as may be available, the Seniors being selected.

3. The Committee are to take a correct Inventory of the whole of the Effects and Accounts of the Credits of the deceased, mentioning especially in all cases whether any and what amount of Cash was found in the deceased's possession, and whether any and what amount of Pay and Allowances was due to the deceased, also an account of his Regimental Debts, and the same are to be entered in a Book to be kept for that purpose, to be entitled "Register of Estates;" which Book shall form a Regimental Record, and a copy of such Inventory and account shall be forthwith forwarded to the Secretary to Government in the Military Department, such copy to be attested "a true copy from the entry in the Register."*

* The date of decease is to be entered in all Inventories of Estates, as also on all occasions of paying money on account of Estates into Paymasters' Treasuries. See G.O.G. 219 A. of 1845.—COMPILER.

4. It will be the duty of the Committee in preparing such account of Credits and Debts, carefully to investigate the latter, and to record their opinion as to the correctness of each claim.

5. In all cases where a Will is not found, or when a Will is found and the Estate is not solvent, or when no Executor is appointed, or when the Executor named in the Will is at too great a distance to be communicated with within one month, it will be the duty of the Committee to cause the live stock and other property of the Estate to be sold by public auction without delay; but in the event of the Executor being on the spot, or within the distance above indicated, the Estate appearing to be solvent, the Committee will communicate with him, and reserve or dispose of the live stock and other property of the Estate as he may desire; the proceeds of sale and the property reserved being subject, however, to the orders of the Military Secretary to Government, without whose authority no Effects, or proceeds or surplus of Effects, are to be made over to the Executor.

6. Whenever the parties named as Executors to the Estates of deceased Officers shall be beyond the limits of this Presidency, or shall decline to act as Executors, the Original Wills, together with the copy of the Inventory and account of Credits and Debts mentioned in para. 3, shall be transmitted to the Office of the Secretary to Government in the Military Department, and duly certified copies of Wills retained with the Regimental Records.

7. The Committee will in all cases draw the arrears of Pay, &c. which may be due to the deceased, and accounts of Estates are not to be closed until such Pay, &c. shall have been received. To relieve the Committee however from the charge and responsibility of keeping proceeds of Estates in their hands, pending the close of accounts remittances on account are to be made by Sub Treasurer's receipts to the Military Secretary to Government.

8. To avoid delay in adjusting the arrears of Pay due to Officers deceased, it will be the duty of the Military Auditor General, immediately on receiving notice from the Military Secretary to Government, or other certain information of the decease of an Officer, to cause all Bills in his Office connected with the deceased in any way to be examined and checked, in order to their early settlement.

9. The Committee will record and sign their proceedings, entering with all other necessary particulars the date, places, and object of their assembly, as well as the names of the convening Officer and of the President and Members.

10. All Proceedings and Papers connected with Estates transmitted to the Military Secretary to Government, and all references for instructions made to him, are to be forwarded through the convening Officer, who is considered responsible for the regularity of the procedure of the Committee. All correspondence with the Registrar of the Supreme Court relative to his taking out Administration to Estates, is restricted to the Military Department; and Committees of Adjustment will not communicate their proceedings direct to the Registrar, but only through the Military Secretary to Government.

11. In the case of the demise of an Officer possessed of Instruments Field Books or Maps, or other articles, the property of Government, it will be the duty of the Committee of Adjustment to report especially upon such public property to the convening Officer; who will be held responsible that the same be not sold with the private effects of the deceased, and that proper measures be taken for its safe custody. A copy of such special report will be inserted in the proceedings of the Committee.

12. With reference to Section XLIX of the Mutiny Act, it is hereby notified that all sums due to the Military Fund, or the Medical Fund, are of the nature of Regimental Debts;* but claims or demands of the undermentioned descriptions

* Money due also on account of Regimental Books or Papers, being such as Officers are required by the orders of the Service to be supplied with for official use, is to be admitted as a Regimental debt, the Committee of Adjustment certifying on the bill, that the articles charged for are bonâ fide of the description specified. See G. O. G. 151 of 1845.—COMPILER.

are not Regimental debts, and therefore will not be settled by Committees of Adjustment.

Bills of Tradesmen of every Class without exception.

Private Accounts of Agents, Merchants, Shopkeepers, Money-lenders, and Dealers.

Claims for Money borrowed, for the purpose of building or purchasing Quarters, to distinguish it from money due for the hire of Quarters, or for their purchase from the former proprietor, which is a Regimental Debt.

Mess Bills for any period in arrears beyond the month in which an Officer dies, and the immediately preceding month.

Bills for Liquors supplied from the Mess Stores to unmarried Officers, separate from their charges at Mess.

Bills on account of Subscription to Regimental Bands, Book Clubs, and similar private institutions.

13. When an Officer separated from his Regiment by employment on the General staff, or by having obtained leave of absence, or by any other circumstance, or an Officer of the Invalid Establishment, shall die at any station, it will be the duty of the Officer Commanding at such station to order a Committee of Adjustment to assemble without delay, consisting of a President, being either an Officer not under the rank of Major or the next Senior Officer available at the station, and of two members, who shall in all practicable cases be Officers of eight years standing in the service; and such Committee shall proceed in every particular in the mode laid down in the foregoing Rules for the guidance of Regimental Committees of Adjustment. An Officer dying on route between two stations, his effects to be conveyed to the nearest Military station, when the Officer Commanding will proceed as above directed. In the case, however, of an Officer temporarily detached from his Regiment dying at a station other than that to which he properly belongs, it will likewise be the duty of the Officer Commanding the Regiment, on receiving intimation of his decease, to convene a Regimental Committee, in the usual manner; and in such a case, the Regimental Committee, and not that assembled where the individual died, will draw the arrears of pay; and the proceedings of the latter Committee will be forwarded to the Officer Commanding the Regiment to which the deceased belonged, in order to their communication to the Regimental Committee of Adjustment, and to their transmission simultaneously with the proceedings of the Regimental Committee to the Military Secretary to Government.

14. Officers Commanding at stations where detached Officers die, will consider all the foregoing rules relating to the duties and responsibilities of Regimental Commanding Officers, to be equally applicable to themselves.*

15. On the decease of Warrant Officers, and of Non-commissioned Officers and Soldiers in detached employ, Committees of Adjustment composed of three Commissioned Officers will be assembled by order of the Officer Commanding at the station, and will proceed in the mode herein before prescribed.†

* The Rules laid down in this and the preceding para. are to be observed in respect to *all* the effects of Officers in Camp and Quarters, although at a different station from that at which the casualty may occur. Officers, Civil and Military, or any other persons in whose custody such property, in Camp and Quarters may be, are to deliver it over to the Officer Commanding in the Camp or Station, whose duty it is, on being informed that such property is found within his command, to require it to be so delivered, to be dealt with as laid down in the aforesaid paras. See G. O. G. 207 of 1843.—COMPILER.

† In cases of Warrant Officers and Non-Commissioned Officers and Soldiers dying away from the Head Quarters of their Regiment or Battalion, the documents connected with their Estates should be forwarded by the Officers who assembled the Committees on their effects at the place of death to the Officer Commanding the Regiment or Battalion, for transmission to the Military Secretary to Government.

In Detachments of European Corps the Senior Officer is to direct the assembling of Committees on the effects of men belonging to, and dying with, such Detachments, forwarding the documents as above directed.

In cases of men dying at Stations to which they do not belong, the Officer Commanding such station is to direct the assembling of Committees on their effects, and forward the documents as directed in the first para. of this note. See G. O. C. C. 11 of 1841.—COMPILER.

16. It is the duty of the Town Major to convene Committees of Adjustment on the effects of Officers dying at the Presidency; such Committees to consist of any three Officers who may be available, the President being not under the rank of Major, and the Members of at least eight years standing in the service. The proceedings of such Committees will be forwarded direct to the Military Secretary to Government, to whom application is to be made when necessary for instructions.

17. In cases of an intestacy, it is ordered that within one fortnight after the taking of the Inventory, a sale of the effects shall take place by public auction to the highest bidder, due notice thereof having been given, and within one fortnight after such sale, the Account Sale, shall, with the names of the bonâ fide purchasers of the different articles, be entered in the "Register of Estates," and a copy of such Account Sale shall be forthwith forwarded to the Secretary to Government in the Military Department, such copy to be attested as directed in para. 3.

18. The Officer Commanding will be accountable for the recovery of the amount of all purchases, and for the correctness of all payments from the proceeds of Estates, it being his province to nominate the Auctioneer, and when he may see fit to prohibit the delivery of goods until their value has been received. Credit may be given to Military persons, but not beyond the second issue of Pay after the sale.

19. It is ordered that within one fortnight after such second issue of Pay, the Officer Commanding shall cause to be entered in the said Register an account in the form annexed, debiting himself with all the credits of the Estate, and crediting himself with all payments of Regimental debts, and shewing that the balance has been lodged in the Pay Office and a transfer receipt obtained, and a copy of the same, attested as in para. 3, together with all vouchers for all payments and the Sub Treasurer's receipt for the balance, is to be forwarded to the Secretary to the Government in the Military Department, as soon as the Sub Treasurer's receipt for the balance shall have been received.

20. The Auctioneer shall in no case receive a greater per centage or remuneration than 5 per cent., which shall be paid by the Commanding Officer on the day on which the accounts of the Estate are finally closed, if his accounts are correct and the amount of purchases recovered, but not other[wise].

21. If there be any house or article of great value which may seem to the Officer Commanding to justify the postponement of the sale, or the extension of credit beyond the time by this Order limited, he may, if he sees fit, postpone the sale, or, on his own responsibility, make a special agreement for the payment of the price of such house or article of great value, such postponement of the sale and such special agreement being immediately brought to the notice of the Secretary to the Government in the Military Department, together with the special circumstances which have seemed to such Officer Commanding to justify a departure from the course prescribed in the 17th para. of this Order.

22. When any Military person indebted to an Estate shall, before the full payment of the account of his purchases, apply for leave of absence on sick certificate or otherwise, it will be the duty of the Officer in charge of the Estate from which such purchases have been made to recover the payment of the debt prior to the departure of the individual from his station, or to report the default to the Accountant General and to the Secretary to Government in the Military Department.

23. An Officer Commanding, quitting or being relieved from the charge of a Regiment, shall render to the Officer succeeding to such charge, the account of every Estate, whether of an Intestate or otherwise, the accounts and balance of which shall not have been then already rendered to the Secretary to Government in the Military Department, or Executor, as the case may be; and such succeeding Officer will be responsible for the correctness of the account, unless, at the time of receiving charge of the Regiment, he objects to the account, and brings such objection to the notice of the Secretary to Government in the Military Department.

24. In case of any Officer Commanding dying, or being by sickness in-

capacitated from rendering any account, the next Senior Officer shall direct the assembly of a Committee consisting of three of the Senior Officers of the Station or Regiment, for the purpose of taking an account of all Estates, whether of Intestates or otherwise, the accounts and balances of which shall not have been then already rendered to the Military Secretary, or Executor, as the case may be; and the Committee so assembled shall render the accounts taken to the Officer succeeding to the Command, in case of such death or sickness.

25. Officers Commanding will be held responsible for the strict fulfilment of the several provisions of this Order, and any loss which may arise by a deviation therefrom will be recovered from their pay and allowances, under the authority of Government.

26. They will likewise on making over an Estate to the Secretary to Government in the Military Department, to the Executor, or to the Registrar of the Supreme Court, as the case may be, submit a notification of their having done so for publication in the Fort St. George Gazette.* No charge for Advertisements inserted in other papers will be hereafter admitted against the Estate of any deceased Officer or Soldier.

27. Such parts of the foregoing Rules as are applicable to the cases of Soldiers dying in the Service, and are in conformity with the Mutiny Act and Articles of War relating thereto, are hereby extended to such cases.

Fort William, *3d November* 1843.

No. 239 of 1843.—The following Paragraphs of a Military Letter from the Honorable the Court of Directors to the Governor General of India in Council, No. 10, of the 5th July 1843, and annexment relative to the collection and distribution of the Effects of Officers and Soldiers in Her Majesty's Service, or in the Service of the East India Company, dying in the East Indies, are published for the information of the Army; and the Governor General in Council is pleased to direct, that the opinion therein communicated, of the Law Officers of the Crown and the Company, upon the Statute of the 6th Geo. 4th Cap. 61, and also upon the Act of 3d and 4th Vict. Cap. 37, Sec. 52, be at once given effect to, and acted upon at all the Presidencies:

* Notifications in the *Gazette* of Estates having been made over to the Military Secretary are to specify whether or not accompanied by Wills. See G. O. G. 116 of 1840.—Compiler.

upon demand to deliver over, a Promissory Note of the kind described to the Officer appointed under the Articles of War, and that the amount of the Note, or other Security, makes no difference in the case. This answer however should be qualified by noticing that, if there were a legal personal representative demanding the Note, we think the Government Agents would be warranted in delivering the Promissory Note to such legal personal representative in preference to the Officer.

3d. We are of opinion that the Officer may, by indorsement or otherwise, as effectually give a discharge for the amount secured by the Note, as if he had been appointed Executor, or had duly obtained Letters of Administration of the Effects of the Payee or last Indorsee of the Note. We are also of opinion that the East India Company paying the amount of the Note to the Officer, when indorsed, are not responsible for the due application by the latter of the amount which they shall have so paid.

We do not understand that under this third question any opinion is required from us, as to the right to indorse the Note for the purpose of negociation generally, as distinguished from an indorsement for the purpose of obtaining payment of it. It would not however appear to us that there would be any difference between the two cases.

4. Upon this point, (viz. the interference of the Registrar,) there appears to be a difference between the case of an Officer or Soldier in the Service of Her Majesty, and Officer or Soldier in the Company's Service.

With respect to the case of an Officer or Soldier in the Service of Her Majesty, we are of opinion that the Officer acting in respect of the deceased's Effects may require the Registrar to take out Letters of Administration in respect of the Surplus in question, and that upon such requisition, and not otherwise, the Registrar is lawfully entitled to take out such Letters of Administration. This is the effect of the Act 6th, Geo. 4th, C. 16, Sec. 1.

With regard to the case of an Officer or Soldier in the Company's Service, we are of opinion that under the Statute, 3d and 4th Vict. C. 37, Sec. 52, the Registrar cannot in any case be required, and is not in any case entitled, to take out Letters of Administration, in respect of the Surplus in question. He may however, if required and authorized so to do, but not otherwise, take out Administration and interpose in respect of the Estate before it is collected.

Officers Retiring from the Service.

Regulations respecting Military and other Officers retiring from the Company's Service.

Officers who have served less than three years in India, and have lost their health there, are entitled to an allowance from Lord Clive's Fund, if the Court of Directors shall adjudge them to be proper objects of that bounty, to the extent of:

If a 2d Lieutenant, Cornet, or Ensign, two shillings a day, or £36 10s. a year; if a Lieutenant two shillings and six pence a day, or £45 12s. 6d. a year; provided they are not possessed of, or entitled to, real or personal property to the extent of, if an Ensign £750, if a Lieutenant, £1,000.

Officers who are compelled to quit the service by wounds received in action, or by ill-health contracted on duty after three years service in India, are permitted to retire on the half pay of their rank, viz.

If a second Lieutenant, Cornet, or Ensign, three shillings a day, or £54 15s. per annum; if a Lieutenant four shillings a day, or £73 per annum.

A Subaltern Officer or Assistant Surgeon, having served six years in India, is permitted to retire on the half pay of Ensign, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

A Lieutenant having served thirteen, or a 2d Lieutenant, Cornet, or Ensign, nine years in India (including three years for a furlough,) may retire on the *half pay* of his rank, in case his health shall not permit him to serve in India.

Regimental Captains, Majors, and Lieutenant Colonels, who have not served sufficiently long in India to entitle them to retire on full pay, and whose ill state of health renders it impossible for them to continue to serve in India, are allowed to retire from the service on the half pay of their respective ranks, viz.

Captains, seven shillings a day, or £127 15*s.* per annum, Majors, nine shillings and six pence a day, or £173 7*s.* 6*d.* per annum, Lieutenant Colonels, eleven shillings a day, or £200 15*s.* per annum.

All Officers who have actually served twenty-two years in India, or twenty-five years, including three years for a furlough, are allowed to retire on the full pay of their respective ranks.

Officers are also allowed to retire on the following pensions without reference to the rank they may have attained, if they have served for the undermentioned periods, viz.

After twenty-three years' service in India, including three years for a furlough, on the full pay of Captain, viz. £191 12*s.* 6*d.* per annum; after twenty-seven years' service in India, including three years for a furlough, on the full pay of Major, £292 per annum; after thirty-one years' service in India, including three years for a furlough, on the full pay of Lieut. Colonel, £365 per annum; after thirty-five years' service in India, including three years for a furlough, on the full pay of Colonel, £456 5*s.* per annum.*

When Officers on furlough retire upon the pay or half pay of their rank, they are only entitled to claim the benefit of the rank held by them at the expiration of one year from the date of their landing in the United Kingdom.

A Veterinary Surgeon is allowed to retire on seven shillings a day after twenty years' service, including three years for one furlough; five shillings and six pence a day after thirteen years' service, including three years for one furlough; and three shillings a day after six years' service: in the two last cases provided his health shall not permit him to continue to serve in India.

A Chaplain (appointed previously to the 1st September 1836) after eighteen years' service in India, including three years for one furlough, is allowed to retire on the pay of Lieutenant Colonel, £365 per annum; after ten years (if compelled by ill health to quit the service,) on the half pay of Lieutenant Colonel, £200 15*s.* per annum; after seven years, on the half pay of Major, £173 7*s.* 6*d.* per annum.

If appointed subsequently to that date, according to the following scale, viz. after eighteen years' service, including three years for one furlough, the pay of Major, viz. £292 per annum; after ten years' service, (if compelled by ill health to quit the service) on the half-pay of Major, viz. £173 7*s.* 6*d.* per annum; after seven years the half pay of Captain, *viz.* £127 15*s.* per annum.

A Commissary or Deputy Commissary of Ordnance, not being a Commissioned Officer, is allowed to retire on full pay if he has served twenty-seven years in India, of which twelve must have been in the Ordnance Department; twenty-

five years, fourteen of which in that Department; or twenty-two years, seventeen years of which in the Ordnance Department.

A Conductor of Stores is allowed to retire on £60 per annum after twenty-five years' actual service in India.

Officers retiring from the service will be considered to have retired from the date of their application for leave to retire; or from the expiration of two years and a half from their quitting India, whichever shall happen first.

An Officer proposing to retire is required to forward, with his application for permission to do so, a certificate from the Department of the Accountant General that there are no demands against him on the books of that department.*

Officers retiring &c., from the Service while serving without the limits of the Madras Presidency and beyond Sea.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR IN COUNCIL.

FORT ST. GEORGE, 9*th May* 1845.

No. 85 of 1845.—1. In order to obviate as far as possible risk of loss to the State, as well as to facilitate and expedite the adjustment of the Accounts of Officers of the Madras Army, who may resign, retire, or be removed, from the Service, while serving in the Tenasserim Provinces, Straits Settlements, China, Aden, or elsewhere *without the limits of this Presidency and beyond Sea*, the Most Noble the Governor in Council is pleased to direct that whenever an Officer so situated applies for permission to resign or retire from the Service, or is placed in arrest preparatory to trial by Court Martial, his Pay and Allowances of every description shall be thenceforth drawn on separate Abstract, and his Pay Accounts kept entirely separate from those of the Regiment or Detachment to which he may belong.

2. Consequently an Officer, situated as above described, proposing to retire from, or resign, the Service, will not be permitted to sign the Pay Abstracts, &c. of his Troop or Company; but he is not, on that account, to be deprived of Troop or Company Command Allowance to which he may under Regulation have claim, to which he will continue entitled in the same way as if detached in the manner adverted to in Para. 4, head "Troops and Companies," page 179, Section 9th, of the Code of Pay and Audit Regulations.

3. The Officers Commanding at the Stations in question are directed to send to Madras for immediate Audit, at the same time that the application for permission to resign or retire is forwarded, all Abstracts containing previous charges of the Officer about to retire or resign; thus leaving, to take the usual course of Audit, only common charges for his own Pay and Allowances, in which there ought to be no mistake.

* Officers proposing to retire from the Service are authorized to apply through the prescribed channel of the Pay Department for anticipated audits of their accounts, and the departments concerned are required to comply therewith, and to grant Certificates of "No demands" as soon as the applicants have settled all balances standing against them, or given proper security for the same. geons, and Veterinary Surgeons. The furlough to be granted by the Commander in Chief at each Presidency, with the approbation of the respective Governments.*

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

A Chaplain (appointed previously to the 1st September 1836,) after seven years' residence in India, is allowed to go home on furlough and receive the pay of Major, £292 per annum. Should he go home from sickness prior to this period of service, he is allowed the pay of Captain only, viz. £191 12*s.* 0*d.* per annum.

If appointed subsequently to that date, after seven years' residence in India, the pay of Captain, viz. £191 12*s.* per annum ; and if compelled by ill health to go home prior to this period of service, the half pay of Captain, or £127 15*s.* per annum.

A Conductor of Stores is allowed furlough pay only in case of going home from sickness.

Officers going to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the Officer to his presidency.

Officers are required to join the Establishment to which they belong at the expiration of the three years' furlough, unless they shall have obtained an extension of leave from the Court six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned, or in cases in which it shall be proved to the Court that a further residence in Europe is indispensably necessary.

All Officers finding it necessary to solicit a further leave of absence on account of sickness, must, if resident in London or its vicinity, appear before the Company's Examining Physician, Dr. John Scott, 13, Straton Street, who will report to the Court of Directors his opinion on the state of such Officers' health, and if resident in the country, in any part of the United Kingdom, they must transmit, with their letter of application for such leave, a certificate according to the following form, signed by at least two gentlemen eminent in the medical profession, viz.,

I hereby certify, that I have carefully examined, (state the nature of the case as well as the name of the party,) and I declare upon my honour, that according to the best of my judgment and belief,————is at present unfit for military duty, and that it is absolutely necessary for the recovery of his health, that he should remain at least————longer in this country.

Also previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or other evidence, as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty on account of sickness, are to furnish a certificate of two eminent physicians in *the above form*, with the attestation of a magistrate, that the persons who signed the certificate are physicians.

Officers having obtained an extension of furlough to a given period must at its expiration apply for permission, either to return to their duty, or to reside a further time in England.

In every case in which an Officer has had his furlough extended beyond the prescribed period, on the ground of his health not being sufficiently restored, and shall apply for permission to return to his duty, he shall produce a certificate from the Examining Physician that his health is completely re-established, and that there is every probability of his being able to perform the active duties of his profession in India.

No Officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years absence, under the Act of 33 Geo. III. Cap. 52, Sec. 70.

Every Officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the Court's instructions, and the plea of ignorance of the regulations will not be admitted as any justification of the breach of them.† Officers, therefore, who shall go home on furlough, and who shall not in due time apply, so as to effect their return to the Presidency to which they belong within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than two years and a half from the period of his quitting India until he returns, excepting Colonels of Regiments, and those of the rank of Lieutenant Colonel regimentally, when promoted to that of Major General : the latter are then allowed to draw the pay of their Brevet rank beyond the above period.

* A second furlough on private affairs may be granted to Officers when the public service will permit the indulgence, but the rule which precludes an Officer receiving pay when absent in Europe on such affairs for a longer period than three years is to be fully maintained. The following is a copy of the regulation as published in the Bengal code, and is applicable to all the presidencies: "No Officer who has drawn three years' furlough pay is allowed pay during any future furlough, except in cases of certified sickness; but if he has not received pay for the full term, he may during a second furlough on private affairs, be allowed the same for such space of time as will complete the three years." *See Court's letter to the Madras Government of the 1st January* 1841.—Compiler.

"Para. 2. In future cases when Officers may be granted a Furlough on sick certificate, or on private affairs, to New South Wales, or any other Colony, we desire that they may be separately informed, that any applications which they may have occasion to prefer for extended leave, are to be addressed to us in sufficient time to allow of their receiving our reply by the period when they should embark on their return, so as to ensure their arrival within the original term of Furlough ; that if the application is preferred on account of health, it should be supported by Certificates from the Medical Staff Officers, or other undoubted medical testimony on the spot, shewing that the applicant is then incapable from ill health to return to the performance of military duty in India, and specifying the term for which they consider additional leave absolutely necessary for the recovery of the applicant's health ; and that if the application is preferred on the ground of urgent private affairs, it will be required, that the nature of those

affairs should be specified, and that the necessity for his continued absence should be certified by his professional adviser on the spot."

No. 37 of 1845.—The Right Hon'ble the Governor General of India in Council has the satisfaction to announce, under instructions from the Hon'ble the Court of Directors, that the following Regulations, relative to Pensions and Allowances, shall, from the 1st January 1843, be applicable to the cases of the Widows and Families of the European Officers of the Hon'ble Company's Service, killed in action with the Enemy.

1. The Widow of an Officer killed in action, or who dies from wounds received in action within six months after being wounded, may, provided she is not left in wealthy circumstances, be allowed the Pension fixed in the annexed Scale.*

2. If an Officer shall leave a legitimate Child or Children, each may receive an Allowance according to the rates affixed to the annexed Scale. The Sons until they attain the age of 18 years, or are otherwise provided for; the Daughters until they marry, or attain the age of 21 years, whichever may happen first, and no longer; except in any special cases, in which it shall be shown, under Medical Certificates, that such Sons or Daughters are afflicted with any mental or bodily infirmity, rendering them totally incapable of making any exertion for their own support, and that they are still in distressed circumstances.

3. If an Officer be killed in action or die of his wounds within six months after the wounds shall have been received, and shall leave a Widow or Children, or both, a Gratuity of one year's Pay of the Regimental Commission held by him, may be given to his Widow, and one-third of the amount thereof to each of his legitimate Children under age and unmarried.

4. If such Officers leave no Widow, nor legitimate Child, an Annual Allowance equal to the rates in the annexed Scale, and according to the Regimental Rank of the Officer, may be granted to his Mother, provided she be a Widow, and in distressed circumstances, and was mainly dependent upon the Officer for support; but if the Mother shall be herself in the receipt of a Pension, or shall have any other Provision of any kind derived from the East India Company, no allowance under this Regulation shall be made to her on account of her Son, unless she relinquish such Pension or Provision.

5. In the event of her remarrying, any allowance that may have been granted to her shall cease, and not be renewed, unless she shall a second time become a Widow, and be left in distressed circumstances.

6. If the Officer shall have left no Widow, legitimate Child, nor Mother, but shall have left a Sister, or Sisters, being Orphans, having no Parent, nor surviving Brother, and having been mainly dependent for support upon the Officer, an allowance according to the annexed Scale, and the Regimental Rank of the Officer, may be granted to such Sister, or divided amongst such Sisters collectively, under extraordinary and special circumstances arising out of the meritorious Military Services of the deceased Officer, to be judged of by the Court of Directors, and confirmed by the Board of Commissioners for the Affairs of India, but the allowance in such case shall cease when the Person receiving it shall marry, or shall be in any other manner sufficiently provided for.

7. It is clearly to be understood, that the Pensions authorized by this Regulation cannot be claimed as a right: they are granted as rewards for meritorious Military Services of the deceased Officer, and are only to be conferred on proper and deserving individuals.

8. The aggregate amount of the foregoing allowances granted to the Family of any Officer killed in action, shall not exceed the rates specified in the Schedule

* Medical Officers who have served 21 years in India (three years furlough included) are now entitled to retire on a pension of £250 a year. See G. O. of the Government of India, No. 122 of 1841, published in the *Fort St. George Gazette* for that year, page 365.—COMPILER.

† The following are the Regulations referred to.—COMPILER.

"Superintending Surgeons, who have been in that station not less than two years, and whose period of service has been not less than twenty years, including three years for one furlough, are permitted to retire from the service, and allowed £300 per annum; or in the event of ill health, they may retire on that pension after any period of service as Superintending Surgeon. If they have served five years, or are obliged after three years' service in that station to retire from ill health, they are allowed £365 per annum.

Members of the Medical Board, who have been in that station not less than two years, and not less than twenty years in India, including three years for one furlough, are permitted to retire from the service, and allowed £500 per annum, or in the event of ill health, they may retire on that pension after any period of service as Member of the Medical Board. If they have served five years, or are obliged after three years' service in that station to retire from ill health, they are allowed £700 per annum."

The Members of the Board will accordingly be commissioned with these Titles, when appointed to the respective positions abovementioned, and when retiring from the Service will be placed on the Retired List with the Title then held by them.

The Regulation which fixes the rank of Brigadier General as the relative Army Rank of Members of the Medical Board, will equally apply to those Members under the new Titles now established.

All Surgeons of 30 years' Service to be designated "Senior Surgeons," and their relative Rank with Officers of the Army to be that of Major. This arrangement, like all others having reference only to the rank and designation of Medical Officers, confers no claim whatever to superior allowances, and will make no change whatever in the nature of their employment.

FORT ST. GEORGE, *25th July* 1843.

No. 118 of 1843.—Under instructions from the Honorable the Court of Directors, received through the Government of India, the Most Noble the Governor in Council is pleased to publish the following regulations on certain points connected with the Medical rules published in G. O. G. No. 126, dated 15th July 1842.

1st. The Physician General, Surgeon General and Inspector General of Hospitals will, collectively, continue to perform the duties of the Medical Board as heretofore: their period of service, reckoning from the date of promotion to Inspector General of Hospitals, will be five years, after which they will be required, as was the case with a Member of the Medical Board, to retire; and, as vacancies occur, the Inspector General will be promoted to the rank of Surgeon General, and the Surgeon General to that of Physician General.

2d. No alteration has been made in the regulation which prescribes that "vacancies in the Medical Board shall be filled up by selection from the Superintending Surgeons, of such as shall be most distinguished for professional science and the zealous discharge of their duties, due regard being had to seniority in the Service when the qualifications of the individuals appear to be adequate to the correct performance of the duties of the office."

3d. A Superintending Surgeon, in virtue of his Staff appointment, is to take rank over all Garrison and Regimental Surgeons within his Division who may be senior to him in the list of Surgeons; but in such cases, if Medical Officers desire it, they will be transferred to a Division the Superintending Surgeon of which is their senior in the Service.

4th. The situation of Superintending Surgeon being considered a Staff appointment, the Government will be at liberty, should the interests of the public service require it, to remand him to the rank of Regimental Surgeon, or rather to remove him from his Staff appointment.

5th. The regulation published in G. O. G. No. 226, dated 9th June 1835, which provides that no Medical Officer shall be considered eligible to the situation of Superintending Surgeon, who shall not have served for two years in the military branch of his profession at some period subsequently to his promotion to the rank of Surgeon, continues still in force.

6th. A Medical Officer holding the appointment of Superintending Surgeon before his embarkation to Europe, will, on his return to India, be entitled to resume his appointment as a Superintending Surgeon.

No. 111 of 1839.—The Right Honorable the Governor in Council is pleased to establish the following regulations, for the promotion of individuals in the subordinate grades of the Medical Department.

1. No Medical Apprentice shall be promoted to the rank of Assistant Apothecary, until reported qualified by the Superintendent of the Medical School; and any individual who shall fail to qualify himself by the expiration of the prescribed course of instruction, will be removed from the Service.

2. No Assistant Apothecary shall be promoted to the rank of 2d Apothecary, nor any 2d Apothecary to the rank of Apothecary, until he shall have passed his examination for the superior grade before a Board of Medical Officers at the Presidency.

4. The examination will embrace the following points,—pharmacy, and materia medica, reading and writing prescriptions, minor operations of surgery, general principles and practice of vaccination, with such a knowledge of the nature and treatment of diseases in general, as is considered sufficient to qualify the individuals for such charges as may usually devolve upon them.

5. In the extent to which the examination is to be carried in the several particulars above specified, the Board will be guided in each case by the opportunities which the individual may have enjoyed of acquiring professional knowledge, as having had the advantage of previous instruction in the Medical School, or otherwise; but under no circumstances is any individual to be passed for the superior grade, unless found perfectly qualified for the duties which he will actually be required to perform.

6. Each individual passed by the Board will receive a certificate of qualification for the next superior grade.

7. The examination will take place half yearly, in the months of January and July,* and for the convenience of individuals who may desire to obtain certificates of qualification in anticipation of their promotion, Assistant Apothecaries from No. 1 to No. 10, and 2d Apothecaries from No. 1 to No. 5 inclusive, will be allowed to present themselves before the Board for the purpose, which will obviate the necessity of their proceeding to the Presidency on their subsequent promotion.

8. Second Apothecaries and Assistant Apothecaries succeeding to promotion when at distant Stations, not having already passed, will be appointed to *act* in the superior grade, until an opportunity may offer for their undergoing the prescribed examination at the Presidency.

9. The assembly of the Board of Examiners, and all subsidiary details, will be under the direction of the Commander in Chief.

"Para. 1. We have lately received through the Board of Comm. for Indian Affairs, a representation from Her Majesty's Secretary at War, plaining of the obstruction which still exists in India, to the collection by Regimental Officers, of the Effects which may be left by Soldiers dying in the Country.

2. In our Military Letter to Madras, dated 29th July 1842, No. 44, (copy of which was forwarded to your Presidency,) we observed that 'by the Act of the 6th Geo. 4th, Cap. 61, Sect. 1, it is rendered lawful for all Officers or persons who may be employed or required by or under the authority of any Articles of War in force, to take care of or collect the Effects of Officers and Soldiers dying on Service out of the United Kingdom, without taking out any Letters of Administration, in like manner as if such Officers had been appointed Executors or had taken out Administration, and by the Article of War founded upon it, viz. Sec. 129, the Officers who are required to collect the Effects of Soldiers deceased are authorized to collect *all* those Effects without any limitation being specified as to the place where they may be deposited, and are required after payment of Regimental Debts and Quarters to pay the balance, if any, to the Regimental Pay Master, such balance to be by him paid to the heir or legal representative, if present at Head Quarters, or if not, to be remitted to the Regimental Agent, for payment to the legal representatives under the direction of the Secretary at War.

With this explanation, no difficulty can occur hereafter in the payment by any of our Officers, to the party authorized by the Act and Articles of War as above specified to collect the same, of any sum or sums, or securities, which may be in their hands, or under their control, belonging to the Estates of Soldiers deceased; the responsibility of requiring Probate or Administration to the Estate, to be taken out by the persons to whom the surplus is to be paid, resting altogether, as it appears to us, with the party authorized by the Act and Articles of War to collect the property.'

3. Notwithstanding these directions, objections have been made at all the Presidencies to paying over certain portions of the Estates of Soldiers to the Regimental Officers entitled to collect them, founded in some instances upon legal opinions obtained in India of the inadequacy of the above Act to authorize such payment. In consequence of recent representations on this subject, received from Madras and Bombay, we have lately obtained the opinion of H. M.'s Advocate, of the Attorney and Solicitor General, and of the Company's Standing Counsel, upon the interpretation to be put upon the above Statute of the 6th Geo. 4, Cap. 61, and also upon the Act of 3d and 4th Victoria Cap. 37, Sec. 52. The opinion of those learned persons determines that Officers entitled to collect Soldiers' Effects, are authorized by those Acts to take possession of all the personal property of every description of deceased Soldiers, without reference to its amount or value, or to its being invested in Notes or other Securities, or to its being in Camp, or Quarters, or elsewhere.

J. C. MELVILL, ESQ, DRAPER'S HALL, 23*d May* 1843.

SIR,

In obedience to the directions of the Hon'ble the Chairman and Deputy Chairman, which I received through you on the 22d ultimo, transmitting a copy of Mr. Baring's letter of the preceding day, which forwarded the copy of a letter from H. M.'s Secretary at War, dated the 11th ultimo, with its enclosures from the Marquis of Tweeddale relative to the difficulties which are still alleged to exist in the collection of the Effects of H. M.'s Officers and Soldiers dying in India, I lost no time in laying the necessary case before Her Majesty's Advocate, the Attorney and Solicitor General, and the Company's Standing Counsel for their opinion, as well upon the points directly raised in the papers transmitted from the War Office, as upon those of the same class which appeared to arise out of the various communications received last month from Madras and Bombay, in reference to the construction to be put on the Mutiny Acts and Articles of War as to the Administration of the Effects of Officers and Soldiers both in Her Majesty's and the Company's Service dying in India.

questions which thus arose appeared to be the following, viz.

1st. Whether the Officers respectively appointed under the 128th and 129th Articles of War for Her Majesty's Forces, and under 110th and 111th Articles of War for the East India Company's Forces, to collect the effects of the Officers and Soldiers therein respectively described, are respectively entitled to demand and (without taking out Letters of Administration) to receive and take possession of all the personal property of every description of such deceased Officer or Soldier without reference to its amount or value, or to its being in Camp or Quarters or elsewhere; and whether in this latter respect there is any difference between the case of a deceased Officer and that of a deceased Soldier.

2d. Whether in the event of part of such property of a deceased Officer or Soldier consisting of a Promissory Note or other transferable Security of the East India Company, or of one of their Governments, expressed to be payable to the deceased, being at the time of his death in the hands of the Government Agents for his use, such Government Agents can lawfully and safely deliver over, and are bound upon demand to deliver over, such Promissory Note to the Officer so appointed under the Articles of War, and whether the amount of such Note or other Security makes any difference in the case.

3d. Whether such Officer can by indorsement or otherwise, as effectually transfer or give a discharge for the amount secured by such Note, as if he had been appointed Executor or had duly obtained Letters of Administration of the Effects of the Payee or last Indorsee of the Note; and whether in the event of the East India Company paying the amount of the Note to such Officer when so indorsed, they are in any way responsible for the due appropriation or distribution by the latter of the amount which they shall have so paid.

4th. Whether the Officer so collecting the Effects of a deceased Officer or Soldier under the respective Articles of War referred to, or whether the Military Secretary, or any other Officer at either of the Presidencies in the East Indies, is authorized under any circumstances to require the Registrar of the Supreme Court of such Presidency, to take out Letters of Administration there, in respect of the surplus which may remain in the hands of the collecting Officer, and whether such Registrar is in any case lawfully entitled to take out Letters of Administration in respect of such surplus.

In reply to these questions, the Law Officers of the Crown and the Company have given the following opinion.

'1st. We think there is a difference between the case of a deceased Commissioned Officer and the case of a deceased Non-Commissioned Officer or Private Soldier.

With respect to a deceased Commissioned Officer, there appears to be no substantial question, since the Articles of War applicable to the case of Commissioned Officers, only authorize the collection of *Effects* in *Camp or Quarters.*

With respect to the case of a Non-Commissioned Officer or Private Soldier, we are of opinion that both in the case of Her Majesty's Forces and in the case of the East India Company's Forces, the Officers appointed to collect the Effects of the deceased Soldier are entitled to demand, and, without taking out Letters of Administration, to receive and take possession of all the personal property of every description of such deceased Officer or Soldier without reference to its amount or value, or to its being in Camp or Quarters or elsewhere. We consider that the Officers, who by the 129th Article of War for Her Majesty's Forces, and by the 111th Article of War for the Company's Forces, are directed to act in the matter, come within the first Section of the Statute 6th Geo. 4th C. 61, and are clearly enabled by that Statute to ask, demand and receive any of the deceased's "*Effects,*" an expression which we think reaches and includes any of his personal Estate.

2d. Our opinion on the first question supersedes this question as respects the case of an Officer.

In the case of a Soldier not being a Commissioned Officer, we are of opinion that the Government Agents may lawfully and safely deliver over, and are bound

RULES.

Art. 1. No person is admissible as a Subscriber to the Military Fund, unless he entered or shall enter the service of the Honorable East India Company on the Madras Establishment as a Cadet or Assistant Chaplain. Cadets and Assistant Chaplains become Members of the Military Fund, as a condition of their appointment, and are eligible to its benefits from the date of their admission on the establishment. Assistant Chaplains subscribe as Captains until they have served 15 years; subsequently as Majors.—G. O. G., 12th June, 1838.

Art. 2. Medical Officers (formerly received as Members,) may continue in the Society on the old rules; according to which a Surgeon pays, and is entitled to benefits, as a Captain; a Superintending Surgeon as Major; and a Member of the Medical Board as Lieutenant Colonel; but Medical Officers are no longer admissible.

Art. 3. Assistant Chaplains or Cadets, being married, or having legitimate offspring, are required to pay marriage donation and also subscription of their grade as married, with arrears to be calculated from the date of their admission on the establishment, or from the date of birth of the eldest surviving child, if the latter date be anterior; with compound interest at 8 per cent. per annum, on the whole amount of donation and subscription, either at once, or by 25 equal monthly instalments, within 25 months of the date of admission.

Art. 4. Expulsion or withdrawal from the Fund, dismissal from or resignation of the service, involve the forfeiture of all claims to the benefits of the Fund, as also of the amount of the Subscribers' donations and subscriptions, and all other sums paid up to the period of separation; but the restoration of a dismissed Officer to the service entitles him to re-admission, on payment of arrears with compound interest at 8 per cent. per annum, within a period equal to and immediately succeeding that of his disqualification.

Art. 5. Subscribers who retire from the service on the prescribed Pension of their ranks, or on Half Pay, or on Lord Clive's Fund, shall not forfeit their rights as Subscribers to the benefits of the Fund, provided they continue the payments prescribed in Table *B.* The two last classes may, if they prefer it, pay donations and only half subscriptions, in which case their families at their death will be entitled only to half the benefits derivable from the institution.

Art. 6. Subscribers who leave the service before they are entitled to any pension, cease to be members of the Fund, and shall not receive back any part of the sums they may have paid to it.

Art. 7. Subscribers shall pay donations and subscriptions agreeably to Tables *A* and *B*. Subscriptions are to commence from the date of admission on the establishment of Fort St. George; entrance donations become due from the same date; and donations on promotion, from the date of promotion as signified by G. O. G.

Art. 8. The donations of Cadets, Cornets, 2d Lieutenants and Ensigns, and Assistant Chaplains may be paid, in anticipation, in England: those married or having legitimate offspring will be further required on arrival in India to pay the subscriptions and interest laid down in Article 3.

Art. 9. Subscribers are exempted from any payments of donation on entrance or promotion, while in Europe on furlough, or on sick certificate; but must commence, or resume payment by the regulated instalments, on coming into the receipt of Indian allowances.

Art. 10. With the exception of equipment allowance no benefit will be granted *in full* to any Subscriber or his family, unless the net balance of his account in favour of the Fund, after debiting all payments made to him during his life, against all his payments to the Institution, (with the exception of donation for daughters, penalties and the per centage chargeable under the Disparity Scale) shall be equal to the amount of his Minimum as shown in Table *C*. Hence should the clear bonâ-fide balance fall short of this, deductions shall be made from every benefit, with the above exception, agreeably to the rates laid down in Table *D*, until the Minimum is realized to the Fund.

Art. 11. The payment of the Minimum by no means exempts the Subscriber from the continuance of subscriptions and donations, so long as he shall remain a member of the Fund.

Art. 12. Donations on Entrance or Promotion must be paid immediately on becoming due, or by equal and regular monthly instalments, agreeably to Table *A*, as married or single, commencing with the first pay drawn by the Subscriber after the event. If the Subscriber however be promoted during the payment of such instalments, he must pay the new donation, as well as the balance of the old, at the higher rate of the class into which he has been promoted.

Art. 13. The family of a Subscriber, widower as well as bachelor marrying, becomes eligible to the benefits of the Institution on his reporting his marriage, and making, commencing, or arranging* to commence, as below prescribed, the payments consequent thereupon; viz. increased subscription according to his class, and the regulated donation, subject to increase for disparity, agreeably to Table *G*, if his age exceeds that of his wife more than 8 years. If the Subscriber pay the whole donation within 30 days after the date of marriage, he will be allowed a discount or deduction of 10 per cent.; if not, he must pay it by 25 equal monthly instalments, commencing with the first month after the report of marriage is made.

Art. 14. If the report of marriage be not made, and the prescribed payment begun, within one month after the event, the donation will be increased by 1 per cent. per month up to the date of announcement, and the pensions of the widow and children will be contingent upon the husbands surviving 25 months from the date of his report, and completing the payment, together with all arrears, and penalties. If however the report be made within the month, and all the regular payments begun, or measures taken to begin them, and the husband should die before any or all of the instalments are paid, the widow and family will be entitled to their pensions subject to the regulated deductions on account of Minimum.

Art. 15. The report of marriage must contain the dates of birth of the Wife and of the Subscriber, also the Christian name of the Wife. This information is necessary for the calculation of the amount of donation, and Subscribers should be careful in affording it, lest the omission, by leading to a reference, should involve a penalty as to time. In every case the best course to be followed, is on making the report of marriage, immediately to commence the regulated subscriptions, and instalments of donation, as laid down in Tables *A* and *B*.

Class 6.	58	15	0	39	4	6

Art. 16. Any arrear not sanctioned by Articles 13 and 14, equal in amount to six months' subscription, as specified in the margin, shall subject the Subscriber owing it to a penalty of one-fourth of the arrear, unless it shall be shown to the satisfaction of the Directors that such arrear arose from unavoidable accident. If such penalty, together with the arrear, be not liquidated within one month from date of receipt of the demand, the Subscriber shall pay double the amount of arrear, besides the penalty in question; and in failure of payment thereof within 12 months of the date of the original demand, he and his family will be excluded from the benefits of the Fund, if he were admitted prior to 30th April, 1823; if subsequently, the Military Paymaster will be called upon to deduct the amount both of the arrear and penalties from the Subscribers' abstract agreeably to G. O. G., 17th March, 1846. All exclusions are to be notified in the proceedings published to the Army.

Art. 17. Subscribers while in the receipt of income allowance from the Fund, are *not* exempted from the payment of monthly subscription, or of the instalments of marriage donation.

Art. 18. Subscribers who may be prevented drawing pay by a temporary cause, such as captivity, extended furlough, suspension from pay, or the like, shall, during such period, be exempted from penalties for non-payment of subscriptions or donations; but on the removal of the cause, and upon the receipt of pay, they shall be required to pay up all arrears within a period equal to that of their temporary incapacity, and immediately succeeding it, by regular and equal monthly instalments.

Art. 19. The benefits derivable from the Fund are, *First*, such as are granted to Subscribers while living—*Second*, such as are granted to the widows and legitimate children of deceased Subscribers.

Art. 20. All applications for benefits will be decided agreeably to the Regulations, by the Directors, whose duty it will be in case of doubt to call for further information from the claimants; and if this information should not be satisfactory, they are authorized to disallow the claim till the decision of the Subscribers at large be known, to whom the case will be immediately referred.

Art. 21. A Subscriber, of the rank of Captain, about to proceed to Europe on sick certificate, in conformity with the regulations of the army, and who does not receive passage money from, nor has a passage found him by Government, shall receive 1400 Rupees from the Military Fund, on application accompanied by a declaration on honor that he does not possess the sum of Company's Rupees (1500) one thousand five hundred, or property of any description equal in amount thereto. Passage money is not allowed to Field Officers except on loan. When passage money as a Subaltern is claimable from the Fund the amount is 1200 Rupees.

Art. 22. Subscribers proceeding to England on sick certificate, being allowed passage money by the Government, are not entitled to receive the same from the Fund. A Captain or Subaltern, who may have proceeded to Europe on sick certificate, is entitled, on return to India, if not provided with a passage at the expense of Government, to receive from the Agents in England, the former £110, the latter £95, on the production of a solemn declaration upon honor, that he does not possess the means of paying his passage.

Art. 23. A Subscriber of whatever rank proceeding to Europe on sick certificate, is entitled for his equipment to Company's Rupees 200, and if married, in addition thereto, to Rupees 200 for his wife, and Rupees 100 for each legitimate child who may accompany him; provided his application is supported by a solemn declaration on honour that he does not possess, if a Subaltern, the sum of Company's Rupees 1000; if a Captain, Rupees (1500) one thousand five

hundred; if a Field Officer, Rupees (2000) two thousand; or property of any description equal in amount thereto. No allowance for equipment will, in any case, be made to a Subscriber or his family returning to India.

Art. 24. Subscribers, being Subalterns, proceeding to England on sick certificate, who shall make a solemn declaration upon honor that they possess no *income* beyond the regulated pay of their rank, (exclusive of any pension for wounds, of which they may be in receipt), shall be allowed the sum of £21 7 6 per annum for a Lieutenant, and £44 3 9 for a Cornet, 2d Lieutenant or Ensign; commencing from the date of arrival in England, and continuing so long as they shall be in receipt of pay there. The declaration is to be renewed on each receipt of pay.

Art. 25. Captains of Artillery, Engineers or Infantry, and all Subalterns, who have proceeded to England on sick certificate, are entitled to income allowance for their families, if they are married or widowers with offspring, as follows: £20 for the wife, and £10 per annum for each legitimate child with them; the latter allowance, however, is to be reduced in the case of a plurality of children with them in the manner prescribed by Article 38. Provided, however, that such additional allowance for the whole family shall never exceed the sum of £48 15 0. The solemn declaration upon honor prescribed in last Article must be made on each occasion of receiving this allowance. Captains of Cavalry are not entitled to any income allowance for themselves or families.

Art. 26. The personal benefits are issuable in one instance only:—that is, a Subscriber can only once have passage money home, and out, equipment allowance, and income allowance for himself and family; but any benefit not granted on the first, may be claimed on a future occasion of proceeding on sick certificate to Europe, and on such occasion will be allowed according to the Subscriber's rank and condition at the time of applying for it.

10th. As it may often happen that officers die while the corps they belong to is stationed by itself, or remotely detached, it shall be in the power of every commanding officer of a regiment so situated, to assemble a committee of any five officers (being subscribers,) to hear and decide upon the case of any widows and children, so become destitute, and seeking relief from this Fund. To prevent doubts and misconceptions which might possibly arise hereafter, it is distinctly declared, that no widow who is not in distressed circumstances, or no lady continuing to reside in this country after the death of her husband, can expect any provision or pension for herself or children from the fund, further than is stated in the 8th clause of the schedule of awards. It is also declared that no widow is entitled to passage-money or allowance for travelling, unless she shall actually proceed to sea, or on her journey in the manner for which any allowance may have been drawn, and should she have received such allowance, she will be required to refund ; and further, that no widow, under any circumstances, shall be entitled to any assistance from this fund, unless the application shall be made, in the usual form, within six months after the demise of her husband.

The course of education consists of Materia Medica and Pharmaceutical Chemistry, Anatomy and Physiology, Surgery, and Practice of Medicine.

A building has been appropriated solely to the objects of the Institution, and the foundation of that now occupied by the School was laid in December 1836.

A Museum has been formed, which, in addition to *morbid* specimens, possesses numerous *anatomical* preparations for illustrating that branch of the course of instruction. A Laboratory is in course of construction, and the course of Lectures on Chemistry is open to all Medical Officers, and Medical Subordinates.

The Institution is supplied with a selection of works on the several branches of study, for the purpose of forming a Library of reference, and of providing the pupils with such works as may be required as text books for instruction.

Admission to the School is not confined to Students belonging to the subordinate grades of the public medical department, the institution having also been thrown open to the community at large.

The pupils belonging to the public service consist of two classes, namely, Europeans or East Indians, and Natives; the former being in the grade of "*Medical Apprentice*" and the latter of "*Native Medical Pupil.*" They are promoted to the grades of "*Assistant Apothecary,*" and "*Second Dresser,*" as they are required for the public service, after examination, and strictly according to merit. Parties desirous of being married should apply direct to some Surrogate residing near them; but from places where there is no Surrogate, application should be made to the Registrar, who will procure a commission, under the episcopal seal, authorizing some person to administer the usual oaths and grant the necessary license. None but a Clergyman of the Church of England can marry by virtue of an episcopal license. Parties who cannot on account of distance obtain the services of a Clergyman to marry them, must state the fact, and apply to the Town Major, Fort St. George, who will obtain the permission of the Right Honorable the Governor for their marriage, under which the Senior Judicial Officer of any station is authorized by Government to marry them.*

In the case of a minor in H. M. or the Honorable Company's service, the written consent of the Governor must be obtained previous to the publication of banns, or the grant of a license.

Further information respecting marriages can be obtained on application to the Registrar of the Diocese (F. Orme, Esq.)

Rules for Chaplains and Assistant Chaplains.

FORT ST. GEORGE; *June* 2, 1840.

The following Rules for the guidance of Chaplains and Assistant Chaplains, revised under instructions from the Honorable Court of Directors, are published for general information, in modification of the Order of Government dated 30th July 1839.

1. Every Chaplain and Assistant Chaplain, on his arrival at the Presidency from England or elsewhere, shall report the same to the Secretary to Government in the General Department, as well as to the Chief Ecclesiastical authority in the Diocese.

2. Every Chaplain and Assistant Chaplain must report his arrival at his Station to the Chief Ecclesiastical authority in the Diocese, to the Civil Auditor, and to the Chief Civil or Military authority of the Station.*

3. Funerals are to be appointed at sun-rise and sun-set, and the Clergyman is to attend at the latter time if he receives notice of a funeral before 3 o'clock P. M., but if the notice arrives after that hour, the interment is to take place on the morning following: cases however may occur which may require a deviation from the general rule.

4. Commanding Officers, in concurrence with the Chaplain, will fix the time for officiating at divine service on Sunday with the Soldiery.

5. Attested copies of the Registers of Baptisms, Marriages and Funerals, must be transmitted regularly every 3 months to the Registrar of the Archdeaconry, viz. on the [31st March, 30th June, 30th September, and 31st December.] †

6. All Marriage Certificates of Europeans, being Soldiers, or persons employed in the Military Department, under the rank of Commissioned Officer, shall specify distinctly the birth of the female, whether European, Indo Briton, Native, &c.

7. The Chaplain is to enter carefully all the Marriages, Baptisms, and Burials of Soldiers and their Children in the Regimental Register Book of the respective European Corps, as well as in the usual Register kept by the Station Chaplain.

8. The Chaplain of every Station, where any of Her Majesty's Regiments are stationed, must forward to the Registrar of the Archdeaconry, for transmission to the Chaplain General's Office, half yearly, and for any broken period that may occur previous to his leaving the Station in which he is employed, a copy, duly signed by himself and by the Officer in Command of the Station, of the Regimental Registers of Marriages and Baptisms now kept in conformity with the general Regulations on this subject.

9. The Chaplain at a Military Station is to visit regularly, at least twice in each week, the European Hospital or Hospitals. He is carefully to superintend and inspect the European Regimental and other Schools, visiting them for this purpose not less than once a week, and to represent any matter concerning their management to the Commanding Officer, which may require his notice. Provided, however, that in the performance of the above duties he shall not interfere with the religious persuasion of those who do not profess the tenets of the Church of England. He is to report to the Commanding Officer on the 1st of January and the 1st of July in each year, and oftener if necessary, the state of the European Regimental Schools, the qualifications and conduct of the Master, and the proficiency of the Scholars.

10. All communications from the Clergy are to be addressed to Government through the Lord Bishop, in order that he may make such remarks thereon as his Lordship may think proper: when the Diocese shall be vacant, communications are to be addressed through the Archdeacon, or other Chief Ecclesiastical authority. All applications for change of station must be made direct to the Right Honorable the Governor, or his Private Secretary, and to the Lord Bishop or Chief Ecclesiastical authority in the Diocese.

11. A Chaplain directed to visit the Out-Stations of his District periodically, is permitted to draw a travelling allowance at the rate of 200 Rupees per mensem, calculated at the rate of one day's allowance for every 10 miles, allowing for a halt on the 7th day: provided however that the allowance drawn on this account shall in no case exceed 200 Rupees per mensem. The documents required in support of the travelling expenses of Chaplains will be—1st, the order or authority of the Lord Bishop for proceeding on such journey; and 2dly, their own declaration on honor that the journey so authorized has been performed.*

12. Any Chaplain leaving his Station, whether with or without the orders of Government, shall be bound to report the circumstance to the Civil Auditor.

13. Any Chaplain who may be removed from one station to another, shall in like manner report to the Civil Auditor the dates of his departure from the one and of his arrival at the other, and the Civil Auditor is restricted from passing the bill of any Chaplain appointed to a new station, for the allowance belonging to such Station (without the special orders of Government), until he shall have received a report of his arrival at the place of his appointment.

14. Any Chaplain returning to the Presidency after a sea voyage for the recovery of his health, or otherwise, shall (unless the contrary is specially sanctioned by Government) be required to rejoin his station within the time that may be prescribed for travelling to the Station to which he stands appointed.

15. When a Chaplain proposes to quit his principal Station, for the occasion of visiting† any of his appointed smaller Stations, or when he intends to apply for temporary leave of absence, he must give timely notice to the Chief Civil and Military resident authorities (and state in his application for leave that such has been done), in order that if there be any cogent reasons against the absence of the Chaplain, they may be submitted to the Governor in Council.

In reference to the foregoing revised Rules for the guidance of Chaplains and Assistant Chaplains, the Right Honorable the Governor in Council directs, the republication of the following Rules for regulating the absence and travelling allowances of Chaplains and Assistant Chaplains, which forms Chapter VI. of the General Rules for the grant of leave of absence, and for regulating deductions from salaries and deputation allowances, promulgated on the 21st Feb. 1840.

"RULES FOR CHAPLAINS AND ASSISTANT CHAPLAINS."

(*See pages* 177 *and* 180—COMPILER.)

Published by order of the Right Honorable the Governor in Council.

ROBERT CLERK, *Secretary to Govt.*

* This rule is made applicable to a Chaplain's departure to, or return from, out-stations of his district.

† Dates altered (under authority) subsequently to the promulgation of these Rules.—COMPILER.

* Rule modified: see Extracts from Court's Despatch of the 12th April 1842, page 242, and Plan for visiting out-stations, page 243. The allowance is now 8 annas for each mile of distance travelled over, and the Lord Bishop's order is not necessary.—COMPILER.

† Recent orders require that the Chaplain shall also report his *return* from these visits to the chief resident authority at his station.—COMPILER.

FORT ST. GEORGE; *20th September* 1842.

No. 172 of 1842.—The Right Honorable the Governor in Council has been pleased, in the Ecclesiastical Department, under date the 13th instant, to direct that the following Rule for the guidance of Chaplains be re-established under this Presidency.

"The practice of baptizing in private houses is to be avoided by the Chaplain as much as possible, and the Clergyman is to attend at the place appointed for divine service on some fixed day and hour in each week, for the purpose of baptizing Soldiers' children; however, this is not to be considered as authorizing the Clergyman to decline attending *at any time or place* to administer private baptism to such infants as may be in a weak, or precarious state of health."

S. W. STEEL, Lt. Col. *Secy. to Govt.*

Chaplains' Visits to Out-Stations.

Extracts from Court's Despatch, 12th April 1842.

"In Section 27 of the Regulations respecting leave of absence and deputation and travelling allowances which we have recently approved, you will find a rule on the subject of travelling allowances on joining a Station, and when any change takes place except at the desire of the Chaplain or Assistant Chaplain.

3. But to avoid inconvenience and guard against the possibility of misunderstanding, we think it desirable that for every circle of stations the Lord Bishop should be requested to frame a plan determining the periods at which each place shall be visited by the Chaplain or Assistant Chaplain officiating in such circle, which plan being approved by Government shall continue in force till varied by the same authority. As minute local information will be necessary to the successful formation of such plan, we can only offer a few suggestions on the subject. The frequency of ecclesiastical visits should be governed in a great degree by the extent of the Christian population of the place to be visited. A place may contain not more than 3 or 4 members of the English Church, and though it might not be right to exclude those few persons from the benefit of Christian ordinances, it is obvious that in the present state of our Ecclesiastical Establishment such a place could not be visited frequently without injury to others of greater importance. An annual visit might in some cases be all that could reasonably be afforded; while to others, visits twice, three or four times a year might be expedient; and to others again, which might be more populous, it might be desirable that visits should be made once in six weeks, or once a month.

4. When a circle of Stations may from the deficiency of our Establishment, or any other cause, be left without a resident Clergyman, we are of opinion that the Chaplain or Assistant Chaplain of a neighbouring district should, as desired by the Lord Bishop, be appointed to visit the station thus deprived of clerical services. In such cases the most convenient course will be for the Lord Bishop to bring the subject to the notice of Government, and submit a plan of visitation. Such plan being approved, the Chaplain or Assistant Chaplain who can most conveniently discharge the required duty should be specially appointed thereto, and thereforward be entitled to draw travelling allowances in conformity with the provisions of the plan, and in accordance with our Financial Despatch of the 20th October 1839.

6. We should lament that the practice of visiting stations at which no Clergyman is permanently resident should be discontinued, and it would be unjust to subject the Clergy to the expense attendant on such visits. Under these impressions we deem it proper to sanction the payment of such reasonable charges, not exceeding those authorized in our Despatch of the 30th October 1839, before referred to: and we are encouraged in this view by the fact that although Chaplains and Assistant Chaplains when absent from their duty are subjected to the same deductions as Civil Servants, no charge is incurred in providing for the duty of the absentee. The deductions may thus be regarded as a fund, meeting to a certain extent the extra charges incurred by occasional or provisional visits of the Clergy to Stations at which they do not reside."

Rank, Furlough, and Retiring Allowances of Chaplains,

APPOINTED PRIOR TO AUGUST 31, 1836.

Extracts from an Ecclesiastical General Letter to the Supreme Government, dated the 22d November 1826.

Para. 2d. We have lately directed our attention to the Regulations under which Chaplains are permitted to retire from the service, and from an anxious desire to promote the respectability and comfort of that class of our Servants, we

have resolved that the retiring pay of Chaplains after a service of eighteen years, including three years Furlough, be augmented from £292 per annum, the pay of Major, to £365 per annum, the pay of Lieutenant Colonel, and that in cases of bad health certified in conformity with existing regulations, Chaplains shall be allowed to retire after ten years' actual service upon £200, 15, 0, the half pay of Lieutenant Colonel, instead of £173, 7, 6, the half, pay of Major; and upon the production of similar certificates after seven years' actual service upon £173, 7, 6, the half pay of Major, instead of £127, 15, 0, the half pay of Captain.

3d. We have further to acquaint you that we have determined to abolish the designation of Junior Chaplains; and we desire that the Chaplains be hereafter distinguished only by the title applicable to the Stations at which they are placed—such as Chaplains at the Presidency and District Chaplains.

Rank, Furlough, and Retiring Allowances of Chaplains,

APPOINTED SUBSEQUENTLY TO AUGUST 31, 1836.

Extracts from a Letter from the Honorable the Court of Directors.

ECCLESIASTICAL DEPARTMENT; *August* 31, 1836.

Para. 1. Our attention has been drawn by the Government of India, on the suggestion of the Lord Bishop of Calcutta, to the necessity of increasing the number of Chaplains, for the purpose of extending the benefit of religious offices more widely than the present Establishment will admit.

2. While we were fully sensible of the importance of the desired object, and very anxious to promote its success, we felt that we should not be justified in making such an addition to the amount of Ecclesiastical charges, as would result from the appointment of an increased number of Chaplains upon the existing scale of remuneration. We determine therefore to make such new arrangements with regard to the Chaplains on the Bengal Establishment, as should enable us to add to their number, and thus provide more adequately for the spiritual benefit of the European residents, without any serious increase of expense. We have resolved to extend the principle of those arrangements to your Presidency, with the view of accomplishing the same beneficial purpose.

3. We intend that the number of Chaplains under your Government shall be increased from 23 to 29. The salaries are to be apportioned as follows:—the two Chaplains at the Presidency will receive the same amount as at present; nine will receive Company's Rupees 700 per mensem, and the remaining 18 Company's Rs. 500 per mensem. These salaries will constitue their entire emoluments from the Company. The payments heretofore made under the name of palanquin money will cease, and we shall on no account sanction any extra allowances, whatever may be the grounds upon which they may be claimed.

4. The Chaplains receiving the lower amount of 500 Rupees per mensem will be termed Assistant Chaplains, and in future all appointments will be made to this Class. The Assistant Chaplains will succeed to the higher rank, and the higher rate of salary according to seniority, as vacancies occur in the superior class, after it shall have been reduced by casualties to the prescribed number of nine.

5. As vacancies arise they will be supplied in the following manner; on the occurrence of the first vacancy two Assistant Chaplains will be appointed, on the second only one, and on all succeeding vacancies, the same principle will be acted upon, viz. that of an alternate appointment of two and one until the establishment attains the full extent of 29, to which we have restricted it, after which each vacancy will give rise only to a single appointment.

6. The principle which we have adopted throughout these arrangements requires that the furlough and retiring allowances should be modified so as to meet the intended changes. These allowances will in future be on the following scale:

Furlough Allowances.

After 7 years' residence.. .... ..£191 12 6 per annum..(full pay of Captain.)

If compelled by sickness to retire to Europe before completing 7 years' residence.. .... ..£127 15 0 per annum..(half pay of Captain.)

Retiring Allowances.

After 18 years' service (including 3 years' furlough) ....£292 0 0 per annum..(full pay of Major.)

After 10 years' actual service (if compelled by ill health to quit the service).... .....£173 7 6 per annum..(half pay of Major.)

After 7 years' actual service (do. do. do.) £127 15 0 per annum..(half pay of Captain.)

The present Chaplains* will be entitled to the existing scale of allowances, as well for services as on furlough and retirement; these regulations being wholly prospective, and only affecting an appointment made after the date of this despatch.

7. The location of the Chaplains under the new arrangements, will be best regulated by reference to the opinion of the Lord Bishop.

Pensions from Lord Clive's Fund.

Extract from a Letter from the Honorable the Court of Directors, dated 9th October, 1833.

Letter dated 22d January 1833; (*No.* 13.) 1 to 9—State that, from the nature of the Orders received from time to time, some doubt exists as to the scale of Pensions which the Court are disposed to recognize as claimable from Lord Clive's Fund, by Chaplains retiring from ill health before the full period of the Service, and by the widows of Chaplains, and request to be furnished with fresh and explicit instructions on the subject.

Para. 11. Chaplains who have not served 7 years in India are admissible to the benefit of Lord Clive's Fund in the rank of Captain. After completing a service of 7 years, their retiring allowances are provided for, independently of Lord Clive's Fund, by the Regulations conveyed to you in our Ecclesiastical Letter of the 22d November, 1826.

12. As by the Regulations announced in that Letter, Chaplains may retire on the full pay of Lieutenant Colonel after 18 years' Service, (including 3 years for a furlough) we have considered the Widows of those who die in the service after completing that period to be eligible to the benefits of Lord Clive's Fund in the rank of Lieutenant Colonel.

13. The Widows of Chaplains who have completed 7 years' actual service in India are admissible in the rank of Major; and those of Chaplains of less service in the rank of Captain, being the ranks the pay of which is receiveable by those classes of Chaplains respectively when on furlough.

14. You will communicate a copy of these Paragraphs to the Governments of Madras and Bombay.

---

* By a recent order of the Honorable Court the nine full Chaplains are each of them to receive not less than Rs. 700 per mensem.

Extracts from a Letter from the Honorable the Court of Directors, dated 14th March 1838.

Para. 25. "We have to acquaint you that the claims of the Chaplains appointed under the new arrangement, and of their widows, to the benefits of Lord Clive's Fund, will be adjusted upon the principles laid down in our letter to the Government of Bengal, dated 9th October 1833 (No. 93) paras. 12 and 13.

26. Chaplains who have not served seven years in India will therefore be entitled, if admitted to the benefits of Lord Clive's Fund, to a pension of £63 17 6 per annum, and their widows to one moiety of that sum.

27. The widows of Chaplains who have completed seven years' actual service in India, if admitted to the benefits of Lord Clive's Fund, are entitled to pensions as the widows of Captains.

28. The widows of Chaplains who have completed fifteen years' actual service in India, if admitted to the benefits of Lord Clive's Fund, are entitled to pensions as the widows of Majors.

29. We are of opinion that Chaplains appointed under the new arrangement should rank as Subscribers to the Military Fund—as Captains until they have served fifteen years in India, and subsequently as Majors.

Chaplains—to what tribunals amenable.

Extracts from Court's Letter to the Supreme Government of the 23d May 1827.

Para. 22 of Ecclesiastical Letter from Bengal of the 31st December 1824.

In reference to a question submitted by the Government of Bombay relative to the extent to which Military Chaplains are to be held responsible to the Military Authorities, and correspondence with the Lord Bishop as to the liability of the Company's Chaplains to Martial Law, Court's Orders on the subject are requested.

Para. 2. From the best consideration we have been able to apply to the several documents to which we have been referred in this paragraph, we are induced to think that considerable misapprehension has existed on the subject to which they relate.

3. When our Ecclesiastical Establishment was placed on the footing on which it now stands, it became a necessary part of the arrangement that the Indian Clergy should be submitted to the general superintendence of the Bishop, and rendered subject to the Ecclesiastical Jurisdiction for all offences of Ecclesiastical cognizance, but it was never intended to except this portion of our Servants from the Jurisdiction of the temporal Courts in the event of their being charged with any offences of a Civil nature, or any crimes against the peace and well being of society.

4. We wish it therefore to be distinctly understood, that the Chaplains on our Establishments are amenable to the Ecclesiastical Tribunals for such offences only as would render the Clergy of the Established Church amenable to the Ecclesiastical Tribunals in England, and for all other offences they are liable to be tried as all other Europeans in India are,—by the Ordinary Tribunals of the Country.

5. If however the offence should be committed out of the Jurisdiction of the Ordinary Court, and in places where the rest of the community are subject to Military Law, in such a case, and in such a case alone, we deem it right that our Chaplains should be subject also to Military Law for all offences of temporal cognizance.

Right of appeal to the Metropolitan.

Extract from letters patent of the Right Reverend the Lord Bishop of Calcutta as Metropolitan of India.

"And we do further ordain and declare, that if any person against whom a judgment or decree shall be pronounced by the said Bishop of Madras or his successors, or his or their Commissary or Commissaries, shall conceive himself to be aggrieved by such sentence, it shall be lawful for such person to appeal to the said Bishop of Calcutta or his successors; provided such appeal be entered within fifteen days after such sentence shall have been pronounced.—And we do give and grant, to the said Bishop of Calcutta and his successors, full power and authority finally to decide and determine the said appeals in as ample a manner as any of the Archbishops of England can or may hear and determine appeals from the Courts of the Bishops within his province."

Deprivation, Suspension &c., of Archdeacons or Chaplains.

Extract from letters patent, 13th June, 5th Wm. IV.

"We further will, and do by these presents declare and ordain, that in case the said Thomas Robinson, or any future Archdeacon to be appointed as aforesaid, or any Chaplain duly appointed by the said East India Company, shall be for any cause whatever deprived of the said office, or suspended therefrom, or inhibited from preaching the word of God, or exercising his holy office within the limits of the said presidency of Madras, or shall be subjected to any ecclesiastical punishment or censure whatsoever by the said Bishop of Madras, or by his successors, or by his or their Commissary or Commissaries, a copy of the sentence in such cases promulgated and given, setting forth the cause of such deprivation, suspension, or other ecclesiastical punishment or censure, shall without delay be certified and transmitted by the said bishop or his successors, or his or their commissary or commissaries, to the Governor at Fort St. George. And we further ordain that the Supreme Court of Judicature at Madras shall have such and the like jurisdiction and power of interfering by writ of prohibition or mandamus, subject to the same laws restrictions and rules of practice as is or has been exercised by our Court of King's Bench at Westminster, in regard to proceedings in the Ecclesiastical Courts in England."

Rules for the appointment of Lay Trustees.

FORT ST. GEORGE; *August* 24, 1844.

The Most Noble the Governor in Council resolves to establish the following Rules for the appointment of Lay Trustees to the several Chaplaincies, in substitution of those of the 1st of March 1833.

First.—Two Lay Trustees shall be appointed to each Chaplaincy.

Second.—At Civil Stations, or Joint Civil and Military Stations, the Senior Civil Servant of the Station shall be a Trustee, provided he is a communicant of the Church of England, and has no objection to hold the office.

At Military Stations—The Officer Commanding the Cantonment, or Garrison, under the same provisos.

Should either of these Officers not be desirous of holding the office, it will be his duty to report the same to Government, and to name for the appointment the Officer next in seniority, Civil or Military, qualified for the Office, who may be willing to undertake the duty.

Third.—The Chaplain, in communication with, and with the concurrence of the Lord Bishop, will nominate, for the approval of Government, a Gentleman in the Service of Her Majesty or the Honorable Company to act as a Co Trustee.

Fourth.—The Lay Trustees shall, in conjunction with the Chaplain, form a Committee of Management on all Church matters, and shall meet for business once in each month, or oftener if necessary. All papers, or references on subjects before the Committee, must be signed by both the Lay Trustees, unless for special reasons to be assigned.

Fifth.—The Chaplain or Officiating Chaplain present shall, as a mark of respect due to religion in the person of her Ministers, preside at all meetings of the Committee of Management, and sign all proceedings and letters as President, and the two Lay Members, in the order of their relative official rank.

Duties of the Lay Trustees.

1. It shall be the duty of the Lay Trustees to present to the Bishop, or his Archdeacon, at their Visitation, or immediately by letter, and at any time on the requisition of the Lord Bishop or his Commissary, any irregularity or scandal on the part of the Chaplain, or in connection with the Chaplaincy, which may have occurred within the District.

2. To aid and assist the Chaplain in the performance of his duties.

Duties of the Standing Committee of Management.

The Committee of Management shall take charge of the School and Charity Funds connected with the Chaplaincy; see that the Church Yard and Burial Ground are kept in becoming order; take charge of the Plate, and the care of the goods, repairs and ornaments of the Church, or other building appropriated to the performance of Divine Service, and represent to Government, through the Ecclesiastical Head, any deficiency in these particulars which they may think it necessary or desirable to supply.

The Chaplain, as President, will report to Government any vacancy in the office of Lay Trustee.

Protection of Church Property at the Chaplaincies.

Fort St. George, *September* 10, 1844.

With a view to the protection of Church property at the Chaplaincies under this Presidency, the Most Noble the Governor in Council resolves, that the Magistrate, or the Chief Military Officer at a Station, be requested, in communication with the Chaplain and Lay Trustees, to receive charge of and make such provision for the safe custody of the property as may be deemed proper.

Abstract of laws regarding Marriages in India.

By statutes 58 Geo. iii. c. 84, and 4 Geo. iv. c. 91, it was enacted that marriages solemnized by a Clergyman of the Church of England in a house of any British subject, at any station; or within British lines by any person *officiating under orders of the Officer Commanding a British Army serving abroad*—shall be considered as valid in law, as if solemnized with due forms of law within Her Majesty's dominions.

Marriages in India before 31st December 1818, by any Minister of the Church of Scotland shall be as valid, as if solemnized by a Clergyman of the Church of England; and after that period also, marriages by a Company's Presbyterian *Chaplain* shall be equally valid, if one of the parties to be married sign a declaration in duplicate of communion with the Church of Scotland.

The Presbyterian Chaplain and witnesses, as well as parties married, are to certify marriage by endorsement on the declaration in duplicate; one copy to be delivered to the parties, *the other to be transmitted to Government.*

Extract from Opinion of Counsel, dated 26th November 1840, *given for the guidance of the Court of Directors.*

"We are of opinion, that marriages solemnized in the British possessions in India, by persons not in holy orders, and not within the provisions of 58 Geo. iii. c. 84, and 4 Geo. iv. c. 91, are not valid marriages, for many of the most important civil* purposes."

Regulations for the Erection of Monuments.

No monument can be erected within any church of the Church of England in the diocese of Madras without the sanction of an episcopal faculty†; which sanction being obtained, the monument is to be put up under the directions of the Church Committee of the Station.—*Min. Consult. 11th Oct.* 1841.

2. A written permission must be obtained from the Chaplain of the district, before a monument can be admitted into any burial ground. The Lord Bishop holds the clergy responsible for the propriety of inscriptions on tombstones which are admitted into burial places under their control.

Size of Monuments at Out-Stations.

Fort St. George, *May* 8, 1832.

Great inconvenience having arisen at many Stations from the general practice which prevails among all classes of erecting Tombs of unreasonable dimensions over the remains of Relatives and Friends, the Right Honorable the Governor in Council has been pleased to resolve, that the size of Monuments hereafter to be erected in the burial ground of any Out-station, shall be limited to seven feet by three and a half.

I remain, Reverend and dear Sir,-

Your faithful Servant,

MADRAS, 27*th May* 1836. DANIEL MADRAS.

"1. Episcopal licenses, on which marriages have been solemnized without previous publication of banns, are to be transmitted to the Registrar of the Archdeaconry with the usual half-yearly returns.

2. On marrying a European soldier to a woman born in India it is the duty of the Clergyman solemnizing the marriage, to explain to the parties distinctly, that a European soldier's wife and children, of whatever class, have an undoubted right to accompany him, either on his return to Europe, or on his proceeding to remain at another presidency or settlement. The designation of the woman thus married, whether European, Indo-briton, or native, must be carefully entered in the register at the time the marriage is solemnized.

3. A Clergyman performing any occasional duty, whether marriage, baptism or funeral, out of his own district, if at a place where no Chaplain is resident, shall transmit a certificate thereof by post to the Registrar of the Archdeaconry *on the same day* on which the service is performed.

4. Particular regard must be paid to the rules for despatch of business forwarded by the Archdeacon with his letter of May 6th, 1834, and to the regulations for the employment of church servants as detailed in letters from the Archdeacon's office under date 15th February 1833 and 19th February 1834.

5. Letters on the subject of pay and allowances should be addressed to the Civil Auditor; but copies of them, and of the replies which may be received to them, should be sent to the Archdeacon for information.

Official Returns of the Clergy.

Ecclesiastical Department.

With a view to ensure regularity and completeness in the Official Returns of the Reverend the Clergy, it is directed by the Archdeacon, under instructions from the Honorable the Court of Directors, and with the approbation of Government, that in future the following regulations be observed, viz.

1. That when any Chaplain or Minister applies for permission to return to Europe, or for any permanent leave of absence from his Station, he shall forward with his application a declaration that he has duly made his Official Returns to the Registrar, or is prepared to do so, up to the day on which his departure from his Station is to take place.

2. That the same rule is to apply to Clergymen removing from one Station to another; and that every Chaplain so removing shall before quitting his Station, not only forward his Returns up to the day of his departure, but transmit also a declaration to the Authorities that he has done so.

3. That, in case of the death of a Chaplain at his Station, a copy of the entries in the Registers from the date of his last Quarterly Returns to the period of his demise, shall be made by the local public authority in whose official possession the original public Registers may happen for the time to be lodged or

come, and be immediately forwarded by such local Officer to the Register; the same being, however, first duly examined and authenticated by the Chief lay public authority of the Station; this being considered the best mode at present of providing for the completeness of the General Quarterly Returns which are transmitted to England by the orders of the Honorable the Court of Directors.

By direction of the Venerable the Archdeacon of Madras, Commissary to the Lord Bishop, dated the second day of October, 1843.

Rules for the Registry of Baptisms, Marriages and Funerals.

1st. Entries in a Church Register can be made by a clergyman only, and of such duties only as have been performed by himself. The entry must be made on the same day on which the service recorded is performed.

2d. Should there be no Register book at the place where the duty is performed, or no chaplain resident to make the prescribed quarterly returns, the clergyman officiating must transmit to the Registrar of the Diocese by post, a certificate of the baptism, marriage, or funeral as soon as the service is over.

3d. Where the Services of a clergyman cannot be obtained, baptisms, marriages and funerals are to be performed by the senior Judicial officer or Commanding Officer at any station, in conformity with the orders that have been issued by Government; and in case of great emergency, a child may be baptised by the parent or guardian, or by some friend acting for the parent or guardian; but it is to be clearly understood that, when any other than a clergyman administers the ordinance, the office for *private* baptism is alone to be used; and that a certificate by the person officiating at the baptism is to be despatched the same day to the Registrar of the Diocese, to be filed among his records.

PROSPECTUS.

The recent important Order of the Governor General of India, which provides that educated persons alone shall be henceforward eligible to employment in the Public Service, and places all individuals, whether educated at Government or at Private Schools upon the same footing, having been extended in principle to this Presidency; it has appeared to several Friends of Education to be due to their fellow Christians, Native, East Indian and European, to afford to them at this time, the means of obtaining a superior sound Christian Education.

This has been considered the more necessary, as the Government Institution for Education, whilst open to all other classes, is practically closed against the conscientious Christian, by its fundamental rule expressly withholding from him the Bible and all religious instruction whatever; although it is obvious that to the Christian community, this must be the foundation of all solid and permanent improvement which shall qualify for high and responsible office.

There is consequently no Institution at this Presidency which now offers to the Christian the opportunity of obtaining that measure of liberal Education which shall enable him to compete with his Hindoo and Mahomedan fellow subject, and take his share in the administration of the Country.

It can scarcely be needful to remark, that if the Native Christian and East Indian population is shut out from the advantages of a superior Education, while such is afforded to all other classes, they must hold a low and degraded position. But this is a position, which it never can be for the well being of the British Government that this large and increasing class, allied in faith, in interest, and in

many respects in habits, with British Christians, should hold. And it is one which would seem to be opposed alike to sound policy, and to that fair consideration which is due to the Native Christian, as the subject of the British Crown and of a Christian Government.

With these views, and with the strong conviction that the Friends of Education in India and England will readily unite in promoting the object, and that the authorities, when satisfied by the large amount of private effort, of the urgency of the demand for an enlightened Christian Education, will extend their wonted liberal support to this, in common with other Institutions; it is proposed to attempt the establishment of a Protestant Christian Institution for Education upon the following basis.

First. That it is the object of the Institution to provide a superior and sound Christian Education, approaching as nearly as circumstances will admit, to a Collegiate Education.

By sound Christian Education is to be understood, religious instruction on all points (without reference to Ecclesiastical Government) common to the XXXIX Articles of the Church of England, and to the Confessions of Faith of the Church of Scotland and of the whole body of the Reformed Protestant Churches of Europe.

Second. That the Institution is designed primarily for Protestant Christians—Native, East Indian, and European born in India—but open, with such limitations alone as shall be necessary to secure the primary object, to all other classes.

Third. That the Institution shall be under the charge of a Principal, who may be a member of any Protestant Church, and shall be a Graduate of one of the Universities of the United Kingdom.

Fourth. That in order to secure for Students of the less wealthy classes the means of continuing under instruction for a sufficient period, Scholarships shall be immediately founded.

Fifth. That the Funds shall be vested in a body of Nine Trustees, (being in the communion of the Church of England,*) either in Government Securities, or, if four-fifths of the Trustees concur, in Land.

Sixth. The Trustees shall have the appointment of Principal and Masters, and the general direction and management of the Institution, with power to fill up vacancies in their number.

A sum of Rupees 50,000 has been placed for this purpose at the disposal of the Trustees, with the proviso, that an additional sum of Rupees 50,000 be raised before the Institution is commenced.

Subscriptions will be thankfully received by Messrs. Arbuthnot, and Co., *Treasurers*, and by the *Honorary Secretary*, ———.

This Institution was established in the year 1808, for the purpose of affording to old, infirm, and diseased Natives, assistance in food, clothing, lodging, and Medical attendance. Since that period it has entertained nearly 300 persons daily; and during the famines which devastated the country in 1824 and 1833, it was the means of saving vast numbers from starvation and death. Throughout the famine of the latter year no less than 30,000 individuals were on an average maintained every day. Wretchedness under every variety of form is here admitted; and the bare existence of wretchedness alone is sufficient to obtain immediate relief.

REGULATIONS FOR PALANKEEN BEARERS.

FORT ST. GEORGE, *March* 3, 1846.

The following revised Rules for the employment of Palankeen Bearers, to have effect from the 15th Instant, are published for general information.

Regulations for Palankeen Bearers employed at Madras and its vicinity.

Para. 1. Palankeen Bearers of all descriptions (9 nine in a set) to be paid, exclusive of the Palankeen, at the rate of (3½) three Annas and half each per day, or Rupees (6) six for a month, allowing the Head Bearer seven (7).

2. The daily hire of Palankeen Bearers is (3½) three Annas and half each. If employed for four hours or a shorter period, they are only entitled to half hire, but if above four hours, then they are entitled to full hire—their employment in any other manner must be by agreement between them and the party requiring their services.

3. Palankeens duly numbered are stationed at the places specified in Table A, and all persons, hiring a Palankeen and Bearers, will be enabled to ascertain the particular Palankeen and Bearers he may employ, and in the event of any loss of property or misconduct on the part of the Bearers, the number of the Palankeen should be immediately reported, with the matter of complaint, to the Post Master General or his Deputy, or to either of the Police Offices.

4. A set of Bearers, required to go beyond the precincts of Madras or Saint Thomas' Mount, Palaveram, Poonamallee, Red Hills, and Ennore, or any place not exceeding 12 miles, if supplied by the Public Authorities, shall consist of (10) ten, but if required for a greater distance of (12) twelve.

5. Bearers, hired to go beyond the precincts of Madras, to be paid according to the distance, calculating the rate of hire at (3½) three Annas and half each, for every 10 English miles.

6. If a person, going beyond the precincts of Madras, remains at a place, he must, for the first day, pay each Bearer (1) one Anna batta. If he remains more than one day, he must pay each Bearer (3½) three Annas and a half per day.

Regulations for Posted Bearers.

7. Travellers within the frontier will be furnished with Dawk Bearers, on application to the Post Master General, or his Deputy at the Presidency, between the hours of 10 A. M. and 5 P. M. or at all hours on emergency; and at out stations to the Collector or Assistant Collector, Post Master or other Authority, duly notified in the Fort Saint George Gazette, stating the places at which they will halt, and the number of hours they will remain at each place. The Officer addressed will receive the deposit mentioned in para 8, order the Bearers to be posted through the different Authorities, and inform the Applicant in the event of any difficulty being experienced in laying his Dawk. In some places 10 days notice will be requisite. Officers laying the Dawk will furnish the Traveller with a list of places where the Bearers are posted in his district, and the same rule will be observed by each Authority on his entering his range.

8. To protect Government from loss on account of demurrage and to provide Bearers for the convenience of the Travellers, the application for a Dawk, in the case of Travellers not belonging to the Madras Presidency, or the Civil and Military Services, should be accompanied by a sum, as a deposit, equal to 6 Annas per mile for the whole distance the Dawk is to be laid, or the security of an House or Agency for the payment of the requisite deposit, when called upon, will answer the purpose; but an assurance in writing, from those connected with this Presidency or United Service of being answerable on demand for

any extra charge that may be incurred, will, at the discretion of the Post Master General or any local Authority, be considered as equivalent to cash deposit,—otherwise it will not be attended to, and the Public Authorities are prohibited from issuing instructions to post Bearers until the deposit or a reference to payment has been made. Of this amount (1) one Anna per mile will be deducted on account of the Bearer Fund and the remaining (5) five Annas paid to the order of the Traveller, should no charges of batta be incurred by him.*

9. When the Traveller proceeds by Dawk, beyond the Frontier, he will be required to pay as a deposit, to cover any additional expences, (1) one Rupee for every 2 miles.

10. Each Traveller is henceforth required to pay the Bearers the regulated hire, personally, on his arrival at the stage, according to the Memorandum which may be furnished to the set, by the Collector, Post Master, Superintendent of Police, or other Officer on whom the duty of posting Bearers may devolve; but all demands on account of demurrage shall first be submitted to the Post Master General for adjustment.

11. At the conclusion of the Dawk, the Traveller is requested to countersign each of the lists of stages furnished to him, and return the same, post not paid, to the Authorities respectively who issued them, from the nearest Post Office, for official record, noting upon them any cause of complaint, which will be attended to. If the document is to be returned to or at Madras, it should be sent to the Post Master General. The Post Masters in the interior will be authorized to remit the postage charged on these documents.

12. If Bearers are detained on the road, they are to receive (1) one Anna each for the first day, and (3½) three and half Annas for each succeeding day, from the party for whom they are posted, whether they are used or not, and after remaining 3 full days they will be discharged and without further instructions return to their homes, unless notice is given for their further retention, and the party ordering them will be charged with batta for the same, and in addition to half hire for going out and returning both inclusive. Bearers carrying an empty Palankeen shall be entitled to (1) one Anna and (6) six Pice per mile, for the distance they convey the same, in addition to travelling hire to which they may be entitled under these Rules.

13. All applications on the subject of posting Bearers (except when made on service by one Public Officer to another) shall be post paid, and superscribed "Bearer Service," in order that no delay may occur in their being opened by the proper Authority. If this rule is infringed, the Traveller will be held responsible for any charge that may be incurred consequent thereon.

14. A set of Dawk Bearers will comprise fourteen men, viz. twelve Palankeen Bearers, one Masaljee, and a Cowry Cooly, for which the charge shall be at the rate of (5) five Annas per set, except in the Provinces, for every mile they carry a loaded Palankeen, exclusive of the charge for torch and oil, and this charge shall be the same, whether a Cowry Cooly be employed or not. As Cowry Coolies are not to be procured in some places 2 Coolies will be employed, and a charge made for the second at the rate of 4 P. 28¾ cent per mile. The charge for torch and oil, at the rate of (8) eight Annas for 20 miles, should be paid by the Traveller on his arrival at each stage. No gratuity is to be awarded to the Bearers by the Traveller.

---

* With reference to this para. the following Notification was published by the Post Master General on the 17th July 1846.—COMPILER.

"With reference to para. 8 of the revised Regulations for Posted Bearers, it is hereby notified, that the existing practice of levying the Bearer Fund from Officers in Government employ after arrival at the relay or station, has been attended with inconvenience, trouble and unnecessary correspondence; to save which, the aggregate amount of Bearer Fund will henceforth be levied in advance for the whole distance the Dawk is laid, as far as lies within the Madras Territories, by the Authorities by whom the Dawk is laid.

C. P. BROWN, *Post Master General.*

15. The rate of hire to be paid to the Bearers in the Provinces will be fixed by the local Authorities. When Bearers are brought from a distance, the Traveller will only be required to pay the regular hire and travelling hire, and no Bearer Fund charged for that portion of the distance.

16. Sets of Bearers shall receive (3) three Pice each Bearer for every mile they travel to their post, which allowance is called travelling hire, except for such part of the road as they travel over again with the loaded Palankeen, for which part they shall not be entitled to travelling hire, unless the distance which they travel to their post exceeds 40 miles, in which case they shall be entitled to travelling hire for the whole distance, notwithstanding they return over a part or the whole of it with a loaded Palankeen.

17. When a Dawk has been ordered and circumstances may render it expedient for the Traveller to postpone his journey or to abandon it altogether, he will, in the event of the salaried Bearers having been refused on his account to another Applicant, be liable to the whole charge of (8) eight Annas per mile, in like manner as though he had employed them; but in the event of no other application having been preferred for these Bearers, he will not be liable to any forfeit.

18. In case a set of Bearers, which has been posted for any Traveller and has received hire to such post, may be subsequently required for any other Traveller, such person shall pay the set the established rate for every mile they carry him, and if the set be detained, he will be liable to the charge for detention, specified in para. 12.

19. When a set of Bearers is posted or a Dawk laid for a Traveller, either by the Post Master General or the Authorities in the interior, no other Traveller shall employ them, without the authority or knowledge of the Officer who posted the set or laid the Dawk; but should any individual so act in violation of the orders of Government, he will be liable, in addition to the regulated hire of the Bearers used, to all and every extra charge incurred by the Traveller for whom the set was originally posted or Dawk laid.

20. In order to facilitate the keeping of accounts, all fractional portions of a mile will be struck out. If the fractional part exceed the half, the Bearers will enjoy the benefit of a full mile; if less than the half they will not be entitled to any hire for the same.

21. All charges of hire shall be made agreeably to the Table of distances and routes in the Madras Road Book.

22. The load for a Cowry Cooly shall not exceed 50 lbs. weight, divided, as nearly as possible, into two equal portions of 25 lbs. each.

23. It is to be understood, that although Government have directed its Public Servants to lay Dawk Bearers for the convenience of the Public, and will cause due pains to be taken to ensure regularity and a punctual attendance to all requisitions, yet that neither Government nor any of its Officers are to be held responsible to the Traveller, for any unavoidable disappointment he may meet with on his journey, or for the expenses consequent thereon.

24. In cases of surcharge, or a charge being made which to the parties complaining appears irregular, it will be the duty of the Post Master General at Madras to investigate the matter with a view to afford redress. The decision by the Post Master General at the Presidency, in all references relative to Dawk Bearers, to be considered final, except in instances when the Bearers are posted by him or the Deputy Post Master General, in which case the party considering himself aggrieved will be permitted to appeal to Government.

25. It is to be understood, that nothing in the foregoing Rules is intended to interfere with Travellers applying to private individuals to post their Bearers, should they prefer making their own arrangements, without the intervention of the Public Authorities, but that no Public Officer will attend to a requisition, until the required deposit, indicated in para 8, is made, or a reference for payment is obtained.

Rules,

Financial Department, Fort St. George, April 4, 1834.

The Right Honorable the Governor in Council directs that the following Rules of a Savings' Bank, established in Madras under the guarantee and responsibility of Government, be published for general information.

1st. The Bank to be denominated "the Government Savings' Bank."

2d. All classes, British and Native, may invest their savings in the Government Savings' Bank.

3d. The return of the exact sum deposited, together with the interest due thereon at the undermentioned rate, is secured to the Depositor under guarantee of the Government.

4th. The general direction and control of the Bank shall be vested in a Committee of Management, to be nominated by the Governor in Council. The

Committee shall meet at such stated periods as may be necessary for the due and efficient control of the proceedings of the Bank.

5th. The Government Agents are charged with the immediate superintendence and execution of all details connected with the Bank. They will be also ex-officio Members of the Committee of Management. The Sub-Treasurer, as one of the Government Agents, will be ex-officio Secretary to the Bank.

6th. A Register of Deposits will be kept, and generally such other accounts as may be determined on and approved of by the Managing Committee.

7th. Any sum not less than one Rupee will be received in deposit.

8th. Whenever any sum deposited by one individual shall amount to 500 *Company's* Rupees, the same will be transferred from the Bank deposit in the General Treasury, and subscribed on account of the Depositor to the *five* per cent. Bengal Government Loan *of the* 31*st March* 1841; until further notice, unless an intimation of its withdrawal, or the withdrawal of a portion of it, be given by the Depositor within one month after it has reached that amount; and all Government Securities shall be handed over to the Government Agency at the expiration of 3 months (subject to all the Rules which obtain in that Department) unless counter instructions be immediately received from the Proprietors.

9th. Interest at 4 per cent. per annum will be allowed on deposits until further notice.

10th. The interest will be calculated on a deposit from the 1st day of the month succeeding that in which it shall be received, and up to the last day of the month preceding that in which it shall be withdrawn. No interest will be allowed for broken periods of a month, nor calculated on fractional parts of a Rupee.

11th. The Government reserves to itself the power of lowering or raising the rate of interest, such alteration not to affect deposits above 500 *Company's* Rupees previously invested in Public Securities, and due notice to be given in the Fort St. George Gazette of the intention of Government six months before the alteration shall take effect.

12th. All deposits will be regularly entered in a book at the time they are made, and the Depositor of the deposit made at the Presidency will be furnished with a small book having a duplicate of the entry. This book is to be brought to the Bank whenever any sum is deposited or withdrawn. The account thus kept will be closed on the 30th April of every year, and the balance of interest due at that period will be paid to the Depositor, or carried to account, thenceforward to accumulate at compound-yearly interest, until it shall amount to 500 *Company's* Rupees, when the same will be transferred from the account of the Bank, and subscribed on account of the Depositor to the Bengal Government *five* per cent Loan, as per Rule VIII., unless notice of withdrawal be given within one month as above, or unless the rate of interest be altered as provided for in Rule XI.

13th. *No person or persons to deposit money for the benefit of any other person or persons, except Parents on behalf of, and on account of their Children being minors. If such deposits are made in the Children's names, they cannot be withdrawn without an authority from the Children,—no trust will be allowed to appear on any deposit. Provided however, that this Rule shall not be construed to prohibit Individuals resident out of Madras, or females, who according to the manners and customs of the country do not usually make their appearance in public, from making their deposits in their own names, by the hands of other persons as Agents on their behalf.*

14th. No sum deposited to be transferable, excepting on the personal application of the depositor, supported by written sanction. When peculiar circumstances render a deviation from this Rule necessary, the case shall be submitted to the Committee of Management for their sanction.

15th. No person will be allowed to deposit any money without making known his or her name, together with his or her profession, business, occupation,

calling, and residence. A duplicate of this description will be entered in each Depositor's book, to be produced whenever any sum is afterwards deposited or withdrawn.

16th. Depositors will be at liberty at any time to withdraw any sums or portions of sums deposited by them, receiving interest calculated up to the end of the month preceding that in which the withdrawal is made.

17th. As a general rule, deposits, with the interest due thereon, will be repaid to the Depositors personally in all practicable cases. In the cases of individuals unable to attend in person, the Secretary will exercise his discretion in regard to repayments of deposits to responsible persons duly authorized by such absentees to receive the same.

18th. Military Officers and Soldiers, European and Native, will be allowed to invest their savings in the Government Savings' Bank, through the Paymasters of Corps or Divisions; and Officers and Servants of the Civil Establishments, European and Native, through the Residents, Collectors, and other Officers in charge of Public Treasuries, or who are competent to sign Pay Abstracts of Civil Establishments; and Residents, Collectors, Paymasters, and other Officers in charge of Public Treasuries, are hereby authorized to receive Subscription to the Bank, or to deduct monthly from their Abstracts such sums as the parties within their circle of payment may be desirous of depositing, not being less than one rupee, nor more than 500 *Company's* rupees.

19th. The deposits referred to in the preceding rule are to be brought to the credit of Subscribers on the last day of the month in which the payment or deduction is made; and Rules XVI and XVII, respecting the withdrawal of deposits by parties subscribing through Residents, Collectors, Paymasters, and other Officers in charge of Public Treasuries, will be carried into effect under instructions which will be furnished to them by the Accountant General.†

20th. In case of the death of a Depositor, the sum at his credit will be paid to his or her Executors or Assigns; or in case of no will, according to the law on this head, or the Regulations of the Service if the deceased be Military.

21st. In case of any difference between the Secretary of the Bank and any Depositor, it shall be referred for the decision of the Committee of Management.

22d. A general statement of the Funds of the Bank shall be annually made out to the 30th April after the 1st May? The same to be submitted for the information of Government, and published in the Fort St. George Gazette.

23d. The Bank to be open on Tuesdays and Fridays, and all balances above 500 Rupees to be paid over at the close of each day's proceedings by the Secretary into the General Treasury, where an account with the Bank will be opened and kept.

The Government Savings' Bank will commence business on the 1st proximo.

It is however to be understood that the refining Charge for under Standard Silver is not to be levied where the Mint sustains no loss by the remission, and in regard to Gold the Mint Committee will regulate the refinage charge so that it shall not exceed the cost actually incurred in reducing the Gold to Standard.

Parties bringing bullion to the Mint for Coinage shall be at liberty to withdraw the same within two days of the Assay report being made if dissatisfied with the valuation, but on payment of fees for Assay, viz. four Rupees for each sample of Gold and Two Rupees for each of Silver, together with the actual charges of melting the same, or they may be allowed a re-tsial, but if the second Assay give the same result, they shall become liable to double fees upon withdrawing their bullion, otherwise only to the authorized fees for the extra Assay.

1st. It is hereby notified that Madras Rupees, i. e. Rupees of the Madras Mint previous to the Coinage of 1835, and the different sorts of the Furruckabad Rupee will be received at the Madras Mint at their par value for Company's Rupees without deduction for seignorage, provided they have not lost by fair wear more than the regulated limit of lightness, viz. one and half per cent; and light Madras or Furruckabad Rupees which may have fallen in weight below that limit, will also be received at the Madras Mint without charge for seignorage according to their Bullion weight.

2. The above principle will also be observed in receiving the Madras and Furruckabad Rupees in payment of public demands at the Treasuries of the Collectors, &c. in the Districts under this Presidency, and in receiving the Madras Rupees at the General Treasury.

The object of this Fund is to afford relief to the Widows and Orphans of persons not in the covenanted service of Government, and others, who have no similar institution to look to for making a provision for their families. It consists of two branches, namely, a Widows' branch and a Children's branch. The benefits of the former are secured by the payment of a donation (equal to two years' subscription,) as entrance money, and a monthly subscription, for which the widow will enjoy a pension equal to six times the rate of subscription. In the Children's branch, a monthly subscription on account of each child, will secure a pension equal to four times the amount of that subscription, until a specified age. The capital of the fund amounts to about one lac and eighty-five thousand (1,85,000) Rupees: it has about 260 Subscribers in its connexion, and its present liabilities do not exceed 7,500 Rupees per annum whilst its income exceeds 30,000 Rupees per annum.

GOVERNMENT LOANS.

NEW 5 PER CENT. TRANSFER REMITTABLE LOAN.

Not payable before 22d April 1851. Opened 13th October 1834. Notes to be dated 31st December 1834.

GOVERNMENT ARRANGEMENTS REGARDING 6 PER CENT. REMITTABLE PAPER.

Fort William, Financial Department, 13th October 1834.

1. Notice is hereby given, that the Sub-Treasurers of Fort William, Fort St. George, and Bombay, are severally authorized to receive from and after the 15th of this month, any of the Six per Cent. Promissory Notes of this Government bearing date the 30th June 1822, that may be tendered for transfer into a new Loan to be opened under the conditions hereinafter stated, and to grant in exchange thereof Certificates or Acknowledgments, entitling the Proprietors, or their Representatives, to receive Promissory Notes of the Supreme Government in the form and manner specified below.

2. A Bonus or Premium of 5 per Cent. will be granted on all transfers made under this Advertisement: that is to say, for every Note surrendered for transfer, a new Note will be issued for a principal sum exceeding the principal sum of the Note surrendered, in the proportion of 105 for every 100 Sicca Rupees; and the Note so issued in exchange will bear interest at the rate of 5 per cent. per annum from the 31st December next ensuing, which will be its date. The interest will be paid half-yearly, on the 30th of June and 31st of December of each year, in the manner hereinunder provided.

3. Transfers into this Loan will be received until the 15th of February next, and not after that date; and the Proprietors of Notes that may be surrendered for transfer shall receive interest thereon up to 31st December next, at the rate of 6 per Cent. in the same manner as if the Notes had not been surrendered, and with a like privilege to Proprietors resident in Europe to receive the said interest in cash, or by bills at one year's date, and at the exchange of 2*s.* 1*d.* for the Sicca Rupee. From and after the said 31st December next, interest will be paid as may be stipulated in the new Notes to be given in exchange, and all demand on account of the Note surrendered shall cease.

4. The Notes of the 6 per Cent. Loan of the 30th June 1822 that were advertised for payment on the 9th May last, viz. No 1 to 887, will be received for transfer in like manner with those now or hereafter advertised, and whether tendered before or after the 31st December next, the calculation and adjustment of interest shall be the same; that is to say, at the rate of 6 per Cent. on the principal sum of the Note to the 31st December next, and from that date at Five per Cent. on the principal sum of the new Note given in exchange, as will be stipulated therein.

5. Promissory Notes of the new Five per Cent. Transfer Loan opened by this Advertisement, will be registered and numbered in the order of the applications made for Promissory Notes in exchange for the Sub-Treasurer's Certificates: that is to say, in the order in which the Notice thereof may be received in the Office of the Accountant General at Calcutta. The accounts of this Loan will be closed on the 15th February next; and whenever it shall be paid off as provided below, if the whole Loan be not at once advertised for payment, but only part thereof, the numbers selected for first payment shall be those last on the register.

6. For the convenience of Proprietors of Notes of the 5 per Cent. Transfer Loan who may be resident in Europe, the Honorable the Court of Directors have made arrangements, whereof they have given public notice in England, to provide that Notes of this Loan shall, at the option of such Proprietors, be registered in the Auditor's Office at the East India House in London, so as to allow of their being sold in England without previous reference, and the employment of Agents to effect the transfer in India. When Notes may be so registered at

the India House the interest payable thereon will be issued in England only at the periods when the Bills for the same would become due, supposing the interest payable in India by the terms of the Notes to have been taken in Bills.

7. It is hereby declared and stipulated, that no part of the Transfer 5 per Cent. Loan opened by this Advertisement, shall be paid off before the 22d April 1854; and whenever it shall be redeemed, a previous notice of fifteen months shall be given by public Advertisement, the period of which shall expire on some date subsequent to that above stated, and not prior thereto. When payment shall be made of the whole or of any part of the Notes of this Loan, it shall be at the option of Proprietors to receive the principal sums due on their Notes respectively, either in cash at the General Treasury at Calcutta, or in Bills to be drawn in India on the Honorable the Court of Directors of the East India Company, payable at 12 months date, and at an exchange of 2*s.* 1*d.* for the Sicca Rupee, the Court of Directors having the option when the Bills shall fall due, of postponing payment thereof for one, two or three years, paying interest at the rate of 5 per cent. per annum for the period of such postponement. The notice of payment duly advertised as above, and published in the *Government Gazette* of Calcutta, shall be considered as equivalent to a tender of payment on the date advertised for discharge, and all interest will cease from that date.

8. The interest of the Promissory Notes of the 5 per cent. Transfer Loan will be paid in cash to Proprietors resident in India; but Proprietors resident in Europe may take the interest at their option in Cash, or in Bills of one year's date to be drawn on the Honorable Court of Directors, at the exchange of 2*s.* 1*d.* (Two Shillings one Penny), for the Sicca Rupee.

9. Proprietors residing within the Presidencies of Fort St. George and Bombay, shall be entitled to receive interest at the exchange of one hundred and six and a half Madras and Bombay Rupees for one hundred Calcutta Sicca Rupees, from the General Treasuries of those Presidencies respectively; but before the interest of any Note shall become payable at either of those Presidencies, notice shall be given to the Accountant General of the Bengal Presidency, and the Notes shall be brought or transmitted to that Officer, that the order for such payment may be inscribed on the face of the Note, after which the interest shall be payable only at the Treasury mentioned in the order; but if it be desired to change the Treasury of payment, application may be made to the Accountant General of the Presidency where it may be payable, and the order may by him be cancelled.

10. The Accountant General of Bengal may, on the application of Proprietors, and for their convenience, make the Interest on Notes of this Loan payable at any other Treasuries of issue under this Presidency by a similar order: but Proprietors shall not be entitled to claim this accommodation if the Accountant General should think proper to refuse it.

11. Notes of this Loan may be consolidated and divided in the usual manner; but if consolidated, they shall be so on the highest number.

12. The Certificates to be granted by the Sub Treasurers of Bengal, Madras and Bombay, upon surrender of Notes of the 6 per cent. Loan of the 30th June 1822 for transfer into the 5 per cent. Transfer Loan, shall be in the following form:

CERTIFICATE OF TRANSFER.

Published by order of the Honorable the Vice President in Council.

H. T. PRINSEP,
Secretary to Government.

By an Order in the Financial Department of 17th June 1835, an option is given to holders of 6 per Cent. Paper, and of 5 per Cent. Transfer Notes, to transfer on the same conditions as the above into a Book Debt Loan: the following is the Order.

FORT WILLIAM; *Financial Department*, 17*th June* 1835.

Notice is hereby given, that the Honorable the Court of Directors having, in an Advertisement, dated East India House, the 17th of September 1834, notified to Proprietors of Bengal six per Cent. Remittable Paper, resident in Europe, who had made known, or might make known, before the 1st of December following, at the Auditor's office, in the India House, their wish to transfer their Notes of that Loan into the New five per Cent. Transfer Loan, under the conditions specified in the Court's Advertisement of the 14th May 1834, that the pro-

perty in the new Loan would be held in the form of Stock, instead of Promissory Notes; that Stock Receipts would be granted in Bengal to the respective Proprietors, or their Agents, in exchange for the Promissory Notes transferred; and that the new stock would be transferable at the place of registry, in books to be kept for that purpose in London and in India;—in pursuance of that notification and the orders of the Honorable Court, the Sub-Treasurer at Fort William is authorized to receive any of the six per cent. Promissory Notes of this Government, bearing date the 30th June 1822, that may be tendered for transfer into the New five per cent. Loan, in fulfilment of the intention of the Proprietors signified at the India House, under the advertisement of the 17th September last, and to grant Stock Receipts to the respective Proprietors, or their Agents, in exchange for the Promissory Notes transferred.

2. A Bonus or premium of 5 per cent. will be granted on all transfers made under this Advertisement; that is to say, for every Note surrendered for transfer, a Stock Receipt will be granted for a principal sum exceeding the principal sum of the Note surrendered, in the proportion of 105 for every 100 Sicca Rupees; and the Stock Receipt will bear interest at the rate of five per cent. per annum, payable, if the Proprietors are resident in India, in cash at the place of registry, and if resident in Europe, at their option, either in Cash in India, or by Bills on the Court at 12 months' date, at 2*s*. 1*d*. the Sicca Rupee.

3. The transfers under this Advertisement will take effect only at the period when the Notes to be transferred shall fall to be discharged, according to the Notices published from the Financial Department under the dates respectively of the 9th May and 13th October 1834.

4. The property of the New Loan here advertised is to be transferable only in books to be kept in Bengal, at Madras, at Bombay, and in London, and not by endorsement of Stock Receipts, on the face of which it is to be declared that they are not transferable. Proprietors of Stock Receipts will be entitled to the option of transferring from the books of Bengal to those of either Madras, Bombay, or London. Having availed themselves of that option, the property cannot again be registered in Bengal, or at either of the other places, unless upon transfer effected at the place at which they may have chosen to register it.

5. After transfer has been made to London, the interest payable on the Stock so transferred will be issued in England, at the same periods as when the bills would have become due, had the remittance of interest been previously received by bills under the option allowed in the second article of the present Notice.

6. It is hereby declared and stipulated, that no part of the Transfer Five per Cent. Loan opened by this Advertisement shall be paid off before the 22d of April 1854, and whenever it shall be redeemed, a previous Notice of fifteen months shall be given by public Advertisement, which notice may be issued at any time after the 21st January 1853. Payment shall then be made, at the option of the Creditors, either in Cash in India, or by Bills upon the Court at twelve months' date, and at 2*s*. 1*d*. the Sicca Rupee; with power to the Court to postpone payment of those bills for one, two, or three years, upon allowing Interest at Five per Cent. per annum for the period of postponement. The Notice of payment duly advertised, as above, and published in the *Government Gazette* of Calcutta, shall be considered as equivalent to a tender of payment on the date advertised for discharge, and all interest will cease from that day.

7. Proprietors who shall transfer to the Books of Madras and Bombay, will be entitled to receive interest at the exchange of One Hundred and Six and a half Madras or Bombay Rupees, for One Hundred Calcutta Sicca Rupees, from the General Treasuries of those Presidencies respectively.

8. The Accountant General of the Supreme Government may, on the application of Proprietors of Stock registered in the Books of Bengal, and for their convenience, make the Interest of such Stock payable at any other Treasuries of Issue under the Bengal or Agra Presidencies; but Proprietors shall not be entitled to claim this accommodation if the Accountant General should think proper to refuse it.

9. Stock of the Five per Cent. Transfer Loan opened by this Advertisement may be consolidated and divided, at the pleasure of the Proprietors, in the Books in which it is registered.

10. Proprietors of Six per Cent. Remittable Paper who may transfer into the Five per Cent. Loan now advertised, shall not be subjected on this operation to the fees prescribed in the Regulations for the Government Agency.

11. Proprietors of the Five per Cent. Transfer Notes issued under the Advertisement of this Department, bearing date 13th of October last, or their authorized Agents, will be permitted to transfer their property into the Book Debt Loan. For this purpose a period of four months will be allowed to the holders of Five per Cent. Promissory Notes, or their Agents, and it is hereby notified, that during the same period fresh Transfers will be allowed to the Book Debt by holders of Six per Cent. Remittable Paper.

12. Forms of Stock Receipts will be published in a future notice.

Published by order of the Honorable the Governor General of India in Council.

G. A. Bushby, *Secy. to Government.*

Fort William; *Financial Department, the 17th June* 1835.

Notice is hereby given, that Proprietors, resident in Europe, of Six per Cent Remittable Paper, or of Five per Cent. [*The Public Agency Regulations, dated Fort William, December* 31, 1810, *having from time to time undergone alteration, it has been judged inexpedient to print them again as originally published: the following amended Regulations are therefore substituted, being those now in force.*—COMPILER.]

2d. The Governor General in Council has been pleased to authorize the Accountant General and the Sub-Treasurer for the time being, to act under the responsibility of the Honorable Company, as Agents (for the purposes hereinaftermentioned) of the public creditors of this Government, whether residing in Europe or elsewhere.

3d. The Officers abovementioned are authorized to receive charge of, and to grant receipts in duplicate for any Obligations or Loan Acknowledgments of this Government, which the Proprietor may wish to deposit with them. No Note is to be received in deposit, which shall not appear to be made out in the name of, or be regularly indorsed to, the persons depositing it. Persons desiring to deposit their Government Securities shall make their application to the Accountant General and Sub-Treasurer in the Form hereunto subjoined, No. 1; and the receipt of those Officers will be given in the Form No. 2.

4th. The Officers abovementioned will receive the Interest on any Government Paper which may be deposited with them, and will, according to the instructions of the Proprietor, remit the amount, either to England in Bills to be drawn on the Honorable the Court of Directors, if the same shall be payable in such Bills by the terms of the Loan, or to the Presidencies of Fort St. George or Bombay, by Drafts on the Public Treasuries of those Presidencies, or to any of the Stations subordinate to this Presidency, by Drafts on the Collectors, or on the Residents at Delhi or Lucknow, according to the rates of exchange at which Government may draw at the time, or they will pay the amount at the Presidency to any person nominated by the Proprietor to receive such payment. The instructions as to the manner in which the Interest is to be paid, must be made out according to the Forms hereunto subjoined, Nos. 3, 4, and 5, which are adapted to the several cases above specified. The Proprietor will be at liberty to substitute one of these modes of receiving the Interest for the other, as often as he shall think fit; provided that the fresh instructions be delivered at the Treasury one month before the day on which the Interest falls due. Persons having more Notes than one in deposit may give separate instructions regarding the Interest on each Note, but the whole of the Interest on each Note must be received in the same manner and at the same time.

5th. When the Principal of any Government Paper so deposited shall become payable, the abovementioned Officers will, according to the instructions of the Proprietor, either pay the amount, with the Interest due upon it, to such persons as shall be appointed to receive the payment; or they will reinvest it in any other Loan to which it may be subscribable at the time, or in the purchase of other Obligations or Loan Acknowledgments of this Government in the market, at the current price of the day.

The instructions for these purposes must be made out according to the Forms hereunto subjoined, Nos. 6, 7, and 8, which are adapted to the three several cases above specified. The Proprietors may at any time substitute one of these modes of disposing of the Principal for the other, provided that the fresh instructions be delivered at the Treasury one month before the day on which the principal falls due. Persons having more Notes than one in deposit may give separate instructions regarding each Note, but the whole amount of each Note must be disposed of in the same manner and at the same time.

6. If any Loan be opened by the Government of Fort William, into which the Paper deposited may be receivable, the Officers abovementioned are authorised to subscribe the paper so deposited to such Loans, upon receiving the instructions of Proprietors for that purpose, although the Notes may not be in course of payment. Instructions for this purpose must be made out according to the Form No. 9.

7th. The Officers abovementioned are authorised to receive remittances, from individuals desiring to purchase the public securities for deposit with them, and to invest the amount, according to the instructions of the Proprietor, in the Government Securities, either by subscribing the amount to any Loan which may be open for the receipt of cash, or by purchase in the market at the current price of the day: instructions for this purpose shall be made out according to the Forms hereunto subjoined, Nos. 10 and 11.

8th. The Officers abovementioned are further authorised to invest the amount of Interest due on paper deposited with them in the Government Securities, in either of the modes mentioned in the last clause, upon receiving the Proprietor's instructions for that purpose: such instructions must be made out in the Form hereunto subjoined, No. 12.

9th. The same Officers are further authorised, at any time, on receiving proper authority and instructions from the Proprietor for that purpose, to indorse any one or more Notes deposited with them, as Attorneys of the owner, to such person as he shall direct, or to sell the same on the owner's account at the current price of the day, and to pay over the proceeds in cash at the Treasury, to such person as the Proprietor may appoint to receive the same, provided that the whole amount of each Note sold shall be payable in one sum, and to the same person. Any fees which have become due according to the rates hereinafter prescribed upon the paper required to be indorsed, are to be paid before the indorsement is made; or in the case of the sale of the paper, the fee shall be deducted from the amount proceeds before it is paid over. The power of attorney to indorse, or to sell, must be made out according to the Form No. 13; the direction to indorse according to the Form No. 14; and the direction to sell, and the order to pay, according to the Form No. 15.

10th. If Government should at any future period grant a remittance of the Principal of any Paper deposited under the terms of this Advertisement, the Officers abovementioned will remit the Principal upon receiving instructions from the Proprietor to that effect: such instructions must be made out according to the Form No. 16. The Proprietor may at any time withdraw the Government Securities deposited, or any part of them, from the charge of the abovementioned Officers, and such Securities will be delivered up to the Proprietor himself, or to any other person whom he may authorize to receive them, upon payment of such fees as may have become due to the Accountant General and Sub-Treasurer, according to the rates hereafter specified, upon the Paper so required to be delivered up. The authority to receive deposited Paper must be made out according to the Form No. 17.

12th. In each of the cases on which the Officers abovementioned are authorized to invest money in the public securities, it is to be understood that they will invest as nearly as possible the whole amount, but that they are in no case, and upon no account, to exceed it. Such fractional sum as may remain in their hands above the amount invested, will be payable on demand at the Treasury to the order of the Proprietor: such order is to be made out according to the Form No. 18.

13th. The full postage must be paid on all letters directed to the Officers abovementioned, and the full postage on all letters from them will be charged to the persons to whom they are addressed. All letters addressed to them are to be superscribed in the following manner:

"*To the Accountant General and Sub-Treasurer,*
Fort St. George."

14th. The responsibility of the Honorable Company is strictly confined to the cases above specified, and to such transactions as shall be conducted according to the prescribed forms. These forms will be printed and furnished in blank at the different Presidencies, and at the India House, to persons desirous of availing themselves of the agency of the public servants, and no other than the forms so furnished will be received or acted upon by those Officers.

16th. Such fees or commission as may have become due on any of the abovementioned transactions, from any person depositing Paper, will be deducted by the Accountant General and Sub-Treasurer, from the first interest received by them, from any Paper in deposit belonging to such person; but if these Officers shall in any instance omit to deduct their fees or commission from the interest coming first into their hands, they shall not be at liberty to make the deduction at any future period.

17th. Government reserves to itself the liberty of withdrawing the authority hereby granted to the Accountant General and Sub-Treasurer, upon giving two years notice of their intention so to do in the Calcutta Gazette, and at the expiration of such Notice those Officers will cease to act in the concern of individuals; but any Government Paper which may have been deposited with them will remain for safe custody at the Treasury until claimed by the Proprietor.

COMMERCIAL TABLES.

Tables of Money, Weights and Measures.

MONEY.

Accounts were formerly kept in Madras in Star Pagodas, Fanams, and Cash, viz.

80 Cash to 1 Fanam;

42, 44 or 45 Fanams, 1 Star Pagoda.

Government, the Banks, and all the Houses of Agency kept their accounts at 42 Fanams the Star Pagoda: the Shops and Bazars at 44 or 45.

The Star Pagoda exchanged in the Bazar for about 45 Fanams, but it fluctuated according to circumstances.

The coins in circulation were the Star Pagoda, the Arcot Rupee—3½=1 Star Pagoda;—(it exchanged in the Bazar for 12 Fanams 60 Cash;) the double and single Fanam, and the Doodie, 8 of which=1 Fanam.

There was also a copper coin sent out from Europe of 20, 10, 5, and 1 Cash value, the latter being worth 8,75ths, or about the 9th part, of a farthing.

The Currency was altered in January 1818, by a Proclamation which constituted the Silver Rupee the standard coin. To this the public accounts were all converted at an exchange of 350 Rupees per 100 Pagodas; and the new Silver coinage was made to consist of Rupees, Half and Quarter Rupees, Double and Single Annas, the Rupee containing 165 grains of pure silver and 15 grains of alloy, and weighing 180 grains, and the other Coins bearing the due proportion to the same.

12 pice, or pies = 1 anna,
16 annas = 1 rupee,
3½ rupees exchange in account for 1 pagoda.

A lac of Rupees is 100,000: a crore of Rupees 100 lacs, or 10 millions.

The Act of the Legislative Council of India (passed in 1835) assimilating the currency over the Country, changes the design, but leaves the new coinage of a precisely similar value to that of Madras according to the above Regulation. The following is the Proclamation on the subject:

PROCLAMATION.

The Honorable the Governor General in Council has resolved, that the device of the New Rupee, Double Rupee, Half Rupee and Quarter Rupee, to be issued from the Mints of India, from and after the 1st September 1835, in conformity with Act XVII of the same year, shall be as follows:

On the Obverse, the head of his Majesty William the Fourth with the words,

William I I I I, King.

On the Reverse the denomination of the Coin in English and Persian in the centre, encircled by a laurel wreath, and around the margin the words,

East India Company, 1835.

The new coin shall be milled on the edge, with a serrated or upright milling.

The Rupee shall measure in diameter one inch and two-tenths of an inch, or *one tenth of a foot*. The diameter of the Double Rupee shall be one inch and a half; that of the Half Rupee, or *Eight Anna Piece*, shall be ninety-five hundredths of an inch; and that of the Quarter Rupee, or *Four Anna Piece*, shall be three quarters of an inch; these measures being severally the relative proportions to the Rupee provided in the Act aforesaid.

The weight, standard fineness, and value of the new (or Company's) Rupee, as defined in the Act, are here repeated for general information.

Weight, 180 grains Troy, or *one tola*.

Standard Quality, eleven-twelfths Silver, one twelfth Alloy.

Value, equal to the Madras, Bombay, Furukhabad, and Sonat Rupee; and to fifteen-sixteenths of the Calcutta Sicca Rupee.

The weights of the other Silver Coins, viz. the Double, Half, and Quarter Rupees to bear a due proportion thereto.

The following Proclamation of the Government of India, respecting a new gold coinage, was issued on the 13th January 1841.

PROCLAMATION.

The Governor General in Council is pleased to notify, that the Gold Coins henceforth to be issued from the Government Mints at the different Presidencies in India, in conformity with Act No. XVII. of 1835, shall bear the following Device:

On the Obverse—The Head of Her Majesty Queen Victoria, with the words

Victoria Queen, 1841.

On the Reverse—A Lion and a Palm Tree in the centre, with the designation of the Coin in English and Persian below, and around the margin the words

East India Company.

The coin will be milled on the edge like the Rupee.

The weight and standard will be according to the Act as follows:

Weight of the Gold Mohur or Fifteen Rupee Piece—180 Grains troy.

Standard of ditto $\frac{1}{11}$ or 165 Grains pure Gold, $\frac{1}{21}$ or 15 Grains alloy.

The other Gold Coins, viz. the Five Rupee, Ten Rupee and Thirty Rupee, or double Gold Mohur Pieces, will be of the same standard as the Gold Mohur or 15 Rupee Piece, and of proportionate weight.

Officers in charge of Public Treasuries are hereby authorized freely to receive these Gold Coins, at the rates, until further orders, respectively denoted by the denomination of the Pieces, until they shall have passed the limits of lightness allowed for wear laid down in the annexed table, when they will only be receivable as Bullion, and be subject to a deduction of one per cent. for seignorage:

MEASURES

Grain or Dry Measure.

8 ollucks,	*make*	1 measure, or puddy,
8 measures,	„	1 marcal,
400 marcals,	„	1 garce, wt. 9256$\frac{1}{4}$lbs.

Each parah is to be 2 feet square and 6½ inches deep.

A parah of chunam is 5 marcals.—Milk, Oil, Ghee, &c. are sold by the grain measure, containing 8 ollucks: 20 ollucks are equal to 1 English gallon.

Land Measure.

Land is usually measured with Gunter's chain of 100 Links, or with a rod of 10 feet, and reduced to Cawnies, Grounds and Square feet, agreeably to the following table:

60 feet long and 40 feet broad, make 1 ground or maunie, containing 2,400 square feet.

24 Grounds, or Maunies, make one Cawnie, equal to 57,600 square feet.

The Indian Cawnie is in proportion to the English Acre as 1 to 1,3223, or as 121 is to 160.

To reduce Indian Cawnies to English Acres, multiply the given number of Cawnies by 160, and divide the product by 121, the quotient will give the number of Acres, and the remainder be the fractional part of an acre. Or multiply the Cawnies by 1,3223, and the product, (cutting off 4 places to the right hand) will be the same, and the figures so cut off are the decimal part of an Acre.

Cloth Measure.

The Covid in Cloth Measure is 28 Inches, but the English yard of 36 Inches is generally used.

BOAT AND CATTAMARAN REGULATIONS, &c.

Rules and Regulations subsidiary to Act No. IV. of 1842, "for the better management of Boats and Cattamarans in the Madras Roads, and for the amendment of certain Harbour Regulations," and to the Rule, Ordinance and Regulation commonly called the Marine Police.

[*The above mentioned* Act *is given in the* Madras Almanac *for* 1843, *page* 390.—Compiler.]

1. It is hereby notified that beneath the Master Attendant's Office on the Beach, is an Office where Boats and Cattamarans can be procured, and where Registers of all Licensed Boats, Cattamarans, and their respective Owners, and Crews, are kept, and are open to public inspection, and in which copies of the Act No. IV. of 1842, for the better management of the Boats and Cattamarans, and for the amendment of certain Harbour Regulations, are suspended.

2. If a Boat or Cattamaran is required for any extraordinary service to a Ship or Vessel, either at anchor or under way beyond the limits of the Port, then the amount of hire which may be demanded may be referred to the Master Attendant or his Deputy for adjustment.—N. B.—For the purposes of the foregoing Rule, a Ship at anchor in, or beyond 10 fathoms, and a Ship at any distance under sail beyond that depth of soundings in any line of bearing from the Master Attendant's Flag staff, shall be considered as without the limits of this Port.

3. In cases of great emergency, by night or by day, the Owners of Boats and Cattamarans kept for the purpose of being let out on hire, shall aid and assist the Master Attendant and his Deputy by every means in their power, and shall induce the Boat men and Cattamaran men to perform the service required, and when great personal risk shall have been incurred, or arduous services performed, and those on whose account such duties are undertaken refuse to remunerate the Crew for the same, the Master Attendant will bring the merits of the case to the notice of Government.

4. The Boat and Cattamaran men are not to be employed on board any Ship or Vessel in these Roads: any wilful breach of this Regulation will be considered desertion and neglect of duty, and will render the persons offending liable to the punishments provided for such desertion and neglect by Section 15 of Act No. IV. of 1842.

5. All Owners of Boats and Cattamarans, and all other persons, either belonging to any Ship or Vessel in the Madras Roads, or to the Boats and Cattamarans to be let on hire, are cautioned against the transhipment of any goods or passengers or ballast without first obtaining a permit from the Collector of Sea Customs or his Deputy, any person or persons found guilty of any such transhipment being liable to the penalties provided in Section 23 of the Marine Police Regulations.

6. All Owners of Boats and Cattamarans must make known to their respective Crews the full intent and purport of the several port signals, which, as occasion may require, will be displayed at the Master Attendant's Flag staff, especially the recall signal for all Boats and Cattamarans, which is a white pendant with a red ball; and when this signal is hoisted, all Boats and Cattamarans must immediately repair to the shore.

7. The Crews of Boats and Cattamarans kept for the purpose of being let on hire shall not be changed or transferred from one Boat or Cattamaran to another, without the sanction of the Master Attendant.

8. The Accommodation Boats shall be kept in the same good order as heretofore, and are always to be provided each with an awning, and with seats and cushions, and in case they shall not, in the judgment of the Master Attendant, be kept in proper order, the Owners shall be deprived of their Licenses until the same shall be put in proper order for the reception of Passengers.

9. All Owners of Boats and Cattamarans are to make known to their respective Crews, that the Officer or Peon in charge of the Police or Revenue Boat, is authorised and empowered by Section XIX. of Act No. IV. of 1842, to stop, search, and detain any Boat and Cattamaran plying to and from the Ships and

Vessels in the Roads, and that all Boat men and Cattamaran men who may impede or obstruct any Police Officers in the execution of his or their duty, will render themselves amenable to the penalties provided for in Section XIX. of the above recited Act.

10. Should any difference or dispute arise between the Owner or Owners of Boats and Cattamarans let on hire, and any person or persons hiring the same, as to the amount of hire for services performed, the party or parties may refer the case for adjustment to the Master Attendant or his Deputy, in which case each party shall sign a paper agreeing to abide by the decision of the said Master Attendant or his Deputy, and such paper shall be retained in the Office of the said Master Attendant.

SIGNALS FOR SHIPS OR VESSELS IN THE OFFING.

Signals respecting Ships or Vessels in the Offing, whether Men of War, or Merchantmen, are made from the Garrison Flag Staff, a yard slung across the topmast, the points of which represent the quarter from which the Vessels are coming in.

Three classes of Vessels are expressed by the Signals;—Vessels of three masts, two masts, and one mast.

An Ensign, or square National Flag, represents a Ship of three masts; a National Flag, with two points or swallow's tail, represents a Brig or Snow, &c. of two masts; and a broad National Pendant terminating in one point, represents a Sloop or Cutter of one mast.

If either of these Flags is hoisted to the yard above described, the Vessels seen are on the North or South quarters of the compass.

The number of Ships that appear in the Offing, are expressed by pendants,—a white pendant, signifies one Ship or Vessel; a red and white pendant, two Vessels; a red pendant, pierced with white, three Vessels; and a yellow pendant pierced with blue, four Vessels. When the number of Vessels exceeds four they are to be considered as a Fleet: on which occasion a long blue and yellow pendant will be hoisted.

If the Vessels in sight are Men of War in the North or South quarters, one of the numerical pendants will fly over the National flag on either side of the yard arm.

If Merchantmen are seen in the North or South quarters, one of the numerical pendants will fly under the national flag on either side of the yard arm.

If a Fleet is in sight, one gun will be fired after the signal of the Fleet is made, and if there are two Fleets of different nations in the same point of the compass, the signal of the first seen Fleet will be lowered after the space of 15 minutes, and a fresh signal hoisted, which is likewise to be accompanied by a gun.

A Steamer or a Packet is announced with a blue flag pierced with yellow hoisted to the yard arm, expressive of the quarter she is in.

The annexed Plate represents the Flags of all nations that trade to Madras, and the manner in which the Signals are made, to express Ships or Vessels discovered in the offing.

The St. George's Flag hoisted on either points of the yard arm, with a white pendant over it, announces a British Man of War. The French or Tri-coloured Flag of two points or swallow tail hoisted with a red and white pendant over it represents two French armed Brigs or Snows, &c.; a broad American pendant hoisted with a red pendant pierced with white flying over it, represents three American armed Cutters; and a Dutch flag hoisted with a yellow pendant pierced with blue over it, represents four Dutch Men of War.

The St. George's Colours are varied according to the colour of the Admiral of the Squadron on the Station for the time being.

If the numerical pendant, instead of flying over the national Colours, is hoisted under them, they will describe the same class of Vessels to be Merchantmen.

MARINE BOARD NOTICE RESPECTING THE LIGHT HOUSE.

Marine Board Office: Madras, 9th October 1843.

Notice is hereby given, that on and after the 1st day of January 1844, a Light will be exhibited on the new Light House erected at Madras immediately to the Northward of the Walls of Fort St. George; and that on and after the said 1st day of January 1844, the Light heretofore and now exhibited on the Old Light House within the Walls of Fort Saint George, will be discontinued. The New Light (to be exhibited) will be elevated 128 feet above the mean level of the Sea, and may be seen from the Deck of a Ship at the distance of 20 miles. The Light is of the "Flashing Description" and the duration of the Flashes to that of the Eclipses or Dark periods is in the ratio of 2 to 3,—but as the nature of the Motion is Reciprocating instead of Rotatory, the above ratio merely expresses the average proportion of the Light and Dark intervals, which are themselves variable according to the position of the spectator. The rapidity of movement is so adjusted, that the duration of the Flashes will vary from 0″ to 48″, and that of the Eclipses from 0′ to 72′ the sums of the duration of Light and Darkness bearing however, in every position, the constant ratio of 2 to 3. From the South Eastern extremity of the Pulicat Shoal the New Light House bears S. 23° W., and is distant 13 miles; but no Ship or Vessel when hauling in from the Northward for the Madras Roadstead should bring the Light to bear to the Southward of S. 28° W., or S. S. W. ½ W.,—unless her position is well ascertained. Commanders of Vessels are hereby warned of the serious risk they incur by incautiously approaching the dangerous vicinity of the Pulicat Shoal, as hazy weather or other causes may obscure the Light,—true soundings therefore and a vigilant look out are imperatively called for. The limits of the Madras Roadstead (in 8 or 9 fathoms) are comprised within the following bearings, viz. from the Northward the Light House will bear S. 56° W., and from the Southward N. 81° W. or from S. W. b. W. to W. ¾ N.

The New Light House at Madras is in Latitude 13° 5′ 10″ North, and in Longitude 80° 20′ East of Greenwich.

Correspondence with Members of the Honorable Court.

Extract from a Letter from the Honorable the Court of Directors; Public Department; November 8, 1837.

Para. 1. Instances having occurred of Letters, addressed by parties in India to the individual members of our Court, being transmitted to this country by the Mediterranean Mails, under the impression that such letters are exempt from the duty of postage, it is necessary that we should apprize you, that the privilege of receiving letters so addressed free of postage, does not attach to letters sent from the East Indies by packet, viâ Mediterranean; and we direct that you forthwith take the necessary measures for giving public notice thereof throughout your Presidency.

2. You will, however, clearly understand, that the privilege of franking enjoyed by individual Directors, and other public functionaries, so far as respects the Indian duties of postage, continues in full force.

General Post Office, Fort St. George, *9th March* 1839.

It is further notified, that the practice of forwarding letters under cover to individual Members of the Honorable Court should be discontinued, as under the authority of the Lords Commissioners of Her Majesty's Treasury, the Chairman, Deputy Chairman, Secretary and Assistant Secretary only to the East India Company, have the personal privilege of receiving letters free of postage from the East Indies by packet viâ Mediterranean, but the privilege does not extend to any other Director or Officer of the Company.

No. 95.

Fort William, General Department, *the 6th of February* 1839.

NOTIFICATION.

No. 24 of 1838, dated 19th September.

"It is our desire that all letters which the General Commanding in Chief in England, or his Military Secretary, may address to any of Her Majesty's Officers serving in India, should be received by them free of all Indian postage. You will therefore issue the necessary directions for carrying this intention into effect."

In compliance with the orders contained in a despatch from the Honorable Court of Directors, dated 19th September, No. 24 of 1838, and of a despatch, dated 7th November, No. 28 of 1838, both cited in the margin, the Honorable the President in Council, under the powers reserved to the Government of India by Section XXIX of Act XVII of 1837, directs that letters despatched from or addressed to any of Her Majesty's Officers serving in India, when transmitted to or franked by the General Commanding in Chief in England, or his Military Secretary, shall be conveyed throughout India free of Indian postage, also letters to the Assistant Military Secretary and Chief Clerk of the General Commanding in Chief's Office, from the same persons superscribed "On H. Public Letters.

Fort St. George; General Post Office, *1st June* 1840.

Notice is hereby given, that arrangements have been made to despatch the Mails positively at 8 o'clock P. M. daily, from this date, as enjoined in Section XXV of the Rules for the management of the Post Office Department, passed by the Governor General of India in Council on the 30th August 1837, but the receipt of several Letters from some of the Public Departments at the Presidency, at a very late hour in the evening, being calculated to impede or frustrate the design, the Post Master General requests, that all Public Letters may be delivered daily into the General Post Office before 6 P. M., and begs to intimate, that Letters put into the General Post Office after that hour, unless in a case of great emergency, the same being communicated by an Official Memorandum from the Head of the Department to the Post Master General, will be detained at the Office for transmission by the following day's Mail.

THE OVERLAND MAILS.

Fort St. George; General Post Office, *16th June* 1845.

Post Office Notification.

P. and O. Steamers.

The Bi-monthly Overland communication having now been established between this Country and Europe, and the arrangements for the conveyance of the Mails direct between Madras and Suez finally completed and brought into operation:—Notice, accordingly, is hereby given, that the rates of postage charged on letters carried by the Government Steamers from and to Bombay, will likewise be levied in future on letters conveyed by the Peninsular and Oriental Company's Vessels from and to Madras, both by way of Southampton and viâ Marseilles.

The rules relative to the former having also been made applicable in every respect to the latter, are subjoined for the information and guidance of the Public in general. The scale of British Steam postage is as follows, viz.

On every letter not exceeding ½ an ounce weight..8 Annas or one Shilling.
On do. above ½ oz. and not exceeding 1 ounce..1 Rupee or two do.
On do. above 1 oz. and not exceeding 2 ounces..2 Rupees or four do.
On do. above 2 oz. and not exceeding 3 ounces..3 Rupees or six do.

and so on, increasing one Rupee or two Shillings for every additional ounce weight or any fraction thereof.

2. British weights not being generally available in this country, the following coins of the Honorable Company's currency are recommended as the best substitutes.

In lieu of ½ an ounce, one Rupee and one Copper Pie;
In lieu of 1 ounce, two Copper Half Anna Pieces (or double Pice) and one Pie.

3. Every person confining his English correspondence to the weight of the two former coins will be certain of being within the weight prescribed for a single Steamer letter, and every letter not exceeding the aggregate weight of the three latter coins will in like manner be within the weight allowed for a double Steamer letter.

4. Steam postage on letters for Foreign and Continental Europe, or any place to which Great Britain does not necessarily form a channel of communication, as France &c., forwarded viâ Marseilles, and those addressed to Malta, Rome, Naples, Genoa, Gibraltar, Oporto, or any inland city of Portugal or Spain, superscribed viâ Malta, or to any country bounding the Mediterranean west of Malta, as well as letters for Egypt, Syria, Turkey, Greece, Jerusalem, Constantinople, Athens, Smyrna, or any country having communication with Alexandria east of Malta subject to Red Sea (Steam) postage, must, as heretofore, be prepaid in this country.

5. Letters directed to Spain, Oporto, Portugal, Russia, Germany, Holland, &c. if superscribed viâ "Marseilles" must be paid for with the Red Sea postage in advance in this country; but if endorsed viâ "Southampton" they may be forwarded bearing.

6. Steam postage on letters for the United States, or British Colonies in America or the West Indies (unless addressed to Agents in Great Britain) cannot be prepaid in this country, whether sent by way of Marseilles or viâ "Southampton."

7. The same rule applies equally to letters for the United Kingdom, comprising England, Scotland, Ireland, Wales, and all the British Islands, despatched thro' "Marseilles."

8. Letters for any Foreign country directed to an Agent in England will be received and disposed of as if addressed to the United Kingdom.

9. Letters for places in the United Kingdom, superscribed to the care of Mr. Waghorn or other parties in Egypt, must be paid here, with the regulated Red Sea postage.

10. [*Cancelled—See P. M. G.'s Notification dated 14th September* 1846. —Compiler.]

11. No Steam postage is chargeable in India on Newspapers and Pamphlets received from and despatched to England, and the same may be forwarded from India either viâ "Marseilles" or "Southampton" as the senders choose; but Inland postage to and from Bombay or Stations in the interior must be paid.*

12. No postage whatever will be levied on letters prepaid in England, as also on Newspapers received by the bi-monthly Steamers for delivery at Madras, but those transmitted to the Out-Stations will be liable to the regulated Inland (Indian) postage.

13. The optional pre-payment of Steamer postage applies only to letters sent by the "Southampton" route to places within the United Kingdom, and vice versâ.

14. The term Paid (or Prepaid which is synonymous) being the distinctive mark (indicative of the wishes of senders) and the only guide for the Post Office Receivers, all letters for the United Kingdom viâ "Southampton" which may be so marked will accordingly be charged with Steamer postage, and such as are not so superscribed will be sent "Bearing."

15. The Inland (Indian) postage, which is quite distinct from and always levied in addition to Steam postage, must be paid in advance by the sender at the Posting Office, on letters forwarded from Out-Stations, to Madras or Bombay, or from either one Presidency to the other, for transmission by the Steamers and vice versâ, that is, by the addressee at the Receiving Office. The word Paid therefore should not be put on any Letter, except on those on which senders, having the option, intend to pre-pay Steam postage also.

16. No letter exceeding 12 tolas (a fraction under 5 ounces) in weight can be transmitted per Letter Mail, but if forwarded by Government Banghy Post, or otherwise sent to Bombay or Madras, it may be despatched by the Steamer from either Presidency.

17. Packets or Packages for transmission to any place beyond Aden by the Steam Vessel are not receivable at the Post Offices, but they must be forwarded under cover to their Agents at Madras or Bombay, by whom they will be forwarded upon payment of the authorized freight.

18. It is particularly requested that Letters and Papers from the Mofussil, intended for dispatch by the Overland Mail from Madras, may be accordingly superscribed, for the guidance of the person who originally receives such letters at the Posting Office. The route (Southampton or Marseilles) by which they are intended to be forwarded should always be clearly specified also. *Any Letter not marked "Per Steamer" or "Overland" will be sent by a sailing Vessel.* In order to avoid mistakes the name of the country which a letter is destined to

* This para. *so far as it respects Pamphlets* has been cancelled. All Books and Pamphlets received and despatched by the overland Mails are now charged with Steam letter postage, to avoid which heavy expence parties in India are recommended to send such articles through an Agent in this country to another in England. See P. M. G.'s Notifications respectively dated the 26th May and 14th Sept. 1846.—Compiler.

Genoa, Gibraltar, Russia, Germany, Holland, &c.

(for example as per margin) should be the last word in the superscription. Letters posted in Madras for despatch viâ Bombay should be accordingly directed.

19. Although ½ ounce is the single weight for regulating Steamer postage charge, the quarter tola continues to be the single weight for Inland postage to Bombay, which latter (from Madras to that Presidency) amounts to five Annas.

20. An extra charge of 8 Annas for every half tola weight is made on letters sent by the Overland Express from Madras to Bombay, and no letter above one tola weight can be forwarded by such conveyance. Thus for instance a Prepaid Steam Letter of one tola weight posted in Madras for transmission viâ Bombay would be charged with postage amounting to Rupees 2 2 As. 0 P. viz.

Ordinary Inland postage			0	10	0
Express	do.	do.	1	0	0
Steam	do.	do.	0	8	0
Total Rupees			2	2	0

21. It is requested that no firm or individual will send letters exceeding two tolas weight in the aggregate, and that each letter be superscribed "Overland Express" when intended for such conveyance.

22. The tola weight above mentioned is equal to 180 Grains Troy, being the standard weight of the Company's Rupee.

23. Postage is levied according to the prescribed weight without reference to the quality or quantity of the paper.

24. It is strongly recommended that in closing Overland Letters, wafers may be used, in all practicable cases, instead of sealing-wax.

25. On the day of closing the Mail for Suez for transmission by the P. and O. Company's Steamers, letters will cease to be received at the Receiving Houses at Vepery, Royapettah, Mount Road and Black Town two hours before the time indicated in the Fort Flag Staff for closing the Mails at the General Post Office; and the public are recommended, if possible, and to prevent disappointment, to post their letters at the General Post Office on that day.

26. Much inconvenience having been experienced by the great number of applicants who present themselves within the latest hour fixed, it is particularly requested that the letters be put in early, as otherwise it is probable that many persons will be disappointed.

The foregoing explanation is given in detail for the express purpose of preventing mistakes and consequent disappointment.

Any further change that may hereafter take place will be duly notified.

The following Signals will be hoisted at the Mast head of the Fort Flag Staff upon the arrival of the Overland Express and Mails from Bombay, and the Peninsular and Oriental Company's Steamers from Calcutta and Suez, viz.

On the arrival of the Overland Express from Bombay, Flag, No. 7, will be hoisted merely to announce its arrival; but letters &c. that may be received by it will be forwarded immediately by the Letter Carriers for delivery, and they will on no account be detained for distribution at the General Post Office, except to persons who may be waiting at the Office for its arrival.

On the arrival of the Overland Mails from Bombay, and as soon as the letters &c. are stamped, sorted, and ready for distribution, the Rendezvous Flag, checquered blue and white, will be hoisted, and letters &c. will be delivered at the General Post Office to such as bring a written order with sufficient money to defray the postage that may be due on them until the Flag is hauled down.

On the Outward Mail Steamer from Calcutta being sighted *one* Gun will be fired, and on the Inward Mail Steamer from Suez being sighted *two* Guns will be fired in quick succession from the Ramparts, and the usual Signals made, and on the letters &c. brought by the Steamer from Suez being ready for distribution at the General Post Office, the Rendezvous Flag will be hoisted at the Mast head.

In the event of the Steamers, Overland Expresses and Mails arriving during the night, the above Signals will be made at day-light.

In case the Overland Mails from Bombay should arrive in the early part of the night, measures will be adopted to forward the letters &c. by the Letter Carriers for delivery early in the following morning, in which case, there will be no distribution of the letters &c. at the General Post Office on the morning, but to parties waiting at the Office, letters will be delivered during the night, or as soon as they are ready.

MARS MORPHETT, *Deputy Post Master General.*

† affixed to any name denotes that there is no Post Office at that Station: letters to it must therefore be sent to the nearest Post Office, which is mentioned under parenthesis.

The average time occupied in the travelling of the Dawk, Banghy, and Express Mails from Madras to the several Post Office Stations throughout India might have been approximately shewn in the Schedule, but as great disparity in the rate of running occurs from causes beyond the controul of Runners—such as the state of the weather, rivers, nullahs, the accidents incident to night travelling, and the detention of Mails at a Post Office at a point of junction, or where several Mails from different roads meet together to start at a given hour—it was considered preferable to omit it, rather than embody the same inaccurately in a Schedule that may be relied on as correct in all other particulars, for the information which it affords for the guidance of the Post Office Department and the Public.

POST OFFICE NOTIFICATION.

(to be substituted for that given in page 434.)

Fort Saint George, General Post Office, 20th November 1846.

1. The arrangements for the conveyance of the Mails direct between Madras, Suez, and other Ports being now in operation, the scale of British Steam Postage and British Packet Postage chargeable on letters is as follows, viz.

On every letter not exceeding ½ an ounce weight.. .....8 As. or one Shilling.
On do. above ½ and not exceeding 1 ounce.....1 Rupee or two do.
On do. above 1 oz. and not exceeding 2 ounces.....2 Rs. or four do.
On do. above 2 oz and not exceeding 3 ounces.....3 Rs. or six do.

and so on increasing one Rupee or two Shillings for every additional ounce weight, or any fraction thereof.

2. British weights not being in general use in this country, the following Coins of the Hon'ble Company's currency are recommended as the best substitutes.

In lieu of ½ an ounce, one Rupee and one Copper Pie.

In lieu of 1 ounce, two Rupees and two Pice.

3. Letters weighing half an ounce are reckoned as single; and such as weigh one ounce are double.

4. Letters for places on the Continent of Europe ; letters directed to any place to which Great Britain does not necessarily form a channel of communication ; and letters forwarded via Marseilles, Malta, or Alexandria, are subject to Red Sea (Steam) Postage. All such letters must, as heretofore, be prepaid in India, but if endorsed via "Southampton" they may be forwarded "bearing," and if directed to an Agent in England they may be prepaid.

5. No Steam Postage on letters for the United States, nor to British Colonies in America or the West Indies, can be prepaid in India, whether sent by way of Marseilles or Southampton, unless they are addressed to Agents in Great Britain.

6. The same rule applies equally to letters despatched through Marseilles for places in England, Scotland, Ireland, Wales, and all the British Islands.

7. Letters for places in the United Kingdom, superscribed to the care of any person in Egypt, must be prepaid: at the rate of the regulated Red Sea postage.

8. No Steam Postage is chargeable in India on Newspapers received from and despatched to England, or from one British Indian Port to another. Inland Postage, however, to and from Bombay or Stations in the interior, must be paid.

9. *Pamphlets* are charged Steam Postage with reference to letter weight: thus a Parcel containing one or more Pamphlets is liable to be charged just as Letters are, according to weight.

10. The optional prepayment of Steamer postage applies to letters sent by the Southampton route to places within the United Kingdom and vice versa, and between British Indian Ports.

11. All letters posted or received at the General Post Office for transmission to Europe by the Overland Mails, whether direct or via Bombay, will be sent by way of Marseilles unless they are superscribed via "Southampton."

12. The Inland (Indian) Postage is quite distinct from Steam Postage: Inland Postage must be paid in advance by the sender at the Posting Office, on letters forwarded from Out-Stations to Madras or Bombay, or from either one Presidency to the other for transmission by the Steamers.

The word "Paid" therefore should be written only on letters the Steam Postage for which senders intend to Pre-Pay.

13. British Packet Postage will be levied on all Price Currents and Newspapers conveyed between any port of the Madras Presidency and any port in the East Indies, China, &c. by the Contract Steamers from Madras.

14. British Packet Postage will be levied in addition to any Inland Postage at the following rates, viz.:

	S.	D.	Rs	A.	P.
On every Newspaper addressed to a Foreign Port, such as Manilla, Canton, &c.	0	1	0	0	8
On every Price Current or Printed Commercial List, conveyed to a British Port	0	1	0	0	8
On the same addressed to a Foreign Port	0	2	0	1	4

15. Letters and Pamphlets addressed to a Foreign country or possession, such as China, Manilla &c. must be paid in advance.

16. The postage chargeable on Newspapers and Prices Current or Printed Commercial Lists must in all cases be paid in advance.

17. Each Newspaper or Price Current, or Commercial List, must be put under a separate cover. The Post Office will not receive two or more enclosed in one cover.

18. No letter exceeding 12 tolas (a fraction under 5 ounces) in weight can be transmitted per Letter Mail, but if forwarded by Government Banghy Post or otherwise to Bombay or Madras it may thence be despatched by the Steamer.

19. Letters and Papers from Out Stations intended for despatch by the Overland Mail from Madras should be superscribed "Per Steamer via Southampton," or else "Per Steamer via Marseilles." In order to avoid mistakes the name of the country, as well as the name of the town therein, should be marked on the superscription.

20. Letters posted in Madras for despatch by the Bombay route should be marked "via Bombay."

21. According to the rules of Steam postage the *single letter* is a letter of half an ounce weight; but the Inland postage is reckoned by the tola weight: the quarter tola continues to be weight of a single letter for Inland postage to Bombay.

22. An extra charge of 8 annas for every half tola weight is made on letters sent by the Overland Express from Madras to Bombay. No letter weighing more than one tola weight can be forwarded by the Express.
