The N. E. Monsoon continues with occasional exceptions till the middle of the month, after which calms and S. E. winds as frequently prevail. In the forenoon it is usually calm until about 11 A. M. when a gentle sea breeze sets in, which blows till sun-set. During the whole of this month the weather is without exception always beautifully clear and placid, and is generally considered to be the most healthy period of the year; there are no more than one day of haze and one of clouds. Rain or lightning does not occur once in seven years.

The hottest time of the day is at 4h. 40m. P. M.; the coldest at 5h. 0m. A. M.

Throughout this month the South or alongshore wind with very unequal force prevails: it is accompanied with a profuse dampness and sultriness, which renders its efforts highly prejudicial to health and comfort. On this account the sea breeze which sets in at noon, and blows till sun-set, is less courted than at other seasons: the sky is however beautifully clear for about twenty-seven days, the remaining four being cloudy. Dew less frequently occurs, and is less in quantity than last month. Rain and lightning are little known.

The hottest time of the day is at 5h. 20m. p. m.; the coldest at 5h. 0m. a. m.

The remarks of last month relative to the wind are equally applicable to this. The S. wind, varying from S. E. to S. W., still continues; at times blowing very fresh, but occasionally calms ensue, which are exceedingly oppressive. The weather is clear for about twenty-four days, with four days of flying clouds or haze, and two of clouds, on one of which rain falls. Lightning occurs for two days. Dew is very little in quantity and of infrequent occurrence.

The hottest time of the day is about noon; the coldest at 4h. 50m. A. M.

The South wind which is mentioned as peculiar to the two last months, continues till the middle of this month, relieved sometimes by a land wind from the W. or S. W.: in this interval gales of wind of extreme violence have occasionally been experienced, commencing their career generally at the N. W. and veering to every point of the compass. About the 16th the regular land or hot winds set in, which are moderated in their effect towards the end of the month by occasional showers. The sea breeze sets in about noon and blows till 9 or 10 p. m. There are about nineteen days of clear weather, eight of flying clouds and haze, and four cloudy days, on two or three of which there is rain. The dew is almost imperceptible, and lightning with thunder occurs about four times.

The hottest time of the day is at 11h. 20m. A. M.; the coldest at 4h. 20m. A. M.

* In this statement the rain which fell during four gales of wind has been omitted. On the 2d May 1811, during the gale which then blew, there fell 5.5 inches; on the 8th, 9th, and 10th May 1820, 17.56 inches; on the 7th, 8th, and 9th May 1827, 23.39 inches, and on 16th May 1811, 3.0 inches.

The regular westerly winds which terminate about the middle of this month are succeeded by winds of a light and variable nature, mostly from the West and South. Calms, haze, and rain occur in about the same proportions as last month, leaving about eight days of clear weather. Lightning unattended by thunder is very frequent, but thus accompanied it occurs only once or twice. The sea breeze assumes much the same character as that experienced last month, commencing at 2 or 3 p. m., and continuing till 8 or 10 p. m. Dew is sometimes discovered, but more frequently fails.

The hottest time of the day is at 2h. p. m.; the coldest at 3h. a. m.

The clouds now begin to assume a more dense appearance than heretofore. Calms, lightning and rain are very frequent till the 19th, when the N. E. Monsoon, or rainy season, sets in. From this time till the end of the month the atmosphere assumes a very disturbed appearance; extremely heavy rain with storms of wind, thunder and lightning, invariably occur, and gales of wind of a similar nature to those which occur in the earlier part of the year are sometimes experienced. On these occasions a depression of the barometer of 4 or 5 tenths of an inch is observed. The sea breeze, or rather a slight modification of the N. E. wind, is perceived towards the middle of the day.

The hottest time of the day is at 1h. p. m.; the coldest at 4h. 30m. a. m.

* See remarks for month of May.

† On 30th October 1852, during the hurricane which then raged, the barometer fell to 29.255 inches.

The N. E. Monsoon continues with unabated force, and the state of the weather generally is much the same as that experienced towards the end of last month, save that an increased dampness of the air and the less frequent occurrence of lightning renders a distinction necessary. The number of clear and cloudy days in this, as well as in last month, is liable to great uncertainty.

The remarks relative to the sea breeze of last month apply equally to this.

The hottest time of the day is at 0h. 20m. v. m.; the coldest at 6h. 40m. a.m.

The heavy rains and violent gusts of wind are much moderated at the beginning of the month, and arrive at their close about the 15th. From this time the sky assumes an appearance of tranquillity and clearness which forms a strong contrast with the disturbed state of the preceding month; the N. E. wind, however, continues throughout the month without interruption. There are about thirteen clear days, eleven cloudy, and seven of flying clouds and haze: of these there are six days on which rain falls. The morning exhibits a copious deposition of dew, and sometimes a ground fog which does not reach more than two or three feet above the surface. The sea breeze sets in at 10 A. M., and blows till 4 P. M.

*The hottest time of the day is at 0h. 50m. P. M.; the coldest at 2h. 20m. A. M.

Under the degree of Latitude of the given place and opposite to the day of the month, on the left hand side, will be found the time of the Sun's centre rising, and on the right hand side the time of setting. In consequence of refraction, which causes the heavenly bodies when in the horizon to appear elevated about 27' above their true places, the observed time of the sun rising will happen about two minutes earlier, and the time of setting the same quantity later than that which is here given.

CIVIL SERVICE REGULATIONS.

Absentee Allowances,

TO CIVIL SERVANTS WHEN IN EUROPE.

*Extracts from a letter from the Honorable the Court of Directors,
dated 31st December 1824.*

19. "That after an actual residence in India in the Civil Service of ten years or upwards, a Covenanted Civil Servant of the Company, upon either of the Establishments of Bengal, Madras, or Bombay, shall be entitled, whether on account of ill health, or from any other cause, and without reference to his private fortune, to come once to Europe on leave for three years, and to receive for that period from the Company's Cash an allowance of £500 per annum, provided that in no case shall a greater number of Servants come home under this Regulation annually than seventeen from Bengal, nine from Madras, and six from Bombay; nor shall a larger number of Servants who may have come home under this Regulation, be absent in the whole, at one time, than fifty-one from Bengal, twenty-seven from Madras, and eighteen from Bombay; and that the preference shall be given first to Servants producing Medical Certificates upon oath, that a visit to Europe is indispensably necessary for the restoration of health, and then to Servants in their order of seniority according to the rank assigned to them by the Court of Directors in the Graduation list of the Service.

20. "That in cases of Civil Servants compelled by illness, certified upon oath, to come to Europe previous to their completion of an actual residence in the Civil Service of ten years, such Covenanted Servants shall each be presented with the sum of 2,000 Sicca Rupees as Passage Money, and shall be entitled for a period not exceeding three years to an Allowance from the Company's Cash of £250 per annum; but that Servants having received this indulgence shall not in the event of their again coming to Europe, after having completed a residence of ten years or upwards, be entitled to any Allowance under the first Regulation, except their return be again occasioned by illness, to be in like manner certified upon oath, and then only to the difference between what they have before drawn, in the shape of Absentee Allowance, exclusive of Passage money; and that of £500 per annum for three years.

21. "That Servants coming in the first instance to the Cape of Good Hope for the benefit of their health, and being compelled from the same cause to come from thence to Europe without previously returning to India, shall be considered as entitled to the benefit of the foregoing Regulations.

22. "That in all cases, as well in those of Servants coming in the first instance to the Cape, as of those coming direct from India, the said Allowances be considered as commencing from the date of leaving India, and terminating at the expiration of three years from that date, or at the time of arrival in India, whichever may first happen.

23. "That the same be paid quarterly in Europe.

24. "That on no account or plea whatsoever the allowances in question be extended beyond the period of three years; and

25. "That any Servant being in the receipt of Absentee Allowance from a Civil Fund, shall not be entitled to receive during the same period of absence, the Allowances prescribed by these Regulations, beyond such amount as may bring the total of his annual receipts from both sources to the sum hereby limited."

Orders of Government, dated 8th July 1825 and 26th August 1828.

In pursuance of the Honorable Court's instructions, the Governor in Council is prepared to grant the benefit of these Regulations to such Civil Servants as may produce the prescribed Medical Certificate as the cases may arise. Every Civil Servant so applying, must obtain a Certificate in duplicate from the Trus-

tees to the Civil Fund, notifying either that he will receive no allowance from the Fund during his absence in Europe, or, if he is to receive any, the nature and extent of such relief; one copy of which Certificate must be submitted with his application to Government; the other, upon his arrival in London, must be produced before the Auditor of East India Accounts.

Civil Servants desirous to avail themselves of these Regulations, and not producing the prescribed medical certificate, are hereby required to make known their desire to Government on or before the 1st December of each year, when the indulgence will be granted in order of rank to such extent as the foregoing Regulations and circumstances shall permit.

Every Civil Servant proceeding to Europe under these Regulations, whether on sick certificate or otherwise, before receiving his passage order must have applied for and received from the Secretary to Government in the Public Department a certificate specifying the grant of the permission, and whether granted upon sick certificate, or on account of private affairs, also specifying as nearly as possible the date of embarkation for Europe; which Certificate, upon his arrival in London, must be produced before the Auditor of India Accounts.

Order of Government, dated 4th November 1825.

The Governor in Council has been pleased to resolve, that in lieu of the medical certificate upon oath prescribed in Paragraphs 19 and 20 of the Regulations of the Honorable Court of Directors for the grant of Absentee Allowance, circulated to the Civil Service, under date the 8th July last, one of the following forms of medical certificate shall hereafter be adopted, according to the nature of the case; the same to be always signed by the medical officer who has last regularly attended the Invalid, and countersigned by the Superintending Surgeon of the District, or other superior medical authority.

Extracts from a letter from the Honorable the Court of Directors in the Public Department, dated 26th April 1826.

3. In your Despatch in this Department dated 6th September 1825, Para. 6 and 7, you have brought to our notice two questions raised in respect of the Regulations framed by us for granting Absentee Allowance to Civil Servants when in Europe.

4. The first of these questions is,—

“Whether it is competent for a Civil Servant who may have completed a residence of ten years to proceed to England, and there await his turn to the indulgence of the Honorable Court, having previously notified to Government his desire to avail himself of the liberality of the Honorable Court upon the first occasion on which it should be open to him.

5. This question we answer in the negative. In framing the Regulations, it was our object, that whilst each Civil Servant might be enabled once in the course of his service to have the benefit of the Absentee Allowance, the number annually returning to England with that view should be limited, an object which would be defeated if Civil Servants were allowed to come home, and wait their turn in England.

6. The other question is, “Whether the ten years actual residence in India is to be considered to embrace the period passed at Hertford College,” to which we reply that such is not the intention. We mean the regulation to be construed in the sense which it expresses, “actual residence in India.”

Extracts from a General Letter from the Honorable the Court of Directors in the Public Department, dated the 25th July 1827.

Para. 3. “Previous to the enactment 53d Geo. 3, Cap. 155, it was our practice to forward to you Lists of the relative rank of Writers appointed from time to time to your Establishment. Under the authority of that enactment regulations were framed for the government of our College of Haileybury, one of which provided that the relative rank of Writers should be fixed by the College Council, and specified in the College certificate, subject however to loss of such rank in the event of the Writers’ failing to proceed to India within a specified time. Lists of the rank of Writers under this regulation are now periodically forwarded to you.

4. The offers of the Absentee Allowance are to be made in the order in which Civil Servants have been, or may be classed under the Rules to which we have adverted, to such of the Servants as shall have actually resided in India in the Civil Service of your Establishment during a period of not less than ten years, commencing from the date of arrival at Madras.

6. On reference to our letter dated 26th of April 1826, Para. 5, you will perceive that it is not competent for a Civil Servant, having completed a residence of ten years, to come to England, and there wait his turn for the Absentee Allowance. That Allowance is to be granted in each case by the local government under the Regulations which we have prescribed, and no Civil Servant will be permitted to draw Absentee Allowance in England who shall not, previously to his quitting India, have been admitted to that benefit by the Government of the Presidency to which he may belong.

7. So soon as the aggregate number of Civil Servants absent, and who shall have come home upon the Absentee Allowance of £500 per annum, shall amount to twenty-seven, the same indulgence is only to be granted as Servants included in that number may either return, or quit the Service; so that the total number of absentees having left Madras upon the allowance of £500 per annum is never to exceed the limit of twenty-seven, fixed by our orders dated the 30th December 1824.

Extracts from a letter from the Honorable the Court of Directors in the Public Department, dated 5th December 1827.

Letter from ——— dated
16th October 1826.

Paras. 2 and 6, submit question, whether the regulation which precludes a Civil Servant from simultaneously receiving Absentee Allowance from the Company and from the Civil Fund is to be construed as barring the receipt of any sum from the Civil Fund in aid of the expense of Passage to Europe.

2. The receipt of Absentee Allowance from the Company must bar the receipt of any Allowance in any shape from the Civil Fund.

4. We shall not object to the advance to a Servant coming home under the Absentee Regulations, and not entitled to passage money, of six months’ allowance in cases in which you may be satisfied that that indulgence is required to enable the party to provide a passage.

Letter from ——— dated
30th March 1827.

Paras. 71 & 72.—Court requested to re-consider their decision upon the question of permitting a Civil Servant to come to Europe in anticipation of being admitted to the Absentee Regulations.

5. We adhere to the determination communicated to you in our despatch dated the 26th April 1826, Para. 5. No servant will hereafter receive the Absentee Allowance who shall not have been admitted by the local Government to the benefit of the Regulations previously to leaving India, excepting only such servants as may have been compelled by ill health, to quit India on a voyage to some place within the limits of the Company's Charter, or to the Cape of Good Hope, and as may have been subsequently compelled by the same cause to come to Europe. In such cases, where the servant has resided more than ten years in India, the benefit will of course be withheld whenever the number of Absentees limited by the Regulations is complete.

Order of Government, dated 18th November 1828.

The Right Honorable the Governor in Council has been pleased to resolve, that all persons who may be permitted to proceed to Europe, with the benefit of the Absentee Allowance, shall vacate their situations, and avail themselves of the indulgence, within three months from the date on which it may be granted.

Extract from a letter from the Honorable the Court of Directors in the Public Department, dated 6th May 1829.

Civil Servants who decline to subscribe to the New Annuity Fund are not admissible to the benefit of the Absentee Regulations.

Civil Servants proceeding to England under the Absentee Regulations, or on Special Leave of Absence.

Extracts from a letter from the Honorable the Court of Directors.

Para. 1. We have to acquaint you that we have adopted the following Regulations, with respect to the grant of extension of leave to Members of the Indian Civil Establishments repairing to this Country under the Absentee Regulations, or on special leave of absence, viz.

That Civil Servants coming to England under the Absentee Regulations, or on special leave, shall immediately on their arrival report themselves with their address by letter to our Secretary, forwarding at the same time the certificates which they received in India.

That in all cases of leave, Civil Servants be required to join the Establishment to which they belong at the expiration of the term for which leave may have been granted, unless they shall have obtained an extension of it from us six months before the expiration of the said leave.

That extensions of leave will not in future be granted by us except in cases of sickness certified to our satisfaction, or in cases in which it shall be proved that a further residence in Europe is indispensably necessary.

That when under any such circumstances a Civil Servant shall have obtained an extension of leave to a given period, he must at the expiration thereof ap-

ply for and obtain our permission, either to return to his duty, or to reside a further time in Europe, failing in which he shall be liable to be struck off the List of Civil Servants.

That the Act of the 33d Geo. 3d. Cap. 52, Sec. 70, as it respects Civil Servants applies only to cases of sickness, or infirmity, and that no Civil Servant be hereafter considered eligible to return to the service after 5 years' absence, under that enactment, who has failed to obtain agreeably to the foregoing Regulations an extension of leave under the circumstances referred to in the Act.

2. We desire that the foregoing Regulations be published for general information, and that each Civil Servant returning to this Country under the Absentee Regulations, or on special leave, be furnished with a copy for his guidance.

(A true copy.)

Total available to meet present applications.....	11

Fourth. If the applications received by Government before the 1st December of any year should not equal in number the available furloughs, calculated as above, the same may lie over to be taken by Servants, either on sick certificate or otherwise, at any time of the year following, until the number shall be complete : when it may be so, further certificates on account of lapsing furloughs shall not be granted, except on the applications being accompanied by sick certificates, the lapses in the course of the year being reserved to meet the demands of the Service, according to the principle laid down by the Honorable Court of Directors, that is, with due preference to cases of sickness, and to seniority.

Fort St. George, December 27, 1836.

Civil Servants admitted to the benefit of the Furlough Regulations are reminded that, in order to obtain the prescribed Furlough Certificate from the Secretary to Government in the Public Department, they must previously submit to that authority a Certificate from the Trustees of the Civil Fund, that they will receive no allowance from that Fund during their absence ; and also a Certificate from the Accountant General, (who will require a Certificate from the Civil Auditor) of there being no public demands against them.

Fort St. George, August 29, 1837.

The Governor in Council has resolved, with a view of assimilating the Rules of this Presidency with those of Bengal, and of enabling Civil Servants who may be desirous to return to England by way of Suez to make the passage of the Red Sea at the most favourable season of the year, to alter the period fixed for the grant of the Furlough allowance to Civil Servants of ten years standing, not claiming the indulgence on the ground of ill health, from the 1st December to the 1st November of every year.

Fort St. George, September 3, 1850.

With reference to the Order of Government dated 27th December 1836, published at page 889 of the Official Gazette, it is hereby notified that applications from Gentlemen of the Civil Service for permission to proceed to Europe, whether under the Furlough Regulations or otherwise, should invariably be accompanied by a Certificate from the Accountant General, that there are no public demands against the applicant.

Leave of absence--Rules for the Grant of, and for Regulating Deductions from Salaries, and Deputation Allowances.

Fort St. George, February 21, 1840.

The following Rules for the grant of leave of absence, and for regulating deductions from Salaries and Deputation Allowances, are re-published for general information.

Fort William ; Financial Department, the 29th January, 1840.

The following Rules for the grant of leave of absence, and for regulating deductions from Salaries and Deputation Allowances, having been approved and passed by the Honorable Court of Directors, are published for general information, and will take effect in all the Presidencies, Settlements and Stations under the Government of India from the date of the arrival of the *Gazette* containing them, in respect to all leaves of absence granted after that date. The notes show the interpretation put by the Council of India upon the rules in their application to cases not specifically mentioned.

Rules for application for leave of absence, and for fixing the local limits within which it may be granted.

Sec. I. No leave of absence from any office or station can be granted but by the Government of the Presidency under which the employment is held, and

Note.—This rule must be considered as superceding the rule under which Commissioners of the Land Revenue and other Officers have heretofore been allowed to grant leave of absence in Bengal.

the application of the party requiring such leave, saving in such cases as may hereafter be specially excepted, must be made publicly through the regular channel in the Department to which the applicant may be long.*

Sec. II. The official allowances of the holder of a Civil Office quitting his Station without leave will entirely cease from the date of his quitting until his return, or in the event of his subsequently obtaining leave, to the date of such leave being granted to him.

Sec. III. No leave of absence shall have any retrospective effect except in cases of severe illness, to be attested by Medical Certificate, conforming in every respect to the directions contained in Section V.

Sec. IV. Upon application duly made, the Government of each Presidency may grant leave of absence to any place, or places in the Continent of India, whether within the Territories subject to the Government of the East India Company, or not, to any Civil or Military Servant holding a Civil appointment, subject to all the conditions prescribed in the rules that may be applicable to his case. Upon similar application the Government of each Presidency may also grant leave to such persons, subject to the like conditions, to proceed to the Island of St. Helena, the Colony of the Cape of Good Hope, or to any place situate between the 36th Degree of North Latitude, and the 50th Degree of South Latitude, such place being likewise between the 30th and 180th Degrees of Longitude, East of Green-

* Applications for leave of absence under these Regulations are to be sent to the Office of Audit previous to their final submission to Government, and to contain a specification of the particular Section of the Absentees Rules under which the indulgence of leave is solicited.

The collective or individual authorities, thro' whom these applications must pass, are to adopt this course, in all cases which they may be disposed to recommend ; and it will be for the Office of Audit, in forwarding them to Government, to state in each instance whether the provisions of the Rules have been conformed to, and what, if any, objection exists to a compliance with the applications. See Resolution of the Madras Government of the 30th of November 1810.—COMPILED.

† This applies to all unauthorized absence, whether antecedent to the grant of leave, or subsequent to its termination. See Order of the Government of India, dated 11th January 1844, and published in the Fort St. George Gazette of the 14th April of the same year.—COMPILED.

wich, excepting however any islands in the Mediterranean or Levant, and excepting all places within the said geographical limits which may form part of Europe. Provided also, that if at any time the Government of India shall deem it expedient to exclude any place or places within the limits above described from the operation of these rules, such exclusion shall be officially communicated to the subordinate Governments, and all leaves subsequently granted shall be regulated accordingly. A Servant passing the limits herein prescribed will incur the immediate forfeiture of his office or employment, and of all official allowances whatever from the date of his quitting India.

CHAPTER II.

Rules for Sick leave.

Sec. V. When an application for leave of absence is made on the ground of ill health, it must be accompanied by a Certificate from the Medical Officer by whom the applicant has been attended, distinctly stating from personal observation the nature of the disease, the symptoms by which it is manifested, the period during which it has existed, as far as the knowledge of the Medical Officer extends, and the necessity for temporary removal to some other place, either within the Territories subject to the Government of the East India Company, or beyond them, but within the limits laid down in Section IV., as the case may be, and such Certificate must be submitted to the consideration of the Medical Board, and if satisfactory shall be countersigned by one of its Members.* An application for an extension of leave must, if the applicant be in India, be accompanied by a Certificate from the Medical Officer by whom the applicant is attended, showing sufficient reason for the extension solicited, and such Certificate, like the former, must be examined and countersigned by a Member of the Medical Board. If the applicant shall have proceeded beyond the Territories under the Government of the East India Company, he must furnish a Certificate to the required effect from a Surgeon or Physician at the place of his temporary residence by whom he has been attended, such attendance and the period of it to be stated, and the Certificate to be countersigned by the principal Medical authority of the Colony or country. When any of the required particulars are neglected leave will be refused.†

Sec. VI. (Revised—See Amended Rules, page 178.)

* In cases of extreme urgency, which, owing to the distance of the residence of the Medical Board, preclude the previous reference to that authority, the certificate of the Medical attendant required from applicants for leave of absence on account of ill health, is to be submitted by them for the consideration and counter signature of the Superintending Surgeon of the Division, which officer in these cases will be responsible for the prescribed regularity of the certificate, instead of the Medical Board. See Regulation of the Government of India, of the 21st of June 1843, published in the Fort St. George Gazette for 1840, page 493.—COMPILE.

† The following Resolution of the Governor of Madras in Council, calling the attention of Medical Officers in the Provinces to this Section, is extracted from the Fort St. George Gazette for 1841, page 229.—COMPILE.

"Para. 1. The Right Honorable the Governor in Council having noticed with dissatisfaction the very lax and imperfect manner in which Certificates, in support of applications for sick leave, have on several occasions been prepared by Medical Officers in the Provinces, which has in consequence led in some instances to the refusal of the leave applied for; His Lordship in Council resolves to call the attention of those Officers to Section V. of the Absentee Rules, published on the 21st February 1840, at page 142 of the Official Gazette, and to require them to conform strictly to the orders therein conveyed; and it is directed that Certificates of the accompanying Form, in duplicate, be in future furnished in every instance where leave is recommended, whether it be to Europe, or within the limits laid down in Section IV. of the aforesaid regulations.

2. In order to obviate the delay and inconvenience, which in particular cases may attend the return to the Provinces of a Medical Certificate forwarded to the Presidency for the counter-signature of a Member of the Medical Board, the Right Honorable the Governor in Council is pleased to notify, that persons soliciting leave of absence, under Section V. of the Regulations already quoted in Para. 1. (or in emergent cases, the Medical Officer in attendance,) may forward the Certificates to the Medical Board direct, for the purpose of being transmitted with the counter-signature of one of its Members, or their opinion, to the Suor Adalat when the applicant may be in the Judicial Department; to the Board of Revenue, when in the Revenue Department; to the Civil Auditor in all other cases; for submission to Government, with the application, to be made in conformity with the Notice published in the Fort St. George Gazette of the 4th December last, page 830.* In ordinary cases however, Certificates are to be sent through Superintending Surgeons to the Medical Board, by whom they will be returned for the purpose of being transmitted through the regular channel, in the Department to which the applicant for leave may belong.

* See first note at the foot of page 173.

Superintending Surgeons to the Medical Board, by whom they will be returned for the purpose of being transmitted through the regular channel, in the Department to which the applicant for leave may belong.

Sec. VII. Civil Servants absent on leave on account of sickness, duly certified, if they proceed to England without returning to their Presidency, may, as heretofore, apply to be admitted to Furlough by the Hon'ble the Court of Directors, and the Furlough will in such cases take effect from the date of leaving their Presidency, consequently the allowances of office that may have been drawn by themselves, or by their Agents after their departure, must in that case be readjusted, and the difference refunded.

Sec. VIII. No second leave will be granted to any Civil or Military Servant holding a Civil Appointment who has been absent under the above rules for two years, until three years at the least shall have passed after the date of such Servant's return, but if such a Servant is compelled by sickness again to absent himself from his station within three years, after having been absent under the above rule for less than two years, he will be allowed to complete that period, subject to the limitations and conditions heretofore prescribed, drawing the proportion of Salary allowed for the remaining time as if the leave had been continuous.

Sec. IX. Military Officers employed in the Civil Department, and drawing a Civil allowance, may obtain leave under Medical Certificate on precisely the same conditions as Civil Servants except as to allowances. Such Officers, in common with those holding Staff Situations in the Military Department, will draw the Military Pay and Allowances of their rank while absent on leave under Medical Certificate, in the form and manner prescribed in General Orders in the Military Department, and likewise one half of the difference between such Allowances and the Civil Pay of the Offices to which they stand appointed.

Sec. X. Civil or Military Servants holding Civil appointments who may desire to avail themselves of the benefit of the Act I. Vic., Cap. 47, and to draw their allowances while absent on account of sickness under the above rules, will be required to give security in such amount and form as may be fixed by the Government for the refund of any excess that may be drawn, either by the Agents at the Presidency, or by themselves, in case of their proceeding to Europe on Furlough, or otherwise coming under retrenchment.

3. Judicial and Revenue Officers, forwarding applications for leave of absence on sick certificate to the Suor Adalat, or Board of Revenue, will notify to those authorities the transmission of their Medical Certificates to the Medical Board, for the purpose of being forwarded as above directed. Officers in other branches of the Civil Service will in like manner make the same notification to the Civil Auditor.

4. The Civil Auditor will not hereafter submit to Government applications for sick leave unless they are accompanied by Certificates of the form now prescribed.

Sec. XII. (Revised—See Amended Rules, page 179.)

CHAPTER IV.

Rules for leave preparatory to embarkation and for joining Stations.

Sec. XIII. (Rescinded—See Amended Rules, page 179.)

Note.—This rule is only applicable to Civil Servants, Military Officers appointed to Civil Office will draw Salary only from the date of joining as heretofore, the rule in force in respect to Staff Situations being applicable to them.

Sec. XIV. There shall be allowed to Officers appointed to any new Office the periods of one month, two months, or three months, for joining, according as the distance may not exceed 300 or 600 miles, or be in excess of the last mentioned distance. Officers not joining their station within the said periods respectively, shall forfeit their Salary for the time delayed in excess of the above periods, and if such excess shall exceed one month, the Office shall be vacated, unless otherwise specially ordered by Government.

Sec. XV. Upon the first appointment of any Civil Servant who shall be reported qualified for the Public Service by the Examiners appointed by the Government, to any Civil situation, there shall be allowed for travelling expenses to the Station an allowance at the rate of 3 Annas per mile by the direct Post road according to the Polymetrical Tables of the Post Office, the Bill for which allowance will be passed by the Civil Auditor after the Officer shall have joined the Station: if required in advance an order of the Government shall be necessary.

Sec. XVI. The Salary of Office will be payable from the date only of the Officer joining, but in the case of Junior Civil Servants, the Salary of Assistant will be payable from the date of their being reported qualified for the Public Service, unless forfeited under the preceding rule through delay in joining the Station to which they may be appointed.*

* The following Extracts from a Resolution passed by the Governor General of India in Council on the 16th of June 1811 (published in the Fort St. George Gazette for 1811, page 635), claim the particular attention of Officers appointed to new situations, but who by the express order of Government may be prevented from entering immediately on the duties thereof.—COUNCIL.

“1. The Governor General in Council remarks that the Rule referred to, (No XVI. of the Regulations of the 25th January 1810.) requires in case of a change of Office, when an Officer is appointed to a higher situation, that he shall not draw the higher salary until he joins.

2. His Lordship in Council considers it expedient strictly to maintain this Rule as one of general practice, and that no exception ought to be allowed otherwise than under special circumstances and exigencies of the public service.

3. His Lordship in Council is further of opinion, that as a general rule Officers ought not to be appointed to situations for the duties of which they are not immediately available.

4. When an Officer, for the convenience of the public service, has been detained by an order of the Government in a situation of inferior emolument after he has been promoted, in such case the practice under the Bengal Presidency is to pass to him the higher salary of his new appointment, during the period of his being so detained. This exception to the Rule XVI. corresponds with the exception provided for in Rule XX. under the Chapter for Deputation Allowances, in which it is declared that no Civil Servant temporarily officiating for another shall draw an amount larger than the entire emoluments of the office in which he is officiating, but that the prohibition does not apply to the case of an Officer who may be deputed for special reasons to act in an office of inferior emolument to his own.

5. In order to ensure uniformity of practice at all the Presidencies in the application of Rules XIV. XVI. and XVII., it is hereby explained that Rule XIV. refers to the appointment of Civil Servants previously not holding any permanent situation, such as Servants for the first time appointed to a fixed situation after their return from furlough.

6. These Servants are entitled under Rule XIV. to the allowances of their new office from the day of appointment, provided they do not come under forfeiture by exceeding the time prescribed for joining their Station.

7. And Rules XVI. and XVII. are to be construed as applying to cases where there is a change of office with increase of salary; a special course being prescribed with regard to Junior Civil Servants: they under Rule XVI. are authorized to draw the salary of Assistant from the date of their being reported qualified for the public service, unless forfeited through delay in joining the Station to which they have been appointed.”

Note. This Rule also is only applicable to Civil Servants, Military Servants drawing, as in the case of Staff Situations, no Civil Salary from the time of leaving one office till the date of joining the other.

Sec. XVII. In case of a change of Office, when an Officer is appointed to a higher situation, he shall not draw the higher salary until he joins. For the period occupied in travelling, the Rule No. XIV. regulating the time and distance for joining Stations shall be applicable, and the Officer will, for the periods allowed in that rule, respectively draw out of the salary of the office he is about to join a sum equal to that of his previous situation.

CHAPTER V.

Rules for Deputation Allowances.

Sec. XVIII. (Revised—See Amended Rules, page 179.)

Sec. XIX. (Revised—See Amended Rules, page 179.)

Sec. XX. No Civil Servant temporarily officiating for another shall draw an amount larger than the entire emoluments of the office in which he is officiating, and if the amount of the Deputation Allowance according to the prescribed scale, added to the permanent emoluments of the Officiating Servant, would exceed the emoluments of the office in which he is temporarily acting, the excess shall not be drawn.* But this provision shall not apply to the case of any Officer deputed for special reasons to act in an office of inferior emolument to his own. In cases where an Officer holding two appointments, on being deputed to officiate for another shall be relieved only from one, he shall receive no Deputation Allowance, unless the emoluments of the office in which he is deputed to act exceed the united emoluments of his permanent appointments, and in that case the Deputation Allowance shall be limited to the difference.

Rules for Chaplains and Assistant Chaplains.

Sec. XXIII. Chaplains and Assistant Chaplains may under medical certificate obtain leave of absence, subject to all the deductions, conditions and limitations prescribed in the case of Civil Servants; but no Chaplain or Assistant Chaplain can be permitted to draw any allowance when his period of absence shall have exceeded two years.

Sec. XXIV. (Revised—See Amended Rules, page 180.)

Sec. XXV. (Revised—See Amended Rules, page 180.)

Sec. XXVI. (Rescinded—See Amended Rules, page 180.)

Sec. XXVII. On joining a Station in the interior after arrival in India, a Chaplain or Assistant Chaplain will be allowed the same rate of travelling charges, and be subjected to the same rules in respect to joining his Station, as a Civil Servant. On any subsequent transfer from one Station to another, the same allowance will be made if the transfer take place, not at the desire of the Chaplain removed, but by order of Government.

Leave of Absence, &c.--AMENDED RULES.

Fort St. George, May 31, 1843.

In re-publishing the following Rules, the Most Noble the Governor in Council directs that effect may be given to them in respect to all Deputation Allowances, and leave of absence granted within the limits of this Presidency, subsequent to the 30th May 1843.

Fort William: Financial Department, 17th May, 1843.

The Honorable the President in Council, with the concurrence of the Right Honorable the Governor General, has revised the Rules published on 29th January 1840, for the grant of leave of absence, and for regulating deductions, from Salaries and Deputation Allowances. The following Rules will have effect from this date for regulating Deputation Allowances, and the terms on which leave of absence will be given to places situated within the limits of the respective Presidencies to which the Applicants are attached.

Sec. VI. (Amended.) Civil Servants absent from their Stations under Medical Certificate, within the limits of their respective Presidencies, shall be entitled to the Salaries of their Offices for the period of two years, subject to a deduction of $\frac{1}{3}$ for the whole term of such absence, save and except that for the first year, if the Salary be not more than 500 Rupees per mensem, no deduction shall be made, and if it be only so much more than 500 Rupees that the prescribed deduction of $\frac{1}{3}$ would reduce the allowance below that sum, only the excess beyond Rupees 500 shall be deducted, but for the second year the full deduction shall be in force. An absent Servant, whether Civil or Military, shall in no case retain any Civil office or employment, nor be permitted to draw any portion of official Salary for a longer period than two years, but a Civil Servant who may, on account of sickness duly certified, obtain an extension of leave beyond two years shall, if his period of actual residence be less than 12 years, be allowed to draw the second rate of subsistence allowance, and if the period of such actual residence be 12 years, the highest rate of subsistence allowance, but if he continue absent in disobedience of an order to return, or without sufficient cause shewn, that allowance also shall be forfeited. The period of absence shall be computed from the date of his quitting his Station to the date of his return thereto.

Sec. XI. (Amended.)* The Government of each Presidency may grant to Civil or Military Servants holding Civil appointments leave of absence for one month in each year† without deduction from the Salaries and Emoluments drawn by such Servants. Such leave however will only be granted when the Government is satisfied that no inconvenience or expense will arise from the departure of the officer seeking it.‡ No second leave can be granted under this rule until the completion of eleven months from the expiration of the last leave.§

* All Public Officers and Chaplains obtaining leave under this Section and Section XXV. should avail themselves of it within two months from its insertion in the Gazette. On failure to do so a fresh application must be made, and permission obtained under it, before quitting their stations. See Notification of the Madras Government, dated November 8, 1843.—COMPILE.

† As a general rule leave is to be granted in one period only, whether for a whole month or less, and not in detached portions to complete one month within the year, and the term year is to be held to mean the Calendar year, commencing with the 1st of January and ending with the 31st of December, but the local Governments may, where good cause is shewn for the indulgence, and it is attended with no public inconvenience, sanction leave of absence under this Section to such parties as may not have occasion to apply for the whole at once, in instalments not to exceed in the aggregate one month within the Calendar year, on the understanding that no leave can be granted for any fresh Calendar year until the completion of three months from the expiration of the entire leave, or of the last instalment of leave taken in the past Calendar year.—See Resolution of the Government of India, dated 12th November 1847.—COMPILE.

‡ In cases where the Government may find it necessary to provide a substitute to officiate during the absence of any officer the expense incurred must be defrayed by the absentee. See Resolution of the Government of India, dated 5th February 1848.—COMPILE.

§ In cases unattended with inconvenience to the Public Service, leave will be granted for two or three months to such Servants as at the date of the promulgation of these Rules were entitled to the indulgence under the Provisions of Section XI. of the Rules of January 1840. See Notification of the Madras Government, dated September 27, 1844.—COMPILE.

* Civil Servants or Military Servants holding Civil Appointments, absent from their Stations under Medical Certificate, cannot be admitted to leave under this Rule, in continuation of their Sick leave, and if, while absent under this Rule, they be granted extended leave under Medical Certificate, they shall be considered liable to the Rules applicable to leave of absence on Medical Certificate for the whole period of their absence.

Sec. XII. (Amended.) The Government of each Presidency may, on sufficient cause being shewn, grant to a Civil or Military Officer holding a Civil Office special leave of absence on private affairs. Provided however that if any Officer to whom such leave shall be granted shall be absent from his Station for any period exceeding that to which under the last rule he may be entitled without deduction, the Absentee, if a Civil Servant, shall for the period in excess draw no more than one-half of his Salary and Allowances, and, if a Military Officer, only so much of the Salary and Allowances of any Civil Office to which he may stand appointed, as added to the Military Pay and Allowances which he may be entitled to draw, shall equal one-half of his entire Military and Civil emoluments. After an absence of three months (exclusive of any period which may be granted under Sec. XI.) any Office held by the Absentee shall become vacant.

Sec. XIII. is rescinded.

Sec. XVIII. (Amended.) The sum of Company's Rupees 11,200 per annum having been fixed, under the orders of the Court of Directors, as the Maximum Salary of Civil Office for the Officers of Government under the situation of Member of Council, Civil and Military Servants holding Office in the Political Department, who may draw larger Allowances than this annual sum as a consolidated personal

Note.—This rule will equally apply in case of a Political Resident taking a leave of one month for which in other cases he would suffer no deduction. The excess above the maximum monthly salary will in that case be enjoyed by the person in charge.

Note.—Military persons acting for other Military persons holding Civil Office, will, as in the case of Staff, draw half the difference between the incumbent's Military Allowances and the consolidated Civil Salary as at present, that is, will draw the amount retrenched from the Absentee, but when acting for a Civil Servant they will draw at the rules and under the same rules as Civil Servants.

Section XIX. (Amended.) Deputation Allowances shall be granted to Civil Servants temporarily performing the duties of an Office according to the following rates, and subject to the limitations and conditions hereinafter laid down.

To Civil Servants not holding any substantive Appointment.

At the rate of 25 per cent. on the monthly Salary of the appointment officiated in, such Deputation Allowance being in addition to the Subsistence Allowance of their respective ranks.

* Added under instructions from the Hon'ble the Court of Directors conveyed in a Despatch in the Financial Department, No. 34 of 1851, dated 18th June. See Notification of the Government of India, dated 5th August 1851, published in the Fort St. George Gazette for 1851, page 773.—COMPILE.

To Civil Servants holding an Office of inferior emolument when Officiating for a Superior.

At the rate of 10 per cent. upon the monthly Salary of the appointment officiated in, in all cases in which the Salary of such appointment shall not exceed Company's Rupees 2,000 per mensem, and in respect to all appointments of which the Salary shall be more than Company's Rupees 2,000 per mensem, at the rate of 10 per cent. upon Company's Rupees 2,000, and of 5 per cent. on the amount in which the monthly Salary may exceed Company's Rupees 2,000: provided however that no lower rate of Deputation Allowance shall be given than 100 Rupees per mensem.

The Deputation Allowance shall in all cases be in addition to the Salary of the substantive appointment held by the Officer on deputation.

A Civil Servant acting for another shall have no claim to Commission or Fees, where any such sources of emolument exist. These shall be regarded as forming part of the income of the Officer to be relieved, subject to the prescribed deductions.

Sec. XXI. (Amended.) No Subordinate Officer acting for his Principal, or for any other person holding a superior appointment in the same Office or Establishment, at the same Station, shall be entitled to any Deputation Allowance until after the expiration of one month, and then the Allowance is not to be drawn in arrear. But a Servant previously out of employment, or who may be deputed to act from a different Station, shall be entitled to Deputation Allowance from the date at which he may enter upon the discharge of the duties to which he has been temporarily appointed.

Sec. XXII. (Amended.) Civil Servants, if deputed to act at a distance from the stations where they are employed, or Military Officers holding Civil Office who may be so deputed, or who may be ordered by Government on special duty, shall be permitted to draw travelling allowances at the rate sanctioned in the case of a first appointment.

Sec. XXIV. (Amended.) The Government of each Presidency may grant to Chaplains and Assistant Chaplains special leave of absence on private affairs, but if such absence shall exceed the period to which the Absentees may be entitled under the following Rule, they shall for the period in excess be subjected to the deduction of one-half of their Allowances, and after an absence of four months all Allowances shall be discontinued.

Sec. XXV. (Amended.) *Leave of absence for one month in each year, under the principle sanctioned in Sec. XI., may be granted to Chaplains or Assistant Chaplains by the Bishop of the Diocese, or when the Diocese may be vacant (but not otherwise) by the Archdeacon or other Ecclesiastical functionary performing the duties of an Archdeacon or Commissary; and such leave being consistent with the rule, will be recognized by the Civil Auditor after it has been published in the *Government Gazette* of the Presidency with the authority of Government. Information of every leave so granted by the Bishop, or other Ecclesiastical Officer above mentioned, shall be immediately transmitted to the proper Secretary to Government, for the purpose of notification in the *Gazette*.

Sec. XXVI. is rescinded.

Sec. XXVIII. (Amended.) The Mint Master, the Assay Master, and Deputy or Assistant Assay Master of any Mint in India may obtain leave of absence under sick certificate, or on private affairs, subject to the conditions in the Rules forming Chapters I to V. The Absentee, if in the enjoyment of any Military pay or allowance, shall, during his absence, be subject to the deductions prescribed in the case of Military Officers holding Civil employments. If not a Military Officer, the Absentee shall be subject to the same deductions as a Civil Servant

* See First Note Section XI.—COMPILER.

under similar circumstances, but no Officer of the Mint or Assay Department, can be permitted to draw any portion of Salary for a longer period than two years, if absent under sick certificate, nor for a longer period than four months if absent on private affairs.

The Rules published on the 29th January 1840, not affected by the above alterations, remain in force.

Official Notifications of Civil Appointments.

FORT ST. GEORGE, February 26, 1841.

The Right Honorable the Governor in Council resolves that in future, when Official Notifications of appointments by Government in the Civil Department are inserted in the Fort St. George Gazette, no separate communication of the same shall be made in writing to the parties concerned, except when special instructions are required. All Officers are to act on such notifications in the same manner as if they had been communicated by letter from the Secretary's office, and to join their Stations within the period prescribed by the Rules published at page 142 of the Gazette for 1840, unless otherwise directed; taking, when necessary, the Oaths of Office in the manner prescribed in the Notification of the 19th May 1835, or making the prescribed Declaration before any Court of Record, or any Justice of the Peace, previously to entering upon the duties of the Office to which they may be appointed. The Judges of the Courts, or Justices of the Peace, before whom such Oaths or Declarations may, under this authority, be subscribed and recorded, will notify the same by letter to the Secretary to Government on the same day.

Revenue Officers on their first appointment are required, before entering on their duties, to take and subscribe the restrictive Oath of Revenue prescribed by Act of Parliament, and referred to in Regulation I and II of 1803; and Magisterial, Judicial and other Officers will, on every change of appointment, make and subscribe the Declaration prescribed by Act No. XXI of 1837, which dispenses with the oaths required to be taken by the general regulations of this Presidency.

Public Officers, in reporting to the Civil Auditor their assumption of Office, are to certify that they have conformed to all the requisitions of the Law and orders of Government in respect of Oaths or Declarations of Office, and the Civil Auditor is hereby required to bring to the notice of Government any omission in this respect.

Officers Retiring from the Service.

Regulations respecting Military and other Officers retiring from the Company's Service.

Officers who have served less than three years in India, and have lost their health there, are entitled to an allowance from Lord Clive's Fund, if the Court of Directors shall adjudge them to be proper objects of that bounty, to the extent of:

If a 2d Lieutenant, Cornet, or Ensign, two shillings a day, or £36 10s. a year; if a Lieutenant two shillings and six pence a day, or £45 12s. 6d. a year; provided they are not possessed of, or entitled to, real or personal property to the extent of, if an Ensign £750, if a Lieutenant £1,000.

Officers who are compelled to quit the service by wounds received in action, or by ill-health contracted on duty after three years service in India, are permitted to retire on the half pay of their rank, viz.

If a second Lieutenant, Cornet, or Ensign, three shillings a day, or £54 15s. per annum; if a Lieutenant four shillings a day, or £73 per annum.

A Subaltern Officer or Assistant Surgeon, having served six years in India, is permitted to retire on the half pay of Ensign, if his constitution should be so impaired as to prevent the possibility of his continuing in India.

A Lieutenant having served thirteen, or a 2d Lieutenant, Cornet, or Ensign, nine years in India (including three years for a furlough,) may retire on the *half* pay of his rank, in case his health shall not permit him to serve in India.

Regimental Captains, Majors, and Lieutenant Colonels, who have not served sufficiently long in India to entitle them to retire on full pay, and whose ill state of health renders it impossible for them to continue to serve in India, are allowed to retire from the service on the half pay of their respective ranks, viz.

Captains, seven shillings a day, or £127 15s. per annum, Majors, nine shillings and six pence a day, or £173 7s. 6d. per annum, Lieutenant Colonels, eleven shillings a day, or £200 15s. per annum.

All Officers who have actually served twenty-two years in India, or twenty-five years, including three years for a furlough, are allowed to retire on the full pay of their respective ranks.

Officers are also allowed to retire on the following pensions without reference to the rank they may have attained, if they have served for the under-mentioned periods, viz.

After twenty-three years' service in India, including three years for a furlough, on the full pay of Captain, viz. £191 12s. 6d. per annum; after twenty-seven years' service in India, including three years for a furlough, on the full pay of Major, £292 per annum; after thirty-one years' service in India, including three years for a furlough, on the full pay of Lieut. Colonel, £365 per annum; after thirty-five years' service in India, including three years for a furlough, on the full pay of Colonel, £456 5s. per annum.*

* For Pensions to Medical Officers (except Veterinary Surgeons) see *Medical Service Regulations*.—COMPILED.

When Officers on furlough retire upon the pay or half pay of their rank, they are only entitled to claim the benefit of the rank held by them at the expiration of one year from the date of their landing in the United Kingdom.

A Veterinary Surgeon is allowed to retire on seven shillings a day after twenty years' service, including three years for one furlough; five shillings and six pence a day after thirteen years' service, including three years for one furlough; and three shillings a day after six years' service: in the two last cases provided his health shall not permit him to continue to serve in India.

A Chaplain (appointed previously to the 1st September 1836) after eighteen years' service in India, including three years for one furlough, is allowed to retire on the pay of Lieutenant Colonel, £365 per annum; after ten years (if compelled by ill health to quit the service,) on the half pay of Lieutenant Colonel, £200 15s. per annum; after seven years, on the half pay of Major, £173 7s. 6d. per annum.

If appointed subsequently to that date, according to the following scale, viz. after eighteen years' service, including three years for one furlough, the pay of Major, viz. £292 per annum; after ten years' service, (if compelled by ill health to quit the service) on the half pay of Major, viz. £173 7s. 6d. per annum; after 7 years the half pay of Captain, viz. £127 15s. per annum.

A Commissary or Deputy Commissary of Ordnance, not being a Commissioned Officer, is allowed to retire on full pay if he has served twenty-seven years in India, of which twelve must have been in the Ordnance Department; twenty-five years, fourteen of which in that Department; or twenty-two years, seventeen years of which in the Ordnance Department.

A Conductor of Stores is allowed to retire on £60 per annum after twenty-five years' actual service in India.

Officers retiring from the service will be considered to have retired from the date of their application for leave to retire; or from the expiration of two years and a half from their quitting India, whichever shall happen first.

An Officer proposing to retire is required to forward, with his application for permission to do so, a certificate from the Department of the Accountant General that there are no demands against him on the books of that department.*

GENERAL ORDERS BY THE HON'BLE THE PRESIDENT OF THE COUNCIL OF INDIA IN COUNCIL.

Fort William, 8th January 1847.

No. 11 of 1847.—With a view to uniformity of practice, and to obviate the inconvenience arising from the existing system under which dates are assigned to vacancies caused by the retirement, &c. of European Officers in India, the Hon'ble the President of the Council of India in Council, with the concurrence of the Right Hon'ble the Governor General, is pleased to establish the following rule, which is to be considered applicable to all the Presidencies.

Rule.—Whenever an officer may be desirous of resigning or retiring from the service, or of being transferred to the Invalid Establishment, he is required to state in his application the date, which must be a prospective one, from which he wishes such resignation, retirement, or transfer to have effect; and from the

* Officers proposing to retire from the Service are authorized to apply through the prescribed Channel of the Pay Department for anticipated audits of their accounts, and the Departments concerned are required to comply therewith, and to grant Certificates of "No demands" as soon as the Applicants have settled all balances standing against them, or given proper security for the same. Officers retiring &c., from the Service while serving without the limits of the Madras Presidency and beyond Sea.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR IN COUNCIL.

Fort St. George, 9th May 1845.

No. 85 of 1845.—1. In order to obviate as far as possible risk of loss to the State, as well as to facilitate and expedite the adjustment of the Accounts of Officers of the Madras Army, who may resign, retire, or be removed, from the Service, while serving in the Tenasserim Provinces, Straits Settlements, China, Aden, or elsewhere *without the limits of this Presidency and beyond Sea*, the Most Noble the Governor in Council is pleased to direct that whenever an Officer so situated applies for permission to resign or retire from the Service, or is placed in arrest preparatory to trial by Court Martial, his Pay and Allowances of every description shall be thenceforth drawn on separate Abstract, and his Pay Accounts kept entirely separate from those of the Regiment or Detachment to which he may belong.

2. Consequently an Officer, situated as above described, proposing to retire from, or resign, the Service, will not be permitted to sign the Pay Abstracts, &c. of his Troop or Company; but he is not, on that account, to be deprived of Troop or Company Command Allowance to which he may under Regulation have claim, to which he will continue entitled in the same way as if detached in the manner adverted to in Para. 4, head "Troops and Companies," page 179, Section 9th, of the Code of Pay and Audit Regulations.

3. The Officers Commanding at the Stations in question are directed to send to Madras for immediate Audit, at the same time that the application for permission to resign or retire is forwarded, all Abstracts containing previous charges of the Officer about to retire or resign; thus leaving, to take the usual course of Audit, only common charges for his own Pay and Allowances, in which there ought to be no mistake.

Furlough Regulations.

Officers (of whatever rank) must be ten years in India, before they can be entitled (except in case of certified sickness, and as hereafter specified), to their rotation to be absent on furlough, and the same rule is applicable to Assistant Surgeons, and Veterinary Surgeons. The furlough to be granted by the Commander in Chief at each Presidency, with the approbation of the respective Governments.*

Officers who have not served ten years in India, but whose presence in England is required by urgent private affairs, may be allowed a furlough for one year without pay.

* A second furlough on private affairs may be granted to Officers when the public service will permit the indulgence, but the rule which precludes an Officer receiving pay when absent in Europe on such affairs for a longer period than three years is to be fully main- applicable to all the presidencies; "No Officer who has drawn three years' furlough pay has not received pay for the full term, he may during a second furlough on private affairs, be allowed the same for such space of time as will complete the three years." See Court's letter to the Madras Government of the 1st January 1841.—COMPLER.

A Chaplain (appointed previously to the 1st September 1836,) after seven years' residence in India, is allowed to go home on furlough and receive the pay of Major, £292 per annum. Should he go home from sickness prior to this period of service, he is allowed the pay of Captain only, viz. £191 12s. 0d. per annum.

If appointed subsequently to that date, after seven years' residence in India, the pay of Captain, viz. £191 12s. per annum; and if compelled by ill health to go home prior to this period of service, the half pay of Captain, or £127 15s. per annum.

A Conductor of Stores is allowed furlough pay only in case of going home from sickness.

Officers going to England on furlough, are required immediately to report their arrival by letter to the Secretary, stating the name of the ship in which they came, and their address, forwarding at the same time the certificates they received in India.

The period of furlough is three years, reckoning from its date to the day of the return of the Officer to his presidency.

Officers are required to join the Establishment to which they belong at the expiration of the three years' furlough, unless they shall have obtained an extension of leave from the Court six months before the expiration of that period. No furlough will be extended, except in cases of sickness, certified in the manner hereafter mentioned, or in cases in which it shall be proved to the Court that a further residence in Europe is indispensably necessary.

All Officers finding it necessary to solicit a further leave of absence on account of sickness, must, if resident in London or its vicinity, appear before the Company's Examining Physician, Dr. John Scott, 13, Straton Street, who will report to the Court of Directors his opinion on the state of such Officers' health, and if resident in the country, in any part of the United Kingdom, they must transmit, with their letter of application for such leave, a certificate according to the following form, signed by at least two gentlemen eminent in the medical profession, viz.

I hereby certify, that I have carefully examined, (state the nature of the case as well as the name of the party,) and I declare upon my honour, that according to the best of my judgment and belief, _____ is at present unfit for military duty, and that it is absolutely necessary for the recovery of his health, that he should remain at least _____ longer in this country.

Also previously to such extension of furlough being granted, such further proof shall be adduced by personal examination, or other evidence, as shall be deemed satisfactory.

Officers abroad in any part of Europe, applying to remain a further time from their duty on account of sickness, are to furnish a certificate of two eminent physicians in the above form, with the attestation of a magistrate, that the persons who signed the certificate are physicians.

Officers having obtained an extension of furlough to a given period must at its expiration apply for permission, either to return to their duty, or to reside a further time in England.

In every case in which an Officer has had his furlough extended beyond the prescribed period, on the ground of his health not being sufficiently restored, and shall apply for permission to return to his duty, he shall produce a certificate from the Examining Physician that his health is completely re-established, and that there is every probability of his being able to perform the active duties of his profession in India.

No Officer who has failed to obtain an extension of furlough, will be considered eligible to return to the service after five years absence, under the Act of 33 Geo. III, Cap. 52, Sec. 70.

Every Officer upon leaving India will receive a printed copy of the General Order on this subject, published agreeably to the Court's instructions, and the

plea of ignorance of the regulations will not be admitted as any justification of the breach of them. Officers, therefore, who shall go home on furlough, and who shall not in due time apply, so as to effect their return to the Presidency to which they belong within the period of three years from the commencement of their furlough, will subject themselves to the loss of the service, unless they shall be permitted by the Court to remain a further time in Europe.

No Officer on furlough can receive pay for more than two years and a half from the period of his quitting India until he returns, excepting Colonels of Regiments, and those of the rank of Lieutenant Colonel regimentally, when promoted to that of Major General: the latter are then allowed to draw the pay of their Breret rank beyond the above period.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, 29th September 1841.

No. 226 of 1841.—The Right Hon'ble the Governor General of India in Council is pleased to publish for general information, the following paragraph of a letter from the Hon'ble the Court of Directors to the Governor in Council at Bombay, No. 42, dated 4th August 1841, on the subject of the extension of Furloughs to New South Wales, or any other of Her Majesty's Colonies, the Rule therein laid down being applicable to all the Presidencies.

"Para. 2. In future cases when Officers may be granted a Furlough on sick certificate, or on private affairs, to New South Wales, or any other Colony, we desire that they may be separately informed, that any applications which they may have occasion to prefer for extended leave, are to be addressed to us in sufficient time to allow of their receiving our reply by the period when they should embark on their return, so as to ensure their arrival within the original term of Furlough; that if the application is preferred on account of health, it should be supported by Certificates from the Medical Staff Officers, or other undoubted medical testimony on the spot, shewing that the applicant is then incapable from ill health to return to the performance of military duty in India, and specifying the term for which they consider additional leave absolutely necessary for the recovery of the applicant's health; and that if the application is preferred on the ground of urgent private affairs, it will be required, that the nature of those affairs should be specified, and that the necessity for his continued absence should be certified by his professional adviser on the spot."

"5. With reference to the second subject, viz. the issue of the absentee allowances of Officers who are absent at the Cape of Good Hope, we now empower you to frame a Regulation, by which our Officers who are entitled under existing Rules to draw Indian allowances upon their actual return to India from leave of absence to any place within the limits of the Company's Charter, or the

Cape of Good Hope, or the Mauritius, or the Island of St. Helena, shall be entitled through their Agents at their respective Presidencies, to draw their allowances from month to month, upon their giving sufficient security to refund the whole amount in the event of their proceeding to England without previously returning to India, or such part of the amount as may have been over issued on any other account.

Sick Leave Regulations.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR IN COUNCIL.

FORT ST. GEORGE, 10th August 1847.

No. 178 of 1847.—The Most Noble the Governor, in Council directs the publication of the following Regulations regarding the grant of leave on medical certificate to European Officers.

1. All Sick Officers for whose recovery change of climate, whether to places beyond or within the limits of the Presidency, may be recommended will be required to appear for examination before a Board of Medical Officers.

2. At the Presidency, and at all Stations where practicable, a Board of three Medical Officers shall be appointed for the purpose of *granting, confirming, extending* and when necessary *cancelling*, medical certificates to Officers,—and none will be permitted to quit their Stations until they have been examined by such Board, before which the Officers' Medical Attendants are always to appear for the purpose of affording information on each case.

3. At the Presidency, a Member of the Medical Board, the Superintending Surgeon, and another Medical Officer to be appointed by the Commander in Chief, will form a Board; and at other Stations the three senior Medical Officers will be nominated for the duty. When it does not interfere with their other duties, Civil Surgeons are to be considered available as Members of Boards, if there is not a sufficient number of Medical Officers without them.

4. At Stations where there may be only two Medical Officers besides the one who has charge of a Patient, the Commanding Officer shall constitute them a Board for the above purpose, and should there be a difference of opinion upon the case, the recommendation of the Officer's Medical Attendant will be sufficient to decide that a sick certificate shall be granted.

5. At Stations where there is but one Medical Officer he may grant sick certificates, but in every such case, as also when a certificate is granted under the provisions of para. 4, the Patient is to be informed that he will be required to appear for examination before a Board of Medical Officers at the first Station on his route at which a Board of three Members can be convened: and with a view to obviate unnecessary delay or inconvenience to the Patient, the Officer Commanding the Station from which the Sick Officer is proceeding will communicate with the Officer Commanding such Station on route, where the necessary steps will be taken to assemble the Board upon the Sick Officer's arrival.

6. Previous to departure from a Station, each Sick Officer is to be furnished with a sealed medical statement of his case, to be produced to the Board

in cases contemplated by paras. 4 and 5, and which after the examination will be returned to him sealed by the Board, for the purpose of being delivered to the Medical Officer by whom he may next be attended.

7. In cases in which an Officer's sick certificate may not be confirmed by a Board at a Station on his route, he is to be allowed to remain there pending the orders of Government or the Commander in Chief upon the Board's Proceedings.

8. As a general rule Officers are not to be sent to the Presidency on sick certificate, except for embarkation or for the treatment of mental or ophthalmic disease. When however a residence with near relations at the Presidency is deemed advisable, or any special reason with regard to the Patient's health may exist, Medical Boards or Officers are to grant the certificates accordingly, and enter their reasons for doing so in the Proceedings of Boards, or in the certificates granted where Boards cannot be convened.

9. A Board will be assembled annually under the orders of His Excellency the Commander in Chief for the examination of Patients on the Neilgherry Hills, of which the Superintending Surgeon Southern Division will be President, and should there not be Medical Officers of experience residing on the Hills, the Commander in Chief will detach one or more from the adjoining Divisions as may be found convenient.

10. All Officers on the Hills who have been absent from their duty for one year will be required to appear for examination before the Annual Board, and, according to its report, will either be allowed to remain on the Hills for a further period, or be required to join their Corps or Departments if the Board reports that by the re-establishment of their health they are fit for duty.

11. Intermediate extension of leave on sick certificate to an Officer on the Hills will be granted only on the recommendation of a Board of Medical Officers, to be convened by the Officer Commanding at Ootacamund. The Medical Officer doing duty on the Hills who is not in attendance on the Patient is to be nominated a Member of this Board, but if for want of Medical Officers a Board cannot be convened, the countersignature of a sick certificate by the Superintending Surgeon of the Southern Division will be held sufficient to enable the Patient to remain until a Board can be assembled.

12. The Proceedings on Medical Officers, which are to be prepared separately, are to be forwarded through the Medical Board—and those for other Officers through the prescribed channels to Government or to the Adjutant General of the Army.

13. With the exception of the addition required in para. 8 to the certificate of an Officer who may be sent to the Presidency without having appeared before a Board of Medical Officers, the forms of medical certificates given in Section VIII. of the Medical Regulations are to continue in use as heretofore.

14. The following form of Proceedings is to be adopted by Boards of Medical Officers, and will include one or more cases, according to the number of Officers to be examined. When medical certificates are *confirmed*, it will be sufficient to state the circumstance as briefly as possible—but in cases in which there may be a difference of opinion between the Officer who grants a certificate and a Board, whether at the same or at another Station, the reasons for *not confirming* the certificate are to be fully recorded.

MEDICAL SERVICE REGULATIONS.

Superintending Surgeons, the Medical Board, &c.

FORT ST. GEORGE, 15th July 1842.

No. 126 of 1842.—The following General Order by the Honorable the President in Council, is published for the information of the Army.

"GENERAL ORDERS BY THE HONORABLE THE PRESIDENT IN COUNCIL."

FORT WILLIAM, *July 1st 1842.*

No. 169 of 1842.—In obedience to the Orders of the Honorable the Court of Directors, in their Military Letter to the Government of India, No. 6, under date the 4th May 1842, the following Regulations are to have effect in the Medical Department of the three Presidencies from the 16th instant.

The situation of Superintending Surgeon to be considered a Staff Appointment, to which only those fitted for it by a zealous and able discharge of their professional duties shall be deemed eligible, and the appointment to future vacancies will be made without reference to the order of succession, whenever it may be the opinion of Government, that such departure from Seniority is required for the maintenance of the public interests.

The present system by which all Pensions in the Medical Service superior to those of Surgeon (Captain's full pay after 17 years service in India) are dependent on promotion to the Staff Appointment of Superintending Surgeon, is abolished, and in its stead the principle of granting those Pensions according to length of service established, upon the following scale, viz.

After 20 years' Service, 3 years Furlough included, as at present....£191 a year.

"	28	"	3	"	£300	"
"	32	"	3	"	£365	"
"	35	"	3	"	£500	"
"	38	"	3	"	£700	"

The present Regulations by which Superintending Surgeons are entitled as such to Retiring Pensions of £300 and £365 a year, and Members of the Medical Board to Pensions of £500 and £700 a year, according to period of Service in those ranks respectively, will cease to be the rule of the Service for Medical Officers after the date of the introduction of the new arrangement; but individuals then in the Service, and who may be appointed to the Offices of Superintending Surgeon and Member of the Board within ten years from that date, will be allowed the option of retiring upon Pensions upon the old scale of length of service in those Ranks, instead of the new scale of length of service in India.

The designation of 1st, 2d and 3d Members of the Medical Board is abolished, and the following Titles are substituted :

Physician General.....1st Member.

Surgeon General.....2d Member.

PORT ST. GEORGE, 25th July 1843.

No. 118 of 1843.—Under instructions from the Honorable the Court of Directors, received through the Government of India, the Most Noble the Governor in Council is pleased to publish the following regulations on certain points connected with the Medical rules published in G. O. G. 126, dated 15th July 1842.

1st. The Physician General, Surgeon General and Inspector General of Hospitals will, collectively, continue to perform the duties of the Medical Board as heretofore: their period of service, reckoning from the date of promotion to Inspector General of Hospitals, will be five years, after which they will be required, as was the case with a Member of the Medical Board, to retire; and, as vacancies occur, the Inspector General will be promoted to the rank of Surgeon General, and the Surgeon General to that of Physician General.

2d. No alteration has been made in the regulation which prescribes that "vacancies in the Medical Board shall be filled up by selection from the Superintending Surgeons, of such as shall be most distinguished for professional science and the zealous discharge of their duties, due regard being had to seniority in the Service when the qualifications of the individuals appear to be adequate to the correct performance of the duties of the office."

3d. A Superintending Surgeon, in virtue of his Staff Appointment, is to take rank over all Garrison and Regimental Surgeons within his Division who may be senior to him in the list of Surgeons; but in such cases, if Medical Officers desire it, they will be transferred to a Division the Superintending Surgeon of which is their senior in the Service.

4th. The situation of Superintending Surgeon being considered a Staff appointment, the Government will be at liberty, should the interests of the public service require it, to remand him to the rank of Regimental Surgeon, or rather to remove him from his Staff appointment.

5th. The regulation published in G. O. G. No. 226, dated 9th June 1835, which provides that no Medical Officer shall be considered eligible to the situation of Superintending Surgeon, who shall not have served for two years in the military branch of his profession at some period subsequently to his promotion to the rank of Surgeon, continues still in force.

6th. A Medical Officer holding the appointment of Superintending Surgeon before his embarkation to Europe, will, on his return to India, be entitled to resume his appointment as a Superintending Surgeon.

PORT ST. GEORGE, 28th May 1850.

No. 107 of 1850.—1. In conformity with instructions from the Govern-

ment of India, approved and sanctioned by the Honorable the Court of Directors, The Right Honorable the Governor in Council, is pleased to publish the following Rules, respecting Members of the Medical Board and Superintending Surgeons on the Madras Establishment, which (except as regards the amount of salaries) correspond with those in Bengal, and are to apply to all Officers, who may be appointed to either of the above situations subsequent to the date of this General Order, in supersession of all different provisions contained in the Code of Pay and Audit Regulations or in former General Orders.

2. The Rules contained in the revised Code of Pay and Audit Regulations, will continue to apply to Members of the Medical Board and Superintending Surgeons appointed prior to the date of this General Order, and to the Officers now officiating, or who may be appointed to officiate, for any of them.

MEDICAL BOARD.

1. Members of the Medical Board rank as Brigadiers General; but that rank is considered as purely official, or of courtesy, and does not give claim either to Military command or to increased allowances of any kind, except in cases of distribution of Prize Money, in which Members of the Medical Board are allowed to share according to the above scale of rank.

2. The Members of the Medical Board are Commissioned with the following titles, and on retirement from the Service are placed on the Retired List with the title then held by them:

- 1st. Physician General.
- 2d. Surgeon General.
- 3d. Inspector General of Hospitals.

3. The consolidated salary of a Member of the Medical Board is 2,450 Rupees per mensem, which is held to include the Pay and full Regimental allowances of a Surgeon.

4. The allowances of Members of the Medical Board, are passed from date of vacancy in the Board, in the same manner as those of General Officers on the Staff, on the principle that they hold their appointments for a limited period only.

5. A Member of the Medical Board when absent on leave, on private affairs, or on medical certificate, within or beyond the limits of the Presidency, is only entitled to Rs. 1,678 As. 4 P. 0 per mensem for the prescribed periods; subsequent to which he will be restricted to the pay proper of his Army rank of Surgeon.

6. The amount forfeited by a Member of the Medical Board, during absence as above stated, viz. Rs. 771 As. 12 per mensem, is payable to the Superintending Surgeon appointed to officiate for him; or, when no such appointment has been made, becomes a saving to the State.

7. Members of the Medical Board, when on furlough to Europe, are entitled to the furlough pay of Colonels of Infantry.

8. Pensions from Lord Clive's Fund to Members of the Medical Board and their Widows, are allowed at the same rates and under the same rules as to Colonels and their Widows.

9. A Member of the Medical Board who has proceeded to Europe, and been permitted by the Honorable the Court of Directors to return to India, for the purpose of completing the residue of his tour of service in the Board, becomes entitled to consolidated salary, from the date of his arrival at Madras, and the Junior Member of the Board; consequently, reverts, from the same date, to his former position of Superintending Surgeon, his period of service as Junior Member being counted as so much passed to the term of five years to which service in the Medical Board is limited.

10. The Members of the Medical Board actually in the Service on the 16th July 1842, and appointed to the Board at any time within ten years from that date, have, provided they have completed twenty years service in India (including three years furlough) the option of retiring upon Pensions, either ac-

cording to the general scale for length of service in India established on the above date, or upon the following scale:

After Service in the Medical Board of not less than *Per Annum.*
 { Two years £500
 { Five years £700,
 and in cases of certified sickness, rendering immediate return to Europe necessary, are permitted to retire, in India or Europe, at any period after becoming Members of the Board on the first of those Pensions; or at any time after the completion of three years service in the Board on the second.

SUPERINTENDING SURGEONS.

1. The situation of Superintending Surgeon is considered a Staff appointment, and nominations thereto are made without reference to the order of succession whenever it may be the opinion of Government, that such departure from seniority is required for the maintenance of the public interests. Medical Officers are not entitled, under any circumstances, to the allowances of Superintending Surgeon, until they shall have entered upon the duties appertaining to the appointment.

2. The consolidated salary of a Superintending Surgeon is 1,575 Rupees per mensem, which includes the Pay and full Regimental allowances of Surgeon. — *The Superintending Surgeons of the Nagpore and Hyderabad Subsidiary Forces, and Superintending Surgeons employed with Troops on actual Field Service, are entitled to salaries of Rs. 1,803, 4 A. 6 P. each; but these higher salaries are only claimable by them when actually present and in the performance of the duties of their appointments, their receipts being regulated by the provisions applicable to other Superintending Surgeons during absence involving any forfeiture of allowances, when the additional allowance, viz. the difference* Rupees 228-4-6 between the amount above mentioned and Rupees 1,575, becomes payable to the Officiating Superintending Surgeon.*

3. An allowance of 60 Rupees per mensem, for Writers and Stationery, is attached to the appointment of Superintending Surgeon, and payable under the same rules as other Office allowances in general.

4. Superintending Surgeons rank as Lieutenant Colonels; but that rank is considered purely Official, or by courtesy, and does not give any claim either to Military command or to increased allowances of any kind, except in cases of distribution of Prize Money, in which Superintending Surgeons share according to the above scale of rank.

5. The office of Superintending Surgeon being incompatible with an executive charge, a Surgeon appointed to officiate as Superintending Surgeon of a Division or Force is invariably on assuming superior office to make over his subordinate charge. If a Regimental Surgeon, and officiating for an absent incumbent who had previously been in charge, he will be entitled to the forfeited portion of the salary of Superintending Surgeon, viz. Rs. 496 2 A. per mensem if the absence of the incumbent be occasioned by his temporary employment in the Medical Board (Vide Para. 11), and Rs. 579 13 A. per mensem if the incumbent be absent on medical certificate or private affairs, vide para. 6, and will draw the Office allowance (60 Rupees per mensem) with the Pay and Regimental allowances of his rank and station, and if a Garrison or other Staff Surgeon (not Regimental) he will further be entitled to a moiety of the salary of his permanent situation, provided that salary is higher in amount than the forfeited portion of the salary of Superintending Surgeon. If lower in amount, he is not entitled to any part of it while officiating as Superintending Surgeon, and is restricted to the Pay and Regimental allowances of his rank for the entire period occupied by him in reaching his new station, and subsequently joining his original one.

6. A Superintending Surgeon when absent in India, or within the limits of the Honorable Company's Charter, on medical certificate, or private affairs, within the prescribed periods, is entitled to Rupees 995-3-0 per mensem, being the Pay and full Regimental allowances of a Surgeon, and a moiety of the

remainder of his consolidated salary; but when absent beyond the "prescribed periods" he is restricted to the subsistence or pay proper of his Army rank of Surgeon.

7. A Superintending Surgeon when absent on furlough to Europe, is entitled to the furlough pay of a Lieutenant Colonel of Infantry.

8. A Superintending Surgeon, who has proceeded to Europe, and been permitted by the Honorable the Court of Directors to return to India to resume his appointment becomes entitled to salary from the date of his actual resumption of his duties as Superintending Surgeon, and from which date the Junior Superintending Surgeon on the Establishment will revert to the grade of Surgeon.

9. Superintending Surgeons actually in the Service on the 16th July 1842, and appointed to the Office of Superintending Surgeon at any time within ten years, from that date, have, provided they have completed twenty years service in India (including three years furlough) the option of retiring upon Pensions either according to the general scale for length of service in India established on the above date, or upon the following scale.

Per Annum.
 After service as Superintending Surgeon of not less than . . . { Two years £300
 { Five years £365,
 and in cases of certified sickness rendering immediate return to Europe necessary, are permitted to retire, in India or Europe, at any period after becoming Superintending Surgeons on the first of those Pensions, or at any time after the completion of three years as Superintending Surgeon on the second.

10. No Medical Officer is to be considered eligible to the situation of Superintending Surgeon who shall not have served for two years in the Military branch of his Profession, at some period subsequently to his promotion to the rank of Surgeon, unless he shall have held for a similar period the appointment of Marine or Presidency Surgeon, or Surgeon to the General Hospital, or shall have served in the Rank of Surgeon for two years with the Troops commanded by British Officers in the Nizam's Service, or the Army of any other Native State.

11. Superintending Surgeons appointed to officiate as Members of the Medical Board are permitted to draw their full salaries up to the date of their entering upon the duties of the Board, or otherwise coming into the receipt of allowances as Officiating Members. Full salaries are allowed when they return

13. An Order directing a Medical Officer to receive charge of the records of a Superintending Surgeon's Office does not confer the rank, impose the duties, nor entitle him to the allowances of an Officiating Superintending Surgeon.

14. Pensions from Lord Clive's Fund to Superintending Surgeons and their Widows, are allowed at the same rates, and under the same rules, as to Lieutenant Colonels and their Widows.

Rules.

(Corrected to 17th October 1851.)

ADMISSION.

Art. 1. No person is admissible as a Subscriber to the Military Fund, unless he entered or shall enter the service of the Honorable East India Company on the Madras Establishment as a Cadet or Assistant Chaplain. Cadets and Assistant Chaplains become Members of the Military Fund, as a condition of their appointment, and are eligible to its benefits from the date of their admission on the establishment. Assistant Chaplains subscribe as Captains until they have served 15 years; subsequently as Majors.—G. O. G., 12th June, 1838.

Art. 2. Medical Officers (formerly received as Members,) may continue in the Society on the old rules; according to which a Surgeon pays, and is entitled to benefits, as a Captain; a Superintending Surgeon as Major; and a Member of the Medical Board as Lieutenant Colonel; but Medical Officers are no longer admissible.

Art. 3. Assistant Chaplains or Cadets, being married, or having legitimate offspring, are required to pay marriage donation and also subscription, at the Indian rates, of their grade as married, with arrears to be calculated from the date of their admission on the establishment, or from the date of birth of the eldest surviving child, if the latter date be anterior; with compound interest at 8 per cent. per annum, on the whole amount of donation and subscription, either at once, or by 25 equal monthly instalments, within 25 months of the date of admission.

DONATIONS AND SUBSCRIPTIONS.

Art. 4. All subscriptions to the Fund are payable in India, monthly, in advance. All donations, although for the convenience of Subscribers payable by prescribed instalments, become debts to the Fund from the date on which they fall due, and must, under any circumstances, be paid by the Subscriber, if he lives until the expiration of the prescribed period for the payment. Should a Subscriber die while his donation is in course of regular payment by instalments, no demand is to be made against his estate for the instalments unpaid.

Art. 5. Subscribers shall pay donations and subscriptions in the time and manner hereafter defined agreeably to Tables A. and B. Widowers with legitimate offspring to be considered and pay the same as married. Subscriptions are to commence from the date of admission on the Establishment of Fort St. George; entrance donations become due from the same date; and donations and subscriptions on promotion from the date of promotion as signified in

G. (1). G. Arrears of Instalments of donation and subscriptions to be recovered from first pay drawn.

Art. 6. The donations of Cadets, Cornets, 2d Lieutenants and Ensigns, and Assistant Chaplains may be paid, in anticipation, in England; those married or having legitimate offspring will be further required on arrival in India to pay the subscriptions and interest laid down in Article 3.

Art. 7. Donations on Entrance or Promotion must be paid immediately on becoming due, or by equal and regular monthly instalments, agreeably to Table A., as married or single, commencing with the first pay drawn by the Subscriber after the event. If the Subscriber however be promoted during the payment of such instalments, he must pay the new donation, as well as the balance of the old, at the higher rate of the class into which he has been promoted.

MARRIAGES.

Art. 8. All marriages must be reported.—When a Subscriber, Widower or Bachelor, marries, his family will become eligible to the benefits of the Institution if he duly report his marriage, and make, commence, or arrange to commence,* as below prescribed, the payments consequent thereon; viz., increased subscription according to his class, and the regulated donation, subject to increase agreeably to Table G. for disparity, if his age exceed that of his wife more than 8 years. If the Subscriber pay the whole donation within 30 days after the date of marriage, he will be allowed a discount or deduction of 10 per cent.; if not, he must pay it by 25 equal monthly instalments, commencing with the first month after marriage. This rule applies to Subscribers marrying Annuitants on the Fund.

Art. 9. If the report of marriage be not made, and the prescribed payment begun, within one month after the event, the donation will be increased by (1) one per cent. per month up to the date of announcement, and the pensions of the widow and children will be contingent upon the husband's surviving 25 months from the date of his report, and completing the payment together with all arrears of subscription (calculated from the date of marriage) and penalties. If however the report be made within the month, and all the regular payments begun, or measures taken to begin them, and the husband should die before any or all of the instalments are paid, the widow and family will be entitled to their pensions subject to the regulated deductions on account of Minimum. Provided always that that part of the provisions of this Article which requires that the husband should survive 25 months to entitle his widow and children to their pensions, shall not be held applicable to cases where the Subscriber shall produce a Health Certificate as per Form given in Appendix I.

Art. 10. The report of marriage must contain the dates of birth of the Wife and of the Subscriber, also the Christian name of the Wife. This information is necessary for the calculation of the amount of donation, and Subscribers should be careful in affording it, lest the omission, by leading to a reference, should involve a penalty as to time. In every case the best course to be followed is, on making the report of marriage, immediately to commence the regulated subscriptions and instalments of donation, as laid down in Tables A. and B.

CHILDREN.

Art. 11. To secure for his daughters the continuance until marriage or death, of the annuities to which they may become entitled from the Fund, in consequence of his decease, before they respectively attain the age of 21 years; or should they have attained that age at their Father's death to obtain for them similar annuities, a Subscriber is required within 10 days from date of birth of each daughter, to notify the same to the Secretary, and state that it is his intention to pay an additional donation of Rupees 282, which amount will become due to the Fund from the lapse of the tenth day after birth, whether the child subsequently live or die. If the child die within ten days from date of birth,

* Means giving the necessary instructions to the Pay Department to make the required deduction.

the report of intention to pay donation on her behalf will be considered cancelled. If the Subscriber pay the whole donation within 30 days after the child's birth, he will be allowed a discount or deduction of 10 per cent., if not, he must pay it within 12 months from date of birth of the daughter by 12 equal monthly payments, commencing with the first month after the birth of the child. Vide Table A.

To obviate the inconvenience which might be occasioned by the neglect of the above Article, Subscribers may, if they prefer it, notify to the Secretary their wish to avail themselves of the rule for all daughters who may be born to them; the donation for each becoming due and payable as above explained, whether the child live or die.

In addition to the above a monthly subscription of one Rupee, or 2s. 3d. is to be paid for each son under 21 years of age; and for each daughter until marriage or death, during the life of the father. The subscription for daughters for whom the donation of Rupees 282 may not have been duly paid to cease after the age of 21 years.

Subscribers are consequently required to report to the Secretary, dates of births and decease of all children.

Art. 12. A posthumous daughter, or a daughter whose father may die before the expiration of 10 days from her birth, without having made the prescribed report, will be entitled to the advantage of Regulation 11; but the prescribed donation for her will be deducted from her annuity at the rates specified in Table D. In the case of a daughter born during the temporary absence of the father, the report must be made as soon as the event comes to his knowledge, the cause of the delay being explained at the time.

Art. 13. Subscribers having failed to make the requisite report within the period of 10 days, and wishing, at any future time, to secure to their daughters the annuity in question, are required to notify their intention to the Secretary, and to pay for the same agreeably to Table H. These donations must be paid at once or by 12 equal monthly instalments, from date of notification, and can only be received during the life-time of the father. The money becomes due from the date of report, whether the child subsequently live or die. Monthly subscription of 2s. 3d. or 1 Rupee calculated from date of birth must be paid at once and in addition to the donation.

Art. 13½. When daughter's donation (whether under Article 11 or under Table H.) shall have gone unpaid beyond the period allowed, and it shall happen that circumstances prevent the possibility of its being recovered, together with the penalty or penalties due upon it, from the pay or pension of the Subscriber, and the Subscriber shall, in the mean time, die without having paid such donation, with penalty or penalties (as the case may be); in such cases, notwithstanding that the Subscriber shall have duly reported, within the prescribed period from his daughter's birth, his intention to pay such donation, such report of intention shall be held to have been cancelled, and the daughter shall not be entitled to the prolonged annuity, unless the whole circumstances of the case shall be considered, by at least three Directors, to warrant a reference being made to the Subscribers at large, for their decision regarding her continuance or otherwise on the list of permanent annuitants.

In like manner all ordinary communications, to Subscribers and others, may be made by the Secretary whenever necessary; but no letter of any kind is to be despatched from his office unless the draft of it has been previously passed by three Directors, whose initials in ink must appear thereon.

Art. 83. Files of printed copies of the Records of Proceedings of the Directors in Meetings, of Circular Letters to the Subscribers, and of Reports and Letters from Actuaries and others, are to be regularly kept and laid on the table at all Meetings of the Directors.

Art. 84. No arrears of business are to be allowed to accumulate in the office, and whenever any arrear occurs or exists, it is to be at once reported and explained to the Directors by the Secretary.

Art. 85. The Secretary is answerable for the safe custody of the office records and furniture, of which complete and correct lists are always to be kept in the office.

Art. 86. The Secretary is vested with the entire control and management of his office establishment; and has the power of discharging and entertaining writers and other office servants; but is required to report, for the information of the Directors, every alteration in the establishment, either by casualty, or by reduction of, or addition to monthly pay, at the next meeting after its occurrence.

Art. 87. Should the Secretary be prevented by illness or other reason from attending his office for more than three days consecutively, he is required to report the circumstance to the Directors at their next meeting.

Art. 88. Should the Secretary be prevented, by any cause, from attending a Meeting of the Directors, he is, if possible, to give timely previous notice of the circumstance, mentioning at the same time some Subscriber who has consented to act in his stead.

Art. 89. Prior to applying for leave of absence from the Presidency, the Secretary must notify his intention to do so for the information of the Directors. During absence, he is not entitled to any part of the salary of his appointment, which is payable in full to the Officer nominated to officiate for him. He is however allowed to make arrangements to provide a substitute, and to nominate the latter, who will be appointed to officiate, accordingly, if approved by the Directors.

Art. 90. Each Cadet and Assistant Chaplain on his arrival in India is to be informed by the Secretary of his enrolment as a member of the Fund, and required to state his condition as bachelor, married or widower; his date of birth; and, if married, the date of his marriage, the date of his wife's birth, her Christian name, or names, and the date of birth and name or names of each of his living children; and if widower, the date of birth and name or names of each of his living children, and also whether he has been furnished with a copy of the Regulations in Europe. On the receipt of this statement the Secretary is to apprise the Subscriber of the contributions required of him, and the manner in which they must be paid; and, if necessary, supply him with a copy of the Regulations.

Art. 91. The Secretary is to take care that no incorrect or incomplete copy of the Regulations is kept in use in, or sent out of, the office. All corrections or alterations directed from time to time are to be made in every copy in use in the office, or about to be supplied to a Subscriber or Annuitant, either by printed fly-leaves or in manuscript.

Art. 92. Subscribers and Annuitants proceeding to Europe are to be furnished by the Secretary with Certificates for delivery to the Agents in London; which documents are to contain complete statements, for the guidance of the Agents, of payments to be made on account of the Fund to and by the parties in question.

HOME AGENTS.

Art. 93. According to the original rules of the Fund, the Agent in England, as well as the Secretary in India, was required to be an Officer of the Army and a Subscriber to the Fund; but under a regulation established on the 5th of June 1835, the present Agents are the members of a mercantile firm in London, who have been required to furnish personal security to the amount of 3,000£ for the due fulfilment of their engagement.

Art. 94. The Agents to the Fund in England are appointed by the Board of Direction in India, and are removable by the same authority: but in the event of the sudden resignation, or bankruptcy of the Agents, or in any other case of emergency, the Home Committee are empowered to nominate temporary Agents.

Art. 95. The total salary of the Agents is 400£ per annum, which is to cover all expenses on account of Office establishment and contingencies of every kind, including the necessary expenses of printing, postage, messengers, &c. &c., attendant on the preparation of the records of the proceedings of the Home Committee and Sub-Committee.

Art. 96. The office of the Agents in London is to be open to all Subscribers from 11 o'clock A. M. to 3 o'clock P. M. every day, except Sunday, to enable them to refer to the books and records whenever necessary; and the Agents are to furnish information on all matters connected with the Fund on application from Subscribers and Annuitants.

Art. 97. The Agents in England are to keep themselves supplied with a sufficient number of correct copies of the Regulations, by reprint of the last of those forwarded from India, of which it is their duty to furnish a copy to each newly appointed Assistant Chaplain and Cadet gratis, and to each other Subscriber or Annuitant at the fixed price, on application for the same. They are to report to the Secretary at Madras, for the information of the Directors, the dates of all marriages, and births of children, of Subscribers resident in Europe.

Art. 98. All payments to the Fund by Subscribers resident in India, Cape, New South Wales, China, &c., are to be made in India, in Indian currency; and all payments by Subscribers resident in Europe, or elsewhere beyond the limits of the East India Company's Charter, are to be made in London, in English currency, agreeably to Tables A, B, C, G, and H.

Art. 99. All payments from the Fund to parties resident in India, at the Cape, in Australia, China, &c., or to their Agents, are to be made in India, in Indian currency: and to parties resident in Europe, or elsewhere beyond the limits of the East India Company's Charter, or to their Agents in London, in English currency, agreeably to Tables E and F.

Art. 100. Payments from the Fund to parties resident in Europe are made by the Agents, on account of the Institution, by certificates on the Treasury at the India House. Every certificate to be made out in favor of the party actually entitled to receive the same.

Art. 101. The Agents in England and the Secretary at Madras, are held personally responsible for the accuracy of the records and accounts and the various documents furnished by them to subscribers. Should any over-payment to a party occur, which shall be proved to have arisen from ignorance or neglect on their part, they shall be liable to have the whole or part of the sum so over-paid recovered from them, according as, in the opinion of the Directors, the case may seem to require.

INVESTMENT OF ASSETS.

Art. 102. According to the original rules of the Fund, all donations to it are reserved for the purpose of forming a capital; all other income being available to meet current and duly authorized demands.

Art. 103. According to the original rules of the Fund, all money belonging to it in India is to be vested in the Honorable Company's Securities. It is,

accordingly, the particular duty of the Sub-Committee of Finance and Audit, in communication with the Secretary, to make arrangements for so vesting the money of the Fund; a floating balance sufficient to meet all current demands being always left in the Government Treasury at Madras.

Art. 104. Should the available means of the Society at any period fall short of the liabilities for the time being, the Directors are empowered to order proportionate and equal deductions, according to Table D, to be made from all Annuities, to cover the temporary deficiency. Subsequently should a surplus income exist, the deductions are to be made good, (without interest), out of such surplus.

VOTES.

Art. 105. The votes, on all subjects, of the Subscribers in India are called for by Circular Letters under the signature of the Secretary, forwarded, with the permission of His Excellency the Commander-in-Chief obtained through the Adjutant General of the Army, to Corps, Departments, and individual Subscribers. The votes of the Subscribers in Europe are collected by the Agents in London under the instructions of the Home Committee, and transmitted to the Secretary at Madras.

Art. 106. The period allowed for voting on any reference, or question which can be decided by a simple majority of votes, is three months, and accordingly, at the termination of the third month from the date of the Circular Letter by which the question or reference was submitted for the votes of Subscribers, it is considered disposed of according to the votes then received.

The period allowed for voting on a proposition which cannot be carried unless two-thirds of the votes received are in favor of it, is five months.

Art. 107. No proposed salary or donation, unprovided for by the rules, can be granted; no proposed new rule can be established; and no proposed alteration or revision of any existing rule can be made, unless two-thirds of the votes received are in favor of the proposition. All other questions referred for the votes of the Subscribers are decided by a simple majority of the votes received.

APPENDIX II.

1st May 1818.

RULES FOR THE ADMISSION OF OFFICERS OF THE NON-EFFECTIVE ESTABLISHMENT WHO DID NOT ENTER THE ARMY AS CADETS.

Officers on the Non-effective Establishment who did not enter the Army as Cadets are allowed to participate in the benefits of the Military Fund, to the extent and in the manner hereinafter described.

I. Pensions to Widows.

1. Officers of the above description will be allowed, on proof of health, to insure survivorship pensions for their wives, to the full extent of the regulated pensions to widows of Subscribers of corresponding rank on the regular establishment, or for one-quarter, a half, or three-quarters of such regulated pension, on payment of an equivalent single or monthly premium according to age, to be determined on the principle laid down in Article 162, Davies' 1st Report (Formula A—A B taken from Tables 10 and 32) the amount of which premium can be ascertained on application to the Secretary.

2. In the event of the party preferring to insure by monthly instead of a single premium such monthly payment will cease on the death of either the husband or wife, and whichever mode of payment be adopted, the pension will be continued to the widow for life without being subject to suspension in case of her re-marriage.

II. Pensions to Children.

1. Officers of the above description at present in the service will also be allowed to secure for each of their children the full amount, or such proportion of the pensionary benefits held out to the children of members of the regular service as their means will allow, the proportions being restricted, as in the case of widows, to a quarter, a half, or three-quarters.

2. Thus to secure the same pensionary advantage as is allowed the children of regular Subscribers, payment of the equivalent, as regulated by the last two columns of Table 21* if for sons, and by the corresponding columns of Table 26* if for daughters, must be made by single premium, and for half the above benefits half the amount will be charged.

Application to insure for any of the above benefits, supported by certificate of health and of dates of birth of parents and children, must be preferred within six months from the date on which the Rule is passed by the Army; or the application will not be admitted.

Those who insure to the full extent of the pension allowed to widows of Members of the regular establishment, will be allowed to effect a further Assurance on promotion to a higher grade, or for any additional children that may be born to them, and those who insure for less than the fixed rates will be allowed to augment their original amount insured, on production of a fresh certificate of health and at the rates prescribed for their then ages: but to obviate complexity of accounts, such additional insurance by either party can only be allowed to be effected by a single payment; and if for an additional child the application must be made within six months of the date of birth.

The pensions assured to widows and children of the said Officers will be issuable without deduction on account of minimum; and it must be distinctly understood that Officers insuring as above are not eligible for personal benefits, either to themselves or families.

The case of Officers who may hereafter receive commissions on the regular establishment will be provided for on receipt of the revised Tables under preparation by the Actuary.

All payments must be made in India in Rupees, and through Paymasters or other official channels, or into the General Treasury at Madras. Instalments must be paid monthly as above from the Assurer's abstracts.

On demise of wife or children the policy becomes void so far as the deceased may have been interested in it, but no part of the payments made on account of the deceased can be returned, and in the event of re-marriage a new assurance, on the foregoing terms and conditions, if desired, can be entered into.

The pensions to commissioned, warrant, and non-commissioned officers and soldiers are payable half-yearly, at the India House, in London, without deduction, at Midsummer and Christmas; but if non-commissioned officers and soldiers receive their pensions in the country, (which if they reside more than 25 miles from London they are permitted to do by the special leave of the Court of Directors, who will appoint a proper person for paying them,) a shilling will be charged on each payment for the person who pays them.

The pensions of commissioned and warrant officers are payable as they fall due. Non-commissioned officers and privates paid in advance, on their landing, for the broken period to the end of the first half-year, and afterwards half-yearly in advance.

Pensions to Widows.

The Widows of Commissioned and Warrant Officers are entitled to the following pensions, upon providing satisfactory evidence, that their husbands did not die possessed of property to the amount stated opposite to their respective ranks. The pensions continue during widowhood, but terminate finally on re-marriage, which cancels all claim to reversion to the Pension previously drawn in right of their former deceased husbands. Should the second husband have been an European Officer, or Soldier in the Company's service, the Widow will be entitled to pension on his account.

No Widow is entitled to a benefit from the Fund until a sum equal to 10 months' pension has been received on her account.

The full amount of pension is payable only, after the subscriptions, &c. on her account amount to a sum equal to 15 months' pension. Payments exceeding 10 and less than 15 months' pension, entitle the widow to 5-6ths of the pension of her class. Pensions are not payable to widows on remarriage, or during coverture, but they become entitled to such on again becoming widows.

Pension is forfeited by incontinence. Pensions are not payable to the families of subscribers who die with six months' subscription in arrears, and subscribers 12 months in arrears are struck off the book. The Regulations at length may be had on application to the Secretary, and on payment of 4 annas per copy.

Rules.

I. This Fund is designated 'Taylor's Fund' to perpetuate the name of its

Reverend Founder, and its object is to afford relief to the Widows and legitimate Offspring of European Pensioners.

II. The Capital by which this Fund is to be supported, has been derived from the liberal contributions of the Public, and is invested in Government Securities in the names of three of the Committee.

III. The interest of this capital together with Subscriptions, to be applied to the proposed object, and after discharging such claims, all surplus in the hands of the Treasurer, will be half-yearly added to the Capital in even hundreds, together with the entrance donations of Subscribers, and all contributions received from private Individuals or other sources.

IV. To entitle a Widow to the benefits of this Fund, her Husband must have paid his entrance Donation, which has been in the first instance fixed at the small amount of Eight Rupees, but will be 12 from the 1st of January 1850.

V. The monthly subscription is Eight Annas, to be paid quarterly in advance.

VI. Subscribers who are 12 months in arrears, will be struck off the Books if their Subscriptions are not immediately paid up on demand, and any subscriber dying with a half-year's subscription due to the Fund, will deprive his Widow of all claim on the Fund; if the amount due is less than this period, the same will be deducted from the Widow's Pension.

VII. The monthly Pension to a Widow will be 3½ Rupees, and 1 Rupee for each child under or above the age at which they can be admitted into the Government Asylums, but if no vacancies exist when so eligible, the Pension to continue until opportunity presents, when, if refused, the Pension to cease; the Maximum payment for Children is however never to be in excess of the Widow's Pension, and all such Pensions to cease at the age of 14.

VIII. The Committee will at once remove from the Pension List, any Widow known to be living a life of incontinence, or guilty of other notorious misconduct.

IX. The Children's allowance will be continued in the event of the mother again marrying, but on her death their cases to be specially considered.

X. Marriages considered by the Committee as death bed marriages, will altogether exclude the Widow from Pension.

XI. To prevent abuse of this Charity, no claims to Pension will be admitted where the Husband may have been more than thirty years older than the claimant, and any attempt to deceive the Committee in regard to children, will involve the immediate expulsion of a Subscriber or of a Widow on the Fund.

XII. Pensioners married who do not join this Fund within a period of 12 months from date of transfer to the Pension Establishment, and Pensioners unmarried who do not join within 6 months from date of marriage, will not be admitted subscribers on this Fund.

XIII. The Secretary shall keep a Register of Subscribers, their Wives and Children; it is therefore incumbent on Subscribers to report their marriages, and the births and deaths of Children, in default of which their families will be liable to a forfeiture of benefits, for this Register must be the Committee's guide in regulating claims to Pension.

XIV. Should the Subscriptions and interest of Capital fall short of the demand for payment of Pensions, it will be in the power of the Committee to direct a proportionate deduction from Pensions; in like manner should the prosperous state of the Funds justify an increase in Pensions, it shall be competent to the Committee to direct the same to the extent of Rupees 5 in lieu of 3½, with the same limit for Children.

XV. The affairs of this Fund shall be conducted by a Committee to meet Quarterly, 3 of whom shall be sufficient to act in the name and behalf of the whole, save that no Rule shall be altered until submitted individually for consideration, and be confirmed at the next Quarterly Meeting.

This Institution was established by the Right Honorable Sir Frederick

Adam, M.C.B., by a General Order of Government, dated 13th February 1835, for the instruction in "Medicine and Surgery," of East Indians, and Natives, entering the Medical branch of the Service. The benefits of instruction have been since thrown open, gratis, to the community at large.

The course of education consists of Materia Medica, Botany, Chemistry and Pharmacy, Anatomy and Physiology, Surgery and Practice of Medicine, Midwifery and Diseases of Women and Children, Diseases of the Eye, and Medical Jurisprudence, with Clinical Instruction on Medicine and Surgery.

A building has been appropriated solely to the objects of the Institution, the foundation of which was laid in December 1836.

A separate building for conducting Practical Anatomy has been added, and a Laboratory has been recently constructed.

A Museum has been formed, which in addition to *morbid* specimens, possesses numerous *anatomical* preparations for illustrating that branch of the course of instruction.

The Institution is supplied from time to time with a selection of works on the several branches of study, for the purpose of forming a Library of reference, and of providing the pupils with such works as may be required as text books for instruction.

The course of instruction extends from 1st August to 15th April inclusive; and the Annual examination of the School is held in April.

The pupils in attendance at the School, consist of *Medical Apprentices*, *Native Medical Pupils*, *Stipendiary* and *Private Students*. The two former are promoted, respectively, to the ranks of Assistant Apothecary and Native Second Dresser, for the duties of the Army, and the Stipendiary Students are nominated for appointment as *Native Apothecaries* for employment in the Civil Department. The number of pupils in attendance at the School on the 1st August 1851 was 129.

The period of instruction for each class of Students is as follows, viz.:

For Military Students Apprentices 4 years.

Medical Pupils... 3 do.*

For Private and Stipendiary Students... 5 do.

Parties desirous of being married should apply direct to some Surrogate residing near them ; but from places where there is no Surrogate, application should be made to the Registrar, who will procure a commission, under the episcopal seal, authorizing some person to administer the usual oaths and grant the

necessary license. None but a Clergyman of the Church of England can marry by virtue of an episcopal license. Parties who cannot on account of distance obtain the services of a Clergyman to marry them, must state the fact, and apply to the Town Major, Fort St. George, who will obtain the permission of the Right Honorable the Governor for their marriage, under which the Senior Judicial Officer of any station is authorized by Government to marry them.

In the case of a minor in H. M. or the Honorable Company's Service, the written consent of the Governor must be obtained previous to the publication of banns, or the grant of a license.

Further information respecting marriages can be obtained on application to the Registrar of the Diocese (F. Orme, Esq.)

Whereas a certain Table of Fees to our Registrars was lately intended to be adopted and certified by our late well beloved John Mathias Lord Bishop of Calcutta, in and for our several Archdeacons; and whereas in consequence of the death of the said John Mathias, and of the Archdeacons of Madras and Bombay having been since made separate Dioceses, and in consequence also of our disapproval of many of the Items in such Table from the curtailments in the stipends of the Clergy;—We Daniel Lord Bishop of Calcutta have thought fit to revoke, and accordingly do revoke and cancel a cer-

tain instrument under seal bearing date the Twentieth day of July 1831, under which it was intended to certify such Fees: And whereas we will consider that a reasonable certain and consistent Table for all the business hitherto usually charged for and to be done, should be certified and established to prevent extortion, and contention, and in order that nothing may be unreasonably demanded or exacted or unlawfully taken by those employed, but such as seem to us suitable, customary and unobjectionable in their nature, and at the same time afford a moderate professional remuneration to those Registrars whose services are thus rendered: We therefore as far as we lawfully may and can, having considered and given our best consideration to the subject, do certify the foregoing graduated scale to be in our opinion reasonable and such as may not be (with reference to the usages in the Dioceses elsewhere) improperly taken by our Registrars and Secretaries for business considered to be of a voluntary and private kind, and where the acts done are not exclusively for Government objects or of the state, and of a nature for which public provision is made.

And we order that a Table of these Fees be placed up in some conspicuous part of the Registry.

In testimony whereof we have affixed our hand and Seal dated this Thirty-first day of May, in the Year of Our Lord One thousand Eight hundred and Forty-two, and in the Eleventh Year of Our Consecration.

Rules for Chaplains and Assistant Chaplains.

FORT ST. GEORGE; June 2, 1840.

The following Rules for the guidance of Chaplains and Assistant Chaplains, revised under instructions from the Honorable Court of Directors, are published for general information, in modification of the Order of Government dated 30th July 1839.

1. Every Chaplain and Assistant Chaplain, on his arrival at the Presidency from England or elsewhere, shall report the same to the Secretary to Government in the General Department, as well as to the Chief Ecclesiastical authority in the Diocese.

2. Every Chaplain and Assistant Chaplain must report his arrival at his Station to the Chief Ecclesiastical authority in the Diocese, to the Civil Auditor, and to the Chief Civil or Military authority of the Station.*

3. Funerals are to be appointed at sun-rise and sun-set, and the Clergyman is to attend at the latter time if he receives notice of a funeral before 3 o'clock p. m., but if the notice arrives after that hour, the interment is to take place on the morning following: cases however may occur which may require a deviation from the general rule.

4. Commanding Officers, in concurrence with the Chaplain, will fix the time for officiating at divine service on Sunday with the Soldiery.

5. Attested copies of the Registers of Baptisms, Marriages and Funerals, must be transmitted regularly every 3 months to the Registrar of the Archdeaconry, viz. on the [31st March, 30th June, 30th September, and 31st December.] †

6. All Marriage Certificates of Europeans, being Soldiers, or persons employed in the Military Department, under the rank of Commissioned Officer, shall specify distinctly the birth of the female, whether European, Indo Briton, Native, &c.

7. The Chaplain is to enter carefully all the Marriages, Baptisms, and Burials of Soldiers and their Children in the Regimental Register Book of the respective European Corps, as well as in the usual Register kept by the Station Chaplain.

8. The Chaplain of every Station, where any of Her Majesty's Regiments are stationed, must forward to the Registrar of the Archdeaconry, for transmission to the Chaplain General's Office, half yearly, and for any broken period that may occur previous to his leaving the Station in which he is employed, a copy, duly signed by himself and by the Officer in Command of the Station, of the Regimental Registers of Marriages and Baptisms now kept in conformity with the general Regulations on this subject.

9. The Chaplain at a Military Station is to visit regularly, at least twice in each week, the European Hospital or Hospitals. He is carefully to superintend and inspect the European Regimental and other Schools, visiting them for this purpose not less than once a week, and to represent any matter concerning their management to the Commanding Officer, which may require his notice. Provided, however, that in the performance of the above duties he shall not interfere with the religious persuasion of those who do not profess the tenets of the Church of England. He is to report to the Commanding Officer on the 1st of January and the 1st of July in each year, and oftener if necessary, the state of the European Regimental Schools, the qualifications and conduct of the Master, and the proficiency of the Scholars.

10. All communications from the Clergy are to be addressed to Government through the Lord Bishop, in order that he may make such remarks thereon as his

* This rule is made applicable to a Chaplain's departure to, or return from, out-stations of his district.

† Dates altered, (under authority) subsequently to the promulgation of these Rules.—COMPILER.

Lordship may think proper; when the Diocese shall be vacant, communications are to be addressed through the Archdeacon, or other Chief Ecclesiastical authority. All applications for change of station must be made direct to the Right Honorable the Governor, or his Private Secretary, and to the Lord Bishop or Chief Ecclesiastical authority in the Diocese.

11. A Chaplain directed to visit the Out-Stations of his District periodically, is permitted to draw a travelling allowance at the rate of 200 Rupees per mensem, calculated at the rate of one day's allowance for every 10 miles, allowing for a halt on the 7th day: provided however that the allowance drawn on this account shall in no case exceed 200 Rupees per mensem. The documents required in support of the travelling expenses of Chaplains will be—1st, the order or authority of the Lord Bishop for proceeding on such journey; and 2dly, their own declaration on honor that the journey so authorized has been performed.*

12. Any Chaplain leaving his Station, whether with or without the orders of Government, shall be bound to report the circumstance to the Civil Auditor.

13. Any Chaplain who may be removed from one station to another, shall in like manner report to the Civil Auditor the dates of his departure from the one and of his arrival at the other, and the Civil Auditor is restricted from passing the bill of any Chaplain appointed to a new station, for the allowance belonging to such Station (without the special orders of Government), until he shall have received a report of his arrival at the place of his appointment.

14. Any Chaplain returning to the Presidency after a sea voyage for the recovery of his health, or otherwise, shall (unless the contrary is specially sanctioned by Government) be required to rejoin his station within the time that may be prescribed for travelling to the Station to which he stands appointed.

15. When a Chaplain proposes to quit his principal Station, for the occasion of visiting† any of his appointed smaller Stations, or when he intends to apply for temporary leave of absence, he must give timely notice to the Chief Civil and Military resident authorities, (and state in his application for leave that such has been done), in order that if there be any cogent reasons against the absence of the Chaplain, they may be submitted to the Governor in Council.

In reference to the foregoing revised Rules for the guidance of Chaplains and Assistant Chaplains, the Right Honorable the Governor in Council directs, the republication of the following Rules for regulating the absence and travelling allowances of Chaplains and Assistant Chaplains, which forms Chapter VI. of the General Rules for the grant of leave of absence, and for regulating deductions from salaries and deputation allowances, promulgated on the 21st Feb. 1840.

No. 172 of 1842.—The Right Honorable the Governor in Council has been pleased, in the Ecclesiastical Department, under date the 13th instant, to direct that the following Rule for the guidance of Chaplains be re-established under this Presidency.

"The practice of baptizing in private houses is to be avoided by the Chaplain as much as possible, and the Clergyman is to attend at the place appointed for divine service on some fixed day and hour in each week, for the purpose of baptizing Soldiers' children; however, this is not to be considered as authoriz-

FORT ST. GEORGE, 1st April 1851.

No. 63 of 1851.—The Right Honorable the Governor in Council directs the publication in General Orders of the following rule, established in the Ecclesiastical Department in 1845, for the performance of Divine Service at Military Stations during the absence of the Chaplain.

"The Reverend Chaplain at a Military Station is to nominate an Officer to read Prayers and a Sermon (selected by the Chaplain) for the approval of the Commanding Officer, when the services of a Clergyman of the Church of England cannot be obtained."

Chaplains' Visits to Out-Stations.

Extracts from Court's Despatch, 12th April 1842.

"In Section 27 of the Regulations respecting leave of absence and deputation and travelling allowances which we have recently approved, you will find a rule on the subject of travelling allowances on joining a Station, and when any change takes place except at the desire of the Chaplain or Assistant Chaplain.

3. But to avoid inconvenience and guard against the possibility of misunderstanding, we think it desirable that for every circle of stations the Lord Bishop should be requested to frame a plan determining the periods at which each place shall be visited by the Chaplain or Assistant Chaplain officiating in such circle, which plan being approved by Government shall continue in force till varied by the same authority. As minute local information will be necessary to the successful formation of such plan, we can only offer a few suggestions on the subject. The frequency of ecclesiastical visits should be governed in a great degree by the extent of the Christian population of the place to be visited. A place may contain not more than 3 or 4 members of the English Church, and though it might not be right to exclude those few persons from the benefit of Christian ordinances, it is obvious that in the present state of our Ecclesiastical Establishment such a place could not be visited frequently without injury to others of greater importance. An annual visit might in some cases be all that could reasonably be afforded; while to others, visits twice, three or four times a year might be expedient; and to others again, which might be more populous, it might be desirable that visits should be made once in six weeks, or once a month.

4. When a circle of Stations may from the deficiency of our Establishment, or any other cause, be left without a resident Clergyman, we are of opinion that the Chaplain or Assistant Chaplain of a neighbouring district should, as desired by the Lord Bishop, be appointed to visit the station thus deprived of clerical services. In such cases the most convenient course will be for the Lord Bishop to bring the subject to the notice of Government, and submit a plan of visitation. Such plan being approved, the Chaplain or Assistant Chaplain who can most conveniently discharge the required duty should be specially appointed thereto, and there forward be entitled to draw travelling allowances in conformity with the provisions of the plan, and in accordance with our Financial Despatch of the 30th October 1839.

6. We should lament that the practice of visiting stations at which no Clergyman is permanently resident should be discontinued, and it would be unjust to subject the Clergy to the expense attendant on such visits. Under these impressions we deem it proper to sanction the payment of such reasonable charges, not exceeding those authorized in our Despatch of the 30th October 1839, before referred to; and we are encouraged in this view by the fact that although Chaplains and Assistant Chaplains when absent from their duty are subjected to the same deductions as Civil Servants, no charge is incurred in providing for the duty of the absentee. The deductions may thus be regarded as a fund, meeting to a certain extent the extra charges incurred by occasional or provisional visits of the Clergy to Stations at which they do not reside."

The following Plan, determining the circle of Out-Stations for the several Chaplaincies under this Presidency, is published for general information.

Rank, Furlough, and Retiring Allowances of Chaplains,

APPOINTED PRIOR TO AUGUST 31, 1836.

Extracts from an Ecclesiastical General Letter to the Supreme Government, dated the 22d November, 1826.

Para. 2d. We have lately directed our attention to the Regulations under which Chaplains are permitted to retire from the service, and from an anxious desire to promote the respectability and comfort of that class of our Servants, we have resolved that the retiring pay of Chaplains after a service of eighteen years, including three years Furlough, be augmented from £292 per annum, the pay of Major, to £365 per annum, the pay of Lieutenant Colonel, and that in cases of bad health certified in conformity with existing Regulations, Chaplains shall be allowed to retire after ten years' actual service upon £200, 15, 0, the half pay of Lieutenant Colonel, instead of £173, 7, 6, the half pay of Major; and upon the production of similar certificates after seven years' actual service upon £173, 7, 6, the half pay of Major, instead of £127, 15, 0, the half pay of Captain.

3d. We have further to acquaint you that we have determined to abolish the designation of Junior Chaplains; and we desire that the Chaplains be hereafter distinguished only by the title applicable to the Stations at which they are placed—such as Chaplains at the Presidency and District Chaplains.

Rank, Furlough, and Retiring Allowances of Chaplains,

APPOINTED SUBSEQUENTLY TO AUGUST 31, 1836.

Extracts from a Letter from the Honorable the Court of Directors.

ECCLESIASTICAL DEPARTMENT; August 31, 1836.

Para. 1. Our attention has been drawn by the Government of India, on the suggestion of the Lord Bishop of Calcutta, to the necessity of increasing the number of Chaplains, for the purpose of extending the benefit of religious offices more widely than the present Establishment will admit.

2. While we were fully sensible of the importance of the desired object, and very anxious to promote its success, we felt that we should not be justified in making such an addition to the amount of Ecclesiastical charges, as would result from the appointment of an increased number of Chaplains upon the existing scale of remuneration. We determine therefore to make such new arrangements with regard to the Chaplains on the Bengal Establishment, as should enable us to add to their number, and thus provide more adequately for the spiritual benefit of the European residents, without any serious increase of expense. We have resolved to extend the principle of those arrangements to your Presidency, with the view of accomplishing the same beneficial purpose.

3. We intend that the number of Chaplains under your Government shall be increased from 23 to 29. The salaries are to be apportioned as follows;—the two Chaplains at the Presidency will receive the same amount as at present; nine will receive Company's Rupees 700 per mensem, and the remaining 18 Company's Rupees 500 per mensem. These salaries will constitute their entire emoluments from the Company. The payments heretofore made under the name of palanquin money will cease, and we shall on no account sanction any extra allowances, whatever may be the grounds upon which they may be claimed.

4. The Chaplains receiving the lower amount of 500 Rupees per mensem will be termed Assistant Chaplains, and in future all appointments will be made

to this Class. The Assistant Chaplains will succeed to the higher rank, and the higher rate of salary, according to seniority, as vacancies occur in the superior class, after it shall have been reduced by casualties to the prescribed number of nine.

5. As vacancies arise they will be supplied in the following manner; on the occurrence of the first vacancy two Assistant Chaplains will be appointed, on the second only one, and on all succeeding vacancies, the same principle will be acted upon, viz. that of an alternate appointment of two and one until the establishment attains the full extent of 29, to which we have restricted it, after which each vacancy will give rise only to a single appointment.

6. The principle which we have adopted throughout these arrangements requires that the furlough and retiring allowances should be modified so as to meet the intended changes. These allowances will in future be on the following scale:

Furlough Allowances.

After 7 years' residence..... £191 12 6 per annum..(full pay of Captain.)

If compelled by sickness to retire

to Europe before completing

7 years' residence..... £127 15 0 per annum..(half pay of Captain.)

Retiring Allowances.

After 18 years' service (including
3 years' furlough)..... £292 0 0 per annum..(full pay of Major.)

After 10 years' actual service (if
compelled by ill health to
quit the service)..... £173 7 6 per annum..(half pay of Major.)

After 7 years' actual service (do.
do. do.) £127 15 0 per annum..(half pay of Captain.)

The present Chaplains* will be entitled to the existing scale of allowances, as well for services as on furlough and retirement; these regulations being wholly prospective, and only affecting an appointment made after the date of this despatch.

7. The location of the Chaplains under the new arrangements, will be best regulated by reference to the opinion of the Lord Bishop.

Pensions from Lord Clive's Fund.*Extracts from a Letter from the Honorable the Court of Directors, dated 9th October, 1833.*

Letter dated 22d January 1833; (No. 13.)

1 to 9—State that, from the nature of the Orders received from time to time, some doubt exists as to the scale of Pensions which the Court are disposed to recognize as claimable from Lord Clive's Fund, by Chaplains retiring from ill health before the full period of the Service, and by the Widows of Chaplains, and request to be furnished with fresh and explicit instructions on the subject.

Para. 11. Chaplains who have not served 7 years in India are admissible to the benefit of Lord Clive's Fund in the rank of Captain. After completing a service of 7 years, their retiring allowances are provided for independently of Lord Clive's Fund, by the Regulations conveyed to you in our Ecclesiastical Letter of the 22d November, 1826.

* By a recent order of the Honorable Court the nine full Chaplains are each of them to receive not less than Rs. 700 per mensem.

12. As by the Regulations announced in that letter, Chaplains may retire on the full pay of Lieutenant Colonel after 18 years' Service, (including 3 years for a furlough) we have considered the Widows of those who die in the service after completing that period to be eligible to the benefits of Lord Clive's Fund in the rank of Lieutenant Colonel.

13. The Widows of Chaplains who have completed 7 years' actual service in India are admissible in the rank of Major; and those of Chaplains of less service in the rank of Captain, being the ranks the pay of which is receivable by those classes of Chaplains respectively when on furlough.

14. You will communicate a copy of these paragraphs to the Governments of Madras and Bombay.

*Extracts from a Letter from the Honorable the Court of Directors,
dated 14th March 1838.*

Para. 25. "We have to acquaint you that the claims of the Chaplains appointed under the new arrangement, and of their Widows, to the benefits of Lord Clive's Fund, will be adjusted upon the principles laid down in our letter to the Government of Bengal, dated 9th October 1833 (No. 93) paras. 12 and 13.

26. Chaplains who have not served seven years in India will therefore be entitled, if admitted to the benefits of Lord Clive's Fund, to a pension of £63 17 6 per annum, and their Widows to one moiety of that sum.

27. The Widows of Chaplains who have completed seven years' actual service in India, if admitted to the benefits of Lord Clive's Fund, are entitled to pensions as the widows of Captains.

28. The Widows of Chaplains who have completed fifteen years' actual service in India, if admitted to the benefits of Lord Clive's Fund, are entitled to pensions as the widows of Majors.

29. We are of opinion that Chaplains appointed under the new arrangement should rank as Subscribers to the Military Fund—as Captains until they have served fifteen years in India, and subsequently as Majors."

Fort St. George, 6th June 1848.

No. 118 of 1848.—The Right Honorable the Governor in Council is pleased,

"It is our practice, to require from the Widows of Chaplains whose service is under 7 years, the same oath, as is received from the Widows of Lieutenants, viz. that their late husbands did not die possessed of, or entitled to, the sum of £1,000."

whose service was under 7 years, is to be accompanied by an affidavit in the prescribed form, that her Husband did not die possessed of property to the amount of 1,000£.

Rules for the appointment of Lay Trustees.

Fort St. George, August 24, 1844.

The Most Noble the Governor in Council resolves to establish the following Rules for the appointment of Lay Trustees to the several Chaplaincies, in substitution of those of the 1st of March 1833.

First.—Two Lay Trustees shall be appointed to each Chaplaincy.

Second.—At Civil Stations, or Joint Civil and Military Stations, the Senior Civil Servant of the Station shall be a Trustee, provided he is a communicant of the Church of England, and has no objection to hold the office.

At Military Stations.—The Officer Commanding the Cantonment, or Garrison, under the same provisos.

Should either of these Officers not be desirous of holding the office, it will be his duty to report the same to Government, and to name for the appointment the Officer next in seniority, Civil or Military, qualified for the Office, who may be willing to undertake the duty.

Third.—The Chaplain, in communication with, and with the concurrence of the Lord Bishop, will nominate, for the approval of Government, a Gentleman in the Service of Her Majesty or the Honorable Company to act as a Co-Trustee.

Fourth.—The Lay Trustees shall, in conjunction with the Chaplain, form a Committee of Management on all Church matters, and shall meet for business once in each month, or oftener if necessary. All papers, or references on subjects before the Committee, must be signed by both the Lay Trustees, unless for special reasons to be assigned.

Fifth.—The Chaplain or Officiating Chaplain present shall, as a mark of respect due to religion in the person of her Ministers, preside at all meetings of the Committee of Management, and sign all proceedings and letters as President, and the two Lay Members, in the order of their relative official rank.

Duties of the Lay Trustees.

1. It shall be the duty of the Lay Trustees to present to the Bishop, or his Archdeacon, at their Visitation, or immediately by letter, and at any time on the requisition of the Lord Bishop or his Commissary, any irregularity or scandal on the part of the Chaplain, or in connection with the Chaplaincy, which may have occurred within the District.

2. To aid and assist the Chaplain in the performance of his duties.

Duties of the Standing Committee of Management.

The Committee of Management shall take charge of the School and Charity Funds connected with the Chaplaincy; see that the Church Yard and Burial Ground are kept in becoming order; take charge of the Plate, and the care of the goods, repairs and ornaments of the Church, or other building appropriated to the performance of Divine Service, and represent to Government, through the Ecclesiastical Head, any deficiency in these particulars which they may think it necessary or desirable to supply.

The Chaplain, as President, will report to Government any vacancy in the office of Lay Trustee.

Official Returns of the Clergy.

Ecclesiastical Department.

With a view to ensure regularity and completeness in the Official Returns of the Reverend the Clergy, it is directed by the Archdeacon, under instructions from the Honorable the Court of Directors, and with the approbation of Government, that in future the following regulations be observed, viz.

1. That when any Chaplain or Minister applies for permission to return to Europe; or for any permanent leave of absence from his Station, he shall forward

with his application a declaration that he has duly made his Official Returns to the Registrar, or is prepared to do so, up to the day on which his departure from his Station is to take place.

2. That the same rule is to apply to Clergymen removing from one Station to another; and that every Chaplain so removing shall before quitting his Station, not only forward his Returns up to the day of his departure, but transmit also a declaration to the Authorities that he has done so.

3. That, in case of the death of a Chaplain at his Station, a copy of the entries in the Registers from the date of his last Quarterly Returns to the period of his demise, shall be made by the local public authority in whose official possession the original public Registers may happen for the time to be lodged or come, and be immediately forwarded by such local Officer to the Registrar; the same being, however, first duly examined and authenticated by the Chief lay public authority of the Station; this being considered the best mode at present of providing for the completeness of the General Quarterly Returns which are transmitted to England by the orders of the Honorable the Court of Directors.

By direction of the Venerable the Archdeacon of Madras, Commissary to the Lord Bishop, dated the second day of October, 1843.

FREDK. ORME, *Registrar of the
Archdeaconry of Madras.*

Rules for the Registry of Baptisms, Marriages, and Funerals.

1st. Entries in a Church Register can be made by a clergyman only, and of such duties only as have been performed by himself. The entry must be made on the same day on which the service recorded is performed.

2d. Should there be no Register book at the place where the duty is performed, or no chaplain resident to make the prescribed quarterly returns, the clergyman officiating must transmit to the Registrar of the Diocese by post, a certificate of the baptism, marriage, or funeral as soon as the service is over.

3d. Where the services of a clergyman cannot be obtained, baptisms, marriages and funerals are to be performed by the Senior Judicial Officer or Commanding Officer at any station, in conformity with the orders that have been issued by Government; and in case of great emergency, a child may be baptized by the parent or guardian, or by some friend acting for the parent or guardian; but it is to be clearly understood that, when any other than a clergyman administers the ordinance, the office for *private* baptism is alone to be used; and that a certificate by the person officiating at the baptism is to be despatched the same day to the Registrar of the Diocese, to be filed among his records.

FUNDAMENTAL RULES.

1.—That the name of the Society be THE MADRAS DIOCESAN ADDITIONAL CLERGY SOCIETY.

2.—That the Right Reverend the Lord Bishop be President, and that the affairs of the Society be conducted by a Committee consisting of the President, the Venerable the Archdeacon, and eleven other Members of the Society, being Members of the Church of England, of whom not less than six shall be Laymen, to be chosen annually by the Subscribers, but with power to fill up vacancies until the ensuing Annual Meeting; and that one of the Clergy be requested to undertake the duties of Secretary; and that accounts be kept with Messrs. Arbutnot and Co. for floating balances, and with the Government Agents for investment.

3.—That the Clergy in the Mofussil be requested to become Corresponding Members of the Committee; and that the Committee be empowered to add also to the number of Corresponding Members Lay Gentlemen, at their discretion.

4.—That the Subscription be not limited, but the smallest be thankfully re-

ceived, and that Subscribers of one Rupee a month, and upwards, or Donors of 100 Rupees, be Members of the Society; and be entitled to vote at all General Meetings.

5.—That all Subscriptions raised for the Society be transmitted by the Corresponding Members direct to the Secretary in Madras.

6.—That, before an application for a Clergyman be complied with, the Station applying be required to satisfy the Committee of a suitable provision being made for his residence rent free.

7.—That in addition to a residence thus provided, the monthly stipend of the Clergyman be fixed by the Committee, 100 Rs. being the minimum and 300 Rs. the maximum; and that it be payable from the date of his appointment if engaged within the Presidency; or from the day of his landing if engaged in Europe.

8.—That a travelling allowance be granted to the Clergyman upon his first joining his Station, or upon his Station being changed, at the rate of 8 Annas a mile.

9.—That the Fees for the Clergyman's license be paid by the Society, but that the Society be responsible for no further payments.

10.—That a Clergyman leaving his Station with the permission of the Committee be allowed to draw three-fourths of his salary for one year, and one half for the second year: but after the expiration of two years, he be entitled to no allowance during his absence.

11.—That the Bishop of the Diocese be entitled to grant one month's leave of absence in each year to the Clergymen in connexion with this Society without any loss of their allowances.

12.—That, with a view to give stability to the Society, all surplus funds, after defraying the current expenses, be invested in Government Securities, and form the Capital of the Society.

13.—That no engagement be at any time entered into by the Society, unless

(1.) The CAPITAL be not less in amount than the aggregate of three years' salary of all the Clergymen on the Society's list after the engagement is made, and unless also

(2.) The INCOME of the Society be sufficient to meet the current expenses thus increased, without the prospect of encroaching upon the Capital.

3. If an Agent relinquishes his engagement before the time, without consent of the Committee, he shall refund all his passage money and outfit, if it be in the first half of his stipulated period, and the moiety of it if it occur in the latter half of his period, and forfeit all claims upon the Society.

4. The Committee shall be at liberty to dissolve their connection with any Agent who shall preach or avow important doctrinal views at variance with what he professed to hold on joining the Society, or who shall be found guilty of any immoral or unworthy conduct. In such case two months notice or two months salary shall be given, with passage money according to Rule 2, if the Agent have come out from England.

The Madras City Mission.

Established at a Meeting held 5th November 1847.

The special object of this association is to ameliorate the moral and spiritual condition of those numerous *Europeans and Indo-Britons* in Madras and its suburbs, who through poverty ignorance and neglect are, to a lamentable extent, living without God in the world.

The broad principle on which it stands is that of an operative Evangelical alliance—to embrace all who look to *Christ as all and above all*; and who are constrained by his love to work together, though now they see not eye to eye in minor things, to promote his glory. All such persons are invited to join it; and by becoming contributors to its support are constituted members of it.

The power by which this association proposes to act for the accomplishment of its object, is simply that of the written word of God; in direct dependence on the Holy Spirit's almighty co-operation.

The agency by which it will apply this power is that of simple men of God of humble grade; qualified by personal experience of the preciousness of "the truth as it is in Jesus," to make the same known in the houses of the poor.

The affairs of the Mission are managed by the annexed Committee, of whom 16 form the Executive Committee.

Out of the Executive Committee three Sub-Committees have been established for special purposes: viz.

1. A Sub-Committee of *Agency*—to prosecute inquiries in different parts, far and near, for suitable agents; to conduct preliminary investigations for ascertaining their fitness for presentation as *Candidates* for employment; and to give effect to the arrangements by which their employment will be regulated.
2. A Sub-Committee of *Statistics*—to acquire and digest information concerning the particular circumstances of the various localities; and to transact the business of defining and assigning districts, &c.
3. A Sub-Committee of *Finance*—to adopt and carry forward measures for realizing pecuniary resources, and for controlling the disposal of them, under the direction and responsibility of the whole Executive Committee.

Mr. R. W. Thorpe. *Superintendent*—appointed 20th January 1848.

This Institution was established in the year 1808, for the purpose of afford-

ing to old, infirm and diseased Natives, assistance in food, clothing, lodging, and medical attendance. Since that period it has entertained nearly 300 persons daily; and during the famines which devastated the country in 1824 and 1833, it was the means of saving vast numbers from starvation and death. Throughout the famine of the latter year no less than 30,000 individuals were on an average maintained every day. Wretchedness under every variety of form is here admitted; and the bare existence of wretchedness alone is sufficient to obtain immediate relief.

The object of this Fund is to afford relief to the Widows and Orphans of persons not in the covenanted service of Government, and others, who have no similar institution to look to for making a provision for their families. It consists of two branches, namely, a Widows' branch and a Children's branch. The benefits of the former are secured by the payment of a donation (equal to two years' subscription,) as entrance money, and a monthly subscription, for which the widow will enjoy a pension equal to six times the rate of subscription, under certain restrictions. In the Children's branch, a monthly subscription on account of each child, will secure a pension equal to four times the amount of that subscription, until a specified age. The capital of the fund exceeds 3½ lacs of Rupees, invested in Government Securities: it has 400 subscribers in its connexion, and its present liabilities do not exceed 14,000 Rupees per annum, whilst its income is equal to 50,000 Rupees per annum.

ACT No. XLIII. of 1850.—Passed on the 27th December 1850.

An Act for the Regulation of Registered Joint Stock Companies.

For the Regulation of Joint Stock Companies registered under this Act, it is enacted as follows:

I. Every unincorporated Company of partners, associated under a deed containing a provision that the shares in the stock or business of the said Company are transferable without the consent of all the partners, and also every Company established for some literary, scientific or charitable purpose, which does not carry on any business for the pecuniary benefit of any of the Proprietors or Shareholders, shall be entitled to registration under this Act.

II. The Supreme Courts of Judicature at Calcutta, Madras, or Bombay may, on such petition as is hereinafter mentioned of any persons desiring to register the Company to which they belong, order the registration of such Company; and thereupon such Company shall be duly registered in the said Court, and deemed a registered Company within the meaning of this Act.

III. Every petition for the registration of any Company under this Act shall be filed in the Court to which it is presented, with the deed, or a copy of the deed of partnership of the Company, and a list of the Directors and Shareholders of the Company, severally verified by affidavit of the Secretary, or Manager, or principal or other servant of the Company, intended to be a Registered Officer of the Company within the Presidency in which the petitioners shall apply for registration; and such petition shall set forth the following particulars, that is to say:

First.—The names and additions of all those who are at that time partners of the Company, and their usual places of residence; and, when any Company, which has carried on its business before registration, shall be admitted to the privileges of this Act, a separate memorial of the names and additions and last known place of abode of all persons who, within three years next before the presentation of the petition, were partners thereof.

Second.—The style under which the Company is to carry on its business.

Third.—The names of the principal places, within the Presidency in which they seek to be registered, where the business is to be carried on.

Fourth.—The amount of capital stock and of any proposed addition thereto, and if consisting of money how much is paid up, and if other than money, the nature of such capital stock, and in all cases how invested, and if separate provision is made for working capital, the amount thereof, and how much of it is paid up.

Fifth.—The number of shares into which the capital stock has been, or is to be divided.

IV. Before the registration of any Company, which has carried on its business before registration under a deed of partnership, not containing any provision for registration of the Company under this Act, the Directors shall call a special meeting of the Shareholders for the purpose of resolving that the Company shall be registered under this Act, to be held at a place and time to be mentioned in the notice of meeting; and such notice, beside being given to the partners in the manner provided in the deed of partnership for notice of special meetings, shall be published in the *Government Gazette*, and in at least one other newspaper circulating within the Presidency; and the time of holding such meeting shall be not sooner than three months and not later than four months after the first of such publications.

V. One-half in number of the Shareholders assembled, either personally or by their lawfully constituted attorneys, at such meeting, owning at least one-half of the whole number of shares owned by all the Shareholders so present, may resolve that the Company shall be registered under this Act, and such resolution so carried shall be binding on the whole Company.

VI. The petition for registration in such case shall contain, beside the other particulars herein mentioned, statements of the notice and publication thereof, of the holding of the meeting, and of the several numbers of Shareholders and shares held by them collectively, who were present at the meeting, and who voted in favor of the resolution respectively, and shall state that the petition is presented upon such resolution.

VII. No Company shall be disqualified for registration by reason of any outstanding loan to any Director, or by reason of any Director being a surety, or under any other pecuniary engagement to the Company: but any Director having such loan or being such surety or under such engagement shall, by the fact of the registration of the Company, cease to be a Director, unless the loan or other engagement be such as is authorized by this Act.

VIII. Every registered Company shall be subject to the following regulations, notwithstanding any provisions in their deed of partnership varying therefrom; and the Supreme Court, in which the Company shall be registered, shall have authority, on the petition of any Shareholder, to enforce the same, and from time to time, to make any order or orders in respect of any breach or neglect thereof as to such Court shall seem meet.

First.—Every registered Company shall hold one or more ordinary general meetings of the Company in every year, at such times and places as are appointed by the deed of partnership, or in default thereof, as the Supreme Court, in which such Company is registered, shall in the order for registration appoint, subject to variation by any subsequent order or orders of such Court.

Second.—Every registered Company shall, from time to time, hold an extraordinary general meeting, whenever seven Shareholders, or any greater number may require it, by notice in writing under their hands, to be delivered to a Re-

gistered Officer of the Company, or, if he cannot be found, to any other servant of the Company, at one of their usual places of business.

Third.—No registered Company shall purchase its own shares or make any loan of money or securities for money to any person or persons, on the security of a share or shares in the partnership or business; and every such purchase or loan shall be a breach of trust within the meaning of all laws now in force, or hereafter to be in force relating to breaches of trust by agents or trustees misappropriating money or property.

Fourth.—No registered Company shall make any loan of money or securities for money to any Director or Registered Officer of such Company, or to any member of a Local Committee at any Branch or Agency, except only in the case of Banking Companies, to such limited amount, and on such securities as shall be sanctioned by the deed, or, from time to time, by a general meeting of the Shareholders of such Banking Company; and every such transaction, except as aforesaid, shall be a like breach of trust: And the particulars of every loan made to any Director or Registered Officer of such Company shall be reported to the next general meeting of Shareholders, with a statement and specification of the several securities on which such loans were advanced.

Fifth.—No Director or Member of a Local Committee at any Branch or Agency, or Registered Officer shall become a security or guarantee for any person in any loan or other transaction with the Company, nor shall he, in any way, incur liability to the Company uncovered by such security as is sanctioned by the deed of partnership.

Sixth.—The accounts of every registered Company shall be audited half yearly or oftener, by two or more Auditors, chosen at a general meeting of the Shareholders, none of the Auditors being a Director or Registered Officer at the time.

Seventh.—A copy of the Auditor's report (if any) and balance sheet and a separate profit and loss account, and a capital account shewing the amount of the capital, and how invested, and the estimated value thereof, verified by affidavit of the same being made to the best of their knowledge and belief, as often as the accounts are audited, shall be filed in the Court, in which the Company is registered, and a written or printed copy of the said report, balance sheet, and accounts, shall be delivered to every Shareholder who shall demand it, or sent by the General Post Office to the place where he may, from time to time, require delivery thereof.

IX. The Court in which the Company is registered may, on the petition of any Shareholder, enforce the performance by the Directors of any of their duties under this Act, or of the deed of partnership, which it may appear just to enforce in a summary manner, after due notice given to such Directors; and disobedience to any order of the Court in this behalf shall be deemed a contempt of Court, and shall be punishable accordingly.

X. Within one week before or after the first day of January and first day of July, in every year after the registry of the said Company, a memorial shall be filed in the Court in which such Company is registered, setting forth in alphabetical order, the names of all the partners, with their several additions, places of abode, and the number of shares belonging to each, and the names of the Directors of the Company, and also the names of the servants of the Company to be deemed the Registered Officers, within the Presidency in which such Court is situated; and, as often as a change in the Direction or of any Registered Officer shall take place by death, resignation, disqualification, or otherwise, a memorial of such change shall be forthwith filed in the Supreme Court.

XI. When any share is held by two or more persons the name, addition, and place of abode of every such person shall be separately entered in every such memorial, and each of such persons shall be considered as jointly and separately liable for the engagements of the Company on account of such share; unless when such share belongs to any other Registered Company, in which case the name of such Company shall be entered in the memorial instead of the names of the partners thereof.

XII. The several memorials shall be signed by two or more of the Directors of the Company, and verified by affidavit of one of them before the Master of the Supreme Court or a Commissioner by the said Court appointed.

XIII. An office copy of any such registered deed, or copy thereof filed as aforesaid, or memorial or of any part thereof, issued under the seal of the Court, shall be received in evidence before all Courts, as proof of the contents thereof, and no proof shall be required that the persons by whom any such memorial purports to be verified were Directors of the Company.

XIV. The Keeper of the Records of the Supreme Court shall allow all persons, at reasonable times, to inspect any such deed, copy, or memorial, and shall furnish office copies of any such deed, copy, or memorial, or any part thereof, under the seal of the Court, to all persons applying for the same.

XV. Such fees shall be paid for registering every such deed and memorial, and for allowing inspection and furnishing copies thereof, or of any part thereof, as the Judges of the Supreme Court, with the approval of the Governor or Governor in Council, from time to time, shall establish.

XVI. Subject to the provisions of the deed of partnership, every Shareholder in any such Registered Company may sell and transfer all or any of his shares therein by a deed according to the form in the Schedule annexed to this Act, or to the like effect, and the same, when duly executed, shall be delivered to a Registered Officer, who shall make an entry thereof in a book to be called the Register of Transfers, and shall endorse such entry on the deed of transfer, and deliver an acknowledgment of the receipt thereof to the purchaser, for which entry and endorsement the Company shall be entitled to have a fee not exceeding One Rupee; and until such transfer is so entered and endorsed the purchaser of the share shall not be entitled to receive any share of the profits of the business, or to vote in respect of such share.

XVII. No Shareholder shall be entitled to transfer any share until he has paid all calls at that time due on every share held by him.

XVIII. On the transfer of any share in a Registered Company being executed and notified in the manner required by the Deed of the Company and this Act, the party making or the party accepting such transfer may require a memorial thereof to be made forthwith, and filed with the memorial of the names of Shareholders of the Company; and in case such memorial shall not be made and filed within one month after such requisition, the Supreme Court shall on the petition of either of the said parties and on notice being given to the Directors of the Company, order such memorial to be made and filed, in case the Court shall be satisfied of the validity of such transfer; and every such memorial of transfer shall be taken thenceforth as part of the last general memorial.

XIX. No transfer shall be deemed complete, nor shall any Shareholder be discharged from any liability by the transfer of any share, until the memorial of such transfer shall have been filed as aforesaid, or until the purchaser has been substituted as a partner instead of the seller in one of the general half yearly memorials, in respect of the share or shares so transferred; and no person shall be liable as a Shareholder by reason merely of having accepted such transfer, until such memorial of the transfer shall be filed, or until he is entered as a partner in one of the general half yearly memorials.

XX. The Supreme Court in which any Company is registered may, on petition and on notice being given to the Directors, and to every other person to whom it shall appear to the Court that notice ought to be given, order any memorial filed under this Act to be corrected, in case of any material error of omission or otherwise, either in the lists of Shareholders or any other respect whatever.

XXI. The Directors may close the Register of Transfers for a time, not exceeding fourteen days before the payment of any dividend, and may fix a day for closing the same, of which seven days' notice shall be given in the *Government Gazette*.

XXII. The Company shall not be bound to see to the execution of any trust, whether express, implied, or constructive, to which any share is subject; and the receipt of the person in whose name any share stands in the books of the Company, or in the case of a minor, idiot, or lunatic, the receipt of the guardian or committee, or where the share stands in more than one name, the receipt of the person whose name stands first, shall be a sufficient discharge to the Company for any dividend or other sum of money payable on account of such share, whether or not the Company had notice of any such trust; and the Company shall not be bound to see to the application of any money paid on such receipt.

XXIII. Every such Registered Company shall sue and be sued by the registered name of the Company, as if it were an incorporated Company, and in no other manner; and service of any writ, order, or other process or notice on a Registered Officer of the said Company, at one of their usual places of business, or, if he cannot be found, in such manner as the Supreme Court in which such Company is registered shall order and direct, shall be good service on such Company.

XXIV. In any indictment or information for any theft or embezzlement of the monies or goods of any such Registered Company, or for any other offence committed against them or their property, or with intent to defraud or injure them, and in any proceeding in which it may be necessary to name them, they may be described by the registered name of the Company.

XXV. In any suit brought or proceeded with in the name of any such Registered Company, the plaintiffs shall be liable to be nonsuited unless it is proved on their part that the suit is brought or proceeded with by direction of one or more of the partners appointed at a general meeting to be Directors of the Company, or by the direction of some person or persons having authority from the Directors to bring suits on behalf of the Company; and such proof may be given either by filing a warrant to sue signed by such Director or person, and supported by affidavit, or in such other manner as shall be consistent with the practice of the Court.

XXVI. No such suit, indictment, information, or other proceeding shall abate or be prejudiced by any change of the persons constituting the partnership, or of the Directors, or of the person having such authority.

XXVII. No suit by or against the Company shall be in any wise affected by the defendant or plaintiff therein being or having been a Shareholder of the Company: but any such Shareholder, either alone or jointly with any other person or persons as against the Company, or the Company as against any such Shareholder, either alone or jointly with any other person or persons, shall have the same right of action, remedy, and execution, in respect of any claim whatever, as the Shareholder or Company would have had, if the Shareholder had been a stranger.

XXVIII. All unpaid capital, or money due on account of the Capital Stock of the Company, shall be deemed a debt due to the Company, and shall be recoverable as such by the description of money due by the defendant, on account of a share in the business of the Company.

XXIX. A Registered Company, which shall commit any act which is hereby deemed an act of forfeiture, shall be liable to the jurisdiction of the Court for Relief of Insolvent Debtors, and a petition to the said Court in the case of such Company shall be prosecuted in the same manner as petitions in the case of Insolvent Debtors: and in case of an adjudication of forfeiture the law and practice of the said Court, with such alterations of the practice as, from time to time, shall seem to the Court necessary, shall be extended to the case of such Company, as in the case of an adjudication of insolvency in the case of an Insolvent Debtor.

XXX. An adjudication of forfeiture against any such Company shall not be deemed an act of insolvency of the individual members of such Company.

XXXI. An adjudication of forfeiture against such Company shall convey to the Assignee or Assignees appointed the whole of the real and personal pro-

perty of the said Company, and all debts, causes of suit, and possibilities of interest, with the like power to sue either at Law or in Equity, as fully and effectually as an adjudication of insolvency against any individual could convey the same by any of the laws now in force or hereafter to be in force affecting insolvents.

XXXII. Whenever an adjudication of forfeiture shall have issued against any such Company, the Assignee or Assignees from time to time may compromise any debts or claims belonging to the said Company, and may grant discharges to the parties to such compromises.

XXXIII. Whenever the Directors of any Registered Company shall be unable to meet the engagements of the Company, they shall at a special meeting of the Directors convened for that purpose, and by such a number and majority of them as would be sufficient for any ordinary business of the Company, declare such inability by a resolution, which being signed by the Directors by whose votes it has been carried, shall be forthwith published in the *Government Gazette* of the Presidency; and for two calendar months after the publication of such resolution, but not later, such resolution shall be deemed an act of forfeiture of their privileges for the sole purpose, nevertheless, of supporting a petition to the Court for Relief of Insolvent Debtors, in case a petition shall be filed within two months after the date of the publication thereof as aforesaid, but not afterwards.

XXXIV. Any Registered Company which shall not, within two months after judgment and the issue of a writ of execution thereof, satisfy such judgment, shall be deemed to have committed an act of forfeiture, and thereupon the execution creditor, or any creditor to whom such Company shall be indebted to the amount of Company's Rupees Five hundred, or any two creditors to whom such Company shall be indebted to the amount of Company's Rupees Seven hundred, or any three or more creditors to whom such Company shall be indebted to the amount of Company's Rupees One Thousand, may present a petition to the Court for the Relief of Insolvent Debtors at the Presidency within which such Company is registered, stating the amount due to such creditor or creditors, and the registry and act of forfeiture of such Company, and praying such Court would proceed as if such Company or the Shareholders thereof had petitioned such Court for relief under the laws in force for Relief of Insolvent Debtors; whereupon the Court shall enquire into the truth of such petition, and if such Court shall be satisfied thereof, such Court shall adjudge the same to be true, and that such Company has committed an act of forfeiture, and proceed thereon pursuant to the provisions of the Act for the Relief of Insolvent Debtors in India, and of this Act.

XXXV. Upon the filing of any petition to the Court for Relief of Insolvent Debtors in the case of any Registered Company, whether by a Shareholder or by a Creditor, the Court shall make the like vesting order for the purpose of vesting all the real and personal estate of the Company in the Official Assignee, and such other orders ancillary thereto as the Court might make in case of an individual insolvent debtor, and all the powers and authorities of the said Court, and all the laws relating to insolvent debtors shall, so far as the circumstances of the case admit, be extended to all such Registered Companies.

XXXVI. Whenever there shall be an adjudication of forfeiture against any Registered Company, the Directors of such Company at the time of filing the petition shall be subject to the orders of the said Court for the Relief of Insolvent Debtors, and it shall be their duty individually or collectively to prepare such balance sheet and other accounts as the Court may deem necessary, and to assist the Official Assignee in the examination of and closing all the affairs of the Company; and every Director and person who shall at any time have been a Director of the Company shall be liable to be examined upon oath, and to make full and true discovery of the estate and effects, past and present, and business, affairs, and interests of the Company, either orally or upon written interrogatories, as the Court may order.

XXXVII. Upon the adjudication of forfeiture against any Registered Company, the claims of any creditor of the Company against the Shareholders shall

not be enforced otherwise than under this Act, except in respect of any special contract, or any debt or liability contracted by any Shareholder in his individual capacity, otherwise than by taking a share in the business of the Company.

XXXVIII. As soon after an adjudication of forfeiture against any Company as the Official Assignee can make an approximate estimate of the amount of the debts and other claims against the Company, or of any certain portion thereof, the said Court, on the application of the Official Assignee, shall order such sum to be raised by contribution of the Shareholders as may appear to the said Court necessary for the satisfaction of such debts and claims; and may from time to time order such further sum to be raised in like manner as may appear necessary; and upon obtaining such order the Official Assignee shall assess the said sum ratably amongst the Shareholders according to the number of shares held by them respectively, and immediately proceed to collect the same; and monthly or oftener shall report defaulters to the said Court, together with the amounts at which they were assessed respectively, and thereupon the said Court, if satisfied that the said assessment is just, shall order the payment of such assessment within such time and upon such notice or demand by advertisements or otherwise, as the Court may see fit; and non-payment thereof within the time ordered by the Court shall be an act of insolvency of the defaulting Shareholders; and the said Assignee, or any person being a creditor of the said Company to the amount of Company's Rupees Five Hundred, or any two creditors to whom such Company shall be indebted to the amount of Company's Rupees Seven Hundred, or any three or more creditors to whom such Company shall be indebted to the amount of Company's Rupees One Thousand, may present a petition to the Court for the Relief of Insolvent Debtors of the Presidency within which the said Company is registered, stating such act of insolvency, and praying that such defaulting Shareholder may be adjudged to have committed an act of insolvency; and upon such petition being duly verified, the Court shall be empowered to adjudge that such defaulting Shareholder has committed an act of insolvency, and the Court for Relief of Insolvent Debtors in the Presidency in which the defaulter is resident may proceed thereon according to the provisions of the Act for the Relief of Insolvent Debtors in India.

XXXIX. The Shareholders of untransferred shares whose names are in the last general memorial, including those (if any) who have been subsequently returned as Shareholders of the Company, shall be liable and be called upon in the first instance to satisfy the debts of the Company; but in case it shall appear to the said Court that full satisfaction cannot, within such time as may appear reasonable to the Court, be otherwise obtained, such other persons as at any time within three years next before the adjudication of forfeiture shall have been returned in any memorial as Shareholders of the Company shall be liable to contribute to such amount collectively as the Court may order; and, upon every order for contribution from former Shareholders, the Official Assignee shall proceed as hereinbefore prescribed in the case of present Shareholders.

XL. In fixing the sum to be raised from time to time by assessment of the Shareholders it shall be in the discretion of the Court to make such allowance for unrealized assets of the said Company, as the Court may deem just.

XLI. No such assessment shall be deemed erroneous or set aside merely by reason of its being in excess of other assessments ratably considered, if the same be needed for satisfaction of any creditor of the said Company, and any such assessment may be reduced, when expedient, by order of the Court.

XLII. If on realizing the assets of the Company a balance shall remain, after payment of the debts and other claims against the Company, the said Court may order the repayment out of such balance, first, of such sums or ratable parts thereof as have been paid by any Shareholders not liable in the first instance to satisfy the debts of the Company; and secondly, of such sums or ratable parts thereof as have been paid by any other Shareholders in excess of their ratable liability, according to the number of their shares, regard being had to the number of other assessed Shareholders; and lastly, if such a balance shall not thereby be exhausted, the said Court may order the distribution of the remainder thereof among the Shareholders by the Official Assignee upon a scheme or plan to be

submitted to and approved by the said Court, or may order the same to be paid to the Accountant General of the said Court to the credit of the said Company, to abide such proceedings as any parties interested therein may take at Law or in Equity: and any order of the said Court for the disbursement of money shall be a sufficient authority to the said Official Assignee to protect him against all claims in respect of such disbursement by any Shareholder or Creditor.

XLIII. If any Registered Company which carried on its business before registration shall incur an adjudication of forfeiture before it has been registered for three years, such persons as are not registered Shareholders but were Copartners or Shareholders thereof at any time before the registration of the Company, but within three years before the filing of the petition for relief, shall be liable to contribute to the debts of the Company in like manner as if they were on the first memorial of the Shareholders of the Company.

XLIV. Whenever it shall appear to the Court for Relief of Insolvent Debtors that the aid of a Court of Equity will be necessary for closing the affairs of any Registered Company, against which an adjudication of forfeiture has been made, the said Court may order the Official or other Assignees to take proceedings in the Supreme Court in Equity, by bill, or by petition for the like relief as might be had by bill, and the said Supreme Court shall have power on such petition to make such original and subsequent orders as upon a bill filed, and such orders shall have the same effect and be executed in the same manner as decretal orders.

Loan Regulations.

1. Loans re-payable within twelve months are granted to Officers, Civil or Military, who can arrange for the regular payment of their stipulated monthly instalments at Agra, on the security of two approved sureties.

2. Under the same condition, and to the same classes, Loans requiring two years for re-payment are granted with three sureties; and loans requiring three years with four sureties.

3. Where it may not be convenient to give more than two sureties, the loan must be further protected by a life insurance; but, on application to that effect through the sureties, they consenting to the same, the Directors will be prepared to allow the discontinuance of the policy on a loan of the two year class, after the expiration of the first year, and on a loan of the three year class after two years have expired. But where the borrower is on Foreign and Field Service, the loan must always be covered by a life insurance.

4. Applications for loans from Subalterns must only be for such sums as can be repaid by monthly instalments within the prescribed period, whether two or three years, and each application must be accompanied with a declaration that the applicant is not indebted elsewhere.

5. When a debtor dies, the balance (after discharging his own debt in full), of any policy of assurance upon his life will, at the discretion of the Directors, be detained as security for the re-payment of the balance of any account for which he may be responsible as a surety.

6. Where parties may find difficulty in effecting their remittances to Agra, drafts on Calcutta or elsewhere will be received in re-payment of loans, at the exchange of the day.

7. The Mortgage of real property in the Hill stations and larger Military cantonments, if insured against fire, is occasionally taken in place of life assurance, provided that the property be officially registered (with power to sell) in the Station Books as belonging to the Bank, and that the amount advanced thereon be regulated by previous official report as to its convertible value at the time.

8. In all cases of Insurance taken out by or through the Bank, it is reduced half-yearly according to the gradual liquidation of the claims against the debtor.

9. Regimental loans are granted to Corps to facilitate the establishment and maintenance of Messes, Bands, Libraries, and other Regimental purposes.

10. Loans are granted on the security of Government Paper, on the Stock of the Calcutta, Madras, Bombay, and Mofussil Banks, and on the shares of other approved Joint Stock concerns, where the parties borrowing give to the Bank a power to sell the notes or shares forming such security, if, on one month's notice to close the account, the loan—which will, in the first instance, be for three months and thereafter renewable for a similar term or terms—shall not then be re-paid in full.

11. Parties desirous of taking advances in Bombay, Madras, or Calcutta, should apply to the Branch Agents of the Bank at those Presidencies respectively.

12. Interest on loans is charged from the date on which the amount, wholly or in part, is placed as a floating balance at the disposal of the borrower, according to notice given, and is allowed, at the same rate, upon all remittances from the date of their realisation.

13. When loans are not liquidated as agreed upon, a penal interest of two per cent per annum additional will be chargeable.

14. It is a condition of every loan that the party borrowing shall be subject to the general rules of the Bank, in respect of such transactions.

15. Constituents of the Service, when writing to the Bank, are requested to add their rank or official designation, to obviate the delay of reference, and

with the same view applicants for loans are also requested, in naming their sureties, to furnish a similar detail regarding them.

16. All loan accounts with the Bank are brought up periodically to the 30th of June and 31st of December, and interest thereon is debited or credited to those dates half-yearly.

17. When parties already indebted to the Bank require further accommodation, the balance due on the former account will be deducted from the new loan; as a general rule, two accounts with different sureties and different terms of payment cannot be kept open at the same time.

18. The Directors give a preference to applications for loans re-payable within a short date.

19. The Bank renders accounts, once in the half year, *when called for*.

20. No letters *bearing postage* will be received by the Bank, except from Pay Masters, Deputy Pay Masters, or other public authorities, or from places where no postage can be levied. On every loan granted a single charge of Rupee one Annas eight will be made for loan documents.

Mr. C. A. Johnston, *Actuary*.

Rules.

Financial Department, Fort St. George, April, 4, 1854.

The Right Honorable the Governor in Council directs that the following Rules of a Savings' Bank, established in Madras under the guarantee and responsibility of Government, be published for general information.

1st. The Bank to be denominated the "Government Savings' Bank."

2d. All classes, British and Native, may invest their savings in the Government Savings' Bank.

3d. The return of the exact sum deposited, together with the interest due thereon at the undermentioned rate, is secured to the Depositor under guarantee of the Government.

4th. The general direction and control of the Bank shall be vested in a Committee of Management, to be nominated by the Governor in Council. The Committee shall meet at such stated periods as may be necessary for the due and efficient control of the proceedings of the Bank.

5th. The Government Agents are charged with the immediate superintendence and execution of all details connected with the Bank. They will be also ex-officio Members of the Committee of Management. The Sub-Treasurer, as one of the Government Agents, will be ex-officio Secretary to the Bank.

6th. A Register of Deposits will be kept, and generally such other accounts as may be determined on and approved of by the Managing Committee.

7th. Any sum not less than one Rupee will be received in deposit.

8th. Whenever any sum deposited by one individual shall amount to 500 *Company's* Rupees, the same will be transferred from the Bank deposit in the General Treasury, and subscribed on account of the Depositor to the *four* per cent. Bengal Government Loan of the 1st February 1843, until further notice, unless an intimation of its withdrawal, or the withdrawal of a portion of it, be given by the Depositor within one month after it has reached that amount; and all Government Securities shall be handed over to the Government Agency at the expiration of 3 months (subject to all the Rules which obtain in that Department) unless counter instructions be immediately received from the Proprietors.

9th. Interest at 4 per cent. per annum will be allowed on deposits until further notice.

10th. The interest will be calculated on a deposit from the 1st day of the month succeeding that in which it shall be received, and up to the last day of the month preceding that in which it shall be withdrawn. No interest will be

allowed for broken periods of a month, nor calculated on fractional parts of a Rupee.

11th. The Government reserves to itself the power of lowering or raising the rate of interest, such alteration not to affect deposits above 500 *Company's* Rupees previously invested in Public Securities, and due notice to be given in the Fort St. George Gazette of the intention of Government six months before the alteration shall take effect.

12th. All deposits will be regularly entered in a book at the time they are made, and the Depositor of the deposit made at the Presidency will be furnished with a small book having a duplicate of the entry. This book is to be brought to the Bank whenever any sum is deposited or withdrawn. The account thus kept will be closed on the 30th April of every year, and the balance of interest due at that period will be paid to the Depositor, or carried to account, thenceforward to accumulate at compound yearly interest, until it shall amount to 500 *Company's* Rupees, when the same will be transferred from the account of the Bank, and subscribed on account of the Depositor to the Bengal Government *four* per cent. Loan, as per Rule VIII., unless notice of withdrawal be given within one month as above, or unless the rate of interest be altered as provided for in Rule XI.

13th. *No person or persons to deposit money for the benefit of any other person or persons, except Parents on behalf of, and on account of their Children, being minors. If such deposits are made in the Children's names, they cannot be withdrawn without an authority from the Children,—no trust will be allowed to appear on any deposit. Provided however, that this Rule shall not be construed to prohibit Individuals resident out of Madras, or females, who according to the manners and customs of the country do not usually make their appearance in public, from making their deposits in their own names, by the hands of other persons as Agents on their behalf.*

14th. No sum deposited to be transferable, excepting on the personal application of the depositor, supported by written sanction. When peculiar circumstances render a deviation from this Rule necessary, the case shall be submitted to the Committee of Management for their sanction.

15th. No person will be allowed to deposit any money without making known his or her name, together with his or her profession, business, occupation, calling, and residence. A duplicate of this description will be entered in each Depositor's book, to be produced whenever any sum is afterwards deposited or withdrawn.

16th. Depositors will be at liberty at any time to withdraw any sums or portions of sums deposited by them, receiving interest calculated up to the end of the month preceding that in which the withdrawal is made.

17th. As a general rule, deposits, with the interest due thereon, will be repaid to the Depositors personally in all practicable cases. In the cases of individuals unable to attend in person, the Secretary will exercise his discretion in regard to repayments of deposits to responsible persons duly authorized by such absentees to receive the same.

18th. Military Officers and Soldiers, European and Native, will be allowed to invest their savings in the Government Savings' Bank, through the Paymasters of Corps or Divisions; and Officers and Servants of the Civil Establishments, European and Native, through the Residents, Collectors, and other Officers in charge of Public Treasuries, or who are competent to sign Pay Abstracts of Civil Establishments; and Residents, Collectors, Paymasters, and other Officers in charge of Public Treasuries, are hereby authorized to receive Subscription to the Bank, or to deduct monthly from their Abstracts such sums as the parties within their circle of payment may be desirous of depositing, not being less than one rupee, nor more than 500 *Company's* Rupees.

19th. The deposits referred to in the preceding rule are to be brought to the credit of Subscribers on the last day of the month in which the payment or deduction is made; the Rules XVI. and XVII., respecting the withdrawal

of deposits by parties subscribing through Residents, Collectors, Paymasters, and other Officers in charge of Public Treasuries, will be carried into effect under instructions which will be furnished to them by the Accountant General.*

20th. In case of the death of a Depositor, the sum at his credit will be paid to his or her Executors or Assigns; or in case of no will, according to the law on this head, or the Regulations of the Service if the deceased be Military.

21st. In case of any difference between the Secretary of the Bank and any Depositor, it shall be referred for the decision of the Committee of Management.

22d. A general statement of the Funds of the Bank shall be annually made out to the 30th April after the 1st May. The same to be submitted for the information of Government, and published in the *Fort St. George Gazette*.

From and after the said 31st December next, interest will be paid as may be stipulated in the new Notes to be given in exchange, and all demand on account of the Note surrendered shall cease.

4. The Notes of the 6 per Cent. Loan of the 30th June 1822 that were advertised for payment on the 9th May last, viz. No. 1 to 387, will be received for transfer in like manner with those now or hereafter advertised, and whether tendered before or after the 31st December next, the calculation and adjustment of interest shall be the same; that is to say, at the rate of 6 per Cent. on the principal sum of the Note to the 31st December next, and from that date at Five per Cent. on the principal sum of the new Note given in exchange, as will be stipulated therein.

5. Promissory Notes of the new Five per Cent. Transfer Loan opened by this Advertisement, will be registered and numbered in the order of the applications made for Promissory Notes in exchange for the Sub-Treasurer's Certificates: that is to say, in the order in which the Notice thereof may be received in the Office of the Accountant General at Calcutta. The accounts of this Loan will be closed on the 15th February next; and whenever it shall be paid off as provided below, if the whole Loan be not at once advertised for payment, but only part thereof, the numbers selected for first payment shall be those last on the register.

6. For the convenience of Proprietors of Notes of the 5 per Cent. Transfer Loan who may be resident in Europe, the Honorable the Court of Directors have made arrangements, whereof they have given public notice in England, to provide that Notes of this Loan shall, at the option of such Proprietors, be registered in the Auditor's Office at the East India House in London, so as to allow of their being sold in England without previous reference, and the employment of Agents to effect the transfer in India. When Notes may be so registered at

the India House the interest payable thereon will be issued in England only at the periods when the Bills for the same would become due, supposing the interest payable in India by the terms of the Notes to have been taken in Bills.

7. It is hereby declared and stipulated, that no part of the Transfer 5 per Cent. Loan opened by this Advertisement, shall be paid off before the 22d April 1834; and whenever it shall be redeemed, a previous notice of fifteen months shall be given by public Advertisement, the period of which shall expire on some date subsequent to that above stated, and not prior thereto. When payment shall be made of the whole or of any part of the Notes of this Loan, it shall be at the option of Proprietors to receive the principal sums due, on their Notes respectively, either in cash at the General Treasury at Calcutta, or in Bills to be drawn in India on the Honorable the Court of Directors of the East India Company, payable at 12 months date, and at an exchange of 2s. 1d. for the Sicca Rupee, the Court of Directors having the option when the Bills shall fall due, of postponing payment thereof for one, two or three years, paying interest at the rate of 5 per cent. per annum for the period of such postponement. The notice of payment duly advertised as above, and published in the *Government Gazette* of Calcutta, shall be considered as equivalent to a tender of payment on the date advertised for discharge, and all interest will cease from that date.

8. The interest of the Promissory Notes of the 5 per cent. Transfer Loan will be paid in cash to Proprietors resident in India; but Proprietors resident in Europe may take the interest at their option in Cash, or in Bills of one year's date to be drawn on the Honorable Court of Directors, at the exchange of 2s. 1d. (Two Shillings one Penny), for the Sicca Rupee.

9. Proprietors residing within the Presidencies of Fort St. George and Bombay, shall be entitled to receive interest at the exchange of one hundred and six and a half Madras and Bombay Rupees for one hundred Calcutta Sicca Rupees, from the General Treasuries of those Presidencies respectively; but before the interest of any Note shall become payable at either of those Presidencies, notice shall be given to the Accountant General of the Bengal Presidency, and the Notes shall be brought or transmitted to that Officer, that the order for such payment may be inscribed on the face of the Note, after which the interest shall be payable only at the Treasury mentioned in the order; but if it be desired to change the Treasury of payment, application may be made to the Accountant General of the Presidency where it may be payable, and the order may by him be cancelled.

10. The Accountant General of Bengal may, on the application of Proprietors, and for their convenience, make the Interest on Notes of this Loan payable at any other Treasuries of issue under this Presidency by a similar order: but Proprietors shall not be entitled to claim this accommodation if the Accountant General should think proper to refuse it.

11. Notes of this Loan may be consolidated and divided in the usual manner; but if consolidated, they shall be so on the highest number.

12. The Certificates to be granted by the Sub-Treasurers of Bengal, Madras and Bombay, upon surrender of Notes of the 6 per cent. Loan of the 30th June 1822 for transfer into the 5 per cent. Transfer Loan, shall be in the following form:

FORT WILLIAM; Financial Department, 17th June 1835.

Notice is hereby given, that the Honorable the Court of Directors having, in an Advertisement, dated East India House, the 17th of September 1834, notified to Proprietors of Bengal six per Cent. Remittable Paper, resident in Europe, who had made known, or might make known, before the 1st of December following, at the Auditor's office, in the India House, their wish to transfer their Notes of that Loan into the New five per Cent. Transfer Loan, under the conditions specified in the Court's Advertisement of the 14th May 1834, that the pro-

erty in the new Loan would be held in the form of Stock, instead of Promissory Notes; that Stock Receipts would be granted in Bengal to the respective Proprietors, or their Agents, in exchange for the Promissory Notes transferred; and that the new stock would be transferable at the place of registry, in books to be kept for that purpose in London and in India;—in pursuance of that notification and the orders of the Honorable Court, the Sub-Treasurer at Fort William is authorized to receive any of the six per cent. Promissory Notes of this Government, bearing date the 30th June 1822, that may be tendered for transfer into the New five per cent. Loan, in fulfilment of the intention of the Proprietors signified at the India House, under the advertisement of the 17th September last, and to grant Stock Receipts to the respective Proprietors, or their Agents, in exchange for the Promissory Notes transferred.

2. A Bonus or premium of 5 per cent. will be granted on all transfers made under this Advertisement; that is to say, for every Note surrendered for transfer, a Stock Receipt will be granted for a principal sum exceeding the principal sum of the Note surrendered, in the proportion of 105 for every 100 Sicca Rupees; and the Stock Receipt will bear interest at the rate of five per cent. per annum, payable, if the Proprietors are resident in India, in cash at the place of registry, and if resident in Europe, at their option, either in Cash in India, or by Bills on the Court at 12 months' date, at 2s. 1d., the Sicca Rupee.

3. The transfers under this Advertisement will take effect only at the period when the Notes to be transferred shall fall to be discharged, according to the Notices published from the Financial Department under the dates respectively of the 9th May and 13th October 1834.

4. The property of the New Loan here advertised is to be transferable only in books to be kept in Bengal, at Madras, at Bombay, and in London, and not by endorsement of Stock Receipts, on the face of which it is to be declared that they are not transferable. Proprietors of Stock Receipts will be entitled to the option of transferring from the books of Bengal to those of either Madras, Bombay, or London. Having availed themselves of that option, the property cannot again be registered in Bengal, or at either of the other places, unless upon transfer effected at the place at which they may have chosen to register it.

5. After transfer has been made to London, the interest payable on the Stock so transferred will be issued in England, at the same periods as when the bills would have become due, had the remittance of interest been previously received by bills under the option allowed in the second article of the present Notice.

6. It is hereby declared and stipulated, that no part of the Transfer Five per Cent. Loan opened by this Advertisement shall be paid off before the 22d of April 1834, and whenever it shall be redeemed, a previous Notice of fifteen months shall be given by public Advertisement, which notice may be issued at any time after the 21st January 1833. Payment shall then be made, at the option of the Creditors, either in Cash in India, or by Bills upon the Court at twelve months' date, and at 2s. 1d. the Sicca Rupee; with power to the Court to postpone payment of those bills for one, two, or three years, upon allowing Interest at Five per Cent. per annum for the period of postponement. The Notice of payment duly advertised, as above, and published in the *Government Gazette* of Calcutta, shall be considered as equivalent to a tender of payment on the date advertised for discharge, and all interest will cease from that day.

7. Proprietors who shall transfer to the Books of Madras and Bombay, will be entitled to receive interest at the exchange of One Hundred and Six and a half Madras or Bombay Rupees, for One Hundred Calcutta Sicca Rupees, from the General Treasuries of those Presidencies respectively.

8. The Accountant General of the Supreme Government may, on the application of Proprietors of Stock registered in the Books of Bengal, and for their convenience, make the Interest of such Stock payable at any other Treasuries of Issue under the Bengal or Agra Presidencies; but Proprietors shall not be entitled to claim this accommodation if the Accountant General should think proper to refuse it.

9. Stock of the Five per Cent. Transfer Loan opened by this Advertisement may be consolidated and divided, at the pleasure of the Proprietors, in the Books in which it is registered.

10. Proprietors of Six per Cent. Remittable Paper who may transfer into the Five per Cent. Loan now advertised, shall not be subjected on this operation to the fees prescribed in the Regulations for the Government Agency.

11. Proprietors of the Five per Cent. Transfer Notes issued under the Advertisement of this Department, bearing date 13th of October last, or their authorized Agents, will be permitted to transfer their property into the Book Debt Loan. For this purpose a period of four months will be allowed to the holders of Five per Cent. Promissory Notes, or their Agents, and it is hereby notified, that during the same period fresh Transfers will be allowed to the Book Debt by holders of Six per Cent. Remittable Paper.

7. The several Officers authorized to receive subscriptions will, on application from the holders of acknowledgments, transmit them (free of every expense whatever) to the Accountant General in Bengal, to be exchanged for Promissory Notes, bearing interest from the 31st March, or 30th September, next ensuing after the date of subscription. The interest accruing on the broken period of the half year that may intervene between the date of subscription and the 31st March, or 30th September, next ensuing, as the case may be, will be paid up at the time of granting the acknowledgment.

8. Proprietors of Notes who may require the Interest to be paid at the General Treasury of Fort St. George, shall be entitled to receive it accordingly, provided they previously notify their wish to the Accountant General at Fort William, and present their Notes to him to have an order for the payment of Interest at the said Treasury written on the face of them, under the signature of the said Officer, or that of the Deputy Accountant General. And after such order shall, on the application of the Proprietor, be inscribed on any Note, the Interest shall be payable only from the said Treasury, unless the Proprietor shall present the Note with an application, for the purpose of transferring the payment to Bengal, to the Accountant General of Fort St. George, who, on such application being so made, will cancel the said order by a writing inscribed as aforesaid, under the signature of himself or his Deputy. A similar course will be followed, mutatis mutandis, in the case of Proprietors of Notes who may desire to have the Interest thereof paid at the General Treasury of Bombay.

9. The Proprietors of Acknowledgments, who may desire to have the interest of the Promissory Notes to be issued in exchange thereof, to be made immediately payable at Madras or Bombay, must express their desire to that effect on the face of the Acknowledgments before transmitting them to the Accountant General at Fort William, who will make the interest payable accordingly in the manner and subject to the conditions above stated.

10. The Promissory Notes of this Loan shall not be renewed or subdivided except by the Accountant General. But the Accountants General at Fort St. George and Bombay will, on application of the Proprietors of such Notes, and the payment of the established fees, transmit them to the Accountant General in Bengal, for the purpose of being renewed, or subdivided, free of all further ex-

pense. In other respects the practice and rules heretofore in use in regard to the renewal and subdivision of Promissory Notes will be adhered to.

11. The said Notes shall be advertised for payment in the inverse order in which they shall have been placed upon the General Register—that is to say, the Notes last brought on the Register shall be first liable to be discharged. But all Notes advertised at the same time for payment shall become payable on demand, without regard to priority, at the expiration of the notice. Government shall also be at liberty to advertise other Notes for payment without waiting for the expiration of pending notices, and to discharge the Notes so subsequently advertised at the expiration of the notice relating to them, notwithstanding the holders of Notes comprized in prior advertisements may have omitted by themselves, or their Attorneys duly authorized, to apply for payment.

TABLES OF MONEY, WEIGHTS AND MEASURES.

M O N E Y.

3½ rupees exchange in account for 1 pagoda.

A lac of Rupees is 100,000 : a crore of Rupees 100 lacs, or 10 millions.
Accounts were formerly kept in Madras in Star Pagodas, Fanams, and Cash, viz.

80 Cash to 1 Fanam ;

42, 44 or 45 Fanams, 1 Star Pagoda.

Government, the Banks, and all the Houses of Agency kept their accounts at 42 Fanams the Star Pagoda : the Shops and Bazaars at 44 or 45.

The Star Pagoda exchanged in the Bazar for about 45 Fanams, but it fluctuated according to circumstances.

The coins in circulation were the Star Pagoda, the Arcot Rupee—3½=1 Star Pagoda ;—(it exchanged in the Bazar for 12 Fanams 60 Cash ;) the double and single Fanam, and the Doodie, 8 of which =1 Fanam.

There was also a copper coin sent out from Europe of 20, 10, 5, and 1 Cash value, the latter being worth 8,75ths, or about the 9th part, of a farthing.

The Currency was altered in January 1818, by a Proclamation which constituted the Silver Rupee the standard coin. To this the public accounts were all converted at an exchange of 350 Rupees per 100 Pagodas ; and the new Silver coinage was made to consist of Rupees, Half and Quarter Rupees, Double and Single Annas, the Rupee containing 165 grains of pure silver and 15 grains of alloy, and weighing 180 grains, and the other Coins bearing the due proportion to the same.

The Act of the Legislative Council of India (passed in 1835) assimilating the currency over the Country, changed the design, but left the new coinage of a precisely similar value to that of Madras according to the above Regulation.

WEIGHTS AND MEASURES.

The Weights and Measures given in the two following Tables were directed by Proclamation, dated Fort St. George, October 16, 1846, to be used exclusively in the Public Departments throughout the Madras Presidency, and all the Public Accounts are now kept therein.

LAND MEASURE.

Land is usually measured with Gunter's chain of 100 Links, or with a rod of 10 feet, and reduced to Cawnies, Grounds and Square feet, agreeably to the following table :

60 feet long and 40 feet broad, make 1 ground or maunie, containing 2,400 square feet.

24 Grounds, or Maunies, make one Cawnie, equal to 57,600 square feet.

The Indian Cawnie is in proportion to the English Acre as 1 to 1,3223, or as 121 is to 160.

To reduce Indian Cawnies to English Acres, multiply the given number of Cawnies by 160, and divide the product by 121, the quotient will give the number of Acres, and the remainder be the fractional part of an acre. Or multiply the Cawnies by 1,3223, and the product, (cutting off 4 places to the right hand) will be the same, and the figures so cut off are the decimal part of an Acre.

CLOTH MEASURE.

The Covid in Cloth Measure is 18 Inches, but the English yard of 36 Inches is generally used.

Note.—The total value, whether "Market" or "Tariff," weight and quantity, must be written in words as well as figures.

All Articles not enumerated in the List and subject to duty ad valorem, will be passed upon the Market value declared and determined in the mode prescribed by Sections XXI, XXII and XXIII of the Act VI of 1844. It shall be competent to Importers to produce their Invoices in support of the Market value put upon their goods, and the same will be duly considered, but not implicitly accepted by the Collector; at the same time it is to be distinctly understood, that the Collector of Sea Customs will be at full liberty to reject any such values, and to take on behalf of Government, in the mode prescribed by Section XXIII Act VI of 1844, any articles which he may consider to be undervalued.

The Market and Tariff value upon goods to be thus assessed to be inserted by the Importer, and the total amount of the value to be written in words as well as figures.

With the view of exhibiting the precise nature of the Imports and Exports it is necessary that the articles be enumerated as distinctly as possible, according to their varieties, and further that goods, if Foreign, be described so, and their places of production invariably stated.

After 3 1/2 o'clock in the afternoon, no cash can be received or Bills of duties settled. This rule is necessary to enable the accounts of the day to be closed in the evening, which could not be done were duty received until a late hour.

BOAT AND CATTAMARAN REGULATIONS, &c.,

Rules and Regulations subsidiary to Act No. IV. of 1842, "for the better management of Boats and Cattamarans in the Madras Roads, and for the amendment of certain Harbour Regulations," and to the Rule, Ordinance and Regulation commonly called the Marine Police Regulation.

[The above mentioned Act is given in the MADRAS ALMANAC for 1843, page 390.—COMPILER.]

1. It is hereby notified that beneath the Master Attendant's Office on the Beach, is an Office where Boats and Cattamarans can be procured, and where Registers of all Licensed Boats, Cattamarans, and their respective Owners, and Crews, are kept, and are open to public inspection, and in which copies of the Act No. IV. of 1842, for the better management of the Boats and Cattamarans, and for the amendment of certain Harbour Regulations, are suspended.

2. If a Boat or Cattamaran is required for any extraordinary service to a Ship or Vessel, either at anchor or under way beyond the limits of the Port, then the amount of hire which may be demanded may be referred to the Master Attendant or his Deputy for adjustment.—N. B.—For the purposes of the foregoing Rule, a Ship at anchor in, or beyond 10 fathoms, and a Ship at any distance under sail beyond that depth of soundings in any line of bearing from the Master Attendant's Flag Staff, shall be considered as without the limits of this Port.

3. In cases of great emergency, by night or by day, the Owners of Boats and Cattamarans kept for the purpose of being let out on hire, shall aid and assist the Master Attendant and his Deputy by every means in their power, and shall induce the Boat men and Cattamaran men to perform the service required, and when great personal risk shall have been incurred, or arduous services performed, and those on whose account such duties are undertaken refuse to remunerate the Crew for the same, the Master Attendant will bring the merits of the case to the notice of Government.

4. The Boat and Cattamaran men are not to be employed on board any Ship or Vessel in these Roads: any wilful breach of this Regulation will be considered desertion and neglect of duty, and will render the persons offending liable to the punishments provided for such desertion and neglect by Section 15 of Act No. IV. of 1842.

5. All Owners of Boats and Cattamarans, and all other persons, either belonging to any Ship or Vessel in the Madras Roads, or to the Boats and Cattamarans to be let on hire, are cautioned against the transshipment of any goods

or passengers or ballast without first obtaining a permit from the Collector of Sea Customs or his Deputy, any person or persons found guilty of any such transshipment being liable to the penalties provided in Section 23 of the Marine Police Regulations.

6. All Owners of Boats and Cattamarans must make known to their respective Crews the full intent and purport of the several port signals, which, as occasion may require, will be displayed at the Master Attendant's Flag staff, especially the recall signal for all Boats and Cattamarans, which is a white pendant with a red ball; and when this signal is hoisted, all Boats and Cattamarans must immediately repair to the Shore.

7. The Crews of Boats and Cattamarans kept for the purpose of being let on hire shall not be changed or transferred from one Boat or Cattamaran to another, without the sanction of the Master Attendant.

8. The Accommodation Boats shall be kept in the same good order as heretofore, and are always to be provided each with an awning, and with seats and cushions, and in case they shall not, in the judgment of the Master Attendant, be kept in proper order, the Owners shall be deprived of their Licenses until the same shall be put in proper order for the reception of Passengers.

9. All Owners of Boats and Cattamarans are to make known to their respective Crews, that the Officer or Peon in charge of the Police or Revenue Boat, is authorized and empowered by Section XIX. of Act No. IV. of 1842, to stop, search, and detain any Boat and Cattamaran plying to and from the Ships and Vessels in the Roads, and that all Boat men and Cattamaran men who may impede or obstruct any Police Officers in the execution of his or their duty, will render themselves amenable to the penalties provided for in Section XIX. of the above recited Act.

10. Should any difference or dispute arise between the Owner or Owners of Boats and Cattamarans let on hire, and any person or persons hiring the same, as to the amount of hire for services performed, the party or parties may refer the case for adjustment to the Master Attendant or his Deputy, in which case each party shall sign a paper agreeing to abide by the decision of the said Master Attendant or his Deputy, and such paper shall be retained in the Office of the said Master Attendant.

THE HUGH LINDSAY.

MADRAS, MARINE BOARD OFFICE, 10th February 1850.

The following are the Regulations under which private passage and freight are assigned in the Honorable Company's Steamer "Hugh Lindsay," in pursuance of all those previously promulgated.

1. All applications for passage or freight are to be made to the Master Attendant, to whom the charges are to be paid in advance, and who on such payment will grant an order for the reception of the passengers or goods, as the case may be, four clear days before the intimated departure of the Steamer. At out-ports application is to be made to the Commander, who is instructed to receive as many passengers and as much freight as there may be space for, on payment in advance of the stipulated charges.

2. All applicants will be registered on payment of one half the charges in advance, and will be thereby entitled to cabins according to priority of registry; and should it occur that there are a greater number of registered applicants than accommodation available, the earnest will of course be returned to all those who cannot be received from this cause.

3. No second class cabins being available, Warrant Officers, Clerks or others, and their families proceeding as deck passengers and messing with the Engineers or Warrant Officers, will be required to pay

5. Cabin and quarter deck passengers will be each entitled to take 5 cwt. of baggage, and one servant free of charge, except for diet, which will be at the rate of

12 Annas per diem for an European.

All servants in excess of one to each passenger, will be charged as deck passengers according to the scale of private passage.

6. Deck passengers will be permitted to take one box measuring five cubic feet, and one bed not exceeding two feet six inches in breadth, which must be rolled up during the day.

Each servant will be allowed to take the same quantity of baggage as a deck passenger.

7. All baggage in excess of the amount mentioned in the two preceding articles, must be paid for at the regulated freight.

8. Cabin and quarter deck passengers will be messed at the table of the Commander, or if preferred at that of the Officers. Deck passengers will make their own arrangement for messing, the Ship providing wood and water, with the exception of servants, who will be charged according to the scale.

9. The space available for stowage being limited, no bulky articles will be received on board; and it is particularly requested that the address may be written so as not to be easily effaced. Parties shipping freight are requested to make arrangements for its being landed immediately on the vessel's reaching her destination. If not applied for during the first twelve hours at out-ports or when-

The Company's Steamers start from Calcutta on the 8th, and Sandheads on the 10th of every month, and arrive at Madras about the 13th, except in May, June and July, when they start on the 3d from Calcutta and on the 5th from the Sandheads and arrive at Madras about the 9th. From Calcutta they call at Madras, Ceylon and Aden, at which last place, they receive the passengers and Mails (brought

so far by the H. E. I. Company's Steamers) from Bombay. From Aden they proceed to Suez. On landing at Suez, generally about the 15th of the month, passengers are conveyed through Egypt by the Transit Administration of His Highness the Pasha of Egypt, and on arriving at Alexandria, embark on board the Company's Steamer for England, which conveys them to Southampton, calling at Malta and Gibraltar. There is now no quarantine upon this line of Steamers, and Passengers are allowed to land at once at Southampton. The Steamers from Bombay meet this line of Steamers at Ceylon, and convey Passengers for Penang, Singapore and Hong Kong.

The rates to Malta and Southampton include the expense of Transit through Egypt, and in all cases they include fees, a handsome table, wines and beer, and use of cabin furniture, bedding and linen, with the exception of hotel expenses. Additional charge will be made for extra accommodation.

General Rules and Conditions relative to the Conveyance of Passengers.

BAGGAGE.—1st Class passengers are allowed, on the Company's Steamers only on either side of the Isthmus, 3 cwt. of *personal* baggage, free of freight, and Children and Servants 1½ cwt. each. A passenger paying for a whole cabin, will be entitled to take in the Steamers free of freight, one half more baggage than the regulated allowance.

EXTRA BAGGAGE.—The charge for conveyance of extra baggage, should there be room in the vessel, is at the rate of £2 per cwt. between India and Suez, and 1£ per cwt. between England, and Malta, or Alexandria.

Passengers to England will have to pay the Egyptian Transit Administration in Egypt 16s. per cwt. for conveyance of baggage through, should it exceed for 1st Class passengers 2 cwt. each, and Children and Servants 1 cwt. each. For the convenience of stowage, and facility of carriage through Egypt, passengers are strongly recommended to adopt trunks or portmanteaus of the following dimensions, viz.—length 2 feet 3 inches; breadth 1 foot 2 inches; depth 1 foot 2 inches; and to have their names, and the port of debarkation, distinctly painted on each package. No package or baggage should exceed 80lbs. weight, otherwise it may be delayed in Egypt. Passengers taking articles of merchandise in their baggage will incur the risk of seizure by the Customs' authorities in Egypt.

The Company do not hold themselves responsible for detention, damage, or loss of baggage.

The rates of passage include bedding, linen, and the use of Cabin furniture and fittings, provisions, wines, and all other usual necessities and refreshments, which are provided at the Company's expense, together with the attendance of experienced male and female servants.

The cost of the Transit through Egypt is also included in the rates of passage money, and will be defrayed by the Company, with the exception of wines, spirits or hotel expenses—and conveyance of extra baggage.

NOTICE TO PASSENGERS RESPECTING THE CONVEYANCE OF PARCELS.—As the allowance of baggage is on a liberal scale, and the freight on parcels moderate, it is hoped that passengers will not convey in their baggage parcels or packages belonging to other persons, to the prejudice of the Company's interests. Passengers taking parcels in their baggage will incur the risk of seizure by the Customs' authorities, and of detention for freight by the Company's Agents.

Para. 1. Instances having occurred of Letters, addressed by parties in India to the individual members of our Court, being transmitted to this country by

the Mediterranean Mails, under the impression that such letters are exempt from the duty of postage, it is necessary that we should apprise you, that the privilege of receiving letters so addressed free of postage, does not attach to letters sent from the East Indies by packet, *viâ* Mediterranean; and we direct that you forthwith take the necessary measures for giving public notice thereof throughout your Presidency.

2. You will, however, clearly understand, that the privilege of franking enjoyed by individual Directors, and other public functionaries, so far as respects the Indian duties of postage, continues in full force.

GENERAL POST OFFICE; FORT ST. GEORGE, 9th March 1839.

It is further notified, that the practice of forwarding letters under cover to individual Members of the Honorable Court should be discontinued, as under the authority of the Lords Commissioners of Her Majesty's Treasury, the Chairman, Deputy Chairman, Secretary and Assistant Secretary only to the East India Company, have the personal privilege of receiving letters free of postage from the East Indies by packet *viâ* Mediterranean, but the privilege does not extend to any other Director or Officer of the Company.

FORT ST. GEORGE; GENERAL POST OFFICE, 4th June 1840.

Para. 1. Under instructions from the Honorable the Court of Directors, communicated through Government, it is hereby notified, for general information, that all Letters and Newspapers for the United Kingdom, except Soldiers' and Sailors' Letters, and except those specifically marked "via Falmouth,"* will be forwarded through France. Soldiers' and Sailors' Letters, certified by their Commanding Officers, will be forwarded by way of Falmouth, whether so directed or not, as if sent through France: they become liable to a heavy rate of postage; and Letters and Newspapers specially marked "via Falmouth" will be forwarded as indicated by such mark.

Newspapers if sent via Falmouth are free of postage, but if transmitted by the way of Marseilles, they are charged 3d.

3. Newspapers or Gazettes sent by the Public Officers to the Authorities in England should be left open at the ends, in order that they may not be charged as Letters.

THE OVERLAND MAILS.

POST OFFICE NOTIFICATION.

FORT ST. GEORGE; GENERAL POST OFFICE, 20th November 1846.

1. The arrangements for the conveyance of the Mails direct between Madras, Suez, and other Ports being now in operation, the scale of British Steam Postage and British Packet Postage chargeable on letters is as follows, viz.

On every letter not exceeding $\frac{1}{2}$ an ounce weight..... 8 As. or one Shilling.
On do. above $\frac{1}{2}$ and not exceeding 1 ounce..... 1 Rupee or two do.
On do. above 1 oz. and not exceeding 2 ounces..... 2 Rs. or four do.
On do. above 2 oz. and not exceeding 3 ounces..... 3 Rs. or six do.
and so on increasing one Rupee or two Shillings for every additional ounce weight, or any fraction thereof.

2. British weights not being in general use in this country, the following Coins of the Hon'ble Company's currency are recommended as the best substitutes.

In lieu of $\frac{1}{2}$ an ounce, one Rupee and one Copper Pie.

In lieu of 1 ounce, two Rupees and two Pice.

3. Letters weighing half an ounce are reckoned as single; and such as weigh one ounce are double.

4. Letters for places on the Continent of Europe; letters directed to any place to which Great Britain does not necessarily form a channel of communication; and letters forwarded via Marseilles, Malta or Alexandria, are subject to Red Sea (Steam) Postage. All such letters must, as heretofore, be prepaid in India, but if endorsed via "Southampton" they may be forwarded "bearing," and if directed to an Agent in England they may be prepaid.

5. No Steam Postage on letters for the United States, nor to British Colonies in America or the West Indies, can be prepaid in India, whether sent by way of Marseilles or via Southampton, unless they are addressed to Agents in Great Britain.

6. The same rule applies equally to letters despatched through Marseilles for places in England, Scotland, Ireland, Wales, and all the British Islands.

7. Letters for places in the United Kingdom, superscribed to the care of any person in Egypt, must be prepaid: at the rate of the regulated Red Sea postage.

8. No Steam Postage is chargeable in India on Newspapers received from and despatched to England, or from one British Indian Port to another. Inland Postage, however, to and from Bombay or Stations in the interior, must be paid.

9. Pamphlets are charged Steam Postage with reference to letter weight: thus a Parcel containing one or more Pamphlets is liable to be charged just as letters are, according to weight.

10. The optional prepayment of Steamer Postage applies to letters sent by the Southampton route to places within the United Kingdom and vice versa, and between British Indian Ports.*

11. All letters posted or received at the General Post Office for transmission to Europe by the Overland Mails, whether direct or via Bombay, will be sent by way of Marseilles unless they are superscribed via "Southampton."

12. The Inland (Indian) Postage is quite distinct from Steam Postage: Inland Postage must be paid in advance by the sender at the Posting Office, on letters forwarded from Out-Stations to Madras or Bombay, or from either one Presidency to the other for transmission by the Steamers.

The word "Paid" therefore should be written only on letters the Steam Postage for which senders intend to Pre-Pay.

13. British Packet Postage will be levied on all Price Currents and Newspapers conveyed between any port of the Madras Presidency and any port in the East Indies, China, &c. by the Contract Steamers from Madras.

14. British Packet Postage will be levied in addition to any Inland Postage at the following rates, viz. :

S. D. Rs. A. P.

On every Newspaper addressed to a Foreign Port, such as Manila, Canton, &c.....	0	1	0	0	8
On every Price Current or Printed Commercial List, conveyed to a British Port.....	0	1	0	0	8
On the same addressed to a Foreign Port.....	0	2	0	1	4

15. Letters and Pamphlets addressed to a Foreign country or possession, such as China, Manila, &c., must be paid in advance.

16. The postage chargeable on Newspapers and Prices Current or Printed Commercial Lists must in all cases be paid in advance.

17. Each Newspaper, or Price Current, or Commercial List, must be put under a separate cover. The Post Office will not receive two or more enclosed in one cover.

18. No letter exceeding 12 tolas (a fraction under 5 ounces) in weight can be transmitted per Letter Mail, but if forwarded by Government Banghy Post or otherwise to Bombay or Madras it may thence be despatched by the Steamer.

19. Letters and Papers from Out-Stations intended for despatch by the Overland Mail from Madras should be superscribed "Per Steamer via Southampton," or else "Per Steamer via Marseilles." In order to avoid mistakes the name of the country, as well as the name of the town therein, should be marked on the superscription.

20. Letters posted in Madras for despatch by the Bombay route should be marked "via Bombay."

21. According to the rules of Steam postage the single letter is a letter of half an ounce weight; but the Inland postage is reckoned by the tola weight; the quarter tola continues to be weight of a single letter for Inland postage to Bombay.

22. An extra charge of 8 annas for every half tola weight is made on letters sent by the Overland Express from Madras to Bombay. No letter weighing more than one tola weight can be forwarded by the Express. Thus for instance a Prepaid Steamer letter of one tola weight posted in Madras for transmission via Bombay would be charged with postage amounting to Rs. 2 2 a. 0 p. viz.

Ordinary Inland postage.....	0	10	0
Express do. do.	1	0	0
Steam do. do.	0	8	0

Total Rs. 2 2 0

* Letters may be sent bearing only to places with which there is direct communication by packets: all others must be pre-paid. See P. M. G.'s Notification, dated 5th August 1817.
—Continued.

23. In closing Overland letters *wafers* ought always to be used, instead of sealing wax.

24. On the day of closing the Mail for Suez for transmission by the P. and O. Company's Steamers letters will cease to be received at the Receiving Houses at Vepery, Royapettah, Mount Road and Black Town, two hours before the time indicated at the Fort Flag Staff for closing the Mails at the General Post Office; and the Public are recommended, if possible, to post their letters at the General Post Office on that day.

25. Much inconvenience having been experienced by applicants who crowd the Office within the latest hour fixed for receiving letters, it is particularly requested that the letters be put in early to prevent disappointment.

26. No Packet or Package will be received at the General and Subordinate Post Offices for transmission by the contract Steamers.

27. Letters from the interior should be despatched, so as to arrive at Madras a day previous to the date mentioned in the Advertisement as the expected time of arrival of the Steamers in these roads.

28. No letter or newspaper will be received at the General Post Office (excepting Government despatches) after the hour indicated at the Fort Flag Staff for closing the Mails.

Amount payable for the employment of a Private Express at the rate of 4 Annas per Mile.

MARS MORPHETT, Deputy Post Master General.

† affixed to any name denotes that there is no Post Office at that Station: Letters to it must therefore be sent to the nearest Post Office, which is mentioned under parenthesis.

The average time occupied in the travelling of the Dawk, Banghy, and Express Mails from Madras to the several Post Office Stations throughout India might have been approximately shown in the Schedule, but a great disparity in the rate of running occurs from causes beyond the controul of Runners—such as the state of the weather, rivers, nullahs, the accidents incident to night travelling, and the detention of Mails at a Post Office at a point of junction, or where several Mails from different roads meet together to start at a given hour—it was considered preferable to omit it, rather than embody the same inaccurately in a Schedule that may be relied on as correct in all other particulars, for the information which it affords for the guidance of the Post Office Department and the Public.

2. Travellers within the frontier will be furnished with Dak Bearers on application to the authorities named in the margin, stating the places at which they will halt, and the number of hours they will remain at each. The Officer addressed will order the Bearers to be posted through the different authorities, and inform the Applicant in the event of any difficulty being experienced in laying his Dak. In some places 10 days notice will be requisite. The Traveller will be furnished with a list of places where the Bearers are posted by each authority on entering his range.

FORM.

MEMORANDUM OF BEARERS posted for from to									
on the 1851.									
Stages.	Distance.	No. of Bearer posted.	Time when posted.	Amount of travelling hire.	Amount of regular hire.	Torch and Oil.	Total.	Remarks.	
ms.	fur.			Rs. As.	Rs. As.	Rs. As.	Rs. As.		

N.B.—The demurrage to be paid to each Bearer for detention is 1 Anna for the first day and 3 Annas for each succeeding day, reckoning from the time of the set being posted.

3. Each Traveller is henceforth required to pay the Bearers their hire and the charge for torch and oil, personally on his arrival at the end of the stage, according to the English Memorandum (in the annexed Form) furnished to the set by the Officer posting.

them. The rate of charge for demurrage according to Rule 8 will be stated at the foot of the Memorandum, and whatever amount may be incurred by the Traveller must also be paid at the end of the stage. No relaxation of this rule will be permitted under any circumstances.

4. To protect Government from all loss, the application for a Dāk, in the case of parties belonging to Her Majesty's or the Honorable Company's Services, must be accompanied by an assurance in writing that all charges incurred for their Dāk will be paid on demand. From all other parties the security of a House of Agency for the payment of all charges on demand, is requisite; but the Officer laying the Dāk may, at his discretion and on his own responsibility, accept a written assurance to the same effect in lieu of the above security.

5. A set of Dāk Bearers will comprise fourteen men, viz. twelve Palankeen Bearers, one Minsaljee and a Cawady Cooly. When Cawady Coolies cannot be procured, two Coolies will be employed instead, at the same cost.

6. The rate of hire to be paid to the Bearers will be fixed by the local authorities. When Bearers are brought from a distance, the Traveller will be required to pay them the regular hire and travelling hire.

7. Sets of Bearers shall receive (3) three Pice each Bearer for every mile they travel to their post, which allowance is called travelling hire, except for such part of the road as they travel over again with a loaded Palankeen, for which part they shall not be entitled to travelling hire, unless the distance which they travel to their post exceeds 40 miles, in which case they shall be entitled to travelling hire, for the whole distance, notwithstanding they return over a part or the whole of it with a loaded Palankeen.

8. If Bearers are detained on the road, they are to receive (1) one Anna each for the first day, and (3) three and half Annas for each succeeding day, from the party for whom they are posted, whether they are used or not, and after remaining 3 full days they will be discharged and without further instructions return to their homes, unless notice is given for their further retention. Bearers carrying an empty Palankeen shall be entitled to (1) one Anna and (6) six Pice per mile, for the distance they convey the same, in addition to any travelling hire to which they may be entitled under these Rules.

9. When a Dāk has been ordered and circumstances may cause the Traveller to postpone his journey or to abandon it altogether, he will be liable to all charges actually incurred in like manner as if he had employed it.

10. When Bearers are posted for a Traveller, no other Traveller shall employ them, without the authority of the Officer who posted them; but should any individual so act in violation of the orders of Government, he will be liable, in addition to the hire of the Bearers used, to all and every extra charge incurred by the Traveller for whom the Dāk was originally laid.

11. In order to facilitate the keeping of accounts, all fractional portions of a mile will be struck out. If the fractional part exceed the half, the Bearers will enjoy the benefit of a full mile—if less than the half, they will not be entitled to any hire for the same.

12. All charges of hire shall be made agreeably to the Table of distances and routes in the Madras Road Book.

13. The load for a Cawady Cooly shall not exceed 50 lbs. weight, divided, as nearly as possible, into two equal portions of 25 lbs. each.

14. All applications on the subject of posting Bearers (except when made on service by one Public Officer to another) shall be post paid, and superscribed "Bearer Service," in order that no delay may occur in their being opened by the proper authority. If this rule is infringed, the Traveller will be held responsible for any charge that may be incurred consequent thereon.

15. In all cases of charges being made which to the parties concerned may appear irregular, the decision of the Post Master General shall be final, unless the charge complained of was made by the Deputy Post Master General, when alone an appeal is permitted to Government. Travellers are not however on this

plea to withhold payment from the Bearers of any sum entered in the Memorandum presented by them—all such objections will be subsequently adjusted.

16. It is to be understood, that although Government has directed its Public Servants to lay Dāk Bearers for the convenience of the Public, and will cause due pains to be taken to ensure regularity and a punctual attendance to all requisitions, yet that neither Government nor any of its Officers are to be held responsible to the Traveller, for any unavoidable disappointment he may meet with on his journey, or for the expenses consequent thereon.

17. All parties availing themselves of the services of the Officers of Government for laying Dāks are to be held as ipso facto binding themselves to adhere to the above Regulations.

18. Nothing in the foregoing Rules is intended to interfere with Travellers applying to private individuals to post their Bearers, should they prefer making their own arrangements without the intervention of the Public Authorities.

Published by order of the Right Honorable the Governor in Council.

H. C. MONTGOMERY, *Chief Secretary.*
