During this month the wind blows uniformally and steadily from N. E. with occasionally an inclination towards the East about the middle of the day in the shape of sea breze. In the mornings for the most part heavy dus is deposited, and occasionally fog is experienced, which reaches only two or three feet above the surface of the ground. The weather is mostly very serene, presenting about twenty days of uninterrupted clearness and five of haze or mist, the remaining days being cloudy, with perhaps a single shower of rain. Lightning is almost unknown in this month.

The hottest time of the day is at 1h. 0m. P. M.; the coldest at 4h. 30m. A. M.

The N. E. Monsoon continues with occasional exceptions till the middle of the month, after which calms and S. E. winds as frequently prevail. In the forenoon it is usually calm until about 11 A. M. when a gentle sea breeze sets in which blows till sunset. During the whole of this month the weather is without exception always beautifully clear and placid, and it is generally considered to be the most healthy period of the year; there are no more than one day of haze and one of clouds. Rain or lightning does not occur once in seven years.

The hottest time of the day is at 0h. 40m. P. M., the coldest at 5h. 0m. A. M.

Throughout this month the South or sea-breeze wind with very unequal force prevails: it is accompanied with a profuse dampness and sultriness, which renders its effects highly prejudicial to health and comfort. On this account the sea breeze which sets in at noon, and blows till sun-set, is less courted than at other seasons: the sky is, however, beautifully clear for about twenty-seven days, the remaining four being cloudy. Dew has frequently occurs, and is less in quantity than last month. Rain and lightning are little known.

The hottest time of the day is at 0h. 29m. P. M.; the coldest at 5h. 0m. A. M.

The remarks of last month relative to the wind are equally applicable to this. The S. wind varying from S.E. to S.W., still continues; at times blowing very fresh, but occasionally calms ensue, which are exceedingly oppressive. The weather is clear for about twenty-four days, with four days of flying clouds or haze, and two of clouds, on one of which rain falls. Lightning occurs for two days. Dew is very little in quantity and of unfrequent occurrence.

The hottest time of the day is about noon; the coldest at 4h. 50m. A. M.

The South wind, which has prevailed so regularly to the two last months, continues till the middle of this month, relieved occasionally by a land wind from the W. or S. W.: in this interval gales of wind of extreme violence have occasionally been experienced, commencing their career generally at the S. W. and veering to every point of the compass. About the 16th the regular land or hot winds set in, which are moderated in their effects towards the end of the month by occasional showers. The sea breeze sets in about noon and blows till 9 or 10 P. M. There are about nine or ten days of clear weather, eight of flying clouds and haze, and four cloudy days, on two or three of which there is rain. The dew is almost imperceptible, and lightning with thunder seems about four times.

The hottest time of the day is at 11h. 30m. A.M.; the coldest at 4h. 28m. A.M.

* In this statement the rain which fell during the four gales of wind has been omitted. On the 21st May 1811, during the gale which then blew, there fell 5,5 inches; on the 8th, 9th and 10th May 1820, 17,54 inches; on the 7th, 8th and 9th May 1827, 23, 35 inches, and on 13th May 1841, 5,0 inches.

The regular westerly winds which terminate about the middle of this month are succeeded by winds of a light and variable nature, mostly from the West and South. Calms, haze and rain occur in about the same proportions as last month, leaving about eight days of clear weather. Lightning unattended by thunder is very frequent, but thus accompanied it occurs only once or twice. The sea breeze assumes much the same character as that experienced last month, commencing at 2 or 3 P.M., and continues till 8 or 10 P.M. Dew is sometimes discovered, but more frequently fails.

The hottest time of the day is at 2h. P.M., the coldest at 5h. A.M.

The clouds now begin to assume a more dense appearance than heretofore. Calm lightning and rain are very frequent till the 19th, when the N. E. monsoon, or rainy season sets in. From this time till the end of the month the atmosphere assumes a very disturbed appearance; extremely heavy rain with storms of wind, thunder and lightning, invariably occur, and gales of wind of a similar nature to those which occur in the earlier part of the year† are sometimes experienced. On these occasions a depression of the barometer of 4 or 5 tenths of an inch is observed.† The sea breeze, or rather a slight modification of the N. E. wind, is perceived towards the middle of the day.

The hottest time of the day is at 1h. P. M.; the coldest at 4h. 55m. A. M.

* See remarks for the month of May.

† On the 30th October 1836, during the hurricane which then raged, the barometer fell to 28,986 inches.

The N. E. Monsoon continues with unabated force, and the state of the weather generally is much the same as that experienced towards the end of last month, save an increased dampness of the air and a less frequent occurrence of lightning. The number of clear and cloudy days in this, as well as in last month, is liable to great uncertainty.

The remarks relative to the sea breeze of last month apply equally to this.

The hottest time of the day is at 0h. 20m. P. M.; the coldest at 6h. 40m. A. M.

The heavy rains and violent gusts of wind are much moderated at the beginning of the month and arrive at their close about the 15th. From this time the sky assumes an appearance of tranquillity and clearness which forms a strong contrast with the disturbed state of the preceding month; the N. E. wind, however, continues throughout the month without interruption. There are about thirteen clear days, eleven cloudy, and seven of flying clouds and haze: of these there are six days on which rain falls. The morning exhibits a copious deposition of dew, and sometimes a ground fog which does not reach more than two or three feet above the surface. The sea breeze sets in at 10 A. M., and blows till 4 P. M.

The hottest time of the day is at 0h. 30m. P. M.; the coldest at 5h. 20m. A. M.

Under the degrees of Latitude of the places, and in the Days of the Month, are the Hours and Minutes of the Time of the Sun's rising and setting. The Sun's Semi-diameter is supposed to be 16 minutes, which makes the Apparent Time of the Sun's Centre 8 minutes before the Rising, and 8 minutes after the Setting. The difference between two adjacent Days of the Month, shows the Daily Change of the Sun's Rising or Setting; and the same Change is also nearly the Daily Change of the Length of the Day, or the Time from Sunrise to Sunset, which is given in the last column.

THE SOLAR SYSTEM.

The *Sun* is the source of light and heat to our system. Its true diameter is upwards of 887,000 miles; its bulk is 1,384,000 times greater than the Earth. It revolves on its axis in about 25 days, 7 hours, 48 minutes.

Mercury is the nearest planet to the Sun, being about 36,800,000 miles from it. It performs its revolution round the Sun in 87 days, 23 hours, which is the length of its year. The diameter of Mercury is about 2,960 miles; its bulk 1-16th of the Earth.

Venus.—Distance from the Sun 68,000,000 miles; the length of its year is 224 days, 16 hours; the rotation on its axis is 23 hours, 21 minutes. Its diameter is about 7,800 miles; its bulk is about 9-10ths that of the Earth.

The *Earth* is also one of the planets that revolve about the Sun. Its mean distance is about 95,000,000 miles, and its diameter about 7,912 miles.

Mars.—Distance from the Sun 145,206,000 miles; the length of its year is 686 days, 23½ hours; its true diameter is about 4,500 miles, which is rather more than half the diameter of the Earth.

Vesta.—Mean distance from the Sun is about 225,290,000 miles; length of its year 1,325 days 17 hours. The comparitive insignificant dimensions of Vesta, as well as that of the three following planets, render them invisible, except through telescopes of considerable power.—*Juno.*—Mean distance from the Sun about 254,430,000 miles; length of its year 1,592 days.—*Ceres.* —Mean distance from the Sun about 263,740,000 miles; length of year 1,604 days.—*Neptune* is 2,864,000,000 miles from the Sun, and performs its revolution in 60,000 days; its diameter is about 35,000 miles.—*Pallas.*—Mean distance from the Sun about 264,600,000 miles; length of year 1,685 days.

Jupiter.—Mean distance from the Sun 495,917,000 miles; performs its revolution in 4,334 days 15 hours; its true diameter is 89,000 miles, and bulk is 1,281 times that of the Earth. Jupiter has four satellites or moons.

Saturn.—Distance from the Sun is above 909,000,000 miles; the length of its year is 10,755 days; its true diameter is 73,000 miles; its bulk is 995 times that of the Earth. Saturn has seven satellites, and is also surrounded with a double ring.

Uranus.—Mean distance from the Sun is about 1,829,000,000 miles; it performs its revolution in about 84 years. This planet has six satellites.

The Earth's Heat.—Experiments by Professor Smith at Edinburgh, with thermometers imbedded in the earth at varying depths, showed a gradually increasing heat of one degree Fahrenheit for every forty feet of depth; so that at two and a half miles water would boil, and at one hundred miles deep all things must be in a state of fusion.

Fixed Stars.—Within 30 degrees of each side of the equator, 3,600,000 fixed stars are found.

The Milky Way.—Sir William Herschel supposes that eighteen millions of stars might be seen with a forty feet reflector in the "milky way" alone.

Light of the Sun and the Moon.—The splendour of the Solar Light is more than 300,000 times that of the Full Moon; in other words, if the firmament were paved with 300,000 full moons, their united splendour would be inferior to that of the sun.

A Comet.—There is a comet that requires 572 years in which to make its revolution round the sun. Its last appearance was in 1680. What an idea does this give us of the vastness of the Creator's work.

Clouds.—Against much rain, the clouds grow bigger, and increase very fast, especially before thunder. When the clouds are formed like fleece, but dense in the middle and bright towards the edges, with sky bright, they are signs of a frost, with hail snow, or rain. If clouds form high in the air, in thin white trains like locks of wool, they portend wind, and probably rain. When a general cloudiness covers the sky, and small black fragments of clouds fly underneath, they are a sure sign of rain, and probably it will be lasting. Two currents of clouds always portend rain, and, in the summer, thunder.

Moonlight Nights.—At 4 days old the moon shines till about 10 at night, at 5 days till 11, at 6 days till 12, and 7 days till 1 in the morning; at 15 days (full moon), it rises 6 in the evening, at 16 days at a ¼ past 7; at 17 days at ½ past 8; at 18 days, 10; at 19 days, 11; at 20 days, 12.

Length of the Year.—The year is 365 days 6 hours long; so that in forming the Calendar with 365 days only, 6 hours are omitted. Consequently at the end of four years the Calendar would be 24 hours in arrear, which is made up by throwing an additional day into that year (the 29th February) which is termed "Leap Year."

Length of Day and Night.—To ascertain the length of the day and night, at any time of the year, add 12 hours to the time of the sun's setting, and from the sum subtract the time of rising, for the length of the day. Subtract the time of setting from 12 hours, and to the remainder add the time of rising next morning, for the length of the night. These rules are equally true for apparent time.

CIVIL SERVICE REGULATIONS.

NEW RULES FOR THE GRANT OF LEAVE OF ABSENCE FOR REGULATING DEDUCTIONS FROM SALARIES AND DEPUTATION ALLOWANCES, AND FOR LIMITING THE PERIOD OF SERVICE OF CIVIL SERVANTS.

FORT ST. GEORGE, *June* 27, 1855.

The following Notification of the Government of India is re-published for general information.

FORT WILLIAM; FINANCIAL DEPARTMENT, *the 8th June* 1855.

The following Rules for the grant of Leave of Absence for regulating Deductions from Salaries and Deputation Allowances, and for limiting the period of Service of Civil Servants, are published for general information, and will take effect in all the Presidencies and Settlements under the Government of India from the date of the publication of this Notification, in supersession of the Rules of the 17th May 1843 and the 25th August 1854.

CHAPTER I.

RULES FOR APPLICATION FOR LEAVE OF ABSENCE.

Section I. No Leave of Absence from any Office or Station can be granted, but by the Government under which the employment is held, and on the application of the party requiring such leave, saving in such cases as may hereafter be specially expected. The application must be made publicly through the regular channel in the Department to which the applicant may belong.

NOTE.—This Rule must be considered as superseding the Rule under which Commissioners of the Land Revenue and other Officers have heretofore been allowed to grant Leave of Absence in Bengal.

Section II. The official allowances of the holder of a Civil Office quitting his station without leave will entirely cease from the date of his quitting until his return, or, in the event of his subsequently obtaining leave, to the date of such leave being granted to him.

Section III. No leave of absence shall have any retrospective effect, except in cases of severe illness, to be attested by Medical Certificate, conforming in every respect to the directions contained in Section V.

CHAPTER II.

RULES FOR SICK LEAVE.

Section IV. Upon application duly made, the Government may grant Leave of Absence on Medical Certificate to any Civil Servant, to any place in India, in Europe, or elsewhere, as he may consider most conducive to the restoration of his health, without any restrictions whatever as to the places to which he may resort.

Section V. When an application for Leave of Absence is made on the ground of ill-health, it must be accompanied by a Certificate and a Statement of the case from the Medical Officer by whom the applicant has been attended, distinctly stating, from personal observation, the nature of the disease, the symptoms by which it is manifested, the period during which it has existed, as far as the knowledge of the Medical Officer extends, and the necessity for temporary removal to some other place in India, or in Europe, or else-

where, as laid down in Section IV., and, in case of the applicant visiting the Presidency preparatory to obtaining leave, the Certificate must be counter-signed by the Members of the Medical Board, on their being satisfied, on a perusal of the Medical Attendant's statement of the case, that the leave applied for is absolutely necessary towards his recovery. Should the Applicant's Medical Attendant be of opinion that he ought to proceed to a Sanitarium or other place without visiting the Presidency, the Certificate must, in the first instance, be counter-signed by the Superintending Surgeon of the Division in which the applicant may be located, and afterwards submitted with the statement of the case for the consideration and counter-signature of the Members of the Medical Board.

The Certificate shall be given in the following form :—

I, A. B., Surgeon at or of ——— do hereby certify that E. F., of the Civil Service, is in a bad state of health, and I Solemnly and sincerely declare that, according to the best of my judgment, a change of air is essentially necessary to his recovery, and do therefore recommend that he may be permitted to proceed to Sea, (or to such place as the Surgeon may think proper, expressing it in the Certificate.)

The following form shall be observed by the Members of the Medical Board or the Superintending Surgeon, in counter-signing the Surgeon's Certificate :—

We (or I) do hereby certify, that, according to the best of our (or my) professional judgment, after careful personal examination of his case, we (or I) consider the state of health of E. F. to be such as to render Leave of Absence for a period of ———absolutely necessary (or highly desirable) for his recovery.

An application for extension of leave must, if the applicant be in India, be accompanied by a certificate to a like effect from the Medical Officer by whom the applicant be attended, together with a statement showing sufficient reason for the extension solicited; and such certificate must be counter-signed by the Members of the Medical Board, or by the Superintending Surgeon of the Division, in which the applicant may be located, as the case may be, on perusal of the statement. In like manner, if the applicant shall have proceeded beyond the Territories under the Government of the East India Company, he must furnish a Certificate and Statement to the required effect from a Surgeon or Physician at the place of his temporary residence by whom he has been attended, such attendance, and the period of it, to be stated, and the Certificate to be counter-signed by the Examining Physician of the East India Company if the applicant is in England, or if not in England, by the principal Medical authority of the Colony or the Country to which the absentee may have proceeded, or some sufficient reason stated for the want of such counter-signature if the Certificate be not so counter-signed. The Medical Board or Superintending Surgeon, before counter-signing a Certificate as abovementioned must either personally examine the applicant or state some sufficient reason why they, or he, have or has been unable to do so. When any of the required particulars are neglected, leave will be refused.

Section VI. The following conditions will in future attach to Leaves of Absence granted to Civil Servants who may be declared by a sufficient Medical Certificate to require such leave for the recovery of their health :—

1st.—The total period of absence, with the privileges hereinafter provided, shall not (save as specially excepted in Clause 5 of this Section and in Section VII. of these Rules) exceed eighteen months in the whole, nor shall it exceed fifteen months on any one occasion.

2ndly.—The office of the absentee will be considered to be vacated if he shall be absent beyond eighteen months altogether, or beyond fifteen months at any one time unless he shall obtain leave under Clause 5 of this Section, such absence to be computed, if he shall proceed to a Sanitarium within the Presidency, from the date of his arrival thereat to the date of his quitting the

Sanitarium; if to any place beyond the Presidency, but within the Continent of India, from the date of his leaving the frontier of his own Presidency, to the date of his return thereto; and if he shall proceed to sea, from the date of the sailing of the vessel on which he may have embarked from any port in India which is not more distant from his station than the ports of his own Presidency to the date of his arrival at any port within the Presidency to which he belongs, or at any other port which is not more distant from his station than the ports of his own Presidency.

3rdly.—The absentee will be entitled to draw a moiety of his salary, and the same will be paid to him during such period of absence, provided that he shall in no case draw a larger sum than Rupees 10,000 (£1,000) per annum, during that period. In cases in which the emolument of the absentee's office does not exceed Rupees 5,000 per annum, no deduction therefrom shall be made for the period of eighteen months, nor shall such adeduction be made in other cases as shall reduce the allowance below Rupees 5,000 (£500) per annum. In cases in which the salary of the absentee may not be of that amount, the full salary will be granted.

4thly.—For the intervals elapsing between departure from Station to the commencement of reckoning absence or between the end of reckoning absence and re-arrival at Station, the absentee will be allowed a special leave for an additional period of one month, two months or three months according to the distance to be travelled as prescribed in Section XX. of these Rules, and during this additional period, the absentee will be entitled to draw the same salary as is allowed by clause 3 of this Section.

If the leave on Medical Certificate be taken *beyond Sea*, Special Leave for the interval elapsing between departure from Station and the commencement of reckoning absence, or between the end of reckoning absence and re-arrival at Station, for an additional period of four, six, or eight weeks, according as the distance to be travelled shall not exceed 300 or 600 miles, or be in excess of the last mentioned distance, on the condition that during this additional period, the Absentee shall be entitled to draw the same rates of Allowances as are granted by the

* In the case of Covenanted Servants, Clause 4 of Section VI. of the Absentee Rules for the Covenanted Service. In the case of Uncovenanted Servants, Clause 3 of Section V. of the Absentee Rules for the Uncovenanted Service. Clauses noted in the margin* If the leave on Medical Certificate be taken in *India*, the Preparatory Leave is to be calculated at the rate of one day for every fifteen miles of the distance to be travelled to the Sanitarium.*

5thly.—If the absentee shall apply, under Medical certificate, to remain absent for a longer period than eighteen months, or fifteen months, at any one time, and it shall appear to the Hon'ble the Court of Directors to be absolutely necessary, after examination by their Medical Officer in England, that he should do so, the leave which may have been granted in India will, under the orders of the Hon'ble Court, be extended to the limit of two years, with permission to retain office and half salary within the limits enjoined during such extension. If the absentee be in India, the leave may be extended to the limit aforesaid, under the orders of the Government of India, or the Subordinate Governments, upon the certificate of a Board of Medical Officers to be summoned to report on the state of the absentee's health.

6thly.—If the Absentee be compelled by the state of his health, under

* G. I. Fin. Resn. No. 20, Financial Department, and G. I. Fin. Gazette 1871, No. 42, Financial Department.

due Medical Certificate, to remain absent for a longer period than eighteen months, or fifteen months at any one time, or beyond two years in the case of an extension under Clause 4, he will, as before stated, vacate his appointment, but he will be permitted to receive an allowance at the rate of £500 per annum, if above ten year's standing at the time when the leave was granted, or of £250 if not above ten years standing at the time when the leave was granted, for such further period of absence as shall not exceed the entire term of three years in the whole. At the expiration of that term, all allowance must cease until he reports his return to his Presidency.

Section VII. If a Civil Servant of more than fifteen years' service, after having been absent on sick leave for eighteen months in the whole, or for fifteen months at one time, at whatever period of his service such Sick Leave shall have been taken, shall be again compelled by the same cause to apply for Leave of Absence, the Government of India and the subordinate Governments may, on special grounds, grant Leave of Absence for one further period not exceeding six months, during which the absentee may retain his office and half his salary under the limits above enjoined.

Section VIII. If a Civil Servant, after fifteen years' service, shall be compelled by ill health to apply for further Leave of Absence, he may be permitted on special grounds to obtain it, but his absence will involve the loss of office and salary; the Government of India and the subordinate Governments will, however, respectively, exercise a discretionary power to grant, in such last mentioned case, a sick absentee allowance, not exceeding Rupees 5,000 or £300 per annum, for a further period not exceeding twelve months.

Section IX. A Civil Servant who has taken Sick Leave under the Rules of the 17th May 1849, will not be deterred by that circumstance from taking such leave again under the above Rules, with the privilege of retaining Office, provided the leave be not granted till three years have expired after his return from his leave under the Rules of the 17th May 1849.

Section X. None of the above-cited Rules will be applicable to Members of Council. Each Member may, however, with the special sanction of the Government, be permitted to be absent, under Medical Certificate for a period not exceeding six months, retaining his office and receiving half his salary, which shall be paid to him during such absence, but if his absence shall exceed six months, his office will be vacated.

Section XI. Civil Servants who may desire to draw their allowances while absent on account of sickness under the above Rules, will be required to give security in such amount and form as may be fixed by the Government for the refund of any excess that may be drawn either by the Agents at the Presidency or by themselves in case of their coming under retrenchment.

CHAPTER III.

Section XII. The Government may grant to Civil Servants leave of absence to any place in India, Europe or elsewhere, without any restriction whatever as to the place to which they may resort, for one month in each calendar year, without deduction from the salaries and emoluments drawn by such servants. Such leave, however, will only be granted when the Government is satisfied that no inconvenience will arise from the departure of the Officer seeking it. No second leave can be granted under this Rule, until the completion of eleven months from the expiration of the last leave, if taken at one time; or from the date of return from any Sick leave, or until the completion of six months from the expiration of the last instalment of a leave, if it has been divided. Servants not availing themselves of the indulgence in any one year may obtain, under the like conditions, leave of absence for two successive months, to commence at or after the expiration of twenty-two months from the termination of their former leave; and if two years elapse without enjoyment of the privilege, leave for three months may, in like

manner, be granted at the expiration of thirty-three months from the termination of the last preceding leave; but no leave shall be granted under this Rule for any period exceeding three months. If an Officer shall not return at the expiration of the period of leave granted him under this Rule, he shall forfeit all pay and allowances during the time of his remaining so absent without leave; and if he shall so continue absent for more than one month beyond the term granted, his office shall become vacant.

Civil Servants absent from their Stations under Medical certificate cannot be admitted to leave under this Rule, in continuation of their Sick leave; and if, while absent under this Rule, they be granted extended leave under Medical certificate, they shall be considered liable to the Rules applicable to leave of absence on Medical certificate for the whole period of their absence.

Civil Servants, who have been absent on Medical certificate during any portion of a calendar year, are not entitled to leave under this Rule during that year; nor can leave under this Rule be taken in connection with, or continuation of, leave granted under Section XIV. Clause I.

Section XIII. As a general Rule, when leave is granted under Section XII. such leave will be in one period only, whether for a whole month or less, and not in detached portions to complete one month, but as an exception to this Rule, it shall be discretional with the several Local Governments, when good cause is shown for the indulgence and it is attended with no public inconvenience, to sanction leave of absence under this Rule to such parties as may not have occasion to apply for the whole at once in two instalments only, which are not to exceed in the aggregate one month within one calendar year.

Section XIV. Clause 1.—The Government may, on sufficient cause being shown, grant to a Civil Servant special leave of absence on private affairs for six months to any place in India, Europe or elsewhere, without any restriction whatever as to the places to which he may resort, provided however that the absentee shall draw no more than one-half of his salary and allowances. After an absence of six months any office held by the absentee shall become vacant.

Clause 2.—The leave granted under this Section, will be computed from the date of the absentee's quitting his station to the date of his return thereto, and if taken to Europe or beyond Indian limits, from the date of the sailing of the vessel on which he may have embarked from the Port nearest to his station, to the date of his arrival at the same on his return to duty. A second leave of the same description cannot be taken till the expiration of six years from the date of his return to duty from a former leave. No portion of the half salary allowed to be drawn will be claimable till the absentee shall have returned to his duty.*

Clause 3.—It will be understood that leave under this Section is not to be granted as a matter of course to every applicant, but that it will be the duty of the Government to consider and determine whether the grounds of the application are sufficiently urgent to justify the concession of the leave.

CHAPTER IV.

FURLOUGH ON PRIVATE AFFAIRS.

Section XV. In the place of the period of three years six months for which Furlough has hitherto been granted, Civil Servants will be allowed the option of taking a Furlough of three years as at present, or of dividing the Furlough into three periods of one year each, to be taken after successive

* For the extended absence in the case of leave taken to Europe or beyond Indian limits, between departure from station to arrival at the Port of embarkation, or between return to the Port and arrival at station, the Government may grant to the same terms and conditions as to the pay and allowances, such an additional period of leave as may be needed, and to be absentee is required to remain the absence to reach the Port of embarkation, or to return from the Port of embarkation to his station.—G. I. act December 23rd No. 31 Foreign.

periods of seven years' service or into two periods, which may either be of one or two years respectively, or of eighteen months each, provided that, in every case, the Civil Servant shall declare, on taking his Furlough, whether he intends it to be for twelve, eighteen, twenty-four or thirty-six months, in order that the Government may make its arrangements accordingly. In case of a division into two periods, the first Furlough must be taken after a residence of not less than seven years, and the second Furlough after a further residence in India of seven years from the date of return from the first Furlough; but Civil Servants returning on Furlough to Europe will continue, as at present to vacate their offices.

Section XVI. The Furlough Allowance granted during the periods mentioned in the last Section, will be at the rate of £500 per annum, and the receipt of it will not, on any grounds whatever, be permitted for any longer period than three years.

Section XVII. Civil Servants who may have been compelled by sickness to quit their duty under Medical Certificate, before completing seven years' residence in India, will be entitled to receive during their Furlough on Private Affairs, taken subsequently to their completion of that period of residence, the ordinary Furlough allowance of £500 per annum for three years.

Section XVIII. Clause 1. In applying the foregoing Rules in substitution of those before existing, periods of absence to the limit of three years, will count as service in India in the twenty-five years entitling to the annuity, the present qualification of twenty-two years' residence being retained.

Clause II. Absence on Medical Certificate to the extent of one year will reckon as Service and residence in India, and be so computed in addition to the three years of absence which under the Clause next preceding are allowed to be reckoned as Indian Service. All periods of short leave of Absence on Private Affairs taken under Sections XII and XIV of these Rules will also count as service and residence.

Section XIX. Military Officers employed in the Civil Department, will be subject to the Rules laid down in General Orders No. 1150, dated 17th November 1854, for the grant of Leave of Absence and Furlough to Officers holding Military Staff Appointments.

CHAPTER V.

RULES FOR JOINING STATIONS.

Section XX. There shall be allowed to Officers appointed to any new Office the periods of one month, two months, or three months for joining, accordingly as the distance may not exceed 300 or 600 miles, or be in excess of the last-mentioned distance. Officers not joining their station within the said periods, respectively, shall forfeit their salary for the time delayed in excess of the above periods, and if such excess shall exceed one month, the office shall be vacated, unless otherwise specially ordered by Government.

NOTE.—The time allowed for joining is computed from the date of the Order reaching the Officer appointed.

Section XXI. Upon the first appointment of any Civil Servant, who shall be reported qualified for Public Service by the Examiners appointed by the Government, to any Civil Station, there shall be allowed for travelling expenses to the station, an allowance at the rate of 8 annas per mile, by the direct Post Road, according to the Polymetrical Table of the Post Office, the bill for which allowance will be passed by the Civil Auditor, after the Officer shall have joined the station; if required in advance, an order of the Government shall be necessary.

Section XXII. The salary of office will be payable from the date only of the Officer joining, but in case of Junior Civil Servants, the salary of Assistants will be payable from the date of their being reported qualified for the

Public Service, unless forfeited under the preceding Rule, through delay in joining the Station to which they may be appointed.

Section XXIII. In case of a change of office, when an Officer is appointed to a higher situation, he shall not draw the higher salary until he joins. For the period occupied in travelling, the Rule No. XX, regulating the time and distance for joining Station, shall be applicable and the Officer will, for the periods allowed in that Rule respectively, draw out of the salary of the office he is about to join, a sum equal to that of his previous situation.

CHAPTER VI.

RULES FOR DEPUTATION ALLOWANCES.

Section XXIV. The sum of Company's Rupees 32,200 per annum having been fixed, under the orders of the Court of Directors, as the maximum salary of Civil Office for the offices of Government under the situation of Member of Council, Civil Servants who may draw larger allowances than this annual sum, as a consolidated personal and sumptuary allowance, in consideration of the necessary expenses of their position, will, in all cases of absence, be treated in respect to deductions as drawing only the allowance thus limited, and the excess above the monthly salary yielded by that annual sum shall remain as a local addition to the usual Deputation Allowance to be drawn by the Officer performing the duties, to meet the necessary expenses of his position; provided however, that in the cases of Civil Servants appointed to offices of the description referred to subsequent to the 2d June 1854, the sum of Rupees 50,000 shall be held to be the maximum salary, under the Government Resolution, No. 563, of that date.

NOTE.—This Rule will equally apply in case of a Political Resident taking a leave of one, two, or three months, for which in other cases he would suffer no deduction. The excess above the maximum monthly salary will in that case be enjoyed by the person in charge.

Section XXV. Deputation Allowances shall be granted to Civil Servants temporarily performing the duties of an office according to the following rates, and subject to the limitations and conditions hereinafter laid down:—

To Civil Servants not holding any substantive appointment, at the rate of 50 per cent. on the monthly salary of the appointment officiated in, such Deputation Allowance being in addition to the Subsistence Allowance of their respective ranks.

To Civil Servants holding an office of inferior emolument, when officiating in an office of superior emolument, at the rate of 20 per cent. upon the monthly salary of the appointment officiated in, in all cases in which the salary of such appointment shall not exceed Company's Rupees 2,000 per mensem, and in respect to all appointments of which the salary shall be more than Company's Rupees 2,000 per mensem, at the rate of 20 per cent. upon Company's Rupees 2,000 and of 10 per cent. on the amount in which the monthly salary may exceed Company's Rupees 2,000, provided however that no lower rate of Deputation Allowance shall be given than Rupees 200 per mensem.

The Deputation Allowance shall in all cases be in addition to the salary of the substantive appointment held by the Officer on Deputation.

The above rates are granted provisionally, subject to future revision.

In the Punjab, Nagpore and other places, where appointments are by classes, the amount of Deputation Allowances, payable at the above rates, will be calculated, not upon the salary of the individual Officer holding the substantive appointment in which the Officer deputed may be temporarily officiating, but on the average rate of salary attached to the particular *class* to which the appointment may belong.

A Civil Servant acting for another shall have no claim to Commission or Fees, where any such sources of emolument exist. These shall be regarded as forming part of the income of the Officer to be relieved, subject to the prescribed deductions.

A Civil Servant acting in an appointment, the salary of which is to be reduced on the retirement of the present incumbent, will draw Deputation Allowance on the reduced salary.

An Officer officiating in more than one appointment will be entitled to Deputation Allowance, regulated by the aggregate amount of the salary of the Offices.

An Officer appointed permanently to a higher situation, but prevented from joining his appointment by an order of Government, and detained to officiate in a situation of still higher emolument than the one to which he has been permanently appointed, will be entitled to a Deputation Allowance in addition to the higher salary to which he has been promoted.

Section XXVI. No Civil Servant, temporarily officiating for another, shall draw an amount larger than the entire emoluments of the office in which he is officiating, and if the amount of the Deputation Allowance, according to the prescribed scale, added to the permanent emoluments of the officiating Servant, would exceed the emoluments of the office in which he is temporarily acting, the excess shall not be drawn. But this provision shall not apply to the case of any Officer deputed for special reasons to act in an office of inferior emolument to his own. In cases where an Officer holding two appointments, on being deputed to officiate for another, shall be relieved only from one, he shall receive no Deputation Allowance, unless the emoluments of the office in which he is deputed to act exceed the united emoluments of his permanent appointments, and in that case the Deputation Allowance shall be limited to the difference.

Section XXVII. No Subordinate Officer acting for his principal or for any other person holding a superior appointment in the same office or establishment, at the same station, shall be entitled to any Deputation Allowance until after the expiration of one month, and then the allowance is not to be drawn in arrear. But a Servant previously out of employment, or who may be deputed to act from a different station, shall be entitled to Deputation Allowance from the date at which he may enter upon the discharge of the duties to which he has been temporarily appointed.

Section XXVIII. Civil Servants, if deputed to act at a distance from the Stations where they are employed, or if ordered by Government on special duty, shall be permitted to draw Travelling Allowances at the rate sanctioned in the case of a first appointment.

CHAPTER VII.

RULES FOR LIMITING THE PERIOD OF SERVICE.

Section XXIX. After thirty-five years' service no Civil Servant shall be appointed to any new Office, nor be permitted to retain an office which he has held for a period of five years and upwards, except in special cases, which are to be referred for the decision of the Hon'ble the Court of Directors. This Rule will be applicable to every Civil Servant appointed to office after its promulgation, and to the case of every other Civil Servant to whom it relates at the close of five years from the 25th August 1854.

CHAPTER VIII.

RULES FOR THE GRANT OF LEAVE OF ABSENCE TO LAW OFFICERS.

Section XXX. The East India Company's Law Officers may obtain Sick Leave and Short Leave on Private Affairs under the conditions pre-

scribed in the case of Civil Servants, both as respects the period of absence and the limitation of allowances during such absence. Leave will however, only be granted at the convenience of the Government, and no additional expense will on any consideration be incurred by the Government on account thereof.

If any Law Officer shall quit his duty, save on leave under Medical Certificate, or on short Leave on Private Affairs, he will be considered to have vacated his appointment.

CHAPTER IX.

RULES FOR CHAPLAINS AND ASSISTANT CHAPLAINS.

Section XXXI. Chaplains and Assistant Chaplains may take Furlough on Private Affairs and on Medical Certificate, also privilege leave and leave for short periods on Private Affairs, and on Medical Certificate in or out of India, on the same terms and conditions as Military Officers, with the following modifications:—

1*st*.—Chaplains being allowed to retire after twenty years' service, the period of Furlough on Private Affairs, is in their case limited to the present term of three years. The Furlough may, however, either be taken in one period, or be divided into two periods, whether of eighteen months each, or of two years and one year, respectively, and if divided, the first Furlough may be taken, as at present, after seven years' residence, and the second Furlough after a further residence of ten years in India. As respects Chaplains and Assistant Chaplains appointed before the 11th January 1854, when the period of Service was only eighteen years, their second Furlough, if they should exercise the option of taking Furlough in two periods, will be available after a second residence in India for a term of eight years.

2*ndly*.—No Furlough or Leave of Absence, whether on Private Affairs or on Sick Certificate, taken in Europe or elsewhere out of India, in excess of three years, will be allowed to count as Service in India in the twenty years which qualifies Chaplains for their retiring Pensions.

Section XXXII. The Furlough Pay of Chaplains will remain as at present. With regard to their allowance during Sick leave to any place out of India, they shall receive salary (but at a rate not exceeding £600 per annum) for the first six months of absence, and, for the remaining twelve months, an allowance equal to the Furlough Pay of their standing. If the Leave be extended, an allowance equal to Furlough Pay may be drawn for a further period of eighteen months.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

In continuation of despatch dated 28th September 1854, No. 86, forward copy of a further letter from Mr. G. Adams, of the Civil Service enquiring with reference to Clause 54, Sec. vi. of the New Furlough Rules, whether he may be permitted to draw his allowance of £300 per annum from the India House during his absence.

Para. 1. It is our intention to pay at this House the allowances authorized, under the New Rules, to be received by our Servants during their absence on leave. Mr Adams' allowance will be issued to him accordingly in quarterly payments.

2. It will be necessary that each Servant returning to this country should bring with him a Certificate of the sum which he is entitled to receive whilst on leave.

3. We shall not fail to include payments of this nature in our estimate of probable demands upon you in future years.

MODE OF SUBMITTING TO GOVERNMENT APPLICATIONS FOR LEAVE OF ABSENCE UNDER THE NEW CIVIL ABSENTEE RULES.

No. 396.

FORT ST. GEORGE; PUBLIC DEPARTMENT, *the 22d March* 1855.

NOTIFICATION.—Considerable inconvenience having been experienced from the present mode of submitting to Government applications from Civil Servants for leave of absence under the new Code of Civil Absentee and Furlough Rules, the Right Honorable the Governor in Council resolves, in supercession of the orders noted in the margin, to direct that in future all such applications, as well as references respecting their allowances and the interpretation of the Rules, be forwarded through the Civil Auditor, who will submit them to Government with his report.

2. In like manner all applications and references of a similar nature on the part of Officers in the Ecclesiastical Service, or Military and Medical Officers in Civil employ, will for the future be submitted to Government through the Military Auditor General accompanied by his report.

3. Applications for leave of absence shall specify the particular Section of the Absentee Rules under which the indulgence is solicited, and the destination to which the applicant purposes to proceed—and when required to pass through one or more superior authority, they shall not be accompanied by a separate letter, but the original application alone shall be forwarded to Government with the opinion or recommendation of each authority superscribed thereon in the order of progress.

4. The Civil Auditor will see that applications from Civil Servants for leave of absence on account of sickness are supported by the required Medical Certificates duly countersigned—and that those for Furlough on private affairs are also accompanied by the prescribed Certificates, viz.: that there are no public demands against the applicants—and that they will receive no allowance from the Civil Fund. The Civil Auditor will further see, in all cases in which it may be necessary, that the Security to be furnished by applicants for sick leave under Sec. XII. of the new Absentee Rules provides also for the discharge of any demands that may eventually appear against them on the Books of this Presidency. The Civil Auditor will be careful that no avoidable delay occurs in reporting upon applications for leave of absence.

5. Civil Servants applying for permission to resign the Honorable Company's Service will invariably submit with their applications a Certificate from the Accountant General of there being no public demands against them.

By order,

T. PYCROFT, *Chief Secretary.*

Extract Min. Con. Financial Dept., para. 2, No. 157, dated 13th April 1855.

The Civil Auditor will, on each occasion of a Civil Servant obtaining leave to proceed to Europe, specify the Absentee allowances to which he would be entitled under the new Rules, in order that it may be entered in the Certificate to be issued to the party.

RULINGS OF THE GOVERNMENT OF INDIA ON CERTAIN POINTS CONNECTED WITH SECTION VI. OF THE NEW CIVIL ABSENTEE RULES.

Letter from Secretary to Government of India, to Officiating Secretary to the Government of the North Western Provinces, dated 3d October 1856, No. 4538.

Para. 2. "In reply to your first enquiry, whether an Officer taking Medical leave to the Hills can get that leave extended to go to Europe, I am directed to state that the Right Honble the Governor General in Council has been pleased to rule that an Officer taking Medical leave to a Sanitarium within the Presidency may get his leave extended to proceed to Europe; but he will not be entitled to a fresh preparatory leave for embarkation, having once been allowed such leave to proceed from [illegible] to the Sanitarium. The Medical leave in such cases must reckon from the date of arrival at the Sanitarium to the date of [illegible] to the Port of Embarkation.

91668

3. In regard to the 2d point, whether an Officer taking Medical leave to the Hills and being again (after rejoining his appointment) obliged to take Medical leave to Europe, can do so, retaining his appointment and half salary, or must an interval of 3 years elapse, His Lordship in Council does not think that the 3 years interval applies to leave of absence on Medical Certificate taken under the new rules. There is, His Lordship in Council observes, the 18 months leave that may be granted under Clause 1 of Section VI. (capable of extension to 2 years under Clause 5 of the same Section) and the 6 months special leave that may be granted under Section VII, but as that is all that can be given without loss of appointment during full service in India, and as there is therefore no inducement for an Officer to take leave if he can avoid it, the Right Honorable the Governor General in Council is of opinion that it is unnecessary to prescribe any fixed interval between Medical leave taken to the Hills and that taken to Europe under Sections VI. and VII."

QUESTION CONNECTED WITH PRIVILEGE LEAVE UNDER THE CIVIL ABSENTEE RULES.

Resolution of the Government of India in the Financial Department, dated 26th September 1856, *No.* 4363.

Para. 1. The Government of Fort St. George enquire whether, when a Civil Servant may have had occasion to take a short leave so as to break in on the 22 or 33 months of continuous service required to qualify for two and three months' leave respectively under Section XII of the Civil Absentee Rules, the whole remainder may still be taken; and they recommend at the same time that Officers be allowed to avail themselves of leave in such portions as they may find convenient, provided that the public Service is not thereby deranged.

2. The Right Honorable the Governor General in Council is unable to sanction any deviation from the strict letter of the rule, which does not allow of more than one month's privilege leave being taken in instalments.

No. 32.

Fort William; Financial Department, *the 11th July* 1856.

Notification.—Extract from a despatch from the Honorable the Court of Directors addressed to the Government of India, in the Financial Department, No. 40 of 1856, dated the 21st May:—

Para. 3. You will observe from para. 18 of our Despatch in this Department, dated 6th February 1856, No. 11, that a Civil Servant may return to his duty at the expiration of his "privilege" leave to entitle him to the advantages thereof. His allowances will therefore not be payable till he shall have rejoined his appointment.

Letter from, dated 29th Nov. 1855, *No.* 161.

Forward copy of Correspondence with the Government of Bengal, and with reference thereto submit for orders the question whether a Civil Servant should be permitted to receive his Allowances during privilege leave or only upon his return to duty.

Extract from a Despatch from the Honorable the Court of Directors, addressed to the Government of India, in the Financial Department, No. 11 *of* 1856, *dated the 6th February*:—

Para. 18. We observe that this "privilege" leave was granted to Mr. Money preparatory to his proceeding on Furlough; but "privilege" leave ought only to be allowed when it is the intention of the Servant to return to his duty at the close of it. The object of the indulgence should be kept in view, and the advantage of leave, with full salary, should be reserved for those Servants who, having been at their stations for eleven consecutive months, or (longer if the leave be accumulated) require a little relaxation, and after enjoying it return to their duty. It is the Rule that if a Civil Servant, whilst absent on "privilege" leave, be granted extended leave, under Medical Certificate, he shall be considered liable to the Rules applicable to leave of absence, on Medical Certificate, for the whole period of his absence; and we see no reason for maintaining a different practice when a Furlough on private affairs is taken in extension of "privilege" leave. In the latter case, a moiety only of salary should be drawn up to the date of the absentee's quitting India on Furlough allowance.

Letter from, dated 18th July 1855, *No.* 94.—*Report Proceedings in this Department for the 4th Quarter of* 1854.

(75.) Mr. R. Money, Officiating Judge of Moorshedabad, not having been absent from his post for two years, before the promulgation of the new Absentee Rules has been granted the benefit of accumulated privilege leave under Section XIII of the Rules, on the ground that service before, as well as after, the introduction of the new Rules reckoned towards qualifying for the privilege.

CONSTRUCTION OF THE NEW CIVIL ABSENTEE RULES.

Fort St. George, *August* 10, 1858.

The following Extract from a Despatch from the Hon'ble the Court of Directors addressed to the Government of India, in the Financial Department, No. 40 of 1855, dated the 24 May, is published for general information:—

Letter dated 26th December 1854, *No.* 120.

Forward correspondence with the Government of Madras on points regarding the construction of the New Civil Absentee Rules.

Para. 3. Our decision has already been passed on some of the points referred by the Government of Madras and we concur in your replies to that Government as to the construction of the New Rules to the following effect.

We reiterate them for the purpose of preventing any misunderstanding.

1st. That a Civil Servant who has already done duty for a continuous period of 22 or 33 months without enjoyment of "privilege" leave may now obtain leave of that description for 2 or 3 months, i. e., without waiting the expiration of 22 or 33 months from the date of the promulgation of the new Rules.

2d. That Military and Medical Officers in Civil employ shall be subject, in respect of "privilege" leave and leave on private affairs, to the same rules as Officers holding Military and Staff Appointments; and that Chaplains shall be granted such leave on the same conditions as Military Officers. It is scarcely necessary to say that privilege leave, &c., will not be granted except by the authority and at the convenience of Government or of the Lord Bishop as the case may be.

3d. That a Civil Servant who, as a junior of less than 10 years' residence has taken sick leave to Europe is nevertheless entitled to a Furlough for three years on £500 a year, after completing 10 years' residence in India.

4th. That a Civil Servant who has taken Sick leave under the Old Rules, is not debarred by that circumstance from taking sick leave again under the New Rules. We have already provided, however, that the leave cannot be granted with the privilege of retaining office until a period of 3 years shall have elapsed from the servant's return from his former leave.

5th. That the new scale of Deputation Allowance be permitted to take effect from the 1st October 1854, the date of the promulgation of the New Rules, in respect of all acting appointments existing at that date.

APPLICATIONS FOR PREPARATORY LEAVE TO DECLARE THE OBJECT CONTEMPLATED.

FORT ST GEORGE, *October* 5, 1855.

The following Notification of the Government of India is published for general information :—

FOREIGN DEPARTMENT, *Ootacamund*, 24*th September* 1855.

The practice, under which Officers, holding appointments directly under the Supreme Government, are entitled to obtain furlough on private affairs, or on Medical Certificate, or otherwise, from the Governments of Bombay and Madras without any reference to the object contemplated by them when applying to the Supreme Government for preparatory leave, having been found to be productive of considerable inconvenience, the Most Noble the Governor General is pleased to direct, that in future all Officers in the position described above, to whatever Presidency they may belong, shall, in making application for preparatory leave, declare from what port it is their intention to embark, and whether they desire to obtain a Furlough on private affairs, or on Medical Certificate, or with a view of ultimate retirement from the Service of Government. A copy of such application will be communicated in due course to the Local Government, in order to provide against any other furlough being granted other than that contemplated.

2. In cases, in which Medical certificates may be produced, setting forth the urgent necessity of *immediate embarkation*, the Local Government shall be at liberty to use its discretion in granting permission for such embarkation. But the term, for which leave is taken, and the conditions on which it is taken, must be understood to rest ultimately with the Government of India, and shall not depend on the Local Government.

(Signed) G. F. EDMONSTONE,
Secy. to the Govt. of India, with the Govr. Genl.

By order of the Governor in Council.

J. D. BOURDILLON,
Secretary to Government.

ABSENTEE ALLOWANCES TO JUNIOR CIVIL SERVANTS AND ADMINISTRATORS GENERAL.

7. Having in our Despatch, dated 28th March 1855, No. 25, admitted Junior Civil Servants returning to Europe on sick certificate, to precisely the same advantages during absence as their seniors, who may have served for ten years and upwards, and having also conceded the advantage which they did not before enjoy of taking furlough on private affairs after 10 years' residence, notwithstanding their previous absence, it is not our intention to continue the passage allowance of Rupees 2,000 granted under the old Rules in such cases.

Letter from, dated 26th January 1855, *No.* 10.

Forward letter from Messrs. W. J. Hay and C. J. Jenkins, two junior members of the Civil Service, and submit for Court's orders the question, whether, in the event of Junior Civil Servants obtaining leave of absence on Medical Certificate under the new Rules, they are still entitled as under the old Rules, to the grant of Rupees 2,000 as passage money to Europe.

Letter from, dated 15th February 1855, *No.* 18.

Forward in continuation of letter No. 10, dated 26th January, an application from Mr. C. J. Jenkins, requesting, in the event of the Court deciding to grant him passage money to Europe, that the same may be payable to him at the India House.

8. We have approved of the leave of absence to Europe which has lately been granted by the Local Government to Mr. Serle, the Administrator General at Madras, and we sanction the application of Section 30 of the new Absentee Rules to the Administrators General at the three Presidencies.

Letter from, dated 9th February 1855, *No.* 16.

Submit for favorable consideration correspondence with the Government of Madras, enquiring whether the Rules for the grant of leave of absence to Law Officers, contained in Chapter VIII. Section 30 of the New Civil Absentee Rules, are to be held to apply to the Administrator General.

PERIOD WITHIN WHICH SERVANTS PERMITTED TO PROCEED ON FURLOUGH SHALL VACATE THEIR SITUATIONS.

ORDER OF GOVERNMENT, *dated* 18*th November* 1828.

The Right Honorable the Governor in Council has been pleased to resolve, that all persons who may be permitted to proceed to Europe, with the benefit of the Absentee Allowance, shall vacate their situations, and avail themselves of the indulgence, within three months from the date on which it may be granted.

REGULATIONS REGARDING EXTENSION OF LEAVE UNDER THE ABSENTEE REGULATIONS OR ON SPECIAL LEAVE.

Extracts from a letter from the Honorable the Court of Directors.

Para. 1. We have to acquaint you that we have adopted the following Regulations, with respect to the grant of extension of leave to Members of the Indian Civil Establishments repairing to this country under the Absentee Regulations, or on special leave of absence, viz.

That Civil Servants coming to England under the Absentee Regulations, or on special leave, shall immediately on their arrival report themselves with their address by letter to our Secretary, forwarding at the same time the certificates which they receive in India.

That in all cases of leave, Civil Servants be required to join the Establishment to which they belong at the expiration of the term for which leave may

have been granted, unless they shall have obtained an extension of it from us six months before the expiration of the said leave.

That extensions of leave will not in future be granted by us except in cases of sickness certified to our satisfaction, or in cases in which it shall be proved that a further residence in Europe is indispensably necessary.

That when under any such circumstances a Civil Servant shall have obtained an extension of leave to a given period, he must at the expiration thereof apply for and obtain our permission, either to return to his duty, or to reside a further time in Europe, failing in which, he shall be liable to be struck off the List of Civil Servants.

That the Act of the 33d. Geo. 3d, Cap. 52, Sec. 70, as it respects Civil Servants applies only to cases of sickness, or inevitable accident or infirmity, and that no Civil Servant be hereafter considered eligible to return to the service after 5 years' absence, under that enactment, who has failed to obtain from us agreeably to the foregoing Regulations an extension of leave under the circumstances referred to in the Act.

2. We desire that the foregoing Regulations be published for general information, and that each Civil Servant returning to this country under the Absentee Regulations, or on special leave, be furnished with a copy for his guidance.

PUBLIC OFFICERS INTERDICTED FROM PECUNIARY DEALINGS WITH NATIVES RESIDING WITHIN THEIR JURISDICTION.

FORT ST. GEORGE, *March* 7, 1856.

The following Notification by the Most Noble the Governor General in Council is republished for general information:

No. 1070.

FORT WILLIAM; FOREIGN DEPARTMENT, *the* 20*th February* 1856.

With reference to the Notification dated the 25th July 1854, No. 3200, "absolutely prohibiting the Officers of Government, of whatever rank or class, from selling or being concerned in the sale of property of any amount or description to Native Princes and Chiefs, or to their relatives or Ministers, or to any Native Gentlemen of rank or opulence residing under the protection of the British Government," the Governor General in Council is pleased to notify that the Notification in question was not intended to apply in its full strictness to any but Political Officers, and Officers discharging Political as well as ordinary civil functions, whether employed directly under the Government of India, or under any of the Local Governments, and that in regard to all other Officers, the order of the 31st October 1821 is to be considered as still in force.

But His Lordship in Council is strongly impressed with a sense of the necessity for discouraging as much as possible pecuniary dealings of every description between Public Officers and Natives under their authority or residing within their jurisdiction, or in their vicinity, and the permission of Government will never be given to any transaction of the kind if it should appear to afford even a plausible ground for suspicion of improper motives on the part either of the buyer or the seller.

PRE-AUDIT OF BILLS ON ACCOUNT OF SALARIES IN THE CIVIL DEPARTMENT.

NOTIFICATION.

FORT ST. GEORGE; CIVIL AUDITOR'S OFFICE, 27*th June* 1856.

1. In pursuance of the orders of Government in the Financial Department, No. 298, dated the 24th Instant, communicating their approval of the adoption of a pre-audit of all bills on account of Salaries in the Civil Department of this Presidency, the Civil Auditor requests the attention of all Officers in charge of Public Treasuries, by whom Civil Salaries are disbursed to the instructions already issued to them from his Office; and that they will be careful not to discharge any bill for Salary and other allowances that may be presented to them for payment, which has not been passed by the Civil Auditor. All bills audited and bearing the signature of the Civil Auditor will be regarded by disbursing Officers as authority for discharging the same.

2. Officers in charge of Treasuries both at the Presidency and in the Provinces will cease to furnish the Audit Office with Journals, or other accounts except those mentioned below; but will forward to the Accountant General the audited bills bearing their initials and Treasury Stamp in token of their discharge, along with their usual monthly Journals, as vouchers in support of the charges entered therein. The disbursing Officers will require receipts in duplicate of the amount paid to individuals for record in their Office.

3. The practice of furnishing Certificates of last payment made in the Civil Department by disbursing Officers both at the Presidency and in the Provinces, will henceforth be discontinued, as these documents will not under the new system be required for the purpose of audit. The Civil Auditor will in future on demand, furnish this Certificate to Officers only when quitting

the limits of the Presidency and to Military Officers in Civil employ on every occasion of their removal to the Military Department.

4. Military Officers will as heretofore on transfer to the Civil Department obtain and forward to the Audit Office a Certificate of last payment made to them in the Military Department, without the receipt of this document, no salary will be passed to them.

5. The attention of public Officers is further requested to the fact, that the early payment of their Salaries will depend on their despatching their bills to the Civil Auditor as soon after the close of the month as possible, and on their strict observance of the rules which have been laid down for their guidance.

6. Officers in charge of Public Treasuries in the Provinces are authorized to disburse to all classes of pensioners their allowances previous to audit, forwarding to the Civil Auditor for audit an Abstract, in the form with which they have been furnished, of the actual payments made. This Abstract after audit will be returned, and should be forwarded to the Accountant General with the monthly Journal.

7. Charges of a Contingent nature incurred in the Provinces will likewise be paid prior to audit, the bill being submitted to the Civil Auditor for audit after payment, but in those instances in which the rules in force provide for advances being made for the disbursement of Contingent charges, the bill that is of Contingent charges not of advances should be submitted for audit prior to its discharge from the Local Treasury.

8. Bills for Contingent charges should be furnished in duplicate (on foolscap paper) one copy of which will be retained for record in the Audit Office. The other Bill when received by the disbursing Officer should be forwarded to the Accountant General with his monthly Journal. Heads of Offices at the Presidency will in future forward their Contingent bills for audit in duplicate, only one copy of which will be audited and returned to them for discharge at the General Treasury, the other copy being retained for record in the Audit Office.

9. Disbursing Officers are requested to take special notice that no charge which falls under the audit of the Civil Auditor should appear in their Journals submitted to the Accountant General unsupported by an audited bill. To admit of regard being had to this rule in the debiting of Pensionary and Contingent charges, disbursing Officers in Provinces will so arrange that no payment under these heads shall be made after a certain date, (say the 20th of the month) when a detailed Statement of the charges actually incurred should be submitted for audit. The Civil Auditor will not insist upon any particular course being pursued in furtherance of this object. It is left with the Officers of payment to select the course that may appear to them the most suitable, provided that the rule to which special attention has been requested is not violated.

10. Public Officers in the preparation of the Abstracts for audit, will bear in mind the Notification of the Accountant General of the 19th April last, published at page 623 of the Gazette for the current year, which requires that Officers absent from their station should receive their Salaries out of the local Treasury of their Station.

11. Under instructions from the Post Master General, all bills for Salaries, &c. are allowed to be forwarded on the "Public Service." But Officers on leave either on account of ill health or private affairs are required to prepay postage on whatever bill or letter connected with their Salaries, &c., that they may transmit to the Audit Office through the post, and those documents after audit will be returned "*Bearing*."

F. Lushington,
Civil Auditor.

PAYMENTS OF SALARIES TO OFFICERS ON LEAVE.

NOTICE.

1. The adoption by the Civil Auditor of the system of pre-audit of Abstracts for Salaries of Officers and other Civil Charges has rendered necessary a modification of the arrangement announced in my Notification, dated the 19th, and published in the Fort Saint George Gazette of the 22d of April last.

2. Instructions on the subject were issued by me to Collectors, &c. in a Circular, dated 26th ultimo, but in order that the course of proceeding may be known to all Officers concerned, the following Notification is Gazetted.

3. Officers who may be temporarily absent on duty, or on leave, in another District, or at the Presidency, as the case may be, should forward their Abstracts for Pay and other allowances due for a past month, on the 1st of the succeeding month to the Civil Auditor, who will pass and return the papers to them. On the presentment thereof by the Officers to the Collector of the District where they may be located, or to the Sub Treasurer if at the Presidency, he will disburse the amount to the Officers. To enable the Collector or the Sub Treasurer, as the case may be, to discharge the Abstracts in question, the Collector of the District to which the Officers may stand permanently appointed, will forward on the 2d of each month a Bill of exchange drawn by him on, and in favor of, the Collector, or on, and in favor of, the Sub Treasurer, as the case may be, for the net amount of Salary due for a past month.

4. In every case in which the amount of Pay and Allowances to be drawn for a past month, by an Officer absent on duty or on leave as abovementioned, may differ from that actually drawn for the preceding month, a copy of the Abstract which he may have to send to the Civil Auditor on the 1st of the month, should be despatched by him previously to the Collector of the District to which he may stand permanently appointed, so as to reach him on the 1st of the month, in view to his regulating the amount of the Bill of Exchange which is to be forwarded by him on that account on the 2d of the month, as provided for in the preceding para.

UNCOVENANTED SERVICE REGULATIONS.

UNCOVENANTED SERVICE ABSENTEE RULES.

GENERAL ORDERS BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, *28th February* 1856.

No. 340 *of* 1856.—The following Notification, issued from the Financial Department, is published in General Orders :—

No. 9, dated 22d February 1856.—Read a Despatch from the Hon'ble the Court of Directors, No. 107 of 1855, dated the 5th December.

RESOLUTION.—The Honorable the Court of Directors having approved, with certain modifications, of a Code of Rules recommended by this Government for regulating leave of absence and acting allowances to Public Officers in India not in the Covenanted Service of the East India Company, the Most Noble the Governor General in Council is pleased to resolve, that the following Rules, together with the Despatch above adverted to, be published in the *Official Gazette* for general information, and be held applicable, from the date of the publication of the Notification, to all Officers in the Uncovenanted Service of the Government who may be in the receipt of salaries of Rupees 100 a month and upwards.

FINANCIAL DEPARTMENT.

No. 107 of 1855.

OUR GOVERNOR GENERAL OF INDIA IN COUNCIL.

1. We have carefully considered the papers accompanying your Letter noted in the margin, relative to the proposed enactment of Rules for the regulation of leave of absence, &c., to the large and increasing classes of Public Officers not in the Covenanted Service of the East India Company, but, nevertheless, in many cases performing duties of great importance and responsibility. It is scarcely necessary to observe that we desire to treat them in this, as in all other respects, with the utmost liberality and consideration that may be consistent with the interest of the Public Service.

Letter from, dated 23*rd July* 1855, *No.* 161.

Forward the Report of a special Committee (consisting of the Military Auditor General, the Secretary to the Government of Bengal and the Accountant to the Government of Bengal) which was appointed by the Government to consider the subject of framing a Code of Rules for the regulation of leave of absence and acting allowances for the Uncovenanted Service, and express an earnest hope that the proposed Code may receive the Court's sanction.

2. Adopting as a principal to be invariably maintained, that in each separate case of absence of an Uncovenanted Officer, the expense occasioned thereby is to be defrayed out of the Absentee's Salary, we are prepared to concur in the grant to Uncovenanted Servants (receiving Rupees 100 per month and upwards,) of the advantages as regards sick leave and leave on private affairs proposed in the Code under consideration. The advantages may be concisely stated, as follows :—

1*st.*—*Sick Leave.*—The grant of leave for three years altogether, during the entire period of service, of which two years only may be continuous or reckon as service for Pension. During one year of absence, the Absentee to be subjected to the deduction of half, and during the remaining period, of two-thirds, of his allowances, provided that he shall in no case draw a larger sum than Rupees 6,000 (£600) per annum.

The maximum being thus fixed, we shall leave it to the Local Government, in the exercise of their discretion to determine in each case, how far the advantages of the Rules should be modified with reference to the length of service of the Applicant and other circumstances. We desire however that, after a continuous absence of two years on sick certificate, an interval of two years shall elapse before further leave on that account is granted.

2*nd.*—*Leave on Private Affairs.*—The grant on leave for one month in each year without deduction; for six months on sufficient cause being shown with deduction of half allowances provided the rate of Rupees 6,000 (£600) per annum be not exceeded, and under special circumstances, for twelve months without forfeiture of appointment, but without pay and without the leave counting as service for Pension.

This latter advantage may we think be fairly conceded in special cases to Uncovenanted Servants, since a regular Furlough on Private Affairs cannot be granted to them, and the loss of their appointments involves practically the loss to them of the service. But it should not be allowed more than once during the period of service.

3*rd.*—We accede to your suggestion that Heads of Offices in cases of urgency may be authorized to grant leave of absence on Medical certificate to the extent of one month, provided the same be immediately reported for the sanction of Government.

4*th.*—The Rules proposed regarding the allowances of persons appointed to act for Absentees appear unobjectionable.

We are,

Your affectionate friends,

(Signed) E. MACNAGHTEN,

" W. H. SYKES,

and Eight other Directors.

LONDON, *The 5th December* 1855.

RULES FOR REGULATING LEAVE OF ABSENCE AND ACTING ALLOWANCES TO PUBLIC OFFICERS IN INDIA NOT IN THE COVENANTED SERVICE OF THE EAST INDIA COMPANY.

CHAPTER I.

RULES FOR APPLICATION OF LEAVE OF ABSENCE.

Section I. Leave of absence to Officers not in the Covenanted Service of the East India Company, receiving their appointments direct from Government, will be granted by the Government only under which office is held, on application made publicly through the regular channel in the Department to which the Applicant may belong; but in respect of all other Officers, it will be optional with the Local Governments to delegate to Heads of Offices or Departments, power to act upon the Rules without special reference to higher authority.

Section II. Absence without leave will render the Absentee liable to loss of appointment, and will be attended with entire forfeiture of salary for the whole period of such absence.

Section III. No leave of absence shall have any retrospective effect, except in cases of severe illness to be attested by Medical certificate conforming in every respect to the directions contained in Section IV.

Chapter II.

RULES FOR SICK LEAVE.

Section IV. When an application for leave of absence is made on the ground of ill health, it must be accompanied by a statement of the case from the Medical man by whom the Applicant has been attended, distinctly stating from personal observation, the nature of the disease, the symptoms by which it is manifested, the causes by which it has been probably produced, and the period during which it has existed so far as the knowledge of the Medical Officer extends; and by a certificate from the Chief Medical Officer of the station or district, or if at a Presidency Town, from a Presidency or other Official Surgeon certifying after careful personal investigation, the necessity for temporary removal, and the period for which absence is, to the best of his judgment, absolutely requisite for restoration to health. If the requisite leave be for a longer period than six months, the certificate must in the first instance be countersigned by the Superintending Surgeon of the division in which the applicant may be located; and in cases of leave beyond Sea, be afterwards submitted, with the statement of the case, for the consideration and counter-signature of the Members of the Medical Board.

The certificate shall be given in the following form:—

I, A. B., Surgeon at or of —— do hereby certify that E. F. (here enter designation of office) is in a bad state of health, and I solemnly and sincerely declare that according to the best of my judgment, a change of air is essentially necessary to his recovery; and that the circumstances of his case are such as to render leave of absence for the period of —— absolutely necessary (or highly desirable.)

The following form shall be observed by the Superintending Surgeon and Members of the Medical Board in counter-signing the certificate:—

I (or we) do hereby certify that according to the best of my (or our) professional judgment, after careful consideration of his case, I (or we) believe the state of health of E. F. to be such, as to render leave of absence for a period of —— absolutely necessary (or highly desirable) for his recovery.

An application for extension of leave must, if the Applicant be in India, be accompanied by a certificate to a like effect from the Medical Officer by whom the Applicant is attended, together with a statement showing sufficient reason for the extension solicited; and such certificate must be similarly signed by the Members of the Medical Board, or by the Superintending Surgeon of the division in which the Applicant may be located. In like manner, if the Applicant shall have proceeded beyond the Territories under the Government of the East India Company, he must furnish a certificate and statement to the required effect from a Surgeon or Physician, at the place of his temporary residence, by whom he has been attended, such attendance and the period of it to be stated, and the certificate to be counter-signed by the attending Physician of the East India Company if the Absentee is in Europe, or by the principal Medical Authority of the Colony or country to which the Absentee may have proceeded; or some sufficient reason stated for the want of such counter-signature if not procured.

The Officer counter-signing must either personally examine the Applicant,

or state some sufficient reason why he has been unable to do so, when any of the required particulars are neglected, leave will be refused.

Section V. Leave of absence will be granted under the following limitations to Servants who may be declared by a sufficient Medical certificate to require leave for the restoration of their health:—

1. The limit to leave on Medical certificate is fixed at three years during the entire period of service, of which not more than two years may be continuous and two years only will be permitted to reckon as service qualifying for Pension.

2. Leave of absence on Medical certificate will not be granted for a longer period than twelve months at any one time, which may however be extended if necessary under renewed Medical certificate, for periods not exceeding six months within the limit of two years continuously. After a continuous absence of two years on Medical certificate, an interval of two years shall elapse before further leave on that account is granted.

3. During one year of the entire period of Absence under this Rule, the Absentee will be subjected to a deduction of one-half, and during the remainder to a deduction of two-thirds of his allowances, provided however that he shall in no case draw a larger sum than Rupees 5,000 (£500) per annum.

4. In cases of extreme urgency, the Heads of Offices are authorized to grant leave of absence on Medical certificate to the extent of one month, provided the same be immediately reported for the sanction of Government.

Section VI. Parties who may desire to draw their allowances while absent on leave, will be required to give security in such amount and form, as may be fixed by Government for the refund of any excess that may be drawn in case of their coming under retrenchment.

Chapter III.

RULES FOR LEAVE ON PRIVATE AFFAIRS.

Section VII. Leave of absence may be granted for one month in each year, or, to Judicial Officers, during the authorized closing of the Civil Courts, without deduction from salary.

Section VIII. In addition to the above, and on sufficient cause being shown, leave of absence may be granted on private affairs for not more than six months, one half the Absentee's salary being deducted for such period of absence, provided the rate of Rupees 6,000 (£600) per annum be not exceeded.

Clause 2. The leave granted under this Section will be computed from the date of the Absentee's quitting his post to the date of his return thereto. A second leave of the same description cannot be taken till the expiration of six years from the date of return to duty from a former leave. No portion of the salary allowed to be drawn will be claimable till the Absentee shall have returned to his duty.

Clause 3. Leave taken under this and the preceding Section will reckon as service qualifying for Pension.

Section IX. In addition to the leave which may be granted under the preceding Rules on Medical certificate or private affairs, Government may at any time under special circumstances and at its discretion, grant leave of absence once during the period of service not exceeding twelve months on private affairs, without forfeiture of appointment, but without pay; such period of absence not to count as service towards Pension.

Section X. No leave of absence on private affairs shall be claimable by any party whatever under these Rules as a matter of right; such leave will be granted only at the pleasure of the Government or its authorized Officers when

the concession of the indulgence in no way interferes with the interests of the Public Service and it shall be the duty of the Government in every instance (except in the case of leave granted under Section VII) to consider and determine whether the grounds of the application are sufficiently urgent to justify the concession of the leave.

CHAPTER IV.

RULES FOR ALLOWANCES, &c.

Section XI. No person appointed to a situation under the Government shall draw the salary of his appointment for any period prior to the date of his joining it.

Section XII. An Officer holding a situation, appointed to one of equal or higher value, will until he joins, draw so much of the salary of his new Office as may be equal to the salary of his former situation: provided he does not exceed the time allowed for joining under the following Rules; should he do so, no salary will be past to him for such period in excess.

Section XIII. The time ordinarily allowed for joining an appointment is to be calculated at the rate of fifteen miles a day (Sundays excepted) together with a week to prepare for the journey; but on occasions of emergency, it will be optional with the Government to prescribe the period within which any journey is to be performed.

Section XIV. A person officiating temporarily in any situation, will draw so much of the salary of such situation as may equal the sum deducted on account of absence from the real incumbent, and the substantive allowances of every Officer temporarily acting in a situation of superior emolument, will be subject to deduction at the same rate; *but no additional expense to be any amount to be incurred by the absence of any Officer on leave.*

No. 857.

Extract from the Minutes of Consultation, dated 17th July 1856.

The Right Honorable the Governor in Council is pleased to delegate to the several Secretaries to Government the power to grant leave of absence on private affairs under Chapter III, and on Medical certificate under Chapter II of the Absentee Rules, dated 20th February 1850, to Uncovenanted Officers in their respective Departments of the Uncovenanted, whose salaries exceed 100 Rupees a month. The leave thus granted will be given after a report by the Civil Auditor on the application, and will be notified in the Official Gazette.

DECISION OF THE GOVERNMENT OF INDIA ON CERTAIN QUESTIONS CONNECTED WITH THE UNCOVENANTED SERVICE ABSENTEE RULES.

Letter from Secretary to Government of India to Secretary to the Government of Bengal, dated 20th September 1855, No. 4487.

PARA. 2. In reply to the first point whether Private Affairs leave can be given in continuation of Privilege leave, I am directed to state that the decision

of the Honorable Court of Directors in respect to the Covenanted Service precludes the grant of the indulgence to Uncovenanted Servants.

3. In regard to the 2d point, whether privilege leave may accumulate to the extent of 3 months, I am desired to state for the information of the Honorable the Lieutenant Governor that the orders of the Honorable Court have been solicited to an additional clause being inserted in the Uncovenanted Absentee rules, allowing the local Governments to extend at their option the period of privilege leave in special cases to 2 or 3 months according to circumstances, provided that the indulgence can be granted without injury to the Public Service, or additional expense to the Government.

RULINGS OF THE GOVERNMENT OF INDIA ON CERTAIN POINTS CONNECTED WITH SECTION VII. OF THE UNCOVENANTED SERVICE LEAVE RULES.

No. 2941.

Extract from the Proceedings of the Right Honorable the Governor General of India in Council in the Financial Department, under date the 20*th June* 1856.

Read an Extract from the Proceedings of Government in the Foreign Department, No. 3047, dated the 28th ultimo, forwarding for consideration and orders a Letter No. 304, dated the 19th idem, from the Secretary to the Chief Commissioner of the Punjaub, soliciting instructions on certain points connected with Section VII. of the Uncovenanted Service Leave Rules.

RESOLUTION.—The Right Honorable the Governor General in Council observes, that the points on which orders are solicited by the Chief Commissioner of the Punjaub are these:—

First.—Whether privilege leave can be taken in broken periods of less than one month within the year.

Second.—What is the minimum period which should intervene between the leave taken in one year, and the leave to be granted in the following year?

As neither of these points is provided for in the existing Rules, His Lordship in Council directs that the provisions made for the Covenanted Service, as published in the Calcutta Gazette of the 14th ultimo, be applied to the Uncovenanted Service, viz:—

If the privilege leave be taken at one time, no second leave can be granted until the completion of eleven months from the expiration of the last leave, and if taken in broken periods, no second instalment can be taken until the completion of six months from the expiration of the previous instalment of leave.

ORDER.—Ordered, that a copy of the foregoing Resolution be sent to the Foreign Department for communication to the Secretary to the Chief Commissioner of the Punjaub.

UNCOVENANTED SERVANTS TO COUNT PAST LEAVE AS SERVICE.

No. 34.

NOTIFICATION.—Extract from a Despatch from the Honorable the Court of Directors, addressed to the Government of India, in the Financial Department, No. 38 of 1856, dated the 13th May:—

Letter from, dated 10th September 1855, No. 123—Recent Proceedings in this Department for the 1st Quarter of 1855.

123 and 124.—Forward Correspondence with the Government of Fort St. George, on the question whether Uncovenanted Servants should be allowed to count as service qualifying for Pension the periods of authorized absence.

Para. 43. The subject here reported upon has been decided in our Despatch in this department, dated 5th December 1855, No. 107.

44. It appears to have been the practice at Madras to permit all absence of Uncovenanted Servants, on authorized leave, to reckon as service for Pension. Although this has been put a stop to, we should not consider it just to allow those Uncovenanted Servants who may have enjoyed the advantage beyond the limit fixed by the new Rules to be now deprived of counting their past leave as service.

FORT WILLIAM, FINANCIAL DEPARTMENT, *the* 11*th July* 1856.

NOTIFICATION.—It is hereby notified for general information, that the Right Honorable the Governor General of India in Council has been pleased to resolve, that in the case of an Uncovenanted Servant proceeding to Europe on leave on Medical certificate, under Section V of the Uncovenanted Service Absentee Rules, the leave shall be computed from the date of the sailing of the Vessel on which he may have embarked from any Port in India, which is not more distant from his Station than the Ports of his own Presidency, to the date of his arrival to any Port within the Presidency to which he belongs, or at any other Port which is not more distant from his Station than the Ports of his own Presidency.

His Lordship in Council is also pleased to resolve that, for the interval elapsing between departure from Station to the commencement of reckoning absence, or between the end of reckoning absence and re-arrival at Station, special leave shall be allowed, calculated at the rate of one day for every 15 miles of the distance to be travelled, provided that the total period of such special leave shall in no case exceed two months, and that the whole time claimed shall have been spent *bonâ fide* between the place of departure and the place of destination.

The special leave thus granted will be allowed to count as service qualifying for pension, and the Absentee will during such leave be entitled to draw the same Salary as is allowed by Clause 3 of Section V of the Uncovenanted Service Absentee Rules.

ANNUAL RETURN OF LEAVE OF ABSENCE GRANTED TO UNCOVENANTED SERVANTS.

The following Extract, from the Proceedings of the Supreme Government in the Financial Department, is published for general information:—

FORT WILLIAM; FINANCIAL DEPARTMENT, *the* 27*th June* 1857.

NOTIFICATION.—The following Extract from a despatch from the Honorable the Court of Directors addressed to the Government of India in the Financial Department, No. 28, of 1857, dated the 17th April, is published for general information:—

Para. 1.—We concur in your having ruled that leave on private affairs cannot be taken by Uncovenanted Servants in continuation of privilege leave.

Letter from, dated 21st October 1856, *No.* 115.

Submit copy of a letter from the Government of Bengal, referring for decision two questions connected with the Uncovenanted Service Absentee Rules.

2. With regard to the revision of Section 6, Chapter III, of the rules, we do not object to allow the privilege leave of Uncovenanted Servants to accumulate up to three months as a maximum period. But if the leave of one month in the year be not taken in one period, we cannot permit it to be divided into more than two instalments. We append the Rule in the shape in which we are prepared to sanction it, viz:

Section 6. *Clause* 1.—"Leave of absence may be granted for one month in each calendar year without deduction from salary, provided that the indulgence can be granted without injury to the Public Service, or additional expense to Government. Those Servants who may not have occasion to apply for the whole month's leave at once, may divide it into two instalments. No second leave shall be granted under this Rule, until the completion of eleven months from the expiration of the last leave, if taken at one time, or from the date of return from any sick leave or leave on private affairs, or if the leave be taken in instalments, until the completion of six months from the expiration of the last instalment. Uncovenanted Servants not availing themselves of the indulgence in any one year, may, at the option of the Local Government, obtain, under the like conditions, leave of absence for two successive months, to commence at or after the expiration of twenty-two months from the termination of their former leave, and if two years elapse without enjoyment of the privilege, leave for three months may, in like manner, at the option of the Local Government, be granted at the expiration of thirty-three months from the termination of the last preceding leave; but no leave shall be granted under this Rule for any period exceeding three months. If a servant shall not arrive at the expiration of the period of leave granted him under this Rule, he shall forfeit all pay and allowances during the time of his remaining absent without leave, and if he shall so continue absent for more than one month beyond the term granted, his office shall become vacant."

Clause 2.—"Officers of the Judicial Department, taking leave during the authorized closing of the Civil Courts will be allowed to draw full salary during such leave, but will not be held entitled, in addition thereto, to privilege leave under the 1st Clause of this Rule."

* Cons. 22d Feb. 1856, No. 13.
" " Nos. 21 to 24.

RESOLUTION.—The Most Noble the Governor General in Council observes that in February last, a reference was made to the local Governments, and to the several local administrations under the Government of India, with a view to ascertain whether any, and what, steps had been taken towards testing the qualifications of the Uncovenanted Servants of Government in all Departments, in the same manner as those of Covenanted Assistants are now tested under the Examination Rules in force for that purpose. To this reference replies have now been received, and the following is a summary of their contents.

2. In the Madras Presidency except as regards the Judicial Department wherein parties are required to pass an Examination before they can be promoted to the Office of District Moonsiff, no measures analogous to those in force for the Examination of Covenanted Assistants have been adopted for testing the qualifications of Uncovenanted Servants. This is accounted for by the circumstance that, with the exception of a few Offices in that Presidency, Uncovenanted Executive agency of the description so exclusively employed in Bombay, Bengal, and the North Western Provinces, is unknown in Madras. But a plan for the employment for such Agency has been submitted to the Government of India, and is now under consideration.

3. From the Report of the Bombay Government it would appear that Uncovenanted Servants in all departments at the Presidency are subjected to an examination. In the Revenue and Judicial Departments the Hoonsur and District Deputy Collectors, if Natives of the country, are required to pass an examination in English, and in cases where the Vernacular language of any of these Officers is not that of record in the Collectorate to which he is appointed, he is required within two years from the date of his appointment, to pass an examination in reading and writing the running hand, and in the colloquial branch of the latter language. Besides this, Uncovenanted Deputy Collectors, and Magistrates, are required to obtain a knowledge of the system of Revenue accounts, and to pass the same examination therein as Covenanted Assistants to Collectors, the duties performed by both being similar.

4. Uncovenanted Officers in the Public Works Department as well as all Officers holding the appointment of Executive Engineers or Assistant Executive Engineers are required to pass an examination in the language of the district in which they are employed, sufficient to prove them an acquaintance with the language, written and spoken, as enables the Officer to converse with Natives of all classes, to read and understand petitions without assistance, and to superintend and revise accounts kept in the Native language of the district.

5. Uncovenanted Assistants in the Revenue Survey Department are required to pass an Interpreter's examination, either in Marathee or Guzzeratee and an examination as regards reading and speaking in the languages of the Zillahs in which they are to be respectively employed. They are also required to possess a competent knowledge of plane Trigonometry, Field Surveying and Topographical Drawing, and a perfect acquaintance with the rules for the guidance of the Native establishment, in the execution of the various operations connected with the Survey.

6. All Uncovenanted Assistants not included in the above classes, are required to possess a good colloquial knowledge of Hindoostanee, as also a knowledge of the language of the Districts in which they are employed. An examination in the former must be passed within six months, and in the latter within two years. 50 Rupees being detained from the full salary of the Office until the first examination is passed, and 50 Rupees until the second.

7. The Bengal Government has passed certain rules for testing the qualifications of its Uncovenanted Servants, but they are not at present acted upon in consequence of the pressing want of Subordinate Officers fit for employment in responsible situations, which compels the Government to appoint, without reference to their legal acquirements, men whose judgment and general knowledge of public business, can be relied upon.

8. The Rules when acted upon, will require all Deputy Magistrates and Deputy Collectors to undergo the same examination, as that to which Covenanted Assistants are subjected, and to pass by the first standard. They will also be required to pass the second standard before they are vested with powers of a higher order, or promoted to a higher grade.

9. As a general rule, it is laid down, that no person can be appointed to the subordinate Executive service, who has not a sufficient knowledge of the English language to enable him to pass the examination above referred to, or the same qualifications in that respect as are at present required in persons appointed to the lowest rank of Native Judges. This rule is applicable also to Superintendents or Assistant Superintendents of Salt Chokeys, and to Sub Deputy or Assistant Sub Deputy Opium Agents, who must also be examined, the former in Bengalee according to the fixed standards, and in the Salt Regulations and practice, the latter in Hindoostanee and in the Opium Regulations and practice. In either case the examination embraces such parts of the Revenue and Judicial Regulations, as Officers of their class have to be guided by in the course of their duty.

10. These Rules do not however preclude the appointment, and employment of an Officer in the lowest grades, before he has passed by the first standard, but they direct his removal, if he does not so pass within a year.

11. The measures as yet taken in the North Western Provinces for testing the qualifications of Uncovenanted Servants of Government, have been to direct all Uncovenanted Deputy Collectors and Deputy Magistrates who possess a sufficient acquaintance with the English language, to take part in the examinations for higher grades of powers which are prescribed for Covenanted Assistants. The Lieutenant Governor is however in communication with the Board of Revenue, with a view to extend the system of examination to all Deputy Collectors and Tahsildars, in the Revenue Department; the position of this class of Officers involving duties of a very serious and important character. Under the existing system, every Deputy Collector is also appointed a Deputy Magistrate; and Tahsildars are very generally invested with the same powers, but on their first nomination to the Revenue branch of the service, in which probably the most important portion of their duty lies, no proof of efficiency is required. It is the intention of the Lieutenant Governor to require that these Officers who shall pass a test, similar to that appointed for the Covenanted Servants of Government; and since May 1854 the Board of Revenue have been required to notify, that after the expiration of six months, no one should be appointed to the Office either of Deputy Collector, or of Tahsildar, who did not possess a competent knowledge of Surveys on the Punjaub system, of Nagaree writing and of Putrarrow Accounts.

12. It had been the intention of the Lieutenant Governor to allow no Deputy Magistrate to be raised to the exercise of Judicial powers higher than those of an Assistant, until a system of examination could be matured which should embrace all Officers of the class. The restriction has been strictly maintained in regard to the Tahsildars, who in many instances have been appointed to be Deputy Magistrates, but the pressure of duty has led to permission being given for occasional relaxation of the rule in this case of Deputy Collectors of specially certified experience, and good character, who had held office as Deputy Magistrates for some considerable time.

13. In the Punjaub only one class of Uncovenanted Servants, the extra Assistants, are subjected to the same examination as Covenanted officers. Certain proposals are now under consideration for the examination of Tahsildars and Darogahs. The Chief Commissioner does not clearly apprehend, with reference to which class of Uncovenanted Servants the enquiry is made, and he remarks, that if it is intended that *all* should be examined, a system of examination will be devised if requisite, on his receiving instructions to that effect.

14. Nothing has been done in the Tenasserim and Martaban Provinces towards testing the qualifications of Uncovenanted Servants. There are only

two Uncovenanted Officers of a superior grade employed under the Commissioner, but there are others who draw from 50 to 250 Rupees a month. The Commissioner desires to be informed what class of Officers are to be examined, and what test is to be applied to such class.

15. The Commissioner of Pegu states, that there has been no special examination to test the qualifications of the Uncovenanted Servants in this Province, but great care has been taken in selecting them.

16. Nothing has been done in Nagpore towards testing the qualification of Uncovenanted Servants. The term Uncovenanted Servants the Commissioner presumes it is intended to apply only to the Extra Assistants, and possibly also to Tahsildars, but not to ministerial officers, such as Sheristadars and other Umla. If the qualifications of the first named Officer are to be tested, the Commissioner desires to be furnished with specific rules, and to be informed within what period they will be expected to pass.

17. The Commissioner takes the opportunity to solicit instructions on the subject of the examination of the Assistant Commissioners of the Province. He presumes, the Punjaub rules in respect to the class of Officers, will be held to be applicable to the Assistants of the Province of Nagpore.

18. The Governor General in Council remarks with satisfaction, the progress that has been made in providing for the examination of Uncovenanted Officers both before they are admitted into the service of Government, and before they are promoted to the higher grades, and entrusted with higher power.

19. The enquiry set on foot under the orders of the President in Council, had special reference to such Uncovenanted Officers in the several branches of Executive Administration as are entrusted with independent authority and empowered to exercise the functions of Covenanted Assistants in either of the Magisterial or Revenue Department of the Public Service.

20. The Governor General in Council is of opinion that no person should be appointed to any charge of the nature above described, without first undergoing an examination in the vernacular language of the district in which he is to be employed. This is the rule observed with Covenanted Assistants, and it should be made universally and invariably applicable to all persons appointed to exercise powers analogous to those with which Covenanted Assistants are vested on their first appointment.

21. In addition to this His Lordship in Council is of opinion, that no person whether European or Native should be appointed to any such office without first undergoing an examination to test his general knowledge of the duties he will be required to perform, and his proficiency in the ordinary branches of school education. For this latter purpose, it is not absolutely necessary that the Candidate should understand English, but he should be required to possess a critical knowledge of, and facility of composing in at least one language, to be well grounded in the Elements of Algebra and Geometry, and their practical application to Surveying, and to know the leading facts either of India or of English History. It is clear that under such a system of examination, Candidates understanding English would have an advantage over those unacquainted with English, and to this extent the Governor General in Council is not unwilling that the former should have the preference. Hereafter an University degree may be allowed to stand in the place of this examination.

22. The Governor General in Council is not yet prepared to prescribe this examination of Candidates for public employment as a rule from which no departure is under any circumstances to be permitted, especially in the non-regulation Provinces, where it is frequently impossible to find persons possessed of the requisite knowledge to pass such a test; but he is of opinion, that in the older Provinces, it should even now be observed with strictness, that every where it should be the earnest object of the local administration to enforce it as far, and as soon as practicable, and that in place, or in particular instances where it cannot yet be fully carried out, care should be taken

to give a preference to educated, and generally well informed Candidates, possessing the needful special attainments, over those who are qualified only in the latter respect.

23. The Governor General in Council desires, that the rules in force for the examination of Covenanted Assistants by the first and second standards may be made strictly applicable to the promotion of Uncovenanted Officers, and that the qualifications which in the Punjaub are required of such Officers before they are entrusted with the higher powers, may also be required of them in Nagpore, Pegu, and the other non-regulation Provinces under the direct control of the Government of India. Wherever provision has not been made for the examination of Covenanted Assistants, early steps should be taken to supply the deficiency.

24. The examination of Candidates for Moonsiffships is separately provided for.

25. In regard to the selection of Candidates for employment in the lower grades of the Public Service, whether as ministerial officers or otherwise, the Governor General in Council feels it impossible to lay down any general rules; but he desires that all Officers having in their hands the selection of persons for such employment, may be guided by the general principal of examining Candidates with a view to test their general, as well as special qualifications, and of giving the preference to those who are educated, and well informed, over those who are not, when both are equally well qualified for the special duty required.

Ordered that a copy of the foregoing Regulation be forwarded to the Governments noted in the margin* for information and guidance, and that a copy be also forwarded to the Foreign Department for communication to the Chief Commissioner for the Punjaub, to the Resident of Hyderabad, and to the Commissioners in Pegu, Nagpore, Mysore, and the Tenasserim and Martaban Provinces.

1. Ordered to be communicated to the several Departments of the Secretariat and to the Board of Examiners.

2. It is observed that the instructions contained in the above proceedings, apply mainly to the examination of the Uncovenanted Assistants in the Revenue and Magisterial Departments, and of parties who are Candidates for such appointments. Uncovenanted Agency of the kind here alluded to is scarcely known in the Madras Presidency, but a scheme for its introduction to a large extent is at present before the Government of India. The nature of the examination, to be prescribed for such Uncovenanted Assistants as may hereafter be appointed in this Presidency, will be separately considered by Government. Meanwhile, the Right Honorable the Governor in Council resolves to circulate these Proceedings of the Supreme Government, through the proper Departments, to all Heads of Offices at Madras and in the Provinces; and to draw their attention to the desire expressed in the concluding para. viz., that all Officers having in their hands the selection of persons for employment in the grades of the Public Service below that of Uncovenanted Assistant, whether as ministerial Officers or otherwise, are to be guided by the general principal of examining Candidates, with a view to test their general as well as special qualifications, and of giving preference to those who are educated and well informed, over those who are not, when both are equally well qualified for the special duty required.

A Secretary to the Committee will be nominated by Government.

VII. *Duty of the Central Examination Committee.*—It shall be the duty of the Central Examination Committee to fix on every occasion the half-yearly examination days, which shall be the same for every Local Committee Station. It shall be the duty of the same Committee to prepare before hand, for each examination, sets of questions to be put to the Assistants under examination, a sufficient number of copies of each of which sets shall be forwarded to each Local Committee, in a sealed packet, not to be opened until the moment of examination. The Central Examination Committee from time to time, shall lay down such rules as may appear to them best for the guidance of the Divisional Committees, in order to ensure a fair and uniform method of fixing the degree of attainment upon each point of examination which the several Assistants examined may reach.

VIII. *Divisional Examination Committee.*—At the several Stations where the examination is to be held, a Committee consisting of Public Officers, to be called the Divisional Examination Committee, shall on each occasion be constituted by Government, and the Judge of the Station if not absent on leave, shall be a Member. The Commissioner for the Northern Circars shall whenever practicable attend the examinations held within his Division and shall be Ex-Officio President of the Divisional Examination Committee. In other cases the Government shall appoint a President of the Committee.

IX. *Duty of the Divisional Examination Committee and Reports of the Examinations.*—The Examinations shall be conducted by the Divisional Examination Committee, who after due deliberation in respect of each Assistant examined, will record the result, stating their opinion as to whether the standard of qualification has been attained or not; which result in case of difference of opinion, will be determined by a majority, and shall deliver the record to the President. The President shall transmit the record to the Central Examination Committee with his own Report, wherein he shall state his agreement or disagreement with the Divisional Committee in each case. The President will be responsible for the fairness, impartiality, and proper strictness of the examination. The written answers of the Assistants, and the other papers written by them either in the Vernacular or in English, shall be forwarded with the record. The Central Examination Committee, after taking all the Reports into consideration and perusing any of the examination papers that it may seem to them proper to peruse, shall report to Government the names of such Assistants as in their opinion have proved their qualifications according to one or other of the standards in force, annexing especially, in the order of their merit any Assistants who, with reference to the length of their residence in India, may have passed with great distinction.

X. *Principal object of the first Standard.*—The principal object of the first standard of examination shall be to test the proficiency for practical purposes, of the Assistant in the Vernacular language of his District. For

this purpose at least three papers which he has never seen before, taken from Official Records very much at hazard, and written by different persons in a plain running hand, must be read aloud by the Assistant correctly, and without great difficulty and after being read aloud, their contents must be correctly explained by him in English. An English judgment or other Official paper to be furnished by the Central Committee, must be translated by him into the Vernacular, without assistance. The translation must be substantially correct in meaning, and intelligible to a Native; tolerably correct in grammar and spelling, and free from any very bad errors of idiom. He must dictate off-hand, with some fluency, the translation into the Vernacular of an English report, or other Official paper also to be furnished by the Central Committee, whereof the translation will be written down exactly as dictated. The dictated paper must in like manner be intelligible and substantially correct. He must then be tested in conversation with two or three Natives in such manner and to such extent as shall suffice to satisfy the Committee as to the degree of his power of understanding Natives of different classes and of making himself understood by them—such conversation or colloquial examination to be confined to the ordinary duties and business of a Court or Cutcherry and not to embrace abstruse or peculiar subjects. An Assistant must pass successfully through every step of this branch of the examination, in order to qualify according to the first standard.

XII. *Second object of the first Standard.*—The next object of the first standard of qualification shall be to test the Assistant's general acquaintance with the leading principals of the Systems of Revenue Administration and Criminal Justice and especially with so much of the laws and Rules of Procedure as it is necessary for an Officer to know, in order to exercise properly the highest functions of an Assistant to a Collector and Magistrate. For this purpose, a set of questions on Revenue, Magisterial and Police subjects shall be furnished by the Central Committee. These questions should be so framed as not to involve points of difficulty or rare occurrence; and to show rather the possession, or the want of a general and intelligent acquaintance with the subjects of Examination and the fundamental laws applicable thereto, than of a knowledge of a string of points of detail and dates of orders, which may be soon learned for the occasion, and are generally as soon forgotten again. These questions must be all answered without book. The Assistant should also be examined generally as to his knowledge of Cutcherry Accounts—both the English Accounts kept at the Hoosoor and the Native Accounts Talook and Village—of Hookumnamah of his District, and of its past revenue history as to be learnt from the records.

XII. *Third object of the first Standard.*—The next object of the first standard of Examination shall be to test the power which the Assistant may have acquired to deal with conflicting arguments and evidence, in actual cases. For this purpose two decided cases, with the final proceeding in each withdrawn which the Assistant has never before seen, one from the Collector's and one from the Magistrate's Office, of the nature of cases coming before Assistants exercising the highest functions of an Assistant to a Collector and Magistrate, shall be given to the Assistant. The papers may be read over to him by a Native Officer; and the explanation of any difficult word or phrase may be asked for and given in the Vernacular, the circumstance being in each case noted. The Assistant may now refer to all his books, and may take his notes as the case is read over. At the conclusion of each case he must write in English a brief but precise description upon the questions at least, with a sufficient statement of the grounds on which it is founded.

XIII. *Fourth object of the first Standard.*—The last object of the first standard of Examination shall be to ascertain how the Assistant has been employed, and how he has done his duty at his Station. For this purpose the Collector and Magistrate under whom he has been employed shall furnish the Committee with a report upon these points. It shall be the duty of such Officers, to make over to their Assistants from time to time cases for report.

The reports shall be written in English on one side of a sheet of paper; and after the case is decided, the Officer who decides it shall note on the other side of the sheet his remarks upon the report. These reports with the notes thereon, shall be submitted to the Divisional Examination Committee. Such Officers shall also require their Assistants to make English Minutes of the cases given to them for decision, which Minutes also shall be submitted to the same Committee. But these reports and Minutes need not be sent up to the Central Examination Committee. The opinion formed of them by the Divisional Committee, however, shall be entered in the record submitted to the Central Committee.

XIV. *Second standard.*—The second standard of Examination shall be similar in its nature to the first, but more difficult in degree. In the Vernacular portion of it, the reading of a common office running hand must be tolerably ready; the papers selected as tests should be of a more difficult description of office papers, the translation, dictation, and conversation should be fluent, generally correct and readily intelligible; and the Assistant should be tested in his power of explaining himself clearly, and with sufficient propriety in the Vernacular, in an argument or topic of some difficulty such as may occur in official business. In this Examination it will be necessary for the Assistant to pass in two Vernacular languages of which one shall be the language of the District in which the Assistant is stationed at the time of the Examination; and the other any one of the languages, including Hindustani prevailing in the Madras territories, which the Assistant may prefer. Provided that ordinarily and except on special grounds, no Assistant shall be promoted in any District, in the Vernacular of which he has not passed. The test described in this Rule shall be strictly enforced in respect of the language of the District in which the Assistant is stationed at the time of examination, but will be relaxed in respect of the second language, and in respect of any other language which an Assistant must pass before he can be promoted in any District in which it prevails. Ability to write the language will not be required but only a fair colloquial acquaintance with it on the part of the Examinee and power to translate correctly an official paper read to him; to dictate orders in the language and read ordinary nrzees. The questions of law and practice should be selected from the whole field of the duties of a Magistrate and Collector; but they shall be arranged in two classes, one class comprehending important and leading points, in answering which no books shall be allowed; and the other class comprehending less general and less common points, in answering which the assistance of books shall be allowed. No Guides, Digest or Summaries, however, shall be permitted to be used, the Assistant being confined to the original laws, Circular Orders, and constructions. The object of this class of questions is to test the Assistant's knowledge of where readily to find the law or practice on the less common points that arise in business. In preparing these questions, nice and difficult points should be avoided; the object being not to evoke subtlety or ingenuity, but only to ascertain whether the acquisitions and capacity of the person examined are adequate to enable him to perform fully the important functions of an Indian Magistrate and Collector, or not. The trial cases should be selected from those possessing enough of complexity to test the Assistant's ability to master all ordinary difficulties and especially to test the power of minute attention to and just appreciation of evidence.

XV. *Object of the second Standard.*—It shall be the object to make this second standard such that a man who has passed a College examination, being of ordinary understanding and capability, who fairly applies himself with proper diligence to his business, and makes it his daily object to familiarize himself with the language of the Country, may pass it after two or three years of Mofussil experience.

Under the rules of the 9th November 1821, and the *modified scale of salary to Covenanted Revenue Officers, every Assistant or Head Assistant Collector who has been six years in India and three years in the Revenue line, is entitled to draw an additional allowance of 175 Rupees per mensem, viz.

The *grant under peculiar circumstances to an Assistant Collector of the additional allowance of 175 Rupees per mensem before he was entitled to it under the Standing Orders in the first instance, and subsequently to others as †special cases, appears from the number of applications which have of late been received, to have led to an understanding that the indulgence will be granted in every case in which the applicant may have been prevented, by the necessity of returning to Europe for the benefit of his health, from completing the prescribed term of service in the Revenue line and residence in the Country at as early a period as he otherwise would have done.

As such is by no means the intention of Government, it is resolved that a deviation from the Standing Rule shall be allowed only in the case of an Assistant having served three years in the Revenue line but not having completed the term of six years' residence in the Country in consequence of having been obliged to quit it on account of ill health. The Civil Auditor will be authorized in all such cases to pass the allowance from the date when the party completed the term of three years' service in the Revenue line.

NOTE—The total value whether "Market" or "Tariff," Weight and Quantity must be written in words as well as figures.

All Articles not enumerated in the Tariff and subject to duty ad valorem will be passed upon the Market value declared and determined in the mode prescribed by Sections XXI, XXII and XXIII of the Act VI of 1844. It shall be competent to Importers to produce their Invoices in support of the Market value put upon their Goods, and the same will be duly considered, but not implicity accepted by the Collector, at the same time it is to be distinctly understood that the Collector of Sea Customs will be at full liberty to reject any such values and to take on behalf of Government in the mode prescribed by Section XXIII, Act VI of 1844, any Articles which he may consider to be undervalued.

I. That the amount of under valuation which the Subordinate Officers of Customs may pass without report to the Collector, shall be within 15 per cent.

II. That when the under-valuation shall not exceed 30 per cent., the Collector shall be at liberty to permit emendation of certificate, if satisfied that there was no intention to defraud; and

III. That in case of detention of goods undervalued, 15 days shall be allowed for appeal to the Board of Revenue; and the goods remain unsold in the meanwhile, unless they shall be of a perishable nature, in which case they shall be sold without delay and their proceeds remain for the above period in deposit. In cases appealed, the Board shall have power to permit emendation of value when the under-valuation exceeds 30 per cent.

The Market and Tariff value upon Goods to be thus assessed to be inserted by the Importer, and the total amount of the value to be written in words as well as figures.

With the view of exhibiting the precise nature of the Imports and Exports it is necessary that the articles be enumerated as distinctly as possible, according to their varieties, and further that Goods, if Foreign, be described so, and their places of production invariably stated.

A Bill will be furnished for the amount of Duty paid.

After 3½ o'clock in the afternoon, no Cash can be received or Bills of duties settled. Parties therefore who are desirous of clearing Goods or private packages, are recommended to apply early in the day for the same. FOUR PER CENT. LOAN OF 1835-36.

This Loan was opened by an order in the Financial Department on the 16th September 1835, and closed on the 15th May 1841. It was consequent on the assimilation of the currency over India, and its subscriptions were all received in their equivalent to Company's Rupees as fixed by the Currency Act. The following are the Government Orders:

FORT WILLIAM: FINANCIAL DEPARTMENT, *the 16th September* 1835.

Notice is hereby given, that the Sub Treasuries at Fort William, Fort St. George and Bombay, the several Residents at Native Courts, and several Collectors of Land Revenue under those Presidencies, as well as the Collectors under the Agra Government, have been authorized to receive, until further orders, any sums of money, in even hundreds of not less than 500 of Company's Rupees, which may be tendered on loan to the East India Company, at an interest of 4 per cent. per annum, subject to the provisions hereinafter specified.

2. Audited Bills for arrears of salary, whether the same shall have been advertised for payment or not, will be received in lieu of cash subscription without any deduction. Bills of Exchange on the Public Treasuries will also be received in Subscription to this Loan, with a deduction at the rate of 4 per cent. per annum for the period they may have to run. Treasury Notes and all authorized Public Demands will be received as cash at par.

3. The Paymasters of the Army under the several Presidencies are also authorized, to transfer any demands which may be payable by them respectively to this Loan, and to grant Drafts at the Presidencies of Fort William, Fort St. George, and Agra, for the amount, in the usual manner, on the Accountant General, and at the Presidency of Bombay on the Military Paymaster General; which Drafts shall be received by the several Officers abovementioned in payment of Subscription, on being tendered to them for that purpose.

4. Furruckabad, Lucknow, Madras and Bombay Rupees will be received where respectively current at par with Company's Rupees, in which last mentioned currency all acknowledgments for the receipt of money into this Loan shall be expressed, and Calcutta Sicca Rupees, where these Rupees are current will be received at the rate of 15 Sicca Rupees, for 16 Company's Rupees. Interest when paid in those Rupees will be issued at the rates antecedently specified.

5. The several Public Officers authorized to receive Subscriptions into this Loan will grant acknowledgments in the following form, for all sums received by them respectively:

"I hereby acknowledge that A. B. has this day paid into the East "India Company's Treasury the sum of Company's Rupees ——, for "which he is entitled to receive a Promissory Note bearing interest from "the (31st March or 30th September next ensuing of the year in which the "Subscriptions may be received, as the case may be) of the tenor and sub- "ject to the conditions specified in the advertisement published in the "*Calcutta Gazette* of the 3d October 1835, and intermediately the same "interest from the date of this acknowledgment to the (31st March or 30th "September of the year of Subscription as above.")

6. The Deputy Accountant General at Fort William will, as the said acknowledgments being delivered to him, forthwith cause to be prepared and issued to the parties entitled thereto, Promissory Notes under the signature of the Secretary to the Government of India in the following form:

FORT WILLIAM, *the 31st March* 1836.

"Promissory Note at 4 per cent. for Company's Rupees ——."

"The Governor General of India in Council does hereby acknowledge to "have received from A. B., the sum of Company's Rupees —— as a "Loan to the East India Company, and does hereby promise, for and on "behalf of the said Company, to repay the said Loan by paying the said sum "of Company's Rupees —— to the said A. B., his Executors, or Administrators, or his or their order, on demand, at the General Treasury of "Fort William, after the expiration of three months' notice of payment to "be given by the Governor General of India in Council in the *Calcutta "Gazette*, and to pay the interest accruing on the said sum of Company's "Rupees —— at the rate of Four per cent. per annum, by half- "yearly payments at the General Treasury of Fort William, to the said A. "B., his Executors, or Administrators, until the expiration of three months "after such notice of payment as aforesaid, when the account of interest due "will be payable with the principal, and such notice being considered as "equivalent to a tender of payment at the period appointed for the discharge "of the Note, all further interest shall cease.

"Signed by the authority of the Governor General of India in Council.

"*Accountant General's Office,* }
"*Registered as No.* —— *of* —— } ——,
Secretary to the Government."

7. The several Officers authorized to receive subscriptions will, on application from the holders of acknowledgments, transmit them (free of every expense whatever) to the Accountant General in Bengal, to be exchanged for

Promissory Notes, bearing interest from the 31st March, or 30th September, next ensuing after the date of subscription. The interest accruing on the broken period of the half yearly that may intervene between the date of subscription and the 31st March, or 30th September, next ensuing, as the case may be, will be paid up at the time of granting the acknowledgment.

8. Proprietors of notes who may require the interest to be paid at the General Treasury of Fort St. George, shall be entitled to receive it accordingly, provided they previously notify their wish to the Accountant General at Fort William, and present their notes to him to have an order for the payment of interest at the said Treasury written on the face of them, under the signature of the said officer, or that of the Deputy Accountant General. And after such order shall, on the application of the proprietor, be inscribed on any note, the interest shall be payable only from the said treasury, unless the Proprietors shall present the note with an application, for the purpose of transferring the payment to Bengal, to the Accountant General of Fort St. George, who, on such application being so made, will cancel the said order by a writing inscribed as aforesaid, under the signature of himself or his Deputy. A similar course will be followed, mutatis mutandis, in the case of proprietors of notes who may desire to have the interest thereof paid at the General Treasury of Bombay.

9. The proprietors of acknowledgment, who may desire to have the interest of the Promissory Notes to be issued in exchange thereof, to be made immediately payable at Madras or Bombay, must express their desire to that effect on the face of the acknowledgments before transmitting them to the Accountant General at Fort William, who will make the interest payable accordingly in the manner and subject to the conditions above stated.

10. The Promissory Notes of this loan shall not be renewed or subdivided except by the Accountant General. But the Accountants General at Fort St. George and Bombay, will, on application of the proprietors of such notes, and the payment of the established fee, transmit them to the Accountant General in Bengal, for the purpose of being renewed, or sub-divided, free of all further expense. In other respects the practice and rules heretofore in use in regard to the renewal and sub-division of Promissory Notes will be adhered to.

11. The said notes shall be advertised for payment in the inverse order in which they shall have been placed upon the General Register—that is to say, the notes last brought on the Register shall be first liable to be discharged. But all notes advertised at the same time for payment shall become payable on demand, without regard to priority, at the expiration of the notice. Government shall also be at liberty to advertise other notes for payment without waiting for the expiration of pending notices, and to discharge the notes so subsequently advertised at the expiration of the notice relating to them, notwithstanding the holders of notes comprised in prior advertisements may have omitted by themselves, or their attorneys duly authorized, to apply for payment.

Published by order of the Honorable the Governor General of India in Council.

G. A. BUSHBY,
Secy. to the Govt. of India.

FORT WILLIAM: FINANCIAL DEPARTMENT, 16*th September* 1835.

Notice is hereby given, that proprietors of Promissory Notes of the 4 per Cent. Loan opened on this date, who may be bonâ fide resident in Europe, will be allowed the option of receiving payment of the interest of their notes of the above loan by bills on the Honorable Court, to be drawn at 12 months' date, and at 1*s.* 10*d.* for the Company's Rupee.

This arrangement is to take effect from the first October 1837, that is to say, it is to be made applicable to the interest falling due then and thenceforth, and to continue during the pleasure of the Honorable Court of Directors.

CLOSING OF THREE PIE TREASURY BILLS OF 1859.

NOTIFICATION.

Fort St. George, *February* 23, 1859.

The following Telegraphic Message, received this day from the Government of India, is published for general information :—

The following is an Extract from a Notification published in a Gazette Extraordinary on the 21st Instant, announcing the final arrangements to be made, for the service of the year 1859-60. Reductions in the present enormous war charges will be made, as early, and to as great an extent, as may be safe. Measures will be taken for the permanent increase of the Indian Revenues, as largely as may be consistent with sound policy, but the full benefit of these operations will not be felt in 1859-60. The Governor General in Council hereby announces, that the amount of money for which he will look to the Indian Market, to be raised by loan, in order to provide for the service of 1859-60 is five Crores of Rupees. When this amount shall have been realised, the loan of 1859-60, will be closed, and no further loan will be opened in India

during that year. In pursuance of the principle adopted on the 20th of July 1857, the Loan to be opened on the 1st May next will be a five and a half per cent Loan to which subscriptions will be receivable in cash, or half in cash and half in five per cent paper. If this Loan should not produce the required amount, the Governor General in Council will recommend to the Right Honorable the Secretary of State, that the deficiency should be supplied from England. No loan carrying a higher rate of interest will be opened in India in the course of the year 1859-60, unless under instructions from the Home Government. The issue of Treasury Bills on the terms notified on the 26th of January 1859, will be closed on the 30th of April. A new issue of Treasury Bills will be notified from the 1st of May, bearing interest at the rate of 2¼ pie per diem. The sum which may be received upon these notes will not be counted as a part of the five Crores which the Government desires to raise by loan.

By order of the Right Honorable the Governor in Council.

Chief Secretary.

It shall then be melted in the presence of the owner or his agent, and again weighed in his presence and that of the Mint Master or an Assistant in his confidence, the masters for Assay being previously taken in the presence of the Mint Master, or his Deputy, under the direction of the Assay Master or his Deputy, who upon giving an acknowledgment for the weight of the samples and duplicates, shall remove them for Assay, and after that has been completed issue his certificate of the quality and value upon the weight of the parcel given in the Mint Master's receipt, which shall be filed in the Assay Office when exchanged with the owner of the Bullion for the Certificate, due advice of which Certificate is to be furnished to the Accountant General, in whose Office it will be registered, and passed for payment at the expiration of thirty days from the receipt of the Bullion into the Mint.

FORT WILLIAM, FINANCIAL DEPARTMENT, *the 22d December* 1852.

NOTIFICATION.—By Section 9, Act XVII of 1835 of the Government of India, it was enacted that thenceforward no Gold Coin should be a legal tender for payment in any of the Territories of the East India Company, and accordingly Gold ceased, from the date of the passing of the Act, to be a legal tender of payment in the Company's territories in India.

But by a Proclamation issued on the 13th January 1841, Officers in charge of Public Treasuries were authorized freely to receive Gold Coins struck in conformity with the provisions of the same Act XVII of 1835, at the rates indicated by the denomination of the pieces, until they should have passed certain limits of lightness set forth in a table published with the Proclamation or until further orders; and Gold coins have been thus received in liquidation of public demands up to the present date.

Notice is now given, that so much of the Proclamation of the 13th January 1841, as authorized the receipt of Gold Coins into the Public Treasuries of Government, will be withdrawn and cancelled from the 1st January 1853, and that on, and after that date, no Gold Coin will be received on account of payments due, or in any way to be made to the Government in any Public Treasury within the Territories of the East India Company.

Gold will continue as heretofore to be received into any of the Mints within the Territories of the East India Company for Coinage, under the Act and Rules at present in force for the Coinage of Gold, but Mint Certificates for Gold Coins will be discharged in Gold only, and no such Certificate for Gold will be accepted in any Public Treasury in liquidation of public demands, or on account of any payment to the Government whatever.

	mas.	fur.					Rs.	As.	Rs.	As.	Rs.	As.	Rs.	As.	

N. B.—The demurrage to be paid to each Bearer for detention is 1 Anna for the first day, and 3½ Annas for each succeeding day, reckoning from the time of the set being posted.

2. Travellers within the frontier will be furnished with Dâk Bearers on application to the authorities named in the margin, stating the places at which they will halt, and the number of hours they will remain at each. The Officer addressed will order the Bearers to be posted through the different authorities and inform the applicant in the event of any difficulty being experienced in laying his Dâk. In some places 10 days' notice will be requisite. The Traveller will be furnished with a list of places where the Bearers are posted by each authority on entering his range.

3. Each Traveller is henceforth required to pay the Bearers their hire and the charge for torch and oil, personally, on his arrival at the end of the stage, according to the English Memorandum (in the annexed Form) fur-

nished to the sea by the Officer posting them. The rate of charge for demurrage according to Rule 8 will be stated at the foot of the Memorandum and whatever amount may be incurred by the Traveller must also be paid at the end of stage. No relaxation of this rule will be permitted under any circumstances.

4. To protect Government from all loss, the application for a Dâk, in the case of parties belonging to Her Majesty's or the Honorable Company's Services, must be accompanied by an assurance in writing that all charges incurred for their Dâk will be paid on demand. From all other parties the security of a House of Agency for the payment of all charges on demand, is requisite; but the Officer laying the Dâk may, at his discretion and on his own responsibility, accept a written assurance to the same effect in lieu of the above security.

5. A set of Dâk Bearers will comprise fourteen men, viz., twelve Palankeen Bearers, one Massaljee and a Cawady Cooly. When Cawady Coolies cannot be procured, two Coolies will be employed instead at the same cost.

6. The rate of hire to be paid to the Bearers will be fixed by the local authorities. When Bearers are brought from a distance, the Traveller will be required to pay them the regular hire and travelling hire.

7. Sets of Bearers shall receive (3) three Pice each Bearer for every mile they travel to their post, which allowance is called travelling hire, except for such part of the road as they travel over again with a loaded Palankeen, for which part they shall not be entitled to travelling hire, unless the distance which they travel to their post exceeds 20 miles, in which case they shall be entitled to travelling hire for the whole distance, notwithstanding they return over a part or the whole of it with a loaded Palankeen.

8. If Bearers are detained on the road, they are to receive (1) one Anna each for the first day, and (1½) three and a half Annas for each succeeding day, from the party for whom they are posted, whether they are used or not, and after remaining 3 full days they will be discharged and without further instructions return to their homes, unless notice is given for their further retention. Bearers carrying an empty Palankeen shall be entitled to 3 Annas per mile, for the distance they convey the same, in addition to any travelling hire to which they may be entitled under these Rules.

9. When a Dâk has been ordered and circumstances may cause the Traveller to postpone his journey, or to abandon it altogether, he will be liable, to all charges actually incurred in like manner as if he had employed it.

10. When Bearers are posted for a Traveller, no other Traveller shall employ them, without the authority of the Officer who posted them; but should any individual so act in violation of the orders of Government, he will be liable, in addition to the hire of the Bearers used to all and every extra charge incurred, by the Traveller for whom the Dâk was originally laid.

11. In order to facilitate the keeping of accounts, all fractional portions of a mile will be struck out. If the fractional part exceed the half, the Bearers will enjoy the benefit of a full mile—if less than the half, they will not be entitled to any hire for the same.

12. All charges of hire shall be made agreeably to the Table of distances and routes in the Madras Road Book.

13. The load for a Cawady Cooly shall not exceed 50 lbs. weight, divided as nearly as possible, into two equal portions of 25 lbs. each.

14. All applications on the subject of Posting Bearers (except when made on Service by one Public Officer to another) shall be post paid, and

131

superscribed "Bearer Service," in order that no delay may occur in their being opened by the proper authority. If this is infringed, the Traveller will be held responsible for any charge that may be incurred consequent thereon.

15. In all cases of charges being made which to the parties concerned may appear irregular, the decision of the Post Master General shall be final, unless the charge complained of was made by the Deputy Post Master General, when alone an appeal is permitted to Government. Travellers are not, however on this plea to withhold payment from the Bearers of any sum entered in the Memorandum presented by them—all such objections will be subsequently adjusted.

16. It is to be understood, that although Government has directed its Public Servants to lay Dâk Bearers for the convenience of the Public, and will cause due pains to be taken to ensure regularity and a punctual attendance to all requisitions, yet that neither Government nor any of its Officers are to be held responsible to the Traveller, for any unavoidable disappointment he may meet with on his journey, or for the expenses consequent thereon.

17. All parties availing themselves of the services of the Officers of Government for laying Dâks are to be held as ipso facto binding themselves to adhere to the above Regulations.

18. Nothing in the foregoing Rules is intended to interfere with Travellers applying to private individuals to post their Bearers, should they prefer making their own arrangements without the intervention of the Public Authorities.

Published by order of the Right Honorable the Governor in Council.

H. C. MONTGOMERY,
Chief Secretary.

MADRAS RAILWAY COMPANY.

1. The Deed of Settlement of this Company was signed on the 26th July 1852; it was completely registered in September of that year, and was incorporated under the above name by Act of Parliament XVI and XVII, Vic. Ch. 46, for the purpose of making and constructing one or more Line of Railway in the Madras Presidency.

2. In December 1852 a contract was entered into between that Company and the East India Company to the following effect, viz. to construct an experimental Line of Railway, to commence at Madras and to take a direction towards the Western Coast of India, the estimated cost of which was 500,000 pounds sterling.

3. The East India Company engage to pay a sum equal to 4½ per cent. per annum on the capital raised by the Company and paid into their Treasury, to be expended in the construction and management of the works. Should the working expenses of the Line absorb the whole receipts of the Traffic, the Shareholders will, by the agreement, still receive their 4½ per cent. interest, should the receipts be in excess, the amount will be carried to the credit of the guaranteed interest until it amounts to 4½ per cent.; and should further profits be realized, half the excess is to go to the Shareholders of the Railway Company, and the remainder is to be paid over to the Government to reimburse them for the amount paid under their guarantee during the period of the construction of the Railway, and such other time as they may have been called upon to make payments on that account. Should the profits amount to more than 10 per cent., the rates of tolls are to be reduced.

On the other hand, if the Railway in its working should prove unprofitable, or from any other motive it may be deemed advisable within 99 years, the Railway Company have the power to abandon the Line to the East India Company after three months' trial of the working and six months' notice and the sum expended on the construction of the Line is to be reimbursed to them on an Annuity Commutation, i. e., instead of paying a gross sum of money it shall be at the option of the East India Company to pay an annuity to be reckoned from the time when the gross amount would be payable and to continue during the residue of the said term of 99 years. The East India Company grant a free lease of the Lands over which the Railway will pass for 99 years, and reserve to themselves the option of purchasing at the expiration of twenty-five and fifty years; Mails are to be carried free; Soldiers and Government Stores at the lowest rate charged for similar goods; the works to be constructed under the supervision of the Government.

4. By Acts of Parliament XVII and XVIII, Vic. Ch. 29, the Company were empowered to enter into further contracts with the East India Company for the extension of the said experimental Line of Railway to the Western Coast of India, and for a Branch Line to Bangalore, and to the foot of the Hills towards Ootacamund respectively, and power was given to the Railway Company to raise such amount as might be deemed necessary for carrying into effect the said contract. The East India Company have engaged to pay 5 per cent. on the capital, viz., £500,000 raised by the said Company, termed *First Extension Shares*; and have on a further increase of the Capital guaranteed to pay 4½ per cent. upon £1,000,000 sterling, termed *Second Extension Shares*, or such amount as might be paid into their Treasury, so raised by the Directors of the Company, and subsequently have engaged to pay 5 per cent. on an additional million for the Cuddapah Line.

5. By Act of Parliament XVIII, Vic. Sess. 1854-55, the Board of Directors of the Company are empowered to establish Offices in India for the issue of registration of Shares. Registers will be kept in Offices in India for the transfer of Shares, but none of such Shares are ever to be on the Register of more than one Office at one and the same time. Shares however, may be

transferred from one Register to another at the option of the holder, that is, from the Register at Madras, to the Register in London or vice versâ.

The Company have also engaged to construct a Line of Railway from Madras to join the Trunk Line from Bombay: estimated cost of construction £2,000,000.

6. The Madras Railway was opened for Traffic as far as Arcot, a distance of 65¼ miles on the 1st July 1856. To Vellore on the 1st of May 1857. And to Gorriattum on the 19th May 1858. Leaving the Arcot station at Amoor, the Line crosses the Poiney River at Trivellum by a granite bridge of 56 arches, thence keeping the left bank of the Palar till near to Amboor, where it will cross that river and continue along its right bank to about 10 miles west of Vaniembaddy, whence the Line tends southerly to the foot of the Shervaroy Hills. It passes near to Salem on to Coimbatore: thence to Paulghaut and terminates at Beypoor. The whole length of the Line is now under construction.

7. The names of Stations for the first 98 miles are given hereunder.

OBJECTS OF THE COMPANY.

The object of this Company is to afford Railway communication to the important provinces of Southern India, lying to the South of the existing Madras Railway, including Tanjore, Trichinopoly, Madura, Tinnevally, Coimbatore, Salem and Travancore, being the most populous and fertile districts in the Madras Presidency.

The operations of the Company for the present are confined to the construction of a line from Negapatam to Trichinopoly, a distance of 78 miles. It is intended that there shall be stations at the following places:—

Nedamungalum, Shalimungalum, Tanjore, Reevalore, Trivalore, Poodaleor all in the Province of Tanjore.

From Trichinopoly it is proposed that the line should hereafter extend northwards to join the Madras Railway about Erode, and southwards to Tuticorin.

The works on the Line have made rapid progress, and it is probable, that the Line may be ready to be opened for Traffic by September 1861. If deemed advisable the first 16 miles from Negapatam to Trivalore might possibly be opened some months earlier.

The Electric Telegraph has been opened to the public since 31st May 1860. The stations are Negapatam, Needamungalum, Tanjore and Trichinopoly and the terms are the same as a single distance rate on the Government Line.

Messages between Madras and Bombay, or Ootacamund and Bombay, are charged two distance rates, and Messages between Madras and Calcutta, 3 distance rates; between other Stations, messages are charged at the rate of one Rupee for every sixteen words transmitted four hundred miles.

A refund may be obtained for money paid for repeated messages in case of non-delivery, unreasonable delay or gross error, on condition the matter is represented within two months after the occurrence of the error.

BANGALORE, 10th August 1859.

RED SEA AND INDIA TELEGRAPH COMPANY.

62, Moorgate Street, E. C. London; *9th September* 1858.

Notice is hereby given that this Company will be prepared to transmit Messages for the Public on and after the 1st of October, and till further notice, between Alexandria and Aden; and that the following scale of charges has been fixed for *through* Messages over this portion of their line, viz.:

For a Message of Twenty words, including the address—

From Alexandria to Suez	.....	5s.
,, Kosseir	.....	11s.
,, Saukin	.....	21s.
,, Aden	.....	30s.

The Directors have entered into a provisional agreement with the Electric and International Telegraph Company for the transmission of their Messages to and from Alexandria, and Agents have been specially appointed for that purpose.

Arrangements have also been concluded with the Indian Government and the Peninsular and Oriental Steam Navigation Company with regard to Messages between India and Aden.

The only routes at present available between this Country and Alexandria are those *via* Marseilles and Trieste, but the Mediterranean Extension Company expect shortly to open their new line to Malta, whilst there is every probability that a direct communication with Alexandria will be established through Constantinople in the course of a few weeks.

In the mean time Messages for the Red Sea, India, Australia, or China can be despatched from any Station of the Electric and International Telegraph Company, *via* Trieste or Marseilles, at the following rates:

For a single Message of not exceeding Twenty words, including the address—

From England to Suez (including the charge to Alexandria)			£0	17 0
,,	Kosseir	,, ,, ,,	1	4 0
,,	Saukin	,, ,, ,,	1	14 0
,,	Aden	,, ,, ,,	2	13 0
,,	any Telegraph Station in India	,,	2	17 0

Half the price of a single Message being charged for every Ten words or fraction of Ten words in excess.

Thus, for a Message from England to India of from Twenty to Thirty words, the charge will be £4 5s. 0d.; from Thirty to Forty words, £5, 14s. &c.

Due Notice will be given of the Tariff *via* Malta as soon as the line comes into operation.

Messages for Australia and China will be forwarded by post from Aden.

Messages *from* India, with the full payment due upon them, at the above rates, will be received at any of the Government Telegraph Stations in that country, and forwarded by Telegraph to Bombay, and thence, by the first opportunity to Aden.

Messages from Australia and China must be sent by Steamer to the Company's Superintendent at Aden, and Deposits will be received at the Office of the Electric and International Telegraph Company at Lombury, as security for the payment of such Messages by the parties receiving them in England.

143

All Messages will be forwarded by the first vessel leaving either of the Company's Terminal Stations, Alexandria or Aden.

The Company will not be responsible in any case for delays arising either from the absence of such means of transmission, or from any interruption in the working of their Telegraph, or from any other cause.

*** *In order to provide as far as possible against mistakes in the transmission of Messages by the Electric Telegraph, every Message of consequence ought to be REPEATED by being sent back from the Station at which it is to be received, to the Station from which it is originally sent.*

Half the usual price for transmission will be charged for repeating the Message.

Any further information may be obtained at the Company's Office.

For Rules for the transmission of Messages by the Electric Telegraph, &c.] See Almanac *for* 1858, *page* 150.]

G. O. G. 16th May 1859, No. 213

The following Extract of a Military Despatch from the Right Honorable the Secretary of State for India, is published in General Orders:—

Despatch dated 14th *April* 1858, No. 65.

I have had under my consideration in Council, the rule under which Officers of 22 years Indian Service, are entitled to retire on the pay of their Regimental Rank. This privilege which is granted to Officers under the joint operation of the Regulations of 1796 and 1854, may in some cases be considered inoperative by the Regulation 1861, which precludes them from claiming for retirement the benefit of rank which they may attain after the expiration of 12 months from the date of their landing in England. It has therefore been resolved to rescind this restrictive rule, so far as it affects the cases of Officers who, after 20 years Indian Service counting for retiring pension, may return to this Country on leave, and to allow such Officers to claim for retirement the benefit of any rank they may attain prior to the expiration of their 22 years service.

20. Officers retiring in England are allowed the benefit of the rank they may hold at the expiration of twelve months from their arrival in Europe.

G. O. G. 6th July 1858, No. 98

No. 893 of 1858.—Under instructions from the Right Hon'ble the Secretary of State for India, the following is substituted for Government General Order* No. 108, of the 30th May 1856:—

Officers retiring in England from the Service shall be considered to have retired from the date of their application for leave to retire, or from the expiration of two years and a half from the date of the commencement of their Furlough, whichever shall first happen.

Promotions in succession to casualties, by death in England, shall have effect from the date of decease, or from the expiration of three years' absence from India, whichever shall happen first.

21. Officers retiring from the service in England will be considered to have retired from the date of their application, or from the expiration of two years and a half from the date of the commencement of their furloughs whichever may first happen.

* Vide Madras G. O. G. 18th May 1858, No. 187.

22. Applications from Officers to retire from the service in India, are to be addressed to the Right Honorable the Governor in Council under the signature of the parties and to specify the date, which must be a prospective one, from which the applicant wishes his retirement to take effect; and from the date so specified they, in the event of the decision of Government on their case not having been previously received, will, pending such decision, be exempted from the performance of all Military duty. Each application to be transmitted through the ordered channel of correspondence accompanied by a certificate of service from the Adjutant General, and certificate of no demands from the Accountant General.

G. O. C. C. 15th July 1853, No. 82.

23. The pay accounts of Officers serving in the Tenasserim Provinces, Straits Settlements, &c. applying for permission to retire are to be kept separate; and Officers so situated are not to sign the Abstract of their Troop or Company, but will not on that account be deprived of Command allowance.

24. In the cases contemplated in the preceding para. Officers Commanding Stations will send all Abstracts of previous charges to Madras for audit at the same time the individual's application to retire is forwarded.

25. The rates of Full Pension and Half Pay allowed to all Officers, whether of Cavalry, Artillery, Engineers, or Infantry, are as under:

		Full. £.	Full. s.	Full. d.	Half. £.	Half. s.	Half. d.

Captain	"	0	10	6	0	7	0
Lieutenant	"	0	6	6	0	4	0
2d Lieutenant, Cornet or Ensign	"	0	5	3	0	3	0

Applications for Leave.

"The above Officer is considered qualified to take Command of drafts of European Recruits

or

"—— to do duty with European Recruits."

or

O. C. dated 16th August 1854 No. 191, requiring all applications for leave to Europe to be submitted through His Excellency the Commander-in-Chief.

The Right Honorable the Governor in Council is pleased, in supersession of existing rules regarding the production of Certificates of "No Demand" by Military Officers when about to proceed on leave beyond Sea, to promulgate the following Rules for general observance.

1. Every Military Officer whether Staff, Regimental, or in Civil employ, on applying for leave beyond Sea, whether to Europe or elsewhere, under G. O. C. C. 26 July 1855, No. 84, excepted, will be required to submit with his application for Leave, a report from one of the Officers noted in the margin, according to his Department, stating whether, with reference to the information before him, there is reason to suppose merely as a special case on account of any disabled items outstanding against the applicant, or because of any thing suspicious or extraordinary in the state of the applicant's accounts.

2. The reporting Officer must not delay his report in ordinary cases, by references to head Officers, as with a proper system of despatch and proper vigilance on his part, he ought, in all ordinary cases, to have the means of judging in his own Office.

3. All Officers are reminded of the necessity of using every means in their power for the settlement of their accounts, in order to obviate inconvenience to themselves from any delay in the issue of the reports by the several Departments concerned.

Para 4. The Leaves of absence authorized by the foregoing paras may *not* be enjoyed by an Officer during the rest and same period of 6 months above specified, without any loss of allowances; provided that in every case the Officer requests the expiration of the particular leave obtained that is to say that an Officer cannot be absent at one time for more than 30 days on Regimental, 10 days on Station or 20 days on division leave. But it is to be clearly understood that no consolidated salary, command, Staff or contract allowance shall in any instance, be drawn by two Officers for the same period, and that the state be not put to any additional expense thereby; and in the case of Staff and Medical Officers and Veterinary Surgeons, that they make approved arrangements for the performance of their duties during their absence.

the distance of the District from the Presidency or any Sanitarium has been extended, for the same reason to the Trans Indus Territories: we do not however think it advisable that this privilege should be allowed to any Military Officers in Civil employ who while holding Civil appointments must abide by the regulations of the Civil Service on this respect.

The following General Orders by the Right Honorable the Governor General of India in Council, are republished.

Fort William, 2d August 1859.—No. 1099 of 1856.—The following Notification, from the Financial Department, is published in General Orders.

EXTRACT FROM THE PROCEEDINGS OF THE GOVERNMENT OF INDIA, IN THE FINANCIAL DEPARTMENT, DATED 12TH JULY 1859.

Extract from a Despatch from the Right Honorable the Secretary of State for India, No. 45 of 1859, dated the 18th May.

Para. 7.

G. O. G. No. 326 of 18th Aug. 1859.

Letter dated 18th January 1859, *No.* 8.

As stated in paragraph 8 of my Despatch in this Department, dated the 21st April 1855, No. 33, you had rightly doubted that the situation of Military Officers holding Civil appointments, to "the indulgence of three months' cumulative leave after thirty-three months' continuous service," had reference only to the period for which leave might be granted, and not to the allowances of the absentee. This rule must be adhered to.

Transmit, in continuation of Despatch, dated 28th December 1858, No. 30, copy of an Office Memo., requesting further information in regard to privilege leave to Military Officers in Civil employ.

4. The full period of three months' absence may, however, count as service for Pension, but if an extension of leave be applied for by a Military Officer, who has taken privilege leave under the Civil Rules, it must be subject to the Military Rules in regard to reduction of salary after the first two months' absence.

Para. 5. The fact of an Officer having very recently returned to his post from general leave does not debar him from the privilege of obtaining leave under Paras. 3 and 4.

Para 6. An Officer unavoidably overstaying the leave granted him under paras 3 and 4 will not be liable to forfeiture of Command or Staff allowances, except for the actual period in excess of the leave granted him by either of the above authorities. But it is always competent for the superior Station or Divisional authority to grant extension of such leave, on sufficient cause being shewn to avoid even this forfeiture. For instance an Officer unavoidably overstaying Regimental leave may have it converted into Station or Division leave, and in like manner Station leave can be changed into Division leave provided always the prescribed aggregate extent of leave which the different authorities are respectively permitted to grant is in no case exceeded. When an Officer, under the above circumstances, exceeds the 60 days allowed in each half year it will rest with the Commander-in-Chief to grant him an extension of leave to prevent forfeiture of pay and allowances for the period he may have overstayed his original leave.

GENERAL ORDER BY THE HON'BLE THE PRESIDENT OF THE COUNCIL BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, the 26th January 1860.

No. 91 of 1860.—The following Notification, from the Foreign Department, are published in General Orders:—

* * *

Fort St. George, 10th Feb. 1860, No. 67.

No. 250, Fort William, the 23rd January 1860.—*Notification.*—The following Resolution, passed by the Hon'ble the President in Council, in the Financial Department, under date the 6th instant, is published for general information:

RESOLUTION.—The Officiating Civil Auditor, Fort William, enquires with advertence to the case of Major Bouverie, Political Agent at Bhurtpore, whether, in the case of a Military Officer entering upon Civil employ, his score for privilege leave under the Civil Rules must commence from the date of joining his Civil appointment, or whether it must be calculated by the usual reckoning of 11, 22, or 33 months of uninterrupted service, irrespective of the Department (Civil or Military) in which such service may have been rendered.

2. Referring to this question, the President in Council observes that, when it was laid down that two or three months' accumulated privilege leave could be granted, under the Civil Rules, to Military Officers in Civil employ, it was intended that such leave should be earned by continuous service of the required number of months in the Civil Department alone.

Fort St. George, 17th April 1860, No. 170.

The following Extract of a letter from the Officiating Secretary to the Government of India, Military Department, to the Secretary to Government Military Department, Fort St. George, dated 3rd April 1860, No. 63, is published.

"With reference to your Letter No. 615, dated the 10th February last, I am directed to state for the information of the Honorable the Governor in Council, that His Excellency the Governor General is of opinion that the Military Secretariat to Government is certainly a Civil Department and that the Military Secretary-ship to the Governor or to the Governor General, is as certainly a Military appointment. Accordingly the Civil Rules for privilege leave are alone applicable to the former, and the Military Rules exclusively to the latter."

Fort St. George, 27th July 1860, No. 341.

The Governor in Council is pleased to authorize the Principal Inspector General, Medical Department, to grant privilege leave to Medical Officers in Civil employ at the Presidency, the same being notified in every case in the Official Gazette. Leave to Medical Officers in Military employ will, however, continue to be granted as heretofore.

G. O. G. 3d Feb. 1860, No. 89.

The Governor in Council directs that the following rule, contained in G. O. by His Excellency the Commander-in-Chief in India dated Simla, 12th July 1859, be extended to this Presidency.

Leaves of absence, preparatory to furlough, whether on private affairs or on sick certificate, must always be *general*, and not *privilege* leave.

Para. 6.—Should an Officer on leave under Paras. 3 and 4 be put on duty by the Commander-in-Chief at a station at a distance from his own, on a date which, with reference to such distance, would admit of his rejoining, by any mode of travelling within the period of his leave, he will be entitled to compensation for loss of allowances for the period of his detention beyond the expiration of his leave, but if put on duty at a time and place from which he could not with reference to distance rejoin within the period of his leave by any mode of travelling, he will not be entitled to compensation for any period of absence from his Regiment.

Para 7.—The above rules are applicable to Divisions and Forces, both within and beyond the Frontier.

By order of His Excellency the Commander-in-Chief.

W. G. WOODS, Lieutenant Colonel,

Adjutant General of the Army.

New Furlough Regulations.

FORT ST. GEORGE, *5th December* 1854.

No. 288 of 1854.—The following General Order by the Most Noble the Governor General of India in Council, is republished for the information of the Army.

GENERAL ORDER BY THE MOST NOBLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

Fort William, 17th November 1854.

With the view of adapting the Regulations to the present increased facilities of communication, and to correct, as far as possible, any tendency in them, to deter Officers from resorting to the places which may be most conducive to the restoration of their health, when a change of climate is required for that purpose, the following Rules are established, and are to have effect from the 1st February 1854:—

G. O. C. C. 5th May 1854, No. 36, is cancelled and (as required by para. 1, G. O. 1. All Regimental Officers in the Service on the 1st February 1854 who prefer retaining what may be considered the advantages of the Old Regulations, may do so, provided they signify their wish to that effect when they next apply for Furlough or leave of absence, without any limitation whether such leave be in India or elsewhere; and Officers who once make their election will not be entitled to any other choice, but will be afterwards subject to the New or Old Regulations according to their decisions.

In the event of an Officer applying for leave omitting to signify his wish as above, he will be considered as having made election of the Furlough regulations of 1851.

G. O. C. C. 7th Feb. 1855, No. 4.

With reference to para. 1. His Excellency the Commander-in-Chief is pleased to direct that in all future applications for leave by Commissioned Officers whether on private affairs or medical certificate, a N. B. to the following effect shall be inserted at the foot of the application.

N. B.—"This being the first occasion of applying for "leave since the publication of G. O. C. C. 9th December "1854, No. 36, Captain A. B. makes choice of 'the old Fur-"lough regulations,' or 'of the regulations of 1854,) as the case may be.

Or

N. B.—"Captain A. B. has on a prior occasion made election of 'the old furlough regulations,' or the regulations of 1854 as the case may be.

With reference to paras. 1 and 2. *M. C. No.* 3102, 20th Oct. 1854, *also previous election of Code of Indian allowance published in G. O. C. C. 3d Oct.* 1856, No. 23.

1. All Officers, Staff as well as Regimental, must declare their choice of rules on the first occasion of taking leave, whether the leave be to India or elsewhere; and, if the leave applied for be to India under the local rules, Staff Officers may make choice of the Old Regulations, still retaining their Staff Appointments, but, after having elected the Old Regulations, they vacate their appointments on embarking for Europe or the Cape or elsewhere beyond Sea, except for short periods not exceeding three months under rule 38.

With reference to paras. 1 and 2. *M. C. No.* 3433, 30th Sept. 1856.

2. An Officer having made election of the Old Furlough Regulations while doing Regimental duty, cannot change to the Regulations of 1851 on subsequently obtaining a Staff Appointment.

The following letter from the Government of India, dated 23rd April 1860, No. 952, and the enclosure therein referred to, are published for general information.

I am directed to transmit to you, for the information of the Honorable the Governor in Council, the annexed copy of a letter from the Adjutant General of the Army, No. 298 A, dated 6th instant, drawing attention to Military Officers in Civil employ occasionally obtaining leave of absence from the Civil authorities, without declaring the Regulations under which the leave is taken, and stating that the Commander-in-Chief is of opinion that all Officers in Civil, or Military employ, should be put on the same footing in respect to leave, whether in or out of India.

Fort St. George, 15th May 1860, No. 234.

From Lieutenant-Colonel W. Mayhew, Adjutant General of the Army, to the Officiating Secretary to Government of India, Military Department,—(No. 298 A, dated Camp Surreelee, the 6th April 1860.)

Sir,—I am directed by the Commander-in-Chief to request you will be good enough to draw the attention of the Government to the fact that Military Officers, in Civil employ, occasionally obtain leave of absence from the Civil authorities, without declaring the Regulations under which the leave is taken, whereas those in Military employ are without exception obliged, on the first occasion of taking leave, to elect either the Old or the New Rules.

2. The Commander-in-Chief is of opinion that all Officers in Civil or Military employ should be put on the same footing in respect to leave, whether in or out of India.

3. To those Officers who adopt them, the New Regulations will apply retrospectively in respect of Furlough and leave of absence beyond sea, and in computing their time of service for retirement, so that their Furloughs or leaves of absence, whether under the Old or the New Rules, and whether on private affairs or sick certificate within or beyond India, will count for service to the authorized extent only, in computing the time for retirement on full pay.

4. Officers who have availed themselves of the option of the Old Rules, are allowed to re-consider the question under the modifications now sanctioned.

5. Officers who have not taken leave subsequent to the publication of the New Rules on the 1st February 1854, and who consequently may not have been called upon to declare whether they would abide by the Old or the New Regulations, will, on retirement from the Service, be entitled to take full advantage of the privileges given by the New Regulations.

Furloughs on Private Affairs.

6. Every Officer will be allowed a Furlough to Europe, or elsewhere, beyond sea, for a period of two years at the expiration of ten years' service, and for a second period of two years after twenty years' service in India.

We have to state in reply to your enquiry, that an Officer proceeding on leave to England for six months, retaining his appointment or otherwise, is not to be considered as having taken his authorized Furlough after ten or twenty years, as the case may be, but may, with your permission, be allowed at any time to take the remainder of the two years authorized Furlough on private affairs.

The Right Honorable the Governor General of India in Council is pleased to notify that the Honorable the Court of Directors, in their letter No. 14, of the 25th April 1856, have communicated the following Decisions regarding the new Furlough Rules, published in Government General Order, No. 1158, dated the 17th Nov. 1854 :

G. O. G. 1st July 1856, No. 131.

Referring to Rule 6, 7.—Officers who take their first Furlough after twenty years' service in India, may take their second Furlough after an additional service of five years from the date of their last return to duty.

Referring to Rule 3.—Absence for six months under this Rule does not preclude an Officer from taking his Furlough to Europe after ten years' service.

With reference to paras. 6, 7 & 8. *M. C. No. 1411, 10th May 1853.*

3. An Officer of upwards of 20 years' service, but who before completing that period has enjoyed a furlough on private affairs to Europe, for any four years, for 3 of which he drew pay, has a claim to a second furlough of one year with pay, on the completion of 10 years from the date of his return to duty.—And, if subsequently to his return from Furlough, he has taken leave out of India on S. C. his second Furlough on private affairs will not be claimable till the expiration of six years from return to duty from such sick leave as well as 10 years from the date of return to duty from Furlough on private affairs.

N. B.—This Rule is not applicable to an Officer who takes his first Furlough out of India after completing 20 years' service ; vide para. 4 of this order.

With reference to para. 3. *M. C. No. 2703, 30th Oct. 1856.*

4. Officers who have proceeded on sick leave to Europe after a period of 12 years' service, it being the first time of their quitting India, can, as in the case of Officers who take their Furlough after the same period, take a furlough on private affairs after 5 years from the date of their return to duty.

With reference to paras. 9 and 13. *M. C. No. 2630, 25th Sept. 1856.*

5. An Officer on the Staff removed from one appointment to another is not allowed to retain his new appointment after quitting India, unless he has attained the age of 41.

The following Extract from a Military Despatch from the Right Honorable the Secretary of State for India, is published in General Orders :—

G. O. G. 24th June 1859, No. 480.

Despatch dated 25th May 1859, No. 87.

Para. 4. I have to inform you that it has been decided that those Officers who have been allowed to count their leave on sick certificate as service for pension, will be ineligible to a furlough on private affairs, until they have served six years in India from the date of their return to duty.

10. All Officers, whether Staff or Regimental, while on Furlough on private affairs, will be entitled to "Furlough pay" only.

Leave of absence on sick certificate.

11. Leave of absence on sick certificate will be granted for a term not exceeding eighteen months, whether it be to any place in Europe or elsewhere out of India.

12. Extensions of such leave may be granted, as at present, on production of Medical certificates, for further periods not exceeding eighteen months in the whole.

With reference to para. 13. *Calcutta Gazette, 4th April 1855. Notification in Foreign Department.*

No. 1884.—The grant of leave of absence to Staff Officers, on Medical Certificate, with half Staff Allowances, for six months, and with the privilege of returning to their Offices, if their absence from India be not prolonged beyond fifteen months, is bestowed by the Honorable Court, in order to enable such Officers to regain their health and in the expectation, that they will be thereby qualified to render additional service to the Government. But if leave of

13. *An Officer holding a Staff or other detached appointment will be allowed to be absent on sick certificate in England or taken leave of absence on sick certificate to Europe or elsewhere beyond sea, will be ineligible to a Furlough on private affairs until they have served six years from their last return to duty. This rule does not apply to short leave to sea.

8. All grants of Furlough on private affairs are subject to the exigencies of the Public Service, and to the Regulations framed for the preservation of the efficiency of each Regiment by limiting the number of absentees.

9. Officers holding Staff or other detached appointments may be allowed Furlough for a period of six months without losing their appointments; but during that period, they will not be entitled to any portion of their Staff Salary, which will be drawn in full by the Officers officiating for them.

absence be taken merely to run out a prescribed period of service, and without any intention of returning to duty, the principle on which the rule is founded is infringed, and the indulgence of the Honorable Court is abused; wherefore the Right Honorable the Governor General in Council hereby notifies for general information, that, if there be an avowed intention on the part of an Officer not to return to duty, or if the Government have valid grounds for concluding that the Officer has no intention to return to duty, the indulgence of leave on sick certificate, retaining Office, will not be granted in future.

The foregoing was declared to be a Notification, No. 2129, dated 16th April 1856, republished in G. O. G. 23 May 1856, No. 139, to be applicable to all Military Officers holding Political or Civil appointments, either under the Government of India or under any of the Subordinate Governments.

G. O. C. C. 18th November 1856, No. 92.

6. If an Officer, having proceeded on leave in India on Medical Certificate and enjoyed the indulgence to the full extent, proceeds on leave on Medical Certificate out of India without having returned to duty, the existing Regulation which precludes receipt of Indian allowances for a longer period than two years of continuous absence from duty, is a bar to his drawing Indian allowances for the first six months or for any part of his fresh leave.

Letter dated 4th April 1856, No. 139.

2. Government have decided that Staff Officers returning from leave beyond Sea, under the New Furlough Rules, are entitled to half Staff salary from the date of their return to India, and that the acting incumbents revert to half Staff Allowances from the same date.

3. The New Furlough Regulations made no alteration in the old rules governing the resumption of Staff Allowances on return to duty. Under those rules an Officer who had ceased, prior to his return, to be entitled to Staff Allowances, could not draw any portion of them from an earlier date than that of his resumption of his Staff duties. We think it undesirable to make any change in this respect.

elsewhere, beyond sea for a period of fifteen months, without losing his appointment; and, during the first six months only of such absence, he will be entitled to draw half the Staff Salary of his appointment, the Officer officiating for him drawing the remaining half salary during the first six months, and the whole salary during the remainder of the time.

14. An Officer's claim to half Staff Salary for six months, as sanctioned in the preceding Rule, will not be affected by his subsequently retiring from the service in Europe or elsewhere.

15. No portion of Command Allowance, Medical Staff Salary or other similar allowance, which under the Old Rules was inadmissible to Officers absent from their Corps or Stations at the Cape or elsewhere, will be allowed to absent Officers under these Regulations.

16. * All Officers, whether Staff or Regimental, while on leave of absence on sick certificate, will be entitled for a period of six months to the same rate of Indian Pay and Allowances as was drawn under the Old Regulations by Officers proceeding to the Cape on medical certificate, and for the remaining period of their leave they will receive Furlough pay only.

17. If the leave on sick certificate be extended, Furlough pay will be sanctioned not under any circumstances for a longer period than three years altogether from the commencement of the absence.

Staff Officers.

18. The term Staff Officer applies to all Officers holding Staff or Detached appointments, Military (General or Regimental,) Political or Civil, also to General Officers commanding Divisions, Members of the Medical Board, Superintending Surgeons, and others who, under the Old Rules, were entitled to draw half Staff allowance when absent at the Cape.

With reference to para. 19. *G. O. G. G. 4th Sept. 1858, No. 904.*

The following paragraph of a Military Letter, from the Secretary to the Court of Directors to the Government of India, No. 34, dated 30th June 1858, is published for general information:—

G. O. G. 18th September 1858, No. 337.

Letter dated 8th April 1858, No. 42.

Submit the question whether as Officers are, on their first application for leave of absence on Furlough, to declare whether they will abide by the old or accept the new Furlough Rules, Staff Officers who apply for leaves to the Hills or elsewhere in India are to vacate their Offices like those who take leave to the Cape or elsewhere beyond sea. Government observe, that if this were so, the Rule would have the effect of debarring such Officers from all leave, however short, in excess of the privileged leave of one month in six.

1. Staff Officers applying for leave in India are not required, by the new Furlough Rules, to vacate their Staff appointments. We therefore approve and confirm the view we have taken of the Regulations.

19. † Staff Officers, absent on leave beyond the periods stated in Rules 9 and 13 respectively, cannot retain their appointments and allowances except on special grounds, to be sanctioned by the Government of the Presidency. Any such special grant of leave is to be reported at once to the Hon'ble the Court of Directors, with the reasons for it, and to be subject to their approbation.

* Vide margin of rule 13. † Vide margin of rule 1.

With reference to para. 19. G. O. C. C. 3d October 1854, No. 93.

1. The Commander-in-Chief directs it to be notified that under a decision of the Government of India, the new furlough regulations are held, not to affect the rules heretofore in force with respect to leave in India, and that consequently a Staff Officer obtaining leave of absence in India on private affairs for six months, or on medical certificate for two years, retains during such absence a moiety of his Staff salary as sanctioned by the regulations for the grant of leave in India which are still in force.

2. A Staff, as well as a Regimental Officer is required, when first applying for leave, whether in or out of India, to declare by which of the furlough regulations he wishes to abide. A Staff Officer having made his election can take his leave in India as above stated, and should he afterwards require to proceed to England, the retention or otherwise of his appointment will depend upon which of the rules his first election, and from which he cannot afterwards change.

3. In the event of a Staff Officer electing the new furlough regulations and taking leave in India, the whole of the leave he has previously enjoyed from the date of his entering the Service, excepting the periods allowed by those rules to reckon as service, must be reckoned against his period of service for retirement.

The following Extracts from a Military Despatch from the Honorable the Court of Directors, are published.

3. Extension of leave without loss of appointment to Surgeon James Shaw Superintendent of the Eye Infirmary.

28. This is the third instance within a very short time in which the privilege of continued tenure of Staff appointment has been recommended merely on the ground of a continuation of the Medical Certificates. If this system were admitted, the Rule which limits absentees to the privilege of fifteen months' absence on medical certificate must necessarily be abandoned.

25. You will have seen by our letters of the dates noted in the margin that we have declined to sanction the retention of Staff appointments beyond the term of 15 months recommended on the ground of continued sickness. The Regulations state that such retention of Office can be only sanctioned on "special grounds," to be reported to us and subject to our approbation.

With reference to para. 19.

"I am directed to acquaint you, for the information of the Right Honorable the Governor in Council, that it has not been the practice to place Officers who exceed the authorized period of absence, during which they retain their Staff situations, at the disposal of the Commander-in-Chief of the Government of the Presidency to which they belong.

G. O. G. 31st May 1859.

With reference to para. 19.

Letter dated 21st April 1859, No. 38.

Having considered in Council your dispatch, No. 25, dated 11th February 1858, enforcing instructions as to what may be admitted as special grounds for permitting a Staff Officer, absent on medical certificate, to retain his appointment for any period beyond 15 months, I have to express the desire of Her Majesty's Government that this indulgence should be very rarely granted, and only in cases where it is important on public grounds to retain an Officer's services in a particular appointment or where the distinguished services of an Officer may entitle him to special consideration.

19. The privilege of retaining Staff appointments during leaves of absence on sick certificate, or on Furlough on private affairs, will not be available a second time, if the fresh leave is on sick certificate, until an Officer has been three years, or if on private affairs, until he has been six years in the discharge of the duties of his appointment, from the date of last return to it.

With reference to para. 31. G. O. C. C. 3d July 1856, No. 78.

His Excellency the Commander-in-Chief directs it to be published in General Orders for the information of the Army, that the Government of India has fixed three (3) months as the maximum period which is to be understood by the terms "short leaves" and "leaves for brief periods," used in rules 7 and 21 of the new furlough regulations.

21. This Rule, however, does not apply to leaves of absence, whether on sick certificate or on private affairs in India, or for brief periods to Ceylon, the Mauritius, or other places out of India.

27. Officers commanding Troops of Horse Artillery and Light Field Batteries, and Officers generally in employment, will be allowed leaves out of India under the same Rules with respect to allowances and tenure of Command or Office as regulated the grant of leave to the Cape to such Officers under the Old Regulations, except as to the duration of those advantages, the term for their continuance being subject to the provisions of the New Regulations.

Date of Furlough and Advance of Pay.

32. The period of Furlough on private affairs, or leave of absence on sick certificate, is to be calculated from the date of the departure from India of the ship in which the Officer proceeds.

1. It is not imperative on Officers to draw advances under this paragraph is allowed either to take the advance or to draw pay and allowances in arrears in England.

24. Advances of Pay and Allowances, Staff and Regimental, to Officers proceeding on leave of absence on sick certificate, who may be entitled to them, will be made in India for three months from date of embarkation. Payments in continuation will be made in England at the rates of exchange fixed annually for re-payment of advances made on account of Her Majesty's Government. Furlough pay will continue to be issued in advance for six months when required by Officers obtaining Furlough on private affairs.

25. The existing Regulations regarding Passage Money to Officers are not affected by these Rules.

His Right Honorable the Governor in Council is pleased to direct the publication of the following Bengal rule, and to sanction its extension to the Officers of this Presidency.

G. O. G. 13th June 1856, No. 177.

"Should an Officer who is on privilege leave not rejoin his Corps, but be absent "on furlough or leave of absence, for one year and eleven months' leave on private affairs, "or one year and eleven months' leave on Medical Certificate, he will retain "his full salary or allowances for the thirty days of privilege leave, which will "also count as service, but he will, nevertheless, forfeit all Military Allowances on completing six months or two years' absence, as the case may be, "reckoned from the date that he quitted his Corps and station."

With reference to paras. 26 & 31. *M. C. No.* 514, 26th *Feb.* 1856.

8. In estimating the period of an Officer's absence on furlough in India, the day of departure from a Regiment or appointment is to be reckoned as one of leave, and the day of return thereto as one of duty. In like manner as regards Furlough beyond India, the date on which the vessel conveying the Officer from India puts out to Sea, is to be reckoned as one of Furlough and the day on which he returns to his Presidency as one of duty.

With reference to paras. 26 & 31. *M. C. No.* 901, 18th *April* 1856.

9. An Officer entering the Service and obtaining leave to visit a station not the Head Quarters of his Regiment and to join the Corps to which he is posted, and who actually does join within the period sanctioned by Regulation for the purpose of joining by the direct route, is allowed to reckon such leave as service for pension.

The principle of this rule is applicable to Officers who on return from leave out of India are allowed to visit a Station out of the direct route to the Station to which they belong.

G. O. C. C. 18th Nov. 1856, No. 92. — With reference to paras. 26 & 31. *M. C. No.* 2702, 20th *Oct.* 1856.

10. Leave for one month, granted to Officers in Civil employ under Section XI (amended) old Civil Service Absentee Regulations, is not to be deducted from Service, it being considered in the same light as one month in a privilege leave granted to Military Officers.

With reference to paras. 26 & 31. *M. C. No.* 2744, 4th *February* 1856.

11. The period during which Officers may have been or may hereafter be absent on leave for the purpose of accompanying Insane or Sick Officers is allowed to count as service for pension.

With reference to paras. 26 & 31. *M. C. No.* 2702, 20th *Oct.* 1856.

12. If an Officer is placed on duty while on leave of absence, whether on Medical Certificate or private affairs he will be allowed to count as service for pension the whole period he may be so employed, i. e., from the date of the order nominating him to such duty to the date of the order relieving him, both inclusive.

Officers of H. M.'s Services.

27. Officers of Her Majesty's Service in India, whether employed Regimentally or in Staff or detached situations, are entitled to the advantages above laid down in respect to allowances and tenure of office when on furlough or leave of absence.

28. In the case of Officers of Her Majesty's Service on Furlough on sick certificate in England or elsewhere, who may retire or exchange into Regiments not on the Indian establishment, the grant to these Officers of Indian allowances will cease from the date of their retirement or exchange, if it take place before the expiration of six months from the date of quitting India.

With reference to para. 29. *M. C. No.* 2702, 20th *October* 1856.

13. An Officer returning from Europe or Sea is allowed to count as service one month for preparation at the port of debarkation and marching distance to his Corps or Department in addition.

With reference to para. 29. *M. C. No.* 2702, 20th *October* 1856.

14. An Officer going to Europe or Sea is allowed to count as service in addition to marching distance to the Presidency or nearest port of embarkation, the same period for preparation prior to embarkation as allowed to Officers returning from Europe, viz. one month.

With reference to para. 29. *M. C. No.* 901, 18th *April* 1856.

15. Officers obtaining leave preparatory to final leave out of India, but who after arriving at the Presidency or other port of embarkation abandon their intention of leaving the country, cannot reckon as service the period they may have been absent from duty on such preparatory leave which then assumes the nature of ordinary leave in India.

G. O. C. C. 18th November 1856, No. 92. — With reference to para. 29. *M. C. No.* 2702, 20th *October* 1856.

16. An Officer who proceeds on *Furlough* to the Presidency or other port, (not preparatory to applying for leave to proceed to Europe or elsewhere) and while there obtains a Sick Certificate to Europe or other place out of India, is not entitled to count as service the period allowed by Regulation for proceeding from the station of his Regiment or appointment to the port of embarkation; but he can reckon as service the period of one month allowed at the Presidency or port of embarkation preparatory to embarkation.

With reference to para. 29. *M. C. No.* 2702, 20th *October* 1856.

17. If instead of being at the port of embarkation, he is at another port, or at an inland station, when he obtains the Sick Certificate to quit India, he will be allowed the time authorized for travelling from the station at which he may be when he obtains his Sick Certificate, to the port of embarkation.

With reference to para. 29. *M. C. No.* 2702, 20th *October* 1856.

18. If an Officer while absent on ordinary Sick Certificate in India, quits India on Sick Certificate, or who having proceeded on ordinary leave on private affairs to India obtains a Furlough out of India, he is entitled to count as service the period allowed for proceeding from the station at which he may be when he obtains leave to quit India, to the port where he ultimately embarks.

of Regimental pay and allowances and Staff salary to which they would have been entitled under the Old Regulations if proceeding to sea on medical certificate.

This information is necessary in order that no difficulty may arise in the Pay Department of the India House in adjusting the several payments which may be due.

Periods of absence allowed as Service for Retiring Pension.

29. In order that all Officers quitting India on Furlough, or sick certificate, may be placed on an exact equality as regards loss of time, the period allowed by Regulation for proceeding to the Presidency or to the nearest port of embarkation, as well as the time to enable Officers to rejoin their corps or station after their return to India, will be considered as time counting for service for the retiring Pension.

Fort St. George, 20 Feb. 1856, No. 53.

The Governor in Council directs that the following rule, contained in a letter from His Excellency the Commander-in-Chief in India, dated Simla, 17th July 1855, be extended to this Presidency.

Leave of absence, preparatory to furlough, whether on private affairs or on sick certificate, must always be *general* and not *privilege* leave.

G. O. C. C. 18th November 1856, No. 92.

With reference to paras. 30, 33, 34 and 35 *M. L. Reg.* 1851, 28 *Nov.* 1855, and *No.* 218, 18th *April* 1856.

15. An Officer who has served 20 or 24 years shall not more than be entitled to reckon two years' absence as service.

Rule 33 gives the minimum period of service which entitles an Officer so situated to retire on the Pension of a Captain or Major; but an Officer who has served beyond those periods is entitled to the benefit of Rule 30 by which extended periods of absence are allowed to reckon, regulated by the length of the Officer's service. For instance, an Officer who has served 20 years, and no more, and had only 2 years' leave must still perform one year's duty before he can retire as a Captain; whereas an Officer whose aggregate service is 26 years out of which he has enjoyed leave for 14 years and no more, can retire as a Captain at once.

G. G. G. 13th September 1837, No. 288.

With reference to para. 31, G.O.G.G. No. 1113 of 1837.—The following Extract, Paras 18 and 19, of a Military Letter, from the Honorable the Court of Directors to the Government of India, No. 134, dated 22d July 1857, are published for general information:—

Extract.

Letter dated 4th March 1857, No. 42.

Request Court's decision on the question whether leave of absence in or beyond India taken in consequence of wounds received in action shall be, or whether the leave shall allowed to reckon as service for pension both under the old and new Regulations.

18. By the Regulations established for the promotion of Lieutenant Colonels to the rank of Colonel after three years' service, it is provided that no longer period than one month in each year or a total of three months in three years, or six months in six years shall be allowed to reckon as service for the pension. All leave to a greater extent, granted by Political and other authorities, whichever not hitherto have been published in General Orders must be so announced hereafter.

19. In reply to the question now put to us, we have much satisfaction in stating that we are prepared to extend the benefits of the exception above specified to the time required for retirement on full pay. Every claim to the benefit of this exception must be duly certified by a Medical Board, and be forwarded to us for our decision, accompanied by the opinion thereon of the Government and Commander-in-Chief of the Presidency to which the Officer belongs.

G. O. G. 13th September 1851, No. 288.

No. 32.—With reference to G. O. G. 13th September 1851, No. 288, the Commander-in-Chief desires it to be notified that the privilege of reckoning the time of absence in the period of Service required for retirement on full pay is authorized "in cases of wounds" or illness contracted by service in the "Field, only certified by a Medical Board, when each case will "be separately considered with reference to the time to be "allowed."

G. O. C. C. 21st Mar. 1838.

In all such cases a specific description to be given in a report by a Medical Board of the nature of the illness, and of the grounds upon which it is considered that the illness has been contracted by service in the Field.

All such grants should be made for periods not exceeding 18 months to be extended if necessary.

30. No Furlough of leave of absence as announced in General Orders, exceeding two years in twenty years' aggregate service, three years in twenty-five years' service, and four years in thirty years' service, shall be allowed to count as service for the lifetime Pension; and no difference will be made in this respect between leave of absence taken in Europe or elsewhere, in or out of India, or whether the leave be on sick certificate or on private affairs.

31.* In the term "Leave of Absence as announced in General Orders" is to be included all leave of absence except the period allowed in Rule 29, and the ordinary indulgence of one month's leave in six months, as authorized by the existing Regulations, and which are in all cases, whether of Regimental or Staff Officers, to be allowed to count as service for the pension. All leave to a greater extent, granted by Political and other authorities, whichever not hitherto have been published in General Orders must be so announced hereafter.

†32. Officers to be entitled to retire on the full pay of their Regimental rank (under the Regulations of 1796,‡) and have served twenty-two years in India, out of which leaves of absence for two years to the aggregate and not more will be allowed to count as service for the Retiring Pension.

33. Officers to be entitled to retire on the full pay of Captains and Majors (under the Regulations of 1796,‡) must have served twenty

† REGULATION OF 1796.

FORT SAINT GEORGE, 26th December 1796.

G. O. by Government.

The Right Honorable the Governor in Council is pleased to publish to General Orders to the Army the following Extracts of a letter received from the Honorable the Court of Directors, under date the 5th of May last.

Para. 31st. In regard to the second point mentioned in the Commander-in-Chief's minute, all Officers who have served twenty-two years in India (to be computed from the periods before-mentioned) are permitted to retire on the full pay of their rank—but if after serving that time successively they come to Europe on furlough, they are to be subject to the regulations prescribed in our letter of the 6th January 1796, relative to Officers wishing to retire, when on furlough.

‡ REGULATION OF 1796.

FORT ST. GEORGE, 26th December 1796.

No. 43 of 1838.—The following General Order by the Honorable the President in Council, under date the 28th December 1837, No. 219, is published for the information of the Army:

The following Extracts from Military Despatches from the Right Honorable the Secretary of State for India, are published.

Despatch dated 26th September 1858, No. 148.

Letter dated 29th June 1858, No. 123.

Submit letter from the Adjutant General forwarding one from Captain J. MacVicar, 41st N. I., claiming to be permitted to count as service for retirement the period passed by him on leave of absence on medical certificate since 1842, and request to know whether the provisions contained in the 18th and 19th paras of the late Court of Directors despatch to the Government of India dated 22d July 1857, No. 134, are to have retrospective effect.

Para 2. It was not the intention of the late Court of Directors to give retrospective effect to the privilege granted in July 1857, to Officers wounded or loosing their health on active service, to count as service for retiring pension their leave of absence on medical certificate.

3. The claim of Captain MacVicar is therefore inadmissible must be disallowed.

G. O. G. 8th November 1856, No. 1135.

and twenty-four years respectively, out of which time leaves of absence for two years in the aggregate, and not more, will be allowed to count as service.

34. Officers to be entitled to retire as Lieutenant-Colonels must have served twenty-eight years, out of which leaves of absence for three years in the aggregate, and not more, will be allowed to count as service.

35. Officers to be entitled to retire as Colonels, must have served thirty-two years, out of which leaves of absence for four years in the aggregate, and not more, will be allowed to count as service.

36. The scale, for Medical Officers and Veterinary Surgeons, of privileged Furlough, and leave of absence, as counting for the Retiring Pension, will be as follows:—

Years.	Months.	
1	8	in 17 and under 20 years' service.
2	0	in 20 " " 25 " "
3	0	in 25 " " 30 " "
4	0	in 30 and upwards.

37. It is to be distinctly understood, that under no circumstances whatever will an Officer be permitted to retire on full pay, until he has completed the *full time of service* above specified, whether he be in England at the close of his service or elsewhere.

38. The privileged time of absence may, with the permission of the local Government, be taken at any time subject to these Regulations. If therefore, at the end of twenty-years' service, of which eighteen had been passed on actual duty in India, an Officer should be on Furlough, or sick certificate in Europe, or elsewhere, he will be entitled to retire on the full pay of a Captain without returning to India, and so in the other terms of service for the higher pensions. In like manner a Medical Officer on Furlough, or sick certificate in Europe, or elsewhere, at the end of seventeen years' service, fifteen years and four months of which had been passed on actual duty in India, will be entitled to retire on the lowest rate pension, without returning to India, and so in the other terms of service for the higher pensions.

39. These Rules do not in any way affect the existing Regulations regarding the grant of leave in India, or for short periods to sea, whether on private affairs or on sick certificate, except as to the periods of such absence being taken into calculation in the time allowed to count as service for retirement on full pay.

(Signed) R. J. H. BIRCH, Colonel,
Secy. to the Govt. of India, in the Mily. Dept.

(Signed) C. A. BROWNE, Lieutenant Colonel,
Secretary to Government.

By Order of His Excellency the Commander in Chief.

W. G. WOODS, Lieutenant Colonel,
Adjutant General of the Army.

GENERAL ORDERS BY THE HONORABLE THE PRESIDENT IN COUNCIL.

Fort William, 28th December 1837.

No. 228 of 1837.—The Honorable the President in Council has much pleasure in publishing to the Army, the following Extract (Paragraphs 2 to 5) of a letter from the Honorable the Court of Directors, to the Government of India, No. 5, dated 20th September 1837, announcing the grant of additional advantages to the Senior Officers of the Army in respect of Retiring Pensions.

"Para. 2. In our Letter of the 23d December 1835 we announced to you that as we considered it hopeless to expect that any Military Retiring Fund could be successfully formed, we have thought it right so far as we could feel justified in doing so to provide for the views contemplated in schemes of that nature by an enlargement of the Retiring Regulations, and that we had in consequence resolved to grant the full pay of Captain to every Officer who should have served in India 22 years (3 years furlough included) whether he had attained that rank Regimentally or not, and the full pay of each of the superior ranks of Major, Lieutenant Colonel and Colonel after the completion of an additional period of 2 years service for each of those ranks in succession, viz.

For Major's pay	24 years service,	including 3 years for a furlough.	
For Lieutenant Colonel's pay	26	do.	do.
For Colonel's pay	28	do.	do.

2. Being now of opinion that some additional advantage in respect to the periods of retirement may properly be granted to the Senior Officers who would have been more especially the immediate objects of benefit from a Retiring Fund, had such a Fund been established, we have resolved that the period of service, to qualify an Officer for the pay of each advanced rank after that of Captain, shall be reduced from five to four years, the periods of service in India required for each rank being consequently hereafter as follows, viz.

Every Officer who shall have served 19 years (3 years furlough included) shall be allowed to retire on the Pay of a Captain whether he shall have attained that rank Regimentally or not.

Every Officer who shall have served 22 years (3 years furlough included) shall be allowed to retire on the Pay of a Major whether he shall have attained that rank or not.

Every Officer who shall have served 24 years (3 years furlough included) shall be allowed to retire on the Pay of a Lieutenant Colonel whether he shall have attained that rank or not.

Every Officer who shall have served 26 years (3 years furlough included) shall be allowed to retire on the full Pay of a Colonel whether he shall have attained that rank or not.

4. These arrangements to have effect without prejudice to any claims arising out of the Retiring Regulations as established in the year 1796.

5. We desire that it may be distinctly understood that the present is a final measure. You will accordingly decline to forward to us any application which may have in view a further extension of the Regulations now established with regard to the retirement of our Military Servants."

Unattached and Warrant Officers.

GENERAL ORDERS BY THE HONORABLE THE PRESIDENT OF THE COUNCIL OF INDIA IN COUNCIL.

Fort William, 6th June 1851.

Letter dated 29th November 1853, No. 301.

Application from Asst. Commissary of Ordnance G. Forrest, soliciting that Warrant Officers may be placed, as regards Furlough, on the same footing as Commissioned Officers. Government think that the ornamental and not large expense which the grant of Furlough would cause, would be more than counterbalanced by the advantages of the measure, which they strongly recommend for adoption.

Para 13.—Upon the grounds stated by your Government and the Commander-in-Chief, we sanction the grant of Furloughs to Warrant Officers upon the same terms as those already sanctioned for unattached Officers, and Officers granted commissions on the Veteran Establishment, viz., after six years' service as Warrant Officers and fifteen years' service in India.

FORT ST. GEORGE, 24TH AUGUST 1855.

No. 250 of 1856.—The following General Orders by the Right Honorable the Governor General of India in Council, are re-published for the information of the Army.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

No. 385 of 1856.—The Right Hon'ble the Governor General of India in Council is pleased to direct, that the following paragraphs of a Military Letter from the Hon'ble the Court of Directors to the Government of India, No. 2, dated 2d January 1856, be published in General Orders:—

Letter dated 3d September 1855, No. 291.

Letter from Captain Skinner, transferred from the Nizam's Army to an unattached Commission in the Company's Service, requesting information as to the amount of pension he will be entitled to on retirement. The Auditor General's views on the subject recapitulated by Government:—

Also No. 256.

Enquiry as to how the new Furlough Rules are to apply to Captain Skinner, and other unattached Officers.

Para 2.—We concur with the views on this subject which are expressed in the Military Auditor General's Report of the 18th July 1855—Capt. Skinner will be accordingly entitled to count his service for retirement from the date of his first commission in the Army of His Highness the Nizam. He will be also entitled to the benefits of the New Furlough Regulations as an Officer of that standing in the Service.

3. All unattached Officers are entitled to the benefit of the New Furlough Regulations from the date of their first commissions.

G. O. C. C., 27th *April* 1857.

No. 16.—The Commander-in-Chief directs it to be notified that by a recent decision of the Government of India, unattached Officers of the Veteran Establishment are allowed the benefit of the new furlough regulations, and these Officers can take leave in India on the same terms as they did prior to the publication of the new furlough rules.

G. O. C. C., 22th *August* 1857.

No. 44.—The provisional Commander-in-Chief directs the publication of the following decisions by the Government of India.

A Warrant Officer on the Veteran Establishment is entitled, without loss of Warrant, to the same absentee allowance as if on leave in India, for the first six months of sick furlough, but thereafter, as well as when on furlough on private affairs, he is restricted to the furlough pay of his Commission or of his warrant, whichever may be the superior emolument.

A Warrant Officer holding a Commission on the Veteran Establishment has a footing in the Effective Army by virtue of his Warrant rather than of his Commission and his Warrant being analogous to the Regimental Commission rather than to the Staff appointment of an European Officer, is not forfeited by any furlough which may be granted him, even if it exceed six months on private affairs or 15 months on medical certificate under the new Rules.

FORT ST. GEORGE, 8TH JUNE 1858.

No. 214 of 1858.—The following General Orders by the Honorable the President of the Council of India in Council, are re-published for the information of the Army.

GENERAL ORDERS BY THE HONORABLE THE PRESIDENT OF THE COUNCIL OF INDIA IN COUNCIL.

Fort William, 18th May 1858.

No. 777 of 1858.—The following Extracts of a Military Letter from the Honorable the Court of Directors to the Government of India, No. 71, dated 23d March 1858, are published for general information:—

Letter dated 1st August 1857, No. 207.

4. Question raised by the Madras Government as to the extent to which the Warrants or Staff appointments of Officers having Unattached Commissions or on the Veteran Establishment are affected by the new Furlough Rules decided.

4. In the year 1854, we sanctioned a Rule,* that Unattached Ensigns and Lieutenants should be allowed Furlough after six years' Service as a Commissioned Officer, and fifteen years Service in India, and that Warrant Officers granted Commissions on the Veteran Establishment should be included in the arrangement. The same advantage was subsequently extended to Warrant Officers.†

5. The Rule now laid down by the Government of India is that a Warrant Officer on the Veteran Establishment is entitled, without loss of Warrant, to the same Absentee allowances as if on leave in India for the 1st six months of Sick Furlough, and thereafter, as well as when absent on private affairs, to the Furlough pay of his Commission or Warrant, whichever may be best for him, and that as the appointment he holds is in virtue of his Warrant, not of his Commission, the appointment will not be forfeited by absence on Furlough.

6. This decision appears to be quite correct and has our sanction.

Non-Commissioned Officers.

No. 720 of 1860.—The following Extract of a Military despatch from the Right Honorable the Secretary of State for India is published in General Orders:—

Despatch dated 7th April 1860, No. 62.

1. "With reference to the General Order in Council of India, No. 2, dated the 6th June last, relative to the grant of Furlough to Europe to well conducted and deserving Non-Commissioned Officers, I have to request that the particular attention of the Commander-in-Chief, may be directed to the opinion of Her Majesty's Government on the subject, as expressed in paras. 29 & 31 of my Despatch* to India, No. 275, dated 30th October last, Copy of which is herewith forwarded for your information and guidance, and to desire that the Furlough granted be strictly limited to the few special cases contemplated in para. 30 of that Despatch.

2. "Her Majesty's Government have established for such cases the following Rules.

sidered deserving of the indulgence, and who may be fit to do duty with Invalids and discharged Men on the voyage from India, is to be limited to a short leave to visit their friends in Europe.

"The Furlough granted under Medical Certificate as absolutely necessary, will expire in England at the period of one year from the date of quitting India.

"Every Man whose state of health has not sufficiently recovered at the period when he is called upon to return, will undergo a Medical Examination as to the probability, within a reasonable period, of his being fit for further duty in India.

"Those Men who may be reported unequal to further service with the Regiment, or Department, to which they belong, will not be permitted to return to duty, but will be dealt with under the Regulations, and in no case will any Man be allowed to return to India with a view to his being placed upon the Invalid Establishment in that Country.

"No period of leave passed by any Man out of India will be allowed to reckon as Service for Pension.

"It is to be distinctly understood that no Man enlisted under the limited Service act be allowed to come to England during his first period of service.

"The only allowance to be paid to Men who obtain leave of absence, will be the rate of pay for the time being for Men of the same rank, in Her Majesty's British Army, and good conduct Pay, when in possession of that reward.

3. "With reference to the Extract from a General Order by the Commander-in-Chief at Bombay, dated 30th July last, quoted in the margin, I have to state that, in conceding the grant of Furlough, with a free passage to and from Europe, to deserving Non-Commissioned Officers of Her Majesty's Indian Army whose health requires a change of climate, it is not the intention of Her Majesty's Government that passage at the public expense should also be provided for the wives or families of those Men; but with the view of assisting such married Men as may desire to bring their wives and families with them, you are authorized to grant them an allowance of Twenty pounds (£ 20)."

The Commander-in-Chief is pleased to announce that passage to Europe will be provided for the families of Non-Commissioned Officers obtaining furlough, under the provisions of G. O. C. No. 2 of the 8th June 1859.

G. O. G. 17th August 1860.

Invalid Establishment.

FORT ST. GEORGE, 10th *July* 1857.

No. 819 *of* 1857.—The Right Hon'ble the Governor General of India in Council is pleased, under instructions from the Hon'ble the Court of Directors, to promulgate the following Rules to be observed at the three Presidencies for the transfer to the Invalid Establishment, of Officers who may be declared to be unfit for further service:

1. The Invalid Establishment will consist of

1st—The Invalid Battalion.

For Officers who, although disqualified for further active service, are still equal to the discharge of garrison duties.

2d—The Invalid Pension List.

For Officers disqualified for both active and Garrison duties.

2. Officers who, from age, wounds, or decline of health, become unfit for active service, are eligible for transfer to the Invalid Establishment, provided their conduct and habits are such as not to affect the character of that Institution, which is designed as an honorable retreat to the worn out or disabled, but deserving Officer).

G. O. C. C. 1st June 1858, No. 59.

The Commander-in-Chief directs it to be notified, that applications from Officers for transfer at their own request to the Invalid Battalion or to the Invalid Pension List, under the provisions of para. 3 of G. G. G. No. 314 of 1859, (republished in G. O. G. No. 218 of 16th July 1857,) are required to be addressed under their signature to the Right Honorable the Governor in Council in the manner prescribed in para. 3, Section XXI, General Regulations of the Army.

3. Officers who may be desirous of being transferred to the Invalid Establishment, will be required to appear before the standing Medical Committee at the Head Quarters of the Division, presided over by the Superintending Surgeon, or in his absence by the Senior Surgeon, furnished with a statement of their case (prepared by the Medical Officer by whom they may have been attended). The Committee is to enquire rigidly into each case, and should it be satisfied of the unfitness of the Officer, it is, in recording its opinion, to certify either that the applicant is "permanently disqualified for the performance of further active service but is still equal to the discharge of Garrison duties," or that he is "permanently disqualified for the performance of both active and garrison duties," as the case may be.

4. The opinion, if reported equal to the discharge of garrison duties, will then be required to proceed to the Presidency to be finally examined by a Medical Officer to be specially appointed for the purpose, or by a special Medical Committee, as may from time to time be ordered.

5. After this final examination, the Report on each case, accompanied by the Certificate hereafter specified, is to be forwarded in the usual manner to Army Head Quarters, to be submitted to Government with the opinion of the Commander-in-Chief.

6. In the event of the Commander-in-Chief being led to believe that any Officer's health is so thoroughly lost as to preclude all hope of his being able to perform further active service in India, such Officer shall be directed to appear before the Standing Medical Committee at the Head Quarters of the Division. If the Committee is of opinion that the Officer is permanently disqualified for active Military duties in India, and this opinion is confirmed at the final examination at the Presidency, the Government on receiving a Report on the case, which is to be prepared and submitted as directed in paras. 3 to 5, will place the Officer on the Invalid Establishment, notwithstanding that he may not himself have applied to be transferred from the Effective List. Such transfer will, however, be subject to the approval of the Honorable the Court of Directors; and until the receipt of such approval, no promotions will be made in succession to the Officer so placed on the Invalid Establishment.

G. O. G. 1st Feb 1843.

No. 82 of 1858.—The following Extract from a Military Despatch from the Right Honorable the Secretary of State for India, is published in General Order:

Despatch dated 22d December 1858, No. 47.

Reply to Military Letter, dated 31st August 1858, No. 243.

Para. 1. It being established by the required medical testimony that Lieutenant Dewar was permanently disqualified for the performance of both Active and Garrison duties, his removal from the effective List from the date of his embarkation for England is hereby authorized. Lieutenant Dewar's term of service, 14 months and five days, does not entitle him to retiring half pay; but considering his claim to the benefit of Lord Clive's Fund, he will be admitted to that advantage.

2. You will understand from this decision that no Officer not entitled to a pension under existing Regulations, should be transferred to the Invalid Pension List.

7. All Officers of and below the Regimental rank of Lieutenant-Colonel, whether they may or may not have served the prescribed period for retirement on full pay, may be compulsorily removed to the Invalid Pension List when they may become wholly unfit for any further service, effective or garrison. The examination of Officers in such cases will be conducted in the manner laid down in Para. 6.

8. In the event of an Officer failing, from any cause, whether it be Leave on Sick Certificate in India or otherwise, to join an Invalid Battalion, or other Military duty on which he may be ordered, within two years of his transfer to the Invalid Establishment, except he be absent on Furlough on sick leave to Europe, or be nominated to some other public duty, he will, at the expiration of that time, be required to appear before the Medical Committee at the Head Quarters of the Division in which he may be residing, for the purpose of being examined as to his continued fitness for garrison duty. If found unfit at such examination, or at any subsequent examination, which is to be repeated at the end of every two years, he will be transferred to the Invalid Pension List.

2. The Pay and Allowances of Officers hereafter transferred to the Invalid Battalion will be—

	Pay and Indian Allowances.	*House Rent.*	*Total.*
Lieutenant Colonel	547 14 0	100	647 14 0

Lieutenant	145 12 6	30	175 12 6
Ensign	107 1 11	25	132 1 11

Extra batta will in case be allowed, whether the Officer be employed within or beyond 200 miles of the Presidency.

10. Officers on the Invalid Pension List will draw the following consolidated allowance:—

	Per mensem.
Lieutenant Colonel	Rupees 200
Major	„ 170
Captain	„ 130
Lieutenant and Ensign	„ 100

Or the rate of full pay pension to which they are entitled at the time of their transfer to the Invalid Pension List.

11. The above rates will be issued as long as the Officers are resident in India. If granted Furlough or sick leave out of India, their allowances will be regulated by the Rules they may have adopted, but their Furlough pay will be according to their rank and for the ordinary duration of such Furlough as at present authorized.

12. Officers on the Invalid Establishment are allowed the distinction of wearing the Military Uniform.

13. Officers on the Invalid Establishment will retain the rank they held when on the Effective strength of the Army, but their transfer will be made only in the rank they held in their Regiments. After removal to the Invalid Establishment, they have no further claim to promotion, but on retirement on full pay, those who may be of, and above, the rank of Captain will receive one step of Brevet rank.

14. Officers on the Invalid Pension List are permitted to reside at any place in India they may choose.

* G. O. G. 1st April 1859.

No. 132 of 1859.—With reference to G. (I. G. No. 815, 16th July 1857, regarding the transfer to the Invalid Establishment of Officers declared "unfit for further service," the Honorable the Governor in Council, with the sanction of the Government of India, and with adverteuce to para. 31 of the above G. O. G., is pleased to direct that such Subaltern Officers as may have joined their Battalions, shall receive Passage Money, on the terms regulating the Allowance to Subalterns of Effective Corps.

2. Subalterns on the Invalid Pension List shall receive Passage Money only when proceeding to England on retirement from the service, or for the purpose of retiring from the service.

15. Officers on the Invalid Establishment are eligible to Furlough and Sick leave out of India, under the new or old Rules, whichever they may have adopted; and leave in India will be granted to Officers of the Invalid Battalion under the same Rules as are applicable to Effective Officers.

16. Officers on the Invalid Establishment are eligible to hold situations under Government.

17. Officers of the Invalid Battalion may retire on the pension of their rank after the prescribed period of service, or on the pension to which they were entitled on their removal to the Invalid Establishment. Officers on the Invalid Pension List may retire upon the rate of pension to which they were entitled when they joined that Establishment.

The above rules are not to be applied to Officers on the present Invalid Establishment of the three Presidencies.

II. The vacation of all Officers shall take place after they have been held for five years. FORT ST. GEORGE, *3d June* 1859.

No. 222 of 1859.—The following General Orders by the Right Honorable the Governor General of India in Council, are republished.

GENERAL ORDERS BY THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, *the 20th May* 1859.

No. 740 of 1859.—His Excellency the Governor General in Council is pleased to direct the publication in General Orders of the following Royal Warrant, received with a letter from the Right Honorable the Secretary of State for India, No. 119, of the 7th April 1859, prescribing Rules under which Combatant Officers are to be recommended for promotion in Her Majesty's Indian Military Forces.

Whereas, we have judged it expedient to revise those parts of Our Royal Warrants of the 6th day of October 1854, and 3d day of November 1854, which regulate the promotion and retirement of Combatant Officers in Our Army and Ordnance Corps, Our will and pleasure is, that from the date of this Our Royal Warrant Our Governor General in Council shall govern himself by these Our rules in recommending Combatant Officers for promotion in Our Indian Military Forces.

PROMOTION.

1. That the rank of Field-Marshal be given without reference to seniority.
2. That there shall be a fixed establishment of General Officers, viz.:—

Generals	25
Lieutenant-Generals	50
Major-Generals	115

3. That Colonels may be appointed, without regard to seniority, to command as Major-Generals, with temporary rank ; and if they shall have conducted themselves to our satisfaction, such temporary rank, after having been held for five years in peace, or for any shorter period in war, may, upon the recommendation of Our Governor General in Council, be made permanent. That the temporary rank of General and Lieutenant-General may also be given, whenever the convenience of the Service requires it, and may be made permanent in a similar manner.

4. That every vacancy on the fixed establishment of General Officers shall be filled by the promotion of the Senior Colonel qualified to succeed to the rank of Major General and to be placed on the fixed establishment, under the regulations now in force ; or by a supernumerary Major General, as provided in Clause 6.

5. That, in addition to the Colonels promoted by Seniority to be Major Generals and those promoted after having held temporary rank under the Regulation in Clause 3, Colonels shall be eligible for promotion to the rank of Major-General, and Major-Generals to the rank of Lieutenant-General, and Lieutenant-Generals to the rank of General, for distinguished services in the Field.

In the case of Officers promoted to the rank of General Officers, as a reward for distinguished service in war, the recommendation, in which the service of the Officers shall be detailed, shall be published in the General Orders of Our Indian Military Forces, and in the *London Gazette*.

6. That all Colonels promoted to be Major Generals after five years' employment in responsible commands with the temporary rank of Major General under the provisions in Clause 3, and all Colonels promoted to be Major Generals for distinguished service in the Field, shall be placed on a supernumerary list of Major-Generals, and shall not be reckoned as part of the fixed establishment until the time when they would have attained the rank of Major-General by seniority ; that is to say, until the Colonel who originally stood next senior on the Colonels' list to the Officer promoted out of his turn has become a Major General, after which the next vacancy will be filled by the transfer of the supernumerary Major General to the fixed establishment. The Major Generals who have already been promoted out of their turn, and would not yet have succeeded to that rank by seniority, shall be considered as coming under this rule.

The Supernumerary Major Generals, when absorbed into the fixed establishment, shall preserve the seniority which they acquired when, after a period of qualifying service with temporary rank they were first confirmed as permanent Major Generals on the Supernumerary list, and shall rise by that seniority to be Lieutenant Generals in succession. General Officers promoted for distinguished service in the field will take their seniority from the date of their promotion, as stated in the *London Gazette*.

7. That three separate lists of General Officers be inserted in the Army List of Our Indian Military Forces, the first containing the names of those on the fixed establishment ; the second, those who, having been promoted out of their regular turn, are supernumerary to the fixed establishment ; and the third, those who have retired from the service with the honorary rank of General Officers.

8. That the rank of Colonel be given to Officers, after serving for five years with the rank of Lieutenant Colonel, in the actual command of Regiments, or for the same period as second Lieutenant Colonels of Regiments, or on the Staff, in the following situations, viz., Adjutant-General, Quarter-Master General, Deputy Adjutant-General, Deputy Quarter Master General, Secretaries to the Government of India in the Military and Public Works Department, Secretaries in the Military Department to the Governments of Madras and Bombay, to the Chief Commissioner of the Punjaub, the Commissioner in Mysore, and the Resident at Hyderabad, Judge Advocate General, Commissary General, Deputy Commissary General, Inspector General of Ordnance, Superintendent of the Ordnance Manufacturing Department, Chief Engineer, Superintending Engineer, Surveyor-General of India, subject always to the approval of the Governor in Council and Commander-in-Chief of the Presidency to which the Officer belongs.

9. That Regimental Majors, who are Brevet Lieutenant-Colonels, falling into the Command of Regiments in the absence of the Lieutenant-Colonel, shall on attaining the rank of Regimental Lieutenant-Colonel, reckon the period commencing from the completion of the first month of such temporary command, as part of the five years required to qualify for the rank of Colonel.

10. That the rank of Colonel be given to Officers who obtain the rank of Brevet Lieutenant-Colonel for services in the Field, after eight years of actual service with that rank.

11. That in cases where a Regiment may be so divided as to constitute two distinct commands, and one portion may be under the command of the Regimental Major, who is also a Brevet Lieutenant-Colonel, and in cases where a Brevet Lieutenant-Colonel may be in command of a mixed force of different Corps, a discretionary power shall be vested in our Commander-in-Chief in India, subject to the approval of Our Governor General of India in Council, to allow such service, or portions of such service, to count as part of the qualifying period for promotion to the rank of Colonel.

12. That Lieutenant-Colonels appointed to Civil Situations under Government on or after the date of this Our Royal Warrant shall be promoted to the rank of Colonel after eight years' service in their former rank, provided the nature of the Civil appointment be considered by our Governor General of India in Council and Com-

mander-in-Chief in India calculated to give the Officer such practical experience as may afterwards prove advantageous to the Corps or Service to which he belongs.

13. That Field Officers, commissioned as such before the 20th June 1854, be allowed to rise by Brevet as heretofore; but no Officer promoted to the rank of Field Officer on or after that date, is hereafter to rise from the rank of Lieutenant-Colonel to that of Colonel, otherwise than by five or eight years' service in the former rank, as provided in Clause 8, or as a reward for distinguished service, or by appointment to be Queen's Aide-de-Camp—except under the special provisions in Clauses 9,10,11, and 12.

14. Lieutenant-Colonels, who held that rank prior to the 20th of June 1854, shall be promoted by a special Brevet to the rank of Colonel,—commissions to bear date the 28th November 1854; and such of the said Lieutenant-Colonels as have been passed over by Officers who have attained the rank of Colonel, in conformity with the provisions of Our Royal Warrants of the 6th October and 3d November 1854, shall be restored to the respective places which they would have occupied as Colonels, had they been promoted in ordinary succession under the system of periodical Brevets.

15. That promotions shall be made from Captain to Major, and from Major to Lieutenant-Colonel, in succession, as vacancies occur in the Major-General's fixed establishment.

16. That any Captain, Major, or Lieutenant-Colonel may be rewarded by Brevet promotion for distinguished services in the Field.

17. That the commands of General Officers, and other situations on the Staff both at home and abroad, shall not be held for more than five years, unless by re-appointment under special circumstances.

Given at Our Court at Windsor, this thirty-first day of January 1859, in the Twenty-second Year of Our Reign.

By Her Majesty's Command,

GENERAL ORDERS BY THE HON'BLE THE PRESIDENT OF THE COUNCIL OF THE RIGHT HONORABLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

FORT WILLIAM, *the* 15*th November* 1859.

No. 1537 of 1859.—The following paragraphs of a Military letter from the Right Honorable the Secretary of State for India, No. 279 of the 19th August 1859, are published for general information :—

Having submitted to the General Commanding-in-Chief certain questions as raised by your Government in view to ascertain the practice in such cases in Her Majesty's British Army, I have received the following replies :—

Letter from —, dated 3d May 1859, No. 61, paragraph 1 to 10 relative to the promotions of Officers to the rank of Colonel under the operation of the Royal Warrants, dated 7th October 1854 and 14th October 1858.

Question.

1st. Whether the period occupied by a Lieutenant-Colonel in joining his Regiment or appointment after his return from leave beyond Sea should be reckoned in the qualifying period.

"Several similar cases have occurred in Her Majesty's British Army, and it has been ruled that an Officer so circumstanced must serve other two years to complete the period of five years prescribed in the Warrant of October 1858, and no allowance of time is conceded with reference to the near completion of the three years under the Warrant of October 1854, when the new Warrant came into operation."

2nd. Lieutenant-Colonel Leith of the Bombay Army completed three years in that rank on the 9th November 1858. He has been omitted from the promotions recently made in India, because the Warrant of October 1854 ceased to be in force after the 14th October 1858, the date of the new Warrant.

2. The practice in promoting Officers to the rank of Colonel in Her Majesty's Indian Forces must be regulated accordingly.

TO HIS EXCELLENCY THE RIGHT HON'BLE THE GOVERNOR GENERAL OF INDIA IN COUNCIL.

MY LORD,—Your Military Letter No. 76, dated 11th June 1859, forwarding Memorials from certain Members of the Medical Service, and an appeal from the head of the Medical Department in Bengal against the provisions of the Royal Warrant of 1st February 1859, has received my attentive consideration.

2. In compliance with your urgent request, I have undertaken the revision of the Royal Warrant above referred to, the promulgation of which in India has been deferred by your Government pending the present reference; but the subject required very careful consideration, and involved correspondence with other Departments of Her Majesty's Government, and hence a considerable delay has unavoidably occurred in replying to your letter.

3. I have now, however, the gratification to announce to you that Her Majesty, being desirous, as far as possible, to assimilate the designations and ranks in all branches of the Military Medical Service, has been pleased to issue a fresh Warrant equalizing in all respects the rank of the Medical Officers of the Indian Armies with that fixed for the British Medical Service in the Royal Warrant of 1st October 1858.

4. The grades of Assistant Surgeon, Surgeon Major, Deputy Inspector General, and Inspector General are now on precisely the same footing as to designation and relative rank in both Services.

5. But the designation of the Officers now styled "Directors General of the Medical Departments" in each of the three Presidencies is changed to "Principal Inspectors General," and the Officers holding these appointments will, in accordance with the practice in British Service, take Army rank as Inspectors General, according to their standing in that rank.

6. The retention of the designation now held by these Officers is strongly advocated in your Despatch, but after mature consideration, Her Majesty's Government have decided, that it is inexpedient to continue to the three Officers at the head of the Medical Departments of the Armies of Bengal, Madras and Bombay, the same title which designates the Officer selected to control the whole Medical Department of the British Army in all parts of the World.

7. Before entering on the discussion of the other subjects of complaint brought forward by the Medical Officers of the Indian Service, I must observe that the object of the Royal Warrant of the 1st February 1859 was not to regulate the pay or retiring allowances of the Medical Department, but to fix the rank and precedence

relatively to those of the British Army. This object has now been attained, in a manner which will, I trust, be satisfactory to the Indian Medical Service, to every grade of which it has secured additional relative rank.

8. I proceed to notice in detail the subjects brought forward in the letter addressed to you by Dr. Forsyth, the Principal Inspector General of Bengal:—

1st. It is observed that your Government have offered no recommendation on the various subjects connected with promotion, effective allowances, furlough pay, and retiring pension, brought forward in the Memorials. The consideration of these subjects is deferred for the present, but will be taken up in connection with the question of the re-organization of the Army.

His propositions were—

1st. "That the Medical Officers of Her Majesty's "Indian Forces may be placed, in point of all "advantages of relative rank, furlough pay and "retiring allowances, and in all other respects, "upon a perfect equality with those of Her Ma"jesty's British Forces serving in India."

2ndly. "That the Director General of the "Medical Department and the Inspector General "of Hospitals may retain their present desig"nations; that the Director General shall rank "as Major General for appointment; that the "Inspector General shall rank as Colonel; that "the Superintending Surgeon shall receive the "designation of Deputy Inspector General, rank"ing on appointment with Lieutenant Colonel "and with the Deputy Inspector General of "Her Majesty's British Army after five years' "service in India in this rank as Colonel."

2d. This subject has been disposed of in the earlier paragraphs of this Despatch.

3d. In Lord Stanley's Despatch, dated 1st June 1859, No. 147, paragraph 21, you have been informed that Her Majesty's Government are disinclined to alter, in this respect, the provisions of the Warrant. "So long as seniority is the invariable rule of promotion to substantive rank in the other branches of the Service, it is considered desirable to maintain the same principle in the Medical Department, distinguished services being rewarded, in all branches alike, by Brevet promotion and the Order of the Bath.

3rdly. "That in cases of distinguished ser"vice, Assistant Surgeons may be promoted to "the substantive rank of Surgeon, as in Her "Majesty's British Army, without reference to "seniority."

4th. In accordance with the sanction conveyed in Lord Stanley's Despatch, No. 183, dated 1st June 1859, (paragraphs 18 and 19,) the two years of Medical practice in the rank of Surgeon, qualifying for promotion to a higher grade, may be performed either in the Civil or Military branch of the Service.

4thly. "That two years of exclusive Military "duty in the rank of Surgeon may not be required "to qualify a Medical Officer of that rank for "promotion."

5th. On this subject I would refer to my remarks under the first head.

5thly. "That Medical Officers now in the "Service may be at liberty to retire either "upon the existing rates of pension, or upon "those laid down in the Warrant of 1st October "1858, for the Medical Officers of Her Majes"ty's British Army."

9. 150 Copies of the revised Warrant* are transmitted to your Government by the present Mail.

I have, &c.,

(Signed) C. WOOD.

Whereas, we have taken into Our consideration the recommendation of the Commissioners appointed by Our authority to inquire into the Regulations affecting the sanitary condition of Our Military Forces and the Medical treatment of the sick and wounded of Our Army; Our will and Pleasure is, that from and after the date of this Warrant, the following Rules shall be established for the future admission, promotion, and relative rank and allowances of the Medical Officers of Our Indian Military

Forces, and that by these rules Our Governor-General in Council, and the Governors in Council of Madras and Bombay respectively, shall be governed.

1. The grades of Medical Officers in Our Indian Military Forces shall be four in number, viz.:—

1. Inspector-General.
2. Deputy Inspector-General of Hospitals.
3. Staff or Regimental Surgeon; who after twenty years' service in India in any rank, shall be styled Surgeon-Major.
4. Staff or Regimental Assistant-Surgeon.

2. No Candidate shall be admitted to the competitive examination for a Commission in the Medical Department of Our Army who does not possess such a certificate or certificates as would qualify a Civilian to practice Medicine and Surgery.

3. No Assistant Surgeon shall be eligible for promotion to the rank of Surgeon until he shall have passed such examination as Our Principal Secretary of State for India in Council may require, and shall have served in India with the Commission of Assistant-Surgeon for five years, of which two shall have been passed he or with a Regiment.

4. A Surgeon, whether on the Staff or attached to Regiments, must have served ten years in India, of which two must have been passed with the rank of Surgeon, in or with a Regiment, or as a Civil Surgeon, before he will be eligible for promotion to the rank of Deputy Inspector-General of Hospitals.

6. Assistant Surgeon shall, as a general rule, be promoted to the rank of Surgeon in the order of their seniority in the Service, unless unfit for the discharge of their duties from physical or professional incompetence or misconduct. In cases of distinguished service, however, an Assistant Surgeon may be promoted by Brevet, without reference to seniority; and in such cases, with a view to insure the responsibility attaching to an appointment made out of the regular course of promotion, the recommendation in which the services of the Officer shall be detailed shall be published in the General Orders of our Indian Military Forces, and in the Gazette in which his promotion appears.

7. All promotion from the rank of Surgeon to that of Deputy Inspector, and from the rank of Deputy Inspector to that of Inspector, shall be given by selection for ability and merit; and the grounds of each selection shall be stated to Us in writing, and recorded in the office of the Secretary of state for India in Council, the selection for the grades of Deputy Inspector being made from the whole rank of Surgeons, whether styled Surgeons or Surgeons-Major.

8. With a view to maintain the efficiency of the Service, all Medical Officers of the rank of Surgeon Major, Surgeon, or Assistant Surgeon, shall be placed on the Retired List when they shall have attained the age of 55 years, and all Inspectors General and Deputy Inspectors General when they shall have attained the age of 65 years.

9. The relative rank of the Medical Officers of our Indian Military Forces shall be as follows:—

Staff or Regimental Assistant Surgeon as a Lieutenant, according to the date of his Commission; and after six years' service in India as Captain according to the date of the completion of such service.

Deputy Inspector General as Lieutenant Colonel, according to the date of his appointment.*

Inspector General of Hospitals as Brigadier General, according to the date of his appointment, if with an army in the field, or after three years service in India as Inspector General, as a Major General, from the date of his joining such army in the field, or according to the date of the completion of such service.

10. Such relative rank shall carry with it all precedence and advantages attaching to the rank with which it corresponds (except as regards the Presidency of Courts-martial, where Our Will and Pleasure is, that the senior substantive Officer be always President), and shall regulate the choice of quarters, forage, and prize-money. But when a Medical Officer is serving with a Regiment or Detach-

* And after five years' service in India as Deputy Inspector General, as Colonel, according to the date of the completion of such Service.

ment, the Officer Commanding, though he be junior in rank to such Medical Officer is entitled to a preference in the choice of quarters.

11. Medical Officers shall be entitled to all the allowances granted to Our Indian Military Forces on account of wounds and injuries received in action, as combatant Officers holding the same relative ranks.

12. Their families shall, in like manner, be entitled to all the allowances granted, under existing regulations, to the families of combatant Officers holding the same relative ranks.

13. Medical Officers shall be held entitled to the same honors as the other Officers of Our Army of equal relative rank.*

QUEEN'S MILITARY FUND.

Regulations of a General Military Fund, for the benefit of Widow's and Children of deceased Officers in Her Majesty's Service in India, established in 1820.

Under the protection and countenance of the Most Noble the Marquis of Hastings, Commander-in-Chief in India, the above named Fund was established in the year 1820, for the purpose of sealing home in comfort and respectability, the Families of deceased Officers in Her Majesty's Service in India, who may have been left destitute: and of preventing the painful and degrading practice of appealing to the public for subscriptions on such occasions: and also of providing relief in such cases as may require it, until they can be conveniently sent home.

Preamble.

His Excellency General Viscount Gough, G. C. B., Commander-in-Chief in India in the year 1845, with reference to several cases, arising out of the death of Officers on the voyage from India to England leaving their Widows and Children in circumstances of great distress, and with advertence also, to the manifest justice of allowing all Widows and Children of Officers, being subscribers to the Fund, who may die at the Cape of Good Hope, the Mauritius, New South Wales, or Australia, the benefits of the Military Fund,—directed the introduction of Rules 21 and 22, after they had been proposed for the consideration of the whole body of Subscribers and carried by a large majority.

It having since been found advisable to make some alterations and additions to the Rules and Regulations, in reference to the state of the Fund and the generally expressed wish of the subscribers, His Excellency General Sir William Gomm, K. C. B., assembled a special Board of Officers at Simla in June 1851, for this purpose, and directed the minute of their Proceedings to be published and circulated for the consideration of the body of subscribers serving in India, who almost unanimously agreed to the alterations proposed.

In the year 1850, a further modification of these Rules became necessary and the alterations, as approved by the body of subscribers in India, with but one or two exceptions, were embodied with the sanction of His Excellency General the Honorable G. Anson, Commander-in-Chief in India, in the original code sanctioned by General Sir W. M. Gomm, in December 1853.

Rule 9th.—That whenever there may be mixed Corps, of Her Majesty's Service, or more than one stationed together at the same time, every application for relief from this Fund shall be heard and decided on by a station Committee, composed, as equally as possible, of Officers from such Corps present, being Subscribers to the Fund.

Rule 10th.—As it may often happen that Officers die while the Corps they belong to is stationed by itself, or remotely detached, it shall be in the power of every Commanding Officer of a Regiment so situated, to assemble a Committee of any five Officers being subscribers to hear and decide upon the case of any Widows and Children so become destitute, and seeking relief from this Fund. It shall also be competent for the Commander-in-Chief at either Presidency to assemble a special Committee to report on the case of any Lady who may become a Widow, whilst the Regiment to which her husband belonged, shall be at another distant station, or on Service, beyond Sea.

Paymaster authorized to afford immediate relief to prevent distress or inconvenience. Rule 11th.—That such station, Regimental or special Committee as the case shall be, having duly examined into the circumstances of the party seeking relief, shall report their opinion on and recommend the amount to be granted whether for passage money or maintenance, strictly in conformity with the Regulations annexed. The opinion and recommendation of such Committee shall be forwarded to the Honorary Secretary Army Head Quarters by the Officer Commanding the Corps in which the casualty may have occurred, and the Paymaster of the Regiment under the above authority can at once advance to the Widow the amount of "Maintenance" awarded by the Committee, reimbursing himself by a deduction from his next regimental remittance or by drawing a Bill on the Secretary; the residue of the award to be adjusted by the Secretary under the sanction of the General Committee of Management.

Rule 12th.—The Sub-Committees at Madras and Bombay will in cases of special award in those presidencies, on satisfying themselves with the accuracy of the statements laid before them, draw upon the Honorary Secretary at Army Head Quarters for the amount which may be awarded; but in the final adjustment of the accounts of such Sub-Committee, the General Committee will consider themselves bound to object to any sum, however trifling, which may be granted in excess of the Rules laid down.

Rule 13th.—The Sub-Committee will, in drawing for any sum on the Honorary Secretary in cases of special awards, transmit the Report of the station Committees as well as their own opinion and explanation of the award as a voucher, and they will afterwards, as soon as possible, transmit the proper Receipts and Certificates, showing that the money has been appropriated in the manner and for the purposes for which it was awarded.

Rule 14th.—The object of this Fund being clearly confined to sending Home Families of deceased Officers, and with a view of preventing those painful appeals for assistance to the Public at once so humiliating to respectable individuals and the Queen's Service in India, it is earnestly hoped that all ranks of Staff and Regimental Officers will support it.

Appeal to all Officers to support the Fund.

Rule 15th.—But to prevent doubts and misconceptions which might possibly arise hereafter, it is distinctly declared, that no Widow continuing to reside in this country after the death of her husband, can except any provision or pension for herself or children from the Fund further than is stated in the 7th Clause of the Schedule of Awards. It is also declared that no Widow is entitled to passage money or allowance for travelling, unless she actually proceed to Sea or on her journey in the manner for which any allowance may have been drawn, and should she have received such allowance, she will be required to refund; and further, that no widow, under any circumstances, shall be entitled to any assistance from this Fund, unless the application shall be made in the usual form within six months after the demise of her husband.

Limit of time as to application.

Annual account to be furnished by Secretary.

Rule 18th.—That Commanding Officers of Her Majesty's Regiments be requested to pay particular attention in causing the regular quarterly remittances to be made to the Honorary Secretary of the Queen's Military Widows' Fund, acting for the Committee of General Management Army Head Quarters, who is requested from time to time to apprise Commanding Officers whenever any Corps may fall in making such remittances.

Comg. Officers to cause regular Remittances quarterly of Subscriptions.

Rule 19th.—That no general Rule or Regulation of this Fund shall be altered, except recommended by the General Committee, and approved by a majority of the subscribers.

Alteration of Rules.

Rule 20th.—In taking the opinion of the Regimental and Staff Officers of Her Majesty's Forces in India, a very general wish was expressed and carried by a majority that all Widows of Subscribers should have their passage to England, &c. &c. defrayed. As an Officer ceases to be a Subscriber on leaving India, all claims on the Fund must be in like manner cease from the same period; but an Officer going to Sea for the benefit of his health, being entitled to his Company's allowance will be considered as a subscriber during his absence.

TAYLOR'S FUND.

Established 1st July 1840 for the benefit of Widows and Orphans of European Pensioners of Her Majesty's and the Honorable Company's Service in Southern India, not entitled to Lord Clive's Fund.

COMMITTEE OF MANAGEMENT.

The Rev. H. Taylor, A. C. L.—*Chairman.*

The Deputy Paymaster and Staff Officer, Poonamallee.
Staff Surgeon, Poonamallee.
The Rev. the Chaplain of Poonamallee.
The Brigade Major Queen's Troops.
The Presidency Paymaster.

Lieut. Col. W. P. Maclennid, *Secretary and Treasurer.*

RULES.

I. This Fund is designated "Taylor's Fund" to perpetuate the name of its Reverend Founder, and its object is to afford relief to the Widows and legitimate Offspring of European Pensioners.

II. The Capital by which this Fund is to be supported, has been derived from the liberal contributions of the Public, and is invested in Government Securities in the names of three of the Committee.

III. The interest of this capital together with subscriptions, to be applied to the proposed object, and after discharging establishments, all surplus in the hands of the Treasurer, will be half-yearly added to the Capital in even hundreds, together with the entrance donations of subscribers, and all contributions received from private Individuals or other sources.

IV. To entitle a Widow to the benefits of this Fund, her Husband must have paid his entrance Donation, which has been in the first instance fixed at the small amount of Eight Rupees, but will be 12 from the 1st January 1849.

V. The monthly subscription is Eight Annas, to be paid quarterly in advance.

VI. Subscribers, who are 12 months in arrears, will be struck off the Books if their subscriptions are not *immediately* paid up on demand, and any subscriber dying with a full year's subscriptions due to the Fund, will deprive his Widow of all claim on the Fund; if the amount due is less than this period, the sums will be deducted from the Widow's Pension.

VII. The monthly Pension to a Widow will be 2½ Rupees, and 1 Rupee for each child under or above the age at which they can be admitted into the Government Asylums, when the Pension shall cease, except, however, those cases in which the Guardians or Friends of Children of different persuasions shall wish to educate them at schools attached to their own respective Churches, when, on the Directors being satisfied that the education of the Orphans is being so conducted, the pension shall continue. The maximum payment, however, is never to be in excess of the Widow's Pension, and all such Pensions to cease at the age of 14.

VIII. The Committee will at once remove from the Pension List, any Widow known to be living a life of incontinence, or guilty of other notorious misconduct.

IX. The Children's allowance will be continued in the event of the mother again marrying, but on her death their cases to be specially considered.

X. Marriages considered by the Committee as death-bed marriages, will altogether exclude the widow from Pension.

XI. To prevent abuse of this Charity, no claims to Pension will be admitted where the husband may have been more than thirty years older than the claimant, and any attempt to deceive the Committee in regard to children, will involve the immediate expulsion of a subscriber or of a widow on the Fund.

XII. Pensioners married, who do not join this Fund within a period of 12 months from date of transfer to the Pension Establishment, and Pensioners unmarried, who do not join within 6 months from date of marriage, will not be admitted subscribers on this Fund.

XIII. In the event of a Pensioner subscriber to the Fund finally leaving India with his family, and thus disconnecting himself with the Fund, the whole amount of his payments to the Fund shall be refunded to him. In the event of a Pensioner subscriber to the Fund quitting India leaving his family in the country and *making arrangements for the regular payment of his quarterly subscriptions*, they will be eligible to the benefits of the institution in the event of his death.

XIV. The Secretary shall keep a Register of Subscribers, their Wives and Children; it is therefore incumbent on subscribers to report their marriages, and the births and deaths of Children in default of which their families will be liable to a forfeiture of benefits, for this Register must be the Committee's guide in regulating claims to Pension.

XV. Should the subscriptions and interest of Capital fall short of the demand for payment of Pensions, it will be in the power of the Committee to direct a proportionate deduction from Pensions; in like manner should the prosperous state of the Funds justify an increase in Pensions, it shall be competent to the Committee to direct the same to the extent of Rupees 5 in lieu of 2½ with the same limit for Children.

XVI. The affairs of this Fund shall be conducted by a Committee to meet Quarterly, 3 of whom shall be sufficient to act in the name and behalf of the whole, save that no Rule shall be altered until submitted individually for consideration, and be confirmed at the next Quarterly Meeting.

4. *The Bank does not correspond* on matters Relating to accounts Current with residents in Madras. Parties are therefore requested to transact their business with the Bank, *either in their own person or in that of their Agents.*

5. It is particularly requested that parties will not make entries in their Pass Books; all items of Receipt and Payment will be entered by the Bank, on the Books being sent in to be written up, and this must be done at *least once a month.* The Bank will not be responsible for any loss arising from the neglect of this precaution.

LOAN RULES.

1. Loans are granted to Officers, Civil or Military, who can arrange for the regular payment of their stipulated monthly instalment, on the security of two or more approved sureties.

2. Loans on personal security, not repayable within one year, must be further protected by Life Insurance, with a margin at all times sufficient to cover the balance due, including premium of Insurance, interest up to date of adjustment of Policy in event of lapse, and any other charges.

3. Life Insurance effected by or through the Bank, is reduced half-yearly, according to the gradual liquidation of the claims against the debtor, and the policies will be taken out in the Family Endowment Society, the rates of which for short risks are lower than those of any other office in India.

4. Applications for loans must only be for such sums as can be repaid by monthly instalments within three years.

5. When a debtor dies, the balance (after discharging his own debt in full) of any Policy of Assurance upon his life will, at the discretion of the Directors, be detained as security for the re-payment of the balance of any account for which he may be responsible as a surety, or of any sum due by him on which the Bank may have a lien or otherwise.

6. The Mortgage of real property in the Hill stations and larger Military Cantonments, is occasionally taken in place of Life Assurance, provided that the property be officially registered (with power to sell) in the Station Books, as belonging to the Bank, and that the amount advanced thereon be regulated by previous official report as to its convertible value at the time.

7. Regimental loans granted to Corps to facilitate the establishment and maintenance of Messes, Bands, Libraries, and other Regimental purposes.

8. Loans are granted on the security of Government Paper, on the Stock of the Calcutta, Madras, Bombay, and Mofussil Banks, and on the shares of other approved Joint Stock concerns, where the parties borrowing give to the Bank a power to sell the notes or shares forming such security, if, on one month's notice to close the account, the loan—which will, in the first instance, be for three months and thereafter renewable for a similar term or terms—shall not then be re-paid in full.

9. Parties desirous of taking advances in Calcutta, Bombay, Madras, or Agra, should apply to the Branch Managers of the Bank at those Presidencies respectively.

10. Interest on loans is charged from the date on which the amount, wholly or in part, is placed as a floating balance at the disposal of the borrower, according to notice given, and is allowed at the same rate, upon all remittances from the date of their realization.

11. When loans are not liquidated as agreed upon, a penal interest of two per cent. per annum additional will be chargeable.

12. It is a condition of every loan that the party borrowing shall be subject to the general rules of the Bank, in respect to such transactions.

13. Constituents of the Service, when writing to the Bank, are requested to add their rank or official designation, to obviate the delay of reference, and with the same view applicants for loans are also requested in naming their sureties, to furnish a similar detail regarding them.

14. All Loan accounts with the Bank are brought up periodically to the 30th of June and 31st of December, and interest thereon is debited or credited to those dates half-yearly.

15. When parties already indebted to the Bank require further accommodation the balance due on the former account will be deducted from the new loan; as a general rule, two accounts, with different sureties and different terms of payment, cannot be kept open at the same time.

16. The Directors give a preference to applications for loans repayable within a short date.

17. The Bank renders accounts, once every half-year, as above.

The attention of the Assuring Classes in India, is invited to an entirely new set of Tables constructed for the especial use of the Church of England Company. The rates are quite as low as the average rates of the cheapest offices in India. They have, in fact, been reduced to the fullest extent compatible with the stability of the Institution, and the security of its Policy holders.

The distinguished success which attended the establishment of the CHURCH OF ENGLAND ASSURANCE COMPANY, in England, Scotland and Ireland, induced the Directors several years ago, to open Branch Offices of the Company, at Calcutta and Madras, with a view of extending the peculiar advantages of this Establishment to Europeans residing in all parts of India. They felt satisfied that these advantages would be duly appreciated by the Anglo Indian public, and that the same decided success would attend the Company's establishment in the East, and the same powerful support to be given to it by the Clergy and Laity in the three Presidencies of India, as had already marked its progress in all parts of the United Kingdom in Europe.

These anticipated prospects of success, the Directors have the gratification of being enabled to state have been fully realized.

The high credit enjoyed by the Company in Europe, and the connection of many of its Directors with men of eminence and influence in India, have enabled the Company to proceed in a continued career of prosperity such as to satisfy the most sanguine expectations of all persons interested in its welfare.

In every institution of this kind the two main objects of policy holders are, SECURITY and ECONOMY.

The highest attainable economy has been afforded to policy holders by means of an entirely new set of Tables computed for the especial use of the Indian Branches of this Institution. No labor or expense has been spared in the construction of these Tables and the Directors have much gratification in directing attention to them, being confident that they will meet the views and satisfy the expectations of the Assuring classes in India.

The security of Policy holders in India is made complete by the responsibility of the whole body of Proprietors, both in England and in India, to the extent of the subscribed capital; whilst, for their immediate protection and advantage, an adequate fund has been invested in Indian securities, so as to be always immediately available, to provide for whatever casualties may arise. The premiums may be paid either annually, half-yearly or quarterly: and Policies, which have become forfeited by non-payment of the premiums, may be revived within 12 months, upon proof of the same state of health, and the payment of the premiums in arrear with interest thereon, but without the exaction of any fine. The age will be admitted in all cases where satisfactory evidence is furnished in regard to it, previously to the Assurance being completed.

After their arrival in England, Assurers will, if in approved health, be permitted during the remainder of their abode there, to pay their Renewal Premiums according to the reduced scale for Great Britain.

Policies effected by parties on their own lives, and assigned as a *bonâ fide* security to others will not be rendered void in the event of death by suicide, duelling, or the hands of justice, claims will become payable within three months after satisfactory proof of death.

TABLES.

The first two Tables are for the use of the Civil Servants of the Company, of merchants, clergymen and others, who are not liable to the same exposure to the injurious effects of the climate and other risks to which Military Officers are subjected.

Table I. contains the rates for Assurances on the lives of such persons for SHORT TERMS, varying from one to seven years.

Table II. contains the rates for Assurances on the lives of such persons for the WHOLE TERM OF LIFE, at an EQUAL RATE of premium, payable annually during life.

Tables III. and IV. are for the use of Officers in the Army and Navy, and others exposed to military risks. They are precisely analogous to Tables I. and II. and the same observations will apply to them respectively.

In cases where Assurances are to be effected on the lives of persons exposed in an equal, or nearly equal degree to the effects of the climate, as Military Officers, but not liable to be killed in action, a rate of premium will be charged according to the nature of each particular case, it will, however, exceed the rate for Civilians, but will in general be less than the rate for Military Officers. The premium for every such case may be ascertained by application to the Agents.

When the party resides in, or is about to visit any particular unhealthy part of India, or is afflicted with gout, hernia, or any slight chronic decease, not attended with immediate danger, such additional rate (to be ascertained by application to the Agents,) will be charged as the circumstances of the case may require.

No addition to the premium will in any case be made for sea-risk, in passing from any one part of India (including Ceylon,) to another: or in passing to, or from the Cape of Good Hope or England, either by the Overland or Sea route.

WILLIAM EMMENS,
Manager.

The necessary Forms of Proposal, and every requisite information as to the mode of effecting Assurances may be obtained either by letter or personal application to

Messrs. COLVIN, COWIE AND CO.—Calcutta.

The extensive business transacted by this Company has enabled it to confer important advantages on its Policy Holders, both at Home and Abroad, and attention is requested to the large Bonus additions made to Policies on the Participating Scale.

Sums assured before the 25th May 1847, have been increased by 16 per cent. a Policy of £1,000 opened in the year having been increased to £1,160 as at 25th May 1854, the date of the first Division of profits. Later Policies have also derived proportionate advantages.

The reduced rates for Foreign residence on which this Company now act, and the terms and conditions of Assurance generally, are more favorable than those of other life Offices.

Agencies and Local Boards in every British Colony where proposals can be made and Premiums received.

Claims paid in Great Britain or in the Colonies.

Immediate reduction to Home Premiums on return to Europe.

Home rates of Premium charged for British North America, the Cape, Mauritius, Australia and part of the United States.

Every information regarding the Company may be obtained by application to the Agents.

THE RATES OF THE COMPANY.

These will be found moderate, and looking to the facilities and advantages afforded by the Company, they may be considered more advantageous and virtually less expensive, than those of any other office doing business in the East. Policies will be issued for any amount from 500 to 50,000 Rupees.

GENERAL REGULATIONS AND CONDITIONS.

These have been framed with much care, with the view of making the Company's Policies available securities of the most perfect kind, with as much freedom to the Policy-holder as may safely be granted. The Directors invite particular attention to them.

CLAIMS paid at the end of three months, or immediately, if preferred on discount.

POLICIES WITH PROFITS purchased at any time after payment of one year's Premium, and Policies without Profits for the whole term of life, after three years' Premiums have been paid.

ASSIGNMENTS OF POLICIES recorded, and from the date of such recording, Assurances not subject to forfeiture on any ground whatever, except fraud, and non-payment of the proper premiums.

POLICIES held by parties on their own lives unchallengable on any ground whatever, except fraud, but subject to forfeiture, during the period of twelve months from their date, in the event of death by suicide, duelling or the hands of justice.

AGE AND INTEREST admitted on the Company Policies in all cases where proof is given satisfactory to the Directors.

THIRTY DAYS OF GRACE allowed for payment of Premiums, and in the event of death taking place during the currency of these days, before payment of the Premium, the risk tending on the Company, if payment be made before the days of grace expire.

ASSURANCE FORFEITED may be revived within three months of the date at which the Premium became due, on proof of health satisfactory to the Directors, and payment of a fine of ten per cent. on the Premium in arrear.

MILITARY MEN holding appointments of a civil character, not requiring Military service, are charged at the rate applicable to the Civilians.

PERSONS ASSURED THROUGH THE INDIAN BRANCHES of the Company have permission to reside in any part of the world, so long as they continue to pay the original rate of Premium stipulated in their Policies.

PERSONS ASSURED FOR THE WHOLE TERM OF LIFE returning to Europe or any other climate considered equally healthy by the Directors, pay the reduced Premium applicable to Europe, according to the Company's published Rates (Table No. II.) commencing with the first Annual Premium due, after their arrival within such limits has been duly reported.

PERSONS ASSURED paying a reduced rate of Premium for residence in Europe or elsewhere, desirous of returning to India, require to make application to the Directors for permission to do so, paying the original rate of Premium required in terms of their Policy. If desirous to proceed to any other part of the world instead of returning to India, the terms will be specially arranged.

NO EXPENSES in connexion with obtaining Policies; and all Medical Fees paid by the Company.

The local Boards in India are empowered to accept Proposals and issue Policies; and every facility is afforded for the despatch of business.

Every information which this Prospectus does not contain will be furnished by the Secretaries.

FAMILY ENDOWMENT LIFE ASSURANCE AND ANNUITY SOCIETY.

(No. 12, CHATHAM PLACE, BLACKFRIARS, LONDON.)

CAPITAL £500,000—ESTABLISHED BY ACT OF PARLIAMENT, 19th MAY 1836.

Agents in Madras.....Messrs. Binny and Co.

DEFERRED ANNUITIES AND ENDOWMENTS FOR INDIA.

GENERAL RULES.

All Premiums must be paid in advance—every facility will be given for their regular payment or remittance; but 12 per cent. interest will be charged on all arrears, and the contract forfeited after six months' non-payment of Premium.

The first half yearly payment of Annuities will be made, if claimed in India, six months, and if in London, 12 months after the expiration of the period of deferment, and parties, whose Annuities have commenced in India will, on their return to England, have to comply with the English period of payment, which is, as above, six months later.

An Officer proceeding on furlough and having subscribed for a Deferred Annuity, may at his option, continue his payments during furlough, the Annuity becoming payable at the same terms as if he had remained in India, or he may discontinue his subscription during the period of furlough, in which case the period of deferment will be extended for an equal time, or lastly, he may surrender his contract to the Society, who will be prepared to purchase it at a fair valuation.

The Annuities will be paid in London at the Exchange of 2*s.* per Rupee.

For the present the Directors have limited the Annuities on any one life to 3,000 Rupees, and the Endowments to 30,000 Rupees.

Forms of proposal and full information may be obtained at the offices of the Society in London, and of the Secretaries and Agents in India.

LIFE ASSURANCE.

The advantages of this Society are as follows:

A lower and more economical scale of premiums for life Assurance than hitherto demanded by the established offices in India.

The Tables of Premium have been accurately prepared, after reference to all the various and best Reports and statistical Documents recently available, and particularly, that last prepared by Mr. Griffith Davis in 1844, based on Dodwell and Miles' Army Lists; and the investigations of Mr. Woolhouse, Actuary of the National Loan Fund Life Assurance Society.

To the Actual or mathematical risk thus deduced, an ample per centage has been added to the scale of Premiums for the safety of the Society and the benefit of the Assured; and it will be found by reference to the subjoined Tables that, notwithstanding a considerable per centage thus added, the rates of Premium will be cheaper at all ages to the holders of Policies than those hitherto offered to the Public in India.

The whole of the Funds of this Society in India at present are invested in Government Paper. The Directors are limited to such investment, and to loans on security of Government Paper or Bank of Bengal Shares only.

192

All Holders of Policies in India on the profit scale, who may have paid five Annual Premiums, will be entitled at the expiration of the fifth year *to a year's profit*, calculated on the average of the proceeding five years, such profit to be paid in cash, or to go in diminution of the future Premiums payable, or to be added to the sum assured by the Policy at the option of the Holder, after the calculation of the profits shall have been made in London.

After the expiration of 1851, the profits will be declared annually, and the payers of five complete Annual Premiums, be regularly entitled to a participation therein with a like option as to the mode of application.

Parties assured in India for life shall, on their return to England for a *permanency*, and on the first half-yearly Premium becoming due, be entitled to come upon the English rates of Premium, and be placed under the rules and conditions of the society there obtaining.

All parties assured for life or for terms other than for life, whatever the number of payments or the permanency or otherwise of their residence in Europe, shall after completing a full year from the date of quitting India, and on the first half-yearly Premium thereafter becoming due, be entitled to a reduction of their Premium to the English rates, and reduced rates being continued during the further residence in Europe.

Parties in the Military Service holding Civil Offices, and thus subject to no greater risk, than members of the Civil Service, will be charged at the rate of Premium of a Civil life, but on return to their Military duties the higher rate will be charged—due notice of such return must be given to the Secretaries.

Premiums are payable half-yearly in advance, but arrangements may be made with the Secretaries for the payment of the Premiums annually or for a given number of years.

Assurance will be computed from the date of the Certificates, but no Assurance to be binding on the Society, until the first *six months'* premium shall have been actually paid to the Secretaries.

Policies becoming claims upon the Society will be paid three months after satisfactory proof of the death of the party assured shall have been received at the Society's Office.

Policies granted by the Indian Branch, will be paid in India or London, at the option of the Holder, at the exchange of two Shillings per Company's Rupee provided notice shall have been given to the Secretaries, at least *three months* previous to a lapse occurring, of the place at which it is desired the payment may be made. If no notice shall have been given, the payment will be made at the place at which the last Premium previous to lapse may have been paid.

All payments or receipts on Accounts of the Society of Sterling money in India, or of Rupees in England, will be made also at the fixed rate of two Shillings per Company's Rupee.

In cases of lives of more than ordinary hazard an increased rate of Premium will be charged proportionate to the risk; such increased rate will be regulated by the strictest attention to justice between the Society and the Assured.

All applications for Assurance must be accompanied by a Medical Fee of Eight Rupees.

Notice of Assignments of Policies will be duly registered at the office of the Agents.

Applications for Assurance to be made to the Secretaries, Messrs. Gordon, Stuart and Co., who are prepared to grant Policies, to the extent of 40,000 Rupees on any life; approved of by the Directors, and who will afford information regarding the business generally and rules of the Society in Lon-

don, as relate to Assurance on Lives or survivorships, the purchase and sale of Annuities and reversionary interests, the granting Endowment on existing children and other ordinary business of the family Endowment Society.

Tables of Rates of Assurance for Lives in the Family Endowment Society.

(*Vide* MADRAS ALMANAC *for* 1860, *page* 435 *and* 436.)

Conditions Endorsed on the Policy.

Polices will become void if the Premiums be not paid within thirty days after the period limited by the Policy for payment; but should proof be given, to the satisfaction of the Directors, that the parties whose lives have been assured continue in good health, the Polices may be revived at any period within six calendar months on the payment of a Fine of one half per Cent. on the sum assured; or at any period within twelve calendar months, on the payment of such a Fine as the Directors may think reasonable.

Polices will become void if the parties whose lives have been assured shall go to any of the following places, viz., Arracan, the Soonderbunds of Bengal, Assam, the province of Scinde, and all places subject to periodical visitation of the plague; or (not being of the Military or maritime profession at the time the Assurance is effected) shall afterwards enter into or engage in any military, maritime, or other hazardous service or employment whatever, unless in each case permission shall have been granted by the Directors, which may be obtained by the Parties paying a Premium adequate to the extra risk; but no additional Premium will be demanded in consequence of the Party whose life has been assured proceeding on public duty in obedience to the orders of his superiors, or in performance of his professional duties, to any of the above exempted places.

Polices will become void in case the Parties whose lives have been assured shall die by duelling or by their own hands, or by the hands of Justice. But the Directors will in each case make such allowance as they may deem reasonable; and if the Policy shall have been assigned to a bona-fide Creditor other than the Society, the Directors will pay such Creditor to the extent of his interest in the Policy, upon satisfactory proof of his interest being given to the Directors.

All Claimants upon Polices must, if required, furnish proof of the death of the party assured, and give such further information as the Directors may think necessary; and reasonable proof will also be required of the age of the Party assured, unless it shall have been previously established and admitted in the Policy or by Indorsement thereon.

In the event of death taking place within the first six months of any year (commencing on the anniversary of the date of the Policy) the Premium for the next six months will be deducted from the sum assured, it being distinctly understood and agreed upon, that the Premium for each entire year during the continuance of this Assurance shall in all cases be paid. Policies granted by the Indian Branch will be paid in India or London, at the option of the holder, at the exchange of Two Shillings per Company's Rupee, provided notice shall have been given to the Secretaries, at least *three months* previously to lapse, of the place at which it is desired the payment may be made. If no notice shall have been given, the payment will be made at the place at which the last Premium previous to lapse may have been paid.

All payments or receipts on account of the Society of Sterling money in India or of Rupees in England, will be made also at the fixed rates of Two Shillings per Company's Rupee.

The Directors of the Society have caused investigation to be made with great care into the existing Institutions for Life Assurance, &c. &c. and they trust they have been fortunate in selecting from each what, as a whole, will place their Establishment on the most judicious and satisfactory footing, both to the Proprietors and the Assured. They request particular attention to the rates, which, being founded on the most accurate observations of the duration of human life, are as moderate as is consistant with perfect security.

The plan of this Society is to transact all its business on such terms as to leave in all human probability, as small, but certain excess of profit on the general result of its transactions. A small portion of that profit is set apart as a compensation to the Proprietors who have advanced the Capital necessary for defraying the unavoidable expense of the Institution, and who have pledged the subscribed amount of their Capital, in order to afford that responsibility which relieves the Assured from any contingency of loss to which they might be liable without the intervention of such a guarantee.

ADVANTAGES OFFERED BY THIS SOCIETY.

1. The Profits are declared in each year on the second Wednesday in May, from which date all persons who may have assured for the whole term of life on the participating scale, and on whose Policies six complete annual, or twelve complete half-yearly original premiums have been paid, are entitled to participate in the profits of succeeding years in either of the modes provided by the Deed of Settlement, viz.: by a reduction of the annual or half-yearly premiums as they fall due, or by an equivalent addition to the sum assured by way of a bonus. Each assurer on his first becoming entitled to participate in the profits, has the option of selecting either of the foregoing methods, and three months from the date of declaration of the profits is allowed for his making that selection, which however, when once determined on, cannot be altered in after years.

2. The practice of an annual division, as observed by Mr. Babbage, "distributes the profits with more regularity and justice than any other," and is especially advantageous to persons of advanced years who cannot hope to participate in many septennial or decennial divisions, as practised by several other offices.

3. One-fifth of the ascertained profits is divided between the Policy holders and Shareholders—three-fourths to the former, and one-fourth to the latter—the remaining four-fifths are set apart to enter into the average to be struck on the next succeeding year.

4. The following table will show the operation of the reduction allowed by the division of profits for 1859-60, which is equivalent to 40 per cent. On the current annual premium of all policies entitled to participation.

	Civil.					Military or Naval.				
Age.	Date of Policy.	Sum Assured.	Amount of Premium. Reduction after 6 years.		Reduced Premium.	Age, 15th May 1866.	Amount Assured.	Amount of Premium.	Reduction after 6 years.	Reduced Premium.
	14th May	Rupees	Rs.	Rs.	Rupees	Rs.	Rupees	Rupees	Rupees	Rupees
20	1855.	10,000	420	168	252	20	10,000	470	188	282
30	,,	10,000	480	192	288	30	10,000	540	216	324
40	,,	10,000	590	236	354	40	10,000	630	252	378
50	,,	10,000	740	296	444	50	10,000	770	308	462

5. From the foregoing explanations it will be seen, that the benefits arising from a participation in the profits are actually experienced (when a reduction of the premium is selected) at the periods when the seventh annual, or thirteenth and fourteenth half-yearly premiums fall due. In the case however of a Bonus to the sum assured being selected, an equivalent sum will be added to the Policy for the current year, being such an amount as the reduction in the premium would purchase as a single payment.

6. Separate Tables for Assurances without participation in profits, both Civil and Military, have been adopted for the whole of life at reduced rates for such persons as may prefer a lower rate of premium to participation in the general profits.

7. On return of Assurers to Europe their Premiums are reduced to the English rates both on participating and non-participating Scales.

8. The society makes a natural distinction between persons exposed to the hazards of Military and Maritime occupations, and those whose occupations are of a Civil nature; but Members of the Military Service holding offices purely Civil, and subject to no extra risk, will be charged the Civil rate of premium only while engaged in duties purely Civil. It will be in the discretion of the Directors in each particular instance to say whether the higher or the lower rate of Premium shall be chargeable, and that discretion will be regulated by the particular circumstances of the case.

9. When application is made for assuring a life subject to more than ordinary hazard, an augmented Premium will be charged proportionate to the increased risk, the rate of which will be regulated by the strictest attention to justice between the Society and the Assured, according to circumstances.

10. Premiums are *ordinarily payable half-yearly in advance*; but Policy-holders are at liberty to make arrangements with the Society to pay their premiums *in one amount*, in annual or quarterly payments and on short term and non-participating Policies only in monthly payments; premiums also may be paid for a given number of years, viz. 5, 10, 15 or 20. Some persons may wish to avail themselves of a present season of prosperity and adopt the latter course, in which case (although their contribution will cease with expiration of the term they may fix upon) their share of the profits will continue to be added to their Policies annually during the remainder of life.

11. The Parent Institution being in London with similar Establishments in Calcutta, Madras, and Bombay for granting Policies, Premiums, as well as claims, are payable in either country, at the option of the Policy holder.

12. All Policies becoming claims on the Society will be discharged within three months after satisfactory proof of the death, and cause of death of the Assured, shall have been furnished to the Directors.

13. The Directors of the Indian Branches of the Society are empowered to treat for the purchase of Policies for the whole term of life on which Premium shall have been paid for a period of not less than five years, or to advance, if required, on such Policies by way of loan, two-thirds of the estimated value.

14. The Accounts of this Society, after being investigated by Auditors, chosen as well by the Assured as by the Proprietors, are laid before General Meetings convened twice a year in Calcutta for that purpose:—in like manner the Accounts of the Parent Society are regularly transmitted to India for inspection, the Indian Branches enjoying reciprocal advantages with the Parent Society.

15. Where the application for Assurance makes no mention of the date from which the Assurance is desired to take effect, the Policy will be issued as on the date of approval of the risk by the Directors, but no Assurance to be binding on the Society until the first premium shall have been actually paid to the Agents.

16. Every proposal for Assurance will be immediately attended to, and the Assurance completed generally within a few days after the application is made.

17. No fees charged on Policies Medical referees are remunerated by the Society, by fee of *Sixteen Rupees* on proposals for Assurance not under Company's Rupees 2,500, but for any less sum the fee to be settled by the applicant.

18. The Directors of this Society hereby intimate that the cost of the Stamp Duty on all new Policies issued by them, will be defrayed by the Office.

19. The Tables, Blank Forms, and other particulars, requisite to enable persons to effect Assurances, may be had on application to the Agents.

By Order of the Directors.

[*Vide* MADRAS ALMANAC of 1860 *page* 448 and 449.]

This Insurance Company is the oldest established in India and the only one in Calcutta offering the advantages of the MUTUAL ASSURANCE SOCIETY. It is under the management of a Board of nine Directors who meet once a week, and a Secretary.

The Society has agents at the other Presidencies, the Colonies and at the principal stations in the Lower and Upper Provinces. The Directors desire to invite the attention of the Public to the real and solid advantages which the adoption of the new Rules and Rates now published as taking effect from 1st July 1856, presents to them.

1. The Rates charged on all Policies issued from this date are at a much reduced and fixed figures, not subject to any fluctuation.

2. The Rates will be found in comparison with other Tables to be *Lower* than those of any other Assurance Office in India, which fact cannot fail in itself to commend the LAUDABLE SOCIETY to a fair participation in public and private support.

3. This Office being a Society founded on the acknowledged and sound principles of MUTUAL ASSURANCE divides the whole of its profits amongst the assured, whereas other Institutions work for the benefit of a separate and distinct Proprietary body.

4. The Security afforded by its large capital, at present exceeding 8 Lacs of Rupees is not nominal, but the whole is invested in Government Securities in the name of all the Directors.

5. On satisfactory proof of death Policies are adjusted and paid one month afterwards without any deduction for discount.

6. Policies are granted for various limited periods from one year to seven years, and also for the whole duration of Life at fixed rates of Premium.

7. An insurer, after one year's residence in Europe, or other country approved by the Directors is entitled to a reduction of 10 per cent. on these rates.

8. To suit the convenience of Policy-holders Premiums will be received quarterly or half-yearly.

9. Military Officers holding Civil Appointments are charged at Civil rates whilst so employed.

10. Rules, complete sets of Tables of Rates, Blank Forms of Application and Certificates are always obtained at the Office of the Secretary who will effect Insurance free of charge. No fee required for the Certificates of the Society's Medical Officer.

9th. The Interest will be calculated on a deposit from the first day of the month succeeding that in which it shall be received, that up to the last day of the month preceding that in which it shall be withdrawn. No interest will be allowed for broken periods of a month, nor calculated on fractional parts of a Rupee.

10th. The Government reserves to itself the power of lowering or raising the rate of interest—due notice of such alteration to be given in the Fort Saint George Gazette, of the intention of Government, six months before it shall take effect.

11th. All deposits will be regularly entered in a Book at the time they are made, and the Depositor of the deposit made at the Presidency, will be furnished with a small book having a duplicate of the entry. This book is to be brought to the Bank whenever any sum is deposited or withdrawn. The account thus kept will be closed on the 30th April of every year, and the balance of interest due at that period will be paid to the Depositor, or carried to account, thence-forward to accumulate at compound yearly interest, until it shall amount to 2,500 Company's Rupees, when no further deposits will be received, but interest will be added to the deposits, till it shall amount to 3,000 Rupees, after which no further interest will be allowed.

If such deposits are made in the children's names, they cannot be withdrawn without an authority from the children, no trust will be allowed to appear on any deposit. Provided however, that this Rule shall not be construed to prohibit individuals resident out of Madras, or females, who, according to the manners and customs of the country, do not usually

make their appearance in public, from making their deposits in their own names, by the hands of other persons as Agents on their behalf.

13th. No sum deposited to be transferable, excepting on the personal application of the Depositor, supported by written sanction: when peculiar circumstances render a deviation from this Rule necessary, the case shall be submitted to the Committee of Management, for their sanction.

14th. No person will be allowed to deposit any money without making known his or her name, together with his or her profession, business, occupation, calling and residence. A duplicate of this description will be entered in each Depositor's book, to be produced whenever any sum is afterwards deposited or withdrawn.

15th. M.'s Commissariat Officer at the Colony, under the above arrangement, will be repaid to Her Majesty's Government by the Secretary of State for India, and with that view, the Accountant General will transmit to the Home Authorities, through this Government, Statements of the amounts for which Certificates may have been granted in each month.

FORT ST. GEORGE, 28*th June* 1860.

No. 287 of 1860.—Notice is hereby given, that under instructions from the Government of India, the Military branch of the Government Savings' Bank at Madras has been abolished from the 1st May 1860, and that in accordance with the Royal Warrant and Regulations regarding Regimental Savings' Banks, Regimental Savings' Banks shall be established in lieu thereof in the Regiments of the British and Indian Armies serving under the Madras Presidency, the accounts of which will be audited annually and adjusted by the Secretary to the Government Savings' Bank.

Regimental Savings' Bank.

1. To afford to the Soldiers of the Army facilities for depositing their Savings, there shall be established, in every Regiment and Depot of Regular European Artillery, Cavalry and Infantry, a Regimental Savings' Bank, for the safe custody and increase of such Savings, and the following Regulations shall be observed and obeyed wherever the Troops may be serving :—

2. Officers Commanding Troops and Companies shall receive as public money, to be applied to the payment of those public services which it is their duty to defray, such sums as the Soldiers under their Command may from time to time desire, and be entitled to deposit in the Savings' Bank of the Regiment.

3. The maximum of each Soldier's deposit shall be limited to Rupees 300 in any one year, and to Rupees 3,000 in the whole.

4. The rate of interest upon deposits shall be Rupees 3-12 per cent. per annum, but no interest shall be allowed upon a less sum than Rupees 2-8, nor upon any sums other than multiples of Rupees 2-8, or which have not remained in deposit for at least one month to be reckoned from the last monthly Muster Day, and interest shall only be allowed upon sums withdrawn up to the Muster Day, preceding the day the deposit is withdrawn, unless such day shall be the Muster Day. Interest on all sums in deposit shall be added to the principal quarterly, and shall thenceforward bear interest.

5. When a Soldier shall be desirous of withdrawing the whole or any part of his deposit, he shall give at least seven days' notice to the Captain or Officer Commanding the Troop or Company to which he belongs, in order that the necessary arrangements may be made for re-payment of the amount at the next day of monthly Muster; but if such Captain or Officer Commanding shall be satisfied of the urgency of the case, and that the immediate withdrawal of the Deposit would be for the advantage of the Soldier, he may direct payment to be forthwith made. Whenever the Officer Commanding the Troop or Company shall have grounds for believing that the Soldier intends to make an improper use of his money, he will be permitted to withhold the privilege of withdrawing the deposit until the Commanding Officer of the Regiment shall determine whether it should then be issued or not, and shall

the Officer Commanding, deem it essential to the discipline of the Regiment to withhold from a Soldier the privilege of withdrawing his deposits, he shall report specially to the Commander-in-Chief and to the Secretary at War, the circumstances under which he has felt himself compelled to exercise this power.

6. All moneys deposited by the Soldier in the Regimental Savings' Bank shall be held strictly in trust for his own use and benefit, and shall on no account be transferable to any third party, either by endorsement, conveyance or otherwise, and shall not be affected by any debts contracted by him, nor be made available for any purpose whatever, except under his own order signified to the Officer Commanding his Troop or Company; and such moneys shall, if possible, be paid to the Soldier personally; and in all cases his receipt shall be obtained and shall be attached to the Troop or Company Savings' Bank Ledger.

7. Upon the discharge of a Soldier, his deposits may remain at interest in the Regimental Savings' Bank, for a period not exceeding six months, after which time interest shall cease; but if required by the Soldier the principal may be retained without interest for longer period for security.

8. At the death of a Soldier interest on his deposits shall cease from the Muster Day next after his death, and the amount of his deposits with the interest accumulated thereon, shall be added to his other effects and be reported to the Secretary at War to be disposed of in the usual manner to the legal representative of the deceased, as prescribed in the Articles of War.

9. A Soldier convicted by a Court Martial of desertion, or recorded by a Board of Officers in the usual manner as a Deserter, shall forfeit to the Public all moneys he may have in the Regimental Savings' Bank; and such forfeiture shall only be remitted by the Secretary at War.

10. To prevent parties not in Military employ from availing themselves of the advantages afforded by these Banks, no Soldier is, on any pretence whatever, to deposit in his own name the money of another person, whether a Soldier or not, and in case any Soldier shall so deposit the money of another person, in addition to any punishment which a Court Martial may award for the fraud thus committed, all sums so deposited shall be forfeited to the Public, and one-half of the amount not exceeding Rupees 50, shall be allowed to the informer.

11. In the Orderly Room of every Regiment or Depôt of Artillery, Cavalry and Infantry, there shall be kept under lock and key, under the inspection of the Commanding Officer, the Officer Second in Command and the Adjutant, a Regimental Savings' Bank Ledger, in which shall be entered the Savings' Bank Account of every Soldier.

12. The entries shall be made in the Regimental Ledger by Troops or Companies, so that the amount of each Troop or Company shall be kept separate; and upon the transfer of a Soldier from one Troop or Company to another, a transfer of his account shall be made in the Regimental Savings' Bank Ledger.

13. A Non-Commissioned Officer shall be selected by the Officer Commanding to act as clerk to the Regimental Savings' Bank, and such Clerk shall make all the entries in the Regimental Savings' Bank Ledger, and shall receive an allowance according to the following scale :—

	Per Month.
If the Depositors are under 100	Rs. 8 0 0
If 100 and under 150	„ 10 0 0
If 150 and under 200	„ 15 0 0
If 200 and upwards	„ 20 0 0

14. Each Captain or Officer Commanding a Troop or Company shall keep a Savings' Bank Ledger for the accounts of the Non-Commissioned Officers and men of his Troop or Company.

15. Deposits of savings (not under eight annas) can only be made and entered in the Troop or Company Ledgers and in the Regimental Ledger once in each month, viz., on the day of monthly settlement, when all sums withdrawn will be also entered. The Captain or Officer Commanding the Troop or Company will, by his signature in the Troop or Company Ledger, acknowledge the receipt of all deposits made, and the Soldier will, in like manner, acknowledge the receipt of all sums withdrawn.

16. At the end of every quarter, the Troop or Company Ledgers are to be compared with the Regimental Ledger by the Officer Commanding, the Officer Second in Command and the Adjutant; and the Officer Commanding will transmit to the Secretary to the Government Savings' Bank, each quarter, a Certificate in the Form prescribed that this comparison has been made. Should a Troop or Company, be absent from Head Quarters, the comparison of the Ledger of that Troop or Company, with the Regimental Ledger, may be deferred until its return to Head Quarters; but such delay must be reported upon the Quarterly Certificate, and a Certificate duly signed that the comparison has been made must be transmitted to the Secretary to the Government Savings' Bank, upon the return of the said Troop or Company to Head Quarters.

NOTE.—In addition to the Annual Certificate transmitted under existing Rules by Royal Regiments in India, to the Secretary at War.

17. The Regimental Savings' Bank Ledger (certified by the Commanding Officer, Second in Command, and the Adjutant, to have been compared with the several Troop or Company Ledgers) and the monthly Statements of each Troop or Company are to be transmitted to the Secretary to the Government Savings' Bank at the end of each year, so soon as the balances of each Depositor shall have been carried forward into the Regimental Ledger of the succeeding year.

18. The Secretary to the Government Savings' Bank after auditing the Savings' Bank Ledger, and satisfying himself that the money has been duly brought to account by the Pay Master, will furnish the Officer Commanding the Regiment with a declaration that the account of Regimental Savings' Bank to that date has been audited and found correct. The declaration of the Secretary to Government Savings' Bank, will be preserved in the Orderly Room, and the Commanding Officer will notify to the Officers Commanding Troops or Companies that the Account of the Regimental Savings' Bank has been audited to that date and admitted to be correct.

19. During active operations in the field, or whenever circumstances may render it impracticable to attend to the details of the Savings' Banks, the General Officer in Command may direct the temporary suspension of this Regulation; but all sums then actually in deposit under the provision of it, shall bear interest in the same manner as if it had not been suspended.

EXPLANATORY DIRECTIONS (MADRAS) REGIMENTAL SAVINGS' BANK.

1. The Captain of each Troop or Company is responsible that the deposits he receives, and the withdrawals he pays, are duly entered in each man's account in the Ledger of his Troop or Company, and that Statements of his receipts and payments in the Form No. 2, are sent monthly to the Orderly Room; also that the amount of deposits and withdrawals are duly debited against him and credited to him by the Pay Master in the Company's Monthly Abstract of Account.

2. The Officer in Command, the Officer Second in Command, and the Adjutant are responsible for the correctness of the Regimental Savings' Bank Ledger, which is to be prepared in the Orderly Room by the Savings' Bank Clerk under their direction from the Statements No. 2, transmitted by the

Captains. They are to transmit monthly to the Pay Master in the Form No. 3, the account of the deposits received and the withdrawals paid by each Captain.

3. The responsibility of the Pay Master with respect to the Savings' Bank is limited to the following points:—He is to debit and credit the respective Captains with such sums as are shown by the Accounts (Form No. 3,) transmitted to him from the Orderly Room, to have been deposited and withdrawn; he is to forward to the Pay Master of the Division for countersignature and transmission to the Secretary to the Government Savings' Bank the Form No. 3, and to see that he is correctly debited and credited with the accounts of deposits and withdrawals as shown in Form 3; he is to note for special credit the deposits forfeited by Deserters in the place provided for this purpose in Form 3; he is to take care that the balances of deposits reported to be due to deceased men are duly carried to their Non-effective Accounts; he is to annex to the Non-effective Accounts of all Deserters and deceased men the prescribed Certificates stating whether they had any moneys in the Regimental Savings' Bank.

4. If a Soldier deposit more than Rupees 300 in any one year, interest can only be allowed upon Rupees 300 until after the next 30th April, from which date interest may be allowed upon any further sum not exceeding Rupees 300 for that year. Interest is not allowed upon any deposit for the month in which it is made, if it be made after the day of monthly Settlement. The whole amount to be deposited by a Soldier must not exceed Rupees 3,000.

5. If a Soldier be permanently transferred from one Troop or Company to another, or to another Regiment serving in Madras, the Captain is not to consider the amount of the Soldier's account as money withdrawn from the Savings' Bank, but is to transmit the Certificate (Form A.) to the Captain to whom the Soldier is transferred and will close the account of such Soldier in his own Troop or Company Ledger in the manner prescribed in Form B. The Certificate A will be the authority to the Captain receiving the transferred man to open in his own Troop or Company Ledger an account (but not as a new deposit in the Savings' Bank) in the manner prescribed in Form C. The Certificate A is to be annexed to the Regimental Savings' Bank Ledger.

6. The Captain making the transfer, and the Captain receiving such transfer, will each bring forward into his Annual Abstract the account of the Soldier, as it is shown by his own transactions with the man, in the Troop or Company Ledger of each Captain, in the manner prescribed in the Form E.

7. Regimental Pay Masters, on receiving intimation, of the intended embarkation to England of Invalid or other Soldiers, shall, within fifteen days of the Soldiers' embarkation, forward to the Secretary to Government Savings' Bank at the Presidency concerned, a correct Statement of their Savings' Bank Balances in quadruplicate.

8. The Secretary to Government Savings' Bank will fill up the Certificate in the Form, and furnish the Brigade Major with a copy of the Statements to be forwarded to the War Department by the next mail *viâ* Marseilles, and two copies will be sent to the Accountant General for transmission to the Secretary of State for India, through Government. The Secretary to the Government Savings' Bank will also supply the Regimental Pay Master with a copy of his Certificate.

9. This Rule is applicable as well to Regiments returning Home as to individual Soldiers.

10. When a Soldier has been convicted of desertion or recorded by a Board of Officers as a Deserter, the amount of his deposits is to be withdrawn by the Captain from the Regimental Savings' Bank and placed in the hands of the Pay Master to be by him noted for special credit to the Public in Form 3.

11. Upon the death of a Soldier the Captain is to make up his accounts to the next day of Monthly Muster, and is to withdraw the amount from the

Regimental Savings' Bank, and credit it to Non-effective Account of the Soldier with his other Effects.

12. The monthly allowance to the Savings' Bank Clerk is to be vouched by a Certificate of the number of accounts open in the Regimental Savings' Bank Ledger.

13. When a Regiment is transferred to the Madras Establishment, a new Regimental Savings' Bank Ledger must be opened, as well as new Ledgers for each Troop or Company.

14. The Account of each Depositor is to be opened with the amount in Indian Currency, and a Bill drawn by the Officer Commanding on the Pay Master General furnished to the Accountant General, Madras, for the aggregate of the opening balances which must correspond with the amount advised by the War Department as due to the Depositors of the Regiment.

15. Deposits made from Pay issued in sterling money, subsequent to the closing of the Savings' Bank Accounts rendered to the War Office, must be credited in the Indian Currency, the conversion being effected at the rate of 2*s.* ½*d.* the Rupee.

16. When a Regiment is removed from the Indian Establishment, the Regimental Savings' Bank Ledger must be closed to the end of the month in which the Head Quarters of the Regiment is to embark, and transmitted to the Secretary to the Government Saving's Bank for special Audit. The Secretary to the Saving's Bank will furnish the Officer Commanding with a Certificate of the amount due to the Depositors of the Regiment. This Certificate must accompany the Regimental Savings' Bank Ledger, to be furnished to the War Office as a Voucher.

17. All Forms will be supplied on application to the Secretary to the Government Savings' Bank, to whom all communications on the subject of Regimental Savings' Bank are to be addressed.

The foregoing Rules are to be considered applicable to European Regiments of the Indian Army as far as may be practicable, the Divisional Pay Master occupying the position of the Regimental Pay Master in Her Majesty's British Regiments.

The remittance of Savings' Bank balances of Invalids and Time-expired men will continue to be made as at present.

SPECIAL COMMISSIONER.

R. B. Ellis, Esq., C. B.

Mr. J. C. Winscom, Collector of Income Tax.

NOTICE REGARDING INCOME TAX.

In order that the inhabitants of the Presidency Town of Madras, may clearly understand, in what manner the Income Tax will be assessed, and by what course they should conform to Act XXXII of 1860, the following "Instructions" are made public by the Income Tax Commissioners.

1. The Income Tax Commissioners will issue a "General Notice" which will be affixed in public places in the Presidency Town of Madras, "that all persons liable to pay Income Tax "must send in returns of Profits or Income."

General Notice.

2. The different kinds of Incomes liable to be taxed are put into four classes, viz.

1. Those derived from land and real property.
2. Those derived from personal Property, Trades and Professions.
3. Those derived from Public Fund and Annuities.
4. Those derived from employment under Government or in the Service of a private Company, or from Pensions, &c.

3. The "Income Tax Assessors" will then serve "a Special Notice" on every person whom they consider liable to pay the Income Tax, and with this special notice, the Income Tax Assessors will send, the Forms of Returns which must be filled up by the persons to whom they are sent, such Forms of Returns can also be obtained on application at the Office of the Commissioners.

Special Notice.

It will be seen that in accordance with the special notices, served on all those liable to pay the Income Tax, parties are required to enter in their returns, "their actual profits, and incomes for the *last* year, ending on the date "when accounts of trade are balanced at Madras, or in other words, the pro- "fits and income stated in the returns, are to be those realized during the "year, ending on the aforesaid date or on the 30th April preceding that in "which the Income Tax comes into force."

For instance, if a trader has made up his accounts on 30th December 1859, he will enter in his Return his Profits and Income from December 1858 to December 1859 as representing last year's income.

4. Persons to whom these Special Notices are sent will choose whether they wish their assessment to be calculated by the Income Tax Assessors, and then to be fixed by the Board of Commissioners, or whether they wish the entire assessment to be made by the Income Tax Special Commissioner without the Assessors seeing the Returns.

Income Tax Assessors.

The advantage of this latter course will be that complete secrecy will be obtained.

5. If persons choose the assessment to be calculated by the Income Tax Assessors, they will send the Forms of Returns, which accompany the Special Notices, duly filled up, and sealed, to the Assessor of the District in which they reside. This Officer will calculate the amount of Income Tax to which the parties making the returns are liable, and will send in the statement for the consideration and approval of the Board of Commissioners with any remarks he may make upon the Return.

6. If persons choose to be assessed by the Special Commissioner, they will send the Forms of Returns, which accompany the Special Notices, duly filled up, with an application to the Special Commissioner, stating that the applicants wish to be assessed by him. This cover must be sealed and addressed, to the Special Commissioner, and must be enclosed in a cover addressed to the Assessor of the District, and on this cover the applicant must write his own name and place of abode, so that the Assessor may know the names of those who have made their returns to the Special Commissioner.

Income Tax Special Commissioner.

The Assessor will then forward the enclosure without breaking the seal to the Special Commissioner who will open it with his own hands.

7. The Special Commissioner if satisfied with the Return will calculate the assessment payable by the applicants, and this assessment will be final.

8. Persons wishing to compound their Income Tax, that is to pay for consecutive years at a uniform rate, instead of being assessed each year, can do so, for periods of 3, 4 or 5 years. They must when making their Returns, and before being assessed for such years, give a Notice to the Assessor of their wish to compound, and whether for 3, 4 or 5 years. The Commissioners or Special Commissioner will then fix the assessment as before described, and the party compounding will sign an agreement to pay this assessment together with an addition thereto at the rate of 1 Rupee for every 20 Rupees of the sum assessed as aforesaid, and this total assessment will remain uncharged during the period for which the Composition has been made, so that persons compounding will during this period have no further annual Returns of profits or income to make.

Composition.

9. If returns made to the Assessors, or to the Special Commissioner are not considered true, then the Assessors, in the case when the returns are made to them direct, (para. 4) will determine, to the best of their judgment, what they consider the Return should have been, and compute what the assessment should be, and report the same to the Commissioners who will "surcharge" as they deem right.

Surcharge by Commissioners.

10. In the same manner, the Special Commissioner, when the returns are addressed to him, (para. 5) if he considers the Returns sent him not true, will "surcharge."

Surcharge by Special Commissioner.

11. Notice of these surcharges will be sent to the parties, by the Commissioners or the Special Commissioner, as the case may be, and the parties surcharged may then appear before the Officers surcharging, (either the Commissioners, or the Special Commissioner) to explain and prove, either by their accounts, or by witnesses, the truth of their Returns which have been surcharged.

12. It must clearly be understood that no parties can be compelled to attend at the Income Tax Office or to produce any accounts whatever in support of their returns.

Attendance and production of accounts.

13. It is only when the Returns appear to the Assessors and Commissioners, or to the Special Commissioner, imperfect or untrue that surcharges will be made, when it will be optional with the party surcharged to attend or not with his accounts as he may think proper. If persons do come with their accounts, all that it will be necessary for them to do will be to satisfy the Assessing Officer of the correctness of their Returns, which they may prove as they best can, either by their accounts or witnesses. It is optional with them to use their accounts as *proofs* of the correctness of their returns, but they are not obliged to produce their accounts; if, however, they fail to convince the assessing Officer, they will have to pay the surcharge.

14. If persons do not send in their Returns to their District Assessors as described above in paras. 4 and 5, the Assessors will make a list of such persons who do not furnish their Returns, and the Assessors will calculate to the best of their judgment, the amount at which such persons should be assessed, and report the same to the Commissioners, who will make the assessment. A notice of the assessment, thus charged, will be sent to the persons who have omitted to send in these returns, but unless these persons can prove, that it was from some unavoidable cause, that they omitted to furnish

Failure to send in Returns.

their Returns, they will not be allowed any hearing by the Commissioners against the assessment with which they have been charged.

15. It is therefore strongly urged upon those liable to the Tax, to fill up correctly their Returns, and forward them to the District Assessors within the time specified in the special Notice.

RATES OF INCOME TAX.

16. 1.—All persons whose yearly profits or incomes are less than 200 Rupees will be exempted from the Income Tax.

2.—Ryots and persons in occupation of Lands for agricultural purposes paying less than 600 Rupees yearly to Government, will be exempted in respect of such land.

3.—All those whose profits and incomes are more than 200 Rupees, but less than 500 Rupees per annum, will have to pay 2 per cent.

4.—All other persons will pay 4 per cent. per annum on their incomes or profits.

Instalments.

17. The payment of this Tax, will be by instalments at the times following :—

1.—Quarterly instalment due on the 1st day of November.
2.—Quarterly instalment on the 1st day of February.
3.—Quarterly instalment on the 1st day of May.
4.—Last Quarterly instalment on the 1st day of August in each year.

18. The Commissioners will issue, to the collecting Officers, duplicates of the assessments, and the collecting Officers will proceed to collect the Tax, as it becomes due, giving receipts to the parties paying the said Tax.

Certificates.

19. Parties wishing to pay their Income Tax direct to the Treasury will receive certificates from the Commissioners, specifying the amount to be paid by the certificate holder for one year, and upon this certificate, instalments will be received at the Treasury, and receipts granted.

Payment by numbers or letters.

20. Parties who wish not to pay under Schedule 2 by name, but by a letter or number, representing their names, can do so. They will, on application to the Commissioners and Special Commissioner, be furnished with a certificate containing their numbers or letters, and the amount of assessment payable by them, under such numbers of letters. This course will secure complete secrecy.

Information regarding Income Tax.

21. If any persons are doubtful as to the manner in which the Forms of Returns are to be filled up, they should apply to the Assistants or if they require any information, regarding exemptions from the Income Tax, or on any subject connected with the Tax, they should apply for such information, to the Board of Commissioners or to the Special Commissioner, at the Income Tax Office.

But all persons interested should most carefully study Act XXXII of 1860, under which the Tax is levied, and which contains all the details of the Law. Suitable punishment is provided in the Act for fraudulent or false Returns which will on no account be passed over when discovered.

REPORT OF THE DIRECTORS OF THE INDIAN BRANCH.

FOR THE YEAR ENDING 30TH JUNE 1860.

The Directors have now to submit the usual Annual Statements to Policyholders and the Public.

The following Extract from the Report of Messrs. G. W. Mortimer and Charles F. Bennett, the Auditors for the past year, exhibits the exact position and progress of the Society during the period under review :—

"(I.) There have been received 456 PROPOSALS for Assurance, amounting to Rupees 27,97,025, of which 33 for Assurances, amounting to Rupees 1,91,521 have been declined.

"(II.) There have been issued 407 NEW POLICIES, assuring Rs. 24,10,804, and yielding in Annual Premiums Rupees 1,05,223-0-8.

"(III.) There have been adjusted 64 CLAIMS by death on 56 lives, for the aggregate sum of Rupees 4,37,446.

"(IV.) The CANCELMENTS from all causes amount to Rupees 22,51,076, the relative Annual Premium income being Rupees 98,725-0-3.

"(V.) The POLICIES IN FORCE as at 30th June 1860 are in number 2,103, Assuring Rupees 1,32,28,207-8-8, and yielding in Annual Premiums Rupees 5,96,182,15-11, but in this Amount is included Policies held by the Delhi Bank amounting to about eleven Lakhs which that Bank has intimated that as regards their interest they will not renew.

"(VI.) The Investments, all of which stand in three names, amount to Rupees 9,40,402 11-11, including Cash and Bank Balances, Rupees 8,45,300 being in Government Securities."

From the above Statements it will be seen that our position is much the same as it was last year. Our Assets are Rupees 83,000 more, and the new Policies issued, 407 in number, assuring Rupees 24,10,804, prove that, as hitherto, the confidence and favor of the Public continue to be given to this Society.

The Directors have to regret the discontinuance by the Delhi Bank of its connection with this Office. The Directors of the Society, after what they did for the Delhi Bank at the time when all its records and policies were destroyed, and nearly all its Assurances cancelled for non-payment of premium, cannot but express their surprise that the Managers of the Bank should have transferred their business to another Society, without alleging or attempting to show any grounds for the proceeding.

The delay that has taken place in the settlement of the great questions of the organisation of the Civil and Military Establishments of the country, has checked our progress and business generally.

It is evident that no one would enter into engagements extending over any period, until he knew his position,—and the Income and other new Taxes, so long as they remained uncertain in their incidence and amount, must have had a similar effect.

Until these questions are decided, this Society must be contented to hold its own ground, as it is at the very least doing in comparison with any other Assurance Company.

The Directors are happy to be able to acknowledge that their protest against the heavy Stamp Duty proposed to be levied on Policies of Assurance, and on assignments of them has met with attention from the Legislative Council, and they take this opportunity to intimate that the Society will pay the Stamp Duty which is leviable by law from 1st October on all policies issued by them.

By order of the Directors,
For P. M. TAIT,
W. B. WALLS,
Offg. Secretary.

Calcutta, 6th September 1860.

ABSTRACT OF INDIAN PROSPECTUS.

SECURITY.

The Capital of the Society is Half a Million Sterling, fully subscribed by an influential body of Proprietors, in Ten Thousand Shares of Fifty Pounds Sterling each.

SUCCESS.

The Indian Branch of this Office, without any claim whatever to the support of the Public beyond that arising from a simple statement of facts has, in less than nine years, issued Policies insuring Rupees 2,93,79,735, or nearly Three Millions Sterling. This is ample evidence that the public have pronounced in favor of the Low Premiums and General Liberality of the terms integrated by this Company for India.

THE PREMIUMS.

The circumstances under which the Premiums for India were computed are these:—

Under authority from the Court of Directors of the Honorable East India Company, of date September 1847, Mr. Nelson, the Consulting Actuary of the Society, was permitted to examine the Records of the India House with a view to his completion of a Report on the state of the Bengal Military Fund. The Premiums of this Society were computed from the data thereby afforded. No other Life Assurance Company has enjoyed similar advantages in this respect.

The following are the rates of this Compay for Assurance of Rupees 1,000, or £100 Sterling:—

Age.	RATES FOR INDIA.								RATES FOR EUROPE.						Age.

CLAIMS PAID. The Directors refer with confidence to the promptitude and liberality with which claims have been adjusted. The losses sustained in consequence of the mutinies alone, all of which have been paid, amounted to Rupees 6,77,445, showing that with a fully subscribed Capital, large Income and Accumulations, complete security is offered that Policies will be paid when due.

THE BONUSES.

Are ascertained at regular Intervals of five years, and an entire two-thirds divided amongst Policy-holders on the Participating Scale.

At the twelfth Annual General Meeting of the Society, held in the Offices in London on 24th November 1853, the first bonus on Indian Policies arising on of the Profits up to 30th June 1853, was declared, and nearly two per cent. per annum was added to the amount assured by Policies effected on the Participating Scale.

The following example will illustrate the effect of the Bonus on Indian Policies:

Age.	Date of Policy.	Original Sum Assured.	Bonus given.	Sum now Assured under Policy.
		Rs.	Rs. As. P.	Rs. A. P.
49	31st October 1833,	10,000	386 14 8	10,386 14 8
44	4th May 1854,	10,000	365 12 0	10,365 12 0
27	30th Dece. 1853,	10,000	141 4 8	10,141 4 8

When it is considered that as the date of the 1st Division of Profits on Policies

effected at this Branch, the Society had been less than two years established in India, that THE RATES OF THE COMPANY FOR THE WHOLE TERM OF LIFE ON THE PARTICIPATING SCALE, ARE LOWER THAN THOSE OF ANY OTHER OFFICE, IN SOME CASES ACTUALLY 25 PER CENT. BELOW WHAT IS EXACTED, these results cannot be considered as other than satisfactory.

THE GENERAL ADVANTAGES

Afforded by this Society, not already noticed may be briefly enumerated as follows:—

POLICIES ISSUED for any amount from Rs. 5,000, to 80,000.

POLICIES HELD by PARTIES on their own Lives indisputable on any ground whatever, except fraud or non-payment of the Premiums, but subject to forfeiture during the period of twelve months from their date, in the event of the life assured dying by his own hands, or by duelling, or by the hands of Justice.

ASSIGNMENT OF POLICIES registered without charge, and from the date of such registration, the Assurance not subject to forfeiture on any ground whatever, except fraud or non-payment of the due Premiums.

AGE AND INTEREST ADMITTED on the Policies in all cases where satisfactory proof is given.

Assurances may be revived within three months of the date on which the Premium became due, on satisfactory proof of health and payment of moderate fine.

Policies on which Five Annual Premiums have been paid, Purchased at a fair value.

Two-thirds of the estimated value will be advanced on the security of Policies on which at least Five Years Premiums have been paid.

Civil rates charged on the lives of Military officers holding civil appointments, for the term of such appointments.

Immediate reduction to English rates on the Assured proceeding to Europe, or any other part of the world which the Directors may consider equally healthy there permanently or reside; and, if such residence be temporary only, the said reduction to take effect after one year's residence.

The whole of the funds of the Indian Branch invested in Government, real, and Indian securities.

Claims paid Three Months after proof of death, or the Directors will receive, applications to discount, immediately after such proof, if preferred.

Policies May, at the time of being effected, be made payable in London at the rate of two Shillings Sterling per Rupee.

The following is a Summary of what are more particularly the

ADVANTAGES TO EUROPEAN RESIDENTS IN INDIA.

Notwithstanding the material modifications which have been made in the terms of other Offices since this Society commenced operations in India, the rates of Premium which remain unaltered, will be found generally lower than those of any other Company, and especially favorably for military men.

There is no charge for Entry-Money, Policy, or Medical Fees, or any expense whatever beyond the Premium, in obtaining Policies.

Premiums may be paid to one sum, or by yearly, Half-Yearly, Quarterly or Monthly Payments.

*Fifteen days of grace allowed for payment of Premiums; and in the event of death taking place during the currency of those days, the risk binding on the Company if payment of the Premium be made before the days of grace expire.

Where the proposal is for not less than Co.'s Rs. 2,500, or for a shorter period than five years, this Company pays the Medical Examiner a gold mohur for his Report.

Persons Assured with the Society through the Indian Branch, have permission under certain conditions, to proceed to and reside in, any part of the world, except the West Coast of Africa, without prejudice to the Assurance, so long as they continue to pay the original rate of Premium applicable to India, stipulated in their Polices.

N. B.—Persons have the option of effecting Assurance either direct with the Office in Calcutta or through any of the Agents, and paying the Premiums accordingly, but Receipts for Premiums must be signed by two Directors.

In the former case, the General Estate of the deceased shall benefit in the event of a lapse—in the latter, the person who may have subscribed on the life of the deceased shall benefit to the extent of the amount subscribed for, unless in either case such amount be especially declared at the time of subscription to be for the benefit of any other person or persons or be subsequently made over according to the form hereafter prescribed for the benefit of any other person or persons, in which case such person or persons shall be entitled to benefit in the event of a lapse and no other.

Art. 13.—All applications for admission accompanied by the above prescribed forms of Medical Report and Declaration which may be transmitted to the Secretaries, shall be submitted by them to the Directors for their decision, and the Directors shall in all instances be at full liberty to reject any such applications without assigning any reason to the Applicant for so doing.

Art. 14.—In all cases, it shall rest with the Directors to judge whether with reference to the circumstances of situation and distance, the interval which may have elapsed between the date of Medical Report and Declaration of Health, and the time of their presentment, be reasonable or otherwise, and to admit or reject such Medical Report and Declaration accordingly. In no case, however, is the Party subscribing to have any claim on the Funds of the Society in the event of the life lapsing between the date of the Medical Report and the date on which the Applicant may be admitted a Member, unless where the Directors may at the instance of such Applicant, have originally permitted the subscription to take effect from the date of the Medical Report and Declaration of Health, which it shall at all times be in their discretion to do, on the arrears of Subscription being paid up. In the event however of a person dying between the dates of the Medical Report and Declaration of Health, and his admission, and the Assurance of his life was not effected from the date of the Medical Report and Declaration the amount of Premium paid for such Assurance shall be refunded.

Art. 15.—No subscription on any life shall be considered as entitling the Party or Parties concerned to benefit by the Society until the life subscribed on shall have been approved of by the Directors, the amount of the first subscription, or Premium of admission paid, and a Certificate of admission granted under the signature of the Secretaries and any three of the Directors agreeable to the form annexed to these regulations—and if any Applicant shall omit to pay the amount of Subscription and Premium of admission within two months after the Life subscribed or shall have been approved of by the Directors, such applicant shall forfeit his claim to be admitted except on a fresh application, accompanied by a new Medical Report and Declaration of Health.

If a Party assured shall die within the one Month mentioned in this Article and the Premium is tendered after death, but within such month, the Premium shall be accepted, and the Policy held to be in force, unless an intention to drop the Policy shall have been intimated to the Secretaries by the Holder, previously to the Premium being so tendered.

Art. 21.—The person or persons entitled to benefit by the lapse of a life in the Society shall, on making application to the Secretaries in writing accompanied by such proof of the casualty as shall be satisfactory to the Directors, immediately receive the Amount Assured together with the amount at credit of the lapsed life in the Guarantee Fund the whole however subject to arrears of subscription or to any other sum due to the Society, and in the event of any Premia having been paid on such lapsed life beyond the Premia due thereon no such Premia shall be returned except such as may have been paid for the current half year and not included in the division of the funds of the Society.

Art. 22.—All lapses shall be paid out of the Premium Fund until exhausted, in which event but not otherwise, the Guarantee Fund shall be available to make good all payments for which the Society is responsible, and in the event of the Guarantee Fund being thus trenched upon the amount withdrawn shall be made good at the commencement of the succeeding half-year out of the current premia, so that every surviving Subscriber at the time of the repayment to the Guarantee Fund shall have his full amount made up to him as it stood at the time the Fund was drawn upon; and in case of lapse after the Guarantee Fund shall have been so trenched upon, and before the payment of the next half years' Premia, the full amount to the credit of the lapsed shall be paid, notwithstanding the temporary reduction in the total amount of the Guarantee Fund.

Art. 23.—In the event of a party being desirous to withdraw from the Society the amount to his credit in the Guarantee Fund shall be paid to him subject to a fine of 25 per cent. to be carried to the Premium Fund, and a proportionate payment shall be made in the event of the party reducing the amount of his Assurance, provided that in such case no payment shall be made unless the amount at his credit shall equal 10 per cent. on his reduced risk.

Art. 24.—Any mis-statement in the Declaration of Health makes the Policy void, as does suicide in cases when a person effects an Assurance on his own life, but not so in the case of Creditors effecting an Assurance on the lives of their Debtors.

5. The passage money gives title to one Berth only. If a whole Cabin is required for one person, the vacant berths in it will be charged at two-thirds the published rate.

6. At Masulipatam, Cocanada, and Vizagapatam, application for passage or freight will be registered by the Master Attendant, and at Rangoon by the Superintendent of the Irrawaddy Flotilla, to be handed to the Commander on arrival, who will then decide on the Passengers and Cargo to be received, under the same conditions of cancelling the engagements if the exigencies of the service so require it, as are reserved to the Superintendent of Marine at Madras.

7. All Servants will be charged for as Deck Passengers.

12. The address upon Steers, Packages, and Baggage must be full, each

Package having the name of the party for whom it is intended, and the Port at which it is to be delivered, marked in a manner not likely to be obliterated, torn off or destroyed by vermin.

BOAT AND CATTAMARAN REGULATIONS, &c.

RULES AND REGULATIONS SUBSIDIARY TO ACT No. IV OF 1842, "FOR THE BETTER MANAGEMENT OF BOATS AND CATTAMARANS IN THE MADRAS ROADS, AND FOR THE AMENDMENT OF CERTAIN HARBOUR REGULATIONS," AND TO THE RULE, ORDINANCE AND REGULATION COMMONLY CALLED THE MARINE POLICE REGULATIONS.

[*The above mentioned* ACT *is given in the* MADRAS ALMANAC *for* 1843, *page* 390.]

1. It is hereby notified that beneath the Master Attendant's Office on the Beach, is an Office where Boats and Cattamarans can be procured, and where Registers of all Licensed Boats, Cattamarans, and their respective Owners and Crews are kept, and are open to public inspection, and in which copies of the Act No. IV of 1842, for the better management of the Boats and Cattamarans, and for the amendment of certain Harbour Regulations, are suspended.

2. If a Boat or Cattamaran is required for any extraordinary service to a Ship or Vessel, either at anchor or under weigh beyond the limits of the Port, then the amount of hire which may be demanded may be referred to the Master Attendant or his Deputy for adjustment. N. B.—For the purposes of the foregoing rule, a Ship at anchor in, or beyond 10 fathoms, and a Ship at any distance under sail beyond that depth of soundings in any line of bearing from the Master Attendant's Flag Staff shall be considered as without the limits of this Port.

3. In cases of great emergency, by night or by day, the Owners of Boats and Cattamarans kept for the purpose of being let out on hire, shall aid and assist the Master Attendant and his Deputy by every means in their power, and shall induce the Boatmen and Cattamaran-men to perform the service required, and when great personal risk shall have been incurred, or arduous services performed, and those on whose account such duties are undertaken, refuse to remunerate the Crew for the same, the Master Attendant will bring the merits of the case to the notice of Government.

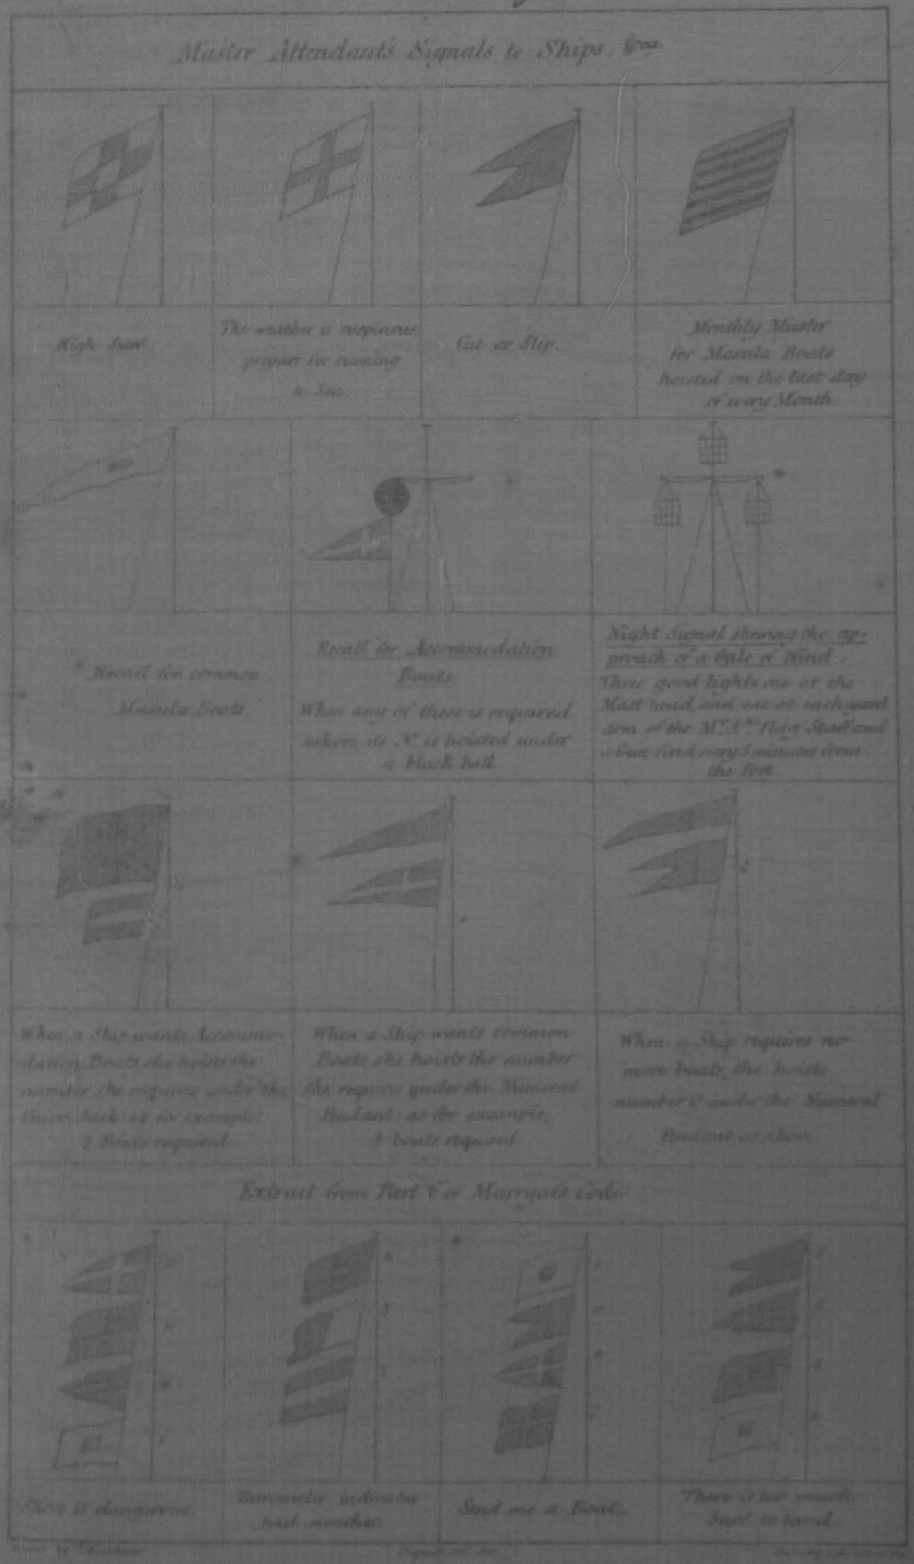
4. The Boat and Cattamaran-men are not to be employed on board any Ship or Vessel in these Roads; any wilful breach of this Regulation will be considered desertion and neglect of duty, and will render the persons offending liable to the punishments provided for such desertion and neglect by Section 15 of Act No. IV of 1842.

5. All Owners of Boats and Cattamarans, and all other persons, either belonging to any Ship or Vessel in the Madras Roads, or to the Boats or Cattamarans to be let on hire, are cautioned against the transhipment of any goods or passengers or ballast without first obtaining a permit from the Collector of Sea Customs or his Deputy, any person or persons found guilty of any such transhipment being liable to the penalties provided in Section 25 of the Marine Police Regulations.

6. All Owners of Boats and Cattamarans must make known to their respective Crews the full intent and purport of the several port signals, which, as occasion may require, will be displayed at the Master Attendant's Flag Staff, especially the recall signal for all Boats and Cattamarans, which is a white pendant with a red ball; and when this signal is hoisted, all Boats and Cattamarans must immediately repair to the shore.

7. The Crews of Boats and Cattamarans kept for the purpose of being let on hire shall not be changed or transferred from one Boat or Cattamaran to another, without the sanction of the Master Attendant.

230



8. The Accommodation Boats shall be kept in the same good order as heretofore, and are always to be provided each with an awning, and with seats and cushions, and in case they shall not, in the judgment of the Madras Attendant, be kept in proper order, the Owners shall be deprived of their Licenses until the same shall be put in proper order for the reception of Passengers.

9. All Owners of Boats and Cattamarans are to make known to their respective Crews, that the Officer or Peon in charge of the Police or Revenue Boat, is authorized and empowered by Section XIX of Act No. IV of 1842, to stop, search, and detain any Boat and Cattamaran plying to and from the Ship and Vessels in the Roads, and that all Boatmen and Cattamaran-men who may impend or obstruct any Police Officer in the execution of his or their duty, will render themselves amenable to the penalties provided for in Section XIX of the above recited Act.

10. Should any difference or dispute arise between the Owner or Owners of Boats and Cattamarans let on hire, and any person or persons hiring the same, as to the amount of hire for services performed, the party or parties may refer the case for adjustment to the Master Attendant or his Deputy, in which case each party shall sign a paper agreeing to abide by the decision of the said Master Attendant or his Deputy, and such paper shall be retained in the Office of the said Master Attendant.

Instructions to Commanders of Vessels entering the Port of Madras.

TO THE COMMANDER OF THE SHIP OR VESSEL IN THE OFING.

SIR,—I am desired by the Government to direct that you will immediately fill up the Report sent herewith by Cattamaran bearing a small Union flask, and you are particularly requested not to detain the Cattamaran.

Caution if any disease or sickness prevails on board.

YOUR IMMEDIATE and most particular attention is also requested to the imperative necessity of your entering in the Report herewith forwarded THE STATE OF HEALTH of your Crew and Passengers, and whether any INFECTIOUS AND MALIGNANT OR OTHER DISEASE has appeared on board during the voyage. IN THIS EVENT OF ANY SUCH SICKNESS HAVING OCCURRED, you are hereby ordered and directed to prevent all communication with other Vessels in the Roads, or with the Shore, until the Port and Marine Surgeon shall have duly reported such intercourse to be free from objection. IF SICKNESS HAS APPEARED AND STILL PREVAILS, you are required to hoist the Cypher Flag (half yellow, with a blue swallow tail) which will be answered from the Master Attendant's Flag Staff with Flag No. 9, signifying that until the Port and Marine Surgeon shall have visited the Vessel, all communication with the ship's or Shipping is strictly prohibited,

Flags denoted are according to Murray's Code.

and no dead bodies to be thrown over board in the Madras Roadstead. I am further desired to call your attention to the following Rules and Regulations.

1. All Post Office Packets and loose Letters are to be sent by the first Boat which may come alongside having in it a Post Office Peon.

Packets and Letters.

2. Commanders of all Ships and Vessels are required to report themselves in person on landing at the Master Attendant's Office, and to bring with them the Ship's Register with two Lists of the Officers, Ship's Company or Crew, and Passengers, and all others on board who may not form part of the Ship's Com-

Commanders personally to report themselves on landing, &c., &c.

pany or Crew, and no Merchant Ship or Vessel will be admitted to entry at the Custom House without a Certificate from the Master Attendant that the provisions of this Article have been complied with.

All Commanders to furnish the Master Attendant with lists of Crew, &c., on arrival and departure.

3. All Commanders of Merchant Ships and Vessels and Masters of all Country or Coasting Vessels, Dhonies, &c., and all other persons concerned are also required to deliver two Lists of all persons on board at the departure of the Ship or Vessel, and the said Lists are to show all the Casualties which have occurred by death, discharges, or new Shipment during the Vessel's stay in the Port, and also the names of all those who shall be otherwise missing, and the Port Clearance will not be countersigned by the Master Attendant unless it be accompanied by the departing list prepared in the manner required by this Article.

Anchorage for Merchant Vessels.

Anchorage for Men of War.

4. All Ships and Vessels other than those commonly known as Dhonies or Native Vessels are directed to anchor within the following bearings, viz. The Master Attendant's Flag Staff from N. W. to W. ½ N. which will be found the most convenient anchorage for Merchant Vessels, and the southern limits of the roadstead usually resorted to by Men of War may be ascertained as within the position denoted by bringing the New Light House to bear from W. by N. to due West, from 9 to 7 fathoms, which is the limited range of soundings through out.—All Ships and Vessels should take up such a berth as will enable them to wear clear of all danger in the event of casting in shore when they weigh or part from their Anchors, especially as the ground swell so prevalent here, tends, against all precaution to cast a Vessel in shore.—Any Ship or Vessel anchoring without these limits or in more than 9 fathoms will be liable to extra boat hire.

Ships anchoring out of the limits liable to extra boat hire.

Advice respecting the general use of buoys.

5. Commanders of all Ships and Vessels coming to an anchor in these Roads are advised to attach a buoy to their anchor whereby giving foul berths may be avoided and the position of lost anchors will be indicated.

Suggestion for due attention to ground tackling.

6. As Ships have frequently parted and accidents have happened by riding with too short a scope, the Master Attendant thinks it his duty to caution all Commanding Officers that no Vessel is safe with less than 60 fathoms Cable in moderate weather, and 80 fathoms or more with a swell,—and to those who are not acquainted with the Roads, should any jerk be felt when riding with a Chain (from the heavy swell which rolls in at times, either on the Windlass or Bitts, Cable should be veered until the jerk is no longer felt, and a second anchor should always be ready to let go. Efficient ground tackling is essential towards the safety of Vessels in these Roads.

Surf Notice.

7. When the surf is so high, as in the opinion of the Master Attendant or his Assistant, to render communication with the Shore dangerous, *a red and white chequered flag will be hoisted at the Master Attendant's Flag Staff.* When the surf is impassible the *first distinguishing pendant will be displayed under that flag.* When the current is strong the rendezvous flag will be hoisted.

Indications of bad weather and an approaching gale.

8. Should the weather assume such a threatening appearance as may in the opinion of the Master Attendant indicate an approaching gale, and render it advisable that the Ship should put to Sea, the following Signals will

gate the extreme responsibility of Commanders.

be hoisted at the Master Attendant's Flag Staff; but the Commanding Officer is not to wait the display of signals if he deems it prudent to put to Sea.

1st. The weather is suspicious, prepare for running to Sea, *white flag blue cross.*

2d. Cut or slip, *red flag with swallow tail.*

Night Signals.

3d. Upon the indication of an approaching gale of wind after sun-set, *three good lights will be hoisted at the Master Attendant's Flag Staff,* one at the Mast Head and one at each Yard Arm, and a Gun will be fired from the Ramparts of Fort Saint George every five minutes for one hour, or for such time as may be deemed necessary, and these Signals are to be acknowledged, by hoisting a good light at the peak, or other conspicuous place, more convenient. Commanders are warned of their own extreme responsibility if these Signals are not timely attended to.

Suggestions for the guidance of Commanders with reference to foregoing clauses.

9. Consequent on recent disasters and with reference to the foregoing Instructions, Commanders are advised to have their Ships or Vessels always prepared to put to Sea, especially on or about the change of each Monsoon, and to pay strict attention to the necessity of having good Sails bent, which in the event of being driven to Sea, or compelled to slip, is of the utmost consequence.—Their first object should be to gain a good offing, under treble or close reefed Topsails, and reefed Courses carefully attending to the lead and soundings, and guarding, against a strong current which generally varies its course according to the strength and direction of the wind.—N. B. *When the weather is threatening or doubtful, Commanders should repair on Board their respective Ships or Vessels before Sunset.*

Guns not to be fired.

10. No guns are to be fired either by day or night except for established salutes and signals, without leave previously obtained from the Master Attendant. Cases of emergency are provided for in para. 15.

Signals answered.

11. Commanding Officers are informed that all Signals made by Marryatt's Code will be answered at the Master Attendant's Flag Staff, and the purport communicated to the Commander or Agent if necessary. When more Boats are required, the Numeral Pendant is to be hoisted over the number wanted.

General recall Signals either to pick up a Boat or Cattamaran.

12. As the Government may have important communication to make the Commander of any Ship or Vessel quitting the roadstead is requested to heave to and pick up a Boat or Cattamaran *or stand back to the Anchorage* if no Boat or Cattamaran is seen approaching her when the Ensign is displayed at the Master Attendant's Flag Staff.

Recall Signal and penalty.

13. A white pendant with a red ball indicates that all Boats are to repair *immediately* on shore whether loaded or unloaded—any forcible detention of Boats after this signal is displayed will incur the penalty of 50 Rupees.

Day and night signals for an accommodation Boat, Common Boats and Cattamarans, and if

14. If an accommodation Boat is wanted, hoist a Union Jack at the fore top Mast Head. If a Cattamaran is required during the night, hoist two lights horizontally; If a Boat is required, hoist three lights horizontally four feet apart; in emergent cases, having caught fire, or being in distress, burn blue lights and fire

in want of immediate assistance.

guns—N. B. When Boats are required for cargo or otherwise, Marryatt's signal for that purpose will be attended to, and Whiff will always be recognized as the signal for a Boat—if a Cattamaran is required during the day, hoist No. 5 of Marryatt's Code, where most conspicuous.

Hire and lading of Boats.

15. Schedules are annexed denoting the maximum rate of Boat and Cattamaran hire, the amount of Goods which constitute a Boat load, and other information which requires due notice and attention.

Passengers to report themselves at the Town Major's Office.

16. Passengers are required to report themselves at the Office of the Town Major in the Fort on their arrival, either personally or by letter, stating their names and place of abode.

Cadets.

17. All Cadets on board your Ship either for this or any other Presidency, are on no account to be permitted to land until a Non-Commissioned Officer is sent to receive them and their baggage, and to conduct them to the quarters prepared for their reception.

Soldiers.

18. Soldiers or Recruits are only to land in such Boats as may be sent for them, and no article except their baggage to be put in these Boats, and the Commanding Officer is requested to expedite the disembarkation of the Troops if any, as much as he can. In order to prevent any accident in the surf, Soldiers should not be encumbered with their knapsacks when landing.

Queen's and Private Cargo.

19. You are most particularly directed not to allow any private trade or packages whatsoever to be sent on shore in the same Boat with the cargo for any Government Departments, or deliver over either unless to persons duly authorized to receive them.

Detention of Boats.

20. You are particularly desired not to detain the Boats (especially those coming for cargo), and should the Commanding Officer detain any Boat more than one hour double Boat hire will be charged; or if he neglects to fill up and sign the Boat Note sent with every Boat, no Boats will be supplied.

Hour of dispatching Boats.

21. No Boats are to remain alongside after 6 P. M. and the Commander of any Ship or Vessel forcibly detaining Boats after that hour, will be liable on proof before a Magistrate to a fine of 20 Rupees.

Caution & liability of penalty if Boatmen are forcibly employed or compelled to over-load their Boats.

22. The Boatmen are not to be employed on board Ship or Vessels, or in any occupation whatever, except in the loading and unloading and working of their Boats, and if any attempt is made to force them on board or compel them to receive more passengers or cargo than the quantity allowed by Schedule A. such conduct will be held as a breach of the Port Regulations, and incur a penalty of 50 Rupees.

Misconduct of Boats, Crew or other persons, and caution against ill-using the Natives.

23. In the event of any irregular practices amongst the Crews of Boats or Cattamarans, especially if such persons or others are detected conveying Spirits alongside any Ship or Vessel, committing theft, &c., Commanding Officers are requested to note down the number of such Boat or Cattamaran, and he may call the Police Boat alongside, and give over the person or persons so offending to the Officer or Peon in charge of that Boat, and report the circumstances in writing to the Master Attendant, Commanders of all Vessels are particularly requested to enjoin the necessity of their Officers

abstaining from beating or ill-using Boatmen and Natives of every caste; all well grounded causes of complaint will be promptly enquired into and suitable redress shall always be afforded. Signal for Police Boat Union Jack under the red ensign.

Ballast not to be thrown overboard.

24. No ballast to be thrown overboard in less than 10 fathoms water without permission from the Master Attendant,—the penalty for any infringement of this rule is 200 Rupees; but every facility will be afforded by the Master Attendant to land single ballast.

Police Regulations.

25. You are particularly requested to acquaint yourself and make known to your Officers, the Police Regulations of this Port, a copy of which lies open for inspection at the Master Attendant's Office, and your attention is directed to the annexed Schedules which fully explain how Boats are to be laden, and the rate of hire; also the penalty for unusual detention of Boats.

Prohibition of idlers being sent on shore.

26. For the prevention of plunder, Commanders and Officers of Ships are strictly prohibited from sending Idlers of any description on shore in Boats with Cargo, any person belonging to a Ship landing in a Boat with cargo, must report himself at the Master Attendant's Office.

Mean time of the flash of the evening gun.

27. An extract from the Meteorological Journal of the Madras Observatory and the mean Time at which the evening gun is fired at Fort Saint George, is duly kept at this Office, for the inspection of Commanders and Officers of Vessels.

Caution against going overboard, &c.

28. Commanders of Vessels are recommended to prohibit bathing or going overboard, as fatal accidents have recently occurred in these roads, by sharks and snakes.—N. B. Seamen are strictly forbidden going amongst the Shipping in Masoolah Boats or on Cattamarans.

Liability of plunder by Boatmen; a vigilant look out is necessary.

29. As many daring robberies have been committed by the Boatmen, with great cunning and dexterity, Commanders, Officers, and all persons having valuable property contained in any package, whether baggage or otherwise, are requested to keep the most vigilant guard over the same, when conveying it to or from the shore.

Sick Seamen and Hospital Regulations.

30. Commanders of Vessels are hereby acquainted, that sick Seamen of every country are admissable into the General Hospital on application to the Master Attendant, at whose Office the rules for the admission and discharge of the Seamen of all ranks can always be referred to.

Suggestion for obtaining prompt medical assistance from the shipping.

31. Commanders of Vessels are recommended to ascertain which Ship or Vessel in the Roads have a Surgeon on board, so that medical aid may always be available, in time of need, and if Commanders of those Vessels would undertake to provide medical assistance in rotation, it will be advisable to show a Union Jack at the Mizen, from 6 till 8 A. Caution about lights and brooching spirits.

32. Commanders are hereby warned against an incautious use of fires, and lights, and they will be held responsible if any accident should occur through negligence in the use thereof especially when broaching or drawing off Spirits, which should never be attempted with a light even in a lanthorn.

BATTA REGULATIONS FOR THE ROYAL NAVY.

REGULATIONS RESPECTING BATTA AND OTHER ALLOWANCES MADE BY THE EAST INDIA COMPANY TO OFFICERS OF THE ROYAL NAVY SERVING ON THE EAST INDIA STATION.

Despatch from the Honorable the Court of Directors to the Government of Fort St. George in the Marine Department, dated 10th March, No. 3 of 1852.

Para. 1. Having received frequent representations as to the operation of the Regulations respecting Batta and other allowances made by the East India Company to Officers of the Royal Navy serving on the East India Station, we have thought proper to revise those Regulations, and we direct that, in lieu of them, the following be henceforth adopted. The Batta payable shall be according to the subjoined scale, viz.:

To the Commander-in-Chief, not being below the rank of Rear Admiral, at the rate of...	Rs. 30,000 per annum
To a Commodore succeeding to the Chief Command by the death, resignation, or coming away of the Commander-in-Chief at the rate of...	„ 15,000 „
To a Captain, succeeding to the Chief Command by the death, resignation, or coming away of the Commander-in-Chief at the rate of...	„ 10,000 „
To the Secretary to the Commander-in-Chief at the rate of...	„ 1,200 „
To the Second in Command, not being below the rank of Commodore at the rate of	„ 10,000 „
To the Secretary of the 2d in Command at the rate of...	„ 800 „
To every Captain at the rate of	„ 5,000 „
To every Commander at the rate of...	„ 2,800 „

To a Lieutenant Commanding a Vessel of War, but not a Transport at the rate of... ... ... Rs. 850 per annum.

To the Ward Room, or Lieutenant's Mess of a First, Second, or Third Rate Ship at the Rate of... ... „ 2,500 „

To the do. do. of a Fourth Rate Ship at the rate of... ... ... „ 2,000 „

To the do. do. of a Fifth Rate Ship at the rate of... ... ... „ 1,700 „

To the do. do. of a Sixth Rate Ship at the rate of... ... ... „ 1,250 „

To the do. do. of a Sloop or other Vessel Commanded by a Commander at the rate of... ... „ 850 „

2. The rate of a Ship is to be determined according to the classification inserted in the Navy List, published by authority of the Board of Admiralty.

3. Payment of Batta to the Naval Commander-in-Chief shall commence from the date of his arrival at the first Port within the limits of his command, and shall cease on his departure from the last Port within those limits, and during the same period the Secretary and Flag Lieutenant of the Commander-in-Chief, shall also be entitled to Batta.

NOTE—The allowance is to be issued to two Officers at the same time.

4. Batta shall not however be paid to any Officer except while serving in that part of the Indian seas (or in the Gulfs or Bays communicating therewith) included within the 10th parallel of South Latitude, and the 105th degree of East Longitude; payment commencing on the arrival of the Ship on board which they may be serving, at the first Port within the said limits, and ceasing on her departure from the last Port within the same.

5. Further in supersession of our orders of the 11th April 1848, addressed to your Presidency, and of all other orders hitherto issued relative to the accommodation of Officers of Her Majesty's Navy, when required to be on shore upon the public service, we direct that allowances in lieu of House rent and accommodation on shore, be paid to the Officers specified according to the subjoined scale, viz.:

To the Naval Commander-in-Chief not being below the rank of Rear Admiral at the rate of... ... Rs. 3,500 per annum.

To the second in command, not being below the rank of Commodore at the rate of... ... ... „ 2,500 „

To a Commodore or Captain succeeding to the Chief of Command by the death, resignation, or coming away of the Commander-in-Chief at the rate of... „ 2,500 „

To each Captain at the rate of... ... ... „ 1,000 „

6. These allowances being payable to the Officers in question whether actually resident on shore or not, for any period during which, according to the regulations laid down in this Despatch they may be entitled to Batta. These allowances being thus rendered continuous are intended to provide for the accommodation on shore of Naval Officers of superior rank in whatever part of the Company's territories they may happen to be; and as it has hitherto been customary to issue payments of Batta to Navy Officers at Madras only, it will be more convenient if the payment of allowances in lieu of House rent likewise, be henceforth paid only at the same place.

7. In accordance with our letter to the Government of Madras of 21st May 1844, the practice of requiring from Agents drawing Batta for Naval Officers, to give security from its refund, if overdrawn, must be carefully continued.

8. We shall communicate a copy of this Despatch to the Lord's Commissioners of the Admiralty.

The foregoing Rules were ordered to take effect from the 10th March 1852, the date of the Honorable Court's Despatch, agreeably to the instructions contained in para. 2, of their despatch dated 22d June, No. 10 of 1853.

THE STRAITS' LIGHTS.

MARINE BOARD'S CIRCULAR ORDER, No. 1 OF 1857.

I. The Marine Board hereby give notice that the dues leviable under Act XIII of 1854 are as follow:

Clause 1 of Sec. IV.

Vessels of 50 tons and upwards proceeding through the Straits of Malacca and Singapore to or from the China Sea.....	One anna per ton for each voyage.

Clause 2 of Sec. IV.

Vessels of 50 tons and upwards proceeding up or down the Straits of Malacca and not passing through the Straits of Singapore into or from the China Sea.....	½ anna per ton for each voyage.
Ditto do. passing through the Straits of Rhio to or from Singapore or the China Sea.....	

No light having yet been established at Penang, vessels proceeding from the westward to that port are at present exempt.

II. Under Sec. V. this toll is leviable for each voyage, outward and homeward, at any port within the territories of the East India Company, a certificate of payment at one such port relieving the vessel from the charge at all others.

III. Under Sec. XVI. Masters of ships, whether before the commencement, during, or at the termination of a voyage, or on demand of the Officer appointed to collect the due, to describe the nature of the voyage intended, in course of performance, or concluded, under a penalty not exceeding 200 Rupees for any attempt to evade the toll.

IV. The following are the lights now exhibited for the maintenance of which these dues are levied.

1st. Horsburgh Light, situated on Pedra Branca, a revolving white light attaining its brightest period once every minute. When viewed from a short distance it is never entirely invisible.

It is 95 feet above the level of the sea and invisible at a distance of about 15 miles in ordinary weather.

Lat.	1°	20′	20″	N.	By Admiralty chart.
Long.	140°	25′		E.	

2d. Floating Light on the N. W. part of the one fathom bank at the Western entrance of the Malacca Straits. A fixed light visible at a distance of about 7 miles. A maroon or torch is burnt at the foreyard arm of the light vessel at 10 P. M., and at 2 A. M., and a blue light at 8 P. M., at midnight and at 4 A. M.

Lat.	2°	53′	N.	
Long.	100°	57′	E.	

3d. Raffles Light. A fixed light on the "Coney" near Barn Island, 105 feet above the level of the sea, visible about 12 miles distance.

Lat.	1°	8′	15″	N.	According to Admiralty chart.
Long.	103°	45′	20″	E.	

The following remarks on this light are furnished by the Master Attendant at Singapore.

The light will illuminate about 233 degrees of the horizon, viz: from Saint John's Island proceeding Southerly to the North Westward near the Sultan Shoal.

Vessels losing the Light when to the Eastward or Westward will thereby be warned of the dangers respectively of middle Island or of the Sultan Shoal, as laid down in the Chart of the Straits of Singapore, by Messrs. Corgalton and Thomson, corrected up to 1855.

By Order,

JOHN J. FRANKLIN,
Secretary.

NOTICE.

GANJAM, 26*th December* 1857.

Inconvenience having been experienced from the port of Calingapatam being placed on some Charts in latitude 18° 25′ N., the Marine Board have given notice that the true position of the extremity of the Sandy point South of the river according to the Grand Trigonometrical Survey of India is as follows:

Latitude.....	18°	19′	00″	N.
Longitude assuming Madras Light House to be in 80° 16′ 22″ E.....	84°	7′	30″	E.

Calingapatam may be known by a high hill (Garah hill) about four miles from the Sea having a white Pagoda on its side with a single tree just above it; but as this is sometimes obscured in hazy weather a beacon has been erected on the point which is long, low and sandy, and has a reef of rocks extending from it about (½) half mile to Seaward.

In passing this point vessels ought not to come within (8) eight fathoms.

The best anchorage is in (6½) six and a half to (7½) seven and a half fathoms with the extremity of the sandy point about S. W. by S. (2) two to (3) three miles off, and the highest upper roomed house near the shore W. N. W. to N. W. by W. about (1½) one and a half to (2) two miles off shore.

The Beacon is a Capped obelisk on a pediment 65 feet above the level of the land.

W. KNOX,
Acting Collector.

MONSOORCOTTAH (GOPAULPORE) ANCHORAGE.

Latitude.....	19° 13′ N.	
Longitude.....	85 0 E.	
Large Flag Staff nearest to Beach.....	N. W. by W.	
Saddle Hill detached from high land and appearing immediately at back of Beach and Hills...	S. W. by W. ½ W.	
Monsoorcottah Hills just appearing over Buildings on Beach and Hills.....	N. by W.	

In 9½ fathoms. These bearings will place a ship nearly opposite a very large white building close down to the Beach from whence the Aska sugars are shipped and she will be about a mile and a half from the shore. At Gopaulpore the N. E. or fine weather monsoon sets in in November and continues till March, during which time there is little or no surf on the Beach, and the weather almost invariably very fine. In March the South E. Winds sets in strongly during the day causing at times a good deal of surf, which becomes still heavier in the months of July, August, and September when the S. W. Monsoon is blowing in Bay of Bengal but ships with good ground, tackling may ride throughout the S. W. Monsoon with perfect safety as the wind

blows along the land but at the change of Monsoon in October or early in November, bad weather must be prepared for, and again also towards the end of May or early in June when the S. W. Monsoon sets in.

There is very good holding ground in Gopaulpore Roads if Ships keep out in 9½ at 10 fathoms where the bottom is sand mixed with stiff mud, but only sand is found at about 7 fathoms hence an additional cause of danger to Ships coming too close in.

ASKA SUGAR WORKS,
28th December 1867. G. W. BOOTHBY.

In December 1857, the Ship Alnwick Castle (1200 tons) Captain Hight anchored in 9½ fathoms, the Government flag staff bearing West by North or West North West, Captain Hight says he thinks this was as good a berth as a Ship could have in the North East Monsoon, and room for any thing in the South West Monsoon he would anchor a little farther to the Southward and farther out in 9¾ fathoms bringing the flag staff to bear about North West by West.

The above notice is published for general information by

GANJAM, 1*st January* 1858. W. KNOX,
Acting Collector.

NOTICE TO CAPTAINS OF VESSELS CALLING AT MASULIPATAM.

1. The best mark for anchorage is the Fort Flag Staff bearing W. ¼ N.—the ships draught of water being the guide as to how close she may approach. With the above bearings a Vessel in 3½ fathoms will be about 3½ miles from the mouth of the river. The holding ground in the roads is good.

2. A Ship coming into 3¾ or 3½ fathoms low water, will fall into a small basin with about 5 feet more water than in any part around it. The place is not of large extent and may be missed if the abovementioned bearing is not kept. This position is a good one for ships, as the boats work better to a ship with those bearings on than to any other, at most seasons of the year.

3. Commanders of ships should bear in mind, that with this bearing the water shoals very gradually, and that coming in as close as possible will go far to expedite the landing or discharge of Cargo and lessen the cost of boat hire.

Boats may be had at the following rates, except in very bad weather.

	1st Size Boat, burthen 12 tons. C.Rs. A. P.	2nd Size Boat, burthen 8 tons. C.Rs. A. P.
To or from a vessel in or under 3½ fathoms, to the pier head in the Fort	5 4 0	3 12 0
Do. do. in 4 and over 3½ do	6 0 0	4 4 0
Do. do. in 5 and over 4 do	7-14 0	5 10 0
Do. do. in 5 fathoms do	10 8 0	7 8 0

Half hire is payable for return trips, if Cargo is shipped and landed from the same vessel, and the same rate of Hire for transhipping Cargo.

A Canal toll of 1 anna per ton is levied on all boats and vessels going up to the Basin, but in no case does the toll exceed 1 Rupee per trip.

For boats going up to the Basin, Rupees 1-4-0 extra hire is charged.

J. W. MADDEN,
Master Attendant, and
Conservator of the Port of
Masulipatam.

PASSENGERS.

The Company's Rates of Passage Money are for the sea passage only. They include Stewards' Fees, Table, Wines, &c., for First-class Passengers. Bedding, Linen, and all requisite Cabin Furniture are provided in the Steamers at the Company's expense, together with the attendance of experienced male and female Servants.

Railway tickets for the journey through Egypt, entitling the holders thereof to the privileges secured by a recent convention between His Highness the Viceroy of Egypt and the Company, are issued by the Agents of the Company on behalf of the Egyptian Government at the following rates, viz :—

For First Class Passengers..... £7 0 0
„ Second „ „ 3 10 0
Children above 3 and under 10 years, half fare.

Or it is optional with the Passengers to pay the Company for the sea passage only, and to pay their own transit through Egypt upon arrival at Alexandria or Suez, as the case may be. *For full particulars see the special Hand-Book of Information on this subject.*

Servants soliciting gratuities will be dismissed from the Company's service.

Half the amount of Passage Money, when the Passage exceeds £20, is required to be paid on *booking* passages, and the balance a fortnight before embarkation.

Passengers not embarking after engaging passage, to forfeit the deposit of half the amount of Passage Money.

In case, however, of a Passenger being unavoidably prevented from availing himself of a passage at the period for which it is taken, a transfer of the passage can be effected to a subsequent Steamer, on sufficient notice being given, without forfeiture of any portion of the deposit paid, and accommodation will be allotted as similar as circumstances will permit.

*During the S. W. Monsoon an allowance is made in the dates of the Steamers leaving Hong Kong and Shanghai.

In remitting a sum of money to the Company on account of passage, if by Cheque it is recommended, for the sake of security, to write across the Cheque the name of the Company's Bankers, "*Messrs. Williams, Deacon, and Co.;*" if by Order, Letter of Credit, or otherwise, it should be in favor of the "*Peninsular and Oriental Steam Navigation Company.*"

Passengers must comply with the Regulations established on board the Steamers for general comfort and safety.

No Berth or Cabin is to be occupied by a Passenger without application to the Agent on shore, or to the Purser on board. It is to be understood that a Passenger occupying a Cabin of two or more Berths, on the departure of the Vessel [unless he shall have paid an additional sum for its exclusive occupation,] is not to object to the vacant Berth or Berths being filled up at the intermediate Ports, if required.

The Steamers employed Eastward of Suez do not possess Second Class accommodation, with the exception of a few Berths for the Servants of First Class Passengers. Persons who are admitted on board these Steamers as Second Class Passengers must therefore understand that the Company do not guarantee them Cabins or Berths, and that they must accept such accommodation in this respect as circumstances may enable the Company to provide for them.

BAGGAGE.

The attention of PASSENGERS by the OVERLAND ROUTE to and from India, China, &c., is respectfully requested to the under-noted Regulations in reference to Baggage; much trouble and loss is occasionally caused by their neglect, and the Egyptian Transit Administration will not accept any responsibility unless they are strictly complied with :—

All Baggage should be addressed in Paint, in full, and in addition Passengers will be supplied on board the Steamers with printed "Destination Labels," which should be affixed to all Packages, however trifling, before arrival at Alexandria or Suez.

All Baggage should be packed in Leather Portmanteaux or Trunks, with addresses in full painted on the top and end, and fastened securely with case locks, padlocks and leather straps being liable to damage or removal. If any such goods be shipped without notice, the Shippers will not only be liable to the penalties imposed by Statute, but also for all damages sustained in consequence of such shipment.—(See Extract from the Merchant Shipping Act, at page 14).

Passengers not proceeding by the Peninsular and Oriental Company's Steamers, but shipping their Baggage from Southampton, will be charged at the rate of 10s. per cwt. between Southampton and Malta or Alexandria.

N. B.—The Baggage of Passengers proceeding viâ *Trieste must be shipped at Southampton so as to ensure its arrival at Alexandria a week in advance of the Passengers to whom it may belong. Non-compliance with this regulation is likely to involve loss or detention of the Baggage in Egypt.*

Passengers requiring information respecting their Baggage during the voyage, can obtain it by application to the Officer in charge.

Passengers who may miss any package of Baggage on arrival at their destination are recommended to apply, *without delay*, to the Company's Agent, giving full particulars, *in writing*, when application will at once be made to the Missing Baggage Depôts at Bombay or Southampton.

Baggage can occasionally be had up from the baggage-room during the voyage by application to the Officer in charge.

No Trunks or Boxes allowed in the Saloon or Cabins, but only small Portmanteaux or Carpet Bags.

Notice.—*All Parties are requested to take notice that the Company do not hold themselves liable for detention or delay of Passengers arising from accident or from extraordinary or unavoidable circumstances or from circumstances arising out of or connected with the employment of the Company's vessels in Her Majesty's Mail Service and that the Company do not hold themselves liable for damage to or loss or detention of Passengers' Baggage or for any consequences arising from the restriction of quarrantine wheresoever imposed. Parties desirous of being married should apply direct to some Surrogate residing near them; but from places where there is no Surrogate, application should be made to the Registrar, who will procure a commission, under the episcopal seal, authorising some persons to administer the usual oath and grant the necessary license. None but a Clergyman of the Church of England can marry by virtue of an Episcopal license. Parties who cannot on account of distance obtain the services of a Clergyman to marry them, must state the fact, and apply to the Town Major, Fort St. George, who will obtain the permission of the Right Honorable the Governor for their marriage, under which the Senior Judicial Officer of any station is authorized by Government to marry them.

In the case of a minor in H. M. or the Honorable Company's Services, the written consent of the Governor must be obtained previous to the publication of Banns, or the grant of a License.

Further information respecting marriages can be obtained on application to the Registrar of the Diocese (R. Murphy, LL. D.)

BANGALORE BAPTIST CHURCH.

Pastor—EDMUND MARSDEN.

This Church was formed in November 1854 by the Rev. T. C. Page (lately of Madras) then temporarily residing at Bangalore. It enjoyed the pastoral superintendence of that esteemed servant of Christ for the first few months of its existence, but was for some time subsequently to his departure from the station without a Minister. In June 1855, Mr. Marsden was providentially brought to the place, and, on the earnest and unanimous invitation of the Church, consented, as a temporary measure, to take the oversight of it; but having, at the close of that year, determined on relinquishing secular pursuits, agreed to become its stated Pastor. On the 30th March 1856, the union between himself and the Church was publicly recognized, he having been previously set apart for the work of the Gospel ministry at Madras.

FUNDAMENTAL RULES.

I.—The Committee shall be designated the Madras Corresponding Committee of the Colonial Church and School Society.

II.—The objects of the Committee shall be two-fold; First, to provide Clergymen for important stations at present without them. Second, to render such Lay aid to Chaplains, or other Clergymen, in the discharge of their pastoral duties, as they may be desirous to accept, and the Committee may have it in its power to afford.

III.—All ordained persons that may be supported by this Committee shall be under the Ecclesiastical jurisdiction of the Diocese.

IV.—It shall be considered as a fundamental principle of the Committee that no person shall be maintained by its Funds, but such as are believed, after the fullest inquiry, to be men of true piety and sound Evangelical principles, as well as attached to the doctrines and discipline of the Church of England.

V. This Committee shall have a President, 2 Vice Presidents and be composed of 12 Members of the Church of England, including a Treasurer and Secretary. Three Members to form a quorum. The President and Vice Presidents to have a vote as other members of the Committee.

VI.—In case of any vacancy, the remaining Members of the Committee shall elect one to fill it,—this nomination being subject to the approval of the Parent Committee.

VIII.—An Annual Meeting of the Subscribers shall be held when the Proceedings of the foregoing year shall be reported, and the Accounts presented, and the Report and Statements of Accounts shall be published and furnished to every Subscriber.

IX.—In conformity with Rule IV. of "Rules for the formation and guidance of Corresponding Committees in connection with the Committee of the Colonial Church and School Society," this Committee shall be considered subject to re-appointment annually by the Parent Committee.

X.—A Reserve Fund of Rupees 10,000 shall be held as a Capital to meet emergencies, the interest being applied to current expenses, and the principal made available as a temporary resource only when urgently required.

XI.—The Reserve Fund shall on no occasion be expended to such an extent as to disable the Committee from meeting its standing engagements with Agents on its list, for Passage money, &c.; nor shall its operations be extended, until the sum withdrawn from the Reserve Fund has been replaced.

XII.—The whole of the Funds obtained by this Committee, in excess of the Reserve Fund, which are not of a special nature, shall be held available for current expenses, subject to the revision of the Parent Committee.

OBJECTS OF THIS SOCIETY.

The object of this Society is to supply those stations in the Diocese at which Europeans and their descendants reside, and for whom no stated public means of grace are provided, with the regular ministrations of the Church.

Its field of operations at present embraces the stations of Cochin, the Shevaroy Hills, Salem, and Nellore. Up to last August a Clergyman employed by the Society had spiritual charge of Madura, but was obliged to return to Europe on Sick Certificate.

Notwithstanding the liberality of the Government in increasing the number of Chaplains at this Presidency, there are still several stations for which no adequate spiritual provision has been made. The Society is therefore anxious to extend its field of operations, and to be enabled, by additional subscriptions from the Christian community, to send to England for more Clergymen to supply the lack of labourers in this great Harvest field.

A perusal of the annual report, to which is annexed a copy of the Rules, will shew the principles of the Society, and the importance of the work in which it is engaged.

Any person willing to assist in promoting the object which this Society is endeavouring by God's Blessing to carry out zealously and successfully, and wishing to receive more explicit information regarding its operations, may communicate their wish to the Acting Secretary, and a copy of the Report will be immediately forwarded to their address.

Contributions or Donations may be paid either to the Acting Secretary, or to the Treasurers of the Society, Messrs. Arbuthnot and Co., Madras.

In conformity with an Act of the General Assembly of the Free Church of Scotland, held in Glasgow on the 24th day of October 1843, the Missionaries at Madras were constituted a PRESBYTERY OF THE FREE PROTESTING CHURCH OF SCOTLAND, on the 13th March 1844. On the 26th day of November 1851, they ordained Rajahgopaul, Venkataramiah, and Ettirajooloo to the full powers of the Christian Ministry, and set them apart to act as ordained Missionaries in connection with the Madras Free Church Presbytery.

General Assembly's Institution and Schools of the Free Church of Scotland.

Commenced by the Rev. JOHN ANDERSON, *in Black Town, 3d April* 1837.

FREE GENERAL ASSEMBLY'S INSTITUTION, Esplanade, Black Town, for Native Education, and for raising up Native Teachers and Preachers, under the Superintendence of the Rev. A. B. Campbell, the Rev. A. Blake, and Mr. J. Houston.

The Rev. Alex. MacCallum and Mr. W. Walker Superintend the Triplicane Branch School on the Mount Road. The Mission in 1856 opened a new Branch School in Black Town, under the Superintendence of Mr. Huffton and the Missionaries; this School is now attended by about 200 boys.—The Rev. A. Venkataramiah Superintends the Branch School and Mission at Nellore, with the Branch at Goodoor. The Rev. S. Ettirajooloo Superintends the Branch School and Mission at Chingleput and visits the Schools and Mission at Conjeveram and Wallajabad. The Rev. S. Ramangam is Acting as an Evangelist in and around Wallajabad, his circle embraces 60 villages which he systematically visits.

The Parent Institution is designed to fulfil the three-fold end of a College for rearing up Native Preachers, a Normal Seminary for training Native

Teachers, and a School for general information. Eight Branch Schools for males exist in connection with it. These are at Triplicane, in Black Town, Conjeveram, Trivellore, Wallajahad, Chingleput, Nellore and Goodoor. The average attendance during 1860 at all the Schools has been about 1,000 Hindus and Mahomedans, on a roll of about 1,900. The Hindu pupils are of all castes and classes, from the Brahman to the Pariah, no distinction being made by the Missionaries.

The Female Institution for Converts and Boarding Girls is under the charge of Mrs. Campbell assisted by Miss MacCarter; Mrs. Anderson being in Switzerland for the benefit of her health. There are besides, Ten day Schools for Hindu and Mahomedan Girls, in connection with the Mission. These Schools contain about 800 pupils, making the entire number of pupils on the roll above 2,600.

The education given embraces a knowledge of the Scriptures, and all the branches of an enlarged secular course of instruction. This is communicated through the medium of English, Tamil, Telugu, and Hindustani; and instruction is also systematically given in these tongues, by competent Munshis. The Committees of Foreign Missions of the Free Church and of the Edinburgh *Medical* Missionary Society united in sending Mr. D. H. Paterson, Surgeon, as a Medical Missionary to co-operate with the Missionaries of the Free Church in Madras. In March 1857 he opened a Dispensary in Black Town with encouraging success. During the year 1859-60 about 6,000 patients came and obtained Medical treatment.

LONDON MISSIONARY SOCIETY'S NATIVE ENGLISH INSTITUTION.

Armenian Street, Black Town.

This Institution was established in 1851 for the purpose of training Preachers, Catechists and Teachers, to assist at the numerous stations occupied by the London Missionary Society in Southern India, and also to give a good Scriptural and general education to Native boys.

There is also a class of Christian young men—Converts and others preparing for Mission work. These study the Evidence of Christianity, Greek Testament, Logic and Milton. Within the last year two have left this Class for active Missionary labour among their countrymen.

There are two public services for preaching the Gospel in Tamil held each Lord's day in the large Hall of the Institution—the one at 11 A. M., and the other at 4 P. M. Several other Services are held elsewhere each week in and around Madras.

The number of boys at present (October 1860) attending the Institution is 400, chiefly from the more respectable classes among the Hindoos and Mahommedans.

The studies pursued have comprised the Scriptures, Ancient and English History, History of India, English Grammar and Composition—Milton, Evidences of Christianity, General Geography and Geography of India, Use of the Globes, Euclid, as far as the 6th Book, Algebra, Natural Philosophy, Arithmetic, Tamil, Telugu and Hindustani.

In connection with the Institution, there are 6 smaller branch Schools in Madras and the immediate vicinity, with a regular attendance of 450 boys so that in connection with the *Madras* station of the London Missionary Society 850 Children are receiving a good Christian Education. Particular attention is paid in all these Schools of the Vernaculars and Tamil, Telugu and Hindustani are taught by efficient Moonshees.

In connection with the institution are:

The whole number under instruction, is upwards of 275 of both sexes. A Native Church is formed at each Station. The Printing Establishment has also a Type Foundery and Bindery. Besides eight or nine presses, it has a power-press, or printing machine, all occupied, almost entirely, in Vernacular printing. There are 70 resident Church Members, and 18 absent; and 30 baptized adherents making 118 in all, thus connected with the Mission.

In 142 Village congregations there are 6071 Christian adherents, of whom 1012 are baptized Members of the Church.

The American Board sent its first Missionaries to India in 1812. With much difficulty, on account of opposition from the Government, they commenced a Mission at Bombay the next year. In 1816 a Mission was commenced in North Ceylon. There are now, in all the Missions here named, 30 Ordained American Missionaries, about 1,900 Church Members, and including these and the baptized children, not far from 7,600 Christian adherents.

THE INDIA MISSION OF THE BASEL EVANGELICAL MISSIONARY SOCIETY.

On the 31st of October 1834, the 1st Missionaries sent by the Basel Society to India, landed at Mangalore to establish a Mission in Canara. In 1837, a second Province, the Southern Mahratta country was occupied by the commencement of a Mission at Dharwar. In 1839, the work was extended to the Province of Malabar, where a station was established at Tellicherry. In 1846, the Nilagiris were taken up, and in 1853 a footing was gained in Coorg.

The number of stations, scattered over these five districts, amounts at present to fifteen. Three are situated in Canara, viz., Mangalore, Mulky and Udupy. Besides them Honore and Shimoga were occupied for a time in connexion with the Canara Mission, and though relinquished at present, will be taken up again as soon as circumstances permit. In the Southern Mahratta country five stations have been established, viz., Dharwar, Hubly, Bettigherry and Malasamudra (to the East of the Dharwar Collectorate, near Gadak) and Guledagunda (to the East of the Belgaum Collectorate, near Bagelcottah.) In Malabar there are likewise five stations, viz., Cannanore, Tellicherry, Chombala (to the South of Mahe) Calicut and Palghaut. The Nilagiris and Coorg count each for one station.

Forty-four Missionaries, ten of whom are laymen, are employed on the different stations of this Mission, exclusive of nine who are recruiting their health at home. They are assisted by 57 Catechists and Christian Schoolmasters, and 5 Schoolmistresses.

At the beginning of 1860, Canara had 970 converts and catechumeni, the Southern Mahratta country 264, Malabar 1315, the Nilagiris 36, and Coorg 139 in connection with this Mission. Total 2,727. Of these 1,256 were communicants.

The various school-establishments were attended by 2,660 pupils. Of these 392 belonging to Canara, 735 to the Southern Mahratta country, 1,326 to Malabar, 104 to the Nilagiris, and 96 to Coorg.

EDUCATIONAL NOTIFICATION.

With reference to the Educational Notification published in the Fort Saint George Gazette under date the 15th August 1855, the Director of Public Instruction gives notice that the following revised rules for regulating Grants-in-aid of private schools and other Educational Institutions have been approved and sanctioned by Government and will, in future, be acted on in lieu of those hitherto in force.

1. Grants-in-aid of schools and other Educational Institutions will be made with the special object of extending and improving the secular education of the people, and will be given impartially to all schools [so far as the Funds at the disposal of Government may admit] which impart a sound secular education, upon the conditions hereafter specified. It will be essential to the consideration of applications for aid, that the schools, on behalf of which they are preferred, shall be under the management of one or more persons who, in the capacity of Proprietors, Trustees, or Members of a Committee elected by the Society or association by which the school may have been established, will be prepared to undertake the general superintendence of the school, and to be answerable for its permanence for some given time.

2. Every application for a grant must be accompanied by a declaration that the applicant or applicants are prepared to subject the school on behalf of which the application is made, together with its current accounts, lists of establishment and registers of attendance, to the inspection of a Government Inspector, such inspection and examination relating only to the general management and to the secular instruction, and having no reference to any religious instruction which may be imparted in the school.

3. Except in the case of Normal Schools for training teachers, and of Female Schools, grants will be restricted to those schools in which a monthly schooling fee is required and is paid by not less than four-fifths of the pupils attending the school.

4. Grants will be made only for specific purposes and not in the form of simple contributions in aid of the general expenses of a school, and it will be essential in each case to the payment of the grants that the proportion which under the rules hereinafter specified, the Managers are required to contribute for the purpose for which the grants may have been sanctioned, shall have been duly paid.

5. The following are the specific objects for which, and the conditions upon which, grants will ordinarily be given.

1st. The augmentation of the salaries of School Masters and Mistresses.

2d. The provision of stipends for pupil-teachers and of gratuities to teachers who undertake to instruct them.

3d. The provision of school books, maps, &c.

4th. The establishment and maintenance of school libraries and public libraries.

5th. The erection, purchase, or enlargement of school buildings.

6th. The provision of school furniture.

6. Grants-in-aid of the salaries of Masters and Mistresses will, in future, be conferred only on such Masters and Mistresses as may hold a certificate of qualification signed by the Director of Public Instruction, and which will be granted, partly on the result of a written examination calculated to test the attainments of the candidate, and his ability to reproduce the knowledge he has acquired in such a form as is adapted for the instruction of youth, and partly on the report of an Inspector of schools on his teaching power. The

certificates to be awarded to school-masters will be of nine classes and the examination for each class of certificate will be conducted by means of printed papers† according to the scheme* appended to this notice.

*Appendix A.†

7. The examinations will be held half yearly in the months of June and December at Madras and at any of the principal towns in the provinces at which candidates may desire to be examined.

8. The several grades of certificate will render the holders eligible to the following grants :—

A Certificate of the 1st Grade to an annual Grant of Rupees					800
Do.	of the 2d	do.	do.	,,	600
Do.	of the 3d	do.	do.	,,	400
Do.	of the 4th	do.	do.	,,	300
Do.	of the 5th	do.	do.	,,	220
Do.	of the 6th	do.	do.	,,	160
Do.	of the 7th	do.	do.	,,	120
Do.	of the 8th	do.	do.	,,	80
Do.	of the 9th	do.	do.	,,	40

But the amount of the grant paid in aid of a teacher's salary shall* in no case exceed one half the amount contributed for the same purpose by the Managers of the school in which he may be employed. Thus, to entitle a Master who may have obtained a certificate of the 1st grade to a grant of the full amount to which he will be eligible under these rules, viz. Rs. 800 per annum, it will be necessary that the Managers of the school in which he is employed shall pay him a salary of not less than Rs. 1,600 per annum. In the event of the income of the school being insufficient to admit of that portion of the Master's salary which is paid by the Managers being double the amount of the grant to which the Master is eligible under these rules, the grant will be reduced in proportion.

* Unless that portion of the salary which is contributed by the Managers shall be defrayed from a permanent endowment, in which case the amount of the Government grant shall be equal to the amount so contributed, provided that the grant shall not exceed the rate assigned in this section to the certificate which may be held by the recipient of the grant by more than one-third. Thus, in ordinary cases, the holder of a certificate of the 1st grade will be entitled to a grant of Rs. 800 per annum provided his employers pay him a salary of Rs. 1,600 per annum; but if the salary paid by the Managers be derived from a permanent endowment, the grant may amount to Rs. 1,200 in the event of the sum paid by the Managers being not less than Rs. 1,200.

9. The certificates to be awarded to School Mistresses will be of five grades, and the examination of candidates of these certificates will be conducted in the same manner as the examination of candidates for School Masters' certificates. The several grades of School Mistresses' certificates will render the holders eligible to the following grants :—

A certificate of the 1st Grade to an annual Grant of Rupees.					180
Do.	2d	do.	do.	,,	144
Do.	3d	do.	do.	,,	96
Do.	4th	do.	do.	,,	72
Do.	5th	do.	do.	,,	40

The standard of examination for each grade of School Mistresses' certificates will be found in Appendix B.†

10. In the case of a School Master or Mistress passing in all the subjects prescribed for a certificate except the Vernacular language, a certificate will be granted entitling the holder to a grant less by one-fourth than the amount assignable to the holder of a complete certificate. But this rule will not apply to certificates of the 8th and 9th grades in the case of School Masters, or to

† Which can be had on application to the Director of Public Instruction.

certificates of the 4th and 5th grades in the case of School Mistresses, the examination for which will be conducted entirely in the Vernacular.

11. Graduates in Arts in the University of Madras will be eligible to the grant assigned to a Certificate of the 3d grade on passing the prescribed examination in the theory of teaching and school management and on being favourably reported on by an Inspector of schools as to their teaching power.

12. Holders of certificates of the 1st class granted by the Committee of Council on Education in England will be eligible to receive the grants assigned to certificates of the 1st, 2d or 3d grade with reference to the Division of the 1st class to which the certificate granted by the Committee of Council may belong, on passing the prescribed examination in a Vernacular language, or, without passing that examination, to grants less by one-fourth than the amount of the grants assigned to the certificates of the 1st, 2d or 3d grade [as the case may be] issued by the Director of Public Instruction.

13. All Grants-in-aid of the salaries of School Masters and Mistresses will be paid monthly. Their continuance will depend in each case upon the annual report of the Inspector of the Division that the school or class under the Masters' or Mistresses' charge has been satisfactorily conducted during the past year.

14. Grants for the payment of stipends to male pupil-teachers will be made only to those schools in which there may be one or more Masters holding the certificate of the Director of Public Instruction and willing to undertake the instruction of the pupil-teachers out of school-hours, and in which there may be pupils competent to pass the examination prescribed for admission to a pupil-teachership in the annexed scheme.*

* Appendices C. and D.†

15. The amount of the stipends granted to pupil-teachers under these rules will be proportional to the grade of school in which they are to be employed. To pupil-teachers employed in schools in which the standard of secular instruction is equal to that laid down for Government Zillah schools, the following rates of stipend will be granted :—

For the 1st year	Rs. 36	per annum.
2d year	,, 60	do.
3d year	,, 84	do.
4th year	,, 108	do.

provided that they pass a satisfactory examination in the several subjects specified for each year's course in the annexed scheme of instruction.* To pupil-teachers employed in the schools below the grade of a Government Zillah School, the following rates of stipend will be granted :—

* Appendix C.†

For the 1st year	Rs. 24	per annum.
2d year	,, 36	do.
3d year	,, 54	do.
4th year	,, 72	do.

provided that they pass a satisfactory examination in the several subjects specified for each year's course in the annexed scheme of instruction.*

* Appendix D.†

16. In the case of pupil-teachers employed in schools of the higher grade, the Master by whom their instruction is to be undertaken must hold a certificate not lower than the 4th grade. In the case of pupil-teachers employed in schools of the lower grade, the Master by whom their instruction is to be undertaken must hold a certificate not lower than the 7th grade.

17. A gratuity will be paid to each Master to whom the instruction of pupil-teachers may have been entrusted, on his furnishing the Inspector, on the occasion of his annual visit, with a "Register-roll" kept by himself and countersigned by the Managers of the school, to the effect that the pupil-teachers have regularly received instruction from him on five days a week during forty-five weeks of the past year for not less than an hour and a half a day either before or after the usual school hours.

† Which can be had on application to the Director of Public Instruction.

18. Such gratuities will be paid at the following rates :—

In schools of the higher Grade for one pupil teacher Rs. 106
two do. „ 100
three do. „ 120

and an additional Rupees 25 for every pupil-teacher above three, who may pass the prescribed examination.

19. Every pupil-teacher will be required on admission to sign an agreement binding himself to continue in that capacity for four years from the date of his admission to the pupil-teachership, or in default to refund the amount he may have received as stipend.

20. No youth will be admitted as a pupil-teacher if under fourteen or over seventeen years of age.

21. The number of pupil-teachers in any one school for which Grants will be given by Government in conformity with the foregoing rules, will depend on the number of pupils attending the school; one instructor, (either a Master or a pupil-teacher) being allowed for every 30 boys on the school register.

22. The question of assigning grants to female pupil-teachers will be determined when some experience shall have been gained of the working of the system in boy's schools.

23. Grants for the provision of school-books, maps, &c., will be made on the following terms :—

(*a.*) A grant to be designated a supply granted will be made to every School under Government inspection at the rates noted in the margin,* provided that a sum equal to the amount of the grant be contributed for the same purpose by the Managers of the school.

(*b.*) No further application for a grant of books, maps, &c., will be complied with for a period of three years from the date of the supply grant, unless it be shown that the average number of pupils on the rolls during the three months immediately preceding such further application has increased by 25 per cent. whereupon a supplementary grant will be made for such additional number of pupils at the rates laid down for the supply grant.

(*c.*) After the lapse of three years from the date of the supply grant, a renewal grant will be made at the rates noted in the margin,* provided that the amount contributed by the Managers of school for the same purpose shall be double the amount of the grant.

(*d.*) Grants for the provision of books, maps, &c., will be made in kind and not by money payments. Every application therefore for such a grant must be accompanied by a list of the books required and by a remittance of that portion of their cost which, under the rules above laid down, the Managers are required to contribute. Thereupon

* In the case of a school in which the Head Master or one of the Assistant Masters may hold a certificate of the 3d grade or higher, at the rate of one Rupee for each pupil on the Register.

In the case of a school in which the Head Master or one of the Assistant Masters may hold a certificate of the 8th grade or higher, at the rate of eight annas for each pupil on the Register.

In the case of a school in which the Head Master or one of the Assistant Masters may hold a certificate of the 9th grade, at the rate of four annas for each pupil on the Register.

* In the case of a school in which the Head Master or one of the Assistant Masters may hold a certificate of the 3d grade or higher, at the rate of eight annas for each pupil on the Register.

In the case of a school in which the Head Master or one of the Assistant Masters may hold a certificate of the 8th grade or higher, at the rate of four annas for each pupil on the Register.

The object of this Institution is to afford to Sons of Christians in Madras and in the Mofussil a thoroughly liberal and Christian education. The generous bequest of the late Captain Doveton, united with the funds formerly collected for a Protestant College, has enabled the Committee to make arrangements for the efficient carrying out of the object they profess.

It is intended ultimately to unite a complete Collegiate course of instruction to the schools already in operation; but at present it is thought advisable to confine the efforts of the Officers of the Institution to the schools alone. In the Primary School the instruction is elementary: in the High School, it is the attempt of the Masters to give a thorough Classical and Mathematical education equal in every respect to that given in the Public Schools in England.

The number of scholars at present on the roll of the Institution is 139, of whom 68 are in the High School, and 71 in the Primary School.

The following gentlemen are the educational Officers of the Institution.

Principal Rev. Robert Halley, M. A., of the University College, London, late Professor of Mathematics and Logic in the Lancashire Independent College.

The undersigned begs earnestly to bring to the notice of those who have hitherto supported the Lawrence Asylum by annual or monthly subscriptions but have lately withdrawn their aid, that the Government have not yet assumed charge of the Institution as is generally supposed. It is probable that several months—perhaps many—will elapse before the final arrangements of Government can be formed. Meanwhile the Committee earnestly request aid for the efficient maintenance, and, if possible the speedy extension of the Asylums.

The Grant-in-aid given by Government barely suffices to pay the expenses of the Board, Tuition, &c. &c., of the 71 children maintained at the two Institutions—but it is wholly inadequate to enable the Committee to enlarge the accommodation.

This Society which has been Established nearly quarter of a century owes its existence in great part to the exertions of Dr. Wight formerly a Surgeon in the Madras Army, and whose valuable contributions to Botanical Science have gained for him a widely spread and well earned celebrity.

The Company's Gardens are situated opposite to the chief entrance to the Cathedral; and, an additional piece of ground on the east of the Cathedral was purchased in the year 1856-57. This is at present chiefly employed as a nursery for young plants, but it is hoped that ere long it will be converted, in great part, into an ornamental Garden having a Band stand in the centre, and concentric walks and roads for Pedestrians, Carriages and Equestrians. This portion of ground however being at present little used, we shall notice chiefly the larger Garden which forms the greatest attraction at present.

This occupies a space of about 24 acres which were originally granted by the local Government, it is laid out in a highly ornamental manner and is much resorted to as a fashionable Promenade. It is open at all times to the Public and forms a healthful place of recreation for the inhabitants of Madras. During the past year considerable alterations have been effected in it whereby its general appearance and condition have been much improved. Additional walks have been made, allowing free access to every part of it:—the hedges have been thinned and trimmed: by this the apparent size of the Garden has been much increased and the removal of low brushwood and some of the unnecessary timber of low spreading trees has tended to promote the free circulation of air. A large artificial Tank has also been made for the exhibition of Water flowers.

In this Garden may be seen plants of almost every country which seem worthy of cultivation as affording ornamental flowers or being of economic value.

A nursery for seedlings and cuttings of useful and ornamental trees is being raised to meet the requirements of the Members who are supplied from it, gratis. European Vegetable and Flower seeds are also similarly distributed; but all these advantages are open to the general public on payment.

The general affairs of the Society are managed by the Committee who meet once in each month and who compile annually, in the month of July, a report of the year's proceedings which is submitted to a General Meeting of the Subscribers at large. Publicity is also given, to the Proceedings of each meeting of the Committee, in the Newspapers; and these records, during the past year, will be found upon examination, to afford much useful information upon several important points connected with Agriculture and Horticulture. These papers may also be found in a collected form in the Madras Journal of Literature and Science.

Persons of all nations are eligible as Members of the Society and have a voice in the annual election of the Committee and Office bearers.

The rates of Subscription are 7 Rs. a quarter, no entrance fee being demanded and the Subscription being allowed to elapse temporarily, should a Member be absent from Madras for more than 3 months.

Up-country Subscribers are entitled to all those advantages of Members which it is possible to place at their disposal.

By the kind permission of the Hon'ble the Governor, the Garrison Band attends at the Gardens on every Tuesday Evening, when seats are arranged for the accommodation of Visitors; this being also done morning and evening on each week day.

The Society varies in the number of its Members, but now consists of about 92 Present Members, 12 Absent, 6 Honorary, and 3 Extraordinary Members.

An annual Show is purposed to be held about the middle of February 1861, when a large number of Prizes will be awarded for ornamental Flowers of various kinds, Fruits, Vegetables and several Articles of importance in connection with Botanical Science.

List of the Prizes to be then distributed and all information may be obtained, on application from the Honorary Secretary, (*Annerly, Mount Road*) or Mr. Brown the Superintendent at the Gardens. By whom Lists of Members, Rules of the Society, &c., will be supplied gratis to any one anxious to peruse them.

This Institution was established in the year 1808, for the purpose of affording to old, infirm and deceased Natives, assistance in food, clothing, and lodging and medical attendance. Since that period it has entertained nearly 300 persons daily; and during the famines which devastated the country in 1824 and 1833, it was the means of saving vast numbers from starvation and death. Throughout the famine of the latter year no less than 30,000 individuals were on an average maintained every day. Wretchedness under every variety of form is here admitted; and the bare existence of wretchedness alone is sufficient to obtain immediate relief.

NEILGHERRY PUBLIC LIBRARY AND MUSEUM.

The Members of H. M.'s Services, and the Public generally, are invited to contribute towards a Public Library and Reading Room which has been established at Ootacamund, on the Neilgherry Hills.

The Managing Committee have no doubt that an Institution so greatly needed will be well supported by Residents and Visitors; but the providing of a suitable building and of a stock of standard works, &c., involves an expense which it is not reasonable to expect should be entirely borne by those who now are, or at any one time may be, residing on the Hills.

It is not merely for their own benefit, or that of the present residents on the Neilgherries, that the projectors of the Institution have set it on foot—few of these can ever hope to enjoy its full advantages; their object to supply an essential requisite at this most important Sanitarium. For what is unquestionably a public undertaking, the Managing Committee ask for public aid. Contributions, in money or books, will be received on account of Library, by

The object of this Fund is to afford relief to the Widows and Orphans of persons not in the Covenanted Service of Government, and others, who have no similar institution to look to for making a provision for their families. It consists of two branches, namely, a Widows' branch and a Children's branch. The benefits of the former are secured by the payment of a premium (equal to ten months' pension) as entrance money, and a monthly subscription depending upon the ages of the parties concerned; for which, the widow will enjoy a pension equal to about six times the rate of subscription under certain restrictions. In the Children's branch, a monthly subscription, and a donation equal to one year's subscription, on account of each child, will secure a pension equal to four times the amount of that subscription, until a specified age. The capital of the fund is about seven and a quarter lacs of Rupees, invested in Government Securities; it has 5,00 Subscribers in its connection, and its present liabilities do not exceed 41,000 Rupees per annum, whilst its income is 84,000 Rupees per annum.

Several important changes have been lately made in the constitution of the Fund with the view of extending its benefits; among which may be mentioned the opening of two new grades, for pensions of 84 and 120 Rupees per mensem, and the addition of a gratuity branch for conferring survivorship assurances not exceeding 500 Rupees.

The following statement exhibits the progress of the Fund from its establishment.

FORT ST. GEORGE, *6th November* 1860.

No. 463 of 1860.—The Governor in Council directs the publication of the following Rules on the subject of Stamps, as applicable to Military Estates.

1. All parties who receive payments from the Administrator General, whether as Creditors, Legatees, or entitled in distribution, are bound to give Receipts with the proper Stamps, either impressed or affixed.

2. When money once comes into the custody of any Officer of Government, whether Administrator General, Military Secretary, Accountant General, or Sub-Treasurer, for the benefit of, or on account of, an Estate, it must be considered as in the custody of Government until the Administrator General pays it over to the party entitled, whether in distribution, or as Creditor or Legatee.

3. When money is transferred from one Officer of Government to another,—merely changing the custody, or rather the person or title where such custody is, Stamp duty is not payable upon such transfers,—but in all cases where any ordinary Executor or Administrator would be bound to give a Stamped Receipt, as for half yearly interest on Government Promissory Notes or the like, then the Administrator General is bound to give one also.

4. When the Administrator General *makes* payments, the person receiving the same must bear the expense of the necessary Stamp, when he receives payments, he must give a properly Stamped Receipt, charging the value of the Stamp to the Estate receiving such payment.

THE MADRAS INAM COMMISSION was organized in the official year 1859-60. The main object of the Commission is to effect a satisfactory settlement of an enormous mass of property which has hitherto remained in a state of precariousness and uncertainty; to elicit order out of confusion, and thus to substitute contentment for vexation in the minds of a large and important portion of the population.

This object is proposed to be attained by an investigation into the original titles of Inamdars conducted on the following principles.

Proved possession of an Inam for 30 years is to constitute valid title. In the case of personal grants, whether hereditary or conditional, an option is allowed to the holders to convert their terminable tenures into permanent freeholds, upon reasonable terms, in commutation of the reversionary rights of Government in the Inams. These terms are the immediate and permanent charge of an annual quit rent of $\frac{1}{4}$th of the full assessment, in the case of Inamdars having heirs competent to continue the family of $\frac{1}{4}$th when there are only terminable heirs, and $\frac{1}{2}$ when the incumbent is without heirs altogether. The enfranchisement of the tenure is compulsory on alienation; but the terms of commutation in their case, are the same as those offered to the descendants of the original grantee.

The Inamdar are further allowed to absolve themselves at any time, from the quit rent thus stipulated for, by the payment once for all of twenty times its amount.

Inams of more recent standing than 50 years are also recognized and admitted to a compromise. The terms of the compromise are the immediate imposition of a quit rent on the Inam equal to ¼, ⅓ or ½ of its full assessment according to length of position and other circumstances attending grant. The resumption of an Inam is totally disclaimed, except when it has been satisfactorily proved that the Inam was obtained through fraud.

Inams held for religious and charitable objects are confirmed tax free, if old, and continued so long as the conditions of the grants are fulfilled.

On the validity of an Inam being established on the foregoing principles, a Title Deed is issued to the Inamdar specifying the terms of his future tenure which is to secure him and his successors, from any further scrutiny by Government regarding the origin of the Inam.

Inams held for Police service, now no longer required, are also commuted subject to a quit rent not exceeding ½ of the assessment according to the nature of the service of which the holders are relieved. The quit rent accruing from this source is intended to meet the cost of the new Village Police.

This system of adjudication based as it is on principles of liberality and justice is not only highly acceptable to the great body of Inamdars concerned but has also been practically found most admirably adapted to accomplish the great object held in view. It at once realizes all the interest which the Government fairly possesses in the Inam tenures; while it secures to the Inamdar an indefeasable right in his property, which he never before possessed and which now enables him to transmit it without interference to his posterity.

The operations of the Commission were first commenced in the Godavari and Kishna Collectorates; comprising the late Districts of Rajamundri, Masulipatam and Guntoor, and the results obtained have been highly encouraging. The inquiry has since extended to the Districts of Nellur, North Arcot, Chengalpat (Madras), and the Ceded Districts of Kudapa, Bellari, and Karnul.

The number of claims decided by the Deputy Collectors from the commencement of the undertaking to the end of September 1860, is 68,191 exclusive of village service Inams recorded by them. The number of cases already reviewed and confirmed by the Commissioner is 54,202, comprising an extent of 4,35,871 Acres assessable at Rs. 7,12,645, and already charged with a jodi of 67,668. The permanent annual addition made to the revenues of Government in the shape of additional quit rent, is in round numbers about 80,000. The personal grants enfranchised, from which the additional quit rent is mostly derivable, bear an estimated value of 4 lacs of Rupees, upon which the quit rent charged inclusive of the jodi already paid is Rs. 1,90,000, or 23½ per cent. The personal grants confirmed on their present restricted tenures, owing to the unwillingness of the holders to enfranchise them, are only 509 or 1 per cent., a very small portion of the quit rent has been relinquished owing to the general poverty of the Inamdars and other causes.

In conclusion, the great object to be accomplished by the Commission may be briefly summed up in the following words:—It is to improve the position of the Inamdars throughout the Presidency, to give security to landed property; to confirm and not to disturb titles; and to enhance the value of land hitherto greatly depreciated by the conditions attached to its tenure.

For a more elaborate review of the scope, object, and operations of the Commission the preliminary Report of the Commissioner, dated 6th July 1859, forwarding for the approval of Government the Rules and the Administration Report for the official year 1859-60, may be referred to.
