READ—

RESOLUTION.—Questions having recently arisen as to the extent to which officers in the service of Government are permitted to connect themselves with the Press, the Governor General in Council thinks it desirable that the existing orders on the subject should be clearly understood :—

I.—No officer in the service of Government is permitted, without the previous sanction in writing of the Government under which he immediately serves, to become the proprietor, either in whole or in part, of any newspaper or periodical publication, or to edit or manage any such newspaper or publication. Such sanction will only be given in the case of newspapers or publications mainly devoted to the discussion of topics not of a political character, such for instance as art, science or literature. The sanction will be liable to be withdrawn at the discretion of the Government.

II.—Officers in the service of Government are not prohibited from contributing to the public Press; but their position makes it incumbent upon them to confine themselves within the limits of temperate and reasonable discussion, and they are prohibited from making public without the previous sanction of Government any documents, papers, or information of which they may become possessed in their official capacity. These rules have been hitherto in most cases honorably observed. In case of a departure from them, or if the Government should consider the connexion of any officer with the Press to be contrary to the public interests, his liberty to contribute will be withdrawn.

III.—The Government of India will decide, in case of doubt, whether any engagements of officers with the Press are consistent with the discharge of their duties to the Government.

IV.—Nothing in this Resolution is intended to relax the provisions of any regulations on this subject which now apply to the Army.

ORDER.—Ordered, that this Resolution be published in the *Gazette of India*, and circulated to Local Governments and Administrations for information and guidance.

I.—The places agreed upon between the Punjab Government and the Maharaja of Kashmir as the places where goods may be declared and sealed for transmission in bond under these rules are Calcutta, Bombay and Amritsar. Goods intended for Central Asia may be declared and sealed at these three places, and also at Sultanpur in the Kullu tahsil of the Kangra district.

II.—Any merchant trading on his own account, and any merchant or agent trading on account of the Maharaja of Kashmir, is entitled to claim refund of duty under these rules in the manner hereinafter described.

III.—The goods intended for export to Kashmir or Central Asia shall be declared on invoices, and opportunity shall be given to the Collector or Deputy Commissioner, or the official at Sultanpur appointed on that behalf, to inspect them as required. The packages shall be sealed in presence of the Collector or Deputy Commissioner, or an officer authorized by him, or in the case of packages declared at Sultanpur in the presence of the official appointed on that behalf.

IV.—Goods sealed at any of the places mentioned in Rule I must not break bulk until the seals shall have been examined and certificates attested by one of the officials described in Rule IX; otherwise all claim to refund of duty will be forfeited.

V.—Goods intended for Kashmir or Central Asia, but contained in packages which it is necessary or desired to open on the route up-country from the sea-ports, may more conveniently be declared, sealed, &c., at Amritsar or Sultanpur.

VI.—The duty of which a refund is claimable under these rules is the customs duty specified in the schedules of the Indian Tariff Act in force for the time being. The amount of such duty shall be calculated at the values assigned to goods in those schedules.

VII.—In the case of goods sealed and declared at Calcutta or Bombay, the officers empowered to grant certificates, and in the case of goods sealed and declared at Amritsar the Deputy Commissioner, and in the case of goods sealed and declared at Sultanpur the official appointed on that behalf at Sultanpur, will furnish the applicant with a certificate in the annexed form (A) specifying the numbers on the packages sealed by him or under his orders, the kind of goods, the gross weight, the destination, and the amount of duty to be refunded in the event of the goods reaching Srinagar, Jummoo or Leh, as the case may be intact. The officers appointed to grant certificates should be furnished with the customs import tariff of fixed values, and with regard to *ad valorem* goods should be cautioned to investigate the claim as to drawback so as not to give drawback on the actual value of goods as laid down say at Amritsar or Sultanpur, which would include the cost of carriage from the seaport at those places. Drawback should not be given on more than the customs tariff value at the port of importation.

The officers empowered to grant certificates will keep a register of such certificates in serial order (B).

VIII.—When the certificate described in the preceding section shall have been granted, and the goods duly sealed, they may be conveyed by any route the applicant chooses.

IX.—The holder of a certificate granted under Rule VII will only be entitled to claim a refund on such certificate after it has been attested either.—

1.—By the customs official* of His Highness the Maharaja on arrival of the goods at Jummoo or Srinagar of His Highness' dominions, or

2.—By the British Joint Commissioner at Leh on arrival of the goods at Leh.

When any of the abovenamed officials are called upon to attest the certificate, they will examine the packages to see that the seals are untampered with, and that the number and weight of packages correspond with the certificate accorded.

X.—The owner or his agent may then present this certificate either to the British Joint-Commissioner at Leh, or in the case of goods sealed and declared at Calcutta or Bombay to the Collector at Calcutta or Bombay respectively, or in the case of goods sealed and declared at Amritsar, to the Deputy Commissioner at Amritsar, and obtain payment of the amount of duty stated therein. No refunds will be paid at Sultanpur.

Letters from Sir T. D. Forsyth, No. 6—75, dated 23rd June 1875, and No. 9—75, dated 1st July 1875.

RESOLUTION.—His Excellency the Viceroy and Governor General in Council having received from Sir Douglas Forsyth despatches reporting the conclusion of the negotiations which he was instructed to conduct with His Majesty the King of Ava, the following summary, with the accompanying documents, is published for general information.

2. In the year 1853 the northern limits of the British province of Pegu were fixed, and in 1856 the boundary was demarcated as far as the country of the Karens, which was then independent. The tract of country called Western Karennee, which adjoins British Burma, from that time to the year 1873 was always considered by the British Government to be independent; and, while the Government of India had no desire to extend the British possessions in that direction, they had received verbal assurances of the most formal kind from the Burmese Minister that the Burmese Government also recognized the independence of Western Karennee.

3. In the course of the year 1873, however, the Burmese Government advanced certain claims to sovereignty over Western Karennee, which claims the Government of India could not admit. His Excellency the Governor General in Council desired to settle this difference in an amicable manner. The same desire was expressed by His Majesty the King of Ava, and His Excellency the Viceroy entertained a confident hope that the Embassy which was despatched by the King to Calcutta early this year would have been able to put an end to the difference between the two Governments.

4. This expectation having been disappointed, the Governor General in Council, being anxious to afford to the Burmese Government another opportunity of an amicable settlement, determined to despatch a special mission to Mandalay with this object, and Sir Douglas Forsyth was entrusted with the office of Envoy.

5. While the discussions regarding Western Karennee were proceeding, the mission which with the assistance of the Burmese Government had been despatched from British Burma to China under Colonel Browne was treacherously attacked and compelled to return; and Mr. Margary, a member of the mission who had gone on in advance, was murdered in the Chinese town of Manwyne. Colonel Browne's official report of the attack was received some time after the Burmese Ambassadors had left Calcutta. As rumours existed that the Burmese Government were implicated in the attack upon Colonel Browne's party, His Excellency in Council carefully investigated every statement bearing on the subject, and in the meanwhile the mission of Sir Douglas Forsyth was postponed. The Governor General in Council thinks it but just to His Majesty the King of Ava to announce that no evidence whatever has either then or subsequently been brought forward to show that the Burmese Government or officials were concerned in the attack, excepting a Burmese anonymous letter which had been sent to some Kachyen Chiefs on the lower route between Burma and China (which was not the route taken by the mission) desiring them to have no friendly intercourse with the foreigners. An official enquiry and explanation regarding this letter were requested from the Burmese Government. The letter has subsequently been reported to have been written by a Burmese priest, who has been punished for his act. The King of Ava had expressed to Captain Strover, the British Political Agent at Mandalay, His Majesty's readiness to aid in the despatch of a fresh mission to China, if the British Government should determine to send one. There was therefore no reason for a further postponement of Sir Douglas Forsyth's mission, or for giving him instructions other than of an entirely friendly character on the subject of the attack upon Colonel Browne's mission, and the arrangements which should be made in the event of a fresh mission being sent to China.

6. It is unnecessary now to allude to the instructions given to Sir Douglas Forsyth on the subject of Western Karennee, as the difference has been otherwise satisfactorily settled.

7. After Sir Douglas Forsyth had left Rangoon on his way to Mandalay, information was received that the Chinese Frontier Officer, Li, who was strongly suspected of having been concerned in the attack on Colonel Browne's mission, had been received with distinction at Mandalay. This information made it necessary to instruct Sir Douglas Forsyth to ask for an explanation of the reception of Li before entering into any friendly communications with the Burmese Government.

8. Sir Douglas Forsyth reached Mandalay on the 10th June, and delivered his credentials to the King on the 16th. On the 18th, he communicated to the Government of India the explanation of the Burmese Government with respect to the reception of Li. The explanation was that Li had not visited Mandalay, or been received with distinction, in his individual capacity, but that he was the bearer of a communication from the Chinese Government regarding the death of the Emperor of China and the succession to the throne, and was accordingly received with the usual honors paid to ambassadors. The letter of Sir Douglas Forsyth to the Burmese Minister, together with his reply, is appended to this Resolution.

9. The Government of India considered that this explanation admitted of the further progress of the negotiations with which Sir Douglas Forsyth was originally entrusted. Sir Douglas Forsyth was accordingly instructed to acquaint the Burmese Government that the explanation had been received, and, after expressing the surprise of the Government of India that no communication had been made to the British Government on the subject of the reception of Li, either before or after it had taken place, to say that His Excellency in Council did not doubt that, after His Majesty the King of Ava had been informed of the reasons for suspecting Li to have been concerned in the attack on the mission, no communications other than those that were absolutely necessary would take place between the Burmese Government and Li pending the result of the enquiry. Sir Douglas Forsyth was instructed to add that, in the event of a fresh mission being sent to China, it would be necessary that a sufficient escort of British troops should accompany it, in order to protect it from insult or attack. Having made this communication in writing, to which he was not directed to request a reply from the Burmese Government, as there was no reason to anticipate any objection on their part, Sir Douglas Forsyth was directed to proceed with his original instructions upon the Western Karennee affair. The letter which Sir Douglas Forsyth addressed to the Burmese Minister in accordance with these instructions is appended to this Resolution.

10. His Majesty the King of Ava, before the reply from the Government of India to the explanation of the reception of Li was received, anticipated Sir Douglas Forsyth's communications on the subject of Western Karennee, and His Majesty's intention to comply with the wishes of the British Government by recognizing the independence of Western Karennee was conveyed to Sir Douglas Forsyth. On the 21st June a formal agreement declaring the independence of Western Karennee was executed on the part of His Majesty and by Sir Douglas Forsyth on the part of the Government of India. This agreement is in the following terms:—

"In accordance with the request of His Excellency the Viceroy of "India that Western Karennee should be allowed to remain separate and "independent, His Majesty the King of Burma, taking into considera- "tion the great friendship existing between the two great Countries and "the desire that that friendship may be lasting and permanent, agrees that "no sovereignty or governing authority of any description shall be exercised "or claimed in Western Karennee, and His Excellency the Kin-woon Mengyee, "Minister for Foreign Affairs on the part of His Majesty the King of "Burma, and the Hon'ble Sir Douglas Forsyth, C. B., K. C. S. I., Envoy on the "part of His Excellency the Viceroy and Governor General of India, execute "the following agreement:—

"**Agreement.**—It is hereby agreed between the British and Burmese Govern-
"ments that the state of Western Karennee shall remain separate and indepen-
"dent, and that no sovereignty or governing authority of any description shall
"be claimed or exercised over that State.

"**Whereunto** we have on this day, the 21st day of June 1875, corresponding
"with the 3rd day of the waning moon of Nayoung 1237 B. E., affixed
"our seals and signatures."

Sir Douglas Forsyth intimated formally to the Minister at the time of executing the agreement that, in order to prevent future misunderstanding, the Government of India would proceed to lay down the boundary of Western Karennee, that a communication would be made to His Majesty in due course as to the arrangements for a definition of the boundary, and that His Majesty would be invited to depute an officer, if he should desire to do so, to accompany the officer whom the British Government might hereafter appoint to settle the boundary. A copy of the letter from Sir Douglas Forsyth to the Burmese Minister, placing this communication on record, is appended to this Resolution.

11. By this agreement the independence of Western Karennee has been formally admitted by the Burmese Government; and His Excellency the Governor General in Council cordially recognizes the desire shown by His Majesty the King of Ava to put an end to the difference between the two Governments by meeting the wishes of the British Government in regard to Western Karennee, and that the friendship between Great Britain and Burma should be lasting and permanent. Instructions will be given, as soon as the season of the year admits of travelling in that country, for the definition of a boundary between Western Karennee and the dominions of the King of Ava by a British officer; and the Governor General in Council trusts that the difference with respect to Western Karennee will thus be happily terminated.

12. After Sir Douglas Forsyth had concluded the agreement on the subject of Western Karennee, and had taken leave of the King, an informal, but friendly, communication was made to him from the Minister, indicating disinclination on the part of the Court of Ava to assent to an escort of British troops accompanying a fresh mission to China, but offering a Burmese escort.

13. In consequence of this circumstance it has become necessary to make a fresh communication to the King, and the subject is still under discussion. While no demands will be made upon the Burmese Government other than those which are necessary and just, His Excellency in Council entertains a confident expectation that the Burmese Government will so receive such further communications as may be addressed to them that the friendship between the two Governments, which it is the earnest desire of His Excellency in Council to preserve, may be maintained intact, and that nothing shall occur calculated to give rise to further differences between the two Countries.

ORDER.—Ordered, that the foregoing Resolution with the accompanying documents be published in the *Gazette of India* for general information.

By order of His Excellency the Viceroy and
Governor General of India in Council,

C. U. AITCHISON,
Secretary to the Government of India.

APPENDICES.

No. 1.

No. 1—75, dated Mandalay, 14th June 1875.

From—SIR T. DOUGLAS FORSYTH, C. B., K. C. S. I., *British Envoy, Mandalay,*
To—HIS EXCELLENCY THE KIN-WOON MENGYEE, MINISTER FOR FOREIGN AFFAIRS, *Burma.*

I AM commanded by His Excellency the Viceroy of India to make the following communication to His Majesty the King of Burma relative to the attack made near Manwyne on the late expedition to Yunan, commanded by Colonel H. Browne, the particulars of which are known to His Majesty and need not therefore be now repeated.

2. His Excellency the Viceroy is entirely at a loss to account for the treacherous attack; but on the demand of Her Majesty's Government, the Chinese Government have consented to the institution of a local investigation, at which a British officer is to be present. The Chinese Government have also issued passports for a new Indian mission through Burma to China, or *vice versâ*, if the Government of India see fit to send one.

3. It has been reported by Colonel Browne, and it is a matter of general belief, that Leesectahi was one of the instigators of the attack on the expedition, and his nephew Shogoon was reported by the Burmese guard who accompanied Colonel Browne to have headed the attack. A final decision must be suspended until the result of the local investigation is known; but as Leesectahi is well known to be one of the principal Chinese officers in the country where the attack was made, His Excellency expresses his surprise that His Majesty should have received him with honor and distinction, as there must rest upon him a grave suspicion of complicity in the treacherous outrage.

4. This proceeding on the part of His Majesty, unless satisfactorily explained, is inconsistent with the friendship existing between the British and Burmese Governments.

I am therefore commanded by His Excellency the Viceroy, before any other business can be transacted, to ask for any explanation on this subject which His Majesty may desire to offer.

No. 2.

Dated 14th Lazan of Nayoung 1237 (17th June 1875).

From—HIS EXCELLENCY THE KIN-WOON MENGYEE, MINISTER FOR FOREIGN AFFAIRS, *Burma,*
To—THE HON'BLE SIR T. DOUGLAS FORSYTH, C. B., K. C. S. I., *British Envoy, Mandalay.*

WITH reference to your letter dated 12th Lazan of Nayoung 1237 (14th June 1875), on the subject of Táqui Li-Sí (Leesectahi), I have the honor to inform you that the Burmese Government are exceedingly pleased with your communication, in which, in accordance with the existing true friendship between the two countries, you so frankly express your views.

When the Táqui Li-Sí came down to Mandalay, he personally was not the object of the grand and ceremonious reception given, but in the same manner as there exists a true and lasting friendship with the Kingdom of Great Britain, so also has existed for generations past a true and lasting friendship with the Empire of China. Accordingly, when once in every ten years an Ambassador with a Royal letter and presents is despatched from one kingdom to another, it is customary to do honor to the occasion by meeting and receiving the Embassy in a proper manner. Also, if within the ten years, in consequence of a change of Government, or

other circumstances, an Ambassador is despatched from one country to another, it is the custom to receive the Embassy with all due ceremony. The British Resident is aware that in the month of Taboung 1235 (February 1874) an Embassy consisting of Yan-Lui-Shivé arrived at Mandalay from the Chinese Empire, and, in conformity with established custom, was received with all State ceremony. In a similar manner, in the month of Kasong 1237 B. E. (May 1875), subsequent to the death of the Chinese Emperor Hton-kyee, a Royal letter, notifying the accession of the younger brother Tsike-tui to the throne, was brought to Mandalay by Táqui Li-Sí (Leeseetahi), and, in accordance with the custom in connection with the reception of Royal letters, &c., from the time of the Royal ancestors, as regards both the Burmese and Chinese dominions, and as in the case of Royal letters, &c., from the English, Italian, and French Rulers, a grand and ceremonious reception was accorded.

No. 3.

No. 4—75, dated Mandalay, 21st June 1875.

From—THE HON'BLE SIR T. DOUGLAS FORSYTH, C. B., K. C. S. I., *British Envoy, Mandalay,*

To—HIS EXCELLENCY THE KIN-WOON MENGYEE, MINISTER FOR FOREIGN AFFAIRS, *Burma.*

HAVING communicated to His Excellency the Viceroy of India the contents of your letter of 17th instant, I am directed to inform you that His Excellency the Viceroy regrets that the circumstance of Leeseetahi being accredited as an Ambassador from the Chinese Government for the purpose of communicating the accession of the Chinese Emperor to the throne should have led to the reception by the King of an officer gravely suspected of being concerned in the attack upon the mission, and His Excellency is surprised that no communication was made to the British Government either before or after the reception of the Embassy.

2. From the reports furnished by the Burmese escort to Colonel Browne at the time of the attack it was well known that Shogoon, nephew of Leeseetahi, headed the attack, and it is notorious that Leeseetahi was one of the chief instigators of the outrage.

3. This outrage having been directed as much against the Burmese as against the British Government, the Viceroy does not doubt that, after this explanation, no communications other than those that are absolutely necessary will take place between the Burmese Government and Leeseetahi pending the result of the enquiry.

4. Until the result of the enquiry be known, His Excellency the Viceroy is unable to say whether he will send a fresh expedition or not. It appears, however, that the King offered to Captain Strover to send the expedition back again to China if arrangements could be made. The Viceroy desires that his thanks may be communicated to His Majesty for this offer, and, should a mission be sent, it will be necessary that a sufficient escort of British troops accompany it, in order to protect it from insult or attack.

5. His Excellency the Viceroy confidently expects that His Majesty's Government will do everything in their power to ascertain from the Burmese side the causes of the attack, and I shall be glad to be favoured with any information on this subject which they may possess for communication to His Excellency the Viceroy of India.

No. 4.

No. 7—75, dated Mandalay, 23rd June 1875.

From—THE HON'BLE SIR T. DOUGLAS FORSYTH, C. B., K. C. S. I., *British Envoy, Mandalay,*

To—HIS EXCELLENCY THE KIN-WOON MENGYEE, MINISTER FOR FOREIGN AFFAIRS, *Burma.*

WITH reference to the agreement drawn up between the British and Burmese Governments on the 21st instant, I mentioned at the time, and now place on record, that, in order

to prevent future misunderstanding, the Government of India will proceed to lay down the boundary of Western Karennee, which is to be independent.

A communication will be made to His Majesty in due course as to the arrangements for the definition of the boundary, and His Majesty will be invited to depute an officer, if he should desire to do so, to accompany the officer whom the British Government may hereafter appoint to settle the boundary.

SCHEDULE B.—EXPORT TARIFF.

An Act to amend the law relating to Customs Duties and for other purposes.

Preamble.

Whereas it is expedient to amend the law relating to the duties of Customs on goods imported and exported by sea, and to restrict the export of opium, and to provide for the levy of duties on goods crossing the frontier of certain Foreign European Settlements in India and for fixing a maximum duty of excise on spirit manufactured in British India, and to amend the Consolidated Customs Act; It is hereby enacted as follows:—

Short title. **1. This Act may be called "The Indian Tariff Act, 1875:"**

Commencement. **And it shall come into force on the passing thereof.**

Local extent. **This section and section twelve, clause three, apply to the whole of British India.**

The rest of this Act extends to the whole of British India except Aden.

Repeal of Acts and Notifications. **2.** Act No. XVIII of 1870 *(to enable the Government of India to exempt goods from Customs duties)*, Act No. XIII of 1871 *(to consolidate and amend the law relating to Customs duties)* and all notifications under either of the said Acts are hereby repealed.

Saving clause. **3.** Nothing herein contained affects Act No. VI of 1873 *(to amend the law relating to the Transhipment of Goods imported by Steamer, and for other purposes)*, or authorizes the levy of duties of customs on any article carried from one port in British India to another, except salt, salted fish, opium and spirit.

Duties specified in Schedules to be levied. **4.** There shall be levied and collected, in every port to which this Act applies, the duties specified in Schedules A and B hereto annexed.

Goods partially composed of dutiable articles. **5.** Goods not prohibited to be imported into or used in British India, whereof any article liable to duty under this Act forms a part or ingredient, shall be chargeable with the full duty which would be payable on such goods if they were entirely composed of such article, or, if composed of more than one article liable to duty, then with the full duty which would be payable on such goods if they were entirely composed of the article charged with the highest rate of duty.

Power to fix value of dutiable goods and to exempt from customs duties.

6. The Governor General in Council may, from time to time, by notification in the *Gazette of India*,

(*a*) fix for the purposes of this Act the value of any goods exported or imported by sea on which duties of customs are hereby imposed;

(*b*) exempt any goods imported or exported into or from British India, or into or from any specified port or place therein, from the whole or any part of the duties of customs to which they are liable under this Act or any other law for the time being in force; and

(*c*) cancel any such exemption.

Power to make rules for ascertaining that imported spirit has been rendered unfit for human consumption.

7. The Local Government may from time to time prescribe rules for ascertaining and determining what spirit imported into British India shall be deemed to have been effectually and permanently rendered unfit for human consumption, so as to be subject only to an *ad valorem* duty of ten per cent. under Schedule A hereto annexed, and for causing such spirit to be so rendered, if necessary, by their own officers, before the duty of customs leviable thereon is levied, and at the expense of the person importing it.

Such rules, on being published in the official *Gazette*, shall have the force of law; and whoever wilfully contravenes any such rule shall be liable to fine not exceeding five hundred rupees.

In the absence of any such rules, or if any dispute arises as to their applicability, the executive officer of highest rank in the department of customs in the port shall decide what spirit is subject only to the said *ad valorem* duty, and such decision shall be final.

Export of pepper from Cochin.

8. On all pepper exported by sea from the port of Cochin there shall be levied such duty not exceeding nine rupees per khandí as the Governor of Fort Saint George in Council from time to time determines; and at the close of each year, or as soon thereafter as may be convenient, the Collector of Customs at the said port shall, after deducting the expenses of collection, pay the duty collected under this section to the Governments of Travancore and Cochin in such proportion and in such manner as the Governor of Fort Saint George in Council from time to time directs.

Export of opium.

9. No opium shall be exported from any part of British India, unless—

(*a*) it is covered by a pass granted by an officer appointed in this behalf by the Governor General in Council or the Local Government; or

(*b*) it is exported under the said Act No. VI of 1878, section seven; or

(*c*) such export is permitted under the power next hereinafter conferred:

The Governor General in Council may, from time to time, by notification in the *Gazette of India*,

(*d*) permit the export of opium from any part of British India on payment of such duty, or on such other terms, as the Governor General in Council thinks fit; and

(*e*) cancel such permission.

Duties on goods crossing frontiers of Foreign European Settlements in Presidencies of Madras and Bombay.

10. Duties of customs shall be levied on goods passing by land into or out of Foreign European Settlements situate on the line of coast within the limits of the Presidency of Fort Saint George or the Presidency of Bombay at the rates prescribed in the Schedules A and B hereto annexed.

Excise duty on spirit distilled in British India.

11. And whereas it is expedient that the duty of excise on spirit distilled in British India should bear a due proportion to the customs duty on spirit imported into British India, it is hereby further enacted as follows:—

Subject to any general rules or special orders which the Governor General in Council may from time to time make in this behalf, the Local Government may from time to time, by notification in the official *Gazette*, fix the duty of excise leviable on spirit manufactured in all or any of the distilleries situate in the territories under its administration, or in any part of such territories, at any rate not exceeding the rate fixed for imported spirit by Schedule A hereto annexed;

and all provisions now in force as to the levy of duty now chargeable on spirit shall apply to spirit upon which the duty declared under this section has not been paid.

Amendment of Consolidated Customs Act, sections 27, 57, 66 and 180.

12. And whereas it is expedient to amend the Consolidated Customs Act in manner hereinafter appearing, it is hereby further enacted as follows:—

Section twenty-seven of the Consolidated Customs Act shall be construed, as if, for the words "for which a specific value has not been fixed by the Local Government with the sanction of the Governor General of India in Council," the following words and figures were substituted (namely) "for which a specific value is not fixed by or under the Indian Tariff Act, 1875;"

And the following proviso shall be added to section fifty-seven of the same Act, (namely), "Provided also that where such goods are arms, ammunition, or military stores, they may be sold or otherwise disposed of at such place (whether within or without British India) and in such manner as the Local Government may from time to time direct;"

And section sixty-six of the same Act shall be construed as if for the words and figures "the value of which shall have been fixed under the provisions of section CLXXIX of this Act," the following words and figures were substituted (namely) "for which a specific value has been fixed by or under the Indian Tariff Act, 1875;"

And section one hundred and eighty of the same Act shall be construed as if for the words "last preceding section" the following words and figures were substituted (namely) "Indian Tariff Act, 1875."

The 20th August 1875.

No. 2299*P.*—Under the provisions of Section 2 of Bengal Eastern Frontier Regulation I of 1873 (a Regulation for the peace and government of certain districts on the Eastern Frontier of Bengal), the Governor-General in Council is pleased to notify that the line described below shall be the "inner line" on the southern frontier of the district of Cachar:—

A line commencing from the site of the outpost established during the Lushai Expedition of 1871-72, a few miles north of the Chatter Choora Peak, and running thence to the outpost of Jhalnacherra along the track cut by the police to connect the outposts of Chatter Choora and Jhalnacherra; thence along the Dullessur river, in a southern direction, to the south-west corner of the Jhalnacherra grant, as revised after survey in 1871; thence along the southern boundary of the Jhalnacherra grant, across the Jhalnacherra Khal to the top of the range of hills immediately to the east of that Khal; thence along the said range in a northern direction to the Barooncherra grant; thence along the southern and eastern boundaries of the Barooncherra grant, to the north-eastern corner of the grant. From the north-eastern corner of the Barooncherra grant, along the ridge which leads from that grant to the top of the Rengti Pahar range; thence along the ridge of the Rengti Pahar range in a northern direction, as far as the point where that range bifurcates into two smaller ones, the one leading to the Claverhouse, the other to the Bara Jalinga grant. From the point of bifurcation the line follows the ridge of the western branch of the Rengti Pahar, as far as the source of the Jalinga; from this point it runs straight in a northern direction to the Nowarbund military outpost. From the Nowarbund outpost it runs northwards about two miles, and then due east to a point on the Rukni river, at the south-eastern corner of the Bara Jalinga grant. Up to this point the line follows the boundary up to which the revenue survey of the district extended. From the point on the Rukni river, it runs to the south-east, till it meets the western boundary of Monierkhall grant; thence along the southern boundary of the grant to the Sonai river, opposite the Monierkhall outpost. From the Monierkhall outpost it runs across the Bhoobun Hills to the outpost of Mynadhur, on the Barak river, along the road connecting the two outposts.

Under the provision of the section above quoted, the Governor-General in Council is further pleased to prohibit all British subjects from going beyond the "inner line" hereby notified without a pass under the hand and seal of the Deputy Commissioner of Cachar.

„ 607 of „

2. These claims were restricted to officers of the late Indian Artillery and Engineers below the grade of Colonel-Commandant or Colonel with Colonel's allowance, and to officers of the Cavalry and Infantry, including the new Line Corps and the several Staff Corps, below the rank of Lieutenant-Colonel, and they were made subject to the following deductions :—

I.—Of all sums paid to officers transferred to the invalid establishment.

II.—Of the advantages of pay gained by accelerated promotion.

3. The Right Hon'ble the Governor General in Council is now pleased to promulgate for general information the following extract of a despatch from the Secretary of State, No. 165 of 24th June 1875, withdrawing wholly, or in part, the first three of the above deductions, and removing in certain cases the restrictions as to rank :

"The principles upon which the revision is to be made are as follows :

"The claims made by each officer must be carefully investigated, and shown upon sufficient evidence to represent, and be limited to, sums actually paid by him in the course of his service towards purchasing the retirement of his seniors or their transfer to the invalid establishment.

"The deduction heretofore made on account of the value of accelerated promotion is to be withdrawn.

"The objection on account of any special annuity granted by the Government on the officer's retirement, except in cases such as those of the General Order of the 1st January 1875 where the stipulation is distinctly made, is also to be withdrawn.

"A claim to bonus compensation advanced by an officer above the regimental rank of Major is only to be admitted in cases where the claimant can produce satisfactory evidence that had he retired from the service on or before the 18th February 1861 in the regimental rank in which he ultimately retired, he would, under the established practice of the regiment or branch of the service to which

he belonged, have received a bonus on retirement from his brother officers not less than the amount of subscription the refund of which he now claims. Officers will still be debited with any sums they may receive from their brother officers on retirement, and no officer whose retirement from the service may be compulsory will be considered entitled to compensation for loss of bonus."

4. In accordance with this decision, all claims hitherto received and disposed of in India from the year 1867 up to the present time will be carefully revised by Committees in the three Presidencies.

5. The proceedings of the Committees will be regulated by instructions which will be furnished to them hereafter.

6. Any sums due to officers under this revision will be paid in India if the officers are residing in this country, and at the India Office, if they are residing in Europe.

7. All applications under this order from officers who have hitherto made no claims, and all claims by officers who may retire in future, must be made (in the case of the latter after their retirement) direct to the Secretary of State for India.

No. 890 *of* 1875.—His Excellency the Governor General in Council, having approved of the following regulations for conducting the recruiting of the Native Army, is pleased to direct their publication for the guidance of officers concerned.

2. All medical officers of the Indian Medical Service, whether in civil or military employ, are required to examine, in accordance with instructions which will be issued by the Surgeon General, Indian Medical Service, all recruits presented to them by properly appointed recruiting parties for that purpose, and they are required to carry out this duty with care and discretion, so that, while the recruiting service may not be impeded by undue rejections, the admission into the service of recruits not in all respects fit, may as far as possible be avoided.

3. Recruits are to be taken as soon as possible after enlistment to the Commanding Officer of the nearest Native Regiment of that branch of the service for which they have enlisted, who will cause their names to be entered in a roll (Bengal Form No. 404) and send them to the Medical Officer in charge of the Regiment for examination in strict accordance with the instructions issued by the Surgeon General. Those who are pronounced "Fit for the service" will then be carefully inspected by the Officer Commanding the Regiment, who, should he approve of them, will sign the roll and pass them into the service.

4. When a recruit thus passed into the service is considered unfit by the Commanding Officer and Medical Officer of the Regiment for which he has enlisted, he is to be examined by a Board of Medical Officers, when the assembly of such a Board is possible, and the proceedings submitted for the orders of His Excellency the Commander-in-Chief, with a view to its being decided whether blame attaches to the Commanding and Medical Officers who originally passed him. In cases when a Board cannot be assembled, a full report is to be made for the information and orders of the Commander-in-Chief.

5. Recruits thus rejected under authority of His Excellency will be granted subsistence allowance to their homes at the rate of two annas a day, or when any portion of the journey can be performed by rail or river steamer, free passages for such portions and subsistence allowance for the remainder of the journey.

The subsistence allowance is thus only to be granted to rejected recruits for that portion of the return journey for which free passage is not given.

6. All recruits, on being passed by the Examining Medical Officer, shall, if possible, be vaccinated under his superintendence, unless they have already had small-pox or been vaccinated.

When vaccination is impracticable, a report is to be made by the Examining Officer to the Medical Officer of the Regiment.

7. The following chest measurements are suggested for the guidance of Examining Medical Officers, who however are permitted to exercise discretion in accepting or rejecting men :—

NOTIFICATIONS.—FORESTS.

Simla, the 21st September 1875.

No. 1059.—The following rules made under Act VII of 1865 have been confirmed by the Governor General in Council, and are, in accordance with Section 6 of that Act, published in the *Gazette of India*:—

Rules for the management and preservation of the Government Forests in the North-Western Provinces.

I.—Nothing in the following rules shall be held to abridge or affect any existing rights of individuals or communities in Government forests.

II.—Every Government forest, when not sufficiently demarcated by roads, streams, or other existing natural or artificial boundary marks, shall be demarcated with such marks as the Conservator of Forests may direct.

III.—The Conservator of Forests may, with the previous sanction of the Collector, or other chief Revenue Officer of the district, close any road or pathway traversing any Government forest. Provided always that no legal public right of way is infringed by such closing, and that no legal private right of way is abridged or affected, except after due compensation and settlement according to the law for the time being in force regarding the expropriation of such rights.

IV.—The following acts are prohibited in Government forests:—

(1) Voluntarily or negligently setting fire to the forests.

(2) Felling, girdling, lopping, burning, barking, stripping off leaves, tapping for resin, or otherwise injuring any trees, shrubs or bamboos, otherwise than with lawful permission under these rules.

(3) Cultivation, without the permission, in writing, of the Conservator of Forests.

(4) Grazing or pasturing of cattle, elephants, or pigs, except with lawful permission under these rules.

(5) Cutting grass, collecting fruits, honey, wax, bark, or any kind of forest produce without lawful permission under these rules.

V.—Whenever any legal rights to timber, grazing, or other forest produce exist in any Government forest, such rights shall in all cases be ascertained and

fully recorded by the Revenue authorities of districts, and a copy of such record shall be deposited for reference in the forest office of the division in which the forest is situated.

VI.—It shall be lawful for the Local Government to close any portions of the Government forests, and to notify such portions as closed forests. The boundaries of such closed forests shall be demarcated by such marks as the Government may direct.

VII.—In closed forests all trespass by men, cattle, or elephants off the authorised roads and pathways is prohibited.

VIII.—It shall be lawful for the Local Government to grant in any Government forest such privileges as may be consistent with the due maintenance of the forest. Provided always that the exercise of any privilege under this rule shall be for the use of the person entitled thereto, and not for the purposes of export or merchandise.

IX.—No privileges granted under the last preceding rule shall be exercised in any closed forest.

X.—All timber found adrift within such limits and on such rivers, as may from time to time be notified by the Local Government, may be collected and taken charge of by any forest officer. The collection of such timber within these limits by any person other than a forest officer is prohibited. All timber collected by the forest officer as aforesaid shall be brought to or stored at such stations as the Conservator of Forests shall from time to time publicly notify and shall be dealt with as provided in the following rules:

XI.—Notices shall be published every second month at the three tahsil or police offices nearest the place of storing, stating the number and description of pieces of drift and unclaimed timber brought in under Rule X during the two months preceding.

XII.—All claims to drift timber shall be decided by the Conservator of Forests, or such other forest officer as he may authorise in that behalf. Provided that if two or more persons are claimants to the same timber, the Conservator or other officer as aforesaid may decline to decide the case, and refer the parties to the Civil Court.

Timber, wood, or bamboos awarded to claimants must be redeemed by the payment of all expenses incurred on the collection, landing, and protection thereof. If the expenses are not paid and the timber redeemed within one month from the date of issue of a written notice by the forest officer calling on the owner to redeem the same, the forest officer shall be entitled to sell the wood; and after deducting the sum due for such expenses, shall pay any balance that may remain to the owner of the timber sold.

XIII.—For every breach of these rules for which the penalty of confiscation is not provided by the Act, the offender shall be liable, on conviction before the Magistrate having jurisdiction in the case, to fine not exceeding Rs. 500, or in default of payment, to such imprisonment as is provided in Section 67 of the Indian Penal Code.

The 6th October 1875.

No. 2707*P.*

Extract from the Proceedings of the Government of India in the Foreign Department.

Read again Resolution of this Department, No. 2006, dated 12th July 1875.

OBSERVATIONS.—The Governor General in Council observes that in paragraphs 12 and 13 of the above quoted Resolution it was stated that after Sir Douglas Forsyth had concluded with the Burmese Government the Agreement on the subject of Western Karennée, an informal but friendly communication was made to him from the Burmese Foreign Minister indicating disinclination on the part of the Court of Ava to assent to an escort of British troops accompanying a fresh Mission to China. His Excellency in Council entertained a confident expectation that the Burmese Government would so receive such further communications on the subject as might be addressed to them that the friendship between the two Governments would be maintained.

His Excellency in Council has now received intimation from the Resident at Mandalay that the Government of the King of Burmah has consented that should another Mission be sent to China, it shall be accompanied by an escort of British troops sufficient for the purpose of protecting it from attack or insult.

ORDER.—Ordered, that the following extract from a letter addressed by His Excellency the Kin Woon Mengye, Minister of Foreign Affairs at the Court of Ava, to the British Resident at Mandalay, be published in the *Gazette of India* for general information:—

"In regard to that portion of the letter which states that until the result of the investigation is known His Excellency the Viceroy is unable to say whether or not he will send a fresh expedition, but that he desires his thanks may be communicated to His Majesty for having offered to Captain Strover to send the Mission back to China if arrangements can be made, and directs that the Burmese Government may be informed that should a Mission be sent again to China, it will be necessary that a sufficient escort of British troops be sent with it to protect it from attack and insult,—and also with reference to the letter, dated 14th June 1875 from the Envoy, in which it is stated that the Chinese Government have issued fresh passports for a new Mission from Burmah to China, or *vice versâ*, if the Viceroy sees fit to send one,—I have the honor to say that should such another Mission be sent to the Chinese territory, it may be accompanied by an escort of British troops sufficient for the purposes stated [in the letter]; and I request that, in accordance with the existing friendship [between the two Governments], you will inform me of the strength of the escort previous to the despatch of the Mission.

Republished in G. G. O. No. 560 of 1873.

Read—Endorsement of the Military Department, No. 1394 ($\frac{\text{Funds}}{\text{Indian Service}}$), dated 24th March 1875, on the subject of the ad interim rates of subscription to the Indian Service Family Pension Fund which should be paid by Native members of the Covenanted Medical Service until the adoption of new tables.

RESOLUTION.—In the absence of sufficient statistics of native life no precise rates of subscription can be fixed; but it is believed that Insurance Offices have added five or ten per cent. to their ordinary rates when accepting risks on the lives of natives of India, thus indicating a belief that a lower scale of vitality as well as a greater proportion of unforeseen risk may be applicable to Native than to European life. Accordingly, the Governor General in Council is pleased to sanction the proposal to fix the present rates of subscription to the Indian Service Family Pension Fund to be paid by Native members of the Covenanted Medical Service at an increase of five per cent. on the rates paid by Europeans, subject to revision if requisite.

Extract from the Proceedings of the Government of India in the Department of Revenue, Agriculture, and Commerce.

READ the following correspondence relative to the resumption of the Surveys of Indian seas and coasts:—

Despatch from the Secretary of State No. 7 (Geographical), dated the 30th March 1871, forwarding, for the early consideration of the Government of India, a collection of papers describing the establishments formerly maintained for the survey of Indian seas and the excellent work done by them,—pointing out the disadvantages which had resulted from the total suppression in 1861 of those establishments, and urging the expediency of providing some sufficient substitute for them.

Despatch from the Secretary of State No. 17, dated the 11th July 1873, drawing attention to the despatch of 30th March 1871, No. 7, and forwarding a copy of the observations made by Admiral Richards, Hydrographer to the Admiralty, pointing out the great importance of placing the Marine Surveys in India under the superintendence of one responsible head.

Despatch to the Secretary of State No. 26, dated the 30th June 1873, enquiring in reply to the despatch of 30th March 1871, No. 7, whether there was any prospect of practical effect being given to the arrangement understood to have been made in 1861 with the Admiralty, whereby all future maritime surveys in India were to be undertaken by the Royal Navy and at Imperial expense, and stating that if, notwithstanding that arrangement, the execution of such maritime surveys was in future to devolve on the Indian Government, that Government would take such action in the matter as financial considerations would admit, and suggesting that Commander A. D. Taylor, late Indian Navy, should be temporarily deputed to India to assist in determining what marine surveys were most pressingly required and how any such surveys could be most readily and economically executed.

Despatch from the Secretary of State No. 27 (Geographical), dated the 30th October 1873, sanctioning the proposals of the Government of India and the deputation of Commander Taylor.

Despatch to the Secretary of State No. 17, dated the 1st May 1874, recommending the establishment of a Department for the systematic execution of Marine Surveys under the superintendentship of Commander A. D. Taylor, and submitting a detailed review by that officer of all Admiralty charts of British India and of all existing materials for charts both in India and in England, with a scheme for the correction and completion of these charts, the utilisation of all old materials, and the further prosecution of marine surveys.

Despatch from the Secretary of State No. 12 (Geographical), dated the 16th July 1874, sanctioning the proposals of the Government of India.

Read also—

Despatch from the Secretary of State No. 18 (Geographical), dated the 15th April 1875, forwarding extract from a letter from the Lords Commissioners of the Admiralty, respecting the Royal Navy Officers lent to the Government of India, and notifying the appointment of Mr. R. C. Carrington as Chief Civil Assistant to the Superintendent.

A supplementary memorandum from the Superintendent of Marine Surveys dated the 7th April 1875 on the vessels and establishments required for the Marine Survey Department.

A memorandum dated the 11th May 1875 from the Superintendent of Marine Surveys stating the duties proposed to be undertaken by the Department.

OBSERVATIONS.—Commander Taylor arrived in India on the 22nd December 1873, and prepared—

1*st.*—A careful and complete review of all existing charts or materials for charts (in India or in England) of the coast line from the Pakchan river at the southern extremity of Tenasserim to Sonmiani Bay on the western limit of the Sindh coast, as also of the islands in the Bay of Bengal, the Laccadives, and the Maldives.

2*nd.*—A scheme to supplement and perfect existing charts both by working up materials not yet utilised and by fresh surveys, arranging each project in the order of its importance, and fully detailing for each the method in and agency by which it was to be carried out, the time it would probably occupy, and its probable cost.

2. The whole subject having been fully considered, it was found that in many places the charts of the coasts were more or less defective, and that even where really good charts existed, they had become partially obsolete, owing to the absence of any authority whose duty it was to ascertain and record from time to time the changes effected by nature or by man.

3. The Government of India reported to Her Majesty's Secretary of State for India the results of the consideration which had been given to the subject, and accepted the responsibility of completing and maintaining the charts of the whole coast line of British India from the Pakchan Estuary to Sonmiani Bay, of the Andamans and Nicobars, the Mergui Archipelago, and the Laccadives,—leaving all surveys beyond those limits that might be required to be undertaken by the vessels and surveyors of Her Majesty's Navy at the expense of the Imperial Government. It was pointed out that to perform the work satisfactorily a special agency was required—

1*st.*—To undertake accurate surveys of localities not yet sufficiently surveyed.

2*nd.*—To turn to good account the results of those surveys and of other existing surveys the materials of which had not yet been fully utilised.

3*rd.*—To maintain the accuracy of Indian charts by recording and bringing to notice all changes, in the first instance, of buoys, lights, and the like, and secondly, of the natural configuration of the sea-bord consequent on natural causes.

4. As to the special agency, the following proposals were made:—

That with the view of executing gradually all the more pressing marine surveys and re-surveys, a small survey flotilla should be organised, efficiently manned, and provided with competent surveyors at a total annual cost, inclusive of the salary of a Superintendent of Marine Surveys and of all other charges, not exceeding two lakhs of rupees.

That to supervise the work of this flotilla both in surveying at sea and during part of the year plotting ashore, to superintend the reproduction by photozincography of the surveyors' charts, to maintain a correct record of buoys, lights, and the like, and to transmit to the Hydrographic Office of the Admiralty the earliest information of changes in the position of these, and for the general control of all the work of the Survey, the appointment of a Superintendent of Marine Surveys should be created,—Commander Taylor being nominated for the office.

RESOLUTION.

5. The Secretary of State for India in Council having, in his despatch of the 16th July 1874, No. 12 (Geographical), sanctioned the formation of a Marine Survey Department in accordance with the proposals of the Government of India (subsequently modified by a continuation of that despatch bearing date the 15th April 1875, No. 18), the Governor General in Council has been pleased to direct the issue of the following instructions for the conduct of the duties to be undertaken by the Department.

NOTIFICATION.

Fort William, the 10th November 1875.

No. 20.—The following Statutes are published for general information:—

38 & 39 VICTORIA, CHAPTER 73.

An Act to amend the law relating to the appointment of certain persons who entered the employment of the Home Government of India before the 31st day of December 1874.

[11TH AUGUST 1875.]

Whereas by the sixteenth section of the Act of the twenty-first and twenty-second years of the reign of Her Majesty, chapter one hundred and six, it is provided that after the first formation of the permanent establishment of the Secretary of State for India in Council, the Order of Her Majesty in Council of the twenty-first day of May one thousand eight hundred and fifty-five, or such other regulations as might be from time to time established by Her Majesty for examinations, certificates, probation, or other tests of fitness in relation to appointments to junior situations in the Civil Service, should apply to such appointments on the said establishment:

And whereas it appears that persons have been appointed to junior situations on the said establishment who ought in pursuance of the sixteenth section of the said Act, and the Order in Council and regulations therein referred to, to have obtained previous to their appointment certificates from the Civil Service Commissioners, but through inadvertence on the part of the Secretary of State in Council, and without any default of the persons so appointed, no steps were taken before their appointment to procure for them such certificates.

And whereas it is unjust that the persons so appointed should be deprived of any rewards or advantages which they were led to expect at the time when they entered the said establishment:

Be it therefore enacted &c.:—

Secretary of State for India may make orders as to persons appointed without certificate from Civil Service Commissioners.

1. The Secretary of State for India in Council may, if he thinks fit, at any time before the first day of January one thousand eight hundred and seventy-six, declare by order or warrant that any person who has been appointed to a junior situation on the said establishment without a certificate from the Civil Service Commissioners, after the first formation of the said establishment and before the thirty-first day of December one thousand eight hundred and seventy-four, was so appointed through inadvertence on the part of the Secretary of State for India in Council, and without any default on the part of the person so appointed, and that such person has been found thoroughly capable and efficient in the discharge of his duties; and every person with respect to whom such order or warrant may be issued shall be in the same position as regards his claim to all salaries, superannuation allowances, or gratuities, emoluments, or advantages whatsoever, as he would have been

in if he had obtained previous to his appointment a certificate from the Civil Service Commissioners.

Any order or warrant made in pursuance of this Act shall be laid before both Houses of Parliament within fourteen days after the meeting thereof if Parliament be sitting, and if Parliament be not sitting, then within fourteen days after the next meeting thereof.

Order to be laid before Parliament.

The Secretary of State for India in Council shall cause to be laid before Parliament, not later than the expiration of one month after the commencement of the session in Parliament in the year one thousand eight hundred and seventy-six, a return showing the names of all persons with respect to whom any order or warrant has been issued in pursuance of this section, together with the situations to which they have been appointed.

38 & 39 VICTORIA, CHAPTER 88.

An Act to make provision for giving further powers to the Board of Trade for stopping unseaworthy Ships.

[13TH AUGUST 1875.]

Be it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

1. The Board of Trade may forthwith and from time to time by special order appoint a sufficient number of fit and proper persons, from their own staff or otherwise, to be officers having authority to detain unseaworthy ships, and may from time to time revoke any such appointment.

Appointment and powers of officers having authority to detain unseaworthy ships.

If any officer so appointed has reason to believe upon inspection or otherwise that any British ship is by reason of the defective condition of her hull, equipments, or machinery, or by reason of overloading or improper loading, unfit to proceed to sea without serious danger to human life, he may order that the ship be detained for the purpose of being surveyed.

Any such order shall have the same effect as if it were an order of the Board of Trade under section twelve of the Merchant Shipping Act, 1873.

For the purpose of ascertaining whether a British ship is fit to proceed to sea, any officer so appointed may go on board the ship and inspect the same, or any part thereof, or any of the machinery, boats, equipments, or other articles on board thereof, not unnecessarily detaining or delaying her from proceeding on her voyage; and any person who wilfully impedes him in the execution of his duty shall be liable to the same penalties, and may be dealt with in the same manner, as if the officer were an inspector appointed by the Board of Trade under the Merchant Shipping Act, 1854.

When any officer so appointed orders a ship to be detained, he shall forthwith report his proceedings to the Board of Trade.

An officer so appointed shall receive such remuneration for his services under this Act as the Treasury from time to time direct, and such remuneration shall be paid out of moneys to be provided by Parliament.

2. Whenever a complaint is made to the Board of Trade or to any officer so appointed by one-fourth of the seamen belonging to any British ship, that the ship is by reason of the defective condition of her hull, equipments, or machine or by reason of overloading or improper loading, unfit to proceed to sea without serious danger to human life, it shall be the duty of the Board or officer, as the case may be, if the complaint is made within time sufficient for that purpose before the sailing of the ship, without requiring any security for the payment of costs and expenses, to take proper steps for ascertaining whether the ship ought to be detained for the purpose of being surveyed under the Merchant Shipping Act, 1873.

Ship to be detained on complaint of crew.

3. From and after the first day of October one thousand eight hundred and seventy-five, no cargo of which more than one-third consists of any kind of grain, corn, rice, paddy, pulse, seeds, nuts, or nut kernels, shall be carried on board any British ship, unless such grain, corn, rice, paddy, pulse, seeds, nuts, or nut kernels be contained in bags, sacks, or barrels, or secured from shifting by boards, bulkheads, or otherwise. This section shall not apply to any grain shipped previous to the first October one thousand eight hundred and seventy-five.

Cargo of grain, &c.

The master of any British ship who shall knowingly allow any cargo or part of a cargo to be shipped therein for carriage contrary to the provisions of this section shall for every such offence incur a penalty not exceeding two hundred pounds.

4. Section eleven of "The Merchant Shipping Act, 1871," shall be repealed, and in lieu thereof it shall be enacted:—

Penalties on sending unseaworthy ships to sea.

(1.) Every person who sends a ship to sea in such unseaworthy state that the life of any person would be likely to be thereby endangered, and the managing owner of any British ship so sent to sea from any port in the United Kingdom, shall be guilty of a misdemeanor, unless he prove that he used all reasonable means to ensure her being sent to sea in a seaworthy state, or prove that her going to sea in such unseaworthy state was, under the circumstances, reasonable and justifiable; and, for the purpose of giving such proof, such person may give evidence in the same manner as any other witness:

(2.) (4.) The owner of every British ship shall from time to time register at the custom-house of the port in the United Kingdom at which such ship is registered the name of the managing owner of such ship, and if there be no managing owner, then of the person to whom the management of the ship is entrusted by and on behalf of the owner; and in case the owner fail or neglect to register the name of such managing owner or manager as aforesaid, he shall be liable, or if there be more owners than one, each owner shall be liable, in proportion to his interest in the ship, to a penalty not exceeding in the whole five hundred pounds each time that the said ship leaves any port in the United Kingdom, after the first day of November one thousand eight hundred and seventy-five, without the name being duly registered as aforesaid:

Provided that the repeal enacted by this section shall not affect any punishment incurred or to be incurred in respect of any offence against the enactment hereby repealed, or any legal proceeding in respect of any such punishment, and any such legal proceeding may be carried on as if this Act had not passed.

5. Every British ship registered on or after the first day of November one thousand eight hundred and seventy-five shall before registry, and every British ship registered before that day, shall, on or before that day, be permanently and conspicuously marked with lines of not less than twelve inches in length and one inch in breadth, painted longitudinally on each side amidships, or as near thereto as is practicable, and indicating the position of each deck which is above water.

(2.) The centre of this disc shall indicate the maximum load-line in salt water to which the owner intends to load the ship for that voyage.

(3.) He shall also, upon so entering her, insert in the form of entry delivered to the collector or other principal officer of customs, a statement in writing of the distance in feet and inches between the centre of this disc and the upper edge of each of the lines indicating the position of the ship's decks which is above that centre:

(4.) If default is made in delivering this statement in the case of any ship, any officer of customs may refuse to enter the ship outwards:

Proceedings may be taken against the Board of Trade by action against the principal secretary.

Liability of shipowner to crew.

Provided that nothing in this section shall make the owner of a ship liable for the death of or any injury to a master, seaman, or apprentice belonging to any ship when caused by the wrongful act, neglect, or default of a seaman or apprentice belonging to the same ship, in any case where he would not otherwise be so liable.

SEPARATE REVENUE.—POST OFFICE.

The 12th November 1875.

No. 2377.—Notice is hereby given that parcels posted in India for transmission to the United Kingdom by the Overland Parcel Post, must not exceed £50 in value. Any parcel which on examination of the declaration at Bombay may be found to exceed this value will, instead of being forwarded by the Overland Parcel Post, be transferred to the Bombay Agency of the Peninsular and Oriental Steam Navigation Company for transmission independently of the Post Office, and subject to such regulations and charges on delivery as may be applicable thereto under the Company's regulations.

(NOTE.—The Company's present charge is an *ad valorem* rate of 2 per cent., which does not include Marine or other Insurance.)

The following detailed rules respecting the exchange of parcels with the United Kingdom and the foreign countries mentioned are to be substituted for the regulations given at pages 53 to 55 of the Indian Postal Guide for 1875 :—

Overland Parcel Post.

(1).—Parcels are received at any Post Office in India under the conditions and rates of charge mentioned below for transmission to the following countries, *viz.* :—

COUNTRY.	Rate of charge per lb. or fraction thereof. Prepayment compulsory.	Remarks respecting special conditions, &c., applicable to particular Countries.
	Annas.	
United Kingdom ...	8	The prepayment carries the parcel as far as London, any additional charge which may become due on account of British custom duty or carriage beyond London being realised from the addressee. The attention of the public is invited to the fact that the British Post Office has no connection with the Overland Parcel Post; all arrangements out of India are made by the Peninsular and Oriental Steam Navigation Company, and enquiries proceeding from the United Kingdom should be addressed to that Company's Office, 122, Leadenhall Street, London, E. C. The British Post Office, however, has consented to exhibit in every Post Office of the United Kingdom a notice containing information on the subject of the Indian Parcel Post. Parcels must not exceed £50 in value. Any parcel which on examination of the declaration at Bombay may be found to exceed this value will, instead of being forwarded by the Overland Parcel Post, be transferred to the Bombay Agency of the P. & O. S. N. Company for transmission independently of the Post Office, and subject to such regulations and charges on delivery as may be applicable thereto under the Company's regulations. (NOTE.—The Company's present charge is an *ad valorem* rate of 2 per cent., which does not include Marine or other Insurance.)
Germany ...	8	The prepayment carries the parcel to destination. Should any custom duty become due, the amount will be charged on delivery. See also Rule 9 respecting compensation for damage or loss.
Denmark ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. See also Rule 9 respecting compensation for damage or loss.
Sweden ... / Norway ... / Switzerland ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. *From Rule 3 it will be seen that there must be also a second or duplicate declaration of contents and value.* See also Rule 9 respecting compensation for damage or loss.
France ... / The Netherlands (Holland). / Belgium ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. *From Rule 3 it will be seen that there must be also a second or duplicate declaration of contents and value, and that the second or duplicate declaration should contain a statement of the weight (lbs. and ozs. or tolas) of the contents, and should, if possible, be written in the French language.* See also Rule 9 respecting compensation for damage or loss.

(2).—Every parcel should be securely packed in a closed cover or case, and should bear the name and address of the person in the United Kingdom or foreign country for whom it is intended.

N. B.—The public are specially warned against the use of flimsy covers for articles transmitted by the Parcel Post. Heavy articles are sometimes sent with only paper covering insecurely tied with string: friction in transit detaches this cover, and damage and loss ensue. A covering of stout cloth or wax cloth, sewn at the edges, is recommended; but if the contents are liable to suffer from pressure, boxes of wood or tin should be used.

(3).—Every parcel should be accompanied by a separate paper headed with the address of the parcel and containing a *declaration of its contents and value* under the signature of the sender. Below the signature the address of the sender should be given.

For the parcels addressed to—

The United Kingdom ...	Only one declaration as above described is required.
Germany	
Denmark	
Sweden	A second or duplicate declaration is also required.
Norway	
Switzerland	
France	A second or duplicate declaration is also required, and the sender is requested to enter in the declaration a statement of the weight (lbs. and ozs. or tolas) of the contents, and to write the second or duplicate declaration, if possible, *in the French language*. Should he be unable to do so, the Bombay Post Office will attach to the second or duplicate English declaration a French rendering thereof, but the sender is warned of the delay which may result from this.
The Netherlands (Holland)	
Belgium	

It is not deemed necessary to require exact adherence to any particular form of declaration, but the following specimen form may be useful to the senders of parcels:—

Specimen form of declaration.

Address of Parcel.
THOMAS B. SMITH,

LONDON.

CONTENTS—

(Sd.) A. R. ROBINSON,
Amritsar.

N. B.—Declarations for parcels intended for France, the Netherlands or Belgium should, in addition to the above, contain a statement of the weight (lbs. and ozs. or tolas) of the contents.

(4).—The parcel so addressed and the separate paper or papers above referred to should then be enclosed in a *substantial outer cover*. This outer cover should be superscribed and addressed as follows:—

Overland Parcel Post.

To
The Post Master, Bombay.

(5).—The parcel so made up must be *fully prepaid by means of postage stamps at the rate of* 8 *annas* per lb. (40 tolas) or fraction of a lb., care being taken that the stamps adhere firmly to the cover.

(6).—The parcel so made up must not exceed 50lbs. (25 seers) in weight, or 2 feet in length by 1 foot in breadth or depth. It will be received at any Post Office at the hours fixed for the receipt of ordinary banghy parcels, the usual receipt being given to the sender without reference to the mode of packing prescribed in the case of inland parcels for which receipts are claimed.

(7).—On arrival at Bombay the Post Master will take off the outer covering, and forward the inside parcel and the accompanying declaration or declarations to the country of inside address.

(8).—It is forbidden to send in these parcels opium or any liquid or any substance or material of a dangerous, damaging, or offensive kind.

(9).—In the case of parcels for or from Germany and the foreign countries served through Germany, compensation will be given by the responsible Post Office to the sender for loss or damage sustained in transit (cases of *sea risk* or of *vis major* or of the *own negligence of the sender* in respect of packing or otherwise excepted). Such compensation will in no case exceed 1½ rupee for each lb. weight or fraction thereof in respect of parcels forwarded from India, and 3 marks for each 500 grammes or fraction thereof in respect of parcels from Germany. Should the sender desire it, the compensation will be paid to the addressee instead of to himself.

R. B. CHAPMAN,
Secretary to the Govt. of India.

HIS ROYAL HIGHNESS THE PRINCE OF WALES arrived at Bombay at 9 A. M. on the 8th instant, in Her Majesty's Steam-Ship *Serapis*.

2. On the *Serapis* entering the Harbour a Royal Salute was fired by the Ships of War under the command of His Excellency the Naval Commander-in-Chief and by the Saluting Battery.

3. At 10 A. M. HIS EXCELLENCY the Commander-in-Chief of Her Majesty's Naval Forces in India and Rear-Admiral Lambert, C.B., proceeded on board Her Majesty's Steam-Ship *Serapis*.

4. At 3 P. M. HIS EXCELLENCY THE VICEROY AND GOVERNOR GENERAL, attended by his suite, arrived at the Dockyard and proceeded on board Her Majesty's Ship *Serapis*. HIS EXCELLENCY was received at the Dockyard by a Guard of Honor; and on his embarkation Royal Salutes were fired from the Saluting Battery and by Her Majesty's Ships of War. While on board the *Serapis*, HIS EXCELLENCY THE VICEROY presented the Foreign Secretary to the Government of India and the members of his own Personal Staff to HIS ROYAL HIGHNESS THE PRINCE OF WALES.

5. At 3-25 P M. His Excellency the Governor of Bombay, attended by his staff and conducted by the Superintendent of the Bombay Marine, proceeded on board Her Majesty's Steam-Ship *Serapis* under the usual salute from the Saluting Battery, and was presented to HIS ROYAL HIGHNESS by HIS EXCELLENCY THE VICEROY. His Excellency was accompanied on board by the Chief Justice, His Excellency the Commander-in-Chief, the Members of Council, and the Officer Commanding the Troops in Bombay, who were presented to HIS ROYAL HIGHNESS by His Excellency the Governor of Bombay.

6. At 3-45 P. M. the Governor of Bombay and staff and the Officers who accompanied His Excellency returned to the Dockyard.

7. At 4 P. M. HIS ROYAL HIGHNESS THE PRINCE OF WALES, accompanied by HIS EXCELLENCY THE VICEROY, and attended by his suite, quitted Her Majesty's Ship *Serapis* in the Royal Barge under a Royal Salute from Her Majesty's Ships of War.

8. HIS ROYAL HIGHNESS landed under a Salute of 21 guns from the Saluting Battery, and a Guard of Honor of European Infantry was drawn up opposite the landing place.

9. HIS ROYAL HIGHNESS was received on landing by His Excellency the Governor of Bombay, the Chief Justice, His Excellency the Commander-in-Chief, the Roman Catholic Bishop, the Members of Council, the Judges of the High Court of Judicature at Bombay, the Additional Members of Council, the Commissioner in Sind, the Commissioner of Customs and Opium, the Revenue Commissioners, the Secretaries and Under-Secretaries to Government, the Chairman of the Corporation of Bombay, the Chairman of the Bench of Justices, the Municipal Commissioner, and the Sheriff of Bombay.

10. The Native Princes, Chiefs and Sirdars, assembled in Bombay in honor of HIS ROYAL HIGHNESS, attended on the occasion.

11. Immediately after landing at the Dockyard, HIS ROYAL HIGHNESS THE PRINCE OF WALES received from the Municipal Corporation of the City of Bombay the following address :—

MAY IT PLEASE YOUR ROYAL HIGHNESS,—We, the Chairman and Members of the Municipal Corporation of Bombay, esteem it a high privilege to be allowed, in the name of the Corporation and of all the inhabitants of this city, to greet your ROYAL HIGHNESS, at your landing on the shore of India, with an address of loyal welcome. We rejoice that your ROYAL HIGHNESS should have selected Bombay as the starting point of your Indian travels; for this city is in itself perhaps the most striking example India can present of the beneficial results that may be produced by the impact of western civilization on oriental character and institutions, and of the success that may attend earnest and judicious efforts to reconcile all the various races of this country to British rule.

Bombay may lay claim to the distinction of being a Royal City, for this Island first became an appanage of the Crown of England through forming part of the dowry of Charles the Second's Portuguese bride; and during the two centuries that have since elapsed, Bombay has had every reason to be grateful for this fortunate change in her destiny. From a barren rock, whose only wealth consisted in cocoanuts and dried fish, whose scanty population of 10,000 souls paid a total revenue to the State of not more than £6,000 a year, whose trade was of less value than that of Tanna and Bassein, and whose climate was so deadly to Europeans that two monsoons were said to be the life of a man, she has blossomed into a fair and wholesome city, with a population which makes her rank next to London among the cities of the British Empire, with a municipal revenue amounting to £300,000 a year, and with a foreign commerce worth forty-five millions and yielding in customs duties to the Imperial Treasury three millions a year. All this material prosperity she owes to the strong and wise Government which has secured her in the enjoyment of peace and order, of equality before the law, of religious liberty, and of freedom of trade, and has thus given confidence to men of all races and creeds—Europeans, Indo-Portuguese, Hindoos, Mahomedans, Parsees, and Jews—to pursue their various callings under the shadow of the British flag.

We gladly, therefore, seize the occasion of your ROYAL HIGHNESS' presence amongst us to record our sense of the blessings of British rule, and to assure your ROYAL HIGHNESS of our devotion to that Throne which has become the enduring symbol of concord, liberty, prosperity, and progress to all

the multitude of nations that own the benign sway of QUEEN VICTORIA. We beg that your ROYAL HIGHNESS will convey to Her most Gracious Majesty the expression of our loyal sentiments, and of our gratification that Her Majesty has sent the Heir to the Crown amongst us to become personally acquainted with the people of India.

We regret that YOUR ROYAL HIGHNESS' consort, the PRINCESS OF WALES, so much and so deservedly beloved by the English people, has not been able to accompany YOUR ROYAL HIGHNESS on this journey, to learn for herself in what honor her name is held in India. We pray that the God of all nations may watch over YOUR ROYAL HIGHNESS, and bring your happy design of visiting India, of which we to-day witness the auspicious commencement, to as happy a conclusion, so that it may be blest with good fruit hereafter in the strengthening of the ties of mutual interest, esteem, and good-will, which already bind the Imperial States of Great Britain to its greatest dependency.

HIS ROYAL HIGHNESS replied as follows :—"I thank you most sincerely for your kind address, and I shall not fail to communicate to Her Majesty the Queen my sense of the loyalty to her Crown and person which is expressed, not only in your dutiful expressions of welcome, but in all I see around me on first landing in your beautiful Island. It is a great pleasure to me to begin my travels in India at a place so long associated with the Royal Family of England, and to find that during so many generations of British rule this great port has steadily prospered. Your natural advantages would have ensured a large amount of commerce under any strong Government, but in your various and industrious population I gladly recognise the traces of a rule which gives shelter to all who obey the laws, which recognises no invidious distinctions of race, which affords to all perfect liberty in matters of religious opinion and belief, and freedom in the permit of trade and of all lawful callings. I note with satisfaction the assurance I derive from your address that under British rule men of varied creeds and nations live in harmony among themselves, and develope to the utmost those energies which they inherit from widely separate families of mankind, whilst all join in loyal attachment to the British Crown and take their share, as in my native country, in the management of their own local affairs. I shall gladly communicate to Her Majesty what you so loyally and kindly say regarding the pleasure which the people of India derive from Her Majesty's gracious permission to me to visit this part of Her Majesty's Empire. I assure you that the PRINCESS OF WALES has never ceased to share my regret that she was unable to accompany me. She has from her very earliest years taken the most lively interest in this great country, and the cordiality of your greeting this day will make her yet more regret the impossibility of her sharing in person the pleasure your welcome afforded me. Gentlemen, I heartily thank you for your good wishes for my health and for a prosperous return from my journey. I fervently trust that the same good Providence which has prospered the rule of the British nation in India heretofore may yet further bless our efforts for the peace and good government of all parts of Her Majesty's dominion."

12. After HIS ROYAL HIGHNESS had replied to the address of the Municipal Corporation of the City of Bombay, the Principal Native Chiefs assembled in the Dockyard were presented to him by HIS EXCELLENCY THE VICEROY AND GOVERNOR-GENERAL.

13. The Procession described below was then formed in the Dockyard, and proceeded thence to Government House, Parel.

ARTHUR HOWELL,
Offg. Secy. to the Govt. of India.

DEPARTMENT OF REVENUE, AGRICULTURE AND COMMERCE.

NOTIFICATIONS.—CUSTOMS AND SALT.

Nos. 379-381.

Extract from the Proceedings of the Government of India in the Department of Revenue, Agriculture and Commerce, dated Calcutta, the 18th November 1875.

READ—

Despatch from Her Majesty's Secretary of State for India, No. 8 (Separate Revenue), dated the 29th July 1875, desiring an enquiry into the merits of the existing system by which the salt revenue is raised in the Madras Presidency under a Government monopoly and the expediency or otherwise of replacing it by altered arrangements, together with other correspondence on the subject.

OBSERVATIONS.

HIS HONOUR the President in Council observes that the question of substituting an excise for the existing monopoly system has already been disposed of as regards the two western districts of Madras. As regards the expediency of effecting a similar change of system in the rest of that presidency, the

information available is too imperfect to permit as yet of any definite conclusion being arrived at.

2. Looking to the serious importance of the whole subject, economically, fiscally and socially, His Honour has decided, after communication with the Government of Madras and with their cordial concurrence, to appoint a Commission to investigate and report thereon. Accordingly, His Honour the President in Council is pleased to nominate the gentlemen noted on the margin to be a Commission for this purpose.

President.
C. Pritchard, Esq., Commissioner of Customs, Bombay.
Members.
J. Geoghegan, Esq., Secretary to the Board of Revenue, Bengal.
H. E. Stokes, Esq., Secretary to the Board of Revenue, Madras.
R. M. Adam, Esq., Deputy Commissioner, Inland Customs Service.
Venkasawmy Row, 1st Assistant, Revenue Secretariat, Madras.
Secretary.
H. A. Willock, Esq., Acting Senior Assistant, Vizagapatam.

3. The following questions, among others, will more specially engage the attention of the Commission :—

I.—What is the quality and composition of the salt produced at the various works and sold by Government wholesale and by the dealers retail in different parts of the presidency?

II.—Are there any grounds for supposing that the people would prefer, or appreciate, a better quality of salt than that now supplied to them? Is it anywhere the practice to re-dissolve and evaporate the Government salt in view to obtaining a purer article for consumption? Is it anywhere the practice for the wholesale purchasers of and dealers in Government salt to adulterate it before allowing it to pass into the consumer's hands? Upon this subject it will be interesting to ascertain if any Bombay salt has been introduced into the Presidency of Madras by land since the opening of the railway.

III.—What is the actual cost to Government of the monopoly salt, including under cost all expenditure or loss, actual or constructive, on account of or connected with the salt, that would be avoidable were the entire salt supply furnished under a self-supporting* system of excise, or imported by sea, made to pay duty before leaving bond and left thereafter free from interference?

* *i. e.*, a system under which the licensed manufacturer defrays all expenditure which Government incurs to secure itself against any violation or evasion by the manufacturer or his servants of the excise law and rules.

IV.—What is the actual retail selling price of monopoly salt (adulterated or not, as the case may be) in town and village bazaars in different portions of the presidency; and if in any locality this very materially exceeds the Government monopoly price, what are the items that compose the excess? The Commission should collect information regarding the distribution of the salt, the cost of carriage to different parts of the Presidency, and the amount of such salt which is exported to other parts of British India and to Native States; and give their opinion as to the average annual consumption of salt per head in the Madras Presidency.

V.—Is the system under which Government now obtains its salt in any respect needlessly costly? What is the average percentage of wastage—*first*, between the time of manufacture and the taking over the salt by Government, and *second*, between this latter and the final sale by Government?

VI.—What is the extent and value for purposes other than salt manufacture of the whole of the land in the presidency now occupied by open salt works?

VII.—Are there any, and if so what, practical difficulties attendant on substituting a system of excise for the present monopoly?

VIII.—What would be the probable result—*first*, as regards the cost to the consumer, *second*, as regards the net revenue to Government—of substituting an excise for the present monopoly?

IX.—The Commission will also examine and report on the cost of manufacturing salt in Pooree and other salt works in Orissa which border upon the Madras Presidency.

ORDER.—Ordered, that a copy of this Resolution be forwarded to the Governments of Madras, Bombay and Bengal, for information and guidance, and that this Resolution be published for general information.

SURVEYS.

No. 831.—Mr. H. E. Gastrell, Assistant Superintendent of Revenue Survey, 2nd Grade, is granted leave to Europe on medical certificate for one year, under Sections 3 and 10, Supplement F, of the Civil Leave Code.

9. HIS ROYAL HIGHNESS was received on landing by His Excellency the Governor of Bombay, the Chief Justice, His Excellency the Commander-in-Chief, the Roman Catholic Bishop, the Members of Council, the Judges of the High Court of Judicature at Bombay, the Additional Members of Council, the Commissioner in Sind, the Commissioner of Customs and Opium, the Revenue Commissioners, the Secretaries and Under-Secretaries to Government, the Chairman of the Corporation of Bombay, the Chairman of the Bench of Justices, the Municipal Commissioner, and the Sheriff of Bombay.

10. The Native Princes, Chiefs and Sirdars, assembled in Bombay in honor of HIS ROYAL HIGHNESS, attended on the occasion.

11. Immediately after landing at the Dockyard, HIS ROYAL HIGHNESS THE PRINCE OF WALES received from the Municipal Corporation of the City of Bombay the following address :—

MAY IT PLEASE YOUR ROYAL HIGHNESS,—We, the Chairman and Members of the Municipal Corporation of Bombay, esteem it a high privilege to be

allowed, in the name of the Corporation and of all the inhabitants of this city, to greet your ROYAL HIGHNESS, at your landing on the shore of India, with an address of loyal welcome. We rejoice that your ROYAL HIGHNESS should have selected Bombay as the starting point of your Indian travels; for this city is in itself perhaps the most striking example India can present of the beneficial results that may be produced by the impact of western civilization on oriental character and institutions, and of the success that may attend earnest and judicious efforts to reconcile all the various races of this country to British rule.

Bombay may lay claim to the distinction of being a Royal City, for this Island first became an appanage of the Crown of England through forming part of the dowry of Charles the Second's Portuguese bride; and during the two centuries that have since elapsed, Bombay has had every reason to be grateful for this fortunate change in her destiny. From a barren rock, whose only wealth consisted in cocoanuts and dried fish, whose scanty population of 10,000 souls paid a total revenue to the State of not more than £6,000 a year, whose trade was of less value than that of Tanna and Bassein, and whose climate was so deadly to Europeans that two monsoons were said to be the life of a man, she has blossomed into a fair and wholesome city, with a population which makes her rank next to London among the cities of the British Empire, with a municipal revenue amounting to £300,000 a year, and with a foreign commerce worth forty-five millions and yielding in customs duties to the Imperial Treasury three millions a year. All this material prosperity she owes to the strong and wise Government which has secured her in the enjoyment of peace and order, of equality before the law, of religious liberty, and of freedom of trade, and has thus given confidence to men of all races and creeds—Europeans, Indo-Portuguese, Hindoos, Mahomedans, Parsees, and Jews—to pursue their various callings under the shadow of the British flag.

We gladly, therefore, seize the occasion of your ROYAL HIGHNESS' presence amongst us to record our sense of the blessings of British rule, and to assure your ROYAL HIGHNESS of our devotion to that Throne which has become the enduring symbol of concord, liberty, prosperity, and progress to all the multitude of nations that own the benign sway of QUEEN VICTORIA. We beg that your ROYAL HIGHNESS will convey to Her most Gracious Majesty the expression of our loyal sentiments, and of our gratification that Her Majesty has sent the Heir to the Crown amongst us to become personally acquainted with the people of India.

We regret that YOUR ROYAL HIGHNESS' consort, the PRINCESS OF WALES, so much and so deservedly beloved by the English people, has not been able to accompany YOUR ROYAL HIGHNESS on this journey, to learn for herself in what honor her name is held in India. We pray that the God of all nations may watch over YOUR ROYAL HIGHNESS, and bring your happy design of visiting India, of which we to-day witness the auspicious commencement, to as happy a conclusion, so that it may be blest with good fruit hereafter in the strengthening of the ties of mutual interest, esteem, and good-will, which already bind the Imperial States of Great Britain to its greatest dependency.

HIS ROYAL HIGHNESS replied as follows :—"I thank you most sincerely for your kind address, and I shall not fail to communicate to Her Majesty the Queen my sense of the loyalty to her Crown and person which is expressed, not only in your dutiful expressions of welcome, but in all I see around me on first landing in your beautiful Island. It is a great pleasure to me to begin my travels in India at a place so long associated with the Royal Family of England, and to find that during so many generations of British rule this great port has steadily prospered. Your natural advantages would have ensured a large amount of commerce under any strong Government, but in your various and industrious population I gladly recognise the traces of a rule which gives shelter to all who obey the laws, which recognises no invidious distinctions of race, which affords to all perfect liberty in matters of religious opinion and belief, and freedom in the permit of trade and of all lawful callings. I note with satisfaction the assurance I derive from your address that under British rule men of varied creeds and nations live in harmony among themselves, and develope to the utmost those energies which they inherit from widely separate families of mankind, whilst all join in loyal attachment to the British

Crown and take their share, as in my native country, in the management of their own local affairs. I shall gladly communicate to Her Majesty what you so loyally and kindly say regarding the pleasure which the people of India derive from Her Majesty's gracious permission to me to visit this part of Her Majesty's Empire. I assure you that the PRINCESS OF WALES has never ceased to share my regret that she was unable to accompany me. She has from her very earliest years taken the most lively interest in this great country, and the cordiality of your greeting this day will make her yet more regret the impossibility of her sharing in person the pleasure your welcome afforded me. Gentlemen, I heartily thank you for your good wishes for my health and for a prosperous return from my journey. I fervently trust that the same good Providence which has prospered the rule of the British nation in India heretofore may yet further bless our efforts for the peace and good government of all parts of Her Majesty's dominion."

12. After HIS ROYAL HIGHNESS had replied to the address of the Municipal Corporation of the City of Bombay, the Principal Native Chiefs assembled in the Dockyard were presented to him by HIS EXCELLENCY THE VICEROY AND GOVERNOR-GENERAL.

13. The Procession described below was then formed in the Dockyard, and proceeded thence to Government House, Parell.

MILITARY DEPARTMENT.

Fort William, the 20th November 1875.

No. 1158 *of* 1875.—In modification of G. G. O. No. 139 of 1866, the Hon'ble the President in Council is pleased to authorize the grant of compensation for dearness of forage to all ranks of the Native Cavalry of the Bengal Presidency and Punjab Frontier Force who are in receipt of less than Rs. 200 per mensem, whenever the aggregate monthly cost of the horse's food calculated as shewn below exceeds Rs. 13-8 :

Daily for each horse, four seers of gram or barley or five seers of bajra or other inferior grain; and 15 seers of grass, such as is ordinarily brought in by grass-cutters.

2. For horses of Commissioned and Non-Commissioned Officers, the cost of two seers of gram daily for the grass-cutter's pony and of the grass-cutter's wages (at Rs. 4 per mensem) may, in stations where grass is not bought, be reckoned as the cost of the grass. For other ranks one pony and one grass-cutter will be reckoned for every two horses, the pay of the grass-cutter being fixed, for the purposes of this calculation only, at Rs. 6-8 per mensem.

3. When grass is not procurable and its purchase consequently becomes unavoidably necessary, the price of the grass so purchased (15 seers per horse and 8 seers per pony) will be added to the cost of the grain for horse and pony and of the grass-cutter's wages, the whole being charged as the cost of the keep of the horse in calculating the amount to be drawn as compensation.

4. At stations where grass lands are rented or irrigated, the sum total expended annually on this account should be divided into twelve parts, one-twelfth part being included monthly in calculating compensation for dearness of forage for the Regiment or Detachment. But no grass lands are to be rented without the previous sanction of His Excellency the Commander-in-Chief, and of the Government of India.

5. Charges for the purchase of grass will not be admitted without the clearest proof that its purchase was absolutely necessary, and such charges must be supported by a certificate from the Officer Commanding the Station and the Civil authorities explaining why the regimental grass-cutters are unable to procure grass. On the line of march this certificate will be signed by the Officer Commanding the Regiment and the Civil Officer of the district through which the Regiment may be marching.

6. This order has effect from the 1st December 1875.

No. 3181*P.*—At Dhar, on Monday the 15th November, the following address was presented in Durbar to His Excellency the Viceroy and Governor General by His Highness the Raja of Dhar :—

To His Excellency Lord Northbrook,* G. M. S. I., *the Viceroy and Governor General of India.

MY LORD,—When I say I welcome Your Lordship most cordially and respectfully in my territory, I can scarcely be said to have done justice to my feelings; for it is very hard to express adequately the profound joy and the deep feelings of gratitude with which I am filled by Your Lordship's advent in this part of Central India. No Viceroy did ever come to this territory,—territory which, I am proud to say, possesses considerable interest and attraction for an antiquarian. I, therefore, beg to say that Your Lordship has conferred a very high honor on me and my family by thus kindly paying a visit to this quarter of Malwa.

Dhar, which, in times of yore when Vikramaditya ruled, was at the helm of the whole Indian Empire, or which in the time of Raja Bhoja was the very centre of Indian literature, dwindled almost into nonentity in the succeeding ages of rapine and plunder. Dear is the name of Sir John Malcolm to every Raja, nay, to every heart in Malwa. He it was who restored order and tranquillity in the heart of India; and it is to him that Dhar is specially indebted for its very being and stability.

I and my family owe a great debt of gratitude to that blessed Crown which you, my Lord, represent in this country. I am fully aware of the immense good which India has received from that nation in whose hands her destinies have been kindly placed by Providence. I really admire the justice, the benevolence, and the nobleness of mind that mark the British administration in India.

England and India! Though they are physically situated far off from each other, steam and iron, which in modern times almost annihilate distance, draw them side by side. They are

brought still closer by mutual sympathy and unity of interest. Her Most Gracious Majesty the Queen, who holds her sceptre in the far West, is, nevertheless, near to the hearts of all the Indian Princes and Indian population. The noble principles of administration carried into effect with equal ability by statesmen like Your Lordship, are the adamantine foundation on which this love for the sovereign stands secure, and will know no abatement. My friend, Sir Henry Daly, has been doing his best to accomplish this end with respect to the Princes in Central India, and has succeeded marvellously well. Colonel Kincaid, with whom I am immediately concerned, has spared no exertions in this direction. And therefore, after paying a tribute of gratitude to Your Lordship, my thanks are due to both of these gentlemen.

My Lord, Your Excellency's visits to the Rajas and Princes of India have their own moral and political advantages. We see in free communication with us the Representative of that Paramount Power, to which the whole of India owes its peace, the sure pioneer of her now progressing prosperity. By these visits Your Lordship brings the Crown and protected Principalities into closer contact, impresses identity of interests and sympathies on the minds of the Princes and Chiefs, receives personally expressions of fidelity and allegiance to the sovereign power from them, and conveys to them, in return, assurances of protection and honorable independence.

I assure Your Excellency on the part of Dhar State that, in point of devotion and loyalty to Her Most Gracious Majesty, it will never be exceeded by any other State; and to the utmost extent of its limited capacity, it will never spare its efforts in promoting the diffusion of order, peace, and civilization.

Now, my Lord, I humbly beg Your Lordship to accept my most respectful and sincere thanks for the honor which Your Lordship has done to me and my house by this visit to Dhar and Mandoo, that has given me an opportunity of expressing my sentiments and feelings personally to Your Excellency; while I beg leave to express my hope that Your Lordship's Government, in the interest of all the Indians, may be long, prosperous and happy.

I remain, &c.,
ANNUND RAO POWAR,
Raja of Dhar.

DURBAR, DHAR,
The 15th November 1875.

In reply, His Excellency thanked the Raja for the address and the cordial reception which he had received at Dhar.

No. 3182 *P.*—On the arrival of His Excellency the Viceroy and Governor General at Neemuch, on Saturday the 20th November, the following address was presented to His Excellency by the Municipal Commissioners, to whom His Excellency returned a suitable reply:—

To His Excellency the Right Hon'ble Lord Thomas George Baring, Baron Northbrook of Stratton, G. M. S. I., *the Viceroy and Governor General of India.*

MAY IT PLEASE YOUR LORDSHIP,—We, the undersigned Native Sowcars and merchants of the Neemuch Cantonment, do hereby offer most humbly and submissively our hearty and most respectful welcome to your Excellency on arrival at this our Cantonment.

We esteem it a great happiness to welcome your Lordship here. The Representative of Her Most Gracious Majesty, Queen Victoria, Queen of Great Britain and Empress of India, under whose excellent rule we now lead prosperous and peaceful lives, and that too in the very place which was at one time the abode of violence and oppression.

Trade was then attended with much danger, but since the establishment of British rule, business has flourished and there has been easy and safe communication throughout the length and breadth of the district.

Able and energetic Officers rule over us with kindness and discretion. This also we owe to your Excellency's wise and judicious selections.

We therefore offer this our humble tribute of loyalty to our Empress Victoria, and to you, Her most worthy Representative. We will always pray for your Lordship's welfare and long life, and trust that your journey may be a prosperous one.

We beg respectfully to subscribe ourselves,
Your Lordship's
Most humble, obedient and faithful Subjects,

SHEITH PHOOL CHUND,
Banker and Govt. Treasurer, Neemuch.

DOWLUT RAM and DOOLEE KAND,
Native Bankers.

4. A Government Pleader or Government Prosecutor is entitled to such leave of absence and allowances when on leave, and to such acting allowances, as the authority who appoints him may think fit to grant; provided that no expense be caused to the Government.

5. The leave of absence and acting allowances of a Law Officer who is not a member of the Covenanted Civil Service or a Government Pleader or a Government Prosecutor, whose pay is fixed, but whose whole time is not retained for the service of Government, are regulated by the following rules:—

I.—"Active service" includes, besides time spent on duty, leave of absence taken under Rule III, and subsidiary leave of absence taken under Rule VIII.

II.—An application for leave of absence must be submitted, through the Officer who passes his pay, to the authority to which the Officer is directly subordinate.

III.—Leave of absence during the vacation of the High or Chief Court within whose jurisdiction the Officer serves, may be granted without deduction of pay.

IV.—Leave may be granted on medical certificate for a period not exceeding one year; and leave so granted may, on medical certificate, be extended to twenty months.

V.—Leave of absence on medical certificate may not be granted again until after three years' active service.

VI.—Leave of absence on private affairs for a period not exceeding six months, may be granted once only to an Officer who has rendered six years' active service.

VIII.—In very urgent cases subsidiary leave of absence may be granted under Section 18 of the Civil Leave Code; provided that no expense be caused to the Government by the grant of such leave.

IX.—Excepting the case of subsidiary leave, no kind of leave may be granted in continuation of any other kind of leave; but any leave may be, retrospectively, changed for any other kind or amount of leave which might at first have been granted.

X.—If an Officer who has obtained leave of absence makes over charge of his office before noon, his leave begins on, and includes, the day on which he makes over charge; otherwise, it begins on and includes the following day.

XIII.—An Officiating Officer is entitled to the pay of the appointment less the fraction of it drawn by the absentee in addition to the same fraction, of the pay of his own substantive office, if any. TELEGRAPH.

No. 508.

Fort William, the 7th December 1875.

Her Majesty's Secretary of State for India having decided that the provisions of the St. Petersburgh Convention shall be brought into effect for Foreign Telegrams to and from India on the 1st January 1876, the Hon'ble the President in Council is pleased to direct the publication of the following Rules, which will come into effect on the date mentioned :—

Rules for Foreign Messages (*from* 1*st January* 1876).

GENERAL.

International Telegraph Convention.

Rule 1.—Messages to Europe, Asia or Africa are accepted subject to the regulations of the International Telegraph Convention for the time being in force. Messages to America are accepted subject to the same conditions as far as regards their transit to the European termini of the cables.

Foreign messages are accepted for transmission under these rules at all such Telegraph stations of the following Railway Companies *at which no Government Telegraph office exists* :—

Great Indian Peninsula, East Indian, South Indian, Eastern Bengal, and the following stations of the Madras Railway—

Arconum, Cuddapa, Gooty, Raichoor, Jolarapet, Palghat, Beypore, Coimbatore, Salem.

Art. 3.

Rule 2.—The Government of India accepts no responsibility whatsoever in respect of foreign telegrams.

ACCEPTANCE OF MESSAGES.

Art. 5. Classification of messages.

Rule 3.—Foreign telegrams are classified as follows :—

(1*st*).—*State* messages; those which emanate from the Chief of the State, Ministers, Commanders-in-Chief of land or sea forces, and Diplomatic or Consular Agents of the contracting Governments; also the replies to these messages.

Messages from Consular Agents who are engaged in commerce are not considered as State messages, except when they are addressed to a Government official and relate to the Government service.

Art. XI.

(2*nd*).—*Service* messages; those which emanate from the Telegraph Departments of the contracting States, and which relate either to the service of the International Telegraphs or to objects of public interest determined upon by common accord by the said Departments.

(3*rd*).—*Private* messages.

Art. VI. In what languages messages may be sent.

Rule 4.—Messages may be sent in any one of the languages used in the territories of the States which are parties to the International Telegraph Convention, or in Latin.

Art. VI. Ordinary messages.

Rule 5.—Messages in ordinary language must offer an intelligible sense in one of the above languages.

Art. VII. Secret messages.

Rule 6.—The following are considered as secret messages :—

(1*st*).—Messages which contain passages of figures.

(2*nd*).—Messages which contain any series or groups of figures* of which the signification is not understood by the original sending station.

(3*rd*).—Messages containing passages written in words of preconcerted meaning (Code), incomprehensible to the offices in correspondence, or containing words not forming part of any of the languages mentioned in Rule 4.

* Groups of letters not forming words cannot be sent.

Messages in secret language (cipher) are liable to an extra charge for collation (see Rule 22). State messages and those in Code language are exceptions to this rule.

RULE 7.—State and Service messages may be sent in secret language without any reservation.

ART. 6. When secret messages may be accepted.

Private messages in secret language may be exchanged with countries which admit that mode of correspondence.

RULE 8.—The text of private cipher messages may be either entirely in cipher, or partly in cipher and partly in ordinary language; in the latter case the cipher portions must be placed between parenthesis; the cipher text must be composed exclusively of Arabic figures.

ART. VII. Cipher messages.

RULE 9.—Messages must be legibly written in characters which have their equivalent in the official Code of telegraph signals, and which are in use in the country where the message is presented.

ART. VIII. How messages must be written.

The body of the message must be preceded by the *Address;* which can be written in Code or abbreviated form; but in such case the delivery of the telegram is contingent on a previous arrangement between the Addressee and the Local Telegraph Office.

The signature can similarly be in Code or abbreviated form, or may be omitted. If inserted, it should be placed after the body of the message. If not inserted, the last word of the message replaces it.

The Sender of a private message can always be called upon to prove that the signature attached to it is genuine. He has, on his side, the power of including in his message the legalization of his signature.

ART. XIII. Legalization of signature.

Every interlineation, reference, erasure or addition of words must be authenticated by the Sender of the message or his representative.

ART. VIII.

RULE 10.—The Address must contain all the information necessary to insure the delivery of the message at its destination. Such information should be written either in French or in the language of the country to which the message is addressed.

ART. X. Address.

The Address of private messages should always be such that delivery can be effected without difficulty or the necessity of making enquiries.

For large towns it should comprise the name of the street and the number of the house, or, in default of these particulars, the profession of the Addressee, or some such information.

For small towns the name of the Addressee ought, if possible, to be accompanied by information sufficient to guide the Office of delivery in case of any alteration in the Addressee's name.

The name of the country in which the residence of the Addressee is situated is indispensable, unless it is a capital or important town, and even then if there are two places of importance of the same name in different countries. It is included in the number of words charged for.

Messages the addresses of which do not contain these particulars are nevertheless transmitted, but *in all cases the Sender must bear the consequences of insufficiency of address.*

The Address of a message to be conveyed beyond the telegraph lines is written as in the following example :—

M. Müller, Stiglitz, express (or post) Berlin,

the name of the terminal telegraph station being always written last.

The Address of a message for a ship at sea should contain, in addition to the ordinary directions, the name or official number of the vessel and its nationality.

ART. LVIII.

RULE 11.—The Sender must write immediately *before* the address of his message any instructions he wishes to give relative to its delivery, acknowledgment, collation, prepaid reply, being caused "to follow," &c. Such instructions if written in abbreviated form, as under, will be counted each as one word :—

ART. VIII. Instructions as to delivery, &c.

Postage prepaid (poste payée) ...	PP.
Express charges prepaid (exprés payée) ...	XP.
Acknowledgment prepaid (accuser de reception)	CR.
Collation prepaid (telegramme collationné)	TC.
Reply prepaid (reponse payée) ...	RP.
To follow (Faire suivre)	FS.

ART. IX.

When such instructions are given in unabbreviated form, they should be written either in French or in the language of the country of destination. If that language be not understood in the office of origin, the Sender is bound to annex a translation for its guidance.

RULE 12.—The Sender can prescribe the route he wishes his message to follow by *writing* the same on the message form in the place provided for the purpose. The administrations are not bound to conform to *printed* instructions regarding the route.

ART. XXXVI. Route.

When the Sender prescribes the route to be followed, his wishes are complied with, unless the route indicated be interrupted, in which case no objection can be raised to the selection of an alternative route.

When no route is specified the message is sent by the least expensive one.

ART. XVIII.

RULE 13.—Any Sender can, on proving his identity, stop, if in time, the transmission of his message.

ART. XXXIX. Cancellation of message.

When the Sender withdraws or stops his message before transmission has been commenced, the charges are returned to him after deducting a fixed sum of 4 annas, the fee of the original sending Station; but if transmission has commenced, the Sender has a right to a refund only of the portion of the charge belonging to the distance not traversed.

If the message has been already transmitted, the Sender's only means of cancelling it is by a *paid* (Service) telegram addressed to the terminal Station.

The Sender must pay also for a reply if he desires to be informed by telegraph in what manner his request has been acted upon.

A Station which receives a message, requesting the suppression of another message, previously received, informs the Original sending Station by post in what manner the request has been acted upon, unless the Sender has prepaid a reply by telegraph.

DELIVERY OF MESSAGES.

RULE 14.—Messages may be addressed either to the place of residence of the Addressee, or *poste restante* or *bureau restant* (to wait arrival).

ART. XLI. How messages may be addressed.

Messages which have to be sent to their destination by post, or which are addressed *poste restante*, are immediately sent by the office of destination to the Post Office and treated as registered letters, without charge either to Sender or Addressee —(see Rule 36).

ART. XLI and LVII. Messages addressed to non-telegraph stations, or *poste restante.*

RULE 15.—A message taken to the place of residence of the Addressee may be delivered either to the Addressee, to the adult members of his family, to his employés, lodgers, or guests, or to the porter of the hotel or house in which he resides, unless the Addressee has designated in writing a special person to receive it, or the Sender has instructed that the message be delivered to the Addressee only. This last demand, if made, should be mentioned in the Address of the message, and is written on the envelope by the Station of delivery.

ART. XLII. To whom message may be delivered.

When a message is addressed *bureau restant* (to wait arrival), it is delivered only to the Addressee himself or to a person duly appointed by him.

Message addressed *bureau restant.*

RULE 16.—When the message cannot be delivered, the terminal Station, if it supposes that the address is insufficient or that it has been altered in transmission, intimates the fact by a *Service* telegram to the Station of origin, which verifies the correctness of the Address, and immediately rectifies any error. *If, however, the Address be in Code, or abbreviated form, no advice of non-delivery is sent.*

ART. XLII. Procedure when the message cannot be delivered.

RULE 17.—If, in consequence of inaccuracy or insufficiency of Address, or the absence or refusal of the Addressee, the expenses of a special messenger are not paid on arrival, the costs incurred are specified in the advice of non-delivery or refusal and ARE RECOVERABLE FROM THE SENDER.

ART. XLII. Cost of express not paid by Receiver recoverable from Sender.

CONTROL.

RULE 18.—The Government of India reserves to itself the right of stopping any private message which may appear dangerous to the security of the State, or which may be contrary to the laws of the country, to public order or decency; and any intermediate Administration may stop the transmission of such a message on condition of immediately advising the Administration to which the original sending Station belongs.

ART. 7. Objectionable messages.

ART. XL.

This control is exercised by the terminal or intermediate offices subject to recourse to the central Administration, which decides without appeal.

RECORDS.

RULE 19.—The originals and copies of messages, and the slips containing the signals or similar papers, are preserved for a period of eighteen months after date with all necessary precautions to ensure their secrecy.

ART. LXV. Message drafts how long kept.

RULE 20.—The originals or copies of messages can only be communicated to the Sender or to the Addressee after proving his identity, or to the authorized attorney of either.

ART. LXVI. Copies of messages.

The Sender and Addressee, or the authorized attorney of either, have a right to be furnished with certified true copies of the messages sent or received by them. This right ceases after the expiration of 18 months from the date of the message, and is contingent on the exact date of the message to which the request refers being mentioned.

For every such copy, a fee of 4 annas per 100 words, or fraction of 100 words, is payable.

SPECIAL MESSAGES.

RULE 21.—The Sender of a message can prepay the reply which he requests his correspondent to send. The amount deposited for the reply must not exceed three times the cost of the original message.

ART. XLV. Prepayment of reply.

In this case he must write between the Address and the body of the message and pay for the notice "reply paid (or Reponse payée, or RP.)———words."

ART. XLVII.

When a prepaid reply is requested, the station of delivery pays to the Addressee the amount deposited for the reply, either in money, in Telegraph Stamps, or by an order for payment on the Office, leaving it to the Addressee to send his reply at any time, by any route, and to any address he chooses.

ART. XLVI.

The reply, when tendered, is considered and treated as any other message.

If the original message cannot be delivered within six weeks, or if the Receiver formally refuses the amount deposited for the reply, the Station of delivery informs the Sender of it by a telegram, which indicates the cause of non-delivery and *takes the place of the reply.*

RULE 22.—The Sender of any message can, by writing the word "*Collationnée*" (or "TC.") immediately before the Address, ensure its being repeated. In this case the different Offices concerned in its transmission collate it integrally (*i. e.*, it is repeated back from Office to Office to ensure its correctness). Collation is obligatory in the case of private *cipher* messages composed of figures.

ART. XLVIII. Collation or repetition of messages.

The charge for collation is equal to half the charge for the message, any fraction of 2 annas being counted as 2 annas.

RULE 23.—The Sender of a message can, by adding the words "acknowledgment paid" (or "accuser reception" or "CR.") immediately before the Address, ensure that a notice shall be telegraphed to him of the hour of its delivery.

ART. XLIX. Advice of delivery.

If the message cannot be delivered the terminal station intimates the fact, and the reason, by a *service* telegram. (See Rule 16.) The return message paid for by the Sender is afterwards transmitted, either on delivery of the telegram, should that be found possible, or at the expiration of 24 hours in the contrary event.

The charge for an "acknowledgment" is that for a simple message of 10 words by the same route as that followed by the original message.

ART. LII. Messages "To follow" or "*Faire suivre*."

RULE 24.—The Sender of a message can by writing the words "To follow" (or "*Faire suivre*" or "FS") immediately before the Address ensure its following the Addressee to different Addresses, if necessary, *within the limits of Europe*.

When a message bears the notice "*Faire suivre*" or "To follow," the terminal Station, after presenting it at the Address given, transmits it immediately, if requisite, to any new Address supplied at the residence of the Addressee. If no new Address is supplied, the message is kept in the Office and its non-delivery reported (see rule 16). If the message is retransmitted, and the second Station cannot find the Addressee, the message is retained by that Station.

If the notice "*Faire suivre*" or "To follow" is accompanied by successive Addresses, the message is successively transmitted to each, if necessary, and the last Office treats it in accordance with the regulations of the preceding paragraph.

The charge for a message "To follow" to be levied from the Sender is simply the charge to the first terminal Station, all the Addresses entering into the number of words charged for. The supplementary charge is recovered from the Addressee.

ART. LIII.

RULE 25.—Any person, by explaining the necessity, can request that messages which may arrive at a Telegraph Office to be delivered to him, within the radius of delivery of that Office, be re-transmitted in conformity with the conditions of the preceding paragraphs, to the Address which he furnishes; this request must be made in writing.

ART. LIV. Multiple messages.

RULE 26.—Telegraphic messages may be addressed:—

i.—to several persons in different places;
ii.—to several persons in the same place;
iii.—to the same person in different places, or at several residences in the same place.

In the two first cases, each copy of the message bears only its own Address, unless the Sender requests the contrary, in which case the request must be entered after the Address, and will be charged for.

A message addressed to several persons, or to one person, in localities served by different offices, is charged for as so many separate messages.

A message addressed to several persons in the same locality, or to one person at several places of residence in the same locality (whether with or without transmission by post), is charged for as a single message; but a copying fee of 4 annas per 10 words, plus 4 annas for the excess, is charged for each destination after the first.

ART. LX. Combination of rules.

RULE 27.—In applying the preceding Rules, the facilities given to the public for prepayment of Replies or Acknowledgments, collation of messages, messages to follow, multiple messages or messages for transmission beyond the limits of the Telegraph Lines, can be combined; subject to the conditions of Rule 11.

ART. XV. Messages charged by the words or group.

RULE 28.—The minimum charge is:—

(*a*).—In ordinary messages for a single word not exceeding 10 letters, or for a group of figures not exceeding five.

(*b*).—In cipher messages, for a single group not exceeding 5 figures.

ART. XX. Words charged for.

RULE 29.—All that the Sender writes in his message to be transmitted is included in reckoning the cost except as stated in para. 8 of Rule 30 and para. 2 of Rule 34.

The *translation* of instructions given in a language not understood at the Office of origin (referred to in Rule 11) is not counted in the number of words charged for.

Words not charged for.

Words, numbers, or signs added by the Office in the interest of the Service are not charged for.

ART. XXI. Words how counted in ordinary messages.

RULE 30.—In *ordinary* messages the maximum length of a word is fixed at 10 letters; every 10 letters (or fraction of 10 letters) in excess is counted as a word.

Words joined by a hyphen are counted as so many separate words.

Words separated by an apostrophe are counted as so many separate words.

Proper names of towns and persons, names of places, squares, streets, &c., titles, Christian names, particles and qualifications, are counted for the number of words (not exceeding 10 letters) employed by the Sender to express them.

Combinations of words contrary to the usage of the language to which they belong are not admitted. If there be any real doubt, it should be decided in favor of the Sender.

Numbers expressed in figures are counted at the rate of five figures to a word, *plus* one word for any excess.

Every isolated character, whether letter or figure, is counted as a word. The same applies to an underline.

Signs of punctuation, hyphens, apostrophes, inverted commas, parenthesis, fresh paragraphs, are not counted, but decimal points, commas and bars of division *used with figures* are each counted as a figure.

Letters added to figures to form ordinal numbers are each counted as a figure.

RULE 33.—Every rectifying or completing message, and generally every communication made to a Telegraph Office relative to a despatch already transmitted or in course of transmission, is charged for, unless such communication shall have been necessitated by an error of the Service.

ART. XVIII. Route by which messages are sent.

RULE 34.—The charge on a message is calculated according to the least expensive route from the starting point of the message to its destination, unless that route is interrupted or the Sender selects another.

The indication of the route is transmitted in the *Official Instructions* and is not charged for.

REG. LXX. Calling for repetition.

RULE 35.—The Addressee of any message can, *within 24 hours after the delivery of the telegram*, request the correction of passages which may appear to him to be doubtful. The same privilege is accorded to the SENDER within a limit of 72 *hours* following the despatch of the message. The following charges are collected:—

(*a*).—If from the Sender—the price of a message and of the answer if one be demanded.

(*b*).—If from the Receiver—1*st*, the price of the message for the Demand; 2*nd*, the price of a return message calculated according to the length of the passage to be repeated.

In the case of a *collated* message these charges are returned (on application being made to the Check Office, Calcutta, in the manner indicated in Rule 41) if the repetition shows that the mutilation of the sense of the message was made by the Telegraph. No refund is given of the cost of messages thus rectified.

SPECIAL CHARGES.

ART LVII. Postage.

RULE 36.—Every message which has to be transmitted to its destination by post, or deposited *poste restante*, is posted as a *registered* letter by the Office of delivery, without extra charge either to the Sender or Addressee, except in the two following cases:—

(*a*).—Messages which have to be transmitted to destination by *Sea* post, either in consequence of interruption to a submarine line, or by reason of being addressed to a country not connected with the International Telegraph system, are subject to a charge for postage of 12 annas, payable by the *Sender*.*

(*b*).—Messages transmitted to an Office situated near a frontier, to be delivered by post in the neighbouring territory, are posted as unpaid letters, and the postage is payable by the *Addressee*.

PAYMENT.

ART. XXIV. All charges prepaid.

RULE 37.—The charges on messages are prepaid by the Sender. The following are, however, exceptions, and are recovered from the Receiver:—

Exceptions.

1*st*.—The charge for messages sent from sea by Semaphore.

2*nd*.—The supplementary charge for onward transmission of messages "*To follow*" (*Faire suivre*).

3*rd*.—The expense of transport beyond the Telegraph lines by quicker means than the post, in States where such service is organized. (The Sender of a message for which an *Acknowledgment* has been prepaid can, however, prepay this transport by depositing a sum for the purpose, to be fixed by the Station of origin subject to after-adjustment. The *Acknowledgment* mentions the amount expended.)

In every case where charges are to be made on arrival, the message is not delivered till payment of the amount due is received.

ART. XXV. Insufficient and excess charges.

RULE 38.—Insufficient charges received in error, or charges not recovered through refusal of the Addressee to defray them in full or through his not being found at the address given, MUST BE MADE GOOD BY THE SENDER.

Excess charges made in error are returned, but the value of Telegraph stamps attached to a message in excess of the correct charge by the Sender, can only be recovered by application to the Check Office (see Rule 41).

FREE MESSAGES.

ART. 11.

RULE 39.—Messages relating to the traffic requirements of the International Telegraph Service are transmitted free.

REFUNDS.

ART. LXVII. Non-delivery or serious delay.

RULE 40.—The whole cost of any message which has suffered a serious delay in transmission, or which has not been delivered through the fault of the Telegraph Service, is refunded to the Sender by the Administration which received it.

REG. LXIX.

In case of delay the claim for reimbursement is absolute if the message did not reach its destination sooner than it would have done by post, or if the delay exceeds 6 days.

ART. LXVII. Mutilation.

No refund is given for *errors* in *uncollated* messages, but the whole cost of a *collated* message is returned to the Sender, if, in consequence of errors in transmission, it has manifestly *failed to fulfil its object*.

* On messages from India addressed to places *out of India*, and which are to be posted from a seaport to destination, the sender also prepays a postage and registration fee of 12 annas.

In the case of interruption on a sub-marine line, the Sender of any message has a right to a refund of the portion of the charge belonging to the distance not traversed, deduction being made, if necessary, of the expense incurred in sending the message by any other mode of transport.

Interruption on sub-marine line.

These rules do not apply to messages which pass over the lines of a non-adhering Administration which would not on its side make similar refunds.

Rules not applicable to non-adhering Administrations.

RULE 41.—Every claim for reimbursement of charges ought to be made to the CHECK OFFICE, GOVERNMENT TELEGRAPH DEPARTMENT, CALCUTTA, and be supported as follows:—In case of *non-delivery*, by a written statement from the terminal Station or Addressee; in case of *mutilation* or *delay*, by the copy actually delivered to the Addressee, and by a certificate stating that, in consequence of the errors complained of, the message *failed to fulfil its object*. The *particular errors* which led to this result should also be specifically mentioned. A complaint regarding a *received* message may, if the Addressee chooses, be addressed to the CHECK OFFICE which, if possible, disposes of it, otherwise it is returned to be presented at the Office of Origin.

REG. LXVIII. Claim to refund how to be made.

If the Sender does not reside in the country where he deposited his message for transmission, he can have his claim forwarded to the original Administration through the medium of another Administration. In this case, if it becomes evident on investigation that the claim is well founded, the latter is deputed to make the refund.

When a claim to refund is admitted to be well founded by the Administration in fault, the refund is made to the Sender by the CHECK OFFICE.

Claims not paid till admitted by Administration in fault.

Complaints are not forwarded when the fault complained of does not give the Sender a claim to refund, or has resulted from an omission or irregularity on his part.

Claims which are not admissible are not forwarded.

RULE 42.—The charges on messages stopped in transit under operation of Rule 18 are returned to the Sender.

REG. LXX. Messages stopped in transit.

RULE 43.—The refund rules apply only to the cost of the actual messages lost, delayed, or mutilated, and not to the cost of any further correspondence caused or rendered useless by such loss, delay, or mutilation, except in the case of the exception mentioned in Rule 33.

ART. LXVII.

RULE 44.—Every claim should be made, under penalty of rejection, within *six months* of the date of the message.

ART. LXVIII. Claim must be made within six months.

Her Majesty is hereby pleased, by and with the advice of Her Privy Council, to direct that the ships of France, the certificates of French nationality and registry of which are dated on or after the first day of June one thousand eight hundred and seventy-three, shall be deemed to be of the tonnage denoted in the said certificates of French nationality and registry.

AT THE COURT AT WINDSOR, THE 26TH DAY OF JUNE 1873.

PRESENT.

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.—Whereas by "the Merchant Shipping Act Amendment Act. 1862," it is enacted that, whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty, by order in Council, to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their certificate of registry or other national papers, and thereupon it shall no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's dominions, but such ships shall be deemed to be of the tonnage denoted in their certificates of registry or other papers, in the same manner, and to the same extent, and for the same purposes in, to, and for which the tonnage denoted in the certificate of registry of British ships is to be deemed the tonnage of such ships.

And whereas it has been made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships now in force under "the Shipping Act, 1854," have been adopted by the Government of His Majesty the German Emperor, with the exception of a slight difference in the mode of estimating the allowance for engine-room, and such rules are now in force in that country, having come into operation on the 1st day of January 1873.

PRESENT.

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.—Whereas by "the Merchant Shipping Act Amendment Act, 1862," it is enacted that, whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty, by order in Council, to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their certificate of registry or other national papers, and thereupon it shall no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's dominions, but such ships shall be deemed to be of the tonnage denoted in their certificates of registry or other papers, in the same manner, and to the same extent, and for the same purposes in, to, and for which the tonnage denoted in the certificate of registry of British ships is to be deemed the tonnage of such ships.

2*nd.*—As regards steam ships: that merchant ships belonging to the said Kingdom of Spain, which are propelled by steam or any other power requiring engine-room, the measurement whereof shall, after the said second day of December one thousand eight hundred and seventy-four, have been ascertained and denoted in the registers and other national papers in the same manner, and to the same extent, and for the same purpose in, to, and for which the tonnage denoted in the certificate of registry of British ships is deemed to be the tonnage of such ships: Provided, nevertheless, that if the owner or master of any such Spanish steam ship desires the deduction for engine-room in his ships to be estimated under the rules for engine-room measurement and deduction applicable to British ships instead of under the Spanish rule, the engine-room shall be measured and the deduction calculated according to the British rules.

No. 8 of 1875.—The following revision of a Notice to Mariners is published for general information:—

NOTICE TO MARINERS.

DIRECTIONS FOR KURRACHEE HARBOUR.

LIGHT HOUSE.

Latitude of light-house on Manora point	24° 47' 21" N.
Longitude	66° 58' 15" E.
The light is *fixed*, 120 feet above the sea-level, visible in clear weather	16 miles.
In hazy weather, prevalent during the south-west monsoon, about	7 miles.

Present light very inferior. A dioptric light of the 2nd order recommended.

TIDES.

	H. M.
High water, full and change at	10 30
	Ft. In.
Average rise and fall, Spring tides	9 6
Ditto ditto Neap tides ...	3 to 4 feet.

Depth of water in Entrance Channel at High Water—

Spring tides	29 feet.
Neap tides	24 to 26 feet.

DRAUGHT OF VESSELS ENTERING OR LEAVING PORT.

Vessels with a draught not exceeding 21½ feet can now enter and leave the Port without difficulty or delay during all seasons of the year.

During the fair season, from October to 15th May, vessels with a draught not exceeding 24 feet can now enter and leave the harbour.

Fixed moorings are placed for such vessels.

TIME OF TIDE FOR ENTERING PORT.

Sailing vessels should enter Port on the ebb-tide.

Steamers can enter either flood or ebb, and stand at once into Port.

***N. B.*—Masters of Ships should not, under any circumstances, attempt to enter the harbour without a Pilot.**

HARBOUR IMPROVEMENTS.

Among the extensive works executed, a breakwater* has been built, running out from Manora point S. by E. to a distance of 1,500 feet into 6 fathoms water; this affords complete shelter to the Entrance Channel during the south-west monsoon. Also a channel has been opened through the bar with a depth of 20 feet at low water spring-tides, 500 feet in breadth; the channel is marked by buoys, and these on entering should be kept on the port side distant about 150 feet.

* A red-light is exhibited at the outer extremity of the breakwater during the fine season only.

Note.—A Mail Steamer arriving off the port at night and requiring a Pilot should fire two guns.

APPROACHING THE PORT.

COAST OF SIND.

Indus Banks.

The Coast of Sind below the parallel of 24° North latitude should be approached with great caution; too much attention cannot be paid to the lead, more especially in passing the Banks of the Indus.*

* Banks of the Indus have extended about 10 miles to the southward since 1856.

No sailing vessel should come nearer this coast than 20 fathoms by night, or in rough weather; or under 12 fathoms by day in fine weather.

The tides during the springs are strong, the flood sets S. E, and the ebb to N. W.

From March to the end of the monsoon, a strong south-easterly current is experienced, running at a rate of from 15 to 40 miles a day.

During the south-west monsoon, sailing vessels should make Ras Muari (Cape Monze),—which is 18 miles W. ½ N. from Manora Light-house,—and keep to windward of the port, if the weather is thick, or if the tide does not suit for entering the harbour. Allowance must also be made for a strong set to the south-east, which prevails more or less during the south-west monsoon.

Do not bring Manora point to the southward of East, or go under 15 fathoms near Cape Monze.

Masters of ships should endeavour to make the port at daylight, and can with safety approach into 8 fathoms at about 2 miles distance from the light-house, keeping it on any bearing from N. E. to N. by E., until boarded by a Pilot.

ANCHORAGE IN THE ROADS.

September to end of March.

Light-house N. by E. to N. N. E., distant one mile, 7 fathoms.

April and May.

Light-house N. N. E. to N. E., distant 1½ miles, 8 fathoms.

June to the middle of September.

Ships should not on any account anchor, but stand off and on, keeping the light-house bearing from N. by E. to N. E., 2 to 3 miles distant, until boarded by a Pilot or directed by signal.

TELEGRAPH.

The 7th December 1875.

No. 508.—Her Majesty's Secretary of State for India having decided that the provisions of the St. Petersburgh Convention shall be brought into effect for Foreign Telegrams to and from India on the 1st January 1876, the Hon'ble the President in Council is pleased to direct the publication of the following Rules, which will come into effect on the date mentioned:—

Rules for Foreign Messages (from 1st January 1876).

GENERAL.

RULE 1.—Messages to Europe, Asia or Africa are accepted subject to the regulations of the International Telegraph Convention for the time being in force. Messages to America are accepted subject to the same conditions as far as regards their transit to the European termini of the cables.

International Telegraph Convention.

Foreign messages are accepted for transmission under these rules at all such Telegraph stations of the following Railway Companies *at which no Government Telegraph Office exists*:—

Great Indian Peninsula. East Indian, South Indian, Eastern Bengal, and the following stations of the Madras Railway—

Arconum, Guddapa, Gooty, Raichoor, Jolarapet, Palghat, Beypore, Coimbatore, Salem.

RULE 2.—The Government of India accepts no responsibility whatsoever in respect of foreign telegrams.

ART. 3.

ACCEPTANCE OF MESSAGES.

RULE 3.—Foreign telegrams are classified as follows:—

(*1st*).—*State* messages; those which emanate from the Chief of the State, Ministers, Commanders-in-Chief of land or sea forces, and Diplomatic or Consular Agents of the contracting Governments; also the replies to these messages.

ART. 5. Classification of messages.

Messages from Consular Agents who are engaged in commerce are not considered as State messages, except when they are addressed to a Government official and relate to the Government service.

ART. XI.

(*2nd*).—*Service* messages; those which emanate from the Telegraph Departments of the contracting States, and which relate either to the service of the International Telegraphs or to objects of public interest determined upon by common accord by the said Departments.

(*3rd*).—*Private* messages.

RULE 4.—Messages may be sent in any one of the languages used in the territories of the States which are parties to the International Telegraph Convention, or in Latin.

ART. VI. In what languages messages may be sent.

RULE 5.—Messages in ordinary language must offer an intelligible sense in one of the above languages.

ART. VI. Ordinary messages.

RULE 6.—The following are considered as secret messages:—

ART. VII. Secret messages.

(*1st*).—Messages which contain passages of figures.

(*2nd*).—Messages which contain any series or groups of figures* of which the signification is not understood by the original sending station.

(*3rd*).—Messages containing passages written in words of preconcerted meaning (Code), incomprehensible to the offices in correspondence, or containing words not forming part of any of the languages mentioned in Rule 4.

Messages in secret language (cipher) are liable to an extra charge for collation (see Rule 22). State messages and those in Code language are exceptions to this rule.

* Groups of letters not forming words cannot be sent.

RULE 7.—State and Service messages may be sent in secret language without any reservation.

ART. 6. When secret messages may be accepted.

Private messages in secret language may be exchanged with countries which admit that mode of correspondence.

RULE 8.—The text of private cipher messages may be either entirely in cipher, or partly in cipher and partly in ordinary language; in the latter case the cipher portions must be placed between parenthesis; the cipher text must be composed exclusively of Arabic figures.

ART. VII. Cipher messages.

RULE 9.—Messages must be legibly written in characters which have their equivalent in the official Code of telegraph signals, and which are in use in the country where the message is presented.

ART. VIII. How messages must be written.

The body of the message must be preceded by the *Address*; which can be written in Code or abbreviated form; but in such case the delivery of the telegram is contingent on a previous arrangement between the Addressee and the Local Telegraph Office.

The signature can similarly be in Code or abbreviated form, or may be omitted. If inserted, it should be placed after the body of the message. If not inserted, the last word of the message replaces it.

The Sender of a private message can always be called upon to prove that the signature attached to it is genuine. He has, on his side, the power of including in his message the legalization of his signature.

ART. XIII. Legalization of signature.

Every interlineation, reference, erasure or addition of words must be authenticated by the Sender of the message or his representative.

ART. VIII.

RULE 10.—The Address must contain all the information necessary to insure the delivery of the message at its destination. Such information should be written either in French or in the language of the country to which the message is addressed.

ART. X. Address.

The Address of private messages should always be such that delivery can be effected without difficulty or the necessity of making enquiries.

For large towns it should comprise the name of the street and the number of the house, or, in default of these particulars, the profession of the Addressee, or some such information.

For small towns the name of the Addressee ought, if possible, to be accompanied by information sufficient to guide the Office of delivery in case of any alteration in the Addressee's name.

The name of the country in which the residence of the Addressee is situated is indispensable, unless it is a capital or important town, and even then if there are two places of importance of the same name in different countries. It is included in the number of words charged for.

Messages the addresses of which do not contain these particulars are nevertheless transmitted, but *in all cases the Sender must bear the consequences of insufficiency of address.*

The Address of a message to be conveyed beyond the telegraph lines is written as in the following example :—

M. Müller, Stiglitz, express (or post) Berlin,

the name of the terminal telegraph station being always written last.

ART. LVIII. The Address of a message for a ship at sea should contain, in addition to the ordinary directions, the name or official number of the vessel and its nationality.

RULE 11.—The Sender must write immediately *before* the address of his message any instructions he wishes to give relative to its delivery, acknowledgment, collation, prepaid reply, being caused "to follow," &c. Such instructions if written in abbreviated form, as under, will be counted each as one word :—

ART. VIII. Instructions as to delivery, &c.

ART. IX.

Postage prepaid (poste payée) ...	PP.
Express charges prepaid (exprés payée) ...	XP.
Acknowledgment prepaid (accuser de reception)	CR.
Collation prepaid (telegramme collationné)	TC.
Reply prepaid (reponse payée) ...	RP.
To follow (Faire suivre)	FS.

When such instructions are given in unabbreviated form, they should be written either in French or in the language of the country of destination. If that language be not understood in the office of origin, the Sender is bound to annex a translation for its guidance.

RULE 12.—The Sender can prescribe the route he wishes his message to follow by *writing* the same on the message form in the place provided for the purpose. The administrations are not bound to conform to *printed* instructions regarding the route.

ART. XXXVI. Route.

When the Sender prescribes the route to be followed, his wishes are complied with, unless the route indicated be interrupted, in which case no objection can be raised to the selection of an alternative route.

ART. XVIII. When no route is specified the message is sent by the least expensive one.

RULE 13.—Any Sender can, on proving his identity, stop, if in time, the transmission of his message.

ART. XXXIX. Cancellation of message.

When the Sender withdraws or stops his message before transmission has been commenced, the charges are returned to him after deducting a fixed sum of 4 annas, the fee of the original sending Station; but if transmission has commenced, the Sender has a right to a refund only of the portion of the charge belonging to the distance not traversed.

If the message has been already transmitted, the Sender's only means of cancelling it is by a *paid* (Service) telegram addressed to the terminal Station.

The Sender must pay also for a reply if he desires to be informed by telegraph in what manner his request has been acted upon.

A Station which receives a message, requesting the suppression of another message, previously received, informs the Original sending Station by post in what manner the request has been acted upon, unless the Sender has prepaid a reply by telegraph.

DELIVERY OF MESSAGES.

RULE 14.—Messages may be addressed either to the place of residence of the Addressee, or *poste restante* or *bureau restant* (to wait arrival).

ART. XLI. How messages may be addressed.

Messages which have to be sent to their destination by post, or which are addressed *poste restante*, are immediately sent by the office of destination to the Post Office and treated as registered letters, without charge either to Sender or Addressee —(see Rule 36).

ART. XLI and LVII. Messages addressed to non-telegraph stations, or *poste restante.*

RULE 15.—A message taken to the place of residence of the Addressee may be delivered either to the Addressee, to the adult members of his family, to his employés, lodgers, or guests, or to the porter of the hotel or house in which he resides, unless the Addressee has designated in writing a special person to receive it, or the Sender has instructed that the message be delivered to the Addressee only. This last demand, if made, should be mentioned in the Address of the message, and is written on the envelope by the Station of delivery.

ART. XLII. To whom message may be delivered.

When a message is addressed *bureau restant* (to wait arrival), it is delivered only to the Addressee himself or to a person duly appointed by him.

Message addressed *bureau restant.*

RULE 16.—When the message cannot be delivered, the terminal Station, if it supposes that the address is insufficient or that it has been altered in transmission, intimates the fact by a *Service* telegram to the Station of origin, which verifies the correctness of the Address, and immediately rectifies any error. *If, however, the Address be in Code, or abbreviated form, no advice of non-delivery is sent.*

ART. XLII. Procedure when the message cannot be delivered.

RULE 17.—If, in consequence of inaccuracy or insufficiency of Address, or the absence or refusal of the Addressee, the expenses of a special messenger are not paid on arrival, the costs incurred are specified in the advice of non-delivery or refusal and ARE RECOVERABLE FROM THE SENDER.

ART. XLII. Cost of express not paid by Receiver recoverable from Sender.

CONTROL.

RULE 18.—The Government of India reserves to itself the right of stopping any private message which may appear dangerous to the security of the State, or which may be contrary to the laws of the country, to public order or decency; and any intermediate Administration may stop the transmission of such a message on condition of immediately advising the Administration to which the original sending Station belongs.

ART. 7. Objectionable messages.

ART. XL.

This control is exercised by the terminal or intermediate offices subject to recourse to the central Administration, which decides without appeal.

RECORDS.

RULE 19.—The originals and copies of messages, and the slips containing the signals or similar papers, are preserved for a period of eighteen months after date with all necessary precautions to ensure their secrecy.

ART. LXV. Message drafts how long kept.

RULE 20.—The originals or copies of messages can only be communicated to the Sender or to the Addressee after proving his identity, or to the authorized attorney of either.

ART. LXVI. Copies of messages.

The Sender and Addressee, or the authorized attorney of either, have a right to be furnished with certified true copies of the messages sent or received by them. This right ceases after the expiration of 18 months from the date of the message, and is contingent on the exact date of the message to which the request refers being mentioned.

For every such copy, a fee of 4 annas per 100 words, or fraction of 100 words, is payable.

SPECIAL MESSAGES.

RULE 21.—The Sender of a message can prepay the reply which he requests his correspondent to send. The amount deposited for the reply must not exceed three times the cost of the original message.

ART. XLV. Prepayment of reply.

In this case he must write between the Address and the body of the message and pay for the notice "reply paid (or Reponse payée, or RP.)———words."

ART. XLVII.

When a prepaid reply is requested, the station of delivery pays to the Addressee the amount deposited for the reply, either in money, in Telegraph Stamps, or by an order for payment on the Office, leaving it to the Addressee to send his reply at any time, by any route, and to any address he chooses.

ART. XLVI.

The reply, when tendered, is considered and treated as any other message.

If the original message cannot be delivered within six weeks, or if the Receiver formally refuses the amount deposited for the reply, the Station of delivery informs the Sender of it by a telegram, which indicates the cause of non-delivery and *takes the place of the reply.*

RULE 22.—The Sender of any message can, by writing the word "*Collationnée*" (or "TC.") immediately before the Address, ensure its being repeated. In this case the different Offices concerned in its transmission collate it integrally (*i. e.*, it is repeated back from Office to Office to ensure its correctness). Collation is obligatory in the case of private *cipher* messages composed of figures.

ART. XLVIII. Collation or repetition of messages.

The charge for collation is equal to half the charge for the message, any fraction of 2 annas being counted as 2 annas.

RULE 23.—The Sender of a message can, by adding the words "acknowledgment paid" (or "accuser reception" or "CR.") immediately before the Address, ensure that a notice shall be telegraphed to him of the hour of its delivery.

ART. XLIX. Advice of delivery.

If the message cannot be delivered the terminal station intimates the fact, and the reason, by a *service* telegram. (See Rule 16.) The return message paid for by the Sender is afterwards transmitted, either on delivery of the telegram, should that be found possible, or at the expiration of 24 hours in the contrary event.

The charge for an "acknowledgment" is that for a simple message of 10 words by the same route as that followed by the original message.

RULE 24.—The Sender of a message can by writing the words "To follow" (or "*Faire suivre*" or "FS") immediately before the Address ensure its following the Addressee to different Addresses, if necessary, *within the limits of Europe.*

ART. LII. Messages "To follow" or "*Faire suivre.*"

When a message bears the notice "*Faire suivre*" or "To follow," the terminal Station, after presenting it at the Address given, transmits it immediately, if requisite, to any new Address supplied at the residence of the Addressee. If no new Address is supplied, the message is kept in the Office and its non-delivery reported (see rule 16). If the message is retransmitted, and the second Station cannot find the Addressee, the message is retained by that Station.

If the notice "*Faire suivre*" or "To follow" is accompanied by successive Addresses, the message is successively transmitted to each, if necessary, and the last Office treats it in accordance with the regulations of the preceding paragraph.

The charge for a message "To follow" to be levied from the Sender is simply the charge to the first terminal Station, all the Addresses entering into the number of words charged for. The supplementary charge is recovered from the Addressee.

RULE 25.—Any person, by explaining the necessity, can request that messages which may arrive at a Telegraph Office to be delivered to him, within the radius of delivery of that Office, be re-transmitted in conformity with the conditions of the preceding paragraphs, to the Address which he furnishes; this request must be made in writing.

ART. LIII.

RULE 26.—Telegraphic messages may be addressed :—

ART. LIV. Multiple messages.

i.—to several persons in different places;
ii.—to several persons in the same place;
iii.—to the same person in different places, or at several residences in the same place.

In the two first cases, each copy of the message bears only its own Address, unless the Sender requests the contrary, in which case the request must be entered after the Address, and will be charged for.

A message addressed to several persons, or to one person, in localities served by different offices, is charged for as so many separate messages.

A message addressed to several persons in the same locality, or to one person at several places of residence in the same locality (whether with or without transmission by post), is charged for as a single message; but a copying fee of 4 annas per 10 words, plus 4 annas for the excess, is charged for each destination after the first.

RULE 27.—In applying the preceding Rules, the facilities given to the public for prepayment of Replies or Acknowledgments, collation of messages, messages to follow, multiple messages or messages for transmission beyond the limits of the Telegraph Lines, can be combined; subject to the conditions of Rule 11.

ART. LX. Combination of rules.

RULE 28.—The minimum charge is :—

(*a*).—In ordinary messages for a single word not exceeding 10 letters, or for a group of figures not exceeding five.

ART. XV. Messages charged by the words or group.

(*b*).—In cipher messages, for a single group not exceeding 5 figures.

RULE 29.—All that the Sender writes in his message to be transmitted is included in reckoning the cost except as stated in para. 8 of Rule 30 and para. 2 of Rule 34

ART. XX. Words charged for.

The *translation* of instructions given in a language not understood at the Office of origin (referred to in Rule 11) is not counted in the number of words charged for.

Words, numbers, or signs added by the Office in the interest of the Service are not charged for.

Words not charged for.

RULE 30.—In *ordinary* messages the maximum length of a word is fixed at 10 letters; every 10 letters (or fraction of 10 letters) in excess is counted as a word.

Combinations of words contrary to the usage of the language to which they belong are not admitted. If there be any real doubt, it should be decided in favor of the Sender.

Numbers expressed in figures are counted at the rate of five figures to a word, *plus* one word for any excess.

Every isolated character, whether letter or figure, is counted as a word. The same applies to an underline.

Signs of punctuation, hyphens, apostrophes, inverted commas, parenthesis, fresh paragraphs, are not counted, but decimal points, commas and bars of division *used with figures* are each counted as a figure.

Words in a language not admissible under Rule 4 *cannot be sent.*

The indication of the route is transmitted in the *Official Instructions* and is not charged for.

RULE 35.—The Addressee of any message can, *within 24 hours after the delivery of the telegram*, request the correction of passages which may appear to him to be doubtful. The same privilege is accorded to the SENDER within a limit of 72 *hours* following the despatch of the message. The following charges are collected:—

REG. LXIV. Calling for repetition.

(*a*).—If from the Sender—the price of a message and of the answer if one be demanded.

(*b*).—If from the Receiver—1*st*, the price of the message for the Demand; 2*nd*, the price of a return message calculated according to the length of the passage to be repeated.

In the case of a *collated* message these charges are returned (on application being made to the Check Office, Calcutta, in the manner indicated in Rule 41) if the repetition shows that the mutilation of the sense of the message was made by the Telegraph. No refund is given of the cost of messages thus rectified.

SPECIAL CHARGES.

RULE 36.—Every message which has to be transmitted to its destination by post, or deposited *poste restante*, is posted as a *registered* letter by the Office of delivery, without extra charge either to the Sender or Addressee, except in the two following cases:—

ART LVII. Postage.

* On messages from India addressed to places *out of India*, and which are to be posted from a seaport to destination, the sender also prepays a postage and registration fee of 12 annas.

(*b*).—Messages transmitted to an Office situated near a frontier, to be delivered by post in the neighbouring territory, are posted as unpaid letters, and the postage is payable by the *Addressee*.

PAYMENT.

RULE 37.—The charges on messages are prepaid by the Sender. The following are, however, exceptions, and are recovered from the Receiver:—

ART. XXIV. All charges prepaid.

2*nd*.—The supplementary charge for onward transmission of messages "*To follow*" (*Faire suivre*).

3*rd*.—The expense of transport beyond the Telegraph lines by quicker means than the post, in States where such service is organized. (The Sender of a message for which an *Acknowledgment* has been prepaid can, however, prepay this transport by depositing a sum for the purpose, to be fixed by the Station of origin subject to after-adjustment. The *Acknowledgment* mentions the amount expended.)

In every case where charges are to be made on arrival, the message is not delivered till payment of the amount due is received.

RULE 38.—Insufficient charges received in error, or charges not recovered through refusal of the Addressee to defray them in full or through his not being found at the address given, MUST BE MADE GOOD BY THE SENDER.

RULE 39.—Messages relating to the traffic requirements of the International Telegraph Service are transmitted free.

ART. 11.

RULE 40.—The whole cost of any message which has suffered a serious delay in transmission, or which has not been delivered through the fault of the Telegraph Service, is refunded to the Sender by the Administration which received it.

ART. LXVII. Non-delivery or serious delay.

In case of delay the claim for reimbursement is absolute if the message did not reach its destination sooner than it would have done by post, or if the delay exceeds 6 days.

REG. LXIX.

No refund is given for *errors* in *uncollated* messages, but the whole cost of a *collated* message is returned to the Sender, if, in consequence of errors in transmission, it has manifestly *failed to fulfil its object*.

ART. LXVII. Mutilation.

In the case of interruption on a sub-marine line, the Sender of any message has a right to a refund of the portion of the charge belonging to the distance not traversed, deduction being made, if necessary, of the expense incurred in sending the message by any other mode of transport.

Interruption on sub-marine line.

These rules do not apply to messages which pass over the lines of a non-adhering Administration which would not on its side make similar refunds.

Rules not applicable to non-adhering Administrations.

RULE 41.—Every claim for reimbursement of charges ought to be made to the CHECK OFFICE, GOVERNMENT TELEGRAPH DEPARTMENT, CALCUTTA, and be supported as follows:—In case of *non-delivery*, by a written statement from the terminal Station or Addressee; in case of *mutilation* or *delay*, by the copy actually delivered to the Addressee, and by a certificate stating that, in consequence of the errors complained of, the message *failed to fulfil its object*. The *particular errors* which led to this result should also be specifically mentioned. A complaint regarding a *received* message may, if the Addressee chooses, be addressed to the CHECK OFFICE which, if possible, disposes of it, otherwise it is returned to be presented at the Office of Origin.

REG. LXVIII. Claim to refund how to be made.

If the Sender does not reside in the country where he deposited his message for transmission, he can have his claim forwarded to the original Administration through the medium of another Administration. In this case, if it becomes evident on investigation that the claim is well founded, the latter is deputed to make the refund.

When a claim to refund is admitted to be well founded by the Administration in fault, the refund is made to the Sender by the CHECK OFFICE.

Claims not paid till admitted by Administration in fault.

Complaints are not forwarded when the fault complained of does not give the Sender a claim to refund, or has resulted from an omission or irregularity on his part.

Claims which are not admissible are not forwarded.

RULE 42.—The charges on messages stopped in transit under operation of Rule 18 are returned to the Sender.

REG. LXX. Messages stopped in transit.

RULE 43.—The refund rules apply only to the cost of the actual messages lost, delayed, or mutilated, and not to the cost of any further correspondence caused or rendered useless by such loss, delay, or mutilation, except in the case of the exception mentioned in Rule 33.

ART. LXVII.

RULE 44.—Every claim should be made, under penalty of rejection, within *six months* of the date of the message.

ART. LXVIII. Claim must be made within six months.

NOTIFICATIONS.—POLITICAL.

Fort William, the 21st December 1875.

No. 3359 *P.*—The following General Convention between the Governments of Great Britain and of Tunis which appeared in the *London Gazette* of the 29th October 1875, is re-published for general information :—

GENERAL CONVENTION BETWEEN THE GOVERNMENTS OF GREAT BRITAIN AND OF TUNIS.

Signed in the English and Arabic languages, July 19, 1875.

The Government of Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and His Most Serene Highness Mohammed Essadock Bey, Lord of the Regency of Tunis, being desirous to maintain and improve the relations of friendship and commerce which have long subsisted between them and between British and Tunisian subjects, have resolved to proceed to a revision and improvement of the Treaties subsisting between the respective countries, in consequence of which the following stipulations have been entered into and concluded between His Most Serene Highness the Bey, and Richard Wood, Esquire, Companion of the Most Honourable Order of the Bath, Her Majesty's Agent and Consul-General, duly authorized to that effect.

ARTICLE I.

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland may appoint, besides her Political Agent, such Consuls, Vice-Consuls, and Consular Agents in the Regency of Tunis as she may deem necessary; and such Consuls, Vice-Consuls, and Consular Agents shall be at liberty to reside in any of the seaports or cities of His Highness the Bey, which they or the British Government may choose and find most convenient for the affairs and service of Her Majesty, and for the assistance of her subjects.

ARTICLE II.

Every mark of honour and respect shall at all times be paid, and every privilege and immunity allowed, to Her Majesty's Agent and Consul-General accredited to His Highness the Bey which is paid or allowed to the Representative of any other nation whatsoever; and respect and honour shall be shown to the British Consuls, Vice-Consuls, and Consular Agents, who shall reside in the Regency of Tunis. Their houses and families shall be safe and protected. No one shall interfere with them, or commit any act of oppression or disrespect towards them, either by word or deed; and if any one should do so, the Tunisian authorities shall take immediate measures for the punishment of the offender. The British Consuls, Vice-Consuls, and Consular Agents shall, moreover, continue to enjoy, in the most ample sense, all the privileges and immunities which are now or may be hereafter accorded to the Consuls, Vice-Consuls, and Consular Agents of the most favoured nation.

ARTICLE III.

The British Agent and Consul-General shall be at liberty to choose his own interpreters, brokers, guards and servants, either from among the natives or others. His interpreters, brokers, guards, and servants shall be exempt from the conscription, and from payment of any poll-tax, forced contribution, or other similar or corresponding charge. In like manner, the Consuls, Vice-Consuls, and Consular Agents residing at the Tunisian ports under the orders of the said Agent and Consul-General, shall be at liberty to choose, that is to say, the Consuls, each one interpreter, one broker, two guards, and three servants; the Vice-Consuls and Consular Agents, each one interpreter, one broker and one guard, and two servants, not being in the military service, who shall likewise be exempt from the conscription, from the payment of any poll-tax, forced contribution, or other similar or corresponding charge. No prohibition nor tax shall be put upon the provisions, furniture, or any other articles which may come to the said Agent and Consul-General, Consuls, or Vice-Consuls, for their own use and for the use of their families, upon their delivering to the Officer of the Customs a note under their hand specifying the number of articles which they shall require to be passed on that ground, but this privilege shall only be accorded to Consular Officers who are not engaged in trade. If the service of their Sovereign should require their attendance in their own country, no impediment shall be offered to their departure, and no hindrance shall be offered either to themselves or their servants, or in regard to their property, but they shall be at liberty to go and come, respected and honoured. If they should depute another person to act for them in their absence, they shall not be prevented in any way from so doing, nor shall the deputy be prevented from acting in that capacity.

ARTICLE IV.

There shall be reciprocal freedom of commerce between the dominions of Her Majesty the Queen and the Regency of Tunis. British merchants or their agents and brokers shall be permitted to purchase at all places within the Regency, whether for the purposes of internal trade or of exportation, all articles, without any exception whatsoever, being the produce or manufacture of the said Regency; and the purchaser shall be free to remove his goods, when purchased, from one place to another, without any attempt being made on the part of the Local Governors to interfere with them.

ARTICLE V.

In accordance with the friendship which has at all times existed between the two Governments, His Highness the Bey engages to protect British subjects who may come to his country either for the purposes of trade or for travelling. They shall be free to travel or to reside in any part of the Regency without hindrance or molestation; and they shall be treated with respect, love, and honour. They shall be exempt from forced military service, whether by land or by sea; from forced loans, and from every extraordinary contribution. Their dwellings and warehouses destined for the purposes of residence and commerce, as well as their property, both real and personal, of every kind, shall be respected, and, in particular, all the stipulations of the Convention concluded between Her Majesty's Government and His Highness the Bey on the 10th of October, 1863, relative to the permission granted to British subjects to hold real property in the Regency of Tunis, are hereby confirmed. And British subjects, vessels, commerce, and navigation shall enjoy, without any restriction or diminution, all the privileges, favours, and immunities which are now or may hereafter be granted to the subjects, vessels, commerce, and navigation of any other nation whatever.

Her Britannic Majesty, on her part, engages to insure to Tunisian subjects, vessels, commerce, and navigation within her Dominions, the enjoyment of the same protection and privileges which are or may be enjoyed by the subjects, vessels, commerce, and navigation of the most favoured nation.

ARTICLE VI.

The perfect security which His Highness the Bey accords to the British merchants and subjects who may reside in the Regency extends likewise to the free exercise of the rites of their religion. They shall be free to erect churches, upon the application of the British Agent and Consul-General to His Highness the Bey, who will grant the necessary permission. The British Cemetery of Saint George, and other burial places, now or hereafter to be established, shall be protected and respected as heretofore.

ARTICLE VII.

His Highness the Bey engages that he will not prohibit the importation into the Regency of any article, the produce and manufacture of the dominions and possessions of Her Britannic Majesty, from whatever place arriving, and that the duties, to be levied upon such articles of produce or manufacture so imported shall in no case exceed one fixed rate of eight per cent. *ad valorem*, to be calculated upon the value of such merchandise at the place of landing, or a specific duty, fixed by common consent, equivalent thereto.

Such articles, after paying eight per cent. import duty, shall not be subject to any other internal charge or impost whatsoever, whether the buyer be a Tunisian or a foreigner. And if such articles should not be sold for consumption in the Regency, but should be re-exported within the space of one year, the Administration of the Customs shall be bound, provided the bales or packages have not been opened, to restore, at the time of their re-exportation, the duty levied to the merchant, who shall be required first to furnish proofs that the goods so exported have paid the said import duty.

After the expiration of one year the merchant shall be free to re-export his foreign goods without claiming the drawback, and the Custom-house shall not levy upon them any duty whatsoever on re-exportation.

Should a British merchant or his agent desire to convey, by sea or by land, from one port or place to another port or place in the Regency of Tunis, goods upon which the *ad valorem* duty above mentioned has been already paid, such goods shall be subject to no further duty, either on their embarkation or disembarkation, provided they be accompanied by a certificate from the Tunisian Administrator of Customs that the duty has been paid.

And it is moreover agreed that no other or higher duties shall be imposed on the importation of any article, the produce or manufacture of one of the Contracting Parties, into the country of the other, which shall not equally extend to the like articles, being the produce or manufacture of any other country.

ARTICLE VIII.

Vessels navigating under the British flag and vessels navigating under the Tunisian flag shall

be free to carry on the coasting trade in the States and Dominions of the Contracting Parties. They shall enjoy the same rights and immunities as are enjoyed by national vessels, and they shall be free either to land a portion of their cargoes, or to embark goods, foreign or native, to complete their cargoes, in each other's ports, without being obliged in each case to procure any special license from the Local Authorities, or to pay any charges and dues that are not paid by national vessels.

The stipulations of this Article shall however, as regards the Colonial coasting trade, be deemed to extend only to the coasting trade of such of the Colonial possessions of Her Britannic Majesty as, under the provisions of the Act relating thereto, may have opened their coasting trade to foreign vessels.

ARTICLE IX.

His Highness the Bey formally engages to abolish all monopolies of agricultural produce or of any other article whatsoever, save and except tobacco and salt, and save and except the fisheries, and the tannery of hides of oxen, camels, and horses.

British subjects, however, or their agents, buying or selling salt and tobacco in virtue of licenses or permits for consumption in the Regency of Tunis, shall be subject to the same regulations as the most favoured Tunisian subjects trading in the two articles aforesaid; and furthermore, they shall be free to compete for, obtain, and exercise the right of fishery, subject to the local laws and regulations.

ARTICLE X.

If British merchants or their agents in the Regency of Tunis should purchase any article of Tunisian produce or manufacture for internal consumption, the said merchants or their agents shall not pay, on the purchase and sale of such articles, any higher duties or charges than are paid, under similar circumstances, by the most favoured class of Tunisians or foreigners engaged in the internal trade of the Regency of Tunis. In like manner Tunisian merchants or their agents in the British dominions shall not pay on the purchase and sale of British produce or manufactures, for internal consumption in the said dominions, higher duties or charges than are paid by British subjects or the most favoured foreigners engaged in the internal trade of the said dominions, upon similar articles of produce or manufacture.

ARTICLE XI.

If a British merchant or his agent shall purchase for exportation any article of Tunisian produce or manufacture, either at the place where such article is produced or in its transit from that place to another, upon which article of produce or manufacture the internal taxes known by the names of "Ushr," "Kanoon," and "Mahsoulat," and others, have been already levied, such article of produce or manufacture shall be subject at the port of shipment to the payment of the export duty only, and the notarial fees and charges for measurement established by law.

ARTICLE XII.

In case of any dispute arising between the Custom-house and the merchant regarding the value to be put upon any merchandize or goods imported by him into the Regency of Tunis, the merchant shall be free to pay the duty in kind, in the most equitable manner.

Should, however, the merchant be unable or unwilling to make use of the above faculty, the Custom-house shall have the right to purchase such merchandize or goods at the price at which the merchant has valued them, with an augmentation of 5 per cent.

But should the foregoing two modes fail to solve the difficulty, His Highness the Bey and Her Majesty's Agent and Consul-General shall each name an arbitrator, being a merchant, and, in case of a divergence of opinion, the two arbitrators shall name an umpire, also a merchant, whose decision shall be final.

ARTICLE XIII.

With a view to the encouragement of agriculture, His Highness the Bey furthermore engages to permit the importation, free of import duty and of every other internal charge, of agricultural implements and machinery, as well as of cattle and animals for the improvement of the native breeds, whenever such agricultural implements, machinery, cattle, and animals are proved to be for private use and not for purposes of trade, in which latter case they shall be subject to the payment of an import duty not exceeding 8 per cent.

ARTICLE XIV.

In case the importation of foreign wheat, barley, and Indian corn should be rendered necessary in consequence of the failure of the crops, in consequence of famine or other causes, which God forbid, such foreign wheat, barley, and Indian corn shall be as heretofore exempt from the payment of any import duty, and shall be subject only to the payment of 20 karoobs (7½*d.*) per kaffis.

With the exception of the above three articles, all other foreign provisions, such as rice, lentils, beans and other pulse known by the appellation of "Hashahesh" (dried vegetables) shall pay an import duty not exceeding eight per cent., but the importer or his agent shall be free to sell such provisions in retail or in any other manner without the payment of any other charge whatsoever.

ARTICLE XV.

It is understood between the Contracting Parties that the Tunisian Government reserves to itself the faculty and right of issuing a general prohibition against the importation into the Regency of gunpowder, unless Her Majesty's Agent and Consul-General shall think fit to apply for a special license, which license shall, in that case, be granted provided no valid objection thereto can be alleged.

Gunpowder, when allowed to be imported, shall be subject to a duty not exceeding eight per cent., and shall be liable to the following regulations:—

1. It shall not be sold by subjects of Her Britannic Majesty in quantities exceeding the quantities prescribed by the local regulations.

2. When a cargo, or a large quantity of gunpowder arrives in a Tunisian port on board a British vessel, such vessel shall be anchored at a particular spot, to be designated by the local authorities, and the gunpowder shall then be conveyed, under the inspection of such authorities, to depôts or fitting places, designated by the Government, to which the parties interested shall have access under due regulations.

Gunpowder imported in contravention of the prohibition, or in the absence of the license aforementioned, shall be liable to confiscation, save and except small quantities of gunpowder for sporting reserved for private use, which shall not be subject to the regulations of the present Article.

Cannon, arms of war, or military stores, as well as anchors, masts, and chain cables, shall be imported free of duty, provided they are landed at the opened and recognized ports; provided, also, that previous to the landing of cannon the permission of the Government is obtained.

ARTICLE XVI.

The people of the Contracting Parties shall have the right to establish in each other's country commercial, industrial, and banking companies, co-operative, or mutual or shareholding associations, or any other association, whether between and amongst themselves, or between them and Tunisian subjects or subjects of any other Power: provided the object of such companies and associations be lawful, and subject always to the laws of the country in which they shall be established.

It is, however, understood, that no joint stock companies limited, whose capital is made up of nominal shares to bearer, and no anonymous association shall be established in their respective territories without the authorization of the local Government.

ARTICLE XVII.

British subjects and Tunisian subjects shall be free to exercise in each other's country any art, profession, or industry; to establish manufactories, and factories, and to introduce steam machinery or machinery moved by any other power without being subjected to any other formality or to the payment of higher or other taxes and imposts than those prescribed by the laws or municipal regulations, or which are paid by natives.

It is understood that the manufactories and their appurtenances, being immovable property, shall be subject to the provisions of the Convention of the 10th October, 1863, relative to the permission granted to British subjects to hold real property in the Regency of Tunis.

ARTICLE XVIII.

No harbour, pilotage, light-house, or quarantine dues, or other local dues, shall be levied upon British vessels, which are not imposed upon Tunisian vessels or upon the vessels of the most favoured nation.

If a British vessel shall enter a Tunisian port from stress of weather and depart, it shall not be subject to the payment of the aforesaid dues, but shall pay only the fee to the pilot, should a pilot be required. Should such vessel, however, visit a Tunisian port for the purpose of procuring water and of purchasing provisions, it shall pay only a portion, not exceeding half, of the harbour, pilotage, light-house, and quarantine or other local dues payable at the said port.

In like manner Tunisian vessels which shall visit any of the ports of Her Majesty's dominions shall pay only the harbour, quarantine, and other dues which are levied upon British vessels.

ARTICLE XIX.

The captains of merchant-vessels having goods on board destined for the Regency of Tunis shall, on their arrival at the port where such goods are to be landed, deposit in the Custom-house of such port a true copy of their manifest.

ARTICLE XX.

If a British subject be detected in smuggling into the Regency any description of goods or should be detected in embarking any goods, the produce of Tunis, for which he can exhibit no Custom-house permit, such goods shall be confiscated by the Tunisian Treasury, but a report or *procès-verbal* of the alleged contraband must, as soon as the said goods are seized by the authorities, be drawn up and communicated to the British Consular Authorities, and no goods can be confiscated as contraband unless the fraud with regard to them shall be duly and legally proved

It is stipulated that vessels navigating under the British flag shall submit to the regulations of the port; that such vessels, speronaras, boats, and the like craft shall not serve as depôts for merchandise; and that whenever their detention in the Tunisian ports shall exceed eight calendar months, they shall, when required to do so, give satisfactory explanations to the British Consular Authority and to the Local Authorities in regard to the motive of their detention in such ports. Should such explanations be deemed unsatisfactory, the Custom-house may, with the consent of Her Majesty's Agent and Consul-General, place a guard on board for the prevention of fraud, the expenses for such guard being at the charge of the vessel.

ARTICLE XXI.

Should British subjects desire to embark in, or discharge goods from, any vessel, they can employ the Tunisian Custom-house boats, paying the usual charges for the use of such boats. They are free, however, to discharge their merchandise without using the Custom-house boats, in which case they will apprize the Administration of the Customs of it in writing, taking care to mention, on the arrival of each steamer or vessel having goods on board to their consignment, that they will be present themselves, or be represented by their agents, to assist at the discharge of said goods. In case of their absence, however, the Custom-house will proceed to discharge their goods, rendering itself responsible as heretofore, unless in a case of "force majeure." No sort of claim can be preferred by the consignee against the Custom-house on the plea that it had not the right to discharge his goods, seeing that the discharge is made with the sanction of the master of the vessel, and not with that of the Custom-house.

Every consignee who discharges his goods after making the demand in writing, will provide himself with a Custom-house officer, who will accompany him to the vessel and return with him to the Custom-house. The fee to the Custom-house officer shall be paid by the merchant.

ARTICLE XXII.

Whenever the Tunisian Government shall temporarily prohibit the exportation of wheat, barley, cattle, or any other article of native produce, such prohibition shall not come into operation until three months after official notification shall have been given, and shall apply only to the specific article or articles mentioned in the Decree enacting the prohibition.

ARTICLE XXIII.

No British subject, nor any person under British protection, shall, in the Regency of Tunis, be made liable to pay a debt due from another person of his nation unless he shall have made

himself responsible or guarantee for the debtor by a valid document. Neither shall any British subject be compelled to sell any thing to, or to buy anything from, a Tunisian without his own free will. The seller shall be obliged to deliver up to the purchaser only that portion of the goods which he voluntarily sold to him, and the purchaser shall have no claim or right upon the remaining portion of such goods or merchandize.

In like manner, no Tunisian subject in the Dominions of the Queen of Great Britain shall be made liable to pay a debt due from another person of his nation to a British subject, unless he shall have made himself responsible or guarantee for the debtor by a valid document.

ARTICLE XXIV.

In all criminal cases and complaints where the prosecutor and prisoner are British subjects, and in all civil differences, disputes, or litigation which may occur between British subjects exclusively, the Agent and Consul-General, Consul, or other British authority, shall be sole judge or arbiter. No one shall interfere, but they shall be amenable to the British Consular Courts only.

All civil differences, disputes, or litigations between British subjects and the subjects of any foreign country other than Great Britain, shall be decided solely in the Tribunals of the foreign Consuls, according to the usages heretofore established, or which may hereafter be arranged between such Consuls, without the interference of the Tunisian Courts or Government.

ARTICLE XXV.

Disputes and differences arising between a British and a Tunisian subject, whether the British subject is plaintiff or defendant, of a commercial and civil nature (criminal and correctional excepted), shall be settled by His Highness the Bey, or his delegate, in the presence and with the concurrence of the British Consul-General or Consul.

It is likewise agreed that, should any new procedure differing from the above be adopted and applied at present, or in future, in the treatment of any other nation, the British subjects, without exception, shall be entitled to the enjoyment thereof, whenever Her Majesty's Government shall request it.

It is, however, understood that if Mixed Courts should be at any time established in Tunis with the assent and approval of Her Majesty's Government, in that case all civil and commercial suits and disputes arising between British and Tunisian subjects shall be heard and determined by such Mixed Courts and Tribunals, according to the rules and procedure that may be agreed upon between the Contracting Parties.

ARTICLE XXVI.

The cognisance of crimes committed by British subjects in the Tunisian territory, as well as all contraventions of the police, and other regulations, shall devolve upon the Consul-General or Consul; and the punishment thereof shall be applied by the said Consul-General or Consul, in concurrence with His Highness the Bey. In case the criminal or offender should escape from the Consular, or other prison, the Consul-General or Consul shall not be held responsible in any manner whatsoever.

ARTICLE XXVII.

No quittance or receipt presented by a British subject to a Court, purporting to be a discharge of a debt which he has contracted towards a Tunisian subject, shall be held as a legal and a valid discharge, unless he can show that such quittance or receipt is under the handwriting, seal, or signature of the Tunisian subject or duly executed by native notaries, and attested by the Cadi or the Governor of the place. And in like manner no quittance or receipt presented by a Tunisian subject purporting to be a discharge of a debt which he has contracted towards a British subject, shall be held as a legal and valid discharge of his debt, unless he can show that such quittance or discharge is under the handwriting, signature, or mark of the British subject, duly attested by the Consul, or unless the discharge is drawn up by two notaries and attested by the British Consul.

ARTICLE XXVIII.

Should any Tunisian subject be found guilty before the Tunisian Courts of procuring false evidence to the injury or prejudice of a British subject, he shall be severely punished by the Tunisian Government. In like manner, the competent British Consular authorities shall severely punish, according to English law, any British subject who may be convicted of the same offence against a Tunisian subject.

ARTICLE XXIX.

If, at any time, Her Majesty's Agent and Consul-General, Consul, Vice-Consul, or Consular Agent, should require the assistance of soldiers, guards, armed boats, or other aid for the purpose of arresting or transporting any British subject, the Tunisian authorities shall immediately comply with the demand, on payment of the usual fees given on such occasions by Tunisian subjects.

ARTICLE XXX.

If a ship belonging to the Queen of Great Britain, or to any of her subjects, should be wrecked or stranded on any part of the coast of the Regency of Tunis, the Tunisian authorities within whose jurisdiction the accident may occur shall, in accordance with the rules of friendship, respect her and assist her in all her wants. They shall allow and enable the master to take such steps as he may think necessary or desirable, and shall take immediate steps for the protection of her crew and of her cargo, and of any goods, papers, or other articles which may be saved from her at the time of the wreck or afterwards; and, moreover, they shall lose no time in informing the nearest British authority of the accident. They shall deliver over to him, without exception or loss, all the cargo, goods, papers, and articles which have been saved and preserved from the wreck, and they shall likewise furnish the master and the crew of the wrecked ship with such victuals and provisions as they may require, for which they shall receive payment. For their friendly aid and services in protecting, saving, preserving, and restoring to the British Consular authorities the goods and contents saved through their exertions from the wrecked vessel, or any portion thereof, they shall be entitled to such an amount of salvage as Her Majesty's Agent and Consul-General and the Chief Tunisian authority on the spot shall judge a fair compensation for their services. The master and crew shall be at liberty to proceed to any place they please, and at any time they may think proper, without any hindrance.

In like manner, the ships of His Highness the Bey, or of Tunisian subjects, shall be assisted and protected in the dominions of the Queen of Great Britain as though they were British ships, and shall be subject only to the same lawful charges of salvage to which British ships, under similar circumstances, are liable.

ARTICLE XXXI.

Should, however (which God forbid), the crew or any portion of the crew of a wrecked or stranded British vessel be murdered by the natives, or its cargo, or any part of its cargo or contents, be stolen by them, the Tunisian Government binds itself to take the most prompt and energetic measures for seizing the marauders or robbers, in order to proceed to their severe punishment. It, moreover, engages to make the most diligent search for the recovery and restitution of the stolen property; and whatever compensation for the damage done to individuals or to their effects, under similar circumstances, is granted, or may hereafter be granted to the subjects of the most favoured nation, or the equivalent of it, shall be also accorded to the subjects of the Queen of Great Britain.

ARTICLE XXXII.

It is agreed and covenanted that if any of the crew of Her Majesty's ships of war or of British merchant-vessels, of whatever nationality they may be, borne on the papers of said ships, shall desert within any port in the Regency of Tunis, the authorities of such port or territory shall be bound to give every assistance in their power for the apprehension of such deserters, on the application of the British authority. In like manner, if any of the crew of the ships of His Highness the Bey, or of Tunisian merchant-vessels, not being slaves, shall desert in any of the ports or harbours, within the dominions of Her Majesty the Queen of Great Britain, the authorities of such ports or harbour shall give every assistance in their power for the apprehension of such deserters on the application of the Commanding Officer, Captain or any other Tunisian authority, and no person whatsoever shall protect or harbour such deserters.

ARTICLE XXXIII.

The ships of war belonging to Her Majesty the Queen, and the ships belonging to His Highness the Bey, shall have free liberty to use the ports of each country for washing, cleansing, and repairing any of their defects, and to buy for their use any sort of provisions, alive or dead, or any other necessaries, at the market price, without paying custom to any officer.

And it is moreover agreed that, whenever any of Her Majesty's ships of war shall arrive in the Bay of Tunis, and shall fire a salute of twenty-one guns, the Castle of the Goletta, or the Tunisian ships of war, shall return the same number of guns as the Royal salute to Her Majesty's colours, according to ancient usage.

ARTICLE XXXIV.

The Government of the Queen of the United Kingdom of Great Britain and Ireland, in consideration of the sincere friendship that has at all times existed between Her Majesty and His Highness the Bey, agrees that Tunisian ships and cargoes shall be received at the ports and harbours of the British dominions upon the same footing as British vessels and cargoes.

ARTICLE XXXV.

British vessels arriving in any of the Tunisian ports for the purpose of trade or by reason of stress of weather, or to repair damages, shall not be compelled to discharge their cargoes or any portion of their cargoes, and they shall not be made to change their destination or to receive any passengers on board unless it be with their own free will, but they shall be respected, and they shall be allowed to depart without any hindrance. Should they be compelled to land their cargoes, or a portion thereof, in order to effect repairs, they shall also be permitted to re-embark such goods free of any duty or charge whatsoever.

Tunisian vessels shall receive the like friendly treatment in ports and harbours of the British dominions.

ARTICLE XXXVI.

If any British subject should die in any place or territory appertaining to His Highness the Bey, no Governor or other Tunisian officer shall, on any pretence whatsoever, take possession or dispose of, or interfere with, the goods and property of the deceased, but such goods and property, of whatever description, may be taken possession of by his heirs, or by the British Consular authority, without any hindrance or impediment whatsoever on the part of such Governor or Tunisian officer.

If, however, a British subject should die at a place where there is no British Consul, or whilst travelling, in such a case the Tunisian authorities of the place where he died shall be bound to preserve and protect his goods and effects: they shall make, with the assistance of notaries, a faithful inventory of them, which inventory they shall lose no time in sending to the nearest Governor of a place where an English Consul resides.

Should the deceased British subject leave behind him debts due from him to a native, the Consul-General or his deputy shall assist the creditor in the recovery of his claim upon the estate of the deceased; and, likewise, if the deceased should leave behind debts due to him from Tunisians, the Governor, or those who have such power, shall compel the debtors to pay what is due by them to the Consul-General or his deputy for the benefit of the estate of the deceased.

ARTICLE XXXVII.

The British Government and His Highness the Bey, moved by sentiments of humanity and having regard to the free institutions which, under Providence, their respective countries happily enjoy, mutually engage to do all in their power for the suppression of slavery. Whilst, on the one part, the British Government engage not to relax their efforts with friendly powers for the prevention of the barbarous traffic in human beings, and for the emancipation of slaves, His Highness the Bey especially engages, on the other, to cause the Declaration of Moharem, 1262 (23rd January 1846), abolishing for ever slavery in the Regency, to be obeyed and respected, and to use his utmost efforts to discover and punish all persons within his Regency who contravene or act contrary thereto.

ARTICLE XXXVIII.

The British Government and His Highness the Bey engage to do all in their power for the suppression of piracy; and His Highness especially engages to use his utmost efforts to discover and

bunish all persons on his coasts or within his territory who may be guilty of that crime, and to aid the British Government in so doing.

ARTICLE XXXIX.

Privateering is now and for ever abolished: His Highness the Bey being desirous to maintain invoilable the neutrality of the Regency of Tunis, it has been established and agreed that in case of war or hostilities, he shall not permit the enemies of Her Majesty the Queen of Great Britain to fit out privateers in the ports of the Regency, or to sail from them to prey upon the ships and commerce of her subjects; and it is moreover established that His Highness shall not permit or tolerate in the Regency of Tunis the sale of any prize whatsover which shall have belonged or may belong to the belligerents.

The Queen of Great Britain will cause to be observed the same rules of neutrality towards Tunisian ships and subjects in all the seaports of Her Majesty's dominions.

ARTICLE XL.

In order that the two Contracting Parties may have the opportunity of hereafter treating and agreeing upon such other arrangements as may tend still further to the improvement of their mutual intercourse, and to the advancement of the interest of their respective people, it is agreed that at any time after the expiration of seven years from the date of the present Convention of Commerce and Navigation, either of the High Contracting Parties shall have the right to call upon the other to enter upon a revision of the same; but until such revision shall have been accomplished by common consent, and a new Convention shall have been concluded and put into operation, the present Convention shall continue and remain in full force and effect.

ARTICLE XLI.

If any doubt should arise with regard to the interpretation or the application of any of the stipulations of the present Convention, it is agreed that in Tunis the interpretation the most favourable to British subjects shall be given, and in Her Majesty's dominions that most favourable to Tunisians. It is not pretended by any of the foreging Articles to stipulate for more than the plain and fair construction of the terms employed, nor to preclude in any manner the Tunisian Government from the exercise of its rights of internal Administration where the exercise of those rights does not evidently infringe upon the privileges accorded by the present Convention to British subjects or British commerce.

ARTICLE XLII.

The stipulations of the present Convention shall come into immediate operation and shall be substituted for the stipulations of all preceding Treaties between Great Britain and Tunis, with the exception of the Convention of the 10th of October 1863, already referred to in Article XVII preceding, which is renewed and confirmed.

This Convention has been written in triplicate, consisting in forty-two Articles, besides the introduction, and contained in the preceding forty-three pages, to be signed by both parties, and to be executed in the manner explained and clearly set forth in its several provisions, having for object the duration, confirmation, and maintenance of amity between them.

Dated Monday, the sixteenth day of Gumad-el-Thany, 1292 of the Hegira, corresponding to the nineteenth of July 1875.

No. 3386 *P.*—In supersession of the Notification by His Honor the Lieutenant-Governor of Bengal, dated the 16th December 1867, the Governor General in Council is pleased to declare the boundaries of the "Naga Hills District" to be as follows:—

Boundaries of the Naga Hills Agency.

North.—From the sources of the Dikhorri River in the Rengmah Naga Hills a line along the summit of the hills from which the Longungtun, Barpung and Tarapung streams take their rise, to the sources of the Dahorijan, thence down the Dahorijan until it meets the Kolliani River, up the latter river to its junction with a small stream that flows into it from the west, about ¼ a mile, below the Aitonia village of Kolliani, from whence in a straight line, due east for about 2 miles, until it cuts the Doigurang River, then up the latter river until it meets the path leading from Murphúlani to the Nambor, from whence along that path for about ¼ of a mile until it meets the Tarajan, thence along the latter stream to its junction with the Dhansiri River, and from thence up this latter river to its junction with the Doyang River, and finally up along the course of the Doyang River to its junction with the Haripani.

South.—From the sources of the Langting River below the peak about 3 miles almost due east of Semkhor a line along the summit of the hills from which the Jinam, Jhiri, and Makho Rivers take their rise, until it reaches the hill above the Naga village of Ungulnah or Galnah, from whence almost due east down a spur from that mountain until it cuts the Chuline River, from thence down the latter river until its junction with the Barak River and up the course of the latter river, until its junction with the Zupoo River, from whence up the latter stream to its source in the Burrail range of mountains below the Tenepoo Peak, from whence a line of about 2½ miles along the summit of that range to the Khunho Peak, and from thence down the main feeder of the Zullo River to a spot about a ¼ of a mile below where it is joined by this stream which has its source below the Tenepu Peak [and flows between villages of Veswemah and Khezamah] and from this spot up the small streamlet below the Nápu Hill, on to the crest of the ridge dividing the Zullo from the Sijjo and between the villages

of Kidimah and Phusami, then a line along the summit of this ridge from boundary pillar to boundary pillar for a distance of about ¼ of a mile where it turns off to the east, down the centre of a spur running between the two small feeders of a small stream named the Merori, thence down the latter stream to its junction with the Sijjo River, then up the latter river for about a mile until it meets a small stream named the Sokharri [flowing into it from the east] which stream then forms the boundary up to its source at Tellizo Peak.

West.—A line from the source of the Langting River in the Barrial mountains below the Peak about 3 miles east of Semkhor down the course of that river to its junction with the Diyúng River, and from thence down the latter river until it meets the Lamsakhong Nuddi, thence up the latter stream to its point of exit out of the hills, from whence along the foot of the hills, [in a succession of straight lines from head-land to head-land, that is to say from the foot of one spur to the foot of the next in a straight line, and *not* following all the sinuosities every little bay or valley] crossing the Lonkajan and the Dikhreng Khrong Nuddi at their respective points of exit from the hills and until it meets the Dimorújan, from whence down the latter stream as far as the village of Kaki Ramsa, from which point it turns off to the north, following the path between the latter village and the village of Sakher on the left bank of the Jamoona River, from whence up that river until it meets Samagurijan, thence up the latter stream for about 2 miles to its point of exit out of the Rengmah Naga Hills, from whence a line along the foot of the hills [again going from head-land to head-land] crossing the Zikok Digolpani, Salabor Longsompi and Horgbati streams at their respective points of exit out of the hills and until it meets the Dikhorri River, which latter river then forms the boundary up to its source in the Rengmah Naga Hills.

The Eastern boundary is for the present left undefined.

No. 3414 P.

Fort William, the 31st December 1875.

HIS ROYAL HIGHNESS THE PRINCE OF WALES arrived at Calcutta on Thursday, the 23rd December 1875, at 2 P. M., under a Royal Salute fired from the Ramparts of Fort William.

His Honor the Lieutenant-Governor of Bengal, with his Personal Staff and two Officers of the Government of Bengal, proceeded to Diamond Harbour to meet HIS ROYAL HIGHNESS and accompanied the PRINCE to Calcutta.

At 2-30 P. M., His Excellency the Viceroy visited HIS ROYAL HIGHNESS THE PRINCE OF WALES on board Her Majesty's Steamer *Serapis*.

At 4 P. M., a deputation from the Government of India, consisting of the Secretaries to the Government of India in the Home, Public Works, and Military Departments, and the Military Secretary and two Aides-de-Camp to the Viceroy, waited upon the PRINCE OF WALES.

At 4-30 P. M., HIS ROYAL HIGHNESS accompanied by the Lieutenant-Governor of Bengal and attended by His ROYAL HIGHNESS' Suite embarked in the Royal barge under the usual Naval honors. The Members of the deputation from the Government of India and the Officers of the Lieutenant-Governor's Suite preceded HIS ROYAL HIGHNESS to the shore.

The PRINCE OF WALES landed at Prinsep's Ghât under a Salute of 21 guns from the Ramparts of Fort William, which commenced as HIS ROYAL HIGHNESS stepped ashore.

A Guard of Honor, furnished by the Calcutta Volunteers, was drawn up at Prinsep's Ghât.

The Viceroy, attended by his Personal Staff, received HIS ROYAL HIGHNESS on the Pontoon, where the PRINCE received the following address from the City of Calcutta:—

"MAY IT PLEASE YOUR ROYAL HIGHNESS,

"WE, the Corporation of Justices of the Peace, and the undersigned Citizens of Calcutta, approach YOUR ROYAL HIGHNESS with a most respectful and heartfelt welcome on this joyous occasion of the visit of YOUR ROYAL HIGHNESS to this great Dependency of the British Crown, to express to YOUR ROYAL HIGHNESS, and through YOUR ROYAL HIGHNESS to our beloved QUEEN, the earnest assurance of our allegiance, loyalty and devotion to Her Most Gracious Majesty's Person and Throne.

"2. The advent of the Heir of our Gracious Sovereign to this country is a source of universal rejoicing and gratification to the people. The occasion awakens associations connected with the many mighty and ancient dynasties of this vast Empire, now so happily centred in the Royal Throne of England; and we hail with no ordinary enthusiasm the presence of the Heir to that Throne in the Capital City of Her Majesty's Indian Empire.

"3. We doubt not that this visit of YOUR ROYAL HIGHNESS will be for ever remembered as a great and prominent event in Indian history—an event which, while strengthening and cementing with fresh bonds the loyalty and attachment of the people to their Sovereign, affords them an additional pledge of Her Majesty's unceasing interest in their welfare and advancement.

"4. In this City YOUR ROYAL HIGHNESS will meet with abundant indications of the moral and material progress, and of the prosperity, which everywhere follow on British rule. In its numerous structures and works of public utility, in its extensive trade, and in the spread of education and intelligence amongst its citizens will be found all the signs of a prosperous and contented people.

"5. The only regret, mingling with the universal enthusiasm evoked by the intelligence of the projected visit of YOUR ROYAL HIGHNESS, was caused by the intimation that the PRINCESS OF WALES would not accompany the Royal Progress through India. We respectfully beg YOUR ROYAL HIGHNESS to convey to Your Royal Consort the sincere expression of our regret that we have thus been unable to prove to HER ROYAL HIGHNESS our loyal devotion and attachment by welcoming with acclamation Her bright and gracious presence among us.

"6. Respectfully wishing YOUR ROYAL HIGHNESS the fullest enjoyment in Your interesting Tour, and earnestly hoping that YOUR ROYAL HIGHNESS will bear away pleasing impressions of the country and its people,

We remain, with the highest respect,

YOUR ROYAL HIGHNESS'

Most dutiful and most obedient Servants."

To this address HIS ROYAL HIGHNESS returned the following reply:—

"Gentlemen,—I thank you for your welcome to the Capital of British India.

"It is a great personal pleasure to me to find myself in a city so full of historical associations connected with our Empire in the East.

"It is a still greater gratification to be received with such demonstrations of loyalty to the British Crown, and to see on every side the marks of prosperity and contentment, of intelligence and progress.

"I will convey to the QUEEN your expressions of loyalty and gratitude to Her Majesty, and to the PRINCESS OF WALES what you so kindly say of your regret that she was unable to visit India.

"The PRINCESS, I can assure you, very sincerely shares this feeling. She would most gladly have accompanied me, had not the fatigues of such a long journey, and the necessity for watching over our children at home, proved insuperable obstacles.

"I feel certain that every day I remain in India will deepen and strengthen the impressions of interest in the country and its people which I have always felt, and will thus realise your anticipations of increased pleasure from my longer stay among you."

NOTIFICATIONS.

DARJEELING LINE.

Calcutta, the 16th June 1875.

No. $\frac{7586.}{L.\ M.\ 6\ No.\ 8.}$—During the present season the experiment will be tried of offering the public a less expensive mode of conveyance to Darjeeling.

2. A limited number of wagonettes have been built, which are so constructed as to enable two passengers to lie down at full length. They are provided with cushions and hoods, and drawn by two horses, but they are not sufficiently protected from the weather to make them good for ladies or invalids. These are available at cheaper rates than the ordinary carriages, *viz.*, 4 annas a mile for each passenger, or Rs. 25 for the through journey.

3. A wagonette will start from Karagola every day except Sunday and Monday, leaving on the arrival of the steamer, and will return from Silligoree every day except Monday and Tuesday, starting at 11 A. M.

4. No luggage can be carried except a handbag, which should not weigh more than five seers. This rule is necessary and must not under any circumstances be infringed, as these vehicles convey the parcel mail. One traveller who, by the payment of Rs. 50 engages a whole wagonette, can take two maunds of luggage with him free.

5. Application for wagonettes should be made in the usual way to Post Master, Purneah, and should state which of the other forms of accommodation the traveller wishes in case a wagonette is not available.

POST OFFICE.

NOTIFICATIONS.

DARJEELING LINE.

Calcutta, the 16th June 1875.

No. $\frac{7686.}{\text{L. M. 6 No. 8.}}$—During the present season the experiment will be tried of offering the public a less expensive mode of conveyance to Darjeeling.

2. A limited number of wagonettes have been built, which are so constructed as to enable two passengers to lie down at full length. They are provided with cushions and hoods, and drawn by two horses, but they are not sufficiently protected from the weather to make them good for ladies or invalids. These are available at cheaper rates than the ordinary carriages, *viz.*, 4 annas a mile for each passenger, or Rs. 25 for the through journey.

3. A wagonette will start from Karagola every day except Sunday and Monday, leaving on the arrival of the steamer, and will return from Silligoree every day except Monday and Tuesday, starting at 11 A. M.

4. No luggage can be carried except a hand-bag, which should not weigh more than five seers. This rule is necessary and must not under any circumstances be infringed, as these vehicles convey the parcel mail. One traveller who, by the payment of Rs. 50 engages a whole wagonette, can take two maunds of luggage with him free.

5. Application for wagonettes should be made in the usual way to Post Master, Purneah, and should state which of the other forms of accommodation the traveller wishes in case a wagonette is not available.

*** The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar, who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

*** The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar, who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

POST OFFICE.

NOTICE.—Consequent upon the Postal Union Treaty recently concluded at Berne, alterations have been made in the rates and conditions of postage to certain foreign countries, the route to which lies through the United Kingdom.

2. As respects those countries, therefore, the following revised table is given in supersession of the rates which appear in the Schedule at pages 23 to 25 of the Indian Postal Guide, dated 1st June 1875, under the head of "countries served through England."

COUNTRIES, &c.

I, II, III. These figures refer to the remarks following the Schedule respecting the treatment of unpaid covers, charges on delivery, &c.
Where the means of conveyance from India is not specified, it is always *by British Packet, i. e.*, P. & O. Co.
Where the description of the route contains no mention of a particular Indian Office, the mails are sent *via* Bombay, or from Aden in the case of correspondence posted at Aden.
The name immediately following the word "through" is that of the country or Office to which the mails are consigned by the Indian Post Office.
"*Via* C. M." means that the route is *via* Calcutta or Madras, according to the locality where posted.

EACH LETTER

a denotes that the cover is liable to additional postage on delivery.
c denotes that the pre-payment of postage is compulsory.
d denotes that registered covers are charged at double the ordinary rates (to be prepaid), no separate fee being levied.

MISCELLANEOUS.

The 21st August 1875.

No. 1707 *A.*—The following tea plantations in Kumaun, the property of Government, will be offered for sale by public auction at the Senior Assistant Commissioner's Office, Almora, on Wednesday, the 1st of December, 1875, at noon :—

Hawalbagh.—Forty-six miles from the plains by bridle-road, and six from Almora. Area, about one hundred acres, after excluding the house known as Mr. Traill's, with its compound, which will not be sold : said house and ground are in an outlying corner of the estate, and are to be set apart for travellers. Separated from the plantation by the Kosi river (suspension bridge) is a pine forest of one hundred and two acres belonging to the estate, but in which neighbouring villages have the right to graze their cattle. The garden, having latterly been used as a nursery for fruit trees, the whole of the area is not under tea. **There are on the estate two large slated houses (exclusive of Traill's house), a slated factory, two slated godowns, a slated barrack for tea-makers, and numerous slated out-offices.** The height of the houses above sea-level is 4,000 feet, and the lands are not much higher or lower. Upset price Rs. 25,000.

Communications.—A good bridle-road, 8 to 10 feet wide and bridged, runs to (1) Haldwani, (2) Kaladungi (*vid* Naini Tal), and (3) Ramnagar (*vid* Khyrna). From Haldwani to Bareilly Railway Station, 60 miles, over a pucka cart-road; from Kaladungi to Moradabad Railway Station, 48 miles, on partly pucka road; and from Ramnagar to Moradabad, 45 miles, *vid* Kashipur, of which 25 miles, more or less, are a kutcha fair-weather road, bridged. Bridge-of-boats on Ramganga north of Moradabad. From Ramnagar up there is a cart-road (Kosi river not bridged) to Ranikhet, 56 miles; and to the Hawalbagh plantation, where the Kosi river is being bridged, 19 miles.

1, 2, 3—markets at the foot of the hills.

Ayar Toli.—In Kattyur, consisting of about 2,546 acres. The area under tea was some years ago considerable. About 700 acres are cleared, and nearly 1,500 acres consist of jungle, of which part may be unculturable : a portion of the estate named Binculi, 919 acres, is held under a perpetual lease from the Nagnath Temple, at an annual rent of Rs. 24. There were on the estate a house, factory, godown, and numerous out-offices, all slated; but all these are in bad repair. Height of house above sea-level, 5,200 feet, and the plantation ranges from that height to 4,400 feet. Upset price, Rs. 17,000.

Communications.—To Hawalbagh, 24 miles by bridle-road, thence as detailed under Hawalbagh.

These two estates will be put up to auction separately, at the upset prices named, and sold in fee simple to the highest bidder, free of all demands for land revenue, but subject to the rights already named in each case, and also to payment of customary cesses now in force, or that may be imposed hereafter.

Both estates have been surveyed, and maps may be seen at the District Office, Almora. Intending purchasers must satisfy themselves as to the present condition of the estates, and on all other matters involved in their sale. The purchasers must deposit 5 per cent. of the purchase-money at the time of sale, and the balance on or before the 1st of January, 1876, when possession will be given : failing payment in full, the deposit will be forfeited, and the estate re-sold

By order of the Hon'ble the Lieutenant-Governor of the North-Western Provinces.

REVENUE DEPARTMENT, N. W. P.

NOTIFICATION.

MISCELLANEOUS.

The 21st August 1875.

No. 1707 *A.*—The following tea plantations in Kumaun, the property of Government, will be offered for sale by public auction at the Senior Assistant Commissioner's Office, Almora, on Wednesday, the 1st of December, 1875, at noon:—

Hawalbagh.—Forty-six miles from the plains by bridle-road, and six from Almora. Area, about one hundred acres, after excluding the house known as Mr. Traill's, with its compound, which will not be sold: said house and ground are in an outlying corner of the estate, and are to be set apart for travellers. Separated from the plantation by the Kosi river (suspension bridge) is a pine forest of one hundred and two acres belonging to the estate, but in which neighbouring villages have the right to graze their cattle. The garden, having latterly been used as a nursery for fruit trees, the whole of the area is not under tea. There are on the estate two large slated houses (exclusive of Traill's house), a slated factory, two slated godowns, a slated barrack for tea-makers, and numerous slated out-offices. The height of the houses above sea-level is 4,000 feet, and the lands are not much higher or lower. Upset price Rs. 25,000.

Communications.—A good bridle-road, 8 to 10 feet wide and bridged, runs to (1) Haldwani, (2) Kaladungi (*viâ* Naini Tal), and (3) Ramnagar (*viâ* Khyrna). From Haldwani to Bareilly Railway Station, 60 miles, over a pucka cart-road; from Kaladungi to Moradabad Railway Station, 48 miles, on partly pucka road; and from Ramnagar to Moradabad, 45 miles, *viâ* Kashipur, of which 25 miles, more or less, are a kutcha fair-weather road, bridged. Bridge-of-boats on Ramganga north of Moradabad. From Ramnagar up there is a cart-road (Kosi river not bridged) to Ranikhet, 56 miles; and to the Hawalbagh plantation, where the Kosi river is being bridged, 19 miles.

1, 2, 3—markets at the foot of the hills.

Ayar Toli.—In Kattyur, consisting of about 2,546 acres. The area under tea was some years ago considerable. About 700 acres are cleared, and nearly 1,500 acres consist of jungle, of which part may be unculturable: a portion of the estate named Binculi, 919 acres, is held under a perpetual lease from the Nagnath Temple, at an annual rent of Rs. 24. There were on the estate a house, factory, godown, and numerous out-offices, all slated; but all these are in bad repair. Height of house above sea-level, 5,200 feet, and the plantation ranges from that height to 4,400 feet. Upset price, Rs. 17,000.

Communications.—To Hawalbagh, 24 miles by bridle-road, thence as detailed under Hawalbagh.

These two estates will be put up to auction separately, at the upset prices named, and sold in fee simple to the highest bidder, free of all demands for land revenue, but subject to the rights already named in each case, and also to payment of customary cesses now in force, or that may be imposed hereafter.

Both estates have been surveyed, and maps may be seen at the District Office, Almora. Intending purchasers must satisfy themselves as to the present condition of the estates, and on all other matters involved in their sale. The purchasers must deposit 5 per cent. of the purchase-money at the time of sale, and the balance on or before the 1st of January, 1876, when possession will be given: failing payment in full, the deposit will be forfeited, and the estate re-sold

By order of the Hon'ble the Lieutenant-Governor of the North-Western Provinces.

A. COLVIN,
Offg. Secy. to Govt., N. W. Provinces.

NOTIFICATION.

MISCELLANEOUS.

The 21st August 1875.

No. 1707 *A.*—The following tea plantations in Kumaun, the property of Government, will be offered for sale by public auction at the Senior Assistant Commissioner's Office, Almora, on Wednesday, the 1st of December, 1875, at noon:—

Hawalbagh.—Forty-six miles from the plains by bridle-road, and six from Almora. Area, about one hundred acres, after excluding the house known as Mr. Traill's, with its compound, which will not be sold: said house and ground are in an outlying corner of the estate, and are to be set apart for travellers. Separated from the plantation by the Kosi river (suspension bridge) is a pine forest of one hundred and two acres belonging to the estate, but in which neighbouring villages have the right to graze their cattle. The garden, having latterly been used as a nursery for fruit trees, the whole of the area is not under tea. There are on the estate two large slated houses (exclusive of Traill's house), a slated factory, two slated godowns, a slated barrack for tea-makers, and numerous slated out-offices. The height of the houses above sea-level is 4,000 feet, and the lands are not much higher or lower. Upset price Rs. 25,000.

1, 2, 3—markets at the foot of the hills.

Communications.—A good bridle-road, 8 to 10 feet wide and bridged, runs to (1) Haldwani, (2) Kaladungi (*viâ* Naini Tal), and (3) Ramnagar (*viâ* Khyrna). From Haldwani to Bareilly Railway Station, 60 miles, over a pucka cart-road; from Kaladungi to Moradabad Railway Station, 48 miles, on partly pucka road; and from Ramnagar to Moradabad, 45 miles, *viâ* Kashipur, of which 25 miles, more or less, are a kutcha fair-weather road, bridged. Bridge-of-boats on Ramganga north of Moradabad. From Ramnagar up there is a cart-road (Kosi river not bridged) to Ranikhet, 56 miles; and to the Hawalbagh plantation, where the Kosi river is being bridged, 19 miles.

Ayar Toli.—In Kattyur, consisting of about 2,546 acres. The area under tea was some years ago considerable. About 700 acres are cleared, and nearly 1,500 acres consist of jungle, of which part may be unculturable: a portion of the estate named Binculi, 919 acres, is held under a perpetual lease from the Nagnath Temple, at an annual rent of Rs. 24. There were on the estate a house, factory, godown, and numerous out-offices, all slated; but all these are in bad repair. Height of house above sea-level, 5,200 feet, and the plantation ranges from that height to 4,400 feet. Upset price, Rs. 17,000.

Communications.—To Hawalbagh, 24 miles by bridle-road, thence as detailed under Hawalbagh.

These two estates will be put up to auction separately, at the upset prices named, and sold in fee simple to the highest bidder, free of all demands for land revenue, but subject to the rights already named in each case, and also to payment of customary cesses now in force, or that may be imposed hereafter.

Both estates have been surveyed, and maps may be seen at the District Office, Almora. Intending purchasers must satisfy themselves as to the present condition of the estates, and on all other matters involved in their sale. The purchasers must deposit 5 per cent. of the purchase-money at the time of sale, and the balance on or before the 1st of January, 1876, when possession will be given: failing payment in full, the deposit will be forfeited, and the estate re-sold.

By order of the Hon'ble the Lieutenant-Governor of the North-Western Provinces.

A. COLVIN,
Offg. Secy. to Govt., N. W. Provinces.

NOTIFICATION.

MISCELLANEOUS.

The 21st August 1875.

No. 1707 *A.*—The following tea plantations in Kumaun, the property of Government, will be offered for sale by public auction at the Senior Assistant Commissioner's Office, Almora, on Wednesday, the 1st of December, 1875, at noon :—

Hawalbagh.—Forty-six miles from the plains by bridle-road, and six from Almora. Area, about one hundred acres, after excluding the house known as Mr. Traill's, with its compound, which will not be sold : said house and ground are in an outlying corner of the estate, and are to be set apart for travellers. Separated from the plantation by the Kosi river (suspension bridge) is a pine forest of one hundred and two acres belonging to the estate, but in which neighbouring villages have the right to graze their cattle. The garden, having latterly been used as a nursery for fruit trees, the whole of the area is not under tea. There are on the estate two large slated houses (exclusive of Traill's house), a slated factory, two slated godowns, a slated barrack for tea-makers, and numerous slated out-offices. The height of the houses above sea-level is 4,000 feet, and the lands are not much higher or lower. Upset price Rs. 25,000.

Communications.—A good bridle-road, 8 to 10 feet wide and bridged, runs to (1) Haldwani, (2) Kaladungi (*vid* Naini Tal), and (3) Ramnagar (*vid* Khyrna). From Haldwani to Bareilly Railway Station, 60 miles, over a pucka cart-road; from Kaladungi to Moradabad Railway Station, 48 miles, on partly pucka road; and from Ramnagar to Moradabad, 45 miles, *vid*

1, 2, 3—markets at the foot of the hills.

Kashipur, of which 25 miles, more or less, are a kutcha fair-weather road, bridged. Bridge-of-boats on Ramganga north of Moradabad. From Ramnagar up there is a cart-road (Kosi river not bridged) to Ranikhet, 56 miles; and to the Hawalbagh plantation, where the Kosi river is being bridged, 19 miles.

Ayar Toli.—In Kattyur, consisting of about 2,546 acres. The area under tea was some years ago considerable. About 700 acres are cleared, and nearly 1,500 acres consist of jungle, of which part may be unculturable : a portion of the estate named Binculi, 919 acres, is held under a perpetual lease from the Nagnath Temple, at an annual rent of Rs. 24. There were on the estate a house, factory, godown, and numerous out-offices, all slated; but all these are in bad repair. Height of house above sea-level, 5,200 feet, and the plantation ranges from that height to 4,400 feet. Upset price, Rs. 17,000.

Communications.—To Hawalbagh, 24 miles by bridle-road, thence as detailed under Hawalbagh.

These two estates will be put up to auction separately, at the upset prices named, and sold in fee simple to the highest bidder, free of all demands for land revenue, but subject to the rights already named in each case, and also to payment of customary cesses now in force, or that may be imposed hereafter.

Both estates have been surveyed, and maps may be seen at the District Office, Almora. Intending purchasers must satisfy themselves as to the present condition of the estates, and on all other matters involved in their sale. The purchasers must deposit 5 per cent. of the purchase-money at the time of sale, and the balance on or before the 1st of January, 1876, when possession will be given : failing payment in full, the deposit will be forfeited, and the estate re-sold.

By order of the Hon'ble the Lieutenant-Governor of the North-Western Provinces.

A. COLVIN,
Offg. Secy. to Govt., N. W. Provinces.

*** The Rig-Veda, the oldest book of Indian literature, has very properly been made one of the principal class-books for those who study Sanskrit in the schools and colleges in India, and though at present a scholar-like knowledge of the Vedic hymns is in the examinations required of the more advanced students only, yet, as soon as editions, translations, grammars, and dictionaries shall have rendered the study of these ancient documents more accessible, I doubt not that the time will come when no one in India will call himself a Sanskrit scholar who cannot construe the hymns of the ancient Rishis of his country.—*Extract from Preface.*

HIGH COURT.

HIGH COURT OF JUDICATURE AT FORT WILLIAM IN BENGAL:

(CIVIL APPELLATE JURISDICTION).

Rules for the preparation of Paper-books in Regular Appeals.

1. In all Regular Appeals, the Deputy Registrar shall, forthwith upon the receipt of the record, make and print a complete and accurate list of all the papers contained therein in the form given below :—

1	2	3	4	5
Number on the record.	Mark, if any, in the Court below.	Description and date of paper on the record.	Whether the whole or a portion thereof is to be inserted in the Paper-book.	Page in the Paper-book.

In these lists, Columns 4 and 5 will be left blank. Column 4 will be filled in by the parties as hereinafter directed, and Column 5 by the Officer of the Court. The papers are to be arranged in the order directed by Rule X of the Rules of 30th July 1870, as to Privy Council Appeals.

2. As soon as this list shall have been prepared, the Deputy Registrar shall deliver one copy thereof to each Appellant or set of Appellants, appearing separately, or to his or their Vakeels respectively, free of charge. Further copies shall be supplied to any of the parties to the appeal at the rate of 4 annas a copy.

3. Within fourteen days after receipt of the list above-mentioned the Appellant or Appellants shall deliver to the Deputy Registrar a copy of such list signed by such Appellant or Appellants or his or their Advocate or Vakeel, shewing by filling up Column 4 of the list what papers or portions of papers in the record it will be necessary to read at the hearing of the appeal.

4. In such list shall be specified not only the papers forming that portion of the record which is relied upon by the Appellant

or Appellants, but all the papers in the record so far as may be necessary to enable the Court to dispose of the appeal.

5. Notice of such list having been filed shall be forthwith given by the Deputy Registrar to the Respondents who have appeared or their Vakeels respectively.

6. Any party Respondent or his Vakeel may without fee inspect and at his own expense take a copy of the list filed under Rule 3.

7. Each party Respondent shall, within fourteen days after service on him of the notice under Rule 5, deliver to the Deputy Registrar a copy of the list mentioned in Rule 2, shewing by filling up Column 4 of the list what papers or portions of papers, if any, not marked as necessary in the list furnished by the Appellants, he considers it will be necessary to have read at the hearing of the appeal.

8. If any Respondent considers that any portion of the record marked in the Appellants' list is unnecessary, he shall so state, by writing in Column 4 the word "unnecessary."

9. If any Respondent considers that any portion of the record has not been marked as necessary by the Appellants, which under Rules 3 and 4 ought to have been so marked, he may, within three days after filing his own list under Rule 7, and on notice to the Appellants, apply to the Court to compel the Appellants to add that portion to their own list; and if such application be granted, the portion so added shall be struck out of the Respondent's list.

10. If no list be filed by any Respondent within the time specified, the Paper-book will be made up according to the Appellants' list.

11. Where several Appellants or Respondents appear by one Advocate or Vakeel, one list only shall be filed by each set of parties so appearing.

12. If all or a considerable portion of the necessary papers have already been printed in any former Paper-book the Appellant or Appellants shall so state in his or their petition of appeal and in the list furnished under Rule 3. Nothing printed in such former Paper-book shall except by special order of Court be again printed, if sufficient copies of that Paper-book be procurable. But copies of the former book shall be annexed to the new book and a reference shall be made to the page in the former book in which each particular document or deposition is to be found.

13. Immediately upon the receipt of any list filed under Rule 3 or 7, the Deputy Registrar shall make and deliver to the party furnishing it an estimate of the costs of transcribing, translating, printing, and preparing the portions of the record marked in such list as necessary to be read, or added thereto by order of the Court. Each party furnishing a list must, within two weeks after the delivery to him or them of such estimate, deposit with the Accountant of the Court the whole amount thereof.

14. If it shall be ascertained at any time, that the sum deposited by any party will not cover the usual costs payable in respect of the papers marked as necessary in the list furnished by him, or added thereto by the order of the Court, the difference shall be estimated by the proper Officer, and shall be paid within two weeks after demand, by such party.

15. In case of any party failing to file the necessary list under Rule 3, or to make the necessary deposit under Rules 13 and 14 in due time, the Deputy Registrar shall at once cause the appeal to be set down before the Division Court, to which it belongs; and if the party in default does not satisfy the Court as to his delay, the appeal may be dismissed for want of prosecution, or the Court may pass such other order as it may deem proper.

16. If the sum deposited by any party shall exceed the costs for which he is liable under the above rules, the difference shall be refunded as soon as the actual costs incurred are ascertained.

17. The Court may, at any time, upon sufficient cause shewn, enlarge the time for furnishing any list or making any deposit required by these rules. Such application for enlargement must be made before the time expires, except in special cases; and it must be supported by an affidavit, stating the circumstances under which the delay took place. It must also be accompanied by a certificate of the Deputy Registrar shewing the dates on which the several directions herein contained, have been complied with; which certificate the Deputy Registrar shall grant upon payment of a fee of Rs. 2.

18. A separate account shall be kept of the costs of transcribing, translating, and printing the papers contained in each list.

19. The Deputy Registrar shall cause the portions of the record, in respect of which the proper deposit has been made, to be (where necessary) translated into English, and shall cause the same to be printed; and this, together with such lists as aforesaid, shall form the Paper-book to be used by the Court at the hearing of the appeal.

20. If there be separate appeals against the same judgment, complete lists shall be filed by the parties in each appeal; and the Deputy Registrar shall, subject to the order of the Court, determine in what proportions the deposits are to be made. Nothing shall be printed twice over; but references shall be inserted in the proper places, showing where the several portions elsewhere printed are to be found.

21. No portion of the record, which is not contained in the Paper-book, shall be read at the hearing of the appeal without the special leave of the Court. If such special leave be granted, it shall be competent to the Court to order such portion to be translated and transcribed or printed at the cost of the party requiring the same to be read.

22. The costs of transcribing, translating, printing and preparing the Paper-book shall be costs in the appeal, unless the Court hearing the appeal shall otherwise direct.

23. The Court may, upon the application of any party, and upon good and sufficient cause shewn, give such special directions as to any of the matters to which these rules relate as may seem fit, and may by special order exempt any party from the operation of any portion of these rules: Provided always that the list as directed by Rules 3 and 7 must be filed in all cases, unless the party can satisfy the Court that he is unable to prepare the list himself, and that he is without any professional assistance in the litigation.

24. It shall be open to any party, at any time before the translations are completed, to deposit the amount necessary for defraying the expenses of examination of the translations before the same are printed, such amount being fixed by the Deputy Registrar; and upon such deposit being made, the translations will be examined in the same way that the translations in cases appealed to the Privy Council are examined, by one of the Sworn Examiners of the Court, and certified accordingly. The amount so deposited will be allowed as costs to the party making the deposit, if the Court shall so order.

25. Upon special application and deposit of the extra costs, the record will be printed in the form directed by the Privy Council.

26. In ordinary cases, 25 copies of the Paper-book will be printed, but the Deputy Registrar may at his discretion increase the number. Two copies of the Paper-book may be obtained by each party appearing separately free of charge.

27. As soon as the Paper-book is ready for delivery to the parties, the case shall be inserted by the Deputy Registrar in a list to be hung up in the usual places; and the case shall not be inserted in the list of cases ready for hearing until four days after its insertion in the first of the above-mentioned lists.

28. Appeals against admissions of or refusals to admit a Will to Probate, shall be considered as Regular Appeals within the meaning of these rules.

29. Every Paper-book shall have printed on the cover a statement of the amount of costs incurred by each party in respect thereof.

30. These rules shall apply to all Regular Appeals filed after the 1st day of November 1875.

15*th September*, 1875.
