CHAPTER I.

OF THE CUSTOMS LINE AND ZONE BETWEEN THE NORTHERN FRONTIER OF THE PANJAB AND THE FRONTIER OF BIRAR; AND OF EXPORT AND IMPORT ALONG THE SAME.

A.—Definition of the line and zone.

1. The Governor General in Council is pleased to direct that the existing Customs line with its present defences extending from the northern frontier of the Panjáb to the frontier of Birár near Burhanpur shall be maintained.

Definition of line and zone.

It commences in the north near Torbela on the left bank of the Indus, where that river debouches from the Himalayas, and thence goes south in a direction parallel with the river to a point near Kinjar. Along this portion of the line the Customs-zone shall extend on the western side from the chain of posts to a distance of ten miles on the river side, except that it shall not include any territory lying on the right bank of the Indus, and on the eastern side to a distance of five miles.

From Kinjar the line proceeds to the east and south to near Mailsi. Along this portion the zone shall extend from the line to a distance of ten miles on the southern side and of five miles on the northern side, and shall further extend on its northern side where it crosses the Chenab so as to include that river to a point one mile above Shershah.

From Mailsi the line proceeds to the east in a direction parallel with the Sutlej to a point nearly opposite Fazilka, where it crosses the river. Along this portion the zone shall extend on the southern side from the line to a distance of ten miles on the river side, except that it shall not include any territory lying on the left bank of the Sutlej, and on the northern side to a distance of five miles.

Where the line crosses the river the zone shall extend five miles up and ten miles down stream.

After crossing the Sutlej the line proceeds to the south near the western frontier of British territory until it crosses the Nárbada. It then turns to the south-west, and running in a direction almost parallel with the Great Indian Peninsula Railway, terminates beyond Burhanpur on the frontier of Birár. Throughout this portion the zone shall extend from the line to the frontier, or to a distance of ten miles if the frontier be beyond that distance on one side and to a distance of five miles on the other, and shall further extend on its eastern side,

(*a*) at Garhi Harsaru, so as to include the line of the Rájputána State Railway between that and Delhi and the area occupied by the said Railway at Delhi,

(*b*) at Bichpuri, so as to include the line of the Rájputána State Railway between that and Agra and the area occupied by the said Railway at Agra.

B.—General Rules.

2. No person shall himself pass or shall transport any article, or conduct any animal, vehicle or vessel across the Customs line except at such points as may from time to time be determined by the Commissioner of Inland Customs.

Traffic across line restricted to fixed points.

A Customs post established at any point of the line declared open for the passage of any dutiable article is hereinafter called a "trade-post."

"Trade-post."

3. All persons and things crossing or being taken across the Customs line may be searched by, or by order of, any Customs officer on duty.

Power to search persons and things crossing the line.

Whenever it is necessary to cause a woman to be searched, the search shall be conducted with strict regard to the habits and customs of the country.

4. On all salt imported (except salt imported under the provisions of rules forty-one to forty-seven) and on all sugar exported at any point south of the district of Ráwalpindí, the maximum duties mentioned in section five of the Act shall be levied:

Duties leviable.

Provided that the Commissioner of Inland Customs may from time to time make rules permitting any person to export sugar or import salt not exceeding one ser in weight free of duty at such points of the line and at such times and subject to such limitations and restrictions as to the said Commissioner may seem fit.

Power to make rules as to free import or export of one ser.

5. 'Refined sugar' shall, for the purposes of section five of the Act, include any saccharine produce to which any process beyond mere boiling has been applied with a view to cleaning or granulating it. It shall also include the confectionery called batásha and gindaura and the like.

'Refined sugar' defined.

6. 'Unrefined sugar' means saccharine produce to which no process beyond mere boiling has been applied for the purpose of cleaning or granulating it, such as gur, ráb, and the like.

'Unrefined sugar' defined.

7. Except salt exempted from duty under the proviso to rule four, and salt covered by a *rawanna*, pass, certificate, or *dákhila* as afterwards in this chapter provided, no person shall have any salt in his possession within the Customs-zone.

Prohibition of possession of salt within the Customs-zone.

8. Except as is in these rules otherwise provided, any person wishing to import salt or to export sugar on which duty is payable under rule four, shall first pay the duty leviable thereon into any such Government treasury or tahsíl as the Local Government may from time to time appoint, and shall receive in return a *dákhila* or receipt.

Duty to be paid before import or export, and *dákhila* issued.

Fractions of quarter maunds shall be paid for as full quarter maunds.

9. He shall present the *dákhila* with a written requisition or *darkhást* to the Collector of Inland Customs at one of the following Custom Houses, that is to say, Mooltan, Hissar, Delhi, Agra, Jhansi, Saugor or Hoshangabad.

10. The Collector to whom the *darkhást* and *dákhila* are presented shall give to the applicant a Customs-pass or *rawanna* signed by himself and sealed in his presence.

Grant of *rawanna*.

11. The *rawanna* shall be current and valid for such period not being less than five days or more than six weeks as the Commissioner of Inland Customs may from time to time prescribe.

Period of currency of *rawanna*.

The period of currency shall count from the day on which the *rawanna* is delivered to the applicant (that day being included and being noted on the face of the *rawanna*) to sunset of the day on which it expires.

After the period of currency of a *rawanna* has elapsed, the *rawanna* shall cease to be valid or of any effect whatever, unless the period be extended in the manner hereinafter prescribed.

Rawanna invalid after period of currency has expired.

12. Every despatch of dutiable goods crossing the line shall be accompanied by an invoice and by the *rawanna* or *rawannas* by which such despatch is covered.

Dutiable goods crossing line to be accompanied by invoice and *rawanna*.

The Commissioner of Inland Customs may from time to time make rules to limit the number of *rawannas* which may be used to cover the goods included in a single invoice, and the quantity of goods to be covered by a single *rawanna*.

13. When dutiable goods arrive at a trade-post on the Customs line for the purpose of crossing it, the *rawanna* covering the despatch shall be presented by the trader or his agent to the officer in charge of the post, who will satisfy himself that it is a genuine document, and that its currency has not expired, and will then proceed to examine and superintend the weighment of the despatch.

Procedure at trade-posts.

He may either weigh the entire despatch or such proportion of it as may be prescribed by rules to be issued from time to time by the Commissioner of Inland Customs.

He shall compare the despatches with the accompanying invoices which shall be presented to him.

14. If only a portion of the despatch is weighed, and any excess is found over the quantities in the invoice, the weight of the whole despatch may in the discretion of the Customs officer be calculated proportionately.

Procedure on excess being found on partial weighment.

15. The trader, if dissatisfied, may claim weighment of a larger portion of the despatch; but if he claims weighment of more than half, and the excess turns out on weighment to be not less than that calculated under rule fourteen, he shall ordinarily be deemed to have forfeited all claim to have the penalties incurred by him mitigated in the manner allowed by rule twenty.

Trader may claim weighment of a larger portion of despatch.

16. If the goods are found to correspond with the accompanying *rawanna* in all essential particulars, the *rawanna* shall be returned to the trader or his agent after being registered by the officer and endorsed for clearance.

Registry and return of *rawanna*.

The goods shall then be allowed to proceed to their destination:

Passing goods.

Provided that when a *rawanna* has been returned to the trader duly endorsed for clearance under this rule more than seven days previous to the expiry of its period, such *rawanna* shall cease to be valid on the expiry of seven days from the date on which it was so returned unless the officer in charge of the beat by an order endorsed upon it allows it to run on for its full period or any portion thereof.

17. When dutiable goods pass along the line of posts before crossing it, they shall be accompanied by a Customs-peon from post to post.

Supervision of goods passing along line before crossing.

In this case previous intimation of the coming of the goods to the line must be given by the trader or his agent to the officer in charge of the trade-post through which the goods are intended to be passed.

18. If previous to the utilization of the *rawanna* any minor particulars in it require rectification, such as description of carriage, owner's name, post by which the goods are to pass, &c., the trader or his agent, before bringing his goods to the said post, must apply for such rectification to the officer in charge thereof.

Rectification of minor particulars in the *rawanna*.

If the officer has reason to suspect any fraud, he may refuse to pass the goods except under security equivalent to their value together with the duty payable upon them, and shall refer the case for final orders to the Collector.

19. If the despatch differs in minor particulars which have not been rectified in the manner prescribed in rule eighteen, the whole despatch shall be again liable to the payment of an amount not exceeding five per cent. of the original duty, and shall on such payment be passed, an entry being made on the *rawanna* that the payment has been levied as a penalty for infraction of rule, which infraction should be specified by the officer in his own handwriting.

Penalty for error in minor particulars remaining unrectified.

20. If on weighment of the goods they are found to exceed the quantity entered in the *rawanna*, the following practice shall, as a

Procedure and penalties in case of excess found on weighment.

general rule, be observed by the officer in charge of the post:—

(a) If the excess is not more than one per cent., he shall allow the despatch to pass:

(b) If the excess is more than one and not more than five per cent., he shall charge the whole excess with single duty:

(c) If the excess is more than five and not more than ten per cent., he shall charge the whole excess with double duty, the additional duty being levied as a penalty:

(d) If the excess is more than ten and not more than fifteen per cent., he shall charge the whole excess with single duty, and shall, moreover, charge the whole despatch with an additional single duty by way of penalty:

(e) If the excess is more than fifteen per cent., or in any case if there be reason to suspect fraud, he shall institute proceedings with a view to confiscation.

In calculating duty or penalties under this rule, fractions of a ser shall be charged as one ser.

No refund of duty on deficiency.

21. If the goods be found to be less than the quantity specified in the *rawanna*, the owner shall have no claim to refund of duty on the deficiency.

Divisions of goods under despatch.

22. If the owner of a *rawanna* desires to divide the despatch of the goods covered by the *rawanna*, he shall apply to the Collector who issued the *rawanna*.

The Collector shall issue as many partition or *atráji rawannas* as may be required, and cancel and resume the original *rawanna*.

Renewal of *rawannas* when export or import is postponed.

23. If any delay takes place in the exportation or importation of goods for which a *rawanna* has been issued, the Collector by whom such *rawanna* was issued may, in his discretion, but subject to such restrictions as the Commissioner of Inland Customs may from time to time impose, renew it at any time not more than six months from the date of original issue. If an application for renewal is made later than one week before the expiration of the original *rawanna*, it shall be complied with only on the applicant paying a fee of one-twentieth of the duty paid for such original *rawanna*.

The currency of the fresh *rawanna* shall not exceed the limits prescribed under rule eleven.

Extension of *rawannas* in case of salt delayed within the zone.

24. Persons desiring to deposit or keep salt within the limits of the Customs-zone for a period exceeding that for which their *rawannas* are current, may obtain an extension of their currency for a period not exceeding six months, calculated from the date of original issue, by making application to the Collector or officer of the beat one week before the expiration of the original term of such *rawannas*.

Procedure on application for extension under rule 24.

25. On such application being made, the officer of the beat shall ascertain whether the despatch is covered by the *rawanna*; and on being satisfied that such is the case, shall endorse the *rawanna*, and note on its back the place of intended deposit and the period for which its extension is required.

Superscription by Collector.

26. The *rawanna* so endorsed shall be sent to the Collector, who, if he grants the application, shall superscribe thereon the period for which it is extended and the date on which the superscription will cease to have effect.

Delivery to applicant.

The *rawanna* thus superscribed, signed and sealed by the Collector shall be delivered to the applicant either at the Customs House or through the officer of the beat, as may be desired by the applicant.

Further renewals and extensions.

27. No extension shall be granted for a period beyond the term of six months from the date of original issue, and no renewal shall be granted after six months from the said date, except on clear grounds of necessity, in order to save the owners of the goods from unmerited loss; and then only with the permission, previously obtained, of the Commissioner of Inland Customs.

Removal of deposited salt.

28. When it is desired to remove any portion of the salt deposited under the preceding rules from the place of deposit to any other place, whether within or without the zone, application shall be made to the officer of the beat at the nearest post, who will write off the quantity to be removed on the back of the original *rawanna* covering the goods, and if the quantity exceeds one ser, will grant a pass, signed and sealed by himself, to protect so much of the article to its destination.

Discretion to dispense with formalities for deposit.

29. When the place of deposit of salt is situated more than three miles from the Customs line, the Collector shall have discretion, subject to any restrictions imposed by the Commissioner, to allow of such deposit without the formalities prescribed in rules twenty-four to twenty-eight.

Renewal or extension in respect of a portion of the goods.

30. If renewal or extension be required in respect of a portion only of the goods, partition *rawannas* must be issued, as provided in rule twenty-two.

Grant of duplicates of lost *rawannas*.

31. When a *rawanna* is lost or destroyed, the person to whom it was granted may make application to the Collector for a duplicate, and with his application shall deposit with the Collector an amount equivalent to the duty paid for the original *rawanna*, *plus* one-twentieth of the same as a fee. The Collector may thereupon grant a duplicate *rawanna*.

On the expiry of the currency of the original *rawanna*, if it has not been utilised, the duty so deposited shall be refunded. The extra one-twentieth shall be retained and credited to Government, unless the Collector thinks fit to refund the whole or any portion of it.

Relaxation of rules in favour of goods in small quantities for consumption near the line.

32. Persons wishing to import salt or export sugar in quantities not exceeding five sers for private consumption or for villages on or adjacent to the line, may apply to any officer in charge of a trade-post for a certificate, which shall be granted by such officer on payment of single duty and shall have the force of a *rawanna*.

If any person imports salt or exports sugar in quantities not exceeding five sers without first obtaining such certificate, he may, when there is no attempt at fraud, be granted a certificate by the said officer on payment of double duty.

In certificates granted under this rule duty shall be charged as on five sers.

Import or export of salt or sugar not exceeding a maund.

33. Persons wishing to import salt or export sugar in quantities not exceeding one maund may pay the duty in such neighbouring tahsíls as may be indicated for the purpose by the Local Government, and shall receive *dákhilas* for the amount so paid.

On presentation of these *dákhilas* to the officer in charge of the trade-post, he shall proceed to examine and weigh the goods and to deal with them in the same manner as in the case of goods accompanied by a *rawanna*. Fractions of quarter maunds shall be paid for as full quarter maunds. The goods shall be passed under certificates granted by the officer in charge of the post.

Issue of certificates by officers authorized by Government of India.

34. Under the authority of the Government of India other officers, whether Customs officers or not, may grant certificates on the presentation of treasury *dákhilas* for the passing of dutiable goods to any amount through trade-posts.

Certificates granted under this rule shall be treated in all respects as *rawannas*.

Bonded warehouses.

35. When a bonded warehouse is established within the Customs-zone, the Commissioner of Inland Customs may permit salt to be imported and deposited in such warehouse without pre-payment of duty, on such conditions as he may think fit.

C.—Special Rule for the export of sugar by the Sindh, Panjáb and Delhi Railway, viá Mooltan and the Chenab River.

Collection of duty on sugar for export by rail *viá* Mooltan.

The certificate of the said officer shall accompany the goods and be presented to the Customs officer before the goods are loaded on the Sindh, Panjáb and Delhi Railway Company's steamers on the Chenab. The Customs officer shall examine and compare the goods with the certificate, and may accept the weighment of the Railway Company, or may weigh the goods or any portion of them. Should the goods not correspond with the certificate, they shall be dealt with under the previous rules as in similar cases at trade-posts on the Customs line.

D.—Special Rules for the import of salt and export of sugar by the State Railways.

Examination and passing of goods imported or exported by Rájputána Railway.

37. The examination and passing of salt imported and sugar exported by the Rájputána (State) Railway may take place at Agra and Delhi instead of at the trade-posts through which the goods cross the Customs-barrier, namely, Bichpuri and Garhi Harsaru respectively.

In this case such precautions shall be taken for the safe custody of the dutiable goods while on the railway in the Customs-zone as shall be determined from time to time by the Commissioner of Inland Customs.

Collection of duty on sugar booked "through" for export by rail.

38. Under arrangements made with the Railway Companies concerned, the duty on sugar booked "through" for export from other railways to cross the Inland Customs line by the Rájputána (State) Railway or Holkar (State) Railway, may be collected at the booking-station by the Station-master or other railway officer.

The certificate of the said officer shall accompany the sugar and be presented to the Customs officer at Agra, Delhi or Khandwa, as the case may be. The Customs officers shall examine and compare the goods with the certificate and may accept the weighment of the railway, or may weigh the goods or any portion of them before they are reloaded into the State Railway wagons.

Passing of sugar so booked "through" without pre-payment of duty.

39. Whenever sugar is booked "through" from other railways for export by the State Railways, if no *rawanna* or railway certificate is pre-ented to the Customs officer at Agra, Delhi or Khandwa, as the case may be, or if the amount of duty shown by an accompanying *rawanna* or railway certificate to have been paid is less than the full duty leviable on the goods, the goods may nevertheless be allowed to be reloaded into the State Railway wagons and forwarded to their destination, on the State Railway Station-master at the reloading station giving to the Customs officer a written acknowledgment of the fact.

Detention of dutiable goods until payment of duty and charges.

40. Any consignment of dutiable goods imported or exported under these rules without pre-payment of full duty will be detained at the delivery railway station until the amount of duty payable, together with all railway charges due thereon, is paid by the consignee or his agent.

Effect of non-payment.

79. The area defined for the purposes of section ten, clause (*f*) of the Act, round each mine or salt-bed of the Sind-Sagár Doab and of Kalabagh shall extend to a distance of ten miles from the boundary of such mine or bed on all sides, except that it shall not include any territory lying on the left bank of the Jhelum.

Such an area is hereinafter termed a "protected area."

Possession of salt within such areas.

80. No person shall possess any salt within a protected area unless accompanied by a *rawanna* or certificate covering the same, as hereinafter provided. This rule does not apply to the possession on the right bank of the Indus of gray salt the produce of the Kohat and Banu districts.

Issue of *dákhila* to purchaser of salt.

81. Any person wishing to purchase salt from the mines shall first pay the price into any such Government treasury or tahsíl as the Local Government may from time to time appoint, and shall receive in return a *dákhila* or receipt.

Presentation of *dákhila* with *darkhást*.

82. He shall present the *dákhila* with a written requisition or *darkhást* to the Collector of Inland Customs of the Panjáb mines division, and the Collector shall thereupon grant a *rawanna* signed by himself and sealed in his presence.

Grant of *rawanna*.

Period of currency of *rawanna*.

83. The *rawanna* shall be current and valid for such period not being less than five days or more than six weeks, as the Commissioner of Inland Customs may from time to time prescribe.

But when a *rawanna* is presented at the mines and the salt is ready for delivery and is tendered to the holder more than seven days previous to the expiry of such period, such *rawanna* shall cease to be valid on the expiry of seven days from the date on which the salt has been tendered, unless the officer of the store by an order endorsed upon it allows it to run on for its full period or any portion thereof.

The period of currency shall count from the day on which the *rawanna* is delivered to the applicant, that day being included and being noted on the face of the *rawanna*.

Limitation of number of *rawannas*

84. The Commissioner of Inland Customs may from time to time make rules to limit the number of *rawannas* with reference to the quantity of salt to be delivered to any person at one time, and may fix the *minimum* quantity of salt to be covered by a single *rawanna*.

Examination and endorsement of *rawanna* at the mines.

85. On a *rawanna* being presented at the mines and salt being issued thereunder, the Patrol, or Assistant Patrol, before allowing such salt to leave the store, shall ascertain that such *rawanna* is still in force and covers the amount of salt being issued; and shall then endorse such *rawanna* and return it to the purchaser.

Removal of salt delivered to purchaser.

86. When on the application of a purchaser salt is got ready for delivery and is tendered to him, he shall remove it that same day to a distance of at least one mile from the store, unless the officer in charge of the store by an order endorsed on the *rawanna* permits him to keep it within a shorter distance.

Divisions of goods under despatch.

87. If a purchaser desires to divide the despatch of goods covered by the *rawanna*, he shall apply to the Collector who issued the *rawanna*, and the Collector shall issue as many partition or *atráfi rawannas* as may be required, and cancel and resume the original *rawanna*.

Renewal of *rawanna*.

88. If anything occurs to prevent the purchaser taking delivery of the salt at the mines in time to remove it from the protected area before the expiry of his *rawanna*, the Collector may in his discretion, but subject to such restrictions as the Commissioner of Inland Customs may from time to time impose, renew such *rawanna* at any time not more than six months from the date of original issue. If application for renewal is made later than one week before the expiration of the original *rawanna*, it shall be complied with only on the applicant paying a fee of one-twentieth of the price originally paid.

The currency of the fresh *rawanna* shall not exceed the limits prescribed under rule eighty-three.

Renewal in respect of a portion of the goods.

89. If renewal be required in respect of a portion only of the goods, partition *rawannas* must be issued, as provided in rule eighty-seven.

92. Every person retailing salt under such a *rawanna* shall keep a register of sales daily written up, and shall give to each purchaser a certificate stating the date of sale, the name of such purchaser, and the quantity purchased.

Effect of certificate of retail sale.

93. A certificate given under rule ninety-two shall cover the salt sold under it while in the possession of the purchaser as if it were a *rawanna*.

Grant of duplicates of lost *rawannas*.

94. When a *rawanna* is lost or destroyed, the person to whom it was granted may make application to the Collector for a duplicate, and with his application shall deposit with the Collector an amount equivalent to that paid for the original *rawanna*, *plus* five per cent. on the same as a fee. The Collector may thereupon grant a duplicate *rawanna*.

On the expiry of the currency of the original *rawanna*, if it has not been utilised, the amount paid for such *rawanna* shall be refunded. The extra five per cent. shall be retained and credited to Government, unless the Collector thinks fit to refund the whole or any portion of it.

Procedure on stoppage for examination.

95. When any salt is stopped for examination within the protected area by a Customs officer, the *rawanna* covering the despatch shall be presented by the trader or his agent to such officer, who will satisfy himself that it is a genuine document, and that its currency has not expired, and may then proceed to examine and superintend the weighment of the despatch.

He may weigh at the Government scales either the entire despatch or such proportion of it as may be prescribed from time to time by rules to be issued by the Commissioner of Inland Customs.

Procedure on excess being found on partial weighment.

96. If only a portion of the despatch is weighed, and any excess is found over the quantities in the *rawanna*, the weight of the whole despatch may, unless the trader objects, be calculated proportionately.

Procedure and penalties in case of excess found on weighment.

97. If on weighment of the salt it is found to exceed the quantity entered in the *rawanna*, the following practice shall, as a general rule, be observed by the officer in charge of the post:—

(*a*) If the excess is not more than one per cent., he shall allow the despatch to pass:

(*b*) If the excess is more than one and not more than five per cent., he shall, on submitting his report under section 21 of the Act, recommend that the despatch be released on the trader paying a sum equal to double the Government price of the excess:

(*c*) If the excess is more than five per cent. or, in any case, if there be reason to suspect fraud, he shall recommend confiscation.

After a further period of two calendar months the money shall be forfeited to Her Majesty.

Lapse of proceeds to Government.

102. If any duty is leviable, or penalty is imposed by competent authority, in respect of the thing seized, unless such duty or penalty, together with all charges incurred, be paid within three days of the receipt of the orders of competent authority for release subject to such payment, the thing shall be sold, and from the proceeds, the duty, penalty and charges shall be deducted, and the balance made over to the owner or his agent.

Procedure where any duty or penalty is payable.

Should no one be present to receive the money, notice, as under rule one hundred and one, shall be given, the money being kept in deposit for two calendar months.

If not claimed within this period, it shall be forfeited to Her Majesty.

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by the "Merchant Shipping Act Amendment Act, 1862," it is enacted that whenever it is made to appear to Her Majesty that the rules concerning the measurement of tonnage of merchant ships for the time being in force under the principal Act have been adopted by the Government of any foreign country, and are in force in that country, it shall be lawful for Her Majesty by order in Council to direct that the ships of such foreign country shall be deemed to be of the tonnage denoted in their certificate of registry or other national papers, and thereupon it shall no longer be necessary for such ships to be remeasured in any port or place in Her Majesty's dominions; but such ships shall be deemed to be of the tonnage denoted in their certificates of registry or other papers, in the same manner, to the same extent, and for the same purposes, in, to, and for which the tonnage denoted in the certificate of registry of British ships is to be deemed the tonnage of such ships.

On his return the Názir shall ascertain from him, and report in writing, the mode in which the summons has been served.

14. (*a.*)—On the expiration of the period specified in the summons, if the defendant fail to attend the Court, proclamation shall be issued for his attendance within a further period, to be fixed according to local circumstances in the different parts of the Tarái District.

(*b.*)—If within the period fixed by the summons or proclamation, an application should be made to the Court to permit the answer to the plaint to be filed through a recognized agent, or in writing, the Court may, on special ground shown to its satisfaction, grant the application: provided that the prohibition contained in clause (*d*), rule four, shall in every case be strictly observed.

(*c.*)—If the defendant shall fail to attend, not having been excused personal appearance under the preceding clause, the Court may at its discretion issue a warrant for the arrest of the defendant, who shall thereupon be taken into custody and brought before the Court; but no defendant shall be so arrested who shall give to the party charged with the warrant a declaration in writing that he is willing that the case should be tried *ex parte*.

15. On the appearance of the defendant in answer to the summons, or in arrest, or on the appearance of the defendant's recognized agent, if personal attendance has been excused, the parties to the suit shall be confronted, and shall be interrogated on oath or solemn affirmation, and a written answer may also be received for the defendant at the discretion of the Court. The precise points at issue between them, which are material to the decision of the suit, shall be determined, or the suit shall be finally disposed of, according as may have been directed in the same summons. Either party may cross-examine the other, and any witnesses then present, or documentary proof adduced, may be examined.

16. If, after such interrogation and examination of evidence, a decree can be properly made without further enquiry, the Court shall pronounce its judgment, and make its decree accordingly. The judgment shall be reduced to writing before it is delivered in the vernacular language of the officer presiding in the Court, and shall state the points to be decided, the decision thereon, and the reasons for the decision. It shall be signed by the said presiding officer, and dated on the day in which it is pronounced. The decree shall also state whether the amount of any sum adjudged is to be paid by instalments, and shall specify the dates and amounts for payment of instalments; and, in case of divided costs, the portions chargeable to parties, as well as the amount of any damages awarded on the ground of a suit being found to have been groundless and vexatious, together with the amount of costs.

17. But if it should be impracticable to pass a decree without further enquiry, that is to say, if any issue result from the interrogatories on which it is necessary to hear further evidence, the Court shall call upon both parties to adjust the dispute amicably within a fixed period, or to consent to arbitration, and to furnish a list of such documentary and oral evidence as each is able to tender or desires to be called.

18. (*a.*)—If the parties to the suit will not adjust it privately or agree to arbitration, the Court shall procure the attendance of the witnesses, and require the production of the documentary evidence on a day fixed.

(*b.*)—The Court shall ascertain and record the names of the witnesses whom the parties intend to bring forward, and whether they will bring their own witnesses, or whether they, or either of them, require the assistance of the fourth to procure the attendance of a witness, either to give evidence or to produce a document. The Court shall then fix a convenient day, not more than ten days distant, for the examination of witnesses and the trial of the suit, and shall, if required to do so, subpœna the witness or witnesses of either party, or of both parties, to attend on the fixed day, and the trial shall take place on that day, unless there be sufficient reason for adjourning it, which reason shall be recorded by the Court.

19. (*a.*)—If either party shall fail to produce his proof within the time allowed him, or to take out a subpœna for the attendance of any witness whose attendance he may require to be enforced, the suit shall be proceeded with and determined as if such party had declined to produce any proof.

(*b.*)—If on the day fixed for the trial under clause (*b*) of rule eighteen, the witnesses appear, they shall be examined, and the evidence of each witness shall be recorded in writing, in a narrative form, in the presence and under the personal superintendence of the presiding officer, and in the presence of the parties or their recognized agents. Every witness shall be required to sign his deposition.

20. The Court, after considering the arguments and evidence, shall pronounce its judgment in open Court, and record its decree in the manner prescribed by rule sixteen.

21. (*a.*)—Whenever a suit may be referred to arbitrators, as provided for in rule seventeen, a term shall be fixed for the award to be presented: and an officer of the Court shall be required to attend for the purpose of calling the parties and their witnesses before the arbitrators. The arbitrators shall not be permitted to leave the precincts of the Court until they shall have delivered their award.

(*b.*)—When the arbitrators have arrived at a decision, their written award, together with any depositions of witnesses which they may have taken in the case, shall be presented and acknowledged in open Court, and in the presence of both parties to the suit.

(*c.*)—Although every consideration should be given to the award of arbitrators, especially when they are unanimous, yet in no case shall the Court be bound to accept such award, unless satisfied that it is a reasonable and just decision. If the Court shall have clear and strong reasons to doubt the justice of the decision, it shall be competent to interrogate the arbitrators as to the grounds upon which they have formed their opinion, and the same shall be recorded on the back of the document itself; and thereafter the Court may either return the proceedings to the arbitrators, and desire them to re-consider their award, and to record it with more clearness and precision, or it may direct a fresh arbitration, or it may proceed to try and dispose of the case itself.

(*d.*)—The case having been completed by award of arbitrators accepted by the Court, or by the Court having determined on the merits, the Court shall declare its judgment, and record its decree in the manner prescribed by rule sixteen.

22. Certified copies of the decree and judgment shall be furnished to the parties or their recognized agents on application to the Court, and on the production of the necessary stamp paper, where stamps are required for that purpose by any law for the time being in force. The application may be made either orally or by writing. The date on which application for copy may be made, the date on which the necessary stamp paper for a copy may be presented, the date of the copy being completed, and of its actual delivery or tender, shall be endorsed on the original decision, and on the copy or copies also. If the applicant shall fail to attend, or shall refuse to receive the copies, the Court shall certify the same on the back of the copies, which shall then be filed with the record of the case.

23. Execution of decree may be applied for by petition presented to the Court which pronounced the decree.

24. (*a.*)—The petition shall set forth in tabular form the following particulars, namely, the number of the suit, the name of the parties, and the date of the decree; the subject of the decree; whether an appeal has been preferred or admitted from the decision; whether any, and what, adjustment of the matter in dispute has taken place since the date of the decree; the specific amount due to the petitioner under the decree, whether on account of costs of suit or otherwise; and the name of the individual against whom the enforcement of the decree is solicited.

(*b.*)—An attested copy of the decree shall be presented with the application.

25. If the Court shall have awarded payment of any sum of money by instalments, and default should be made in the payment of any instalment as it falls due, execution shall issue, upon the application of the decree-holder, for the full amount of all the instalments remaining unpaid.

26. Execution on a judgment shall not issue against the heir or other representative of a deceased party, without notice to such heir or other representative to appear and be heard.

27. No process of execution shall issue to enforce any judgment or decree passed by the Civil Courts of the Tarái District, unless some proceeding shall have been taken to enforce such judgment or decree, and to keep the same in force within one year next preceding the application for such execution.

28. Execution of decree, if applied for within the period prescribed by the preceding rule, may be enforced at once; provided that, if an appeal shall have been preferred, and adequate security be tendered, or if within the prescribed period such security shall have been tendered, execution may be stayed until the appeal shall have been decided, or until the period of appeal shall have expired without institution of appeal.

29. In pending cases, if the Court shall be satisfied that the defendant is preparing to alienate his property, or to remove himself from the Court's jurisdiction, security may be demanded, and if not tendered, the Court can arrest the person or attach the property of the defendant to an amount sufficient to satisfy the claim.

30. Execution may be enforced by delivery of possession of contested property, or by arrest of person, or by attachment and sale of property in satisfaction of the decree and of costs of suit and of execution.

31. If the decree-holder apply for execution by arrest of the defendant's person, he shall deposit in the Court, at the time of the issue of the warrant, diet-money for one month of thirty days, after the rate of one anna per diem, unless the Court for any special reason direct the deposit of diet-money at a higher rate, which shall in no case exceed four annas per diem.

32. Diet-money at the same rate shall be paid previous to the commencement of every succeeding month of the imprisonment, on failure of which the party confined shall be discharged.

33. All diet-money spent in providing subsistence for any prisoner may be added to the costs in the suit; and any diet-money not so spent shall be returned to the party who deposited the same.

34. (*a.*)—In executing a writ of execution against the property of any defendant, the Court shall direct such portion of his moveable property to be attached as may appear sufficient to cover the amount due; and it will be only when the amount realized from such property shall fail to satisfy the decree, that the Court will be competent to order the attachment of any immoveable property.

(*b.*)—In no case shall the tools and implements of the trade or occupation of the defendant be sold in execution of decree; nor shall land in which a proprietary right has been acquired, by whatever means, be sold in execution of a decree without the sanction of the Commissioner first obtained.

(*c.*)—The attaching officer shall prepare an inventory of the articles distrained, and shall give them in charge of some respectable person, from whom a receipt must be taken, to be filed with the proceedings of the case.

(*d.*)—As soon as the attachment has been effected, a proclamation in the current language of the country, describing the property attached, and specifying the time and place of the proposed sale, shall be issued at least thirty days before the appointed day of sale, and a copy thereof shall be affixed to the defendant's dwelling-house, and another to the building in which the Court is held.

(*e.*)—If within the period of the proclamation any claim shall be preferred to the property thus advertised for sale, or if any objection shall be raised against the proposed sale, it shall be competent to the Court to enquire into such claim or objection, and if satisfied as to its validity, to release the said property from attachment, or to postpone the sale; or, if the claim should appear to be frivolous, to dismiss it, with all the costs incurred in the investigation.

(*f.*)—If, pending the investigation of such a claim or objection, the sale be postponed, and the claim be disallowed, a second proclamation of a term of not less than ten days shall be issued, for the purpose solely of giving notice to intending purchasers. No other objectors will be heard.

(*g.*)—On the day fixed for sale the attached property shall be divided into convenient lots, and each lot shall be put up in succession until the amount of the decree be realized. When the decree is satisfied the sale shall cease, and the property remaining unsold shall be released from attachment.

(*h.*)—The entire sum bid for moveable property must be paid up within twenty-four hours, and delivery of the property withheld until the money is paid. A deposit of 10 per cent. on the price will be required at the time of sale, and this deposit, unless redeemed within the period above prescribed, will be forfeited, and the property will be re-sold at the risk of the original purchaser.

(*k.*)—In sales of immoveable property the full amount of the purchase-money shall be paid within fifteen days; in default of which the deposit of 10 per cent. required at the time of auction will be forfeited, and the property will be re-sold at the risk of the first purchaser.

35. No compromise on a decree or payment in satisfaction shall be admitted unless notified to the Court *vivâ voce* or by a writing, which may also be sent through the local tahsíldár; and no execution of a decree which has been relinquished by the decree-holder shall revive, unless on good reason shown to the satisfaction of the Court.

36. The record of execution of decree shall always be an annexure of the file of the original suit.

37. If any witness, on whom a subpœna shall have been duly served under clause (*b*), rule eighteen, shall neglect to attend the Court, the Court shall be authorized to issue an order in writing to the Názir to apprehend and bring the witness before the Court, and may impose on such witness a fine not exceeding five hundred rupees for his default, realizable by the attachment and sale of his property: provided that no fine imposed under this rule shall exceed the amount of the property under litigation in the suit.

38. If a witness, for whose attendance a subpœna shall have been issued as aforesaid shall fail to attend, the Court, upon proof that the evidence of such witness is material, and the said witness is absconding or keeping out of the way to avoid attendance, may cause a proclamation requiring the attendance of such person to give evidence, at a time and place to be therein named, to be affixed, in the presence and with the attestation of two householders, to his house; and if, nevertheless, such person should not attend at the time and place to be named, his property, real and personal, to such amount as the Court may deem reasonable, shall be liable under an order of the Court to attachment and sale.

39. (*a.*)—The Civil Courts of the Tarái District are hereby empowered to hear and determine cases of resistance of their own processes occurring within

their own jurisdiction, provided they be unattended with personal violence; and, on proof of the offence, may adjudge the offender to pay a fine not exceeding one hundred rupees, and in default of payment to be imprisoned for any period not exceeding thirty days in the civil jail at the public expense.

(*b.*)—If the resistance of process be attended with personal violence or other aggravation, the case shall be referred by the Civil Court to the Criminal Court; and upon such reference the Criminal Court shall act in accordance with the law in force for the administration of criminal justice.

(*c.*)—The Court, on the statement on oath or solemn affirmation of any peon or other officer resisted in the execution of any process, may summon the person accused to answer the charge, and on failure of such person to attend may issue a warrant for his apprehension.

40. (*a.*)—Every decision passed by the Superintendent of the Tarái District in original suits shall be open to a regular appeal to the Commissioner of Kumaun, whose decision shall be final: provided that whenever the decision of the Superintendent and the Commissioner shall differ, it shall be in the option of the Government, on petition being presented, to refer the proceedings to the High Court for their report and opinion, who will report accordingly within three months after the date thereof, and thereafter to pass such orders as may appear proper.

(*b.*)—From the decision of the Assistant Superintendent in original suits a regular appeal shall lie to the Superintendent.

(*c.*)—From the decision of the Superintendent in regular appeal a special appeal may be admitted by the Commissioner of Kumaun for good and sufficient reasons, to be set forth at length in the order for admission.

41. The petition of appeal shall be accompanied by an authenticated copy of the decision or order appealed against.

42. An appeal from the decision of the Assistant Superintendent must be preferred within thirty days, and an appeal from the decision of the Superintendent, whether in original suits or in regular appeals, must be preferred within sixty days from the date of the order or decision appealed against: provided that the period which may intervene between the presentation of stamped paper for a copy and the completion of the copy shall not be included in the said terms of thirty and sixty days.

43. The petition of appeal shall set forth concisely, and under distinct heads, the ground of objection to the decision appealed against, without any argument or narrative, and such grounds shall be numbered consecutively.

44. (*a.*)—The petition of appeal shall be preferred by the appellant in person or by his recognized agent, and the Appellate Court shall give immediate notice to the respondent, and, if it think necessary, may summon the respondent.

(*b.*)—The Appellate Court may take additional evidence in a case on appeal or remand it for further investigation.

(*c.*)—The Appellate Court may suspend the execution of a decree pending the decision of an appeal.

45. No order or decision shall be reversed or modified, and no case shall be remanded, on account of any error, defect, or irregularity not productive of injury to either party.

46. A register of regular appeals and a register of special appeals shall be kept in each Appellate Court.

47. A register of applications for execution of decree shall be kept in the Court of the Superintendent and of the Assistant Superintendent according to the form given.

CHAPTER II.

RULES FOR THE TRIAL OF REVENUE SUITS, REGULAR AND SUMMARY.

48. The following classes of summary suits are cognizable in the Revenue Courts of the Tarái District:—

CLASS I.—Suits of málguzárs, whether proprietors or farmers from Government, of underfarmers, of holders of rent-free or quit-rent tenures, or of duly authorized agents, against cultivators or other tenants, and of tenants of land against their sub-occupants, for arrears of rent in money or in kind, or for the value of the landlord's share in the crop, calculated at the market rate: provided the claim rests on payment or usage of past years, or on specific written engagements, or on the order of a competent Court.

CLASS II.—Suits of lambardárs against their under-sharers for quota of revenue, agreeably to written compact, or family or established usage.

CLASS III.—Suits of málguzárs, proprietors, or farmers from Government, or of holders of rent-free or quit-rent tenures, against agents entrusted with the management of their estates, or the collection of rents, for production of accounts, and recovery of moneys alleged to be due.

CLASS IV.—Suits of farmers of duties on ábkárí, tari, or intoxicating drugs against licensed manufacturers and vendors of those articles for recovery of arrears due on sub-contracts.

CLASS V.—Suits of cultivators, tenants, or under-tenants against any of the parties described in Class I, and of under-sharers against their lambardárs, for undue exaction of rent.

CLASS VI.—Suits of cultivators, tenants, or under-tenants against any of the parties described in Class I, and of under-sharers against their lambardárs on account of actual or attempted dispossession, without authority of law from their holdings.

49. The suit in each case under Classes I, II, III and IV, must be filed within a twelve month after the rent has become due, or the cause of action has arisen. The suit in cases under Classes V and VI must be brought within sixty days from the date of alleged execution or actual or attempted dispossession.

50. Provided that, if it shall appear to the Court before which any of the aforesaid suits is instituted, or to the Commissioner in appeal, that it raises issues which are not fit to be tried summarily, an order may pass for the trial of the case under the rules for regular suits, the plaint being filed *de novo* on the requisite stamp. No order of the Court under this proviso shall be open to appeal.

51. The following classes of regular suits are cognizable by the Revenue Officers:—

CLASS I.—Suits regarding the málguzárí right in land, or the right in registered muáfi land, or in land held on a quit-rent, claims to share in the rents and profits of lands, whether such be málguzárí or registered muáfi land, or land held on a quit-rent, or to share in the manorial privileges which the Government does not reserve to itself. Such claims may include wells, tanks and water-courses *bonâ fide* employed in or applicable to agricultural purposes.

CLASS II.—Suits brought on any of the grounds mentioned under Classes I to VI for summary suits, where, from lapse of time or on other grounds, the suit cannot be tried in the summary department.

CLASS III.—Suits brought by any of the parties described in Class I of summary suits, for rent of land held without authority by tenants in excess of pattas or preceding engagements, and contrary thereto.

CLASS IV.—Suits brought by the same parties to oust tenants, not in default, at the end of any year or at the expiration of any lease, on the ground that such tenants have no permanent right of occupancy.

CLASS V.—Suits brought by the same parties to enhance the rent of tenants at the time and on the grounds stated in the preceding rule.

52. The Superintendent of the Tarái District shall have authority to try original revenue suits, regular and summary, without limit of value.

The Assistant Superintendent shall have authority to try such suits when the value does not exceed Rs. 1,000.

53. Every such suit may at the option of the plaintiff be instituted either in the Court of the Superintendent or in that of the Assistant Superintendent, if he be competent to try it; but the Superintendent may, when a suit is instituted in his Court, refer it for trial to the Court of the Assistant Superintendent: provided that he be competent, in respect of the value of such suit, to try the same.

54. The Civil Courts have no jurisdiction in cases under the preceding classes of summary and regular suits, which are to be tried in the Revenue Courts; but they are competent to try and dispose of regular suits for orchards, gardens, and wells thereto belonging, or for houses or other buildings, the private property of individuals with the land on which such houses or buildings are erected, and the enclosures round them.

55. The plaint must state precisely the subject-matter of complaint, the names of all the persons complained against, the correct valuation, and the time when the cause of action arose.

56. A single action must not involve different issues, unless on leave specially given by the Court, and must relate to subject-matters within the authority of the Revenue Court in its fiscal capacity.

57. If the suit be for málguzárí right, possession, and manorial privileges, or for share in the profits of málguzárí right, possession, and manorial privilege incidental thereto, the plaint must specify the Government jama of the estate, or the specific proportion of jama on the share claimed.

58. If the suit be for possession or share in the profits or registered muáfi land, or land held on a quit-rent, the gross rental of the whole, or of the specific share claimed in the muáf or tenure held on a quit-rent, must be stated in the plaint.

59. If the suit be for tenant occupancy, or for the right to levy rent of land in tenant occupancy, the extent of the land, and the amount of rent payable or fairly demandable, must be stated in the plaint.

60. If the suit be for possession of wells, tanks, and water-courses employed for agricultural purposes, the amount of damage sustained by deprivation or obstruction must be stated in the plaint.

61. If the suit be instituted for maintaining possession of a tenant against ouster, the extent of land and amount of rent must be stated in the plaint.

62. If the plaint be wanting in precision and completeness, the Court may allow it to be amended, as it may think fit. But if the plaint be preferred in a false or fictitious name, or if the cause of action be beyond twelve years, the plaintiff shall be non-suited.

63. Regular suits shall be tried and decided in the Revenue Courts, and shall not be delegated to subordinate officers, but with consent of parties, or at the discretion of the Court; in either case, the grounds being set forth in an interlocutory proceeding, a commission may be issued to the tahsíldárs, or other local officers, for enquiry, description, and report, with or without the taking of oral evidence, on any point on which an investigation on the spot may be thought requisite. But this rule shall not be regarded as prohibitory of the practice of making over to officers vested with the powers of Assistant regular suits for investigation, completion of evidence, and decision or proposed award as may be pre-arranged and subject to the orders of the Superintendent of the Tarái District and of the appellate authorities.

64. The plaint, having been instituted, shall be numbered and registered, after which, on the deposit of the requisite talbana within a reasonable specified term, a summons shall be served on the defendants. The summons shall contain a short account of the claim, and shall be issued under the seal and signature of the Court through an officer, who shall require the defendants to attend within a time to be specified by the Court.

65. The officer in charge of the summons shall endeavour to obtain the signature of the defendants, or, in the event of their absence, shall proceed to their residence and acquaint their families or neighbours with the object of his mission, and shall obtain the signature of two

credible persons to the summons in proof of service. On his return the Názir shall ascertain from him, and report in writing the mode in which the summons has been served.

66. (*a.*)—On the expiration of the period specified in the summons if the defendants, or any of them, fail to attend the Court, proclamation shall be issued for their attendance within a further period to be fixed according to local circumstances in the different parts of the country.

(*b.*)—If within the period fixed by the summons or proclamation an application shall be made to the Court to permit the answer to the plaint to be filed through a recognized agent as defined in clause (*c*) of rule four, or in writing, the Court may, on special grounds shown to its satisfaction, grant the application.

(*c.*)—But if the party shall fail to attend, or shall not have excused attendance under the preceding clause, the Court, on finding after an examination of the plaintiff's case that he has a good *primâ facie* cause of action, may, in its discretion, issue warrant for the arrest of the defendant, who shall thereupon be taken into custody and brought before the Court; but no defendant shall be so arrested who shall give to the party charged with the warrant a declaration in writing that he is willing that the case should be tried *ex-parte*.

67. On the appearance of the defendant in answer to the summons or in arrest, or on the appearance of the defendant's agent, if personal attendance has been excused, the parties shall be interrogated on oath or solemn declaration, and a written answer may also be received for the defendant at the discretion of the Court. The precise points at issue between them, which are material to the decision of the suit, shall then be ascertained and reduced to writing, and any witnesses then present, or documentary proof adduced, may be examined.

68. If after such interrogation and examination of evidence, a decree can be properly made without further enquiry, the Court shall make its decree accordingly; but if any issue result from the interrogatories upon which it is necessary to hear further evidence, the Court shall call upon both parties to adjust the dispute amicably within a fixed period, or to consent to arbitration, and to furnish a list of such documentary and oral evidence as each is able to tender or desires to be called.

69. If the parties will not adjust privately or agree to arbitration, the Court shall procure the attendance of the witnesses, and require the production of the documentary evidence on a day fixed, and proceed to the trial and decision of the suit. Parties summoning witnesses should be required to state generally to what particulars each witness is believed to be able to depose.

70. If the case be referred to arbitrators, a term should be fixed for the award to be presented; and an officer of the Court should be directed to attend to call the parties and their witnesses before the arbitrators. The arbitrators shall not be permitted to leave the Court until they shall have delivered their award.

71. The awards of arbitrators should be presented and acknowledged in open Court in the presence of both parties to the suit. Such awards are not necessarily to be accepted by the Court. If the Court should have clear and strong reason to believe that justice has not been done by the award, it may direct a fresh arbitration or proceed to try the case itself.

72. The case having been completed by award of arbitrators accepted by the Court, or by the Court having determined on the merits, the Court shall declare its decision, which shall be written out in English, care being taken in the vernacular counterpart to specify the costs, the parties liable, and, in case of divided costs, the proportions chargeable to parties, as well as any amount of damages awarded on the ground of a suit being found to have been groundless and vexatious.

73. Execution of decree may be taken out, and should proceed, unless stayed within the period allowed for appeal, or, after institution of an appeal, by the tender of adequate security. In pending cases, if the Court is clearly convinced that the defendant is preparing to alienate his property, or to remove himself from the Court's jurisdiction, security can be demanded, and if not tendered, the Court can arrest the person, or attach the property of the defendant to an amount sufficient to satisfy the claim.

74. Execution of decree, if applied for within a twelve-month from the date of decision, may be enforced at once; otherwise previous notice must be served, or, if incapable of being served by the absence of the party liable, proclamation must be issued calling on the party liable to show cause within a fixed term against execution. Execution may be enforced by delivery of possession of contested property, or by arrest of person and attachment and sale of property in satisfaction of the decree and costs of suit and execution.

75. No compromise on a decree, or payment in satisfaction, shall be admitted unless notified to the Court *virâ voce* or by writing, which may also be sent through the local tahsíldár; and no execution of decree which has been relinquished by the decree-holder shall revive, unless on good reason shown to the satisfaction of the Court.

76. Upon every decree, whether in a summary or regular suit, for a balance of rent remaining due at the close of the year on account of which it was payable, application may be made as in execution of the decrees for the removal of the defaulting tenant on whom the balance has accrued.

77. The record of execution of decrees shall always be an annexure of the file of the original suit.

78. Quarterly abstracts of regular suits instituted, decided and depending in the Revenue Courts shall be forwarded to the Board of Revenue.

79. Appeals from the Revenue Courts in the summary department lie only to the Commissioner of Kumaun, whose orders on the merits, or on the point of jurisdiction, where cases involve issues which in his judgment are not fit to be tried summarily, are final.

80. Appeals from decisions of the Revenue Courts in summary suits are admissible in the Commissioner's office, if presented within thirty days, reckoning from the date of the decision appealed.

81. No appeal lies to the Board of Revenue from the appellate decisions of the Commissioner in summary suits; but the Board are competent to indicate and prohibit the recurrence of irregularity or erroneous practice which may come under their observation.

82. Appeals from the decisions of the Revenue Courts in regular suits lie to the Commissioner of Kumaun, if presented within sixty days of the certified completion of copy of the decision, where stamp paper for copy is deposited, or otherwise of the date of the decision.

83. Special appeals from the appellate decisions of the Commissioner in regular suits lie to the Board of Revenue, if presented or forwarded so as to reach the Board's office within ninety days of the Commissioner's decision. The Board reserves to itself the discretion of admitting or refusing to admit such appeals. The Board admits appeals only in cases in which the Commissioner's decision is manifestly unjust, or apparently inconsistent with usage and rules, or involves a question of practice or usage on which the Board should declare its judgment, or, if necessary, elicit the orders of the Government. The Board of Revenue may, whenever it sees sufficient cause for so doing, withdraw any appeal pending in the Court of the Commissioner, whether in a regular or summary suit and dispose of such appeal itself.

84. The proceedings and final judgments in all suits and appeals shall clearly state whether they are held or passed under the summary or regular jurisdiction declared by these rules.

CHAPTER III.

GENERAL.

85. The Local Government may invest any person with powers of a Superintendent or of an Assistant Superintendent for the trial of any suit or appeal, whether civil or revenue, or generally for the trial of such suits or appeals, and may direct that any particular case or class of cases shall be transferred for trial to the Court of the person so invested.

Decisions passed by any person so invested shall be subject to the same rules as regards appeals as if they had been passed by the Superintendent or the Assistant Superintendent, as the case may be.

86. The Local Government may direct the transfer of any civil or revenue suit or appeal from any Court having jurisdiction under these rules to the High Court of judicature or to any other Court in the North-Western Provinces; and the Court to which such suit or appeal is transferred shall proceed to determine the same, and the decree passed by it shall be open to the same appeal as are the decrees of the Court by which the same shall be passed. The decree passed in any suit so transferred shall be executed by the Superintendent of the Tarái as if it were a decree of his own Court, and under the laws in force relating to the execution of the decrees of the Court of the Superintendent.

Police.

The 20th July 1876.

No. 198.—The provisions of Act VIII of 1870 (for the prevention of the murder of female infants) having been made applicable to the clans and localities in the Farukhabad District, detailed in the subjoined list, by the Notification of the Government of the North-Western Provinces, No. 77A., dated the 29th ultimo, the following Rules made by that Government in exercise of the power conferred on it by Section 2 of the said Act, and confirmed by the Governor General in Council, are hereby published for general information:—

Rules for the suppression of female infanticide.

I.—A nominal Register (A) of all proclaimed families shall be drawn up by the Police under the orders of the Magistrate of the district. In this register recognised heads of families or masters of separate households shall be entered as the heads of families, and every member of the family habitually resident in the village shall be entered by name. All persons under twelve shall be entered as children, except married female children living with their husbands, who shall, for the purposes of these Rules, be deemed to be adult females.

II.—All villages in which the proportion of female children to children on a proclaimed population of not less than 25 children is less than 25 per cent. shall be called "specially guilty" villages, and shall also be entered in a separate Register (B), which shall be called the "Private register of proclaimed families in specially guilty villages." This register shall not be open to inspection except by the officers of the district.

III.—The person who is registered as the head of a proclaimed family shall report immediately the occurrence of every birth and death and the illness of any female child in his family to the chaukidar of the village. He shall also produce all children in his family for the inspection of

Police officer visiting the village when required to produce them.

IV.—Every midwife knowing of, or having reason to believe in, the occurrence in a proclaimed family in the village in which she resides, of a birth or of the illness of a new-born child shall at once report the fact to the chaukidar of the village. And if the village is one entered in Register B, she shall also report the occurrence of a pregnancy.

V.—If in a given time after proclamation [to be determined for each village or locality by the Local Government] the proportion of female children in a village entered in Register B does not rise to more than 25 per cent., the Lieutenant-Governor may direct that every person registered as the head of a proclaimed family in that village shall be personally bound to report to the officer in charge of the Police station every pregnancy in his family at some period before the seventh month.

VI.—The chaukidar of the village shall immediately report to the officer in charge of the Police station the occurrence of a birth, whether male or female, in a proclaimed family; the death of a female infant under six months old; the illness of a female child; and the removal of a pregnant woman to another village. He shall also report, on the occasion of his periodical visit to the Police station, other deaths, removals and arrivals, and pregnancies reported to him if the village is entered in Register B.

VII.—The zemindars of the villages shall give assistance to the Police in drawing up Register A, and in obtaining information regarding all births, marriages, and deaths occurring, or about to occur, among proclaimed families.

VIII.—All expenses incurred in working the system sanctioned by Act VIII of 1870 shall be borne by the proclaimed clans and families, and shall be recoverable as arrears of land revenue; provided that, when the percentage of female children to children of any proclaimed class in any village exceeds forty, such class shall be exempted from any share in such expenses, unless in the opinion of the Magistrate there be other grounds of suspicion.

IX.—Where the crime is so prevalent, and the number of the proclaimed villages so great, that the ordinary establishment of the district cannot cope successfully with it, the Local Government may, at its discretion, appoint a force of special Police for the purpose of carrying out measures of prevention and detection. All expenses incurred for the payment of such Police, or under Rule VIII, may be met by a rate leviable under the orders of the Local Government from the heads of families entered in the nominal register of proclaimed persons. Such rate will ordinarily be imposed so as to fall more heavily on specially guilty than on guilty families; but the amount of the rate to be levied will be fixed in every case by the special orders of the Local Government.

X.—No proclaimed village or family shall be exempted from the operation of these Rules except by the order of the Local Government, or in virtue of authority to that effect vested by Government in any officer. A village or family so exempted will then be struck out of Register A, and the erasure initialled by the Magistrate of the District or by the District Superintendent of Police.

FINANCIAL DEPARTMENT.

NOTIFICATIONS.—ACCOUNTS.

Simla, the 31st July 1876.

No. 1967.—The following Resolution is published for general information;—

Read again—

The Estimates of the Revenues and Expenditure of British India in 1876-77.

RESOLUTION.—The embarrassment occasioned to the finances of this empire by the present disturbance in the relative values of gold and silver has, for some time past, been under the anxious consideration of the Viceroy and Governor General in Council; and His Excellency has been led by such consideration to the conclusion that it is now advisable to notify to the Local Governments the wishes of the Government of India in regard to those preliminary measures of retrenchment and economy which are necessitated by the immediate exigencies of the financial situation.

2. It was a part of the budget arrangements of this year that the Secretary of State in Council should borrow in England £2,640,000 for the construction of Extraordinary Public Works. An incidental effect of that arrangement was to reduce, by the above mentioned sum, the amount that must, otherwise, have been raised by bills for the supply of the Home Treasury, and, according to the rate of exchange assumed in the estimates, *viz.*, Re. 1=1*s.* 8$\frac{1}{2}$*d.*, to diminish the entry under *Loss by Exchange*, and improve the nominal balance of the year, by Rs. 45,00,000. Notwithstanding this and other advantages, the surplus revenue of the year was estimated at only Rs. 14,40,000.

3. It was calculated, at that time, that the supply of £13,660,000 to the Home Treasury by bills would cost Rs. 15,99,20,000; and, accordingly, the sum of Rs. 2,33,20,000 was provided under the adjusting head *Loss by Exchange*. Subsequently, however, to the publication of the estimates, the

Secretary of State found it convenient to increase the amount borrowed in England to £4,000,000. The incidental relief to the estimates of the year from this source would thus be, if the rate of exchange could be calculated as before, Rs. 68,30,000. The relief obtained may now be estimated at a much larger sum. In judging of the financial position and future prospects of the Government of India, it is necessary to bear this fact in mind.

4. The sum to be raised in England having been thus increased, the amount to be supplied to the Home Treasury, by bills, during the year is now reduced to £12,300,000, of which £3,344,134 has been obtained to date, by the sale of bills for Rs. 4,06,10,000, the adjustment entered under *Loss by Exchange* being, already, Rs. 71,68,660.

5. It is at present impossible to frame any approximate estimate of the cost, in rupees, of supplying to the Home Treasury the sum of £8,956,446, which still remains to be raised by bills; but the Government of India cannot now expect that the whole entry under *Loss by Exchange* will not be largely in excess of the grant.

6. Moreover, the prospects of the customs revenue are, by reason of the adverse exchange, unfavorable; the charge for interest will be increased for the increased amount borrowed in England; and the cost of the unprecedentedly large opium crop in Bengal is expected to cause the expenditure under *Opium* to exceed the grant by about Rs. 50,00,000; although there will, of course, be a corresponding addition to the opium in reserve.

7. Altogether, the financial prospects give cause for such grave anxiety that the Governor General in Council deems it necessary to invite the earnest co-operation of the Local Governments and Heads of Departments in reducing, by every possible means, the threatened deficit.

8. The authorities at the head of each department, whether administered by the Imperial or Local Governments, should, therefore, take prompt measures to stop all outlay of public money which is not absolutely necessary; or to which the Government is not committed; or the discontinuance of which will not cause disproportionate loss and waste. An early report should be made to the Government of India in the Financial Department of the measures adopted for giving effect to these instructions, and of the saving which may be expected under each Government and in each Department. The Governor General in Council will be unable to sanction any new expenditure that is not indispensable.

9. The financial disorder which demands these measures is exclusively due to the recent rapid fall of the value of silver in relation to gold, and the consequent enhancement of the cost in silver of all payments in gold. The Governor General in Council is not prepared, at present, to say what measures the Government of India may be compelled to take, in order to permanently restore the financial equilibrium; but, pending the adoption of such measures, it is incumbent on His Excellency in Council to warn all Local Governments that he may be reluctantly compelled to call upon them for sacrifices which, if requisite for the public welfare, those Governments will, he feels assured, be ready to accept in the loyal and generous spirit evinced by them on previous occasions of great financial pressure.

10. The Governor General in Council has resolved, for the present, largely to reduce the expenditure on Extraordinary Public Works, and, in regard to many of the measures which may be necessary to effect that object, he confides in the valuable assistance of the Local Governments.

11. Moreover, the means at the disposal of the Government of India for granting loans to Municipal and other corporations, and to Native States or private persons are, so long as the present state of things lasts, likely to be limited; and, therefore, no application for such loans should be made or forwarded by any Government officer, except for purposes which admit of no postponement.

PENSIONS AND GRATUITIES.

The 4th August 1876.

No. 1995.—The Governor General in Council directs that the following be inserted as Rule 10 under Section 35 of the Civil Pension Code :—

10. The pension, leave and acting allowances of an officer transferred from qualifying service to service whether acting or permanent under a Native State, Municipality or other body financially independent of the Government of India, are regulated by the rules which apply to officers of the Government of India. Any saving arising from the absence of a permanent officer accrues to his employers.

Military, INDIA OFFICE;
No. 120. *London, 4th May* 1876.

To

His Excellency the Right Hon'ble the Governor General of India in Council.

PARA. 1. Your letter No. 16, dated 28th January 1876, inquires how the Indian Furlough Regulations are to be held to apply to British Officers holding Staff appointments in India, seconded in their regiments.

2. I consider that all British Officers holding Staff appointments in India necessitating their being seconded from regiments on the Indian Establishment, and Officers appointed from regiments serving elsewhere than in India (whether seconded or not), should be placed in the same position, and that such Officers should be allowed, during their five years' tenure of office, six months' leave on sick certificate, with absentee allowances regulated under the Furlough Rules of 1868, or leave on private affairs for four months, with British pay from Indian revenues. Any leave obtained in excess of either of these periods will involve loss of appointment, and only one grant of leave out of India will be allowed.

3. This decision should be published in General Order, in substitution of all previous orders on the subject.

To

His Excellency the Right Hon'ble the Governor General of India in Council.

PARA. 1. Having had under my consideration in Council the subject of the rates of pay drawn by Officers of the Indian cadres of Royal Artillery while on leave in this country from brigades serving in India, I have decided to assimilate those rates to the rates drawn by Officers of the old Royal Artillery, making an exception, however, in favor of certain General Officers and of the Lieutenant-Colonels of Foot Artillery on the Indian cadres, the former of whom will receive pay according to Indian rates when those rates are more favorable to them, while the latter will, as heretofore, receive pay at 1*l.* a day.

2. In the case of the Adjutant of a Brigade, being an Officer of an Indian cadre, and on leave in this country, the same deduction must be made from the Staff pay of the Officer acting for him during such absence as is made from the pay of an Officer officiating for an Adjutant of the old Imperial List.

3. This change will take effect from the 1st April 1876.

MINT AND CURRENCY.

The 11th August 1876.

No. 2155.—The following Resolution is published for general information:—

Read the following correspondence regarding a difficulty which has arisen about the form of the certificate to be given by the Assay Master of the Calcutta Mint under Section 24 of the Indian Coinage Act, 1870, for the net produce of Furruckhabad rupees received in the Mint for coinage under Section 19 of the said Act:—

From Master of the Mint, Calcutta, No. 1173, dated 2nd February 1876.
To Master of the Mint, Calcutta, No. 1825, dated 31st March.
To Assay Master, Calcutta, ditto ditto.
From ditto ditto, No. 4, dated 6th April.
To Master of the Mint, „ 2446, „ 29th „
From ditto ditto, „ 165, „ 6th May.

OBSERVATIONS.—By the 17th Section of the Indian Coinage Act, 1870, it is provided that—"If a coin which has been coined and issued by the authority of the Government of India has lost, by reasonable wearing, more than two per cent. in weight, or has been called in by proclamation, the officer cutting or breaking the same shall receive it at the rate of one rupee per tola."

In accordance with this provision of the law, the 8th Rule for the receipt under Section 19 of the said Indian Coinage Act, of bullion and coin into the Calcutta Mint, authorises the receipt of Madras, Furruckhabad, Company's or Government rupees, reduced by ordinary wear without payment of duty at one rupee a tola, and the 9th Rule for the receipt of bullion into the Bombay Mint provides that there shall be no seignorage on short weight, Madras, Furruckhabad or Government rupees.

RESOLUTION.—The foregoing Mint Rules should be made applicable to Furruckhabad rupees, and all other coins coined and issued by the authority of the Government of India, of full weight, received at the Mints for recoinage under Section 19 of the Indian Coinage Act.

The only point to be certified in regard to such coins so received is that they have been coined and issued by the authority of the Government of India; and unless the Assay Master thinks it necessary to assay them in order to ascertain that they are genuine, they need not be assayed at all. The certificate granted by the Assay Master under Section 24 of the Indian Coinage Act for the net produce of such coins payable on behalf of the Government by the Bank of Bengal or the Bank of Bombay, as the case may be, should merely state their weight and the corresponding amount in Government rupees at one rupee a tola. Payment is not made for such coins upon their assay value, and the Assay Master's certificate should not state their assay value.

PROCLAMATION.

AS VICEROY AND GOVERNOR GENERAL OF INDIA, I hereby publish, for the information of the Governors, Administrators, Princes, Chiefs, Nobles, and Peoples of this Empire, the subjoined Act passed by the Imperial Parliament of Great Britain and Ireland on the twenty-seventh day of April in the year of Our Lord one thousand eight hundred and seventy-six, together with a Royal Proclamation dated at the Court of Windsor the twenty-eighth day of April one thousand eight hundred and seventy-six in the thirty-ninth year of Her Majesty's reign, transmitted to this Government by the MOST HON'BLE THE SECRETARY OF STATE FOR INDIA in His Lordship's Despatch No. 70 of the 13th July 1876.

Moreover, I now publicly notify, under this my hand and seal, that it is my intention to hold at Delhi, on the 1st day of January 1877, an Imperial Assemblage, for the purpose of proclaiming to the Queen's subjects throughout India the gracious sentiments which have induced Her Majesty to make to HER Sovereign Style and Titles an addition specially intended to mark Her Majesty's interest in this great Dependency of HER Crown, and HER Royal confidence in the loyalty and affection of the Princes and Peoples of India.

To this Assemblage I propose to invite the Governors, Lieutenant-Governors, and Heads of Administrations, from all parts of the Queen's Indian Dominions, as well as those Princes, Chiefs, and Nobles, in whose persons the antiquity of the past is associated with the prosperity of the present, and who so worthily contribute to the splendour and stability of this great Empire.

I shall forthwith issue such orders in Council as may be suitable to the historical importance of the occasion, and in conformity with the desire which will be felt by all Her Majesty's subjects in India to manifest the affection they cherish for their august Sovereign by public rejoicings and appropriate demonstrations of loyalty.

Dated at Simla this eighteenth day of August 1876.

No. 1.]

AN Act to enable Her Most Gracious Majesty to make an addition to the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies. [27th April 1876.] A. D. 1876.

(Transmitted in Secretary of State's Despatch No. 28 (Legislative) of 29th June 1876.)

WHEREAS by the Act for the Union of Great Britain and Ireland passed in the fortieth year of the reign of His late Majesty King George the Third, chapter sixty-seven, it was provided that after such Union as aforesaid the Royal style and titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies should be such as His Majesty by His Royal Proclamation under the Great Seal of the United Kingdom should be pleased to appoint; 39 and 40 G. III. c. 67 A. D. 1800.

And whereas by virtue of the said Act and of a Royal Proclamation under the Great Seal, dated the first day of January one thousand eight hundred and one, the present style and titles of Her Majesty are "Victoria by the Grace of God of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith:"

And whereas by the Act for the better government of India, passed in the Session of the twenty-first and twenty-second years of the reign of Her present Majesty, chapter one hundred and six, it was enacted that the government of India, theretofore vested in the East India Company in trust for Her Majesty, should become vested in Her Majesty, and that India should thenceforth be governed by and in the name of Her Majesty, and it is expedient that there should be a recognition of the transfer of government so made by means of an addition to be made to the style and titles of Her Majesty: 21 and 22 Vic. c. 106.

Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and

Commons, in this present Parliament assembled, and by the authority of the same, as follows:

Power to Her Majesty to make addition to style and titles of Crown.

It shall be lawful for Her Most Gracious Majesty, with a view to such recognition as aforesaid of the transfer of the government of India, by Her Royal Proclamation under the Great Seal of the United Kingdom, to make such addition to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies as to Her Majesty may seem meet.

No. 2.]

No. 70, dated India Office, 13th July 1876.

From—HER MAJESTY'S SECRETARY OF STATE FOR INDIA,
To—The GOVERNMENT OF INDIA.

I FORWARD herewith, for the information of Your Excellency's Government, copy of the Queen's Proclamation notifying the assumption by Her Majesty of the title of "Empress of India."

2. This act on the part of Her Majesty is a formal and emphatic expression, for which it seemed to the Queen that the opportunity was eminently suitable, of the favorable sentiments which She has always entertained towards the Princes and People of India. I request that Your Excellency will proclaim throughout Her Majesty's Indian Dominions, in a manner suitable to Her gracious intentions, the addition which has been made to the Royal Style and Titles.

BY THE

QUEEN.

A PROCLAMATION.

VICTORIA, R.

WHEREAS an Act has been passed in the present Session of Parliament, intituled "An Act to enable Her Host Gracious Majesty to make an addition to the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies," which Act recites that, by the Act for the Union of Great Britain and Ireland, it was provided that after such Union the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies should be such as His Majesty by His Royal Proclamation under the Great Seal of the United Kingdom should be pleased to appoint: and which Act also recites that, by virtue of the said Act, and of a Royal Proclamation under the Great Seal, dated the 1st day of January, 1801, Our present Style and Titles are "Victoria, by the Grace of

God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith:" and which Act also recites that, by the Act for the better Government of India, it was enacted that the Government of India, theretofore vested in the East India Company in trust for Us, should become vested in Us, and that India should thenceforth be governed by Us and in Our name, and that it is expedient that there should be a recognition of the transfer of Government so made by means of an addition to be made to Our Style and Titles: And which Act, after the said recitals, enacts that it shall be lawful for Us, with a view to such recognition as aforesaid, of the transfer of the Government of India, by Our Royal Proclamation under the Great Seal of the United Kingdom, to make such addition to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies as to Us may seem meet; we have thought fit, by and with the advice of Our Privy Council, to appoint and declare, and We do hereby, by and with the said advice, appoint and declare that henceforth, so far as conveniently may be, on all occasions and in all instruments wherein Our Style and Titles are used, save and except all Charters, Commissions, Letters Patent, Grants, Writs, Appointments, and other like instruments, not extending in their operation beyond the United Kingdom, the following addition shall be made to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies; that is to say, in the Latin tongue in these words: "Indiæ Imperatrix." And in the English tongue in these words: "Empress of India."

And Our will and pleasure further is, that the said addition shall not be made in the Commissions, Charters, Letters Patent, Grants, Writs, Appointments, and other like instruments, hereinbefore specially excepted.

And Our will and pleasure further is, that all gold, silver, and copper moneys, now current and lawful moneys of the United Kingdom, and all gold, silver, and copper moneys which shall, on or after this day, be coined by Our authority with the like impressions, shall, notwithstanding such addition to Our Style and Titles, be deemed and taken to be current and lawful moneys of the said United Kingdom; and further that all moneys coined for and issued in any of the Dependencies of the said United Kingdom, and declared by Our Proclamation to be current and lawful money of such Dependencies, respectively bearing Our Style, or Titles, or any part or parts thereof, and all moneys which shall hereafter be coined and issued according to such Proclamation, shall, notwithstanding such addition, continue to be lawful and current money of such Dependencies respectively, until Our pleasure shall be further declared thereupon.

Given at Our Court at *Windsor*, the twenty-eighth day of *April*, one thousand eight hundred and seventy-six in the thirty-ninth year of Our Reign.

AT THE COURT AT WINDSOR,

The 27th day of June 1876.

Present:

THE QUEEN'S MOST EXCELLENT MAJESTY IN COUNCIL.

WHEREAS by the Merchant Shipping (Colonial) Act, 1869, it is (among other things) enacted, that where the Legislature of any British possession provides for the examination of and grant of certificates of competency to persons intending to act as masters, mates, or engineers on board British ships, and the Board of Trade reports to Her Majesty that they are satisfied that the examinations are so conducted as to be equally efficient as the examinations for the same purpose in the United Kingdom under the Acts relating to Merchant Shipping, and that the certificates are granted on such principles as to show the like qualifications and competency as those granted under the said Acts, and are liable to be forfeited for the like reasons, and in the like manner, it shall be lawful for Her Majesty, by Order in Council—

(1) to declare that the said certificates shall be of the same force as if they had been granted under the said Acts:

(2) to declare that all or any of the provisions of the said Acts which relate to certificates of competency granted under those Acts shall apply to the certificates referred to in the said Order:

(3) to impose such conditions and to make such regulations with respect to the said certificates, and to the use, issue, delivery, cancellation, and suspension thereof, as to Her Majesty may seem fit, and to impose penalties, not exceeding fifty pounds, for the breach of such conditions and regulations

And that upon the publication in the *London Gazette* of any such Order in Council as last aforesaid, the provisions therein contained shall, from a date to be mentioned for the purpose in such Order, take effect as if they had been contained in the Act, and that it shall be lawful for Her Majesty in Council to revoke any Order made as aforesaid.

And whereas the Governor General of India in Council has by an Act, entitled "An Act for the Amendment of the Law relating to Merchant Seamen, No. 1 of 1859," and the Lieutenant-Governor of Bengal in Council has by an Act, entitled "The Steam Boat Survey Amendment Act of 1868," provided for the examination of and grant of certificates of competency for foreign ships to persons intending to act as masters, mates, or engineers on board British ships, which certificates are hereinafter denominated Colonial Certificates of Competency, and the Board of Trade have reported to Her Majesty that they are satisfied that the said examinations are so conducted as to be equally efficient as the examinations for the same purpose in the United Kingdom under the Acts relating to Merchant Shipping, and that the certificates are granted on such principles as to show the like qualifications and competency as those granted under the said Acts, and are liable to be forfeited for the like reasons and in the like manner:

Now, therefore, Her Majesty, in exercise of the powers vested in Her by the said first recited Act by and with the advice and consent of Her Privy Council, is pleased—

(1) to declare that the said Colonial Certificates of Competency granted by the Lieutenant-Governor of the said British possession of Bengal shall be of the same force as if they had been granted under the said Acts:

(2) to declare that all the provisions of the said Acts which relate to certificates of competency for the Foreign Trade granted under those Acts, except so much of the 139th section of the Merchant Shipping Act, 1854, and the 10th section of the Merchant Shipping Amendment Act, 1862, as requires the delivery by the Board of Trade to any master, mate, or engineer of a copy of any certificate to which he appears to be entitled as therein mentioned, so much of the third paragraph of the 23rd section of the said last-mentioned Act as requires at the conclusion of a case relating to the cancelling or suspending of a certificate, such certificate, if cancelled or suspended, to be forwarded to the Board of Trade, and the whole of the provisions of the fourth paragraph of the same section shall apply to such Colonial Certificates of Competency:

(3) to impose and make the conditions and regulations following, numbered 1 to 10 respectively, with respect to the said Colonial Certificates of Competency, and to the use, issue, delivery, cancellation, and suspension thereof, and to impose for the breach of such conditions and regulations the penalties therein mentioned:—

2. Every such Colonial Certificate of Competency shall have the name of the said possession of Bengal inserted prominently on its face and back.

Certificates to be numbered consecutively.

3. Such Colonial Certificates of Competency shall be numbered in consecutive order.

Lists of Certificates granted, cancelled, &c., to be sent to Registrar General of Seamen.

4. The Government of the said possession shall furnish the Registrar General of Seamen in London from time to time with accurate lists of all such Colonial Certificates of Competency as may be granted by the Lieutenant-Governor of the said possession as aforesaid, or as may for any cause whatsoever be cancelled, suspended, renewed, or re-issued, and shall also furnish him with duplicates of the applications for examination made by the persons to whom such certificates are granted.

Three years' domicile or service necessary.

5. Such Colonial Certificates of Competency shall be granted only to any person who, for a period of three years immediately preceding his application for such Colonial Certificate, or for several periods amounting together to three years, the earliest of which shall have commenced within five years prior to such application, has been domiciled in or has served in a ship or ships registered in any part of Her Majesty's Indian dominions.

Certificates of Competency granted contrary to this regulation shall be regarded as improperly granted.

Certificates not to be granted when former are cancelled.

6. Such Colonial Certificates of Competency shall not be granted to any person who may have had a certificate, whether granted by the Board of Trade or by the Government of a British possession, cancelled or suspended under the provisions of the said Acts or of any Act for the time being in force in any part of Her Majesty's dominions, unless the period of suspension has expired, or unless intimation has been received from the Board of Trade, or the Government by whom the cancelled or suspended certificate was originally granted, to the effect that no objection to the grant of such Colonial

Certificate is known to exist, or unless a new certificate has been granted to him by such Board or Government; and in the last-named event no such Colonial Certificate of Competency shall be for a higher grade than the certificate so last granted as aforesaid.

Colonial Certificates of Competency granted contrary to this regulation shall be regarded as improperly granted.

Certificates improperly granted may be cancelled without formal investigation.

7. Any such Colonial Certificate of Competency which appears from information subsequently acquired, or otherwise, to have been improperly granted, whether in the above or in any other respect, may be cancelled by the Lieutenant-Governor of the said possession, or by the Board of Trade in the United Kingdom, without any formal investigation, under "The Merchant Shipping Act, 1854," and the holder of such certificate shall thereupon deliver it to the Board of Trade or the Lieutenant-Governor of the said possession, or as they or either of them may direct, and in default thereof shall incur a penalty not exceeding fifty pounds in the United Kingdom, or five hundred rupees in India, which shall be recoverable in the same manner as penalties imposed by the Acts relating to Merchant Shipping are thereby made recoverable.

Cancellation, &c., of a Certificate shall involve cancellation of all the other Certificates possessed by its Owner.

8. Every decision with respect to the cancellation or suspension of a Certificate pronounced by any Board, Naval or other Court, or tribunal under the provisions of the said Acts, shall extend equally to all the Colonial Certificates at the time possessed by the person in respect of whom the decision is made, as well as to all certificates granted to him under any of the Acts relating to Merchant Shipping, and whether such certificates be specified in such decision or not.

Certificates believed to be fraudulent may be demanded.

9. Any officer of the Board of Trade, or the Registrar General of Seamen, or any of his officers or a superintendent of a mercantile marine office, or a consular officer, or duly appointed shipping officer in a British possession, may demand the delivery to him of any such Colonial Certificate of Competency which he has reason to believe has been improperly issued, or is forged, altered, cancelled, or suspended, or to which the person using it is not justly entitled, and may detain such certificate for a reasonable period for the purpose of making inquiries respecting such issue, forgery, alteration, cancellation, suspension, or possession, and any person who, without reasonable cause, neglects or refuses to comply with such demand shall incur a penalty not exceeding twenty pounds, or two hundred rupees, which shall be recoverable in the same manner as penalties imposed by the Acts relating to Merchant Shipping are thereby made recoverable.

Suspended Certificates to be re-issued only by Colony by which originally granted.

10. Any such Colonial Certificate of Competency which has from any cause been cancelled or suspended, whether by a tribunal in Bengal, or elsewhere, shall be renewed or re-issued only by the Lieutenant-Governor of Bengal.

Moreover, I now publicly notify, under this my hand and seal, that it is my intention to hold at Delhi, on the 1st day of January 1877, an Imperial Assemblage, for the purpose of proclaiming to the Queen's subjects throughout India the gracious sentiments which have induced Her Majesty to make to Her Sovereign Style and Titles an addition specially intended to mark Her

Majesty's interest in this great Dependency of HER Crown, and HER Royal confidence in the loyalty and affection of the Princes and Peoples of India.

To this Assemblage I propose to invite the Governors, Lieutenant-Governors, and Heads of Administrations, from all parts of the Queen's Indian Dominions, as well as those Princes, Chiefs, and Nobles, in whose persons the antiquity of the past is associated with the prosperity of the present, and who so worthily contribute to the splendour and stability of this great Empire.

No. 1.]

AN Act to enable Her Most Gracious Majesty to make an addition to the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies. [27th April 1876.] A. D. 1876.

(Transmitted in Secretary of State's Despatch No. 28 (Legislative) of 29th June 1876.)

WHEREAS by the Act for the Union of Great Britain and Ireland passed in the fortieth year of the reign of His late Majesty King George the Third, chapter sixty-seven it was provided that after such Union as aforesaid the Royal style and titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies should be such as His Majesty by His Royal Proclamation under the Great Seal of the United Kingdom should be pleased to appoint; 39 and 40 G. III. c. 67 A. D. 1800.

And whereas by virtue of the said Act and of a Royal Proclamation under the Great Seal, dated the first day of January one thousand eight hundred and one, the present style and titles of Her Majesty are "Victoria by the Grace of God of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith:"

And whereas by the Act for the better government of India, passed in the Session of the twenty-first and twenty-second years of the reign of Her present Majesty, chapter one hundred and six, it was enacted that the government of India, theretofore vested in the East India Company in trust for Her Majesty, should become vested in Her Majesty, and that India should thenceforth be governed by and in the name of Her Majesty, and it is expedient that there should be a recognition of the transfer of government so made by means of an addition to be made to the style and titles of Her Majesty: 21 and 22 Vic. c. 106.

Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

Power to Her Majesty to make addition to style and titles of Crown.

It shall be lawful for Her Most Gracious Majesty, with a view to such recognition as aforesaid of the transfer of the government of India, by Her Royal Proclamation under the Great Seal of the United Kingdom, to make such addition to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies as to Her Majesty may seem meet.

No. 2.]

No. 70, dated India Office, 13th July 1876.

From—HER MAJESTY'S SECRETARY OF STATE FOR INDIA,

To—The GOVERNMENT OF INDIA.

I FORWARD herewith, for the information of Your Excellency's Government, copy of the Queen's Proclamation notifying the assumption by Her Majesty of the title of "Empress of India."

2. This act on the part of Her Majesty is a formal and emphatic expression, for which it seemed to the Queen that the opportunity was eminently suitable, of the favorable sentiments which She has always entertained towards the Princes and People of India. I request that Your Excellency will proclaim throughout Her Majesty's Indian Dominions, in a manner suitable to Her gracious intentions, the addition which has been made to the Royal Style and Titles.

(Signed) SALISBURY.

BY THE

QUEEN.

A PROCLAMATION.

VICTORIA, R.

WHEREAS an Act has been passed in the present Session of Parliament, intituled "An Act to enable Her Host Gracious Majesty to make an addition to the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies," which Act recites that, by the Act for the Union of Great Britain and Ireland, it was provided that after such Union the Royal Style and Titles appertaining to the Imperial Crown of the United Kingdom and its Dependencies should be such as His Majesty by His Royal Proclamation under the Great Seal of the United Kingdom should be pleased to appoint: and which Act also recites that, by virtue of the said Act, and of a Royal Proclamation under the Great Seal, dated the 1st day of January, 1801, Our present Style and Titles are "Victoria, by the Grace of God, of the United Kingdom of Great Britain and Ireland, Queen, Defender of the Faith:" and which Act also recites that, by the Act for the better Government of India, it was enacted that the Government of India, theretofore vested in the East India Company in trust for Us, should become vested in Us, and that India should thenceforth be governed by Us and in Our name, and that it is expedient that there should be a recognition of the transfer of Government so made by means of an addition to be made to Our Style and Titles: And which Act, after the said recitals, enacts that it shall be lawful for Us, with a view to such recognition as aforesaid, of the transfer of the Government of India, by Our Royal Proclamation under the Great Seal of the United Kingdom, to make such addition to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies as to Us may seem meet; we have thought fit, by and with the advice of Our Privy Council, to appoint and declare, and We do hereby, by and with the said advice, appoint and declare that henceforth, so far as conveniently may be, on all occasions and in all instruments wherein Our Style and Titles are used, save and except all Charters, Commissions, Letters Patent, Grants, Writs, Appointments, and other like instruments, not extending in their operation beyond the United Kingdom, the following addition shall be made to the Style and Titles at present appertaining to the Imperial Crown of the United Kingdom and its Dependencies; that is to say, in the Latin tongue in these words: "Indiæ Imperatrix." And in the English tongue in these words: "Empress of India."

And Our will and pleasure further is, that the said addition shall not be made in the Commissions, Charters, Letters Patent, Grants, Writs, Appointments, and other like instruments, hereinbefore specially excepted.

And Our will and pleasure further is, that all gold, silver, and copper moneys, now current and lawful moneys of the United Kingdom, and all gold, silver, and copper moneys which shall, on or after this day, be coined by Our authority with the like impressions, shall, notwithstanding such addition to Our Style and Titles, be deemed and taken to be current and lawful moneys of the said United Kingdom; and further that all moneys coined for and issued in any of the Dependencies of the said United Kingdom, and declared by Our Proclamation to be current and lawful money of such Dependencies, respectively bearing Our Style, or Titles, or any part or parts thereof, and all moneys which shall hereafter be coined and issued according to such Proclamation, shall, notwithstanding such addition, continue to be lawful and current money of such Dependencies respectively, until Our pleasure shall be further declared thereupon.

Given at Our Court at *Windsor*, the twenty-eighth day of *April*, one thousand eight hundred and seventy-six in the thirty-ninth year of Our Reign.

No. 2038*P.*—Subject to the confirmation of Her Majesty's Government, His Excellency the Viceroy and Governor General in Council is pleased to recognize the appointment of Mr. George Ruckert as Consular Agent for Italy at Akyab during the absence of Mr. F. W. Abel.

The 7th September 1876.

No. 2044*P.*—The following Notification, which appeared in the *London Gazette* of the 25th July 1876, is republished for general information :—

At the Court at *Osborne House, Isle of Wight*, the 21st day of *July* 1876.

PRESENT :

The QUEEN'S Most Excellent Majesty in Council.

WHEREAS by an Act of Parliament made and passed in the Session of Parliament holden in the thirty-third and thirty-fourth years of the reign of Her present Majesty, intituled "An Act for amending the law relating to the Extradition of Criminals," and also by an Act of Parliament made and passed in the Session of Parliament holden in the thirty-sixth and thirty-seventh years of the reign of Her present Majesty, intituled "An Act to amend the Extradition Act, 1870," it was amongst other things enacted, that where an arrangement has been made with any foreign State with respect to the surrender to such State of any fugitive criminals, Her Majesty may, by Order in Council, direct that the said Acts shall apply in the case of such foreign State; and that Her Majesty may, by the same or any subsequent Order, limit the operation of the Order, and restrict the same to fugitive criminals who are in or suspected of being in the part of Her Majesty's dominions specified in the Order, and render the operation thereof subject to such conditions, exceptions, and qualifications as may be deemed expedient :

And whereas a Treaty was concluded on the twentieth day of May, one thousand eight hundred and seventy-six, between Her Majesty and the King of the Belgians, for the Mutual Extradition of Fugitive Criminals, which Treaty is in the terms following :—

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and His Majesty the King of the Belgians, having judged it expedient, with a view to the more complete prevention of crime within their respective territories, that persons charged with or convicted of the crimes hereinafter enumerated, and being fugitives from the justice of their country, should, under certain circumstances, be reciprocally delivered up; Their said Majesties have named as their Plenipotentiaries to conclude a Treaty for this purpose, that is to say :—

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, John Savile Lumley, Esquire, Companion of the Most Honourable Order of the Bath, Her Envoy Extraordinary and Minister Plenipotentiary to His Majesty the King of the Belgians;

Sa Majesté la Reine du Royaume Uni de la Grand Bretagne et d'Irlande, et Sa Majesté le Roi des Belges, ayant jugé opportun, afin de mieux assurer la répression des crimes dans leurs territoires respectifs, de se livrer réciproquement, sous certaines conditions, les personnes accusées ou condamnées du chef des crimes ci-après énumérés et qui auraient fui la justice de leur pays; les dites Majestés ont nommé pour leurs Plénipotentiaires, à l'effet de conclure un Traité dans ce but, savoir :

Sa Majesté la Reine du Royaume Uni de la Grande Bretagne et d'Irlande, John Savile Lumley, Esquire, Officier du Très Honorable Ordre du Bain, Son Envoyé Extraordinaire et Ministre Plénipotentiaire prés Sa Majesté le Roi des Belges :

Provided that the surrender shall be made only when in the case of a person accused, the commission of the crime shall be so established as that the laws of the country where the fugitive or person accused shall be found would justify his apprehension and commitment for trial if the crime had been there committed; and in the case of a person alleged to have been convicted, on such evidence as, according to the laws of the country where he is found, would prove that he had been convicted.

In no case can the surrender be made, unless the crime shall be punishable according to the laws in force in both countries with regard to extradition.

ARTICLE II.

In the dominions of Her Britannic Majesty, other than the Colonies or Foreign Possessions of Her Majesty, the manner of proceeding shall be as follows:—

I. In the case of a person accused—

The requisition for the surrender shall be made to Her Britannic Majesty's Principal Secretary of State for Foreign Affairs by the Minister or other Diplomatic Agent of His Majesty the King of the Belgians, accompanied by a warrant of arrest or other equivalent judicial document, issued by a Judge or Magistrate duly authorized to take cognizance of the acts charged against the accused in Belgium, together with duly authenticated depositions or statements taken on oath or upon solemn affirmation before such Judge or Magistrate, clearly setting forth the said acts, and containing a description of the person claimed, and any particulars which may serve to identify him. The said Secretary of State shall transmit such documents to Her Britannic Majesty's Principal Secretary of State for the Home Department, who shall then, by warrant under his hand and seal, signify to some Police Magistrate in London that such requisition has been made, and require him, if there be due cause, to issue his warrant for the apprehension of the fugitive.

23. (*a.*) Coups et blessures graves.

(*b.*) Attentats à la pudeur sans violence sur des enfants au-dessous de dix ans.

(*c.*) Attentats à la pudeur avec violence sur des personnes de l'un ou de l'autre sexe.

Toutefois, l'extradition ne sera accordée, dans le cas d'une personnes accusée, que si la perpétration du crime est établie de telle façon que les lois du pays où le fugitif accusé sera trouvé justifieraient son arrestation et son emprisonnement si le crime avait été commis dans ce pays; et dans le cas d'une personne prétenduement condamnée, que sur la production d'une preuve qui, d'après les lois du pays où le fugitif a été trouvé, établirait suffisamment qu'il a été condamné.

En aucun cas l'extradition ne pourra avoir lieu que lorsque le crime sera prévu par la législation sur l'extradition en vigueur dans les deux pays.

ARTICLE II.

Dans les Etats de Sa Majesté Britannique autres que les Colonies ou les possessions étrangères de Sa Majesté, la manière de procéder sera la suivante:—

I. S'il s'agit d'une personne accusée—

La demande d'extradition sera addressée au Premier Secrétaire d'Etat de Sa Majesté pour les Affaires Etrangères par le Ministre ou autre Agent Diplomatique de Sa Majesté le Roi des Belges. A cette demande seront joints au mandat d'arrêt ou autre document judiciaire équivalent, délivré par un Juge ou Magistrat dûment autorisé à prendre connaissance des actes imputés à l'accusé en Belgique, ainsi que les dépositions authentiques ou les déclarations faites sous serment ou sous affirmation solennelle devant ce Juge ou Magistrat, énonçant clairement les dits actes, et contenant, outre le signalement de la personne réclamée, toutes les particularités qui pourraient servir à établir son identité.

Le dit Secrétaire d'Etat transmettra ces documents au Premier Secrétaire d'Etat de Sa Majesté Britannique pour les Affaires Intérieures, qui, par un ordre de sa main et muni de son sceau, signifiera à l'un ou l'autre Magistrat de Police à Londres que la demande d'extradition a été faite, et le requerra, s'il y a lieu, de délivrer un mandat pour l'arrestation du fugitif.

On the receipt of such order from the Secretary of State, and on the production of such evidence as would, in the opinion of the Magistrate, justify the issue of the warrant if the crime had been committed in the United Kingdom, he shall issue his warrant accordingly.

When the fugitive shall have been apprehended, he shall be brought before the Police Magistrate who issued the warrant, or some other Police Magistrate in London. If the evidence to be then produced shall be such as to justify, according to the law of England, the committal for trial of the prisoner, if the crime of which he is accused had been committed in England, the Police Magistrate shall commit him to prison to await the warrant of the Secretary of State for his surrender, sending immediately to the Secretary of State a certificate of the committal and a report upon the case.

After the expiration of a period from the committal of the prisoner, which shall never be less than fifteen days, the Secretary of State shall, by order under his hand and seal, order the fugitive criminal to be surrendered to such person as may be duly authorized to receive him on the part of the Government of His Majesty the King of the Belgians.

II. In the case of a person convicted—

The course of proceeding shall be the same as in the case of a person accused, except that the warrant to be transmitted by the Minister or other Diplomatic Agent in support of his requisition shall clearly set forth the crime of which the person claimed has been convicted, and state the fact, place, and date of his conviction. The evidence to be produced before the Police Magistrate shall be such as would, according to the law of England, prove that the prisoner was convicted of the crime charged.

After the Police Magistrate shall have committed the accused or convicted person to prison to await the order of a Secretary of State for his surrender, such person shall have the right to apply for a writ of *habeas corpus;* if he should so apply, his surrender must be deferred until after the decision of the Court upon the return to the writ, and even then can only take place if the decision is adverse to the applicant.

ARTICLE III.

In the dominions of His Majesty the King of the Belgians, other than the Colonies or Foreign Possessions of His said Majesty, the manner of proceeding shall be as follows:—

I. In the case of a person accused—

The requisition for the surrender shall be made to the Minister for Foreign Affairs of His Majesty the King of the Belgians by the Minister or other Diplomatic Agent of Her Britannic Majesty, accompanied by a warrant of arrest or other equivalent judicial document issued by a Judge or Magistrate duly authorized to take cognizance of the acts charged against the accused in Great Britain, together with duly authenticated depositions or statements taken on oath or upon solemn affirmation before such Judge or Magistrate, clearly setting forth the said acts and containing a description of the person claimed, and any other particulars which may serve to identify him.

A la réception d'un semblable ordre du Secrétaire d'Etat, et sur la production de telle preuve qui, dans l'opinion de ce Magistrat, justifierait l'émission du mandat si le crime avait été commis dans le Royaume Uni, il délivrera le mandat requis.

Lorsqu'alors le fugitif aura été arrêté, il sera amené devant le Magistrat de Police qui a lancé le mandat, ou devant un autre Magistrat de Police à Londres. Si la preuve qu'on produira est de nature à justifier, selon la loi Anglaise, la mise en jugement du prisonnier dans le cas où le crime dont il est accusé aurait été commis en Angleterre, le Magistrat de Police l'enverra en prison pour attendre le mandat du Secrétaire d'Etat, necessaire à l'extradition, et il adressera immédiatement au Secrétaire d'Etat une attestation de l'emprisonnement avec un rapport sur l'affaire.

Après l'expiration d'un certain temps, qui ne pourra jamais être moindre de quinze jours depuis l'emprisonnement de l'accusé, le Secrétaire d'Etat, par un ordre de sa main et muni de son sceau, ordonnera que le criminel fugitif soit livré à telle personne qui sera dûment autorisée à le recevoir au nom du Gouvernement de Sa Majesté le Roi des Belges.

II. S'il s'agit d'une personne condamnée—

La marché de la procédure sera la même que dans le cas d'une personne accusée sauf que le mandat à transmettre par le Ministre ou autre Agent Diplomatique, à l'appui de la demande d'extradition, énoncera clairement le crime pour lequel la personne réclamée aura été condamnée, et mentionnera le fait, le lieu, et la date du jugement. La preuve à produire devant le Magistrat de Police sera telle que d'après la loi Anglaise elle établirait que le prisonnier a été condamné pour le crime dont on l'accuse.

Après que le Magistrat de Police aura envoyé la personne accusée ou condamnée en prison pour attendre l'ordre d'extradition du Secrétaire d'Etat cette personne aura le droit de réclamer une ordonnance d'*habeas corpus;* l'extradition droit alors être différée jusqu'après la décision de la Cour sur le renvoi de l'ordonnance, et elle ne pourra avoir lieu que si la décision est contraire au demandeur.

ARTICLE III.

Dans les Etats de Sa Majesté le Roi des Belges, autres que les Colonies ou possessions étrangères de Sa dite Majesté, on procèdera de la façon suivante:—

I. S'il s'agit d'une personne accusée—

La demande d'extradition sera adressée au Ministre des Affaires Etrangères de Sa Majesté le Roi des Belges par le Ministre ou autre Agent Diplomatique de Sa Majesté Britannique; à cette demande seront joints un mandat d'arrêt ou autre document judiciaire équivalent délivré par un Juge ou Magistrat dûment autorisé à prendre connaissance des actes imputés à l'accusé dans la Grande Bretagne, ainsi que les dépositions authentiques ou les déclarations faites sous serment ou sous affirmation solennelle devant ce Juge ou Magistrat, énonçant clairement les dits actes, et contenant, outre le signalement de la personne réclamée, toutes les particularités qui pourraient servir à établir son identité.

The Minister for Foreign Affairs shall transmit the warrant of arrest, with the documents thereto annexed, to the Minister of Justice, who shall forward the same to the proper judicial authority, in order that the warrant of arrest may be put in course of execution by the Chamber of the Council (*Chambre du Conseil*) of the Court of First Instance of the place of residence of the accused, or of the place where he may be found.

The foreigner may claim to be provisionally set at liberty in any case in which a Belgian enjoys that right, and under the same conditions. The application shall be submitted to the Chamber of the Council (*Chambre du Conseil*).

The Government will take the opinion of the Chamber of Indictments or Investigation (*Chambre des Mises en Accusation*) of the Court of Appeal, within whose jurisdiction the foreigner shall have been arrested.

The hearing of the case shall be public, unless the foreigner should demand that it should be with closed doors.

The public authorities and the foreigner shall be heard. The latter may obtain the assistance of Counsel.

Within a fortnight from the receipt of the documents, they shall be returned, with a reasoned opinion, to the Minister of Justice, who shall decide and may order that the accused be delivered to the person duly authorized on the part of the Government of Her Britannic Majesty.

II. In case of a person convicted—

The course of proceeding shall be the same as in the case of a person accused, except that the conviction or sentence of condemnation issued in original or in an authenticated copy, to be transmitted by the Minister or other Diplomatic Agent in support of his requisition, shall clearly set forth the crime of which the person claimed has been convicted, and state the fact, place, and date of his conviction. The evidence to be produced shall be such as would, according to the Belgian laws, prove that the prisoner was convicted of the crime charged.

ARTICLE IV.

A fugitive criminal may, however, be apprehended under a warrant issued by any Police Magistrate, Justice of the Peace, or other competent authority in either country, on such information or complaint, and such evidence, or after such proceedings as would, in the opinion of the person issuing the warrant, justify the issue of a warrant, if the crime had been committed or the prisoner convicted in that part of the dominions of the two Contracting Parties in which he exercises jurisdiction: Provided, however, that, in the United Kingdom, the accused shall, in such case, be sent as speedily as possible before a Police Magistrate in London. He shall be discharged, as well in the United Kingdom as in Belgium, if within fourteen days a requisition shall not have been made for his surrender by the Diplomatic Agent of his country, in the manner directed by Articles II and III of this Treaty.

The same rule shall apply to the cases of persons accused or convicted of any of the crimes specified in this Treaty, committed on the high seas on board any vessel of either country which may come into a port of the other.

Le Ministre des Affaires Etrangères transmettra le mandat d'arrêt, avec les pièces annexées, au Ministre de la Justice, qui fera parvenir les documents à l'autorité judiciaire, à l'effet de voir rendre le dit mandat d'arrêt exécutoire par la Chambre du Conseil du Tribunal de Première Instance du lieu de la résidence de l'inculpé, ou du lieu où il pourra être trouvé.

L'étranger pourra réclamer la liberté provisoire dans le cas où un Belge jouit de cette faculté et dans les mêmes conditions. La demande sera soumise à la Chambre du Conseil.

Le Gouvernement prendra l'avis de la Chambre des Mises en Accusation de la Cour d'Appel dans le ressort de laquelle l'étranger aura été arrêté.

L'audience sera publique, a moins que l'étranger ne réclame le huis-clos.

Le Ministère public et l'étranger seront entendus. Celui-ci pourra se faire assister d'un Conseil.

Dans la quinzaine à dater de la réception des pièces, elles seront renvoyées avec l'avis motivé au Ministre de la Justice, qui statuera et pourra ordonner que l'inculpé soit livré à la personne qui sera dûment autorisée au nom du Gouvernement de Sa Majesté Britannique.

II. S'il s'agit n'une personne condamnée—

Le cours de la procédure sera le même que dans le cas d'une personne accusée, sauf que le jugement ou l'arrêt de condamnation délivre en original ou en expedition authentique, à transmettre par le Ministre ou l'Agent Diplomatique à l'appui de la demande d'extradition, enoncera clairement le crime pour lequel la personne réclamée aura été condamnée, et mentionnera le fait, le lieu, et la date du jugement. La preuve à produire sera telle que, conformément aux lois Belges, elle établirait que le prisonnier a été condamné pour le crime dont on l'accuse.

ARTICLE IV.

Un criminel fugitif peut, cependant, être arrêté sur un mandat délivré par tout Magistrat de Police, Juge de Paix, ou autre autorité compétente dans chaque pays, à la suite d'un avis, d'une plainte, d'une preuve, ou de tout autre acte de procédure qui, dans l'opinion de la personne délivrant le mandat, justifierait ce mandat, si le crime avait été commis ou la personne condamnée dans la partie des Etats des deux Contractants où elle exerce juridiction: pourvu que, cependant, s'il s'agit du Royaume Uni, l'accusé soit, dans un pareil cas, envoyé aussi promptement que possible devant un Magistrat de Police à Londres. Il sera relâché, tant dans le Royaume Uni qu'en Belgique, si dans les quatorze jours une demande d'extradition n'a pas été faite par l'Agent Diplomatique de son pays, suivant le mode indiqué par les Articles II et III de ce Traité.

La même règle s'appliquera aux cas de personnes poursuivies ou condamnées du chef de l'un des crimes spécifiés dans ce Traité et commis en pleine mer, à bord d'un navire de l'un des deux pays et qui viendrait dans un port de l'autre.

ARTICLE V.

If the fugitive criminal who has been committed to prison be not surrendered and conveyed away within two months after such committal (or within two months after the decision of the Court upon the return to a writ of *habeas corpus* in the United Kingdom), he shall be discharged from custody, unless sufficient cause be shown to the contrary.

ARTICLE VI.

When any person shall have been surrendered by either of the High Contracting Parties to the other, such person shall not, until he has been restored or had an opportunity of returning to the country from whence he was surrendered, be triable or tried for any offence committed in the other country prior to the surrender, other than the particular offence on account of which he was surrendered.

ARTICLE VII.

No accused or convicted person shall be surrendered, if the offence in respect of which his surrender is demanded shall be deemed by the party upon which it is made to be a political offence, or to be an act connected with (*connexe à*) such an offence, or if he prove, to the satisfaction of the Police Magistrate, or of the Court before which he is brought on *habeas corpus*, or to the Secretary of State, that the requisition for his surrender has in fact been made with a view to try or to punish him for an offence of a political character.

ARTICLE VIII.

Warrants, depositions, or statements on oath, issued or taken in the dominions of either of the two High Contracting Parties, and copies thereof, and certificates of or judicial documents stating the fact of conviction, shall be received in evidence in proceedings in the dominions of the other, if purporting to be signed or certified by a Judge, Magistrate, or officer of the county where they were issued or taken.

Provided such warrants, depositions, statements, copies, certificates, and judicial documents are authenticated by the oath or solemn affirmation of some witness, or by being sealed with the official seal of the Minister of Justice, or some other Minister of State.

ARTICLE IX.

The surrender shall not take place if, since the commission of the acts charged, the accusation, or the conviction, exemption from prosecution or punishment has been acquired by lapse of time, according to the laws of the country where the accused shall have taken refuge.

ARTICLE X.

If the individual claimed by one of the two High Contracting Parties in pursuance of the present Treaty should be also claimed by one or several other Powers, on account of other crimes committed upon their respective territories, his surrender shall be granted to that State whose demand is earliest in date; unless any other arrangement should be made between the Governments which have claimed him, either on account of the gravity of the crimes committed or for any other reasons.

ARTICLE V.

Si le criminel fugitif qui a été arrêté n'est pas livré et emmené dans les deux mois après son arrestation (ou dans les deux mois après la décision de la Cour sur le renvoi d'une ordonnance d'*habeas corpus* dans le Royaume Uni), il sera mis en liberté, à moins qu'il n'y ait un motif suffisant de le retenir en prison.

ARTICLE VI.

Lorsqu'une personne aura été extradée par l'une des Hautes Parties Contractantes, cette personne jusqu'à ce qu'elle soit rentrée dans le pays d'où elle a été extradée, ou qu'elle ait eu occasion de le faire, ne sera poursuivie pour aucun délit commis dans l'autre pays avant l'extradition autre que celui pour lequel l'extradition a eu lieu.

ARTICLE VII.

Aucune personne accusée ou condamnée ne sera extradée, si le délit pour lequel l'extradition est demandée est considéré par la partie requise comme un délit politique ou un fait connexe à un semblable délit, ou si la personne prouve, à la satisfaction du Magistrat de Police ou de la Cour devant laquelle elle est amené pour l'*habeas corpus*, ou du Secrétaire d'Etat, que la demande d'extradition a été faite, en réalité, dans le but de la poursuivre ou de la punir pour un délit d'un caractère politique.

ARTICLE VIII.

Les mandats, dépositions, déclarations sous serment, délivrés ou recueillis dans les Etats de l'une des deux Hautes Parties Contractantes, les copies de ces pièces, ainsi que les certificats ou les documents judiciaires établissant le fait de la condamnation, seront reçus comme preuve dans la procédure des Etats de l'autre partie, s'ils sont revêtus de la signature ou accompagnés de l'attestation d'un Juge, Magistrat, ou fonctionnaire du pays où ils ont été délivrés ou recueillis.

Pourvu que ces mandats, dépositions, déclarations, copies, certificats, et documents judiciaires soient rendus authentiques par le serment ou affirmation solennelle d'un témoin, ou par le sceau officiel du Ministre de la Justice ou d'un autre Ministre d'Etat.

ARTICLE IX.

L'extradition n'aura pas lieu si, depuis les faits imputés, les poursuites, ou la condamnation, la prescription de l'action ou de la peine est acquise d'après les lois du pays où le prévenu s'est réfugié.

ARTICLE X.

Si l'individu réclamé par l'une des Hautes Parties Contractantes, en exécution du présent Traité, est aussi réclamé par une ou plusieurs autres Puissances, du chef d'autres crimes commis sur leurs territoires respectifs, son extradition sera accordée à l'Etat dont la demande est la plus ancienne en date, à moins qu'il n'existe entre les Gouvernements qui l'ont réclamé un arrangement qui déciderait de la préférence, soit à raison de la gravité des crimes commis, soit à raison de tout autre motif.

ARTICLE XI.

If the individual claimed should be under prosecution, or condemned by the Courts of the country where he has taken refuge, his surrender may be deferred until he shall have been set at liberty in due course of law.

In case he should be proceeded against or detained in such country, on account of obligations contracted towards private individuals, his surrender shall nevertheless take place, the injured party retaining his right to prosecute his claims before the competent authority.

ARTICLE XII.

Every article found in the possession of the individual claimed at the time of his arrest shall, if the competent authority so decide, be seized, in order to be delivered up with his person at the time when the surrender shall be made. Such delivery shall not be limited to the property or articles obtained by stealing or by fraudulent bankruptcy, but shall extend to everything that may serve as proof of the crime. It shall take place even when the surrender, after having been ordered, shall be prevented from taking place by reason of the escape or death of the individual claimed.

The rights of third parties with regard to the said property or articles are nevertheless reserved.

ARTICLE XIII.

Each of the High Contracting Parties shall defray the expenses occasioned by the arrest within its territories, the detention, and the conveyance to its frontier, of the persons whom it may consent to surrender in pursuance of the present Treaty.

ARTICLE XIV.

The stipulations of the present Treaty shall be applicable to the Colonies and foreign Possessions of the two High Contracting Parties.

The requisition for the surrender of a fugitive criminal who has taken refuge in a Colony or foreign Possession of either Party, shall be made to the Governor or Chief Authority of such Colony or Possession by the Chief Consular Officer of the other in such Colony or Possession; or, if the fugitive has escaped from a Colony or foreign Possession of the Party on whose behalf the requisition is made by the Governor or Chief Authority of such Colony or Possession.

Such requisition may be disposed of, subject always, as nearly as may be, to the provisions of this Treaty, by the respective Governors or Chief Authorities, who, however, shall be at liberty either to grant the surrender, or to refer the matter to their Government.

Her Britannic Majesty shall, however, be at liberty to make special arrangements in the British Colonies and foreign Possessions for the surrender of Belgian criminals who may there take refuge, on the basis, as nearly as may be, of the provisions of the present Treaty.

ARTICLE XV.

The present Treaty shall come into operation ten days after its publication in conformity with the laws of the respective countries.

ARTICLE XI.

Si l'individu réclamé est poursuivi ou condamné par les Tribunaux du pays où il s'est refugié, son extradition pourra être différée jusqu'à ce qu'il ait été mis en liberté selon le cours régulier de la loi.

Dans le cas où il serait poursuivi ou détenu dans le même pays à raison d'obligations par lui contractées envers des particuliers, son extradition n'en aura pas moins lieu, sauf à la partie lésée à faire valoir ses droits devant l'autorité compétente.

ARTICLE XII.

Tout objet trouvé en la possession de l'individu réclamé au moment de son arrestation sera, si l'autorité compétente en a ainsi ordonné, saisi pour être livré avec sa personne lorsque l'extradition aura lieu. Cette remise ne sera pas limitée aux objets acquis par vol ou banqueroute frauduleuse, mais elle s'étendra à toute chose qui pourrait servir de pièce de conviction. Elle se fera même si l'extradition, après avoir été accordée, ne peut s'accomplir par suite de l'évasion ou de la mort de l'individu réclamé.

Sont, cependant, réservés les droits des tiers sur les objets susmentionnés.

ARTICLE XIII.

Chacune des Hautes Parties Contractantes supportera les frais occasionnés par l'arrestation sur son territoire, la détention, et le transport à la frontière des personnes qu'elle consentirait à extrader en exécution du présent Traité.

ARTICLE XIV.

Les stipulations du présent Traité seront applicables aux Colonies et Possessions étrangères des deux Hautes Parties Contractantes.

SEPARATE REVENUE—POST OFFICE.

The 15th September 1876.

No. 2887.—Notice is hereby given that an arrangement has been concluded for the exchange of parcels between India and Ceylon.

On and after the 1*st October* 1876, parcels can be sent to places in Ceylon under the rates and conditions given for that Colony in the following revised set of rules, which from the above-mentioned date will supersede those issued under the Notification by this Department, No. 1405, dated 10th March 1876:—

Overland Parcel Post.

(1).—Parcels are received at any Post Office in India under the conditions and rates of charge mentioned below for transmission to the following countries, *viz.* :—

COUNTRIES.	Rate of charge per lb. or fraction thereof. Pre-payment compulsory.	Remarks respecting special conditions, &c., applicable to particular Countries.
	Annas.	
United Kingdom ...	8	The pre-payment carries the parcel as far as London, any additional charge which may become due on account of British custom duty or carriage beyond London being realised from the addressee. Parcels must not exceed £50 in value. Any parcel which on examination of the declaration at Bombay may be found to exceed this value will, instead of being forwarded by the Overland Parcel Post, be transferred to the Bombay Agency of the P. & O. S. N. Company for transmission independently of the Post Office, and subject to such regulations and charges on delivery as may be applicable thereto under the Company's regulations. (NOTE.—The Company's present charge is an *ad valorem* rate of 2 per cent., which does not include Marine or other Insurance.) The attention of the public is invited to the fact that the British Post Office has no connection with the Overland Parcel Post; all arrangements out of India are made by the Peninsular and Oriental Steam Navigation Company, and enquiries proceeding from the United Kingdom should be addressed to that Company's Office, 122, Leadenhall Street, London, E. C. The rules governing the despatch of parcels from the United Kingdom to India are, however, published in the British Postal Guide, and exhibited in every British Post Office. Persons in India ordering goods to be sent out by parcel post may refer the sender to the above means of information about the transmission of parcels.
Ceylon ...	8	The pre-payment carries the parcel to destination. Should any custom duty become due, the amount will be charged on delivery. Parcels must not contain any jewellery.
Germany ... Austria-Hungary ...	8	The pre-payment carries the parcel to destination. Should any custom duty become due, the amount will be charged on delivery. See also Rule 9 respecting compensation for damage or loss.
Denmark ...	8	The pre-payment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. See also Rule 9 respecting compensation for damage or loss.
Sweden ... Norway ... Switzerland ...	8	The pre-payment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. *From Rule* 3 *it will be seen that there must be also a second or duplicate declaration of contents and value.* See also Rule 9 respecting compensation for damage or loss.
France ... The Netherlands (Holland). Belgium ...	8	The pre-payment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. *From Rule* 3 *it will be seen that there must be also a second or duplicate declaration of contents and value, and that the second or duplicate declaration should contain a statement of the weight (lbs. and ozs. or tolas) of the contents, and should, if possible, be written in the French language.* See also Rule 9 respecting compensation for damage or loss.

(2).—Every parcel should be securely packed in a closed cover or case, and should bear the name and address of the person in the United Kingdom or foreign country for whom it is intended. Parcels containing valuables should be sealed.

N. B.—The public are specially warned against the use of flimsy covers for articles transmitted by the Parcel Post. Heavy articles are sometimes sent with only paper covering insecurely tied with string; friction in transit detaches this cover, and damage and loss ensue. A covering of stout cloth or wax cloth, sewn at the edges, is recommended; but if the contents are liable to suffer from pressure, boxes of wood or tin should be used.

(3).—Every parcel should be accompanied by a separate paper headed with the address of the parcel and containing a *declaration of its contents and value* under the signature of the sender. Below the signature the address of the sender should be given.

For the parcels addressed to—

The United Kingdom ... Ceylon ... ... Germany .. ... Austria-Hungary ... Denmark	Only one declaration as above described is required.
Sweden ... ... Norway ... ... Switzerland	A second or duplicate declaration is also required.
France ... ... The Netherlands (Holland) Belgium	A second or duplicate declaration is also required, and the sender is requested to enter in the declaration a statement of the weight (lbs. and ozs. or tolas) of the contents, and to write the second or duplicate declaration, if possible, *in the French language*. Should he be unable to do so, the Bombay Post Office will attach to the second or duplicate English declaration a French rendering thereof, but the sender is warned of the delay which may result from this.

It is not deemed necessary to require exact adherence to any particular form of declaration, but the following specimen form may be useful to the senders of parcels:—

Specimen form of declaration.

Address of Parcel.
THOMAS B. SMITH,
114, *Piccadilly*,
LONDON.

CONTENTS—

	Value. £ s. d.
1 Piece Puttoo Cloth	2 0 0
1 Rampore Chudder	2 10 0
TOTAL ...	4 10 0

I declare the above to be a true statement of the contents and value.

(Sd.) A. R. ROBINSON,
Amritsar.

N.B.—Declarations for parcels intended for France, the Netherlands or Belgium should, in addition to the above, contain a statement of the weight (lbs. and ozs. or tolas) of the contents. This may conveniently be done by adding the words "weight —lbs.—ozs." underneath the total value, and the words "and weight" at the end of the sentence containing the declaration.

(4).—The parcel so addressed and the separate paper or papers above referred to should then be enclosed in a *substantial outer cover*. This outer cover should be superscribed and addressed as follows:—

Overland Parcel Post.
To
The Post Master, Bombay.

The outer cover must contain one parcel only: if more than one parcel be sent by the same sender, such parcel should be enclosed in a separate outer cover to the address of the Post Master of Bombay.

(5).—The parcel so made up must be *fully pre-paid by means of postage stamps at the rate of* 8 *annas* per lb. (40 tolas) or fraction of a lb., care being taken that the stamps adhere firmly to the cover.

(6).—The parcel so made up must not exceed 50 lbs. (25 seers) in weight, or 2 feet in length by 1 foot in breadth or depth. It will be received at any Post Office at the hours fixed for the receipt of ordinary banghy parcels, the usual receipt being given to the sender without reference to the mode of packing prescribed in the case of inland parcels for which receipts are claimed.

(7).—On arrival at Bombay, the Post Master will take off the outer covering, and forward the inside parcel and the accompanying declaration or declarations to the country of inside address.

(8).—It is forbidden to send in these parcels opium or any liquid or any substance or material of a dangerous, damaging, or offensive kind.

(9).—In the case of parcels for or from Germany or Austria-Hungary and the foreign countries served through Germany, compensation will be given by the responsible Post Office to the sender for loss or damage sustained in transit (cases of *sea risk* or of *vis major* or of the *own negligence of the sender* in respect of packing or otherwise excepted). Such compensation will in no case exceed 1½ rupee for each lb. weight or fraction thereof in respect of parcels forwarded from India, and 3 marks or 1¼ florins for each 500 grammes or fraction thereof in respect of parcels from Germany or Austria-Hungary. Should the sender desire it, the compensation will be paid to the addressee instead of to himself.

No. 2894.—Privilege leave for forty-two days is granted to Mr. H. E. M. James, Bombay Civil Service, Officiating Post Master General, Bombay.

Mr. Turton Smith is appointed to officiate as Post Master General, Bombay, during the absence of Mr. James, or until further orders.

Mr. Turton Smith received charge of the Office of Post Master General, Bombay, from Mr. H. E. M. James, after noon, on the 20th August 1876.

Resolution No. 1967, dated 31st July 1876.

Read—

A letter, dated 17th July 1876, from the Secretary to the Bengal Chamber of Commerce, transmitting, for the consideration of His Excellency the Governor General in Council, the following two Resolutions adopted at a Special General Meeting of the Chamber held on Saturday, the 15th July :—

RESOLUTIONS.

1st.—"That the continued depreciation in the value of silver is a question most seriously affecting the political and financial interests of the country; and that, in view to its very great importance, the Committee be requested to address the Government, in order to obtain such information as they may be able to give, in regard to the policy which they propose to pursue under the circumstances.

2nd.—"That the Chamber approves of the suggestion of the Committee, that it is expedient, in view of any ultimate measures that the Government may adopt, that Clause 19 of Act XXIII of 1870, making it obligatory on the Mints in India to receive all silver tendered for coinage, and also Section 11, Clause *(b)* of Act III of 1871, making it obligatory on the Currency Department to issue notes against silver bullion sent in, be temporarily suspended, at the discretion of Government; and that, during such suspension, or till further notice, it be not lawful to import coined rupees from any foreign port."

Read—

A further letter from the Secretary to the said Chamber, dated 22nd July, forwarding copy of the proceedings of the Chamber at the Special General Meeting aforesaid.

In this letter, the Committee of the Chamber, while recognising the difficulty of the position of the Government of India, remarks that "the uncertainty that has hitherto shrouded the action of Government has been attended with serious consequences to merchants and bankers, and will so continue to attend their transactions so long as they are kept in ignorance of the course of action the Government propose to take." The Committee therefore "expresses a hope that His Excellency the Viceroy will, in the interests of commerce and of the country generally, accede to the prayer of the first Resolution of the Meeting, and make public the intentions of the Government."

As to the second Resolution, the Committee point out that its object is "not to prohibit coinage altogether; for that would be likely to bring about a collapse of credit; but to place all coinage in the hands of the Government to be exercised at their discretion." "It appears to the Committee suicidal" for the Secretary of State to allow the competition of bar silver with the rupees which he has to offer to those requiring money in India, and that to suspend the free conversion of silver bullion into legal-tender coin is "not only a wise and reasonable, but a necessary, precaution for the Government of India to take for the preservation of their own currency, and to support the credit of their own loans, as well as to prevent the country from being swamped by silver sent in by foreign nations."

The Committee argue that the fact that the Government of India is compelled "to put their Mint stamp to all silver" sent to India "has given an artificial and fictitious value to silver, which would cease as soon as the law is suspended. Bar silver would then, gradually, fall to its own intrinsic value; and the extent to which it is depreciated would be soon gauged; whereas now, it is impossible to say how much its value is appreciated by our present 'open coinage system.'"

"When all Europe is closing its door against the import of silver with the avowed object of having as little of the metal as possible, should the depreciation be found permanent, it seems most impolitic," the Committee think, "to keep ours wide open for the reception of an unlimited quantity costing the country, through our coinage laws, far more than its real intrinsic value." The Committee "can see no valid reason against" the immediate adoption by the Government of the second Resolution of the Meeting, and consider that "the objections brought against it have been based either on a misconception of its real scope, or on abstract principles (ignored by other States); whereas the position of affairs is altogether exceptional, and ordinary rules do not apply." The Committee represent that "the measures recommended in the Resolution are not more stringent than, (in fact scarcely so stringent as), the first financiers in Europe have found it necessary to adopt."

Lastly, the Committee point out that "there was a third proposition put before the Meeting, recommending the adoption of a gold standard which, in deference to the feeling apparent among members present, was temporarily withdrawn;" and they refer the Government to the debate at the Meeting upon this proposal.

A letter, dated 1st August 1876, received in the Legislative Department from the Secretary, Calcutta Trades' Association, forwarding a Memorial from the Master, Wardens, and Committee of the Association, to His Excellency the Viceroy and Governor General of India in Council.

In this document the memorialists represent that they have, for many months past, been suffering great loss from the low rate of exchange, which bids fair to paralyse trade. The memorialists join earnestly with the Bengal Chamber of Commerce in urging on the Government the importance of declaring the policy it intends to pursue for the remedy of this evil, and pray that the policy of a temporary suspension of the compulsory coinage of silver may receive the early consideration of Government.

The memorialists further express great satisfaction at the desire manifested by the Government to encourage local manufactures, and suggest a relaxation of the Rules against the purchase of imported stores for the Government, in India.

The Report by the Select Committee of the House of Commons on Depreciation of Silver with the Proceedings of the Committee, ordered by the House of Commons to be printed on the 5th July 1876.

OBSERVATIONS.—The Government of India has been, for many months past, anxiously engaged in investigating the causes of the present depression of silver relatively to gold, and its effects upon the financial, commercial, and social interests of this Empire.

2. For 40 years before 1873 the price of silver in London was never less than 59*d.*, and for 22 years, never less than 60*d.*, per ounce. From 1872 to 1875 the price fell to nearly 56*d.* Since then it has fallen, with alarming rapidity; the price of silver having been, at one time, quoted at 46*d.* per ounce. There has, indeed, been a subsequent reaction; but, although the price of silver lately rose to 54*d.*, it has again declined; nor can any term be, as yet, predicted to the continued oscillation in the relative values of the precious metals.

3. A fall so sudden, and so prolonged, in the price of the metal forming the legal tender of this Empire could not fail to affect injuriously its monetary transactions with England. The Government of India has to pay, in London, annually, in gold, about fifteen millions sterling. The greater part of this yearly charge is unavoidable, and permanent. The interest, for instance, on the sterling debt of India, and on the capital of the Guaranteed Railway and Irrigation Companies (amounting altogether to about 7 millions sterling); the pensions and annuities to retired officers of the Government, both civil and military, and their families (about 2¾ millions sterling); that portion of the military expenditure which consists of pay and allowances; and most of the disbursements from the Home Treasury;—are all fixed by contract or honorable obligation, and cannot be reduced at discretion. Any divergence of the normal relative values of gold and silver must therefore have a most important bearing on the finances of the Indian Empire; and should such divergence be prolonged for any considerable length of time, it would be incumbent on the Government either to raise its Revenue, or to reduce its Expenditure, or to resort to both these expedients, in order to restore financial equilibrium.

4. In common with the Government, its chief civil and military officers, who, being of British birth, are under the necessity of remitting some considerable

part of their earnings to their native land, must suffer heavily, their official incomes being fixed in silver, for a given quantity of which they will get a less quantity of gold. Moreover, all persons of the same nationality, who have placed their savings in the securities of the Government of India, or have invested capital in local industries, lie under a similar obligation to transmit a large portion of their profits to Great Britain, and are exposed to the same substantial loss. The Government cannot be indifferent to the interests of these classes. Nor are theirs the only interests affected: the violent fluctuation in the rate of exchange has had a baneful and disturbing effect upon commerce; while the fall in silver, as compared with gold, has seriously checked and depressed the import trade. It is true that whenever an equilibrium may be reached, the exigencies of commerce will adapt themselves to any new ratio of value between the two metals; but it may be long before a stable adjustment of relative value is again attained, and meanwhile the mercantile world must suffer.

5. Such being the magnitude of the evil, and such the extent and variety of the interests involved, the Bengal Chamber of Commerce and the Trades' Association of Calcutta were, without doubt, fully warranted in addressing the Governor General in Council on the subject, and in urging the adoption of measures which, in their opinion, are calculated to remove, or alleviate, the misfortune. The Governor General in Council deems it due to these Associations, and to the public at large, that, after careful consideration of the proposals thus put forward, the Government should make known the reasons which have convinced it that none of them can at the present moment be adopted without inflicting on the country greater evils than those which they are designed to remedy.

6. The present disturbance in the equilibrium of the precious metals must be due to one of the following causes—

(1) *the value of gold being unchanged, the value of silver is fallen;*
or (2) *the value of silver being unchanged, the value of gold is risen;*
or (3) *the value of gold is risen and the value of silver is fallen;*
or (4) *the value of both metals is risen; but the value of gold is risen more than that of silver;*
or (5) *the value of both metals is fallen; but the value of silver is fallen more than that of gold.*

The character of the remedies indicated if the disturbance is found to be due to a rise in the value of gold, will, obviously, differ from what would be suitable in the case of a fall in the value of silver; and to enable the Government to choose the right course among those open to its adoption, it is essential that it should ascertain which of these five possible causes of the disorder is the true cause. Should this be impossible, the Government must either defer action, or, if action cannot be deferred, take that course which, according to its best judgment, will do the least harm to the whole body politic, and produce the least injustice.

7. Now, the proposals of the Bengal Chamber of Commerce and the Calcutta Trades' Association, as well as nearly all the suggestions which have been made in the public journals on this subject, start from the assumption that, of the five possible causes of the present disorder, either the first is certainly the true cause, *viz.*, that the value of silver has fallen, the value of gold remaining unaltered; or that, in any case, the disorder is directly attributable to the altered value of silver, irrespective of any change that may have simultaneously occurred in the value of gold.

8. Accordingly, the Chamber invite the Government to take a measure calculated to enhance indefinitely the value of the rupee, by suspending the long-established legal right of all comers to have silver bullion manufactured, upon uniform conditions, under State supervision, into legal-tender coin, and temporarily substituting a system of coinage at the discretion of the State. It is obvious that the effect of such a measure must eventually be a fall in prices; which, as prices have not hitherto risen, would be an unjustifiable interference with private interests.

9. Silver is, at present, as it has long been, the legal standard of value in India. The first condition necessary for constituting and maintaining any metal a standard of value, is what the Committee designate, with some apparent disapproval, as "the open coinage system." If restriction be put, in any country, upon the coinage of a metal, the value of the metal ceases, *ipso facto*, to be the standard of value in that country. Thus, if the Government of India were to adopt the suggestion of the Chamber, silver would no

longer be the standard of value in India, but another standard would be substituted, *viz.*, the monopoly value of the existing stock of rupees, tempered by any additions made to it either by the Government, or in an illicit manner. If no such additions were made, the value of the rupee would gradually, but surely, rise; just as the value of any commodity in general use, must rise if its supply be cut off.

10. Under such conditions there can be no doubt that the mint stamp of the Government would give "an artificial" (though not a "fictitious") value to every disc of silver on which it was impressed, just as it does in the case of any token or subsidiary coin, or as the signature of the representative of Government does to a currency note. But the Government of India is unable to agree with the Chamber that, so long as silver is freely coined, on uniform conditions, for all comers, the mint-stamp gives any artificial or fictitious value to the pieces which are thus converted into rupees; except in so far as the cost of manufacture, including the duty of seignorage, causes their value to differ from that of an equal weight of standard silver. The stamp of the mint certifies to the weight and purity of the silver contained in each disc on which it is impressed, and so saves the labor and cost of weighing and assaying the coin each time it changes hands; but, except by adding to it the cost of the process of coinage, including the duty of seignorage, it has no effect whatever upon the value of the disc, any more than have the shroffs' marks upon coins, still common in some parts of India.

11. It is essential to a sound system of currency that it be automatic. No man, or body of men, can ascertain whether, at any particular moment, the interests of the community, as a whole, require an increase or diminution of the currency; still less, how much increase or how much decrease is, at any moment, exactly needed. No Government which aspires to keep its currency in a sound condition, would be justified in attempting that impossible task; or in leaving the community, even for a short interval, without a fixed metallic standard of value. Under an "open coinage system," these things regulate themselves without official interference.

12. The Chamber has, apparently, misunderstood the action of the various European States, quoted in support of its Resolution. No European States, so far as the Government of India is aware, except indeed those with inconvertible paper currencies, have, in abandoning a silver standard of value, left themselves without a fixed metallic standard. All those States which have recently abandoned silver as a standard, have simultaneously adopted a gold standard. When Germany ceased to coin silver, she opened her mints to gold. So did the Netherlands. So did the Scandinavian Kingdoms. The case of the countries associated under the name of the Latin Convention is not different in principle: their standard was alternative; either silver or gold, according as gold was worth more or less than $15\frac{1}{2}$ times its weight in silver. These countries have, now, suspended the free coinage of silver, and so reverted, for the time being, to a sole gold standard: but none of them, except those whose currency is inconvertible paper, have been for a day without a fixed metallic standard of value.

13. It remains for the Governor General in Council to notice the argument urged by the Chamber of Commerce, that the extent to which bar silver is depreciated can only be gauged if the Government of India ceases to coin silver for all comers; and that it is impossible to say how much its value is appreciated by the present "open coinage system."

14. The value of every commodity—of gold and silver as much as of others—depends, on the one hand, upon the supply; on the other, upon the demand for the commodity, and that, again, upon the uses made of it. The principal demand for the precious metals is for manufacture into money for use as instruments of exchange and for hoarding. If either gold, or silver, or both, were wholly deprived of this field of employment, it is impossible to say how low the value of either metal, or of both of them, would sink. The Government of India is not aware that any commodity has an "intrinsic value of its own," apart from the demand for its use.

15. The main cause of the recent divergence of the values of gold and silver appears, from the evidence collected on the subject, to be the substitution of gold for silver as the standard of value, and, therefore, as legal-tender money, by several European nations; and there is no reason to doubt that if gold were substituted for silver as the standard of value, and, so, as the material of money, or even if the free coinage of silver on fixed conditions, into legal-tender money were suspended in British India, the effect upon the relative values of the two metals would be very considerable. But no practical object would be served by endeavouring to ascertain what would be the relative values of the two metals under conditions so widely differing from those which govern the present situation.

16. The Governor General in Council observes that the Committee of the Bengal Chamber of Commerce, when asking the Government of India to close Her Majesty's mints to the free coinage of silver into legal-tender money, would have advised the simultaneous adoption of gold as the sole standard of value in India; but that the Chamber was not prepared to adopt the suggestion. Such a recommendation would not have been open to the objections that appear to the Governor General in Council fatal, *in limine*, to the adoption of the Resolution actually advocated by the Chamber, *viz.*, to close the mints, temporarily, to the free coinage of the one metal into legal-tender money, without, simultaneously, opening them to the free coinage of the other into legal-tender money.

17. It is, however, the opinion of His Excellency in Council that there is nothing, as yet, in the nature of existing circumstances, notwithstanding the inconveniences and anxieties which they undoubtedly involve, demanding recourse to a measure so costly, and of which all the requisite conditions are, at present, so uncertain.

18. The divergence now noticeable in the values of gold and silver does not necessarily prove a diminution in the value of silver. It may be equally well accounted for by a rise in the value of gold; and, in fact, it is probable that, since the commencement of this divergence in November 1872, there has been an increase in the value of gold as well as a decrease in the value of silver. The actual values, measured in silver, of general commodities, whether in India or in England, afford, as yet, no evidence of any recent, sudden, or violent fall in the value of silver; and, if *a priori* considerations strongly indicate that silver must have fallen, such considerations also make it probable that gold must have risen, in value.

19. Appended to this Resolution is a series of tables of prices in London and in India, the information contained in which points to two conclusions—

1*st.*—That gold has risen in value since March 1873, and especially since last December.

2*nd.*—That it is not shown that silver has fallen in value, *i. e.*, as compared with commodities in general, either in London or in India, during the same period.

These conclusions are open to correction on a wider review of the economical causes which have been at work during the period: but they appear to indicate a rise in the value of gold as at least one of the causes which have disturbed the equilibrium of the two metals. The bearing of both conclusions upon the questions now before the Government of India is important.

20. It appears to the Governor General in Council, from studying the Report of the Select Committee of the House of Commons, and from such independent investigations as he has been able to make, that the recent divergence of the values of gold and silver is attributable to the following causes:—

(1) the substitution of gold for silver as a standard of value by Germany, the Netherlands, and the Scandinavian Kingdoms; as well as what virtually amounts to the temporary adoption of a sole gold standard in place of their customary alternative standard of silver and gold, by the Countries of the Latin Convention:

(2) the increased production of silver in the United States of America:

(3) the decreased demand for silver in India.

Of these three causes, the first appears to the Government of India to have been up to the present time, the most efficient.

21. The steady equilibrium so long maintained between gold and silver may, doubtless, be attributed to the fact of the two metals having shared, without material change, the only great field for the employment of either of them. This equilibrium has been disturbed by the recent rapid supersession of silver by gold, as the standard of value, in the richer countries in Europe; a fact calculated, *a priori*, to raise the value of gold no less than to depress the value of silver.

22. As to the second cause, *viz.*, the recent increased yield of silver in the United States of America; the Governor General in Council observes that, hitherto, this is chiefly due to the productiveness of one lode—the famous Comstock lode in Nevada—the ore of which yields gold and silver in nearly equal values, one-twentieth part of the produce being gold. The contents of the lode, though vast, are yet limited. The largest responsible estimate hitherto made gives the ultimate yield of the entire lode at about £60,000,000, of which the silver portion would be somewhat above £30,000,000. From various causes, but little of the increased produce has hitherto been offered for sale in Europe: and, excepting in the way

of (a perhaps exaggerated) apprehension as to their future productiveness, the American mines have not probably, as yet, had any important share in reducing the value of silver measured in gold. It is also to be remembered that the cost of production in these rich mines will not rule the market price of silver: the price will be regulated by the expense of production in the poorest mines which the demand for silver keeps in working: the difference will go as profit to the owners, and will not affect the market price. If the event should prove that the price of silver is for the future lowered, then in proportion to such fall, the poorer mines will be closed, and the production of silver to that extent diminished.

23. As regards the third cause, *viz.*, the decreased demand for silver in India, the subjoined table shows (in crores of rupees) the net imports of treasure into India, by sea, since the beginning of the century:

From	To	Number of years.	Net imports.			Average yearly imports.			Proportion per cent. of gold to total imports.	Borrowed, including Guaranteed Railway Capital.

* These figures are only approximately correct; their distribution between gold and silver cannot at present be stated.

24. During the third of the periods separated in this table, the Crimean War transferred from Russia to India a substantial demand for oil-seeds and fibres.

During the fourth period, large sums of money were borrowed in England for the repression of the Indian Mutiny, and the American Civil War vastly enhanced the value of the raw cotton of India; this enhancement was not exhausted during the fifth period. The circumstances of these two periods were altogether abnormal.

Even during the sixth period, a considerable amount was borrowed abroad, to relieve the distress arising from the failure of the rains of 1873 in Northern Bengal.

During the whole epoch from 1850 to 1876, there was a very large expenditure of capital, borrowed for the most part, directly or indirectly, in England, on the construction of Railways and Canals in India.

25. It is clear that, throughout the last 26 years, exceptional causes have operated to increase the amount of treasure required to settle the accounts of India with external countries. Under normal circumstances, the yearly demand of India for treasure has never been very considerable: moreover, a large and, till lately, increasing proportion of the treasure imported has always been gold. Doubtless, if the abnormal demand of the 17 years, 1855 to 1872, had been permanently maintained, it would have favorably affected the values of the precious metals; but it is not certain that even such a demand would have greatly raised the value of silver relatively to gold; and its recurrence can only be anticipated if money should again be borrowed largely from abroad, either by the Government or otherwise. Apart, however, from other considerations which suggest the inexpediency of adding to the existing debt of India, the Governor General in Council is of opinion that the uncertainty as to the future relative value of silver and gold renders it highly inexpedient that, for the present, any public loan should be incurred, implying future obligations to be discharged in gold: if money be needed by the State, for the prosecution of Extraordinary Works, it must be borrowed in India, and in the currency of India.

26. With such facts before them, the Government of India apprehend that if loans be no longer raised in England, the excess of the export over the import trade of India will not more than suffice to meet the obligations arising from the Secretary of State's demands and those of private remitters; and there consequently appears no reason to expect that India (as the Chamber anticipate) will be flooded with depreciated silver.

27. On a review of all that has been advanced, the Governor General in Council, while deeply sympathising with the losses of individuals, and the disturbance of trade caused by the fall in the exchange value of the Indian currency, is still unable to recognise any of the proposals which have been put forth as calculated to afford relief without inflicting on the country losses greater than those under which it at present labours. Nevertheless, the anxious solicitude of the Government of India will continue to be directed to the subject, and to the consideration of any suggestions designed to ameliorate the existing evil.

28. The investigations prosecuted up to the present moment, have led the Government to the following conclusions:—

1*st.*—That the divergence of the values of gold and silver is not necessarily attributable only to a diminution in the value of silver; that there are strong reasons for believing that gold may have increased, as well as that silver has decreased, in value; and that this consideration must have an important bearing on the action of Government, in reference to the present disorder.

2*ndly.*—That, although it is most desirable in the interests of trade, that the standard of value in India should be the same as the standard of value in the chief countries with which India interchanges commodities, yet trade will not be permanently injured by a fall in the value of the rupee measured in gold, provided only that a fresh stable equilibrium of the precious metals be attained.

3*rdly.*—That, up to the present moment, there is no sufficient ground for interfering with the standard of value.

29. The Governor General in Council has, consequently, by the Resolution No. 1967, dated 31st July 1876, and now read again, already taken other steps for endeavouring to bring the revenue and expenditure of the current year into equilibrium. Nothing has occurred, since the issue of that Resolution, materially to lessen the apprehensions, or alter the opinions, therein expressed by His Excellency in Council.

30. Meanwhile, it is important that the Government should continue to use the resources at the disposal of the State for the development of the trade and productions of India. The Governor General in Council does not, therefore, intend to discontinue borrowing, for the construction of public works the remunerative character of which is thoroughly established, as much money as can be judiciously expended on them; provided always that money can be raised for the purpose on advantageous terms in the country itself. There are, in the judgment of the Governor General in Council, grave objections to any present increase of the liabilities of India fixed in gold.

31. The suggestion in the memorial from the Calcutta Trades' Association, as to the purchase of stores for Government use in India, rather than in England, has already received, and will continue to receive, the attention of the Government, both in England and in India. But, whatever the condition of the exchanges, there are various other circumstances which must, in the opinion of the Government of India, be taken into consideration in the determination of this question.

32. In conclusion, the Government desires to correct an important misapprehension manifested in the letter from the Chamber of Commerce, dated 22nd July 1876. The Rs. 2,33,20,000 provided in the estimates of the current year under the adjusting head, *Loss by Exchange*, was covered by the estimated Revenue of the year; credit was not taken for any borrowed money as if it were revenue: nor will the excess amount, borrowed during the year by the Secretary of State, be treated as Revenue, or set against the ordinary Expenditure of the year.

Ordered, that this Resolution be communicated to the Bengal Chamber of Commerce and the Calcutta Trades' Association, and to the Bombay and Madras Chambers of Commerce;

that copy be sent to each Department of the Government of India, and each Local Government and Administration;

and that it be published in a *Gazette of India Extraordinary*.

Secretary to the Govt. of India.

TABLE No. I.

Wholesale prices (i. e., values measured in Silver) at Calcutta of certain staple commodities compared with prices in January 1850, *and assuming the price of each commodity in that month as* = 100.

From July 1843 to July 1876.

[Note.—The prices in this Table and Table No. II are those quoted in the Calcutta Overland Price Current. They show a general rise in prices, in other words, a fall in the value of silver since 1850; but no general rise in prices, in other words, no rise in the value of silver, since 1873, or even during the current year.]

"The construction is as follows:—The basis of 100 represents the average prices of the six years 1845-50, and all the subsequent figures are calculated from that datum line. Thus, as regards *Coffee* (col. 2), the price of 1st July 1857, was equal to 151, or 50 per cent. above the average prices of 1845-50. In order to ascertain the *percentage* rise or fall between one date and another—as, for example, *Coffee*—comparing 1st July 1857, when the figure was 151, with 1st January 1866, when the figure was 179, or a difference of 28, the rise per cent. has to be measured with the quantity 151, and gives of course a result of 19 per cent. as the real advance. In the course of so long a period of years as 1845-71, some variations have inevitably arisen in the mode of quoting prices in the usual Prices Current. In all such cases, the nearest approach possible has been made to a *uniform* quotation throughout the Table. In the Cotton especially, there have been considerable changes of *qualities*, introduced by the large use of Indian and other kinds. In *Tea* and *Sugar* also, changes have occurred in the kinds most usually quoted.

The col. "*Total Index No.*" is the total for each date of all the percentage columns reduced proportionally again. The "*Total Index No.*" does not, of course, present a full and accurate representation of the variations of prices, inasmuch as it cannot allow for the relative importance of the different articles. *Wheat*, for example, reckons for no more in the "*Total Index No.*" than *Indigo*; and during the years of the high price of *Cotton* and *Cotton Fabrics*, the Total Index No. is unduly raised by that special cause. Still the Total Index No. read with the needful qualifications, may suggest important inferences." (*Notes reproduced from the "Economist."*)

NOTE.—The prices of March 1873 were inflated owing to special circumstances; but the quotations from which this table is calculated are not forthcoming from an earlier period. Moreover, March 1873 is near the date, November 1872, when the values of gold and silver began to diverge.

VICTORIA R.

WHEREAS WE deem it expedient to revise the Regulations which at present govern the issue of Medals and Gratuities for Long Service and Good Conduct awarded to Non-Commissioned Officers and Soldiers of Our Army on discharge, OUR WILL AND PLEASURE IS that Articles 896 to 910 of Our Warrant of 27th December 1870 be cancelled, and that the following Regulations be substituted in lieu thereof:

1. A silver medal, having on one side the words "For Long Service and Good Conduct," and on the other side Our Royal Arms, with the name and rank of the soldier, shall be presented in Our name by the Commanding Officer on parade, to each soldier awarded a gratuity, and shall be worn by him, as an honourable testimonial of Our approbation of his conduct.

2. A gratuity, the amount of which shall be fixed by Our Secretary of State for War, from time to time, but not exceeding Five Pounds in amount, shall be granted, on the recommendation of Our Commander-in-Chief, in addition to ordinary pension on discharge, to Non-Commissioned Officers on the Staff of Our Army, to Non-Commissioned Officers and Men of European Regiments, and to European Non-Commissioned Officers of Black Regiments, who shall have served in Our Army for 18 years with an irreproachable character, and either shall not have been convicted by a Court-Martial during that period, or shall have been relieved from the consequences of such conviction under the circumstances specified in Article 5.

3. A gratuity, the amount of which shall be fixed by Our Secretary of State for War, from time to time, but not exceeding Three Pounds in amount, shall be granted, on the same conditions, in addition to ordinary pension on discharge, to Non-Commissioned Officers, not being Europeans, and Men of Black Regiments.

5. A Non-Commissioned Officer convicted by Court-Martial and reduced to the ranks for any other offence than those specified in the 81st and 168th Articles of War (1875) shall be relieved of the consequences of such conviction as affecting his claim to be recommended by Our Commander-in-Chief for the gratuity and Medal after a probation of five years' continuous good conduct from the date of reduction.

6. An Army Schoolmaster shall not be entitled to the Gratuity, but he shall be entitled to the Medal for Long Service and Good Conduct.

7. If the soldier to whom such gratuity is awarded be still serving in Our Army, such gratuity shall, with the sanction of Our Secretary of State, be deposited in the Regimental Savings' Bank. It shall there accumulate at interest until the discharge of the soldier entitled thereto, but it shall be subject to forfeiture by desertion or on the sentence of a General, Garrison, or District Court-Martial, or by a conviction for felony in a Court of Criminal Judicature. No. 1009 *of* 1876.—The following Articles of the Royal Warrant of the 1st April 1876 are declared applicable to India, and republished for general information, together with the instructions of the Secretary of State thereon :—

Royal Warrant, dated the 1st April 1876.

Deferred Pay.

21. An addition of 2*d.* a day shall be made to the daily pay of soldiers serving in Our Army on, and subsequently to, the 1st April 1876, during such portion of the first twelve years of their Army Service as may be rendered after that date, subject to the forfeitures specified in Articles 25 and 26.

22. The issue of this Pay shall be deferred until the soldier completes his Army Service, whether on final discharge from Our Army, or on entering the first class of the Army Reserve; and shall be made in such manner as may be prescribed in Regulations issued by Our Secretary of State.

23. Soldiers who are discharged before completing their Army Service, whether by purchase or on account of unfitness for further service, or in consequence of the reduction of the Military Establishment, shall receive, after discharge, the amount of Deferred Pay due to them.

24. In the case of soldiers who die in Our Service, the amount of Deferred Pay which may have accrued to them to the date of death shall be disposed of in accordance with the Regulations for the collection and disposal of the effects of deceased soldiers, laid down in the Regimental Debts Act, 1863.

25. Deferred Pay shall be forfeited for the day or days for which a soldier has forfeited the privilege of reckoning his service towards Good-Conduct Pay and Pension under the rules laid down in Our Warrant of the 27th December 1870, as amended by Our Warrant of the 29th May 1875.

26. Deferred Pay shall also be forfeited on conviction of desertion, or by sentence of a General, District, or Garrison Court-Martial, or by conviction of felony by a Court of Civil Judicature, for all periods prior to such conviction or sentence; but if the soldier thus convicted shall, subsequently to such conviction, perform good, faithful, or gallant service, he may, on the same being duly certified by Our Commander-in-Chief, have the whole or any part of his Deferred Pay restored to him, upon Our pleasure to that effect being signified by Our Secretary of State.

Secretary of State's Instructions on the foregoing Warrant.

Deferred Pay.

2. Soldiers who, on the recommendation of their Commanding Officers, and with their own free assent, are permitted after three years' Army Service, to pass to the Army Reserve, will receive the Deferred Pay due to them for their Army Service, when they shall have completed the number of years' Reserve Service which, with their Army Service, will amount to six years, the computation being made in accordance with the rules laid down in Article 25 of the foregoing Warrant.

2. Soldiers enlisted for short service, with the exception of those who are permitted after three years' Army Service to pass to the Army Reserve before completing their Army Service, will receive, on the completion of their Army Service, the amount of Deferred Pay to which they are entitled.

4. Soldiers enlisted for short service, who are recommended for permission to extend the terms of their engagement so as to complete 12 years' Army Service, will be credited in their pocket ledgers, with the amount of Deferred Pay to which they may be entitled at the end of six years' Army Service, and they will receive it after their discharge, in the manner directed in paragraph 6, together with the amount of simple interest which may have accrued thereon at 2*l.* 10*s.* per cent per annum as allowed by the Post Office Savings Bank Regulations. The Commanding Officer will in each case certify in the pocket ledger the date on which the man completed his six years' Army Service.

5. Soldiers who have re-engaged to complete a total service of 21 years, will, on the completion of 12 years' Army Service, in like manner be credited in their pocket ledgers with the further amount of Deferred Pay to which they may be entitled, and they will receive it on final discharge, together with the amount of simple interest allowed by the Post Office Savings Bank Regulations which may have accrued thereon, in the manner directed in paragraph 6. The Commanding Officer will in each case certify in the pocket ledger the date on which the man completed his 12 years' Army Service.

6. The amount due to a soldier on his discharge from Army Service will not, except in the cases specified in Article 23 of the foregoing Warrant, be paid to him at the depôt or place of discharge, but will be remitted to his intended place of residence, and be paid to him, together with the simple interest which may have been credited to him while serving, at such intervals, and in such proportions, as may be determined on.

PENSIONS AND GRATUITIES.

The 6th October 1876.

No. 3284.—With the sanction of Her Majesty's Secretary of State for India, the Governor General in Council directs that the following modifications be made in the Civil Pension Code:—

(*The following is to be substituted for Section* 12.)

"Service as an apprentice, or in Bengal as a supernumerary Assistant Surgeon does not qualify; and except for compensation gratuity, superior service, before completion of twenty-two years of age, does not qualify. But this restriction does not apply to officers appointed to the service under the Regulations of the Royal Indian Engineering College at Cooper's Hill, or specially educated in Europe for the Forest Department under Regulations made by the Secretary of State."

(*The following is to be inserted as Section* 12*A in Chapter III.*)

"The service of an officer appointed to the service under the Regulations of the Royal Indian Engineering College at Cooper's Hill, or specially educated in Europe for the Forest Department under Regulations made by the Secretary of State, counts from the date of the despatch appointing him to the service unless any special date of appointment be fixed in the despatch announcing it to the Government of India. But this privilege is forfeited unless the officer land in India within three months from the date of his appointment. In such cases, his service, like the service of any Civil Engineer appointed in England, counts from the date on which he lands in India."

(*The following is to be inserted as an exception under Section* 41.)

"*Exception.*—In the case of an officer appointed to the service under the Regulations of the Royal Indian Engineering College at Cooper's Hill and of an officer specially educated in Europe for the Forest Department under Regulations made by the Secretary of State, furlough to the following extent counts as service:—

Service from date of appointment.	*Furlough counts as service.*
Under 20 years ...	... None.
20 years ...	... 2 years.
25 „ ...	... 3 „
30 „ ...	... 4 „
35 „ ...	... 5 „ „

(*The following is to be inserted as case (e) under Section* 61.)

"(*e.*) When on the ground of his previous experience a Civil Engineer is appointed specially to the service of the Government in the Department of Public Works with initial rank higher than that of a first grade Assistant Engineer, the Secretary of State will at the time of the engagement of the officer sanction such a departure from the rules of this Code in his favor as may be agreed upon."

No. 3316.—The Governor General in Council directs the substitution of the following for case (*a*) and (1) of Section 61 of the Civil Pension Code:—

(*a.*) To the following officers not being natives of Asia, pension is admissible after three years less service than is required from other officers, provided that they began service after twenty-five years of age:—

(1). Directors of Public Instruction, Inspectors of Schools, Principals and Professors of Colleges, and Head Masters of Colleges and High Schools.

No. 3318.—The Governor General in Council directs the substitution of the following for Rule 1 under Section 52 of the Civil Pension Code:—

An officer who has submitted a medical certificate of incapacity for further service must not (except for special reasons to be reported to the Local Government) be retained in the service pending the decision on his application for pension. Without the further special sanction of the Local Government, service after the date of a medical certificate can in no case count for pension. The object of this rule is to discourage tentative applications. But an inferior servant or a police officer below the rank of Head Constable who, in the opinion of the head of his office, is fit for light work, may be retained in employment till his pension or gratuity is sanctioned, provided that his place is not filled up till he retires, and that his service counts only to the date of his medical certificate.

[15th August 1876.]

BE it enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

Preliminary.

Short title.

1. This Act may be cited as the Merchant Shipping Act, 1876.

Construction of Act.

2. This Act shall be construed as one with the Merchant Shipping Act, 1854, and the Acts amending the same; and the said Acts and this Act may be cited collectively as the Merchant Shipping Acts, 1854 to 1876.

Commencement of Act.

3. This Act shall come into operation on the first day of October 1876 (which day is in this Act referred to as the commencement of this Act); nevertheless any Orders in Council and general rules under this Act may be made at any time after the passing of this Act, but shall not come into operation before the commencement of this Act.

Unseaworthy Ships.

Sending unseaworthy ship to sea a misdemeanour.

4. Every person who sends or attempts to send, or is party to sending or attempting to send a British ship to sea in such unseaworthy state that the life of any person is likely to be thereby endangered, shall be guilty of a misdemeanour, unless he proves that he used all reasonable means to insure her being sent to sea in a seaworthy state, or that her going to sea in such unseaworthy state was, under the circumstances, reasonable and justifiable, and for the purpose of giving such proof he may give evidence in the same manner as any other witness.

Every master of a British ship who knowingly takes the same to sea in such unseaworthy state that the life of any person is likely to be thereby endangered shall be guilty of a misdemeanour, unless he proves that her going to sea in such unseaworthy state was, under the circumstances, reasonable and justifiable, and for the purpose of giving such proof he may give evidence in the same manner as any other witness.

A prosecution under this section shall not be instituted except by or with the consent of the Board of Trade, or of the Governor of the British possession in which such prosecution takes place.

A misdemeanour under this section shall not be punishable upon summary conviction.

Obligation of shipowner to crew with respect to use of reasonable efforts to secure seaworthiness.

5. In every contract of service, express or implied, between the owner of a ship and the master or any seaman thereof, and in every instrument of apprenticeship whereby any person is bound to serve as an apprentice on board any ship, there shall be implied, notwithstanding any agreement to the contrary, an obligation on the owner of the ship, that the owner of the ship, and the master, and every agent charged with the loading of the ship, or the preparing thereof for sea, or the sending thereof to sea, shall use all reasonable means to insure the seaworthiness of the ship for the voyage at the time when the voyage commences, and to keep her in a seaworthy condition for the voyage during the same: Provided, that nothing in this section shall subject the owner of a ship to any liability by reason of the ship being sent to sea in an unseaworthy state where, owing to special circumstances, the so sending thereof to sea is reasonable and justifiable.

Power to detain unsafe ships, and procedure for such detention.

6. Where a British ship, being in any port of the United Kingdom, is by reason of the defective condition of her hull, equipments, or machinery, or by reason of overloading or improper loading, unfit to proceed to sea without serious danger to human life, having regard to the nature of the service for which she is intended, any such ship (hereinafter referred to as "unsafe") may be provisionally detained for the purpose of being surveyed, and either finally detained or released, as follows:

(1.) The Board of Trade, if they have reason to believe on complaint, or otherwise, that a British ship is unsafe, may provisionally order the detention of the ship for the purpose of being surveyed.

(2.) When a ship has been provisionally detained there shall be forthwith served on the master of the ship a written statement of the grounds of her detention, and the Board of Trade may, if they think fit, appoint some competent person or persons to survey the ship and report thereon to the Board.

(3.) The Board of Trade on receiving the report may either order the ship to be released or, if in their opinion the ship is unsafe, may order her to be finally detained, either absolutely, or until the performance of such conditions with respect to the execution of repairs or alterations, or the unloading or reloading of cargo, as the Board think necessary for the protection of human life, and may from time to time vary or add to any such order.

(4.) Before the order for final detention is made a copy of the report shall be served upon the master of the ship, and within seven days after such service the owner or master of the ship may appeal in the prescribed manner to the court of survey (hereinafter mentioned) for the port or district where the ship is detained.

(5.) Where a ship has been provisionally detained, the owner or master of the ship, at any time before the person appointed under this section to survey the ship makes such survey, may require that he shall be accompanied by such person as the owner or master may select out of the list of assessors for the court of survey (nominated as hereinafter mentioned) and in such case if the surveyor and assessor agree, the Board of Trade shall cause the ship to be detained or released accordingly, but if they differ, the Board of Trade may act as if the requisition had not been made, and the owner and master shall have the like appeal touching the report of the surveyor as is before provided by this section.

(6.) Where a ship has been provisionally detained, the Board of Trade may at any time, if they think it expedient, refer the matter to the court of survey for the port or district where the ship is detained.

(7.) The Board of Trade may at any time, if satisfied that a ship detained under this Act is not unsafe, order her to be released either upon or without any conditions.

(8.) For the better execution of this section, the Board of Trade, with the consent of the Treasury, may from time to time appoint a sufficient number of fit officers, and may remove any of them.

(9.) Any officer so appointed (in this Act referred to as a detaining officer) shall have the same power as the Board of Trade have under this section of provisionally ordering the detention of a ship for the purpose of being surveyed, and of appointing a person or persons to survey her; and if he thinks that a ship so detained by him is not unsafe may order her to be released.

(10.) A detaining officer shall forthwith report to the Board of Trade any order made by him for the detention or release of a ship.

Constitution of court of survey for appeals.

7. A court of survey for a port or district shall consist of a judge sitting with two assessors.

The judge shall be such person as may be summoned for the case in accordance with the rules made under this Act out of a list (from time to time approved for the port or district by one of Her Majesty's Principal Secretaries of State, in this Act referred to as a Secretary of State) of wreck commissioners appointed under this Act, stipendiary or metropolitan police magistrates, judges of county courts, and other fit persons; but in any special case in which the Board of Trade think it expedient to appoint a wreck commissioner, the judge shall be such wreck commissioner.

The assessors shall be persons of nautical engineering or other special skill and experience; one of them shall be appointed by the Board of Trade, either generally or in each case, and the other shall be summoned in accordance with the rules under this Act by the registrar of the court, out of a list of persons periodically nominated for the purpose by the local marine board of the port, or, if there is no such board, by a body of local shipowners or merchants approved for the purpose by a Secretary of State, or, if there is no such list, shall be appointed by the judge; if a Secretary of State thinks fit at any time, on the recommendation of the government of any British possession or any foreign state, to add any person or persons to any such list, such person or persons shall until otherwise directed by the Secretary of State, be added to such list, and if there is no such list shall form such list.

The county court registrar or such other fit person as a Secretary of State may from time to time appoint shall be the registrar of the court, and shall, on receiving notice of an appeal or a reference from the Board of Trade, immediately summon the court in the prescribed manner to meet forthwith.

The name of the registrar and his office, together with the rules made under this Act relating to the court of survey, shall be published in the prescribed manner.

Power and procedure of court of survey.

8. With respect to the court of survey the following provisions shall have effect:

(1.) The case shall be heard in open court;

(2.) The judge and each assessor may survey the ship, and shall have for the purposes of this Act all the powers of an inspector appointed by the Board of Trade under the Merchant Shipping Act, 1854;

(3.) The judge may appoint any competent person or persons to survey the ship and report thereon to the Court;

(4.) The judge shall have the same power as the Board of Trade have to order the ship to be released or finally detained, but unless one of the assessors concurs in an order for the detention of the ship, the ship shall be released;

(5.) The owner and master of the ship and any person appointed by the owner or master, and also any person appointed by the Board of Trade, may attend at any inspection or survey made in pursuance of this section;

(6.) The judge shall send to the Board of Trade the prescribed report, and each assessor shall either sign the report or report to the Board of Trade the reasons for his dissent.

Rules for procedure of court of survey, &c.

9. The Lord Chancellor of Great Britain may from time to time (with the consent of the Treasury so far as relates to fees) make, and when made revoke, alter, and add to general rules to carry into effect the provisions of this Act with respect to a court of survey, and in particular with respect to the summoning of and procedure before the court, the requiring on an appeal security for costs and damages, the amount and application of fees, and the publication of the rules.

All such rules while in force shall have effect as if enacted in this Act, and the expression "prescribed" in the provisions of this Act relating to the detention of ships or court of survey means prescribed by such rules.

Liability of Board of Trade and shipowner for costs and damages.

10. If it appears that there was not reasonable and probable cause, by reason of the condition of the ship or the act or default of the owner, for the provisional detention of the ship, the Board of Trade shall be liable to pay to the owner of the ship his costs of and incidental to the detention and survey of the ship, and also compensation for any loss or damage sustained by him by reason of the detention or survey.

If a ship is finally detained under this Act, or if it appears that a ship provisionally detained was, at the time of such detention, unsafe within the meaning of this Act, the owner of the ship shall be liable to pay to the Board of Trade their costs of and incidental to the detention and survey of the ship, and those costs shall, without prejudice to any other remedy, be recoverable as salvage is recoverable.

For the purposes of this Act the costs of and incidental to any proceeding before a court of survey, and a reasonable amount in respect of the remuneration of the surveyor or officer of the Board of Trade, shall be deemed to be part of the costs of the detention and survey of the ship, and any dispute as to the amount of costs under this Act may be referred to one of the masters or registrars of the Supreme Court of Judicature, who, on request made to him for that purpose by the Board of Trade, shall ascertain and certify the proper amount of such costs.

An action for any costs or compensation payable by the Board of Trade under this section may be brought against the Secretary thereof by his official title as if he were a corporation sole; and if the cause of action arises in Ireland, it shall be lawful for any of the superior courts of common law in Ireland in which such action may be commenced to order that the summons or writ may be served on the Crown and Treasury Solicitor for Ireland, in such manner and on such terms as to extension of time and otherwise as to the court shall seem fit, and that such service shall be deemed good and sufficient service of such summons or writ upon the Secretary of the Board of Trade.

Power to require from complainant security for costs.

11. Where a complaint is made to the Board of Trade or a detaining officer that a British ship is unsafe, the Board or officer may, if they or he think fit, require the complainant to give security to the satisfaction of the Board for the costs and compensation which he may become liable to pay as hereinafter mentioned.

Provided that where the complaint is made by one-fourth, being not less than three, of the seamen belonging to the ship, and is not in the opinion of the Board or officer frivolous or vexatious, such security shall not be required, and the Board or officer shall, if the complaint is made in sufficient time before the sailing of the ship, take proper steps for ascertaining whether the ship ought to be detained under this Act.

Where a ship is detained in consequence of any complaint, and the circumstances are such that the Board of Trade are liable under this Act to pay to the owner of the ship any costs or compensation, the complainant shall be liable to pay to the Board of Trade all such costs and compensation as the Board incur or are liable to pay in respect of the detention and survey of the ship.

Supplemental provisions as to detention of ship.

12. (1). A detaining officer shall have for the purpose of his duties under this Act the same powers as an inspector appointed by the Board of Trade under the Merchant Shipping Act, 1854.

(2.) An order for the detention of a ship, provisional or final, and an order varying the same, shall be served as soon as may be on the master of the ship.

(3.) When a ship has been detained under this Act she shall not be released by reason of her British register being subsequently closed.

(4.) For the purposes of a survey of a ship under this Act any person authorized to make the same may go on board the ship and inspect the same and every part thereof, and the machinery, equipments, and cargo, and may require the unloading or removal of any cargo, ballast, or tackle.

(5.) The provisions of the Merchant Shipping Act, 1854, with respect to persons who wilfully impede an inspector, or disobey a requisition or order of an inspector, shall apply as if those provisions were herein enacted, with the substitution for the inspector of any judge, assessor, officer, or surveyor who under this Act has the same powers as an inspector or has authority to survey a ship.

Foreign Ships, Overloading.

Application to foreign ships of provisions as to detention.

13. Where a foreign ship has taken on board all or any part of her cargo at a port in the United Kingdom, and is whilst at that port unsafe by reason of overloading or improper loading, the provisions of this Act with respect to the detention of ships shall apply to that foreign ship as if she were a British ship, with the following modifications:

(1.) A copy of the order for the provisional detention of the ship shall be forthwith served on the consular officer for the State to which the ship belongs at or nearest to the place where the ship is detained:

(2.) Where a ship has been provisionally detained, the consular officer, on the request of the owner or master of the ship, may require that the person appointed by the Board of Trade to survey the ship shall be accompanied by such person as the consular officer may select, and in such case, if the surveyor and such person agree, the Board of Trade shall cause the ship to be detained or released accordingly, but if they differ, the Board of Trade may act as if the requisition had not been made, and the owner and master shall have the appeal to the court of survey touching the report of the surveyor which is before provided by this Act; and

(3.) Where the owner or master of the ship appeals to the court of survey, the consular officer, on the request of such owner or master, may appoint any competent person who shall be assessor in such case, in lieu of the assessor who, if the ship were a British ship, would be appointed otherwise than by the Board of Trade.

In this section the expression "consular officer" means any consul-general, vice-consul, consular agent, or other officer recognized by a Secretary of State as a consular officer of a foreign State.

Appeal on refusal of certain certificates to ships.

Appeal on refusal of certain certificates under Merchant Shipping and Passengers Acts.

14. Whereas by section three hundred and nine of the Merchant Shipping Act, 1854, and enactments amending the same, the owner of a passenger steamer as defined in that Act is required to cause the same to be surveyed by a shipwright surveyor and an engineer surveyor, and those surveyors are required to give declarations of certain particulars with respect to the sufficiency or conformity with the Act of the ship and equipments, and to the limits beyond which the ship is not fit to ply, and to the number of passengers which the ship is fit to carry, and of other particulars in the said section mentioned, and the Board of Trade, under section three hundred and twelve of the same Act, issue a certificate upon such declarations, and the passenger steamer cannot lawfully proceed to sea without obtaining such certificate;

And whereas under sections eleven and fifty of the Passengers Act, 1855, and the enactments amending the same, a passenger ship within the meaning of those sections (in this Act referred to as an emigrant ship) cannot lawfully proceed to sea without a certificate of clearance from an emigration officer, or other officer in those sections mentioned, showing that all the requirements of the said sections and enactments have been complied with, and that the ship is in the officer's opinion seaworthy, and that the passengers and crew are in a fit state to proceed to sea, and otherwise as therein mentioned;

And whereas by section thirty of the Merchant Shipping Act Amendment Act, 1862, provision is made for preventing a ship from proceeding to sea in certain cases without a certificate from a surveyor or person appointed by the Board of Trade to the effect that the ship is properly provided with lights, and with the means of making fog signals;

And whereas it is expedient to give in the said cases such appeal as hereinafter mentioned: Be it therefore enacted that—

If a shipowner feels aggrieved,

(1) by a declaration of a shipwright surveyor or an engineer surveyor respecting a passenger steamer under the above-recited enactments, or by the refusal of a surveyor to give the said declaration; or

(2) by the refusal of a certificate of clearance for an emigrant ship under the above-recited enactments; or

(3) by the refusal of a certificate as to lights or fog signals under the above-recited enactment,

the owner may appeal in the prescribed manner to the court of survey for the port or district where the ship for the time being is.

On such appeal the judge of the court of survey shall report to the Board of Trade on the question raised by the appeal, and the Board of Trade, when satisfied that the requirements of the report and the other provisions of the said enactments have been complied with, may,—

(1) in the case of a passenger steamer give their certificate under section three hundred and twelve of the Merchant Shipping Act, 1854; and

(2) in the case of an emigrant ship give, or direct the emigration or other officer to give, a certificate of clearance under the abovementioned enactments, and

(3) in the case of a refusal of a certificate as to lights or fog signals, give or direct a surveyor or other person appointed by them to give a certificate under section thirty of the Merchant Shipping Act Amendment Act, 1862.

Subject to any order made by the judge of the court of survey, the costs of and incidental to an appeal under this section shall follow the event.

Subject as aforesaid, the provisions of this Act with respect to the court of survey and appeals thereto, so far as consistent with the tenor thereof, shall apply to the court of survey when acting under this section, and to appeals under this section.

Where the survey of a ship is made for the purpose of a declaration or certificate under the above-recited enactments, the person appointed to make the survey shall, if so required by the owner, be accompanied on the survey by some person appointed by the owner, and in such case, if the said two persons agree, there shall be no appeal to the court of survey in pursuance of this section.

Scientific Referees.

Reference in difficult cases to scientific persons.

15. If the Board of Trade are of opinion that an appeal under this Act involves a question of construction or design, or of scientific difficulty or important principle, they may refer the matter to such one or more out of a list of scientific referees from time to time approved by a Secretary of State, as may appear to possess the special qualifications necessary for the particular case, and may be selected by agreement between the Board of Trade and the appellant, or in default of any such agreement by a Secretary of State, and thereupon

the appeal shall be determined by the referee or referees, instead of by the court of survey.

The Board of Trade, if the appellant in any appeal so require and give security to the satisfaction of the Board to pay the costs of and incidental to the reference, shall refer that appeal to a referee or referees so selected as aforesaid.

The referee or referees shall have the same powers as a judge of the court of survey.

Passenger Steamers and Emigrant Ships.

16. Any steamship may carry passengers not exceeding twelve in number, although she has not been surveyed by the Board of Trade as a passenger steamer, and does not carry a Board of Trade certificate as provided by the Merchant Shipping Act, 1854, with respect to passenger steamers.

Exemption of certain steamers from passenger certificates.

17. Where the legislature of any British possession provides for the survey of and grant of certificates for passenger steamers, and the Board of Trade report to Her Majesty that they are satisfied that the certificates are to the like effect, and are granted after a like survey, and in such manner as to be equally efficient with the certificates granted for the same purpose in the United Kingdom under the Acts relating to Merchant Shipping, it shall be lawful for Her Majesty by Order in Council—

Colonial certificates for passenger steamers.

(1) to declare that the said certificates shall be of the same force as if they had been granted under the said Acts; and

(2) to declare that all or any of the provisions of the said Acts which relate to certificates granted for passenger steamers under those Acts shall, either without modification or with such modifications as to Her Majesty may seem necessary, apply to the certificates referred to in the Order; and

(3) to impose such conditions and to make such regulations with respect to the said certificates, and to the use, delivery, and cancellation thereof, as to Her Majesty may seem fit, and to impose penalties not exceeding fifty pounds for the breach of such conditions and regulations.

18. In every case where a passenger certificate has been granted to any steamer by the Board of Trade under the provisions of the Merchant Shipping Act, 1854, and remains still in force, it shall not be requisite for the purposes of the employment of such steamer under the Passengers Acts that she shall be again surveyed in her hull and machinery in order to qualify her for service under the Passengers Act, 1855, and the Acts amending the same; but for the purposes of employment under those Acts such Board of Trade certificate shall be deemed to satisfy the requirements of the Passengers Acts with respect to such survey, and any further survey of the hull and machinery shall be dispensed with, and so long as a steamship is an emigrant ship that is a passenger ship within the meaning of the Passengers Act, 1855, and the Acts amending the same, and the provisions contained in the said Passengers Acts as to the survey of her hull, machinery, and equipments have been complied with, she shall not be subject to the provisions of the Merchant Shipping Act, 1854, with respect to the survey of and certificate for passenger steamers, or to the enactments amending the same.

Provision against double survey in case of passenger steamers and emigrant ships.

19. Where a foreign ship is a passenger steamer subject to the Merchant Shipping Act, 1854, and the Acts amending the same, or an emigrant ship subject to the Passengers Act, 1855, and the Acts amending the same, and the Board of Trade are satisfied, by the production of a foreign certificate of survey attested by a British consular officer at the port of survey, that such ship has been officially surveyed at a foreign port, and are satisfied that the requirements of the said Acts, or any of them, are proved by such survey to have been substantially complied with, the Board may, if they think fit, dispense with any further survey of the ship in respect of the requirements so complied with, and give or direct one of their officers to give a certificate, which shall have the same effect as if given upon survey under the said Acts or any of them: Provided that Her Majesty may by Order in Council direct that this section shall not apply in the case of an official survey at any foreign port at which it appears to Her Majesty that corresponding provisions are not extended to British ships.

Provision as to survey of foreign passenger steamer or emigrant ship.

20. It shall be lawful for the Board of Trade, if satisfied that the food, space, accommodation, or any other particular or thing provided in an emigrant ship for any class of passengers is superior to the food, space, accommodation, or other particular or thing required by the Passengers Act, 1855, and the Acts amending the same, to exempt such ship from any of the requirements of those Acts with respect to food, space, or accommodation, or other particular or thing, in such manner and upon such conditions as the Board of Trade may think fit.

Power to modify Passengers Acts as to food, space, and accommodation in emigrant ships.

21. Every sea-going passenger steamer and every emigrant ship shall be provided to the satisfaction of the Board of Trade—

Provision of signals of distress, inextinguishable lights, and life buoys in passenger steamers and emigrant ships.

(1) with means for making the signals of distress at night specified in the First Schedule to "The Merchant Shipping Act, 1873," or in any rules substituted therefor, including means of making flames on the ship which are inextinguishable in water, or such other means of making signals of distress as the Board of Trade may previously approve; and

(2) with a proper supply of lights inextinguishable in water and fitted for attachment to life buoys.

If any such steamer or ship goes to sea from any port of the United Kingdom without being so provided as required by this section, for each default in any of the above requisites the owner shall, if he appears to be in fault, incur a penalty not exceeding one hundred pounds, and the master shall, if he appears to be in fault, incur a penalty not exceeding fifty pounds.

Grain Cargoes.

22. No cargo of which more than one-third consists of any kind of grain, corn, rice, paddy, pulse, seeds, nuts, or nut kernels, hereinafter referred to as "grain cargo," shall be carried on board any British ship, unless such grain cargo be contained in bags, sacks, or barrels, or secured from shifting by boards, bulkheads, or otherwise.

Stowage of cargo of grain, &c.

If the managing owner or master of any British ship, or any agent of such owner who is charged with the loading of the ship or the sending her to sea, knowingly allows any grain cargo or part of a grain cargo to be shipped therein for carriage contrary to the provisions of this section, he shall for every such offence incur a penalty not exceeding three hundred pounds, to be recovered upon summary conviction.

Deck Cargoes.

23. If any ship, British or foreign, other than home trade ships as defined by the Merchant Shipping Act, 1854, carries as deck cargo, that is to say, in any uncovered space upon deck, or in any covered space not included in the cubical contents forming the ship's registered tonnage, timber, stores, or other goods, all dues payable on the ship's tonnage shall be payable as if there were added to the ship's registered tonnage the tonnage of the space occupied by such goods at the time at which such dues become payable.

Space occupied by deck cargo to be liable to dues.

The space so occupied shall be deemed to be the space limited by the area occupied by the goods and by straight lines inclosing a rectangular space sufficient to include the goods.

The tonnage of such space shall be ascertained by an officer of the Board of Trade or of Customs, in manner directed by sub-section four of section twenty-one of the Merchant Shipping Act, 1854, and when so ascertained shall be entered by him in the ship's official log book, and also in a memorandum which he shall deliver to the master, and the master shall, when the said dues are demanded, produce such memorandum in like manner as if it were the certificate of registry, or, in the case of a foreign ship, the document equivalent to a certificate of registry, and in default shall be liable to the same penalty as if he had failed to produce the said certificate or document.

24. After the first day of November one thousand eight hundred and seventy-six, if a ship, British or foreign, arrives between the last day of October and the sixteenth day of April in any year at any port in the United Kingdom from any port out of the United Kingdom, carrying as deck cargo, that is to say, in any uncovered space upon deck, or in any covered space not included in the cubical contents forming the ship's registered tonnage, any wood goods coming within the following descriptions; that is to say,

Penalty for carrying deckloads of timber in winter.

(*a*) any square, round, waney, or other timber, or any pitch pine, mahogany, oak, teak, or other heavy wood goods whatever; or

(*b*) any more than five spare spars or store spars, whether or not made, dressed, and finally prepared for use; or

(*c*) any deals, battens, or other light wood goods of any description to a height exceeding three feet above the deck;

the master of the ship, and also the owner, if he is privy to the offence, shall be liable to a penalty not exceeding five pound for every hundred cubic feet of wood goods carried in contravention of this section, and such penalty may be recovered by action or on indictment or to an amount not exceeding one hundred pounds (whatever may be the maximum penalty recoverable) on summary conviction:

Provided that a master or owner shall not be liable to any penalty under this section—

(1) in respect of any wood goods which the master has considered it necessary to place or keep on deck during the voyage on account of the springing of any leak, or of any other damage to the ship received or apprehended; or

(2) if he proves that the ship sailed from the port at which the wood goods were loaded as deck cargo at such time before the last day of October as allowed a sufficient interval according to the ordinary duration of the voyage for the ship to arrive before that day at the said port in the United Kingdom, but was prevented from so arriving by stress of weather or circumstances beyond his control; or

(3) if he proves that the ship sailed from the port at which the wood goods were loaded as deck cargo at such time before the sixteenth day of April as allowed a reasonable interval according to the ordinary duration of the voyage for the ship to arrive after that day at the said port in the United Kingdom, and by reason of an exceptionally favourable voyage arrived before that day:

Provided further, that nothing in this section shall affect any ship not bound to any port in the United Kingdom which comes into any port of the United Kingdom under stress of weather, or for repairs, or for any other purpose than the delivery of her cargo.

Deck and Load Lines.

25. Every British ship (except ships under eighty tons register employed solely in the coasting trade, ships employed solely in fishing, and pleasure yachts) shall be permanently and conspicuously marked with lines of not less than twelve inches in length and one inch in breadth, painted longitudinally on each side amidships, or as near thereto as is practicable, and indicating the position of each deck which is above water.

Marking of deck-lines.

The upper edge of each of these lines shall be level with the upper side of the deck plank next the waterway at the place of marking.

The lines shall be white or yellow on a dark ground, or black on a light ground.

26. With respect to the marking of a load-line on British ships the following provisions shall have effect:

Marking of load-line on foreign-going British ships.

(1). The owner of every British ship (except ships under eighty tons register employed solely in the coasting trade, ships employed solely in fishing, and pleasure yachts) shall, before entering his ship outwards from any port in the United Kingdom upon any voyage for which he is required so to enter her, or, if that is not practicable, as soon after as may be, mark upon each of her sides amidships, or as near thereto as is practicable, in white or yellow on a dark ground, or in black on a light ground, a circular disc twelve inches in diameter, with a horizontal line eighteen inches in length drawn through its centre:

(2). The centre of this disc shall indicate the maximum load-line in salt water to which the owner intends to load the ship for that voyage:

(3). He shall also, upon so entering her, insert in the form of entry delivered to the collector or other principal officer of Customs a statement in writing of the distance in feet and inches between the centre of this disc and the upper edge of each of the lines indicating the position of the ship's decks which is above that centre:

(4). If default is made in delivering this statement in the case of any ship, any officer of Customs may refuse to enter the ship outwards:

(5). The master of the ship shall enter a copy of this statement in the agreement with the crew before it is signed by any member of the crew, and no superintendent of any mercantile marine office shall proceed with the engagement of the crew until this entry is made:

(6). The master of the ship shall also enter a copy of this statement in the official log book:

(7). When a ship has been marked as by this section required, she shall be kept so marked until her next return to a port of discharge in the United Kingdom.

Marking of load-line in case of coasting vessels.

27. With respect to the marking of a load-line on British ships employed in the coasting trade, the following provisions shall have effect:—

(1). The owner of every British ship employed in the coasting trade on the coasts of the United Kingdom (except ships under eighty tons register employed solely in that trade) shall, before proceeding to sea from any port, mark upon each of her sides amidships, or as near thereto as is practicable, in white or yellow on a dark ground, or in black on a light ground, a circular disc twelve inches in diameter, with a horizontal line eighteen inches in length drawn through its centre:

(2). The centre of this disc shall indicate the maximum load-line in salt water to which the owner intends to load the ship, until notice is given of an alteration:

(3). He shall also once in every twelve months, immediately before the ship proceeds to sea, send or deliver to the collector or other principal officer of Customs of the port of registry of the ship a statement in writing of the distance in feet and inches between the centre of the disc and the upper edge of each of the lines indicating the position of the ship's decks which is above that centre:

(4). The owner, before the ship proceeds to sea after any renewal or alteration of the disc, shall send or deliver to the collector or other principal officer of Customs of the port of registry of the ship notice in writing of such renewal or alteration, together with such statement in writing as before mentioned of the distance between the centre of the disc and the upper edge of each of the deck-lines:

(5). If default is made in sending or delivering any notice or statement required by this section to be sent or delivered, the owner shall be liable to a penalty not exceeding one hundred pounds:

(6). When a ship has been marked as by this section required, she shall be kept so marked until notice is given of an alteration.

Penalty for offences in relation to marks on ships.

28. Any owner or master of a British ship who neglects to cause his ship to be marked as by this Act required, or to keep her so marked, or who allows the ship to be so loaded as to submerge in salt water the centre of the disc, and any person who conceals, removes, alters, defaces, or obliterates, or suffers any person under his control to conceal, remove, alter, deface, or obliterate, any of the said marks, except in the event of the particulars thereby denoted being lawfully altered, or except for the purpose of escaping capture by an enemy, shall for each offence incur a penalty not exceeding one hundred pounds.

If any of the marks required by this Act is in any respect inaccurate, so as to be likely to mislead, the owner of the ship shall incur a penalty not exceeding one hundred pounds.

Investigations into Shipping Casualties.

Appointment, duties, and powers of wreck commissioners for investigating shipping casualties.

29. For the purpose of rendering investigations into shipping casualties more speedy and effectual it shall be lawful for the Lord High Chancellor of Great Britain to appoint from time to time some fit person or persons to be a wreck commissioner or wreck commissioners for the United Kingdom, so that there shall not be more than three such commissioners at any one time, and to remove any such wreck commissioner; and in case it shall become necessary to appoint a wreck commissioner in Ireland, the Lord Chancellor of Ireland shall have the appointment and the power of removal of such wreck commissioner.

It shall be the duty of a wreck commissioner, at the request of the Board of Trade, to hold any formal investigation into a loss, abandonment, damage, or casualty (in this Act called a shipping casualty) under the eighth part of the Merchant Shipping Act, 1854, and for that purpose he shall have the same jurisdiction and powers as are thereby conferred on two justices, and all the provisions of the Merchant Shipping Acts, 1854 to 1876, with respect to investigations conducted under the eighth part of the Merchant Shipping Act, 1854, shall apply to investigations held by a wreck commissioner.

Assessors and rules of procedure on formal investigations into shipping casualties.

30. The wreck commissioner, justices, or other authority holding a formal investigation into a shipping casualty shall hold the same with the assistance of an assessor or assessors of nautical engineering or other special skill or knowledge, to be appointed by the commissioner, justices, or authority, out of a list of persons for the time being approved for the purpose by a Secretary of State.

The commissioner, justices, or authority, when of opinion that the investigation is likely to involve the cancellation or suspension of the certificate of a master or mate, shall, where practicable, appoint a person having experience in the merchant service to be one of the assessors.

Each assessor shall either sign the report made on the investigation, or report to the Board of Trade his reasons for his dissent therefrom.

The Lord High Chancellor of Great Britain may from time to time, with the consent of the Treasury so far as relates to fees, make, and when made revoke, alter, and add to general rules

for carrying into effect the enactments relating to formal investigations into shipping casualties, and in particular with respect to the summoning of assessors, the procedure, the parties, the persons allowed to appear, the notice to such parties and persons or to persons affected, and the amount and application of fees.

All such rules, while in force, shall have effect as if enacted in this Act.

Every formal investigation into a shipping casualty shall be conducted in such manner that if a charge is made against any person that person shall have an opportunity of making a defence.

Power for wreck commissioner to institute examination with respect to ships in distress under 17 & 18 Vict., c. 104, s. 448.

31. A wreck commissioner may, at the request of the Board of Trade, by himself, or by some deputy approved by the Board of Trade, institute the same examination as a receiver of wreck under section four hundred and forty-eight of the Merchant Shipping Act, 1854, and shall for that purpose have the powers by that section conferred on a receiver of wreck.

Power to hold inquiries or formal investigations as to stranded and missing ships.

32. In the following cases—

(1) whenever any ship on or near the coasts of the United Kingdom or any British ship elsewhere has been stranded or damaged, and any witness is found at any place in the United Kingdom, or

(2) whenever a British ship has been lost or is supposed to have been lost, and any evidence can be obtained in the United Kingdom as to the circumstances under which she proceeded to sea or was last heard of,

the Board of Trade (without prejudice to any other powers) may, if they think fit, cause an inquiry to be made or formal investigation to be held, and all the provisions of the Merchant Shipping Acts, 1854 to 1876, shall apply to any such inquiry or investigation as if it had been made or held under the eighth part of the Merchant Shipping Act, 1854.

Place of investigation.

33. A formal investigation into a shipping casualty may be held at any place appointed in that behalf by the Board of Trade, and all enactments relating to the authority holding the investigation shall, for the purpose of the investigation, have effect as if the place so appointed were a place appointed for the exercise of the ordinary jurisdiction of that authority.

Miscellaneous.

Enforcing detention of ship.

34. Where under the Merchant Shipping Acts, 1854 to 1876, or any of them, a ship is authorised or ordered to be detained, any commissioned officer on full pay in the naval or military service of Her Majesty, or any officer of the Board of Trade or Customs, or any British consular officer may detain the ship, and if the ship after such detention or after service on the master of any notice of or order for such detention proceeds to sea before it is released by competent authority, the master of the ship, and also the owner, and any person who sends the ship to sea, if such owner or person be party or privy to the offence, shall forfeit and pay to Her Majesty a penalty not exceeding one hundred pounds.

Where a ship so proceeding to sea takes to sea when on board thereof in the execution of his duty any officer authorised to detain the ship, or any surveyor or officer of the Board of Trade or Customs, the owner and master of the ship shall each be liable to pay all expenses of and incidental to the officer or surveyor being so taken to sea, and also a penalty not exceeding one hundred pounds, or, if the offence is not prosecuted in a summary manner, not exceeding ten pounds for every day until the officer or surveyor returns, or until such time as would enable him after leaving the ship to return to the port from which he is taken, and such expenses may be recovered in like manner as the penalty.

Service of order on master, &c.

35. Where any order, notice, statement, or document requires, for the purpose of any provision of this Act, to be served on the master of a ship, the same shall be served, where there is no master, and the ship is in the United Kingdom, on the managing owner of the ship, or if there is no managing owner, on some agent of the owner residing in the United Kingdom, or where no such agent is known or can be found, by affixing a copy thereof to the mast of the ship.

Any such order, notice, statement, or document may be served by delivering a copy thereof personally to the person to be served, or by leaving the same at his last place of abode, or in the case of a master by leaving it for him on board the ship with the person being or appearing to be in command or charge of such ship.

Any person who obstructs the service of any order, notice, statement, or document on the master of a ship shall incur a penalty not exceeding ten pounds, and if the owner or master of the ship is party or privy to such obstruction he shall be guilty of a misdemeanor.

If default is made in complying with this section the owner shall be liable, or if there be more owners than one, each owner shall be liable in proportion to his interest in the ship, to a penalty not exceeding in the whole one hundred pounds each time the ship leaves any port in the United Kingdom.

Power for Her Majesty by Order in Council to apply certain provisions of Merchant Shipping Acts to foreign ships.

37. Whenever it has been made to appear to Her Majesty that the Government of any Foreign State is desirous that any of the provisions of the Merchant Shipping Acts, 1854 to 1876, or of any Act hereafter to be passed amending the same, shall apply

to the ships of such State, Her Majesty may by Order in Council declare that such of the said provisions as are in such Order specified shall (subject to the limitations, if any, contained in the Order) apply, and thereupon, so long as the Order remains in force, such provisions shall apply (subject to the said limitations) to the ships of such State, and to the owners, masters, seamen, and apprentices of such ships, when not locally within the jurisdiction of such State, in the same manner in all respects as if such ships were British ships.

Provision as to Order in Council.

38. Where Her Majesty has power under the Merchant Shipping Act, 1854, or any Act passed or hereafter to be passed amending the same, to make an Order in Council, it shall be lawful for Her Majesty from time to time to make such Order in Council, and by Order in Council to revoke, alter or add to any Order so made.

Every such Order in Council shall be published in the *London Gazette*, and shall be laid before both Houses of Parliament within one month after it is made, if Parliament be then sitting, or if not, within one month after the then next meeting of Parliament.

Upon the publication of any such Order in the *London Gazette*, the Order shall, after the date of such publication, or any later date mentioned in the Order, take effect as if it were enacted by Parliament.

On and after the first day of January one thousand eight hundred and seventy-seven all fees payable in respect of the survey or measurement of ships under the Merchant Shipping Acts, 1854 to 1876, or in respect of any services performed by any person employed under the authority of the Passengers Act, 1855, shall continue to be paid to the superintendent of a mercantile marine office at such times and in such manner as the Board of Trade from time to time direct, but shall be paid into the receipt of Her Majesty's Exchequer in such manner as the Treasury from time to time direct, and shall be carried to and form part of the Consolidated Fund of the United Kingdom.

On and after the same day the salaries of all surveyors appointed under the Merchant Shipping Acts, 1854 to 1876, and so much of the expenses connected with the survey and measurement of ships under those Acts, and of the salaries and expenses of persons employed under the Passengers Act, 1855, as has heretofore been paid out of the Mercantile Marine Fund, shall be paid out of moneys provided by Parliament, and the Treasury shall have the like control over such salaries and expenses as has heretofore been vested in the Board of Trade.

There may be paid out of moneys provided by Parliament, to any wreck commissioner, judge of a court of survey, assessor, registrar of a court of survey, detaining officer, scientific referee, and other officer or person appointed under this Act, such salary or remuneration (if any) as the Treasury from time to time direct.

There may be paid out of moneys provided by Parliament all costs and compensation payable by the Board of Trade in pursuance of this Act.

SEPARATE REVENUE.—POST OFFICE.

The 27th October 1876.

No. 3710.—By Notification No. 1070, dated 16th June 1876, the Governor General in Council was pleased to specify certain revised postage duties and to make certain orders and directions with reference to the admission of British India into the General Postal Union.

It being now desired to make certain alterations in the postage duties, orders and directions notified on the 16th of June, as well as to give directions respecting the postage duties which shall be chargeable on correspondence with certain other countries not mentioned in that Notification, the Governor General in Council is pleased, in exercise of the powers conferred on him by the Indian Post Office Act, 1866, to sanction the postage duties as well as the rules and conditions entered in Section III (Foreign Post) of the Indian Postal Guide of October 1876 which is published below for reference.

INDIAN POSTAL GUIDE.

SECTION III.

FOREIGN POST.

Rates of Postage and Conditions of Transmission by Foreign Post.

Definition of term "Foreign Post."

(1.)—The term "Foreign Post" includes the posts under the control of the Government of India named below:—

India and the Straits ... { British India Steam Navigation Company *vid* British Burmah. / Opium Steamers direct to and from Calcutta.

India, China and the United States of America *vid* Hong-Kong ... Opium Steamers *vid* the Straits, India and Ceylon ... ... British India Steam Navigation Company. Coasting Steamers between Calcutta and Bombay.

It also includes the land post between India and Ceylon. Also all mails sent by private ships or vessels, whether from one Indian Post Office to another, or to and from places abroad. Also all mails sent by Her Majesty's British packets (Peninsular and Oriental Company) or by Colonial packets, or by the French mail packets, whether from one Indian Post Office to another, or to and from places abroad.

Foreign Correspondence by private Ship.

(2.)—Mails can be sent by any private vessel leaving a port in India, but only such classes of mails are forwarded as can be received under the postal regulations of the country of destination. Banghy parcels cannot be sent to any foreign country by private ship.

Letters, &c., intended for despatch by private vessel should be marked as such by the sender, the name of the vessel being given if transmission by a particular vessel is desired. Letters, &c., not so marked will be forwarded by private vessel only, if there be no regular mail communication with the country of destination.

Letters, &c., intended for despatch by private vessel must be *fully pre-paid* by stamps at the ordinary Indian Inland rates, and they will be liable on delivery in any foreign country to such postage as may be chargeable under the regulations of that country. This rule does not, however, apply to correspondence sent by private ship to Hong-Kong or the Straits, for which see those entries in the Foreign Post Schedule.

Route by which forwarded.

(3.)—The route by which an article is intended to be sent should be marked on the upper left-hand corner of the address side. An article marked for a particular route, but not fulfilling the conditions of that route (*e. g.*, in respect of compulsory pre-payment of postage), will be treated as if not marked for any particular route. Articles not marked for any particular route will, as a general rule, be sent by the route which stands first in the Schedule, except where there is a quicker despatch by some other route, or where the first route may require the compulsory pre-payment of a higher rate of postage than that which has been pre-paid, or where the amount of postage paid may leave no doubt as to the route intended.

Correspondence from or to Aden.

(4.)—Correspondence passing direct between Aden and places abroad is governed by the same conditions as correspondence between India and such places, except in respect of *letters conveyed by French packet*, which, in some instances, are charged at a higher rate when sent from Aden. In all such instances, the rate "from Aden" is given separately in the Schedule.

Correspondence from Aden to India or any Indian Post Office is charged at the rates shown in the Schedule for correspondence from India to Aden. Correspondence from Aden to Zanzibar *by British packet* is subject to the rates applicable to Inland correspondence, but pre-payment is compulsory.

Letters for Erzeroum and the interior of Armenia, Jedda, Mecca and West Arabia, Persia, Turkey, Asia Minor, Kashmir, Ladakh, Cabul, &c.

(5.)—It is recommended that letters for Erzeroum and other parts of the interior of Armenia be addressed to the care of some agent at Samsoun or Trebizond, and that letters for Kiermanshah and Hamadan in Persia be sent by the Indian Inland Post to the Indian Post Office at Bagdad, addressed to the care of some agent there.

Letters for Jedda, Mecca, or other places in West Arabia, should be pre-paid as far as Suez at the rate of postage prescribed for letters to Suez. From Suez they are forwarded to destination by Turkish Post or such opportunity as may offer.

Letters for Teheran, Ispahan, Shiraz, Julfa, or other places in Persia, *if fully pre-paid with ordinary Indian Inland postage*, will be sent to the Indian Post Office at Bushire, and thence forwarded by land post to destination, subject to such additional charge as may there be leviable.

Letters for such places in Turkey and Asia Minor or Syria, as have no British, Austrian or French Post Offices (see list of British, Austrian and French Offices in *Turkey* given in the Schedule), should be addressed to the care of an agent at the nearest port at which a British, Austrian or French Office has been established.

Letters and other articles for Kashmir are forwarded during the summer months (15th April to 1st November) through the Indian Post Office at *Murree*, and thence by Kashmir Post to *Srinagar*, where an Indian Post Office is maintained temporarily. During the summer, letters, &c., sent by this route are subject to the ordinary Indian Inland rates of postage and to the ordinary rules as respects pre-payment; but additional postage equal to half Indian postage is levied on delivery on behalf of the Kashmir Government. During the winter months, letters for Kashmir, *if fully pre-paid with ordinary Indian Inland postage*, are forwarded to the Indian Frontier Post Office at Sialkot, and thence by Kashmir Post to Jummoo. This route is closed during the summer, when the Murree route is open.

Letters and other articles for Leh (Ladakh) are forwarded during the summer months (15th April to 1st November) through the Indian Post Office at Murree, and thence by the Kashmir Post to Leh, where an Indian Branch Post Office has been established. During the winter months, letters for Leh are forwarded through the Indian Post Office at Sialkot, and thence by Kashmir Post to Leh. By either route, letters, &c., must be fully pre-paid with ordinary Indian Inland postage, and will in addition be taxed on delivery by the Kashmir Government with postage equal to half Indian postage.

Letters for Cabul, *if fully pre-paid* with ordinary Indian Inland postage, are forwarded to the Indian Frontier Post Office at Peshawar, and there made over to the Postal Agent appointed by the Ameer of Cabul for delivery under local conditions and rates of charge. Mails are forwarded by the Agent towards Cabul about three times a week.

Letters for Russia.

(6.)—Letters, &c., for Russia should have the name of the town added in either English, French or German, and they should bear as a part of their address the name of the Province or Government in which they are situated. In addressing all letters, &c., for Russia, the name of the place of destination, as well as the Government in which such place is situated, must be correctly given; and further, the address must be plainly written. If these conditions be not complied with, the Russian Post Office declines to undertake the delivery of the correspondence.

Registration to places abroad.

(7.)—Letters may be registered to those places abroad to which registration is available (vide Foreign Post Schedule), provided that the postage is fully pre-paid, as well as the full amount of the registration fee shown in the Schedule. In some cases the charge on a registered letter is double of the ordinary postage, no separate fee being levied. Registered letters to such places must be fully pre-paid at double the ordinary rates. Letters for places mentioned in clause (5) cannot be registered, except in the cases of those addressed to Srinagar and Leh, where Indian Post Offices have been established.

It is to be understood that registration to places abroad applies only to letters or packets pre-paid at letter rates, except in respect of the United Kingdom and other countries belonging to the General Postal Union (marked I in Col. 2 of Schedule), to which newspapers, books and patterns may also be registered.

Transmission of dangerous or offensive substances prohibited.

(8.)—The prohibition against the transmission of dangerous or offensive substances contained in paragraph 20 of Section II applies also to Foreign Post articles.

Money, Jewels, &c., and articles liable to Customs Duty.

(9.)—No letter or packet containing gold or silver money, jewels or precious articles, or any articles liable to customs duty, may be sent through the post.

Printed Papers and Legal and Commercial Documents.

(10.)—The following conditions, &c., being those of the General Postal Union, apply generally to all countries, with the special exceptions mentioned in the Schedule opposite particular countries.

Attention is drawn to the limit of weight, *viz.*, 2 lbs. fixed for a packet of printed papers or legal and commercial documents. See Schedule and exception opposite the United Kingdom.

Under the head of "Printed Papers" are included newspapers, stitched or bound books, pamphlets, albums, visiting cards, catalogues, prospectuses, announcements and notices of various kinds, whether printed, engraved or lithographed, and photographs. Under the head of "Legal and Commercial Documents" are included acts or deeds of all kinds drawn up by public functionaries, invoices, policies of insurance, copies or extracts of deeds under private seal, written upon stamped or unstamped paper, [illegible] or sheets of manuscript music, *and in general all manuscript papers and documents which have not the character of an actual and personal correspondence.*

[illegible]—The definition given above is held to include such written articles intended for publication, [illegible] papers as are not of the nature of a personal letter as well as descriptions or sketches of places [illegible] sent for publication.

Articles posted as "Printed Papers" or as "Legal and Commercial Documents" must be placed under bands or simply folded, so as to admit of the contents being easily examined, and, excepting as follows, "Printed Papers" must contain no manuscript writing, figure or mark whatever :—

(*a.*)—Proofs of printing or of music may bear corrections made with a pen, relating exclusively to the text or to the execution of the work. Manuscript may be annexed to such proofs.

(*b*)—Circulars, notices, &c., may bear the signature of the sender, with his trade or profession, and may also show the place of origin and the date.

(*c.*)—A book may contain a manuscript dedication or a complimentary inscription from the author.

(*d.*)—Passages in the text to which it is desired to call attention may be marked with a simple stroke.

(*e.*)—Prices may be added in manuscript or otherwise on printed or lithographed stock and share lists, prices current and market reports.

(*f.*)—No other manuscript additions may be made; nor are typographical additions allowed if they tend to take from the packet its general character.

Articles posted as "Printed Papers" or "Legal and Commercial Documents" which do not fulfil the foregoing conditions, or are not fully pre-paid, will be treated as unpaid letters, with the sole exception of newspapers and printed papers, such as circulars, notices, &c., which will, in such cases, not be forwarded.

Patterns of Merchandise.

(11.)—The following conditions, &c., being those of the General Postal Union, apply generally to all countries, with the special exceptions mentioned in the Schedule opposite particular countries.

Attention is drawn to the limit of weight, *viz.*, 8 ounces, fixed for a packet of patterns. *See Schedule* and exception opposite the United Kingdom.

Patterns of merchandise are chargeable with the reduced postage under the following conditions :—

(*a.*)—They must be placed in bags, or in boxes, or envelopes removeable so as to admit of an easy examination of their contents.

N. B.—Samples of seeds, drugs, and such like articles, which cannot be sent in open covers, may, if addressed to the United Kingdom, the United States of America, Holland and its possessions, Belgium, Denmark, Greece, Portugal and its possessions and Switzerland, be sent in bags entirely closed, provided such closed bags are transparent, so as to enable the officers of the Post Office readily to satisfy themselves as to the nature of the contents.

(*b.*)—They must not have any saleable value, or bear any manuscript writing other than the name or the trade or profession of the sender, the address of the person for whom the packet is intended, a manufacturer's or trade mark, numbers and prices.

Patterns of merchandise may not be introduced into a letter, or into a packet of any other kind, unless they form an integral part of a particular work.

Patterns not packed in accordance with these conditions, or not fully pre-paid, will be treated as unpaid letters, except those which are valuable. The latter will not be forwarded, nor any of which the conveyance would be attended with risk or danger.

Unpaid correspondence addressed to places abroad.

(12.)—For unpaid or insufficiently paid Printed Papers (including Newspapers), Legal and Commercial Documents, and Patterns,—see the concluding remarks under clauses (10) and (11).

Unpaid or insufficiently paid letters (or articles to be treated as such under the rules above referred to) cannot be forwarded by routes marked C (compulsory) in the Schedule, and if there be no other route will be returned to the sender through the Dead Letter Office. In such case the sender has no claim to a refund of the postage originally paid, but, in the case of recent alterations of postage rates and conditions, the Postmaster General may exercise discretion in authorizing such refunds in special cases. Where pre-payment is optional, unpaid or insufficiently paid letters will be forwarded, the postage paid being taken into account if addressed to a Union Country, or forwarded through a Union Country; but, if addressed or forwarded otherwise than above, they will be treated as if wholly unpaid.

The charges made on such articles when delivered in Non-Union Countries depend upon local regulations: but in the case of Union Countries the charge on unpaid letters delivered is the same as for pre-paid letters despatched, together with an additional Union rate. In the United Kingdom the additional Union rate is 3*d.* per ½ oz.

Correspondence re-directed to places abroad.

(13.)—Letters, &c., re-directed in India to places abroad will be sent forward charged with the foreign (Non-Union) postage (if any) due at the time of re-direction, no extra claim being raised for the re-transmission so far as the Indian Post Office is concerned. The postage levied in the country of destination will be governed by the regulations of that country. Letters, &c., re-directed to the United Kingdom or countries served through it will, if originally received from such countries, be forwarded by the route by which they came: and in other cases by the route *viâ* Brindisi.

This rule does not apply to articles re-directed by Overland Parcel Post.

Correspondence received from places abroad.

(14.)—Although post cards are not among the classes of correspondence, for the transmission of which by post from India provision has been made, those received from countries of the Union (marked I in Schedule) will be delivered in India as paid letters.

By routes marked I.

Letters received from *any country of the Union* (marked I in Schedule) as unpaid or insufficiently paid will be charged on delivery at the unpaid Union rate of 7½ annas (8½ annas if received *viâ* Brindisi from or through the United Kingdom, and 8 annas if received *viâ* Brindisi from or through the French Office, Modane,) per ½ oz The value of any stamps (as marked by the country of origin) which may be affixed to an insufficiently paid letter will be deducted from the amount thus chargeable, fractions of an anna in the remainder being raised to one anna.

The above rule does not apply to letters received from Indian Offices, *viz.*, Aden (or in Aden from India) and Zanzibar, which, if insufficiently paid, are charged with the deficiency, and if unpaid, with the rate shown in the Schedule. Letters received in Aden from Zanzibar by British packet are subject to the ordinary Indian Inland rates and conditions.

Unpaid or insufficiently paid newspapers, &c., are in a few instances exceptionally received from certain places, and are charged at the rates shown in the Schedule for similar articles sent to such places, without reference to any stamps which may already be upon them.

By routes marked II.

Letters received from any *Foreign (Non-Union) Country through a Union Country* (routes marked II in Schedule), as unpaid or insufficiently paid, will be charged with the amount of Foreign postage claimed by the Union Office serving as the medium, together with the unpaid Union rate of 7½ annas (8½ annas, if received *viâ* Brindisi through the United Kingdom and 8 annas if received *viâ* Brindisi from or through the French Office, Modane,) per ½ oz.

Any articles other than letters which may be exceptionally received from such places either unpaid or insufficiently paid, will be charged with the amount of Foreign (Non-Union) postage claimed by the Union Country serving as the medium, together with the rate chargeable on a similar article posted in India for the Union Country serving as the medium.

By routes marked III.

Letters received from *various offices in Asia* (routes marked III in Schedule) are, if unpaid, charged at the rates shown in the Schedule, those insufficiently paid being treated as if wholly unpaid. Unpaid or insufficiently paid newspapers are, in a few instances, received, and in such cases are charged at the rates shown in the Schedule for similar articles sent from India.

By routes marked IV.

Letters received from *Hong-Kong by private vessels* (route marked IV in Schedule) are all received as unpaid, and are charged at the rate of 4 annas per ½ oz. each. Newspapers and packets similarly received are chargeable with ordinary Indian Inland postage at pre-paid rates according to weight in tolas.

Letters and other articles received from *the Straits by private vessel* (also marked IV in Schedule) are all received fully pre-paid and delivered without charge.

Letters and other articles received from *any other place* (except Hong-Kong and Straits) *by private vessels* are charged with ordinary Indian Inland postage at pre-paid rates, according to weight in tolas, together with (in the case of letters) one anna each, being the sum paid to the Commander of the vessel.

By routes marked V.

Letters, newspapers and packets are all received fully pre-paid (and are delivered without charge) from the places and by the routes marked V in the Schedule, *viz.* :—

Australia by British packet.
East Africa (*i. e.*, Cape, Delagoa Bay, Mozambique and Natal) by British packet through Aden.
Ceylon by French or Indian packet or Land Post.
Hong-Kong by French packet.
Mauritius and Seychelles by French packet, or partly by French and partly by British packet.
Netherlands India by British, French or Indian packet.
Straits Settlements by French packet.

Unpaid or insufficiently paid letters exceptionally received from Australia or other places in the same category are charged at the rates shewn in the Schedule for similar articles sent from India.

Re-direction of articles received from places abroad.

(15.)—Articles received from places abroad and re-directed after arrival in India to another place in India, will not be charged with any additional postage on account of such re-direction.

Articles re-directed from a Union Country to India will be charged in India with the amount (if any) which would have been due on delivery in the country where the re-direction took place; but if the article has only passed through the Inland service of the country where it was re-directed, there will be charged, in addition to the amount (if any) due as above, ordinary Indian Inland postage at unpaid rates. The exemption from re-direction charge does not apply to Overland parcels received by Parcel Post.

Other subjects connected with Foreign Post.

OVERLAND PARCEL POST.

(1).—Parcels are received at any Post Office in India under the conditions and rates of charge mentioned below, for transmission to the following countries, *viz* :—

Countries.	Rate of charge per lb. or fraction thereof. Prepayment compulsory.	Remarks respecting special conditions, &c., applicable to particular countries.
	Ans.	
United Kingdom	8	The prepayment carries the parcel as far as London, any additional charge which may become due on account of British custom duty or carriage beyond London being realised from the addressee. Parcels must not exceed £50 in value. Any parcel which on examination of the declaration at Bombay may be found to exceed this value will, instead of being forwarded by the Overland Parcel Post, be transferred to the Bombay Agency of the P. & O. S. N. Company for transmission independently of the Post Office, and subject to such regulations and charges on delivery as may be applicable thereto under the Company's regulations. (NOTE.—The Company's present charge is an *ad valorem* rate of 2 per cent., which does not include Marine or other Insurance.) The attention of the public is invited to the fact that the British Post Office has no connection with the Overland Parcel Post: all arrangements out of India are made by the Peninsular and Oriental Steam Navigation Company, and enquiries proceeding from the United Kingdom should be addressed to that Company's Office, 122, Leadenhall Street, London, E. C. The rules governing the despatch of parcels from the United Kingdom to India are, however, published in the British Postal Guide and exhibited in every British Post Office. Persons in India ordering goods to be sent out by Parcel Post may refer the sender to the above means of information about the transmission of parcels.
Ceylon ...	8	The prepayment carries the parcel to destination. Should any custom duty become due, the amount will be charged on delivery. Parcels must not contain any jewellery.
Germany ... Austria—Hungary	8	The prepayment carries the parcel to destination; should any custom duty become due, the amount will be charged on delivery. See also Rule 9, respecting compensation for damage or loss.
Denmark ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. See also Rule 9, respecting compensation for damage or loss.

Countries.	Rate of charge per lb. or fraction thereof. Prepayment compulsory.	Remarks respecting special conditions, &c., applicable to particular countries.
	Ans.	
Sweden ... Norway ... Switzerland ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. *From Rule* 3 *it will be seen that there must be also a second or duplicate declaration of contents and value.* See also Rule 9, respecting compensation for damage or loss.
France ... The Netherlands (Holland) ... Belgium ...	8	The prepayment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. *From Rule* 3 *it will be seen that there must be also a second or duplicate declaration of contents and value. and that the second or duplicate declaration should contain a statement of the weight (lbs. & ozs. or tolas) of the contents, and should, if possible, be written in the French language.* See also Rule 9, respecting compensation for damage or loss.

(2).—Every parcel should be securely packed in a closed cover or case, and should bear the name and address of the person in the United Kingdom or foreign country for whom it is intended. Parcels containing valuables should be sealed.

N. B.—The public are specially warned against the use of flimsy covers for articles transmitted by the Parcel Post. Heavy articles are sometimes sent with only paper covering insecurely tied with string: friction in transit detaches this cover, and damage and loss ensue. A covering of stout cloth or wax-cloth sewn at the edges is recommended; but if the contents are liable to suffer from pressure, boxes of wood or tin should be used.

(3).—Every parcel should be accompanied by a separate paper headed with the address of the parcel and containing a *declaration of its contents and value* under the signature of the sender. Below the signature the address of the sender should be given.

For the parcels addressed to—

- The United Kingdom ... } Only one declaration as above described is required.
- Ceylon ... ...
- Germany ... ...
- Austria-Hungary ...
- Denmark ... ...
- Sweden ... .. } A second or duplicate declaration is also required.
- Norway ... ...
- Switzerland ... ...
- France ... ... } A second or duplicate declaration is also required: and the sender is requested to enter in the declaration a statement of the weight (lbs. and ozs. or tolas) of the contents, and to write the second or duplicate declaration, if possible, *in the French language.* Should he be unable to do so, the Bombay Post Office will attach to the second or duplicate English declaration a French rendering thereof, but the sender is warned of the delay which may result from this.
- The Netherlands (Holland)...
- Belgium ... ...

It is not deemed necessary to require exact adherence to any particular form of declaration, but the following specimen form may be useful to the senders of parcels:

Specimen form of declaration.

Address of parcel:
Thomas B. Smith,
144, *Piccadilly,*
London.

Contents.	Value. £	s.	d.
1 Piece Puttoo cloth	2	0	0
1 Rampore chudder	2	10	0
TOTAL ...	4	10	0

I declare the above to be a true statement of the contents and value.

(Signed) A. R. ROBINSON,
Amritsar.

N. B.—Declarations for parcels intended for France, the Netherlands, or Belgium should, in addition to the above, contain a statement of the weight (lbs. and ozs. or tolas) of the contents. This may conveniently be done by adding the words "weight—lbs.—ozs." underneath the total value, and the words "and weight" at the end of the sentence containing the declaration.

(4).—The parcel so addressed, and the separate paper or papers above referred to, should then be enclosed in a *substantial outer cover*. This outer cover should be superscribed and addressed as follows:

Overland Parcel Post.	Postage stamp to be affixed.
To THE POST MASTER, BOMBAY.	

The outer cover must contain one parcel only. If more than one parcel be sent by the same sender, such parcels should be enclosed in a separate outer cover to the address of the Post Master of Bombay.

(5).—The parcel so made up must be *fully prepaid by means of postage stamps at the rate of* 8 *annas* per lb. (40 tolas) or fraction of a lb., care being taken that the stamps adhere firmly to the cover.

(6).—The parcel so made up must not exceed 50 lbs. (25 seers) in weight, or 2 feet in length by 1 foot in breadth or depth. It will be received at any Post Office at the hours fixed for the receipt of ordinary banghy parcels, the usual receipt being given to the sender without reference to the mode of packing prescribed in the case of inland parcels for which receipts are claimed.

(7).—On arrival at Bombay the Postmaster will take off the outer covering, and forward the inside parcel and the accompanying declaration or declarations to the country of inside address.

(8).—It is forbidden to send in these parcels opium, or any liquid, or any substance or material of a dangerous, damaging or offensive kind.

(9).—In the case of parcels for or from Germany or Austria-Hungary, and the foreign countries served through Germany, compensation will be given by the responsible Post Office to the sender for loss or damage sustained in transit (cases of *sea risk* or of *vis major* or of the *own negligence of the sender* in respect of packing or otherwise excepted). Such compensation will in no case exceed 1½ rupee for each lb. weight or fraction thereof in respect of parcels forwarded from India, and 3 marks or 1½ florins for each 500 grammes or fraction thereof in respect of parcels from Germany or Austria-Hungary. Should the sender desire it, the compensation will be paid to the addressee instead of to himself.

SPECIAL RATES FOR FOREIGN LETTERS OF SOLDIERS AND SEAMEN.

Classes entitled and rates of charge.

(1).—Subject to the subjoined Regulations, Non-Commissioned Officers, Band Masters, Army School Masters (not being Superintending or 1st Class School Masters), Army School Mistresses, Private Soldiers, or Seamen belonging to Her Majesty's ships, can send and receive letters by British Packet for a postage of 9 pie; but if any such letters are sent wholly or partly by the post of a foreign country, they are subject, in addition, to the foreign postage, whatever that may be. Thus the postage by British Packet to the undermentioned countries (including the British Packet charge of 9 pie) is as follows:

To or from the United Kingdom, Canada, the Cape, or other British Colonies or Possessions connected with the United Kingdom, by British Packet.	*viâ* Southampton, 9 pie. *viâ* Brindisi, 1 anna 9 pie.
To or from Malta, Gibraltar, Aden, Ceylon, Straits, China, Japan or Australia by British Packet	9 pie.
To or from Mauritius *via* Bombay by British Packet to Aden and thence by French Packet.	6 annas.

Conditions entitling to special rates.

(2).—The conditions entitling to special rates are as follows:

(*a*).—The person claiming the privilege must at the time be actually employed in the Naval or Military service of Her Majesty, and must not be either a Commissioned Officer or a Warrant Officer, or a Superintending or 1st Class School Master.

(*b*).—The postage must be prepaid, except in respect of letters addressed to the United Kingdom, or other places to which the prepayment of letter postage on ordinary letters is optional. Unpaid letters received in India are charged, on delivery, 1 anna 6 pie, together with any foreign postage which may be due.

(*c*).—The letter must not weigh more than half an ounce.

(*d*).—It must relate entirely to the private concerns of the soldier, seaman, &c.

(*e*).—Any cover sent by a soldier or seaman under privilege must contain the name of the writer and his class or description in the Vessel, Regiment, Corps, or Detachment to which he belongs, and must also bear the signature of the Officer having the Command of the Vessel, Regiment, Corps, or Detachment to which the writer belongs, as well as the name in full of such Vessel, Regiment, Corps, or Detachment: and any cover addressed to a soldier or seaman under privilege must contain in the address the name in full of the Vessel, Regiment, Corps, or Detachment to which the addressee belongs.

N.B.—Covers sent by or addressed to soldiers or seamen not belonging to a particular *Vessel, Regiment, Corps,* or *Detachment,* or not bearing the specification of such, are obviously precluded from the privilege. For instance, persons described merely as belonging to "Adjutant General's Office," or "Head-Quarters Staff," or "Regimental Office, Royal Artillery," or as "Shipping Agent," or "Bazaar Sergeant," &c., &c., without specification of a particular *Vessel, Regiment, Corps,* or *Detachment,* cannot be recognized as privileged. Nor can the privilege be recognized in respect of covers superscribed under such signatures as those of Quarter Master General or Adjutant General, or under any signature other than that of the *Officer having the Command of the Vessel, Regiment, Corps,* or *Detachment* to which the writer belongs.

The foregoing particulars should be given in one of the following forms:

	Ranking from
Apothecary William Henry Lewty	... 4th April 1875.
Apothecary Henry Johnson	... 17th July 1875.

* Notified in the *London Gazette* dated 12th September 1876, page 4964.

No. 1110 *of* 1876.—The Hon'ble the President in Council is pleased to notify the following rulings and decisions which have received the approval of the Right Hon'ble the Secretary of State for India, on certain points in the furlough rules of 1875, published in G. G. O. No. 1316 of 30th December 1875 :—

G. G. O. No. 1316 *of* 1875.

Rule 6.—"Upon certificate of a Medical Board, an officer not entitled to furlough, if he has served not less than two years in India, may receive it for any period not exceeding two years; but such furlough will be deducted from his next accruing furlough until it is paid off. An officer will not be allowed to anticipate furlough under this rule to an aggregate amount of more than two years."

Ruling.—An officer of less than two years' service, from date of coming under the new rules, falling sick, will be sent to England on medical certificate, on English furlough pay, subject to the decision of Her Majesty's Government as to his ultimate disposal; a special report on each case being submitted to Her Majesty's Government by the Government of India, or in the case of officers of the Madras or Bombay army by the Governments of those presidencies.

Rule 8.—"Under very urgent circumstances special furlough may be granted for private affairs, which need not be paid back; but it will be in all cases without any kind of pay, and will not count for pension."

Ruling.—The amount of leave which may be granted under this rule will be restricted to such period as the Government granting it is satisfied is actually necessary with reference to the urgency of the case.

Rule 13.—"Officers now in the service placing themselves, from a given date, under these rules, shall count service for pension up to that date, under the rules to which they were then subject."

Ruling.—An officer takes with him so much service for pension as he had become entitled to under former rules. Under the rules of 1854 and 1868, two years' leave in 20 years' service counts for pension, but in periods of less than 20 years, no leave counts. Therefore, if an officer, now under the rules of 1854 or 1868, of 20 years' service, with two years' leave, elects the present rules, his service for pension will be 20 years; if an officer of 19 years' service, with the same amount of leave, elects these rules, his service for pension will be 17 years only.

Schedule A, Clause 1.—"Officers entering the Staff Corps or Indian Medical Service, and Warrant Officers attaining that rank, after the 31st December 1875; and"

Ruling.—The date of entry into the Staff Corps is that of entry for choice of furlough rules, *viz.*, the date on which the officer was originally appointed on probation. An officer therefore whose date of admission to the Staff Corps is not after the 31st December 1875, will have the choice of rules, but an officer whose date of admission is after that date will have no option.

Schedule A, Clause 2.—"Any other officers, Commissioned or Warrant, belonging to the Indian Army or Medical Service, or officers of the Staff Corps, who, after the 31st of December 1875, shall, before asking for leave or furlough, apply in writing to their local Governments to be placed definitively upon this Schedule: but their service for furlough under Rule 1 shall commence from the date of such entry or such application respectively."

Ruling.—An officer coming on this Schedule having furlough to his credit under previous rules, forfeits such furlough absolutely, he being required to serve five years from date of applying to be placed on the schedule before he can take one year's furlough unless it be sick furlough under Rule 6. An officer similarly circumstanced, but having furlough to his debit, is equally with the others, entitled to take one year's furlough, five years after joining the new rules.

No. 3751.—The President in Council directs that the following be inserted as Rule 12 in Supplement D to the Civil Leave Code, and that the rule in the same Supplement at present numbered 12 be in future numbered 13:—

* By Act 53, Geo. 3, Cap. 155, Section 49, the pay of the Bishop of Calcutta is fixed at £5,000, to be paid at an exchange of two shillings for the Bengal current Rupee. One hundred Bengal current Rupees = $\frac{100}{116}$ Sicca Rupees = Sicca Rupees 86·2068 = Rupees 91·9540. Thus the pay of the Bishop of Calcutta is Rupees 3,831-6-8 a month.

NOTIFICATIONS.

Fort William, the 14th November 1876.

No. 20.—The following Statute is published for general information:—

39 & 40 VIC., CHAP. 46.

An Act for more effectually punishing Offences against the Laws relating to the Slave Trade.

[11TH AUGUST 1876.]

WHEREAS under an Act passed in the Session holden in the thirty-second and thirty-third years of the reign of Her present Majesty, the Governor General of India in Council is empowered to make laws for Native Indian subjects of Her Majesty without and beyond British India:

And whereas under an Act passed in the Session holden in the twenty-eighth and twenty-ninth years of the reign of Her present Majesty, the Governor General of India in Council is empowered to make laws for all British subjects of Her Majesty within the dominions of Princes and States in India in alliance with Her Majesty whether in the service of the Government of India or otherwise:

And whereas the several Princes and States in India in alliance with Her Majesty have no connexions, engagements, or communications with Foreign Powers, and the subjects of such Princes and States are, when residing or being in the places hereinafter referred to, entitled to the protection of the British Government, and receive such protection equally with the subjects of Her Majesty:

And whereas it is expedient to make provision for more effectually punishing offences against the laws relating to the slave trade by British subjects and other persons protected by the British Government in such places:

Be it therefore enacted by the Queen's Most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:—

Certain offenders on high seas punished as though offence committed in India.

1. If any person, being a subject of Her Majesty or of any Prince or State in India in alliance with Her Majesty, shall upon the High Seas or in any part of Asia or Africa which Her Majesty may from time to time think fit to specify by any Order in Council in this behalf, commit any of the offences defined in Sections 367, 370 and 371 (in the Schedule to this Act respectively recited) of Act XLV of 1860, passed by the Governor General of

India in Council, and called "The Indian Penal Code," or abet within the meaning of the fifth chapter of the said Penal Code the commission of any such offence, such person shall be dealt with, in respect of such offence or abetment, as if the same had been committed in any place within British India in which he may be or may be found.

Section one may be made to apply to future amendments of this Act.

2. If the Governor General of India in Council shall, at a meeting for making laws and regulations, amend the provisions of the said sections 367, 370, and 371 of the said Penal Code, or any of them, or the said fifth chapter thereof so far as relates to the abetment of any of the offences forbidden by such sections, or make any further provision for preventing or suppressing the making, buying, or selling of slaves or any of the offences comprised in the said three sections, the Secretary of State for India shall, unless Her Majesty has disallowed such amendment or further provision, lay a copy of the amending Act before each House of Parliament, and after the same shall have lain on the table of both Houses of Parliament for the space of forty days, it shall be lawful for Her Majesty, unless either House of Parliament shall present an address to Her Majesty to the contrary, to direct by Order in Council that the provisions of the first section of this Act shall apply to the law so amended or enlarged, and the same shall be applicable accordingly.

Powers of High Court for purpose of obtaining evidence.

3. For the purpose of obtaining evidence of the commission of the offences made punishable by this Act or any Act of Parliament relating to slavery or the slave trade, every High Court in India shall have, as respects the persons in the first section of this Act referred to, and as respects any British colony, settlement, plantation, or territory, wherein any witness may be, the same powers as are conferred on the Court of Queen's Bench by the fourth section of an Act made and passed in the session of Parliament holden in the sixth and seventh years of Her Majesty's reign, chapter ninety-eight, with respect to such British colonies, settlements, plantations, and territories as are therein referred to.

And every High Court may, if it thinks fit, issue such commission as is mentioned in section 330 of Act X of 1872, passed by the Governor [illegible] of India in Council, and called "The Code [illegible]inal Procedure," to any consular officer of [illegible]ajesty in the parts of Asia or Africa specified [illegible] any Order of Her Majesty in Council under section 1 of this Act, or to any political officer or agent of the Governor General of India in Council, or of any Indian Government in the said parts or in the dominions of any Prince or State in India in alliance with Her Majesty, or to any Magistrate in Her Majesty's Indian dominions.

And the depositions taken by virtue of the said powers or under such commission shall be deemed by every court of original or appellate jurisdiction in India in any trial or proceeding under this Act or any Act of Parliament relating to slavery or the slave trade to be as good and competent evidence as if the witnesses deposing had been present and examined *vivâ voce*, and had made oath or affirmation as required by law.

Subjects of certain Indian Princes made amenable to certain Orders in Council.

4. And whereas by certain Orders of Her Majesty in Council made by virtue of an Act made and passed in the session of Parliament holden in the sixth and seventh years of Her Majesty's reign, chapter ninety-four, which orders are dated respectively the ninth August one thousand eight hundred and sixty-six and the fourth November one thousand eight hundred and sixty-seven, it is ordered that the provisions of such Orders relating to British subjects shall extend and apply to all subjects of Her Majesty, whether by birth or by naturalisation, and also to all persons enjoying Her Majesty's protection in the several dominions mentioned in such Orders respectively:

It is hereby declared and enacted that for the purposes of the said Orders in Council, and of any Orders in Council which Her Majesty may hereafter think fit to make by virtue of the said Act of the sixth and seventh years of Her Majesty's reign, chapter ninety-four, all subjects of the several Princes and States in India in alliance with Her Majesty, residing and being in the several dominions comprised in such Orders respectively, are and shall be deemed to be persons enjoying Her Majesty's protection therein.

Saving powers of Governor General.

5. Nothing in this Act shall be deemed to restrict the legislative power which the Governor General of India in Council possesses at meetings for the purpose of making laws and regulations.

Not to affect Orders made under 6 & 7 Vic. c. 94.

6. Save as aforesaid, nothing in this Act shall be deemed to affect any Order made or to be made by Her Majesty in Council by virtue of the said Act of the sixth and seventh years of Her Majesty, chapter ninety-four.

COMMERCE AND TRADE.

The 30th November 1876.

No. 18 *of* 1876.—The following revision of a Notice to Mariners is published for general information:—

NOTICE TO MARINERS.

DIRECTIONS FOR KARACHI HARBOUR.

LIGHT-HOUSE.

Latitude of light-house on Manora point	24° 47′ 21″ N.
Longitude	66° 58′ 15″ E.
The light is *fixed*, 120 feet above the sea-level, visible in clear weather ...	16 miles.
In hazy weather, prevalent during the south-west monsoon, about ...	7 miles.

The present light being very inferior will shortly be replaced by a *dioptric* light of the 2nd order, elevated 150 feet above the sea-level, and in clear weather should be visible from a distance of 20 miles.

TIDES.

	H.	M.
High water, full and change at ...	10	30
	Ft.	In.
Average rise and fall, Spring tides ...	9	6
Ditto ditto Neap tides ...	3 to 4 feet.	

Depth of water in Entrance channel at High water—

Spring tides ... ... 29 feet.
Neap tides ... ... 24 to 25 feet.

DRAUGHT OF VESSELS ENTERING OR LEAVING PORT.

Vessels with a draught not exceeding 22 feet can enter and leave the Port without difficulty or delay during all seasons of the year.

During the fair season, from October to 15th May, vessels with a draught not exceeding 24 feet can enter and leave the harbour.

Fixed moorings are placed for vessels of the largest class.

STATE OF TIDE FOR ENTERING PORT.

Sailing vessels should enter Port on the ebb-tide.

Steamers can enter either on the flood or ebb, at the Pilot's discretion.

N. B.—Masters of Ships should not, under any circumstances, attempt to enter the harbour without a Pilot.

HARBOUR IMPROVEMENTS.

Among the extensive works executed, a breakwater* has been built, running out from Manora point S. by E. to a distance of 1,500 feet into 5 fathoms water; this affords complete shelter to the Entrance channel during the south-west monsoon. Also a channel, 500 feet in breadth, has been opened through the bar, with a depth of 20 feet at low water spring-tides, the entrance of which is marked by a buoy on either side.

* A red-light is exhibited at the outer extremity of the breakwater during the fine season only.

Note.—A Mail Steamer arriving off the port at night should burn two blue-lights in quick succession; during the fair season a pilot will at once board, but during the monsoon a vessel must keep off the port until daylight.

APPROACHING THE PORT.

COAST OF SIND.

Indus Banks.

The Coast of Sind should be approached with great caution, too much attention cannot be paid to the lead, more especially in passing the banks of the Indus.*

* Banks of the Indus have extended about 10 miles to the southward since 1856.

By night, a vessel should give the banks a berth of 15 to 20 miles, and if after passing the "Swatch," she does not get less than 18 to 20 fathoms, she may haul to the northward, not shoaling into less than 15 fathoms until the Karachi light is seen.

By day, the breakers on the edge of the banks are a good guide, unless the water is quite smooth; but it is hardly possible for a vessel to run ashore by day on account of the marked discolouration of the water, which extends some distance outside the banks.

The tides during the springs are strong, the flood sets S. E., and the ebb to N. W.

From February to the end of the monsoon, a strong south-easterly current prevails, running at a rate of 15 to 45 miles in 24 hours.

During the south-west monsoon, vessels should make Ras Muari (Cape Monze),—which lies 18 miles W. ½ N. from Manora Light-house,—and keep to windward of the port, if the weather is thick, or if the tide does not suit for entering the harbour. Allowance must also be made for a strong set to the south-east, which prevails more or less during the south-west monsoon.

Do not bring Manora point to the southward of E. by N. or go under 15 fathoms near Cape Monze.

Masters of ships should endeavour to make the port in the day time, and may with safety approach into 8 fathoms at about 2 miles distance from the light-house, keeping it on any bearing from N. E. to N. N. E., until boarded by a Pilot.

ANCHORAGE IN THE ROADS.

September to end of March.

Light-house N. by E. to N. N. E., distant one mile, 7 fathoms.

April and May.

Light-house N. N. E. to N. E., distant 1½ miles, 8 fathoms.

June to the middle of September.

Ships should not on any account anchor, but stand off and on, keeping the light-house bearing from N. N. E. to N. E., 2 to 3 miles distant, until boarded by a Pilot or directed by signal.

KURRACHEE;

A. DUNDAS TAYLOR,
Superintendent, Marine Surveys.

By Order,

T. C. HOPE,
Offg. Secy. to the Govt. of India.

This Notice affects the Admiralty Chart of Karachi, No. 40: also, Admiralty List of Lights in South Africa, East Indies, &c., 1875, page 8; the West Coast of Hindos-

tan Pilot, pages 30 and 236; the Supplement to the Persian Gulf Pilot, page 24; and Taylor's Sailing Directory, Vol. I., pages 309 and 334.

NOTE.—Since 1851, the Ships "Admiral Boxer," Alicia" and "John Starr" have been totally lost on or near the banks of the Indus, and the Ships "Thomas Campbell," "Augusta," "Diadem," and the Steamer "Pioneer" have grounded on them, but eventually floated off.

Two large troopships have also in the same period touched on them.

All these casualties were principally owing to *not making allowance for a strong* set to the S. E., and *not using the lead.*

EMIGRATION.

The 28th November 1876.

No. 319.—Under the powers conferred by Section 56 of the Indian Emigration Act (VII of 1871), the Hon'ble the President in Council is pleased to direct the substitution of the following rule for Rule 82 of the Rules relating to emigration from the Ports of Madras and Bombay to British and Foreign Colonies, and for Rule 75 of the Rules in force at the Port of Calcutta:—

"The carrying of naked fires or unprotected lights or stoves into the between-decks, hold, cabins, store-rooms, forecastle or any other parts of the ship must be strictly prohibited; and no smoking must be allowed anywhere except on that part of the upper deck specially set apart for the purpose by the Master, whose attention is directed to this very important point. The Master should impress upon the coolies immediately upon embarkation the great risk to the lives of all on board from smoking between decks, and inform them of the regulations on the point. Immediately after embarkation coolies are apt to secrete fire for smoking in the between-decks: this should be guarded against.

"Watches shall be kept day and night by two of the coolies in turn, who shall be held responsible for reporting any breach of these rules. They must report to the officer of the watch once every hour that all is safe below. The officer of the watch shall, except when bad or doubtful weather or the proximity of land or vessels render his absence from the upper deck inexpedient (when he should commit the duty to some trustworthy man of the watch), visit the between-decks every hour, or oftener if he has reason to believe that any one is smoking below.

"The words 'No smoking shall be allowed between decks,' should be struck out of Rule 126 of the Madras and Bombay Rules and Rule 123 of the Calcutta Rules."

5. And whereas in the year 1820 the British Government established a Political Agency for the said Territory of Káthiáwár:

6. And whereas by certain orders or Acts of State completed by the British Government prior to 1860, the sovereign powers exercised by the Thákur of Bhaunagar in respect of his Káthiáwár villages were defined and made subject to rules laid down for the government and conduct of the said Káthiáwár Political Agency:

7. And whereas for divers reasons of State affecting the welfare of British India the British Government became desirous of ceding to the Thákur of Bhaunagar the Scheduled villages, to be held by him upon the same conditions as those on which he holds the Káthiáwár villages, and for that purpose certain agreements were made and certain Notifications published, which were intended to operate as such cession of the Scheduled villages and have always been treated by both the British Government and the Thákur of Bhaunagar as so operating:

8. And whereas it now appears that such agreements and Notification were not worded so as to express the true intention, and that the Scheduled villages did not thereby legally cease to be British Territory:

9. And whereas it is expedient to give effect to the said agreements and Notification in manner hereinafter appearing:

10. And whereas the Secretary of State for India has, on behalf of Her Majesty the Queen of Great Britain and Ireland and Empress of India, given his sanction to the cession intended to be effected by these presents:

11. The Governor General in Council, with the sanction aforesaid, doth hereby cede and grant to the said Thákur of Bhaunagar, his heirs and successors, the said Scheduled villages, to hold the same unto the said Thákur, his heirs and successors, on the terms and subject to the rules on and subject to which he holds the said Káthiáwár villages:

12. Provided always that in case the said Thákur, his heirs or successors, commit any acts of misgovernment which in the opinion of the Governor General in Council render it inexpedient that the said Thákur, his heirs and successors, should continue to hold the said Scheduled villages, the Governor General in Council may resume the villages hereby ceded and re-annex the same to Her Majesty's dominions.

NOTIFICATIONS.—JUDICIAL.

Fort William, the 5th December 1876.

No. 156*J.*—Whereas the villages mentioned in the Schedule hereto annexed (hereinafter called the Scheduled villages) are the property of His Highness the Thákur of Bhaunagar, and were by the Treaty of Bassein, dated the thirty-first day of December 1802, separated from the Native State or States known as the Territory of Káthiáwár and ceded to the British Government :

Preamble.

2. And whereas by Regulation VI of 1816 of the Governor of Bombay in Council the Regulations in force throughout the Presidency of Bombay were extended to the said villages, and such villages thereby became subject to the jurisdiction of the Revenue, Civil, and Criminal Courts established in that Presidency :

3. And whereas the said Thákur of Bhaunagar is also the proprietor of divers villages, forming part of the said Territory and hereinafter called the Káthiáwár villages :

4. And whereas the British Government have exercised certain powers of government over the said Territory, but such Territory has never been treated as being British Territory, nor as having been vested in the East India Company, nor in Her Majesty the Empress of India, and the said Káthiáwár villages have consequently never been subject to the laws in force in the Presidency of Bombay :

5. And whereas in the year 1820 the British Government established a Political Agency for the said Territory of Káthiáwár :

6. And whereas by certain orders or Acts of State completed by the British Government prior to 1860, the sovereign powers exercised by the Thákur of Bhaunagar in respect of his Káthiáwár villages were defined and made subject to rules laid down for the government and conduct of the said Káthiáwár Political Agency :

7. And whereas for divers reasons of State affecting the welfare of British India the British Government became desirous of ceding to the Thákur of Bhaunagar the Scheduled villages, to be held by him upon the same conditions as those on which he holds the Káthiáwár villages, and for that purpose certain agreements were made and certain Notifications published, which were intended to operate as such cession of the Scheduled villages and have always been treated by both the British Government and the Thákur of Bhaunagar as so operating :

8. And whereas it now appears that such agreements and Notification were not worded so as to express the true intention, and that the Scheduled villages did not thereby legally cease to be British Territory :

9. And whereas it is expedient to give effect to the said agreements and Notification in manner hereinafter appearing:

10. And whereas the Secretary of State for India has, on behalf of Her Majesty the Queen of Great Britain and Ireland and Empress of India, given his sanction to the cession intended to be effected by these presents:

11. The Governor General in Council, with the sanction aforesaid, doth hereby cede and grant to the said Thákur of Bhaunagar, his heirs and successors, the said Scheduled villages, to hold the same unto the said Thákur, his heirs and successors, on the terms and subject to the rules on and subject to which he holds the said Káthiáwár villages:

12. Provided always that in case the said Thákur, his heirs or successors, commit any acts of misgovernment which in the opinion of the Governor General in Council render it inexpedient that the said Thákur, his heirs and successors, should continue to hold the said Scheduled villages, the Governor General in Council may resume the villages hereby ceded and re-annex the same to Her Majesty's dominions.

G. G. O. No. 1088 of 1876.

Article 1043G.—Add—

"An officer of less than two years' service, from date of coming under the new rules, falling sick, will be sent to England on medical certificate, on English furlough pay, subject to the decision of Her Majesty's Government as to his ultimate disposal; a special report on each case being submitted to Her Majesty's Government by the Government of India, or, in the case of officers of the Madras or, Bombay Army, by the Governments of those Presidencies."

Article 1043I.—Add—

"The amount of leave which may be granted under this rule will be restricted to such period as the Government granting it, is satisfied is actually necessary with reference to the urgency of the case."

Article 1043A, page 197.—To the last clause, after the words "then subject," add—

"An officer takes with him so much service for pension as he had become entitled to under former rules. Under the rules of 1854 and 1868, two years' leave in 20 years' service counts for pension, but in periods of less than 20 years, no leave counts. Therefore, if an officer, now under the rules of 1854 or 1868, of 20 years' service, with two years' leave, elects the present rules, his service for pension will be 20 years; if an officer of 19 years' service, with the same amount of leave, elects these rules, his service for pension will be 17 years only."

Article 1043A, page 196.—To the words "Staff Corps," affix an asterisk (*), and enter the following at foot of page:—

"* *Note*.—The date of entry into the Staff Corps is that of entry for choice of furlough rules, *viz*., the date on which the officer was originally appointed on probation. An officer, therefore, whose date of admission to the Staff Corps is not after the 31st December 1875, will have the choice of rules, but an officer whose date of admission is after that date, will have no option."

G. G. O. No. 1110 of 1876.

Page 197.—To the clause ending with the word "respectively," add—

"An officer coming on this Schedule, having furlough to his credit under previous rules, forfeits such furlough absolutely, he being required to serve five years from date of applying to be placed on the Schedule before he can take one year's furlough, unless it be sick furlough under Article 1043G. An officer similarly circumstanced, but having furlough to his debit, is equally with the others entitled to take one year's furlough, five years after joining the new rules."

NOTES. 1.—All the above hospital supplies will be provided by the Commissariat Department on monthly requisitions furnished by medical officers and approved of by the administrative medical officer of the circle, and will be delivered at the hospital by the Commissariat Department.

2.—In estimating the scale, the strength of the women, children and camp-followers is not to be reckoned, but natives enlisted as fighting men may be included.

3.—Articles marked in the scale thus * will only be asked for when—and in such quantities as—they are actually required.

4.—The above scale of hospital supplies is not to be indented for in full every month, unless actually required, and it is never to be exceeded except with the approval of the administrative medical officer of the circle after full explanation

5.—For detachments not included in the above tables, the scale of these hospital supplies will be in proportion to the strength, and subject to the approval of the administrative medical officer of the circle.

6.—The scale for the several hill depôts during the winter months will be regulated according to the strength.

7.—One cake of Europe soap will be allowed monthly for every medical charge under 50 men.

8. *(a).*—One-fourth seer of ice extra is allowed daily when the number of patients requiring its use exceeds 40.

(b).—Only one description of ice is allowed at one time, which will be the cheapest procurable.

(c).—Whenever the cost of ice exceeds 4 annas a seer, the Executive Commissariat Officer will advise the administrative medical officer of the circle of the fact, in view to the supply being discontinued if not absolutely necessary for the well-being of the sick.

(d).—The quantity of ice required is to be based on the number of patients actually requiring its use, and not on the number of patients in hospital.

(e).—The full weight of ice should always reach the hospital, irrespective of wastage on the journey.

(f).—Empty bottles to contain iced water will be supplied by the Commissariat Department on requisitions from medical officers; the bottles—minus those broken by accident—to be returned when the supply of ice has ceased.

(g).—The date from which ice will be supplied, as well as that on which it should be discontinued, will be determined by the administrative medical officer of the circle.

RULES FOR THE CUSTODY, DISTRIBUTION, AND SALE OF POSTAGE STAMP LABELS.

Approved by the Government of India in Financial Department letter No. 801, *dated 8th June* 1876.

(N.B.—These Rules apply both to Service Stamps and to Ordinary Stamps with the exceptions noted in Rules V and VIII.)

Supplies from Central Depôts.

I.—Supplies of postage stamps for the Madras Presidency, including Mysore and the local depôts subordinate to Madras, shall be supplied by the Superintendent of Stamps at Madras on the indent of officers in charge of local depôts.

II.—Supplies of postage stamps for the Presidency of Bombay, including Sind, Berar, the Central Provinces, and local depôts subordinate to Bombay, shall be supplied by the Superintendent of Stamps at Bombay on the indent of officers in charge of local depôts.

III.—Stamps for the Bengal Presidency, including the North-Western Provinces, Oudh, the Punjab, Central India, Rajpootana, Assam, and British Burmah, and local depôts subordinate to Calcutta, shall be supplied by the Superintendent of Stamps at Calcutta on the indent of officers in charge of local depôts.

IV.—The above-mentioned supplies from central to local depôts shall be issued on credit.

Local depôts.

V.—Every treasury throughout India, including those attached to political, customs, and salt agencies, shall be a local depôt for the sale of postage stamps, provided that the value of the stamps sold at one time to any purchaser shall not be less than Rs. 5, and shall not include any fraction of a rupee. At any station at which there is a collector of land revenue, neither a salt agent nor collector of customs shall be entrusted with the custody and sale of postage stamps. All sales under this rule will be for cash on delivery; and when the purchaser is one of those who are required to retail stamps under Rule VIII, or is one specially authorized under Rule IX, a discount of one half-anna per rupee will be allowed. But to purchasers other than the above, no discount will be allowed, and officers in charge of local depôts must see that discount is not allowed except to the privileged officers above referred to. The sale of embossed envelopes shall be subject to the same conditions, except that they shall be sold in packets containing sixteen envelopes each, portions of a packet not being saleable. The price of each packet shall be the value of the stamps borne by the envelopes contained in it, the discount (if any) being calculated on that value.

The above rule is only partially applicable to "Service Stamps," which may be sold *only to Government officials on a written application, accompanied by payment of the value in cash*, and on which *no discount is allowed*. A receipt containing in detail the gross value of each description of Service Postage Stamps sold will be granted by the treasury officer for the amount paid to him.

VI.—A supply equal to the probable consumption for five months of the district attached to each local depôt shall be kept in each, and as soon as the number in store has fallen below the number expended during the preceding six months, the collector, or other officer in charge of the depot, shall indent* on the central depôt of his Presidency for a number equal to the consumption of the last three months for which accounts have been rendered to the central depôt of the Presidency. If by any accident the stock of stamps of any value should run short before the receipt of a fresh supply from the central depôt, the officer in charge of the treasury will indent on neighbouring districts for a quantity sufficient to meet the demand, which may be supplied or not, according to the discretion, and on the responsibility of the officer indented on, with reference to the wants of his own district. It will be the duty of the Superintendent of Stamps of the Presidency to report to the Director General of the Post Office, for the orders of Government, every occasion on which it may appear, from the monthly statement or otherwise, that the store of stamps of any particular value in any district has fallen below the authorized amount.

* Form 1.

Branch depôts.

VII.—Every branch treasury and every tehsil treasury shall be a branch depôt for the sale of postage stamps under the conditions described in Rule V. It will receive its stamps from the local depôt to which it is subordinate, keeping always in store a supply sufficient to meet the probable demands of one month, estimated according to the average of former sales. It will keep an account of sales in the same form (3) hereafter prescribed for the treasurer's account, and will indent for supplies in the same form (4) as hereafter prescribed for the treasurer's indent. It will render an account monthly to the local depôt in Form 6A immediately on the expiration of the month.

Retail sale of Stamps.

VIII.—A supply of stamps *for sale by retail* shall be kept available at every post office, receiving house, tehsildaree, thana and every police station at which letters are received for despatch, and with every licensed stamp-vendor; and it shall be the duty of the officer, to whom the person in charge of any of the above-named places is subordinate, to take steps to ensure that the supply kept on hand is at all times equal to at least one week's demand. Persons in charge of the above-mentioned places will receive discount on purchases under Rule V.

This rule does not apply to "Service Stamps."

By the term "licensed vendor," as used above, is meant a stamp-vendor licensed under rules framed by the local Government in accordance with Section 48 of the General Stamp Act (XVIII of 1869).

Authorization of certain retail vendors other than the above.

IX.—A district officer may authorize the grant of discount at half-anna per rupee on purchases under Rule V to any person who is a *bonâ fide* retail vendor of postage stamps, although he may not be one of those required to retail them under the above rule. Such authority shall be given in writing, and must be produced by the person authorized when claiming discount on purchases: the authority will hold good for only 12 months from the date on which it is given, and may be revoked at any time at the discretion of the district officer. No such authority may be given to any person employed in a Government Treasury. A register showing the name, residence, and occupation of every person so authorized, and the date of the authority, shall be kept by the district officer.

Custody of Stamps in Local Depôts.

X.—The bulk of postage stamps in store at any local depôt shall be kept in parcels, containing a known number of sheets, in the treasury or other

secure place, in one or more strong chests or presses, under double locks,—the key of one lock of each chest or press always remaining in the hands of the collector or other officer in charge of the stamps, and the key of the other in the hands of the treasurer.

XI.—The remainder of the stamps in store shall be in the hands of the treasurer, and shall not exceed the probable demand of fourteen days, estimated according to the average of former sales.

XII.—The treasurer shall keep a daily account of receipts and sales* in the vernacular of the district, in which the transactions of each succeeding day shall be entered consecutively, a balance being struck at the close of each day, and attested by the initials of the officer in charge of the treasury.

* Form 3.

XIII.—On the first open day of each month, and on every Monday during the month, the treasurer shall prepare in the vernacular, and submit to the officer in charge of the postage stamps, an indent* for a supply of postage stamps for the following week. The indent, after being approved or altered by the officer in charge of the postage stamps, shall be signed by him, and complied with as directed in the following rule. The indent thus signed shall be the warrant for the issue of the stamps.

* Form 4.

XIV.—The officer in charge of the postage stamps shall cause the store under double locks to be opened, and the required number to be counted and delivered to the treasurer in his presence. A store-book* shall be kept in English, in which the number and value of the stamps delivered to the treasurer shall be entered, and a balance struck at the time of delivery. This balance will be attested by the initials of the officer in charge and of the treasurer, both of whom shall invariably be present during the whole time that the store under double locks, or any part of it, remains open. The deliveries shown in the store-book will agree with the indent as approved.

* Form 5.

XV.—If the treasurer require stamps at any intermediate time, the same process will be observed as is prescribed in the two preceding rules.

XVI.—Stamps will be supplied from the store under double locks only to the treasurer and to branch depôts, and on indent from them, respectively. Sales should be made not out of store, but from the supply in the hands of the treasurer or the supply in branch depôts.

XVII.—As soon as possible after the arrival of a despatch of postage stamps from a central depôt, or from any other local depôt, the packets or boxes are to be opened, one at a time, in the presence of the officer in charge of stamps. The stamps contained in each box or packet are then to be immediately counted and compared with the invoice,* which, after being receipted, will be returned by the first post to the depôt whence they were despatched. Unless the officer in charge of the stamps can certify that the stamps contained in any given packet or box were immediately counted by himself personally, or in his presence, he will be held responsible for the value of any that may be found deficient. The stamps are then to be placed in the store under double locks and entered in the store-books, and no stamps are to be delivered to the treasurer or sold to any party without being first brought into store.

* Form 2.

XVIII.—Officers in charge of stamps will have the stamps in store, both those under double locks and those in the hands of the treasurer, counted in their presence on the last open day of September and March in each official year, and will certify having done so in the following terms at the foot of the monthly accounts of sales and stock* for those months furnished to the Superintendent of Stamps:—

* Form 6.

"*I do hereby certify that I have personally counted the postage stamps in store on* 18 , *the actual value of which is Rupees* (here enter the amount in words and figures); *and that the rules prescribed by the order of the Government of India, dated are duly observed.*"

XIX.—On occasions of transfer of charge, postage stamps will be made over in the same manner and under the same precautions as the cash balance in the treasury.

XX.—The officer in charge of each local depôt will submit, within the first week of each month, an account* to the Superintendent of Stamps of his presidency, showing the balance in hand at the sudder and branch treasuries at the close of the preceding month, and the sales effected during that month.

* Form 6.

Returns to be made by Central Depôt.

XXI.—The Superintendent of Stamps of each Presidency will, on the 15th of each month, in addition to any account required by the Accountant General, furnish the Director General of the Post Office with a memorandum* showing the number of stamps distributed by him during the preceding month; and at the close of each month he will also furnish another memorandum† showing the number and value of stamps in hand, and the total amount of the actual sales of each local depôt and of all the local depôts supplied by him.

Notifications by High Court, Comptroller General, &c.

HIGH COURT—Original Side.

The 10th day of August 1876.

The following Rules passed by the High Court of Judicature at Fort William in Bengal are published for general information.

By Order,

R. BELCHAMBERS,
Registrar.

The following rules, made pursuant to Section 148 *of the "High Court's Criminal Procedure Act,* 1875," *are to come into effect as the rules of the High Court of Judicature at Fort William in Bengal from the first day of October* 1876 :—

1. Every application to the Court to admit a prisoner to bail shall [unless otherwise ordered] be supported by affidavit, or affirmation, stating when, by whom, and under what circumstances, the prisoner was committed to custody, and where he is detained in custody. If the Court shall think fit to order that the prisoner be admitted to bail, the order shall be drawn up with a direction that a warrant be issued to bring up the prisoner before the Court for the purpose of being bailed.

2. When a person shall be in custody in any case ordered to be transferred to this Court from any Criminal Court situate within the local limits of its Ordinary Original Criminal Jurisdiction, the order for the transfer of the case shall be drawn up with a direction that a warrant be issued to bring up the person so in custody to be dealt with according to law. In every other case not otherwise provided for, in which it may be necessary that a prisoner should be brought up before the Court to be dealt with according to law, an application must be made to the Court, supported [unless otherwise ordered] by affidavit, or affirmation, stating when, by whom, and under what circumstances, the prisoner was committed to custody, and where he is detained in custody.

3. Every application to bring up before the Court a person alleged to be illegally or improperly detained in custody, shall be supported by affidavit, or affirmation, stating where and by whom the person is detained in custody, and [so far as they are known] the facts relating to such detention, with the object of satisfying the Court that there is probable ground for supposing that such person is detained in custody against his will and without just cause.

4. Every application to bring up a prisoner before the Court to be examined as a witness shall be supported by affidavit, or affirmation, stating where the prisoner is detained in custody, and for what purpose his evidence is required.

5. When a prisoner, detained in custody within the local limits of the Ordinary Original Criminal Jurisdiction of this Court, shall be required to be brought before a Court Martial, or any Commissioners acting under the authority of any commission from the Governor General in Council, for trial, or to be examined as a witness, the presiding officer of such Court Martial, or the presiding officer acting under such commission, shall send an application to this Court in writing. The application shall be in the form of a letter addressed to the Registrar of this Court, in its Original Jurisdiction, stating the purpose for which the said Court Martial has been assembled, or the authority under which the said Commissioners are acting, and also stating where the prisoner is detained in custody, and when, where, and for what purpose, he is required to be produced. It shall be the duty of the Registrar to submit the letter, as soon as possible after the receipt thereof, to, and to obtain the order thereon of, the Judge of this Court exercising Ordinary Original Jurisdiction.

6. Every application to remove a prisoner from one custody to another, for the purpose of trial, shall be on notice to the prisoner, and shall [unless otherwise ordered] be supported by affidavit, or affirmation, stating where the prisoner is detained in custody, to what other custody it is proposed

to remove him, and the reason for such change of custody.

7. The Sheriff shall, as soon as possible after the arrest of any person under a warrant of arrest issued under the High Court's Criminal Procedure Act, bring up the body of such person before the Court to be dealt with according to law. If the Sheriff shall fail to comply with this direction, or if, after he shall have complied therewith, it shall at any time be necessary that the prisoner should be brought up before the Court, the application for that purpose shall be supported by the production of the Sheriff's return of *Cepi Corpus* to the warrant of arrest. The officer having the custody of the Sheriff's return shall cause the same to be produced before the Court on a requisition to him in writing.

8. When an application is made under Rules 1, 2, and 3, to bring up before the Court a person in custody under a warrant to detain such person, a copy of the warrant under which he is detained, obtained from and authenticated by the signature of the person in whose custody the applicant is, shall be produced to the Court; or it shall be shown by affidavit, or affirmation, that it has been asked for and denied.

9. The affidavit, or affirmation, required by Rules 1, 2, 3 and 8, shall be made by the person alleged to be in custody, unless it be shown that by reason of restraint, or coercion, or other sufficient cause, he is unable to make it, in which case it shall be made by some other person.

10. In any case in which the Court shall order a person in custody to be brought either before it, or before a Court Martial, or before Commissioners acting under the authority of a commission from the Governor General in Council, or, to be removed from one custody to another, a warrant in writing shall be prepared and signed by the Registrar, or the Clerk of the Crown, and countersigned by the Judge who made the order, and sealed with the seal of the Court.

11. Such warrant when issued under rule 5 shall be forwarded by the Registrar, or Clerk of the Crown, to the Officer in charge of the jail in which the prisoner is confined. In every other case, the warrant shall, unless otherwise ordered, be delivered to the attorney of the applicant, who shall cause it to be served personally upon the person to whom it is directed, or otherwise, as the Court shall direct.

12. The forms of warrant prescribed in the annexed schedule shall be followed with such variations as the circumstances of each case may require.

BENGAL CIVIL FUND.

At a Half-yearly General Meeting of Subscribers to the Bengal Civil Fund, held at the Town Hall, Calcutta, on Wednesday, the 26th July 1876.

PRESENT:—E. F. Harrison, Esq.; The Hon'ble W. F. McDonell, V. C.; J. A. Crawford, Esq.; H. A. Cockerell, Esq.; The Hon'ble H. J. Reynolds, B.A.; The Hon'ble H. Bell, M.A.; H. Beverley, Esq., M.A.; J. O'Kinealy, Esq.; R. H. Wilson, Esq., B.A.; W. H. Grimley, Esq., B.A.; W. M. Souttar, Esq., M.A.; and T. D. Beighton, Esq.

J. A. Crawford, Esq., in the chair.

Read the following Report submitted by the Managers:—

REPORT.

1. The Managers submit their Proceedings for the past half-year for the consideration and sanction of the Meeting.

Subject to the approval of subscribers they have admitted to the benefits of the Fund the following families:—

Mrs. Stainforth	... £ 300	The widow of the late Mr. H. Stainforth (an annuitant of 1862) who died at Chota Nagpore on the 20th January last.
Mrs. Pollen	... £ 300	The widow and two daughters of the late Mr. F. Pollen, who died at Boolundshuhur on the 11th February last.
Two daughters	... „ 60	
	£ 360	
Less ⅙ under Rule 7	... „ 60	
	£ 300	
Mrs. Light or Lyte (formerly Sargent)	£ 400	The widow of the late Revd. W. M. Light, formerly an incumbent on the full allowance from the Fund as the widow of Mr. Henry Sargent, a subscriber, who died in 1834, re-admitted under the old Rules from the date of decease of her late husband, 2nd April 1875, to the allowance noted on the margin. This lady's original incumbency lasted from 24th April 1834 to the end of 1837. She was married to the Revd. W. M. Light on the 26th August 1837.
Less private income	... £ 306-18	
	£ 93-2	
Mrs. Falcon	... £ 300	The widow and six children (three daughters and three sons) of the late Mr. A. B. Falcon, who died at sea on the 5th May last, provisionally pending the receipt of the certificate of baptism of the widow and the certificates of the first and second marriage of Mr. Falcon.
Six children	... „ 380	
	£ 680	
Less ⅙ under Rule 7	... „ 113	
	£ 567	

Mr. Heeley having incurred the penalty specified under Article XXXVII (38) of the Rules by having neglected for more than a year to pay the necessary subscriptions from his furlough allowance, was reminded of the fact, and immediately on the receipt of the letter paid the subscription, and at the same time represented that severe illness had caused the unintentional omission. The Managers informed him that they had resolved to recommend his re-admission on the Fund to the General Meeting. They have since heard of Mr. Heeley's death and received an application for the admission of the widow and two children (one son and one daughter) to the benefits of the Fund. A General Meeting is alone competent to admit to the benefits of the Fund the family of Mr. Heeley, and as good and sufficient cause has been shown for the omission, and the arrears of subscription with interest have been paid up, they submit the case to the favourable consideration of this Meeting.

Mrs. Heeley	... £ 300	
Two children	... „ 140	
	£ 440	

2. The votes of subscribers have affirmed the resolution passed at the Meeting of 26th January last, *viz.*, "that Mrs. Morris, formerly Mrs. Drew, be allowed on special grounds to bequeath to her daughter £50 per annum without entailing a reduction in the pension allowed from the Fund." The votes in favour were 138 and 1 against.

3. Under the special circumstances now affecting the Fund, the Managers on departure of Mr. Verner on leave appointed Mr. J. O'Kinealy to officiate as Secretary for three months or such time as might be required to prepare the circular explaining the position of the Fund with respect to the Government. They have since nominated Mr. C. P. L. Macaulay as Secretary. He will assume the duties of the office on Mr. O'Kinealy's work being completed.

4. The following resolution was passed at the last General Meeting of subscribers:—"that the Managers be desired to prepare and circulate in a popular form a complete note explaining the facts of the case under discussion and showing how far the Managers differ from the opinions expressed by the Government of India in the despatch of the 28th October last." The statement of the case has been prepared by Mr. O'Kinealy, and the Managers hope very shortly to call a special General Meeting to consider the plan of action to be adopted.

Proposed by *Mr. W. H. Grimley*, seconded by *Mr. R. H. Wilson*, and carried "that the proceedings of the Managers, in admitting to the benefits of the Fund the families of the late Messrs. H. Stainforth, F. Pollen, W. M. Light, and A. B. Falcon, be confirmed."

Proposed by *Mr. T. D. Beighton*, seconded by *Mr. W. H. Grimley*, and carried "that the interest of the late Mr. W. L. Heeley to the contingent benefits of the Fund be restored, and that as good and sufficient cause has been shown for the unintentional omission of contributions, and that the arrears of subscription with interest has been paid up, his family be admitted to the benefits of the Fund."

Proposed by *Mr. H. A. Cockerell*, seconded by *Mr. W. H. Grimley*, and carried "that Mr. A. Money be elected a Manager in the place of Hon'ble W. F. McDonell, who leaves Calcutta."

A vote of thanks was passed to the Chairman.

Power to deal with imprisoned seamen in accordance with section 88, Act I of 1859.

8. If any seaman or apprentice not shipped in British India is imprisoned on a complaint made by or on behalf of the Master or owner of the ship in which he is engaged to serve, on any of the grounds mentioned in the said Act No. I of 1859, section 88, or for any offence for which he has been sentenced to imprisonment for a term not exceeding one month, the following rules shall be observed:—

(*b*) the Local Government, or such officer as it appoints in this behalf, may tender such seaman or apprentice to the Master or owner of the ship in which he is engaged to serve, and if such Master or owner, without assigning reasons satisfactory to the Local Government or to such officer as aforesaid, refuse to receive him on board, may require such Master or owner to deposit in the local Shipping Office (1) the wages due to such seaman or apprentice, and his money, clothes and other effects, and (2) such sum as may in the opinion of the Local Government or of such officer as aforesaid be sufficient to defray the cost of the passage of the said seaman or apprentice to the port at which he was shipped, according to the scale of cost usual in the case of distressed seamen.

Whoever wilfully disobeys the prohibition contained in clause (*a*) of this section shall be liable to imprisonment for a term which may extend to three months, or to fine not exceeding one thousand rupees, or to both.

Any Master or owner refusing or neglecting to deposit such wages, money, clothes and other effects, or such sum as aforesaid, may be punished with fine not exceeding five hundred rupees, and in default of payment of such fine, to imprisonment for a term which may extend to three months.

9. And whereas it is expedient to increase the space required by the said Act No. I of 1859, section 70, to be allowed for European seamen and apprentices and for lascars or Native seamen; It is hereby further enacted as follows:—

Amendment of Act I of 1859, sec. 70.

Such section shall be read as if for the expressions "nine superficial feet," "fifty-four cubic feet," and "four superficial feet," the expressions "ten superficial feet," "sixty cubic feet," and "six superficial feet" were respectively substituted, and as if in the third paragraph of the same section, after the word "superficial," the words "and thirty-six cubic" were inserted.

Meaning of 'established par value.'

10. And whereas doubts have been raised as to the meaning of the expression "established par value" in the said Act No. I of 1859, section 54, for the purpose of removing such doubts, it is hereby enacted as follows:—

(*d*) in cases in which one portion of any such mahâl is assigned to one taluqâ and another portion to another taluqâ, each portion shall be deemed a separate mahâl, the joint responsibility of the co-sharers being limited to such portion.

101. Whenever a partition of a mahál, whether under-proprietary or held by lessees whose rent has been fixed as aforesaid, is effected under this Act, the amount of rent to be paid in respect of each portion shall be determined by the Deputy Commissioner, and the person to whom such rent is payable may present an application in writing to the Deputy Commissioner objecting to the distribution of the rental over the several parts into which the mahál has been divided, and praying that such objection may be heard and determined; and his objection shall be heard and determined, and the Deputy Commissioner shall record his reasons for such determination.

104. Any person convicted before a Deputy Commissioner of wilfully erasing, removing or damaging any such boundary-mark, may be ordered by the convicting officer to pay such sum not exceeding fifty rupees for each mark so erased, removed or damaged, as may be necessary to defray the expense of restoring such mark, and of rewarding the informer (if any) through whom the conviction was obtained.

Payment for erasing, removing or injuring marks.

105. Whenever the person erasing, removing or damaging any such mark cannot be discovered, or if for any other reason the sum which he has been so ordered to pay cannot be recovered, the mark shall be re-erected or repaired at the charge of the owner or owners of such one or more of the conterminous field or mahálas as to the Deputy Commissioner seems fit.

Who is to be charged for re-erection and repair when offenders not discoverable.

(*a*) to cause proper boundary-marks to be erected in such mahálas, villages or fields,

(*b*) to repair the boundary-marks lawfully erected in such mahálas, villages or fields.

107. In default of compliance with such direction within fifteen days from the date of the service of the notice, the Deputy Commissioner shall cause such boundary-marks to be erected or repaired, as the case may be, and shall charge the cost of such erections or repairs to the owners of the conterminous mahálas, villages or fields in such proportion as he thinks fit.

CHAPTER VII.

COLLECTION OF THE LAND-REVENUE.

108. In the case of every mahál the entire mahál shall be charged with, and all the proprietors jointly and severally shall be responsible to Government for the revenue for the time being assessed on the mahál.

Responsibility of proprietors of mahál for land-revenue.

The term "proprietors" shall, for the purposes of this chapter, include all persons in possession for their own benefit.

109. The Chief Commissioner may, from time to time, make rules as to the instalments in which, and the persons, places and times to whom, and at which, the revenue payable in respect of any land shall be paid.

Chief Commissioner may make rules as to payment of revenue.

110. Until the issue of such rules the said revenue shall be paid in the instalments, to the persons, and at the times and places in which, to whom, and at which, it is now paid.

Payment until issue of rules.

111. Any sum not so paid becomes thereupon an arrear of revenue, and the proprietor responsible for it becomes a defaulter.

Effect of non-payment.

No interest shall be demanded on any arrear of land-revenue.

112. If the settlement of any land has been made with a lambardár, and if there be an arrear of revenue due in respect of such land, both the lambardár and the co-sharers of the mahál from which the arrear is due shall be deemed defaulters.

Defaulters in case of settlements with lambardárs.

113. A statement of account certified by the tahsíldar shall, for the purposes of this chapter, be conclusive evidence of the existence of the arrear, of its amount, and of the person who is the defaulter.

Evidence of arrear.

114. When an arrear of land-revenue has accrued, a writ of demand or summons to appear may issue, calling on the defaulter to pay the amount within a time therein stated.

Writ of demand.

115. At any time after an arrear of land-revenue becomes due, such officer as the Chief Commissioner from time to time empowers in this behalf, may arrest the defaulter and detain him in custody for fifteen days, unless the arrear, together with the costs of arrest, is sooner paid.

Arrest and detention of defaulter.

116. If the arrear be not paid within fifteen days, and no good reason for the non-payment is shown, the Deputy Commissioner may issue an order to the jailor of the civil jail of the district, directing him to confine the defaulter therein as a civil prisoner until the arrear is paid, or until the expiration of such period, not exceeding six months from the date of the order, as the Deputy Commissioner thinks fit; and such

person shall be confined according to the terms of such order:

Provided that no person exempted under the law for the time being in force from personal attendance in the Civil Courts, no taluqdár and no female, shall be subject to arrest or imprisonment under this and the preceding section.

117. The Deputy Commissioner may, whether the defaulter has been arrested and imprisoned or not, order the attachment and sale of so much of his moveable property as will, as nearly as may be, defray the arrear.

Attachment and sale of moveables.

Nothing herein contained shall authorize the attachment and sale of articles set aside exclusively for the use of religious endowments: or, in the case of an agriculturist, of instruments of husbandry and of cattle *bonâ fide* kept for the cultivation of his land, or in the case of an artisan, of his tools, nor of any other articles exempted by the law for the time being in force from sale in execution of decrees of Civil Courts.

118. Every attachment and sale ordered under the preceding section shall be conducted according to the law in force for the time being, for the attachment and sale of moveable property under the decree of a Civil Court.

Conduct of sale.

119. When an arrear of land-revenue has become due in respect of a share, pattí or mahál, the Deputy Commissioner may in addition to, or instead of, the processes hereinbefore specified, cause such share, pattí or mahál to be attached and taken under the direct management of any agent whom he appoints for that purpose.

Property may be attached and taken under direct management.

For the purpose of managing the property so attached, the agent so appointed shall have all the rights, and be subject to all the liabilities, with respect to such property, of the person for whose default it was attached;

until the arrears of land-revenue due therefrom have been satisfied, or until the Deputy Commissioner directs him to restore the person whose interest has been attached to the management thereof.

120. All surplus profits of the property so attached after defraying thereout any instalment of land-revenue that may become due during such management, and the cost of such attachment and direct management, shall be applied to discharging the arrear of revenue on account of which it was ordered.

Application of surplus profits.

And no such management shall continue after such arrear has been discharged as aforesaid, and any surplus remaining after payment of the charges mentioned in the first clause of this section shall be handed over to the proprietor.

Termination of management.

121. If an arrear of land-revenue has become due in respect of the share of any member of a village community, such community, or any member thereof, may tender payment of such arrear, or may offer to pay such arrear by instalments.

Transfer of share of defaulter to solvent co-sharers.

If such tender be made, or if the Deputy Commissioner considers such offer satisfactory, the Deputy Commissioner may transfer the share of the defaulting member to the community or member making the tender or offer on such terms as the Deputy Commissioner thinks fit, and either for a term of years, or until such arrear is paid.

In case of conflicting tenders or offers under this section, the co-sharer who, in case the share were sold, would have a right of pre-emption under section 9 of the Oudh Laws Act, shall be preferred.

122. If such share is so transferred until the arrear is repaid, and if the arrear is not repaid within twelve years from the date of the transfer, the community or member to whom the share has been so transferred, may apply in writing to the Deputy Commissioner to publish a notification that, if the arrear is not paid within one year from the date thereof, such transfer will become absolute.

When transfer of share is to become absolute.

The Deputy Commissioner shall publish such notification accordingly, and if the arrear is not repaid before the expiration of one year from the date of the notification, the transfer to such community or member shall become absolute.

123. The procedure prescribed in the two preceding sections shall not affect the joint liability of the co-sharers of the mahál.

Procedure not to affect joint liability of co-sharers.

124. When any arrear of land-revenue has become due in respect of any pattí or mahál, and the Deputy Commissioner is of opinion that the processes hereinbefore provided are not sufficient for the recovery of such arrear, he may, in addition to, or instead of, any such process, report, through the Commissioner of the division, the matter to the Chief Commissioner, and the Chief Commissioner may thereupon order the existing settlement of such pattí or mahál to be annulled.

When settlement may be annulled.

The provisions of this section shall not be put in force for the recovery of any arrear of land-revenue which may have accrued on land,

Exception of certain arrears.

(*a*) while attached under section 119, or

(*b*) while in charge of the Court of Wards.

125. When the settlement of any pattí or mahál has been annulled under the last preceding section, the Deputy Commissioner may, with the previous sanction of the Chief Commissioner, either manage the land by himself or an agent, or let it in farm to any person willing to accept the same, for such term and on such conditions as may be approved by the Chief Commissioner:

When settlement has been annulled, the Deputy Commissioner may manage the land himself, or by agent, or let it in farm.

Provided that the term for which a pattí or mahál may be so managed or let be not longer than fifteen years from the first day of July next after the date of such annulment.

And no interest in or right to such pattí or mahál, or any part thereof, created or assigned by any person who, immediately before the annulment of the settlement, was in possession of the whole or any part of the land comprised therein, or

by any person through whom he claims, shall, during the continuance of such term, be binding on the Deputy Commissioner or his agent or lessee.

Proclamation of attachment or annulment of settlement.

126. When the Deputy Commissioner attaches any land under section 119, or when the settlement of any land has been annulled under section 124, he shall make public proclamation thereof on the mahál.

And he may realize all arrears of rent becoming due in respect of such land by under-proprietors or by lessees whose rent has been fixed by a Settlement Officer, as if they were arrears of land-revenue.

Payments thereafter to defaulter not to discharge payer.

127. No payment made after such proclamation on account of rent or other profit of the land so attached, or of which the settlement has been so annulled to any person other than the Deputy Commissioner or his agent or lessee, shall be credited to the person making such payment, or relieve him from liability to payment to the Deputy Commissioner, his agent or lessee.

Payments to defaulter in anticipation of due date.

128. No payment made to the defaulter in anticipation of the usual period for the payment of rents, shall, without the special sanction of the Deputy Commissioner, be credited to the person making the same in account with the Deputy Commissioner, or with his agent or lessee.

Recovery of balance due by farmer.

129. When any land has been let in farm under section 125 any balance due by the lessee as such may be recovered from him or his surety (if any) as if it were an arrear of revenue.

Suspension of responsibility of co-sharers for revenue of portion of mahál as to which settlement is annulled.

130. Whenever the settlement of any portion of a mahál is annulled under section 124, the joint responsibility of the co-sharers of the mahál for the revenue of such portion subsequently becoming due, shall be in abeyance until a new settlement of such portion is made under section 131.

Offer of settlement to proprietor on expiry of period for which land is managed or farmed.

131. After the expiration of the period for which any land has been managed or let in farm under section 125, the Deputy Commissioner shall offer to the person entitled to be settled with under section 26 a new settlement, on such conditions as the Chief Commissioner may direct, for the remainder of the term of the settlement of the district; and if such person refuse such offer, the Deputy Commissioner may (with the previous sanction of the Chief Commissioner) either manage the land by himself or an agent, or let the same in farm, under the provisions of sections 30 to 38, both inclusive.

Power to sell land to recover revenue-arrears.

132. When an arrear of land-revenue has become due in respect of any pattí or mahál, and the Deputy Commissioner of the district is of opinion that the other processes hereinbefore provided are not sufficient for the recovery of such arrear, he may, in addition to, or instead of all or any such other processes, and subject to the provisions next hereinafter contained, and with the previous sanction of the Chief Commissioner, sell by auction the pattí or mahál in respect of which such arrear is due:

Provided that no pattí or mahál shall be sold—

(*a*) for any arrears of land-revenue which may have become due in respect thereof while it was under the management of the Court of Wards, or held under the provisions of the Oudh Taluqdárs' Relief Act, or when the proprietor or under-proprietor thereof was, at the time the arrear accrued, a female deemed by the Chief Commissioner incompetent to manage her estate, a minor, an idiot, or a lunatic;

(*b*) for any arrears of land-revenue which may have become due while it was under attachment under section 119; or

(*c*) for any arrears of land-revenue which may have become due while it was under direct management by the Deputy Commissioner, or in farm by any other person under sections 32, 35, 125, or 131.

133. Land sold under the last preceding section shall be sold free of all incumbrances,

Grants and contracts void against purchaser.

and all grants and contracts previously made by any person other than the purchaser in respect of such land shall become void as against the purchaser at the auction-sale.

Exceptions.

Nothing in the former part of this section applies to leases of lands at fair rents, for the erection of dwelling-houses or manufactories, or for mines, gardens, tanks, canals, places of worship or burying grounds.

Power to direct sale to be made subject to incumbrances.

134. The Chief Commissioner may, notwithstanding anything contained in section 133, at any time before a sale of land for arrears of revenue has been actually made, direct it to be made subject to such of the interests in or rights to such land created by the proprietor in possession thereof, or any person through whom he claims, as the Chief Commissioner thinks fit.

Power to cancel restricted sale and re-sell under section 134.

When the proceeds of a sale so made are not equal to the arrears due at the time of sale, the Chief Commissioner may, at any time before the Commissioner of the Division has confirmed the sale, direct it to be cancelled and a new sale of the land to be made under section 133.

Power to proceed against defaulter's other immoveable property.

135. If the arrear cannot be recovered by any of the above processes, and the defaulter is in possession of any other immoveable property, the Deputy Commissioner may proceed against such other property, as if it were the land on account of which the revenue is due under the provisions of this Act;

Provided that no interest save those of the defaulter alone, shall be so proceeded against, and no incumbrances created or contracts entered into by him in good faith shall be rendered invalid by such proceeding.

Procedure in effecting sale.

136. On the receipt of the sanction of the Chief Commissioner to the sale of any land, the Deputy Commissioner of the district shall issue a proclamation, in the vernacular lan-

guage of the district, of the intended sale, specifying the time and place of sale,

and (when the land to be sold is a mahál or part of a mahál paying revenue to Government) the revenue assessed upon it, together with any other particulars he may think necessary.

Contents of proclamation.

137. When the land is sold for arrears of revenue due in respect thereof, the proclamation shall declare that the land is to be sold free of every incumbrance except the leases mentioned in section 133, and except the interests and rights, if any, referred to in the first paragraph of section 134.

The particulars of such leases, interests and rights shall be given in the proclamation.

Such proclamation shall be made at the head-quarters of the tahsíl in which the land is situate, and also in the village of which it is a part.

Notification of sale.

138. A written notice of the intended sale and of the time and place thereof shall be affixed in the office of the Deputy Commissioner of the district, and where the Assistant Commissioner in charge of the sub-division in which the land is situate has a separate office, then also in such office, and a copy of such notice shall be served on the defaulter.

Sale by whom to be made.

139. Every sale under this chapter shall be made either by the Deputy Commissioner of the district in person or by an Assistant Commissioner specially appointed by him in this behalf.

Time when sale may be made.

No such sale shall take place on a Sunday or other authorized holiday, or until after the expiration of at least thirty days from the date on which the said notice thereof has been affixed in the office of the Deputy Commissioner of the district, and proclamation of the sale has been made in the village in which the land is situate.

The Deputy Commissioner of the district may, from time to time, postpone the sale, reporting such postponement to the Commissioner of the division.

When sale may be stayed.

140. If the defaulter pay the arrear of revenue in respect of which the land is to be sold at any time before the day fixed for the sale, to the person appointed by Government under section 109, to receive payment of the revenue assessed on such land, or to the Deputy Commissioner of the district, or the Assistant Commmissioner in charge of the sub-division of the district, the sale shall be stayed.

Deposit by purchaser.

141. The person declared to be the purchaser shall be required to deposit immediately twenty-five per cent. on the amount of his bid, and in default of such deposit the land shall forthwith be again put up and sold.

Re-sale in default of deposit.

Purchase-money when to be paid.

142. The full amount of purchase-money shall be paid by the purchaser before sunset of the fifteenth day from that on which the sale of the land took place, or, if the said fifteenth day be a Sunday or other authorized holiday, then on the first office day after such fifteenth day;

and in default of payment within such period, the deposit, after defraying thereout the expenses of the sale, shall be forfeited to Government, and the property shall be re-sold, and the defaulting purchaser shall forfeit all claim to the property, or to any part of the sum for which it may be subsequently sold.

Resale in case of default.

Liability of purchaser for loss by re-sale.

143. If the proceeds of the sale which is eventually made be less than the price bid by such defaulting purchaser, the difference shall be leviable from him under the rules contained in the Code of Civil Procedure for the execution of a decree for money.

Notification before re-sale.

144. No re-sale under section 142 in default of payment of the purchase-money shall be made unless and until a fresh notice has been issued in the manner prescribed for the original sale.

Application to set aside sale.

145. At any time within thirty days from the date of the sale, application in writing may be made to the Commissioner of the Division to set aside the sale on the ground of some material irregularity or mistake in publishing or conducting it.

When sale may be set aside.

146. No sale shall be set aside on such ground unless the applicant proves to the satisfaction of the Commissioner that he has sustained substantial injury by reason of the irregularity or mistake complained of.

Order confirming or setting aside.

147. After the expiration of the said thirty days, if no such application as is mentioned in section 145, has been made, or if such application has been made and rejected, the Commissioner of the Division shall make an order confirming the sale;

and if such application be made and allowed the Commissioner shall make an order setting aside the sale.

Every order made under this section shall be final.

Bar of claims against Government.

148. If no such application be made within the time allowed by section 145, all claims founded on the irregularity or mistake complained of shall, as against the Government, be barred.

Nothing herein contained shall preclude the institution of a suit in a Civil Court for the purpose of setting aside a sale on the ground of fraud.

Refund of purchase-money when sale set aside.

149. Whenever the sale of any land is set aside, the purchaser shall be entitled to receive back his purchase-money, with or without interest, at such rate not exceeding six per cent. per annum, as the Commissioner of the Division thinks fit.

On confirmation of sale, purchaser to be put in possession.

150. After a sale of land in respect of which an arrear of revenue is due has been confirmed in manner aforesaid, the Deputy Commissioner of the District shall, unless the purchase has been made subject to a right of some other person to possession, put the person declared to be the purchaser into possession of the land, and shall grant him a certificate, to the effect that he has purchased the land to which the certificate

refers, and such certificate shall be deemed to be a valid transfer of such land, but need not be stamped or registered as a conveyance.

If the land has been sold on account of an arrear of revenue due in respect thereof, the certificate shall also either state that the purchaser has purchased the land to which the certificate refers free of every incumbrance other than the leases mentioned in section 133, or shall specify the incumbrances subject to which the land has been sold.

Bar of suit against certified purchaser.

151. The certificate shall state the name of the person declared at the time of sale to be the actual purchaser; and any suit brought in a Civil Court against the certified purchaser on the ground that the purchase was made on behalf of another person not the certified purchaser, though by agreement the name of the certified purchaser was used, shall be dismissed with costs.

Application of proceeds of sale.

152. When a sale of land has been confirmed under section 147, the proceeds of the sale shall be applied in the first place to defraying the expenses of sale and to the payment of any arrears due in respect of such land at the date of the confirmation of such sale and recoverable as an arrear of land-revenue,

and the surplus (if any) shall be paid to the person whose land has been sold;

or, if the land sold were held in shares, then to the co-sharers collectively, or according to the amount of their recorded interests, at the discretion of the Deputy Commissioner of the District.

Surplus not to be paid to creditors, nor retained by Government except under order of Court.

153. Such surplus shall not (except under an order of a Civil Court) be payable to any creditor of the person whose land has been sold, nor shall it (except under a like order) be retained in the Government treasury.

Liability of purchaser for revenue.

154. The person named in the certificate of title as purchaser of any land shall be liable for all instalments of land-revenue becoming due in respect of such land subsequently to the date of the confirmation of the sale.

Pre-emption by co-sharers when land sold is a pattí of a mahál.

155. Where any land sold under section 132 is a pattí of a mahál, any recorded co-sharer, not being himself in arrear with regard to the revenue due in respect of such land, may, if the lot has been knocked down to a stranger, claim to take the said land at the sum last bid:

Provided that such claim be made on the day of sale, and before the officer conducting the sale has left the office for the day, and provided that the claimant fulfil all the other conditions of the sale.

Payment under protest and suit for recovery.

156. Whenever proceedings are taken under this chapter against any person for the recovery of any arrear of revenue, he may pay the amount claimed under protest to the officer taking such proceedings,

and upon such payment the proceedings shall be stayed,

and (subject to the pecuniary limitations prescribed by law) the person against whom such proceedings were taken may sue the Government for the amount so paid in any Civil Court situate in the district where such proceedings were taken;

and in such suit, the plaintiff may, notwithstanding section 113, give evidence of the amount which he alleges to be due from him.

Proprietor of mahál when to be deemed a tenant with right of occupancy.

157. Any proprietor or under-proprietor of a mahál or portion of a mahál, that is attached, transferred, held under direct management, farmed or sold under the provisions of this Act, who may, at the date of the order of such attachment, transfer, direct management, farm or sale, hold any land within such mahál or portion of a mahál in his cultivating occupancy, shall be deemed to be a tenant with a right of occupancy in respect of so much of such land as the Deputy Commissioner may determine, and the rent to be paid by him for such land shall be fixed by the Deputy Commissioner under the provisions of the Oudh Rent Act.

Assistance to recover rent of mahál held in sub-settlement.

158. Whenever a mahál or pattí is held in sub-settlement, or under a heritable, non-transferable lease, the rent payable under which has been fixed by the Settlement Officer or other competent authority, and the rent of such mahál or pattí falls into arrear, the proprietor, instead of suing the defaulter under Act No. XIX of 1868, may, within the period limited for such a suit, apply in writing to the Deputy Commissioner requesting him to realize such arrear.

The Deputy Commissioner shall, on receipt of such application, satisfy himself as to the existence of such arrear, and shall then, subject to such rules as may from time to time be made in this behalf by the Chief Commissioner, proceed to recover such arrear as if it was an arrear of revenue.

If in addition to or in lieu of the other remedies applicable to the recovery of arrears of revenue, the Deputy Commissioner thinks it necessary or expedient to annul the sub-settlement of any such mahál or pattí, he shall refer the case with his opinion thereon to the Chief Commissioner, and the Chief Commissioner may thereupon annul the existing sub-settlement of such mahál or pattí for such period (not exceeding fifteen years) as he thinks fit; and the new sub-settlement to be made on the expiration of such period shall be made in accordance with the provisions of section 40 and (so far as is practicable) with those of section 131.

Tenure of land under expired settlement until new settlement is made.

159. If the term for which any settlement has been made expires before a new settlement is made, all persons with whom a settlement has been made, who continue after the expiration of such term to occupy the land comprised in the expired settlement shall, until a new settlement is made, hold the said land upon the conditions of the expired settlement.

164. The Court of Wards may assume or refrain from assuming the superintendence of the person or property of any disqualified person and may at any time release any person or property from its superintendence: Provided that such person or property has not been placed under the Court of Wards by any competent authority whose order is necessary to his or its release.

Report to Chief Commissioner when right of Court of Wards is disputed by persons other than those specially provided for.

165. If in any case not specially provided for by this or any other law for the time being in force, the right of the Court of Wards to assume or retain the superintendence of the estate of a disqualified person is disputed by such person, the case shall be reported to the Chief Commissioner whose orders thereon shall be final.

Duties of manager.

171. The manager shall manage the property committed to him diligently and faithfully for the benefit of the proprietor, and shall in every respect act to the best of his judgment for the proprietor's interest as if the property were his own.

172. The Court of Wards shall have power to give such leases or farms of the whole or parts of the immoveable property under its charge, and to mortgage or sell any part of such property, and to do all such other acts, as it may judge to be most for the benefit of the property and the advantage of the disqualified proprietors.

105. Whenever the person erasing, removing or damaging any such mark cannot be discovered, or if for any other reason the sum which he has been so ordered to pay cannot be recovered, the mark shall be re-erected or repaired at the charge of the owner or owners of such one or more of the conterminous field or mahals as to the Deputy Commissioner seems fit.

108. In the case of every mahál the entire mahál shall be charged with, and all the proprietors jointly and severally shall be responsible to Government for the revenue for the time being assessed on the mahál.

The term "proprietors" shall, for the purposes of this chapter, include all persons in possession for their own benefit.

110. Until the issue of such rules the said revenue shall be paid in the instalments, to the persons, and at the times and places in which, to whom, and at which, it is now paid.

Payment until issue of rules.

111. Any sum not so paid becomes thereupon an arrear of revenue, and the proprietor responsible for it becomes a defaulter.

Effect of non-payment.

No interest shall be demanded on any arrear of land-revenue.

112. If the settlement of any land has been made with a lambardár, and if there be an arrear of revenue due in respect of such land, both the lambardár and the co-sharers of the mahál from which the arrear is due shall be deemed defaulters.

Defaulters in case of settlements with lambardárs.

113. A statement of account certified by the tahsíldar shall, for the purposes of this chapter, be conclusive evidence of the existence of the arrear, of its amount, and of the person who is the defaulter.

Evidence of arrear.

114. When an arrear of land-revenue has accrued, a writ of demand or summons to appear may issue, calling on the defaulter to pay the amount within a time therein stated.

Writ of demand.

115. At any time after an arrear of land-revenue becomes due, such officer as the Chief Commissioner from time to time empowers in this behalf, may arrest the defaulter and detain him in custody for fifteen days, unless the arrear, together with the costs of arrest, is sooner paid.

Arrest and detention of defaulter.

116. If the arrear be not paid within fifteen days, and no good reason for the non-payment is shown, the Deputy Commissioner may issue an order to the jailor of the civil jail of the district, directing him to confine the defaulter therein as a civil prisoner until the arrear is paid, or until the expiration of such period, not exceeding six months from the date of the order, as the Deputy Commissioner thinks fit; and such

Application of surplus profits.

And no such management shall continue after such arrear has been discharged as aforesaid, and any surplus remaining after payment of the charges mentioned in the first clause of this section shall be handed over to the proprietor.

Termination of management.

121. If an arrear of land-revenue has become due in respect of the share of any member of a village community, such community, or any member thereof, may tender payment of such arrear, or may offer to pay such arrear by instalments.

Transfer of share of defaulter to solvent co-sharers.

If such tender be made, or if the Deputy Commissioner considers such offer satisfactory, the Deputy Commissioner may transfer the share of the defaulting member to the community or member making the tender or offer on such terms as the Deputy Commissioner thinks fit, and either for a term of years, or until such arrear is paid.

In case of conflicting tenders or offers under this section, the co-sharer who, in case the share were sold, would have a right of pre-emption under section 9 of the Oudh Laws Act, shall be preferred.

122. If such share is so transferred until the arrear is repaid, and if the arrear is not repaid within twelve years from the date of the transfer, the community or member to whom the share has been so transferred, may apply in writing to the Deputy Commissioner to publish a notification that, if the arrear is not paid within one year from the date thereof, such transfer will become absolute.

When transfer of share is to become absolute.

The Deputy Commissioner shall publish such notification accordingly, and if the arrear is not repaid before the expiration of one year from the date of the notification, the transfer to such community or member shall become absolute.

123. The procedure prescribed in the two preceding sections shall not affect the joint liability of the co-sharers of the mahál.

Procedure not to affect joint liability of co-sharers.

124. When any arrear of land-revenue has become due in respect of any pattí or mahál, and the Deputy Commissioner is of opinion that the processes hereinbefore provided are not sufficient for the recovery of such arrear, he may, in addition to, or instead of, any such process, report, through the Commissioner of the division, the matter to the Chief Commissioner, and the Chief Commissioner may thereupon order the existing settlement of such pattí or mahál to be annulled.

When settlement may be annulled.

The provisions of this section shall not be put in force for the recovery of any arrear of land-revenue which may have accrued on land,

Exception of certain arrears.

(*a*) while attached under section 119, or

(*b*) while in charge of the Court of Wards.

125. When the settlement of any pattí or mahál has been annulled under the last preceding section, the Deputy Commissioner may, with the previous sanction of the Chief Commissioner, either manage the land by himself or an agent, or let it in farm to any person willing to accept the same, for such term and on such conditions as may be approved by the Chief Commissioner:

When settlement has been annulled, the Deputy Commissioner may manage the land himself, or by agent, or let it in farm.

Provided that the term for which a pattí or mahál may be so managed or let be not longer than fifteen years from the first day of July next after the date of such annulment.

Proclamation of attachment or annulment of settlement.

126. When the Deputy Commissioner attaches any land under section 119, or when the settlement of any land has been annulled under section 124, he shall make public proclamation thereof on the mahál.

And he may realize all arrears of rent becoming due in respect of such land by under-proprietors or by lessees whose rent has been fixed by a Settlement Officer, as if they were arrears of land-revenue.

Payments thereafter to defaulter not to discharge payer.

127. No payment made after such proclamation on account of rent or other profit of the land so attached, or of which the settlement has been so annulled to any person other than the Deputy Commissioner or his agent or lessee, shall be credited to the person making such payment, or relieve him from liability to payment to the Deputy Commissioner, his agent or lessee.

Payments to defaulter in anticipation of due date.

128. No payment made to the defaulter in anticipation of the usual period for the payment of rents, shall, without the special sanction of the Deputy Commissioner, be credited to the person making the same in account with the Deputy Commissioner, or with his agent or lessee.

Recovery of balance due by farmer.

129. When any land has been let in farm under section 125 any balance due by the lessee as such may be recovered from him or his surety (if any) as if it were an arrear of revenue.

Suspension of responsibility of co-sharers for revenue of portion of mahál as to which settlement is annulled.

130. Whenever the settlement of any portion of a mahál is annulled under section 124, the joint responsibility of the co-sharers of the mahál for the revenue of such portion subsequently becoming due, shall be in abeyance until a new settlement of such portion is made under section 131.

Offer of settlement to proprietor on expiry of period for which land is managed or farmed.

131. After the expiration of the period for which any land has been managed or let in farm under section 125, the Deputy Commissioner shall offer to the person entitled to be settled with under section 26 a new settlement, on such conditions as the Chief Commissioner may direct, for the remainder of the term of the settlement of the district; and if such person refuse such offer, the Deputy Commissioner may (with the previous sanction of the Chief Commissioner) either manage the land by himself or an agent, or let the same in farm, under the provisions of sections 30 to 38, both inclusive.

Power to sell land to recover revenue-arrears.

132. When an arrear of land-revenue has become due in respect of any pattí or mahál, and the Deputy Commissioner of the district is of opinion that the other processes hereinbefore provided are not sufficient for the recovery of such arrear, he may, in addition to, or instead of all or any such other processes, and subject to the provisions next hereinafter contained, and with the previous sanction of the Chief Commissioner, sell by auction the pattí or mahál in respect of which such arrear is due:

Provided that no pattí or mahál shall be sold—

(*a*) for any arrears of land-revenue which may have become due in respect thereof while it was under the management of the Court of Wards, or held under the provisions of the Oudh Taluqdárs' Relief Act, or when the proprietor or under-proprietor thereof was, at the time the arrear accrued, a female deemed by the Chief Commissioner incompetent to manage her estate, a minor, an idiot, or a lunatic;

(*b*) for any arrears of land-revenue which may have become due while it was under attachment under section 119; or

(*c*) for any arrears of land-revenue which may have become due while it was under direct management by the Deputy Commissioner, or in farm by any other person under sections 32, 35, 125, or 131.

Power to direct sale to be made subject to incumbrances.

134. The Chief Commissioner may, notwithstanding anything contained in section 133, at any time before a sale of land for arrears of revenue has been actually made, direct it to be made subject to such of the interests in or rights to such land created by the proprietor in possession thereof, or any person through whom he claims, as the Chief Commissioner thinks fit.

Power to cancel restricted sale and re-sell under section 134.

When the proceeds of a sale so made are not equal to the arrears due at the time of sale, the Chief Commissioner may, at any time before the Commissioner of the Division has confirmed the sale, direct it to be cancelled and a new sale of the land to be made under section 133.

Power to proceed against defaulter's other immoveable property.

135. If the arrear cannot be recovered by any of the above processes, and the defaulter is in possession of any other immoveable property, the Deputy Commissioner may proceed against such other property, as if it were the land on account of which the revenue is due under the provisions of this Act:

Provided that no interest save those of the defaulter alone, shall be so proceeded against, and no incumbrances created or contracts entered into by him in good faith shall be rendered invalid by such proceeding.

Procedure in effecting sale.

136. On the receipt of the sanction of the Chief Commissioner to the sale of any land, the Deputy Commissioner of the district shall issue a proclamation, in the vernacular language of the district, of the intended sale, specifying the time and place of sale,

and (when the land to be sold is a mahál or part of a mahál paying revenue to Government) the revenue assessed upon it, together with any other particulars he may think necessary.

Contents of proclamation.

137. When the land is sold for arrears of revenue due in respect thereof, the proclamation shall declare that the land is to be sold free of every incumbrance except the leases mentioned in section 133, and except the interests and rights, if any, referred to in the first paragraph of section 134.

The particulars of such leases, interests and rights shall be given in the proclamation.

Such proclamation shall be made at the headquarters of the tahsíl in which the land is situate, and also in the village of which it is a part.

Notification of sale.

138. A written notice of the intended sale and of the time and place thereof shall be affixed in the office of the Deputy Commissioner of the district, and where the Assistant Commissioner in charge of the sub-division in which the land is situate has a separate office, then also in such office, and a copy of such notice shall be served on the defaulter.

139. Every sale under this chapter shall be made either by the Deputy Commissioner of the district in person or by an Assistant Commissioner specially appointed by him in this behalf.

Time when sale may be made.

No such sale shall take place on a Sunday or other authorized holiday, or until after the expiration of at least thirty days from the date on which the said notice thereof has been affixed in the office of the Deputy Commissioner of the district, and proclamation of the sale has been made in the village in which the land is situate.

The Deputy Commissioner of the district may, from time to time, postpone the sale, reporting such postponement to the Commissioner of the division.

When sale may be stayed.

140. If the defaulter pay the arrear of revenue in respect of which the land is to be sold at any time before the day fixed for the sale, to the person appointed by Government under section 109, to receive payment of the revenue assessed on such land, or to the Deputy Commissioner of the district, or the Assistant Commmissioner in charge of the sub-division of the district, the sale shall be stayed.

Purchase-money when to be paid.

142. The full amount of purchase-money shall be paid by the purchaser before sunset of the fifteenth day from that on which the sale of the land took place, or, if the said fifteenth day be a Sunday or other authorized holiday, then on the first office day after such fifteenth day;

and in default of payment within such period, the deposit, after defraying thereout the expenses of the sale, shall be forfeited to Government, and the property shall be re-sold, and the defaulting purchaser shall forfeit all claim to the property, or to any part of the sum for which it may be subsequently sold.

Resale in case of default.

Liability of purchaser for loss by re-sale.

143. If the proceeds of the sale which is eventually made be less than the price bid by such defaulting purchaser, the difference shall be leviable from him under the rules contained in the Code of Civil Procedure for the execution of a decree for money.

Notification before re-sale.

144. No re-sale under section 142 in default of payment of the purchase-money shall be made unless and until a fresh notice has been issued in the manner prescribed for the original sale.

Application to set aside sale.

145. At any time within thirty days from the date of the sale, application in writing may be made to the Commissioner of the Division to set aside the sale on the ground of some material irregularity or mistake in publishing or conducting it.

When sale may be set aside.

146. No sale shall be set aside on such ground unless the applicant proves to the satisfaction of the Commissioner that he has sustained substantial injury by reason of the irregularity or mistake complained of.

Order confirming or setting aside.

147. After the expiration of the said thirty days, if no such application as is mentioned in section 145, has been made, or if such application has been made and rejected, the Commissioner of the Division shall make an order confirming the sale;

and if such application be made and allowed the Commissioner shall make an order setting aside the sale.

Every order made under this section shall be final.

Bar of claims against Government.

148. If no such application be made within the time allowed by section 145, all claims founded on the irregularity or mistake complained of shall, as against the Government, be barred.

Nothing herein contained shall preclude the institution of a suit in a Civil Court for the purpose of setting aside a sale on the ground of fraud.

Refund of purchase-money when sale set aside.

149. Whenever the sale of any land is set aside, the purchaser shall be entitled to receive back his purchase-money, with or without interest, at such rate not exceeding six per cent. per annum, as the Commissioner of the Division thinks fit.

On confirmation of sale, purchaser to be put in possession.

150. After a sale of land in respect of which an arrear of revenue is due has been confirmed in manner aforesaid, the Deputy Commissioner of the District shall, unless the purchase has been made subject to a right of some other person to possession, put the person declared to be the purchaser into possession of the land, and shall grant him a certificate, to the effect that he has purchased the land to which the certificate

refers, and such certificate shall be deemed to be a valid transfer of such land, but need not be stamped or registered as a conveyance.

If the land has been sold on account of an arrear of revenue due in respect thereof, the certificate shall also either state that the purchaser has purchased the land to which the certificate refers free of every incumbrance other than the leases mentioned in section 133, or shall specify the incumbrances subject to which the land has been sold.

Bar of suit against certified purchaser.

151. The certificate shall state the name of the person declared at the time of sale to be the actual purchaser; and any suit brought in a Civil Court against the certified purchaser on the ground that the purchase was made on behalf of another person not the certified purchaser, though by agreement the name of the certified purchaser was used, shall be dismissed with costs.

152. When a sale of land has been confirmed under section 147, the proceeds of the sale shall be applied in the first place to defraying the expenses of sale and to the payment of any arrears due in respect of such land at the date of the confirmation of such sale and recoverable as an arrear of land-revenue,

and the surplus (if any) shall be paid to the person whose land has been sold;

or, if the land sold were held in shares, then to the co-sharers collectively, or according to the amount of their recorded interests, at the discretion of the Deputy Commissioner of the District.

Surplus not to be paid to creditors, nor retained by Government except under order of Court.

153. Such surplus shall not (except under an order of a Civil Court) be payable to any creditor of the person whose land has been sold, nor shall it (except under a like order) be retained in the Government treasury.

Liability of purchaser for revenue.

154. The person named in the certificate of title as purchaser of any land shall be liable for all instalments of land-revenue becoming due in respect of such land subsequently to the date of the confirmation of the sale.

Pre-emption by co-sharers when land sold is a patti of a mahál.

155. Where any land sold under section 132 is a pattí of a mahál, any recorded co-sharer, not being himself in arrear with regard to the revenue due in respect of such land, may, if the lot has been knocked down to a stranger, claim to take the said land at the sum last bid:

Provided that such claim be made on the day of sale, and before the officer conducting the sale has left the office for the day, and provided that the claimant fulfil all the other conditions of the sale.

Payment under protest and suit for recovery.

156. Whenever proceedings are taken under this chapter against any person for the recovery of any arrear of revenue, he may pay the amount claimed under protest to the officer taking such proceedings,

and upon such payment the proceedings shall be stayed,

and (subject to the pecuniary limitations prescribed by law) the person against whom such proceedings were taken may sue the Government for the amount so paid in any Civil Court situate in the district where such proceedings were taken;

and in such suit, the plaintiff may, notwithstanding section 113, give evidence of the amount which he alleges to be due from him.

Proprietor of mahál when to be deemed a tenant with right of occupancy.

157. Any proprietor or under-proprietor of a mahál or portion of a mahál, that is attached, transferred, held under direct management, farmed or sold under the provisions of this Act, who may, at the date of the order of such attachment, transfer, direct management, farm or sale, hold any land within such mahál or portion of a mahál in his cultivating occupancy, shall be deemed to be a tenant with a right of occupancy in respect of so much of such land as the Deputy Commissioner may determine, and the rent to be paid by him for such land shall be fixed by the Deputy Commissioner under the provisions of the Oudh Rent Act.

Assistance to recover rent of mahál held in sub-settlement.

158. Whenever a mahál or pattí is held in sub-settlement, or under a heritable, non-transferable lease, the rent payable under which has been fixed by the Settlement Officer or other competent authority, and the rent of such mahál or pattí falls into arrear, the proprietor, instead of suing the defaulter under Act No. XIX of 1868, may, within the period limited for such a suit, apply in writing to the Deputy Commissioner requesting him to realize such arrear.

The Deputy Commissioner shall, on receipt of such application, satisfy himself as to the existence of such arrear, and shall then, subject to such rules as may from time to time be made in this behalf by the Chief Commissioner, proceed to recover such arrear as if it was an arrear of revenue.

If in addition to or in lieu of the other remedies applicable to the recovery of arrears of revenue, the Deputy Commissioner thinks it necessary or expedient to annul the sub-settlement of any such mahál or pattí, he shall refer the case with his opinion thereon to the Chief Commissioner, and the Chief Commissioner may thereupon annul the existing sub-settlement of such mahál or pattí for such period (not exceeding fifteen years) as he thinks fit; and the new sub-settlement to be made on the expiration of such period shall be made in accordance with the provisions of section 40 and (so far as is practicable) with those of section 131.

Tenure of land under expired settlement until new settlement is made.

159. If the term for which any settlement has been made expires before a new settlement is made, all persons with whom a settlement has been made, who continue after the expiration of such term to occupy the land comprised in the expired settlement shall, until a new settlement is made, hold the said land upon the conditions of the expired settlement.

And no such management shall continue after such arrear has been discharged as aforesaid, and any surplus remaining after payment of the charges mentioned in the first clause of this section shall be handed over to the proprietor.

If such tender be made, or if the Deputy Commissioner considers such offer satisfactory, the Deputy Commissioner may transfer the share of the defaulting member to the community or member making the tender or offer on such terms as the Deputy Commissioner thinks fit, and either for a term of years, or until such arrear is paid.

In case of conflicting tenders or offers under this section, the co-sharer who, in case the share were sold, would have a right of pre-emption under section 9 of the Oudh Laws Act, shall be preferred.

122. If such share is so transferred until the arrear is repaid, and if the arrear is not repaid within twelve years from the date of the transfer, the community or member to whom the share has been so transferred, may apply in writing to the Deputy Commissioner to publish a notification that, if the arrear is not paid within one year from the date thereof, such transfer will become absolute.

The Deputy Commissioner shall publish such notification accordingly, and if the arrear is not repaid before the expiration of one year from the date of the notification, the transfer to such community or member shall become absolute.

When any arrear of land-revenue has become due in respect of any pattí or mahál, and the Deputy Commissioner is of opinion that the processes hereinbefore provided are not sufficient for the recovery of such arrear, he may, in addition to, or instead of, any such process, report, through the Commissioner of the division, the matter to the Chief Commissioner, and the Chief Commissioner may thereupon order the existing settlement of such pattí or mahál to be annulled.

When settlement may be annulled.

The provisions of this section shall not be put in force for the recovery of any arrear of land-revenue which may have accrued on land,

125. When the settlement of any pattí or mahál has been annulled under the last preceding section, the Deputy Commissioner may, with the previous sanction of the Chief Commissioner, either manage the land by himself or an agent, or let it in farm to any person willing to accept the same, for such term and on such conditions as may be approved by the Chief Commissioner:

Recovery of balance due by farmer.

129. When any land has been let in farm under section 125 any balance due by the lessee as such may be recovered from him or his surety (if any) as if it were an arrear of revenue.

Suspension of responsibility of co-sharers for revenue of portion of mahál as to which settlement is annulled.

130. Whenever the settlement of any portion of a mahál is annulled under section 124, the joint responsibility of the co-sharers of the mahál for the revenue of such portion subsequently becoming due, shall be in abeyance until a new settlement of such portion is made under section 131.

Power to sell land to recover revenue-arrears.

132. When an arrear of land-revenue has become due in respect of any pattí or mahál, and the Deputy Commissioner of the district is of opinion that the other processes hereinbefore provided are not sufficient for the recovery of such arrear, he may, in addition to, or instead of all or any such other processes, and subject to the provisions next hereinafter contained, and with the previous sanction of the Chief Commissioner, sell by auction the pattí or mahál in respect of which such arrear is due:

Provided that no pattí or mahál shall be sold—

When the proceeds of a sale so made are not equal to the arrears due at the time of sale, the Chief Commissioner may, at any time before the Commissioner of the Division has confirmed the sale, direct it to be cancelled and a new sale of the land to be made under section 133.

Power to proceed against defaulter's other immoveable property.

135. If the arrear cannot be recovered by any of the above processes, and the defaulter is in possession of any other immoveable property, the Deputy Commissioner may proceed against such other property, as if it were the land on account of which the revenue is due under the provisions of this Act:

Provided that no interest save those of the defaulter alone, shall be so proceeded against, and no incumbrances created or contracts entered into by him in good faith shall be rendered invalid by such proceeding.

Procedure in effecting sale.

136. On the receipt of the sanction of the Chief Commissioner to the sale of any land, the Deputy Commissioner of the district shall issue a proclamation, in the vernacular language of the district, of the intended sale, specifying the time and place of sale,

The Deputy Commissioner shall, on receipt of such application, satisfy himself as to the existence of such arrear, and shall then, subject to such rules as may from time to time be made in this behalf by the Chief Commissioner, proceed to recover such arrear as if it was an arrear of revenue.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 16th December 1876, and is hereby promulgated for general information:—

ACT No. XX OF 1876.

An Act to give better effect to certain agreements with the Thákur of Bhaunagar.

Preamble.

WHEREAS the villages mentioned in the Schedule hereto annexed (hereinafter called the Scheduled villages) are the property of the Thákur of Bhaunagar, and were by the Treaty of Bassein dated the thirty-first day of December 1802, separated from the Native State or States known as the territory of Káthiáwár and ceded to the British Government:

And whereas, by Regulation VI of 1816 of the Governor of Bombay in Council, the Regulations in force throughout the Presidency of Bombay were extended to the said villages, and such villages thereby became subject to the jurisdiction of the Revenue, Civil and Criminal Courts established in that Presidency:

And whereas the said Thákur of Bhaunagar is also the proprietor of divers villages, forming part of the said Territory, and hereinafter called the Káthiáwár villages:

And whereas the British Government have exercised certain powers of Government over the said territory, but such territory has never been treated as being British territory, nor as having been vested in the East India Company, nor in Her Majesty the Queen of Great Britain and Ireland and Empress of India, and the said Káthiáwár villages have consequently never been subject to the laws in force in the Presidency of Bombay:

And whereas in the year 1820 the British Government established a Political Agency for the said territory of Káthiáwár:

And whereas in the year 1857 the said Thákur was, by an order of the British Government, invested, in respect of the same villages with certain powers of sovereignty limited by and subject to the rules laid down for the government and conduct of the said Káthiáwár Political Agency:

And whereas for divers reasons of State affecting the welfare of British India, the British Government became desirous of ceding to the Thákur of Bhaunagar the Scheduled villages, to be held by him on the same conditions as those on which he holds the Káthiáwár villages, and for that purpose certain agreements were made and certain notifications published which were intended to operate as a cession of the Scheduled villages:

And whereas on the twenty-ninth day of January 1866, the Governor of Bombay in Council published a notification declaring that, in accordance with the agreement last hereinbefore recited, the Scheduled villages were from and after the first day of February 1866, removed from the jurisdiction of the Revenue, Civil and Criminal Courts of the Bombay Presidency and transferred to the supervision of the said Political Agency in Káthiáwár on the same conditions as to jurisdiction as the said Káthiáwár villages:

And whereas the intention of the said agreements and notifications was that the villages comprised therein should be ceded to and vested in the Thákur of Bhaunagar, to be held by him on the terms on which he holds the Káthiáwár villages:

And whereas ever since the first day of February 1866, the Scheduled villages have been governed according to the intention of the said agreements, and acts of executive authority have been done, proceedings taken and decrees and sentences passed by the Thákur of Bhaunagar and his officers, and by the officers of the said Political Agency, and by the Courts of Justice appointed to exercise jurisdiction within the limits of the said Political Agency:

And whereas it now appears that such agreements and notifications were not worded so as to express their true intention, and that the Scheduled villages did not thereby cease to be British territory, or to be subject to the laws in force in the Presidency of Bombay:

And whereas by a notification, dated the fifth day of December 1876, after reciting to the effect above recited, and reciting that the Secretary of State for India, had on behalf of Her Majesty the Queen of Great Britain and Empress of India, given his sanction to the cession intended to be thereby effected, the Governor General in Council, with the sanction aforesaid, did thereby cede and grant to the said Thákur of Bhaunagar, his heirs and successors, the said Scheduled villages, to hold the same unto the said Thákur his heirs and successors, on the terms and subject to the rules on and subject to which he holds the said Káthiáwár villages: but it was thereby provided that, in case the said Thákur his heirs or successors should commit any acts of misgovernment which, in the opinion of the Governor General in Council, rendered it inexpedient that the said Thákur his heirs and successors should continue to hold the said Scheduled villages, the Governor General in Council might resume the villages thereby ceded and reannex the same to Her Majesty's dominions:

And whereas it is expedient (so far as relates to any past or future proceedings in British India) to ratify the aforesaid acts, proceedings and sentences of the Thákur of Bhaunagar and the officers and Courts aforesaid, and to indemnify the said Thákur and officers against any liability in respect thereof, and to provide that no title to property shall be disturbed by any act, proceeding or sentence of any other authority; It is hereby enacted as follows:—

Short title.

1. This Act may be called "The Bhaunagar Act, 1876:"

Local extent.

It extends only to British India;

Commencement.

And it shall come into force at once.

Scheduled villages excluded from jurisdiction of Bombay Courts.

2. The said Scheduled villages shall be deemed to have been, on and after the said first day of February 1866, excluded from the jurisdiction of the Revenue, Civil and Criminal Courts of the Bombay Presidency.

Validation of acts done after 1st February 1866.

3. All acts of executive authority, proceedings, decrees and sentences which have been done, taken or passed subsequently to the first day of February 1866, and which would have been valid if the Scheduled villages had been ceded according to the intention of the said agreements and notification, shall be as valid and operative in British India as if such cession had actually been effected;

Bar of suits.

and no suit or other proceeding shall be maintained or continued against any person whatever on the ground that the Scheduled villages did not cease to be British territory on the first day of February 1866.

Saving of personal jurisdiction of Courts of British India.

4. Nothing in this Act shall affect any jurisdiction which any Court of Justice in British India may for the time being be entitled to exercise over persons resident or being beyond the limits of British India.

The following Act of the Governor General of India in Council received the assent of His Excellency the Governor General on the 16th December 1876, and is hereby promulgated for general information:—

ACT No. XX OF 1876.

An Act to give better effect to certain agreements with the Thákur of Bhaunagar.

Preamble.

WHEREAS the villages mentioned in the Schedule hereto annexed (hereinafter called the Scheduled villages) are the property of the Thákur of Bhaunagar, and were by the Treaty of Bassein dated the thirty-first day of December 1802, separated from the Native State or States known as the territory of Káthiáwár and ceded to the British Government:

And whereas, by Regulation VI of 1816 of the Governor of Bombay in Council, the Regulations in force throughout the Presidency of Bombay were extended to the said villages, and such villages thereby became subject to the jurisdiction of the Revenue, Civil and Criminal Courts established in that Presidency:

And whereas the said Thákur of Bhaunagar is also the proprietor of divers villages, forming part of the said Territory, and hereinafter called the Káthiáwár villages:

And whereas the British Government have exercised certain powers of Government over the said territory, but such territory has never been treated as being British territory, nor as having been vested in the East India Company, nor in Her Majesty the Queen of Great Britain and Ireland and Empress of India, and the said Káthiáwár villages have consequently never been subject to the laws in force in the Presidency of Bombay:

And whereas in the year 1820 the British Government established a Political Agency for the said territory of Káthiáwár:

And whereas in the year 1857 the said Thákur was, by an order of the British Government, invested in respect of the same villages with certain powers of sovereignty limited by and subject to the rules laid down for the government and conduct of the said Káthiáwár Political Agency:

And whereas for divers reasons of State affecting the welfare of British India, the British Government became desirous of ceding to the Thákur of Bhaunagar the Scheduled villages, to be held by him on the same conditions as those on which he holds the Káthiáwár villages, and for that purpose certain agreements were made and certain notifications published which were intended to operate as a cession of the Scheduled villages:

And whereas on the twenty-ninth day of January 1866, the Governor of Bombay in Council published a notification declaring that, in accordance with the agreement last hereinbefore recited, the Scheduled villages were from and after the first day of February 1866, removed from the jurisdiction of the Revenue, Civil and Criminal Courts of the Bombay Presidency and transferred to the supervision of the said Political Agency in Káthiáwár on the same conditions as to jurisdiction as the said Káthiáwár villages:

And whereas the intention of the said agreements and notifications was that the villages comprised therein should be ceded to and vested in the Thákur of Bhaunagar, to be held by him on the terms on which he holds the Káthiáwár villages:

And whereas ever since the first day of February 1866, the Scheduled villages have been governed according to the intention of the said agreements, and acts of executive authority have been done, proceedings taken and decrees and sentences passed by the Thákur of Bhaunagar and his officers, and by the officers of the said Political Agency, and by the Courts of Justice appointed to exercise jurisdiction within the limits of the said Political Agency:

And whereas it now appears that such agreements and notifications were not worded so as to express their true intention, and that the Scheduled villages did not thereby cease to be British territory, or to be subject to the laws in force in the Presidency of Bombay:

And whereas by a notification, dated the fifth day of December 1876, after reciting to the effect above recited, and reciting that the Secretary of State for India, had on behalf of Her Majesty the Queen of Great Britain and Empress of India, given his sanction to the cession intended to be thereby effected, the Governor General in Council, with the sanction aforesaid, did thereby cede and grant to the said Thákur of Bhaunagar, his heirs and successors, the said Scheduled villages, to hold the same unto the said Thákur his heirs and successors, on the terms and subject to the rules on and subject to which he holds the said Káthiáwár villages: but it was thereby provided that, in case the said Thákur his heirs or successors should commit, any acts of misgovernment which, in the opinion of the Governor General in Council, rendered it inexpedient that the said Thákur his heirs and successors should continue to hold the said Scheduled villages, the Governor General in Council might resume the villages thereby ceded and reannex the same to Her Majesty's dominions:

And whereas it is expedient (so far as relates to any past or future proceedings in British India) to ratify the aforesaid acts, proceedings and sentences of the Thákur of Bhaunagar and the officers and Courts aforesaid, and to indemnify the said Thákur and officers against any liability in respect thereof, and to provide that no title to property shall be disturbed by any act, proceeding or sentence of any other authority; It is hereby enacted as follows:—

Short title.

1. This Act may be called "The Bhaunagar Act, 1876:"

Local extent.

It extends only to British India;

Commencement.

And it shall come into force at once.

Scheduled villages excluded from jurisdiction of Bombay Courts.

2. The said Scheduled villages shall be deemed to have been, on and after the said first day of February 1866, excluded from the jurisdiction of the Revenue, Civil and Criminal Courts of the Bombay Presidency.

Validation of acts done after 1st February 1866.

3. All acts of executive authority, proceedings, decrees and sentences which have been done, taken or passed subsequently to the first day of February 1866, and which would have been valid if the Scheduled villages had been ceded according to the intention of the said agreements and notification, shall be as valid and operative in British India as if such cession had actually been effected;

Bar of suits.

and no suit or other proceeding shall be maintained or continued against any person whatever on the ground that the Scheduled villages did not cease to be British territory on the first day of February 1866.

Saving of personal jurisdiction of Courts of British India.

4. Nothing in this Act shall affect any jurisdiction which any Court of Justice in British India may for the time being be entitled to exercise over persons resident or being beyond the limits of British India.
