[*Form of ordinary conditions of sale of immoveable property.*]

Conditions of sale of the property described in the notification of sale in Suit No. of 187 .

1. No person shall advance a less sum than Rs. or retract a bidding.

2. The sale is subject to a reserved bidding, which has been fixed by the Registrar.

3. The highest bidder shall be the purchaser, provided the Registrar shall consider that a sufficient bid has been offered, and if any dispute arise as to the last or highest bidding for any lot, the same shall be put up again at a former bidding and re-sold.

4. The purchaser shall at the time of sale subscribe his name and address to his bidding, and the abstract of title and all written notices and communications and summonses shall be deemed duly delivered to and served upon the purchaser, by being left for him at such address, unless or until he is represented by an attorney.

5. The purchaser shall at the time of sale pay a deposit of twenty-five per cent. on the amount of his purchase money to the Registrar, otherwise the lot shall be again immediately put up and re-sold.

6. The Registrar shall, as soon as possible after the sale, proceed to certify the result, and such certificate shall, within eight days after the sale, be filed by and at the expense of the party having the carriage of the proceedings, and in case of his neglect the purchaser of any lot shall be at liberty to file the same and to retain the costs out of the purchase money.

7. The party having the carriage of the proceedings shall, within days after such certificate has become binding, deliver to the purchaser, or his attorney, an abstract of the title to the lot purchased by him, subject to the stipulations contained in these conditions; and the purchaser shall, within days after the actual delivery of the abstract, deliver at the office of Mr. the attorney of [the party having the carriage of the proceedings] at No. Street in the Town of Calcutta, a statement in writing of his objections and requisitions [if any] to or on the title as deduced by such abstract and to and in respect of the description of the property, and upon the expiration of such last mentioned time [and in this respect time is to be deemed of the essence of the contract] the title shall be considered as approved of and accepted by the purchaser, subject only to such objections and requisitions if any.

8. The purchaser shall, under an order for that purpose to be obtained by him, or in case of his neglect, by the party having the conduct of the proceedings at the costs of the purchaser, upon application to a Judge in chambers, pay the amount of his purchase money [after deducting the amount paid as a deposit] to the Comptroller General of Accounts for the time being of the Government of India and the Secretary and Treasurer for the time being of the Bank of Bengal with the privity of the Accountant General of this Court to the credit of the suit No. of 187 [wherein A. B. is plaintiff and C. D. is defendant] within one month from the day of sale [or if the title be complicated, such longer period as may be deemed necessary]; and if the same be not so paid, then the purchaser shall pay interest on his purchase money at the rate of per cent. per annum from the end of one month from the day of sale [or such longer period as may be allowed] to the day on which the same is actually paid.

9. Upon payment of the purchase money in manner aforesaid, the purchaser shall be entitled to possession of such parts of the property as are in hand and to the rents and profits of such parts as are let as from the day of such payment, and shall be entitled to a proper conveyance, wherein all proper parties shall join as the Registrar shall direct. Such conveyance shall be prepared by and registered at the expense of the purchaser, and shall be tendered and left by him at the office of the said Mr. for execution by the proper parties.

10. The purchaser shall not be liable to pay the outgoings previous to the day of payment of the purchase money, and the rents and outgoings shall be apportioned if necessary.

12. If any error or mis-statement shall appear to have been made in the particulars or description of the property, such error or mis-statement [if capable of compensation] shall not annul the sale, nor entitle the purchaser to be discharged from his purchase, but a compensation shall be made to or by the purchaser as the case may be, and the amount of such compensation shall be settled by a Judge in Chambers.

13. If the purchaser shall not pay his purchase money at the time above specified, or at any other time which may be named in any order for that purpose, and in all other respects perform these conditions, an order may be made by a Judge in Chambers for the re-sale of the property and for payment by the purchaser of the amount of the deficiency, if any, in the price which may be obtained upon such re-sale and of all attorney and clients' costs and expenses occasioned by such default.

14. When a re-sale is directed, if for want of bidders the property cannot be re-sold, the purchaser at the former sale shall pay the whole amount of his purchase money into Court; but if the property be re-sold, and if the price obtained at the re-sale be less than the purchase money payable by the original purchaser, he shall pay the amount of the deficiency. The costs occasioned by the default of the original purchaser shall also be paid by him. An order containing these directions may also be obtained from a Judge in Chambers.

Note. Special conditions will be required when the title is bad or doubtful.

Simla, the 27th July 1877.

No. 2196—Under the powers vested in him by Sections 20 and 22 of the Post Office Act of 1866, the Governor General of India in Council is pleased to declare that the rates of postage chargeable on inland *parcels* and on inland *packets* of books and other articles, shall be those hereunder mentioned, *viz.*:—

On parcels: 8 annas, if the parcel does not exceed 40 tolas in weight, and 4 annas additional for every additional 40 tolas or fraction thereof.

On packets: 1 anna, if the packet does not exceed 10 tolas in weight, 2 annas if it exceeds 10 tolas and does not exceed 40 tolas, and 2 annas additional for every additional 40 tolas or fraction thereof.

The foregoing rates shall be subject to the existing regulations concerning the compulsory prepayment of *packets* and the packing of them with open ends.

No alteration is made in the present scale of charges* leviable on *packets* transmitted on Her Majesty's Service; but in lieu of the present scale of charges leviable on parcels transmitted on Her Majesty's Service under the official correspondence rules, there shall be charged on every such *service parcel* the same amount as that chargeable on a *service packet* of like weight, together with 4 annas for registration. Thus, for a service parcel exceeding 20 and not exceeding 30 tolas, there shall be charged 3 annas (service packet rate) together with 4 annas, or a total of 7 annas. The prepayment of *service packets* shall continue to be compulsory, and that of service parcels shall continue to be optional.

* 2 annas for 20 tolas, 3 annas for 30 tolas, and so on.

Notifications by High Court, Comptroller General, &c.

HIGH COURT.—Appellate Side.

NOTIFICATIONS.

Fort William, the 1st September 1877.

Rules of the High Court of Judicature at Fort William in Bengal (in its Appellate Jurisdiction), relating to the admission of Appeals to Her Majesty in Council, and to the transmission of such Appeals to England.

1. The Court will ordinarily sit to hear applications in matters connected with the Privy Council Appeals once in every week, at such time as the Judge in the Privy Council shall appoint.

2. If, in any urgent matter, it is necessary to make an application to the Court at any other time, notice shall be given to the Clerk in charge of the Privy Council Department, who will communicate with the Judge and obtain an appointment for the purpose. No application whatever, having reference to Privy Council Appeals, will be heard except upon the regular day without such previous appointment.

3. Every application to the Court shall be by petition bearing the proper stamp.

4. Every such petition shall be neatly and legibly written on paper of foolscap size with a margin of two inches, and shall contain about twenty lines in each full page. The petition shall be divided into paragraphs numbered consecutively.

5. Every such petition shall be filed with the Clerk in charge of the Privy Council Department not later than four o'clock in the afternoon of the day but one previous to the sitting of the Court at which the application is to be made, at which time any affidavit intended to be used with the petition shall also be filed.

6. Affidavits in accordance with the Rules of Court of 15th May 1871 shall be filed where necessary; but it will not be necessary to set out in the petition, or in the affidavit, any document which is a part of the record, nor will it be necessary to produce any affidavit of any facts found in the course of the suit or other proceeding out of which the appeal arises by this Court or any of the Courts below, provided that such finding has not been reversed on appeal; but the petition shall state shortly all facts upon which it is intended to rely, and shall give the number, letter, title, or other description of all documents on the record to which it is intended to refer.

7. If the party making the application can himself speak to the facts stated in the petition, no separate affidavit need be filed, but an affirmation may be attached to the petition.

8. Affidavits shall be written in the same manner as petitions, and be divided into paragraphs numbered consecutively. Petitions and affidavits not in the form herein prescribed will not be filed, but will be returned to the parties by the Clerk in charge of the Privy Council Department.

9. Applications (1) for an order to transmit orders in Council for execution to the Lower Courts, where no special directions are required, (2) to transmit securities to the mofussil Courts for investigation as to their sufficiency, and (3) for repayment of money deposited in Court, may, under ordinary circumstances, be made without notice to the opposite party. A separate list will be made of such applications, and they will be called on at the sitting of the Court, when the Court will determine whether notice must be given.

10. In all other applications notice is necessary.

11. In all cases in which it is necessary that notice to any party shall issue, such notice shall be given by delivering to the proper person a copy of the petition, together with a notice in the following form:—

Take notice that this application will be made in Court on the day of 187 , at o'clock in the forenoon, when you are required to attend and show cause against the application, if you are desirous to do so.

12. Any notice which it is necessary to serve under these Rules, or under Act VI of 1874, may be served upon any vakeel who appeared for the party to whom notice is to be given in the appeal to this Court, unless the vakalutnama of such vakeel has been cancelled with the sanction of the Court. If there is no vakeel upon whom notice can be served, then, unless the Judge shall otherwise direct, the notice must be served upon the party in Calcutta through the Sheriff, or in the mofussil through the Court, on paying the usual fee. Such payment to be made by stamps affixed to the notice intended to be served. Notices to be served by the Sheriff or in the mofussil will be signed by a Judge, if left with the Clerk in charge of the Department for that purpose.

13. If the notice is to be served in Calcutta, it shall be served 24 hours before the sitting of the Court at which the application is to be made; if it is to be served in the mofussil, then the time is to be regulated by the Circular Order No. 11 of 1869.

14. If the proper notice shall not have been duly served, the hearing of the application (except in cases of urgency) will be postponed to the next sitting, unless the parties entitled to notice are present and willing to proceed at once. In all cases the parties opposing the application will be at liberty to apply for a postponement, in order to answer the affidavits, or for any other good and sufficient cause.

15. No affidavits in answer shall be read, without the special leave of the Court, which have not been filed with the Clerk of the Privy Council Department by half-past ten of the day upon which the application is to be heard.

16. It will be the duty of the Clerk in charge of the Department to have ready in Court all documents contained in the records in his charge which the parties shall, at any time before half-past ten of the forenoon of the day on which they are required, have given him notice to produce. Unless by the special order of the Court, documents will not be produced from the record-room during the sitting of the Court.

17. No orders *nisi*, or rules to show cause, will hereafter issue; but, under special circumstances, an *ex-parte* application may be heard before notice is issued.

18. The prayer of the petition shall state clearly the nature of the order which it is intended to ask for. If at the hearing the applicant desires to change the nature of the application or of the order sought, this will only be permitted upon such terms as to postponement, costs and otherwise as the Court may direct.

19. All applications of which notice has been given to the Clerk in charge of the Department will be set down in a list in the order in which they are

notified to him. The cases in the list will be called on peremptorily in their turn; and if, by the fault of the applicant, the application cannot be proceeded with, it will be liable to be dismissed.

20. With the petition to be presented under Section 7 of Act VI of 1874, the party desirous to appeal shall file an application, accompanied by a fee of Rs. 16, to the Clerk of Privy Council Appeals to prepare an estimate of the expense of translating, transcribing or printing, and forwarding to the Registrar of the Privy Council the record of the case.

21. The Clerk shall, with as little delay as possible, prepare such estimate and deliver the same to the applicant or to his vakeel.

22. The application for estimate shall state whether or not the record is to be printed in India.

23. The applicant may, at the next sitting of the Court, object to such estimate; but such objection is not to delay the making of the deposit.

24. All documents which are not originally in the English language, and which have not been translated for the use of the Court, shall be translated into English; and all translations made or used shall be revised and certified by the Sworn Examiner.

25. An index of all the documents included in the transcript shall be prepared and annexed to the record in the form now in use, and shall be followed by a list of all other papers, documents and exhibits in the cause not included in the transcript; the draft of this index and list shall be furnished to the parties, who shall be at liberty to object thereto within three weeks from date of receipt.

26. In the index and transcript the papers shall be placed in the following order:—

28. In all cases the security offered under Section 11 of Act VI of 1874 shall consist either of cash or Government securities, or immoveable property, and in the latter case the party finding the security shall file a mortgage bond duly registered, together with a specification of the title to the property.

29. When such bond has been filed, the Court shall, if the property be situate in Calcutta, direct the security to be tested by the Registrar on the Original Side; if in the mofussil, by the Judge of the district in which the immoveable property offered as security is situate.

30. Upon the arrival of any report as to the sufficiency of any security the Clerk in charge of the Department will give notice thereof by a list to be hung up at such places as the Judge in the Privy Council Department shall direct. All parties desirous of objecting thereto shall, within six days of the case being inserted in such list, file a notice specifying their objections, and serve a copy of such notice upon the other parties to the appeal. All such objections will be disposed of at the next sitting but one after the arrival of the report.

3. All indents must be duly approved and countersigned by the heads of departments, or of the Government under which indenting officers may be serving, before they can be supplied, *viz* :—

and they should be addressed to the *Superintendent, Government Mathematical Instrument Department, No. 9, Park Street, Calcutta.*

4. The mode of transit, and address, or station to which the instruments are to be consigned, must invariably be specified on indents in the proper column. Indents should not be accompanied with forwarding letters, unless more explanation is necessary than can be given on the face of the indent.

5. All officers to whom instruments and other stores are issued on public service, have to account for them to the Accountant General to whom their accounts are rendered, in such manner as may be by him directed.

6. All instruments and component parts of instruments, when no longer required, should be at once returned to the Mathematical Instrument Department, *except when the officer in charge considers that their transit charges may nearly equal, or exceed, their actual value as material;* in which case, he should refer to the Superintendent, Mathematical Instrument Department, for instructions as to their disposal.

7. When instruments are considered unserviceable by any officer, a survey should be held on them by a committee of Government officers, whose report should be forwarded to the Superintendent, Mathematical Instrument Department, who will issue instructions as to which of the articles are to be

forwarded to the depôt, Calcutta, and which should be sold by public auction to the best advantage. The proceeds of all articles sold by auction must be deposited in the nearest treasury; and the treasury receipt, with auction account sale, should be forwarded to the Accountant General to whom the accounts of such articles are rendered.

8. When instruments are received for final deposit in store, a receipt will be granted for them by the Superintendent, Mathematical Instrument Department, to enable officers from whom received, to remove them from their debit, by forwarding their receipt to the Accountant General concerned, with half-yearly or other returns of stores submitted to him.

9. All Government instruments, &c., requiring repair, &c., should be forwarded with an official letter or repair indent. If no longer required and intended to be deposited in store, it should be specifically mentioned.

10. All instruments, &c., received from England and issued on book debit on the public service, will be charged at their invoice cost, *plus* charges incurred in landing, storing and examining and despatching them, &c.; or, when this cost cannot be ascertained, rate book prices will be charged. These are based on average rates.

11. Instruments made in the department will be charged at the actual cost, and those purchased locally for issue, at cost price, *plus* 10 per cent. for incidental charges.

12. Instruments, when they can be spared, are sometimes issued to officers and others on payment of the cost value, *plus* 20 per cent.; and instruments, the private property of officers, are repaired, if necessary, on like terms. In such cases the amount must be remitted to the Superintendent, Mathematical Instrument Department, before the instruments can be despatched from the Office of the Superintendent.

13. Instruments returned into store will be valued according to their condition.

14. It is particularly requested that sizes and sorts of instruments, length of scales, how divided, and purposes for which required, and generally any information which will guide this department in knowing, without further reference, the exact wants of the indenting officer, be put as far as possible on face of indent, instead of in covering letters.

15. The following list shows nomenclature of the various descriptions of instruments ordinarily kept in store of this department for issue on public service. This nomenclature, it is especially necessary, should be adopted in all indents.

16. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, the average ordinary price of each description of instrument is also given in the annexed list. Indenting Officers must invariably enter the value of all instruments required by them in column of indent allotted to the purpose.

17. The supply should be regulated, not according to what an Officer would like to have, but by what is absolutely necessary.

POST OFFICE.

NOTIFICATIONS.

Simla, the 1st November 1877.

With effect from the 1st December 1877, the sender of a parcel may, at the time of posting, state the value of its contents in view to the amount being realized from the addressee and paid to him (the sender).

2. "Value payable" parcels may be posted only in disbursing offices (printed in capital type in the list of post offices contained in the postal guide): there is no restriction as to the office of address except in the case of a few vernacular offices to which "value payable" parcels cannot be forwarded.

3. The senders of "value payable" parcels will be responsible for the proper packing and protection of such articles contained in them as may be liable to damage. The parcels will not be received unless the conditions respecting packing and sealing prescribed in paragraph 14, page 4 of the postal guide of 1st September 1877, are fully complied with.

4. The commission chargeable on payment to the sender of the value of the contents of a parcel will be as follows:—

	Rs.	A.
If the value does not exceed Rs. 10	0	4
If it exceeds Rs. 10 and does not exceed Rs. 25	0	8
„ „ 25 „ „ „ 50	1	0
„ „ 50 „ „ „ 75	1	8
„ „ 75 „ „ „ 100	2	0

and 2 rupees for every additional 100 rupees or fraction thereof.

5. The commission will be deducted from the amount of the value when payment is made to the sender. If a parcel is refused by the addressee, or from any cause is not delivered, payment of the value will not be made to the sender, and no claim will be made upon him except for any unpaid postage which may have been originally due.

6. Postage will be chargeable on "value payable" parcels at the same rates as are chargeable on ordinary parcels, and it may be prepaid or otherwise at the option of the sender.

The limit of weight (2,000 tolas) as well as the conditions respecting size prescribed in the postal guide for ordinary banghy parcels will be applicable to "value payable" parcels.

7. The value of the contents of "value payable" parcels together with any postage due must be paid by the addressees before they are delivered.

8. The payments to the senders will be made within one month from the date of delivery.

9. "Value payable" parcels will be received at the window of the post office during the hours fixed for receiving ordinary parcels, which with a few exceptions are from 7 to 8 A.M., and from noon to 5 P.M. They will not be received at all on Sundays, and they must be posted at least one hour before the time fixed for closing the mail with which they are to be despatched: otherwise they will be detained till the next despatch is made.

10. "Value payable" parcels when presented at the post office window should be accompanied by a memorandum containing the following particulars, *viz.*:—

Name and address of the sender in full.
Name and address of the addressee in full.
Value of the contents recoverable from the addressee.
Date of posting.

A description of the contents need not be given; on the contrary it is advisable that no description should be given. Receipts will be given to the sender for "value payable" parcels posted by them.

11. Intimation of the arrival of a "value payable" parcel will be sent to the addressee, and on his presenting at the post office, either personally or by messenger, the receipt at foot of the intimation duly signed, and tendering the amount of the value of the contents, together with any postage that may be due, the parcel will be delivered. The parcel should be carefully examined by the addressee or his messenger before it is received, and if there be any appearance of tampering, it should be brought to the notice of the post master, in whose presence, if necessary, it may be opened.

12. When information of the realization of the value of the contents of a "value payable" parcel reaches the despatching post office, written intimation will be given to the sender, a date being mentioned therein on or after which payment will be made on his application. In making application for payment the sender must produce the receipt originally given to him for the parcel and relinquish it with the acknowledgment at foot duly signed, and (if the amount exceeds the limit fixed by the stamp law for the time being) with a one anna bill stamp affixed thereto.

13. Forward postage will not be charged when "value payable" parcels are re-directed from one post office to another.

14. The system of "value payable" parcels will shortly be extended to "overland parcels" booked in London for delivery in India, under detailed conditions which will be made known at the London Parcel Offices. The contents of such parcels must be declared for Custom House purposes. The value payable will be limited to £10, and it will be realised from the Indian addressee at the rate of exchange current in Bombay on the day of the arrival of the invoice.

A. M. MONTEATH,
Dir. Genl. of the Post Office of India.

The 12th October 1877.

Special attention is invited to the recent reduction of the rates of postage chargeable on inland parcels and packets.

The present rates are:—

	Parcels (Closed Covers).	Packets (Open Covers).
	Annas.	Annas.
Not exceeding 10 tolás ...	...	1
Not exceeding 40 tolas ...	8	2
For every additional 40 tolas or fraction thereof	4	2

Attention is also invited to the facility now offered to the sender of a registered letter to have an acknowledgment signed by the addressee sent to him, if he prepays at the time of posting an extra postage fee of 1 anna.

A like facility for obtaining acknowledgments for parcels has now been introduced, but it only applies to parcels for which receipts are given under paragraph 14, page 4 of the Postal Guide of 1st September 1877.

The 1st November 1877.

Notice is hereby given that an arrangement has been concluded for the exchange of parcels between India and the Straits Settlement.

On and after the *1st December 1877*, parcels can be sent to places in the Straits Settlement under the rates and conditions given for that Settlement in the following revised set of rules, which, from the above-mentioned date, will supersede those issued under the Notification by the Financial Department, No. 2887, dated 15th September 1876:—

Overland Parcel Post.

(1).—Parcels are received at any Post Office in India (including Aden) under the conditions and rates of charge mentioned below for transmission to the following countries, *viz.*:—

COUNTRIES.	Rate of charge per lb. or fraction thereof. Pre-payment compulsory.	Remarks respecting special conditions, &c., applicable to particular countries.
	Annas.	
The United Kingdom ...	8	The pre-payment carries the parcel as far as London, any additional charge which may become due on account of British custom duty or carriage beyond London being realized from the addressee. Parcels must not exceed £50 in value. Any parcel which on examination of the declaration at Bombay may be found to exceed this value will, instead of being forwarded by the Overland Parcel Post, be transferred to the Bombay Agency of the P. & O. S. N. Company for transmission independently of the Post Office, and subject to such regulations and charges on delivery as may be applicable thereto under the Company's regulations. (NOTE.—The Company's present charge is an *ad valorem* rate of 2 per cent., which does not include Marine or other Insurance). The attention of the public is invited to the fact that the British Post Office has no connection with the Overland Parcel Post; all arrangements out of India are made by the Peninsular and Oriental Steam Navigation Company, and enquiries proceeding from the United Kingdom should be addressed to that Company's Office, 122, Leadenhall Street, London, E. C. The rules governing the despatch of parcels from the United Kingdom to India are, however, published in the British Postal Guide, and exhibited in every British Post Office. Persons in India ordering goods to be sent out by parcel post may refer the sender to the above means of information about the transmission of parcels.

COUNTRIES.	Rate of charge per lb. or fraction thereof. Pre-payment compulsory.	Remarks respecting special conditions, &c., applicable to particular countries.
Ceylon ...	8	The pre-payment carries the parcel to the destination. Should any custom duty become due, the amount will be charged on delivery. Parcels must not contain any jewellery. The route is *viâ* Tuticorin for Southern India and *viâ* Bombay for other parts of India: see Rule (4).
The Straits, *i. e.*,—		
Singapore ...	8	The pre-payment carries the parcel to destination. The ports of destination are free ports, so that no custom duty will be chargeable therein. The routes are by opium steamers (Jardine Matheson, and Apcar), monthly through *Calcutta* to Singapore: by B. I. S. N. Company fortnightly through *Calcutta* or *Madras* to Singapore, Penang and Malacca: and by P. and O. S. N. Company fortnightly through Bombay to Singapore and Penang: see rule (4).
Penang ...		
Malacca ...		
Germany ...	8	The pre-payment carries the parcel to destination. Should any custom duty become due, the amount will be charged on delivery. See also Rule 9 respecting compensation for damage or loss.
Austria-Hungary ...		
Denmark ...	8	The pre-payment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. See also Rule 9 respecting compensation for damage or loss.
Sweden ...	8	The pre-payment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. *From Rule 3 it will be seen that there must be also a second or duplicate declaration of contents and value.* See also Rule 9 respecting compensation for damage or loss.
Norway ...		
Switzerland ...		
France ...	8	The pre-payment carries the parcel to the limit of German conveyance, a separate charge being made on delivery for conveyance beyond the German frontier, as well as for custom duty, should any become due. *From Rule 3 it will be seen that there must be also a second or duplicate declaration of contents and value, and that the second or duplicate declaration should contain a statement of the weight (lbs. and ozs. or tolas) of the contents, and should, if possible, be written in the French language.* See also Rule 9 respecting compensation for damage or loss.
The Netherlands (Holland).		
Belgium ...		

(2).—Every parcel should be securely packed in a close cover or case, and should bear the name and address of the person in the United Kingdom or foreign country for whom it is intended. Parcels containing valuables should be sealed.

N. B.—The public are specially warned against the use of flimsy covers for articles transmitted by the Parcel Post. Heavy articles are sometimes sent with only paper covering insecurely tied with string; friction in transit detaches this cover, and damage and loss ensue. A covering of stout cloth or wax-cloth, sewn at the edges, is recommended; but if the contents are liable to suffer from pressure, boxes of wood or tin should be used.

(3).—Every parcel should be accompanied by a separate paper headed with the address of the parcel and containing a *declaration of its contents and value* under the signature of the sender. Below the signature the address of the sender should be given.

For the parcels addressed to—

The United Kingdom ...
Ceylon ... ...
Straits ... ...
Germany ... ...
Austria-Hungary ...
Denmark ... ...

} Only one declaration as above described is required.

Sweden ... ...
Norway ... ...
Switzerland ... ...

} A second or duplicate declaration is also required.

France ... ...
The Netherlands (Holland)
Belgium ... ...

} A second or duplicate declaration is also required, and the sender is requested to enter in the declaration a statement of the weight (lbs. and ozs. or tolas) of the contents, and to write the second or duplicate declaration, if possible, *in the French language*. Should he be unable to do so, the Bombay Post Office will attach to the second or duplicate English declaration a French rendering thereof, but the sender is warned of the delay which may result from this.

It is not deemed necessary to require exact adherence to any particular form of declaration, but the following specimen form may be useful to the senders of parcels:—

Specimen form of declaration.

Address of Parcel.

THOMAS B. SMITH,

114, Piccadilly,

LONDON.

CONTENTS—

		Value. £	*s.*	*d.*
1 Piece Puttoo Cloth	... ...	2	0	0
1 Rampore Chudder	... ...	2	10	0
TOTAL	...	4	10	0

I declare the above to be a true statement of the contents and value.

(Sd.) A. R. ROBINSON,

Amritsar.

N. B.—Declarations for parcels intended for France, the Netherlands or Belgium should, in addition to the above, contain a statement of the weight (lbs. and ozs. or tolas) of the contents. This may conveniently be done by adding the words "weight —lbs. ozs." underneath the total value, and the words "and weight" at the end of the sentence containing the declaration.

(4).—The parcel so addressed and the separate paper or papers above referred to should then be enclosed in a *substantial outer cover*. This outer cover should be superscribed and addressed as follows:—

If addressed to Ceylon.

Overland Parcel Post. *Postage stamp to be affixed.*

To
The Post Master,
Tuticorin } *
or Bombay. }

* *N. B.*—The address should be to Tuticorin if posted in Southern India, and to Bombay if posted in other parts of India.

OR

If addressed to the Straits.

Overland Parcel Post. *Postage stamp to be affixed.*

To
The Post Master,
Calcutta }
or Madras } †
or Bombay. }

† *N. B.*—The address to Calcutta or Madras or Bombay should be according to the locality of Posting.

OR

If addressed to any other country.

Overland Parcel Post. *Postage stamp to be affixed.*

To
The Post Master Bombay.

The outer cover must contain one parcel only: if more than one parcel be sent by the same sender such parcel should be sent separately.

(5).—The parcel so made up must be *fully pre-paid by means of postage stamps at the rate of 8 annas* per lb. (40 tolas) or fraction of a lb., care being taken that the stamps adhere firmly to the cover.

(6).—The parcel so made up must not exceed 50 lbs. (25 seers) in weight, or two feet in length by 1 foot in breadth or depth. It will be received at any Post Office at the hours fixed for the receipt of ordinary banghy parcels, the usual receipt being given to the sender without reference to the mode of packing prescribed in the case of inland parcel for which receipts are claimed.

(7).—On arrival at the Indian sea port of address, the Post Master will take off the outer covering, and forward the inside parcel and the accompanying declaration or declarations to the country of inside address.

(8).—It is forbidden to send in these parcels opium or any liquid or any substance or material of a dangerous, damaging, or offensive kind.

(9).—In the case of parcels for or from Germany or Austria-Hungary and the foreign countries served through Germany, compensation will be given by the responsible Post Office to the sender for loss or damage sustained in transit (cases of *sea risk* or of *vis major* or of the *own negligence of the sender* in respect of packing or otherwise excepted). Such compensation will in no case exceed 1½ rupee for each lb. weight or fraction thereof in respect of parcels forwarded from India, and 3 marks or 1½ florins for each 500 grammes or fraction thereof in respect of parcels from Germany or Austria-Hungary. Should the sender desire it, the compensation will be paid to the addressee instead of to himself.

UNCOVENANTED SERVICE FAMILY PENSION FUND.

NOTICE.

In accordance with a requisition signed by fourteen qualified subscribers under the terms of Rule 60, a special meeting of subscribers is hereby convened, to be held in the Town Hall, Calcutta, on Saturday, the 29th September 1877, at 3 P. M., to consider the advisability of introducing a rule to allow subscribers the option of discontinuing their subscriptions at any time without forfeiting all claims upon the Fund, but securing to their nominees benefits proportionate to the payments actually made.

By order of the Directors,
W. H. RYLAND,
Secretary.

UNCOVENANTED SERVICE FAMILY PENSION FUND OFFICE;
Calcutta, the 23rd August 1877.

BENGAL CIVIL FUND.

At a Half-yearly General Meeting of subscribers to the Bengal Civil Fund, held at the Town Hall, Calcutta, on Monday, the 30th July 1877.

PRESENT:—C. T. Buckland, Esq., The Hon'ble T. E. Ravenshaw, The Hon'ble W. F. McDonell, v.c., W. Waterfield, Esq., The Hon'ble H. T. Prinsep, The Hon'ble Henry Bell, C. T. Metcalfe, Esq., c.s.i., J. Monro, Esq., J. O'Kinealy, Esq., R. H. Wilson, Esq., A. Mackenzie, Esq., W. H. Grimley, Esq., D. M. Barbour, Esq., J. G. Charles, Esq., Colman Macaulay, Esq., Secretary, and H. H. Risley, Esq.

The Hon'ble T. E. Ravenshaw, *in the Chair.*

The following report submitted by the Managers was taken as read:—

REPORT.

The Managers submit their proceedings for the past half-year for the consideration and sanction of the meeting.

(1) The Resolution of the last general meeting, that to Article XXV of the Rules be added the words "provided that a declaration on oath by not less than two eye-witnesses will be considered *primâ facie* proof of marriage in the cases of Messrs. Romesh Chunder Dutt and Behari Lall Gupta," was duly circulated for the votes of subscribers. Out of 111 votes received within the prescribed period of two months, 107 were in favour of the amendment and four against it.

(2) The Managers have notified under Article XVII the following addition to section 2, Article VIII of the Rules:—

"Before 'Rs. 12,500' insert 'Rs. 18,750 or to,' and for 'in the former case one-half and in the latter one quarter,' substitute 'in the first case three quarters, in the second one-half, and in the third one quarter.'"

Section 2, thus amended, would run as follows:—

Payments for reduced pensions.

But subscribers hereafter so retiring from the service may, at their option, by making up the amount of their subscriptions with interest either to Rs. 18,750 or to Rs. 12,500 or to Rs. 6,250, and by continuing, or compounding for, their contributions on their annuities at half the rates levied from subscribers in the service on their allowances, secure to their families, on the same conditions as above, in the first case three quarters, in the second one-half, and in the third one quarter of the amount of pensions and other allowances granted to the family of a subscriber dying in the service, or of an annuitant who has made up, on retirement, the full amount of Rs. 25,000.

The Managers now submit the amendment for consideration. In the event of the amendment being approved and carried, they would ask the meeting to empower them to give it retrospective effect from 1st January 1877, so as to allow to all subscribers who have retired from the service on or since that date the further option thus provided.

(3) The Managers regret to have to report that little progress has been made with the valuation of the Fund. The subscribers are aware that Mr. Samuel Brown, who had been entrusted with the work, died in 1875 without completing his report. Mr. Hardy, the actuary who afterwards undertook the inquiry, has not yet submitted any definite results of his investigations. Mr. E. F. Harrison, now in England, has accordingly been empowered by the Managers to see Mr. Hardy on their behalf and to inquire into the progress which he has made. Mr. Harrison has been asked to close the engagement with Mr. Hardy if possible, and to leave the Managers free to select another actuary. The delay which has already occurred has rendered the information originally submitted for Mr. Brown's consideration practically obsolete, and the Managers propose to submit to professional inquiry the further data which the past four years have rendered available.

(4) Miss Sophia Owen has applied for permission for herself and her sister to keep the annual sum of £10 each, accruing to them under the Will of their late mother, without diminution of their pensions. She urges that, as she is an invalid, the expenses of her care and maintenance are necessarily great. The Managers have informed her that they will recommend her application to the favourable consideration of the subscribers. This case is accordingly submitted for the consideration of the meeting.

(5) Mrs. Offord has applied for a reconsideration of her case. The following statement of her case was laid before the subscribers at the half-yearly meeting held on 29th January 1873.

"Mr. Neave was a subscriber to the Fund under the old Rules, and at the time of his decease (24th December 1848) had subscribed the sum of Rs. 15,924. He possessed considerable property over which he had full control, and he was bound under Article XXVI of the old Rules to make a proper testamentary provision for his family. That Article contains the following provisions:"—

"In case it shall be proved to the conviction of a general meeting of subscribers that a deceased member of this Fund has, during his life-time, whether in immediate anticipation of his death or otherwise, made such a disposition of any part of his property, real or personal, as but for this rule would throw the entire or partial support of his widow or offspring upon the Fund, who would not have been so supported by the Fund had such part of his property not been so disposed of, with the intention thereby of benefiting any party at the expense of the Fund, then the widow or offspring of such a member or both shall forfeit all right to any part of the support which would have been claimable if no such disposition had been made.

"It is hereby declared that a general meeting of the latter (*i.e.* subscribers), duly held according to the rules of the institution, shall have full power to reject the application for aid from the Fund in any instance in which it may appear that a subscriber, having property at his death, and having the power to dispose of it, has made no due provision for his family."

"The Managers, when acting under these provisions, have invariably decided that the whole of the private income left by the deceased subscriber, whether from real or other property, must be taken in reduction of Fund allowances."

"Mr. Neave not only omitted to make any will which would have secured his widow's maintenance, but by an indenture, executed with a view to destroy an entail some years before his death, expressly barred her from dower. This indenture was not examined till the year 1867, and thus Mrs. Neave drew from 1848 to 1867 dower from the estate, and no application for admission to Fund benefits was made on her behalf. In 1867, when her son put up the family property for sale, a careful examination of the title-deeds became necessary, and this showed that Mrs. Neave had all along been drawing dower illegally. Her son, Mr. Spencer Neave, however, settled upon her £200 a year from the estate. He has since lost all his remaining property in unfortunate speculations, and Mrs. Offord now finds that only this sum of £200 a year is left to herself and her son out of the entire estate of the late Mr. Neave."

"Mrs. Offord has now applied for a pension from the Fund on the ground that, had it been known at the time of Mr. Neave's death that she was not entiled to dower, she would have received an annuity. But the Managers consider that, had this claim been made on the death of Mr. Robert Neave in 1848, it would have been rejected under the provisions of Rule 26 above quoted, and they are of opinion that the original fault is in no degree removed by the subsequent events. The Managers have therefore disallowed Mrs. Offord's claim, and they now submit the case for the decision of the general meeting under the following provision of Article XX of the old Rules:"—

"The Managers, after calling for any further information or evidence which may appear to them requisite, are to submit the application with the whole of the papers received by them, and the decision they may have come to thereupon, for the determination of the subscribers at the next general meeting."

(6) The Managers find that this statement was not an entirely correct exposition of the facts of the case. It has been represented by Mrs. Offord that her late husband, Mr. Neave, had in effect executed a Will under which he secured to her and to her children ample provision for their support out of his personal property. She states, however, that, owing to the failure of the Union Bank and of the firm of Cockerell & Co. in 1848, Mr. Neave's large personal estate became valueless, that he accordingly destroyed the original Will, and that, in consequence of his sudden death on the 24th December 1848, the instructions which he had issued to his solicitor in Calcutta to prepare another Will could not be carried into effect. Mrs. Offord is unable to adduce any positive proof of the amount of the personalty which Mr. Neave lost in 1848. She states, however, that he was assessed to contribute Rs. 30,000 when the Union Bank went into liquidation, and she values his personal estate in 1848 at between two and three lakhs, no part of which, she says, has ever been recovered. In support of her allegation that Mr. Neave had issued instructions to a solicitor for the preparation of a fresh Will, Mrs. Offord submits the two letters from the widow of the solicitor in question and from a friend, which are now laid on the table. There can be no doubt, the Managers think, that such instructions were really issued.

While the Managers deem it right to place these additional facts before the subscribers, they do not consider that, even accepted to the fullest extent, they afford any ground for a reconsideration of the decision arrived at by the general meeting of January 1873. The Managers observe that no personal property is said to have been left by the intestate subscriber. It does not appear, therefore, that the execution of the Will contemplated by Mr. Neave before his decease would have materially affected the position of his widow. The admitted facts show that Mr. Neave died leaving an amount of real property which, under the rules in force at the time of his death, would have barred his family from the assignment of pensions from the Fund. It has been the invariable practice to reject applications for pensions under the old Rules in cases in which the property left has been subsequently lost from any cause. Under these circumstances, the Managers are of opinion that Mrs. Offord's claim is inadmissible, and they would ask the subscribers to affirm the decision already arrived at.

Proposed by *Mr. O'Kinealy*,

Seconded by *Mr. Barbour*, and carried unanimously,

That the second clause of Article VIII of the rules be amended by the insertion—

"Before 'Rs. 12,500' 'Rs. 18,750 or to,' and for 'in the former case one-half and in the latter one quarter,' substitute 'in the first case three quarters, in the second one-half, and in the third one quarter.'"

Former Rule.	*Amended Rule.*
Second.—But subscribers hereafter so retiring from the service may, at their option, by making up the amount of their subscriptions, with interest, either to Rs. 12,500 or to Rs. 6,250, and by contributing or compounding for their contributions on their annuities at half the rates levied from subscribers in the service on their allowances, secure to their families, on the same conditions as above, in the former case one-half and in the latter one quarter of the amount of pensions and other allowances granted to the family of a subscriber dying in the service, or of an annuitant who has made up, on retirement, the full amount of Rs. 25,000.	But subscribers hereafter so retiring from the service may at their option, by making up the amount of their subscriptions, with interest, either to Rs. 18,750 or to Rs. 12,500 or to Rs. 6,250, and by continuing, or compounding for, their contributions on their annuities at half the rates levied from subscribers in the service on their allowances, secure to their families, on the same conditions as above, in the first case three quarters, in the second one-half, and in the third one quarter of the amount of pensions and other allowances granted to the family of a subscriber dying in the service, or of an annuitant who has made up, on retirement, the full amount of Rs. 25,000.
Provided that, in the case of a subscriber marrying after retirement, his contributions, or commutation payment in lieu thereof, shall, for his wife and for his children, the issue of such marriage, be taken at full rates.	Provided that, in the case of a subscriber marrying after retirement, his contributions, or commutation payment in lieu thereof, shall, for his wife and for his children, the issue of such marriage, be taken at full rates.

Payments for reduced pensions.

Proposed by *Mr. Buckland*,
Seconded by *Mr. Mackenzie* and carried unanimously—

That retrospective effect be given to the rule thus amended from 1st January 1877, so as to allow all subscribers who have retired from the service on or since that date the further option thus provided.

Proposed by *Mr. Metcalfe*,
Seconded by *Mr. Grimley*—

That the Managers' recommendation that Miss Sophia Owen and her sister Miss Henrietta Owen be allowed, on special grounds, to keep the annual sum of £10 each accruing to them under the will of their late mother without diminution of the Fund pension be approved.

Mr. Mackenzie wished to know under what rule the Managers had proceeded in their proposal to grant this concession, and asked that the facts might be placed before the meeting.

Mr. Macaulay said that the Managers had no authority to accede to Miss Owen's application, or they would have granted it of their own accord and merely reported the matter to the meeting. Not having that authority, they recommended it to the favourable consideration of the meeting, which had power to grant it subject to revision of their decision under Article XIV of the old rules. *Mr. Macaulay* then read Miss Owen's letter and stated briefly the facts of the case. Miss Owen and her sister, he said, had inherited £10 a year each under their mother's will. The death of their mother, and the consequent cessation of her pension, had reduced them to great straits. Miss Owen, the applicant, was a confirmed invalid, and, as her expenses were accordingly exceptional, she and her sister had asked that they might be allowed to keep the trifling sum which they had inherited without diminution of their pensions. Under these circumstances the Managers had ventured to think that the case was one in which the subscribers would be willing to relax the old rule under which all available income is to be deducted from the amount of pension.

Mr. Mackenzie said that the action of the Managers was more creditable to their hearts than to their heads. The present subscribers, unmarried as well as married, had been required to submit to large deductions from their salaries in order to rescue the Fund from the state of insolvency to which the recklessness of the subscribers under the old rules had reduced it. He would always vote for a strict interpretation of the old rules, and would reject all such applications as the present, which were on the face of them in direct contravention of the rules.

Mr. Bell said he was rather surprised that the decision of the Managers should be called in question in a small matter of this sort; and he thought that Mr. Mackenzie should have first ascertained what the facts of the case were before proposing to revise the Managers' decision. The facts were simply these, that Miss Owen had come in for £10 a year on the death of her mother. Under the rules Miss Owen's pension is now liable to be reduced to the extent of £10 a year, and as she is a helpless invalid, she asks permission to retain this £10 without suffering a corresponding reduction to her pension. The Managers considered that Miss Owen's case was one deserving of commiseration, as she necessarily incurred a number of expenses which a person in sound health would not incur. The indulgence is a very small one, and it is for the service to say whether it shall be granted or not.

The *Chairman* pointed out that the facts of Miss Owen's case had been read and fully explained before Mr. Mackenzie spoke.

The motion was lost, the majority of the votes being against the recommendation of the Managers.

Proposed by Mr. *McDonell*, V.C.,
Seconded by Mr. *Monro*, and carried unanimously—

That the proceedings of the Managers with regard to the valuation of the assets and liabilities of the Fund be approved.

Proposed by *Mr. Monro*,
Seconded by *Mr. Mackenzie*—

That Mrs. Offord be informed that this meeting affirm the decision arrived at by the meeting of the 29th January 1873.

Mr. Mackenzie said that the application appeared to be one which the Service could not possibly entertain. The simple questions for them to consider were: did Mr. Neave die possessed of property? and did he make proper provision for his wife? It was admitted that he died wealthy, and it was certain that he failed to provide for his widow. Could any one doubt that had Mrs. Neave applied to the Service for pension at the time of Mr. Neave's death the application would have been rejected? Be that as it may, if she became entitled to pension at all, her claim should have been put forward when it was first discovered that she had no legal right to dower. This was discovered a few years after Mr. Neave's death, but no application was then put forward. There must be some limitation in cases of this kind. It was monstrous that Mrs. Neave should come forward after a lapse of nearly thirty years and claim pension simply because her son had lost the family property by rash speculation. If this claim was admitted, a series of others that had been rejected, and properly rejected, would be revived. He would adhere to the line of interpretation always hitherto followed in applying those old rules and reject this application.

Mr. Bell begged to propose as an amendment that Mrs. Offord be admitted to the benefit of the Fund. The case seemed to him to be an exceedingly hard one. Mr. Neave, Mrs. Offord's first husband, was a member of the Civil Service, and possessed of considerable

property. He possessed some landed property, and in 1841 he apparently executed a disentailing deed in which he barred his wife's claim to dower. At this time he had more than £15,000 in the Union Bank and Cockerell's House in Calcutta, and he had made a will providing for his wife out of this money. In 1848 both the Union Bank and Cockerell's House failed and Mr. Neave lost all he had. He then destroyed his will and wrote to his Solicitors to have a new will prepared; but before this could be done he died. As he died without a will, his landed property devolved on his eldest son; and as he did not make a will and did not provide for his widow out of his landed property, the majority of the managers considered that he had infringed Article XXVI of the old rules, and that his widow was not entitled to pension. With great respect to the majority of the managers he submitted that this was a somewhat harsh decision. There was certainly no intention on the part of Mr. Neave to leave his widow unprovided for. The managers are satisfied that the widow was left unprovided for owing to the fact that Mr. Neave died before the second will could be executed. The lady is now 65 years of age; and all she and her son have to subsist upon is a charge of £200 a year, which her son settled upon her out of the property. Mr. Bell hoped that the meeting would take a favourable view of her case, and allow her to draw £200 a year from the Fund, which would make up her income to £400 a year, the sum to which widows under the old rules are entitled.

Mr. Wilson seconded the amendment. He said that under the old rules the widow of a deceased member of the Fund was excluded from its benefits in three cases only:—

1. If she were left with an income of £400 a year or upwards.
2. If it were proved to the conviction of a general meeting that her late husband, *with the intention of benefiting any person at the expense of the Fund*, had made such a disposition of his property as, but for this rule, would have thrown the entire or partial support of his widow or children on the Fund.
3. If her deceased husband having property at his death, and having the power to dispose of it, had made no due provision for his family.

In the case of Mrs. Offord exception 2 clearly did not apply, nor could her case be brought under exception 3 without [illegible] upon the words of the rule a construction which no court of equity would admit, and which the members of the Fund certainly should not press in dealing with the widow of a deceased subscriber. The only question was whether Mrs. Offord was left, at Mr. Neave's death, with an income of £400 a year, and it was no doubt literally true that she was [illegible] left. But no rule could provide for all possible cases; and when a widow who believes herself to be safely provided for subsequently finds that no income whatsoever has been legally secured to her, and that she is in fact dependent on the generosity of others for support, it was, Mr. Wilson thought, a reasonable interpretation of the rule to hold that she is entitled to the benefits of the Fund. Mrs. Offord having [illegible] an income of £200 a year, a pension of £200 should be granted to her.

Mr. Barbour said he held in his hand a copy of the Fund rules framed in 1838 which were, he believed, the rules under which Mrs. Offord's claim must be dealt with. In Article XXVI of these rules there were two clauses. In the first clause it was laid down that a general meeting of the subscribers "shall have full power to reject the application for aid from the Fund in any instance in which it may appear that a subscriber having property at his death, and having the power to dispose of it, has made no due provision for his family." The second clause provides that if a deceased member of the Fund shall, during his lifetime, have disposed of any portion of his property "with the intention thereby of benefiting any person at the expense of the Fund, then the widow or offspring of such a member *shall forfeit* all right to any part of the support which would have been claimable if no such disposition had been made." It was therefore clear that Article XXVI provided for two distinct classes of cases, viz. for cases in which subscribers neglected or omitted to make a proper provision for their families when they were possessed of property sufficient to enable them to do so, and for cases in which subscribers made away with their property *with the intention* of throwing the burden of the support of their families on the Fund. The two classes of cases were perfectly distinct, and he (Mr. Barbour) would call special attention to the separate provision made for each class of cases. In the one class it was laid down that a general meeting "shall have full power to reject the application for aid;" and in the other class it was ruled that the "widow or offspring of such a member, or both, shall forfeit all right." It was beyond all dispute that in the present case the deceased subscriber Mr. Neave had not made away with his property with any intention of throwing a burden on the Fund, and that the case was simply one in which he was prevented by circumstances from making that provision for his family which it was in his power to do. It was therefore open to a general meeting either to admit or reject Mrs. Offord's application, and the case appeared one in which the present meeting ought to admit the application. Mr. Neave was prevented from making a proper provision for his family by two events, which practically he could not have foreseen, viz. by the failure of two banks in which his money was invested, and by his own unexpected death shortly after the failure, and before he had time to set aside the previous disposition which he had made of his real property. It had been contended that there must be some limitation to the time within which claims such as that of Mrs. Offord must be brought forward, and no doubt there was some force in that argument, but the delay had been satisfactorily accounted for, and was due simply to ignorance of facts and to misapprehension on the part of the applicant and her advisers. The Civil Fund was instituted to preserve the families of deceased subscribers from want, and

when it failed to do so, it failed to do that which alone justified its existence, and he, Mr. Barbour, trusted that the members of the service would not be prevented by a harsh technical plea of limitation not to be found in the rules of the fund, and drawn simply by an incorrect analogy from the civil law, from doing what was just and fair in the present case. On these grounds he would support the proposal that a pension of £200 a year be granted to Mrs. Offord, as he understood that to be the amount to which she would be entitled under the rules of 1838.

Mr. Waterfield said that as a matter of fact a large amount of real property had passed into the hand of the family, and that Mrs. Offord had for a number of years enjoyed dower from the estate. The bulk of the property had been lost through the improvidence of her son, but a fair income had been secured to her out of it, and he could not therefore see that she had any claim on the fund.

Mr. Buckland said that it was difficult to arrive at the facts regarding the bar of dower or at the law as applicable to this bar of dower. It was stated in a printed letter which Mr. Bell produced that this bar of dower had been introduced in a deed which Mr. Neave signed and executed, but which never came into use or took effect in his lifetime, as the property was not sold by him. The deed in question was said to have been merely formal, and to have been prepared solely with a view to the sale of the property if necessary. But Mr. Buckland was unable to recognize this description or qualification of the deed as being quite correct, for, although the son, on inheriting the property, was ignorant of the bar of dower, and allowed his mother to take her dower for nearly twenty years, still, when the son came to sell the property, this old deed, which was said to have been merely formal, was found to have such power and vitality in it that dower was actually barred. There was therefore something unexplained which should have been cleared up. But as this dower was converted into an allowance of £200 a year when the estate was sold, and this seemed to represent all that Mrs. Neave could have derived from the landed property (and there is no personal property left), Mr. Buckland thought that Mrs. Neave (now Mrs. Offord) was entitled to £100 a year from the fund.

Mr. Macaulay said that, even if Mr. Neave had survived to make a will, he had no personalty to dispose of, and could therefore only have made provision for his widow out of his real property. But as a matter of fact, his widow, in ignorance of the existence of the deed barring dower, did for many years after his death enjoy an ample provision from the real property which had passed to her son. When her son found it necessary to sell his property the bar of dower was discovered, and he settled on her £200 a year, the amount at which he apparently estimated her claims upon the estate. It could not be said that this family was not left amply provided for. One great principle in the management of the Fund was "once off the fund always off it," and Mr. Offord, losing a part of her income through her son's rash speculations in 1867, had no claim to revert to the position to which her present circumstances might have entitled her in 1848.

The amendment was then put and declared lost, five votes being recorded for it and eleven against it.

The original motion was then put and carried.

Proposed by *Mr. Buckland*,
Seconded by *Mr. Prinsep*, and carried unanimously—

That Mr. Monro be elected a Manager in the place of Mr. A. Money, C.B.

A vote of thanks to the Chairman was proposed by Mr. Mackenzie, and seconded by Mr. Prinsep, and carried unanimously. The meeting then separated.
