*Statement of services for which the decoration has been awarded.*—On the night of the 16th February, 1957, Sub-Inspector Raghuraj Singh Chaudhary, Station Officer, Bina with a party of police was keeping a watch on the village of Kirrod when three persons were seen to leave the village. On being intercepted they were found to be carrying parcels of food which the Sub-Inspector at once suspected to be intended for dacoits hiding somewhere in the vicinity. Deploying his party he proceeded in the direction in which the three men had been going and after some time came upon a gang of dacoits by the side of a bund. The dacoits immediately opened fire to which police replied. In the ensuing encounter Sub-Inspector Chaudhary was hit by a contractile bullet from a 12 bore gun in his left shoulder. Though in great pain from this very serious wound the Sub-Inspector quietly and calmly continued to direct his men until all the four dacoits had been liquidated.

Sub-Inspector Chaudhary showed initiative and leadership of a high order and set an example of great personal bravery.

2. This award is made for gallantry under rule 4 (i) of the rules governing the award of the President's Police and Fire Services Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in rule 5.

*Statement of Services for which the decoration has been Awarded.*—In the course of anti-dacoit operations in Vindhya Pradesh during July 1956 a police party located the gang of notorious dacoit Sone Raja in a Garhi (fort) near the village of Saliya. The dacoits had taken strongly entrenched positions and opened fire on the police from inside the Garhi. The police returned the fire and one of the dacoits was shot dead. The dacoits, however, increased their fire and held up further advance of the police. Thereupon, Naik Narain Singh of the Central Reserve Police crawled forward in the face of very heavy fire and having reached the Garhi removed one of the iron bars from a small window and threw in a grenade which killed the dacoit inside. This bold action contributed greatly towards the eventual liquidation of the gang by the police.

Naik Narain Singh displaced remarkable personal courage and devotion to duty of a high order.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in rule 5.

**No. 33-Pres./57.**—The President is pleased to award the Police Medal for gallantry to the undermentioned officer of the Madhya Pradesh Police:—

*Name of the Officer and Rank.*—Shri Chhedilal, Constable, Madhya Pradesh Police.

*Statement of Services for which the decoration has been awarded.*—In the course of anti-dacoit operations in Vindhya Pradesh during July, 1956, a police party located the gang of notorious dacoit Sone Raja in a Garhi (fort) near the village of Saliya. During the ensuing encounter Constable Chhedilal was ordered to dig a hole through the thick wall of the Garhi in order that grenades could be thrown in. At great personal risk and in the midst of firing from the gang inside, the constable complied with the order and having dug the hole, threw in six hand grenades before the dacoits could retaliate. As a result the gang was driven out when three of them were shot dead and two others arrested.

Constable Chhedilal displayed remarkable personal courage and devotion to duty of a high order.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in rule 5.

**No. 34-Pres./57.**—The President is pleased to approve the award of the VIR CHAKRA to the undermentioned Non-Commissioned Officer for an act of gallantry in the operations in Jammu and Kashmir:—

*(The effective date of award is given in brackets against the name.)*

No. 9120157 Lance Naik GIAN SINGH 'B' Coy., 11 J. & K. Militia (25th November, 1948).

On 25th November, 1948, No. 9120157 Lance Naik Gian Singh was in the foremost Section of a column which, having already captured a nearby ridge, was advancing on a hill feature in Poonch. The enemy had retreated to a new position and was firing heavily from it with automatic weapons. Advance towards the enemy position lay over a narrow ridge with a deep fall on either side and there was one enemy Light Machine Gun which covered this route. For the column to move forward it was imperative that this Gun should be put out of action. Lance Naik Gian Singh who was the bren gunner of the forward Section, with complete disregard for his personal safety, jumped forward and took a position right in front of the enemy Gun despite the shower of bullets; and, with lighting speed he opened fire soon silencing the enemy. This spontaneous act of great courage enabled the column to pierce the enemy's defences. Lance Naik Gian Singh displayed gallantry of a high order in this action.

**No. 35-Pres./57.**—The President is pleased to award the Police Medical for gallantry to the undermentioned officer of the Uttar Pradesh Police:—

*Name of the Officer and Rank.*—Shri Ram Murat Pandey, Constable, Bahraich District, Uttar Pradesh.

*Statement of Services for which the decoration has been awarded.*—In the early morning of the 30th August, 1956, Constable Ram Murat Pandey was on the bank of the river Sarju when he heard cries for help from two persons, Ram Nand Shukla and Chabbar, who were being carried away by the swift current. The river was in spate due to heavy rain. Constable Pandey unhesitatingly swam out to the drowning men and with considerable difficulty rescued one of them. In the meantime the other man had been swept farther down but Constable Pandey quickly entered the river again and brought him also to safety.

Constable Pandey showed courage of a high order in risking his life to rescue these two persons from a turbulent river.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the Police Medal and consequently carries with it the special allowance admissible to officers of and below the rank of Inspector of Police as provided in rule 5.

### OFFICE OF THE SECRETARY TO THE PRESIDENT

*New Delhi, the 26th August* 1957

No. 36-Pres./57.—The President is pleased to approve the award of the Ashoka Chakra, Class I, to the undermentioned personnel for most conspicuous bravery:—

(The effective date of the awards is given in brackets against the names).

1. Lt.-Col. Jagannath Raoji Chitnis, (IC-3472), 1/3 Gorkha Rifles. (Posthumous)—(14th June, 1956).

Lt.-Col., Jagannath Raoji Chitnis, Commanding Officer of 1/3 Gorkha Rifles, was proceeding from Mokokchung to Zunheboto in Naga Hills on 14th June, 1956. He had a convoy of 8 jeeps and about a platoon strength. At about the twenty-first milestone the middle vehicle of his convoy was fired upon by about 100 hostiles armed with Light Machine Guns, Sten Guns and Rifles. Three of his jeeps got separated. He halted the remaining 5 jeeps, quickly marshalled the party and advanced on the hostile position. Within 200 yards they came under intense fire concentrated automatic and rifle. He and 4 of his men were wounded. The party halted temporarily about 150 yards from the hostile bunkers. He ordered a bayonet charge, leading the assault himself. With his sten gun he killed one hostile and wounded another. At this stage a hostile Light Machine

Gun located at a flank, subjected the party to withering fire. Though limping and weakened by a leg injury, Lt.-Col. Chitnis led his men in a charge on the Light Machine Gun post in the course of which he was again grievously wounded this time in the stomach and fell some 15 yards from the bunker. Despite this he continued to urge his men. The position was ultimately cleared of hostilies who suffered heavy casualties including about 20 dead.

Lt.-Col. Chitnis saved his party from a dangerous position and helped to inflict crushing losses on the hostiles. Though mortally wounded he continued to lead his men till his last breath and in doing so set an example of conspicuous bravery and leadership.

2. 2/Lt. Polur Muthuswamy Raman (IC-7415) The Sikh LI. (Posthumous)—(3rd June, 1956).

On 3rd June, 1956 "A" Company of 3 Sikh LI was ordered to mount an attack at dawn on Chephema village in the Naga Hills, in which hostiles were in position. 2/Lt. Polur Muthuswamy Raman, commanding No. 2 Platoon was to assault and clear the village. As soon as he entered the village, intense firing poured on him from Light Machine Guns, Sten guns and rifles.

Owing to low visibility, he was unable to determine the extent of his own position or that of the hostiles, and the hail of bullets from the latter checked the advance of his platoon. At this moment a slight break occurred in the thick mist and he saw some movement in the vicinity of a hut. Seizing this opportunity, he rushed towards the hut and in the first burst of his sten gun killed two hostiles. A hiding hostile hurled a grenade which narrowly missed him. He kept on advancing towards the hut and with another burst dropped one more hostile. 2/Lt. Raman was now in an exposed position. A hiding hostile threw another grenade at him, which brust hardly a yard away. It tore his hat and injured him. His relentless and determined attack however demoralised the hostiles who took to their heels. He continued to press on and killed one more hostile. He had now cleared the position. Just then another hostile from point blank range fired a burst from a sten gun which wounded him in the groin. 2/Lt. Raman, though very seriously wounded, threw a grenade at his attacker and wounded him. The hostile was seen dragging himself off to a nearby bush. The mist started lifting and 2/Lt. Raman shouted to his platoon to push forward and clear the village.

It was because of 2/Lt. Raman's dashing single-handed action which cost him his life that the heavily prepared hostile position was cleared. His gallant action stands out as a shining example of leadership and selfless devotion to duty in the best fighting traditions of the Army.

3. No. 18576 PA/Havildar Joginder Singh, The Sikh Regiment. (Posthumous)—(24th April, 1956).

On 24th April, 1956 whilst his battalion was employed in restoring law and order in Naga Hills, Hav. Joginder Singh was acting as an escort commander of a small convoy of 3 jeeps carrying important stores for the forward post in Phake. He was sitting in the leading jeep armed with a sten gun. As the jeep was negotiating a bend on the road, hostiles suddenly opened Light Machine Gun fire from a hillock nearby. He was wounded in the right leg but leaving his jeep he ran forward to attack the hostile post. During the advance he was wounded again in the right shoulder, but this did not deter him and he continued his charge followed by six other members of his party, who inspired by his leadership left their vehicles to join him in the assault. When Hav. Joginder Singh was about 25 yards from the hostiles, a Light Machine Gun burst hit him in the stomach and he fell down. Despite his wounds he continued to crawl forward and threw two grenades on the hostile Light Machine Gun post and silenced it. Hav. Joginder Singh refused to allow any one to dress his wounds but urged his men to continue their advance and capture the objective which they soon did. A few minutes later he breathed his last.

Because of his inspiring example and gallant leadership Havildar Joginder Singh's men were able to destroy the hostiles' Light Machine Gun post which blocked the road and the much needed stores were able to reach the forward company in time. His devotion to duty will remain an inspiration to all.

**No. 37-Pres./57.**—The President is pleased to approve the award of the Ashoka Chakra, Class II, to the undermentioned personnel for conspicuous gallantry:—

(The effective date of the awards is given in brackets against the names).

1. Captain Mehta Singh (SS-14587), The Sikh LI. (Posthumous)—(5th July, 1956).

On 19th June, 1956 Capt. Mehta Singh, while employed in restoring law and order in the Naga Hills was ordered to take his company to Khonoma to relieve the police post there which was under constant fire by the hostile and was left with low stocks of arms and rations. He successfully fought his way into Khonoma and linked up with the police post. The hostiles reacted fiercely and by the afternoon started intense fire from two Light Machine Guns, 5 or 6 sten guns and about 70 rifles. Captain Mehta Singh led a two-platoon assault on the hostile position killing 13, but the position could not be cleared because of strong bunkers. The hostile strength increased and gradually they tightened the siege cutting off the water supply of the garrison. Captain Mehta Singh had not only to hold his own position but also to protect some 300 persons of the loyal khel. His company had three days' supply and he had now to put his men on very restricted rations. In addition he was holding casualties, which could not be evacuated.

The hostiles took advantage of the situation and put up heavy fire. Throughout the siege Captain Mehta Singh was an exempler of strength. Without any thought of personal safety he went round foiling all hostile attempts to infiltrate into the post. He inspired his men by his courage and leadership; they supported privations cheerfully and put up stubborn resistance. When the garrison was relieved on 5th July, their morale was still incredibly high even though towards the end they had been without food and water.

Though weak from lack of food and water and sleeplessness, Captain Mehta Singh led his party for clearing a known hide-out. Before he was severely wounded by snipers he had cleared the last hide-out.

This officer's leadership, conspicuous bravery and dogged determination were in keeping with the highest traditions of the Army.

2. No. 26170-IO Subedar Nasib Singh, The Sikh LI. (23rd May, 1956).

On 23rd May, 1956 at Sihama, Naga Hills District, 26170-IO Subedar Nasib Singh was leading his platoon on to a hostile hide-out on Sihama ridge along a very steep gradient. 500 yards short of the village the advance lay along a narrow path surrounded by very thick jungle. Here the leading section was fired upon heavily by stenguns and rifles as a result of which two persons were wounded including the Section Commander. The Section was pinned down. Subedar Nasib Singh realized the gravity of the situation and decided to lead personally the attack from a flank, hacking his way through the jungle. The hostiles fired furiously from hardly 20 yards away and he was severely wounded in the leg. Unmindful of his injury, he charged the hostile position and with his sten gun killed a hostile and wounded another. He finally cleared the area by throwing a grenade and injuring one more hostile. His courageous action heartened his platoon which went through the area clearing the village from where hostiles were still sniping away. By Subedar Nasib Singh's leadership and inspiring action, despite severe injury, he has set a very good example of gallantry and courage.

3. No. 15024 Jemadar Kulwant Singh, The Sikh Regiment. (Posthumous)—(24th June 1956).

On 24th June 1956, No. 15024 Jem. Kulwant Singh was in command of a platoon engaged in clearing hostiles from Jotsoma village in the Naga Hills District. His platoon was acting in defence of one of their troops' flanks. The hostiles having already infiltrated along the flanks, had presented a serious threat to the rear. This J.C.O., on his own readjusted his platoon to foil their attempt. The hostiles reacted strongly and engaged the platoon with close sten gun and rifle fire, taking advantage of heavy undergrowth and low visibility. Jemadar Kulwant Singh spotted two hostiles in their hideout and killed one of them with his sten gun while wounding the other. During the hostiles' attack the J.C.O. went round to each man, despite intense sniping and close automatic fire, warning them all to be watchful of the flanks where more hostiles had appeared. While doing so he was hit in the chest by a tommy gun burst and was bleeding profusely. Despite his grievous injury he continued to encourage his men to clear the hostile infested area, which he succeeded in doing, before he expired.

Jemadar Kulwant Singh demonstrated cool courage, dynamic leadership and unflinching devotion to duty while leading his men under most difficult conditions. He made the supreme sacrifice in the best traditions of the Army.

4. No. 2943965 Sepoy Parmal Singh, 17 Battalion, The Rajput Regiment. (Posthumous)—(7th July 1956).

During the course of operations in Naga Hills District on 7th July 1956, No. 243760 Sepoy Bharat Singh was seriously wounded when his section came up against a strong hostile position in Khonoma. The hostile estimated to be 40 to 50 in number had opened fire on him from as close as five yards with Light Machine Gun, Tommy Gun and rifles. As he lay so close to their positions, three hostiles rushed towards the wounded scout under cover of their own fire to snatch his rifle. At this moment No. 2943965 Sepoy Parmal Singh made a swift attack on the hostiles with his bayonet, killing one and wounding the other two. He then picked up his fallen comrade and his rifle but as he retreated towards his own position, the hostiles opened fire on him from all directions. Sepoy Parmal Singh was mortally wounded, yet he carried on and was successful in saving the life of Sepoy Bharat Singh and his rifle. The self-sacrifice and heroism displayed by Sepoy Parmal Singh in this daring action was in keeping with the highest traditions of chivalry of our Army.

5. No. 4435208 Sepoy Mohindar Singh, 3 Battalion, The Sikh Light Infantary. (21st June 1956).

On 21st June 1956 No. 4435208 Sepoy Mohindar Singh was Light Machine Gunner No. 2 of the leading section of the forward platoon which was ordered to clear Jotsoma, Naga Hills, of the hostiles. Whilst on the outskirts of the village, his section was pinned down by automatic and rifle fire from the hostiles and the Light Machine Gunner Number I was severely wounded. This young sepoy engaged the hostiles from an exposed position killing two of them who charged at him from a bunker. He was then subjected to close fire which shattered his thumb. But he did not pay heed to his injury and kept charging the hostiles. One hostile taking cover of a stone wall managed to draw so near that Sepoy Mohindar Singh had to engage him in hand to hand fighting. The Sepoy, though in agony, held on grimly and finally managed to draw his bayonet with his right hand and killed the hostile. Two more hostiles charged him and he killed them at point blank range. This young soldier thus saved the 1st Light Machine Gunner from falling into the hands of the hostiles.

Sepoy Mohindar Singh exhibited grit, presence of mind and conspicuous bravery.

**No. 38-Pres/57.**—The President is pleased to approve the award of ASHOKA CHAKRA Class III, to the undermentioned personnel for gallantry:—

(The effective date of the awards is given in brackets against the names).

1. No. 50091-10 Subedar Mohar Singh, The Sikh Regiment. (30th April 1956).

No. 50091-10 Subedar Mohar Singh was in command of a strong platoon garrison at Phek in Naga Hills, while the rest of his company were engaged elsewhere. Knowing the reduced strength of the post, some 300 hostiles armed with Light Machine Guns and rifles surrounded the post on the night of 28/29 April 1956. Taking advantage of bad weather and darkness, the hostiles approached to within 100 yards of the post, firing intensely and raising deafening Naga cries. This J.C.O. went round the post, directing fire and exhorting his men to stand firm, quite unmindful of bullets flying all around him from close range. The hostiles stopped their fire in the early hours and an assault appeared imminent. But this J.C.O.'s skilful use of weapons and inspiring leadership held the hostiles at bay, thus breaking up a determined night attack by superior numbers.

The next morning the hostiles mustered their strength again and re-emerged for assault. Subedar Mohar Singh held his fire until the hostiles had come within 200 yards and then he suddenly opened up with all his weapons with devastating effect. The assault was repulsed with 8 hostiles dead and many more wounded. Exploiting this success, the J.C.O. personally led an attack on a hostile position which had seized the water point. This night attack was conducted with such daring and dash that the hostile position was cleared, killing 6 more and capturing some ammunition. Subedar Mohar Singh was wounded while leading this attack but though bleeding, he did not disclose this to anyone till the threat to his garrison was removed. Throughout this action he showed leadership, fearlessness and tactical skill of a high order which made a deep impression on his men who responded magnificently. This J.C.O.'s soldierly qualities are worthy of the high traditions of the Army.

2. No. 10-61949 Jemadar Mohinder Singh, 3 Bn. The Sikh L. I. (21st June 1956).

Jemadar Mohinder Singh, 3 Sikh LI, employed in restoring law and order in Naga Hills, was commanding the leading platoon of his company that was ordered to clear Jotsoma village on 21st June 1956. His section was met with intense automatic and rifle fire from prepared positions. Jemadar Mohinder Singh appreciated the situation and charged forward with the rest of his men. He was seriously wounded in the chest and the platoon was halted. Besides himself he had four more wounded in his platoon. Quite unmindful of personal danger and despite his serious injury, he quickly reorganised the platoon, arranged support and evacuated the casualties. This was accomplished in the face of heavy odds. His leadership and cool courage enabled his platoon to get out of a critical situation. The soldierly qualities displayed by him while himself badly wounded were worthy of the highest commendation.

3. No. 2657 Jemadar Tekbahadur Gurung, 1/8 Gorkha Rifles. (16th May 1956).

On the 16th May 1956 while returning with a convoy of six jeeps, No. 2657 Jemadar Tekbahadur Gurung with an escort of one section was ambushed in village Mukuli in Naga Hills. The hostile party consisting of approximately ten, armed with one Light Machine Gun, .303 rifles and muzzle loading guns, opened fire from the front, on the right from a ridge, and from a hillock in the rear. Jemadar Tekbahadur Gurung with great presence of mind and dash, charged the nearest ambusher followed by two of his other ranks. Before he could bring his own rifle to use he was hit by a bullet fired by the hostiles from behind. Though wounded, he continued the charge putting the hostiles in front to flight. Wheeling to the right he charged against the hostiles on the ridge putting them also to flight. He led the escort back to Mokokchung without any casualties to his men. Throughout the short action he showed complete disregard for his personal safety and set an excellent example of leadership.

4. No. 2934931 Naik Sugriv Singh, 17 Battalion, The Rajput Regiment. (4th July 1956).

On 4th July 1956 Naik Sugriv Singh was commanding the section which led the assault of the battalion on the hostile stronghold at Jotsoma in Naga Hills District. Having reached within 50 yards of the hostile defences he met with heavy fire from Bren Guns, Tommy Guns and Rifles from well sited and strongly constructed bunkers. Every move forward resulted in casualties. Realising the disadvantage of further delay of the assault Naik Sugriv Singh immediately gathered his men and with the support of his Bren Gun surged round one side of the hostile bunker. He hurled a hand grenade into it and followed up with a bayonet assault by his Section which he himself led. He killed one hostile and bayonetted another thus leading the way for further assaults to continue. Throughout this daring action this non-Commissioned officer showed outstanding leadership and courage.

5. No. 5732584 Naik Padam Singh Gurung 1/8 Gorkha Rifles, (14th June, 1956)

On 14th June, 1956 No. 5732584 Naik Padam Singh Gurung was proceeding from Mokokchung to Meranhkong in Naga Hills District. He was in the leading vehicle with part of his section when he was fired upon by the hostile Nagas and injured along with another Rifleman.

Though bleeding profusely Naik Padam Singh threw a grenade at the hostiles and immediately charged the feature from where they had fired. His Section followed the gallant example of this Non-Commissioned Officer and their attack put the hostiles to flight. In this small action, the Non-Commissioned Officer shot down two hostiles, wounded two and recovered one ·303 Rifle. But for the courage displayed by Naik Padam Singh Gurung, the hostile would have caused severe casualties to his Section.

6. No. 3341557 Sepoy Mewa Singh, The Sikh Regiment. (5th May, 1956).

On 27th April, 1956 whilst his battalion was employed in restoring law and order in Naga Hills, No. 3341557 Sepoy Mewa Singh was a member of a temporary protective post (1 NCO and 3 ORs.). Just as the post was about to withdraw under orders, a gang of about 10 armed hostiles appeared on the scene and opened fire on the post. Sepoy Mewa Singh at once brought his Light Machine Gun into action from his hip. He then along with other members of the post charged forward on to the hostile gang killing one and wounding two more. The remaining hostiles fled into the jungle leaving behind two rifles, which Sepoy Mewa Singh captured. The success of this assault was due entirely to the dash and gallant action of Sepoy Mewa Singh.

Again, on 5th May, 1956, he was member of a patrol sent out to locate hostile activity in the area around milestone 25 on Kohima-Phake road. Just as the patrol reached the area a gang of hostile suddenly opened fire on it. Sepoy Mewa Singh who was in the leading section was ordered to give covering fire with his Light Machine Gun from a flank to enable the patrol to charge on the hostile gang. He brought his gun into action immediately. A minute later he was wounded in the neck but notwithstanding his serious wound, continued firing his Light Machine Gun until the patrol assaulted and cleared the hostile position, killing one and wounding two hostiles. This second success was also largely due to the determined and fearless action of Sepoy Mewa Singh.

The aggressive spirit and determination on both occasions of this youthful soldier was very commendable.

7. No. 6252427 Sepoy Ranjit Singh. The Sikh Regiment (Posthumous)—(28th April, 1956).

On 28th April, 1956, whilst restoring the law and order in Naga Hills, No. 6252427 Sepoy Ranjit Singh's section was employed to protect the unit 'B' Echelon while the battalion was engaged in capturing a strong hostile hideout at Zuihami. On capture of the objective, the 'B' Echelon was to move up when a small gang of hostiles emerged from the rear of the column and opened fire with rifles and sten guns. The Section was immediately ordered to assault the hostile party. Sepoy Ranjit Singh dashed ahead of his section and bayonetted one of the hostiles to death. He had hardly pulled the bayonet out, when suddenly another hostile threw a grenade at him as a result of which Sepoy Ranjit Singh dropped down. Despite the serious wound, he tried to crawl forward but due to the profuse bleeding his struggle could not last long and he expired within a few seconds. His bold action had already facilitated the advance of his Section which successfully liquidated the hostile opposition.

As one of the youngest soldiers in the Section, his bravery and daring were an inspiring example.

**No. 39-Pres./57.**—The President is pleased to approve the award of the Ashoka Chakra, Class II, to the undermentioned personnel for conspicuous gallantry:—

(The effective date of the awards is given in brackets against the names).

1. Major Denzil Herbert D'Cruz, (IC-2824)—(31st July, 1955).

Major Denzil Herbert D'Cruz, (IC-2824) was assigned the task of searching out and eliminating armed terrorists from the Southern Sector of Tuensang Frontier Division of the North Eastern Frontier Agency. The monsoon season had already set in. The terrain was very difficult with formidable gradients, dense forests and steep natural gorges three to four thousand feet deep.

In a series of engagements with hostiles between May and July, 1955, which he conducted with conspicuous success, Major D'Cruz repeatedly showed personal bravery and high qualities of leadership.

2. Major Inder Singh Rawat (IC-2898)—(2nd May, 1955).

Chashirr village in Tuensang Frontier Division in North Eastern Frontier Agency was a hostile stronghold with extensive fortifications. On the night of 17/18th April, 1955, Major Inder Singh Rawat was given the task of destroying the fortifications. The hostiles defending Chashirr were some 200 strong armed with rifles, sten and bren guns. In addition, there were a large number of tribals who were armed with cross-bows, long spears and daos. The approach to the village involved a steep climb of some 4,000 feet through thick jungle. Major Rawat had to lead the main body of troops from this side. Dividing his column into three parties, Major Rawat led the attack and remained in the forefront directing operations by constantly moving from one party to the other in the face of heavy fire. His encircling move and the determination with which his men fought forced the hostiles to abandon their positions and run away, leaving behind many killed and wounded.

Immediately thereafter Major Rawat led one of the three columns for combing this difficult area. He went inside hostile villages with a very small escort and talked to the headmen and the local people to persuade them to live peacefully. In every case he left the rest of the column behind so as to avoid creating an atmosphere of tension. He did this on 2nd May, 1955 even in village Kyutsukilong, though he knew that the hostiles were lurking nearby waiting for revenge.

By his fearless leadership, in complete disregard of his personal safety Major Rawat set an excellent example of courage and devotion to duty.

3. Major Amar Sen (IC-2467)—(4th August, 1955).

Three days after Major Sen took over Command of the 3rd Battalion of Assam Rifles on 21st March, 1955, wide-spread trouble broke out in the Southern half of the Tuensang Frontier Division. An outpost at Huchirr was in danger of being cut off. Marching through dense jungle in darkness and across precipices, he surprised the hostiles and captured Huchirr after an hour's fight in which a ring leader and two other hostiles were killed.

Major Sen exploited the success further. He raised a force of three columns which swept the entire Southern half of the Division, some forty miles long and thirty miles wide, screening every village and likely hideout. As a result, a number of hostiles surrendered, and he recovered a large quantity of arms and ammunition. He reorganised and deployed approximately two battalions in this mountainous terrain so effectively as to secure the Dikhu Bridge, which was a vital link in communications to and from Tuensang, before it could be overrun by armed hostiles.

The hostiles then concentrated some two hundred armed men in Khekiye and Lhoshepyu area dominating the lines of communications to Aghuneto. Besides rifles and sten guns, they had seven Ligh Machine Guns with them. Major Amar Sen set up a base at Vilho for attack which he led personally in addition to commanding the force. On 4th August, 1955 the hostiles made an attack on Vilho. Major Amar Sen's platoon stood the fire well. He personally went from trench to trench and encouraged the men of his column. While moving a Light Machine Gun Group to another position, he received a bullet wound through the chest, but undeterred he continued to direct the operation and encourage his men. He allowed himself to be moved to safety only when the attack by the hostiles had been repulsed.

In the above actions Major Amar Sen proved himself to be a brave leader with a very high sense of duty.

**No. 40-Pres./57.**—The President is pleased to approve the award of the ASHOKA CHAKRA Class III, to the undermentioned personnel for gallantry:

1. No. 15677 Lance Naik Ganga Prasad Thapa, 1st Bn. Assam Rifles. (11th June 1955).

No. 15677 Lance Naik Ganga Prasad Thapa on the morning of 11th June 1955 was 2nd in command of a section of a platoon, which was to capture the hostile stronghold of Ngozubomi village in the N.E.F.A. The section had to advance up an almost perpendicular slope to a height of about 500 ft. before reaching the village. As the advance commenced, the hostiles overlooking the whole area opened up very heavy automatic and rifle fire on them. Due to heavy rain and fog visibility was restricted to about 30 yards. Lance Naik Ganga Prasad Thapa completely disregarding the hostile fire on his section, moved up the hill at the double firing his rifle from his hip. On reaching the crest of Ngozubomi village he was confronted by ex-Dobashi Aoukhi who fired at him at point plank range. The N.C.O. immediately charged at him and shot him. Lance Naik Ganga Prasad Thapa then continued his individual assault through the upper khel of the village, shooting at the withdrawing hostiles.

This N.C.O. displayed both courage and leadership of a very high order.

2. No. 16562 Rifleman Purna Bahadur Rana, 1st Bn. Assam Rifles. (3rd July 1955).

Rifleman Purna Bahadur Rana was the No. 1 bren gunner of his section. On the morning of 3rd July 1955 his platoon was given the task of clearing the eastern half of Thokihemi village in the N.E.F.A. As soon as their advance commenced the hostiles in the village and surrounding jungle opened fire. This rifleman disregarding the hostiles' fire was seen cradling his bren gun under his arm, firing at the hostiles. While so doing he went far ahead of his section and quite oblivious to this fact he continued his advance on the withdrawing hostiles. He joined his section only after he had practically cleared a major portion of the village and nearby jungle all by himself. It was later seen from the blood tracks and other evidence how effective his attack had been. Rifleman Purna Bahadur Rana in this action against fully armed hostiles displayed personal courage of a high order.

3. No. 16662 Rifleman Jogeishwar Kuwar, 1st Bn. Assam Rifles. (29th June 1955).

On the 29th June 1955, No. 16662 Rfn Jogeishwar Kuwar was a member of a patrol which had gone to the assistance of an escort party that had been attacked by hostiles at village Akubami. Having arrived above the village it was decided to attack immediately. Two sections of the platoon moved down towards the upper khel of the village and when within a distance of about 40 yards from the hostiles, charged on their 150 yard long reinforced trench.

Rfn Jogeishwar Kuwar saw that several hostiles were still concealed in the trench after it was overrun. He realised that these remnants could cause havoc to the advancing troops. With great courage and in disregard of personal danger he began an assault down the length of the trench taking the hostiles completely by surprise and shooting in their direction as they retreated. He continued his attack single-handed until halted by his Section Commander who had by this time arrived on the scene. Later, the assault was continued with the whole section through the lower portion of the village until it was completely cleared of all hostiles. This Rifleman showed great initiative and disregard of personal danger coupled with extreme courage and determination of a high order.

**No. 41-Pres./57.**—The President is pleased to approve the award of the ASHOKA CHAKRA, Class II, to the undermentioned person for gallantry:

(The effective date of the award is given in brackets against the name).

Shri Manasser Johannes, Driver, South Eastern Railway. (Posthumous) (26th July 1956).

Shri Manasser Johannes was the driver of 315 Up Howrah-Adra-Chakradharpur Passenger train approaching Khargpur from Jakpur on the night of July 26, 1956. Shortly before midnight, there was a sudden blow-back of fire from the fire-bax door into the cab where he was standing. Trapped in the flames, Johannes and the two firemen who were on duty with him received serious injuries. The firemen jumped out of the moving train.

There were about 400 passengers in the train. Realising that a disaster must result if he too jumped out, Driver Johannes remained at his post in the flame-filled cab and though severely burnt he eventually brought the train to a stop near the outer signal of Khargpur station.

He then alighted from the engine and painfully crawled back to the rear of the train to tell the Guard what had happened. Shri Johannes was rushed to a hospital but he succumbed to this injuries within a few hours of admission.

Shri Manasser Johannes acted with great courage and heroism in order to safeguard the lives of hundreds of passengers travelling in the train in his charge. His spirit of sacrifice and devotion to duty will be a noble example to others.

C. S. VENKATACHAR,
Secretary to the President.

### Notifications relating to Non-Statutory Rules, Regulations and Orders and Resolutions issued by the Ministries of the Government of India (other than the Ministry of Defence) and by the Supreme Court

### OFFICE OF THE SECRETARY TO THE PRESIDENT

*New Delhi, the 18th September* 1957

**No. 42-Pres./57.**—The President is pleased to award the President's Police and Fire Services Medal for gallantry to the undermentioned officer of the Manipur Rifles:—

**Name of the Officer and rank.**—Shri Indra Bahadur Chetri, Rifleman No. 487, Manipur Rifles. (Deceased).

**Statement of services for which the decoration has been awarded.**—In the early hours of the morning of 7th April 1957, Naga hostiles attacked with heavy fire the Mao Police Station. It was realised that if the hostiles occupied a hillock 30 yards away from the Police Station it would be very difficult to defend the Police Station. Rifleman Indra Bahadur Chetri was, therefore, deputed to take up position with his Light Machine Gun on the hillock. Amidst heavy enemy firing and without any cover, Rifleman Indra Bahadur made his way to the top of the hillock and opend fire on the hostiles on whom he inflicted heavy casualties and who were eventually forced to withdraw. Indra Bahadur was, however, killed in the course of the engagement.

Rifleman Indra Bahadur Chetri showed conspicuous gallantry and selfless devotion to duty, in the performance of which he gave his life.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the President's Police and Fire Services Medal.

**No. 43-Pres./57.**—The President is pleased to award the Police Medal for gallantry to the undermentioned officer of the Uttar Pradesh Police:—

**Name of the Officer and rank.**—Sri Johri Mal Jain, I.P.S., Superintendent of Police, Aligarh.

**Statement of services for which the decoration has been awarded.**—On 8th April, 1954, Sri J. M. Jain, Superintendent of Police, Etah, acting on information surrounded the house in which were assembled the notorious dacoits Sher Singh and Jangali along with their heavily armed gang. As dusk was falling Sri Jain decided to attack immediately. With a party of Police, he climbed on to the roof of the house and by throwing burning straw and later firing through a smoke hole succeeded in driving out the gang who, however, took up new positions in the courtyard of the house and fired heavily on the Police party on the roof. Sri Jain continued to direct the operations without cover. Eventually four of the dacoits, including their leaders were shot dead, when the remainder of the gang decided to surrender. Two rifles, six guns and considerable quantities of ammunition were recovered from them.

In this engagement with a heavily armed gang Sri Jain displayed cool courage, leadership and devotion to duty of a high order.

2. This award is made for gallantry under rule 4(i) of the rules governing the award of the Police Medal.

#### MINISTRY OF COMMERCE & INDUSTRY

RESOLUTION

*New Delhi, the 24th September* 1957

**No. 42-Exp.(19)/56-TMP.**—The Government of India by its Notification No. S.R.O. 248, dated the 25th January, 1955, applied Section 17 of the Forward Contracts (Regulation) Act, 1952, to Sugar. The result of that notification was that the position which obtained under the Essential Supplies (Temporary Powers) Act, 1946, was continued unchanged for the time being and futures trading in sugar continued to remain prohibited.

2. The Forward Markets Commission has since submitted its Report on the establishment of forward markets in sugar at various centres in India. The main recommendations of the Commission are:—

(i) Section 15 of the Act be applied to sugar throughout India, replacing Section 17 of the Act which is applied at present.

(ii) Futures markets in sugar be established at Kanpur, Muzaffarnagar and Bombay.

(iii) The present restrictions on the forward sales of sugar by mills in advance of the quota releases as well as the policy of periodic releases of sugar should be reviewed in order that futures markets in sugar may function effectively.

(iv) Recognition should be granted under Section 6 of the Act to the Kanpur Sugar Merchants' Association Ltd., Kanpur, and Bombay Sugar Merchants' Association, Bombay, for the whole of India for a period of 3 years. Recognition may be granted to the Association to be newly formed by the applicant Associations from Muzaffarnagar. The recognition should be for a period of 3 years for the whole of India.

(v) The grant of recognition to all the Associations should be conditional on their previously carrying out such modifications as may be suggested by the Commission in the constitution, trading bye-laws and working procedures as may be suggested to them by the Commission.

3. The Government of India have carefully considered the foregoing recommendations made by the Commission and have decided that the time is not opportune for permitting the resumption of futures trading in sugar. The position will however be reviewed later when conditions warrant the establishment of futures markets in sugar at the centres mentioned above.

(ii) In exceptional circumstances, however, where the public interest so demands the tenure of an individual officer in the same post or any other post or class of post may be extended or curtailed with the concurrence of the lending authority.

#### PART III—CENTRAL ADMINISTRATIVE POOL

**8. Purpose and Constitution.**—(i) In order to build up a reserve of officers with special training and experience for the purpose of economic administration and for maintaining continuity of knowledge and experience in the field of general administration, a Central Administrative Pool of officers shall be constituted.

**9.** The characteristic feature of posts connected with economic administration is that the holders need an understanding of economic affairs as well as capacity for and experience of administration *i.e.* of handling men and affairs with the tools and techniques of the Governmental machinery. The relative emphasis on these two requirements varies as between the different categories of posts listed above, but broadly they all require either—

(a) administrators who have acquired training and experience in economic matters or

(b) economists who have acquired training and experience in administration.

Type (a) has been almost exclusively used hitherto. When the Planning Commission's recommendations have been fully implemented, persons of type (b) will be inducted into the service.

**10. Strength and Composition.**—(i) The authorised permanent strength of the Pool will be determined from time to time by the Controlling Authority in consultation with the Ministry of Finance and so far as may be in consultation with the State Governments taking into account the manpower requirements of the Government and the availability of suitable officers.

(ii) *The initial* total strength will be about 120. In addition, up to 20 officers may be on training or trial preparatory to absorption in the Pool.

(iii) The Pool will be composed of officers of the following categories:—

(a) Officers of the IAS permanently seconded to the Pool;

(b) Officers of the Central Services permanently seconded to the Pool;

(c) Grade I officers of the Central Secretariat Service selected for the Pool;

(d) Persons with specialised qualifications directly recruited from the open market at higher age levels; and

(e) Officers of State Services Class I.

**11. Probation.**—No officer would, normally, be confirmed in the Pool until he has served for a tenure period under the Central Government, provided that the controlling authority may dispense with, reduce or extend this period in individual cases.

**12. Confirmation.**—After confirmation, every officer will be retained for continuous service as a member of the Pool. His lien on the parent State Cadre or Service will be suspended and he will be given a lien against the permanent strength of one or other of the following grades:—

**Grade I.**—(Officers of this grade will hold posts not lower in rank than Joint Secretary to the Government of India).

**Grade II.**—(Officers of this grade will hold posts lower in rank than Joint Secretary but not below the rank of Deputy Secretary to the Government of India).

The strength of each Grade will be determined by the Controlling Authority in consultation with the Ministry of Finance from time to time.

Note I.—In the case of officers of the Indian Administrative Service who are permanently seconded to the Pool, the resultant vacancies in the State Cadre may be filled by the State Government by direct recruitment or by promotion from the State Civil Services, as the case may be, in accordance with the Indian Administrative Service (Recruitment) Rules, 1954.

Note II.—An officer permanently seconded to the Pool may either at his own request or at the discretion of the Controlling Authority and in consultation with the lending authority, be returned by the Controlling Authority to the parent cadre of service at any time before his retirement, provided that the Controlling Authority is prepared in return to take another officer from the same cadre or service to the Pool so as to leave the strength and management of the parent cadre or service unaffected. On such reversion or at the time of retirement, the officer's suspended lien on his parent cadre or service will be revived.

Note III.—The Central Government may at any time, in consultation with the State Government, make available to the latter the services of officers of the Pool for a term of one to three years, on reverse deputation, *provided* that the officers, who are absorbed in the Pool before completing 18 years of service, will ordinarily be so reverted for the periods mentioned above.

**13. Selection** (i) **Selecting Authority.**—Selection of officers of the IAS and Central Services and of Grade I officers of the Central Secretariat Service and State Services Class I for appointment to the Pool will be made by a Committee of Senior Secretaries which shall include the Cabinet Secretary, one representative of the Central Services and will be presided over by the Chairman, Union Public Service Commission.

(ii) (1) **Field of Selection.**—Selection in respect of categories (a), (b), (c) and (e) of sub-para. 3 of para. 10 above will ordinarily be made from two levels of seniority. Officers of the I.A.S., the Central Services and State Civil Services Class I will be drawn either:—

(a) from the level of seniority represented by officers between 8—12 years of service, or

(b) from the level of seniority of and above 15 years of service;

(c) officers holding substantive posts either under the Central or under the State Governments, who have completed 8 years of service in Class I or equivalent posts and are not above the age of 45.

(2) Grade I officers of the Central Secretariat Service holding or considered fit for appointment to posts of or equivalent to Deputy Secretary may be appointed to the Pool, according to suitability.

(iii) No precise ratio as between the various services will be prescribed. Officers who in the opinion of the Selecting Authority are best suited for the Pool shall be selected.

(iv) No officer of the IAS or Central Service may be appointed to the Pool without his consent and that of the lending authority.

(v) The existing members of the Finance-Commerce Pool Cadre will be given the option to be exercised by stated date to accept appointment to the Central Administrative Pool or to be treated as on tenure deputation.

**14. Direct recruitment of open market candidates.**—The Principles and methods of selection of the direct recruits mentioned in paragraph 10(iii) (d) will be as follows:—

**(iii) Age.**—The Field of selection will be confined to candidates who are not less than 25 years of age and not more than 35 years of age on the 1st day of January of the year in which the selection takes place. Preference may be given to candidates between the age of 27 and 33.

### RESOLUTION

### CENTRAL EXCISES

*New Delhi, the 2nd November 1957*

**No. F.32/6/57-CXI.**—In pursuance of the recommendation of the Taxation Enquiry Commission (1953-54) the Government of India in the Ministry of Finance, Department of Revenue, Resolution No. 20/8/55-CX, dated the 17th January, 1956, set up an Expert Committee on Tobacco under the chairmanship of Shri K. Raghuramaiah, M.P., to review generally the Departmental procedures in force for assessment of duty on tobacco other than flue cured on the basis of its capability of use or otherwise for the manufacture of biris read with the notified and executive concessions authorised by the Central Board of Revenue. The Committee was also asked to consider generally the methods adopted for estimating the produce of tobacco growers for purposes of accounting and assessment and to recommend measures for remedying the defects, if any, in the existing methods and in addition to this, to examine and report on other matters germane to this investigation. The Committee's report was submitted to the Government on March 30, 1957, and has been examined.

2(a). As regards the main term of reference the committee has conducted an exhaustive survey of the methods adopted for classification of varieties of tobacco for purposes of assessment on the basis of percentage of use for the manufacture of biris in specified areas. It has reported that under this scheme, accurate classification of varities of tobacco for purposes of assessment is not possible and there is no practical method of settling disputes regarding classification of varieties; the scheme has, moreover, given rise to discrimination and malpractices resulting in loss of revenue. It is also of the opinion that restrictions on the movement of lower rated tobacco from one area to another where it is assessable at the higher rate has resulted in flow of trade from higher rated to lower rated areas, causing hardship to certain varieties of tobacco.

2(b). The Expert Committee has, therefore, recommended that in order to provide a uniform and stable basis of assessment, varieties which, by reason of their physical form and characteristics *viz.*, tobacco cured in whole leaf form and tied or packed in bundles, bunches, hanks etc. or in the form of ropes, twists or coils; dust of tobacco; granule of tobacco not larger than 1/16" sq. in size (including similar granule of stems); and uncrushed stems larger than 1/4" in size, are incapable of being used in the manufacture of biris, should be assessed at the lower rate and all broken leaf grades larger than 1/16" sq. in size and stems of tobacco larger than 1/16" and not larger than 1/4" in size should be assessed at the higher rate. While some hardship may be caused to inferior broken leaf grades, there is no case for giving them any preferential treatment. If the lower rate of duty was sought to be claimed on such grades, the Committee reported, such grades can be crushed into the form of granules.

3. With regard to growing and curing of tobacco, the Committee is of the opinion that the methods adopted for estimating the produce of tobacco growers for purposes of accounting and assessment are not adequate. To prevent leakage of revenue, it has made the following recommendations for augmenting the existing control:—

(a) (i) The excise staff should, where necessary, be provided with tapes and scales for measuring area and for weighment of curers produce.

(ii) In areas of high revenue potential and unwieldy jurisdictions motor transport should be provided to excise staff.

(b) (i) In order to provide a firm basis for dealing with cases of under declaration of produce by curers, Inspectors and Supervisory staff should note the condition of the crop on an enhanced scale as well as in a fuller way, and damage to crop by natural occurrences should be fully and carefully investigated.

(ii) All such data should be attested by the grower and other respectable witnesses.

(iii) Crop cutting experiments should be done on an extended scale to determine the correct potential yield of tobacco in each area.

(iv) Weighment of curers' produce should be done on an enhanced scale with increasing size of the crop. Where possible calculations of weighment or by volumetric conversion should be done.

(c) In areas where arrears of revenue are high, besides taking special measures for liquidating arrears, special sanctions should be adopted against habitual defaulters.

(d) Unproductive work involved in registration of garden cultivators who grow tobacco only for personal consumption should be eliminated and the workload in other areas should be reviewed for intensifying excise control.

(e) The scheme of registration of growers in collaboration with State revenue officials operating in parts of U.P. and Rajasthan has proved a failure.

4(a) The Committee has also inquired into several other matters germane to the object of its inquiry. Chief amongst these pertain to:

(i) restrictions on processing of tobacco in warehouses.

(ii) relaxation of time limit for storage of tobacco in Curers Bonded Storerooms and in curers premises;

(iii) decision of Central Excise cases, appeals and revision petitions by an independent authority.

(b) (i) As regards restriction on processing of tobacco in warehouses, the Committee has recommended that processing of tobacco into a form in which it would attract the lower rate of duty should be freely permitted;

(ii) As regard the time limit for storage of tobacco, the Committee has recommended that instead of the present statutory time limit for detention of tobacco in Curers Bonded Storerooms, provision should be made under the Central Excise Rules for granting extension of such time limit. The Committee has not favoured any general extension of the present time limit for storage of tobacco in curers' premises.

(iii) As regards decision of Central Excise cases and appeals, the Committee is of the opinion that the present practice of departmental adjudication may continue but decision of revision petition should be done by a tribunal.

5. The Committee was, by a separate reference from the Central Board of Revenue requested to examine the question of losses occurring in tobacco under bond and to advise Government on this matter. The Committee has recommended that experimental data to ascertain the normal degree of losses should be collected in a fuller and more uniform way and that all factors contributing to the loss should be given due weight while deciding loss cases.

6. Government have accepted the Committees' recommendation regarding classification of non flue-cured unmanufactured tobacco for purposes of assessment and have implemented it in the Finance (No. 2) Bill, 1957.

7. Government have also generally accepted all the Committees' recommendations for improving control over growing and curing of tobacco. Augmentation of staff will, however, be considered in the light of Governments' efforts to rationalise the administrative machinery by setting up Multiple officer ranges which is in hand and which aims at reduction of clerical and unproductive work of the field staff.

8. Government have also generally accepted the Committees' other recommendations but have reserved their decision on the question of dealing with losses occurring in bond till they have had time to collect more data and to examine the matter more fully.

ORDER

Ordered that a copy of this Resolution may be sent to all members of the Tobacco Expert Committee and to all Ministries of the Government of India.

Ordered also that this be published in the Gazette of India.

### MINISTRY OF HOME AFFAIRS

**Office of the Establishment Officer**

RESOLUTION

*New Delhi, the 16th November* 1957

**No. F.21(12)-E.O./56.**—The Government of India have had under consideration the question of building up a pool of officers for manning the managerial posts in the public enterprises whether run directly by Government or by Corporations or Companies in which Government have a controlling interest. In consultation with the authorities concerned, they have now sanctioned the constitution of the Industrial Management Pool as provided for in the scheme annexed. The Ministry of Home Affairs have been authorised to take all steps necessary for the implementation of the Scheme.

ORDER

Ordered that a copy of the Resolution be communicated to all the Ministries of the Government of India, State Governments, U.P.S.C. and the C. & A. G. of India.

Ordered also that the Resolution be published in the Gazette of India for general information.

INDUSTRIAL MANAGEMENT POOL SCHEME

The Industrial Management Pool shall be constituted in the manner provided hereinafter to serve the needs of the Ministries having industrial undertakings functioning under them. For the present the Ministries of Steel, Mines & Fuel, Transport & Communications and Commerce & Industry will participate in the Pool. It will be open hereafter to any other Ministry concerned with the running of Industrial undertakings to join the Scheme with the concurrence of the Controlling Authority of the Pool.

2. *Controlling Authority.*—The Ministry of Home Affairs will be the Controlling Authority of the Pool. The Home Ministry will be advised by a Board which will be constituted as follows:—

(1) Cabinet Secretary.—*Chairman (ex-officio)*

(2, 3, 4, 5 & 6) Representatives of the participating Ministries.—*Members.*

The Establishment Officer to the Governhent of India will be *ex-officio* Secretary of the Board.

3. The Pool would be drawn upon for manning the senior (*i.e.* the top and middle level) managerial posts in the public enterpises whether run directly by Government or by Corporations of Companies in which Government have a controlling interest. The range will include posts of a non-technical nature relating *e.g.* to general management, finance and accounts, sales, purchases, stores, transportation, personnel management and welfare and town administration.

4. No post would be reserved for members of the Pool. Officers of the Pool will, however, be available for posting to non-technical posts in the Public enterprises under the participating Ministries. Senior posts in the Industrial undertakings will also be available on promotion to officers belonging to the undertaking concerned. The strength of the Pool will, therefore, be fixed at a level below the total requirements for senior managerial posts in the undertakings.

5. *Grades and Pay Scales.*—The Pool will be organised in seven grades on the scales of pay as shown below:

Grade I—Rs. 2,750 (fixed)
Grade II—Rs. 2,500 (fixed)
Grade III—Rs. 2,000-125-2,250
Grade IV—Rs. 1,600-100-2,000
Grade V—Rs. 1,300-60-1,600.
Grade VI—Rs. 1,000-50-1,400
Grade VII—Rs. 600-40-1,000

All grades of the service will be Central Services Class I.

In addition, junior officers recruited in accordance with Note 1 under para 7 of the Scheme may be appointed at suitable stages in the scale of Rs. 350-25-500-30-620. Earning an increment even within a grade in the time scale will not be regarded as automatic. There will be, on the other hand, a positive decision that an officer is fit to draw an increment due. This decision will be taken by the Board of Directors of the Companies or Corporations under whom the officer is employed but will be subject to confirmation by the Controlling Authority on the advice of the Central Advisory Board. There will be no order of seniority at all within a grade. All officers of a grade will thus be eligible for promotion on merit alone by selection to the next higher grade.

6. *Authorised Strength.*—The authorised permanent strength of the Pool at the initial constitution shall be 200. This number will be distributed among the different grades by the Controlling Authority in consultation with the Ministry of Finance in the light of the estimated requirements of each grade and on the recommendations of the Selection Committee on the basis of the quality of persons available for each grade. The strength may be reviewed as often as is found necessary, but in any case, once in two years.

7. *Recruitment.*—The Poll will be constituted initially by recruitment to any of the grades referred to in paragraph 5 by selection from among persons who:

(a) hold a Degree of a recognised Indian University or equivalent thereto;

(b) are between the ages of 27 and 45 years;

(c) preferably possess industrial or managerial experience for a period of five years.

NOTE 1.—Candidates below the age of 27 may, in exceptional circumstances, also be recruited. Such candidates should on appointment draw pay in the scale of Rs. 350—25—500—30—620.

NOTE 2.—Persons above the age of 45 may, if specially suitable, be employed on long-term contract instead of being appointed to the Pool.

The field of recruitment will include the following:—

(1) Officers of the All India and Central Class I Services (including Railway and Defence services).

(2) State Government employees of similar status and experience.

(3) Experienced officers from existing public undertakings.

(4) Candidates from the open market.

8. *Methods of Recruitment.*—Selections for the Pool will be made on the recommendations of a Special Recruitment Board which would be constituted as follows:—

(1) Chairman or a Member of the U.P.S.C.—*Chairman.*

(2) a non-official

(3) & (4) Managing Directors & General Managers of State Undertakings

(5) & (6) Representatives of participating Ministries other than those who are represented by Managing Directors and General Managers against 3 and 4.—*Members.*

The recommendations of the Board will be placed before the U.P.S.C. and appointments will be made in consultation with the Commission.

The recruitment need not necessarily be restricted to candidates who apply for absorption in the Pool in response to advertisements. The Recruitment Board may consider persons who may not have applied but whose names are suggested to the Board by the Ministries.

The annual intake will be fixed at 5 per cent of the authorised strength and will be reviewed after 2 years of the initial constitution of the Pool. Recruitment against the annual intake as well as against the deficiencies which may exist in the cadre either on account of the increase in the authorised strength or otherwise will be manned in the manner indicated above by the Special Recruitment Board.

9. *Training and Probation.*—Persons selected for appointment to the Pool will be on probation for a period of two years. If they belong to All India Services, they may thereafter be permanently seconded to the Pool. If they belong to the Central or Provincial Services, they may be either permanently seconded or permanently absorbed in the Pool. The Controlling Authority will have the power to extend or reduce the period of probation in each case. The Controlling Authority will, where it considers it necessary, arrange for the training of the officers in Government Departments and in industrial and Commercial undertakings either in the public or the private-sector.

10. *Postings.*—The Controlling Authority will arrange for the posting of officers after their training in participating undertakings where their services can be best utilised. While so posted, the officers will be paid by and be under the immediate control of the undertaking in which they are working. All participating undertakings will report all existing or prospective vacancies which may be suitably held by members of the Service to the Controlling Authority, but it will not be obligatory on them to accept a member of the Service for a particular vacancy; nor will the Controlling Authority be bound to supply a Pool officer for every such vacancy.

Every officer of the Pool will be entitled, wherever he may be employed, to receive not less than his substantive grade pay in the Pool. It will, however, be ensured that except in exceptional circumstances with the concurrence of the Controlling Authority and the financial advisers of the enterprise, no officer is employed in a post normally to be filled by an officer of a lower grade. If, in the wage structure of the enterprise which he is for the time being serving, the pay of the post which he holds is higher than his grade pay, it will be for the Controlling Authority to decide whether he should be allowed to draw any or all of the difference.

11. *Deputation.*—An officer of the Pool may be posted either for the purpose of acquiring wider experience or for other reasons to a post normally tenable by a member of the Central Administrative Pool. Similarly, officers of the Central Administrative Pool and officers of the feeder services of that Pool may be sent on deputation to posts normally tenable by the members of the Pool.

12. *Leave, Pension and other conditions of Service.*—These will be as applicable from time to time to officers of Central Services, Class I. Persons who are recruited from the open market after the age of 45 years may be appointed on contract, in which case their terms and conditions of service will be modified to the extent mentioned in such contract.

### RESOLUTION

MERCHANT SHIPPING

*New Delhi, the 23rd November* 1957

**No. 40-MS(36)/57.**—In June, 1955, the Government of India set up a Committee known as the Rail-Sea Co-ordination Committee, with Shri N. S. Lokur, President, Railway Rates Tribunal, as Chairman, and the following as members:—

(1) Shri B. Das—M.P.

(2) Shri M. Govinda Reddy—M.P.

(3) Shri S. R. Kalyanaraman—Additional Member (Commercial) Railway Board.

(4) Shri B. R. Patel, Director General of Shipping, who was succeeded on his transfer by Shri P. R. Subramaniam, Senior Deputy Director General of Shipping.

2. The terms of reference of the Committee were as follows:—

(1) (a) to examine the reasonableness of freight charged by costal shipping with reference to its costs of operation;

(b) to examine the existing pattern of trade movements within the country of commodities which could suitably move by Sea and suggest measures to ensure effective co-ordination between Railways and Coastal Shipping with a view to promoting movement of such goods by sea and with particular regard to—

(i) the need for promoting development of coastal shipping on sound lines;

(ii) the need for avoiding overlapping between the two forms of transport;

(iii) the need for developing adequate coastal shipping in the larger and long term interests of the country; and

(iv) the possibility of extending through booking arrangements between Railways and Shipping for movements by combined rail-sea route, wherever possible.

(2) to advise whether any standing machinery should be set up for considering all problems concerning rail-shipping co-ordination or allocation of traffic between the two forms of transport.

3. The Committee commenced their work in August, 1955, and held in all 47 meetings not only among themselves but also with various authorities and organisations like the Port authorities, Federation of Indian Chambers of Commerce & Industry, Coal Controller, Salt Commissioner, Indian Coastal Conference, Salt Manufacturers Association etc. The Committee submitted their report in April, 1957. The principal recommendations made by the Committee are as follows:—

**(1) Coastal freights**

(a) A general enhancement of 15 per cent. in the rates of coastal freights as were in force prior to the 15th October, 1955, should be made, without any distinction as between rates for the west coast trade and the wider coast trade. In regard to freight rates for coal traffic, an appropriate enhancement should be granted with retrospective effect as from 1st April, 1956, in view of the undertaking given in this regard by Government. (b) The freight rates for salt should be enhanced to the level of the freight rates for coal in two stages, the first stage being to fix the rates at Rs. 37/75 nP. per ton from Saurashtra to Calcutta and Rs. 28.50 nP. per ton from Tuticorin to Calcutta. (c) The revised rates should, in the absence of any special disturbing feature, remain in force for a period of two years up to the 31st March, 1959, the matter to be reviewed thereafter in the light of the then existing conditions.

**(2) Future pattern of coastal trade and tonnage requirements.**

(i) Urgent steps should be taken to ensure the attainment of the target of 4.12 lakhs GRT for the coastal and adjacent trades fixed in the Second Five Year Plan. As much of this tonnage as possible should be reached by the end of the year 1959, as a sharp and substantial increase in the demand for additional transportation facilities is anticipated thereafter.

(ii) With the 4.12 lakhs GRT mentioned above, it will be possible to carry about 40 lakhs tons cargo in the purely coastal trade and about 10 lakhs tons in the adjacent trade. On the existing basis, the cargo availability for Indian Shipping during the Second Plan period is expected to rise to only 31.6 lakhs tons. The balance of 8.4 lakhs tons of cargo, split up into 6 lakh tons in the loaded direction from East to West on the wider coast and the balance in the opposite direction also on the wider coast should be found by promotional means. The additional 6 lakhs tons in the East-West direction can be found almost entirely from coal whereas for the additional cargoes in the reverse direction, the main hope is by securing a slight increase in salt shipments and movements of cement.

(iii) In respect of certain items of traffic, a positive policy of diversion to the sea or rail-cum-sea route should be adopted to the extent necessary for adequate utilisation of coastal shipping and for affording maximum relief to the railways. No enforced diversion to the sea route of any traffic of the private parties except in the case of coal is, however, recommended.

(iv) So far as coal is concerned, it is imperative for the scheme of diversion of traffic to the sea route that some arrangement is made to ensure that the price to consumers in the coastal area to which coal is diverted is not much higher than if their requirements had moved by rail.

(v) As a long term solution for restoring the inherent advantages and the competitive position of Coastal Shipping, every effort should be made to reduce terminal costs for transportation by sea through the provision of improved port facilities for avoiding or minimising delays to coastal shipping and wherever possible, if necessary, even by charging preferential port charges for coastal shipping.

(vi) Working conditions at the various ports should be improved in every way and in this context, the provision for increased capacity of ports during the Second Plan period should be reviewed.

(vii) The facility of through-booking by the rail-cum-sea-route as at present in force should be continued and extended further wherever possible.

**(3) Rail-Sea-Co-ordination**

(i) Allocation of different descriptions of traffic as between rail and the sea routes should be dealt with by a Sub-Committee of the Central Board of Transport of which senior representatives of various Ministeries are members. This Sub-Committee should review the tonnage and cargo availability position from time to time and decide on the nature and volume of cargo which should move by the sea or rail-cum-sea route, so as to ensure adequate employment of available shipping tonnage on the one hand and give maximum relief to the railways on the other.

Apart from the above Sub-Committee at the Centre, Local Committees should be set up at each of the major ports to implement decisions of the Government based on recommendations of the Sub-Committee and also to examine all questions concerning local matters of detail.

(ii) The setting up of any standing machinery for purposes of freight fixation is not recommended. Future variations, should, as far as possible, be confined to general increases or decreases only. Wherever there are any special circumstances justifying a detailed enquiry, an *ad hoc* Board should be set up under the Control of Shipping Act.

(4) General

(i) Suitable steps should be taken to ensure that the rehabilitation allowance of Rs. 37.14 lakhs per annum, which would be available to Indian Shipping Companies as a result of implementation of the recommendation regarding increase in freight rates, is put into a fund and is fact utilised for rehabilitation and the building up of reserves.

(ii) The question whether freight tariff of the West Coast should not be entirely detached from that of the wider coast a convenient opportunity should be examined so that rates in respect of each of these services and variations their in made from time to time may appropriately reflect the economics of the particular service.

(iii) There is scope and need for the rationalisation of the present tariff on a scientific basis without disturbing the total financial returns and without causing too violent a variation in the relativity of rates at any one time. The coastal conference should should take this up at an early opportunity.

(iv) An organisation should be set up in the Directorate General of shipping for the collection and maintenance of necessary statistics in appropriate forms for purposes of cost estimation to enable future proposals for variation in the coastal rates to be dealt with satisfactory and expeditiously. This organisation should work in close collaboration with the coastal Conference.

(v) When once the coastal freight structure has been rationalised, future freight revisions should be confined to general increases or decreases and that such variations should be made only when any important change involving substantial financial implications takes place in the coastal trade or alternatively when over a period of time a number of changes have occured, the cumulative financial implications of which are substantial.

(vi) The possibility of granting concessional terms for loans advanced for purchase of ships for coastal operations should be considered.

(vii) The grant of preferential berthing facilities at ports for general cargo ships on the coast is recommended, as also the grant of concessions to coastal shipping in regard to port dues, wharfage etc.

(viii) The Indian Coastal Conference should evolve rationalised sailing schedules with a view to ensure regular sailings and calls at as many ports as possible.

(ix) The Indian Coastal Conference should consider the possibility of opening common city booking offices and warehouses in the larger cities.

(x) A detailed examination should be made of the economics of topping up coal cargo vessels at Visakhapatnam.

(xi) In future, the Directorate General of Shipping should exercise control over coastal shipping in such a way that the

entire pool of coastal tonnage is used to the best advantage of the country and as an effective limb of the co-ordinated transport arrangements.

(4) The Government of India have considered the recommendations made by the Committee regarding the increase in the freight rates of coastal cargo and have accepted them in so far as they relate to coal and general cargo. The increase in regard to coal has, in implementation of the assurance given to the companies, been given retrospective effect from 1st April, 1956, while as regards general cargo the increase has been effected from 1st September, 1957. As regards salt, it has been decided that the existing rates should continue unchanged. It has also been decided that the freight increases will remain in force till the 31st December, 1958, and that even during this period, the Indian Coastal Conference would be free to make minor adjustments in rates for general cargo up to 7½ per cent. *after* giving prior notice in this regard to the Director General of Shipping. Any increase in rates for general cargo in excess of 7½ per cent. or any increase in the rates for coal, salt and timber would be effected only after the specific approval of the Central Government had been given. The recommendation made by the Committee regarding the setting up of a Rehabilitation Reserve fund has not been accepted by Government in view of the fact that the increase in the freight rate on salt, which alone would have brought to the shipping companies a total earning of Rs. 23.36 lakhs, has not been allowed to be made although recommended by the Committee.

The remaining recommendations of the Committee are under consideration and Government hope to take appropriate decision thereon before long.

5. The Government of India wish to express their appreciation of the services rendered by the Chairman and Members of the Committee for their Valuable report.

Three trials will be made in each case and the maximum reading will be taken as total vital capacity in c.c. As regards the exercise tolerance test, the candidate will be dressed in vest and shorts and will be barefooted. He will be made to do "baithaks" with 40 cycles per minute. The rhythm will be maintained by a simple pendulum 22" long frequency of its oscillations being 40 per minute. The exercise will be carried on till the candidate is exhausted or upto a maximum limit of 3½ minutes. He will then be made to sit and pulse will be counted for half a minute between 60 to 90 seconds after cessation of the exercise. Chest expansion will be taken by a special spring type measuring tape. The candidate will take full inspiration and expiration and measurements will be taken till two constant readings are available.

If such a certificate or diploma is not submitted the candidate must explain its absence, and submit such other evidence in orginal as he can to support his claim to the requisite qualifications. The Commission will consider this evidence on its merits but do not bind themselves to accept it as sufficient.

Note.—Candidates who have appeared or intend to appear at an examination the passing of which would render them eligible to appear at this examination may apply for admission to this examination. The application of such candidates will be accepted provisionally and they will be required to furnish proof of having passed the examination as soon as possible and in any case not later than the 20th June, 1958; otherwise candidature will be cancelled.

Vital capacity will be measured by a wet spirometer. The candidate will stand with the mouth piece of the instrument in his right hand. His nose will be clipped and test will be made for any leak through the nose. He will then take a maximum possible breath and empty his chest through the mouth piece into the spirometer. Three trials will be made in each case and the maximum reading will be taken as total vital capacity in c.c. The vital capacity will be later on reduced to per square meter of the body surface and adequate corrections for temperature will be made. As regards the exercise tolerance test the candidate will be dressed in vest and shorts and will be barefooted. He will be made to do "baithaks" at 40 cycles per minute. The rhythm will be maintained by a simple pendulum 22" long, frequency of its oscillations being 40 per minute. (ii) A Certificate of age.

(iii) A Certificate of Educational Qualification.

(iv) Two copies of recent passport size photograph of the candidate.

Details of the documents mentioned in items (i), (ii), (iii) and (iv) are given below:—

(i) A TREASURY RECEIPT OR CROSSED INDIAN POSTAL ORDERS FOR THE PRESCRIBED FEE.—The amount may be deposited in the nearest Government Treasury, or in a branch of the State Bank of India, or in a State Treasury authorised to transact business on behalf of Government (Amount deposited at Bombay, Calcutta, Delhi, or Madras should be deposited in the Reserve Bank of India instead of in the State Bank of India). The name of the examination and of the treasury at which the fee is deposited should be clearly entered in the treasury receipt. The treasury receipt should be on the form pertaining to Central Government transactions and should be obtained from the treasury at which the fee is deposited. If, however, the blue form is not available in the treasury the ordinary form hitherto employed should be used.

All Postal Orders should bear the signature of the Issuing Post Master and clear stampt of the Issuing Post Office. All Postal Orders should be CROSSED and made payable to the Secretary, Union Public Service Commission at New Delhi Post Office. In no case will Postal Orders payable at any other Post Office be accepted. Defaced or mutilated Postal Orders will also not be accepted.

NOTE 1.—Candidates residing abroad at the time of submitting their applications should deposit the amount of the prescribed fee (the equivalent fee of Rs. 37.50, Rs. 9.37 in the case of candidates belonging to the Scheduled Castes and Scheduled Tribes) in the Office of India's High Commissioner, Ambassador or Representative, as the case may be, in that country and forward the receipt from that office with application.

NOTE 2.—AN APPLICATION NOT ACCOMPANIED BY A TREASURY RECEIPT OR CROSSED INDIAN POSTAL ORDERS FOR THE PRESCRIBED FEE WILL BE SUMMARILY REJECTED. This does not apply to displaced persons seeking remission of the fee, *vide* paragraph 7 below.

(ii) A CERTIFICATE OF AGE.—The only proof of age ordinarily accepted by the Commission is the age or date of birth entered in the Matriculation Certificate or in the Secondary School Leaving Certificate, or in a certificate recognised by an Indian University, as equivalent to Matriculation or in an extract from a Register of Matriculates maintained by a University, which extract must be certified by the proper authority of the University. The expression Matriculation Certificate in this part of the instructions must be understood as including these alternative certificates.

Candidates will thus understand that the Matriculation Certificate is required in all cases as evidence of age, and it must invariably be sent to the Commission in original with a copy thereof, together with the application.

Sometimes the Matriculation Certificate only shows the age by completed years or completed years and months. In such cases the candidate must send in addition to the Matriculation Certificate an original certificate together with a copy thereof from the Headmaster of the High School from which he Matriculated showing the date of his birth or his exact age as recorded in the school admission register. An Anglo-Indian or an Indian Christian, may send his original baptismal or birth registration certificate together with a copy thereof instead of the headmaster's certificate.

If the Matriculation certificate has not been issued to a candidate he should submit along with his application an age certificate from the Headmaster of the School from where he appeared in the Matriculation examination. Such a candidate will be required to submit his original Matriculation certificate before he is admitted to the Air Force Flying College, if finally selected. He will be disqualified if later on it is found that the date of birth claimed by him in the application differs from that entered in his Matriculation certificate unless the discrepancy is explained to the satisfaction of the Union Public Service Commission.

Candidates are warned that unless complete proof of age as laid down in these instructions is sent with an application, the application may be rejected. Further, they are warned that if the date of birth stated in the application is inconsistent with the age shown in the Matriculation Certificate and no explanation is offered, the application may be rejected.

NOTE 1.—A candidate who holds a completed Secondary School Leaving Certificate need submit with the original a copy of only the page containing entries relating to age.

NOTE 2.—CANDIDATES SHOULD NOTE THAT ONCE A DATE OF BIRTH HAS BEEN CLAIMED AND ACCEPTED BY THE COMMISSION FOR THE PURPOSE OF ADMISSION TO AN EXAMINATION, NO CHANGE WILL BE ORDINARILY ALLOWED AT A SUBSEQUENT EXAMINATION.

NOTE 3.—Displaced persons, who have lost their original Matriculation Certificate in Pakistan, should obtain duplicate certificate from the University concerned. If they are unable to obtain the duplicate Matriculation Certificate from the University, they should submit an extract from the University Gazette in which their results were published showing their date of birth and certified by the Registrar or the Headmaster.

NOTE 4.—Cadets of the Sainik School, Dehra Dun and students of King George's School must submit a certificate of age from the Principal of the School and no other certificate as evidence of age will be required.

(iii) A CERTIFICATE OF EDUCATIONAL QUALIFICATION.—Candidates must submit a certificate or diploma in original with a copy thereof, showing that he has one of the qualifications prescribed in the Rules. The certificate submitted must be one issued by the authority (*i.e.*, University or other examining body) awarding the particular qualification. If such a certificate or diploma is not submitted the candidate must explain its absence, and submit such other evidence in original as he can to support his claim to the requisite qualifications. The Commission will consider this evidence on its merits but do not bind themselves to accept it as sufficient.

NOTE.—Candidates who have appeared or intend to appear at an examination the passing of which would render them eligible to appear at this examination may apply for admission to this examination. Their applications will be accepted provisionally and they will be required to furnish proof of having passed the examination as soon as possible and in any case not later than the 1st December 1958; otherwise candidature will be cancelled.

(iv) TWO COPIES OF PHOTOGRAPH.—The candidate must submit two passport size copies of his recent photograph, one of which should be pasted on the first page of the application form and the other copy should be firmly attached with the application form. Each copy of the photograph should be signed in ink on the front side by the candidate.

*N.B.*—Candidates are warned that if an application is incompletely or wrongly filled or is not accompanied by any one of the documents mentioned under 4 (ii), (iii) and (iv) above without a reasonable explanation for its absence having been given, the application will be summarily rejected and that no appeal against its rejection will be entertained. The documents not submitted with the application should be sent soon after the submission of the application, and in any case they must reach the Commission's office one month before the date of commencement of the examination. Otherwise, candidature for the examination will be cancelled.

Candidates are also warned that they should in no case tamper with the entries in the documents submitted by them. Candidates found guilty of tampering are liable to be prosecuted in addition to being permanently debarred from the Commission's examinations and selections and from employment under Government.

THE CERTIFICATES MENTIONED IN PARAGRAPHS 4(ii) AND 4(iii) ABOVE SHOULD INVARIABLY BE SENT IN ORIGINAL. THE COMMISSION DO NOT ACCEPT ONLY COPIES OF THESE CERTIFICATES, WHETHER ATTESTED OR OTHERWISE.

The originals of the certificates forwarded in accordance with paragraph 4 (ii) and (iii) will be returned when the result of the application is communicated. CANDIDATES ARE ADVISED TO KEEP ATTESTED COPIES OF THEIR CERTIFICATES BEFORE SUBMITTING THEM TO THE COMMISSION. THE COMMISSION CANNOT RETURN THE CERTIFICATES EARLIER THAN THE DATE OF COMMUNICATION OF THE RESULT OF THE APPLICATION FOR WHATEVER PURPOSE THEY MAY BE REQUIRED, NOR CAN THEY SUPPLY ATTESTED COPIES.

If a candidate has already submitted the certificates required in paragraphs 4 (ii) and (iii) above in connection with another examination conducted by the Union Public Service Commission and if they have not yet been returned to him, he should mention the fact when submitting his application, and if possible enclose a copy of each certificate. If the certificates are not with the Commission, they should be sent with the application, irrespective of whether the candidate appeared at a previous examination conducted by the Commission or not. If a certificate cannot be submitted with the application, a reasonable explanation for its absence must be given with the application.

5. Candidates may be required at the interview by the Air Force Selection Board to produce the original of any documents copies of which have been submitted.

6. A candidate who claims to belong to one of the Scheduled Castes or Scheduled Tribes should submit in support of his claim a certificate, in original in the form given below from the District Officer or the Sub-divisional Officer or any other Officer of the District in which his parents (or surviving parent) ordinarily reside, who has been designated by the State Government concerned as competent to issue such a certificate; if both his parents are dead, of the district in which he himself ordinarily resides otherwise than for the purpose of his own education.

A candidate from the Delhi State may submit such a certificate also from the Additional District Magistrate or the 1st Class Stipendiary Magistrate or the Revenue Assistant.
