If within fifteen days after receipt of such order the Board do not comply with the same, the Governor in Council may, by notification in the *Bombay Government Gazette*, increase the said rates or any of them, and such notification shall have the same force as if a new scale of rates to the same effect had been duly framed, sanctioned and published under section 43.

The Governor in Council may also appoint a receiver to recover any portion of the Board's income.

And for the purpose of realizing any interest which has not been paid by the Board when due, in accordance with section 34, the Governor in Council may, by an order published in the *Bombay Government Gazette*, appoint some person to receive the rates, charges, and other income which the Board may be entitled to receive, or any portion thereof, and to apply the same in discharge of the amount due and of all expenses authorized by Government in respect of the appointment of such person and of the recovery by him of the said rates, charges and income; and the person so appointed shall have for the recovery of the said rates, charges, or other income, all and singular the powers and authorities conferred by this Act on the Board for the said purpose.

## VII.—Of the Powers and Functions of the Board.

*Recovery of Rates.*

Recovery of rates in arrears.

61. For the amount of all rates leviable under this Act in respect of any goods, the Board shall have a lien on such goods, and shall be entitled to seize and detain the same until such rates are fully paid. Rates in respect of goods to be landed shall become payable immediately on the landing of such goods. Rates in respect of goods to be removed from the premises of the Board, or to be shipped for export, shall be payable before such goods are removed or shipped. The lien for such rates shall have priority over all other liens and claims, except for general average, for the ship-owner's lien for freight upon the said goods, (where such lien exists and has been preserved in the manner hereinafter provided), for primage and for money payable to Her Majesty or to the Secretary of State for India in Council.

Lien for freight preserved after landing goods if notice of lien be given.

62. If the master or owner of any vessel, or his agent, at or before the time of landing from such vessel any goods at any wharf, dock or pier in the possession of the Board, shall give to the Board notice, in writing, that such goods are to remain subject to a lien for freight or other charges payable to the ship-owner, to an amount to be mentioned in such notice, such goods shall continue liable to the same lien, if any, for such charges as they were subject to before the landing thereof. Such goods shall be retained either in the warehouses and sheds of the Board, or, with the consent of the Chief Customs Authority of the Presidency in the public warehouses, at the risk and expense of the owners of the said goods until the lien is discharged as hereinafter mentioned.

Discharge of lien by payment or release.

63. Upon production to the proper officer of the Board of a document purporting to be a receipt for the amount claimed as due, or a release of freight from the person by or on whose behalf such notice shall have been given, it shall be lawful for the Board to permit such goods to be removed without regard to such lien, provided they shall have used reasonable care in respect to the authenticity of such document.

If rates are not paid, or the lien for freight is not discharged, goods may be sold after the expiration of two months.

64. If the rates payable to the Board in respect of any goods are not paid, or if the lien of the ship-owner for freight, when such notice as aforesaid has been given, is not discharged, the Board may, and in the latter event, if required by or on behalf of the person claiming such lien for freight, shall, at the expiration of two months from the time when the goods were placed in their custody, or if the goods are of a perishable nature, at such earlier period (being not less than twenty-four hours after the landing of the goods), as they shall think fit, sell by public auction the said goods, or so much as may be necessary to satisfy the amounts hereinafter directed to be paid out of the produce of such sale.

Before making such sale, ten days' notice of the same shall be given by publication thereof in the *Bombay Government Gazette*, unless the goods are of so perishable a nature as, in the opinion of the officer aforesaid, to render their immediate sale necessary or advisable, in which event such notice shall be given as the urgency of the case admits of.

If the address of the owner of the goods has been stated on the manifest of the cargo or in any of the documents which have come into the hands of the Board, or is otherwise known, notice shall also be given to the owner of the goods by letter delivered at such address, or sent by post; but the title of a *bonâ fide* purchaser of such goods shall not be invalidated by reason of the omission to send the notice hereinbefore mentioned, nor shall any such purchaser be bound to inquire whether such notice has been sent.

Application of proceeds of sale.

65. In every case of any such sale as aforesaid, the monies received from the sale shall be applied as follows:—

1*stly*.—In payment, according to their respective priorities, of the liens and claims excepted in section 61 from the priority of the lien of the Board for rates;

2*ndly*.—In payment of the expenses of the sale;

3*rdly*.—In payment of the rates and expenses due to the Board in respect thereof.

The surplus, if any, shall be paid to the owner of the goods or his agent on his applying for the same, provided such application be made within one year from the sale of the goods, or good reason be shown why such application was not so made to the satisfaction of the Board; and in case such application shall not be so made, nor reason shown, such surplus shall be applied by the Board to the purposes of this Act.

Power to distrain vessels for the non-payment of rates, &c.

66. If the master of any vessel in respect of which any rates, charges, or penalties shall be payable under this Act, or any bye-laws made in pursuance hereof, shall refuse or neglect to pay the same, or any part thereof, on demand, it shall be lawful for the Board to distrain or arrest, of their own authority, such vessel, and the tackle, apparel, or furniture belonging thereto, or any part thereof, and detain the same until the amount so due shall be paid; and, in case any part of the said rates or penalties or of the costs of the distress or arrest, or of the keeping of the same, shall remain unpaid for the space of fifteen days next after any such distress or arrest shall have been so made, the Board may cause the vessel, or other thing so distrained or arrested, to be sold, and with the proceeds of such sale may satisfy such tolls, dues, rates, penalties, or charges and costs of sale remaining unpaid, rendering the surplus (if any) to the master of such vessel on demand.

Port Clearance not to be granted till rates, &c., are paid.

67. If the Board shall give to the officer of Government, whose duty it is to grant the port clearance of any vessel, a notice stating that an amount therein specified is due in respect of rates, charges, or penalties chargeable under this Act, or any bye-laws, or orders made in pursuance hereof, against such vessel, or the owner or master of such vessel, in respect thereof, such officer shall not grant such port clearance until the amount so chargeable shall have been paid.

STATEMENT OF OBJECTS AND REASONS.

The Governor General having refused his assent to Bill No. 12 of 1878 for the reason that at the time it was read a third time and passed by the Legislative Council of Bombay, the provisions of its fifth Chapter conflicted with the provisions of the Indian Loans Act (24 of 1871), and were therefore *ultra vires*, it has become necessary to introduce the present Bill—which is word for word the same as the Bill so passed and read a third time—in its place.

The explanation of the apparent irregularity of introducing a Bill which is precisely the same as one to which the assent of the Governor General has just been refused, lies in the fact that at a recent meeting of the Legislative Council of the Governor General, a Bill was introduced, at the instance of the Government of Bombay, excepting the Trustees of the Port of Bombay from the provisions of the Indian Loans Act. That Bill was on the same day passed into law, and there is therefore now no longer any legal impediment to the passing by the Legislative Council of Bombay of the provisions of Chapter V.

Letter from the Secretary to the Government of India, No. 589, dated 31st May 1879, returning, with the assent of His Excellency the Viceroy and Governor General signified thereon, the authentic copy of the "Bill to prohibit the practice of inoculation, and to make the vaccination of children in the town of Kurrachee compulsory."

The Bombay Irrigation Bill reconsidered.

The Honourable Colonel MERRIMAN:—Mr. President, since the Irrigation Bill (No. 11 of 1878) was read a second time and considered in detail by this Council on the 15th April last, the Revenue Code Bill of 1879 has passed into law. In order, therefore, to prevent any conflict hereafter, the Legal Remembrancer has pointed out that a new section should be inserted as section 2 (following section 1) in the Irrigation Bill, amending section 55 of the Land Revenue Code, and also other sections of that Code which refer to section 55. The effect of the alteration will simply be to enable Government to sanction the levy of rates under either section 55 or section 101 of the Land Revenue Code for any use of water which does not fall within the provisions of the Irrigation Act, and at the same time to prevent all such rates being levied in respect of any water chargeable under the latter Act. Briefly, Government will be protected on the one hand, and the ryot, or the person using the water, on the other hand. This addition does not affect the principle of the Bill in any way, and I propose, therefore, when the amendment shall have been carried, to ask you, Sir, to suspend the Standing Orders, so that the Bill may be read a third time, as was originally intended, to-day. I now beg to move that the following new section be inserted (as section 2) after section 1 in the Bombay Irrigation Bill:—

"2. In Section 55 of the Bombay Land Revenue Code, 1879, for the words 'or which has been made available in consequence of the construction, improvement or repair of any irrigational or other work by, or at the instance of Government,' the words 'and in respect of which no rate is leviable under the Bombay Irrigation Act, 1879,' shall be substituted;

and in section 101 of the said Code for the word 'leviable' the word 'levied' shall be substituted, and the words 'or under the Bombay Irrigation Act, 1879,' shall be inserted after the figures '55';

and to section 105 of the said Code the words 'or of the Bombay Irrigation Act, 1879,' shall be added."

The amendment was adopted.

The Honourable Colonel MERRIMAN:—I will now ask you, Mr. President, to suspend the Standing Orders, so that I may move that the Bill be read a third time.

The Standing Orders having been suspended,

The Honourable Colonel MERRIMAN moved that the Bill be read a third time and passed.

Bill read a third time and passed.

The Bill was accordingly read a third time and passed.

Mr. Ravenscroft moves the First Reading of the New Port Trust Bill (No. 2 of 1879).

The Honourable Mr. RAVENSCROFT:—Mr. President, I have to draw the attention of the Council to the Bombay Port Trust Bill. It will be perhaps necessary to explain how it is that the Bill, having passed this Council in the month of March last, and having been sent for the assent of His Excellency the Governor General, is now returned for the consideration of this Council. Section 39 of this Bill, as it at present stands, lays down how money is to be borrowed should the Port Trustees require to raise any funds. It was not brought to the notice of the Council, when that portion of the Bill was being passed, that it militated to a certain extent against one of the provisions of Act XXIV. of 1871. When, therefore, the Bill was under the consideration of His Excellency the Governor General with a view to his assent being given, it was intimated to him that that portion of the Bill was *ultra vires*, and that as long as Act XXIV. of 1871 remained in its then condition, it was impossible for His Excellency to give his assent which was necessary to our Bill. Having brought this matter to the notice of His Excellency the Governor, and having asked how the difficulty, which was a mere technical one, could be best overcome, His Excellency the Governor explained that the easiest way of avoiding this technical point which had been discovered, was for His Excellency the Viceroy to so amend Act XXIV. of 1871 that it should not militate against the provisions of section 39 and the following sections of our Act. I understand now from the Secretary that a telegram has been received from His Excellency the Governor General, saying that he has so modified Act XXIV. of 1871, that there is no objection now to the Bill being re-passed exactly in the same words as it was passed by this Council in March last. Under these circumstances, I shall propose to the Council that, in the formal manner required by the rules, the Standing Orders be suspended, and the Bill be run through its different stages at once. The whole question of the principle of the Bill and all its sections having been exhaustively discussed at the late meetings, there will be no necessity, I presume, for re-opening any of the points which were then thoroughly examined. I beg to propose now, with the permission of the President, that the Bill be read a first time.

The Standing Orders suspended, and the Bill read a first time.

The Bill was then read a first time.

Bill read a second time and considered in detail.

The Honourable Mr. RAVENSCROFT asked for leave to suspend the Standing Rules in order that the Bill be read a second time; and the President having accordingly suspended the rules, the honourable member moved that the Bill be read a second time.

This motion was adopted, and the Council proceeded to consider the Bill in detail. This was accordingly done, and on the motion of the Honourable Mr. Ravenscroft the Bill was read a third time and passed.

Bill read a third time and passed.

The Council was then adjourned *sine die*.

*By order of His Excellency the Honourable the Governor in Council,*

C. G. W. MACPHERSON,
Acting Under Secretary to Government.

## PART II.—General Provisions relating to Khots and their inferior holders.

### *Khots.*

Continuance of khots' villages to be subject to payment of jama. 4. Khots shall continue to hold their villages conditionally on the payment of the amounts due on account of the jama of the same, according to the provisions of this Act and of the Bombay Land Revenue Code, 1879, and of any rules for the time being in force made under this Act or under the said Code.

Realization of jama. 5. Subject to the exceptions mentioned in section 40, the provisions of Chapter XI of the said Code, shall apply to the realization of the jama payable in respect of a khot's village, as if the said village were an alienated holding:

Provided that in the case of any such village under attachment at the time this Act comes into force, application may be made under section 162 of the said Code for the restoration thereof at any time within twelve years from the first day of August next after this Act coming into force.

### *Inferior Holders.*

What holders are to be deemed occupancy-tenants. 6. Every holder of khoti land who has actually occupied or cultivated the same continuously from any time previous to the commencement of the revenue year 1845-46 has a right of occupancy in the land so occupied or cultivated.

The occupation or cultivating of the father or other person from whom the present holder inherits, and in the case of occupancy-rights which are transferable otherwise than by inheritance, the occupation or cultivating of any former holder through whom the present holder claims, or of any mortgagee or lessee of the present or any former holder, shall be deemed to be the occupation or cultivating of the present holder within the meaning of this section;

and in the case of land which is periodically fallow, years of fallow shall be reckoned as years of occupation or cultivation for the purpose of this section.

*Right of occupancy when land has been wrongfully transferred.* 7. If an occupancy right which is not transferable otherwise than by inheritance, has been so transferred, the actual holder of the land shall be deemed to be the tenant thereof, and if he, or his father, or other person from whom he inherits, has occupied or cultivated the land continuously from any time previous to the commencement of the revenue year 1845-46, he shall have a right of occupancy therein:

Provided that if the actual holder is in possession of the land as mortgagee, or lessee merely, his occupation or cultivating shall for the purpose of this and of the last preceding sections, be deemed to be the occupation or cultivating of the mortgagor or lessor, and that if such mortgagor or lessor has a right of occupancy in the land, such right shall be subject to the mortgage lien or lease of the said mortgagee or lessee until the said lien or lease is duly discharged or determined, but the right of further transfer of such land otherwise than by inheritance shall absolutely cease.

Continuance of privileged occupants' tenures. 8. Privileged occupants shall continue to hold their lands conditionally on the payment of the rent from time to time lawfully due by them to the khot or other person entitled to receive payment of the same.

Ordinary tenants. 9. Tenants other than occupancy tenants shall continue to hold their lands subject to such terms and conditions as may have been, or may hereafter be, agreed upon between the khot and themselves, and in the absence of any such specific agreement shall be held to be yearly tenants liable to pay rent to the khot at the same rates as are paid by occupancy-tenants in the village in which the lands held by them are situate.

### *Transfer, &c., of Rights.*

What rights are transferable. 10. The rights of khots, dhárekaris and quasi-dhárekaris shall be heritable and transferable.

Occupancy-tenants' rights shall be heritable, but shall not be otherwise transferable, unless in any case the tenant proves that such right of transfer has been exercised in respect of the land in his occupancy, independently of the consent of the khot, at some time within the period of thirty years next previous to the commencement of the revenue year 1865-66.

Resignation, lapse, or forfeiture of privileged occupants' lands. 11. If a privileged occupant resign the land or any portion of the land in his holding, or if any such occupant's land lapse for failure of heirs, or other persons entitled thereto, or is forfeited on the occupant's failing to pay the rent due in respect thereof, the land so resigned, lapsed, or forfeited, shall be at the disposal of the khot as khoti land free of all encumbrances.

But it shall not be competent to a privileged occupant at any time to resign a portion only of his entire holding except with the consent of the khot; and no privileged occupant shall be deemed to have forfeited his land on failure to pay rent unless such forfeiture is certified by the Collector.

### *Grant of Privileged Occupants' Rights by Khots.*

Privileged occupants' rights may be conferred by khots. 12. It shall be competent to the khot at any time to confer on any tenant the right of a privileged occupant of any class, or on a privileged occupant of one class, the right of a privileged occupant of a superior class:

Provided

(*a*) that the grant by the khot of any such right shall not affect the right of Government to the trees in the land which is the subject of such grant; and

(*b*) that the power of the khot under this section shall not extend to the conversion of any land into dhára land for the khot's own benefit; and that any land which the khot may, at any time after the passing of this Act, acquire possession of in his own village shall be deemed, so long as it is in his possession, or in the possession of a tenant who has not the right of a dhárekari or of a quasi-dhárekari in respect thereof, to be khoti land.

Record of grant. 13. On receipt of a written requisition from the khot, in such form as shall be prescribed in rules to be framed under section 41, the mámlatdár or mahálkari shall cause an entry to be made in such record as may from time to time be prescribed by Government in this behalf, of any right conferred by the khot under the last preceding section, and an entry thus duly made and authenticated by the mámlatdár's or mahálkari's signature shall be conclusive proof of the facts therein recorded.

Nothing in this and the last preceding sections shall be deemed to apply to a mortgagee lawfully in possession of a khoti unless such mortgagee shall have been expressly authorized by his mortgagor to exercise the powers conferred by the said sections.

### *Recovery of Rents.*

Commutation-rates for rent payable in kind. 14. Whenever application is made to the Collector under section 86 of the Bombay Land

nue Code, 1879, for assistance to recover rent from a privileged occupant, tenant or co-sharer, and the rent claimed is payable in kind, the Collector may, if he thinks fit, direct the recovery of the money-value of such rent, and in such case the money-value shall be estimated at such commutation-rates as the Collector may fix in this behalf for the year for which such rent is due.

Rent of land which an occupancy-tenant neglects to cultivate.

15. If an occupancy-tenant neglect to raise a crop on any land in his holding on account of the rent of which he would, if he raised a crop, be liable to pay the khot a share of the produce, the khot shall be entitled to receive from him the same amount of rent as if he had raised a crop.

In the event of a dispute the amount of rent due shall be determined by the Collector with reference to the average produce of the land in previous years, or to the yield of crops on similar lands in the same village in the year in dispute.

But no such rent shall be recoverable by the khot if the tenant shall satisfy the Collector:

(*a*) that in the year for which such rent is claimed he purposely allowed the land to be fallow, and that having regard to the custom of the village in respect of lands of the same class, or to the nature and requirements of the soil, it was proper that the land should be left fallow in the said year; or

(*b*) that although he has devoted the land to other purposes than that of raising a crop on it, it would not in the year for which such rent is claimed have been fit for raising a crop on.

*Accounts.*

16. The khot shall:

Khots to keep accounts;

(*a*) keep, or cause to be kept, such accounts as may from time to time be required by the Collector under the orders of Government; and

and to produce them when required;

(*b*) produce such accounts, whenever required, to the Collector or to any officer subordinate to the Collector not lower in rank than a mahálkari, and

and to give written receipts.

(*c*) give a written receipt for every payment of rent or land revenue made to him whether by a privileged occupant or tenant, or by a co-sharer in his khotki.

Penalty.

For disobedience of any order duly made under this section, or for any infraction of the provisions of this section, the khot shall, on conviction before the Collector, or the Assistant or Deputy Collector in charge of the táluka in which such khot's village is situate, be liable to a fine not exceeding one hundred rupees, which shall be recoverable as an arrear of jama.

---

## PART III.—Survey and Settlement.

*Settlement Records.*

Preparation of Settlement Register of khoti villages.

17. Whenever a survey settlement of the land revenue of any village to which this Act extends is made, or revised under the provisions of Chapter VIII of the Bombay Land Revenue Code, 1879, the Settlement Register prepared under section 108 of the said Code shall show the area and assessment of each survey number and also whether such survey number is held by a privileged occupant or not.

If a survey number is held by one or more privileged occupants, the said register shall further specify the tenure on which such number is held, the name of the registered occupant thereof, and, in the case of a survey number held by an occupancy-tenant, whether his interest therein is transferable otherwise than by inheritance or not.

Survey numbers which are not held by privileged occupants shall be entered in the said register in the name of the khot, or if a partition of the khotki has taken place, of the co-sharers to whose shares they respectively belong.

The said register shall also contain a list of all the co-sharers of the khotki, if the village be not held by one khot in his own sole right, and shall specify the extent of each such co-sharer's interest in the khotki.

Privileged occupants' rents to be fixed.

18. The other records prepared under the said section shall specify the nature and amount of rent payable to the khot by each privileged occupant according to the provisions of section 34 of this Act, and any entry in any record duly made under this section shall be conclusive evidence of the liability thereby established.

When the khotki is undivided, the co-sharer's mutual rights to be recorded.

19. If the khotki is undivided the said records shall also specify:

(*a*) the survey numbers in the possession of each co-sharer and the rent payable by such co-sharer on account of the same, and

(*b*) the terms and particulars of any written agreement which the co-sharers, or any of them, have entered into, or may at the time of the framing of the said record enter into, determining their mutual responsibility, and

(*c*) the order of rotation in which the said co-sharers agree in writing, if they do so agree, to take the management of the village under the provisions of section 28 of this Act.

When the khotki is divided, each share to be treated separately.

20. If a partition has been effected, and the co-sharers of the khotki hold their respective shares in severalty, the said records shall specify:—

(*a*) the extent and limits of each such separate share, and

(*b*) the same particulars in respect of the several sub-sharers, if any, of each such share as are required by the last preceding section to be given concerning all the co-sharers when a khotki is undivided.

*Determination of Disputes.*

Disputes to be determined by the survey officer.

21. If it shall appear to the survey officer, who frames the said register or other record, that there exists any dispute as to any matter which he is bound to record, he may, either on the application of any of the disputant parties, or of his own motion, investigate and determine such dispute and frame the said register or other record accordingly.

Survey officer's decision when not final to be set aside only by a decree of court.

22. In any such matter the decision of the said survey officer, when not final, shall be binding upon all the parties affected thereby until reversed or modified by a final decree of a competent court.

Bar of suits against survey officer or Government.

23. No suit shall lie against the said survey officer, or against Government, or any officer of Government to set aside any such decision of a survey officer; but the record shall from time to time be amended by the said survey officer, or when the survey settlement is concluded, by the Collector, in accordance with any such decree as aforesaid which the parties may obtain amongst themselves, on an application, accompanied by a certified copy of such decree, being duly made to the said survey officer, or to the Collector for that purpose.

---

## PART IV.—Administration of Survey Settlements made under this Act.

Provisions of this Part when to apply.

24. The provisions of this Part shall not apply to any village to which this Act extends until such time as the Governor in Council first after the passing of this Act sanctions a survey settlement, or a revised survey settlement of such village and declares the assessments settled thereunder fixed for a period of years, in accordance with section 102 of the Bombay Land Revenue Code, 1879.

Until such time, the rights and responsibilities of all parties so far as regards the matters treated of in this Part shall continue to be such as they would be if this Part had not been enacted.

*Khots' Jama.*

Jama how to be calculated.

25. The jama payable to Government by the khot shall be the aggregate of the survey assessments of the lands of the village minus such percentage of deduction, if any, as Government may in each case direct.

Amount to be fixed for certain periods.

The amount of the said jama shall be from time to time fixed for the same period for which the survey assessments are fixed.

*Managing Khots.*

Abolition of khots' kabuláyats.

26. The annual kabuláyats hitherto executed by khots shall no longer be required from them:

Provided that nothing herein contained shall be deemed to affect the liability of khots to perform any condition of their tenure, or to do any act which they are now bound to perform or to do, or their obligation to refrain from doing anything which they are now bound not to do.

27. When a village is held by two or more co-sharers jointly, the said sharers shall be jointly and severally responsible for the jama, but one of their number shall be nominated every year to receive the inferior holders' rents, to pay the Government dues, and generally to perform all acts required by this Act or by any other law or rule having the force of law, to be performed by the khot.

Appointment of "Managing Khot."

The sharer so nominated shall be called "the managing khot" and shall for all the purposes of the Bombay Land Revenue Code, 1879, be deemed to be the registered occupant of all survey numbers in the village not held by privileged occupants.

28. If the co-sharers have, at the time of the framing of the survey settlement records or at any subsequent period, agreed in writing as to the order of rotation, the nomination of the managing khot shall be made by the Collector in the order so agreed upon.

Managing khot how to be nominated.

In the absence of any such agreement, the co-sharers shall be called upon to nominate one of their number year by year, and in the event of their failing so to do within such time as may be prescribed by the Collector in this behalf, or if they are not unanimous as to the nomination, the Collector shall himself select the managing khot for the year.

29. The managing khot nominated by the Collector shall continue in that capacity throughout the year for which he is so appointed, and no suit shall lie against the Collector, or against Government, or any Government officer in respect of such nomination.

Collector's nomination not to be disputed.

But it shall be lawful for any of the co-sharers at any time to sue for a decree between themselves in the civil court to declare which of them is entitled to the management, or the order in which they should respectively have the management, if more than one of them be entitled to the same; and from the commencement of the revenue year next after an application (accompanied by a certified copy of any such decree) is duly made to him for the purpose, the Collector shall nominate the managing khot in accordance with such decree.

But suits in respect to the right of management not barred amongst the khots themselves.

30. Except as is hereinafter provided, the mámlatdár shall furnish every managing khot with a certificate under his hand and seal to the effect that the holder thereof is the recognized managing khot for the year to which such certificate relates and a certificate so signed and sealed shall be conclusive evidence of the right of the khot therein named to manage the village to which it relates for the year therein specified.

Managing khot's certificate.

31. When a village is held by a khot in his own sole right, he shall be deemed to be the managing khot thereof for all the purposes of this Act, and it shall not be necessary to furnish him with any such certificate as is described in the last preceding section.

Managing khot when there are no co-sharers.

32. The managing khot alone shall be entitled to assistance for the recovery of rent from privileged occupants under sections 86 and 87 of the Bombay Land Revenue Code, 1879.

Exclusive power of managing khot.

*Separated Sharers.*

33. When the khots have divided their khotki or a partition thereof has been effected by the civil court, or otherwise, and the co-sharers hold their respective shares in severalty, the Collector shall determine the amount of jama payable in respect of each separate share, and the holders of the said shares shall be held severally liable for the portions of the jama so fixed on their respective shares, and all the provisions of this Act shall apply to them respectively as if they were independent holders of entire khotkis.

Separated sharers to be severally responsible for their respective shares.

*Privileged Occupants' Rents.*

34. The rent payable to the khot by privileged occupants shall be as follows (namely):—

Nature and amount of rent payable by privileged occupants.

(*a*) by a dhárekari: the survey assessment of his land;

(*b*) by a quasi-dhárekari: a sum of money exceeding the survey assessment of his land in the same proportion that the payment heretofore made by him on account thereof exceeded what he would have paid as a dhárekari:

(*c*) by an occupancy-tenant: such fixed amount, whether in money or in kind, as may have been agreed upon, or as may at the time of the framing of the survey record, or at any subsequent period, be mutually agreed upon between the khot and the said tenant;

or on the expiry of the term for which any such agreement shall have been, or shall be made, or if no such agreement have been, or be made, such fixed share of the gross annual produce of the said tenant's land, not exceedingly one-half in the case of rice-land, nor one-third in the case of warkas-land and such share, if any, of the produce of the fruit-trees on the said tenant's land, as the survey officer who frames the survey record, shall determine to be customary in the village in which the said land is situate.

35. The rents due by privileged occupants shall be payable on such dates, in such instalments and subject to such rules as may from time to time be prescribed in this behalf by the Governor in Council.

Privileged occupants' rents how and when to be paid.

*Cesses, &c.*

36. It shall not be lawful for any khot to levy *phaski, painde, veth, nángarveth, wartála* or any other cess, rate, tax or service of any description, or denomination whatsoever from any privileged occupant other than the rent lawfully leviable under the provisions of this Act.

Abolition of all cesses, &c.

*Local Fund Cess.*

37. Local Fund cess at such rate as shall from time to time be fixed by Government under section 6 of the Bombay Local Funds Act, 1869, shall be leviable by Government from the khot on every rupee of his jama.

Khot's liability for Local Fund cess.

The khot shall be entitled to assistance under sections 86 and 87 of the Bombay Land Revenue Code, 1879, for recovery of the said cess at the said rate from dhárekaris and quasi-dhárekaris on every rupee of the survey assessment of the lands in their respective holdings.

Dhárekaris and quasi-dhárekaris to what extent liable for the cess.

Inferior holders of khoti lands shall not be liable to Local Fund cess, anything contained in section 8 of the Bombay Local Funds Act, 1869, to the contrary notwithstanding.

Other inferior holders not liable for the cess.

---

PART V.—MISCELLANEOUS.

38. Existing survey settlements of the land revenue of any village to which this Act extends, made, approved, and confirmed under the authority of the Governor in Council, shall be deemed to have been lawfully made, and, except as is hereinafter otherwise provided, shall continue in force for the terms for which they have been respectively guaranteed, subject to all the provisions of law which would be applicable thereto if this Act had not been passed, and anything in this Act which is inconsistent with any of the said provisions shall be deemed not to apply to such settlements.

Existing survey settlements confirmed.

39. Upon the expiry of the period of any such guarantee, or if it shall apear to the Governor in Council that a majority of the landholders affected by any such guarantee so desire, at any time previous to the expiry of the said period (such time being fixed by the Governor in Council), a new survey settlement shall be introduced into the village in which such guarantee was in force and the provisions of this Act shall thenceforward apply to the said settlement, anything in any other law to the contrary notwithstanding.

## STATEMENT OF OBJECTS AND REASONS.

It has long been the desire of Government to effect a satisfactory settlement of the large number of villages in the Ratnágiri District which are held by khots. An attempt to do so was made before the Survey and Settlement Act of 1865 (Bombay Act I. of 1865) was passed, but it did not meet with success and it was temporarily postponed. When the above-named Act was before the Council two sections (Nos. 37 and 38) were inserted in it which, it was hoped, would enable the Survey Officers to surmount the difficulties which the peculiarities of the khoti tenure presented, and renewed orders were given by Government for the carrying on and completion of the settlement.

2. The survey of a large portion of the Ratnágiri District has thus already been completed, and survey settlements have been actually introduced, and are at the present moment in force in several villages in the northern tálukas. But in a very large number of cases the proposed settlement proved, for various reasons, unacceptable either to the khots, or to the ryots, or to both, and as the khots refused to hold their villages on the terms of the settlements offered to them they have been attached, according to the local custom, and managed by Government.

3. In the course of several years, during which repeated endeavours were made to carry out the existing law and to fulfil, by its aid, the wishes of Government, a considerable amount of litigation arose in the local District Court against Government. The result of the suits, so far as they have gone (for many of the more important ones have been postponed and never yet heard on appeal by the High Court), has been in some instances favourable, and in some unfavourable to the Government. But upon the whole it has gradually become evident that the general provisions of the Survey and Settlement Act are unsuited to khoti villages and that Sections 37 and 38 of that Act fail to meet all the difficulties of the case.

4. In the end Government appointed a competent Commission to make local inquiries and to report upon the reasons of the want of success of the attempted settlements, and to suggest what remedies could be applied. Government also obtained the opinions of all their officers who had had any experience in the Ratnágiri District, and eventually, after full consideration, a Resolution (No. 2474, dated 24th April) was issued in 1876, finally disposing of all the principal questions at issue and sanctioning terms for future settlements, which whilst they were liberal to the khots, yet aimed also at securing the just rights and privileges of the actual occupants of the soil.

5. But the contemplated terms differed so materially from those of an ordinary survey settlement that it was found that it would be necessary to resort to special legislation in order to adopt the Survey and Settlement Act to the proposed new settlements. The first draft of the present Bill was accordingly at once prepared, but before introducing it into the Legislative Council it was deemed expedient to test the suitability of its provisions by tentative settlements to be made under the special direction of the Collector. The experience thus gained appears to the Government to have established both the need for the proposed measure and the likelihood of its leading, if passed into law, to a satisfactory conclusion of the many difficulties with which the revenue administration of the Ratnágiri District has been beset from the time, it may almost be said, when the country first came under British rule. Temporary settlements have been effected by the Collector and his assistants of a large number of villages in accordance with its provisions, and proof that these settlements are giving satisfaction is to be found in the facts that all litigation against Government has ceased, that almost all the pending suits have been either withdrawn, or compromised, and that the relations between the khots and their tenants, and the other holders of land in khoti villages, are reported to be becoming of a much more friendly well-disposed character.

6. In the meantime the Survey and Settlement Act has been included in the repealing schedule of the Bombay Land Revenue Code, 1879, except as regards Sections 37 and 38. But the said Code, to a considerable extent, re-enacts the provisions of the Survey and Settlement Act as part of the general law of the Presidency, so that it is still necessary to pass a special Act to legalize the proposed new settlements of khoti villages and to modify certain portions of the Bombay Land Revenue Code so far as they would apply to such villages. This Bill, amended by the light of the experience gained in the experimental settlements of the last three years is, therefore, introduced for this purpose.

The following paper was presented to the Council :—

Papers presented to the Council.

The telegram from the Secretary to the Government of India, Legislative Department, dated the 28th August 1879, stating that His Excellency the Viceroy assented to the Bombay Port Trust Bill (No. 2 of 1879) on the 27th idem.

The Port Trust Act.

The Honourable M. BALFOUR asked if it was permissible to inquire when the purchase of the private foreshore properties under the New Port Trust Act was likely to be completed. People in Bombay were very anxious to know, and if His Excellency the President could give him any information on the point, he should be very much obliged.

His Excellency the PRESIDENT:—We have telegraphed to the Government of India to ask if we may at once proceed with the purchase, and have asked for a reply by telegram. Honourable Members may be sure that there will not be a moment's avoidable delay.

Mr. Ashburner moves for leave to introduce a Bill to amend the law relating to the settlement of villages held by Khots.

The Honourable Mr. ASHBURNER moved for leave to introduce a Bill to amend the law relating to the settlement of villages held by Khots. The Honourable Member said:—For the last 60 years the anxious attention of Government has been directed to the unsatisfactory state of those ryots of the Konkan who pay their revenue to Government through the agency of the Khots. The Konkan may be called the nursery of the Bombay Army, and supplies a very large proportion of its recruits, and it is very necessary that it should be kept in a loyal state, and should be deprived of any grievances, whether real or imaginary. In order to understand the relations of the Khots with Government and the ryots, it is necessary to consider their origin and position under the Peishwa. The country was in a very disturbed state, and it was absolutely necessary that there should be in each village of an outlying district like the Konkan an official representative of the Poona Government to collect the revenue and to organize measures of protection against the bands of marauders which infested the rural districts. The Peishwa therefore delegated certain of his powers to Court favourites, usually Brahmins, sometimes by formal *sanad*, but more often by a mere verbal order, to go to a certain village, take measures for its defence and cultivation, protect the ryots, collect the revenue, and remit the money to head-quarters at Poona—for this was by far the most important part of their functions. Much valuable time has been wasted in endeavouring to show that *sanadi* Khots held office on a more favourable and stronger tenure than those who had received no *sanads*; but the fact is there was no real difference between them. Both held office only during good conduct, or so long as they gave satisfaction, and were liable to ejection, and were frequently ejected, on very frivolous pretexts. The issue of a *sanad*, indeed, was very often merely the authority to dispossess some previous incumbent who had fallen into disgrace. The theory that a *sanadi* Khot could not be ejected is quite untenable. Is it likely that when powerful Chiefs like the Vinchurker or the Kuddum Banday were deprived of their *jagirs*, the Darbar would hesitate for a moment to eject a humble Izardar of a single village? The fact is that under a despotic Government no man, whether jagirdar or ryot, had any rights whatever, except what he could hold at the point of the sword or secure by intrigue with the Darbar officials. Rights, presuppose Courts of Justice to enforce them and we know there were no courts of justice under the Peishwas. It is very necessary to bear this fact in mind, for with our superstitious regard for constitutional forms we are apt to overlook it, and to give an undue importance to rights and claims which have no real existence except in the imagination of sedition-mongers who wish to impose on the ryots, more ignorant than themselves, and to make out that they are very hardly treated by the British Government. It is true that a Khot who had held office in the same village for many years would acquire a local influence and power which would be of great use to Government. The son was therefore often allowed to succeed the father, and in this way a quasi-hereditary right grew up, but an hereditary proprietary right, as we understand that term, never existed, and would not have been tolerated by the Peishwa for a moment. This quasi-hereditary right under the Peishwa has, however, become matured under our Government, and we now propose to declare and legalize it, subject to certain conditions, so that the Khot will obtain nearly all that he asks for in this respect. We have never made any distinction between *sanadi* and non-*sanadi*, *mirasi* or *watandari* Khots, and we do not propose to make any now; all Khots will be treated alike, as hereditary farmers of the revenue with certain defined rights over their subordinate ryots. So much for the Khots; I will now turn to the Darakeris, the next most important class in the Konkan. From a period of the remotest antiquity the lands of the Konkan have been held by a class of Maratha *kunbis*, called Darakeris—a word derived from the incidents of their tenure. There is evidence of the existence of village communities of this class from a period long prior to the rise of the Peishwa and his Brahmin Khots and even prior to Sivaji. They were probably the original inhabitants of the Konkan. Where they were sufficiently strong, and could hold their own, they formed themselves into pure Darakeri villages, paying revenue direct to Government; and many hundreds of these villages exist to this day, they pay their revenue to Government without any intervention of the Khots. But wherever the Darakeris were threatened with extinction by the anarchy of the times, a Brahmin Khot was deputed from Poona to protect them and to encourage immigration and cultivation. So long as land

was abundant and the population scanty, the Khots could not oppress their tenants; but as population increased all the available land was occupied, and the demands of the Khots then became more extortionate. They gradually encroached on the rights of the Darakeris and reduced them to the position of inferior tenants of various denominations as Ardilis, Tirdilis, Daspatkaris, Doputkaris, and so on, according to the proportion of produce which they paid as rent, while the terms exacted from the inferior tenants left them a bare subsistence. From that period a very bitter contest commenced, which has been a subject of anxiety to Government ever since. Our present task is to reconcile these differences, to pour sweet oil on the troubled waters, to define and regulate the relations of the Khots with the several classes of tenants which the growth of population has created in the Konkan, and, if possible, to satisfy all parties. Many expedients have been devised to protect the tenants from extortion; and if they have not been successful it has not been for want of careful inquiry and research as I know to my cost, for I have read lately through a mass of correspondence which would fill a small library. However, in 1851, the operations of the Survey had effected great improvements in the condition of the agricultural classes, and the Survey Settlement came to be looked upon as the panacea for all the abuses to which they were liable. Accordingly an experimental Survey was undertaken in a few villages, but it met with so much opposition from the Khots that it was abandoned in 1857 till an Act could be passed giving legal sanction to its operations. It was resumed in 1859, but it failed to satisfy either party, and gave rise to so much litigation and ill-feeling, that it was again suspended. I need not here follow the whole vicissitudes of the Survey; it is sufficient to say matters remained in this unsatisfactory state until Mr. Arthur Crawford was deputed to this district as Collector, two years ago. He, by his tact, ability, and personal influence, has succeeded in effecting a compromise which has given so much satisfaction to all parties that litigation has ceased, and land which has been unsaleable for the last twenty years, owing to uncertainty of title, is now freely bought and sold, and mortgaged at 5 or 6 per cent. interest. I may here give some details to show how unanimously the settlement has been accepted by all classes. In 407 villages the holdings of 47,024 ryots have been surveyed, the boundaries defined on the map and in the field, the rental of each field fixed, and the relations of the occupants to Government and the Khots defined to the satisfaction of all but 164 ryots, whose appeals having been patiently heard, in only one case was the decision reversed. The new settlement has been in operation for one year in 210 of the above villages, and there have been only 22 instances of revenue defaulters. In 187 villages in which the Survey had been introduced the ryots have petitioned to be allowed to relinquish the Survey guarantee and to accept the new settlement. The Khots of about 500 villages who had rejected the Survey Settlement, and whose villages were accordingly under direct Government management, have now resumed their duties, only 24 remain non-content owing to disputes among the co-sharers. All the suits, 80 in number, which had been filed against Government, have been withdrawn. In the great majority of cases the dispute between Khot and Darakeri have been amicably settled, and tenant rights have been voluntarily granted to ryots who were not strictly entitled to that privilege. Only 5 per cent. of the ryots are now tenants-at-will. These details will, I think, show how satisfactory the settlement is to all parties, and that we may proceed with confidence to give it legal sanction in the Bill which is now before the Council. It will, in the hands of the Select Committee, no doubt, undergo considerable changes in detail, but its principles will, I feel confident, meet with the approval of this Council. Its main provisions are—(1) To confirm the Khots in the hereditary enjoyment of their khoti rights on payment of the amount to be fixed from time to time by the Survey; (2) to secure tenant rights to all who can prove occupation previous to 1845; (3) to declare what classes of tenants have a heretible and transferable right to their lands and those who have only a heretible but not a transferable right; (4) to vest in the Khots the right of creating *daras*, that is, granting the conditions of the Darakeri tenure to inferior tenants; (5) to provide a procedure for the recovery of rents, and their commutation into cash when payable in kind; (6) to vest the Settlement Officer with the power to adjudicate in disputes connected with the preparation of survey records; (7) to fix the rents payable by the Khots and all classes of tenants; (8) to abolish all irregular cesses, which have been a fruitful source of oppression and dispute; (9) to confirm past settlements with the option of relinquishing them and accepting the settlement under the present Act. I request permission with these remarks to introduce the Bill.

His Excellency the PRESIDENT then put the question to the vote, and permission of the Council having been duly accorded,

The standing orders suspended, and the Bill read a first time and referred to a Select Committee.

The Honourable Mr. ASHBURNER asked that the standing rules might be suspended to allow of the Bill being read a first time, so that it might be referred at once to a Select Committee.

The standing rules were accordingly suspended, and on the motion of the Honourable Mr. Ashburner, the Bill was read a first time and referred to a Select Committee consisting of the Honourable Mr. Ravenscroft, the Honourable Colonel Anderson, the Honourable Morarjee Goculdass, and the Honourable Mover, with instructions to report in a fortnight. The Bill to be translated into the Marathi language.

His Excellency the PRESIDENT then adjourned the Council *sine die*.

## PART V.

### PROCEEDINGS OF THE LEGISLATIVE DEPARTMENT, BOMBAY.

The following Report of the Select Committee of the Council of His Excellency the Governor of Bombay on the "Bill to amend the law relating to the settlement of villages held by Khots," and the Bill as amended by the Committee, are, in accordance with Rule 25 of the Rules for the conduct of business at Meetings of the Council, published for general information :—

*Report of the Select Committee appointed to consider Bill No. 3 of* 1879 ("*A Bill to amend the law relating to the settlement of villages held by Khots*")

The Select Committee appointed to report upon Bill No. 3 of 1879 (a Bill to amend the law relating to the settlement of villages held by khots) have the honor to state that they approve of the Bill as now amended by them.

2. The more important changes made by the Committee are the following :—

(1) Except the khots of Kolába there are no persons possessing a tenure similar to that of the khots of Ratnágiri, and the Committee have therefore restricted the application of the latter part of Section 1 to the Kolába District.

(2) In Section 3, Clause 7, a more exact definition has been given of the word "quasi-dhárekari" by enumerating in a Schedule the different classes of land-holders coming under that denomination.

The same Schedule has been used to elucidate Section 34 of the original Bill (Section 33 of the amended Bill) by showing the excess over the Survey rates payable to the khot by each class of quasi-dhárekaris.

(3) Section 5 has been omitted, and its provisions with slight modification embodied in Section 40.

(4) Two new sections (Sections 41 and 42) have been added to the Bill to provide for the creation and management of Reserved Forests in khoti villages.

3. The remaining changes made by the Select Committee are indicated in red type in the copy of the original Bill, which accompanies each copy of the Bill printed as amended.

4. The Select Committee are of opinion that the Bill should not be proceeded with until two months after it has been published in Maráthi with the present amendments.

In the event of a dispute as to the amount of rent due under this section such amount shall be determined by the Collector, but no such rent shall be recoverable by the khot if the tenant shall satisfy the Collector that in the year for which such rent is claimed it was proper, having regard to the custom of the village in respect of lands of the same class, or to the nature and requirements of the soil, that the land should be left fallow.

Preparation of Settlement Register of khoti villages.

16. Whenever a survey settlement of the land revenue of any village to which this Act extends is made, or revised under the provisions of Chapter VIII of the Bombay Land Revenue Code, 1879, the Settlement Register prepared under section 108 of the said Code shall show the area and assessment of each survey number and also whether such survey number is held by a privileged occupant or not.

If a survey number is held by one or more privileged occupants, the said register shall further specify the tenure on which such number is held, the name of the registered occupant thereof, and, in the case of a survey number held by an occupancy-tenant, whether his interest therein is transferable otherwise than by inheritance or not.

Survey numbers which are not held by privileged occupants shall be entered in the said register in the name of the khot, or if a partition of the khotki has taken place, of the co-sharers to whose shares they respectively belong.

The said register shall also contain a list of all the co-sharers of the khotki, if the village be not held by one khot in his own sole right, and shall specify the extent of each such co-sharer's interest in the khotki.

Privileged occupants' rents to be fixed.

17. The other records prepared under the said section shall specify the nature and amount of rent payable to the khot by each privileged occupant according to the provisions of section 33 of this Act, and any entry in any record duly made under this section shall be conclusive evidence of the liability thereby established.

When the khotki is undivided, the co-sharer's mutual rights to be recorded.

18. If the khotki is undivided the said records shall also specify:

(*a*) the survey numbers in the possession of each co-sharer and the rent payable by such co-sharer on account of the same, and

(*b*) the terms and particulars of any written agreement which the co-sharers, or any of them, have entered into, or may at the time of the framing of the said record enter into, determining their mutual responsibility, and

(*c*) the order of rotation in which the said co-sharers agree in writing, if they do so agree, to take the management of the village under the provisions of section 27 of this Act.

When the khotki is divided, each share to be treated separately.

19. If a partition has been effected and the co-sharers of the khotki hold their respective shares in severalty, the said records shall specify:—

(*a*) the extent and limits of each such separate share, and

(*b*) the same particulars in respect of the several sub-sharers, if any, of each such share as are required by the last preceding section to be given concerning all the co-sharers when a khotki is undivided.

*Determination of Disputes.*

Disputes to be determined by the survey officer.

20. If it shall appear to the survey officer, who frames the said register or other record, that there exists any dispute as to any matter which he is bound to record, he may, either on the application of any of the disputant parties, or of his own motion, investigate and determine such dispute and frame the said register or other record accordingly.

Survey officer's decision when not final to be set aside only by a decree of court.

21. In any such matter the decision of the said survey officer, when not final, shall be binding upon all the parties affected thereby until reversed or modified by a final decree of a competent court.

Bar of suits against survey officer or Government.

22. No suit shall lie against the said survey officer, or against Government, or any officer of Government to set aside any such decision of a survey officer; but the record shall from time to time be amended by the said survey officer, or when the survey settlement is concluded, by the Collector, in accordance with any such decree as aforesaid which the parties may obtain *inter se* on an application, accompanied by a certified copy of such decree, being duly made to the said survey officer, or to the Collector for that purpose.

## PART IV.—Administration of Survey Settlements made under this Act.

Provisions of this Part when to apply.

23. The provisions of this Part shall not apply to any village to which this Act extends until such time as the Governor in Council first after the passing of this Act sanctions a survey settlement, or a revised survey settlement of such village and declares the assessments settled thereunder fixed for a period of 30 years, in accordance with section 102 of the Bombay Land Revenue Code, 1879.

Until such time, the rights and responsibilities of all parties so far as regards the matters treated of in this Part shall continue to be such as they would be if this Part had not been enacted.

*Khots' Jama.*

Jama how to be calculated.

24. The jama payable to Government by the khot shall be the aggregate of the survey assessments of

the lands of the village minus such percentage of deduction, if any, as Government may in each case direct.

Amount to be fixed for certain periods.

The amount of the said jama shall be from time to time fixed for the same period for which the survey assessments are fixed.

*Managing Khots.*

Abolition of khots' kabuláyats.

25. The annual kabuláyats hitherto executed by khots shall no longer be required from them: Provided that nothing herein contained shall be deemed to affect the liability of khots to perform any condition of their tenure, or to do any act which they are now bound to perform or to do, or their obligation to refrain from doing anything which they are now bound not to do.

Appointment of "Managing Khot."

26. When a village is held by two or more co-sharers jointly, the said sharers shall be jointly and severally responsible for the jama, but one of their number shall be nominated every year to receive the inferior holders' rents, to pay the Government dues, and generally to perform all acts required by this Act or by any other law or rule having the force of law, to be performed by the khot.

The sharer so nominated shall be called "the managing khot" and shall for all the purposes of the Bombay Land Revenue Code, 1879, be deemed to be the registered occupant of all survey numbers in the village not held by privileged occupants.

Managing khot how to be nominated.

27. If the co-sharers have, at the time of the framing of the survey settlement records or at any subsequent period, agreed in writing as to the order of rotation, the nomination of the managing khot shall be made by the Collector in the order so agreed upon.

In the absence of any such agreement, the co-sharers shall be called upon to nominate one of their number year by year, and in the event of their failing so to do within such time as may be prescribed by the Collector in this behalf, or if they are not unanimous as to the nomination, the Collector shall either himself select the managing khot for the year, or if he thinks fit may cause the village to be attached and taken under the management of himself or any agent whom he appoints for that purpose in the manner provided in section 144 of the Bombay Land Revenue Code, 1879.

Collector's nomination not to be disputed.

28. A managing khot nominated by the Collector under the last preceding section shall continue in that capacity throughout the year for which he is so appointed, and no suit shall lie against the Collector, or against Government, or any Government officer in respect of such nomination.

But suits in respect to the right of management not barred amongst the khots themselves.

But it shall be lawful for any of the co-sharers at any time to sue for a decree *inter se* to declare which of them is entitled to the management, or the order in which they should respectively have the management, if more than one of them be entitled to the same; and from the commencement of the revenue year next after an application (accompanied by a certified copy of any such decree) is duly made to him for the purpose, the Collector shall nominate the managing khot in accordance with such decree.

Managing khot's certificate.

29. Except as is hereinafter provided, the mámlatdár shall furnish every managing khot with a certificate under his hand and seal to the effect that the holder thereof is the recognized managing khot for the year to which such certificate relates and a certificate so signed and sealed shall be conclusive evidence of the right of the khot therein named to manage the village to which it relates for the year therein specified.

Managing khot when there are no co-sharers.

30. When a village is held by a khot in his own sole right, he shall be deemed to be the managing khot thereof for all the purposes of this Act, and it shall not be necessary to furnish him with any such certificate as is described in the last preceding section.

Exclusive power of managing khot.

31. When a managing khot has been duly appointed under any of the foregoing provisions he alone shall be entitled to assistance for the recovery of rent from privileged occupants under sections 86 and 87 of the Bombay Land Revenue Code, 1879.

*Separated Sharers.*

Separated sharers to be severally responsible for their respective shares.

32. When the khots have divided their khotki or a partition thereof has been effected by the civil court, or otherwise, and the co-sharers hold their respective shares in severalty, the Collector shall determine the amount of jama payable in respect of each separate share, and the holders of the said shares shall be held severally liable for the portions of the jama so fixed on their respective shares, and all the provisions of this Act shall apply to them respectively as if they were independent holders of entire khotkis.

*Privileged Occupants' Rents.*

Nature and amount of rent payable by privileged occupants.

33. The rent payable to the khot by privileged occupants shall be as follows, (namely):—

(*a*) by a dhárekari: the survey assessment of his land;

(*b*) by a quasi-dhárekari: the survey assessment of his land and in addition thereto the amounts of grain or money respectively set forth in the schedule hereto annexed.

(*c*) by an occupancy-tenant: such fixed amount, whether in money or in kind, as may have been agreed upon or as may at the time of the framing of the survey record, or at any subsequent period, be agreed upon between the khot and the said tenant;

or on the expiry of the term for which any such agreement shall have been, or shall be made, or if no such agreement have been, or be made, such fixed share of the gross annual produce of the said tenant's land, not exceeding one-half in the case of rice-land, nor one-third in the case of warkas-land and such share, if any, of the produce of the fruit-trees on the said tenant's land, as the survey officer who frames the survey record, shall determine to be the customary amount hitherto paid by occupancy tenants in the village in which the said land is situate.

Privileged occupants' rents how and when to be paid.

34. The rents due by privileged occupants shall be payable on such dates, in such instalments and subject to such rules not inconsistent with the provisions of this Act as may from time to time be prescribed in this behalf by the Governor in Council.

*Cesses, &c.*

Abolition of all cesses, &c.

35. It shall not be lawful for any khot to levy *phaski*, *veth*, *nángarveth*, *wartála* or any other cess, rate, tax or service of any description, or denomination whatsoever from any privileged occupant other than the rent lawfully leviable under the provisions of this Act.

*Local Fund Cess.*

Khot's liability for Local Fund cess.

36. Local Fund cess at such rate as shall from time to time be fixed by Government under section 6 of the Bombay Local Funds Act, 1869, shall be leviable by Government from the khot on every rupee of his jama.

Dhárekaris and quasi-dhárekaris to what extent liable for the cess.

The khot shall be entitled to assistance under sections 86 and 87 of the Bombay Land Revenue Code, 1879, for recovery of the said cess at the said rate from dhárekaris and quasi-dhárekaris on every rupee of the survey assessment of the lands in their respective holdings.

Other inferior holders not liable for the cess.

Inferior holders of khoti lands shall not be liable to Local Fund cess, anything contained in section 8 of the Bombay Local Funds Act, 1869, to the contrary notwithstanding.

---

## PART V.—Miscellaneous.

Existing survey settlements confirmed.

37. Existing survey settlements of the land revenue of any village to which this Act extends, made, approved, and confirmed under the authority of the Governor in Council, shall be deemed to have been lawfully made, and, except as is hereinafter otherwise provided, shall continue in force for the terms for which they have been respectively guaranteed, subject to all the provisions of law which would be applicable thereto if this Act had not been passed, and anything in this Act which is inconsistent with any of the said provisions shall be deemed not to apply to such settlements.

New settlements may be substituted for existing settlements.

38. Upon the expiry of the period of any such guarantee, or if it shall appear to the Governor in Council that a majority of the landholders affected by any such guarantee so desire, at any time previous to the expiry of the said period (such time being fixed by the Governor in Council), a new survey settlement shall be introduced into the village in which such guarantee

was in force and the provisions of this Act shall thenceforward apply to the said settlement, anything in any other law to the contrary notwithstanding.

Bombay Land Revenue Code, 1879, how far inapplicable to khoti villages.

39. Nothing in sections 68, 72, 73, 74, 99 clause (*b*), 104 para. 2, 112, 150 clause (*b*), and 153 of the Bombay Land Revenue Code, 1879, shall be deemed to apply to any village to which this Act extends.

The provisions of the said Code when applied to any such village shall be subject to the following modifications (namely) :—

(*a*) when a survey settlement is being introduced under section 103, the rent payable by each privileged occupant, and the amount of jama payable by the khot shall be announced in lieu of the assessment fixed on each survey number.

(*b*) sections 118, 119, and 123 shall be read and understood as if the word "khots" were substituted for the words "patels and other village officers," and the words "village officers" and the [illegible] wherever they occur.

(*c*) the khot shall for the purposes of section 136 be deemed to be the person primarily responsible to Government for the jama of his village.

(*d*) the word alienated in clause (*f*) of section 150 shall be deemed to be omitted, and

(*e*) if such village is under attachment at the date of this Act coming into force, applications may be made under section 162 for the restoration thereof at any time within 12 years from the first day of August next after such date.

Rules to be made by the Governor in Council.

40. The Governor in Council may, by notification in the *Bombay Government Gazette*, from time to time frame, and from time to time vary, or rescind rules not inconsistent with the provisions of this Act :—

(*a*) for the inspection and appraisement of crops when the rent payable to a khot consists of a share of the produce of a privileged occupant's land ;

(*b*) for determining what land is dhára land ;

(*c*) for allotting to each privileged occupant, when the exact limits of his warkas holding are not ascertainable, such portion of the entire warkas land of the village as may be fair and reasonable ;

(*d*) determining to what extent, if any, any rule, or order made under section 214 of the Bombay Land Revenue Code, 1879, shall be applicable to villages to which this Act extends ;

(*e*) for the furtherance of the objects of this Act in matters not expressly provided for therein ;

(*f*) generally for the guidance of all persons in matters connected with the enforcement of this Act.

Government may constitute uncultivated land a reserved forest.

41. And whereas it is necessary in the general interests of the people to enable Government to promote the extension of forests in villages held by khots, it is hereby enacted that Government may at any time constitute any uncultivated land in any village to which this Act extends, or may hereafter be extended, a reserved forest.

*Explanation.*—For the purposes of this section "uncultivated land" means land which has not been tilled for a period of 20 years next before the 1st June 1879.

Reserved forest constituted under the last preceding section to be subject to the provisions of the Indian Forest Act, 1878.

42. Every reserved forest constituted under the last preceding section shall be subject to all the provisions of the Indian Forest Act, 1878, and of any other law relating to forests for the time being in force, provided

(1) that upon the condition of duly performing such service connected with such forest as shall from time to time be prescribed by Government, the khot shall be entitled to a share of one-third of the net profits derived by Government from such forest after deducting the cost of management.

(2) that in the event of the service prescribed by Government as aforesaid not being duly performed by the khot, the provisions of section 80 of the Indian Forest Act, 1878, shall be applicable.
