superscribed "*Tender for the Four Per Cent. Loan, 1881.*" If the tenderer is not resident in India, he must name an agent resident in India to whom a letter of allotment may be issued if any part of the Loan is allotted to such tenderer.

5. Each tender must be accompanied by a receipt from one of the Banks of Bengal, Madras, or Bombay, or one of their Branches, or from an Officer in charge of some Public Treasury, or by a cheque drawn in favour of the Comptroller General on a Banker in Calcutta, Madras, or Bombay, or by* Government Promissory Notes, standing in the name of or endorsed to the tenderer or the person making the deposit, for not less than one-hundredth, or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. If the allotment is not fully taken up, this deposit of one or two per centum will be forfeited, and if one or more Government Promissory Notes have been deposited, such note or notes will be appropriated by the Government and cancelled; otherwise, if the deposit is in cash, it will be treated as in part payment of the last instalment. A cash deposit may, after acceptance of the tender in support of which it is made, be replaced by a Government Promissory Note, as aforesaid.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

7. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms—as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders—will be rejected as null and void.

8. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, when the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

9. Tenders will be opened, publicly, at the Office of the Comptroller General in Calcutta, at noon on Monday the 25th July 1881: but the contents of the tenders will not be disclosed otherwise than as provided in clause 11.

10. Tenders at the recorded minimum rate, and at rates above the recorded minimum rate, will be accepted in the order of the rates tendered, beginning with the highest rate; the amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate, in proportion, as nearly as may be found convenient, to the amounts of their tenders.

11. As soon as possible after the 25th of July 1881, letters of allotment will be issued to those persons whose tenders are accepted in whole or in part, or to their agents; and an alphabetical list of the names of those to whom such letters of allotment are issued will be posted, for general information, at the Head Offices of the Banks of Bengal, Madras, and Bombay.

12. Payment of any accepted tender may be made to the account of the Government in the Head Office of one of the Banks of Bengal, Madras, or Bombay, or in any Branch of these Banks, or into any Public Treasury or Treasuries in India, which may be named in the tender.

13. Accepted tenders must be paid, in equal instalments, as follows:—

One-third on or before Monday, 8th August 1881,
" " Monday, 5th September 1881,
" " Monday, 26th September 1881;

but the whole or any part of any accepted tender may be paid at any time after receipt of the letter of allotment.

14. Interest upon each payment will be promptly paid in advance, at the rate of four per centum per annum, from the date of such payment to the last day of October 1881. In the case of Promissory Notes, at the option of the allottee and on his paying interest from the first day of May 1881, to date of payment, interest will run from the said first day of May.

15. Scrip receipts for instalments paid will be given by the Banks of Bengal, Madras, and Bombay, or their Branches, or by the Officers in charge of the Government Treasuries at which payment is made. These receipts will, as soon as possible, be exchanged for Promissory Notes or Couponed Certificates issued under this Notification.

* *It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.*

FORM *A* OF PROMISSORY NOTE.—(*See Clause 2.*)

FORT WILLIAM, THE 1ST OF MAY 1865.

Offg. Secretary to the Government of India.

NOTIFICATION BY COMPTROLLER GENERAL.

TENDERS FOR LOAN.

In order to secure the early return of deposits made with unaccepted tenders for the new Loan, the Comptroller General notifies the following arrangements:—

1. For all tenders presented to him in his office upon the last fixed day, or the two days preceding it, he will give the bearer a receipt bearing a number, and initialled by himself or an assistant specially deputed for the purpose.
2. The reverse of this receipt is a form in which the tenderer may give to the Comptroller General a receipt for the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General. The deposit will then be returned to the bearer, in exchange for the receipt.
3. Deposit upon tenders presented personally, as described in No. 1, above, will be returned only in this way, and will not be sent by post, or otherwise. Deposits upon other unsuccessful tenders will be returned by post, or by the hands of a clerk.
4. The Comptroller General requests that, in order to facilitate the business of his office, Tenderers will—
   (1) use the printed forms which will be available at his office and at the Currency Office, on application to the durwan on duty; and at the Bank of Bengal:
   (2) if they make more than one tender, put *each* in a separate closed cover:
   (3) if the deposit is in the form of promissory notes or of currency notes, quote their number in detail in the tender.

RESOLUTION.

In 1879, under the pressure of financial exigencies, it was determined that the work of two departments, the Home Department and the Revenue, Agriculture and Commerce Department, should be amalgamated (some of the duties of the latter being at the same time transferred to the Finance and Military Departments), and that the office of Secretary in the Revenue, Agriculture and Commerce Department should be abolished. This measure was not adopted without reluctance, as it was admitted that the system which had been in force since 1871 possessed many advantages.

2. The Famine Commission has now proposed the institution of an Agricultural Department in India. It lays stress upon the importance of rendering readily available the accumulated experience of past famines in different parts of India, and has urged that greater attention should be bestowed on the investigation of vital, economic and agricultural facts. Any effectual measures of agricultural and industrial development must, in the opinion of the Commission, tend at least to the mitigation of famines, both by promoting the increase of the food-supply amongst a growing population, and by directing industry into new and productive channels. Moreover, it is represented that the Government would obviously be strengthened, in its future dealings with scarcity, by a systematic classification of the experience gained in past calamities.

3. After careful consideration of the views put forward by the Famine Commission, the Governor General in Council came to the conclusion that full justice could not be done to the important interests which they advocate, and more particularly to the protection of the people from the effects of uncertain seasons, without some enlargement and reconstitution of the Department now charged with those duties. The experience of the last two years had shown that no additional work could be undertaken by the amalgamated Home, Revenue and Agricultural Department without imposing upon it an undue burden; and it therefore became necessary to devise some additional means for the conduct of business more immediately affecting agricultural improvements, the social and economical condition of the people, and the material resources of the country. It was accordingly determined to recommend to the Secretary of State the appointment of a new Secretary to the Government of India, to have direct and special charge of these branches of the administration; and His Lordship has now sanctioned this proposal.

4. It remains to decide what portions of the work at present performed by the amalgamated Department shall be entrusted for the future to the new Department, and what portions shall continue to be under the control of the Home Secretary. One of the most important objects of the new arrangements is to enable the Government of India to devote increased attention to the important subjects above mentioned; and it would, therefore, be inexpedient to make the new Department responsible for all the general and miscellaneous business which, for reasons of administrative convenience, was formerly conducted by the Revenue, Agriculture and Commerce Department. The new Department will, as a matter of course, control all operations for the relief of famine; but that part of its functions will be necessarily intermittent, and its main work will lie in the branches of the public administration which most closely affect agricultural development and the interests of the agricultural population. In making the following distribution of work, the Governor General in Council has, therefore, been influenced by the desire to free the new Department as much as possible from unnecessary calls upon its energies, in order to direct its efforts, so far as present circumstances admit, to the fulfilment of its most really essential duties.

5. Having regard to these considerations, the Governor General in Council is pleased to direct that all matters connected with the subjects noted below, so far as they affect the provinces of British India, shall come under the cognizance of the new Department, *viz.*:—

1. Land Revenue, including Settlements and Takávi Advances.
2. Surveys, including Geological Surveys, but excluding Archæological and Marine Surveys.
3. Agriculture and Horticulture, including Fibres and Silk, Fisheries, Cattle-breeding and Cattle-disease.
4. Minerals.
5. Meteorology.
6. Famine.

All matters relating to the undermentioned subjects shall be administered by the Home Department:—

1. Law and Justice.
2. Jails and the Penal Settlements in the Andaman and Nicobar Islands.
3. Escheats, and the administration of Estates of Intestates.
4. Police.
5. Education.
6. Examinations.
7. Industrial Arts, Museums and Exhibitions.
8. Sanitation.
9. The (Civil) Medical Service.
10. The Ecclesiastical Service.
11. Civil Service questions.
12. Registration of Assurances.
13. Patents.
14. The working of the Vagrancy Act.
15. The working of the Arms Act.
16. Copyright.
17. Archæological Surveys and Conservation of Ancient Monuments.
18. Municipalities and Local Funds.
19. Census.
20. Gazetteers.

6. As a temporary arrangement, the Home Department will also be charged with the superintendence of the Forest Department; and, subject to reconsideration, the Revenue and Agricultural Department will temporarily conduct the whole of the business of the Government of India connected with Emigration.

7. The Military and Finance Departments will continue to administer all matters connected with the branches allotted to them by the Home Department Resolutions Nos. 31—1104-1119, dated 14th June 1879, and Nos. 53—2046-2061, dated the 29th October 1879.

8. The new Department will be styled "The Revenue and Agricultural Department," and will be constituted with effect from the 6th July 1881. The officer to be placed in charge of it will have the position, and will exercise the duties, of a Secretary to the Government of India.

ORDER.—Ordered, that a copy of the foregoing Resolution be communicated to the several Departments of the Government of India, the Local Governments and Administrations, and the Officers named on the margin, for information and guidance.

Ordered also, that the Department of Finance be requested by a separate Office Memorandum to issue the necessary orders regarding the salary to be drawn by the Secretary in the new Department.

Foreign, Military, Finance, Public Works, and Legislative Departments; Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab; Chief Commissioners of the Central Provinces, British Burma, Coorg and Assam, and Resident at Hyderabad; Surveyor General of India; Superintendent of the Geological Survey of India; Director General of Post Offices in India; Superintendent of Port Blair and the Nicobars; Sanitary Commissioner with the Government of India; Surgeon-General with the Government of India; Registrar, High Court, Calcutta; Secretary, Board of Examiners; Registrar, Calcutta University; Bishop's Chaplain; Curator of Ancient Monuments; Director General, Archæological Survey of India; and Meteorological Reporter to the Government of India.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

1. In Financial despatch No. 46, dated 27th January 1881, the Right Honourable the Secretary of State communicated, with his orders, the report of a Committee appointed to enquire into the existing system of Military Accounts in India; and in paragraph 4 of that despatch it was stated that the Committee

further consider it necessary to define more clearly the duties of the Comptroller General and of the Military Accountant General, and they make certain specific recommendations, which are detailed in the 23rd paragraph of their report, and of which I approve.

2. The recommendation of the Committee regarding the relative positions of the Comptroller General and the departmental Account officers was as follows:—

That the respective duties of the Comptroller General and the Military Accountant General, and their official relations towards each other, be more clearly defined than they are at present. The Comptroller General should be the chief authority in all matters affecting the mode of keeping the public accounts, including those of the military and other spending departments. He should be held solely responsible for the general finance accounts, and should be the recognised channel for information in regard to the financial position as indicated by those accounts. He would therefore be answerable for watching the issues for military and all other services, and keeping the Government closely informed as to the actual progress of both revenue and expenditure. He should be required to send to the Military Accountant General monthly statements of the total issues from civil treasuries for military services, including all charges incurred and paid by the Civil Department for military purposes; and he should require from the Military Accountant General monthly statements exhibiting, on one side, the moneys received from civil treasuries and other military receipts, and, *per contra*, the amount of expenditure actually audited, and the sums remaining to be audited and accounted for. He should be empowered to call for any explanations which he may at any time consider necessary, especially in regard to outstanding or unsettled charges.

The Military Accountant General should occupy the position and exercise the authority of a Deputy Secretary for Finance in the Military Department, retaining his present duties, and being specially charged with the function of watching and reporting upon the current military expenditure; his responsibility for the due and proper conduct of the departmental audit of military expenditure and for the prompt adjustment of outstanding advances being assimilated to that which attaches to the Comptroller General in regard to the Civil Department. It would be necessary for him to keep such books as would enable him to consolidate the accounts of the Military Controllers, and to compare the expenditure as it proceeds (under the various heads and sub-heads) with the amounts of the sanctioned grants. He should require the several Controllers of Military Accounts to transmit to him immediately after the close of each month, or at such other periods as may be found convenient, statements of all military drawings of every kind upon civil treasuries in the period just ended, and such other financial returns as will ensure his being in a position at all times to advise the Government of the actual and anticipated progress of military expenditure. He should also require every military disbursing officer who now renders cash balance reports to forward direct to him monthly abstract statements of receipts and expenditure, and of the balances in hand at the commencement and close of the month. He should sign the separate accounts of audited military expenditure appended to the finance accounts, and be answerable for their accuracy.

3. In directing, in general terms, the adoption of this recommendation as defining the general functions of the Comptroller General and the Officers of the Military and other Account Departments, the Governor General in Council has resolved to place the Controllers of Military Accounts in immediate subordination, in all matters of account, to the Comptroller General.

4. According to the system of the Civil Account Department, the Accountant General (to whose position that of the Controller of Military Accounts corresponds) exercises his office in subordination to three different authorities:—

I.—To the Comptroller General, to whom his accounts are rendered; who also determines, under the general instructions of the Government, the form of the accounts, sees that as accounts they are properly kept and punctually rendered, and generally directs all questions of account procedure.

II.—To the Local Government, to whom the Accountant General is bound to give all the information arising out of his accounts, which is required for administrative purposes, and, in consultation with whom, the Accountant General must regulate the procedure of his own office in those matters in which it comes in contact with the Administrative Departments.

III.—To the Government of India in the Financial Department, in respect of all questions arising on audit, and of the administration of his own office.

5. In regard to the first of these matters, the Controllers of Military Accounts will have the same relation to the Comptroller General that the Civil Accountants General have. They will render their accounts to him, in such form as he may direct, and must be prepared to give any explanations which he may require. It will be the Comptroller General's duty to see that the accounts are punctually and properly prepared by the Controllers and rendered to him; and especially that they work up to, and fit in with, the accounts received by him in other departments. He will have the general direction of the detailed accounting work in respect of deposits, advances, and accounts with other departments. He will take measures (as in the case of Civil Accountants General) to satisfy himself that the work of audit and account is efficiently maintained, and is kept up to date, the responsibility for the manner in which the business of the different offices of military account is conducted resting however on the Accountant General, Military Department.

6. In the other two matters, the Controllers of Military Accounts will be directly subordinate to the Government of India in the Military Department, —rendering to that department such accounts and returns as it may desire, and referring to it, for orders, all matters which are not pure questions of account, or which affect officers or departments, not their own subordinates.

7. The Accountant General of the Military Department will be a Deputy Secretary in that Department, whose special function it will be to deal with all matters that arise in connection with Military Finance or with the Military Account Department. His duty will be to obtain the fullest information (from the Controllers especially, but from other officers also, for purposes of check or of early information) regarding military receipts or outgoings, and to record it in such form as may be best adapted for bringing out their effect and their results. It will be his duty, not only to keep the Government in the Military Department informed regarding receipts and expenditure, but to bring to its notice any point of administrative importance or interest which arises out of the information received by him. The Military estimates will also be in his special charge, both in respect of their original compilation and in the subsequent comparison with them of the actual progress of receipts and expenditure.

8. The above orders, relating to the Military Department, apply also to the Marine Department; and as regards the other departments (Public Works and Post Office), the present relation of the Accountant General of the Department Public Works and the Comptroller, Post Office, is nearly in conformity with that recommended by the India Office Committee. These two officers will render their accounts, as at present, to the Comptroller General; and while the Comptroller General will be responsible for compiling the general figures of them, and keeping the Government in the Finance Department generally informed regarding the receipts and expenditure on Military Account, it will be for the departmental Account officers to maintain the more detailed accounts and statements necessary for the information of the Government and the effective financial control of their departments.

9. No alteration will be made in the system by which the Accountant General, Department Public Works, receives and compiles the accounts of the Examiners of Public Works Accounts, and maintains the general accounts of the Public Works Department.

10. The offices and accounts of the Controllers of Military Accounts, of the Examiners of Public Works Accounts, and of the Comptroller to the Post Office, will be open to the inspection of the Comptroller General, and his inspecting officers; but in the case of the Examiners of Public Works Accounts, any instructions arising out of the inspections will be communicated through, and in consultation with, the Accountant General of the Department Public Works, who will continue to be immediately responsible for the proper working of the Examiners' offices.

ORDERED, that this Resolution be communicated to the Military and Public Works Departments for information and for the issue of further necessary orders, and to the Comptroller General for information and guidance.

Ordered also, that this Resolution be published in the *Gazette of India*.

No. 1908.—Under the provisions of Section 63 of the Indian Post Office Act, 1866, the Governor General in Council is pleased to prohibit the transmission by post into British Burma of ganja, bhang, sidhee, or other preparations of hemp.

Persons transgressing the above rule are liable to the penalties provided by the Sea Customs Act 1878, and any cover sent by the post which may be suspected to contain ganja, bhang, sidhee, or other similar preparations of hemp will be dealt with under the provisions of Section 60 of the Post Office Act, the cover and its contents, if found to contain such preparations of hemp, being made over to the nearest excise officer for the adoption of such ulterior proceedings as may be deemed proper.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again—

Resolution in this Department, No. 953, dated the 10th June 1881, prescribing that articles of other than Indian origin or manufacture required for the public service must be obtained through the agency of the India Office, but that endeavours should be made to substitute for such articles, wherever feasible, articles of Indian production and manufacture.

Read also—

Letter from the Government of Bengal, No. 33, dated 4th April 1881, stating that tenders for the local supply of stationery for 1882-83 had been called for, and that it was not intended to prepare an indent for transmission to the Secretary of State.

Telegram to the Government of Bengal, No. 71, dated the 14th April 1881, directing that the notice calling for tenders should be cancelled and the indent prepared and submitted without delay.

Letter from the Government of Bengal, No. 58, dated the 18th June 1881, forwarding, for transmission to the Secretary of State, an indent for stationery and paper required for the year 1882-83.

RESOLUTION.—In consequence of a misapprehension of the orders on the subject of the supply of stores from England for the public service, the stationery required for the Bengal Presidency for 1880-81 and 1881-82 was obtained from local contractors, and the Government of Bengal had sanctioned the continuance of the system for 1882-83, when the Government of India intervened and directed a return to the system of obtaining imported articles through the India Office.

2. The Government of Bengal has now submitted the indent as required, and it has been forwarded to the Secretary of State for compliance, with the exception of the items noted below which have been struck out of the list, as the Governor General in Council has assured himself that the articles they comprise are now manufactured in India, and has decided that in all cases where Indian manufactures can be obtained as good in quality as imported articles and no dearer in price, they shall be substituted for them.

(1) *Parallel rulers.*—These are made at the Government Workshops and Foundry, Roorkee, and there is no doubt that they can also be made at other similar private establishments in India, *e.g.*, Messrs. Apcar & Co. and Messrs. Jessop & Co., Calcutta; Messrs. Fraser and Miller and Messrs. Richardson and Cruddas, Bombay; perhaps also at the workshops of the Government Dockyards. There can be no difficulty in obtaining them of Indian manufacture.

(2) *Japanned tin boxes for colours (empty).*—Articles of tinned ware are commonly made in the Indian bazaars, and the industry is extensive. It is desirable that tin-workers should be encouraged to produce such articles.

(3) *Red tape (cotton), ½″ and ¼″ wide and 7 yards long.*—The local Government should call for tenders from the cotton mills in Bombay, Cawnpore and Calcutta for the supply of this article of local mill manufacture.

(4) *Round rulers*
(5) *Flat rulers* } .—Both these articles should be made locally. The wood from which they are made in England is largely Indian wood. Native or European carpenters and cabinet-makers should be invited in Bombay, Madras and Calcutta to tender for their manufacture of sissoo wood or Bombay blackwood.

(6) *Plain ink glasses, with plated tops*
(7) *Plain ink glasses, with screw-off tops* } .—The Governor General in Council understands that glass workers in Calcutta and elsewhere can produce the kind of glasses required, and that the manufacture of the article is also being carried on at Lahore. The tops can be made by metal-workers in the bazaars.

(8) *Pasteboards*
(9) *Strawboards* } .—These two articles should be obtained from the local paper mills, either those at Bally or Girgaum (Bombay), or elsewhere, according to convenience of supply and distribution, and tenders should be invited.

(10) *Slices or paper-cutters (ivory).*—The manufacture of ivory-ware is such an extensive industry in India that it is unnecessary to resort to the English market for these articles. Workers in ivory in Bengal, Madras (Vizagapatam) and Bombay should be invited to tender for the supply of paper slices, and also for that of ivory penholders, only the metal portion attached to these latter being if necessary obtained from England.

(11) ***Envelope stands of fancy wood with compartments of sizes.*—These can be made in Calcutta and other towns by Native or European cabinet-makers** or joiners.

(12) *Pink and white blotting paper.*—The remarks made on Nos. 9 and 10 apply to this article.

(13) *White tape (cotton), ⅜″ wide.*—The remarks made with reference to red tape (No. 4) apply to this article also.

(14) *Brass note-book clasps.*—There seems no reason to doubt that native metal-workers in Bengal, the North-Western Provinces and elsewhere can make these clasps in strict accordance with the samples which accompanied the letter from the Government of Bengal. Ordinary brass work of this kind should always be procured of native manufacture.

(15) ***Bookbinders' tools, viz., scratchers, paper knives and plough knives.*—It has been ascertained that these articles are commonly made at the Roorkee Workshops, and no doubt they can be made on demand at other similar establishments.**

(16) *Machine blanketing (for printing work).*—The Manager of the Cawnpore Woollen Mills has stated his readiness to produce this article according to sample. It should be ascertained whether any other Woollen Mills, *e.g.*, the Elgin or Muir Mills, Cawnpore, or the Bangalore Woollen Mills, would be able and willing to make similar articles.

3. In all cases where native workers in the bazaar are employed, it is desirable that if the work is to be done elsewhere than in Calcutta, the arrangements should be made through the district authorities, who will generally be in a position to secure better rates and workmanship than if the artisans were employed direct or through other agency.

4. The Governor General in Council requests that the Government of Bengal will give the instructions necessary for carrying into effect the wishes of the Government of India as expressed above in regard to the articles named. The Government of India further particularly desires that no articles for the stationery stores may in future be indented for from Europe which can be procured of local manufacture, and His Excellency in Council looks to the local Government carefully to strike out of indents passing through its hands all items which may be found on consideration capable of manufacture in India. Careful enquiries should be made in regard to all such articles, and not until it is satisfactorily shown that local manufactures cannot compete with the imported articles should such indents be accepted.

5. It is not desired that in regard to the articles specified above or any others, the local Government should confine its orders to any particular firm

or locality herein named. Further enquiry may elicit the fact that similar manufactures are carried on in other localities under more favourable conditions. As a rule, the best course to adopt will be to ascertain where certain articles can be, or are, made, and then to call for tenders from all the ascertained localities.

6. The principles enunciated above apply to paper equally with other articles of stationery, and should be carried out as far as practicable. The Indian Paper Mills are not at present of a nature to permit of the manufacture of the superior qualities of paper; but His Excellency the Governor General in Council expects shortly to be able to notify for general information the quantities of such paper which have usually been obtained from England, with the prices paid, and will be prepared to enter into engagements, for its supply to Government for a term of years, with any private parties or companies who may give satisfactory guarantees of their ability to manufacture it in India, at a cost not exceeding that hitherto paid.

7. These remarks will be communicated to all other local Governments and Administrations, who will be required to act on them in regard to future supplies of stationery, and to apply them also to indents for stores in all other Departments.

ORDERED, that the foregoing Resolution be communicated to the Government of Bengal for information and guidance.

Also, to the local Governments and Administrations noted in the margin for information and guidance. **The Governments of Madras and Bombay are requested to arrange that no future indents for stationery from those provinces shall contain the articles specified above, or any others which may be procured of Indian manufacture.**

No. 1924.—The following Rules made by the Governor General in Council, in exercise of the powers conferred by the Inland Customs Act, 1875, extended to the Province of Sind by Notification No. 262, dated the 28th December 1877, are published under Section 30 of the Act, in continuation of the Rules published with Notification No. 244 of 7th August 1878:—

CHAPTER V.

Of the manufacture of salt on behalf of Government.

41. The manufacture of salt within the limits of the Moach Salt Works, or of any other local area to which the local Government may extend these Rules, are prohibited, except under the conditions hereinafter prescribed.

Manufacture prohibited, except on conditions.

42. Any person wishing to manufacture salt within such limits may apply for a license to the Collector, who may grant or refuse the application, and whose order thereon shall be final.

Application for license to manufacture salt.

43. The license shall be in the form given in Schedule A hereto annexed, and shall be signed and issued by the Collector.

Form of license.

44. Licenses may be cancelled by the Collector giving one month's notice or on the application of the licensee: provided that no notice shall be necessary when the license is cancelled by any breach of its conditions.

Licenses may be cancelled.

45. The manufacture of salt and the storage of the salt manufactured shall be carried on in conformity with the conditions of the license and under the supervision of the salt establishment.

Manufacture and storage of salt to be carried on in conformity with conditions of license.

46. The area defined for the purpose of Section 10, clause (*e*), of the Inland Customs Act, 1875, round the place of manufacture and of storage at the Moach Salt Works shall extend to and include the wall and ditch surrounding the said works.

Limits of the place of manufacture and storage at the Moach Salt Works.

47. No salt shall be removed for consumption from the place of manufacture or of storage-unless covered by a permit certifying that the price fixed by the Commissioner, with the sanction of the Governor of Bombay in Council, has been paid on it.

Issue of permit previous to removal of salt.

48. Any person wishing to purchase salt from the Moach Salt Works shall first pay the price into such Government Treasury as the Commissioner may from time to time appoint, and shall receive in return a dakhila, or receipt.

Issue of dakhila, or receipt, to purchaser of salt.

49. He shall present the dakhila, or receipt, with a written application, or durkhast, to the officer in charge of the Moach Salt Works, who shall thereupon grant a permit signed by himself and sealed in his presence.

Grant of permit.

50. The permit shall be current and valid for such period as the Commissioner may, under Rule 40 of the Rules of the 7th August 1878, from time to time prescribe.

Period of currency of permit.

51. When a permit is lost or destroyed, the person to whom it was granted may make application for a duplicate to the Collector, who may grant the same on payment of a fee not exceeding the price paid for the original permit, or, if such price be less than ten rupees, then on payment of ten rupees.

Grant of duplicates of lost permits on payment of fee.

An appeal from an order to pay such fee shall lie to the Commissioner, whose orders thereon shall be final. Fees levied under this Rule shall be retained and credited to Government.

Appeal from an order to pay such fee to lie to Commissioner.

52. When a purchaser clears salt from the Moach Salt Works, he shall remove it on the day on which the salt is delivered to him to a distance of at least one mile from the works, unless, for sufficient reason, the officer in charge of the works allows him, by order endorsed on the permit, to keep it within a shorter distance.

Removal of salt delivered to purchaser.

CHAPTER VI.

Of the possession and sale of salt in the vicinity of Moach Salt Works.

53. The area defined for the purposes of Section 10, clause (*f*), of the Inland Customs Act, 1875, round the Moach Salt Works shall extend to a distance of 10 miles from the boundary of the said works on all sides: provided that the town and cantonment of Karachi, together with the suburbs of Keamari and Manora, shall be excluded from such area.

Protected area.

54. The area defined in Rule 53 shall be called a "protected area," and the provisions of Sections 15, 26, 27, 28, 29, 30, 31, and 32 of Chapter II of the Rules of the 7th August 1878 shall apply to the possession and sale of salt within such area.

Possession and sale of salt within such area.

55. With the exception of Rule 40 of the Rules of the 7th August 1878, and the Rules specified in Rule 54, the Rules of the 7th August 1878 shall not apply to the manufacture, sale, or storage of salt or to any other matter provided for by these Rules.

Rules of 7th August 1878 not to apply to the Moach Works, with certain exceptions.

SCHEDULE A.—[*See Rule 43.*]

Form of license to manufacture salt on behalf of Government.

License to manufacture salt at the Government Salt Works, Moach, in the district of Karachi is hereby granted to (*here give name*) in the holding No. under the following conditions, the infraction of any of which shall involve penalties under Act VIII of 1875 and the cancellation of this license:—

1st.—That the rules prescribed by the Governor General in Council under the said Act, and any subsidiary rules or departmental orders that may be issued by the Commissioner, shall be strictly observed by the licensee and his servants.

2nd.—That none but good salt, according to the judgment of the officer in charge of the works, shall be manufactured. All inferior salt shall be thrown back into the brine pits for redissolution, or be otherwise destroyed in the presence of the officer in charge of the works.

3rd.—That the licensee shall deliver all such salt as he shall make, and as shall be passed by the officer in charge of the works, to Government, receiving the value thereof, less a deduction for wastage according to a fixed scale at such fixed rate per maund, as may be determined from time to time by the Commissioner.

4th.—That a penalty of Rs. 6 per maund shall be paid by the licensee for all salt stolen or made away with either from the place of manufacture or storage, whether with or without his knowledge, and that until such penalty shall have been paid, the licensee shall not be allowed to manufacture any salt.

5th.—That salt shall be manufactured and stored at no places other than those hereinafter designated without the consent in writing of the Collector (*here describe the places of manufacture and storage*).

6th.—That the licensee shall keep his pan or holding fully worked at all times, except at such times as a penalty incurred under the fourth condition of this license remains unpaid; and, on his failing to do so, that the officer in charge of the works may work the same at the licensee's expense, recovering the cost thereof from any moneys belonging to the licensee which may be at the time in, or may hereafter come into, the hands of Government.

This license shall have effect from the date hereof until the (*here mention date*), or until cancelled.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 29th July, 1881.

No. 22.—The following Statutes are published for general information:—

44 & 45 VIC., CAP. 3.

An Act to further improve the Administration of Justice in the Judicial Committee of the Privy Council.

[*17th February 1881.*]

Whereas it is expedient that further provision should be made for the administration of justice in the Judicial Committee of the Privy Council:

Be it therefore enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

Lords Justices of Appeal to be members of Judicial Committee.

1. Every person holding or who has held in England the office of a Lord Justice of Appeal shall, if a member of Her Majesty's Privy Council in England, be a member of the Judicial Committee of the Privy Council.

Short title.

2. This Act may be cited as the Judicial Committee Act, 1881.

44 & 45 VIC., CAP. 9.

An Act to provide during twelve months for the Discipline and Regulation of the Army.

[*8th April 1881.*]

Whereas the raising or keeping a standing army within the United Kingdom of Great Britain and Ireland in time of peace, unless it be with the consent of Parliament, is against law:

And whereas it is adjudged necessary by Her Majesty, and this present Parliament, that a body of forces should be continued for the safety of the United Kingdom, and the defence of the possessions of Her Majesty's Crown, and that the whole number of such forces should consist of one hundred and thirty-four thousand and sixty men, including those to be employed at the depôts in the United Kingdom of Great Britain and Ireland for the training of recruits for service at home and abroad, but exclusive of the numbers actually serving within Her Majesty's Indian possessions:

And whereas it is also judged necessary for the safety of the United Kingdom, and the defence of the possessions of this realm, that a body of Royal Marine forces should be employed in Her Majesty's fleet and naval service, under the direction of the Lord High Admiral of the United Kingdom, or the Commissioners for executing the office of Lord High Admiral aforesaid:

And whereas the said marine forces may frequently be quartered or be on shore, or sent to do duty or be on board transport ships or merchant ships or vessels, or ships or vessels of Her Majesty, or other ships or vessels, or they may be under other circumstances in which they will not be subject to the laws relating to the Government of Her Majesty's forces by sea:

And whereas no man can be forejudged of life or limb, or subjected in time of peace to any kind of punishment within this realm by martial law, or in any other manner than by the judgment of his peers, and according to the known and established laws of this realm; yet nevertheless it being requisite, for the retaining all the beforementioned forces, and other persons subject to military law, in their duty, that an exact discipline be observed, and that persons belonging to the said forces who mutiny or stir up sedition, or desert Her Majesty's service, or are guilty of crimes and offences to the prejudice of good order and military discipline, be brought to a more exemplary and speedy punishment than the usual forms of the law will allow:

And whereas the Army Discipline and Regulation Act, 1879, will expire—

(*a*) in the United Kingdom, the Channel Islands, and the Isle of Man, on the thirtieth day of April one thousand eight hundred and eighty-one; and

(*b*) elsewhere in Europe, inclusive of Malta, also in the West Indies and America, on the thirty-first day of July one thousand eight hundred and eighty-one; and

(*c*) elsewhere, whether within or without Her Majesty's dominions, on the thirty-first day of December one thousand eight hundred and eighty-one:

Be it therefore enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows:

Short title.

1. This Act may be cited as the Army Discipline and Regulation (Annual) Act, 1881.

Army Discipline and Regulation Act (42 & 43 Vic., c. 33) to be in force for specified times.

2. The Army Discipline and Regulation Act, 1879, shall be and remain in force during the periods hereinafter mentioned, and no longer, unless otherwise provided by Parliament; that is to say,

(1) within the United Kingdom, the Channel Islands, and the Isle of Man, from the thirtieth day of April one thousand eight hundred and eighty-one to the thirtieth day of April one thousand eight hundred and eighty-two, both inclusive; and

(2) elsewhere in Europe, inclusive of Malta, also in the West Indies and America, from the thirty-first day of July one thousand eight hundred and eighty-one to the thirty-first day of July one thousand eight hundred and eighty-two, both inclusive; and

(3) elsewhere, whether within or without Her Majesty's dominions, from the thirty-first day of December one thousand eight hundred and eighty-one to the thirty-first day of December one thousand eight hundred and eighty-two, both inclusive;

and the day from which the Army Discipline and Regulation Act, 1879, is continued in any place by this Act is in relation to that place referred to in this Act as the commencement of this Act.

The Army Discipline and Regulation Act, 1879, while in force shall apply to persons subject to military law, whether within or without Her Majesty's dominions.

A person subject to military law shall not be exempted from the provisions of the Army Discipline and Regulation Act, 1879, by reason only that the number of the forces for the time being in the service of Her Majesty, exclusive of the marine forces, is either greater or less than the number hereinbefore mentioned.

Prices in respect of billeting.

3. There shall be paid to the keeper of a victualling house for the accommodation provided by him in pursuance of the Army Discipline and Regulation Act, 1879, the prices specified in the schedule to this Act.

AMENDMENTS OF ARMY DISCIPLINE AND REGULATION ACT, 1879.

Summary punishment.

4. (1) On and after the commencement of this Act, where a soldier on active service is guilty of an aggravated offence of drunkenness, or of an offence of disgraceful conduct, or of any offence punishable with death or penal servitude, it shall be lawful for a court-martial to award for that offence such summary punishment other than flogging as may be directed by rules to be made from time to time by one of Her Majesty's Principal Secretaries of State; and such summary punishment shall be of the character of personal restraint or of hard labour, but shall not be of a nature to cause injury to life or limb, and shall not be inflicted where the confirming officer is of opinion that imprisonment can with due regard to the public service be carried into execution.

(2) The said summary punishment shall not be inflicted upon a non-commissioned officer, or upon a reduced non-commissioned officer, for any offence committed while holding the rank of non-commissioned officer.

(3) "An aggravated offence of drunkenness" for the purposes of this section means drunkenness committed on the march or otherwise on duty, or after the offender was warned for duty, or when by reason of the drunkenness the offender was found unfit for duty; and notwithstanding anything contained in the Army Discipline and Regulation Act, 1879, it shall not be incumbent on the commanding officer to deal summarily with such aggravated offence of drunkenness.

(4) "An offence of disgraceful conduct" for the purposes of this section means any offence specified in section eighteen of the Army Discipline and Regulation Act, 1879.

(5) For the purpose of commutation of punishment the summary punishment abovementioned shall be deemed to stand in the scale of punishments next below penal servitude.

(6) Any punishment which may, in pursuance of the Army Discipline and Regulation Act, 1879, be awarded in addition to imprisonment, may also be awarded in addition to a summary punishment under this section.

Summary court-martial.

5. (1) Where a person subject to military law and being on active service with any body of forces is charged, on and after the commencement of this Act, with an offence against the Army Discipline and Regulation Act, 1879, a summary court-martial may be convened and shall have jurisdiction to try such offence, if the officer convening the Court is of opinion that an ordinary court-martial cannot, having due regard to the public service, be convened to try such offence.

(2) A summary court-martial shall be convened and constituted, and the members and witnesses sworn, and its proceedings conducted, and its finding and sentence confirmed in such manner as may be provided by this section and rules from time to time made in pursuance of the Army Discipline and Regulation Act, 1879, as amended by this Act; and sections fifty to fifty-four (both inclusive) of that Act shall not apply to such court-martial: provided that—

(*a*) A summary court-martial shall consist of not less than three officers, unless the officer convening the same is of opinion that three officers are not available, having due regard to the public service, in which case the court-martial may consist of two officers; and

(*b*) Where a summary court-martial consists of less than three officers, the sentence shall not exceed such summary punishment as is allowed by this Act, or imprisonment; and

(*c*) A sentence of death or penal servitude awarded by a summary court-martial shall not be carried into effect unless and until it has been confirmed by the general or field officer commanding the force with which the prisoner is present at the date of his sentence.

Abolition of corporal punishment.

6. On and after the commencement of this Act, there shall be repealed so much of the Army Discipline and Regulation Act, 1879, as prescribes corporal punishment for offences committed by persons subject to military law and convicted of such offences by court-martial; also so much of section seventy-two of the said Act as relates to field general courts-martial, without prejudice to anything done or suffered in pursuance of the said section, and the finding and sentence of any such court held before the commencement of this Act may be confirmed and carried into effect after such commencement.

Rules made in pursuance of this Act to be laid before Parliament.

7. All rules made in pursuance of this Act shall be laid before Parliament as soon as practicable after they are made, if Parliament be then sitting, and if Parliament be not then sitting, as soon as practicable after the beginning of the then next session of Parliament.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read the following papers regarding the supply of stores required for the public service:—

Financial Resolution No. 3574, dated 3rd November 1880.
" " " 953, " 10th June 1881.
" Circular " 220, " 28th April "
" " " 621, " 14th May "

Read also the following letters from the Chief Commissioner, Central Provinces :—

No. 1680—94, dated 12th May 1881.
„ 2412—125, „ 1st July „

RESOLUTION.—It appears that for the public service in the Central Provinces no European stores were indented for from England during the last two years, the articles required having been procured locally. In future the orders contained in the Resolution of the 10th ultimo cited above should be carried out in the Central Provinces as elsewhere.

2. In pursuance of the policy of the Government of India that it is expedient to encourage Indian industries, the Governor General in Council is pleased to direct that the following articles shall in future be procured of *bonâ fide* Indian manufacture wherever possible, and when they can be supplied at rates not higher than imported goods of the same quality can be obtained.

3. *Pasteboards.*—Over Rs. 1,000 worth was bought during the last two years. These should be obtained either from the Girgaum (Bombay) or the Bally Paper Mills, or elsewhere, according to cheapness and convenience of supply.

4. *Turkey Red Cloth.*—Over Rs. 13,000 worth was bought during the last two years, and there is a large yearly demand for this cloth in the Central Provinces and in other local Administrations. It is understood to be largely used for turbans for the Police. There will probably be no difficulty in having the cloth woven in the Indian mills, and dyed either with imported madder or with Indian dye-stuffs, such as ál (*Morinda tinctoria* and *M. citrifolia*), which is common over Northern India. Should difficulties in obtaining a suitable red present themselves at the outset, the Indian dyes of other colours are excellent and equally suitable for the purposes of Government. The Chief Commissioner should give public notice of his requirements in respect of this cloth and of the price hitherto paid for it, and invite tenders for their supply within those limits for a term of years not exceeding five.

His Excellency the Governor General in Council desires that a similar course may be followed by all Local Governments and Administrations requiring cloth, and that the purchase of the imported article may be henceforward discontinued.

5. *Brass rules for printing; Iron tanks and pipes.*—These can be made by local manufacturers in Bombay and elsewhere, and should be obtained, whenever required, by private reference or public tender.

6. *Spirits of wine and rum.*—These are largely manufactured of good quality in India, *e.g.*, at the distilleries at Shajahanpur, Simla, Cossipur (Calcutta), and Aska (Ganjam), and should not henceforward be indented for from England or purchased of English manufacture in the local market.

ORDERED, that the foregoing Resolution be communicated to the Chief Commissioner, Central Provinces, and to the other local Governments and Administrations for information and guidance, with the request that the instructions here given may be carefully carried out.

Ordered also, that the Resolution be published in the *Gazette of India*.

No. 2092.—In exercise of the powers conferred by Section 35 of the Court Fees Act, VII of 1870, the Governor General in Council has remitted the fees payable in respect of the documents specified in the first or second schedule to the said Court Fees Act annexed in the case of suits for the redemption of mortgaged property when the plaintiff, or, where there are several plaintiffs, any one of the plaintiffs, is an agriculturist, and when such suits are instituted within the districts of the Bombay Presidency in which the Dekkhan Agriculturists Relief Act is in force.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 10th August, 1881.

No. 23.—Whereas the Secretary of State for India has, by Resolution in Council, declared the provisions of the Statute 33 Vic., cap. 3, section 1, to be, from and after the 1st October, 1877, applicable to the territories forming the Chief Commissionership of Coorg;

And whereas the Chief Commissioner of Coorg has proposed to the Governor General in Council a draft of the following Regulation, together with the reasons for proposing the same;

And whereas the Governor General in Council has taken such draft and reasons into consideration, and has approved of such draft, and the same has received the Governor General's assent;

In pursuance of the direction contained in the said section, the said Regulation is now published in the *Gazette of India*.

REGULATION No. I of 1881.

A Regulation to repeal Madras Acts No. I of 1863 and No. I of 1873 within the limits of the Province of Coorg.

Preamble.

Whereas Madras Act No. I of 1863 (*to enable Subordinate Magistrates of the Second Class to take cognizance of offences under Section 174 of the Indian Penal Code*) and Madras Act No. I of 1873 (*to prevent the indiscriminate destruction of wild Elephants*) were, on the 22nd day of September, 1865, and the 22nd day of February, 1875, respectively, extended to the Province of Coorg;

And whereas the provisions of the said Acts have been superseded within the limits of the said Province by the Code of Criminal Procedure and the Elephants Preservation Act, 1879, respectively;

And it is therefore expedient to repeal the said Madras Acts No. I of 1863 and No. I of 1873 within such limits;

It is hereby enacted as follows:—

Madras Acts I of 1863 and I of 1873 repealed.

1. The said Madras Acts No. I of 1863 and No. I of 1873 are hereby repealed within the limits of the Province of Coorg.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

RESOLUTION.—It appears that for the Police Department in British Burma the following stores were procured, *viz.*,—

			Rs.
Blue serge, 3,500 yards, at an aggregate cost of		...	44,050
" drill, 3,500 " " "		...	13,355
Turkey-red for turbans, 567 pieces, at an aggregate cost of		...	2,348

Bull's-eye lanterns	100 " " " "	...	520
Cotton putsoes	5,150 " " " "	...	10,430

The Governor General in Council observes that, excepting bull's-eye lanterns, the articles enumerated above can be procured of Indian manufacture. In accordance with the principle declared in the Resolution of the 10th June 1881, that it is proper to substitute goods of local manufacture for imported articles whenever this can be done with due regard to cost and quality, His Excellency in Council directs that in future the articles mentioned shall not be obtained from England, if they can be obtained of Indian manufacture as good for the purposes required and as cheaply as imported articles.

2. Serge of excellent quality is now being manufactured by the Cawnpore Woollen Mills Company, and probably is or shortly will be so elsewhere. Drill also of excellent quality is made by the Elgin Mills and the Muir Mills, Cawnpore. For these articles as well as for the other cotton goods specified, tenders should be invited from those mills as well as from the mills in the Bombay Presidency and elsewhere. In regard to Turkey-red cloth, the Chief Commissioner's attention is invited to the remarks in paragraph 4 of the Resolution No. 2070 of the Government of India, Department of Finance, published in the *Gazette of India* of the 29th ultimo. Those remarks should be acted on in British Burma, as elsewhere.

3. Silk goods should be obtained either of hand-loom weaving, which is common in Burma as well as in Bengal and other parts of the Indian continent, or from the silk mills in Bombay.

4. Ball bags (presumably of leather) should be made at Cawnpore* or Delhi, Calcutta, or any other place where leather work is carried on extensively.

* Messrs. Tuck, Harvey & Co.
Messrs. Foy Brothers.

5. Handcuffs, if they cannot be made in Burma, should be made at one of the iron works in Calcutta, *e.g.*, Messrs. Jessop & Co., Burn & Co., Apcar & Co., Marillier and Edwards, or at Bombay (Richardson and Cruddas, or Fraser and Miller).

ORDERED, that the foregoing Resolution be communicated to the Chief Commissioner of British Burma, and to the other Local Governments and Administrations for information and guidance.

Ordered also, that the Resolution be published in the *Gazette of India*.

No. 2302.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read—

Letter from the Superintendent of Government Printing, No. 224P., dated 30th June 1881, forwarding indents (thirteen in number) for stores required for the Government Central Press.

RESOLUTION.—The Governor General in Council directs that the indents be forwarded to the Secretary of State for compliance, except as regards the undermentioned articles, which have been struck out of the indents:—

Brass rules of sizes—2 feet long, 72 pieces; other sorts, gross 135.
Brass centre pieces—12 pieces.
Stereotype picker's tools—6 sets.
Iron side sticks—65 pica ems long, 2 dozen.
Four royal imposing iron slabs—8 feet by 2 feet 7 inches, 10 in number.
Block tin—10 cwt.

2. It is unnecessary to indent on England for block tin, which is far more largely imported into India from the Straits than from England. Thus last year the imports from the Straits were 29,489 cwt. against only 230 cwt. from England. It is evident that this is because Straits tin can be laid down in India more conveniently and cheaply than tin from England. As the article is always on hand, and commonly obtainable in the Calcutta market, arrangements should be made to supply the requirements of the Press, firsthand, from an importing firm in Calcutta when prices are favourable. The Superintendent of Government Printing can ascertain from the Custom-house who are large importers of tin.

3. The other articles mentioned have been struck out of the indents, because, although they are not now, in the absence of demand, manufactured in the country, it is certain that they are easily capable of being so produced if manufacturers can be assured that a large and constant demand for the articles will arise. As articles such as these are in regular request year after year for all the Government printing establishments in India, the quantities required by the State alone may be sufficient to induce local manufacturers to undertake the business of supplying them. The Superintendent of Government Printing should, therefore, enquire carefully and ascertain the names of manufacturers who would undertake such work, with the knowledge that Government would prefer to supply all its requirements from Indian made goods if they can be made as cheaply and as good for the purposes for which they are required as imported goods of the same class.

4. The wooden frames required for iron imposing slabs should be made by carpenters on the spot.

5. Iron foot-sticks, wood-bearers and machine calico, having been required in small quantities as samples only, have been allowed to stand in the indent; but in future they should not be imported but made locally.

ORDERED, that the foregoing Resolution be communicated to the Superintendent of Government Printing and to all Local Governments and Administrations.

Ordered also, that it be published in the *Gazette of India*.

No. 2341.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again the following papers regarding the supply of stores required for the public service:—

Financial Resolution No. 3574, dated 3rd November 1880.
" " " 953 " 10th June 1881.
" Circular " 220 " 28th April "
" " " 621 " 14th May "

Read also the following letters from the Resident at Hyderabad, forwarding returns showing the European stores procured during the last two years:—

Letter No. 216, dated 23rd June 1881.
" " 281 " 22nd July "

RESOLUTION.—In accordance with the declared policy of the Government that for European stores articles of Indian manufacture shall be substituted wherever it is possible to do so with due regard to price and quality, the Governor General in Council directs that in the Hyderabad Assigned Districts, as in every other place, the undermentioned articles shall in future be procured of Indian manufacture, if they can be obtained as good as and no dearer, allowing for freight and other charges, than imported articles, *viz.*,—

American drill, dark-blue.—6,392½ yards were purchased in 1879-80 at a total cost of Rs. 2,344-5-10. This fabric is made of good quality at—
the Central India Spinning, Weaving and Manufacturing Company, Limited, Nagpur;
the Muir Mills, Cawnpore;
the Elgin Mills, Cawnpore;
the Ahmedabad Cotton Mills, Bombay;
the Sassoon Spinning and Weaving Mills Company, Limited, Bombay;
the Cawnpore Mills;
and perhaps others will be able to supply it dyed.

Glue pot, with copper kettle and stirrer.—One was purchased at £1-15.
Pressing boards.—4 at 18*s.* 6*d.* each.
Iron shooting sticks.—6 at 3*d.* each.
Inkstands.—16 for Rs. 12-0-3.
Rulers.—6 for Rs. 3.
File boards.—100 for Rs. 87-8.

In future all these articles should be procured of local manufacture.

Blankets.—10 pieces were procured at 12*s.* 6*d.* each. Endeavours should be made to obtain these of the quality required from the Woollen Mills at Cawnpore or Bangalore.

Blotting paper.—8 quires 15 sheets for Rs. 11-10-11.
Cartridge paper.—6¼ quires for Rs. 32-3-5.

These articles should be obtained from the Paper Mills at Bally near Calcutta and at Girgaum in Bombay.

Scissors.—13 scissors were obtained for Rs. 7-11-5.
Patent lock.—1 was purchased for Rs. 1-11-4.
The Postal Workshop, Aligarh, North-Western Provinces, can manufacture scissors and padlocks of any quality and description, and probably other similar establishments owned by private firms can do so too.

ORDERED, that the foregoing Resolution be communicated to the Resident at Hyderabad and to the other Local Governments and Administrations for information and guidance.

Ordered also, that it be published in the *Gazette of India*.

No. 66.—The following agreement, entered into between the Bombay Tramway Company, Limited, and the Secretary of State for India in Council under the provisions of Section 49 of Act X of 1870, for the acquisition of certain land required at Pydhowni in the city of Bombay for tramway purposes, is published for general information under Section 50 of the Act:—

AN AGREEMENT made this twenty-sixth day of July one thousand eight hundred and eighty-one between The Secretary of State for India in Council of the one part and The Bombay Tramway Company Limited a Company registered in Bombay under the provisions of the Indian Companies

Act 1866 (hereinafter called the said Company) of the other part Whereas the said Company being desirous to acquire for its purposes the land described in the Schedule hereto annexed lately requested the Local Government of Bombay to put in force the provisions of Section six to Section forty-five of the Land Acquisition Act 1870 in order to acquire the said land for the said Company And whereas the said Government appointed the Collector of Bombay to make enquiry at his office in Bombay on the eighteenth day of July one thousand eight hundred and eighty-one whether such acquisition is needed for the construction of some work and whether such work is likely to prove useful to the public And whereas the said Collector has reported to the said Government the result of the said enquiry and the said Government is satisfied that the proposed acquisition is needed for the construction of a work (namely the extension of a certain existing tramway of the said Company from Parell Road at Pydhowni in the city of Bombay so as to effect its junction with a new Tramway of the said Company now in course of construction from Parell Road Pydhowni aforesaid to and along Grant Road in the city of Bombay aforesaid) and that such work is likely to prove useful to the public and has required the said Company to enter into this present agreement Now these presents witness that the parties hereto mutually agree together as follows :—

First.—As soon as the said land has been acquired by Government under the said Act the said Company shall pay to Government the costs of Government or the said Collector of and incidental to the said acquisition.

Second.—On payment of such costs the said Secretary of State in Council shall transfer the said land to the said Company at their expense subject nevertheless to the provisions of Bombay Act I of 1874 and to the terms and conditions next hereinafter mentioned.

Third.—The said land shall be transferred to and held by the said Company their successors and assigns absolutely subject nevertheless as to part thereof to the following Trusts that is to say as to so much of the said land as shall be required for the Tramway extension hereinbefore mentioned upon Trust to use the same for the purpose of making and maintaining the Tramway required for the said extension and as to so much of the said land as shall be actually occupied by the tracks of the said Company and a space of eighteen inches on the east side of the said tracks upon Trust to make the same over to the Municipal Corporation of the City of Bombay free of cost except the expenses of transfer if and whenever the said Corporation shall acquire sufficient additional land to make a public road over along and adjoining the said land so to be actually occupied by the tracks of the said Company as aforesaid.

Fourth.—The work of making forming and laying down the said Tramway extension on and over the said land shall be executed within six calendar months from the date of this agreement and the said Tramway extension when constructed shall be maintained to the satisfaction of the Municipal Commissioner, Bombay.

Fifth.—The public shall be entitled to use the said Tramway extension when so constructed as aforesaid under the provisions of Bombay Act I of 1874 or any other Act for the time being regulating the working of Street Tramways in Bombay.

Sixth.—In the event of the cost mentioned in paragraph one hereof or any part of such costs being ordered by the High Court Bombay to be paid by the parties at present interested in the said land so much of such costs as shall be payable and paid by the said parties interested shall be paid to the said Company the payment agreed in paragraph one hereof to be made by the said Company having first been duly made In witness whereof the Right Honourable the Governor of Bombay in Council on behalf of the said Secretary of State in Council has caused one of the Secretaries to the Government of Bombay to set his hand hereto and Pickering Clark Esq. the Managing Director of the said Company in Bombay has set his hand hereto the day and year first before written.

THE SCHEDULE.

Financial Resolution No. 2776, dated the 6th September 1878, regarding measures for withdrawing shroff-marked coins from circulation.

Proceedings (Mint, &c., Abstract) for the month of November 1879, Nos. 197—242, showing the action taken by the several Local Governments in accordance with the instructions issued in the abovementioned Resolution.

Proceedings (Mint, &c., Abstract) for the month of May 1879, Nos. 96—102, sanctioning a temporary suspension of the orders contained in the Resolution of the 6th September 1878 in the provinces under His Honour the Lieutenant-Governor of the Punjab.

Letter from the Government of the Punjab, No. 467, dated the 17th February 1881, enquiring whether the orders regarding the withdrawal of shroff-marked coin should continue in abeyance in that Province.

OBSERVATIONS.—In the Resolution of the 6th September 1878, cited in the preamble, two methods of procedure were laid down for withdrawing silver coins defaced by shroff-marking, one adapted for Provinces where such coins do not, and the other where they do, form a considerable portion of the currency.

2. The first set of rules was adopted in the Madras Presidency and in British Burma, Assam and the Lower Provinces of Bengal, and the second set in the Bombay Presidency, the Central Provinces and the North-Western Provinces and Oudh. It is chiefly in the North-Western Provinces and Oudh and the Punjab that a very large portion of the current coins is more or less defaced; and as rupees are ordinarily imported into the Punjab in the usual course of trade, and as during the last few years there was a very great additional demand in consequence of the military operations beyond the Frontier, it was apprehended that the carrying out of the reform at such a conjuncture would be attended with extreme difficulty and inconvenience. The Government of the Punjab was therefore permitted to suspend the rules temporarily.

3. The receipt of shroff-marked coins in Government treasuries under the orders of the 6th September 1878 has nowhere been large, not even in the Central Provinces where they were understood to be rather common; and the Government of India have reason to believe that the fact of such coins being at a disadvantage was not made known as widely as could be wished, and that consequently a large number of them may be still in circulation.

4. In the North-Western Provinces specially, the omission to give due publicity in time to the intentions of Government in regard to shroff-marked coins, has caused serious inconvenience. The Government of the North-Western Provinces notified in May 1879 that after the 1st January 1881, shroff-marked coins, even though they might not have lost more than two per cent. of their weight, would cease to be legal tender and be accepted only as bullion at a valuation of one rupee per tola. Public attention was, however, prominently drawn to the orders only towards the beginning of the current year when they were actually enforced. Much excitement was created in consequence amongst the people and even good rupees, to which no reasonable objection could be taken, were depreciated in value. The Government of the North-Western Provinces then postponed the enforcement of the rules to the 1st January 1882.

RESOLUTION.—The Governor General in Council now considers it necessary that the process of withdrawing shroff-marked coins from circulation should everywhere be begun again.

2. Accordingly His Excellency in Council directs that all Government treasuries (including those of the Punjab) shall, for the present, receive at full value all genuine coin which has not been diminished by fraudulent means or has been diminished only by what are ordinarily known as shroff-marks.

3. No such coins shall be re-issued from a Government treasury. They should be separated into an uncurrent balance and disposed of under instructions from the Accountant General, to whom a monthly report of the amount thus set apart must be made.

4. The Accountant General will send in his consolidated report to the Comptroller General who will watch the progress of the purification of the coinage in each province and determine in each case the time after which shroff-marked coins can expediently be dealt with, as required by law.

5. The Governor General in Council further directs that when in any province it is decided no longer to accept shroff-marked coins at full value, officers of Government authorised to receive money must exercise due and intelligent care in the receipt or rejection of suspicious coin. The Government of India will not call upon such officers to bear the loss upon any such coin which they may have accepted *bonâ fide* in behalf of Government, provided it appears that they have exercised proper discretion. On the other hand, they must be careful not to reject coin which may be good for all purposes, though accidentally marked in some trifling way.

ORDERED, that this Resolution be published in the *Gazette of India* for general information and distributed for information and guidance as follows:—

To the several Departments of the Government of India.
To the Local Governments and Administrations.
To the Comptroller General and the Local Accountants General.
To the several Chiefs of Departments administered by the Government of India in the Department of Finance and Commerce and the Presidency Banks, Calcutta, Madras and Bombay.

COMMISSARIAT DEPARTMENT.

No. 454.—CONTRACTS—

The following resolution is published for general information:—

Extract from the Proceedings of the Government of India in the Military Department,—(No. 1180-S. D., dated Simla, the 16th August, 1881).

Read the following documents relative to a representation made by the several brewery companies in regard to their contracts for the supply of hill-brewed malt liquor to the British troops in Bengal:—

From Messrs. { F. B. Hopkins, Director, Murree Brewery Company, Meakin & Co., E. Dyer & Co., J. W. Whymper & Co., J. MacDonald, Managing Director, Naini Tal Brewery Company, Limited, Mackinnon & Co., } dated 12th April, 1881.

To the Commissary General, Bengal, No. 282-S. D., dated 29th April, 1881.

From the Commissary General, Bengal, No. 2144, dated 29th June, 1881.

Observations.—In the correspondence here referred to, it is represented that the various brewery companies suffered during the years 1878-79-80 heavy losses on their contracts. It is said that these losses were sustained owing to the absence of the troops on service, in consequence of which there was a much less consumption of malt liquor than was anticipated. The conditions of the contracts, however, rendered it necessary for the companies to keep ready in stock the full quantity of malt liquor contracted for; and the prices of supplies and carriage being increased on account of the recent campaign, combined with an unprecedented failure of the hop crop in England in 1879, it is alleged that heavy losses were incurred by the brewery firms in question. It is now proposed on behalf of the brewers that the present contracts be extended for five years, and tenders

further invited for the supply of Indian beer at Lucknow, Fyzabad, Cawnpore, Allahabad, Benares and Dinapore.

RESOLUTION.—In order to encourage the brewing of beer in India, and to enable the brewery companies to recoup themselves for their first outlay on the enterprise, the Right Hon'ble the Governor General in Council has been pleased to permit the extension of the existing contracts at the present rates for a period of five years, *i.e.*, to the end of 1887, as proposed by the brewers, in the expectation that this concession will enable them to make an abatement ultimately in the rates of supply to the State.

This extension of time to be subject to the condition that the brewing operations at the different breweries shall be open to such inspection, by officers to be appointed for the purpose, as may be ordered by Government from time to time.

Tenders will be invited for the local supply of beer during the same period at Cawnpore, Lucknow, Fyzabad, Allahabad, Benares and Dinapore.

It is to be understood that the supply during the period of extension will be merely according to the actual requirements of the troops, and that there will be no unexpended balance at the end of the year 1887 to be taken from the contractors in the year 1888.

ORDER.—Ordered, that a copy of the above Resolution be forwarded to—

The Financial Department.
The Commissary General, Bengal.
The Controller of Military Accounts, Bengal.
The Accountant General, Military Department.

Ordered also, that it be published in the *Gazette of India*.

FURLOUGH AND LEAVE.

No. 455.—The undermentioned officers are granted furlough out of India, with the necessary subsidiary leave:—

Lieutenant-Colonel G. W. Holdsworth, Infantry, (m. c.) for two years,—171 days under rule XIV, clause I, and the remaining period, without pay, under rule XVI, of the regulations of 1868.

Simla, the 26th August 1881.

No. 249*G.-P.*—His Excellency the Viceroy and Governor General is pleased to continue to Framjee Nasarwanjee, as a personal distinction, the title of "Khan Bahadur" enjoyed by him during his tenure of the office of Huzur Deputy Collector of Nasik in the Bombay Presidency.

No. 1937*E.-P.*—The following translation of a letter, dated the 3rd July 1881, addressed by the Persian Minister for Foreign Affairs to Her Majesty's Envoy Extraordinary and Minister Plenipotentiary at Teheran, is published for general information :—

"Since the right of purchasing arms and munitions of war abroad and introducing the same in Persia belongs to the Persian Government, who exercise it through their own specially appointed officials, and if this absolute right were not exclusively confined to the Government, and every body who thought fit to do so were allowed to purchase such articles and introduce them into the country, this great governmental privilege would become obsolete, and considerable evils would result to the State :

"Therefore His Majesty the Shah has issued stringent orders that no one shall import arms of any description whatever into this country from abroad, and any person in whose possession arms of foreign make are found will be liable to have them confiscated by Government.

"By His Majesty's orders, the above is communicated to Your Excellency, in order that you may bring it to the knowledge of British merchants and subjects, so that being informed of it they may be careful to avoid trading in these prohibited goods, and so that no injury may result to them from ignorance of the present Regulation."

NOTIFICATIONS.

Simla, the 26th August 1881.

No. 2521.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again—

Financial Resolution No. 953, dated 10th June 1881, declaring that for European stores articles of Indian manufacture should be substituted wherever this can be done without inconvenience or extra expense.

Read also—

A letter from the Mint Master, Calcutta, No. 537, dated 22nd June 1881, forwarding an indent and estimate for European stores required for the Mint during 1882-83.

RESOLUTION.—The Government General in Council directs that the indent and estimate be forwarded to the Assistant Under-Secretary of State for India, with the recommendation that the articles enumerated in the indent may be supplied except as regards the items noted below, the demand for which has been struck out of the indent.

Spun yarn.—10 cwt. were indented for at a total cost of £47-10. This article is manufactured at Calcutta by Messrs. Ahmuty and Company, with whom the Mint Master should communicate.

Soft soap.—15 cwt. were indented for at £1-15 per cwt. The North-West Soap Company, Limited, Meerut, are willing to deliver soft soap at the Howrah Railway Station for Rs. 20 a cwt., and probably other soap manufacturers will be able to supply soft soap at similarly low rates as compared with the cost of imported soap. It is made at Dr. Waldie's Chemical Works, Cossipore.

Linseed oil, boiled.—30 gallons are wanted. This oil should be procured locally either from the Gouripur Company or from other oil-mills in Calcutta.

ORDERED, that this Resolution be communicated to the Mint Master, Calcutta, and to all Local Governments and Administrations.

Ordered also, that it be published in the *Gazette of India*.

No. 478.—ORDER OF MERIT—

The Governor General in Council is pleased to sanction the admission of No. 853, Sowar Burma Deen, 3rd (The Queen's Own) Bombay Light Cavalry, to the 3rd class of the Order of Merit, for conspicuous gallantry in action at Maiwand on the 27th July, 1880, in having, under a heavy fire, when Brigadier-General Burrows' horse was killed under him, promptly dismounted and given his own horse to the Brigadier-General, though he was himself at the time badly wounded.

SPECIAL.

No. 479.—The Right Hon'ble the Governor General in Council is pleased to direct the publication, for general information, of the following despatch from the Right Hon'ble the Secretary of State for India:—

MILITARY, INDIA OFFICE;
No. 215. *London, 21st July, 1881.*

To His Excellency the Most Hon'ble the Governor General of India in Council.

MY LORD MARQUIS,

Para. 1. I have received and considered in Council your Military letter No. 52, dated 7th February 1881, forwarding reports describing the arrangements made for the withdrawal of the British troops from Kabul and the upper portion of the Khyber in August, 1880, and expressing the high estimation in which you hold the services of Lieutenant-General Sir D. M. Stewart, G.C.B., under whose orders the retirement took place.

2. I have perused these papers with great interest, and have noticed with satisfaction the testimony borne to the excellent conduct of the troops during the evacuation. The arrangements for the passage of the different columns appear to have been carried out most successfully by all to whom the duties of directing the movement were entrusted, and I fully concur in the opinion you have expressed that the mode in which the retirement was effected reflects the highest credit on Lieutenant-General Sir Donald Stewart and the officers and men under him.

3. A copy of this correspondence will be transmitted for the information of the Secretary of State for War and His Royal Highness the Field Marshal Commanding-in-Chief.

I have, &c.,

HARTINGTON.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again the following papers regarding the supply of stores required for the public service in India:—

Financial Resolution		No. 3574,	dated	3rd November 1880.
„	„	„ 953,	„	10th June 1881.
„	Circular	„ 220,	„	28th April „
„	„	„ 621,	„	14th May „

Read also the undermentioned letters from the Government of Madras, forwarding statements showing European stores procured through the Secretary of State, and purchased locally by certain officers, during the last two years:—

No. 1351B., dated 23rd July 1881.
„ 1381, „ 27th „ „

RESOLUTION.—From the statements submitted by the Government of Madras a list has been prepared, and is appended to this Resolution, showing the articles which, on the information before the Government of India, it is possible to obtain of Indian manufacture. The Governor General in Council accordingly requests that His Excellency the Governor in Council of Madras

will cause definite instructions to be issued to all the Departments concerned to institute enquiry as to the cheapest and most convenient way of obtaining future regular supplies of such goods of Indian manufacture, as well as of any other goods which in the course of enquiry it may be found feasible to add to the list. In order to give manufacturers that confidence in the existence of a permanent and steady demand without which they cannot reasonably be expected to spend time and money in the manufacture of new classes of goods, the Governor General in Council will be prepared to approve of contracts made by the Local Government for a term of say five years based on the equivalents of the average cost in the year 1880-81 laid down in Madras from England of articles entered in the list.

2. With regard to many of the articles entered in that list, the Government of India has already issued general instructions in the Resolutions published in the *Gazette of India* since 23rd July last. Of the remaining articles the most important items are—longcloth, for which tenders should be invited from the Indian cotton mills; twine and rope (these are manufactured by Messrs. Ahmuty & Co., Calcutta, and elsewhere); and chemicals. The kinds specified, *viz.*, nitric, hydrochloric, and sulphuric acids, and various others, are made by Dr. Waldie, of Calcutta.

ORDERED, that the foregoing Resolution be communicated to the Government of Madras for information and guidance, and with the request that the submission of the further returns promised may be expedited.

Ordered also, that the Resolution be communicated to the other Local Governments and Administrations, and published in the *Gazette of India*.

RESOLUTION.—In the Resolutions cited above the Government of India has declared its policy that it is expedient to encourage Indian industries and to substitute country-made goods for imported articles wherever it is possible to do so with due regard to economy. The Governor General in Council learns, with satisfaction, from the letter of the 19th August 1881, that in the North-Western Provinces and Oudh the Police are clothed with materials of Indian manufacture. His Excellency in Council now directs that in future the same procedure shall be adopted in regard to the articles enumerated below, if they can be procured without expense exceeding that given below and of quality not inferior to imported goods :—

His Excellency the Governor General in Council will also be prepared to sanction, on the recommendation of the Local Governments, arrangements for the supply of the articles for a term of years on the above basis, in any cases in which this course may appear to be called for.

2. Most of the chemicals and chemical preparations are commonly made as regular manufactures at the Kasipur (Calcutta) chemical works belonging to Dr. Waldie, and possibly in other places. Those which are not so made can be made by him to order. The chemicals named in the list are in constant demand year after year for all the higher educational institutions in the different provinces of India, and it is proper that they should now be obtained of Indian manufacture.

3. The other articles mentioned at the end of the list as obtained for the Agra College, are of a kind which should not be purchased of European make. From the Resolutions on the subject of stores already issued by the Government of India the Local Governments will have learnt where such goods can be made in India.

ORDERED, that the foregoing Resolution be communicated to the Government of the North-Western Provinces and Oudh, and to the other Local Governments and Administrations.

Also that it be published in the *Gazette of India*.

Letter from the Government of Bengal, No. 689, dated 4th August 1881, enclosing lists of European stores supplied for the public service in the Lower Provinces of Bengal for 1879-80 and 1880-81.

RESOLUTION.—In the Resolutions cited above, the Government of India declared that it is expedient to substitute for European stores articles of *bonâ fide* Indian manufacture wherever it is possible to do so without inconvenience or extra expense; and in order to ascertain to what extent or in respect to what articles the decision of Government could be made applicable, returns were called for from the several Departments and Local Governments showing all European articles obtained from England and purchased in the local market during the last two years. Such a return is now submitted by the Government of Bengal.

2. From this return a list has been prepared, and is appended to this Resolution, showing the articles which, on the information before the Government of India, it is possible to obtain of Indian manufacture. The Governor General in Council accordingly requests that His Honour the Lieutenant-Governor will be good enough to issue definite instructions to all the Departments concerned to institute enquiry as to the cheapest and most

convenient way of obtaining in future regular supplies of such goods, of Indian manufacture, as well as of any other goods which in the course of enquiry it may be found feasible to add to the list. In order to give to manufacturers that confidence in the existence of a permanent and steady demand, without which they cannot reasonably be expected to spend time and money in the manufacture of new classes of goods, the Governor General in Council will be prepared to approve of contracts made by the Local Governments for a term of, say, five years, based on the equivalents of the average cost in the year 1880-81 of the articles entered in the list, laid down in Calcutta.

3. As regards articles of stationery and printing, orders have already been issued in the Resolutions marginally noted, published in the *Gazette of India* of the 23rd July and 13th August 1881. A few additional articles of stationery have been inserted in the appended list, such as erasers and scissors, which can be made in the Aligarh Postal Workshop and by private iron-workers, and blue tape, which, like red and white tape, should be obtained from the Indian cotton mills.

No. 1923, dated 22nd July 1881.
No. 2302, dated 12th August 1881.

Balances, weights, butcher's knives, iron and brass locks and padlocks, are procurable from the Rurki Workshop, the Aligarh Postal Workshop, and no doubt can be made elsewhere.

Shovels, hammers, cast-iron pulleys, buckets, kodalies, spades, forks and other gardener's tools can also similarly be obtained of Indian manufacture. The manufacture of cement is now an established industry, and the article should not again be indented for.

Linseed-oil, boiled, should be obtained of Calcutta manufacture, either from the Gouripur mills, where it is made of good quality, or elsewhere.

Good serge is now being woven at the Cawnpore Woollen Mills, and measures should be taken to obtain supplies of all the cotton fabrics mentioned in the manner prescribed in paragraph 2 of Resolution No. 2301 of 12th August 1881.

ORDERED, that the foregoing Resolution be communicated to the Government of Bengal and to the other Local Governments and Administrations.

Ordered also, that it be published in the *Gazette of India*.

No. 2778.—In exercise of the power conferred by Section 8 of Act I of 1879 (The Indian Stamp Act, 1879), the Governor General in Council is pleased to remit the stamp-duty chargeable under the said Act on instruments executed by Government officers, and their sureties, either before or after the publication of this order, to secure the due accounting for property received by such officers by virtue of their office.

The 1st September 1881.

No. 2787.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again—

Financial Resolution No. 387, dated 30th April 1879, sanctioning, in supersession of all previous orders on the subject, the grant of travelling allowances to ministerial and menial officers who are entitled to such allowances when travelling by railway on duty, or on transfer from one office to another.

Read—

A letter from the Surveyor General of India, No. 3202, dated 29th December 1880, requesting reconsideration of the order as far as it relates to the grant to an officer of a second class fare when there is no intermediate class accommodation in the train.

RESOLUTION.—In supersession of the orders contained in the Resolution read in the preamble, the Governor General in Council sanctions the following travelling allowances for ministerial and menial officers who are entitled to travelling allowances when travelling by railway on duty, or on transfer from one office to another:—

For an officer whose service is superior under the Civil Pension Code—

At the option of the officer, in lieu of any daily or monthly travelling allowance to which he may be otherwise entitled—

if the officer's salary is not less than Rs. 50 a month,—second class fare; or where there are only two classes, upper class fare;

if the officer's salary is less than Rs. 50 but not less than Rs. 10 a month,—intermediate class fare, or, if there be no intermediate class accommodation in the train by which he is required to travel, third, or, where there are only two classes, lower class fare.

For an officer whose service is inferior under the Civil Pension Code—

in addition to any daily or monthly travelling allowance to which he may be otherwise entitled,—the fare of the lowest class in the train by which he may be ordered to proceed, whether called lower, third, or fourth class.

2. If the journey involves the absence of the officer from his head-quarters or standing-camp for one or more nights, so as to make it necessary for him to carry with him servants and baggage, double the fare to which he would otherwise be entitled may, at the discretion of his superior officer, be granted to him.

3. An officer in superior service may not, except as provided in paragraph 4, charge railway fare on any day for which he receives travelling allowance at the daily or monthly rate.

4. If an officer in superior service is required to travel on one day partly by railway and partly otherwise, or to make a railway journey in the course of another journey, or of a tour, then, at the discretion of his superior officer, he may be reimbursed his actual expenses, not exceeding, on the whole, the amount to which he is entitled under paragraph 1 or 2 of this Resolution, added to the amount to which he would be otherwise entitled, for the period occupied by the journey by railway, as daily or monthly (contract) allowance.

ORDERED, that this Resolution be published in the *Gazette of India* and distributed for information and guidance as follow:—

(1) To the several Departments* of the Government of India.

(2) To the several Local Governments and Administrations.

(3) To the Comptroller General and to the several Accountants General and Comptrollers.

(4) To the several Chiefs of Departments administered by the Government of India in the Financial Department.

* Original papers received from the Revenue and Agricultural Department to be returned.

The 2nd September 1881.

No. 2788.—The Governor General in Council, having had under consideration the subject of railway accommodation of public officers travelling on duty by railways where there are only two classes (upper or first class, and lower or second class), has decided that the upper class of such railways is to be considered the equivalent of both first and second classes on other railways where there are more than two classes.

RETIREMENTS.

No. 489.—Under the authority of the Secretary of State for India, His Excellency the Governor General in Council is pleased to direct the publication of the following revised scales of pensions for officers of the Indian Staff Corps and the Indian Forces, to take effect from the 1st July, 1881.

2. For the purposes of these pension rules, which will be known as those of 1881, officers will be divided into four classes, *viz.*,—

I.—Officers who entered the Staff Corps prior to or on the 12th September, 1866.

II.—Officers of the late Indian Cavalry and Infantry who have not joined the Staff Corps, commonly known as officers of the Local Service.

III.—Officers on the General List, who entered the service under "new conditions of appointment," and who have not subsequently joined the Staff Corps.

IV.—Officers who have entered the Staff Corps since the 12th September, 1866.

3. The pensions for classes I and II will be—

	Pension. £
After 20 years' service	... 288
„ 24 „ „	... 420
„ 28 „ „	... 571
„ 32 „ „	... 783

4. The existing regulation which gives to these classes certain rates of pension after 35 years' and 38 years' service will thus become inoperative.

5. The conditions of retirement offered in G. G. O. No. 1 of 1st January, 1881, will not be renewed.

6. The pensions for officers in classes III and IV will be—

	Pension. £
After 20 years' service	... 250
„ 24 „ „	... 365
„ 28 „ „	... 500
„ 32 „ „	... 700
„ 38 „ „ (as now)	... 750

7. Furlough service for pension will continue to be governed by the furlough regulations under which each officer may be serving.

8. The senior officers of classes III and IV will succeed to colonel's allowances as soon as they have completed 12 years as substantive Lieutenant-Colonel, until the number of officers in receipt of the allowances is equal to one-thirtieth of the whole of the officers in their respective lists in each Presidency, and thenceforward the number of colonel's allowances then enjoyed by officers of that class shall be considered as the fixed establishment to which officers are to succeed by seniority as vacancies occur. For the purposes of this scheme, all officers of class III of all three presidencies will be placed on one list. The establishment will be ascertained by the number of officers remaining on that amalgamated list on the day the senior officer completes 12 years' service as substantive Lieutenant-Colonel.

9. No colonel's allowances will be granted to any officer joining the Staff Corps as a probationer after the 1st of July 1881.

10. Pension regulations for officers entering the Staff Corps henceforward will be notified hereafter.

11. Officers will be allowed to commute a portion, not exceeding one-third, of their pensions, and this commutation may take place at any time and not merely on retirement.

12. In every case the capitalized sum will be payable in rupees in India, the sterling sum being converted at the official rate of exchange for the year in which the payment is made.

13. Full power is reserved to the Secretary of State for India to temporarily suspend or limit retirement, whenever it may appear to him necessary in the interests of the public service to do so.

No. 490.—In continuation of G. G. O. No. 453 of 1881, the undermentioned officers are permitted to retire from the service, under the provisions of G. G. O. No. 1 of 1881, with effect from the dates specified, subject to Her Majesty's approval:—

Lieutenant-Colonel Alexander McLeod Stewart, Bengal S. C.,—31st August, 1881.

Lieutenant-Colonel (Brevet Colonel) Theodore Walter Ross Boisragon, C.B., Bengal S. C.,—2nd September, 1881.

No. 491.—Surgeon H. Mallins, M.B., has been permitted to resign the service, with effect from the 25th July, 1881, subject to Her Majesty's approval.

VETERINARY DEPARTMENT.

No. 492.—Under the authority of the Secretary of State for India, His Excellency the Governor General in Council is pleased to notify that the following will be the scale of pensions for the officers of the Indian Veterinary Department:—

	£
After 25 years' service, including 3 years' furlough or leave of absence	350
After 30 years' service, including 4 years' furlough or leave of absence	450

2. The commutation of a portion of the pension not exceeding one-third, as sanctioned for combatant officers, will be allowed under the same conditions to officers of the Veterinary Department, such commutation being allowed to take place at any time and not merely on retirement.

3. In every case the capitalized sum will be payable in rupees in India, the sterling sum being converted at the official rate of exchange for the year in which the payment is made.

4. The new scale of pensions will have effect from the 1st July, 1881.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again—

Financial Resolution No. 1923, dated 22nd July 1881, directing that certain articles entered in the Bengal stationery indent for 1882-83 should be struck out of the indent and the articles obtained of Indian manufacture.

Read also—

Letter from the Superintendent of Stationery, Calcutta, No. 2441, dated 3rd August 1881, intimating that machine blankets which were struck out of his indent cannot be obtained of Indian manufacture.

RESOLUTION.—The Governor General in Council has ascertained that, in addition to the articles mentioned in the Resolution above cited (published in the *Gazette of India* of the 23rd July 1881), colour slabs and colour saucers are made at the Raneegunge Pottery belonging to Messrs. Burn & Co. The material is highly glazed, and takes colours freely without absorbing them. The only practical difference between these goods and those of English manufacture is that the latter are purely white, while the Indian-made articles, owing to the presence of iron in the clay, is of a cream colour. This difference is quite immaterial for useful purposes, and the locally-made article should be substituted for imported colour slabs and saucers if they can be made for a price not higher than that of the English-made articles laid down in Calcutta. The number indented for was 400 colour slabs at 9*d.* each and 700 saucers at ¾*d.* each.

2. It is understood that the Madras School of Art is also prepared to make these articles.

3. Machine blankets not being at present procurable of Indian manufacture, a requisition will be made for their supply from England.

ORDERED, that the foregoing Resolution be communicated to the Government of Bengal and to the other Local Governments and Administrations for information and guidance.

Ordered also, that the Resolution be published in the *Gazette of India*.

No. 3048.—Mr. G. W. Cline, LL.D., Barrister-at-Law, having been appointed to officiate as Assistant Comptroller General, received charge of that office before noon on the 9th September 1881.

No. 3054.—There being no fixed procedure at present for the publication of Loan Notifications in the three Presidencies, the Governor General in Council is pleased to prescribe the following rules for observance in future:—

(1) All announcements regarding Loans will be issued by the Financial Secretary to the Government of India.

(2) In cases where it is possible, the Gazette Extraordinary containing the Loan Notification will be sent, in proof, by him confidentially to the Comptroller General and the Accountants General, Madras and Bombay, to be reprinted by them and issued at 10 A.M. from their offices on the day fixed.

(3) Where circumstances do not allow of this, a telegraphic summary will be sent for similar issue.

(4) The day before or the day on which the mail leaves Calcutta will, whenever possible, be chosen as the day for issue of the Loan Notification.

ORDERED, that these rules be communicated to the Comptroller General and the Accountants General, Madras and Bombay, and that they be also published in the *Gazette of India* for general information.

No. 3081.—Mr. C. A. Stuart, having been appointed to officiate as Postmaster General, Bombay, during the absence on special duty of Mr. A. U. Fanshawe, received charge of that office after noon on the 7th September 1881.

Letter from the Government of Madras to the Under-Secretary of State for India, No. 35, dated 18th August 1881, forwarding an estimate of the value of stores required for the Revenue Survey Department in Madras during the year 1882-83.

RESOLUTION.—In the Resolutions cited above, the Government of India has declared its policy that it is expedient to encourage Indian industries. The Governor General in Council accordingly directs that for the use of the Revenue Survey Department in Madras, as also for the public service generally, the articles enumerated below shall in future be procured of Indian manufacture, if they can be obtained at a price not higher than imported goods of the same class.

			Rs.	A.

Alcohol is prepared by Dr. Waldie of Calcutta and by Messrs. Ahmuty and Company, Calcutta, and probably at the distillery at Aska in Ganjam and in other places. Nitrate of silver is also made by Dr. Waldie.

Gum Arabic, of which 50 lbs. are entered in the estimate at Rs. 1-2 per lb., is an article of common and large import into Bombay, and it should not be obtained from England.

The Governor General in Council requests that His Excellency the Governor of Madras in Council will be good enough to cancel the demand for the articles mentioned in this Resolution, if an indent for them from the Survey Department has already been forwarded to the India Office.

ORDERED, that the foregoing Resolution be communicated to the Government of Madras for information and guidance, a copy being sent to the Revenue and Agricultural Department.

Ordered also, that it be communicated to the other Local Governments and Administrations, and be published in the *Gazette of India*.

MEDICAL DEPARTMENT.

No. 512.—Under the authority of the Secretary of State for India, His Excellency the Governor General in Council is pleased to direct, with reference to paragraph 5 of G. G. O. No. 279 of 1881, that furlough service for pension in the

Indian Medical Service will continue to be governed by the furlough regulations under which each officer may be serving.

PENSIONS.

No. 513.—Honorary Captain and Deputy Commissary Thomas Heathcoate, Ordnance Department, is transferred to the Pension establishment.

No. 514.—WARRANT OFFICERS—

Under the authority of the Secretary of State for India, His Excellency the Governor General in Council is pleased to direct the publication of the following revised scale of pensions for warrant officers of Her Majesty's Indian Army, to take effect from the 1st September 1881.

2. The distinction between the invalid pension, which can be drawn only in India, and the retiring pension, will be abolished.

3. The periods of service entitling warrant officers to retiring pensions will be as follows:—

24 years' total service in Europe and India, including 16 years in the department.

26 years' total service in Europe and India, including 14 years in the department.

28 years' total service in Europe and India, including 12 years in the department.

4. The retiring pensions will be—

	England or the Colonies. Per annum.	India. Per mensem.
	£	Rs.
Deputy Commissary ...	216	200
Assistant Commissary ...	144	140
Deputy Assistant Commissary ...	108	100
Conductor ...	90	85
Sub-Conductor ...	72	70

5. A warrant officer of any grade, wishing to retire after 21 years' total service, will receive a pension of £54 per annum in England or the Colonies, or Rs. 50 per mensem in India.

6. A warrant officer declared by a medical board to be unfit for further service in India, after completion of half the periods of service, army and departmental, laid down in paragraph 3, will receive—

	England or the Colonies. Per annum.	India. Per mensem.
	£	Rs.
Deputy Commissary ...	172	160
Assistant Commissary ...	115	110
Deputy Assistant Commissary ...	86	80
Conductor ...	72	68
Sub-Conductor ...	58	56

If he has served less than half the prescribed periods, but more than 14 years altogether, he will receive—

	England or the Colonies. Per annum.	India. Per mensem.
	£	Rs.
Deputy Commissary ...	115	110
Assistant Commissary ...	86	80
Deputy Assistant Commissary ...	72	68
Conductor ...	58	56
Sub-Conductor ...	43	40

If he has not served 14 years altogether, his case will be specially considered.

7. A warrant officer, whose disqualification for further service in India has been caused by intemperance or irregular habits, will, if he has served half the periods of service, army and departmental, laid down in paragraph 3, receive—

HOME DEPARTMENT.

NOTIFICATION.—PUBLIC.

Simla, the 23rd September 1881.

No. 1437.—The following Resolution of the Foreign Department containing rules regarding the sale of property to Natives by British officers, whether Civil, Military or Uncovenanted, is republished for general information:—

Extract from the Proceedings of the Government of India in the Foreign Department,—No. 1667, dated 30th September 1868.

RESOLUTION.—His Excellency the Viceroy and Governor General in Council observes that these references originated with a case which occurred at Allahabad, where an officer wished to part with his house to a Native, under circumstances not open to any suspicion, and with a remark from the Home Department to the effect that some change or relaxation of the rule which prohibits the sale of property to Natives by public servants under any circumstances seemed desirable. At present, under the Notification of the 3rd of December 1858, drawn up in consequence of the orders of the late Court of Directors, sales of property to Natives are strictly prohibited, and officers are thereby directed to refer all transactions in regard to which they have any doubts for the orders of superior authority.

2. His Excellency in Council observes that the weight of authority on the part of the various Administrations and Departments which have lately been consulted on this subject is decidedly in favour of some modification of the existing rule, or, at least, of more clearly and accurately defining the course to be pursued in such cases. There can be no doubt that the restrictions imposed hitherto on such transactions have been, to a certain extent, beneficial, and that the Government of India, though it can place a full reliance on the fair dealing, honour and integrity of its civil and military services, has a right to expect, not only that all such transactions shall be correct and unimpeachable in themselves, but that they shall not run any risk of misconstruction at the hands of designing, ignorant or credulous persons.

3. The Government of India is also well aware, as pointed out by some of the high authorities consulted, that many officials who, on joining their stations, have become the owners

of houses either under an absolute necessity, or from laudable motives of convenience and comfort, may, on quitting the district or province to which they have been for some time attached, literally find no purchasers for their property, except Natives of wealth or substance. When such transactions openly and avowedly take place, no evil consequences, His Excellency in Council thinks, need ever ensue under proper precautions.

4. The following rules have therefore been drawn up in supersession of the existing rule, and are hereby published for general information. They must be considered applicable to European public servants of all descriptions, Civil, Military and Uncovenanted :—

5. I.—Whenever a public servant wishes to dispose of a house, bungalow, elephant, horse or carriage, or other valuable property, to any Native within his jurisdiction, or within the limits of the district in which he is employed on the public service, and from which he is not about to remove, he must report his intention to the Local Government to which he is subordinate, stating the facts and circumstances and the price offered for the article to be sold. The Local Government will then pass such orders on the reference as may seem fit and proper.

II.—Whenever a public servant is about to quit his station or district permanently, or for a considerable period, and wishes to dispose of his house, bungalow, elephant, carriages and horses, and the like property of value, to Native purchasers, he shall report his intention to the Commissioner or the head local authority to which he may be immediately subordinate, and that authority will use its discretion in allowing the transaction, or in reporting the circumstance to the Local Government for further orders.

III.—Whenever a public servant, on quitting his station or district, wishes to dispose of his furniture, household goods, livestock, &c., he is at full liberty to do so either by circulating lists of such property amongst the community generally, or by having the same put up to public auction, without reference to any authority whatever. All that is necessary is that the transaction should be open and patent to everybody on the spot.

IV.—Rule No. I is to be considered applicable to purchases equally with sales.

6. The observance of the above rules will, His Excellency in Council thinks, fully meet the inconveniences and exigencies to which gentlemen of acknowledged honour and probity would be put on many occasions if debarred from such transactions; while, at the same time, they will be a sufficient safeguard against any abuse, any imputation of unfair or interested dealings, or any possibility of misconception on the part of the non-official community.

RESOLUTION.—From these returns a list has been prepared and is appended to this Resolution, showing the articles which on the information before the Government of India it is possible to obtain of Indian manufacture. The Governor General in Council accordingly requests that the Director General of the Post Office will institute enquiries as to the cheapest and most convenient way of obtaining future regular supplies of such goods of Indian manufacture, as also of any other goods which in the course of inquiry it may be found feasible to substitute for imported articles. The Government of India will be prepared to approve of contracts for a term of years, say five, based on the average prices hitherto paid for imported goods of a like description. Sail cloth, American drill, flannel, and other cotton and woollen fabrics of superior quality are now manufactured in the cotton and woollen mills at Cawnpore, Bombay, and in other places.

2. Canvas is largely manufactured by the Bombay United Spinning and Weaving Company.

3. Candles are procurable from the Bombay Steam Soap and Candle Work Company.

4. The jute mills and roperies in Bengal will probably be ready to supply twine in any quantity.

5. It is understood that the company which is working the petroleum wells on the island of Borongo (Akyab) has produced oil in every respect equal in quality to American kerosine oil.

6. In regard to the other articles mentioned in the list, the Director General's attention is invited to the series of Resolutions recently issued by this Department.

ORDERED, that the foregoing Resolution be communicated to the Director General of the Post Office of India, the Military and Public Works Departments, and to all Local Governments and Administrations, for information and guidance.

Also, that it be published in the *Gazette of India*.

3. The silver coinage of the Calcutta Mint includes 4 lakhs of rupees coined under the monetary convention with the Government of Portuguese India. The Calcutta Mint also coined copper of the nominal value of Rs. 1,85,600.

4. The Bombay Mint worked steadily except in the last four or five months; the Calcutta Mint was in full work for only four months, July to October.

5. The coinage and the receipts and charges of each Mint, including *pro formâ* charges for interest on the capital sunk, and for pensions, leave allowances, &c., for the last three years, are given below :—

6. The bulk of the receipts being the seignorage duty of Two per cent. on the coinage of rupees, they vary with the amount of the coinage.

7. The item *operative losses* on the charge side includes, in addition to the actual loss in coinage operations, the loss on the withdrawal and recoinage of worn-out and uncurrent coins. The percentage of operative losses, properly so called, has been as follows :—

	1878-79, 1879-80, 1880-81. (Pies per cent.)		
In melting—			
Calcutta	18	9·8	9·2
Bombay	5	5	5
In coining—			
Calcutta	22	17	15·5
Bombay	11	12	14

8. The striking difference in the rates of these losses in the two Mints has been dwelt upon in previous reviews, and the Governor General in Council is glad to observe that the Mint Masters have given special attention to the subject. The Senior Mint Master in his present report points out that there are certain points of difference in the procedure of the Melting Departments of the two Mints, such as the one using plumbago pots and the other iron pots; the one casting one inch thick standard bars, the other $\frac{3}{5}$ inch bars; the one delivering to the melter an exact weight of bullion from the Bullion Department, the other making over the same weight that is received from the tenderer; from which a greater loss might be expected in Calcutta than in Bombay. He further observes that melting losses are heavier with London bars and sycee silver than with any other classes, and that the proportion of these classes is generally larger at Calcutta than at Bombay. He continues—"such points as these must be taken into consideration in comparing the system of two Mints, and though I do not say they will account for all the difference of losses, I feel sure that they will tend to approximate them more closely."

9. The fact that it has been found possible without any change of system to reduce the losses in Calcutta in the last two years by about 50 per cent. in the melting process and 30 per cent. in the coining process, tends to show that there were good grounds for the special attention paid to the subject. The Governor General in Council has no doubt that the same attention will continue to be paid to it in both Mints that it has received during the last two years.

10. Under the head Salaries and Establishments, there is in the Calcutta Mint an increase each year over the last. The charge for extra operative establishments shows a steady increase, which is not satisfactory, considering the small amount coined in the last year. In the Bombay Mint there is a satisfactory saving in 1880-81, in extra operative establishments, corresponding to the falling-off in the coinage.

11. In the capital account of the Calcutta Mint the land occupied by the Mint is valued at Rs. 1,41,335. The Mint Master will be requested to explain on what principle the valuation has been made.

12. The sum of Rs. 43,495 was added to the capital expenditure on the Bombay Mint in finishing the weighing room to receive the new automaton

machines and in other improvements. The capital expenditure on the Calcutta Mint during the year was Rs. 47,276. The necessary alterations to the machinery of the copper mint at Calcutta for making cartridge metal for the Small Arms Ammunition Factory at Dum-Dum were nearly completed during the year, and some metal was manufactured in the last two months.

13. By the electro-plating process of adjusting coins adopted in the Bombay Mint a saving of about Rs. 3,000 has been effected in the charges.

14. The Governor General in Council has much pleasure in acknowledging the services of the Mint Masters, Colonel Tennant and Colonel White.

ORDERED, that this Resolution be published in the *Gazette of India*, and communicated to the Mint Masters, Calcutta and Bombay.

RESOLUTION.—From the returns received from the Government of Bombay a list has been prepared, and is appended to this Resolulion, of the articles which, on the information now before the Government of India, it is possible to procure of Indian manufacture. Many of the articles enumerated seem to be required by individual officers in small quantities at a time; but in the aggregate the quantity annually required for the public service in the Bombay Presidency and in other parts of India will probably be sufficient to induce local manufacturers to undertake the supply; and as it is expedient to encourage local industries by every legitimate means, the Governor General in Council requests that His Excellency the Governor of Bombay in Council will cause definite instructions to be issued to all the officers concerned to institute enquiries as to the cheapest and most convenient way of obtaining in future regular supplies of such goods of Indian manufacture as well as of any other goods which on enquiry it may be found feasible to add to the list. The Governor General in Council will be prepared to approve of contracts made by the Local Government with Indian manufacturers for the supply, for a term of years, of any of the articles if, in any case, such a course be found necessary in order to give to the manufacturers an assurance of the existence of a permanent and steady demand for goods which they would not otherwise undertake to make. Ordinarily such contracts need not be for more than five years in the first instance, and should be based on the average cost of the imported articles.

2. The existing sources of supply of most of the articles mentioned (so far as they are as yet known to the Government of India) have already been noticed in the Resolutions on the subject of the supply of stores published in the *Gazette of India* since the 23rd July last, and they need not be repeated here.

3. The manufacture of brown paper, cartridge paper, blotting-paper, and some other articles of stationery, as also various descriptions of cotton and woollen cloth and ironware, is now established in India. The Governor General in Council directs that wherever possible, with due regard to economy, such articles of Indian manufacture shall, in future, be substituted for European articles in the Presidency of Bombay as everywhere else in India.

ORDERED, that the foregoing Resolution be communicated to the Government of Bombay, with the request that the submission of the other returns promised may be expedited.

Ordered also, that the Resolution be communicated to the other Local Governments and Administrations, and be published in the *Gazette of India* for general information.

The 23rd September 1881.

No. 3194.

The following Order of Her Majesty the Queen in Council, dated the 15th July 1881, extending the provisions of the Foreign Deserters Act, 1852, to the crews of Danish ships when within Her Majesty's Dominions, is published for general information :—

AT THE COURT AT WINDSOR,
The 15th day of July 1881.

PRESENT :

The Queen's Most Excellent Majesty in Council.

Whereas by the "Foreign Deserters Act, 1852," it is provided that whenever it is made to appear to Her Majesty that due facilities are or will be given for recovering and apprehending seamen who desert from British merchant ships in the territories of any foreign power, Her Majesty may, by Order in Council, stating that such facilities are or will be given, declare that seamen, not being slaves, who desert from merchant ships belonging to a subject of such Power when within Her Majesty's dominions shall be liable to be apprehended and carried on board their respective ships, and may limit the operation of such Order, and may render the operation thereof subject to such conditions and qualifications, if any, as may be deemed expedient :

And whereas it hath been made to appear to Her Majesty that due facilities for recovering and apprehending seamen (not being Danish subjects) who desert from British merchant ships in territories belonging to His Majesty the King of Denmark, will be given under an Agreement between the Governments of Great Britain and Denmark, signed at London on the 21st of June, 1881.

Now, therefore, Her Majesty, by virtue of the powers vested in Her by the said "Foreign Deserters Act, 1852," and by and with the advice of Her Privy Council, is pleased to order and declare, and it is hereby ordered and declared, that from and after the publication hereof in the London Gazette, seamen, not being slaves (and not being British subjects), who desert from merchant ships belonging to subjects of the King of Denmark within her Majesty's dominions, shall be liable to be apprehended and carried on board their respective ships; provided always, that if any such deserter has committed any crime in Her Majesty's dominions he may be detained until he has been tried by a competent Court, and until his sentence (if any) has been fully carried into effect.

And Her Majesty, by virtue of the powers vested in Her by the said "Foreign Deserters Act, 1852," and by and with the advice of Her Privy Council, is further pleased to order and declare that upon and after the publication hereof in the London Gazette, the Order in Council relating to Seamen who desert from the merchant ships belonging to the subjects of the King of Denmark made, by virtue of the said Act, on the 13th day of June 1853, and published in the London Gazette on the 14th day of June 1853, shall be revoked, and the same is hereby revoked accordingly.

And the Secretary of State for the Home Department, the Secretary of State for the Colonies, and the Secretary of State for India in Council are to give the necessary directions herein accordingly.

C. L. PEEL.

No. 3218.—In exercise of the power conferred by Section 5 of Act XIV of 1874 (The Scheduled Districts Act), the Chief Commissioner of Assam is pleased, with the previous sanction of the Governor General in Council, to extend Act IV (B. C.) of 1881 (An Act to amend the Bengal Excise Act, 1878) to the Chief Commissionership of Assam.

No. 3222.—The Governor General in Council is pleased to abolish all mileage rates of travelling allowance for public officers for journeys by rail.

Public officers entitled under existing rules to a mileage rate for such journeys shall in lieu of such rate draw the allowances shown below :—

In lieu of a mileage of 3 annas—double first class fare.

In lieu of a mileage of less than 3 annas and not less than 1½ annas—double second class fare.

T. C. HOPE,
Offg. Secy. to the Govt. of India.

C. GRANT,
Secy. to the Govt. of India.

DEPARTMENT OF FINANCE AND COMMERCE.

NOTIFICATIONS.

Simla, the 7th October 1881.

No. 3398.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again the undermentioned papers regarding the supply of stores required for the public service in India :—

Financial Resolution		No. 3574, dated 3rd November 1880.
,,	,,	No. 953, dated 10th June 1881.
,,	Circular	No. 220, dated 28th April 1881.
,,	,,	No. 621, dated 14th May 1881.

Read also the undermentioned communications from the Home Department :—

No. 956, dated 8th July 1881.

No. 1222, dated 23rd August 1881.

RESOLUTION.—It appears that of the offices immediately subordinate to the Home Department, only the Medical Department purchased European stores in the local market during the last two years, for which returns were called for in the Circular of May last. The stores so purchased chiefly consisted of drugs, chemicals and chemical preparations, some of which were apparently of Indian manufacture.

2. The Governor General in Council accordingly directs that in future the following articles, as also any others which on enquiry it may hereafter be found feasible to procure of local manufacture, shall be obtained of Indian manufacture if not dearer than imported goods :—

Medical Store Department, 1879-80.

3. Chemicals and chemical preparations are largely made at the Cossipore Works belonging to Dr. Waldie, and perhaps in other places; and the cotton mills in India will, no doubt, undertake the supply of tape.

ORDERED, that the foregoing Resolution be communicated to the Home and Military Departments and to all Local Governments and Administrations for information and guidance.

Ordered also, that it be published in the *Gazette of India*.

The 5th October 1881.

No. 3427.—In paragraph 19 of the Resolution in the Department of Finance and Commerce, No. 3353, dated the 30th September 1881, after the words "The above figures thus fall into the Budget Estimate of," *read* "1881-82" *for* "1880-81."

ORDERED, that the above be published in the *Gazette of India*, and also communicated to—

The several Departments of the Government of India.

The several Local Governments and Accountants General, and the Comptroller General.

The 6th October 1881.

No. 3449.—Mr. H. G. H. Keene, Assistant Comptroller, having been appointed to be in charge of the office of Comptroller, British Burma, during the absence on privilege leave of Mr. E. Rule, received charge of the said office after noon on the 27th September 1881.

No. 3463.—Under the provisions of Section 63 of the Indian Post Office Act, 1866, the Governor General in Council is pleased to prescribe the following conditions under which the Post Office Department is authorised to accept cash payments in advance on account of the postage on newspapers to be transmitted by the Inland Post :—

The proprietor, manager, or publisher of any newspaper, as defined in the Post Office Act, may, at his option, compound with the Post Office, by a cash payment made in advance, for the amount of postage payable on the number of copies of such newspaper to be posted by him, for transmission by the Inland Post, during a given period.

Under the provisions of Section 20 of the same Act, the Governor General in Council is further pleased to prescribe the following rates of postage at which cash payments in advance shall be made :—

For every copy of newspaper not exceeding three tolas in weight ... ½ anna.

For every copy of a newspaper exceeding three tolas, but not exceeding ten tolas in weight ... ½ anna.

For every additional ten tolas or fraction of ten tolas ... ½ anna.

Provided that copies of newspapers packed in bundles and transmitted through the post to agents for sale shall be charged at half the above rates :

Provided also that exchange copies of newspapers sent gratuitously to the editors or managers of other newspapers shall be exempted from postage.

The Governor General in Council is further pleased to authorise the Director General of the Post Office to issue from time to time such rules as may be necessary for carrying out this system.

The 7th October 1881.

Letter from the Government of the North-Western Provinces and Oudh, No. 935A., dated 17th September 1881, forwarding returns showing European stores purchased in the local market during the last two years.

RESOLUTION.—In the Resolution dated 2nd September 1881, cited above, as also in the series of Resolutions published in the *Gazette of India* since 23rd July last, the course to be followed for the supply of the various kinds of stores required for the public service has been generally made known. From the returns now received from the Government of the North-Western Provinces and Oudh the appended list has been prepared showing the articles which should in future be obtained of Indian manufacture. There may be others which enquiry will show may also be so obtained, and the careful attention of the Government of the North-Western Provinces and Oudh should be given to the subject.

ORDERED, that the foregoing Resolution be communicated to the Government of the North-Western Provinces and Oudh, and to the other Local Governments and Administrations for information and guidance.

Ordered also, that it be published in the *Gazette of India*.

SCHEDULE.

An Act to amend the Law with respect to Fugitive Offenders in Her Majesty's Dominions, and for other Purposes connected with the Trial of Offenders. [*27th August, 1881*].

BE it enacted by the Queen's most Excellent Majesty, by and with the advice and consent of the Lords Spiritual and Temporal, and Commons, in this present Parliament assembled, and by the authority of the same, as follows (that is to say) :—

1. This Act may be cited as the Fugitive Offenders Act, 1881.

Short title.

PART I.

RETURN OF FUGITIVES.

2. Where a person accused of having committed an offence (to which this part of this Act applies) in one part of Her Majesty's dominions has left that part, such person (in this Act referred to as a fugitive from that part), if found in another part of Her Majesty's dominions, shall be liable to be apprehended and returned in manner provided by this Act to the part from which he is a fugitive.

Liability of fugitive to be apprehended and returned.

A fugitive may be so apprehended under an endorsed warrant or a provisional warrant.

3. Where a warrant has been issued in one part of Her Majesty's dominions for the apprehension of a fugitive from that part, any of the following authorities in another part of Her Majesty's dominions in or on the way to which the fugitive is or is suspected to be (that is to say),—

Endorsing of warrant for apprehension of fugitive.

(1) A Judge of a superior Court in such part, and

(2) In the United Kingdom a Secretary of State and one of the Magistrates of the Metropolitan Police Court in Bow Street, and

(3) In a British possession the Governor of that possession,

if satisfied that the warrant was issued by some person having lawful authority to issue the same, may endorse such warrant in manner provided by this Act; and the warrant so endorsed shall be a sufficient authority to apprehend the fugitive in the part of Her Majesty's dominions in which it is endorsed, and bring him before a Magistrate.

4. A Magistrate of any part of Her Majesty's dominions may issue a provisional warrant for the apprehension of a fugitive who is or is suspected of being in or on his way to that part on such information, and under such circumstances, as would in his opinion justify the issue of a warrant if the offence of which the fugitive is accused had been committed within his jurisdiction; and such warrant may be backed and executed accordingly.

Provisional warrant for apprehension of fugitive.

A Magistrate issuing a provisional warrant shall forthwith send a report of the issue, together with the information or a certified copy thereof, if he is in the United Kingdom, to a Secretary of State, and if he is in a British possession, to the Governor of that possession; and the Secretary of State or Governor may, if he think fit, discharge the person apprehended under such warrant.

5. A fugitive when apprehended shall be brought before a Magistrate, who (subject to the provisions of this Act) shall hear the case in the same manner and have the same jurisdiction and powers, as near as may be (including the power to remand and admit to bail), as if the fugitive were charged with an offence committed within his jurisdiction.

Dealing with fugitive when apprehended.

If the endorsed warrant for the apprehension of the fugitive is duly authenticated, and such evidence is produced as (subject to the provisions of this Act), according to the law ordinarily administered by the Magistrate, raises a strong or probable presumption that the fugitive committed the offence mentioned in the warrant, and that the offence is one to which this part of this Act applies, the Magistrate shall commit the fugitive to prison to await his return, and shall forthwith send a certificate of the committal and such report of the case as he may think fit, if in the United Kingdom to a Secretary of State, and if in a British possession to the Governor of that possession.

Where the Magistrate commits the fugitive to prison he shall inform the fugitive that he will not be surrendered until after the expiration of fifteen days, and that he has a right to apply for a writ of *habeas corpus*, or other like process.

A fugitive apprehended on a provisional warrant may be from time to time remanded for such reasonable time, not exceeding seven days at any one time, as under the circumstances seems requisite for the production of an endorsed warrant.

6. Upon the expiration of fifteen days after a fugitive has been committed to prison to await his return, or if a writ of *habeas corpus* or other like process is issued with reference to such fugitive by a superior Court, after the final decision of the Court in the case,

Return of fugitive by warrant.

(1) if the fugitive is so committed in the United Kingdom, a Secretary of State, and

(2) if the fugitive is so committed in a British possession, the Governor of that possession,

may, if he thinks it just, by warrant under his hand order that fugitive to be returned to the part of Her Majesty's dominions from which he is a fugitive, and for that purpose to be delivered into the custody of the persons to whom the warrant is addressed, or some one or more of them, and to be held in custody, and conveyed by sea or otherwise to the said part of Her Majesty's dominions, to be dealt with there in due course of law as if he had been there apprehended; and such warrant shall be forthwith executed according to the tenor thereof.

The Governor or other chief officer of any prison, on request of any person having the custody of a fugitive under any such warrant, and on payment or tender of a reasonable amount for expenses, shall receive such fugitive and detain him for such reasonable time as may be requested by the said person for the purpose of the proper execution of the warrant.

7. If a fugitive who, in pursuance of this part of this Act, has been committed to prison in any part of Her Majesty's dominions to await his return, is not conveyed out of that part within one month after such committal, a superior Court, upon application by or on behalf of the fugitive, and upon proof that reasonable notice of the intention to make such application has been given, if the said part is the United Kingdom to a Secretary of State, and if the said part is a British possession to the Governor of the possession, may, unless sufficient cause is shown to the contrary, order the fugitive to be discharged out of custody.

Discharge of person apprehended if not returned within one month.

8. Where a person accused of an offence and returned in pursuance of this part of this Act to any part of Her Majesty's dominions, either is not prosecuted for the said offence within six months after his arrival in that part, or is acquitted of the said offence, then if that part is the United Kingdom a Secretary of State, and if that part is a British possession the Governor of that possession, may, if he think fit, on the request of such person, cause him to be sent back free of cost and with as little delay as possible to the part of Her Majesty's dominions in or on his way to which he was apprehended.

Sending back of persons apprehended if not prosecuted within six months or acquitted.

9. This part of this Act shall apply to the following offences, namely, to treason and piracy, and to every offence, whether called felony, misdemeanour, crime, or by any other name, which is for the time being punishable in the part of Her Majesty's dominions in which it was committed, either on indictment or information, by imprisonment with hard labour for a term of twelve months or more, or by any greater punishment; and for the purposes of this section, rigourous imprisonment, and any confinement in a prison combined with labour, by whatever name it is called, shall be deemed to be imprisonment with hard labour.

Offences to which this part of this Act applies.

This part of this Act shall apply to an offence notwithstanding that by the law of the part of Her Majesty's dominions in or on his way to which the fugitive is or is suspected of being it is not an offence, or not an offence to which this part of this Act applies; and all the provisions of this part of this Act, including those relating to a provisional warrant and to a committal to prison, shall be construed as if the offence were in such last-mentioned part of Her Majesty's dominions an offence to which this part of this Act applies.

10. Where it is made to appear to a superior Court that by reason of the trivial nature of the case, or by reason of the application for the return of a fugitive not being made in good faith in the interests of justice or otherwise, it would, having regard to the distance, to the facilities for communication, and to all the circumstances of the case, be unjust or oppressive or too severe a punishment to return the fugitive, either at all or until the expiration of a certain period, such Court may discharge the fugitive, either absolutely or on bail, or order that he shall not be returned until after the expiration of the period named in the order, or may make such other order in the premises as to the Court seems just.

Powers of superior Court to discharge fugitive when case frivolous or return unjust.

11. In Ireland the Lord Lieutenant or Lords Justices or other Chief Governor or Governors of Ireland, also the Chief Secretary of such Lord Lieutenant, may, as well as a Secretary of State, execute any portion of the powers by this part of this Act vested in a Secretary of State.

Power of Lord Lieutenant in Ireland.

PART II.

INTER-COLONIAL BACKING OF WARRANTS, AND OFFENCES.

Application of Part of Act.

12. This part of this Act shall apply only to those groups of British possessions to which, by reason of their contiguity or otherwise, it may seem expedient to Her Majesty to apply the same.

Application of part of Act to group of British possessions.

It shall be lawful for Her Majesty from time to time by Order in Council to direct that this

part of this Act shall apply to the group of British possessions mentioned in the Order, and by the same or any subsequent Order to except certain offences from the application of this part of this Act, and to limit the application of this part of this Act by such conditions, exceptions and qualifications as may be deemed expedient.

Backing of Warrants.

Backing in one British possession of warrant issued in another of same group.

13. Where in a British possession of a group to which this part of this Act applies a warrant has been issued for the apprehension of a person accused of an offence punishable by law in that possession, and such person is or is suspected of being in or on the way to another British possession of the same group, a Magistrate in the last-mentioned possession, if satisfied that the warrant was issued by a person having lawful authority to issue the same, may endorse such warrant in manner provided by this Act; and the warrant so endorsed shall be a sufficient authority to apprehend, within the jurisdiction of the endorsing Magistrate, the person named in the warrant, and bring him before the endorsing Magistrate or some other Magistrate in the same British possession.

Return of prisoner apprehended under backed warrant.

14. The Magistrate before whom a person so apprehended is brought, if he is satisfied that the warrant is duly authenticated as directed by this Act and was issued by a person having lawful authority to issue the same, and is satisfied on oath that the prisoner is the person named or otherwise described in the warrant, may order such prisoner to be returned to the British possession in which the warrant was issued, and for that purpose to be delivered into the custody of the persons to whom the warrant is addressed, or any one or more of them, and to be held in custody and conveyed by sea or otherwise into the British possession in which the warrant was issued, there to be dealt with according to law as if he had been there apprehended. Such order for return may be made by warrant under the hand of the Magistrate making it, and may be executed according to the tenor thereof.

A Magistrate shall, so far as is requisite for the exercise of the powers of this section, have the same power, including the power to remand and admit to bail a prisoner, as he has in the case of a person apprehended under a warrant issued by him.

Backing in one British possession of summons, &c., of witness issued in another possession of same group.

15. Where a person required to give evidence on behalf of the prosecutor or defendant on a charge for an offence punishable by law in a British possession of a group to which this part of this Act applies, is or is suspected of being in or on his way to any other British possession of the same group, a Judge, Magistrate or other officer who would have lawful authority to issue a summons requiring the attendance of such witness, if the witness were within his jurisdiction, may issue a summons for the attendance of such witness; and a Magistrate in any other British possession of the same group, if satisfied that the summons was issued by some Judge, Magistrate or officer having lawful authority as aforesaid, may endorse the summons with his name; and the witness, on service in that possession of the summons, so endorsed, and on payment or tender of a reasonable amount for his expenses, shall obey the summons, and in default shall be liable to be tried and punished either in the possession in which he served or in the possession in which the summons was issued, and shall be liable to the punishment imposed by the law of the possession in which he is tried for the failure of a witness to obey such a summons. The expression "summons" in this section includes any subpœna or other process for requiring the attendance of a witness.

Provisional warrant in group of British possessions.

16. A Magistrate in a British possession of a group to which this part of this Act applies, before the endorsement in pursuance of this part of this Act of a warrant for the apprehension of any person, may issue a provisional warrant for the apprehension of that person, on such information and under such circumstances as would in his opinion justify the issue of a warrant if the offence of which such person is accused were an offence punishable by the law of the said possession, and had been committed within his jurisdiction; and such warrant may be backed and executed accordingly: Provided that a person arrested under such provisional warrant shall be discharged unless the original warrant is produced and endorsed within such reasonable time as may under the circumstances seem requisite.

Discharge of prisoner not returned within one month to British possession of same group.

17. If a prisoner in a British possession whose return is authorized in pursuance of this part of this Act is not conveyed out of that possession within one month after the date of the warrant ordering his return, a Magistrate or superior Court, upon application by or on behalf of the prisoner, and upon proof that reasonable notice of the intention to make such application has been given to the person holding the warrant and to the chief officer of the police of such possession or of the province or town where the prisoner is in custody, may, unless sufficient cause is shown to the contrary, order such prisoner to be discharged out of custody.

Any order or refusal to make an order of discharge by a Magistrate under this section shall be subject to appeal to a superior Court.

Sending back of prisoner not prosecuted or acquitted to British possession of same group.

18. Where a prisoner accused of an offence is returned in pursuance of this part of this Act to a British possession, and either is not prosecuted for the said offence within six months after his arrival in that possession or is acquitted of the said offence, the Governor of that possession, if he thinks fit, may, on the requisition of such person, cause him to be sent back, free of cost, and with as little delay as possible, to the British possession in or on his way to which he was apprehended.

Refusal to return prisoner where offence too trivial.

19. Where the return of a prisoner is sought or ordered under this part of this Act and it is made to appear to a Magistrate or to a superior Court that by reason of the trivial nature of the case, or by reason of the application for the return of such prisoner not being made in good faith in the interests of justice or otherwise, it would, having regard to the distance, to the facilities of communication and to all the circumstances of the case, be unjust or oppressive, or too severe a punishment, to return the prisoner either at all or until the expiration of a certain period, the Court or Magistrate may discharge the prisoner either absolutely or on bail, or order that he shall not be returned until after the expiration of the period named in the order, or may make such other order in the premises as to the Magistrate or Court seems just.

Any order or refusal to make an order of discharge by a Magistrate under this section shall be subject to an appeal to a superior Court.

PART III.

TRIAL, &c., OF OFFENCES.

Offences committed on boundary of two adjoining British possessions.

20. Where two British possessions adjoin, a person accused of an offence committed on or within the distance of five hundred yards from the common boundary of such possessions may be apprehended, tried and punished in either of such possessions.

Offences committed on journey between two British possessions.

21. Where an offence is committed on any person or in respect of any property in or upon any carriage, cart or vehicle whatsoever employed in a journey, or on board any vessel whatsoever employed in a navigable river, lake, canal or inland navigation, the person accused of such offence may be tried in any British possession through a part of which such carriage, cart, vehicle or vessel passed in the course of the journey or voyage during which the offence was committed; and where the side, bank, centre or other part of the road, river, lake, canal or inland navigation along which the carriage, cart, vehicle or vessel passed in the course of such journey or voyage is the boundary of any British possession, a person may be tried for such offence in any British possession of which it is the boundary:

Provided that nothing in this section shall authorise the trial for such offence of a person who is not a British subject, where it is not shown that the offence was committed in a British possession.

Trial of offence of false swearing or giving false evidence.

22. A person accused of the offence (under whatever name it is known) of swearing or making any false deposition, or of giving or fabricating any false evidence, for the purposes of this Act, may be tried either in the part of Her Majesty's dominions in which such deposition or evidence is used, or in the part in which the same was sworn, made, given or fabricated, as the justice of the case may require.

Supplemental provision as to trial of person in any place.

23. Where any part of this Act provides for the place of trial of a person accused of an offence, that offence shall, for all purposes of and incidental to the apprehension, trial and punishment of such person, and of and incidental to any proceedings and matters preliminary, incidental to, or consequential thereon, and of and incidental to the jurisdiction of any Court, constable, or officer with reference to such offence, and to any person accused of such offence, be deemed to have been committed in any place in which the person accused of the offence can be tried for it; and such person may be punished in accordance with the Courts (Colonial) Jurisdiction Act, 1874.

Issue of search-warrant.

24. Where a warrant for the apprehension of a person accused of an offence has been endorsed in pursuance of any part of this Act in any part of Her Majesty's dominions, or where any part of the Act provides for the place of trial of a person accused of an offence, every Court and Magistrate of the part in which the warrant is endorsed or the person accused of the offence can be tried shall have the same power of issuing a warrant to search for any property alleged to be stolen or to be otherwise unlawfully taken or obtained by such person, or otherwise to be the subject of such offence, as that Court or Magistrate would have if the property had been stolen or otherwise unlawfully taken or obtained, or the offence had been committed wholly within the jurisdiction of such Court or Magistrate.

Removal of prisoner by sea from one place to another.

25. Where a person is in legal custody in a British possession either in pursuance of this Act or otherwise, and such person is required to be removed in custody to another place in or belonging to the same British possession, such person, if removed by sea in a vessel belonging to Her Majesty or any of Her Majesty's subjects, shall be deemed to continue in legal custody until he reaches the place to which he is required to be removed; and the provisions of this Act with respect to the retaking of a prisoner who has escaped, and with respect to the trial and punishment of a person guilty of the offence of escaping or attempting to escape, or aiding or attempting to aid a prisoner to escape, shall apply to the case of a prisoner escaping while being lawfully removed as aforesaid, in like manner as if he were being removed in pursuance of a warrant endorsed in pursuance of this Act.

PART IV.

SUPPLEMENTAL.

Warrants and Escape.

Endorsement of warrant.

26. An endorsement of a warrant in pursuance of this Act shall be signed by the authority endorsing the same, and shall authorise all or any of the persons named in the endorsement, and of the persons to whom the warrant was originally directed, and also every constable, to execute the warrant within the part of Her Majesty's dominions or place within which such endorsement is by this Act made a sufficient authority, by apprehending the person named in it, and bringing him before some Magistrate in the said part or place, whether the Magistrate named in the endorsement or some other.

For the purposes of this Act every warrant, summons, subpœna, and process, and every endorsement made in pursuance of this Act thereon, shall remain in force, notwithstanding that the person signing the warrant or such endorsement dies or ceases to hold office.

Conveyance of fugitives and witnesses.

27. Where a fugitive or prisoner is authorised to be returned to any part of Her Majesty's dominions in pursuance of Part One or Part Two of this Act, such fugitive or prisoner may be sent thither in any ship belonging to Her Majesty or to any of her subjects.

For the purpose aforesaid, the authority signing the warrant for the return may order the master of any ship belonging to any subject of Her Majesty bound to the said part of Her Majesty's dominions to receive and afford a passage and subsistence during the voyage to such fugitive or prisoner, and to the person having him in custody, and to the witnesses, so that such master be not required to receive more than one fugitive or prisoner for every hundred tons of his ship's registered tonnage, or more than one witness for every fifty tons of such tonnage.

The said authority shall endorse or cause to be endorsed upon the agreement of the ship such particulars with respect to any fugitive, prisoner or witness sent in her as the Board of Trade from time to time require.

Every such master shall, on his ship's arrival in the said part of Her Majesty's dominions, cause such fugitive or prisoner, if he is not in the custody of any person, to be given into the custody of some constable, there to be dealt with according to law.

Every master who fails on payment or tender of a reasonable amount for expenses to comply with an order made in pursuance of this section, or to cause a fugitive or prisoner committed to his charge to be given into custody as required by this section, shall be liable on summary conviction to a fine not exceeding fifty pounds, which may be recovered in any part of Her Majesty's dominions in like manner as a penalty of the same amount under the Merchant Shipping Act, 1854, and the Acts amending the same.

Escape of prisoner from custody.

28. If a prisoner escape, by breach of prison or otherwise, out of the custody of a person acting under a warrant issued or endorsed in pursuance of this Act, he may be retaken in the same manner as a person accused of a crime against the law of that part of Her Majesty's dominions to which he escapes may be retaken upon an escape.

A person guilty of the offence of escaping or of attempting to escape, or of aiding or attempting to aid a prisoner to escape, by breach of prison or otherwise, from custody under any warrant issued or endorsed in pursuance of this Act, may be tried in any of the following parts of Her Majesty's dominions, namely, the part to which and the part from which the prisoner is being removed, and the part in which the prisoner escapes, and the part in which the offender is found.

Evidence.

Depositions to be evidence, and authentication of depositions and warrants.

29. A Magistrate may take depositions for the purposes of this Act in the absence of a person accused of an offence in like manner as he might take the same if such person were present and accused of the offence before him.

Depositions (whether taken in the absence of the fugitive or otherwise) and copies thereof, and official certificates of or judicial documents stating facts, may, if duly authenticated, be received in evidence in proceedings under this Act:

Provided that nothing in this Act shall authorise the reception of any such depositions, copies, certificates, or documents in evidence against a person upon his trial for an offence.

Warrants and depositions, and copies thereof, and official certificates of or judicial documents stating facts, shall be deemed duly authenticated for the purposes of this Act if they are authenticated in manner provided for the time being by law, or if they purport to be signed by or authenticated by the signature of a Judge, Magistrate, or officer of the part of Her Majesty's dominions in which the same are issued, taken, or made, and are authenticated either by the oath of some witness, or by being sealed with the official seal of a Secretary of State, or with the public seal of a British possession, or with the official seal of a Governor of a British possession, or of a Colonial Secretary, or of some Secretary or Minister administering a department of the Government of a British possession.

And all Courts and Magistrates shall take judicial notice of every such seal as is in this section mentioned, and shall admit in evidence without further proof the documents authenticated by it.

Miscellaneous.

Provision as to exercise of jurisdiction by Magistrates.

30. The jurisdiction under Part I of this Act to hear a case and commit a fugitive to prison to await his return shall be exercised—

(1) In England, by a chief Magistrate of the Metropolitan Police Courts or one of the other Magistrates of the Metropolitan Police Court at Bow Street; and

(2) In Scotland, by the Sheriff or Sheriff Substitute of the county of Edinburgh; and

(3) In Ireland, by one of the police Magistrates of the Dublin Metropolitan Police District; and

(4) In a British possession, by any Judge, Justice of the Peace, or other officer having the like jurisdiction as one of the Magistrates of the Metropolitan Police Court in Bow Street, or by such other Court, Judge, or Magistrate as may be from time to time provided by an Act or Ordinance passed by the legislature of that possession.

If a fugitive is apprehended and brought before a Magistrate who has no power to exercise the jurisdiction under this Act in respect of that fugitive, that Magistrate shall order the fugitive to be brought before some Magistrate having that jurisdiction, and such order shall be obeyed.

Power as to making and revocation of Orders in Council.

31. It shall be lawful for Her Majesty in Council from time to time to make Orders for the purposes of this Act, and to revoke and vary any Order so made; and every Order so made shall while it is in force have the same effect as if it were enacted in this Act.

An Order in Council made for the purposes of this Act shall be laid before Parliament as soon as may be after it is made if Parliament is then in session, or if not, as soon as may be after the commencement of the then next session of Parliament.

Power of legislature of British possession to pass laws for carrying into effect this Act.

32. If the legislature of a British possession pass any Act or Ordinance—

(1) For defining the offences committed in that possession to which this Act or any part thereof is to apply, or

(2) For determining the Court, Judge, Magistrate, officer or person by whom and the manner in which any jurisdiction or power under this Act is to be exercised, or

(3) For payment of the costs incurred in returning a fugitive or a prisoner, or in sending him back if not prosecuted or if acquitted, or otherwise in the execution of this Act, or

(4) In any manner for the carrying of this Act or any part thereof into effect in that possession,

it shall be lawful for Her Majesty by Order in Council to direct, if it seems to Her Majesty in Council necessary or proper for carrying into effect the objects of this Act, that such Act or Ordinance, or any part thereof, shall with or without modification or alteration be recognised and given effect to throughout Her Majesty's dominions and on the high seas as if it were part of this Act.

Application of Act.

Application of Act to offences at sea or triable in several parts of Her Majesty's dominions.

33. Where a person accused of an offence can, by reason of the nature of the offence, or of the place in which it was committed, or otherwise, be, under this Act or otherwise, tried for or in respect of the offence in more than one part of Her Majesty's dominions, a warrant for the apprehension of such person may be issued in any part of Her Majesty's dominions in which he can, if he happens to be there, be tried; and each part of this Act shall apply as if the offence had been committed in the part of Her Majesty's dominions where such warrant is issued; and such person may be apprehended and returned in pursuance of this Act, notwithstanding that in the place in which he is apprehended a Court has jurisdiction to try him:

Provided that if such person is apprehended in the United Kingdom a Secretary of State, and if he is apprehended in a British possession, the Governor of such possession, may, if satisfied that, having regard to the place where the witnesses for the prosecution and for the defence are to be found, and to all the circumstances of the case, it would be conducive to the interests of justice so to do, order such person to be tried in the part of Her Majesty's dominions in which he is apprehended; and in such case any warrant previously issued for his return shall not be executed.

Application of Act to convicts.

34. Where a person convicted by a Court in any part of Her Majesty's dominions of an offence committed either in Her Majesty's dominions or elsewhere, is unlawfully at large before the expiration of his sentence, each part of this Act shall apply to such person, so far as is consistent with the tenor thereof, in like manner as it applies to a person accused of the like offence committed in the part of Her Majesty's dominions in which such person was convicted.

Application of Act to removal of person triable in more than one part of Her Majesty's dominions.

35. Where a person accused of an offence is in custody in some part of Her Majesty's dominions, and the offence is one for or in respect of which, by reason of the nature thereof or of the place in which it was committed or otherwise, a person may under this Act or otherwise be tried in some other part of Her Majesty's dominions, in such case a superior Court, and also if such person is in the United Kingdom a Secretary of State, and if he is in a British possession the Governor of that possession, is satisfied that, having regard to the place where the witnesses for the prosecution and for the defence are to be found, and to all the circumstances of the case, it would be conducive to the interests of justice so to do, may by warrant direct the removal of such offender to some other part of Her Majesty's dominions in which he can be tried, and the offender may be returned, and, if not prosecuted or acquitted, sent back free of cost in like manner as if he were a fugitive returned in pursuance of Part One of this Act, and the warrant were a warrant for the return of such fugitive; and the provisions of this Act shall apply accordingly.

Application of Act to foreign jurisdiction.

36. It shall be lawful for Her Majesty from time to time by Order in Council to direct that this Act shall apply as if, subject to the conditions, exceptions, and qualifications (if any) contained in the Order, any place out of Her Majesty's dominions in which Her Majesty has jurisdiction, and which is named in the Order, were a British possession, and to provide for carrying into effect such application.

Application of Act to, and execution of warrant in United Kingdom, Channel Islands, and Isle of Man.

37. This Act shall extend to the Channel Islands and Isle of Man as if they were part of England and of the United Kingdom; and the United Kingdom and those islands shall be deemed for the purpose of this Act to be one part of Her Majesty's dominions; and a warrant endorsed in pursuance of Part One of this Act may be executed in every place in the United Kingdom and the said islands accordingly.

Application of Act to past offences.

38. This Act shall apply where an offence is committed before the commencement of this Act, or, in the case of Part Two of this Act, before the application of that part to a British possession or to the offence, in like manner as if such offence had been committed after such commencement or application.

2333 *E.-P.*—The following extract from the *London Gazette* of the 2nd September 1881 is published for general information:—

At the Court at *Holyrood Palace*, the 26th day of *August* 1881.

PRESENT:

The QUEEN'S Most Excellent Majesty.

His Royal Highness the Duke of Connaught and Strathearne. | Earl of Rosebery.
Lord President. | Mr. Secretary Childers.

WHEREAS by an Act passed in the 37th year of Her Majesty's reign, chapter 88, intituled "The Slave Trade Act, 1873," it was, amongst other things, provided that, where any Treaty in relation to the Slave Trade is made after the passing of that Act, by or on behalf of Her Majesty with any Foreign State, Her Majesty may, by Order in Council, direct that as from such date, not being earlier than the date of the Treaty, as may be specified in the Order, such Treaty shall be deemed to be an existing Slave Trade Treaty within the meaning of the Act, and it was further provided that thereupon (as from the said date, or, if no date should be specified, as from the date of such Order) all the provisions of the Act should apply and be construed accordingly.

And whereas on the 25th day of January 1880, a Treaty or Convention for the suppression of the African Slave Trade was concluded between Her Majesty and His Majesty the Emperor of the Ottomans, in the following terms, that is to say:—

"Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and His Majesty the Emperor of the Ottomans, being mutually animated by a sincere desire to co-operate for the extinction of the traffic in African slaves, have resolved to conclude a Convention for the purpose of attaining this object, and with this view have named as their Plenipotentiaries, that is to say:—

"Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, the Right Honourable Sir Austen Henry Layard, Her Majesty's Ambassador Extraordinary and Plenipotentiary at the Sublime Porte;

"And His Majesty the Empéror of the Ottomans, Sawas Pasha, His Majesty's Minister for Foreign Affairs;

"Who, having communicated to each other their respective full powers found in good and due form, have agreed upon and concluded the following Articles:—

"ARTICLE I.

"His Imperial Majesty the Emperor of the Ottomans, whilst renewing absolutely the prohibition of the Slave Trade, engages to forbid from henceforward the importation of African slaves into any part of the Ottoman dominions or its dependencies, or their transit through Ottoman territories by sea; and to punish, in the manner provided by Ottoman law, and in conformity with the provisions of the Firman of the year A.H. 1273 (A.D. 1857), any person or persons amenable to Ottoman jurisdiction who may be found engaged, directly or indirectly, in the traffic in African slaves. His Majesty further engages to prohibit the exportation of black slaves from the Ottoman Empire to foreign parts, except when accompanying their masters or mistresses as domestic servants, in which case each slave, man or woman, shall be furnished with a certificate stating his or her age, and otherwise describing them, and stating the particular capacity in which they accompany their master or mistress; and in the event of their not being furnished with such certificates they shall be set free, and the parties attempting to export them shall be liable to punishment; and all free blacks leaving the Ottoman territories shall, on application to the Ottoman authorities, be furnished with passports certifying that they are free and at liberty to dispose of themselves without restriction or reserve.

"ARTICLE II.

"Any person or persons not being Ottoman subjects, who may be found engaged in the African Slave Traffic, either directly or indirectly, within the Ottoman dominions, or on board Ottoman vessels, shall, together with their accomplices, if any, be handed over for trial according to the laws of the country with the depositions (*procès-verbaux*) drawn up by the Ottoman superior authority of the place where the traffic has been proved; and all other documents or evidence ('éléments de conviction') handed over by the said authority, and destined to serve as proofs at the trial of the

"Sa Majesté la Reine du Royaume Uni de la Grande Bretagne et d'Irlande, et Sa Majesté l'Empereur des Ottomans, étant animés mutuellement du désir sincère de coopérer à la cessation du trafic des esclaves d'Afrique, ont résolu de conclure une Convention avec l'intention d'atteindre cet objet. Dans ce but ils ont nommé comme leurs Plénipotentiaires:—

"Sa Majesté la Reine du Royaume Uni de la Grande Bretagne et d'Irlande, le Très-Honorable Sir Austen Henry Layard, Ambassadeur Extraordinaire et Plénipotentiaire de Sa Majesté près la Sublime Porte;

"Et Sa Majesté l'Empereur des Ottomans, Sawas Pacha, son Ministre des Affaires Etrangères;

"Lesquels se sont communiqués mutuellement leurs pleins pouvoirs respectifs, trouvés en bonne et due forme, et ont convenu et arrêté les Articles suivants:—

"ARTICLE I.

"Sa Majesté l'Empereur des Ottomans, renouvelant d'une manière absolue la défense du trafic des nègres, s'engage à prohiber l'importation des esclaves d'Afrique dans toutes les parties de l'Empire Ottoman ou ses dépendances, leur passage à travers le territoire Ottoman par mer, et à punir, suivant les dispositions prévues par la loi Ottomane et conformément aux dispositions du Firman de l'Année 1273 (A.D. 1857), toute personne ou toutes personnes justiciables des Tribunaux Ottomans qui se trouveraient, mêlées soit directement, soit indirectement, au trafic des noirs. Sa Majesté s'engage aussi à interdire l'exportation des esclaves noirs du territoire Ottoman à l'étranger, sauf le cas où ils auraient à accompagner leurs maîtres ou maîtresses en qualité de domestiques attachés à leurs personnes. Dans ce cas, chaque esclave, homme ou femme, sera muni d'un certificat constatant son age, ainsi que tout autre signe distinctif, et mentionnant tout particulièrement en quelle qualité il accompagne son maître ou sa maîtresse. Dans le cas où il ne sera pas muni de pareil certificat, il sera affranchi, et ceux qui tenteraient de l'exporter seront passibles de punition.

"Tous les noirs affranchis qui quitteront l'Empire Ottoman recevront des autorités Ottomanes des passeports constatant qu'ils sont affranchis et libres, et qu'ils disposent de leurs personnes sans restriction ou réserve.

"ARTICLE II.

"Toute personne ou toutes personnes non-sujettes Ottomanes qui peuvent être mêlées du trafic des noirs, soit directement, soit indirectement, dans les limites de l'Empire Ottoman ou à bord d'un navire Ottoman seront saisies, ainsi que leurs complices, si elles en ont, pour subir leur jugement conformément aux lois du pays.

"Elles seront accompagnées des procès verbaux dressés par l'autorité supérieure Ottomane, de l'endroit où le trafic aura été constaté, et de tous les autres éléments de conviction, fournis par la susdite autorité, destinés à servir de preuves, lors

offenders, so far as those laws may admit of such proof.

"All African slaves found in the possession of a dealer in slaves shall be liberated and dealt with in conformity with the provisions of Article III of the present Convention.

"ARTICLE III.

"Taking into consideration the impossibility of sending back to their homes African slaves who may be captured from slave dealers and liberated, without exposing them to the risk of perishing from fatigue or want, or from falling again into slavery, the Ottoman Government engages to adopt adequate measures to insure the freedom of such captured Africans, and to see that they are properly cared for.

"ARTICLE IV.

"His Imperial Majesty engages to pursue as criminals all persons who may be found engaged in the mutilation of, or traffic in, children. If such persons are amenable to Ottoman jurisdiction they shall be handed over to the Ottoman Tribunals and punished according to Ottoman law; if they are not amenable to Ottoman jurisdiction, that is to say, if the criminals are not Ottoman subjects and the crime has not been committed on Ottoman territory, then they shall be handed over to the competent Tribunals, to be dealt with according as the law of their country directs, together with the depositions (*procès-verbaux*) and other documents or evidence ('éléments de conviction'), as laid down in Article II.

"ARTICLE V.

"With the view to the more effectual suppression of the Traffic in African Slaves in the Red Sea, His Majesty the Emperor of the Ottomans agrees that British cruizers may visit, search, and, if necessary, detain, in order to hand over to the nearest or most convenient Ottoman authority or to the competent authorities according to Article IV, for trial, any Ottoman vessel which may be found engaged in the traffic in African slaves, as well as any Ottoman vessel which may fairly be suspected of being intended for that traffic, or which may have been engaged in it on the voyage during which she has been met with.

"This right of visit and detention may be exercised in the Red Sea, in the Gulf of Aden, on the coast of Arabia, in the Persian Gulf, and on the East Coast of Africa, and in Ottoman maritime waters where no constituted authorities exist; and any vessel which may be detained by a British cruizer under the provisions of this Convention shall, together with her cargo and crew, be handed over for trial to the nearest or most convenient Ottoman authority, or to the competent authorities according to Article IV.

"Should there be good reason for believing that vessels sailing under the Ottoman flag which may be found in Ottoman harbours or waters have African slaves on board for purposes of traffic, or have been employed in the African

du procès des inculpés, en tant que ces lois admettent de pareilles preuves.

"Tous les noirs trouvés en la possession de marchands d'esclaves seront affranchis, et on agira à leur égard conformément aux dispositions de l'Article III de la présente Convention.

"ARTICLE III.

"Prenant en considération l'impossibilité de renvoyer dans leurs foyers les esclaves d'Afrique qui seraient capturés des marchands d'esclaves et affranchis, sans les exposer au risque de périr de fatigue et de faim ou de tomber de nouveau sous le joug de l'esclavage, le Gouvernement Ottoman s'engage à prendre les mesures convenables pour assurer la liberté des noirs qui viendraient à être capturés, et à veiller à ce qu'ils soient convenablement soignés.

"ARTICLE IV.

"Sa Majesté Impériale s'engage à poursuivre comme criminels toutes les personnes qui se trouveraient compromises dans des actes de mutilation ou de trafic d'enfants. Si ces personnes sont justiciables des Tribunaux Ottomans elles seront livrées aux Tribunaux Ottomans et punies suivant la loi Ottomane. Dans le cas contraire, c'est à dire, dans le cas où le criminel n'est pas sujet Ottoman et le crime n'a pas été perpétré sur le territoire Ottoman, elles seront consignées entre les mains du Tribunal compétent, qui agira à leur égard suivant les lois du pays dont elles relèvent. Elles seront accompagnées de procès-verbaux et d'autres éléments de conviction, comme il est dit dans l'Article II.

"ARTICLE V.

"Dans le but d'opérer d'une manière réelle la suppression du trafic des nègres dans la Mer Rouge, Sa Majesté l'Empereur des Ottomans consent à ce que les croiseurs Anglais soumettent à la visite et aux recherches, et s'il est nécessaire à la détention, pour en faire la remise à l'autorité Ottomane la plus proche ou la plus compétente ou bien à qui de droit conformément à l'Article IV, et lui faire subir son jugement tout navire Ottoman qui se trouverait impliqué dans le trafic des noirs comme aussi tout navire Ottoman qui pourrait à juste titre être suspect d'être destiné à opérer ce traffic ou qui l'aurait exercé dans le cours du voyage où il a été rencontré.

"Ce droit de visite et de détention pourra être exercé dans la Mer Rouge, dans le Golfe d'Aden, sur la côte Arabique, dans le Golfe Persique, sur la Côte Orientale de l'Afrique ainsi que dans toutes les eaux maritimes Ottomanes, même dans l'absence d'autorité constituée. Tout navire qui serait détenu par un croiseur Anglais à teneur des dispositions de cette Convention, sera consigné, ainsi que son chargement et son équipage, à l'autorité Ottomane la plus proche ou la plus compétente, ou bien à qui de droit conformément à l'Article IV pour qu'il soit procédé à son jugement.

"Dans le cas où l'on aurait lieu de croire que des navires sous pavillon Ottoman, rencontrés dans les ports ou eaux Ottomans, ont des noirs à bord dans le but d'en faire le commerce, ou bien des navires dont dont serait servi pour le trafic des

Slave Traffic during the voyage on which they have been last engaged, such vessels, on being denounced by the Commander or other commissioned officer of a British cruizer, or by a British Consular Officer, shall be immediately searched by the Ottoman authorities, and any slaves who may be found on board shall be released and manumitted, and the vessel, her master, officers, and all persons who shall be proved to have acted in connivance with them, handed over to the competent Ottoman authorities, to be dealt with in accordance with Ottoman laws for the suppression of Slave Traffic.

"All African slaves captured by a British cruizer on board an Ottoman vessel shall be at the disposal of the Ottoman authorities, or of the nearest authorities in the event of there being no Ottoman authorities in the vicinity, with a view of securing to such slaves their freedom; and the vessel and her cargo shall be handed over for trial to the nearest or most convenient Ottoman authority, or to the competent authorities according to Article IV.

"Her Majesty the Queen of Great Britain and Ireland agrees, on her part, that all vessels navigating under the British flag in the Red Sea, in the Gulf of Aden, on the coast of Arabia, in the Persian Gulf, and on the East Coast of Africa, or in the inland waters of the Ottoman Empire and its dependencies, which may be found engaged in the traffic in African slaves, or which may fairly be suspected of being intended for that traffic, or which may have been engaged in it on the voyage during which she has been met with, may be visited, seized, and detained by the Ottoman authorities or cruizers; but it is agreed that the vessel and its cargo shall, together with its crew, be handed over to the nearest British authority for trial.

"The captured slaves shall be released by the Ottoman authorities, and shall remain at their disposal.

"If the competent Tribunal should decide that the seizure, detention, or prosecution was unjustifiable, the Government of the cruizer making the capture will be liable to pay to the Government of the prize a compensation appropriate to the circumstances of the case.

"It is expressly and formally understood that none of the foregoing provisions apply to the ships of war of either country, which cannot in any case, nor under any pretext, be searched.

"ARTICLE VI.

"With the view to avoid any undue interference on the part of British cruizers engaged in the suppression of the Slave Trade with Ottoman vessels whose crews may be composed in whole or in part of African slaves, it is hereby agreed that every Ottoman vessel manned wholly or partly by African slaves shall be furnished with papers stating the voyage or employment on which she is engaged, and the number and description of the slaves on board, and any larger number of African slaves found on board than is authorised by the ship's papers shall render the vessel liable to detention and to be sent for adjudication before a competent Tribunal.

noirs durant le dernier voyage qu'ils auraient accompli, sur la dénonciation faite par le Commandant ou tout autre officier commissionné d'un croiseur Anglais, ou par un fonctionnaire Consulaire Britannique, les autorités Ottomanes opéreront immédiatement des recherches. Tous les esclaves trouvés à bord de ces navires seront mis en liberté et affranchis; le navire, le capitaine, les officiers, et tous ceux qui seront convaincus d'avoir été de connivance avec eux seront consignés aux autorités compétentes Ottomanes, qui agiront à leur égard à teneur des dispositions de la loi Ottomane concernant la suppression du trafic des nègres.

"Tous les esclaves d'Afrique capturés par un croiseur Anglais à bord d'un navire Ottoman seront placés à la disposition des autorités Ottomanes, et dans le cas où il n'y aurait pas d'autorité Ottomane à proximité, aux autorités les plus rapprochées, à l'effet de les proclamer libres. Le navire et son chargement seront consignés pour être jugés à l'autorité Ottomane la plus proche ou la plus compétente, ou á qui de droit conformément aux prescriptions de l'Article IV.

"Sa Majesté la Reine de la Grande Bretagne consent de son côté à ce que tous les navires naviguant sous Pavillon Anglais dans la Mer Rouge, le Golfe d'Aden, sur la côte Arabique, dans le Golfe Persique, et sur la Côte Orientale d'Afrique, ou dans les eaux intérieures de l'Empire Ottoman et de ses dépendances qui se trouveraient mêlés dans le trafic des nègres, comme aussi tout navire qui pourrait à juste titre être suspecté d'être destiné à opérer ce trafic, ou qui l'aurait exercé dans le cours du voyage où il a été rencontré, soient visités, saisis, et détenus par les autorités ou les croiseurs Ottomans. Mais il est entendu que ces navires et leurs chargements ainsi que leurs équipages seront consignés à l'autorité Britannique la plus proche pour subir leur jugement.

"Les esclaves capturés seront mis en liberté par les autorités Ottomanes et resteront à leur disposition.

"Si le Tribunal compétent décidera que la saisie, détention, et la poursuite n'étaient pas fondées et justifiées, le Gouvernement dont dépend le croiseur qui a opéré la capture payera au Gouvernement auquel appartient la prise une indemnité adaptée à la circonstance.

"Il est expressément et formellement entendu que les stipulations précédentes ne s'appliquent pas aux bâtiments de guerre des deux Etats, qui ne peuvent en aucun cas et sous aucun prétexte être visités.

"ARTICLE VI.

"Dans le but d'éviter que les croiseurs Anglais, chargés de la suppression du commerce des esclaves ne s'ingèrent indûment dans les navires Ottomans dont les équipages seraient formés en totalité ou en partie d'esclaves d'Afrique, il est convenu par le présent Acte que tout navire Ottoman équippé en totalité ou en partie par d'esclaves d'Afrique devra être munis de papiers constatant le voyage ou service auquel il est affecté, ainsi que le nombre et la description des esclaves qui se trouvent à bord. Si le nombre d'esclaves d'Afrique qui se trouveraient à bord était plus considérable que celui autorisé par les papiers de bord, le navire sera susceptible d'être détenu et renvoyé par devant un Tribunal compétent pour y être jugé

"ARTICLE VII.

"His Majesty the Emperor of the Ottomans engages to take the necessary measures and to issue the necessary orders for giving effect to the present Convention.

"ARTICLE VII.

"Sa Majesté l'Empereur des Ottomans s'engage à prendre les mesures et de donner les ordres nécessaires afin que la présente Convention soit rigoureusement exécutée.

"ARTICLE VIII.

"The present convention shall be ratified, and the ratifications shall be exchanged at Constantinople as soon as possible.

"The present convention shall come into operation six months after the date of its signature.

"ARTICLE VIII.

"La présente Convention sera ratifiée, et les ratifications seront échangées à Constantinople le plus tôt que faire se pourra.

"La présente Convention entrera en vigueur six mois après le jour de la signature.

"In witness whereof the respective Plenipotentiaries have signed the same, and have affixed thereto the seals of their arms.

"Done at Constantinople this twenty-fifth day of January, one thousand eight hundred and eighty."

"En foi de quoi les Plénipotentiaires respectifs ont signé le même et y ont apposé les sceaux de leurs armes.

"Fait à Constantinople ce jourd'hui 25 Janvier, mille huit cent quatre-vingt."

And whereas it is expedient that the said Treaty or Convention should be brought within the operation of "The Slave Trade Act, 1873."

Now therefore, Her Majesty by virtue and in exercise of the powers in this behalf as aforesaid is pleased, by and with the advice of Her Privy Council, to order, and it is hereby ordered, as follows:—

The said Treaty or Convention hereinbefore recited shall, from the said 25th day of January 1880, being the day of the date thereof, be deemed to have been and to be an existing Slave Trade Treaty within the meaning of "The Slave Trade Act, 1873."

And the Lords Commissioners of Her Majesty's Treasury, the Right Honourable the Earl Granville, one of Her Majesty's Principal Secretaries of State, and the Lords Commissioners of the Admiralty, are to give the necessary directions herein as to them may respectively appertain.

Letter from the Government of the Punjab, No. 304S., dated 21st September 1881, forwarding an indent upon the Secretary of State for clothing materials required for the Punjab Police Force.

RESOLUTION.—In his despatch No. 418, dated 13th December 1877, the Secretary of State directed that materials for the clothing of the Police should

be procured locally. Subsequently, in April 1879, the Government of the Punjab represented that suitable materials for Police clothing could not be so procured, and therefore requested permission to continue the practice of sending home indents for them. This was sanctioned in May 1879. The rules then in force regarding the supply of stores allowed the purchase of European articles either in the local market, or direct from the manufacturers in England. Those rules have since been modified; and by Resolution No. 953, dated 10th June 1881, the Government of India declared its policy that, wherever practicable, articles of Indian manufacture shall be substituted for imported goods, and that in cases in which this is impracticable, European stores shall be obtained only through the Secretary of State and through no other agency.

2. The Government of the Punjab has now submitted for transmission to England an indent for clothing materials required for the Provincial Police Force. The Government of India has reason to believe from the information now before it that the Indian woollen mills will be able to supply all but the finest cloths demanded in the indent.

3. The Governor General in Council accordingly requests that His Honour the Lieutenant-Governor of the Punjab will cause careful enquiries to be instituted as to how far it may be possible to procure articles of Indian origin for the clothing of the Punjab Police. In this view the indents are returned for revision.

4. The Government of India expects the heads of Departments to take special pains to carry out the policy declared in the Resolutions cited above, and hopes that the Local Governments will insist that they shall do so. The Local Governments should pass no indent for stores upon the Secretary of State without satisfying themselves in each case that the articles entered in the indent cannot be procured of Indian manufacture at a price not higher than that of imported goods of the same class.

ORDERED, that a copy of the foregoing Resolution, together with the original indent, be forwarded to the Government of the Punjab.

Ordered also, that the Resolution be communicated to the Public Works and Military Departments and to the other Local Governments and Administrations for information and guidance, and that it be published in the *Gazette of India*.

The 13th October 1881.

No. 3622.—The following letter and extracts are published for general information :—

Letter to the Secretary to the Government of Bengal, No. 3513, dated 10th October 1881.

I am directed to submit, for the consideration of His Honour the Lieutenant-Governor, the following remarks, in continuation of paragraph 11 of the Resolution of the Government of India in this Department, No. 3353, dated the 30th ultimo, on the subject of the further extension of Local Self-Government.

2. The Provincial expenditure which may at the present time be transferred with greatest advantage to local control appears in the accounts under the heads of Medical, Education, and Public Works, but the Government of India is anxious that no artificial restriction should be imposed on such transfers; and if, in the opinion of His Honour the Lieutenant-Governor, there should be other items of expenditure under Minor Departments, Miscellaneous, or any other head of the accounts which can without loss of efficiency be transferred to Local Bodies, the Governor General in Council will be glad to consider favourably any recommendation to that effect which His Honour may wish to make.

3. His Excellency in Council specially desires that the case of each minor head of Provincial expenditure under Education or Medical Services should

be separately considered, and that the reasons for or against transferring it to local management should be distinctly stated. The various heads under Minor Departments and Miscellaneous need not be considered in detail; but the Governor General in Council will be glad to be favoured with an expression of the views of His Honour the Lieutenant-Governor as regards any items under these heads which it might *primâ facie* seem practicable to transfer to local management and control, even though it may not be deemed expedient to make the transfer at present. All expenditure now charged as Local, but not locally administered, should also be considered in detail, and the reasons stated which render it inexpedient, if the case be so, to transfer it to local control. It should also be considered whether any, and what, further expenditure on sanitation, drainage, water-supply, and Public Works might now be made Local.

4. His Excellency in Council observes that at present the total annual amount spent on Police by Municipalities in British India amounts to about 27½ lakhs of rupees. The only function which the Municipalities discharge in regard to Police is the provision of funds for the purpose of meeting the whole, or a portion, of the cost of the Municipal Police Force. They practically exercise no control over the Police, and cannot, therefore, be expected to take any special interest in the efficiency of the force, or to look with sympathy on a provision of the Law which treats them as a machinery for raising taxes to be spent on a department over which they have no control, and in the efficient and economical expenditure of which they have but little direct interest and no immediate responsibility. The Governor General in Council would, therefore, be glad to see Municipal Bodies relieved altogether of the charge for Police, an equal amount of expenditure on Education, Medical Charity, and, if possible, Public Works of local interest, being transferred to them with as full control as may be practically expedient over the details of such expenditure.

5. It is not the intention of the Government of India that the proposed transfer of the control of expenditure of a specially local character to Local Bodies should involve any addition to existing local burdens, and it will therefore be necessary to arrange for the simultaneous transfer of receipts sufficient to meet any net balance of additional expenditure which in any instance may arise. The nature of the receipts to be transferred requires careful consideration. They should, where possible, be of such a character as to afford a reasonable prospect that by careful administration, with all the advantages due to local sympathy, experience and watchfulness, they will so increase as to afford the means of meeting any additional expenditure which may be rendered necessary by the growing wants of each locality. In cases where a larger augmentation may be needed than is yielded by receipts of a specially local character, it may perhaps be found possible to assign to Local Bodies the receipts from Pounds, or a share of Assessed Taxes collected within the area of their jurisdiction. All receipts connected with any head of expenditure transferred to local control would, of course, be also transferred at the same time. For instance, all fees paid in Schools under local control would be treated as local receipts. The Governor General in Council is anxious, however, in this matter, as in all other questions connected with the proposed system of Local Self-Government, which must to a great extent be decided on considerations of local expediency, to meet, as far as may be possible, the wishes of the local authorities.

6. The practicability of the transfer of items of Provincial expenditure to local management and control cannot be profitably considered apart from the question of the Local Bodies to whom such transfers should be made.

The existing Local Bodies of greatest importance are the Municipalities and District Committees, and the Governor General in Council will be glad if, in any proposals which His Honour the Lieutenant-Governor makes, advantage be taken as far as possible of the existence of these bodies, their powers being, where necessary, extended by means of legislation.

7. In the case of Municipalities, all Provinces in British India are now provided with legislative enactments sufficient for their constitution and working. But these enactments are, in some, of a much more elementary and incomplete character than in others, and it may be advantageous, while providing for any changes necessarily entailed by the transfers of receipts and charges now contemplated, for each Province to review all contemporary Indian legislation on the subject, and consider what improvements of a general nature are desirable.

8. With reference to District Committees, I am desired to state that His Excellency in Council is disposed *primâ facie* to consider the most desirable and effective policy to be that of concentrating all the local administration, other than that embraced by Municipalities, in the hands of one Committee for each District, having ancillary subordinate Sub-Committees for each tahsil or subdivision (as the case may be). Of the former the Magistrate and Collector would be President, of the latter the Assistant or Deputy in charge of the sub-division would be Chairman, and in each case the local body should comprise persons not in the service of Government, and elected or nominated, as may seem best, in a proportion not less than from one-half to two-thirds. In districts where more than one Committee now exists for different objects the possibility of their amalgamation should be considered; where no such Committees have yet been formed their constitution is evidently desirable.

9. In view of one or other of the purposes which have been alluded to in the preceding paragraphs, it appears probable that in most provinces, though perhaps not in all, legislation will be necessary; and I am therefore to request that, should this be so in the case of Bengal, the general outline of the nature of the legislation by which it is proposed to effect the necessary changes may be stated in your reply. Special attention will be required in settling the relations between the various Local Bodies and the officers of the general administration, and in providing for a certain measure of control and inspection on the part of the Government. It would be hopeless to expect any real development of self-government, if Local Bodies were subject to check and interference in matters of detail; and the respective powers of Government and of the various Local Bodies should be clearly and distinctly defined by statute, so that there may be as little risk of friction and misunderstanding as possible. Within the limits to be laid down in each case, however, the Governor General in Council is anxious that the fullest possible liberty of action should be given to Local Bodies.

10. The preceding remarks are more or less of general application. In the case of Bengal in particular the distinctive features would appear to be—

(*a*) That the mofussil Municipal organisation, comprising 1st and 2nd class Municipalities, Unions, and Stations, is fairly complete, but that Municipalities are saddled with nearly six lakhs of rupees of police charges, while their total expenditure on Education, and Sanitary and Charitable Establishments falls short of one lakh of rupees.

(*b*) That District Committees exist in most districts for the administration of the Road Cess, and of schools or hospitals and dispensaries, but that the Public Works Cess and the District Post Cess are under Provincial management.

(*c*) That the expenditure on Education and on Medical Charity is drawn almost entirely from the Provincial revenues, and the assistance given to primary education is small. Municipal contributions for Police, however, amount in all to nearly nine lakhs of rupees per annum.

(*d*) That the gross Provincial expenditure in 1881-82 is estimated at Rs. 26,90,000 for Education and Rs. 11,63,000 for Medical Services, of which about two-thirds is of a nature similar to that which is in some other Provinces administered almost entirely by Local Bodies, while only a much smaller proportion is so administered in Bengal by means of the grant-in-aid system.

(*e*) That the Provincial and Local charges for Public Works are, for the same year, Rs. 53,43,000 and Rs. 47,31,000 respectively, but that the whole of the former, and some portion of the latter, are practically, at least, beyond the control of Local Bodies.

11. His Honour the Lieutenant-Governor will, no doubt, take into consideration whether the organisation of the District Road Cess Committees and their Branches, which appears excellent, might not be applied to a more extended sphere, embracing Education, Medical Services, the administration of grants-in-aid, and other objects, subject to suitable inspection under the orders of the Local Government, and especially whether, in the now greatly improved condition of the Provincial revenues, a much enlarged grant might not be made towards primary education, and entrusted to these Committees. The possibility of relieving Municipalities from nearly nine lakhs of rupees (including Calcutta) now contributed for Police, and the substitution of some more appropriate Educational, Sanitary, or other burdens, will also not escape notice.

12. In conclusion, I am to add that the Government of India is confident that His Honour the Lieutenant-Governor fully appreciates the importance of the extension of Local Self-Government; that the proposals now put forward will receive the most careful consideration from the Government of Bengal; and that no efforts will be spared to ensure the success of a scheme which will relieve the Provincial authorities from some portion of the ever-growing details of the work of administration, will tend to reconcile the public to the burden of local taxation, and will lead to the more extended employment of the Natives of India in the administration of public affairs, while conferring on them higher powers of control over all expenditure on objects of local importance.

The discussion and settlement of the details of the measures to which this communication refers will impose a considerable burden on the Local Government and its officers, but the Governor General in Council is so deeply impressed with the importance of allowing no delay, that can possibly be avoided, to occur in their introduction, that he trusts that His Honour the Lieutenant-Governor will find himself in a position to report on the whole question in sufficient time to permit of the necessary arrangements being made before the close of the current financial year.

*Extract paragraphs 10 and 11 of letter to the Secretary to the Government of the North-Western Provinces and Oudh, No. 3514, dated 10th October 1881.**

10. The preceding remarks are more or less of general application. In the case of the North-Western Provinces and Oudh, the distinctive features would appear to us as follows:—

(*a*) That the Municipal organisation is fairly complete, but that Municipalities are saddled with nearly six lakhs of rupees on account of Police charges, while their total expenditure on Education and Sanitary and Charitable Establishments falls short of one and a half lakhs of rupees.

(*b*) That District Committees already exist, which possess powers of supervision and control over the expenditure of the amount allotted yearly to each district by His Honour the Lieutenant-Governor from the proceeds of the Local Rates on land.

(*c*) That although there is a considerable amount of expenditure on Education from Local Funds, which, possibly, could not with advantage be increased, the expenditure from Local Funds on Medical and Charitable and Sanitary Establishments is small, and that there appears to be room for the transfer to local control and management of a considerable amount of the Provincial expenditure which is now incurred in connection with Vaccination and Hospitals and Dispensaries.

(*d*) That the estimate of Provincial and Local expenditure on Public Works for 1881-82 is Rs. 26,61,000 and Rs. 20,64,000 respectively. Of the local expenditure on Public Works only Rs. 3,21,000 is in charge of civil officers, and it is believed that no portion is entrusted to the Committees.

11. His Honour the Lieutenant-Governor will no doubt take into consideration the question of transferring additional expenditure to the supervision and control of the District Committees, subject to such suitable inspection as the Local Government deem necessary, and the Government of India will be glad to be furnished with a copy of the rules defining the functions and authority of the Committees.

The relief of Municipalities from the contributions which they now make for the support of the Police, and the substitution of more appropriate Educational, Medical or other burdens will also not escape notice.

* Paragraphs 1—9 and 12 correspond *mutatis mutandis* with the paragraphs bearing the same number in the above letter to the Secretary to the Government of Bengal.

*Extract paragraphs 10 and 11 of letter to the Secretary to the Government of Madras, Financial Department, No. 3515, dated 10th October 1881.**

10. The preceding remarks are more or less of general application. In the case of Madras in particular, the distinctive features would appear to be as follows:—

(*a*) That the mofussil municipal organisation appears to be fairly complete, and that the charge on Municipalities for Police, though it amounted to less than one lakh of rupees in 1879-80, may be greatly increased at the discretion of the Government of Madras. That the municipal expenditure on Education, and Sanitary and Charitable Establishments during the same year amounted to only three lakhs of rupees.

(*b*) That Local Fund Boards already exist for the administration of all funds comprised under the Madras Local Fund Act of 1871.

(*c*) That a considerable portion of the expenditure on Education is already met from Local Funds, and is locally administered, but that this amount appears to be capable of considerable augmentation, and that the same remarks apply to Medical expenditure. In particular, there appears to be no reason why a large proportion of the total Provincial expenditure on Hospitals and Dispensaries should not now be de-provincialised.

(*d*) That the estimate of Provincial and Local expenditure on Public Works is Rs. 15,34,000 and Rs. 38,76,000, and that the bulk of the latter, but no portion of the former, is in charge of District Committees.

11. His Excellency the Governor of Madras will no doubt take into consideration the question of entrusting a still larger proportion of the expenditure on Education, Medical Services, &c., to the management of the Local Fund Boards, subject to such Provincial supervision as may be deemed necessary, and the Governor General in Council would be glad if Municipalities could be relieved altogether of the cost of Municipal Police, some more appropriate Educational, Sanitary, or other burden being substituted.

---

*Extract paragraphs 10 and 11 of letter to the Secretary to the Government of Bombay, Financial Department, No. 3516, dated 10th October 1881.**

10. The preceding remarks are more or less of general application. In the case of Bombay the distinctive features would appear to be as follows:—

(*a*) That the mofussil Municipal organisation is complete, and the Municipal law the best, perhaps, in India, but that Municipalities are saddled with more than five lakhs of rupees of Police charges, while their expenditure on Education and Sanitary Establishments does not much exceed $2\frac{1}{2}$ lakhs of rupees.

(*b*) That Local Fund Committees, with Taluka Sub-Committees, already exist in all districts for the administration of all the funds embraced under Bombay Acts VIII of 1865 and VII of 1869, and are in good working order.

(*c*) That more than half the total expenditure on Education is now met from Local Funds, but that the Educational expenditure which is locally controlled may, perhaps, admit of still further increase.

(*d*) That only a small portion of the total Medical expenditure is Local, and that it seems possible to transfer a large portion of the Provincial Medical expenditure, especially under the heads of Vaccination and Sanitation and Hospitals and Dispensaries, to local control and management.

* Paragraphs 1—9 and 12 correspond *mutatis mutandis* with the paragraphs bearing the same number in the above letter to the Secretary to the Government of Bengal.

(*e*) That the estimate of Provincial and Local expenditure on Public Works in 1881-82 amounts to Rs. 25,80,000 and Rs. 21,20,000 respectively. Of the latter amount, however, nearly the whole is expended through the Public Works Department.

11. His Excellency the Governor of Bombay will no doubt take into consideration the question of entrusting to the control and management of the Local Fund Committees a larger portion of the present Provincial expenditure subject to such Provincial supervision as may be deemed necessary, and the Government of India would be glad if it were found possible to relieve Municipalities altogether from the charge which they now bear on account of Police, some more appropriate Educational, Sanitary, or other burdens, being substituted.

---

*Extract paragraphs 10 and 11 of letter to the Chief Commissioner of the Central Provinces, No. 3517, dated 10th October 1881.**

10. The preceding remarks are more or less of general application. In the case of the Central Provinces in particular, the distinctive features would appear to be—

(*a*) That the existing municipal organisation is fairly complete, but that Municipalities are saddled with about one lakh of rupees of Police charges, while their expenditure on Education and on Sanitary and Charitable Establishments is only about half that amount.

(*b*) That there is no provision of the law requiring the appointment of Local District Committees.

(*c*) That the expenditure on Education and Medical Services is almost entirely Provincial, but that there appears no reason why a considerable portion of it should not be entrusted to local management and control.

(*d*) That the estimate of Provincial and Local expenditure on Public Works for 1881-82 is Rs. 8,12,000 and Rs. 3,55,000 respectively; of the latter amount Rs. 3,08,000 is in charge of civil officers.

11. The Governor General in Council desires that you will carefully consider the expediency of creating Local District Committees to be vested with powers over expenditure on local objects, which should be defined by legislation, and to which the control and management of expenditure on Education, Medical Charity, Sanitation, the construction and repair of certain roads, and other Public Works could be entrusted, subject to suitable supervision by the Local Government. The Government of India would also be glad if it were found possible to relieve Municipalities from the charges which they at present bear on account of Police, some more appropriate Educational, Sanitary, or other burden being substituted therefor.

---

*Extract paragraphs 10 and 11 of letter to the Chief Commissioner of British Burma, No. 3518, dated 10th October 1881.**

10. The preceding remarks are of a general nature, and will not be applicable in every case to the circumstances of the Province of Burma, in regard to which the distinctive features would appear to be—

(*a*) That the Municipal organisation is fairly complete in a few large towns, but that the Municipalities are saddled with an expenditure of about $1\frac{1}{2}$ lakhs of rupees on Police, while the total Municipal expenditure on Education and Sanitary and Charitable Establishments is less than one lakh.

(*b*) That there is no provision of the law for the appointment of Local District Committees, though committees exist in certain places for the management of schools or dispensaries.

* Paragraphs 1—9 and 12 correspond *mutatis mutandis* with the paragraphs bearing the same number in the above letter to the Secretary to the Government of Bengal.

(*c*) That a considerable portion of the Medical expenditure is Provincial, and that while about half the Educational expenditure is Local, it does not appear to be under the control and management of Local Bodies.

(*d*) That the estimate of Provincial and Local expenditure on Public Works for 1881-82 is Rs. 37,73,000 and Rs. 11,05,000 respectively, Rs. 2,51,000 of the latter amount being in charge of Civil Officers.

11. The Governor General in Council desires that you will carefully consider the expediency of creating Local District Committees vested with powers over expenditure on local objects (to be defined by legislation) to which the control and management of expenditure on Education, Medical Charity, Sanitation, the construction and repair of certain roads, and other public works could be entrusted under suitable and sufficient provincial supervision. The Government of India would also be glad if it were found possible to relieve Municipalities altogether from the charges which they at present bear on account of Police, some more appropriate Educational, Sanitary or other burdens, being substituted therefor.

---

*Extract paragraphs 10 and 11 of letter to the Chief Commissioner of Assam, No. 3519, dated 10th October 1881.**

10. The preceding remarks are of a general nature, and will not be applicable in every case to the circumstances of the province of Assam, in regard to which the distinctive features would appear to be—

(*a*) That the Municipal system is fairly complete, though the circumstances of the Province are not such as to present any considerable sphere for the introduction of Municipal Institutions. The total Municipal expenditure in 1879-80 was only Rs. 89,973, of which Rs. 11,133 was spent on Police, and Rs. 1,023 on Education, and Sanitary and Charitable Establishments.

(*b*) That a District Committee exists in each district, but with functions and authority entirely subject to the executive discretion of the Local Administration.

(*c*) That only about one-fourth of the total expenditure on Education is Local, but that a higher proportion might advantageously be made so, and entrusted to local control and management.

(*d*) That there is at present no Local medical expenditure, but that a portion of the present Provincial expenditure on Medical Services might be similarly de-provincialised.

(*e*) That the estimate of Provincial and Local Public Works expenditure for 1881-82 is Rs. 12,51,000 and Rs. 3,37,000, the latter expenditure only being under the charge of District Committees.

11. The Governor General in Council desires that you will now consider the expediency of entrusting to the District Committees and Municipalities the management of a portion of the present Provincial expenditure, subject to such Provincial inspection as may be deemed necessary, and the Government of India will be glad if it be found possible to relieve Municipalities altogether of the present charge for Police, an equivalent amount of expenditure on Education, Sanitary Establishments, or the like, being substituted therefor.

*Extract paragraphs 10 and 11 of letter to the Secretary to the Government of the Punjab, No. 3589, dated 13th October 1881.**

10. The preceding remarks are more or less of general application. In the case of the Punjab in particular, the distinctive features would appear to be—

(*a*) That the municipal organisation appears to be fairly complete, but that Municipalities are saddled with nearly five lakhs of rupees

on account of Police charges, while the expenditure on account of Education, and Sanitary and Charitable Establishments is only about three lakhs of rupees.

(*b*) That District Committees already exist but with functions and authority subject, within the scope of the Act, to the executive discretion of the Local Government.

(*c*) That educational expenditure under local control and management is capable of considerable increase.

(*d*) That a large proportion of the Medical expenditure is already local, but that the proportion might, perhaps, be increased with advantage.

(*e*) That the estimate of Provincial and Local expenditure on Public Works for 1881-82 is Rs. 23,38,000 and Rs. 7,55,000 respectively, the whole of the amount being under the charge of Public Works Officers, and the portion at the disposal of District Committees being, perhaps, susceptible of increase.

11. His Honour the Lieutenant-Governor will, no doubt, take into consideration the expediency of entrusting to the control and management of District Committees a still larger share of the expenditure on Education and Medical Services, subject to such Provincial supervision as may seem desirable; and the Government of India will be glad if it be found possible to relieve Municipalities altogether of the charge on account of Police, some more appropriate Educational, Sanitary, or other burden being substituted.

INDIA OFFICE;

London, 22nd September 1881.

To His Excellency the Most Hon'ble the Governor General of India in Council.

MY LORD MARQUIS,

I forward herewith a copy of the Report of the Deputy Master of the Royal Mint, dated the 29th of August 1881, on the pyx coins of the Calcutta and Bombay Mints issued in 1880, from which you will observe that the "Standard weight and fineness of the coins have been maintained with accuracy."

I have, &c.,

(Signed) HARTINGTON.

Dated 29th August 1881.

From—C. W. FREMANTLE, Esq., Deputy Master and Comptroller of the Royal Mint,

To—The Secretary, Treasury, London.

The examination of the pyx coins of the Indian Mints transmitted to me by direction of the Lords Commissioners of Her Majesty's Treasury on the 22nd July last being completed, I have the honour to forward herewith a Report on the weight and fineness of the coins, and to return the bullion remaining.

The coins were first weighed singly by the Mint Balance, and were then handed to one of the Assayers of the Mint, by whom each coin has been separately assayed and reported upon.

The standard weight and fineness of the coins have been maintained with accuracy.

In accordance with the directions of Their Lordships, I have caused parting assays to be made of the silver coins of each presidency in order to ascertain the average proportion of gold contained in them, and the result is shown in my Report.

These assays have been made in the manner detailed in my Report of the 25th of October 1869.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again the papers cited below regarding the supply of stores required for the public service in India:—

Financial Resolution No. 3574, dated 3rd November 1880.

Letter from the Chief Commissioner, Assam, No. 1165, dated 18th May 1881.

RESOLUTION.—It is reported that no stores were obtained from England for the public service in Assam during the last two years. A statement is however submitted, showing the European articles purchased in the local market by certain officers; but it is not clear whether some of the articles (*e.g.*, khaki cloth) mentioned in the Return are not of Indian origin. From this return a list has been prepared, and is appended to this Resolution, showing the articles which the Governor General in Council considers should be procured of Indian manufacture, if they can be obtained at a price not higher than that of imported goods.

2. His Excellency in Council accordingly requests that the Chief Commissioner of Assam will be good enough to cause enquiries to be made as to the cheapest and most convenient way of obtaining future regular supplies of such goods of Indian manufacture; as also of any other goods which in the course of the enquiry it may be found possible to substitute for imported articles. In order to ensure the existence of a large and constant demand for goods which the manufacturers would not otherwise undertake to make, the Government of India will be prepared to approve of contracts with Indian manufacturers for a term of, say, five years if necessary.

3. In the series of Resolutions on the subject of stores recently published in the *Gazette of India*, the existing sources of supply of Indian-made goods have been indicated so far as they are as yet known to the Government of India.

4. Lanterns and swords should be procured of Indian manufacture. Lanterns are made in Calcutta by such firms as Jessop & Co. and also by native workers, and they can perhaps be locally made by natives. Swords of better quality than the swords ordinarily made for trade purposes in England are manufactured by native armourers in the Punjab and the North-Western Provinces, and the local authorities of those provinces will be able to indicate to the Chief Commissioner whence he can obtain to the best advantage the supplies he wants.

ORDERED, that the foregoing Resolution be communicated to the Chief Commissioner, Assam, and to the other local Governments and Administrations, and that it be published in the *Gazette of India*.

No. 3781.

Read the following :—

No. 3776, dated 12th October 1881.

From—J. B. PEILE, Esq., C.S.I., Secretary to the Government of Bombay, Financial Department,

To—The Secretary to the Government of India, Department of Finance and Commerce.

In acknowledging receipt of the Resolution of the Government of India, Department of Finance and Commerce, No. 3353 of 30th September 1881, I am directed to say that the Right Hon'ble the Governor in Council cordially accepts the principles of the scheme of Provincial Finance therein set forth, and has taken steps to enable him to place before the Government of India at the earliest possible date such remarks on the details as it may appear to him necessary to consider before the new scheme comes into operation.

ORDER.—Ordered, that this be published in the *Gazette of India* for general information.

T. C. HOPE,
Offg. Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 21st October, 1881.

APPOINTMENTS.

No. 564.—STAFF CORPS—

The undermentioned officer is admitted to the Bengal Staff Corps, with effect from the date specified, subject to the confirmation of the Right Hon'ble the Secretary of State for India :—

Second-Lieutenant Arthur Fountaine Hogge, 2nd Battalion West Yorkshire Regiment, Officiating Wing Officer, 30th Native Infantry, now Wing Officer, 34th Native Infantry,—14th April, 1880.

Second-Lieutenant Hogge will rank as Lieutenant from the 14th April, 1880, subject to Her Majesty's approval.

RETIREMENTS.

No. 570.—Under the authority of the Secretary of State for India and with reference to paragraph 10, G. G. O. No. 489 of 1881, His Excellency the Governor General in Council is pleased to direct the publication of the following scale of pensions for officers joining the Indian Staff Corps on probation on or after the 1st July 1881 :—

Years' Indian service.	Yearly pension. £
20	250
24	365
28	500
32	700

No Colonel's allowances will be granted to any officer coming under the provisions of this General Order.

The furlough service for the above pensions will be governed by the furlough rules of 1875.

2. Officers will be allowed to commute a portion, not exceeding one-third, of their pensions, and the commutation may take place at any time and not merely on retirement.

3. In every case the capitalized sum will be payable in rupees in India, the sterling sum being converted at the official rate of exchange for the year in which the payment is made.

4. Officers joining the Indian Staff Corps on or after the 1st July 1881 will be subject to such further conditions of retirement in the rank of Colonel and General Officer as may be hereafter laid down.

5. An officer in receipt of a good service annuity will not retain it after retirement on pension.

6. Full power is reserved to the Secretary of State for India to temporarily suspend or limit retirement, whenever it may appear to him necessary to do so in the interests of the public service.

Read also the undermentioned correspondence with the Chief Commissioner of Coorg regarding the stores purchased in the local market during the last two years:—

Letter from the Chief Commissioner of Coorg, No. 689-23, dated 3rd August 1881.
" to " " " " 2475, " 20th " "
" from " " " " 1004-37, " 6th October "

RESOLUTION.—From the returns received from the Chief Commissioner a list has been prepared, and is appended to this Resolution, showing the articles which, on the information now before the Government of India, it is possible to procure of Indian manufacture. The Governor General in Council accordingly requests that the Chief Commissioner will be good enough to institute enquiries as to the cheapest and most convenient way of obtaining future regular supplies of such goods of Indian manufacture, as well as of any other goods which in the course of enquiry it may be found feasible to substitute for imported articles.

2. In the series of Resolutions on the subject of the supply of stores published in the *Gazette of India* since the 23rd July last, instructions have already been given as to the different sources of supply, so far as they are as yet known, of the articles mentioned in the list, and they need not be repeated here. The Governor General in Council directs that wherever possible, with due regard to economy, such articles of Indian manufacture shall in future be substituted for European articles in the province of Coorg, as everywhere else in India.

ORDERED, that the foregoing Resolution be communicated to the Chief Commissioner of Coorg and to the other Local Governments and Administrations for information and guidance.

Ordered also, that it be published in the *Gazette of India*.

No. 3905.—The following appointments are made, with effect from the 5th September 1881:—

Mr. J. Westland, B.C.S., confirmed in the offices of Comptroller General and Head Commissioner of the Department of Issue of State Paper Currency.

Mr. D. M. Barbour, B.C.S., confirmed in the office of Accountant General, Bengal.

Mr. A. C. Tupp, B.C.S., to be Accountant General, Madras, and Commissioner of the Department of Issue of State Paper Currency at Madras.

No. 3926.

From—J. E. O'CONOR, Esq., Assistant Secretary to the Government of India, Department of Finance and Commerce,

To—The Superintendent of Government Printing, India.

Referring to the correspondence ending with your letter of the 28th ultimo, No. 2022F., I am directed to say that the Government of India considers it desirable that the work of printing forms now carried on in the Government Central Press should be largely reduced, and I am to request that you will arrange as early as possible for the transfer to private presses of as much of the work as they may be able efficiently to undertake.

2. You should ascertain specifically from all the larger presses in Calcutta how far each of them may be able and willing to undertake the work, that is, what number of forms they can arrange to set up and keep in type, printing copies as required, and the terms on which they would be prepared to do it, if they obtained a contract for four or five years. The proprietor of each press of whom enquiry is made should be informed that similar enquiry is being made of other presses. You should satisfy yourself in each case that the press is competent to carry on without inconvenience and delay to the public service the work which it professes itself ready to undertake.

3. The results of your enquiries should be reported as soon as possible; and I am to request that you will embody in your report a statement of the cost of the work which each private press may be ready to undertake as compared with the cost of the same work as now carried on.

4. The Government of India is inclined to think that only the printing of the forms should be undertaken by private presses, the supply of the printed copies to the departments requiring them being undertaken, as at present, by the Government Central Press. The paper might be supplied direct to each press concerned from the Stationery Office on indents passed by you, and the whole working of the system would be under your general direction.

On these points your suggestions and opinion are invited.

5. I am also to request that when your enquiries are complete, you will report the amount of space and the cost of establishment which will be saved by transferring to private presses that portion of the work which they may be ready to take up.

ORDERED, that this letter be published in the *Gazette of India*.

NOTIFICATIONS.

Simla, the 31st October 1881.

No. 3939.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read the following papers regarding the question of the necessity of the presence with the Government of India in Simla of certain Offices under the direct control of the Government of India, which either come up to Simla every year or are permanently located at Simla:—

Office Memorandum in the Department of Finance and Commerce, No. 562, dated 12th May 1881.

Letter from the Director General of the Post Office of India, No. 2498, dated 6th June 1881, and enclosures.

Letter from the Director General of the Post Office of India, No. 2531, dated 7th June 1881.

Memorandum from the Public Works Department, No. 806G., dated 10th June 1881, and enclosures.

Office Memorandum from the Foreign Department, No. 1229G.-G., dated 27th June 1881, and enclosures.

Office Memorandum from the Home Department, No. 1075, dated 23rd July 1881, and enclosures.

Office Memorandum from the Military Department, No. 205S.-B., dated 9th July 1881, and enclosures.

Office Memorandum in the Department of Finance, No. 2182, dated 4th August 1881.

Office Memorandum from the Military Department, No. 303S.-B., dated 23rd August 1881.

Office Memorandum from the Revenue and Agricultural Department, No. 98, dated 7th September 1881.

RESOLUTION.—On full consideration of the circumstances of each Office and of the requirements of the Government of India, the Governor General in Council has decided as follows:—

1st.—The Offices of the Accountant General, Military Department, the Accountant General, Public Works Department, the Surgeon General with the Government of India, the Director General of the Post Office of India, the Director General of Telegraphs in India, the Meteorological Reporter with the Government of India, and the Press Commissioner with the Government of India, shall accompany the Head-Quarters of the Government of India to and from Simla in connection with the Departments to which they are attached; and from next year the Rules in the Simla Allowances Code shall extend to all these officers and the establishments attached to them.

2nd.—The head-quarters of the Director General of the Archæological Survey of India during the hot and rainy seasons are at Simla. There is no extra expense by this arrangement, which is allowed to continue.

3rd.—**The Offices of the Inspector General of Ordnance and of the General Superintendent of Horse-Breeding Operations shall in future cease to accompany the Government of India to Simla. The head-quarters of the former will in future be permanently located in Calcutta; and of the latter at Meerut.**

4th.—The Offices of—

the Surgeon-General of Her Majesty's Forces in Bengal;
the Sanitary Commissioner with the Government of India;
the Director General of Railways;
the Inspector General of Military Works;
the Examiner of Accounts, Military Works;
the General Superintendent of Operations for the Suppression of Thuggee and Dacoity,

already have their head-quarters permanently located at Simla, and the present arrangements regarding them will continue. Besides these, the Offices of the Commissary General, Bengal, and of the Director of Army Remount Operations shall from next year be permanently located at Simla.

2. His Excellency in Council has further decided that the rulings in the Resolutions of the Government of India in the Financial Department, No. 1749, dated 4th December, and No. 1884, dated 12th December 1879, shall apply to the clerks of the Office of the Commissary General and of the Director of Army Remount Operations, but that, instead of the benefits of the Resolutions being restricted only to clerks who have hitherto moved with the Head-Quarters of the Government of India to and from Simla, the rules shall be applied to all clerks in permanent employ in those offices on this date; that is to say, any clerk now in permanent employ in either of those offices will be allowed to move his family to or from Simla once at the public expense under the contemporary Simla Allowances Rules, and will in future, subject to the provisions

of section 8 of the Pay and Acting Allowances Code, receive throughout the year a personal allowance, equal to two-thirds of the allowances other than travelling allowances, to which he would be entitled under the Simla Allowances Code, if he accompanied the Government of India to and from Simla; but any clerk appointed hereafter to these offices will receive no allowance beyond his sanctioned pay. In modification of the rules of the 4th and 12th December 1879, the Governor General in Council has also decided that any clerk in the Office of the Director General of Railways, who before the date of the establishment of the head-quarters of the office at Simla was in permanent employ in that office, though he had not at any time before accompanied the Head-Quarters of the Government of India to and from Simla, shall be granted the personal allowance to which he would have been entitled if he had previously so accompanied the Government of India.

ORDERED, that this Resolution be communicated to the Home, Revenue and Agricultural, Public Works,* Foreign,* and Military* Departments, the Director General of the Post Office of India, and the Comptroller General; and published in the *Gazette of India*;

* With their original papers,.

and that the following corrections be made to the Simla Allowances Code:—

RULE 1.—*Strike out* "Inspector General of Ordnance; and Commissary General."

Add "Director General of the Post Office of India; and Director General of Telegraphs in India."

RESOLUTION.—It appears that of the articles imported from England through the Store Department of the India Office during 1880-81 for use in the Telegraph Department in India, those enumerated in the list appended to this Resolution are procurable of Indian manufacture. The Governor General in Council accordingly directs that in future these articles shall be purchased locally (of Indian manufacture) if they can be obtained at the same price, including freight, &c., and of the same quality as imported goods.

2. Locks for boxes and padlocks are made at the Rurki and Aligarh Workshops.

3. Bench-vices, weighing-machines, anvils, hammers, nippers, pliers, and pincers are also made at the Rurki Workshop and in the ironworks owned by Messrs. Jessop & Co., Apcar & Co., and Burn & Co., and Marillier and Edwards, Calcutta, and Messrs. Richardson and Cruddas and Fraser and Miller of Bombay.

4. Brass and iron hinges, as also copper scales, can be made anywhere in the country.

5. Stone-ware jars should be procured from the Raniganj potteries (Messrs. Burn & Co.).

6. In Calcutta, and places supplied from Calcutta, Indian coal and coke should be substituted for English coal.

7. Tin, ingots.—As pointed out in paragraph 2 of Resolution No. 2302, dated 12th August, block tin should be bought in Calcutta. These remarks apply to tin, sheets, double, if by this term tinned iron sheets are not meant, which are not at present made in the country.

ORDERED, that a copy of the foregoing Resolution and of the one, No. 2302, dated 12th August last, be forwarded to the Public Works* and Military Departments, and that copies of this Resolution be communicated to all Local Governments and Administrations for information and guidance.

* The bi-monthly return of stores received from the Public Works Department is herewith returned.

Ordered also, that the Resolution be published in the *Gazette of India* for general information.

No. 3958.—The following Rule, framed under the orders of the Secretary of State, which is to take the place of Section 5 of the Pay and Acting Allowance Code, is published for general information:—

5. No Acting Allowance is given to an officer acting in a higher appointment in consequence of the absence of another officer on privilege leave for the first 30 days of such leave unless the acting officer is transferred from another station, in which case Charge Allowance under Section 7 is given.

1. As a general rule the duties of an officer absent on privilege leave should be discharged by another officer at the same station. Only in exceptional cases where there is absolutely no officer available on the spot can the deputation of an officer from another station to act in consequence of the absence of an officer on privilege leave be allowed.

2. After the first 30 days of absence on privilege leave, Acting Allowances will be drawn by the acting officers under the ordinary rules.

5A. Section 5 and the Rules under it apply also in the case of a vacancy caused by the deputation of an officer from another station to act in consequence of the absence of an officer on privilege leave.

The 1st November 1881.

No. 3968.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

The Governor General in Council has had under consideration certain representations to the effect that generally the pay allowed to the orderly peons, chaprasis, darwans, and farashes employed in public offices in Calcutta is small in comparison with the cost of living there, and that, owing to this fact, considerable difficulty is experienced in securing for these posts the services of respectable men. His Excellency in Council considers that these representations are not unfounded. In view, therefore, of improving to some extent the position and prospects of this class of servants, the Governor General in Council has decided that of the entire complement of orderly peons, chaprasis, darwans, and farashes attached to an office under the Government of India in Calcutta, one-fourth (allowing in each case one for any fraction) shall receive pay at Rs. 8 and three-fourths at Rs. 7 a month.

2. As regards the jemadar of such an office, His Excellency in Council has further decided that he shall commence with an initial pay of Rs. 12 and rise to Rs. 15 a month, by a single increment after five years' service in that capacity.

3. These orders, which will come into operation from the 1st November 1881, are not intended to authorise the appointment of a jemadar in any office in which a servant of that class has not hitherto been employed, or to affect the pay of any jemadar or of any peon, orderly chaprasi, darwan, or farash who may now be drawing pay at a higher rate than would be admissible under the orders contained in paragraphs 1 and 2 of this Resolution.

ORDERED, that the foregoing Resolution be communcated to—

The other Departments of the Government of India, for information and guidance and the issue of further necessary orders.

The Comptroller General, for information and guidance, with reference to his letter No. 2520, dated the 24th March 1881; and the Mint Master, Calcutta, the Director General of the Post Office of India, the Accountant General, Bengal, and the Superintendent of Government Printing.

Ordered also, that the Resolution be published in the *Gazette of India*.

The 2nd November 1881.

No. 3989.—Mr. R. E. Hamilton is appointed to officiate as Deputy Accountant General, Madras.

Mr. E. M. Palmer is appointed to officiate as Assistant Accountant General, Madras.

Mr. T. H. S. Biddulph is appointed to officiate as Assistant Accountant General, Punjab.

The 4th November 1881.

No. 4028.—The Governor General in Council directs that the following rules be observed in future for the storage of coins in strong rooms:—

1. The following are the authorised methods of storing coin in strong rooms:—

(1) In bags of uniform contents, placed in strong iron boxes or safes, or wooden chests, or built recesses or wells, each of which has two independent locks, *both* of which must be opened before access is obtained to the contents. One of the keys to remain in charge of the treasurer, the other of the gazetted officer in charge.

(2) In boxes of uniform contents piled upon trestles. This method is not admissible unless every door, window, drain, sky-light, ventilator or other aperture in the walls of the strong room are so closed as to prevent the insertion of any rod or instrument within the room.

(3) Temporarily in boxes prepared for remittance, in the manner prescribed in the Account Code.

2. Without the special permission of the Local Government, no place shall be used as a strong room, unless it is first certified to be secure and fit for use as such by an officer of the Public Works Department not under the grade of an Executive Engineer. The Executive Engineer in certifying the room may prescribe any necessary conditions as to the manner of storing the coin, as, *e.g.*, "that it must not be piled in trestles, but must be in boxes; that no bags or boxes be placed within a prescribed distance of the wall or in any particular part of the room." The Executive Engineer must especially examine the condition of any of the enclosing walls which are so situated that they are not, on the outside, under observation of the guard.

3. The District Superintendent of Police, or the commanding officer of the guard, if a military one, shall record an order prescribing the positions of the sentries, and may also require any additional precautions to be taken in the strengthening of fastenings, burning of lights, &c.; but the responsibility for the security of the building and its fixtures shall remain with the Executive Engineer, and that for the security of chests and other treasury furniture not being part of the building or fixtures shall remain with the officer in charge of the Treasury.

4. Copy of the Executive Engineer's certificate and of the District Superintendent's (or Commanding officer's) order shall be suspended in a conspicuous place within the strong room, and it shall be the duty of the officer in charge of the Treasury to see that any conditions as to manner of storage expressed in these documents are acted up to.

5. The Executive Engineer's certificate will be in force for 12 months only, and it is the duty of the officer in charge of the Treasury to cause it to be renewed when the period is expired.

6. The doors and windows of the strong room shall remain permanently closed and locked, except during the time necessary for moving coin or other valuables into or out of it. The officer in charge must be personally present during the whole time between the opening and shutting of the strong room. The strong room must be closed if meantime he is called away on any duty.

7. As an exception to the last rule, the opening of shutters is permitted during office hours, in the aperture which is otherwise barred, if it is necessary for the admission of light or air to any other part of the building: provided that coin or valuables remain securely packed under lock and key.

2. His Excellency in Council also directs that when large amounts of coin are stored, as, for instance, in the reserve treasuries and currency strong rooms, the following rules be observed:—

The following rules regulate the management of reserve treasuries and currency strong rooms:—

1. The bulk of the coin is to be kept in a reserve strong room, of which one of the keys, both of the room and of the boxes, remains in custody of the Accountant General or Deputy Commissioner of Currency; the other in charge of the treasurer. Every such strong room, in addition to being locked, shall be sealed in such fashion that the locks by which entrance can be obtained cannot be opened without the seals being broken, and the outer door must never be opened, shut, sealed or unsealed, otherwise than in the presence of the non-commissioned officer in charge of the guard.

2. Coin sufficient for carrying on the work for a fortnight shall remain in charge of the officer in charge of the Treasury or Currency, the bulk of this being kept in a strong room under the double lock of the officer in charge and treasurer; but a sufficient quantity being given out every day to the treasurer, and received back after the close of business under the rules applicable to ordinary treasuries.

3. When the officer in charge desires access to the reserve strong room, he is to make a requisition upon the Accountant General or Deputy Commissioner for the keys of the strong

room, and of any boxes or safes to which he may desire to have access. In this requisition he is to specify exactly what the purpose of his visit is. The keys will be sent to him in a closed box or cover, or will be delivered personally.

4. After each visit to the reserve strong room, the officer in charge will return the keys to the Accountant General or Deputy Commissioner, and will make a report of his proceedings stating in what condition he found and left the strong room, the locks and the seals.

5. The reserve strong room must never remain for twenty days continuously without being visited and inspected. If, therefore, the officer in charge has no occasion to move coin to or from it for that time, he must pay it a visit of inspection.

6. The requisition and the reports will be kept in a book set apart for the purpose and in the custody of the officer in charge.

ORDERED, that these rules be communicated for information and guidance as follows :—

To the Military and Public Works Departments.

To the several Local Governments and Administrations.

To the Comptroller General and the several Accountants General.

Ordered also, that the rules be published in the *Gazette of India* for general information.

The 3rd November 1881.

No. 4034.—His Excellency the Governor General in Council is pleased to notify for general information that, in pursuance of the policy announced in paragraphs 57 and 66 of the Financial Statement for 1881-82, Seventy-five Lakhs of Rupees provided under the head of Famine Insurance in the Budget of the current year, together with a further sum of **Rs. 7,22,000** chargeable to the same head in the year 1882-83, will be applied to the reduction of debt in India in the manner indicated below :—

1st.—With reference to the Notification No. 197, dated 1st May 1871, the Transfer Loan of 1871, amounting to Rs. 22,19,000 and now bearing interest at 4 per cent., will be liquidated and paid off at par on the 13th February 1882, and any portion of the same undrawn on that date will thereafter cease to bear interest.

2nd.—With reference to the Notification No. 2010, dated 11th April 1867, the Debenture Loan of 1867-68, amounting to Rs. 60,03,000 and bearing interest at 5 per cent., will be liquidated and paid off at par on the 1st day of June 1882, and any portion of the same undrawn on that date will thereafter cease to bear interest.

3rd.—The Notifications No. 44, dated the 10th January 1867, and No. 3097, dated the 15th December 1871, permitting the transfer from any Loan bearing interest at 4 per cent. into the Loans of 1842-43 or 1865, are cancelled from this date, in so far as they apply to the abovementioned Transfer Loan of 1871.

2. His Excellency the Governor General in Council is further pleased to announce that the Commission for the Reduction of Debt, referred to in paragraph 67 of the Financial Statement for 1881-82, will be nominated, and its constitution and duties defined shortly.

RETIREMENTS.

No. 596.—The Right Hon'ble the Governor General in Council is pleased to direct the publication, for general information, of the following despatch from the Right Hon'ble the Secretary of State for India :—

MILITARY, INDIA OFFICE;

No. 323. *London, 6th October, 1881.*

To His Excellency the Most Hon'ble the Governor General of India in Council.

MY LORD MARQUIS,

Para. 1. I have had under my consideration the question of extending to Officers of the Royal Artillery and Royal Engineers, under Indian retiring regulations, the recently revised scale of pensions for Officers who entered the Staff Corps subsequently to September, 1866.

2. Under the very favorable terms of retirement given to Officers of the Ordnance Corps in Articles 92-111 of the Royal Warrant of 25th June, 1881, it is probable that the revised Indian pensions would be rarely taken advantage of by them. As, however, the extra annuity granted under the Royal Warrant is given under certain restrictions, an Officer may find himself unable to retire, except under those Indian pension rules in force up to the 1st July, 1881, which have recently been revised on the ground that they had become unsuitable to present circumstances. I consider therefore that the benefits of the revised scale should not be withheld from the Officers of the old Indian Army, not of the local service or Staff Corps, who are still serving for Indian pensions.

3. I have accordingly intimated to the Secretary of State for War that these revised rates will be extended to Officers of the Indian cadres of Royal Artillery and Royal Engineers; but that the increased rates* will not be given to Officers availing themselves of the extra annuity specified in Article 978—XI of the Royal Warrant of the 25th June, 1881, Officers retiring on those terms being restricted to the Indian retiring pensions hitherto in force.

* Years.	£
20	250
24	365
28	500

4. I request that your Lordship will cause this to be notified in General Orders.

I have, &c.,

MILITARY SECRETARY'S OFFICE.

NOTIFICATIONS.

Camp Agra, the 9th November 1881.

His Excellency the Viceroy and Governor General will hold a Levée at Government House, Calcutta, on Saturday the 3rd December 1881, at 9-30 P.M.

All Civil and Military Officers are invited to attend.

Gentlemen purposing to attend the Levée are requested to send their names to the Aide-de-Camp in waiting not later than the 30th November 1881, after which none will be received. Gentlemen who have not already been presented at the Court of St. James, or at Government House will be good enough to add the names of Gentlemen who will present them.

Gentlemen attending the Levée are requested to bring with them two cards with their names legibly written on them—one to be delivered on entering Government House, the other to the Aide-de-Camp in waiting at the time of presentation.

The Levée will be closed by the Native Officers of the Garrison being presented by their Commanding Officers.

Gentlemen wearing uniform will appear in full dress.

Gentlemen not wearing uniform will appear in evening dress.

The carriages of Gentlemen (except such as have the private entrée) attending the Levée will enter by the North-East Gate, set down under the Grand Staircase, and pass out by the North-West Gate.

Their Excellencies the Viceroy and the Marchioness of Ripon will hold a Drawing Room at Government House, Calcutta, on the evening of Tuesday the 6th December 1881, at 9-30 o'clock.

Ladies purposing to attend the Drawing Room are requested to send their cards and addresses to the Aide-de-Camp in waiting not later than Saturday the 3rd December, after which no cards will be received, and to bring with them to the Drawing Room two cards with their names legibly written on them—one to be given on entering Government House, and the second to the Aide-de-Camp in waiting at the time of presentation.

Ladies who have not already been presented at the Court of St. James or at Government House are requested to send their cards with their addresses and the name of the Lady by whom they are to be presented to the Aide-de-Camp in waiting as soon as possible.

Ladies who present others should themselves attend the Drawing Room.

The carriages of those who have the private entrée will enter by the South-East Gateway and set down at the South Entrance of Government House.

All other carriages will enter by the North-East Gate, set down under the Grand Stairs, and pass out by the North-West Gate.

By Command,

WILLIAM BERESFORD, *Captain*,

NOTIFICATION.

Simla, the 11th November, 1881.

No. 27.—Whereas the Secretary of State for India has, by Resolution in Council, declared the provisions of the Statute 33 Vic., cap. 3, section 1, to be from and after the 1st October, 1877, applicable to the territories forming the Chief Commissionership of Coorg;

And whereas the Chief Commissioner of Coorg has proposed to the Governor General in Council a draft of the following Regulation, together with the reasons for proposing the same;

And whereas the Governor General in Council has taken such draft and reasons into consideration, and has approved of such draft, and the same has received the Governor General's assent:

In pursuance of the direction contained in the said section, the said Regulation is now published in the *Gazette of India*:—

REGULATION No. II of 1881.

A Regulation to amend the law relating to the Courts in the Province of Coorg.

WHEREAS it is expedient to amend the law relating to the Courts in the Province of Coorg; it is hereby enacted as follows:—

I.—Preliminary.

1. This Regulation may be called "The Coorg Courts Regulation, 1881"; (Short title.)

And it shall come into force on the date of its publication in the *Gazette of India*. (Commencement.)

2. On and from such date Act No. XXV of 1868 (the Coorg Courts Act) and section 586 of the Code of Civil Procedure shall be repealed; (Repeal of enactments.)

But such repeal shall not affect anything done, or any offence committed, or any fine or penalty incurred, or any proceedings commenced, before the said date; (Saving.)

And all rules prescribed, forms framed, tables of fees settled, appointments made and powers conferred under the said Coorg Courts Act and now in force shall (so far as they are consistent with this Regulation) be deemed to have been respectively prescribed, framed, settled, made and conferred hereunder.

II.—Civil Justice.

3. Besides the Courts established under any other enactment for the time being in force, there shall be four grades of Civil Courts in the Province of Coorg (namely) :— (Grades of Courts.)

(1) The Court of the Súbahdár;

(2) The Court of the Assistant Commissioner;

(3) The Court of the Commissioner;

(4) The Court of the Judicial Commissioner.

The Court of the Judicial Commissioner and all Súbahdárs' Courts established in the said Province when this Regulation comes into force shall be deemed to have been established under this Regulation.

4. The Governor General in Council may from time to time appoint the Judicial Commissioner, the Commissioner and Assistant Commissioners, and suspend or remove any officer so appointed: (Appointment and removal of Judicial Commissioner, Commissioner and Assistant Commissioners.)

Provided that the Judicial Commissioner and the Súbahdárs holding office under the Coorg Courts Act at the time this Regulation comes into force shall be deemed to have been appointed under this Regulation.

5. The Chief Commissioner may from time to time appoint Súbahdárs and suspend or remove them. (Appointment and removal of Súbahdárs.)

6. The Chief Commissioner may, with the previous sanction of the Governor or General in Council, fix, and with the like sanction from time to time vary, the number of Courts of Súbahdárs and Assistant Commissioners. (Number of Courts of first and second grades.)

7. The Chief Commissioner may, with the previous sanction of the Governor General in Council, by notification in the local official Gazette, fix, and with the like sanction by like notification, from time to time, vary the local limits of the original jurisdiction of each of the Courts of Súbahdárs and Assistant Commissioners. (Power to fix local limits of original jurisdiction of Courts of first and second grades.)

8. The Court of the Judicial Commissioner shall, for the purposes of all enactments relating to civil jurisdiction for the time being in force, be deemed to be the High Court for the Province of Coorg. (Judicial Commissioner's Court, High Court.)

The Court of the Commissioner shall for the said Province be deemed to be the principal Civil Court of original jurisdiction and the District Court within the meaning of the Code of Civil Procedure. (Commissioner's Court principal Civil Court of original jurisdiction.)

The control over all the Civil Courts in the Province of Coorg is vested in the Commissioner, subject to the general control of the Judicial Commissioner. (Control over Civil Courts.)

9. Subject to the provisions of the Code of Civil Procedure, section fifteen,— (Original jurisdiction of different grades of Courts.)

(*a*) the jurisdiction of the Commissioner extends to all original suits;

(*b*) the jurisdiction of an Assistant Commissioner extends to all original suits in which the amount or value of the subject-matter in dispute does not exceed three thousand rupees;

(*c*) the jurisdiction of a Súbahdár extends to all original suits in which the amount or value of the subject-matter in dispute does not exceed three hundred rupees.

10. The Chief Commissioner may from time to time invest any Párpatigár with power to try and determine suits for money due on bond or other contract, or for rent, or for moveable property, or for the value of such property, or for damages, when the amount or value of the subject-matter does not exceed fifty rupees, and may from time to time define the local limits within which such power shall be exercised. (Power to confer certain jurisdiction on Párpatigárs.)

The Chief Commissioner may at any time withdraw all or any of the powers conferred under this section.

11. Subject to any law for the time being in force, appeals shall lie as follows:— (Appeals.)

(*a*) From the decrees and orders of Súbahdárs, and of Párpatigárs invested with jurisdiction under section ten—to the Assistant Commissioner.

(*b*) From the decrees and orders of Assistant Commissioners in original suits and proceedings—to the Commissioner.

(*c*) From the decrees and orders of the Commissioner in original suits and proceedings—to the Judicial Commissioner.

12. For the purposes of the last preceding section all decrees and orders passed before the date on which this Regulation comes into force shall be deemed,— (Appeals from decrees, &c., passed before Regulation comes into force.)

(*a*) if passed by the Superintendent of Coorg, to have been passed by the Commissioner; and

(*b*) if passed by an Assistant Superintendent of Coorg, to have been passed by an Assistant Commissioner.

13. The period of limitation for the presentation of appeals to the Courts of the Assistant Commissioner and Commissioner shall be the same as that prescribed by the Indian Limitation Act, 1877, for the presentation of appeals to the Court of the District Judge. (Limitation for appeals to Assistant Commissioner.)

14. The Commissioner may, with the previous sanction of the Chief Commissioner, define the local limits of the appellate jurisdiction of each of the Courts of the Assistant Commissioners, and with the like sanction from time to time vary the local limits so defined. (Local limits within which Courts of the Assistant Commissioner to exercise appellate jurisdiction.)

15. The Commissioner may direct the business in the Courts subordinate to him to be distributed among such Courts in such way as he thinks fit: (Distribution of business among subordinate Courts.)

Provided that no Court shall try any suit in which the amount or value of the subject-matter exceeds the jurisdiction conferred on it under this Regulation.

16. Except with the consent of the parties, no presiding officer of any Court having jurisdiction under this Regulation shall try any suit, appeal or proceeding to or in which he is a party or personally interested, or any appeal against a decree or order passed by himself, or shall adjudicate upon any matter connected with or arising out of such suit, appeal or proceeding. (Presiding officer of Court not to try suit in which he is interested.)

17. When any such suit, appeal or proceeding comes before the presiding officer of any Court subordinate to the Judicial Commissioner, he shall forthwith, unless all the parties request him to proceed with the case himself, transmit the record to the Court to which he is immediately subordinate, with an explanation of his reasons for so doing. (Procedure when officer subordinate to Chief Commissioner is interested, &c.)

Such Court shall thereupon try the case itself, or transfer it for trial to a subordinate Court of competent jurisdiction.

When an appeal is preferred to the Judicial Commissioner from a judgment or order passed by him in any other capacity, or in (Procedure when Judicial Commissioner is interested, &c.)

which he is personally interested, he shall, unless all the parties request him to proceed with the case himself, report the fact to the Chief Commissioner, who shall either direct the Judicial Commissioner to try the case himself, or shall transfer it to the High Court at Madras for disposal, or appoint an officer to be an Additional Judicial Commissioner for the disposal thereof.

III.—Criminal Justice.

18. The Court of the Judicial Commissioner shall, except with reference to proceedings against European British subjects or persons charged jointly with European British subjects, be deemed to have, throughout the Province of Coorg, the powers conferred by the Code of Criminal Procedure, or by any other enactment relating to criminal jurisdiction for the time being in force in the said Province, on a High Court, other than a High Court established by Royal Charter.

Judicial Commissioner's Court to be deemed to be, except as regards European British subjects, High Court for Coorg.

IV.—Miscellaneous.

19. The Judicial Commissioner may from time to time make rules regulating the appointment, suspension, removal and punishment of the ministerial officers of all the Courts subordinate to him.

Judicial Commissioner empowered to make rules as to ministerial officers.

Subject to such rules, the presiding officer of any Court may punish any ministerial officer of his Court who is guilty of misconduct or neglect in the performance of the duties of his office with fine which may extend to one month's salary of the offender.

Power to presiding officer to fine ministerial officers of Court.

Any fine imposed under this section shall, if the order imposing it so directs, be recovered from the offender's salary.

20. The Judicial Commissioner may, for the purpose of the exercise of any jurisdiction conferred on him under this Regulation, hold his Court at such place either within or without the limits of the Province of Coorg as he from time to time thinks fit.

Judicial Commissioner empowered to hold Court within or without limits of Coorg.

21. All proceedings pending on the date on which this Regulation comes into force shall be heard and disposed of by the Courts established under this Regulation that would have had jurisdiction if they had been in existence when such proceedings were instituted.

Pending proceedings.

For the purpose of this section all appeals pending on the said date shall,—

(*a*) if preferred from the decrees or orders of the Superintendent of Coorg,—be deemed to be appeals from the decrees or orders of the Commissioner; and

(*b*) if preferred from the decrees or orders of Assistant Superintendents of Coorg,—be deemed to be appeals from the decrees or orders of Assistant Commissioners.

EXAMINATIONS.

The 11th November 1881.

No. 80.—The following Regulations respecting the examination of candidates for the Civil Service of India, to be held in June 1882, are published for general information;—

EXAMINATIONS FOR THE CIVIL SERVICE OF INDIA.

REGULATIONS FOR THE OPEN COMPETITION OF JUNE 1882.

N.B.—The regulations are liable to be altered in future years.

1. On the 1st June 1882, and following days, an examination open to all qualified persons will be held in London (*a*). Not fewer than candidates will be selected, if so many shall be found duly qualified; *viz.*, for the Presidency of Bengal [for the Upper, for the Lower Provinces (including Assam), and for Burma], for that of Madras, and for that of Bombay (*b*).

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners—

(i) that he is a natural-born subject of Her Majesty;
(ii) that his age will be above seventeen years and under nineteen years on the 1st June 1882 [*N.B.—In the case of Natives of India this must be certified by the Government of India, or of the Presidency or Province in which the candidate may have resided*];
(iii) that he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Civil Service of India;
(iv) that he is of good moral character;
(v) that he has paid such fee as may be prescribed under the provisions of the order in Council of the 22nd March 1879 (*c*).

3. Should the evidence upon the above points be *primâ facie* satisfactory to the Civil Service Commissioners, the candidate will be admitted to the examination. The Commissioners may however, in their discretion, at any time prior to the grant of the certificate of qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries, in the case of any candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India; and if already selected will be removed from the position of a probationer.

4. The examination will take place only in the following branches of knowledge:—

	Marks.
English Composition	300
(*d*) History of England, including a period selected by the candidate	300
(*d*) English Literature, including books selected by the candidate	300
Greek	600
Latin	800
French	500
German	500
Italian	400
(*e*) Mathematics (pure and mixed)	1,000
Natural Science: that is, the Elements of any two of the following Sciences, *viz.*,— Chemistry, 500; Electricity and Magnetism, 300; Experimental Laws of Heat and Light, 300; Mechanical Philosophy, with outlines of Astronomy, 300.	
Logic	300
Elements of Political Economy	300
(*f*) Sanskrit	500
(*f*) Arabic	500

Candidates are at liberty to name any or all of these branches of knowledge. No subjects are obligatory.

5. The merit of the persons examined will be estimated by marks; and the number set opposite to each branch in the preceding regulation denotes the greatest number of marks that can be obtained in respect of it.

6. The marks assigned to candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary (*g*), in order to secure that "a candidate be allowed no credit at all for taking up a subject in which he is a mere smatterer."

7. The examination will be conducted on paper and *viva voce*, as may be deemed necessary.

(*a*) An order for admission to the examination will be sent to each candidate on the 18th of May.

(*b*) The numbers will be announced hereafter.

(*c*) The fee will be £5, payable by means of a special stamp according to instructions which will be communicated to candidates.

(*d*) A considerable portion of the marks for English History and Literature will be allotted to the work selected by the candidate (see notice on page 4). In awarding marks for this, regard will be had partly to the extent and importance of the periods or books selected, but chiefly to the thoroughness with which they have been studied.

(*e*) The examination will range from Arithmetic, Algebra, and Elementary Geometry, up to the elements of the differential and integral calculus, including the lower portions of applied Mathematics.

(*f*) The standard of marking in Sanskrit and Arabic will be determined with reference to a high degree of proficiency, such as may be expected to be reached by a native of good education.

(*g*) Marks assigned in English Composition and Mathematics will be subject to no deduction.

8. The marks obtained by each candidate, in respect of each of the subjects in which he shall have been examined, will be added up, and the names of the several candidates who shall have obtained after the deduction above mentioned a greater aggregate number of marks than any of the remaining candidates will be set forth in order of merit, and such candidates shall be deemed to be selected candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the selected candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. In the former case, the candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a selected candidate. A selected candidate declining to accept the appointment which may be offered to him will be disqualified for any subsequent competition.

9. Selected candidates, before proceeding to India, will be on probation for two years, during which time they will be examined periodically, with a view of testing their progress in the following subjects:—(*h*)

	Marks.
1. Law	1,250
2. Classical languages of India—	
Sanskrit	500
Arabic	400
Persian	400
3. Vernacular languages of India (each)	400
4. The History and Geography of India	350
5. Political Economy	350

In these examinations, as in the open competition, the merit of the candidates examined will be estimated by marks, and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it at any one examination. The examination will be conducted on paper and *viva voce*, as may be deemed necessary. The last of these examinations will be held at the close of the second year of probation, and will be called the "Final Examination," at which it will be decided whether a selected candidate is qualified for the Civil Service of India. At this examination candidates will be permitted to take up any one of the following branches of natural science, *viz.*, Botany, Geology, or Zoology, for which 350 marks will be allowed.

10. Any candidate who, at any of the periodical examinations, shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of selected candidates.

11. The selected candidates who, at the final examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, and character, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that service.

12. Persons desirous to be admitted as candidates must apply on forms, which may be obtained from "The Secretary, Civil Service Commission, London, S.W.," at any time after the 1st December 1881. The forms must be returned so as to be received at the office of the Civil Service Commissioners on or before 1st April 1882. They should be accompanied by evidence on the first four of the points mentioned in Regulation 2, and by a list of the subjects in which the candidate desires to be examined (*i*).

The Civil Service Commissioners are authorised by the Secretary of State for India in Council to make the following announcements:—

(1) *Selected candidates will be permitted to choose, according to the order in which they stand in the list resulting from the open competition, so long as a choice remains, the Presidency (and in Bengal, the Division of the Presidency) to which they shall be appointed; but this choice will be subject to a different arrangement, should the Secretary of State, or the Government of India, deem it necessary (k).*

(2) *The probationers, having passed the necessary examinations, will be required to report their arrival in India within such period after the grant of their certificate of qualification as the Secretary of State may in each case direct.*

(3) *The seniority in the Civil Service of India of the selected candidates shall be determined according to the order in which they stand on the list resulting from the final examination.*

(4) *An allowance amounting to £300 will be given to all candidates who pass their probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Glasgow, Edinburgh, St. Andrew's, and Aberdeen, Trinity College, Dublin; University College, London; and King's College, London; provided such candidates shall have passed the required examinations to the satisfaction of the Civil Service Commissioners, and shall have complied with such rules as may be laid down for the guidance of selected candidates.*

(5) *All selected candidates will be required after having passed the first periodical examination, and before receiving the first instalment of their allowance, to attend at the India Office for the purpose of entering into an agreement binding themselves, amongst other things, to refund in certain cases the amount of their allowance in the event of their failing to proceed to India. A surety will be required.*

(*h*) Full instructions as to the course of study to be pursued will be issued to the successful candidates as soon as possible after the result of the open competition is declared.

(*i*) Evidence of health and character must bear date not earlier than 1st March 1882. Applications for leave to alter or add to the list of subjects named will not be entertained unless received on or before the 5th of May.

(*k*) This choice must be exercised immediately after the result of the open competition is announced on such day as may be fixed by the Civil Service Commissioners.

(6) *After passing the final examination, each candidate will be required to attend again at the India Office, with the view of entering into covenants, by which, amongst other things, they will bind themselves to agree to such regulations for the provision of pensions for their families as may be approved by the Secretary of State for India in Council. The stamps payable on these covenants amount to £1.*

(7) *Candidates rejected at the final examination of 1884 will in no case be allowed to present themselves for re-examination.*

NOTICE RESPECTING THE EXAMINATION IN THE HISTORY OF ENGLAND AND ENGLISH LITERATURE.

HISTORY OF ENGLAND.

For the guidance of candidates who may have a difficulty in making their selections for special study under this head, the following list is given as indicating the character and amount of reading that would be regarded as satisfactory:—

Any one of the following periods, to be studied generally in "Bright's History," and particularly in portions selected by the candidate of the text books named:—

1. *Henry II to Edward III., A.D.* 1154-1377.—Stubbs' Select Charters; Stubbs' Constitutional History of England.
2. *The Tudors, A.D.* 1485-1603.—Hallam's Constitutional History of England; Froude's History of England.
3. *The Stuarts, A.D.* 1603-1714.—Hallam's Constitutional History of England; Macaulay's History of England.
4. *A.D.* 1714-1805.—Lord Stanhope's History; Sir T. E. May's Constitutional History; *either* Massey's Reign of George III *or* Lord Stanhope's Life of Pitt.

ENGLISH LITERATURE.

Under this head there will be (besides the general paper) a special paper on the following books:—

1. *Chaucer.*—Prologue to the Canterbury Tales with the Clerk's Tale.
2. *Shakespeare.*—Coriolanus, the Tempest.
3. *Milton.*—Comus and Sonnets.
4. *Bacon.*—Essays, i to xxx inclusive.
5. *Johnson.*—"Six Chief Lives of the Poets," *viz.*, of Milton, Dryden, Swift, Addison, Pope, and Gray; with Macaulay's Biography of Johnson.

The oral examination in English Literature will have reference chiefly to such works, not included in the foregoing list, as the candidate may offer for the purpose.

EVIDENCE OF AGE TO BE REQUIRED FROM CANDIDATES FOR THE CIVIL SERVICE OF INDIA.

I.—Every candidate born in England or Wales should produce a certificate from the Registrar General of Births, Marriages, and Deaths, or from one of his Provincial officers. This certificate may be obtained at Somerset House or from the Superintendent Registrar of the District in which the birth took place.

II.—A candidate who is a Native of India must have his age certified by the Government of India, or of the Presidency or Province in which he may have resided.

III.—Every other candidate *not producing the certificate* mentioned in clause 1 must prove his age by Statutory Declaration, and should also, if possible, produce a record of birth or baptism from some official register; under which term may be included the parochial registers of baptisms, the non-parochial registers of baptisms and births deposited at Somerset House under Acts of Parliament, the register kept at the India Office of persons born in India, &c., &c. This Regulation applies—

(1) To all candidates not born in England or Wales.

(2) To candidates who, though born in England or Wales, cannot produce the Registrar-General's certificate.

The Civil Service Commissioners reserve to themselves the right of deciding in each case upon the sufficiency of the evidence produced, but they subjoin the following general rules for the guidance of candidates :—

(*a*) The declaration should specify precisely the date and place of birth, and should, if possible, be made by the father or mother of the candidate. If made by any other person, it should state the circumstances which enabled the declarant to speak to the fact. If an entry in a Bible or other family record be referred to, the Bible or other record must be produced at the time of making the declaration, and must be mentioned in the declaration as having been so produced.

(*b*) If the candidate was born in England or Wales, the declaration must contain a statement that after due inquiry no entry has been found in the books of the Registrar-General; or a separate declaration must be made to that effect.

(*c*) If no extract from any register is produced, the declaration must contain a statement that after due inquiry no such record is believed to exist; or a separate declaration must be made to that effect.

(*d*) Statutory declarations must be exactly in the form prescribed by the Act of 5 and 6 William IV, c. 62. A printed form, if required, will be supplied on application to the Civil Service Commissioners.

N.B.—Clergymen, as such, are not qualified to take declarations.

RESOLUTION.—The Government of Madras was asked whether the annual accounts of the Local Funds constituted by Madras Act IV of 1871 are published in the Local Gazette as required by Section 32 of that Act. In reply that Government reports that the accounts are published in the Gazettes of the districts in which the Local Funds circles are respectively situated.

2. The Government of Bombay was asked whether the accounts of the District Funds constituted by Act III of 1869 are published in the vernacular papers of the districts as required by the Act; and it appears from the reply of that Government that the accounts are published in the vernacular papers of most of the districts where there are such papers, but not in some where the insertion would have to be paid for.

3. The Governor General in Council requests that the Government of Bombay will issue instructions for compliance with the terms of the law in these districts, any necessary payments to the newspapers being made from the Local Funds.

4. The Government of the North-Western Provinces and Oudh was similarly asked whether any accounts of the local rates levied under Acts III and IV of 1878 are published in the Local Gazette as required by Sections 14 and 13 of those Acts respectively. That Government replies that such accounts were published up to 1874-75, but that afterwards they had to be discontinued, owing chiefly to certain difficulties which were felt in fixing the assignments for each district. The Local Government, however, reports that orders have now been issued prescribing the manner in which district assignments should be fixed, and that the accounts of 1879-80 and 1880-81 are being prepared accordingly, and will be published as soon as they are completed.

5. The Governor General in Council desires that the other Local Governments will take particular care that any similar provisions of the Legislature in respect of any other Local Funds are not overlooked anywhere.

ORDERED, that this Resolution be communicated to the several Local Governments.

Ordered also, that it be published in the *Gazette of India* for general information.

The 9th November 1881.

No. 4121.—In exercise of the powers conferred by Section 8 of Act XVI of 1881 (The Obstructions in Fairways Act, 1881), the Governor General in Council is pleased to make the following rule, namely,—

"In any fairway leading to the port of Rangoon the placing of fishing stakes or the casting or throwing of sand or stone ballast, rubbish, or any other thing likely to give rise to a bank or shoal is prohibited."

The 11th November 1881.

No. 4161.—The Governor General in Council is pleased to authorise the establishment of Government Savings Banks at all Post Offices, being Money Order Offices, at which the Director General of the Post Office shall permit deposits to be received, in the following Provinces and places, with effect from the first day of April 1882:—

The Lower Provinces of Bengal, with the exception of the Presidency town and of the town of Howrah.
Assam.
North-Western Provinces.
Punjab.
Oudh.
Central Provinces.
British Burma.
Berar.
Port Blair.
Coorg.
Ajmere.
Nowgong (Bundelkhand).
Indore.
Nusseerabad.
Gwalior.
Sambhar.
Quetta.

2. The Governor General in Council is further pleased to prescribe the following rules for the guidance of depositors in Post Office Savings Banks:—

RULES FOR THE GUIDANCE OF DEPOSITORS IN POST OFFICE SAVINGS BANKS IN INDIA.

Definitions.

I.—For the purposes of these rules:—

Deposit means money paid into a Post Office Savings Bank by, or on behalf of, a depositor.

Depositor means the person by whom, or on whose behalf, money is deposited.

Account means the account of a depositor in a Post Office Savings Bank.

Balance means the balance at credit of an account.

Minor means a person who has not completed the age of 18 years.

Legal guardian means not only any guardian constituted by law for the time being, but also includes a father or, if the father be dead, a mother.

Postmaster General means the Chief Postal Authority in any Province or place to which the system of Post Office Savings Banks is extended.

Object of Government in establishing Post Office Savings Banks.

II.—The object of Government in establishing Post Office Savings Banks is to provide a ready means for the deposit of savings, and so to encourage thrift. Savings Banks are not to be used for the purpose of keeping a current account, and the Comptroller, Post Office, is empowered to close an account, should he have reason to believe that the depositor has used the Savings Bank for a purpose for which it was not intended.

Business Hours.

III.—Post Office Savings Banks will be open for the transaction of business between the hours of noon and 4 P.M. every day, with the exception of Sundays, Christmas Day, New Year's Day, Good Friday, and the Queen's Birthday. These hours may, under the authority of the Postmaster General, be altered to suit local circumstances.

Persons who may deposit money.

IV.—Any person may deposit money in a Post Office Savings Bank on his own behalf. The parents or other relatives of any minor may also deposit money in the name and on the behalf of such minor.

Explanation.—Minors are allowed to deposit money in their own names, and women, whether married or single, are allowed to deposit money in their own names, but subject, in the case of married women, to the limitation laid down in Rule V.

Limitations as to deposits.

V.—No person can open more than one account in his own name; but the fact that he has an account in his own name shall not prevent him from opening an account in the name of any relative who is a minor; nor shall the fact that an account has been opened on behalf of a minor prevent such minor from opening an account in his own name. The wife of a depositor who has an account in his own name may also open an account in her own name, provided that the money to be deposited by her is her own property or earning.

Explanation.—No person who has an account in his own name at a District Savings Bank will be allowed to open an account with a Post Office Savings Bank.

VI.—Money held under a trust for another person cannot be deposited in a Post Office Savings Bank, and money cannot be deposited in the name of two or more persons jointly: provided that nothing in this rule shall prevent the deposit of money in the name of a known firm.

VII.—The smallest sum of money that can be deposited at any time is four annas; and no sum can be deposited that is not a multiple of four annas. A depositor cannot deposit a larger sum than five hundred rupees in all between the 31st March of any year and the 1st April of the following year.

Powers to withdraw Money, and Limitations as to withdrawal.

VIII.—A depositor can withdraw money from his account once a week.

IX.—A minor can withdraw money deposited by him in his own name; but money deposited on behalf of a minor can only be withdrawn during his minority by his legal guardian.

X.—Women, whether married or single, can withdraw money deposited by them in their own names; and married women can also withdraw money deposited by them as single women in their own names, their marriage notwithstanding. The fact that a female minor on whose behalf money has been deposited is married, or becomes married after the account has been opened on her behalf, shall not prevent her from withdrawing the money so deposited on attaining majority.

XI.—A depositor cannot withdraw a smaller sum than four annas, and he cannot withdraw any sum which is not a multiple of four annas, unless it be to close his account, in which case he can withdraw the balance at his credit.

How to open an Account.

XII.—Any person wishing to open an account should apply to the nearest Post Office that is a Money Order Office. Application need not necessarily be made in person; but the applicant must state his name, his occupation or profession, and his place of residence. If he be a Native, he must also state his father's name and caste.

XIII.—The intending depositor must sign a declaration in the following form that he has read and accepted the Post Office Savings Banks Rules. If he be unable to write, he must attend personally, and, in the presence of a witness, affix his mark or seal to the declaration to be attested by the signature of the witness. If he should apply in person, a copy of the Rules will be given to him to read, or they will be read and explained to him, should he be unable to read. If he should not apply in person, a copy of the Rules, with the form of declaration, will be sent to him, and he must present the declaration duly signed with the first deposit.

Form of Declaration to be signed by Depositor on making first deposit.

I hereby declare that the Post Office Savings Banks Rules have been read {by me / to me}, and that I accept them as binding upon me.

I further declare that I have no account in my own name at any Government Savings Bank.

Signed in the presence of

The ..... *188* .

Depositor.

XIV.—Women who by the custom of the country are not allowed to appear in public may open accounts in their own names through their agents, or if they are married women, through their husbands or agents. The agent or husband will be required to sign the declaration that the depositor understands and accepts the rules.

XV.—When the declaration is presented duly signed with the amount of the first deposit, or when it has been signed by a depositor attending in person to make a deposit, the amount of the deposit will be entered in a Pass-book, which will be supplied to the depositor, and the entry will be initialed by the Postmaster and stamped with the office stamp. The depositor will be required to sign a receipt for the Pass-book.

XVI.—If the account be opened at a Sub-Post Office, the Pass-book for the depositor will have to be obtained from the Head Office. A Preliminary Receipt for the amount of the first deposit will, therefore, be given to the depositor, who will be informed of the date on which he should call to receive the Pass-book. When the Pass-book is handed over to the depositor, he will be required to return this Preliminary Receipt, and to sign an acknowledgment for the Pass-book. The amount of the original deposit will be entered in the Pass-book at the Head Office, and the depositor will therefore have a guarantee that the sum has been received in that office. He should be careful to see that the entry in the Pass-book corresponds with the amount entered in the Preliminary Receipt before giving up the latter.

Pass-book, and its importance.

XVII.—The Pass-book will show, in the vernacular of the district or in English, as the depositor may wish, the number of his account, with the name of the office from which the book is issued, his own name, occupation or profession, and address. No deposit can be made and no money can be withdrawn from an account without its production, and the Post Office will not be responsible for any sum not acknowledged in the Pass-book. Depositors should carefully examine their books before leaving the offices, and ascertain that the entries are correct. They should also be careful to keep their Pass-books in their own possession, as the Post Office will not be responsible for any loss caused to a depositor if any person shall obtain possession of the book and fraudulently obtain the payment of any sum belonging to the depositor.

Loss of Pass-book.

XVIII.—No charge will be made for the book at first supplied to a depositor or for any books issued to him in continuation of the original book. But if a book be lost or spoiled, or if an account be reopened after it has been closed, the depositor will have to pay one rupee for a fresh book.

Mode of depositing money after an account has been opened.

XIX.—A depositor may deposit money at the Post Office at which his account stands as often as he wishes, so long as the prescribed yearly limit is not exceeded. All that he is required to do is to take or send the amount to be deposited with his Pass-book to the Post Office. The amount of his deposit will be entered in the Pass-book and the balance struck as shown below. The entry will then be initialed by the Postmaster and stamped with the dated stamp of the office, and the Pass-book returned—

Date.	Dated stamp of the Post Office.	Amount of each deposit or withdrawal (to be entered in words).	Amount deposited.	Amount withdrawn.	Balance at credit of the depositor.	Initials of the Post-master.
			Rs. A. P.	Rs. A. P.	Rs. A. P.

12th May „ ...		Withdrawn three rupees ...	...	3 0 0	32 0 0	A. B. C.

XX.—If the amount be deposited at a Sub-Post Office, the depositor will receive, in addition to the receipt in his Pass-book, an acknowledgment from the Head Office, which will generally be the office at the head-quarter station of the district. This acknowledgment will be delivered to him in ordinary course through the Post Office. If it should not reach the depositor in proper time, or if, when it reaches him, it should show any signs of erasure, or should not agree with the entry in the Pass-book, the depositor should immediately apply to the Postmaster of the Head Office, the name of which is in the Pass-book, and renew his application again and again until he receives a satisfactory reply.

Mode of withdrawing money.

XXI.—When a depositor wishes to withdraw money, he must present his Pass-book personally or by agent at the Post Office at which his account stands, with a printed form of Application for Withdrawal, which can be obtained at the Post Office, signed by himself and showing the balance at his credit and the amount which he wishes to withdraw. If he is unable to write, he must attend personally and affix his mark or seal to the Application to be attested by the signature of a witness. Should he be absolutely unable to attend personally, he must have his mark or seal affixed to the Application and attested by some respectable witness, and the Postmaster will make payment to the person presenting this Application with the Pass-book, after satisfying himself, by such enquiry as he may think proper, of the inability of the depositor to attend, and of the genuine character of the application.

XXII.—The amount to be withdrawn will be entered in the Pass-book and a fresh balance struck, as in the case of a deposit, under the initials of the Postmaster and the dated stamp of the office. The amount will then be paid to the depositor or to the person presenting the Pass-book and Application, and his receipt taken, in all cases without a receipt stamp, on the Warrant of Payment.

XXIII.—If the amount be withdrawn at a Sub-Post Office, payment cannot be made until a Warrant of Payment is received from the Head Office. The depositor, therefore, or other person presenting the Pass-book and Application, will be informed of the date on which he should come to the Post Office to receive payment, and will have the Pass-book returned to him. On presentation of the Pass-book on that date, or any subsequent date after the arrival of the Warrant of Payment, the amount will be paid to the depositor, or other person presenting the Pass-book, and his receipt taken, in all cases without a receipt stamp, upon the Warrant. The necessary entries will then be made in the Pass-book under the initials of the Sub-Postmaster and attested by the stamp of the office.

Interest.

XXIV.—Interest will be allowed at the rate of $3\frac{3}{4}$ per cent. per annum until further orders on all deposits subject to the conditions of this rule. This interest will be allowed for each calendar month on the lowest balance at credit of an account during the period from the first day until the close of the twenty-fourth day of the month: provided that interest shall only be calculated at the rate of three pies a month on every complete sum of five rupees; provided also that no higher monthly interest than Rs. 9-6 shall be allowed on the balance of any account.

XXV.—The interest calculated as above for each month will be added to the balance of each account after the 31st of March of each year. Depositors should therefore present their Pass-books as soon after that date as possible, in order that the necessary entries may be made in them. If the Pass-book be not presented for this purpose, the entry will be made on the first occasion when a deposit is made, or when money is withdrawn, after the 31st March.

Transfer of account.

XXVI.—A depositor may have his account transferred free of charge to any Post Office that is a Money Order Office. If he should wish to transfer his account, he must present his Pass-book at the Post Office personally or send it with a written application for transfer. The Pass-book will be retained by

the Postmaster, and a certificate given to him showing the amount at his credit. On presenting this at the Post Office to which his account has been transferred, he will receive a new Pass-book free of charge.

Closing an account.

XXVII.—When a depositor wishes to close his account, he must present his Pass-book with a form of Application for Withdrawal of the net amount at his credit. The amount of interest due on his account up to the end of the calendar month preceding the date of presentation will be entered in the Pass-book and a final balance struck. The amount will then be paid to the depositor and his receipt taken on the Warrant of Payment. The Pass-book will be retained in the Post Office. If the application for closing an account be presented at a Sub-Office, the same procedure will be followed as in the case of an ordinary withdrawal, except that the Pass-book will be retained.

XXVIII.—If an account be closed under the orders of the Comptroller, Post Office, notice in writing will be sent to the depositor requiring him to present his Pass-book and receive payment of the balance at his credit as soon as convenient. After the date of such notice no deposit will be accepted on the account so closed, and no interest will be allowed upon the balance after the end of the calendar month preceding such date.

Reopening an account.

XXIX.—A depositor who has once closed an account cannot open another account until after the expiration of three months from the date of closure without the permission of the Comptroller, Post Office; and a depositor whose account has been closed by order cannot open a fresh account in any case without the permission of the Comptroller, Post Office.

Powers of Postmaster General in certain special cases.

XXX.—If a depositor should die leaving in a Post Office Savings Bank a sum of money not exceeding one thousand rupees, and if probate of his will or letter of administration of his estate or a certificate granted under Act No. XXVII of 1860 be not produced to the Postmaster General within three months of the death of the said depositor, the Postmaster General may pay the said sum of money to any person appearing to him to be entitled to receive it, or to administer the estate of the deceased.

XXXI.—If any depositor become insane or otherwise incapable of managing his affairs, and if such insanity or incapacity be proved to the satisfaction of the Postmaster General, then the Postmaster General may from time to time make payment out of the deposit to any proper person.

Secrecy.

XXXII.—The officers of the Postal Department engaged in the receipt or payment of deposits are not allowed to disclose the name of any depositor or the amount deposited or withdrawn by him except to the Postmaster General or other officers of the Department engaged in carrying out the provisions of these rules.

Purchase of Government Securities on behalf of Depositors.

XXXIII.—If a depositor should wish that the balance at his credit or any part of it should be invested in the purchase of Government securities, he may present a written application to this effect with his Pass-book at the Post Office. The application will then be forwarded to the Comptroller, Post Office, who will take the necessary steps for making the purchase through the Comptroller General.

(*a*) The paper purchased will be of the 4 per cent. loans, unless $4\frac{1}{2}$ per cent. paper is specially applied for.

(*b*) The investor may also specially apply that the paper remain in the custody of the Comptroller General, and that the interest be remitted as drawn to the local Treasury for payment to him. In this case the Comptroller General will, if necessary, transfer the paper to the 4 per cent. loan of 1865 and will remit the interest as applied for. The investor may at any time apply

through the local Post Office for the delivery to him of paper thus held by the Comptroller General. If application is not made under this clause, the paper purchased by the Comptroller General will be enfaced for payment of interest at the local Treasury and forwarded to the Post Office for delivery to the investor.

(*c*) An investor under these rules may at any time apply in the same way for the sale of paper purchased through the Post Office, whether held by himself or held for him by the Comptroller General.

(*d*) These arrangements are intended only for persons of moderate income, who belong to a class who do not ordinarily have transactions with bankers, and the advantage of them must be refused, both by the Post Office, and, if necessary, by the Comptroller General, if the applicant is not within this definition.

The following fees will be charged :—

On purchase: 4 annas per cent.
On realisation and remittance of interest: 4 annas per cent.
On delivery out of custody: 4 annas per cent., unless the application for delivery is made within a year of the purchase.
On sales: 4 annas per cent., and any actual outlay upon brokerage.

The following are the principal rules of the Post Office Savings Banks in India which will be printed in each depositor's Pass-book in English always and, at the option of the depositor, also in the vernacular language of the District :—

Where and when deposits may be made.

I.—Post Office Savings Banks are established at all Post Offices that are Money Order Offices, and are open to receive deposits daily, with the exception of Sundays and Post Office holidays, from noon till 4 P.M.

Who may deposit—What they may deposit—What Government promises to do with regard to deposits.

II.—At these banks any person, man, woman or child, may deposit money. No sum less than four annas, and no sum that is not a multiple of four annas, can be received, and no one is allowed to deposit more than Rs. 500, in all, in the year. Government promises to repay the money, with interest, to the person depositing it in his or her own name, whether man, woman or child. Parents and other relatives can also deposit money on behalf of minors—that is, of persons who have not completed the age of 18 years—but Government will not pay this money, during the minority of the minors, to any one except their legal guardians.

Interest on deposits how calculated and paid.

III.—Interest is allowed until further orders at the rate of one pice, or three pies, a month on every complete sum of five rupees. It will be calculated on the lowest balance at the credit of an account on any date from the first to the close of the twenty-fourth day of a month. The amount of interest will be added to each account once a year after the 31st March.

How to make a first deposit.

IV.—On making a first deposit every person must give his name, occupation and residence. A Native must also give his father's name and caste. He must then sign the following declaration, or, should he be unable to write, affix his mark or seal to it at the Post Office in the presence of a witness, who will attest it with his signature.

Form of declaration.

I hereby declare that the Post Office Savings Banks Rules have been read {by me / to me}, and that I accept them as binding upon me. I further declare that I have no account in my own name at any Government Savings Banks.

Depositor.

Depositor's book—Its use and importance.

V.—A Pass-book will be given to every depositor, free of charge, when he makes his first deposit. This will show, in the vernacular of the district or in English, as the depositor may wish, the number of his account, with the name of the office from which the book is issued, his own name, occupation and residence. Money cannot be paid in or taken out without the production of this book, and the Postmaster will enter in it every sum of money paid in or taken out, strike the balance on each occasion, and sign the entry and stamp it with the office stamp. The depositor must present the Pass-book after the 31st March of each year in order that the interest due may be added to the principal in the book, and he must always carefully examine the entries made in his book before leaving the office. On no occasion should he allow the Pass-book to remain at the Post Office, unless his account is finally closed. The Pass-book is his private property, and must be kept carefully in his own hands. Should he lose the book or allow it to be spoiled, he will have to pay one rupee for a fresh book.

How to make a second or third deposit—Depositor at Sub-Post Office entitled to special receipt.

VI.—When a depositor wishes to deposit money after the first time, all that he has to do is to send or present the money with his Pass-book at the Post Office. If this money be paid in at a Sub-Office, the depositor will receive, in addition to the receipt in the book, an acknowledgment by post from the Head Office. If this acknowledgment should not reach him, or if it should have any corrections in it, or should not tally with the entry in the book, he must write to the Postmaster at the Head Office, the name of which is in his book, and should renew his application again and again until he receives a satisfactory reply.

How to withdraw money.

VII.—A depositor may withdraw money once a week not less than four annas and no sum that is not a multiple of four annas. He must make an application on a printed form, which he can obtain at the Post Office. If he can write, he can sign the form and send it to the Post Office with his Pass-book. If he cannot write, he must attend the Post Office and affix his mark or seal to the form, to be attested by the signature of a witness. Payment will then be made to the depositor, or to the person presenting the signed application and Pass-book, and his receipt taken, *in all cases without a receipt stamp*, on the order for payment. At a Sub-Office payment cannot be made until an order of payment is received from the Head Office. The depositor will be told on what day to come for the money, and on that day payment will be made as above to the person presenting his Pass-book. If a depositor wishes to withdraw the whole of his money, he must follow the same procedure.

How to transfer deposits.

VIII.—A depositor can transfer his deposit, without charge, to any other Post Office that is a Money Order Office. If he should wish to transfer his account, he must present his Pass-book at the Post Office, or he can send a written application asking for the transfer with his Pass-book. The Pass-book will be retained by the Postmaster, and a receipt given to him showing the amount at his credit. On presenting this receipt at the Post Office to which his account is transferred, he will receive a new Pass-book free of charge.

How depositor can obtain further information.

IX.—If any further information be required on any point connected with the Post Office Savings Banks, detailed rules will be found in the Postal Guide, or can be seen at any Post Office.

Post Office officials bound to secrecy.

X.—The officers of the Post Office are not allowed to disclose the name of any depositor or the amount deposited or withdrawn by him to any one not belonging to the Postal Department.

No. 4162.—In exercise of the powers conferred upon him by Section 8 of the Indian Stamp Act, 1879, the Governor General in Council is pleased to remit the stamp duty on receipts given by, or on behalf of, depositors in Post Office Savings Banks for sums of money withdrawn from such Banks in all cases in which, but for this exemption, such receipts would be liable to stamp duty.

No. 4185.—Notification No. 4034, dated the 3rd instant, with the addition in the first clause of the words "now otherwise called the Reduced Four Per Cent. Loan of 1881," is republished for general information:—

The 3rd November 1881.

No. 4034.—His Excellency the Governor General in Council is pleased to notify for general information that, in pursuance of the policy announced in paragraphs 57 and 66 of the Financial Statement for 1881-82, Seventy-five Lakhs of Rupees provided under the head of Famine Insurance in the Budget of the current year, together with a further sum of Rs. 7,22,000 chargeable to the same head in the year 1882-83, will be applied to the reduction of debt in India in the manner indicated below:—

1st.—With reference to the Notification No. 197, dated 1st May 1871, the Transfer Loan of 1871, now otherwise called the Reduced Four Per Cent. Loan of 1881, amounting to Rs. 22,19,000 and now bearing interest at 4 per cent., will be liquidated and paid off at par on the 13th February 1882, and any portion of the same undrawn on that date will thereafter cease to bear interest.

2nd.—With reference to the Notification No. 2010, dated 11th April 1867, the Debenture Loan of 1867-68, amounting to Rs. 60,03,000 and bearing interest at 5 per cent., will be liquidated and paid off at par on the 1st day of June 1882, and any portion of the same undrawn on that date will thereafter cease to bear interest.

3rd.—The Notifications No. 44, dated the 10th January 1867, and No. 3097, dated the 15th December 1871, permitting the transfer from any Loan bearing interest at 4 per cent. into the Loans of 1842-43 or 1865, are cancelled from this date, in so far as they apply to the abovementioned Transfer Loan of 1871.

2. His Excellency the Governor General in Council is further pleased to announce that the Commission for the Reduction of Debt, referred to in paragraph 67 of the Financial Statement for 1881-82, will be nominated, and its constitution and duties defined shortly.

No. 254*R.*—In exercise of the power conferred by 24th & 25th Vic., Cap. 67, Section 47, and by 28th Vic., Cap. 17, Section 4, the Governor General in Council is pleased to direct that the line described below shall be the boundary between the territories administered by the Lieutenant-Governor of Bengal and the Chief Commissioner of British Burma respectively, with effect from the 15th July 1881 :—

Commencing from the Bay of Bengal, the Naaf river separates the district of Chittagong from the district of Akyab as far north as the mouth of the Goong-doung stream or Oocha Goong-doung; thence commences the boundary between the districts of Akyab and the Chittagong Hill Tracts: this proceeds eastward along the Oocha Goong-doung to its source; thence in a straight line across the watershed to the Toung-byoo or Toung-broo stream; and thence up that stream to its source in the Wayla-toung peak, or Sugar-loaf hill. From the Wayla-toung peak, or Sugar-loaf hill, the boundary runs northwards for about five-and-a-half miles along the Wayla-toung ridge; thence in an easterly direction for about two miles along the See-see-toung spur to the Bujbukia khal opposite the Tha-walee-toung bungalow on the high road from Chittagong to Akyab; thence, still eastwards for about 12 miles, over a succession of ridges following the northern limits of Mro-thit (northern) Gyokeship, meeting the Ko-ma-toung ridge (a continuation of the Choung-doung range) about four-and-a-quarter miles north-west from Ko-ma-toung survey-station; thence southwards for about two-and-a-half miles along the Ko-ma-toung ridge to a point where the district boundary leaves the Northern Mro-thit Gyokeship; thence in a south-easterly direction along the tortuous Kring-dyu-toung ridge, following the northern limits of the Ching-doung Hill Tract to the Koo-doung or Ko-ma-toung survey-station; thence north-east along low ridges for about three-and-quarter miles; and thence east for about one mile, south-east for about one-and-a-quarter miles, and again north-east for about two miles, meeting the crest of the Lee-doung-toung range and the north-western boundary of the Arakan Hill Tracts about three-and-a-half miles south from Lee-doung-toung survey-station. From this spot it proceeds northwards along the Lee-doung-toung range to Lee-doung-toung hill-station; thence along the same range to Mee-doke-toung survey-station and peak; thence northwards along the crest of the Mee-doke-toung range to the second Mee-doke-toung survey-station; and thence, still northwards, along the Mee-doke-toung range, for about eight miles, to the point where it meets the northern boundary of the Arakan Hill Tracts, which runs due east in a straight line to the junction of the Kala and Kaladan rivers.

Letter from the Government of Bengal, No. 985, dated 13th October 1881.

RESOLUTION.—With their letter last read the Government of Bengal have forwarded returns showing the stores procured by the Director of Public Instruction in Bengal, through the Secretary of State, and European stores purchased locally during the last two years. It appears that the stores so procured for the Colleges and Schools consisted chiefly of chemicals and chemical preparations. A list of such of them as, on the information before the Government of India, it is possible to obtain of Indian manufacture is appended to this Resolution. The Governor General in Council directs that for the future supply of the articles enumerated in the list, the course suggested in Resolution No. 2777, dated 1st September, shall be followed in Bengal and in all other Provinces.

ORDERED, that the foregoing Resolution be communicated to the Government of Bengal and to the other Local Governments and Administrations for information and guidance.

Ordered also, that it be published in the *Gazette of India*.

HOME DEPARTMENT.

NOTIFICATIONS.—PUBLIC.

Simla, the 18th November 1881.

No. 1875.—Under the provisions of Section 9 of Statute 24 and 25 Vic., Cap. 67, the Governor General in Council is pleased to direct that His Excellency's Council shall assemble at Calcutta in the jurisdiction of the Lieutenant-Governor of Bengal.

Fort William, the 25th November 1881.

No. 1892.—The Governor General in Council is pleased to direct that the following rules shall be substituted for Rules 7 to 10 of the rules framed under Section 17 of the Indian Arms Act, 1878, and published in the Notifications mentioned in the margin:—

Home Department Notification No. 518, dated the 6th March 1879.
Home Department Notification No. 32, dated the 9th January 1880.
Foreign Department Notification No. 4031.-P., dated the 23rd April 1880.

7. Licenses to export arms or ammunition or military stores by land or by river to any place beyond the frontier of British India, or to any place within the limits of the feudatory States and licenses to import arms or ammunition or military stores into, or to export the same out of, the district of Ajmere, may be granted by the Secretary to the Government of India in the Foreign Department, or by any other officer specially empowered by the Government of India to grant them.

Licenses to export arms or ammunition or military stores by land or by river to any place within the political jurisdiction of the Governments of Madras and Bombay may be granted by the Secretaries to the Governments of Madras and Bombay respectively, copies of such licenses being sent to the Foreign Department of the Government of India for information. These licenses will be valid only for the State named in them, and no export beyond the limits of that State can be permitted under them.

Licenses granted under this rule will be prepared in Form V, and be charged with a fee of rupees five, except in such cases as the Government of India in the Foreign Department may grant exemption from, or reduction of, the prescribed fee. Licenses to import arms, ammunition or military stores into Ajmere will also be granted in Form V, the word export in the heading of the license being changed into import.

Copies of such licenses shall be sent on the day of issue to the Political Officer of the State to which the articles are to be exported, and in the case of imports into Ajmere, to the Commissioner of the district. Copies shall also be sent to the Magistrate of the frontier district if the articles are to cross the frontier by road or river. If the articles are to be carried across the frontier by rail, a copy of the license should, in the case of consignments despatched from Presidency Towns, be sent to the Commissioner of Police, and in other cases to the Magistrate of the district

from which the articles are to be despatched. In such cases the Commissioner of Police or the Magistrate of the district, as the case may be, should at once forward a copy of the license to the Railway authorities at the place of despatch. No Railway Company shall receive for despatch any box, package or bale containing arms, ammunition or military stores as defined in the Arms Act and the rules framed thereunder, unless covered and accompanied by the original license granted under these rules, and the Railway authorities shall in every instance satisfy themselves that the goods tendered to them for transport correspond to the description given in such license, and that the license is identical with that forwarded to them by the Commissioner of Police or Magistrate of the district.

7A. Nothing in Rules 5, 6 or 7 shall be deemed to authorise the grant of licenses—

(*a*) to import any arms, ammunition or military stores from Portuguese India;

(*b*) to export to Portuguese India by sea, river or land any arms, ammunition or military stores, except the same be exported for the exclusive use of the Government of Portuguese India, or are covered by a special license for import into Portuguese India signed by the Secretary General to the Government of Portuguese India.

8. Persons desirous of transporting or exporting arms, ammunition or military stores must apply in writing to the officer authorised to grant such licenses. The application must specify—

(*a*) the place to which the articles are to be transported or exported, the route of transport or export, and the probable time that will be occupied in the journey;

(*b*) the quantity, description, average price, and the purpose of each kind of arms or ammunition; or

(*c*) whether the applicant has obtained the consent of the Magistrate or Political Officer of the place of consignment. [If so, the evidence of such consent must be produced.]

9. Persons transporting or exporting arms, ammunition or military stores under a license must write legibly on the cases or packages containing such articles an account of their contents.

10. In the case of transport the consignee must, within six days of the articles reaching their destination, deliver the transport license to the Magistrate of the district. In the case of articles crossing the frontier of British India by road or river, the export license must, within six days of the consignment reaching the frontier district, and before it leaves British territory, be delivered to the Magistrate of the frontier district, or other officer empowered by him to receive export licenses on his behalf. The officer to whom the transport or export license, as the case may be, may be delivered must satisfy himself that the articles correspond with the entries in the license, and that any deficiency is properly accounted for.

No. 1893.—The Governor General in Council is also pleased to direct that the following endorsement shall be substituted for that on Form V, for the grant of export licenses under Rule 7, published with the Notification by the Foreign Department, No. 162 I-J, dated the 25th June 1879:—

It is valid only for the period and the route named therein.

It becomes invalid if bulk is broken, or the consignment stopped at any place on the journey.

It is given subject to the provisions of the Indian Arms Act, 1878, and of the rules framed thereunder.

The contents of each package covered by this license shall be described in legible characters on the outside of such package.

The license must be delivered to the Railway authorities or to the frontier district Magistrate, or other officer empowered by him to receive export licenses on his behalf as provided in Rules 7 and 10 In the case of consignments crossing the frontier by road or river, the articles must be made available for exhibition to the frontier Magistrate or other principal officer within six days of their reaching the frontier district, and before they leave British territory.

"London Gazette," dated the 18th October, 1881, page 5140.

War Office, October 15, 1881.

THE Queen has been graciously pleased to signify Her intention to confer the decoration of the Victoria Cross upon the undermentioned Officers and Soldier, whose claims have been submitted for Her Majesty's approval, for their gallant conduct in Afghanistan, as recorded against their names :—

Regiment.	Names.	Acts of Courage for which recommended.
Bengal Staff Corps.	Captain (now Brevet Major) William John Vousden.	For the exceptional gallantry displayed by him on the 14th December, 1879, on the Koh Asmai Heights, near Kabul, in charging, with a small party, into the centre of the line of the retreating Kohistani force, by whom they were greatly outnumbered, and who did their utmost to close round them. After rapidly charging through and through the enemy, backwards and forwards, several times, they swept off round the opposite side of the village and joined the rest of the Troop.
Bengal Staff Corps.	Captain (now Major) Arthur George Hammond.	For conspicuous coolness and gallantry at the action on the Asmai Heights, near Kabul, on the 14th December, 1879, in defending the top of the hill with a rifle and fixed bayonet, against large numbers of the enemy, while the 72nd Highlanders and Guides were retiring; and again, on the retreat down the hill, in stopping to assist in carrying away a wounded Sepoy, the enemy being not sixty yards off, firing heavily all the time.

No. 28.—Whereas the Secretary of State for India has by Resolution in Council declared the provisions of Act 33 Vic., Cap. 3, Section 1, to be from and after the 1st of January, 1873, applicable to the Chittagong Hills:

And whereas the Lieutenant Governor of Bengal has proposed to the Governor General in Council a draft of the following Regulation, together with the reasons for proposing the same:

And whereas the Governor General in Council has taken such draft and reasons into consideration and has approved of such draft and the same has received the Governor General's assent:

In pursuance of the direction contained in the said section, the said Regulation is now published in the *Gazette of India*:—

REGULATION No. III OF 1881.

The Chittagong Hill Tracts Frontier Police Regulation, 1881.

Preamble.

Whereas the Frontier Police of the Hill Tracts of Chittagong enrolled under Act No. V of 1861 *(for the regulation of Police)* perform services of a quasi-military character; and whereas the provisions of the said Act, and the orders and rules framed under section twelve thereof, have been found insufficient for the maintenance of discipline among such Police, and it is therefore expedient to make further provision for the maintenance of discipline among them; It is hereby enacted as follows:—

Short title.

1. This Regulation may be called "The Chittagong Hill Tracts Frontier Police Regulation, 1881":

Local extent.

It applies to all persons now or hereafter appointed under the said Act No. V of 1861 to be Frontier Police-officers and posted to the Hill Tracts of Chittagong;

Commencement.

and it shall come into force at once.

Interpretation-clause.

2. In this Regulation, unless there is something repugnant in the subject or context,—

"active service"

"active service" means service at the frontier out-posts, or against hostile tribes or other persons in the field;

"Deputy Commissioner" and "District Superintendent"

"Deputy Commissioner" and "District Superintendent" mean the Deputy Commissioner of the Hill Tracts of Chittagong and the District Superintendent of Police within the same tracts, respectively; and

"reason to believe," "criminal force," "assault" and "fraudulently."

the expressions "reason to believe," "criminal force," "assault" and "fraudulently" have the meanings assigned to them respectively in the Indian Penal Code.

3. Any person subject to this Regulation, not being above the rank of súbahdár, who—

More heinous offences.

(*a*) begins, excites, causes or joins in any mutiny or sedition, or, being present at any mutiny or sedition, does not use his utmost endeavours to suppress the same, or, knowing or having reason to believe in the existence of any mutiny, or of any intention to mutiny, does not without delay give information thereof to his commanding or other superior officer; or

(*b*) uses, or attempts to use, criminal force to, or commits an assault on, his superior officer, whether on or off duty, under any circumstances in which the superior officer is distinguishable as such in any manner; or

(*c*) shamefully abandons or delivers up any garrison, fortress, post or guard committed to his charge, or which it is his duty to defend; or

(*d*) directly or indirectly holds correspondence with, or assists or relieves, any persons in arms against the State, or omits to discover immediately to his commanding or other superior officer any such correspondence coming to his knowledge; and

any such person who, while on active service,—

(*e*) disobeys the lawful command of his superior officer; or

(*f*) deserts the service; or,

(*g*) being a sentry, sleeps upon his post, or quits it without being regularly relieved or without leave; or,

(*h*) without authority, leaves his commanding officer, or his post or party, to go in search of plunder; or

(*i*) quits his guard, picquet, party or patrol without being regularly relieved or without leave; or

(*j*) uses criminal force to, or commits an assault on, any person bringing provisions or other necessaries to camp or quarters, or forces a safeguard, or without authority breaks into any house or any other place for plunder, or plunders, destroys or damages any field, garden or other property of any kind; or

(*k*) intentionally causes or spreads a false alarm in action, camp, garrison or quarters,

shall be punished with transportation for life or for a term of not less than seven years, or with imprisonment, with or without hard labour, for a term which may extend to fourteen years.

4. Any person subject to this Regulation, not being above the rank of súbahdár, who—

Less heinous offences.

(*a*) is in a state of intoxication when on or for any duty, or on parade or on the line of march; or

(*b*) strikes or attempts to force any sentry; or

(*c*) being in command of a guard, picquet or patrol, refuses to receive any prisoner duly committed to his charge, or without proper authority releases any prisoner, or negligently suffers any prisoner to escape; or

(*d*) being under arrest or in confinement, leaves his arrest or confinement before he is set at liberty by proper authority; or

(*e*) is grossly insubordinate or insolent to his superior officer in the execution of his office; or

(*f*) refuses to superintend or assist in the making of any field-work or other military work of any description ordered to be made either in quarters or in the field; or

(*g*) strikes or otherwise ill-uses any person subject to this Regulation being his subordinate in rank or position; or

(*h*) being in command at any post or on the march, and receiving a complaint that any one under his command has beaten or otherwise maltreated or oppressed any person, or has committed any riot or trespass, fails to have due reparation made to the injured person, or to report the case to the proper authority; or

(*i*) designedly or through neglect injures or loses, or fraudulently disposes of, his arms, clothes, tools, equipments, ammunition, accoutrements or regimental necessaries, or any such articles entrusted to him or belonging to any other person; or

(*j*) malingers, feigns or produces disease or infirmity in himself, or intentionally delays his cure, or aggravates his disease or infirmity; or

(*k*) with intent to render himself or any other person unfit for service, voluntarily causes hurt to himself or any other person; and

any such person who, while not on active service,—

(*l*) disobeys the lawful orders of his superior officer; or

(*m*) plunders, destroys or damages any field, garden or other property; or,

(*n*) being a sentry, sleeps upon his post, or quits it without being regularly relieved, or without leave,

shall be punished with imprisonment, with or without hard labour, which may extend to one year.

5. Any person subject to this Regulation, not being above the rank of havildár, who, while on active service, commits any of the offences specified in section three, or in section four, clauses (*a*) to (*k*), both inclusive, may, in lieu of or in addition to any punishment to which he is liable under those sections, be punished with whipping.

Corporal punishment.

In no case, if the cat-of-nine-tails be the instrument employed, shall the punishment of whipping exceed fifty lashes, or, if the ratan be employed, shall the punishment exceed thirty stripes.

6. In addition to the powers conferred upon them by the rules made under section twelve of the said Act No. V of 1861, the Deputy Commissioner, the District Superintendent, or an Assistant District Superintendent of Police in command of a detachment, may, without a formal trial, award to any person subject to his authority and to whom this Act applies the following punishments for the commission of petty offences against discipline which are not otherwise provided for or which are not of a sufficiently serious nature to call for a prosecution before a criminal Court (that is to say):—

Minor punishments.

(*a*) imprisonment to the extent of seven days in the quarter-guard, or such other place in or near the lines as may be considered suitable, with forfeiture of all pay and allowances during its continuance;

(*b*) punishment-drill, extra guard, fatigue or other duty, not exceeding thirty days in duration, with or without confinement to lines.

Any of these punishments may be awarded separately or in combination with the others.

7. Any person sentenced under this Regulation to imprisonment for a period not exceeding three months shall, when also dismissed the service, be imprisoned in the nearest jail; but, when not also dismissed the service, he may, at the discretion of the convicting officer, subject to revision by the Deputy Commissioner, be confined in the quarter-guard or such other place as such officer may consider suitable.

Where person sentenced to imprisonment to be confined.

8. Nothing in this Regulation shall prevent any person from being prosecuted under the said Act No. V of 1861 or any order or rule framed thereunder, or under any other enactment for the time being in force, for any act or omission punishable hereunder, or from being liable under any other enactment to any other or higher penalty than is provided for such act or omission by this Regulation:

Prosecutions, &c., under other enactments.

Provided that no person shall be punished twice for the same offence.

9. Nothing contained in the said Act No. V of 1861 shall be deemed to prevent the Local Government from investing any Police-officer with the powers of a Magistrate for the purpose of inquiring into or trying any offence committed by a Police-officer and punishable under the said Act or this Regulation.

No. 1943.—

From the Secretary to the Government of India, Department of Finance and Commerce, to the Secretary to the Government of Bombay.

The Governor General in Council has reason to believe that persons interested in the development of local industries are anxious to utilise water-power instead of steam and would be glad to obtain sites from Government where existing water-power can be utilised to advantage.

2. Such sites undoubtedly exist in the Bombay Presidency in various places where other conditions afford promise of success in the prosecution of manufacturing industry on a large scale. It is not, however, easy to induce private speculators to undertake the slow and laborious, and somewhat costly task of seeking out for themselves the most promising sites for factories to be worked by water. The Governor General in Council is, as the Government of Bombay is aware, most desirous to do all in his power to aid private capital in the development of the industrial capacity of the country, and one of the most efficient means of giving help is to obtain and place before the public all available and procurable data in regard to the conditions under which enterprisss may be commenced in places still unknown to the general public.

3. I am accordingly directed to request that His Excellency the Governor in Council may be moved to collect and furnish to the Government of India, at as early a date as possible, all available information connected with sites in the Bombay Presidency where water-power exists sufficient for putting in motion the machinery of an extensive factory. The report in each case should state, among other things, the estimated force obtainable from the water, the general circumstances of the locality, its distance from the nearest railway station, and the quantity of labour and carriage generally available.

4. I am aslo to request that you will be good enough to state whether any applications have as yet been made to the Government of Bombay for such sites, and, if so, what orders have been passed in each case.

ORDERED, that the foregoing letter be published in the *Gazette of India* for general information.

Promotions.

No. 680.—Staff Corps—

The Governor General in Council is pleased to direct the publication of the following extracts of a Military letter from the Right Hon'ble the Secretary of State for India, No. 372, dated the 10th November, 1881 :—

Para. 1. I forward, for the information and guidance of your Lordship's Government, the accompanying copy of Her Majesty's Royal Warrant of 25th June 1881, regulating the pay, promotion, and non-effective pay of the Army, with effect from the 1st July 1881, throughout the British dominions except, as regards full pay and allowances, India.

2. With regard to the operation of the Warrant in India, your Lordship will observe that power is reserved to me to submit for Her Majesty's approval such modifications in the Royal Warrant of the 6th September 1878 as are the necessary result of the changes instituted in the Warrant of the 25th June, and such changes of pay and emoluments as appear desirable in consequence of the recently sanctioned organization of Her Majesty's British Forces.

* * *

5. It is not necessary that a special Royal Warrant should be issued for regulating the promotion and retirement of Officers of the several Staff Corps, all that is needed is that the Secretary of State for India in Council shall lay down such rules within the limits prescribed as the Royal Warrant of 25th June 1881 empowered him to do.

6. I accordingly forward, for information and guidance, the rules which the new Warrant appears to me to call for. These are concurred in by the Secretary of State for War.

* * *

8. I have already addressed your Lordship on the subject of the pensions for those Officers who join the Staff Corps after the 1st July 1881, and I now desire to inform your Government what has been decided under Article 107-1 of the Royal Warrant with respect to their retirement in the several grades.

9. Those Officers will come under the compulsory retirement clauses of the Royal Warrant on attaining the age of 55 years in the rank of Colonel, of 62 years in the rank of Major-General, and 67 years in the rank of Lieutenant-General or General. Up to the age of 55, there will be no compulsory retirement on account of age from the Staff Corps. Non-employment for five years in the rank of Lieutenant-Colonel or Colonel, and non-employment as a General Officer for five years continuously since his promotion to Major-General, or non-employment for seven years continuously from the time of his last employment as Colonel, will involve compulsory retirement on the pensions elsewhere laid down, or in the grade of—

Major-General, at 62, at 800*l.* a year,
Lieutenant-General, at 67, at 900*l.* a year,
General, at 67, at 1,000*l.* a year,

with voluntary retirement in those grades of—

Major-General, at 60, on 750*l.*,
Lieutenant-General, at 65, on 850*l.*,
General, at 65, at 950*l.*

10. I have already informed you that Officers in receipt of good service pensions will not retain them after retirement on pension.

11. The regulations under which Officers of the Indian Service may be placed on half pay will, of course, apply to those now joining the Staff Corps, with this further addition, that an Officer who, after six years' service on the half-pay list, whether continuous or otherwise, is not reported fully qualified for active service in India, will be then placed permanently on the half-pay retired list, and will not be eligible for further employment. An Officer so circumstanced, may, if entitled to pension, retire on that pension, for which, however, his service on half pay will not count as qualifying service.

Regulations for the promotion and transfer to an unemployed supernumerary list of the Officers of Her Majesty's Indian Staff Corps.

I. Promotion in the Staff Corps shall continue as at present, with the following exceptions :—

Four years' service in the Staff Corps, with the substantive rank of Lieutenant-Colonel, shall qualify for the Brevet rank of Colonel, instead of five years, as heretofore.

Article 12, Clauses (*e*, sub-sections 1 and 2), of the Warrant of the 25th June shall be applied to the Officers of the Staff Corps, the Secretary of State for India in Council being substituted for the Secretary of State for War.

II. General Officers shall be placed on the unemployed supernumerary list on completing the ages and periods of non-employment fixed under Articles 106 and 107 of the Warrant of the 25th June, for the compulsory retirement of the General Officers of the British Service.

III. Colonels who entered the Staff Corps on or before the 12th September 1866 shall be placed on the unemployed supernumerary list, provided they are in receipt of Colonel's allowance, and not

in military employ, and Colonels who entered the Staff Corps after that date, whether in receipt of the allowance and employed or not :—

If they attained the rank of Lieutenant-Colonel before the 1st October 1877—at the age of 59 years until the 1st July 1885, and after that date at the age of 58 years.

If they attained the rank of Lieutenant-Colonel on or after the 1st October 1877—at the age of 55 years.

IV. In special cases, where it may appear desirable, the Secretary of State in Council may delay the transfer of an Officer to, or, in the case of those under the Parliamentary guarantee, bring an Officer back from, the unemployed supernumerary list.

V. Of the above regulations, Clauses II and III shall not affect Officers whose admissions to the Staff Corps shall bear date on or after the 1st July 1881. On attaining to the rank of General Officer or Colonel in the Army, these Officers will come as regards the limits of age and periods of non-employment under the retirement Articles of the Royal Warrant of the 25th June 1881; the amounts of their pensions, non-effective pay, &c., being governed by Indian regulations.

No. 681.—INDIAN ARMY—

The Governor General in Council is pleased to direct the publication of the following additional extracts of the above quoted Military letter from the Right Hon'ble the Secretary of State for India, No. 372, dated the 10th November, 1881, together with the Royal Warrants therein referred to :—

3. I now forward, for your Lordship's information, and guidance, two Warrants which have received Her Majesty's sanction, one providing for the transfer to an "Unemployed Supernumerary List" of General Officers and Colonels of Her Majesty's Indian Forces who have attained certain limits of age, or who have been continuously unemployed for certain periods, the other providing for the promotion of the Officers of Her Majesty's Indian Forces on the effective list.

4. In the first Warrant the limits of age and non-employment have been taken generally from the Royal Warrant of the 25th June 1881, but some of the provisions of that Warrant have been somewhat relaxed in the case of those Officers who are under the previous conditions of service. In the second Warrant the existing regulations have been modified in accordance with the terms of the Warrant of 25th June, the necessary reductions being made in the establishment of General Officers.

Royal Warrant for the Formation of the Unemployed Supernumerary List.

Victoria, by the grace of God, of the United Kingdom of Great Britain and Ireland Queen, Defender of the Faith, Empress of India.

Whereas it has been represented to Us that it is expedient to provide for the transfer to an unemployed supernumerary list of General Officers and Colonels of Our Indian Forces who have attained certain limits of age or who have been continuously unemployed for certain periods;

Our will and pleasure is that, with effect from and after the 1st day of July 1881, the following rules shall be established for that purpose :—

1. Transfer to the retired list under Our Warrant of the 31st December 1877 shall cease.
2. A Major-General shall be placed on the unemployed supernumerary list on attaining the age of 62 years, and a Lieutenant-General or General on attaining the age of 67 years.
3. A General Officer shall be placed on the unemployed supernumerary list after being unemployed for five years continuously since his promotion to Major-General, or after being unemployed for seven years continuously from the time of his last employment as Colonel.
4. A Colonel of the "local service," that is, an Officer whose appointment was not made subject to the conditions prescribed in the General Order of Our Governor General of India in Council, dated the 9th December 1859, No. 1637, shall be placed on the unemployed supernumerary list, provided he is in receipt of Colonel's allowance and not in military employ,—

   If he attained the rank of Lieutenant-Colonel before the 1st October 1877,—at the age of 59 years until the 1st July 1885, and after that date at the age of 58 years.

   If he attained the rank of Lieutenant-Colonel on or after the 1st October 1877,—at the age of 55 years.
5. A Colonel of the "general list," that is, an Officer whose appointment was made subject to the abovementioned General Order, shall be placed on the unemployed supernumerary list on attaining the age of 55 years.
6. In the event of an Officer being called to, or engaged on, active service in the field, at or about the time when, under any article of this Our Warrant, he would be liable to be transferred to the unemployed supernumerary list, Our Secretary of State for India in Council may, on the recommendation of Our Governor General in Council, extend his term of service during the continuance of the emergency as a supernumerary to the establishment.
7. If in any special case, not under the terms of the preceding article, it appears desirable to postpone the transfer of an Officer to the unemployed supernumerary list, Our Secretary of State for India in Council may, upon the recommendation of Our Governor General in Council, so postpone it.
8. Our Secretary of State for India in Council, upon the recommendation of Our Governor General in Council, may also bring back an Officer from the supernumerary unemployed list to the effective list, should it appear essential to the interests of Our Service to do so.
9. An Officer whose case has been specially treated under Articles 6, 7, or 8 shall, so long as he remains on the effective list, be supernumerary thereon.

Given at Our Court at Balmoral, this twenty-fourth day of October, in the year of our Lord one thousand eight hundred and eighty-one, and in the forty-fifth year of Our reign.

By Her Majesty's Command,
HARTINGTON.

Royal Warrant for the Promotion of Indian Officers so far as relates to Rank in the Army.

Victoria, by the grace of God, of the United Kingdom of Great Britain and Ireland Queen, Defender of the Faith, Empress of India.

Whereas it has been represented to Us that it is expedient to make further Regulations for governing the Promotion in the Army of the Officers of Our Indian Forces, Our will and pleasure is, that the following Regulations be established, and be the sole Regulations under which the Promotion in the Army of such Officers shall be effected :—

1. A Captain may attain the rank of Major,—
   (*a*) By regimental seniority.
   (*b*) By 20 years' service in the army in the case of Officers whose appointment to Our Indian forces was made subject to the conditions prescribed in the General Order of Our Governor General of India in Council, dated the 9th of December 1859, No. 1637.
   (*c*) By brevet, in succession to a vacancy on the establishment of General Officers, provided such vacancy occur before 1st October 1881.
   (*d*) By brevet, for distinguished service in the field.
   (*e*) By brevet, for distinguished service of an exceptional nature other than in the field.
2. A Major may attain the rank of Lieutenant-Colonel,—
   (*a*) By regimental seniority.
   (*b*) By 26 years' service in the army in the case of Officers whose appointment to Our Indian forces was made subject to the conditions prescribed in the General Order of Our Governor General of India in Council, dated the 9th of December 1859, No. 1637.
   (*c*) By brevet, after 26 years' service in the army, so long as there remain any Majors on the list of Cavalry and Infantry in Our Indian forces.
   (*d*) By brevet, in succession to a vacancy on the establishment of General Officers, provided such vacancy occur before 1st October 1881, or thereafter, for so long as there remain any Majors on the list of Cavalry and Infantry who are not subject to the conditions prescribed in the General Order of Our Governor General of India in Council, dated the 9th December 1859, No. 1637.
   (*e*) By brevet, for distinguished service in the field.
   (*f*) By brevet, for distinguished service of an exceptional nature other than in the field.
3. A Lieutenant-Colonel may attain the rank of Colonel,—
   (*a*) By 12 years' service in the substantive grade of Lieutenant-Colonel.
   (*b*) By brevet, after 30 years' service in the army, four of which shall have been in the grade of Lieutenant-Colonel.
   (*c*) By brevet, on appointment to be one of Our aides-de-camp.
   (*d*) By brevet, as a reward for distinguished service in the field.
   (*e*) By brevet, for distinguished service of an exceptional nature other than in the field.
   (*f*) By brevet, after four years' satisfactory service with the rank, whether substantive or brevet, of Lieutenant-Colonel,—
      (1) In any military appointment, except the command of a troop or company by an Officer with the substantive rank of Captain; and except also any appointment which Our Secretary of State in Council may exclude from qualifying.
      (2) In any civil situation approved by Our Secretary of State for India in Council upon the recommendation of Our Governor General in Council and Commander-in-Chief in India, provided it be of a nature to afford practical experience likely to be afterwards of advantage in military service.
   (*g*) By brevet, after five years' service, in any appointment, with the substantive rank of Lieutenant-Colonel.
   (*h*) By brevet, after seven years' satisfactory service, with the rank of Lieutenant-Colonel, as equerry or extra equerry to the Sovereign or the Prince of Wales.

No period of acting staff service of less than six months' duration shall reckon towards the rank of Colonel, unless it be converted into actual staff staff service by subsequent confirmation.

4. The rank of Brigadier-General shall be local or temporary only.
5. The names of General Officers shall be borne upon four separate lists. The first shall contain the names of those on the fixed establishment, and of those who having been promoted out of their regular turn shall be supernumerary to the fixed establishment; the second, those of Officers retired under Our Royal Warrant of the 31st December 1877; the third, those of Officers placed on the unemployed supernumerary list under Our Royal Warrant of the 24th October 1881; and the fourth, those who shall have retired from the service with the honorary rank of Major-General, Lieutenant-General, or General.
6. The names of the Colonels and General Officers of the Staff Corps now borne on the Indian List to regulate promotion shall remain on that list, and the names of the Officers of the Staff Corps henceforth promoted to the rank of Colonel shall be placed on that list, to be thereon retained in *italics*, until their death, retirement, or transfer to the unemployed supernumerary list, for the purpose of regulating the promotion of the Officers below them.

7. The fixed establishment of General Officers (including the names of Officers of the Staff Corps) shall be the following:—

Generals	.	4
Lieutenant-Generals	.	13
Major-Generals	.	38
Total	.	55

8. Every vacancy on the establishment of General Officers shall be filled by the promotion of the senior Colonel of the Indian Army; or by the moving up of the name of the Senior Officer of the Staff Corps borne on the list to regulate promotion; or by the transfer of a General Officer from the supernumerary list as provided in Art. 14.

9. Every vacancy on the establishment in the rank of Lieutenant-General or in that of General shall be filled up in like manner by the promotion of the Senior Officer of the Indian Army in the grade next below or by the moving up of the name of the Senior Officer of the Staff Corps borne on the list of that grade.

10. Temporary or local rank and command as Major-General, Lieutenant-General, or General may, for the convenience of Our Service, be conferred on an Officer of the next lower rank (whether he hold such rank permanently or temporarily), without regard to seniority.

11. A Colonel who shall vacate an appointment as temporary Major-General, may, upon the recommendation of Our Governor General in Council, be made an honorary Major-General.

12. Promotion may be conferred upon a Colonel, Major-General, or Lieutenant-General without regard to vacancies in the establishment, for distinguished service in the field, and in such case the recommendation of Our Governor General in Council, detailing the services for which the Officer is promoted, shall be published in the General Orders of Our Indian military forces, and in the "London Gazette."

13. Promotion may be conferred upon a Colonel, Major-General, or Lieutenant-General without regard to vacancies in the establishment, for distinguished service of an exceptional nature other than in the field.

14. An Officer not below the rank of Colonel, promoted for distinguished service, shall be borne as supernumerary, and shall not be placed on the establishment in his new rank until the time when he would have attained such rank by seniority, that is to say, when the surviving Officer who stood next senior on the list to the Officer promoted under Art. 12 or 13 shall have attained the same rank on the establishment, the next vacancy shall be filled by the transfer of the supernumerary General Officer to the establishment.

15. A supernumerary General Officer promoted for distinguished service, and absorbed under Art. 14, shall take his seniority from the date of his promotion as published in the "London Gazette."

16. Field Marshals shall be appointed at the will of the Sovereign, and the rank shall be conferred without reference to seniority. A General Officer, retired under Our Warrant of the 31st December 1877, or placed on the unemployed supernumerary list under Our Warrant of the 24th October 1881, shall remain eligible for promotion to the rank of Field Marshal.

17. A Major-General or a Lieutenant-General retired under Our Warrant of the 31st December 1877, and a Colonel, a Major-General, or a Lieutenant-General placed on the unemployed supernumerary list under Our Warrant of the 24th October 1881, shall be promoted to higher rank when the Officer on the establishment who was next junior to him as a Colonel shall obtain such promotion.

18. Every Officer permitted to retire on full pay may be granted a step of honorary rank on retirement.

Given at Our Court at Balmoral, this 10th day of November, in the year of our Lord one thousand eight hundred and eighty-one, and in the forty-fifth year of Our reign.

By Her Majesty's Command,
HARTINGTON.

DEPARTMENT OF FINANCE AND COMMERCE.

NOTIFICATIONS.

Fort William, the 19th December 1881.

No. 2048.—Insulator cups to the value of about £5,000 sterling are annually imported into India for the Telegraph Department. With a view to substitute locally-made insulator cups for the imported article, enquiries were instituted for the purpose of ascertaining whether they could be procured of Indian manufacture. As the result of these enquiries, it appears that they cannot at present be made in India at a lower price than twelve annas each, whereas the cost of the imported cups, including freight and all charges, is not more than six annas and ten pie each. The Government of India will be prepared to engage to take for a term of years the whole number of insulators required for the telegraph lines in India, if they can be made at a cost about equal to that of the imported article.

ORDERED, that the foregoing Observation be published in the *Gazette of India*, a copy being communicated to the Public Works Department.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again—

Paragraph 4 of Resolution No. 3780, dated 21st October 1881, directing that lanterns should be procured of Indian manufacture.

RESOLUTION.—The Governor General in Council observes that bull's eye lanterns are made at Delhi of good quality, and cheap in price. His Excellency in Council accordingly requests that when such lanterns are required for the public service, the Local Governments and Departments concerned will ascertain from the Deputy Commissioner of Delhi the names of the manufacturers and their rates. Lanterns of the ordinary kind are made in most, if not all, large towns in India.

ORDERED, that the foregoing Resolution be communicated to the Chief Commissioner, Assam, in continuation of Resolution No. 3780, dated 21st October 1881; to the other Local Governments and Administrations, and to the Military and Public Works Departments.

Ordered also, that it be published in the *Gazette of India*.

No. 2121.—With reference to Notifications in the *Calcutta Government Gazette* dated, respectively, the 13th September 1824 and the 3rd July 1828, the Governor General in Council is pleased to give notice that the Four Per Cent. Sicca Rupee Loans of 1824-25 and 1828-29, commonly known as the first and second 4 Per Cent. Loans, will be discharged at the Public Debt Office, Bank of Bengal, Calcutta, on the 27th March 1882, at the rate of Rs. 106-10-8 Government Rupees for every 100 Calcutta Sicca Rupees of Stock.

The Notifications No. 44, dated the 10th January 1867, and No. 3097, dated the 15th December 1871, permitting transfers from any loan bearing interest at 4 per cent. into the loans of 1842-43 or 1865, are cancelled from this date in so far as they apply to the abovementioned loans of 1824-25 and 1828-29.

No. 2145.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read—

Letter to the Superintendent of Government Printing, No. 3926, dated 28th October 1881, informing him that the Government of India desire to employ private enterprise in the work of printing forms now carried on in the Government Central Press, and requesting him to invite tenders from the private presses in Calcutta for the execution of the work.

Read also—

Letter from the Superintendent of Government Printing, No. 102, dated the 14th instant, submitting tenders received from several of the Calcutta printing presses.

RESOLUTION.—It appears from these tenders that the prices at which private presses are ready to undertake the work which the Government of India desires to transfer to them are much in excess of the rates for which the work is now done in the Government Central Press, the whole cost of which, including binding and distribution to the different Departments, now amounts to a little under Rs. 1,10,000 annually.

2. The Governor General in Council is most desirous of affording free scope for private enterprise in all matters in which it may legitimately be employed, and the principal aim of the measure now proposed is to afford such encouragement in an important branch of industry. But the attainment of this object, desirable as it is, cannot be allowed to conflict with the interests of the general tax-paying community, and it is not possible to offer to private enterprise an undertaking for the execution of which a premium must be paid from general revenues in excess of the cost for which the work is now done under direct management by officers of the Government. His Excellency in Council accordingly regrets his inability to accept any of the tenders which have been submitted to the Superintendent of Government Printing.

3. It is understood, however, that the offer of a contract for five years is not considered by some an adequate inducement to lay out capital in the purchase of the plant and machinery which will be required for the execution of the very large quantity of work to be done, at least thirty millions of copies of forms being required every year. The Governor General in Council has considered this point carefully, and has decided that, as it appears that the rate of cost per thousand forms in the Government Central Press varies but very slightly from year to year, the term of contract may unobjectionably be extended. His Excellency in Council will be prepared now to receive tenders for a contract for ten years. These will be received by the Superintendent of Government Printing at his office until noon of the 3rd January 1882.

4. The tenders which have been received and rejected refer only to the printing of the forms. The Government of India has now decided, after further consideration, that the binding of the forms and their despatch as required to indenting officers shall also be undertaken by the firm or firms whose tender

may be accepted. Intending tenderers for printing should accordingly include in their tender rates for these two branches of the work.

5. The Superintendent of Government Printing will afford to intending tenderers such information as they may require relating to the nature and quantity of the work and the rates at which it is now one, or on other points.

6. The Government of India do not consider it necessary to require that any single press in Calcutta shall undertake the whole of the extensive amount of work involved in the printing, binding, and distribution of these forms. The work has therefore been divided into four sections—

(1) Railway Forms.
(2) Post Office and Forest Forms.
(3) Public Works and Commissariat Forms.
(4) All other Forms.

The tenders for each should be distinct, but any tenderer may put in tenders for any one or more sections, or for all of them, and the tender for any section or sections should include a tender for binding and distribution, as well as for printing.

7. The Government of India will be prepared to dispose at a fair valuation of the machinery and plant now employed in printing the forms to the party or parties whose tender may be accepted.

ORDERED, that copy of the foregoing Resolution be forwarded to the Superintendent of Government Printing; also that it be published in the *Gazette of India*.

SPECIAL.

No. 709.—In continuation of G. G. O. No. 315 of 1881, the Most Honorable the Viceroy and Governor General in Council is pleased to direct the publication for general information of the following despatch from the Secretary of State for India, together with the letter therein referred to:—

MILITARY, No. 390. INDIA OFFICE, *London, 24th November, 1881.*

To His Excellency the Most Honorable the Governor General of India in Council.

MY LORD MARQUIS,—Para. 1. I have considered in Council your Military letter No. 343, dated 16th September, 1881, in which you bring to notice the services, during the late campaign in Afghanistan, of various Officers whose names were omitted in your Lordship's Minute of the 15th January, 1881.

2. It has afforded me satisfaction to receive a list of Officers in continuation of that which I acknowledged in my Despatch, No. 136, of the 5th May last, and I desire to repeat the assurances I then gave of the recognition of the services brought to notice, and to request that you will inform the several Officers whose names you now mention of the appreciation by Her Majesty's Government of the excellent service they rendered, as testified by your Lordship.

I have, &c.

(Sd.) HARTINGTON.

Letter from the Government of India, Military Department, to the Right Hon'ble the Secretary of State for India, No. 343, dated Simla, the 16th September, 1881.

1. Your Lordship's Military despatch No. 136 of the 5th of May, 1881, conveyed the concurrence of Her Majesty's Government in the approval recorded by the Viceroy, in a Minute dated the 15th January, 1881, of the services rendered by various civil and military officers during the late war in Afghanistan.

2. Your Lordship will have observed that the Minute and connected despatches have been published in our General Order No. 315, dated the 10th June, 1881. It has however come to our notice that there were certain omissions in the Minute—omissions which were perhaps unavoidable, bearing in mind the numerous officers and departments who were connected with the late war in Afghanistan, but which we would desire to rectify.

3. The Government of Bombay have lately submitted the names of certain civil officers in Sind who did valuable service when the resources of that province were so largely

called upon during the operations of 1878-79 and 1879-80, namely,—

(the late) Mr. F. D. Melville, C.S.,
Mr. H. N. B. Erskine, C.S.,
Mr. J. B. Peile, C.S., C.S.I.,

all of whom acted as Commissioners of Sind during the late war; also the following officers:—

Colonel W. R. Lambert, Collector of Karachi;

Colonel L. D'A. Dunsterville, Collector of Hyderabad;

Colonel R. R. Wallace, Collector of Shikarpur, and

Lieutenant-Colonel E. W. Trevor and Mr. G. Macleod, Acting Collectors of Shikarpur;

Major R. V. Malden, Acting Superintendent, Sind Frontier;

Mr. E. C. K. *Ollivant, Personal Assistant* to the Commissioner.

4. The Government of Bombay also bring to favourable notice the services of Lieutenant G. C. Parker, of the Indian Marine, who in his capacity of Harbour Master at Karachi did excellent work in connection with the disembarkation of large numbers of troops, followers and animals, and great quantities of war materiel of all kinds.

5. The following officers of the Political Department, whose names have not previously been brought to notice, also deserve mention:—

Dr. H. W. Bellew, C.S.I.
Colonel T. E. Gordon, C.B., C.S.I.
Lieutenant-Colonel E. S. Reynolds.
Captain W. Loch.
Major T. C. Plowden, Deputy Commissioner, Kohat.
Mr. F. W. Fryer, C.S., Deputy Commissioner, Dera Ghazi Khan.
Captain C. E. Yate.
Captain A. Muir.
Mr. A. F. D. Cunningham, C.S., C.I.E.
Major E. Conolly.

Dr. Bellew had been specially selected, in 1878, to accompany Sir Neville Chamberlain's projected mission to Kabul. In the autumn of 1879, when military operations began in Northern Afghanistan, Dr. Bellew proceeded, at the request of the Government of India, over the Shuturgardan to join Sir Frederick Roberts. He remained at Kabul during the winter months upon political duty; and his knowledge of Afghan languages and large experience of the country proved useful.

Colonel T. E. Gordon joined the Kuram Field Force on special political duty in April, 1879. When General Roberts advanced on Kabul in the following September, Colonel Gordon assumed military and political charge of the Kuram Valley and the Hariob. The services rendered by him in this part of the country were of much value.

Lieutenant-Colonel Reynolds and Captain W. Loch did good service in Biluchistan, and Captain Loch also accompanied General Phayre's force in the advance to Kandahar. During the occupation of the Kuram Valley by British troops, Major Plowden exerted himself with much energy and success in maintaining communications and in preserving the peace of an important section of the frontier. He also accompanied the Zamusht expedition in December, 1879.

Mr. F. W. Fryer was employed in 1878 and 1879 upon the Biluch border, and in the operations connected with the march of Major-General Biddulph's force to Quetta. His local knowledge and influence enabled him to afford material assistance.

Captain C. E. Yate and Captain A. Muir did well in Southern Afghanistan during the British occupation of the country, the former especially at Khelat-i-Ghilzai, the latter at Kandahar.

Mr. Cunningham and Major Conolly were at different times entrusted with the management of the Khyber, where their services were of marked value. Mr. Cunningham was also selected to accompany Mr. Griffin to Kabul.

6. The omission to allude to the services of the Medical Department with the Government of India, in a Minute which dealt with civil services alone, arose from the circumstance that the late head of this department was included among the officers recommended to the notice of the Government of India by the Commander-in-Chief for military services during the war, the fact being that, until the late changes in the administrative organisation of the Medical Services, the Surgeon-General, Her Majesty's Forces, was more directly connected with the Commander-in-Chief than with the Government of India. But the services rendered by the Army and Indian Medical Departments to the Government of India were valuable and conspicuous. The superintendence of the medical service at the beginning of the war was under Surgeon-General Ker-Innes, C.B., of the Army Medical Department, and Surgeon-General Beatson, at that time at the head of the Indian Medical Service in Bengal, and was afterwards conducted in a very successful manner by the present able head of the Army Medical Department in India, Surgeon-General Crawford, M.D. Surgeon-General Cuningham, M.D., as Surgeon-General with the Government of India, was also largely concerned in the successful administration of the medical services; we desire to bring to the notice of Her Majesty's Government the services performed by these officers.

7. The services of the Survey Department in the field have already been recognised by the promotion of several of the military officers belonging to it; but the good work done by Messrs. Scott, Ogle, Price, Claudius and McNair, civil officers of the department in the field, deserves to be publicly recorded; while it is due to the head of the Survey Department, Lieutenant-General Walker, C.B., R.E., to notice with approbation the assistance rendered to the military operations in the prompt supply of maps and plans, and the general efficiency with which the work of his department in all branches was conducted.

8. The Bengal Clothing Department, under the superintendence of Colonel B. Walton, C.I.E., met the sudden demand for a large supply of warm clothing in a prompt and efficient manner.

9. The *names of several officers* in the Commissariat and Transport Departments of the Army have already been brought to notice in the Viceroy's Minute; but there are two officers whose names were omitted from the Minute: as their services were commended to Her Majesty's Government in forwarding the list of officers whom His Excellency the Commander-in-Chief considered deserving of reward, Lieutenant-Colonel J. O. Travers, the General Transport Officer of the Khyber Line Force, whose duties confined him mainly to the base at Peshawar; and Captain R. Patch, Deputy Assistant Commissary-General, who, although he served in the field in the first phase of the campaign, was during the latter portion of the operations in charge of the great field depôt at Peshawar, from which the main bulk of the supplies of the Army were forwarded with admirable regularity and precision to the troops in the front. Lieutenant-General Sir M. Kennedy, late Controller-General of Supply and Transport, brought the services of these officers especially to notice in his report on the operations of supply and transport during the second campaign.

NOTICE.

The following extracts of the report by the Committee appointed to adjudicate the prize of £100 offered by the Government of India for the best "Manual of Hygiene," for the use of the British soldier in India, are published for the information of the competitors :—

"1. We have examined the 37 manuals submitted for competition, and are agreed that no one of them is in all respects suitable for the purposes for which a manual is required, as prescribed in the Notification offering the prize.

"2. They all, more or less, contain theories regarding the causation of disease which are doubtful, and some of which are directly at variance with Indian experience. Their general tendency moreover is to exaggerate the dangers to health from local and climatic causes, and so to instil an unreasonable dread of Indian service."

It is therefore hereby notified that the prize of £100 has not been awarded. Competitors desiring the return of their manuscripts are requested to apply to the Secretary to the Government of India in the Military Department.

G. CHESNEY, *Colonel,*
Secy. to the Govt. of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

NOTICE.

It is notified, for the information of officers studying at the Presidency and requiring the services of instructors, that the Board of Examiners, Fort William, have appointed Sheikh Mahmúd Gílání Persian Instructor, and Mr. Salim Faraj Arabic Instructor at the Presidency.

NOTICE.

The following extracts of the report by the Committee appointed to adjudicate the prize of £100 offered by the Government of India for the best "Manual of Hygiene," for the use of the British soldier in India, are published for the information of the competitors :—

"1. We have examined the 37 manuals submitted for competition, and are agreed that no one of them is in all respects suitable for the purposes for which a manual is required, as prescribed in the Notification offering the prize.

"2. They all, more or less, contain theories regarding the causation of disease which are doubtful, and some of which are directly at variance with Indian experience. Their general tendency moreover is to exaggerate the dangers to health from local and climatic causes, and so to instil an unreasonable dread of Indian service."

It is therefore hereby notified that the prize of £100 has not been awarded. Competitors desiring the return of their manuscripts are requested to apply to the Secretary to the Government of India in the Military Department.

Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

NOTICE.

The following extracts of the report by the Committee appointed to adjudicate the prize of £100 offered by the Government of India for the best "Manual of Hygiene," for the use of the British soldier in India, are published for the information of the competitors :—

"1. We have examined the 37 manuals submitted for competition, and are agreed that no one of them is in all respects suitable for the purposes for which a manual is required, as prescribed in the Notification offering the prize.

"2. They all, more or less, contain theories regarding the causation of disease which are doubtful, and some of which are directly at variance with Indian experience. Their general tendency moreover is to exaggerate the dangers to health from local and climatic causes, and so to instil an unreasonable dread of Indian service."

It is therefore hereby notified that the prize of £100 has not been awarded. Competitors desiring the return of their manuscripts are requested to apply to the Secretary to the Government of India in the Military Department.

G. CHESNEY, *Colonel,*
Secy. to the Govt. of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

Medical and Municipal Department,—Municipal.

NOTIFICATION.

Calcutta, the 19th July 1881.

Under the provisions of Section 50, Act X of 1870,—the Land Acquisition Act,—it is hereby notified that the following Agreement has been entered into between the Calcutta Tramways Company, Limited, and the Right Hon'ble the Secretary of State for India in Council, in connection with the acquisition of a plot of land situated at the junction of the Circular Road and the Russapugla Road, required by the said Company for the purpose of erecting a depôt and stables.

H. M. KISCH,
Offg. Secy. to the Govt. of Bengal.

Articles of Agreement made and entered into this sixth day of July one thousand eight hundred and eighty-one *between the Calcutta Tramways Company Limited* hereinafter called the Company of the one part and *the Secretary of State for India in Council* hereinafter called the Secretary of State of the other part. *Whereas* upon the application of the Company the Government of Bengal has consented to take up or acquire on behalf of the Company under the provisions of Act X of 1870 of the Governor General in Council the piece of land and other hereditaments in the plan hereto annexed surrounded with a red line and situate at the junction of the Circular Road and the Russapugla Road in Calcutta it having been shown to the satisfaction of the said Government of Bengal that the proposed acquisition is needed for the construction of a work *viz.* stables and all buildings and erections needed for a general terminus or for a terminus for the Chowringhee Tramway Line of the Company and that such work is likely to prove useful to the public. *And whereas* the said Government of Bengal has called upon the Company under the provisions of Section 49 of the said Act to enter into such Agreement with the Secretary of State as is hereinafter contained. *Now these presents witness* that it is hereby agreed and declared as follows :—

1. Upon the said lands and hereditaments being acquired under the said Act the Company shall pay to the Secretary of State the cost of the acquisition in which shall be included all payments and allowances provided for by the said Act and payable in cases of acquisition of land thereunder.
2. Upon such payment by the Company the Secretary of State shall execute and do all such acts deeds matters and things as may be necessary or proper for vesting the land and hereditaments acquired in the Company and giving them an absolute title thereto as against third parties.
3. The terms upon which the said land and hereditaments shall be acquired and transferred to and held by the Company are that the Company shall (as they hereby undertake and agree to do) construct stables and carriage sheds and other buildings and erections which may be required for the purposes of a general terminus or depôt or of a terminus or depôt for the Chowringhee Tramway Line of the Company upon such plans drawings and designs as may be first approved by the Government of Bengal.
4. That such stables sheds buildings and erections as are intended to be erected for the purpose of a terminus for the Chowringhee Tramway Line shall be constructed forthwith after the land shall be vested in the Company and shall be completed on or before the thirtieth day of June one thousand eight hundred and eighty-two and shall be maintained by the Company in proper repair and condition *provided always* that it shall be lawful at any time thereafter for the Company to erect such other buildings and erections as may be necessary or desirable under clause three thereof.
5. That the public shall be at all times entitled to use the said Chowringhee Tramway Line (for the working of which the said stables sheds and buildings are necessary) upon such conditions as may be in force from time to time under the rules or regulations of the Company and as may be in accordance with the Agreements entered into by the Company with the Corporation of the Town of Calcutta and with the Municipal Commissioners for the Suburbs of Calcutta and also in accordance with the terms of Act I of 1880 of the Bengal Council.

In Witness whereof the said parties to these presents have hereunto set their hands and seals the day and year first above written.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

SURVEY OF INDIA.

NOTIFICATIONS.

Calcutta, the 22nd July 1881.

The following revised rules and regulations for the issue and receipt of instruments from the Calcutta Mathematical Instrument Department are published for the information and guidance of public officers.

By Order,

J. O. N. JAMES,

Assistant Surveyor General,
in charge of Surveyor General's Office.

RULES AND REGULATIONS.

The Calcutta Government Mathematical Instrument Department supplies new and serviceable instruments, &c., and repairs, examines and adjusts, &c., old ones, on book debit, on the public service. As a general rule new instruments are not supplied, if serviceable instruments of the class required are available for issue.

2. All applications for instruments on the public service must be submitted in following indent form. The specification of instruments and particular purposes for which required being made as full as possible:—

Indent No. *on the Calcutta Mathematical Instrument Depôt for instruments required for the use of* *dated* *18* .

Description of Instruments.	Quantity or number in use or in store.	Quantity or number indented for.	Purpose for which required.	Average cost as per printed list.		How and where to be despatched.
				Rs.	As.	The address which should be affixed to the parcels or cases to be distinctly given in full. Abbreviations sometimes lead to mistakes.

I do hereby certify that the articles specified in this indent are indispensably necessary for the purposes set forth, according to the best of my knowledge and belief, after the most careful examination.

Recommended.

Countersignature of approving authority.

Signature of Indenting Officer, with designation of appointment in full.

3. All indents must be duly approved and countersigned by the heads of departments, or of the Government under which indenting officers may be serving, before they can be supplied, *viz.*:—

Trigonometrical and Topgl. Surveys,	by	Surveyor General,
Revenue	"	" Deputy Surveyor General,
Settlement	"	" Boards of Revenue,
Public Works Department,		" Superintending Engineers or higher authorities,
Telegraph Department,		" Director General of Telegraphs,
Marine Department,		" Superintendent of Marine,
Quarter Master General's Department,		" Quarter Master General of the Army,
All other Civil Officers or Military Officers in Civil employ,		" Secretary to Governments under which serving, or Secretary to Board of Revenue,

Indent forms may be had on application being made to the Mathematical Instrument Office.

and they should be addressed to the *Superintendent, Government Mathematical Instrument Department, No. 9, Park Street, Calcutta.*

4. The mode of transit and address, or station to which the instruments are to be consigned, must invariably be specified on indents in the proper column. Indents should not be accompanied with forwarding letters, unless more explanation is necessary than can be given on the face of the indent.

5. All officers, to whom instruments and other stores are issued on public service, have to account for them to the Accountant General to whom their accounts are rendered, in such manner as may be by him directed.

6. All instruments, and component parts of instruments, when no longer required, should be at once returned to the Mathematical Instrument Department, *except when the officer in charge considers that their transit charges may nearly equal, or exceed, their actual value as material*; in which case, he should refer to the Superintendent, Mathematical Instrument Department, for instructions as to their disposal.

7. When instruments are considered unserviceable by any officer, a survey should be held on them by a committee of Government officers, whose report should be forwarded to the Superintendent, Mathematical Instrument Department, who will issue instructions as to which of the articles are to be forwarded to the depôt, Calcutta, and which should be sold by public auction to the best advantage. The proceeds of all articles sold by auction must be deposited in the nearest treasury, and the treasury receipt, with auction account sale, should be forwarded to the Accountant General to whom the accounts of such articles are rendered.

8. When instruments are received for final deposit in store, a receipt will be granted for them by the Superintendent, Mathematical Instrument Department, to enable officers, from whom received, to remove them from their debit, by forwarding their receipt to the Accountant General concerned, with half-yearly or other returns of stores submitted to him.

9. All Government instruments, &c., requiring repair, &c., should be forwarded with an official letter or repair indent. If no longer required and intended to be deposited in store, it should be specifically mentioned.

10. All instruments, &c., received from England and issued on book debit on the public service, will be charged at their invoice cost, *plus* charges incurred in landing, storing, and examining and despatching them, &c., or, when this cost cannot be ascertained, rate book prices will be charged. These are based on average rates.

11. Instruments made in the Department and those purchased locally for issue on book debit, will be charged at the actual cost. Instruments purchased locally for officers not entitled to receive them on book debit will be charged at cost price, *plus* 10 per cent. for incidental charges.

12. Instruments, when they can be spared, are sometimes issued to officers and others on payment of the cost value, *plus* 10 per cent., and instruments, the private property of officers, are repaired, if necessary, on like terms. In such cases the amount must be remitted to the Superintendent, Mathematical Instrument Department, before the instruments can be despatched from the Office of the Superintendent.

13. Instruments returned into store will be valued according to their condition.

14. It is particularly requested that sizes and sorts of instruments, length of scales, how divided, and purposes for which required, and generally any information which will guide this Department in knowing, without further reference, the exact wants of the indenting officer, be put as far as possible on face of indent, instead of in covering letters.

15. The following list shows nomenclature of the various descriptions of instruments ordinarily kept in store of this Department for issue on public service. This nomenclature should be adopted in all indents.

16. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, the average ordinary price of each description of instrument is also given in the annexed list. Indenting officers must invariably enter the value of all instruments required by them in column of indent allotted to the purpose.

17. The supply should be regulated, not according to what an officer would like to have, but by what is absolutely necessary.

R. V. RIDDELL, *Captain, R.E.,*

Calcutta, 10th June 1881. *Superintendent, M. I. D.*

† Many scales require a careful description. If there is the least doubt as to the correct denomination of a scale, the indenting officer should specify the number of divisions and sub-divisions in a given measurement, and the method of numbering, for instance, 12″ divided into 60 parts, numbered successively from 1 to 60, each part to the sub-divided into two.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

The 5th July 1881.

NOTICE TO MARINERS.

No. 29 of 1881.

CEYLON—EAST COAST.

Reported Reef off Batticaloa.

The Master Attendant, Colombo, has issued the following Notice to Mariners :—

"Notice is hereby given that the S. S. *Brennus*, drawing 22 feet of water, struck on what is supposed to be a coral reef off Batticaloa (East Coast, Ceylon), and had to be beached to save her from sinking. The reef is about 4 miles off shore and bears from Batticaloa Flagstaff about N. E. by E. ½ E.; and Mariners are hereby cautioned to give that part of the coast a wide berth."

NOTE.—It is very probable that this reef is not so far off shore as reported.

By direction of the Government of India,

A. DUNDAS TAYLOR, *Comdr.* (*late I.N.*),
Superintendent, Marine Survey of India.

Calcutta,—Marine Survey Department;
The 15th August 1881.

This Notice affects the following :—

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

NOTIFICATIONS.

Mount Abu, the 6th August 1881.

No. 549.—The following rules, made by the Chief Commissioner of Ajmere-Merwara under Section 39 of the Ajmere Laws Regulation, 1877, and with the previous sanction of the Governor General in Council, for taxation in the Deoli Cantonment, are published for general information:—

1.—On and after the 1st day of November 1881, a tax at the rates specified in the schedule hereto annexed shall be levied upon all articles named in the said schedule which are imported into and sold within the Cantonment of Deoli.

2.—A rawanah shall be given, for each consignment of such articles imported when passing an outpost, to the person in charge of such consignment by the mohurrir at such outpost. In such rawanah, the description and amount of the articles imported shall be entered.

3.—All such articles shall be taken direct from the outpost to a spot to be determined by the Cantonment Magistrate, which shall be called the ganj where the darogah shall check the rawanah.

4.—The importer of any such articles shall be called upon at the time of their arrival at the ganj to declare whether such articles are for sale in the Cantonment or not.

5.—If such articles be declared to be for sale, they shall remain in the bonded ware-house of the ganj until sale and payment of the tax leviable thereon under the said schedule: provided that the importer of any such articles declared to be for sale as aforesaid, may at any time pay the said tax and remove the goods.

6.—The darogah of the ganj shall grant a receipt for all payments made under these rules.

7.—When any articles brought to the ganj are declared not to be for sale as aforesaid, the importer thereof may remove the same: provided that if such articles are merely in transit they shall be stored in the bonded ware-house and shall remain there till the importer finds it convenient to remove them.

8.—No person shall sell goods declared not to be for sale without the permission, in writing, of the daroga, and without having paid the tax leviable on the sale thereof.

9.—The importer of any articles, who has paid duty thereon under these rules, shall, if he subsequently exports such articles, be entitled to a refund of such duty on application to the Cantonment Magistrate and production of a receipt testifying to the amount paid: provided that the goods have not meanwhile changed owners.

10.—Whoever infringes any of these rules shall be liable, on conviction before a Magistrate, to the maximum penalties mentioned in Section 41, Ajmere Laws Regulation.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

NOTICE.

The undersigned is prepared to receive tenders from parties desirous of leasing the water-power available at Kharakwasla, "Lake Fife;" the available power is variable: from July to January, inclusive, the minimum is about 130 actual horse-power, from beginning of February to end of April, it decreases from about 130 to about 40, and during the months of May and June the power which can be guaranteed is very small. Kharakwasla is situated south-west of Poona, 11 miles from the Railway Station, with which it is connected by a good road; about 4 acres of land close to the canal are available as sites for factories, &c. In the last year the area of sugarcane grown under the Mutha canals in the neighbourhood of Poona was 1,966 acres; this area is capable of still further extension to a probable area of 2,500 acres. Under these circumstances, it is thought that the above power offers an inducement for the erection of a sugar manufactory, of which none at present exists in the Bombay Presidency.

Information regarding the actual heads and discharges available throughout the year and all other particulars can be obtained on application to the Executive Engineer for Irrigation, Poona. Tenders will be received up to the 15th November 1881.

The undersigned does not bind himself to accept the highest or any tender.

WILLIAM CLERKE, M.INST., C.E.,
Exe. Engr. for Irrigation, Poona Division.

POONA,
The 31st August 1881.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

TOWN HALL, CALCUTTA;
The 10th September 1881.

NOTICE.

IN THE COURT OF THE COMMISSIONER OF AJMERE-MERWARA.

Insolvency of Nadir, son of Subhani, a resident of Nasirabad, in the Ajmere District.

Notice is hereby given that Nadir, son of Subhani, of Nasirabad, has been declared insolvent, and discharged by this Court under the provisions of Section 351, Act X of 1877.

Given under my hand and the seal of the Court, this 14th day of September 1881.

L. S. SAUNDERS,
Commissioner.

AJMERE,
The 13th September 1881.

NOTICE.

The undersigned is prepared to receive tenders from parties desirous of leasing the water-power available at Kharakwasla, "Lake Fife;" the available power is variable: from July to January, inclusive, the minimum is about 130 actual horse-power, from beginning of February to end of April, it decreases from about 130 to about 40, and during the months of May and June the power which can be guaranteed is very small. Kharakwasla is situated south-west of Poona, 11 miles from the Railway Station, with which it is connected by a good road; about 4 acres of land close to the canal are available as sites for factories, &c. In the last year the area of sugarcane grown under the Mutha canals in the neighbourhood of Poona was 1,966 acres; this area is capable of still further extension to a probable area of 2,500 acres. Under these circumstances, it is thought that the above power offers an inducement for the erection of a sugar manufactory, of which none at present exists in the Bombay Presidency.

Information regarding the actual heads and discharges available throughout the year and all other particulars can be obtained on application to the Executive Engineer for Irrigation, Poona. **Tenders will be received up to the 15th November 1881.**

The undersigned does not bind himself to accept the highest or any tender.

WILLIAM CLERKE, M.INST., C.E.,
Exe. Engr. for Irrigation, Poona Division.

Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series.
