No. 76 of 1882.—Mr. J. Jameson, for improvements in incandescent electric lamps - - - - - 252

No. 77 of 1882.—Messrs. J. A. Briggs and J. Franklin, for improved arrangements applicable to machinery for making fabrics of cotton and other material - - - - - - - - - - 252

No. 78 of 1882.—Mr. N. F. Evans, for improvements in and relating to processes for extracting metals from their ores, and in apparatus therefor - - 288

No. 79 of 1882.—Messrs. R. S. Cunningham, C. A. F. Vinkeles-Houssart, and W. May, for improvements in tramways - - - - - - - - - 252

No. 81 of 1882.—Mr. C. V. Boys, for improvements in apparatus for measuring mechanical and electrical power - - - - - - - - - 402

No. 82 of 1882.—Mr. E. Smith, for improvements in looms for weaving - - - - - - - - 288

No. 83 of 1882.—Babu Preo Nath Roy Chowdry, for improvements in sugarcane crushing mills 288

No. 84 of 1882.—Mr. C. V. Boys, for a new or improved electric meter or apparatus for measuring and registering the quantity of electricity passed through a conductor - - - - - - - - 402

No. 87 of 1882.—Messrs. W. S. Upshur, J. A. Upshur, and W. R. Royster, for improvements in shipping tags - - - - - - - - - - - 288

No. 88 of 1882.—Mr. E. C. Schrottky, for the improvement of indigo manufacture - - - - 460

No. 89 of 1882.—Mr. F. W. Brewster, for improvements in buoyant devices - - - - - - 474

No. 90 of 1882.—Mr. R. Baillie, for equalising or breaking tea - - - - - - - - - 376

No. 91 of 1882.—Hafez Fuckeer Mahomed, for improvements in portable sugarcane pressing mills 376

No. 93 of 1882.—Mr. W. Crookes, F.R.S., for improvements in the construction of electric lamps, and apparatus for electric lighting - - - - 288

No. 94 of 1882.—Mr. W. Crookes, F.R.S., for improvements in the construction and manufacture of electric lamps - - - - - - - 288

No. 95 of 1882.—Major A. W. Roberts, for improvements in the method of watering khus-khus tatties, and apparatus therefor - - - - - 402

No. 96 of 1882.—Mr. H. Mestern, for improvements in apparatus for producing and diffusing spray or mist from water or other liquid under pressure - 474

No. 97 of 1882.—Mr. G. G. André, for improvements in and connected with electric lamps - 288

No. 99 of 1882.—Mr. D. D. Coath, for improvements in furnaces for utilising paddy husks for generating steam - - - - - - - - 376

No. 100 of 1882.—Mr. H. Fornaro, for improvements in apparatus for the manufacture of gas for lighting and heating purposes - - - - - 376

No. 102 of 1882.—Lt. J. F. Pogson, for converting kerosine oil, irrespective of its quality, into a bland or non-inflammable kerosine oil - - - 474

No. 104 of 1882.—Mr. J. Mylne, for improvements in apparatus for treating sugarcanes to extract juice therefrom - - - - - - - - - 460

No. 105 of 1882.—Mr. H. Davies, for an improved method of sheeting railway wagons by a fixed cover - - - - - - - - - - - 402

No. 106 of 1882.—Messrs. J. Kerr and J. Haworth, for improvements in machinery or apparatus for printing fabrics - - - - - - - - 376

No. 107 of 1882.—Mr. D. Anderson, for improvements in contrivances for varying the gauge of the wheels of rolling stock for rail and other permanent ways - - - - - - - - 376

No. 108 of 1882.—Messrs. A. G. Fraser, G. Smith, and L. W. Harvey, for improvements in machinery for shelling, cleaning and polishing rice, coffee, and other grains, berries and seeds - - - 402

No. 110 of 1882.—Mr. J. Pitkin, for improvements in secondary batteries - - - - - - 402

No. 111 of 1882.—Mr. W. Wilkinson, for improvements in traction engines for tram cars - - 402

No. 114 of 1882.—Mr. T. Gilbert, for improvements in sights for small firearms - - - - - 402

No. 115 of 1882.—Mr. J. S. Sellon, for improvements in secondary batteries or magazines of electricity 402

No. 116 of 1882.—Mr. J. S. Sellon, for improvements in secondary batteries or magazines of electricity 402

No. 117 of 1882.—Mr. A. Sprenger, for the application of corrugated sheet metal to the construction of pipes of large diameter able to withstand

Page

great external pressure without the aid of stays or supports of any kind, and capable of being used for culverts under roads or railways, well linings, pontoons, ventilating and other flues and conduits, and other similar purposes - - 523

No. 118 of 1882.—Mr. A. Figge, for improvements in water-wheels and paddle-wheels - - - 402

No. 119 of 1882.—Messrs. A. K. Huntington and W. E. Koch, for an improved process for extracting precious metals from ores - - - - 523

No. 121 of 1882.—Messrs. J. E. Liardet and T. Donnithorne, for improvements in the means of, and in the apparatus for, storing electrical energy, and in the preparation of the materials to be employed - - - - - - - - - 474

No. 122 of 1882.—Messrs. A. Buzolich and T. K. Smith, for an improved composition to be used as a paint either with or without the ordinary pigments - - - - - - - - - 460

No. 124 of 1882.—Mr. C. Clamond, for improvements in apparatus and appliances for producing intense white light - - - - - - - 523

No. 125 of 1882.—Mr. P. DePuydt, for process for the manufacture of fibres by the treatment of textile materials and fibrous plants whereby a product is attained capable of being employed for the manufacture of fabrics, clothes, felts and cordage of all kinds - - - - - - - 460

No. 126 of 1882.—Babu Gunga Ram, for slide rule, for scantlings of timber, for flat roofs, and for strains on trusses, and trussed girders - - - 474

No. 128 of 1882.—Messrs. G. Brown and R. L. Hattersley, for clearing the woody matter and bark, and extracting the fibre from the stems of the rhea plant or other plants of a like fibrous nature - 474

No. 129 of 1882.—Mr. W. J. Bayford, for improvements in ice manufacturing machines - - - 523

No. 130 of 1882.—Mr. N. Yagn, for improvements in apparatus for utilising the power of flowing water in rivers for mechanical purposes - - 460

Page

No. 131 of 1882.—Mr. C. H. G. Smith, for improvements in utilising as fuel in boilers and furnaces the husks of paddy or rice - - - - - - 460

No. 132 of 1882.—Mr. J. D. F. Andrews, for improvements in dynamo-electric and electric-dynamic machines - - - - - - - - - 523

No. 133 of 1882.—Babu Rajaram Doss, for improved machinery for expressing the juice of the sugarcane - - - - - - - - - - - 474

No. 136 of 1882.—Mr. C. Dion, for improvements in the manufacture of revolving armatures and other parts of electrical apparatus, and in machinery therefor - - - - - - - - - 523

No. 139 of 1882.—Messrs. R. Baillie and R. Thomson, for sifting or assorting teas - - - - - - 474

No. 140 of 1882.—Mr. R. Bushby, for the "Indian Domestic Refrigerator" consisting of improvements in machinery for refrigerating purposes and for cooling and purifying the air for ventilation of dwelling-houses and other buildings - - 523

No. 141 of 1882.—Mr. R. T. Bicknell, for drying tea 523

No. 144 of 1882.—Babu P. C. Mitter, for improvements in the stop ferule - - - - - - 523

No. 146 of 1882.—Messrs. H. Codd and D. Rylands, for improvements in bottles for containing ærated liquids, and in the manufacture of such bottles - 474

No. 150 of 1882.—Mr. J. Woods, for improvements in railway brakes - - - - - - - 474

No. 151 of 1882.—Mr. T. Martin, for an improvement in the construction of blast furnaces - - 474

No. 152 of 1882.—Mr. E. A. Parsick, for curing cholera - - - - - - - - - - 523

No. 154 of 1882.—Mr. J. Remfrey, for improvements in the method of cleaning and clearing the rails and grooves of tramways, and in apparatus therefor - - - - - - - - - 523

No. 162 of 1882.—Mr. R. Barker, for an improved method of abstracting gold and silver from their ores by the combined action of electricity and mercury - - - - - - - - - 523

POLITICAL.

The 29th June 1882.

No. 387 *I.P.*—The Governor General in Council is pleased to direct the publication of the following agreement, by which the villages of Gabat, Waniad, Bayar, and Choila have been ceded to the Maharaja of Edur, with effect from the 2nd of November 1881 :—

Agreement between the British Government and His Highness the Maharaja of Edur.

WHEREAS the villages specified in the Schedule hereto annexed and situated in the Ahmedabad Collectorate in the Presidency of Bombay have been since the year 1818 A.D. and now are part

of British India, but the Edur State has received a share of the revenue of the said villages; and whereas a certain annual sum of Rs. 1,600 is payable by the British Government to the said State as compensation for the loss of certain salt dues on the Marwar frontier of the said State which were relinquished by the said State at the request of the said Government; and whereas the said Government and the said State, being desirous of separating their interests in the revenues of the said villages and providing for payment of the compensation payable as aforesaid, have agreed that the said State shall grant and transfer to the said Government its share in the revenues of the villages specified in Part A of the said Schedule, and that the said Government shall cede and grant to the said State the villages specified in Part B of the said Schedule; and whereas the Secretary of State for India in Council has, by order of Her Majesty the Queen of Great Britain and Ireland and Empress of India, sanctioned the cession of the villages specified in Part B of the said Schedule: Now it is hereby witnessed that—

(1) His Highness the Maharaja of Edur doth hereby grant and transfer to the Governor General of India in Council all his rights, interests, and share to and in the revenues of the villages specified in Part A of the Schedule hereto annexed.

(2) The Governor General of India in Council, with the sanction hereinbefore recited, doth hereby cede and grant to His Highness the Maharaja of Edur, his heirs and successors, the villages specified in Part B of the Schedule hereto annexed, to hold the same on the terms and subject to the rules and conditions on which he holds the rest of his territory; and the said villages shall cease to be part of British India and shall become part of the Edur State on and from the second day of November 1881.

(3) His Highness the Maharaja of Edur doth hereby for himself, his heirs and successors, promise and agree that he and they will respect and protect all existing rights in the villages hereby ceded (and in particular the rights of the Thakoor of Jabut in the village of Jabut).

And whereas the Thakoor of Man is at present in possession of the share in the revenues of the village of Punsri (being one of the villages specified in Part A of the Schedule hereto annexed), which share has been hereby transferred by the said State to the said Government. And whereas such share is valued at Rs. 742 per annum, and it is desirable that the said State should compensate the said Thakoor for the loss of the said share.

(4) It is hereby agreed that the said State shall grant to the Thakoor of Man, in lieu of the share in the revenues of the village of Punsri, of which he is at present in possession, land yielding an annual revenue of not less than Rs. 742 in some village in the said State convenient to both parties. And whereas the amount of revenue to be received annually by the said State under the cession of territory hereby made to it will exceed by the sum of Rs. 672 per annum the amount now annually payable to the said State on account of its share in the villages mentioned in the said Schedule and of the compensation hereinbefore referred to, and it is desirable that some arrangement should be made for the annual payment by the said State to the said Government of the said excess sum of Rs. 672.

(5) It is hereby agreed that the said Government shall, without regard to the amounts actually collected from any of the said villages, deduct annually the sum of Rs. 672 from the compensation payable by the said Government to the said State for the suppression of its transit duties, and the sum so deducted shall be taken by the said Government in payment of the said excess sum of Rs. 672.

(Sd.) MAHARANI SHRI JHALIJI,
For His Highness the Maharaja of Edur.

MAHIKANTA AGENCY;
The 2nd November 1881.
At Camp Edur.

(Sd.) CHARLES WODEHOUSE, *Major,*
Political Agent, Mahikanta.

(Sd.) RIPON,
Viceroy and Governor General of India.

This Agreement was ratified by the Governor General of India in Council at Calcutta on the sixth day of December 1881 A.D.

(Sd.) CHARLES GRANT,
Secretary to the Government of India,
Foreign Department.

SCHEDULE.

Being accompaniment to Agreement between the British Government and His Highness the Maharaja of Edur, executed on the 2nd November 1881 between Major Charles Wodehouse, Political Agent, Mahikanta, on behalf of the former, and Maharani Shri Jhaliji, mother of the present Maharaja, on behalf of the latter.

Part A.

Names of villages, the rights, interests and share belonging to the Edur State, to and in the revenues of which are granted and transferred to the Governor General of India in Council by His Highness the Maharaja of Edur for himself, his heirs and successors :—

C. GRANT,
Secy. to the Govt. of India.

DEPARTMENT OF FINANCE AND COMMERCE.

NOTIFICATIONS.

Simla, the 10th June 1882.

No. 1622.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read—

Despatch from the Secretary of State for India, No. 288, dated 15th September 1881, in which, with reference to the case of Mr. C. E. S. Steele, a Revenue Deputy Collector in the Sind Commission, who was for some time employed under the Government of the Transvaal, the Secretary of State has decided that Mr. Steele cannot be relieved from the usual deduction of one-fifth of his salary under the Transvaal State as contribution to the Government of India towards pension. In this Despatch the Secretary of State desires the Government of India to consider whether the rate of contribution required to be made by officers lent for service under Foreign Governments is not unnecessarily high, and whether it might not be diminished.

RESOLUTION.—Under the Rules in Chapter III of the Civil Pension Code, an Officer of the British Government transferred to Foreign Service is required to pay to the Government of India a contribution out of the salary which he receives while in Foreign Service to meet the cost of his pension and leave allowances exclusive of allowances while on privilege leave. "Foreign Service" includes service under a Native State, Municipality, Port Trust, Court of Wards, or other Body financially independent of the Government of India. It also includes service which is paid for from a Local Fund under such circumstances that it does not qualify for pension and leave under the Rules in the Civil Pension and Leave Codes. The rate of contribution is fixed at 20 per cent. of the gross salary which the Officer receives in Foreign Service, the calculation of his pension and leave allowances being made upon 4-5ths of such salary. The contribution is thus equal to 25 per cent. of the net pay upon which the Officer's pension and leave allowances are calculated. This rate applies to all Officers, whether Military Officers, Covenanted Civil Servants, or Uncovenanted Officers ; but it is specially provided in the case of a Native of India, who is not a Covenanted Civil Servant, that, by resigning all claims to leave allowances from the Government of India in respect of his Foreign Service, he may contribute for pension only.

2. The present rules also provide for the payment of contribution by an Officer whose services are lent for other than Imperial purposes, either in England, or in a British Colony or to a Foreign State; but, except as regards service under the Egyptian Government, the precise amount of contribution in this case is not fixed. The contribution in each case is determined by the Government of India, as occasion arises, the maximum contribution, however, being 20 per cent. of the salary received in such Foreign Service.

3. The contribution of 25 per cent. on net pay referred to above includes about 12½ per cent. on account of pension. The Governor General in Council

has no reason to suppose that the rate of contribution for pension has been fixed at an unduly high figure in the case of Covenanted Civil Servants. The contribution on account of allowances while on leave is, however, unduly high, and consequently the general rate of 25 per cent. on net pay is capable of reduction to some extent in the case of all officers. Statistics recently compiled show that the average percentage of Officers of the Covenanted Civil Service on leave other than privilege leave is 14·38. In the case of Uncovenanted Officers, the percentage is still less. On this consideration, and also in view of the present arrangements for the extension of local self-government, in connection with which the Government of India is desirous of facilitating in every reasonable way the lending of Officers to Local Bodies without forfeiture of pensionary rights by the Officers, the Governor General in Council is of opinion that the contribution for pension and leave required to be paid to the Government of India by an Officer of the British Government, who is transferred either to "Foreign Service" as defined in page vii of the "*Definitions*" preceding the Codes of the Financial Department, or whose services are lent for other than Imperial purposes, either in England, or in a British colony or to a Foreign State, shall in future be made—

(*a*) if the Officer be a Covenanted Civil Servant,—at the rate of $16\frac{2}{3}$ per cent. (one-sixth) on the gross salary which he receives from his foreign employers;

(*b*) in the case of all other Officers,—at the rate of $14\frac{2}{7}$ per cent. (one-seventh) on the gross salary which the officer receives from his foreign employers: provided always that the contribution from an Uncovenanted Officer shall in no case exceed Rs. $166\frac{2}{3}$ a month.

Where a higher rate of contribution is now paid, the rate shall, for the future, be reduced as above; but it must be understood that in all such cases the gross salary will now be readjusted in such manner as to leave the officer the same net salary which he at present receives.

4. The payment of contributions at the rates now fixed will entitle the Officer to receive from the Government of India, at the proper time, pension and leave allowances (except allowances during privilege leave) in respect of the period of his employment in Foreign Service, &c.; the calculation of pension and leave allowances will be made upon the balance of the salary which remains to the Officer after payment of the prescribed contribution.

5. A Native of India, not being a Covenanted Civil Servant, may, by resigning all claims to allowances from the British Government during leave in respect to the period of his employment in Foreign Service, &c., contribute for pension only. In such case the contribution shall be one-eleventh of the salary which he receives from his foreign employers, and shall not exceed Rs. 100 a month.

6. These Rules are not intended to interfere with the cases of Officers which are specially provided for in Section 10 of the Civil Pension Code (*a*) to (*f*). Nor does His Excellency in Council think, by reason of the foregoing change in the rate of contribution in the case of Superior Officers, that any change is necessary in respect of inferior servants, whose case is provided for by Rule 4 under Section 8 of the Civil Pension Code.

ORDERED, that this Resolution be communicated to the several Departments of the Government of India; the several Local Governments; the Comptroller General, and all Accountants General.

No. 1623.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read the following papers regarding the question whether Municipalities may not be properly held liable to bear a share of pensions or gratuities granted for service partly paid from Municipal and partly from Government Funds:—

Circulars in the Home Department, Nos. 1—7 and 8, and 1—9 to 15, dated 6th January 1881.

Letter from Chief Commissioner, Assam, No. 165, dated 22nd January 1881.
Letter from Chief Commissioner, Coorg, No. 1418-94, dated 3rd February 1881.
Letter from Government, North-Western Provinces and Oudh, No. 196, dated 8th February 1881.
Letter from Chief Commissioner, Central Provinces, No. 1061-48, dated 31st March 1881.
Letter from Government, Madras, No. 627, dated 12th April 1881.
Letter in the Home Department to Government, Madras, No. 87, dated 21st May 1881.
Letter from Government, Madras, No. 1178, dated 25th June 1881.
Letter from Government, Punjab, No. 1835, dated 4th July 1881.
Letter from Chief Commissioner, British Burma, No. 6171-38, dated 6th September 1881.
Letter from Resident, Hyderabad, No. 409, dated 26th October 1881.
Letter from Government, Bombay, No. 3600, dated 29th October 1881.

RESOLUTION.—The question which requires to be dealt with in connection with the papers read above refers to service rendered by an Officer partly under a Municipality and partly under Government at the same time. The case of a Government Officer lent to a Municipality who desires to retain his lien on Government service and his right to pension, is already provided for in the Rules in Chapter III of the Civil Pension Code.

2. The Governor General in Council observes that there are at present no rules under which the service of an Officer who is paid at the same time partly from Municipal funds and partly from Government funds, qualifies for pension and leave. And there is a difficulty in making such rules without change in the law, so as to empower Municipal Boards to pay pensions and leave allowances out of the funds at their disposal.

3. The measures about to be taken in furtherance of the recent policy of Government regarding local self-government, will lead to the necessity of Municipalities availing themselves of the services of Government Officers to a greater extent than is now the case; but while the existing rules, modified as in Resolution No. 1622 of 10th June 1882, will cover the cases of all Officers whose services are wholly lent to Municipalities, Officers of Government who devote only a part of their time to the performance of municipal duties will be at a disadvantage by reason of their pay in the service of Municipalities not being, under the present rules, taken into account in determining their pension and leave allowances.

4. The Governor General in Council requests accordingly that where the existing law makes no provision for payment by Municipalities of pensions, gratuities and leave allowances of Officers paid partly from Municipal funds and partly from Government funds at the same time, Local Governments will take early measures with a view to legislation being resorted to for removing any difficulties which may be found to exist. If an officer is paid partly from Municipal Funds and partly from the General Revenues, it would seem reasonable that the officer should pay to Government a contribution on the portion of his salary which is drawn from Municipal Funds calculated according to the rules in Chapter III of the Civil Pension Code, and in that case Government would be responsible for the whole of his pension and for his allowances while on leave other than privilege leave.

ORDERED, that this Resolution be communicated to the Home Department for the issue of necessary instructions to all Local Governments.

The 28th June 1882.

No. 2016.—Mr. E. F. T. Atkinson, B.C.S., is appointed to officiate, until further orders, as Accountant General, Bengal.

Mr. R. Logan, B.C.S., Officiating Under Secretary to the Government of India in the Department of Finance and Commerce, is placed on special duty under the Government of India in the Department of Finance and Commerce.

Mr. Stephen Jacob, B.C.S., is appointed to officiate, until further orders, as Under Secretary to the Government of India in the Department of Finance and Commerce.

No. 2027.—In exercise of the powers conferred by Section 6 of Act I of 1878 (The Opium Act, 1878), the Governor General in Council is pleased to reduce by Rs. 50 per chest the duty on opium imported by land into the Presidency of Bombay for exportation by sea from the Port of Bombay.

Accordingly it is hereby notified that, till further orders, all opium imported by land into the Presidency of Bombay, and covered by a pass for exportation by sea from the Port of Bombay, granted in accordance with Rule 14 of the Rules made under the Opium Act, 1878, dated the 30th March 1878 and published by the Government of Bombay, will be subject to the following duty upon each chest weighing net 140½ lbs. avoirdupois weight, namely :—

	Rs.
When the pass for such opium is granted at Ajmere	675
When the pass for such opium is granted elsewhere	650

The 30th June 1882.

No. 2036.—Whereas copies or extracts certified to be true copies or extracts of baptismal, marriage, and burial certificates granted by Ministers and Marriage Registrars are generally furnished on printed forms for which impressed sheets of stamped paper cannot be used without inconvenience; Therefore, in exercise of the powers conferred by Section 9 of the Indian Stamp Act, 1879, the Governor General in Council is pleased to make the following rule :—

The stamp duty payable under Article 22 of Schedule I to the Indian Stamp Act, 1879, on copies or extracts certified to be true copies or extracts of baptismal, marriage, and burial certificates shall be denoted by means of adhesive court fee labels.

No. 2078.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again—

Proceedings in this Department (Accounts and Finance) of July 1881, Nos. 1106 to 1109.

Read also—

Despatch from the Secretary of State, No. 48, dated the 9th February 1882, and the following extract from Resolution in the Home Department, No. $\frac{17}{747-759}$ (Public), dated the 18th May 1882 :—

Para. 22.—Another point deserving of notice is the control that should be exercised over the execution of local works. It will not always be possible for a Local Board to entertain a competent Engineer of its own; and in any case when Government buildings and important works of other kinds are made over for maintenance, there must be some effective guarantee for thoroughness of execution. It will probably be most convenient that, while all subordinate establishments are entirely under the control of the Boards, Government should supply the District Engineer and furnish professional supervision, the Boards defraying in such manner as may be determined by the Local Governments with reference to the amount of work done for each Board the payments to be made to Government on this account. Care must, however, be taken that the Boards are left unfettered in the initiation and direction of operations, and that the Engineer is placed in the position of their servant and not of their master. The power of check vested in the District Officer will suffice to remedy any carelessness or improper working on the part of the Boards. If this arrangement is carried out, it will probably be found possible to make over to the charge of the Boards most of the public buildings in the districts, and other works of various kinds which would otherwise have to be kept in the hands of the Government Officers. Double establishments will thus be avoided, and public money saved.

RESOLUTION.—On a reference from the Chief Commissioner, British Burma, the Governor General in Council has recently had under consideration the question whether the creation and abolition of appointments under Municipal and Local Fund Boards and similar Local Bodies, or the modification in any way of the pay of such appointments, are, or should be, subject to the same restrictions of various kinds, including reference to Her Majesty's Government when the pay of the appointment exceeds a certain amount, as appointments the cost of which is charged against the General Revenues.

2. The rules which govern the procedure to be observed in reporting for the sanction of the Home Government, the creation of new offices carrying pay exceeding Rs. 250 a month, and additions to salaries which raise them above Rs. 5,000 a year, are contained in the Despatch of the Secretary of State for

India, No. 63, dated the 17th March 1864. But these rules, as they are understood, apply only to charges which fall on what are called "General Revenues" in contradistinction to Local Funds.

3. Provincial Funds form a portion of the General Revenues and are administered by Local Governments just as Imperial Funds are administered by the Government of India; the distinction between them is merely one of account and internal administration; but between Local Funds and General Revenues the distinction is clear, and involves a principle of importance.

4. It is true that the principal Local Funds, both incorporated and excluded (*e.g.*, District Road Cess, Municipal, Port, and Port Trust), are composed in the main of taxes, dues, and fees which do not differ materially in their nature from those taxes, dues, and fees which form a part of the General Revenues; but the essential distinction consists in the special agency and special principles, by, and in accordance with, which Local Funds are administered and in some cases raised.

5. The practice of the Government has been to leave these funds to be administered by Local Bodies, in pursuance of the policy of developing local self-government; only such powers of general control are generally retained as may suffice to authorise interference in cases in which the public interest would otherwise suffer. This policy has been consistently kept in view since Local Bodies were first created. The course of legislation all over the country has accordingly been in the direction of enforcing the responsibility and maintaining the authority of such Bodies. For instance, in some of the Acts relating to the constitution and mode of working of Municipalities, and District Committees, no restriction whatever has been placed by the Legislature on the powers of those Bodies for the creation of new appointments; and in others the powers of general control which have been reserved are not such as would allow of the enforcement of those restrictions which apply to such appointments when the cost of these is payable from the General Revenues.

6. The Local Bodies to whom these powers have been entrusted exercise them, as a rule, with discretion; and there is nothing in the method of their administration in the past which would justify the imposition of any special restrictions. Seeing, therefore, that it is desirable to develop local self-government, and that Local Bodies may reasonably be expected to give due weight to the need for economy in the administration of Local Funds, the Governor General in Council is pleased to rule—

(*1st*) that Local Bodies to whom the administration of Local or Municipal Funds has been committed shall be competent, subject to the general restrictions imposed by the Legislature or to such special reservations as the Government of India may lay down in any case (*e.g.*, that referred to in paragraph 22 of the Resolution in the Home Department, dated the 18th May 1882), or with reference to any particular class of appointments, to create, as well as to abolish, without reference to higher authority all appointments the pay of which is chargeable to such Local or Municipal Funds;

(*2nd*) that as regards Local Funds administered by Local Governments and not by Local Bodies, the existing restrictions regarding appointments payable from Imperial or Provincial Revenues shall continue in force in respect of appointments payable from such funds.

ORDERED, that the foregoing Resolution be communicated to the several Departments of the Government of India, the several Local Governments and Administrations, and the several Officers of the Account Department.

Ordered also, that it be published in the *Gazette of India*, together with the Resolutions in this Department, Nos. 1622 and 1623, dated the 10th instant.

D. M. BARBOUR,
Offg. Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 30th June, 1882.

APPOINTMENTS.

No. 357.—STAFF CORPS—

No. 2208.—The following Addenda and Corrigenda to the Codes of the Financial Department are published for general information :—

CIVIL PENSION CODE.

Page 97.

Add the following as Section 177A :—

177A. Section 177 applies to Officers of the Public Works Department who retired under the terms of the Resolution in the Department of Finance, No. 2079, dated 31st July 1879, except as regards re-employment in an establishment paid from a Local Fund. Any such Officer, whether re-employed permanently or temporarily, is required on re-employment to refund the special gratuity received by him under paragraph 5, section II, clause (5) of the Resolution of the 31st July 1879; but if he does not make the refund, his pension will, for the purposes of this Section, be held to be increased by an amount equal to 5 per cent. per annum on his special gratuity. If an Officer has capitalised his pension, the same deduction will, if necessary, be made from his allowances as if he had not done so. (For the purposes of this Section, service paid by a Guaranteed Railway Companay shall be treated as if it were service rendered in a temporary capacity.)

An Officer re-employed in service paid from a Local Fund may, in addition to his salary, draw his pension and retain the special gratuity received by him under paragraph 5, section II, clause (5) of the Resolution of the 31st July 1879.

No. 2288.

ORDER—By the Government of India, Department of Finance and Commerce.

Read the following :—

No. 470, dated 20th April 1882.

Resolution—By the Government of India, Department of Finance and Commerce.

The Governor General in Council has resolved to publish with the annual Finance and Revenue Accounts of the Government of India a statement showing the receipts and expenditure of all Municipalities, as well as of all Excluded Local Funds which are on the books of the Accountants General, in order that a complete account of the whole income and expenditure connected with the administration of the country may be readily available from one source.

2. This statement will not form an integral part of the combined accounts of the Empire under the three heads of "Imperial," "Provincial," and "Local," as they have been hitherto prepared, but will only be in the nature of an appendix intended to supplement the information contained in the Accounts; and the responsibility for the correctness of the

Statement will lie with the local authorities entrusted with the management of the Municipal and other Funds in question.

3. The accounts of Municipalities will be in the form given in the Appendix to this Resolution, and there will be no difficulty in preparing them, as, under instructions from Her Majesty's Secretary of State, the Municipalities have already to furnish to the Local Governments almost the same information for submission to the Government of India in the Home Department. All these Accounts are now made up for the official year, except only those for the Municipalities of Calcutta and Bombay, and the Corporations of these cities have been requested to conform to the general practice.

4. The Local Governments will consolidate these accounts into one statement for each Province, and transmit it direct to the Comptroller General, so as to reach him not later than the 30th November of the year succeeding that to which they relate, for inclusion in the Finance and Revenue Accounts of the year.

5. The Comptroller General will issue further appropriate instructions to the several Accountants General for the submission of statements of the Excluded Local Funds, which should contain sufficient details of the sources of income of each Fund and of the character of the expenditure incurred therefrom.

6. The accounts of Municipalities and of the Excluded Local Funds will be collected together in one statement, to be called 2 (*b*), which will be inserted in its proper place in the Finance and Revenue Accounts.

7. The Comptroller General will also prepare a statement, to be called 2 (*a*), showing in detail for each Province the distribution of the revenue and expenditure at present included in the General Accounts under the three heads "Imperial," "Provincial," and "Local" on the lines of No. III of the statements published with the Financial Statement of the Government of India.

8. The Governor General in Council desires that Local Governments will take immediate measures for the submission of the statements for the year 1881-82, in order that they may appear in the Finance and Revenue Accounts of that year.

9. The Municipal Budget Estimates, which are at present submitted to the Government of India in the Department of Finance, will be no longer required.

Ordered, that this Resolution be communicated to the Home Department for information, and to the several Local Governments and Administrations, and to the Comptroller General for information and for the issue of further necessary orders.

ORDERED, that the foregoing be published in the *Gazette of India* for general information.

[Appendix referred to in paragraph 3 of the Resolution.]

* It must be clearly understood that under this head only such establishments are to be shown as cannot be properly shown under any of the other heads. Wherever there is a special establishment for a particular purpose only, it should be shown under the head to which that purpose belongs and not under the head of General Establishments.

† If the Public Works Establishment be employed partly upon works connected with any of the other heads, the share of the charges debitable to those heads should be shown under those heads, and not under (E).

No. 2301.—The following Addenda and Corrigenda to the Codes of the Financial Department are published for general information :—

CIVIL PENSION CODE.

Page 3.

Section 7.

Substitute the following for the first sentence of the Section :—

"The Rules in Sections 8 and 9 apply to Officers transferred on or after the 14th October 1871 from qualifying service to Foreign service, and, as regards the rates of contribution, have effect from the 10th June 1882."†

Section 8 (a).

Substitute the following for the Section :—

8. (*a*) From every Officer transferred in the manner specified in Section 7, who does not wholly resign the service of the British Government, or who is not, for recorded special and public reasons, exempted from the operation of the Rules in this Chapter, a contribution is levied as follows :—

(A) In the case of a Covenanted Civil Servant;—at the rate of 16⅔ per cent. (one-sixth) on the gross salary which he receives from his Foreign employers :

(B) In the case of any other Officer;—at the rate of 14$\frac{2}{7}$ per cent. (one-seventh) on the gross salary which he receives from his Foreign employers : provided always that the contribution from an Uncovenanted Officer shall in no case exceed Rs. 166⅔ a month,

that is to say, the Officer receives from his Foreign employers salary fixed in accordance with the Rules of the Public Service for the appointment which he holds or in which he officiates, and, retaining five-sixths or six-sevenths accordingly as he is an Officer of Class (A) or (B), pays one-sixth or one-seventh, as the case may be, to the Government of India.

Page 4.

Section 8 (b).

Substitute "five-sixths or six-sevenths, as the case may be," *for* "four-fifths."

Rule 2.

Substitute "five-sixths or six-sevenths, as the case may be," *for* "four-fifths."

Rule 3.

Substitute the following for the Rule :—

3. A Native of India not being a Covenanted Civil Servant may, by resigning all claims to allowances from the British Government during leave in respect to the period of his employment in Foreign service, contribute for pension only. In such case the contribution shall be one-eleventh of the gross salary which he receives from his Foreign employers, and shall not exceed Rs. 100 a month; and the pension will be calculated upon the balance of salary which remains to him after the deduction.

Page 6.

Rule 13.

Substitute the following for the Rule and the Example under it :—

13. The deduction made under this Section from the salary of a Covenanted Civil Servant includes the deduction made on account of his annuity. His gross salary when transferred to Foreign service should therefore be one-fifth greater than the net salary which it is intended that he should retain for himself after paying the ordinary contribution of 4 per cent. towards the cost of his annuity.

Example.—The salary of A.B., a Covenanted Civil Servant, is Rs. 1,000; from this he pays Rs. 40 towards cost of his annuity and retains Rs. 960 for himself. If transferred to Foreign service his gross salary will be Rs. 1,152. The contribution payable to the British Government is Rs. 192.

Page 7.

Rule 16.

Substitute the following for the 1st sentence of the Rule :—

"The salary of an Officer appointed to act for an Officer on Foreign service shall be calculated as if the pay of an Officer on such service were the net amount which remains to him after making his contribution; one-fifth in the case of a Covenanted Civil Servant, one-sixth in the case of any other Officer (if he contributes for both leave and pension), or 6⅔ per cent. in the case of an Inferior Servant, being added to the total sum thus calculated."

Substitute the following for the Examples :—

(1) A. B., a Covenanted Civil Servant, receiving a pay of Rs. 500 from the British Government, officiates in an appointment in Foreign service, the gross pay of which is Rs. 1,200. Deducting the sum contributed for leave and pension, the net pay of the appointment is, therefore, Rs. 1,000. A. B.'s salary is—

	Rs.
Pay	500
Acting allowance ⅔ (1,000—500)	333⅓
Salary	833⅓
Add $\frac{1}{5}$ (to be contributed to the British Government)	166⅔
Gross Salary ...	1,000

(2) A. C., an Uncovenanted Officer, receiving a pay of Rs. 350 from the British Government, officiates in an appointment in Foreign service, the gross pay of which is Rs. 1,166⅔. Deducting the sum contributed for leave and pension, the net pay of the appointment is, therefore, Rs. 1,000. A. C.'s salary is—

	Rs.
Pay	350
Acting Allowance, $\frac{1}{5}$ of 1,000	200
Salary ...	550
Add $\frac{1}{6}$ (to be contributed to the British Government)	91⅔
Gross salary ...	641⅔

(3) A. D., an inferior Servant, receiving a pay of Rs. 6 from the British Government, officiates in an office in Foreign service, the gross pay of which is Rs. 10-10-8. Deducting the sum contributed for pension, the net pay of the appointment is, therefore, Rs. 10. A. D.'s salary is—

	Rs.	A.	P.
Pay	6	0	0
Acting Allowance, $\frac{1}{5}$ of Rs. 10	2	0	0
Salary ...	8	0	0
Add 6⅔ per cent. (to be contributed to the British Government) ...	0	8	6
Gross Salary ...	8	8	6

(4) A. E., an Uncovenanted Officer, receiving a gross pay of Rs. 700 in Foreign service, and contributing for both leave and pension, is appointed to officiate in another office in Foreign service, the gross pay of which is Rs. 1,166⅔. A. E.'s salary is —

	Rs.
Net pay	600
Acting allowance $\frac{1}{5}$ of Rs. 1,000	200
Salary ...	800
Add $\frac{1}{6}$ (to be contributed to the British Government) ...	133⅓
Gross Salary ...	933⅓

Page 10.

Section 10.

Substitute the following for Case (g), clause (2) :—

(2) When an Officer's services are lent for other than Imperial purposes, either in England or in a British Colony, or to a Foreign State, the Officer shall, unless he is transferred to the service of the Egyptian Government, make a contribution to the Indian Exchequer in accordance with the Rules in this Chapter.

Pages 36 and 37.

Section 80, Case (f).

For "one-fourth" *and* "one-eighth" *substitute* "one-sixth" *and* "one-twelfth."

No. 2330.—Mr. T. W. Biss received charge of the appointment of Deputy Accountant General, Bombay, after noon on the 30th June 1882.

No. 2339.—In exercise of the powers conferred by Section 49 of the Native Passenger Ships Act, VIII of 1876, the Governor General in Council is pleased to direct that every ship to which the Act applies performing a voyage either between a port on the west coast of India and a port in the Red Sea, or between Aden and any port on the east coast of Africa, south of 10° north, whether the ship touches at any intermediate port or not, shall, in the event of the ship being propelled by sails, contain in the between decks not less than 12 superficial feet and 72 cubic feet of space for every passenger, and shall, in the event of the ship being propelled by steam, or partly by steam and partly by sails, contain in the between decks not less than 9 superficial feet and 54 cubic feet of space for every passenger.

No. 2372.—Mr. J. E. Cooke officiated as Accountant General, Bengal, from the 28th April to the 10th May 1882, both days inclusive.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 21st July, 1882.

No. 8.—Whereas by Resolutions passed by the Secretary of State for India in Council on the 19th day of September, 1872, and 4th day of June, 1874, respectively, the provisions of the thirty-third of Victoria, Chapter 3, Section 1, were declared applicable to the territories now under the administration of the Chief Commissioner of Assam;

And whereas the Chief Commissioner of Assam has proposed to the Governor General in Council a draft of the following Regulation, together with the reasons for proposing the same, and whereas the Governor General in Council has taken such draft and reasons into consideration and has approved of such draft, and the same has received the Governor General's assent;

In pursuance of the direction contained in the said section, the said Regulation is now published in the *Gazette of India*:—

REGULATION No. 1 of 1882.

The Gáro Hills Regulation, 1882.

Preamble.

WHEREAS Regulation I of 1876 (the Gáro Hills Regulation, 1876), the operation of which was extended for one year by the Chief Commissioner's notification issued with the previous sanction of the Governor General in Council on the 18th March, 1881, ceased to be in force on the 31st day of March, 1882;

and whereas it is desirable to re-enact certain provisions of the said Regulation; It is hereby enacted as follows:—

Short title.

1. This Regulation may be called "The Gáro Hills Regulation, 1882."

Local extent.
Commencement.

It extends only to the Gáro Hills District, and shall come into operation on being published in the *Assam Gazette*.

Power to the Chief Commissioner—

2. The Chief Commissioner may, from time to time, subject to the control of the Governor General in Council, by notification in the *Assam Gazette*,—

to prohibit certain acts;

(*a*) prohibit all or any persons, not being Natives of the Gáro Hills District, from doing any of the following acts within the limits of the said district without a license, that is to say,—

cutting wood,

hunting animals,

collecting wax, ivory, india-rubber or other jungle products, and

to regulate the granting of licenses to do such acts.

(*b*) prescribe the conditions and restrictions subject to which, and the amount of the fees on payment of which, and the persons by whom, licenses to do any of the said acts may be granted.

3. Any person who does any act in contravention of a notification issued under section two of this Regulation,

Penalties for offences against section 2.

and any holder of a license under the said section who does any act in contravention of a restriction or condition imposed by such license,

shall be punished for a first offence with a fine not exceeding one hundred rupees, and for each subsequent offence with imprisonment of either description for a term which may extend to three months, or with a fine not exceeding five hundred rupees, or with both;

and the Magistrate by whom he is convicted may further order that all animals or carcasses of animals, and all wood, wax, ivory, india-rubber or other jungle product found in his possession, and all animals, ropes, nets, guns, ammunition and other things used by him in the commission of such offence, shall be confiscated.

4. It shall not be lawful for any British subject, or other person not being a Native of the Gáro Hills district, to acquire any interest in land or the product of land within the limits of the said district without the sanction of the Chief Commissioner, or of such officer as the Chief Commissioner may appoint in this behalf.

Acquisition of interests in land prohibited.

Any interest so acquired may be dealt with as the Chief Commissioner or the said officer may direct.

The Chief Commissioner may, from time to time, by notification in the *Assam Gazette*, extend the prohibition contained in this section to any class of persons, Natives of the said district, and may, from time to time, in like manner cancel or vary such extension.

5. The provisions of sections 64 to 70, both inclusive, of the Indian Penal Code shall apply to all fines imposed under the authority of this Regulation.

Realization of fines and imprisonment in default of payment.

6. The jurisdiction in respect of offences against this Regulation shall be exercised by such officers, and subject to such conditions, as the Chief Commissioner may, from time to time, by notification in the *Assam Gazette*, direct.

Jurisdiction.

POLITICAL.

The 21st July 1882.

No. 173 *G.*—With reference to Notifications Nos. 120, 123 and 126 G.P., dated the 21st April 1882, the recognition by the Government of India of the appointment of Mr. R. Mühry as Acting Consul for the Austro-Hungarian Empire, the German Empire, and the Kingdom of Denmark at Akyab, during the absence of Mr. Paul Koop, has been confirmed by Her Majesty's Government.

No. 170 *E.*—In supersession of the Notification by the Government of India in the Foreign Department, No. 3386 P., dated the 24th December 1875, the Governor General in Council is pleased to declare the boundaries of the "Naga Hills District" to be as follows:—

North.—From the sources of the Dikhru river in the Rengma Nága Hills, a line along the summit of the hills from which the Lungkungting, Borpung, and Tarapung streams take their rise, to the sources of the Dáhori Ján; thence down the Dáhori Ján until it meets the Kaliáni river; up the latter river to its junction with a small stream that flows into it from the west about half a mile above the Aitonia village of Kaliáni; thence in a straight line due east for about two miles until it cuts the Doigurung river; thence up to the latter river until it meets the path leading from Marphuláni to the Námbor; thence along that path for about a quarter of a mile until it meets the Tára Ján; thence along the latter stream to its junction with the Dhansiri river; thence up the Dhansiri river to its junction with the Doyong; thence up the course of the Doyong to the place where the Sibságar Inner Line cuts that river; thence along the Sibságar Inner Line.

East.—Starting from a point on the Sibságar Inner Line due north of the sources of the Rongdu river in the first range of hills, the line is drawn to those sources; thence along that stream to its junction with the Disoi river; thence over a range of hills in a south-easterly direction to the valley of the Seopáni or Chung river; thence in the same direction over another range of hills to the sources of a stream falling into the Chebi river due east of the village of Mekula; down that stream to its junction with the Chebi river; thence down that river to its junction with the Doyong; thence up the Doyong to the junction of the rivers Zullo and Sijjo; thence up a spur running southwards through the Chesama khel of Rangazuma to the ridge on which the village of Chajubáma stands; thence across the latter ridge (leaving Chajubáma on the east) and down into the valley of the Thezir river; thence up the spur below the hill Nammuh; thence along the ridge southwards to the Kopamedza peak.

South.—From the Kopamedza peak along the watershed to the Tellizo peak; thence down a small stream called the Sokharri to the junction of that stream with the Sijjo river; thence down that river to its junction with a small stream called the Merori; thence up a ridge between the two feeders of this stream to the crest of the ridge dividing the Zullo from the Sijjo between the villages of Kidima and Phusami; thence along this ridge from boundary pillar to pillar to the Nápu Hill; thence down a small streamlet to a spot about a quarter of a mile below where the main feeder of the Zullo river is joined by this stream; thence up this feeder to its source in the Khuerho peak; thence along the summit of the Barail range to Tenepu peak; thence along the Zupvo river from its source to its junction with the Quetzo or Barak river; thence down the latter river to its junction with the Chulini river; thence up the latter river till it meets a spur from the hill on which the Nága village of Ungulna or Gulna stands; thence up that spur to the summit of the range from which the Jhinam, Jhiri, and Makho rivers take their rise; then along that range to the sources of the Langting river in the peak about three miles east of Semkhor.

West.—From the peak three miles east of Semkhor down the Langting river to where it is joined by the Longreng river; thence up that river to its source; thence over the crest of the range to the sources of the Lumding river; thence down this river to its junction with the Longphir river; thence by the combined streams till they fall into the Diyung; thence down the latter river till it is joined by the Lamasakhong stream; thence up the latter stream to its point of exit from the hills; thence along the foot of the hills in a succession of straight lines from headland to headland, that is to say, from the foot of one spur to that of the next in a straight line, not following all the sinuosities into the hills, crossing the Lonka Ján and the Dikhreng Khrong streams at their respective points of exit from the hills, as far as the exit from the hills of the Dimuru Ján; thence down the latter stream as far as the village of Kaki Ramsa, whence the line turns off to the north, following the path between Kaki Ramsa and the village of Sarkher to the latter village on the left bank of the Jamuna river; thence up the Jamuna river to its junction with the Samaguri Ján; thence up the latter stream for about two miles to its point of exit from the Rengma Hills; thence along the foot of the hills from headland to headland, crossing the Zikok, Dighulpani, Salador, Longsompi, and Horghati streams at their respective points of exit from the hills, until the line meets the Dikhru river, which latter thence forms the boundary up to its source in the Rengma Hills.

[illegible] GRANT,
Secy. to the Govt. of India.

PROCLAMATION.

POLITICAL.

Simla, the 18th July 1882.

No. 169 *I.*—In exercise of the powers vested in him by Statute 28 and 29 Victoria, Chapter 17, Section 4, the Governor General in Council is pleased to declare that the lands occupied by the Indus Valley State Railway, and the works, premises, and stations thereof, within the limits of the Bahawalpur State, which have been ceded to the British Government in full sovereignty by that State since the issue of the Proclamation by the Government of India, No. 1335 I.P., dated Simla, the 14th July 1879, shall be subject to the Lieutenant-Governorship of the Punjab.

DEPARTMENT OF FINANCE AND COMMERCE.

NOTIFICATIONS.

Simla, the 15th July 1882.

No. 2467.—Mr. D. M. Barbour, B.C.S., is appointed to officiate, until further orders, as Secretary to the Government of India in the Department of Finance and Commerce.

Mr. T. C. Hope, Bo.C.S., C.S.I., and Mr. D. M. Barbour, B.C.S., respectively made over and received charge of the appointment of Secretary to the Government of India in the Department of Finance and Commerce after noon on the 15th July 1882.

STEPHEN JACOB,
Offg. Under-Secy. to the Govt. of India.

The 17th July 1882.

No. 2469.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read—

Resolution in this Department, No. 1438, dated 8th March 1882.

RESOLUTION.—A considerable supply of stock notes having now been received from England at Calcutta, Madras, and Bombay, and the necessary printing into them of the names of the several circles as well as of the year-figures being considerably advanced, His Excellency the Governor General in Council considers that the sale should commence in all Provinces (except British Burma and Berar) with as little further delay as possible.

2. In the Punjab two syndicates have been formed,—one for Lahore and the other for the rest of the Province,—and a sufficient supply of notes has partly been already delivered to the Accountant General, and will be completed in the course of a few days. The transfer to the syndicates of such quantities as they require may therefore commence at once.

3. In the North-Western Provinces syndicates have been constituted for the Benares and Allahabad Divisions on the one hand and the Agra and Meerut Divisions on the other, and supplies of the notes are nearly complete, so that sales will commence in a few days, as in the Punjab. With the view to one or more syndicates for the rest of the Province, certain parties have placed themselves in communication with the Accountant General, who should report the final result to this Department as soon as possible. But he should at once proceed, irrespective of any such negotiations, to complete his supplies from the Comptroller General and to issue to the several Treasuries and Sub-Treasuries in the remaining portion of the Province, with a view to the early commencement of sales by Government officers as contemplated in clause (8) of paragraph 4 of the Resolution quoted above.

4. The Comptroller General should similarly supply, in communication with the Accountant General and Comptroller respectively, all Treasuries and Sub-Treasuries in Bengal and Assam, and the Accountant Generals at Bombay

and Madras and the Comptroller at Nagpore those within their respective limits, the last-named officer indenting on Bombay for whatever notes he may require.

5. It is considered indispensable that sales should commence on the same date at all the Treasuries and Sub-Treasuries in the same Province, in order to prevent inconvenience to the public and derangement of the supply of the several localities according to their probable normal demand. The several officers who have in the preceding paragraphs been directed to supply their Treasuries and Sub-Treasuries should therefore commence their issues with the most distant localities, estimate as nearly as possible the date by which all will have been supplied, and then publish as widely as possible, with the aid of the local executive authorities, a notice in the vernacular in the following terms:—

"Notice is hereby given that the sale of Stock Notes to the public will commence on the instant at the Government Treasuries and Sub-Treasuries specified below. The Notes are issued under the conditions specified in the Resolution of the Government of India in the Department of Finance and Commerce, No. 1438 of 8th March 1882. Interest will be payable annually, on production of the Note with coupons attached, at any of the said Treasuries or Sub-Treasuries, and Notes of lower will be exchanged for Notes of higher denomination, or new Notes will be issued, under due precautions, in the place of Notes lost or destroyed, on application at the same."

[*Here should follow the list of Treasuries and Sub-Treasuries.*]

6. By the preceding paragraph the officers concerned have been severally authorised, in supersession of all previous instructions, to fix and notify, without further reference to this Department, the date of simultaneous commencement of sales within their respective limits; but His Excellency the Governor General in Council relies on them for making every effort to ensure that date being the earliest possible. The date so fixed should be telegraphed to this Department for information.

ORDERED, that this Resolution be communicated to the Comptroller General and the several Accountants General for information and guidance, and to the Local Governments and Administrations and the Press Commissioner for information; and also that it be published in the *Gazette of India*.

The 21st July 1882.

No. 2479.—Mr. E. S. Byrne assumed charge of the appointment of Deputy Accountant General, North-Western Provinces and Oudh, before noon on the 6th July 1882.

No. 2534.—The following Addendum to the Codes of the Financial Department is published for general information:—

CIVIL LEAVE CODE.

Page 198.

Section 157, Rule 2.

Insert the words "for reasons stated" between "may allow" in Proviso V and after "may" in Proviso VI, respectively.

No. 2582.—Mr. J. G. Combes is appointed to officiate as Presidency Post Master, Madras, during the absence on furlough of Mr. M. Percy, or until further orders. Mr. Combes received charge of the appointment before noon on the 19th June 1882.

D. M. BARBOUR,
Offg. Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 21st July, 1882.

APPOINTMENTS.

No. 392.—PERSONAL STAFF—

The following appointment has been made on the personal staff of Major-General Sir H. T. Macpherson, K.C.B., V.C., Bengal S. C., Commanding Allahabad Division:—

STEPHEN JACOB,
Offg. Under-Secy. to the Govt. of India.

No. 2662.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read again—

Resolution in the Department of Finance and Commerce, No. 2679, dated 31st August 1878, laying down rules to regulate the powers of Local Governments to sanction special additions to salaries which are not authorised by any general or special orders of the Government of India.

Letter in the Department of Finance and Commerce to the Accountant General, Bombay, No. 3377, dated 4th October 1881, stating, in reply to an enquiry by the Accountant General, that the sanction of the Government of India was requisite to the grant of additional remuneration to a public officer, in the shape of a local allowance, for the performance of duties alien from those of his proper office, whether such allowance was payable from Imperial or Provincial Revenues, and whatever the emoluments of the officer might be.

Letter in the Department of Finance and Commerce, to the Government of Bombay, No. 2303, dated 31st December 1881, stating that the orders in the letter to the Accountant General, Bombay, No. 3377, dated 4th October 1881, were not intended to interfere with the combination of two or more sanctioned offices in one officer in cases in which allowances for such combination were regulated in accordance with rules in Chapter VII of the Pay and Acting Allowance Code.

Read—

Letter from the Government of Bombay, No. 2128, dated 9th June 1882, referring for orders certain questions which have been raised by the Accountant General, Bombay, in connection with the above-mentioned orders of the 4th October and 31st December 1881.

RESOLUTION.—His Excellency the Governor General in Council has considered it necessary to lay down the following rules regarding the powers of Local Governments in sanctioning the appointment of one officer to hold two or more appointments at the same time, and the grant of allowances in such cases. The orders of the 4th October and 31st December 1881, read in the preamble, are hereby withdrawn :—

(1) A Local Government may grant a local allowance to an officer paid from Provincial Revenues, provided the officer's total emoluments, including the local allowance, do not exceed Rs. 250 a month.

(2) A Local Government cannot, without the previous sanction of the Government of India, appoint an officer to hold two appointments as a permanent arrangement, unless the pay of the appointments is a Provincial charge, and unless their aggregate pay does not exceed Rs. 250 a month. A Local Government may, as a temporary measure, appoint one officer to two or more appointments without the sanction of the Government of India, and in such case the emoluments of the officer will be regulated by the Rules in Chapter VII of the Pay and Acting Allowance Code.

(3) If a local allowance is sanctioned by the Government of India on the understanding that it shall be drawn by any officer who may perform the duties for which it is granted, the sanction of the Government of India will not be required a second time in the case of any particular officer to whom the Local Government may assign the duties.

2. The foregoing rules shall not have retrospective effect in respect of allowances now drawn, or appointments already made, so far as regards present incumbents; but they must be strictly applied in the future whenever there is a change of incumbents, and the sanction of the Government of India should be obtained in every future case in which it may be necessary to do so under the rules now prescribed.

ORDERED, that this Resolution be published in the *Gazette of India*, and that it be communicated to—

The several Departments of the Government of India.
The several Local Governments.
The Director General of the Post Office of India.
The Comptroller General and all Accountants General.

The 28th July 1882.

No. 2680.—Whereas under the terms of Notification in the Department of Finance, No. 3646, dated 13th November 1880, the Municipality of Madras have paid to the Collector of Stamps, Madras, Rs. 1,750 as composition for the stamp duty chargeable on a sum of Rs. 3,50,000 which the said Municipality were authorised to borrow, and which have been raised by the issue of the undermentioned debentures, dated the 15th day of March 1882, *viz.*,—

Nos.	01/001	to	90/090	at Rs. 500	each.
,,	01/091	,,	55/145	,, 1,000	,,
,,	01/146	,,	40/185	,, 2,500	,,
,,	01/186	,,	30/215	,, 5,000	,,

In exercise of the powers conferred by Section 8 of the Indian Stamp Act, 1879, the Governor General in Council has exempted the abovementioned debentures from any stamp duty with which they might otherwise be chargeable, whether on issue, renewal, or sub-division.

No. 2686.—Furlough out of India for one year having been granted to Mr. W. H. Dobbie, Assistant Comptroller General, Mr. Dobbie availed himself of the leave after noon on the 20th July 1882.

No. 2715.—The following Declaration between the British and Russian Governments, signed at London on the 9th of June 1882, on the subject of tonnage measurement of vessels, is published for general information :—

The English system of tonnage measurement (Moorsom's system) being henceforward in force as well in the Empire of Russia and the Grand Duchy of Finland as in the United Kingdom of Great Britain and Ireland, and in the British Colonies, the Government of Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, and the Government of His Majesty the Emperor of All the Russias, have agreed to the following Declaration :—

1. Russian and Finland vessels measured according to the abovementioned system shall be admitted into the ports of the United Kingdom and its Colonies; and British vessels measured according to the same system shall be admitted into the ports of Russia or Finland, without being subjected, for the purpose of payment of navigation dues, to any fresh operation of measurement.

The navigation dues above mentioned shall be calculated on the net tonnage.

2. The Finland and English Regulations respecting tonnage measurement being substantially the same, English certificates of tonnage measurement shall in the Grand Duchy of Finland, and Finland certificates of tonnage measurement, taken out after the 31st May 1877, shall, in the United Kingdom and its Colonies, be recognised, without any operation of measurement or other formality whatsoever; and the net tonnage of all British or Finland ships inscribed on the ship's papers shall be considered in the respective ports of each country as equivalent to the net register tonnage of national vessels.

3. English certificates of tonnage measurement shall in Russia, and Russian certificates of tonnage measurement, taken out after the 20th December 1879 / 1st January 1880, shall, in the United Kingdom and its Colonies, be likewise reciprocally recognised in the ports of each country without any operation of measurement.

As, however, the provisions of the Russian Regulation do not entirely correspond to the English Regulations relative to the mode to be followed in the determination of crew spaces in ships, and machine and coal spaces in steamers, the deductions in respect of these shall, for English vessels in Russian ports, be calculated according to the figures shown in the certificates of tonnage measurement, in conformity with the Regulation sanctioned the 20th December 1879 / 1st January 1880, without remeasurement of the vessel.

This measure shall be applicable in British ports to Russian vessels touching there, if the captains of the said vessels shall express a desire to that effect; and, in such case, the provisions of the Merchant Shipping Act of the 10th August 1854 shall be complied with.

4. The abovementioned arrangements shall apply also to vessels propelled by any other artificial power than steam.

The present Declaration shall come into operation on the 1st / 13th July 1882, and shall remain in force so long as one of the Contracting Parties shall not have notified to the other six months in advance its intention of terminating it.

In witness whereof the undersigned, duly authorised for this purpose, have signed the present Declaration, and have affixed thereto the seal of their arms.

Done, in duplicate, at London, the 28th day of May / 9th day of June 1882.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read—

Note by Mr. T. C. Hope, Secretary to the Government of India in the Department of Finance and Commerce, on the Iron Industry in India.

Despatch to Her Majesty's Secretary of State for India, No. 175, dated 1st July 1881, recommending the purchase of the Bengal Iron Works.

Despatch from Her Majesty's Secretary of State for India, No. 40, dated 25th August 1881, sanctioning the purchase.

Report on the Bengal Iron Works, by Ritter C. von Schwarz, dated 26th October 1881.

Telegram from the Government of Bengal in the Public Works Department, dated 5th April 1882, reporting conclusion of negotiations for purchase.

Letter to the Government of Bengal, Public Works Department, No. 494, dated 19th April, regarding temporary charge of the works, and calling for report on condition and utilisation of works.

Letter from the Government of Bengal, No. 2343E., dated 14th July 1882, furnishing reports by Ritter C. von Schwarz, with Memorandum by the Chief Engineer.

RESOLUTION.—The Government of India have, for some time past, had under special consideration the importance of developing the iron industry in India. The advantages which such development would afford to both the State and the public,—by cheapening the cost of railway construction and maintenance, and of works for improving the water-supply; by substituting metal for more perishable materials in buildings; by reducing the home charges and their concomitant loss by exchange; by creating for the population non-agricultural employment; and by increasing the means for profitable investment of capital,—are too well known to require lengthened exposition.

2. Regarding the capabilities of the Indian iron measures to fulfil all that is required of them, no doubt can reasonably be entertained. Moreover, they lie, for the most part, in convenient proximity to either ample supplies of coal or forests available for use in the preparation of the ore. In Assam,

Kuch Behar, Burma, and the Kumaon ranges the prospects are promising to a greater or less extent. In Lower Bengal, the Raniganj district, Sonthalia, and Chutia Nagpur; in the Central Provinces, Sambalpur and Chanda; in Central India, the ranges near Gwalior; and in the Punjab, numerous localities, are found to be specially endowed with all the requisites for successful production. In quality the ores are mostly found to be extremely pure; and where the proportion of phosphorous and other impurities is large, recently invented processes have removed all obstacle to their successful elimination.

3. Under the circumstances above described, it may be accepted as proved that India possesses the means of supplying all her wants in respect of cast iron, wrought iron and steel, and that such supply could be produced remuneratively on a strictly commercial basis. The establishment of iron works to be owned and worked by the State is open to grave objections, both economic and practical, and being likewise unnecessary, need not be discussed at length. Nothing appears to be necessary in order to attract private enterprise to so eligible an opening except the collection and diffusion of sufficient information, and the grant of such facilities as the State may legitimately and reasonably afford to a young and growing industry.

4. Private enterprise in this matter, however, must evidently be on a large scale, and not confined to one locality alone. The distances in India are so great, and the railway system now so extended, that the cost of conveying material to the spot where it is needed is an important factor in every calculation. It has been proved that, unless mills were established in four different localities, the cost of sending old rails and tyres to be worked up afresh would exceed that of obtaining new ones from England. A similar conclusion has been formed as to the gain by substituting iron sleepers for wooden ones. Raniganj, the Punjab, and the Central Provinces appear to be the localities in all of which extensive operations would be necessary in order to meet early necessities of the case. Whether these localities should be occupied by different Companies or by one is a matter of detail, but the aggregate capital required would obviously be large. The amount required might perhaps be beyond the local resources of the Calcutta or Bombay money market, and the investment uncongenial to those in Europe with whom those markets are connected in their ordinary mercantile transactions. England must likewise be looked to, and those capitalists in England whose knowledge and resources are specially directed to the iron industry.

5. Towards the development of the industry in the Raniganj district, the attention of the Government has in the first instance been directed, in consequence of the fact that a private Company was established a few years ago near Barrakur, but after a short time fell into difficulties from causes which need not be related, and was obliged to suspend operations. After carefully investigating the causes of failure, the Government of India came to the conclusion that the only way in which the works could be, at any early date, placed in the hands of experienced persons having an adequate command of capital, was by an intermediate purchase on the part of the State.

6. The "Bengal Iron Works" have consequently been purchased for the sum of Rs. 4,30,761. His Excellency the Governor General in Council is now pleased to announce that they will be retransferred for that sum, together with any further indispensable outlay, to any parties who may establish satisfactorily that they are in the possession of sufficient skill and resources, and *bonâ fide* prepared to carry on the manufacture of iron and steel upon a scale commensurate to the probable needs of that portion of British India which is within reasonable distance of the works. His Excellency in Council will further be prepared to enter into an engagement, if so desired, to take annually for ten years, at fixed prices to be previously agreed upon, not less than a certain weight of the Company's manufactures. This weight will be determined with reference to the average requirements of the Government for railways and other public works in the territory to the north and east of the East Indian Railway from Calcutta to Mogul Serai. With a view to facilitate the formation of a judgment on the prospects of the enterprise, the reports by Ritter C. von Schwarz, which are specified in the heading to this Resolution, will be made public, and further explanations or information will, as far as practicable, be

afforded; but it must be distinctly understood that the Government decline to be responsible for the accuracy of any calculations or estimates so put forward.

7. In order to ascertain more fully the capabilities of the Chanda district of the Central Provinces, Ritter C. von Schwarz was some months ago deputed to the locality, and has submitted a very full and able report, which is also now made public, under a similar reservation. The Government of India are now engaged in ascertaining the probable demand for iron and steel within a suitable radius of Chanda, and in comparing the merits of that locality with those of others in the Central Provinces. Any information which may become available will be published in due course. Similar investigations will be pursued in the Punjab and other parts of India, as circumstances may permit.

8. In view of the importance of fully developing at the earliest possible date the resources of India in coal and iron, and of the necessity of unity and vigour of action to this end, His Excellency the Governor General in Council is pleased to direct that the Department of Public Works of the Government of India shall be the initiating Department in relation to the utilisation of these minerals, subject to the customary general control of the Department of Finance and Commerce in matters of contract and expenditure, and to the usual consultation of the Revenue or Political Department on any matters in which they may be respectively concerned. Those Departments, on the other hand, as also all Local Governments and Administrations, should, by the collection of information or otherwise, co-operate with the Department of Public Works towards the attainment of the end in view.

ORDERED, that this Resolution be communicated to all Local Governments and Administrations, and to the Public Works, Revenue and Agricultural, and the Political Departments of the Government of India; and that it be published, together with the reports of Ritter C. von Schwarz, in the *Gazette of India*.

Report on the reopening of the Bengal Iron Works for the production of 80 tons castings per 24 hours.

When, in 1875, the Bengal Iron Works Company first opened, English pig iron was selling in Calcutta at Rs. 60 per ton, whilst the cost of production of the pig iron made at the Company's Works was Rs. 65. Within two years this was reduced to Rs. 40, but meanwhile, or at least by 1878, English pig iron was quoted in Calcutta at Rs. 29 per ton. The Company being unable to further force down the cost price of their pig iron, the failure of the undertaking became manifest, and resulted in the closing of the Works in 1879. At this present time English pig iron of the quality which used to be produced at the Bengal Iron Works is selling in Calcutta at Rs. 35 per ton; therefore still Rs. 5 below the cost price arrived at by the Company.

As since the closing of the Works the prices of the raw materials (iron ores, coal and limestone) have not fallen, and as, on the other hand, the cost of labour has risen, the success of the reopening of the Bengal Iron Works depends on decreasing the cost of production through improved arrangements in some directions and a simplification of working procedure in others. To arrive at the desired result the following measures are proposed :—

1.—The substitution of certain machinery for certain manual labour formerly employed, and the introduction of certain simplified yet improved methods of working, both having for their object a saving of material and cost of labour.

2.—Arrangements for increasing the capabilities of the Works for the quantity of production by means of which, in an indirect way, the cost of labour, of management, wear and tear, &c., is diminished as the expenses on these are distributed over a larger amount of produce.

3.—Arrangements for utilizing the collateral produce of the Works.

In the following pages the proposed improvements will be treated of, namely, what they consist, and how in the present case they can be introduced expeditiously, cheaply and effectively.

It is evident that, in the main, the present arrangements will be maintained as much as possible, and that our task will consist more in completing these than in carrying out essential alterations.

I.—Alterations in the blast furnaces.

1. The height of each blast furnace and their hoist is to be increased by 6 feet, *viz.*, making their total height from bottom to top 61 instead of 55 feet, and the inner diameter of the furnace hearth to be increased from 5 feet to 6 feet.

2. The total square section of the nozzles should be raised from 20 to 35 square inches, the wind pressure from 5 to 8 inches mercury, and the number of the twyers should be doubled, *viz.*, the 3, as at present, should be increased to 6.

These alterations will increase the productive capacity of the furnaces which in general depends on the dimensions of the furnaces.

Next to the dimensions of the furnace it is the square section of the nozzles, the wind pressure, and the temperature of the same which, when raised, increase the productive capacity of the blast furnace; nevertheless these must remain in a certain ratio to one another, and must be kept within certain limits dependent on the inner dimensions of the furnace.

The doubling of the twyers has for its object a more effective distribution of the wind, which becomes more necessary as the square section of the furnace, before the twyers, is to be enlarged.

3. The water twyers should be made of bronze instead of cast iron (as at present), water boxes for cooling the hearth should be introduced, the angle of inclination of the boshes should be enlarged to 80°, and the inner form of the furnaces rounded off, so as to avoid all sharp angles and sudden transitions in order to secure a uniform descent of the melting column, and to avoid a derangement of function through a blocking up of the melting column.

It may be mentioned here that the blast furnace No. 1 of the Bengal Iron Works, although its inner dimensions had been theoretically correctly chosen, was within scarcely two years so much burned away inside, and got so much out of shape, that it had to be laid cold, which drawback was caused by nothing else than the sharp transitions between shaft and boshes, the steep angle of inclination of the boshes, and the total absence of water cooling of the hearth.

Blast furnaces of a correct inner form should work at least from 8 to 10 years without any appreciable interruption.

The object of using bronze instead of cast iron for the water twyers is to achieve greater durability of the same, which, as experience has shown, is in this case of special importance, as through faulty twyers water enters the blast furnace, which, it is well known, deranges its function, and may even cause dangerous explosions.

Besides, the bronze twyers, when used up, have still the value of their metal, whilst old cast iron twyers are of little value as material.

4. It is further recommended to introduce, in connection with the blast furnaces, Leirmann's arrangement for drawing off the slags, instead of the obsolete system employed in the Bengal Iron Works to allow the slags to flow over the dam plate by means of the cinder notch. It would lead me too far to set forth all the advantages of this system; a full description of it may be seen in the technical works of Dr. John Percy, Dr. Wedding and others. Suffice it to say that this system may be seen already in use in most blast furnaces of England, Germany and America.

5. The adoption is recommended of "Parry's cup and cone" for the furnace top and of all other arrangements for collecting, cleaning and conducting the blast furnace gases to the hot blast ovens and steam-boilers. "Parry's cup and cone" serves for closing the furnace top for the purpose of drawing off the gases, and at the same time also to facilitate an uniform and correct serving of the blast furnace with the raw materials, namely, iron ore, coke and limestone.

The apparatus combines simplicity with usefulness, and has also the advantage over all other apparatus of the same kind, that it renders possible so to serve the blast furnace that the workmen are in no way oppressed either by heat, dust, or by the poisonous gases always given off by the blast furnace when under serving.

Parry's cup and cone was first applied to a blast furnace at Ebbev Vale in South Wales, and has thence successfully spread to England, Germany and America.

In connection with Parry's cup and cone an arrangement is proposed for leading off and cleansing the blast furnace gases from dust, consisting of sheet iron pipes, in which at the bends dusting chambers are inserted.

The action of the dusting chambers is to suddenly increase the section of the gas conduit, whereby the velocity of the gases is reduced and the opportunity is given to the impurities to settle or precipitate themselves.

The most suitable form of this arrangement is the so-called "S apparatus." It is made of sheet-iron rivetted so as to be air-tight.

The bottom in one part does not join the sides (*vide* sketch in the margin), but is bent in a slanting form, so that a connection exists between the inner space and the outside air in the manner of the communicating tube.

The lower part of the apparatus is filled with water, which serves as a separation between the gas and the atmosphere. The here precipitated dust of the gases may from time to time be removed with a shovel through the opening C.

The water serves at the same time as a safety valve, as, in case of too high a pressure in the gas pipe, it is forced out.

This cleansing apparatus has been successfully applied to all the new blast furnaces in the east of France, and has already been copied in Germany, England and Austria.

The apparatus for burning the gases have to be applied separately to each furnace and each boiler.

Their arrangement aims chiefly at mixing thoroughly the furnace gases with the air necessary for burning them, and to conduct this mixture over a lighting fire, in order that the gases may be kept constantly burning, and the danger of their being extinguished be prevented, as in this case an explosive mixture of air and gases would be evolved.

Blast furnace gases consist chiefly of carbonic oxygen gas (C.O.) (*vide* "Report on the Bengal Iron Works," page 2), which, to reach the desired effect, has to be completely burnt to carbonic acid (C.O. 2).

An arrangement answering the foregoing requirements may be seen in several new iron-works in England and Germany. It was first introduced in Neustads in Hanover, and is constructed on a principle of Faher du Faur.

6. It is also recommended to connect with each blast furnace a reserve apparatus for heating the wind (*vide* "Report on the Bengal Iron Works, page 3").

7. It is further advised to introduce apparatus for utilizing the blast furnace slags in the fabrication of cement, artificial stones and "slag wool." (For particulars on this subject please see "Report on the Bengal Iron Works," page 2.)

II.—Apparatus required for preparing the raw materials.

1. Three ore crushers for the mechanical breaking up of the iron ore and limestone. (For particulars please see "Report on the Bengal Iron Works," pages 2 and 3.)

(2) Belgian cake ovens with a coal-washing apparatus.

The Burrakur coal has the following chemical composition :—

Fixed carbon	...	65 per cent.
Carbon combined on hydrogen	...	6·60 ,,
Hydrogen	...	4·94 ,,
Oxygen and nitrogen	...	9·32 ,,
Sulphur	...	0·44 ,,
Moisture	...	3·65 ,,
Ashes	...	10·05 ,,

This coal with so high component parts of carbon and hydrogen, although its percentage of ashes is rather high, must be considered as well suitable for metallurgical purposes.

The coke made of this coal at the local coal mines has 16 to 18 per cent. of ashes, and sells at more than double the price of the coal from which it is made.

Although the contents of fixed carbon in this coal is 65 per cent., and that of ashes 10·05 per cent. (therefore the percentage of unvolatile matter is about 75), the coke produced from it is only 50 per cent.; this shortcoming being due not to the quality of the coal, but to the primitive arrangement for making the coke. The arrangement consists in open kilns where the access of atmospheric air is not to be despised; but, on the other hand, under such conditions a considerable portion of the fixed carbon, the most valuable component of the coal in regard to the production of coke, is driven off along with other volatile substances as carbonic oxygen gas (C.O.); the outturn of coke is therefore poor, and the quantity of ashes considerably increased. It may here be observed that a large proportion of ashes in coke reduces its value very much, for purposes of its use in the blast furnace: ashes consist chiefly of silicic acid (Si. O.2) which, being almost infusible, requires a larger addition of limestone to melt it, and as a matter of course occasions a greater consumption of fuel. Besides, with coke rich in ashes a smaller quantity of carbon is distributed through a larger volume of matter, whereby the pyrometric effect of every description of fuel is diminished. In the Bengal Iron Works the production of one ton pig iron used to require the consumption of 36 cwt. of coke and 32 cwt. of limestone—a very unfavourable condition of working; it will therefore be necessary to introduce a more favourable system of coke-making, namely, first to wash the coal, that is, to free it as much as possible from the substances producing the ashes, and then to "distil" it in closed furnaces.

For the treatment of coal in making coke the Belgian coke furnaces (system François and Rexroth) would give in one case the best results.

These furnaces yield 95 per cent. of the non-volatile components of the coal, and they are particularly suitable for India on climatic grounds, as the coke is removed from the furnace by a machine, by which the workmen are spared the enormous radiating heat. There is also a saving of coke through the quickness of the operation of removing it, as under a slow process some of it is lost by combustion.

These coke furnaces require no special firing; they heat themselves with their own gases, which are led in channels around them, and having done their duty to the furnaces, they are collected into a common channel, say for 25 furnaces one, and are then utilized for heating steam boilers.

With this system of furnaces the Burrakur coal may be made to yield coke containing from 6 to 8 per cent. ashes only instead of 16 to 18 per cent. as now, which would raise its value as a fuel for the blast furnace by 20 per cent., and the consumption of coke per ton of pig iron would be reduced from 36 to 28 cwt.

It should also be mentioned that the refuse of coal in the washing basins, a sort of coal mud, may be utilized for heating the drying furnaces in the foundry and for other subordinate heating purposes. (Please see "Report on the Bengal Iron Works," page 3, drying furnaces.)

III.—Blowing engine.

1. It is recommended that a second blowing engine of the capacity of the present be acquired. The amount of wind which must be forced into a blast furnace depends on the quantity of coke which is burnt in it in a given time, and upon the percentage of carbon in this coke.

It must here be remembered that the whole of the carbon in the coke must be reduced to carbonic acid (C.O. 2) to produce the desired effect in the blast furnace.

The present blowing engine may be estimated at a maximum effect of 5,980 cubic feet air per minute, but this is only half the requirement, which can be shown to be 11,344 cubic feet per minute; therefore, if the two blast furnaces are to turn out 80 tons of pig iron per 24 hours, a second blowing engine of the same effect as the present one is required. The calculations to the above will be found in Appendix No. 1 (page 31).

2. The steam boiler establishment belonging to the blowing engines also will have to be proportionally increased to 440 horse-power, as the present one is only sufficient to yield 100 horse-power. For calculations please see Appendix No. 2 (page 33).

It must be mentioned here that the Bengal Iron Works Company never worked the two blast furnaces at the same time, which is chiefly due to the insufficiency of their boiler establishment being only able to furnish the motive power for the production of 20 tons of pig iron per 24 hours, although the blowing engine, blast furnaces, and hoist, chimney, &c., are corresponding to 40 tons production per 24 hours.

3. With the employment of a second blowing engine the dimensions of the blast conduit and regulator of blast will have also to be proportionally enlarged.

IV.—Storeyard for iron ore, limestone and fuel.

To keep up a sufficient stock of the raw materials in a proper way a better arrangement for their deposit is required. How this is to be managed may be seen from the annexed plan No. 1 (*vide* mixing plans and filling bank).

Under the circumstances before us a large stock of the raw materials is not required, as they are to be had in the immediate neighbourhood of the iron works, and there is no fear of interruption in their regular delivery. Without regard to the dead capital lying on large stores, there is a difficulty in controlling them; they take up a large space, and cause other inconveniences.

As regards iron ores and limestone, a store for three months is ample. Of coal not more than a monthly store should be kept, as coal loses through long exposure to the air greatly in its value in consequence of the evaporation of the valuable carburetted hydrogen gases, especially during the dry season.

V.—Alterations on the foundries.

1. It has already been pointed out in my "Report on the Bengal Iron Works" (page 3) that the casting direct from the blast furnace, namely, without remelting the pig-iron in the cupola furnace, is recommended.

To attain this it is advisable to remove the standing Foundry No. 1 close to the blast furnaces (*vide* plan No. 1). This can be easily done, as the foundry shop mentioned only consists of a roof of corrugated sheet iron, supported by pillars and rolled beams. Most of the pillars are of wood, and should be replaced by cast iron pillars. As, however, the foundry shop No. 1 alone would not be sufficiently large for the production of 80 tons sleepers per day, and the foundry No. II being built of stone cannot be removed, the enlargement of foundry No. I and the erection of a new one (*vide* plan No. I) will become necessary.

2. The foundry shop No. II can be especially arranged for making pipes; the necessary alterations in the drying furnaces and the other arrangement for casting and tiering pipes have already been treated off in my "Report on the Bengal Iron Works" (pages 3 and 4).

3. The cupola furnaces attached to the foundry remain as a reserve in order to remelt the pig iron produced from the blast furnaces on Sundays and holidays (as the working of the blast furnaces cannot be stopped on such days), and to utilise the scraps of the foundries.

A slight alteration in their construction is recommended according to a principle invented by Fauler in Freyburg (Bavaria); to explain this invention in detail would lead too far, suffice it to say (*a*) that it has proved practicable since the last 5 years; (*b*) that its virtues lie in the saving of 15 per cent. of fuel; and (*c*) that it can be cheaply introduced in the present arrangement of the cupola furnaces.

4. It is further recommended to use moulding machines for making sleepers.

These machines serve to lift the pattern out of the sand *strictly vertical*, which can never be correctly accomplished by hand, in consequence of which much labour and time is lost in repairing the mould.

These machines are especially adapted where many castings of *one* pattern are required, which is therefore suitable in our case.

5. The introduction of an apparatus to gain the "wash iron" out of the used sand of the foundry and the pig bed shed of the blast furnaces is advised.

This apparatus is an inexpensive arrangement, by which the greater part of the spilled cast iron can be regained; it renders 2 per cent. of the production of castings, namely, about 1½ tons "wash iron" per diem.

VI.—Alteration in the chief water-supply.

In consequence of the proposed enlargement of the foundry and the blast furnaces, the cooling apparatus for the latter, and the erection of coke furnaces, &c., the present arrangement for water-supply will not be sufficient. Besides this, the present way of supplying water is so complicated a one that it can bear being simplified by this opportunity. It consists now in pumping out the water from the Barakar river by means of a large pumping engine erected on its banks, and leading it through cast-iron pipes of 10-inch diameter for a distance of about 1¾ miles to a tank near the iron works; from there the water is pumped up to a height of about 10 feet into a second smaller tank, from whence it is led by means of pipes to wells situated near the blast furnaces and the foundries; here it is pumped for the *third* and last time into the highwater reservoirs, from whence at length it is led to its destination. To avoid this roundabout way it is recommended to erect a highwater reservoir, for about 15,000 cubic feet contents, on the border of the large tank, and to lead it from thence directly to its destination.

As the required quantity of water is rather large, and the difference between the water levels of the tank (from where the water is to be pumped *out*) and the highwater reservoir (where it is to be pumped *in*) will be not more than about 30 feet, *centrifugal pumps* are recommended.

VII.—Buildings and out-houses.

1. The greater part of the out-houses belonging to the works were built of mud walls with thatched roofs, and are now in a tumble-down condition, leaving only the stones lying about, which will do for rebuilding them.

2. For native workmen it is recommended to make a bathing tank, which can be easily done by enlarging the present one.

3. The erection of huts for about 600 coolies is also advised.

4. A boundary wall round the works should also be erected in a substantial way so that it answers the purpose. Although it is rather expensive, most of the iron works are provided with one, as the damage caused by running away of workmen, unbidden visitors, and stealing, justifies the greater expense of a wall.

This wall must be about 7½ feet high, and must be provided with sharp objects (the simplest ones being blast furnace slags) built in on the top in order to prevent the scaling of the wall.

VIII.—European workmen.

With regard to European workmen for iron working in general, I refer to the "labour question" treated of in my Report on Chanda (page 10).

To start the works, in order to produce 80 tons castings per 24 hours, the following European working have to be brought out from Europe:—

(1) One blast furnace foreman.
(2) Four first men for the blast furnaces.
(3) Four second men for ditto.
(4) Four third men for ditto.
(5) Two workmen for the coke furnaces.

IX.—Amount of production.

The cast-iron parts for one sleeper (broad-gauge railway) weigh, including jaws, about 188lbs.; the sleepers lie at a distance of one yard, centre to centre from each other; this gives a consumption of 148 tons of cast iron per running mile railway.

Therefore, with the proposed arrangements (which allow the production of about 80 tons of sleepers per 24 hours) it would be possible to yield the requirement of *sleepers for about half a mile of railway per day.*

Approximate estimate

for the improvements and repairs of the Bengal Iron Works for the production of 80 tons of cast-iron sleepers and other castings per 24 hours (*vide* plan No. 1).

I.—Furnaces and Machinery.

(*a*)—*For the blast furnaces*—

	Rs.
3 ore-crushers	7,200
Derrick and steam engine for the same	2,500
Raising of the blast furnaces and their hoist by 6 feet and repairs on the casing of the furnaces	14,000

	Rs.
"Parry's cap and cone" on each blast furnace	2,500
Twyers, nozzles, water-boxes, damplates, and other cast and wrought-iron parts for the furnaces	3,500
Apparatus for catching, purifying and distributing the blast furnace gases to hot blast ovens and steam boilers	25,000
New inside lining for the two blast furnaces	3,500
Two new hot blast ovens	8,000
Ten new steam boilers ... ... Rs. 45,000 } ...	60,000
Masonry mountings ... ... " 15,000 }	
Repairs on the standing steam boilers and hot blast ovens	7,000
Increasing of the wind conduit, regulator of blast, steam and water-pipes, &c.	10,000
One new blowing engine with two water-pumps, including foundations	40,000
Cinder and ore tubs, scales, tools, &c.	14,000
Apparatus for the gaining of "wash iron"	3,000
(b)—For the coke furnace—	
Coal-washing apparatus, including steam engine, washing basins, &c.	35,000
50 Belgian coke furnaces for the production of 120 tons coke per 24 hours, including steam engine, tools, &c.	72,000
(c)—For the foundries—	
15 moulding machines for cast-iron sleepers	15,000
Changes on the cupola furnaces, and providing them with water-cask elevators	2,500
Alteration in the arrangement for casting and tiering pipes	7,500
Moulding boxes, patterns, ladles, tools, &c.	10,000
About 2,000 running feet small railway, including turntables	4,500
Repairs on the standing machinery and shifting of the principal railway	4,000
(d)—For the water-supply—	
One highwater reservoir on the banks of the water tank for 15,000 cubic feet contents	8,000
Two centrifugal pumps, including steam engine transmissions and fittings of the reservoir	4,500
II.—Buildings and Earthworks.	
(a)—For the blast furnaces—	
Ore-crush house	5,000
New mixing place and filling banks	18,000
One blowing-engine house	7,500
One new chimney 120 feet high	4,000
Repairs on the standing chimney and providing it with iron anchorage	1,000
Two slag wool houses	1,000
(b)—Coke furnaces—	
Building and chimney for the coal-washing machinery	7,500
(c)—For the foundries—	
Transport and increase of the standing foundry shop No. 1 and replacement of the wooden by cast-iron pillars	9,400
Erection of a new foundry hall close to the blast furnaces	24,600
(d)—Out-houses—	
Repairs on the standing out-houses and furniture for office and dwelling houses for European workmen	15,000
One large bathing tank for Native workmen	2,000
Native huts for about 600 coolies	6,000
Boundary wall	8,000
III.—Working Capital.	
Amount invested in stores	70,000
Reserve funds	1,00,000
IV, Engagement and bringing out of 16 Europeans...	8,000
Total Rs.	6,50,200

Recapitulation.

Cost of Furnaces and Machinery	3,63,200
" of Buildings and Earthwork	1,09,000
Working Capital	1,70,000
Engagement and bringing out of 16 European workmen	8,000
Total Rs.	6,50,200

APPROXIMATE COST OF PRODUCTION.

1—Cost of one ton grey pig iron.

1·95 tons iron ore at 12 annas per ton	1·46
1·90 " coke at Rs. 8 per ton	11·20
1·10 " limestone at Rs. 4 per ton	4·40
Wages	3·34
Management, wear and tear, &c.	7·60
Total Rs.	28·00

2—*Cost of one ton cast-iron sleepers, cast directly from the blast furnace.*

1·05 tons grey pig iron at Rs. 28	...	...	...	Rs.	29·40
0·40 „ coal for heating boilers at Rs. 2½	...	...	...	„	1·00
Wages	...	...	...	„	12·60
Management, wear and tear, &c. ...	...	...	...	„	4·00
			Total Rs.		47·00

3—*Cost of one ton cast-iron pipes cast from the cupola furnaces.*

1·08 grey pig iron at Rs. 28	...	...	...	Rs.	30·24
0·40 tons coal at Rs. 2·5	...	...	...	„	1·00
0·10 „ coke at Rs. 8	...	...	...	„	0·80
Wages	...	...	...	„	16·46
Management, wear and tear, &c. ...	...	...	...	„	5·50
			Total Rs.		54·00

REMARKS.—In the calculation of the costs of production, the *actual* expenses are only taken into account *excluding* interest of capital invested in one iron work.

2. The prices are given in rupees, per ton, at the works.

Comparative statement showing the difference of prices of cast iron goods in different Railway Stations.

NAMES OF STATIONS.	CAST-IRON RAILWAY SLEEPERS.			CAST IRON PIPES.		
	English prices.	Our cost prices.	Difference in our favour.	English prices.	Our cost prices.	Difference in our favour.
Howrah ...	59·0	53·7	5·3	80·0	60·7	19·3
Barakar ...	65·7	47·0	18·7	86·7	54·0	32·7
Dinapore ...	75·7	57·0	18·7	96·7	64·0	32·7
Agra	98·0	80·0	18·0	117·0	87·0	30·0
Gwalior	107·0	89·0	18·0	126·0	96·0	30·0
Lahore	117·0	99·5	18·0	136·5	106·5	30·0
Mooltan	127·0	109·0	18·0	146·0	116·0	30·0

REMARKS.—The prices are given in rupees per ton, including freight; the latter is calculated at the rates for first class railway goods.

Appendices.

Appendix No. 1. The quantity of air required per minute is calculated by the equation.

$$Q = 1{\cdot}1\ A.\ P. \quad \text{No. 1.}$$

where Q is the quantity of air in cubic feet to be introduced in the blast furnaces per minute;
A is the consumption of coke per 24 hours expressed in tons;
P is the proportion of carbon in the coke.

If, as proposed, Belgian furnaces with washing apparatus will be used for the manufacture of coke from the Barakar coal, the proportion of carbon in the coke will be $P = 92$, and the consumption of coke per 24 hours will be $A = 112$ tons, the outturn of pig iron with this fuel by the two blast furnaces being assumed at 80 tons per 24 hours.

By substituting these values in equation No. 1 we get $Q = 1{\cdot}1 \times 112 \times 92 = 11{\cdot}344$ *cubic feet of air* required per minute for both blast furnaces together.

The effect of the present blowing engine in the Bengal Iron Works is calculated by the equation:

$$V = \alpha\ f.\ v.\ n. \quad \text{No. 2.}$$

where V is the quantity of air in cubic feet which can be delivered by the blowing engine per minute;

f the inner section of each cylinder in square feet: in the present instance $f = 23$;

v the speed of the piston in feet per minute, the maximum in the present instance being assumed at 200.

n, the number of cylinders: in the present instance $n = 2$; and

α, the working effect of the blowing engine inclusive wind conduit, which may be assumed to be in this case 0·65, namely 35 per cent. of the theoretical effect being lost through leakage in the wind conductors, especially in the hot blast ovens.

Substituting these values in equation No. 2, we get the maximum effect of the present blowing engine $V = 0{\cdot}65 \times 23 \times 200 \times 2 = 5{,}980$ cubic feet per minute, that is to say, about half of what is required, which, as found before, is *11,344 cubic feet* per minute.

Appendix No II—The necessary motive power for the two blowing engines is calculated by the equation:

$$N. = \frac{1}{G\alpha} \times 0{\cdot}0015\ P.\ Q. \quad \text{No. 3.}$$

where N is the requisite number of horse powers to drive the two blowing engines;

G. the working effect of the steam engine, in our case 0·75 per cent;

α. the working effect of the blowing engines and wind conduit; as before 0·65 per cent.;

P. the pressure of the wind on the nozzles; in our case P = *4lbs.* per square inch; and

Q. the quantity of air and cubic feet per minute, as previously calculated = *11,344*

These values substituted in equation No. 3 we get.

$N. = \frac{1}{0{\cdot}75 \times 0{\cdot}65} \times 0{\cdot}0045 \times 4 \times 11{,}344 = 420{\cdot}5$ *horse power*, being the requisite motive power for the two blowing engines.

Besides the blowing engines there is required the necessary motive power for driving the hoist, and the feeding pumps for the boilers, which consume about 20 horse power; therefore altogether a steam boiler establishment of 440 horse power will be required to serve the whole machinery belonging to the blast furnaces.

The standing steam boiler establishment consists of 7" "egg-ended boilers," each of which having a total length of 28 feet and 5 feet diameter, representing a "fire surface" (the part of the boilers in contact with the fire) of 230 square feet per boiler.

Considering the construction of these boilers a "fire surface" of 16 square feet can be calculated for each horse power; therefore a real effect of about 100 *horse power* can be furnished by the seven standing boilers together $(\frac{230 \times 7}{16} = 100)$.

But as this motive power answers only for the production of 20 tons pig iron per 24 hours, the erection of a second steam boiler establishment is required to furnish the necessary effect of 440 horse power.

It must be observed that two steam boilers must be kept as a reserve in case those in use require cleaning or repairing.

BURRAKUR;
The 16th June 1882.

(Sd.) R. C. VON SCHWARZ.

The manufacture of wrought iron and steel at the Bengal Iron Works.

For the manufacture of wrought iron and steel, and especially for the production of rails, beams, girder, and ship plates, &c., on a large scale, the introduction of the *basic* Bessemer process is recommended. With this process the contents of phosphorus in the pig iron (produced from the Barakar iron ores) can be reduced from 1·36 to 0·04 per cent., and therefore a quality of wrought iron and steel produced, which is suitable for the production of steel rails, rolled beams, &c. (An analysis of the pig iron produced by the Bengal Iron Work Company is shown in my report on the Bengal Iron Works, page 3.)

The Spiegeleisen (specular cast iron) for the production of steel in the Bengal converter cannot be obtained from the Barakar iron ores on account of their impurities and their too small contents of manganese. "Spiegeleisen" has therefore to be imported.

It is of great importance in the *basic* Bessemer process to procure a suitable basic fire-proof material for the inner lining of the converter, as imperfect material for this purpose would cause costly interruption of the work by the wearing out of the lining too quickly. Besides, the making of basic fire bricks is very expensive, and the renewing or repairing of the inner lining of a Bessemer converter is a disagreeable and tedious labour, as the workmen have to suffer great heat and the work has to be done carefully and speedily.

Dolomite (magnesium limestone) has proved the best material in practice for the purpose, and such is to be found near Ramlallpur, about 7 miles south of Raneegunge, and near Purda (Lat. 22° 59′ 15″; Long. 86° 37′ 45″). Dolomite of an excellent quality also occurs in the stream beds near Darjeeling, where it is rolled down from a range of hills composed of dolomite, which occurs just beyond the British boundary in Bhootan; the same rock also occurs east of Baxa in British territory (Mem. G. S. T., Vol. XI, page 83).

The following is an analysis of this dolomite:—

Carbonate of lime (Co. O. Co2)	...	...	...	...	60·5
Ditto of magnesia (Mg. O. Co2)	...	...	...	...	39·7
					0·3
					99·5

Although this dolomite will be rather expensive to procure, it may pay to use it for the converter lining for the reasons explained. The pig iron has to be re-melted in cupola furnaces, as it is not sufficiently pure and regular for this process to be led directly in a liquid state from the blast furnaces into the converter.

Amount of Production.

It is a general rule to produce as large a quantity as possible in a rails rolling mill in order to distribute the high expenses for workmen and establishment, combined with such an undertaking over a great amount of production.

As we are not depending here on vegetable fuel but all raw materials are to be had in unlimited quantities, it is the manual aptitude and practice of the workmen serving the rolling mill and the converting department which furnishes the basis for the quantity of production. In England and America the most astonishing results in this direction have been attained; the average outturn of a *single* rails rolling mill is there 440 tons of finished rails per 24 hours, but exceptionally also 600 tons have been turned out in the same time when making "double headers" of 80 lbs. per yard.

It is very doubtful whether such results can be attained here, therefore the annexed calculations of the cost of production are, for security, based on a production of 200 tons of finished rails per 24 hours.

It must be mentioned that in a rails rolling mill also rolled beams, rolled sleepers, girder and ship plates and other rolled iron or steel goods of the stronger kind can be produced if the necessary cylinders (rollers) are provided.

To provide the necessary pig iron for the production of 200 tons of finished rails per diem, it is not advisable to use the existing blast furnace establishment, this being only constructed for a production of 40 tons per diem, for both blast furnaces, whilst about 200 tons of pig iron are wanted.

These blast furnaces should be put in thorough order for making pig iron for castings only, for which purpose they were originally built. For the production of the pig iron for the rolling mill it is recommended to erect a new blast furnace establishment consisting of two blast furnaces on the declivity of a small hill, which is at a distance of about 1,000 yards from the existing establishment. The railway siding can be prolonged up hill to a length of about 1,000 yards, rising to a maximum height of 50 feet in order to form a viaduct from which the raw materials can be thrown over for the purpose of concentrating the stock in a comparatively small space (*vide* Report on the Bengal Iron Works, page 1).

Each of these new blast furnaces can be constructed for an outturn of 100 tons of pig iron per 24 hours, giving at the same time better results than the existing blast furnaces would yield with regard to the consumption of fuel and cost of labour, management, wear and tear, &c., for well known reasons.

This establishment should be constructed in such a manner that an increase of it by a third or fourth blast furnace could be accomplished (if the requirements of the rails rolling mill should be augmented) without interfering with the original system and without disturbance to the work of the existing establishment.

The scraps of the rails yield a suitable material for the manufacture of wire as is done in Cleveland: a Bessemer establishment producing daily 200 tons of rails can in this wise turn out 20 to 25 tons of wire in the same time.

The slag of the basic Bessemer process, owing to its contents of phosphate of lime, can be used as manure, as is the practice in Germany.

The puddling and welding process.

For the production of bar-hoop and façon iron of the smaller kind the introduction of the puddling and welding process is recommended. The contents of phosphorus in the pig iron can be reduced in the puddling furnace from 1·36 to 0·25 per cent., and thus renders a material suitable for the manufacture of bar iron of the so-called "refined" quality.

The existing blast furnaces can be arranged for the outturn of about 80 tons of white pig iron per 24 hours, which would yield the necessary material for the production of about 62 tons of small bar iron, façon iron, &c. It may be mentioned that for the production of small façon iron (double T. V. iron, bridge rails, &c.) a small contents of phosphorus is necessary, in order to enable the iron to fill out the complicated shapes of the calibres of the rollers. The circumstances in our case are therefore especially adapted for this purpose.

Railways and Tramways.

As the iron ores of Burrakur are to be had in unlimited quantities in the immediate neighbourhood of the works, and as they can be obtained by simple surface digging, the erection of a tramway for their transport is not necessary;-they can be cheaper transported by carts.

Limestone occurs in Pacheet and Hansapathar, at a distance of about 8 and 10 miles from the works. For the making of 200 tons rails and 80 tons castings per diem (as proposed) about 320 tons of this limestone would be required daily. It is therefore advisable to construct a tramway for its transport.

This tramway, however, would have to cross the Damuda river, and this can be done by means of a "causeway," as a bridge over that river (at least for the present) would be too expensive.

The river can in this wise be crossed for 7½ months in the year, and a store of limestone for the remaining four and half months (during the rainy season) has to be kept at the works. The transport of coal to the works and that of finished goods from the works is managed by the East Indian Railway (Seetarampore-Burrakur Line), with which the works are connected by means of a siding.

APPROXIMATE COST OF PRODUCTION.

(1) Cost of one ton grey pig iron for the Bessemer process—

	Rs.
1·95 tons iron ore at 12 annas per ton	1·46
* 1·20 tons coke at Rs. 8 per ton	9·60
1·10 tons limestone at Rs. 4 per ton	4·40
* Wages	3·54
* Management, wear and tear, &c.	6·00
Total	25·00

(2) Cost of one ton Bessemer steel rails—

	Rs.
1·22 tons grey pig iron at Rs. 25	30·50
0·06 tons Spiegelesen iron at Rs. 120	7·20
0·12 tons coke at Rs. 8	0·96
1·20 tons coal iron at Rs. 3	3·60
0·20 tons burnt lime at Rs. 8	1·60
Wages	9·64
Management, wear and tear, &c.	9·50
Total	63·00

(3) Cost of one ton Bessemer iron rails—

	Rs.
1·28 tons grey pig iron at Rs. 25	32·00
0·12 tons coke at Rs. 8	0·96
1·20 tons coal at Rs. 3	3·60
0·25 tons burnt lime at Rs. 8	2·00
Wages	9·34
Management, wear and tear, &c.	9·10
Total	57·00

(4) Cost of one ton white pig iron for the puddling process—

	Rs.
1·95 tons iron ore at 12 annas	1·46
1·05 tons coke at Rs. 8	8·40
1·10 tons limestone at Rs. 4	4·40
Wages	3·44
Management, wear and tear, &c.	6·30
Total	24·00

(5) Cost of one ton puddled bar and façon iron—

	Rs.
1·25 tons white pig iron at Rs. 24	33·00
2·50 tons coal at Rs. 3	7·50
Wages	11·70
Management, wear and tear, &c.	12·80
Total	62·00 (?)

* The consumption of coke in a blast furnace per one ton of pig iron is smaller when the production in a given time is greater; also the expenses for wages, management, and wear and tear diminish with the increase of production.

Approximate Estimate of an iron work producing 200 tons Bessemer steel rails per diem (see plan No. III).

I.—Furnaces and machinery—

(*a*) For the blast furnaces—

	Rs.	Rs.
5 ore crushes	12,000	
2 blast furnaces, each producing 100 tons of pig iron per 24 hours, cast and wrought iron parts	1,30,000	
Masonry	30,000	
		1,60,000
1 hoist for iron ores, coke and limestone		25,000
2 blowing engines, each for 12,500 cubic feet air per minute, with two water pumps—		
Machinery	1,20,000	
Foundation	20,000	
		1,40,000
6 large hot blast ovens cast and wrought iron parts	30,000	
Masonry	10,000	
		40,000
Apparatus for catching, purifying, and cleaning the blast furnace gases and distributing them to the steam boilers and hot blast ovens ...		40,000
Regulator of blast, blast main stream, and water-pipes		25,000
Steam boilers for 1,100 horse power boilers	1,10,000	
Masonry and mounting	40,000	
		1,50,000
2 water reservoirs, each for 20,000 cubic feet contents		20,000
Cinder and ore tubs, scale, tools, &c.		20,000

(*b*) For the Bessemer and rolling mill—

3 larger cupola furnaces (system Fauler) for re-melting the pig iron, including hydraulic lift—

Cast and wrought iron parts	20,000	
Masonry	4,000	
		24,000

2 small cupola furnaces (for melting the "Spiegeleisen") including lift—

Cast and wrought iron	5,000	
Masonry	1,500	
		6,500

2 Bessemer converters, each for 6 tons contents—

Cast and wrought iron	18,000	
Masonry	4,000	
		22,000

3 drying furnaces with cranes :—

Cast and wrought iron	2,500	
Masonry	2,000	
		4,500
6 gas furnaces for re-heating the Bessemer Ingots and Blooms, including cranes, cast and wrought iron parts	30,000	
Masonry	11,000	
		41,000

1 blowing engine for the Converting Department :—

Machinery	36,000	
Foundations	6,000	
		42,000

1 hydraulic crane for 10 tons maximum weight :—

Machinery	7,500	
Masonry	2,000	
		9,500

3 hydraulic cranes for 4 tons maximum weight :—

Machinery	5,000	
Masonry	1,500	
		6,500

1 water pump with accumulator for the hydraulic machinery :—

Machinery	10,000	
Masonry	3,000	
		13,000

1 blowing mill, with 250 horse-power steam engine and 45 tons fly wheel :—

Machinery	70,000

2 water reservoirs, each for 15,000 cubic feet		15,000
2 water pumps, including steam engine		6,000
3 steam boiler feeding pumps, including steam engines		4,800
1 large scale for weighing the Bessemer blocks :—		
Machinery	2,500	
Masonry	1,500	
		4,000
Rails finishing plant, circular saws, drilling, straightening and slotting engines, &c.		30,000
Cooling beds for rails		5,000
1 45 horse-power steam engine for the rails finishing plant—		
Machinery and transmissions	5,500	
Foundation	700	
		6,200
Steam, water and air pipes, and 2 root's blowers		16,000
Fans, railways, wagons, ingots, moulds, scales, tools, &c.		14,000
1 large lathe for the cylinders		5,000
(*c*)—For the coke furnaces—		
2 coal-washing apparatus, including steam engines, disintegrators, basins, &c.		70,000
100 Belgian coke furnaces, including steam engine, tools, &c.		1,42,000
II.—Buildings—		
(*a*)—For the blast furnaces—		
Ore crush house		8,000
Mixing place and filling bank for ore, limestone and coke		30,000
2 blowing engine houses		24,000
Building for the hoist		12,000
Foundry hall		22,500
2 chimneys, each 120 feet high		8,000
Channels and drains		6,000
(*b*) For the Bessemer mill—		
Bessemer and rolling mill		3,00,000
2 Chimneys, 120 feet high		8,000
Channels, drains, &c.		6,000
(*c*) For the coke furnaces—		
Building and chimney for the coal-washing machinery		12,000
(*d*) Workshops and out-houses—		
2 Blacksmith's shops with interior arrangements		25,000
Store rooms		12,000
Scale and porter house, including scale		5,000
Dwelling houses, barracks, offices, &c.		60,000
Native huts for about 1,000 coolies		10,000
Boundary wall		12,000
III.—Working Capital—		
Amount invested instores		1,50,000
Reserve funds		1,00,000
IV.—Earthwork—		
Levelling, ditches, tanks, &c.		20,000
V.—Tramways and Railways—		
10 running miles tramway for bringing the limestone, @ Rs. 12,000 ...		1,20,000
Prolongation of the railway siding for 1,000 yards ...		50,000
VI.—Engagement and bringing out of 70 Europeans ...		35,000
Total ...		24,49,500

Recapitulation.

Cost of Furnaces and Machinery	14,14,000
„ Buildings and Earthworks	5,80,500
„ Tramways and Railways	1,70,000
„ bringing out Europeans	35,000
Working Capital	2,50,000
Total ...	24,49,500

An iron work producing daily 200 tons Bessemer steel rails costs Rs. 24,49,500.

Conclusion.

The local circumstances with regard to the quantity and quality of the raw materials at the Burrakur Iron Works are specially adapted for the production of rails, rolled beams, girder and ship-plates and other rolled goods of the stronger kind on a large scale, and for the production of ordinary castings, as railway sleepers, pipes, pillars, &c., as well as for the manufacture of bar and façon iron of "refined" quality.

The raw materials are to be had in unlimited quantities, and cheap enough to produce iron and steel goods of the above kind at competition and profitable prices, if the manufacture of them is conducted on modern principles.

With the proposed improvements and arrangements, namely,—

(1) putting the existing blast furnace establishment and foundries into thorough order for the production of castings,

(2) the erection of a new establishment for making rails, &c.,

the daily outturn of the whole work would be—

(1) 80 tons ordinary castings (principally railway sleepers); and

(2) 200 tons rails, beams, and other rolled goods of the *stronger* kind.

The production of puddled bar and façon iron, if desired, could be begun on a much smaller scale than the production of rails, and would still pay: the two existing blast furnaces could be arranged—*one* for the production of *grey* pig iron for castings, and the *other* for the manufacture of *white* pig iron for the puddling process; in this wise there could be turned out daily—

(*a*) 20 tons of ordinary castings, and

(*b*) 18 tons of bar and façon iron.

The cost of this arrangement would be about 5 lakhs of rupees in all. Owing to the geographical situation of the works, and considering the railway freight for iron goods prevailing in India, the most profitable sale districts for iron and steel goods, made at Burrakur, would be Bengal, the North-Western Provinces and Oudh, and they could also be sold in Central India and Punjab at competition prices.

BURRAKUR;
The 30th June 1882.

(Sd.) R. C. VON SCHWARZ.

Approximate estimate for the improvements and repairs of the Bengal Iron Works for the production of forty tons of cast iron sleepers and other castings per 24 hours (vide plan No. II).

I.—FURNACES AND MACHINERY.

(*a*)—*For the Blast Furnaces*—

			Rs.
Two ore crushrs			4,800
Derrick and steam engine for the same			2,000
"Parry's cup and cone" for each blast furnace			2,500
Repairs on the casing of the blast furnace			3,000
Tuyères, nozzles, water boxes, damplates and other cast and wrought iron parts for the blast furnace			2,500
Apparatus for catching, purifying and distributing the blast furnace gauges to the hot blast ovens and steam boilers			20,000
	Rs.		
New inside lining for the two blast furnaces			3,500
One new hot blast—blast ovens			4,000
Four new steam boilers—boilers	18,000		
Masonry and mountings	6,000		24,000
			66,800
Repairs on the standing steam boilers and hot blast ovens			7,000
Increasing of the wind conduit, steam and water pipes			5,000
Cinder and ore tubs, scales, tools, &c.			10,000
Apparatus for making "wash iron"			3,000

(*b*)—*For the Coke Furnace*—

Coal washing apparatus, including steam boilers, steam engine, and washing basins	25,000
Twenty-five coke furnaces for the production of 60 tons coke per 24 hours, including steam engine, &c.	42,000

(*c*)—*For the Foundries*—

Eight moulding machines for cast iron sleepers	8,000
Changes on the cupola furnaces and providing them with water cask elevators	2,500
Alteration in the arrangement for casting and tiering pipes	7,500
Moulding boxes, patterns, ladles, tools, &c.	7,000
About 1,500 feet small railway, including turntable	3,700

The 20th June 1882. (Sd.) R. C. VON SCHWARZ.

REPORT ON THE BENGAL IRON WORKS.

Parts of works.—The works consist essentially of two blast furnaces, each capable of producing 20 tons of grey pig iron for castings per 24 hours, and of a casting establishment of two separate buildings, with all necessary machinery, finishing and repairing workshops; also of offices, store-rooms, scale-houses, water reservoirs, dwellings, &c.

Situation.—The situation of the works may be described in general to have been well chosen, as the principal raw materials, namely, the iron ores, coke and limestone, are found in the immediate neighbourhood and in sufficient quantities. It would, however, have been better if the works had been built on the Barrakur river, which is at a distance of about 1¾ miles, as the water required for them is not to be found in the present situation, but must be led to them from that river.

This shortcoming has rendered necessary the establishment of a special and expensive pumping engine with boilers, and a water conduit of about 8,500 feet in length, consisting of 10-inch cast iron pipes. This water conduit alone may have cost Rs. 50,000, which might have been saved if the works had been built immediately on the river.

Raw materials.—The *iron ores* are brown hematite, and consist of 47 per cent. of metallic iron on an average, or 78 per cent. of hydrate sesquioxide of iron ($2Se_2\ O_3$, $3\ H\ O$): the impurities are 12 per cent. silicic acid ($S_1\ O_2$) and 6 per cent. aluminia ($Al_2\ O_3$), the rest being protoxide of manganese (Mn O), phosphoric acid ($P\ O_5$), and traces of sulphur. The iron ores are found close to the iron works and on the surface of the ground; there is, therefore, no expensive mining arrangements necessary; they can be delivered at the iron works for 12 annas per ton, inclusive of all costs.

The *coke* is made likewise near the works, as the coal mines are near. The coke is well burnt, but contains a good deal of ashes. It costs when delivered at the iron works from Rs. 8 to Rs. 10 per ton, according to quality.

The *limestone* is obtained from a distance of above 5 miles. It consists of 71½ per cent. of cacium carbonate (Ca O Co_2), 17 per cent. other alkalies, and 11½ per cent. silicic acid (Si O_2). This limestone, on account of the heavy contents of silicic acid, cannot be considered very satisfactory for the blast-furnace process; in fact, through the 12 per cent. silicic acid in the ores the heavy percentage of ashes in the coke (consisting also chiefly of silicic acid) and the 11½ per cent. of the same in the limestone itself, the consumption of limestone is so heavy that it reduces the value of the great contents of the iron in the ore.

In general, however, the above raw materials are good enough, and their prices so exceedingly low as to have justified the establishment of an iron work in that place for their utilisation.

Blast furnaces.—The blast furnaces are on a well approved Scotch system, and the engines belonging to them, such as the blowing engine, hoist, water-pumps, &c., are well built and well preserved. There is, however, this shortcoming, that there is no suitable arrangement for concentrating the stock of the principal iron materials (ores, coke and limestone) in a comparatively small space. With the great quantities required of these materials, there should have been built behind the furnaces a viaduct, at least 45 feet high, on which to convey these materials and throw them over. With the present arrangement they are spread over a large space, which occasions a considerable expense for bringing them to the blast furnace, and other inconveniences.

Blowing engine.—The blowing engine is double cylindrical, vertical, of approved construction, and in good preservation. For the adjustment of the blast there is a small receiver.

Hoist.—The hoist for the ores, coke and limestone is a costly, well constructed machine, in good preservation, and is worked by a horizontal double-cylinder steam-engine. It may be observed that for this purpose a so-called "water cask elevator," of a very cheap construction, would have done as well. This arrangement has been introduced in many European iron works with success, where in winter time its working is not hindered by the formation of ice; it is therefore suitable for India.

Steam-boilers and chimney.—For the working of the machinery of the blast furnace, there are seven cylindrical boilers, each about 26 feet long and 5½ feet in diameter; these are all built in with masonry connectively, instead of each one or two having their own bed.

The chimney is 120 feet high, and is reported to be of an average width of 10 feet; in shape it is square (instead of round or octangular), which is for well known reasons objectionable; it is also not provided with any anchorage, and is therefore cracked in several places.

Before the works can be started again this chimney would have to be repaired and provided outside with proper iron anchorage.

Hot blast ovens.—For the heating of the blast, there are provided two Whitwell apparatus, one for each blast furnace. The addition of a third apparatus as a reserve would be very desirable, as without it, when one of the apparatus would require repairs or to be cleaned, which frequently occurs, the blast furnace connected with it would have to be worked with cold blast, which requires more fuel and occasions irregularity in the work.

Blast furnace gases.—With reference to the blast furnaces of the establishment, it is inconceivable why the utilisation of the valuable gases evolved as fuel has been entirely neglected, and were allowed to escape. The gases from a blast furnace consist chiefly of about 30 per cent. carbonic oxygen gas (Co), 3 to 4 per cent. heavy carburetted hydrogen gas(C_2, H_4), and about 60 per cent. nitrogen, the rest being carbonic acid, water, steam, &c. This gas mixture, when purified, is powerful enough and in sufficient quantities to heat all the boilers and the hot blast ovens belonging to the blast furnaces from which the gases have been taken. In the present instance 30 *tons of coal* would have been *daily* saved. The necessary arrangement for catching, purifying, and distributing the blast furnace gases could be easily and cheaply applied, and is urgently recommended to be introduced, before the works are started again.

Blast furnace slag.—Neither is there any arrangement for the utilisation of another subsidiary product, namely, the blast furnace slag. Blast furnace slags can be converted into cement, artificial stones, and into so-called "slag wool." It consists of about 38 per cent. silicic acid ($Si\ O_2$), 22 per cent. aluminia ($Al_2\ O_3$), 31 per cent. lime (Ca O), the rest being magnesia, gypsum, and other unimportant constituents.

To make the *cement*, the hot liquid slag is run into water, when it is granulated; the granulated mass is then ground into powder, and this again mixed with one to two per cent. of pure limestone or chalk and burnt; the result is a cement of a superior quality.

For the production of *artificial stones*, the granulated blast furnace slag is mixed with a little lime cream; it is then pressed in the desired moulds and dried.

"*Slag wool*" is produced by leading water steam, of a pressure of about two atmospheres, under a right angle, into a thin ray of slag: the produced slag wool looks like cleaned cotton and is used for the packing of steam pipes, the wadding of ice cellars, and in general as an insultator against heat.

Ore crusher.—There is no machine provided in the iron works for crushing the iron ores and the limestone; this used to be done by coolies. An ore crusher, a simple and inexpensive machine, would have done this work cheaper and certainly more effectively.

Pig iron.—The product of the blast furnace was 40 tons of grey pig iron for castings per 24 hours for both blast furnaces. The pig iron was run into sand and allowed to get cold; it was partly sold in this shape and partly remelted in the foundry.

The following is an analysis of it:—

Iron, metallic	...	90·58 per cent.
Carbon combined	...	0·14 „
„ graphite	...	2·70 „
Manganese	...	0·97 „
Silicon	...	4·13 „
Phosphorus	...	1·36 „
Sulphur	...	0·12 „

Foundry.—The buildings holding the foundry are too far situated from the blast furnaces to allow of the pig iron to be transferred to the buildings direct in a liquid state, for being cast in the moulds without being remelted in the cupolo furnace.

It is an old erroneous notion that the pig iron taken *direct* from the blast furnace furnishes castings of an inferior quality than when remelted in a cupolo furnace. The only disadvantage which can

be alleged against the direct casting, namely, want of uniformity in the casting, can be cancelled by suitable arrangements and manipulations during the process of casting. To explain and to prove this would lead us too far. Suffice it to mention that the process of direct casting from the blast furnace without the intervention of the cupolo furnace has lately been practised with success in several English and German iron works, and for a long time in Austria and Sweden.

The remelting of the pig iron should be resorted to only for the purpose of utilising the Sunday production of the blast furnaces and the scraps of the foundry, or for the production of special qualities of cast iron for certain purposes, such as pottery castings or ornamental objects. In general, the remelting of the pig iron serves only for the convenience of the management of the works, or to remedy irregularaties; for when the blast furnace is irregularly worked, unequal qualities of pig iron are produced, which of course render the direct casting process impossible. Through careless or incorrect management in working the blast furnace, sometimes too much carbonised and sometimes too little carbonised pig iron is turned out, both unsuitable for castings; but through alloying both together they can be profitably used for castings by means of the cupolo furnace.

Cupolo furnaces.—For remelting of the pig iron, the Bengal Iron Works have four cupolo furnaces of the approved system, "Ireland." The blast is effected by a ventilator and a Roots blower, the latter decidedly preferable to the former. The defect about the cupolo furnaces is the absence of a lift for pig iron and coke. These materials were carried to the furnace top by coolies upon a staircase. Two simple water cask elevators (one for each couple of furnaces) would remedy this shortcoming at a small expense.

Foundry shops.—The foundry workshops are in two separate buildings—one for light, the other for heavy castings; the latter is therefore provided with five cranes. Connected with the foundry is a workshop for finishing the castings. This workshop contains lathes of varying dimensions, two drilling machines, one planing machine, one pipe-testing machine with all appurtenances, and also a movable crane for serving all this machinery. To work the whole of the workshop machinery there is a horizontal steam-engine with boilers, which also works the Roots blower of the foundry. For working the ventilator of the other foundry there is a portable steam-engine.

The clay and sand required for the foundry are prepared in a separate building. This preparation is done by two mortar mills driven by a portable steam-engine.

Drying furnaces.—For drying off the casting cores and clay moulds, there are well built drying furnaces. All that may be objected to in these is, that they are not arranged for being fired with inferior cheap fuel.

Fuel of an inferior quality offers a double advantage in this instance—the first, that a cheaper kind of fuel may be used; the second, that it gives a more uniform heat, which is essential for drying furnaces. When drying furnaces are heated with good coal, there is a danger of the objects to be dried lying nearest the fuel to become over-heated ("burnt") before the more distant objects have been sufficiently dried; indeed, experience has shown that *that* fuel is most suitable for drying furnaces which can just barely maintain itself in a burning state, even with a good draught. Many iron works in Germany and in France have therefore found it profitable to prepare the coke from the coals themselves, as the subsidiary products of coke-making, namely, the escaping gases and the residue in the washing apparatus, can be utilised, the former for heating steam-boilers, and the latter for heating the drying furnaces.

Socket pipes.—The way and manner in which socket pipes were prepared in the foundry was obsolete and defective; these used to be cast horizontally—a process which rendered the labour difficult and the outturn small and faulty. Socket pipes must be cast *vertically*, if their production is to be profitable. To explain the two systems and the reasons of the superiority of one over the other would be too long and out of place here. I will only add that the arrangement for casting vertically can be easily added to the present one.

Arrangement for tiering pipes.—The arrangement for tiering the pipes is equally unpractical and unsuitable for large operations. This arrangement also may be altered without great expense.

Outhouses.—All those outhouses, such as offices, scale-houses, store and dwelling houses and others, which were solidly built, are now in good preservation; but those which were built of inferior material are already dilapidated, and impart to this part of the group of buildings a somewhat ruinous appearance.

SUGGESTIONS.

From what has been reported it may be seen that the Bengal Iron Works are worth reopening; and if their management be entrusted to experienced and conscientious professional men, they should turn out a prosperous investment. The situation is well chosen; the raw materials are near and cheap; and the railway is also near for the conveyance of manufactured goods.

The superiority and good condition of all the machinery and the solidity of the chief buildings prove that the undertakers were imbued with the best intentions to render the establishment good, solid and durable; only it appears that the technical management was entrusted to men of deficient professional experience.

The greatest part of the shortcomings, however, mentioned in the report may be remedied without great costs. Strictly speaking, the existing arrangements have to be *completed* rather than altered, and this should be done before the works are started again.

The chief condition of success in an iron work is its *continuous* and *full* function. The production must be driven to a maximum, so that the expenditure on management, interest of capital, &c., which [illegible] exceptionally high in India, should be as much as possible distributed over a high production.

[illegible];
1881.

RITTER C. von SCHWARZ.

REPORT ON THE FINANCIAL PROSPECTS OF IRON WORKING IN THE CHANDA DISTRICT.

RAW MATERIALS.

Iron ores.

The most important and, at the same time, best situated deposits of iron ores in the Chanda District are the *specular iron ores* at Lohara, longitude 79° 47½′ E., latitude 19° 22′ N., and the *magnetites* at Peepulgaon, longitude 79° 34′ E., latitude 20° 23′ N.

The following is the chemical composition of these iron ores:—

	Lohara ores.	Peepulgaon ores.
Metallic iron	69·00 per cent.	69·00 per cent.
Oxygen in combination	29·57 „	26·29 „
Manganesesquioxide	0·10 „	.....
Silica	0·84 „	1·21 per cent.
Alumina	0·43 „	.....
Lime	0·05 „	0·50 per cent.
Sulphur	0·01 „	.....

Each of these deposits forms a continuous accumulation of compact iron ore, constituting a hillock, and is prolonged deep under the general level of the country. The ores are found in such quantities in these places that an Iron Work producing 80 tons of rails daily might be fed from each deposit for about 100 years without resorting to the deeper-lying ores at greater expense. Besides these two deposits there are other places in the Chanda District where iron ore is found, namely, Lankachen, Ratnapur, Dewalgaon, Ogulpet, Metapur, Gunjwahi, Joonona, Kandeshwa, and others; the ores in these places, however, being either of a poorer quality and containing more impurities, or not being so advantageously situated as those of Lohara and Peepulgaon, deserve, at least, for the present, no consideration.

The iron ares of Lohara have in their few impurities all the component parts necessary for the formation of such blast furnace slag which has the proper chemical composition in regard to the ash contents of the fuel, so that 3 per cent. only of flux will be required for smelting these ores in the blast furnace by means of charcoal.

As specular iron ores are easier treated in the blast furnace than magnetites (as is well known to every professional iron-worker), I hold it to be correct on this ground, and on others (explained on page 5), to take up for working, first of all, the iron ores of Lohara (see Appendix No. 1, page 27).

Vegetable fuel.

For the reduction of these iron ores in the blast furnaces the forests of the Chanda District offer sufficient vegetable fuel, and at prices sufficiently cheap for the production of iron and steel of the best quality, in large quantities, and at competition prices.

The forests of the Chanda District cover an area of 3,325 square miles, of which, however, at present, owing to considerations of carriage, only that part should be exploited as fuel for the reduction of the ores which lies within a circumference of about 20 miles radius round the place which has been chosen as the most suitable for the erection of an Iron Work.

This part of the forest covers about 520 square miles, capable of yielding 16,000 tons of dry wood per square mile in its present condition.

According to information from the Conservator of Forests, Central Provinces, from this quantity must be deducted about 30 per cent. for reserved trees, which, owing to the valuable quality of their wood, or owing to other reasons, may not be made into charcoal, so that about 11,000 tons of wood per square mile may safely be counted upon as available for reducing to charcoal.

The weight of the various woods of the Chanda forests is, on an average, 50 lbs. per cubic foot (see Appendix No. 9, page 29); therefore 30 per cent. greater than of the woods (chiefly fir and pine) used in Sweden and Styria for charcoal; the Chanda charcoal being thus specifically heavier is, weight for weight, far more valuable for the smelting of iron ores (see Appendix No. 2, page 27).

According to an estimation of the Conservator of Forests, Central Provinces, the area of 520 square miles of forest, lying round the site of the projected Iron Works, may yield 32,000 tons of charcoal yearly and be regenerated in forty years.

The same authority maintains that the production of charcoal on a large scale, and carried on systematically, improves forests; this, although apparently paradoxical, has been proved by experience in those parts of Sweden and Styria where vegetable fuel is used on a large scale in the production of iron. The reason for this is not far to seek. The products of the forest being in greater demand and more valuable, the science of forestry has been called in to show the way to a more correct system of conserving and increasing the contents of forests. The improved and cheaper means of transport, rendered necessary for an Iron Work near a forest, render also cheaper the carriage of building timber and other forest produce, whereby they become cheaper; saw-mills and other wood-working machines may be advantageously connected with an Iron Work establishment, as this can furnish cheaply the necessary steam-power and supervision.

Whilst there is sufficient charcoal in the Chanda forests for the production of *pig iron*, the coal of the Warda-Godavery Valley is good enough for the refining process, namely, the conversion of the pig iron into *finished iron* or *steel* if the necessary arrangements are made, suitable for this quality of fuel.

Coal.

Judging from borings and outcrops, the sources may be estimated to contain 2,525 millions of tons, of which 1,714 millions are available. The most important seams are those of *Wun*, *Pisgaon*, *Ghugus*, *Bunder* and *Warora*.

Of all these coal-fields, however, the Warora seam only is now worked, and produces monthly about 7,000 tons of coal, of which 5,000 tons are bought by the Great Indian Peninsula Railway.

Owing to the small demand of coal the working of this mine is limited; if more use were made of it, the working expenses would be proportionally reduced. It is to be regretted that the quality of this coal is not so satisfactory as the quantity.

An analysis of the Warora coal shows—

	Large coal.	Slack coal.
Fixed carbon	45·6 per cent.	35·5 per cent.
Volatile matters (combustible) ...	26·0 „	26·4 „
„ „ (not combustible) ...	14·0 „	13·0 „
Ashes	14·4 „	24·0 „

The reasons why this coal must be described as of inferior quantity, as regards its fitness for pyrotechnic uses, are—

(1) its insufficient contents of fixed carbon;
(2) its insufficient contents of hydrogen, not combined with oxygen;
(3) its large contents of ashes.

All attempts to reduce this coal to coke, suitable for the blast furnace process, have failed, owing chiefly to its deficient proportion of fixed carbon and (not with oxygen combined) hydrogen. It is well known (although not theoretically proved) that it is generally the hydrogen which imparts to the coal the caking quality necessary for its reduction to coke, but numerous trials have shown that the Warora coal when heated does not cake, but crumbles to pieces, which pieces give indeed coke, but of a quality suitable only for forge fires, or for lime-burning, and not for blast furnaces (see Appendix No. 3, page 27).

The coal of Warora is good enough, however, for producing all the pyrometric effects necessary for puddling and heating furnaces, and to provide the glow furnaces for Bessemer ingots and sheet iron with the necessary heat. This coal is also good enough for the cementation process (production of blister steel) and the temper process (the production of malleable iron); but it is not suitable for the open-hearth process and for the production of crucible steel in the (reverbatory) flaming furnace, as these processes require a very high temperature. Of the other coal fields of the Warda-Godavery basin, the coal of *Pisgaon* (Berar) appears to me the most hopeful, owing to its larger contents of fixed carbon. Its analysis is as follows:—

	Large coal.	Slack coal.
Fixed carbon	65·1 per cent.	36·3 per cent.
Volatile matters	19·2 „	32·2 „
Ashes	15·7 „	31·5 „

The large coal of Pisgaon contains, therefore, 20 per cent. more fixed carbon than the large coal of Warora; notwithstanding the superiority of this coal, no arrangements have yet been made to work the seam.

Limestone.

For the reason explained on page 1, the reduction of the iron ores of Lohara in the blast furnace will require 3 per cent. only of limestone as a flux. Excellent limestone for this purpose is to be had in the neighbourhood of Warora; its analysis is as follows:—

Carbonate of lime and magnesium	95·0 per cent.
Silica	2·5 „
Alumina and oxide of iron	2·5 „

Fireproof material.

More important than the supply of limestone is the supply of suitable and cheap fireproof material. English fireproof bricks would cost, delivered in Chanda, Rs. 16 per 100. Now, the requirements of an Iron Work, producing about 80 tons finished iron or steel per day, would be 300,000 tons per year, giving thus an expenditure of Rs. 48,000 yearly for firebricks alone; but—

(*a*) fire-clay of a good quality is found along with the coal in the Warora Colliery; the following is an analysis of this fire-clay:—

Moisture	4·10 per cent.
Organic matter	4·90 „
Silica (sand)	2·40 „
Silica (in silicates)	63·20 „
Alumina (Al_2O_3)...	18·80 „
Oxide of iron	0·50 „
Iron in pyrite	1·87 „
Carbonate of lime	1·80 „
Alkalis and sulphur	2·03 „
Loss	1·00 „

This clay is not so good as first-class English fire-clay, but is good enough for most parts of the iron-melting furnaces.

(*b*) Near Chanda is also found steatite (Mg. O Si O_2), which, mixed with one-fifth part fire-clay, is well known to give very refractory firebricks.

Fire-proof bricks could be made at the Iron Works for Rs. 2-8 per 100, and about four-fifths of whole requirement could be covered by these bricks; only for certain parts of the blast furnace

and the gas furnaces, it would be necessary to import English firebricks, namely, one-fifth of the whole amount.

AMOUNT OF PRODUCTION.

The amount of iron or steel which can be produced yearly with these raw materials will depend on the quantity of charcoal which the forests near the Iron Work can furnish without irretrievable injury to them; this has been estimated at 32,000 tons per year (*vide* page 2), and with this charcoal may be turned out 25,000 tons of finished iron per year. In case it may be found desirable in the future to considerably enlarge the Iron Work, recourse may be had to the more distant forests situated south and south-east of Chanda (see plan No. 1) for charcoal for the production of *pig iron*. In this case it will be advisable to erect other blast furnaces near these forests, with the view of reducing the iron ores of the contiguous deposits and of conveying the pig iron thus obtained to the other Iron Works, situated nearer the sources of *mineral* fuel, for the purpose of converting it into finished iron. By these means the whole 3,325 square miles of forests in the Chanda District might make it possible for 260,000 tons of iron or steel being produced yearly.

BEST SITUATION FOR AN IRON WORK.

For the production of one ton of finished iron or steel the following quantities of the available materials are necessary:—

	Tons.
Iron ores	1·80
Charcoal	1·30
Mineral coal from Warora	3·00
Limestone	0·03

From these proportions it may be seen that the quantity of fuel is more than double that of ore. On this account, and as besides, for well-known reasons, the carriage of ores, even weight for weight, is cheaper than the carriage of fuel, and store of them easier kept, an Iron Work should always be built as near as possible to the sources of the fuel.

It may also be remarked that the carriage of charcoal is dearer than the carriage of mineral coal.

A suitable place for the Iron Work would be Durgapur on the Frace stream. This place is surrounded by forests, has enough water even in the driest season, has a firm ground for building and heavy machinery, cheap stone and lime; has also the advantage of being situated somewhat high, and is therefore more within the influences of the breezes, which would keep the Iron Work cool.

This place could also be cheaply put into communication with Lohara and Warora by means of a Tramway, as there are neither hills to cross nor expensive bridges to make. The suitability of this place, however, is best proved, I think, by the annexed plan, No. I, and attention should also be drawn to the important fact that this place, on the Frace stream, is the only one between Lohara and Warora on which a sufficient supply of water all the year round may be relied upon.

In further support of the preference of this place on account of its water-supply, it may be mentioned that the want of this convenience has caused to the Bengal Iron Works Company an extra expenditure of nearly Rs. 50,000 (see Report on the Bengal Iron Works, page 1).

RAILWAYS.

Under the present circumstances, the best means of connecting the iron mine of Lohara and the Warora Colliery with the Iron Work would be a portable Tramway. This would cost, everything included, about Rs. 12,000 per mile. The whole length of the Tramway would be 55 miles (see Plan No. 1); the total expenditure would therefore be Rs. 6,60,000.

The building of an ordinary railway would, for the present, not answer; it would cost about nine times as much as the tramway (the Warda-Warora Coal State Railway was built at an expenditure of Rs. 1,06,000 per mile), and would hardly pay any interest on the capital expended, especially as the extension of such a Railway eastwards can hardly be expected to be undertaken for a long time.

Nevertheless, should an ordinary ("pucca") railway become necessary in the future in consequence of an enlargement of the Iron Work, or through other reasons, the Tramway being portable, could be transferred elsewhere and advantageously utilised as a way for transport of charcoal and other forest produce.

Besides, the proposed tramway, traversing the best and thickest parts of the Chanda Forest, could at once be utilised for transport of forest produce; combining also the best cultivated and [illegible] sketch of the Chanda District, it would advantageously connect this with the main railway at Warora.

This tramway line has been proposed after consulting and with the approval of the Conservator of Forests for the Central Provinces and the Deputy Commissioner of the Chanda District. This, and the reasons developed on page 1, are further grounds for first taking in hand the iron ore deposits of Lohara. A modification of the tramway project could take place only if the often spoken of railway extension between Chanda and Warora were definitely resolved upon.

CAST-IRON GOODS.

There is no doubt that, with such excellent raw material as the Chanda District [illegible] excellent quality of cast-iron may be produced; and it follows also that only such [illegible] should here be turned out in which a good quality of iron is of importance, and which can therefore [illegible] higher prices.

For the production of such heavy castings as plumber blocks, steam engine flywheels, and other heavy parts of machinery, also of weights, railings, columns, lamp-posts, &c., the raw material of the Chanda District is too valuable.

Heavy castings.

It is further unsuitable for the fabrication of cast pottery and objects of art, as all such things have to be run fine, delicate forms have to be filled, and smooth surfaces given to the castings; for all such goods phosphorus in the cast-iron is necessary, which is not found in the ores of the Chanda District.

Pottery castings.

An article very much in use, and the manufacture of which would be particularly suitable to our circumstances, would be *cast-iron railway wheels*.

Cast-iron railway wheels.

It is a strange fact that for a long time, and almost exclusively, cast-iron wheels have been used on the railways on the American Continent, not only with goods and passenger wagons, but also with locomotives, whilst in Europe they are generally used with goods wagons, never with passenger wagons, and by no means with locomotives.

Considering the enormous extension of railways in America,—the mileage being greater than that of England, Germany, Austria, France, and Russia taken together—it might be correctly presumed that the Americans have good experience in this matter.

When the great difference in the price of a cast-iron wheel and a wheel of wrought-iron and steel is considered in conjunction with the enormous quantity used, the subject becomes of some importance.

On the other hand, it may be assumed that the Engineers in Europe, to whom the use of cast-iron wheels is no secret, have also good reasons for abiding by wrought-iron and steel wheels. The fact of cast-iron wheels being, on European railways, limited to goods wagons, would point to a want of confidence in the safety of such wheels against brittleness, whilst the confidence in America in the freedom from brittleness can only be due to the wheels being made of a more reliable quality of cast-iron and under a corresponding manipulation.

To enter into the details of manufacturing this article would be out of place here; let it suffice to say that in this matter the greatest care has to be used in the choice of the materials, as well as in the fabrication, if the article is to be free from flaws and reliable in every respect.

Before putting in use, each wheel should be subjected to the most rigid tests for solidity, strength, sufficient hardness in the flanges, and general manufacture.

The material used in America for cast-iron wagon wheels is grey pig-iron, obtained from rich and pure red iron ore melted with charcoal, *corresponding, therefore, exactly with our circumstances*.

The usual duration of such wheels is of that degree that they are allowed to run 60,000 miles in full confidence before they are subjected to new tests as to their further utility.

At the Philadelphia Exhibition four such wheels were shown which had run 450,000 miles without having suffered in substance or appearance.

Another speciality, suitable for the present circumstances, is the production of *malleable castings*.

Malleable castings.

For this article also pig-iron of the best quality (reduced with charcoal) is adapted. To explain it in a few words, the cast articles are embedded in material giving off oxygen, and are slowly heated, whereby the carbon is driven out of the cast-iron to a certain degree, the final product being one of steel-like nature. As a decarbonising means in our case the manganese ores of Malaghar and Ramtek (see Plan No. 1) can be made use of. The fabrication of malleable iron has lately been brought to great perfection in certain parts of Europe and America. The following articles might be here produced: ploughshares, scythes, hay-forks, rakes and other agricultural implements; also stirrups, horse-bits, keys, small wheels, certain parts for guns, rifles, and other weapons, double eyes and other parts of machinery, and in general such articles of complicated shapes in which great strength is not required, articles which it would be difficult to make of forage-iron. It is scarcely necessary to mention here that most cast-iron articles may be turned out *direct* from the blast furnace, without re-melting in the cupola furnace.

SUBSIDIARY PRODUCTS.

The subsidiary products of the blast furnace, as the gases and slag, can and should be utilised,—the former for the heating of the boilers and hot-blast ovens; the latter for the fabrication of cement, artificial stones, and slag wool (*vide* Report on the Bengal Iron Works, page 2).

THE BESSEMER PROCESS.

From the purity and uniformity of the ores and fuel treated of, it may at once be concluded that the product of the blast furnace will also be pure and uniform, and that it will, therefore, be possible to allow the pig-iron to run in a fluid state *direct* from the blast furnace into the Bessemer converter, whereby the cost of re-melting would be saved, as is successfully done in Carinthia, Styria, and Sweden, where the working is carried on under conditions similar to those in our case.

The finishing process of rolling the Bessemer ingots into rails, tyres, plates, &c., requires no particularly high temperature, and can, therefore, be effected with Warora coal of second quality, viz., *black coal* at Rs. 2 per ton.

SPIEGELEISEN.

The "Spiegeleisen" necessary for the production of steel in the Bessemer converter cannot be obtained from the iron ores of Chanda, as, notwithstanding their purity, their contents of manganese is too slight; "Spiegeleisen" would, therefore, have to be imported.

"Spiegeleisen" contains from 5 to 15 per cent. manganese; it would lead us too far to explain why a ratio of manganese is necessary for the production of "Spiegeleisen"; suffice it to say that the existence of "Spiegeleisen" free of manganese has not been proved (see Appendix No. 4,

page 28). For the production of (ingot iron) "Flusseisen" (a product containing only 0·05 to 0·10 per cent. of carbon) in the Bessemer converter, it is not required to add "Spiegeleisen." *Girder plates, boiler plates, rod, angle, and square iron, and rolled beams* of the *stronger* kind, *wagon axles*, and *iron rails* could be turned out cheaply in the Bessemer process, as these descriptions of goods can be made of (ingot iron) "Flusseisen," and the cost of "Spiegeleisen" is avoided.

The scraps remaining when making rails are generally used up in the open-hearth process, in the cupola furnace, or in the Bessemer converter, where they are melted down with the pig-iron. It has already been shown (page 3) that under the present circumstances the open-hearth process cannot be used; the other usual resources for utilising the scraps of rails is rationally resorted to only where no better alternative remains. These scraps, however, yield particularly suitable material for the manufacture of wire and thin hoop-iron, a process which has been in vogue for some years with success in Cleveland, and has lately been initiated in other Bessemer Works. A Bessemer establishment, producing daily 72 tons of rails, can in this wise turn out daily 8 tons of wire or of hoop-iron.

THE PUDDLING AND WELDING PROCESS.

It has already been mentioned (page 3) that the Warora coal can be advantageously used in the puddling and heating (welding) process; but it should be mentioned also, with regard to the purity and richness of the iron ores, that a modification of this process has come into use in America, consisting in the adding of iron ores for furthering decarbonisation, whereby the time of finishing the puddling process is shortened, the loss of iron, which used to be about 10 per cent. is reduced to 2 per cent., and there is a corresponding saving in coal and labour. The puddling process has lately been much diminished in Europe, owing to the undoubted success of the Thomas Gilchrist dephosphorising method applied to the Bessemer process, as, by this method, the cheaper pig-iron containing phosphorus can be worked, which was before possible only in the puddling furnace; but the latter will still maintain itself—

1st, where there is an object to manufacture *fine* kinds of iron, or rolled iron goods of *complicated* form, as wire, fine hoop-iron, thin sheet-iron, thin angle and U-iron, &c., because the reduction of the 14-inch thick Bessemer blocks of compact material to small dimensions or complicated forms is combined with much and costly manipulation;

2nd, for turning out certain qualities of iron and steel, which cannot be produced in the Bessemer converter, for instance blister and Brescian steel.

THE DIRECT PROCESS.

It will not be out of place here to bring to notice a new process of iron and steel-making directly of ores, namely, the "*Landore Process*," which, if not at present, may, under the condition of the projected Iron Work, deserve consideration in *future*.

This process consists in melting a certain amount of grey pig-iron of the best quality in an open-hearth furnace, and adding to the thin fluid metal bath so obtained iron ores till the matter has been decarbonised. It is the oxygen in the iron ore which is here the decarbonising factor, the metallic iron being reduced and dissolved in the metal bath.

This adding of iron ore is continued till the whole of the pig-iron has been decarbonised (which is experimentally ascertained), when "Spiegeleisen" or "Ferromanganese" is added, as in the Bessemer converter, for the production of a given quality of steel.

It is scarcely necessary to prove that for this process iron ores of the best quality are required; in Landore these are imported from Mokta in Algeria; they contain 62 per cent. metallic iron and have no injurious impurities. Now, these ores cost, delivered in Landore, about Rs. 13 per ton, whilst the iron ores of Lohara contain 69 per cent. of metallic iron (7 per cent. more), and would cost, delivered at the Iron Work in Chanda, Rs. 3¼ per ton

It should be, however, pointed out that the process under explanation requires a very high degree of heat, as the metal bath has to remain perfectly liquid even in a decarbonised state; the metal bath must also be covered with a layer of slags, 3 inches thick, as a protection against the flame hovering over it, which would act injuriously upon the ores floating on the surface of the bath, till they are dissolved.

This cover of slags acting as a bad conductor of heat, a temperature of 1900° centigrade is required to work the Landore process successfully. It may be doubted whether so high a temperature can be obtained with Warora coal (being poor in carbon), even with the assistance of Siemen's regenerators, but it might be obtained with the Pisgaon coal, which has 20 per cent. more carbon than the Warora coal.

Should, therefore, in due time the Pisgaon seam be opened out, this process would have a chance of giving excellent results with the Lohara ores. This process has been in use in the Landore Works already 12 years with ever-increasing results: by this time there are 24 furnaces at work, producing together about 2,000 tons of steel per week. The steel turned out with this process is well-known for its uniformity and durability, and is therefore preferred in the English arsenals to all other brands. It is due chiefly to the difficulty of finding so pure and rich ores, and to their high cost, that this process has not been more generally adopted (see Appendix 5, page 28).

ARTICLES FOR EXPORT.

The natural resources of the Chanda District offer not only the prospects of supplying India with a considerable portion of her iron and steel requirements, but also of producing articles for exportation to England—articles which are not made in England, but are imported in considerable quantities from the Continent of Europe.

Such are *Ferromanganese*, a mixture of metallic iron with 30 to 75 per cent. of metallic manganese, and a few per cents. of carbon; it is used as an addition in the Bessemer and open-hearth processes, and also in the cast-steel crucible for the production of certain kinds of steel of special hardness for bandages, cutting tools, manganese steel, &c.

Ferromanganese.

The price of this article is very high, and fluctuates according to the quantity of manganese it contains,—from £15 to £25 per ton delivered at Sheffield. The best part of this article England imports from Hörde in Germany, and Terrenoire in France. The raw materials required for the production of ferromanganese are pure charcoal pig-iron (granulated), and manganese ore containing iron.

There are three systems for the manufacture of ferromanganese, namely, in the crucible, the open-hearth, and the shaft furnace. To explain all these methods would lead too far; suffice it to say that for our conditions the production of ferromanganese with the shaft furnace (Système "Terrenoire") would be most suitable.

There is in Ramtek (see Plan No. 1) manganese ore of the following chemical composition:—

	Per cent.
Metallic manganese	54·60
,, iron	6·50
Oxygen in combination	26·50
Silica	6·00
Lime	1·20
Combined water a. div. impurities	5·20

This manganese ore, with the pig-iron obtained from the Lohara ores by means of charcoal, would yield a material for the production of Ferromanganese of an excellent quality.

Another manganese ore is found in Malaghar (see Plan No. 1), Wún District, containing 26 per cent. metallic manganese; it is of an inferior quality, and, although nearer, it cannot compete with that of Ramtek.

A second export article to England would be the so-called "*Brescian* or *Milan Steel.*" This is a kind of puddling steel, made of a pig-iron free from phosphorous and sulphur, and is an article of commerce in great demand and much esteemed.

Brescian Steel.

In former times, Brescian or Milan steel was only made, as its name indicates, in the districts of Milan and Brescia, and was made with charcoal in the old charcoal hearth. The demand for this article, however, in England and on the Continent of Europe was greater than those districts could satisfy, and Corinthia and Styria are now supplying the greatest part of it.

As material for this product serves pure, white and grey charcoal pig-iron, which are converted in the puddling furnace by means of brown coal or turf into raw steel. It is then rolled by means of the welding process into square bars from ½ to ¾ inch thick. The bars are quickly cooled in water, broken, sorted according to the appearance of the breach, and packed in cases for export to England, France, and Germany.

The price of Brescian steel delivered in Sheffield is £18 per ton.

THE LABOUR QUESTION.

The disproportionally heavy cost and disadvantages arising from climate and social circumstances connected with the maintenance of a European staff of workmen point to the advisability of having recourse, as much as possible, to *native labour*; on the other hand, there is in the native a deficiency of practical professional training and a lower degree of physical and moral strength. Professional training can, however, be imparted to the native, and I believe he can be made to learn the work required at a blast furnace and rolling mill, if he be treated at it with gentleness and patience, if he be strictly controlled, if he be not worked too hard, and if his religious and other prejudices be respected; his physical strength will rise with better diet obtained by means of better wages.

The usual 12 hours of daily attendance ruling in Europe would have to be reduced to 8 hours. It would also be advisable to promise rewards to the European workmen for every native trained sufficiently to replace a European.

There are some branches of iron-work which natives will learn very quickly, such as the manufacture of wire, hoop-iron, malleable iron, ferromanganese, blister steel, and other operations requiring less physical strength, but more quickness of movement or manual cleverness.

WATER-POWER.

No suitable place can be found in the Chanda District where there is natural water-power available for the driving of the machinery of an iron work.

The only stream in this district which might be made to furnish water-power is the Winganga, called Pranhita after its union with the Wurda stream, north of Bemballa (see Plan No. V). This stream has numerous cataracts, which, if concentrated by a canal six miles long, would give a fall of 40 feet.

The quantity of water amounts during the dry season to about 100 cubic feet per second, which with the 40-feet fall, would give *theoretically* an effect of about 520 horse-power.

Through the application of a Jonval turbine (the most suitable motor for our conditions), this water-power might be made to furnish a *real* effect of 350 *horse-power*; the use of this water-power for the iron work is, however, not suitable, and this for the following reasons:—

(1) In the rainy season this stream rises often 50 feet, when the machinery worked by it would have to be stopped, a contingency which an iron work could not endure, as

the laying cold and reheating of the furnaces are connected with very great expense of money and time, and with other inconveniences which it would be too long to explain here.

(2) The locality of the available water-power is too much out of the way, so that the saving of fuel would be more than counterbalanced by the greater cost of carriage of the raw materials and the manufactured goods.

(3) Water-power is in general of less value for an iron work because the necessary steam-power for the driving of the machinery may be produced, in most cases, with the gases drawn from the furnaces, that is to say, no extra fuel is required for heating the boilers. The gases of a blast furnace (of a production of 30 tons of pig-iron per day) supply about 150 horse-power; the gases of a furnace for Bessemer ingots furnish 130 horse-power, a puddling furnace gives 20 horse-power; and a heating furnace for bar-iron 25 horse-power.

The water-power of the Winganga may become of good use for other industries in the future, when the communications of the district will have been developed.

A short stoppage of a paper, cotton, rice, or saw mill is no great loss, as the time of the inundation can be usefully employed for repairing the machinery, taking stock, &c., which operations, by making a virtue of necessity, could be always reserved for the season of the freshes.

For such establishments water-power has also more value, as it can be assumed that each of its horse-power is equal to one cwt. of coal per 12 hours.

COST OF RAW MATERIALS.

Iron ore.

The cost of quarrying the iron ore at Lohara and carrying it to the tramway may be estimated at annas 14 per ton, the carriage by tramway from Lohara to the iron work, 38 miles, at anna 1 per ton per mile; we have therefore—

	Rs.	A.	P.
Cost of the ore at the quarry, per ton	0	14	0
Carriage from Lohara to the iron work, 38 miles, at 1 anna per ton	2	6	0
Total cost of one ton of ore delivered at works ...	3	4	0

(See Appendix No. 6, page 28.)

Charcoal.

According to information received from the Conservator of Forests of the Central Provinces, *charcoal* may be had at the place of production for Rs. 3-13-10 per ton; but it may be presumed that with a larger demand the rates of labour and contingencies will rise and increase the present price of charcoal by 30 per cent.; it will therefore be safer to estimate the cost per ton at Rs. 5-0-6 (see Appendix No. 8, page 28). The transport of charcoal will also best be effected by a portable tramway.

Owing to the larger bulk of this article, and the somewhat greater precautions required to be taken in its carriage, it will cost about 50 per cent. more than that of the ore, namely, annas 1½ per ton per mile.

It should be observed that, according to the information furnished by the Conservator of Forests, Central Provinces, the 32,000 tons of charcoal (which will be required annually) will cause a deboisement of 11 square miles of forest yearly; with regard to the situation of the forest to the iron works it will therefore be necessary to shift the charcoal tramway once every 3½ years. Assuming the charcoal tramway to be 20 miles, the cost of its shifting every 3½ years will be $20 \times 3{,}000 =$ Rs. 60,000 (Rs. 3,000 per mile), which must be distributed over the cost of carriage of the charcoal. Now, tons $32{,}000 \times 3\frac{1}{2}$ (years) $= 112{,}000$ tons; therefore the cost of shifting of tramway per ton of charcoal will be $\frac{\text{Rs. } 60{,}000}{\text{tons } 112{,}000} =$ annas 9.

The average distance over which the charcoal will have to be carried is 15 miles. The cost of carriage of the charcoal will therefore stand per ton—

	Rs.	A.	P.
Net carriage	1	6	6
Proportion of shifting of Tramway every 3½ years	0	9	0
Total ...	1	15	6

The total cost of one ton of charcoal delivered at the Iron Works will therefore be—

	Rs.	A.	P.
At the place of production	5	0	6
Total cost of carriage (annas 2½ per ton per mile)	1	15	6
Total ...	7	0	0

It will be observed that in this calculation only the actual expenses have been taken into account, and not the value of the trees to the Forest Department; but it should be remembered that, in an indirect way (explained on page 2), the Forest Department will be sufficiently compensated by an iron work situated near its forests.

Coal.

The prices of coal in Warora are Rs. 5 per ton large coal and Rs. 2 per ton slack coal; its carriage to the Iron Work per Tramway would be ¾ annas per ton per mile.

The carriage of the coal is taken 30 per cent. lower than that of the ore, as it will chiefly be done by return train; all other goods will be carried to Warora from the iron works, and the coal to the iron works from Warora. These other goods will be those made in the iron work, but also forest produce and the agricultural produce of the well-cultivated part of the country situated on the Winganga stream, which agricultural produce is sure to be increased through the tramway connecting this district with the main railway at Warora. The total cost per ton of coal delivered at the iron work will therefore be :—

	Rs.	A.	P.
Large coal, cost at Warora	5	0	0
Carriage from Warora, 17 miles, at *9 pies per ton*	0	13	0
Total	5	13	0

	Rs.	A.	P.
Slack coal, per ton at Warora	2	0	0
Carriage from Warora to the iron works, 17 miles at *9 pies* ...	0	13	0
Total	2	13	0

Limestone.

The cost of limestone delivered at the iron works will be the same as that of slack coal, namely, Rs. 2-13-0 per ton.

WAGES.

Skilled labour.

In the beginning at least skilled labour will have to be done by Europeans (see page 10); for certain subordinate operations only suitable natives may be found, as for instance foundrymen, engine-drivers, masons, carpenters, and other auxiliary workmen.

The cost of professional work done by Europeans must be assumed as double that in Europe.

Native labour.

A strong native coolie costs at present in the Chanda District *annas* 2½ per day, but wages must be expected to rise to *annas* 4. If the native labourer be assumed to do, in a given time, only half the work a European would do, he would still cost less than half. Unskilled work, such as loading and unloading the work at the cranes, carriage, masonry, carpentry, locksmith's work, and all auxiliary work can be done by natives, and may be estimated at half the cost for which it is done in Europe.

MANAGEMENT, WEAR AND TEAR, &c.

The cost of these is estimated at 35 per cent. higher than in Europe. This agrees with the experience gained in other large establishments of the kind in India. There will, however, be an economy in respect of fireproof material, which forms the greatest item in the question of wear and tear, as the raw material is found near the iron work and can be worked up exclusively by coolies.

APPROXIMATE COST OF PRODUCTION.

(1) *Cost of one ton of grey pig-iron*—

		Rs.	Rs.
1·60 tons iron ores	at	3·25	5·20
1·00 „ charcoal			7·00
Wages			3·66
Limestone, 0·05 tons	„	2·80	0·14
Management, wear and tear, &c.			7·00
Total			23·00

(2) *Cost of one ton of white pig-iron*—

1·60 tons iron ores	at	3·25	5·20

(See Appendix No. 7, page 28.)

APPENDICES.

No. 1.—The proportion of the pig-iron to the slags in the blast furnace should not exceed that of 5 : 1. The reason of this is that the pig-iron, which accumulates in the lowest part of the blast furnace, requires to be protected from the decarbonising effect of the blast streaming out of the tuyeres. This protection is offered by a sufficiently thick layer of slags, which, being specifically lighter, floats on the surface of the pig-iron bath like oil on water, keeping off every injurious action of the air hovering over it. As a rule, the quantity of slags is twice and three times as large as that of the pig-iron. In the smelting of the Lohara ores, the decidedly rare case presents itself of the ores being too pure and the blast furnace slags consisting of the impurities of the ores, the ashes of the fuel and of the flux, representing 16 per cent. only of the quantity of pig-iron. To complete, therefore, the deficiency of 4 per cent., the ores of Lohara require an addition of 12 per cent. of an inferior ore, which is to be found in the neighbourhood of the projected Iron Work.

The reason of the difficulty in treating magnet iron ores lies in general in their low melting point, combined (notwithstanding their proportionally smaller contents of oxygen) with a difficulty in reduction. On this account it easily occurs that magnetites begin to melt in the blast furnace before the oxygen has been driven out, bringing about the unpleasant consequences well known to iron-masters. Magnetites can therefore not be worked with a blast of high temperature in order to reduce them, as much as possible, with carbonic oxygen gas (CO), that is to say, at a lower temperature.

Therefore, also, for the smelting of magnetite ($Fe_3 O_4$) proportionately larger consumption of fuel in the blast furnace is required than in the smelting of specular iron ores ($Fe_2 O_3$), a kind of red iron ore, although the latter requires more carbon for its reduction than the former.

No. 2.—The reasons why specifically heavier charcoal, weight for weight, is more valuable than specifically lighter charcoal are the following :—

(1) A larger quantity of fixed carbon is comprised in a smaller space, whereby, as is well known, the pyrometric effect of every description of fuel is raised.

(2) The larger the specific weight is of charcoal, the greater is its resistance to being crushed, and this consideration is very important in regard to the use of charcoal in the blast furnace. In general, the dimensions of a blast furnace should be *as large as possible*, as thereby fuel, labour, and wear and tear are spared, but their limit is determined by the height of the furnace from which all the other dimensions depend. The height of a blast furnace again depends on the mechanical resistance "capacity" of the fuel to be used, which "capacity" should be great enough to enable it to bear, in the lower parts of the furnace, the whole weight of the smelting column which fills the furnace (namely, the ore, fuel and flux) without being crushed. Coke furnaces are worked most economically, because their height reaches 70 feet, and their outturn of pig-iron can be raised to 75 tons per day. The charcoal blast furnaces of Styria and Sweden have a maximum height of 45 feet, and produce 20 tons of pig-iron, but the charcoal of Chanda will allow of a blast furnace 52 feet high capable of turning out daily from 30 to 35 tons of pig-iron.

No. 3.—Coke for the blast furnace process should not be smaller than half a fist ; it is better when the pieces are more than the size of a fist, and this on the following grounds :—

(1) To facilitate their onward motion, together with the ore and flux, which is necessary for the promotion of the chemical reactions between the fuel, ore and flux as they sink in the blast furnace, which chemical reactions are possible only when the materials remain in constant touch with one another.

(2) To render possible the withdrawing of the gases rising from the lower parts of the blast furnace, which evidently would not take place if all the interstices between the materials which fill the blast furnace were choked up with small particles of coke.

No. 4.—It may not be out of place here to meet an objection arising from an opinion still often entertained, that for the purpose of producing "Spiegeleisen," manganese ores may be added to iron ores devoid of it by introducing it into the blast furnace in proper quantities along with the iron ore.

This question may be raised in our case, as manganese ore is found not far from the iron work (see Plan No. I, page 10). All such attempts have failed in practice, owing to the difficulty of reducing manganese ore. It is found that the iron ore is reduced (the oxygen driven out) and carbonised, therefore ready for the melting process, when the manganese ore, which had been put in simultaneously with the other, has scarcely commenced giving off its oxygen; in other words, has scarcely commenced to be reduced.

The natural consequence then results that the manganese ore (reaching the melting zone almost unchanged) is fused in this condition, and forms a good part of the blast furnace slags without amalgamating itself with the pig-iron.

The simultaneous red uction of oxide of manganese and oxide of iron can only take place when the particles of both are mos t intimately mixed, which is the case in iron ores containing a large percentage of oxide of manganese.

An alloy of metallic iron and manganese, the so-called ferromanganese, can be obtained by certain manipulations (see page 9) ; but as ferromanganese cannot replace "Spiegeleisen," this process is not worth further consideration in *this* place.

No. 5.—The direct process of Siemen's is, under the conditions before us, not suitable, because this process depends also upon the open-hearth furnace, as the iron blooms (the end product of the Siemen's rotator furnace) have to be dissolved in the pig-iron bath of the open-hearth for the conversion into steel. These blooms are therefore used in the same manner as the iron ores in the Landore process.

Should, however, in future the open-hearth process become practicable (through opening of the Pisgaon coal mine—see page 3), it is then the *Landore* direct process would be preferable, as, in our case, the iron ores of Lohara would cheaply replace the iron blooms of Siemen's rotator.

No. 6.—For the reasons explained in page 27, an addition of 12 per cent. of poorer ores will be necessary for the Lohara ores. Such poorer ores are to be found in Joonona, about 19 miles from the iron work, therefore about 20 miles nearer than those of Lohara ; but as the former have to be carried by cart to the iron work, the price of Rs. 3¼ (delivered at the works) remains unaltered.

No. 7.—The estimate includes the cost of the tramway for the transport of the charcoal to the iron work. The length of this tramway would be 20 miles, and its price Rs. 2,40,000. In the first seven years, however, the charcoal might be carried on the other tramway, *viz.*, that connecting the iron work with Lohara and Warora, and the building of the charcoal tramway might be deferred till the necessary rails, sleepers, &c., can be made in our own iron work.

No. 8.—Cost per ton of manufactured charcoal from the Mahorli forests, at the place of production, for iron work. (The dates are furnished by the Conservator of Forests, Central Provinces.)

When the yield per square mile is tons charcoal.	Felling and collection of wood, and manufacture of charcoal.	Cultural operations for maintenance of yield.	Establishment.	Wear and tear of building and stock.	Total.	Allowing for rise in wages and contingencies to be expected 30 per cent.	Remarks.

1. Average weight per cubic foot 50 lbs.

* 2. Require special sanction of the Deputy Commissioner for being cut.

3. The names of the trees have been furnished by Geo. Taylor, Esq., Assistant Conservator of Forests at Chanda.

SUGGESTIONS.

The quantities, qualities, and the prices of the raw materials available in the Chanda district would furnish daily 80 tons of finished iron or steel, saleable at competition and profitable prices in India, and certain other articles for exportation to England.

Rails would give the *smallest* profit, as, by the "Thomas Gilchrist" dephosphorising method combined with the Bessemer process, the cheaper pig-iron, containing phosphorus, is worked into rails, the price of which has therefore fallen in Europe by 40 per cent. within the last two years.

Greater will be the profit from kinds of iron which, for the reasons explained on page 8, cannot be made so profitably by means of the Bessemer process, such as small bar-iron, hoop-iron, thin sheet-iron, wire, &c.; in short, all such kinds of goods which have either a small or a complex section.

Most profitable in our case will be articles which can be made *only* of ores of the best quality, and with vegetable fuel. Some of these have been severally and briefly treated of on pages 6 and 7. The chief factor which may, in the beginning, mar the full financial success of the Chanda Iron Works lies in the high railway freight prevailing in India.

This incubus on iron-work industry will, in the present case, press all the harder, as the railways of the Central Provinces are still insufficiently developed, as a glance at the railway chart may easily prove; but it may be expected that commercial, strategical, and other interests will soon [illegible] consideration of the system to be taken in hand.

In the interest of the prospective iron industries of Chanda, the following extensions or new constructions of railways would be beneficial :—

(1) An extension of the Wardah-Warora line to Hyderabad *viâ* Chanda.
(2) A junction of the Great Indian Peninsula line at Kamptee with Gadawara or Jubbulpore (Bhosawul-Jubbulpore line) *viâ* Seoni.*
(3) A further extension of the latter line through Saugor and Jhansi and a junction with Gwalior.

Should these extensions be decided upon, it would be advisable to utilise the natural resources of the Chanda district in iron works capable of manufacturing all the iron railway material.

* North-east of Nagpore.

CHANDA;
19th April 1882.

RITTER C. von SCHWARZ.

No. 2934.—Privilege leave for three weeks having been granted to Mr. T. W. Rawlins, B.C.S., Accountant General, Punjab, and Deputy Commissioner of the Department of Issue of State Paper Currency, Lahore, Mr. Rawlins availed himself of the leave after noon on the 3rd August 1882.

Mr. W. Wells having been appointed to officiate as Accountant General, Punjab, and Deputy Commissioner of the Department of Issue of State Paper Currency, Lahore, during the absence of Mr. Rawlins, or until further orders, received charge of the appointment after noon on the 3rd August 1882.

D. M. BARBOUR,
Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 29th July, 1882.

FIELD OPERATIONS.

No. 421—EGYPT—

Under instructions from Her Majesty's Government, the Most Hon'ble the Governor General in Council has been pleased to direct that a force, as detailed below, be despatched for service in Egypt.

The appointments herein made will have effect from the dates on which the officers named may enter upon the duties thereof :—

Major-General Sir H. T. Macpherson, K.C.B., V.C., Bengal Staff Corps	Commanding
Lieutenant F. C. E. Childers, Royal Artillery ...	Aide-de-Camp
Major A. B. Morgan, Norfolk Regiment ...	Assistant Adjutant General
Major M. J. King-Harman, Bengal Staff Corps ...	Assistant Quartermaster General
Captain H. Melliss, Bombay Staff Corps ...	Deputy Asst. Quartermaster General
Captain E. R. Elles, Royal Artillery ...	Deputy Asst. Quartermaster General
Colonel H. Moore, C.B., C.I.E., Bombay Staff Corps ...	Assistant Quarter Master General (for Intelligence).

1st Battalion Seaforth Highlanders.
7th Bengal Native Infantry.
20th Bengal (Punjab) Native Infantry.
29th Bombay Native Infantry (2nd Biluch Regiment).

In Reserve at Aden.

4th Madras Native Infantry.
31st Madras Native (Light) Infantry.

The following regulations are laid down for the guidance of all concerned:—

1. Native Regiments will go on the present established strength of 550 of all ranks for Cavalry, and 832 for Infantry, so far as they may be complete, and *minus* the men who are unfit.

2. Commanding Officers will be held responsible that none but officers, men and followers in every way fit for field service accompany the regiment: all sickly men are to be left at the depot, and no others.

3. Each Native regiment will be completed to its full establishment of eight British officers, including those who may be recalled from furlough, and who may be expected to join in Egypt.

4. Followers, servants, and baggage will be according to the Kabul scale, but without grass-cutters, except as hereinafter laid down for the cavalry. All regiments will be completed with all establishments (including commissariat), according to the orders laid down, in their respective presidencies.

5. Depots for regiments will be formed under the orders of His Excellency the Commander-in-Chief in India, and of the Governments of Madras and Bombay respectively.

6. A British officer will be detailed for the charge of each of these depots, and will draw the allowance specified in Articles 307 and 378, Pay Code for India, Vol. I. A pay havildar, on a staff salary of Rs. 5 per mensem, will be allowed to each depot of native troops.

7. Commanding Officers will be held responsible that all orders and circulars connected with family remittances and arrangements for the comfort of the men and families are made known to, and are in possession of, officers appointed

to the charge of depots; and that provision is made for the care of spare arms, accoutrements, books, heavy baggage, &c., which may be left behind.

8. Quartermaster's establishments for the depots will be supplied under clause 15, India Army Circulars of 1880.

9. The families of British troops left behind in India will remain at their present stations, and will receive, in addition to subsistence allowance, three-quarter rations for the wives and half-rations for the children.

10. Followers, servants, baggage, camp equipage, and kit, for staff and departmental officers, will be on the Kabul scale, but grass-cutters will not be taken.

11. The British troops, including officers of the Army Medical Department, will remain on Indian pay and allowances until they land in Egypt, when they will come under the orders of the General Commanding in Egypt, and will then be on the same scale of pay and allowances as the rest of the British troops with the expeditionary force.

12. Native infantry and sappers and miners will draw extra batta; and free rations will be allowed to all ranks of cavalry, infantry, and sappers, while on foreign service.

13. Each native commissioned officer of the cavalry will be required to keep up one pony and one attendant as syce and grass-cutter, whether he takes one or two horses; and the non-commissioned officers and privates to maintain one pony and one grass-cutter for every two horses.

14. Compensation at the rate of Rs. 5 per mensem will be allowed to the native officers for each bargheer sanctioned by existing regulations, if maintained by them, out of which sum they will pay the share of the grass-cutter's wages and provide the stable gear. A similar amount will be deducted from the pay of the bargheer sowars.

15. As during a sea voyage the officers, non-commissioned officers and sowars of the cavalry would be unable to make the requisite provision for the forage of their horses, whilst difficulty might be experienced in this respect during a portion of their service on land, the forage of the horses, and of the mules or ponies accompanying, will be undertaken by the Commissariat, with such assistance as the regiments and followers may be enabled to render after landing.

16. All ranks will be required, as at present, to maintain one efficient horse; but the native commissioned officers will be allowed forage for two horses each, if they desire to take a second charger.

17. The grass-cutters will be paid by the troops, as usual; but the ponies will receive grain, and, when necessary, hay, free of cost. Both grass-cutters and animals will be employed to procure forage when obtainable, and must be held disposable for all purposes.

18. The native commissioned and non-commissioned officers of cavalry will continue to subscribe to the regimental funds to such extent as commanding officers may deem necessary within the limits prescribed by regulations.

19. They will continue to supply themselves with the ordinary clothing, equipment, saddlery, and stable gear for their horses; but articles of extra clothing necessitated by any speciality of climate or service will be issued free of cost.

20. All casualties of horses or ponies arising from neglect or from causes evidently unconnected with the particular nature of the service must, as usual, be replaced by the regiments concerned. Each troop will be allowed to embark and maintain two chunda horses, to meet casualties, which will be rationed free of cost.

21. All casualties among horses or ponies fairly attributable to, or connected with, the service, including those from accident on boardship or during embarkation or disembarkation, will, if there has been no proved neglect, be replaced by Government, or compensation will be allowed, under the rules in the Pay Code for India, Vol. II.

22. During the continuance of the arrangement under which the supply of grain and forage to the cavalry is undertaken by the State, the pay of the several grades will be as follows:—

Bengal Cavalry.

		Rates of pay. Rs.	A.	P.
1	Ressaldar, 1st class	300	0	0
1	„ 2nd „	250	0	0
1	„ 3rd „	200	0	0
1	Ressaidar, 1st „	150	0	0
1	„ 2nd „	135	0	0
1	„ 3rd „	120	0	0
1	Woordie-major	150	0	0
2	Jemadars, 1st class	80	0	0
2	„ 2nd „	70	0	0
2	„ 3rd „	60	0	0
	Duffadars	30	0	0
	Trumpeters	25	0	0
	Sowars	20	0	0

23. Public followers, except those engaged on salaries specifically laid down for the occasion, will receive an addition of 50 per cent. on pay and batta, in addition to free rations, while on foreign service.

24. The sanctioned followers paid by the troops will receive from Government free rations, and such extra pay as may be necessary to put them on a par with the public followers of a similar class.

25. The scale of rations for native troops on shore will be that laid down in Article 641, Indian Commissariat Code, extracted in the margin. An allowance of 1 lb. of meat per man weekly is also authorised.

Atta 2 lbs., or rice	... ...	1½ lbs.
Dhal	... ...	4 oz.
Ghee	... ...	2 „
Salt	... ...	¾ „
Onions	... ...	1 „
Pepper	... ...	1/6 „
Chillies	... ...	1/6 „
Turmeric	... ...	1/6 „

When meat, even on special occasions, is issued, the ration of atta or rice is to be reduced one-half.

No claim for pecuniary compensation can be admitted, if through accident any part of the above authorised scale of rations is not forthcoming.

The issue of tea and sugar should be confined to the cases of sick and wounded, for whom medical officers may authorise it, and for the rest of the troops on special occasions of fatigue, exposure, or bad climate when recommended by the principal medical officer. On such occasions 2 oz. of sugar and ½ oz. of tea per man may be issued.

Tobacco can only be issued on payment at the rate of one ounce per man per diem, the price charged being the first cost to Government, without any addition on account of carriage or losses.

The scale of rations on boardship will be for Europeans that laid down in Appendix XI, page 565, Commissariat Code, and for natives that laid down in Appendix XIV, page 575, of the same Code.

The scale of rations for followers will be as follows:—

Wheat flour or rice	...	1½ lbs.
Dhal	... ...	4 oz.
Ghee	... ...	1 „
Salt	... ...	¾ „

26. On land the forage allowance for each horse will be 8 lbs. of such grain as may be procurable, with 14 lbs. of hay when green forage is not procurable, or otherwise as may be ordered. The allowance for ponies will be one-half of the forage ration of a horse.

"433. Officers *on field service* are required to credit in their pay bills the value of all rations, &c., and the hire of all carriage supplied to them under the following certificate:—

"I do hereby certify on honor that during the period for which the pay (or advance) is drawn, I have received rations from the Commissariat for myself, servants, and horses. I have also had the use of the following Government carriage:— „

27. British officers and departmental warrant officers will be allowed to draw rations for themselves, servants, and horses from the Commissariat Department, payment being made as laid down in the Commissariat Code, paragraph 433:—

Officers—

Rations for themselves, daily, exclusive of rum or extra supplies	Rs.	0	8	0
Rations for their servants, monthly	„	2	8	0
Rations for each horse, daily	„	0	8	0
Warrant Officers—				
Rations for themselves, daily, exclusive of rum or extra supplies ...	„	0	6	0

28. Transport will be charged for at the rates laid down for the Afghan war, *viz.*, 8 annas and 7 annas per diem for camels and mules respectively.

29. The officers of the Military Account Department will act as Field Paymasters, and also have charge of the treasure chest.

30. Pay lists of British troops for the period of the voyage will be rendered to the Pay Examiner of the Presidency to which they belong; from date of landing in Egypt, they will be rendered to the Staff Paymaster with the force proceeding from England.

31. Pay lists of native troops will be forwarded, as soon after the first of each month as may be possible, through the Field Paymaster, to the Pay Examiner of the Presidency to which the troops belong. Officers commanding regiments will draw monthly from the field pay office such sums as may be required for the pay of themselves and their men, after making provision to meet family allotments and remittances, fund subscriptions, &c., the amount of which allotments, &c., they will debit themselves with in their general states.

32. The pay bills of all staff and departmental officers will be adjusted by the Field Paymaster.

33. All payments to native troops will if practicable be made in rupees; but should it be necessary to issue the coinage of the country or British money, their pay and allowances will be converted into that coinage, under the orders of the General Commanding, at the rates of exchange current in Egypt.

34. Officers commanding native regiments and detachments detailed for service are directed to at once draw and distribute three months' pay in advance to their respective corps.

35. Staff and departmental establishments may receive similar advances, not including command, contract, office, and staff allowances.

36. The family remittances to India of the British troops will be made at the official rate of exchange through the Field Paymaster. Remittances to England will be made under the War Office regulations. The family remittances of native troops will be arranged for, as usual, by officers commanding regiments and detachments.

37. Officers, warrant officers and non-commissioned officers, with the exception of those belonging to the British portion of the division, requiring remittances to India, may remit the whole or any part of their pay to India at par on paying the amount to the Field Paymaster, who is authorised to grant transfer remittance receipts on any treasury in India. As an alternative arrangement, officers may leave with the Presidency Paymaster, Bombay, an allotment roll stating the amount they wish to be paid monthly, and the person to whom it should be remitted. That officer will then make the necessary remittance monthly, and he will furnish the Field Paymaster with a list of the sums thus allotted, to enable the latter to make the necessary deduction from officers' pay bills. Remittances to England for the benefit of their families may be made through the Field Paymaster at the official rate of exchange, to the extent of one-half of an officer's clear receipts, exclusive of office and contingent allowances.

38. Officers of the expeditionary force should recover from the pay of followers serving under them the amount that each man may desire to be paid to his family in India, and send to the Controller of Military Accounts, Accounts Branch, Bombay, in time to reach him not later than the 20th of each month, a statement* of such recoveries, according to which the families will be paid under instructions to be issued by that officer. The amount thus recovered should be paid to the Field Paymaster, whose receipt should be entered on, or attached to, the statement.

* Form attached.

39. Every care should be taken to fill in the statements correctly from the tickets given to the men on engagement and the records in the field. Where the information is not available, owing to the loss of the tickets or any other cause, immediate application should be made to the depot commanding or departmental officers concerned.

40. Clothing and equipment on the following scales will be issued to troops and followers:—

British Troops.

Waterproof sheet, English†		1
Jerseys		2
Boots, pairs		1
Puttees (on payment)		1
Extra blanket		1
Canvas frock, for boardship		1

41. In addition to the above, the regulated service kit for all troops will be maintained complete.

42. All the arrangements special to this service will have effect from the date of embarkation, and continue in force until the date of return.

43. Detailed instructions on points connected with the expeditionary force have been issued to all concerned.

44. The embarkation and all subsidiary arrangements will take place under the orders of His Excellency the Commander-in-Chief in India.

APPOINTMENTS.

No. 422.—BRIGADE—

With reference to G. G. O. No. 421 of this date, Colonel O. V. Tanner, C.B., Bombay S. C., Commandant, 29th Bombay Native Infantry, will have the temporary rank of Brigadier-General of the 2nd class while employed in command of a Brigade of the [illegible] Division, Egypt Expeditionary Force.

[illegible] will remain in Commissariat charge, and be issued under the orders of the [illegible]

The 4th August, 1882.

No. 423.—STAFF CORPS—

The undermentioned officer is admitted to the Bengal Staff Corps, with effect from the date specified, subject to the confirmation of the Right Hon'ble the Secretary of State for India:—

Lieutenant Frederick Simpson St. Quintin, Leicestershire Regiment, Officiating Wing Officer, 30th Native Infantry,—17th May, 1880.

The commission of Lieutenant St. Quintin is antedated to the 17th May, 1880, subject to Her Majesty's approval.

No. 424.—MILITARY ACCOUNTS DEPARTMENT—

The following officers to be Assistant Military Accountants, on probation:—

Lieutenant H. E. Passy, Bombay S. C., Wing Officer and Adjutant, 26th Bombay Native Infantry,—18th July, 1882.

Lieutenant W. C. F. Field, Bombay S. C., Wing Officer and Adjutant, 17th Bombay Native Infantry,—20th July, 1882.

FURLOUGH AND LEAVE.

No. 425.—The undermentioned officer has been granted extension of furlough by the Right Hon'ble the Secretary of State for India:—

Major J. E. Sandeman, Bengal S. C., (m. c.) for two months.

MEDICAL DEPARTMENT.

No. 426.—The Governor General in Council is pleased to notify that the provisions of G. G. O. No. 575* of 1880 do not apply to officers of the Indian Medical Service who may be selected for promotion to Deputy Surgeon-General, administrative with a view to appointment to the medical charge of a province.

[illegible] with a view to afford Medical Officers of the Indian Service employed on civil duties the opportunity of acquiring the latest experience of military medical administration before their nomination for promotion to the administrative grade, which nominations will be made at a date to meet, as nearly as possible, foreseen vacancies, the Governor General in Council is pleased to notify that such officers, in the event of their not having performed military duty for six months within the three years immediately preceding the time of their probable promotion, shall on nomination be required to spend six months in medical charge of a Native Regiment at a station which is the head-quarters of a Deputy Surgeon-General, with whom they will be associated in view to their acquiring a thorough acquaintance with the details of the office and the administrative system in force with British and Native troops.

2. Officers who have not complied with the terms of the above G. G. O. will not, however, be eligible for appointment to the administrative grades of the military branch of the service.

NAMES AND DESIGNATIONS.

No. 427.—Major and Brevet Lieutenant-Colonel R. E. Wilmot, General List, Infantry, is permitted to assume the surname of *Eardley-Wilmot* in lieu of that of "Wilmot."

PROMOTIONS.

No. 428.—The following promotions are made, subject to Her Majesty's approval:—

BENGAL STAFF CORPS.

To be Captain.

Lieutenant Henry Spencer Wheatley,—3rd August, 1882.

MEDICAL DEPARTMENT.

To be Deputy Surgeon-General.

Brigade Surgeon Alfred James Dale, M.B., in succession to Deputy Surgeon-General R. H. Perkins, whose tour of service has expired. Dated 3rd August, 1882.

BREVET.

To be Lieutenant-Colonel.

Major Richard Graham Birch, Bengal Cavalry, in succession to Lieutenant-General D. S. Dodgson, C.B., Bengal Infantry, transferred to the Unemployed Supernumerary List. Dated 10th March, 1882.

G. G. O. No. 401 of 1882 is cancelled as far as it refers to Lieutenant-Colonel A. P. Currie, Bombay Cavalry.

No. 429.—Under the provisions of the Royal Warrant of the 10th November, 1881, the name of Major (now Lieutenant-Colonel) A. T. Rolland, Madras S. C., is placed on the list of Lieutenant-Colonels on the Indian Gradation List, in consequence of the transfer to the Unemployed Supernumerary List of General R. G. Taylor, C.B., C.S.I., Bengal S. C., on the 1st April, 1882.

No. 430.—NATIVE ARMY—

7th Native Infantry.

Havildar Soob Kurrum Sing, to be Jemadar, *vice* Judnath Sing, transferred to the 17th Native Infantry,—10th March, 1881.

Pay and Color Havildar Ramburn Opudhia, to be Jemadar, *vice* Doorgah Sing, promoted,—19th July, 1881.

Pay and Color Havildar Bhawanibuccus Sing, to be Jemadar, *vice* Ruchpal Sing, transferred to the 17th Native Infantry,—9th September, 1881.

Pay Havildar Mahomed Yar Khan, to be Jemadar, *vice* Mahomed Zeman Khan, resigned,—8th November, 1881.

This cancels the portions of G. G. O. No. 536 of 1881, and G. G. O. No. 247 of 1882, which refer to these Native officers.

10th Native Infantry.

Jemadar Bahadoor Khan, to be Subadar, *vice* Mowla Bux Khan, invalided,—1st May, 1882.

Jemadar Ramadheen, to be Subadar, *vice* Bebakha, invalided,—9th May, 1882.

Jemadar Ramsoobhoge Singh, to be Subadar, *vice* Muhais Singh, invalided,—1st May, 1882.

Havildar Shamali Khan, to be Jemadar, *vice* Bahadoor Khan, promoted,—1st May, 1882.

Drill Havildar Nowrutton Singh, to be Jemadar, *vice* Ramsoobhoge Singh, promoted,—1st May, 1882.

Havildar Munbodh, to be Jemadar, *vice* Ramadheen, promoted,—9th May, 1882.

20th Native Infantry.

Jemadar Ursulla Khan, to be Subadar, *vice* Meer Mahomed, invalided; Havildar Izzut Khan, to be Jemadar, *vice* Ursulla Khan, promoted,—11th September, 1881.

(Late) 34th Native Infantry.

Havildar Munglie, to be Jemadar, *vice* Thakoorie, invalided,—5th April, 1882.

G. CHESNEY, *Colonel*,
Secretary to the Government of India.

The 10th August 1882.

No. 3078.—Furlough out of India for fifteen months having been granted to Mr. E. F. T. Atkinson, B.C.S., late Officiating Accountant General, Bengal, and Mr. J. E. Cooke having been appointed to officiate temporarily as Accountant General, Bengal, Mr. Atkinson made over, and Mr. Cooke received, charge of the appointment after noon on the 5th August 1882.

The 11th August 1882.

No. 3025.—Mr. H. J. Brereton, Assistant Accountant General, Punjab, having returned from privilege leave, resumed charge of his duties after noon on the 3rd August 1882.

No. 3093.—The following appointments in the Financial Department have been sanctioned, with effect from the 23rd July 1882, inclusive :—

Mr. E. F. T. Atkinson, B.C.S., to be Accountant General, Bengal.

Mr. A. C. Tupp, B.C.S., to be Accountant General, North-Western Provinces and Oudh, and Deputy Commissioner of the Department of Issue of State Paper Currency at Allahabad. Mr. Tupp will however continue, until further orders, to officiate as Accountant General, Bombay, and Commissioner of the Department of Issue of State Paper Currency at Bombay.

Mr. H. F. Clogstoun, M.C.S., to be Accountant General, Madras, and Commissioner of the Department of Issue of State Paper Currency at Madras.

Mr. E. J. Sinkinson, B.C.S., to be an officer in the Enrolled List of the Financial Department (Class II) and to be Deputy Accountant General, Madras. Mr. Sinkinson will however continue, until further orders, to officiate as Accountant General, North-Western Provinces and Oudh, and Deputy Commissioner of the Department of Issue of State Paper Currency at Allahabad.

Mr. Stephen Jacob, B.C.S., is confirmed in the appointment of Under Secretary to the Government of India in the Department of Finance and Commerce.

Mr. J. F. Finlay, M.A., B.C.S., to be an officer in the Enrolled List of the Financial Department (Class IV) and to be Assistant Comptroller General. Mr. Finlay will however continue, until further orders, to officiate as Assistant Accountant General, North-Western Provinces and Oudh.

No. 3111.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read the following papers :—

Letter to the Government of Bombay, No. 1943, dated 13th December 1881.
Letter from the Government of Bombay, No. 4605, dated 14th July 1882, and enclosure.

RESOLUTION.—The Governor General in Council observes that by letter No. 1943, dated 13th December 1881, which was published in Part I of the *Gazette of India*, dated 17th idem, the Government of Bombay was requested to collect and furnish to the Government of India all available information connected with sites in the Bombay Presidency where water-power exists sufficient for putting in motion the machinery of an extensive factory, and that from the report now received from that Government it is evident that suitable sites with sufficient water-power to drive such machinery exist in several districts in the Bombay Presidency.

2. The main object which induced the Government of India to institute these enquiries was to encourage a project for the establishment of a Paper Mill in the Bombay Presidency, such a mill being much wanted there, and, in furtherance of the policy of the Government to encourage local industries, His Excellency in Council would be prepared to enter into a contract with any private individual or firm who may be willing to establish such mills, for a term of five years or more, for the supply of paper required for the public service in India of a quality not inferior to, and at a cost not higher than, that now paid for imported paper. In this view His Excellency in Council hopes that the Government of Bombay will be prepared to consider in a liberal spirit any proposals they may receive for taking up sites possessing water-power for the establishment of Paper Mills.

ORDERED, that the foregoing Resolution be forwarded to the Government of Bombay for information and guidance.

Ordered also, that the Resolution and the report from the Government of Bombay be published in the *Gazette of India*.

No. 4605, dated 14th July 1882.

From—J. MONTEATH, Esq., Acting Under-Secretary to the Government of Bombay, Revenue Department,

To—The Secretary to the Government of India, Dept. of Finance and Commerce.

I am now directed to submit the report called for in your letter No. 1943, dated 13th December 1881, regarding sites in the Bombay Presidency where water-power could be utilised to advantage.

2. From the results of the enquiries made by the local officers in the matter, it would seem that in several districts in this Presidency there are sites where water-power sufficient for putting machinery in motion is available. The following is a brief summary of the reports received on the subject :—

NORTHERN DIVISION.

Ahmedabad.—The Executive Engineer, Irrigation, for Gujárat states that there are several vertical falls on the Háthmati Canal in this district. They are about 11 in number, but are all far from any centre of public industry, except one which is situated near a public road crossing the canal. This fall is in the 9th mile from the head of the canal, and it is calculated that during the monsoon and for a month or more thereafter (depending on the supply of water available from the river and, therefore, on the amount of rainfall) there is about 35 horse-power available at it; but at the end of the hot weather this power is reduced to 2 horse-power. It is also believed that if 2 turbines of 20 horse-power were located at this fall, both of them could be worked at nearly full power for five or six months, one at full power for about three months afterwards and at half power for about another month. No information is supplied regarding the other falls.

Kolába.—The Executive Engineer, Northern Konkan, considers that there are a great number of sites in this district where water-power could be made available. But the Collector, while admitting that many streams run as torrents for half the year, thinks that permanent water-power could not be discovered anywhere in the district, or that, if discovered, there is not likely to be for many years to come any local industry on which it could be profitably employed.

Thána.—It appears from the Collector's report that there are several sites in this district where water-power for working machinery might be obtained, such as Sasunowghar in the Bassein Táluka, the Surya River in the Máhim Táluka, Golsunda in Panvel, the river near Panvel, and the rivers near Nágli and Bhiwandi. But some of these places are situated in wild and thinly populated tracts, and have many other drawbacks, such as unhealthiness of climate, scarcity of labour, &c., while the expense of damming up the rivers would be great. An attempt was made a few years ago to work a paper-mill at Sasunowghar in Bassein, but owing to the lack of capital and the scarcity of labour the undertaking failed. It is stated that a good supply of water could probably be secured at Bhiwandi, that the place is healthy, that labour is there plentiful and cheap, that the Agra road runs close by, and water communication with Bombay can be kept up even during the monsoon, while the railway is only six miles distant. The Executive Engineer remarks: "In a country like the Konkan there would be no difficulty in obtaining an almost unlimited supply of water, provided funds were forthcoming for the construction of a storage reservoir. By simply building up any of the Konkan rivers up to the level of the river-banks I do not think a sufficient supply would be obtained, as the fall is generally too rapid and the banks not sufficiently high."

CENTRAL DIVISION.

Poona.—The Collector believes that there are several places along the different rivers in this district where water flows with a fall through rocky barriers at which water-power might be made available, such as the Ghodnadi, the Mula, the Khadakvásla works, the Bandh and Panowli in the Háveli Táluka. A copy of a statement submitted by the Collector furnishing details regarding the sites mentioned is appended.

Násik.—The Executive Engineer for Irrigation states that there are scores of sites where water-power could be utilised for driving machinery in the four tálukas named in the margin with which he is immediately connected. Every bandhára (a dam across a river) is a site, and there is immense power available from June to December on the rivers Girna and Mosam. The Executive Engineer further states that after the construction of the Chankápur Tank the water-power on all the Girna River bandháras will be continuous throughout the year, varying from a practically unlimited quantity from June to October down to about 18 horse-power effective in the hot weather at each bandhára. As regards the rest of the district, the Collector writes that he knows of only two sites that could well be made use of—one is the fall of the Godávari at Gangápur, six miles from Násik, with which it is connected by a made and bridged road. The fall here is said to be ample, but in the hot season the water is very low, and would have to be supplemented by damming the river higher up. The other is the fall at Nándur Madmeshwar, also on the Godávari, but lower down. It is eight miles from the Niphád Railway Station, with a gravelled road all the way. This is also the site of a proposed weir for an irrigation project, and, if it is carried out, the head of the canal might be utilised for turning a wheel. Labour and carriage would be available at both these places. There is also a site at Walviher in the Igatpuri Táluka, affording good facilities for the working of machinery by water-power, but it is somewhat difficult of access, being eight miles from Igatpuri, the road to which is very bad. The Collector, however, remarks that he cannot imagine a more perfect site for a lake: there is a large basin surrounded by hills, and the only outlet for water is by a narrow gorge, the average rainfall being about 120 inches.

Bágłan, Kalvan, Málegaon, Nándgaon.

Sátára.—The Collector believes that there are sites in this district where water-power exists, but states that without a scientific examination it is not possible for him to say whether there are any spots at which water-power sufficient to move heavy machinery can be found.

Khándesh.—The most eligible site in this district for the utilisation of water-power, which is on the Tápti River near Bhusával, was conceded, on terms which will be stated below, to Messrs. Blaney and Bapty of Bombay. The Executive Engineer for Irrigation is under the impression that there are several other sites both above and below the one above mentioned. But the distance of this part of the country from any railway station is very considerable, and the floods which rise very high in the Tápti would deter capitalists from investing their money in the erection of mills, &c. The Executive Engineer for Irrigation thinks that on the river Pánjra which passes Dhulia, the head-quarters of the Collectorate, water-power varying from 2 to 40 horse-power might be available at times, but the supply would be very irregular and uncertain.

Ahmednagar.—The Collector states that it does not appear that water-power sufficient for putting heavy machinery in motion exists in that district, but he sends copies of letters from Dr. W. O. Ballantine and the Reverend S. B. Fairbank, of the American Mission, who state that at Wazir in the Sangamner Táluka and Lákh in the Ráhuri Táluka waste water flows over the dams in the rains with sufficient power to drive machinery, that water-power could be produced on the Mula River anywhere from 5 to 20 miles above Ráhuri, and that at other places on the Godávari, Mula, and Pera rivers, much might be done by the construction of dams.

SOUTHERN DIVISION.

The only suitable place in this division for utilising water-power for the working of factories is at the Gokák Falls in Belgaum. Messrs. Ritchie, Steuart & Co. have obtained a concession for utilising the water-power at this place. The terms of the concession will be given below.

SIND.

The Commissioner reports that there are no sites in Sind where water-power exists in a form suitable for putting in motion the machinery of an extensive factory.

He remarks: "The immense water-power of the Indus with its unlimited and perennial supply would doubtless prove a most valuable engine in manufacturing industry, were it not for the capricious character of the stream. The river not only rises and inundates the country on each bank, but cuts for itself almost every year new channels, which would render it almost impossible to utilise the stream as a motive power for fixed machinery."

Káthiáwár.

On the Bhádar river in the vicinity of Jetpur there is a direct fall of about 12 feet, the force obtainable being estimated at 30 horse-power. Other favourable sites might be found on the river and on its affluents, the Minsar and the Bileshwari; but they would be too far from roads and railways to be of practical use at present. The firstmentioned would, it is stated, be the most favourable on account of its proximity to the railway, and because the Bhádar is a perennial stream, and would hardly require an artificial dam at the place indicated. The Jetpur station is only two miles off, and labour and carriage are stated to be generally available.

Pálanpur.

At a place called Rálárám, a mile from the Chitrásani station on the Western Rájputána State Railway, a small river which bears the same name flows over a rocky bed, and at one place where it is shut in by hills or high ground on either side it rushes with great force. The stream has never been known to fail even in seasons of the greatest drought, and abundance of labour and carriage could be procured in the vicinity. Two other places also belonging to Pálanpur are situated in the Dántiwáda District, about 14 or 15 miles to the

north-west of the capital town and near each other. One is called Dumdura, and is within the limits of the village of Nadotra; while the other, which is called Vania Dura, is within the limits of the town or village of Dántiwáda. The places in question are on the Banás river, which here flows over rocks with considerable force. They are within 12 or 14 miles of the Chitrásani station, and labour and carriage are procurable.

3. I am to forward herewith a copy of a report by the Chief Engineer for Irrigation on the subject, in which a professional opinion of the value of certain sites for the purpose in question is contained.

4. Referring to the last paragraph of your letter under reply, I am to state that applications have been received from the following gentlemen for the grant of sites for the utilisation of water-power, *viz.*—(1) Mr. J. Gordon on behalf of a projected company for the establishment of a paper mill at Walviher in the Igatpuri Táluka in Násik; (2) Messrs. Thomas Blâney and Bapty for a site on the river Tápti, near Bhusával in Kháudesh, for the utilisation of the available water-power for purposes of mechanical industry; (3) Messrs. Ritchie, Steuart & Co. for a site for the establishment of cotton mills near the falls of Gokák in Belgaum.

5. As the land applied for by Mr. Gordon was mostly occupied assessed land, and as it was impossible to obtain it without resort to the Land Acquisition Act, the owners having declined to part with it on reasonable terms, Government refused to grant the concession asked for.

6. The following are the terms of the concession granted to Messrs. Thomas Blaney and Bapty:—

(1) The land to be held on a 99-years' lease on payment of an annual rental of 4 annas per acre on the unarable land and the present rate of assessment on arable land, *plus* Rs. 10 per annum for the water-power, the lessees to satisfy all private rights in the lands so leased.

(2) The lease to be renewable on such new conditions as Government may then think necessary and proper. If the terms of the renewal are not accepted on the expiration of the lease, the lessees to be required to remove any plant or machinery that may be on the ground within six months.

(3) The works at the fall to be completed before 31st December 1882.

(4) Government to have power to enter and inspect the works at all reasonable times, and to re-enter upon the land if the works should be discontinued. All rights of way to the river to be reserved.

Messrs. Bapty and Blaney have not taken advantage of this concession; but, on 8th December last, Messrs. Forbes & Co. informed this Government that the lease and concession had been assigned to a partner of their London corresponding firm, for the purpose of forming a public company in London with sufficient capital to erect a cotton mill, and requested that the time within which the works must be completed should be extended from 31st December 1882 to 31st December 1883. They were informed in reply (Government Resolution No. 7854, dated 23rd December 1881) that if Government is satisfied before the end of June 1882 that a company has been formed with sufficient capital to carry out the scheme, and that the lease now held by Messrs. Bapty and Blaney has been duly assigned to them personally or as representatives of the company, and if they agreed to the preparation of a deed at their expense, keeping alive the right of Government to re-enter, His Excellency in Council would be prepared to grant the extension of time asked for. No further communication has been received from them.

7. The concessions made to Messrs. Ritchie, Steuart & Co. are the same as those granted to Messrs. Blaney and Bapty as regards the land required for the construction of their mills and other buildings connected therewith, and they have also been offered the use of water from the Gokák Canal at the rate of 17 cubic feet per second on payment of Rs. 203 per cubic foot, or even a larger quantity if required at the rate specified. No charge to be made during the four months of monsoon. It does not appear that they have as yet made any use of the concessions.

8. Arrangements are also in progress for a grant of the concession of water-power at Lake Fife to Mr. Macfarlane.

No. 1567, dated 26th April 1882.

From—J. HART, Esq., Chief Engineer for Irrigation, Bombay,

To—The Secretary to the Govt. of Bombay, Public Works Department (Irrigation).

It appears that the Executive Engineers of this Department have furnished the several Collectors of their divisions with reports on the possible sites for the utilisation of water-power.

2. I need scarcely point out that there are very few rivers rising in the Ghâts which do not at some point or other in their courses afford sites where power could be obtained; but I consider that no practical object would be served by reporting on such, for scarcely any of them would furnish permanently the power required by manufacturers, unless large head and storage works could in the first instance be constructed.

3. Some of the most notable natural sites are—

The falls of the Godávari at Gangávali and the rapids of Nandur Madhmeshwar on the Godávari in Násik.

The rapids in the Krishna at Bahey in Sátára.

The falls on the Ghataprabha at Gokák in Belgaum and the rapids at Bodhán, Kamlápur and Kakrapara on the Tápti river in Surat.

4. But none of these places offer anything further worth the notice of the manufacturer than that they afford favourable sites for the construction of large head-works from which water-power might be obtained by a more or less considerable expenditure of capital in the first instance.

5. It can, I think, easily be shown,—in fact it may be admitted as a maxim,—that in few cases could works be constructed which would pay merely as affording water-power, so that, therefore, we can look only to those sites where water can be utilised to produce power without interfering in any way with its irrigational value.

6. The value of water on irrigation works is 1 rupee per 40,000 cubic feet, at which rate a discharge of 1 cubic foot per second, representing a horse-power of not more than ·085 per foot of fall, would cost Rs. 8·64 per day of 24 hours, or say Rs. 100 per horse-power per day per foot of fall, the rate varying inversely with the fall. Thus with a fall of 10 feet the rate would be Rs. 10 per horse-power per day; and within practical limits of fall the rate is, I should say, prohibitive for commercial speculations.

7. I shall, therefore, confine myself to reporting the sites on which, in connection with irrigation, water-power already exists available for manufactories, or where works, now either under construction or proposed, will soon place water-power in a practical shape within the reach of private speculations.

8. The Háthmati Canal in Gujarát at present affords at the several vertical falls sites for small works to which at present an intermittent supply only could be guaranteed, but with storage works, which are now under investigation, would produce a permanent discharge affording at least 10 to 15 horse-power at ten or eleven points along the canal. These sites are, however, far from commercial centres, and, except possibly that at the crossing of the Ahmednagar and Parántij road, are not at all likely to attract private speculators.

9. In Khándesh there are few works where a permanent power can at present be obtained, although almost every bandhára presents a site with a temporary supply of water-power, say for six or eight months of the year.

10. The Mukti Reservoir is the only work furnishing a permanent supply of power, and below this tank, on the Pánjra River near the station of Dhulia, from 2 to 4 horse-power can be permanently obtained, while during the monsoon the supply would be equal to, say, 40 horse-power.

11. In this district the completion of the Chankápur Reservoir, the early construction of which is now contemplated, would develop a power at every bandhára on the Girna River, varying from one which would be practically unlimited during the monsoon down to 18 horse-power in the dry season.

12. The Násik District has as yet no permanent supply on any of its irrigation works; but after the completion of the Wághad Tank, now under construction, a considerable, though variable, amount of power can be obtained at the tank (about 18 miles from Násik) as well as at the Pálkhed Weir, where a smaller amount would be available.

13. The Poona District affords two permanent sources of power—Lake Fife and the Mátoba Tank. The former has been reported on to Government; *vide* this office No. 3423, dated 13th August 1881.

Special provision has been made in the work for the adaptation of turbines, and the power varies from 100 horse-power to an amount which is at present merely nominal. A statement of the actual discharges and power available month by month during the year is attached.

14. At the Mátoba Tank a small perennial power is available at present; but when irrigation is fully developed it must become merely nominal.

15. As regards the Ahmednagar and Sholápur Division, the perennial outlet of the Ekrúk Tank near Sholápur furnishes for the present a permanent source of power, 24 horses at the minimum.

16. Both the Ashti and the Bhátodi tanks will supply power during the kharíf and part of the rabi seasons; but I do not consider such other than intermittent, which will not pay large speculations.

17. The sites in the Sátára District at which power of a permanent character is at present available on constructed works are below the Máini and Nher tank sluices; but in these cases the amount is so insignificant, the largest being only about 3 horse-power, that it would be scarcely worth the notice of private speculators.

18. Two other works now under construction in this district (the Mhasvad Tank and the Kás Reservoir) will, however, in the course of the next two years furnish more favourable opportunities for the establishment of manufactories in so far at least as water-power is concerned.

19. At the former work about 10 horse-power might be obtained at the head-works of the tank, and at the falls near Katpal it is calculated that over 100 horse-power is obtainable. Both these sites are far from large commercial centres, being relatively about 30 and 20 miles west of Pandharpur.

The latter work might be made to furnish a supply of 10 cubic feet of water per second permanently, with an available head of near 1,000 feet; but the position is by no means a convenient one for the establishment of a large factory, although within about 20 miles of Sátára.

20. It does not appear that any of the existing irrigation works in either Kaládgi, Belgaum, or Dhárwár at present supply any available permanent power.

21. The Gokák Canal, under construction will doubtless afford such; but the site near the head-works has been already disposed of by Government to Messrs. Ritchie, Steuart & Co., and that at the canal falls will probably afford a considerable amount of power, although the extent of such cannot be stated till the exact scope of the project which may be ultimately adopted has been determined.

Statement showing the Monthly, Maximum, Minimum and Average Head, Discharge and Calculated Horse-power of the Mutha Right Bank Canal at Khadakvásla from the 1st July 1880 to the 30th June 1881.

WILLIAM CLERKE, M. INST. C. E.,
Executive Engineer for Irrigation, Poona Division.

Statement to accompany Poona Collector's letter No. 919, dated 9th February 1882.

(Referred to in Bombay Government letter No. 4605, dated 14th July 1882, to the Government of India.)

Sites where Water-power exists sufficient for putting in motion the machinery of an extensive Factory.	Estimated Force obtainable from the water.	General circumstances of the locality.	Distance from the nearest Railway Station.	Quantity of Labour and Carriage generally available.
1	2	3	4	5
1. At Lake Fife, Khadakvásla, Táluka Háveli.	Unknown to me, but the Irrigation Department can tell.	Khadakvásla is a small village, but it is only 10 miles from Poona, and supplies, &c., would have to be brought thence. Lake Fife supplies Poona with water by the Mutha Mula Canal which irrigates a large quantity of land.	10 miles ...	Plenty of labour and carriage procurable in Poona.
2. Bandh at Poona, Táluka Háveli.	.....	This bandh is across the Mutha Mula just below their junction and close to the village of Yerowda; it was built by Sir Jamsetji Jeejeebhoy.	1½ miles ...	.....
3. Panowli, Táluka Háveli.	.....	A dam is thrown across the river Pauna between these two villages, and a channel from a quarter to half a mile in length, in parts cut through rock and in other places supported by very solid masonry, leads to a building like a small domed temple where formerly a large hand-mill was worked by water.	2½ miles ...	Labour and carriage procurable in surrounding villages; also at Poona, which is only 12 miles distant.

J. MOORE,
Collector, Poona.

D. M. BARBOUR,
Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 11th August, 1882.

The 15th August 1882.

No. 3159.

ORDER—By the Government of India, Department of Finance and Commerce.

ORDERED, that the following Despatch, together with the one to which it is a reply, be published in the *Gazette of India* for general information:—

FINANCIAL, No. 210. INDIA OFFICE, *London, 6th July 1882.*

To His Excellency the Most Hon'ble the Governor General of India in Council.

MY LORD MARQUIS,—

PARA. 1. I have considered in Council your letter, dated the 8th of May, No. 123, referring, for my consideration, an application from A. B., praying that he may be allowed to commute a portion of the pension to which he will be entitled on retirement from the Covenanted Civil Service.

2. With reference to the observation of the Government of the North-Western Provinces and Oudh, that the concession asked for by A. B. would, if conceded generally, be a decided boon to the Service at large, without being in any way prejudicial to the interests of the State, you express considerable doubt whether the main object of the Indian pension system might not be defeated by the grant of such a concession generally. At the same time you believe that such a measure, if restricted to individual officers, would tend to remove a special block in promotion in certain places.

3. You therefore request that, in cases in which you may consider that the retirement of officers of the Covenanted Civil Service would have the effect of removing a block in promotion, you may be permitted to allow such officers to commute the whole, or any part, of the £400 of their annuities in excess of the £600 which was supposed to represent the pension formerly given from the Annuity Funds. You propose to require the usual medical certificate in every case, and to calculate the capital value of the sum commuted by Table C on page 130 of the Codes of the Financial Department.

4. It has not hitherto been the practice to give to civil annuitants the option of commuting any portion of their annuities, partly on the ground that they were able by assigning them to practically effect commutation without the intervention of Government. The terms so obtained are necessarily less favourable than those allowed by this office, and, for this reason, the commutation of a portion of an annuity was recently allowed in one case. I do not, however, desire that this practice should become general.

5. But I see no objection to your proposal, which is accordingly approved, subject to the condition that, in every case, the capitalised sum will be paid in India, the annuity being taken at the rate fixed for its payment in that country.

6. It will rest with your Government to decide whether A. B.'s case is one of those in which the privilege of commutation should be conceded.

I have, &c.,
(Sd.) HARTINGTON.

No. 123. *Simla, 8th May 1882.*

To Her Majesty's Secretary of State for India.

MY LORD MARQUIS,—

We have the honour to refer, for Your Lordship's consideration, an application from A. B., praying that he may be allowed to commute a portion of the pension to which he will be entitled on retirement from the Covenanted Civil Service.

2. In submitting A. B.'s application, the Government of the North-Western Provinces and Oudh remarks that the concession asked for would, if granted generally, be a decided boon to the service at large without being in any way prejudicial to the interests of the State. We beg to observe, however, that we have considerable doubts as to the wisdom of allowing commutatron of pensions generally. The main object of the Indian pension system might thereby be defeated. But at the same time we believe that such a measure, if restricted to individual officers, would tend to remove a special block in promotion in certain places. Commutation of pension within certain limits was a part of the remedy applied under the recent arrangements in removing the block in promotion in the North-Western Provinces and elsewhere.

3. Accordingly, we ask Your Lordship's permission to allow officers of the Covenanted Civil Service to commute a portion of their pension in cases in which we may consider that the retirement of the officers will have the effect of removing a block in promotion. The portion of the pension which we would allow to be commuted would be the whole or any part of the £400 in excess of the £600 which was supposed to represent the pension formerly given from the Annuity Funds. A certificate as to the normal prospects of life will be required in every case, and the value of the annuity would be calculated by Table C on page 130 of the Codes of the Financial Department.

The 18th August 1882.

No. 3219.—The following addendum to the Codes of the Financial Department is published for general information:—

C. P. C.

PUBLIC WORKS DEPARTMENT.

NOTIFICATIONS.

Simla, the 16th August 1882.

No. 189.—*Erratum.*—In Public Works Department Notification No. 113, dated 26th April 1882,

appointing certain passed students of the Thomason Civil Engineering College to the Public Works Department, for *Mr. S. Atkin* read *Mr. S. Athim.*

The 18th August 1882.

No. 191.—With reference to Public Works Department Notification No. 383, dated the 6th December 1881, Major G. R. Gibbs, s.c., Executive Engineer, 1st Grade, continued to officiate as Assistant Secretary to the Government of India, Public Works Department, Civil Works Branch, from the forenoon of the 9th February 1882 to the forenoon of the 9th May 1882, from which date his services were replaced at the disposal of the Agent to the Governor General for Central India.

TELEGRAPH.

The 17th August 1882.

No. 190.—The Governor General in Council is pleased to order that the following additions and modifications be made to Rules Nos. 37, 41, and 42 of the Rules and Rates for Inland Telegrams:—

Add as footnote to Rule 37—

"The sender of a State message addressed to a Government official may not prepay a reply; and in the case of a State message addressed to other than a Government official, any sum deposited by the sender under this rule must be intended for no other purpose than to cover the *cost* of a return telegram."

For the present Rules 41 and 42 substitute the following:—

"*Rule 41.*—No refund will, under any circumstances, be made for a State message of any class, or for a 'local' or 'deferred' private message; and no refund will be made for an 'ordinary' or 'urgent' private message and delivered wholly or partially in an unintelligible state, unless the extra charge for repetition has been paid by the sender."

"*Rule 42.*—If an 'ordinary' or 'urgent' private message be not delivered, or be subjected to serious delay through the fault of the Telegraph Department, the whole charge made for it will be returned to the sender."

EXHIBITION.

The 24th August 1882.

No. 151 *Ex.*—An International Exhibition of Colonial productions and articles of general exportation and works of art will be held at Amsterdam in May 1883, to which the Government of India has decided to send samples of raw products, and articles of manufacture other than art or ornamental ware. Exhibits will be ranged under the following classes:—

I.—Animal Products.

1. Wool and hair.
2. Silk, raw, and cocoons.
3. Hides, skins, leather and horns.
4. Butter, oils, fat and grease.
5. Fish.
6. Wax and honey.
7. Musk.
8. Others.

II.—Mineral Products.

1. Building materials.
2. Coal.
3. Chemical products.
4. Metals.
5. Other minerals.

III.—Vegetable Products.

1. Cereals and pulses.
2. Other food-grains and tubers.
3. Coffee.
4. Drugs and medicines.
5. Dyeing and tanning materials.
6. Fibrous substances adapted for the preparation of textile fabrics or of paper.
7. Fodder plants.
8. Fruits, nuts, pickles, preserves and condiments.
9. Hops.
10. Substances used for matting.
11. Oils, oilseeds and oilcake.
12. Perfumery.
13. Spices.
14. Starches and meals.
15. Sugar and spirits.
16. Tea.
17. Tobacco and cigars.
18. Others.

IV.—Manufactured Articles.

1. Carpets and rugs.
2. Cane chairs, &c.
3. Gunny cloths and bags.
4. Mats.
5. Photographs.
6. Rope and cordage.
7. Others.

Exhibits of the above classes will be received from private exhibitors under the following conditions:—

(1) Each sample should not ordinarily exceed 2 lbs. in weight. [This restriction will not apply to such articles as carpets, mats, rope, cordage, &c., which will be taken in a reasonable quantity.]

(2) Freight and all other cost to be paid by the exhibitor up to its arrival at Calcutta. All subsequent charges will be paid by Government.

(3) Samples should ordinarily be put up in small cloth bags of a uniform size, the standard size being that capable of containing one lb. of wheat or rice. Any exhibitor will, however, be allowed to display samples in an ornamental show case, if provided and transmitted to the Exhibition at his own expense.

(4) A label should be attached to each sample on which should be legibly written—

(*a*) Name of district where produced.
(*b*) Name and address of exhibitor.
(*c*) Name of article.
(*d*) Name of variety (if different varieties are sent).
(*e*) Wholesale price of the article at the place of production.

(5) Samples of ordinary articles exceeding 2 lbs. in weight, but not exceeding 40 lbs. (half a maund), will be admitted for exhibition if the exhibitor will pay the freight and provide, or pay for the construction of, suitable cases.

(6) Permission to send exhibits through the Government agency should be obtained before their despatch. Application for permission will not be received after the 1st of December, and the latest date up to which exhibits will be received is 1st of January 1883.

The Government of India has appointed Babu T. N. Mukharji to superintend operations connected with the collection of exhibits for Amsterdam. Communications which do not require reference to the Government of India should be addressed to Babu T. N. Mukharji, Officer in charge of Amsterdam Exhibits, Revenue and Agricultural Department, Calcutta.

Secy. to the Govt. of India.

DEPARTMENT OF FINANCE AND COMMERCE.

NOTIFICATIONS.

Simla, the 24th August 1882.

No. 3352.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

A question having been raised as to whether Stock Notes are to be received as collateral security from contractors in the same way as ordinary Government Promissory Notes are received, the Governor General in Council is pleased to decide that there shall be no distinction between the two classes of Notes so far as security deposits are concerned. As, however, the interest on Stock Notes is payable to bearer and the notes are transferable without endorsement, His Excellency in Council considers that they should always, if possible, be lodged in Government Treasuries for safe custody when tendered as security to any officer of Government. The necessary instructions for their safe custody in Treasuries will be issued in due course by the Comptroller General.

ORDERED, that this Resolution be communicated for information and guidance as follows:—

To the several Departments of the Government of India.

To the several Local Governments and Administrations.

To the Comptroller General and several Accountants General.

To the several Heads of Departments administered by the Government of India in this Department.

Ordered also, that the Resolution be published in the *Gazette of India* for general information.

The 25th August 1882.

No. 3405.—Whereas the Government of His Highness the Maharaja of Mysore has raised a debenture loan of Rs. 20,00,000 for the construction of a line of Railway from Bangalore to Tiptoor, and has paid to the Government of India Rs. 5,000 as composition for the stamp duty payable under the Indian Stamp Act (I of 1879) on the debenture bonds of the said loan when negotiated in British India :

In exercise of the powers conferred by Section 8 of the Indian Stamp Act I of 1879, the Governor General in Council is pleased to remit in the whole of British India the stamp duty payable on the debenture bonds of the said loan when negotiated in British India.

D. M. BARBOUR,
Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 25th August, 1882.

Letter from Chief Commissioner, Central Provinces, No. $\frac{25}{257}$, dated 4th January 1882.
Letter from Chief Commissioner, Coorg, No. 1597-50, dated 6th January 1882.
Letter from the Government of Bombay, No. 500, dated 24th January 1882.
Letter from Chief Commissioner, Assam, No. 575, dated 16th February 1882.
Letter from Chief Commissioner, Ajmer-Merwara, No. 130, dated 23rd February 1882.
Letter from the Government of the Punjab, No. 9, dated 25th February 1882.
Letter from the Government of the North-Western Provinces and Oudh, No. 66, dated 15th March 1882.
Letter from the Resident at Hyderabad, No. 141, dated 27th March 1882.
Letter from the Government of Madras, No. 352A., dated 29th March 1882.
Letter from the Government of Bengal, No. 59 (Stamp), dated 14th April 1882.

RESOLUTION.—It is provided by Act 44 Vic., Cap. 12, Section 47, that "any stamp duties of one penny, which may be legally denoted by adhesive stamps not appropriated by any word or words on the face of them to any particular description of instrument, may be denoted by adhesive penny postage stamps."

2. Under this provision penny postage stamps are in the United Kingdom allowed to be used to denote stamp duties of one penny on any of the instruments named in the margin; but several penny postage stamps cannot be used to denote the duty on an instrument liable to a higher rate of duty than one penny. Nor can two half-penny postage stamps be used to denote the duty of one penny. The Governor General in Council has ascertained that the system has caused no inconvenience, but that on the contrary it has worked well, while the additional

Drafts, receipts, protests, letters of renunciation, policies (other than life policies), proxies, contract notes, delivery orders, certificates of births, deaths and marriages.

facilities afforded to the public have been much appreciated. It is also expected that the system will result in an increase of revenue.

3. In this country a stamp duty of one anna is levied on most of the instruments enumerated above and on a few others, and there can be little doubt that the adoption of a similar system in India would be a very great convenience to the public in the transaction of business, particularly in the matter of receipts. Postage stamps can be obtained everywhere, and many people always keep a supply of them; while receipt stamps can only be procured from stamp vendors, and comparatively few people keep a stock of them. The adoption of the system referred to would, therefore, afford facilities to the public in denoting the stamp duty, and by rendering easier the observance of the law would doubtless increase the revenue.

4. The several Local Governments have been consulted as to the expediency of adopting the system in India, and it appears that all of them approve generally of the proposal. The only objections raised are—

1stly, that it would be difficult to distinguish between postal earnings and the revenue from receipt and other stamps,—a distinction which it is of importance to preserve, both because of the essential difference in the nature of these receipts and because at present stamp revenue is provincial, while postal receipts are imperial;

2ndly, that the unified stamp, after being employed for stamping receipts, would be liable to be fraudulently re-used in payment of postage.

The first objection can easily be removed. The amount of the revenue at present derived from one-anna revenue stamps can be readily ascertained, and, with such slight additions as may be requisite in view of the probable normal growth of the revenue from this source, might form the basis for adjustments between Imperial (Postal) and Provincial (Stamp) Revenues.

But the second objection seems to be of a more formidable nature. Against the possible re-use of the stamps after removal of the defacement it would be necessary to provide by printing the unified stamps in doubly fugitive ink, so that any attempt to remove the defacement would involve the destruction of the imprint. This precaution is considered absolutely necessary for the safety of the revenue in the United Kingdom, and would be at least equally necessary in India, while the extra cost will be but small. If this precaution were adopted, there would be little danger of a stamp which had been once used for payment of postage on a letter being employed a second time as a stamp under the Stamp Act, for the Postal Department defaces the stamp in such a manner as to render its fraudulent re-use practically impossible. The danger consists in the possibility of stamps which have once been used in payment of stamp duties being used a second time as postage stamps,—a danger which arises out of the existing practice which has been encouraged by the Postal Department, under which senders of letters deface the stamps which they put upon their letters, in order to prevent the stamps being removed either before the letters are posted or while in transit through the Post Office.

5. Under Section 11 of the Indian Stamp Act, 1879, a person affixing any adhesive stamp to any instrument is obliged to cancel it, "so that it cannot be used again." He is not obliged to write his name on the stamp, as is the case under the English law. It would be inexpedient to alter the Indian law in such a manner as to bring it into conformity with the English law, as there must be a very large number of persons in India who use the one-anna revenue stamps and who are unable to write. Under these circumstances it is obvious that if a letter were posted the stamp on which had been defaced, it would be impossible for the departmental officers to know whether the stamp in question was one which had been used as a stamp under the Stamp Act, or whether the defacement was merely due to the very general practice already alluded to. It is clear, therefore, that if the reform is to be introduced, the only course open is to prohibit the practice of defacing the postage stamps affixed to letters. By this arrangement any letter received by the Post Office to which a defaced stamp was affixed would be regarded as an unpaid letter.

6. The proposal to adopt the unified stamp, therefore, resolves itself into the question on which side the balance of convenience to the public will lie. On this point the public alone can decide.

7. Before, therefore, taking any final steps to introduce the reform, His Excellency in Council considers it desirable to ascertain the opinion of the European and Native community as to whether it would be more generally acceptable that the public should have the facility afforded by the use of postage stamps instead of the one-anna revenue stamps, and at the same time incur whatever risks the individual runs in the way of fraud by leaving the stamps attached to letters without any defacement, or whether the public regard the present practice of defacing postage stamps as so essential to their own interests as to make them willing to forego the advantages afforded by using postage stamps in the place of a revenue stamp in order that they may retain it.

8. Should public opinion be in favour of the proposed change, it would probably be necessary to modify the scheme in one particular. It has been already stated that in the United Kingdom the penny postage stamp only is admissible to denote the duty. Two half-penny stamps cannot be used for the purpose. To the course adopted in the United Kingdom there could be no reasonable objection. The penny postage stamp denotes the lowest postage payable for a single letter, and is consequently much more used than any other denomination of postage labels. The half-penny stamp is comparatively little used, and it was probably considered that it was not worth while to print it in the doubly fugitive ink.

9. In this country the case is different. The half-anna postage stamp represents the minimum postage rate for all purposes, and in this respect answers to the penny stamp in England. As regards the convenience of the public, therefore, it is of more importance that the use of the half-anna stamp should be permitted for denoting stamp duty than that the one-anna stamp should be capable of being so used. It will, therefore, probably be necessary if the reform is introduced to allow of the use of either a single one-anna or two half-anna stamps to denote the one-anna stamp duty. This can be effected by the issue of a Notification under Section 9 of the Indian Stamp Act, 1879.

ORDERED, that the foregoing Resolution be published in the *Gazette of India*, and that copies be communicated to the Chambers of Commerce, Bengal, Bombay, Madras and Rangoon.

Ordered also, that copies of the Resolution be forwarded to the several Local Governments and Administrations for communication to other public bodies or associations, and that a copy be sent to the Director General of the Post Office of India.

The 31st August 1882.

No. 3485.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read the undermentioned correspondence regarding the printing ink manufactured by Babu Amrita Lal Roy, of No. 35, Barrowaritola Lane, Balliaghatta, Calcutta :—

Letter from Babu Amrita Lal Roy, dated 12th December 1881.
" to the Superintendent, Government Printing (India), No. 2141, dated 23rd December 1881.
" to Babu Amrita Lal Roy, No. 2142, dated 23rd December 1881.
" from Superintendent, Government Printing (India), No. 786P., dated 26th January 1882.
" to Superintendent, Government Printing (India), No. 1393, dated 10th March 1882.
" to Government of Bengal, No. 1394, dated 10th March 1882.
" to Governments of Bombay and Madras, No. 1395, dated 10th March 1882.
" from Government of Bengal, No. 37, dated 27th March 1882.
" from Government of Bombay, No. 1414, dated 17th April 1882.
" from Government of Madras, No. 334, dated 22nd April 1882.
" from Superintendent, Government Printing (India), No. 529P., dated 15th August 1882.

RESOLUTION.—In December 1881 Babu Amrita Lal Roy offered to supply printing ink made by him for use in Government Printing Offices, and was requested to send samples of the ink to the Governments of Bengal, Bombay, and Madras, and to the Superintendent of Government Printing, for examination.

2. From the reports which have been received from the Local Governments, and from the Superintendent of Government Printing on the quality of the ink, it appears that, although it is not suited for what is known as "superior book-work," it is sufficiently good for all ordinary purposes and for form printing, and at the same time the price is lower than that of the ink procured from England for these purposes.

3. Accordingly, in furtherance of the policy of encouraging Indian industries, the Governor General in Council directs that the ink required in all Government Presses for the purpose of form printing or for other ordinary printing work shall be procured from Babu Amrita Lal Roy, or from any other local manufacturer, provided that ink of suitable quality is furnished and that the cost is not higher than that of imported ink of similar quality; and the Governor General in Council also directs that in future no indent for printing ink of a superior quality shall be forwarded to the Secretary of State without first ascertaining that ink of a quality suitable for the work cannot be procured from local manufacturers.

ORDERED, that the foregoing Resolution be communicated to all Local Governments and Administrations, and to the Superintendent of Government Printing (India), Calcutta, for information and guidance.

Ordered also, that a copy of the Resolution be forwarded to Babu Amrita Lal Roy, and that it be published in the *Gazette of India*.

No. 3488.—The services of Mr. W. C. Holmes, of the Madras Civil Service, are replaced at the disposal of the Government of Madras.

The 1st September 1882.

This cancels Public Works Department Notification No. 175, dated 14th July 1882.

W. S. TREVOR, *Colonel, R.E.,*
Secy. to the Govt. of India.

(2) That after twenty years from the date of advertisement, if meantime the note has not been presented for payment, the said investment, with accumulated interest (or the said deposit, if no investment has been made), be delivered to the claimant or his assignee, or other legal representatives, upon a bond of indemnity with two personal sureties attached.

2. If the Comptroller General think that the circumstances warrant more favourable terms to the claimant, he may, if he think fit, submit the case to the Government for orders; but this is not to be done unless the evidence establishes a claim of Rs. 100 at least; nor is the period after which delivery to the claimant may be made to be reduced, under any circumstances, below five years.

ORDERED, that these rules be published in the *Gazette of India* for general information, and communicated to the Comptroller General for information and guidance.

E. C. BUCK,
Secy. to the Govt. of India.

DEPARTMENT OF FINANCE AND COMMERCE.

NOTIFICATIONS.

Simla, the 26th September 1882.

No. 3973.—The Governor General in Council has determined to borrow Two Hundred and Fifty Lakhs of Rupees, being the amount required for the public service.

The following Notification is therefore published :—

FOUR PER CENT. LOAN.

His Excellency the Right Hon'ble the Governor General in Council has resolved to borrow Two Hundred and Fifty Lakhs of Rupees for the public service in the following manner.

2. Promissory Notes will be issued for the said amount in Form A annexed to this Notification, being the form of the notes of *The Four Per Cent. Loan of 1842-43*, of which Loan the notes to be now issued will form a part. All the conditions which apply to notes of *The Four Per Cent. Loan of 1842-43*, will apply to the notes to be now issued.

3. Tenders for the whole or any part of the said amount of Two Hundred and Fifty Lakhs of Rupees will be received by the Comptroller General from this date to noon of Wednesday, the 1st November 1882. Tenders must be in even hundreds of rupees not less than 500 Rs.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a sealed cover, superscribed, "*Tender for the Four Per Cent. Loan, 1882.*" If the tenderer is not resident in India, he must name an agent resident in India to whom a letter of allotment may be issued if any part of the loan is allotted to such tenderer.

5. Each tender must be accompanied by a receipt from one of the Banks of Bengal, Madras, or Bombay, or one of their Branches, or from an Officer in charge of some public Treasury, or by a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, or Bombay, or by* Government Promissory Notes, standing in the name of or endorsed to the tenderer or the person making the deposit, for not less than one-hundredth, or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. If the allotment is not fully taken up, this deposit of one or two per centum will be forfeited; and if one or more Government Promissory Notes have been deposited, such note or notes will be appropriated by the Government and cancelled; otherwise, if the deposit is in cash, it will be treated as in part payment of the last instalment. A cash deposit may, after acceptance of the tender in support of which it is made, be replaced by a Government Promissory Note, as aforesaid.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

7. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms, as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders, will be rejected as null and void.

8. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

9. Tenders will be opened publicly, by the Comptroller General at the Currency Office, No. 1, Dalhousie Square, Calcutta, at noon on Wednesday, the 1st November 1882; but the contents of the tenders will not be disclosed otherwise than as provided in clause 11.

10. Tenders at the recorded minimum rate, and at rates above the recorded minimum rate, will be accepted in the order of the rates tendered, beginning with the highest rate; the amount allotted at the lowest rate at which tenders are accepted, will be divided amongst those who have tendered at this rate, in proportion, as nearly as may be found convenient, to the amounts of their tenders.

11. As soon as possible after the 1st November 1882, letters of allotment will be issued to those persons whose tenders are accepted in whole or in part, or to their agents; and an alphabetical list of the names of those to whom such letters of allotment are issued will be posted, for general information, at the Head Offices of the Banks of Bengal, Madras, and Bombay.

12. Payment of any accepted tender may be made to the account of the Government in the Head Office of one of the Banks of Bengal, Madras, or Bombay, or in any Branch of these Banks, or into any public Treasury or Treasuries in India which may be named in the tender.

13. Accepted tenders must be paid, in equal instalments, as follows :—

One-third on or before Wednesday, the 15th November 1882;
One-third on or before Monday, the 11th December 1882;
One-third on or before Thursday, the 28th December 1882:

but the whole or any part of any accepted tender may be paid at any time after receipt of the letter of allotment.

** It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.*

14. Interest upon each payment will be promptly paid in advance, at the rate of four per centum per annum, from the date of such payment to the last day of January 1883. But, at the option of the allottee and on his paying interest from the first day of August 1882, to date of payment, interest will run from the said first day of August.

15. Scrip receipts for instalments paid will be given by the Banks of Bengal, Madras, and Bombay, or their Branches, or by the Officers in charge of the Government Treasuries at which payment is made. These receipts will, as soon as possible, be exchanged for Promissory Notes issued under this Notification.

16. Any holder of an allotment may at his option, by paying interest for the difference of time upon any amounts paid up after 1st November 1882, receive in lieu of Promissory Notes in Form A, either Promissory Notes with coupons attached, or Stock Certificates (Form B) with coupons attached, and payable to bearer, in accordance with the Loan Notification of this Department, dated 27th June 1881 (*i.e., The Four Per Cent. Loan of 1881,* forming part of *The Four Per Cent. Loan of 1st May 1865*). In such cases the first coupon issued will be that which falls due on 1st May 1883.

FORM *A* OF PROMISSORY NOTE.—(*See Clause 2.*)

FORT WILLIAM, THE 1ST OF FEBRUARY 1843.

Promissory Note *Government Rupees* *at four per cent.*

No. *of 1842-43.*

The Governor General of India in Council does hereby acknowledge to have received from
the sum of Government Rupees Five Hundred as a Loan to the Secretary of State in Council for India; and does hereby promise, for and on behalf of the said Secretary of State in Council, to repay the said Loan, by paying the said sum of Government Rupees Five Hundred to the said
his Executors, or Administrators, or his or their Order, on demand, at the General Treasury at Fort William, after the expiration of Three Months' Notice of Payment, to be given by the Governor General of India in Council, in the *Government Gazette,* and to pay the interest accruing on the said sum of Government Rupees Five Hundred from the 1st February 1883 (Eighty-three), at the rate of four per cent. per annum by half-yearly payments, at the General Treasury of Fort William, to the said his Executors, or Administrators, or his or their Order, until the expiration of three months after such notice of payment as aforesaid, when the amount of interest due will be payable with the principal, and (such notice being considered as equivalent to a tender of payment at the period appointed for the discharge of this note) all further interest shall cease.

FORM *B* OF COUPONED CERTIFICATE.

INDIA FOUR PER CENT. RUPEE LOAN, 1865.

Redeemable at any time after three months' notice in the "Gazette of India."

Certificate

Rs. 000. No.

This is to certify that the bearer of this Certificate is entitled, under the Notification of the Government of India of the 27th June 1881, to Government Rupees India Four Per Cent. Rupee Loan, 1865, payable Three Months after Notice, which may be published in the *Gazette of India* at any time.

No. , Rs.

Calcutta, 1st November 1881.

The coupons attached to this Certificate, as well as the principal sum herein named, are payable to bearer at the Government Treasury at Calcutta only.

FORM OF TENDER.—(*See Clause 4.*)

I, *A.B.*, hereby tender for Rupees (*X*) of *The Four Per Cent. Loan, 1882,* advertised in the Notification published in the *Gazette of India Extraordinary,* dated the 26th September 1882,

and agree to pay for the same, subject to the conditions notified, at the rate of Rupees (*Y*) Annas (*Z*) for every hundred rupees allotted to me.

I enclose a *deposit receipt** for Rupees (*XX*), and engage, if my offer be accepted, to pay to the account of the Government at the Bank of† (or at the† Branch of the Bank of† ; or into the Public Treasury at† , as the case may be) the first instalment of one-third on or before Wednesday, the 15th November 1882, and the several later instalments on or before the dates fixed by the said Notification as follows :—

One-third on or before Monday, 11th December 1882.

One-third on or before Thursday, 28th December 1882.

* Or Cheque or Government Promissory Note.

† Here enter the name of Bank, Branch Bank, or Treasury.

‡ Here insert *C.D.'s* address, which must be in India. This paragraph should only be inserted if *A.B.* does not reside in India.

Any allotment made to me may be communicated to *C.D.* at‡

NOTE.—(1)—*A separate tender must be made at each rate tendered, and each tender must be supported by a separate deposit, and must be in even hundreds of Rupees not less than 500 Rs. As a precaution against mistakes, the tender, or, at least, the name of the tenderer, and the amount and rate tendered, should be written in English. The rate tendered should be the whole amount per centum, not the premium or discount: thus:—"One hundred and two," or "One hundred," or "Ninety-nine"; not "Two per cent. premium," or "Par," or "One per cent. discount."*

By order of the Governor General of India in Council,

D. M. BARBOUR,
Secretary to the Government of India.

NOTIFICATION BY COMPTROLLER GENERAL.

TENDERS FOR LOAN.

In order to secure the early return of deposits made with unaccepted tenders for the new Loan, the Comptroller General notifies the following arrangements :—

1. For all tenders presented to him in his Office upon the last fixed day, or the two days preceding it, he will give the bearer a receipt bearing a number, and initialled by himself or an assistant specially deputed for the purpose.
2. The reverse of this receipt is a form in which the tenderer may give to the Comptroller General a receipt for the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General. The deposit will then be returned to the bearer, in exchange for the receipt.
3. Deposit upon tenders presented personally, as described in No. 1, above, will be returned only in this way, and will not be sent by post, or otherwise. Deposits upon other unsuccessful tenders will be returned by post, or by the hands of a clerk.
4. The Comptroller General requests that, in order to facilitate the business of his Office, tenderers will—
   (1) use the printed forms which will be available at his Office and at the Currency Office, on application to the Durwan on duty,—at all the Provincial Account Offices, and at the Banks of Bengal, Madras, and Bombay:
   (2) if they make more than one tender, put *each* in a separate closed cover:
   (3) if the deposit is in the form of Promissory Notes or of Currency Notes quote their number in detail in the tender.

J. WESTLAND,
Comptroller General.

The 26th September 1882.

The 28th September 1882.

No. 4015.—The services of Surgeon-Major P. F. Bellew are replaced at the disposal of the Military Department.

D. M. BARBOUR,
Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 23rd September, 1882.

FIELD OPERATIONS.

No. 518.—EGYPT—

The military operations in Egypt having been brought to a successful close by the British Forces under the command of General Sir Garnet Wolseley, G.C.B., G.C.M.G. the Most Hon'ble the Viceroy and Governor General in Council desires to express the gratification of the Government of India that the Indian Division of the Expeditionary Force has taken an honourable and important part in those operations and has fully maintained the reputation of the Indian Army.

2. His Excellency in Council also notices with approbation the desire evinced by all branches and classes of Her Majesty's Indian Army to be allowed the opportunity of sharing in this Expedition, as testified to by the reports received from various quarters and the numerous offers of local corps to volunteer for service in Egypt.

3. The Governor General in Council has also had much satisfaction in receiving numerous offers of contribution in men and money for employment on the Expedition from the Princes of India; His Excellency in Council cordially recognises this proof of their loyalty to the Government of the Queen-Empress.

The 29th September, 1882.

HOME DEPARTMENT.

NOTIFICATIONS.—MEDICAL.

Simla, the 3rd October 1882.

No. 420.—The services of Surgeon L. A. Waddell, M.B., Officiating Medical Officer, 30th Native Infantry, are placed temporarily at the disposal of the Government of Bengal.

EDUCATION.

The 6th October 1882.

No. 509.—The following despatch from Her Majesty's Secretary of State for India and its enclosure are published for general information:—

PUBLIC, *Educational.* No. 96. INDIA OFFICE; *London, 31st August 1882.*

To His Excellency the Most Hon'ble the Governor General of India in Council.

MY LORD MARQUIS,—I forward herewith, for the information of Your Excellency in Council, and for the necessary publication, copy of a letter* received from the Gilchrist Trustees, announcing their intention to substitute, from January 1884, one scholarship annually for India, at £150 a year, tenable for four years, and conditionally for five years, in place of the two scholarships at £100 a year, and tenable for four years now offered by them.

* 8th August 1882.

I have, &c.,
(Sd.) HARTINGTON.

4, BROAD SANCTUARY,
Westminster, S.W., 8th August 1882.

To Sir Louis Mallet, C.B.

SIR,—I have the honour of informing you by direction of the Gilchrist Trustees that in consequence of the very limited competition for the *two* scholarships, each of £100 per annum for four years, at present annually offered by them to Natives of India, they have decided to withdraw these; and to institute in place of them a *single* scholarship of £150 per annum for four years to be extended to *five*, if the scholar should prove himself worthy; this scholarship to be awarded by competitive examination in the same manner as at present.

The *two* scholarships will be awarded as hitherto in January 1883, and the *single* scholarship will be substituted for them in January 1884.

I have to request that you will cause this change in the terms of the Gilchrist scholarships to be made known in India, and remain, &c.

(Sd.) WM. B. CARPENTER.

PATENTS.

The 29th September 1882.

No. 953.—Specifications of the undermentioned inventions have been filed, under the provisions of

Act XV of 1859, in the Office of the Secretary to the Government of India in the Home Department. Copies have been sent to one of the Secretaries to each of the Governments of Bengal, Fort St. George, Bombay, and the North-Western Provinces. A copy of every specification is open to public inspection, at all reasonable hours, at the Office of the Secretary to the Government of India in the Home Department at the Presidency, upon payment of a fee of one rupee. A certified copy of any specification will be given to any person requiring the same on payment of the expense of copying :—

Government of India Notifications, Appointments, Promotions, &c.

MILITARY SECRETARY'S OFFICE.

NOTIFICATIONS.

Simla, the 11th October 1882.

His Excellency the Viceroy and Governor General will hold a Levée at Lahore on Wednesday, the 8th November 1882, at 12 noon.

All Civil and Military Officers are invited to attend.

His Excellency will also be glad to receive other Gentlemen, who should submit their names to the Commissioner of Lahore, who will issue cards of admission, which should be shown to the Aide-de-Camp in waiting before the Levée, if required.

All Officers and Gentlemen attending the Levée are requested to bring with them two cards with their names very legibly written upon them.

Officers and Gentlemen wearing uniform will appear in full dress; Gentlemen not wearing uniform in evening dress.

The Levée will be closed by the presentation to His Excellency the Viceroy and Governor General of the Native Officers of the Native Regiments at Lahore by their Commanding Officers, according to seniority of corps.

His Excellency the Viceroy and Governor General will hold a Levée at Lucknow on Monday, the 27th November 1882, at 9-45 P.M.

All Civil and Military Officers are invited to attend.

His Excellency will also be glad to receive other Gentlemen, who should submit their names to the Commissioner of Lucknow, who will issue cards of admission, which should be shown to the Aide-de-Camp in waiting before the Levée, if required.

All Officers and Gentlemen attending the Levée are requested to bring with them two cards with their names very legibly written upon them.

Officers and Gentlemen wearing uniform will appear in full dress; Gentlemen not wearing uniform in evening dress.

The Levée will be closed by the presentation to His Excellency the Viceroy and Governor General of the Native Officers of the Native Regiments at Lucknow by their Commanding Officers, according to seniority of corps.

By Command,

WILLIAM BERESFORD, *Captain*,
Military Secretary to the Viceroy.

PAGES 268 AND 269.

Section 25.

Add the following Clause to this Section :—

"(*e*) To an officer of the Subordinate Revenue Establishment of State Railways acting in an office ordinarily held by an officer of the Superior Revenue Establishment,—Rs. 75, provided that the charge involves duties and responsibilities which in character and extent are such as are not ordinarily imposed on subordinate officers."

No. 4323.

ORDER—By the Government of India, Department of Finance and Commerce.

Read the following :—

No. 1199, dated 7th September 1882.

From—A. P. MACDONNELL, Esq., Offg. Secy. to the Govt. of Bengal, General Dept.,

To—The Secretary to the Government of India, Department of Finance.

I am directed to report, for the information of His Excellency the Governor General in Council, that, on receipt of the Resolutions of the Government of India noted on the margin, copies were forwarded to the Board of Revenue and all indenting Heads of Departments subordinate to this Government, with a request that enquiries might be made and reports submitted regarding the extent to which it was possible to substitute articles of local manufacture for similar articles at present procured through the Store Department of the India Office.

No. 3170, dated the 21st September 1881.
No. 2116, dated the 21st December 1881.

2. Replies (copies enclosed) have now been received from the Board and from the officers consulted;* and I am now to forward a copy of the orders which the Lieutenant-Governor has issued on the subject.

* Chemical Examiner to Government.
Superintendent of Government Printing.
Superintendent of Stationery.
Director of Public Instruction.

3. The Lieutenant-Governor regrets that the employment of articles of Indian manufacture is not yet possible on a larger scale than that indicated in the orders issued; but all Heads of Departments have been directed to use their best endeavours to satisfy their requirements locally if possible, and it is hoped that in future years tenders, especially for articles of stationery, may be forthcoming more freely than at present. Mr. Rivers Thompson has observed with satisfaction that, in the offices of the Collector of Customs and of the Superintendent of Government Printing, articles of local manufacture are employed to a very considerable extent.

No. 217C., dated 7th March 1882.

From—C. J. H. WARDEN, Esq., Chemical Examiner to Government,

To—The Secretary to the Government of Bengal, General Department.

I have the honour to acknowledge receipt of your Circular No. 39 of the 1st December 1881, regarding cheapest mode of obtaining goods of Indian manufacture for articles now obtained from England, and in reply beg to state that some of the chemicals used in my Department can be purchased locally; but, as far as I am aware, chemical apparatus are not manufactured in India, and must, as hitherto, be obtained from Europe.

No. 1165, dated 29th August 1882.

From—C. S. BAYLEY, Esq., Offg. Under-Secy. to the Government of Bengal, General Department,

To—The Chemical Examiner to Government.

With reference to your letter No. 217C., dated the 7th March 1882, I am directed to request that you will be good enough to purchase locally, as far as possible, all chemicals required by you.

No. 385M., dated 3rd March 1882.

From—E. M. LEWIS, Esq., Superintendent, Government Printing, Bengal,

To—The Under-Secy. to the Govt. of Bengal, Revenue and General Departments.

With reference to Circular No. 39 of the 1st December 1881, and reminder No. 39-1, dated 20th February, I have the honour to report that, of the items in the list circulated with the Government of India Resolution No. 3170 of the 21st September 1881, the following forty only are purchased by the Press, such of the remainder as are used in the Press being supplied by the Stationery Office :—

1. Twine.
2. Locks.
3. Scissors.
4. Padlocks.
5. Pasteboard.
6. Longcloth.
7. Tape wicks.
8. Sulphuric acid.
9. Longcloth for covering books.
10. Mercury.
11. Oil, cocoanut.
12. Blank books.
13. Hides.
14. Chalk.
15. Blueprints, large.
16. Scissors, large.
17. Calico, black.
18. „ white.
19. Glue, best English, for bookbinding.
20. Brass dotted rule.
21. Brass waved rule.
22. Teakwood cases.
23. Case racks for 28 cases.
24. Silk headbands.
25. Form racks for four forms.
26. Lye trough.
27. Galley washing trough.
28. Lye preparation, including cask.
29. Galleys, large, brass-bottomed, 18″×15″.
30. Chases, 1 page cap.
31. Ditto, 2 ditto.
32. Galleys, brass, with wooden rims, internal measurement, 24″×10″.
33. Blankets, Napier's fine.
34. Scissors, pressman's.
35. Thread, Europe.
36. Disinfecting powder.
37. Hammers.
38. Candle stands.
39. Paste.
40. Mallets and planers.

For convenience of arrangement the above may be divided under three heads, *viz.*, (1) articles which are already obtainable of local (native) manufacture; (2) articles which can be made to order locally; (3) articles the majority of which may for some time to come have to be obtained of European manufacture.

Under the first head come twine, sulphuric acid, mercury, cocoanut oil, hides, chalk (common), glue, lye—for lye, fuller's earth (saji mutty) is universally used in Calcutta,—candle stands, and paste, all of which can be procured in Calcutta of native production or manufacture, the glue only being imported from the Straits or China.

Under the second head come pasteboard, blank books, large glue pots, teakwood cases and case and form racks, lye troughs, galley washing troughs, large brass-bottomed galleys and brass galleys with wooden rims, chases of all sizes, mallets and planers. Pasteboard and blank books of native manufacture are readily obtainable; they are also made at the Jail Press for the Stationery Office in large numbers; and now chases of all sizes and case and form racks are also made by convict labour. Chases and racks, together with the remaining articles under this head, are also made by native mistrees at a cost generally much below that of the imported article, the requirements of this Press and of the Jail Press having been supplied by native mistrees for some time past.

Under the third head are included all the remaining items, *viz.*, locks, scissors, padlocks, longcloth, tape wicks, longcloth for covering books, large scissors, calico (white and black), brass rule of all kinds, silk headbands, printers' blankets, pressmen's scissors, English thread, disinfecting powder and hammers. The majority of these items may for some time to come have to be obtained of European make; and it occurs to me that perhaps the most economical way of procuring them would be by the formation of a central store in conjunction with an already existing department having frequent dealings with the bazar.

If this department made all purchases when articles had to be purchased locally (or indented for them through the Secretary of State, after ascertaining the particular requirements of each department, when that course could be conveniently followed), the Government should be able to obtain better terms than if each head of an office or department made his purchases direct from the dealer. The Stationery Office being now the principal office of supply, I should say that that office would be the best suited to undertake the charge of these additional stores. The head of that office might also be instructed to watch and encourage the development of native manufacture, and to introduce the locally-made article in place of the imported whenever opportunity offered. Articles such as scissors, locks, &c., are required in such small numbers by individual officers that it would scarcely be possible to bring about through the agency of the latter the results aimed at by the Government of India; but well directed efforts on the part of the head of a central office might soon effect most important changes.

No. 1175, dated 31st August 1882.

From—C. S. BAYLEY, Esq., Offg. Under-Secretary to the Government of Bengal, General Department.

To—The Superintendent of Government Printing, Bengal.

With reference to your letter No. 385M., dated the 3rd March 1882, I am directed to request that you will be good enough to continue to purchase locally the articles noted on the margin, and that you will for the future procure the following articles locally if possible:—Pasteboards, blank books, large glue pots, teakwood cases, and case and form racks, lye troughs, galley washing troughs, large brass-bottomed galleys and brass galleys with wooden rims, chases of all sizes, mallets and planers.

Twine, sulphuric acid, mercury, cocoanut oil, hides, chalk, glue, lye, fuller's earth, candlestands, and paste.

2. With regard to your opinion that the Government would be able to obtain articles required on better terms if the Stationery Office were to make all local purchases of articles than if each Head of an office or department makes separately his own purchases direct from the dealer, the Lieutenant-Governor desires that you will put yourself in communication with the Superintendent of Stationery. In any case in which it may seem expedient to do so, the Lieutenant-Governor is willing that you should procure articles of local manufacture through the Superintendent.

No. 1176.

Extract paragraph 2 forwarded to the Superintendent of Stationery for information and guidance.

No. 5897, dated 10th March 1882.

From—W. H. RYLAND, Esq., Officiating Superintendent of Stationery, Calcutta,

To—The Secretary to the Government of Bengal, General Department.

In reply to your Circular No. 39, dated 1st December 1881, forwarding copy of the Resolution of the Government of India No. 3170, dated 21st September 1881, with a list

of articles procurable of Indian manufacture, and requesting that enquiries may be instituted as to the cheapest and most convenient way of obtaining in future regular supplies of such goods in place of similar articles hitherto procured of European manufacture, I have the honour to report that, having compiled from the list a statement of such articles as relate to this department, together with the sources of supply referred to in this and in previous Government Resolutions, I advertised in two of the commercial advertising papers in Calcutta a list of the articles required for the ensuing year for which I was prepared to receive tenders, copy* of which is annexed, and likewise specially addressed the undermentioned manufacturing companies and individuals, calling attention to the advertisement and offering to supply samples and particulars of any articles for which they might be enabled to tender:—

* Enclosure A.

Messrs. Apcar & Co., Calcutta.
" Jessop & Co., "
" Fraser and Miller, Bombay.
" Richardson and Cruddas, Bombay.
Superintendent, Government Workshop and Foundry, Roorkee.
Superintendent of the Workshops, Government Dockyard.
Manager, Cotton Mills, Bombay.
" " Cawnpore.
" " Calcutta.
Agents, Bally Paper Mills.
Manager, Girgaum Mills, Bombay.
Superintendent, Postal Workshop, Aligarh.
Messrs. Burn & Co., Calcutta.

2. Of the above, I received applications for samples only from those noted on the margin, whom I supplied with all the information required. An abstract of all the replies received from the parties who did not tender is given in the accompanying statement.† It will be observed that the responses to the invitations given are not satisfactory or encouraging, and do not evince any disposition, at present at any rate, to take advantage of the Government offer. This may probably arise from the little inducement to enter on new manufactures of a special kind, the quantities of which required by Government alone, in the absence of any general demand in the country, are not likely to be sufficiently remunerative.

Messrs. Richardson and Cruddas, Bombay.
Superintendent, Canal Foundry and Workshops, Roorkee.
Messrs. Fraser and Miller, Bombay.
" Jessop & Co., Calcutta.
Manager, Girgaum Paper Mills, Bombay.
Messrs. Burn & Co., Calcutta.
James Murray, Esq., Calcutta.

† Enclosure B.

3. So far as tenders have been received, a statement‡ is appended of the several articles with the names of parties tendering and the prices tendered, as compared with the prices actually paid in India to contractors for similar English goods within the last two years, to which I shall briefly allude in each instance:—

‡ Enclosure C.

4. Parallel rulers, 18" long ... ... 10 No. Rs. A. P.

English contract rate ... ... 1 4 5 each

The following tenders have been received:—

Fraser and Miller, Bombay	... ...	2 10 0
Superintendent of Workshops, Roorkee	ebony	4 0 0
	boxwood	3 4 0
Jessop & Co., Calcutta	... ...	5 4 0

The Bombay tender is the lowest, though somewhat higher than the English rate.

5. Round rulers, ebony ... ...

	24 No. 36" by 1¾"	170 No. 30" by 1¼"	400 No. 24" by 1⅛"	1,100 No. 18" by 1"	1,200 No. 12" by ⅜"
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.	Rs. A. P.
English contract rate, 1881-82, per dozen	25 0 0	19 0 0	11 8 0	6 12 0	3 8 0
Potcetpahon Mitter and Aadittya Chandra Bose, Kidderpore ...	ebony, per dozen 22 0 0	22 0 0	11 0 0	6 8 0	3 4 0
	sissoo wood, per dozen ... 10 0 0	9 0 0	8 0 0	5 0 0	2 12 0
Superintendent of Workshops, Roorkee, boxwood, per dozen	15 0 0	12 0 0	9 0 0	6 0 0	3 12 0
Fraser and Miller, Bombay, per dozen	.....	.....	.....	.....	6 0 0
Jessop & Co., Calcutta, per dozen	.....	.....	.....	.....	7 8 0
D. M. Traill, Calcutta, English-made, per dozen ...	24 0 0	13 12 0	9 4 0	5 8 0	2 8 0

If other wood than ebony be accepted, the sissoo wood rulers offered by P. P. Mitter and A. C. Bose of Kidderpore are the cheapest, and next to them the ebony ones they offer. From the samples, however, I am apprehensive that the workmanship is not first-rate nor equal to the English ones, and rulers that are not perfect would be universally rejected by officers to whom they might be supplied. The boxwood rulers offered by the Roorkee Workshops are of a light coloured wood, which is not suitable and has a tendency to warp. The ebony ones offered by Fraser and Miller and Jessop & Co. are too dear, and in contrast to them is the tender made by D. M. Traill of Calcutta for English-made rulers which in point of excellence and cheapness outbeat the rest. Under these circumstances, as the conditions which the Government of India have laid down for giving preference to articles of Indian manufacture are not fulfilled, and I am interdicted from procuring the excepted articles by indent on the

Secretary of State, I must await instructions from Government whether in this instance the rulers of Indian or English make should be accepted.

6. Flat rulers, ebony ... ... { 85 No. 24" / 25 No. 18"

	Rs. A. P.	Rs. A. P.
English contract rate, 1881-82, per dozen	9 12 6	6 1 9
Tenders received.		
P. P. Mitter and A. C. Bose, Kidderpore, sissoo wood, per doz.	9 0 0	6 0 0
P. P. Mitter and A. C. Bose, Kidderpore, ebony "	13 8 0	6 0 0
Fraser and Miller, Bombay "	.....	8 4 0
Superintendent of Workshop, Roorkee, ... "	.....	10 8 0
Superintendent of Workshop, Roorkee, ... boxwood "	.....	6 0 0
Jessop and Company	.....	13 8 0

In this case also the English-made rulers are the best and cheapest.

7. Japanned tin-boxes for colours.

	Rs. A. P.
English contract rate, 1880-81	3 6 10 each.
Tenders received.	
Jessop and Company, Calcutta	5 4 0 "
D. M. Traill, " English-made	3 12 0 "

Here also there is no reason for preferring the Indian-made articles.

8. Red tape in bundles, 7 yards in length, dozen bundles ... ... { 6,000 ½" / 5,000 ¼"

	Rs. A. P.	Rs. A. P.
English contract rate, 1881-82, per dozen bundles ...	0 9 0	0 7 0
Tenders received.		
R. D. Naug and Company, Calcutta	1 0 0	0 14 0
Jodunath Dutta, "	0 14 0	0 10 0
R. H. Hollingbery, "	0 14 0	0 11 0
D. M. Traill " English-made ...	0 8 6	0 6 6
P. P. Mitter and A. C. Bose, Kidderpore	0 8 8	0 6 11

The tenders for this article show that the native manufacture cannot yet compete with the English machine-made tape. The Indian samples are inferior both in quality and colour, and Mr. Traill's offer is decidedly the cheapest. Instructions are required for my guidance.

9. White tape, ⅜" wide ... ... 27,250 yards.

	Rs. A. P.	
Rate of local purchases, 1880-81	0 12 0	per 100 yards.
Tenders received.		
P. P. Mitter and A. C. Bose, Kidderpore, English ...	0 9 9	" "
Elahi Buksh Patwar country ...	2 8 0	" "

The country tape for which only one tender has been received is coarser and much dearer than the English samples. The same remarks apply as to red tape.

10. Plain ink glasses with plated tops ... ... 1,200 dozens.

	Rs. A. P.
English contract rate, 1881-82, per dozen	1 8 0
Tenders received.	
P. P. Mitter and A. C. Bose, Kidderpore, per dozen ...	1 7 8
J. N. Dutt, Calcutta No. 1 " ...	1 8 0
J. N. Dutt, Calcutta " 2 " ...	1 6 0
D. M. Traill, English-made " ...	1 12 0

The samples submitted by the native tenderers are very inferior, and the result is that the ink glasses supplied by the contractors, Messrs. Wiggins, Teape and Company for the present year, are far better and comparatively cheaper than any of the present tenders, not excepting Mr. Traill's, which are also of English make. Further enquiries are being made

in accordance with the instructions of the Government of India in letter No. 869, dated 13th ultimo.

11. Pasteboards, blue, royal size ... ... 1,200 dozens.

	Rs. A. P.
English contract rate, 1880-81, per gross	8 5 0
Tenders received.	
A. B. DeNegri, Calcutta, country-made	9 0 0
D. M. Traill, Calcutta, English-made No. 1 ...	10 4 0
D. M. Traill, Calcutta, English-made " 2 ...	11 0 0
D. M. Traill, Calcutta, English-made " 3 ...	11 8 0
D. M. Traill, Calcutta, English-made " 4 ...	13 8 0

Pasteboards, white, royal size ... ... 4,800 dozens.

	Rs. A. P.
English contract rate, 1880-81, per gross	9 0 0
Tenders received.	
A. B. DeNegri, country, per gross	9 0 0
D. M. Traill, English-made, per gross No. 1 ...	10 4 0
D. M. Traill, English-made, per gross " 2 ...	11 0 0
D. M. Traill, English-made, per gross " 3 ...	11 8 0
D. M. Traill, English-made, per gross " 4 ...	13 8 0

The only tender for country-made pasteboards is from a Frenchman, DeNegri, who has recently introduced the manufacture in this town on a small scale and is desirous of extending his operations. His rates are the same for white pasteboard, and 11 annas per gross more for blue pasteboard than the English contract rates in 1880-81. I would, if the Government approve, accept his tender in the hope that, if he succeeds in his attempt, he may be able to supply a cheaper article in future.

12. Strawboards, of sizes ... ... 384 cwt.

	Rs. A. P.	
English contract rate, 1881-82	8 4 0	per cwt.
Tenders received.		
A. B. DeNegri, country	7 4 0	"
Ramdhone Naug and Company, Calcutta	8 0 0	"
D. M. Traill, Calcutta, English-made	10 4 0	"

In this article the tender of DeNegri is the lowest, and I would accept it.

13. Paper-slices, ivory ... ... 200 dozens.

	Rs. A. P.	
English contract rate, 1881-82	7 0 0	per dozen.
Tenders received.		
D. M. Traill, English-made	6 2 0	"

I have received no tenders for country-made paper-slices, though I have no doubt they ought to be procurable here. Mr. Traill's tender for English-made ones is somewhat lower than the present rate, but I await the orders of Government before acceptance.

14. Blotting paper, pink, superior quality — 37 reams: 2 reams 22½"×17½" 40 lbs. / 25 reams. 32 lbs. / 10 reams. 16 lbs.

	Rs. A. P.	Rs. A. P.	Rs. A. P.	
English contract rate, 1881-82	23 0 0	10 4 9	6 15 2	per ream.
Tender received.				
D. M. Traill, English-made ...	22 8 0	18 0 0	8 4 0	

Blotting paper, white ... ... — 36⅓ reams: 3½ reams. 40 lbs. / 33 reams. 32 lbs.

	Rs. A. P.	Rs. A. P.	
English contract rate, 1881-82	19 8 0	18 1 0	per ream.
Tender received.			
D. M. Traill, English-made	20 0 0	20 0 0	

Only a single tender for English blotting paper has been received. The quantity required being very small and of the very best quality, it is hardly to be expected that the Indian paper mills will care to compete. The Bally Mills Company, which supplies all the ordinary

blotting paper, has declined to undertake the present order. The rate Mr. Traill asks is slightly above the English contract rate for the current year.

15. Brass note-book clasps ... ... 2,000 No.

	Rs.	A.	P.	
English contract rate, 1881-82...	1	13	9	per 100.
Tenders received.				
Jodu Nauth Dutt, Bhowanipore	9	0	0	„
Superintendent of Workshops, Roorkee	7	13	0	„
D. M. Traill, English-made	2	1	3	„

Here it seems hopeless for the country hand-made clasps to stand against the English machine-cut articles which are turned out by the million with perfect regularity of pattern and cheapness of execution. Even the Roorkee samples, which are better and cheaper than the native-made, are about three times dearer than those at present obtained from England.

16. Scissors ... ... { 100 dozens large. / 60 dozens small.

	Rs.	Rs.	A.	P.
English contract rate, 1881-82, per dozen	13	6	8	0
Tender received.				
Superintendent of Postal Workshops, Roorkee ...	12	6	0	0

17. Erasers ... ... 1,200 No.

	Rs.	A.	P.
English contract rate, 1881-82, per dozen	6	4	0
Tender received.			
Superintendent of Workshops, Roorkee	4	8	0

The only tender for scissors and erasers, received from the Roorkee Workshops, has since been recalled by the Superintendent, who states "they cannot be manufactured here, as I have heavy departmental work on hand for the present."

18. Colour-slabs and saucers ... ... { 250 3 nests. / 150 6 nests. } Slabs. / 700 Saucers.

	Rs.	A.	P.	Rs.	A.	P.	Rs.	A.	P.	
English Contract rate, 1881-82	0	3	1½	0	7	6½	0	0	7½	each.
Tender received.										
Burn and Company, Raneegunge Pottery	0	3	4	0	8	0	0	0	8	„

The rates of Messrs. Burn and Company are a trifle higher than the English rates, but the tender may with the approval of Government be accepted.

19. The above constitute all the tenders that have been received. It will be observed that with respect only to the items noted on the margin have satisfactory offers of country articles been received. As regards the rest, for which either no country articles have been offered, or no tenders at all have been received, I would solicit orders whether I am to submit a supplementary indent to be forwarded to the Secretary of State, or whether I am to endeavour to obtain the articles here, as the total value of them is not large, at prices not above those hitherto paid, which I may remark generally have not been excessive. The time will scarcely admit of an indent being sent to England for compliance, unless more than ordinary expedition be used in sending out the goods, but I shall readily carry out any instructions the Government may think proper to issue.

Pasteboards, blue
Ditto. white.
Strawboards.
Colour-slabs.
Do., saucers.

20. As regards the supplies of similar articles for 1883-84, and for the future, it is possible that as the intentions of Government become more widely known, and as fresh industries arise, some of the articles may be competed for, and I shall endeavour to publish the advertisements for tenders at an earlier period; but as the demands of Government in this department are in most cases limited, it is not easy to offer sufficient encouragement for new enterprises which require machinery and capital, and must therefore depend upon the general development and requirements of the country.

A

GOVERNMENT STATIONERY OFFICE.

4, CHURCH LANE.

The 20th September 1881.

NOTICE.

SEALED tenders for the supply of the undermentioned articles of country manufacture, according to samples which may be seen on application at this office, will be received by the undersigned up to 1st December next.

The articles are to be delivered within the month of April next. The parties whose tenders may be accepted will be required to deposit as security 10 per cent. of the value of the articles, and to sign a contract agreement.

B

Abstract Statement of replies to call for tenders.

Names.	Date of reply.	Abstract.
Agent, Elgin Mills Company, Cawnpore.	Dated 14th November 1881 ...	None of the articles enumerated in list of Government stationery are comprised among the Company's manufacture.
Ditto ditto	Dated 2nd January 1882 ...	No broadcloth like sample can be had.
Ditto ditto	Dated 22nd November 1881 ...	The Company do not manufacture tape as per sample forwarded to them.
Manockjee Petit Manufacturing Company, Limited, Bombay.	Dated 28th November 1881 ...	They do not manufacture any of the articles named in the advertisement.
Agents, Bally Paper Mills Company, Limited, Calcutta.	Dated 29th November 1881 ...	They cannot supply any of the articles enumerated in the advertisement.
Manager, Girgaum Paper Mills, Bombay.	Dated 13th December 1881 ...	The mill is not for the present prepared to supply any of the sorts of paper required by the Stationery Office.
James Murray, Hastings Street ...	Dated 26th January 1882 ...	He is unable this year to tender for flat and round rulers for want of suitable wood.
Secretary, Bombay Mill-owners Association.	Dated 30th January 1882 ...	They do not know if any mill in Bombay can make tape similar to sample.

W. H. RYLAND,
Officiating Superintendent.

No. 1166, dated 29th August 1882.

From—C. S. BAYLEY, Esq., Offg. Under-Secy. to Govt. of Bengal, General Dept.,

To—The Officiating Superintendent of Stationery, Calcutta.

I am directed to acknowledge the receipt of your letter No. 5897, dated the 10th March 1882, with enclosures, in which you report the result of the enquiries made by you as to the possibility of substituting articles of stationery of local manufacture for similar articles obtained from England.

2. It appears that, in reply to your call, tenders have been made by different firms and private individuals for the supply of the articles noted on the margin, regarding the purchase of which I am now to communicate to you the following orders.

Parallel rulers.
Round rulers.
Flat rulers.
Japanned tin-boxes for colours.
Red tape.
White tape.
Plain ink glasses with plated tops.
Pasteboards, blue.
Ditto, white.
Strawboards.
Paper slices.
Blotting paper, pink.
Ditto, white.
Brass note-book clasps.
Scissors
Erasers.
Colour-slabs and saucers.

Parallel rulers.—The lowest tender for these articles is that made by Messrs. Fraser and Co. of Bombay, who are willing to supply them at Rs. 2-10. As this is far above the English contract rate of Rs. 1-4-5, these rulers must for the present continue to be procured from England.

Round rulers.—The English contract rate varies according to the size of the rulers from Rs. 25 to Rs. 3-8 a dozen. Tenders have been received from the Roorkee Workshop and from three private firms for the manufacture of these rulers at prices generally below the English rates; but you report that the workmanship is not first rate, or, except in the case of the rulers made at the Roorkee Workshop, such as would be accepted by the officers to whom rulers are supplied. The Roorkee rulers, however, are of box-wood, which has a tendency to warp. Under these circumstances you should for the present obtain round rulers from England, but you should ascertain whether the manufacturers are not in a position to improve upon the specimens shown to you. Messrs. Traill and Co.'s tender for English-made rulers cannot, under the orders of the Government of India, be accepted.

Flat rulers.—None of the specimens for which tenders have been made are as good or as cheap as the rulers procured from England. The tenders must therefore be rejected.

Japanned tin-boxes for colours.—One tender only has been received for native-made colour boxes. The price at which they are offered is Rs. 5-4, which is nearly Rs. 2 higher than the English contract rate—Rs. 3-6-10. These boxes must still be procured from England.

Red and white tape.—The tape of native manufacture, for which tenders have been received, is, you report, far inferior to that procured from England; and no change can therefore be made in the mode of purchase for the present.

Ink glasses.—The Lieutenant-Governor will await a report as to the result of the further enquiries which you are making as to these articles. In the meantime, as those produced by the tenderers are of inferior manufacture, ink glasses must be procured from England.

Pasteboards and strawboards.—You have already been authorised to enter into a contract with Mr. DeNegri of Calcutta for the purchase of these articles.

Paper slices and blotting paper.—The only tender made being for paper slices and blotting paper of English manufacture cannot be accepted. It is a matter for regret that the Bally Mills, which supply the cheaper kinds of blotting paper, should have been unable to undertake the manufacture of the quantities of superior blotting paper required.

Brass note-book clasps.—The best tender for these articles of native manufacture was that received from the Roorkee Workshop, but the clasps are of inferior manufacture and very much dearer than those procured from England. No change can be made in the method of procuring these clasps.

Scissors and erasers.—These must still be procured from England, as the Superintendent of the Roorkee Workshop, who submitted the only tenders, has since withdrawn them owing to press of departmental work. You should, however, ascertain whether it is possible to procure these articles from Roorkee in future.

Colour-slabs and saucers.—The tender submitted by Messrs. Burn and Co. for the supply of these articles is little higher than the contract rate, and should therefore be accepted.

3. The Lieutenant-Governor regrets that more offers from Indian manufacturers have not been forthcoming, but he trusts that in future years it may be possible to extend the number of articles of stationery which it is possible to procure in this country, and you should take every opportunity of doing this. In the meantime, however, you should submit at once a supplementary indent for such of the above articles as are now required. Should it be impossible in any case to wait for the receipt of supplies from England, you are authorised to make purchases locally, but this discretion should be used as sparingly as possible.

4. Orders have been issued to all indenting officers, subordinate to this Government, to communicate to you any instance in which they consider that they can procure articles in the local market cheaper or of better quality than those procured through your office, with a view to your making the necessary enquiries on the subject. It will probably be expedient that all purchases should ultimately be made by you.

No. 1167.

Copy, with copy of the letter to which this is a reply, forwarded to the Financial Department of this office for information, with reference to Mr. Baker's endorsement No. 957T.F., dated the 14th July 1882.

No. 3872, dated 19th June 1882.

From—A. W. CROFT, Esq., M.A., Director of Public Instruction, Bengal,

To—The Secretary to the Government of Bengal, General Department.

I have the honour to submit the report called for in your Circular No. 39, dated 1st December 1881, as to the cheapest way of substituting goods of Indian manufacture for articles now obtained from England.

2. The articles in general use by this Department are—

(1) Stationery.
(2) Books.
(3) Furniture.
(4) Chemicals.
(5) Scientific apparatus.

(1) *Stationery.*—This is obtained either by indent on the Superintendent of Stationery, or in the local market. The first head need not be here considered, as the necessary enquiries have doubtless been made by the Superintendent, who will continue to supply the requirements of this department. With regard to the second head, purchases of which are made from a budget allowance for "Country stationery," the separate colleges and schools already procure in the local market what they need. The articles purchased under this head vary in different localities. For instance, though blotting paper, brown paper, rough paper, twine, gum, inkstands, and seales are articles of local manufacture at Cuttack, and therefore rightly purchased from the allowance for country stationery, yet at Rajshahye or Patna, where there is no such local manufacture, the same articles are procured from the Superintendent of Stationery.

(2) *Books* (Other than those published in this country) are purchased either from Messrs. Brown & Co. under the existing contract with the Government, or from the Calcutta School Book Society by a special arrangement for the Education Department.

(3) *Furniture* is always procured of local manufacture.

(4) *Chemicals* are procured, whenever possible, from Messrs. Waldie & Co. of Cossipore under recent orders of Government. Those not procurable from Messrs. Waldie & Co. are obtained by indent on the Secretary of State through the Store Department. In this connection, however, I beg to submit copy of a letter from Mr. A. Pedler, Professor of Chemistry in the Presidency College, on the comparative advantages of procuring chemicals locally and from England.

(5) *Scientific apparatus* is in all cases procured from England through the Store Department of the India Office. The process is a tedious one and involves very great delay; but proposals to adopt a more expeditious and equally cheap method of procuring such articles have not received the sanction of Government.

3. With regard to articles of miscellaneous use, there is necessarily no fixed rule. Padlocks are manufactured at one place; purdahs, towels, and table-cloths at another; scissors at a third. Where such articles are manufactured locally, they are already in local use; where they are not manufactured locally, they are procured, whether of English or of Indian manufacture, from the local shopkeepers; and quality and price together determine in each case which shall be purchased. But no miscellaneous articles of this class are procured directly from England by the Education Department.

Dated 7th February 1882.

From—A. PEDLER, Esq., Professor of Chemistry, Presidency College,

To—The Principal, Presidency College.

With reference to Circular No. 70 from the Director of Public Instruction, I have the honour to state that it has been the practice for some years at the Presidency College to obtain certain chemicals, stores, &c., for the use of the chemical laboratory. The list of such articles will be found in the various petty expenditure bills which have been sent in from time to time.

Most of the chemicals and chemical apparatus required for the use of the laboratory have, however, always been indented for from England for two or three reasons. First, much of the apparatus and a considerable proportion of the chemicals required cannot be obtained in

the local market at all; secondly, the articles procured from England direct are usually in better condition or of better quality than those locally obtainable; and thirdly, the cost of articles procured by indent is rarely more than one-half that of articles purchased from the majority of local suppliers. *With regard to this last point*, I have carefully compared the cost of certain articles obtained from England with the price as quoted by a wholesale chemist in Calcutta, and have found that the English price was little more than one-half the Indian price.

In the list given in the Circular, I find in some instances that the prices paid for chemicals are three and four times as much as they could be obtained for from England; and if thought necessary, I could submit a list of the comparative prices. It would *therefore, in my opinion*, be far more expensive to buy all the chemicals, &c., required for the Presidency College in the local market than, as at present, by indent; and I am also of opinion that there would be no falling off in the quality of articles obtained.

No. 1168, dated 29th August 1882.

From—C. S. BAYLEY, Esq., Offg. Under-Secy. to the Govt. of Bengal, General Dept.,

To—The Director of Public Instruction, Bengal.

I am directed to acknowlege the receipt of your letter No. 3872, dated the 19th June 1882, with enclosure, and in reply to say that you should continue to purchase locally the furniture required by you. Such scientific apparatus as cannot be procured of Indian manufacture must for the present be procured from England through the Store Department of the India Office; but the Lieutenant-Governor trusts that you will use every effort to employ articles of local manufacture as far as possible.

No. 467B., dated 6th June 1882.

From—A. FORBES, Esq., Secretary to the Board of Revenue, Lower Provinces,

To—The Secretary to the Government of Bengal, General Department.

I am directed to submit the following reply to Government Circular No. 39, dated 1st December last, calling for a report, after the necessary enquiries, regarding the cheapest and most convenient way of obtaining in future regular supplies of goods of Indian manufacture required by officers subordinate to the Board.

2. The Opium Agent of Behar state that very few of the articles enumerated in the list annexed to the Government circular under reply as of Indian manufacture have any reference to his requirements, and that the quantities required in his department of the articles marginally noted are so small that it would be scarcely worth while to make a contract for the supply of them for a term of years. He further explains that the canvas required is used for covering the fire-engine hose, and must be of the best English quality; and with reference to kerosine oil, he strongly recommends that, in order to avoid risk from fire, the best American oil be still purchased in Calcutta. The Board would give their support to these two proposals. As regards hammers, the Agent states that steel-faced ones are required both for smiths, rivetters, and carpenters, and that those locally manufactured are not steel-faced, but only case-hardened, and therefore neither durable nor effective. The Agent has, however, been informed that the orders of Government on this point should be carried out, and he has been instructed to make further endeavours to obtain locally made hammers of a suitable quality, reporting the result to the Board. As regards linseed oil, instructions have already been issued to the Agent that the article should be obtained from the Ghazipur Jail, where the Board have ascertained that it can be procured of excellent quality. The Agent reports that padlocks of Indian manufacture are inferior in point of strength and workmanship, and unsuited to the requirements of the Opium Department. On this subject the Principal Assistant, Dr. Sheppard, remarks—

Canvas, twine for sewing canvas, kerosine and linseed oil, iron padlocks, rope, iron and brass hinges, iron chains, &c.

PARA. 7 * * * * * * * as we use padlocks to secure our *storing houses at night*, one of which contains over 1½ millions sterling of moveable property in the form of opium cakes, a bad padlock is useless. Further, we require padlocks made different for each building, and in sets, so that one key will open all. I doubt if such could be obtained in India.

Any one who has witnessed the delay on opening the locks of a godown at night, when each padlock has to be opened by a different key, even by a native turnkey of experience, will be aware of the danger run when such a cause of excitement as the outbreak of fire deprives the natives of such little presence of mind as they possess, and renders them useless.

My opinion is it would be next to impossible to get the godown doors open, and get at a fire, were each lock different and a separate key needed. * * * * * * * *

The Board, however, have informed the Agent that they consider that the wishes of Government should be carried out in this particular also, and he has been informed of the result of the enquiries which have been made by the Opium Agent of Benares regarding padlocks, as mentioned in paragraph 3 of this report, with the request that he will make any further enquiries from Messrs. Marillier and Edwards on the subject that he may consider necessary,

The Agent also expressed an opinion that the pitch supplied should be of European make. The Board accordingly made enquiries in this matter from the Oriental Gas Company, Messrs. Ahmuty and Co., and elsewhere. The result was to show that, although coal-pitch used to be prepared by the Oriental Gas Company, its manufacture has been discontinued, and that it cannot now be obtained in this country. The native contractor who supplies the Patna Opium Factory has also informed the Board that he obtains his supplies from England. The Benares Agent has since reported to the same effect.

3. The Opium Agent of Benares observes that the articles referred to in the list forwarded with the Government circular, and which are required in the Opium Factory at Ghazipur, may be divided into the following heads :—

(1) Chemicals—

Nitric acid, hydrochloric acid, sulphuric acid (in bottles), iodine, spirits of wine, sal-ammoniac, and potash caustic. All these are obtained by direct indent on the Medical Store-keeper at Calcutta, and the acids, &c., are presumed to be of Indian manufacture.

(2) Country stationery, including—

Country paper, ink and pens, and common pencils and pins.

These, when required, are purchased in the bazar.

(3) Ironware, including—

Padlocks, &c.

The Agent has reported that he addressed five firms and establishments, and asked them to state the rates at which they would be willing to supply the factory, for a term of five years, with the articles required; and that, of the offers received, Messrs. Marillier and Edwards' rates are, as will be seen from the table in the margin, the most reasonable and cheapest. The Superintendent of the Roorkee Workshops reported that he was unable to tender for the supply of any of the articles required. The Superintendent of the Postal Workshops at Aligarh tendered for only brass locks as shown in the marginal statement, and added that an addition of 15 per cent. on the price noted is chargeable on articles supplied to departments other than the Postal Department. The Agent has been asked to state where he has hitherto obtained the articles shown in the statement, and at what prices. On receipt of his reply, orders will be passed by the Board regarding accepting Messrs. Marillier and Edwards' tender.

Names of Firms.	Iron padlocks, like Chubbs'.	Double block tin sheet.	Single tin sheet.	Twine, English.	Brass locks for drawers and boxes.	Leather, English.
	Rs. A. P.	Rs. A. P.	Rs. A. P.	Per lb. Rs. A. P.	Each. Rs. A. P.	Per lb. Rs. A. P.
Messrs. Ahmuty & Co., Calcutta	...	0 12 0	0 6 0	0 12 0	1 8 0	1 12 0
" Marillier & Edwards, Calcutta.	1 4 0	0 5 0	0 1 6	0 12 0	1 6 0	1 10 0
" T. E. Thompson & Co., Calcutta.	1 8 0	0 5 9	0 1 9	...	2 0 0	2 0 0
Superintendent, Government Workshops, Roorkee.	Cannot tender.					
Superintendent, Postal Workshops, Aligarh.	...	...	...	...	1 20 6	...

(4) Cotton articles—

Kharua cloth, dammer cloth, cotton rope, and cotton wick.

With the exception of the dammer cloth, which is obtained from the Cawnpore mills, these articles are purchased in the local bazar. For twine of country manufacture, which is required in large quantities, tenders are usually invited.

(5) Oils—

Castor oil, mustard oil, linseed oil, poppy oil, and common oil.

Castor oil is obtained by purchase from the bazar at the ruling rates; the other oils have usually been supplied by the Ghazipur Jail.

4. The Collector of Customs at Calcutta has submitted a statement, a copy of which is enclosed, showing in detail the articles in use in the Calcutta Custom House, together with information whether the articles procured are of Indian manufacture or not, and where it is proposed to procure them in future. The Collector of Customs has been instructed by the Board to obtain the articles (A) marginally noted in the bazar, as proposed by him; and that for any of these articles for which his requirements are considerable or constant, he can call for tenders from bazar dealers. The articles (B) next noted in the margin the Collector must continue, the Board think, to obtain from the Marine Department, as he now does.

(A) 1. Almirah.
5. Brooms.
6. Baskets for waste paper.
10. Chalk.
11. Cloth, coarse, for dusters.
12. Cocoanut oil.
13. Chairs.
14. Candles.
22. Desks.
28. File strings.
33. Gunny-bags (small).
34. Gurrah cloth.
46. Leather.
47. Lamp oil.
52. Mats.
63. Paste.
71. Record stand.
76. Scales, large, for weighing salt and rice.
79. Soap, Dacca.
80. Sujeemuttee.
84. Twine.
85. Table.

(B) 9. Bholeos.
15. Coal.
17. Clock.
29. Flags (ensign).
50. Life-buoy.
68. Pansway.
81. Steam-launches.

5. The articles (C) are at present obtained by the Collector of Customs from the Superintendent of Stationery. It is observed that the Collector of Customs now proposes to supply himself with several of them (marked with an asterisk) from the bazar. As, however, the Superintendent is the authorised medium through whom Government officers are supplied with the articles referred to, it will probably be advisable for the Collector to continue to draw his supplies from the Superintendent, and it will be the duty of the Superintendent to obtain the articles of Indian manufacture on the most favourable terms possible in this country. The Board are of opinion that the best plan will be for the Collector to arrange this matter in correspondence with the Superintendent, mentioning, for the Superintendent's information, the prices at which he can now supply himself from the bazar. If the Superintendent agrees that it will be for the convenience of his own and the Collector's office that the latter should obtain any of the articles in question otherwise than through his agency, the Board have no objection to this being done, provided that the Collector can obtain as good and cheap supplies in this way as through the Superintendent.

(C) 4. Blank books of sizes.
27. Envelopes of sizes.
30. Goose quills.
*31. Glass inkpots.
*32. Gum arabic.
39. Hones.
42. Ink, black and red.
*43. Inkstands (wooden).
44. India rubber.
51. Mill-boards.
53. Needles.
56. Paper—
Bally, royal, double foolscap.
Blotting.
Cartridge, white and blue.
Double foolscap.
Foolscap.
Foolscap, English printing.
Marble.
Note.
Brown.
57. Penknives.
58. Paste boards.
*59. Paper-weights.
*60. Paper-cutters.
*61. Pen-holders.
62. Pencils (soft).
(middling).
(coloured).
64. Pins.
*69. Rulers.
*70. Red tape.
*73. Scissors (large).
(small).
*74. Sealing-wax.
*75. Steel pens (medium).
(broad).
(Magnum Bonum).
*83. Thread, silk.
92. Wafers.
*93. Waxcloth.

6. The Collector of Customs also proposes to obtain the articles (D) from Messrs. Ahmuty and Co. or Messrs. Harton and Co. He has hitherto been supplied with them by the Marine Department. The Board have instructed the Collector to consider the remarks in the preceding paragraph of this letter, *mutatis mutandis*, applicable to such of these articles as are of Indian manufacture, and he has been informed that he should continue to obtain such of them as are of English manufacture (and for which Indian articles cannot be substituted) through the Marine Department. Similar orders have been issued to the Collector regarding the few articles (E) which he proposes in future to obtain from the bazar.

(D) 2. Awnings.
3. Anchors.
7. Buckets.
8. Boat hooks.
16. Chains.
18. Cooking knives.
19. Coir, yarn.
20. Cotton, waste.
23. Dungaree for dusters.
24. Dosootee cloth.
25. Deckchees.
40. Hide.
45. Jute.
49. Lamps.
55. Oars.
68. Paint.
67. Paint brushes.
72. Rope.
78. Scrubbing brushes.

(E) 54. Oil.
77. Scales, very small.
86. Twine, ball.
87. Twine, sewing.
88. Twine, sewing palm.
89. Thallies.
90. Thread, cotton.
91. Varnish.
95. Weighing machines.

7. As regards the articles numbered 48 and 65, the Collector has been recommended to communicate with Messrs. Marillier and Edwards, who, the Board are informed, are prepared to supply locks and padlocks of superior make on the most reasonable terms obtainable in this country. He has been desired to ascertain whether this is the case, and to submit a further report for the Board's orders. The Board have also requested the Collector to state why the article numbered 37 cannot be had of Indian manufacture.

48. Locks and keys.
65. Padlocks.
37. Gallon measure (copper).

8. The chief or only supplies required by the Shipping Master of Calcutta, the Toll Collectors of the Calcutta Canals and of the Nuddea rivers, and the Customs Collectors at Chittagong, the Orissa ports and Naraingunge, are stationery supplies, which are obtained direct from the Superintendent of Stationery.

9. The Commissioner of Orissa reports that marine stores for the ports have hitherto been supplied by the Superintendent of Marine. It appears that the articles supplied, *viz.*, buoys, chain, spelter sheet, shackles, hawsers, flags, canvas, fire-buckets, and water-closets, cannot be procured locally.

10. The Superintendent of Stationery has informed the Board that he has submitted the report called for from him direct to Government in his No. 352B., dated 5th ultimo.

1 Name of article.	2 Where now procured by this office.	3 Whether the articles procured by us are of Indian manufacture or not.	4 Where manufactured or procurable.	5 Where it is proposed to procure them in future.	6 Remarks.

W. H. GRIMLEY,
Officiating Collector of Customs.

No. 1177, dated 31st August 1882.

From—C. S. BAYLEY, Esq., Offg. Under-Secretary to the Government of Bengal, General Department,

To—The Secretary to the Board of Revenue, Miscellaneous Revenue Department.

In acknowledging the receipt of your letter No. 467B., dated the 6th June 1882, with enclosure, I am directed to say that the Lieutenant-Governor approves the proposals of the Board that canvas for covering the fire-engine at the Behar Opium Factory should be procured of the best English quality, and that the best American kerosine oil should continue to be purchased for the Factory in Calcutta. All oils, such as mustard oil, castor oil, linseed oil, poppy oil, &c., required for use in the Behar and Benares Opium Agencies, should be purchased locally.

2. The Lieutenant-Governor is glad to observe that the chemicals and country stationery required for the Benares Opium Agency are purchased locally at present, and desires that this practice may be continued. Any orders that may be passed by the Board regarding the acceptance of the tender of Messrs. Marillier and Edwards for the supply of locks and keys and padlocks required for use in the Benares Opium Agency and the Calcutta Custom House should be reported for the information of Government.

3. The Board's instructions to the Collector of Customs, Calcutta, for the purchase of miscellaneous stores required by him are also approved.

4. With regard to your suggestion that the Collector of Customs, Calcutta, should obtain by local purchase certain articles hitherto supplied by the Superintendent of Stationery, I am to request that Mr. Grimley may be instructed to communicate with the Superintendent of Stationery regarding the prices of articles which he believes that he can obtain more cheaply or of better quality than those at present procured through the Stationery Office. The Superintendent of Stationery is obviously in the best position to make such purchases as may be necessary, but it is important that he should be in possession of the fullest information with regard to each article. All indenting officers will be instructed to communicate to the Superintendent any information regarding the sale of articles of local manufacture which may come to their knowledge.

Circular No. 23.

Extract paragraph 4 forwarded to all indenting Officers subordinate to this Government for information and guidance.

No. 776 B., dated 9th September 1882.

From—A. FORBES, Esq., Secretary to the Board of Revenue, Lower Provinces,

To—The Secretary to the Government of Bengal, General Department.

I am directed to state, for the information of Government, that it now appears from Messrs. Marillier and Edwards' own statement in a recent letter addressed by them to the Board, that all of the articles mentioned in the tabular statement in paragraph 3 of the Board's report to Government No. 467B., dated 6th June 1882, for the supply of which they submitted a tender, are of European and not of Indian manufacture, and that none of them can be manufactured in this country at rates to compete with English rates. The articles referred to must, therefore, under the rules laid down by the Government of India, be obtained on indent from the Secretary of State. Instructions to this effect have been communicated to the Opium Agent of Benares.

No. 414 T.G., dated 22nd September 1882.

Endorsed by the Government of Bengal.

Copy submitted to the Secretary to the Government of India, in the Department of Finance and Commerce for information, in continuation of Mr. Bayley's letter No. 1199, dated the 7th September 1882.

ORDER.—Ordered, that the foregoing correspondence be published in the *Gazette of India* for general information.

The 14th October 1882.

No. 4324.—*Abstract of the Accounts of the Department of Issue of Paper Currency on the 30th September 1882, published as required by Section 23 of the Indian Paper Currency Act, 1871.*

Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Simla, the 13th October 1882.

APPOINTMENTS.

No. 545.—The Viceroy and Governor Genera in Council has much gratification in announcing that the Queen, Empress of India, has been graciously pleased, in recognition of the services of the 13th Bengal Lancers during the recent military operations in Egypt, to appoint Major-General His Royal Highness the Duke of Connaught and Strathearn to be Honorary Colonel of that corps. Dated 6th October, 1882.

No. 546.—MEDICAL DEPARTMENT—

Brigade-Surgeon J. Ferguson, Army Medical Department, to officiate with temporary rank as Deputy Surgeon-General, Rawal Pindi Division, *vice* Deputy Surgeon-General A. H. Fraser, whose tour of service has expired.

No. 547.—PUNJAB FRONTIER FORCE—

(Queen's Own) Corps of Guides.

Lieutenant F. Campbell, South Lancashire Regiment, a candidate for the Bengal Staff Corps, to officiate as Wing Officer, on probation, with effect from the 18th September, 1882, *vice* Lieutenant M. C. Cooke-Collis, on furlough.

6th Punjab Infantry.

Lieutenant F. O. Anderson, Cheshire Regiment, a candidate for the Bengal Staff Corps, to officiate as Wing Officer, on probation, with effect from the 8th September, 1882, *vice* Lieutenant H. B. Urmston, on furlough.

No. 548.—VOLUNTEER CORPS—

Hyderabad Volunteer Rifle Corps.

William Brittain Jones, Esquire, C.S., Resident at Hyderabad, to be Honorary Colonel.

FURLOUGH AND LEAVE.

No. 549.—The undermentioned officers are granted furlough out of India, with the necessary subsidiary leave:—

Lieutenant-Colonel (Brevet Colonel) F. M. Armstrong, C.B., Bengal S. C., Commandant, 45th Native Infantry, (p. a.) for two years, under rule IX of the regulations of 1868.

Lieutenant-Colonel R. A. Wauchope, Bengal S. C., Wing Commander and 2nd-in-Command, 14th Native Infantry, (p. a.) for 128 days, under rule IX of the regulations of 1868.

Major A. J. Stead, General List, Infantry, Wing Commander and 2nd-in-Command, 11th Native Infantry, (p. a.) for one year, under rule IX of the regulations of 1868.

Captain J. E. Mein, Bengal S. C., Wing Officer and Adjutant, 5th Punjab Infantry, (p. a.) for one year and 150 days,—150 days under rule VIII, clause (2), and rule IX, and the remaining period under rule IX of the regulations of 1868.

Lieutenant E. De Brath, Bengal S. C., Wing Officer and Quartermaster, 32nd Native Infantry, (p. a.) for one year, under rule I of the regulations of 1875.

Lieutenant J. H. Parsons, Bengal S. C., Squadron Officer, 10th Bengal (The Duke of Cambridge's Own) Lancers, (p. a.) for one year, under rule I of the regulations of 1875.

Surgeon A. E. R. Stephens, (p. a.) for one year, under rule I of the regulations of 1875.

Conductor G. Palmer, Ordnance Department, (m. c.) for one year, under the regulations of 1868.

No. 550.—Lieutenant-Colonel (Brevet Colonel) H. R. Wintle, Infantry, is granted furlough in India (p. a.) for one year, under rule IX of the regulations of 1868.

No. 551.—The undermentioned officers have been granted extensions of furlough by the Right Hon'ble the Secretary of State for India:—

Major W. J. Williamson, C.I.E., Bengal S. C., (m. c.) for three months.

Lieutenant C. B. Porter, Bengal S. C., (m. c.) for six months.

No. 552.—Sub-Conductor H. Pike, Commissariat Department, is granted leave in India (m. c.) for 61 days, under rule X of the regulations of 1875, with effect from the 16th August, 1882.

JUDICIAL.

No. 553.—That portion of G. G. O. No. 163 of 1881, declaring the Hazaribagh Jail to be an authorised prison in accordance with the provisions of the Army Discipline Act of 1881, is cancelled.

PENSIONS.

No. 554.—Sub-Conductor Patrick Gately, Cattle Farm, Hissar, is transferred to the Pension establishment under the operation of paragraph 8 of G. G. O. No. 514 of 1881, with effect from the 16th September, 1882.

PROMOTIONS.

Government of India Notifications, Appointments, Promotions, &c.

MILITARY SECRETARY'S OFFICE.

NOTIFICATIONS.

Simla, the 17th October 1882.

His Excellency the Viceroy and Governor General will hold a Levée at Government House, Calcutta, on Thursday the 7th December 1882, at 9-30 P.M.

All Civil and Military Officers are invited to attend.

Gentlemen purposing to attend the Levée are requested to send their names to the Aide-de-Camp in waiting not later than the 4th December 1882, after which none will be received. Gentlemen who have not already been presented at the Court of St. James or at Government House will be good enough to add the names of Gentlemen who will present them.

The Levée will be closed by the Native Officers of the Garrison being presented by their Commanding Officers.

Gentlemen wearing uniform will appear in full dress.

Gentlemen not wearing uniform will appear in evening dress.

The carriages of Gentlemen (except such as have the private entrée) attending the Levée will enter by the North-East Gate, set down under the Grand Staircase, and pass out by the North-West Gate.

Their Excellencies the Viceroy and the Marchioness of Ripon will hold a Drawing Room at Government House, Calcutta, on Tuesday the 12th December 1882, at 9-30 P.M.

Ladies purposing to attend the Drawing Room are requested to send their cards and addresses to the Aide-de-Camp in waiting not later than the 8th December 1882, after which "*No Cards*" will be received, and to bring with them to the Drawing

Room two cards with their names legibly written on them—one to be given on entering Government House, and the other to the Aide-de-Camp in waiting at the time of presentation.

Ladies who have not already been presented at the Court of St. James or at Government House are requested to send their cards with their addresses and the name of the Lady by whom they are to be presented to the Aide-de-Camp in waiting as soon as possible.

Ladies who present others should themselves attend the Drawing Room.

The carriages of those who have the private entrée will enter by the South-East Gate and set down at the South Entrance of Government House.

All other carriages will enter by the North-East Gate, set down under the Grand Stairs, and pass out by the North-West Gate.

The 19th October, 1882.

Programme of His Excellency the Viceroy's Arrival in Calcutta.

His Excellency the Viceroy and Governor General will arrive in Calcutta by a special train on Saturday, the 2nd December 1882, at 5-30 P.M., railway time.

His Excellency will be received at the Howrah Railway Station by the Chairman of the Corporation and Commissioner of Police for the town of Calcutta and the Magistrate of Howrah, and at Government House by the Lieutenant-Governor of Bengal, Members of His Excellency's Council, the principal Civil and Military Officers, and other gentlemen who are desirous of attending.

A Guard of Honor of the East Indian Railway Volunteers will be drawn up on the platform of the Howrah Railway Station and a Guard of Honor of Native troops with Band outside the station.

The route taken will be by the Hooghly Bridge, Strand Road, and Esplanade Row.

His Excellency the Viceroy will be escorted from Howrah Station to Government House by the Calcutta Mounted Volunteers.

Guards of Honor of British Infantry and of the Calcutta Volunteer Rifle Corps with Band will be drawn up in front of the Grand Staircase of Government House.

A Viceregal Salute will be fired from the ramparts of Fort William as His Excellency passes the Hooghly Bridge.

Full dress will be worn by officers entitled to uniform. Gentlemen not entitled to wear uniform will appear in morning dress.

By Command,

WILLIAM BERESFORD, *Captain*,
Military Secretary to the Viceroy.

HOME DEPARTMENT.

NOTIFICATIONS.—PUBLIC.

Simla, the 20th October 1882.

No. 1713.—The following correspondence relative to the questions (1) whether an officer who is on furlough is at liberty to undertake the management of a Company, and (2) whether there is any distinction, as regards taking part in the management of Companies, between officers belonging to the Covenanted and Uncovenanted Services, is published for general information:—

No. 41, dated Simla, 8th July 1882.

From—The Government of India,

To—Her Majesty's Secretary of State for India.

In his Despatch No. 46 (Public), dated 31st May 1882, Sir Charles Wood, in replying to a reference made to him by the Government of India on the

subject of Government servants holding lands and engaging in speculations in India, observed that he saw no objection to servants of Government holding shares in mining or other Companies having for their object the development of the resources of the country, and the only restriction which he thought it necessary to impose was that public servants should take no part in the management of such institutions, and should not be employed in the districts where the operations of the Company might be carried on. The orders contained in that Despatch were promulgated for general information in January 1863, and were subsequently (August 1872) republished, with the remark that the Governor General in Council would be prepared to enforce the principle therein laid down in regard to all public servants, of whatever class or position.

2. A question has now been raised whether an officer who is on furlough is at liberty to undertake the management of a Company, and whether there is any distinction in this respect between officers belonging to the Covenanted and the Uncovenanted Services. We think that no such distinction can be drawn so far as the rules in question are concerned. The notification issued by the Government of India on the 28th August 1872 distinctly states that the principle of the Despatch cited above of 31st May 1862 applies to "all public servants, of whatever class or position," and the principle is that public servants are to take no part in the management of Companies. We are therefore of opinion that this should be made clear by declaring that the rules apply to the Uncovenanted as well as to the Covenanted Service.

3. Regarding the question whether an officer may be allowed while on furlough to assume the management of a Company, we would observe that no specific or authoritative ruling on this point appears to have been given. In Despatch to the Secretary of State, No. 3, dated 8th August 1864, the Government of Bombay referred for orders the case of the * * * * * * * * * * * * * * * who, while on furlough in India, became one of the editors of the * * * newspaper; and in paragraph 8 of that Despatch they expressed the opinion that there was no sufficient reason for excluding any occupations in which Government servants might engage while on furlough within the limits of lawful and respectable employments, excepting those likely to cause engagements extending beyond the duration of the furlough, and those which lead to new relations with Government independent of and liable to be inconsistent with the relations between Government and its paid officers. Applying these principles, which appear to us to be sound, to the case under consideration, the management of a company may be held to be a "lawful and respectable employment." On the other hand, it is an employment which might not improbably "cause engagements extending beyond the duration of the furlough," and might lead to "new relations with Government independent of and liable to be inconsistent with the relations between Government and its paid officers." Moreover, we consider that an officer taking furlough is not entitled to divest himself entirely of the restrictions and responsibilities under which he rests while on duty. For these reasons, therefore, we are inclined to the opinion that it is undesirable that an officer who is on furlough should undertake the management of a Company. We desire, however, to receive Your Lordship's instructions on the subject, as similar cases have doubtless already been brought to Your Lordship's notice, owing to the fact that most officers while on furlough reside in England, and it is desirable that in this matter there should be no divergence between the practice of the Secretary of State and that of the Government of India.

No. 99, dated India Office, London, 7th September 1882.

From—Her Majesty's Secretary of State for India,

To—The Government of India.

I have considered in Council the Despatch of Your Excellency in Council, No. 41, dated the 8th of July last, relating to the questions whether an officer who is on furlough is at liberty to undertake the management of a Company, and whether there is any distinction as regards taking part in the

management of Companies between officers belonging to the Covenanted and to the Uncovenanted Services.

2. I agree with Your Excellency in the opinion that the principle of Sir Charles Wood's Despatch (No. 46 Public) dated 31st May 1862 applies to all public servants of whatever class and position, and that all public servants, whether they be Covenanted or Uncovenanted, are alike prohibited from taking part in the management of Companies.

3. I am also of opinion that this prohibition is none the less applicable to a public servant because he happens to be on furlough, for the fact of an officer's being on furlough does not appear to me substantially to diminish the serious objections which exist to his engaging in the management of a Company.

Nos. 45—1687-96, dated Simla, 20th October 1882.

From—A. MACKENZIE, Esq., C.S., Secretary to the Govt. of India, Home Department,

To—All Local Governments and Administrations.

With reference to Home Department Notification No. 3421, dated 28th August 1872, I am directed to forward a copy of the correspondence marginally noted, relative to the questions (1) whether an officer who is on furlough is at liberty to undertake the management of a Company, and (2) whether there is any distinction, as regards taking part in the management of Companies, between officers belonging to the Covenanted and the Uncovenanted Services.

Despatch to Secretary of State, No. 41, dated 8th July 1882.
Despatch from Secretary of State, No. 99, dated 7th September 1882.

2. I am to request that the rules laid down by Her Majesty's Secretary of State on these questions may be carefully observed by all public officers under your Government Administration.

Nos. 1697-1712.

Copy, with copy of the correspondence referred to, forwarded to the several Departments of the Government of India, to the Superintendent of Port Blair and the Nicobars, Sanitary Commissioner with the Government of India, Surgeon-General with the Government of India, Director General of the Archæological Survey of India, the Director General of Statistics to the Government of India, Secretary to the Board of Examiners, Registrar of the Calcutta University, Bishop's Chaplain, Registrar of the High Court, Calcutta, and Curator of Ancient Monuments, for information and guidance.

JUDICIAL.

The 27th October 1882.

No. 1088 *I.*—Whereas His Highness the Maharaja of Mysore by an Instrument, dated the 25th day of March 1881, assigned, free of charges, to the exclusive management of the British Government, for the purpose of a cantonment, certain lands situated within the limits specified and described in a Schedule and Map annexed to the said Instrument, and forming the Civil and Military Station of Bangalore; and whereas by the said Instrument His Highness the Maharaja of Mysore renounced all jurisdiction in the lands so assigned :

In exercise of the powers conferred by Sections 4 and 5 of Act XXI of 1879 (The Foreign Jurisdiction and Extradition Act, 1879), and of all other powers enabling him in this behalf, the Governor General in Council is pleased to issue the following Regulation for the management and control of Hackney Carriages in the Civil and Military Station of Bangalore :—

1. This Regulation may be called the "Bangalore Hackney Carriage Regulation, 1882."

It extends to the Civil and Military Station of Bangalore, and

It shall come into force at once.

2. In this Regulation "Hackney Carriage" means any wheeled vehicle drawn by animals, and used for the conveyance of passengers, which is kept, or offered, or plies, for hire.

3. The Municipal Commissioners of the Civil and Military Station of Bangalore may, from time to time, make rules for the regulation and control of hackney carriages within the limits of that Municipality in the manner in which, under the law for the time being in force, it makes bye-laws for the regulation and control of other matters within those limits.

Every rule made under this section shall, when confirmed by the Resident in Mysore, and published for such time and in such manner as the Resident may from time to time prescribe, have the force of law :

Provided that the Resident may, at any time, rescind any such rule.

4. The rules to be made under Section 3 may, among other matters,—

(*a*) direct that no hackney carriage, or no hackney carriage of a particular description, shall be let to hire, or taken to ply, or offered for hire, except under a license granted in that behalf;

(*b*) direct that no person shall act as driver of a hackney carriage except under a license granted in that behalf;

(*c*) provide for the issue of the licenses referred to in clauses (*a*) and (*b*), prescribe the conditions (if any) on which such licenses shall be granted, and fix the fees (if any) to be paid therefor;

(*d*) regulate the description of animals, harness, and other things to be used with licensed carriages, and the condition in which such carriages, and the animals, harness and other things used therewith, shall be kept, and the lights (if any) to be carried after sunset and before sunrise;

(*e*) provide for the inspection of premises on which any such carriages, animals, harness and other things are kept;

(*f*) fix the time for which such licenses shall continue in force, and the events (if any) upon which within that time they shall be subject to revocation or suspension;

(*g*) provide for the numbering of such carriage;

(*h*) determine the times at which, and the circumstances under which, any person keeping a hackney carriage shall be bound to let or refuse to let the carriage to any person requiring the same ;

(*i*) appoint places as stands for hackney carriages, and prohibit such carriages waiting for hire except at such places ;

(*j*) limit the rates or fares, as well for time as distance, which may be demanded for the hire of any hackney carriage ; and prescribe the minimum speed at which such carriages when hired by time shall be driven ;

(*k*) limit the number of persons, and the weight of property, which may be conveyed by any such carriage ;

(*l*) require the owner or person in charge of any such carriage to keep a printed list of fares in English and such other language as may be prescribed affixed inside such carriage in such place as may be determined by the rules, and prohibit the destruction or defacement of such list ;

(*m*) require drivers to wear a numbered badge or ticket, and to produce their licenses when required by a Magistrate or other person authorised by the rules in this behalf, and prohibit the transfer or lending of such licenses and badges; and

(*n*) provide for the deposit of property found in such carriages, and the payment of a fee by the owner of such property on the delivery thereof to him.

5. Any person breaking any rule made under this Regulation shall be punished with fine which may extend to fifty rupees.

6. The amount of any fees received and the amount of any expenses incurred in giving effect to this Regulation shall be credited and debited respectively to the Municipal Fund of the Civil and Military Station of Bangalore.

7. If any dispute arises between the hirer of any hackney carriage and the owner or driver of such carriage as to the amount of the fare payable by such hirer under any rule made under this Regulation, such dispute shall, upon application made in that behalf by either of the disputing parties, be heard and determined by any Magistrate or Bench of Magistrates within the local limits of whose jurisdiction such dispute has arisen ; and such Magistrate or Bench may, besides determining the amount so in dispute, direct that either party shall pay to the other such sum as compensation for loss of time as such Magistrate or Bench thinks fit.

Any sum determined to be due or directed to be paid under this section shall be recoverable as if it were a fine.

The decision of any Magistrate or Bench in any case under this section shall be final.

When any such case is heard by a Bench any difference of opinion arising between the members of such Bench shall be settled in the same manner as differences of opinion arising between such members in the trial of criminal cases.

8. If at the time any dispute mentioned in Section 7 arises any Magistrate or Bench of Magistrates having jurisdiction in respect of such dispute is sitting, the hirer of the carriage may require the driver thereof to take him in the same to the Court of such Magistrate or Bench for the purpose of making an application under that section.

Any driver neglecting or refusing to comply with such requisition shall be punished with imprisonment of a term which may extend to one month, or with fine not exceeding fifty rupees, or with both.

C. GRANT,
Secy. to the Govt. of India.

DEPARTMENT OF FINANCE AND COMMERCE.

NOTIFICATIONS.

Simla, the 27th October 1882.

No. 4532.—Privilege leave for two months and twenty-five days having been granted to Surgeon-Major H. E. Busteed, Assay Master, Calcutta Mint, with effect from the 30th October 1882, and Mr. F. W. Peterson, F.C.S, having been appointed to officiate as Assay Master, Calcutta Mint, during Surgeon-Major Busteed's absence, Surgeon-Major Busteed made over, and Mr. Peterson received, charge of the duties of the said appointment after noon on the 17th October 1882.

No. 4562.—Mr. A. F. Cox, M.C.S., having been appointed to officiate as Assistant Accountant General, Bombay, assumed charge of the duties of his appointment before noon on the 17th October 1882.

No. 4588.—Mr. E. J. Sinkinson, B.C.S., having returned from privilege leave, resumed charge of his duties as Officiating Accountant General, North-Western Provinces and Oudh, and Officiating Deputy Commissioner of the Department of Issue of State Paper Currency at Allahabad, with effect from the 18th October 1882, before noon.

No. 4469.

ORDER—By the Government of India, Department of Finance and Commerce.

Read the following :—

Extract from the Proceedings of the Government of Madras, Financial Department,—(No. 1288, dated 25th September 1882).

Read again the following paper :—

G. O. No. 3265 (Judicial), dated 23rd December 1879.

Read the following papers :—

No. 282, dated 25th November 1879.

From—Hon'ble V. RAMIENGAR, C.S.I., Inspector General of Registration, Madras,

To—The Acting Chief Secretary to the Government of Madras.

The annual supply of Chubb's patent cupboard locks required for the use of this department has hitherto been obtained on indent from England through the India Office. But as under G. O. 9th December 1878, No. 2179, it is now necessary to procure it by local purchase or direct from the manufacturers without the intervention of the Store Department of the India Office, I addressed Messrs. Chubb and Son enquiring whether they would supply the required locks and at what price, and enclose their reply. During my tour through the Madura district in August 1878, I heard of a native smith at Dindigul who made locks of a superior kind. I have since ascertained, as you will see from the accompanying papers, that this smith, named A. Sankaralingam Achari, is willing to make and supply the number of locks annually required by this department at the rate of Rs. 6 a-piece. The price demanded by Chubb and Son is 12*s.* each ; but this is "for delivery in London only, exclusive of the cost of packing, freight or any transit expenses," and exclusive, of course, of the loss by exchange.

To Messrs. Chubb and Son, 2nd May 1879, No. 86.
From Messrs. Chubb and Son, 20th June 1879.

To Registrar, 19th June 1879, No. 517.
From Registrar, 11th July 1879, No. 49.
" " 12th October 1879.
" Sankaralingam Achari, 25th October 1879.

2. I send a specimen lock with duplicate keys made by Sankaralingam, at my request, for the inspection of Government. It seems to me that it will answer our purpose quite as well as the locks obtained from England ; and as it is cheaper, I am willing to let him have a trial. The terms on which he is prepared to undertake the supply are—

(1) that one-fourth of the total price of the locks required each year should be paid to him in advance ;
(2) that the balance should be paid on delivery of the locks ;
(3) that he should be allowed a period of six months in the first year and four months in every subsequent year for delivering the locks.

No. 2313, dated 2nd December 1879.

Endorsed by the Government of Madras, Financial Department.

Referred, through the Chief Engineer, to the Superintendent, Public Works Workshop, for his opinion whether the lock, as per pattern, is substantial and worth the price asked for.

No. 3610W., dated 6th December 1879.

From—LIEUTENANT W. L. C. BADDELEY, R.E., Acting General Supdt., Presidency Public Works Workshops,

To—The Deputy Chief Engineer, Public Works Department, Madras.

With reference to your memorandum No. 3669, dated 4th instant, I have the honour to state that the lock is of first class make and finish.

2. I do not think the man will be able to supply locks of this quality at Rs. 6 each.

3. The order should specify that each lock should have not less than six tumblers, which is the number in the pattern one.

4. The papers are herewith returned.

No. 3732, dated 8th December 1879.

Endorsed by the Government of Madras, Public Works Department.

Forwarded, with the original file, to the Chief Secretary.

No. 3265, dated 23rd December 1879.

Order by the Government of Madras, Financial Department.

The Inspector General of Registration is authorised to arrange for the supply of the locks required annually for the department, as per pattern sent, at Rs. 6 per lock.

2. The contract must distinctly specify that each lock shall have not less than six tumblers, the number in the pattern.

Read also the following paper :—

No. 2816T., dated 11th September 1882.

From—G. HAMNETT, Esq., Inspector General of Registration, Madras,

To—The Chief Secretary to the Government of Madras.

With reference to paragraph 2 of the Proceedings of Government, Financial Department, No. 968, of the 18th August 1882, received on the 9th instant, I have the honour to state that the high opinion entertained of the quality of the locks manufactured by the native blacksmith at Dindigul has been confirmed by experience, and that the locks required for the use of this department annually are obtained from him. The indents on the Home Government for Chubb's locks have been discontinued.

2. There were some complaints about the locks supplied not fitting the almirahs. The contractor was called upon for explanation. On its receipt I printed and circulated it, and have not since received any further complaints.

No. 1288.

Order by the Government of Madras, Financial Department.

Recorded, and communicated to all Heads of Departments for information.

" " " 953, " 10th June 1881.
Office Memo. to the Public Works Department, No. 137, dated 22nd April 1881.
" " " " " 1844, " 20th July "

Read also—

Office Memorandum from the Public Works Department, No. 199A.G., dated 5th May 1882, forwarding returns shewing the stores of European manufacture purchased locally for the Buildings and Roads Branch of the Department in the North-Western Provinces during the years 1879-80 and 1880-81.

RESOLUTION.—From the returns forwarded by the Public Works Department, a list has been prepared and is appended to this Resolution, shewing articles which, on the information before the Government of India, it is possible to obtain of Indian manufacture; and His Excellency the Governor General in Council directs that in future these articles shall be procured of Indian manufacture, whenever it is possible to obtain them of quality good enough for the purposes for which they are required, and at prices not higher than the cost of articles of similar quality imported from England. In no case should articles of these classes or of others which the country is capable of supplying be indented for until experience has shewn that the locally manufactured articles are substantially inferior in quality to, or dearer than, similar articles supplied under indent from the Secretary of State.

2. Officers should take particular care to avoid purchasing, as articles nominally of Indian manufacture, tools and other similar articles evidently imported from Europe or America.

3. When the price at which particular articles can be obtained through the agency of the India Office is not known, reference may be made to the Director General of Railways.

ORDERED, that this Resolution be communicated to the Public Works Department and to all Local Governments and Administrations for information and guidance, and that it be published in the *Gazette of India* for general information.

MEDALS.

No. 578.—His Excellency the Viceroy and Governor General in Council has much satisfaction in announcing that Her Majesty the Queen, Empress of India, has been graciously pleased to grant a medal to the troops of the Egypt Expeditionary Force, with a clasp for those who took part in the capture of Tel-el-Kebir.

2. Further particulars as to the classes to be admitted to participate in this grant will be notified hereafter.

PROMOTIONS.

No. 579.—The Governor General in Council is pleased to notify that the Right Hon'ble the Secretary of State for India in Council has decided to offer to the officers of the Cavalry Branch of the Local Service the option of election for promotion henceforward under Staff Corps rules, as follows :—

(1) Those availing themselves of this offer will receive substantive promotion to major after 20 years' service, and to lieutenant-colonel after 26 years' service, with Staff Corps rates of pay.

(2) They will be eligible for admission to the Colonel's allowance at the Staff Corps rate after 38 years' service from date of first commission.

(3) They will waive absolutely any claim to cavalry pay if unemployed, and any other special advantages which may attach to the position of cavalry officers of the Local Service.

(4) This order will take effect as regards substantive rank and pay from the 1st January 1883.

2. Officers desirous of accepting these conditions are required to communicate their wish to that effect to the Adjutant General of their respective presidencies on or before the 31st December, 1882, when the lists will be finally closed, and after which no application can be received.

3. Cavalry officers who do not accept this offer will remain under their present conditions; the regimental lists and cadres being maintained as at present for the purpose of regulating their promotions.

4. Existing regimental lieutenant-colonels of Cavalry will also be allowed the option of electing to be admitted to the Colonel's allowance at Staff Corps rates after 38 years' service from date of first commission in lieu of succeeding to the allowance after 12 years' service in that rank; such option to be declared on or before the 31st December, 1882.

5. Choice once made by the officers concerned, no alteration will be permitted after the 31st December, 1882.

G. CHESNEY, *Colonel,*
Secretary to the Government of India.

PUBLIC WORKS DEPARTMENT.

NOTIFICATIONS.

Simla, the 23rd October 1882.

No. 258.—Mr. C. F. White, who was appointed on probation to Class IV of the State Railway Superior Revenue Establishment as an Assistant Locomotive Superintendent in Public Works Department Notification No. 34, dated 25th January 1881, is confirmed in his appointment from the 1st February 1882.

The 25th October 1882.

No. 259.—*Corrigendum.*—That portion of Public Works Department Notification No. 244, dated 6th October 1882, which relates to the posting of Major T. B. B. Savi, R.E., is cancelled, and Major Savi is placed at the disposal of the Director General of Railways.

No. 260.—Mr. W. de W. Peel, Executive Engineer, 4th Grade, Railway Branch, is transferred from the Office of the Consulting Engineer to the Government of India for Guaranteed Railways, Calcutta, to the Railway Establishment of the Government of Bengal, to act as Assistant to the Manager, Northern Bengal Railway.

While so acting, Mr. Peel will officiate in Class III of the State Railway Revenue Establishment.

The 27th October 1882.

No. 261.—Mr. J. E. Dallas, Assistant Engineer, 1st Grade, Railway Branch, is, on return from furlough, placed at the disposal of the Director General of Railways.

No. 262.—The following changes are ordered in the Revenue Establishment of State Railways :—

Major R. A. Sargeaunt, R.E., attached to the Office of the Director General of Railways, is transferred to Class I, Grade 2, and appointed Manager of the Northern Bengal Railway, with effect from 26th July 1882, *vice* Major W. A. J. Wallace, R.E., vacated.

For the present Major Sargeaunt will remain at the disposal of the Director General of Railways, and Major W. J. Engledue, R.E., will continue to act as Manager of the Northern Bengal Railway during the absence on deputation of Major Sargeaunt, or until further orders.

Major G. F. O. Boughey, R.E., Officiating Manager, Indus Valley and Kandahar Railway, is transferred to Class I, Grade 3, and confirmed in his appointment, with effect from 19th October 1882.

Mr. V. Righy, Manager and Superintendent, Way and Works of the Tirhoot and Patna Gya Railways, is transferred to Class I, Grade 3, with effect from 19th October 1882.

Mr. H. Dangerfield, Manager and Engineer-in-Chief of the Bhavnagar-Gondal Railway, temporarily in Class I, Grade 3, is confirmed in that rank, with effect from 19th October 1882.

Mr. J. Y. Davidson, Manager of the Nagpur-Chattisgarh and Wardha Coal Railways, is transferred to Class II, with effect from 19th October 1882.

No. 1756.—The following Despatch, which has been received from Her Majesty's Secretary of State for India, is published for general information:—

No. 81, dated London, the 24th August 1882.

From—Her Majesty's Secretary of State for India,

To—His Excellency the Most Honourable the Governor General of India in Council.

I have laid before the Queen-Empress the various letters and addresses which have been transmitted to me by Your Excellency, congratulating Her Majesty on her escape from the attempt lately made upon Her Majesty's life.

2. I am commanded to state that the receipt of these loyal addresses has given Her Majesty sincere gratification, and that the Queen-Empress highly appreciates the good feeling towards Her Person which has been manifested by the Princes, Chiefs, and peoples of India.

3. I have to request that Your Excellency in Council will take steps to make generally known in India the sentiments which Her Majesty has been graciously pleased to express.

JUDICIAL.

The 2nd November 1882.

No. 1623.—Under the provisions of Section 5 of Act XVII of 1877 (The Punjab Courts Act, 1877), the Governor General in Council is pleased to appoint Mr. D. G. Barkley, C.S., and Mr. R. T. Burney, C.S., Barristers-at-Law, to be Additional Judges of the Chief Court of the Punjab for a period of one year from the 2nd instant.

DEPARTMENT OF FINANCE AND COMMERCE.

NOTIFICATIONS.

Simla, the 31st October 1882.

No. 4643.—In exercise of the powers conferred by Sections 9 and 56 of the Indian Stamp Act, 1879, the Governor General in Council directs that the following shall be added to Rule 10 (*b*) of the Rules promulgated by Notification in this Department No. 1258, dated 3rd March 1882:—

"In Calcutta, the Head Assistant to the Collector is empowered as well as the Collector to initial any label or labels, and to attach his usual signature to any instrument immediately under the labels."

No. 4646.—The following despatch from Her Majesty's Secretary of State for India, No. 314, dated 28th September 1882, and its enclosures, are published in the *Gazette of India* for general information:—

FINANCIAL. INDIA OFFICE,
No. 314. *London, 28th September 1882.*

To His Excellency the Most Hon'ble the Governor General of India in Council.

MY LORD MARQUIS,—I forward herewith a copy of the report of the Deputy Master of the Royal Mint, dated August 1882, on the pyx coins of the Calcutta and Bombay Mints issued in 1881, from which you will observe that the "standard weight and fineness of the coins have been maintained with accuracy."

I have, &c.,
(Sd.) HARTINGTON.

ROYAL MINT;
August 1882.

To the Secretary, Treasury.

SIR,—The examination of the pyx coins of the Indian Mints, transmitted to me by direction of the Lords Commissioners of Her Majesty's Treasury on the 9th instant, being completed, I have the honor to forward herewith a report on the weight and fineness of the coins, and to return the bullion remaining.

No. 13379-82. CALCUTTA MINT. *Gold.*		oz.
Fine	...	0·089
Standard	...	0·655
		0·744
Silver.		**oz.**
Fine	...	8·960
Standard	...	11·589
		20·549
BOMBAY MINT. *Silver.*		oz.
Fine	...	4·862
Standard	...	3·108
		7·970

The coins were first weighed singly by the Mint balance and were then handed to the Assayer of the Mint, by whom each coin has been separably assayed and reported upon.

The standard weight and fineness of the coins have been maintained with accuracy.

In accordance with the directions of Their Lordships, I have caused "parting" assays to be made of the silver coins of each Presidency, in order to ascertain the average proportion of gold contained in them, and the result is shown in my report. These assays have been made in the manner detailed in my report of the 25th of October 1869.

I have, &c.,
(Sd.) C. W. FREEMANTLE.

Memorandum of the weight and fineness of coins issued from Indian Mints in the year 1881.

Number of pieces.	Mint.	Denomination of coin.	Average weight of a piece.	Average proportion of gold or silver in 1,000 parts.	Average proportion of gold in the silver coins, as ascertained by parting assay in 1,000 parts.
			Grains.

ORGANISATION.

No. 594.—NATIVE ARMY—

In continuation of G. G. O. No. 210 of 1882, it is notified that under the authority of the Secretary of State for India, the strength of the

ROYAL MINT;
August 1882.

To the Secretary, Treasury.

SIR,—The examination of the pyx coins of the Indian Mints, transmitted to me by direction of the Lords Commissioners of Her Majesty's Treasury on the 9th instant, being completed, I have the honor to forward herewith a report on the weight and fineness of the coins, and to return the bullion remaining.

No. 13370-82.
CALCUTTA MINT.
Gold.

		oz.
Fine	...	0·089
Standard	...	0·655
		0·744

Silver.

		20·549

BOMBAY MINT.
Silver.

		oz.
Fine	...	4·863
Standard	...	3·108
		7·970

The coins were first weighed singly by the Mint balance and were then handed to the Assayer of the Mint, by whom each coin has been separably assayed and reported upon.

The standard weight and fineness of the coins have been maintained with accuracy.

In accordance with the directions of Their Lordships, I have caused "parting" assays to be made of the silver coins of each Presidency, in order to ascertain the average proportion of gold contained in them, and the result is shown in my report. These assays have been made in the manner detailed in my report of the 25th of October 1869.

I have, &c.,

(Sd.) C. W. FREEMANTLE.

Memorandum of the weight and fineness of coins issued from Indian Mints in the year 1881.

Number of pieces.	Mint.	Denomination of coin.	Average weight of a piece.	Average proportion of gold or silver in 1,000 parts.	Average proportion of gold in the silver coins, as ascertained by parting assay in 1,000 parts.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Simla, the 10th November, 1882.

No. 12.—Whereas by Resolution passed by the Secretary of State for India in Council on the nineteenth day of September, 1872, and fourth day of June, 1874, respectively, the provisions of the thirty-third of Victoria, chapter three, section one, were declared applicable to the territories under the administration of the Chief Commissioner of Assam;

And whereas the Chief Commissioner of Assam has proposed to the Governor General in Council a draft of the following Regulation together with the reasons for proposing the same;

And whereas the Governor General in Council has taken such draft and reasons into consideration and has approved of such draft, and the same has received the Governor General's assent;

In pursuance of the direction contained in the said section, the said Regulation is now published in the *Gazette of India*.

REGULATION No. II OF 1882.

A Regulation to provide for the maintenance of proper discipline and fix the term of service in the Assam Frontier Police.

WHEREAS the Frontier Police-officers of Assam enrolled under Act V of 1861 (*for the regulation of Police*) perform services of a quasi-military character, and whereas the provisions of that Act and the orders and rules framed thereunder have, so far as they relate to the maintenance of discipline among those officers, been found insufficient, and it is therefore expedient to make further provision for the maintenance of discipline among them;

And whereas it is also expedient that those officers should be bound to serve for a period of three years; It is hereby enacted as follows:—

Short title. 1. *(1)* This Regulation may be called the Assam Frontier Police Regulation, 1882;

Commencement. *(2)* and it shall come into force at once.

2. In this Regulation, unless there is something repugnant in the subject or context,—

Interpretation-clause.

"Frontier Police-officer."

"Frontier Police-officer" means—

(1) any person appointed to the Assam Police Force under Act V of 1861, section seven, who, at the date on which this Regulation comes into force, is posted to the frontier division of that force; and

(2) any person so appointed who, after that date, is posted to that division in accordance with section ten of this Regulation;

"active service": "active service" means service at the frontier outposts, or against hostile tribes or other persons in the field;

"Deputy Commissioner": "Deputy Commissioner" means the Deputy Commissioner in any district of the Province of Assam;

"Commandant". "Commandant" means a person appointed by the Chief Commissioner to be a Commandant of Frontier Police, and

"reason to believe," "criminal force," "assault" and "fraudulently." the expressions "reason to believe," "criminal force," "assault" and "fraudulently" have the meanings assigned to them respectively in the Indian Penal Code.

More heinous offences.

3. Any Frontier Police-officer who—

(*a*) begins, excites, causes or joins in any mutiny or sedition, or, being present at any mutiny or sedition, does not use his utmost endeavours to suppress the same, or, knowing or having reason to believe in the existence of any mutiny, or of any intention to mutiny, does not without delay give information thereof to his commanding or other superior officer; or

(*b*) uses, or attempts to use, criminal force to, or commits an assault on, his superior officer, whether on or off duty, under any circumstances in which the superior officer is distinguishable as such in any manner; or

(*c*) shamefully abandons or delivers up any garrison, fortress, post or guard committed to his charge, or which it is his duty to defend; or

(*d*) directly or indirectly holds correspondence with, or assists or relieves, any persons in arms against the State, or omits to discover immediately to his commanding or other superior officer any such correspondence coming to his knowledge; or

who, while on active service,—

(*e*) disobeys the lawful command of his superior officer; or

(*f*) deserts the service; or

(*g*) being a sentry, sleeps upon his post, or quits it without being regularly relieved or without leave; or

(*h*) without authority, leaves his commanding officer, or his post or party, to go in search of plunder; or

(*i*) quits his guard, picquet, party or patrol without being regularly relieved, or without leave; or

(*j*) uses criminal force to, or commits an assault on, any person bringing provisions or other necessaries to camp or quarters, or forces a safeguard, or without authority breaks into any house or any other place for plunder, or plunders, destroys or damages any field, garden or other property of any kind; or

(*k*) intentionally causes or spreads a false alarm in action, camp, garrison or quarters,

shall be punished with transportation for life or for a term of not less than seven years, or with imprisonment, with or without hard labour, for a term which may extend to fourteen years, or with fine which may extend to three months' pay, or with such fine in addition to such transportation or imprisonment, as the case may be.

Less heinous offences.

4. Any Frontier Police-officer who—

(*a*) is in a state of intoxication when on or for any duty, or on parade or on the line of march; or

(*b*) strikes or attempts to force any sentry; or

(*c*) being in command of a guard, picquet or patrol, refuses to receive any prisoner duly committed to his charge, or without proper authority releases any prisoner, or negligently suffers any prisoner to escape; or

(*d*) being under arrest or in confinement, leaves his arrest or confinement before he is set at liberty by proper authority; or

(*e*) is grossly insubordinate or insolent to his superior officer in the execution of his office; or

(*f*) refuses to superintend or assist in the making of any field-work or other military work of any description ordered to be made either in quarters or in the field; or

(*g*) strikes or otherwise ill-uses any person subject to this Regulation being his subordinate in rank or position; or

(*h*) being in command at any post or on the march, and receiving a complaint that any one under his command has beaten or otherwise maltreated or oppressed any person, or has committed any riot or trespass, fails to have due reparation made to the injured person, or to report the case to the proper authority; or

(*i*) designedly or through neglect injures or loses, or fraudulently disposes of, his arms, clothes, tools, equipments, ammunition, accoutrements or regimental necessaries, or any such articles entrusted to him, or belonging to any other person; or

(*j*) malingers, feigns or produces disease or infirmity in himself, or intentionally delays his cure, or aggravates his disease or infirmity; or

(*k*) with intent to render himself or any other person unfit for service, voluntarily causes hurt to himself or any other person; or

who, while not on active service—

(*l*) disobeys the lawful command of his superior officer; or

(*m*) plunders, destroys or damages any field, garden or other property of any kind; or

(*n*) being a sentry, sleeps upon his post, or quits it without being regularly relieved, or without leave,—

shall be punished with imprisonment, with or without hard labour, for a term which may extend to one year, or with fine which may extend to three months' pay, or with both.

Corporal punishment.

5. *(1)* Any Frontier Police-officer of the rank of police-sipáhí who is not in receipt of good-conduct pay, and who, while on service at a frontier outpost at the time of a projected attack on that post, or in the field against hostile tribes or other persons, commits any offence specified in section three or section four, may, in lieu of any punishment to which he is liable under that section, be punished with whipping:

(2) Provided that—

(*a*) the punishment of whipping shall in no case exceed thirty stripes; and

(*b*) sentence of whipping shall be passed only by the Deputy Commissioner, or, in his absence, by an Assistant Commissioner being a Magistrate of the first or second class, or, in the absence of the Deputy Commissioner or any such Assistant Commissioner, by a Commandant invested with the powers of a Magistrate of the first or second class.

Minor punishments.

6. *(1)* In addition to the powers conferred upon them by or under any other enactment for the time being in force the Deputy Commissioner or a Commandant may, without a formal trial, award to any Frontier Police-officer, who is subject to his authority, the following punishments for the commission of petty offences against discipline which are not otherwise provided for, or which are not of a sufficiently serious nature to call for a prosecution before a Criminal Court (that is to say):—

(*a*) imprisonment to the extent of seven days in the quarter-guard, or such other place in or near the lines as may be considered suitable, with forfeiture of all pay and allowances during its continuance;

(*b*) punishment-drill, extra guard, fatigue or other duty, not exceeding thirty days in duration, with or without confinement to lines.

(2) Any one of these punishments may be awarded separately or in combination with any one or more of the others.

Where person sentenced to imprisonment to be confined.

7. Any person sentenced under this Regulation to imprisonment for a period not exceeding three months shall, when also dismissed from the Assam Police Force, be imprisoned in the nearest or such other jail as the Chief Commissioner may, from time to time, by general or special order, direct; but, when not also dismissed from that Force, he may, at the discretion of the convicting officer, subject to revision by the Deputy Commissioner, be confined in the quarter-guard or such other place as the convicting officer may consider suitable.

Saving of prosecution under other laws.

8. *(1)* Nothing in this Regulation shall prevent any person from being prosecuted under Act V of 1861, or under any order or rule made under that Act, or under any other enactment for the time being in force, for any act or omission punishable hereunder, or from being liable if so prosecuted to any other or higher penalty than is provided for that act or omission by this Regulation:

(2) Provided that no person shall be punished twice for the same offence.

Magisterial powers of Police-officers.

9. Nothing in Act V of 1861, or in any other enactment for the time being in force, shall prevent the Chief Commissioner from investing any Police-officer not below the grade of Commandant with the powers of a Magistrate of any class for the purpose of inquiring into or trying any offence committed by a Frontier Police Officer and punishable under Act V of 1861 or this Regulation.

Frontier Police-officers to be bound to serve for three years.

10. *(1)* No officer of the Assam Police Force shall, after the date on which this Regulation comes into force, be posted to the Frontier division of that force until the declaration contained in the schedule hereto annexed has been read over to him in the presence of a Magistrate or of a Commandant, and has been signed or (when the officer is unable to write his name) marked by the officer in acknowledgment of its having been so read.

(2) Any officer who, on the declaration being so read over to him, signs or marks the same and is thereupon posted to the Frontier Division, shall not be entitled to be discharged from the Assam Police Force except in accordance with the terms of the declaration, any notice given by him under Act V of 1861, section 9, notwithstanding.

THE SCHEDULE.

(*See Section 10.*)

AFTER you have served three years in the Frontier division of the Assam Police Force, you may, at any time when not on active service, apply for your discharge, through the Súbahdár to whom you may be subordinate, to a Commandant of Frontier Police or to the Deputy Commissioner of the District in which you may be serving, and you will be granted your discharge in two months from the date on which you make your application, provided that the granting of it does not cause the vacancies in the Frontier division to exceed ten per cent. of the sanctioned strength: in that case you must remain till this objection is waived by competent authority or removed. But when on active service you have no claim to a discharge, and you must remain and do your duty until the necessity for retaining you in the service ceases, when you may make your application in the manner above prescribed. In the event of your re-enlistment after having been discharged, you will have no claim to reckon your service previous to discharge.

Signature of Police-officer in acknowledgment of the above having been read to him. } *A. B.*

No. 4877.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read—

A letter from the Government of Bengal to the Government of India in the Home Department, No. 872, dated the 31st May 1882, submitting for orders a proposal by the Inspector General of Police to prohibit the manufacture and importation of handkerchiefs impressed with designs in imitation of Government Currency Notes.

Read—

A letter to the Government of Bengal, No. 2071, dated the 30th June 1882, requesting that Government to point out to the Chamber of Commerce at Calcutta the fraudulent use that can be made of these handkerchiefs and the necessity which appears to exist for prohibiting the import of such articles, and to ask for the opinion of the Chamber on the subject.

Read—

An endorsement from the Government of Bengal, No. 2293, dated the 17th August 1882, submitting the opinion of the Bengal Chamber of Commerce "that the importation of handkerchiefs impressed with designs of Government Currency Notes should be peremptorily prohibited," with an intimation that the Honourable the Lieutenant-Governor concurs in this opinion.

RESOLUTION.—In May last the Inspector General of Police, Bengal, brought to the notice of the Local Government that there had recently been an importation of gaudy coloured cotton goods on which, among other things, designs in imitation of Government Currency Notes had been impressed, and that two of these designs had been cut out and palmed off on ignorant people in Calcutta as genuine notes. It also appears that similar goods have been imported into the Bombay Presidency and other parts of India, and it is believed that designs cut from them have been used for dishonest purposes outside the presidency towns. The Governor General in Council observes that while there is doubtless no fraudulent intention on the part of the manufacturers and importers of these goods, there is evidence that the Currency Note forms impressed on them have been used in this country for fraudulent purposes. The designs could not impose upon any person who had experience in dealing with Currency Notes; but, as the poorer and more ignorant classes of the community are very easily deceived in matters of this nature, it appears to His Excellency in Council that there is substantial risk of these imitations of Currency Notes being used to a considerable extent for purposes of deception; any such frauds might also seriously affect the confidence of the poorer classes in Currency Notes, and His Excellency in Council is, therefore, of opinion that it is necessary in the interests of the public to prohibit the importation of the goods in question. This prohibition, if carried into effect at once, would, however, render valueless goods which have been manufactured in good faith, and accordingly His Excellency in Council is pleased to decide that the prohibition shall not be brought into operation until 1st March 1883. It has also been discovered that goods of a similar nature have been imported with designs impressed upon them in imitation of Government Promissory Notes, and the prohibition will, therefore, be made to include all such goods as well as any goods on which designs in imitation of Government of India Stock Notes may be impressed.

2. The Governor General in Council would under ordinary circumstances have preferred that effect should be given to the prohibition by means of legislation; but legislation on the subject, if framed in general terms and not made applicable solely to the particular case now under consideration, would necessarily have a wider effect than the necessities of the case require, and His Excellency in Council has, therefore, decided to use the powers conferred on him by section 19 of the Sea Customs Act, 1878, for the purpose of prohibiting the import of the goods in question, and accordingly directs the publication of the annexed notification.

ORDERED, that this Resolution be published in the *Gazette of India* for general information, and that it be communicated, with a copy of the Notification, to the several Local Governments and Administrations for information and guidance.

No. 4878.

In exercise of the powers conferred by section 19 of the Sea Customs Act, 1878, the Governor General in Council is pleased to prohibit the importation into ports in British India of cotton goods impressed with designs in imitation of Currency Notes, Promissory Notes, or Stock Notes of the Government of India. This order shall come into force from the 1st of March 1883.

D. M. BARBOUR,
Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Nothing for publication.

SUPPLEMENT No. 47.

PART I.

Government of India Notifications, Appointments, Promotions, &c.

HOME DEPARTMENT.

NOTIFICATIONS.—PUBLIC.

Simla, the 15th November 1882.

No. 1829.—Under the provisions of Section 9 of the Statute 24 & 25 Vic., Cap. 67, the Governor General in Council is pleased to direct that His Excellency's Council shall assemble at Calcutta in the jurisdiction of the Lieutenant-Governor of Bengal.

A. MACKENZIE,

Secy. to the Govt. of India.

Fort William, the 24th November 1882.

No. 1836.—With reference to paragraph 5 of Home Department Resolution No. 31—1298 to 1308, dated the 31st August 1882, it is hereby notified that the examination prescribed for the filling up of vacancies in the clerical establishments of the Secretariat Offices of the Government of India and the Departments directly attached thereto, will be held at Calcutta, in the Senate House of the Calcutta University, on Monday, the 15th January 1883, and following days. The daily hours of examination will be from 10 A.M. to 1 P.M. and from 1-30 P.M. to 4-30 P.M.

The probable number of vacancies to be competed for is 9 in the Upper Division of clerkships and 23 in the Lower Division. These figures represent the number of vacancies which may be expected to occur in the Upper and Lower Divisions, respectively, as calculated on the average of a series of years; but it should be understood that it is impossible to estimate with absolute accuracy the number of vacancies which will actually occur during the year 1883.

No paper on any special subject will be set for candidates for appointments in the Upper Division at the ensuing examination, but it is understood that the Military Department will probably set a special paper for candidates now in the Lower Division of that Office upon the results of examination in which the relative position of such candidates (when successful) will hereafter be arranged.

Candidates should pay the prescribed fees into the nearest Treasury, and forward to the Secretary to the Board of Examiners only the Treasury receipt. Candidates paying their fees in Calcutta should pay them into the Bank of Bengal. In the case of unsuccessful candidates, a memorandum will, after the results of the examination are known, be endorsed on the receipt by the Secretary to the Board of Examiners, entitling the candidates concerned to recover half the fees paid.

Application for permission to appear at the examination should, as directed in Home Depart-

ment Resolution of 31st August last, be made to the Secretary to the Board of Examiners, Calcutta; between the 15th and 31st days of December next (inclusive).

The attention of intending candidates is called to paragraph 7 of the Resolution of 31st August last, as to the particulars and documents which should accompany the application for permission to appear at the examination. These particulars, &c., are noted in the margin.

(1) Evidence that the candidate is not less than 19 and not more than 24 years of age.
(2) A certificate from a Government Medical Officer of or above the rank of Assistant Surgeon that the candidate is in good health and of sound constitution.
(3) A certificate that the candidate is of good moral character from the head of the institution in which he has last been educated, or (when a year or more has elapsed since his education terminated) from some respectable householder to whom he is well known in private life, and who is himself personally known to the head of some Government Office, this last fact being certified by the counter-signature of the officer in question.

JUDICIAL.

The 23rd November 1882.

No. 1677.—The Honorable J. Q. Pigot, a Judge of the High Court of Judicature at Fort William in Bengal, has obtained furlough on urgent private affairs for fifteen days, with effect from the 23rd instant.

The 24th November 1882.

No. 1680.—The services of Lieutenant J. G. Morris, B.S.C., are placed temporarily at the disposal of the Chief Commissioner of the Central Provinces for appointment as Officiating Cantonment Magistrate of Saugor.

PATENTS.

The 23rd November 1882.

No. 1093.—Specifications of the undermentioned inventions have been filed, under the provisions of Act XV of 1859, in the Office of the Secretary to the Government of India in the Home Department. Copies have been sent to one of the Secretaries to each of the Governments of Bengal, Fort St. George, Bombay, and the North-Western Provinces. A copy of every specification is open to public inspection, at all reasonable hours, at the Office of the Secretary to the Government of India in the Home Department at the Presidency, upon payment of a fee of one Rupee. A certified copy of any specification will be given to any person requiring the same on payment of the expense of copying:—

No. 63 of 1882.—George Dubern, Electrical Engineer, in the Town of Calcutta, No. 18, Elliott's Road, for improved ice-making machinery.

No. 66 of 1882.—George Dubern, Electrical Engineer, in the Town of Calcutta, No. 18, Elliott's Road, for a machinery to employ waves as a source of power.

No. 89 of 1882.—Francis Wentworth Brewster, Gentleman, residing at Westminster, in the County of Middlesex, England, for improvements in buoyant devices.

No. 96 of 1882.—Heinrich Mestern, of Berlin, in the Empire of Germany, Engineer, for improvements in apparatus for producing and diffusing spray or mist from water or other liquid under pressure.

No. 102 of 1882.—John Frederick Pogson, Lieutenant, Her Majesty's Bengal Invalid, Establishment, residing at Mussoorie, in the North-Western Provinces, for converting kerosine oil, irrespective of its quality, into a bland or non-inflammable kerosine oil.

No. 121 of 1882.—John Evelyn Liardet, of Brockley, in the County of Kent, England, and Thomas Donnithorne, of 30, Grace Church Street, in the City of London, England, for improvements in the means of, and in the apparatus for, storing electrical energy, and in the preparation of the materials to be employed.

No. 126 of 1882.—Gunga Ram, Executive Engineer, Public Works Department, Punjab, for slide Rule, for scantlings of timber, for flat roofs, and for strains on trusses and trussed girders.

No. 128 of 1882.—George Brown, of Bareilly, in Rohilcund, and Robert Littler Henessy, of Allahabad, in the North-Western Provinces of India, for clearing the woody matter and bark, and extracting the fibre from the stems of the rhea plant or other plants of a like fibrous nature.

No. 133 of 1882.—Rajaram Doss, of North Bantrah, in the District of Howrah, carrying on business and trade there as iron founder, for improved machinery for expressing the juice of the sugarcane.

No. 139 of 1882.—Robert Baillie, Tea Planter, Doodputlee Tea Estate, Cachar, Assam, and Robert Thomson, Engineer, Cachar, Assam, for sifting or assorting teas.

No. 146 of 1882.—Hiram Codd, of 58 King William's Street, in the City of London, England, and Dan Rylands, of Barnsley, in the County of York, England, for improvements in bottles for containing aerated liquids, and in the manufacture of such bottles.

No. 150 of 1882.—John Woods, of Melbourne, in the Colony of Victoria, Engineer, and a Member of the Legislative Assembly of the said Colony, for improvements in railway brakes.

No. 151 of 1882.—Thomas Martin, of Bethanga, in the Colony of Victoria, Miner, for an improvement in the construction of blast furnaces.

Fort William, the 25th November 1882.

No. 2842.—Mr. W. Donald having been appointed to officiate as Deputy Accountant General, Madras, received charge of his duties, before noon, on the 31st October 1882.

No. 2845A.—The following addendum to the Codes of the Financial Department is published for general information :—

P. AND A. A. C.

Page 284.

Section 51.

Add the following to the list in the Section :—

Tahsildars, Munsifs and Superintendents of Settlements in the Punjab—Rupees 125.

No. 2846.—Babu Rajanath Ray, M.A., having been appointed to officiate as Assistant Comptroller General, assumed charge of his duties, before noon, on the 20th November 1882.

No. 2849.—In exercise of the powers conferred by section 16 of the Indian Coinage Act, 1870, and in supersession of the orders noted in the margin, the Governor General in Council is pleased to authorise the undermentioned officers to cut or break coin under that section :—

Financial Resolution No. 3299, dated 4th October 1872, and Notification of the same date.
Financial Resolution No. 3356, dated 1st November 1880.

1. Every officer in charge of a District Treasury.
2. Every Assistant Collector, Deputy Collector, Assistant Commissioner, or Extra Assistant Commissioner in charge of a Sub-Treasury.
3. Every Commissioner, Deputy or Assistant Commissioner of the Department of Paper Currency.
4. The Secretary and Treasurer of each of the Presidency Banks, and every Agent in charge of a branch of any of the said Banks.
5. The Secretary, Manager, or other principal officer of the several agencies in India of each of the following Banks :—

   Agra Bank, Limited ; Chartered Mercantile Bank ; Chartered Bank of India ; Comptoir D'Escompte de Paris ; Delhi and London Bank, Limited ; National Bank of India, Limited ; Oriental Bank Corporation ; Alliance Bank of Simla, Limited ; Simla Bank Corporation, Limited.

6. The Chairman, Vice-Chairman, or the Secretary of the Calcutta Port Improvement Commissioners, Bombay Port Trustees, Rangoon Port Commissioners.
7. The Chairman, Vice-Chairman, President, Vice-President, or Secretary of the Presidency Municipalities.
8. And any officer of any other Municipality authorised by the Local Government or Administration.

And in exercise of the powers conferred by section 28 of the same Act, the Governor General in Council is pleased to prescribe the following rules :—

1. When any silver coin purporting to be coined and issued under the authority of the Government of India is tendered to any of the officers authorised by this Notification to act under section 16 of the Indian Coinage Act, 1870, who has reason to believe it to be counterfeit, or to have been reduced in weight otherwise than by reasonable wearing, he shall cut and break such coin, and, under section 16 of the said Act, return the pieces to the person tendering the coin.
2. When any rupee or half-rupee purporting to be coined and issued under the authority of the Government of India is tendered to any such officer, who has reason to believe it to have lost by reasonable wearing more than two per cent. in weight, he shall cut or break such coin, and, at the option of the person tendering the coin, return to him the pieces, or retain them and pay to him their value at the rate of one rupee for one hundred and eighty grains troy weight.
3. A quarter-rupee or an eighth of a rupee tendered to such an officer must, under section 13 of the Act, be accepted as legal tender for a fraction of a rupee, even though it have lost, by reasonable wearing, more than two per cent. in weight.
4. If, by reason of the obliteration of the device upon it, or for any other cause, any quarter-rupee or eighth of a rupee that shall come into the possession of such an officer shall appear to him to be unfit for further circulation, it shall not be cut or broken, but shall, whatever be its weight, be withdrawn from circulation and dealt with in the manner prescribed in Rule 5. But quarter-rupees and eighths of a rupee shall not be withdrawn from circulation, if they appear to be otherwise fit to circulate, only because they have lost by reasonable wearing more than two per cent. in weight.
5. The pieces of coin cut or broken and paid for under Rule 2, and the coin withdrawn from circulation under Rule 4, shall be sent, by the first convenient opportunity, to the Master of the Mint at Bombay or Calcutta. Meanwhile, the actual sum paid for the cut or broken pieces and the nominal value of the coin withdrawn shall be entered in the statement of the cash balance of the officer who has received them as "uncurrent coin." Upon their receipt at the Mint, the Master of the Mint shall give credit for them at the same values, and any loss incurred in their re-coinage shall be a charge of the Mint.

ORDERED, that this Notification be published in the *Gazette of India* for general information, and that it be communicated to the several Local Governments and Administrations and the Comptroller General for information.

No. 2857.—*Abstract of the Accounts of the Department of Issue of Paper Currency on the 31st October 1882, published as required by Section 23 of the Indian Paper Currency Act, 1871.*

LEGISLATIVE DEPARTMENT.

NOTIFICATIONS.

Fort William, the 28th November, 1882.

No. 15.—In exercise of the power conferred by the Statute 24 & 25 Vic., cap. 67, section 17, the Governor General in Council has been pleased to appoint Thursday, the 14th December next, at 11 A.M., as the time, and the Council Chamber in the Government House, Calcutta, as the place, for a meeting of the Council of the Governor General for the purpose of making Laws and Regulations.

No. 16.—His Excellency the Viceroy and Governor General has been pleased to accept the resignation by the Hon'ble W. C. Plowden of his office of Additional Member of the Council of the Governor General for the purpose of making Laws and Regulations, with effect from the 10th instant.

The 1st December, 1882.

No. 17.—Mr. W. F. Agnew, Reporter for the Indian Law Reports in the High Court, Calcutta, has been appointed, with effect from the 29th ultimo, to officiate as Chief Reporter and Reporter for the period during which Mr. J. V. Woodman may be officiating as Deputy Secretary to the Government of India, Legislative Department, and until further orders.

No. 18.—Mr. T. A. Pearson has been granted leave of absence for three months from his office of Reporter for the Indian Law Reports in the High Court, Calcutta, with effect from the 20th ultimo.

No. 19.—Mr. H. T. Hyde, Barrister-at-law, has been appointed to officiate as Reporter for the Indian Law Reports in the High Court, Calcutta, with effect from the 29th ultimo and until further orders.

No. 20.—Mr. C. E. Fox, Barrister-at-law, has been appointed to officiate as Reporter for the Indian Law Reports in the High Court, Calcutta, with effect from the 29th ultimo and until further orders.

D. FITZPATRICK,

Secy. to the Govt. of India.

HOME DEPARTMENT.

NOTIFICATIONS.—PUBLIC.

Fort William, the 29th November 1882.

No. 1882.—Under the provisions of section 17 of the Indian Arms Act, 1878, and with reference to paragraph IV (*b*) of Home Department Notification No. 518, dated the 6th March 1879, the Governor General in Council is pleased to make the following rule regarding the grant of licenses

for the importation or transport of lead in all districts on the external land frontier of British India and in the sea-board districts of British Burma, when such lead is required for manufacturing or industrial purposes:—

Rule.

Licenses may be granted to persons without payment of any fee in all districts on the external land frontier of British India and in the sea-board districts of British Burma, entitling the holder to import or transport lead in reasonable quantities, when the same is proved to the satisfaction of the officer granting the license to be required *bonâ fide* for manufacturing or industrial purposes.

ESTABLISHMENTS.

The 29th November 1882.

No. 372.—Mr. H. G. Keene is permitted to resign Her Majesty's Bengal Civil Service, with effect from the 4th October 1882.

EXAMINATIONS.

The 30th November 1882.

No. 111.—The following Regulations respecting the examination of candidates for the Civil Service of India, to be held in June 1883, are published for general information:—

EXAMINATIONS FOR THE CIVIL SERVICE OF INDIA.

REGULATIONS FOR THE OPEN COMPETITION OF JUNE, 1883.

N.B.—The Regulations are liable to be altered in future years.

1. On the 1st June, 1883, and following days, an Examination open to all qualified persons, will be held in London (*a*). Not fewer than persons will be selected, if so many shall be found duly qualified; *viz.*, for the Lower Provinces of Bengal (including Assam); for the Upper Provinces of Bengal (including the Punjab and Oudh; for Burma; for Madras, and for Bombay (*b*).

2. No person will be deemed qualified who shall not satisfy the Civil Service Commissioners:—

(i.) That he is a natural-born subject of Her Majesty.

(ii.) That his age will be above seventeen years and under nineteen years on the 1st January, 1883. [*N.B.—In the case of Natives of India this must be certified by the Government of India, or of the Presidency or Province in which the Candidate may have resided.*]

(iii.) That he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Civil Service of India.

(iv.) That he is of good moral character.

(v.) That he has paid the fee of £5, prescribed under the provisions of the Order in Council of the 22nd March, 1879 (*c*).

3. Should the evidence upon the above points be *primâ facie* satisfactory to the Civil Service Commissioners, the Candidate will be admitted to the Examination. The Commissioners may, however, in their discretion, at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries, in the case of any Candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India; and if already selected will be removed from the position of a Probationer.

4. The Examination will take place only in the following branches of knowledge:—

	Marks.
English Composition	300
(*d*) History of England—including a period selected by the Candidate	300
(*d*) English Literature—including books selected by the Candidate	300
Greek	600
Latin	600
French	500
German	500
Italian	400
(*e*) Mathematics (pure and mixed)	1,000
Natural Science: that is, the Elements of any two of the following Sciences, *viz.*:—Chemistry, 500; Electricity and Magnetism, 300; Experimental Laws of Heat and Light, 300; Mechanical Philosophy, with outlines of Astronomy, 300.	
Logic	300
Elements of Political Economy	300
(*f*) Sanskrit	500
(*f*) Arabic	500

Candidates are at liberty to name any or all of these branches of knowledge. No subjects are obligatory.

(*a*) An order for admission to the Examination will be sent to each Candidate on the 18th of May.

(*b*) The numbers will be announced hereafter.

(*c*) The fee will be £5, payable by means of a special stamp according to instructions which will be communicated to the Candidates.

(*d*) A considerable portion of the marks for English History and Literature will be allotted to the work [illegible] Candidate. (See notice on p 4.) In awarding mark for this, regard will be had partly to the extent and importance of the periods or books selected, but chiefly to the thoroughness with which they have been studied.

(*e*) The Examination will range from Arithmetic, Algebra, and Elementary Geometry, up to the elements of the Differential and Integral calculus, including the lower portions of applied Mathematics.

(*f*) The standard of marking in Sanskrit and Arabic will be determined with reference to a high degree of proficiency, such as may be expected to be reached by a Native of good education.

5. The merit of the persons examined will be estimated by marks; and the number set opposite to each branch in the preceding regulation denotes the greatest number of marks that can be obtained in respect of it.

6. The marks assigned to Candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary (*g*), in order to secure that "a Candidate be allowed no credit at all for taking up a subject in which he is a mere smatterer."

7. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary.

8. The marks obtained by each Candidate, in respect of each of the subjects in which he shall have been examined, will be added up, and the names of the several Candidates who shall have obtained, after the deduction above mentioned, a greater aggregate number of marks than any of the remaining Candidates, will be set forth in order of merit, and such Candidates shall be deemed to be Selected Candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the Selected Candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. In the former case, the Candidate next in order of merit, and in other respects duly qualified, shall be deemed to be a Selected Candidate. A Selected Candidate declining to accept the appointment which may be offered to him will be disqualified for any subsequent competition.

9. Selected Candidates, before proceeding to India, will be on probation for two years, during which time they will be examined periodically, with a view of testing their progress in the following subjects:—(*h*)

	Marks.
1. Law	1,250
2. Classical Languages of India—	
Sanskrit	500
Arabic	400
Persian	400
3. Vernacular Languages of India (each)	400
4. The History and Geography of India	350
5. Political Economy	350

In these Examinations, as in the Open Competition, the merit of the Candidates examined will be estimated by marks, and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it at any one Examination. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary. The last of these Examinations will be held at the close of the second year of probation, and will be called the "Final Examination," at which it will be decided whether a Selected Candidate is qualified for the Civil Service of India. At this Examination Candidates will be permitted to take up any one of the following branches of Natural Science, *viz.*—Botany, Geology, or Zoology, for which 350 marks will be allowed.

10. Any Candidate who, at any of the periodical Examinations, shall appear to have wilfully neglected his studies, or to be physically incapacitated for pursuing the prescribed course of training, will be liable to have his name removed from the list of Selected Candidates.

11. The Selected Candidates who, at the Final Examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, and character, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that Service.

12. Persons desirous to be admitted as Candidates must apply on Forms, which may be obtained from "The Secretary, Civil Service Commission, London, S. W." at any time after the 1st December 1882. The Forms must be returned so as to be received at the office of the Civil Service Commissioners on or before 31st March, 1883 (*i*).

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements:—

(*1.*) *Selected Candidates will be permitted to choose, according to the order in which they stand in the list resulting from the Open Competition, so long as a choice remains, the Presidency (and in Bengal the Division of the Presidency) to which they shall be appointed; but this choice will be subject to a different arrangement, should the Secretary of State, or the Government of India, deem it necessary. (k)*

(*2.*) *The Probationers, having passed the necessary Examinations, will be required to report themselves in India within such period after the grant of their Certificate of Qualification as the Secretary of State may in each case direct.*

(*3.*) *The seniority in the Civil Service of India of the Selected Candidates shall be determined according to the order in which they stand on the list resulting from the Final Examination.*

(*4.*) *An allowance amounting to £300 will be given to all Candidates who pass their probation at one of the Universities or Colleges which have been approved by the Secretary of State, viz., the Universities of Oxford, Cambridge, Glasgow, Edinburgh, St. Andrew's and Aberdeen; Trinity College, Dublin; University College, London; and King's College, London; provided such Candidates shall have passed the required Examinations to the satisfaction of the Civil Service Commissioners, and shall have complied with such rules as may be laid down for the guidance of Selected Candidates.*

(*5.*) *All Selected Candidates will be required, after having passed the first periodical Examination and before receiving the first instalment of their allowance, to attend at the India Office for the purpose*

(*g*) Marks assigned in English Composition and Mathematics will be subject to no deduction.

(*h*) Full instructions as to the course of study to be pursued will be issued to the successful Candidates as soon as possible after the result of the Open Competition is declared.

(*i*) These forms should be accompanied by evidence on the first four of the points mentioned in Regulation 2, and by a list of the subjects in which the Candidate desires to be examined. Evidence of health and character must bear date not earlier than 1st March, 1883. Applications for leave to alter or add to the list of subjects named will not be entertained unless received [illegible] the 5th of May.

[illegible] must be enrolled immediately after the result of the Open Competition is announced, on such day as may be [illegible] Service Commissioners.

of entering into an agreement binding themselves, amongst other things, to refund in certain cases the amount of their allowance in the event of their failing to proceed to India. A surety will be required.

(6.) After passing the Final Examination, each Candidate will be required to attend again at the India Office, with the view of entering into covenants, by which, amongst other things, they will bind themselves to agree to such Regulations for the provision of pensions for their families as may be approved by the Secretary of State for India in Council. The stamps payable on these covenants amount to £1.

(7.) Candidates rejected at the Final Examination of 1885 will in no case be allowed to present themselves for re-examination.

NOTICE RESPECTING THE EXAMINATION IN THE HISTORY OF ENGLAND, AND ENGLISH LITERATURE.

HISTORY OF ENGLAND.

For the guidance of Candidates who may have a difficulty in making their selections for special study under this head, the following list is given as indicating the character and amount of reading that would be regarded as satisfactory.

Any one of the following periods, to be studied generally in "Bright's History" and particularly in portions, selected by the Candidate, of the Text-books named:—

1. *Henry II. to Edward III., A.D. 1154-1377.*—Stubbs' Select Charters; Stubbs' Constitutional History of England.
2. *The Tudors, A.D. 1485-1603.*—Hallam's Constitutional History of England; Froude's History of England.
3. *The Stuarts, A.D. 1603-1714.*—Hallam's Constitutional History of England; Macaulay's History of England.
4. *A.D. 1714-1805.*—Lord Stanhope's History; Sir T. E. May's Constitutional History; *either* Massey's Reign of George III. *or* Lord Stanhope's Life of Pitt.

ENGLISH LITERATURE.

Under this head there will be (besides the general paper) a special paper on the following books:—

1. *Chaucer.*—Prologue to the Canterbury Tales, with the Knight's Tale.
2. *Shakespeare.*—The Tempest, Richard II.
3. *Byron.*—Childe Harold, Cantos iii. and iv.
4. *Bacon.*—Essays, xxvii. to lviii. inclusive.
5. *Johnson.*—"Six Chief Lives of the Poets," *viz.*:— of Milton, Dryden, Swift, Addison, Pope and Gray; with Macaulay's Biography of Johnson.

The oral examination in English Literature will have reference chiefly to such works, not included in the foregoing list, as the Candidate may offer for the purpose.

CIVIL SERVICE OF INDIA.

FORM OF APPLICATION; TO BE FILLED UP BY CANDIDATES.

*** This Form must be sent so as to be received at the Office of the Civil Service Commission on or before the 31st March, 1883.

Date _____

SIR,

Being desirous to offer myself as a Candidate at the Examination for the Civil Service of India, which is appointed to commence on the 1st of June, 1883, I transmit herewith, as required by the Regulations—

(1.) If a General Register Office certificate cannot be obtained, the instructions printed on the other side will show what evidence should be supplied. If evidence is already in the hands of the Commissioners, strike out "certificate of my birth," and insert "Evidence is already in the possession of the Commissioners."

(1.) A certificate of my birth, showing that I was born on the day of 18 , and that therefore my age was above 17 years and under 19 years on the 1st of January, 1883.

(2.) The terms indicated by the marks of quotation must appear in the certificate, which must be given after personal examination, and bear date not earlier than 1st March, 1883.

(2.) A certificate signed by

of my having "no disease, constitutional affection, or bodily infirmity unfitting me for the Civil Service of India."

(3.) Two testimonials must be sent bearing date not earlier than 1st March, 1883. One of them should be given by my [illegible] acquaintance (not a relative) of not less than three or four years' standing; the other, if the Candidate has recently left school, should be given by his late schoolmaster, or if he has had employment of any kind, by his late employer. If the Candidate has been at any University, he should send a certificate of good conduct from his college tutor.

(3.) Proof of any moral character, *viz.*:—

(1.) A testimonial from

(2.) A testimonial from

(4.) This should be given on the form herewith. If the History of England or English Literature be named, the schedule should also be filled up.

(4.) A statement of the branches of knowledge in which I desire to be examined.

I have also to state, with reference to Section 2, Clause (i) of the Regulations, that I am a natural-born subject of Her Majesty.

I am,
SIR,
Your obedient Servant,

Name in full _____

Address _____

EVIDENCE OF AGE TO BE REQUIRED FROM CANDIDATES FOR THE CIVIL SERVICE OF INDIA.

I.—Every Candidate born in England or Wales should produce a Certificate from the Registrar-General of Births, Marriages, and Deaths, or from one of his provincial Officers. This Certificate may be obtained at Somerset House, or from the Superintendent Registrar of the District in which the birth took place.

II.—A Candidate who is a Native of India must have his age certified by the Government of India, or of the Presidency or Province in which he may have resided.

III.—Every other Candidate *not producing the Certificate* mentioned in Clause 1, must prove his age by Statutory Declaration, and should also, if possible, produce a record of Birth or Baptism from some official Register; under which term may be included the Parochial Registers of Baptisms, the non-Parochial Registers of Baptisms and Births deposited at Somerset House under Acts of Parliament, the Register kept at the India Office of persons born in India, &c., &c. This Regulation applies—

1. To all Candidates not born in England or Wales.
2. To Candidates, who, though born in England or Wales, cannot produce the Registrar-General's Certificate.

The Civil Service Commissioners reserve to themselves the right of deciding in each case upon the sufficiency of the evidence produced, but they subjoin the following general rules for the guidance of Candidates:—

(*a.*) The Declaration should specify precisely the date and place of birth, and should, if possible, be made by the father or mother of the Candidate. If made by any other person, it should state the circumstances which enabled the Declarant to speak to the fact. If an entry in a Bible or other family record be referred to, the Bible or other record must be produced at the time of making the Declaration, and must be mentioned in the Declaration as having been so produced.

(*b.*) If the Candidate was born in England or Wales, the Declaration must contain a statement, that after due inquiry no entry has been found in the books of the Registrar-General; or a separate Declaration must be made to that effect.

(*c.*) If no extract from any Register is produced, the Declaration must contain a statement, that after due inquiry no such Record is believed to exist; or a separate Declaration must be made to that effect.

(*d.*) Statutory Declarations must be exactly in the form prescribed by the Act of 5 and 6 William IV., c. 62. A printed Form, if required, will be supplied on application to the Civil Service Commissioners.

N. B.—*Clergymen, who are not Magistrates, are not qualified to take Declarations.*

POLICE.

The 28th November 1882.

No. 456.—The services of Mr. A. E. C. Bolst, a District Superintendent of Police in Bengal, are placed at the disposal of the Chief Commissioner of Assam.

PORT BLAIR.

The 27th November 1882.

No. 580.—In exercise of the powers conferred by Section 27 of the Andaman and Nicobar Islands Regulation, 1876, the Governor General in Council is pleased to determine the following as the conditions upon which licenses to reside in the Settlement of the Island of South Andaman shall be granted :—

I.—Every license to reside in the Settlement of the Island of South Andaman shall continue in force from the day of the date thereof till the first day of April next, after the date of the grant thereof.

II.—Every person to whom a license has been granted, and who desires to continue to reside in the Settlement after the expiration of his license, shall apply for a renewal of his license on or before the 15th day before its expiration.

III.—Every license shall be liable to be cancelled, if the license-holder is convicted during the currency of his license of an offence punishable under the provisions of the Andaman and Nicobar Islands Regulation, 1876, or of the rules made thereunder, or of any other law for the time being in force.

IV.—The Chief Commissioner may, at any time, after recording his reasons in writing, but without assigning to the license-holder any reason for so doing, by order in writing, cancel any license, and the license shall be void from the date of the receipt of the order by the license-holder.

Provided that in every case in which he cancels a license under this rule the Chief Commissioner shall forthwith send a copy of his recorded reasons for so doing to the Governor General in Council; and the Governor General in Council may, on his own motion, or on application by the person whose license has been cancelled, or otherwise, reverse the order of the Chief Commissioner, and thereupon the license shall again come into force and be valid.

No. 581.—In exercise of the powers conferred by Section 27 of the Andaman and Nicobar Islands Regulation, 1876, the Governor General in Council is pleased to determine the following as the conditions upon which licenses to reside in the Nicobar Settlement shall be granted :—

I.—Every license to reside in the Nicobar Settlement shall continue in force from the day of the date thereof till the death or departure of the holder from the Settlement, or till cancelled by proper authority.

II.—Every license shall be liable to be cancelled if the license-holder is convicted during the currency of his license of an offence punishable under the provisions of the Andaman and Nicobar Islands Regulation, 1876, or of the rules made thereunder, or of any other law for the time being in force.

III.—The Chief Commissioner may, at any time, after recording his reasons in writing, but without assigning to the license-holder any reason for so doing, by order in writing, cancel any license, and the license shall be void from the date of receipt of the order by the license-holder.

Provided that in every case in which he cancels a license under this rule the Chief Commissioner shall forthwith send a copy of his recorded reasons for so doing to the Governor General in Council; and the Governor General in Council may, on his own motion or on application by the person whose license has been cancelled, or otherwise, reverse the order of the Chief Commissioner, and thereupon the license shall again come into force and be valid.

Communication from the Public Works Department, No. 8A.G., dated 9th January 1882, forwarding returns showing the European stores purchased locally during the last two years by the Military Works Branch of the Department.

RESOLUTION.—From the returns forwarded by the Public Works Department, a list has been prepared and is appended to this Resolution, showing articles which, on the information before the Governor General in Council, it is possible to obtain of Indian manufacture. His Excellency in Council accordingly directs that in future these articles shall be procured of Indian manufacture whenever it is possible to obtain them of quality good enough for the purposes for which they are required and at prices not higher than the cost of articles of similar quality imported from England. In no case should articles of these classes or of others which the country is capable of supplying be indented for until careful and extended enquiry has shown that the locally manufactured articles are substantially inferior in quality to, or dearer than, similar articles supplied under indent from the Secretary of State.

2. When the price, at which particular articles can be obtained through the agency of the India Office, is not known, reference may be made to the Director General of Railways.

3. Officers should take particular care to avoid purchasing, as articles nominally of Indian manufacture, tools and other similar articles evidently imported from Europe or America.

ORDERED, that the foregoing Resolution be communicated to the Public Works Department and to all Local Governments and Administrations for information and guidance, and that it be published in the *Gazette of India* for general information.

D. M. BARBOUR,
Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Fort William, the 1st December, 1882.

APPOINTMENTS.

No. 647.—STAFF CORPS—

The undermentioned officers, appointed by the Secretary of State probationers for the Indian Staff Corps, are placed at the disposal of the Government of Madras in view to their appointment to the Staff Corps of that Presidency, with effect from the date of their arrival in India:—

Lieutenant H. D. McIntyre, Argyll and Sutherland Highlanders.

Lieutenant H. J. Bremner, Royal Munster Fusiliers.

No. 648.—MILITARY ACCOUNTS DEPARTMENT—

In G. G. O. No. 608 of 1882, *for* "28th October, 1832," *read* 28th October, 1881.

FURLOUGH AND LEAVE.

No. 649.—The undermentioned officers are granted furlough out of India, with the necessary subsidiary leave:—

Lieutenant-Colonel J. B. Smith, Bengal S.C., Assistant Commissary-General, 1st class, (p.a.) for one year and 83 days, under rule IX of the regulations of 1868.

Captain F. F. Roupell, East Surrey Regiment, Deputy-Assistant Adjutant-General for Musketry on the establishment, (m.c.) for 182 days, under G. G. O. No. 813 of 1876.

Lieutenant F. S. Gwatkin, Bengal S.C., Squadron Officer and Adjutant, 13th Bengal Lancers, (p.a.) for one year, under rule I of the regulations of 1875.

No. 650.—Captain (Brevet Lieutenant-Colonel) A. W. Capel, late 5th European Light Cavalry, is granted furlough, with English Furlough Pay, for four days, with effect from the 9th October, 1882, in extension of that allowed in G. G. O. No. 160 of 1881.

No. 651.—The undermentioned officers have been granted extensions of furlough by the Right Hon'ble the Secretary of State for India:—

Lieutenant-Colonel (Brevet Colonel) G. C. DePrée, Bengal S.C., (p.a.) for one month.

Lieutenant-Colonel A. Stewart, Bengal S.C., (p.a.) for forty-five days.

Lieutenant-Colonel A. Copland, C.B., Bengal S.C., (p.a.) for seven days.

Lieutenant-Colonel A. Vivian, Bengal S.C., (u.p.a.) without pay, for two months.

Major (Brevet Lieutenant-Colonel) Sir O. B. C. St. John, K.C.S.I., R.E., (p.a.) for seven days.

Captain R. F. Moore, R.E., (p.a.) for sixty-two days.

Captain M. A. Gray, Bengal S.C., (p.a.) for 183 days.

Surgeon F. J. Tuohy, M.D., (m.c.) for six months.

Communications from the Public Works Department, No. 80A.G., dated 2nd February 1882, and No. 109A. G., dated 21st February 1882, forwarding returns showing European stores purchased locally and procured from England through agents in India, during the years 1879-80 and 1880-81, by the Department in the Bombay Presidency, the Punjab, and Biluchistan.

RESOLUTION.—From the returns forwarded by the Public Works Department, a list has been prepared and is appended to this Resolution, showing articles which, on the information before the Government of India, it is possible to obtain of Indian manufacture, and His Excellency the Governor General in Council directs that in future these articles shall be procured of Indian manufacture, whenever it is possible to obtain them of quality good enough for the purposes for which they are required and at prices not higher than the cost of articles of similar quality imported from England. In no case should articles of these classes or of others which the country is capable of supplying, be indented for until careful and extended enquiry has shown that the locally manufactured articles are substantially inferior in quality to or dearer than similar articles supplied under indent from the Secretary of State.

2. Officers should take particular care to avoid purchasing, as articles nominally of Indian manufacture, tools and other similar articles evidently imported from Europe or America.

3. When the price at which particular articles can be obtained through the agency of the India Office is not known, reference may be made to the Director General of Railways.

ORDERED, that the foregoing Resolution be communicated to the Public Works Department and to all Local Governments and Administrations for information and guidance, and that it be published in the *Gazette of India* for general information.

MEDALS.

No. 665.—In continuation of G. G. O. No. 578 of 1882, His Excellency the Governor General in Council has much pleasure in publishing for general information the following despatch received from the Right Hon'ble the Secretary of State for India :—

MILITARY, No. 348. INDIA OFFICE, *London, 26th October* 1882.

To His Excellency the Most Honourable the Governor General of India in Council.

MY LORD MARQUIS,—Para. 1. Your Lordship will have learned, by my telegram of 10th

October 1882, that the Queen-Empress has been graciously pleased to grant a medal to all Her Majesty's Forces employed in the recent operations in Egypt.

2. A clasp inscribed "Tel-el-Kebir" will likewise be granted to those troops which took part in the night march from Kassassin, and assault on the enemy's entrenchments at Tel-el-Kebir on 13th September 1882.

3. The medal will be granted to all troops who landed in Egypt, and served in that country between 16th July and 14th September 1882, both dates inclusive.

4. A copy of the General Order of His Royal Highness the Field Marshal Commanding in Chief, notifying to the Army Her Majesty's gracious intention, is forwarded for your information and guidance; and I request that rolls drawn up in accordance therewith may be furnished as early as possible.

5. The rolls should include those followers who, under Indian regulations, are entitled to medals.

I have, &c.,

(Sd.) HARTINGTON.

General Order by His Royal Highness the Field Marshal Commanding in Chief.

G. O. 280.—Medals.

I. The Queen has been graciously pleased to signify Her pleasure that a medal be granted to all Her Majesty's Forces employed in the recent operations in Egypt, which resulted in the defeat of the rebel army at Tel-el-Kebir, the surrender of the rebel chief, Arabi Pasha, and of the fortresses and troops under his orders.

II. The medal will be granted to all troops who landed in Egypt and served in that country between the 16th July and the 14th September 1882, both dates inclusive.

III. Her Majesty has also been pleased to approve of the grant of a clasp, inscribed "Tel-el-Kebir," to those troops which took part in the night march from Kassassin, which ended by the assault on the enemy's entrenchments at Tel-el-Kebir about daybreak on the morning of the 13th September 1882.

IV. Rolls are to be forwarded to the Adjutant-General to the Forces without delay.

V. Staff Officers and Special Service Officers will forward their applications through the General Officers under whom they served. General Officers who served as such will forward rolls in favour of themselves and their respective Staffs.

VI. Officers who served as Heads of Departments will furnish returns of Officers and others who served under their command.

VII. Officers commanding Batteries of Royal Artillery, Companies of Royal Engineers, Regiments of Cavalry, and Battalions of Infantry and Companies of Commissariat and Transport Corps, will forward nominal rolls of Officers, Warrant Officers, Non-commissioned Officers and men who served under their command.

VIII. The rolls are to be prepared in duplicate, in conformity with the form given in the Appendix. They should be made out on foolscap, the writing to be lengthwise, from bottom to top of each page, with a margin of an inch on each side of the fold of the sheet to admit of binding. The names of the Officers and Warrant Officers will be entered in order of rank, those of the Non-commissioned Officers and men will be inserted strictly in alphabetical order, without reference to troops or companies in the case of Cavalry and Infantry.

IX. The names of men who, under Articles 910 to 912, Army Regulations, Vol. I. (Royal Warrant of 11th March 1882), have incurred forfeiture of the medal are also to be included in the rolls, and in the fourth column the reasons which have rendered them ineligible are to be stated.

By Command,

R. C. H. TAYLOR, *Adjutant-General.*

APPENDIX TO G. O. 280.

Regiment _____ *Station* _____

Date _____

Roll of Officers, Warrant Officers, Non-commissioned Officers, and Men entitled to the War Medal for the Egyptian Campaign, 1882.

1. Rank and Name.	2. Regimental No. and Rank at the time the Medal was earned.	3. Whether entitled to Clasp for Tel-el-Kebir.	4. Whether serving with Regiment or Depot, dead, discharged, deserted, &c.	5. [To be left blank.]

I certify that the individuals named in this Roll were actually present on the occasions specified, and have fulfilled the conditions entitling them to the decoration claimed.

Signature of General Officer, Head of Department, or Commanding Officer. } _____

2. His Excellency the Commander-in-Chief in India is requested to be good enough to issue the necessary orders for the early submission of rolls of officers and soldiers who are entitled to the decorations now authorized by Her Majesty.

PENSIONS.

No. 666.—Honorary Captain and Deputy Commissary James Murray, Military Works Department, is transferred to the Pension establishment, under the operation of paragraph 8 of G.G.O. No. 514 of 1881, with effect from the 16th September, 1882. (This cancels Honorary Captain Murray's transfer to the Pension establishment as notified in G.G.O. No. 514 of 1882.)

No. 667.—Honorary Captain and Deputy Commissary Joseph Mealin, Public Works Department, is transferred to the Pension establishment, with effect from the 14th September, 1882.

No. 668.—The undermentioned Warrant Officers are transferred to the Pension establishment:—

Honorary Lieutenant and Deputy Commissary John Halliday, Ordnance Department.

Honorary Lieutenant and Deputy Commissary Charles Dodge, Ordnance Department.

PART I.

Government of India Notifications, Appointments, Promotions, &c.

LEGISLATIVE DEPARTMENT.

NOTIFICATION.

Fort William, the 15th December, 1882.

No. 23.—His Excellency the Viceroy and Governor General, under the authority vested in him by the Statute 24 & 25 Vic., cap. 67, section 10, has been pleased to nominate Mr. Robert Miller to be an Additional Member of the Council of the Governor General for the purpose of making Laws and Regulations.

D. FITZPATRICK,
Secy. to the Govt. of India.

HOME DEPARTMENT.

NOTIFICATIONS.—PUBLIC.

Fort William, the 11th December 1882.

No. 1940.—With reference to Home Department Notification No. 1194, dated the 7th August 1882, it is hereby notified for general information that the concession therein allowed, whereby licenses for the importation, possession, or transport of sulphur, proved to the satisfaction of the Local Government or Administration concerned to be intended for *bonâ fide* medicinal, manufacturing, or agricultural purposes, may be granted without payment of any fee, does not extend to sulphur intended for the manufacture of gunpowder or of ammunition generally as defined in Section 4 of the Indian Arms Act, 1878 (Act No. XI of 1878).

MEDICAL.

The 15th December 1882.

No. 502.—The services of Brigade-Surgeon A. Garden, M.D., are placed permanently at the disposal of the Government of the North-Western Provinces and Oudh, with effect from the 29th April 1882.

CENSUS.

The 11th December 1882.

No. 165.—Home Department Notification No. 154, dated the 4th November 1882, granting privilege leave to Mr. W. C. Plowden, Census Commissioner for India, is hereby cancelled.

JUDICIAL.

The 14th December 1882.

No. 1778.—In exercise of the power conferred by Section 5 of Act XIV of 1874 (The Scheduled Districts Act, 1874), His Honor the Lieutenant-Governor of Bengal is pleased, with the previous

sanction of the Governor General in Council, to extend Act I of 1877 (The Specific Relief Act) to that portion of the Julpigoree Division which was formerly the Julpigoree Sub-division, and now forms the western portion of the district of Julpigoree and extends as far east as the Teesta river.

No. 1780.—The Hon'ble Sir Richard Garth, Kt., Q.C., Chief Justice of the High Court of Judicature at Fort William in Bengal, has obtained an extension of one day's privilege leave in continuation of the privilege leave granted to him in Home Department Notification No. 860, dated the 22nd June 1882.

The 15th December 1882.

No. 1783.—Under the provisions of Section 38 of Act XVII of 1875 (The Burma Courts Act, 1875), the Governor General in Council appoints Moung San Hla Baw to be an Extra Assistant Commissioner of the 5th Grade in British Burma.

No. 1784.—With reference to Section 15 of Act XI of 1865, and in exercise of the power conferred by Section 94 of Act XVII of 1875 (The Burma Courts Act, 1875), the Governor General in Council is pleased to invest Moung Ba Wa with the powers of a Judge of the Court of Small Causes in the town of Rangoon.

A. MACKENZIE,
Secy. to the Govt. of India.

FOREIGN DEPARTMENT.

NOTIFICATIONS.—POLITICAL.

Fort William, the 11th December 1882.

No. 1446 *G.*—With reference to Foreign Department Notifications Nos. 184G.P. and 200G.P., dated respectively the 1st and 22nd June 1882, Mr. E. Van Cutsem, Consul for the Netherlands at Calcutta, resumed charge of his Office from Mr. H. Reinhold on the 18th November 1882.

No. 1449 *G.*—With reference to Foreign Department Notification No. 948G. of the 10th October 1882, Mr. V. Bienenfeld, Vice-Consul for Italy at Aden, resumed charge of his Office from Mr. A. Pogliani on the 31st October 1882.

No. 1452 *G.*—With reference to Foreign Department Notification No. 901G., dated 4th October 1882, Mr. F. Bozzoni, Consul for Italy at Bombay, resumed charge of his Office from Mr. Gustav Olcese on the 18th November 1882.

No. 1455 *G.*—With reference to Foreign Department Notification No. 141G.P. of the 5th May 1882, the recognition by the Government of India of the appointment of Aga Abdul Hussein, Shirazi, as Acting Consul-General for Turkey at Bombay, has been confirmed by Her Majesty's Government.

Section 8, Rule 5.

For the words "in such manner as may be arranged", *in the Rule, substitute,* "in the manner prescribed in Rule 5 A."

Insert the following as Rule 5 A.:—

5A. *Clause* (*a*). An Officer transferred to Foreign Service, whose salary is not disbursed at a Treasury of the British Government in India, and who is not exempted from making the contribution prescribed in this Chapter, must, directly on his receiving the order for his transfer, furnish a copy thereof to the Comptroller General at Calcutta, who will obtain confirmation of the order from the authority who issued it. The Officer transferred must also, immediately on his being relieved of his duty under the British Government, report to the Comptroller General the date and time on which he made over charge, furnish particulars regarding his salary in Foreign Service, and his Postal address; he should also report the date on which he takes charge of his appointment in Foreign Service. Any change in these particulars, and any leave taken by him, should also be reported to the Comptroller General; and he must furnish all information which may at any time be required from him by the Comptroller General.

5A. *Clause* (*b*). The Officer must, not later than fifteen days after the end of the quarter for which salary in Foreign Service is earned, remit direct to

the Comptroller General the amount payable by him, on account of contribution under the Rules in this Chapter, in respect of his salary for the said quarter: the remittance to be advised in such form as the Comptroller General may require. If the Officer fails to make the remittance within the said period of fifteen days, or if the amount remitted is less than that properly payable, interest at the rate of 4 pies a day per 100 rupees (about 8 per cent.) will be levied upon the amount due from the date of the expiry of the said fifteen days until the date of receipt of the remittance by the Comptroller General. If any amount due, including interest, is not paid up within twelve months of its accrual, the Comptroller General should submit a report to the Government of India in the Department of Finance and Commerce, in order that it may be decided whether the Officer's claims upon the British Government shall not be deemed to have lapsed.

RESOLUTION—By the Government of India, Public Works Department.

PRACTICAL TRAINING OF NATIVE ENGINEERS IN ENGLAND.

Read the following Despatches :—

No. 43 P.W., dated 29th July 1882.

From—The Government of India,
To—The Secretary of State for India.

In personal communication with the Lieutenant-Governor of the Punjab, we have been considering an application from a young Punjabi Assistant Engineer, Lalla Gunga Ram, for permission to go to England on duty to study practical engineering. He is said to be a good English scholar, and better read than most natives in the theory of his profession, and has the power, more than is usual with natives, of applying practically what he has learnt by study.

2. We are gratified by this spontaneous expression of a desire for self-improvement. One of the great drawbacks to our native Engineers is a poverty of invention in design. This is more especially the case in designing buildings, in which they do not rise above the type of the Indian bungalow or the Indian barracks, which are their model for all European dwellings. They have seen nothing higher and aim at nothing higher. There can be no doubt that their professional knowledge would be enlarged, and their usefulness to the State would be increased, by a visit to England and observation of large works.

3. Officers of this class are not entitled to furlough until they have served 10 years, when they would be too old to obtain the full benefit of such training, and, moreover, their furlough pay, if specially permitted to take furlough at an earlier period of their service, would be insufficient for the purpose in the case of a stranger in a foreign land.

4. The salary of Lalla Gunga Ram is Rs. 450 per mensem, and we have no objection to his receiving the equivalent of this in sterling for two years, together with a free passage by sea both ways, the whole forming a charge against the Provincial assignment, and with Your Lordship's permission we are prepared to carry this into effect.

5. We do not expect that, at present at all events, many native Engineers will desire to follow his example. Most will consider themselves debarred by considerations of caste or religion. But we should be glad to extend the concession to a limited number of selected native Engineers who may voluntarily come forward. We propose, as a rule, to select them from the 1st and 2nd grades of Assistant Engineers, which would fix the age from 25 to 28 or thereabouts. They should be conspicuous for a good knowledge of English, for industry, energy and engineering ability of a practical rather than a theoretical nature. The selections would be made by Local Governments, and their names submitted to the Government of India for approval and for transmission to the Secretary of State.

6. Their absence from India might extend to two years. They would on arrival report themselves to the Secretary, in the Public Works Department, at the India Office, and should be attached for 18 months or thereabouts to some Engineer or Engineers of repute, in the same way and under the same supervision as the passed students of the Royal Indian Engineering College, the State paying the usual fees. It would perhaps be better that their training should be general rather than special. The remaining few months of their deputation might be spent in visiting, under the auspices of the Secretary of State, important works in progress.

7. With a view to their social well-being, the East India Association might be invited to interest themselves in the experiment.

8. We consider that 1st and 2nd grade Assistants might receive their full pay converted to sterling at the usual rate. This is more than is given to the passed students of the Royal Indian Engineering College who undergo their term of practical training in England, but not more than is given to those who elect for a training in India. Natives of the age indicated have, in accordance with caste or religious necessities, married very early, and are of course generally burdened with families, and part of their pay must be left for their support. Moreover, the country and its customs will be to them foreign, and they will be treated as foreigners in all matters of payment. If on special grounds an Officer of higher rank were sent, his case would be specially considered, but we think the equivalent of Rs. 500 per mensem should suffice.

9. The continuance to individuals of the privilege we propose would be dependent on good behaviour and satisfactory progress. Any failure to maintain a satisfactory standard in these respects would be followed by the withdrawal of the privilege, and possible reduction in rank, or dismissal from the service, in case of any flagrant acts of misconduct.

No. 53P.W., dated 28th September 1882.

From—The Secretary of State for India,

To—The Government of India.

Your Excellency's Public Works Letter No. 43 of the 29th July last makes certain proposals in respect to the possible study of practical engineering in this country by a limited number of native Engineers of the Indian Public Works Department, to be selected carefully by your Government from time to time, and submits at the same time the name of one Lalla Gunga Ram, an Assistant Engineer, in the Punjab Public Works Department, as desirous of at once visiting England for such opportunities of study and improvement.

2. The general principle on which your suggestions are based, namely, the desire of your Government to afford competent and willing native Engineers all reasonable opportunities of professional improvement, has my cordial approval, and there only remains for me to consider whether the proposals made in your letter are such as could be satisfactorily put in practice.

3. After due consideration of the subject, I see no reason why the experiment should not be made. It is admittedly an experiment, and I should be disposed to limit the number of Engineers so sent home to two annually for the first 3 years, supposing that two annually shall be found thoroughly qualified to benefit by the offer of your Government, as well as desirous of availing themselves of it. It will then be tested by experience how far the practical instruction afforded them in this country is likely to be of real benefit to them, and whether any difficulties arise in connection with their mode and manner of life in this country.

4. While in England, they will be placed under the immediate orders of Sir A. Taylor, the President of Cooper's Hill College, who will arrange for their distribution and supervision under Engineers of repute, in consultation with the Officer of your Public Works Department who may be employed at that time in the supervision of passed students of Cooper's Hill College under practical instruction. In fact, during the first 18 months of their stay, they will be afforded the same opportunities of improvement as such passed students are afforded, and the last six months of their stay will be spent, as suggested by you, in visiting important engineering works in progress, under Sir A. Taylor's advice.

5. The passages to and from India of the selected Engineers will be provided, and their salary while in this country will be issued at the rate suggested in your letter, namely, to 1st and 2nd grade Assistants, full pay, converted into sterling at the official rate for the year, leaving the case of the pay of an Officer of higher grade to be decided hereafter, should the occasion arise.

6. As regards their social well-being while in England, I will take such steps as appear most likely to assist them through my Political Aide-de-Camp who is specially charged with such duties.

7. It is obvious that the success or failure of the privilege to be thus afforded to native Engineers will depend largely on the selection made of the individual in India. Great care must, of course, be taken by the Local Governments in recommending candidates, for with them alone rests the real knowledge whether the native Engineer to be selected is possessed of the qualifications, mental and physical, which are likely to enable him to derive benefit from his studies here, and render him of enhanced usefulness to the State on his return to India. An injudicious selection would probably cause some injury to the young man himself, as well as useless expense to the State. The importance of these points will, no doubt, be impressed by you on the Local Governments.

8. I will only add a caution that a condition of selection should be that the young Engineer shall already have had some years' experience of serious work in India, otherwise he will hardly be in a position to benefit by what he sees in Europe.

9. The selected candidates shall receive all possible facilities in this country, and reports of the progress of the Engineers will be, from time to time, submitted to this Office, and transmitted to your Government. In the event of failure to derive benefit from instruction, or of unsatisfactory conduct, the Engineer will at once be required to return to India.

10. I accordingly sanction a compliance with the application of Lalla Gunga Ram to be allowed to come home for two years' study of practical engineering, and I request that I may be at once informed of the probable time of his arrival in England, in order that the necessary arrangements may be made with the President of Cooper's Hill College for his being posted to work immediately on arrival.

RESOLUTION.—The attention of Local Governments and Administrations should be specially directed to paragraphs 7 and 8 of the Despatch last read.

The Government of India is prepared to receive the names of native Engineers who may be considered well fitted to be benefitted by the training proposed, and who are willing to avail themselves of it. The recommendations should be accompanied by an account of their previous experience, their character, and their acquirements, which will enable the Government of India to select the most promising.

If the Engineers who are sent to England desire to draw part of their salary in India for the support of their families, they should indicate the person to whom the payment is to be made, and should give him formal authority to receive it and grant a receipt for it. A last-pay certificate should be given to the Engineer showing the balance to be drawn at the India Office. Full pay should be drawn in India up to the date of embarkation.

ORDER.—Ordered, that a copy of this Resolution, and of the papers read, be forwarded to the Government of the Punjab, with special reference to paragraph 10, and to the Local Governments and Administrations and Officers noted in the margin; also that it be published in Part I of the *Gazette of India*.

The Governments of Madras, Bombay, Bengal, and North-Western Provinces and Oudh, in the Public Works Department.
The Chief Commissioners, Central Provinces, British Burma, Assam and Coorg
The Resident, Hyderabad.
The Agents to the Governor General for Central India, Rajputana and Beluchistan.
The Director General of Railways.
The Consulting Engineers to the Government of India for Guaranteed Railways, Calcutta, Lahore and Lucknow.

The 14th December 1882.

Nos. 1650-1672G.

RESOLUTION.—By the Government of India, Public Works Department.

PROHIBITION OF OFFICERS OF GOVERNMENT TAKING PART IN THE MANAGEMENT OF COMPANIES.

Read again :—

Home Department Notification No. 3421, dated 28th August 1882.

RESOLUTION.—The Government of India, in the Notification now read again, published correspondence with the Secretary of State which involved the prohibition of Officers of Government of whatever class, and whether on furlough or not, taking part in the management of Companies. The Governor General in Council is pleased to notify that this prohibition does not apply to Officers, who, with the consent of the Government of India, take service under Railway Companies, working under concessions from Government.

ORDER.—Ordered, that this Resolution be communicated to the Local Governments and Administrations, and Officers noted in the margin, for information and guidance; also that it be published in Part I of the *Gazette of India*.

The Governments of Madras, Bombay, Bengal, the North-Western Provinces and Oudh, and the Punjab, in the Public Works Department.
The Chief Commissioners, Central Provinces, British Burma, Assam and Coorg.
The Resident, Hyderabad.
The Agents to the Governor General for Central India, Rajputana and Beluchistan.
The Accountant General, Public Works Department.
The Inspector General of Military Works.
The Director General of Railways.
The Consulting Engineers to the Government of India for Guaranteed Railways, Calcutta, Lahore and Lucknow.
The Director General of Telegraphs in India.
The Director-in-Chief, Indo-European Telegraph.
The Director, Persian Telegraph.
The Deputy Director, Persian Gulf Telegraph.

No. 296.—Mr. W. C. Boyce, Ferry Superintendent, Northern Bengal State Railway, in Class IV of the Superior Revenue Establishment of State Railways, is promoted to Class III.

No. 297.—Mr. W. H. Price is appointed, on probation, to the Traffic Department of the State Railway Superior Revenue Establishment, in the Candidate Class, and is placed at the disposal of the Director General of Railways.

The 15th December 1882.

No. 298.—Consequent on the return to duty of Lieutenant-Colonel Trail, R.E., Examiner of Accounts, 2nd Class, the following Officers of the Accounts Branch will revert to their substantive grades, with effect from 4th December 1882 :—

Name.	From	To
Mr. D. C. Gordon	Examiner, 2nd Class, temporary rank.	Examiner, 3rd Class.
Mr. W. Palmer	Examiner, 3rd Class, temporary rank.	Examiner, 4th Class, 1st Grade.

No. 299.—CORRIGENDUM.—In Public Works Department Notifications Nos. 291 and 294, dated 7th and 8th December 1882, respectively, for *transferred* read *temporarily transferred*.

No. 300.—Mr. W. Smith, Assistant Engineer, 1st Grade, is transferred temporarily from the Punjab to the Simla Imperial Circle.

W. S. TREVOR, *Colonel, R.E.,*
Secy. to the Govt. of India.

JUDICIAL.

The 19th December 1882.

No. 1808.—The provisions of Act VIII of 1870 (An Act for the prevention of the murder of female infants) having been made applicable to the clans and localities in the Jaunpur District, detailed in the subjoined list, by the Notification of the Government of the North-Western Provinces and Oudh, No. 70, dated the 29th November 1882, the following Rules made by that Government in exercise of the power conferred on it by Section 2 of the said Act, and confirmed by the Governor General in Council, are hereby published for general information:—

Rules for the suppression of female infanticide.

I.—A nominal Register (A) of all proclaimed families shall be drawn up by the Police under the orders of the Magistrate of the District. In this Register recognised heads of families

or masters of separate households shall be entered as the heads of families and every member of the family habitually resident in the village shall be entered by name. All persons under twelve shall be entered as children, except married female children living with their husbands, who shall, for the purposes of these Rules, be deemed to be adult females.

II.—All villages in which the proportion of female children to children on a proclaimed population of not less than 25 children is less than 25 per cent. shall be called "specially guilty" villages, and shall also be entered in a separate Register (B), which shall be called the "Private Register of proclaimed families in specially guilty villages." This Register shall not be open to inspection, except by the officers of the district.

III.—The person who is registered as the head of a proclaimed family shall report immediately the occurrence of every birth and death and the illness of any female child in his family to the chaukidar of the village. He shall also produce all children in his family for the inspection of a Police Officer visiting the village when required to produce them.

IV.—Every midwife knowing of, or having reason to believe in, the occurrence in a proclaimed family in the village in which she resides of a birth or of the illness of a newborn child, shall at once report the fact to the chaukidar of the village. And if the village is one entered in Register B, she shall also report the occurrence of a pregnancy.

V.—If in a given time after proclamation [to be determined for each village or locality by the Local Government] the proportion of female children in a village entered in Register B does not rise to more than 25 per cent., the Lieutenant-Governor may direct that every person registered as the head of a proclaimed family in that village shall be personally bound to report to the Officer in charge of the Police Station every pregnancy in his family at some period before the seventh month.

VI.—The chaukidar of the village shall immediately report to the Officer in charge of the Police Station the occurrence of a birth, whether male or female, in a proclaimed family; the death of a female infant under one year of age, and of a male infant under six months old; the illness of a female child; and the removal of a pregnant woman to another village. He shall also report, on the occasion of his periodical visit to the Police Station, other deaths, removals and arrivals, and pregnancies reported to him, if the village is entered in Register B.

VII.—The zemindars of the villages shall give assistance to the Police in drawing up Register A, and in obtaining information regarding all births, marriages and deaths occurring, or about to occur, among proclaimed families.

VIII.—All expenses incurred in working the system sanctioned by Act VIII of 1870 shall be borne by the proclaimed clans and families, and shall be recoverable as arrears of land revenue; provided that, when the percentage of female children to children of any proclaimed class in any village exceeds forty, such class shall be exempted from any share in such expenses, unless, in the opinion of the Magistrate, there be other grounds of suspicion.

IX.—Where the crime is so prevalent, and the number of the proclaimed villages so great, that the ordinary establishment of the district cannot cope successfully with it, the Local Government may, at its discretion, appoint a force of special Police for the purpose of carrying out measures of prevention and detection. All expenses incurred for the payment of such Police, or under Rule VIII, may be met by a rate leviable under the orders of the Local Government from the heads of families entered in the nominal Register of proclaimed persons. Such rate will ordinarily be imposed so as to fall more heavily on specially guilty than on guilty families; but the amount of the rate to be levied will be fixed in every case by the special orders of the Local Government.

X.—No proclaimed village or family shall be exempted from the operation of these Rules, except by the order of the Local Government, or in virtue of authority to that effect vested by Government in any officer. A village or family so exempted will then be struck out of Register A, and the erasure initialled by the Magistrate of the District or by the District Superintendent of Police.

CODES OF THE FINANCIAL DEPARTMENT.

DEFINITIONS.

Pages IX & X.

Insert the following as Note (2) under "MILITARY OFFICERS," *the present Note being numbered (1) :—*

[NOTE 2.—A Military Officer, who has officiated in the Civil Department, continuously, for not less than three years, is considered to be in permanent Civil employ.]

No. 3347.

CIVIL PENSION CODE.

Pages 19 and 20.

Section 38.

Substitute the following for the second sentence of Rule 2 :—

A Chaplain proceeding to England on retirement without applying for pension to the Government of India, the Government of Bombay, or the Government of Madras (as the case may be), should procure a certificate—

if he is a Chaplain on the Bengal establishment, or a Chaplain of the Church of Scotland serving in the Bengal Presidency;—from the Comptroller General,

or,

if he is a Chaplain on the Bombay or the Madras establishment, or a Chaplain of the Church of Scotland serving in Madras or Bombay;—from the Accountant General at Bombay or Madras (as the case may be),

showing his service, residence, the amount of pension to which he is entitled, and the date from which his pension may be paid.

Add the following to Rule 3 :—

The Home Department, before accepting the resignation of a Chaplain on the Bengal Establishment, or a Chaplain of the Church of Scotland serving in the Bengal Presidency, should obtain a certificate from the Comptroller General, showing the Chaplain's service, residence, and the amount of pension to which he is entitled. If the Chaplain's resignation is accepted, the case should be forwarded to the Finance Department of the Government of India, in which Department a Resolution will be recorded granting the pension to which the Chaplain may be entitled.

No. 3304.—Whereas under the terms of Notification in the Department of Finance No. 3646, dated 13th November 1880, the Municipality of Calcutta have paid to the Collector of Stamp Revenue, Calcutta, Rs. 3,252-8, as composition for the Stamp duty chargeable on a sum of Rs. 6,50,500, which the said Municipality were authorised to borrow and which has been raised

by the issue of the undermentioned debentures, dated 1st January 1883, *viz* :—

Erratum.—In the preamble to Public Works Department Resolution Nos. 1650—1672G., dated 14th December 1882, published in Part I of the *Gazette of India* of the 16th December 1882, for, *Home Department Notification No. 3421, dated 28th August 1882*, read, *Home Department Notification No. 3421, dated 28th August 1872.*

No. 303.—The Sirhind Canal having been formally opened by the Viceroy and Governor-General of India, His Excellency in Council now desires publicly to place on record his appreciation of the services rendered to the State by the officers who have designed and carried out the works. While mentioning specially the names of those who have been more prominently connected with this great work of engineering, His Excellency is fully mindful of the exertions of the many Engineers and Subordinates to whose unsparing labours the successful execution of the works has been so largely due, and tenders to all his hearty thanks for the good service done by them.

The name of Major-General J. Crofton, R.E, must ever be associated with the work. In his capacity as Chief Engineer of the Punjab during the earlier stages, and latterly as Inspector General of Irrigation Works with the Government of India, his great experience and abilities have been devoted to the carrying out of the project; and the thanks of the Government of India are tendered to him on its successful completion.

The thanks of the Government of India are also due to Colonel H. A. Brownlow, R.E., who for a short period officiated as Chief Engineer of the Punjab; and for a considerable period as Inspector General of Irrigation Works with the Government of India during the construction of the canal; and to Major-General Gulliver, R.E., who held immediate charge of the works for a time in the earlier stages, and subsequently for several years directed the operations in his capacity of Chief Engineer.

And especially the Government of India desires to recognise the services of Lieutenant-Colonel R. Home, R.E., on whom the greater portion of the labour and anxiety of the work has devolved. Associated with the work from its commencement, Lieutenant-Colonel Home directed the surveys and prepared the original project, and has continued, with few intervals, in charge of the execution of the works till now as Chief Engineer of the Punjab he witnesses their completion.

Of the Executive Engineers in charge of divisions of the canal, the services of Messrs. T. P. Crosthwait, J. D. Derry and C. S. Rundle (who have retired from the service of Government), and of Messrs. H. A. Fenner and T. Higham are noticed with special approbation by the Government of India.

D. M. BARBOUR,

Secy. to the Govt. of India.

MILITARY DEPARTMENT.

Fort William, the 29th December, 1882.

APPOINTMENTS.

No. 710.—PUBLIC WORKS DEPARTMENT—

Clause 3 of G.G.O. No. 816 of 1865, laying down the establishment for the Corps of Bengal Sappers and Miners, is reconstructed as follows :—

These officers will retain their appointments for four years, and be eligible for transfer to the Public Works Department in the grades in which the Government of India may decide to place them.

FURLOUGH AND LEAVE.

No. 711.—The undermentioned officers are granted furlough out of India, with the necessary subsidiary leave :—

Major (Brevet Lieutenant-Colonel) D. M. Strong, General List, Infantry, Squadron Commander and 2nd-in-Command, 10th Bengal (The Duke of Cambridge's own) Lancers, (m.c.) for one year, of which 55 days will be under rule VIII, clause 2, and rules IX and XV, and the remaining period under rule XIV, clause 2, of the regulations of 1868. (This cancels the furlough granted to Lieutenant-Colonel Strong in G.G.O. No. 116 of 1882.)

Captain A. E. Gordon, Bengal S.C., Assistant Commissioner, 1st grade, Officiating Deputy Commissioner, 3rd grade, Bengal, (m.c.) for one year, under rule XIV, clause 1, of the regulations of 1868.

Lieutenant J. G. Downing, Madras S.C., Assistant Military Accountant, (m.c.) for 182 days, under rule I of the regulations of 1875.

Surgeon J. E. C. Ferris, 1st Bengal Cavalry (m.c.) for one year, under rules IX and XV of the regulations of 1868. (This cancels the furlough granted in G.G.O. No. 158 of 1882.)

No. 712.—The undermentioned officers have been granted extensions of furlough by the Right Hon'ble the Secretary of State for India :—

Major J. Chalmers, Unattached List, (m.c.) for six months.

Conductor J. Key, Ordnance Department, (m.c.) for six months.

No. 713.—The furlough for one year granted to Major J. B. Slater, Bengal S.C., in G.G.O. No. 23 of 1881, is to be considered as under rule XIV, clause 1, of the regulations of 1868, and not as therein notified.

PROMOTIONS.

No. 714.—COLONEL'S ALLOWANCE—

The undermentioned officers are admitted to the Colonel's allowance :—

Lieutenant-Colonel (Brevet Colonel) Samuel Black, C.S.I., Bengal S.C. Dated 29th December, 1882.

Lieutenant-Colonel (Brevet Colonel) Charles Henry Hall, Bengal S.C. Dated 29th December, 1882.

No. 715.—MILITARY WORKS DEPARTMENT—

The following promotions are made in the Engineer Establishment of the Military Works Department, in lieu of those notified in G.G.Os. Nos. 500 and 620 of 1882 :—

Captain R. F. Moore, R.E., Executive Engineer, 3rd grade, to Executive Engineer, 2nd grade, substantive pro-tem., with effect from the 15th August, 1882.

NOTICE TO MARINERS.

No. 25 of 1882.

AFRICA—EAST COAST.

ZANZIBAR.

Shoal in English Pass.

The British Hydrographic Department has notified that information has been received from Commander Mather Byles, H. M. S. *Seagull*, of the existence of a shoal (over which that vessel passed on 9th March, 1882), lying near the fairway of English pass, northern approach to Zanzibar harbour.

This shoal (*Seagull shoal*), about 80 yards long in a north and south direction and 40 yards in width, consists of black sand and coral, with a least depth of 12 feet at low water spring tides over a coral head, and 3½ fathoms close around; it lies with the following bearings and distances:—

Large house on Bet-el-Rás, S. S. E. ⅛ E.

West extreme of Chango island, S. W. ¼ W., distant 2½ miles.

White square castellated house north of Bet-el-Rás, E. ¾ N., distant 1½ miles.

These bearings place Seagull shoal in latitude 6° 5′ 10″ S., longitude 39° 11′ 15″ E.

(*The bearings are Magnetic. Variation 10½° Westerly in 1882.*)

By direction of the Government of India,

A. DUNDAS TAYLOR, *Comdr.* (*late I.N.*),
Superintendent, Marine Survey of India.

Marine Survey Department,
Calcutta,
The 24th June, 1882.

This Notice affects the following:—

JAVA—NORTH COAST.

Leading Lights into Sourabaya.

The Vice-Admiral Commanding the Naval Forces in the Netherlands India has given notice that, on the north-west coast of Madura Island, 2 light-houses have been erected for the purpose of leading vessels into the north entrance of Sourabaya Strait.

The southern light is a *fixed* white catadioptric light of the 2nd order, on an iron Light-house painted white, at the little point called Tanjong Slempit (about 1½ miles southward of Sembilangan town); the light is elevated 178 feet above sea-level, and is visible in fine weather 19 miles.

The northern light is of the 6th order, on an open-work iron structure, at Tanjong Piering (about one mile N. by E. of Sembilangan); this light is 47 feet above the sea, and is visible about 9 miles.

These two lights in line will lead on a S. by W. course into Sourabaya Strait, over the Zee Bank, in 12 or 13 feet at high water; but only small vessels can enter.

The light-vessel, formerly placed 6 miles north of Sembilangan, has been removed.

By direction of the Government of India,

A. DUNDAS TAYLOR, *Comdr.* (*late I.N.*),
Superintendent, Marine Survey of India.

Marine Survey Department,
Calcutta,
The 27th June, 1882.

This Notice affects the following:—

BRITISH ADMIRALTY Charts, Nos. 934, 941*b* and 748*b*. Also Light List for 1881.

If this Notice is received on board-ship, the substance of it should be inserted on the Charts affected by it, and introduced into the Sailing Directions to which it relates.

TREASURE TROVE.

It is hereby notified, under Section 5 of the Indian Treasure Trove Act (VI of 1878), that on the 25th December 1881, treasure, consisting of sicca rupees—old coins of the time of the Emperor Shah Allum—the approximate value of which is Rs. 219-6-0, were discovered on the banks of the river Bhoyrub near Akrigunge, in the District of Moorshidabad.

All persons claiming the said treasure, or any part thereof, are hereby required to appear personally or by agent before the Collector of Rajshahye at his Office, on Monday, the 4th December 1882, in order to have the matter enquired into and determined in accordance with the provisions of the Act.

E. H. RUDDOCK,
Offg. Collector of Rajshahye.

RAJSHAHYE COLLECTORATE,
The 21st June 1882.

DEPARTMENT PUBLIC WORKS HALF-YEARLY EXAMINATION.

The half-yearly examination of candidates for promotion and employment in the Public Works Department will be held at the Government Engineering College, Howrah, at 10 o'clock, on Monday, the 7th August 1882, and the following days. Applications, with fees for admission to the examination, are required to be filed before the 15th of July 1882. Candidates for the grade of Accountant who are not in Government service should be under twenty-five years of age, and must prove to the satisfaction of the Principal that they are under that age.

The following are the centres of examination sanctioned by the Government of India as stations where candidates for fourth grade Accountantships are to appear for examination :—

Agra, Ahmedabad, Ajmere, Akyab, Allahabad, Bolaram, Durbhanga, Howrah, Indore, Jabalpore, Lahore, Lucknow, Meerut, Mhow, Mooltan, Mount Aboo, Nagpore, Neemuch, Rangoon, Rawalpindi, Saidpore, Shillong and Simla.

Candidates for the Accountant's examination are therefore requested to select one of the places mentioned above.

J. S. SLATER,
Offg. Principal, Govt. Engrg. College, Howrah.

COMMISSARIAT NOTICE.

The following five Government elephants are now for sale at Agra and Bareilly.

2. Offers are invited, both for purchase of these animals, and also for exchange of good female elephants suitable for Government purposes in place of these, and any reasonable offers will be accepted by the Commissary General.

3. Applications to inspect the elephants and offers for purchase or exchange may be made to the Assistant Commissaries General, Agra and Bareilly, respectively :—

Description of Elephants.

Where for sale.	Register No.	Name.	Sex.	Height.	Probable age.	Tusks.	Eyes.	Number of Nails.	Tail.	Back.	Temper.	Condition.	REMARKS.
				ft. in.									
At Agra.	698	Saika ...	Male	8 4½	45	Perfect ...	Blind off-side.	18	No hair ...	Hollow in centre from wound in youth.	Good	Good	Fit for sowari purposes; never been musth; head and tusks fine; carriage good.
	1347	Louis Napoleau.	Do. ...	9 7	39	One on off-side.	Perfect ...	18	Short of hair.	Good ...	Vicious.	Do. ...	A fine elephant, unsafe for Government purposes, but Rajahs, &c., might buy him for fighting purposes.
	1670	Watson ...	Do. ...	8 9	37	One on off-side split slightly.	Do. ...	18	Do. ...	Do. ...	Uncertain.	Do. ...	A very fine animal, fit for anything, but troublesome at times.
	459	Nazirgnj ...	Do. ...	8 11	47	Two, off one broken.	Do. ...	18	No hair ...	Do. ...	Do. ...	Do. ...	Unsafe for Government work; a very fine elephant indeed, suitable for fighting purposes.
At Bareilly.	1783	Hastings ...	Do. ...	9 4	59	One broken.	Good ...	18	Good ...	Centre ridge of bone rather high.	Good	Low...	Fit for howdah and shooting purposes.

E. HUTTON,
Presidency Post Master.

NOTICE.

Waste Lands available for Planters in the Tavoy District.

Waste lands, covered at present with forest, bamboos or grass, are available for plantations of coffee, tea, cinchona, or spices at altitudes varying from 100 feet to 6,800 feet above the sea in the Tavoy district. This region is between the 13th and 14th parallels of north latitude, and the rainfall ranges from 190 to 220 inches a year. The lands are mostly within 30 to 50 miles of the steamer station of Thayetchoung on the Tavoy river. Mail steamers ply between Thayetchoung and Moulmein or Rangoon once a week inwards and outwards.

II.—Grants of land in lots ranging from 100 to 1,200 acres can be had for planting tea, coffee, cinchona, or spices on application to the Deputy Commissioner of Tavoy. Such grants will be made in accordance with the "Burma Land and Revenue Act, 1876," and with the rules sanctioned thereunder by the Governor General of India in Council. Copies of the Act and rules can be obtained by intending planters on application to the Deputy Commissioner of Tavoy, the Commissioner of Tenasserim at Moulmein, or the Secretariat, Rangoon.

III.—In addition to the concessions and conditions laid down in the Act and rules, the following special concessions will be made to persons taking up land for plantations of coffee, tea, cinchona, or spices in Tavoy, namely,—

(1) A grantee must bring under cultivation one-third of his grant within 12 years from the date of his obtaining the grant. If, after the expiration of 12 years, any surplus uncultivated land, in excess of two acres of waste for each acre of cultivated land, shall remain on the grant, such surplus waste shall then revert to Government; and the grantee shall have no further claim or right in the surplus which has so reverted.

(2) A grantee will not be liable to pay any land revenue or any price for the land of his grant until the end of the tenth year after he enters on possession, provided that he takes *bonâ fide* steps to cultivate a reasonable proportion of the grant with coffee, tea, cinchona, or spices. In the event of any grantee desiring a more precise definition of a "reasonable proportion," the Chief Commissioner may decide beforehand in each case what proportion of the grant ought to be thus cultivated in each year.

(3) After the end of the tenth year the grantee will be liable to pay land revenue at the rate of Rs. 1-4-0 per acre and cesses at the rate of two annas per acre on one-third of his grant up to the year 1900 A. D.; after the expiration of such year he will be liable to pay for one-third of his grant the same revenue rate as is paid for garden lands in the nearest revenue circle where a garden rate obtains.

(4) A grantee will not be called upon to pay anything for timber, bamboos, or grass which he may cut upon his grant, provided he takes *bonâ fide* steps as aforesaid to cultivate coffee, tea, cinchona, or spices.

IV.—The only payment which a grantee will have to make on receiving his grant will be eight annas an acre for the cost of survey and demarcation. In consideration of such payment the Deputy Commissioner will cause a survey to be made of the grant, will furnish the grantee with a copy of such survey, and will cause boundary marks to be erected at suitable points in the outer boundary of the grant.

V.—The wishes of applicants will be met as far as possible in regard to the situation and shape of their grants. But ordinarily—

(*a*) no grant will be given where the Forest Department intend to make a forest reserve;

(*b*) no grant will be given on such a place as will unduly circumscribe the extension of cultivation of the grazing grounds of any neighbouring village or hamlet;

(*c*) grants facing a road or navigable stream will have to be of a depth double the length facing such road or navigable stream;

(*d*) small strips will be reserved leading to landing places for the benefit of neighbouring villages and grantees.

VI.—The Government is now spending much larger sums than heretofore on roads in the Tavoy district. If planters settle in the district, further funds will be allotted for roads from their neighbourhood to the steamer station at either Tavoy or Thayetchoung.

VII.—In order to encourage pioneers in the coffee and cinchona enterprise in Tavoy, the Government will pay to the first four grantees who begin *bonâ fide* planting operations Rs. 15 per head for every Indian or Chinese coolie, male or female, over 16 years of age, who may be settled and housed on their plantations before the 1st March 1885.

VIII.—In any case of doubt regarding the *bonâ fide* character of operations for the purposes of concessions III and VII, the Deputy Commissioner will decide, and his decision will be subject to appeal to the Commissioner of Tenasserim, whose decision will be final.

IX.—All minerals and metals under and within the lands granted under these rules are reserved by Government, together with a right to enter upon and resume such portion of land as may be necessary for examining or working mines upon payment of just compensation to the grantee for loss of, or injury done to, the surface.

G. D. BURGESS,
Secy. to the Chief Commr., British Burma.
The 6th April 1882.

GOVERNMENT CINCHONA FEBRIFUGE.

This preparation is an efficient substitute for Quinine and can be purchased by Government officers for public and charitable purposes, and by any one taking *twenty pounds* at a time, from the Superintendent, Botanical Garden, Calcutta, *for cash only*, at the following rates:—per four ounce tin, *Rs. 4-8*; per eight ounce tin, *Rs. 8-8*; per pound tin, *Rs. 16-8*. The general public can be supplied by the Superintendent, Botanical Garden, *for cash only*, at the under-noted rates:—per four ounce tin *Rs. 5-8*; per eight ounce tin *Rs. 10-8*; per pound tin, *Rs. 20*. This medicine is also sold by the principal European and Native druggists in Calcutta. Postage 8 annas per four and eight ounce tins, and 12 annas per pound tin, in addition to the foregoing rates.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
„ „ MADRAS SERIES ...	„	1 0
„ „ BOMBAY SERIES ...	„	1 0
„ „ ALLAHABAD SERIES.	„	1 0
Complete set	„	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

List of Books for sale at the Library of the Asiatic Society of Bengal,

No. 57, PARK STREET, CALCUTTA,

DEPARTMENT PUBLIC WORKS HALF-YEARLY EXAMINATION.

The half-yearly examination of candidates for promotion and employment in the Public Works Department will be held at the Government Engineering College, Howrah, at 10 o'clock, on Monday, the 7th August 1882, and the following days. Applications, with fees for admission to the examination, are required to be filed before the 15th of July 1882. Candidates for the grade of Accountant who are not in Government service should be under twenty-five years of age, and must prove to the satisfaction of the Principal that they are under that age.

The following are the centres of examination sanctioned by the Government of India as stations where candidates for fourth grade Accountantships are to appear for examination :—

Agra, Ahmedabad, Ajmere, Akyab, Allahabad, Bolaram, Durbhanga, Howrah, Indore, Jabalpore, Lahore, Lucknow, Meerut, Mhow, Mooltan, Mount Aboo, Nagpore, Neemuch, Rangoon, Rawalpindi, Saidpore, Shillong and Simla.

Candidates for the Accountant's examination are therefore requested to select one of the places mentioned above.

J. S. SLATER,
Offg. Principal, Govt. Engrg. College, Howrah.

E. HUTTON,
Presidency Post Master.

NOTICE.

Waste Lands available for Planters in the Tavoy District.

Waste lands, covered at present with forest, bamboos or grass, are available for plantations of coffee, tea, cinchona, or spices at altitudes varying from 100 feet to 6,800 feet above the sea in the Tavoy district. This region is between the 13th and 14th parallels of north latitude, and the rainfall ranges from 190 to 220 inches a year. The lands are mostly within 30 to 50 miles of the steamer station of Thayetchoung on the Tavoy river. Mail steamers ply between Thayetchoung and Moulmein or Rangoon once a week inwards and outwards.

II.—Grants of land in lots ranging from 100 to 1,200 acres can be had for planting tea, coffee, cinchona, or spices on application to the Deputy Commissioner of Tavoy. Such grants will be made in accordance with the "Burma Land and Revenue Act, 1876," and with the rules sanctioned thereunder by the Governor General of India in Council. Copies of the Act and rules can be obtained by intending planters on application to the Deputy Commissioner of Tavoy, the Commissioner of Tenasserim at Moulmein, or the Secretariat, Rangoon.

III.—In addition to the concessions and conditions laid down in the Act and rules, the following special concessions will be made to persons taking up land for plantations of coffee, tea, cinchona, or spices in Tavoy, namely,—

(1) A grantee must bring under cultivation one-third of his grant within 12 years from the date of his obtaining the grant. If, after the expiration of 12 years, any surplus uncultivated land, in excess of two acres of waste for each acre of cultivated land, shall remain on the grant, such surplus waste shall then revert to Government; and the grantee shall have no further claim or right in the surplus which has so reverted.

(2) A grantee will not be liable to pay any land revenue or any price for the land of his grant until the end of the tenth year after he enters on possession, provided that he takes *bonâ fide* steps to cultivate a reasonable proportion of the grant with coffee, tea, cinchona, or spices. In the event of any grantee desiring a more precise definition of a "reasonable proportion," the Chief Commissioner may decide beforehand in each case what proportion of the grant ought to be thus cultivated in each year.

(3) After the end of the tenth year the grantee will be liable to pay land revenue at the rate of Rs. 1-4-0 per acre and cesses at the rate of two annas per acre on one-third of his grant up to the year 1900 A. D.; after the expiration of such year he will be liable to pay for one-third of his grant the same revenue rate as is paid for garden lands in the nearest revenue circle where a garden rate obtains.

(4) A grantee will not be called upon to pay anything for timber, bamboos, or grass which he may cut upon his grant, provided he takes *bonâ fide* steps as aforesaid to cultivate coffee, tea, cinchona, or spices.

IV.—The only payment which a grantee will have to make on receiving his grant will be eight annas an acre for the cost of survey and demarcation. In consideration of such payment the Deputy Commissioner will cause a survey to be made of the grant, will furnish the grantee with a copy of such survey, and will cause boundary marks to be erected at suitable points in the outer boundary of the grant.

V.—The wishes of applicants will be met as far as possible in regard to the situation and shape of their grants. But ordinarily—

(*a*) no grant will be given where the Forest Department intend to make a forest reserve;

(*b*) no grant will be given on such a place as will unduly circumscribe the extension of cultivation of the grazing grounds of any neighbouring village or hamlet;

(*c*) grants facing a road or navigable stream will have to be of a depth double the length facing such road or navigable stream;

(*d*) small strips will be reserved leading to landing places for the benefit of neighbouring villages and grantees.

VI.—The Government is now spending much larger sums than heretofore on roads in the Tavoy district. If planters settle in the district, further funds will be allotted for roads from their neighbourhood to the steamer station at either Tavoy or Thayetchoung.

VII.—In order to encourage pioneers in the coffee and cinchona enterprise in Tavoy, the Government will pay to the first four grantees who begin *bonâ fide* planting operations Rs. 15 per head for every Indian or Chinese coolie, male or female, over 16 years of age, who may be settled and housed on their plantations before the 1st March 1885.

VIII.—In any case of doubt regarding the *bonâ fide* character of operations for the purposes of concessions III and VII, the Deputy Commissioner will decide, and his decision will be subject to appeal to the Commissioner of Tenasserim, whose decision will be final.

IX.—All minerals and metals under and within the lands granted under these rules are reserved by Government, together with a right to enter upon and resume such portion of land as may be necessary for examining or working mines upon payment of just compensation to the grantee for loss of, or injury done to, the surface.

G. D. BURGESS,
Secy. to the Chief Commr., British Burma.
The 6th April 1882.

Meteorological Publications for Sale.

The following publications of the Meteorological Office of the Government of India are on sale and can be procured at the Meteorological Office, No. 4, Middleton Row, or either at Messrs. Thacker, Spink & Co., or at Messrs. Brown & Co., at the prices noted against them:—

	Rs.	A.	P.
Report on the Meteorology of India, in 1875, 4to., 89 pages text, 297 pages tables, 3 charts ...	8	0	0
Report on the Meteorology of India, in 1876, 4to., 97 pages text, 340 pages tables, 3 charts ...	8	0	0
Report on the Meteorology of India in 1877, 4to., 173 pages text, 375 pages tables, 3 charts ...	8	0	0
Report on the Meteorology of India, in 1878, 4to., 149 pages text, 380 pages tables, 3 plates, 4 charts ..	8	0	0

Report on the Vizagapatam and Backergunge Cyclones, October 1876, 4to., 87 pages, 4 plates ...	2	0	0
Report on the Madras Cyclone, May 1877, 4to., 117 pages text, 97 pages tables, 5 plates ...	2	8	0

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and

sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	Rs. 3	8
„ „ MADRAS SERIES ...	„ 1	0
„ „ BOMBAY SERIES ...	„ 1	0
„ „ ALLAHABAD SERIES.	„ 1	0
Complete set	„ 4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

Charts, &c., issued at the Marine Survey Department, Calcutta, by order of the Government of India, and sold at the Office of the Marine Survey Department, 4-4 Loudon's Buildings, Hastings Street, Calcutta, where Admiralty Charts can also be obtained.

☞ All Charts are corrected up to the date of issue.

Notices to Mariners.

Price 1 anna for each issue.

Notices to Mariners issued during the year 1875—

No. 1. Fixed Light on Green Island, Hong-Kong, China.
„ 2. Malwan Rock, Malwan.
„ 3. Fixed white Light at Dwarka, Kattywar.
„ 4. Mooram Shulli Tivo Island, and Devil's Point, Gulf of Mannar.
„ 5. (1) Fixed Light at Vizagapatam.
(2) Coral Shoal of Caltura, Ceylon.
(3) Rock off Barberyn Island.
„ 6. Foundering of the Buoy Vessel *Mata Mata*, Rangoon.
„ 7. (1) Revolving Light near Acheen Head, Malacca Strait.
(2) Auxiliary Light to above.

Notices to Mariners issued during the year 1876—

No. 1. Temporary discontinuance of Hope Island Light during repairs to Light-house column, Coromandel Coast.
„ 2. Exhibition of Hope Island Light, Coromandel Coast.
„ 3. Prohibited anchorage near the British Indian Submarine Telegraph Cable, Madras.
„ 4. (1) Pulo Brasse auxiliary Light, Malacca Strait.
(2) Island between Pulo Nias and Sumatra.
„ 5. Vessels trading to Réunion, Indian Ocean.
„ 6. Replacement of the Buoy on the western edge of Dolphin Shoal, Chittagong Coast.
„ 7. China Bakeer Light, Martaban Gulf.
(2) Intended exhibition of Light on the Oyster Reef, Akyab.
„ 8. Fixed white Light at Verawal.
„ 9. Buoyage of Kyouk Phyou, British Burma.
„ 10. Fixed white Light at Bet or Beyt (Gulf of Cutch), Kattywar.
„ 11. Fixed white Light at Porbandar, Kattywar.
„ 12. (1) Displacement of the Buoy in Narakel Roadstead, Cochin.
(2) Buoy marking the Smooth-water anchorage to the southward of Alipee (Aulapolay), Travancore.
No. 13. (1) Intended Light on Pulo Pisang, Malacca Strait.
(2) Sunken reef in Siberoet Strait, Sumatra, West Coast.
„ 14. Deposit of stone mound at the end of the breakwater Colombo, Ceylon.
„ 15. Period of exhibition of the *blue* Light during the South-west monsoon, from the Eastern Channel Light-vessel at the entrance to River Hooghly.
„ 16. Rock near west end of Pulo Brasse.
„ 17. (1) Beacon on two fathom patch off Batticaloa Road, Ceylon.
(2) Suspension of Light at Vizagapatam.
„ 18. Directions for Kurrachee Harbour.
„ 19. Beacon on two fathom patch off Batticaloa Road, Ceylon.
„ 20. Fixed Light at Calingapatam Point, Coromandel Coast.

Notices to Mariners issued during the year 1877—

No. 1. Alteration in Manora Point Light, Kurrachee.
„ 2. Dangers at Goa and Marmagao Roadstead.
„ 3. Existence of rocky patches, Beypore.
„ 4. Pooree Port limits, Orissa Coast.
„ 5. Extension of the Hajamri Mouth of the River Indus.
„ 6. Red Lights at Port Victoria, Mahé, Seychelles.
„ 7. Light at Port Berbereh, Gulf of Aden.
„ 8. Rock off Hingie Island, Bassein River.
„ 9. Rock off Pegu Coast.
„ 10. Coral Patch near Sultan Shoal, Singapore Strait.
„ 11. "Intermediate" Light-ship, entrance to River Hooghly.
„ 12. Position of Cochin Light-house.
„ 13. Position of Raleigh Rock, and additional beacons, Bombay.
„ 14. Buoy, marking Gindurah Rock, Galle.
„ 15. Alteration in Manora Point Light, Kurrachee; and discovery of a bank near Towak Island, Red Sea.
„ 16. Dangerous rocks in Forrest Strait, Mergui Archipelago and Richelieu Rock off Kopah Inlet.
„ 17. Alteration in position of "Intermediate" Light-ship, entrance to River Hooghly.
„ 18. Destruction of the Krishna Shoal Light-house.
„ 19. Correct position of Santipilly Light-house.
„ 20. Anchorage Buoys in Madras Roadstead.
„ 21. Light-vessel near Krishna Shoal, Burma.
„ 22. Additional information, Krishna Shoal Light-vessel and Light at Pooree.
„ 23. Alteration of position of Chittagong Lights.
„ 24. Night Signals shown by British Pilot Vessels in the English Channel.

Notices to Mariners issued during the year 1878—

No. 1. Position of Middle Ground, Bombay.
„ 2. Error in position of Krishna Shoal Light-vessel.
„ 3. New Lights in Sunda Strait, &c.
„ 4. Corrected position of Krishna Shoal Light-vessel.
„ 5. Alteration of colour of Chittagong beacons, and intended alteration in Dolphin Rock Light, Bombay.
„ 6. Alteration of Malwan Light.
„ 7. Kintoun Light-vessel, Yang-tse-Kiang.
„ 8. Burgess Rock off Hingie Island, Bassein River, Burma.
„ 9. Fairway Buoy at False Point, Orissa.
„ 10. (1) Intended Light and Fog Signal on Little Basses Rocks, Ceylon.
(2) Intended alteration in Great Basses Rocks Fog Signal.
„ 11. Corrected positions of Zebayir Islands, Jebel Zukur and the Hánish Islands, Red Sea.
„ 12. Fog Signals and distinguishing marks for Light-vessels, River Hooghly.
„ 13. Exhibition of Light on Little Basses Rocks, Ceylon.
„ 14. Beacon on Chaul Kadu Rock, Bombay.
„ 15. Shoal near Tumb Island (Jazirat Tanb), Persian Gulf.
„ 16. Light at Batticaloa, Ceylon.
„ 17. Upper Gasper Light-vessel, entrance to river Hooghly.
„ 18. Red Lights on North Groyne of Harbour Works, Madras.
„ 19. Reported shoal, N. N. E. of Bahrein, Persian Gulf.
„ 20. Alteration of colour of Light at Klang Strait, Strait of Malacca.
„ 21. Additional information concerning the reported shoal, N. N. E. of Bahrein.
„ 22. Deposit of stone, eastward of Harbour Works, Madras.
„ 23. Reported Shoal, North-West of Cheduba Island.
„ 24. Exhibition of blue Lights and Maroons at Krishna Shoal Light-vessel.
„ 25. Deposit of stone, eastward of Harbour Works, Madras (additional information).
„ 26. Vessels prohibited from anchoring near the Sub-marine Telegraph Cable between Diamond Island and the mainland.
„ 27. Intended exhibition of a revolving Light at Vakalapudi, in the Godavery District.

Notices to Mariners issued during the year 1879—

No. 1. Permanent moorings for Eastern Channel Light-vessel, entrance to Hooghly River.
„ 2. Sunken danger in Mergui Archipelago.
„ 3. Revolving Light at Vacalapudi in the Godavery District.
„ 4. Intended alteration in False Point Light.
„ 5. Shifting of the entrances to Honore (Honawar) and Mangalore, on the Malabar Coast.
„ 6. Fixed Light at Roji (Nowa Nugga) in the Gulf of Cutch.
„ 7. Fixed Light at the entrance to Toona Creek in the Gulf of Cutch.
„ 8. Fixed Light at Goapnath Point in the Gulf of Cambay.
„ 9. Wreck-marking vessels.
„ 10. The alteration in the position and improvement of Poorce Port Light.
„ 11. Shoal coral ground in Strait of Banka.
„ 12. Delagoa Bay. Removal of Cockburn Light-vessel in bad weather.
„ 13. (1) Alteration in position of Beacons and Leading Lights—Burnett River Entrance, Australia.
(2) Fixed Light on Flat-top Islet—Pioneer River—Rocky Islets.
(3) Revolving Light on Low Isles—Trinity Bay.
(4) Leading Lights at Cook Town—Endeavour River Entrance—Cook Harbour.
„ 14. Sunken dangers between Alguada Reefs and Diamond Island—Bay of Bengal.
„ 15. Flashing white Light on Puysegur Point—New Zealand.
„ 16. Dangerous rocks, N. N. W. and S. E. of the southernmost of the Brothers Islands—Andaman Islands.
„ 17. Australia—South Coast—Gulf of St. Vincent.
(1) Prohibited anchorage near Telegraph Cable, Port Phillip.
(2) Buoys marking battery practice range at William's Town.
(3) Fixed and Flashing Light on North Reef.
„ 18. Longitude of the Time Ball, Calcutta, and of Saugor Light-house, River Hooghly.
„ 19. (1) Discontinuance of additional Light at Fourth Point- Sunda Strait—Java.
(2) Shoal in the Fairway to Batavia Road.
(3) Fixed Light on Meinder's Reef—Madura Strait.
„ 20. (1) Shoal ground westward of Durnford Point—South Coast of Africa.
(2) Distinguishing features marking the entrance to Tugela River.
(3) Distinguishing entrance to Umhloti River.
„ 21. Buoys off Karwar Harbour (Sadashigar).
„ 22. (1) Alterations in Lights at St. Paul and St. Denis, Réunion Island.
(2) Harbour Light at St. Pierre.
„ 23. Buoys off Kárwar Harbour (Sadashigar).
„ 24. Buoys and Beacons, Zanzibar Harbour.
„ 25. Alteration of False Point Light—Coast of Orissa.
„ 26. Red Buoy marking smooth-water anchorage off Porcaud, Alleppey.

NOTICE.

Waste Lands available for Planters in the Tavoy District.

Waste lands, covered at present with forest, bamboos or grass, are available for plantations of coffee, tea, cinchona, or spices at altitudes varying from 100 feet to 6,800 feet above the sea in the Tavoy district. This region is between the 13th and 14th parallels of north latitude, and the rainfall ranges from 190 to 220 inches a year. The lands are mostly within 30 to 50 miles of the steamer station of Thayetchoung on the Tavoy river. Mail steamers ply between Thayetchoung and Moulmein or Rangoon once a week inwards and outwards.

II.—Grants of land in lots ranging from 100 to 1,200 acres can be had for planting tea, coffee, cinchona, or spices on application to the Deputy Commissioner of Tavoy. Such grants will be made in accordance with the "Burma Land and Revenue Act, 1876," and with the rules sanctioned thereunder by the Governor General of India in Council. Copies of the Act and rules can be obtained by intending planters on application to the Deputy Commissioner of Tavoy, the Commissioner of Tenasserim at Moulmein, or the Secretariat, Rangoon.

III.—In addition to the concessions and conditions laid down in the Act and rules, the following special concessions will be made to persons taking up land for plantations of coffee, tea, cinchona, or spices in Tavoy, namely,—

(1) A grantee must bring under cultivation one-third of his grant within 12 years from the date of his obtaining the grant. If, after the expiration of 12 years, any surplus uncultivated land, in excess of two acres of waste for each acre of cultivated land, shall remain on the grant, such surplus waste shall then revert to Government; and the grantee shall have no further claim or right in the surplus which has so reverted.

(2) A grantee will not be liable to pay any land revenue or any price for the land of his grant until the end of the tenth year after he enters on possession, provided that he takes *bonâ fide* steps to cultivate a reasonable proportion of the grant with coffee, tea, cinchona, or spices. In the event of any grantee desiring a more precise definition of a "reasonable proportion," the Chief Commissioner may decide beforehand in each case what proportion of the grant ought to be thus cultivated in each year.

(3) After the end of the tenth year the grantee will be liable to pay land revenue at the rate of Rs. 1-4-0 per acre and cesses at the rate of two annas per acre on one-third of his grant up to the year 1900 A. D.; after the expiration of such year he will be liable to pay for one-third of his grant the same revenue rate as is paid for garden lands in the nearest revenue circle where a garden rate obtains.

(4) A grantee will not be called upon to pay anything for timber, bamboos, or grass which he may cut upon his grant, provided he takes *bonâ fide* steps as aforesaid to cultivate coffee, tea, cinchona, or spices.

IV.—The only payment which a grantee will have to make on receiving his grant will be eight annas an acre for the cost of survey and demarcation. In consideration of such payment the Deputy Commissioner will cause a survey to be made of the grant, will furnish the grantee with a copy of such survey, and will cause boundary marks to be erected at suitable points in the outer boundary of the grant.

V.—The wishes of applicants will be met as far as possible in regard to the situation and shape of their grants. But ordinarily—

(*a*) no grant will be given where the Forest Department intend to make a forest reserve;

(*b*) no grant will be given on such a place as will unduly circumscribe the extension of cultivation of the grazing grounds of any neighbouring village or hamlet;

(*c*) grants facing a road or navigable stream will have to be of a depth double the length facing such road or navigable stream;

(*d*) small strips will be reserved leading to landing places for the benefit of neighbouring villages and grantees.

VI.—The Government is now spending much larger sums than heretofore on roads in the Tavoy district. If planters settle in the district, further funds will be allotted for roads from their neighbourhood to the steamer station at either Tavoy or Thayetchoung.

VII.—In order to encourage pioneers in the coffee and cinchona enterprise in Tavoy, the Government will pay to the first four grantees who begin *bonâ fide* planting operations Rs. 15 per head for every Indian or Chinese coolie, male or female, over 16 years of age, who may be settled and housed on their plantations before the 1st March 1885.

VIII.—In any case of doubt regarding the *bonâ fide* character of operations for the purposes of concessions III and VII, the Deputy Commissioner will decide, and his decision will be subject to appeal to the Commissioner of Tenasserim, whose decision will be final.

IX.—All minerals and metals under and within the lands granted under these rules are reserved by Government, together with a right to enter upon and resume such portion of land as may be necessary for examining or working mines upon payment of just compensation to the grantee for loss of, or injury done to, the surface.

G. D. BURGESS,
Secy. to the Chief Commr., British Burma.
The 6th April 1882.

COMMISSARIAT NOTICE.

The following five Government elephants are now for sale at Agra and Bareilly.

2. Offers are invited, both for purchase of these animals, and also for exchange of good female elephants suitable for Government purposes in place of these, and any reasonable offers will be accepted by the Commissary General.

3. Applications to inspect the elephants and offers for purchase or exchange may be made to the Assistant Commissaries General, Agra and Bareilly, respectively:—

Description of Elephants.

Where for sale.	Register No.	Name.	Sex.	Height.	Probable age.	Tusks.	Eyes.	Number of Nails.	Tail.	Back.	Temper.	Condition.	REMARKS.
				ft. in.									
At Agra.	698	Salka ...	Male	8 4½	45	Perfect ...	Blind off-side.	18	No hair ...	Hollow in centre from wound in youth.	Good	Good	Fit for sowari purposes; never been musth; head and tusks fine; carriage good.
	1847	Louis Napolean.	Do. ...	9 7	39	One on off-side.	Perfect ...	18	Short, of hair.	Good ...	Vicious.	Do. ...	A fine elephant, unsafe for Government purposes, but Rajahs, &c., might buy him for fighting purposes.
	1670	Watson ...	Do. ...	8 9	37	One on off-side split slightly.	Do. ...	18	Do. ...	Do. ...	Uncertain.	Do. ...	A very fine animal, fit for anything, but troublesome at times.
	459	Nazirguj ...	Do. ...	8 11	47	Two, off one broken.	Do. ...	18	No hair ...	Do. ...	Do. ...	Do. ...	Unsafe for Government work; a very fine elephant indeed, suitable for fighting purposes.
At Bareilly.	1783	Hastings ...	Do. ...	9 4	59	One broken.	Good ...	18	Good ...	Centre ridge of bone rather high.	Good	Low...	Fit for howdah and shooting purposes.

W. G. SMITH, *Major,*
Officiating Deputy Commissary General.

Straits and Hong-Kong	18th ,,	Strs. *Lennox* and *Japan.*

* Also for Cape Town and Natal *viâ* England ; also *viâ* Aden for Mauritius, Mahé (Seychelles), Mayotte, Nossi Be and Réunion, can be forwarded by this opportunity.

N.B.—The letter-box will close at 7 P. M. precisely ; after which hour foreign letters, fully prepaid and bearing an extra postage stamp of four (4) annas on each cover, will be received up to 7-30 P. M.

E. HUTTON,

Presidency Post Master.

Meteorological Publications for Sale.

The following publications of the Meteorological Office of the Government of India are on sale and can be procured at the Meteorological Office, No. 4, Middleton Row, or either at Messrs. Thacker, Spink & Co., or at Messrs. Brown & Co., at the prices noted against them :—

	Rs.	A.	P.
Report on the Meteorology of India, in 1875, 4to., 89 pages text, 297 pages tables, 3 charts ...	8	0	0
Report on the Meteorology of India, in 1876, 4to., 97 pages text, 340 pages tables, 3 charts ...	8	0	0
Report on the Meteorology of India in 1877, 4to., 173 pages text, 375 pages tables, 3 charts ...	8	0	0
Report on the Meteorology of India, in 1878, 4to., 149 pages text, 380 pages tables, 3 plates, 4 charts ...	8	0	0
Indian Meteorological Memoirs, Vol. I, Part I, 4to., 118 pages, 9 plates	2	8	0
Indian Meteorological Memoirs, Vol. I, Part II, 4to., 63 pages, 4 plates	1	8	0
Indian Meteorological Memoirs, Vol. I, Part III, 4to., 86 pages, 2 plates	1	8	0
Indian Meteorological Memoirs, Vol. I, Part IV, 4to., 62 pages, 8 plates	1	8	0
Rainfall Chart of India, showing the average annual distribution of rainfall (in colors)	1	0	0
Report on the Vizagapatam and Backergunge Cyclones, October 1876, 4to., 87 pages, 4 plates ...	2	0	0
Report on the Madras Cyclone, May 1877, 4to., 117 pages text, 97 pages tables, 5 plates ...	2	8	0

HENRY F. BLANFORD,

Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at

Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
,, MADRAS SERIES ...	,, 8	,, 9
,, BOMBAY SERIES ...	,, 8	,, 9
,, ALLAHABAD SERIES	,, 8	,, 9
Complete set... ...	,, 45	,, 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES ...	Rs. 3	8
,, ,, MADRAS SERIES ...	,, 1	0
,, ,, BOMBAY SERIES ...	,, 1	0
,, ,, ALLAHABAD SERIES.	,, 1	0
Complete set	,, 4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA ;
MESSRS. THACKER AND CO., BOMBAY ;
MESSRS. HIGGINBOTHAM AND CO., MADRAS ;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY ;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

Charts, &c., issued at the Marine Survey Department, Calcutta, by order of the Government of India, and sold at the Office of the Marine Survey Department, 4-4 Loudon's Buildings, Hastings Street, Calcutta, where Admiralty Charts can also be obtained.

☞ All Charts are corrected up to the date of issue.

SENATE HOUSE,
The 7th July 1882

NEEMUCH CEMETERY.

Repairs of Monuments.

Notice is hereby given that those monuments in the Government Cemetery at Neemuch, Central India, of which a list is published herewith, are in need of repairs. Those of Sergeant Henry Seal and Trumpeter J. Britton are in a ruinous condition, and will be made level with the ground unless, within three months from the publication of this Notice, some person will undertake the cost of their repairs.

DESCRIPTION.	Corps.	Date.
Daughter of Captain Greenwood	33rd Regiment.	1866
Lieutenant-Colonel Robinson	Political Agent, Mewar	1850
Wife of Major Walter	3rd European Cavalry	1850
Charles Permien.	Apothecary	1816
Quarter-Master Sergeant Best	39th Begiment, Native Infantry	1836
Augustus F. Roderick	.....	1836
Wife of Sergeant Lowe	Bombay Artillery	1862
Wife and Son of Captain Beamish	Royal Artillery	1843
Wife of Captain Stewart	61st Regiment, Native Infantry	1833
Wife of Lieutenant Hutton	37th Regiment, Native Infantry	1834
Colonel James Robertson	46th Regiment, Native Infantry	1834
Ensign Edwards	28th Regiment, Native Infantry	1835
Colonel Stiles	Commandant	1862
Son of Colonel Carmichael	94th Regiment.	1864
Wife of Woolmore Mitchell	.....	1836
Lieutenant Bishop	62nd Regiment, Native Infantry	1841
Daughter of Captain Hunter	2nd Bombay Light Cavalry	1860
Son of Lieutenant Duffin	7th Bengal Light Cavalry	1823
Daughter of Captain Duffin	Ditto	1828
Daughter of Lieutenant-Colonel Duffin	Ditto	1834
Son of Assistant Surgeon Downes	.....	1834
Son of Quarter-Master Sergeant Morris	2nd Bombay Light Cavalry	1834
Daughter of John Pocock	46th Regiment, Native Infantry	1835
Wife, Son and Daughter of Major Gill	37th Regiment, Native Infantry	1835
Son of Sergeant-Major Grassby	.....	1840
Surgeon-Major Deas	2nd Bombay Light Cavalry	1862
Wife of Colonel Carmichael	94th Regiment.	1864
Sergeant-Major Perkins	45th Bengal Native Infantry	1833
Wife of Sergeant Herdon	.....	1834
Son of Riding-Master Bolton	2nd Bombay Light Cavalry	1835
Son of Lieutenant Nicholetts	.....	1835
Son of Lieutenant Nicholetts	.....	1837
Son of Major Wilkinson	.....	1835
Son and Daughter of Captain Rickards	.....	'47-48
Daughter of Major Sandeman	33rd Regiment, Native Infantry	1847
Captain Mackintosh	52nd Regiment, Native Infantry	1854
Brigade Colonel Stacy, C.B.	Aide-de-Camp to the Queen	1848

G. H. LEWIS,
Chaplain of Neemuch.

NEEMUCH,
The 30th June 1882.

COMMISSARIAT NOTICE.

The following five Government elephants are now for sale at Agra and Bareilly.

2. Offers are invited, both for purchase of these animals, and also for exchange of good female elephants suitable for Government purposes in place of these, and any reasonable offers will be accepted by the Commissary General.

3. Applications to inspect the elephants and offers for purchase or exchange may be made to the **Assistant Commissaries General, Agra and Bareilly, respectively:—**

Description of Elephants.

Where for sale.	Register No.	Name.	Sex.	Height.	Probable age.	Tusks.	Eyes.	Number of Nails.	Tail.	Back.	Temper.	Condition.	REMARKS.
At Agra.	698	Salka ...	Male	ft. in. 8 4½	45	Perfect ...	Blind off-side.	18	No hair ...	Hollow in centre from wound in youth.	Good	Good	Fit for sowari purposes; never been musth; head and tusks fine; carriage good.
At Agra.	1347	Louis Napoleon.	Do. ...	9 7	39	One on off-side.	Perfect ...	18	Short of hair.	Good ...	Vicious.	Do. ...	A fine elephant, unsafe for Government purposes, but Rajahs, &c., might buy him for fighting purposes.
At Agra.	1670	Watson ...	Do. ...	8 9	37	One on off-side split slightly.	Do. ...	18	Do. ...	Do. ...	Uncertain.	Do. ...	A very fine animal, fit for anything, but troublesome at times.
At Agra.	459	Nasirgunj ...	Do. ...	8 11	47	Two, off one broken.	Do. ...	18	No hair ...	Do. ...	Do. ...	Do. ...	Unsafe for Government work; a very fine elephant indeed, suitable for fighting purposes.
At Bareilly.	1783	Hastings ...	Do. ...	9 4	59	One broken.	Good ...	18	Good ...	Centre ridge of bone rather high.	Good	Low...	Fit for howdah and shooting purposes.

Applications with copies of testimonials to be addressed to G. J. Nicholls, Esq., Deputy Commissioner, Narsingpur.

L. A. MAHOMED,
Extra Assistant Commissioner,
for *Deputy Commissioner.*

NOTICE.

Waste Lands available for Planters in the Tavoy District.

Waste lands, covered at present with forest, bamboos or grass, are available for plantations of coffee, tea, cinchona, or spices at altitudes varying from 100 feet to 6,800 feet above the sea in the Tavoy district. This region is between the 13th and 14th parallels of north latitude, and the rainfall ranges from 190 to 220 inches a year. The lands are mostly within 30 to 50 miles of the steamer station of Thayetchoung on the Tavoy river. Mail steamers ply between Thayetchoung and Moulmein or Rangoon once a week inwards and outwards.

II.—Grants of land in lots ranging from 100 to 1,200 acres can be had for planting tea, coffee, cinchona, or spices on application to the Deputy Commissioner of Tavoy. Such grants will be made in accordance with the "Burma Land and Revenue Act, 1876," and with the rules sanctioned thereunder by the Governor General of India in Council. Copies of the Act and rules can be obtained by intending planters on application to the Deputy Commissioner of Tavoy, the Commissioner of Tenasserim at Moulmein, or the Secretariat, Rangoon.

III.—In addition to the concessions and conditions laid down in the Act and rules, the following special concessions will be made to persons taking up land for plantations of coffee, tea, cinchona, or spices in Tavoy, namely,—

(1) A grantee must bring under cultivation one-third of his grant within 12 years from the date of his obtaining the grant. If, after the expiration of 12 years, any surplus uncultivated land, in excess of two acres of waste for each acre of cultivated land, shall remain on the grant, such surplus waste shall then revert to Government; and the grantee shall have no further claim or right in the surplus which has so reverted.

(2) A grantee will not be liable to pay any land revenue or any price for the land of his grant until the end of the tenth year after he enters on possession, provided that he takes *bonâ fide* steps to cultivate a reasonable proportion of the grant with coffee, tea, cinchona, or spices. In the event of any grantee desiring a more precise definition of a "reasonable proportion," the Chief Commissioner may decide beforehand in each case what proportion of the grant ought to be thus cultivated in each year.

(3) After the end of the tenth year the grantee will be liable to pay land revenue at the rate of Rs. 1-4-0 per acre and cesses at the rate of two annas per acre on one-third of his grant up to the year 1900 A. D.; after the expiration of such year he will be liable to pay for one-third of his grant the same revenue rate as is paid for garden lands in the nearest revenue circle where a garden rate obtains.

(4) A grantee will not be called upon to pay anything for timber, bamboos, or grass which he may cut upon his grant, provided he takes *bonâ fide* steps as aforesaid to cultivate coffee, tea, cinchona, or spices.

IV.—The only payment which a grantee will have to make on receiving his grant will be eight annas an acre for the cost of survey and demarcation. In consideration of such payment the Deputy Commissioner will cause a survey to be made of the grant, will furnish the grantee with a copy of such survey, and will cause boundary marks to be erected at suitable points in the outer boundary of the grant.

V.—The wishes of applicants will be met as far as possible in regard to the situation and shape of their grants. But ordinarily—

(*a*) no grant will be given where the Forest Department intend to make a forest reserve;

(*b*) no grant will be given on such a place as will unduly circumscribe the extension of cultivation of the grazing grounds of any neighbouring village or hamlet;

(*c*) grants facing a road or navigable stream will have to be of a depth double the length facing such road or navigable stream;

(*d*) small strips will be reserved leading to landing places for the benefit of neighbouring villages and grantees.

VI.—The Government is now spending much larger sums than heretofore on roads in the Tavoy district. If planters settle in the district, further funds will be allotted for roads from their neighbourhood to the steamer station at either Tavoy or Thayetchoung.

VII.—In order to encourage pioneers in the coffee and cinchona enterprise in Tavoy, the Government will pay to the first four grantees who begin *bonâ fide* planting operations Rs. 15 per head for every Indian or Chinese coolie, male or female, over 16 years of age, who may be settled and housed on their plantations before the 1st March 1885.

VIII.—In any case of doubt regarding the *bonâ fide* character of operations for the purposes of concessions III and VII, the Deputy Commissioner will decide, and his decision will be subject to appeal to the Commissioner of Tenasserim, whose decision will be final.

IX.—All minerals and metals under and within the lands granted under these rules are reserved by Government, together with a right to enter upon and resume such portion of land as may be necessary for examining or working mines upon payment of just compensation to the grantee for loss of, or injury done to, the surface.

G. D. BURGESS,
Secy. to the Chief Commr., British Burma.

The 6th April 1882.

Meteorological Publications for Sale.

The following publications of the Meteorological Office of the Government of India are on sale and can be procured at the Meteorological Office, No. 4, Middleton Row, or either at Messrs. Thacker, Spink & Co., or at Messrs. Brown & Co., at the prices noted against them:—

	Rs.	A.	P.
Report on the Meteorology of India, in 1875, 4to., 89 pages text, 297 pages tables, 3 charts ...	8	0	0
Report on the Meteorology of India, in 1876, 4to., 97 pages text, 340 pages tables, 3 charts ...	8	0	0
Report on the Meteorology of India in 1877, 4to., 173 pages text, 375 pages tables, 3 charts ...	8	0	0
Report on the Meteorology of India, in 1878, 4to., 149 pages text, 380 pages tables, 3 plates, 4 charts ...	8	0	0
Indian Meteorological Memoirs, Vol. I, Part I, 4to., 118 pages, 9 plates	2	8	0
Indian Meteorological Memoirs, Vol. I, Part II, 4to., 63 pages, 4 plates	1	8	0
Indian Meteorological Memoirs, Vol. I, Part III, 4to., 86 pages, 2 plates	1	8	0
Indian Meteorological Memoirs, Vol. I, Part IV, 4to., 62 pages, 8 plates	1	8	0
Rainfall Chart of India, showing the average annual distribution of rainfall (in colors)	1	0	0
Report on the Vizagapatam and Backergunge Cyclones, October 1876, 4to., 87 pages, 4 plates ...	2	0	0
Report on the Madras Cyclone, May 1877, 4to., 117 pages text, 97 pages tables, 5 plates ...	2	8	0

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
,, MADRAS SERIES ...	,, 8	,, 9
,, BOMBAY SERIES ...	,, 8	,, 9
,, ALLAHABAD SERIES	,, 8	,, 9
Complete set... ...	,, 45	,, 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
,, ,, MADRAS SERIES ...	,,	1 0
,, ,, BOMBAY SERIES ...	,,	1 0
,, ,, ALLAHABAD SERIES.	,,	1 0
Complete set	,,	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—
MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

Charts, &c., issued at the Marine Survey Department, Calcutta, by order of the Government of India, and sold at the Office of the Marine Survey Department, 4-4 Loudon's Buildings, Hastings Street, Calcutta, where Admiralty Charts can also be obtained.

☞ **All Charts are corrected up to the date of issue.**

Indian Ocean—

Indian Ocean—Curves of equal magnetic variation. *Annas 8.*

Notices to Mariners.
Price 1 anna for each issue.

Notices to Mariners issued during the year 1875—

No. 1. Fixed Light on Green Island, Hong-Kong, China.
„ 2. Malwan Rock, Malwan.
„ 3. Fixed white Light at Dwarka, Kattywar.
„ 4. Mooram Shulli Tivo Island, and Devil's Point, Gulf of Manaar.
„ 5. (1) Fixed Light at Vizagapatam.
(2) Coral Shoal of Caltura, Ceylon.
(3) Rock off Barberyn Island.
„ 6. Foundering of the Buoy Vessel *Mata Mata*, Rangoon.
„ 7. (1) Revolving Light near Acheen Head, Malacca Strait.
(2) Auxiliary Light to above.

Notices to Mariners issued during the year 1876—

No. 1. Temporary discontinuance of Hope Island Light during repairs to Light-house column, Coromandel Coast.
„ 2. Exhibition of Hope Island Light, Coromandel Coast.
„ 3. Prohibited anchorage near the British Indian Submarine Telegraph Cable, Madras.
„ 4. (1) Pulo Brasse auxiliary Light, Malacca Strait.
(2) Island between Pulo Nias and Sumatra.
„ 5. Vessels trading to Réunion, Indian Ocean.
„ 6. Replacement of the Buoy on the western edge of Dolphin Shoal, Chittagong Coast.
„ 7. China Bakeer Light, Martaban Gulf.
(2) Intended exhibition of Light on the Oyster Reef, Akyab.
„ 8. Fixed white Light at Verawal.
„ 9. Buoyage of Kyouk Phyou, British Burma.
„ 10. Fixed white Light at Bet or Beyt (Gulf of Cutch), Kattywar.
„ 11. Fixed white Light at Porbandar, Kattywar.
„ 12. (1) Displacement of the Buoy in Narakel Roadstead, Cochin.
(2) Buoy marking the Smooth-water anchorage to the southward of Alipee (Anlapolay), Travancore.
„ 13. (1) Intended Light on Pulo Pisang, Malacca Strait.
(2) Sunken reef in Siberoet Strait, Sumatra, West Coast.
„ 14. Deposit of stone mound at the end of the breakwater Colombo, Ceylon.
„ 15. Period of exhibition of the *blue* Light during the South-west monsoon, from the Eastern Channel Light-vessel at the entrance to River Hooghly.
„ 16. Rock near west end of Pulo Brasse.
„ 17. (1) Beacon on two fathom patch off Batticaloa Road, Ceylon.
(2) Suspension of Light at Vizagapatam.
„ 18. Directions for Kurrachee Harbour.
„ 19. Beacon on two fathom patch off Batticaloa Road, Ceylon.
„ 20. Fixed Light at Calingapatam Point, Coromandel Coast.

Notices to Mariners issued during the year 1877—

No. 1. Alteration in Manora Point Light, Kurrachee.
„ 2. Dangers at Goa and Marmagno Roadstead.
„ 3. Existence of rocky patches, Beypore.
„ 4. Pooree Port limits, Orissa Coast.
„ 5. Extension of the Hajamri Mouth of the River Indus.
„ 6. Red Lights at Port Victoria, Mahé, Seychelles.
„ 7. Light at Port Berbereh, Gulf of Aden.
„ 8. Rock off Hingie Island, Bassein River.
„ 9. Rock off Pegu Coast.
„ 10. Coral Patch near Sultan Shoal, Singapore Strait.
„ 11. "Intermediate" Light-ship, entrance to River Hooghly.
„ 12. Position of Cochin Light-house.
„ 13. Position of Raleigh Rock, and additional beacons, Bombay.
„ 14. Buoy, marking Gindurah Rock, Galle.
„ 15. Alteration in Manora Point Light, Kurrachee; and discovery of a bank near Towak Island, Red Sea.
„ 16. Dangerous rocks in Forrest Strait, Mergui Archipelago and Richelieu Rock off Kopah Inlet.
„ 17. Alteration in position of "Intermediate" Light-ship, entrance to River Hooghly.
„ 18. Destruction of the Krishna Shoal Light-house.
„ 19. Correct position of Santipilly Light-house.
„ 20. Anchorage Buoys in Madras Roadstead.
„ 21. Light-vessel near Krishna Shoal, Burma.
„ 22. Additional information, Krishna Shoal Light-vessel and Light at Pooree.
„ 23. Alteration of position of Chittagong Lights.
„ 24. Night Signals shown by British Pilot Vessels in the English Channel.

Notices to Mariners issued during the year 1878—

No. 1. Position of Middle Ground, Bombay.
„ 2. Error in position of Krishna Shoal Light-vessel.
„ 3. New Lights in Sunda Strait, &c.
„ 4. Corrected position of Krishna Shoal Light-vessel.
„ 5. Alteration of colour of Chittagong beacons, and intended alteration in Dolphin Rock Light, Bombay.
„ 6. Alteration of Malwan Light.
„ 7. Kintoan Light-vessel, Yang-tse-Kiang.
„ 8. Burgess Rock off Hingie Island, Bassein River, Burma.
„ 9. Fairway Buoy at False Point, Orissa.
„ 10. (1) Intended Light and Fog Signal on Little Basses Rocks, Ceylon.
(2) Intended alteration in Great Basses Rocks Fog Signal.
„ 11. Corrected positions of Zebayir Islands, Jebel Zukur and the Hánish Islands, Red Sea.
„ 12. Fog Signals and distinguishing marks for Light-vessels, River Hooghly.
„ 13. Exhibition of Light on Little Basses Rocks, Ceylon.
„ 14. Beacon on Chaul Kadu Rock, Bombay.
„ 15. Shoal near Tumb Island (Jazirat Taub), Persian Gulf.
„ 16. Light at Batticaloa, Ceylon.
„ 17. Upper Gasper Light-vessel, entrance to river Hooghly.
„ 18. Red Lights on North Groyne of Harbour Works, Madras.
„ 19. Reported shoal, N. N. E. of Bahrein, Persian Gulf.
„ 20. Alteration of colour of Light at Klang Strait, Strait of Malacca.
„ 21. Additional information concerning the reported shoal, N. N. E. of Bahrein.
„ 22. Deposit of stone, eastward of Harbour Works, Madras.
„ 23. Reported Shoal, North-West of Chaduba Island.

By order of the Vice-Chancellor,

G. BELLETT,
Registrar.

SENATE HOUSE,
The 19th July 1882.

AGENT, GOVERNOR GENERAL, FOR RAJPUTANA.

NOTIFICATION.

Mount Abu, the 22nd July 1882.

No. 2098 *G.*—With reference to this Office Notification No. 1307 G., dated 12th May 1882, Major C. A. Baylay and Major H. B. Abbott, respectively, made over and received charge of the Office of Political Superintendent, Jhallawar, on the forenoon of the 10th July 1882.

By Order,

E. A. FRASER,
1st Asst. Agent to the Govr. Genl.

IN THE COURT OF THE JUDICIAL COMMISSIONER OF COORG.

Civil Side.

Rule of Practice No. 4, dated Bangalore, the 10th July 1882.

Under Section 652 of the Code of Civil Procedure (Act XIII of 1882), the following rules have been made by the Judicial Commissioner to regulate the procedure of the Subordinate Courts exercising jurisdiction under Chapter 20 (of Insolvent Judgment-debtors) of the Code:—

1. When the property of a person declared insolvent is, in amount, too small to enable the Court to appoint a paid Receiver, the Court may appoint its Sheristadar, or Head Clerk, Receiver.
2. When property, alleged to be the property of the insolvent, is in the hands of third parties, who refuse to surrender it, the Receiver may, with the sanction of the Court, institute a suit for its recovery and he may decline to sue, unless one or more of the creditors consent to give a sufficient guarantee for the cost of the suit. The Court may, from time to time, direct that the property, which may have come to the hands of the Receiver, be sold by private contract or tender or public auction, or partly by one method, and partly by another, and subject to such conditions as the Court may think fit to declare. Provided that, when an order is made for the sale of immovable property by auction, the sale shall be proclaimed and conducted and confirmed in the manner prescribed by the Code of Civil Procedure, for the time being, for sales of immovable property sold in execution of decree.
3. The cost of all sales made by the Receiver shall be deducted from the sale proceeds. The Court may order the costs of proclamation and advertisements of sale to be paid, in the first instance, out of the funds, if any, in the hands of the Receiver, and if there be no such funds, the Court may decline to order a sale, until funds are furnished by the decree-holder, or some other creditor.
4. The provisions of the 295th Section of the Code of Civil Procedure relating to the sale of properties under mortgage, shall apply to sales made by the Receiver under the order of the Court. Provided that the Receiver may, with the sanction of the Court, discharge any mortgagee, of which the period of redemption has arrived, and in any case, with the consent of the mortgagee, by payment out of the assets in his hands (if any) and may sell the property free from the incumbrance.

By Order of the Court,

S. HAMAJEE ROW,
Registrar.

CHIEF COMMISSIONER OF AJMIR-MERWARA.

NOTIFICATIONS.

Mount Abu, the 20th July 1882.

No. 496.—Mr. L. S. Saunders, C.S., Commissioner, Ajmir-Merwara, is granted privilege leave for two months and twenty-nine days, with effect from 31st July 1882, or such subsequent date as he may avail himself of it.

No. 500.—Whereas land is required in the Ajmir District for a public purpose, *viz.*, for an extension of Ajmir Cantonments, this declaration is made in accordance with the provisions of Section 6 of Act X of 1870.

The 21st July 1882.

No. 505.—The privilege leave for thirty days granted to Surgeon-Major J. H. Newman, Civil Surgeon, Ajmir, in Notification No. 333, dated 19th May 1882, is extended by five days, under Section 5 of the Civil Leave Code, in consequence of his having been recalled to duty for a week before the expiry of his leave.

By Order,

A. P. THORNTON,
for *1st Asst. to the Chief Commr.*

The 24th July 1882.

In the Court of the Commissioner and District Judge, Ajmir-Merwara.

Insolvency of Rahím Bákhsh, son of Lal Mahomed, Blacksmith of Ajmir.

Notice is hereby given that Rahím Bákhsh, son of Lal Mahomed, Blacksmith of Ajmir, has been declared insolvent, and discharged by this Court under the provision of Section 351, Act XIV of 1882.

Given under my hand and the seal of the Court, this 22nd day of July 1882.

L. S. SAUNDERS,
Commissioner and District Judge, Ajmir-Merwara.

NEEMUCH,
The 30th June 1882.

COMMISSARIAT NOTICE.

The following five Government elephants are now for sale at Agra and Bareilly.

2. Offers are invited, both for purchase of these animals, and also for exchange of good female elephants suitable for Government purposes in place of these, and any reasonable offers will be accepted by the Commissary General.

3. Applications to inspect the elephants and offers for purchase or exchange may be made to the Assistant Commissaries General, Agra and Bareilly, respectively:—

Description of Elephants.

Where for sale.	Register No.	Name.	Sex.	Height.	Probable age.	Tusks.	Eyes.	Number of Nails.	Tail.	Back.	Temper.	Condition.	REMARKS.
				ft. in.									
At Agra.	698	Saika ...	Male	8 4½	45	Perfect ...	Blind off-side.	18	No hair ...	Hollow in centre from wound in youth.	Good	Good	Fit for sowari purposes never been mouth head and tusks fine carriage good.
	1847	Louis Napolean.	Do. ...	9 7	39	One on off-side.	Perfect ...	18	Short of hair.	Good ...	Vicious.	Do. ...	A fine elephant, unsafe for Government purposes, but Rajahs, &c., might buy him for fighting purposes.
	1670	Watson ...	Do. ...	8 9	37	One on off-side split slightly.	Do. ...	18	Do. ...	Do. ...	Uncertain.	Do. ...	A very fine animal, fit for anything, but troublesome at times.
	459	Nazirguj ...	Do. ...	8 11	47	Two, off one broken.	Do. ...	18	No hair ...	Do. ...	Do. ...	Do. ...	Unsafe for Government work; a very fine elephant indeed, suitable for fighting purposes.
At Bareilly.	1783	Hastings ...	Do. ...	9 4	59	One broken.	Good ...	18	Good ...	Centre ridge of bone rather high.	Good	Low...	Fit for howdah and shooting purposes.

W. G. SMITH, *Major*,
Officiating Deputy Commissary General.

Applications with copies of testimonials to be addressed to G. J. Nicholls, Esq., Deputy Commissioner, Narsingpur.

L. A. MAHOMED,
Extra Assistant Commissioner,
for *Deputy Commissioner.*

NOTICE.

Waste Lands available for Planters in the Tavoy District.

Waste lands, covered at present with forest, bamboos or grass, are available for plantations of coffee, tea, cinchona, or spices at altitudes varying from 100 feet to 6,800 feet above the sea in the Tavoy district. This region is between the 13th and 14th parallels of north latitude, and the rainfall ranges from 190 to 220 inches a year. The lands are mostly within 30 to 50 miles of the steamer station of Thayetchoung on the Tavoy river. Mail steamers ply between Thayetchoung and Moulmein or Rangoon once a week inwards and outwards.

II.—Grants of land in lots ranging from 100 to 1,200 acres can be had for planting tea, coffee, cinchona, or spices on application to the Deputy Commissioner of Tavoy. Such grants will be made in accordance with the "Burma Land and Revenue Act, 1876," and with the rules sanctioned thereunder by the Governor General of India in Council. Copies of the Act and rules can be obtained by intending planters on application to the Deputy Commissioner of Tavoy, the Commissioner of Tenasserim at Moulmein, or the Secretariat, Rangoon.

III.—In addition to the concessions and conditions laid down in the Act and rules, the following special concessions will be made to persons taking up land for plantations of coffee, tea, cinchona, or spices in Tavoy, namely,—

(1) A grantee must bring under cultivation one-third of his grant within 12 years from the date of his obtaining the grant. If, after the expiration of 12 years, any surplus uncultivated land, in excess of two acres of waste for each acre of cultivated land, shall remain on the grant, such surplus waste shall then revert to Government; and the grantee shall have no further claim or right in the surplus which has so reverted.

(2) A grantee will not be liable to pay any land revenue or any price for the land of his grant until the end of the tenth year after he enters on possession, provided that he takes *bonâ fide* steps to cultivate a reasonable proportion of the grant with coffee, tea, cinchona, or spices. In the event of any grantee desiring a more precise definition of a "reasonable proportion," the Chief Commissioner may decide beforehand in each case what proportion of the grant ought to be thus cultivated in each year.

(3) After the end of the tenth year the grantee will be liable to pay land revenue at the rate of Rs. 1-4-0 per acre and cesses at the rate of two annas per acre on one-third of his grant up to the year 1900 A. D.; after the expiration of such year he will be liable to pay for one-third of his grant the same revenue rate as is paid for garden lands in the nearest revenue circle where a garden rate obtains.

(4) A grantee will not be called upon to pay anything for timber, bamboos, or grass which he may cut upon his grant, provided he takes *bonâ fide* steps as aforesaid to cultivate coffee, tea, cinchona, or spices.

IV.—The only payment which a grantee will have to make on receiving his grant will be eight annas an acre for the cost of survey and demarcation. In consideration of such payment the Deputy Commissioner will cause a survey to be made of the grant, will furnish the grantee with a copy of such survey, and will cause boundary marks to be erected at suitable points in the outer boundary of the grant.

V.—The wishes of applicants will be met as far as possible in regard to the situation and shape of their grants. But ordinarily—

(*a*) no grant will be given where the Forest Department intend to make a forest reserve;

(*b*) no grant will be given on such a place as will unduly circumscribe the extension of cultivation of the grazing grounds of any neighbouring village or hamlet;

(*c*) grants facing a road or navigable stream will have to be of a depth double the length facing such road or navigable stream;

(*d*) small strips will be reserved leading to landing places for the benefit of neighbouring villages and grantees.

VI.—The Government is now spending much larger sums than heretofore on roads in the Tavoy district. If planters settle in the district, further funds will be allotted for roads from their neighbourhood to the steamer station at either Tavoy or Thayetchoung.

VII.—In order to encourage pioneers in the coffee and cinchona enterprise in Tavoy, the Government will pay to the first four grantees who begin *bonâ fide* planting operations Rs. 15 per head for every Indian or Chinese coolie, male or female, over 16 years of age, who may be settled and housed on their plantations before the 1st March 1885.

VIII.—In any case of doubt regarding the *bonâ fide* character of operations for the purposes of concessions III and VII, the Deputy Commissioner will decide, and his decision will be subject to appeal to the Commissioner of Tenasserim, whose decision will be final.

IX.—All minerals and metals under and within the lands granted under these rules are reserved by Government, together with a right to enter upon and resume such portion of land as may be necessary for examining or working mines upon payment of just compensation to the grantee for loss of, or injury done to, the surface.

G. D. BURGESS,
Secy. to the Chief Commr., British Burma.
The 6th April 1882.

GOVERNMENT CINCHONA FEBRIFUGE.

This preparation is an efficient substitute for Quinine and can be purchased by Government officers for public and charitable purposes, and by any one taking *twenty pounds* at a time, from the Superintendent, Botanical Garden, Calcutta, *for cash only*, at the following rates:—per four ounce tin, *Rs. 4-8*; per eight ounce tin, *Rs. 8-8*; per pound tin, *Rs. 16-8*. The general public can be supplied by the Superintendent, Botanical Garden, *for cash only*, at the under-noted rates:—per four ounce tin *Rs. 5-8*; per eight ounce tin *Rs. 10-8*; per pound tin, *Rs. 20*. This medicine is also sold by the principal European and Native druggists in Calcutta. Postage 8 annas per four and eight ounce tins, and 12 annas per pound tin, in addition to the foregoing rates.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
„ „ MADRAS SERIES ...	„	1 0
„ „ BOMBAY SERIES ...	„	1 0
„ „ ALLAHABAD SERIES.	„	1 0
Complete set	„	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—
MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.
Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

Charts, &c., issued at the Marine Survey Department, Calcutta, by order of the Government of India, and sold at the Office of the Marine Survey Department, 4-4 Loudon's Buildings, Hastings Street, Calcutta, where Admiralty Charts can also be obtained.

W. HILL,
Commissioner.

By Order,
H. WYLIE, *Major,*
Secretary to the Chief Commr. of Coorg.

RESIDENT IN MYSORE.

NOTIFICATION.

Bangalore, the 22nd July 1882.

Declaration under Section 6 of Act X of 1870.

The undermentioned land is required for a public purpose by Government, *viz.*, for the extension of the waste weir of the Dumloor tank:—

The land needed measures 1,082 square yards and 7 square feet, and is part of Survey No. 4 (a dry field) of the Dumloor village in the Civil and Military Station of Bangalore, which whole number measures 2 acres 18 g. and is assessed at 6½ rupees.

This Survey No. stands in the Revenue Accounts in the name of Narayanasawmy Moodliar, and is leased by him to Mahratta Ramannah.

The part required is on the east side of the field and adjoins the bed of the Dumloor tank.

A plan of the land has been made and can be inspected at the District Magistrate's Court.

By Order,
H. WYLIE,
Asst. to the Resident.

DIRECTOR GENERAL OF RAILWAYS.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutt Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
„ „ MADRAS SERIES ...	„	1 0
„ „ BOMBAY SERIES ...	„	1 0
„ „ ALLAHABAD SERIES.	„	1 0
Complete set	„	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—
MESSRS. THACKER, SPINK AND CO., CALCUTTA ;
MESSRS. THACKER AND CO., BOMBAY ;
MESSRS. HIGGINBOTHAM AND CO., MADRAS ;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY ;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
„ „ MADRAS SERIES ...	„	1 0
„ „ BOMBAY SERIES ...	„	1 0
„ „ ALLAHABAD SERIES.	„	1 0
Complete set	„	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA ;
MESSRS. THACKER AND CO., BOMBAY ;
MESSRS. HIGGINBOTHAM AND CO., MADRAS ;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY ;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

Charts, &c., issued at the Marine Survey Department, Calcutta, by order of the Government of India, and sold at the Office of the Marine Survey Department, 4-4 Loudon's Buildings, Hastings Street, Calcutta, where Admiralty Charts can also be obtained.

☞ **All Charts are corrected up to the date of issue.**

CHIEF COMMISSIONER OF COORG.

NOTIFICATIONS.

Bangalore, the 7th August 1882.

No. 17.—The Chief Commissioner of Coorg, in exercise of the powers conferred by Sections 82 and 83 of "The Indian Christian Marriage Act No. XV of 1872," hereby fixes the following scale of fees to be charged under the aforesaid Act, and makes the following rules in regard to the disposal of such fees, the supply of register books, and the preparation and submission of returns of marriages solemnized under the aforesaid Act, and the form of the register book of marriages certified under Part VI of the same Act:—

Scale of Fees.

	Rs.	A.	P.
1. For receiving each notice of marriage	1	0	0
2. For publishing each notice of marriage	2	0	0
3. For the issuing of each certificate of marriage by a Marriage Registrar	3	0	0
4. For registering each marriage by a Marriage Registrar ...	2	0	0
5. For entering each protest against or prohibition of the issue of a marriage certificate by a Marriage Registrar ...	10	0	0
6. For searching marriage register books or certificates or duplicates or copies thereof for a period of not more than one year; or in the case of a search of the register books or certificates prescribed under Sections 37, 61 and 62, for a period not exceeding two years	1	0	0
7. For every additional year ...	0	4	0
8. For granting a copy of any entry in marriage register books or certificates or duplicates or copies thereof under Sections 63 and 79 ...	1	0	0

II.—Rules.

1. Fees levied by the Marriage Registrar must, until further notice, be paid into the Government Treasury, and shall be credited to Provincial Services, or in such other manner as may be directed by the Chief Commissioner of Coorg.
2. The Marriage Registrar is authorized to remit any portion, not exceeding three-fourths, of the fees in cases where he considers the parties unable to pay such fees in full.
3. The register book, prescribed in Section 62, shall be kept in the form given in the fourth schedule of the Indian Christian Marriage Act, 1872.
4. The headings of the register book prescribed by Section 62 should be in Canarese, the language of the district, with an English translation, but so much of it as has to be filled in by the hand of the person performing the ceremony must be in his own vernacular language. True extracts from this register book shall be deposited in the Office of the Chief Commissioner of Coorg.
5. Applications for supply of register books and of forms of certificate should be forwarded for the sanction of the Chief Commissioner of Coorg.

The 11th August 1882.

No. 18.—Under the provisions of Section 8, Act XXVI of 1870 (The Prisons Act), Surgeon-Major John North is appointed to be Superintendent of the Mercara Jail, *vice* Surgeon James Scot Dill, deceased, and assumed charge on the forenoon of the 2nd instant.

Surgeon-Major North also assumed charge of the Civil Dispensary and Civil Station of Mercara on the forenoon of the same date.

By Order,
H. WYLIE, *Major,*
Secretary to the Chief Commr. of Coorg.

Inspr. Genl. of Military Works.

TREASURE TROVE.

It is hereby notified, under Section 5 of the Indian Treasure Trove Act (VI of 1878), that on the 14th May last, treasure, consisting of 36 gold beads valued at Rs. 17, were found hidden in the bed of Marudur Nattuvoikal in the limits of Kulittalai village, Kulittalai Taluq, Trichinopoly District, while the channel was being cleared of its silt.

All persons claiming the said treasure, or any part thereof, are hereby required to appear personally or by agent before the Collector of Trichinopoly at his Office, on Monday, the 4th December 1882, in order to the matter being enquired into and determined in accordance with the provisions of the Act.

HENRY SEWELL,
Collector.

TREASURE TROVE.

It is hereby notified, under Section 5 of the Indian Treasure Trove Act (VI of 1878), that, on the 4th day of June 1882, 24 "Dasarikattu" rupees (old coins) were found buried in the high land east of the village Ravipalli, in the Palkonda Taluq, Vizagapatam District, in the Presidency of Fort St. George.

All persons claiming the treasure, or any part thereof, are required to appear and substantiate their claim either personally or by an agent, before the Collector of Vizagapatam, on or before the 15th December 1882.

———,
Acting Collector.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
,, MADRAS SERIES ...	,, 8	,, 9
,, BOMBAY SERIES ...	,, 8	,, 9
,, ALLAHABAD SERIES	,, 8	,, 9
Complete set... ...	,, 45	,, 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES ...	Rs.	3	8
" " MADRAS SERIES ...	"	1	0
" " BOMBAY SERIES ...	"	1	0
" " ALLAHABAD SERIES.	"	1	0
Complete set	"	4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES ...	Rs.	3	8
„ „ MADRAS SERIES ...	„	1	0
„ „ BOMBAY SERIES ...	„	1	0
„ „ ALLAHABAD SERIES.	„	1	0
Complete set	„	4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—
MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.
Orders and Subscriptions for 1878 should be at once remitted.

TREASURE TROVE.

In accordance with the provisions of Section 5 of Act VI of 1878, notice is hereby given to all whom it may concern that on 12th June 1882, certain treasure (old copper coins of the value of about Rs. 18-8-6), was found in Government waste land in the old Gaothan, near a well to the north of the village of Mhasawad, Taluka Shahada, of the Khandesh Collectorate, in the Bombay Presidency.

All persons claiming the treasure in whole or in part, are hereby required to appear personally or by agent before the Collector of Khandesh, on Monday, the 8th January 1883, when he will proceed to hold an enquiry according to law.

W. PROPERT,
Collector of Khandesh.

CAMP DHULIA,
The 30th August 1882.

TREASURE TROVE.

It is hereby notified, under Section 5 of the Indian Treasure Trove Act (VI of 1878), that, on the 1st of July 1878, treasure, as per details given below, of the aggregate value of Rs. 707-6-1, was found in that portion of Survey No. 39, in the village of Behrampur, in the Duskrohi Taluka, of the Ahmedabad District, which had been taken up for the Local Fund Road from the Jemalpur Gate to the Sapt Rushi.

Found buried in a copper vessel.

605 Rupees whole (silver).

141 Half Rupees (silver).

3 Gold pieces weighing about $\frac{7}{8}$th of a tolah.

All persons claiming the treasure, or any portion thereof, are required to appear personally or by agent before the Collector of Ahmedabad, at his office or camp, on the 28th day of February 1883, in order that the matter may be enquired into and determined in accordance with the provisions of the abovesaid Act.

G. B. REID,
Acting Collector.

AHMEDABAD COLLECTOR'S OFFICE,
The 29th August 1882.

TREASURE TROVE.

It is hereby notified for the general information of the public that, on 13th July 1882, a treasure, consisting of 20 Chandwad Rupees equivalent in value to 19 British current Rupees, was found in the western wall of the house of Aba bin Kooshaba Koombhar, of Kasba Kudal.

All persons claiming the treasure, or any part thereof, are hereby required to appear personally or by agent, on 15th January 1883, at Medha, before the Mamlatdar of Jaoli, zilla Satara. Any person having any right to such treasure or any part thereof, as owner of the place in which it was found or otherwise, and not appearing as required, shall forfeit such claim.

HARI SAKHARAM,
Mamlatdar.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES .	R35	R37-8
„ MADRAS SERIES .	„ 8	„ 9
„ BOMBAY SERIES .	„ 8	„ 9
„ ALLAHABAD SERIES .	„ 8	„ 9
Complete set . . .	„45	„47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES .	R4 8
„ „ MADRAS SERIES .	„ 1 0
„ „ BOMBAY SERIES .	„ 1 0
„ „ ALLAHABAD SERIES	„ 1 0
Complete set	„ 4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—
MESSRS. THACKER, SPINK AND CO., CALCUTTA ;
MESSRS. THACKER AND CO., BOMBAY ;
MESSRS. HIGGINBOTHAM AND CO., MADRAS ;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY ;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at R375 a set.

☞ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166. Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

BANK OF BENGAL,
Calcutta, 21st December 1882.

J. GORDON,
Chief Accit. & Depy. Secretary.

By order of the Directors.
W. D. CRUICKSHANK,
Offg. Secy. & Treasurer.

TREASURE TROVE.

In accordance with the provisions of Section 5 of the Indian Treasure Trove Act (VI of 1878), notice is hereby given to all whom it may concern, that on the 14th day of June 1882, certain treasure, consisting of 4 silver anklets (বাউটি), weighing in the aggregate 16 tolas and 7 annas, and valued about R12, was found on the bank of the river Padma on the deserted *bhitta* of Biharidas at Goalundo.

All persons claiming the said treasure, or any part thereof, are hereby required to appear personally or by agent before the Collector of Faridpur, at his Office, on the 15th May 1883, when the Collector will proceed to hold an inquiry in accordance with the provisions of the aforesaid Act.

SREENATH BHADRA,
Deputy Collector in charge.

FARIDPUR COLLECTORATE,
The 15th December 1882.

TREASURE TROVE.

It is hereby notified, under Section 5 of the Indian Treasure Trove Act (VI of 1878), that, on the 21st October 1882, treasure consisting of one golden earring called "gubba" valued at R33, was found in a wall of the house of one Preedhin Narusu, at Peduru, in the Nellore Taluq, Nellore District, in the Presidency of Fort St. George.

All persons claiming the treasure, or any part thereof, are required to appear either personally or by agent before the Collector of Nellore, at Nellore, on the 15th May 1883, in view to the matter being enquired into according to law.

DEPARTMENT PUBLIC WORKS HALF-YEARLY EXAMINATION.

The half-yearly examination of candidates for promotion and employment in the Public Works Department will be held at the Government Engineering College, Howrah, at 10 o'clock, on Monday, the 5th February 1883, and the following days. Applications, with fees for admission to the examination, are required to be filed before the 15th of January 1883. Candidates for the grade of Accountant who are not in Government service should be under twenty-five years of age, and must prove to the satisfaction of the Principal that they are under that age.

The following are the centres of examination sanctioned by the Government of India as stations where candidates for fourth grade Accountantships are to appear for examination :—

Ajmere, Allahabad, Durbhanga, Ghadeehi, Howrah, Indore, Lahore, Lucknow, Mooltan, Mount Aboo, Nagpore, Poona, Rangoon, Rawalpindi, Saidpore, Secunderabad, Shillong, and Simla.

Candidates for the Accountant's examination are therefore requested to select one of the places mentioned above.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES .	R35	R37-8
„ MADRAS SERIES .	„ 8	„ 9
„ BOMBAY SERIES .	„ 8	„ 9
„ ALLAHABAD SERIES .	„ 8	„ 9
Complete set . . .	„45	„47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES .	R3 8
„ „ MADRAS SERIES .	„ 1 0
„ „ BOMBAY SERIES .	„ 1 0
„ „ ALLAHABAD SERIES	„ 1 0
Complete set	„ 4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—
MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at R375 a set.

☞ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166, Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	Rs.	3	8
„ „ MADRAS SERIES ...	„	1	0
„ „ BOMBAY SERIES ...	„	1	0
„ „ ALLAHABAD SERIES.	„	1	0
Complete set	„	4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—
MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

☞ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166, Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

Royal octavo, cloth, gilt.

The Commissariat Code for India, published under authority of the Government of India. *Price, Rs. 4; by post 8 annas extra.*

Fasciculus of forms referred to in the Code. *Price, Rs. 2; by post 14 annas extra.*

The following report was submitted by the Managers:—

REPORT.

1. The Managers submit the proceedings for the past half-year for the consideration and sanction of the meeting.

2. Subject to the approval of the subscribers, they have admitted to the benefits of the Fund the following families:—

	£	
Mrs. Richardson	300	The widow and eight children of the late Mr. H. C. Richardson, who died at Edinburgh on the 13th March 1882.
Eight children	820	
TOTAL	1,120	

	£	
Lady Erskine	300	The widow of the late Lord Erskine, who died at Torquay on the 28th March 1882.

The posthumous son of the late Mr. C. F. Magrath, admitted from date of birth, *viz.*, 14th April last, in addition to the widow who was admitted by the last meeting from the date of Mr. Magrath's decease, *viz.*, 13th October 1881.

	£	
Mr. Magrath's posthumous son	30	

	£	
Mrs. Farquharson	300	The widow and ten children of the late Mr. R. N. Farquharson, who died at Dunbridge, South Devon, on the 23rd May 1882.
Ten children	950	
TOTAL	1,250	

3. The Managers will propose the following addition to, and amendment of, the rules:—

After Article XXIII insert a new Article.

ARTICLE XXIII (*A*).

"Should the wife of a subscriber obtain a divorce from her husband, the Managers have the power, on receipt by them of a copy (which must be furnished within six months) of the order of the Court making the divorce absolute, to declare that they will, for the purposes of these rules, consider her to be still his wife.

In no case in which the Managers may exercise the above power shall any other person subsequently married to such subscriber be entitled to receive any benefit from the Fund, so long as his former wife remains alive and unmarried, and unless the subscriber shall survive his divorced wife."

After Article XXIV add—

"The word widow in this article shall, after the death of her former husband, include a lady on whose behalf the Managers have exercised the power conferred by Article XXIII (*A*)."

4. Mr. A. O. Hume, C.B., will propose the following modification of Article XXXVII of the Rules:—

"Provided, however, that if any subscriber shall duly pay his subscription within one month of the date on which he actually draws the pay or pension on which it is due, he shall not be liable to any penalty on account of having been unable for the period of twelve months or more to draw the pay or pension due to him."

5. The Managers have to report that the Hon'ble G. G. Morris, Senior Puisne Judge of the High Court, has obtained leave of absence for five months and twenty days. In accordance with Article XXII(*b*) of the revised rules, the Hon'ble W. F. McDonell, V.C., as Senior Puisne Judge, High Court, becomes an *ex-officio* Manager, and the Hon'ble L. R. Tottenham has been invited to join the Board of Managers in succession to Mr. McDonell.

6. The Managers have to report that Mr. Macaulay has resigned his appointment as Secretary to the Fund, and that they have appointed Mr. C. S. Bayley as his successor.

7. The Managers desire to give notice that they will at the January meeting, 1883, propose the following addition to Article III of the Rules:—

"In the case of subscribers holding appointments of which the pay has been fixed on a basis which specially exempts the holder from the 4 per cent. Annuity Fund Deduction, the salary shall, for the purposes of this rule, be taken as if the said 4 per cent. were added to the nominal amount."

8. The Secretary of State's despatch on the subject of the transfer of the Fund to Government, together with the Manager's reply, has been circulated for the information of the subscribers. The matter is still under consideration of Government.

Proposed by *Mr. Lyall* and seconded by *Mr. Cotton* and carried, that the proceedings of the Managers in admitting to the benefits of the Fund the families of the late Mr. H. C. Richardson, Lord Erskine, and Mr. R. N. Farquharson, and the posthumous son of the late Mr. C. F. Magrath, be confirmed.

Mr. Westland then proposed that the consideration of the further business mentioned in the report should be postponed until the next January meeting of the subscribers. It was, he considered, undesirable that an important change in the rules such as that contemplated by the Managers in their proposed Article XXIIIA, and in the amendment of Article XXIV, should be brought forward at the July meeting when a few subscribers only ordinarily attended. The rule, moreover, in its present shape would not meet the desired end, and might lead to unexpected complications.

Mr. Wilkins seconded the proposal on the ground that there was not sufficient information before the subscribers to enable them to judge of the necessity for the proposed alterations.

Mr. Allen said that the matter had been very fully considered by the Managers whose decision had been in favour of the rule in its present shape. The power to be vested in the Managers should be, as it was proposed to make it, merely discretionary, but he considered that some rule of the kind proposed was absolutely necessary to protect the interests of wives who might be debarred from the benefits of the Fund by no fault of their own. To frame a rule which should meet all possible cases and complications which might arise, was absolutely impossible, but that fact need not prevent any rule at all from being framed.

Mr. Westland's proposal was then put to the vote and carried.

Mr. Wilkins then asked whether the Managers could afford any information to the subscribers regarding the circumstances under which the proposal to amend the rules had arisen.

Mr. Allen replied that a case had occurred in which a subscriber had been divorced from his wife in consequence of his own misconduct, and that the Court in granting a decree ordered that he should continue to pay such subscriptions to the Fund as would secure to the petitioner the benefits allowed by the Fund. Long previously to the divorce the lady's relations had contributed on her behalf to the Fund, and it was felt by the Managers to be a hardship that she should now lose the benefit of all subscriptions which had been paid in her behalf. In view also of the judgment of the Court which had provided that the respondent should continue to pay to the Fund on behalf of the petitioner such subscription as would entitle her to the benefits of the Fund at his decease, it was exceedingly desirable that the rules should admit of the terms of the decree being carried out. There was reason to believe that the subscriber in question had married again already, and there was nothing in the rules to prevent him from bringing his second wife on to the Fund.

In answer to an enquiry from *Mr. Cotton*, the Secretary stated that no further communication had been received from the Government of India regarding the proposal of the Secretary of State to take over the Fund.

In the absence from the meeting of Mr. Hume and of any subscriber authorized to bring forward the modification of Article XXXVII proposed by him, the motion standing in his name was not put to the meeting.

The meeting separated with a vote of thanks to the Chairman.

D. R. LYALL,
Chairman.

BENGAL CIVIL FUND OFFICE,
The 7th August 1882.

PROMISSORY NOTES.

Lost

The sixty-seven Government Promissory Notes of 1865, of which five notes bearing Nos. 040121 to 040125 of the 4 per cent. of the Bengal Bank, for Rs. 10,000 each, sixty-one Notes, Nos. 040126 to 040186 of the 4 per cent., for Rs. 10,000 each, and one Note, No. 040187, of the 4 per cent., for Rs. 5,600, originally standing in the name of Fakhrudin Mahamad Ahsan *alias* Azimuddin Chowdhory of Dulai, in the District of Pubna, and last endorsed to Mohameduddin Ahmed *alias* Hyderjan Chowdhory, the proprietor, by whom they were never endorsed to any other person. BENGAL CIVIL FUND.

NOTICE.

The Half-yearly General Meeting of Subscribers to the Bengal Civil Fund will be held at the Town Hall, on Monday, the 29th January 1883, at 10 A.M., for the submission of the annual accounts, for the election of Managers for the ensuing year, and for the consideration of any other business that may be brought forward.

By Order of the Managers,

CHARLES S. BAYLEY,
Secretary.

IN THE COURT OF THE JUDGE OF MOULMEIN.

Application No. 182 of 1882.

IN THE MATTER OF THE ESTATE OF THE LATE MUDDUN MOHUN GHOSE.

Whereas E. Dowling, the Executor named in the last will of the deceased above named, has applied to this Court for probate of the said will, or letters of administration with the will annexed, limited to the duties specified in the will, of the property and credits of the said deceased, who died at Moulmein on or about the 6th September 1865, and Monday, the 18th day of December 1882, at 10 A.M., has been fixed for the hearing of the application.

All persons claiming to have any interest in the estate of the deceased are hereby called upon to come and see the proceedings, on or before the said 18th day of December 1882.

Given under my hand and the seal of the Court, this 20th day of November 1882.

By Order,

J. DOUGLAS BAYLY,
Chief Clerk.

DEPARTMENT PUBLIC WORKS HALF-YEARLY EXAMINATION.

The half-yearly examination of candidates for promotion and employment in the Public Works Department will be held at the Government Engineering College, Howrah, at 10 o'clock, on Monday, the 5th February 1883, and the following days. Applications, with fees for admission to the examination, are required to be filed before the 15th of January 1883. Candidates for the grade of Accountant who are not in Government service should be under twenty-five years of age, and must prove to the satisfaction of the Principal that they are under that age.

The following are the centres of examination sanctioned by the Government of India as stations where candidates for fourth grade Accountantships are to appear for examination :—

Ajmere, Allahabad, Durbhanga, Ghadechi, Howrah, Indore, Lahore, Lucknow, Mooltan, Mount Aboo, Nagpore, Poona, Rangoon, Rawalpindi, Saidpore, Secunderabad, Shillong, and Simla.

Candidates for the Accountant's examination are therefore requested to select one of the places mentioned above.

J. S. SLATER,
Offg. Principal, Govt. Engrg. College, Howrah.

The 15th December 1882.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES	R35	R37-8
,, MADRAS SERIES	,, 8	,, 9
,, BOMBAY SERIES	,, 8	,, 9
,, ALLAHABAD SERIES	,, 8	,, 9
Complete set	,, 45	,, 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES	R3	8
,, ,, MADRAS SERIES	,, 1	0
,, ,, BOMBAY SERIES	,, 1	0
,, ,, ALLAHABAD SERIES	,, 1	0
Complete set	,, 4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at R175 a set.

☛ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166, Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

☞ Separate paging is given to this Part in order that it may be filed as a separate compilation.

PART II.

Notifications by High Court, Comptroller General, &c.

GAZETTE OF INDIA.

NOTICE.

The 11th March 1882.

From the 8th April next, till further notice, Parts I, IV, and V of the *Gazette of India*, and the Weather and Crop Report, will be published at Simla. After the 1st April, all Notifications and other matter intended for publication in those Parts, should be addressed to the Officiating Publisher at that station.

Parts II and III and the Supplement will continue to be published in Calcutta.

Parts IV and V of the *Gazette of India*, containing the Acts and Bills of the Legislative Council, may be subscribed for separately from the other Parts of the Gazette. The annual subscription for the two Parts is Rs. 5 per annum, payable in advance. When sent by post, Rs. 2-8 per annum additional will be charged for postage. For the current year these Parts are available from 1st May only, the back numbers being out of print.

Complaints regarding non-receipt of any number of the *Gazette* should be forwarded within a week after the day on which it is due.

Applications for the supply of the *Gazette* on the *public service* should be addressed to the Home Department.

By an order of Government, all subscriptions must be paid *in advance*.

1st Battalion Seaforth Highlanders.
7th Bengal Native Infantry.
20th Bengal (Punjab) Native Infantry.
29th Bombay Native Infantry [2nd Baluch Regiment].

In Reserve at Aden.

4th Madras Native Infantry.
31st Madras Native (Light) Infantry.

The following regulations are laid down for the guidance of all concerned:—

1. Native Regiments will go on the present established strength of 550 of all ranks for Cavalry, and 832 for Infantry, so far as they may be complete, and *minus* the men who are unfit.

2. Commanding Officers will be held responsible that none but officers, men and followers in every way fit for field service accompany the regiment: all sickly men are to be left at the depot, and no others.

3. Each Native regiment will be completed to its full establishment of eight British officers, including those who may be recalled from furlough, and who may be expected to join in Egypt.

4. Followers, servants, and baggage will be according to the Kabul scale, but without grass-cutters, except as hereinafter laid down for the cavalry. All regiments will be completed with all establishments (including commissariat), according to the orders laid down, in their respective presidencies.

5. Depots for regiments will be formed under the orders of His Excellency the Commander-in-Chief in India, and of the Governments of Madras and Bombay respectively.

6. A British officer will be detailed for the charge of each of these depots, and will draw the allowance specified in Articles 307 and 378, Pay Code for India, Vol. I. A pay havildar, on a staff salary of Rs. 5 per mensem, will be allowed to each depot of native troops.

7. Commanding Officers will be held responsible that all orders and circulars connected with family remittances and arrangements for the comfort of the men and families are made known to, and are in possession of, officers appointed to the charge of depots; and that provision is made for the care of spare arms, accoutrements, books, heavy baggage, &c., which may be left behind.

8. Quartermaster's establishments for the depots will be supplied under clause 15, India Army Circulars of 1880.

9. The families of British troops left behind in India will remain at their present stations, and will receive, in addition to subsistence allowance, three-quarter rations for the wives and half-rations for the children.

10. Followers, servants, baggage, camp equipage, and kit, for staff and departmental officers, will be on the Kabul scale, but grass-cutters will not be taken.

11. The British troops, including officers of the Army Medical Department, will remain on Indian pay and allowances until they land in Egypt, when they will come under the orders of the General Commanding in Egypt, and will then be on the same scale of pay and allowances as the rest of the British troops with the expeditionary force.

12. Native infantry and sappers and miners will draw extra batta; and free rations will be allowed to all ranks of cavalry, infantry, and sappers, while on foreign service.

13. Each native commissioned officer of the cavalry will be required to keep up one pony and one attendant as syce and grass-cutter, whether he takes one or two horses; and the non-commissioned officers and privates to maintain one pony and one grass-cutter for every two horses.

14. Compensation at the rate of Rs. 5 per mensem will be allowed to the native officers for each bargheer sanctioned by existing regulations, if maintained by them, out of which sum they will pay the share of the grass-cutter's wages and provide the stable gear. A similar amount will be deducted from the pay of the bargheer sowars.

15. As during a sea voyage the officers, non-commissioned officers and sowars of the cavalry would be unable to make the requisite provision for the forage of their horses, whilst difficulty might be experienced in this respect during a portion of their service on land, the forage of the horses, and of the mules or ponies accompanying, will be undertaken by the Commissariat, with such assistance as the regiments and followers may be enabled to render after landing.

16. All ranks will be required, as at present, to maintain one efficient horse; but the native commissioned officers will be allowed forage for two horses each, if they desire to take a second charger.

17. The grass-cutters will be paid by the troops, as usual; but the ponies will receive grain, and, when necessary, hay, free of cost. Both grass-cutters and animals will be employed to procure forage when obtainable, and must be held disposable for all purposes.

18. The native commissioned and non-commissioned officers of cavalry will continue to subscribe to the regimental funds to such extent as commanding officers may deem necessary within the limits prescribed by regulations.

19. They will continue to supply themselves with the ordinary clothing, equipment, saddlery, and stable gear for their horses; but articles of extra clothing necessitated by any speciality of climate or service will be issued free of cost.

20. All casualties of horses or ponies arising from neglect or from causes evidently unconnected with the particular nature of the service must, as usual, be replaced by the regiments concerned. Each troop will be allowed to embark and maintain two chunda horses, to meet casualties, which will be rationed free of cost.

21. All casualties among horses or ponies fairly attributable to, or connected with, the service, including those from accident on boardship or during embarkation or disembarkation, will, if there has been no proved neglect, be replaced by Government, or compensation will be allowed, under the rules in the Pay Code for India, Vol. II.

22. During the continuance of the arrangement under which the supply of grain and forage to the cavalry is undertaken by the State, the pay of the several grades will be as follows:—

Bengal Cavalry.

	Rates of pay. Rs.	A.	P.
1 Ressaldar, 1st class	300	0	0
1 „ 2nd „	250	0	0
1 „ 3rd „	200	0	0
1 Ressaidar, 1st „	150	0	0
1 „ 2nd „	135	0	0
1 „ 3rd „	120	0	0
1 Woordie-major	150	0	0
2 Jemadars, 1st class	80	0	0
2 „ 2nd „	70	0	0
2 „ 3rd „	60	0	0
Duffadars	30	0	0
Trumpeters	25	0	0
Sowars	20	0	0

23. Public followers, except those engaged on salaries specifically laid down for the occasion, will receive an addition of 50 per cent. on pay and batta, in addition to free rations, while on foreign service.

24. The sanctioned followers paid by the troops will receive from Government free rations, and such extra pay as may be necessary to put them on a par with the public followers of a similar class.

25. The scale of rations for native troops on shore will be that laid down in Article 641, Indian Commissariat Code, extracted in the margin. An allowance of 1 lb. of meat per man weekly is also authorised.

Atta 2 lbs., or rice	1½ lbs.
Dhal	4 oz.
Ghee	2 „
Salt	1 „
Onions	1 „
Pepper	1/6 „
Chillies	1/6 „
Turmeric	1/6 „

When meat, even on special occasions, is issued, the ration of atta or rice is to be reduced one-half.

No claim for pecuniary compensation can be admitted, if through accident any part of the above authorised scale of rations is not forthcoming.

The issue of tea and sugar should be confined to the cases of sick and wounded, for whom medical officers may authorise it, and for the rest of the troops on special occasions of fatigue, exposure, or bad climate when recommended by the principal medical officer. On such occasions 2 oz. of sugar and ½ oz. of tea per man may be issued.

Tobacco can only be issued on payment at the rate of one ounce per man per diem, the price charged being the first cost to Government, without any addition on account of carriage or losses.

The scale of rations on boardship will be for Europeans that laid down in Appendix XI, page 565, Commissariat Code, and for natives that laid down in Appendix XIV, page 575, of the same Code.

The scale of rations for followers will be as follows:—

Wheat flour or rice ...	1¼ lbs.
Dhal ...	4 oz.
Ghee ...	1 „
Salt ...	⅔ „

26. On land the forage allowance for each horse will be 8 lbs. of such grain as may be procurable, with 14 lbs. of hay, when green forage is not procurable, or otherwise as may be ordered. The allowance for ponies will be one-half of the forage ration of a horse.

"433. Officers *on field service* are required to credit in their pay bills the value of all rations, &c., and the hire of all carriage supplied to them under the following certificate:—

"I do hereby certify on honor that during the period for which the pay (or advance) is drawn, I have received rations from the Commissariat for myself, servants, and horses. I have also had the use of the following Government carriage:—

„"

27. British officers and departmental warrant officers will be allowed to draw rations for themselves, servants, and horses from the Commissariat Department, payment being made as laid down in the Commissariat Code, paragraph 433:—

Officers—

Rations for themselves, daily, exclusive of rum or extra supplies	Rs.	0	8 0
Rations for their servants, monthly	„	2	8 0
Rations for each horse, daily	„	0	8 0

Warrant Officers—

Rations for themselves, daily, exclusive of rum or extra supplies ...	„	0	6 0

28. Transport will be charged for at the rates laid down for the Afghan war, *viz.*, 8 annas and 7 annas per diem for camels and mules respectively.

29. The officers of the Military Account Department will act as Field Paymasters, and also have charge of the treasure chest.

30. Pay lists of British troops for the period of the voyage will be rendered to the Pay Examiner of the Presidency to which they belong; from date of landing in Egypt, they will be rendered to the Staff Paymaster with the force proceeding from England.

31. Pay lists of native troops will be forwarded, as soon after the first of each month as may be possible, through the Field Paymaster, to the Pay Examiner of the Presidency to which the troops belong. Officers commanding regiments will draw monthly from the field pay office such sums as may be required for the pay of themselves and their men, after making provision to meet family allotments and remittances, fund subscriptions, &c., the amount of which allotments, &c., they will debit themselves with in their general states.

32. The pay bills of all staff and departmental officers will be adjusted by the Field Paymaster.

33. All payments to native troops will if practicable be made in rupees; but should it be necessary to issue the coinage of the country or British money, their pay and allowances will be converted into that coinage, under the orders of the General Commanding, at the rates of exchange current in Egypt.

34. Officers commanding native regiments and detachments detailed for service are directed to at once draw and distribute three months' pay in advance to their respective corps.

35. Staff and departmental establishments may receive similar advances, not including command, contract, office, and staff allowances.

36. The family remittances to India of the British troops will be made at the official rate of exchange through the Field Paymaster. Remittances to England will be made under the War Office regulations. The family remittances of native troops will be arranged for, as usual, by officers commanding regiments and detachments.

37. Officers, warrant officers and non-commissioned officers, with the exception of those belonging to the British portion of the division, requiring remittances to India, may remit the whole or any part of their pay to India at par on paying the amount to the Field Paymaster, who is authorised to grant transfer remittance receipts on any treasury in India. As an alternative arrangement, officers may leave with the Presidency Paymaster, Bombay, an allotment roll stating the amount they wish to be paid monthly, and the person to whom it should be remitted. That officer will then make the necessary remittance monthly, and will furnish the Field Paymaster with a list of the sums thus allotted, to enable the latter to make the necessary deduction from officers' pay bills. Remittances to England for the benefit of their families may be made through the Field Paymaster at the official rate of exchange, to the extent of one-half of an officer's clear receipts, exclusive of office and contingent allowances.

38. Officers of the expeditionary force should recover from the pay of followers serving under them the amount that each man may desire to be paid to his family in India, and send to the Controller of Military Accounts, Accounts Branch, Bombay, in time to reach him not later than the 20th of each month, a statement* of such recoveries, according to which the families will be paid under instructions to be issued by that officer. The amount thus recovered should be paid to the Field Paymaster, whose receipt should be entered on, or attached to, the statement.

* Form attached.

39. Every care should be taken to fill in the statements correctly from the tickets given to the men on engagement and the records in the field. Where the information is not available, owing to the loss of the tickets or any other cause, immediate application should be made to the depot commanding or departmental officers concerned.

40. Clothing and equipment on the following scales will be issued to troops and followers :—

British Troops.

Waterproof sheet, English*		...	...	1
Jerseys		...	...	2
Boots, pairs		...	...	1

MILITARY DEPARTMENT.

FIELD OPERATIONS.

EGYPT.

No. 518.

Simla, the 23rd September, 1882.

The military operations in Egypt having been brought to a successful close by the British Forces under the command of General Sir Garnet Wolseley, G.C.B., G.C.M.G., the Most Hon'ble the Viceroy and Governor General in Council desires to express the gratification of the Government of India that the Indian Division of the Expeditionary Force has taken an honourable and important part in those operations and has fully maintained the reputation of the Indian Army.

His Excellency in Council also notices with approbation the desire evinced by all branches and classes of Her Majesty's Indian Army to be allowed the opportunity of sharing in this Expedition, as testified to by the reports received from various quarters and the numerous offers of local corps to volunteer for service in Egypt.

The Governor General in Council has also had much satisfaction in receiving numerous offers of contribution in men and money for employment on the Expedition from the Princes of India; His Excellency in Council cordially recognises this proof of their loyalty to the Government of the Queen-Empress.

By order of His Excellency the Viceroy and Governor General in Council,

CALCUTTA, TUESDAY, SEPTEMBER 26, 1882.

DEPARTMENT OF FINANCE AND COMMERCE.

NOTIFICATION.

ACCOUNTS AND FINANCE.

Simla, the 26th September 1882.

The Governor General in Council has determined to borrow Two Hundred and Fifty Lakhs of Rupees, being the amount required for the public service.

The following Notification is therefore published:—

FOUR PER CENT. LOAN.

His Excellency the Right Hon'ble the Governor General in Council has resolved to borrow Two Hundred and Fifty Lakhs of Rupees for the public service in the following manner.

2. Promissory Notes will be issued for the said amount in Form A annexed to this Notification, being the form of the notes of *The Four Per Cent. Loan of 1842-43*, of which Loan the notes to be now issued will form a part. All the conditions which apply to notes of *The Four Per Cent. Loan of 1842-43*, will apply to the notes to be now issued.

3. Tenders for the whole or any part of the said amount of Two Hundred and Fifty Lakhs of Rupees will be received by the Comptroller General from this date to noon of Wednesday, the 1st November 1882. Tenders must be in even hundreds of rupees not less than 500 Rs.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a sealed cover, superscribed, "*Tender for the Four Per Cent. Loan, 1882.*" If the tenderer is not resident in India, he must name an agent resident in India to whom a letter of allotment may be issued if any part of the loan is allotted to such tenderer.

5. Each tender must be accompanied by a receipt from one of the Banks of Bengal, Madras, or Bombay, or one of their Branches, or from an Officer in charge of some public Treasury, or by a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, or Bombay, or by* Government Promissory Notes, standing in the name of or endorsed to the tenderer or the person making the deposit, for not less than one-hundredth, or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. If the allotment is not fully taken up, this deposit of one or two

* *It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.*

per centum will be forfeited; and if one or more Government Promissory Notes have been deposited, such note or notes will be appropriated by the Government and cancelled; otherwise, if the deposit is in cash, it will be treated as in part payment of the last instalment. A cash deposit may, after acceptance of the tender in support of which it is made, be replaced by a Government Promissory Note, as aforesaid.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

7. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms, as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders, will be rejected as null and void.

8. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

9. Tenders will be opened, publicly, by the Comptroller General at the Currency Office, No. 1, Dalhousie Square, Calcutta, at noon on Wednesday, the 1st November 1882; but the contents of the tenders will not be disclosed otherwise than as provided in clause 11.

10. Tenders at the recorded minimum rate, and at rates above the recorded minimum rate, will be accepted in the order of the rates tendered, beginning with the highest rate; the amount allotted at the lowest rate at which tenders are accepted, will be divided amongst those who have tendered at this rate, in proportion, as nearly as may be found convenient, to the amounts of their tenders.

11. As soon as possible after the 1st November 1882, letters of allotment will be issued to those persons whose tenders are accepted in whole or in part, or to their agents; and an alphabetical list of the names of those to whom such letters of allotment are issued will be posted, for general information, at the Head Offices of the Banks of Bengal, Madras, and Bombay.

12. Payment of any accepted tender may be made to the account of the Government in the Head Office of one of the Banks of Bengal, Madras, or Bombay, or in any Branch of these Banks, or into any public Treasury or Treasuries in India which may be named in the tender.

13. Accepted tenders must be paid, in equal instalments, as follows—

One-third on or before Wednesday, the 15th November 1882.
One-third on or before Monday, the 11th December 1882.
One-third on or before Thursday, the 28th December 1882.

but the whole or any part of any accepted tender may be paid at any time after receipt of the letter of allotment.

14. Interest upon each payment will be promptly paid in advance, at the rate of four per centum per annum, from the date of such payment to the last day of January 1883. But, at the option of the allottee and on his paying interest from the first day of August 1882, to date of payment, interest will run from the said first day of August.

15. Scrip receipts for instalments paid will be given by the Banks of Bengal, Madras, and Bombay, or their Branches, or by the Officers in charge of the Government Treasuries at which payment is made. These receipts will, as soon as possible, be exchanged for Promissory Notes issued under this Notification.

16. Any holder of an allotment may at his option, by paying interest for the difference of time upon any amounts paid up after November 1st, 1882, receive in lieu of Promissory Notes in Form A, either Promissory Notes with coupons attached, or Stock Certificates (Form B) with coupons attached, and

payable to bearer, in accordance with the Loan Notification of this Department, dated 27th June 1881 (*i.e., The Four Per Cent. Loan of 1881*, forming part of *The Four Per Cent. Loan of 1st May 1865*). In such cases the first coupon issued will be that which falls due on 1st May 1883.

FORM *A* OF PROMISSORY NOTE—(*See Clause 2.*)

FORT WILLIAM, THE 1ST OF FEBRUARY 1843.

Promissory Note *Government Rupees* *at four per cent.*

No. *of 1842-43.*

The Governor General of India in Council does hereby acknowledge to have received from
the sum of Government Rupees Five Hundred as a Loan to the Secretary of State in Council for India, and does hereby promise, for and on behalf of the said Secretary of State in Council, to repay the said Loan, by paying the said sum of Government Rupees Five Hundred to the said
his Executors, or Administrators, or his or their Order, on demand, at the General Treasury at Fort William, after the expiration of Three Months' Notice of Payment, to be given by the Governor General of India in Council, in the *Government Gazette*, and to pay the interest accruing on the said sum of Government Rupees Five Hundred from the 1st February 1883 (Eighty-three), at the rate of four per cent. per annum by half-yearly payments, at the General Treasury of Fort William, to the said his Executors, or Administrators, or his or their Order, until the expiration of three months after such notice of payment as aforesaid, when the amount of interest due will be payable with the principal, and (such notice being considered as equivalent to a tender of payment at the period appointed for the discharge of this note) all further interest shall cease.

FORM *B* OF COUPONED CERTIFICATE.

INDIA FOUR PER CENT. RUPEE LOAN, 1865.

Redeemable at any time after three months' notice in the "Gazette of India."

Certificate

Rs. 000 No.

This is to certify that the bearer of this Certificate is entitled, under the Notification of the Government of India of the 27th June 1881, to Government Rupees
India Four Per Cent. Rupee Loan, 1865, payable Three Months after Notice, which may be published in the *Gazette of India* at any time.

No. , Rs.

Calcutta, 1st November 1881.

The coupons attached to this Certificate, as well as the principal sum herein named, are payable to bearer at the Government Treasury at Calcutta only.

FORM OF TENDER.—(*See Clause 4.*)

I, *A.B.*, hereby tender for Rupees (*X*) *of The Four Per Cent. Loan, 1882*, advertised in the Notification published in the *Gazette of India Extraordinary*, dated the 26th September 1882, and agree to pay for the same, subject to the conditions notified, at the rate of Rupees (*Y*) Annas (*Z*) for every hundred rupees allotted to me.

I enclose a *deposit receipt** for Rupees (*XX*), and engage, if my offer be accepted, to pay to the account of the Government at the Bank of† (or at the† Branch of the Bank of† ; or into the Public Treasury at† , as the case may be) the first instalment of one-third on or before Wednesday, the 15th November 1882, and the several later instalments on or before the dates fixed by the said Notification as follows:—

One-third on or before Monday, 11th December 1882.
One-third on or before Thursday, 28th December 1882.

* Or Cheque or Government Promissory Note.
† Here enter the name of Bank, Branch Bank, or Treasury.

Any allotment made to me may be communicated to *C.D. at*‡

‡ Here insert *C.D.*'s address, which must be in India. This paragraph should only be inserted if *A.B.* does not reside in India.

NOTE.—(1)—*A separate tender must be made at each rate tendered, and each tender must be supported by a separate deposit, and must be in even hundreds of Rupees not less than 500 Rs. As a precaution against mistakes, the tender, or, at least, the name of the tenderer, and the amount and rate tendered, should be written in English. The rate tendered should be the whole amount per centum, not the premium or discount: thus:—"One hundred and two," or "One hundred," or "Ninety-nine;" not "Two per cent. premium,"* or *"Par," or "One per cent. discount."*

D. M. BARBOUR,
Secretary to the Government of India.

NOTIFICATION BY COMPTROLLER GENERAL.

TENDERS FOR LOAN.

In order to secure the early return of deposits made with unaccepted tenders for the new Loan, the Comptroller General notifies the following arrangements:—

1. For all tenders presented to him in his Office upon the last fixed day, or the two days preceding it, he will give the bearer a receipt bearing a number, and initialled by himself or an assistant specially deputed for the purpose.
2. The reverse of this receipt is a form in which the tenderer may give to the Comptroller General a receipt for the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General. The deposit will then be returned to the bearer, in exchange for the receipt.
3. Deposit upon tenders presented personally, as described in No. 1, above, will be returned only in this way, and will not be sent by post, or otherwise. Deposits upon other unsuccessful tenders will be returned by post, or by the hands of a clerk.
4. The Comptroller General requests that, in order to facilitate the business of his Office, tenderers will—
   (1) use the printed forms which will be available at his Office and at the Currency Office, on application to the Durwan on duty,—at all the Provincial Account Offices, and at the Banks of Bengal, Madras, and Bombay:
   (2) if they make more than one tender, put *each* in a separate closed cover:
   (3) if the deposit is in the form of Promissory Notes or of Currency Notes, quote their number in detail in the tender.

J. WESTLAND,
Comptroller General.

The 26th September 1882.

E. W. KELLNER,
Dep. Comptroller General.

J. WESTLAND,
Comptroller General.

Comptroller General's Office,

The Gazette of India

EXTRAORDINARY.

Published by Authority.

SIMLA, TUESDAY, SEPTEMBER 26, 1882.

DEPARTMENT OF FINANCE AND COMMERCE.

NOTIFICATION.

ACCOUNTS AND FINANCE.

No. 3973.

Simla, the 26th September 1882.

The Governor General in Council has determined to borrow Two Hundred and Fifty Lakhs of Rupees, being the amount required for the public service.

The following Notification is therefore published :—

FOUR PER CENT. LOAN.

His Excellency the Right Hon'ble the Governor General in Council has resolved to borrow Two Hundred and Fifty Lakhs of Rupees for the public service in the following manner.

2. Promissory Notes will be issued for the said amount in Form A annexed to this Notification, being the form of the notes of *The Four Per Cent. Loan of 1842-43*, of which Loan the notes to be now issued will form a part. All the conditions which apply to notes of *The Four Per Cent. Loan of 1842-43*, will apply to the notes to be now issued.

3. Tenders for the whole or any part of the said amount of Two Hundred and Fifty Lakhs of Rupees will be received by the Comptroller General from this date to noon of Wednesday, the 1st November 1882. Tenders must be in even hundreds of rupees not less than 500 Rs.

4. Each tender must be addressed, in the form annexed to this Notification, to the Comptroller General, Calcutta, and enclosed in a sealed cover, superscribed, "*Tender for the Four Per Cent. Loan, 1882.*" If the tenderer is not resident in India, he must name an agent resident in India to whom a letter of allotment may be issued if any part of the loan is allotted to such tenderer.

5. Each tender must be accompanied by a receipt from one of the Banks of Bengal, Madras, or Bombay, or one of their Branches, or from an Officer in charge of some public Treasury, or by a cheque drawn in favour of the Comptroller General on a Bank in Calcutta, Madras, or Bombay, or by* Government Promissory Notes, standing in the name of or endorsed to the tenderer or the person making the deposit, for not less than one-hundredth, or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth part of the tender. If the allotment is not fully taken up, this deposit of one or two

* *It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller General.*

per centum will be forfeited; and if one or more Government Promissory Notes have been deposited, such note or notes will be appropriated by the Government and cancelled; otherwise, if the deposit is in cash, it will be treated as in part payment of the last instalment. A cash deposit may, after acceptance of the tender in support of which it is made, be replaced by a Government Promissory Note, as aforesaid.

6. The rate at which a tender is made must not contain a fraction of an anna: if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

7. The rate at which each tender is made must be specified in rupees or rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms, as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders, will be rejected as null and void.

8. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

9. Tenders will be opened, publicly, by the Comptroller General at the Currency Office, No. 1, Dalhousie Square, Calcutta, at noon on Wednesday, the 1st November 1882; but the contents of the tenders will not be disclosed otherwise than as provided in clause 11.

10. Tenders at the recorded minimum rate, and at rates above the recorded minimum rate, will be accepted in the order of the rates tendered, beginning with the highest rate; the amount allotted at the lowest rate at which tenders are accepted, will be divided amongst those who have tendered at this rate, in proportion, as nearly as may be found convenient, to the amounts of their tenders.

11. As soon as possible after the 1st November 1882, letters of allotment will be issued to those persons whose tenders are accepted in whole or in part, or to their agents; and an alphabetical list of the names of those to whom such letters of allotment are issued will be posted, for general information, at the Head Offices of the Banks of Bengal, Madras, and Bombay.

12. Payment of any accepted tender may be made to the account of the Government in the Head Office of one of the Banks of Bengal, Madras, or Bombay, or in any Branch of these Banks, or into any public Treasury or Treasuries in India which may be named in the tender.

13. Accepted tenders must be paid, in equal instalments, as follows:—

One-third on or before Wednesday, the 15th November 1882;
One-third on or before Monday, the 11th December 1882;
One-third on or before Thursday, the 28th December 1882:

but the whole or any part of any accepted tender may be paid at any time after receipt of the letter of allotment.

14. Interest upon each payment will be promptly paid in advance, at the rate of four per centum per annum, from the date of such payment to the last day of January 1883. But, at the option of the allottee and on his paying interest from the first day of August 1882, to date of payment, interest will run from the said first day of August.

15. Scrip receipts for instalments paid will be given by the Banks of Bengal, Madras, and Bombay, or their Branches, or by the Officers in charge of the Government Treasuries at which payment is made. These receipts will, as soon as possible, be exchanged for Promissory Notes issued under this Notification.

16. Any holder of an allotment may at his option, by paying interest for the difference of time upon any amounts paid up after 1st November 1882, receive in lieu of Promissory Notes in Form A, either Promissory Notes with coupons

attached, or Stock Certificates (Form B) with coupons attached, and payable to bearer, in accordance with the Loan Notification of this Department, dated 27th June 1881 (*i.e., The Four Per Cent. Loan of 1881*, forming part of *The Four Per Cent. Loan of 1st May 1865*). In such cases the first coupon issued will be that which falls due on 1st May 1883.

FORM *A* OF PROMISSORY NOTE.—(*See Clause 2.*)

FORT WILLIAM, THE 1ST OF FEBRUARY 1843.

Promissory Note *Government Rupees* *at four per cent.*

No. *of 1842-43.*

The Governor General of India in Council does hereby acknowledge to have received from
the sum of Government Rupees Five Hundred as a Loan to the Secretary of State in Council for India; and does hereby promise, for and on behalf of the said Secretary of State in Council, to repay the said Loan, by paying the said sum of Government Rupees Five Hundred to the said
his Executors, or Administrators, or his or their Order, on demand, at the General Treasury at Fort William, after the expiration of Three Months' Notice of Payment, to be given by the Governor General of India in Council, in the *Gazette*, and to pay the interest accruing on the said sum of Government Rupees Five Hundred from the 1st February 1883 (Eighty-three), at the rate of four per cent. per annum by half-yearly payments, at the General Treasury of Fort William, to the said his Executors, or Administrators, or his or their Order, until the expiration of three months after such notice of payment as aforesaid, when the amount of interest due will be payable with the principal, and (such notice being considered as equivalent to a tender of payment at the period appointed for the discharge of this note) all further interest shall cease.

FORM *B* OF COUPONED CERTIFICATE.

INDIA FOUR PER CENT. RUPEE LOAN, 1865.

Redeemable at any time after three months' notice in the "Gazette of India."

Certificate

Rs. 000. No.

This is to certify that the bearer of this Certificate is entitled, under the Notification of the Government of India of the 27th June 1881, to Government Rupees India Four Per Cent. Rupee Loan, 1865, payable Three Months after Notice, which may be published in the *Gazette of India* at any time.

No. , Rs.

Calcutta, 1st November 1881.

The coupons attached to this Certificate, as well as the principal sum herein named, are payable to bearer at the Government Treasury at Calcutta only.

FORM OF TENDER.—(*See Clause 4.*)

I, *A.B.*, hereby tender for Rupees (*X*) of *The Four Per Cent. Loan, 1882*, advertised in the Notification published in the *Gazette of India Extraordinary*, dated the 26th September 1882, and agree to pay for the same subject to the conditions notified, at the rate of Rupees (*Y*) Annas (*Z*) for every hundred rupees allotted to me.

I enclose a *deposit receipt** for Rupees (*XY*), and engage, if my offer be accepted, to pay to the account of the Government at the Bank of † [or at the † Branch of the Bank of † or into the Public Treasury at † as the case may be] the first instalment of one-third on or before Wednesday, the 15th November 1882, and the several later instalments on or before the dates fixed by the said Notification as follows:—

One-third on or before Monday, 11th December 1882.
One-third on or before Thursday, 28th December 1882.

* Or Cheque or Government Promissory Note.
† Here enter the name of Bank, Branch Bank, or Treasury.

* Here insert *C.D.'s* address, which must be in India. This paragraph should only be inserted if *A.B.* does not reside in India.

Any allotment made to me may be communicated to *C.D.* at*

NOTE.—(1)—*A separate tender must be made at each rate tendered, and each tender must be supported by a separate deposit, and must be in even hundreds of Rupees not less than 500 Rs. As a precaution against mistakes, the tender, or, at least, the name of the tenderer, and the amount and rate tendered, should be written in English. The rate tendered should be the whole amount per centum, not the premium or discount: thus:—"One hundred and two," or "One hundred," or "Ninety-nine"; not "Two per cent. premium," or "Par," or "One per cent. discount."*

By order of the Governor General of India in Council,

D. M. BARBOUR,
Secretary to the Government of India.

NOTIFICATION BY COMPTROLLER GENERAL.

TENDERS FOR LOAN.

In order to secure the early return of deposits made with unaccepted tenders for the new Loan, the Comptroller General notifies the following arrangements:—

1. For all tenders presented to him in his Office upon the ~~last fixed day~~, or the two days preceding it, he will give the bearer a receipt bearing a number, and initialled by himself or an assistant specially deputed for the purpose.
2. The reverse of this receipt is a form in which the tenderer may give to the Comptroller General a receipt for the deposit accompanying it. This form should, on the third day after the opening of the tenders, be filled up, signed with the same signature as the tender, and be presented at the Office of the Comptroller General. The deposit will then be returned to the bearer, in exchange for the receipt.
3. Deposit upon tenders presented personally, as described in No. 1, above, will be returned only in this way, and will not be sent by post, or otherwise. Deposits upon other unsuccessful tenders will be returned by post, or by the hands of a clerk.
4. The Comptroller General requests that, in order to facilitate the business of his Office, tenderers will—
   (1) use the printed forms which will be available at his Office and at the Currency Office, on application to the Durwan on duty,—at all the Provincial Account Offices, and at the Banks of Bengal, Madras, and Bombay:
   (2) if they make more than one tender, put *each* in a separate closed cover:
   (3) if the deposit is in the form of Promissory Notes or of Currency Notes, quote their number in detail in the tender.

PROMISSORY NOTES.

Lost

A Government Promissory Note, No. 001129—ct.18227, for R1,000, of 4 per cent., of my late husband Rudra Kant Lahiri. Its number was wrongly put in the three issues of the *Gazette of India* and the *Calcutta Gazette* of the year 1875, the number notified being 001129—ct.18227. This mistake was rectified by an advertisement in the three issues of the Government Gazette of the North-Western Provinces (*vide* issues of 9th, 16th, and 23rd February 1878, pp. 220, 242, and 272.) The last holder is my husband, and the interest of the Note has been received up to 31st July 1874, and then stopped. An application has been made for issue of a duplicate Note.

DROBO MOYI DEBI,
Wife of late Rudra Kant Lahiri.

GANES MAHULLA, BENARES,
The 10th December 1882.

Stolen

Two Government Promissory Notes, Nos. 031829 and 031830, of the 4½ per cent. of 1879, for R4,000, originally standing in the names of W. Sarstedt and E. Sarstedt, Ajmere, and last endorsed to Mrs. E. Sarstedt, Ajmere, the proprietress, by whom they were never endorsed to any other person. Payment of the above Notes and the interest thereupon have been stopped at the Public Debt Office, Bank of Bengal, and application is about to be made for the issue of duplicates in favour of the proprietress.

MRS. E. SARSTEDT,
R. M. Railway, Bandikui

A. FILGATE, *Major, R.E.,*
Accountant General, P. W. Dept.

Simla, the 6th September 1882.

ORDERS BY THE VICE-CHANCELLOR AND SYNDICATE OF THE CALCUTTA UNIVERSITY.

It is hereby notified for general information that the B. A. and B. L. Examinations of 1883 will commence on Tuesday, the 2nd January, instead of the 1st January, as was announced on the 19th July 1882.

The following portions of Golden Deeds have been selected to be read for the Entrance Examination of 1883 :—

What is a Golden Deed? How one Man has saved a Host; The Pass of Thermopylæ; The Rock of the Capitol; The Chief of the Arverni; The last Fight in the Colisæum; Leo the Slave; The Keys of Calais; The Carnival of Perth; The Crown of St. Stephen; Under Ivan the Terrible; Fathers and Sons; Gunpowder Perils; Heroes of the Plague; The faithful Slaves of Haiti; The Petitioners for Pardon; The Children of Blentarn Ghyll; Agostina of Zaragoza; Casal Novo; The Monthyon Prizes; Discipline; The Rescue Party.

G. BELLETT,
Registrar.

SENATE HOUSE,
The 14th September 1882.

CALCUTTA UNIVERSITY.

NOTICE.

The Senate will proceed in the month of March 1883 to the election of a Tagore Professor for the term of one year to commence on the 1st of September 1883.

The salary of the Professorship is Rs. 10,000 per annum, and the Professor will be expected to deliver a course of not less than twelve lectures upon *one* of the following subjects :—

(1) The law relating to the Transfer and Disposition of property among the Mahomedans.

(2) The law of Testamentary Devise as administered in British India.

(3) The law relating to Damages.

(4) The law relating to Joint Hindu Families.

Candidates for the Professorship are requested to forward their applications to the Registrar on or before the 1st of January 1883, and at the same time to state on which of the abovementioned four subjects they are prepared to lecture.

G. BELLETT,
Registrar.

SENATE HOUSE,
The 30th August 1882.

MILITARY DEPARTMENT—Military Works.

NOTIFICATIONS.

Simla, the 8th September 1882.

No. 44.—Lieutenant C. C. Ellis, R.E., Executive Engineer, 4th Grade, temporary rank, is transferred from the Rawalpindi Command, Military Works, to the Sirhind and Lahore Command, Military Works.

No. 45.—Lieutenant C. D. Learoyd, R.E., Assistant Engineer, 2nd Grade, is posted to the Meerut Command, Military Works, instead of to the Sirhind and Lahore Command, Military Works, as notified in Inspector General's Notification No. 36, dated 17th July 1882.

J. J. McLEOD INNES, *Colonel, R.E.,*
Inspr. Genl. of Military Works.

DIRECTOR GENERAL OF RAILWAYS.

NOTIFICATION.—ESTABLISHMENT.

Simla, the 8th September 1882.

No. 51.—Mr. H. B. Addis, Executive Engineer, 3rd Grade, is transferred from the Rajputana-Malwa Railway to the Patna-Baraich Railway.

F. S. STANTON, *Col., R.E.,*
Director General of Railways.

TREASURE TROVE.

In accordance with the provisions of Section 5 of Act VI of 1878, notice is hereby given to all whom it may concern, that on some date unknown in August 1882, certain treasure, to wit—

73 silver coins of old rupee currency,

1 old copper coin,

was found in the village of Phophran, Taluka Mahim, of the Thana Collectorate.

All persons claiming the said treasure, or any part thereof, are hereby required to appear personally or by agent before the Mamlatdar of Mahim on the 10th January 1883, at his Office, when the Mamlatdar will proceed to hold an inquiry in accordance with the provision of the Act.

W. B. MULOCK,
Collector.

THANA COLLECTOR'S OFFICE,
The 7th September 1882.

TREASURE TROVE.

It is hereby notified, under Section 5 of the Indian Treasure Trove Act (VI of 1878), that, on or about the 22nd day of March 1881, three copper images of Hindoo gods, valued at Rs. 40, were found in the inam land called "Kundeti inam," belonging to Venugopalaswamy Pagoda, in the village of Kamanur of Prodattur Taluk, Cuddapah District.

All persons claiming the said treasure, or any part thereof, are hereby required to appear personally or by agent before the Collector of Cuddapah, at his office, on Thursday, the 1st March 1883, at 10 A. M., in order that the matter may be enquired into and determined in accordance with the provisions of the Act.

L. R. BURROWS,
Acting Collector.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
" MADRAS SERIES ...	" 8	" 9
" BOMBAY SERIES ...	" 8	" 9
" ALLAHABAD SERIES	" 8	" 9
Complete set... ...	" 45	" 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
" " MADRAS SERIES ...	"	1 0

What is a Golden Deed? How one Man has saved a Host; The Pass of Thermopylæ; The Rock of the Capitol; The Chief of the Arverni; The last Fight in the Colisæum; Leo the Slave; The Keys of Calais; The Carnival of Perth; The Crown of St. Stephen; Under Ivan the Terrible; Fathers and Sons; Gunpowder Perils; Heroes of the Plague; The faithful Slaves of Haiti; The Petitioners for Pardon; The Children of Blentarn Ghyll; Agostina of Zaragoza; Casal Novo; The Monthyon Prizes; Discipline; The Rescue Party.

G. BELLETT,
Registrar.

SENATE HOUSE,
The 14th September 1882.

CALCUTTA UNIVERSITY.

NOTICE.

The Senate will proceed in the month of March 1883 to the election of a Tagore Professor for the term of one year to commence on the 1st of September 1883.

The salary of the Professorship is Rs. 10,000 per annum, and the Professor will be expected to deliver a course of not less than twelve lectures upon *one* of the following subjects:—

(1) The law relating to the Transfer and Disposition of property among the Mahomedans

(2) The law of Testamentary Devise as administered in British India.
(3) The law relating to Damages.
(4) The law relating to Joint Hindu Families.

Candidates for the Professorship are requested to forward their applications to the Registrar on or before the 1st of January 1883, and at the same time to state on which of the abovementioned four subjects they are prepared to lecture.

G. BELLETT,
Registrar.

SENATE HOUSE,
The 30th August 1882.

POST OFFICE.

NOTIFICATIONS.

Simla, the 14th September 1882.

EXTENSION OF THE VALUE-PAYABLE SYSTEM TO REGISTERED LETTERS.

With effect from 1st October 1882, registered letters will be received at all Post Offices for transmission under the value-payable system, in the same way as parcels and registered book packets, that is, the sender of a registered letter may, at the time of posting it, declare the value of its contents, with a view to its realisation from the addressee and payment to him (the sender).

2. Value-payable registered letters may also be insured.

3. The sender of a value-payable article (whether it be a letter, book packet or parcel) will be required to fill up a form of memorandum containing the following information, *viz.* :—

(*a*) the name and address of the addressee,
(*b*) the value to be recovered from the addressee,
(*c*) his (the sender's) signature and address.

Forms of memorandum can be obtained *gratis* at the Post Office.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
,, MADRAS SERIES ...	,, 8	,, 9
,, BOMBAY SERIES ...	,, 8	,, 9
,, ALLAHABAD SERIES	,, 8	,, 9
Complete set... ...	,, 45	,, 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
,, ,, MADRAS SERIES ...	,,	1 0
,, ,, BOMBAY SERIES ...	,,	1 0
,, ,, ALLAHABAD SERIES.	,,	1 0
Complete set	,,	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166, Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

Royal octavo, cloth, gilt.

The Commissariat Code for India, published under authority of the Government of India. *Price, Rs. 4; by post 8 annas extra.*

Fasciculus of forms referred to in the Code. *Price, Rs. 2; by post 14 annas extra.*

POST OFFICE.

NOTIFICATIONS.

Simla, the 14th September 1882.

EXTENSION OF THE VALUE-PAYABLE SYSTEM TO REGISTERED LETTERS.

With effect from 1st October 1882, registered letters will be received at all Post Offices for transmission under the value-payable system, in the same way as parcels and registered book packets, that is, the sender of a registered letter may, at the time of posting it, declare the value of its contents, with a view to its realisation from the addressee and payment to him (the sender).

2. Value-payable registered letters may also be insured.

3. The sender of a value-payable article (whether it be a letter, book packet or parcel) will be required to fill up a form of memorandum containing the following information, *viz.* :—

(*a*) the name and address of the addressee.
(*b*) the value to be recovered from the addressee.
(*c*) his (the sender's) signature and address.

Forms of memorandum can be obtained *gratis* at the Post Office.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
„ „ MADRAS SERIES ...	„	1 0
„ „ BOMBAY SERIES ...	„	1 0
„ „ ALLAHABAD SERIES.	„	1 0
Complete set	„	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—
MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.
Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

☞ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166. Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

Royal octavo, cloth, gilt.

The Commissariat Code for India, published under authority of the Government of India. *Price, Rs. 4; by post 8 annas extra.*

Fasciculus of forms referred to in the Code. *Price, Rs. 2; by post 14 annas extra.*

PART II.

Notifications by High Court, Comptroller General, &c.

GAZETTE OF INDIA.

NOTICE.

The 11th March 1882.

From the 8th April next, till further notice, Parts I, IV, and V of the *Gazette of India*, and the Weather and Crop Report, will be published at Simla. After the 1st April, all Notifications and other matter intended for publication in those Parts, should be addressed to the Officiating Publisher at that station.

Parts II and III and the Supplement will continue to be published in Calcutta.

Parts IV and V of the *Gazette of India*, containing the Acts and Bills of the Legislative Council, may be subscribed for separately from the other Parts of the Gazette. The annual subscription for the two Parts is Rs. 5 per annum, payable in advance. When sent by post, Rs. 2-8 per annum additional will be charged for postage. For the current year these Parts are available from 1st May only, the back numbers being out of print.

Complaints regarding non-receipt of any number of the *Gazette* should be forwarded within a week after the day on which it is due.

Applications for the supply of the *Gazette* on the *public service* should be addressed to the Home Department.

By an order of Government, all subscriptions must be paid *in advance*.

CALCUTTA MINT.

NOTICE.

Calcutta, the 28th September 1882.

Gold will be received for melting at Her Majesty's Mint on the following terms only :—

Any person desiring to have gold melted must give notice of the number of parcels and their weight; a time will then be fixed for melting. The gold must be sent at the time so fixed in charge of a responsible person to watch the operation and take away the resulting ingots and drosses, who will have to pay a sum of Rs. 5 per thousand tolahs for melting: *provided* that in no case shall the charge be less than Rs. 2 for each pot containing a smaller parcel of gold.

The ingots from each pot will be separately marked with a number denoting that they have been melted together, and the man in charge will be furnished with a certificate of the number from each pot by the Bullion Clerk.

J. F. TENNANT, *Colonel, R.E.*,
Master of the Mint.

POST OFFICE.

NOTIFICATIONS.

Simla, the 14th September 1882.

EXTENSION OF THE VALUE-PAYABLE SYSTEM TO REGISTERED LETTERS.

With effect from 1st October 1882, registered letters will be received at all Post Offices for transmission under the value-payable system, in the same way as parcels and registered book packets, that is, the sender of a registered letter may, at the time of posting it, declare the value of its contents, with a view to its realisation from the addressee and payment to him (the sender).

2. Value-payable registered letters may also be insured.

3. The sender of a value-payable article (whether it be a letter, book packet or parcel) will be required to fill up a form of memorandum containing the following information, *viz.*:—

(*a*) the name and address of the addressee.
(*b*) the value to be recovered from the addressee.
(*c*) his (the sender's) signature and address.

Forms of memorandum can be obtained *gratis* at the Post Office.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
„ „ MADRAS SERIES ...	„	1 0
„ „ BOMBAY SERIES ...	„	1 0
„ „ ALLAHABAD SERIES.	„	1 0
Complete set	„	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA ;
MESSRS. THACKER AND CO., BOMBAY ;
MESSRS. HIGGINBOTHAM AND CO., MADRAS ;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY ;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

List of Books for sale at the Library of the Asiatic Society of Bengal,

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
„ „ MADRAS SERIES ...	„	1 0
„ „ BOMBAY SERIES ...	„	1 0
„ „ ALLAHABAD SERIES.	„	1 0
Complete set	„	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA ;
MESSRS. THACKER AND CO., BOMBAY ;
MESSRS. HIGGINBOTHAM AND CO., MADRAS ;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY ;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

CALCUTTA MINT.

NOTICE.

Calcutta, the 28th September 1882.

Gold will be received for melting at Her Majesty's Mint on the following terms only:—

Any person desiring to have gold melted must give notice of the number of parcels and their weight; a time will then be fixed for melting. The gold must be sent at the time so fixed in charge of a responsible person to watch the operation and take away the resulting ingots and drosses, who will have to pay a sum of Rs. 5 per thousand tolahs for melting: *provided* that in no case shall the charge be less than Rs. 2 for each pot containing a separate parcel of gold.

The ingots from each pot will be separately marked with a number denoting that they have been melted together, and the man in charge will be furnished with a certificate of the number from each pot by the Bullion Clerk.

J. F. TENNANT, *Colonel, R.E.*,
Master of the Mint.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
„ „ MADRAS SERIES ...	„	1 0
„ „ BOMBAY SERIES ...	„	1 0
„ „ ALLAHABAD SERIES.	„	1 0
Complete set	„	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—
MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.
Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

☞ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166 Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

Royal octavo, cloth, gilt.

The Commissariat Code for India, published under authority of the Government of India. *Price, Rs. 4; by post 8 annas extra.*

Fasciculus of forms referred to in the Code. *Price, Rs. 2; by post 14 annas extra.*

Compendium of Existing Regulations, Commissariat Department, Bengal. Compiled by H. G. Whelan, Superintendent, Office of Examiner of Commissariat Accounts. *Price, Rs. 5; packing and postage, 8 annas. Interleaved copies, Rs. 6; packing and postage 12 annas.*

Appendices to the Compendium of existing Regulations, Commissariat Department, Bengal. *Price, Rs. 4 for plain copies, and Rs. 5 for interleaved copies; packing and postage, 6 annas and 9 annas respectively.*

Revised edition.

General Rules and Circular Orders of the High Court in Bengal, Appellate Side—Civil, Rs. 2-8; Criminal, Re. 1-8; packing and postage, 5 annas and 3 annas respectively.

☞ Printed slips containing alterations and additions will be available to the public monthly, at Rs. 3 a year payable in advance.

P. W. D. Code, 4th Edition.

Vol. I.—(For the use of Sub-divisional as well as Divisional Officers)—

DACCA AND MYMENSING STATE RAILWAY.

Darjeeling, the 27th September 1882.

NOTICE TO CONTRACTORS.

Tenders are invited for the construction of this line by contract on a schedule of rates. The conditions of contract, specification, and bill of quantities can be obtained by application to the undersigned accompanied by a sum of Rs. 25, which will not be returned. The sections and drawings can be seen at the Office of the Engineer-in-Chief, at Darjeeling, up to the 20th October next. The latest date for the receipt of tenders will be the 31st October next. All tenders must be sent in a sealed and registered cover, plainly marked "Tender for Dacca and Mymensing State Railway," and addressed to the Engineer-in-Chief, Darjeeling. It is to be distinctly understood that the Government is not bound to accept the lowest or any tender, nor will any reasons be given for the rejection of any tender.

CONTRACT FOR SUPPLY OF SLEEPERS.

Tenders are invited for the supply of hard wood sleepers for this Railway. Conditions of contract, specification and form of tender can be obtained on application to the undersigned. The latest date for tenders is the 20th October next. Tenders must be forwarded in sealed and registered covers marked "Tender for Sleepers" and addressed to Engineer-in-Chief, Dacca and Mymensing State Railway, Darjeeling. It is to be distinctly understood that the Government is not bound to accept the lowest or any tender, nor will reasons be given for the rejection of any tender.

HORACE BELL, *M.I.C.E.,*
Engineer-in Chief.

CALCUTTA MINT.

NOTICE.

Calcutta, the 28th September 1882.

Gold will be received for melting at Her Majesty's Mint on the following terms only :—

Any person desiring to have gold melted must give notice of the number of parcels and their weight; a time will then be fixed for melting. The gold must be sent at the time so fixed in charge of a responsible person to watch the operation and take away the resulting ingots and drosses, who will have to pay a sum of Rs. 5 per thousand tolahs for melting: *provided* that in no case shall the charge be less than Rs. 2 for each pot containing a separate parcel of gold.

The ingots from each pot will be separately marked with a number denoting that they have been melted together, and the man in charge will be furnished with a certificate of the number from each pot by the Bullion Clerk.

J. F. TENNANT, *Colonel, R.E.,*
Master of the Mint.

Report on the Madras Cyclone, May 1877, 4to., 117 pages text, 97 pages tables, 5 plates ...	2	8	0

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
,, MADRAS SERIES ...	,, 8	,, 9
,, BOMBAY SERIES ...	,, 8	,, 9
,, ALLAHABAD SERIES	,, 8	,, 9
Complete set... ...	,, 45	,, 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	Rs.	3	8
,, ,, MADRAS SERIES ...	,,	1	6
,, ,, BOMBAY SERIES ...	,,	1	0
,, ,, ALLAHABAD SERIES.	,,	1	0
Complete set	,,	4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;

MESSRS. THACKER AND CO., BOMBAY;

MESSRS. HIGGINBOTHAM AND CO., MADRAS;

THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;

THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

☞ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166 Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

Royal octavo, cloth, gilt.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and

purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„ 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES ...	Rs.	3	8
„ „ MADRAS SERIES ...	„	1	0
„ „ BOMBAY SERIES ...	„	1	0
„ „ ALLAHABAD SERIES.	„	1	0
Complete set	„	4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;

MESSRS. THACKER AND CO., BOMBAY;

MESSRS. HIGGINBOTHAM AND CO., MADRAS;

THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;

THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

☞ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166 Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published **as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad,** and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
,, MADRAS SERIES ...	,, 8	,, 9
,, BOMBAY SERIES ...	,, 8	,, 9
,, ALLAHABAD SERIES	,, 8	,, 9
Complete set... ...	,, 45	,, 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
,, ,, MADRAS SERIES ...	,,	1 0
,, ,, BOMBAY SERIES ...	,,	1 0
,, ,, ALLAHABAD SERIES.	,,	1 0
Complete set	,,	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—
MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

List of Books for sale at the Library of the Asiatic Society of Bengal,

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	Rs. 35	Rs. 37-8
,, MADRAS SERIES ...	,, 8	,, 9
,, BOMBAY SERIES ...	,, 8	,, 9
,, ALLAHABAD SERIES	,, 8	,, 9
Complete set... ...	,, 45	,, 47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	Rs.	3 8
,, ,, MADRAS SERIES ...	,,	1 0
,, ,, BOMBAY SERIES ...	,,	1 0
,, ,, ALLAHABAD SERIES.	,,	1 0
Complete set	,,	4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at Rs. 375 a set.

☞ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166, Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

Royal octavo, cloth, gilt.

The Commissariat Code for India, published under authority of the Government of India. *Price, Rs. 4; by post 8 annas extra.*

Fasciculus of forms referred to in the Code. *Price, Rs. 2; by post 14 annas extra.*

Compendium of Existing Regulations, Commissariat Department, Bengal. Compiled by H. G. Whelan, Superintendent, Office of Examiner of Commissariat Accounts. *Price, Rs. 5; packing and postage, 8 annas. Interleaved copies, Rs. 6; packing and postage, 12 annas.*

Appendices to the Compendium of existing Regulations, Commissariat Department, Bengal. *Price, Rs. 4 for plain copies, and Rs. 5 for interleaved copies; packing and postage, 6 annas and 9 annas respectively.*

Revised edition.

General Rules and Circular Orders of the High Court in Bengal, Appellate Side—Civil, Rs. 2-8; Criminal, Re. 1-8; packing and postage, 5 annas and 3 annas respectively.

☞ Printed slips containing alterations and additions will be available to the public monthly, at Rs. 3 a year payable in advance.

P. W. D. Code, 4th Edition.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	R35	R37-8
„ MADRAS SERIES ...	„ 8	„ 9
„ BOMBAY SERIES ...	„ 8	„ 9
„ ALLAHABAD SERIES	„ 8	„ 9
Complete set... ...	„ 45	„47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

For a Part of the CALCUTTA SERIES ...	R3 8
„ „ MADRAS SERIES ...	„ 1 0
„ „ BOMBAY SERIES ...	„ 1 0
„ „ ALLAHABAD SERIES.	„ 1 0
Complete set	„ 4 0

Persons desiring to subscribe for or purchase the Reports, should apply to—
MESSRS. THACKER, SPINK AND CO., CALCUTTA ;
MESSRS. THACKER AND CO., BOMBAY ;
MESSRS. HIGGINBOTHAM AND CO., MADRAS ;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY ;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1875 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at R375 a set.

☞ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166, Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

Folio Foolscap.

HENRY F. BLANFORD,

Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES ...	₹35	₹37-8
,, MADRAS SERIES ...	,, 8	,, 9
,, BOMBAY SERIES ...	,, 8	,, 9
,, ALLAHABAD SERIES ...	,, 8	,, 9
Complete set... ...	,,45	,,47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES ...	₹3	8
,, ,, MADRAS SERIES ...	,, 1	0
,, ,, BOMBAY SERIES ...	,, 1	0
,, ,, ALLAHABAD SERIES.	,, 1	0
,, ,, ...	,, 4	0
Complete set		

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at ₹375 a set.

☞ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166, Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

Folio Foolscap.

AGENT, GOVERNOR GENERAL, AND CHIEF COMMISSIONER, RAJPUTANA, P. W. D.

NOTIFICATION.

Mount Abu, the 24th November 1882.

No. 3012 *S.*—Mr. C. F. Gilbert, Assistant Engineer, 1st Grade, passed, on the 6th November 1882, the Lower Standard Examination in Hindustani, prescribed in the Public Works Department Code, Chapter II, paragraph 21.

By Order,

J. P. STEEL, *Lieut.-Colonel, R.E.,*
Secy. to Agent, Govr. Genl., & Chief Commr., P. W. D., Rajputana.

CHIEF COMMISSIONER OF COORG.

NOTIFICATIONS.

Bangalore, the 23rd November 1882.

No. 28.—The following revised rules for the guidance of the Police in Coorg having received the approval of the Governor General in Council in letter No. 450 of the 9th instant, are hereby promulgated for general information and in substitution of the first two rules published in Notification No. 36 of the 28th March 1879 (*vide Mysore Gazette* of the 5th April 1879, page 108, Part I) :—

(1) "**The Magistrate of the District shall, subject** to the general control of the Commissioner of Coorg, be the head Executive Officer of the Police, and shall be held answerable for the efficient administration of the Police throughout the District.

(2) "The Chief Commissioner shall be *ex-officio* Inspector General of Police.

(3) "The Sessions Judge, as such, and the Subédars in Coorg shall not exercise any authority over the Police. But the Subédars shall report any irregularities in the conduct of the Police, in their respective taluks, that may come to their notice in the trial of cases, or otherwise, to the Magistrate of the District.

(4) "The appointment of all Police Officers shall, under such rules as the Local Government shall from time to time sanction, rest with the Magistrate of the District, who may, under such rules as aforesaid, at any time dismiss, suspend, or reduce any Police Officer whom he shall find to be remiss or negligent in the discharge of his duty or unfit for the same, or who shall absent himself without leave, or who by any act of his own shall render himself unfit for the discharge of his duty."

The 24th November 1882.

No. 29.—Mr. K. Ganapathi delivered over, and Mr. C. Soobiah, Rai Bahadur, assumed, charge of the 2nd Assistant Commissioner's Office and Treasury on the forenoon of the 8th November 1882.

Kongandra Muddaya, Subédar and 3rd Class Magistrate of the Zedénalknad Taluk, is transferred to the Padinalknad Taluk.

Nadikeriyanda Monappa, Subédar and 2nd Class Magistrate of the Padinalknad Taluk, is transferred to the Zedénalknad Taluk.

No. 30.—Nadikeriyanda Monappa, Subédar and 2nd Class Magistrate of the Zedénalknad Taluk, is hereby appointed, under Section 5 of Act XIII of 1859, to exercise the powers vested in a Magistrate of Police under that Act.

By Order,

H. WYLIE, *Major*,
Secretary to the Chief Commr. of Coorg.

CENTRAL CIRCLE;
Lucknow, the 23rd November 1882.

GOVERNMENT ENGINEERING COLLEGE, HOWRAH.

Candidates for admission to the Engineer Class should apply to the Principal before the 10th January 1883. The session begins on Monday, 5th February 1883. Candidates for this class must furnish proof that they have passed the Calcutta University Entrance Examination.

An examination for admission to the Mechanical Apprentice Class will be held at this College, on Monday and Tuesday, the 15th and 16th January. The subjects of examination are—

Arithmetic (the whole).
Algebra (to Simple Equations, inclusive).
Euclid (Books I and II).
English (Grammar and Composition).

Applications for permission to appear at the examination should reach the Principal not later than the 6th January 1883.

On the last Saturday in January, ten scholarships will be awarded to students entering the Engineer Class, not being already holders of junior scholarships. The scholarships will be awarded with general reference to the place taken by candidates at the Entrance Examination. Applications for scholarships will be received by the Principal up to the 20th January.

Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour, and eyesight.

Further particulars will be supplied on application to the Principal.

A. W. CROFT,
Director of Public Instruction.

The 27th November 1882.

One Volume, half-bound Quarto, fifty-eight plates, Rs. 38.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set :

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES .	₹35	₹37-8
„ MADRAS SERIES .	„ 8	„ 9
„ BOMBAY SERIES .	„ 8	„ 9
„ ALLAHABAD SERIES .	„ 8	„ 9
Complete set . . .	„45	„47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following :—

	₹	a.
For a Part of the CALCUTTA SERIES .	₹3	8
„ „ MADRAS SERIES .	„ 1	0
„ „ BOMBAY SERIES .	„ 1	0
„ „ ALLAHABAD SERIES	„ 1	0
Complete set	„ 4	0

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;

GOVERNMENT ENGINEERING COLLEGE, HOWRAH.

Candidates for admission to the Engineer Class should apply to the Principal before the 10th January 1883. The session begins on Monday, 5th February 1883. Candidates for this class must furnish proof that they have passed the Calcutta University Entrance Examination.

An examination for admission to the Mechanical Apprentice Class will be held at this College, on Monday and Tuesday, the 15th and 16th January. The subjects of examination are—

Arithmetic (the whole).

Algebra (to Simple Equations, inclusive).

Euclid (Books I and II).

English (Grammar and Composition).

Applications for permission to appear at the examination should reach the Principal not later than the 6th January 1883.

On the last Saturday in January, ten scholarships will be awarded to students entering the Engineer Class, not being already holders of junior scholarships. The scholarships will be awarded with general reference to the place taken by candidates at the Entrance Examination. Applications for scholarships will be received by the Principal up to the 20th January.

Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour, and eyesight.

Further particulars will be supplied on application to the Principal.

A. W. CROFT,
Director of Public Instruction.

HENRY F. BLANFORD,
Meteorological Reporter to Government of India.

THE INDIAN LAW REPORTS.

PUBLISHED UNDER AUTHORITY.

The "Indian Law Reports," published under the authority of the Governor General in Council, will appear in monthly parts as soon as possible after the first of [illegible] Calcutta, Madras, Bombay, and [illegible] will comprise four series,—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court will be reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court will be reported in the Calcutta Series. The Parts of each Series can be had separately, or all four Parts can be had stitched into one wrapper at the option of subscribers and purchasers. It will be observed from the following statement of the terms of subscription and sale, that a considerable reduction is allowed to persons taking the complete set:

Terms of subscription, payable annually in advance.

	Without Postage.	With Postage.
For the CALCUTTA SERIES	R35	R37-8
,, MADRAS SERIES	,, 8	,, 9
,, BOMBAY SERIES	,, 8	,, 9
,, ALLAHABAD SERIES	,, 8	,, 9
Complete set	,,45	,,47-8

The price of each Part purchased separately will vary according to the amount of matter it contains, and will be printed on the wrapper. It will, however, never be below the following:—

For a Part of the CALCUTTA SERIES	R3	8	
,, ,, MADRAS SERIES	,, 1	0	
,, ,, BOMBAY SERIES	,, 1	0	
,, ,, ALLAHABAD SERIES	,, 1	0	
Complete set	,, 4	0	

Persons desiring to subscribe for or purchase the Reports, should apply to—

MESSRS. THACKER, SPINK AND CO., CALCUTTA;
MESSRS. THACKER AND CO., BOMBAY;
MESSRS. HIGGINBOTHAM AND CO., MADRAS;
THE GOVERNMENT CENTRAL BOOK DEPOT, BOMBAY;
THE GOVERNMENT BOOK DEPOT, ALLAHABAD.

Orders and Subscriptions for 1878 should be at once remitted.

THE BENGAL LAW REPORTS.

A few sets of the Bengal Law Reports (Volumes 1 to 15) are available at Messrs. Thacker, Spink & Co., Calcutta, at R375 a set.

☞ The following books may be purchased from the Office of Superintendent of Government Printing, India, No. 166, Dhurrumtollah Street, for private use only, which should be stated in the requisition.

No orders can be attended to unless accompanied by a remittance. When postage stamps are forwarded, one anna additional should be sent for every Rupee's worth of stamps, for discount in exchanging them for cash. Service labels or Court Fee stamps are not received.

Books required for the public service cannot be supplied on payment; they are only issued on the authority of the Department to which the indenting officer is subordinate. Applications for them should be made through the Local Government under which the applicant serves.

PAPER CURRENCY DEPARTMENT.

NOTIFICATION.

MISMATCHED NOTES.

Calcutta, the 13th December 1882.

Persons into whose possession mismatched notes come (*i.e*, cases in which the right half of one Currency Note is joined to the left half of another Currency Note), are requested to forward the mismatched Notes at once to the Currency Office whose name they bear.

No claim for payment of such Notes can be admitted; but all claims are registered, and if the corresponding halves have already been received or hereafter come in, in the form of a mismatched Note, the Currency Office will, by joining together the proper halves and paying the entire Notes, meet the claims as far as possible and remit the recovered value by Money Order.

J. WESTLAND,

Head Commr. of Paper Currency.

PUBLIC WORKS WORKSHOPS, MADRAS.

NOTIFICATION.

Madras, the 25th October 1882.

The Government propose to sell or let the whole of the workshop land, buildings, machinery, and plant; and tenders for the purchase or lease of the same will be received by the undersigned up to the 1st February 1883.

A circular giving information on the subject will be supplied on application to the undersigned.

All tenders will be submitted to the Chief Engineer, Public Works Department, who reserves the right of rejecting any or all of the tenders without assigning any reason.

W. L. C. BADDELY, *Lieut., R.E.,*
Genl. Supdt., P. W. Workshops.

GOVERNMENT CEMETERY AT ANJENGO.

NOTIFICATION.

Four tombs in the Government Cemetery at Anjengo, one of which covers the remains of Anne Wrench, who is recorded to have died at Anjengo on the 25th November 1773, are falling into decay: the relatives and friends of the deceased are warned that, unless they repair the aforesaid tombs within three months, they will be made level with the ground during the next repairs, in accordance with paragraph 1459 of the Public Works Code, Chapter XI.

W. ANGUS,
District Magistrate of Malabar.

CALICUT,
The 11th November 1882.

GOVERNMENT ENGINEERING COLLEGE, HOWRAH.

Candidates for admission to the Engineer Class should apply to the Principal before the 10th January 1883. The session begins on Monday, 5th February 1883. Candidates for this class must furnish proof that they have passed the Calcutta University Entrance Examination.

An examination for admission to the Mechanical Apprentice Class will be held at this College, on Monday and Tuesday, the 15th and 16th January. The subjects of examination are—

Arithmetic (the whole).
Algebra (to Simple Equations, inclusive).
Euclid (Books I and II).
English (Grammar and Composition).

Applications for permission to appear at the examination should reach the Principal not later than the 6th January 1883.

On the last Saturday in January, ten scholarships will be awarded to students entering the Engineer Class, not being already holders of junior scholarships. The scholarships will be awarded with general reference to the place taken by candidates at the Entrance Examination. Applications for scholarships will be received by the Principal up to the 20th January.

Every applicant, before admission to the College, will be examined by the College Surgeon as to his physical strength, fitness for manual labour, and eyesight.

Further particulars will be supplied on application to the Principal.

A. W. CROFT,
Director of Public Instruction.
The 27th November 1882.

DEPARTMENT PUBLIC WORKS HALF-YEARLY EXAMINATION.

The half-yearly examination of candidates for promotion and employment in the Public Works Department will be held at the Government Engineering College, Howrah, at 10 o'clock, on Monday, the 5th February 1883, and the following days. Applications, with fees for admission to the examination, are required to be filed before the 15th of January 1883. Candidates for the grade of Accountant who are not in Government service should be under twenty-five years of age, and must prove to the satisfaction of the Principal that they are under that age.

The following are the centres of examination sanctioned by the Government of India as stations where candidates for fourth grade Accountantships are to appear for examination:—

Ajmere, Allahabad, Durbhanga, Ghadechi, Howrah, Indore, Lahore, Lucknow, Mooltan, Mount Aboo, Nagpore, Poona, Rangoon, Rawalpindi, Saidpore, Secunderabad, Shillong, and Simla.

Candidates for the Accountant's examination are therefore requested to select one of the places mentioned above.

J. S. SLATER,
Offg. Principal, Govt. Engrg. College, Howrah.
The 15th December 1882.
