XXX.—If in any case the fine or forfeiture is not realised, the Collector may sanction such reasonable reward, not exceeding the amount of the fine and forfeiture, as may seem appropriate. APPENDIX A.

Rules referred to in Rule X.

1. The Government duty on all opium booked by railway from Ajmir to Bombay for exportation thence by sea will for the present be Rs. 675 per chest containing 140½ lbs., net weight, including leaf and dust. The duty on opium brought to the scales at Ajmir for export to Bombay or to the Punjab shall in the case of Bombay be Rs. 725 per chest if such opium is not covered by a pass for exportation by sea from the port of Bombay, and in the case of the Punjab be Rs. 175 per chest for the present.

2. The Rajputana-Malwa Railway shall not receive opium for export through to British India except under a passport, and in whole or half-chests.

3. The amount of customs duty will be paid into the Treasury either in cash or by *hundis*, and the Treasury Officer will give the person tendering payment a receipt for the amount so paid in. On production of this receipt the number of chests for which duty has been paid will be admitted into the opium godown.

4. *Hundis* will, on being approved of by the Treasury Officer, be registered and numbered and be endorsed on the reverse side with the name on whom drawn; they will be forwarded under sealed cover registered by the Treasury Officer, if the opium is for export by sea, direct to the Accountant General, Bombay; if for the Punjab or elsewhere, to the Deputy Commissioner or other Officer mentioned in the passport as he may be directed to

send it to. The register will contain the following particulars and will be in the form attached:—

(1) Number of pass.
(2) Date of pass.
(3) Number of chests in each pass.
(4) Consecutive number of *hundi*.
(5) Date of *hundi*.
(6) By whom drawn.
(7) On whom drawn.
(8) At how many days' sight.
(9) When due.
(10) Amount of *hundi*.
(11) Total amount of pass duty.
(12) Remarks.

5. To facilitate check, passports will bear the same numbers as the *hundis*, and these numbers will be entered in column 1, "Number of passport." The total in column "Total amount of pass duty" will be the total for each continuation register, and will be carried forward into the next, and the numbers of passports so entered in the first column will be distinctly specified in the advice sent to the Accountant General.

6. Duplicates of this register, if the export is to be by sea, will be sent to the Collector of Customs and Opium, Bombay, or, if the export is by land, to the officer to whom the *hundi* has been sent under Rule 4.

7. Opium intended for export by sea or for home consumption in India shall be brought to the Government godown ready packed, in chests or half-chests (as may prove most convenient) by the merchants or brokers who will produce the Treasury Officer's certificate under his signature for cash, or his receipt for *hundis* on stamped paper, payable at sight to the Bombay General Treasury and Bank of Bombay. The Deputy or Assistant Opium Agent will carefully inspect the Treasury Officer's signature to the certificate and note the serial number of the receipt to satisfy himself that the receipts are genuine The duty on opium intended for consumption in India must be paid in cash or by approved *hundis* into some Treasury in British India, and the receipt of the Treasury Officer must be produced.

8. The chests or half-chests of each party will be placed in the godown, and will have their covers printed and stamped, and each chest or half-chest will then be numbered consecutively in English.

9. Merchants will provide and pay themselves for porters, carpenters, and men for marking the chests, sewing up the covers of such chests as have been opened for weighment; they will also pay all expenses of conveying their chests to the railway station, and of transit thence to their destination.

10. The Assistant Commissioner of Ajmir shall annually, before beginning to weigh the opium of the season, examine the weights and scales, and shall report the result of such examination to the Commissioner. No weights or scales shall be made use of, which on any such examination have not been found to be strictly accurate.

11. It shall be the duty of the officer in charge of the scales to see that the opium is weighed fairly with an even beam; the practice of taking excess weight for the purpose of trimming the scales, or as an allowance for dryage and wastage, is strictly prohibited.

12. The Deputy or Assistant Opium Agent will select at hazard any chests he pleases (never less than two chests or half-chests out of every ten, and as many more as he thinks fit); each selected chest will then be separately opened, its contents (opium balls called *battis* or *golis*) brought to the scales, the exact weight recorded, and from these weighments the average of the whole lot may be struck. If it be in excess of 140¼ lbs., allowed by Government in each chest, the surplus may be withdrawn; the object being to prevent a larger quantity than the amount allowed in a chest being exported under the passport. The officer who supervises the weighment is to see that the surplus quantity of the whole of any batch is taken out of the opened chests, and put aside somewhere near him under his eyes, until the chests are repacked and nailed down. If the opium be under 140¼ lbs., and the owner has spare opium to make up the deficit, he may be allowed to supply it to make up the full weight, and the chests will then be nailed down in the presence of the officer in charge of the scales. If the owner is not able to make up the deficiency, the amount deficient will be noted in the passport.

13. During the process of weighing, the chaprasis of the Opium Establishment should vigilantly watch the merchants and their servants.

14. This operation is called the "Net weighment of opium," and, when completed, the boxes are nailed down and repacked, then the gross weighment of each chest or half-chest is ascertained and recorded, and the gross weight is then marked on the covers in English with the serial number of the chest, and such other particulars as may be necessary for the identification of the consignment. The chests are then ready for despatch.

15. The chests exported during one season, which begins on the 1st August, shall bear a continuous serial number.

16. Full particulars must be entered in the passport or each consignment showing, *viz.*,—

On the first side of Passport.
1. Number of pass.
2. Name of the owner of chest.
3. Number of chest.
4. Amount of pass-duty.
5. Amount of pass-duty paid in cash at Ajmir.
6. Amount of pass-duty to be realised on *hundi*.
7. Rate of duty.
8. Date of Government orders.
9. Date of passport.
10. Signature of the officer by whom the passport was granted, and who made the weighments.

On the second side.
Net weighment of opium of certain chests, selected from the whole consignment.

On the third side.
Gross weighment of every chest, its contents, and destination.

17. A duplicate of each pass granted will be sent to the officer who issued the permit authorising the export of the opium mentioned in that pass. At Bombay the Customs Officer will test the weighments by fresh weighments. In the Punjab or elsewhere this will be done by the Deputy Commissioners or Collectors, and, as there always occurs a certain amount of dryage in transit, the weight of opium should invariably fall short of the weight here recorded.

18. Two weekly registers, ending on Saturdays, in the form attached, will be prepared and forwarded to the Secretary to the Government of India, Department of Finance and Commerce, Calcutta, or Simla, and one to the Chief Commissioner of Ajmir, duplicate being submitted at the

same time direct to the Collector of Customs and Opium, Bombay, if the export is by sea.

19. A return of all opium exported from Ajmir shall be furnished monthly to the Government of India, Department of Finance and Commerce, and to the Local Government concerned.

20. The passport is only valid till arrival of consignment in Bombay, or for three months from the date of its issue.

3. An application has been received by the Managers from Mr. George Harper, on behalf of Mrs. Margaret F. Campbell, an Incumbent under the Old Rules, to allow him and Mrs. Campbell's son, Lieutenant-General J. D. Campbell, to draw Mrs. Campbell's Annuity, as she has become incapable, owing to illness, of managing her own affairs. There is no provision made in the Old Rules for cases of this description. Under the special circumstances of the case, however, the Managers have consented, subject to the approval of this meeting, to allow Mr. Harper and Lieutenant-General Campbell to draw Mrs. Campbell's Annuity on their signing an agreement to indemnify the Fund against any loss which may be incurred in consequence of the permission given. The Agents have since intimated the death of Mrs. Campbell.

4. A letter has been received from Mr. R. B. Chapman, C.S.I., an Annuitant, in which it is suggested that the Agents of the Fund in London should be authorized, in anticipation of the sanction of the Managers and Service, to advance an instalment of Annuity as well as the donation of £200 or £300, as the case may be, to the families of Subscribers becoming Incumbents on the Fund. The Managers have informed Mr. Chapman that they are unable under the existing Rules, to carry out his suggestion. With a view, however, to lessen the delay which now takes place, an arrangement has been made with the Agents for the transmission to the Civil Fund Office, by telegram, of the news of the death, in Europe, of any subscriber who has recorded, under Article V in the Fund Office the evidence necessary for the admission of his family to Fund benefits. In such cases the Managers will issue the necessary instructions to the Agents by telegraph. The following Circular on the subject has been addressed to all Married and Widower subscribers.

No.

FROM C. S. BAYLEY, ESQ.,
Secretary, Bengal Civil Fund,

To

Calcutta, the

SIR,

IT has been brought to the notice of the Managers of the Fund that inconvenience is not unfrequently caused to the families of subscribers dying in Europe owing to the delay involved in obtaining the instructions of the Managers regarding their admission to Fund benefits, and it has been suggested that the Agents should be authorized, in anticipation of formal sanction, to pay at once an instalment of the pension and any donation to which such families may appear to be entitled.

2. The adoption of this course is, the Managers believe, not open to them under the Rules of the Fund. With a view, however, to lessen the delay which now takes place, and thus as far as possible to obviate hardship to the families of deceased subscribers, they have made arrangements with the Agents that intimation shall be given by telegraph of the decease in Europe of any subscriber who may, under the last clause of Article V of the Rules of the Fund,* have recorded in the Fund office the necessary evidence regarding his marriage and the age of his wife. In all such cases the Managers will ordinarily telegraph the necessary instructions to the Agents for the admission of the family to the benefits of the Fund and for the payment of pension and donation. In such cases it is believed that very little time will be lost.

* Every married subscriber shall be at liberty to submit, for the examination of the Managers, a certificate of his marriage, and a certificate of baptism or other evidence of the date of birth of his wife. Should such certificates or evidence be accepted, the dates shall be recorded, and it shall not ordinarily be necessary thereafter to give evidence regarding the facts.

3. A list will be transmitted to the Agents of those subscribers who have, up to the present time, taken advantage of the last clause of Article V. This list will contain the necessary particulars as to the number and ages of the persons who, in the event of decease of such subscribers, would be entitled to become incumbents on the Fund, and supplementary lists containing similar information will from time to time be forwarded to the Agents.

4. The number of married subscribers to the Fund who have hitherto availed themselves of the permission given by the Rule, is not very great, and the Managers desire me therefore to point out to you the advantage which you may secure to your family by taking steps for the registration of the required evidence. Evidence of the date of birth or baptism of children is not required under the Rules.

I have, &c.,
(Signed) C. S. BAYLEY,
Secretary.

A copy of this Circular will in future be forwarded to all subscribers on marriage.

Mr. Chapman has also suggested that the subscription of Annuitants, if paid at home, should be accepted at £10 8*s* 4*d* as the equivalent of £12 10*s*. Mr. Chapman states that taking 1*s* 8*d* as the exchange of the day, an Annuitant must either pay his subscription in India or lose £2 1*s* 8*d* a year, being one-fifth of the payment due from him in India. The Managers have informed Mr Chapman that as his suggestion would involve a considerable loss to the Fund they are unable to accept it. It has, however, been pointed out that under Article IX of the Rules of the Fund it is always open to any Annuitant to pay his subscription in India and thus to gain any benefit which may result from the state of the exchange.

5. The Managers will propose the following addition to, and amendment of, the rules:—

After Article III add—

"In the case of subscribers holding appointments of which the pay has been fixed on a basis which specially exempts the holder from the 4 per cent. Annuity Fund deduction the salary shall, for the purposes of this Rule, be taken as if the said 4 per cent. were added to the nominal amount."

6. An application has been received from Mrs. Chapman, widow of Mr. C. Chapman, for the continuance, under Article XXIX of the Rules of the Fund, of her son, Edmund Frere Chapman's pension beyond the age of 21 years. The certificate received from Dr. Christie states that Mr. Chapman is suffering from amentia, and is as well now as he ever will be. In all probability the disease will increase as life advances. Subject to the approval of subscribers, Mr. Chapman's name will be retained on the list of Incumbents.

7. The Managers desire to report for the information of the subscribers that a reply, No. 59, dated the 11th January 1883, has been received from the Government of India to their letter No. 65, dated the 5th April 1882, regarding the proposed transfer of the Fund to Government. The Managers will at an early date circulate for the information of the service copies of the letter and of the extract from the Secretary of State's despatch which accompanied it, together with a memorandum on the subject by Major-General Hannyngton. Copies of the papers will also be circulated to all Annuitants with the same object as the terms which are now proposed will materially affect their interests. A reply will at once be given to the Government of India stating the course which has been adopted, and a further communication will be made to that Government when the wishes of the service and of Annuitants have been ascertained.

8. Mr. G. J. B. T. Dalton has incurred the penalty specified in Article XXXVII of the Rules by his omission, for more than one year, to pay the subscriptions from his furlough allowances necessary to keep up his interest in the contingent benefits of the Fund. Mr. Dalton has explained that the copy of Article XXXVII which was sent to him was not received, and that he was under the impression that all subscriptions due to the Fund were deducted from his furlough pay.

The Managers submit the question of his re-admission on payment of all arrears of subscription with interest at 8 per cent. for the decision of the meeting.

The accounts for 1881-82 are submitted.

CIVIL FUND OFFICE,
The 29th January 1883

Proposed by *Mr. Wilkins*, seconded by *Mr. Badcock*, and carried—

That the Managers' proceedings in admitting the families of the late Messrs. R. Alexander, C.B., R. Trotter, R. H. Finch, H. V. Hathorn, and J. T. Rivaz, to the benefits of the Fund be confirmed.

Proposed by *Mr. Harrison*, seconded by *Mr. Blyth*, and carried—

That the action of the Managers in the case of Mrs. Margaret F. Campbell, an incumbent under the old rules, be confirmed.

Mr. Cotton then on behalf of the Managers proposed the following addition to and amendment of the rules:—

After Article III add—

"In the case of subscribers holding appointments of which the pay has been fixed on a basis which specially exempts the holder from the 4 per cent. Annuity Fund deduction, the salary shall, for the purposes of this rule, be taken as if the said 4 per cent. were added to the nominal amount."

Mr. Cotton observed that the change which would be effected by the rule was purely nominal, the rule being designed to meet the case of certain appointments from the holders of which subscriptions were no longer demanded on account of annuity; the nominal salary of the appointments having been reduced by the orders of the Government by an amount equivalent to the subscription which was previously levied.

Mr. Westland observed that the proposal at present affected Members of Council, Judges of the High Court, and one or two other officers, the nominal salary of whose appointments had been reduced by 4 per cent., and from whom no subscriptions on account of annuity are now required; but apparently more salaries would in future be regulated on the same principle.

The *Hon'ble C. Macaulay* seconded the proposal, which was carried unanimously.

Proposed by *Mr. Harrison*, seconded by *Mr. MacDonnell*, and carried—

That the action of the Managers in allowing Mr. Edmund Frere Chapman's name to remain on the list of incumbents be approved and confirmed.

The *Hon'ble W. F. McDonell* observed with reference to the Secretary of State's despatch, received with the letter No. 59, dated the 11th January 1883, that the Managers might receive great assistance in dealing with the proposals made by the Secretary of State and now under consideration, if they were permitted to associate with themselves any Members of the service at large whom they might wish to consult; and he requested the subscribers present to authorize the Managers to do this.

Mr. Wilkins observed that there was nothing in the Rules to prohibit the Managers from consulting anyone from whose advice they might anticipate assistance. *Mr. Westland* considered, however, that it was very desirable that any step of this kind which the Managers might take should be taken with the approval of the subscribers present at the meeting.

The proposal was approved by those present.

Proposed by *Mr. Wilkins*, seconded by the *Hon'ble W. F. McDonell*, V.C., and carried—

That Mr. G. J. B. T. Dalton be restored to the full rights of a subscriber on payment of all arrears of subscription with interest at 8 per cent.

Proposed by the *Hon'ble C. Macaulay*, seconded by *Mr. Cotton*, and carried—

That the accounts for the year 1881-82 be approved.

Proposed by the *Hon'ble A. T. Maclean*, seconded by *Mr. Wilkins*, and carried—

That the following gentlemen be elected Managers for the ensuing year:—H. A. Cockerell, Esq., C.S.I.; The Hon'ble L. R. Tottenham; H. L. Harrison, Esq.; The Hon'ble J. O'Kinealy; H. J. S. Cotton, Esq.

A vote of thanks to the Chairman was—
