12. If the Judge is the Judge of the Court subordinate to the Resident's Court, and he finds the charge established, and considers that the Advocate or Pleader should be suspended or dismissed in consequence, he shall record his finding and the grounds thereof, and shall report the same to the Resident's Court, and that Court shall proceed to acquit, suspend or dismiss the Advocate or Pleader.

13. Such report, when made by the Judge of any Court subordinate to the District Court, or by any Magistrate subordinate to the District Magistrate, shall be submitted through the District Judge or through the District Magistrate, as the case may be, who shall append to the report any remarks that he may think necessary and an expression of his own opinion of the case.

14. The District Judge or the District Magistrate may, pending the investigation and orders of the Resident's Court, suspend any Pleader charged before him or before any Court or Magistrate subordinate to him.

15. The Resident's Court, in any case in which an Advocate or Pleader has been acquitted otherwise than by an order of its own, may call for the record and pass such order thereon as it may deem fit.

16. The Resident's Court may also direct that any charge preferred against an Advocate or Pleader in any Court subordinate to it, shall be transferred for adjudication to itself or to any other Court of equal or superior grade to that in which the charge is preferred.

17. The suspension of any Advocate or Pleader shall be noted in the roll of Advocates or Pleaders in the Resident's Court, and notice thereof shall be sent to all Courts subordinate to that Court.

CHIEF COMMISSIONER OF AJMERE-MERWARA.

NOTIFICATIONS.

Abu, the 20th March 1886.

No. 273—115-*II*.—In exercise of the powers conferred by section 5, Act XIV of 1874 (the Scheduled Districts Act) the Chief Commissioner of Ajmere-Merwara is pleased, with the previous sanction of the Governor-General in Council, to extend Act XIX of 1883 (the Land Improvement Loans Act) to the Scheduled District of Ajmere-Merwara, with effect from the 1st of January 1886.

The following rules are made by the Chief Commissioner of Ajmere-Merwara with the previous sanction of the Governor-General in Council, under section 10, Act XIX of 1883 :—

Rules made by the Chief Commissioner of Ajmere-Merwara, with the previous sanction of the Governor-General in Council, under section 10, Act IX of 1883.

I.—The Chief Commissioner will inform the Commissioner of Ajmere what amount will be placed at his disposal for loans under the Act for each financial year. The Commissioner will divide the sum between Ajmere and Merwara at his discretion, and may transfer for expenditure in either of the tracts any part of the amount allotted by him for expenditure in the other. But the total expenditure in the two tracts must be kept within the amount assigned by the Chief Commissioner. If an additional grant is required, application should at once be made for it.

II.—Subject to the provisions of these rules, the Commissioner may sanction loans not exceeding ₹5,000 for purposes specified in the Act. Loans exceeding ₹5,000 require the sanction of the Chief Commissioner. The Commissioner or Chief Commissioner may call for such detailed plans and estimates or such professional opinion with respect to a project as may seem to him to be necessary.

III.—An application for a loan may be made to any Revenue Officer of or above the rank of a Tahsildar.

IV.—The application, if made in writing, should be as nearly as possible in Form A If an oral application is made, the officer to whom it is made shall cause it to be recorded as nearly as possible in that form.

V.—The officer to whom the application is made shall either make an enquiry himself, or cause one to be made by a Revenue officer not below the rank of a Naib Tahsildar or supervising Kanungo, for the purpose of ascertaining the particulars mentioned on the reverse of Form A. If, in the opinion of the officer to whom the application is made, it is expedient that public notice of the application should be given under section 5 of the Act, he will publish a notice thereof by fixing it up in a conspicuous place in the village, or in each village, which will be affected by the proposed improvement. If he determines not to give public notice of the application, he shall record with his own hand his reasons for considering such notice not to be expedient.

VI.—When the value of the applicant's interest in the land to be improved is sufficient to cover the loan, collateral security need not be required. Personal security may be accepted when the sureties are a body of village residents who bind themselves jointly and severally to the Government for the payment of the whole amount payable in respect of the loan. Moveable property should rarely be accepted as security.

VII.—The date for the repayment of the first instalment shall be fixed with reference to the time when the improvement will begin to yield a return.

VIII.—The date for the repayment of the last instalment shall not, without the sanction of the Chief Commissioner, exceed fifteen years from the date on which the loan, or the last instalment of it, was advanced. The amount of the instalments shall be fixed with reference to the annual profit likely to accrue from the improvement.

IX.—If the Chief Commissioner has prescribed tables consolidating principal and interest in instalments, the repayment of the loan shall be arranged in accordance with those tables. If such tables have not been prescribed, the instalments of principal may be so arranged as to increase approximately in proportion as the charge for interest decreases.

X.—On completion of the enquiry and verification of the security, the officer to whom the application was made may sanction the loan himself if empowered to do so, otherwise he shall forward the application with his report through such channel as the Chief Commissioner may prescribe, to the officer who is empowered to sanction the loan.

XI.—An order granting a loan shall be in Form B hereto annexed, and shall be signed by the applicant in token that he understands and agrees to the conditions contained therein. When the sureties (if any) whom the applicant is required to furnish give personal security only, the bond to be executed by them shall be in Form C hereto annexed. When immoveable property is required to be given as collateral security, the security bond shall be in Form D hereto annexed.

XII.—A copy of the order shall be given to the applicant, and payment of the loan, or where the loan is advanced in instalments, of each instalment of the loan, shall be made at the tahsil on its presentation.

XIII.—(*a*) The rate of interest shall be one anna in the rupee, or 6¼ per cent. per annum.

(*b*) But the Chief Commissioner may, for special reasons, sanction a loan at a lower rate of interest or without interest.

(*c*) If an instalment of principal is not paid when it falls due, the Commissioner may, if he thinks fit, charge interest on it at any rate not exceeding 6¼ per cent. per annum from the date of its falling due to the date of payment.

XIV.—The dates for repayment of instalments of a loan should usually be the dates fixed for payment of instalments of land revenue.

XV.—Instalments may be suspended by order and at the discretion of the Commissioner on proof of failure of crops or other exceptional calamity.

XVI.—When any portion of a loan made under these rules is found to be irrecoverable, special report shall be made to the Chief Commisioner.

XVII.—Any Revenue officer not inferior in rank to the Tahsildar may at any time enter on and inspect any land for the benefit of which a loan has been granted, and any work in progress thereon.

XVIII.—As soon as may be after a loan has been granted, the officer or authority granting it shall cause the patwari of the circle in which the land to be improved is situated to copy into his *roznamcha* so much of the order granting the loan as relates to the amount of the loan, the manner in which the loan is to be advanced, the nature of the improvement for the purpose of which it has been granted, and the time or times by which the whole or parts of the improvement is or are to be completed.

XIX.—At such intervals as the Chief Commissioner may by general order prescribe in this behalf, the patwari shall submit, through the supervising kanungo, the tahsildar, and the Assistant Commissioner, to the Commissioner a report as to the expenditure of the loan and the progress of the work for the purpose of which the loan was granted.

XX.—The Chief Commissioner shall regulate the forms of all returns, registers, and accounts relating to advances under the Act.

POST OFFICE.

NOTIFICATIONS.

Simla, the 5th April 1886.

With effect from the 1st May 1886, the limit of weight for *light* parcels exchanged with the United Kingdom through the *British Post Office** will be raised from 7 lbs. to 11 lbs. The postage rate (8 annas per lb.) and general conditions relative to such parcels despatched from India remain unaltered.

* See Clauses 216 to 221, and Clauses 225 to 228 of the Postal Guide, dated April 1886.

2. From the same date the maximum limit of weight for parcels exchanged with Malta and Gibraltar will be raised from 7 lbs. to 11 lbs.

3. *Heavy* parcels exchanged with the United Kingdom through the medium of the Peninsular and Oriental Steam Navigation Company* are not affected by this change; the maximum limit of weight for such parcels is 50 lbs. as heretofore.

* See Clauses 217 and 225 of the Postal Guide, dated April 1886.

4. The Commissioners of Customs in the United Kingdom have recently pointed out the frequent omission, on the part of senders, to give a proper or true description of the contents of parcels forwarded from India; special attention is called to Clause 211 of the Postal Guide, where it is distinctly stated that "the contents (of a parcel) should be stated *in full detail*," a separate description of each article, and its value, being given"; and that "an incorrect declaration of value renders a parcel liable to confiscation."

4. The mode of transit and address or station to which the maps are to be sent should invariably be specified.

5. Indent forms for maps on the public service can be obtained from the Assistant Surveyor General, in charge of the Surveyor General's Office.

6. Lists of all newly published maps are periodically notified inh te Gazettes of India and Local Governments.

Requisitions for Lithographic or Photographic Work.

7. The Lithographic and Photographic Offices at Calcutta reproduce maps, plans and drawings by lithography and by photography on book-debit on the public service, and on cash payment in certain special cases only. The Trigonometrical Branch Office at Dehra Dun does not, as a rule, undertake work for other Departments.

8. As a rule, drawings in line can be reproduced by photozincography if suitably drawn in accordance with instructions, which may be obtained on application to the Assistant Surveyor General, Photographic Office, No. 1, Wood Street, Calcutta. Coloured and other drawings unsuitable for photozincography must be lithographed, but the cost is considerably greater.

9. Photographs if required in large numbers can be cheaply reproduced by the photo-collotype and heliogravure processes from suitable negatives.

10. All applications for Lithographic or Photographic work on the public service should, if possible, be submitted in the following form, which is not required in duplicate. Blank forms may be obtained on application to the Assistant Surveyor General, Surveyor General's Office.—

11. All necessary information as to the scale of reproduction, number of copies required, quality and size of paper, mode of transit, and address to which proofs and printed copies are to be despatched, should be shown on the face of the indent and not in a covering letter, unless more explanation is required than can be given on the face of the indent.

12. All indents must be duly approved and countersigned by the heads of departments, or the Government under which indenting officers may be serving, before they can be supplied, *viz.* :—

and they should be addressed to the Assistant Surveyor General, in charge of the Lithographic and Photographic Offices, Calcutta, at No. 1, Camac Street and No. 1, Wood Street, respectively.

13. Lithographic and Photographic work will be undertaken on behalf of Municipalities, Port Trusts, Railway Companies, the Trustees Indian Museum, and other quasi-official bodies for cash payment on indents in the form prescribed above. Private work cannot be undertaken except in very special cases, when it cannot possibly be done otherwise, and when the Office can take it up without inconvenience. On such work an extra charge of 10 per cent. will be made over and above the usual rates. In all cases where cash payment is required, an estimate will be given and the amount must be remitted before the work can be put in hand.

14. As a rule, maps and drawings reproduced by lithography or photography are not coloured, but in special cases where colouring is essential, it can be arranged for on cash payment, as prescribed under Rule 1. Packing and transit charges must also be paid by indentors.

15. To enable the indenting officer, as well as the officer who countersigns and finally passes an indent, to know the cost involved thereby, the average ordinary price of each description of work executed in the Lithographic or Photographic Offices is given in the annexed list.

16. Indents should be regulated, not according to what an officer would like to have, but by what is absolutely necessary. It is in all cases an economy to have maps and drawings reproduced on as small a scale as possible.

POST OFFICE.

NOTIFICATIONS.

Simla, the 5th April 1886.

With effect from the 1st May 1886, the limit of weight for *light* parcels exchanged with the United Kingdom through the *British Post Office** will be raised from 7 lbs. to 11 lbs. The postage rate (8 annas per lb.) and general conditions relative to such parcels despatched from India remain unaltered.

* See Clauses 216 to 221, and Clauses 223 to 228 of the Postal Guide, dated April 1886.

2. From the same date the maximum limit of weight for parcels exchanged with Malta and Gibraltar will be raised from 7 lbs. to 11 lbs.

3. *Heavy* parcels exchanged with the United Kingdom through the medium of the Peninsular and Oriental Steam Navigation Company* are not affected by this change; the maximum limit of weight for such parcels is 50 lbs. as heretofore.

* See Clauses 217 and 225 of the Postal Guide, dated April 1886.

4. The Commissioners of Customs in the United Kingdom have recently pointed out the frequent omission, on the part of senders, to give a proper or true description of the contents of parcels forwarded from India; special attention is called to Clause 211 of the Postal Guide, where it is distinctly stated that "the contents (of a parcel) should be stated *in full detail*, a separate description of each article, and its value, being given" and that "an incorrect declaration of value renders a parcel liable to confiscation."

The 13th April 1886.

On and after the 1st May next the four descriptions of embossed envelopes described below will be available for sale to the public at Post Offices or by licensed stamp vendors at the prices stated:—

2. The new half-anna and one-anna envelopes are larger in size than those now in use, and the quality of paper is also superior in the case of the new envelopes.

3. The existing half-anna and one-anna embossed envelopes will still be offered for sale at the value denoted upon them.

4. The registration envelopes of both sizes are now introduced into India, for the first time: they are recommended for use in connection with registered letters as providing security against damage in transit and against tampering. It should be borne in mind that the embossed stamp on the registration envelopes represents the registration fee only, and that when using these envelopes postage stamps to the required amount should be affixed in the usual way in payment of ordinary postage.

5. An adhesive stamp of the value of 4½ annas will also be available for sale to the public by the 1st May or shortly afterwards. This stamp is intended for use on letters addressed to the United Kingdom and to countries served through the United Kingdom.

VII. That neither you nor your agents shall build a stockade in any teak forest or fell any reserved timber, set fire to the forest or cause injury or annoyance to any jungle tribes or cultivators residing in the neighbourhood.

RESIDENT IN MYSORE.

NOTIFICATION.

Bangalore, the 11th September 1886.

No. 2551-2756.—Under section 11, clause 2, of the Excise Act, No. XXII of 1881, as amended by Act VI of 1885, the Resident in Mysore is pleased to issue the following rules for restricting the cultivation of hemp and for regulating the sale of ganja and its preparations in the Civil and Military Station of Bangalore, with effect from the 22nd July 1886:—

Rules framed by the Resident in Mysore under Act XXII of 1881 as amended by Act VI of 1885, to control the sale of ganja and majum in the Civil and Military Station.

Rule I.—(1) Under section 11 of the Excise Act provision is made—

A. For the restriction of the cultivation of the hemp plant.

B. To restrict the export of ganja and majum obtained from hemp grown in the Civil and Military Station.

C. To restrict the import into the Civil and Military Station of Bangalore of ganja and its preparations.

D. To restrict and regulate (1) the preparation and sale of intoxicating drugs, and (2) to secure the duty leviable in respect of those drugs.

A. To restrict and regulate the cultivation of the hemp plant—

Rule II.—(1) For the purposes of these rules the hemp plant may be taken to be that generally known as the Cannabis sativa of Linn.—Hindustani, ganja; Canarese, bhanghi-soppu; Tamil, ganja-yelle; Telugu, bung-yaku; but as there are several varieties of the Indian hemp, each and every such variety shall be taken to be included in, and as falling under, these rules.

(2) The cultivation of hemp in the limits of the Civil and Military Station will only be allowed on pattahs in form A obtained from the Collector.

B. To regulate the export of the crop of ganja raised—

Rule III.—(1) Ganja obtained from hemp grown in the Civil and Military Station will only be allowed to be exported after a license has in form D been obtained from the Collector.

C. To regulate and restrict the import of ganja raised outside the limits of the Civil and Military Station of Bangalore—

Rule IV.—(1) The Collector may permit the Contractor to import ganja from beyond the limits of the Civil and Military Station under passes in form C to be issued by him in communication with the authorities of the district from which the article is imported, provided the drug is of good quality and is not more than 18 months old. The consignment on arrival shall not have bulk broken till examined and approved by the Collector. Stock shall then be taken and the consignment duly brought to book, and the number and date of the Collector's Pass shall be quoted against the entry in the Contractor's books.

D. To regulate and restrict (1) the preparation of intoxicating drugs, and (2) to secure the duty leviable therefrom—

1. Preparation of drugs.

Rule V.—(1) Appendix N contains a paper giving particulars of the drug itself and some of the principal and most popular preparations thereof, as well as the character, analysis, actions, and uses, botany and economic value of the fibre derived from the hemp plant, and this will serve as a reference for any general information needed on the subject by any one concerned.

2. To secure the duty leviable on the drugs sold.

Rule VI.—(1) To enable Government to recover the duty on the drugs raised in or imported into the Civil and Military Station the following rules shall be observed:—

License form.

(2) The quantity of ganja contained in any of its preparations thereof sold shall be duly exhibited in accounts of both the contractors and the retail dealers. The stocks made and sold shall be separately accounted for as ganja, majum, &c., in the forms prescribed, J, K, L, for the contractors as wholesale dealers, and M, for shopkeepers as retail vendors.

(3) Every person other than the Government contractor and retail vendors in the Civil and Military Station shall on or before the 1st December 1886, produce before the Amildar such ganja or the preparations thereof over five tolahs as he may have in his possession. If the drug is bad from old age or other cause, it shall be destroyed by the Amildar at once. If it is sound it shall be retained by the Amildar for two months during which time the owner may arrange with the contractor to purchase it or he may get a pass for its export from the Collector.

(4) In case the drug is held by the outgoing contractor, he shall make it over to the incoming Government contractor, who shall take over not less than one month's stock struck on the average sales for the past 12 months, and such further quantity thereof as the new contractor may wish to take, provided the Collector approves the quality of such drug. The Collector shall fix the price of these and all other drugs on the market value of the drug (exclusive of profits) at the time of transfer or on the original invoices produced by the old contractor, adding cost of carriage. Any surplus stocks that may remain in the hands of the old contractor shall be ascertained by the Collector and a notice served for its removal within one month's time, under an export pass. A security bond shall be taken from the old contractor to protect Government interests for the time the drugs may remain in his possession. But in any case the new contractor shall be bound to make his own arrangements to provide for the requisite supply needed by him to go on with his contract independent of any such settlement as herein set forth. The old contractor shall further be strictly interdicted against inducing the retail vendors to purchase from him more than the average quantity likely to be required by them during the closing and especially the last month of the contract. This rule shall be strictly enforced.

(5) The contractor shall keep his stock at his wholesale shop and the licensed retail vendors shall keep their stock in their shops, and no where else. The custody of the drugs at the wholesale shop shall be entrusted by the contractor to some responsible person who shall be bound to take out a wholesale license in this behalf in the form (H), so that he may be made directly responsible for his acts. There is no objection to the contractor himself being such wholesale vendor, provided he holds, beside the contract bond, a wholesale license in the prescribed form (H).

(6) The contractor shall only sell to licensed retail vendors. The latter shall sell by retail to the public, but shall not allow the ganja or its preparation to be consumed on their premises.

Rules framed under Section 13 of the Excise Act.
