Constitution of committee.

4. (*1*) In a town to which this Regulation applies there shall be constituted a committee consisting of a president, vice-president and so many other members as the Local Government thinks fit.

Power to impose taxes.

5. (*1*) Subject to the provisions of this section and to any general rules or special orders which the Governor-General in Council may make in this behalf, a committee may impose taxes for the purposes of this Regulation.

(*2*) When a committee proposes to impose a tax, it shall submit its proposal for the approval of the Local Government.

(*3*) If the proposal is approved by the Local Government, the committee shall publish a notice thereof, and in the notice define the persons or property within the town to be taxed, and the amount or rate of the tax to be imposed.

(*3*) Where the right is a right to forest-produce, the Forest-settlement-officer shall record whether the forest-produce obtained by the exercise of such right may be sold or bartered, and such other particulars as may be necessary in order to define the nature, incidents and extent of the right.

12. (*1*) When the Forest-settlement-officer has admitted wholly or in part and recorded under the last foregoing section a claim to a right of pasture or to forest-produce, he shall as far as possible provide for the exercise of such right—

(iii) whether the right is a right of pasture or a right to forest-produce, such other particulars as may be required in order to define the extent of the right which is continued, the mode in which it may be exercised and the extent to which the benefit thereof may be leased, sold or bartered.

13. Whenever any right of pasture or to forest-produce admitted under section 11 is not provided for in one of the ways prescribed in section 12, the Forest-settlement-officer shall, subject to such rules as the Local Government may prescribe in this behalf, commute such right by paying a sum of money in lieu thereof, or, with the consent of the claimant, by the grant of land, or in such other manner as such officer thinks fit.

Commutation of such rights.

the Local Government may publish a notification in the official Gazette specifying the limits of the forest which it is intended to reserve and declaring the same to be reserved from a date fixed by such notification.

(*2*) From the date so fixed such forest shall be deemed to be a reserved forest.

His Excellency the Right Hon'ble the Governor-General in Council has resolved to borrow two hundred lakhs of Rupees for the public service in the following manner.

2. Promissory Notes will be issued for the said amount in Form A annexed to this Notification, being the form of the notes of *The Four Per Cent. Loan of 1st May, 1865*, will apply to the notes to be now issued.

3. Tenders for the whole or any part of the said amount of Rs. 2,00,00,000 will be received by the Comptroller-General from this date to noon of Tuesday, the second of August next. Tenders must be in sums of 500 Rupees or multiples of 500 Rupees.

Loan.*" If the tenderer is not resident in India, he must name an agent resident in India to whom a letter of allotment may be issued if any part of the loan is allotted to such tenderer.[1]

(*a*) Each tender must be accompanied by a receipt from the Head Office of the Bank of Bengal, or Madras, or Bombay, or one of their Branches, or from an officer in charge of some Public Treasury, or by a cheque drawn in favour of the Comptroller-General on a Bank in Calcutta, Madras, or Bombay, or in favour of the Accountant-General, Bombay, on a Bank in Bombay in respect of tenders received by him, or by[2] Government promissory notes, standing in the name of or endorsed to the tenderer or the person making the deposit, for not less than one-hundredth, or, if the tender be for less than Five Lakhs of Rupees, then for not less than one-fiftieth, part of the tender.

(*b*) Deposits, not being promissory notes, will, in the case of accepted tenders, be credited proportionally in part payment of the allotment-certificates issued in respect of the tender, and will bear interest for the purpose of clause 14 below from the date of the opening of tenders. If any allotment-certificate is not fully taken up, the deposit credited in respect of it will be forfeited.

(*c*) Promissory notes deposited in respect of any accepted tender will be held until all the allotment-certificates issued in respect of the tender are paid up, and will, if the allotment-certificates are not fully taken up, be appropriated by the Government and cancelled.

[1] Tenders made in accordance with these instructions will also be received by the Accountant-General, Bombay, on account of the Comptroller-General, Calcutta, on the 1st August and up to 11 o'clock local time (corresponding with 12 o'clock in Calcutta) on the 2nd August; provided that—

6. The rate at which each tender is made must be specified in rupees and annas: a tender in which no rate is thus specified, but a subscription is offered in some other terms, as, for example, at the recorded minimum, or at some specified percentage in addition to the recorded minimum, or at the average of the accepted tenders, will be rejected as null and void.

7. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller-General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

8. Tenders will be opened, publicly, by the Comptroller-General at the Treasury Buildings, Calcutta, at noon (Calcutta time) on Tuesday, the 2nd August next, and those received under the terms of the footnote under clause 4 will be similarly opened by the Accountant-General, Bombay, at 11 o'clock (Bombay time) on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 10.

9. Tenders at the recorded minimum rate, and at rates above the recorded minimum rate, will be accepted in the order of the rates tendered, beginning with the highest rate; the amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate, in proportion, as nearly as may be found convenient, to the amounts of their tenders: provided that no allotment will be issued if the amount distributable on any tender is less than Rs. 350.

10. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller-General[1] as soon as possible after the 2nd August; and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted, for general information, at the Head Offices of the Banks of Bengal, Madras, and Bombay.

11. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates (after credit of the deposit under clause 4 (*b*)) will be made payable upon the 13th September.

Otherwise the whole amount of each allotment will be divided into three instalments, as follows:

Instalment I—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 16th August:

Instalment II—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 13th September:

Instalment III—The balance, payable upon the 18th October:

and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 500.

12. Any allotment-certificate will, on application to the Comptroller-General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations, provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

13. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal, or Madras, or Bombay, or in any Branch of these Banks, or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal,

[1] For tenders received by the Accountant-General, Bombay, and payable at Bombay, the Accountant-General, Bombay, will issue the allotment-certificates.

Madras, and Bombay, or their Branches, or by the Officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

14. (*a*) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, promissory notes of such values as he may desire (each note being in even hundreds and not less than Rs. 500), bearing interest from 1st November, 1887, and he will also receive interest at 4 per cent. per annum from the dates on which he may have made payment till the last day of October, 1887.

(*b*) Or he may, at his option, by paying interest at the said rate from 1st May, 1887, to the dates on which he may have made payment, obtain promissory notes as above, bearing interest from 1st May, 1887.

15. No. 1492 *E.*—The following Treaty of Friendship, Commerce, and Navigation between Her Majesty and His Highness the Sultan of Zanzibar is published for general information:

TREATY OF FRIENDSHIP, COMMERCE AND NAVIGATION BETWEEN HER MAJESTY AND HIS HIGHNESS THE SULTAN OF ZANZIBAR.

Signed *at Zanzibar, April 30th, 1886.*

[*Ratifications exchanged at Zanzibar, August* 17, 1886.]

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, and His Highness the Seyyid Barghash bin Saeed, Sultan of Zanzibar, being desirous to confirm and strengthen the friendly relations which now subsist between the two countries, and to promote and extend their commercial relations, have named as their Plenipotentiaries to conclude a Treaty for this purpose, that is to say:

Her Majesty the Queen of the United Kingdom of Great Britain and Ireland, Empress of India, Sir John Kirk, Knight Grand Cross of the Most Distinguished Order of St. Michael and St. George, Her Britannic Majesty's Agent and Consul-General at Zanzibar;

And His Highness the Sultan of Zanzibar, his Chief Secretary Mohammed bin Salim bin Mohammed el Mauli;

Who, having communicated to each other their respective full powers, found in good and due form, have agreed upon and concluded the following Articles:

ARTICLE I.

There shall be perpetual peace and amity between the two High Contracting Parties and their subjects.

ARTICLE II.

Subjects of Her Britannic Majesty shall enjoy, immediately and unconditionally, throughout the dominions of His Highness the Sultan of Zanzibar, with respect to commerce, shipping, and the exercise of trade, as in every other respect, all the rights, privileges, immunities, advantages, and protection of whatsoever nature, which are, or hereafter may be, enjoyed by or accorded to the subjects or citizens of the most favoured nation.

They shall more especially not be liable to other or more onerous duties, imposts, restrictions, or obligations, of whatever description, than those to which subjects or citizens of the most favoured nation now are, or hereafter may be, subjected.

The rights of the most favoured nation shall also be accorded to subjects of His Highness the Sultan of Zanzibar within the territories of Her Britannic Majesty.

ARTICLE III.

The High Contracting Parties acknowledge the right of appointing Consular officers to reside in each other's dominions, wherever this may be deemed to be desirable in the interest of commerce or otherwise, and such Consular officers, together with their Assistants and those in their service, shall enjoy, with regard to their persons and houses, and also in the exercise of their official duties, in addition to the rights herein stipulated, the same honours and privileges as are, or in future shall be, enjoyed by Consular officers of the most favoured nation. In event of a riot or other disturbance of the public peace, His Highness the Sultan shall provide the British Consular officers, at their request, with a guard in order to guarantee their safety and the inviolability of the Consular office and dwelling, and shall, at the request of a British Consular officer, place the police force at his disposal to assist in effecting arrests or in the execution of his official duties.

ARTICLE IV.

There shall be perfect freedom of commerce and navigation between the High Contracting Parties; each shall allow the subjects of the other to enter all ports, creeks, and rivers, with their vessels and cargoes, also to travel, reside, pursue commerce and trade, whether wholesale or retail, in each other's dominions, and therein to hire, purchase, and possess houses, warehouses, shops, stores, and lands. British subjects shall everywhere be freely permitted, whether personally or by agent, to bargain for, buy, barter, and sell all kinds of goods, articles of import or native production, whether intended for sale within the dominions of His Highness or for export, and to arrange with the owner or his agent regarding the price of all such goods and produce, without interference of any sort on the part of the authorities of His Highness.

His Highness the Sultan of Zanzibar binds himself not to allow or recognize the establishment of any kind of monopoly or exclusive privilege of trade within his dominions to any Government, Association, or individual.

ARTICLE V.

Subjects of Her Britannic Majesty shall be permitted, throughout the dominions of His Highness the Sultan, to acquire, by gift, purchase, intestate succession, or under will, or in any other legal manner, land, houses, and property of every description, whether movable or immovable; to possess the same; and freely to dispose thereof by sale, barter, donation, will, or otherwise.

ARTICLE VI.

With a view to facilitate commerce and for the purpose of regulating and securing the revenue which His Highness the Sultan now derives from the customs and other duties levied on foreign merchandize and on inland produce, the following Regulations contained in Articles VII, VIII, IX, X, XI, and XII have been agreed upon.

ARTICLE VII.

His Highness the Sultan shall be permitted to levy a duty of entry not exceeding 5 per cent. on the value of all goods and merchandize,

of whatever description, imported by sea from foreign countries, and landed at any port in the islands or on the coast of the mainland of Africa within the dominions of His Highness. This duty shall be paid at that port in His Highness' dominions where the goods are first landed, and on payment thereof such goods shall thereafter be exempt, within the Zanzibar dominions, from all other customs duties or taxes levied by or on behalf of the Government of His Highness the Sultan, by whatever names these may be designated, and no higher import duty shall be claimed from British subjects than that which is paid by subjects or citizens of the most favoured nation.

This duty once paid shall cover, from all other charges on the part of His Highness the Sultan, goods of whatever description coming from foreign countries by sea, whether these are intended for local consumption or for transmission elsewhere, in bulk or otherwise, and whether they remain in the state in which they are imported or have been manufactured.

Spirits and spirituous liquors of all kinds imported into the dominions of His Highness the Sultan from abroad shall be subject to an entry or import duty of 25 per cent. *ad valorem*. Beer and wines containing less than 20 per cent. by volume of alcohol are not to be considered or classed as spirituous liquors within the meaning of this Article. These latter, therefore, remain subject to the common entry duty of 5 per cent. *ad valorem*.

There shall, however, be exempted from payment of all duty the following, namely:

1. All goods and merchandize which, being destined for a foreign port, are transhipped from one vessel to another in any of the ports of His Highness the Sultan of Zanzibar, or which have been for this purpose provisionally landed and deposited in any of the Zanzibar custom-houses to await the arrival of a vessel in which to be reshipped abroad. But goods and merchandize so landed shall be exempted only provided that the consignee or his agent shall have, on the arrival of the ship, handed over the said goods to be kept under Customs seal, and declared them as landed for transhipment, designating at the same time the foreign port of destination, and also provided that the said goods are actually shipped for the same foreign port as originally declared, within a period not exceeding six months after their first landing, and without having in the interval changed owners.

2. All goods and merchandize which, not being consigned to a port within the dominions of the Sultan, have been inadvertently landed, provided that such goods and merchandize are reshipped on board of the same vessel and therein are transported abroad. Should, however, such goods or merchandize here spoken of be opened or removed from the custody of the Customs authorities, the full duty shall then be payable on the same.

3. Coals, naval provisions, stores and fittings, the property of Her Majesty's Government, landed in the dominions of His Highness for the use of the ships of Her Majesty's navy.

4. All goods and merchandize transhipped or landed for the repair of damage caused by stress of weather or other disasters at sea, provided the cargo so discharged shall be reshipped and taken away on board of the same vessel, or if the latter shall have been condemned, or her departure delayed, in any other.

5. Machines and implements for agricultural purposes, also all materials destined for the construction and maintenance of roads, tramways, or railroads, and generally all means of conveyance certified by the attestation of a British Consular officer resident in Zanzibar dominions to be destined for countries inland and west of His Highness' dominions.

ARTICLE VIII.

His Highness the Sultan is further permitted to levy a special export duty, but only on the articles and to the amount hereafter stated, on such merchandize and native products coming from his own dominions, or from the interior of Africa, as are included in the annexed Tariff.

This special duty to be levied by and on behalf of His Highness the Sultan shall be paid (if such has not been previously done) at all events previous to the shipment of these articles out of the dominions of His Highness the Sultan. No distinction shall be made whether the said goods and native produce have their origin within the dominions of His Highness the Sultan, or come from districts of the African Continent beyond His Highness' frontiers.

But if the special duty on goods and produce above referred to has once been paid, the latter, whether in a raw or manufactured state, shall not be again taxed with other duties or imposts, levied by or on behalf of the Government of His Highness the Sultan, but may thereafter be relanded free at any port in the dominions of His Highness, and be exported without further charge, always provided that they have not previously been landed and manufactured in a foreign country.

The High Contracting Parties reserve to themselves the right to claim a revision of the annexed special Tariff, after successive terms of five years, to begin to reckon from the day of the exchange of the ratifications of the Treaty, in order to allow of such alteration, additions, or amendments being made as experience may have shown to be necessary or desirable.

ARTICLE IX.

It is fully understood by the High Contracting Parties that the special duties referred to in Article VIII to be levied on behalf of His Highness the Sultan shall be in lieu of and as equivalent for—

1. The monopoly rights, which until now His Highness has been authorized by former Treaties to exercise over ivory and copal coming from certain districts on the coast. The taxes until now charged on these articles as monopoly taxes shall therefore cease and be abolished.

2. The duty of 5 per cent. *ad valorem*, or in kind, now levied on goods, and produce of the dominions of His Highness the Sultan, and of the interior of Africa, at the first port of His Highness' dominions where such goods happen to be landed, and also the additional taxes which His Highness has for some time levied on certain goods or produce under the denomination of native taxes are abolished and shall cease.

It is understood that such other goods, merchandize, and produce brought by land from those districts of the African Continent to the west of the dominions of His Highness as are not included in the special Tariff now agreed upon, are not liable for duty of any description; they shall, on entering, leaving, and while within the dominions of His Highness, be free from all duties, taxes, and customs of His Highness' Government.

It is also agreed between the High Contracting Parties that British subjects are not liable to be taxed by or on behalf of His Highness the Sultan, or his authorities, with any other duties, customs, or taxes than those before specified in Articles VII and VIII, whether for their persons, houses, lands, or goods.

ARTICLE X.

It is, however, agreed and understood by the High Contracting Parties that, in the event of an arrangement being entered into hereafter between His Highness and the Powers having Treaty relations with Zanzibar, and to which Great Britain shall be a consenting party, whereby vessels entering the port of Zanzibar shall be charged with shipping, tonnage, or harbour dues, such dues to be administered under the control of a special Board for the improvement of the harbour and construction and maintenance of lighthouses, &c., nothing in the aforementioned provisions shall be construed so as to exempt British vessels from payment of such shipping, harbour, or tonnage dues as may hereafter be agreed upon.

ARTICLE XI.

It shall be at the option of the British subject in each case to pay the percentage duties stipulated in Articles VII and VIII either in cash, or, if the nature of the goods allow of it, in kind, by giving up an equivalent amount of the goods or produce.

In the event of payment being made in cash, the value of the merchandize, goods, or produce on which duty is to be levied shall be fixed according to the ready-money market price ruling at the time when the duty is levied. In the case of foreign imports the value shall be fixed according to the market price at Zanzibar, and in that of native goods and produce by the market price at the place where the merchant shall choose to pay the duty.

In the event of any dispute arising between a British subject and the Custom-house authorities regarding the value of such goods, this shall be determined by reference to two experts, each party nominating one, and the value so ascertained shall be decisive. Should, however, these experts not be able to agree, they shall choose an umpire, whose decision is to be considered final.

ARTICLE XII.

His Highness the Sultan of Zanzibar engages by the present Treaty to provide, and give orders to his officials, that the movement of goods in transit shall not be obstructed or delayed in a vexatious manner by unnecessary Customs formalities and regulations, and that every facility will be given for their transport by land and river, and that as far as is consistent with the special provisions of this Treaty the principles approved of by the Congo Conference shall be carried out.

His Highness further undertakes to see that a custom-house answering all requirements of commerce be erected at Zanzibar with stores secure against fire, decay, or theft, for the protection of the goods placed therein. The conditions under which goods shall be stored, and the charges to be levied on account thereof, shall be subject to future agreement between His Highness the Sultan and the Representatives of the several Treaty Powers.

ARTICLE XIII.

British vessels entering a port in the dominions of His Highness the Sultan of Zanzibar in distress shall receive from the local authorities all necessary aid to enable them to revictual and refit so as to proceed on their voyage.

Should a British vessel be wrecked off the coast of the mainland, or on one of the islands of His Highness' dominions, the authorities of His Highness shall render all assistance in their power to the distressed vessel, in order to save the ship, her cargo, and those on board; they shall also give aid and protection to persons saved, and shall assist them in reaching the nearest British Consulate; they shall further take every possible care that the goods so recovered are safely stored, and kept for the purpose of being handed over to the owner, captain, agent of the ship, or British Consul, subject always to rights of salvage.

His Highness' authorities shall further see that the nearest British Consulate is at once informed of such disaster having occurred.

Should a British vessel wrecked on the coast of the mainland, or islands, within the dominions of the Sultan of Zanzibar be plundered, the authorities of His Highness shall, as soon as they come to know thereof, render prompt assistance and take measures to pursue and punish the robbers, and recover the stolen property. Likewise, should a vessel of His Highness the Sultan of Zanzibar, or of one of his subjects, enter a Birtish port in distress, or be wrecked off the coast of Her Majesty's dominions, the like help and assistance shall be rendered by the British authorities.

ARTICLE XIV.

Should sailors or others belonging to a British ship of war, or merchant-vessel, desert and take refuge on shore or on board of any of His Highness' ships, the authorities of His Highness the Sultan of Zanzibar shall, upon request of a Consular official, or in his absence of the captain of the ship, take the necessary steps in order to have them arrested and delivered over to the Consular official or to the captain.

In this, however, the Consular officer and captain shall render every assistance.

So also the authorities of His Highness the Sultan, in case of men deserting from ships of His Highness the Sultan, or of his subjects, and who have taken refuge on board of a British vessel in harbour, or in the house of a British subject on shore in Zanzibar, may apply to a British Consular official, or in his absence to the captain or house occupant, who, unless there is reason to the contrary, shall take the

necessary steps to cause them to quit the vessel or premises, for the purpose of being returned to the captain or the Sultan's authorities.

ARTICLE XV.

In the event of goods or produce the property of or consigned to a British subject being seized as having been landed or passed under a false declaration, and for the purpose of fraudulently evading payment of any duty or tax, the matter shall be immediately brought to the notice of the nearest British Consular authority, who shall thereupon inquire into the circumstances and make such order therein as he shall see fit, with power to condemn and confiscate, either in whole or in part, for the benefit of His Highness the Sultan, the goods so seized, and, in addition, to punish the offender, if a British subject, with fine, which fine, if any, shall be paid over to His Highness.

ARTICLE XVI.

Subjects of Her Britannic Majesty shall, as regards their person and property, enjoy within the dominions of His Highness the Sultan of Zanzibar the rights of exterritoriality.

The authorities of His Highness the Sultan have no right to interfere in disputes between subjects of Her Britannic Majesty amongst themselves, or between them and members of other Christian nations, such questions, whether of a civil or criminal nature, shall be decided by the competent Consular authorities. The trial and also the punishment of all offences and crimes of which British subjects may be accused within the dominions of His Highness the Sultan, also the hearing and settlement of all civil questions, claims, or disputes in which they are the defendants is expressly reserved to the British Consular authorities and Courts, and removed from the jurisdiction of His Highness the Sultan.

Should disputes arise between a subject of His Highness the Sultan, or other non-Christian Power not represented by Consuls at Zanzibar, and a subject of Her Britannic Majesty, in which the British subject is the plaintiff or the complainant, the matter shall be brought before and decided by the highest authority of the Sultan, or some person specially delegated by him for this purpose. The proceedings and final decision in such a case shall not, however, be considered legal unless notice has been given and an opportunity afforded for the British Consul or his substitute to attend at the hearing and final decision.

ARTICLE XVII.

Subjects of His Highness the Sultan or any non-Christian nation not represented by Consuls at Zanzibar, who are in the regular service of British subjects, within the dominions of His Highness the Sultan of Zanzibar, shall enjoy the same protection as British subjects themselves. Should they be charged with having committed a crime or serious offence punishable by law, they shall, on sufficient evidence being shown to justify further proceedings, be handed over by their British employers or by order of the British Consuls to the authorities of His Highness the Sultan for trial and punishment.

ARTICLE XVIII.

Should a subject of Her Majesty, residing in the dominions of His Highness the Sultan of Zanzibar, be adjudicated bankrupt, the British Consul shall take possession of, recover, and realize all available property and assets of such bankrupt, to be dealt with and distributed according to the provisions of British Bankruptcy Law.

ARTICLE XIX.

Should a subject of His Highness the Sultan of Zanzibar resist or evade payment of the just and rightful claims of a British subject, the authorities of His Highness the Sultan shall afford to the British creditor every aid and facility in recovering the amount due to him. In like manner the British Consul shall afford every aid and facility to subjects of His Highness the Sultan of Zanzibar in recovering debts justly due to them from a British subject.

ARTICLE XX.

Should a British subject die within the dominions of His Highness the Sultan of Zanzibar, or, dying elsewhere, leave property therein, movable or immovable, the British Consul shall be authorized to collect, realize, and take possession of the estate of the deceased, to be disposed of according to the provisions of British law.

ARTICLE XXI.

The houses, dwellings, warehouses, and other premises of British subjects or of persons actually in their regular service within the dominions of His Highness the Sultan of Zanzibar shall not be entered, or searched, under any pretext by the officials of His Highness, without the consent of the occupier, unless with the cognizance and assistance of the British Consul or his substitute.

ARTICLE XXII.

It is hereby agreed between the two High Contracting Parties that, in the event of an agreement being hereafter arrived at between His Highness the Sultan of Zanzibar and the various Powers with which His Highness shall be in Treaty relations, including Great Britain, which must be a consenting party, whereby the residents of a district or town shall, without distinction of nationality, be made subject to the payment of local taxes, for municipal and sanitary purposes, the same to be fixed and administered by or under the control of a special Board, nothing contained in this Treaty shall be understood so as to exempt British residents from the payment of such taxes.

ARTICLE XXIII.

Subjects of the two High Contracting Parties shall, within the dominions of each other, enjoy freedom of conscience and religious toleration. The free and public exercise of all forms of religion, and the right to build edifices for religious worship, and to organize religious missions of all creeds, shall not be restricted or interfered with in any way whatsoever.

Missionaries, scientists, and explorers, with their followers, property, and collections, shall likewise be under the especial protection of the High Contracting Parties.

Natal.
New South Wales.
Victoria.
Queensland.

ARTICLE XXV.

The present Treaty has been executed in quadruplicate, two copies being written in English, and two in Arabic. These are understood to be of similar import and signification; in the event, however, of doubt hereafter arising as to the proper interpretation of the English or Arabic text of one or other of the Treaty stipulations, the English text shall be considered decisive. The Treaty shall come into operation on the first day of the next Zanzibar financial year, or if the ratifications have not been previously exchanged, within one month after the date when this may take place.

ARTICLE XXVI.

The present Treaty shall remain in force for a period of fifteen years, to reckon from the day of the exchange of ratifications.

It shall be competent for the High Contracting Parties thereafter to move for a revision of the present Treaty, in order to allow of such alterations, additions, or amendments as experience may have shown to be necessary or desirable; but such a motion must be notified by the party claiming a revision one year previous to the expiration of the present Treaty, otherwise what is herein agreed upon shall be considered binding upon both parties for a further period of ten years.

ARTICLE XXVII.

The present Treaty shall be ratified and the ratifications exchanged at Zanzibar as soon as possible.

In faith whereof the respective Plenipotentiaries have signed this Treaty, and have affixed thereto their seals.

I. (1) When a person subject to military law is accused of an offence for which he is liable under the Army Act, 1881, section 41, to be tried by a court-martial, a Magistrate shall not proceed to try him, or to issue an order for his trial by jury, or to hold an inquiry into the case as a case triable by the Court of Session or the High Court, unless he is moved to do so by the military authorities, or is of opinion, for reasons to be recorded in writing, that he ought so to proceed without being moved thereto by those authorities.

(2) When the Magistrate is of opinion that he ought so to proceed without being moved thereto by the military authorities, he shall give notice of his intention to do so to an officer to whose command the accused person is subject, and shall not, till the expiration of fifteen days from the date of the service of the notice on the officer,—

II. If, after a Magistrate has been moved by the military authorities to proceed against a person subject to military law for an offence for which that person is liable, under the Army Act, 1881, section 41, to be tried by court-martial, an officer to whose command the person is subject notifies to the Magistrate that, in the opinion of the military authorities, the accused should be tried

1. Civil Engineers on the effective list of the Public Works Department.
2. Civil Engineers transferred to the Accounts Branch, or the Superior Railway Revenue Establishment, or to foreign service under Chapter III of the Civil Pension Code.
3. All Civil members of the Superior Accounts Establishment who are not Civil Engineers.
4. Superior Civil Officers of the Indian Telegraph Department.

II.—The conditions under which these officers will join the Fund are as follow:

(1) The monthly deposit may be not less than 5 per cent. and not more than 10 per cent. on the salary (as defined in the Financial Codes) of each depositor for that month.

(2) In the case of officers in the Public Works Department on the 4th February 1885, or in the Telegraph Department on the 13th October 1886, the deposits will be voluntary, and may be discontinued and renewed at the option of the depositor. Those who wish to join the Fund may pay up arrears within the authorized limits from the commencement of service, or for any shorter time, in one sum, interest on which will be allowed from the date of payment. But officers joining either of these Departments after the dates given above for the Department concerned must contribute 5 per cent. of their salary to the Fund, and may contribute up to 10 per cent. of salary. Apprentices may contribute to the Fund, but will not be compelled to do so.

(3) An officer on leave of any kind may, at his option, subscribe any sum he pleases, subject to a minimum of 5 per cent. on his leave allowances, and a maximum of 10 per cent. on the salary he would draw, if on duty.

NOTE.—When an officer's leave allowances are drawn *in India*, the subscriptions will be dealt with, as usual, on audit of pay bills—see para. IV. When, however, they are payable *out of India*, or when an officer is on leave without allowances, he can contribute such amount as he pleases between the minimum and maximum as above, but must make his own arrangements for the payments.

(4) Compound interest at 4 per cent. on such payments will be annually credited by Government to each officer subscribing.

(5) The sum which will thus accumulate to the credit of an officer will be his absolute property, to be handed over to him unconditionally on quitting the service, or, in the event of his death before retirement, to his legal representatives.

Administration of the Fund.

III.—The deposits received under the foregoing resolution will be placed in a Government Savings Bank named "Civil Engineers' Provident Fund." The administration of the Fund will rest with the Government of India in the Public Works Department.

Receipts of deposits.

IV.—Deposits will be received in the case of officers of the Public Works Department by the various Examiners of Public Works and Railway Accounts throughout India, and in the case of officers of the Telegraph Department by the Examiner of Telegraph Accounts. They will be recovered by deduction from the pay bills, or may be made in cash. Deposits cannot, except in the cases provided for in the next rule, be made otherwise than through an Examiner or an Executive Engineer or Divisional Superintendent of Telegraphs, who is in account with an Examiner.

V.—An officer who is not on the books of any Examiner, but receives his allowances either from the Civil Department or from a local fund or a Foreign State, may, if he has already been admitted as a depositor, pay his contributions either in cash into the nearest treasury, or, if he is paid by the Civil Department, by deduction from his salary bill. He must in either case specify the number of his account. His contributions will be passed on, by the Civil Accountant General, in the case of an officer of the Public Works Department to the Examiner, Public Works Accounts, of the Province, and in the case of an officer of the Telegraph Department, to the Examiner of Telegraph Accounts. The Examiner to whom the contributions are passed on will exercise the responsibility mentioned in Rule IX.

An officer of this class who has not already been admitted must apply for admission (and assignment of number) to the Accountant General, Public Works Department.

NOTE.—For the purposes of this rule, so far as concerns officers of the Public Works Department, the Examiner for the Province is, in the case of India Treasuries, the Examiner of Military Works Accounts.

Withdrawals.

VI.—No withdrawal will ordinarily be allowed from the deposit until the depositor quits the service or dies. But on Local Governments or Administrations being satisfied that the pecuniary circumstances of a depositor are such that the indulgence is absolutely necessary, a deposit may be temporarily withdrawn under orders issued by the respective Local Governments and Administrations—

(i) to pay for the passage of the depositor going on leave out of India on medical certificate or returning after such absence;

(ii) to pay for the passage of any member of the depositor's family coming from beyond the sea, to join him, or going beyond the sea, sick, or from some urgent cause.

A withdrawal thus sanctioned will be made after reference to the Comptroller General to ascertain that it is covered by the amount at credit.

NOTE.—In the case of depositors of Telegraph Department, the Director General of Telegraphs exercises the powers of a Local Government.

VII.—Withdrawals under Rule VI will be recovered in 20 equal monthly instalments compulsorily deducted from salary in addition to contributions under Rule II, whenever full salary is drawn, until the whole is refunded. Such instalments may be paid in advance.

Deceased depositors.

VIII.—The balances of deceased depositors will be paid according to Rules 51 and 52, Chapter 21, of the Civil Account Code, 4th edition, and Act V of 1873:

Rules 51 and 52 of Chapter 21 of the Civil Account Code, 4th edition.

51.—The cases of decease and lunacy of depositors are provided for by Act V of 1873.

As regards deceased depositors, Act V of 1873 applies to those balances only which do not exceed Rs. 1,000. Balances in excess of Rs. 1,000 should be paid on production of probate, letters of administration, or a certificate under Act XXVII of 1860, unless otherwise ordered by the Local Government, which has a discretionary power to dispense with such evidence in cases where it is of opinion that to require it would cause hardship, and to dispense with it would involve no appreciable risk.

52.—When repayment is made of a deposit belonging to the estate of a depositor deceased, the list of deposits repaid must be supported by a certificate from the Secretary, setting forth that probate of the deceased's will or letters of administration to his or her estate, or a certificate granted under Act XXVII of 1860 (see Form 62), in favour of the actual Payee, has not been produced before him.

1.—Form 63 is prescribed for certificate under section 8 of Act V of 1873 (Savings Banks Act) required for proceedings regarding deceased depositors' estates.

Responsibility of Examiners.

IX.—For the proper admission of depositors, the correct realization of the receipts, and the admission and payment of the withdrawals, the Examiners, as audit officers, will be entirely responsible. The functions of the Comptroller General are purely those of keeping the account of the receipts and withdrawals as reported by the Examiners.

Examiner's account of deposit.

X.—All sums received from depositors will be credited, and all sums withdrawn will be charged by the Examiners under the head "Civil Engineers' Provident Fund."

XI.—The Examiner will, at the end of each month, forward to the Comptroller General, Savings Bank Department, a statement, in Public Works Department Form No. 82A, of the sums he has received on account of the Fund. This statement will contain (1) the dates of receipt; (2) the numbers of the depositors' accounts; (3) names and official designations of the depositors; and (4) amounts of deposits. The total of this statement must agree with the corresponding credit in the Examiner's account as rendered to the Accountant General. For number of depositors' account, see below, Rule XV.

Examiner's account of withdrawals.

XII.—The Examiner will similarly forward a monthly statement of withdrawals in Public Works Department Form No. 82 B. This statement will give the following particulars, and the total of it must agree with the corresponding debit in the Examiner's monthly account as rendered to the Accountant General:—(1) dates of payments; (2) numbers of depositors' accounts; (3) names and official designations; (4) amounts paid; (5) number and date of the orders of the Local Government or Administration for payment as prescribed in Rule VI. For number of account, see below, Rule XV.

The Accountant General will, together with his monthly account, send to the Comptroller General a complete statement, by Examiners, of the total receipts and withdrawals on account of the Provident Fund.

Accounts of Fund to be transferred annually to the books of Examiner, Military Works Accounts.

XIII.—The yearly receipts and charges on account of the Civil Engineers' Provident Fund will be cleared from the books of the various Examiners by transfer to those of the Examiner of Accounts, Military Works, in whose books consequently the transactions of the whole Fund will be recorded.

Depositors' ledger.

XIV.—The account of each depositor will be posted in a ledger, to be kept by the Comptroller General, Savings Bank Branch. The ledger will be closed as soon as possible after the 31st March of each year.

Numbers of depositors' accounts.

XV.—Every account in this ledger will receive a distinct number. The number so given to the depositors' accounts will be consecutive. When a new depositor is admitted, the Comptroller General will, on reference, notify to the Examiner concerned, or in the case of depositors not on the books of any Examiner, to the Accountant General, Public Works Department, the number to be given to his account; and this number will be quoted against all further deposits, and all withdrawals in the statements prescribed in Rules XI and XII. A depositor's number will not be altered, nor will the numbers of closed accounts be given to new depositors. In the event of the depositor's transfer, the number will be noted on his last-pay certificate, in order that the next Examiner may be able to quote it in his deposit statements. The amount contributed during the last six months prior to transfer should also be noted on the last pay certificate.

Interest.

XVI.—Interest will be allowed for each calendar month upon the minimum balance of the depositor's account, between the close of the fourth day and the end of the month. In calculating interest under this rule, the deposits received by deduction from salary will be considered as paid into the Fund on the 1st of the month succeeding that for which the salaries from which the deductions are made are due. The interest will be calculated monthly as provided for in the form of ledger, but will not be added to the principal until the end of the official year, except when the account is to be finally closed, in which case the interest will be paid, after reference, as prescribed in the next section.

Closing of account.

XVII.—When an account is to be closed, the Examiner who at the time is charged with the receipt of the deposits will submit to the Comptroller General a statement of the transactions of the past four months, certifying them to agree with the debits and credits in his accounts (or submitting such certificate of any other Examiner in whose accounts they were included), and will apply for an order for payment of interest and principal up to date. The account will be made up in advance by the Comptroller General, and issued in the Form A attached, with an order directing the debit.

Addition of interest.

XVIII.—The amount of interest to be added to the balance of the Fund will be calculated each year by the Comptroller General, who will issue a direction to the Accountant General, Public Works Department, to credit the amount to the Fund by debit to Civil Department in the Exchange Account between the Comptroller, India Treasuries, and the Examiner of Accounts, Military Works. This transaction must include the debits on account of interest paid during the year on closed accounts, which during the currency of the year is debited to the Fund itself.

Yearly advice to depositors.

XIX.—As soon as possible after receiving the March accounts of the Accountant General, Public Works Department, the Comptroller General will make up each depositor's account, with interest, to March 31st, and will send him, through the Examiner in whose account his last subscription was received, a statement of his account in Form A annexed, or in some similar form. Depositors are required to satisfy themselves as to the correctness of these statements; and unless errors in them are brought to the notice of the Comptroller General within one month from the date of their receipt, Government will not be responsible for any sums not thus acknowledged.

XX.—Any depositor may, once in the official year, but not oftener, receive, on application to the Comptroller General, a copy of his account for the last official year, and for as many months of the current year as may have been posted and agreed with the accounts of the Department.

Simla, the 22nd August, 1887.

No. 23.—Whereas by Resolution passed by the Secretary of State for India in Council the provisions of the 33rd of Vic., Chap. 3, Sec. 1, were declared to be, from the 1st March, 1886, applicable to Upper Burma, with the exception of the Shan States;

And whereas the Chief Commissioner of Burma has proposed to the Governor-General in Council a draft of the following Regulation, together with the reasons for proposing the same;

And whereas the Governor-General in Council has taken the draft and reasons into consideration, and has approved of the draft, and the same has received the Governor-General's assent on the 20th day of August, 1887;

In pursuance of the direction contained in the said section, the said Regulation is now published in the *Gazette of India*:—

REGULATION NO. X OF 1887.

A Regulation to define, extend and limit the operation of certain enactments in Upper Burma, and for other purposes.

WHEREAS it is expedient to remove doubts as to the effect of the law in force in Upper Burma with respect to stamps on instruments to which at the time of their execution the law of British India did not apply;

And whereas it is expedient to apply certain provisions of the Upper Burma Civil Justice Regulation, 1886, respecting pleaders to certain proceedings to which that Regulation is at present inapplicable; VIII of 1886.

And whereas it is expedient to determine the period of limitation for appeals and applications under that Regulation;

And whereas the period for the institution of suits was not limited in Upper Burma before that territory became part of British India, and it is expedient that persons having just claims which, if Upper Burma had not become part of British India, they might have enforced in the Courts of Upper Burma should not be debarred from enforcing those claims by reason of a period of limitation being prescribed for suits by the law now in force in Upper Burma;

And whereas it is expedient to limit the amount of interest to be decreed in suits instituted while the law of limitation for the institution of suits is inoperative;

It is hereby enacted as follows:—

Title, extent and commencement.

1. (1) This Regulation may be called the Upper Burma Stamps and Limitation Regulation, 1887.

(2) It extends to the whole of Upper Burma except the Shan States: and

(3) It shall come into force at once.

I of 1879. **2.** The provisions of the Indian Stamp Act, 1879, with respect to the consequences of instruments not being duly stamped shall not apply to any instrument which may have been executed before section 6 of the XX of 1886. Saving in favour of unstamped instruments.

3. (1) Notwithstanding anything in section 17 of the Upper Burma Civil Justice Regulation, 1886, the provisions of sections 20, 21 and 22 of that Regulation shall apply to all proceedings which are regulated by the Code of Civil Procedure in the Court of the Judicial Commissioner or in the Civil Court of Mandalay or in any other Court, or before any officer, in the territories to which this Regulation extends.

VIII of 1886. XIV of 1882.

Pleaders.

(2) For the purposes of sub-section (1), the references to the Upper Burma Civil Justice Regulation, 1886, in sections 20 and 22 of that Regulation shall be read as applying to the Code of Civil Procedure, and the provisions of that Code with respect to the matters to which sections 20, 21 and 22 of the Regulation relate shall be read with, and be controlled by, those sections.

XIV of 1882. **4.** Where the Code of Civil Procedure or any part thereof is referred to in the Second or Third Division of the Second Schedule to the Indian Limitation Act, 1877, the reference shall, in cases to which the Upper Burma Civil Justice Regulation, 1886, is applicable, be construed as applying to that Regulation or the corresponding part thereof, if any.

Limitation for appeals and applications under the Civil Justice Regulation.

XV of 1877. VIII of 1886.

XX of 1886. **5.** Notwithstanding anything in section 6 of the Upper Burma Laws Act, 1886, the operation of so much of the Indian Limitation Act, 1877, as limits the period for the institution of suits shall be suspended on and from the commencement of this Regulation up to the thirtieth day of June, 1890.

Temporary suspension of part of the Indian Limitation Act.

XV of 1877.

6. (1) At any time on or before that day any suit which has, since the date on which section 6 of the Upper Burma Laws Act, 1886, came into force, been dismissed wholly or in part on the ground of the whole or a part of the relief claimed therein being barred by limitation may, in so far as the suit was so dismissed, be re-instituted.

Power to re-institute suits dismissed as barred by limitation.

XX of 1886.

(2) In the case of any suit so dismissed the plaint, if any, shall, on the application of the plaintiff or his legal representative, be returned to him, with a certified copy of the decree in the suit, free of charge, and, if presented again by him, with the copy of the decree, to the Court which so dismissed the suit or, where that Court has ceased to exist, to a Court having jurisdiction to try so much of the suit as was so dismissed, shall be readmitted without payment of any further court-fee thereon.

7. (1) In any suit instituted on or before the thirtieth day of June, 1890, or re-instituted under the last foregoing section on or before that day, the amount of interest which may be decreed for the period prior to the date of the suit shall not exceed the amount of the principal sum decreed in the suit.

Amount of interest to be decreed in suits instituted during the temporary suspension of the Indian Limitation Act.

(2) For the purposes of sub-section (1)—

(a) section 43 of the Code of Civil Procedure shall be deemed to be in force throughout the territories to which this Regulation extends; and XIV of 1882.

(b) the date of a suit re-instituted under section 6 of this Regulation shall be deemed to be the date of its reinstitution.

The 25th August, 1887.

No. 24.—Whereas by Resolution passed by the Secretary of State for India in Council the provisions of the 33rd of Vic., Chap. 3, Sec. 1, were declared to be, from and after the 9th November, 1886, applicable to the settlement of Aden and its dependencies (for the time being), inclusive of the villages of Shaikh Othman, Imad and Hiswah, the island of Perim and Little Aden;

And whereas the Governor of Bombay in Council has proposed to the Governor-General in Council a draft of the following Regulation, together with the reasons for proposing the same;

And whereas the Governor-General in Council has taken the draft and reasons into consideration, and has approved of the draft, and the same has received the Governor-General's assent on the 23rd day of August, 1887;

In pursuance of the direction contained in the said section, the said Regulation is now published in the *Gazette of India*:—

PUBLIC DEBT.

Simla, the 16th September, 1887.

No. 4983.—In accordance with the provisions of Section 15, sub-sections (1) and (2), of the Indian Securities Act, XIII of 1886, the Governor-General in Council is pleased to publish, for the information of the public, the following draft of Rules which he proposes to make under Section 14 of the Act, and to specify the 15th day of October, 1887, as the date after which the draft will be taken into consideration:

Proposed Rules under Section 14, Indian Securities Act, 1886.

1. Interest cages, shewing the several half years at which interest will accrue, shall be imprinted on the reverse of each new note issued, and payment shall be recorded by the stamp of the Disbursing office, or by a manuscript entry, over the space apportioned to the half-year concerned. If payment be made at a Presidency town, the recording entry shall shew the Presidency and the date and number of the issuing warrant, which shall be in the form of a negotiable instrument payable to the holder's order. But if payment be made at a District Treasury, the recording entry shall shew the name of the Treasury, the number borne by the payment voucher, and the date of payment; this entry shall be authenticated by the initials of the Treasury Officer, and the holder's receipt shall be taken on the face of the payment voucher. If, however, the note be of the old form, and bear no interest cage, the holder's endorsement for interest will be required on the note itself, and payments will be authenticated by the Disbursing Officer under the endorsement as heretofore.

2. Under the preceding rule, interest cages shall be imprinted, and (in the case of notes in the old form) holder's endorsements for interest shall be written only on the back of the note itself.

3. If the note be of the old form and bear no interest cage, the holder's endorsement for interest should agree letter for letter with the name in the body of the note, or in the transferring endorsement, as the case may be; the usual signature may be added below.

4. An endorsement or receipt by a native female must be attested by the signatures of at least two respectable witnesses, who must attend before the Officer in charge of the Treasury where interest is payable, and certify to the genuineness of the endorsement or receipt.

5. Notice of any private trust in an endorsement or receipt for interest is inadmissible.

6. A note blank endorsed by the holder is not receivable at any Government Treasury or at the Public Debt Offices in the Presidency towns. The holder of any such security will therefore be required to specially endorse the same before submitting it for payment of interest.

7. The holder of a note may be required to receipt the same for renewal in all or any of the following cases, that is to say:

(1) If the note has been enfaced for payment of interest at a Mofussil Treasury, and the holder thereof is desirous of altering the place of payment.

(2) If only sufficient room remains on the back of the note for one further endorsement, or when any word or words is or are written upon the note across any existing endorsement or endorsements, all cross endorsements being strictly prohibited.

(3) If the note is torn or in any way damaged or crowded with writing or unfit, in the opinion of the officer before whom it is produced for payment of interest, for receiving endorsement.

(4) If, in the opinion of such last-mentioned officer, the title of the person presenting the note for payment of interest is irregular or not fully proved.

(5) If the note in question, being a counterpart note issued under the provisions of Rule 8, has ceased to be the property of a minor, or to belong to an estate in which administration is limited to interest.

In all or any of the preceding cases payment of any further interest on such note may be refused until the note is receipted for renewal and actually renewed.

8. In the case of any note which is the property of a minor or belongs to an estate in which administration is limited to interest, the Public Debt Office at Calcutta may, upon such note being deposited with them, issue to the holder of such note a counterpart thereof having the words "counterpart not negotiable" stamped across the face thereof, and further payments of interest may be recorded upon such counterpart. Whenever such note shall cease to be the property of a minor, or shall cease to belong to an estate in which administration is limited to interest, the further payment of interest in respect of the note may be refused, until the first or any subsequent counterpart (as the case may be) issued in respect of it has been receipted and renewed in the manner provided in the last preceding rule. Upon such counterpart being receipted and renewed as aforesaid, the same, together with the original note and any preceding counterpart issued in respect thereof, will be cancelled.

9. No payment of interest and no record or acknowledgment of the payment of interest and no issue of a counterpart note under the preceding rules is to be deemed or taken to be an acknowledgment of the title of the holder of any note.

10. The following fees are payable in respect of applications under sections 11 and 12 of the Act:

For each renewed or duplicate security, 4 annas per cent. if the new note does not exceed Rs. 400, and Re. 1 if the new note exceeds that sum.

11. A note tendered for renewal must be receipted on the reverse as follows:

"Received in lieu hereof a renewed note in the name of with interest payable at

Signature of holder."

12. If a person tendering a note for renewal applies for more than one note in lieu of the note tendered, the latter must be receipted on the reverse as follows, or as near thereto as circumstances will admit:

"Received in lieu of the within two (or more) notes for Rs. respectively in the name of , with interest payable at

Signature of holder."

13. If a person tendering more than one note for renewal applies for one consolidated note in lieu of the notes tendered, the latter must be receipted as follows, or as near thereto as circumstances will admit:

"Received in lieu of the within a new note in the name of for Rs. by consolidation with Promissory Note or Notes Nos. (*mentioning the numbers and amounts of the other notes desired to be consolidated with it*) with interest payable at

Signature of holder."

14. The form of receipt mentioned in the foregoing rules must be very clearly and correctly written, and there must be no ambiguity as to the name of the payee of the new note. The holder's signature should agree letter for letter with the name in the body of the note, or in the transferring endorsement, as the case may be; the usual signature may be added below.

15. The holder of any note requiring renewal may procure a renewed note in lieu of his original security in any of the following ways; that is to say, he may present it duly receipted either in person or through a representative at—(1), Public Debt Office, Bank of Bengal, Calcutta; or (2), at a Government Treasury for transmission to that office; or (3), at the Banks of Madras and Bombay, who, as Agents of the said Bank of Bengal, may either renew such notes on their own responsibility, or may forward them to the said Public Debt Office, Bank of Bengal, for renewal. In the case of notes presented direct to the said Public Debt Office, Bank of Bengal, or transmitted to it for renewal, either through a Government Treasury or the Bank of Madras or of Bombay, the prescribed officer referred to in section 11 of the said Act shall be the Secretary, Bank of Bengal, for the time being; and in the case of notes presented for renewal at the Bank of Madras or of Bombay, and renewed by those Banks on their own responsibility, such officer shall be the Secretary of the Bank of Madras or of the Bank of Bombay for the time being, as the case may be.

16. The officer referred to in Section 12, sub-section (1), of the Act shall be the Comptroller-General for the time being.

17. The loss or destruction of a Promissory Note shall be notified, in the first instance, by letter addressed to the Bank of Bengal, Public Debt Office, Calcutta: such letter shall contain the following particulars:

(5) Particulars of coupons attached (if any).

(6) Where enfaced at present.

(7) The circumstances attending the loss.

(8) Whether the loss was reported to the Police.

The above letter shall be accompanied by—

(*a*) The Post Office registry receipt for the letter containing the note, if the same was lost in transmission by post.

(*b*) The Police report, if any can be obtained.

(*c*) A letter signed by the Officer of the Treasury or Presidency Bank where interest was last paid, certifying the last payment of interest made on the note, and to whom, if interest was paid out of Calcutta.

(*e*) Any portions or fragment which may remain of the lost or destroyed note.

A duplicate of the letter to the Public Debt Office, Calcutta, must also be sent to the Treasury where interest is payable.

18. The loss or destruction of a Promissory Note shall be further notified by an advertisement, which the applicant for a duplicate note shall cause to be inserted in three successive issues of the *Gazette of India*, and of the Local Government Gazette of the place where the loss or destruction occurred. Such notification shall be in the form following, or as near thereto as the circumstances will admit:

Lost or destroyed (*as the case may be*).

The Government Promissory Note No. , of the per cent. loan of , for Rs. ,

the proprietor, by whom it was never endorsed to any other person, having been lost or destroyed, notice is hereby given that payment of the above note and the interest thereupon have been stopped at the Public Debt Office, Bank of Bengal, Calcutta, and that application is about to be made for the issue of a duplicate in favour of the proprietor. The public are cautioned against purchasing or otherwise dealing with the above-mentioned Security.

Name of the advertiser—

Residence—

19. At the expiration of six months from the date of the insertion of the last advertisement, the Comptroller-General shall, if satisfied of the loss or destruction of a portion of a note, and of the justice of the claim of the applicant, and if a sufficient portion for the identification of the note so lost or destroyed shall have been produced, direct the Public Debt Office, upon the execution of such bond of indemnity as is hereinafter mentioned, to issue to the applicant a duplicate note in lieu of that so lost or destroyed as aforesaid. If, however, no portion or no sufficient portion of the note so lost or destroyed shall have been produced as aforesaid, then, at the expiration of two years from the date of the insertion of such last advertisement, the Comptroller-General shall, if satisfied as aforesaid, pass an order directing the Public Debt Office, upon the execution of such bond of indemnity as is hereinafter mentioned, to pay the applicant interest in respect of the note so lost or destroyed pending the issue of a duplicate note, and also directing the said Public Debt Office, at the expiration of six years from the date of the publication of the list in which the lost or destroyed security is first mentioned, if no reason to the contrary appear, to issue to the applicant (on his executing and procuring the execution by two sureties of such indemnity bond as is hereinafter mentioned, should the same be deemed necessary by the Comptroller-General), a duplicate note in lieu of that so lost or destroyed as aforesaid.

20. The Comptroller-General may, within six years of the date of an order passed by him under Rule 19, if he finds sufficient reason, alter or cancel such order, and may also require that the interval before the issue of a duplicate note be extended to twelve years, or such shorter period not being less than six years as he may think fit.

21. Indemnity bonds when taken on the issue of a duplicate note or notes shall be for twice the amount of such note or notes, and when taken on the issue of orders for payment of interest shall be for twice the amount of the interest involved, that is to say, twice the aggregate amount of all back interest accrued due on the note, *plus* twice the amount of all interest to accrue due thereon, during the six years which will have to elapse before the issue of a duplicate note can be made. In simple cases such bonds may be issued by the Comptroller-General at Calcutta in a printed form prescribed by Government. No fee will be chargeable if a bond does not exceed in amount Rs. 500; but Rs. 5 per 1,000 will be chargeable on bonds of Rs. 1,000 and upwards, provided that no fee for any one bond so issued shall exceed in amount Rs. 30. If, however, the Comptroller-General consider that the circumstances of the case demand that a bond shall be specially prepared by the Government Solicitor, a fee of two gold mohurs shall be payable to that officer.

22. OBSERVATIONS.—The question of the reorganisation of the Superior Establishment of the Telegraph Department has for some years past, commanded the earnest attention of the Government of India and of Her Majesty's Secretary of State for India. The question has been rendered difficult and complicated by the fact that, owing to the very rapid development of telegraphic communication in India, it was necessary at one time, to very largely increase, in a comparatively short period, the number of the officers in the Telegraph Department. This sudden expansion of the Department has produced the block of promotion which unavoidably attends all spasmodic recruitment.

2. The measures, which, after the correspondence quoted in the preamble, have finally been sanctioned by Her Majesty's Secretary of State for India, to relieve the disadvantages which for some years, have pressed hardly on some members of the Telegraph Department, are of a dual nature. They provide: first, special inducements for the retirement of officers of a certain standing in the Department; secondly, special personal allowances to those officers whose promotion is, and may probably continue to be, retarded beyond a certain point.

3. In addition to these special and temporary measures, it has been decided, on grounds which are independent of the present abnormal circumstances of the staff, to reorganise the classes and grades of the department on a new basis.

4. A Resolution No. 136 T.E. of this day's date, has been issued by the Government of India, with reference to the special retirements. The following Resolution deals with the second of the points mentioned above, and with the general reorganisation of establishment.

5. It appears desirable to explain, to some extent, the probable action of the orders which are now promulgated. It may be well, first, to state the established axiom that it is not possible to devise means which will equitably distribute true promotion, that is, promotion to higher duties and more responsible positions, in a department which has been spasmodically recruited. The spasmodic recruitment has been very marked in the Telegraph Department; especially in the "blocked years" 1868 to 1871, and it is out of the power of Government to equitably distribute true promotion to all the officers recruited in those years. All that can be done is to soften to some extent, by personal allowances, the effects of the retardation in promotion, and to offer to those who may consider these allowances insufficient, an opportunity to retire from the Department on reasonable terms. The terms of retirement which are stated in Resolution No. 136 T.E. of this date are offered with a double object; first, that those who are dissatisfied may retire, and secondly that the number in the "blocked years" may be reduced, so as to be more nearly in accordance with normal conditions. If the second object is not attained as the result of the concessions made in Resolution No. 136 T.E. the flow of true promotion, that is, of promotion to higher duties as well as higher salaries, cannot possibly be established. But if a sufficient number of officers do retire *from the blocked years,* under the terms of Resolution No. 136 T.E. a more healthy condition of affairs will ensue.

6. It cannot be too clearly explained that the system of personal allowances, sanctioned in section III of the following Resolution, is one which does not contemplate increase of pay commensurate with length of service alone. It is a system in which the rate of pay is determined partly by length of service and partly by departmental rank. The effect of the orders conveyed in the following resolution is to give immediate increase in pay to a considerable number of officers: but there is every reason to suppose that, for some years to come, the amount of departmental promotion will be largely dependent on the retirements which may take place under Resolution No. 136 T.E. It is necessary also to remember that the scale which has been temporarily sanctioned by the Secretary of State is more favourable than that which will ultimately be in force (section II) when the Department is in a more normal condition. The period of transition from the one scale to the other must necessarily be a period in which permanent vacancies on the first scale may fail to give any promotions on the revised one.

7. These considerations shew that unless the concessions, offered in Resolution No. 136 T.E. induce retirements, *from the blocked years,* on a scale commensurate with the difficulties of the situation, not only will true departmental promotion be retarded but it is also probable that the personal allowances may fail to carry the full advantage which they will have if the number of retirements is sufficient. The scale of personal allowances now sanctioned supersedes entirely the one which is now in force.

8. In short, the measures which are now promulgated leave the solution of the problem to a large extent, in the hands of the officers of the Department. Liberal terms of retirement are offered. If a sufficient number of officers avail themselves of the privileges offered, the condition of those who remain will be all that can be reasonably expected: but on the other hand, if a large majority elect to remain in the department on the conditions of service which are now plainly stated they must be content to accept the rate of pay which the sanctioned scale, with the attendant personal allowances, will afford.

9. The Secretary of State has specially desired that it should be intimated to the officers of the Telegraph Department that the present orders finally dispose of all matters with which they are designed to deal.

RESOLUTION.—In accordance with the decision of the Secretary of State, the Governor-General in Council directs the publication of the following orders regarding the establishment of the Indian Telegraph Department:

I. The superior establishment will be divided into six classes as at present, that is—

Officers of direction	...	Class I, Director-General. Class II, Deputy Director-General. Class III, Directors.
Superintendents		Class IV.
Assistant Superintendents		Class V. Class VI.

There will be no alteration in the numbers or salaries of the first three classes; these will remain as sanctioned in Government of India Resolution No. 1869-T.E. of 27th October 1881, that is:

		Rs.
Class I	1 Director-General	3,000
Class II	1 Deputy Director-General	2,000
Class III	2 Directors ...pay as Superintendents, 1st grade, + Rs. 100.	

The Superintendents will be divided into three grades according to the following scale:

			Rs.
Class IV	4	first grade	1,125—75—1,500
	9	second grade	1,000
	15	third grade	850

The numbers in the grades in this class will be subject to alteration as explained in Section II. The title of "Chief Superintendent" will, in future, be applicable only to Superintendents of the first grade.

The Assistant Superintendents will be divided into two classes of two grades each, according to the following scale:

			Rs.
Class V	20	first grade	700
	20	second grade	550
Class VI	16	first grade	400
	16 (or the actual number present)	second grade ...	300

The numbers in the grades in these classes will also be subject to alteration, as explained in the following Section:

II. It is intended that the strength of the Superior Establishment shall be ultimately fixed at a total of eighty-four members, inclusive of all the classes mentioned in the last Section. There may be considerable fluctuation in the numbers, owing to the retirements under Resolution No. 136 T.E. The Government of India will fix, from time to time, the numbers which are to be allowed in each grade. The scale which will be ultimately adopted is that given in the fourth column of the statement below. It is not possible, until the action of Resolution No. 136 T.E. is known, to define the manner in which the reduction of the scale will be effected:

Grades,	Rate of Salary.	Gradation now sanctioned.	Gradation to be ultimately worked to.
	Rs.		
Classes I, II and III Directors ...	...	4	4
Class IV Superintendents, 1st grade	1,125-75-1,500	4	4
Ditto, 2nd „	1,000	9	10
Ditto, 3rd „	850	15	12
Class V Assistant Superintendents, 1st grade	700	20	12
Ditto ditto, 2nd „	550	20	13
Class VI Ditto ditto, 1st „	400	16	14
Ditto ditto, 2nd „	300	16 or the remainder if less than 16	15
Total ...		104	84

III. The following scale of personal allowances will be given, in addition to the rates of pay defined in Section I, in those cases where the Government of India is satisfied that the officer has earned it by meritorious service:

Assistant Superintendents, Class V, 1st grade, may receive a personal allowance of Rs. 100 monthly, after 22 years' service.

Assistant Superintendents, Class V, 2nd grade, an allowance of Rs. 100 monthly, after 17 years' service.

Assistant Superintendents, Class VI, 1st grade, an allowance of Rs. 100 monthly after 12 years' service.

Assistant Superintendents, Class VI, 2nd grade, an allowance of Rs. 50 after 7 years' service.

The personal allowances will lapse in each case on the promotion of the officer concerned to the next superior grade. But if his length of service is such that it will qualify him for a personal allowance in the higher grade he will be eligible for that allowance.

IV. Officers who, previous to the 1st October last, held the substantive rank of 2nd grade Superintendents will be allowed the option of electing either for the new pay (Rs. 1,000) of that grade or for the pay of the grade as it is at present (Rs. 900—30—1,050). These officers must make their election before the 31st of December next, and will be allowed to draw their pay with effect from the 1st October, according to their election. Until an officer has made his choice he will draw pay under existing rules. Any officer who does not declare his determination before the 31st December next will be placed permanently on the new rate of pay (Rs. 1,000) with effect from 1st October 1887.

V. Any officer who is placed in Class VI under the terms of this Resolution will continue to draw the increments which may fall due to him under existing rules: but he will not be entitled to the personal allowances pertaining to Class VI. All officers who join the Department in India after the 1st October 1887 will draw pay on the new scale laid down in Section I.

VI. Any officer of the Telegraph Department whose salary, including any acting and personal allowances which he may be drawing, was, on 30th September, higher than that to which he becomes entitled by this Resolution will continue to draw the excess as a special personal allowance, until he is promoted to a higher grade with at least equal emoluments. All acting allowances other than those which may be given under Section VIII will cease, with effect from 1st October 1887.

VII. Until further orders all permanent promotions in the Telegraph Department will be made with effect from the 1st April and 1st October in each year. These half-yearly promotions will be regulated by the scale which may be laid down by the Government of India under Section II.

VIII. Officiating promotions in the place of officers absent on furlough will, in future, only be made from class to class (and not from grade to grade).

Officiating promotions in the place of officers absent for periods not exceeding three months will be made only in cases where the duties of the officer promoted are changed.

The officer promoted to the higher class will draw pay under the rules in Chapter IV of the Pay and Acting Allowance Code.

In the case of an officer officiating in a higher class any personal allowance will be in abeyance to the extent of the acting allowance drawn.

IX. Permanent promotions, both from class to class and from grade to grade, will be made in the place of officers absent on "Foreign service"; on the reversion of such officers to the Department promotion will be retarded until the normal scale is re-established.

X. The total establishment of the Telegraph Department, including the class of Sub-Assistant Superintendents, remains subject to a maximum of 165, as previously determined by the Secretary of State for India.

XI. The orders conveyed by this Resolution supersede all previous orders regarding the organisation of the Superior establishment of the Indian Telegraph Department.

ORDER.—Ordered, that copies of this Resolution be forwarded to the Department of Finance for record.

Also, that copies be forwarded to the Director-General of Telegraphs and to the Accountant-General, Public Works Department, for information and guidance.

Also that a copy be published in the *Gazette of India*.

Despatch No. 13T., of the 25th August, 1887, from the Secretary of State for India, to the Government of India.

OBSERVATIONS.—In Resolution No. 135 T.E. of this day's date the Government of India has given effect to the final orders of the Secretary of State, on the questions affecting the grading, salary, and personal allowances of the Superior Establishment of the Telegraph Department. The observations which formed the preface to that Resolution explained the intention of the Government in making the concessions which are embodied in this Resolution. It is only necessary to add that, as far as the interests of the service will permit, the Government of India desire to place no restriction on retirement under the following rules; but it will be necessary to bear in mind the fact that the officers in the "blocked years"; that is, those who joined the Department in 1868, 1869, 1870 and 1871, have the prior claim to the privileges now conferred.

RESOLUTION.—With the sanction of the Secretary of State, the Governor-General in Council is pleased to issue the following rules for the retirement of officers of the superior establishment of the Telegraph Department:

I.—All officers of the Telegraph Department who have now served for eighteen years, of which not less than sixteen years have been spent on "active service," are eligible for retirement from the Department.

Pension on the following scale will be granted to those officers whose resignation may be accepted:

(*a*) The pension which would be due under existing rules if the officers concerned were retiring on medical certificate.

(*b*) An additional pension calculated at the following rate:

To officers under	50 years of age	...	Rs. 1,000	per annum
To officers in their	51st year	...	„ 900	ditto
Ditto	52nd ditto	...	„ 800	ditto
Ditto	53rd ditto	...	„ 500	ditto

provided that the resignation of the officers concerned is submitted to the Government of India on or before the 31st March, 1888. On the 1st April, 1888, the privilege will be entirely withdrawn from all officers who have served for 18 years or more on the 1st October, 1887, and who have sixteen years' "active service" to their credit on that date.

Officers who have completed their 53rd year will be entitled to no extra pension, but may retire before the 1st April under the provisions of clause (*a*) above.

II.—Similarly, all officers who, at a date subsequent to the 1st October, 1887, reach the qualifying stage of having served not less than eighteen years, of which sixteen have been spent on "active service," are eligible to retire on the same terms as are stated above, provided that their resignations are received by the Government of India within six months of the day on which they attain to the necessary qualifications.

III.—When an officer has tendered his resignation through his superior officer, it is obligatory that the application should be submitted for the orders of the Government of India; and it cannot be cancelled except with the approval and sanction of Government.

IV.—The Governor-General in Council reserves the right to accept or to refuse any application for retirement under these terms, or to postpone the date on which such retirement is to take effect, according to the interests of the public service.

V.—This Resolution is intended only to have a temporary effect. The Governor-General in Council may revoke it whenever, after the 1st April next, it appears desirable in the interests of the public service to do so.

ORDER.—Ordered, that copies of this Resolution be forwarded to the Department of Finance for further orders.

Also, that copies be forwarded to the Director General of Telegraphs and to the Accountant General, Public Works Department, for information and guidance.

Also, that a copy be published in the *Gazette of India*.

(i) That he is a natural-born subject of Her Majesty.

(ii) That his age will be above seventeen years and under nineteen years, on the 1st January 1888. [*N.B.—In the case of Natives of India this must be certified by the Government of India, or of the Presidency or Province in which the Candidate may have resided.*]

(iii) That he has no disease, constitutional affection, or bodily infirmity unfitting him, or likely to unfit him, for the Civil Service of India.

(iv) That he is of good moral character.

3. Should the evidence upon the above points be *primâ facie* satisfactory to the Civil Service Commissioners, the Candidate, on payment of the prescribed fee (*c*), will be admitted to the Examination. The Commissioners may, however, in their discretion at any time prior to the grant of the Certificate of Qualification hereinafter referred to, institute such further inquiries as they may deem necessary; and if the result of such inquiries, in the case of any Candidate, should be unsatisfactory to them in any of the above respects, he will be ineligible for admission to the Civil Service of India, and if already selected, will be removed from the position of a Probationer.

(*a*) An order for admission to the Examination will be sent to each Candidate on the 18th of May.

5. The merit of the persons examined will be estimated by marks; and the number set opposite to each branch in the preceding regulation denotes the greatest number of marks that can be obtained in respect of it.

6. The marks assigned to Candidates in each branch will be subject to such deduction as the Civil Service Commissioners may deem necessary (*g*), in order to secure that "a Candidate be allowed no credit at all for taking up a subject in which he is a mere smatterer."

7. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary.

8. The marks obtained by each Candidate, in respect of each of the subjects in which he shall have been examined, will be added up, and the names of the several Candidates who shall have obtained, after the deduction above mentioned, a greater aggregate number of marks than any of the remaining Candidates will be set forth in order of merit, and such Candidates shall be deemed to be selected Candidates for the Civil Service of India, provided they appear to be in other respects duly qualified. Should any of the selected Candidates become disqualified, the Secretary of State for India will determine whether the vacancy thus created shall be filled up or not. (*d*) A competent knowledge of the works for English History and Literature will be allotted to the works elected by the Candidate. (See Notice on p. 9.) In awarding marks for this, regard will be had partly to the extent and importance of the periods or books selected, but chiefly to the thoroughness with which they have been studied.

(*e*) The Examination will range from Arithmetic, Algebra, and Elementary Geometry, up to the elements of the differential and integral calculus, including the lower portions of applied Mathematics.

(*f*) The standard of marking in Sanskrit and Arabic will be determined with reference to a high degree of proficiency, such as may be expected to be reached by a Native of good education.

(*g*) Marks assigned in English Composition and Mathematics will be subject to no deduction. Each science will, for the purpose of deduction, be treated as a separate subject.

(*h*) Full instructions as to the course of study to be pursued will be issued to the successful Candidates as soon as possible after the result of the Open Competition is declared.

In these Examinations, as in the open competition, the merit of the Candidates examined will be estimated by marks, and the number set opposite to each subject denotes the greatest number of marks that can be obtained in respect of it at any one Examination. The Examination will be conducted on paper and *viva voce*, as may be deemed necessary. The last of these Examinations will be held at the close of the second year of probation, and will be called the "*Final Examination*," at which it will be decided whether a selected Candidate is qualified for the Civil Service of India. *At this Examination Candidates will be permitted to take up any one of* the following branches of Natural Science, *viz.*,—Agricultural Chemistry, Botany, Geology, or Zoology, for which 350 marks will be allowed. The selected Candidates who, at the Final Examination, shall be found to have a competent knowledge of the subjects specified in Regulation 9, and who shall have satisfied the Civil Service Commissioners of their eligibility in respect of nationality, age, health, character and ability to ride, shall be certified by the said Commissioners to be entitled to be appointed to the Civil Service of India, provided they shall comply with the regulations in force, at the time, for that Service.

13. Persons desirous to be admitted as Candidates must apply on Forms,* which may be obtained from "The Secretary, Civil Service Commission, London, S.W., at any time after the 1st December, 1887. The Forms must be returned so as to be received at the office of the Civil Service Commissioners on or before 31st March 1888 (*i*).

The Civil Service Commissioners are authorized by the Secretary of State for India in Council to make the following announcements :—

(1) Selected Candidates will be permitted to choose, according to the order in which they stand in the list resulting from the Open Competition, so long as choice remains, the Presidency (and in Bengal the Division of the Presidency) to which they shall be appointed; but this choice will be subject to a different arrangement, should the Secretary of State, or the Government of India, deem it necessary (*k*).

(4) An allowance amounting to £300 will be given to all candidates who pass their probation at one of the Universities or Colleges which have been approved by the Secretary of State, *viz.*, the Universities of Oxford, Cambridge, Dublin, Glasgow, Edinburgh, St. Andrew's, and Aberdeen; University College, London; and King's College, London; provided such Candidates shall have passed the required Examinations to the satisfaction of the Civil Service Commissioners, and shall have complied with such rules as may be laid down for the guidance of Selected Candidates.

Candidates are not permitted to migrate from the University originally chosen by them to another University without first applying to the India Office for the permission, and receiving the sanction, of the Secretary of State, who will not entertain such applications unless good and sufficient reasons are assigned.

* Copies of these Regulations and of the form of application may be obtained on application to the Secretary to the Government of India, Home Department.

(*i*) These forms should be accompanied by evidence on the points mentioned in Regulation 2, and by a list of the subjects in which the Candidate desires to be examined. Evidence of health and character must bear date not earlier than 1st March, 1888. Applications for leave to alter or add to the list of subjects named will not be entertained unless received on or before the 4th of May.

(*k*) This choice must be exercised immediately after the result of the Open Competition is announced on such day as may be fixed by the Civil Service Commissioners.

(5) Selected Candidates desiring to remain in this country an additional year after the completion of their two years' probation for the purpose of taking a degree at one of the Universities above-mentioned, should apply to the Secretary of State for India for permission to do so. Besides the allowance above-mentioned, a bonus of £150 will, as a temporary and experimental measure, be paid to any Candidate who, having obtained permission to remain an additional year, passes an examination qualifying for a degree in Honours at Oxford or Cambridge, or being a student of University College, London, passes with credit an Honour Examination of the University of London. This privilege will be hereafter extended to any other of the Universities above referred to, at which an academical distinction is obtainable which, in the opinion of the Secretary of State, corresponds to a degree in Honours at Oxford or Cambridge, and to obtain which the additional year's residence in this country is necessary.

(6) All Selected Candidates will be required, after having passed the first periodical Examination and before receiving the first instalment of their allowance, to attend at the India Office for the purpose of entering into an agreement binding themselves, amongst other things, to refund in certain cases the amount of their allowance in the event of their failing to proceed to India. A surety will be required.

ACCOUNTS AND FINANCE.
MINT AND CURRENCY.

The 25th October, 1887.

No. 5689.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read—

A letter from the Bombay Chamber of Commerce, to the President of the Finance Committee, dated 19th June 1886, representing that economy would be promoted by the abolition of the Mint in Calcutta.

Read the following—

Paragraphs 3—10 of a Note by Sir Charles Elliott, President of the Finance Committee, dated 12th March 1887.

3. When we visited the Mint we found it absolutely idle: except cleaning up and examining the machinery nothing whatever was going on. And not only this, but we were informed that no coining was likely to be undertaken for a month. The natural suggestion was, can it be really necessary that a Mint with its expensive fixed establishment and its costly machinery should be idle for so long together?

4. We were informed that the Bombay Mint is capable of turning out from 5 to 6 lakhs of coin every day, all of which may be in silver (in fact, its machinery is at present entirely used for silver and not for copper), while the Calcutta Mint is capable of turning out 3½ lakhs of silver coin and from 3 to 4 lakhs of copper coins per diem. On this calculation Calcutta was fully occupied on the average of the last 5 years for 70 days in silver coinage and 136 days in copper coinage: and Bombay was fully occupied for only 105 days in each year. Assuming that the Mint worked for 312 days in the year, at 5½ lakhs a day, the Bombay Mint can turn out 1,716 lakhs of coin in the year, which exceeds the coinage of the combined Mints in any of the five years, of which statistics are given in paragraph 1 of the accompanying Note.*

5. If, then, the influx of bullion into the Mint were at all regular, or rather if Government had not to provide against the danger of such an influx of bullion as would drain the Treasury of rupees before the Mint could turn the bullion into rupees, it would be quite possible to close one of the two Mints to silver, using it only for copper; and then it would only be necessary to show what the saving by such a closure would be, as compared with the cost of conveying to Bombay for coinage and bringing back in coin the bullion offered for coinage by the trade at Calcutta. (It may probably be assumed that though Government may have the power, it would not be willing to throw this cost on the mercantile community.) I have not, however, had the time to work out this comparison of cost, as it did not seem worth while to begin it till the first step had been cleared, which is to ascertain to what extent the danger above referred to does practically exist.

6. The enquiries made on this subject from Bombay have not been answered, for the reason above mentioned. As to Calcutta, I have obtained a daily statement of the work done by the Mint in 1886. In that year the Mint was not working at all for 129 days and was doing some work for 236 days: silver was coined on 179 days and copper on 213. The bullion tendered for coinage was 126 lakhs, of which 55 lakhs were sent over from Bombay. Supposing, then, no silver were coined at Calcutta, Government would have had to bear the cost of the freight of 71 lakhs to Bombay instead of 55 lakhs from it; no great difference, as far as the working of this single year is concerned.

* *i.e.*, the five years from 1881-82 to 1885-86.

7 The following statement gives an abstract of the working of each month of the year:

Month.	Silver.				Copper.		
	Days.	Rs.	Tale.	Average per day.	Days.	Tale.	Average per day.
	2	3	4	5	6	7	8
January	23	38·38	38·38	1·66	23	5·92	·26
February	7	8·72	9·76	1·39	10	17·36	1·73
March	13	4·71	22·43	1·72	10	19·61	1·96
April	22	8·57	50·68	2·30	19	64·70	3·40
May	23	10·79	53·01	2·30	23	90·42	3·93
June	23	33·69	40·94	1·78	23	91·61	3·98
July	25	29·72	29·72	1·18	25	90·68	3·62
August	...	...	...	...	16	67·26	4·20
September	...	...	...	...	13	58·49	4·50
October	5	1·36	5·44	1·09	7	13·32	1·90
November	21	8·72	30·63	1·46	22	59·92	2·72
December	17	7·67	15·35	·90	22	66·71	3·03

It was only in April and May that the Mint was pretty fully occupied on both silver and copper; and in no month was it working up to its full strength. Copper coinage was pretty brisk in April, May, June, July and December. Taking the two coinages together, August and September were very idle months. If we had got similar figures for Bombay and had compiled them in the same way, we should have been able to test how far, in a year like 1886, the one Mint could have done all the work: or Bombay all the silver and Calcutta all the copper.

8. We received from the Financial Department a printed statement showing the monthly receipts and coinage of silver at the two Mints from April 1882 to January 1887. Taking the working capacity of the Calcutta Mint at $26 \times 3\frac{1}{2}$ or 91 lakhs a month, no month in this period would have put any strain upon it, for the highest receipt was 66 lakhs in September 1885. Taking the Bombay working capacity at $26 \times 5\frac{1}{2} = 143$ lakhs a month, the receipts exceeded this sum in no month, and only came up to it, or close to it, in May 1882 and June 1885.

The receipts of the two Mints taken together exceeded the Bombay working capacity in the following months only:—

May 1882	174 lakhs.
June 1885	184 „
April 1886	153 „

There were no two consecutive months in which the Bombay Mint could not have worked off the whole of the bullion received at both Mints.

9. A further question has to be answered, *viz*, how fast the influx of bullion into the Mint is followed by an immediate drain of rupees from the Treasury. The merchants who present bullion do it almost entirely under the Currency Act, and not under the Coinage Act. Under the latter they are entitled to obtain rupees from the Treasury 21 days after the date of the certificate from the Assay Master: under the former, they are entitled to obtain notes or cash from the Head Commissioner of Currency immediately on presentation of the Assay Master's certificate, and they naturally prefer the latter procedure. These currency notes can be converted into rupees at once at the Treasury; but, as a matter of fact, I understand that they only come in for encashment by degrees; and it does not follow that, because bullion is presented faster than the Mint can coin it, therefore the notes given in exchange for the bullion would also be presented at the Treasury faster than the rupees would come in from the Mint. This is a matter on which I should have sought for further information had there been time.

10. I regret that I am obliged to leave this enquiry so incomplete, but I would suggest that it may perhaps be worth while for the Government of India to carry it on. It seems clear that the business of coinage is carried on at a loss (though not a very heavy loss) to Government; and also that the Mints are very insufficiently employed. It seems possible that economy might be gained, and efficiency might not suffer, if all the silver coinage were done at Bombay and all the copper at Calcutta. The establishment could be re-arranged so as to admit of always working at high pressure at Bombay, while there is never any great pressure for copper coin, and a smaller establishment at Calcutta could be kept up for carrying on the work at an even and regular rate. It would be necessary to make clear—

(1) Whether such an arrangement would enable Government to cope with a great rush of bullion, without running any risk of draining the Treasury.

(2) Whether the economy to be obtained would be considerable, after allowing for the freight to Bombay of the bullion presented by Calcutta merchants and its return when coined, at the expense of Government.

RESOLUTION.—The question of the possibility of abolishing the Calcutta Mint and confining the coining operations of Government to the Bombay Mint was raised by the Bombay Chamber of Commerce in the letter read above, which has already been made public.

The Finance Commissioner with the Government of India was not able to complete his enquiry into this matter; but he recommended it to the consideration of the Government of India. The Governor General in Council has accordingly examined the facts concerning the capacity of the Bombay Mint to undertake the whole of the coinage offered at both Calcutta and Bombay; and has come to the conclusion that the Mint is now in a position to coin at least $1\frac{1}{4}$ crore of rupees monthly, or that it can easily and at small cost be made capable of doing so, so that the whole demand for Rupee coinage is well within or can easily be brought within the power of the Bombay Mint. Under these circumstances the economy proposed by the Bombay Chamber of Commerce appears feasible; at the same time there can be no question that the saving to be secured by the proposal would be substantial. The banking and mercantile community chiefly affected by the proposal is, however, that of Calcutta; and before considering the matter further, the Governor General in Council desires to be placed in possession of the views of that community on the question of the necessity for maintaining at Calcutta, as well as at Bombay, the existing facilities for the coinage of imported silver.

This Resolution will accordingly be specially referred to the Bengal Chamber of Commerce and the Bank of Bengal, and will also be published in the *Gazette of India* with the view of eliciting the opinions of any persons interested, who may desire to lay their views before the Government of India.

ORDERED,—That copy be forwarded to the Bengal Chamber of Commerce, and the Bank of Bengal for the purpose mentioned, and that the Resolution be also published in the *Gazette of India*.

The prisoner asks permission to call witnesses to speak to his character. (19)

(6) To be used if an interpreter is necessary and ordered to attend.

(7) If a person has religious scruples against taking an oath, he should be affirmed. As a rule, Christians, Jews, Parsis, Sikhs and Mahomedans are sworn, and Hindus are affirmed.

(9) The appropriate word to be used.

(10) The prisoner must plead "guilty" or "not guilty" in respect of each charge; if he answers anything else, or does not answer, the Court must record "not guilty". Where charges are in the alternative, the prisoner can plead guilty to only one of the alternative charges. If the charges are not in the alternative, and a prisoner pleads guilty to some of them, and not guilty to others, the Court should, after recording the pleas, proceed as if the prisoner had pleaded not guilty to all the charges. Where two or more prisoners are being tried together, this question and the answer must be put and recorded separately in respect of each prisoner.

The Court may re-call and examine a witness at any time before the finding.

(15) If the prisoner has not called witnesses, the prosecutor, if he addresses the Court, must do so before the prisoner makes his closing address.

(16) The prosecutor should give an impartial statement of the case, sufficient to put the Court in possession of the facts.

(17) The Court may of its own motion, and must, at the request of the prisoner, stop the prosecutor, and call witnesses to facts in the ordinary way as on a plea of not guilty.

(18) The appropriate form to be used. The finding must be in such terms as to clearly convict or acquit of every charge, or part of a charge. Any variance between the allegations in a charge and the proof may be rectified in the finding, for example, the Court may find that the date of offence was the 16th June, 1887, and not the 15th, as stated in the charge; and so as to variances in persons' names, and in places, and in values. But the Court cannot correct by its finding an error in a charge that would result in finding a prisoner guilty of an offence different from that on which he is arraigned.

(19) Such a request should generally be granted if the witnesses are in attendance. They should not be sworn.

MILITARY DEPARTMENT.

Simla, the 4th November, 1887.

FIELD OPERATIONS.

No. 864.—The Governor-General in Council is pleased to direct the publication of the subjoined correspondence relating to the services of the troops in Lower Burma during the late campaign.

The Governor-General in Council cordially recognizes the good services and the arduous nature of the duties performed by the troops composing the British Burma Division, especially those employed in the disturbed districts on the old frontier line.

The names of several of the officers mentioned by Major-General Gordon have already been brought to notice by His Excellency the Commander-in-Chief in India, and have been recommended by the Government of India for the favorable consideration of Her Majesty's Government.

From the Secretary to the Government of Fort St. George, Military Department, to the Secretary to the Government of India, Military Department,—No. 4894, dated Ootacamund, the 11th August, 1887.

I am directed to forward, for submission to the Right Hon'ble the Governor-General in Council, a copy of a communication from the Adjutant-General as per margin, giving cover to a letter from Major-General B. L. Gordon, C.B., Commanding the Burma Division, in which that officer brings to notice the names of certain officers who, during the last eighteen months, have rendered valuable services in connection with the operations in Burma.

No. 1110-W. (Burma), dated 22nd July, 1887.

2. In transmitting the above, I am to say that the Government of Madras endorse the recommendation of His Excellency the Commander-in-Chief that some of these officers may participate in the honors and rewards which may be granted for the Burma campaign.

From Brigadier-General M. C. Farrington, Adjutant-General, Madras Army, to Brigadier-General A. R. Kenney-Herbert, Secretary to Government, Military Department,—No. 1110-W. (Burma), dated Ootacamund, 22nd July, 1887.

I have the honor, by desire of the Commander-in-Chief, to forward, in duplicate, letter No. 71-C., dated 5th July, 1887, from the General Officer Commanding the Burma Division, bringing to the notice of His Excellency the Commander-in-Chief the names of certain officers who, during the last eighteen months, have rendered valuable services in connection with the operations in Burma, and requesting that some of these officers may participate in any honors and rewards which may be granted for the late campaign.

2. In forwarding this letter, His Excellency has much satisfaction in recording his concurrence in Major-General Gordon's recommendation, which is now submitted for the favorable consideration and support of Government.

From Major-General B. L. Gordon, C.B., Commanding the Burma Division, to the Adjutant-General, Madras Army,—No. 71-C., dated Rangoon, the 5th July, 1887.

Military operations in Lower Burma having now apparently ceased, and the Burma Field

Force despatches having been published, I hope I may be allowed to bring to the favorable notice of His Excellency the Commander-in-Chief the names of those officers who, during the last eighteen months, have done such service as I think merits special recognition; and I trust that His Excellency will be pleased to recommend at least some of them for a participation in any honors and rewards which may be granted for the late campaign.

2. Almost all have seen active service and been engaged with the rebels, and the few others I have named have done exceptionally good departmental work connected with the campaign.

3. The following officers commanded regiments and districts during the campaign; and to all I am much indebted for the assistance they have given me:

Colonel R. W. C. Winsloe, commanded the 2nd Battalion Royal Scots Fusiliers and the Thayetmyo District.
Colonel J. C. Minto, commanded the 16th (Lucknow) Regiment, Bengal Infantry, and the Tharawaddy District.
Colonel C. S. Sturt, commanded the 7th Bombay Infantry and the Irrawaddy District.
Colonel R. M. Lloyd, commanded the 1st Bombay Grenadiers and the Tounghoo District.
Colonel T. Graham, commanded the 9-1st Brigade, Northern Division, Royal Artillery, and the Thayetmyo District.
Colonel R. Upcher, commanded the 2nd Battalion, South Wales Borderers.
Colonel H. A. T. Nepean, commanded the 5th Madras Infantry.
Lieutenant-Colonel C. C. Hewetson, commanded the 26th Madras Infantry.

4. I would specially recommend to notice Colonel R. M. Lloyd, 1st Bombay Grenadiers, who did very good service against the Shan rebels in the Shwegyin District in December 1885 and January 1886, and who afterwards commanded at Tounghoo, when he gave me the most valuable assistance in forwarding troops and stores to Pyinmana and Yemethen, and in keeping the Tounghoo frontier quiet.

5. Colonel Upcher, 2nd South Wales Borderers, commanded the three columns sent from Thayetmyo in December 1886, under Sir Frederick Roberts' orders, to scour the difficult country forty miles north of the old frontier line. He did his work so thoroughly and well, that there has been no great trouble since. He, I think, deserves special notice.

6. Major R. A. P. Clements, 2nd South Wales Borderers, deserves special mention for his gallantry and energy. He was wounded during the advance from Taindah to relieve Thabyabin, and suffered severely from the malarious fever peculiar to that district; but no sooner had he recovered than he took in hand the organizing of the Mounted Infantry, which has done such excellent service in settling the frontier district.

7. Captain C. F. S. Alban, 7th Bombay Infantry, has done most valuable work in hunting down the rebels near Yenana and Myothit, and deserves reward.

8. Captain W. Aldworth, 2nd Bedfordshire Regiment, formerly my acting Aide-de-Camp, deserves special notice for the dashing manner in which he relieved Thabyabin. He started at two hours' notice, and rode 55 miles through a very disturbed country to Taindah, where he took command of the small body of men who relieved the beleagured garrison.

9. Lieutenant J. E. Vaughan, who had only just joined the 2nd Royal Scots Fusiliers, volunteered and accompanied Captain Aldworth; and I think his pluck deserves notice.

10. I strongly recommend for reward the following young officers, who have over and over again distinguished themselves when in command of small detachments in encounters with the enemy:

5th Madras Infantry.

Lieutenant W. B. Young.
Lieutenant E. Peach (wounded).
Lieutenant E. Y. Watson.

26th Madras Infantry.

Lieutenant W. H. Dobbie.
Lieutenant F. T. Williams.

11. I also recommend to special notice Captain H. F. Mercer, Royal Artillery, who acted as Staff Officer to Colonel Upcher during the advance of the columns from the Thayetmyo frontier, and who is strongly recommended by him; and Lieutenant G. W. C. Knatchbull, 1st Bombay Grenadiers, who did very good service near Gyobin; also Captain R. C. Toogood, 2nd Royal Scots Fusiliers, who did most excellent work against the Shan rebels in the Shwegyin District, and deserves special notice.

12. The following medical officers have been brought prominently to my notice for their admirable conduct on active service, and I beg to recommend them:

Surgeon P. J. Dempsey, Medical Staff.
Surgeon W. H. Burke, Indian Medical Department.
Surgeon F. W. C. Jones, Medical Staff.

13. Colonel E. S. Berkeley, Major W. Cooke, Captain S. C. F. Peile, and Lieutenant G. F. Watson, of the Commissariat Department, have been brought to notice by me before for their most valuable work; and I am glad to see them again mentioned in Major-General Sir George White's despatches.

There is another Commissariat Officer, Lieutenant W. H. D. Rich, whom I would most strongly recommend for reward. He has throughout the campaign been in charge of the Commissariat and Transport Departments at Thayetmyo; and in addition to his own very onerous duties, he has had a great deal to do with rationing some of the troops in Upper Burma. He is a most hard-working, deserving young officer, whose services will, I hope, be recognized.

14. Major J. E. Blundell, Hampshire Regiment, has for the last eighteen months had most onerous duties to perform as Assistant Adjutant-General of the division, and has earned my special thanks for the very satisfactory manner in which he has performed them. I strongly recommend him for reward.

15. The excellent work of Captain M. W. Saunders, Royal Artillery, as Assistant Quarter-master-General, I have already reported; and as His Excellency the Commander-in-Chief in India has very favorably noticed this officer, I need say no more.

16. Lieutenant J. R. P. Gordon, 15th Hussars, my Aide-de-Camp, has given me every assistance, and having been sent by Sir Frederick Roberts to Upper Burma on special duty, had an opportunity of doing some very good work with the Mounted Infantry.

17. To Deputy Surgeon-General J. M'N. Donnelly, C.B., Brigade-Surgeons T. Maunsell, Medical Staff, and B. T. Suffrein, Indian Medical Department, my special thanks are due for the admirable manner in which the general hospitals at Rangoon have been established and managed.

18. Captain J. D. Cunningham, 9-1st Brigade, Northern Division, Royal Artillery, deserves special notice for the excellent work he did at and around Monakone, where his untiring energy kept that troublesome district in order.

19. I beg to recommend the following native officers for forward as a recognition of the extremely good service they have done:

5th Madras Infantry.

Jemadar Syed Hussain,—promoted for gallantry in action at Ohni, near Pegu, on 19th December, 1885.
Jemadar Gholam Hyder,—promoted for gallantry in action at Shwegyin, on 11th January, 1886.

26th Madras Infantry.

Subadar-Major Sheikh Imaum.
Subadar Mahomed Yacoob.
Subadar Ungamootoo.
Subadar Imaum Khan.
Jemadar Sheikh Modeen.
Jemadar Yagappen.

1st Bombay Grenadiers.

7th Bombay Infantry.

Subadar Sheikh Ismail.
Subadar Ram Chandar.
Jemadar Jhanda Sing.

Also Havildar Ghassita Sing, 7th Bombay Infantry, recommended for the Order of Merit for gallantry in action.

20. There are many others who have done most excellent work, but I have only brought to notice the few who, by special qualifications or by luck, have had the opportunity of distinguishing themselves; and I hope my recommendations may meet with the approval and support of His Excellency the Commander-in-Chief.

2. In Courts of Magistrates attached to the head-quarters of a district the following procedure will be observed in the payment of diet allowance and travelling expenses to complainants and witnesses:—

At the conclusion of an enquiry or trial or of the examination of a witness or at the close of the day, as the Court having regard to the circumstances of the case before it may direct, the departmental clerk will take the orders of the Court as to the payment of diet allowance and travelling expenses, the rates at which payments are to be made, and the number of days to be allowed for journeys to and from the Court, and will then prepare a statement in the form annexed. The Court, after satisfying itself that the statement has been correctly prepared, shall there and then in open Court cause the Nazir of the Court to pay to each complainant or witness the amount shown in the statement as due to him. As soon as the money is paid the presiding officer of the Court will endorse on the statement prepared by the departmental clerk a certificate that the money has been paid in his presence and make the document over to the Nazir as a voucher in support of the disbursement. No separate receipt will be taken from any complainant or witness to whom a payment is made, but his signature or mark will be taken in column 10 of the statement. The statement referred to above shall be forwarded as soon as practicable to the District Magistrate under whose orders the amount shown therein as due shall be included in the contingent bill.

3. The procedure prescribed in the last preceding rule will be observed, so far as it can be made applicable, in Courts of Session and in Courts of Magistrates who are in camp or who are not attached to the head-quarters of a district.

SCHEDULE.

(*Rule 18.*)

1. Upon opium exported from Ajmere there shall be payable to the Government such duty as may from time to time be prescribed by the Governor-General in Council by notification in the *Gazette of India*. The duty prescribed under this paragraph need not be uniform for all opium exported from Ajmere but may vary with the destination of the opium or any other circumstance described in the notification.

2. The Rajputana-Malwa Railway Administration shall not receive opium for export to British India, except under a pass and in whole or half chests.

3. The amount of duty will be paid into the treasury either in cash or by *hundi*, and the treasury officer will give the person tendering payment a receipt for the amount so paid. On production of this receipt the number of chests for which duty has been paid will be admitted into the opium godown.

4. Hundis will, on being approved of by the treasury officer, be registered and numbered, and be endorsed on the reverse side with the name of the person on whom they are drawn; they will be forwarded by the treasury officer under sealed and registered cover, if the opium is for export by sea, direct to the Accountant-General, Bombay, and, if it is not for export by sea, to the officer mentioned in the pass to whom the treasury officer may be directed to forward it. The register will be in the following form :—

(1) Number of pass.	(7) On whom drawn.
(2) Date of pass.	(8) At how many days' sight.
(3) Number of chests covered by pass.	(9) When due.
(4) Consecutive number of hundi.	(10) Amount of hundi.
(5) Date of hundi.	(11) Total amount of duty.
(6) By whom drawn.	(12) Remarks.

5. To facilitate check, passes will bear the same numbers as the hundis, and these numbers will be entered in column 1, "number of pass." The total in column "total amount of duty" will be the total for each continuation register, and will be carried forward into the next; and numbers of passes so entered in the first column will be distinctly specified in the advice sent to the Accountant-General.

6. A duplicate of this register, if the export is to be by sea, will be sent to the Collector of Customs and Opium, Bombay; or, if the export is by land, to the officer to whom the hundi has been sent under paragraph 4 of this schedule.

7. Opium intended for export by sea or for home consumption in India shall be brought to the Government godown ready packed, in chests or half-chests (as may be most convenient), by the merchants or brokers who will produce the treasury officer's certificate under his signature for cash or his receipt for hundis on stamped paper payable at sight to the Bombay General Treasury and Bank of Bombay. The Deputy or Assistant Opium Agent will carefully inspect the treasury officer's signature to the certificate, and note the serial number of the receipt to satisfy himself that the receipts are genuine. The duty on opium intended for consumption in India must be paid in cash or by approved hundis into some treasury in British India, and the receipt of the treasury officer must be produced.

8. The chests or half-chests of each party will be placed in the opium-godown and will have their covers printed and stamped, and each chest or half-chest will then be numbered consecutively in English.

9. Merchants will themselves provide and pay for porters, carpenters and men for marking the chests, and sewing up the covers of such chests as have been opened for weighment; they will also pay all expenses of conveying their chests to the railway-station and of transit thence to their destination.

10. The Collector shall annually, before the weighment of the opium of the season is begun, examine the weights and scales, and report the result of the examination to the Commissioner. No weights or scales shall be used which on any such examination have not been found to be strictly accurate.

11. It shall be the duty of the officer in charge of the scales to see that the opium is weighed fairly with an even beam; the practice of taking excess weight for the purpose of trimming the scales, or as an allowance for dryage and wastage, is strictly prohibited.

12. The Deputy or Assistant Opium Agent will select at hazard any chest he pleases (never less than two chests or half-chests out of every ten, and as many more as he thinks fit); each selected chest will then be separately opened, its contents (opium balls called *battis* or *golis*) brought to the scales, the exact weight recorded;

and from these weighments the average of the whole lot may be struck. If the weight is in excess of the 140¼lb allowed by the Government in each whole chest, the surplus may be withdrawn; the object being to prevent a larger quantity than the amount allowed in a chest being exported under the pass. The officer who supervises weighment is to see that the surplus quantity of the whole of any batch is taken out of the opened chests and put aside somewhere near him under his eyes until the chests are repacked and nailed down. If the weight is under 140¼lb, and the owner has spare opium to make up the deficit, he may be allowed to supply it to make up the full weight, and the chests will then be nailed down in the presence of the officer in charge of the scales. If the owner is not able to make up the deficiency, the amount deficient will be noted in the pass.

13. During the process of weighing, the chaprasis of the Opium Establishment should vigilantly watch the merchants and their servants.

14. This operation is called the "net weighment of opium," and, when completed, the boxes are nailed down and repacked; then the gross weighment of each chest or half-chest is ascertained and recorded; and the gross weight is then marked on the covers in English with the serial number of the chest, and such other particulars as may be necessary for the identification of the consignment. The chests are then ready for despatch.

15. The chests exported during one season, which begins on the 1st August, shall bear a continuous serial number.

16 Full particulars must be entered in the pass for each consignment showing:—

ON THE FIRST SIDE OF PASS.
1. Number of pass.
2. Name of the owner of chest.
3. Number of chest.
4. Amount of duty.
5. Amount of duty paid in cash at Ajmere.
6. Amount of duty to be realised on hundi.
7. Rate of duty.
8. Date of Government orders.
9. Date of pass.
10. Signature of the officer by whom the pass was granted, and who made the weighments.

ON THE SECOND SIDE. Net weighment of opium of certain chests selected from the whole consignment.

ON THE THIRD SIDE. Gross weighment of every chest, its contents, and destination.

17. A duplicate of each pass granted will be sent to the officer who issued the permit authorising the export of the opium mentioned in the pass. At Bombay the Customs officer will test the weighments by fresh weighments. Elsewhere this test will be applied by the Deputy Commissioner or Collector; and as there always occurs a certain amount of dryage in transit, the weight of opium should invariably fall short of the weight recorded at Ajmere.

18. Two weekly registers, for the week ending on Saturday, in the form appended to this Schedule, will be prepared and forwarded: one to the Secretary to the Government of India, Department of Finance and Commerce, and the other to the Chief Commissioner of Ajmere; a copy being sent at the same time direct to the Collector of Customs and Opium at Bombay if the export is by sea.

19. A return of all opium exported from Ajmere shall be furnished monthly to the Government of India, Department of Finance and Commerce, and to each Local Government concerned.

20. The pass is only valid till the arrival in Bombay of the consignment covered by it, or for three months from the date of the issue of the pass.

CHAPTER III.

RENT.

Rents generally.

Respective rights of landlord and tenant to produce.

12. *(1)* The rent for the time being payable in respect of a tenancy shall be the first charge on the produce thereof.

(2) A tenant shall be entitled to tend, cut and harvest the produce of his tenancy in due course of husbandry without any interference on the part of his landlord.

(3) Except where rent is taken by division of the produce, the tenant shall be entitled to the exclusive possession of the produce.

(4) Where rent is taken by division of the produce—

(a) the tenant shall be entitled to the exclusive possession of the whole produce until it is divided;

(b) the landlord shall be entitled to be present at, and take part in, the division of the produce; and

(c) when the produce has been divided, the landlord shall be entitled to the possession of his share thereof.

Commutation and alteration of rent.

13. *(1)* Where rent is taken by any of the following methods, namely:—

(a) by division or appraisement of the produce,

(b) by rates fixed with reference to the nature of the crops grown,

(c) by a rate on a recognised measure of area,

(d) by a rent in gross on the tenancy, or

(e) partly by one of the methods specified in clauses (*a*), (*b*) and (*c*) of this sub-section and partly by another or others of them,

one of those methods shall not be commuted in whole or in part into another without the consent of both landlord and tenant.

(2) In the absence of a contract or a decree or order of competent authority to the contrary, a tenant whose rent is taken by any of the methods specified in clauses (*a*), (*b*) and (*c*) of sub-section (*1*), or by the method specified in clause (*d*) of

The Punjab Tenancy Act, 1887.
(Chapter II.—Right of Occupancy.—Sections 6-11. Chapter III.—Rent.—Sections 12-13.)

that sub-section, shall not be liable to pay for a tenancy rent at any higher rate, or of a higher amount, as the case may be, than the rate or amount payable in respect of the tenancy for the preceding agricultural year.

Payments for land occupied without consent of landlord.

14. Any person in possession of land occupied without the consent of the landlord shall be liable to pay for the use or occupation of that land at the rate of rent payable in the preceding agricultural year, or, if rent was not payable in that year, at such rate as the Court may determine to be fair and equitable.

Collection of rents of undivided property.

15. When two or more persons are landords of a tenant in respect of the same tenancy, the tenant shall not be bound to pay part of the rent of his tenancy to one of those persons and part to another.

Produce-rents.

Presumption with respect to produce removed before division or appraisement.

16. Where rent is taken by division or appraisement of the produce, if the tenant removes any portion of the produce at such a time or in such a manner as to prevent the due division or appraisement thereof, or deals therewith in a manner contrary to established usage, the produce may be deemed to have been as full as the fullest crop of the same description on similar land in the neighbourhood for that harvest.

Appointment of referee for division or appraisement.

17. If either the landlord or the tenant neglects to attend, either personally or by agent, at the proper time for making the division or appraisement of the produce, or if there is a dispute about the division or appraisement, a Revenue-officer may, on the application of either party, appoint such person as he thinks fit to be a referee to divide or appraise the produce.

Appointment of assessors and procedure of referee.

18. (*1*) When a Revenue-officer appoints a referee under the last foregoing section, he may, in his discretion, give him instructions with respect to the association with himself of any other persons as assessors, the number, qualifications and selection of those assessors, and the procedure to be followed in making the division or appraisement.

(*2*) The referee so appointed shall make the division or appraisement in accordance with any instructions which he may have received from the Revenue-officer under the last foregoing sub-section.

(*3*) Before making the division or appraisement the referee shall give notice to the landlord and the tenant of the time and place at which the division or appraisement will be made, but, if either the landlord or the tenant fails to attend either personally or by agent, the referee may proceed *ex parte*.

(*4*) For the purpose of making the division or appraisement, the referee, with his assessors, if any, may enter upon any land or which or into any building in which the produce is.

Procedure after division or appraisement.

19. (*1*) The result of the division or appraisement shall be recorded and signed by the referee, and the record shall be submitted to the Revenue-officer.

(*2*) The Revenue-officer shall consider the record, and, after such further inquiry, if any, as he may deem necessary, shall make an order either confirming or varying the division or appraisement.

(*3*) The Revenue-officer shall also make such order as to the costs of the reference as he thinks fit.

(*4*) The costs may include the remuneration of the referee and of the assessors, if any, and may be levied from the applicant before the appointment of the referee subject to adjustment at the close of the proceedings.

Enhancement of produce-rents of occupancy-tenants.

20. Where the rent of a tenant having a right of occupancy in any land is a share of the produce, or of the appraised value thereof, with or without an addition in money, or is paid according to rates fixed with reference to the nature of the crops grown, or is a rent in gross payable in kind, the tenant shall be entitled to occupy the land at that rent:

Provided that, when the land or any part thereof previously not irrigated or flooded becomes irrigated or flooded, the rent payable in respect of the land or part may, subject to the provisions of this Act, be enhanced to the share or rates, or with reference to the rent in gross, as the case may be, paid by tenants, having a similar right of occupancy, for irrigated or flooded land of a similar description and with similar advantages.

Reduction of rents referred to in the last foregoing section.

21. When the land, or any part of the land, held by a tenant having a right of occupancy to whom the last foregoing section applies ceases to be irrigated or flooded, the rent payable in respect of the land or part may be reduced to the share or rates, or with reference to the rent in gross, as the case may be, paid by tenants, having a similar right of occupancy, for unirrigated or unflooded land of a similar description and with similar advantages.

Cash-rents paid by Tenants having Right of Occupancy.

Enhancement of cash-rents of occupancy-tenants.

22. (*1*) Where a tenant having a right of occupancy pays his rent entirely by a cash-rate on a recognised measure of area or by a cash-rent in gross on his tenancy, the rent may be enhanced on the ground that, after deduction therefrom of the land-revenue of, and the rates and cesses chargeable on, the tenancy, it is—

(*a*) if the tenant belongs to the class specified in clause (*g*) of sub-section (*1*) of section 5, less than two annas per rupee of the amount of the land-revenue;

(*b*) if he belongs to any of the classes specified in clauses (*b*), (*c*) and (*d*) of that sub-section, less than six annas per rupee of the amount of the land-revenue;

(*c*) if he belongs to the class specified in section 6, or if his right of occupancy is established under section 8 and his rent is not regulated by contract, less than twelve annas per rupee of the amount of the land-revenue.

(*2*) In a case to which sub-section (*1*) applies, the rent may be enhanced to an amount not exceeding two, six or twelve annas per rupee

of the amount of the land-revenue, as the case may be, in addition to the amount of the land-revenue of the tenancy and the rates and cesses chargeable thereon.

Reduction of rents referred to in the last foregoing section.

23. The rent payable by a tenant to whom the last foregoing section applies may be reduced on the ground that the productive powers of his tenancy have been decreased by a cause beyond his control.

General Provisions relating to Suits for Enhancement or Reduction of Rent.

Enhancement and reduction of rent by suit.

24. (*1*) A Revenue Court, on the suit of either landlord or tenant, may, subject to the provisions of this and other sections of this Act, enhance or reduce the rent of any tenant having a right of occupancy.

(*2*) Where a decree for the enhancement of the rent of such a tenant has been passed under the Punjab Tenancy Act, 1868, a suit for a further enhancement of his rent shall not lie till the expiration of five years from the date of the decree, unless in the meantime the local area in which the land comprised in the decree is situate has been generally re-assessed and the revenue payable in respect of that land has been increased. XXVIII of 1868.

(*3*) Subject to the provisions of sub-section (*2*), a suit instituted for the enhancement of the rent of a tenant having a right of occupancy shall not be entertained in either of the following cases, namely:—

(*a*) if within the ten years next preceding its institution his rent has been commuted under section 13 or enhanced under this section,

(*b*) if within that period a decree has been passed under this Act dismissing on the merits a suit for the enhancement of his rent,

unless the land or some part of the land comprised in his tenancy, not having been irrigated or flooded at the time of such commutation, enhancement or decree, has become irrigated or flooded.

Discretion as to extent of enhancement or reduction.

25. In enhancing or reducing the rent of any land under the foregoing provisions of this Chapter, the Court shall, within the limits prescribed by those provisions, enhance or reduce the rent to such an amount as it considers fair and equitable, but shall not in any case fix the rent at a sum less than the amount of the land-revenue of the land and the rates and cesses chargeable thereon.

Time for enhancement or reduction to take effect.

26. (*1*) Unless the Court decreeing an enhancement of rent otherwise directs, the enhancement shall take effect from the commencement of the agricultural year next following the date of the decree.

(*2*) A Court decreeing a reduction of rent shall specify in the decree the date on and from which the reduction is to take effect.

Adjustment of Rents expressed in terms of the Land-revenue.

Adjustment of rents expressed in terms of the land-revenue.

27. (*1*) Where the rent of a tenancy is the whole or a share of the land-revenue thereof, with or without an addition in money, kind or service, and the land-revenue of the holding in which the tenancy is situate is altered, a Revenue-officer having authority under section 56 of the Punjab Land-revenue Act, 1887, to determine the land-revenue payable in respect of the several holdings comprised in the estate in which the tenancy is situate shall determine also the amount of the land-revenue of the tenancy, or the proportionate share thereof, payable by the tenant as rent. XVII of 1887.

(*2*) Where an addition referred to in sub-section (*1*) is a percentage fixed with reference to the land-revenue of the tenancy, or the whole or a share of the rates and cesses chargeable thereon, or both, the Revenue-officer shall in like manner from time to time alter the amount of the addition in proportion to any alteration of such land-revenue or rates and cesses.

(*3*) The sum or sums determined under the foregoing sub-sections, together with any addition previously payable other than the additions referred to in sub-section (*2*), shall be the rent payable in respect of the tenancy until there is again an alteration of the land-revenue thereof or of the rates and cesses chargeable thereon or until the rent is enhanced by a suit under this Act.

(*4*) An alteration of rent under this section shall not be deemed an enhancement or reduction of rent within the meaning of this Act.

Alteration of Rent on Alteration of Area.

Alteration of rent on alteration of area.

28. (*1*) Every tenant shall—

(*a*) be liable to pay additional rent for all land proved to be in excess of the area for which rent has been previously paid by him, unless it is proved that the excess is due to the addition to his tenancy of land which, having previously belonged to the tenancy, was lost by diluvion or otherwise without any reduction of the rent being made; and

(*b*) be entitled to an abatement of rent in respect of any deficiency proved to exist in the area of his tenancy as compared with the area for which rent has been previously paid by him, unless it is proved that the deficiency is due to the loss of land which was added to the area of the tenancy by alluvion or otherwise, and that an addition has not been made to the rent in respect of the addition to the area.

(*2*) In determining the area for which rent has been previously paid, the Court shall have regard to the following, among other matters, namely:—

(*a*) the origin and conditions of the tenant's occupancy, for instance, whether the rent was a rent in gross for the entire tenancy;

(*b*) whether the tenant has been allowed to hold additional land in consideration of an addition to his total rent or otherwise with the knowledge and consent of the landlord; and

(*c*) the length of time during which there has been no dispute as to rent or area.

(*3*) In adding to or abating rent under this section, the Court shall add to or abate the rent to such an amount as it deems to be fair and equitable, and shall specify in its decree the date on and from which the addition or abatement is to take effect.

(4) An addition to or abatement of rent under this section shall not be deemed an enhancement or reduction of rent within the meaning of this Act.

Remission.

Remission of rent by Courts decreeing arrears.

29. Notwithstanding anything in the foregoing sections of this Chapter, if it appears to a Court making a decree for an arrear of rent that the area of a tenancy has been so diminished by diluvion or otherwise, or that the produce thereof has been so diminished by drought, hail, deposit of sand or other like calamity, that the full amount of rent payable by the tenant cannot be equitably decreed, the Court may, with the previous sanction of the Collector, allow such remission from the rent payable by the tenant as may appear to it to be just.

Remission and suspension of rent consequent on like treatment of land-revenue.

30. (1) Whenever from any cause the payment of the whole or any part of the land-revenue payable in respect of any land is remitted or suspended, a Revenue-officer may, by order, remit or suspend, as the case may be, the payment of the rent of that land to an amount which may bear the same proportion to the whole of the rent payable in respect of the land as the land-revenue of which the payment has been remitted or suspended bears to the whole of the land-revenue payable in respect of the land.

(2) An order passed under sub-section (1) shall not be liable to be contested by suit in any Court.

(3) A suit shall not lie for the recovery of any rent of which the payment has been remitted, or, during the period of suspension, of any rent of which the payment has been suspended.

(4) Where the payment of rent has been suspended, the period during which the suspension has continued shall be excluded in the computation of the period of limitation prescribed for a suit for the recovery of the rent.

(5) If the landlord collects any rent of which the payment has been remitted, or before the expiration of the period of suspension collects any rent of which the payment has been suspended, the whole of the land-revenue remitted or suspended in his favour shall become immediately payable by him.

(6) The provisions of this section relating to the remission and suspension of the payment of rent may be applied, so far as they can be made applicable, to land of which the land-revenue has been released, compounded for or redeemed, in any case in which, if the land-revenue in respect of the land had not been released, compounded for or redeemed, the whole or any part of it might, in the opinion of the Revenue-officer, be remitted or suspended under the rules for the time being in force for regulating the remission and suspension of land-revenue.

Deposits.

Power to deposit rent in certain cases with Revenue-officer.

31. In either of the following cases, namely:—

(a) when a landlord refuses to receive, or grant a receipt for, any rent payable in money when tendered to him by a tenant,

(b) when a tenant is in doubt as to the person entitled to receive rent payable in money,

the tenant may apply to a Revenue-officer for leave to deposit the rent in his office, and the Revenue officer shall receive the deposit if, after examining the applicant, he is satisfied that there is sufficient ground for the application and if the applicant pays the fee, if any, chargeable for the issue of the notice next hereinafter referred to.

Effect of depositing rent.

32. (1) When a deposit has been so received, it shall be deemed to be a payment made by the tenant to his landlord in respect of rent due.

(2) The Revenue-officer receiving the deposit shall give notice of the receipt thereof to every person who he has reason to believe claims or is entitled to the deposit, and may pay the amount thereof to any person appearing to him to be entitled thereto, or may, if he thinks fit, retain the deposit pending the decision of a competent Court as to the person so entitled.

(3) No suit or other proceeding shall be instituted against the Secretary of State for India in Council, or against any officer of the Government, in respect of anything done by a Revenue-officer under this section, but nothing in this sub-section shall prevent any person entitled to receive the amount of any such deposit from recovering it from a person to whom it has been paid by a Revenue-officer.

Recovery of Rent from attached Produce.

Recovery of rent from attached produce.

33. (1) If an order is made by any Court for the attachment of the produce of a tenancy or of any part of a tenancy, the landlord may apply to the Revenue-officer by whom the attachment is to be or has been made to sell the produce and pay to him out of the proceeds of the sale thereof the amount or value of—

(a) any rent which has fallen due to him in respect of the tenancy within the year immediately preceding the application and

(b) the rent which will be falling due after the harvesting of the produce and is chargeable against it.

(2) The Revenue-officer shall give the person at whose instance the attachment was made an opportunity of showing cause why the application of the landlord should not be granted, and, if he finds the landlord's claim to the whole or any part of the rent to be proved, he shall cause the produce or such portion thereof as he may deem necessary to be sold, and shall apply the proceeds of the sale in the first instance to satisfy the claim.

(3) The finding of the Revenue-officer under sub-section (2) shall have the force of a decree in a suit between the landlord and the tenant.

Leases for Period exceeding Term of Assessment of Land-revenue.

Treatment of leases for period exceeding or equal to term of assessment of land-revenue.

34. (1) Where a lease has been granted, or an agreement has been entered into, by a landowner in respect of any land assessed to land-revenue, fixing for a period exceeding the term for which the land-revenue has been assessed the rent or other sum payable in respect of the land under the lease or

agreement, and that term has expired, the lease or agreement shall be voidable—

(a) at the option of the landowner if the land-revenue of the land has been enhanced and the person to whom the lease has been granted or with whom the agreement has been entered into refuses to pay such rent or other sum as a Revenue Court, on the suit of the landowner, determines to be fair and equitable; and

where the relation of landlord and tenant exists between the grantor and grantee of the lease, or between the persons who entered into the agreement—

(b) at the option of the tenant if the land-revenue of the land has been reduced and the landlord refuses to accept such rent as a Revenue Court, on the suit of the tenant, determines to be fair and equitable.

(2) Any agreement relative to the occupation, rent, profits or produce of any land which has been entered into for the term of the currency of an assessment shall, unless a contrary intention clearly appears in the agreement or the agreement is terminated by consent of parties or course of law, continue in force until a revised assessment takes effect.

CHAPTER IV.

RELINQUISHMENT, ABANDONMENT AND EJECTMENT

Relinquishment.

Relinquishment by tenant for a fixed term.

35. A tenant holding for a fixed term under a contract or a decree or order of competent authority may relinquish his tenancy without notice at the end of that term.

Relinquishment by any other tenant.

36. (1) Any other tenant may relinquish his tenancy by giving verbally or in writing to his landlord, or to his landlord's agent, on or before the fifteenth day of January in any year, notice of his intention to relinquish the tenancy at the end of the agricultural year then current.

(2) The tenant may, instead of, or in addition to, giving the notice in the manner mentioned in sub-section (1), apply to a Revenue-officer on or before the date aforesaid to cause the notice to be served on the landlord, and the Revenue-officer, on receiving the cost of service from the tenant, shall cause the notice to be served as soon as may be.

(3) If the tenant does not give notice in the manner prescribed in this section, he shall be liable to pay the rent of his tenancy for any part of the ensuing agricultural year during which the tenancy is not let by the landlord to some other person or is not cultivated by the landlord himself.

Relinquishment of part only of a tenancy.

37. A tenant cannot, without the consent of his landlord, relinquish a part only of his tenancy.

Abandonment.

Abandonment of tenancy by occupancy-tenant.

38. If a tenant having a right of occupancy fails for more than one year without sufficient cause to cultivate his tenancy, either by himself or some other person, and to arrange for payment of the rent thereof as it falls due, the right of occupancy shall be extinguished from the end of that year.

Ejectment.

LIABILITY TO EJECTMENT.

Grounds of ejectment of occupancy-tenant.

39. A tenant having a right of occupancy shall be liable to be ejected from his tenancy on any of the following grounds, namely:—

(a) that he has used the land comprised in the tenancy in a manner which renders it unfit for the purposes for which he held it;

(b) where rent is payable in kind, that he has without sufficient cause failed to cultivate that land in the manner or to the extent customary in the locality in which the land is situate;

(c) that a decree for an arrear of rent in respect of the tenancy has been passed against him and remains unsatisfied.

Grounds of ejectment of tenant for a fixed term.

40. A tenant not having a right of occupancy, but holding for a fixed term under a contract or a decree or order of competent authority, shall be liable to be ejected from his tenancy at the expiration of that term, and, on any of the following grounds, before the expiration thereof, namely:—

(a) that he has used the land comprised in the tenancy in a manner which renders it unfit for the purposes for which he held it;

(b) where rent is payable in kind, that he has without sufficient cause failed to cultivate that land in the manner or to the extent customary in the locality in which the land is situate;

(c) on any ground which would justify ejectment under the contract, decree or order.

Ejectment of tenant from year to year.

41. A tenant who has not a right of occupancy, and does not hold for a fixed term under a contract or a decree or order of competent authority, may be ejected at the end of any agricultural year.

PROCEDURE ON EJECTMENT.

Restriction on ejectment.

42. A tenant shall not be ejected otherwise than in execution of a decree for ejectment except in the following cases, namely:—

(a) when a decree for an arrear of rent in respect of his tenancy has been passed against him and remains unsatisfied;

(b) when the tenant has not a right of occupancy, and does not hold for a fixed term under a contract or a decree or order of competent authority.

Application to Revenue-officer for ejectment.

43. In any such case as is mentioned in clause (a) or clause (b) of the last foregoing section, the landlord may apply to a Revenue-officer for the ejectment of the tenant in the case mentioned in the former clause or for the service on the tenant of a notice of ejectment in the case mentioned in the latter clause.

Ejectment for failure to satisfy decree for arrear of rent.

44. (1) On receiving the application in any such case as is mentioned in clause (a) of section 42 the Revenue-officer shall, after such inquiry with respect to the existence of the arrear as he deems necessary, cause a notice to be served on the tenant, stating the date of the decree and the amount due thereunder, and informing him that if he does not pay that amount

The Punjab Tenancy Act, 1887.
(Chapter IV.—Relinquishment, Abandonment and Ejectment.—Sections 45-50.)

to the Revenue-officer within fifteen days from receipt of the notice he will be ejected from the land.

(2) If the amount is not so paid, the Revenue-officer shall, subject to the provisions of this Act with respect to the payment of compensation, order the ejectment of the tenant unless good cause is shown to the contrary.

Ejectment of tenant from year to year by notice.

45. (1) On receiving the application of the landlord in any such case as is mentioned in clause (*b*) of section 42, the Revenue-officer shall, if the application is in order and not open to objection on the face of it, cause a notice of ejectment to be served on the tenant.

(2) A notice under sub-section (1) shall not be served after the fifteenth day of November in any year.

(3) The notice shall specify the name of the landlord on whose application it is issued, and describe the land to which it relates, and shall inform the tenant that he must vacate the land before the first day of May next following, or that, if he intends to contest his liability to ejectment, he must institute a suit for that purpose in a Revenue Court within two months from the date of the service of the notice.

(4) The notice shall also inform the tenant that if he does not intend to contest his liability to be ejected and he has any claim for compensation on ejectment he should, within two months from the date of the service of the notice, prefer his claim to the Revenue-officer having authority under the next following sub-section to order his ejectment in the circumstances described in that sub-section.

(5) If within two months from the date of the service of the notice the tenant does not institute a suit to contest his liability to be ejected, a Revenue-officer, on the application of the landlord, shall, subject to the provisions of this Act with respect to the payment of compensation, order the ejectment of the tenant:

Provided that the Revenue-officer shall not make the order until he is satisfied that the notice was duly served on the tenant.

(6) If within those two months the tenant institutes a suit to contest his liability to be ejected and fails in the suit, the Court by which the suit is determined shall by its decree direct the ejectment of the tenant.

Power to make rules.

46. The Financial Commissioner may make rules prescribing—

(*a*) the form and language of applications and notices under the two last foregoing sections; and

(*b*) the manner in which those applications and notices are to be signed and attested.

GENERAL PROVISIONS RESPECTING EJECTMENT.

Time for ejectment.

47. A decree or order for the ejectment of a tenant shall not be executed at any other time than between the first day of May and the fifteenth day of June (both days inclusive), unless the Court making the decree or, where the order is made under section 44, the officer making the order otherwise directs.

Relief against forfeiture.

48. (1) If in a suit for the ejectment of a tenant on either of the grounds mentioned in clauses (*a*) and (*b*) of section 39 or of section 40 it appears to the Court that the injury caused by the act or omission on which the suit is based is capable of being remedied, or that an award of compensation will be sufficient satisfaction to the landlord therefor, the Court may, instead of making a decree for the ejectment of the tenant, order him to remedy the injury within a period to be fixed in the order, or order him to pay into Court, within such a period, such compensation as the Court thinks fit.

(2) The Court may from time to time, for special reasons, extend a period fixed by it under sub-section (1).

(3) If within the period, or extended period, as the case may be, fixed by the Court under this section, the injury is remedied or the compensation is paid, a decree for the ejectment of the tenant shall not be made.

Rights of ejected tenants in respect of crops and land prepared for sowing.

49. (1) Where at the time of the proposed ejectment of a tenant from any land his uncut or ungathered crops are standing on any part thereof, he shall not be ejected from that part until the crops have ripened and he has been allowed a reasonable time to harvest them.

(2) The Court or Revenue-officer decreeing or ordering the ejectment of the tenant may, on the application of the landlord, determine any dispute arising in consequence of the provisions of sub-section (1) between the landlord and the tenant or between the landlord and any person entitled to harvest the crops of the tenant, and may in its or his discretion—

(*a*) direct that the tenant pay for the longer occupation of the land secured to him under sub-section (1) such rent as may be fair and equitable, or

(*b*) determine the value of the tenant's uncut and ungathered crops, and, on payment thereof by the landlord to the Court or Revenue-officer, forthwith eject the tenant.

(3) When a tenant for whose ejectment proceedings have been taken has, conformably with local usage, prepared for sowing any land comprised in his tenancy, but has not sown or planted crops on that land, he shall be entitled to receive from the landlord before ejectment a fair equivalent in money for the labour and capital expended by him in so preparing the land, and the Court or Revenue-officer before which or whom the proceedings are pending shall, on the application of the tenant, determine the sum payable to the tenant under this sub-section and stay his ejectment until that sum has been paid to him.

RELIEF FOR WRONGFUL DISPOSSESSION.

Relief for wrongful dispossession or ejectment.

50. In either of the following cases, namely:—

(*a*) if a tenant has been dispossessed without his consent of his tenancy or any part thereof otherwise than in execution of a decree or than in pursuance of an order under section 44 or section 45,

(*b*) if a tenant who, not having instituted a suit under section 45, has been ejected from his tenancy or any part thereof in pursuance of an order under that section or denies his liability to be ejected,

the tenant may, within one year from the date of his dispossession or ejectment, institute a suit for recovery of possession or occupancy, or for compensation, or for both.

(2) A notification under this section shall not take effect till after the expiration of six months from the date of the publication thereof.

CHAPTER V.

ALIENATION OF, AND SUCCESSION TO, RIGHT OF OCCUPANCY.

Alienation.

Private transfer of right of occupancy under section 5 by tenant.

53. (1) A tenant having a right of occupancy under section 5 may transfer that right by sale, gift or mortgage, subject to the conditions mentioned in this section.

(2) If he intends to transfer the right by sale, gift, mortgage by conditional sale or usufructuary mortgage, he shall cause notice of his intention to be served on his landlord through a Revenue-officer, and shall defer proceeding with the transfer for a period of one month from the date on which the notice is served.

(3) Within that period of one month the landlord may claim to purchase the right at such value as a Revenue-officer may, on application made to him in this behalf, fix.

(4) When the application to the Revenue-officer is to fix the value of a right of occupancy which is already mortgaged, he shall fix the value of the right as if it were not mortgaged.

(5) The landlord shall be deemed to have purchased the right if he pays the value to the Revenue-officer within such time as that officer appoints.

(6) On the value being so paid, the right of occupancy shall be extinct, and the Revenue-officer shall, on the application of the landlord, put the landlord in possession of the tenancy.

(7) If the right of occupancy was already mortgaged, the tenancy shall pass to the landlord unincumbered by the mortgage, but the mortgage-debt shall be a charge on the purchase-money.

(8) If there is no such charge as aforesaid, the Revenue-officer shall, subject to any directions which he may receive from any Court, pay the purchase-money to the tenant.

(9) If there is such a charge, the Revenue-officer shall, subject as aforesaid, either apply in discharge of the mortgage-debt so much of the purchase-money as is required for that purpose and pay the balance, if any, to the tenant, or retain the purchase-money pending the decision of a Civil Court as to the person or persons entitled thereto.

(10) Where there are several landlords of a tenancy, any one of them may be deemed to be the landlord for the purposes of this section.

(11) No suit or other proceeding shall be instituted against the Secretary of State for India in Council, or against any officer of the Government, in respect of anything done by a Revenue-officer under the two last foregoing sub-sections, but nothing in this sub-section shall prevent any person entitled to receive the whole or any part of the purchase-money from recovering it from a person to whom it has been paid by a Revenue-officer.

Sale of right of occupancy under section 5 in execution of decree.

55. (1) A right of occupancy under section 5 may be sold in execution of a decree or order of a Court;

(2) But notice of an intended sale of any such right shall be given by the Court to the landlord, and, if at any time before the close of the day on which the sale takes place the landlord pays to the Court or to the officer conducting the sale a deposit of twenty-five per centum on the highest bid made at the sale, he shall be declared to be the purchaser instead of the person who made that bid.

Transfer of right of occupancy under any other section than section 5.

56. A right of occupancy under any other section than section 5 shall not be attached or sold in execution of a decree or order of any Court or, without the previous consent in writing of the landlord, be transferred by private contract.

Rights and liabilities of transferee of right of occupancy.

57. When a right of occupancy has been transferred by sale, gift or usufructuary mortgage to a person other than the landlord, that person shall, in respect of the land in which the right subsists, have the same rights, and be subject to the same liabilities, as the tenant to whom before the transfer the right belonged had and was subject to.

(*c*) failing such descendants and widow, or, if the deceased tenant left a widow, then when her interest terminates under clause (*b*) of this sub-section, on his male collateral relatives in the male line of descent from the common ancestor of the deceased tenant and those relatives:

Provided, with respect to clause (*c*) of this sub-section, that the common ancestor occupied the land.

(*2*) As among descendants and collateral relatives claiming under sub-section (*1*), the right shall, subject to the provisions of that sub-section, devolve as if it were land left by the deceased in the village in which the land subject to the right is situate.

(*3*) When the widow of a deceased tenant succeeds to a right of occupancy, she shall not transfer the right by sale, gift or mortgage, or by sub-lease for a term exceeding one year.

(*4*) If the deceased tenant has left no such persons as are mentioned in sub-section (*1*) on whom his right of occupancy may devolve under that sub-section, the right shall be extinguished.

Irregular transfer of right of occupancy.

60. Any transfer made of a right of occupancy in contravention of the foregoing provisions of this Chapter shall be voidable at the instance of the landlord.

Improvements by Landlords.

Improvements by landlords on tenancies of occupancy-tenants.

61. (*1*) Without the previous permission of the Collector a landlord shall not make an improvement on the tenancy of a tenant having a right of occupancy.

(*2*) If a landlord desires to make such an improvement he may apply to the Collector for permission to make it, and the Collector shall, before making an order on the application, hear the objection, if any, of the tenant.

(*3*) In making an order on an application under sub-section (*2*) the Collector shall be guided by such rules, if any, as the Local Government may, with the previous sanction of the Governor General in Council, make in this behalf.

Enhancement of rent in consideration of an improvement made by a landlord on the tenancy of an occupancy-tenant.

62. (*1*) When a landlord has, with the permission mentioned in the last foregoing section, made an improvement on the tenancy of a tenant having a right of occupancy, he may apply to the Collector for an enhancement of the rent of the tenant.

(*2*) If the tenant is a tenant to whom section 20 applies, the Collector shall enhance his rent to the share or rates, or with reference to the rent in gross, as the case may be, paid by tenants, having a similar right of occupancy, for land of a similar description and with similar advantages.

(*3*) If the tenant is a tenant to whom section 22 applies, the Collector shall enhance his rent to such amount as the tenant would be liable to pay under that section if the land-revenue were re-assessed.

(*4*) When the improvement ceases to exist, the Collector may, on the application of the tenant, reduce the tenant's rent,—

(*a*) in the case of a tenant to whom sub-section (*2*) applies, to the share or rates, or with reference to the rent in gross, as the case may be, paid by tenants, having a similar right of occupancy, for land of a similar description and with similar advantages, and

(*b*) in the case of a tenant to whom sub-section (*3*) applies, to such an amount as the tenant would be liable to pay if the land-revenue were re-assessed.

(*5*) Sections 25 and 26 shall be construed as applying to an application under this section, and a suit shall not lie in any Court for any purpose for which an application might be made under this section.

63. A tenant having a right of occupancy is entitled to make improvements on his tenancy.

Title of tenants not having right of occupancy to make improvements.

64. (*1*) A tenant not having a right of occupancy may make improvements on his tenancy with the assent of his landlord.

(*2*) If at any time the question arises whether or not the landlord assented to the making of an improvement by a tenant not having a right of occupancy, the assent may be inferred from circumstances.

Improvements made before commencement of this Act.

65. Improvements made by a tenant before the commencement of this Act shall be deemed to have been made in accordance with this Act, unless in the case of a tenant not having a right of occupancy it is shown that the improvement was made in contravention of a written agreement between him and his landlord.

Improvements begun in anticipation of ejectment.

66. A tenant ejected in execution of a decree, or in pursuance of a notice of ejectment, shall not be entitled to compensation for any improvement begun by him after the institution of the suit, or service of the notice, which resulted in his ejectment.

Tender of lease for twenty years to tenant to be a bar to right to compensation.

67. If a landlord tenders to a tenant a lease of his tenancy for a term of not less than twenty years from the date of the tender at the rent then paid by the tenant, or at such other rent as may be agreed on, the tender, if accepted by the tenant, shall bar any claim by him to compensation in respect of improvements previously made on the tenancy.

68. Subject to the foregoing provisions of this Chapter, a tenant who has made an improvement on his tenancy in accordance with this Act shall not be ejected, and the rent payable by him shall not be enhanced, until he has received compensation for the improvement.

Compensation for Disturbance of Clearing Tenants.

Compensation for disturbance of clearing tenants.

69. (*1*) A tenant who has cleared and brought under cultivation waste-land in which he has not a right of occupancy shall, if ejected from that land, be entitled to receive from the landlord as compensation for disturbance, in addition to any compensation for improvements, a sum to be determined by a Revenue Court or Revenue-officer in accordance with the merits of the case, but not exceeding five years' rent of the land:

Provided that a tenant who is a joint owner of land to which this section applies shall not be entitled to compensation for disturbance on ejectment from the land or any part thereof.

(*2*) If rent has been paid for the land by division or appraisement of the produce, or by rates fixed with reference to the nature of the crops grown, or if no rent, or no rent other than the land-revenue of the land and the rates and cesses chargeable thereon, has been paid therefor, the compensation may be computed as if double the amount of the land-revenue of the land were the annual rent thereof.

Procedure in determining Compensation.

Determination of compensation by Revenue Courts.

70. (*1*) In every suit by a tenant to contest his liability to ejectment or by a landlord to eject a tenant or to enhance his rent, the Court shall direct the tenant to file a statement of his claim, if any, to compensation for improvements or for disturbance and of the grounds thereof.

(*2*) If the Court decrees the ejectment of the tenant or the enhancement of his rent, it shall determine the amount of compensation, if any, due to the tenant, and shall stay execution of the decree until the landlord pays into Court that amount less any arrears of rent or costs proved to the satisfaction of the Court to be due to him from the tenant.

Determination of compensation by Revenue-officers.

71. In either of the following cases, namely:—

(*a*) when a notice has been served on a tenant under section 44,

(*b*) when a notice of ejectment has been served on a tenant under section 45 and the tenant has not instituted a suit to contest his liability to be ejected,

the tenant may apply to the Revenue-officer having authority to order his ejectment under section 44 or section 45, as the case may be, to determine the amount of compensation due to him for improvements or for disturbance, or for both, and the Revenue-officer shall determine the amount, if any, accordingly and stay the ejectment of the tenant until the landlord pays to the Revenue-officer the amount so determined less any arrears of rent or costs proved to the satisfaction of the Revenue-officer to be due to the landlord from the tenant.

Matters to be regarded in assessment of compensation for improvements.

72. In estimating the compensation to be awarded under this Chapter to a tenant for an improvement, the Court or Revenue-officer shall have regard to—

(*a*) the amount by which the value or the produce of the tenancy, or the value of that produce, is increased by the improvement;

(*b*) the condition of the improvement and the probable duration of its effects;

(*c*) the labour and capital required for the making of such an improvement;

(*d*) any reduction or remission of rent or other advantage allowed to the tenant by the landlord in consideration of the improvement; and

(*e*) in the case of a reclamation, or of the conversion of unirrigated into irrigated land, the length of time during which the tenant has had the benefit of the improvement.

Form of compensation.

73. (*1*) The compensation shall be made by payment in money, unless the parties agree that it be made in whole or in part by the grant of a beneficial lease of land or in some other way.

(*2*) If the parties so agree, the Court or Revenue-officer shall make an order accordingly.

Relief in case of Ejectment before Determination of Compensation.

Relief in case of ejectment before determination of compensation.

74. (*1*) If from any cause the amount of compensation payable to a tenant—

(*a*) under this Chapter for improvements or disturbance; or

(*b*) under section 49 for the value of uncut or ungathered crops or the preparation of land for sowing,

has not been determined before the tenant is ejected, the ejectment shall not be invalidated by reason of the omission, but the Court or Revenue-officer which decreed or who ordered the ejectment may, on application made by the tenant within one year from the date of the ejectment, correct the omission by making in favour of the tenant an order for the payment to him by the landlord of such compensation as the Court or officer may determine the tenant to be entitled to.

(*2*) An order made under sub-section (*1*) may be executed in the same manner as a decree for money may be executed by a Revenue Court.

(*3*) If it appears to the Chief Court, otherwise than on submission of a record under sub-section (*1*), that a Civil Court under its control has determined a suit of a class mentioned in section 77 which under the provisions of that section should have been heard and determined by a Revenue Court, the Chief Court may pass any order which it might have passed if the record had been submitted to it under that sub-section.

S. HARVEY JAMES,
Secretary to the Government of India.

The following further Report of the Select Committee on the Bill to amend the law relating to the Tenancy of Land in the Punjab was presented to the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 7th September, 1887:

WE, the undersigned, Members of the Select Committee to which the Bill to amend the Law relating to the Tenancy of Land in the Punjab was re-committed, have re-considered the Bill and have now the honour to submit this further Report. The alterations which we have made are indicated in italics in the revised Bill annexed to this Report.

2. We have converted the provisions of the Bill relating to the operation of records-of-rights and agreements into a separate Chapter at the end of the Bill. In re-arranging those provisions we have in some respects followed more closely the language of the Punjab Tenancy Act, 1868.

3. The addition which we have made to the definition of "land" in section 4 has reference to water-mills, which in some cases would not be covered by the word "buildings". We have also brought the definition of "land-revenue" more nearly into accord with the definition of that term in the Land-revenue Bill.

4. On the suggestion of the Hon'ble Nawáb Nawazish Ali Khan, we have proposed that, where a right of occupancy under clause (*c*) of section 5 of the Act of 1868 does not already exist at the time when the Act of 1887 comes into force, it shall not be acquired under section 5 of the latter Act if the landlord can prove that the tenant was settled on land previously cleared and brought under cultivation by or at the expense of the person by whom he was settled thereon.

5. On the suggestion of the same gentleman we have provided in sections 13, 20, 21 and 62 for the case, which occasionally occurs in the Punjab, of rents in gross being payable in kind.

6. In section 24 we have provided for rent being enhanced at any time on the extension of irrigation to land previously dry.

7. In section 27 we have provided for the case of an alteration of rates and cesses as well as of land-revenue.

8. In section 60 we have proposed that an irregular transfer of a right of occupancy be only voidable at the instance of the landlord instead of being absolutely void.

9. We have made section 71 applicable not only to a tenant from year to year on whom a notice has been served under section 45, but also to any tenant on whom a notice has been served under section 44.

10. In section 84 we have proposed to make the revisional powers of the Financial Commissioner over the proceedings of Revenue Courts and Revenue-officers co-extensive with those for the time being exerciseable by the Chief Court over the proceedings of Civil Courts.

11. The other amendments are not such as to call for remark.

12. The Bill (No. II) and Report were published in English in the Gazette of India of the 30th July, 1887, and in the Punjab Government Gazette of the 4th August, 1887, and are to be published in Urdu in the Punjab Urdu Gazette of the 8th instant.

13. The Bill has not, in our opinion, been so altered as to require re-publication, and we recommend that it be passed as amended by us.

(2) The Collector may for sufficient reason make an order revising that record at any time while the assessment continues to be in force, and publish the record so revised.

(3) If the assessment announced under section 51 is in the form of rates chargeable according to the results of each year or harvest, a Revenue-officer shall from year to year or from harvest to harvest, as the conditions of the assessment may require, make and publish, not later than one month before the first instalment of the land-revenue falls due, a record of the amount payable in respect of each holding.

(2) When the owners of the estate to which the waste-land belongs refuse the offer, the Collector shall assign to them an annual allowance not less than five and not more than ten per cent. of the net income realized by the Government from the land.

Provided that—

(b) when there are superior and inferior landowners in the same estate, the Financial Commissioner may by rule, or by special order in each case, determine whether the superior or inferior landowners shall be liable for the land-revenue, or whether both shall be so liable, and, if so, in what proportions.

The Punjab Land-revenue Act, 1887.
(Chapter VI.—Collection of Land-revenue.—Sections 62-71.)

(2) A notification under proviso (a) to sub-section (1) may have reference to any single estate or to any class of estates or estates generally in any local area.

62. (1) The land-revenue for the time being assessed on an estate or payable in respect of a holding shall be the first charge upon the rents, profits and produce thereof.

(2) Without the previous consent of the Collector, the rents, profits or produce of an estate or holding shall not be liable to be taken in execution of a decree or order of any Court until the land-revenue chargeable against the rents, profits or produce, and any arrear of land-revenue due in respect of the estate or holding, have been paid.

Orders to regulate payment of land-revenue.

63. (1) Notwithstanding anything in any record-of-rights, the Financial Commissioner may fix the number and amount of the instalments, and the times, places and manner, by, at and in which land-revenue is to be paid.

(2) Until the Financial Commissioner otherwise directs, land-revenue shall be payable by the instalments, at the times and places and in the manner, by, at and in which it is payable at the commencement of this Act.

Rules to regulate collection, remission and suspension of land-revenue.

64. (1) The Financial Commissioner may make rules consistent with this Act to regulate the collection, remission and suspension of land-revenue, and may by those rules determine the circumstances and terms in and on which assigned land-revenue may be collected by the assignee.

(2) Where land-revenue due to an assignee is collected by a Revenue-officer, there shall be deducted from the sum collected such a percentage on account of the cost of collection as the Financial Commissioner may by rule in this behalf prescribe.

(3) A suit for an arrear of assigned land-revenue shall not be entertained unless there is annexed to the plaint at the time of the presentation thereof a document under the hand of the Collector specially authorising the institution of the suit.

66. A statement of account certified by a Revenue-officer shall be conclusive proof of the existence of an arrear of land-revenue, of its amount and of the person who is the defaulter.

Processes for recovery of arrears.

67. Subject to the other provisions of this Act, an arrear of land-revenue may be recovered by any one or more of the following processes, namely :—

(a) by service of a writ of demand on the defaulter ;

69. (1) At any time after an arrear of land-revenue has accrued a Revenue-officer may issue a warrant directing an officer named therein to arrest the defaulter and bring him before the Revenue-officer.

(2) When the defaulter is brought before the Revenue-officer, the Revenue-officer may cause him to be taken before the Collector, or may keep him under personal restraint for a period not exceeding ten days and then, if the arrear is still unpaid, cause him to be taken before the Collector.

(3) When the defaulter is brought before the Collector, the Collector may issue an order to the officer in charge of the civil jail of the district, directing him to confine the defaulter in the jail for such period, not exceeding one month from the date of the order, as the Collector thinks fit.

71. (1) At any time after an arrear of land-revenue has accrued on a holding, the Collector may transfer the holding to any person being a land-owner of the estate in which the holding is

situate and not being a defaulter in respect of his own holding, on condition of his paying the arrear before being put in possession of the holding, and on such further conditions as the Collector may see fit to prescribe.

(2) The transfer may, as the Collector thinks fit, be either till the end of the agricultural year in which the defaulter pays to the transferee the amount of the arrear which the transferee paid before being put in possession of the holding, or for a term not exceeding fifteen years from the commencement of the agricultural year next following the date of the transfer.

(3) The Collector shall report to the Financial Commissioner any transfer made by him under this section, and the Financial Commissioner may set aside the transfer or alter the conditions thereof, or pass such other order as he thinks fit.

(4) A transfer under this section shall not affect the joint and several liability of the landowners of the estate in which it is enforced.

(5) In respect of all rights and liabilities arising under this Act the person to whom the holding is transferred shall, subject to the conditions of the transfer, stand in the same position as that in which the defaulter would have stood if the holding had not been transferred.

(6) When the transfer was for a term, the holding shall, on the expiration of the term, be restored by the Collector to the defaulter free of any claim on the part of the Government or the transferee for any arrear of land-revenue or rates and cesses due in respect thereof.

72. (1) At any time after an arrear of land-revenue has accrued, the Collector may cause the estate or holding in respect of which the arrear is due to be attached and taken under his own management or that of an agent appointed by him for that purpose.

Attachment of estate or holding.

(2) The Collector or the agent shall be bound by all the engagements which existed between the defaulter and his tenants, if any, and shall be entitled to manage the land and to receive all rents and profits accruing therefrom to the exclusion of the defaulter until the arrear has been satisfied, or until the Collector restores the land to the defaulter.

(3) All surplus profits of the land attached beyond the cost of attachment and management and the amount necessary to meet the current demand for land-revenue and rates and cesses shall be applied in discharge of the arrear.

(4) Land shall not be attached for the same [illegible] for more than five years from the commencement of the agricultural year next following the date of the attachment, but, if the arrear is sooner discharged, the land shall be released and the surplus receipts, if any, made over to the landowner.

73. (1) When an arrear of land-revenue has been due for a longer period than one month, and the foregoing processes are not deemed sufficient for the recovery thereof, the Financial Commissioner may, in addition to or instead of all or any of those processes, order the existing assessment of the estate or holding in respect of which the arrear is due to be [illegible]

(2) The provisions of this section shall not be put in force for the recovery of an arrear of land-revenue which has accrued on land—

(a) while under attachment under the last foregoing section, or

(b) while under the charge of the Court of Wards.

(3) When the assessment of any land has been annulled, the Collector may, with the previous sanction of the Financial Commissioner, either manage the land himself or through an agent, or let it in farm to any person willing to accept the farm, for such term and on such conditions as may be sanctioned by the Financial Commissioner:

Provided that the term for which land may be so managed or farmed shall not be longer than fifteen years from the commencement of the agricultural year next following the date of the annulment.

(4) At some time before the expiration of that term the Collector shall determine the assessment to be paid in respect of the estate or holding for the remainder of the term of the current assessment of the district or tahsil, and, when that assessment has been sanctioned by the Financial Commissioner, shall announce it to the landowner.

(5) The landowner may give notice to the Collector of refusal to be liable for the assessment within thirty days from the date on which the assessment was announced to him.

(6) If notice is so given, the Collector may, with the previous sanction of the Financial Commissioner, take the estate or holding under direct management or farm it for the remainder of the term of the current assessment of the district or tahsil, or for any period within that term which the Financial Commissioner may fix.

(7) When the assessment of a holding is annulled, the joint responsibility of the other landowners of the estate for the land-revenue of that holding becoming due after the annulment shall be in abeyance until a new assessment takes effect.

(8) The Financial Commissioner may direct that any contract made by the defaulter, or by any person through whom the defaulter claims, with respect to any land comprised in an estate or holding of which the assessment has been annulled shall not be binding on the Collector or his agent or farmer during the period for which the estate or holding remains under the management of the Collector or his agent or is let in farm.

74. (1) When any land is attached under section 72, or when the assessment of any land has been annulled under the last foregoing section, the Collector shall make proclamation thereof.

(2) No payment made by any person to the defaulter before the making of the proclamation on account of rent or any other asset in anticipation of the usual time for the payment shall, without the special sanction of the Collector, be credited to that person or relieve him from liability to make the payment to the Collector or his agent or farmer.

The Punjab Land-revenue Act, 1887.
(Chapter VI.—Collection of Land-revenue.—Sections 75-79.)

(3) No payment made after the making of the proclamation on account of rent or any other asset of the estate or holding to any person other than the Collector or his agent or farmer shall be credited to the person making the payment or relieve him from liability to make the payment to the Collector or his agent or farmer.

75. When an arrear of land-revenue has accrued and the foregoing processes are not deemed sufficient for the recovery thereof, the Collector, with the previous sanction of the Financial Commissioner, may, in addition to, or instead of, all or any of those processes, and subject to the provisions hereinafter contained, sell the estate or holding in respect of which the arrear is due:

Sale of estate or holding.

Provided that land shall not be sold for the recovery of—

(a) any arrear which has accrued while the land was under the charge of the Court of Wards, or was so circumstanced that the Court of Wards might have exercised jurisdiction over it under the provisions of section 35 of the Punjab Laws Act, 1872, clause (a), (b), (c) or (d); or

IV of 1872.

(b) any arrear which has accrued while the land was under attachment under section 72 of this Act; or

(c) any arrear which has accrued while the land was held under direct management by the Collector or in farm by any other person, under section 73, after either an annulment of assessment or a refusal to be liable therefor.

76. (1) Land sold under the last foregoing section shall be sold free of all incumbrances; and all grants and contracts previously made by any person other than the purchaser in respect of the land shall become void as against the purchaser at the sale.

Effect of sale on incumbrances.

(2) Nothing in sub-section (1) shall affect—

(a) a tenant's right of occupancy, unless the right was created by the defaulter himself, or

(b) any lease at a fair rent, temporary or perpetual, for the erection of a dwelling-house or manufactory, or for a mine, garden, tank, canal, place of worship or burial-ground, so long as the land continues to be used for the purpose specified in the lease, or

(c) any incumbrance, grant, contract or right of occupancy specially saved by order of the Financial Commissioner and proclaimed as hereinafter provided.

77. (1) If the arrear cannot be recovered by any of the processes hereinbefore provided, or if the Financial Commissioner considers the enforcement of any of those processes to be inexpedient, the Collector may, where the defaulter owns any other estate or holding, or any other immoveable property, proceed under the provisions of this Act against that property as if it were the land in respect of which the arrear is due:

Proceedings against other immoveable property of defaulter.

Provided that no interests save those of the defaulter alone shall be so proceeded against, and no incumbrances created, grants made or contracts entered into by him in good faith shall be rendered invalid by reason only of his interests being proceeded against.

(2) When the Collector determines to proceed under this section against immoveable property other than the land in respect of which the arrear is due, he shall issue a proclamation prohibiting the transfer or charging of the property.

(3) The Collector may at any time by order in writing withdraw the proclamation, and it shall be deemed to be withdrawn when either the arrear has been paid or the interests of the defaulter in the property have been sold for the recovery of the arrear.

(4) Any private alienation of the property, or of any interest of the defaulter therein, whether by sale, gift, mortgage or otherwise, made after the issue of the proclamation and before the withdrawal thereof shall be void.

(5) In proceeding against property under this section the Collector shall follow, as nearly as the nature of the property will admit, the procedure prescribed for the enforcement of process against land on which an arrear of land-revenue is due.

78. (1) Notwithstanding anything in section 66, when proceedings are taken under this Act for the recovery of an arrear, the person against whom the proceedings are taken may, if he denies his liability for the arrear or any part thereof and pays the same under protest made in writing at the time of payment and signed by him or his agent, institute a suit in a Civil Court for the recovery of the amount so paid.

(2) A suit under sub-section (1) must be instituted in a Court having jurisdiction in the place where the office of the Collector of the district in which the arrear or some part thereof accrued is situate.

Consequences of failure to pay deposit.

87. *(1)* At any time before the close of the day on which the sale takes place any person who has given notice of his intention to claim a right of pre-emption under section 79, sub-section *(2)*, may, on payment to the officer conducting the sale of a deposit of twenty-five per centum on the highest bid made at the sale, claim to take the property at that bid.

(2) If the right is not disputed, he shall be declared to be the purchaser.

(3) If the right is disputed, the Collector shall inquire into and decide the dispute and declare the purchaser, and his decision and declaration shall be final.

RECOVERY OF OTHER DEMANDS BY REVENUE-OFFICERS.

97. When a village-officer required by rules under section 28 to collect any land-revenue or sum recoverable as an arrear of land-revenue satisfies a Revenue-officer that the revenue or sum has fallen due and has not been paid to him, the Revenue-officer may, subject to any rules which the Financial Commissioner may make in this behalf, recover it as if it were an arrear of land-revenue.

Recovery of certain arrears through Revenue-officer instead of by suit.

98. In addition to any sums recoverable as arrears of land-revenue under this Act or any other enactment for the time being in force, the following sums may be so recovered, namely:—

Other sums recoverable as arrears of land-revenue.

(a) fees, fines, costs and other charges, including the village-officers' cess, payable under this Act;

(b) revenue due to the Government on account of pasture or other natural products of land, or on account of mills, fisheries or natural products of water, or on account of other rights described in section 41 or section 42, in cases in which the revenue so due has not been included in the assessment of an estate;

(c) fees payable to district boards or local boards under section 33 of the Punjab District Boards Act, 1883, for the use of or benefits derived from such works as are referred to in section 20, clauses *(i)* and *(j)*, of that Act; XX of 1883.

(e) sums payable to the Government by a person who is surety for the payment of any of the foregoing sums or of any other sum recoverable as an arrear of land-revenue.

99. *(1)* The provisions of Chapter VI shall, with respect to any sum mentioned or referred to in this Chapter, apply, so far as they can be made applicable, as if the sum were an arrear of land-revenue and the person from whom, either as principal or as surety, it is due were a defaulter in respect of such an arrear.

Application of Chapter VI to sums recoverable under this Chapter.

(2) Unless any such sum is declared by any enactment for the time being in force to be recoverable as if it were an arrear of land-revenue due in respect of the land charged therewith, the provisions of section 77 shall apply under sub-section *(1)* to the recovery thereof.

CHAPTER VIII.

(2) In defining the limits of any land under sub-section (1), the Revenue-officer may cause survey-marks to be erected on any boundary already determined by, or by order of, any Court, Revenue-officer or Forest-settlement-officer, or restore any survey-mark already set up by, or by order of, any Court or any such officer.

Cost of erection and repair of survey-marks.

102. Subject to any rules which the Financial Commissioner may make in this behalf, survey-marks shall be erected and kept in repair by or at the cost of the persons interested in the land for the indication of the limits of which they are required :

Provided that the Local Government may in any case direct that the cost of erection shall be borne by the Government or be paid out of the proceeds of the village-officers' cess.

Recovery of cost incurred by the Government.

103. (1) If the persons interested in the land fail to erect or repair a survey-mark within thirty days from the date of their being required by a Revenue-officer to do so, the Revenue-officer may cause it to be erected or repaired.

(2) Where the Revenue-officer causes a survey-mark to be erected or repaired, he shall, subject to any rules or direction under the last foregoing section, apportion the cost among the persons interested in the land in such manner as he deems just, and certify the same to the Collector.

Surveys for purpose of preparation of records.

105. (1) When any land is being surveyed in pursuance of rules under section 46, clause (c), any Revenue-officer directing the survey may, by notice or proclamation, require all persons having rights or interests in the land to indicate, within a specified time, by temporary marks of a kind to be described in the notice or proclamation, the limits of those rights or interests.

(2) If a person to whom the notice or proclamation is addressed fails to comply with the requisition, he shall be liable at the discretion of the Revenue-officer to fine which may extend to ten rupees.

Provision of flagholders and chainmen for those surveys.

106. (1) For the purposes of the survey of any land in pursuance of rules under section 46, clause (c), the landowners shall be bound to provide fit persons to act as flagholders and chainmen.

(2) If the landowners fail to provide such persons or to provide them in sufficient number, such other persons as a Revenue-officer considers necessary may be employed and the cost of employing them recovered from the landowners as if it were an arrear of land-revenue.

Professional surveys.

107. (1) If it is necessary to make a survey by other agency than that of Revenue-officers or village-officers, the Local Government may publish a notification stating—

(a) the local area to be surveyed and the nature of the survey ;

(2) The imposition of a fine under this section shall not bar a prosecution under section 434 of the Indian Penal Code. XLV of 1860.

Report of destruction or removal of or injury to survey-marks.

109. Every village-officer of an estate shall be legally bound to furnish a Revenue-officer with information respecting the destruction or removal of, or any injury done to, any survey-mark lawfully erected in the estate.

CHAPTER IX.

PARTITION.

Effect of partitions of estates and tenancies on joint liability for revenue and rent.

110. (1) A partition of land, either under this Chapter or otherwise, shall not, without the express consent of the Financial Commissioner, affect the joint liability of the land or of the landowners thereof for the revenue payable in respect of the land, or operate to create a new estate, and, if any conditions are attached to that consent, those conditions shall be binding on the parties to the partition.

(2) A partition of a tenancy shall not, without the express consent of the landlord, affect the joint liability of the co-sharers therein for the payment of the rent thereof.

Application for partition.

111. Any joint owner of land, or any joint tenant of a tenancy in which a right of occupancy subsists, may apply to a Revenue-officer for partition of his share in the land or tenancy, as the case may be, if—

(a) at the date of the application the share is recorded under Chapter IV as belonging to him, or

(b) his right to the share has been established by a decree which is still subsisting at that date, or

The Punjab Land-revenue Act, 1887.
(Chapter IX.—Partition.—Sections 112-118.)

(c) a written acknowledgment of that right has been executed by all persons interested in the admission or denial thereof.

Restrictions and limitations on partition.

112. Notwithstanding anything in the last foregoing section—

(1) places of worship and burial-grounds held in common before partition shall continue to be so held after partition, unless the parties otherwise agree among themselves and record their agreement and file it with the Revenue-officer ;

(2) partition of any of the following properties, namely :—

(a) any embankment, watercourse, well or tank, and any land on which the supply of water to any such work may depend,

(b) any grazing-ground, and

(c) any land which is occupied as the site of a town or village and is assessed to land-revenue,

may be refused if in the opinion of the Revenue-officer the partition of such property is likely to cause inconvenience to the co-sharers or other persons directly or indirectly interested therein or to diminish the utility thereof to those persons ;

(3) the fact that a partition on the application of a joint owner of land would render necessary the severance into two or more parts of the land comprised in the tenancy of a tenant having a right of occupancy may, unless the tenant assents to the severance, be a sufficient reason for the disallowance of the partition in so far as it would affect that tenancy ; and

(4) the fact that the landlord objects to the partition of a tenancy may be sufficient reason for the absolute disallowance of the partition thereof.

Notice of application for partition.

113. The Revenue officer, on receiving the application under section 111, shall, if it is in order and not open to objection on the face of it, fix a day for the hearing thereof, and—

(a) cause notice of the application and of the day so fixed to be served on such of the recorded co-sharers as have not joined in the application, and, if the share of which partition is applied for is a share in a tenancy, on the landlord also ; and

(b) if he thinks fit, cause the notice to be served on, or proclaimed for the information of, any other persons whom he may deem to be directly or indirectly interested in the application.

Addition of parties to application.

114. On the day fixed for the hearing, or on any day to which the hearing may be adjourned, the Revenue-officer shall ascertain whether any of the other co-sharers desire the partition of their shares also, and, if any of them so desire, he shall add them as applicants for partition.

Absolute disallowance of partition.

115. After examining such of the co-sharers and other persons as may be present on that day, the Revenue-officer may, if he is of opinion that there is good and sufficient cause why partition should be absolutely disallowed, refuse the application, recording the grounds of his refusal.

Procedure on admission of application.

116. If the Revenue-officer does not refuse the application under the last foregoing section, he shall ascertain the questions, if any, in dispute between any of the persons interested, distinguishing between—

(a) questions as to title in the property of which partition is sought ; and

(b) questions as to the property to be divided, or the mode of making the partition.

Disposal of questions as to title in property to be divided.

117. (1) When there is a question as to title in any of the property of which partition is sought, the Revenue-officer may decline to grant the application for partition until the question has been determined by a competent Court, or he may himself proceed to determine the question as though he were such a Court.

(2) Where the Revenue-officer himself proceeds to determine the question, the following rules shall apply, namely :—

(a) If the question is one over which a Revenue Court has jurisdiction, the Revenue-officer shall proceed as a Revenue Court under the provisions of the Punjab Tenancy Act, 1887.

(b) If the question is one over which a Civil Court has jurisdiction, the procedure of the Revenue-officer shall be that applicable to the trial of an original suit by a Civil Court, and he shall record a judgment and decree containing the particulars required by the Code of Civil Procedure to be specified therein. XIV of 1882.

(c) An appeal shall lie from the decree of the Revenue-officer under clause (b) as though that decree were a decree of a District Judge in an original suit.

(d) Upon such an appeal being made, the Divisional Court or Chief Court, as the case may be, may issue an injunction to the Revenue-officer requiring him to stay proceedings pending the disposal of the appeal.

(e) From the appellate decree of a Divisional Court upon such an appeal a further appeal shall lie to the Chief Court if such a further appeal is allowed by the law for the time being in force.

Disposal of other questions.

118. (1) When there is a question as to the property to be divided, or the mode of making a partition, the Revenue-officer shall, after such inquiry as he deems necessary, record an order stating his decision on the question and his reasons for the decision.

(2) An appeal may be preferred to the Commissioner from an order under sub-section (1) within fifteen days from the date thereof, and, when such an appeal is preferred and the institution thereof has been certified to the Revenue-officer by the Commissioner, the Revenue-officer shall stay proceedings pending the disposal of the appeal.

The Punjab Land-revenue Act, 1887.
(Chapter IX.—Partition.—Sections 119-126. Chapter X.—Arbitration.—Sections 127-128.)

(3) If an applicant for partition is dissatisfied with an original or appellate order under this section, and applies for permission to withdraw from the proceedings in so far as they relate to the partition of his share, he shall be permitted to withdraw therefrom on such terms as the Revenue-officer thinks fit.

(4) When an applicant withdraws under the last foregoing sub-section, the Revenue-officer may, where the other applicants, if any, desire the continuance of the proceedings, continue them in so far as they relate to the partition of the shares of those other applicants.

Administration of property excluded from partition.

119. When any such property as is referred to in section 112, clause (2), is excluded from partition, the Revenue-officer may determine the extent and manner to and in which the co-sharers and other persons interested therein may make use thereof, and the proportion in which expenditure incurred thereon and profits derived therefrom, respectively, are to be borne by and divided among those persons or any of them.

Distribution of revenue and rent after partition.

120. (1) The amount of revenue to be paid in respect of each of the holdings into which land has been divided on a partition, and the amount of rent to be paid in respect of each of the portions into which a tenancy has been so divided, shall be determined by the Revenue-officer making the partition.

(2) The determination of the Revenue-officer as to the revenue to be paid in respect of each holding shall, where the estate in which the holding is situate is subject to a fixed assessment, be deemed to be an order under section 56, sub-section (1).

(3) Where new estates have been created at a partition and the land-revenue has been fraudulently or erroneously distributed among them, the Local Government may, within twelve years from the time of discovery of the fraud or error, order a new distribution of the land-revenue among the several estates, on an estimate of the assets of each estate at the time of the partition, to be made conformably to the best evidence and information procurable respecting the same.

Instrument of partition.

121. When a partition is completed, the Revenue-officer shall cause an instrument of partition to be prepared, and the date on which the partition is to take effect to be recorded therein.

Delivery of possession of property allotted on partition.

122. An owner or tenant to whom any land or portion of a tenancy, as the case may be, is allotted in proceedings for partition shall be entitled to possession thereof as against the other parties to the proceedings and their legal representatives, and a Revenue-officer shall, on application made to him for the purpose by any such owner or tenant at any time within three years from the date recorded in the instrument of partition under the last foregoing section, give effect to that instrument so far as it concerns the applicant as if it were a decree for immoveable property.

Allotment of partitions privately effected.

123. (1) In any case in which a partition has been made without the intervention of a Revenue-officer, any party thereto may apply to a Revenue officer for an order affirming the partition.

(2) On receiving the application, the Revenue-officer shall inquire into the case, and, if he finds that the partition has in fact been made, he may make an order affirming it and proceed under sections 119, 120, 121 and 122, or any of those sections, as circumstances may require, in the same manner as if the partition had been made on an application to himself under this Chapter.

Power to make rules as to costs of partitions.

124. The Financial Commissioner may make rules for determining the costs of partitions under this Chapter and the mode in which such costs are to be apportioned.

Re-distribution of land according to custom.

125. When by established custom any land in an estate is subject to periodical re-distribution a Revenue-officer may, on the application of any of the landowners, enforce the re-distribution according to the custom, and for this purpose may exercise all or any of the powers of a Revenue-officer in proceedings for partition.

The following further Report of the Select Committee on the Bill to amend and declare the Land-revenue Law of the Punjab was presented to the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 7th September, 1887:

We, the undersigned, Members of the Select Committee to which the Bill to amend and declare the Land-revenue Law of the Punjab was re-committed, have re-considered the Bill, and have now the honour to submit this further Report. The alterations which we have made are indicated in italics in the revised Bill annexed to this Report.

2. Having regard to the close connection between the subject-matter of this Bill and that of the Punjab Tenancy Bill, we consider it advisable to assign to the words "rent", "tenant", "landlord" and "tenancy" in this Bill the meanings which they respectively have in the other Bill.

3. We have inserted in the proviso to section 16 words which bring the proviso substantially into accord with sub-sections (5) and (6) of section 84 of the Tenancy Bill as amended by us.

4. In section 117, sub-section (2), we have provided for the determination, by the Revenue-officer as a Revenue Court, of certain questions within the jurisdiction of a Revenue Court which may arise in proceedings for the partition of a tenancy in which a right of occupancy subsists.

5. To section 150 we have added a sub-section to the effect that the proceedings of a Revenue-officer for the prevention of encroachment on common lands are to be subject to any decree or order which may be subsequently passed by any Court of competent jurisdiction.

6. In section 158 we have inserted a clause specially excluding from the jurisdiction of Civil Courts questions relating to village-cesses.

7. The other amendments are not such as to call for remark.

8. The Bill (No. II) and Report were published in English in the Gazette of India of the 30th July, 1887, and in the Punjab Government Gazette of the 4th August, 1887, and are to be published in Urdu in the Punjab Urdu Gazette of the 8th instant.

9. The Bill has not, in our opinion, been so altered as to require re-publication, and we recommend that it be passed as amended by us.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Act of the Governor-General of India in Council received the assent of His Excellency the Governor-General on the 23rd September, 1887, and is hereby promulgated for general information :

ACT NO. XIX OF 1887.

An Act to provide for the Administration of the Estate of His late Majesty the King of Oudh.

WHEREAS His late Majesty Wajid Ali Shah, King of Oudh, was during his lifetime exempt from the jurisdiction of the Civil Courts, and it is expedient to make provision for the administration of his estate otherwise than under the authority of those Courts ; It is hereby enacted as follows :—

Administration of the estate of the late King of Oudh by the Governor General in Council.

1. (*1*) The Governor General in Council shall have exclusive authority to act in the administration of the property of whatever nature left by His late Majesty the King of Oudh in regard to the settlement and satisfaction of claims against the estate of His late Majesty, and may make distribution of the remaining property or the proceeds thereof in such manner as he deems fit among the family and dependents of His late Majesty.

(*2*) No act of the Governor General in Council in connection with the administration to or distribution of the property left by His late Majesty shall be liable to be questioned in any Court.

Indemnity to Agent to the Governor General.

2. The Agent to the Governor General with His late Majesty, and all persons acting under his orders, are hereby indemnified and discharged from liability in respect of all acts done by him or them since the twentieth day of September, 1887, in connection with the preservation and administration of the estate of His late Majesty, and no suit or other proceeding shall be instituted in any Court against him or them, or against the Secretary of State for India in Council, in respect of those acts or any of them.

Effect of Act.

3. This Act shall take effect notwithstanding any testamentary or other disposition which may have been made by His late Majesty, and notwithstanding any proceedings which may have been or may be instituted before any Civil Court for administering his estate or collecting the debts due to it, and any person who under any probate, letters of administration or certificate, or otherwise howsoever, has received or realised any portion of the estate of His late Majesty shall be bound to account therefor to such officer as the Governor General in Council may appoint in this behalf.

STATEMENT OF OBJECTS AND REASONS.

As regard must be had in the administration of the estate of His late Majesty the King of Oudh to political considerations by which an executor or administrator under the ordinary law could not be guided, and as the winding-up of the estate will include the closing of the large establishment at Garden Reach, it is considered necessary to follow the precedent created by Act XVIII of 1848 in the case of the Nawáb of Surat, and to confer upon the Government exclusive authority to act in the administration of the property of His late Majesty.

The object of this Bill is to confer that authority on the Governor-General in Council.

II of 1887.

THE SCHEDULE.

STATEMENT.

(*See sections 3 and 11.*)

AFTER you have served for three years in the Burma Military Police you may, at any time when not on active service, apply for your discharge, through the Inspector, if any, to whom you may be subordinate, to a Commandant of Military Police or to the Deputy Commissioner of the district in which you may be serving, and you will be granted your discharge after two months from the date of your application, unless your discharge would cause the vacancies in the Burma Military Police to exceed one-tenth of the sanctioned strength; in that case you must remain until this objection is waived by competent authority or removed. But when on active service you have no claim to a discharge, and you must remain and do your duty until the necessity for retaining you in the Burma Military Police ceases, when you may make your application in the manner hereinbefore prescribed. In the event of your re-enlistment, after you have been discharged, you will have no claim to reckon for pension or any other purpose your service previous to your discharge.

Signature of police-officer in acknowledgment of the above having been read to him. } *A.B.*

STATEMENT OF OBJECTS AND REASONS.

IN January last a Regulation was passed under the Statute 33 Vic., chapter 3, section 1, to provide for the maintenance of discipline among the military police of Upper Burma. It is now proposed to bring a portion of the police of Lower Burma also under military discipline by similar provisions of law and for this purpose to substitute for the Regulation a Military Police Act extending to the whole of Burma.

The object of this Bill is to give effect to that proposal.

PART V.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Report of the Select Committee on the Bill to amend the law relating to the Tenancy of Land in the Punjab was presented to the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 27th July, 1887:

WE, the undersigned, members of the Select Committee to which the Bill to amend the law relating to the Tenancy of Land in the Punjab was referred, have considered the Bill and the papers noted in the margin, and have now the honour to submit this our Report with the Bill as revised by us annexed thereto.

Memorial from Committee of Landholders, Hoshiarpur [Paper No. 1].
From the Government of the Punjab, No. 44, dated 25th February, 1887, and seventy-nine enclosures [Papers No. 2].
From the Government of the Punjab, No. 442, dated 2nd July, 1887, and enclosures [Papers No. 3].

2. In January last the Government of the Punjab appointed a Committee under the presidency of Colonel Sir William Davies to sit at Lahore and report on the Bill with reference to the very numerous and voluminous opinions which had been submitted to that Government. This Committee, which we will hereafter refer to as the Lahore Committee, submitted a report which has been most useful to us in revising the Bill. Having preliminarily considered the Bill in Calcutta with Sir William Davies, we had the Bill as amended by us there re-printed, and we have now considered and revised this re-print in Simla with the Hon'ble Colonel Wace, who succeeded Sir William Davies in May last as Senior Financial Commissioner of the Punjab and has since been in charge of the Bill.

3. Where sections or Chapters are cited in italics at the commencement of any of the following paragraphs, they are, where the contrary is not stated, the sections and Chapters of the Bill as introduced.

4. As regards the functions of Revenue-officers in matters relating to the tenancy of land, it has been our object in revising the Bill to adhere, as closely as circumstances admit, to the provisions of Chapter V of the Punjab Courts Act, 1884, and we have incorporated in the Bill the greater part of that Chapter, thus making this Bill less dependent than it was on the Land-revenue Bill.

5. *Section 1.*—We propose to exclude the Hazára district from the operation of the Act. The law respecting the tenancy of land in that district is contained in the Hazára Tenancy Regulations, III of 1873 and III of 1874, and, as it differs in some respects from that in force in other parts of the Punjab, we recommend that it be dealt with, as before, by Regulation under the Statute 33 Victoria, Chapter 3.

6. *Section 2, sub-section (1) (section 2 of Bill as revised).*—We have, on the suggestion of the Lahore Committee, proposed to repeal, as regards the Punjab, sections 40 to 43 (both inclusive) of the Northern India Canal and Drainage Act, 1873. Those sections were designed to meet a state of things in which the rent of land did not, as it will under this Bill, vary directly with the land-revenue.

Sections 22 and 27 of the Bill as revised by us will effect the object intended to be attained by those sections of the Canal and Drainage Act.

7. *Section 2, sub-section* (2).—We have removed this sub-section, which would have applied the provisions of the proposed Act to all pending proceedings. We are of opinion that section 6 of the General Clauses Act, 1868, sufficiently provides for such proceedings.

8. *Section 3 of Bill as revised.*—This section follows generally the provisions of section 2 of the Punjab Tenancy Act, 1868 (as amended by section 21 of the Punjab Land-revenue Act, 1871), section 4 of the Oudh Rent Act, 1886, and section 29 of the Bengal Tenancy Act, 1885. In drafting it we have carefully considered the suggestions of the Chief Court and of the Lahore Committee.

9. *Section 3* (*section 4 of Bill as revised*).—We have, on the suggestion of the Lahore Committee, so expressed the definition of "land" as to exclude land occupied as sites of buildings in towns or villages.

Among "improvements" we have classed the planting of trees, and we have set forth in detail some of the ordinary operations of husbandry which are not to be deemed to be improvements.

10. *Section 4, sub-section* (1), *clause* (a) (*section 5, sub-section* (1), *clause* (a), *of Bill as revised*).—The corresponding clause of the Act of 1868 has in many cases been construed as giving a right of occupancy to any tenant who, with his predecessors, whether in the direct or indirect line, has held for three generations. We think this construction should be confirmed, and have so drafted the clause as to secure to tenants who have fulfilled its conditions before the commencement of the proposed Act the same rights as are secured to tenants who had fulfilled the conditions of the clause before the passing of the Act of 1868. We have, however, required the occupancy under the clause to have lasted for not less than twenty years.

We have added a sub-section enlarging, in accordance with the construction applied by the Courts to section 3 of the Act of 1868, the interpretation of terms denoting relationship which are used in this clause.

11. *Section 4, sub-section* (1), *clause* (c) (*section 5, sub-section* (1), *clause* (c), *of Bill as revised*).—We have so modified the expression of this clause as to make it clear that the right of occupancy acquired under it is confined to land occupied by the tenant in 1868 and continuously since that date. This modification follows the Civil Judgment of the Chief Court, No. 24 of 1886.

12. *Section 4, sub-sections* (2) *and* (3) (*section 5, sub-section* (2), *of Bill as revised*).—We have omitted sub-section (3), and, objection having been taken to the absolute presumption proposed to be created in favour of the tenant by sub-section (2), we have so modified that sub-section as only to permit, instead of requiring, Revenue Courts to presume in favour of the tenant.

13. *Section 9* (*section 10 of Bill as revised*).—We have, on the suggestion of the Chief Court, so expressed this section as to confine its operation to claims arising under Chapter II of the Bill.

14. *Sections 10, 11 and 12.*—We have omitted these sections. By the Bill as revised, rents are, save as provided by section 27 and section 62 of that Bill, to be enhanced or reduced by Revenue Courts according to the ordinary procedure applicable to those Courts or the special procedure authorised by section 93, and, save as provided by section 3, sub-section (1), clause (a), rents are to be commuted only by private contract between landlord and tenant. Special provision regarding the conversion of cash-rents in gross is not required, because the ascertainment of the component parts of such a rent would be a necessary operation in the enhancement or reduction of the rent of a tenant.

15. *Section 14 of Bill as revised.*—This section follows section 127 of the Oudh Rent Act, 1886.

16. *Section 15 of Bill as revised.*—We are advised that such a saving with respect to local custom and special contract as is contained in section 106 of the North-Western Provinces Rent Act, 1881, is unnecessary for the Punjab.

17. *Section 15* (*section 22 of Bill as revised*).—We have revised this section with reference to the following extract from the report of the Lahore Committee, in which the Local Government expressed its concurrence:—

"In the opinions submitted by selected officers there is evidence of a strong and general feeling, not only among the landlords of the Province but also among the officers themselves, that the maximum rates fixed in section 15 (1) as those above which the rent of the various classes of tenants cannot be enhanced are too low. With regard to the highest class of tenants, those belonging to the class specified in section 4 (1) (a), we cannot agree in this opinion. The high status of tenants of this class was well described in the debate on Act XXVIII of 1868 by the Hon'ble Mr. (now Sir John) Strachey, who pointed out that they had been to all intents and purposes proprietors, and saw no reason why they should not have been considered under-proprietors as they would have been in Oudh, with complete rights of property in their holdings. Considering that tenants of this class have held their land for three generations on terms of almost absolute equality with the landowners, and without paying any real rent at all, we cannot agree that the maximum rate proposed for enhancement of rent should be raised in their case, and we recommend that it should be left at two annas per rupee of the land-revenue as in the Bill. In view, however, of the greatly inferior position of tenants of the remaining classes, and of the generally expressed opinion that the limit placed on enhancement of rent is in their case too low, we recommend that the maximum be raised in the case of tenants belonging to any of the classes specified in clauses (b), (c) and (d) of sub-section (1) of section 4 to six annas per rupee, and in the case of tenants of other classes to twelve annas per rupee, of the amount of the land-revenue."

18. *Section 17* (*section 23 of Bill as revised*).—We have omitted the greater part of this section. We agree with the Lahore Committee in considering that such interference with decrees as was contemplated by the fourth clause of sub-section (1) should be left to the discretion of the Courts themselves.

19. *Section 25* (*section 49 of Bill as revised*).—In drafting this section we have had regard to the provisions of section 156 of the Bengal Tenancy Act, 1885.

20. *Section 24 of Bill as revised.*—Following the law in force in the North-Western Provinces and the Central Provinces, we have provided that an interval of ten years is to elapse between successive suits for enhancement.

21. *Section 25 of Bill as revised.*—We have, on the recommendation of the Lahore Committee, inserted this section for the purpose of shewing clearly that, subject to the provisions of the Act, it is within the discretion of the Court, in dealing with claims for enhancement or reduction of rent, to fix the rent at such amount as it considers fair and equitable.

22. *Section 27 of Bill as revised.*—We have inserted this section in order to make it clear that, where the rent of a tenant is fixed in terms of the land-revenue, a Revenue-officer is to have the same power to alter that rent as if he were dealing with land-revenue payable by a land-owner.

23. *Section 28 of Bill as revised.*—Under the existing law claims to alter rent on the ground of alteration of area are treated as if they were claims for enhancement or reduction of rent. This course does not appear to us to be convenient, and we have therefore dealt with the subject separately, following the precedent of section 52 of the Bengal Tenancy Act, 1885.

24. *Sections 31 and 32 of Bill as revised.*—We consider that the provisions respecting deposit of rent will be placed more appropriately here than in the Land-revenue Bill.

25. *Section 33 of Bill as revised.*—This section, which follows section 22 of the Central Provinces Tenancy Act, 1883, takes the place of section 108 of the Land-revenue Bill.

26. *Section 34 of Bill as revised.*—This section, which was section 138 of the Land-revenue Bill, has been modified in deference to the following remarks of the Lahore Committee:—

"We desire to point out that, owing to the limited meaning which the word 'rent' bears in this Act, it appears necessary to add after the words 'rent of' in section 138 (1) the words 'or other sum payable in respect of.' For example, a landowner might agree to alienate to another person, temporarily or permanently, a sub-proprietary tenure in a part of his holding on an annual payment of a sum calculated at 1½ times the existing assessment. At a subsequent revision of assessment the revenue payable on the land might be so enhanced as to exceed the lump sum to which the landowner would by his agreement be entitled. It will be necessary to give the landowner in a case of this nature the option of re-opening his agreement to the extent necessitated by the enhancement of revenue, but owing to the limited meaning of the words 'rent' and 'tenant' the section as now drafted does not give him this option."

27. *Section 38 of Bill as revised.*—We have, on the recommendation of the Lahore Committee, inserted this section for the purpose of declaring what constitutes such an abandonment of his holding by an occupancy-tenant as will determine his right of occupancy.

28. *Sections 24-30* (*39-48 of Bill as revised*).—We have re-cast the provisions of the Bill respecting ejectment, adhering in some respects more closely to the provisions of the existing law of the Punjab and adding to it some provisions of the Oudh Rent Act, 1886.

29. *Sections 31 and 32* (*sections 50 and 51 of Bill as revised*).—We have suggested one year as the period within which a suit may be instituted by a tenant for the recovery of land of which he has been wrongfully dispossessed, and, in view of the provision now made for such suits, we think it will be convenient to debar tenants from proceeding under section 9 of the Specific Relief Act, 1877.

In making section 50 of the Bill as revised applicable to tenants ejected under section 29 (section 45 of Bill as revised) we have restored the second paragraph of section 26 of the Act of 1868.

30. *Section 33.*—We have omitted this section on the recommendation of the Lahore Committee.

31. *Section 34* (*section 53 of Bill as revised*).—We have made this section apply, as section 34 of the Act of 1868 applies, only to those tenants who have a right of occupancy claimable under section 5.

In section 56 of the Bill as revised we have made provision with respect to the title of other occupancy-tenants to transfer their rights.

32. *Sections 53 and 54 of Bill as revised.*—We have, on the recommendation of the Lahore Committee, secured to the landlord the privilege of pre-emption in case of sale of a right of occupancy under section 5 in execution of a decree or order, and required a mortgagee of any such right to give notice to the landlord of an intention to foreclose.

33. *Section 55, sub-section* (2) (*section 58 of Bill as revised*).—We have restored the provisions of sections 32 and 33 of the Act of 1868 with respect to sub-letting by occupancy-tenants, providing, however, that the term of a sub-lease is not to exceed seven years.

34. *Section 57* (*section 59 of Bill as revised*).—We have restored the provisions of section 36 of the Act of 1868, providing, however, in accordance with the custom of the Province, that, failing male lineal descendants in the male line of descent, the widow, if any, of the deceased tenant shall succeed, for her lifetime or till the occurrence of one or other of certain specified events, to the right of occupancy in preference to his collateral relatives.

35. By sections 61 and 62 of Bill as revised we have provided for the power of the landlord to make an improvement on the tenancy of a tenant having a right of occupancy and to procure the enhancement of the tenant's rent to an appropriate extent in consideration of the improvement. In order that this power may not be exercised to the prejudice of tenants, we have also provided that the permission of the Collector shall be necessary to the making of an improvement by a landlord and that such permission shall be granted in accordance with rules to be made by the Local Government with the previous sanction of the Governor-General in Council.

36. *Section 43 (section 72 of Bill as revised).*—We have assimilated the terms of this section to those of section 27 of the Oudh Rent Act, 1886.

37. *Section 46.*—This section has become sub-section (*2*) of section 3 of the Bill as revised.

38. *Section 47 (section 69 of Bill as revised).*—We concur with the Lahore Committee in considering that land held with a right of occupancy should, as being already sufficiently protected by the Bill, be excluded from the operation of this section.

We have retained five years' rent as the maximum limit of compensation under the section, but, seeing that there are many circumstances besides the duration of the tenant's occupation which must be considered, we have left it to the Revenue-officer to assess the compensation within that limit according to the merits of each case.

For the proviso in the original Bill we have substituted a proviso to the effect that a tenant who is a joint owner of land to which the section applies shall not be entitled to compensation under the section for ejectment from any part of the land.

39. *Chapter VII of Bill as revised.*—This Chapter re-produces the greater part of Chapter V of the Punjab Courts Act, 1884, and some of the provisions of Chapter II of the Land-revenue Bill as introduced.

40. Among the provisions of the Chapter which seem to call for remark are the following :—

(*a*) *Section 86.*—We have removed the restrictions on the appearance of legal practitioners before Revenue-officers as such. As regards Revenue Courts, the position of legal practitioners remains as it is under the existing law.

(*b*) *Section 93.*—This section follows section 75 of the North-Western Provinces Land-revenue Act, 1873.

(*c*) *Section 94.*—This section provides that nothing in section 424 or section 433 of the Code of Civil Procedure, or in section 36 of the Punjab Municipal Act, 1884, is to be construed as applying to a suit cognizable by a Revenue Court.

(*d*) *Section 95.*—This section re-produces sections 149 and 152 of the Bengal Tenancy Act, 1885.

(*e*) *Section 97.*—This section is new and prohibits the imprisonment of a tenant in execution of a decree for an arrear of rent during the continuance of his occupancy.

(*f*) *Section 99.*—This section follows section 205 of the North-Western Provinces Rent Act, 1881.

(*g*) *Section 100.*—This section, which was section 11 of the Land-revenue Bill as introduced, has been amended in accordance with suggestions made by the Chief Court.

(*h*) *Section 106.*—By this section we have proposed to empower the Financial Commissioner to make rules for determining the number and amount of the instalments, and the times, by and at which rent is to be paid, and to prescribe the periods during which, in proceedings held under the proposed Act, a Revenue-officer or Revenue Court is not, except for reasons of urgency to be recorded, to issue any process of arrest against a tenant or against a landowner who cultivates his own land.

THE SCHEDULE.—ENACTMENTS REPEALED.

The Punjab Tenancy Bill.

(Chapter I.—Preliminary.—Sections 1-4.)

A Bill to amend the Law relating to the Tenancy of Land in the Punjab.

WHEREAS it is expedient to amend the law relating to the tenancy of land in the Punjab; It is hereby enacted as follows:

CHAPTER I.

PRELIMINARY.

Title, extent and commencement.

1 (*1*) This Act may be called the Punjab Tenancy Act, 1887.

(*2*) It extends to the whole of the territories (including the pargana of Spiti) for the time being administered by the Lieutenant-Governor of the Punjab, except the Hazára district; and

(*3*) It shall come into force on such date as the Local Government, with the previous sanction of the Governor-General in Council, may by notification appoint in this behalf.

(*4*) Any power conferred by this Act on the Financial Commissioner to make rules, and on the Local Government to sanction them, may be exercised at any time after the passing of this Act, but a rule so made shall not take effect till the commencement of this Act.

Repeal.

2. The enactments mentioned in the schedule are repealed to the extent specified in the third column thereof.

Operation of records of rights and future contracts.

3. (*1*) Nothing in this Act shall be construed to affect the operation of any entry made with respect to any of the following matters before the eighteenth day of November, 1871, and attested by the proper officer, in the record of a regular settlement sanctioned by the Local Government, namely:

(*a*) the enhancement or abatement of the rent of a tenant having a right of occupancy, or the commutation of rent in kind into rent in money or of rent in money into rent in kind, or the taking of rent in kind by division or appraisement of the produce or other procedure of a like nature, or

(*b*) the letting or under-letting of land in which there is a right of occupancy by the tenant having that right, or the alienation of or succession to land in which such a right subsists,

and every such entry with respect to any such matter shall be deemed to be an agreement between the landlord and the tenant.

(*2*) An entry in any record-of-rights providing—

(*a*) that a landlord may prevent a tenant from making, or eject him for making, such improvements on his tenancy as he is entitled to make under this Act, or

(*b*) that a tenant ejected from his tenancy shall not be entitled to compensation for improvements or for disturbance in any case in which he would under this Act be entitled to compensation therefor, or

(*c*) that a landlord may eject a tenant otherwise than in accordance with the provisions of this Act,

shall be void.

(*3*) Nothing in any contract made between a landlord and a tenant after the passing of this Act shall—

(*a*) override any of the provisions of this Act with respect to the acquisition of a right of occupancy, or the reduction, remission or suspension of rent, or the enhancement of the rent of a tenant having a right of occupancy under section 5, section 6 or section 7, or

(*b*) take away or limit the right of a tenant, as determined by this Act, to make improvements and claim compensation therefor, or, where compensation for disturbance can be claimed under this Act, to claim such compensation, or

(*c*) entitle a landlord to eject a tenant otherwise than in accordance with the provisions of this Act.

(*4*) Nothing in clause (*a*) of the last foregoing sub-section shall apply to a contract by which a tenant binds himself to pay an enhanced rent in consideration of an improvement which has been or is to be made in respect of his tenancy by, or at the expense of, his landlord, and to the benefit of which the tenant is not otherwise entitled.

Definitions.

4. In this Act, unless there is something repugnant in the subject or context,—

(4) Where rent is taken by division of the produce—

(a) the tenant shall be entitled to the exclusive possession of the whole produce until it is divided;

(b) the landlord shall be entitled to be present at, and take part in, the division of the produce; and

(c) when the produce has been divided, the landlord shall be entitled to the possession of his share thereof.

Commutation and alteration of rent.

13. (1) Where rent is taken by any of the following methods, namely:—

one of those methods shall not be commuted in whole or in part into another without the consent of both landlord and tenant.

(2) In the absence of a decree or order or a valid contract to the contrary, a tenant whose rent is taken by any of the methods specified in clauses (a), (b) and (c) of sub-section (1), or by the method specified in clause (d) of that sub-section, shall not be liable to pay for a tenancy rent at any higher rate, or of a higher amount, as the case may be, than the rate or amount payable in respect of the tenancy for the preceding agricultural year.

Rent payable for land occupied without consent of landlord.

14. Any person in possession of land occupied without the consent of the landlord shall be liable for the rent of that land at the rate payable in the preceding agricultural year, or, if rent was not payable in that year, at such rate as the Court may determine to be fair and equitable.

Produce-rents.

Presumption with respect to produce removed before division or appraisement.

16. Where rent is taken by division or appraisement of the produce, if the tenant removes any portion of the produce at such a time or in such a manner as to prevent the due division or appraisement thereof, or deals therewith in a manner contrary to established usage, the produce shall be deemed to have been as full as the fullest crop of the same description on similar land in the neighbourhood for that harvest.

Appointment of referee for division or appraisement.

17. If either the landlord or the tenant neglects to attend, either personally or by agent, at the proper time for making the division or appraisement of the produce, or if there is a dispute about the division or appraisement, a Revenue-officer may, on the application of either party, appoint such person as he thinks fit to be a referee to divide or appraise the produce.

Appointment of assessors and procedure of reference.

18. (*1*) When a Revenue-officer appoints a referee under the last foregoing section, he may, in his discretion, give him instructions with respect to the association with himself of any other persons as assessors, the number, qualifications and selection of those assessors, and the procedure to be followed in making the division or appraisement.

(*2*) The referee so appointed shall make the division or appraisement in accordance with any instructions which he may have received from the Revenue-officer under the last foregoing sub-section.

(*3*) Before making the division or appraisement the referee shall give notice to the landlord and tenant of the time and place at which the division or appraisement will be made, but, if either the landlord or the tenant fails to attend either personally or by agent, the referee may proceed *ex parte*.

(*4*) For the purpose of making the division or appraisement, the referee, with his assessors, if any, may enter upon any land on which or into any building in which the produce is.

Procedure after division or appraisement.

19. (*1*) The result of the division or appraisement shall be recorded and signed by the referee, and the record shall be submitted to the Revenue-officer.

(*2*) The Revenue-officer shall consider the record, and, after such further inquiry, if any, as he may deem necessary, shall make an order either confirming or varying the division or appraisement.

(*3*) The rent shall be payable in accordance with that order.

(*4*) The Revenue-officer shall also make such order as to the costs of the reference as he thinks fit.

(*5*) The costs may include the remuneration of the referee and of the assessors, if any, and may be levied from the applicant before the appointment of the referee subject to adjustment at the close of the proceedings.

Enhancement of produce-rents of occupancy-tenants.

20. Where the rent of a tenant having a right of occupancy in any land is a share of the produce, or of the appraised value thereof, with or without an addition in money, or is paid according to cash-rates fixed with reference to the nature of the crops grown, the tenant shall be entitled to occupy the land at the share or rates hitherto paid by him:

Provided that, when the land or any part thereof previously not irrigated or flooded becomes irrigated or flooded, the share or rates payable in respect of the land or part may, subject to the provisions of this Act, be enhanced to the share or rates paid by tenants, having a similar right of occupancy, for irrigated or flooded land of a similar description and with similar advantages.

Reduction of rents referred to in the last foregoing section.

21. When the land, or any part of the land, held by a tenant having a right of occupancy to whom the last foregoing section applies ceases to be irrigated or flooded, the share or rates payable in respect of the land or part may be reduced to the share or rates paid by tenants, having a similar right of occupancy, for unirrigated or unflooded land of a similar description and with similar advantages.

Cash-rents paid by Tenants having Right of Occupancy.

Enhancement of cash-rents of occupancy-tenants.

22. (*1*) Where a tenant having a right of occupancy pays his rent entirely by a cash-rate on a recognised measure of area or by a cash-rent in gross on his tenancy, the rent may be enhanced on the ground that, after deduction therefrom of the land-revenue of, and the rates and cesses chargeable on, the tenancy, it is—

(*a*) if the tenant belongs to the class specified in clause (*a*) of sub-section (*1*) of section 5, less than two annas per rupee of the amount of the land-revenue;

(*b*) if he belongs to any of the classes specified in clauses (*b*), (*c*) and (*d*) of that sub-section, less than six annas per rupee of the amount of the land-revenue;

(*c*) if he belongs to the class specified in section 6, or if his right of occupancy is established under section 8 and his rent is not regulated by contract, less than twelve annas per rupee of the amount of the land-revenue.

(*2*) In a case to which sub-section (*1*) applies, the rent may be enhanced to an amount not exceeding two, six or twelve annas per rupee of the amount of the land-revenue, as the case may be, in addition to the amount of the land-revenue of the tenancy and the rates and cesses chargeable thereon.

Reduction of rents referred to in the last foregoing section.

23. The rent payable by a tenant to whom the last foregoing section applies may be reduced on the ground that the productive powers of his tenancy have been decreased by a cause beyond his control.

General Provisions relating to Suits for Enhancement or Reduction of Rent.

Enhancement and reduction of rent by suit.

24. (*1*) A Revenue Court, on the suit of either landlord or tenant, may, subject to the provisions of this and other sections of this Act, enhance or reduce the rent of any tenant having a right of occupancy.

The Punjab Tenancy Bill.
(Chapter III.—Rent.—Sections 25-30.)

(*2*) Where a decree for the enhancement of the rent of such a tenant has been passed under the Punjab Tenancy Act, 1868, a suit for a further enhancement of his rent shall not lie till the expiration of five years from the date of the decree, unless in the meantime the local area in which the land comprised in the decree is situate has been generally re-assessed and the revenue payable in respect of that land has been increased.

XXVIII of 1868.

(*3*) Subject to the provisions of sub-section (*2*), a suit instituted for the enhancement of the rent of a tenant having a right of occupancy shall not be entertained if within the ten years next preceding its institution his rent has been commuted under section 13 or enhanced under this section, or a decree has been passed under this Act dismissing on the merits a suit for the enhancement of his rent.

Discretion as to extent of enhancement or reduction.

25. In enhancing or reducing the rent of any land under the foregoing provisions of this Chapter, the Court shall, within the limits prescribed by those provisions, enhance or reduce the rent to such an amount as it considers fair and equitable, but shall not in any case fix a rent less than the amount of the land-revenue of the land and the rates and cesses chargeable thereon.

Time for enhancement or reduction to take effect.

26. (*1*) Unless the Court decreeing an enhancement or reduction of rent otherwise directs, the enhancement shall take effect from the commencement of the agricultural year next following the date of the decree.

(*2*) A Court decreeing a reduction of rent shall specify in the decree the date on and from which the reduction is to take effect.

Adjustment of Rents expressed in terms of the Land-revenue.

Adjustment of rents expressed in terms of the land-revenue.

27. (*1*) Where the rent of a tenancy is the whole or a share of the land-revenue thereof, with or without an addition in money, kind or service, and the land-revenue of the tenancy is altered, a Revenue-officer having authority under section 56 of the Punjab Land-revenue Act, 1887, to determine the land-revenue payable in respect of the several holdings comprised in the estate in which the tenancy is situate shall determine also the amount of the land-revenue of the tenancy, or the proportionate share thereof, payable by the tenant as rent.

(*2*) In any case in which an addition referred to in sub-section (*1*) is the whole or a share of the rates and cesses chargeable on the tenancy, or a percentage fixed with reference to the land-revenue, or both, the Revenue-officer shall, after determining the land-revenue of the tenancy or the share thereof under that sub-section, alter the amount of the addition in proportion to the alteration of the land-revenue.

(*3*) The sum or sums determined under the foregoing sub-sections, together with any addition previously payable other than that referred to in sub-section (*2*), shall be the rent payable in respect of the tenancy until there is again an alteration of the land-revenue thereof or until the rent is enhanced by a suit under this Act.

(*4*) An alteration of rent under this section shall not be deemed an enhancement or reduction of rent within the meaning of this Act.

Alteration of Rent on Alteration of Area.

Alteration of rent on alteration of area.

28. (*1*) Every tenant shall—

(*a*) be liable to pay additional rent for all land proved to be in excess of the area for which rent has been previously paid by him, unless it is proved that the excess is due to the addition to his tenancy of land which, having previously belonged to the tenancy, was lost by diluvion or otherwise without any reduction of the rent being made; and

(*b*) be entitled to an abatement of rent in respect of any deficiency proved to exist in the area of his tenancy as compared with the area for which rent has been previously paid by him, unless it is proved that the deficiency is due to the loss of land which was added to the area of the tenancy by alluvion or otherwise, and that an addition has not been made to the rent in respect of the addition to the area.

(*2*) In determining the area for which rent has been previously paid, the Court shall have regard to the following among other matters, namely:

(*a*) the origin and conditions of the tenant's occupancy, for instance, whether the rent was a rent in gross for the entire tenancy;

(*b*) whether the tenant has been allowed to hold additional land in consideration of an addition to his total rent or otherwise with the knowledge and consent of the landlord; and

(*c*) the length of time during which there has been no dispute as to rent or area.

(*3*) In adding to or abating rent under this section, the Court shall add to or abate the rent to such an amount as it deems to be fair and equitable, and shall specify in its decree the date on and from which the addition or abatement is to take effect.

(*4*) An addition to or abatement of rent under this section shall not be deemed an enhancement or reduction of rent within the meaning of this Act.

Remission.

Remission of rent by Court decreeing arrears.

29. Notwithstanding anything in the foregoing sections of this Chapter, if it appears to a Court making a decree for an arrear of rent that the area of a tenancy has been so diminished by diluvion or otherwise, or that the produce thereof has been so diminished by drought, hail, deposit of sand or other like calamity, that the full amount of rent payable by the tenant cannot be equitably decreed, the Court may, with the previous sanction of the Collector, allow such remission from the rent payable by the tenant as may appear to it to be just.

Remission and suspension of rent consequent on like treatment of land-revenue.

30. (*1*) Whenever from any cause the payment of the whole or any part of the land-revenue payable in respect of any land is remitted or suspended, a Revenue-officer may, by order, remit or suspend,

The Punjab Tenancy Bill.
(Chapter III.—Rent.—Sections 31-34.)

as the case may be, the payment of the rent of that land to an amount which may bear the same proportion to the whole of the rent payable in respect of the land as the land-revenue of which the payment has been remitted or suspended bears to the whole of the land-revenue payable in respect of the land.

(2) An order passed under sub-section (1) shall not be liable to be contested by suit in any Court.

(3) A suit shall not lie for the recovery of any rent of which the payment has been remitted, or, during the period of suspension, of any rent of which the payment has been suspended.

(4) Where the payment of rent has been suspended, the period during which the suspension has continued shall be excluded in the computation of the period of limitation prescribed for a suit for the recovery of the rent.

(5) If the landlord collects any rent of which the payment has been remitted, or before the expiration of the period of suspension collects any rent of which the payment has been suspended, the whole of the land-revenue remitted or suspended in his favour shall become immediately payable by him.

(6) The provisions of this section relating to the remission and suspension of the payment of rent may be applied, so far as they can be made applicable, to land of which the land-revenue has been released, compounded for or redeemed, in any case in which, if the land-revenue in respect of the land had not been released, compounded for or redeemed, the whole or any part of it might, in the opinion of the Revenue-officer, be remitted or suspended under the rules for the time being in force for regulating the remission and suspension of land-revenue.

Deposits.

Power to deposit rent in certain cases with Revenue-officer.

31. In either of the following cases, namely:

(a) when a landlord refuses to receive, or grant a receipt for, any rent payable in money when tendered to him by a tenant,

(b) when a tenant is in doubt as to the person entitled to receive rent payable in money,

the tenant may apply to a Revenue-officer for leave to deposit the rent in his office, and the Revenue-officer shall receive the deposit if, after examining the applicant, he is satisfied that there is sufficient ground for the application and if the applicant pays the fee, if any, chargeable for the issue of the notice next hereinafter referred to.

Effect of depositing rent.

32. (1) When a deposit has been so received, it shall be deemed to be a payment made by the tenant to his landlord in respect of rent due.

(2) The Revenue-officer receiving the deposit shall give notice of the receipt thereof to every person who he has reason to believe claims or is entitled to the deposit, and may pay the amount thereof to any person appearing to him to be entitled thereto, or may, if he thinks fit, retain the deposit pending the decision of a Civil Court as to the person so entitled.

(3) No suit or other proceeding shall be instituted against the Secretary of State for India in Council, or against any officer of the Government, in respect of anything done by a Revenue-officer under this section, but nothing in this sub-section shall prevent any person entitled to receive the amount of any such deposit from recovering it from a person to whom it has been paid by a Revenue-officer.

Recovery of Rent from attached Produce.

Recovery of rent from attached produce.

33. (1) If an order is made by any Court for the attachment of the produce of a tenancy or of any part of a tenancy, the landlord may apply to the Revenue-officer by whom the attachment is to be or has been made to sell the produce and pay to him out of the proceeds of the sale thereof the amount or value of—

(a) any rent which has fallen due to him in respect of the tenancy within the year immediately preceding the application, and

(b) the rent which will be falling due after the harvesting of the produce and is chargeable against it.

(2) The Revenue-officer shall give the person at whose instance the attachment was made an opportunity of showing cause why the application of the landlord should not be granted, and, if he finds the landlord's claim to the whole or any part of the rent to be proved, he shall cause the produce or such portion thereof as he may deem necessary to be sold, and shall apply the proceeds of the sale in the first instance to satisfy the claim.

(3) The finding of the Revenue-officer under sub-section (2) shall have the force of a decree in a suit between the landlord and the tenant.

Leases for period exceeding term of assessment of land-revenue.

Treatment of leases for period exceeding or equal to term of assessment of land-revenue.

34. (1) Where a lease has been granted, or an agreement has been entered into, by a landowner in respect of any land assessed to land-revenue, fixing for a period exceeding the term for which the land-revenue has been assessed the rent or other sum payable in respect of the land under the lease or agreement, and that term has expired, the lease or agreement shall be voidable—

(a) at the option of the landowner if the land-revenue of the land has been enhanced and the person to whom the lease has been granted or with whom the agreement has been entered into refuses to pay such rent or other sum as a Revenue Court, on the suit of the landowner, determines to be fair and equitable; and

where the relation of landlord and tenant exists between the grantor and grantee of the lease, or between the persons who entered into the agreement—

(b) at the option of the tenant if the land-revenue of the land has been reduced and the landlord refuses to accept such rent as a Revenue Court, on the suit of the tenant, determines to be fair and equitable.

(2) Any contract or agreement relative to the occupation, rent, profits or produce of any land which has been entered into for the term of the currency of an assessment shall, unless a contrary intention clearly appears in the contract or agreement or the contract or agreement is terminated by consent of parties or course of law, continue in force until a revised assessment takes effect.

43. In any such case as is mentioned in clause (a) or clause (b) of the last foregoing section, the landlord may apply to a Revenue-officer for the ejectment of the tenant in the case mentioned in the former clause, or for the service on the tenant of a notice of ejectment in the case mentioned in the latter clause.

44. (1) On receiving the application in any such case as is mentioned in the latter of those clauses the Revenue-officer shall, after such inquiry with respect to the existence of the arrear as he deems necessary, cause a notice to be served on the tenant, stating the date of the decree and the amount due thereunder, and informing him that if he does not pay that amount to the Revenue-officer within fifteen days from receipt of the notice he will be ejected from the land.

(2) If the amount is not so paid, the Revenue-officer shall, subject to the provisions of this Act with respect to the payment of compensation, order the ejectment of the tenant unless good cause is shown to the contrary.

45. (1) On receiving the application of the landlord in any such case as is mentioned in clause (b) of section 42, the Revenue-officer shall, if the application is in order and not open to objection on the face of it, cause a notice of ejectment to be served on the tenant.

(2) A notice under sub-section (1) shall not be served after the fifteenth day of November in any year.

(3) The notice shall specify the name of the landlord on whose application it is issued, and describe the land to which it relates, and shall inform the tenant that he must vacate the land before the first day of May next following, or that, if he intends to contest his liability to ejectment, he must institute a suit for that purpose in a Revenue Court within two months from the date of the service of the notice.

(5) If within two months from the date of the service of the notice the tenant does not institute a suit to contest his liability to be ejected, a Revenue-officer, on the application of the landlord, shall, subject to the provisions of this Act with respect to the payment of compensation, order the ejectment of the tenant:

Provided that the Revenue-officer shall not make the order until he is satisfied that the notice was duly served on the tenant.

(6) If within those two months the tenant institutes a suit to contest his liability to be ejected and fails in the suit, the Court by which the suit is determined shall by its decree direct the ejectment of the tenant.

Power to make rules.

46. The Financial Commissioner may make rules prescribing—

(*a*) the form and language of applications and notices under the two last foregoing sections; and

47. A decree or order for the ejectment of a tenant shall not be executed at any other time than between the first day of May and the fifteenth day of June (both days inclusive), unless the Court making the decree or, where the order is made under section 44, the officer making the order otherwise directs.

Relief against forfeiture.

48. (1) If in a suit for the ejectment of a tenant on either of the grounds mentioned in clauses (*a*) and (*b*) of section 39 or section 40 it appears to the Court that the injury caused by the act or omission on which the suit is based is capable of being remedied, or that an award of compensation will be sufficient satisfaction to the landlord therefor, the Court may, instead of making a decree for the ejectment of the tenant, order him to remedy the injury within a period to be fixed in the order, or order him to pay into Court, within such a period, such compensation as the Court thinks fit.

(2) The Court may from time to time, for special reasons, extend a period fixed by it under sub-section (1).

(3) If within the period, or extended period, as the case may be, fixed by the Court under this section, the injury is remedied or the compensation is paid, a decree for the ejectment of the tenant shall not be made.

Rights of ejected tenants in respect of crops and land prepared for sowing.

49. (1) Where at the time of the proposed ejectment of a tenant from any land his uncut or ungathered crops are standing on any part thereof, he shall not be ejected from that part until the crops have ripened and he has been allowed a reasonable time to harvest them.

(2) The Court or Revenue-officer decreeing or ordering the ejectment of the tenant may, on the application of the landlord, determine any dispute arising in consequence of the provisions of sub-section (1) between the landlord and the tenant or between the landlord and any person entitled to harvest the crops of the tenant, and may in its or his discretion—

(*a*) direct that the tenant pay for the longer occupation of the land secured to him under sub-section (1) such rent as may be fair and equitable, or

(*b*) determine the value of the tenant's uncut and ungathered crops, and, on payment thereof by the landlord to the Court or Revenue-officer, forthwith eject the tenant.

(3) When a tenant for whose ejectment proceedings have been taken has, conformably with local usage, prepared for sowing any land comprised in his tenancy, but has not sown or planted crops on that land, he shall be entitled to receive from the landlord before ejectment a fair equivalent in money for the labour and capital expended by him in so preparing the land, and the Court or Revenue-officer before which or whom the proceedings are pending shall, on the application of the tenant, determine the sum payable to the tenant under this sub-section and stay his ejectment until that sum has been paid to him.

RELIEF FOR WRONGFUL DISPOSSESSION.

Relief for wrongful dispossession or ejectment.

50. In either of the following cases, namely:

(*a*) if a tenant has been dispossessed without his consent of his tenancy or any part thereof otherwise than in execution of a decree or than in pursuance of an order under section 44 or section 45,

(*b*) if a tenant who, not having instituted a suit under section 45, has been ejected from his tenancy or any part thereof in pursuance of an order under that section denies his liability to be ejected,

the tenant may, within one year from the date of his dispossession or ejectment, institute a suit for recovery of possession or occupancy, or for compensation, or for both.

Alienation.

Private transfer of right of occupancy under section 5 by tenant.

53. (1) A tenant having a right of occupancy under section 5 may transfer that right by sale, gift or mortgage, subject to the conditions mentioned in this section.

(2) If he intends to transfer the right by sale, gift, mortgage by conditional sale or usufructuary mortgage, he shall cause notice of his intention to be served on his landlord through a Revenue-officer, and shall defer proceeding with the transfer for a period of one month from the date on which the notice is served.

(3) Within that period of one month the landlord may claim to purchase the right at such value as a Revenue-officer may, on application made to him in this behalf, fix.

(4) When the application to the Revenue-officer is to fix the value of a right of occupancy which is already mortgaged, he shall fix the value of the right as if it were not mortgaged.

(5) The landlord shall be deemed to have purchased the right if he pays the value to the Revenue-officer within such time as that officer appoints.

(6) On the value being so paid, the Revenue-officer shall, on the application of the landlord, put the landlord in possession of the right so purchased.

(7) If the right of occupancy was already mortgaged, it shall pass to the landlord unincumbered by the mortgage, but the mortgage-debt shall be a charge on the purchase-money.

(8) If there is no such charge as aforesaid, the Revenue-officer shall, subject to any directions which he may receive from any Court, pay the purchase-money to the tenant.

(9) If there is such a charge, the Revenue-officer shall, subject as aforesaid, either apply in discharge of the mortgage-debt so much of the purchase-money as is required for that purpose and pay the balance, if any, to the tenant, or retain the purchase-money pending the decision of a Civil Court as to the person or persons entitled thereto.

(10) No suit or other proceeding shall be instituted against the Secretary of State for India in Council, or against any officer of the Government, in respect of anything done by a Revenue-officer under the two last foregoing sub-sections, but nothing in this sub-section shall prevent any person entitled to receive the whole or any part of the purchase-money from recovering it from a person to whom it has been paid by a Revenue-officer.

Procedure on foreclosure of mortgage of right of occupancy under section 5.

54. Where a mortgagee of a right of occupancy under section 5 proposes to foreclose his mortgage, the provisions of the last foregoing section shall, so far as they can be made applicable, apply as if the mortgagee were the tenant.

Sale of right of occupancy under section 5 in execution of decree.

55. (1) A right of occupancy under section 5 may be sold in execution of a decree or order of a Court;

(2) But notice of an intended sale of any such right shall be given by the Court to the landlord, and, if at any time before the close of the day on which the sale takes place the landlord pays to the Court or to the officer conducting the sale a deposit of twenty-five per centum on the highest bid made at the sale, he shall be declared to be the purchaser instead of the person who made that bid.

Transfer of right of occupancy under any other section than section 5.

56. A right of occupancy under any other section than section 5 shall not be attached or sold in execution of a decree or order of any Court or, without the previous consent in writing of the landlord, be transferred by private contract.

Rights and liabilities of transferee of right of occupancy.

57. When a right of occupancy has been transferred by sale, gift or usufructuary mortgage to a person other than the landlord, that person shall, in respect of the land in which the right subsists, have the same rights, and be subject to the same liabilities, as the tenant to whom before the transfer the right belonged had and was subject to.

59. (1) When a tenant having a right of occupancy in any land dies, the right shall devolve—

(*a*) on his male lineal descendants, if any, in the male line of descent, and

(*b*) failing such descendants, on his widow, if any, until she dies or re-marries, or abandons the land or is under the provisions of this Act ejected therefrom, and

(*c*) failing such descendants and widow, or, if the deceased tenant left a widow, then when her interest terminates under clause (*b*) of this sub-section, on his male collateral relatives in the male line of descent from the common ancestor of the deceased tenant and those relatives:

Provided, with respect to clause (*c*) of this sub-section, that the common ancestor occupied the land.

(2) As among descendants and collateral relatives claiming under sub-section (1), the right shall, subject to the provisions of that sub-section, devolve as if it were land left by the deceased in the village in which the land subject to the right is situate.

(3) When the widow of a deceased tenant succeeds to a right of occupancy, she shall not transfer the right by sale, gift or mortgage, or by sublease for a term exceeding one year.

(4) If the deceased tenant has left no such persons as are mentioned in sub-section (1) on whom his right of occupancy may devolve under that sub-section, the right shall lapse to the landlord.

Improvements by landlords on tenancies of occupancy-tenants.

61. (*1*) Without the previous permission of the Collector a landlord shall not make an improvement on the tenancy of a tenant having a right of occupancy.

(*2*) If a landlord desires to make such an improvement he may apply to the Collector for permission to make it, and the Collector shall, before making an order on the application, hear the objections, if any, of the tenant.

(*3*) In making an order on an application under sub-section (*1*) the Collector shall be guided by such rules, if any, as the Local Government may, with the previous sanction of the Governor-General in Council, make in this behalf.

Enhancement of rent in consideration of an improvement made by a landlord on the tenancy of an occupancy-tenant.

62. (*1*) When a landlord has, under the provisions of the last foregoing section, made an improvement on the tenancy of a tenant having a right of occupancy, he may apply to the Collector for an enhancement of the rent of the tenant.

(*2*) If the tenant is a tenant to whom section 20 applies, the Collector shall enhance his rent to the share or rates paid by tenants, having a similar right of occupancy, for land of a similar description and with similar advantages.

(*3*) If the tenant is a tenant to whom section 22 applies, the Collector shall enhance his rent to such amount as the tenant would be liable to pay under that section if the land-revenue were re-assessed.

(*4*) When the improvement ceases to exist, the Collector may, on the application of the tenant, reduce the tenant's rent—

(*a*) in the case of a tenant to whom sub-section (*2*) applies, to the share or rates paid by tenants, having a similar right of occupancy, for land of a similar description and with similar advantages, and

(*b*) in the case of a tenant to whom sub-section (*3*) applies, to such an amount as the tenant would be liable to pay if the land-revenue were re-assessed.

(*5*) Section 24 shall be construed as applying to an application under this section, and a suit shall not lie in any Court for any purpose for which an application might be made under this section.

Improvements by Tenants.

Title of occupancy-tenant to make improvements.

63. A tenant having a right of occupancy is entitled to make improvements on his tenancy.

Title of tenants not having right of occupancy to make improvements.

64. (*1*) A tenant not having a right of occupancy may make improvements on his tenancy with the assent of his landlord.

(*2*) If at any time the question arises whether or not the landlord assented to the making of an improvement by a tenant not having a right of occupancy, the assent may be inferred from circumstances.

Improvements made before commencement of this Act.

65. Improvements made by a tenant before the commencement of this Act shall be deemed to have been made in accordance with this Act, unless in the case of a tenant not having a right of occupancy it is shown that the improvement was made in contravention of a written agreement between him and his landlord.

Improvements made in anticipation of ejectment.

66. A tenant ejected in execution of a decree, or in pursuance of a notice of ejectment, shall not be entitled to compensation for any improvement made by him after the institution of the suit, or service of the notice, which resulted in his ejectment.

Tender of lease for twenty years to tenant to be a bar to right to compensation.

67. If a landlord tenders to a tenant a lease of his tenancy for a term of not less than twenty years from the date of the tender at the rent then paid by the tenant, or at such other rent as may be agreed on, the tender, if accepted by the tenant, shall bar any claim by him to compensation in respect of improvements previously made on the tenancy.

Liability to pay compensation for improvements to tenant on ejectment or on enhancement of his rent.

68. Subject to the foregoing provisions of this Chapter, a tenant who has made an improvement on his tenancy in accordance with this Act shall not be ejected, and the rent payable by him shall not be enhanced, until he has received compensation for the improvement.

Compensation for Disturbance of Clearing Tenants.

69. (*1*) Any tenant who has cleared and brought under cultivation waste-land in which he has not a right of occupancy shall, if ejected from that land, be entitled to receive from the landlord as compensation for disturbance, in addition to any compensation for improvements, a sum to be determined by a Revenue-officer in accordance with the merits of the case, but not exceeding five years' rent of the land:

Provided that a tenant who is a joint owner of land to which this section applies shall not be entitled to compensation for disturbance on ejectment from the land or any part thereof.

(*2*) If rent has been paid for the land by division or appraisement of the produce, or by cash-rates fixed with reference to the nature of the crops grown, or if no rent, or no rent other than the land-revenue of the land and the rates and cesses chargeable thereon has been paid therefor, the compensation may be computed as if double the amount of the land-revenue of the land were the annual rent thereof.

Procedure in determining Compensation.

Determination of compensation by Revenue Courts.

70. (*1*) In every suit by a tenant to contest his liability to ejectment or by a landlord to eject a tenant or to enhance his rent, the Court shall direct

The Punjab Tenancy Bill.

the tenant to file a statement of his claim, if any, to compensation for improvements or for disturbance and of the grounds thereof.

(*2*) If the Court decrees the ejectment of the tenant or the enhancement of his rent, it shall determine the amount of compensation, if any, due to the tenant, and shall stay execution of the decree until the landlord pays into Court that amount less any arrears of rent or costs proved to the satisfaction of the Court to be due to him from the tenant.

Determination of compensation by Revenue-officers.

71. A tenant on whom a notice of ejectment has been served may, if he has not instituted a suit to contest his liability to be ejected, apply to the Revenue-officer who issued the notice to determine the amount of compensation due to him for improvements or for disturbance, or for both, and the Revenue-officer shall determine the amount, if any, accordingly and stay the ejectment of the tenant until the landlord pays to the Revenue-officer the amount so determined less any arrears of rent or costs proved to the satisfaction of the Revenue-officer to be due to the landlord from the tenant.

Matters to be regarded in assessment of compensation for improvements.

72. In estimating the compensation to be awarded under this Chapter to a tenant for an improvement, the Court or Revenue-officer shall have regard to—

(*a*) the amount by which the value or the produce of the tenancy, or the value of that produce, is increased by the improvement;

(*b*) the condition of the improvement and the probable duration of its effects;

(*c*) the labour and capital required for the making of such an improvement;

(*d*) any reduction or remission of rent or other advantage allowed to the tenant by the landlord in consideration of the improvement; and

(*e*) in the case of a reclamation, or of the conversion of unirrigated into irrigated land, the length of time during which the tenant has had the benefit of the improvement.

Form of compensation.

73. (*1*) The compensation shall be made by payment in money, unless the parties agree that it be made in whole or in part by the grant of a beneficial lease of land or in some other way.

(*2*) If the parties so agree, the Court or Revenue-officer shall make an order accordingly.

Relief in case of Ejectment before Determination of Compensation.

Relief in case of ejectment before determination of compensation.

74. (*1*) If from any cause the amount of compensation payable to a tenant—

(*a*) under this Chapter for improvements or disturbance; or

(*b*) under section 49 for the value of uncut or ungathered crops or the preparation of land for sowing,

has not been determined before the tenant is ejected, the ejectment shall not be invalidated by reason of the omission, but the Court or Revenue-officer which decreed or who ordered the ejectment may, on application made by the tenant within one year from the date of the ejectment, correct the omission by making in favour of the tenant an order for the payment to him by the landlord of such compensation as the Court or officer may determine the tenant to be entitled to.

(*2*) An order made under sub-section (*1*) may be executed in the same manner as a decree for money may be executed by a Revenue Court.

Computation of periods limited for appeals and applications for review.

XV of 1877.

84. (*1*) The Financial Commissioner may at any time call for the record of any case pending before, or disposed of by, any Revenue-officer or Revenue Court subordinate to him.

Power to call for, examine and revise proceedings of Revenue-officers and Revenue Courts.

(*2*) A Commissioner or Collector may call for the record of any case pending before, or disposed of by, any Revenue-officer or Revenue Court under his control.

(*3*) If in any case in which a Commissioner or Collector has called for a record he is of opinion that the proceedings taken or the order or decree made should be modified or reversed, he shall report the case, with his opinion thereon, for the orders of the Financial Commissioner.

(*4*) The Financial Commissioner may in any case called for by himself under sub-section (*1*) or reported to him under sub-section (*3*) pass such order as he thinks fit:

Provided that he shall not under this section—

(*a*) modify or reverse an order or decree without giving the parties affected thereby an opportunity of being heard, or

The Punjab Tenancy Bill.
(Chapter VII.—Jurisdiction and Procedure.—Sections 85-90.)

(*b*) modify or reverse a decree or order of a Revenue Court, unless that Court appears to him to have exercised a jurisdiction not vested in it by law, or to have failed to exercise a jurisdiction so vested, or not to have acted in the exercise of its jurisdiction according to law.

Procedure.

Procedure of Revenue-officers.

85. (*1*) The Local Government may make rules consistent with this Act for regulating the procedure of Revenue-officers under this Act in cases in which a procedure is not prescribed by this Act.

(*2*) The rules may provide, among other matters, for the mode of enforcing orders of ejectment from, and delivery of possession of, immoveable property, and rules providing for those matters may confer on a Revenue-officer all or any of the powers in regard to contempts, resistance and the like which a Civil Court may exercise in the execution of a decree whereby it has adjudged ejectment from, or delivery of possession of, such property.

(*3*) The rules may also provide for the mode of executing orders as to costs, and may adapt to proceedings under this Act all or any of the provisions of the Punjab Land-revenue Act, 1887, with respect to arbitration.

Persons by whom appearances may be made before Revenue-officers as such and not as Revenue Courts.

86. (*1*) Appearances before a Revenue-officer as such, and applications to and acts to be done before him, under this Act may be made or done—

(*a*) by the parties themselves, or

(*b*) by their recognized agents or a legal practitioner:

Provided that the employment of a recognized agent or legal practitioner shall not excuse the personal attendance of a party to any proceeding in any case in which personal attendance is specially required by an order of the officer.

(*2*) For the purposes of sub-section (*1*), recognized agents shall be such persons as the Local Government may by notification declare in this behalf.

(*3*) The fees of a legal practitioner shall not be allowed as costs in any proceeding before the Revenue-officer under this Act, unless that officer considers, for reasons to be recorded by him in writing, that the fees should be allowed.

Costs.

87. (*1*) A Revenue-officer may give and apportion the costs of any proceeding under this Act in any manner he thinks fit;

(*2*) but if he orders that the costs of any such proceeding shall not follow the event, he shall record his reasons for the order.

Procedure of Revenue Courts.

88. (*1*) The Local Government may, with the previous sanction of the Governor-General in Council, make rules consistent with this Act for regulating the procedure of Revenue Courts in matters under this Act for which a procedure is not prescribed thereby, and may by any such rule direct that any provisions of the Code of Civil Procedure shall apply, with or without modification, to all or any classes of cases before those Courts.

XIV of 1882.

(*2*) Until rules are made under sub-section (*1*), and subject to those rules when made and to the provisions of this Act,—

(*a*) the Code of Civil Procedure shall, so far as it is applicable, apply to all proceedings in Revenue Courts whether before or after decree; and

(*b*) the Financial Commissioner shall, in respect of those proceedings, be deemed to be the High Court within the meaning of that Code, and shall, subject to the provisions of this Act, exercise, as regards the Courts under his control, all the powers of a High Court under the Code.

Power of Revenue-officer or Revenue Court to summon persons.

89. (*1*) A Revenue-officer or Revenue Court may summon any person whose attendance he or it considers necessary for the purpose of any application, suit or other business before him or it as a Revenue-officer or Revenue Court.

(*2*) A person so summoned shall be bound to appear at the time and place mentioned in the summons in person or, if the summons so allows, by his recognized agent or a legal practitioner.

(*3*) The person attending in obedience to the summons shall state the truth upon any matter respecting which he is examined or makes statements, and produce such documents and other things relating to any such matter as the Revenue-officer or Revenue Court may require.

Mode of service of summons.

90. (*1*) A summons issued by a Revenue-officer or Revenue Court shall, if practicable, be served (*a*) personally on the person to whom it is addressed, or failing him on (*b*) his recognised agent, or (*c*) an adult male member of his family usually residing with him.

(*2*) If service cannot be so made, or if acceptance of service so made is refused, the summons may be served by posting a copy thereof at the usual or last known place of residence of the person to whom it is addressed, or, if that person does not reside in the district in which the Revenue-officer is employed or the Revenue Court is held, and the case to which the summons relates has reference to land in that district, then by posting a copy of the summons on some conspicuous place in or near the estate wherein the land is situate.

(*3*) If the summons relates to a case in which persons having the same interest are so numerous that personal service on all of them is not reasonably practicable, it may, if the Revenue-officer or Revenue Court so directs, be served by delivery of a copy thereof to such of those persons as the officer or Court nominates in this behalf and by proclamation of the contents thereof for the information of the other persons interested.

(*4*) A summons may, if the Revenue-officer or Revenue Court so directs, be served on the person named therein, either in addition to, or in substitution for, any other mode of service, by forwarding the summons by post in a letter addressed to the person and registered under Part III of the Indian Post Office Act, 1866.

XIV of 186

(*5*) When a summons is so forwarded in a letter and it is proved that the letter was properly addressed and duly posted and registered, the officer or Court may presume that it was served

The Punjab Tenancy Bill.
(Chapter VII.—Jurisdiction and Procedure.—Sections 91-100.)

at the time when the letter would be delivered in the ordinary course of post.

Mode of service of notice or order.

91. A notice, order or proclamation, or copy of any such document, issued by a Revenue-officer or Revenue Court for service on any person shall be served in the manner provided in the last foregoing section for the service of a summons.

Mode of making proclamation.

92. When a proclamation relating to any land is issued by a Revenue-officer or Revenue Court, it shall, in addition to any other mode of publication which may be prescribed by any enactment for the time being in force, be made by beat of drum or other customary method, and by the posting of a copy thereof on a conspicuous place in or near the land to which it relates.

Joinder of tenants as parties to proceedings relating to rent.

93. (*1*) Any number of tenants cultivating in the same estate may, in the discretion of the Revenue-officer or Revenue Court and subject to any rules which the Local Government may make in this behalf, be made parties to any proceeding under Chapter III;

(*2*) but a decree or order shall not be made in any such proceeding unless the Revenue-officer or Revenue Court is satisfied that all the parties thereto have had an opportunity of appearing and being heard.

(*3*) A decree or order made in any such proceeding shall specify the extent to which each of the tenants is affected thereby.

XIV of 1882. Exception of suits under this Act from operation of certain enactments.

XIII of 1884.

94. Nothing in section 424 of the Code of Civil Procedure, or in the first or second paragraph of section 183 of that Code, or in section 36 of the Punjab Municipal Act, 1884, shall be construed to apply to a suit of a class mentioned in section 77 of this Act.

Payment into Court of money admitted to be due to third person.

95. (*1*) When a defendant admits that money is due from him on account of rent, but pleads that it is due not to the plaintiff but to a third person, the Court shall, except for special reasons to be recorded by it, refuse to take cognizance of the plea unless the defendant pays into Court the amount so admitted to be due.

(*2*) Where such a payment is made, the Court shall forthwith cause notice of the payment to be served on the third person.

(*3*) Unless the third person within three months from the receipt of the notice institutes a suit against the plaintiff and therein obtains an order restraining payment of the money, it shall be paid to the plaintiff on his application to the Court therefor.

(*4*) Nothing in this section shall affect the right of any person to recover from the plaintiff money paid to him under sub-section (*3*).

(*5*) When a defendant pays money into Court under this section, the Court shall give the defendant a receipt, and the receipt so given shall operate as an acquittance in the same manner and to the same extent as if it had been given by the plaintiff or the third person, as the case may be.

Execution of decrees for arrears of rent.

96. A Court passing a decree for an arrear of rent may, on the oral application of the decreeholder, order execution thereof against the moveable property of the tenant, and against any uncut or ungathered crops on the tenancy in respect of which the arrear is decreed.

Prohibition of imprisonment of tenants in execution of decrees for arrears of rent.

97. (*1*) A tenant shall not during the continuance of his occupancy be liable to imprisonment on the application of his landlord in execution of a decree for an arrear of rent.

Power to refer party to Civil Court.

98. (*1*) If, in any proceeding pending before a Revenue Court exercising original, appellate or revisional jurisdiction, it appears to the Court that any question in issue is more proper for decision by a Civil Court, the Revenue Court may, with the previous sanction of the Court, if any, to the control of which it is immediately subject, by order in writing, require any party to the proceeding to institute, within such time as it may fix in this behalf, a suit in the Civil Court with a view to obtaining a decision on the question, and, if he fails to comply with the requisition, may decide the question as it thinks fit.

(*2*) If the party institutes the suit in compliance with the requisition, the Revenue Court shall dispose of the proceeding pending before it in accordance with the final decision of the Civil Court of first instance or appeal, as the case may be.

Power to refer to Chief Court questions as to jurisdiction.

99. (*1*) If the presiding officer of a Civil or Revenue Court in which a suit has been instituted [illegible] concluded by this Act from trying cognizance of the suit, he may refer the matter through the Divisional Judge or Commissioner, or, if he is a Divisional Judge or Commissioner, directly to the Chief Court.

(*2*) On any such reference being made, the Chief Court may order the presiding officer either to proceed with the suit or to return the plaint for presentation in such other Court as it may in its order declare to be competent to take cognizance of the suit.

(*3*) The order of the Chief Court on any such reference shall be conclusive as against persons who are not parties to the suit as well as against persons who are parties thereto.

Power of Chief Court to validate proceedings had under mistake as to jurisdiction.

100. (*1*) In either of the following cases, namely:

(*a*) if it appears to a Civil Court that a Court under its control has determined a suit of a class mentioned in section 77 which under the provisions of that section should have been heard and determined by a Revenue Court, or

(*b*) if it appears to a Revenue Court that a Court under its control has determined a suit which should have been heard by a Civil Court,

the Civil Court or Revenue Court, as the case may be, shall submit the record of the suit to the Chief Court.

51

The Punjab Tenancy Bill.
(Chapter VII.—Jurisdiction and Procedure.—Sections 101-106.)

(2) If on perusal of the record it appears to the Chief Court that the suit was so determined in good faith, and that the parties have not been prejudiced by the mistake as to jurisdiction, the Chief Court may order that the decree be registered in the Court which had jurisdiction.

(3) If it appears to the Chief Court, otherwise than on submission of a record under sub-section (1), that a Civil Court under its control has determined a suit of a class mentioned in section 77 which under the provisions of that section should have been heard and determined by a Revenue Court, the Chief Court may pass any order which it might have passed if the record had been submitted to it under that sub-section.

(4) With respect to any proceeding subsequent to decree, the Chief Court may make such order for its registration in a Revenue Court or Civil Court as in the circumstances appears to be just and proper.

(5) An order of the Chief Court under this section shall be conclusive as against persons who were not parties to the suit or proceeding as well as against persons who were parties thereto, and the decree or proceeding to which the order relates shall have effect as if it had been made or had by the Court in which the order has required it to be registered.

(6) The provisions of this section shall apply to any suit instituted on or after the first day of November, 1884, and to proceedings arising out of any such suit.

Miscellaneous.

Place of sitting.

101. (1) An Assistant Collector may exercise his powers under this Act at any place within the limits of the district in which he is employed.

(2) Any other Revenue-officer or Revenue Court may only exercise his or its powers under this Act within the local limits of his or its jurisdiction.

102. (1) The Financial Commissioner, with the approval of the Local Government, shall publish in the local official Gazette before the commencement of each calendar year a list of days to be observed in that year as holidays by all or any Revenue-officers and Revenue Courts.

(2) A proceeding had before a Revenue-officer or Revenue Court on a day specified in the list as a day to be observed by the officer or Court as a holiday shall not be invalid by reason only of its having been had on that day.

Discharge of duties of Collector dying or being disabled.

103. When a Collector dies or is disabled from performing his duties, the officer who succeeds temporarily to the chief executive administration of the district under any orders which may be passed in that behalf by the Local Government in this behalf shall be deemed to be a Collector under this Act.

Retention of powers by Revenue-officers on transfer.

104. When a Revenue-officer of any class who, either as such or as a Revenue Court, has under the foregoing provisions of this Act any powers to be exercised in any local area, is transferred from that local area to another as a Revenue-officer or Revenue Court of the same or a higher class, he shall continue to exercise those powers in that other local area, unless the Local Government otherwise directs or has otherwise directed.

Conferment of powers of Revenue-officer or Revenue Court.

105. (1) The Local Government may confer on any person—

(a) all or any of the powers of a Financial Commissioner, Commissioner or Collector under the provisions of this Act, or

(b) all or any of the powers with which an Assistant Collector of either grade is, or may be, invested under those provisions,

and may withdraw any powers so conferred.

(2) A person on whom powers are conferred under sub-section (1) shall exercise those powers within such local limits and in such classes of cases as the Local Government may direct, and, except as otherwise directed by the Local Government, shall for all purposes connected with the exercise thereof be deemed a Financial Commissioner, Commissioner, Collector or Assistant Collector, as the case may be.

(3) Before conferring powers on the Judge of a Civil Court under sub-section (1), the Local Government shall consult the Chief Court.

(4) If any of the powers of a Collector under section 78, section 79, section 80 or section 82 are conferred on an Assistant Collector, they shall, unless the Local Government by special order otherwise directs, be exercised by him subject to the control of the Collector.

(c) prescribing, for all or any of the territories to which this Act extends, the periods during which, in proceedings held under this Act, a Revenue-officer or Revenue Court is not, except for reasons of urgency to be recorded, to issue any process of arrest against a tenant or against a landowner who cultivates his own land;

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Report of the Select Committee on the Bill to amend and declare the Land-revenue Law of the Punjab was presented to the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 27th July, 1887:

From the Government of the Punjab, No. 45, dated 25th February, 1887, and fifty-three enclosures.

WE, the undersigned, Members of the Select Committee to which the Bill to amend and declare the Land-revenue Law of the Punjab was referred, have considered the Bill and the papers noted on the margin, and have now the honour to submit this our Report, with the Bill as revised by us annexed thereto.

2. In January last the Government of the Punjab appointed a Committee under the presidency of Colonel Sir William Davies to sit at Lahore and report on the Bill with reference to the opinions which had been submitted to that Government. This Committee, which we will hereafter refer to as the Lahore Committee, submitted a report which has been most useful to us in revising the Bill. Having preliminarily considered the Bill in Calcutta with Sir William Davies, we had the Bill as amended by us there re-printed, and we have now considered and revised this re-print in Simla with the Hon'ble Colonel Wace, who succeeded Sir William Davies in May last as Senior Financial Commissioner of the Punjab and has since been in charge of the Bill.

3. Where sections or Chapters are cited in italics at the commencement of any of the following paragraphs, they are, where the contrary is not stated, the sections and Chapters of the Bill as introduced.

4. *Section 1, sub-section (4).*—This sub-section has been shortened with reference to section 4 of the General Clauses Act, 1887.

5. *Section 2, sub-section (3).*—We have left pending proceedings to the operation of section 6 of the General Clauses Act, 1868.

6. *Section 3.*—We have, on the suggestion of the Lahore Committee, substituted a separate section (section 4 of the Bill as revised) for the definition of "land".

The report of that Committee has also suggested to us a revised definition of "village-cess", and we have set forth at length definitions of certain expressions occurring in the Tenancy Bill.

7. *Chapter II.*—We have transferred to the Tenancy Bill the provisions relating to the discharge by Revenue-officers and Revenue Courts of their functions under that Bill.

We have also, with the concurrence of the Local Government, adopted for the sake of convenience the expressions "Collector" and "Assistant Collector" instead of "Deputy Commissioner" and "subordinate Revenue-officer", and provided that Revenue-officers subordinate to the Collector shall be graded in two classes only.

In incorporating in the Bill the provisions of the Punjab Courts Act, 1884, relating to the appointment of a second Financial Commissioner we have revised those provisions on the lines of those sections of the North-Western Provinces Land-revenue Act, 1873, which relate to the Board of Revenue.

8. *Section 19 (section 13 of Bill as revised).*—As regards appeals, we have provided, at the suggestion of the Lahore Committee, that when an original order is modified or reversed on appeal by the Collector the order made by the Commissioner on further appeal to him shall be final.

We have excepted appeals under sections 58 and 118 of the Bill as revised from the operation of the general rule respecting the course of appeal.

9. *Section 23 (section 20 of Bill as revised).*—We have adapted the provisions of the Bill as introduced, respecting the service of processes through the post, to those of section 148 of the Bengal Tenancy Act, 1885.

We have also, on the analogy of section 30 of the Code of Civil Procedure, made special provision for cases in which the persons to be summoned are so numerous that personal service on all of them is not reasonably practicable.

10. *Section 26 (section 18 of Bill as revised).*—We have struck out the words which made appearances of legal practitioners dependent on the permission of Revenue-officers. There appears to us to be nothing in existing practice which cannot be adequately provided for by rules under section 17 of the Bill as revised.

11. *Chapter III.*—At the suggestion of the Lahore Committee, we have proposed to empower the Financial Commissioner to make rules to regulate the appointment, punishment, duties and emoluments of inámdárs, who in some districts of the Punjab hold a position similar to that of zaildárs.

The addition to section 35 (section 28 of the Bill as revised) renders unnecessary the retention of section 137 of the Bill as introduced.

We have added kánúngos to the classes to whom section 37 (section 30 of the Bill as revised) is to apply, and have proposed that any assignment of his emoluments by a person to whom the section applies shall be subject to rules to be made by the Financial Commissioner in this behalf. A village-headman is, in special circumstances, allowed to perform his duties by deputy, and the deputy in such a case usually receives part of the emoluments of the headman.

12. *Chapter IV.*—In revising this Chapter it has been our object to continue, with as little alteration as possible, the provisions of the existing law. But we have so far altered those provisions as to give to all village-records the special evidential value which has hitherto been attached to a settlement-record only. The principal alterations will be found in sections 33 and 44 of the Bill as revised.

13. *Section 41 (section 32 of Bill as revised).*—In connection with this section and section 58 (section 49 of the Bill as revised) we have proposed to transfer Chapter VI of the Punjab Courts Act, 1884, to this Bill as Chapter XI.

14. *Section 44 (section 44 of Bill as revised).*—We have added after this section a section (section 45 of the Bill as revised) re-producing the substance of section 20 of the Punjab Land-revenue Act of 1871.

15. *Section 48 (section 145 of Bill as revised.)*—We have made this section follow more closely the terms of section 66 of the North-Western Provinces Land-revenue Act, 1873, as amended by section 8 of the North-Western Provinces Land-revenue Act, 1879, providing, however, for the record not only of village-cesses which have been specially or generally approved by the Local Government but also, as suggested by the Chief Court, of those cesses the title to which has, before the passing of the proposed Act, been judicially established.

16. *Section 50 (Chapter IX of Bill as revised).*—We have substituted for this section a separate chapter on Partition and have incorporated in it most of the rules now in force in the Punjab and some of the provisions of the North-Western Provinces Land-revenue Act, 1873. We have also, at the suggestion of the Lahore Committee, proposed to insert a section (section 150 of the Bill as revised) designed for the protection from encroachment of land which has been reserved for the common purposes of co-sharers.

17. *Section 135.*—This section has become section 40 of the Bill as revised.

18. *Section 55.*—We have, at the suggestion of the Lahore Committee, expressly provided in section 147 of the Bill as revised for agreements substituting service for payment of land-revenue, and for the enforcement of those agreements. In some parts of the Punjab, and especially in districts lying along the frontier, a portion of the land-revenue is remitted on condition of the landowner rendering public service.

We have further in section 48 of the Bill as revised expressly declared all land to be liable to be assessed to land-revenue, following in this respect the provisions of sections 45 and 100 of the Bombay Land-revenue Code, 1879.

19. *Sections 56 and 57 (sections 61 and 62 of Bill as revised).*—We have transferred those sections to the Chapter relating to collection of land-revenue. But we have omitted sub-section (3) of section 57 empowering the Deputy Commissioner to prevent the removal of produce, such a power appearing to us to be rendered unnecessary by the other provisions of the Bill.

20. *Section 62 (section 53 of Bill as revised).*—We have incorporated in this section that portion of section 92 of the North-Western Provinces Land-revenue Act, 1873, which relates to the fixing of the period for which an assessment is to have effect.

21. After section 63 we have inserted a section (section 54 of the Bill as revised) in the terms of section 38 of the Punjab Land-revenue Act of 1871.

22. *Section 65 (section 56 of Bill as revised).*—We have provided in this section for fluctuating as well as fixed assessments, and required an assessment to be distributed before any instalment of it becomes payable.

23. *Section 67 (section 146 of Bill as revised).*—We consider that fluctuating dues payable by an inferior to a superior landowner should ordinarily be liable to commutation only on the application of both the landowners.

24. *Section 68 (section 60 of Bill as revised).*—We have proposed to restore the language of section 27 of the Punjab Land-revenue Act of 1871.

25. *Section 73.*—This section, which would have authorised the levy of interest on arrears of land-revenue, has met with much adverse criticism, and we have omitted it.

26. *Section 93.*—We have omitted this section as asserting without sufficient necessity a principle which would possibly operate harshly in case of communities jointly responsible for an assessment.

27. *Section 105 (section 96 of Bill as revised).*—We have made it clear that a sale discharges an arrear only to the extent of the proceeds of the sale, and that any balance of the arrear may be recovered from the defaulter either by further proceedings under Chapter VI of the Bill or by such other lawful means as the Collector thinks fit.

28. *Section 107 (section 98 of Bill as revised).*—We have removed clause (*d*), because sums due from an agent of the Collector would be recoverable as an arrear of land-revenue under Act XII of 1850.

As regards clause (*e*) (clause (*c*) in Bill as revised), we have proposed that only those fees be recoverable as arrears of land-revenue which are payable for the use of or benefits derived from works constructed by district boards or local boards for agricultural purposes.

At the suggestion of the Lahore Committee, we have added a clause applying the provisions of the section to sums payable to the Government by a person who is surety for the payment of any sum recoverable as an arrear of land-revenue.

29. *Section 108.*—For this section we have substituted section 33 of the revised Tenancy Bill.

30. *Chapter VIII.*—We have, at the suggestion of the Lahore Committee and with the concurrence of the Local Government, omitted the Chapter regarding village waste-lands.

31. *Chapter IX (Chapter VIII of Bill as revised).*—We have added to this Chapter a section (section 109) suggested by section 123 of the Bombay Land-revenue Code, 1879, imposing on village-officers the duty of reporting to a Revenue-officer the destruction, injury or removal of survey-marks erected in their villages.

32. We have inserted as Chapter X of the Bill as revised the rules which have long been in force in the Punjab respecting references to arbitration in matters relating to the revenue, and, as already stated, we have re-produced in Chapter XI the substance of Chapter VI of the Punjab Courts Act, 1884.

33. *Sections 123-125.*—We have transferred to the Tenancy Bill so much of these sections as relates to the deposit of rent.

34. *Sections 126 and 127 (section 141 of Bill as revised).*—At the suggestion of the Lahore Committee, we have required the rules of the Financial Commissioner to be made with the concurrence of the Chief Court.

35. *Section 129, sub-section (1) (section 155, sub-section (1), of Bill as revised).*—The statement of the matters respecting which rules may be made under this sub-section in such detail as they are stated in clauses (*f*) and (*g*) appears to us to be undesirable as being likely to lead to a narrower construction than is intended being placed on the last clause of the sub-section.

We have proposed by clause (*c*) of the sub-section to confer on the Financial Commissioner the power to make rules respecting the service and execution of processes issued by Revenue Courts which is at present vested in the Chief Court under section 20 of the Court-fees Act, 1870.

36. *Section 131.*—The substance of this section has, with reference to section 6 of the General Clauses Act, 1887, been incorporated in section 156 of the Bill as revised.

37. *Section 133.*—It appears to us that this section will find a more appropriate place in some law of general application than in this Bill.

38. *Section 136 (section 149 of Bill as revised).*—We have proposed to give power to compel the attendance of a person within the limits of an estate in which he holds or cultivates land, even though he does not reside there.

39. *Section 138.*—This section has, in a slightly modified form, become section 34 of the revised Tenancy Bill.

40. We have added to the Bill as revised the following among other sections, namely:—

(*a*) *section 99*, respecting the application of Chapter VI to the collection of sums recoverable as arrears of land-revenue;

(*b*) *section 142*, respecting the attachment of assigned land-revenue;

(*c*) *section 143 (section 127, sub-section (2), of Bill as introduced)*, respecting the preservation of attached produce;

(*d*) *section 148*, respecting the recovery of the cost of assessing assigned land-revenue;

(*e*) *section 152*, respecting the award of costs by Revenue-officers; and

(*f*) *section 153 (section 20, sub-section (2), of Bill as introduced)*, respecting the computation of periods for appeals and applications for review of judgment.

(*a*) while under attachment under the last foregoing section, or

(*b*) while under the charge of the Court of Wards.

(*3*) When the assessment of any land has been annulled, the Collector may, with the previous sanction of the Financial Commissioner, either manage the land himself or through an agent, or let it in farm to any person willing to accept the farm, for such term and on such conditions as may be sanctioned by the Financial Commissioner :

Provided that the term for which land may be so managed or farmed shall not be longer than fifteen years from the commencement of the agricultural year next following the date of the annulment.

(*4*) At some time before the expiration of that term the Collector shall assess the estate or holding at such sum as the Financial Commissioner approves for the remainder of the term of the current assessment of the district or tahsil, and shall announce the assessment to the landowner.

(*5*) The landowner may give notice to the Collector of refusal to be liable for the assessment within thirty days from the date on which the assessment was announced to him.

(*6*) If notice is so given, the Collector may, with the previous sanction of the Financial Commissioner, take the estate or holding under direct management or farm it for the remainder of the term of the current assessment of the district or tahsil, or for any period within that term which the Financial Commissioner may fix.

(*7*) When the assessment of a holding is annulled, the joint responsibility of the other landowners of the estate for the land-revenue of that holding becoming due after the annulment shall be in abeyance until a new assessment takes effect.

(*8*) The Financial Commissioner may direct that any contract made by the defaulter, or by any person through whom the defaulter claims, with respect to any land comprised in an estate or holding of which the assessment has been annulled shall not be binding on the Collector or his agent or farmer during the period for which the estate or holding remains under the management of the Collector or his agent or is let in farm.

74. (*1*) When any land is attached under section 72, or when the assessment of any land has been annulled under the last foregoing section, the Collector shall make proclamation thereof.

Proclamation of attachment or annulment of assessment, and consequences of the proclamation.

(*2*) No payment made by any person to the defaulter before the making of the proclamation on account of rent or any other asset in anticipation of the usual time for the payment shall, without the special sanction of the Collector, be credited to that person or relieve him from liability to make the payment to the Collector or his agent or farmer.

(*3*) No payment made after the making of the proclamation on account of rent or any other asset of the estate or holding to any person other than the Collector or his agent or farmer shall be credited to the person making the payment or relieve him from liability to make the payment to the Collector or his agent or farmer.

75. When an arrear of land-revenue has accrued and the foregoing processes are not deemed sufficient for the recovery thereof, the Collector, with the previous sanction of the Financial Commissioner, may, in addition to, or instead of, all or any of those processes, and subject to the provisions hereinafter contained, sell the estate or holding in respect of which the arrear is due :

Sale of estate or holding.

Provided that land shall not be sold for the recovery of—

(*a*) any arrear which has accrued while the land was under the charge of the Court of Wards, or was so circumstanced that the Court of Wards might have exercised jurisdiction over it under the provisions of section 35 of the Punjab Laws Act, 1872, clause (*a*), (*b*), (*c*) or (*d*) ; or IV of 1872

(*b*) any arrear which has accrued while the land was under attachment under section 72 of this Act ; or

(*c*) any arrear which has accrued while the land was held under direct management by the Collector or in farm by any other person, under section 73, after either an annulment of assessment or a refusal to be liable therefor.

The Punjab Land-revenue Bill.
(Chapter VI.—Collection of Land-revenue.—Sections 76-82.)

76. (*1*) Land sold under the last foregoing section shall be sold free of all incumbrances; and all grants and contracts previously made by any person other than the purchaser in respect of the land shall become void as against the purchaser at the sale.

Effect of sale on incumbrances.

(*2*) Nothing in sub-section (*1*) shall affect—

(*a*) a tenant's right of occupancy, unless the right was created by the defaulter himself, or

(*b*) any lease at a fair rent, temporary or perpetual, for the erection of a dwelling-house or manufactory, or for a mine, garden, tank, canal, place of worship or burial-ground, so long as the land continues to be used for the purpose specified in the lease, or

(*c*) any incumbrance, grant, contract or right of occupancy specially saved by order of the Financial Commissioner and proclaimed as hereinafter provided.

77. (*1*) If the arrear cannot be recovered by any of the processes hereinbefore provided, or if the Financial Commissioner considers the enforcement of any of those processes to be inexpedient, the Collector may, where the defaulter owns any other estate or holding, or any share in any other estate or holding, or any other immoveable property, proceed under the provisions of this Act against that property as if it were the land in respect of which the arrear is due:

Proceedings against other immoveable property of defaulter.

Provided that no interests save those of the defaulter alone shall be so proceeded against, and no incumbrances created, grants made or contracts entered into by him in good faith shall be rendered invalid by reason only of his interests being proceeded against.

(*2*) When the Collector determines to proceed under this section against immoveable property other than the land in respect of which the arrear is due, he shall issue a proclamation prohibiting the transfer or charging of the property.

(*3*) The Collector may at any time by order in writing withdraw the proclamation, and it shall be deemed to be withdrawn when either the arrear has been paid or the interests of the defaulter in the property have been sold for the recovery of the arrear.

(*4*) Any private alienation of the property, or of any interest of the defaulter therein, whether by sale, gift, mortgage or otherwise, made after the issue of the proclamation and before the withdrawal thereof shall be void.

(*5*) In proceeding against property under this section the Collector shall follow, as nearly as the nature of the property will admit, the procedure prescribed for the enforcement of process against land on which an arrear of land-revenue is due.

78. (*1*) Notwithstanding anything in section 66, when proceedings are taken under this Act for the recovery of an arrear, the person against whom the proceedings are taken may, if he denies his liability for the arrear or any part thereof and pays the same under protest made in writing at the time of payment and signed by him or his agent, institute a suit in a Civil Court for the recovery of the amount so paid.

Remedies open to person denying his liability for an arrear.

(*2*) A suit under sub-section (*1*) must be instituted in a Court having jurisdiction in the place where the office of the Collector of the district in which the arrear or some part thereof accrued is situate.

Procedure in Sales.

79. (*1*) On the receipt of the sanction of the Financial Commissioner to the sale of any immoveable property, the Collector shall issue a proclamation of the intended sale, specifying—

(*a*) the date, time and place of the sale;
(*b*) the property to be sold, and, if it is an estate or holding, the land-revenue assessed thereon or payable in respect thereof;

(*d*) if the property is to be sold otherwise than for the recovery of an arrear due in respect thereof, any incumbrance, grant or contract to which the property is known to be liable; and
(*e*) the amount for the recovery of which the sale is ordered.

(*2*) The proclamation shall also state that any person intending to claim a right of pre-emption must, on pain of forfeiting the right, give notice of his intention to the Collector on an office-day before that fixed for the sale.

(*3*) The place of sale specified under clause (*a*) of sub-section (*1*) must be either the office of the Collector or some place appointed by the Collector in this behalf and situate in or near the property to be sold.

80. A Revenue-officer shall not be answerable for any error, mis-statement or omission in any proclamation under the last foregoing section, unless the same has been committed or made dishonestly.

Indemnity to Revenue-officer with respect to contents of proclamation.

81. (*1*) A copy of the proclamation shall be served on the defaulter and be posted in a conspicuous part of the office of the Tahsildár of the tahsil in which the property to be sold is situate.

Publication of proclamation.

(*2*) After a copy of the proclamation has been served on the defaulter and posted in the office of the Tahsildár, a copy thereof shall be posted in the office of the Collector.

(*3*) The proclamation shall be further published in manner prescribed in section 22 and in such other manner as the Collector thinks expedient.

82. (*1*) The sale shall not take place on a Sunday or other holiday, or till after the expiration of at least thirty days from the date on which the copy of the proclamation was posted in the office of the Collector.

(Chapter VI.—Collection of Land-revenue.—Sections 83-96.)

83. The Collector may from time to time postpone the sale.

Power to postpone sale.

84. If at any time before the bidding at the auction is completed the defaulter pays the arrear in respect of which the land has been proclaimed for sale, together with the costs incurred for the recovery thereof, to the officer conducting the sale, or proves to the satisfaction of that officer that he has already paid the same either at the place and in the manner prescribed under section 63 or into the Government treasury, the sale shall be stayed.

Stay of sale.

85. When the highest bid at the auction has been ascertained, the person who made that bid shall, on the requisition of the officer conducting the sale, pay to that officer a deposit of twenty-five per centum on the amount of his bid, and shall, on payment thereof, be declared to be the purchaser subject to the provisions of this Chapter with respect to the exercise of any right of pre-emption.

Payment of deposit by highest bidder.

86. If the person who made the highest bid fails to pay the deposit as required by the last foregoing section, the property shall forthwith be put up again and sold, and all expenses attending the first sale, and the deficiency of price, if any, which may happen on the re-sale, may be recovered from him by the Collector as if the same were an arrear of land-revenue.

Consequences of failure to pay deposit.

87. (*1*) At any time before the close of the day on which the sale takes place any person who has given notice of his intention to claim a right of pre-emption under section 79, sub-section (*2*), may, on payment to the officer conducting the sale of a deposit of twenty-five per centum on the highest bid made at the sale, claim to take the property at that bid.

Exercise of right of pre-emption.

(*2*) If the right is not disputed, he shall be declared to be the purchaser.

(*3*) If the right is disputed, the Collector shall inquire into and decide the dispute and declare the purchaser, and his decision and declaration shall be final.

88. The full amount of the purchase-money shall be paid by the purchaser before the close of the fifteenth day from that on which the purchaser was declared.

Time for payment in full.

89. In default of payment of the full amount of the purchase-money within the period mentioned in the last foregoing section, the deposit referred to in section 85 or section 87, as the case may be, shall, after defraying the expenses of the sale, be forfeited to the Government and may, if the Collector, with the previous sanction of the Commissioner, so directs, be applied in reduction of the arrear, and the property shall be re-sold, and the defaulting purchaser shall have no claim to the property or to any part of the sum for which it may subsequently be sold.

Procedure in default of payment.

90. Every sale of immoveable property under this Chapter shall be reported by the Collector to the Commissioner.

91. (*1*) At any time within thirty days from the date of the sale, application may be made to the Commissioner to set aside the sale on the ground of some material irregularity or mistake in publishing or conducting it;

Application to set aside sale.

(*2*) But a sale shall not be set aside on that ground unless the applicant proves to the satisfaction of the Commissioner that he has sustained substantial injury by reason of the irregularity or mistake.

92. (*1*) After the expiration of thirty days from the date of the sale, if such application as is mentioned in the last foregoing section has not been made, or if such application has been made and rejected, the Commissioner shall make an order confirming the sale, and, if such application has been made and allowed, the Commissioner shall make an order setting aside the sale.

Order confirming or setting aside sale.

(*2*) An order made under this section shall be final.

93. Whenever the sale of any property is set aside, the purchaser shall be entitled to receive back his purchase-money.

Refund of purchase-money on setting aside of sale.

94. A sale made after a postponement under section 83, and a re-sale consequent on a purchaser's default under section 89 or on the setting aside of a sale under section 92, shall be made after the issue of a fresh proclamation in the manner hereinbefore prescribed for the sale.

Proclamation after postponement or on re-sale.

95. (*1*) After a sale has been confirmed in manner aforesaid, the Collector shall put the person declared to be the purchaser into possession of the property sold, and shall grant him a certificate to the effect that he has purchased that property.

On confirmation of sale, possession and certificate to be granted to purchaser.

(*2*) The certificate shall state whether or not the property was sold for the recovery of an arrear due in respect thereof, and, if it was so sold, shall set forth the incumbrances, grants, contracts and rights of occupancy, if any, specified in the proclamation of the sale as specially saved by order of the Financial Commissioner under section 76, sub-section (*2*), clause (*c*).

(*3*) The certificate shall be deemed to be a valid transfer of the property but need not be registered as a conveyance.

(*4*) Any suit brought in any Court against the certified purchaser on the ground that the purchase was made on behalf of a person other than the certified purchaser shall be dismissed with costs.

(*5*) The certified purchaser of any immoveable property shall be entitled to all rents and profits falling due in respect of the property after the date of the confirmation of the sale and be liable for all instalments of land-revenue and rates and cesses falling due in respect thereof after that date.

from the defaulter at the date of the confirmation of the sale, whether the arrears are of land-revenue, or of sums recoverable as arrears of land-revenue, and the surplus, if any, shall be paid to the person whose property has been sold, or, if the property sold was owned by more than one landowner, then to the landowners either collectively or according to the amount of their recorded interests, as the Collector thinks fit.

(2) The surplus shall not, except under an order of a Court, be paid to any creditor of a person whose property has been sold.

(3) If the proceeds of the sale fall short of such arrears as are referred to in sub-section (1), the balance remaining due from the defaulter may be recovered from him by further proceedings under this Chapter or by any other means authorised by law.

CHAPTER VII.

RECOVERY OF OTHER DEMANDS BY REVENUE-OFFICERS.

Recovery of certain arrears through Revenue-officer instead of by suit.

97. When a village-officer required by rules under section 28 to collect any land-revenue or sum recoverable as an arrear of land-revenue satisfies a Revenue-officer that the revenue or sum has fallen due and has not been paid to him, the Revenue-officer may, subject to any rules which the Financial Commissioner may make in this behalf, recover it as if it were an arrear of land-revenue.

Other sums recoverable as arrears of land-revenue.

98. In addition to any sums recoverable as arrears of land-revenue under this Act or any other enactment for the time being in force, the following sums may be so recovered, namely:

(a) fees, fines, costs and other charges, including the village-officers' cess, payable under this Act;

(b) revenue due to the Government on account of pasture or other natural products of land, or on account of mills, fisheries or natural products of water, or on account of other rights described in section 41 or section 42, in cases in which the revenue so due has not been included in the assessment of an estate;

(c) fees payable to district boards or local boards under section 33 of the Punjab District Boards Act, 1883, for the use of or benefits derived from such works as are referred to in section 29, clauses (i) and (j), of that Act;

XX of 1883.

(d) sums leviable by or under the authority of the Government as water-rates, or on account of the maintenance or management of canals, embankments or other irrigation-works, not being sums recoverable as arrears of land-revenue under any enactment for the time being in force; and

(e) sums payable to the Government by a person who is surety for the payment of any of the foregoing sums or of any other sum recoverable as an arrear of land-revenue.

Application of Chapter VI to sums recoverable under this Chapter.

99. (1) The provisions of Chapter VI shall, with respect to any sum mentioned or referred to in this Chapter, apply, so far as they can be made applicable, as if the sum were an arrear of land-revenue and the person from whom, either as principal or as surety, it is due were a defaulter in respect of such an arrear.

(2) Unless any such sum is declared by any enactment for the time being in force to be recoverable as if it were an arrear of land-revenue due in respect of the land charged therewith, the provisions of section 77 shall apply under sub-section (1) to the recovery thereof.

CHAPTER VIII.

SURVEYS AND BOUNDARIES.

Power of Financial Commissioner to make rules for demarcation of boundaries and erection of survey-marks.

100. (1) The Financial Commissioner may make rules as to the manner in which the boundaries of all or any estates in any local area are to be demarcated and as to the survey-marks to be erected within those estates.

(2) Rules under this section may prescribe among other matters, the form of survey-marks and the material to be used in their construction.

Power of Revenue-officers to define boundaries.

101. (1) A Revenue-officer may, for the purpose of framing any record or making any assessment under this Act, or on the application of any person interested, define the limits of any estate, or of any holding, field or other portion of an estate, and may, for the purpose of indicating those limits, require survey-marks to be erected or repaired.

(2) In defining the limits of any land under sub-section (1), the Revenue-officer may cause survey-marks to be erected on any boundary already determined by or by order of any Court, Revenue-officer or Forest-settlement-officer, or restore any survey-mark already set up by, or by order of, any Court or any such officer.

Cost of erection and repair of survey-marks.

102. Subject to any rules which the Financial Commissioner may make in this behalf, survey-marks shall be erected and kept in repair by or at the cost of the persons interested in the land for the indication of the limits of which they are required:

Provided that the Local Government may in any case direct that the cost of erection shall be borne by the Government or be paid out of the proceeds of the village-officers' cess.

Recovery of cost incurred by the Government.

103. (1) If the persons interested in the land fail to erect or repair a survey-mark within thirty days from the date of their being required by a Revenue-officer to do so, the Revenue-officer may cause it to be erected or repaired.

(2) Where the Revenue-officer causes a survey-mark to be erected or repaired, he shall, subject to any rules under the last foregoing section, apportion the cost among the persons interested in the land in such manner as he deems just, and certify the same to the Collector.

(3) The Collector may recover the cost as if it were an arrear of land-revenue.

The Punjab Land-revenue Bill.
(Chapter VIII.—Surveys and Boundaries.—Sections 104-109. Chapter IX.—Partition.—Sections 110-112.)

Power of Revenue-officers to enter on land for purposes of survey and demarcation.

104. Any Revenue-officer, and any person acting under the orders of a Revenue-officer, may, in the discharge of any duty under this Act, enter upon and survey land and erect survey-marks thereon and demarcate the boundaries thereof, and do all other acts necessary for the proper performance of that duty.

Surveys for purpose of preparation of records.

105. (1) When any land is being surveyed in pursuance of rules under section 46, clause (c), any Revenue-officer directing the survey may, by notice or proclamation, require all persons having rights or interests in the land to indicate, within a specified time, by temporary marks of a kind to be described in the notice or proclamation, the limits of those rights or interests.

(2) If a person to whom the notice or proclamation is addressed fails to comply with the requisition, he shall be liable at the discretion of the Revenue-officer to fine which may extend to ten rupees.

Provision of flagholders and chainmen for those surveys.

106. (1) For the purposes of the survey of any land in pursuance of rules under section 46, clause (c), the landowners shall be bound to provide fit persons to act as flagholders and chainmen.

(2) If the landowners fail to provide such persons or to provide them in sufficient number, such other persons as a Revenue-officer considers necessary may be employed and the cost of employing them recovered from the landowners as if it were an arrear of land-revenue.

Professional surveys.

107. (1) If it is necessary to make a survey by other agency than that of Revenue-officers or village-officers, the Local Government may publish a notification stating—

(a) the local area to be surveyed and the nature of the survey;

(b) the names or official designations of the officers by whom the survey is to be made; and

(c) the kind of survey-marks to be erected by those officers.

(2) From the date of the notification the officers specified therein, and the persons acting under their orders, shall have for the purposes of the survey the powers conferred on Revenue-officers by section 104.

Penalty for destruction, injury or removal of survey-marks.

108. (1) If any person wilfully destroys or injures or without lawful authority removes a survey-mark lawfully erected, he may be ordered by a Revenue-officer to pay such fine not exceeding fifty rupees for each mark so destroyed, injured or removed as may, in the opinion of the Revenue-officer, be necessary to defray the expense of restoring the same and of rewarding the person, if any, who gave information of the destruction, injury or removal.

(2) The imposition of a fine under this section shall not bar a prosecution under section 434 of the Indian Penal Code.

XLV of 1860.

Report of destruction, injury or removal of survey-marks.

109. Every village-officer of an estate shall be legally bound to furnish a Revenue-officer with information respecting the destruction or removal of, or any injury done to, any survey-mark lawfully erected in the estate.

CHAPTER IX.

PARTITION.

Effect of partitions of estates and tenancies on joint liability for revenue and rent

110. (1) A partition of land, either under this Chapter or otherwise, shall not, without the express consent of the Financial Commissioner, affect the joint liability of the land or of the landowners thereof for the revenue payable in respect of the land, or operate to create new estate, and, if any conditions are attached to that consent, those conditions shall be binding on the parties to the partition.

(2) A partition of a tenancy shall not, without the express consent of the landlord, affect the joint liability of the co-sharers therein for the payment of the rent thereof.

Application for partition.

111. Any joint owner of land, or any joint tenant of a tenancy in which a right of occupancy subsists, may apply to a Revenue-officer for partition of his share in the land or tenancy, as the case may be, if—

(a) at the date of the application the share is recorded under Chapter IV as belonging to him, or

(b) his right to the share has been established by a decree which is still subsisting at that date, or

(c) a written acknowledgment of that right has been executed by all persons interested in the admission or denial thereof.

Restrictions and limitations on partition.

112. Notwithstanding anything in the last foregoing section—

(1) places of worship and burial-grounds held in common before partition shall continue to be so held after partition, unless the owners otherwise agree among themselves and record their agreement and file it with the Revenue-officer;

(2) partition of any of the following properties, namely:

(a) any embankment, watercourse, well or tank, and any land on which the supply of water to any such work may depend,

(b) any grazing-ground, and

(c) any land which is occupied as the site of a town or village and is assessed to land-revenue,

may be refused if in the opinion of the Revenue-officer the partition of such property is likely to cause inconvenience to the co-sharers or other persons directly or indirectly interested therein or to diminish the utility thereof to those persons;

(3) the fact that a partition on the application of a joint owner of land would render necessary the severance into two or more parts of the land comprised in the

tenancy of a tenant having a right of occupancy may, unless the tenant assents to the severance, be a sufficient reason for the disallowance of the partition in so far as it would affect that tenancy; and

(*d*) the fact that the landlord objects to the partition of a tenancy may be sufficient reason for the absolute disallowance of the partition.

Notice of application for partition.

113. The Revenue-officer, on receiving the application under section 111, shall, if it is in order and not open to objection on the face of it, fix a day for the hearing thereof, and—

(*a*) cause notice of the application and of the day so fixed to be served on such of the recorded co-sharers as have not joined in the application, and, if the share of which partition is applied for is a share in a tenancy, on the landlord also; and

(*b*) if he thinks fit, cause the notice to be served on, or proclaimed for the information of, any other persons whom he may deem to be directly or indirectly interested in the application.

Addition of parties to application.

114. On the day fixed for the hearing, or on any day to which the hearing may be adjourned, the Revenue-officer shall ascertain whether any of the other co-sharers desire the partition of their shares also, and, if any of them so desire, he shall add them as applicants for partition.

Absolute disallowance of partition.

115. After examining such of the co-sharers and other persons as may be present on that day, the Revenue-officer may, if he is of opinion that there is good and sufficient cause why partition should be absolutely disallowed, refuse the application, recording the grounds of his refusal.

Procedure on admission of application.

116. (*1*) If the Revenue-officer does not refuse the application under the last foregoing section, he shall ascertain the questions, if any, in dispute between any of the persons interested, distinguishing between—

(*a*) questions as to title in the property of which partition is sought; and

(*b*) questions as to the property to be divided, or the mode of making the partition.

Disposal of questions as to title to property to be divided.

117. (*1*) When there is a question as to title in any of the property of which partition is sought, the Revenue-officer may decline to grant the application for partition until the question has been determined by a competent Court, or he may himself proceed to determine the question as though he were such a Court.

(*2*) In the latter case his procedure shall be that applicable to the trial of an original suit by a Civil Court, and he shall record a judgment and decree containing the particulars required by the Code of Civil Procedure to be specified therein.

XIV of 1882.

(*3*) An appeal shall lie from the decree of the Revenue-officer in such a case as though that decree were a decree of a District Judge in an original suit.

(*4*) Upon such an appeal being made, the Divisional Court or Chief Court, as the case may be, may issue an injunction to the Revenue-officer requiring him to stay proceedings pending the disposal of the appeal.

(*5*) From the appellate decree of a Divisional Court upon such an appeal a further appeal shall lie to the Chief Court if such a further appeal is allowed by the law for the time being in force.

Disposal of other questions.

118. (*1*) When there is a question as to the property to be divided, or the mode of making a partition, the Revenue-officer shall, after such inquiry as he deems necessary, record an order stating his decision on the question and his reasons for the decision.

(*2*) An appeal may be preferred to the Commissioner from an order under sub-section (*1*) within fifteen days from the date thereof, and, when such an appeal is preferred and the institution thereof has been certified to the Revenue-officer by the Commissioner, the Revenue-officer shall stay proceedings pending the disposal of the appeal.

(*3*) If an applicant for partition is dissatisfied with an original or appellate order under this section, and applies for permission to withdraw from the proceedings in so far as they relate to the partition of his share, he shall be permitted to withdraw therefrom on such terms as the Revenue-officer thinks fit.

(*4*) When an applicant withdraws under the last foregoing sub-section, the Revenue-officer may, where the other applicants, if any, desire the continuance of the proceedings, continue them in so far as they relate to the partition of the shares of those other applicants.

Administration of property excluded from partition.

119. When any such property as is referred to in section 112, clause (*2*), is excluded from partition, the Revenue-officer may determine the extent and manner to and in which the co-sharers and other persons interested therein may make use thereof, and the proportion in which expenditure incurred thereon and profits derived therefrom, respectively, are to be borne by and divided among those persons or any of them.

Distribution of revenue and rent after partition.

120. (*1*) The amount of revenue to be paid in respect of each of the holdings into which land has been divided on a partition, and the amount of rent to be paid in respect of each of the portions into which a tenancy has been so divided, shall be determined by the Revenue-officer making the partition.

(*2*) The determination of the Revenue-officer as to the revenue to be paid in respect of each holding shall, where the estate in which the holding is situate is subject to a fixed assessment, be deemed to be an order under section 56, sub-section (*1*).

(*3*) Where new estates have been created at a partition and the land-revenue has been fraudulently or erroneously distributed among them, the Local Government may, within twelve years from the time of discovery of the fraud or error, order a new distribution of the land-revenue among the several estates, on an estimate of the assets of

each estate at the time of the partition, to be made conformably to the best evidence and information procurable respecting the same.

Instrument of partition.

121. When a partition is completed, the Revenue-officer shall cause an instrument of partition to be prepared, and the date on which the partition is to take effect to be recorded therein.

Delivery of possession of property allotted on partition.

122. An owner or tenant to whom any land or portion of a tenancy, as the case may be, is allotted in proceedings for partition shall be entitled to possession thereof as against the other parties to the proceedings and their legal representatives, and a Revenue-officer shall, on application made to him for the purpose by any such owner or tenant at any time within three years from the date recorded in the instrument of partition under the last foregoing section, give effect to that instrument so far as it concerns the applicant as if it were a decree for immoveable property.

Affirmation of partitions privately effected.

123. (*1*) In any case in which a partition has been made without the intervention of a Revenue-officer, any party thereto may apply to a Revenue officer for an order affirming the partition.

(*2*) On receiving the application, the Revenue-officer shall inquire into the case, and, if he finds that the partition has in fact been made, he may affirm it and proceed under sections 119, 120 121 and 122, or any of those sections, as circumstances may require, in the same manner as if the partition had been made on an application to himself under this Chapter.

Power to make rules as to costs of partitions.

124. The Financial Commissioner may make rules for determining the costs of partitions under this Chapter and the mode in which such costs are to be apportioned.

Re-distribution of land according to custom.

125. When by established custom any land in an estate is subject to periodical re-distribution, a Revenue-officer may, on the application of any of the landowners, enforce the re-distribution according to the custom, and for this purpose may exercise all or any of the powers of a Revenue-officer in proceedings for partition.

Officers who may be empowered to act under this Chapter.

[Cf. Act XIX, 1873, s. 149, & Act XVIII, 1881, s. 92.]

(*3*) On receiving the certificate the Collector of the other district shall proceed to recover the amount stated therein as if it were an arrear of land-revenue which had accrued in his own district.

(*2*) A suit under sub-section (*1*) must be instituted in a Civil Court having jurisdiction

STATEMENT OF OBJECTS AND REASONS.

THE principal object of this Bill (sections 3 and 4) is to provide for the recovery of arrears of revenue in districts other than those in which the arrears have accrued. The necessity of making provision in this behalf arises from the fact that most of the enactments relating to the recovery of revenue are local in their operation. Thus, the North-Western Provinces Land-revenue Act, 1873, extends only to the territories for the time being under the government of the Lieutenant-Governor of those Provinces, and the Oudh Land-revenue Act, 1876, only to the territories under the administration of the Chief Commissioner of that Province. The consequence is that a process for the recovery of an arrear which has accrued in Oudh cannot be enforced in an adjoining district of the North-Western Provinces. Similarly, a process for the recovery of an arrear which has accrued in the North-Western Provinces cannot be enforced in Madras, Bombay, Bengal, the Punjab or the Central Provinces. It has even been doubted whether, in the absence of such a clause as is to be found in section 94 of the Central Provinces Land-revenue Act, 1881, a process issued for the recovery of an arrear which has accrued in one district of the North-Western Provinces can be enforced in another district of those Provinces. The very great inconvenience arising from such a state of the law has been represented to the Government of India by the Governments of the North-Western Provinces and Oudh and the Punjab, and legislation on the lines of this Bill has been urged by those Governments and approved by all other Local Governments.

2. The minor object of the Bill (section 5) is to provide, as in section 61, sub-section (3), of the Punjab Municipal Act, 1884, a machinery for the recovery of sums which are recoverable by officers other than Collectors and by public bodies as if the sums were arrears of land-revenue. Such sums are those mentioned in section 4, Act XII of 1850, section 9, Act XVII of 1878, and section 77, Act XV of 1879, which are recoverable as arrears of land-revenue by the head of the office, the District Magistrate and the Rangoon Port Commissioners, respectively.

3. Section 6, sub-section (4), of the Bill lays down a rule which has been law in the Bengal Presidency since the year 1822 and has since been enacted for most other parts of British India.

Bills introduced into the Council of the Governor General for making Laws and Regulations, or published under Rule 22.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced into the Council of the Governor-General of India for the purpose of making Laws and Regulations on the 6th October, 1887:

NO. II OF 1887.

A Bill to amend the Law relating to the Regulation of Police.

WHEREAS it is expedient to relax those provisions of Acts for the regulation of police which restrict the employment of Police-officers to the presidency, province or place of the police-establishment of which they are members; It is hereby enacted as follows:

Title, extent and commencement.

1. (1) This Act may be called the Police Act, 1887.

(2) It extends to the whole of British India; and

(3) It shall come into force at once.

Constitution of police-forces for special purposes.

2. (1) Notwithstanding anything in Act XXIV of 1859 (*an Act for the better regulation of the Police within the territories subject to the Presidency of Fort St. George*), Act V of 1861 (*an Act for the regulation of Police*) or the Bombay District Police Act, 1867, the Governor-General in Council may, by notification in the Gazette of India, create a general police district embracing parts of two or more presidencies, provinces or places, and direct the enrolment under Act V of 1861 for service therein of a police-force of which the members shall exercise such powers, perform such duties, enjoy such privileges and be subject to such liabilities of Police-officers appointed under that Act as the Governor-General in Council may direct.

(2) With respect to a police-force established under the last foregoing sub-section, the functions assigned by Act V of 1861 to the Local Government shall be discharged by the Governor-General in Council, or by such Local Government or other authority as the Governor-General in Council may appoint in this behalf, and the functions so assigned to the Inspector-General of Police, Deputy Inspectors-General, Assistant Inspectors-General, District Superintendents of Police and Assistant District Superintendents shall be discharged by such officer or officers as may be appointed in this behalf by the Governor-General in Council or, subject to his control, by the Local Government or other authority, if any, appointed by him under this sub-section to discharge the functions of the Local Government.

(3) Subject to any orders which the Governor-General in Council may make in this behalf, a part of a presidency, province or place included in a general police district under sub-section (1) shall not by reason of being included therein cease to be part of the presidency or general police district of which it forms part under any of the Acts mentioned in that sub-section.

(4) For the purposes of this section, and subject to the provisions thereof, Act V of 1861 shall be deemed to take effect throughout British India.

Employment of police-officers beyond the province to which they belong.

3. Notwithstanding anything in the Acts mentioned in sub-section (1) of the last foregoing section, but subject to the provisions of any other enactment for the time being in force and to any orders which the Governor-General in Council may make in this behalf, a member of the police-establishment of any presidency or general police district may be employed in any other presidency or general police district, and, while so employed, shall be deemed to be a member of the police-establishment of that other presidency or district.

STATEMENT OF OBJECTS AND REASONS.

UNDER the provisions of the various Police Acts in force in British India, namely, Acts XXIV of 1859 and V of 1861 and Bombay Act VII of 1867, the employment of police officers is restricted to the presidency, province or place of the police-establishment of which they are members. These provisions cause much inconvenience. In the case of a railway system passing through territories under the administration of different Local Governments, they necessitate the employment of a different police force under the control of a different authority for each portion of the line which is within the limits of the territories of a different Local Government. On the North-Western Railway, for example, there are at present no less than seven different forces of police under the control of various authorities. Again these provisions prevent even the temporary employment, on an emergency, of police officers of one province in any part of another province. With the object of removing these inconveniences this Bill has been prepared. In order to provide for the employment, under the control of one police authority, of one police force within limits which are not conterminous with the limits of a Local Administration, the Bill empowers the Governor-General in Council to create general police districts embracing parts of two or more provinces and to enrol for service therein a special police force under special police authorities, and it further authorizes the temporary employment of police officers in places beyond the presidency or general police district to which they belong.

GAME PROTECTION BILL.

The Hon'ble MR. PEILE moved that the Bill for the Protection of Game (of which he explained the objects and scope at the last meeting of the Council) be referred to a Select Committee consisting of the Hon'ble Lieutenant-General Chesney, the Hon'ble Messrs. Scoble and Quinton and the Mover.

The Motion was put and agreed to.

INDIAN MARINE BILL.

The Hon'ble LIEUTENANT-GENERAL CHESNEY moved that the Report of the Select Committee on the Bill for the better administration of Her Majesty's Indian Marine Service be taken into consideration.

The Motion was put and agreed to.

The Hon'ble LIEUTENANT-GENERAL CHESNEY also moved that the following be substituted for section 3 of the Bill:—

"3. (1) A person to be enrolled in the Indian Marine Service shall be brought on to the quarter-deck or other suitable place on boardship or on shore, and the commanding or other prescribed officer shall then—

"(a) cause to be read and explained to him the rules of the service;

"(b) administer to him an oath of allegiance; and

"(c) cause him to sign a roll.

"(2) The rules, oath and roll shall be in prescribed forms."

The Motion was put and agreed to.

The Hon'ble LIEUTENANT-GENERAL CHESNEY also moved that the following sub-section be added to section 67 of the Bill:—

"(4) Notwithstanding any error, omission or irregularity in any proceeding of an Indian Marine Court, the confirming authority may confirm the finding or sentence of the Court, or either of them, unless the error, omission or irregularity has, in the opinion of that authority, occasioned a failure of justice."

The Motion was put and agreed to.

The Hon'ble LIEUTENANT-GENERAL CHESNEY also moved that the Bill as amended, be passed. He said:—

"In doing so I do not think that it is necessary to trouble the Council with any lengthened remarks, because in asking permission last year, at a meeting of the Council in Calcutta, to introduce the Bill, I explained briefly that the reason for which such a measure was proposed was that in the present state of the case the Indian Marine Service was subject to no specific law, that it was not under the Indian Naval Act or the English Mercantile Marine Act, and therefore that it was in an unrecognised and unsanctioned state.

"The reason why so much delay has occurred in providing an Act of this description is that we required, in the first instance, an enabling Act of Parliament before the Bill could be introduced into this Council, and various circumstances occurred at home to retard the passing of this enabling Act. As soon as it was passed this Bill was prepared and introduced into this Council.

"The amendments that have been proposed by the various authorities who have been consulted regarding the measure are mainly of a simple and technical character. They have been carefully considered by the Committee, and have been, so far as has been thought desirable, incorporated in the text of the Bill. I will only add that the Military Department are under great obligations to my hon'ble friend the Legislative Member of Council, and also to the learned Secretary of the Legislative Department, upon whom the real labour of preparing this Bill has devolved."

The Motion was put and agreed to.

ALLAHABAD UNIVERSITY BILL.

The Hon'ble MR. QUINTON moved that the Bill to establish a University at Allahabad be referred to a Select Committee consisting of the Hon'ble Sir Auckland Colvin, the Hon'ble Messrs. Scoble and Peile, the Hon'ble Lieutenant-Colonel Wace and the Mover, with instructions to report within two months. He said:—

"When moving for leave to introduce this Bill at the last meeting of Council I explained the reasons which, in the opinion of the Local Government, the Government of India and the Secretary of State, proved the necessity for establishing a university at Allahabad, and I shall now briefly touch upon the provisions of the measure.

"As is well known to Council, the Acts for the establishment of universities at the Presidency-towns were passed just 30 years ago, and in 1882 an Act was passed by this Council for the establishment of the Punjab University. In preparing the Bill before Council those Acts have been carefully considered, and their form has for obvious reasons been closely adhered to. We have, however, done our best to remedy defects or supply omissions which experience has brought to light in the earlier enactments.

"The provisions respecting the appointment of Patron, Chancellor, Vice-Chancellor and Fellows are substantially those which have received the approbation of Council in case of the Punjab University, and need not be long dwelt upon. Your Excellency will be the first Patron and Sir Alfred Lyall the first Chancellor of the University; and I hope I may venture to say that the infant institution could not begin its life under the auspices of two sponsors better fitted by their refined scholarship and literary culture to inaugurate its career and add lustre to its reputation.

"The governing body of the University will be the Senate, which is made up of the Chancellor, Vice-Chancellor and Fellows. The Fellows will be the incumbents for the time being of certain high offices, who may be presumed from their official experience and training to take an interest in education generally, and to possess peculiar qualifications for sharing in the control and management of the university.

"The propriety of the entry in the list of the names of the Bishop of Calcutta and the Chief Justice of the North-Western Provinces is apparent. The Chief Secretary to Government will represent the views of the Local Government; the Secretary in the Public Works Department will support the claims of the proposed Engineering Faculty and the Thomason College; the Commissioner of Allahabad is the chief administrative officer of Government at the seat of the university; the Commissioner of Lucknow is *ex officio* President of the Canning College, and the Commissioner of Agra is an *ex officio* Member of the Board of Trustees and President of the Managing Committee of the Agra College; while the Director of Public Instruction, North-Western Provinces, and the Principals of the Muir and Queen's Colleges will represent the Government side of high education in the Provinces.

"Besides these *ex officio* Fellows the Chancellor may from time to time appoint others by name as being eminent benefactors of the University or persons distinguished for attainments in Literature, Science or Art, or for zeal in the cause of education. I have seen it urged that the bestowal of liberal endowments on a university does not qualify the donor to take part in its control. This seems to me to be not the whole truth. There is, I think, at least a presumption that persons who evince such a practical interest in the promotion of learning possess some qualifications for taking part in guiding the machinery which is working for that object; and in this country, where it is desirable to induce the wealthy to contribute liberally for this end, every proper encouragement should be held out to them to give of their abundance. In this view I hope the provision to which the objection I have stated has been urged will meet with the approval of Council. The list of persons named under this provision—clause (*b*) of sub-section (*1*) of section 5 of the Bill—will at a later stage be inserted in Part II of the schedule. It is clearly not desirable or convenient that the names of gentlemen selected for appointment on the grounds mentioned should be included in the Bill on its circulation for opinion. It would seem to be more in accordance with usage, and would possibly be preferred by the persons selected, that their names should be finally decided upon and entered at the time of the passing of the Act. I would however say that I have good reason to believe that the aided colleges will be adequately represented in the list, and that there is every desire that teaching bodies should have an influential voice in the management of the affairs of the university. I would here beg leave to correct an omission due to inadvertence in my speech when introducing the Bill. In enumerating the colleges by which high English education is imparted in the United Provinces, I did not name the London Mission College, Benares, which, by the success of its pupils at the university examinations, has fully merited honourable mention.

"The persons whose names are included in the two lists I have referred to will constitute the body of Fellows at the first starting of the University; but we have adopted a provision from the Punjab University Act by which a proportion of future vacancies will be filled up from elections by the Senate. This may be expected to introduce into the Senate a more popular and varied element than could be secured by mere nomination.

"In section 11 of the Bill, which provides for the appointment of a Syndicate, Faculties, examiners and officers, it will be seen that power is given to the Senate to constitute Faculties not merely of Arts, Law and Science, but also of Engineering. We have already in the North-Western Provinces an Engineering College long established, which sends out its pupils all over India, and is celebrated alike for the success of its alumni, and for the attainments and reputation of the distingushed officers of the Bengal and Royal Engineers who have held, and hold, the office of Principal. It requires few words to show that the pupils of such a college should not be compelled to undergo examination at the hands of a body, however learned, one thousand miles off, and may fairly claim to have their knowledge tested by a competent body less alien in habits, language and character.

"We have also in the Provinces at Agra a Medical School which, though at present far behind the colleges at the Presidency, may, we hope, in time develop into an institution capable of imparting a high medical education; and with this expectation power has been given to the Senate to constitute a Faculty of Medicine with the previous approval of the Governor-General in Council. Such approval will, of course, be withheld until the Government of India is fully satisfied of the adequacy of the medical education given by the Provincial institution.

"In clause (5), by empowering the Senate to appoint or provide for the appointment of professors and lecturers, we take a step in advance of the law for the Presidency universities in the direction of facilitating the future expansion of the institution established by the Bill into a teaching university. The three older universities are examining bodies and nothing more, and the Punjab University is a teaching as well as an examining body. As in all educational questions, much is to be said, and has been said, for each of those systems. The advocates of one side point to the older universities in the British Isles and continental Europe: those of the other to that vigorous and flourishing institution, the London University, over which the controversy is now being hotly waged. I need not enumerate the arguments *pro* and *con*, with which hon'ble members are doubtless familiar. An infant institution like ours may be well content to await the issue of the dispute and to profit by the experience of its elders. The power taken is only permissive; and in the present condition of the Provinces it cannot be brought into operation for some time to come. The Muir College at Allahabad, flourishing as it is, cannot yet pretend to have reached the educational status of the Presidency College; and it is in the Muir College that, from the circumstances of the case, the germs of a teaching university for the Upper Provinces must be looked for.

"We have incorporated in the Bill provisions enabling the Senate to confer the honorary degree of Doctor of Laws in accordance with Act I of 1884, which gives that power to the older universities; and in section 16 we have given power to the Senate to make rules for the transaction of business and the management of the university with the sanction of the Local Government. To rules respecting the previous course of instruction to be followed by candidates for the university examinations, and respecting the examinations to be passed, and the other conditions to be fulfilled by candidates for degrees, the further sanction of the Governor-General is necessary.

"The provisions of the Bill, and the criticisms on them evoked by its publication, will be fully discussed by the Select Committee, in which it will be observed we shall have the advantage of the advice of a future Chancellor of the university, and of Fellows of the universities of Bombay and the Punjab."

The Motion was put and agreed to.

BURMA MILITARY POLICE BILL.

The Hon'ble MR. PEILE moved for leave to introduce a Bill for the Regulation of Military Police in Burma. He said:—

"With Your Lordship's permission I will briefly explain to the Council the reasons for this motion.

"Soon after we assumed the government of Upper Burma, the necessity became apparent for enrolling a well-disciplined and armed force of military police, to be recruited in Northern India, for the repression of disturbance and dacoity. From time to time, during 1886, the dimensions of this Indian force were enlarged; and in the autumn the Chief Commissioner proposed a Regulation under the Statute 33 Vic., chapter 3, section 1, for the better discipline of the military police of Upper Burma. His draft followed closely the Assam Frontier Police Regulation of 1882. It was approved by the Governor-General in Council, received Your Excellency's assent in January, 1887, and came into force in the same month. It applies to all persons appointed to the Burma police under the general Police Act, V of 1861, section 7, who may have signed a statement as to conditions of service, which forms a schedule to the Regulation. Its effect is to enforce discipline by imposing severe punishments for mutiny, cowardice, desertion and various breaches of duty on active service; to make obligatory a minimum term of service of three years; and to bar all right to be discharged when on active service or when the force is more than one-tenth below its sanctioned strength.

"In May last the Chief Commissioner requested that a Police Act similar to this Regulation should be passed for Lower Burma. He said that Act V of 1861 was inadequate to maintain the discipline of a semi-military force such as the Lower Burma Indian police was tending to become; that the Indian police who had been enlisted before 1886 were not, as a rule, of the martial races of India; that he proposed to eliminate the unfit and to bring the rest under the discipline of a Military Police Act. He added that a similar law was required for the force of Indian police which the Government of India had raised for Lower Burma in 1886, which consisted of the same stamp of men who had been enlisted for the military police of Upper Burma, and which was armed with the same weapons.

"In the necessity for such a measure we entirely concurred. For three years previous the Government of India had been constrained to record unfavourable opinions on the efficiency of the Lower Burma police in coping with the outburst of violent crime which then prevailed.

"There was, however, an obvious inconvenience in having separate and distinct enactments for the Upper and the Lower Provinces; inasmuch as men enrolled under the Regulation for service in Upper Burma could not be employed in Lower Burma; nor could men enrolled under an Act in force in Lower Burma be employed in the new territory. Upper and Lower Burma now form one Province; the crime with which the military police have to deal is of the same type in both; and it was clear to us that the preferable course was to have one Military Police Act for the whole Province of Burma.

"It was decided, therefore, that the requirement of the Chief Commissioner should be met by bringing before the Council, with as little delay as possible, a Bill for regulating the military police of Burma as a whole. That is the measure which I now ask leave to introduce. It purports to repeal the Military Police Regulation, which has been law in Upper Burma since January; and it is substantially identical with that Regulation, extending the same provisions to the same class of military police-officers in the Lower as in the Upper Province."

The Motion was put and agreed to.

The Hon'ble MR. PEILE also introduced the Bill.

The Hon'ble MR. PEILE also moved that the Bill be taken into consideration by the Council on the 13th July, 1887.

BURMA MILITARY POLICE BILL.

The Hon'ble MR. PEILE moved that the Bill for the Regulation of Military Police in Burma be taken into consideration. He said:

"I explained to the Council when introducing the Burma Military Police Bill that it will simply replace in Upper Burma the Regulation for the better

discipline of the military police which was passed in January. The real object of this Bill is to extend the provisions of that Regulation to the military police in Lower Burma, and the most convenient way to do that is to pass an Act which repeals the Regulation and puts the military police under the same law in both divisions of Burma. In short, the Bill applies the same remedy to the same disease in the Lower and in the Upper Province. By the disease in Lower Burma I mean that outbreak of violent crime which, commencing in December, 1885, with the Shan rebellion in Shwegyin, spread along the frontier of Upper Burma and over the delta of the Irrawaddy, and in 1886 increased the record of dacoities in Lower Burma from 105 to over 2,000. The more serious risings were suppressed by the aid of troops before the rains of 1886, but there then ensued in the districts of the Irrawaddy and Pegu numerous outrages by scattered bands of dacoits. People's minds were excited by the conquest of Upper Burma and by rumours of successful resistance. The disaffected made patriotism a cloak for outrage and plunder, and the well-disposed were apathetic and indifferent. Early in the year it was apparent that the police of Lower Burma was incompetent to cope with the crime of a country thus disordered, and, simultaneously with the creation of a powerful force of Indian police for Upper Burma, men of the same class, that is to say, the fighting races of Northern India, were recruited for Lower Burma also. By the aid of this reinforcement posts were strengthened and reserves established. The Indian police in Lower Burma number according to the latest returns 5,274 men, and with the Burma police make up a total strength of over 10,000.

"The conduct of the new Indian police is reported by the Chief Commissioner to have been creditable, but it is clear that in dealing with so large and powerful a body of men a strict military discipline is imperative on the one hand to control them in their intercourse with the people of Burma, and on the other to fit them to take over from our troops of the line the duty of suppressing with a strong hand dacoity and other violent crime. We believe that whatever may be the peculiar views of the Burman as to the moral qualities of dacoity, disorder may be quelled in Burma, as it was in the Punjab, by an efficient police.

"In the first sections of the Bill the classes and grades of military police-officers are defined, together with the conditions of the service and of discharge from it. Then follows the enumeration of the offences against the discipline of the corps and against the public with which we propose to deal specially, and of their appropriate punishment.

"Since I introduced this Bill some amendments have been suggested which are, in fact, additions or alterations to make the meaning clearer and do not affect the principles of the Bill, which have been accepted in the Assam Frontier Police Regulation of 1882 and in the Upper Burma Regulation passed this year."

The Motion was put and agreed to.

The Hon'ble MR. PEILE also moved the following amendments:

(1) That in section 3, sub-section (*1*), for the words and figures "Act V of 1861, section 7," the words and figures "section 7 of Act V of 1861" be substituted.

Mr. PEILE explained that this amendment was merely verbal.

(2) That section 11 be made section 4 and the numbering of the former section 4 and the following sections be altered accordingly.

This amendment, MR. PEILE said, was simply a matter of arrangement.

(3) That the words "appointed to" be substituted for the word "of" in the first line of section 4 (formerly section 11), sub-section (*1*), and the words and figures "under section 7 of Act V of 1861" be inserted in that sub-section after the word "police-force"; and that, in sub-section (*2*) of the same section, for the words and figures "Act V of 1861, section 9," the words and figures "section 9 of Act V of 1861" be substituted.

This amendment, MR. PEILE explained, was also a verbal amendment.

(4) That the word "and" be transposed from clause (*e*) of sub-section (*2*) of section 5 (formerly section 4) to clause (*f*) of that sub-section after the word "grade", and the following clause be added after clause (*f*) of that sub-section, namely:

"(*g*) in relation to any military police-officer, any Second-in-command, Commandant or Deputy Commissioner".

That is to say, those officers were to come within the definition of superior officers. This amendment was added with reference to sections 6 (*b*) and 7 (*e*).

(5) That the words "in any circumstances in which the superior officer is distinguishable as such in any manner" in clause (*b*) of section 6 (formerly section 5) be omitted.

MR. PEILE explained that it was proposed that the words referred to should be omitted as likely to raise difficult questions.

(6) That the words "field, garden or other" in clause (*j*) of section 6 (formerly section 5) be omitted.

It was proposed to omit these words as unnecessary.

(7) That the words "on proof of the truth of the complaint" be inserted in the sixth line of clause (*h*) of section 7 (formerly section 6) after the word "fails", and that the word "and" be substituted for the word "or" in the seventh line of that clause.

The first of these amendments was made to complete the sense, and the second to require a report in every case.

(8) That the words "field, garden or other" in clause (*m*) of section 7 (formerly section 6) be omitted.

These words were also omitted as unnecessary.

(9) That the words "in or near the lines" in clause (*a*) of sub-section (*1*) of section 9 (formerly section 8) be omitted, and that the word "quarters" be substituted for the word "lines" in clause (*b*) of the same sub-section.

This, MR. PEILE explained, was far more convenient wording.

(10) That the following new sections be inserted after section 11 of the Bill, namely:

"12. (*1*) Subject to such rules as the Local Government may make in this behalf, a Commandant or Second-in-command of Military Police shall have, with respect to police-officers appointed to the Burma police-force under section 7 of Act V of 1861 who are not military police-officers, the same disciplinary powers as a District Superintendent of Police has with respect to them under that section.

Disciplinary and other powers of Commandants and Seconds-in-command of Military Police otherwise than in respect of military police.

"(*2*) The Local Government may confer on a Commandant or Second-in-command of Military Police, by name or by virtue of his office, any other power of a District Superintendent of Police under Act V of 1861 or any other enactment for the time being in force, or under any rule under any such enactment, and may define the circumstances in which any power so conferred may be exercised by such Commandant or Second-in-command.

"13. A Commandant or Second-in-command of Military Police shall be entitled to all the privileges which a police-officer has under sections 42 and 43 of Act V of 1861, section 125 of the Indian Evidence Act, 1872, and any other enactment for the time being in force.

Privileges of Commandants and Seconds-in-command of Military Police as police-officers.

"14. The Local Government may, as regards the Military Police, make such orders and rules consistent with this Act as it thinks expedient relative to the several matters respecting which the Inspector General of Police, with the approval of the Local Government, may, as regards the rest of the Burma police-force, frame orders and rules under section 12 of Act V of 1861."

Power to make rules.

Mr. PEILE explained that sections 12 and 13 of the above amendments were suggested by the Chief Commissioner. The object of section 12 was to give to the officers named powers over the civil police similar to those of a District Superintendent under Act V of 1861 as far as might be necessary. Section 13 extended to those officers the privileges of police-officers as to actions and prosecutions, and protection as to giving evidence whence information was obtained. Section 14 was to enable the Local Government to make rules and orders regarding the organization, classification, residence, inspection, arms, &c., of the force.

His Excellency THE PRESIDENT said:

"Before putting these amendments I should be glad to take the opportunity, which as yet I have not had, of expressing on behalf of my colleagues in the Government of India the great satisfaction with which we have observed the manner in which the Indian military police of Burma have discharged their difficult and arduous duties from the date they were despatched to that country. Although from time to time the Government of India, through the Home Department, has conveyed to the officers, European and Native, of that corps various indications of their approval, I do not think that any very formal recognition of their services has as yet been made. There is no doubt that the duties which have fallen to their share have been as arduous, as dangerous, and as trying to their health as those to which the military forces of Her Majesty in Burma have been exposed, and both in regard to the physical courage and patience which they have displayed, and to their discipline and obedience to command, they have in no degree fallen behind the other police-forces of India. Indeed, on several occasions, the military police of Burma have distinguished themselves in a very remarkable manner, and, on more than one occasion, individual Native officers have shown extraordinary bravery and enterprise.

"I entirely agree with the observations which have fallen from my hon'ble colleague Mr. Peile that it is of the most essential importance that this force should be worked up to a very high level of military discipline. We must remember that it discharges its duties under very peculiar conditions. It is a force sent to Burma for the purpose of maintaining the domestic peace of the country, but at the same time it is composed of men who are alien in race, in religion, and in language to the population amongst whom they exercise their duties. Consequently, unless there is introduced into the force the bonds of a very strict military discipline, there might be a danger lest it should transgress the proper limits of police action. Thanks to the judicious and practical recommendations of the Commander-in-Chief when he was in Burma and had an opportunity of observing both the defects as well as the good qualities of the force as it was then constituted, the Government of India, acting by his advice, was able to introduce into Upper Burma those improvements and those special arrangements which, in consequence of their successful operation, my hon'ble colleague is now anxious to extend to the force in Lower Burma. It is satisfactory to think that the alterations about to be applied to the organization and composition of the force in Lower Burma have successfully operated in the Upper Burma police-force.

"I do not think it will be necessary for me to re-read the various amendments proposed by my hon'ble colleague, and therefore I shall proceed to put them *en bloc*."

The Motion was put and agreed to.

The Hon'ble MR. PEILE moved that the Bill, as amended, be passed.

INLAND BONDED WAREHOUSES BILL.

The Hon'ble SIR AUCKLAND COLVIN moved that the Bill to provide for the establishment of bonded warehouses at places other than customs-ports be referred to a Select Committee consisting of the Hon'ble Mr. Scoble, the Hon'ble Mr. Peile and the Mover, with instructions to report within two months.

The Motion was put and agreed to.

PUNJAB TENANCY BILL.

The Hon'ble COLONEL WACE presented the Report of the Select Committee on the Bill to amend the Law relating to the Tenancy of Land in the Punjab. He said:

"An interval of more than a year has elapsed since the Select Committee whose report I now present was appointed to consider this Bill. The opinions received by them, and the discussions which have followed on the receipt of those opinions, have resulted in numerous alterations of the Bill as introduced—alterations which are summarised in the report now presented by them. But it will be convenient if I take the present opportunity to furnish a more detailed explanation of our recommendations.

"Passing over for the moment section 3 of the Bill, I first invite attention to the alteration which we have made in clause (*a*) of sub-section (*t*) of section 5. This clause defines the conditions necessary to support the claim of a tenant to the most privileged right of occupancy. Under the corresponding clause in the Act of 1868, according to the interpretation of that clause finally established by a judgment of the Chief Court, the conditions on which the claim is based must have matured before the passing of the Act of 1868. The intention of the Bill as introduced was to remove this limitation, and to allow a tenant to show at any time that he had fulfilled these conditions. Opinions have been a good deal divided on the merits of this proposed change. On an examination of the best of those opinions we found that the supporters of the change urged that it was necessary in order to bring the clause into harmony with the intention of the Act as at first generally understood; and that in particular in the districts generally known as the old Delhi territory, where at the date of the passing of the Act of 1868 the settlement-records were less complete than in the central districts of the Punjab, there are a number of old tenants who undoubtedly belong to the class that the legislature intended in the year 1868 to protect by this clause, but who under the interpretation of the clause now established were likely to fail in establishing their claim owing to the difficulty of producing adequate evidence. A tenant advancing a claim of this nature would under that interpretation have to prove occupancy extending over three generations prior to the year 1868, and running back into times when there were no settlement-records and no custom of written leases. In fact, the whole burden of proof was thrown on the tenant under circumstances which made it almost impossible for him to prove his case.

"On the other hand, against the proposed change the chief arguments appeared to us to be these; that the alteration would have a continuing and unrestricted operation in the future, tending by so much to injure the confidence which we desire to promote between landlords and tenants in their relations with each other; and that, though justified by the circumstances of the old Delhi territory, it is not required by those of the rest of the province, where tenants of this class are now few in number. On the facts as thus placed before us we have concluded that we shall sufficiently provide for all old claims, if the period within which this privileged tenure must mature is extended to the date of the passing of this Act; and we have therefore added to the clause words intended to have this effect.

"I pass on to the chapter which deals with rent. The opening sections of the chapter secure to the landlord a first charge on the produce to the extent of his rent, and to the tenant the exclusive possession of the produce on the condition that this charge is satisfied. We have then brought together all the sections relating to produce-rents, and in respect of these we have made no material change in the provisions of the Bill as introduced. The next portion of the chapter relates to cash-rents, and involved greater difficulties. The two provisions relating to this subject in the Bill as introduced which evoked most criticism were the scale of enchancement provided for the rent of tenants with rights of occupancy, and the proposal to give power to a Revenue-officer to revise rents of his own motion whenever the land-revenue might be re-assessed. On both points it has been our desire to proceed with caution in introducing changes in the law which, though reversions to the procedure followed in the early years of Punjab administration, will affect materially the interests of a large number of landlords and tenants.

"As regards the scale of enhancement, we think that the opinions submitted to us establish the necessity for modifying the scale of enhancement prescribed by the existing Act. We have no doubt that in the circumstances of those occupancy-tenants in the Punjab who pay cash-rents the attempt to adjudicate on those rents by reference to competition-rents, especially when controlled by the obscure limitations stated in section 11 of that Act, must be an unsatisfactory task and must involve protracted litigation of a costly, uncertain and injurious character. The method by which the Local Government has proposed to meet this difficulty is probably the only one by which litigation of this nature can be avoided, and it has also these merits, that it was the method successfully resorted to at the first settlement, and is therefore familiar to the agriculturists who are concerned. But, with the concurrence of the Local Government and principal Revenue-officers, the Bill as now amended secures to the landlord a higher rate of profit than was provided in the Bill as introduced. It has been urged that the merits of this scale depend on the real relation of the Government's demand to the fair rent of the land. To enter into this argument would raise a much vexed question, on which very opposite opinions have been held and will perhaps continue to be held. But I believe I shall correctly express the conclusions of all officers who have been actually engaged in the re-settlement of the land-revenue if I say that it is very difficult, consistently with fair dealing and with the prosperity of the tenant concerned, to impose on a tenant a rent which exceeds by a large proportion that which he has previously paid. It is on this ground, and on the necessity of preventing injurious litigation, rather than on the abstract merits of any formula or scale, that the provisions of the Bill are to be defended. We believe that these provisions will be of easy application, that they will give to the landlord on due cause shown a substantially increased rent, and that at the same time they will protect the tenant from so severe a measure of enhancement as would be likely to injure him.

"On the other question, namely, the extent to which a Revenue-officer should be allowed to revise rents on his own motion, our proposals go as far as, but no further than, is warranted by previous practice in the Punjab. If a tenant is by the conditions of his tenancy liable to pay the land-revenue due on his land, or any other charges such as rates, cesses or malikana which vary with the land-revenue and bear a distinct proportion to that revenue, then the officer who has authority to alter the land-revenue payable by the landlord will also alter the amount contributed by the tenant, and the amount, but not the rate, of any surcharges that are directly connected with the land-revenue. This operation may increase the payment for which the tenant is liable; but the increase will be made pursuant to the existing conditions of the tenancy. Interference to this extent without any formal application by the landlord is in accordance with past practice, and a tenant who holds his land under the express condition that his rent shall vary with the land-revenue cannot justly complain of a rule of law which gives effect to that condition. But proceedings which have for their object the substantial alteration of the rent of a tenant, as for instance the reduction of a tenant's rent or the increase of that rent in a manner not expressly contemplated by the conditions on which he holds, should not, we think, be originated otherwise on the suit of the party interested; and in modifying the provisions of the Bill on this subject we have given expression to these conclusions.

"The next subject is relinquishment and ejectment. If I were to describe the points in respect of which this chapter differs from the Bill as introduced, I should be led into details with which it is scarcely necessary to take up the time of the Council in the present stage of the Bill. Briefly, we have stated distinctly the circumstances under which a tenant is liable to ejectment; and we have defined those special circumstances in which a landlord may proceed by notice instead of by suit. The rest of the provisions of this chapter are much the same as are now to be found in the other Rent Acts enacted by this Council.

"As regards alienation and succession, the provisions of the Bill as now amended adhere more closely to those of the existing Act than did those of the Bill as introduced. In reverting to the provisions of the existing Act the

Select Committee has followed the course advocated in the majority of the opinions received and finally approved by the Local Government in February last. The Bill in its present form does not give the power of alienation to any other tenants than those who already possess this power. The recognition of the widow's life-interest is the only substantial addition to the previous law; and the propriety of this addition is not questioned by any one. And, in so far as we have defined more clearly the manner in which a tenant who desires to alienate his tenancy should give notice to his landlord, and the manner in which on receipt of notice the landlord's right of pre-emption will be enforced, the provisions of the Bill will, I hope, secure both parties against the uncertainties which in the past have commonly attended litigation relating to this subject.

"In the chapter on improvements and compensation two important changes have been introduced. The right of a landlord to make an improvement on the land held by a tenant with right of occupancy has been distinctly provided for, and also the landlord's right to an increased rent in return for such an improvement. In connection with this provision I desire to point out that, if such improvements are classed from the point of view of the tenant, they may be divided into works which will increase the produce of his land without imposing on him the necessity of altering in any material degree his previous standard of husbandry and expenditure, and works which will not yield any favourable result unless they are supplemented by a very considerable increased expenditure on the part of the tenant. Of the first of these two classes a canal distributary which supplies flow irrigation is the most obvious example; and though by existing usage a landlord may not be entitled to make an improvement of this kind on the holding of a tenant with a right of occupancy, it is not likely that such a tenant, if he himself lacked the means or opportunity to make the improvement, would except for some plain and special reason object to its execution by the landlord. Of the second class a well may be taken as an instance. Personally I have felt great hesitation as to the introduction into this Bill of words which will enable a landlord to impose on a tenant the very heavy expenditure necessary to successful well-irrigation in the Punjab. And I have reason for saying that this hesitation will be shared by those of our Revenue-officers who have given much attention to the conditions of this form of irrigation. My objections have been met by the clause which provides for the control of this power by rules adapted to local requirements and to the merits of each class of improvements. And I trust that, by the aid of these rules and by the exercise of due discretion on the part of our Revenue-officers in dealing with such applications as landlords may make to them, we may avoid imposing on a tenant in any case an improvement which, though it may fall technically within the definition laid down in the Bill, would require of him a husbandry and expenditure beyond a fair estimate of his capacity to undertake.

"The other important change in this chapter relates to compensation on disturbance. The provisions of the Bill on this point have been so altered as not to apply in any case to a tenant with a right of occupancy, and further so as to require a Revenue-officer or Court estimating the compensation to take into account the special consideration already received by a tenant at the hands of his landlord in return for his labour in reclaiming land, as well as all other matters which are weighed when adjudging compensation for improvements.

"It remains only to explain the effect of section 3 of the Bill on the ordinary operation of its provisions; that is to say, the extent to which under the Bill as now framed those provisions may be set aside by contract. In the Bill as introduced this difficult subject was left in some ambiguity. But the general intention of the framers of the Bill was that contracts and usages, except on the subject of sub-leases rights of alienation and rights of succession, should not prevail against the provisions of the law. This course was in opposition to the provisions of section 2 of the existing Act. That section saves all written agreements between landlords and tenants, and further gives the force of agreements to all entries in settlement-records made and sanctioned prior to the year 1871 other than entries relating to rights of occupancy. The opinions received by the Select Committee on this subject were of a conflicting character, and in

drafting section 3 of the Bill in the form in which it now stands we have not thought it expedient to accept the entire change at first proposed.

"We have provided that if a tenant is entitled under the Bill to make an improvement, or if he has made an improvement with the permission of his landlord, any contract or entry in a record-of-rights which would operate to subject him to a penalty or to ejectment in consequence thereof, or deprive him of his claim to compensation in the event of ejectment or enhancement of rent, shall be void to that extent. We have also provided that in respect of the ejectment of a tenant, and of his claim to reduction, remission or suspension of rent, the provisions of the Act shall override any contract made after the date of its passing. We have further extended a similar protection to rights of occupancy arising under the express provisions of the Bill and to the favourable rate of rent provided for such tenancies by the Bill, though probably this particular provision will only actually operate in a very few cases. To the above extent we have accepted the proposals embodied in the Bill as first referred to us, as they appeared to us to be in accordance with the policy approved by the Government of India and necessary to the due protection of tenants. But in respect of other matters we do not think it necessary to provide that the provisions of the law shall override contracts; and we have also continued the validity given by the existing law to agreements entered in settlement-records of older date than 1871. We have been assured that these agreements have now in all but a few cases ceased to operate. This may be the case; and it may also be the case that by omitting any reference to them in the new law we should cut off some litigation of a difficult and uncertain character. But, having regard to the express recognition that these entries received in the law of 1868 and 1871, it appears to be the safer course to leave it to the Courts to decide in any case which may come before them, whether the operation of any particular entry has or has not expired.

"Lastly, a very complete chapter on jurisdiction and procedure has been added to the Bill. In adding this chapter it has been in no way our intention to establish unnecessary distinctions between the procedure followed by a Revenue-officer in dealing with business arising under the Land-revenue Act and that which he will follow in dealing with applications under the Tenancy Act which are not of the nature of suits. On the contrary, we have been careful to maintain identical provisions in the two Bills in respect of administration, appeal, review and revision, appearances, summonses and procedure generally. But it appeared to us to be most convenient, equally in the interests of Revenue-officers and in those of the applicants and litigants who will appear before them, that the Act should be complete in itself.

"In dealing with suits under the Tenancy Act a Revenue-officer will, as hitherto, follow for the most part the procedure laid down in the Civil Procedure Code.

"As regards the jurisdiction of Revenue-officers and Revenue Courts, that is to say, the matters with which they are respectively empowered to deal, though the Bill makes no substantial change in the existing state of the law on these points, the clauses defining those matters have been re-drafted, so as to avoid the ambiguities which at present surround the subject; and, with the concurrence of the Chief Court, adequate provisions have been introduced for dealing with cases where the jurisdiction is doubtful or is challenged.

"I trust, my Lord, that the Bill in the form in which it now stands will have a beneficial effect on the relations of landlords and tenants in this important province, and that it will confirm to both of these classes the expectations which have arisen out of the Act of 1868."

PUNJAB LAND-REVENUE BILL.

The Hon'ble COLONEL WACE also presented the Report of the Select Committee on the Bill to amend and declare the Land-revenue Law of the Punjab. He said:

"This Bill, like the Punjab Tenancy Bill, was referred to the Select Committee for report more than a year ago. It has, like that Bill, been

subjected to the most careful examination, equally by the Chief Court and the Revenue-officers of the Province and by the members of this Council who were appointed to the Select Committee. The result has been to introduce a great many alterations of construction and detail; and though I might justly describe some of these alterations as important, they are so much confined to formal procedure that I hesitate to enter into the same full explanation of them as was required of me in respect of the changes introduced into the Tenancy Bill.

"I need not say that we have been greatly assisted in our labours by the very complete Land-revenue Acts enacted by this Council for the North-Western Provinces, for Oudh and for the Central Provinces in the years 1873, 1876 and 1881. But while we have been careful to avail ourselves of all appropriate aids of this nature, we have been equally anxious to express correctly in this Bill the land-revenue procedure actually now current in the Punjab, and to avoid introducing changes which are not justified by experience or are not appropriate to the tenures and circumstances of the Province. In so far as the Bill as now reported exceeds in bulk the existing Land-revenue Act, it does so partly in consequence of the incorporation into it of the rules issued under the existing Act on the subject of partition and arbitration. The Bill also contains much more precise and detailed provisions in respect of the powers and procedure of Revenue-officers, than it was practicable to formulate when the existing Act was enacted in 1871.

"The only really important departure from past practice and the most material modification of the Bill as introduced will be found in Chapter IV of the Bill as now amended. That chapter deals with records-of-rights in the land. Under the system provided in the existing Act a complete record-of-rights in each estate is prepared at intervals of 20 or 30 years. In the intervening years the Collector makes a record of all facts which occur subsequently to the preparation of that record, in order to supply materials with the aid of which after the expiry of the usual interval of 20 or 30 years a revised record-of-rights may be prepared. The system contemplated in the Bill as now amended is essentially different. We do not contemplate in it any re-writing of the record-of-rights after long intervals of comparative neglect. We assume that the Collector of each district has at his command an agency adequate for the correct preparation of annual records, and that this agency will under the Collector's supervision discharge this duty efficiently. This is a system which the Government of India has had in view for some years past; and, having regard to the increasing efficiency of the village-officers and of the Government's revenue-establishments, and to the very considerable expenditure annually incurred in their support, there would appear to be no sufficient reason for refraining any longer from insisting on a higher standard of accuracy in the annual records than has hitherto been expected.

"We have omitted from the Bill any provision for the recovery in a given district of arrears of revenue which have accrued in other districts or in another Province. The law does not at present provide any satisfactory procedure on this subject. But I wish to explain that its omission from this Bill is due not to oversight, but to the circumstance that a draft enactment on the subject which will apply to the whole of India is now under the consideration of the Government.

"Similarly, the omission from the Bill as now amended of the chapter which aimed at providing for the conservancy of village-wastes and forests is not due to any intention to overlook this important subject, but to the circumstance that the questions involved are of such importance as to necessitate their separate consideration.

"I am confident, my Lord, that this Bill as now submitted to this Council for final consideration will, when passed into law, promote in an equal degree the better administration of the land-revenue and the interests of the agriculturists by whom that land-revenue is paid; and I only wish to add further on behalf of the Hon'ble the Lieutenant-Governor and also on my own behalf that we feel

personally very greatly indebted to the assistance given to us in dealing both with the Tenancy Bill and the Land-revenue Bill by the hon'ble members of this Council who have been associated for many years with the Administration of the North-Western Provinces and by its Secretary, Mr. Harvey James."

His Excellency THE PRESIDENT said:—" I am quite certain that the other members of the Council who have not served on the Select Committees will be quite willing to endorse the concluding observations of Colonel Wace, and to express their very great sense of obligation for the industry and energy with which he and his colleagues, assisted by His Honour the Lieutenant-Governor and Mr. Harvey James, have elaborated these most important and complicated Bills."

The Hon'ble MR. SCOBLE moved that the Hon'ble Mr. Westland be substituted for the Hon'ble Sir Auckland Colvin as a member of the Select Committee on the Bill to provide for the establishment of bonded warehouses at places other than customs-ports.

The Motion was put and agreed to.

REVENUE RECOVERY BILL.

The Hon'ble MR. QUINTON moved for leave to introduce a Bill to make better provision for recovering certain public demands. He said:—

"The object of this Bill is to enable the Collector of any district in British India to recover from a person who at the time is or has property in that district arrears of revenue for which that person has become liable as principal or surety in another district, on being duly certified that the arrear has accrued there.

"Hon'ble members are aware that the powers of Collectors for realizing land-revenue are strictly defined by law, and that arrears of numerous other sources of revenue are made by law recoverable as arrears of land-revenue. The law for the realization of land-revenue in British India is embodied for the larger provinces in Acts passed by the local legislatures, and for the smaller in local Acts passed by this Council or Regulations made by the Executive Council.

"The operation of these Acts and Regulations is limited to the provinces to which they extend, and there is at present no legal authority enabling a Collector of one province to recover arrears of revenue which have accrued in another. In some cases it is even open to doubt whether the same disability does not apply to Collectors of districts in the same province.

"The difficulties arising from this state of the law have been more or less felt for many years. For obvious reasons they are experienced in a less degree in the maritime presidencies than in inland provinces surrounded by British territory. It would rarely pay a defaulter anxious to avoid his liabilities to incur the trouble and expense of a sea voyage from Ratnagari to Aden or from Masulipatam to Rangoon, but it is an easy matter for him to cross over from the North-Western Provinces into Oudh or from Orissa into Ganjam.

"Collectors of border districts have hitherto by a sort of inter-provincial comity rendered mutual assistance to each other in dealings with such defaulters, but in an affair of such importance as the realization of the public revenue a more certain and more legal basis for the action of our executive officers is called for, especially as, in consequence of the improvement of communications and the rapid extension of railways, facilities for the evasion of the Collector's powers are daily increasing.

"This Bill has therefore been drawn so as to regulate and legalize that action, and, should the Council sanction its introduction, I shall explain its provisions at a later stage.

"A minor object aimed at by the Bill is to enable certain public officers and local authorities, who have been vested by law with the power of recovering arrears of rates and taxes or other public moneys as if they were arrears of land-revenue, to call on the Collector of the district to perform this duty. It is a duty which in many cases such officers or bodies are not well fitted to discharge; for instance, the head of any office in which a public accountant has shown loss or defalcation in his accounts, or the Port Commissioners of Rangoon, are not necessarily acquainted with the law for the recovery of arrears of land-revenue or the circumstances and qualifications under which it should be applied, and yet Acts passed by the legislature require them to enforce it. The principle of calling in the aid of the Collector in such cases has been already adopted by this Council in the Punjab Municipalities Act passed three years ago."

The Motion was put and agreed to.

The Hon'ble MR. QUINTON also introduced the Bill.

The Hon'ble MR. QUINTON also moved that the Bill and Statement of Objects and Reasons be published in the Gazette of India in English, and in the local official Gazettes in English and in such other languages as the Local Governments think fit.

The Motion was put and agreed to.

REVENUE RECOVERY BILL.

The Hon'ble MR. QUINTON moved that the Bill to make better provision for recovering certain public demands be referred to a Select Committee consisting of the Hon'ble Messrs. Scoble, Peile and Westland, the Hon'ble Colonel Wace and the Mover. He said:

"In introducing the Bill last week I explained that its object was to facilitate and legalize the action of Revenue-officers throughout British India in realizing arrears of the Government demand from defaulters who were or possessed property in districts other than that in which the arrear had accrued.

"The means by which the Bill proposes to effect this object are simple. It adopts to a certain extent the procedure already established by a local law in the Lower Provinces of Bengal, and directs the Collector of the district in which the arrear has accrued, when he finds it necessary, to draw up a certificate showing the name and other particulars necessary for the identification of the defaulter, the amount of the arrear and the account on which it is due, and to

send this certificate to the Collector of the district in which the defaulter at the time is or possesses property. The Collector of that district will on receipt of the certificate proceed to realize the same interest in it from the defaulter as if it were an arrear of revenue which had accrued in his own district.

"To guard against the possibility of wrong arising from substantial errors in the certificate, we have, following provisions which exist in the Land-revenue Codes of nearly all provinces, empowered a person denying his liability who has paid the sum demanded under protest to sue Government for a refund of the amount so paid or any part of it notwithstanding anything contained in the certificate. Such suit must be brought in the district from which the certificate issued.

"To prevent fraudulent transfers made to defeat the claim of Government, we have authorized the Collector on receipt of the certificate to issue a proclamation prohibiting any transfer of immoveable property in the district belonging to the defaulter, and have declared to be void all transfers of such property made after the issue of the proclamation so long as it remains in force.

"As I stated when introducing the Bill, we have enabled public officers or local authorities charged with the collection of public moneys recoverable as arrears of land-revenue to call on the Collector of the district in which such sums are payable to recover arrears due to them, and empowered the Collector to act on the requisition; and finally we have specially saved all securities provided by any other enactment for the time being in force for the recovery of land-revenue or sums recoverable as land-revenue."

The Motion was put and agreed to.

PUNJAB TENANCY BILL.

The Hon'ble COLONEL WACE moved that the Bill to amend the Law relating to the Tenancy of Land in the Punjab be referred back for further consideration to the Select Committee who before reported thereon, omitting from the Committee the Hon'ble Sir Auckland Colvin, who is temporarily absent from the Council, and that the Committee be instructed to present a further Report on the Bill a week hence. He said:

"During the month which has elapsed since the Select Committee presented their first Report the provisions of the Bill have been again examined, with the result that we find it necessary to make a few additions, and also more numerous verbal corrections, than it would be convenient to introduce by motion when the Bill is finally considered in this Council."

The Motion was put and agreed to.

PUNJAB LAND-REVENUE BILL.

The Hon'ble COLONEL WACE also moved that the Bill to amend and declare the Land-revenue Law of the Punjab be referred back for further consideration to the Select Committee who before reported thereon, omitting from the Committee the Hon'ble Sir Auckland Colvin, who is temporarily absent from the Council, and that the Committee be instructed to present a further Report on the Bill a week hence. He said:

"The reasons for this motion are similar to those stated in respect of the Tenancy Bill. Though fewer corrections appear to be required in this Bill than in the Tenancy Bill, the two enactments are so closely connected that it will be convenient to treat both in the same manner. I may add that I propose to move the passing both of this Bill and of the Punjab Tenancy Bill before the close of the month of September."

The Motion was put and agreed to.

KING OF OUDH'S ESTATE BILL.

The Hon'ble MR. SCOBLE applied to His Excellency the President to suspend the Rules for the Conduct of Business in order to enable him to introduce a Bill to provide for the Administration of the Estate of the late King of Oudh. He said:—

"His Majesty died yesterday, and, in view of the peculiar circumstances which marked his legal position and the state of his family, it is desirable that

steps should at once be taken to secure his property and to provide for its distribution without exposing it to the risk of robbery or the delays and costs of litigation.

"As the Council is aware, His late Majesty was, during his lifetime, exempt from the jurisdiction of the Civil Courts. Three Acts of this Council have been passed securing to him special immunities and privileges. By the first, Act XIV of 1860, provision was made for the execution of process within the precincts of the residence occupied by the King at Garden Reach. By the second, Act VIII of 1862, with a view to protect his personal dignity, His Majesty was partially exempted from the jurisdiction of the Civil and Revenue Courts, and from that of the Criminal Courts except in regard to offences punishable with death under the Indian Penal Code. By the third, Act XIII of 1868, it was provided that no suit or process should be allowed against the King's person or property unless with the previous consent of the Governor-General in Council; and His Majesty was further declared incapable of entering into any contract which might give rise to any pecuniary obligation on his part.

"The King having been thus *salutus lege* in his lifetime by reason of the consideration shown him by Government, I venture to think that exceptional legislation is justified for the administration of his estate after his death. But there are other considerations which point to the same conclusion. I understand that there are between three and four thousand persons at Garden Reach who are dependent on the King, and whose occupation will be lost by his death. The situation is still further complicated by the fact that some weeks ago the King's seals were stolen from his palace, and have not improbably been used to give apparent authenticity to a variety of false documents. To provide for the claims of his enormous household, and to put a check on the presentation of fraudulent demands it is proposed that the Governor-General in Council shall have exclusive authority to act in the administration of the property of whatever nature left by His late Majesty the King of Oudh in regard to the settlement and satisfaction of claims against the estate of His late Majesty, and may make distribution of the remaining property or the proceeds thereof in such manner as he deems fit among the family and dependents of His late Majesty; and that no act of the Governor-General in Council in connection with the administration to or distribution of the property left by His late Majesty shall be liable to be questioned in any Court.

"As the Agent to the Governor-General with His late Majesty, immediately upon the King's death, took possession, under instructions from the Government of India, of all the property in the palace, it is proposed to indemnify him and all persons acting under his orders from all liability in respect of the measures taken by them for the preservation of that property. And, as a final precaution, it is proposed to enact that no testamentary or other disposition made by His late Majesty, and no proceedings that have been, or may be, instituted in any Civil Court, shall interfere with, or defeat, the exclusive authority of the Government to act in the administration of the estate.

"I may mention that similar measures were taken in the case of the Nawáb of Surat, and that the legislation now proposed finds a precedent in Act XVIII of 1848."

THE PRESIDENT declared the Rules suspended.

The Hon'ble MR. SCOBLE introduced the Bill explaining that he proposed, after the other business of the Council was disposed of, to move that the Bill be taken into consideration.

ALLAHABAD UNIVERSITY BILL.

The Hon'ble MR. QUINTON moved that the Report of the Select Committee on the Bill to establish a University at Allahabad be taken into consideration. He said:—

"We have received numerous criticisms on the Bill from the Government of the North-Western Provinces and Oudh, from gentlemen interested in the

subject residing in those provinces, and from some members of the Senate of the Punjab University. We have also been favoured with a written opinion from our hon'ble colleague Rana Sir Shankar Baksh Singh, who was prevented attending this session of Council, in which he expresses approval of the measure. These opinions and criticisms we have carefully considered, and in accordance with many of them we have cleared up what appeared to be ambiguities in the wording of the Bill as introduced, and have endeavoured to remedy defects which experience has brought to light in the working of the Punjab and other University Acts.

"I need not detain the Council by dwelling on these changes, the more important of which are set forth in our Report. I proceed at once to make some observations on the constitution of the University, the point in the Bill which has been mainly selected for adverse comment. We have made no change in the constitution and functions of the University, which will be, as originally proposed, an examining body with power in process of evolution to develop into a teaching body. It will consist of a Chancellor, Vice-Chancellor and Fellows, with whom when assembled as a Senate will rest the entire management of, and superintendence over, its affairs, concerns and property. Before the University can come into existence its component parts must be created, and therefore the Bill of necessity nominates the persons who are to be the first Chancellor, Vice-Chancellor and Fellows. This necessity appears to have been overlooked by a few of the critics of the measure. The first Chancellor will be the present Lieutenant-Governor of the North-Western Provinces and Chief Commissioner of Oudh, as I stated at an earlier stage of the Bill. The first Vice-Chancellor will be the Hon'ble Sir John Edge, Chief Justice of the High Court of the North-Western Provinces. This nomination will, I have no doubt, commend itself to the Council not only on account of the personal merits of the nominee but also because from the fact of his holding a high office at Allahabad the Vice-Chancellor will be able to preside over all, or at least all the more important, meetings of the Senate and Syndicate and to guide their proceedings with weight and effect.

"The first Fellows will be found in Parts I and II of the schedule to the Bill. Part I contains a list of officers in the service of Government. On a former occasion I explained the reasons for which it was deemed advisable that the incumbents for the time being of such offices should be Fellows of the University. We have added to the list entered in the Bill as introduced the Chief Commissioner of the Central Provinces and the Agent to the Governor-General in Rajputana, as we hope that both the Central Provinces and Rajputana, where there are at present colleges imparting high education, will soon send students to our University. The Government of the North-Western Provinces and Oudh accepted a proposal to limit the number of *ex officio* Fellows and suggested a maximum of twelve, but on consideration the Select Committee came to the conclusion that such a limitation might prove inconvenient in practice and decided to make no change on this point in the Bill as introduced.

"We were unable to attach much weight to a general objection to the institution of *ex officio* Fellowships as giving Government excessive influence in the management of the University. There is nothing in the circumstances of the infant Allahabad University which will enable her for a long time to dispense with the official support and guidance which have been found necessary in the case of her elder sisters at Calcutta, Madras, Bombay and Lahore. The educated classes within the sphere of her operations are not yet so numerous as to afford a sufficiently wide field for the selection of persons who could safely be entrusted with the control of higher education in an area of such vast extent, and are not so influential with the general public as to draw them on to a practical appreciation of that education, when unaided by the prestige and authority of the Executive Government. By the measure before us Government is committing large though indirect powers of control over the education of the people to the institution established by the Bill, and it is our duty to make such provisions in regard to its constitution as will ensure that those powers will be properly and efficiently exercised and that they will not be abused.

"On this point and also on some proposed additions to the *ex officio* list Sir A. C. Lyall writes as follows:—

'The institution of *ex officio* Fellows, and the power conferred by the Bill on the Local Government to specify the offices to which Fellowships should be attached, have met with some adverse criticism. The Hon'ble Mr. Justice Mahmud, who combines with the education of an English University an intimate knowledge of the people of these Provinces and whose opinion is therefore of special value, while he admits that there are good reasons why the Bishop of Calcutta, the Chief Justice of the North-Western Provinces and the Director of Public Instruction should be *ex officio* members of the Senate and Fellows of the University, would either restrict the distinction to those appointments or, if it were thought necessary to attach it to others, would greatly add to the number specified in the first schedule of the Bill. As a member of the governing body of the Muhammadan College at Aligarh, he objects to the distinction which seems to be drawn between the Principals of Government colleges and the Principals of colleges which have been founded or are supported by the people, and suggests that either the former be struck out of the schedule or the names of the latter added to it. After full consideration, the Lieutenant-Governor is unable to recommend any alteration of the Bill in this respect. The reasons for the present rule are found in the wording of section 5 (*a*), which limits the nomination of *ex officio* Fellows to persons who hold offices under Government, and who would not, therefore, be at liberty either to decline the appointment or to abstain from taking such a part in the business of the University as Government might allot to them. But gentlemen who are at the head of the independent colleges are in a different position; and to enter them in the Act as Fellows *ex officio* might expose the Government to the risk of anomalies and embarrassment. All the present heads of independent colleges have been nominated by Sir Alfred Lyall as Fellows in Part II of the schedule, and there is no reason to suppose that the claims of their successors will be overlooked. When the principle on which the distinction is made is understood, it is not likely to be regarded as in any way invidious, nor indeed does the Hon'ble Saiyad Ahmad Khán Bahádur, C.S.I., the founder and Principal of the Aligarh College, take any objection to it in the opinion with which he has favoured this Government. That there should be a small number of *ex officio* Fellows to form a permanent nucleus to the Senate seems hardly open to dispute and is not gainsaid by Mr. Justice Mahmud. His suggestion, that a general power be given to the Local Government to specify such independent or aided colleges as are affiliated to the University, and possess a sufficiently high status to entitle their Principals to *ex officio* Fellowships, has also been attentively considered. But here again the objection already explained stands in the way; while it has also to be remembered that a college thus specified might not maintain the standard of teaching in regard for which the Fellowship should have been made *ex officio*.'

"Part II contains the list of first Fellows other than those appointed *ex officio*—32 in number—and has been drawn up so as to include qualified representatives of all classes likely to be interested in the success of the University.

"In the printed papers on the Bill will be found letters from gentlemen connected with the Educational Department in the North-Western Provinces which express regrets and apprehensions that sufficient influence has not been given to Principals and Professors of colleges in the constitution of the University. When those letters were written the list contained in Part II of the schedule had not been published. An analysis of that list shows that of the 32 Fellows named in it 16 are or have been directly concerned with education in the united provinces.

"The services in the cause of education of my hon'ble friend Saiyad Ahmad Khán Bahádur are well known to the members of this Council. He is the founder and practically still the manager of the Anglo-Muhammadan College at Aligarh, a flourishing institution which numbers its students by hundreds and is rapidly diffusing among our Muhammadan fellow-subjects a widespread desire for that higher English education from which they have hitherto in a great measure kept aloof.

"Rájá Siva Prasad, of Benares, was for many years employed in the Educational Department of the North-Western Provinces, where his intelligent labours earned for him special reward and distinctions.

"Besides these two gentlemen the list includes the Principals of five aided colleges, seven Professors or ex-Professors of Colleges and two Inspectors of Schools, and Part I enrols among the *ex officio* Fellows the Director of Public Instruction and the Principals of the Government Colleges at Allahabad and Benares Unless it be determined to make over the entire management of the University to what is after all a small body of professional teachers in the united provinces, I think their representation in the governing body of the University cannot be considered inadequate. Great as are the professional abilities, zeal and attainments of those gentlemen, we are not prepared to recommend that the just influence they may hope to maintain in the direction of the studies prescribed by the University should be untempered by the wider experience of the educational needs of the inhabitants of the united provinces which we may hope to gain from the representation in the Senate of the views of classes other than professional educationists. The identity of the teaching and examining staff is also as far as possible to be avoided in a University which, like this, aims at ultimately combining teaching with examination. In the debate on the Punjab University Bill in 1882, the late Law Member, whose opinion on the subject is entitled to especial weight, stated that from his English experience he knew the risk to be real and substantial if this principle were disregarded.

"In addition to the gentlemen directly connected with education in the North-Western Provinces, the list of first Fellows contains the names of several others who from their academic experience, professional avocations or interest evinced in the cause of education are likely to contribute to the successful management of the University.

"We have by an alteration in the Bill as introduced, in partial accordance with a recommendation of the Lieutenant-Governor, empowered the University to confer degrees of Bachelor and Doctor of Laws without reference to the Government of India. The local High Court is therefore largely represented in the Senate by the Vice-Chancellor, by two others of its learned Judges, by one of its Advocates and one of its Pleaders. Three Fellows are taken from the Covenanted, one from the Uncovenanted, Civil Service; three from the Medical, and one from the Engineering, professions. The Taluqdárs of Oudh furnish one Fellow whose literary abilities and liberal encouragement of education on his estates would under any circumstances entitle him to a place in the list, in which also fitly appear the names of two gentlemen from the same province, one of whom is an enterprising publisher of Vernacular works which he disseminates through India, Persia and Central Asia, and the other is a Master of Arts of the Calcutta University to whom we are indebted for several useful criticisms on the Bill."

The Motion was put and agreed to.

The Hon'ble MR. QUINTON also moved that the Bill as amended, be passed.

The Motion was put and agreed to.

KING OF OUDH'S ESTATE BILL.

The Hon'ble MR. SCOBLE moved that the Bill be taken into consideration. He said:—"This Bill, copies of which have been laid on the table since the sitting of the Council began, consists of three sections the effect of which I will briefly state. The first section gives the Governor-General in Council exclusive authority to act in the administration of the property of whatever nature left by His late Majesty the King of Oudh in regard to the settlement and satisfaction of claims against the estate of His late Majesty and to make distribution of the remaining property or the proceeds thereof in such manner as he deems fit among the family and dependents of His late Majesty; and it also provides that no act done by the Governor-General in Council in connection with the administration of the property shall be liable to be questioned in any Court.

"The second section indemnifies the Agent to the Governor-General (who, as I have already stated, is in possession of the property of His late Majesty in his house at Garden Reach at Calcutta) and all persons acting under his orders from liability in respect of all acts done by him or them since the 20th of September, the date of His Majesty's death, in connection with the preservation and administration of the estate of His late Majesty; and provides that no suit or other proceeding shall be instituted in any Court against him or them or against the Secretary of State for India in Council in respect of those acts or any of them.

"The third section is designed to prevent the possibility of any testamentary or other disposition of the estate made by His late Majesty from taking effect adversely to the administration of the estate by the Government, and to nullify any proceedings which may have been or may be instituted before any Civil Court for administering the estate, and it also provides that any person who under any probate, letters of administration or certificate or otherwise has received any portion of the estate of the King shall be bound to account for such property to the Government of India or to such officer as may be appointed in this behalf."

The Motion was put and agreed to.

The Hon'ble MR. SCOBLE then moved that the Bill be passed.

KING OF OUDH'S ESTATE BILL.

The Hon'ble MR. SCOBLE applied to His Excellency the President to suspend the Rules for the Conduct of Business in order to enable him to introduce a Bill to provide for the Administration of the Estate of the late King of Oudh. He said:

The situation is still further complicated by the fact that some weeks ago the King's seals were stolen from his palace, and have not improbably been used to give apparent authenticity to a variety of false documents. To provide for the claims of his enormous household and to put a check on the presentation of fraudulent demands it is proposed that the Governor General in Council shall have exclusive authority to act in the administration of the property of whatever nature left by His late Majesty the King of Oudh in regard to the settlement and satisfaction of claims against the estate of His late Majesty, and may make distribution of the remaining property or the proceeds thereof in such manner as he deems fit among the family and dependents of His late Majesty; and that no act of the Governor General in Council in connection with the administration or distribution of the property left by His late Majesty shall be liable to be questioned in any Court.

"As the Agent to the Governor General with His late Majesty, immediately upon the King's death, took possession, under instructions from the Government of India, of all the property in the palace, it is proposed to indemnify him and all persons acting under his orders from all liability in respect of the measures taken by them for the preservation of that property. And, as a final precaution, it is proposed to enact that no testamentary or other disposition made by His late Majesty, and no proceedings that have been, or may be, instituted in any Civil Court, shall interfere with, or defeat, the exclusive authority of the Government to act in the administration of the estate.

"I may mention that similar measures were taken in the case of the Nawáb of Surat, and that the legislation now proposed finds a precedent in Act XVIII of 1848."

THE PRESIDENT declared the Rules suspended.

The Hon'ble MR. SCOBLE introduced the Bill, explaining that he proposed, after the other business of the Council was disposed of, to move that the Bill be taken into consideration.

PUNJAB TENANCY BILL.

The Hon'ble COLONEL WACE moved that the Reports of the Select Committee on the Bill to amend the Law relating to the Tenancy of Land in the Punjab be taken into consideration. He said:

"When my predecessor introduced this Bill into the Council fifteen months ago, he gave a very full explanation of the circumstances with reference to which it had been framed, and of the results which it was intended to secure. In particular he explained that it was the desire of Government to depart as little as possible from the principles and policy expressed in the Punjab Tenancy Act enacted in 1868, to supply some admitted oversights and defects, and to adopt some of the suggestions made by the Famine Commission with a view to improving the relations of landlords and tenants generally.

"It is by these aims that the Select Committee have been guided in their labours. When, on the 27th of July last, I presented the first Report of the Committee, I entered into a detailed explanation of the alterations made in the Bill subsequently to its introduction; and to recapitulate on this occasion what I then said would be a superfluous task. Of the alterations proposed in the Committee's second Report there are only two which call for special explanation. The first is the alteration of clause (*c*) of sub-section (*1*) of section 5 of the Bill. Under the corresponding clause of the Act of 1868, if a tenant holding in the year 1868 was the representative of a cultivator who settled in the village when it was founded, that tenant was entitled to a right of occupancy. My predecessor, when introducing the Bill, explained the necessity that was felt for granting this privileged status not only to the representatives of cultivators who settled at the village founding, but also to such cultivators themselves in the instances in which they had survived up to the year 1868. But when the Hon'ble Nawáb Nawázish Ali Khan joined the Council, about the time that the Select Committee presented their first Report, he proposed that the clause as thus altered should be qualified with reference to the circumstances under which the tenant was settled. My hon'ble friend, in a memorandum which he submitted to the Select Committee on the subject, explained that—

'those persons who settle in a village with its founders can be divided into two classes, namely, (*1*) those who have rendered assistance to the landlord in the foundation of the village by clearing and reclaiming lands and cutting trees and making houses and wells at their own expense, and (*2*) those who have rendered no such assistance and have simply occupied the land, which was in every way prepared for cultivation by the landlord himself or at his expense.'

"And he urged that the latter of these two classes were not entitled to rights of occupancy.

"In our Report we have so far adopted the view thus urged as to recommend the addition to section 5 of words enabling a landlord to rebut in this particular class of cases the tenant's claim to occupancy-right by showing that the tenant was settled on land previously cleared and brought under cultivation by or at the expense of the landlord. This alteration will not invalidate any right of occupancy that has already accrued under the Act of 1868; against any such invalidation section 11 of the Bill provides a sufficient safeguard. The words added merely enable a landlord to show that a tenant of this class not already privileged under the Act of 1868 entered at the village founding under circumstances which give him no claim to special protection. I believe that the appropriateness of this addition will be readily admitted.

"I pass on to the second point, namely, the alterations which we have introduced into section 84 relating to the exercise of the power of revision. These are in accord with the views on the subject expressed by the Hon'ble Mr. Ilbert when the Punjab Courts Act of 1884 was passed into law. His remarks on that occasion pointed to the difficulty of foreseeing how a revisional authority, expressed of necessity in wide and general terms, would in practice be interpreted; but he urged, quoting the words of Mr. Justice West, that in India, as in England, the exercise of this extraordinary jurisdiction should be discretional, and that it should be used only to sustain the regular course of judicial administration, and not to promote uncertainty and restlessness by an over-nice scrutiny of proceedings which should aim at promptness rather than at refinement.

"To this end we have made it plain that the putting in motion of this exceptional jurisdiction is a matter for the discretion of the revenue-authorities, and that this discretion should be exercised strictly with reference to their own judgment of its expediency, and not on the motion of parties seeking by this means to obtain an appeal from which the law has debarred them.

"Passing on to more general considerations,—it would be sanguine to expect that a measure of this importance could be introduced into and carried through this Council without encountering unfavourable criticism. It has been said

of this Bill that it aimed at an unnecessary extension of the conditions under which tenants are entitled to rights of occupancy, that it provided a scale of rent unduly favourable to those tenants, that it contemplated the enlargement of their powers of alienation without showing any due cause for this innovation, that its provisions relating to compensation on ejectment were calculated to place material obstacles in the way of successfully executing decrees for ejectment, and finally that the Bill has been unduly elaborated. I propose to respond briefly to each of these criticisms.

"As regards the admission of new claims to rights of occupancy, the power of a tenant with a right of occupancy to alienate his land, and the treatment of claims to compensation on ejectment, it will I believe be admitted that the changes made in the Bill since its introduction have to a large extent met the apprehensions at first expressed.

"As regards the scale of rent to which tenants with rights of occupancy will in future be liable, the provisions of the Bill are undoubtedly open to this criticism that we have preferred that method of adjusting these rents which was successfully followed in the first years of our administration of the Punjab to the newer method introduced for the first time in 1868, which ubsequent experience has shown to be of difficult application and to involve protracted and uncertain litigation. Under the existing law it has been difficult for a landlord to obtain an enhancement of rent, and even in the cases in which he succeeded the litigation by which it was obtained was likely to cost him more than the enhancement was worth. Under the provisions of this Bill the landlord will perhaps obtain a smaller enhancement, but he will obtain it more easily. Moreover, I am myself convinced that this enhancement, though smaller than was theoretically possible under the existing Act, is as large as can justly be allowed; and I believe this opinion is shared by the majority of those Revenue-officers who have enjoyed special opportunities of observing the condition of our agricultural classes.

"That the Bill has been unnecessarily elaborated is a criticism the merits of which will not be duly appreciated unless it is weighed in connection with the existing condition of the rest of the Punjab Code. For instance, the Punjab Laws Act of 1872 disposes of a long list of important subjects in 52 sections. Some of the principal subjects comprised in this list are succession, marriage, minority, family relationship, pre-emption, insolvency, Courts of Wards, village-police and the track law. On the assumption that so brief an enactment deals adequately with these important subjects, it is no doubt difficult to justify the fuller treatment of only one branch of the law in so lengthy an enactment as that now before this Council.

"But the time is past when large branches of the law can be dealt with in the comparatively brief style of the local laws enacted twenty years ago. Whether it is convenient to propose new legislation on any subject, as, for instance, we are beginning to feel may be necessary if we are to deal adequately with the extremely important problems involved in the successful administration of the canals and forests of the Punjab, or with those left open to every uncertainty of litigation by the existing Punjab Laws Act, is a question that cannot be decided at any time without weighing other considerations than those immediately connected with the imperfections and shortcomings of existing enactments. But when the decision has once been taken to revise any of the older laws, then to shrink from the task of adjusting that law to the larger wants of the present time, to neglect the opportunity of incorporating rules of which the utility has been established in adjacent provinces, and to refrain from re-drafting obscure provisions in terms suited for the guidance of that great majority of our Courts, officers and legal practitioners who have scant leisure or opportunity to study books of reference and little legal training to supply the place of such aids—this would be a course that would give juster cause for dissatisfaction than is likely to be found in the increased fullness and precision of the new enactments.

"To other and wider criticisms, such as those which attack on independent grounds the merits of those rights of occupancy the protection of which is one of the chief objects of this Bill, which dispute the consistency of declaring such rights and at the same time enforcing

restrictions on their devolution and succession, and which challenge the wisdom of invalidating any agreements whatever into which landlords and tenants may enter with each other; it will suffice to reply that equally we ourselves and our predecessors in 1868 have, not perhaps with entire freedom from error and misconception, endeavoured to limit our action to the support of rights as ascertained by competent enquiry, and to bear in mind that, where persons stand to each other in the relation of landlord and tenant, we cannot give to one of these two classes without by so much taking from the other; and, if in respect of a limited class of matters, such as the encouragement of improvements, the protection of statutory rights of occupancy and the claims of a tenant to fair treatment under unforeseen calamity or on ejectment, we have provided that the law shall prevail over previous usage and future agreements, we have done this in deference to conclusions based on wide experience and enquiry in all the provinces of Northern India."

The Hon'ble NAWÁB NAWÁZISH ALI KHÁN addressed the Council in a Vernacular speech, a translation of which was read by Mr. Harvey James, the Secretary, as follows:

"The provisions of the Act of 1868, with respect to the enhancement of rent and the acquisition of the right of occupancy, were found so defective as to have given rise in some districts to a ruinous litigation, and a change in them was rendered indispensably necessary. Therefore, after some correspondence between the Local and the Supreme Governments, the preparation of this Bill was undertaken. On the announcement of this decision great anxiety was naturally felt by the people, and some of their fears were no doubt confirmed by the Bill which was introduced. But afterwards the Bill, together with the opinions of the officers and of the inhabitants of this Province, was carefully considered by the Select Committee, which, having paid due regard to those opinions and keeping the advantage of both the *landlords* and the *tenants* in view, made many alterations and additions in the Bill, so that it assumed its present form, and this form in my opinion is a most satisfactory one. I have carefully examined the Bill and I approve highly its provisions, with the exception of section 22, in which the proposed rate of rent is so low that the section is likely to prove injurious to the landlords. With this exception I firmly believe that the revised Bill is most suited to give complete satisfaction to both the landlords and the tenants, and to extirpate the dubious litigation which formerly attended many suits, and, providing clearly for every thing, it will likewise save the Courts a great deal of trouble. In conclusion, I wish to thank His Excellency the Governor General and my hon'ble colleagues for their undertaking a task of so great a magnitude and performing it with such a degree of success. I have also thoroughly gone through the Land-revenue Bill and fully approve of all the sections contained therein."

His Honour THE LIEUTENANT-GOVERNOR said:

"I do not think it necessary to occupy the time of the Council by making any remarks on the details of the Bill. Since it was first introduced it has been repeatedly considered in Committee, and has been subjected to most exhaustive criticism by the Judges of the Chief Court, the Lahore Committee and a number of other gentlemen of experience, Native and European. All these criticisms have been carefully considered, and the amendments which the Bill has undergone are detailed and explained in the Select Committee's Reports dated 27th July and 5th September, and in the speeches in this Council of my friend Colonel Wace, the member in charge of the Bill. My predecessor in office, Sir C. U. Aitchison, in his speech in this Council in July, 1886, on the Motion to refer to a Select Committee the Bill as originally introduced, remarked that it was an amending Bill and of a very limited scope; he added that the only important changes which it introduced were not changes of principle but alterations or additions necessitated by practical experience of difficulties in the working or in the interpreting of the existing law. This is even still more true of the Bill as now finally revised by the Select Committee, for in matters affecting the rights of landlords and tenants as distinct from matters of jurisdiction and procedure the amendments which the Committee have made are entirely in the direction of closer adherence

to the Act of 1868. I am convinced that the Committee has been wisely guided in making these amendments, and I look upon the transfer to this Bill of the rules of jurisdiction and procedure now contained in Chapter VII as a very convenient addition, which will be of much use in guiding Revenue-officers and Courts in the right administration of the law. As Financial Commissioner of the Punjab I was one of the officers who had a part in 1881 and 1882 in pressing for an amendment of the Act of 1868: that Act had had the effect of settling the controversies raised by Mr. Prinsep's settlement-proceedings, and had tended generally to maintain the old order of things undisturbed; but for 10 or 15 years after it passed the instances in which either proprietor or tenant took action upon its provisions were for various causes extremely rare. But latterly it became evident to lookers-on that some of these deterring causes would soon disappear and that there was every probability that in a short time the provisions of the Act would be extensively brought into play and severely tested. I think I may confidently say that all the most experienced officers of the Punjab Commission regarded the prospect with grave apprehension, not in the tenant's interest only but also in that of the proprietors. Such litigation as had occurred was sufficient to show that the law would in some important respects be most capricious in action and that in other directions it was likely to result in an unusual number of hard cases. Speaking for the Local Government I can now say that I have no such apprehensions in respect to the effect of the Bill now before the Council and that I shall not be afraid to see its provisions extensively applied. I believe the Revenue-officers and the Courts will find the law which it contains a good basis for equitable orders and decisions and generally a clear and safe guide, though no doubt a few flaws will be in time detected. I can say in words which Sir Charles Aitchison used, in the speech which I have already quoted, that I sincerely believe that the Bill when it becomes law will tend to foster and preserve the friendly relations which happily have hitherto existed in this province between landlords and their tenants.

The Hon'ble MR. PEILE said:

"After the statement which we have just heard from His Honour the Lieutenant-Governor, whose knowledge of the Punjab and its tenures is, we know, profound, some of the remarks which I proposed to make on the Bill may perhaps be deemed superfluous. But I differ from His Honour in this respect that I approach the subject as an observer from without, and also as the member of Your Lordship's Government who is primarily responsible for the administration of the land-revenue. While therefore I am deeply sensible of the disadvantage at which such a duty is undertaken by one who has had no personal experience of the rights and customs connected with property in the land of the province with which he is dealing, I ask leave to state to the Council how the principal points of the Bill present themselves to me. After a careful study of much that has been written on the subject, I am impressed with the feeling that, if legislation which touches on the disposition of interests in land in any part of India is a matter of anxious thought and care to Your Lordship's Government, it is especially so in the Punjab, where in amending the Tenancy Act of 1868 the legislature treads on the embers of a glowing controversy which no one desires to revive. We propose today to repeal the first Land Act of the British Government for the Punjab—an Act which, after much warm debate and a great conflict of opinions, was accepted as a compromise designed to lay to rest the contention between the advocates of the right of the landlord and the advocates of the right of the privileged tenant. The Act answered its purpose, and the balance of the compromise which it effected should not be lightly disturbed. If it cannot be said that the Bill before the Council does not affect it at all, I think it will be apparent that we have not without good reason agreed to transfer any weight from the one scale to the other. In the division of the interests in land in the Punjab there is much which is at first sight perplexing. But I think we may safely say that the usage and sentiment which were the unwritten law in these matters before the days of Legislative Councils, are much akin to the principle which is recognized as the fundamental principle of tenant-right elsewhere in India. The main principle is that the occupant of the soil is entitled to remain

on his holding, as long as he pays to the Government or a landlord the share of the produce fixed by custom or the decree of the ruling power, and that the capricious expulsion of an old tenant is condemned by public opinion as unjust. To this may be added in the Punjab that the tenant who has redeemed his holding from waste has the strongest claim to fixity of tenure, while on the other hand the landlord has asserted a right to evict when he wants the tenant's land for his own cultivation. I must confess that in a country of peasant-proprietors like the Punjab this last rider to the principle appears to be clothed with a fair show of reason. But it was not established that there was any practice of eviction, nor where the rent is a share of the produce fixed by custom is there any room for eviction with a view to enhance rent. Consequently Sir Henry Maine in the debate on the Tenancy Act described the asserted custom of eviction as 'a customary mode of doing that which never was done.' Nevertheless the then Lieutenant-Governor, Sir Donald Macleod, among others, did so far see reason in the contention that the landlord should be entitled to resume his tenant's land if he needed more land to cultivate himself, that he was in favour of allowing the landlord to buy out long resident tenants by paying such compensation as would enable the tenant to establish himself elsewhere. This opinion found a limited expression in section 19 of the Act of 1868, a half-hearted enactment which has become practically obsolete by virtue of the conditions attached to it on the motion of Sir Richard Temple, and it has not been reproduced in this Bill. In the end it was agreed that the Act should secure fixity of tenure to certain special classes, such as ex-proprietory tenants and old hereditary tenants who had never paid rent,—a variety of tenure which probably transcends any experiences of Her Majesty's Law Courts in Ireland,—but they were in fact tenants whom the village managing body associated with them in bearing the burthen of the crushing assessment of the Sikh Government, and who paid the quota of the Government demand assessed upon their holdings, but nothing more. It was agreed also to protect the tenants who by the decision of the Settlement-officers had been recorded before 1868 as possessing occupancy-right in virtue of long undisturbed occupation, with the proviso that on specified grounds the landlord might attack this presumption of right in a suit. But the Act contains no provision for the further accrual of occupancy-rights.

"It may perhaps be argued that in the omission of all such provision the Government did not maintain its usual policy declared in the Regulation of 1793 and expressed in more than one provincial land law, and that the omission should now be corrected by some large extension of tenant-right. But in a province where 60 per cent. of the area under the plough is tilled by small landholders in properties averaging about 25 acres, the development of tenant-right is not a question of the same dimensions as in a province of great zamindárs, and the needs of an increasing landowner population may justly be considered. The Act of 1868 therefore contained no enactment for the accrual of right to fixity of tenure by mere efflux of time, or otherwise than by proof of custom or agreement, and in this respect the Bill does not alter it. It does in some matters afford protection to the tenant-at-will, and defines more clearly for his benefit the relations between him and his landlord, but it does not provide that, as in Bengal and the North-Western Provinces, a tenant who has occupied or cultivated land continuously for twelve years shall be a settled raiyat with a right of occupancy in that land. It does not, as in the Central Provinces, empower the ordinary tenant to acquire occupancy-rights by purchase. Undoubtedly, where there is no provision for recruiting occupancy-tenants by fresh accrual, the area of occupancy-tenancies will tend to diminish. We see such a decrease of old tenancies in the North-Western Provinces, where however it is more than recouped by fresh accretions under the twelve years section of the Rent Act. But in the Punjab, as I have said, 60 per cent. of the cultivated land is in the hands of the proprietors, whereas in the North-Western Provinces the proprietors cultivate only 26 per cent.; and this fact goes far to justify us in adhering to the policy adopted by our predecessors in this Council in 1868.

"The Bill does however in certain respects alter the old law as to privileged tenants. It is claimed for these alterations that they are of the nature of developments of the purpose of the old Act rather than invasions of its principle.

They will, we are assured, change little in the Punjab itself, and affect chiefly the tract known as the old Delhi territory, which extends southwards from the Sutlej between Rajputana and the Jumna, and which, becoming a British possession far earlier than the Sikh Kingdom, has a curious administrative history of its own as a frontier province. In parts of this territory, as in Sirsa and Hissar, villages were founded on waste-land in the generation before 1868. Many cultivators who were settled in such villages with or by the founders, had the special claim to fixity of tenure which attaches to the man who reclaims land from the waste, but were excluded by the wording of the section of the Act of 1868, which, while recognizing the claim, threw the origin of the right back to a remoter time. The Hon'ble Colonel Wace has explained the condition on which occupancy-rights are extended to these tenants by this Bill.

"Again, while there was a class of villagers of higher status in whom the village-management was vested, in regard to the privileges attaching to cultivating possession there was little or no distinction between this class and the body of regular cultivators. These latter paid generally only their share of the Government revenue and village-expenses, and, if any recognition of superior right at all, a few handfuls of grain. Now, though these men were recorded by the early Settlement-officers as tenants without occupancy-rights, their rent was fixed at revenue-rates and they were otherwise protected. But here again the words of the Act of 1868, as interpreted—and no doubt rightly interpreted—by the Chief Court, were somewhat too narrow to meet the full equities of the case. Numbers of these tenants who were recorded at the regular settlements of 1852 to 1864 as tenants-at-will, held and have held from that day to this the strong position above described, and their privileges may fairly be regarded as having matured into rights of fixed tenure. We therefore propose to put ourselves as regards them in the position of the legislators of 1868, and once more make the date of the passing of the Bill before us an epoch at which the occupation of land for more than two generations or for thirty years on payment of revenue-rates shall be deemed to establish occupancy-rights. We do not, as first proposed, allow this form of title to accrue hereafter, nor do we entirely exempt those who may claim occupancy-rights under the amended clause from paying rent, but we maintain them in what is in substance their actual position. What we propose is to confirm an existing status rather than to create a new one. The first clause of section 5 gives the right of fixed tenure only to tenants who during an occupancy of twenty or thirty years before 1887 have never paid any rent or rendered any service. They have in fact cultivated side by side with the men recorded as proprietors with practically identical privileges under the ægis of custom, though not, since 1868, under the ægis of the law.

"That is the extent to which we have thought it expedient to go in the enlargement of occupancy-tenancies by this Bill.

"To tenants-at-will who clear and bring waste-land under cultivation we have not given occupancy-rights on that ground, but the claim to security of tenure which has always been admitted in the case of clearing tenants has been recognized by entitling them to compensation for disturbance as well as compensation for improvements.

"Then I pass to the second chief point of difference between the old Act and this Bill.

"The Bill proposes to fix the rents of privileged tenants at a percentage on the land-revenue, and not, as in the Act, at something below the rent paid by tenants-at-will. This will be a method peculiar to the Punjab Tenancy Act. It finds place in the land law of no other Indian province. But it is not a new method in the Punjab. The Government which preceded ours was accustomed to take to itself the entire net rent of the land, leaving no margin for the owner. The tenant, paying a customary grain-rent, was presumably protected in the enjoyment of his share of the crop. But the other proprietary interest got no consideration whatever. The Government official went to whoever was the man in possession—whether village-manager or old tenant or new tenant—and swept off direct from him the whole net rent. If the man of superior status got anything, it was only a few seers of grain. Then, when our Government came

in and we began to make settlements, the Settlement-officers fixed the revenue in cash instead of grain, and the landlord's rent-charge, if any was recognized, at so many annas on the rupee of land-revenue. Rules were issued which restricted the zamindárs' rent to fixed percentages on the land-revenue, and these rules were validated by the Councils Act of 1861. Now, one thing which the Act of 1868 did by its second section was to give what Sir Fitz-james Stephen called a sacred character to certain entries in the records of a regular settlement, which was extended by the Land-revenue Act of 1871 to the record of regular settlements made before the 18th of November in that year. Entries in such records, when attested by the proper officer, and relating, among other things, to rent and its enhancement, were to be deemed agreements and not to be affected by the Act. Now, the hon'ble member who introduced the Bill said that by the force of that section the old light rents had been for the most part maintained up to the present time, and what he meant was that in the early settlements the rents of privileged tenants, consisting, as I have explained, of the land-revenue and cesses plus a malikana of so many annas in the rupee of revenue, were fixed unalterably for the term of settlements which have recently expired or are expiring. So that the effect of this section has been to maintain the form of rent introduced authoritatively by the first Settlement-officers almost down to the present time, and it is only after a revised settlement that these rents can be altered. By far the greater number of privileged tenants who pay in cash—some 280,000 out of 390,000—still pay either the revenue only or the revenue plus malikana. This explains how the method of the Bill is really not a novelty, and is designed to anticipate an evil which is likely to spring up rather than to remedy one which already exists.

"Now, it certainly was the intention of the legislature in 1868 to enable the landlord to obtain from the privileged tenant a reasonable rent, reduced, according to the grade of privilege, more or less below the rent of the unprotected raiyat, and this Bill could not be justified if it failed to fulfil that intention. But it is also clear from the debate in this Council on the Act of 1868 that section 11 was framed on the understanding that the Government revenue was half the net rent, as it still in theory purports to be. On that assumption the most privileged tenant, whose rent was limited to 50 per cent. of an ordinary rent, would pay simply the Government revenue and nothing to his landlord. The less privileged tenants would pay as rent two-fifths or seven-tenths of the revenue according to class. But in the first place it has proved to be a difficult matter to discover what is the usual rent of the tenant-at-will by which the rent of the privileged tenant was to be gauged, and secondly the rent of the tenant-at-will is not definite and stable enough for a basis, because it depends on the discretion of the landlord and not on any statutory limit. The privilege of paying 15 per cent. less than a competition-rent is not a very tangible privilege. A right to have any substantial value must be expressed in definite terms, and the terms of section 11 are not as definite as they were meant to be. That is the explanation of the peculiar provisions which have been substituted for section 11 in this Bill. My hon'ble friend the Nawáb Nawázish Ali Khán would have liked the maximum rent-rates therein fixed for privileged tenants to be somewhat higher. Now, this is a matter of the kind on which a Select Committee goes for guidance to local experience, and the local experience by which we were guided in this case was that of the eminent body of Punjab Revenue-officers and Native gentlemen which is known in the literature of this Bill as the Lahore Committee. That Committee advised an increase of the rent-rates proposed in the first draft of the Bill for all but the most privileged class of tenants. Their views were approved by Sir Charles Aitchison, and the Select Committee adopted their rates without modification and as they stand now in the Bill. In my opinion, if the rates are carefully examined, they will not be found to be more favourable to the various grades of privileged tenants than was section 11 interpreted on the assumption that the Government revenue absorbs half the net rent. Perhaps they are even less favourable. But I agree with the hon'ble member in charge of the Bill that they are not unfair to either party. When the increasing moderation of the Government assessment allowed a margin of profit once more to emerge between the customary share of the cultivator and the share of the State, it is clear that the landlord had the first claim to that margin. It has been said

that, as the Government by reducing its demand from the whole net produce to a part of it revived or created rent, it was entitled to dispose of its own creation as it thought fit. But it was obviously the landlord and not the tenant who lost his property when the former Government appropriated the whole rent, and the Secretary of State very justly declined in 1869 to assert a power of free dealing with rights which had recovered their value under a good system of government.

"On the other hand it is right that the occupancy-tenant should have appointed for his rent-rate a definite maximum easily ascertainable by the Rent Court, and I see no objection to defining his rent on this exact basis, though no doubt it establishes a broad line of distinction between the rent of the privileged tenant and the rent of the tenant-at-will, which we have not felt equally justified in safeguarding from the ordinary action of free contract and competition.

"These are the reasons in favour of this form of enactment which were accepted by Your Lordship's Government and the Secretary of State.

"The maximum rent-rates in section 22 are not immutable, but will vary with the land-revenue, which again varies with the profits of agriculture. Rents already above the maxima, of which there are said to be few, are not reducible by the Bill. Rents now below the maxima, which are believed to form the great majority, can be enhanced to the maxima only by such steps as the Rent Court deems fair and reasonable.

"It is not necessary that I should pursue the examination of the policy of the Bill, further than the hon'ble member in charge has pursued it, into the incidents of rent, such as adjustment or remission, or into the incidents of tenure, such as relinquishment and ejectment or alienation and succession. The hon'ble member has explained that, while the law in these matters has been made clearer, there is hardly any substantive change. In connection with these and other interests of the tenants, I may call attention to the important sections, now in Chapter VIII at the end of the Bill, prescribing the extent to which the law, or grounds of public policy, will prevail over certain entries in records-of-rights, and over agreements made between landlords and tenants after the passing of the Act, and conversely defining the particulars in which we have deemed it just that the saving force of section 2 of the Act of 1868 should be preserved. On the other hand, sections have been introduced which give to the landlord the right of making improvements on privileged tenancies with due provision for the protection of the tenant, and of obtaining an increase of rent on their account.

"The seventh chapter of the Bill deals with jurisdiction and procedure. In distributing between this Bill and the Land-revenue Bill the portions of the subject-matter which come within the province of each, it seemed expedient to transfer to the one or the other certain chapters of the Punjab Courts Act of 1884. It was therefore proposed to make this Bill complete by embodying in it Chapter V of the Courts Act, which treats of Revenue Courts; and in doing so we have been careful to alter as little as possible the settlement of the powers and duties of Revenue Courts arrived at, not without controversy, only three years ago. The Act of 1884 was an important step in the separation of executive and judicial functions which formed a necessary part of the re-organization of civil administration in the Punjab in that year. It was then decided that, while the Commissioners were relieved of the bulk of their judicial duties, the cognizance of certain suits relating to land should remain with the Revenue-officers as Revenue Courts, with appeal to the Commissioner and Financial Commissioner instead of the Chief Court. The assignment of appellate jurisdiction to the superior Revenue-authorities, and not as in the North-Western Provinces to the Civil Courts of appeal, was adopted as suitable to the Punjab and as affording relief to the Civil Courts. The law for the jurisdiction and procedure of Revenue Courts, enacted as part of the Courts Act, finds a more appropriate place in the land law, and has therefore been transferred without important change from the Courts Act to this Bill.

"My Lord, I have briefly touched on the salient points of the Bill. The hon'ble member in charge has reminded us that the Bill has been called, in its earlier stages at least, a tenants' Bill. I do not think that as it now stands, and in comparison with the land laws of other Indian provinces, that criticism is just. I should rather call it a landlords' Bill. But Your Lordship's Government would not advise this Council to adopt it if it were either the one or the other in the sense of holding the scales inequitably between the two co-existing interests. I believe that in the special circumstances of the Punjab peasant-proprietors it is not open to any such criticism, and that it is a fair measure. It has been revised and again revised, and in its final form has been generally accepted. I am therefore in favour of passing it into law, and I trust that it will give such finality as a legislature can hope to secure to the settlement of the important questions with which it deals."

The Hon'ble COLONEL WACE said:—"I ask the permission of the Council to make a few remarks suggested by one observation that fell from my hon'ble friend Mr. Peile. He expresses an apprehension that in course of time the area held by occupancy-tenants in the Punjab would under the provisions of this Bill tend to diminish. In saying a few words on this point I wish to be understood as speaking rather from the existing tenures and existing customs of the Punjab than as attempting to give any forecast of what may happen during the ensuing 30 or 40 years. No doubt, in cases in which we find a small body of occupancy-tenants holding land under a stronger body of landowners who are themselves cultivators, the tendency is for these occupancy-tenants to die out, and for the landowners, who are often in needy circumstances, to watch carefully against the accrual of any new rights of this nature. But there are large portions of the Punjab, especially in the south-western districts, where there is nothing more remarkable than the liberality of the usages and agreements by which the landowners allow tenants to acquire rights of occupancy, and in these districts the difficulties of husbandry and the uncertainties of the harvests are so great that I think we may hope that these occupancy-rights will not diminish but will be continued with the same liberality as has existed in the past. I may mention that in the Sirsa settlement, a few years ago, we were surprised by the liberality with which, in spite of somewhat strained relations between landowners and tenants, the landowners at the last stage of the proceedings admitted of their own agreement tenant-rights in more numerous instances and over larger areas than were covered by the previously existing record. It is also just that I should acknowledge that in my dealings with the larger landowners of the Punjab I have in many cases found them willing to give to their tenants a larger measure of occupancy-right than might have been obtained by those tenants under the strict provisions of the law, and I am confident that the feelings by which these grants have been actuated will continue to exist."

The Motion was put and agreed to.

The Hon'ble COLONEL WACE also moved that the following be substituted for section 11 of the Bill, namely:

Continuance of existing occupancy-rights.

"11. Notwithstanding anything in the foregoing sections of this Chapter, a tenant who immediately before the commencement of this Act has a right of occupancy in any land under an enactment specified in any line of the first column of the following table shall, when this Act comes into force, be held to have, for all the purposes of this Act, a right of occupancy in that land under the enactment specified in the same line of the second column of the table:

PUNJAB TENANCY ACT, 1868.		THIS ACT.

He said:—"The amendment is a verbal one. Section 11 of the Bill as it at present stands is intended to secure to tenants who have been awarded rights under the Act of 1868 the privilege secured to similar tenants by the Bill under consideration. But the language used for the purpose is wanting in preciseness, and the proposed amendment is intended to remove this difficulty."

The Motion was put and agreed to.

The Hon'ble COLONEL WACE also moved that the Bill, as amended, be passed.

His Excellency THE PRESIDENT said:

"Before putting this Motion to the Council I desire to congratulate my colleagues in the Government, as well as the members of the Legislative Council, upon the successful termination which has been reached in this important matter. Undoubtedly we are under the very greatest obligation to those members of the Committee who have undertaken the responsible and laborious task of shaping this Bill in so careful and conscientious a manner. Although it is perfectly true that the proposed Act may, in some sort, be called an amending Act, there can be no doubt that any piece of legislation which touches such important and extensive interests, unless very carefully drawn, is liable to inflict both injury and injustice. I am quite convinced that, thanks to the ability and care with which the clauses of the Bill have been drawn, this danger has been reduced to a minimum. I think we are also very much indebted to the Government of the Punjab for the manner in which they have given their attention to the subject. I also wish to express on behalf of all my colleagues our thanks to Mr. Peile for the interesting and clear manner in which he—and no man is in a better position than himself to undertake such a task—has described the general scope and objects of the measure.

"With these few observations I now beg to put the Motion made by Colonel Wace that this Bill, as amended, be passed."

The Motion was put and agreed to.

PUNJAB LAND-REVENUE BILL.

The Hon'ble COLONEL WACE also moved that the Reports of the Select Committee on the Bill to amend and declare the Land-revenue Law of the Punjab be taken into consideration. He said:

"When the Bill was introduced into this Council and referred to the Select Committee nearly fifteen months ago, my predecessor explained that its main object was to bring the existing law into better agreement with the changes of practice which have been established both in the preparation of records of rights and in the administration of the land-revenue since the enactment in 1871 of the existing Land-revenue Act.

"The Bill has been subjected in Select Committee to the same careful examination as the Tenancy Bill, and the changes consequently made in it were explained in the Select Committee's first Report and in the remarks which I made in this Council when I presented that Report.

"I do not desire to add on the present occasion more than a few brief remarks on the principal matters dealt with by the Bill.

"As first introduced it was not confined to the subject stated in its title, but dealt also with the jurisdiction and procedure of Revenue Courts, and with applications to Revenue-officers arising out of the Tenancy Act. From the Bill as now reported for our final consideration all these additional subjects have been excluded. It is now strictly what its title purports, namely, a Bill intended to regulate the administration of the land-revenue, and to secure the preparation and due maintenance of those records which are essential to this end.

"Speaking first on the subject of records, I need not explain in this Council the importance which from a very early period in the present century has been attached by the Government to the preparation and maintenance of accurate records of the agricultural tenures of the country. Thirty-eight years ago, when the Punjab was annexed to the empire, no documents which in any way served this purpose existed in any part of the province. By the year 1860 a sufficient record had been provided in almost all districts except those situate on the

frontier, and by 1875 the record of the remaining districts was practically complete. But, so early as 1863, the Government, acting under the advice of its principal Revenue-officers, undertook in some of the most important districts of the Punjab a revision of the record-of-rights first prepared. I believe I am not wrong in saying that even at that early date there were officers among us who deprecated this revision, and would have preferred to have seen our efforts spent rather on the improvement of the annual papers than on the preparation of entirely new records. There were no doubt reasons of some weight for revising at least once the records-of-rights prepared immediately after annexation. But the course thus adopted certainly led up to results unfavourable to the general efficiency of our revenue-administration. It came to be tacitly assumed that we could not look for more than a very moderate standard of efficiency in the patwári agency or of correctness in their annual papers; and year by year, as exact legal procedure and organised administration added fresh demands on the attention of our officers, it was natural that they should feel less and less inclined to give much attention to records for the periodical revision of which the Government was willing to provide separate trained establishments.

"This Bill expresses the definite decision of Government against such periodical revision by a separate agency. And, while I do not desire to under-rate the additional responsibility thus thrown on Revenue-officers engaged in current administration, I believe that the patwári establishment—an establishment maintained by a not inconsiderable tax on the profits of the landowners—has attained to a standard of efficiency sufficient to warrant the adoption of the course on which we have now resolved; and that, if our Revenue-officers at the appropriate agricultural seasons give a fair share of their time to the direction and supervision of that agency, the annual records prepared by the patwáris will be as accurate and complete as for practical purposes need be desired. We shall no doubt often need to be content with records less elaborate and pretentious than would be prepared by a more highly trained special agency; but I do not think that this is a result that we need regret; for the task of keeping any records correct to date is so onerous that elaborations rarely lead to greater accuracy, while the attempt to attain them is usually burdensome equally to the agriculturist and to the administration.

"In the Chapters on the assessment and collection of the land-revenue we have refrained from introducing any changes in the existing practice. There is probably no province in India which presents a greater variety of agricultural conditions than the Punjab—conditions varying from the rich husbandry of the sub-Himalayan districts secured by a certain and abundant rainfall, to that of almost rainless tracts dependent entirely on irrigation from canals and on the autumn floods of the great Punjab rivers, or where there is neither irrigation nor river floods, and such indifferent crops of pulse and millet as can be raised are dependent on an uncertain rainfall of only a few inches. Indeed, I could name one Settlement-officer's charge which contains within its own limits most of these variations.

"In a province that contains tracts so variously circumstanced no prudent administrator can advocate any one form of assessment as exclusively applicable—neither the fixed assessment system which our officers introduced at annexation from the North-Western Provinces, nor the system of assessment by rates on the results of each harvest which we have borrowed from the Irrigation Department. We can only seek, as the Government demand in each tract comes under revision, to make an assessment on broad and simple grounds, deduced from the results of previous [illegible] tract assessments for fairly long terms where the profits of agriculture are secure and the tenures prosperous, or where the results of agriculture vary with causes beyond the control of the landowners to limit our demand to rates assessed on the results of each season; but under all circumstances basing our success as revenue-administrators rather on a careful adaptation of existing systems to the varying requirements of each tract, than on any set system framed in the ambitious hope of anticipating by official rules results that can be reached only by the safe teachings of a wider experience than we at present possess. Whether when the agriculture of the province has been secured against the fluctuations

and uncertainties which at present surround it, and the average standard of agricultural skill and resources is higher than that now prevailing, it will be practicable to attain to a more uniform system is a question beyond the limits of our present task and duties.

"The chapter on surveys and boundaries is in very much the same condition as that in which it stood in the Bill when introduced.

"That on the partition of land has been added by the Select Committee. In the original Bill this important subject was disposed of in three sections. In the Bill as revised the established practice of the province previously expressed in the rules under the existing Land-revenue Act have been incorporated together with some additions from the law of the North-Western Provinces. And the chapter thus framed will, I believe, bring about a much-needed improvement in the manner in which this important class of business has hitherto been treated.

"The chapter on arbitration also is added from existing rules. There are some provisions in this chapter, especially that which enables a Revenue-officer to set aside the award of an arbitrator, which have provoked adverse comment. But I am convinced that these provisions cannot be altered without largely discouraging the employment of an agency from which our Revenue-officers have hitherto derived much assistance. The original civil procedure rules of the province contained similar provisions in respect of arbitrators; but with the introduction of the Civil Procedure Code of 1859 the award of arbitrators was made final, and can now only be set aside on very special and limited grounds. The result of this change has been to almost entirely put an end to the employment of arbitrators in civil causes, litigants with some reason declining to trust their interests to agents against whose decision, however faulty, there was practically no remedy. I doubt whether, even as regards civil causes, this result is not to be regretted. But, as regards the class of cases dealt with by the Land-revenue Act, it would be matter for regret if by a change of law for which no necessity has been felt, and which would be supported rather by an analogy drawn from the civil law than by the merits of the case, we were to make it difficult for our Revenue-officers to avail themselves of the assistance of the principal men among the agricultural classes.

"Of the remaining provisions of this Bill I do not think it is necessary for me to speak particularly."

His Honour THE LIEUTENANT-GOVERNOR said:

"I observe that this Bill seems to have attracted a comparatively small share of public interest, judging from newspaper comments and the opinions received since its introduction and publication. But as it now stands, after the exclusion of the chapter intended to apply to village waste-lands and other minor modifications made by the Committee, I do not think this small extent of public interest and criticism remarkable, for the Bill confers on the Executive no new powers encroaching on private rights.

"The Bill in fact will effect no important change in the substantive law, though it will greatly improve its expression; in some directions it will make the law more flexible, and so get rid of technical difficulties and useless restraints which the wording of the old Act has been found to impose: in other directions it will make the law more precise and definite, and so greatly reduce the number of subjects left open to be dealt with by rules.

"I concur in the remarks made by the hon'ble member in charge of the Bill on the chapters which deal with the subjects of records and assessments. I will only add that the old system of elaborate survey and compilation of records, carried out by large special establishments as an accompaniment to the periodical re-assessments of the revenue, was necessary in the past, but that it is in every way an advantage to be able to give the system up, as it was a great tax on the people, and often stirred up unnecessary litigation. The annual papers which will be prepared hereafter are no more elaborate than those which have always been demanded from the patwáris, but it is to be hoped and expected that in future they will be presumably true, not only in law but also in fact: formerly no presumption of the kind could be attached to them, as the

system was quite inefficient. The practice of accepting annually from the patwáris a mass of returns known to be generally fudged and unreliable was demoralizing to our officials and worse than useless. In respect to assessments, there were some sections in the old Act which, strictly interpreted, prescribed a procedure almost impossible to follow, and different from the practice which has always prevailed in this and other provinces: the Bill makes the law accord with the practice, and also puts on a clear legal basis the system of fluctuating assessments which it has been found necessary to adopt for the benefit of landholders in certain parts of the Punjab.

"In the chapter relating to collection of the land-revenue the assertion of the rule that the land-revenue is a first charge on the land is an old principle, the omission of which from the Act of 1871 is difficult to explain. The rule is required not only to protect the public revenue, but also to protect indebted landholders from Civil Court proceedings which might result in forcing the Revenue-officers to confiscate the landholders' title to the land.

"No new powers to enforce collections have been taken in this chapter, and some of the old powers have been modified by softening provisos.

"The sections in the chapters on partition and arbitration merely supersede with some important additions the rules on the subjects passed under the old Act and are better expressed. I agree with the hon'ble member in charge of the Bill in anticipating that the chapter on partition will much improve the procedure in these cases to the great benefit of the interests of the people concerned. The provision in section 117 which gives the Revenue-officer conducting a partition power to himself determine questions of title which arise, instead of referring objectors to a Civil Court, will, in my opinion, result in the quicker and better decision of those cases.

"I believe that the power to prevent illegal encroachments by co-sharers on common lands, contained in section 62, will prove a most useful provision. Cases of the kind are very common in the Punjab and create much litigation. On behalf of the Local Government I accept the Bill as a very useful amendment of the existing law, and believe that it may be safely passed by the Council."

The Hon'ble MR. PEILE said:

"I have less to say on this Bill, which deals chiefly with procedure, than on the more important Tenancy Bill, which deals with substantive rights. In one respect the Bills are alike, namely, that as the Tenancy Bill will take the place of the first directly enacted land law for the Punjab, so this Bill is to be substituted for the more elementary Act, which was rough hewn by Sir Fitzjames Stephen in 1871 out of the mass of Regulations and circulars which were appointed as a guide for the earlier revenue-administration. In fact, that first directly enacted revenue law for the Punjab was the first of its class in Northern India; and it was important as, among other things, assigning a definite legal effect to records-of-rights. As this Bill has been drafted and edited with great care and has met with general acceptance, it is needless for me to examine its provisions in detail, but I may advert to one chapter of it on which His Honour the Lieutenant-Governor and the hon'ble member in charge have both dwelt at some length, and which may perhaps claim to give effect to a part of the administrative policy of the Government of India more exactly than the other provincial Land-revenue Acts which have been enacted between 1871 and this date.

"I am speaking of Chapter IV, which directs how the record-of-rights in land shall be maintained. This chapter is distinct from those which treat of the assessment of land-revenue and of surveys, but that is not what makes it remarkable, for even Regulation IX of 1833 enacted that the preparation of the record-of-rights need not be conducted simultaneously with the ascertainment and determination of the amount of the Government demand; and in the Act of 1871 which we propose to repeal a re-settlement may be either for the re-assessment of revenue or for the revision of the record-of-rights. But the Act of 1871 further enacts that a record-of-rights once sanctioned shall not be revised until a district or area is again put under settlement. Now, the effect of that is that the record-of-rights prepared at the settlement becomes year by year more

incorrect as the term of settlement runs on, and the village-registers, which note the matters wherein it requires correction, are mere memoranda kept with a view to the next periodic revision, and not in themselves vested with any legal validity. But, under Chapter IV of this Bill, the Revenue-officer will prepare an annual edition of the record-of-rights corrected up to date, entries in which will be presumed to be true until the contrary is proved or a new entry is lawfully substituted therefor; and in this way not only will there be at all times a correct record available as evidence in suits, but when the time for revising the assessment comes, the officer who performs that duty will find ready to his hand a great part of the data which are now specially worked up after long intervals, at no small cost, and with no little trouble to the agricultural people.

"It is hoped that by these means the revision of assessments may always take place at once as soon as the term of settlement expires. A large saving and an important gain to the public revenue has been secured in this way in other provinces. The reform is part of a larger administrative improvement which is designed to increase our knowledge of the conditions of agriculture by the observation and collation of facts, with a view to assure ourselves of the equable and discriminating assessment of the land-revenue. The claim of the State to a share of the produce of land in India is not unpopular because it is sanctioned by immemorial custom, and it would be a most indefensible breach of public duty to be careless in the stewardship of this great branch of the public income, which Sir Fitzjames Stephen, in the debate on the Act which we are repealing today, justly called the mainstay of Indian finance. But, if the demand of the State on the profits of agriculture must be firmly kept up to its legitimate proportions in justice to the financial interests of the Empire, the Government is all the more bound to assure itself by every means of investigation open to it that the incidence of its assessments is equably and uniformly adjusted to the value of the land."

The Motion was put and agreed to.

[redacted] (4), of the Bill, the following be substituted, namely :—

"(4) At some time before the expiration of that term the Collector shall determine the assessment to be paid in respect of the estate or holding for the remainder of the term of the current assessment of the district or tahsil, and, when that assessment has been sanctioned by the Financial Commissioner, shall announce it to the landowner."

He said :—"This is a verbal amendment, and its object is to bring the language used in this section relating to a particular and occasional assessment into better agreement with that used in respect of assessments generally in the chapter of the Act which deals with this subject."

The Motion was put and agreed to.

The Hon'ble COLONEL WACE also moved that the Bill, as amended, be passed.

His Excellency THE PRESIDENT said :

"In putting this Motion, now that Colonel Wace has crowned his work by the successful passing of these two important Bills, I desire, on the part of the Government of India, to offer to him our very best thanks. There is no doubt he has displayed a great amount of industry and ability in discharging the important task which has fallen to his lot, and personally I am most obliged to him.

"I also desire to express to our hon'ble colleague Nawáb Nawázish Ali Khán our very best thanks for his valuable assistance, and for having thus enabled his colleagues and the Government of India to profit by his great local knowledge and his advice. I am sure it has been a satisfaction to all of us to know that in a matter in which our hon'ble colleague is so deeply interested both these Bills should have received his warm and hearty support."

The Motion was put and agreed to.

ALLAHABAD UNIVERSITY BILL.

The Hon'ble MR. QUINTON moved that the Report of the Select Committee on the Bill to establish a University at Allahabad be taken into consideration. He said :

"We have received numerous criticisms on the Bill from the Government of the North-Western Provinces and Oudh, from gentlemen interested in the subject residing in those provinces, and from some members of the Senate of the Punjab University. We have also been favoured with a written opinion from our hon'ble colleague Rana Sir Shankar Baksh Singh, who was prevented attending this session of Council, in which he expresses approval of the measure. These opinions and criticisms we have carefully considered, and in accordance with many of them we have cleared up what appeared to be ambiguities in the wording of the Bill as introduced, and have endeavoured to remedy defects which experience has brought to light in the working of the Punjab and other University Acts.

"I need not detain the Council by dwelling on these changes, the more important of which are set forth in our Report. I proceed at once to make some observations on the constitution of the University, the point in the Bill which has been mainly selected for adverse comment. We have made no change in the constitution and functions of the University, which will be, as originally proposed, an examining body with power in process of evolution to develop into a teaching body. It will consist of a Chancellor, Vice-Chancellor and Fellows, with whom when assembled as a Senate will rest the entire management of, and superintendence over, its affairs, concerns and property. Before the University can come into existence its component parts must be created, and therefore the Bill of necessity nominates the persons who are to be the first Chancellor, Vice-Chancellor and Fellows. This necessity appears to have been overlooked by a few of the critics of the measure. The first Chancellor will be the present Lieutenant-Governor of the North-Western Provinces and Chief Commissioner of Oudh, as I stated at an earlier stage of the Bill. The first Vice-Chancellor will be the Hon'ble Sir John Edge, Chief Justice of the High Court of the North-Western Provinces. This nomination will, I have no doubt, commend itself to the Council not only on account of the personal merits of the nominee but also because from the fact of his holding a high office at Allahabad the Vice-Chancellor will be able to preside over all, or at least all the more important, meetings of the Senate and Syndicate and to guide their proceedings with weight and effect.

"The first Fellows will be found in Parts I and II of the schedule to the Bill. Part I contains a list of officers in the service of Government. On a former occasion I explained the reasons for which it was deemed advisable that the incumbents for the time being of such offices should be Fellows of the University. We have added to the list entered in the Bill as introduced the Chief Commissioner of the Central Provinces and the Agent to the Governor General in Rajputana, as we hope that both the Central Provinces and Rajputana, where there are at present colleges imparting high education, will soon send students to our University. The Government of the North-Western Provinces and Oudh accepted a proposal to limit the number of *ex officio* Fellows and suggested a maximum of twelve, but on consideration the Select Committee came to the conclusion that such a limitation might prove inconvenient in practice and decided to make no change on this point in the Bill as introduced.

"We were unable to attach much weight to a general objection to the institution of *ex officio* Fellowships as giving Government excessive influence in the management of the University. There is nothing in the circumstances of the infant Allahabad University which will enable her for a long time to dispense with the official support and guidance which have been found necessary in the case of her elder sisters at Calcutta, Madras, Bombay and Lahore. The educated classes within the sphere of her operations are not yet so numerous as to afford a sufficiently wide field for the selection of persons who could safely be entrusted with the control of higher education in an area of such vast extent, and are not so influential with the general public as to

draw them on to a practical appreciation of that education, when unaided by the prestige and authority of the Executive Government. By the measure before us Government is committing large though indirect powers of control over the education of the people to the institution established by the Bill, and it is our duty to make such provisions in regard to its constitution as will ensure that those powers will be properly and efficiently exercised and that they will not be abused.

"On this point and also on some proposed additions to the *ex officio* list Sir A. C. Lyall writes as follows:

'The institution of *ex officio* Fellows, and the power conferred by the Bill on the Local Government to specify the offices to which Fellowships should be attached, have met with some adverse criticism. The Hon'ble Mr. Justice Mahmud, who combines with the education of an English University an intimate knowledge of the people of these Provinces and whose opinion is therefore of special value, while he admits that there are good reasons why the Bishop of Calcutta, the Chief Justice of the North-Western Provinces and the Director of Public Instruction should be *ex officio* members of the Senate and Fellows of the University, would either restrict the distinction to those appointments or, if it were thought necessary to attach it to others, would greatly add to the number specified in the first schedule of the Bill. As a member of the governing body of the Muhammadan College at Aligarh, he objects to the distinction which seems to be drawn between the Principals of Government colleges and the Principals of colleges which have been founded or are supported by the people, and suggests that either the former be struck out of the schedule or the names of the latter added to it. After full consideration, the Lieutenant-Governor is unable to recommend any alteration of the Bill in this respect. The reasons for the present rule are found in the wording of section 5 (*a*), which limits the nomination of *ex officio* Fellows to persons who hold offices under Government, and who would not, therefore, be at liberty either to decline the appointment or to abstain from taking such a part in the business of the University as Government might allot to them. But gentlemen who are at the head of the independent colleges are in a different position; and to enter them in the Act as Fellows *ex officio* might expose the Government to the risk of anomalies and embarrassment. All the present heads of independent colleges have been nominated by Sir Alfred Lyall as Fellows in Part II of the schedule, and there is no reason to suppose that the claims of their successors will be overlooked. When the principle on which the distinction is made is understood, it is not likely to be regarded as in any way invidious, nor indeed does the Hon'ble Saiyad Ahmad Khán Bahádur C.S.I., the founder and Principal of the Aligarh College, take any objection to it in the opinion with which he has favoured this Government. That there should be a small number of *ex officio* Fellows to form a permanent nucleus to the Senate seems hardly open to dispute and is not gainsaid by Mr. Justice Mahmud. His suggestion, that a general power be given to the Local Government to specify such independent or aided colleges as are affiliated to the University and possess a sufficiently high status to entitle their Principals to *ex officio* Fellowships, has also been attentively considered. But here again the objection already explained stands in the way, while it has also to be remembered that a college thus specified might not maintain the standard of teaching in regard for which the Fellowship should have been made *ex officio*.'

"Part II contains the list of first Fellows other than those appointed *ex officio*—32 in number—and has been drawn up so as to include qualified representatives of all classes likely to be interested in the success of the University.

"In the printed papers on the Bill will be found letters from gentlemen connected with the Educational Department in the North-Western Provinces which express regrets and apprehensions that sufficient influence has not been given to Principals and Professors of colleges in the constitution of the University. When those letters were written the list contained in Part II of the schedule had not been published. An analysis of that list shows that of the 32 Fellows named in it 16 are or have been directly concerned with education in the united provinces.

"The services in the cause of education of my hon'ble friend Saiyad Ahmad Khán Bahádur are well known to the members of this Council. He is the founder and practically still the manager of the Anglo-Muhammadan College at Aligarh, a flourishing institution which numbers its students by hundreds and is rapidly diffusing among our Muhammadan fellow-subjects a widespread desire for that higher English education from which they have hitherto in a great measure kept aloof.

"Rájá Siva Prasad, of Benares, was for many years employed in the Educational Department of the North-Western Provinces, where his intelligent labours earned for him special reward and distinctions.

"Besides these two gentlemen the list includes the Principals of five aided colleges, seven Professors or ex-Professors of Colleges and two Inspectors of Schools, and Part I enrols among the *ex officio* Fellows the Director of Public Instruction and the Principals of the Government Colleges at Allahabad and Benares. Unless it be determined to make over the entire management of the University to what is after all a small body of professional teachers in the united provinces, I think their representation in the governing body of the University cannot be considered inadequate. Great as are the professional abilities, zeal and attainments of those gentlemen, we are not prepared to recommend that the just influence they may hope to maintain in the direction of the studies prescribed by the University should be untempered by the wider experience of the educational needs of the inhabitants of the united provinces which we may hope to gain from the representation in the Senate of the views of classes other than professional educationists. The identity of the teaching and examining staff is also as far as possible to be avoided in a University which, like this, aims at ultimately combining teaching with examination. In the debate on the Punjab University Bill in 1882, the late Law Member, whose opinion on the subject is entitled to especial weight, stated that from his English experience he knew the risk to be real and substantial if this principle were disregarded.

"In addition to the gentlemen directly connected with education in the North-Western Provinces, the list of first Fellows contains the names of several others who from their academic experience, professional avocations or interest evinced in the cause of education are likely to contribute to the successful management of the University.

"We have by an alteration in the Bill as introduced, in partial accordance with a recommendation of the Lieutenant-Governor, empowered the University to confer degrees of Bachelor and Doctor of Laws without reference to the Government of India. The local High Court is therefore largely represented in the Senate by the Vice-Chancellor, by two others of its learned Judges, by one of its Advocates and one of its Pleaders. Three Fellows are taken from the Covenanted, one from the Uncovenanted, Civil Service; three from the Medical, and one from the Engineering; professions. The Taluqdárs of Oudh furnish one Fellow whose literary abilities and liberal encouragement of education on his estates would under any circumstances entitle him to a place in the list, in which also fitly appear the names of two gentlemen from the same province, one of whom is an enterprising publisher of Vernacular works which he disseminates through India, Persia and Central Asia, and the other is a Master of Arts of the Calcutta University to whom we are indebted for several useful criticisms on the Bill."

The Motion was put and agreed to.

The Hon'ble MR. QUINTON also moved that the Bill, as amended, be passed.

The Motion was put and agreed to.

KING OF OUDH'S ESTATE BILL.

The Hon'ble MR. SCOBLE moved that the Bill be taken into consideration. He said:—"This Bill, copies of which have been laid on the table since the sitting of the Council began, consists of three sections the effect of which I will briefly state. The first section gives the Governor General in Council exclusive authority to act in the administration of the property of whatever nature left by His late Majesty the King of Oudh, in regard to the settlement and satisfaction of claims against the estate of His late Majesty and to make distribution of the remaining property or the proceeds thereof in such manner as he deems fit among the family and dependents of His late Majesty; and it also provides that no act done by the Governor General in Council in connection with the administration of the property shall be liable to be questioned in any Court.

"The second section indemnifies the Agent to the Governor General (who, as I have already stated, is in possession of the property of His late Majesty in his house at Garden Reach at Calcutta) and all persons acting under his orders from liability in respect of all acts done by him or them since the 20th

of September, the date of His Majesty's death, in connection with the preservation and administration of the estate of His late Majesty; and provides that no suit or other proceeding shall be instituted in any Court against him or them or against the Secretary of State for India in Council in respect of those acts or any of them.

"The third section is designed to prevent the possibility of any testamentary or other disposition of the estate made by His late Majesty from taking effect adversely to the administration of the estate by the Government, and to nullify any proceedings which may have been or may be instituted before any Civil Court for administering the estate, and it also provides that any person who under any probate, letters of administration or certificate or otherwise has received any portion of the estate of the King shall be bound to account for such property to the Government of India or to such officer as may be appointed in this behalf."

The Motion was put and agreed to.

The Hon'ble MR. SCOBLE then moved that the Bill be passed.

The Motion was put and agreed to.

The Council adjourned to Thursday, the 6th October, 1887.

POLICE BILL, 1887.

The Hon'ble MR. PEILE moved for leave to introduce a Bill to amend the Law relating to the Regulation of Police. He said:

"The reason for this Bill is the difficulty found in dealing with the police of a Railway system under the General Police Act V of 1861, and the Local Police Acts of the Madras and Bombay Presidencies, which restrict the employment of police officers to the presidency, province or place of the police establishment of which they are members. The object of the Bill is to enable the Governor-General in Council to create a general police district embracing parts of two or more provinces, over which a Railway system extends. That object is carried out in section 2 of the Bill. The 3rd section is to enable the Government in case of emergency to bring the police force of one presidency to bear upon the scene of a disturbance in another presidency. The Bill therefore provides in section 3, that a member of the police force of any presidency or general police district, may be employed in any other presidency or police district, and while so employed shall be deemed to be a member of the police establishment of that other presidency or district."

The Motion was put and agreed to.

The Hon'ble MR. PEILE also introduced the Bill.

The Hon'ble MR. PEILE also moved that the Bill and Statement of Objects and Reasons be published in the Gazette of India in English, and in the local official Gazettes in English and in such other languages as the Local Governments think fit.

GAME PROTECTION BILL.

The Hon'ble MR. SCOBLE moved that the Report of the Select Committee on the Bill for the Protection of Game be taken into consideration. He said:

"The communications laid before the Select Committee with reference to this Bill show a general consensus of opinion in favour of legislation on the subject. Where objection has been taken, it has been, not to the principle of the Bill, but that it does not go far enough. We have endeavoured to meet this objection to some extent, and the Bill is now submitted to the Council not as a Bill for the protection of game, but as a Wild Birds' Protection Bill. The term 'wild bird' is left to be defined by the local authorities in each case according to local circumstances, but it is expressly declared to include

peacocks which, whether tame or wild, are objects of veneration in many parts of the country. It will also admit of protection being given to insectivorous as well as game birds, a matter as to which the Government of Madras is very solicitous. And it will operate to prevent the indiscriminate slaughter of birds for their plumage. Upon this point let me quote the testimony of two or three witnesses. The Magistrate of the 24-Pergunnahs writes that 'it is paddy-birds, fly-catchers and other birds not usually called game that chiefly need protection. These birds are of great use as destroyers of insects, but are eagerly sought after for their plumage, which is brightest during the breeding season. They are therefore in some places becoming quickly exterminated.' From the other side of India, the Commissioner in Sindh reports that 'as many as 30,000 black partridges were destroyed in a very few days, in one or two of the northern talukas of Sindh, with a view to supply the demand from Europe for the skins. The Commissioner believes this demand still continues, and unless destruction of the birds is checked during the breeding season, there will soon be no black partridge in the country.' The Lieutenant-Governor of the Punjab testifies to the same effect. 'The European demand' he says, 'for the skins of birds of bright plumage is said by competent observers to have done much harm in some parts of India, as these birds are often of very useful insectivorous varieties. The rural populations are sorry to see them destroyed, while the only persons interested in the trade are the exporters and a few professional netters and snarers employed by them.' By empowering municipal and cantonment authorities to make rules fixing a close season for any kind of wild bird, and imposing a penalty on the possession or sale of such birds, if recently killed or taken, during that season, I hope that we have sufficiently guarded agricultural as well as sporting interests, while it may safely be left to Local Governments to see that the rules occasion no unnecessary interference with the course of trade.

"As this is a tentative measure, we have not thought it desirable to give District Boards the powers conferred by it on municipal and cantonment authorities.

"In the Bill as it originally stood, it was provided that a Magistrate should not take cognizance of an offence under it except on the complaint of the local authority or of some person authorized by that authority. It was pointed out that this might have the effect of reducing the Act to a dead letter, and the Committee has accordingly omitted the clause.

"In regard to penalties the Committee has followed the precedent of the English Acts by imposing enhanced penalties for repeated offences, and directing the confiscation of the bird or plumage in respect of which the offence was committed.

"Finally, power has been given to Local Governments to extend the provisions of the Act to animals of game other than birds."

The Motion was put and agreed to.

The Hon'ble MR. SCOBLE also moved that the Bill, as amended, be passed.

The Motion was put and agreed to.

INLAND BONDED WARE-HOUSES BILL.

The Hon'ble MR. WESTLAND moved that the Report of the Select Committee on the Bill to provide for the establishment of bonded ware-houses at places other than customs-ports be taken into consideration. He said:

"The object of the Bill was to remedy a defect in the Sea Customs Act, 1878, in consequence of which it became impossible to appoint or license bonded ware-houses at places other than customs-ports. The Bill is therefore little more than a formal one. It was introduced to meet an actual demand of trade in Bengal and it has been fully approved by the various maritime Governments, and by the Revenue authorities and Chambers of Commerce to whom they referred it for opinion."

The Motion was put and agreed to.

The Hon'ble MR. WESTLAND also moved that the Bill be passed.

The Motion was put and agreed to.

POLICE BILL, 1887.

SUNDRY BILLS.

The Hon'ble MR. SCOBLE moved that the Hon'ble Sir Charles Aitchison be substituted for the Hon'ble Mr. Peile as a member of the Select Committees on the following Bills:

To consolidate and amend the law relating to Guardian and Ward.

To amend the Code of Civil Procedure and the Indian Limitation Act, 1877.

To consolidate and amend the law relating to the Protection of Inventions and Designs.

To consolidate and amend the law relating to Courts in Lower Burma.

To amend the Indian Stamp Act, 1879.

To make better provision for recovering certain public demands.

[1] Tenders made in accordance with these instructions will also be received by the Accountant-General, Bombay, on account of the Comptroller-General, Calcutta, on the 1st August and up to 11 o'clock local time (corresponding with 12 o'clock in Calcutta) on the 2nd August; provided that—

11. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates (after credit of the deposit under clause 4 (*b*)) will be made payable upon the 13th September.

Otherwise the whole amount of each allotment will be divided into three instalments, as follows:

Instalment I—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 16th August:

Instalment II—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 13th September:

Instalment III—The balance, payable upon the 18th October:

and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 500.

12. Any allotment-certificate will, on application to the Comptroller-General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations, provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

13. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal, or Madras, or Bombay, or in any Branch of these Banks, or into any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras, and Bombay, or their Branches, or by the Officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

14. (*a*) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, promissory notes of such values as he may desire (each note being in even hundreds and not less than Rs. 500), bearing interest from 1st November, 1887, and he will also receive interest at 4 per cent. per annum from the dates on which he may have made payment till the last day of October, 1887.

(*b*) Or he may, at his option, by paying interest at the said rate from 1st May, 1887, to the dates on which he may have made payment, obtain promissory notes as above, bearing interest from 1st May, 1887.

15. The minimum rate at which tenders will be accepted will be recorded under the signature of the Comptroller-General, and, before the tenders are opened, placed upon the table in a sealed envelope, but will not be declared unless some tender is rejected only because it is below the recorded minimum.

8. Tenders will be opened, publicly, by the Comptroller-General at the Treasury Buildings, Calcutta, at noon (Calcutta time) on Tuesday, the 2nd August next, and those received under the terms of the footnote under clause 4 will be similarly opened by the Accountant-General, Bombay, at 11 o'clock (Bombay time) on the same day; but the contents of the tenders will not be disclosed otherwise than as provided in clause 10.

9. Tenders at the recorded minimum rate, and at rates above the recorded minimum rate, will be accepted in the order of the rates tendered, beginning with the highest rate; the amount allotted at the lowest rate at which tenders are accepted will be divided amongst those who have tendered at this rate, in proportion, as nearly as may be found convenient, to the amounts of their tenders: provided that no allotment will be issued if the amount distributable on any [illegible] is less than Rs. 500.

[illegible] all due to claims by the Accountant-General, Bombay, on account [illegible] a check issued from Bombay corresponding with 12 o'clock in [illegible]; or by the tenderer at his office (where a receipt will be given for them);

(*b*) they are made on printed Forms, to be obtained at his office or at the Bank of Bombay;

(*c*) each tender is for not less than Rs. 10,000;

(*d*) that the deposit is either a promissory note, or a check on a Bank in Bombay;

(*e*) that the amount of the tender is made payable either in Bombay or in Calcutta;

and he will return deposits on non-accepted tenders, and will issue allotment-certificates so far as the tenders are payable in Bombay.

[1] *It is particularly requested that such Promissory Notes may NOT be endorsed to the Comptroller-General.*

10. To each tenderer (or to his agent) whose tender is accepted in whole or in part, such number of allotment-certificates as may be necessary to make up the aggregate amount allotted to him will be issued by the Comptroller-General[1] as soon as possible after the 2nd August; and an alphabetical list of the names of those to whom such allotment-certificates are issued will be posted, for general information, at the Head Offices of the Banks of Bengal, Madras, and Bombay.

11. If the allotment made on any tender is less than Rs. 3,000, then the whole of the allotment-certificates (after credit of the deposit under clause 4 (*b*)) will be made payable upon the 13th September.

Otherwise the whole amount of each allotment will be divided into three instalments, as follows:

Instalment I.—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 16th August:

Instalment II.—As near as convenient to 35 per cent., but not exceeding 35 per cent., payable upon the 13th September:

Instalment III.—The balance, payable upon the 18th October:

and allotment-certificates will be issued for each instalment separately.

But the whole or any part of any accepted tender may be paid at any time after receipt of the allotment-certificates.

The words "as near as convenient" refer to the necessity for making each instalment an exact multiple of Rs. 500.

12. Any allotment-certificate will, on application to the Comptroller-General, be exchanged for an equivalent amount of allotment-certificates of smaller denominations, provided that if any payment (beyond the deposit) is recorded upon the cancelled certificate, it can be taken against, and recorded upon, only one of the certificates issued in exchange.

13. Payment of any allotment-certificate may be made to the account of the Government in the Head Office of the Bank of Bengal, or Madras, or Bombay, or at any Branch of those Banks, or at any Public Treasury or Treasuries in India which may be named in the tender in respect of which it was issued. Receipts for such payments will be given by the Banks of Bengal, Madras, and Bombay or their Branches, or by the Officers in charge of the Government Treasuries at which payment is made, by enfacement upon the relative certificate.

14. (*a*) When any allotment-certificate is fully paid up, the holder will, on presenting it duly receipted at the place where it was paid, obtain from the Public Debt Office, Calcutta, promissory notes of such values as he may desire (each note being in even hundreds and not less than Rs. 500), bearing interest from 1st November, 1887, and he will also receive interest at 4 per cent. per annum from the dates on which he may have made payment till the last day of October, 1887.

(*b*) Or he may, at his option, by paying interest at the said rate from 1st May, 1887, to the dates on which he may have made payment, obtain promissory notes as above, bearing interest from 1st May, [illegible]

15. The holder of a paid-up allotment-certificate may also, on special application, obtain promissory notes with coupons attached, or stock certificates (Form B) with coupons attached, and payable to bearer, in accordance with the loan Notification of this Department, dated 27th June, 1881 (*i.e.*, *The Four Per Cent. Loan of 1881*, forming part of *The Four Per Cent. Loan of 1st May, 1865*). In such cases the first coupon issued will be that which falls due on 1st May, 1888.

[1] For tenders received by the Accountant-General, Bombay, and payable at Bombay, the Accountant-General, Bombay, will issue the allotment-certificates.
