9. On such mutation a fee of Rs 1-4 per cent. on the income of Khalsa, and Rs 2-8 on that of Muafi lands shall be levied; provided that the minimum fee shall be 4 annas for Khalsa and 8 annas for Muafi lands. An extract from the register (Form No. I), showing the amount of fees levied, and the dates of payment into the Treasury, shall be sent once a month to the Collector.

UNDER SECTION 73.

Payment of Revenue.

12. The revenue shall ordinarily be paid at the head-quarters of the Tehsil to the Tehsildar or such subordinate as he, with the sanction of the Collector, may appoint to receive it. With the permission of the Collector, the revenue may be paid direct into the head Treasury.

13. The instalments of revenue shall be paid on the dates fixed at settlement, namely, 1st January and 15th June in each year.

14. All money paid into the Tehsil shall be accompanied by an arz irsal.

The arz-irsal shall first be taken to the Wasilbakinavis, who shall, after verifying the correctness of the payment, endorse it for payment to the Tahvildar (Treasurer).

15. No native officer other than the Tahvildar (Treasurer) shall on any account receive or keep any public money whatever.

16. In all cases in which land revenue and cesses are due, the sum paid shall first be credited to cesses and the balance, if any, to land revenue.

17. On receipt of the arz-irsal endorsed by the Wasilbakinavis, the Tahvildar shall take the money, and enter the payment in his own siaha, and endorsing the arz-irsal with his receipt, pass it to the Siahanavis.

18. The Siahanavis shall on the authority of the Tahvildar's receipt, enter the sum as paid in his siaha, and shall draw out the dakhila or receipt, which, after having been duly signed by the Tahvildar and the Tehsildar or other officer in charge of the Tehsil, shall be given to the payer.

19. Information of the credit shall then be given to the Wasilbakinavis, who shall note the same in his khatauni (ledger), initialling the siaha to show that he has done so.

20. The dakhila bahis shall be kept in printed counterfoil registers, each book containing one hundred duplicates bound up and paged.

21. At the end of each day, and before the siaha is sent to the head office, the Wasilbakinavis and the Siahanavis shall compare the siaha with the khatauni, item by item, and the Wasilbakinavis shall number each item in the khatauni with the number borne by such item in the siaha. The Siahanavis and the Tahvildar shall then compare the totals of their siahas, and at once bring to the notice of the Tehsildar or officer in charge of the Tehsil, any discrepancy they may discover. The dakhila bahi shall then be compared with the siaha by the Wasilbakinavis and the Siahanavis.

22. To each arz-irsal, a serial number shall be given, according to the order in which the money is credited in the Tahvildar's roznamcha or daily ledger. The series of these numbers shall com-

mence daily, and the Tahvildar shall number each irsal before passing it to the Siahanavis. The same numbering shall be shown in the daily siaha, in the Wasilbakinavis' khatauni, in the dakhila, and in the record of any payments kept up for special departments.

UNDER SECTION 110 (a).

Assessment of Land Revenue.—Lands variably assessed.

23. Of land variably assessed to revenue, there shall be two classes:—

Class 1.—The portions of villages lying in the beds of certain tanks which are liable to submergence, and which have been demarcated by the Settlement Officer.

Class 2.—Whole villages in which a standard revenue has been assessed on a standard cultivated area by the Settlement Officer.

24. In lands of class 1, the cultivation of each harvest shall be recorded and measured up. The revenue due shall be found by applying to the cultivated area the rate or rates fixed by the Settlement Officer at settlement.

25. In variably assessed villages (class 2), the assessments shall be made by a rate varying between a maximum and minimum assessed at settlement on the cultivated area found under the rules hereinafter provided. The standard rate on which variation is calculated is the rate for the dry cultivation, and to it as a basis all other rates in the village must be referred. All the other rates are multiples of the dry rate, and to find the dry unit area, the area under each class of cultivation (chahi, talabi, abi and dry) must be multiplied by the multiple of its own class.

NOTE.—When the rate falls below the minimum, the minimum rate shall be collected and the excess credited to Government; when the rate rises above the maximum, the maximum rate only shall be collected and the balance of the revenue remitted.

26. The area to be assessed shall comprise all cultivation except that of Muafi and Bhum lands.

27. The record of measurements for purposes of assessment shall give the necessary details for—

1. Lands assessable at well (chahi) rates;
2. Lands assessable at tank (talabi) rates;
3. Lands assessable at wet (abi) rates;
4. Lands assessable at dry rates.

28. The assessments shall be made under the superintendence and orders of the Collector.

29. In determining the rates of assessments, the following general rules shall be observed:—

(a) The rate for the autumn (kharif) harvest shall be struck on the completion of the records of that harvest at a time when the prospects of the ensuing spring (rabi) harvest are fairly well known. The rate to be taken will depend partly on the area under crops in the autumn harvest, and partly on the prospects of the ensuing spring harvest, and shall, subject to the maximum and minimum referred to in Rule 25, be so fixed that the revenue of the whole year may be collected in full without loss or balance. Provided that if, with a view to making good any possible loss of revenue by failure of the rabi harvest, a rate higher than the minimum rate is imposed in the kharif, allowance shall be made for the excess when the rabi assessment is being made, and the assessable area for the whole year is known, and conversely if, at the time of making the assessment for the rabi harvest, it appears that the kharif assessment ought to have been made at a higher rate than that actually assessed, the deficiency shall be recovered along with the rabi instalment.

(b) The rate for the spring (rabi) harvest shall, subject to the rule of maximum and minimum referred to in Rule 25, be found by dividing the balance of the assessment of the year not assessed in the autumn (kharif) harvest by the conventional area of the spring harvest.

(c) Lands irrigated from a well, existing as such at Mr. LaTouche's settlement, shall be liable to assessment at well (chahi) rates.

(d) Lands irrigated from a village tank or nadi, existing as such at Mr. LaTouche's settlement, shall be liable to assessment at the same rate as lands assessed as irrigated from such tank or nadi.

(e) Lands cultivated in the beds of village tanks or nadis, existing as such at Mr. LaTouche's settlement, shall be liable to assessment at abi rates.

(f) Lands irrigated from a well or village tank or nadi not existing as such at Mr. LaTouche's settlement, or lying in the bed of such village tank or nadi and cultivated, shall be assessed as dry.

(g) Lands assessed at settlement as irrigated or as abi but growing dry crops only shall be assessed as dry.

Explanation.—Irrigated includes irrigation from wells, village tanks, and nadis referred to in clauses (c) and (d), but does not include irrigation from variably or permanently assessed tanks.

(h) Lands assessed as irrigated from a permanently assessed tank shall pay full talabi rates, whether irrigated or not.

(i) Lands assessed as irrigated from a variably assessed tank shall pay talabi rates under the rules in force for such tanks.

- (g) Lands irrigated from any stream that feeds or issues from any Government tank that has been permanently assessed, or feeds or issues from any such village tank or nadi as is referred to in clause (d), shall be liable to assessment at talabi rates.
- (h) In the case of lands irrigated from different sources in the same harvest, the rate shall be regulated by the source supplying the greatest number of waterings, or where that number is equal, by the source assessable at the highest rate.
- (i) Double-cropped irrigated lands which are irrigated from such wells, village tanks, or nadis as are referred to in clauses (c) and (d), and are liable to be assessed as such, shall pay the full irrigated rate for the first harvest and one-fourth of the rate for the second harvest.

Explanation.—This rule does not apply—

1, to double-cropped lands irrigated from—

- (A) Permanently assessed tanks;
(B) Variably assessed tanks;
(C) Any of the sources mentioned in clauses (f) and (g);

II, or to double-cropped abi lands referred to in clause (e).

- (m) Double-cropped dry lands assessed as such shall only pay the assessment for one harvest.
- (n) Lands growing dry crops or crops assessed as dry in the autumn (kharif) harvest shall pay the dry rate only, and if such lands become liable to assessment as irrigated for the spring (rabi) harvest, the rate for this latter shall be the full irrigated rate minus the amount collected on account of the autumn harvest. Similarly lands paying full irrigated rates for the autumn harvest, and growing dry crops, or crops assessed as dry in the spring harvest, shall not be liable to assessment for the latter.
- (o) Lands paying a higher rate for their position under a variably assessed tank shall be assessed at this higher rate, if cultivated, even though not irrigated during that harvest.
- (p) Lands growing fodder crops for cattle in the hot weather shall not be liable to assessment, and in no case shall lucerne grass grown under wells pay more than a single rate for the whole year.

30. When the rate for the harvest for the village has been settled, the revenue of each sharer shall be found by multiplying the rate into the area of his cultivation as shown in the khatauni.

31. Ordinarily the area bearing crops shall be assumed to be that producing a sufficient crop to supply seed, and if in any particular village in any harvest the crop happens to fall below this standard, the Collector may remit the assessment, provided that in years when there is any general failure of rain over the whole country, the Commissioner may declare, for reasons to be recorded, that the crop in unirrigated lands is only a half or a quarter of an average crop or is nothing (see Example (d) under Rule 32).

32. When the actual assessable cultivated area has been found by the above rules, the assessment shall be made in the manner indicated in Rule 25.

*Example (a).—*At the time of settlement the Settlement Officer determined that the assessable area of a village ordinarily cultivated was—

	Area.	Rate of assessment per acre.		Total assessment.	
		Acres.	R a.	R a.	
Dry	124	0	10	77	8
Abi	40	1	9	62	8
Tank	8	2	13	22	8
Well	50	3	12	187	8
TOTAL	222			350	0

This area is reduced to a multiple of dry units in the following manner:—

The abi rate of R1-9 the acre is $2\frac{1}{2}$ times the dry rate.

The well rate of R2-13 the acre is $4\frac{1}{2}$ times the dry rate.

The well rate of R3-12 the acre is 6 times the dry rate.

The area in terms of dry units will therefore be—

[illegible]

This 560 acres is called the standard dry unit area, and when multiplied by the dry rate of 10 annas gives the standard revenue of Rs350.

Example (b).—To continue with the above example, in all variably assessed villages of class 2, a maximum and a minimum rate has been fixed as has been stated in Rule 25. Say that in this village the variation allowed on the standard of 10 annas is between $8\frac{1}{2}$ annas and $11\frac{1}{2}$ annas the acre, then according as the dry unit area increases, the rate to be paid will approximate to the minimum, and according as the dry unit area decreases, the rate will approximate to the maximum, the rate being always found by dividing the standard revenue by the dry unit area. Thus, if in any year the areas are—

Dry	.	.	.	.	.	.	.	.	.	.	199 × 1 = 199	acres
Abi	.	.	.	.	.	.	.	.	.	.	30 × 2½ = 75	"
Tank	.	.	.	.	.	.	.	.	.	.	8 × 4½ = 36	"
Well	.	.	.	.	.	.	.	.	.	.	60 × 6 = 360	"
TOTAL DRY UNIT AREA												670 acres.

This dry unit area would give a rate of 8½ annas the acre ($\text{Rs} \frac{170}{20} = 8\frac{1}{2}$ annas); but 8½ being the minimum, this rate must be collected, and the excess Rs 16-6 credited to Government.

Example (c).—Take another year in which the areas are—

Dry	.	.	.	.	.	.	.	.	.		$102 \times 1 = 102$ acres.
Abi	.	.	.	.	.	.	.	.	.	.	$40 \times 2\frac{1}{2} = 100$ "
Tank	.	.	.	.	.	.	.	.	.	.	$4 \times 4\frac{1}{2} = 18$ "
Well	.	.	.	.	.	.	.	.	.	.	$40 \times 6 = 240$ "
											<hr/>
TOTAL DRY UNIT AREA											460 acres.

This dry unit area would give a rate of 12½ annas the acre ($\text{Rs } \frac{110}{880} = 12\frac{1}{2}$ annas), but, 11½ annas being the maximum, this rate must be collected which will give a revenue of Rs 23-7, or Rs 26-9 less than the standard revenue, which deficit must be remitted.

Example (d).—The following is an example (continuing the same village as used above) of the assessment in a year in which the Commissioner has declared the dry crop to be a quarter one (see Rule 31)—

The assessable area is found to be—

[illegible]

Then the dry unit area will be ascertained in the following manner—

Dry	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	80 = 20 acres.
Abi	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	40 x 2½ = 100 "
Tank	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	0 x 4½ = 0 "
Well	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	.	30 x 6 = 180 "
																			TOTAL DRY UNIT AREA	300 acres.

33. An English register in the following Form (No. IV) shall be kept up in the Collector's Office, and an opening of two pages shall be assigned to each variably assessed village. In this register the assessment of each harvest shall be recorded :—

FORM No. IV.

Register of Assessments of variably assessed Villages.

[illegible]

34. In the column of Remarks of the above register a brief note of any of the remarkable events of the year as affecting the revenue history of the village shall be entered.

All applications must reach the Principal
before the 4th May, 1889.

3. The candidate should apply to an Examin-

The following changes in the Regulations of the University having been sanctioned by the Senate and approved by His Excellency, the Governor-General in Council, are published for general information:—

In paragraph 7 of the F. A. Regulations, in lieu of head (c) under Mathematics, the following has been substituted—"Geometry, Euclid, Books I—IV; Book V, Definitions; Book VI. The more important properties of the Parabola, the Ellipse and the Hyperbola." The following footnote has been appended to the word "Hyperbola."

"The extent of the work in Geometrical Conics shall be equivalent to the first six chapters of Taylor's Elementary Geometry of Conics."

To paragraph 2 of the F. A. Regulations (Calendar for 1889, page 34), and also to paragraph 2 of the B. A. Regulations (Calendar for 1889, page 37), the following footnote has been appended:—

* "No candidate shall be considered to have prosecuted a regular course of study unless he has attended at least 66 per cent. of the lectures delivered in the institution to which he belongs, in each of the subjects in which he is to be examined."

The following note has been substituted for the note now appended to paragraph 2 of the F. A. and B. A. Regulations:—

The Syndicate have power to make exceptions to this rule in favour of those Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bona fide* Masters of English Schools who have served as such for the full period of two academical years. Their applications must be signed by the Inspector of Schools in whose circle they are employed.

The following has been substituted for the marginal note to the certificate appended to the F. A. and B. A. application forms (Calendar for 1889, pages 77 and 78.)

This certificate is to be signed by the Principal or Head Master of the affiliated institution in which the candidate has studied and in the case of those Deputy Inspectors of Schools, Sub-Inspectors of Schools and *bona fide* Masters of English Schools who have served as such for the full period of two academical years by the Inspector of Schools in whose circle they are employed.

The form of application for admission to the Entrance Examination (Calendar for 1889, page 76), has been amended as follows:—

In the second footnote, namely, that referring to the word "Private Student" in the marginal note to the certificate, the words "1st of September" have been substituted for "1st of November" so long as the Entrance Examination is held in February.

The following words have been added to the same footnote:—

The Inspector's sanction shall not be considered sufficient unless special grounds appear on the face of it.

In the F. A. application form (Calendar for 1889, page 77), after the words "University of Calcutta" the following words have been inserted:—

"That he has completed in one or more of the affiliated institutions the course of instruction prescribed by this University for the F. A. examination."

In the B. A. application form (Calendar for 1889, page 78), after the words University of Calcutta, the following words have been inserted:—

"That he has completed in one or more of the affiliated institutions the course of instruction prescribed by this University for the B. A. examination."

The following has been added to the list of particulars to be filled in by candidates for the B. A. examination:—

"Whether he is a candidate for the Government scholarship tenable in England."

In the M. A. application form (Calendar for 1889, page 79), the word "Calcutta" has been inserted after the words "University of."

For the marginal note appended to the M. A. application form the following has been substituted:—

"This certificate is to be signed in the case of students of affiliated* institutions by the Principal of the institution or institutions in which the candidate has studied."

* "No candidate shall be regarded as a student of an affiliated institution, unless he has been a student of such institution for a period of six months and has attended a course of at least fifty lectures in the subjects in which he desires to be examined."

In the same application form the words "present occupation" have been omitted and the following form has been added:—

Period or periods of study since passing the B. A. examination.

Affiliated institution or institutions, if any, at which the candidate has studied.	Period or periods of continuous study.	Signature of Principal or Head Master of affiliated institution.

In the forms of application for the F. A. and B. A. Examinations of female candidates (Calendar for 1889, pages 85 and 86), the following form has been added at the end of the list of particulars to be filled in by the candidate:—

VI. Subject to the provisions hereinbefore contained, and subject to the right of objection contained in Section 278 of the Code of Criminal Procedure, 1882, any person whose name shall be on the Jury list then in force shall be qualified and liable to serve as a juror as aforesaid.

VII. On some day not less than six weeks before the commencement of each Session, one of the Judges of the High Court shall cause to be made out lists of the persons to be summoned as Special and Common Jurors, respectively, for such Session. The list of Special Jurors shall contain the names of forty, and the list of Common Jurors the names of eighty, persons of those respectively included in the list of Special and Common Jurors. The lists shall be respectively called 'The Special Jurors' List' and 'The Common Jurors' List' for the particular Session, designating it by the date on which it is to commence, and shall be prepared as follows:—

(1) The names of all persons, if any, ordered to be entered in the list of Special Jurors for such Session under Rules VIII, IX or XVI, shall be first entered in the said list, unless the Judge shall be satisfied as regards any one or more of such persons that he or they will be unable, from illness or other sufficient cause, to attend at such Session, in which case the name of such person may be set aside in the same manner as it might have been set aside under Rule VIII, if the name had been drawn by lot for such Session. The Judge shall then cause to be drawn by lot the names of such a number of persons qualified and liable to serve on Special Juries as, with those already on the list, will, subject to the provisions of these rules, make up the number of forty persons qualified and liable to serve on Special Juries, and the names of such forty persons shall be entered upon and form the list of Special Jurors liable to serve and to be summoned as Special Jurors for such Session.

(2) In like manner the names of all persons, if any, ordered to be entered in the Common Jurors' List for such Session under Rules VIII, XI or XVI, shall be first entered in the said list, unless the Judge shall be satisfied as regards any of them that such person will be unable, from illness or other sufficient cause, to attend at such Session, in which case the name of such person may be set aside in the same manner as it might have been set aside under Rule VIII, if his name had been drawn by lot for that Session. The Judge shall then cause to be drawn by lot the names of such a number of persons qualified and liable to serve on Common

Juries as, with the names already on the list, will, subject to the provisions of these rules, make up the number of eighty persons qualified and liable to serve on Common Juries, and the names of such eighty persons shall be entered upon and form the list of Common Jurors liable to serve and to be summoned as Common Jurors for such Session.

VIII. The mode of proceeding to draw the names of such Special and Common Jurors, respectively, shall be as follows:—

The names of all the Jurors in the list of Special and Common Jurors, respectively, prepared by the Clerk of the Crown, shall be numbered consecutively. The number attached in the list of Special Jurors to the name of each Juror liable to be summoned as a Special Juror for the Session for which the list of Special Jurors is to be prepared, shall be written on a bone or ivory counter, the several counters being all, as nearly as may be, of equal size and shape, and such counters shall be put together by the Clerk of the Crown into a box, and, on the day to be fixed for drawing the names of the Jurors, the Clerk of the Crown shall, in open Court, draw, or cause to be drawn, the said counters one after the other, until the requisite number of Special Jurors shall be obtained. The Juror on the Special Jurors' List, whose number on such list shall correspond with the number drawn, shall, subject to the provisions in these rules, be entered in the Special Jurors' List for the Session, and a number denoting the order in which the name of each Juror is so drawn shall be set against the name of such Juror in the Special Jury List for the Session.

A similar course *mutatis mutandis* shall be adopted in drawing the names of the Common Jurors.

The Judge may order the name of any person who has actually served as a Juror in the preceding year, and of any person known or believed to be dead, absent from Calcutta, or likely to be unable from illness or otherwise to attend, or known or believed not to be qualified or liable to serve as a Juror under these rules, to be set aside; and, in every such case, an additional name shall be drawn in lieu of that so set aside, and the Judge, if he think fit, may order the name of any person so set aside, except on account of death or disqualification, to be entered on the list of Special or Common Jurors, as the case may be, for any subsequent Session to be then fixed.

IX. The names, additions and places of abode of the several persons included in such Special and Common Jurors' Lists for the Session, shall be written therein and numbered in the order in which they shall have been drawn, and such lists shall be signed by the Judge.

X. A copy of such lists shall be annexed to a Precept to the Sheriff, commanding him to summon the first thirty-five on the list of Special Jurors, and the first sixty-five on the list of Common Jurors, and, in case he shall not be able to summon the whole of the first thirty-five or sixty-five, as the case may be, then to summon as many as shall be necessary to make up the full number of thirty-five or sixty-five of those in numerical order in such lists respectively next after the first thirty-five or sixty-five.

XI. Any person whose name is included in the Special or Common Jurors' list for any Session may apply to the Clerk of the Crown to cause him to be excused from attendance as a Juror, either generally or at the particular Session. Such application shall be made at least one week before the day fixed for the commencement of

the Session, and shall specify the grounds upon which the application is made. The Clerk of the Crown shall, as soon as possible after the last day allowed for making such application, bring them before one of the Judges of the Court, and such Judge shall pass orders thereupon, which shall be communicated by the Clerk of the Crown to the respective applicants. If the Judge shall think fit to excuse any of the applicants from attendance at the particular Session, he may do so unconditionally, or on condition of his serving at the next or some subsequent Session to be fixed, and any such conditional order shall operate as an authority to the Clerk of the Crown to include the name of such person in the list for such subsequent Session under the provisions of Rule VI.

XII. Every person named in the lists mentioned in Rule IX shall forthwith, or as soon as possible after the receipt of the Precept by the Sheriff, be summoned by him to attend at the Session for which he shall have been appointed to serve as a Juror, and such summons shall be served at least ten days before the first day of the Session.

XIII. A summons to a Juror who resides out of the limits of the Town of Calcutta, and to whom access at his office or place of business within such limits is denied to the Sheriff's Officer, as also all notices, orders, or other proceedings required to be served on him, shall, unless otherwise ordered, be addressed to him at his office or place of business aforesaid, or at his place of residence, and forwarded to him by post duly registered. The transmission by post as aforesaid of every such summons, or notice, or of a copy, authenticated by the seal of the Court, of every such order or other proceeding, shall, unless good cause be shown to the contrary, be deemed sufficient service thereof.

XIV. In all other cases every such summons, notice, order, or other proceeding, shall, unless otherwise ordered, be served on a Juror personally.

XV. The Sheriff shall, as soon as possible after service of the summons, and not later than one week before the commencement of the Session, return the Precept to the Clerk of the Crown, with two panels annexed thereto, one of the Special Jurors and one of the Common Jurors, which panels shall show in a tabular form the names of the persons summoned and the particulars of service upon each; and if any person or persons named in the lists annexed to the Precept shall not have been served, the panel shall state that fact, and the reason why such person or persons has or have not been summoned: and in every case the reason why such service has not been effected shall be verified by the affidavit of the Officer whose duty it was to effect such service, and such affidavit shall be filed with the Clerk of the Crown, with the return to the Precept.

XVI. On the receipt of such return, the Clerk of the Crown shall, without delay, bring the same before one of the Judges of the Court. The said Judge may, if necessary, examine the Sheriff's Officer or Officers as to the truth of such return, and as to the circumstances of the service or of the absence of service on any person, and may direct service to be made upon the person or persons not already served in such manner as to him shall seem fit. The Judge, if he think fit, may cause the name of any person returned by the Sheriff as not summoned to be entered on the list of Jurors, either Special or Common, as the case may be, for any subsequent Session to be fixed by the Judge.

XVII. If the Judge shall be of opinion that the number of Jurors named in either of the said lists who shall have been served is not likely to be sufficient, he may cause to be drawn by lot, in the mode provided by Rule VIII, such further number of names as may be requisite not exceeding forty and eighty, respectively.

XVIII. Such lists shall be called the Supplemental Lists of Special or Common Jurors, as the case may be, and shall be prepared and signed in the manner hereinbefore provided with respect to the original lists, and copies thereof shall be sent to the Sheriff with an additional Precept, and the Sheriff shall, as soon as possible after the receipt of such additional Precept, cause the persons named therein to be summoned to attend at the Session, and shall return the Precept to the Court not later than one clear day before the first day of the Session, with a panel similar to that provided by Rule XV in respect of the original lists and Precept.

XIX. In order to nominate a Jury for the trial of any prisoner or other person to be tried by Jury, the Clerk of the Crown shall cause to be put together into one box cards or pieces of parchment containing the names of all the persons summoned to serve on the Common Jury for the Session, if the trial is to take place before a Common Jury, or on the Special Jury, if the trial is to take place before a Special Jury, except such of the said persons as shall have been excused by the Judge from serving on that day in consequence of his having served as a Juror on the previous day, or for any other cause. Such cards or pieces of parchment shall be, as nearly as may be, of equal size, and each shall bear the name of one person summoned to serve on the Jury for that Session. The Clerk of the Crown shall then in open Court draw or cause to be drawn out of the said box nine of the said cards or pieces of parchment, one after another; and if any of the Jurors whose name shall be so drawn shall not appear, then such further number shall be drawn until nine Jurors shall appear. The prisoner or person to be tried shall be informed that, if he desires to object to any Juror, he must make his objection before the Juror is sworn. The names of the Juror shall then be called aloud; and if, upon any challenge or objection either by the Government or the party to be tried, or for any other lawful cause, any Juror is not allowed to serve, or is exempted from serving, the Clerk of the Crown shall draw out another card or piece of parchment from the said box, and so on, until nine Jurors shall have been drawn who shall be allowed to serve.

XX. If, by reason of absence, or disallowance on challenge, or any other cause, there be a deficiency of Jurors, the Court may command the Sheriff, or other Officer, to name or summon a sufficient number of persons to make up a full Jury; and the Sheriff, or other Officer shall, at such command of the Court, return such men duly qualified to serve as shall be then present, or can be found to serve on such Jury, and the course of proceeding shall be the same as if their names had been returned in the panel and drawn by ballot under Rule XIX; provided that, in case of a Special Jury, the additional Jurors may be taken from the list of Common Jurors summoned to serve at the same Session if a sufficient number of Jurors qualified to serve as Special Jurors shall not be present in Court.

XXI. After each Session the Clerk of the Crown shall make an entry in the list of Jurors opposite the names of those who shall have served at such Session or shall have been summoned to serve at such Session and shall not have made default, together with the date of service, or of the Session for which he shall have been summoned to serve.

XXII. No person shall be summoned to serve upon any inquest before a Coroner unless he is on the Common Jury List, nor, except in the case of necessity, within the period of twelve months after he shall have served on a Coroner's inquest, and shall not have made default. The Coroner shall keep a copy of the Common Jury List, and shall enter therein the names of the persons who shall have served or been summoned to serve and not made default, and the date of the inquest at which such Juror shall have served or for which he shall have been summoned to serve.

Only persons on Common Jury List eligible to serve on Coroner's inquest, and except in case of necessity, no Juror to be summoned again within twelve months.

XI.—No minor shall under any circumstances be appointed to any Supervisorship.

XII.—The Collector may, on good cause shown, fine any Supervisor a sum not exceeding one month's pay, or may suspend him for a period of three months.

XIII.—The appointment of Patwari is not strictly hereditary, but the heir of a deceased Patwari, if qualified, and if the zamindars of the circle consent to his appointment, shall have the preference.

XIV.—When a Patwari has been dismissed for any fault, his heir shall have no preferential claim, but the appointment shall be made with the consent of the zamindars of the circle. XV.—In case of a dispute as to the nomination of a person for a Patwari's appointment, that person shall be considered to be nominated by the circle who is supported by the votes of the zamindars paying the largest aggregate amount of Government revenue. Failing any nomination within a reasonable time and after reasonable warning, the Collector shall himself nominate a Patwari to the vacant circle.

XVI.—Subject to the above limitations, the nominee of the zamindars of the circle shall, if qualified, be appointed to the post of Patwari.

XVII.—No man shall be permanently appointed as Patwari who has not passed an examination in—

- (a) Reading and writing Hindi;
- (b) Arithmetic up to the rule-of-three;
- (c) Surveying by plane-table;
- (d) Patwaris' rules.

XVIII.—Examinations shall be held once in six months before a board of examiners. To these examinations shall be admitted—

- (a) persons nominated for the post of Patwari or Naib Patwari;

- (b) candidates who may be either members of the families of any existing Patwari or outsiders: Provided that, with respect to these last, if the candidate do not receive an appointment within two years after passing the examination, that examination shall be considered cancelled.

XIX.—The board of examiners shall be nominated by the Collector, and shall, as a rule, consist of an officer not below the rank of Extra Assistant Commissioner or Deputy Magistrate as president, and a Tahsildar, a Supervisor, and a qualified member of the Educational Department as members.

XX.—The Collector may, on good cause shown, suspend any Patwari or Naib Patwari for any period not exceeding six months, or fine him a sum not exceeding one month's pay.
