READ—the following paper :—

From Lieutenant-Colonel C. C. RAWSON, R.E., in charge Consulting Architect Division, to the Chief Engineer, Public Works Department, dated Chepâk, 12th June 1896, No. 1238.

With reference to your office-note, dated 19th May 1896, No. 205 D., I have the honour to enclose a drawing of the late Governor Morse's tomb. It is constructed of brickwork plastered with chunam and surmounted with a stone slab with crest and inscription of raised letters which is in good preservation. The plaster is much corroded. The cost of replastering with Portland cement and cleaning the slab will amount to about Rs. 20.

2. It will be seen from the notice regarding ruined tombs in page 798 of the *Fort St. George Gazette* of 2nd June 1896, that the tomb of the late J. Anderson, M.D., Physician General, is mentioned first on the list; it consists of a black marble monument standing within an imposing structure faced with dressed stone and laterite and surrounded by a plain iron railing. The cost of demolishing this structure will be more than what will be required to repair it. I would suggest that the iron railing be removed and the tomb repaired, the cost of which will amount to about Rs. 70. I may add that a full-size marble statue of the late Doctor Anderson in a sitting posture, occupies one side of the vestibule of St. George's Cathedral.

ORDER—No. 1888 W., dated 24th June 1896.

The Consulting Architect is authorized to restore the tombs in question at the public expense.
