GOVERNMENT OF MADRAS.

ECCLESIASTICAL DEPARTMENT.

READ—the following paper:—

From the Venerable W. WESTON ELWES, M.A., Archdeacon of Madras, to the Chief Secretary to Government, dated Madras, 18th August 1896, No. 3021.

I have the honour to forward enclosed Collectors' reports on cemeteries for 1895-96.

1. Cemetery at Gooty.—Requires white-washing of the tombs for which an estimate will be sent.
4. Cemetery at Tadpatri.—Requires white-washing and removal of grass. An estimate will be sent in due course.

3. North Arcot.—All money required for repairs has been assigned. I have the

1. Vellore old Cemetery near Commissary Bazaar.*
 2. Vellore new Cemetery in Allapuram near Thorapadi.*
- Letter from the Revd. D. W. Kidd, Chaplain of Vellore, to the Acting Sub-Collector of North Arcot, dated 7th May 1896.—In reply to your letter, dated 4th May 1896, I have referred to Government Rules for Cemeteries, and I do not find that it is the duty of a Chaplain to report to the local civil authorities the state of cemeteries within his charge.

* Vide copy of Vellore Chaplain's letter accompanying.

dent report of the chief civil officer of the district on all cemeteries in his district and as such they are valuable to me. But as a somewhat similar case has occurred in another district it seems to me necessary that the Government should give a decision on the point.

8. Goanese Cemetery near the hospital in Ouddalore New Town.—Tahsildar has been asked to furnish an estimate for a wall without further delay.

5. Godavari.—With reference to Nos. 1 and 2. Money for repairs has been

1. Cocanada Cemetery.—An estimate for repairs for Rs. 65 was submitted. This and the other amounts were included in the estimate for cost of repairs to cemeteries for 1896-97 submitted with letter, No. 1185-Eng., dated 19th September 1895.
2. Jagannaikpur Cemetery.—Requires repairs.

6. Madras (Collector).—I have drawn the attention of the Collector of Madras to the fact that he had omitted to report on the St. George's Cathedral and the Quibble Island cemeteries and have since heard from him that these cemeteries have been inspected and that only slight repairs to the Cathedral cemetery gateway are required.

11. St. Mary's Body Guard Road.—There are a number of tombs which need repair.

2. Anantapur.—The Collector had assigned to him the amount asked for in 1896-97. Money for repairs to 1 and 4 will be supplied in due course.

for repairs has been assigned. I have the honour to request Government will be pleased to issue orders on the question raised in the remark of the Collector on Nos. 1 and 2, and in the letter from the Revd. D. W. Kidd, dated 7th May 1896, copy enclosed. I would submit that the Collector made a mistake in calling upon the Chaplain of Vellore to report on the state of his cemeteries. I have always understood these reports to be an independent report of the chief civil officer of the district on all cemeteries in his district and as such they are valuable to me. But as a somewhat similar case has occurred in another district it seems to me necessary that the Government should give a decision on the point.

4. South Arcot.—No. 8. The question will be dealt with on hearing from the Collector further on the subject.

expended on these cemeteries in three out of the last five years. I have requested the Collector to inform me more fully as to the condition of the cemeteries and requested the Lay Trustee to submit estimates for repairs.

No. 11. The Garrison Chaplain has taken the necessary steps with reference to these tombs.

7. Madras (President of Municipality).—No. 12. When this cemetery is full burials will take place in the new Kilpauk cemetery.
12. St. Mathias' Church Mission Burial-ground, Pursewalkum.—Practically full.

13. Protestant Cemetery at Anjengo, Corhin Taluk.—As there is no mali-chowkidar now, the compound is over-grown with grass.

1. St. Peter's Cemetery, Tanjore, requires repairs. The extent of the cemetery is 2 acres and 38 cents. It belongs to the Church of England and is in use. The eastern compound wall has fallen down about 30 feet in length during the last rainy season. The four walls require mud-plastering and white-washing. The wall also requires repairs. Half of the compound is over-grown with wild shrubs which must be removed. The cemetery being in charge of the S.P.G. Mission, the Missionary in charge of that institution in Tanjore is responsible for putting the cemetery in order. On the representation of Revd. Mr. Blake, a sum of Rupees 41-11-11 was also contributed to its repairs with the previous sanction of the Venerable the Archdeacon, Madras.
2. Government Christian Burial-ground, Tanjore, requires repairs. There are cracks all round the walls which require white-washing and repairs. The steps and the gate of the cemetery also require to be repaired.
3. Protestant Burial-ground, Vallam.—The walls require attention.
4. Kariakop Cemetery, Nigapatam.—The tomb of the Dutch Governor Heervan Steelax requires repairs.

15. (1) Tomb at Koyatar of A. R. Narcott.—Requires repairs and enclosure at a cost of Rs. 25.

8. Malabar.—No. 13. I will communicate with the Collector on this point. Money is provided for keeping the cemetery in order.

9. Tanjore.—The S.P.G. Missionary in charge of No. 1—and, if necessary, the Secretary to the S.P.G.—will be addressed with reference to the necessary repair. Nos. 2 and 3.—Money will be supplied for these repairs either in the present or next financial year.

No. 4. The S.P.G. Missionary in charge has been requested to submit an estimate.

10. Tinnevely.—No money has been supplied to the Collector this year as he stated he required none; but steps will be taken for the repair of No. 15 (1).

ORDER—No. 66, Ecclesiastical, dated 18th September 1896.

Recorded.

2. Collectors will be informed that their reports should be based on inspection of the cemeteries and tombs either by themselves or by their Revenue subordinates. In no case should the statements of the officers in charge of cemeteries be incorporated in the report.

3. Bellary.—The Collector will be requested to submit a copy of the inscription as far as it can be deciphered on tomb No. 6 at Madhavaram. He should also state the authority on which the entry is made in his report that the bodies of two soldiers are buried in a palmyra tope in the Taluk of Hadagalli. Endeavours should be made to ascertain the exact spot, the names, &c., of the men and the date of their deaths.

Ganjám.—From the remarks relating to the Roman Catholic Cemetery at Suradá, it appears that there are no tombs or monuments within the walls of the cemetery and that a sum of Rs. 30 has been sanctioned for repairing the wall. This cemetery is not included in the list of tombs of Europeans and Eurasians in the Ganjám district and it therefore seems doubtful whether public funds should be expended on its upkeep. The Collector will be requested to report whether there are any other than Native Christians buried in this cemetery.

- * 15. Protestant Cemetery at Calingapatam.—The tombs require repair and white-washing.

is in charge of the Superintendent of Sea Customs.

Godavari.—It is to be regretted that the condition of the cemeteries at Cocanada, Jagannaikpur and Samalkot is reported to be "bad," although in the cases of Nos. 1 and 2 the Venerable the Archdeacon states that money has been expended on repairs in three out of the last five years. The attention of the Collector will be specially drawn to this matter.

Kurnool.—It is observed that the cemetery at Budarpet is stated to be very full. Steps are now being taken for the provision of a new cemetery at Kurnool. The district officials are responsible for the delay that has occurred in this matter.

Madras.—The column headed “Person responsible for its upkeep” in the report

- 9. *Blessed Virgin Mary of Assumption, West Cemetery Road.*—Requires planting.
- 10. *St. Andrew's Roman Catholic, Vepery, Kelly Street.*—Should be closed.
- 23. *Church of the Lady of Purification, Roman Catholic, Meersapett, Jana Janakhan Road.*—Should be closed.
- 6. *Saint Roque's, Roman Catholic, Rayapuram.*—Wall, entrance-gate and watch-house require repair.
- 20. *Sacred Heart of Jesus, Wallajah Esplanade Road.*—Ill-cared for. Natives cook in the porchway. No attempt to repair the wall.
- 2. *Sacred Heart of Jesus, Pudupett.*—Wall on the north has fallen down.

whether the Roman Catholic cemeteries entered therein are under the Right Revd. Dr. Colgan or the Right Revd. Dr. Reed da Silva.

Nilgiris.—The Acting Collector will be requested to personally inspect St. Stephen's Cemetery and that on Stonehouse Hill at Ootacamund, which are stated to be “in actual use” and in “very good” condition. It is observed that in several cases cemeteries which have been closed have been entered under “cemeteries in actual use.” This is incorrect. They should be placed under a separate heading.

Trichinopoly.—Extract † No. 1 will be communicated to the Public Works Department and the Collector's special attention directed to No. 5. ‡

† *Trichinopoly, St. John's.*—Requires white-washing. This is an European Christian burial-ground in charge of the Public Works Department.

‡ *Devadanam Cemetery (in charge of S.P.G. Missionary).*—The compound walls and the gateway require strengthening as people now get in and commit nuisance.

4. The Government desires to impress on all Collectors the importance of their taking early steps for the execution

of necessary repairs to the cemeteries and tombs in their districts.

Sir,

In reply to your letter dated 4-5-96
I have referred to Government Rules for Cemeteries
and I do not find that it is the duty of a
Chaplain to report to the local Civil Authority
the state of Cemeteries within his Charge
