GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following paper :—

Note by the Chief Engineer, Public Works Department.

The Chief Secretary to Government intimates by telephone that the Government of India has reduced the budget grant for 1897-98 under 45. Provincial Civil Works by 3.50 lakhs, and desires that the proposals for expenditure should be revised accordingly.

2. The preliminary budget under this head for 1897-98 has been prepared for 21.91 lakhs, and the reduction now advised will bring it down to 18.41 lakhs.

3. As the provision for works in progress cannot be cut down without loss to the State, and that for repairs is absolutely necessary to keep works in good order, the sums provided under the above heads in the preliminary budget will be retained as they

* The total being only Rs. 25,000.

(1) The railings have already been procured from England and must be put up.

to Rs. 17,67,015 against the available sum of Rs. 18,41,000 as shown below :—

	RS.
(a) Works in progress ...	5,14,243
(b) Minor works ...	25,000
(c) Repairs ...	3,55,000
(d) Unsanctioned works ...	82,515
(e) Establishment ...	6,72,736
(f) "Tools and plant" ...	1,17,521
Total ...	17,67,015

4. The balance is Rs. 73,985 only, which sum it is proposed to hold in reserve. It will probably be insufficient to meet the demands for incomplete works. It is thus not practicable to provide funds for any new sanctioned works during next year. By eliminating such works from the budget—

Net reduction in budget ...	3,50,000

5. In the meantime, Superintending Engineers and the Consulting Architect will be instructed at once that no arrangements should be made for the commencement of any of the new sanctioned works for which funds have been provided in the preliminary budget for 1897-98. A list is attached showing the works to be withdrawn in each circle and the Consulting Architect division.
