Note

The only point likely to be brought to the Secretary's notice during his approaching tour is that about the ^{site for the} Church at Bezvada.

A Committee was appointed in 1894 to select a suitable site for the Church at Bezvada; but as the site selected by the Committee was not approved of by the P.W. Muns another Committee was appointed to select a better site. This Committee recommended the acquisition of the site opposite to the ^{C.M.S.} school Compound at Bezvada. The Municipal Council offered to give half an acre of this site free of cost and such further area as might be required at the rate of 4 as a square yard. The Govt. h

refused to allow the transfer
of the site on the terms

the Committee should

the municipal land
it required for the
