NOVEMBER.

Cemeteries.

Recording, with remarks, letter from the Ven'ble the Archdeacon forwarding reports of Collectors on the — in their districts for 1897-98.

GOVERNMENT OF MADRAS.

ECCLESIASTICAL DEPARTMENT.

READ—the following paper :—

From the Ven'ble W. WESTON ELWES, M.A., Archdeacon of Madras, to the Chief Secretary to Government, dated Madras, 15th November 1898, No. 4751.

I have the honour to forward enclosed Collectors' reports on the cemeteries in their districts for 1897-98.

2. With reference to these reports it is necessary to ask Government's attention to the fact that where the word "good" is entered as describing the condition of a cemetery, it must be taken to refer only to its general state as a whole, and not as implying that no repairs are needed. For, with reference to some of those cemeteries the condition of which is reported as good, chaplains and lay trustees state that repairs—and occasionally somewhat extensive repairs—are needed, while I have noticed that in twenty-two cases of cemeteries directly under the charge of Collectors—the condition of which is reported on as good—money to be spent on repairs during 1898-99 has been applied for by Collectors themselves. It would, I think, be well if in future the term "good" should be used only with reference to cemeteries that require no repairs.

3. With hardly an exception the amounts required during 1898-99 by Collectors for repairs to cemeteries directly under their charge have been assigned and those required by chaplains and lay trustees are being provided as far as possible. The Resident of Mysore has been good enough this year to resign Rs. 200 of the amount assigned to him to meet the needs in other parts of the Diocese.

4. No detailed remarks seem to be called for except in the case of *Madras Municipal President's Report*—

(1) The cemetery is under the C.M.S. Native Church Council whose attention has been drawn to the remarks of the President of the municipality.

(2) The President of the municipality writes in a covering letter :

"I consider it most desirable that the Goanese portion should be handed over to the Irish Mission. I am informed that there have been only seventeen burials in the Goanese portion."

ORDER—No. 141, Ecclesiastical, dated 23rd November 1898.

Recorded.

2. The Government approves the suggestion in paragraph 2 of the Venerable the Archdeacon's letter, that the term "good" should be used only with reference to cemeteries that require no repairs.

3. The remarks of the President, Madras Municipal Commission, regarding the transfer to the Irish Mission of the Goanese portion of the new cemetery, Washermanpet Cemetery Road, will be referred to the Most Rev. Archbishop Colgan and the Right Rev. Dr. Barroso for consideration.

(True Extract.)
