No. 303 D.

Government of Madras,
P.W. DEPARTMENT.

MEMORANDUM.

Attest
Dated Madras, 26th May 1895.

Note by the Chief Engineer P.W.D. dated 25 May 1896.
In his letter No: 2448 dated 17 January 1896, the Venerable the Archdeacon of Madras brought to notice that the Church at Vizianagaram was in need of immense repairs, and that the roof was in a very unsound state; and requested that the building might be examined and an estimate for necessary repairs prepared by the Public Works Department. The Superintending Engineer Iruel, was directed in P.O. No 4286, dated 3rd February, 1896 to submit an estimate for the requisite repairs. An estimate of Rs 3450 was accordingly submitted by the Superintending Engineer, but as the building was reported to be in a very unsafe condition, an estimate for a new church, on a fresh site, was called for in P.O. No: 776 W. dated 22 March 1898 the cost being limited to about Rs 6500.

2. An estimate of Rs 4600 for a new church was received from the Superintending Engineer in November last, but was returned for revision.

[P. W. 41.
1,000-28-2-98.]

Revision with Memo: No. 1245 C dated 28 February 1895.

A revised Estimate of Rs 5700 has now been submitted. Before sanctioning it, the question

of funds has to be considered;

3. The number of Sittings provided is according to Code Rules 36, and the maximum Government Grant admissible under Rule I, Appendix K, Volume I of the G.W. Code is Rs 2660. The difference between the amount of the Estimate and the Government Grant, viz, Rs 2440, has therefore to be raised by private Subscriptions.

An early Settlement of this question is desirable, as the work is considered urgent.
