Recording the annual report on the administration of the -- in the Madras Circle during the year 1898-99.

GOVERNMENT OF MADRAS.

FINANCIAL DEPARTMENT.

Read—the following paper:—

From G. S. CURTIS, Esq., I.C.S., Postmaster-General, Madras, to the Chief Secretary to Government, dated 18th July 1899, No. 15100.

I have the honour to submit, for the information of Government, a copy of my annual report No. 667, dated the 18th July 1899, on the operations of the District post in the Madras Circle during the year 1898-99, with copies of the appendices marked A, B and C, therein referred to.

ENCLOSURE.

From G. S. CURTIS, Esq., I.C.S., Postmaster-General, Madras, to the Director-General of the Post Office of India, Calcutta, dated 18th July 1899, No. 667.

I have the honour to submit the annual report on the administration of the District post in the Madras Circle during the year 1898-99 and to attach for your information the prescribed appendices A, B and C.

2. As in 1897-98, a sum of Rs. 1,07,000 was provided for in the budget estimate for expenditure on the District post establishments during 1898-99. The estimated expenditure exceeded the grant by Rs. 328. The Agent to the Governor in Ganjam asked for an increase of Rs. 12 in the amount of contingencies sanctioned for the Ganjam Mahish post. Funds were also required for the construction of post office buildings at Padva in the Vizagapatam district and Adatigala, Chódavaramu and Gokaram in the Agency tracts of the Gódvári district and for the opening of a District post runners' line between Hunsur and Manantoddy in the Malabar district. An increased grant was however not applied for as it was intended to devote to these purposes the savings that would be effected during the year by the transfer of certain remunerative District post establishments to the Imperial post. Of the savings effected during the year, a sum of Rs. 1,240 was utilized for the construction of post office buildings at Padva, Adatigala and Chódavaramu, and a new runners' line was opened between Hunsur and Manantoddy at a cost of Rs. 1,098 per annum. The proposal to erect a building for the post office at Gokaram had to be deferred pending receipt of sanction from the Government of India.

3. The statements marked D and E enclosed show the distribution and charges of the District post establishments maintained at the beginning and close of the year. The charges amounted to Rs. 1,00,224 at the beginning, and Rs. 99,504 at the close, of the year. The decrease is due to the transfer of certain remunerative District post establishments to the Imperial post with effect from the 1st January 1899. It may however be observed that the decrease is only nominal as the charges incurred at the close of the year did not include the expenditure in connection with the plague.

4. The grant, expenditure and income during the last five years are shown in the following table:—

Year.	Grant.	Expenditure.	Income.	Net revenue.	Deficit.
	Rs.	Rs. A. P.	Rs. A. P.		Rs. A. P.
1894-95	90,000	84,905 12 9	61,197 9 1	..	30,710 3 8
1895-96	95,000	88,241 1 7	62,510 1 4	..	35,731 0 3
1896-97	1,07,000	1,01,133 0 10	61,817 1 4	..	39,318 15 6
1897-98	1,07,000	1,07,627 2 4	69,564 3 7	..	43,062 14 9
1898-99	1,07,000	1,03,868 9 4	62,980 11 3	..	40,957 14 2

It will be observed that the expenditure has decreased by Rs. 3,131-6-8 owing mainly to the reservation of funds for plague purposes, the non-utilization of the sum of Rs. 1,480 set apart for the construction of a post-office building at Gokaram and to the transfer of 37 village postmen to the Imperial post with effect from the 1st January 1899. There is a slight fall in the income derived, but the deficit is less than what it was in 1897-98.

5. The following table furnishes details of the District post establishments as they stood at the close of each of the last three years:—

Year.	Office establishment.										Road establishment.					House-rent and contingencies.			Total monthly cost.				
	Number of								Cost.	Number of				Cost.

Two clerks on Rs. 20 each were sanctioned during the year for the offices of the Superintendents of Post Offices, Coimbatore and Bellary divisions.

6. *Appendix A.*—During the year under report eight branch offices were opened as detailed below:—

Cuddapah district	..	..	..	..	..	..	..	..	..	3
Kurnool	..	..	..	..	..	..	..	..	..	1
Nellore	..	..	..	..	..	..	..	..	..	1
Salem	..	..	..	..	..	..	..	..	..	2
South Canara	..	..	..	..	..	..	..	..	..	1

Of the two branch offices shown as closed, one (Vettár post office in the Tanjore district) was transferred to the Imperial post as being remunerative, and the other (Ayalpatti post office in the Salem district) was closed and the establishment transferred to the Barur post office which was newly opened in the same district. There were thus one sub-office and 138 branch offices open on the 31st March 1899 as against one sub-office and 132 branch offices open on the 31st March 1898. There were 681 letter-boxes on the 31st March 1898. Seventy-eight were planted during the year and 28 closed or transferred to the Imperial post so that there were 731 letter-boxes on the 31st March 1899. There were five postmen in employ on the 31st March 1899 against seven in employ on the 31st March 1898, two having been transferred to the Imperial post during the year. The year opened with 736 village postmen. Three were newly entertained during the year and 37 transferred to the Imperial post. There were thus 702 village postmen at the close of the year.

7. *Appendix B.*—During the year under report, new runners' lines of the total length of 115 miles were opened. The most important line opened was that between Hunsur and Manantoddy in the Malabar district, distance 55 miles. The length of the runners' lines abolished during the year was 48 miles. The total mileage of the District post lines at the close of the year was 1,776½ as against 1,709½ at the close of the previous year. The number of runners was also increased from 301 on the 31st March 1898 to 316 on the 31st March 1899.

8. It will be observed from the figures relating to Coorg, which appear in appendix A, that there is a decrease of one in the number of post offices open and in the number of postmen employed. This is due to the transfer of the Somwarpet sub-post

office to the Imperial post with its establishment, viz., one sub-postmaster, one postman and one village postman. The designation of the runner attached to the Gonikopal post office having been changed to that of village postman, the year closed with the same number of village postmen as there was at the beginning. There was no change in the number of letter-boxes during the year. It will be seen from appendix B that the runners' line between Gonikopal and Tittimatti, distance 6 miles, was closed during the year. The total mileage of runners' lines in Coorg was thus reduced from 117 at the beginning of the year to 111 at its close. The following is an abstract of the establishments maintained in Coorg at the close of each of the last two years:—

Year.	Office establishment.						Road establishment.				Total fixed charges per month.	House-rent, contingencies and torch allowance.	Total monthly cost.
	Number of					Cost.	Number of			Cost.			
	Postmasters.	Clerks.	Inspectors.	Postmen.	Village Post-men.		Runners.	Overseers.	Boatmen.				
1897-98	15	1	1	2	18	Rs. 363	34	1	..	Rs. 253	Rs. 616	Rs. 30	Rs. 646
1898-99	14	2	1	1	18	Rs. 374	33	1	..	Rs. 246	Rs. 620	Rs. 30	Rs. 650

A clerk on Rs. 15 was sanctioned during the year for the office of the Superintendent of Post Offices, Mysore division. The table below shows the grant, expenditure and income during each of the last two years:—

Year.					Grant.		Expenditure.		Income.	
					Rs.	A. P.	Rs.	A. P.	Rs.	A. P.
1897-98	..	..	..	..	8,700	0 0	8,267	4 11	3,822	0 2
1898-99	..	..	..	..	8,600	0 0	7,965	9 3	4,032	1 2

The increase in the income, notwithstanding the reduction in the expenditure, is satisfactory.

9. *Appendix C.*—In this appendix are furnished statistics of the several classes of articles that passed through the District post in the Madras Presidency and Coorg during 1898-99. An abstract of the figures is given in the following table:—

Description.	Total number of articles posted for despatch.		Total number of articles received for delivery.		Total number of articles returned undelivered.		Percentage of articles returned.

Total ..	1,683,434	1,392,734	3,031,453	2,549,440	177,269	160,490	6.64

There has been a decrease under all heads except under money orders issued, parcels despatched, unpaid newspapers and packets, both received and despatched, and registered articles and unpaid parcels received for delivery. It is believed that the general fall is due to the prevalence of plague in several parts of this circle.

10. In the Bellary, Kurnool and Nilgiri districts, temporary establishments for plague purposes were sanctioned by the Madras Government from the District Post funds. At the close of the year, the total cost of these establishments amounted to Rs. 163 per mensem.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf from an old book. The paper has a slightly textured appearance with some minor creases and discoloration, characteristic of old paper. A small, dark, irregular stain is visible near the top center of the page. The overall tone is a warm, off-white or light beige.
