Sacred Heart European Girls' School, Tellicherry.

Informing the Director of Public Instruction that the manager of the — should execute a trust-deed in the form prescribed in the Code of Regulations for European Schools.

GOVERNMENT OF MADRAS.
EDUCATIONAL DEPARTMENT.

READ—the following paper:—

Letter—from the Hon'ble Mr. T. T. LOGAN, B.A., Acting Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—the 11th June 1907.

No.—R.C. No. 3319/04.

With reference to G.O., No. 49, Educational, dated 30th January 1907, in which Government called for a certificate of actual expenditure incurred on the building work of the Sacred Heart European Girls' School, Tellicherry, I have the honour to submit the final bill of the contractor with the receipt for Rs. 11,457 paid to him received from the correspondent.

2. The correspondent in his letter No. 9, dated 28th February 1907, reported of the completion of the work, and I have applied to the Superintending Engineer of the circle for the necessary completion certificate in this office letter R.C. No. 3319/04, dated 14th March 1907.

3. As regards the trust-deed, I beg to state that at the time when application for the grant was made and when the grant was sanctioned in G.O., No. 41, Educational, dated 22nd January 1906, the school was a non-European school, and there was no separate code for European schools. Since then, the Code of Regulations for European Schools came into force from 1st April 1906 and the school was recognized as an European school under that code. In these circumstances, I request the orders of Government as to whether a trust-deed in the form prescribed in the Code of Regulations for European Schools or a mortgage deed prescribed in the Grant-in-Aid Code is to be executed.

Order—No. 401, Educational, dated 25th June 1907.

The Director of Public Instruction will be informed that the manager of the Sacred Heart European Girls' School, Tellicherry, should be required to execute a trust-deed in the form prescribed in the Code of Regulations for European Schools.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., No. 401, EDUCATIONAL,
DATED 25TH JUNE 1907.

[SUBJECT.—*Whether a trust deed or a mortgage deed should be executed by the Manager, Sacred Heart European Girls' school, Tellicherry, who is to be paid a building grant.*]

From the Director of Public Instruction, dated 11th June 1907, No. 3319.

The Director of Public Instruction states that at the time when a building grant was sanctioned for the Sacred Heart Girls' school, Tellicherry, in G.O., No. 41, Educational, dated 22nd January 1906, it was a non-European school. But since then it has become a European school and has been recognized as such under the Code of Regulations for European schools.

2. The building has been completed and the grant promised has now to be paid. The Director of Public Instruction, therefore, wants to know whether the Manager should execute a trust-deed in the form prescribed in the Code of Regulations for European schools or a mortgage-deed prescribed in the Grant-in-Aid Code.

T.K.—17-5-07.

The school having been recognised as a school for Europeans under the Code of Regulations for European schools which came into force from 1st April 1906, that is, subsequent to the issue of G.O., No. 41, Educational, dated 22nd January 1906, sanctioning the building grant, and no portion of the grant having yet been paid, it seems to be more appropriate to follow the Code of Regulations for European schools in regard to this school than to apply the Grant-in-Aid Code.

K. RANGASWAMI AIYANGAR—17-6-07.

Yes.

C. A. SOUTER—18-6-07.

The deed referred to in Appendix III on page 45 of the Code for European schools should be executed.

Article 56 of the Code for European schools does not allow any discretion to the Director of Public Instruction as regards the execution of this deed, similar to that in rule 53 (ii) of the Grant-in-Aid Code as to special exemption.

H. D. TAYLOR—19-6-07.

400 East

C. No. /403 From the D.P.I. No. 33/9, dated 11-6-1907.

SUBJECT.

Whether a trust deed or a mortgage deed should be executed by the manager, Sacred Heart European Girls' school, Tellicherry, who is to be paid a building grant.

The D.P.I. states that at the time when a building grant was sanctioned for the Sacred Heart Girls' school, Tellicherry, ^{in G.O. no 41 Ed. 22-1-06} it was a non-European school. But since then, it has become a European school and has been recognized as such under the Code of Regulations for European Schools.

2. The building has been completed and the grant promised has now to be paid. The D.P.I. therefore wants to know whether the manager should execute a trust-deed in the form prescribed in the Code of Regulations for European Schools or a mortgage deed prescribed in the Grant-in-aid Code.

7th.
17-6-07. The school having been recognised as a School for Europeans under the Code of Regns for European schools which came into force from 1st April 1906, that is subsequent to the issue of G.O. no 41 Ed. dated 22nd January 1906. Sanctioning the building grant, and no portion of the

X vide Appendix III
page 45

① Appendix O.
page 28

the grant having been paid, it seems to be more appropriate to follow the Code of Regs for European Schools in regard to this School, than to apply the Grant in aid Code.

The D.P.O. also suggests the time when a building grant was submitted for the grant. It is suggested that it be a year or more after the building is completed. It is suggested that the building be completed before the grant is submitted. It is suggested that the building be completed before the grant is submitted.

The building has been completed and the grant submitted. It is suggested that the building be completed before the grant is submitted. It is suggested that the building be completed before the grant is submitted.

When or ... allotted to any one class ...

as usual.

Names of colleges.	Number of scholarships.	Value of scholarship.	Classes in which tenable.
		RS.	
Teachers' College ..	2	20	L.T., Class.
Medical College ..	2	20	M.B.C.M. classes.
	2	20	L.M.S. classes.
College of Engineering ..	1	20	Engineer class.
	1	15	Engineer Subordinate Class.

The Director of Public Instruction seems to have overlooked the fact that provision for the grant of these scholarships exists in the rules relating to these Colleges and they need not be specially continued under a fresh sanction.

H. D. TAYLOR.

G. S. F[ORBES].

(1) As regards the scholarships tenable in training colleges please see rule 118 of the Madras Educational Rules, 5th edition. The rates fixed in the rule, viz., Rs. 35 for European masters and Rs. 25 for European mistresses in the L.T. class, are more liberal than the rate sanctioned in the Government Order of 1902. In addition to these there is also the special scholarship of Rs. 40 per mensem recently instituted for European masters to be trained in the training class at Sanawar in the Punjab—*Vide* G.O., No. 198, Educational, dated 5th April 1907.

(2) As for the scholarships tenable in the Medical College, please see clause (h) under XIV. Scholarships—1. Government scholarships on page 112 of the Medical College calendar for 1906-1907. The special scholarships sanctioned in G.O., No. 469, Educational, dated 11th August 1902, have been embodied in the college rules.

(3) As regards the scholarships tenable in the College of Engineering, please see rules 51 and 56 of the rules of the College of Engineering on page 13 of G.O., No. 159, Educational, dated 20th March 1907. The special scholarships sanctioned in G.O., No. 469, Educational, dated 11th August 1902, have been embodied in these rules.

T. KANAKASUNDARAM PILLAI—26-4-07.

The Director's first request is that the number of primary (10) and middle school

H. D. TAYLOR.

G. S. F[ORBES].

Which have been already awarded.

H. D. TAYLOR.

August 1902. The view taken in the office-note seems correct. This Government Order has been superseded by the Code of 1906. The Director of Public Instruction

I think that the number had better be fixed definitely. It can always be altered, if necessary, but there should be something definite to go on for budget purposes.

H. D. TAYLOR.

G. S. F[ORBES].

2. The Director's second request, viz., that—

5 High school
2 Collegiate } scholarships may be sanctioned,
2 Final

H. D. TAYLOR.

G. S. F[ORBES].

may be granted. The number is taken from G.O., No. 469 referred to above which may be taken as a convenient basis.

Director of Public Instruction's fourth request is that the Matriculation and B.A. examinations may be accepted instead of the examinations laid down in article 103 of the Code. So far as the F.A. and B.A. are concerned this Govern-

H. D. TAYLOR.

G. S. F[ORBES].

It would be necessary to omit in rule 97 the words "and scholarship"; in rule 103 to read "primary or middle scholarships", and in rule 103 (2) to read "three" for "two".

H. D. TAYLOR.

H. D. TAYLOR.

ment may agree under the second clause of the article, but as the office points out any alteration as regards the High school examination requires the sanction of India. Article 13 of the Code says that the local Government may issue the Code with such explanatory notes as may be necessary. Article 14 gives the power of cancelling or altering any article to the Governor-General in Council. The alteration suggested is a distinct modification and cannot come under article 13. If thought necessary, action must be taken under article 14. The reason for the Director of Public Instruction's request is that the High School examination will not be accepted by colleges instead of the Matriculation examination and it is in colleges

H. D. TAYLOR.

that the scholarship will ordinarily be necessary. This reason seems valid.

5. The fifth request, viz., that the middle school scholarship may be tenable for three years instead of two, seems reasonable. The alteration may, in the special circumstances of this Presidency, be carried out by a note to article 104 but the result will perhaps be a little incongruous.

6. The Director of Public Instruction's sixth request, viz., that the number of scholarships in the last three grades, i.e., High, Collegiate and Final may be equal for

H. D. TAYLOR.

males and females can be sanctioned under article 106. The Director of Public Instruction's second request, however, is that the members in each grade shall be 5, 2 and 2. He may be asked to work out the problem.

Better make it 4, 2 and 2.

H. D. TAYLOR.

7. The seventh request, viz., that these scholarships may be tenable in an Arts

H. D. TAYLOR.

G. S. F[ORBES].

College, the Medical and Engineering Colleges, may be sanctioned under article 104 of the Code.

8. The office-note deals adequately with the Director of Public Instruction's last request.

C. A. SOUTER—1-5-07.

Please see heading to G.O., No. 469, Educational, dated 11th August 1902, which says "The following additional scholarships for Europeans and Eurasians have been sanctioned".

What were the scholarships existing before the date in respect of number, value and tenure? Have they been subsequently withdrawn?

H. D. TAYLOR—2-5-07.

Submitted that no special scholarships for Europeans and Eurasians were in existence before 1902. The word "additional" seems intended to show that these scholarships were in addition to those specified in the Government scholarship notification for 1902. A copy of the scholarship notification of 1902 is not available; but a copy of the notification for 1904 is put up.

Attention is invited to paragraph 6 of Mr. Hewett's letter on page 4 of G.O., No. 755, Educational, dated 16th December 1901, where the Government of India remarked that no scholarships were specially assigned for Europeans in the Madras

When ... mended a scale ...
Europeans in paragraph 6 of his letter on page 4 of G.O., Nos. 174 and 175, Educational, dated 26th March 1902. The Government approved the Director's proposal and reported the fact to the Government of India in paragraph 6 of their letter No. 175, Educational, dated 26th March 1902—*vide* page 8 of G.O., Nos. 174 and 175, Educational, dated 26th March 1902. It is this scale which was embodied in the notification approved in G.O., No. 469, Educational, dated 11th August 1902.

T. KANAKASUNDARAM PILLAI—3-5-07.

That is how I understood G.O., No. 469, Educational, dated 11th August 1902. "Additional" in the notification can only mean "additional to the general scholarships already in existence," for there

H. D. TAYLOR.
G. S. F[ORBES].

were no special scholarships before that date, so far as I can see from the papers. There can, I submit, be little doubt that the rules issued last year cancelled the Government Order of 1902. If any

I think this must be held to be the case.

H. D. TAYLOR.

doubt is still entertained the Director of Public Instruction may be asked definitely.

C. A. SOUTER—4-5-07.

Please see marginal notes.

It is not quite clear whether it is really necessary to address India in regard to alterations in the rules as to scholarships. Rule 14, it is true, says that "local Government may, with the approval of the Governor-General in Council, cancel or modify any of the rules, or may introduce new articles," but in the case of Chapter X Scholarships the rates in rule 102 are merely *suggested* by India, while rule 110 states that "any additional rules regarding scholarships may be made in each province".

The Government of India in rule 102 do not expressly delegate to local Government the power of determining the *tenure* of a scholarship as this is provided for in article 104.

I see no formal objection to delegating. The question is, should the power be delegated?

G. S. F[ORBES].

Nor does it appear that Government can delegate to the Director of Public Instruction its power under article 106.

The number of scholarships to be allotted to boys and girls has to be determined *before* each examination—not as a *result* of the examination. It seems desirable to keep the proportion fixed, until it has been proved, by a series of years, to be wrong.

2. The scale of scholarships special to Europeans and Eurasians as sanctioned in G.O., No. 469, Educational, dated 11th August 1902, must, it is submitted, be deemed to be superseded by Chapter X of the new Code for European schools and the scale and conditions of scholarships fixed by Government thereunder.

3. The Director of Public Instruction appears to have given 19 more scholarships in the primary and middle classes than he was authorised to do apparently because the Government Order of 1902 makes no special provision for primary scholarships.

G. S. F[ORBES].

His action may be approved this year as a special case. It would be hard now to deprive those who have been given scholarships of those scholarships.

In future years 10 primary and 10 middle scholarships may be given.

4. The other points are dealt with fully in the office-note and in Mr. Souter's note.

H. D. TAYLOR—4-5-07.

The points on which I am not clear are two—the first is as regards the making of the University examinations the test for scholarships. Should we thus compel pupils in these schools to go up for the University examination, they may not mean to go in for a University course, nor go to the cost of the University fees?

[ORBES]—8-

5-07.

The Secretary and I have talked the matter over this morning.

I. As to the *Scholarship Examination* there is certainly a difficulty about the High School scholarship and the proposal to substitute for the examination therefor prescribed in article 97 of the Code, the Matriculation examination as proposed by the Director of Public Instruction.

The scope of the two examinations is very different; the Matriculation being (apparently) much more severe. For the Government of India European scholarships the standard prescribed is also, I understand, this High School examination. A Will office please verify this point for me and put up the papers. If so, those who apply for the scholarships would have a further ground of complaint.

On the other hand there is this difficulty that the High School scholarship is tenable at an arts college: and apparently an arts college will not admit those who have not passed the Matriculation: so that in this view such examination would be the more convenient test, besides saving, as it would, double fees, the fee under article 92 of the Code and the University Matriculation fee. On this point I should like to have a talk with the Director of Public Instruction.

Similar arguments apply to the proposal to make the *Middle School* scholarship tenable for three years instead of two years, as in article 102: inasmuch as the High School course which qualifies for admission to an arts college and Matriculation is the former period.

If the boy were going straight from the High School to the Medical or Engineering College the period of two years for the Middle School scholarship to be held during his High School course, and the special examination for the High School scholarship prescribed in the Code would not bar his entrance to such colleges, as Government could prescribe the qualification for admission to these colleges, unless the B University has, as in the case of the arts college, prescribed the qualifying standards.

Will office please note on any of the above points on which there is information available and then return the file, so that I may discuss the points with Director of Public Instruction, if necessary.

II. As to *scholarships for boys and girls*, I would preserve the old proportions six for boys and four for girls, etc.; and issue it as a general instruction to satisfy article 106.

The allotment "beforehand" referred to in article 106 means that Government shall notify before the examination the number *available* for boys and girls respectively. If the full number, however, proves after examination not to have qualified in either class, Government may authorize the Director of Public Instruction in such event to give an extra scholarship to the other class, if a candidate has qualified. I would allow this, however, to the extent of only one additional scholarship for the class: any others lapsing for the year unless granted with the special sanction of Government.

G. S. F[ORBES]—14-5-07.

Please note further on the points referred to in paragraph I of the Honourable Member's note.

H. D. TAYLOR—15-5-07.

With regard to the point referred to at A of the Honourable Member's note above, it is submitted that the standard prescribed for the Government of India scholarship for Europeans or Eurasians is the "European High school examination" or the B.A. Degree examination of one of the Indian Universities. Please see paragraph 3 (i) of the resolution of the Government of India, No. 221-238, Education,

Articles 88, May 1902. Code.

2. With reference to the raised at B above, it is submitted

* That is, the intermediate examination in Arts of the University.

K.R.

University has prescribed the qualifying standards for the L.M. & S. and the M.B. & C.M. classes at the Medical College.

For admission to the Engineer class of

the College of Engineering, the B.A. Degree examination has been prescribed. Please see Regulations Nos. 254 (1) and 272 (1) on pages 56 and 60, respectively, of G.O., No. 841, Educational, dated 27th December 1906, and rule 31 of the Engineering College rules on page 10 of G.O., No. 159, Educational, dated 20th March 1907. On the other hand, the qualifying standards for the classes which do not prepare for any University examination such as the Sanitary Inspectors' class and the Chemist and Druggist class at the Medical College, the Hospital Assistants' class at the Medical school and the Upper and Lower Subordinate classes at the College of Engineering have been prescribed by Government. Candidates for the Sanitary Inspectors' class are required to have passed the Matriculation examination (*vide* rule 2 on page 89 of the Medical College Calendar for 1906-1907), those for the Chemist and Druggist class, the Lower Secondary examination (*vide* G.O., No. 568, Educational, dated 20th November 1903) and those for the Hospital Assistants' class, the Matriculation examination (*vide* rule 2 (i) on page 3 of G.O., Nos. 171, 172, Educational, dated 11th March 1904). Candidates for the Upper Subordinate class of the College of Engineering are required to have passed the First Examination in Arts or the Intermediate examination of the Madras University, and those for the Lower Subordinate class, the Matriculation examination (*vide* rules 34 and 37 on page 10 of G.O., No. 159, Educational, dated 20th March 1907).

3. For the Assistant Surgeon department of the Medical College where Military Assistant Surgeon pupils are trained no educational qualifications are prescribed. But candidates for the Military Assistant Surgeon pupilship must be of European or Eurasian parentage and are selected on the results of a competitive examination—please see the rules on pages 65 to 69 of the Medical College Calendar for 1906-1907.

Female students for admission to the Assistant Surgeon department of the Medical College are required to have passed the Higher examination for women or the Matriculation examination—(*vide* page 80 of the Medical College Calendar for 1906-1907).

T.K.—24-5-07.

K. RANGASWAMI AIYANGAR—26-5-07.

C. A. SOUTER—27-5-07.

H. D. TAYLOR—28-5-07.

See marginal notes on Under Secretary's note of 1st May 1907 for my opinion on certain of the points in issue.

As to the High School scholarships, I thought of making an alternative test, either the special examination prescribed by the Code or the Matriculation, but then there would be the difficulty of assigning the scholarships; and that suggestion will not do. We could have adopted that course without going formally to India. But

A | on the whole perhaps it is best to make the Matriculation the test and give the scholarship for three years: India being addressed.

As to the Middle School scholarship I see no reason to modify the rules either as to length of tenure or conditions.

On the question of the distribution of the scholarships between boys and girls I have already noted.

Current No. 2446/07

Station Madras, Dated the 6th April 1907.

From (Name) The Hon'ble Mr. T. T. Logan, B.A.,

(Designation) Ag: Director of Public Instruction

Madras.

To the Secretary to the Government of Madras,
Educational Department

Su,

Under article 102 of the Code of Regulations for European Schools there are five grades of scholarships as shown below:-

- 1 Primary
- 2 Middle
- 3 High
- 4 Collegiate
- 5 Final

Numbers 1 to 3 are to be awarded on the results of the Primary, Middle and High school scholarship examinations respectively and numbers 4 and 5 on the results of such existing higher examinations as the local Government shall specify/ Please see article 103/. Again under article 104, No. 1 is tenable for 3 years and Numbers 2 to 5 are tenable for two years each. Further

2

3-2-

28

are awarded to students pursuing a recognized course of study in any institution approved for this purpose by the local Government. With a view to satisfy the conditions of article 91 of the Code so far as the middle school examination was concerned I informed the Inspector of European and Training Schools and the Inspectresses that 10 scholarships under each of the 1st and 2nd heads would be available for award and requested them to conduct the middle school scholarship examination as well as the Primary scholarship examination referred to in article 90-in November last. I did not consider it necessary that the High School Examination contemplated in the Code should be held since such an examination would not be accepted by the University as a substitute for the Matriculation Examination and success in it would not make a student eligible for admission into the Arts, Medical or Engineering Colleges. Accordingly I informed the Inspecting officers that scholarship No. 3 would be awarded on the results of the Matriculation Examination. At the same time I considered that the special scholarships sanctioned to Europeans and Eurasians in G.O. No. 469 Educational dated 11th August 1902 for which poverty was an essential condition of award should continue to be awarded in view of the fact that for the scholarship examination under the Code of Regulations for European Schools both rich and poor might appear. I was also of opinion that the last three grades of scholarships under the special scholarship scheme need no longer be awarded and that the number of scholarships already sanctioned for each of these grades might now be added to the number awarded under the Code of Regulations for European Schools in as much as there have not been of late so many applicants as vacancies in the last three higher grades. In conformity with the views expressed above I recently awarded 10 primary school scholarships, five for boys and five for girls and nine middle school scholarships, five for boys and 4 for girls on the results of the examinations mentioned in the Code of Regulations for European Schools over and above the 10 general education scholarships under each of the 1st two heads of special

4

5
-3-

38

scholarships sanctioned to Europeans and Eurasians by Government in their order quoted above. It will be observed that it was my object to award two distinct kinds of scholarships/so far as the primary and middle school scholarships were concerned, while there was no necessity for continuing the remaining general education scholarships under the special scholarship scheme. I have, therefore, the honour to request that you will be so good as

1 to approve the number of Primary and Middle scholarships assigned by me under article 102 of the Code of Regulations for European Schools to boys and girls respectively.

2 to sanction the following scholarships in the High, Collegiate and Final Grades viz.,

High	5
Collegiate	2
Final	2

3 to discontinue the award of the last three grades of general education scholarships in the special scholarship scheme sanctioned in G.O. No. 469 Educational dated 11th August 1902

4 to accept for the present the Matriculation, First-in-Arts and B.A. Degree Examinations respectively in the place of the examinations referred to in article 103 of the Code of Regulations for European Schools for the award of High, Collegiate and Final scholarships.

5 to make the middle school scholarships tenable for 3 years instead of two in view of the fact that pupils have to study for 3 years in the High school classes in this Presidency

6 to permit me to sanction an equal number of scholarships for male and female students in each of the last 3 grades and to give me power to increase the number of scholarships allotted to ^{male students} boys by transfer from the number allotted to ^{female student} girls and vice versa if there is necessity for it.

And

7 to approve of the high school scholarships being made tenable in an Arts college, the Medical College or the College

6

7
-4- 4P

of Engineering . I request also that the following special
 W scholarships which are tenable in the undermentioned professional
 colleges may continue to be awarded as usual/Vide G.O. No. 469
 Educational dated 11th August 1902./

Names of colleges	No.	Value of each scholarship	Classes in which tenable
1 Teachers' College	2	Rs 20	L.T. classes. ✓
2 Medical College	2	" 20	M.B. & C.M. ✓ classes.
Do.	2	" 20	L.M.S. classes ✓
3 College of Engineer ing.	1	" 20	Engineer class
Do.	1	" 15	Engineer sub- ordinate class ✓

I have the honour to be,

Sir,

Your most obedient servant,

Arthur Daghast

For Director of Public Instruction.

Then on what principle is
the Budget framed?

[Signature]
1002

Under article 102 of the Code of Regulations for schools,
(scholarships to Europeans are of five grades, Primary, middle,
High, Collegiate and Final - and the number of each
grade and their value have to be determined by the Local
Government. The number of scholarships of each grade
for this Presidency has not however been fixed but
their rates have been determined as follows :-

Primary not less than Rs.6 nor more than Rs.8 per mensem				
Middle	-do-	Rs.10	-do-	Rs.12 -do-
High	-do-	Rs.15	-do-	Rs.20 -do-
Collegiate	-do-	Rs.20	-do-	Rs.30 -do-
Final	-do-	Rs.30	-do-	Rs.40 -do-

Page 20 of the Code

2. Under article 103 the first three grades
of scholarships are awarded on the results of special
examinations as provided in articles 90 and 91 and
the last two grades on the results of such existing
higher examinations as the Local Government shall
specify.

Page 21 of the Code.

3. Under article 104 Primary scholarships are
tenable for three years in middle schools, Middle
school scholarships for two years in High schools
or technical or professional institutions and the
High school scholarships for two years by students
pursuing

pursuing a recognised course of study in any institution approved for this purpose by the Local Government.

4. The Director of Public Instruction (Hon'ble Mr. Logan) now reports

(1) that in accordance with articles 90 and 91 of the Code, he directed the Inspector of European and Training schools and the Inspectresses to conduct the Primary and Middle school scholarships examinations in November 1906 and that on the results of these examinations he awarded 10 Primary scholarships and nine Middle school scholarships;

(2) that in addition to the 19 scholarships mentioned in the preceding clause he also awarded 10 Primary scholarships tenable in Lower Secondary Forms and 10 Middle school scholarships tenable in Upper Secondary Forms under the notification approved in G.O.No.469 Educational, dated 11th August 1902,

(3) that he did not consider it necessary to hold the High school examination referred to in article 91 of the Code for the award of the High school scholarships, as such an examination would not be accepted by the University as a substitute for the Matriculation Examination and success in it would not make a student eligible for admission into the Arts, Medical and Engineering Colleges and that he decided to award the scholarships on the results of the Matriculation Examination; and

(4) that he is of opinion that the last three grades of scholarships (five, two and two) provided for in the notification approved in G.O.No.469 Edl., dated 11th August 1902 as tenable in F.A., B.A., and M.A. classes respectively need no longer be awarded and that these scholarships may be added

to

12

13

Art 102. par 20.

W

Cas
1422

Page 3 of C.F.

5. The Director then requests sanction to some of his acts and proposals ; but before proceeding to deal with them, it may be noted that from the 1st April 1906 the date on which the Code of Regulations for European Schools was introduced in this Presidency, the scholarships provided for in the Code have superseded the scholarships sanctioned for Europeans in G.O.No.469 Edl., dated 11th August 1902 and that the Director's action in sanctioning Primary and Middle school scholarships under this G.O.in addition to those awarded under the Code was unauthorised.

6. The Director's first request is that the number of Primary (10) and Middle school scholarships(9) assigned by him under article 102 of the Code of Regulations for European schools for boys and girls respectively may be approved. The number assigned by him are five Primary scholarships for boys and five for girls and five Middle school scholarships for boys and four for girls. There appears to be no objection to approving these numbers, but as the Director of Public Instruction proposes to award in addition to these scholarships, ten Primary scholarships and ten Middle school scholarships under the notification sanctioned in G.O.No.469 Edl., dated 11th August 1902 which has been superseded since 1st April 1906, the Government may once for all fix the number of Primary and Middle school scholarships to be awarded as required by Article 102 of the Code. The Honourable Member was of opinion that rates of scholarships fixed in the notification of 1902 were not sufficiently liberal. Please see his note on page 4 of the K.W. G.O.220 Edl., dated 26th March 1906. Hence all the Primary and middle school scholarships to be awarded in future should be awarded under the Code.

Page 16 of the Code

15 4

16 4.P. 8

7. The Director's second request is that the following number of scholarships in the High, Collegiate and Final grades may be sanctioned :-

High school scholarships	...	5
Collegiate -do-	...	2
Final -do-	...	2

These numbers are the same as those fixed in the notification sanctioned in G.O.No.469 Edl., dated 11th August 1902 and may be approved.

8. The third request of the Director is that the award of the last three grades of general education scholarships sanctioned in G.O.No.469 Edl., dated 11th August 1902 may be discontinued. As has already been noted the scholarships sanctioned in 1902 have been superseded by the scholarships awarded under the Code of Regulations for European schools and no sanction of Government is required for discontinuing them.

9. The fourth request is that for the present the Matriculation, First-in-Arts and B.A. Degree Examinations respectively may be accepted in the place of the examinations referred to in article 103 of the Code. Under this article the Local Government shall specify the examinations on the results of which the Collegiate and the Final scholarships will be awarded and as the Madras Government have not hitherto taken any action in this direction they may now specify the First in Arts and the B.A. degree examination as the examinations on the results of which the Collegiate and the Final scholarships will be awarded.

As regards the High school scholarship, it must under article 103 be awarded on the results of the High school examination specified in article 91. It does not appear that in this respect the Local Government can alter the letter of the Code and lay down that

the

16

the High school scholarship shall be awarded on the results of the Matriculation examination. The sanction of the Government of India appears to be necessary to modify the provision of the article.

Page 3 of C. b.

~~Article~~

Page 21 of the Code

Page 3 of C. b.

I think it would be better to give a fixed number for each class - I don't if the case allows delegation to the except under art 110. / 100

Page 21 of the Code

Page 3 of C. b.

Page 21

Page 4 of C. b.

17
5

the High school scholarship shall be awarded on the results of the Matriculation examination. The sanction of the Government of India appears to be necessary to modify the provision of the article.

10. The fifth request of the Director of Public Instruction is that the Middle school scholarship may be made tenable for three years instead of two in view of the fact that pupils have to study three years in the High school classes in this Presidency. Submitted that this may be approved and provided for by an explanatory note under article 104.

11. The sixth request of the Director is that he may be permitted to sanction an equal number of scholarships for male and female students in the High, Collegiate and Final grades of scholarships and that he may be given power to increase the number of scholarships allotted to male students by transfer from the number allotted to female students and Vice versa.

This proposal may be approved under article 106 of the Code. But as there are to be only five high school scholarships (vide para. 7 supra) it does not appear how an equal number of them can be allotted for male and female students. Further there are to be only two Collegiate and two final grade scholarships.

12. The seventh request is that the High school scholarship may be made tenable in an Arts College, the Medical College or the College of Engineering.

This proposal may be sanctioned under article 104 of the Code.

13. The last request of the Director of Public Instruction is that the following special scholarships (sanctioned in G.O. No. 469 Edl., dated 11th August 1902) which are tenable in the undermentioned professional

Colleges

6P
2

Colleges may continue to be awarded as usual.

Names of Colleges.	Number of scholarships.	Value of scholarship.	Classes in which tenable.
Teachers' College.	2	Rs.20	L.T. Class.
Medical College.	2	Rs.20	M.B.C.M.Class
	2	Rs.20	L.M.S.Classes.
College of Engineering	1	Rs.20	Engineer Class
	1	Rs.15	Engineer Subordinate Class.

The Director of Public Instruction seems to have overlooked the fact that provision for the grant of these scholarships exists in the rules relating to these Colleges and they need not be specially continued under a fresh sanction.

Page 29 of the book

(1) As regards scholarships tenable in Training Colleges please see rule 118 of the Madras Educational Rules, 5th edition. The rates fixed in the rule viz., Rs.35 for European masters and Rs.25 for European mistresses in the L.T. Class are more liberal than the rate sanctioned in the G.O. of 1902. In addition to these there is also the special scholarship of Rs.40 per mensem recently instituted for European masters to be trained in the training class at Sanawar in the Punjab. Vide G.O.

W

P No.198 Edl., dated 5th April 1907.

(2) As for the scholarships tenable in the Medical College, please see clause (h) under XIV Scholarships-1 Government scholarships on page 112 of the Medical College Calendar for 1906-07. The special scholarships sanctioned in G.O.No.469 Edl., dated 11th August 1902 have been embodied in the College rules.

O
W

This current was received in my office only on the 22nd instant.

(3) As regards the scholarships tenable in the College of Engineering, please see rules 51 and 56 of the rules of the College of Engineering - on page 13 of G.O. No.159 Edl., dated 20th March 1907. The special scholarships sanctioned in G.O.No.469 Edl., dated 11th August 1902 have been embodied in these rules.

7K.
26-4-07.

Sec.

(1). The Director's first request is that the number of primary (10) & middle school (4) scholarships proposed by him may be sanctioned. This may be done. He, however, goes on to ask for 10 more primary & 10 more middle school scholarships under G.O. No 469 of 11.8.02. The view taken in the office note seems correct. This C.P. has been superseded by the Code of 1906. The D.P.D. may be told this. It seems unnecessary now to fix the number of scholarships which may be awarded under the Code, but if it is thought convenient to do so 20 (10 primary & 10 middle school) may perhaps be convenient.

What have been already awarded

W

I think that the number has better be fixed definitely. It can always be altered, if necessary - but this should be something definite to go on for Budget purposes.

817

2. The Director's second request viz. that 5 High school } scholarships may be
2 Collegiate }
2 Junior }
sanctioned, may be granted. The number is taken from G.O. 469 referred to above which may be taken as a convenient basis.

W

817

3. ~~The~~ D.P.D's third request viz that the last 3 grades of Scholarships i.e. F.A. B.A. & M.A. sanctioned in p. 469 may be discontinued needs no answer. The Code has done so.
4. The D.P.D's fourth request is that the matriculation, F.A. & B.A. exam^{ns} may be accepted instead of the exam^{ns} laid down in art. 103 of the Code. So far as the F.A. & B.A. are concerned this Govt may agree under the second ~~and~~ clause of the article, but as the office points out any alteration as regards the High School exam^{ns} requires the sanction of India Articles 13 ~~of~~ of the Code says that the Local Govt may issue the Code with such explanatory notes as may be necessary. Art. 14 gives the power of Cancellling or altering any article to the G.G. in C. The alteration suggested is a distinct modification & cannot come under art. 13. If thought necessary, action must be taken under art. 14. The reason for the D.P.D's request is that the High School exam^{ns} will not be accepted by Colleges instead of the matriculation exam^{ns}. It is in Colleges

It would be necessary to note in rule 97 the words "and scholarship"; in rule 103 as "Primary & Middle Scholarships" and in rule 104 (a) to read "three" for "two"

108

that the scholarship will ordinarily be necessary. This reason seems valid.

5. The fifth request viz. that the middle school scholarship may be tenable for 3 years instead of 2, seems reasonable. The alteration was, in the special circs. of this Presidency, he carried out by a note to art. 104. But the result will perhaps be a little inconformous.

6. The D.P.'s 6th request viz. that the no. of scholarships in the last 3 grades i.e. High, Collegiate & Final may be equal for males & females can be sanctioned under art. 106. The D.P.'s 2nd request, however, is that the number in each grade ^(Scholarship) be 5, 2, & 2. He may be asked to look out the problem.

7. The 7th request viz. that these scholarships may be tenable in an Arts College, the Medical & Engineering Colleges, may be sanctioned under Art. 104 of the Code.

8. The office note deals adequately with the D.P.'s last request.

Chs.
1.5.7.

art. 102 would also require alteration. We have better add provision to each selective amendment

2.8.7

Bella note at 4.2.2

H.S.

Office

W Please see heading to G.O. 469 Ed. 11th Dec 1901
which says "The following additional
scholarships for Europeans & Eurasians have
been sanctioned".

What were the scholarships existing
before that date on respect of number, value
and tenure? Have they been subsequently
withdrawn?

ASL
2-5-07

Submitted that no special scholarships
for Europeans and Eurasians were in existence before
1902. The word "additional" seems intended
to show that these scholarships were in addition
to those specified in the Govt. Scholarship noti-
fication for 1902. A copy of the Scholarship noti-
fication of 1902 is not available; but a copy of the
notification for 1904 is put up.

Attention is invited to para. 6 of Mr. Hewitt's ^{letter} on
page 4 of G.O. no. 755 Ed. dated 16th Dec. 1901, where the
Govt of India remarked that no scholarships were
specially assigned for Europeans in the Madras Presidency
and urged that steps should be taken to reserve a
certain number of scholarships for them in all stages
of Education. With ref. to this, the D.P.I. recommended
a scale ^{*} of scholarships for Europeans in para 6 of his
letter on page 4 of G.O. nos 1744 & 175 Ed. dated 26th March
1902

* Please also see para 2 F
of Mr. Stuart's letter on page
7 of G.O. no 87, 88 Ed. 18-2-02.

R

1902. The Govt. approved the Director's proposal and reported the fact to the Govt of I. in para 6 of their letter no 175 Ldl dated 26th March 1902. vide page 8 of G.O. nos 174 & 175 Ldl dated 26th March 1902. It is this scale which was embodied in the notification approved in G.O. no. 469 Ldl 8th Aug 1902.

R.

W

$\frac{7.4.}{3.5.07}$

See.

That is how I understood G.O. 469 of 11.8.02. 'Additional' in the notification can only mean 'additional to the general scholarships already in existence', for there were no special scholarships before that date, so far as I can see from the papers. There can, I submit, be little doubt that the rules issued last year cancelled the G.O. of 1902. If any doubt is still entertained the D.P.D. may be asked definitely.

[Handwritten initials or signature.]

I think this must be held to be the case
[Signature]

[Signature]
4.5.7.

[Faint, mostly illegible handwritten text, possibly bleed-through from the reverse side.]

To the H.M.

[Handwritten initials and marks]

Please see marginal notes

It is not quite clear whether it is really necessary to address India in regard to alterations in the rules as to scholarships. Rule 104 it is true says that Local Govt may with the approval of the G.G. & C. cancel or modify any of the rules, or may introduce new articles but in the case of G. & C. scholarships the rules in rule 102 are merely suggested by India, while rule 110 states that "any additional rules regarding scholarships may be made in each province".

The Govt of India in rule 102 do not expressly delegate to Local Govt. the power of determining the tenure of a scholarship as this is provided for in art 104.

It does not appear that Govt can ~~can~~ delegate to the D.P. its power under art 106. The ~~old~~ number of scholarships to be allotted to boys & girls has to be determined before each examination - not as a result of the examination. ~~and~~ It seems desirable to keep the proportion fixed, until it has been proved, by a series of years, to be wrong. 2. The scale of scholarships special to Europeans & Eurasians as sanctioned in G.O. 469 Ed. It is ^{also} ~~also~~ must, it is submitted be

I see no formal objection to delegating. The G.C. is ^{it} the power be delegated?
[Signature]

W

p 20

deemed to be superseded by Cl. ~~of~~ of the
^{for European Note} new Code, & the ^{condition} scales of scholarship fines
 by Gov. Chetumal.

3. The BPS appear to have given 19
 more scholarships in the ~~upper~~ primary and
 middle class than he was authorized to do -
 apparently because ^{the} E.B. of 1902 makes no
 special provision for primary scholarships.
 His action may be approved then as a
 special case. It would be hard now to deprive
 those who have been given scholarships of
 those scholarships.

In future years 10 primary & 10 middle
 scholarships may be given.

4. The other points are dealt with fully
 in the office note, ~~see~~ in Mr. Soule's note.

Wm.

Wm.

4-11-07

The points on which I am not
 clear ^{are two - the first is as} have regards to the making
 of the University Exam^s - the
 test for scholarships. Should we
 be thus compel pupils in these
 schools to go up for the
 Univ. Exam^s - they may not
 mean to go in for a University
 course, nor go to the

34

Ad 415 Edd.
1-7-07

35 14

148

cost of the University fees?

The other point is as to the equal distribution of the scholarships but boys ought surely boys ought to have the preponderance?

Will Secretary please talk these points over ^{with me} when convenient to him.

S. F. 8/5

The Sec. & I have talked the matter over this morning. I As to the Scholarship Exam^{ns}, there is certainly a difficulty about the High School Scholarship & the proposal to substitute for the exam^{ns} therefor prescribed in article 97 of the Code, the Matriculation exam^{ns} as proposed by the D.P.D.

The scope of the two exam^{ns} are very different; the Matriculation being (apparently) much more severe.

For the F. & D. European scholarships
the ~~test~~ standard prescribed is
also I understand this High
School exam. : With Office
A please verify this point for
me & put up the pp. If
so, those who ~~apply~~ for
the scholarships to have a
further ground of complaint

On the other hand
there is this difficulty that the
High School Scholarship is
tenable at an Arts College : &
apparently an Arts College will
not admit those who have
not passed the Matriculation :
so that in this view such exam.
w^d. be the more convenient test,
besides saving, as it w^d., double
fees, the fee under Art 92 of the
Code & the Unmo⁵ Mat. fee. On
this point I sh^d. like to have
a talk with the D. P. D.

Similar arguments apply
to the proposal to make the middle
school scholarship tenable for 3
years instead of 2 years as in
Art. 102 : inasmuch as the High

School course which qualifies for admission to an Arts College & Matric is the premier period.

If the boy were going straight from the High School to the Medical or Engineering College the period of 2 years for the Middle School Scholarship to be held during his High School course, & the special examt for the H. School Scholarship permitted in the rule w^d. ~~not~~ not bar his entrance to such colleges, as Gov^t. C. prescribe the qualifications for ~~admission~~ ^{admission} to such these colleges, unless the University has, in the case of the Arts College prescribed the qualifying standards.

With office please note on any of the above points on which there is information available & then return the file so that I may discuss the points with D.D. if necessary.

II. As to Scholarships for Boys & Girls, I would preserve

the old proportions 6 per boys & 4
per girls &c. &c. ; & issue it as
a general instruction to satisfy art. 106

The allotment "beforehand"
referred to in article 106 means
that it shall notify the before-
the exam. the no. available
per boys & girls respectively. If the
~~there is~~ full no. however passes
after exam. not to have
qualified in either class, it
may authorize the D.P.I.
in such event to give ~~one~~ an
extra scholarship to the
other class, if a candidate ^{has} have
qualified. I w^d. allow this
however to the extent of only
one additional scholarship
per the class; any others lapsing
for the year ~~under~~ unless
granted with the special sanction
of W^t.

G.F. 14/5

Please note further on the point referred to
in the para I of the 11th note

W^t

15.7.17

With regard to the point referred to at A of ~~the~~ the Hon'ble Member's note on page 15 supra, it is submitted that the standard prescribed for the ^{European} Government of India Scholarship for Europeans is the 'European High School Examination' or the B.A. Degree Examination of one of the Indian Universities. Please see para. 3(1) of the Resolution of the Government of India No. 221-238, Education, dated 19th March 1907, on page 2 of G.O. No. 200, Edl., dated 5th April 1907. The European High School Examination referred to ^{in the Resolution above quoted} seems to be the same as that prescribed in the Code of Regulations for European Schools - Articles 88, 91 & 101 of the Code -

D

Pages 15 to 20 of the Code.

x That is, the Intermediate Examination in Arts of the University.

O

2. With reference to the point raised at B on page 16 supra, it is submitted that the University has prescribed the qualifying standards for the L.M. & S. and the M.B. & C.M. ^{degrees} at the Medical College ^{for admissions} and the Engineer class of the College of Engineering. ^{the B.A. Degree Examination has been prescribed -} Please see Regulations Nos. 254(1) & 272(1) ~~on~~ on pages 56 & 60 ~~respectively~~ respectively, of G.O. No. 841, Edl., dated 27th December 1906 ^{and Rule 3 of the Eng College rules on page 10 of G.O. 159 Edl. 5.10.2.07} ~~and~~ ^{on the other hand,} the qualifying standards for the classes which do not prepare for any University Examination such as the Sanitary Inspector's class and the Chemist and Druggist class at the Medical College, the Hospital Assistant class at the Medical School and the Upper and Lower Subordinate classes at the College of Engineering have been prescribed by Government. Candidates for the Sanitary Inspector's class are required to have passed the Matriculation Examination (vide Rule 2 on page 89 of the Medical College Calendar for 1906-07), those for the Chemist and Druggist class

vide below for authority -

class, the Lower Secondary Examination (vide G.O. No. 568, Edl., dated 20th November 1903) and those for the Hospital Assistants' class, the Matriculation Examination (vide rule 2(i) on page 3 of G.O. Nos. 171, 172, Edl., dated 11th March 1904). Candidates for the Upper Subordinate Class of the College of Engineering are required to have passed the First Examination in Arts or the Intermediate Examination of the Madras University and those for the Lower Subordinate Class the Matriculation Examination (vide rules 34 and 37 on page 10 of G.O. No. 159, Edl., dated 20th March 1907).

3. For the Assistant Surgeon Department of the Medical College where Military Assistant Surgeon pupils are trained no educational qualifications are prescribed. But candidates for the Military Assistant Surgeon pupilship ~~who~~ must be of European or Eurasian parentage ^{and} are selected on the results of a competitive examination - Please see the rules on pages 65 to 69 of the Medical College Calendar for 1906-07.

Female students for admission to the Assistant Surgeon Department of the Medical College are required to have passed the Higher Examination for Women or the Matriculation Examination - vide page 80 of the Medical College Calendar for 1906-07.

 and for the school

See marginal notes on 168's
 Note of 1/5/07 for my opinion
 on certain of the points in
 issue

As to the High School
 scholarships, I thought of making
 an alternative test, either the
 Special examt. prescribed by
 the Code or the Metric, but then
 there w^d. be the difficulty of
 assigning the scholarships; &
 that suggestion will not do.

We c^d have adopted that course
 without going formally to
 India. But on the whole
 perhaps it is best to make
 the Metric the test & give the
 A. Scholarship for three years:
 India being addressed

As to the Middle School
 scholarship I see no reason
 to modify the rules either as
 to length of tenure or conditions.

On the pt of the
 distribution of the scholarships.

ORDER:--
P.S.

4158 1st July 1907

The notification for the award of scholarships for Europeans and Eurasians approved in G.O. No.469, Educational, dated 11th August 1902, ^{having} ~~has~~ been superseded by the Code of Regulations for European schools which came into force on the 1st April 1906, ~~the D.P.I. has~~ ^{not authorized} ~~not authorized~~ ^{no authority} ~~to sanction any~~ ^{scholarships} ~~scholarships~~ under that notification in addition to those awarded under the Code. ^{The D.P.I. has} ~~His~~ action will, however, be approved as a special case.

2. Under Article 102 of the Code of Regulations for European Schools, the Government have already fixed the rates of the scholarships awardable to Europeans. The number of scholarships of each grade to be awarded in each year and the proportion in which they shall be allotted between boys and girls will now be fixed as follows:--

	Boys.	Girls.	Total.
Primary	6	4	10
Middle	6	4	10
High	3	2	5
Collegiate	1	1	2
Final	1	1	2

When

53.
2.

35 6P 37

When one of the scholarships allotted to any one class - boys or girls - is not appropriated, the D.P.I. may, in lieu of it, give an extra scholarship to the other class, provided an additional candidate has qualified in that class. Any unappropriated scholarship, ^(in extra class) in excess of one should lapse for the year, unless granted with the special sanction of Government.

3. The Primary and Middle School scholarships should be awarded in accordance with the provisions of the Code of Regulations for European Schools. The Government see no reason to modify, ^{as proposed by the D.P.I.,} the rules regulating the Middle School scholarship either as to the length of ~~tenure~~ ^{time} or other ~~conditions~~ ^{will}.

4. The proposals of the D.P.I. to ~~EX~~ award the High School scholarships on the results of the Matriculation Examination to make them tenable in an Arts College, the Medical College or the College of Engineering are approved. ^{provisionally} The Government also consider it desirable that the period of tenure of the High School scholarship should be lengthened to three years so as to enable the holders thereof to complete their course of instruction in ^{any of} the professional institutions. The Government of India will be requested to sanction the necessary modifications ^{of} Articles 103 and 104 of the Code of Regulations.

instead of on the results of the High School Examination as required by Article 103 and

54

55
3.

30 7P.36

5. The Collegiate and Final Scholarships will ^{As} recommended by the D.P.I., be awarded on the results of the First Examination in Arts or the Intermediate Examination and the B.A. Degree Examination, respectively of the *Madras University*.

6. With regard to the special scholarships tenable in the Teachers' College, the Medical College ^{and} ~~or~~ the College of Engineering referred to in the last sentence of the Director's letter, it is observed that provision for these ^{scholarships} exists in the Educational Rules and in the rules of the Colleges concerned and that no fresh sanction for their continuance is necessary.

7. The following letter will be despatched to the Government of India.

LETTER:-- 462/181 July 1907

To

The Secretary to the Govt. of India,
Home Department.

Sir,

Despatched
3/7/07

I am directed to address the Govern-
ment of India on the subject of amending
the Code of Regulations for European
Schools *as in operation in this*
per.

2. Under Article 103 of this Code,
the High School scholarship *should* be
awarded on the results of the High School
examination referred to in Articles 88 and
91. The D.P.I. has pointed out that this
High School examination would not be
accepted as a substitute for the Matricula-
tion examination of the Madras University
and that success in the former would not
make ~~make~~ a student eligible for admission
into the Arts, Medical or Engineering Col-
leges, for which the Matriculation examina-
tion or other examination of the Univer-
sity has been prescribed as a qualifica-
tion. He therefore proposes that the
High School scholarship *should* ~~may~~ be awarded on
the results of the Matriculation examina-
tion *of the Madras University.* The Governor in Council approves
of this proposal and further desires to
lengthen the period of tenure of the *High*
School scholarships from two to three years to
enable the holders thereof to complete

the

58

59

5.

no 10P

the prescribed course of study in any of the professional institutions approved by the Government under Article 104 of the Code.

3. I am to request that, under Article 14 of the Code, the Government of India will be pleased to accord ~~the~~ sanction to the modification of Articles 103 and 104 in the manner proposed.
