LOCAL AND MUNICIPAL DEPARTMENT.

As recommended * by the Director of Public Instruction, credit was taken in the revised estimate for 1906-1907 relating to the Bellary Municipality for a contribution of Rs. 3,850 from Provincial funds for educational purposes. The Chairman (C. S. Subrahmanyam) now requests that orders may be issued to place this amount to the credit of the municipality.

Paragraph 1 of G.O., No. 654 M., dated 27th March 1907.

2. It is not known why the grant referred to was not drawn before the 31st March 1907. It is submitted that the Director of Public Instruction may be asked u.o. whether the full amount of Rs. 3,850 for which credit was taken in the revised estimate may now be paid, and if it can be whether he will meet the payment from his budget.

P.R.—13-6-07.

P. T. THARYAN—13-6-07.

There must have been a separate order in the Educational Department sanctioning these grants, and the Accountant-General probably took steps to adjust them. If the grant has not been drawn in one case, it has probably not been drawn by other municipalities.

Better consult Educational as to the action taken when these grants were contributed for seeing that they were duly adjusted to the credit of the municipalities concerned.

H. D. TAYLOR—17-6-07.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

In the budget estimate of the Bellary Municipality for 1906-1907, as passed by G.O., No. 623 M., dated 31st March 1906, Government, credit was taken for a grant of Rs. 1,700 from Government for educational purposes. In his R.C. No. 1186-3/1906, dated 9th February 1907, submitting

remarks on the budget estimate of the Bellary Municipality for 1907-1908, on page 3 of G.O., No. 654 M., dated 27th March 1907, the Director of Public Instruction recommended that the amount provided on this account in the revised estimate might be raised to Rs. 3,850—Rs. 250 for teaching grants to aided elementary schools and Rs. 3,600 for municipal schools, including the net cost of the Municipal High school, which was to be paid from Provincial funds under G.O., No. 168 M., dated 28th January 1907. This sum of Rs. 3,850 was accordingly entered in the revised estimate for 1906-1907—paragraph 1 of G.O., No. 654 M., dated 27th March 1907, and column 6 of the statement on page 5 of G.O., No. 654 M., dated 27th March 1907.

2. But in calculating the amounts of subsidies including the contributions on account of teaching grants payable to municipalities in 1906-1907, the Director apparently failed, in the case of the Bellary Municipality, to take into account the increased provincial grant of Rs. 3,850 which he recommended in the revised estimate of the municipality and based his calculation only on the sum of Rs. 1,700 entered in the budget estimate for 1906-1907. He accordingly recommended the payment of a further grant of Rs. 1,944—*vide* column 9 of statement B on page 5 of G.O., No. 71, Educational, dated 9th February 1907. The Government accordingly sanctioned a grant of Rs. 1,944—*vide* appendix to G.O., No. 71, Educational, dated 9th February 1907, page 7.

3. Subsequently, instead of increasing the amount of grant to the Bellary Municipality with reference to his recommendation in connection with the budget estimate of the municipality for 1907-1908, the Director proposed the reduction of the grant (Rs. 1,944) already sanctioned to Rs. 1,314 on the ground that the grants actually assigned to the municipality fell short of the amount allotted in G.O., No. 71, Educational, dated 9th February 1907, by Rs. 630—*vide* the Director of Public Instruction's letter, dated 11th March 1907, on pages 2 and 3 of G.O., No. 179, Educational, dated 26th March 1907. The Government accordingly sanctioned the reduction in the grant—*vide* G.O., No. 179, Educational, dated 26th March 1907.

4. Submitted that the file may be sent u.o. to the Director of Public Instruction for remarks as to why the full sum of Rs. 3,850 provided in the revised estimate of the Bellary Municipality for 1906-1907 was not paid to the Municipal Council and whether he can pay the balance now from his budget grant.

To the Director of Public Instruction.

When recommending the reduced contribution payable to the municipality in my letter, dated 11th March 1907, Ref. on C. No. 34, the net cost payable to the municipal high school was overlooked though the salary grant previously paid to the High School department was taken into account. The balance due can be paid from the current year's grant, if necessary, by reappropriation from other heads. The amount due is Rs. 2,320—

T. T. LOGAN—21-7-07.

The Director of Public Instruction makes out that the net amount of Provincial grants payable to the Municipal Council of Bellary for 1906-1907 is only Rs. 2,320, excluding the sum of Rs. 1,314 actually paid under G.O., No. 179, Educational, dated 26th March 1907, and the saving to the Municipal funds in the allotments for teaching grants owing to the introduction of the new Grant-in-Aid Code. Mr. Logan states that this balance may be paid from the current year's grant, if necessary, by reappropriation from other heads. It is submitted that the Director of Public Instruction may be asked to arrange for the payment of this sum of Rs. 2,320.

Care must be taken to see that orders are passed on subsidies to municipalities this year in sufficient time to admit of the funds being drawn. The Accountant-General can adjust subsidies, due to Local Boards, but Municipalities have to draw the amounts on separate bills.

H. D. TAYLOR—18-7-07.

[G.O., No. 458, Educational, dated 18th July 1907.]

remarks on the budget estimate of the Bellary Municipality for 1907-1908, on page 3 of G.O., No. 654 M., dated 27th March 1907, the Director of Public Instruction recommended that the amount provided on this account in the revised estimate might be raised to Rs. 3,850—Rs. 250 for teaching grants to aided elementary schools and Rs. 3,600 for municipal schools, including the net cost of the Municipal High school, which was to be paid from Provincial funds under G.O., No. 168 M., dated 28th January 1907. This sum of Rs. 3,850 was accordingly entered in the revised estimate for 1906-1907—paragraph 1 of G.O., No. 654 M., dated 27th March 1907, and column 6 of the statement on page 5 of G.O., No. 654 M., dated 27th March 1907.

2. But in calculating the amounts of subsidies including the contributions on account of teaching grants payable to municipalities in 1906-1907, the Director apparently failed, in the case of the Bellary Municipality, to take into account the increased provincial grant of Rs. 3,850 which he recommended in the revised estimate of the municipality and based his calculation only on the sum of Rs. 1,700 entered in the budget estimate for 1906-1907. He accordingly recommended the payment of a further grant of Rs. 1,944—*vide* column 9 of statement B on page 5 of G.O., No. 71, Educational, dated 9th February 1907. The Government accordingly sanctioned a grant of Rs. 1,944—*vide* appendix to G.O., No. 71, Educational, dated 9th February 1907, page 7.

3. Subsequently, instead of increasing the amount of grant to the Bellary Municipality with reference to his recommendation in connection with the budget estimate of the municipality for 1907-1908, the Director proposed the reduction of the grant (Rs. 1,944) already sanctioned to Rs. 1,314 on the ground that the grants actually assigned to the municipality fell short of the amount allotted in G.O., No. 71, Educational, dated 9th February 1907, by Rs. 630—*vide* the Director of Public Instruction's letter, dated 11th March 1907, on pages 2 and 3 of G.O., No. 179, Educational, dated 26th March 1907. The Government accordingly sanctioned the reduction in the grant—*vide* G.O., No. 179, Educational, dated 26th March 1907.

4. Submitted that the file may be sent u.o. to the Director of Public Instruction for remarks as to why the full sum of Rs. 3,850 provided in the revised estimate of the Bellary Municipality for 1906-1907 was not paid to the Municipal Council and whether he can pay the balance now from his budget grant.

To the Director of Public Instruction.

When recommending the reduced contribution payable to the municipality in my letter, dated 11th March 1907, Ref. on C. No. 34, the net cost payable to the municipal high school was overlooked though the salary grant previously paid to the High School department was taken into account. The balance due can be paid from the current year's grant, if necessary, by reappropriation from other heads. The amount due is Rs. 2,320—
