To the Secretary to the Government of Madras,
Educational Department

Sir,

With reference to Memorandum No. 1381 - 2

Educational, dated 14th June 1907, I have the honour to state that the staff of the College of Engineering has to be strengthened by the employment of a temporary additional instructor for the reasons set forth in the enclosed copy of letter No. 51 C, dated 10th April 1907, of the Principal of the college from which it will be seen that during the term from July to December 1907 there will be three new classes in accordance with the revised rules against only one provided for under the old rules. I consider that an additional instructor is necessary to arrange for the efficient teaching of these two additional classes and beg therefore to request the early sanction of Government for the appointment of one.

Pages 4 & 5

2. The Principal reports that the additional instructor is required from the 15th instant and the Chief Engineer informs me that a subordinate has been selected for the post and that he will be instructed to join the College on the appointment being sanctioned by Government. In view, therefore, of the urgency of the matter, I am submitting this letter direct and the proposition and reappropriation statements through the Accountant-General. If the additional temporary appointment herein recommended is sanctioned, I request that orders may issue in the Public Works Department for the instructor's joining the College forthwith.

3. The temporary upper subordinate selected by the Chief Engineer for the above appointment is reported to be in the second grade on Rs. 80 and to be eligible for a salary of Rs. 105 per mensem if employed on duty in the Presidency town. As the Chief Engineer has urged that the latter salary should be allowed to his nominee I have provided for that amount in the proposition statement.

I have the honour to be,

S i r,

Your most obedient servant,

C. Krishnaswami

To

The Director of Public Instruction,

M a d r a s.

Sir,

Under the revised College Rules, I am admitting the following new classes in July --

- (1) Upper Subordinate class.
- (2) Lower Subordinate class.
- (3) Military Probationers' class.

as proposed in paragraph 6 of my No. 2080 C, dated 24th January 1907.

2. Under the old rules, an Engineer Subordinate class only would have been formed in July, so that during the second half of the current calendar year we shall have two extraordinary classes. The existing staff is not adequate to deal with two additional classes, even when pressed to the utmost; and it will be necessary to obtain the services of one Assistant Instructor for six months from the 30th June.

3. I have the honour accordingly to request that special sanction be obtained for the temporary employment of such Assistant. The most convenient source will be the Public Works Department, and the salary of the person deputed will depend on his grade in the Upper Subordinate Establishment. I suggest that the Chief Engineer be applied to, and be asked

Page 37 80.

5 7 1
to state what salary the man he recommends should draw during the period of his deputation. The temporary Assistant Instructor should be an Overseer (holding a diploma as Engineer, or failing that as Engineer Subordinate) who is well up in Surveying.

4. It will doubtless occur to you that one Assistant Instructor is a very moderate demand for two extra classes. I propose however to adopt a provision of the new rules to the existing classes by dropping the subject of Vernacular Language for two junior class divisions, and so setting free to some extent the services of the Vernacular Assistants for teaching the class of Military probationers. By this step, and by putting extra pressure on the staff, I think that it will be possible to convey suitable instruction to all the classes during the crowded half year which is approaching.

I have the honour to be,

S i r,

Your most obedient servant,

/Sd/ H. D. Love,

Cl. R. E.

C. No.1694, from the Director of Public Instruction, No.2608, d/16-7-07.

Subject.

Appointment of a temporary Instructor
at the College of Engineering.

Under the rules of the College of Engineering which were in force before the 1st April 1907, ~~admission to~~ the Engineer, Sub-Overseer and Surveyor and Draftsman classes ^{were formed} ~~took place~~ in January and ^{of each year.} the Engineer-Subordinate class in July - vide rules 38, 44, 49 on pages 8 and 9 of G.O. No.37, Edl., dated 20th January 1906.

2. Under the revised rules of the College which came into force on the 1st April 1907, the date of admission to all the classes in the College is the 15th July - vide rule 28 on page 10 of G.O. No.159, Edl., dated 20th March 1907.

3. The College re-opened on the 15th instant and the following three new classes ^{will have to} ~~be~~ formed:--

- (1) Upper Subordinate Class
- (2) Lower Subordinate class
- (3) Military Probationers class.

4. Owing to the introduction of the new rules, there will thus be three additional new classes ^{during the term from July to December 1907} instead of only one, namely, the Engineer Subordinate class under the old rules. Colonel Love states that the existing staff of the College is not adequate to deal with the two additional classes and that one Assistant Instructor will have to be appointed

appointed for about six months, from the 15th July to the 31st December 1907. The D.P.I. considers that the appointment of an additional instructor is necessary for the efficient teaching of the two new classes and requests sanction for the appointment of ^{a temporary instructor} on Rs. 105 per mensem.

5. The D.P.I. has selected a temporary upper subordinate of the P.W.D. for the post. His pre-pay sent in the P.W.D. is Rs. 80 and, if stationed at the Presidency town, he will be entitled to an allowance of Rs. 25 or a total salary of Rs. 105 per mensem ^{provided by the D.P. as the salary payable to him} which has been ~~as~~ as instructor in the College. ^{It is stated that the Chief Engineer has urged that the nominee should be paid a salary of Rs. 105 p.m.}

6. It is for consideration whether the proposal of the D.P.I. to appoint a temporary instructor on Rs. 105 per mensem may be sanctioned.

7/4/
18-7-07

The D.P.I. states that he has submitted the proposition statement and the reappropriation statement through the Accountant General and has submitted this letter to Govt. direct, in view of the urgency of the matter. He also requests that if the additional temporary ~~additional~~ appointment is sanctioned, orders may issue in the P.W.D. for the instructor's joining the College forthwith.

2. The necessity for an additional instructor ^{from July to December 1907} ~~for the two new classes of the College~~ appears to have been made out, and it is submitted that the employment of an instructor on Rs. 105 p.m. from the date of the order to the end of December may be approved.

3. The Public Director has already selected B. Lakshminarayana Rao, a temporary overseer on Rs 80, for the post - vide pages 2+3 of the notes in the linked file.
