From

ALFRED CHATTERTON, Esq.,

DIRECTOR OF INDUSTRIAL AND TECHNICAL INQUIRIES

IN THE MADRAS PRESIDENCY,

Madras,

To

THE Director of Public Instruction,

M a d r a s.

SIR,

As I understand that Colonel Love R.E. will shortly retire from the Principalship of the College of Engineering, I have the honour to request that you will bring to the notice of Government the anomalous position in which I shall be placed if a junior officer of the Educational Department is permanently appointed to the vacancy.

2. For the last 19 years my permanent appointment has been that of Professor of Engineering in the College of Engineering and my name still appears in the list of the staff. At the present time I occupy a position which has been created for only 5 years, and on the expiry of that period I may have to revert to my permanent appointment. I would, therefore, respectfully request that my position may be duly considered and such arrangements made that I may not, either now, or in the future, suffer from the fact that I have been on special duty for so many years. In the event of Government determining to appoint an officer junior to me to the post of ~~the~~ Principal of the Engineering College, I would request that my name be removed from the staff of the College, and that I be gazetted to some

other permanent appointment which will not imply that I held a permanent position subordinate to a junior officer.

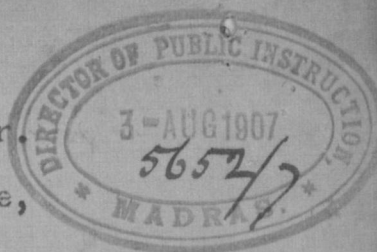

I have the honour to be,

Sir,

Your most obedient servant,

Styru Chatterton

Director of Industrial and Technical
Inquiries.

6. 8. 07 Mr. Chatterton's permanent post is Professor of Civil Engg. in the Engineering College, but he was appointed to that post in July 1908. He has however had very little practical connection with that College after the first 3 1/2 years service.

From 5th Dec 92 to 15th Jan 1894 he was employed in various capacities in the PWD. He was on leave for 15 months in 1896-7. His post was converted into a post in the India Est. service on 1st May 97 and from the end of 1897 onwards he has held

either the post of Supr Secy of Arts, or has been on leave or on special duty in Europe or in Africa.

He is now on deputation for five years as Secy of Industrial & Technical Inquiries under the Res Dept.

2. It has already been decided that Mr James should be appointed as Principal, College of Engineering or Col Loro's retirement, & Mr Chatterton certainly has no valid claims to the appointment.

3. As to Mr Chatterton's second request that - if he is not given the Principal's post - he may be given a let or some other post in the Ed. Dept. other than that of Professor in the College of Engineering, it is submitted that there is no post to which he can be appointed. The only vacant post is that of Supr Secy of Arts, and the Govt of State has been asked to send out a special man for that post on special terms as to salary. Mr. Chatterton's objection are purely sentimental, & the Ed. Dept. could certainly have no use for his services, should he ever actually return to it, outside the College of Engineering.

The matter is divided & hence I fear the
draft Mr. Chatterton's protest will be no
immediate action but I think it necessary
to place on record my opinion that ~~nothing~~
likewise over the thing of his request that the
complaint with Mr. Chatterton has done & is
doing splendid work and that his personality
is disliked is no reason for ignoring his
