GOVERNMENT OF MADRAS.

EDUCATIONAL DEPARTMENT.

Order—No. 566, Educational, dated 29th August 1907.

A sum of Rs. 1,47,555 will be allotted from the provision of five lakhs under "Adjusting heads—Contributions from Provincial to Local" for the payment of grants to District Boards in order to enable them to meet the cost of maintenance in the current year of new rural schools opened in 1906–1907 and to be opened in 1907–1908.

2. The grant will be distributed as shown below:—

	RS.
1. Anantapur	1,098
2. Arcot, North	9,784
3. Arcot, South	4,978
4. Bellary	4,013
5. Canara, South	1,418
6. Chingleput	5,214
7. Coimbatore	8,292
8. Cuddapah	5,863
9. Ganjam	9,272
10. Godavari	5,502
11. Guntur	4,880
12. Kistna	11,088
13. Koraput	576
14. Kurnool	2,642
15. Madura	6,865
16. Malabar	4,997
17. Nellore	1,876
18. Nilgiris, The	1,258
19. Salem	7,662
20. Tanjore	15,667
21. Tinnevely	7,309
22. Trichinopoly	11,659
23. Vizagapatam	15,642
Total ...	1,47,555

3. The Accountant-General is authorized to place these amounts at the disposal of the local bodies concerned. These allotments will, however, be provisional and will be subject to adjustment with reference to the actual cost of the establishments as finally sanctioned.

4. Further orders will issue in the Local and Municipal Department sanctioning the scale of establishments in the new rural schools under the several Local Boards.

(True Extract.)

H. D. TAYLOR,
Ag. Secretary to Government.

To the Director of Public Instruction.

NOTES CONNECTED WITH G.O., No. 566, EDUCATIONAL, DATED 29TH AUGUST 1907.

[SUBJECT.—Allotment from the recurring grant of 6 lakhs in aid of elementary education to Local Boards for the maintenance of rural schools newly opened, with establishments according to the scale prescribed in rules 81 and 82 of the Educational Rules.]

Of the provision of Rs. 6 lakhs in the current year, Rs. 5 lakhs have been retained in the Local section, and Rs. 1 lakh in the Provincial section. The latter provision was intended to meet the cost of additional items of expenditure on elementary education outside the Local section with special reference to

- (a) Provincialization of supervisor's establishment.
- (b) Reorganization of establishment of Muhammadan girls' schools.
- (c) Contribution to Karur Municipality for an Educational Museum (Rs. 2,000).
- (d) Contribution to Municipalities towards the cost of revising the establishments of their elementary schools in accordance with the Educational Rules.

2. Of the above items, we have not yet heard that India have sent on our proposals to the Secretary of State as regards item (a); it is not therefore likely that any expenditure will be incurred under this head in the current official year.

As to (b), a proposition statement for the reorganization of Muhammadan girls' schools has been called for from the Director of Public Instruction. The estimated annual increase in cost is Rs. 2,500 and the additional charge for the current year Rs. 1,250.

(c) An allotment of Rs. 2,000 has been made to the Karur Municipality for the purpose of the museum.

(d) An allotment of Rs. 12,845 has been made to certain Municipal Councils to meet the additional cost which will probably be incurred in the current year by the revision of establishments—the annually recurring charge under this head being placed for future years at Rs. 17,627 per annum.

There is likely therefore to remain for distribution out of the Rs. 1 lakh in the current year's budget on the Provincial side a sum of Rs. 1,00,000—Rs. 1,250—Rs. 2,000—Rs. 12,845=Rs. 83,905.

3. Out of the Rs. 5 lakhs reserved in the Local section, an allotment of Rs. 1,24,477 has been made for the current year to the various Local Boards in order to enable them to meet the cost of revising the establishments of existing elementary schools, as apart from the rural schools newly opened in 1906–1907 and 1907–1908, the annual recurring charge on this account being estimated at Rs. 1,86,669.

4. The present file relates to the grants to be made to Local Boards for the establishments required, on the standard scale, for the new rural schools recently opened, this being also a charge on the special grant of 6 lakhs. When it has been definitely determined what allotments require to be made for this purpose, and after those allotments have been made, the Director of Public Instruction will be asked to submit proposals for the allotment of the balance available for items of non-recurring expenditure, such as the equipment of school buildings and the construction of further buildings at centres where Board schools already exist, or for lump grants to such of the District Boards as are unable to maintain, from their own funds, their existing elementary schools.

5. The present proposals for allotment have been based generally on the provision of the rural schools newly opened with establishments on the standard scale provided in the Educational Rules, certain higher scales being allowed in special tracts, such as the Nilgiris and Koraput, and lower scales in night schools, when the teachers also teach in day schools.

6. It appears that in some districts expenditure made from the special grant of 6 lakhs in aid of primary education has been incurred on school buildings not only in places where Board schools formerly existed, but without adequate accommodation, and in important villages which possessed no elementary schools at all, whether public or aided, but also in some villages where fairly efficient aided schools existed. It was not the intention of Government to replace aided schools wholesale by Board schools at centres in which efficient aided schools existed, when the managers were able and willing to carry on those schools in accordance with the revised rules. Orders have now issued that, for the present, building operations should be restricted to existing Board schools which do not possess adequate accommodation or equipment, except in special cases and in special tracts.

Nor was it the intention of Government to make allotments wholesale to Local Boards for the provision of establishments to schools to be opened at fresh centres without first providing adequate and suitable buildings. So far as such schools were opened in 1906-1907, it is hardly practicable now to go back, but for the future in regard to schools to be opened in 1907-1908 and hereafter the special grant is not intended to be allotted for this purpose or to replace aided schools the managers of which are willing and able to comply with the rules and to maintain their schools in an efficient condition. Such schools can be aided, without being converted into public or Board schools at considerably less cost, and the special grant will be made to go further in the promotion and extension of elementary education than if it is strictly limited to Board schools.

7. The cost of the present proposals for establishments on rural schools is estimated as Rs. 1,53,925 for the current year and Rs. 1,99,685 for future years against a sum of Rs. 1,98,997 estimated

See statement attached.

H. D. TAYLOR.

by the Director of Public Instruction in his note of 6th June 1907 on page 13 of K.W. G.O., No. 395, dated 20th June 1907, and subsequent estimate for Ganjam and Guntur, though slight variations are noticeable in the proposed distribution to the different districts.

8. After orders have been passed as to the grants for maintenance of new rural schools, the Director of Public Instruction will be asked to submit proposals for utilization of the balance yet unallotted for the current year for equipment of buildings, for special grants in necessitous cases, and for new buildings when required for existing Board schools or schools now sanctioned.

9. Care will have to be taken, in making any grants for new buildings, that the distribution is equitable with reference to the actual needs of the Boards and with reference to the distribution of the grant in past years.

10. This note, with 23 subsidiary files, will now be sent to the Director of Public Instruction for very early remarks on the proposals of the various Boards as they have been checked and approved before final orders issue. It is requested that this reference may be treated as *very urgent*, as orders should issue on the various proposition statements by the 26th instant at latest.

H. D. TAYLOR—19-8-07.

To the Director of Public Instruction.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION.

On receipt of orders on these proposition statements, I shall submit proposals for the utilization of the balance that may be left over out of the special grant, but I should like to be informed whether these proposals should relate only to the balance of nearly 2½ lakhs out of the 5 lakhs or also to the balance of Rs. 83,905 out of the

The Director of Public Instruction will of course take these sums into consideration in making allotments for the balance for the current year. I have ordered a list to be prepared with this object.

H. D. TAYLOR.

1 lakh retained in the Provincial section, also whether the amounts required to be re-allotted in the budget estimates for 1907-1908 by certain Boards in G.O., No. 1079 L., dated 5th September 1906, should be considered.

The principal non-recurring items for which the balance has to be allotted are—

(i) the completion of buildings the construction of which was commenced in 1905-1906 and 1906-1907;

(ii) improvements to buildings completed during these two years such as extensions, repairs, compound walls, well;

(iii) equipment of schools such as furniture, apparatus, etc.;

(iv) lump grants to certain Boards;

(v) construction of buildings mainly for previously existing Board schools, including rural schools started during 1906-1907.

The schools recommended to be opened during 1907-1908 have all been provided with buildings.

A In the notes on the proposals of each district I find in several cases reference is made to the amount of capitation allowances on behalf of schools to be opened during

But surely they are paid monthly?

H. D. TAYLOR.

1907-1908. As these allowances will not become payable in the case of these schools before May 1908, they need not be considered in the calculations for the current year.

Anantapur.

Two schools were opened in 1906-1907 and only one of them was provided with a building in 1905-1906. During 1906-1907 Kottakota in Penukonda taluk is the only station at which a building was constructed. It will therefore be sufficient if funds are allotted for this school and the two schools of 1906-1907. The President informs me that owing to the inability of the Taluk Boards to maintain their schools a lump grant of Rs. 5,000 is expected. It seems to me therefore undesirable to permit the Board in its present condition to assume the direct management of a number of aided schools.

North Arcot.

The revised proposition statement relates only to stations which have been provided with buildings during the last two years and it may be sanctioned.

South Arcot.

Among schools proposed to be opened during 1907-1908 buildings have not been constructed at the stations named below:—

Number in the proposition statement.	Name of station.
1	Perumukkal.
3	Vanur.
9	Vegakollai.
10	Sedapalayam.
11	Gandrakottai.
12	Siruvahur.
13	Alapakam.
14	Tyaganallur.

It has not been stated that schools under private management do not exist at these stations and in any case it is undesirable to permit the Board to maintain schools in them.

Bellary.

The proposition statement may be sanctioned.

South Canara.

The proposition statement may be sanctioned.

In the proposals forwarded to me the President has proposed the opening of schools in thirty stations not provided with buildings and I have informed him that funds are not likely to be allotted for them.

Chingleput.

Buildings have not been constructed at any of the stations at which schools are proposed to be opened during 1907-1908. At my suggestion the President has consented to omit the schools from the current year's proposals.

Coimbatore.

As observed in the Local and Municipal notes, the school at Kondayampalayam should be included in the proposition statement.

Cuddapah.

The school at Komarakalva should be excluded from the proposition statement as the building constructed in the station is being used for the Board Panchama school and as I am informed by the President that he does not ask for funds for its maintenance.

Ganjām.

Among schools to be started in 1907-1908, buildings have not been constructed at Chikalahandi and Boirani and they may be omitted from the proposition statement. At Gurandi there seems to be a Board school already and it may also be removed. For the other nine schools as well as the school at Gurandi, the construction of buildings was commenced in 1906-1907 and a sum of Rs. 4,597 approximately was spent in that year. Funds may therefore be allotted for these nine schools from 1st September 1907 as in the case of new schools in other districts.

As observed in the Local and Municipal note, sixty-nine schools were opened in 1906-1907—all in stations without schools—and in buildings specially constructed for them. The cost of one building, viz., that at Dharkota, was paid for by the zamindar.

Guntūr.

Schools should be opened during 1907-1908 in the following stations which have been provided with buildings:—

Pedagadalavarru.	} Guntūr Taluk Board.
Rentapalli.	
Nadendla.	} Narasaraopet Taluk Board.
Miriyala.	
Gummadampadu.	

The proposition statement includes only the first two, but the other three are included in the proposals forwarded to me. Provision may therefore be made for a single teacher on Rs. 8 for each of them.

Gódvāri.

The proposition statement submitted by the President with his letter D. Dis. No. 919, dated 12th July 1907, relates to schools provided with buildings and may be sanctioned.

Kistna.

All the schools named in the proposition statement, with the exception (1) of the school proposed for Nandivada and (2) the four experimental schools, have been provided with buildings. These five schools may be omitted from the proposition statement.

Koraput.

The proposition statement may be sanctioned.

Kurnool.

The proposition statement submitted with the President's letter R.C. No. 90, dated 13th July 1907, shows that 14 schools were opened during 1906-1907, but as a matter of fact 15 schools would appear to have been opened—please see the four statements submitted with the President's letter R.C. No. 32, dated 18th April 1907. The school left out is the Muhammadan school at Narnur. It is included in the proposals forwarded to me. Funds may therefore be allotted for its maintenance also.

Madura.

Buildings have been constructed for all the schools of 1906-1907 and buildings were either constructed or were in course of construction during 1906-1907 for all the schools proposed for 1907-1908 as also for the following new schools which appear in the proposals forwarded to me:—

Kattiyur.	} Melur Taluk.
Reddiapatti.	
Perungalur.	} Ramnad Taluk.
Pogalur.	
Meelamalagai-mangalam.	} Tiruvadanai Taluk.
Puttur.	
	Sivaganga Taluk.

One teacher on Rs. 8 is proposed for each of these schools and funds may be allotted for their maintenance also.

Malabar.

The proposals received by me provide for the continuance of the 16 schools of 1906-1907.

The number of the special rural batch of teachers trained during 1905-1906 for this district was in excess of the number of buildings for rural schools constructed in that year. In all cases in which the number of teachers of this special batch was in excess of the number of schools, Dr. Bourne issued a general circular to the effect that these teachers might be asked to open schools in villages that are likely by reason of their importance to be included in the programme of building operations for 1906-1907.

Under the impression that the 12 schools without buildings were of this class I asked the President as to why, if this were so, buildings were not provided for them during 1906-1907 and whether the building operations for the current year might be restricted to them. He, however, states that they are experimental schools, that it will be premature to say at this stage whether they will prove successful and that it will be unwise to erect buildings before their success is assured. The scales of establishment proposed for these schools are given below:—

Name of school.		Number of teachers.	
1. Kuttiveri amsam, Kuvveri	...	2 teachers on Rs. 10 and 8.	
2. Eramam amsam, Eramam	...	3 do. "	12, 10 and 8.
3. Sivapuram amsam, Kanhileri	...	3 do. "	12, 10 and 8.
4. Chekkiad amsam, Chekkiad	...	2 do. "	10 and 8.
5. Oachiyam amsam, Oachiyam	...	2 do. "	10 and 8.
6. Payyanur amsam, Kaval Mappilla	...	2 do. "	10 and 8.
7. Madai Pudiangadi do.	...	2 do. "	10 and 8.
8. Malapatnam amsam, Trikkur Mappilla	...	2 do. "	10 and 8.
9. Kuttiadi do.	...	2 do. "	10 and 8.
10. Tiruvangur do.	...	2 do. "	10 and 8.
11. Chatamangalam do.	...	2 do. "	10 and 8.
12. Tiruvali ...	...	2 do. "	10 and 8.

It will be seen that for all these schools an establishment of two or even three teachers is proposed, and this circumstance does not seem to support the statement that their success has not yet been assured.

Nellore.

The proposals may be approved.

The Nilgiris.

As Government would appear to have decided that funds should be allotted for the maintenance of all the schools named in the proposition statement, I have no remarks to offer.

Salem.

In the proposals forwarded to me the President proposed the opening of new schools in 1907-1908 at Vellar and nine other stations, but on my pointing out the inadvisability of opening schools in stations not provided with buildings he has agreed to their elimination from the proposals. It is therefore not necessary to allot funds for the proposed school at Vellar.

Tanjore.

Buildings were under construction during 1905-1906 at the following places, but the proposition statements do not provide for schools at them. I have written to the President for information on the point and am awaiting his reply.

- | | | |
|----------------------|---|---------------------|
| 1. Perambur Panchama | } | Mayavaram taluk. |
| 2. Chandrapadi | | |
| 3. Piradaparamapuram | | Negapatam taluk. |
| 4. Panjotti | | Pattukkottai taluk. |

All the schools shown in the proposition statement for 1907-1908 have been provided with buildings and they may therefore be allowed to stand.

Tinnevelly.

The schools proposed to be opened at Iyankulam and Pandarkulam in the Sermadevi Taluk Board are not included in the proposals forwarded to me, but funds may be allotted for their maintenance as buildings would appear to have been under construction in them during 1906-1907.

Trichinopoly.

The proposition statement for schools started in 1906-1907 may be sanctioned. Funds need not be allotted for new schools proposed for 1907-1908. The President wrote to me that the Trichinopoly Taluk Board proposed to open or take under its management eleven new schools, but that he doubted the expediency of increasing the number of Board schools without buildings until all the existing schools had been properly housed, and I have written to him expressing my concurrence with this view and promising to eliminate the eleven new schools proposed by the Taluk Board from my proposals to Government.

Vizagapalam.

The proposals may be sanctioned.

T. T. LOGAN—24-8-07.

LOCAL AND MUNICIPAL DEPARTMENT.

This may be attached to the main file—after typing extracts relating to each Board on the separate proposals for each Board. Then please revise the draft accordingly. Note Director of Public Instruction's remarks at A. We shall want to know the cost for next year.

H. D. TAYLOR—26-8-07.

Extracts from this note have been typed on separate files relating to each District Board. The result of the Director of Public Instruction's suggestions has been worked out in each of those files. An abstract of the cost according to Director's proposals is submitted below.

Serial number.	Name of district.	For current year.	For future years.
		RS.	RS.
1. Anantapur	...	1,098	1,890
2. Arcot, North	...	9,784	14,607
3. Arcot, South	...	4,978	8,326
4. Bellary	...	4,013	6,509
5. Canara, South	...	1,418	2,838
6. Chingleput	...	5,214	7,140
7. Coimbatore	...	8,292	10,792
8. Cuddapah	...	5,863	7,015
9. Ganjam	...	9,272	11,492
10. Godavari	...	5,502	7,584
11. Guntur	...	4,880	5,810
12. Kistna	...	11,088	15,041
13. Koraput	...	576	1,440
14. Kurnool	...	2,642	3,296
15. Madura	...	6,865	11,755*

20. Tanjore	...	15,667	17,547
21. Tinnevelly	...	7,309	10,611
22. Trichinopoly	...	11,659	13,299
23. Vizagapatam	...	15,642	18,420
		1,47,555	1,95,411

* Rs. 11,179 excluding the cost of six extra schools to be opened in 1908-1909.

The total cost for the current year as revised in connection with the Director of Public Instruction's proposals comes up to Rs. 1,47,555, and the recurring charges for future years will be Rs. 1,95,411* per annum against Rs. 1,53,925 and Rs. 1,99,685, respectively, as entered in the register.

* As far as can be at present foreseen.

C. RAMANUJA CHARI—27-8-07.

It is proposed, with the consent of Financial, to allot Rs. 1,47,555 to Local Boards for the cost of maintenance of new rural schools in 1907-1908. The recurring charge in this connection for future years will not exceed Rs. 2 lakhs. The recurring charge for future years for *revision of establishment* of elementary schools, for which an allotment for the current year of Rupees 1,24,447 was made, is estimated at Rs. 1,86,669. The total recurring liability is thus within Rs. 4 lakhs.

2. The draft is sent to Financial for acceptance.

H. D. TAYLOR—27-8-07.

To the Financial Department.

FINANCIAL DEPARTMENT.

Including the present proposal, the grants so far made to local bodies in the current year from the special grant of six lakhs for primary education, in connection with the revision of establishments in old elementary schools and for the maintenance of new schools under those bodies, aggregate Rs. 2,72,002† in the case of district boards and Rs. 12,845‡ in the case of Municipalities. The recurring liability is estimated at a little less than 4 lakhs per annum for district boards and about 17 lakh § for Municipalities.

ORDER:--

No. 566 dt 29. 8. 07.

A sum of Rs.1,47,555 will be allotted from the provision of five lakhs under "Adjusting heads - Contributions from Provincial to Local" for the payment of grants to District Boards in order to enable them to meet the cost of maintenance in the current year of new rural schools opened in 1906-07 and to be opened in 1907-08.

2. The grant will be distributed as shown below:--

	Rs.
Anantapur	1,098
Arcot, North	9,784
Arcot, South	4,978
Bellary	4,013
Canara, South	1,418
Chingleput	5,214
Coimbatore	8,292
Cuddapah	5,863
Ganjam	9,272
Godavari	5,502
Guntur	4,880
Kistna	11,088
Koraput	576
Kurnool	2,642
Madura	6,865
Malabar	4,997
Nellore	1,876

Carried over	88,358

<i>Brought forward.</i>		Rs.
Nilgiris, The	58,356	1,258
Salem		7,662
Tanjore		15,667
Tinnevely		7,309
Trichinopoly		11,659
Vizagapatam		15,642
Total		1,47,555

3. The Accountant General is authorized to place these amounts at the disposal of the local bodies concerned. These allotments will, however, be provisional, and will be subject to adjustment with reference to the actual cost of the establishments as finally sanctioned.

4. Further orders will issue in the Local and Municipal Department sanctioning the scale of establishments in the new ^{rural} elementary schools under the several Local Boards.
