Madras.

To the Secretary to the Government of Madras,
Educational Department

Sir,

The transfer of the Government Training School Bellary to a non-plague infected area having been recommended by the District Medical and Sanitary Officer on account of the prevalence of plague in the town, I have the honour to request the sanction of Government to the temporary transfer of the school to Madras.

2 The school might without much inconvenience be removed to Anantapur but that place is reported to be infected with cholera of a very severe type. The other alternative places are Kurnool, Nellore and Madras/Panchama Training School/ in all of which there are suitable Government School buildings and the articles of furniture required for temporary use. But the transfer of the school to Madras is recommended by the Inspector of European and Training Schools on grounds of economy as it is the least expensive as regards travelling allowance to teachers

and students.

3 As it is reported by the Inspector that the students are afraid to live in the town I have permitted the removal of the school to Madras in anticipation of the sanction of Government. For a precedent attention is invited to G.O. No. 161 Mis. Educational dated 21st March 1907.

I have the honour to be,

S i r ,

Your most obedient servant,

C. Krishnaswami

*Though the travelling allowance of the students
to Madras is less than to Bellary, yet the
expense of living in Madras, to the students
themselves, is probably much higher than
it would be in Bellary. - apart from the
question of the possibility of infection being
brought from Bellary to Madras. I do not
think that the D.P.I. should have moved
the school without first obtaining the
sanction of Govt. However the transfer
has been effected & cannot be helped -
but I should not wonder if claims for
enhanced stipends are put forward.
Bellary would have been a most healthy
centre, I think.*

*Definitely not: the
sh. be held so*

*I think we should
have the policy
written on account*
