Sir,

In enclosing an application for a grant from Provincial Funds under article 57(1) of the Grant-in-aid Code, we have the honour to request you will be pleased to forward it with your strong recommendation.

2. The Madras Educational Exhibition Committee is making all the necessary arrangements so that the Exhibition may be of a highly educative value. This coupled with the fact that this is the first time that an exhibition of this sort has ever been arranged has raised the expenditure to some extent.

3. Accurate accounts are being kept and they may at any time be inspected by you.

4. A little over Rs. 200 has already been assured in the shape of subscriptions and the Committee believe that they would very easily get the remaining Rs. 100 at no distant date.

SIR,
MADAM,

It is proposed to hold an Educational Exhibition in Madras about the close of August 1907. A representative committee has been formed to make all the necessary arrangements. It has been resolved to open the exhibition to all the schools for general education in the Madras Presidency and the exhibits will chiefly be the **bona-fide** work of teachers and pupils.

The usefulness of an *educational exhibition*, like the one proposed, cannot be too strongly emphasised. The gathering up, in a central place, of the best work of the teachers and pupils is sure to be of an immense educational value to all who attend the exhibition. It would inspire teachers with fresh ideas and stimulate them to work in new paths of teaching. Even to the more gifted, the exhibition cannot fail to act as an incentive in furthering their ingenuity and developing their latent powers. Manual training is one of the chief essentials for a sound system of early education and nothing helps to train the hands and the eyes so well as an *educational exhibition*.

The success of the proposed exhibition cannot but depend largely on the *funds* that the committee may be able to raise. Besides defraying the charges incidental to an undertaking like this, the committee believe that the benefits likely to accrue from the exhibition cannot be fully realised unless due encouragement, by way of *prizes* and *medals*, is given to the best exhibitors. We, therefore, appeal to you for your generous help and request you will be pleased to co-operate with us in making the exhibition a success.

It is requested that subscriptions may be sent to the Treasurer, Principal, T. T. V. High School, Mint Street, Madras.

We remain,
SIR,
MADAM,
Yours faithfully,
M. Subrahmanyam,
G. Manicka Chetty,
Honorary Secretaries.

I do not recollect to have seen officially any papers on the subject of the Madras Educational Exhibition or of a fund for the same. Please put up any papers that there are on the subject.

Submitted that there are no papers in the office on the subject. From Mr. Mayhew's letter it appears that his idea seems to be to apply for aid after the Exhibition is over, if the charges referred to could not be met by further subscription.

2. Under Article 57(E) of the Grant in aid Code, grants not exceeding one half of the total cost may be given for "needlework or other art and industrial exhibitions," and under Article 60 of the same Code, grants not exceeding Rs 200 may be sanctioned by the S.P.S. without reference to Govt. From the last page of Mr. Mayhew's letter, it appears that a grant of ^{only} Rs 200 is anticipated from Govt.; and this can be sanctioned by the S.P.S. under Article 60 of the Grant in aid Code, on the application of the Exhibition Committee.

My dear Taylor,

With reference to your

for your information, copies of the

exhibits sent by the Assistant

Educational Exhibition and a copy of
my letter to Logan on the subject.

To- The Hon'ble Mr.T.T. Logan,

Ag. Director of Public Instruction.

Dated- Camp, Tirupati, _____

With reference to the two letters herewith enclosed for your ~~information~~ reference I feel it necessary to make the following remarks. In May last I wrote an informal letter to a friend of mine in the Board of Education Office at Whitehall asking him whether he could help me in the educational exhibition by getting some English exhibits sent over. He handed over my letter to the Director of Special Reports and Enquiries, with whom I have since been in correspondence. I have never in any way during the correspondence suggested that I was acting under direct or indirect orders from the Madras Government, but have always written as President of and on behalf of the Exhibition Committee. The original letter to my friend in the Education Office was written on D.O. paper of the office of Director of Public Instruction. So far as I can remember I think that in the same letter I mentioned to my friend that I was acting as Deputy Director of Public Instruction. These two facts probably account for the misunderstanding (i) that this loan exhibit from England has been asked for by the Government and (ii) that the request was made by the Deputy Director of Public Instruction. Probably by this time they have found out their mistake in England as in further correspondence on the point I have been careful to sign as "Inspector of Schools and President of the Exhibition Committee". But I have thought it best to write this to you- since the Governor may otherwise be rather puzzled by the letter sent to him by Sir Arthur Godley (copy of which is enclosed). With regard to the suggestion made in that letter concerning cost of carriage- when this loan exhibit was first offered to us I accepted on behalf of the Exhibition Committee all responsibility for cost of carriage- since I felt that the offer

Madras Educational Exhibition.

With reference to the interview which you were good enough to give me on the above subject perhaps I may ask your help in the following circumstances:-

The Madras Government asked for the co-operation of the English Board of Education in forming an educational exhibition, illustrative of all phases of English school life; and consisting of photographs, objects for nature study, specimens of curricula, graduated and classified specimens of pupils' work diagrams, natural history diaries, statistics and drawings together with objects made and modelled by pupils and teachers. This Exhibition is intended to be a sort of parallel to that sent us by the Government of Japan to illustrate Baron Kikuchi's lectures which are at present going on; an Exhibition which is now at South Kensington; and I am also asked to arrange for an educational Exhibition of the same nature in Tokio. To the Tokio Exhibition many of the objects sent to Madras may in fact subsequently be forwarded.

For the Madras Exhibition, accordingly, invitations have been sent out by us to various important educational bodies in this country and first rate exhibits are promised by the Surrey County Council, the London County-Council, the Liverpool County Council and various others including a nature study section of considerable size.

As the tin-lined packing cases have not yet arrived intended for this Exhibition I am unable to state the exact number and weight of the cases but they will be despatched by the P & O steamer "Persia" leaving London on June 28th and reaching Bombay on July 19th. I have reserved room for these packing cases on the steamer.

With reference to your letter to Glyn, dated the 8th July, regarding the expense of transit across India from Bombay to Madras of various packages of exhibits sent by the Assistant Director of Special Inquiries and Reports to Mayhew for the Madras Educational Exhibition, I am desired by His Excellency to say that if the cost cannot be met from the funds at the disposal of the Educational Committee, the Committee may apply officially, through you, for a special grant to meet the cost, or so much of it as cannot be met by the Committee.

In forwarding the application you should indicate the source in your Budget from which the expenditure may be met. You must not understand from this letter that any grant is actually promised. I understand from Taylor that the Government have as yet received no official intimation of the holding of the Exhibition.

I return Mayhew's letter to you and its enclosures.
