Directing that the Government of India be addressed on the subject of the inclusion in the cadre of the — of the post of Assistant to the Professor of Hygiene and Bacteriology at the Medical College, Madras.

## GOVERNMENT OF MADRAS.

## EDUCATIONAL DEPARTMENT.

Read—the following papers:—

## I

Letter—from the Hon'ble Mr. T. T. LOGAN, B.A., Acting Director of Public Instruction.

To—the Secretary to Government, Educational Department.

Dated—Madras, the 17th April 1907.

No.—Ref. on Cur. No. 863.

Dr. Chandrasekar was first appointed Assistant Professor of Hygiene in the Medical College in July 1895 on a salary of Rs. 100—10—150 which was raised in 1900 to Rs. 100—10—200. Subsequently, bacteriological work was added to the duties of his appointment and in consideration of their thus having become more arduous, proposals were made for the inclusion of the appointment in the Provincial service.

The late Mr. Stuart, however, was of opinion that the inclusion of appointments of a special nature like this in the Provincial service was not desirable because, while the higher salaries of this service were on the one hand too high for these special men, they only served on the other to block the promotion of the regular members of that service who might become either Inspectors of Schools or Professors in first-grade colleges. The Surgeon-General who had been consulted, recommended a salary of Rs. 200—400 as an alternative measure. But Mr. Stuart thought that for the present a salary of Rs. 200—300 was sufficient and accordingly made his recommendation to Government which was sanctioned in G.O., No. 98, Educational, dated 4th March 1903.

Dr. Chandrasekar has now nearly reached his maximum salary under this scale and renews his original request to be included in the cadre of the Provincial service. But the objections which were raised to this measure in the first instance do still exist; and the present policy of Government seems to be to even take out existing appointments of this nature from the regular Educational service and fill them with officers brought on deputation from the departments concerned.

Dr. Chandrasekar's case requires, however, special consideration. His appointment is of a purely educational nature and he has all along been in the Educational Department. He is not a Commissioned Medical officer and in the Medical Department, I believe, there is no post for him, his present salary being higher than the maximum salary, viz., Rs. 200, of an Assistant Surgeon. The Principal, moreover, says: "Anything, however, that would tend to make us lose his services at this college is to be deprecated. It would be hard to get a man of his scientific attainments among local graduates and it would take years to train a new man up to Dr. Chandrasekar's standard of usefulness". This opinion is supported by the Surgeon-General who says—

"If it is possible to accede to Dr. Chandrasekar's desire to be appointed to the Provincial Educational service, I strongly recommend its being done, as there can be no doubt as to the excellence of his work and the desirability of holding out all possible inducement to him to continue in the service of Government in the Educational line he is now pursuing".

I have the honour in these circumstances to represent the situation to Government and to recommend that the appointment be either included in the Provincial service or that its pay be raised from Rs. 200—20—300 to Rs. 200—20—400. Dr. Chandrasekar is also a graduate in chemistry and may be absorbed, if it comes to it, in the regular Provincial service.

On receipt of the orders of Government on the proposal, the necessary proposition statement will be submitted to Government through the Accountant-General.

## II

## Memorandum No. 917-1, Educational, dated 20th May 1907.

The Director of Public Instruction will be requested to submit to Government a proposition statement giving effect to his proposal to add to the cadre of the Provincial Educational service the post of Assistant to the Professor of Hygiene and Bacteriology at the Medical College.

H. D. TAYLOR,  
Ag. Secretary to Government.

To the Director of Public Instruction.

## III

Letter—from the Hon'ble Mr. T. T. LOGAN, B.A., Acting Director of Public Instruction.

To—the Secretary to Government, Educational Department (through the Accountant General).

Dated—Madras, the 6th August 1907.

No.—Ref. on Cur. No. 863.

With reference to Memorandum No. 917-1, dated 20th May 1907, calling for a proposition statement giving effect to my proposal to add to the cadre of the Provincial Educational service the post of Assistant to the Professor of Hygiene and Bacteriology at the Medical College, I have the honour to submit two proposition statements, one proposing a new appointment on Rs. 300—the pay on which the Assistant Professor will have to be drafted, his present pay being Rs. 280—in the Provincial Educational service and another eliminating the post from the sanctioned staff of the Medical College.

ENCLOSURES.  
Statement of proposition for revision of establishment.

| Order sanctioning present establishment of Madras, Educational Department. |                    | Office to which the proposition refers. |         | Present scale.                                                                                                                                                                                                                |            |          |                                                                                        | Proposed scale. |         |                                                                                                                                                                                                                               |            | Nature of charge. |                                                                                        | Proposition. |                     | Grounds of proposition. |            |                                                                                          |

STATEMENT of proposition for revision of establishment.

[illegible]

## IV

*Letter*—from W. DOBBIE, Esq., Accountant-General, Madras.  
*To*—the Secretary to Government, Educational Department.  
*Dated*—the 15th August 1907.  
*No.*—G. A. 825/6413.

In forwarding the enclosed proposition statement received with letter No. 863, dated 6th August 1907, from the Acting Director of Public Instruction, I have the honour to state that the entries in the column "Present scale" have been compared with the registers of this office and are correct with the exception of certain items altered in red ink.

2. The proposal will require the sanction of the Government of India.

**Order—No. 621, Educational, dated 18th September 1907.**

The Government of India will be addressed.

[Here enter letter No. 622, Educational, dated 18th September 1907.]

(True Extract.)

H. D. TAYLOR,  
*Ag. Secretary to Government.*

## GOVERNMENT OF MADRAS.

## EDUCATIONAL DEPARTMENT.

No. 622.

From

H. D. TAYLOR, Esq., I.C.S.,

Acting Secretary to the Government of Madras,

Educational Department,

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,

HOME DEPARTMENT.

*Dated Ootacamund, the 18th September 1907.*

SIR,

I am directed to address the Government of India on the subject of the inclusion in the cadre of the Provincial Educational Service of the post of Assistant to the Professor of Hygiene and Bacteriology at the Medical College, Madras.

2. The post of Assistant to the Professor of Hygiene and Bacteriology, unlike the other Assistant Professorships at the Medical College, is purely an educational post and is held by a Graduate in Medicine unconnected with the Medical Department. This distinction was made advisedly when the appointment was created, with the view of securing and retaining a graduate of high and special attainments who, being free from liability to transfer, would give the College the full benefit of his knowledge and experience for a number of years.

3. The pay of the appointment was Rs. 100—10—200. In 1902 the occupant of the post requested that the appointment might be included in the cadre of the Provincial Educational Service, but the Government were not then disposed to grant the request and recommended that the pay of the post be raised to Rs. 200—20—300. The recommendation was sanctioned by the Government of India in Mr. Marris's letter No. 234, Medical, dated 24th February 1903.

4. The Principal of the College, the Surgeon-General and the Director of Public Instruction are now, however, agreed that the post should be formally and finally included in the Provincial Educational Service; and the Government are of the same opinion. The objections raised in 1902 to the proposal, as urged by the then Director of Public Instruction, were chiefly based on the supposition that the officers in the Provincial Educational Service were men possessing much the same kind of attainments either as teachers or inspectors. The service as at present constituted, however, includes such specialists as teachers of art, professors of engineering, of biology, geology, physics, chemistry, etc., all of whom will be kept to their own special line, and will not ordinarily during their service be sent out as Inspectors of Schools or Principals of Colleges. There appears therefore to be no sufficient reason why an

appointment which is held by a specialist of the highly scientific subject of Bacteriology should not be included in the cadre of the Provincial Educational Service. The Governor in Council is strongly in favour of this being done and of continuing the appointment as a purely educational one.

5. I am therefore to request that the Government of India will be pleased to sanction the inclusion of the post in the Provincial Educational Service and to increase the number of appointments in the seventh grade of the service (Rs. 300) from five to six. The necessary proposition statements are enclosed.

I have the honour to be,

Sir,

Your most obedient servant,

H. D. TAYLOR,

Ag. Secretary to Government.

EDUCATIONAL DEPARTMENT.

NOTES CONNECTED WITH G.O., Nos. 621, 622, EDUCATIONAL,  
DATED 18TH SEPTEMBER 1907.

[SUBJECT.—*Inclusion of the post of the Assistant to the Professor of Hygiene and Bacteriology, Medical College, in the Provincial Educational service..*]

*From the Director of Public Instruction, dated 17th April 1907, No. 863.*

The Director of Public Instruction recommends that the appointment of Assistant to the Professor of Hygiene and Bacteriology, Medical College, be either included in the Provincial Educational service or that its pay be raised from Rs. 200—20—300 to Rs. 200—20—400.

2. The pay of the appointment originally was Rs. 100—10—150; this was raised to Rs. 100—10—200 in 1900—*vide* G.O., No. 102, Educational, dated 3rd March 1900. Subsequently in consideration of the duties of the appointment having become more arduous by the addition of bacteriological work, the pay was raised to Rupees 200—20—300—*vide* G.O., No. 98, Educational, dated 4th March 1903.

3. On the last occasion, that is, in 1902, when Mr. Chandrasekar, Assistant to the Professor of Hygiene and Bacteriology, applied for the grant of a teaching allowance of Rs. 100 like that granted to the other Assistants at the Medical College or for the inclusion of his appointment in the Provincial Educational Service, the Surgeon-General, who was consulted in the matter, recommended the raising of the pay to Rs. 200—20—400, but Mr. Stuart, the then Director of Public Instruction, thought that *for the time* the pay need not be more than Rs. 200—20—300—*vide* Mr. Stuart's letter No. 1383, dated 24th June 1902, on page 5 of G.O., No. 98, Educational, dated 4th March 1903. As to the inclusion of the appointment in the Provincial Educational service, Mr. Stuart was not in favour of it. His objections to

\* They might have been succinctly summarised. such inclusion will be found stated in his \*  
G. S. F[ORBES]. letter No. 1383, dated 2nd August 1902, on pages 6 and 7 of G.O., No. 98, Educational, dated 4th March 1903.

4. The Hon'ble Mr. Logan states that the objections raised by Mr. Stuart to the inclusion of the appointment in the Provincial Educational service still exist and that the present policy of the Government seems to be to take out from the Provincial service similar appointments requiring technical qualifications. He, however, considers that the present incumbent of the post, Dr. Chandrasekar, who is also a graduate in Chemistry, may be absorbed, if it comes to it, in the Provincial Service.

5. The Director states that Dr. Chandrasekar's case requires special consideration, as his appointment is a purely educational one and is in the Educational Department.

G. S. F[ORBES].

But his pay is fixed on a progressive scale.

H. D. TAYLOR.

Dr. Chandrasekar is not in the Medical Department nor is he a commissioned Medical officer; he cannot therefore expect to get any promotion in the Medical Department.

The pay of the post is Rs. 200—20—300, value Rs. 266 $\frac{2}{3}$  and it is proposed to include it in the Rs. 300 grade of the Provincial Educational service. The present incumbent is drawing Rs. 280. The grades of the Provincial Educational service stand at present—

|          |    |    |    |     |     |          |    |    |    |     |     |
|----------|----|----|----|-----|-----|----------|----|----|----|-----|-----|
| Three on | .. | .. | .. | RS. | 700 | Four on  | .. | .. | .. | RS. | 350 |
| Do.      | .. | .. | .. | 600 |     | Five on  | .. | .. | .. | 300 |     |
| Do.      | .. | .. | .. | 500 |     | Six on   | .. | .. | .. | 250 |     |
| Do.      | .. | .. | .. | 450 |     | Eight on | .. | .. | .. | 200 |     |
| Four on  | .. | .. | .. | 400 |     |          |    |    |    |     |     |

An addition of another appointment to the Rs. 250 grade (in that case Dr. Chandrasekar would be granted a personal allowance of Rs. 30 until absorbed in the Rs. 300 grade) would be inadvisable from a grading point of view and it seems to be best, on the whole, to add to the Rs. 300 grade.

C. M. SCHMIDT—9-9-07.

Submitted that an appointment on 300 may be added if the Government of India agree.

H. BRADLEY—12-9-07.

I hardly like the arrangement but I shall not object.

G. S. [TOKES]—13-9-07.

Issue.

H. BRADLEY—14-9-07.

To the Educational Department.

EDUCATIONAL DEPARTMENT.

For approval of draft.

H. D. TAYLOR—16-9-07.

I am not putting the proposal on the ground that a particular individual desires the post to be included in the Provincial service. That is a mere detail. It is on general grounds of course that we put forward the proposal. Paragraph 4 of the draft must therefore be slightly altered : but this is not material.

G. S. F[ORBES]—17-9-07.

Issue under tour circulation (to be shown to His Excellency on return).

H. D. TAYLOR—18-9-07.

### Subject.

Recommending that in the circumstances explained the appointment of Dr. Chandrasekar, Assistant Professor of Hygiene and Bacteriology in the Madras Medical College, may either be included in the cadre of Provincial Educational service or that his salary may be raised from Rs 200-20-300 to Rs 200-20-400.

Station Madras, Dated the 17<sup>th</sup> April 1907

From (Name) The Hon'ble Mr. T.T. Logan, B.A.,

(Designation) Ag: Director of Public Instruction,

To The Secretary to the Government of Madras, Educational Department.

Sir,

Dr. Chandrasekar was first appointed Assistant Professor of Hygiene in the Medical College in July 1895 on a salary of Rs 100-10-150 which was raised in 1900 to Rs 100-10-200. Subsequently bacteriological work was added to the duties of his appointment and in consideration of their thus having become more arduous proposals were made for the inclusion of the appointment in the Provincial Service.

The late Mr. Stuart, however, was of opinion that the inclusion of appointments of a special nature like this in the Provincial Service was not desirable because, while the higher salaries of this service were on the one hand too high for these special men, they only served on the other to block the promotion of the regular members of that service who might become either Inspectors of Schools or Professors in first grade colleges. The Surgeon-General who had been consulted recommended a salary

2  
2P  
of Rs 200-400 as an alternative measure. But Mr. Stuart thought that for the present a salary of Rs 200-300 was sufficient and accordingly made his recommendation to Government which was sanctioned in G.O. No. 98 Educational dated 4th March 1903.

R Dr. Chandrasekar has now nearly reached his maximum salary under this scale and renews his original request to be included in the cadre of the Provincial service. But the objections which were raised to this measure in the first instance do still exist; and the present policy of Government seems to be to even take out existing appointments of this nature from the regular Educational service and fill them with officers brought on deputation from the departments concerned.

Dr. Chandrasekar's case requires, however, special consideration. His appointment is of a purely educational nature and he has all along been in the Educational department. He is not a commissioned medical officer and in the Medical department, I believe, there is no post for him, his present salary being higher than the maximum salary viz., Rs 200/- of an assistant surgeon. The Principal, moreover, says: "Anything, however, that would tend to make us lose his services at this college is to be deprecated. It would be hard to get a man of his scientific attainments among local graduates and it would take years to train a new man up to Dr. Chandrasekar's standard of usefulness". This opinion is supported by the Surgeon-General who says: -

"If it is possible to accede to Dr. Chandrasekar's desire to be appointed to the Provincial Educational service, I strongly recommend its being done, as there can be no doubt as to the excellence of his work and the desirability of holding out all possible inducement to him to continue in the service of Government in the Educational line he is now pursuing".

I have the honour in these circumstances to represent the situation to Government and to recommend that the appointment be either included in the Provincial service or that its pay be raised from Rs 200-20-300 to Rs 200-20-400. Dr. Chandrasekar is also a graduate in Chemistry and may be absorbed, if it comes to it, in the regular Provincial service.

On receipt of the orders of Government on the

3 12 38  
proposal the necessary proposition statement will be submitted to  
Government through the Accountant-General.

I have the honour to be,

S i r ,

Your most obedient servant,

No. CA 825-6413

Station Madras, Dated the 15 August 1907.

From (Name) W. Dobbie Esq.,

(Designation) Accountant-General.

To the Secretary to the Government of Madras, Educational Department.

Sir,

In forwarding the enclosed Proposition Statement received with letter No. 863, dated 6th August 1907, from the Acting Director of Public Instruction, I have the honour to state that the entries in the column "Present Scale" have been compared with the Registers of this office and are correct with the exception of certain items altered in red ink.

2. The proposal will require the sanction of the Government of India.

I have the honour to be,

Sir,

Your most obedient servant,

W. Dobbie

Accountant-General.

3 3 3 } 2 16-2 4 3 4 To 4 2 16-2 4 3 4  
6th August 1907.

The Secretary to Government, Educational Department through the Accountant-General, with reference dated the 23rd September 1878

C. No.917, from the Director of Public Instruction, No.863, dated 17-4-07.

Subject.

Pay of the Assistant to the Professor  
of Hygiene and Bacteriology, Medical College.

The Director of Public Instruction recommends that the appointment of Assistant to the Professor of Hygiene and Bacteriology, Medical College, be either included in the Provincial Educational Service or that its pay be raised from Rs.200-20-500 to Rs.200-20-400.

2. The pay of the appointment originally was Rs.100-10-150; this was raised to Rs.100-10-200 in 1900 - vide G.O. No.102, Ed1, dated 3rd March 1900. Subsequently in consideration of the duties of the appointment having become more arduous by the addition of bacteriological work the pay was raised to Rs.200-20-300 - vide G.O. No.98, Ed1., dated 4th March 1903.

3. On the last occasion, that is, in 1902, when Mr. Chandrasekar, Assistant to the Professor of Hygiene and Bacteriology, applied for the grant of a teaching allowance of Rs.100 like that granted to the other Assistants at the Medical College or for the inclusion of his appointment in the Provincial Educational Service, the Surgeon General, who was consulted in the matter, recommended the raising of the pay to Rs.200-20-400 but Mr. Stuart the then Director of Public Instruction, thought

that

that for the time the pay need not be more than Rs.200-20-300 - vide Mr. Stuart's letter No.1385, dated 24th June 1902, on page 5 of G.O. No.93, Edl., dated 4th March 1903. As to the inclusion of the appointment in the Provincial Educational Service, Mr. Stuart was ~~not~~ not in favour of it. His objections to such inclusion will be found stated in his letter No.1385, dated 2nd August 1902, on pages 6 and 7 of G.O. No.93, Edl., dated 4th March 1903.

4. The Hon'ble Mr. Logan states that the objections raised by Mr. Stuart to the inclusion of the appointment in the Provincial Educational Service still exist and that the present policy of the Government seems to be to take out from the Provincial Service similar appointments requiring technical qualifications. He however considers that the present incumbent of the post, Dr.Chandrasekar, who is also a graduate in Chemistry, may be absorbed, if it comes to it, in the Provincial Service.

5. The Director states that Dr. Chandrasekar's case requires special consideration, as his appointment is a purely educational one and is in the Educational Department. Dr. Chandrasekar is not in the Medical Department nor is he a Commissioned Medical Officer; he cannot therefore expect to get any promotion in the Medical Department.

6. The Principal of the Medical College, it appears, says that "anything, however, that would tend to make us lose his (Dr. Chandrasekar's) services at this College is to be deprecated. It would be hard to get a man of his scientific

attainments

*They might have been  
succinctly summarised  
8/7*

*P. 2 of C. b.*

*P. 2 of C. b.  
last para.*

*P. 2 of C. b.*

*But his pay is fixed on  
a progressive scale  
1/10*

*P. 2 of C. b.*

"attainments among local graduates and it would  
"make years to train a new man up to Dr. Chandra-  
"sekar's standard of usefulness."

The Director states that this opinion of the  
Principal is supported by the Surgeon General who  
says:--

"If it is possible to accede to Dr. Chandra-  
"sekar's desire to be appointed to the Provincial  
"Educational Service, I strongly recommend its being  
"done, as there can be no doubt as to the excellence  
"of his work and the desirability of holding out all  
"possible inducement to him to continue in the ser-  
"vice of Government in the Educational line he is  
"now pursuing."

7. It is for consideration whether the proposal  
of the Director of Public Instruction may be accepted  
and if so, which - the inclusion of the appointment  
in the Provincial Service or the raising of the pay  
to Rs. 200-20-400. The sanction of the Government  
of India is necessary to both the proposals - vide  
Article 76 of the Civil Service Regulations.

Cst  
6.5.07

It is not possible to go on raising the  
Chandra Sekar's salary for ever. I do not  
see that the position has in any way  
changed since March 1903 when the salary  
of the post was raised to its present scale  
Rs 200-20-300. The only reason given for  
a further increase is, so far as I can see,

that "D. Chennasellam has now nearly reached the maximum of his salary".

The request for a further enhancement next, if it is submitted, he is allowed.

2. As to the inclusion of the post in the Provincial S.D. service there are difficulties. The post might always be held by a person who holds no post, whether an Asst. Surgeon or otherwise in the Medical service - and the present pay of the post should be sufficiently attractive to an outsider.

If a new post is to be created in the Prov. S.D. service it would have to be in the 7<sup>th</sup> grade (Rs 300) in order to avoid of the ~~adverse~~ inclusion of D. Chennasellam in those in which to finish members of that service.

The Asst. Professorship of Hygiene & Bacteriology must be held by a specialist (Cf S.S.'s memd.)

R 2/5/02 d.p. 6, to go to 4/3/03.

It is not a medical appointment. The other Asst. Professorships (surgery &c) are held by Asst. Surgeons who get grade promotion. Dr. Chandra Sekar is not an Asst. Surgeon.

I am entirely in favour of making the appt. an appt. in the Educatl. Dpt.

Para 6-7 of G.O. 98 dated 24.3.03.  
R

Mr. Stuart's reasons, as given in his letter of 2 Aug 1902 seem out of date in so far as they are founded on the supposition that the officers in the Prov. Ed. service are men possessing much the same kind of attainments either as teachers or inspectors. The Prov. Ed. service now contains as the Indian Ed. Service specialists - teachers of art, professors of engineering, of biology, physics &c &c - all of whom will be kept to their own proper line during their

note 64-223rd. 87  
189-07.  
J. A. M.

6 24 6 P

service & sent out as  
Inspectors of schools or  
Principals of colleges.

Now is there any reason  
whatever why ~~each~~ a specialist  
should not rise to the top of  
the Provincial Service, if apt  
there to. Mr. Stuart in the letter  
quoted would limit the grade to  
which such specialist should rise.  
Prof. Jones<sup>(Physics)</sup> & Prof. Wilson (Chemistry) he  
have risen to the highest grade  
Why should a professor in the  
Provincial Service! Moreover on  
the merits it is absurd to  
argue that a professor of  
the highly scientific subject of  
Bacteriology should not rise  
to the modest sum of \$700  
at the end of his service when  
we ~~can~~ look at the many  
poor creatures who rise to the  
highest grades in that service  
purely by seniority.

I am therefore decidedly  
in favour of adding the Asst  
Professorship to the Provincial career

The two appointments which H. M. refers  
to are apparently

- (1) the post of first assistant in the College of Agr.
- (2) the post of Asstt. Supdt. School of Arts.

In the place of these two appointments the following  
two appointments have been transferred from the  
Subordinate to the Provincial Educational  
Service :-

- (1) Lecturer on Geology in the Presidency Coll.
